Narrative

Purpose: This contract is to provide the necessary labor and materials associated with the construction of the third phase of Improvements to the Electrical Distribution System at the Bay Park STP. The project will include construction of a new hurricane hardened Main Substation which will include six (6) 1.25 MW each of auxiliary generators along with electrical ductbanks for medium and low voltage power cables, and removal and de-energized of old electrical ducts.

Discussion: As a result of Hurricane Sandy's damage to the electrical distribution system as well as the age of the system, reliable power distribution has been hindered to major plant equipment. Accordingly, this contract will repair damage from Sandy and replace electrical equipment that has reached the end of its useful life and protect the plant from future loss of power through the new auxiliary diesel power generators. The new system will be a hurricane hardened design.

Impact on Funding: The contract provides for the expenditure of $97,447,200. Funding will be provided through an existing Capital Project No.: 35123. The project will be reimbursed through HUD Funding. Bids were opened on April 21, 2015 and BSRJ a Tri-Venture. was accepted as the lowest responsible bidder.

Recommendation: It is recommended that this contract be approved as submitted.

BID ANALYSIS AND AWARD RECOMMENDATION

Date:

Contacts:

Dear Mr. Davenport:

Four bids were received on April 21, 2015 for the referenced Phase E3 contract at Bay Park STP. The Hazen and Sawyer / Arcadis JV analyzed the corresponding documents provided by the County (Proposal pages, Disclosure Statements) and conducted appropriate research of the apparent low bidder for the Contract, BSRJ A TV. This tri-venture among Bana Electric Corp. [BEC], Peter Scalamandre & Sons, Inc. [PSSI], and R.J. Industries, Inc. [RJII]) is the contractor on the Phase E1 project. The tri-venture's Employee Identification Number as assigned by the Internal Revenue Service is EIN 46-4772318.

Following is the summary of the analysis, reference checks, financial review, and award recommendation.

Summary

The bids received are tabulated below.

No.	Bidder	Amount
1	BSRJ A TV	$97,447,200
2	Picone-Skanska Bay Park	$108,621,000
3	Posillico Civil, Inc.	$127,287,350
4	Grace Industries LLC	$163,552,160
-	*Average Bid*	*$124,226,928*
-	Base Engineer's Estimate	$137,257,900
-	Market Adjusted Engineer's Estimate	$120,010,300

BSRJ's apparent low bid is 19 percent below the Market Adjusted Engineer's Estimate (MAEE) and 22 percent less than the Average Bid. If bidding, the MAEE would have been the 3rd lowest bid; the MAEE is 3 percent lower than the average bid.

Tabulations of the bids including individual lump sum, allowance, and unit price bid items, and bid analytics are attached.

Major Equipment Items

BSRJ's proposed major equipment items as reflected on Proposal page P-21 are mostly consistent with the specified manufacturers. In all cases, where BSRJ lists one or more manufacturers, "or equal" is also noted.

References

Similar to the documentation submitted for Phase E1, Qualification Statements submitted by BSRJ with the Phase E3 bid for BEC and RJII did not reflect negative information regarding failure to complete work awarded, contract default, non-responsive bidding, and debarment. PSSI documented its involvement as a joint venture that was found to be not the lowest responsible bidder on a NYSDOT project in 2001; since then the firm has bid on and received NYSDOT projects. Also, PSSI documented its debarment from bidding and being awarded federally funded projects for a three year period that ended in 2005; PSSI noted it is eligible to bid on and receive federally funded projects.

Years in business under present business names as prime and subcontractor, as provided by the three contractors, are tabulated as follows:

Firm	Years in Business		
	Total	As Prime	As Sub
Bana Electric Corp.	58	58	58
Peter Scalamandre & Sons, Inc.	58	58	58
R.J. Industries, Inc.	17	7	17

The Hazen and Sawyer / Arcadis JV reviewed the Qualification Statement provided by BSRJ for each of the three entities comprising the BSRJ tri-venture as part of the evaluation of Bay Park Phase E1 bids in 2014. The review targeted the firms' present and past work experience as it relates to the type, size, and scope of work for the Bay Park STP Phase E3 project. As the Joint Venture and County are familiar with BSRJ due to the ongoing Odor Control and Phase E1 work at the plant, references were not contacted as part of this Phase E3 award recommendation process. The findings from the Phase E1 reference checks are presented below.

Bana Electric Corp.

BEC's website (banaelectric.com) reflects that it is a family-owned, Farmingdale, NY based electrical contracting business. The three references contacted on 2/11-2/12/14 ($3.5M Nassau County Correctional Center Lighting and Service Upgrade, $13.7M Roosevelt Field Mall Renovation, and $2.5M Astellas Pharmaceutical Lab Renovation) generally characterized the firm as qualified, diversified, professional, cooperative, and stable. The references regarded the firm as self-performers and the firm's work as good quality. A fourth reference, contacted specifically for insight into

another contractor, described BEC in passing as forward thinking, dynamic, and talented based on its project experience (Yaphank power plant) with the contractor.

Peter Scalamandre & Sons, Inc.

The website for Scalamandre Contracting (scalamandreconstruction.com) reflects that PSSI is a civil contractor engaged in civil, structural, and architectural construction, with specialization in roadway construction, power plants, residential, commercial, office buildings, correctional facilities, sewage treatment plants, chemical, pharmaceutical, industrial, and renovations. The two references contacted on 2/11-2/12/14 ($8.1M JFK Airport, $19.1M Bellport power plant, $33.1M Hicksville parking garage, $17.2M Bethpage ice rink) generally characterized the firm as solutions oriented, an excellent performer with talented managers and crews. The absence of subcontractor issues was specifically attributed to their being largely self-performers with in-house trucking and concrete capabilities. A third reference ($5.1M Town of N. Hempstead Mill Pond) expressed satisfaction with PSSI's performance.

One of the above references spoke of successful collaboration between PSSI and BEC on the two Town of Oyster Bay projects: Hicksville parking garage and Bethpage ice rink.

R.J. Industries

RJ Industries, Inc. website (rjindustriesny.com) reflects that it is a Plainview, NY based contractor that specializes in wastewater treatment plant construction and other general mechanical projects related to the infrastructure of municipalities in Long island and New York City. The two references contacted on 2/11-2/12/14 ($20M Bergen Point WWTP upgrades and the $44.6M Great Neck WWTP) generally characterized the firm as responsive and flexible, with qualified mechanical staff, carpenters, laborers, etc. to accomplish typical treatment plant work. Both references described the firm as reasonable, active participants regarding resolution of field conditions and continued performers of work prior to execution of change orders. One of the references did note liens placed by subs/suppliers due to late payment, but these were addressed by RJII in a timely fashion.

Financials

A Dun and Bradstreet (D&B) Risk Management report for each of the three entities comprising the BSRJ A TV tri-venture was obtained and reviewed. These documents, attached, reflect the following as of the reporting date, 4/22/15.

D&B Item	BEC	PSSI	RJII	Comment
Paydex	76	75	70	Paying 2 days (BEC), 6 days (RJII), 14 days (PSSI) beyond terms
Commercial Credit Score Percentile	78	92	9	Low to Moderate (BEC), Moderate (RJII), High (PSSI) risk of severe payment delinquency
Financial Stress Score National Percentile	74	32	8	Low to Moderate (BEC), Moderate to High (PSSI, RJI) risk of severe financial stress
Viability Rating	6-8-B-G	3-3-B-G	5-7-B-I	See discussion below
Bankruptcy Found	No	No	No	-
D&B Rating	1R2	1R3	1R3	1R indicates 10 or more employees; credit appraisal fair (PSSI, RJII) to good (BEC)
No. of Employees	60	400	20	-

The D&B Viability Rating uses D&B's proprietary analytics to compare predictive business risk indicators and assess the probability that a company will go out of business, become dormant/inactive, or file for bankruptcy within the next 12 months. The first value is a Viability Score, based on a scale of 1-9 with lower values representing lower risk, which assesses the probability that a company will no longer be in business, within the next 12 months, compared to all U.S. businesses within the D&B database. The second, also on a 1-9 scale, is a Portfolio Comparison which assesses the viability of a company compared to similar businesses. These scores for Bana reflect 11-13% probability of the firm becoming no longer viable within the next 12 months; for Scalamandre and RJ, the probabilities are 7% and 3%, respectively.

The third D&B Viability Rating is for data depth, an indicator of how much business intelligence is known about a business based on the availability of predictive information such as commercial trading activity and financial attributes. This indicator serves as a score qualifier and is based on a scale of A to M. All three firms have a B score.

The last D&B Viability Rating examines how established a company is based on a combination of categories including financial data, trade payments, years in business, and company size (number of employees or sales). This indicator also serves as a score qualifier and is based on a letter scale of A to Z. Bana and Scalamandre both have G scores; RJ's score of letter I is not considered by the Hazen and Sawyer / Arcadis JV to be significantly different than that of the other two firms.

Overall, the three firms' current D&B Viability Rating scores are comparable to their respective scores seen during the Phase E1 bid analysis.

Discussions with the project references contacted prior to award of the Phase E1 construction contract in 2014 did not provide any insight into the three firms' financials.

On 5/15/15, the JV, on behalf of the County, solicited financial statements referenced in BSRJ's response to the County's 15-point letter. The financial statements are straightforward and do not have any areas of concern to the JV.

MWBE and Section 3

The JV, along with subconsultant 3PL, reviewed MWBE and Section 3 items contained in BSRJ's proposal package. Included therein is a waiver request letter on RJ Industries letterhead with the following related forms and documents:

- PROC-1 EEO Staffing Plan
- PROC-2 MWBE Utilization Plan
- PROC-3 Request for Waiver
- Sample solicitation email and quote
- Notes from 3/2/15 pre-bid meeting
- Notes from meetings with MWBE consultant and MWBE suppliers.
- Solicitation of MWBE bids in *Minority Commerce Weekly*
- Research tabulation of Empire State MWBE Database companies for work included in the Phase E3 project

The letter provides background and states BSRJ's commitment (and the commitment of its three member firms, RJ Industries, Peter Scalamandre and Sons, and Bana Electric), to meet project MWBE participation goals. Further, the letter documents several issues that BSRJ states prevent it from meeting participation goals of 15% MBE, 15% WBE, and 30% combined as follows:

1. Lack of MWBE firms available or able to quote major equipment such as preformed metal siding, emergency diesel generators, and switchgear quoted to BSRJ at a combined total of $13M.
2. Inability to locate MWBE firms to provide quotes on numerous components totaling $21M.
3. Contractor self-performance requirements per Agreement Section XV Article C which limit the total amount of subcontract work to 60%.
4. PLA which may preclude certain subcontractor candidates from participating.
5. Many companies listed on State directory website are either no longer in business or MWBE certified.

BSRJ reports the above issues as reasons for its Request for Waiver (PROC-3).

BSRJ further notes in its waiver request letter that it is working with a consultant, JK Bennett & Associates, regarding Section 3 requirements. The proposal package otherwise is silent on Section 3.

On 4/23/15, a couple days after formal bid submission, BSRJ emailed the Commissioner a revised PROC-2 MWBE Utilization Plan to correct clerical mistakes reflected in the original document included in BSRJ's bid. The revised plan reflects

proposed MWBE and WBE participation at about 5% and 11%, respectively, as opposed to original proposed amounts of 13-14% each for MBE and WBE participation. The email also states BSRJ's intention to continue working toward attainment of MBE and WBE goals of 15% each.

On 4/27/15, the County contacted BSRJ to solicited several documents missing from BSRJ's bid. A day later, BSRJ submitted the Acknowledgement of Exhibit E Forms, Introductory Statement, and Exhibit D Contractor's Section 3 Plan.

Additional JV review of the bidders' documents related to MWBE and Section 3 requirements was undertaken by JV subconsultant, 3PL; the result of these efforts was summarized in correspondence provided to the County by 3PL and transmitted by the County to GOSR; two such correspondence, one dated 5/1/15 and the other 5/8/15, were sent.

Further analyses of the MWBE portion of the bid packages were undertaken and relevant metrics summarized by subconsultant 3PL in several documents including two letters transmitted to GOSR dated 5/1/15 and 5/8/15. Also, MWBE analytics were updated and transmitted to the County (as a draft County letter to GOSR, most recently circulated internally within the JV and County on 6/11/15) following BSRJ's submittal of a revised waiver request and documentation demonstrating its progress towards increased MWBE participation dated 6/9/15. The draft letter also tabulates number of MWBE firms proposed by each bidder and reduces the effective proposed participation of some of the bidders by excluding entities identified as "TBD".

It is understood that GOSR has found BSRJ's MWBE plan acceptable.

Award Recommendation

The JV had informal discussion with BSRJ member John Doremus to review project scope. It appears that BSRJ understands that the principle scope of the project, that is, to build and commission a large, pile founded, climate-controlled elevated main substation with numerous electrical panels (transformers, switchgear, MCCs, etc.) within the building and emergency diesel generators within enclosures on the roof, relocate many utilities, and install and commission numerous manholes, handholes, and electrical and lighting ductbanks in the yard. Paraphrasing John Doremus, Phase E3 is a logical continuation of work quite similar to Phase E1, albeit on a grander scale.

The questions raised by BSRJ's three member firms during the bid period are indicative of BSRJ's familiarity with the details of the Phase E3 project. Some of the questions could be considered change order posturing given BSRJ is already performing work on Phase E1 and there have been differences in interpretations of the documents as evidenced by BSRJ's correspondence on Phase E1, for example, expansion-deflection fittings for concrete encased ductbanks. Notwithstanding, it is the JV's opinion that BSRJ is no less familiar with the Phase E3 project scope than any of the other bidders, and, is more intimate with the details given its ongoing Phase E1 experience.

On 5/4/15, the County sent BSRJ a letter requesting additional information to prepare for a Pre-Award Conference to determine bidder ability to and capability to perform the work under the Phase E3 contract. BSRJ provided response dated 5/14/15; JV review of the response and referenced documents did not have any areas of concern to the JV.

On 5/15/15, the JV solicited apprenticeship training program participation letters for additional prominent trades on the project to supplement the letters for plumbing and operating engineer trades submitted by BSRJ with its bid package. Apprenticeship training letters were provided by BSRJ for electrical workers, carpenters/dockbuilders and timbermen, general building laborers, and metal lathers/iron workers.

Based on the above, the Hazen and Sawyer / Arcadis JV recommends the County proceed with award of the Contract to BSRJ A TV as the lowest responsive bidder. Our recommendation is predicated on confirmation by the County of the Contractor's compliance with the front end requirements (bonding, insurance, legal, etc.) of the Contract, and confirmation of the acceptability of the three firms' financials.

Please contact us should you have any questions regarding the above or other aspects of the Bay Park project.

D&B Viability Rating Summary

The D&B Viability Rating uses D&B's proprietary analytics to compare the most predictive business risk indicators and deliver a highly reliable assessment of the probability that a company will go out of business, become dormant/inactive, or file for bankruptcy/insolvency within the next 12 months. The D&B Viability Rating is made up of 4 components:

Viability Score Lowest Risk:1 Highest Risk:9

Compared to All US Businesses within the D&B Database:

- Level of Risk: **Moderate Risk**
- Businesses ranked 6 have a probability of becoming no longer viable: **13 %**
- Percentage of businesses ranked 6: **30 %**
- Across all US businesses, the average probability of becoming no longer viable: **14 %**

Portfolio Comparison Lowest Risk:1 Highest Risk:9

Compared to All US Businesses within the same MODEL SEGMENT:

- Model Segment : **Established Trade Payments**
- Level of Risk: **High Risk**
- Businesses ranked 8 within this model segment have a probability of becoming no longer viable: **11 %**
- Percentage of businesses ranked 8 with this model segment: **13 %**
- Within this model segment, the average probability of becoming no longer viable: **5 %**

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including by not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions, department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission, with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

EXECUTIVE ORDER NO. 2 - 2015

EXECUTIVE ORDER PURSUANT TO SECTION 203 OF THE COUNTY GOVERNMENT LAW OF NASSAU COUNTY TO FURTHER DISCLOSURE BY THOSE DOING BUSINESS WITH NASSAU COUNTY

WHEREAS, pursuant to subdivision 1 of section 203 of the Nassau County Charter, the County Executive is responsible for the administration of all departments, offices and functions of the county government; and

WHEREAS, the County Executive, in furtherance of his duties pursuant to subdivision 1 of section 203, is committed to ensuring transparency and openness with respect to the administration of governmental functions; NOW, THEREFORE BE IT

ORDERED, every lobbyist, as defined on the attached Lobbyist Registration and Disclosure Form (hereinafter "Lobbyist Form"), shall annually file the Lobbyist Form with the County Attorney and with the Clerk of the Nassau County Legislature for each calendar year, provided, however, that the filing of such statement of registration shall not be required of any lobbyist who in any year does not earn or incur an amount in excess of one thousand dollars reportable compensation and expenses for the purposes of lobbying, or is an officer, director, trustee or employee of any public corporation when acting in such official capacity; and it is further

ORDERED, that such filing shall be completed on or before January fifteenth by those persons who have been retained, employed or designated as lobbyists on or before December thirty-first of the previous calendar year who reasonably anticipate that in the coming year they will earn or incur combined reportable compensation and expenses in an amount in excess of one thousand dollars; and for those lobbyists retained, employed or designated after December thirty-first, and those lobbyists who, subsequent to their retainer, employment or designation, reasonably anticipate combined reportable compensation and expenses in excess of such amount, such filing must be completed within fifteen days thereafter; and it is further

ORDERED, that the County Attorney shall forward copies of each Lobbyist Form to the Nassau County Department of Information Technology ("IT"), and that IT shall develop and maintain a lobbyist registration page on that County's website, and make available all such Lobbyist Forms for public inspection on the County's website; and it is further

ORDERED, that upon termination of a lobbyist's retainer, employment or designation, such lobbyist and the client, if any, on whose behalf such service has been rendered shall both give notice to the County Attorney in the electronic filing system within thirty days after the lobbyist ceases the activity that required such lobbyist to file a statement of registration; however, such lobbyist shall nevertheless comply with the reporting requirements as set forth above and the reporting requirements for the last periodic reporting period up to the date such activity has ceased; and it is further

ORDERED, any lobbyist required to file a Lobbying Form as set forth herein who, in any lobbying year, earns or incurs combined reportable compensation and expenses in an amount in excess of one thousand dollars, for the purpose of lobbying, shall file with the County Attorney periodic reports, on forms prescribed by the County Attorney, by the fifteenth day next succeeding the end of the reporting period on which the cumulative total for such lobbying year equaled such sum. Such reporting periods shall be the period from January 1 to March 31, April 1 to May 31, June 1 to August 31 and August 31 to December 31; and it is further

ORDERED, that any lobbyist making a report pursuant to the above paragraph shall thereafter file with the County Attorney, on forms prescribed by the County Attorney, a periodic report for each reporting period that such person earns or incurs combined reportable compensation and expenses in an amount in excess of one thousand dollars for the purposes of lobbying during such reporting period. Such report shall be filed not later than the fifteenth day next succeeding the end of such reporting period and shall include the amounts so earned or

incurred during such reporting period and the cumulative total during the lobbying year; and it is further

ORDERED, that IT shall ensure that the Lobbying Form and the form for periodic reports prescribed by the County Attorney are available on the County website; and it is further

ORDERED, that this Executive Order shall take effect immediately.

The term <u>lobbying</u> shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including by not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions, department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission, with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

EXECUTIVE ORDER NO. 2 - 2015

EXECUTIVE ORDER PURSUANT TO SECTION 203 OF THE COUNTY GOVERNMENT LAW OF NASSAU COUNTY TO FURTHER DISCLOSURE BY THOSE DOING BUSINESS WITH NASSAU COUNTY

WHEREAS, pursuant to subdivision 1 of section 203 of the Nassau County Charter, the County Executive is responsible for the administration of all departments, offices and functions of the county government; and

WHEREAS, the County Executive, in furtherance of his duties pursuant to subdivision 1 of section 203, is committed to ensuring transparency and openness with respect to the administration of governmental functions; NOW, THEREFORE BE IT

ORDERED, every lobbyist, as defined on the attached Lobbyist Registration and Disclosure Form (hereinafter "Lobbyist Form"), shall annually file the Lobbyist Form with the County Attorney and with the Clerk of the Nassau County Legislature for each calendar year, provided, however, that the filing of such statement of registration shall not be required of any lobbyist who in any year does not earn or incur an amount in excess of one thousand dollars reportable compensation and expenses for the purposes of lobbying, or is an officer, director, trustee or employee of any public corporation when acting in such official capacity; and it is further

ORDERED, that such filing shall be completed on or before January fifteenth by those persons who have been retained, employed or designated as lobbyists on or before December thirty-first of the previous calendar year who reasonably anticipate that in the coming year they will earn or incur combined reportable compensation and expenses in an amount in excess of one thousand dollars; and for those lobbyists retained, employed or designated after December thirty-first, and those lobbyists who, subsequent to their retainer, employment or designation, reasonably anticipate combined reportable compensation and expenses in excess of such amount, such filing must be completed within fifteen days thereafter; and it is further

ORDERED, that the County Attorney shall forward copies of each Lobbyist Form to the Nassau County Department of Information Technology ("IT"), and that IT shall develop and maintain a lobbyist registration page on that County's website, and make available all such Lobbyist Forms for public inspection on the County's website; and it is further

ORDERED, that upon termination of a lobbyist's retainer, employment or designation, such lobbyist and the client, if any, on whose behalf such service has been rendered shall both give notice to the County Attorney in the electronic filing system within thirty days after the lobbyist ceases the activity that required such lobbyist to file a statement of registration; however, such lobbyist shall nevertheless comply with the reporting requirements as set forth above and the reporting requirements for the last periodic reporting period up to the date such activity has ceased; and it is further

ORDERED, any lobbyist required to file a Lobbying Form as set forth herein who, in any lobbying year, earns or incurs combined reportable compensation and expenses in an amount in excess of one thousand dollars, for the purpose of lobbying, shall file with the County Attorney periodic reports, on forms prescribed by the County Attorney, by the fifteenth day next succeeding the end of the reporting period on which the cumulative total for such lobbying year equaled such sum. Such reporting periods shall be the period from January 1 to March 31, April 1 to May 31, June 1 to August 31 and August 31 to December 31; and it is further

ORDERED, that any lobbyist making a report pursuant to the above paragraph shall thereafter file with the County Attorney, on forms prescribed by the County Attorney, a periodic report for each reporting period that such person earns or incurs combined reportable compensation and expenses in an amount in excess of one thousand dollars for the purposes of lobbying during such reporting period. Such report shall be filed not later than the fifteenth day next succeeding the end of such reporting period and shall include the amounts so earned or

incurred during such reporting period and the cumulative total during the lobbying year; and it is further

ORDERED, that IT shall ensure that the Lobbying Form and the form for periodic reports prescribed by the County Attorney are available on the County website; and it is further

ORDERED, that this Executive Order shall take effect immediately.

EXHIBIT D - CONTRACTOR'S SECTION 3 PLAN

BSRJ A T/V agrees to implement the specific following affirmative action steps directed at increasing the utilization of lower income residents and businesses within the county.

A. To ascertain from the locality's CDBG or CDBG-DR program official the exact boundaries of the Section 3 covered project area and where advantageous, seek the assistance of local officials in preparing and implementing the affirmative action plan.

B. To attempt to recruit from within the city/county/MSA, the necessary number of lower income residents through: local advertising media, signs placed at the proposed site for the project, and community organizations and public or private institutions operating within and servicing the project area.

C. To maintain a list of all lower income residents who have applied either on their own or on referral from any source, and to employ such persons, if otherwise eligible and if a vacancy exists.

D. To insert this Section 3 plan in all bid documents and to require all bidders on subcontracts to submit a Section 3 affirmative action plan including utilization goals and the specific steps planned to accomplish these goals.

E. To insure that subcontractors adhere to the Section 3 provisions that are applicable to the Contractor.

F. To insure that all appropriate project area business concerns are notified of pending sub-contractual opportunities.

G. To maintain records, including copies of correspondence, memoranda, etc., which document that all of the above affirmative action steps have been taken.

H. To appoint or recruit an executive official of the company or agency as Equal Opportunity Officer to coordinate the implementation of this Section 3 plan.

I. To maintain records concerning the amount and number of contracts, subcontracts, and purchases which contribute to Section 3 objectives.

J. To maintain records of all projected workforce needs for all phases of the project by occupation, trade, skill level, and number of positions and to update these projections based on the extent to which hiring meets Section 3 objectives.

As officers and representatives of BSRJ A T/V (Company),

We the undersigned have read and fully agree to the Section 3 Affirmative Action Plan, and become a party to the full implementation of the program and its provisions.

Governor's Office of Storm Recovery
Supplementary Conditions for Contracts

INTRODUCTORY STATEMENT

"Project" or "Program": Phase E3, Main Substation and Electrical Distribution

Project Location: Bay Park Sewage Treatment Plant, Town of Hempstead, Nassau County, New York

"Subrecipient": Nassau County, New York

"Contractor": (Name and Address): BSRJ ATV
75 East Bethpage Road; Po Box 349
Plainview, NY 11803

Contract Number: S35121-14F Electrical

"Insurance Requirements": See Attachment A to Introductory Statement

Housing Trust Fund Corporation ("HTFC" or "Grantee"), acting through the Governor's Office of Storm Recovery ("GOSR") has entered into a Subrecipient Agreement with the Subrecipient for a grant of Community Development Block Grant Disaster Recovery ("CDBG-DR") funds for purposes of the design and construction of the Project (the "Subrecipient Agreement"). This grant represents a portion of CDBG-DR funds received or to be received under the Federal CDBG-DR program administered by the U.S. Department of Housing and Urban Development ("HUD") to fund necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure, and housing and economic revitalization in the most impacted and distressed areas resulting from a major disaster declared due to Hurricane Sandy and other eligible events (subject to the Federal statutes and regulations governing CDBG grants, as modified by exceptions and waivers previously or hereafter granted by HUD).

Subrecipient is a municipal government or other government agency, which will use its own form contracts and other project agreements for the Project. However, as a condition to receiving CDBG-DR funds for the Project, Subrecipient is required to include these Supplementary Conditions in each contract which it enters into for the applicable project and to require all contractors to include these Supplementary Conditions in every subsequent subcontract and lower-tiered subcontracts so that such provisions are binding upon each contractor, subcontractor and lower-tiered subcontractor. Among other things, as set forth more specifically below, these Supplementary Conditions (a) include GOSR requirements which may not otherwise be included in the contract; (b) define the order of precedence for the interpretation and enforcement of the various parts and provisions of the contract (including these Supplementary Conditions); and (c) add certain other provisions which GOSR deems necessary or desirable for the orderly administration and enforcement of the contract. For purposes of subcontracts, references in these Supplementary Conditions to "Subrecipient" shall be deemed to refer to Contractor, and references to "Contractor" shall be deemed to refer to the applicable subcontractor. For purposes of lower-tiered subcontracts, references in these Supplementary Conditions to "Subrecipient" shall be deemed to refer to the applicable subcontractor, and references to "Contractor" shall be deemed to refer to the applicable lower-tiered subcontractor.

Accordingly, Subrecipient and Contractor have signed below to evidence their agreement to (a) incorporate into the contract these Supplementary Conditions (which shall be deemed "Contract Documents" under the contract), (b) include these Supplementary Conditions in all subcontracts under the contract, and (c) require that all subcontractors reproduce these Supplementary Conditions in all lower-

tiered subcontracts under the contact. By signing below, contractor agrees to comply with the terms and conditions of these Supplementary Conditions and to complete and submit the forms contained herein as required under these Supplementary Conditions and the instructions on the forms. Contractor hereby certifies, affirms, stipulates, represents and warrants to all provisions contained herein requiring such certification, affirmation, stipulation, representation or warranty, as applicable.

FORM OF BID BOND

IMPORTANT The bidder shall instruct the Surety Company to follow the exact language of this form as any omission, addition or change in phraseology may cause rejection of the bid.

KNOW ALL MEN BY THESE PRESENTS,

that we, the undersigned BSRJ, A T/V, 75 East Bethpage Road, P.O. Box 349, Plainview, NY 11803 as Principal; and Liberty Mutual Insurance Company as surety, who is Licensed to do business in the State of New York, are hereby firmly bound unto the County of Nassau in the penal sum of

Ten Percent of Proposal Price 10% of dollars ($ P.P.) for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

Signed, this 23rd day of March, 20 15

The conditions of the above obligation is such that whereas the Principal has submitted to the County of Nassau a certain Bid attached hereto and hereby made a part hereof, to enter into a contract in writing for the work under

Contract No. S35121-14F for the
Bay Park Sewage Treatment Plant Phase E3 Main Substation and Electrical Distribution.

Capital Project 35121, Town of Hempstead, New York. Contract No.: S35121-14F-Electrical

NOW, THEREFORE, the conditions of this obligation are such that if the Principal shall not withdraw said proposal except by mutual consent of the County of Nassau within a period of forty-five (45) days after the opening of bids and in the event of acceptance of the Principal's proposal, if the Principal shall:

a. when notified by the County, execute all necessary counterparts of the Contract as set forth in the Contract Documents in accordance with the proposal as accepted; and

b. furnish bonds and other security as specified in the Contract Documents for the faithful performance and proper fulfillment of such Contract, which bonds or other security shall be satisfactory in all respects to the County; and

c. in all respects, comply with the provisions set forth in the invitation to bid; or if the County of Nassau shall reject the aforesaid proposal for a reason other than the Principal's failure to satisfy the County that he has the necessary skill, experience, and liquid assets required for the Contract as stated in the documents aforesaid, then this obligation shall be null and void; otherwise to remain in full force and effect.

FORM OF BID BOND

Provided, however, that this bond is subject to the following additional conditions and limitations.

a. In the event that the Principal fails to submit a financial statement when required by the County or in the event that an examination of the Principal indicates to the County that the Principal does not meet the financial requirements required by the County, the undersigned will, upon demand, pay to the County of Nassau, as liquidated damages for the Principal's failure to meet such requirements, a sum equal to the amount that would have been required by a certified check if the same were delivered in accordance with the provisions of the Contract Documents and specifications herein stated.

b. In case the Principal shall default in the performance of any provision the undersigned will upon demand pay to the County of Nassau the full amount of the damages sustained by the County of Nassau by reason of such default, except however, it is expressly understood and
agreed that the liability of the surety for any and all claims hereunder shall in no event exceed
the amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligation of said Surety and its bond shall be in no way impaired or affected by any extension of time within which the County of Nassau may accept such Bid; and said Surety does hereby waive notice of any such extension.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of American Fire and Casualty Company, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS – Section 12. Power of Attorney. Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts – SECTION 5. Surety Bonds and Undertakings. Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Gregory W. THE BIDDER AFFIRMS AND DECLARES:

1. That the above Bidder is of lawful age and the only one interested in this bid; and that no other person, firm or corporation, except those herein named, has any interest in this bid or in the Contract proposed to be entered into.

2. That this bid is made without any understanding, agreement or in connection with any other person, firm or corporation, making a bid for the same Work, and is in all respects fair and without collusion or fraud.

3. That said Bidder is not in arrears to the County of Nassau upon debt or contract, and is not a defaulter, as surety contractor or otherwise.

4. That no officer or employee of the County of Nassau, or person whose salary is payable in whole or in part from the County Treasury is, shall be, or become interested directly, or indirectly as a contracting party, partner, stockholder, surety or otherwise, in this bid, or in the performance of the Contract, or in the supplies, materials, equipment and work or labor to which it relates, or in any portion of the profits thereof.

5. That he has carefully examined the Site of the Work and that, from his own personal investigations and research, has satisfied himself as to the nature and location of the work, the character, quality and quantity of existing materials, all difficulties likely to be encountered, the kind and extent of labor, equipment, other facilities needed for the performance of the Work, the general and local conditions, and all other items which may, in any way, affect the Work or its performance.

6. The Bidder also declares that he has carefully examined and fully understands all the component parts of this Contract, that the Work can be performed as called for by the Contract, that he will execute the Contract and will completely perform it in strict accordance with its terms for the following prices.

7. That the Bidder, for allowance items, will make payment to the parties designated by the County when directed by the County in the amount certified by the Engineer for the purposes indicated. It is also understood and agreed that the Final Contract Payment for allowance items will be based upon such actual payments, and not on the approximate amount cited herein.

8. Where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities of Glen Cove or Long Beach, the contractor shall be required to have such a license.

I. Rejection of Bids.

A. The Commissioner may recommend a reject of bid if:

1. The Bidder fails to furnish any of the information required by the bid documents; or if
2. The bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if
3. The bid does not strictly conform to law or the requirements of this contract; or if
4. The bid is conditional; or if
5. The bid on Unit Price Contracts, in the opinion of the Commissioner, contains unbalanced bid prices, where the unit price proposed for any item exceeds the estimated cost by more than fifteen percent (15%), or if any lump sum item bid exceeds the estimated cost by more than twenty-five percent (25%); or if
6. A determination that the bidder is not responsible is made in accordance with law.

B. Rejection of all bids and waiver of informalities.

The Commissioner, however, reserves the right to recommend / to reject all bids whenever he deems it in the best interest of the County, and also the right to waive any informalities in a bid.

II. Unit Price Contracts, Comparison of Bids.

Bids on Unit Price Contracts will be compared on the basis of a total bid price, arrived at by taking the sum of the Approximate Quantities of such item multiplied by the corresponding Unit Price, and including any Lump Sum Bid on individual items, in accordance with the items set forth in the bid proposal.

Bidders are warned that the Approximate Quantities of the various items of work and material is estimated only, and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be more or less than estimated.

III. Lump Sum Contracts, Comparison of Bids.

Bids on lump Sum Contracts will be compared on the basis of the Lump Sum Price bid adjusted for alternate prices bid, if any.

IV. Apprenticeship Training Program

For all contracts in excess of $500,000 attach here verification letter regarding your firm's having an approved State of New York Apprenticeship Training Program.

V. MWBE Utilization Plan and Section 3 Plan.

All Bidders are required to Submit their Proposed MWBE Utilization Plan and Section 3 Plan at the time of Bid.

PETER SCALAMANDRE & SONS, INC. EST. 1923 CONTRACTORS

March 24, 2015

Nassau County Department of Public Works

The following is provided in answers to Questions 5C & 5D.

5C: On December 28, 2001 The Contract Review Unit of the NY State Department of Transportation found that a Joint Venture of Peter Scalamandre & Sons, Inc. and J.D Posillico, Inc. was not the lowest Responsible bidder on Contract No. D258873. Since then the company has bid on and received NYSDOT Projects.

5D: On April 12, 2002 The US Department of Transportation, Federal Highway Administration debarred the company from bidding on or receiving Federally Funded Projects for a period of three years. The debarment expired on April 12, 2005. The company is eligible to bid on and receive Federally Funded Projects.

Re: Contract No. S35121-14F (Electrical)
Bay Park STP Phase 3 Main Substation and Electrical Distribution
EEO Plan, M/WBE Plan, Waiver Request & Section 3 Requirements

Att: Shila Shah-Gavnoudias, PE
Commissioner

Dear Shila,

Reference is made to the above captioned bid submitted by BSRJ A T/V ("BSRJ") on April 21, 2015.

Background

We are pleased to submit the following forms as per the supplemental conditions, exhibit E, which the County of Nassau is required to collect from bidders on this contract: PROC-1 (EEO Staffing Plan), PROC-2 (M/WBE Utilization Plan) and PROC-3 (Request for Waiver).

As per the Notice to Bidders, this is project funded through the Housing Trust Fund Corporation ("HTFC") and the U.S. Department of Housing and Urban Development ("HUD"); the contractor is required to work toward meeting M/WBE goals of 15% MBE and 15% WBE. The HTFC will monitor the contractor's progress throughout the duration of the contract.

BSRJ, and its members, R.J. Industries, Inc., Peter Scalamandre and Sons, Corp. and Bana Electric Corp., are committed to meeting the M/WBE requirements; BSRJ took proactive steps to meet the goals. Enclosed you will find comprehensive documentation in support of our efforts.

Issues

When combined, many of the requirements of this contract prevent us from meeting the HTFC participation goals, either 15% MBE & 15% WBE, or 30% combined.

1. Several of the Major Equipment Items listed on page P-21, such as Preformed Metal Siding (section 07461), Emergency Diesel Generators (section 16231), Switchgears (sections 16293 & 16295) have been quoted to us at a combined total of $13 million. We found no M/WBE firms available or able to quote these items, which we consider now to be a lost opportunity for us to meet a substantial portion of the goal.

R.J. Industries, Inc.
75 East Bethpage Road
P.O. Box 349
Plainview, New York 11803-0349

Phone: (516) 845-9772
Fax: (516) 454-1759

2. Despite our rigorous efforts (please refer to the enclosed call log), we have not been able to locate M/WBE firms that are able to provide us with quotes on several important components, such as supervision ($1,000,000), Bonds and Insurance ($3,500,000), Allowances ($1,050,000), Pumping Systems, Sheeting ($1,567,000), Dewatering ($1,500,000), Augured Piles ($2,070,000), Precast Concrete ($1,270,000), Concrete Supply ($1,213,000), Preformed siding ($7,200,000), Flood Doors ($450,000), Elevator ($155,000). As it currently stands, all of these items total more than $20 million (20% of the low end value projection given to us by the engineer during a March pre-bid meeting).
3. The contractor is required to self-perform a significant portion of the work. Per agreement section XV (article C), the County Executive reserves the right to limit the total amounts of Subcontracts to sixty percent (60%) of the contract price. Understandably, the County expects the prime contractor to perform a significant amount of the specified work.
4. This project is subject to a Project Labor Agreement (PLA), which may preclude certain subcontractor candidates from participating.
5. Many of the companies listed on the state directory website are either no longer in business or M/WBE certified.

Result(s)

For these reasons, we must include our Request for Waiver (form PROC 3), along with the other above mentioned forms. With respect to PROC 3, we can assure you that we took all of the steps provided in the instructions and you will find enclosed copies of documentation in support of our efforts.

Upon your request, we can also provide you with our complete set (copies) of direct correspondence we have had with all of the M/WBE candidates we targeted.

With respect to the Section 3 requirements, we have been working with our consultant, JK Bennett & Associates, Inc. and will continue to do so in an effort to reach this important area, including advertising in the East Rockaway, NY area and contacting the unions provided in the PLA.

We are available at your convenience to discuss this information and anything else related to our proposal. Please do not hesitate to contact me at the above number.

Very truly yours,
BSRJ,AT/V

SUBMIT COMPLETED WITH BID OR PROPOSAL

PROC-1 (revised 2/2012)

General instructions: All Offerors and each subcontractor identified in the bid or proposal must complete an EEO Staffing Plan and submit it as part of the bid or proposal package. Where the work force to be utilized in the performance of the State contract can be separated out from the contractor's or subcontractor's total work force, the Offeror shall complete this form only for the anticipated work force to be utilized on the State contract. Where the work force to be utilized in the performance of the State contract cannot be separated out from the contractor's or subcontractor's total work force, the Offeror shall complete this form for the contractor's or subcontractor's total work force.

Instructions for completing:

1. Enter the Solicitation number or RFP number that this report applies to along with the name and address of the Offeror.
2. Check off the appropriate box to indicate if the Offeror completing the report is the contractor or a subcontractor.
3. Check off the appropriate box to indicate if the work force being reported is just for the contract or the Offerors' total workforce.
4. Enter the total work force by EEO job category.
5. Break down the total work force by gender and enter under the heading 'Workforce by Gender'
6. Break down the total work force by race/ethnic background and enter under the heading 'Work force by Race/Ethnic Identification'. Contact the Designated Contact(s) for the solicitation if you have any questions.
7. Enter information on disabled or veterans included in the work force under the appropriate headings.
8. Enter the name, title, phone number and email address for the person completing the form. Sign and date the form in the designated boxes.

RACE/ETHNIC IDENTIFICATION

Race/ethnic designations as used by the Equal Employment Opportunity Commission do not denote scientific definitions of anthropological origins. For the purposes of this report, an employee may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person should be counted in more than one race/ethnic group. The race/ethnic categories for this survey are:

- **WHITE** (Not of Hispanic origin) All persons having origins in any of the original peoples of Europe, North Africa, or the Middle East.
- **BLACK** a person, not of Hispanic origin, who has origins in any of the black racial groups of the original peoples of Africa.

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165–a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

✓ a. **Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

___ b. **Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

REQUIREMENTS AND DOCUMENT SUBMISSION INSTRUCTIONS

When completing the Request for Waiver Form please check all boxes that apply. To be considered, the Request for Waiver Form must be accompanied by documentation for items 1 – 11, as listed below. If box # 3 has been checked above, please see item 11. Copies of the following information and all relevant supporting documentation must be submitted along with the request:

1. A statement setting forth your basis for requesting a partial or total waiver.
2. The names of general circulation, trade association, and M/WBE-oriented publications in which you solicited certified M/WBEs for the purposes of complying with your participation goals.
3. A list identifying the date(s) that all solicitations for certified M/WBE participation were published in any of the above publications.
4. A list of all certified M/WBEs appearing in the NYS Directory of Certified Firms that were solicited for purposes of complying with your certified M/WBE participation levels.
5. Copies of notices, dates of contact, letters, and other correspondence as proof that solicitations were made in writing and copies of such solicitations, or a sample copy of the solicitation if an identical solicitation was made to all certified M/WBEs.
6. Provide copies of responses made by certified M/WBEs to your solicitations.
7. Provide a description of any contract documents, plans, or specifications made available to certified M/WBEs for purposes of soliciting their bids and the date and manner in which these documents were made available.
8. Provide documentation of any negotiations between you, the Offeror/Contractor, and the M/WBEs undertaken for purposes of complying with the certified M/WBE participation goals.
9. Provide any other information you deem relevant which may help us in evaluating your request for a waiver.
10. Provide the name, title, address, telephone number, and email address of offeror/contractor's representative authorized to discuss and negotiate this waiver request.
11. Copy of notice of application receipt issued by Empire State Development (ESD).

Note:

Unless a Total Waiver has been granted, Offeror/Contractor will be required to submit all reports and documents pursuant to the provisions set forth in the Contract, as deemed appropriate by the contracting entity, to determine M/WBE compliance.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Civil Service Employees Association, Nassau Local 830
Att: Ronald Gurrieri, Executive Vice President

FROM: Department of Public Works

DATE: June 23, 2015

SUBJECT: CSEA Notification of a Proposed DPW Contract
Proposed Contract No. S35121-14F

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should not be implied that the proposed DPW contract/agreement is for the work which has "historically and exclusively been performed by bargaining unit members".

1. DPW plans to recommend a contract/agreement for the following services:
   Phase 3 of electrical construction for a new Main Substation including six (6) 1.25 MW each auxiliary diesel powered generators and associated underground electrical conduits at the Bay Park Sewage Treatment Plant in East Rockaway, New York.

2. The work involves the following:
   This contract is to provide the necessary labor and materials associated with the construction of the third phase of improvements to the Electrical Distribution System at the Bay Park STP. The project will include construction of a new hurricane hardened Main Substation which will include six (6) 1.25 MW each of auxiliary generators along with electrical ductbanks for medium and low voltage power cables, and removal and de-energized of old electrical ducts.

3. An estimate of the cost is: $97,447,200.00

4. An estimate of the duration is: Thirty-six (36) months

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Kenneth G. Arnold, Assistant to Commissioner, telephone 1-9607, fax 1-9657.
