Comprising 550 acres of fields, woodlands, ponds and estate grounds, Muttontown is Nassau County's largest nature preserve and one of the most beautiful settings on Long Island. The preserve includes miles of marked nature trails with local wildflowers, trees, birds, mammals, reptiles and amphibians. Muttontown also has several structures, including the Chelsea mansion, which is listed on the Nation Register of Historic Places. The *Long Island Press* has named Muttontown "Best Nature Walk on Long Island"

Nassau County Department of Parks, Recreation and Museums
