

Nassau County Executive **ED MANGANO** invites you to the

HELICOPTER LANDING

FREE at Eisenhower Park
In Conjunction with Fleet Week 2015

SATURDAY, MAY 23
10AM-2PM

Marine & Navy Helicopters will be landing on the Kite Field.

10AM - NAVY LANDING

A combined team of members from the U.S. Navy Explosive Ordnance Disposal team and Helicopter Sea Combat Squadron Five (HSC-9) will present a mine countermeasures demonstration. The demonstration will show how a five-member EOD team can be inserted via a MH-60S helicopter into an area too dangerous for a ship to navigate or an aircraft to land, while another MH-60S provides top-cover. After the air and land demonstration, the two MH-60S helicopters will land and be available for public display. The EOD technicians are stationed in Virginia Beach, Virginia. HSC-9, also known as the Tridents, is stationed in Norfolk, Virginia.

NOON - MARINE LANDING

The VM-22 Osprey, CH-46 Sea Knight and AH-1W Cobra, will perform an area sweep and transport a Marine raid force to the landing zone. Marines will perform an assault demonstration, after which the helicopters will land and will be available for public display, along with the weapons typically used by a Marine Corps rifle platoon. Marines supporting this event are part of a Special Purpose Marine Air- Ground Task Force from the II Marine Expeditionary Force based at Camp LeJeune, North Carolina.
