

Department Of Human Services

The County of Nassau is seeking a candidate for a full-time Children's Single Point of Access Coordinator for the Office of Mental Health, Chemical Dependency & Developmental Disabilities Services.

Job Duties

The position requires administrative coordination and maintenance of mental health services for children and youth in need of intensive in-home services and out of home placements through the Single Point of Access. Responsibilities will include administrative reviews of SPOA applications, administration of CANS-NY assessments, data submission to the NYS Office of Mental Health, coordination of weekly meetings with providers, problem solving, and provide the community with resources, education, referrals and linkages. Must have New York State Divers License and able to travel within the Long Island Region.

Minimum Qualifications

New York State Licensed mental health professional with three years minimum of post Master's experience.

This position is a personal services contract with Nassau County and not a direct employee.

For consideration, please send resume, cover letter and salary requirement to behavioralhealth@hhsnassaucountyny.us with CSPOAC on subject line.
