Signature	Title	Date
-----------	-------	------

TO BE COMPLETED BY PROFESSIONAL ENGINEER OR LAND SURVEYOR*

The plans submitted with this application were prepared by me or under my supervision and direction. Individual water and sewerage systems, if shown on plans were designed after careful and thorough study of local geological and existing sanitary conditions.

Name (Give Firm, if any)	Signature & Seal
Address	
License and No.	
* Land surveyor only if granted exemption under Section 7208n of the State Education Law	

IMPORTANT NOTES

- 1) The plans shall show all information (as detailed in Article IX Nassau County Public Health Ordinance "Sewage Disposal Stormwater Control") and such other information as may be required because of special local features or conditions.
- 2) Plans must be prepared so as to be completely legible and to permit satisfactory reproduction by microfilming processes.
- 3) One white print (either on paper or cloth) shall be submitted for filing with the Department if approved, together with such other tracing or prints as may be required for filing with the county clerk and the subdivision owner.
- 4) A LOCATION DIAGRAM (scale about 1"=3000') showing the situation of the subdivision with respect to main road, prominent streams, etc., shall be included on the plans.
- 5) A KEY MAP (scale about 1"=400') shall be shown on the plans if there are several Sections of the Subdivision outlining the relative location of the subject Section with respect to the rest of the subdivision.
- 6) Inasmuch as stamp of approval must be placed on face of plans, a space 3" x 6" should be reserved for this purpose.
