Contract Summary

Description: Amendment #4 to original contract for legal services.

Purpose: This is an amendment to an outside counsel contract where Contractor shall serve as counsel to the Nassau County Board of Ethics and from time to time, shall provide general legal advice and assistance to the Nassau County Attorney or his designee, for matters that require Counsel's particular expertise. Please see firm resume describing qualifications and accomplishments attached to the Business History form in this contract package. This amendment is to extend the term of the original contract, so that the new termination date shall be January 31, 2018.

Method of Procurement: This is an amendment to an existing contract. See procurement history below.

Procurement History: A Request for Qualification was issued and a panel established. Leventhal, Mullaney, & Blinkoff, LLP (formerly known as Leventhal, Cursio, Mullaney & Sliney, LLP) has been selected from the panel based on the firm's experience, expertise in the subject matter and availability (particularly Attorney Steven Leventhal). Additionally, the County Attorney approved a rate increase from previous contracts and from what the firm was listed on the panel. The per hour rate paid to the firm under this contract is still within the range of panel rates. Also, the Contractor has previously contracted with the County. Under a previous contract, three law firms were interviewed and Leventhal, Cursio, Mullaney & Sliney, LLP was selected based upon its outstanding qualifications and the significant prior experience of Attorney Steven Leventhal to provide those services.

Description of General Provisions: As described above.

As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, Counsel agrees as follows:

(i) Counsel shall comply with the applicable requirements of the Living Wage Law, as amended;

(ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Counsel has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

(iii) It shall be a continuing obligation of the Counsel to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. Counsel acknowledges that Counsel Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify Counsel of such request prior to disclosure of the Information so that the Counsel may take such action as it deems appropriate.

7. Ownership of Records. All County Information provided to Counsel by the County shall remain the property of the County. All reports, documents or information created by Counsel on behalf of the County shall be deemed the property of the County. Upon the County's request, completion of Services, or termination of this Agreement, all such County Information, reports, documents or information shall be returned to the County.

8. Service Standards. Regardless of whether required by Law: (a) Counsel shall, and shall cause Counsel Agents to, conduct his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) Counsel shall deliver Services under this Agreement in a professional manner consistent with the best practices of the legal profession. Counsel shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Counsel Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. No Conflict Representation. During the term of this Agreement, Counsel shall not represent any party whose interest is or may be adverse to or in conflict with, or whose interest may appear to be adverse to or in conflict with the County, nor shall it commence any action or proceeding, or act as Counsel in any action or proceeding that is adverse to the County or any County officer or employee, without the County's prior written consent.

10. Indemnification; Defense; Cooperation. (a) Counsel shall indemnify, defend and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities arising out of or in connection with performance under this Agreement by Counsel or a Counsel Agent, provided, however, that the Counsel shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) Counsel shall, upon the County's demand and at the County's direction, promptly and diligently defend, at Counsel's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which Counsel is responsible under this Section, and, further to Counsel's indemnification obligations, Counsel shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) Counsel shall, and shall cause Counsel Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of Counsel and/or a Counsel Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

11. Insurance. (a) Types and Amounts. Counsel shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per claim (iii) compensation insurance for the benefit of the Counsel's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by Counsel pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. Counsel shall be solely responsible for the payment of

all deductibles to which such policies are subject. Counsel shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by Counsel under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, Counsel shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. Counsel shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of Counsel to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of Counsel to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

13. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to Counsel, (ii) for "Cause" by the County immediately upon the receipt by Counsel of written notice of termination, (iii) upon mutual written Agreement of the County and the Counsel, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By Counsel. This Agreement may be terminated by Counsel if performance becomes impracticable through no fault of the Counsel, where the impracticability relates to Counsel's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by Counsel delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that Counsel is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Counsel's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Counsel Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Counsel shall, regardless of the reason for termination, take all

actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning Counsel's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

14. Accounting Procedures; Records. Counsel shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles or such other standard accounting principles that are acceptable within the industry and, if Counsel is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief, Counsel shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. Counsel shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of Counsel shall allege that the above-described actions and inactions preceded Counsel's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Work Performance Liability. The Counsel is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Counsel is using a Counsel Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Counsel Agent has been approved by the County.

17. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

18. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand

delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name Counsel shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to Counsel, to the attention of the person who executed this Agreement on behalf of Counsel at the address specified above for Counsel, or in each case to such other persons or addresses as shall be designated by written notice.

19. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

20. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

21. Administrative Service Charge. Counsel agrees to pay the County an administrative service charge of Five Hundred Thirty-three Dollars ($533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 201-2001. Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law

No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a

manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining

the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction

services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

The contract was awarded after a request for sealed bids was published in_____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. ☐ The contractor was selected pursuant to a Request for Proposals.
The Contract was entered into after a written request for proposals was issued on _____ [date]. _____

_____ [list members]. The proposals were scored and ranked. As a result of the scoring and ranking (attached), the highest-ranking proposer was selected.

III. X This is a renewal, extension or amendment of an existing contract.
The contract was originally executed by Nassau County on June 17, 2013. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a Request for Qualification was issued and a panel established. Leventhal, Cursio, Mullaney & Sliney, LLP was selected from the panel based on the firm's experience, expertise in the subject matter and availability (particularly Attorney Steven Leventhal). Additionally, the County Attorney approved a rate increase from previous contracts and from what the firm was listed on the panel. The per hour rate paid to the firm under this contract is still within the range of panel rates. Also, the Contractor has previously contracted with the County. Under a previous contract, three law firms were interviewed and Leventhal, Cursio, Mullaney & Sliney, LLP was selected based upon its outstanding qualifications and the significant prior experience of Attorney Steven Leventhal to provide those services.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:

☐ B. The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no._____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No.* 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

Instructions: **Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.**

I. ☐ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. ☐ The contractor was selected pursuant to a Request for Proposals.
The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by _____ [newspaper advertisement, posting on website, mailing, etc.]. _____ [#] of potential proposers requested copies of the RFP. Proposals were due on _____ [date]. _____ [#] proposals were received and evaluated. The evaluation committee consisted of: _____

_____

_____ [list members]. The proposals were scored and ranked. As a result of the scoring and ranking (attached), the highest-ranking proposer was selected.

III. X This is a renewal, extension or amendment of an existing contract.
The contract was originally executed by Nassau County on June 17, 2013, and amended thereafter on August 1, 2013. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a Request for Qualification was issued and a panel established. Leventhal, Cursio, Mullaney & Sliney, LLP was selected from the panel based on the firm's experience, expertise in the subject matter and availability (particularly Attorney Steven Leventhal). Additionally, the County Attorney approved a rate increase from previous contracts and from what the firm was listed on the panel. The per hour rate paid to the firm under this contract is still within the range of panel rates. Also, the Contractor has previously contracted with the County. Under a previous contract, three law firms were interviewed and Leventhal, Cursio, Mullaney & Sliney, LLP was selected based upon its outstanding qualifications and the significant prior experience of Attorney Steven Leventhal to provide those services.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**

☐ B. The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no._____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No.* 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

CONTRACTOR NAME: KENNETH S. DIAMOND

CONTRACTORADDRESS: [redacted]

FEDERAL TAX ID #: [redacted]

Instructions: **Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.**

I. ☐ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. ☐ The contractor was selected pursuant to a Request for Proposals.
The Contract was entered into after a written request for proposals was issued on _____. Potential proposers were made aware of the availability of the RFP by _____ and by publication on the County procurement website. Proposals were due on _____. _____ were received and evaluated. The evaluation committee consisted of: _____. The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. [X] This is a renewal, extension or amendment of an existing contract.
The contract was originally executed by Nassau County on May 19, 2016. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after the attached memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached). [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

☐ **A.** The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**

☐ **B.** The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

☐ **A.** There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

☐ **B.** The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ **C.** Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no._____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. [X] Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☐ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

X. [X] Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: **X** a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No.* 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

V. X Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

IX. ☐ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

Dear Mr. Lieberman:

This is in reply to your recent letter in which you stated that the Nassau Regional OTB Corporation has 25 branch offices and an executive office, all of which are presently equipped with various burglar, hold-up and fire alarm systems. These systems were installed and are serviced pursuant to five-year lease agreements covering each of the offices and entered into after advertisement for bids in 1975, when the corporation first went into business. The lease agreements will begin to expire commencing in January, 1980 and, with respect to entering into new contracts, you ask the following:

(1) Must the corporation advertise for bids for new contracts or may it renew the leases with the present contractor without seeking new bids?

(2) If the corporation must advertise for new bids, should the specifications require that the cost of installing the equipment be included in the bid price?

In a recent opinion addressed to you, this Department concluded that, pursuant to section 8118 of McKinney's Unconsolidated Laws (L 1973, Ch 346, as amended), regional OTB corporations are required to let public work and purchase contracts involving an expenditure of more than $10,000 to the lowest responsible bidder

after advertisement for bids, unless there is an exception in law which operates to suspend the operation of the bidding statutes (Opns St Comp, 1979, No. 79-193, not yet reported). However, we have also consistently maintained that the hiring or leasing of personal property is not subject to competitive bidding requirements provided the agreement is a true lease and not an agreement to lease where the effect is a purchase (see, e.g., Opns St Comp, 1978, No. 78-519, also addressed to you).

In this situation, we have been advised that the corporation advertised for bids for the cost of installing and maintaining the various items of equipment necessary for the alarm systems. Title to the equipment remains in the contractor and it is never intended to pass to the OTB corporation.

The question as to the possible need to advertise for bids for installation and maintenance of the various alarm systems apparently arises as a result of the decision in Signacon Controls, Inc. v Mulroy, 32 NY2d 410, 345 NYS2d 527, 298 NE 2d 670 [1973]. In that case, the Court of Appeals held that an agreement under which a county was to acquire title to a central control console which would receive fire alarms from transmitters sold to private entities (i.e. restaurants, stores, hospitals) was subject to the competitive bidding requirements of section 103 of the General Municipal Law. In our view, however, the holding in that case is not applicable here because there is no intention to convey title to any of the alarm equipment to the OTB corporation and, hence, no purchase contract within the meaning of section 103.

Inasmuch as the proposed agreements involve the leasing rather than the purchase of alarm equipment, it is our opinion that such agreements are not subject to competitive bidding requirements. The fact that the initial lease agreements were entered into after advertisements for bids does not alter our conclusion.

We trust that the above will be of assistance to you.

Very truly yours,

EDWARD V. REGAN
State Comptroller

My research (Jackie concurs) shows one NY Court of Appeals case (Exley v. Village of Endicott 51 N.Y. 2d 426 – 1980) wherein the Court stated that a municipality may lease equipment without complying with the competitive bidding requirement of GML Section 103. I have shepardized the case and have found no cases contradicting or overturning "Exley"

Dennis and Jackie will check for any updates. Distinction being made between a lease and a purchase, the opinion based on logic that GML 103 pertains to purchases. Lease must be a "true lease" so there can't be a de minimis (ex. One dollar) purchase price at end of lease term.

We are a global technology company offering innovative products and solutions that help our clients navigate the complex world of commerce. We offer customer information management, location intelligence and customer engagement products and solutions to help our clients market to their customers, and shipping and mailing, and cross border ecommerce products and solutions that enable the sending of parcels and packages across the globe. More than 1.5 million clients around the world rely on our products, solutions and services. For more information about us, our products, services and solutions, visit www.pb.com.

Our Strategy and Business Segments

Our business is organized around three distinct sets of solutions -- Small and Medium Business Solutions (SMB), Enterprise Business Solutions and Digital Commerce Solutions (DCS).

Small and Medium Business Solutions

We are a global leader in providing a full range of equipment, software, supplies and services that enable our clients to efficiently create physical and digital mail and evidence postage for the sending of mail, flats and parcels. We segment the SMB Solutions group between our North America operations, comprising the U.S. and Canadian businesses, and our International operations, comprising all other SMB businesses globally. We are a leading provider of mailing systems globally with about 900,000 meters installed in our North America operations and over 300,000 meters installed elsewhere. This business is characterized by a high level of recurring revenue driven by rental, lease and loan arrangements, contract support services and supplies sales.

Enterprise Business Solutions

Our Enterprise Business Solutions group includes equipment and services that enable large enterprises to process inbound and outbound mail. The Enterprise Business Solutions group includes our Production Mail operations and Presort Services operations.

Production Mail

Our product and service offerings enable clients to integrate all areas of print and mail into an end-to-end production environment from message creation to dispatch while realizing cost savings on postage. The core products within this segment include high-speed, high-volume inserting equipment, customized sortation products for mail and parcels and high-speed digital color printing systems that create high-value, relevant and timely communications targeted to our clients' customers. Beginning in 2016, we will offer new services and technical innovations including cloud connectivity for machines.

Presort Services

We are a national outsource provider of mail presort services for first-class, standard-class and flat mail in the U.S. and a workshare partner of the United States Postal Service (USPS). Our Presort Services network and fully-customized proprietary technology provides our clients with end-to-end solutions from pick up at their location to delivery into the postal system network. We process approximately 15 billion pieces of mail annually and are able to expedite mail delivery and optimize postage savings for our clients.

Digital Commerce Solutions

Within the Digital Commerce Solutions group, we provide a broad range of solutions, including customer information management, location intelligence and customer engagement software and shipping management and cross border ecommerce solutions for businesses of all sizes. These solutions are primarily delivered as traditional software licenses, enterprise platforms, software-as-a-service (SaaS) and on-demand applications. Our Digital Commerce Solutions group includes Software Solutions and Global Ecommerce.

Software Solutions

Customer information management solutions help businesses harness and deliver a deep and broad understanding of their customers and their context, such as location, relationships, propensity, sentiment and influence. The trusted data and associated insights allow our clients to deliver a personalized customer experience across multiple channels, manage risk and compliance, and improve sales, marketing and service effectiveness. We are one of the market leaders in the data quality segment. Large corporations and government agencies rely on our products in complex, high-volume, transactional environments to support their business processes.

Location intelligence solutions enable our clients to organize and understand the complex relationships between location, geographic and other forms of data to drive business decisions and customer experiences. Our location intelligence solutions use predictive analytics, location, geographic and socio-demographic characteristics, which enable our clients to harness the power of location to better serve their customers, solve business problems, deliver location-based services and ultimately drive business growth.

Customer engagement solutions provide clients with insight and understanding into customer behavior and interactions across the entire customer lifecycle, enabling them to orchestrate impactful, relevant and timely physical and digital interactions. When coupled with our inserting, sortation and digital print products, we are able to provide clients an all-inclusive solution that enables them to create, print and distribute wide-spread targeted customer communications. Our customer engagement solutions enable our clients to create connected experiences that positively influence future consumer behavior and generate business growth.

Global Ecommerce

Global Ecommerce includes our cross-border ecommerce solutions and shipping management solutions. Our cross-border ecommerce technology and services platforms enable retailers to transact with consumers globally. With our proprietary technology, we are able to manage all aspects of the international shopping and shipping experience, including multi-currency pricing, payment processing, fraud management, calculation of fully landed costs by quoting duty, taxes and shipping at checkout, compliance with product restrictions, export complexities and documentation requirements for customs clearance and brokerage and global logistics services. Our cross-border ecommerce software platforms are currently utilized by over 250 direct merchants as well as a major online marketplace enabling millions of parcels to be shipped to over 200 countries and territories worldwide. In 2015, we expanded our cross-border ecommerce capabilities through the acquisition of Borderfree, Inc. See Note 3 to the Consolidated Financial Statements.

Shipping management solutions enable clients to reduce transportation and logistics costs, select the best carrier based on need and cost, improve delivery times and track packages in real-time. We also offer scalable global logistics management systems that can be integrated into mail centers for the office and retail markets, as well as desktop and production shipping environments.

See Item 7, "Management Discussion and Analysis of Financial Condition and Results of Operations" and Note 2 to the Consolidated Financial Statements for additional segment and geographic information.

Client Service

We have a client care service organization that provides telephone, online and on-site support to diagnose and repair our increasingly complex mailing equipment, production printers and sophisticated software solutions. Most of our support services are provided under annual contracts.

Sales and Marketing

We market our products and services through a direct and inside sales force, direct mailings, telemarketing, independent dealers and distributors and web channels. We sell to a variety of business, governmental, institutional and other organizations, and in our Ecommerce business only, we also sell to consumers as well as a variety of businesses. We have a broad base of clients and are not dependent upon any one client or type of client for a significant part of our total revenue.

In 2014, we began a phased roll-out in our SMB Solutions operations of a strategy designed to provide clients broader access to products and services, improve the sales process and reduce costs by shifting more of our client coverage from field sales to inside sales. During 2015, we successfully rolled out this strategy worldwide and in 2016, we will begin shifting more client coverage activity to web channels.

We have made, and are continuing to make, significant investments in the rebranding of the company. These investments include marketing and advertising spending designed to build market awareness and client demand for our products and services, and enhance our operational and go-to-market changes, including how we sell to and service clients.

Competition

All of our businesses face competition from a number of companies. Our competitors range from large, multinational companies that compete against many of our businesses to smaller, more narrowly focused regional and local firms. We compete on the basis of technology and innovation; breadth of product offerings; our ability to design and tailor solutions to specific client needs; performance; client service and support; price; quality and brand.

We must continue to invest in our current technologies, products and solutions, and in the development of new technologies, products and solutions in order to maintain and improve our competitive position. We will encounter new competitors as we transition to higher value markets and offerings and enter new markets.

A summary of the competitive environment for each of our business segments is as follows:

North America Mailing and International Mailing

We face significant competition from other mail equipment and software companies, companies that offer products and services as alternative means of message communications and non-traditional competitors that offer shipping and mailing products and services through online solutions. The principal competitive factors include the composition of offerings between software and hardware solutions, pricing, available financing and payment offerings, product reliability, support services, industry knowledge and expertise and attractiveness of alternative communication methods. Our competitive advantage includes our breadth of physical and web-based digital offerings, customer service and our extensive knowledge of the shipping and mailing industry.

Through our wholly owned subsidiary, The Pitney Bowes Bank (the Bank), we offer a revolving credit solution to our SMB clients in the United States that enables them to pay for postage, the rental of certain mailing equipment and purchase products, supplies and services. The Bank also provides an interest-bearing deposit solution to those clients in the United States who prefer to prepay postage. We also provide similar revolving credit solutions to our clients in Canada and the U.K but do not offer these through the Bank in overseas markets. Our financing operations face competition, in varying degrees, from large, diversified financial institutions, including leasing companies, commercial finance companies and commercial banks, as well as small, specialized firms. Not all our competitors are able to offer these financing and payment solutions to their customers and we believe these solutions differentiate us from our competitors and are a source of competitive advantage. The Bank is chartered as an Industrial Bank under the laws of the State of Utah, and regulated by the Federal Deposit Insurance Corporation (FDIC) and the Utah Department of Financial Institutions.

Production Mail

We face competition from other companies that offer large production printers, inserters or sorters. We also face competition from the fact that some companies choose to outsource although those outsource providers can also be our customers. Our competitive advantage lies in our ability to offer all of these products and services and integrate them into an end-to-end solution. The principal competitive factors include functionality, reliability, productivity, price and support.

Presort Services

We face competition from regional and local presort providers, service bureaus that offer presort solutions as part of a larger bundle of outsourcing services and large entities that have the capability to presort their own mailings in-house. The principal competitive factors include innovative service, delivery speed, industry expertise and economies of scale. Our competitive advantage includes our extensive network of presort facilities capable of processing significant volumes of mail and our innovative and proprietary technology that enables us to provide our clients with reliable and accurate services at maximum discounts.

Software Solutions

We operate in several highly competitive and rapidly evolving markets and face competition ranging from large global companies that offer a broad suite of solutions to smaller, more narrowly-focused companies that can design very targeted solutions. The principal competitive factors include reliability, functionality and ease of integration and use, scalability, innovation, support services and price. We compete based on the accuracy and processing speed of our solutions, particularly those used in our location intelligence solutions, the breadth and scalability of our products and solutions, our geocoding and reverse geocoding capabilities, and our ability to identify rapidly changing customer needs and develop technologies and solutions to meet these changing needs.

Global Ecommerce

The market for international ecommerce software and fulfillment services is highly fragmented, and includes competitors of various sizes, including companies with greater financial resources than us, some that specialize in point solutions or freight forwarding services, full-service ecommerce business process outsourcers and online marketplaces with international logistic support. In addition, major global delivery services companies are acquiring the technology to improve their cross border ecommerce shipping capabilities. The principal competitive factors include reliability, functionality and ease of integration and use, scalability, innovation, support services and price. We compete based on the accuracy, reliability and scalability of our platform, and our ability to provide our clients and their customers a one-stop full-service cross border ecommerce experience.

Financing Solutions

We offer a variety of finance and payment solutions to clients to finance their equipment and product purchases, rental and lease payments, postage replenishment and supplies purchases. We establish credit approval limits and procedures based on the credit quality of the client and the type of product or service provided to control risk in extending credit to clients. In addition, we utilize a systematic decision program for certain leases. This program is designed to facilitate low dollar transactions by utilizing historical payment patterns and losses realized for clients with common credit characteristics. The program defines the criteria under which we will accept a client without performing a more detailed credit investigation, such as maximum equipment cost, a client's time in business and payment experience.

We closely monitor the portfolio by analyzing industry sectors and delinquency trends by product line, industry and client to ensure reserve levels and credit policies reflect current trends. Management continues to closely monitor credit lines and collection resources and revise credit policies as necessary to be more selective in managing the portfolio.

Research, Development and Intellectual Property

We invest in research and development programs to develop new products and solutions, enhance the effectiveness and functionality of existing products and solutions and deliver high value technology, innovative software and differentiated services in high value segments of the market. As a result of our research and development efforts, we have been awarded a number of patents with respect to several of our existing and planned products. However, our businesses are not materially dependent on any one patent or license or group of related patents or licenses. Research and development expenditures were $110 million, in each of 2015, 2014 and 2013.

Material Suppliers

We depend on third-party suppliers for a variety of services, components, supplies and a large portion of our product manufacturing. In certain instances, we rely on single-sourced or limited-sourced suppliers around the world because the relationship is advantageous due to quality, price, or there are no alternative sources. We have not historically experienced shortages in services, components or products and believe that our available sources for materials, components, services and supplies are adequate.

Regulatory Matters

We are subject to the regulations of postal authorities worldwide related to product specifications and business practices involving our postage meters. We are further subject to the regulations of the State of Utah Department of Financial Institutions and the FDIC with respect to the operations of the Bank and certain company affiliates that provide services to the Bank. We are also subject to the regulations of transportation, customs and other trade authorities worldwide related to the cross-border shipment of equipment, materials and parcels. In addition, we are subject to regulations worldwide concerning data privacy and security for our businesses that use, process and store certain personal, confidential or proprietary data.

Employees and Employee Relations

At December 31, 2015, we have approximately 10,500 employees in North America and 4,300 employees internationally. We believe that our current relations with employees are good. Management keeps employees informed of decisions and encourages and implements employee suggestions whenever practicable.

ITEM 1A. RISK FACTORS

Our operations face certain risks that should be considered in evaluating our business. We manage and mitigate these risks on a proactive basis, including through the use of an enterprise risk management program. Nevertheless, the following risk factors, some of which may be beyond our control, could materially impact our business, financial condition, results of operations, brand and reputation, and may cause future results to be materially different than our current expectations. These risk factors are not intended to be all inclusive.

We are subject to postal regulations and processes, which could adversely affect our revenue and profitability.

A significant portion of our revenue and profitability is directly or indirectly subject to regulation and oversight by postal authorities worldwide. We depend on a healthy postal sector in the geographic markets where we do business, which could be influenced positively or negatively by legislative or regulatory changes in those countries. Our revenue and profitability in a particular country could be affected by adverse changes in postal regulations, the business processes and practices of individual posts, the decision of a post to enter into particular markets in direct competition with us and the impact of any of these changes on postal competitors that do not use our products or services. These changes could affect product specifications, service offerings, client behavior and the overall mailing industry.

If we are not able to respond to the continuing decline in the volume of physical mail delivered via traditional postal services, our results of operations and profitability could be adversely impacted.

Declining mail volumes has had an adverse impact on our revenues and profitability and is expected to continue to influence our revenue and profitability in the future. We continue to employ strategies for stabilizing the mailing business which include new product and service offerings, transitioning our current products and services to more digital offerings and providing our clients broader access to products and services through online and direct sales channels. There is no guarantee that these offerings will be widely accepted in the marketplace, and they will likely face competition from existing and emerging alternative products and services.

Further, an accelerated or sudden decline in physical mail volumes could have an adverse effect on our mailing business. An accelerated or sudden decline could result from, among other things, changes in our clients' communication behavior, changes in communication technologies or legislation or regulations that mandate electronic substitution, prohibit certain types of mailings, increase the difficulty of using information or materials in the mail, or impose higher taxes or fees on mailing or postal services.

If we are not successful at meeting the continuing challenges faced in our mailing business, or if physical mail volumes were to experience an accelerated or sudden decline, our financial results could be negatively impacted.

We may not realize the anticipated benefits from our implementation of a new Enterprise Resource Planning (ERP) system, and the transition to the new ERP system may not be uninterrupted or error-free.

We have made, and will continue to make, significant investments in the development and implementation of a new ERP system that is expected to provide operating cost savings through the elimination of redundant systems and strategic efficiencies through the use of a standardized, integrated system. In the fourth quarter of 2015, we completed the implementation of the ERP system for our Canadian operations and will begin implementing this system in the U.S. in 2016. If the implementation of the ERP system in the U.S. is not successful, or is delayed, the expected operating cost savings and strategic efficiencies may be delayed or may not be obtained or sustainable and may prevent us from introducing new products or services.

Further, the transition to the new ERP system will affect numerous systems necessary for the company's operation. If we fail to correctly implement one or more components of the ERP system, we could experience significant disruption to our operations. Such disruptions could include, among other things, temporary loss of data, inability to process certain orders, failure of systems to communicate with each other and the inability to track or reconcile key data.

If we are unable to protect our information technology systems against service interruptions, misappropriation of data, or breaches of security resulting from cyber-attacks or other events, or we encounter other unforeseen difficulties in the operation of our information technology systems, our operations could be disrupted, our reputation may be harmed and we could be subject to legal liability or regulatory enforcement action.

We rely on the continuous and uninterrupted performance of our information technology systems to support numerous business processes and activities, to support and service our clients, to support consumer transactions and to support postal services. Several of our businesses use, process and store proprietary information and sensitive or confidential data relating to our businesses, our clients, consumers and our employees. Privacy laws and similar regulations in many jurisdictions where we do business require that we take significant steps to safeguard such information, and such legal requirements continue to evolve. In today's environment there are numerous risks to cybersecurity and privacy, including individual and groups of criminal hackers, industrial espionage, employee errors and/or malfeasance and technological errors. These cyber threats are constantly evolving, thereby increasing the difficulty of detecting and successfully defending against them. We have security systems and procedures in place designed to ensure the continuous and uninterrupted performance of our information technology systems and protect against unauthorized access to such information. However, there is no guarantee that these security measures will prevent or detect the unauthorized access by experienced computer programmers, hackers or others. Successful breaches could, among other things, result in the unauthorized disclosure, theft and misuse of company, client, consumer and employee sensitive and confidential information, disrupt the performance of our information technology systems and deny services to our clients. Additionally, we could be exposed to potential liability, litigation, governmental inquiries, investigations or regulatory enforcement actions, our brand and reputation damaged, and we could be subject to the payment of fines or other penalties, legal claims by our clients and significant remediation costs.

Our systems are also subject to adverse acts of nature, computer viruses, vandalism, power loss, computer or communications failures and other unexpected events. We have business continuity and disaster recovery plans in place to protect our business operations in case of such events; however, there can be no guarantee that these plans will function as designed. If our information technology systems are damaged or cease to function properly, we could be prevented from fulfilling orders and servicing clients and postal services. Also, we may have to make a significant investment to repair or replace these systems, and could suffer loss of critical data and interruptions or delays in our operations.

We depend on third-party suppliers and outsource providers and our business could be adversely affected if we fail to manage these vendors effectively.

We depend on third-party suppliers and outsource providers for a variety of services, components and supplies, including a large portion of our product manufacturing, the hosting of our software-as-a-service offerings, as well as the logistics portion of our cross-border ecommerce business, and some non-core functions and operations. In certain instances, we rely on single-sourced or limited-sourced suppliers and outsourcing vendors around the world because doing so is advantageous due to quality, price or lack of alternative sources. If production or services were interrupted and we were not able to find alternate third-party suppliers, we could experience disruptions in manufacturing and operations including product shortages, higher freight costs and re-engineering costs. If outsourcing services were interrupted, not performed, or the performance was poor, our ability to process, record and report transactions with our clients, consumers and other constituents could be impacted. Such interruptions in the provision of supplies and/or services could impact our ability to meet client demand, damage our reputation and client relationships and adversely affect our revenue and profitability.

Capital market disruptions and credit rating downgrades could adversely affect our ability to provide competitive financing services to our clients and to fund various discretionary priorities.

Our financing activities include, among other things, providing competitive financing offerings to our clients and funding various discretionary priorities, such as business investments, strategic acquisitions, share repurchases and dividend payments. We fund these activities through a combination of cash generated from operations, deposits held in the Bank, commercial paper borrowings and long-term borrowings.

Our ability to fund these activities is dependent, in part, upon our ability to borrow and the cost of borrowing in U.S. capital markets. This ability and the cost, in turn, is dependent upon our credit ratings and is subject to capital market volatility. A credit ratings downgrade, an increase in the company's credit default swap spread, material capital market disruptions, significant withdrawals by depositors at the Bank, adverse changes to our industrial loan charter or a significant decline in cash flow could impact our ability to provide competitive finance offerings to our clients and fund other financing activities, which in turn, could adversely affect our revenue, profitability and financial condition.

The international nature of our Global Ecommerce segment subjects us to increased customs and regulatory risks from cross-border transactions, and fluctuations in foreign currency exchange rates. Further, the loss of any of our largest clients in our Global Ecommerce segment could have a material adverse effect on the segment.

International sales generated by our clients processing transactions through our platform are the primary source of both revenue and profit for the Global Ecommerce segment. Our Global Ecommerce segment is subject to significant trade regulations, taxes, and duties throughout the world. Any changes to these regulations could potentially impose increased documentation and delivery requirements, increase costs, delay delivery times, and subject us to additional liabilities, which could negatively impact our ability to compete in international markets and adversely impact our revenues and profitability.

The operating results of, and sales generated from, many of our clients' internationally focused websites running on our platform are exposed to foreign exchange rate fluctuations. Currently, our platforms are located in the United States and United Kingdom and a majority of consumers making purchases through these platforms are in a limited number of foreign countries. A strengthening of the U.S. Dollar or British Pound relative to currencies in the countries where we do the most business impacts our ability to compete internationally as the cost of similar international products improves relative to the cost of U.S. and U.K. retailers' products. A strong U.S. Dollar or British Pound would likely result in a decrease in international sales volumes, which would adversely affect the segment's revenue and profitability.

The Global Ecommerce segment is dependent on a relatively small number of significant clients and business partners for a large portion of its revenue. The loss of any of these larger clients or business partners, or a substantial reduction in their use of our products or services, could have a material adverse effect on the revenue and profitability of the segment. There can be no assurance that our larger clients and business partners will continue to utilize our products or services at current levels, or that we would be able to replace any of these clients or business partners with others who can generate revenue at current levels.

Our inability to obtain and protect our intellectual property and defend against claims of infringement by others may negatively impact our operating results.

Our business success depends in part upon protecting our intellectual property rights, including proprietary technology developed or obtained through acquisitions. We rely on copyrights, patents, trademarks and trade secrets and other intellectual property laws to establish and protect our proprietary rights. If we are unable to protect our intellectual property rights, our competitive position may suffer which could adversely affect our revenue and profitability.

From time to time, third-parties may claim that we, our clients, or our suppliers, have infringed their intellectual property rights. These claims, if successful, may require us to redesign affected products, enter into costly settlement or license agreements, pay damage awards, or face a temporary or permanent injunction prohibiting us from marketing or selling certain products.

If we fail to comply with government contracting regulations, our operating results, brand name and reputation could suffer.

We have a significant number of contracts with governmental entities. Government contracts are subject to extensive and complex procurement laws and regulations, along with regular audits and investigations by government agencies. If one or more government agencies discovers instances of contractual non-compliance in the course of an audit or investigation, we may be subject to various civil or criminal penalties and administrative sanctions, which could include the termination of the contract, reimbursement of payments received, fines and debarment from doing business with one or more governments. Any of these events could not only affect us financially, but also adversely affect our brand and reputation.

We may not realize the anticipated benefits of strategic acquisitions and divestitures, which may harm our financial results.

As we increase our focus towards providing more digital technology and software solutions while maintaining a leadership role in the mailing industry, we may make strategic acquisitions or divest certain businesses. These acquisitions and divestitures may involve significant risks and uncertainties, which could have an adverse effect on our operating results, including:

- difficulties in achieving anticipated benefits or synergies from acquisitions and divestitures;
- difficulties in integrating newly acquired businesses and operations, including combining product and service offerings and entering new markets, or reducing fixed costs previously associated with divested businesses;
- the loss of key employees or clients of businesses acquired or divested; and
- significant charges to earnings for employee severance and other restructuring costs, goodwill and asset impairments and legal, accounting and financial advisory fees.

Our investment in rebranding the company and enhancing marketing programs to build the market awareness necessary to create demand for our businesses may not result in increased revenue and could adversely affect our profitability.

Our new brand strategy and identity are important to the next phase of our global business transformation. Our phased roll-out of the new branding through an advertising campaign, which is now entering a new phase in its progress, is integrated into the way we sell and service clients, and acquire new clients, including sales collateral and the digital experience of getting information, service performance and transacting on our website. These factors are important to maintaining acceptance of our products and services by our existing clients and achieving increased acceptance with new clients. We expect increased spending in brand development and marketing promotion activities and if this increased spending does not result in increased revenue sufficient to offset these expenses, our profitability could be adversely affected.

Our operational costs could increase from changes in environmental regulations, or it could be subject to significant liabilities.

We are subject to various federal, state, local and foreign environmental protection laws and regulations around the world, including without limitation, those related to the manufacture, distribution, use, packaging, labeling, recycling or disposal of our products or the products of our clients for whom we perform services. Environmental rules concerning products and packaging can have a significant impact on the cost of operations or affect our ability to do business in certain countries. We are also subject to laws concerning use, discharge or disposal of materials. All of these laws are complex, change frequently and have tended to become more stringent over time. If we are found to have violated these laws, we could be fined, criminally charged, otherwise sanctioned by regulators, or we could be subject to liability and clean-up costs. These risk can apply to both current and legacy operations and sites. From time to time, we may be involved in litigation over these issues. The amount and timing of costs under environmental laws are difficult to predict and there can be no assurance that these costs will not have an adverse effect our financial condition, results of operations or cash flows.

ITEM 3. LEGAL PROCEEDINGS

In the ordinary course of business, we are routinely defendants in, or party to, a number of pending and threatened legal actions. Some of these actions may be brought as a purported class action on behalf of a purported class of employees, clients or others.

In December 2013, we received a Civil Investigative Demand (CID) from the Department of Justice (DOJ) pursuant to the False Claims Act requesting documents and information relating to compliance with certain postal regulatory requirements in our Presort Services business. We provided information to the DOJ in response to letter requests and the CID. ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with our consolidated financial statements and related notes. This discussion and analysis contains forward-looking statements based on management's current expectations, estimates and projections and involve risks and uncertainties. Our actual results may differ significantly from those currently expressed in our forward-looking statements as a result of various factors, including those factors described under "Forward-Looking Statements" and "Risk Factors" contained elsewhere in this Annual Report. All table amounts are presented in thousands of dollars, unless otherwise stated.

Overview

During 2015, we continued to execute on our strategic priorities to stabilize our mail business, drive operational excellence and grow our business through digital commerce. We expanded our marketing efforts to build awareness of our unique capabilities and refreshed our brand identity, completed our transition to a larger inside sales organization (part of our changes in our go-to-market strategy) in major markets, launched several new products and repositioned our portfolio through acquisitions and divestitures. We acquired a provider of cross-border ecommerce solutions through a proprietary technology and services platform that enables retailers to transact with consumers around the world, a provider of technology that enables clients to provide personalized interactive video communications to their customers, and expanded our presort sites. We also sold our marketing services business, Imagitas, and exited certain geographic markets as part of our initiative to simplify our geographic footprint. We also continued to reduce costs through our restructuring initiatives and worked to implement our new global enterprise resource planning (ERP) system, which was launched in Canada in the fourth quarter of 2015.

The U.S. dollar remained strong against other currencies throughout the year, which adversely affected our reported revenues and profitability, both from a translation perspective as well as a competitive perspective, as the cost of our international competitors' products and solutions improved relative to products and solutions manufactured or sold from the U.S. The current strength of the dollar relative to other currencies also affected demand for U.S. goods sold to consumers in other countries through our global ecommerce operations.

In the second quarter, we acquired Borderfree and sold Imagitas. As a result we realigned our segment reporting. Our business continues to be organized around three distinct sets of solutions - Small and Medium Business (SMB) Solutions, Enterprise Business Solutions and Digital Commerce Solutions (DCS). There were no changes to SMB Solutions or Enterprise Business Solutions. Within DCS, we now report Software Solutions and Global Ecommerce as reportable segments. Imagitas, previously included in DCS, is now reported in Other.

Revenue for 2015 decreased 6% to $3,578 million compared to $3,822 million in 2014. Revenue was negatively impacted by 3% due to foreign currency translation, 2% from the sale of Imagitas and 1% from the exit of non-core product lines in Norway and the transition in certain European countries to a dealer network in the third quarter of 2014 (Divested Businesses). Revenue benefited by 2% from the acquisition of Borderfree.

On a reported basis, equipment sales declined 10%, support services declined 11%, software declined 10%, rentals revenue declined 9%, financing declined 5% and supplies declined 4%. Partially offsetting these declines, was revenue growth in business services of 3%.

Excluding the impacts of foreign currency, equipment sales declined 5%, primarily due to continued weakness in our international markets reflecting difficult economic circumstances and productivity disruptions caused by the implementation of our go-to-market strategy primarily in France. Support services revenue declined 7% and rentals revenue declined 6% due to fewer mailing machines in service and a shift by customers to lower cost, less featured mailing machines. Support services revenue was also impacted by lower maintenance contracts on production mail equipment as some in-house mailers moved their mail processing to third-party service bureaus who service some of their own equipment. Software revenue declined 5% primarily due to the inclusion of significant North America licensing deals in 2014. These declines were partially offset by revenue growth in business services of 3% primarily due to the acquisition of Borderfree and higher volumes of mail processed in presort services.

Looking at our operating segments, SMB Solutions revenue declined 9% primarily due to the unfavorable impact from foreign currency translation of 4%, the continuing decline in installed meters and shift by clients to lower cost, less fully featured machines and declines in our international mailing operations due to difficult economic circumstances and productivity disruptions. Enterprise Business Solutions revenue decreased 3%, primarily due to the unfavorable impact from currency translation of 3% and lower service revenue in Production Mail, partially offset by increased volumes in Presort Services. DCS revenue increased 5% primarily due to the acquisition of Borderfree and higher volume of packages shipped from our U.K. outbound cross-border service facility, which began in the fourth quarter of 2014, partially offset by lower software licensing revenue due to the inclusion of significant large licensing deals in 2014.

Net income from continuing operations and earnings per diluted share for the year were $403 million and $2.00, respectively, compared to $300 million and $1.47, respectively, in 2014. The increase was primarily due to improving gross margins and lower selling, general and administrative expenses due in part to the benefits of our restructuring actions, changes in our go-to-market strategy and other productivity initiatives. A 5% increase in the effective tax rate partially offset these benefits.

We generated cash flow from operations of $515 million, received proceeds of $292 million from the sale of Imagitas and $52 million from the sale of our former corporate headquarters building and other assets, and issued $90 million of commercial paper. We used cash of $394 million to acquire businesses, $365 million to reduce debt, $166 million to fund capital investments, $168 million to pay dividends to our stockholders and noncontrolling interests and $132 million to repurchase our common stock. At December 31, 2015, cash and cash equivalents was $651 million.

Outlook

Our growth initiatives continue to focus on leveraging our expertise in physical and digital communications, hybrid communications and the development of products, software, services and solutions that help our clients connect with customers to power commerce and grow their businesses.

In 2016, we will continue to invest in the implementation of our ERP system in the United States and launch a new advertising campaign. We anticipate the continued benefits from our restructuring actions, synergies from acquisitions, the benefits of the go-to-market strategy in major markets and expected benefits from the implementation of the new ERP system should mostly offset these incremental costs.

In February 2016, we received additional authorization to repurchase an additional $150 million of our common stock and expect to repurchase up to $215 million of our common stock during 2016.

During 2015, we experienced a considerable strengthening of the U.S. dollar. A continuing strong U.S. dollar could adversely affect our reported revenues and profitability, both from a translation perspective and as a competitive perspective, as the cost of international competitors' products and solutions improves relative to products and solutions sold from the U.S. A strengthening dollar could also continue to affect demand for U.S. goods sold to consumers in other countries through our global ecommerce operations.

Within SMB Solutions, the introduction of new solutions and services is being well-received in the marketplace and we anticipate further stabilization in revenue through further product upgrades and launches in 2016. Internationally, the implementation of our go-to-market strategy is now complete in our major markets and as a result we expect stabilizing trends in those markets. We will also focus on the transition and training of a new sales organization, which is expected to improve productivity.

Within Enterprise Business Solutions, we expect continued revenue and profitability growth in Presort Services due to client expansion and higher processed mail volumes; however, we anticipate that Production Mail revenue growth will continue to be challenged by the uncertain macroeconomic environment in Europe and declining services revenue.

Within DCS, we anticipate increased demand in Software Solutions due to new industry-specific solutions, expansion of our partner channel and improved sales efficiencies, and revenue growth in Global Ecommerce from our retail business and continued demand for our shipping solutions driven by new client acquisitions and expanded services provided to existing clients should further enhance our performance. In January 2016, we acquired a cloud-based, software-as-a-service enterprise retail and fulfillment solutions company.

Equipment sales

Equipment sales decreased 10% in 2015 compared to 2014. Foreign currency translation adversely affected equipment sales by 5%. Excluding the impact of foreign currency, equipment sales declined 3% in international markets primarily due to difficult economic circumstances and productivity disruptions caused by the implementation of our go-to-market strategy in Europe and lower sales of production mail equipment worldwide. Sales in North America declined 1% due to the continuing trend of clients to extend existing leases rather than purchase new equipment. Cost of equipment sales as a percentage of equipment sales revenue of 47.6% was comparable to the prior year.

Equipment sales decreased 11% in 2014 compared to 2013. Approximately half of this decrease came from lower sales of production mail inserters and high-speed printers due to significant installations of this equipment in 2013 and half came from lower sales in our SMB group due to a temporary distraction from the transition to an inside sales organization and reassignment of accounts and resources in North America, the impact of Divested Businesses and lower sales in France. Cost of equipment sales as a percentage of equipment sales revenue decreased to 47.5% compared to 48.7% in the prior year primarily due to the decline in sales of production printers, which have a lower margin relative to other products.

Supplies

Supplies revenue decreased 4% in 2015 compared to 2014. Foreign currency translation adversely impacted supplies revenue by 6%. Excluding the impact of foreign currency, supplies revenue increased 2% due to productivity improvements and pricing actions in our North America mailing business and higher sales of supplies for production printers. Cost of supplies as a percentage of supplies revenue improved to 30.8% in 2015 compared to 31.2% in 2014 primarily due to a greater mix of higher margin core supplies.

Supplies revenue increased 5% in 2014 compared to 2013. Targeted outreach to customers and pricing actions contributed to a 3% increase and the remaining 2% was due to the growing base of production print equipment. Cost of supplies as a percentage of supplies revenue was virtually unchanged at 31.2% in 2014 compared to 31.3% in 2013.

Software

Software revenue decreased 10% in 2015 compared to 2014. Foreign currency translation adversely impacted software revenue by 5%. Software revenue in 2015 compared to 2014 was also impacted by 4% due to more significant licensing deals in 2014 compared to 2015. Excluding the impact of foreign currency and the significant licensing deals in 2014, software revenue declined 1%, primarily due to declines in maintenance, data and services revenue. Cost of software as a percentage of software revenue increased to 29.4% in 2015 compared to 28.8% in 2014 primarily due to the decline in high-margin licensing revenue.

Software revenue increased 8% in 2014 compared to 2013, primarily due to a 33% increase in worldwide licensing revenue from our software solutions products, particularly enterprise location intelligence. Cost of software as a percentage of software revenue increased to 28.8% compared to 27.8% in the prior year primarily due to investments in the specialization of the software sales channel and higher production costs.

Rentals

Rentals revenue decreased 9% in 2015 compared to 2014. Foreign currency translation adversely impacted rentals revenue by 3%. Excluding the impact of foreign currency, rentals revenue declined 6% primarily due to the continuing decline in the number of installed meters and shift by clients to less-featured, lower cost machines. Cost of rentals as a percentage of rentals revenue improved to 19.1% in 2015 compared to 20.1% in 2014 primarily due to lower depreciation.

Rentals revenue decreased 5% in 2014 compared to 2013. Rentals revenue declined 4% due to a reduction in the number of installed meters and clients downgrading to lower cost, less functional machines and 1% due to lower rentals revenue in France. Cost of rentals as a percentage of rentals revenue increased to 20.1% compared to 19.6% in the prior year primarily due to a higher proportion of fixed costs as a percentage of revenue.

Financing

Financing revenue decreased 5% in 2015 compared to 2014. Foreign currency translation accounted for 3% of the decrease and lower equipment sales in prior periods and a declining lease portfolio accounted for the remaining decrease. Financing revenue decreased 4% in 2014 compared to 2013 as a result of declining equipment sales in prior years.

We allocate a portion of our total cost of borrowing to financing interest expense. In computing financing interest expense, we assume a 10:1 debt to equity leverage ratio and apply our overall effective interest rate to the average outstanding finance receivables. Due to declining equipment sales in prior periods, average outstanding finance receivables declined. As a result, financing interest expense declined 9% in 2015 compared to 2014. Financing interest expense as a percentage of financing revenue improved to 17.5% in 2015 compared to 18.1% in 2014. Financing interest expense as a percentage of financing revenue increased in 2014 as compared to 2013 due to an increase in our overall effective interest rate.

Support Services

Support services revenue decreased 11% in 2015 compared to 2014, primarily due to 5% from foreign currency translation and 2% from Divested Businesses. Support services revenue was also impacted by lower maintenance contracts on production mail equipment as some in-house mailers moved their mail processing to third-party service bureaus who service some of their own equipment. Cost of support services as a percentage of support services revenue decreased to 58.2% in 2015 compared to 60.3% in 2014 primarily due to expense reductions and productivity initiatives.

Support services revenue decreased 3% in 2014 compared to 2013 primarily due to declines in our mailing business due to fewer installed mailing machines in North America and the impact of Divested Businesses. Cost of support services as a percentage of support services revenue improved to 60.3% in 2014 compared to 61.9% in 2013 primarily due to continued focus on expense reductions and productivity initiatives.

Business Services

Business services revenue increased 3% in 2015 compared to 2014. Business services revenue for 2015 was impacted by the sale of Imagitas in May 2015 and the acquisition of Borderfree in June 2015. Excluding the impacts of these transactions, business services revenue increased 5% in 2015 compared to 2014. Higher volumes of mail processed in Presort Services increased business services revenue 2% and additional volumes of packages shipped from our U.K. outbound cross-border service facility increased business services revenue 4%. Cost of business services as a percentage of business services revenue improved to 68.1% in 2015 and compared to 70.0% in 2014, primarily due to operational efficiencies in Presort Services and higher revenue.

Business services revenue increased 23% in 2014 compared to 2013. Higher volumes in our global ecommerce solutions contributed to

a 17% increase, higher volumes of first-class mail processed and improved operational efficiencies in our Presort Services business contributed to a 4% increase and higher marketing services fees due to new clients contributed to a 2% increase. Cost of business services as a percentage of business services revenue improved to 70.0% in 2014 compared to 71.3% in 2013 as margin improvement in our presort operations and marketing services more than offset our continuing investment in our global ecommerce solutions.

Selling, general and administrative (SG&A)

SG&A expense decreased 7% in 2015 compared to 2014 despite expenses of $13 million associated with implementation of our ERP system, a one-time compensation charge of $10 million for the accelerated vesting and settlement of Borderfree stock-based compensation awards, additional amortization expense of $9 million related to the acquisition of Borderfree and costs of $5 million related to the exit of certain geographic markets during the fourth quarter of 2015. The overall decrease in SG&A expense is primarily due to our focus on operational excellence and the benefits of productivity and cost-cutting initiatives. Foreign currency translation also reduced SG&A expenses by 4% in 2015.

SG&A expense decreased 3% in 2014 compared to 2013 primarily due to the benefits of our restructuring actions and productivity initiatives and lower depreciation expense. These benefits were partially offset by expenses of $36 million incurred in connection with expanded branding and marketing programs and the planned implementation of an ERP system.

Restructuring charges and asset impairments, net

Restructuring charges and asset impairments of $26 million in 2015 consists of a restructuring charge of $21 million and a loss of $5 million on the sale of the corporate headquarters building. See Note 12 to the Consolidated Financial Statements for further details.

Other (income) expense, net

Other income, net for 2015 includes the gain on the sale of Imagitas of $112 million, transaction costs of $10 million incurred in connection with the acquisitions of Borderfree and RTC (see Note 3 to the Consolidated Financial Statements) and a charge of $7 million associated with the settlement of a legal matter (see Note 17 to the Consolidated Financial Statements).

Other expense, net for 2014 includes costs of $62 million incurred in connection with the early redemption of debt offset by $16 million recognized in connection with the divestiture of a partnership investment.

Other expense, net for 2013 includes costs associated with the early redemption of debt.

North America Mailing

North America Mailing revenue decreased 4% in 2015 compared to 2014. Foreign currency translation had a 1% unfavorable impact on revenue. Excluding the impact of foreign currency, rentals revenue and support services revenue decreased 5% and 7%, respectively, due to the continuing decline in installed meters and shift by clients to lower cost, less fully featured machines. Equipment sales decreased 3% primarily due to the decline in the first half of the year caused by declining mail volumes and the continuing trend of clients to extend existing leases rather than purchasing new equipment. Partially offsetting these declines was a 3% increase in supplies sales due to productivity improvements and pricing actions. Despite the decline in revenue, EBIT increased 1% primarily due to the benefits of productivity improvements and cost reduction initiatives and a favorable product mix.

North America Mailing revenue decreased 4% in 2014 compared to 2013. This decrease was due to lower rentals revenue and support services revenue due to a decline in the number of installed meters in service and lower equipment sales primarily due to a temporary distraction due to the transition to an inside sales organization and reassignment of accounts and resources. Financing revenue also declined due to lower equipment sales in current and prior years, but was offset by higher supply sales due to sales efficiencies and favorable pricing. Despite the decline in revenue, EBIT remained relatively flat due to cost savings from the transition to an inside sales organization and other ongoing productivity initiatives and cost reductions.

International Mailing

International Mailing revenue decreased 22% in 2015 as compared to 2014. Revenue was unfavorably impacted by 12% from foreign currency translation and 3% from Divested Businesses. Excluding the impacts of foreign currency and Divested Businesses, revenue decreased 7%. International Mailing results have been adversely impacted throughout the year by difficult economic circumstances in many of our international markets and productivity disruptions caused by the implementation of our go-to-market strategy in certain European markets, particularly in France. EBIT decreased 42% in 2015 as compared to 2014, primarily due to the decline in revenue and reduced margins due to productivity disruptions and incremental costs of transitioning the sales organization in France. Foreign currency translation unfavorably impacted EBIT by 10% in 2015.

International Mailing revenue decreased 5% in 2014 compared to 2013 primarily due to the impact of Divested Businesses and lower equipment sales and rentals in France. EBIT increased 24% in 2014 compared to 2013 primarily due to productivity and cost reduction initiatives and savings from the transition to an inside sales organization in certain European markets.

Enterprise Business Solutions

Production Mail

Production Mail revenue decreased 9% in 2015 compared to 2014. Revenue was unfavorably impacted by 5% from foreign currency translation and by less than 1% from Divested Businesses. Excluding the impacts of foreign currency and Divested Businesses, production mail revenue decreased 3% primarily due to declines in support services revenue of 5% as some in-house mailers moved their mail processing to third-party service bureaus who service some of their own equipment. Equipment sales decreased 1% compared to the prior year as lower sales in Europe and Asia-Pacific were mostly offset by higher sales in the United States. Despite the decline in revenue, EBIT increased 1% in 2015 compared to 2014 primarily due to a higher margin product mix and ongoing cost reduction initiatives.

Production Mail revenue decreased 10% in 2014 compared to 2013 primarily due to a 19% decline in equipment sales due to significant installations of production mail inserters and high-speed printers to certain enterprise customers in 2013. Support services revenue also declined but was more than offset by higher supplies revenue due to the growing base of production printers. EBIT decreased 14% in 2014 compared to 2013 primarily due to the decline in revenue.

Presort Services

Presort Services revenue increased 4% in 2015 compared to 2014 primarily due to a 6% increase in the volume of mail processed. EBIT increased 7% in 2015 compared to 2014 primarily due to the increase in revenue and lower transportation costs.

Presort Services revenue increased 6% in 2014 compared to 2013 primarily due to a 2% increase in the volume of first-class mail processed and improved operational efficiencies. EBIT increased 18% in 2014 compared to 2013 primarily due to the increase in revenue and improved operational efficiencies.

Digital Commerce Solutions

Software

Software Solutions revenue decreased 10% in 2015 compared to 2014. Foreign currency translation unfavorably impacted revenue by 5%. Software revenue in 2015 compared to 2014 was also impacted by 4% due to more significant licensing deals in 2014 as compared to 2015. Excluding the impact of foreign currency and significant licensing deals in 2014, software revenue declined 1%, primarily due to declines in maintenance, data and services revenue. EBIT decreased 5% primarily as a result of lower high-margin licensing revenue.

Software Solutions revenue increased 9% in 2014 compared to 2013, primarily due to a higher worldwide licensing revenue from our software solutions products, particularly enterprise location intelligence. Licensing revenue increased 36% in North America and 29% internationally, primarily due to product enhancements and investments in the specialization of the software sales channel. EBIT increased 7% primarily due to the increase in revenue.

Global Ecommerce

Global Ecommerce revenue increased 29% in 2015 compared to 2014 primarily due to the acquisition of Borderfree and higher volumes of packages shipped from our U.K. outbound cross-border service facility, which began in the fourth quarter of 2014. Volumes of packages shipped from our U.S. outbound cross-border service facility were lower than the prior year and continue to be pressured by a strong U.S. dollar. EBIT increased 16% in 2015 compared to 2014 as synergy savings from the Borderfree acquisition and recognition of $6 million of deferred cross-border delivery fees were more than offset by the incremental costs related to the Borderfree acquisition including $9 million of additional amortization expense.

Global Ecommerce revenue increased 66% in 2014 compared to 2013 due to an increase in the number of orders processed and parcels shipped. Late in the third quarter of 2014, we began outbound ecommerce services from the U.K., which had a small benefit to the full-year revenue. EBIT increased significantly in 2014 compared to 2013 primarily due to the increase in revenue and improved operating leverage which offset fixed costs and continued investments in global ecommerce technology and infrastructure.

Other

Other includes our Marketing Services business which was sold in May 2015.

LIQUIDITY AND CAPITAL RESOURCES

We believe that existing cash and investments, cash generated from operations and borrowing capacity under our commercial paper program will be sufficient to support our current cash needs, including discretionary uses such as capital investments, dividends, share repurchases and acquisitions. Cash and cash equivalents and short-term investments were $768 million at December 31, 2015 and $1,103 million at December 31, 2014. We continuously review our credit profile through published credit ratings and the credit default swap market. We also monitor the creditworthiness of those banks acting as derivative counterparties, depository banks or credit providers.

Cash and cash equivalents held by our foreign subsidiaries were $470 million at both December 31, 2015 and December 31, 2014. Cash and cash equivalents held by our foreign subsidiaries are generally used to support the liquidity needs of these subsidiaries. Most of these amounts could be repatriated to the U.S. but would be subject to additional taxes. Repatriation of some foreign balances is restricted by local laws.

Cash Flow Summary

The change in cash and cash equivalents is as follows:

	Years Ended December 31,			Change	
	2015	2014	2013	**2015**	2014
Net cash provided by operating activities	**$ 514**	$ 655	$ 625	**$ (141)**	$ 30
Net cash (used in) provided by investing activities	**(303)**	(147)	241	**(156)**	(388)
Net cash used in financing activities	**(571)**	(312)	(868)	**(259)**	556
Effect of exchange rate changes on cash and cash equivalents	**(44)**	(29)	(13)	**(15)**	(16)
Change in cash and cash equivalents	**$ (404)**	$ 167	$ (15)	**$ (571)**	$ 182

Cash flows from operations decreased $141 million in 2015 compared to 2014, primarily due to the timing of payments of accounts payable and accrued liabilities including, higher employee-related payments, and higher inventory purchases, primarily for parts and supplies in the U.S. and U.K., lower collections of accounts receivable due to timing and amounts received in the prior year for transition services in connection with the sale of our Management Services business. These decreases were partially offset by lower interest and tax payments.

Cash flows from operations increased $30 million in 2014 compared to 2013, primarily due to higher income and lower tax and interest payments partially offset by higher cash payments related to the early repayment of debt and changes in working capital accounts, primarily due to lower cash flows from changes in inventory and accounts receivable. Cash management initiatives implemented in 2013 significantly improved working capital and cash flows from operations. In 2014, we continued to see benefits from changes in accounts receivable and inventory; however, the benefits were not as dramatic as in 2013. The timing of payments for accounts payables and accrued liabilities partially offset these reductions in cash flow from working capital.

Cash flows used by investing activities were $156 million higher in 2015 compared to 2014. In 2015, we paid $394 million for acquisitions, purchased short term investments of $69 million, received proceeds of $292 million from the sale of Imagitas and $52 million from the sale of our former corporate headquarters building and other assets. During 2014, we received proceeds of $102 million from the sale of businesses.

Cash flows from investing activities were $388 million lower in 2014 compared to 2013. In 2014, we received $102 million from the sale of businesses compared to $390 million in 2013. Higher cash outflows of $48 million for the purchase of available for sale investments and $43 million of higher capital expenditures primarily due to spending on our global ERP system also contributed to the decrease in cash flows from investing activities in 2014.

Cash flows used in financing activities increased $259 million in 2015 due to higher net payments to reduce debt and higher stock repurchases in 2015. During 2015, we reduced total debt by $275 million and repurchased $132 million of our common shares compared to a net reduction in total debt of $91 million and share repurchases of $50 million in 2014. Cash flows from financing activities increased $556 million in 2014 due to the timing of debt activity. See Financing and Capitalization section below for a detailed discussion of our debt activity for 2015, 2014 and 2013.

Financings and Capitalization

We are a Well-Known Seasoned Issuer with the SEC, which allows us to issue debt securities, preferred stock, preference stock, common stock, purchase contracts, depositary shares, warrants and units in an expedited fashion. We have a commercial paper program that is an important source of liquidity for us and a committed credit facility of $1.0 billion to support our commercial paper issuances. At December 31, 2015, there was $90 million of outstanding commercial paper borrowings with an effective interest rate of 1.1%. In 2015, commercial paper borrowings averaged $66 million at a weighted-average interest rate of 0.6% and the maximum amount of commercial paper outstanding at any point in time was $291 million. During 2014, we did not borrow under our commercial paper program. The credit facility was renewed in January 2015 and expires in January 2020. We have not drawn upon the credit facility.

2015 Activity

We redeemed the $110 million 5.25% notes due November 2022 at par plus accrued but unpaid interest and repaid the $275 million 5% notes. We also repaid $130 million of outstanding term loans and borrowed $150 million under a new term loan. The new term loan bears interest at the applicable Eurodollar Rate plus .90%. The Eurodollar Rate on the date of funding was .59%. The term loan matures in December 2016 but can be extended to June 2017 at our option.

In January 2016, we borrowed $300 million under a new term loan and used the proceeds to repay a portion of the $371 million, 4.75% notes due January 15, 2016. The remaining portion was repaid through cash from operations. The new term loan bears interest at the applicable Eurodollar Rate plus 1.25% and matures in December 2020. The Eurodollar Rate on the date of funding was .62%.

2014 Activity

We issued $500 million of 4.625% fixed rate 10-year notes. The notes mature in March 2024, but may be redeemed, at any time, in whole or in part, at our option. If the notes are redeemed prior to December 15, 2023, the redemption price will be equal to the sum of 100% of the principal amount, accrued and unpaid interest and a make-whole payment. Net proceeds of $493 million received after fees and discounts were used to fund the 2014 Tender Offer (see below).

We redeemed an aggregate $500 million of the 5.75% Notes due 2017 and the 5.25% Notes due 2037 through a cash tender offer (the 2014 Tender Offer). Holders who validly tendered their notes received the principal amount, all accrued and unpaid interest and a premium payment. We incurred expenses of $62 million, consisting of the call premium, the write-off of unamortized costs and bank transaction fees.

We also repaid $100 million of outstanding term loans and received a loan of $16 million from the State of Connecticut in connection with the relocation of our corporate headquarters. The loan consisted of a $15 million development loan and $1 million jobs-training grant that is subject to refund if certain conditions are not met. The loan requires monthly interest payments through November 2020 and principal and interest payments from December 2020 through maturity in November 2024. In 2015, we satisfied the conditions under the jobs-training grant.

2013 Activity

We issued $425 million of 6.7% fixed-rate 30-year notes. The notes mature in March 2043, but may be redeemed, in whole or in part, at our option any time on or after March 2018 at a redemption price equal to 100% of the principal amount, plus accrued and unpaid interest. Net proceeds of $412 million received after fees and discounts were used to fund the 2013 Tender Offer (see below).

We redeemed an aggregate $405 million of the 4.875% notes due 2014, the 5.0% notes due 2015, and the 4.75% notes due 2016 through a cash tender offer (the 2013 Tender Offer). Holders who validly tendered their notes received the principal amount, all accrued and unpaid interest and a premium payment. We received $5 million from the unwinding of certain interest rate swap agreements and recognized a net loss of $25 million, consisting primarily of the premium payment.

We redeemed $375 million of maturing 3.875% notes and an additional $300 million of 4.875% notes that were scheduled to mature in August 2014. In connection with the early redemption of the notes, we received $3 million from the unwinding of an interest rate swap and incurred expenses of $8 million, consisting primarily of a premium payment.

Debt Maturities

We have $2 billion of debt maturing within the next five years. While we fully expect to be able to fund these maturities with cash or by refinancing through the U.S. capital markets, these obligations could increase our vulnerability to adverse market conditions and impact our ability to refinance existing maturities. In addition, in October 2016, the $300 million of outstanding Preferred Stock of one of our subsidiaries is redeemable at our option. If we do not redeem, the dividend rate increases 50% and will increase 50% every six months thereafter. We are currently evaluating various alternatives to redeem or refinance the Preferred Stock. See Note 16 to the Consolidated Financial Statements.

Dividends and Share Repurchases

We paid dividends to our common stockholders of $150 million ($0.75 per share), $152 million ($0.75 per share) and $189 million ($0.94 per share) in 2015, 2014 and 2013, respectively. Each quarter, our Board of Directors considers our recent and projected earnings and other capital needs and priorities in deciding whether to approve the payment, as well as the amount of a dividend. There are no material restrictions on our ability to declare dividends.

We repurchased $132 million of our common shares during 2015 and $50 million of our common shares during 2014. At December 31, 2015, we had authorization to repurchase up to $65 million of our common shares. In February 2016, we received authorization to repurchase an additional $150 million of outstanding stock. We expect to repurchase up to $215 million of our common stock during 2016.

Contractual Obligations

The following table summarizes our known contractual obligations at December 31, 2015 and the effect that such obligations are expected to have on our liquidity and cash flow in future periods:

	Payments due in				
	Total	2016	2017-18	2019-20	After 2020
Commercial paper borrowings	$ 90	$ 90	$ —	$ —	$ —
Debt maturities	2,862	371	1,135	301	1,055
Interest payments on debt (1)	1,261	133	205	119	804
Preferred stock (2)	300	300	—	—	—
Non-cancelable operating lease obligations	202	40	57	37	68
Purchase obligations (3)	203	188	15	—	—
Pension plan contributions (4)	55	55	—	—	—
Retiree medical payments (5)	166	19	37	34	76
Total	$ 5,139	$ 1,196	$ 1,449	$ 491	$ 2,003

The amount and period of future payments related to our income tax uncertainties cannot be reliably estimated and are not included in the above table. See Note 15 to the Consolidated Financial Statements for further details.

(1) Assumes all debt is held to maturity. Certain notes are redeemable, either at our option or the bondholders, at par plus accrued interest before the scheduled maturity date.

(2) Represents outstanding Preferred Stock of one of our subsidiaries that is redeemable at our option. If we do not redeem by October 30, 2016, the dividend rate increases 50% and will increase 50% every six months thereafter.

(3) Includes unrecorded agreements to purchase goods or services that are enforceable and legally binding upon us and that specify all significant terms, including fixed or minimum quantities to be purchased; fixed, minimum or variable price provisions; and the approximate timing of the transaction. Purchase obligations exclude agreements that are cancelable without penalty.

(4) Represents the amount of contributions we anticipate making to our pension plans during 2016; however, we will assess our funding alternatives as the year progresses.

(5) Our retiree health benefit plans are non-funded plans and cash contributions are made each year to cover medical claims costs incurred. The amounts reported in the above table represent our estimate of future benefits payments.

Off-Balance Sheet Arrangements

At December 31, 2015, we had no off-balance sheet arrangements that have, or are reasonably likely to have, a material current or future effect on our financial condition, results of operations or liquidity. See Note 17 to the Consolidated Financial Statements for detailed information about our commitments and contingencies.

Critical Accounting Estimates

The preparation of our financial statements in conformity with GAAP requires management to make estimates and assumptions about certain items that affect the reported amounts of assets, liabilities, revenues, expenses and accompanying disclosures, including the disclosure of contingent assets and liabilities. The accounting policies below have been identified by management as those accounting policies that are most critical to our financial statements due to the estimates and assumptions required. Management believes that the estimates and assumptions used are reasonable and appropriate based on the information available at the time the financial statements were prepared; however, actual results could differ from those estimates and assumptions. See Note 1 to the Consolidated Financial Statements for a summary of our accounting policies.

Revenue recognition - Multiple element arrangements

We derive revenue from multiple sources including sales, rentals, financing and services. Certain transactions are consummated at the same time and can therefore generate revenue from multiple sources. The most common form of these transactions involves a sale or non-cancelable lease of equipment, a meter rental and an equipment maintenance agreement. As a result, we are required to determine whether the deliverables in a multiple element arrangement should be treated as separate units of accounting for revenue recognition purposes, and if so, how the price should be allocated among the delivered elements and when to recognize revenue for each element. We recognize revenue for delivered elements only when the fair values of undelivered elements are known, customer acceptance has occurred and payment is probable.

In these multiple element arrangements, revenue is allocated to each of the elements based on relative "selling prices" and the selling price for each of the elements is determined based on vendor specific objective evidence (VSOE). We establish VSOE of selling prices for our products and services based on the prices charged for each element when sold separately in standalone transactions. The allocation of relative selling price to the various elements impacts the timing of revenue recognition, but does not change the total revenue recognized. Revenue is allocated to the meter rental and equipment maintenance agreement elements using their respective selling prices charged in standalone and renewal transactions. For a sale transaction, revenue is allocated to the equipment based on a range of selling prices in standalone transactions. For a lease transaction, revenue is allocated to the equipment based on the present value of the remaining minimum lease payments. The amount allocated to equipment is compared to the range of selling prices in standalone transactions during the period to ensure the allocated equipment amount approximates average selling prices.

We also have multiple element arrangements containing only software and software related elements. Under these arrangements, revenue is allocated based on VSOE, which is based on company specific stand-alone sales data or renewal rates. If we cannot obtain VSOE for any undelivered software element, revenue is deferred until all deliverables have been delivered or until VSOE can be determined for any remaining undelivered software elements. When the fair value of a delivered element cannot be established, but fair value evidence exists for the undelivered software elements, we use the residual method to recognize revenue. Under the residual method, the fair value of the undelivered elements is deferred and the remaining portion of the arrangement consideration is allocated to the delivered elements and recognized as revenue.

Pension benefits

The valuation of our pension assets and obligations and the calculation of net periodic pension expense are dependent on assumptions and estimates relating to, among other things, the interest rate used to discount the future estimated liability (discount rate) and the expected rate of return on plan assets. These assumptions are evaluated and updated annually and are described in further detail in Note 14 to the Consolidated Financial Statements.

The discount rate for our largest plan, the U.S. Qualified Pension Plan (the U.S. Plan) is determined by matching the expected cash flows associated with our benefit obligations to a pool of corporate long-term, high-quality fixed income debt instruments available as of the measurement date. The discount rate for our largest foreign plan, the U.K. Qualified Pension Plan (the U.K. Plan), is determined by using a model that discounts each year's estimated benefit payments by an applicable spot rate derived from a yield curve created from a large number of high quality corporate bonds. The discount rate used in the determination of net periodic pension expense for 2015 was 4.15% for the U.S. Plan and 3.7% for the U.K. Plan. For 2016, the discount rate used in the determination of net periodic pension expense for the U.S. Plan and the U.K. Plan will be 4.55% and 3.75%, respectively. A 0.25% change in the discount rate would impact annual pension expense by less than $1 million for both the U.S. Plan and the U.K. Plan, and the projected benefit obligation of the U.S. Plan and U.K. Plan by $43 million and $21 million, respectively.

Pension assets are exposed to various risks such as interest rate, market and credit risks. We invest our pension plan assets in a variety of investment securities in accordance with our strategic asset allocation policy. The expected return on plan assets is based on historical and expected future returns for current and targeted asset allocations for each asset class in the investment portfolio, adjusted for historical and expected experience of active portfolio management results, as compared to the benchmark returns. The expected rate of return on

plan assets used in the determination of net periodic pension expense for 2015 was 7.0% for both the U.S. Plan and the U.K. Plan. For 2016, the expected rate of return on plan assets used in the determination of net periodic pension expense for the U.S. Plan will be 7.0% and the U.K. Plan will be 6.5%. A 0.25% change in the expected rate of return on plan assets would impact annual pension expense for the U.S. Plan by $4 million and the U.K. Plan by $1 million. See Note 14 to the Consolidated Financial Statements for information about the allocation of pension assets.

Actual pension plan results that differ from our assumptions and estimates are accumulated and amortized over the life expectancy of inactive plan participants and affect future pension expense. Net pension expense is also based on a market-related valuation of plan assets where differences between the actual and expected return on plan assets are recognized in the calculation of the market-related value of assets over a five-year period. Effective December 31, 2014, plan benefits for participants in a majority of our U.S. and foreign pension plans were frozen.

Residual value of leased assets

We provide financing for our equipment sales primarily through sales-type leases. Equipment residual values are determined at inception of the lease using estimates of fair value at the end of the lease term. Residual value estimates impact the determination of whether a lease is classified as an operating lease or a sales-type lease. Estimates of equipment fair value at end of lease term are based primarily on our historical experience. We also consider forecasted supply and demand for our various products, product retirement and future product launch plans, end of lease client behavior, regulatory changes, remanufacturing strategies, used equipment markets, if any, competition and technological changes.

We evaluate residual values on an annual basis or sooner if circumstances warrant. Declines in estimated residual values considered "other-than-temporary" are recognized immediately. Estimated increases in future residual values are not recognized until the equipment is remarketed. If the actual residual value of leased assets were 10% lower than management's current estimates, pre-tax income would be lower by $11 million.

Allowances for doubtful accounts and credit losses

We estimate our credit risk for accounts receivables and finance receivables and provide allowances for estimated losses. We believe that our credit risk is low because of the geographic and industry diversification of our clients and small account balances for most of our clients. We continuously monitor collections and payments from our clients and evaluate the adequacy of the applicable allowance based on historical loss experience, past due status, adverse situations that may affect a client's ability to pay and prevailing economic conditions and make adjustments to the reserves as deemed necessary. This evaluation is inherently subjective and actual results may differ significantly from estimated reserves.

The allowance for doubtful accounts as a percentage of trade receivables was 2.0% at December 31, 2015 and 2.4% at December 31, 2014. Holding all other assumptions constant, a 0.25% change in the allowance rate at December 31, 2015 would have changed the 2015 provision by $1 million.

Total allowance for credit losses as a percentage of finance receivables was 1.3% at December 31, 2015 and 1.5% at December 31, 2014. Holding all other assumptions constant, a 0.25% change in the allowance rate at December 31, 2015 would have changed the 2015 provision by $4 million.

Income taxes and valuation allowance

We are subject to income taxes in the U.S. and numerous foreign jurisdictions. Our annual tax rate is based on income, statutory tax rates, tax reserve changes and tax planning opportunities available to us in the various jurisdictions in which we operate. Significant judgment is required in determining the annual tax rate and in evaluating our tax positions.

We regularly assess the likelihood of tax adjustments in each of the tax jurisdictions in which we have operations and account for the related financial statement implications. Tax reserves have been established that we believe to be appropriate given the possibility of tax adjustments. Determining the appropriate level of tax reserves requires us to exercise judgment regarding the uncertain application of tax laws. The amount of reserves is adjusted when information becomes available or when an event occurs indicating a change in the reserve is appropriate. Future changes in tax reserve requirements could have a material impact on our financial condition or results of operations.

Significant judgment is also required in determining the amount of valuation allowance to be recorded against deferred tax assets. In assessing whether a valuation allowance is necessary, and the amount of such allowance, we consider all available evidence for each jurisdiction including historical operating results, estimates of future taxable income and the feasibility of ongoing tax planning strategies.

If new information becomes available that would alter our estimate of the amount of deferred tax assets that will ultimately be realized, we adjust the valuation allowance with a corresponding impact to income tax expense in the period in which such determination is made.

Impairment review

Long-lived and finite-lived intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be fully recoverable. The estimated future undiscounted cash flows expected to result from the use and eventual disposition of the assets is compared to the carrying value. We derive the cash flow estimates from our long-term business plans and historical experience. If the sum of the undiscounted cash flows is less than the asset's carrying value, an impairment charge is recorded for an amount by which the carrying value exceeds its fair value. The fair value of the impaired asset is determined using probability weighted expected cash flow estimates, quoted market prices when available and appraisals, as appropriate. Changes in the estimates and assumptions incorporated in our impairment assessment could materially affect the determination of fair value and the associated impairment charge.

Goodwill is tested annually for impairment at the reporting unit level during the fourth quarter or sooner when circumstances indicate an impairment may exist. The impairment test for goodwill is a two-step approach. In the first step, the fair value of each reporting unit is determined and compared to the reporting unit's carrying value, including goodwill. If the fair value of a reporting unit is less than its carrying value, the second step of the goodwill impairment test is performed to measure the amount of impairment, if any. In the second step, the fair value of the reporting unit is allocated to the assets and liabilities of the reporting unit as if it had been acquired in a business combination and the purchase price was equivalent to the fair value of the reporting unit. The excess of the fair value of the reporting unit over the amounts assigned to its assets and liabilities is referred to as the implied fair value of goodwill. The implied fair value of the reporting unit's goodwill is then compared to the actual carrying value of goodwill. If the implied fair value of goodwill is less than the carrying value of goodwill, an impairment loss is recognized for the difference.

Significant estimates and assumptions are used in our goodwill impairment review and include the identification of reporting units, assigning assets and liabilities to reporting units, assigning goodwill to reporting units and determining the fair value of each reporting unit. The fair value of each reporting unit is determined based on a combination of techniques, including the present value of future cash flows, multiples of competitors and multiples from sales of like businesses. The assumptions used to estimate fair value are based on projections incorporated in our current operating plans as well as other available information. Our operating plans include significant assumptions and estimates associated with sales growth, profitability and related cash flows, along with cash flows associated with taxes and capital spending. The determination of fair value also incorporates a risk-adjusted discount rate based on current interest rates and the economic conditions of the reporting unit. We also consider other assumptions that market participants may use. Changes in any of these estimates or assumptions could materially affect the determination of fair value and the associated goodwill impairment charge for each reporting unit. Potential events and circumstances, such as the inability to acquire new clients, downward pressures on pricing and rising interest rates could have an adverse impact on our assumptions and result in non-cash impairment charges in future periods.

Based on the results of the annual impairment test performed during the fourth quarter of 2015, we determined that the estimated fair value of each of the reporting units exceeded their carrying value by more than 20%.

Stock-based compensation expense

We recognize compensation cost for stock-based awards based on the estimated fair value of the award, net of estimated forfeitures. Compensation costs for those shares expected to vest are recognized on a straight-line basis over the requisite service period.

The fair value of stock awards is estimated using a Black-Scholes valuation model or Monte Carlo simulation model. These models require assumptions to be made regarding the expected stock price volatility, risk-free interest rate, life of the award and dividend yield. The expected stock price volatility is based on historical price changes of our stock. The risk-free interest rate is based on U.S. Treasuries with a term equal to the expected life of the stock award. The expected life of the award and dividend yield are based on historical experience.

We believe that the valuation techniques and the underlying assumptions are appropriate in estimating the fair value of our stock-based awards. If factors change causing our assumptions to change, our stock-based compensation expense could be different in the future. Estimates of fair value are not intended to predict actual future events or the value ultimately realized by employees who receive equity awards, and subsequent events are not indicative of the reasonableness of the original estimates of fair value. In addition, we are required to estimate the expected forfeiture rate and recognize expense only for those shares expected to vest. If our actual forfeiture rate is materially different from our estimate, stock-based compensation expense could be significantly different from what we have recorded in the current period.

Restructuring

We have undertaken restructuring actions which require management to utilize certain estimates related to the amount and timing of expenses. If the actual amounts differ from our estimates, the amount of the restructuring charges could be impacted. On a quarterly basis, we update our estimates of future remaining obligations and costs associated with all restructuring actions and compare these updated estimates to our current restructuring reserves, and make adjustments if necessary.

Loss contingencies

In the ordinary course of business, we are routinely defendants in, or party to, a number of pending and threatened legal actions. On a quarterly basis, we review the status of each significant matter and assess the potential financial exposure. If the potential loss from any claim or legal action is considered probable and can be reasonably estimated, we establish a liability for the estimated loss. The assessment of the ultimate outcome of each claim or legal action and the determination of the potential financial exposure requires significant judgment. Estimates of potential liabilities for claims or legal actions are based only on information that is available at that time. As additional information becomes available, we may revise our estimates, and these revisions could have a material impact on our results of operations and financial position.

Legal and Regulatory Matters

See Legal Proceedings in Item 3 for information regarding our legal proceedings and *Other Tax Matters* in Note 15 to the Consolidated Financial Statements for regulatory matters regarding our tax returns.

Foreign Currency Exchange

During 2015, we derived 25% of our consolidated revenue from operations outside the United States. The functional currency for most of our foreign operations is the local currency. Our largest foreign currency exposures are to the British pound, Euro, Canadian dollar, Australian dollar and Japanese Yen (see Note 10 to the Consolidated Financial Statements for information regarding our foreign exchange derivative instruments). Changes in the value of the U.S. dollar relative to the currencies of countries in which we operate impact our reported assets, liabilities, revenue and expenses. Exchange rate fluctuations can also impact the settlement of intercompany receivables and payables between our subsidiaries in different countries. For the years ended December 31, 2015, 2014 and 2013, the translation of foreign currencies to U.S. dollar decreased revenues by 4.0%, 0.4% and 0.4%, respectively. A continuing strong U.S. dollar could adversely affect our reported revenues and profitability, both from a translation perspective as well as a competitive perspective, as the cost of international competitors' products and solutions improve relative to products and solutions sold from the U.S. A strengthening dollar could also continue to affect the demand for U.S. goods sold to consumers in other countries through our global ecommerce solutions.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to the impact of interest rate changes and foreign currency fluctuations due to our investing and funding activities and our operations denominated in different foreign currencies. Our objective in managing exposure to foreign currency fluctuations is to reduce the volatility in earnings and cash flows associated with the effect of foreign currency exchange rate changes on transactions that are denominated in foreign currencies. Accordingly, we enter into various contracts, which change in value as foreign currency exchange rates change, to protect the value of external and intercompany transactions. The principal currencies actively hedged are the British pound and Euro.

At December 31, 2015, 92% of our debt was fixed rate obligations at a weighted average interest rate of 5.2%. Our variable rate debt, which consists of commercial paper and term loans, had a weighted average interest rate at December 31, 2015 of 1.35%. A one-percentage point change in the effective interest rate of our variable rate debt would not have had a material impact on our 2015 pre-tax income. To limit the volatility and impact of changing interest rates on earnings and cash flows, we may from time to time enter into interest rate swap agreements that convert fixed rate interest payments to variable rates and vice versa. During 2015 and 2014, we did not enter into any interest rate swap agreements.

We employ established policies and procedures governing the use of financial instruments to manage our exposure to such risks. We do not enter into foreign currency or interest rate transactions for speculative purposes. The gains and losses on these contracts are intended to offset changes in the value of the related exposures.

We utilize a "Value-at-Risk" (VaR) model to determine the potential loss in fair value from changes in market conditions. The VaR model utilizes a "variance/co-variance" approach and assumes normal market conditions, a 95% confidence level and a one-day holding period. The model includes all of our debt, interest rate derivative contracts and foreign exchange derivative contracts associated with forecasted transactions. The model excludes all anticipated transactions, firm commitments and accounts receivables and payables denominated in foreign currencies, which certain of these instruments are intended to hedge. The VaR model is a risk analysis tool and does not purport to represent actual losses in fair value that will be incurred, nor does it consider the potential effect of favorable changes in market factors.

During 2015 and 2014, our maximum potential one-day loss in fair value of our exposure to foreign exchange rates and interest rates, using the variance/co-variance technique described above, was not material.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), that are designed to reasonably assure that information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and to reasonably assure that such information is accumulated and communicated to management, including our Chief Executive Officer (CEO) and Chief Financial Officer (CFO), to allow timely decisions regarding required disclosure.

Any system of controls and procedures, no matter how well designed and operated, can provide only reasonable (and not absolute) assurance of achieving the desired control objectives. Management, under the direction of our CEO and CFO, evaluated the effectiveness of the design and operation of our disclosure controls and procedures as required by Rule 13a-15 or Rule 15d-15 under the Exchange Act. Notwithstanding this caution, the CEO and CFO have reasonable assurance that the disclosure controls and procedures were effective as of December 31, 2015.

We acquired Borderfree in a purchase business combination on in June 2015 as described in Note 3 to our Consolidated Financial Statements included in this Form 10-K. We are in the process of reviewing and evaluating the business and internal controls and processes of Borderfree and are implementing our internal control structure over this acquired business. Our evaluation and integration efforts will continue into 2016.

Management's Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Management assessed the effectiveness of the internal control over financial reporting as of December 31, 2015. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control - Integrated Framework (2013)*. Based on its assessment, management concluded that, as of December 31, 2015, the internal control over financial reporting was effective based on the criteria issued by COSO in *Internal Control - Integrated Framework (2013)*.

Pursuant to SEC guidance, a recently acquired business may be omitted from the scope of assessment of the effectiveness of internal control over financial reporting in the year of acquisition. Accordingly, the recently acquired Borderfree business was excluded from our evaluation of the effectiveness of internal control over financial reporting as of December 31, 2015. The Borderfree business represents 8% of total assets and less than 2% of total revenue.

The effectiveness of our internal control over financial reporting as of December 31, 2015 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report which appears in this Form 10-K.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the three months ended December 31, 2015, that have materially affected, or are reasonably likely to materially affect, such internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors of Pitney Bowes Inc.

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of income, of comprehensive income, of stockholders' equity (deficit) and of cash flows present fairly, in all material respects, the financial position of Pitney Bowes Inc. and its subsidiaries at December 31, 2015 and 2014, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2015 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the accompanying index presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on criteria established in *Internal Control - Integrated Framework* (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these financial statements and financial statement schedule, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in Management's Report on Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express opinions on these financial statements, on the financial statement schedule, and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

As discussed in Note 1 to the consolidated financial statements, the Company changed the manner in which it classifies deferred tax assets and liabilities as of December 31, 2015.

As discussed in Note 1 to the consolidated financial statements, the Company changed the manner in which it accounts for discontinued operations in 2014.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

As described in the Report of Management on Internal Control over Financial Reporting, management has excluded Borderfree from its assessment of internal control over financial reporting as of December 31, 2015 because it was acquired by the Company in a purchase business combination during 2015. We have also excluded Borderfree from our audit of internal control over financial reporting. Borderfree is a wholly-owned subsidiary whose total consolidated assets and total consolidated net revenues represent approximately 8% and approximately 2%, respectively, of the related consolidated financial statement amounts as of and for the year ended December 31, 2015.

1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Consolidated Financial Statements of Pitney Bowes Inc. (we, us, our, or the company) and its wholly owned subsidiaries have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). Intercompany transactions and balances have been eliminated. Certain prior year amounts have been reclassified to conform to the current year presentation.

As a result of the acquisition of Borderfree, Inc. (Borderfree) in June 2015 and the sale of our Marketing Services business, Imagitas, in May 2015 (see Note 3), we realigned our segment reporting to conform to the way we now manage our segments and recast prior period amounts to conform to the current year presentation (see Note 2). Our business continues to be organized around three distinct sets of solutions – Small and Medium Business (SMB) Solutions, Enterprise Business Solutions and Digital Commerce Solutions (DCS). Under the new segment reporting, there were no changes to SMB Solutions or Enterprise Business Solutions; however, within DCS, our Software Solutions operations and Global Ecommerce operations are reported as reportable segments. The Other segment is comprised of Imagitas. Imagitas was previously reported in DCS.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and accompanying disclosures, including the disclosure of contingent assets and liabilities. These estimates and assumptions are based on management's best knowledge of current events, historical experience and other information available when the financial statements are prepared. These estimates include, but are not limited to, revenue recognition for multiple element arrangements, the allocation of purchase price to tangible and intangible assets acquired and liabilities assumed in business combinations, goodwill and intangible asset impairment review, allowance for doubtful accounts and credit losses, residual values of leased assets, useful lives of long-lived and intangible assets, restructuring costs, pensions and other postretirement costs, income tax reserves, deferred tax asset valuation allowance, stock-based compensation expense and loss contingencies. Actual results could differ from those estimates and assumptions.

Cash Equivalents and Short-Term Investments

Cash equivalents include liquid investments with maturities of three months or less at the date of purchase. Short-term investments include investments with a maturity of greater than three months but less than one year from the reporting date.

Investment Securities

Investment securities that management has the positive intent and ability to hold to maturity are classified as held-to-maturity and are carried at amortized cost. Investment securities not classified as held-to-maturity are classified as available-for-sale and recorded at fair value, with unrealized gains and losses reported in other comprehensive income, net of tax. Purchase premiums and discounts are recognized in interest income using the effective interest method over the term of the security. Gains and losses on the sale of available-for-sale securities are recorded on the trade date and are determined using the specific identification method. Investment securities are recorded in the Consolidated Balance Sheets as cash and cash equivalents, short-term investments and other assets depending on the investment's maturity.

Accounts Receivable and Allowance for Doubtful Accounts

We estimate the probable losses on accounts receivable and provide an allowance for doubtful accounts. The estimate of probable losses is based on historical loss experience, aging of receivables, adverse situations that may affect a client's ability to pay and prevailing economic conditions. We continually evaluate the adequacy of the allowance for doubtful accounts and make adjustments as necessary. The assumptions used in determining an estimate of probable losses are inherently subjective and actual results may differ significantly from estimated reserves.

Accounts receivable are generally due within 30 days after the invoice date. Accounts deemed uncollectible are written off against the allowance after all collection efforts have been exhausted and management deems the account to be uncollectible. We believe that our accounts receivable credit risk is low because of the geographic and industry diversification of our clients and small account balances for most of our clients.

Finance Receivables and Allowance for Credit Losses

Finance receivables are composed of sales-type lease receivables and unsecured revolving loan receivables. We estimate the probable losses and provide an allowance for credit losses. The estimate of probable losses is based on historical loss experience, the nature and volume of our portfolios, adverse situations that may affect a client's ability to pay, prevailing economic conditions and our ability to manage the collateral. We continually evaluate the adequacy of the allowance for credit losses and make adjustments as necessary. The assumptions used in determining an estimate of credit losses are inherently subjective and actual results may differ significantly from estimated reserves.

We establish credit approval limits based on the credit quality of the client and the type of equipment financed. Our policy is to discontinue revenue recognition for lease receivables that are more than 120 days past due and for unsecured loan receivables that are more than 90 days past due. We resume revenue recognition when the client's payments reduce the account aging to less than 60 days past due. Finance receivables deemed uncollectible are written off against the allowance after all collection efforts have been exhausted and management deems the account to be uncollectible. We believe that our finance receivable credit risk is low because of the geographic and industry diversification of our clients and small account balances for most of our clients.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined on the last-in, first-out (LIFO) basis for most U.S. inventories and on the first-in, first-out (FIFO) basis for most non-U.S. inventories.

Fixed Assets

Property, plant and equipment and rental equipment are stated at cost and depreciated principally using the straight-line method over their estimated useful lives, which are up to 50 years for buildings, three to 15 years for machinery and equipment, four to six years for rental equipment and three to five years for computer equipment. Major improvements which add to productive capacity or extend the life of an asset are capitalized while repairs and maintenance are charged to expense as incurred. Leasehold improvements are amortized over the shorter of the estimated useful life or the remaining lease term. Fully depreciated assets are retained in fixed assets and accumulated depreciation until they are removed from service.

We capitalize certain costs of software developed for internal use. Capitalized costs include purchased materials and services, payroll and personnel-related costs and interest. The cost of internally developed software is amortized on a straight-line basis over its estimated useful life, principally three to 10 years

Intangible assets

Finite-lived intangible assets are amortized over their estimated useful lives, principally three to 15 years, using either the straight-line method or an accelerated attrition method.

Research and Development Costs

Research and product development costs include engineering costs related to research and product development activities and are expensed as incurred.

Impairment Review for Long-lived and Finite-Lived Intangible Assets

Long-lived assets and finite-lived intangible assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be fully recoverable. The estimated undiscounted future cash flows expected to result from the use and eventual disposition of the asset is compared to the asset's carrying value. If the sum of the undiscounted cash flows is less than the asset's carrying value, an impairment charge is recorded for an amount by which the asset's carrying value exceeds its fair value. The fair value of the impaired asset is determined using probability weighted expected cash flow estimates, quoted market prices when available and appraisals, as appropriate. We derive cash flow estimates from our long-term business plans and historical experience.

Impairment Review for Goodwill

Goodwill is tested annually for impairment at the reporting unit level during the fourth quarter or sooner when circumstances indicate an impairment may exist. A reporting unit is the operating segment, or a business that is one level below that operating segment. Reporting units are aggregated as a single reporting unit if they have similar economic characteristics. Goodwill is tested for impairment using a two-step approach. In the first step, the fair value of each reporting unit is determined and compared to the reporting unit's carrying value, including goodwill. If the fair value of a reporting unit is less than its carrying value, the second step of the goodwill impairment test is performed to measure the amount of impairment, if any. In the second step, the fair value of the reporting unit is allocated to the assets and liabilities of the reporting unit as if it had been acquired in a business combination and the purchase price was equivalent to the fair

value of the reporting unit. The excess of the fair value of the reporting unit over the amounts assigned to its assets and liabilities is referred to as the implied fair value of goodwill. The implied fair value of the reporting unit's goodwill is then compared to the actual carrying value of goodwill. If the implied fair value of goodwill is less than the carrying value of goodwill, an impairment loss is recognized for the difference. The fair value of a reporting unit is determined based on a combination of various techniques, including the present value of future cash flows, multiples of competitors and multiples from sales of like businesses.

Retirement Plans

Net periodic benefit cost includes current service cost, interest cost, expected return on plan assets and the amortization of actuarial gains and losses. Actuarial gains and losses arise from actual experiences that differ from previous assumptions as well as changes in assumptions including expected return on plan assets, discount rates used to measure pension and other postretirement obligations and life expectancy. The expected return on assets is measured using the market-related value of assets, which is a calculated value that recognizes changes in the fair value of plan assets over five years. Actuarial gains and losses are recognized in other comprehensive income, net of tax, and amortized to benefit cost over the life expectancy of inactive plan participants. The funded status of pension and other postretirement benefit plans is recognized in the Consolidated Balance Sheets.

Stock-based Compensation

We measure compensation expense for stock-based awards based on the estimated fair value of the awards expected to vest (net of estimated forfeitures) and recognize the expense on a straight-line basis over the requisite service period. The fair value of stock awards is estimated using a Black-Scholes valuation model or a Monte Carlo simulation model. These models require assumptions be made regarding the expected stock price volatility, risk-free interest rate, life of the award and dividend yield. The expected stock price volatility is based on historical price changes of our stock. The risk-free interest rate is based on U.S. Treasuries with a term equal to the expected life of the stock award. The expected life of the award and expected dividend yield are based on historical experience. We believe that the valuation techniques and underlying assumptions are appropriate in estimating the fair value of stock awards.

Revenue Recognition

We derive revenue from multiple sources including sales, rentals, financing and services. Certain transactions are consummated at the same time and can therefore generate revenue from multiple sources. The most common form of these transactions involves a sale or non-cancelable lease of equipment, a meter rental and an equipment maintenance agreement. In these multiple element arrangements, revenue is allocated to each of the elements based on relative "selling prices" and the selling price for each of the elements is determined based on vendor specific objective evidence (VSOE). We establish VSOE of selling prices for our products and services based on the prices charged for each element when sold separately in standalone transactions. The allocation of relative selling price to the various elements impacts the timing of revenue recognition, but does not change the total revenue recognized. Revenue is allocated to the meter rental and equipment maintenance agreement elements using their respective selling prices charged in standalone and renewal transactions. For a sale transaction, revenue is allocated to the equipment based on a range of selling prices in standalone transactions. For a lease transaction, revenue is allocated to the equipment based on the present value of the remaining minimum lease payments. The amount allocated to equipment is compared to the range of selling prices in standalone transactions during the period to ensure the allocated equipment amount approximates average selling prices. More specifically, revenue related to our offerings is recognized as follows:

Sales Revenue

Sales of Equipment
We sell equipment directly to our customers and to distributors (re-sellers) throughout the world. We recognize revenue from these sales when the risks and rewards of ownership transfer to the client, which is generally upon shipment or acceptance by the customer. We recognize revenue from the sale of equipment under sales-type leases as equipment sales revenue at the inception of the lease. We do not typically offer any rights of return or stock balancing rights. Sales revenue from customized equipment, mail creation equipment and shipping products is generally recognized when installed.

Sales of Supplies
Revenue related to supplies is generally recognized upon delivery.

Standalone Software Sales and Integration Services
We also have multiple element arrangements containing only software and software related elements. Software related elements may include maintenance and support services, data subscriptions, training and integration services. Under these multiple element arrangements, we allocate revenue based on VSOE for software related elements and use the residual method to determine the amount of software licenses revenue. Under the residual method, the fair-value of the undelivered elements is deferred and the remaining portion of the arrangement consideration is allocated to the delivered elements and recognized as revenue. The majority of our software license

arrangements are bundled with maintenance and support services and we establish VSOE of fair value using a bell-shaped curve analysis for maintenance and support services renewal rates. If we cannot obtain VSOE for any undelivered software element, revenue is deferred until all deliverables have been delivered or until VSOE can be determined for any remaining undelivered software elements.

We recognize revenue from standalone software licenses upon delivery of the product when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed and determinable and collectability is probable. For software licenses that are included in a lease contract, we recognize revenue upon shipment of the software unless the lease contract specifies that the license expires at the end of the lease or the price of the software is deemed not fixed or determinable based on historical evidence of similar software leases. In these instances, revenue is recognized on a straight-line basis over the term of the lease contract. We recognize revenue from software requiring integration services at the point of customer acceptance. We recognize revenue related to off-the-shelf perpetual software licenses generally upon shipment.

Rentals Revenue

We rent equipment, primarily postage meters and mailing equipment, under short-term rental agreements. Rentals revenue includes revenue from the subscription for digital meter services. We may invoice in advance for postage meter rentals according to the terms of the agreement. We initially defer these advanced billings and recognize rentals revenue on a straight-line basis over the invoice period. Revenues generated from financing clients for the continued use of equipment subsequent to the expiration of the original lease are recognized as rentals revenue.

We capitalize certain initial direct costs incurred in consummating a rental transaction and recognize these costs over the expected term of the agreement. Amortization of initial direct costs was $8 million, $10 million and $11 million in 2015, 2014 and 2013, respectively. Initial direct costs included in rental property and equipment, net in the Consolidated Balance Sheets at December 31, 2015 and 2014 were $20 million and $22 million, respectively.

Financing Revenue

We provide lease financing for our products primarily through sales-type leases. We also provide revolving lines of credit to our clients for the purchase of postage and supplies. We believe that our sales-type lease portfolio contains only normal collection risk. Accordingly, we record the fair value of equipment as sales revenue, the cost of equipment as cost of sales and the minimum lease payments plus the estimated residual value as finance receivables. The difference between the finance receivable and the equipment fair value is recorded as unearned income and is amortized as income over the lease term using the interest method.

Equipment residual values are determined at inception of the lease using estimates of equipment fair value at the end of the lease term. Estimates of future equipment fair value are based primarily on historical experience. We also consider forecasted supply and demand for various products, product retirement and launch plans, regulatory changes, remanufacturing strategies, used equipment markets, if any, competition and technological changes. We evaluate residual values on an annual basis or sooner if circumstances warrant. Declines in estimated residual values considered "other-than-temporary" are recognized immediately. Estimated increases in future residual values are not recognized until the equipment is remarketed.

Support Services Revenue

We provide support services for our equipment primarily through maintenance contracts. Revenue related to these agreements is recognized on a straight-line basis over the term of the agreement.

Business Services Revenue

Business services revenue includes revenue from presort mail services, global ecommerce solutions and shipping solutions. Prior to our divestiture of Imagitas in May 2015, business services revenue also included revenues from direct marketing services. Revenue for these services were recognized as the services were provided.

We also evaluate whether it is appropriate to record revenue on a gross basis when we are acting as a principal in the transaction or net of costs when we are acting as an agent between the client and the vendor. We consider several factors in determining whether we are acting as principal or agent such as whether we are the primary obligor to the client, have control over the pricing and have credit risk.

Shipping and Handling

Shipping and handling costs are recognized as incurred and recorded in cost of revenues.

Deferred Marketing Costs

We capitalize certain costs associated with the acquisition of new customers and recognize these costs over the expected revenue stream of eight years. Amortization of deferred marketing costs was $18 million, $23 million and $27 million in 2015, 2014 and 2013, respectively. Deferred marketing costs included in other assets in the Consolidated Balance Sheets at December 31, 2015 and 2014 were $43 million and $49 million, respectively. We review individual marketing programs for impairment on a quarterly basis or as circumstances warrant.

Restructuring Charges

Costs associated with restructuring actions and other exit or disposal activities include employee severance and other employee separation costs and lease termination costs. These costs are recognized when a liability has been incurred, which is generally upon communication to the affected employees or exit from a leased facility, and the amount to be paid is both probable and reasonably estimable. The rates used in determining severance accruals are based on company policy, historical experience and negotiated settlements.

Derivative Instruments

In the normal course of business, we are exposed to the impact of changes in foreign currency exchange rates and interest rates. We limit these risks by following established risk management policies and procedures, including the use of derivatives. We use derivative instruments to limit the effects of currency exchange rate fluctuations on financial results and manage the related cost of debt. We do not use derivatives for trading or speculative purposes.

We record our derivative instruments at fair value and the accounting for changes in fair value depends on the intended use of the derivative, the resulting designation and the effectiveness of the instrument in offsetting the risk exposure it is designed to hedge. To qualify as a hedge, a derivative must be highly effective in offsetting the risk designated for hedging purposes. The hedge relationship must be formally documented at inception, detailing the particular risk management objective and strategy for the hedge. The effectiveness of the hedge relationship is evaluated on a retrospective and prospective basis.

The use of derivative instruments exposes us to counterparty credit risk. To mitigate such risks, we enter into contracts with only those financial institutions that meet stringent credit requirements. We regularly review our credit exposure balances as well as the creditworthiness of our counterparties. We have not seen a material change in the creditworthiness of those banks acting as derivative counterparties.

Income Taxes

We recognize deferred tax assets and liabilities for the future tax consequences attributable to differences between the carrying amounts of assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using the enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date of such change. A valuation allowance is provided when it is more likely than not that a deferred tax asset will not be realized. In assessing whether a valuation allowance is necessary, and the amount of such allowance, we consider all available evidence for each jurisdiction including past operating results, estimates of future taxable income and the feasibility of ongoing tax planning strategies. As new information becomes available that would alter our determination as to the amount of deferred tax assets that will ultimately be realized, we adjust the valuation allowance with a corresponding impact to income tax expense in the period in which such determination is made.

Earnings per Share

Basic earnings per share is based on the weighted-average number of common shares outstanding during the year. Diluted earnings per share also includes the dilutive effect of stock awards, preference stock, preferred stock and stock purchase plans.

Translation of Non-U.S. Currency Amounts

In general, the functional currency of our foreign operations is the local currency. Assets and liabilities of subsidiaries operating outside the U.S. are translated at rates in effect at the end of the period and revenue and expenses are translated at average monthly rates during the period. Net deferred translation gains and losses are included as a component of accumulated other comprehensive income.

Loss Contingencies

In the ordinary course of business, we are routinely defendants in, or party to, a number of pending and threatened legal actions. On a quarterly basis, we review the status of each significant matter and assess the potential financial exposure. If the potential loss from any claim or legal action is considered probable and can be reasonably estimated, we establish a liability for the estimated loss. The assessment of the ultimate outcome of each claim or legal action and the determination of the potential financial exposure requires significant

judgment. Estimates of potential liabilities for claims or legal actions are based only on information that is available at that time. As additional information becomes available, we may revise our estimates, and these revisions could have a material impact on our results of operations and financial position. Legal fees are expensed as incurred.

Reclassification

In 2015, we determined that certain investments were classified as cash and cash equivalents. Accordingly, the Consolidated Balance Sheet at December 2014 has been revised to reduce cash and cash equivalents by $25 million, and increase short-term investments by $17 million and other assets by $8 million. Additionally, the Consolidated Statements of Cash Flows for the years ended December 31, 2014 and 2013 have also been revised to reduce cash and cash equivalents and increase short-term investments and other assets for certain investment accounts.

During 2015, we determined that certain customer deposits at December 31, 2014 within current liabilities should have been classified as either a current asset or a non-current liability. Accordingly, the Consolidated Balance Sheet at December 31, 2014 has been revised by increasing accounts receivable by $23 million, accounts payable and accrued liabilities by $14 million and other non-current liabilities by $9 million.

New Accounting Pronouncements

In November 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-17, *Balance Sheet Classification of Deferred Taxes*, which requires all deferred tax assets and liabilities to be presented as noncurrent in the balance sheet. The ASU is effective for interim and annual periods beginning after December 15, 2016, and can be applied either prospectively or retrospectively. Early adoption is permitted. We have elected to retrospectively adopt this ASU effective December 31, 2015. Accordingly, the Consolidated Balance Sheet at December 31, 2014 has been revised by reducing current income tax assets by $12 million and current income tax liabilities by $60 million and increasing noncurrent income taxes by $2 million and deferred taxes on income by $50 million.

In September 2015, the FASB issued ASU 2015-16, *Business Combinations - Simplifying the Accounting for Measurement-Period Adjustments,* which eliminates the requirement to restate prior period financial statements for measurement period adjustments. The new guidance requires that the cumulative impact of a measurement period adjustment (including the impact on prior periods) be recognized in the reporting period in which the adjustment is identified. Consistent with existing guidance, the new guidance requires an acquirer to disclose the nature and amount of measurement period adjustments. The ASU is effective for interim and annual periods beginning after December 15, 2015 and requires that measurement period adjustments be applied prospectively. Early adoption is permitted. We will adopt this standard in the first quarter of 2016 and currently do not expect the adoption of this standard will have a significant impact on our consolidated financial statements or disclosures.

In July 2015, the FASB issued ASU 2015-11, *Inventory - Simplifying the Measurement of Inventory*, which requires inventory to be measured at the lower of cost and net realizable value (estimated selling price less reasonably predictable costs of completion, disposal and transportation). Prior to this guidance, inventory was measured at the lower of cost or market (where market was defined as replacement cost, with a ceiling of net realizable value and a floor of net realizable value of inventory, less a normal profit margin). Inventory measured using LIFO is not impacted by the new guidance. The ASU is effective for fiscal years beginning after December 15, 2016 and interim periods therein. Early adoption is permitted. We do not believe this standard will have a significant impact on our consolidated financial statements or disclosures.

In April 2015, the FASB issued ASU 2015-05, *Intangibles - Goodwill and Other - Internal-Use Software, Customer's Accounting for Fees Paid in a Cloud Computing Arrangement*, which provides guidance on fees paid by an entity in a cloud computing arrangement and whether an arrangement includes a license to the underlying software. This standard is effective for fiscal periods beginning after December 15, 2015. We will adopt this standard in the first quarter of 2016 and the adoption of this standard will not have a significant impact on our consolidated financial statements or disclosures.

In April 2015, the FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs,* which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability. This standard is effective for fiscal periods beginning after December 15, 2015. We will adopt this standard in the first quarter of 2016. Upon adoption, debt issuance costs currently recorded as other assets in the Consolidated Balance Sheets will be reclassified as a reduction in long-term debt. At December 31, 2015, debt issuance costs included in other assets in the Consolidated Balance Sheet was $18 million.

In January 2015, the FASB issued ASU 2015-01, *Income Statement - Extraordinary and Unusual Items,* which removes the concept of extraordinary items, thereby eliminating the need for companies to assess transactions for extraordinary treatment. The standard retained the presentation and disclosure requirements for items that are unusual in nature and/or infrequent in occurrence. The standard is effective

for fiscal periods beginning after December 15, 2015. We will adopt this standard in the first quarter of 2016 and the adoption of this standard will not have an impact on our consolidated financial statements or disclosures.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers.* The standard requires companies to recognize revenue for the transfer of goods and services to customers in amounts that reflect the consideration the company expects to receive in exchange for those goods and services. The standard will also result in enhanced disclosures about revenue. In July 2015, the FASB approved a one-year deferral of the effective date. This standard is now effective for fiscal periods beginning after December 15, 2017. The standard can be adopted either retrospectively or as a cumulative-effect adjustment. Companies are permitted to adopt the standard as early as the original public entity effective date (fiscal periods beginning after December 15, 2016). Early adoption prior to that date is prohibited. We are currently assessing the impact this standard will have on our consolidated financial statements and disclosures.

3. Business Combinations and Divestiture

Business Combinations

Borderfree

In June 2015, we acquired 100% of the outstanding shares of Borderfree. Borderfree provides cross-border ecommerce solutions through a proprietary technology and services platform that enables retailers to transact with consumers around the world. Borderfree is reported within our Global Ecommerce segment (see Note 2). The purchase price was $381 million, net of $92 million of cash acquired. In addition, we also paid $10 million for the accelerated vesting and settlement of Borderfree stock-based compensation awards and $8 million of transaction costs. The expense related to Borderfree stock-based compensation awards was recognized as selling, general and administrative expenses and the transaction costs were recognized within other (income) expense, net in the Consolidated Statements of Income.

The allocation of the purchase price to the fair values of assets acquired and liabilities assumed was as follows:

Accounts receivable	$ 13,860
Fixed assets	7,329
Goodwill	300,020
Intangible assets	137,500
Accounts payable and other current liabilities	(35,785)
Deferred taxes, net	(40,798)
Other assets and liabilities, net	(677)
	$ 381,449

Goodwill represents the excess of the purchase price over the fair values of assets acquired and liabilities assumed. Goodwill is primarily attributable to expected growth opportunities, synergies and other benefits that we believe will result from combining the operations of Borderfree with our operations. Goodwill is not deductible for tax purposes.

Intangible assets acquired consisted of the following:

	Value	Amortization period
Customer relationships	$ 116,200	10 years
Developed technology	12,600	5 years
Trade names	8,700	5 years
	$ 137,500	

The results of operations of Borderfree are included in our consolidated results from the date of acquisition. Our consolidated operating results for the year ended December 31, 2015 includes revenue of $63 million from Borderfree operations. On a supplemental pro forma basis, had we acquired Borderfree on January 1, 2014, revenue would have been $47 million and $125 million higher for the years ended December 31, 2015 and 2014, respectively. The impact on earnings would not have been material.

Other Acquisitions

In October 2015, we acquired the net assets of Zip Mail Services, Inc. (Zip Mail) for $6 million in cash plus additional payments totaling $1 million during the period 2016-2017. Zip Mail acts as an intermediary between customers and the U.S. Postal Service. Zip Mail offers mailing services that include presorting of first class, standard class and flat mail. Zip Mail is reported within our Presort Services segment.

In May 2015, we acquired Real Time Content, Inc. (RTC) for $6 million, net of cash acquired. RTC provides technology that enables clients to provide personalized interactive video communications to their customers. RTC is reported within our Software Solutions segment.

Finance receivables are comprised of sales-type lease receivables and unsecured revolving loan receivables. Loan receivables arise primarily from financing services offered to our clients for postage and supplies. Loan receivables are generally due each month; however, customers may rollover outstanding balances. Interest is recognized on loan receivables using the effective interest method and related annual fees are initially deferred and recognized ratably over the annual period covered. Customer acquisition costs are expensed as incurred.

Credit Quality

The extension of credit and management of credit lines to new and existing clients uses a combination of an automated credit score, where available, and a detailed manual review of the client's financial condition and, when applicable, payment history. Once credit is granted, the payment performance of the client is managed through automated collections processes and is supplemented with direct follow up should an account become delinquent. We have robust automated collections and extensive portfolio management processes. The portfolio management processes ensure that our global strategy is executed, collection resources are allocated appropriately and enhanced tools and processes are implemented as needed.

We use a third party to score the majority of the North America portfolio on a quarterly basis using a commercial credit score. We do not use a third party to score our International portfolio because the cost to do so is prohibitive, given that it is a localized process and there is no single credit score model that covers all countries.

The table below shows the North America portfolio at December 31, 2015 and 2014 by relative risk class (low, medium, high) based on the relative scores of the accounts within each class. The relative scores are determined based on a number of factors, including the company type, ownership structure, payment history and financial information. A fourth class is shown for accounts that are not scored. Absence of a score is not indicative of the credit quality of the account. The degree of risk, as defined by the third party, refers to the relative risk that an account in the next 12 month period may become delinquent.

- Low risk accounts are companies with very good credit scores and are considered to approximate the top 30% of all commercial borrowers.
- Medium risk accounts are companies with average to good credit scores and are considered to approximate the middle 40% of all commercial borrowers.
- High risk accounts are companies with poor credit scores, are delinquent or are at risk of becoming delinquent and are considered to approximate the bottom 30% of all commercial borrowers.

10. Fair Value Measurements and Derivative Instruments

We measure certain financial assets and liabilities at fair value on a recurring basis. Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. An entity is required to classify certain assets and liabilities measured at fair value based on the following fair value hierarchy that prioritizes the inputs used to measure fair value:

Level 1 – Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2 – Quoted prices for identical assets and liabilities in markets that are not active, quoted prices for similar assets and liabilities in active markets or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and may be derived from internally developed methodologies based on management's best estimates.

The following tables show, by level within the fair value hierarchy, our financial assets and liabilities that are accounted for at fair value on a recurring basis at December 31, 2015 and 2014. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect their placement within the fair value hierarchy.

Investment Securities

The valuation of investment securities is based on the market approach using inputs that are observable, or can be corroborated by observable data, in an active marketplace. The following information relates to our classification into the fair value hierarchy:

- *Money Market Funds / Commercial Paper:* Money market funds typically invest in government securities, certificates of deposit, commercial paper and other highly liquid, low risk securities. Money market funds are principally used for overnight deposits and are classified as Level 1 when unadjusted quoted prices in active markets are available and as Level 2 when they are not actively traded on an exchange. Direct investments in commercial paper are not listed on an exchange in an active market and are classified as Level 2.
- *Equity Securities:* Equity securities are comprised of mutual funds investing in U.S. and foreign common stock. These mutual funds are classified as Level 2 as they are not separately listed on an exchange.
- *Commingled Fixed Income Securities:* Mutual funds that invest in a variety of fixed income securities including securities of the U.S. government and its agencies, corporate debt, mortgage-backed securities and asset-backed securities. The value of the funds is based on the market value of the underlying investments owned by each fund, minus its liabilities, divided by the number of shares outstanding, as reported by the fund manager. These commingled funds are not listed on an exchange in an active market and are classified as Level 2.
- *Debt Securities – U.S. and Foreign Governments, Agencies and Municipalities:* Debt securities are classified as Level 1 where active, high volume trades for identical securities exist. Valuation adjustments are not applied to these securities. Debt securities valued using quoted market prices for similar securities or benchmarking model derived prices to quoted market prices and trade data for identical or comparable securities are classified as Level 2.
- *Debt Securities – Corporate:* Corporate debt securities are valued using recently executed transactions, market price quotations where observable, or bond spreads. The spread data used are for the same maturity as the security. These securities are classified as Level 2.
- *Mortgage-Backed Securities / Asset-Backed Securities:* These securities are valued based on external pricing indices. When external index pricing is not observable, these securities are valued based on external price/spread data. These securities are classified as Level 2.

Investment securities include investments held by The Pitney Bowes Bank (the Bank), whose primary business is to provide financing solutions to clients that rent postage meters and purchase supplies. The Bank's assets and liabilities consist primarily of cash, finance receivables, short and long-term investments and deposit accounts.

The Bank's investment securities are classified as available-for-sale and recorded at fair value in the Consolidated Balance Sheets as cash and cash equivalents, short-term investments and other assets depending on the type of investment and maturity. Unrealized holding gains and losses are recorded in accumulated other comprehensive income (AOCI), net of tax.

Available-For-Sale Securities

At December 31, 2015 and 2014, available-for-sale securities consisted of the following:

	December 31, 2015			
	Amortized cost	Gross unrealized gains	Gross unrealized losses	Estimated fair value
U.S. and foreign governments, agencies and municipalities	$ 114,265	$ 1,804	$ (1,268)	$ 114,801
Corporate	63,140	823	(1,079)	62,884
Mortgage-backed / asset-backed securities	177,821	1,901	(1,488)	178,234
Total	$ 355,226	$ 4,528	$ (3,835)	$ 355,919

	December 31, 2014			
	Amortized cost	Gross unrealized gains	Gross unrealized losses	Estimated fair value
U.S. and foreign governments, agencies and municipalities	$ 135,839	$ 2,905	$ (764)	$ 137,980
Corporate	66,170	1,569	(291)	67,448
Mortgage-backed / asset-backed securities	155,330	2,362	(1,078)	156,614
Total	$ 357,339	$ 6,836	$ (2,133)	$ 362,042

Investment securities that were in a loss position for 12 or more continuous months at December 31, 2015 had aggregate unrealized holding losses of $2 million and an estimated fair value of $36 million. Investment securities that were in a loss position for less than 12 continuous months at December 31, 2015 had aggregate unrealized holding losses of $2 million and an estimated fair value of $146 million.

Investment securities that were in a loss position for 12 or more continuous months at December 31, 2014 had aggregate unrealized holding losses of $1 million and an estimated fair value of $42 million. Investment securities that were in a loss position for less than 12 continuous months at December 31, 2014 had aggregate unrealized holding losses of $1 million and an estimated fair value of $88 million.

We have not recognized an other-than-temporary impairment on any of the investment securities in an unrealized loss position because we do not intend to sell these securities, it is more likely than not that we will not be required to sell these securities before recovery of the unrealized losses and we expect to receive the contractual principal and interest on these investment securities.

At December 31, 2015, the amortized cost and estimated fair value of available-for-sale securities have scheduled maturities as follows:

	Amortized cost	Estimated fair value
Within 1 year	$ 47,014	$ 46,987
After 1 year through 5 years	74,649	75,123
After 5 years through 10 years	53,432	53,753
After 10 years	180,131	180,056
Total	$ 355,226	$ 355,919

The expected payments on mortgage-backed and asset-backed securities may not coincide with their contractual maturities as borrowers have the right to prepay obligations with or without prepayment penalties.

At December 31, 2015, we had approximately $70 million of time deposits that are classified as held-to-maturity and are included in short-term investments because they mature in the next six months. The cost of these investments approximates fair value. We had no held-to-maturity investments at December 31, 2014.

We have not experienced any write-offs in our investment portfolio. The majority of our mortgage-backed securities are either guaranteed or supported by the U.S. government. We have no investments in inactive markets that would warrant a possible change in our pricing methods or classification within the fair value hierarchy.

Derivative Instruments

The valuation of foreign exchange derivatives is based on a market approach using observable market data inputs, such as foreign currency spot and forward rates and yield curves. We also incorporate counterparty credit risk and our credit risk into the fair value measurement of our derivative assets and liabilities, respectively. We derive credit risk from observable data in the credit default swap market.

The fair value of our derivative instruments at December 31, 2015 and 2014 was as follows:

		December 31,	
Designation of Derivatives	Balance Sheet Location	2015	2014
Derivatives designated as hedging instruments			
Foreign exchange contracts	Other current assets and prepayments	$ 217	$ 762
	Accounts payable and accrued liabilities	(208)	—
Derivatives not designated as hedging instruments			
Foreign exchange contracts	Other current assets and prepayments	1,499	624
	Accounts payable and accrued liabilities	(5,179)	(2,988)
	Total derivative assets	1,716	1,386
	Total derivative liabilities	(5,387)	(2,988)
	Total net derivative liability	$ (3,671)	$ (1,602)

Foreign Exchange Contracts

We enter into foreign exchange contracts to mitigate the currency risk associated with the anticipated purchase of inventory between affiliates and from third parties. These contracts are designated as cash flow hedges. The effective portion of the gain or loss on cash flow hedges is included in AOCI in the period that the change in fair value occurs and is reclassified to earnings in the period that the hedged item is recorded in earnings. At December 31, 2015 and 2014, we had outstanding contracts associated with these anticipated transactions with a notional amount of $13 million and $18 million, respectively.

The amounts included in AOCI at December 31, 2015 will be recognized in earnings within the next 12 months. No amount of ineffectiveness was recorded in earnings for these designated cash flow hedges.

The following represents the results of cash flow hedging relationships for the years ended December 31, 2015 and 2014:

	Year Ended December 31,				
	Derivative Gain (Loss) Recognized in AOCI (Effective Portion)			Gain (Loss) Reclassified from AOCI to Earnings (Effective Portion)	
Derivative Instrument	2015	2014	Location of Gain (Loss) (Effective Portion)	2015	2014
Foreign exchange contracts	$ 887	$ 1,878	Revenue	$ 1,082	$ 1,276
			Cost of sales	558	(140)
				$ 1,640	$ 1,136

We also enter into foreign exchange contracts to minimize the impact of exchange rate fluctuations on short-term intercompany loans and related interest that are denominated in a foreign currency. The revaluation of the intercompany loans and interest and the mark-to-market adjustment on the derivatives are both recorded in earnings. All outstanding contracts at December 31, 2015 mature over the next three months.

The following represents the results of our non-designated derivative instruments for the years ended December 31, 2015 and 2014:

		Year Ended December 31,	
		Derivative Gain (Loss) Recognized in Earnings	
Derivatives Instrument	Location of Derivative Gain (Loss)	2015	2014
Foreign exchange contracts	Selling, general and administrative expense	$ (6,849)	$ (4,701)

Credit-Risk-Related Contingent Features

Certain derivative instruments contain credit-risk-related contingent features that would require us to post collateral based on a combination of our long-term senior unsecured debt ratings and the net fair value of our derivatives. At December 31, 2015, the maximum amount of collateral that we would have been required to post had the credit-risk-related contingent features been triggered was $5 million.

Fair Value of Financial Instruments

Our financial instruments include cash and cash equivalents, investment securities, accounts receivable, loan receivables, derivative instruments, accounts payable and debt. The carrying value for cash and cash equivalents, accounts receivable, loans receivable, and accounts payable approximate fair value because of the short maturity of these instruments.

The fair value of our debt is estimated based on recently executed transactions and market price quotations. The inputs used to determine the fair value of our debt were classified as Level 2 in the fair value hierarchy. The carrying value and estimated fair value of our debt at December 31, 2015 and 2014 was as follows:

	December 31,	
	2015	2014
Carrying value	$ 2,968,997	$ 3,252,006
Fair value	$ 3,102,890	$ 3,440,383

Asset impairment

During 2015, we sold our world headquarters building for $39 million and recorded a loss on the sale of $5 million. The loss was recognized in restructuring charges and asset impairments, net in the Consolidated Statements of Income.

In November 2015 we redeemed the $110 million 5.250% notes due November 2022 at a par plus accrued and unpaid interest.

We also repaid the $130 million term loans outstanding at December 31, 2014 and borrowed $150 million under new a term loan. The term loan bears interest at the applicable Eurodollar Rate plus 0.90%. Interest is payable and resets quarterly and the loans mature in December 2016 but may be extended through June 2017 at our option. At December 31, 2015, the weighted-average interest rate of the term loans was 1.4%.

During 2015, we also repaid the $275 million, 5% notes that matured in March 2015.

In October 2014, we received a loan from the State of Connecticut Department of Economic and Community Development. The loan consisted of a $15 million development loan and $1 million jobs-training grant that is subject to refund if certain conditions are not met. We satisfied the conditions related to the $1 million jobs-training grant during 2015.

The 4.625% Notes due March 2024 may be redeemed, at anytime, at our option, in whole or in part, at par plus accrued interest and a make-whole payment.

The 6.7% Notes due March 2043 may be redeemed, at our option, in whole or in part, at par plus accrued interest any time on or after March 2018, respectively.

The 5.25% Notes due 2037 may be redeemed by bondholders, in whole or in part, at par plus accrued interest in January 2017.

We have a commercial paper program and a committed credit facility of $1 billion to support commercial paper issuances. There were $90 million of commercial paper borrowings at December 31, 2015. As of December 31, 2015, we had not drawn upon the credit facility. The credit facility expires in January 2020.

In January 2016, we borrowed $300 million under a term loan and used the proceeds to repay a portion of the $371 million, 4.75% notes due January 15, 2016. The remaining portion of the loan was repaid using cash from operations. The new term loan bears interest at the applicable Eurodollar Rate plus 1.25% and matures in December 2020.

14. Retirement Plans and Postretirement Medical Benefits

We provide certain retirement benefits to our U.S. employees hired prior to January 1, 2005 and to eligible employees outside the U.S. under various defined benefit retirement plans. Benefit accruals under most of our defined benefit plans, including our two largest U.S. pension plans, our U.K. pension plans and Canadian pension plans, have been frozen.

We also provide certain employer subsidized health care and employer provided life insurance benefits in the U.S. and Canada to eligible retirees and their dependents. Employees hired before January 1, 2005 in the U.S. and April 1, 2005 in Canada become eligible for retiree medical benefits after reaching age 55 and with the completion of the required service period. The cost of these benefits is recognized over the period the employee provides credited service to the company.

A discount rate is used to determine the present value of our future benefit obligations. The discount rate for our U.S. pension and postretirement medical benefit plans is determined by matching the expected cash flows associated with our benefit obligations to a pool of corporate long-term, high-quality fixed income debt instruments available as of the measurement date. The discount rate for our largest foreign plan, the U.K. Qualified Pension Plan (the U.K. Plan), is determined by using a model that discounts each year's estimated benefit payments by an applicable spot rate derived from a yield curve created from a large number of high quality corporate bonds. For our other smaller foreign pension plans, the discount rate is selected based on high-quality fixed income indices available in the country in which the plan is domiciled.

The expected return on plan assets is based on historical and expected rates of return for current and planned asset classes in the plans' investment portfolio after analyzing historical experience and future expectations of the returns and volatility of the various asset classes. The overall expected rate of return for the portfolio is based on the target asset allocation of our global pension plans, adjusted for historical and expected experience of active portfolio management results, when compared to the benchmark returns.

During 2016, we anticipate making total contributions of $9 million to our U.S. pension plans and $46 million to our foreign pension plans. We will reassess our funding alternatives as the year progresses.

Investment Strategy and Asset Allocation - U.S. Pension Plans

The investment strategy of our U.S. pension plans is to maximize returns within reasonable and prudent levels of risk, to achieve and maintain full funding of the accumulated benefit obligation and the actuarial liabilities and to earn a nominal rate of return of at least 7.0%. The fund has established a strategic asset allocation policy to achieve these objectives. Investments are diversified across asset classes and within each class to reduce the risk of large losses and are periodically rebalanced. Derivatives, such as swaps, options, forwards and futures contracts may be used for market exposure, to alter risk/return characteristics and to manage foreign currency exposure. Investments within the private equity and real estate portfolios are comprised of limited partnership units in primary and secondary fund of funds and units in open-ended commingled real estate funds, respectively. These types of investment vehicles are used in an effort to gain greater asset diversification. We do not have any significant concentrations of credit risk within the plan assets. The pension plans' liabilities, investment objectives and investment managers are reviewed periodically. The target asset allocation for 2016 and the actual asset allocations at December 31, 2015 and 2014, for the U.S. pension plans are as follows:

	Target allocation	Percent of Plan Assets at December 31,	
	2016	2015	2014

Investment Strategy and Asset Allocation - Foreign Pension Plans

Our foreign pension plan assets are managed by outside investment managers and monitored regularly by local trustees and our corporate personnel. Investment strategies vary by country and plan, with each strategy tailored to achieve the expected rate of return within an acceptable or appropriate level of risk, depending upon the liability profile of plan participants, local funding requirements, investment markets and restrictions. The U.K. plan represents 75% of the non-U.S. pension assets. The U.K. pension plan's investment strategy is to maximize returns within reasonable and prudent levels of risk, to achieve and maintain full funding of the accumulated benefit obligation and the actuarial liabilities and to earn a nominal rate of return of at least 6.5%. The fund has established a strategic asset allocation policy to achieve these objectives. Investments are diversified across asset classes and within each class to minimize the risk of large losses and are periodically rebalanced. Derivatives, such as swaps, options, forwards and futures contracts may be used for market exposure, to alter risk/return characteristics and to manage currency exposure. We do not have any significant concentrations of credit risk within the plan assets. The pension plans' liabilities, investment objectives and investment managers are reviewed periodically. The target asset allocation for 2016 and the actual asset allocations at December 31, 2015 and 2014, for the U.K. pension plan are as follows:

	Target Allocation	Percent of Plan Assets at December 31,	
	2016	2015	2014

The target asset allocation used to manage the investment portfolios is based on the broad asset categories shown above. The plan asset categories presented in the fair value hierarchy are subsets of the broad asset categories.

The fair value of the U.K. plan assets was $399 million and $427 million at December 31, 2015 and 2014, respectively, and the expected long-term weighted average rate of return on these plan assets was 7.00% in 2015 and 7.50% in 2014.

Fair Value Measurements of Plan Assets

The following tables show, by level within the fair value hierarchy, the financial assets and liabilities that are accounted for at fair value on a recurring basis at December 31, 2015 and 2014, respectively, for the U.S. and foreign pension plans. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement requires judgment and may affect placement within the fair value hierarchy levels. There are no shares of our common stock included in the plan assets of our pension plans.

The following information relates to our classification of investments into the fair value hierarchy:

- *Money Market Funds:* Money market funds typically invest in government securities, certificates of deposit, commercial paper of companies and other highly liquid, low risk securities. Money market funds are principally used for overnight deposits. They are classified as Level 2 since they are not actively traded on an exchange.
- *Equity Securities:* Equity securities include U.S. and foreign common stock, American Depository Receipts, preferred stock and commingled funds. Equity securities classified as Level 1 are valued using active, high volume trades for identical securities. Equity securities classified as Level 2 represent those not listed on an exchange in an active market. These securities are valued based on quoted market prices of similar securities.
- *Commingled Fixed Income Securities:* Mutual funds that invest in a variety of fixed income securities including securities of the U.S. government and its agencies, corporate debt, mortgage-backed securities and asset-backed securities. Value of the funds is based on the net asset value (NAV) per unit as reported by the fund manager. NAV is based on the market value of the underlying investments owned by each fund, minus its liabilities, divided by the number of shares outstanding. Commingled fixed income securities are not listed on an active exchange and are classified as Level 2.
- *Debt Securities - U.S. and Foreign Governments, Agencies and Municipalities:* Government securities include treasury notes and bonds, foreign government issues, U.S. government sponsored agency debt and commingled funds. Municipal debt securities include general obligation securities and revenue-backed securities. Debt securities classified as Level 1 are valued using active, high volume

trades for identical securities. Debt securities classified as Level 2 are valued through benchmarking model derived prices to quoted market prices and trade data for identical or comparable securities.

- *Debt Securities – Corporate*: Investments are comprised of both investment grade debt (≥BBB-) and high-yield debt (≤BBB-). The fair value of corporate debt securities is valued using recently executed transactions, market price quotations where observable, or bond spreads. The spread data used are for the same maturity as the security. These securities are classified as Level 2.
- *Mortgage-Backed Securities (MBS)*: Investments are comprised of agency-backed MBS, non-agency MBS, collateralized mortgage obligations, commercial MBS, and commingled funds. These securities are valued based on external pricing indices. When external index pricing is not observable, MBS are valued based on external price/spread data. If neither pricing method is available, broker quotes are utilized. When inputs are observable and supported by an active market, MBS are classified as Level 2 and when inputs are unobservable, MBS are classified as Level 3.
- *Asset-Backed Securities (ABS)*: Investments are primarily comprised of credit card receivables, auto loan receivables, student loan receivables, and Small Business Administration loans. These securities are valued based on external pricing indices or external price/spread data and are classified as Level 2.
- *Private Equity*: Investments are comprised of units in fund-of-funds investment vehicles. Fund-of-funds consist of various private equity investments and are used in an effort to gain greater diversification. The investments are valued in accordance with the most appropriate valuation techniques, and are classified as Level 3 due to the unobservable inputs used to determine a fair value.
- *Real Estate:* Investments include units in open-ended commingled real estate funds. Properties that comprise these funds are valued in accordance with the most appropriate valuation techniques, and are classified as Level 3 due to the unobservable inputs used to determine a fair value.
- *Diversified Growth Funds:* Investments are comprised of units in commingled diversified growth funds. These investments are valued based on the net asset value (NAV) per unit as reported by the fund manager, and are classified as Level 3 due to the unobservable inputs used to determine a fair value.
- *Securities Lending Fund:* Investment represents a commingled fund through our custodian's securities lending program. The U.S. pension plan lends securities that are held within the plan to other banks and/or brokers, and receives collateral, typically cash. This collateral is invested in a short-term fixed income securities commingled fund. The commingled fund is not listed or traded on an exchange and is classified as Level 2. This amount invested in the fund is offset by a corresponding liability reflected in the U.S. pension plan's net assets available for benefits.

Total recognized in other comprehensive income	$ (39,078)	$ 29,676

The estimated amounts that will be amortized from AOCI into net periodic benefit cost in 2016 are as follows:

Net actuarial loss	$ 5,438
Prior service cost	297
Total	$ 5,735

The weighted-average discount rates used to determine end of year benefit obligation and net periodic pension cost include:

	2015	2014	2013
Discount rate used to determine benefit obligation			
U.S.	4.20%	3.90%	4.40%
Canada	3.95%	3.80%	4.65%
Discount rate used to determine net period benefit cost			
U.S.	3.90%	4.40%	3.65%
Canada	3.80%	4.65%	3.90%

The assumed health care cost trend rate used in measuring the accumulated postretirement benefit obligation for the U.S. plan was 6.0% for 2015 and 6.5% for 2014. The assumed health care trend rate is 6.0% for 2016 and will gradually decline to 5.0% by the year 2019 and remain at that level thereafter. Assumed health care cost trend rates have a significant effect on the amounts reported for the health care plans. A 1% change in the assumed health care cost trend rates would have the following effects:

	1% Increase	1% Decrease
Effect on total of service and interest cost components	$ 389	$ (326)
Effect on postretirement benefit obligation	$ 7,841	$ (6,730)

Estimated Future Benefit Payments

Total contributions to our defined contribution plans were $28 million in 2015 and $25 million in 2014.

Deferred tax liabilities and assets at December 31, 2015 and 2014 consisted of the following:

	December 31,	
	2015	2014
Deferred tax liabilities:		
Depreciation	$ (69,622)	$ (60,282)
Deferred profit (for tax purposes) on sale to finance subsidiary	(108,061)	(114,633)

Amortizable intangibles	(119,453)	(74,034)
Other	(41,149)	(64,900)
Gross deferred tax liabilities	(526,516)	(519,532)
Deferred tax assets:

Tax credit carry forwards	54,183	47,493
Tax uncertainties gross-up	21,191	22,851
Other	96,412	125,512
Gross deferred tax assets	518,447	601,867
Less: Valuation allowance	(132,624)	(116,935)
Net deferred tax assets	385,823	484,932
Total deferred taxes, net	$ (140,693)	$ (34,600)

A valuation allowance is recognized to reduce the total deferred tax assets to an amount that will more-likely-than-not be realized. The valuation allowance relates primarily to certain foreign, state and local net operating loss and tax credit carryforwards that are more-likely-than-not to expire unutilized.

We have net operating loss carryforwards of $310 million as of December 31, 2015, of which, $251 million can be carried forward indefinitely and the remainder expire over the next 15 years. In addition, we have tax credit carryforwards of $54 million, of which $39 million can be carried forward indefinitely and the remainder expire over the next 10 to 15 years.

As of December 31, 2015 we have not provided for income taxes on $860 million of cumulative undistributed earnings of subsidiaries outside the U.S. as these earnings will be either indefinitely reinvested or remitted substantially free of additional tax. However, we estimate that withholding taxes on such remittances would be $13 million. Determination of the liability that would be incurred if these earnings were remitted to the U.S. is not practicable as there is a significant amount of uncertainty with respect to determining the amount of foreign tax credits and other indirect tax consequences that may arise from the distribution of these earnings.

Uncertain Tax Positions

A reconciliation of the amount of unrecognized tax benefits is as follows:

	2015	2014	2013
Balance at beginning of year	$ 132,495	$ 172,594	$ 151,098
Increases from prior period positions	7,637	9,090	15,777
Decreases from prior period positions	(16,753)	(33,692)	(6,908)
Increases from current period positions	23,533	17,704	23,549
Decreases relating to settlements with tax authorities	(3,831)	(22,127)	(482)
Reductions from lapse of applicable statute of limitations	(3,832)	(11,074)	(10,440)
Balance at end of year	$ 139,249	$ 132,495	$ 172,594

The amount of the unrecognized tax benefits at December 31, 2015, 2014 and 2013 that would affect the effective tax rate if recognized was $117 million, $109 million and $148 million, respectively.

On a regular basis, we conclude tax return examinations, statutes of limitations expire, and court decisions interpret tax law. We regularly assess tax uncertainties in light of these developments. As a result, it is reasonably possible that the amount of our unrecognized tax benefits will decrease in the next 12 months, and we expect this change could be up to 15% of our unrecognized tax benefits. We recognize interest and penalties related to uncertain tax positions in our provision for income taxes. We recognized interest and penalties of $(4) million, $2 million and $27 million related to uncertain tax positions in our provision for income taxes for the years ended December 31, 2015, 2014 and 2013, respectively. We had $10 million and $11 million accrued for the payment of interest and penalties at December 31, 2015 and 2014, respectively.

Other Tax Matters

As is the case with other large corporations, our tax returns are examined each year by tax authorities in the U.S. and other global taxing jurisdictions in which we have operations. The IRS examinations of our consolidated U.S. income tax returns for tax years prior to 2012 are closed to audit. Additionally, in the U.S. we are subject to examination on various post-2005 State and Local taxes. In Canada, the examination of our tax filings prior to 2009 are closed to audit, except for the pending application of legal principles to specific issues arising in earlier years. Other significant jurisdictions in which we have, or have recently completed, tax examinations include France, closed through the end of 2012, Germany closed through the end of 2011 and except for an item under appeal the U.K. closed through the end of 2011. We have other less significant tax filings currently subject to examination.

We regularly assess the likelihood of tax adjustments in each of the tax jurisdictions in which we have operations and account for the related financial statement implications. We believe we have established tax reserves that are appropriate given the possibility of tax adjustments. However, determining the appropriate level of tax reserves requires judgment regarding the uncertain application of tax law and the possibility of tax adjustments. Future changes in tax reserve requirements could have a material impact, positive or negative, on our results of operations, financial position and cash flows.

16. Noncontrolling Interests (Preferred Stockholders' Equity in Subsidiaries)

Pitney Bowes International Holdings, Inc. (PBIH), a subsidiary of the company, has 300,000 shares of outstanding perpetual voting preferred stock valued at $300 million held by certain institutional investors (PBIH Preferred Stock). The holders of PBIH Preferred Stock are entitled as a group to 25% of the combined voting power of all classes of capital stock of PBIH. All outstanding common stock of PBIH, representing the remaining 75% of the combined voting power of all classes of capital stock, is owned directly or indirectly by the company. The PBIH Preferred Stock is entitled to cumulative dividends at a rate of 6.125% through April 30, 2016. Commencing October 30, 2016, the PBIH Preferred Stock is redeemable, in whole or in part, at the option of PBIH. If the PBIH Preferred Stock is not redeemed in whole prior to October 30, 2016, the dividend rate increases 50% and will increase 50% every six months thereafter. No dividends were in arrears at December 31, 2015 or December 31, 2014.

17. Commitments and Contingencies

In the ordinary course of business, we are routinely defendants in, or party to, a number of pending and threatened legal actions. These may involve litigation by or against us relating to, among other things, contractual rights under vendor, insurance or other contracts; intellectual property or patent rights; equipment, service, payment or other disputes with clients; or disputes with employees. Some of these actions may be brought as a purported class action on behalf of a purported class of employees, clients or others. In management's opinion, the potential liability, if any, that may result from these actions, either individually or collectively, is not reasonably expected to have a material effect on our financial position, results of operations or cash flows. However, as litigation is inherently unpredictable, there can be no assurances in this regard.

In 2015, we finalized the settlement with the Department of Justice relating to an investigation it had conducted regarding compliance with certain postal regulatory requirements in our Presort Services business without any admission of liability by the Company. As a result of the settlement, we recorded a charge of $7 million, net of estimated recoveries in 2015. This charge is recorded in other (income) expense, net in the Consolidated Statements of Income.

18. Leases

We lease office facilities, sales and service offices, equipment and other properties under operating lease agreements with varying terms. Certain leases require us to pay property taxes, insurance and routine maintenance and include renewal options and escalation clauses. Rent expense was $47 million, $55 million and $67 million in 2015, 2014 and 2013, respectively. Future minimum lease payments under non-cancelable operating leases at December 31, 2015 were as follows:

Years ending December 31,	
2016	$ 39,782
2017	31,178
2018	26,087
2019	21,874
2020	14,916
Thereafter	67,782
Total minimum lease payments	$ 201,619

19. Stockholders' Equity

Preferred and Preference Stock

We have two classes of preferred stock issued and outstanding: the 4% Preferred Stock (the Preferred Stock) and the $2.12 Preference Stock (the Preference Stock). The Preferred Stock is entitled to cumulative dividends of $2 per year and can be converted into 24.24 shares of common stock, subject to adjustment, in certain events. The Preferred Stock is redeemable at our option at a price of $50 per share, plus dividends accrued through the redemption date. We are authorized to issue 600,000 shares of Preferred Stock. At December 31, 2015 and 2014, there were 12 shares and 24 shares outstanding, respectively. There are no unpaid dividends in arrears.

The Preference Stock is entitled to cumulative dividends of $2.12 per year and can be converted into 16.53 shares of common stock, subject to adjustment, in certain events. The Preference Stock is redeemable at our option at a price of $28 per share. We are authorized to issue 5,000,000 shares of Preference Stock. At December 31, 2015 and 2014, there were 18,660 shares and 20,237 shares outstanding, respectively. There are no unpaid dividends in arrears.

(1) Amount represents the expense related to the immediate vesting of restricted stock units and stock options held by employees of PBMS upon the sale of the business.

Stock Plans

We have a long-term incentive program whereby eligible employees may be granted restricted stock units, non-qualified stock options, other stock-based awards, cash or any combination thereof. The Executive Compensation Committee of the Board of Directors administers these plans. We settle employee stock compensation awards with treasury shares. At December 31, 2015, there were 20,092,604 shares available for future grants under our long-term incentive program.

Restricted Stock Units

Restricted stock units (RSUs) entitle the holder to shares of common stock as the units vest, typically over a three or four year service period. The following table summarizes information about restricted stock units during 2015 and 2014:

	2015		2014	
	Shares	Weighted average grant date fair value	Shares	Weighted average grant date fair value
Outstanding - beginning of the year	1,819,239	$ 16.41	1,941,312	$ 13.19
Granted	809,436	21.15	685,994	23.62
Vested	(802,284)	16.88	(713,886)	14.50
Forfeited	(99,177)	17.93	(94,181)	15.11
Outstanding - end of the year	1,727,214	$ 18.30	1,819,239	$ 16.41

The fair value of RSUs is determined based on the stock price on the grant date less the present value of expected dividends. At December 31, 2015, there was $13 million of unrecognized compensation cost related to RSUs that is expected to be recognized over a weighted-average period of 1.6 years. The intrinsic value of RSUs outstanding at December 31, 2015 was $36 million. The intrinsic value of RSUs vested during 2015, 2014 and 2013 was $18 million, $18 million and $15 million, respectively. The fair value of RSUs vested during 2015, 2014 and 2013 was $14 million, $10 million and $18 million, respectively. During 2013, we granted 1,365,798 RSUs at a weighted average fair value of $10.37.

Non-employee directors receive restricted stock units which are convertible into shares of common stock one year from date of grant. In 2015 and 2014, 12,824 and 34,344 restricted stock units were awarded to non-employee directors, respectively.

Performance Stock Units

The following table summarizes share information about Performance stock units (PSUs) during 2015:

	Years Ended December 31,	
	2015	2014
Outstanding - beginning of the year	606,715	—
Granted	725,330	493,255
Performance adjustments	(188,774)	113,460
Forfeited	(35,756)	—
Outstanding - end of the year	1,107,515	606,715

PSUs are stock awards where the number of shares ultimately received by the employee is conditional upon the attainment of certain performance targets as well as total shareholder return relative to peer companies. PSUs vest at the end of a three-year service period and the actual number of shares awarded may range from 0% to 200% of the target award. However, the final determination of the number of shares to be issued is made by our Board of Directors, who may reduce, but not increase, the ultimate number of shares to be awarded (negative discretion). PSUs are accounted for as variable awards until the end of the service period when the grant date is established.

Total share-based compensation expense for PSUs is determined by the product of the number of shares eligible to be awarded and expected to vest and the fair value of the award, determined using a Monte Carlo simulation model, commencing at the inception of the requisite service period. During the performance period, the compensation expense for PSUs is re-computed using the fair value of the award, determined using a Monte Carlo simulation model each balance sheet date. Due to the variability of these awards, significant fluctuations in share-based compensation expense recognized from one period to the next are possible. At December 31, 2015, there was $14 million of unrecognized compensation cost related to PSUs that will be recognized over 1.7 years.

Stock Options

Stock options may be granted to certain officers and employees at an exercise price equal to or greater than the stock price of our common stock on the grant date. Options vest ratably over three or four years and expire ten years from the date of grant. At December 31, 2015, there was less than $1 million of unrecognized compensation cost related to stock options that is expected to be recognized over a weighted-average period of 2.8 years. The intrinsic value of options outstanding and options exercisable at December 31, 2015 was $3 million and $2 million, respectively. No stock options were exercised in 2015. The intrinsic value of options exercised during 2014 was not material.

We estimate the fair value of stock options using a Black-Scholes valuation model. Key assumptions used to estimate the fair value of stock options include the volatility of our stock price, a risk-free interest rate, the expected dividend yield and expected life of the award. The risk-free interest rate is based on U.S. treasuries with a term equal to the expected option term. The expected stock price volatility, life of the award and expected dividend yield are based on historical experience. In 2014 there were no stock options granted and in 2013, we granted 800,000 options at a weighted average exercise price of $21.93.

The fair value of stock options granted during 2015 was determined using the following assumptions:

Expected dividend yield	3.4%
Expected stock price volatility	29.0%
Risk-free interest rate	2.0%
Expected life	7 years
Weighted-average fair value per option granted	$3.38
Fair value of options granted (in thousands)	$676

Employee Stock Purchase Plan

We maintain a non-compensatory Employee Stock Purchase Plan that enables substantially all U.S. and Canadian employees to purchase shares of our common stock at an offering price of 95% of the average market price on the offering date. At no time will the exercise price be less than the lowest price permitted under Section 423 of the Internal Revenue Code. Employees purchased 131,769 shares and 87,606 shares in 2015 and 2014, respectively. We have reserved 3,068,737 common shares for future purchase under the ESPP.

PITNEY BOWES INC.
Pitney Bowes Director Equity Deferral Plan

I. Establishment and Purpose

The purpose of the Pitney Bowes Director Equity Deferral Plan ("Plan") is to allow Directors of Pitney Bowes Inc. ("Company") who receive equity awards, such as stock units ("Units"), as part of their Director compensation under the Pitney Bowes Inc. Director Stock Plan as amended and restated as of May 12, 2014 or any subsequent approved stock plan(s), to defer settlement of those equity awards until termination of service or retirement from the Company's Board of Directors. The plan was approved by the Board of Directors November 8, 2013 effective May 12, 2014. The Plan is intended to comply with the rules under the Internal Revenue Code and specifically Section 409A ("IRC 409A").

II. Eligibility to Participate

A Director becomes eligible to participate in this Plan upon election or appointment to the Company's Board of Directors.

III. Deferral Election

A Director shall submit a deferral election on an approved form furnished by the Company regarding an equity award. The election generally must be made in the year prior to the year that the award is approved by the Board or upon commencement of Board service. The Board may set up procedures to accept deferral elections at such other times as are consistent with IRC 409A such as: (1) elections for newly eligible Directors, where the election is to be made within 30 days of initial eligibility, and (2) performance based compensation deferral elections, where the election can be made up to six months before the end of the performance period if (a) the Director performs services continuously from the later of the beginning of the performance period or the date the performance criteria are established and (b) the satisfaction of the performance criteria is not readily ascertainable as of the time the election is made. A deferral election will not be allowed for awards or portions thereof that otherwise would vest and be settled within 12 months of the election, unless specifically allowed under the Plan and under IRC 409A.

An election to defer the settlement of an award must include the entire award type made on that award date. That is, a Director cannot defer only part of an award type, but can elect to defer all of an award type in one year and none the next year.

The Company may allow Directors to elect a modification of a prior election but only if the modification is made more than 12 months prior to when the settlement would otherwise occur and does not take effect for at least 12 months from the date of the modification election. Where the modification is deemed a subsequent election under IRC 409A, the deferral period or award settlement date is postponed by five years from the original Default Settlement Date or elected distribution date, as applicable.

Once a deferral election is made, the election may not be revoked and the deferral period may not be accelerated except as provided under this Plan document.

A Director's deferral election will be cancelled (1) for the balance of the Plan Year in which an unforeseeable emergency payment is made and (2) during the period in which the Director is unable to perform duties of his or her position or substantially similar position due to a mental or physical impairment that can be expected to result in death or last for a continuous period of at least six months.

IV. Deferral Term

A Director may elect to defer settlement of an equity award to termination of service or retirement from the Company's Board of Directors

V. Settlement

Settlement of deferred equity Units means the conversion of an equity Unit into a full unrestricted share of Company common stock and the distribution of such shares to the Director, to the extent allowable under law. Fractional shares at settlement will either be payable in cash or used for additional withholding taxes.

The Plan's Default Date of Settlement is the month immediately following the third month after the Director's termination or retirement from Board service. If the Director elects settlement over a ten-year period following termination or retirement from Board service the settlement shall be made in equal share installments with the first settlement being made during the fourth month following the Director's termination or retirement from Board service and each successive installment being in the same month in successive calendar years. Installment payments shall be treated as a single form of payment under the Plan.

VI. Vesting

Equity Awards shall vest in accordance with the underlying equity award terms. Directors who submit a deferral election are deferring the settlement, not the vesting, of such awards to the deferral date elected or allowed under this Plan.

VII. Dividend Equivalents

The underlying equity award shall specify when and if dividends or dividend equivalents are payable under the equity award. Dividend equivalents on deferred awards will be paid out to the Directors quarterly within 30 days of the dividend payment date on outstanding Company stock.

VIII. Voting Rights

Deferred equity awards are considered notional or phantom shares and do not carry voting rights until they are settled into common shares at the end of the deferral period.

IX. Death

In the event of a Director's death, vested deferred Units will be settled and converted in Company common stock within 90 days of the Director's death and will be payable to the Director's estate unless the Director has designated in writing a specific beneficiary(ies).

X. Change of Control

If a Change of Control of Pitney Bowes Inc. meets the requirements of IRC Section 409A, deferred equity Units will be converted into Company common stock upon the Change of Control. Change of Control shall be defined as in the Pitney Bowes Inc. Directors' Stock Plan.

XI. Tax Withholding

Withholding from the award settlement into common stock will occur only if and to the extent required by federal, state, local or foreign law.

XII. Amendment

Except for non-material administrative changes which can be made by the Executive Committee of the Board of Directors, all other amendments to this Plan requires the approval of the full Board. The Board may delegate ministerial actions to administer the Plan to Company's Chief Executive Officer or other senior executive officers as the case maybe. The Board may terminate this Plan and settle all outstanding deferred awards. Amendments and termination may occur without prior notification.

XIII. General Assets

To the extent any person acquires a right to receive payments hereunder, such rights are no greater than the right of an unsecured general creditor of the Company. Nothing contained in this Plan and no action taken pursuant to its provisions shall create or be construed to create a trust of any kind. No Director shall have any right, title or interest whatever in the assets of the Company.

XIV. Anti-assignment Rule

A Director may not assign any interest or benefit under this Plan for any purposes. Purported assignments shall be null and void and of no effect. Notwithstanding anything to the contrary herein the Board may, at is sole discretion, make distributions to an alternate payee in accordance with the terms of domestic relations order (See IRC Section 414(p)(1)(B)).

XV. No Acquired Right

The benefits provided by this Plan shall not rise to the level of an acquired right.

XVI. Director Stock Ownership Policy

Fully vested but deferred Units shall count toward the ownership requirements under the Director Stock Ownership Policy.

XVII. Director Duties

Directors must keep the Company advised at all times of his or her current mailing address and other contact information.

XVIII. Designation of Beneficiary

A Director may designate a beneficiary(ies) by submitting to the Company the beneficiary information in writing according to the format approved by the Company. If a distribution is to be made to a minor, or to a person who is incompetent, the Company may make the distribution to (1) a legal guardian, or if none, to a parent at the minor's residence, or (2) to a conservator, or (3) to a person having custody of an incompetent payee. Such distribution shall fully discharge the liability under this Plan.

XIX. IRC Section 409A

This Plan is intended to comply with the Internal Revenue Code and specifically IRC 409A and shall in all respects be administered in accordance with its rules. Distributions may only be made under the Plan upon an event and in a manner permitted under IRC

Section 409A. All payments made upon termination of service or retirement under this Plan may only be made upon a "separation of service" under IRC Section 409A. All deferral elections shall be consistent with permissible elections under IRC Section 409A.

XX. Plan Administrator and Administration

This Plan shall be administered by the Executive Committee of the Board ("Committee"). The Committee shall have discretionary authority to make, amend, interpret and enforce all appropriate rules and regulations for administration of this Plan and to utilize its discretion to decide or resolve any and all questions as may arise in connection with the Plan. The Committee may delegate certain ministerial actions to the Company's Chief Executive Officer or other senior executive officers as the case maybe.

XXI. Governing Law

The laws of the State of Connecticut shall govern the construction and administration of the Plan.

PITNEY BOWES INC.
Pitney Bowes Executive Equity Deferral Plan

I. Establishment and Purpose

The purpose of the Pitney Bowes Executive Equity Deferral Plan ("Plan") is to allow key executives ("Participants") at Pitney Bowes Inc. and its designated subsidiaries and affiliates ("Company") who receive equity awards as part of the Participant's long-term incentive compensation, such as restricted stock units ("RSU") and performance stock units ("PSU"), under the Pitney Bowes 2013 Stock Plan or any subsequent approved stock plan(s), to defer settlement of those equity awards until termination of employment or Retirement (termination of employment after age 55). The plan was approved by the Executive Compensation Committee and the board of directors on November 7, 2014 to facilitate Company executives in accumulating sizable holdings in Common stock as required under the Executive Stock Ownership Policy and to further align executive compensation with the interests of Company stockholders. This Plan may be offered to Participants in countries outside the United States on a country by country basis at the sole discretion of the Company. The Plan is intended to comply with the rules under the Internal Revenue Code and specifically Section 409A ("IRC 409A").

II. Eligibility to Participate

An executive becomes eligible to participate in this Plan upon receipt of specific written notification of eligibility to participate from the Company. Generally only the Company's senior executives are eligible to participate in the Plan.

III. Deferral Election

A Participant shall submit a deferral election on a form furnished or approved by the Company regarding an equity award. The election generally must be made in the year prior to the year that the award is approved by the board or the Company. However, the Company may set up procedures to accept deferral elections at such other times as are consistent with IRC 409A such as: (1) elections for newly eligible executives, where the election is to be made within 30 days of initial eligibility, and (2) performance based compensation deferral elections, where the election can be made up to six months before the end of the performance period if (a) the Participant performs services continuously from the later of the beginning of the performance period or the date the performance criteria are established and (b) the satisfaction of the performance criteria is not readily ascertainable as of the time the election is made. A deferral election will not be allowed for awards or portions thereof that otherwise would vest and be settled

within 12 months of the election, unless specifically allowed under the Plan and under IRC 409A.

An election to defer the settlement of an award must include the entire award type made on that award date. For example, if the Participant is awarded both an RSU and PSU award, the Participant may elect to defer the entirety of either or both types of awards. Partial deferrals of equity awards will not be allowed under the Plan.

The Company may allow Participants to elect a modification of a prior election but only if the modification is made more than 12 months prior to when the settlement would otherwise occur and does not take effect for at least 12 months from the date of the modification election. Where the modification is deemed a subsequent election under IRC 409A, the deferral period or award settlement date is postponed by five years from the original Default Settlement Date or elected distribution date, as applicable.

Once a deferral election is made, the election may not be revoked and the deferral period may not be accelerated except as provided under this Plan document.

A Participant's deferral election will be cancelled (1) for the balance of the Plan Year in which an unforeseeable emergency payment is made, (2) through the end of the Plan Year in which the six-month anniversary of a 401(k) Plan hardship distribution falls, and during the period in which the Participant is unable to perform duties of his or her position or substantially similar position due to a mental or physical impairment that can be expect to result in death or last for a continuous period of at least six months.

IV. Deferral Term

A Participant may elect to defer settlement of an equity award in the following ways: (1) to a date certain while the Participant is still employed, (2) to termination of employment or Retirement or (3) over a period of ten years commencing at termination of employment, provided that if the Participant is not eligible to Retire, settlement shall instead be made at termination of employment. If a participant defers settlement to a date certain while still employed but terminates employment prior to the date certain, settlement of the equity award will occur upon termination of employment under Article V below.

V. Settlement

Settlement of deferred equity units means the conversion of an equity unit into a full unrestricted share of Company common stock and the distribution of such shares to the Participant, to the extent allowable under law. Fractional shares at settlement will either be payable in cash or used for additional withholding taxes.

The Plan's Default Date of Settlement is (1) if the deferral was to a date certain and the Participant is still employed at such date certain, then settlement will occur within 30 days of the date certain; and (2) if the Participant terminates employment then settlement will be during the 7 month following the Participant's termination of employment. If the participant elects settlement over a ten-year period following termination from employment and is eligible to Retire at the time of termination from employment, the settlement shall be made in equal share installments with the first settlement being made during the seventh month following the Participant's termination from employment and each successive installment being in the same month in successive calendar years. Installment payments shall be treated as a single form of payment under the Plan. If the Participant has elected to defer an award to be settled in installments but terminates prior to Retirement, the award will be settled during the seventh month following the Participant's termination from employment notwithstanding the Participant's election.

VI. Vesting

Equity Awards shall vest in accordance with the underlying equity award terms. Participants who submit a deferral election are deferring the settlement, not the vesting, of such awards to the deferral date elected or allowed under this Plan.

VII. Deferral of Dividend/Dividend Equivalents

The underlying equity award shall specify when and if dividends are payable under the equity award. Dividend equivalents on deferred awards will be deferred into additional deferred restricted stock units under the same terms as the underlying deferred equity award generating those dividend equivalents. If dividends are payable under the equity award (e.g. after vesting of the award), dividend equivalents under deferred equity awards will be converted into additional vested restricted stock units with settlement deferred until the base deferral is settled pursuant to the Participant's election or the Plan terms. Dividend equivalents will be deferred into additional vested restricted stock units based on the New York Stock Exchange closing stock price for the Company's stock on the date the dividend on Company stock is otherwise paid to stockholders. Deferred dividend converted into additional restricted stock units will be converted into Company common shares at the same time as the equity award which gave rise to the dividend equivalent. Regular stock dividends will be payable once the units are converted into common shares at the end of the deferral period.

VIII. Voting Rights

Deferred equity awards are considered notional or phantom shares and do not carry voting rights until they are settled into common shares at the end of the deferral period.

IX. Death and Disability

In the event of a Participant's death, vested deferred units will be settled and converted in Company common stock in the second month immediately following the Participant's death and will be payable to the Participant's estate unless the Participant has designated in writing a specific beneficiary(ies).

In the event of a Participant's total disability, which shall be defined as the Participant's termination from employment after two years on long term disability benefits, any outstanding deferred units shall be settled and converted in Company common stock in the seventh month immediately following the Participant's termination of employment on account of disability. Settlement shall be treated as a termination of employment or Retirement as the case may be.

X. Change of Control

If a Change of Control of Pitney Bowes Inc. meets the requirements of IRC Section 409A, deferred equity units will be converted into Company common stock upon the Participant's termination of employment on account of a Change of Control and within 24 months of the Change of Control. Change of Control shall be defined as in the Company Senior Executive Severance Policy.

XI. Tax Withholding

To the extent required by federal, state, local or foreign law, the Company may withhold applicable taxes upon settlement of a deferred equity award, including settlement of reinvested units derived from dividend equivalents, by withholding units or stock issued on the settlement.

XII. Amendment

Except for non-material administrative changes, all other amendments to this Plan requires the approval of the Executive Compensation Committee. This Plan may be terminated by the Executive Compensation Committee of the board. Amendments and termination may occur without prior notification.

XIII. General Assets

To the extent any person acquires a right to receive payments hereunder, such rights are no greater than the right of an unsecured general creditor of the Company. Nothing contained in this Plan and no action taken pursuant to its provisions shall create or be construed to create a trust of any kind or a fiduciary relationship between the Company and the Participant or beneficiaries. No Participant shall have any right, title or interest whatever in the assets of the Company (or participating company).

XIV. Anti-assignment Rule

A Participant may not assign any interest or benefit under this Plan for any purposes. Purported assignments shall be null and void and of no effect. Notwithstanding anything to the contrary here in the Company may, at is sole discretion, make distributions to an alternate payee in accordance with the terms of domestic relations order (See IRC Section 414(p)(1)(B)).

XV. No Employment Contract or No Acquired Right

Nothing contained herein shall be construed to constitute an employment contract between the Company and the Participant. The benefits provided by this Plan shall not rise to the level of an acquired right.

XVI. Executive Stock Ownership Policy

Fully vested but deferred units shall count toward the ownership requirements under the Executive Stock Ownership Policy.

XVII. Participant Duties

Participants must keep the Company advised at all times of his or her current mailing address and other contact information.

XVIII. Designation of Beneficiary

A participant may designate a beneficiary(ies) by submitting to the Company the beneficiary information in writing according to the format approved by the Company. If a distribution is to be made to a minor, or to a person who is incompetent, the Company may make the distribution to (1) a legal guardian, or if none, to a parent at the minor's residence, or (2) to a conservator, or (3) to a person having custody of an incompetent payee. Such distribution shall fully discharge the Company's liability.

XIX. IRC Section 409A

This Plan is intended to comply with the Internal Revenue Code and specifically IRC 409A and shall in all respects be administered in accordance with its rules. Distributions may only be made under the Plan upon an event and in a manner permitted under IRC Section 409A. All payments made upon termination of employment under this Plan may only be made upon a "separation of service" under IRC Section 409A. All deferral elections shall be consistent with permissible elections under IRC Section 409A.

XX. Plan Administrator and Administration

This Plan shall be administered by the Executive Compensation Committee ("Committee") of the board. The Committee shall have discretionary authority to make, amend, interpret and enforce all appropriate rules and regulations for administration of this Plan and to utilize its discretion to decide or resolve any and all questions as may arise in connection with the Plan. The Committee may delegate certain ministerial actions to the Company's Chief Executive Officer and Chief Operating Officer or other Senior Executive Officers as the case maybe. The Committee and the board as the case may be have the right to terminate this Plan without notice and to settle all outstanding deferred awards.

XXI. Governing Law

The laws of the State of Connecticut shall govern the construction and administration of the Plan.

Narrative

Purpose: To authorize and award a purchase order for Security System, Furnish and Install for the Nassau County Police Department.

Discussion: This solicitation was advertised in Newsday and posted to the Nassau County Bid Solicitation Board where Seventy-Two (72) vendors were notified electronically of the bid. Minority Affairs was given a copy of the bid. Three (3) bids were received. Of the vendors notified three (3) were listed as women owned, one (1) was listed as veteran owned, one (1) was listed as service disabled veteran owned and seven (7) were listed as minority owned. The reason that only three (3) bids were received is that it is an intricate project with enforced completion dates, required expertise and the ability to meet time constraints.

Impact on Funding: Project cost will be One Hundred Eight-Eight Thousand Eight Hundred Forty-Seven Dollars and Eighty-One Cents ($188,847.81) from Capital Project 50680.

Recommendation: Office of Purchasing recommends an award be given to Electronic Interface Associates as the lowest responsible bidder meeting specifications.

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate , or distinct from the County Contract as expressed by its terms.

Contract Summary

Description: Amendment #3

Purpose: This is an amendment to an outside counsel contract to represent the County and/or such other party as the County may be required to defend in various matters as requested by the County Attorney, or their designee, within the following areas of law in which the Department has determined Counsel to be qualified: Appellate; Land Use; Commercial Litigation; Environmental Law; and Transactions (Real Estate). Counsel was initially assigned a case as more fully described in Appendix A of the original agreement, and is currently providing services on several active matters, including Roth v. Nassau County Civil Service Commission (15-CV-6358 ILG-CLP); Chodkowski v. County of Nassau (16-CV-5770); and Fornuto v. County of Nassau (Index #10495/10). This amendment renews the contract, extending the term for one year and increasing the maximum amount of the contract. The firm's resume, outlining their particular expertise, is attached to the Business History form in this contract package.

Method of Procurement: Contract amendment. See procurement history below.

Procurement History: A Request for Qualification was issued and a panel established. The firm Lynn, Gartner, Dunne & Covello, LLP has been added to this panel. The firm has been determined to be qualified by the Department in the areas of law listed above and assigned the case provided above, after a review of the panel, based on the firm's experience, expertise in the subject matters, and availability. Further, given the level of expertise of counsel for appellate work and the general need of their expertise, the County Attorney has authorized an increase in hourly rates above counsel's initial RFQ submission and the panel rates provided in the RFQ for cases utilizing counsel's expertise in appellate work.

Description of General Provisions: As described above.

Impact on Funding / Price Analysis: $200,000 increase to maximum amount. This brings the total maximum amount payable under the contract to $324,900.

Change in Contract from Prior Procurement: N/A

If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. X Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

Recent accomplishments by this firm include the following.

In *Morrison v. Hain Celestial Group, Inc.*, 40 Misc.3d 812 (Sup. Ct., Nassau Co. 2013) (DeStefano, J.), shareholders brought a putative class action against a corporation and its board of directors alleging breach of fiduciary duty in connection with modifications made to executive compensation, and sought to stay the holding of the annual shareholders meeting. This firm defeated the attempt to block the annual shareholders meeting, and obtained dismissal of the action.

In *Lorber v. Winston*, ___ F.Supp.2d ___, 2014 WL 292440 (E.D.N.Y. 2014) (Spatt, J.), the plaintiff, represented by Ira Lee Sorkin, a former Regional Director of the Securities and Exchange Commission and former Deputy Chief of the Criminal Division in the United States Attorneys Office for the Southern District of New York, brought an action alleging common law fraud, fraudulent inducement, breach of fiduciary duty, aiding and abetting breach of fiduciary duty, negligence, unauthorized signatures, breach of contract, commercial bad faith, and violations of RICO. After the federal claims were dismissed on statute of limitations grounds (although re-filed in state court), the defendants moved for sanctions against the plaintiff and Mr. Sorkin. This firm represented Mr. Sorkin in defeating that motion.

The same defendant also brought an action against Mr. Sorkin in Supreme Court, Nassau County, seeking treble damages for alleged "deceit" under New York Judiciary Law § 487. This firm represented Mr. Sorkin in that action, as well, obtaining its dismissal. *Winston v. Sorkin*, Index No. 8227-13 (Sup. Ct., Nassau Co. January 13, 2014) (Jerome C. Murphy, J.).

In *McDougall v. Scoppetta*, 76 A.D.3d 338 (2d Dep't 2010), on behalf of a decorated and disabled firefighter, this firm obtained a reversal of the New York City Fire Commissioner's decision to terminate the employment, pension and health benefits valued at over $2 million based on a single failed drug test. The decision of the Fire Commissioner was reversed based on a finding of the Appellate Division that the penalty shocked the conscience and reinstated the firefighter's pension and health benefits.

In *Schroeder v. Scoppetta*, 77 A.D.2d 840 (2d Dep't 2010), on behalf of another decorated firefighter, this firm obtained a reversal of the New York City Fire Commissioner's decision to terminate the employment, pension and health benefits valued at over $2 million based on a single failed drug test. The termination was vacated and matter remanded for a new decision based on the Commissioner's improper consideration of inadmissible evidence.

In *J.W. Mays, Inc. v. Snyder/Fulton Street, LLC*, 69 A.D.3d 572 (2d Dep't 2010), on behalf of the owner of a $77 million five-story commercial property in downtown Brooklyn, this firm obtained a reversal of an order of the Supreme Court, Kings County, which had dismissed the owner's multi-million dollar claims against the commercial lessee, on the ground that the commercial lessee was not responsible for making substantial capital improvements to the subject premises, despite a lease clause making the commercial tenant responsible for structural repairs. The Appellate Division reinstated the claims.

Contract Summary

Description: Amendment #2

Purpose: This is an amendment to an outside counsel contract to represent the County and/or such other party as the County may be required to defend in various matters as requested by the County Attorney, or their designee, within the following areas of law in which the Department has determined Counsel to be qualified: Appellate; Land Use; Commercial Litigation; Environmental Law; and Transactions (Real Estate). Counsel was initially assigned a case as more fully described in Appendix A of the original agreement. The amendment exercises one renewal option to extend the term of the contract for one year.

Method of Procurement: Contract amendment. See procurement history below.

Procurement History: A Request for Qualification was issued and a panel established. The firm Lynn, Gartner, Dunne & Covello, LLP has been added to this panel. The firm has been determined to be qualified by the Department in the areas of law listed above and assigned the case provided above, after a review of the panel, based on the firm's experience, expertise in the subject matters, and availability. Further, given the level of expertise of counsel for appellate work and the general need of their expertise, the County Attorney has authorized an increase in hourly rates above counsel's initial RFQ submission and the panel rates provided in the RFQ for cases utilizing counsel's expertise in appellate work.

The original contract was entered into after a Request for Qualification was issued and a panel established. The firm Lynn, Gartner, Dunne & Covello, LLP has been added to this panel. The firm has been determined to be qualified by the Department in the areas of law listed above (in the Staff Summary) and assigned the case provided above (in the Staff Summary) after a review of the panel, based on the firm's experience, expertise in the subject matter, and availability. ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**

☐ B. The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. V. ☐ **Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.**

☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no._____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No.* 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no._____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

<u>In addition</u>, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No.* 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the Office of the Nassau County Attorney, having its principal office at One West Street, Mineola, New York 11501 (the "Department"), and (ii) Lynn, Gartner, Dunne & Covello, LLP, with an office located at 330 Old Country Road, Suite 103, Mineola, New York 11501 ("Counsel" or "Contractor").

WITNESSETH:

WHEREAS, the County desires to hire Counsel to perform the services described in this Agreement; and

WHEREAS, Counsel is eminently qualified and ready to provide the necessary services; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence on April 16, 2014 and shall terminate on April 15, 2015, unless sooner terminated in accordance with the provisions of this Agreement, provided that the County may renew this Agreement under the same terms and conditions for four (4) additional one (1) year periods.

2. Services. The services to be provided by Counsel under this Agreement shall consist of representing Nassau County, and/or such other party as the County may be required to defend, in various matters as requested by the County Attorney, or their designee, within the areas of law in which the Department has determined Counsel to be qualified ("Services"). The initial case assigned to Counsel, as well as the areas of law in which the Department has determined Counsel to be qualified to represent the County, are described in the attached Appendix A.' (4) Any appearances before the County Legislature, or any committee thereof for the purpose of the approval of this Agreement or any amendment thereto, are to be construed as part of the fee negotiation and approval process and Counsel agrees that no fee will be charged for any such appearances.

(b) Vouchers; Voucher Review, Approval and Audit. Payment shall be made to Counsel in arrears and shall be contingent upon (i) Counsel submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) is accompanied by a contemporaneous record of hours billed stating the person(s) performing the Services and indicating with reasonable specificity, the Services provided and the payment requested in consideration for such Services, or contains a detailed, itemized list of allowable expenses; (b) certifies that the Services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and upon (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. Counsel shall submit its claim no later than three (3) months following the County's receipt of the services that are the subject of the claim, and no more frequently than once a month.

(d) Expenses and Disbursement. Counsel shall be compensated within the Maximum Amount for all reasonable expenses and disbursements actually incurred, including but not limited to out-of-pocket disbursements for expert costs, messengers, investigators, trial preparation services and other legitimate expenses. Counsel shall obtain prior written approval from the County Attorney or his designee for all non-routine expenses and disbursements or any expense or disbursement not listed in this paragraph.

(e) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between Counsel and any funding source including the County.

(f) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to Counsel following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after Counsel received notice that the County did not desire to receive such services.

4. Independent Contractor. Counsel is an independent contractor of the County. Counsel shall not, nor shall any officer, director, employee, servant, agent or independent contractor of Counsel (a "Counsel Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. Counsel is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. Counsel shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this Agreement. In furtherance of the foregoing, Counsel is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, Counsel agrees as follows:

(i) Counsel shall comply with the applicable requirements of the Living Wage Law, as amended;

(ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be

determined solely by the County. Counsel has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

(iii) It shall be a continuing obligation of Counsel to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. Counsel acknowledges that Counsel Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify Counsel of such request prior to disclosure of the Information so that the Counsel may take such action as it deems appropriate.

7. Ownership of Records. All County Information provided to Counsel by the County shall remain the property of the County. All reports, documents or information created by Counsel on behalf of the County shall be deemed the property of the County. Upon the County's request, completion of Services, or termination of this Agreement, all such County Information, reports, documents or information shall be returned to the County.

8. Service Standards. Regardless of whether required by Law: (a) Counsel shall, and shall cause Counsel Agents to, conduct his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) Counsel shall deliver Services under this Agreement in a professional manner consistent with the best practices of the legal profession. Counsel shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Counsel Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. No Conflict Representation. During the term of this Agreement, Counsel shall not represent any party whose interest is or may be adverse to or in conflict with, or whose interest may appear to be adverse to or in conflict with the County, nor shall it commence any action or proceeding, or act as Counsel in any action or proceeding that is adverse to the County or any County officer or employee, without the County's prior written consent.

10. Indemnification; Defense; Cooperation. (a) Counsel shall indemnify, defend and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities arising out of or in connection with performance under this Agreement by Counsel or a Counsel Agent, provided, however, that the Counsel shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) Counsel shall, upon the County's demand and at the County's direction, promptly and diligently defend, at Counsel's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which Counsel is responsible under this Section, and, further to Counsel's indemnification obligations, Counsel shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) Counsel shall, and shall cause Counsel Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of Counsel and/or a Counsel Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

11. Insurance. (a) Types and Amounts. Counsel shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per claim (iii) compensation insurance for the benefit of the Counsel's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by Counsel pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. Counsel shall be solely responsible for the payment of all deductibles to which such policies are subject. Counsel shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by Counsel under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, Counsel shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. Counsel shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of Counsel to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of Counsel to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and

void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

13. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to Counsel, (ii) for "Cause" by the County immediately upon the receipt by Counsel of written notice of termination, (iii) upon mutual written Agreement of the County and the Counsel, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By Counsel. This Agreement may be terminated by Counsel if performance becomes impracticable through no fault of the Counsel, where the impracticability relates to Counsel's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by Counsel delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that Counsel is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Counsel's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Counsel Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Counsel shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning Counsel's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

14. Accounting Procedures; Records. Counsel shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles or such other standard accounting principles that are acceptable within the industry and, if Counsel is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief, Counsel shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. Counsel shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of Counsel shall allege that the above-described actions and inactions preceded Counsel's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Work Performance Liability. The Counsel is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Counsel is using a Counsel Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Counsel Agent has been approved by the County.

17. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

18. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name Counsel shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to Counsel, to the attention of the person who executed this Agreement on behalf of Counsel at the address specified above for Counsel, or in each case to such other persons or addresses as shall be designated by written notice.

19. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any

way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

20. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

21. Administrative Service Charge. Counsel agrees to pay the County an administrative service charge of One Hundred Sixty Dollars ($160.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by Counsel upon signing this Agreement.

22. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all requisite County and other governmental approvals have been obtained, including, if required, approval by the County Legislature and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law

No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

f. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

☐ **B.** The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ **C.** Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no._____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services

required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. ☑ Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☐ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

X. ☑ Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: ☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No.* 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

7. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest,

discrimination, a living wage, disclosure of information, and vendor registration, in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's vendor registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

(i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;

(ii) Failure to comply with the Living Wage Law, as amended, constitutes a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

(iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The provisions of this Section shall survive the termination of this Agreement and any breach of these provisions shall be cause for immediate termination of this Agreement.

8. Minimum Service Standards. The provisions of this Section shall survive the termination of this Agreement. Regardless of whether required by Law and in addition to any other applicable

provisions of this Agreement:

(a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver Services under this Agreement, including, without limitation, the provision of forensic mental health evaluations, consultation and court testimony in accordance with the highest professional standards of quality in the fields of mental health, mental retardation and developmental disabilities. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, all licenses, certifications, and approvals ("Approvals") necessary or appropriate in connection with this Agreement.

9. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars ($1,000,000) per occurrence and two million dollars ($2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than one million dollars ($1,000,000) per occurrence and two million dollars ($2,000,000) aggregate coverage, (iii) compensation insurance for the

benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending

termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance.
Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

13. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall

allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of **One Hundred Sixty** dollars (**$160.00**) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars ($100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

4.2 Responsibilities of the County with Respect to Access, Amendment, Restrictions and Accounting of Disclosures of PHI. The County hereby agrees to do the following regarding access to PHI, amendments to inaccuracies contained in PHI, and restrictions regarding PHI in the Contractor's possession, to the extent material to the PHI held by the Contractor:

d. upon the County's request, provide the County with immediate access to the Contractor's security systems and programs in order for the County to investigate any Security Incident or to audit the Contractor's security systems and programs. The Contractor acknowledges that the County has the right, but not the obligation, to access and audit the Contractor's security systems and programs.

Such access shall be at the Contractor's place of business during routine operating hours.

6. COMPLIANCE WITH STANDARD TRANSACTIONS

6.1 Compliance with Standard Transactions by the Contractor. If the Contractor conducts in whole or in part Standard Transactions for or on behalf of the County, the Contractor shall:

a. comply and require all subcontractors and agents of the Contractor to comply with each applicable requirement of 45 C.F.R. Part 162; and

b. not enter into, or permit its subcontractors or agents to enter into, any trading partner addendum or agreement in connection with the conduct of Standard Transactions for or on behalf of the County that:

ii) adds any elements or segments to the maximum defined data set;

iii) uses any code or data element that is marked "not used" in the Standard Transaction's specifications for execution or is not in the Standard Transaction's specifications for execution; or

iv) changes the meaning or intent of the Standard Transaction's specifications for implementation.

7. TERMS AND TERMINATION

7.1 Term. This Addendum shall become effective as of the date first indicated above, and shall continue in effect until all of the PHI provided by the County to the Contractor, or created or received by the Contractor on behalf of the County, is destroyed or returned to the County, and all other obligations of the parties have been met, unless terminated by the County as provided in Section 7.2. If it is infeasible to return or destroy such PHI, then such PHI shall continue to be protected as set forth in Section 7.4.

7.2 Termination by the County. As provided for under 45 C.F.R. §§ 164.504(e)(2)(iii) and 164.314(a)(2)(i), the County may (a) exercise its rights under Section 7.3 below or (b) immediately terminate the Agreement if the County, in its sole discretion, determines that the Contractor has breached a material term of this Addendum. The County may exercise such right to terminate the Agreement by providing the Contractor with written notice of its intent to terminate specifying the material breach of the Agreement that provides the basis for termination. Such termination will be effective immediately, unless another date is specified in such notice.

7.3 Opportunity to Cure. As provided for under 45 C.F.R. § 164.504(e)(2)(iii) and notwithstanding Section 7.2 hereof, the County may terminate the Agreement, after notice and opportunity to cure as herein provided, if the County, in its sole discretion, determines that the Contractor has unintentionally breached a material term of this Addendum. If the County decides to provide an opportunity to cure in such case, it shall: (a) provide the Contractor with written notice of the existence of an alleged material breach; and (b) afford the Contractor an opportunity to cure the alleged material breach. Failure to cure within fourteen (14) days shall constitute grounds for the immediate termination of the Agreement by the County.

7.4 Effect of Termination. Upon the termination, cancellation, or any other conclusion of the Agreement, the Contractor shall, if feasible, return to the County or destroy all PHI, in whatever form or medium, pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(I), including, but not limited to, PHI in the possession of its subcontractors and/or agents, within thirty (30) days of the effective date of the termination, cancellation, or other conclusion of the Agreement.

a. Once all PHI in the Contractor 's possession or control, including, but not limited to, PHI in the possession or control of its subcontractors and/or agents, has been returned to the County or destroyed, the Contractor shall provide a written certification to the County regarding the return or destruction of such PHI within such thirty (30) day period. Such certification shall be relied upon by the County as a binding representation; and

b. if the Contractor believes that return or destruction of PHI in its possession and/or in the possession of its subcontractors or agents is infeasible, the Contractor shall notify the County of such infeasibility in writing. Said notification shall include, but not be limited to: (i) a statement that the Contractor has, in good faith, determined that it is infeasible to return or destroy the PHI in its possession and/or in the possession of its subcontractors or agents, as applicable, (ii) identification of the PHI that the Contractor believes it is infeasible to return or destroy, and (iii) the specific reasons for such determination. In addition to providing such notification, the Contractor shall certify within such thirty (30) day period that it will and will require its subcontractors or agents, as applicable, to limit any further uses and/or disclosures of such PHI to the purposes that make the return or destruction of the PHI infeasible.

8. INDEMNIFICATION

8.1 Indemnity. The Contractor agrees to indemnify and hold harmless the County and any of its affiliates, officers, directors, employees, attorneys, or agents (collectively, "Indemnitees") from and against any claim, cause of action, liability, damage, cost, or expense, including attorneys' fees and court or proceeding costs, and the fees and costs of enforcement of the indemnification rights provided herein, arising out of or in connection with any non-permitted or violating use or disclosure of PHI or other breach of this Addendum by the Contractor or any subcontractor, agent, person, or entity under the Contractor 's control.

8.2 Control of Defense. If any Indemnitees are named a party in any judicial, administrative, or other proceeding arising out of or in connection with any use or disclosure of PHI by the Contractor or any subcontractor, agent, Individual, or organization under the Contractor 's control, and such use or disclosure of PHI was not permitted by this Addendum, then any Indemnitee shall have the option at any time either: (i) to tender defense to the Contractor, in which case the Contractor shall provide qualified attorneys, consultants, and other appropriate professionals to represent the Indemnitee's interests at the Contractor 's expense, or (ii) undertake its own defense, choosing the attorneys, consultants, and other appropriate professionals to represent its interests, in which case the Contractor shall be responsible for and pay the fees and expenses of such attorneys, consultants, and other professionals.

8.3 Control of Resolution. The Indemnitees shall have the sole right and discretion to settle, compromise, or otherwise resolve any and all claims, causes of actions, liabilities, or damages against them, notwithstanding that the Indemnitees may have tendered their defense to the Contractor. Any such resolution will not relieve the Contractor of its obligation to indemnify the Indemnitees under this Section.

9. CONFIDENTIALITY

This Addendum does not affect any other obligations in the Agreement to the extent not inconsistent herewith or not involving the confidentiality, use, or disclosure of PHI. This Addendum, however, does supercede all other obligations in the Agreement to the extent they are inconsistent herewith and involve the confidentiality, use, or disclosure of PHI.

10. MISCELLANEOUS

10.1 Survival. The respective rights and obligations of the Contractor and the County under the provisions of Sections 3, 4, 5, 7.4, and 8, solely with respect to PHI the Contractor retains in accordance with Section 7.4 because it is not feasible to return or destroy such PHI, shall survive the termination of the Agreement indefinitely. In addition, Section 9 shall survive termination of this Addendum indefinitely, notwithstanding whether the Contractor retains PHI in accordance with Section 7.4 hereto.

10.2 Amendments. The Agreement (including the terms of this Addendum) may not be modified, nor shall any provision of the Agreement be waived or amended, except in a writing duly signed by authorized representatives of the parties and expressly referencing the Agreement. Notwithstanding anything in the Agreement to the contrary, to the extent that the Privacy Rule or Security Rule, or any other applicable law related to the privacy or security of health information is materially amended, updated, or revised following the execution of this Addendum, the parties agree to take such action as is necessary to amend this Addendum from time to time as is necessary for the County to comply with the requirements of HIPAA.

10.3 No Third Party Beneficiaries. Nothing contained in the Agreement (including, but not limited to, this Addendum), whether express or implied, is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns of the parties, any rights, remedies, obligations, or liabilities whatsoever in relation to the disclosure or use of PHI.

10.4 Cooperation and Disputes. Each party will reasonably cooperate with the other in the performance of the mutual obligations under this Addendum. If any controversy, dispute, or claim arises between the parties with respect to the Agreement (including, but not limited to, this Addendum), the parties shall make reasonable good faith efforts to resolve such matters informally.

10.5 Regulatory References. Any reference to any part or section of the CFR shall include such part or section as drafted upon the effective date of this Addendum and as it is subsequently updated, amended, supplemented, superceded, or revised.

10.6 Conflicts. Any conflicts or inconsistencies between the terms in this Addendum and terms in other parts of the Agreement shall be resolved in favor of the terms in this Addendum.

10.7 Interpretation. Any ambiguity in the Agreement (including, but not limited to, this Addendum) shall be resolved in favor of a meaning that permits the County to comply to the greatest extent possible with the Privacy Rule, the Security Rule and Other Legal Requirements.

IN WITNESS WHEREOF, each of the undersigned has caused this Addendum to be duly executed in its name and on its behalf effective as of the date first indicated above.

I. OVERVIEW

A. Purpose. South Nassau Communities Hospital and its affiliate, Oceanside Counseling Center, Inc., (collectively, the "Hospital") are committed to providing high quality medical care to its patients and ensuring that its business practices comply with all relevant legal requirements and applicable Hospital policies. This Policy and Procedure is intended to be a guide for Hospital Board Members, Officers, Key Employees, medical staff, practitioners with clinical privileges, and employees ("Hospital Personnel") who may find themselves in a position where their personal interests could cause, or be perceived to cause, a conflict with the interests of the Hospital, the community we serve or our patients.

B. Basic Requirements. As set forth in more detail below, all potential or actual conflicts of interest must be reported to the Hospital and must be appropriately addressed as required by this Policy. If you are uncertain whether a particular transaction or matter presents a disclosable conflict of interest, it should be disclosed pursuant to this Policy.

Failure to adhere to this Policy will be considered a breach of the individual's obligation to the Hospital, and may result in disciplinary action. Hospital Personnel are thus expected to read and understand this Policy and to review it at least annually in order to be alert to situations that could pose an actual or potential conflict of interest.

Underlying the requirements of this Policy is the expectation that Hospital Personnel will at all times do the following:

(1) act fairly, reasonably and in the Hospital's best interests;

(2) act in compliance with all applicable legal requirements, including but not limited to, the requirements concerning Related Party Transactions described below;

(3) refrain from personal considerations of any kind that conflict with, or that appear to conflict with, the best interests of the Hospital, the community the Hospital serves or its patients; and

(4) immediately disclose any potential conflicts of interest in accordance with the procedures set forth in this Policy.

Upon the disclosure of a conflict of interest, the Compliance Committee of the Board will conduct a review of the potential and/or actual conflict, in accordance with the procedures set forth below, to determine whether and to what extent such conflict of interest should limit the individual's participation in his or her position, medical staff function or the particular transaction or matter under consideration. In general, Hospital Personnel with conflicts of interest must refrain from participating in the consideration or determination of any transaction or matter as to which they have an actual or potential conflict.

C. Definitions. At the end of this Policy there is an Appendix that sets forth the definitions of key words and phrases used throughout this Policy.

D. Related Policies. For further information, please see the following hospital-wide related policies:

- Acceptance of Gifts OF-ADM-275

- Financial Interest Disclosure for Product and Formulary Recommendations OF-ADM-320

- Acceptance and/or Solicitation of Gifts or Benefits From Vendors (OF-ADM-276)

- Compliance Program Disciplinary Policy, Standards and Procedures OF-ADM-162

II. OVERSIGHT OF THIS POLICY

The adoption, implementation of and compliance with this Policy shall be overseen by the Compliance Committee of the Board. The Compliance Committee will be composed of only Independent Directors (as that term is defined in the Appendix to this Policy).

The Compliance Committee has authorized the Hospital's Compliance Officer to provide the Board with assistance in the implementation of, and compliance with, this Policy. Such assistance may include having the Compliance Officer: (1) gather the Conflict of Interest Disclosure Statements; (2) track the successful completion of the Statements; (3) transmit the Statements to the Secretary of the Board; and (4) assist the Compliance Committee in organizing the Statements for the Committee's review. The Compliance Committee, however, will at all times retain overall responsibility for all aspects of the oversight of this Policy.

III. PROCEDURES FOR DISCLOSURE OF CONFLICTS

A. What is a "Disclosable Conflict of Interest"? As a general matter, any financial or related interest must be disclosed when the interest of Hospital Personnel in a transaction or entity creates the appearance (or the actuality) that the Hospital Personnel may not be able to act in the best interests of the Hospital. A Disclosable Conflict of Interest exists for example, when Hospital Personnel or Relatives of Hospital Personnel engage in any of the following:

(1) Related Party Transaction. Have a financial interest in any transaction, agreement or arrangement in which the Hospital is or intends to be a participant.

(2) Relationships with Vendors and Competitors. Have a financial interest in a vendor, competitor or entity with which the Hospital does business or intends to do business or which competes with the Hospital; is a member, owner, sole proprietor, partner, shareholder, director, trustee or officer of such vendor, competitor or entity; or has a contractual or employment relationship with such vendor, competitor or entity.

(3) Personal Interest. Represent the Hospital in any matter in which the person has a personal interest (financial or otherwise).

(4) Personal Gain. Use, or have the opportunity to use, knowledge about the Hospital for personal gain, profit or advantage;

(5) Business Relationships with Directors, Officers or Key Employees. When a Director, Officer or Key Employee has a family or business relationship with

another Director, Officer or Key Employee. Under IRS disclosure rules, however, the following business relationships need not be disclosed to the IRS:

(a) attorney-client or physician-patient privileged relationships; and

(b) business relationships that are a part of the ordinary course of business on the same terms generally offered to the public.[1]

Even if the IRS disclosure rules do not require disclosure, an internal disclosure to the Hospital will still be required if the relationship is of such a material nature as to affect, or create the appearance that it could affect, either the independence of the Director or the integrity of the decision- making process of the Board.

(6) Gifts and Other Benefits. Accept gifts, entertainment or other favors from a vendor, competitor or entity with which the Hospital does business or intends to do business under circumstances from which it might be inferred that the gift or gratuity was being given to influence the Hospital Personnel's actions or decisions on behalf of the Hospital; or gifts or gratuities in excess of the maximum as allowable by hospital policy, in cash or in kind.

(7) Quality of Care. Have a familial, financial or business relationship that does or has the potential to affect the safety or quality of care, treatment and services provided to patients. Such relationships can include the receipt of hospitality (i.e., business entertainment, networking events, and hospital-sponsored fundraising events), as defined in the hospital vendor and gift policies, loans, gratuities or other financial benefits from any patient, patient family member or visitor. [2]

---

[1] More specifically, under the IRS rules, a business relationship that may have to be disclosed on the Hospital's IRS 990 Form includes relationships where:

(i) one person is employed by the other in a sole proprietorship or by an organization with which the other is associated as a trustee, director, officer, or greater-than-35% owner, even if that organization is tax-exempt;

(ii) one person is transacting business with the other (other than in the ordinary course of either party's business on the same terms as are generally offered to the public), directly or indirectly, and the transaction involves transfers of cash or property valued in excess of $10,000 in the aggregate during the Hospital's tax year; and

(iii) the two persons are each a director, trustee, officer, or greater than 10% owner in the same business or investment entity (but not in the same tax-exempt organization).

[2] Examples of scenarios in which a potential conflict of interest could affect the quality of patient care includes:

a. A cardiologist on staff receiving financial remuneration for each patient that he or she enrolls in a study funded by a major drug company;
b. An employee who owns a durable medical equipment company that does business with the Hospital or its patients;
c. A physician on the medical staff who also is the medical director of, or has an ownership or financial interest in, a nursing home where Hospital patients are referred;
d. A clinical department Chair whose child applies for privileges in the Chair's department or in another clinical department;
e. An employee with purchasing authority who makes a decision to buy goods or services based on personal relationships or personal gain, and not in the best interests of the Hospital and its patients.

(8) Other Organizations. Is an officer or director of, or has a direct or indirect substantial financial interest in, another corporation, firm or other entity – including another healthcare organization – with which the Hospital does business or intends to do business.

(9) Other Conduct. Engages in any other conduct that interferes with, or appears to interfere with, the best interests of the Hospital or with the Hospital Personnel's responsibilities to the Hospital.

Other examples may arise, particularly in certain contexts within which the Hospital conducts its day-to-day operations. It is not possible to provide an exhaustive listing of every situation in which a conflict of interest, or the appearance of a conflict of interest, may arise.

B. How and When to Disclose. Hospital Personnel must disclose any potential conflicts both annually and when a potential conflict arises.

(1) Annual Written Conflict of Interest Disclosure Statement. Directors, Officers, Key Employees (defined as Vice Presidents, heads of departments and certain select positions), and employed physicians will, at least annually, file a written Conflict of Interest Disclosure Statement with the Board Secretary (or with the Hospital's Compliance Officer on behalf of the Secretary). The Hospital Compliance Officer, in conjunction with the Board Secretary, will track the completion of the Statements. Copies of all completed Statements will be provided by the Board Secretary (or the Compliance Officer on behalf of the Board Secretary) to the Chair of the Compliance Committee for its review.

(2) Continuing Obligation to Disclose and Update. Hospital Personnel – even those who are not required to file an annual Disclosure Statement– have an affirmative and continuing obligation to disclose any conflicts of interest as they arise and, as applicable, to update his or her annual written Conflict of Interest Disclosure Statement, if he or she is otherwise required under this Policy to file a Disclosure Statement. All such disclosures or updated Disclosure Statements will be filed with the Board Secretary (or with the Hospital Compliance Officer on behalf of the Secretary). The Board Secretary (or Compliance Officer) will provide copies of all updated or new disclosures to the Chair of the Compliance Committee for the Committee's review and consideration.

(3) Requirements Specific to the Board. The following additional disclosure requirements apply to Board Directors, as applicable:

(a) Directors' Disclosure Statements. For Directors, the Conflict of Interest Disclosure Statement will specifically include, among other Disclosable Conflicts of Interest, a statement identifying, to the best of the Director's knowledge, any entity of which he or she is an officer, director, trustee, member, owner (either as a sole proprietor or a partner), or employee and with which the Hospital has a relationship.

(b) Prior to the Initial Election of a Director. Prior to the initial election of any Director, the individual proposed for a Director position shall complete, sign and submit a written Conflict of Interest Disclosure

Statement identifying, to the best of the proposed Director's knowledge, any entity of which he or she is an officer, director, trustee, member, owner (either as a sole proprietor or a partner), or employee and with which the Hospital has a relationship, and any transaction in which the Hospital is a participant and in which the proposed Director might have a Disclosable Conflict of Interest.

All such Statements will be filed with the Board Secretary (or with the Hospital Compliance Officer on behalf of the Secretary). The Board Secretary (or Compliance Officer) will provide copies of each completed Statement to the Chair of the Compliance Committee, for the Committee's review.

(c) Additional Disclosure Requirements for Board Directors. If during the course of a Board or Board-level committee meeting, discussion, or deliberation any actual or potential conflict of interest becomes apparent to a Director, that Director must disclose such actual or potential conflict to the Board or committee. If another Director becomes aware of any actual or potential conflict of interest, he or she shall disclose such conflict if the conflicted Director is absent. In both cases, such disclosure shall be a matter of record.

(d) Committee Assignments. All potential members of any committee with Governing Board-delegated powers must complete an updated Disclosure Statement and disclose any actual, potential, or perceived conflict of interest to the Compliance Officer and the Board prior to assignment to such committee.

(4) Disclosure by Medical Staff and Practitioners With Clinical Privileges. Each member of the Hospital's medical staff and all practitioners with clinical privileges are required to disclose any Disclosable Conflict of Interest on their applications seeking initial appointment to the Hospital's staff or for clinical privileges and their applications seeking reappointment to the Hospital's staff or for clinical privileges. In addition, all such staff and practitioners have a continuing obligation to promptly disclose any actual or potential conflict of interest or other Disclosable Conflict of Interest when it is identified. Such matters will be reviewed by the Compliance Officer or his or her designee in conjunction with the Medical Staff Office and forwarded, as appropriate, to the Chair of the Compliance Committee.

(5) Disclosure by Hospital Employees. Hospital employees have a continuing obligation to promptly disclose any actual or potential conflict of interest or other Disclosable Conflict of Interest when it is identified. On no less than an annual basis, the Hospital will send a reminder to all employees of their obligations under this Policy. Required disclosures are to be directed to the Compliance Officer or his or her designee and will be forwarded, as appropriate, to the Chair of the Compliance Committee.

IV. THE REVIEW PROCESS

A. **Review by the Compliance Committee of the Board.** The Board Secretary will deliver all completed Conflict of Interest Disclosure Statements to the Chair of the Compliance Committee of the Board for its consideration. The Compliance Committee will then conduct a full review of all matters that raise an actual or potential conflict of interest, or that create the appearance of an actual or potential conflict of interest. In conducting its review, the Compliance Committee:

(1) Will consider all relevant facts and circumstances involved in the matter, and in particular, what is fair, reasonable and in the best interests of the Hospital, the community it serves and its patients;

(2) Will exclude the affected individual(s) from being present at or participating in the deliberations or voting on the potential conflict of interest;

(3) Will prohibit the affected individual(s) from any attempt to improperly influence the deliberations or voting on the matter;

(4) Will permit the affected individual(s), upon request of the Committee, to present information as background or answer questions concerning the matter at a committee or board meeting prior to commencement of deliberations or voting on the matter; and

(5) Will not permit any Director to vote, or be counted in determining the quorum for any vote, on any transaction between the Hospital and another corporation, firm, association or other entity in which the Director is an officer or director or has a direct or indirect substantial financial interest.[3]

Decision by the Compliance Committee. The Compliance Committee will make a final and binding determination as to whether a conflict of interest exists or may exist, and what course the Hospital will take in connection with the matter. The Compliance Committee will contemporaneously document in writing, appropriate minutes of any meeting at which the matter is deliberated or voted upon, all deliberations and determinations relating thereto, including, at a minimum, a summary of the matter, a summary of the deliberations.

B. **Corrective Actions.** If, after review and consideration, the Compliance Committee concludes that a potential or actual conflict of interest does exist, then the Hospital will implement the following corrective actions to protect the Hospital's best interests:

(1) Generally. Hospital Personnel for whom an actual or potential conflict of interest is found to exist will take no part in consideration, deliberation or decision-making as to the underlying matter that is the subject of the potential conflict.

---

[3] In addition to the other requirements of this Policy, any such quality of interest shall be disclosed to the other Directors of the Hospital and made a matter of record. Such disclosure shall be made by the Director involved or, in his or her absence, by another Director having knowledge of the facts. For these purposes, a Director or Officer shall be deemed to have a direct or indirect substantial financial interest in any corporation, firm, association or other entity in which such person, together with such person's parents and spouse, and all descendants of either of such person's parents or such person's spouse, have an aggregate beneficial interest of 10% or more. This provision does not apply to a Director who also serves as an unsalaried officer or director of other nonprofit corporations which, having received all requisite approvals, exist for the purpose of raising funds for the operation and maintenance of, or to provide administrative, planning and research support services, to the Hospital, with respect to transactions between the Hospital and such other nonprofit corporations.

(2) Recusal. The conflicted Hospital Personnel must recuse him or herself from discussion (including informal discussions) of matters affected by the conflict of interest, including physical absence from discussions, deliberations, voting or decision making either during consideration by management or during Board or Board Committee meetings.

(3) Quorum. A conflicted Director will not be counted in determining a quorum for any vote on the matter that is the subject of the potential conflict.

(4) Personal Influence. The conflicted Hospital Personnel will not use his or her personal influence – in any way or at any time - with respect to the matter that is the subject of the potential conflict.

(5) Significant Conflicts. If the conflict is so significant as to be incompatible with the mission, strategic priorities, or best interests of the Hospital, a determination will be made by the Board whether it is appropriate for the individual to continue serving on the Board, as a member of a Board committee, or as an Officer or Key Employee of the Hospital.

C. Additional Special Rules for Related Party Transactions-Generally. In addition to the considerations outlined above, all Related Party Transactions (as defined in the Appendix) are subject to the following additional special rules:

(1) Fair and Reasonable. The Hospital may not enter into a Related Party Transaction unless the transaction is determined to be fair, reasonable and in the Hospital's best interest at the time of the determination.

(2) Disclosure of Material Facts. In considering the Related Party Transaction, the Compliance Committee shall ensure that any Director, Officer or Key Employee who has an interest in the Related Party Transaction has disclosed in good faith all material facts concerning such interest; and

(3) No Participation. No Related Party may participate in the deliberations or voting relating to any Related Party Transaction. However, the Compliance Committee may request that a Related Party present information concerning a Related Party Transaction at a meeting prior to the commencement of deliberations or voting relating thereto.

(4) Contemporaneous Documentation. Contemporaneous documentation of the Compliance Committee's review of a Related Party Transaction will include, at a minimum, a summary of the matter, a summary of the deliberations, consideration of any alternatives, the vote and the basis for the determination, including, but not necessarily limited to, whether the matter is as fair and reasonable to the Hospital as would otherwise then be obtainable by the Hospital.

D. Additional Related Party Rules When a "Substantial" Financial Interest Exists. With respect to any Related Party Transaction involving the Hospital and in which a Related Party has a "substantial" financial interest in the transaction, agreement or arrangement, the following shall also apply:

(1) Prior to entering into the transaction, the Compliance Committee shall consider alternative transactions to the extent available;

(2) The transaction must be approved by not less than a majority vote of the members present at the meeting; and

(3) The Compliance Committee must contemporaneously document in written minutes the basis for its approval or disapproval, including its consideration of any alternative transactions.

E. Relationships With Other Care Providers, Educational Institutions, Manufacturers and Payers. On a regular basis the Hospital will also review its relationships with other care providers, educational institutions, manufacturers, and payers to determine whether conflicts of interest exist, and whether they are within law and regulation. All appropriate matters will be promptly brought to the Chair of the Compliance Committee.

V. MISCELLANEOUS PROVISIONS

A. Training. The Hospital will conduct training and education for all Directors, Officers, Key Employees, medical staff, practitioners with clinical privileges and employees on this Policy, including as to what constitutes Disclosable Conflicts of Interest, required disclosures, when and how disclosures are to be made, the review and determination process and other related matters at the individual's orientation and on a regular basis thereafter.

B. Board Committee Standards. This Policy and Procedure sets forth the Conflict of Interest and Related Party Transactions standards for all covered Hospital Personnel. Certain Committees of the Board, however, may from time-to-time promulgate Conflict of Interest or Related Party Transaction standards to govern the operations of that Committee. To the extent that such Committee specific standards are stricter than those set forth in this Policy and Procedure, the stricter Committee standards will apply.

C. Requests From Patients or Those Who Work in the Hospital. If, after hearing the individual's response and making further investigation as warranted by the circumstances, the Compliance Committee or Board determines that such Hospital Personnel has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action in accordance with the Hospital's policy on sanctions.

This Policy was approved and adopted by the Board of Directors on June 7, 2016

South Nassau Ranks Among The Best Hospitals on Long Island

We are South Nassau Communities Hospital, an award-winning, 455-bed, acute care, not-for-profit teaching hospital located in Oceanside, serving the entire South Shore from the Rockaways in Queens to the Massapequas and beyond. Our commitment to quality care is the reason why South Nassau is the only hospital on Long Island to receive the following combination of honors for quality and service excellence:

- **Top Performer on Key Quality Measures®, according to the Joint Commission on Accreditation of Health Care Facilities**
- **Top Nursing Care, according to the American Nurses Credentialing Center's (ANCC) Magnet® recognition**
- ***Becker's Hospital Review's* 2014 "100 Hospitals with Great Women's Health Programs"**
- **American College of Surgeons' Commission on Cancer's Outstanding Achievement Award**

What do these honors mean to the patients and communities we serve?

As a Joint Commission Top Performer on Key Quality Measures, South Nassau can be counted on for the exemplary use of clinical processes that improve care for the treatment of heart attack, heart failure, pneumonia or patients undergoing surgery.

Many patients judge a hospital at least in part on its interactions with its nursing staff, which typically spends the most time caring for patients. In this area, South Nassau's performance has been nationally recognized for outstanding nursing services by the American Nurses Credentialing Center's Magnet award. Magnet recognition demonstrates that nursing at South Nassau is about great practice, excellence in patient care and attention to overall patient needs.

Becker's Hospital Review recently named South Nassau Communities Hospital to its 2014 listing of "100 Hospitals with Great Women's Health Programs" in the United States. This is the third consecutive year South Nassau has been named to the prestigious list. South Nassau was selected based on its clinical excellence, quality care and awards for women's health services. The list was developed through extensive research and a rigorous review with peer organizations.

South Nassau's cancer program has earned the American College of Surgeons' Commission on Cancer's Outstanding Achievement Award for three consecutive (three-year) survey cycles (2009, 2012, 2015). The Outstanding Achievement Award (OAA) is designed to recognize cancer programs that strive for excellence in demonstrating compliance with the CoC standards and are committed to ensuring high quality cancer care.

These honors join a multitude of others South Nassau has earned for outstanding quality including: Get With The Guidelines Stroke Gold Plus Quality Achievement Award; Joint Commission Advanced Certification for Primary Stroke Centers; and HomeCare Elite™, listing South Nassau's Home Care as one of the top home health care providers in the United States, for the tenth consecutive year.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

9. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (a) assigned, transferred or disposed of, (b) amended, (c) waived, or (d) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

10. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the

failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

11. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

12. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

13. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

14. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

15. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

16. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

17. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

18. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

19. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of one hundred sixty dollars ($160.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 201-2001. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

20. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

☐ **B.** The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. X Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

☐ **A.** There are only one or two providers of the services sought or less than three providers submitted proposals. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. ☒ Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☐ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

X. ☒ Vendor will not require any sub-contractors.

Rules Committee/2-27-17

CHAIRWOMAN GONSALVES: The Rules Committee is now in session. I'll call the roll. Substituting for Legislator Nicolello will be Legislator Muscarella. Legislator Muscarella?

LEGISLATOR MUSCARELLA: Present.

CHAIRWOMAN GONSALVES: Legislator Dennis Dunne?

LEGISLATOR DUNNE: Here.

CHAIRWOMAN GONSALVES: Legislator Howard Kopel?

LEGISLATOR KOPEL: Here.

CHAIRWOMAN GONSALVES: Ranking Member Kevan Abrahams?

LEGISLATOR ABRAHAMS: Here.

CHAIRWOMAN GONSALVES: Legislator DeRiggi-Whitton?

LEGISLATOR DERIGGI-WHITTON: Here.

CHAIRWOMAN GONSALVES: Carrie Solages?

(No verbal response.)

CHAIRWOMAN GONSALVES: And I'm here, Norma Gonsalves. And, Mr. Clerk,

Siela Bynoe is substituting for Mr. Solages.

We have a number of contracts before us. Let's see how quickly we can get through them.

We begin with A-1-17, is a resolution authorizing the Director of Nassau County Office of Purchasing to award and execute a contract within the County of Nassau acting on behalf of the Nassau County Department of Assessment and Pitney Bowes, Incorporated.

Motion, please.

LEGISLATOR KOPEL: So moved.

LEGISLATOR MUSCARELLA: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Kopel, seconded by Legislator Muscarella.

MR. CORTE: Thank you. Steven Corte, Department of Assessment.

The request that you have before you is for us to lease an identical machine that we have right now with the lease agreement which will be expiring in March. It's a Pitney Bowes machine. It folds and

inserts mailings that we do for various departments including our own.

Like I said, the lease is about to end, but we've run over 2 million copies through this machine so it's pretty much worn at this point.

The new contract is for another five years and it's approximately $2,200 less during that five year period than what we're currently paying.

CHAIRWOMAN GONSALVES: Any questions of Mr. Corte?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of Contract A-1-17 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

The next one is A-5-17, is a resolution authorizing the Director of

Nassau County, Office of Purchasing to award and execute a contract within the County of Nassau acting on behalf of the Nassau County Police Department and Electronic Interface Associates.

Motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. Lieutenant.

LIEUTENANT STEPHANOFF: Good afternoon. Lieutenant Greg Stephanoff. I have Inspector Torres with me for any questions as well.

Item A-5-17, is to authorize and award a purchase order for a security system for the Fourth Precinct, the new building.

The solicitation was advertised in Newsday and posted on the Nassau County bid solicitation board. 72 vendors were notified. Three bids were received and it was awarded to the lowest bidder, Electronic Interface Associates. The cost is

$188,847.81 being funded by capital.

CHAIRWOMAN GONSALVES: Any questions or comments?

LEGISLATOR DUNNE: Just real quick. Have we used them before?

LIEUTENANT STEPHANOFF: No. They were the lowest bidder.

LEGISLATOR DUNNE: Has anybody else used them, any other municipality?

MR. TORRES: Yes, we're familiar with their work. We haven't had an opportunity to work with them and they happen to be the lowest bidder on this case. We vetted them out and we're fine with it.

LEGISLATOR DUNNE: You're satisfied. Thank you. That's all I need.

CHAIRWOMAN GONSALVES: Legislator Kopel.

LEGISLATOR KOPEL: Good afternoon. Was this not part of the original specifications for the building? In other words, was it not included in the original funding?

MR. TORRES: Correct. This was

part of the police department's responsibility to provide access control and security to the new facility.

LEGISLATOR KOPEL: What I'm saying is, when we authorize funding for the construction of the facility, nobody included a security system?

MR. TORRES: Well, it wasn't part of the HUD funding for the building, no, sir. It's part of the capital funding.

LEGISLATOR KOPEL: And did we not have a capital item back then for construction?

MR. TORRES: We do. It falls under the same capital project as we did the First Precinct and the Eighth Precinct, so on the same project.

LEGISLATOR KOPEL: Okay.

CHAIRWOMAN GONSALVES: Any other questions or comments?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in

favor of Item A-5-17 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

Next item is E-29-17, a resolution to execute an amendment to a personal services agreement between the County of Nassau acting on behalf of the Nassau County Attorney's Office and Lynn, Gartner, Dunne & Covello, L.L.P.

Motion, please.

LEGISLATOR KOPEL: So moved.

LEGISLATOR DUNNE: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Kopel, seconded by Legislator Dunne. Mr. Podlesak.

MR. PODLESAK: Hi. This is the third amendment to a contract for services with this firm as outside counsel in various areas of the law that they have been determined to be qualified.

The current contract expires on April 15th, 2017. This amendment is to

renew the contract for one additional year, that is to April 15th of 2018, and to increase the maximum amount of the contract by $200,000.

The firm represents the county in several active matters including appeals and is currently assisting the Comptroller's Office in a matter involving the Town of Hempstead IDA.

CHAIRWOMAN GONSALVES: Any questions or comments of Mr. Podlesak?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of E-29 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

The next item is E-31-17, a personal services agreement between the County of Nassau acting on behalf of the Nassau County Department of Human Services

Rules Committee/2-27-17

Office of Mental Health, Chemical Dependency and Developmental Disability Services, Fiona A. Radcliffe, PhD.

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. Who is here to speak on this item?

MR. HALL: Good evening. Brian Hall, Human Services. This is a personal service contract with Feona Radcliffe to perform mental health evaluations and court testimony for human services.

She was picked from 13 applicants. She has extensive experience in this field. We ran the RFP ad through 8-22-16 through 12-9 and this is a mandated court order service from the state and is 50 percent reimbursable by New York State.

CHAIRWOMAN GONSALVES: Yes, Legislator DeRiggi-Whitton.

LEGISLATOR DERIGGI-WHITTON: I'm just going back to our questions regarding

the terms, the dates for the contract.

MR. HALL: Yes. I can tell that you this contract was for one, it's for 2017, 1-1 through --

LEGISLATOR DERIGGI-WHITTON: The dates are wrong. Because I was thinking that maybe you have the dates wrong.

MR. HALL: Well, what I have on here, it's from 1-1-17 to 12-31 -- well, actually it's a three year contract. This is the first of the three years.

LEGISLATOR DERIGGI-WHITTON: Hold on. Maybe it's just my backup. But I have January 1, 2016 to December 31st.

MR. HALL: Which contract do you have in front of you?

LEGISLATOR DERIGGI-WHITTON: Are we going back to January 1st, 2016 right now?

MR. HALL: There's two of them here. E-31 and E-32. E-31 is 2017.

CHAIRWOMAN GONSALVES: Are you finished, Legislator DeRiggi-Whitton?

LEGISLATOR DERIGGI-WHITTON: You

know what, I will ask when it's the next contract.

CHAIRWOMAN GONSALVES: Legislator Kopel.

LEGISLATOR KOPEL: This is one of those late contracts again I see.

MR. HALL: Well, this is a January contract.

LEGISLATOR KOPEL: And we are in March after tomorrow.

MR. HALL: Right. Well, we sent the contract out on 12-14. It was returned by the department on 1-11 and we had it out of the department on 1-23. We could not start the process until the budget was loaded. It was another one of those situations where we weren't physically capable of putting the contract into the system.

LEGISLATOR KOPEL: Are you saying that basically this is just going to keep on happening. There is nothing that we can do about it?

MR. HALL: I don't want to say

that.

LEGISLATOR KOPEL: Well, I'm asking the question.

MR. BECKER: Legislator Kopel, may I say that this is a problem and, together with Mr. Cleary, he's working on this, as he expressed last time, if you want to get more information.

But one of the possible solutions that's been mentioned is perhaps -- and we actually tried to do it this year, but we weren't able to do it with the new disclosure forms and many of the various different vendors were getting kicked back or had to be fixed or changed, but the thought is to somehow have these contracts prepared in advance so that in fact when the budget is approved and they're entered, the contracts are ready to go out, but just kind of being a little premature.

LEGISLATOR KOPEL: Fran, by the way, I think that's a terrific idea. The fact that you haven't had all of the necessary sign-offs by every department, I

should think should not necessarily preclude us from considering it, if that's what you're saying.

MR. BECKER: By the way, I just note that this is not on the list that we got contracts that are late. I just saw it a minute ago.

MR. BECKER: The list we knew was not complete. It's in the process of there's still things that we're still looking --

LEGISLATOR ABRAHAMS: Can we get a copy of that list?

LEGISLATOR KOPEL: I didn't get it either. I just learned about it.

MR. BECKER: Legislator Kopel, as I said, we are looking at this and one of the things that was being suggested is what I just mentioned to you and Mr. Cleary is focusing a lot of his time on this particular problem and some solutions and we just ask for your patience as we move forward.

LEGISLATOR KOPEL: I get it and I

think most of us get it here that we just can't precipitously start saying no to everything because that would be chaotic. It would literally throw everything into chaos. We can't do that.

But we do need to see that there is genuine progress being made and there is a real honest-to-goodness solution coming soon.

MR. BECKER: I agree with you 100 percent and you are entitled to that. But, myself, as Director of Legislature Affairs, and Mr. Cleary are really working hard on this and I personally started in August, and I was a little bit blind sided by this.

But part of the solution too is, as you just mentioned, a lot of these contracts in many cases are renewals or continuals and there is no reason why we can't have the contracts prepared in advance in anticipation of the budget.

Barring something unusual in the budget, let's not approve these, which 99 percent chance that they're going to be

approved by this body anyway because they are required services, but we are taking this very seriously.

LEGISLATOR KOPEL: Fran, if you are personally involved, I'm feeling better already.

MR. BECKER: I am, actually, thank you, Legislator Kopel.

CHAIRWOMAN GONSALVES: Would you like to add to it, Mr. Cleary?

MR. CLEARY: Yes, please.

CHAIRWOMAN GONSALVES: Thank you for the list. I printed it out today and I just gave a copy to the Minority Leader.

MR. CLEARY: Thank you. Robert Cleary, Director of Procurement Compliance. I just wanted to add that, yes, mandated services from social services were not included on that list. They're a separate category.

The short answer really is that this is a complicated problem. There is a lot of different types of issues that we have here and we want to handle them in an

orderly fashion.

I'm working on some thoughts about what our strategy will be I would say over the next week or two. Hopefully we'll be meeting with people next week.

As I said before, it's a significant issue. It's going to take time to dig out. I think if we all get on the same page as to how we are addressing the issue you'll see that progress.

The fact that you have a list now is progress, frankly, and the departments are getting the message increasingly that they have to stop doing this.

LEGISLATOR KOPEL: Are you going to include us in the process as you go?

MR. CLEARY: Yes. That is the intent.

LEGISLATOR KOPEL: Thank you.

CHAIRWOMAN GONSALVES: I believe Mr. Cleary, I sent you another email today, asking whether or not there is a possibility to determine a common denominator for why these contracts have been delayed?

MR. CLEARY: Yes, you did. As I said, we are reviewing that over the course of this week. Hopefully meeting with someone next week, your staff or yourself, to discuss where we might be able to go in that regard.

As I said, there are a number of different issues affecting the issue. We want to categorize it in a way that we can address it in as broad as possible a way as is available.

CHAIRWOMAN GONSALVES: I did ask if there was a possibility of establishing a timeline. I think at this point in time it's not an easy task, is it?

MR. CLEARY: Well, I think a timeline comes after you figured out what the how scope of the problem is and how to address it and the timeline will apply to the individual contracts on the list.

CHAIRWOMAN GONSALVES: That sounds reasonable. Thank you very much, Mr. Cleary.

MR. CLEARY: Thank you.

Rules Committee/2-27-17

CHAIRWOMAN GONSALVES: Any other questions?

(No verbal response.)

Any public comment?

Mr. Budnick.

MR. BUDNICK: I'm going to move the focus by talking about something that should be coming through to you from this agency, hasn't been, we're still having hundreds over the last about nine years, thousands of people dying from drug overdoses, other thousands dying from suicides because there is no place for them to go in-patient for long term care for their drug problems.

Nobody ever replaced Topic House. Thank you very much, and one other thing I have to also add, despite what Newsday says in today's editorial, nothing is in the ground yet to extract from the ground, the Grumman Navy plumes which are now going into their 75th year and we must coerce them to do the right thing.

Thank you very much for putting

up with me. God bless you.

CHAIRWOMAN GONSALVES: All those in favor of E-31-17 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

Item E-32, a personal services agreement between the County of Nassau acting on behalf of the Nassau County Department of Human Services Office of Mental Health, Chemical Dependency, and Developmental Disability Services and South Nassau Community Hospital.

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. Who is here to speak on this item, E-32?

MR. HALL: I'm here. Brian Hall. This is a contract from South Nassau Community Hospital to run one of our mental

health clinic centers.

This is a 2016 contract that's obviously been completed already. This contract was given out in 2016 to South Nassau. It was originally done by two other entities, the mental health clinics. Those clinics both went out. They no longer took it. South Nassau picked up taking over the clinics. It was okayed by New York State Office of Mental Health.

The contract was sent out. It's 50 percent state money, 50 percent county money. They were late in getting back to us the signed contract and the forms.

Part of the problem with this was New York State gives us the advanced money up front for these contracts, so we had to honor the contract and also most of this clinic work was done for the Long Beach area since there were no longer any mental health clinics in there, so we couldn't have any interruption in services.

They did perform the services they were supposed to perform. It just took

this long to get the contract back and put it all the way through.

CHAIRWOMAN GONSALVES: Any questions?

LEGISLATOR DERIGGI-WHITTON: Well, obviously this is another contract that has already expired and it's not on this list either.

MR. HALL: These are mandated services. I believe he said mandated services weren't on the list.

LEGISLATOR DERIGGI-WHITTON: That should be even so that we know that they're coming so we should have them ahead of time.

I just have a couple of questions. It states in the contract that all of the services provided by counsel under the agreement shall be provided by Attorney Steven G. Leventhal; is that correct?

MR. HALL: It's 32.

LEGISLATOR DERIGGI-WHITTON: I'm sorry. I have the wrong one. I got it.

With this one, how is the

Legislature going to be notified if the contract is renewed -- if it goes from January 1st, 2016 to December 31st 2016? So is it going to be renewed at this point or is this completely --

MR. HALL: No. They are going to be getting a 2017 contract.

LEGISLATOR DERIGGI-WHITTON: When are we going to be getting the 2017 contract?

MR. HALL: Part of the problem is, so many of these large entities, including the hospitals are a little slow in getting the contracts back to us. We really at this point, we're doing our best to get a signed contract back, but we can't start processing anything until we get the signed contract back.

So if the hospital, for instance, is a little slow getting it back to us, we make calls, we follow-up emails, we go after them because we know there is a going to be a problem with the Legislature, but it doesn't always work.

Rules Committee/2-27-17

LEGISLATOR DERIGGI-WHITTON: So this is like a prime example of one that we're fully aware of right now or we're basically -- you know, it's up, and we still don't have the new contract yet. So maybe we can make extra efforts --

MR. HALL: Right. So this one also is a delay on their end. This isn't our holding anything back or waiting for anything.

And we have already received the advance money from New York State Office Of Mental Health so we are kind of bound to give out this contract and they are performing the mandated services.

LEGISLATOR DERIGGI-WHITTON: I know, but it's sort of going along without a contract which is basically says why do we need a contract and why do we need to approve it, which goes against our whole policy. That's it. Thank you.

CHAIRWOMAN GONSALVES: Legislator Dunne.

LEGISLATOR DUNNE: Just a

thought. A lot of men and women are coming home from the war. They have post traumatic stress, self medicating, they're having mental health problems. Do they get included in these -- I know they have a veterans court. Is this part of the veterans court where they send them to?

MR. HALL: I'm not 100 percent sure. I have to get back to you on that. I do know that the state gives us $50,000 for seven different mental health clinics throughout Nassau. They are actually covering two of them, this contract.

I don't know exactly what clientele they have in there, but they are providing the mental health counseling.

LEGISLATOR DUNNE: If these seven places are plugged into the veterans court, that's an important --

MR. HALL: I would imagine they are, yes.

LEGISLATOR DUNNE: Just make sure.

MR. HALL: Okay.

Rules Committee/2-27-17

LEGISLATOR DUNNE: Thank you.

CHAIRWOMAN GONSALVES: Legislator Bynoe.

LEGISLATOR BYNOE: Thank you, Presiding Officer. Good evening. I have a question regarding the bid process. There was no competitive bid on this item. Could you shed some light on exactly why?

MR. HALL: The only information I have on here was they were selected by a competitive procurement process. I don't think it was an RFP. I think it was the department was siding who could step in and provide these mandated services.

You have to remember, in 2016, one of the agencies went bankrupt that was doing it and another agency pulled out, and we didn't have a lot of time to pick another agency and since South Nassau fit all the requirements we were looking for, they were picked by the department.

LEGISLATOR BYNOE: Again, these services are specifically for the residents of the Long Beach area; is that correct?

Rules Committee/2-27-17

MR. HALL: Not exactly just for the Long Beach but there were no clinics in that area, so they wanted to get this one in there because it's in Oceanside. That's one of the reasons they were picked.

LEGISLATOR BYNOE: Because of proximity?

MR. HALL: Right. And, again, because it was mandated services, we couldn't have an interruption, and they more or less fit the bill so they were picked.

LEGISLATOR BYNOE: Okay. Thank you for your answer.

CHAIRWOMAN GONSALVES: Any public comment?

(No verbal response.)

There being none, all those in favor of E-32-17 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

Item E-36-17, a personal services agreement between the County of Nassau

acting on behalf of the Nassau County Attorney's Office and Leventhal Mullaney & Blinkoff, L.L.P.

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. Who is here to speak on this item?

MR. LITTMAN: Sam Littman for the County Attorney's Office. Good evening everybody. This is an amendment to extend the term of an existing contract.

Mr. Leventhal's firm serves as counsel to the Board of Ethics. Any questions?

CHAIRWOMAN GONSALVES: Any questions? Minority Leader Kevan.

LEGISLATOR ABRAHAMS: Just for the record, do you know when this contract commenced?

MR. LITTMAN: The exact commencement date?

LEGISLATOR ABRAHAMS: No, no.

The renewal. It keeps getting renewed on one year terms?

MR. LITTMAN: Yes, this is a one year term to January 31st of 2018.

LEGISLATOR ABRAHAMS: So for this period it began in January of 2017?

MR. LITTMAN: No. It began in 2016. This is an amendment to the contract to extend it a year. When the contract expired there was work done, they were counsel to the Board of Ethics. We couldn't pull the plug on them at that time.

There were procedural aspects that needed to be taken care of in terms of the budget, and other paperwork, so there was a minimal amount of work that was done but it did not exceed the monetary amount that was already in the contract.

LEGISLATOR ABRAHAMS: So this contract should have been renewed in January 2016, or prior to January 2016?

MR. LITTMAN: If everything was done, that's correct, legislators. If everything was done without the procedural

aspects that needed to be taken care of, it could have been before this Legislature back in, yes, a few months ago.

LEGISLATOR ABRAHAMS: I'm just trying to make sure that I'm clear then. So how much work have they done in the last 13 months without a contract?

MR. LITTMAN: I think the number is about $11,000 as serving as counsel to the Board of Ethics. They also do some advisory work with the County Attorney's Office where we need an objective eye to look at some possible and potential conflicts.

LEGISLATOR ABRAHAMS: Okay. And speaking to the actual agreement, Mr. Leventhal is still the exclusive provider of the legal services under this contract?

MR. LITTMAN: His firm, yes.

LEGISLATOR ABRAHAMS: His firm, is it him, per se?

MR. LITTMAN: Well, every time I've dealt with his firm, I've dealt with

Mr. Leventhal. I believe he is acting as the counsel to the Board of Ethics. I don't know who he consults with in his firm.

LEGISLATOR ABRAHAMS: Can you give us examples of his general legal advice or assistance?

MR. LITTMAN: Sure. We have a pending case where the county is named and then several police officers are also named.

One of the police officers is actually prosecuted by the District Attorney. He was acquitted. However, he had issues with one firm representing all three police officers and the county.

We sought Mr. Leventhal's advice on if that was a conflict or not. Obviously having one counsel represent all four entities would have saved the county money.

However, if it's a legitimate conflict, which, in this case, Mr. Leventhal thought it was, he recommended and he advised that we seek outside counsel to represent that one particular officer. That's just an example of some of the things

that the firm does.

Sometimes, Legislator Abrahams, you need to have that objective voice because internally if we're thinking we are saving money for the county, we might not be seeing all the potential conflicts.

LEGISLATOR ABRAHAMS: I see.

CHAIRWOMAN GONSALVES: Legislator DeRiggi-Whitton.

LEGISLATOR DERIGGI-WHITTON: Just real quick. So his term is going to go till January 31st, 2018; is that correct?

MR. LITTMAN: Yes.

LEGISLATOR DERIGGI-WHITTON: Is he basically on call, is that how we're looking at this?

MR. LITTMAN: Well, he's on call for general legal advice. We pick up the phone and we send him an email.

LEGISLATOR DERIGGI-WHITTON: Thank you.

CHAIRWOMAN GONSALVES: Are there any other comments or questions?

(No verbal response.)

Rules Committee/2-27-17

Is there any public comment?

(No verbal response.)

There being none, all those in favor of Item E-36-17 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

I have a group of items that can be called together and it's beginning with E-38. They're all personal services agreements; E-38-17, E-39, E-40, E-41, E-42, they are personal services agreements between the County of Nassau acting on behalf of the Traffic and Parking Violations Agency and Elizabeth D. Pessala;

E-39, personal service agreement between the County of Nassau acting on behalf of the Traffic and Parking Violations Agency and Claire I. Weinberg;

E-40, personal service agreement between the County of Nassau acting on behalf of the Traffic and Parking Violations Agency and Ellen S. Mathers;

Rules Committee/2-27-17

E-41, personal service agreement between the County of Nassau acting on behalf of the Traffic and Parking Violations Agency and Kenneth S. Diamond;

E-42, personal service agreement between the County of Nassau acting on behalf of the Traffic and Parking Violations Agency and Zelda Jonas.

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. Judge Marks.

JUDGE MARKS: John Marks, Executive Director, Nassau County Traffic and Parking Violations Agency.

These are extensions of contracts through exist sitting judges, judicial hearing officers at the agency.

CHAIRWOMAN GONSALVES: Any questions of Judge Marks?

(No verbal response.)

Is there any public comment?

Rules Committee/2-27-17

(No verbal response.)

There being none, all those in favor of Items E-38, E-39, E-40, E-41, E-42 signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

Unanimous. Thank you very much, Judge Marks.

I need a motion to untable two items; that's Item A-42, E-25. A motion to untable those two items.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. All those in favor of untabling Items A-42-16 and E-25-17 signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

The two items are now untabled. Let's begin with Item E-42-16, a contract

between the County of Nassau acting on behalf of the Nassau County Department of Public Works and Syosset Truck Sales.

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. Who is here to speak on this item?

MR. BECKER: Madam Chair, I had actually forgotten to tell Mr. Arnold that this was going to be untabled but I think the questions that -- as far as the item itself were answered, I have spoken to -- or emailed both counsel to the minority and counsel majority the reason it was tabled initially was because of questions about the disclosure forms.

I gave a detailed email to both counsel in regards to that and it seems to be satisfactory.

Minority Leader Abrahams, did counsel speak to you in regards to -- I sent you a copy of the transcript and everything

and I believe that was just a question in regards to the disclosure forms and not to the item itself, the truck that was being purchased?

I forgot, I apologize, but I think the issue was in regards to the disclosure forms which I hope you found the answers to that satisfactory.

LEGISLATOR ABRAHAMS: Yes.

CHAIRWOMAN GONSALVES: Any other comments?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of A-42-16 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The item passes four to three.

The last item is E-25-17, a resolution authorizing the County Executive to execute an amendment to an agreement between the County of Nassau acting on

behalf of the Nassau County Attorney's Office and Dimascio & Associates, L.L.P.

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. What are you going to tell us?

MR. PODLESAK: This is an amendment to a contract for outside counsel services. The contract in fact expired on October 28th of 2016.

This amendment is to renew and extend a contract for one additional year, October 29th through October 28th of 2017, and increase the maximum amount of the contract by $24,000.

This firm was originally assigned an appeal, Warren versus the County, which concluded prior to the expiration of the contract.

The firm has not provided any services since the expiration of the contract. However, they may be assigned

additional matters if necessary.

The amendment was filed after the expiration of the contract because the increase in funding could not be initiated until the 2017 budget was loaded into the county financial system.

We also apparently -- they have done no work. Their bill was submitted during the term of the contract.

The one that they worked on was a road design case involving special knowledge and unfortunately they were not successful on the appeal.

CHAIRWOMAN GONSALVES: Legislator DeRiggi-Whitton.

LEGISLATOR DERIGGI-WHITTON: I happen to know John. He ran against me last time. He's a divorce attorney. How is he consulting on a road contract? I mean, he's a nice guy. He only does divorces. That's like their thing. Is it a matrimonial situation with the road or something?

MR. PODLESAK: No.

LEGISLATOR DERIGGI-WHITTON: I do

like your socks, by the way.

MR. PODLESAK: I appreciate that. In preparation for today's session, I did have an opportunity to review the work that they did, the brief they submitted to the Appellate Division. It was a fine piece of work. I have no qualms with it. They did a good job. And If their normal area is divorce --

LEGISLATOR DERIGGI-WHITTON: That's all that they do. They are really a divorce --

MR. PODLESAK: Apparently they are branching out, legislator.

LEGISLATOR DERIGGI-WHITTON: I mean, I know them pretty well. I guess it's a one way street. Not for anything, but --

CHAIRWOMAN GONSALVES: Okay. You're going to vote, yes, right?

LEGISLATOR DERIGGI-WHITTON: Yes.

CHAIRWOMAN GONSALVES: In all seriousness, there being no other comments, all those in favor of E-25 signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

A motion to adjourn.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel. All those in favor signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

(Whereupon, the Rules Committee adjourned at 6:01 p.m.)

CHAIRWOMAN GONSALVES: Present.

CLERK PULITZER: We have a quorum, ma'am.

CHAIRWOMAN GONSALVES: Thank you very much, Mr. Pulitzer.

Each month, here at the

Legislature, and this is a very special day for two occasions; one, the Top Cops, and of course honoring people in the community in honor of Black History Month.

We're going to begin with the Top Cops. We're going to ask Jim McDermott, who is now the President of the PBA to introduce the -- or who is going to do the introduction? I can easily do it. It's before me.

MR. MCDERMOTT: James McDermott, Nassau County PBA President. Thank you very much.

I want to introduce Officers Anthony Porrazzo and Bryan Rodriguez.

On July 20th, 2016, these officers were doubled in RP-319 which patrols the Westbury area. At approximately 12:10 a.m. they heard a notification go out for a robbery with a knife that occurred North Hills in the Sixth Precinct, or Third Precinct North.

The notification stated that two males robbed a woman outside of her house

and fled in a small red vehicle.

At approximately 12:30 a.m., the officers were on routine patrol and observed the red vehicle pass an intersection at Stewart Avenue and Merrick Avenue in Westbury.

The officers then pursued the vehicle and they did a DMV check of the car and license plate and found out that the car was stolen a day earlier in Suffolk County.

They continued to pursue the car which was trying to evade them, and then eventually crashed on East Meadow Avenue and Hempstead Turnpike.

They immediately apprehended, the officers, without any further issue. They found New York State license bearing the name of the woman who was robbed. They also found the knife that was used in the robbery.

Because of these officer's quick actions and keen observation skills, it resulted in the arrest of two subjects who were charged with robbery in the first

degree, criminal possession of stolen property and possession of a dangerous weapon, and also unlawful fleeing of a police officer.

I would like to congratulate these officers for their fine work and I would also like to personally thank the County Legislature for honoring these officers and their continued support.

ACTING COMMISSIONER KRUMPTER: Legislator Gonsalves, let me just start by thanking Legislator Gonsalves, Minority Leader Abrahams, as well as all the legislators. Your continued support knows no bounds. So thank you for your continued support day in and day out.

Every single day, everywhere we go in the Nassau County Police Department the administration gets to talk about Nassau County having the lowest crime since we started reporting crime stats.

We talk about being among the safest largest suburban communities in America, but none of that would be happening

if not for the great work of Police Officer Porrazzo and Police Officer Rodriguez and the other 3,600 employees that work in the Nassau County Police Department. Here's a perfect example due to their good work and putting themselves out on the line they brought this subject to custody and hopefully he will spend significant time in jail as he should.

Police Officer Porrazzo, and I also just want to take a minute and thank Kylie, and just so everyone knows he has his new born baby here today with him, Olivia, two months old, so congratulations, and hopefully you're getting some sleep, and we know he's that when he's at work he's out there doing a great job each and every day. So thank you for all your great work and thank you to the Legislature.

CHAIRWOMAN GONSALVES: I want to know, would Officer Porrazzo and Officer Rodriguez like to say a few words? It's your day.

ACTING COMMISSIONER KRUMPTER:

They just want to say thanks. Very quiet guys.

CHAIRWOMAN GONSALVES: I'm going to ask you a question. How many years are you on the job?

MR. RODRIGUEZ: For myself, two years.

CHAIRWOMAN GONSALVES: What precinct are you with?

MR. RODRIGUEZ: I'm in the Third Precinct.

CHAIRWOMAN GONSALVES: Anthony, let's go.

MR. PORRAZZO: Three years, Third Precinct as well.

CHAIRWOMAN GONSALVES: Guess what? Third Precinct is in my district too. So congratulations and thank you and most of all stay safe. Thank you.

We do have citations signed by each and every one of us here in the Legislature for both of you. We can bring them down to you or we can certainly have you come up here. Whichever way you like.

Full Legislature/2-27-17

CHAIRWOMAN GONSALVES: Not my choice. It's their day.

ACTING COMMISSIONER KRUMPTER: Why don't we come up there. I think we've got that down to a science.

CHAIRWOMAN GONSALVES: Okay, that's fine. This time we have citations for you.

(Citations awarded.)

CHAIRWOMAN GONSALVES: We have another highlight of the day in honor of Black History Month. I'm going to ask Minority Leader Kevan Abrahams to introduce the honorees and then we will present a citation signed by all of us to the honorees.

LEGISLATOR ABRAHAMS: Thank you, Madam Presiding Officer.

As we all know, the month of February is dedicated towards celebrating the achievements of African Americans, Black Americans throughout our country.

Right here in Nassau County we are honored to have two very distinguished

women. Also, as we approach Women's History Month next month as well, they would fit that bill just as much in terms of their achievements but Lillian and Lisa Dent have been tremendous in providing service in the form of their restaurant and their business.

If you haven't had a chance to frequent their business it's located right down the block from here on Old Country Road.

I can tell you, I've been there many many times and the food is outstanding. It's LL Dent named after the ladies we are honoring today.

Today it gives me great honor and pleasure to recognize them in our annual event of Black History Month in terms of their achievement and their business success in our respective communities. So please join me in a round of applause in celebrating their achievements, Miss Lillian and Lisa Dent. Ladies, please go to the podium.

I was just talking to Legislator

Muscarella. He says "excellent food." He's been there plenty of times. Please share with us the amount of years and how long you have been in business and that kind of stuff.

MS. DENT: Hello, I'm Lillian Dent and this is my daughter Lisa Dent. We have been in business for 11 years. We started in 2006 and we got the restaurant basically because my daughter finished culinary school and she is creative. When you work for other people you can't create.

So at the restaurant she can create whatever she wants and she always comes up with something new and different.

I'm so thankful for Legislator Abrahams and all of you for honoring us today and we appreciate all of your support. We would not have been there 11 years if it had not been for people like you. Thank you so much.

CHAIRWOMAN GONSALVES: Now it's your turn.

MS. LISA DENT: Thank you so

much. I appreciate it. Mom was telling me a story about Kevan in his early years. I thought it was so cute. She said that you wouldn't forget the little people. Thank you for remembering us.

You rang my doorbell in the early stages and I gave you this mother talk and I said to you, yes, we will vote for you but when you move up the ladder, don't forget the little people. You said, no, ma'am, I will not.

LEGISLATOR ABRAHAMS: Well, thank you so much. But, that being said, would you join us?

CHAIRWOMAN GONSALVES: Legislator Rose Walker.

LEGISLATOR WALKER: I would like to congratulate you also and tell you how wonderful your restaurant is. Many of us have been there many times and my mom is from Charleston, South Carolina.

So, when we came to your restaurant, and I brought my mom who just turned 92, she just so enjoyed the wonderful

southern home cooking. It was such a special night for us and you both made it very, very special for her.

But, again, I've been there many times. Those of you who haven't tried it, you have to because the food is wonderful and the hospitality is equally as wonderful. So thank you and congratulations.

MS. DENT: 221 Old Country Road in Carle Place right next door to Red Lobster. We are closed on Mondays. Tuesday through Sunday. Sunday brunch is heavenly.

CHAIRWOMAN GONSALVES: We had a beautiful beginning to today's session.

We have several speakers here today and I know that we a half hour of public comment. We ask every one who speaks to keep to the three-minute rule. If you're told to wrap it up I would appreciate that you do so.

Every one who put in a slip will have an opportunity to speak today. I know that it is now quarter to 2:00. 215 usually will be the end of public comment, but in

the event there are one or two still, everybody's word is important including those out in the audience as well as on this dais. Are we ready? Where is the Minority Leader, is he here. Okay. Let's have Bruce Heckman, he's the first speaker.

MR. HECKMAN: Good afternoon.

CHAIRWOMAN GONSALVES: Good afternoon.

MR. HECKMAN: Good afternoon.

CHAIRWOMAN GONSALVES: Good afternoon.

MR. HECKMAN: My name is Bruce Heckman, Public Security Unit of Nassau County. Very quickly, each of you should have a little packet that was distributed out, along with the multi color crayon page.

It kind of sums up exactly what our unit does. Some of you may not know, be aware of what posts.

I'm here to tell you we are in dire straits. I'm here to tell you we are in a desperate situation.

Our requests for staff for

vehicles has gone unheeded for years. Working with CSEA has gone unheeded. I sat and spoke to you a couple of weeks ago.

CHAIRWOMAN GONSALVES: And we were listening and we're trying.

MR. HECKMAN: I get that. Just be aware of what we cover in Nassau County. This is fairly comprehensive.

Particularly hurting us are the vehicles that we have assigned to our unit. We're down to five for 60 officers. Ridiculous. We can't possibly cover all the posts in Nassau County.

I understand you're having a vote today on the budget with the police department. I'd just like to bring to your attention this last page, this last table that's yellow highlighted, seventh from the bottom. There's roughly $23 million that's being asked of this county by the police department to replace their fleet.

All I ask is that we get something out of that. We have not been getting any of that since 2011. And then

2011 there were two vehicles each close to 100,000 miles. Crazy.

I just ask that you do your due diligence, you vote yes or no on budgets, but I don't think you understand it's not filtering down to the rank and file. That's all I have to say. Thank you for your time.

CHAIRWOMAN GONSALVES: You're welcome, Mr. Heckman. Jerry Laricchiuta.

MR. LARICCHIUTA: Thank you, Presiding Officer.

I come today with two issues. I might ask for a little grace time on the egg timer. I get it. But we haven't been here in a while. We have been trying to work things out internally.

What Mr. Heckman just spoke about, I will be speaking about it a little more detail in a minute.

First, I just want to address both Republicans and Democrats of our Legislature about an issue that I find near and dear to all our hearts here in the CSEA.

In 2007, I spoke at this podium

right here. I'm not a fortune teller. I can't tell the future. You would think I was Nostradamus when I spoke about the fact that if we allow Armor Health Care to take over the health care at the jail, we would be facing tens of millions of dollars in lawsuits, inmates will not get the proper medical care, and the only reason I knew a lot of this is we did research as a team.

I understand that, look, Armor is working with the county now in order to extend so that we don't have anybody else there to provide health care.

But I would ask this Legislative body to seriously consider taking back, bringing health care back to NUMC which we did for nearly six decades with an impeccable record.

We had some lawsuits and we had some problems because it is a jail and there are issues with jails. But, that being said, we are right next door. We always took inmate's health very seriously. They are under our care, custody, and control.

As a matter of fact, NUMC not only took care of the inmates, but they would also take care of the staff if needed to be, which today does not happen.

The fact that we have attorney generals looking into Armor -- and I read over the weekend where they're asking for certain stipulations; one of them being that the Correction Officers Union be told they can't say nasty things about them. That's preposterous. This is a Democracy, this is America.

I said it in 2007 before the ink was put on the paper and now I'm saying it in 2017. Armor is not the company for health care in Nassau County.

I don't believe any for-profit -- remember, you're taking two words which almost becomes an oxymoron, for profit, health care. Can't do it. When you put a number on health care, you are limiting how much health care is going to be given to those inmates when they hit that number. I said this in 2007.

They signed an agreement back then for $11 million I believe, and everybody was like, wow, that's a big savings. So what happens if that 11 million is reached in August and a new contract doesn't take effect until December. Well, I'm not going to make accusations here, but I believe you don't need to be a rocket scientist to figure out that you are going to hold back some services, as a possibility, I would say, in my opinion.

I don't know that to be fact. I just know that for fact, we did a much better job at NUMC. We would welcome the opportunity to help as a union to see if we can figure something out.

I say you don't put a number on it. I say you cap it whatever cost. Cap it at $15 million so you don't go over that. But, once you put a finalized finite number on that, you are telling the health care provider you must keep your costs there for profit.

Also, I learned just today every

inmate that's in there is eligible for Medicaid. I do not believe they are being put on the Medicaid roster. That would help pay for their hospitalization where the hospital was losing money.

I know that the Deputy County Chuck Levado has been doing a fantastic job and working very hard. I don't knock him for what he's trying to do. And now he's going to put out an RFP for all hospitals.

I would like to see, however, there's a hospital that has a history there and Mr. Politi needs to start thinking out of the box. Because, quite frankly, that hospital is a great hospital. We do a fantastic job to the residents but the income needs to be brought up.

Any contract that brings in cash and brings in money and brings in more patients is a positive and we'll help work with you guys and them to get that done. I just want to throw that out there.

Now I have to go ne if that's okay with the Presiding Officer.

Full Legislature/2-27-17

LEGISLATOR DERIGGI-WHITTON: Presiding Office, can I ask one quick question?

CHAIRWOMAN GONSALVES: Let him finish his presentation. I would prefer you do that, Legislator DeRiggi-Whitton. Jerry, move on.

MR. LARICCHIUTA: Where I'm headed next, we have an issue in Nassau County where basically we have met with the County Executive and the Chief County Executive many times, and we've also met with the legislators, especially Presiding Officer Norma Gonsalves here.

It's about issues related to the civilian portion of the police department and it's been going on for years.

We are at the point now where we basically give up. Meaning, we don't give up the fight, we give up trying to work with the acting police commissioner. That doesn't work. We need intervention. We need help.

We need someone else's ears to

listen that has the authority to demand certain things.

I will go over a few things. What Mr. Heckman was talking about, we have three public safety officers at TPVA. The new $55 fee is coming into effect next week. Just recently we have angry residents paying tickets there. They're not there for a holiday. They wait on line. It's a very frustrating day for the resident paying his ticket or fine.

What happens is, they get mad, they take it out on who? The public safety officers. Literally pushing them, spitting on them, and we have nobody there to help us. We have one police officer who is called a police liaison. She has a job to do. Her job is to be in a separate area.

And so we have been asking for more public safety officers to be hired. It's the DSS we need them. We need them in all the different buildings where there is contention.

Basically we are down to I think

maybe 60 public safety officers and they are ill equipped. Five cars. Three of them need to get push started every day. It's an embarrassment. We are an embarrassment to ourselves and to the public.

My members who are in public safety are embarrassed to go to work in the uniforms that they have that have not been replaced, that are torn, that are ripped.

We need Mr. Krumpter, the acting commissioner, to start paying more attention.

If you want to be the commissioner, and I've said this before, you have to encompass the entire department. It is not just one side or the other. We have the greatest police officers in the whole country. I stand by them 100 percent. We work with them hand in hand.

Our 911 people downstairs, they do a fantastic job. They work hand in hand with our police officers despite our 162 911 staff instead of 190. Despite the fact that we are not trained in anything that relates

at all to Homeland Security. We do not know anything about active shooting.

Just today, this morning, there was an incident where there were threats against temples, I believe, in various areas. Our 911 operators are not prepared to deal with that. They are not trained to deal with that. They are not trained to track a bank remember like every other area. They are not trained to track a pharmacy robber like every other enhanced 911 center is.

We've been fighting this fight for about four or five years now. I don't know what else to do but to bring it to your attention. You need to know this stuff because you're the law makers that you might think, listen, here's what happens. I can't blame the County Executive no this. I have been with him. I have been with you, Norma, where you made a phone call right on the spot and you were told, it will get fixed. It never gets fixed. Never. We just keep doing this roundabout roundabout circle.

Some of the things that 911 -- summertime is coming. Here we go again. There is one 911 operator on for the whole night because we never hired the 190 that they agreed to, that he signed on to. So we are going to have again the same situation with people running back and forth.

Then we have instances where there is public service aids and some of them are experts in narcotics. Some of are experts in fingerprinting. We are running low staff in all those areas, every single area.

Now, too, even to Acting Commissioner Krumpter's credit, he did hire a year and a half ago, some PSAs. But we need to keep up with that. We are so understaffed that it's dangerous. And then we have to have police officers come in and do that work, which I don't know if they do want to do that either. But these are jobs that are assigned to PSAs and civilians.

The AMTs, active shooting training, sometimes the first person on the

scene, and they are not trained or prepared or equipped for active shooting. And the police officers were, and thankfully so. They deserve that. Why wouldn't our AMTs who show up sometimes on the scene at the same time as the police officer have the same equipment and the same training.

I'm painting a picture. I'm going to stop there because we can go on. I have titles -- I met with 35 people this morning in my office. I'm going to stop there and just say -- I'm not going to ask for hearings. I know that's not going to happen.

I would ask for a bipartisan panel both made of Republican, maybe two on each side, or something, that you guys can agree to, that would sit down with the union and allow us to have you hear from the people that actually do the job. The ones that are actually in the trenches and figure out what we need to do to move this department in the right direction under Acting Commissioner Krumpter so he learns

out how to control and be a commissioner for the whole department, not just a third or a half of the department.

CHAIRWOMAN GONSALVES: Legislator DeRiggi-Whitton and then Laura and then the Minority Leader.

LEGISLATOR DERIGGI-WHITTON: Just to go back to your first statement. First of all, I want to also mention that it's good to hear from you and we appreciate your insight.

But when you mentioned that the county was reaching out to other hospitals regarding health care for the jail, do you know what stage that's in?

MR. LARICCHIUTA: I believe the RFPs are going out this week. That's what I was told.

LEGISLATOR DERIGGI-WHITTON: Really?

MR. LARICCHIUTA: That's what I was told.

LEGISLATOR DERIGGI-WHITTON: And is NUMC --

MR. LARICCHIUTA: I believe NUMC, South Nassau, Northwell, and probably Winthrop. Most of them aren't going to deal with it.

CHAIRWOMAN GONSALVES: Catholic Hospitals.

MR. LARICCHIUTA: Yes. I believe it's going to be all just hospitals I'm told.

LEGISLATOR DERIGGI-WHITTON: That would be for the primary care as well or only emergencies?

MR. LARICCHIUTA: For the whole deal. One of the issues we had there was, we didn't have an infirmary there.

So, what happens is, we have what they call clinical visits. When an inmate is injured beyond what the medical staff in the hospital can take care of, they have to be brought to NUMC which, okay, that makes sense. It's a thousand yards next door. We can do that in an efficient manner. I'm sure we can work with the correction officers union and CSEA to figure out a best

most efficient way to do this.

We want the health care to come back but we don't want it to cost the county more money. We want to be able to do in an efficient way and in a safe way and we should be proud of that.

LEGISLATOR DERIGGI-WHITTON: I think, you know, unfortunately we're not privy to all the information but I'm actually very happy to hear that is taking place.

Like you said, sometimes the most efficient doesn't in the long run turn out to be so when you're dealing with people's lives and, like you said, they're all in our custody. So that's a positive thing. I'm happy to here that today.

MR. LARICCHIUTA: Thank you. I hope it happens.

CHAIRWOMAN GONSALVES: Legislator Curran.

LEGISLATOR CURRAN: Thank you. You talked about training. From what I understand, isn't training mandated for

active shooting for your guys?

MR. LARICCHIUTA: Yes, I believe it's mandated -- well, active shooting, I would be talking out of school if I said it's mandated for all our positions. The first responders I believe it is.

One of the issues is, this new thing that came out, this Carfentanyl that they just talked about, who deals with the drug addicts more than the AMTs?

LEGISLATOR CURRAN: The Carfentanyl I just read about that in the paper. I can have Ronnie speak to it because he is an AMT and a supervisor there and he would know more than I do but I don't believe we are trained in that.

LEGISLATOR CURRAN: You're not trained --

MR. LARICCHIUTA: Or equipped with it. The special stuff that you need. Because that's the one drug that if the first responder ingests can be harmful to them. It's unlike any other drug.

LEGISLATOR CURRAN: Right. Very

dangerous. Also E-911 training that we all pay for in our phone bills, is that happening?

MR. LARICCHIUTA: No.

LEGISLATOR CURRAN: That's the enhanced 911.

MR. LARICCHIUTA: No. Quite frankly, Legislator Curran, I would love to say differently, yes, the surcharge on your phone goes to the state and goes down to the various counties for training purposes, and there are strict rules.

I believe it's codes, rules, and regulations 52001, and actually 001.4 this is how much I know about this and I'm not a 911 operator. So it's CCR, New York CCR, 52001.4 and on that speaks about mandatory training every year for 911 operators or you are in violation of the enhanced PSAP 911 law. We are not in compliance with that law.

LEGISLATOR CURRAN: Is there other training that is mandated that's not happening?

MR. LARICCHIUTA: Well, I can only give you a couple of examples that I'm told by our 911 staff. If a bank robber robs a bank today, they used to put the die in the bag and that still goes on, I think, but with today's technology, one of the bills can be a chip, and we are supposed to be able to zero in on that fellow --

LEGISLATOR CURRAN: You're talking about a chip in a bill that's in a whole pile of money?

MR. LARICCHIUTA: That's right. Suffolk County can do it. Westchester, New York City, Nassau cannot. We wouldn't know the first thing. We can't even get on the computer.

Same with pharmacy. One of the pills is a chip. If a pharmacist is robbed, they would call us and say we have a pharmacy tracker. This is the ID number of the chip. Our 911 operators know nothing about it, even how to attempt to do it.

We are not trained in the mass shootings, the active shootings. It just

goes on and on.

LEGISLATOR CURRAN: Is that mandated?

MR. LARICCHIUTA: That's all mandated.

LEGISLATOR CURRAN: Now, you talked also about being under staffed. But the public safety fee, which was just put in place, is supposed to go towards hiring more staff, and I believe that's -- not uniform but the actual cops and then the people that you represent as well.

MR. LARICCHIUTA: I believe we're supposed to get 80.

LEGISLATOR CURRAN: Has that started yet?

MR. LARICCHIUTA: I don't believe so. I did get word that they're trying to hire some PSAs which we desperately need. And, 911 operators, there is a case that we went to court in and, instead, we signed an agreement with the PD in order to increase the hiring and, Gary, can you speak to that issue, what's the number?

Full Legislature/2-27-17

MR. VOLPE: Gary Volpe, it's roughly 162, actual operators. We have 184 in the unit, low 20s in supervisors leaving roughly 160.

LEGISLATOR CURRAN: We are supposed to have how many?

MR. VOLPE: Well, through the agreement, we're supposed to be 190 operators as of January 1.

LEGISLATOR CURRAN: Are you hopeful with this new hiring that this will happen?

MR. VOLPE: We hope, but the problem is it takes a year to train and there is attrition. We just lost a supervisor, Tuesday was the last day. They are going to move somebody else and to her place, et cetera.

LEGISLATOR CURRAN: Is there anyone from budget who can speak to this or from the --

CHAIRWOMAN GONSALVES: Acting Commissioner Krumpter wants to address it as well.

Full Legislature/2-27-17

MR. LARICCHIUTA: On the budget issue or you want me to stop talking?

LEGISLATOR CURRAN: Well, just a question on the budget issue.

ACTING COMMISSIONER KRUMPTER: Just a couple of items. First off, we don't have 162. The Nassau County payroll system is showing 178 as I sit here today. We are getting ready to hire additional PCOs as we are getting ready to hire additional PSAs, we have to do background checks and we are moving that along. We do expect to hire both PSAs and PCOs. There are through-put issues that hold us, as it takes over a year. You can only train so many people --

LEGISLATOR CURRAN: What is through put?

ACTING COMMISSIONER KRUMPTER: Through-put of training. We can only do so many background checks, and we can only do so much training in the different titles. So you have to coordinate all of those titles.

So we are getting ready to hire,

we're just waiting for the group that's there that we hired several months ago to finish their radio training. They get two parts of training. They get the 911 training, the radio training.

As far as the training, as far as the 911 fee, we will start with the 911 fee. While it is true that money can be used towards 911 training, it also can be used to the operating budget of the 911 center. It's not restricted in that way.

As far as the training hours, we are fully compliant with the training. I am a little bit baffled as I sit here when I talk, and Deputy Commissioner Rider, Commissioner Fox sat down and billed out an itinerary that was cost curriculum with the CSEA.

Then we engaged outside consultants to come in and do the training that they were seeking.

As far as not being trained, all the items they talked to are all within that curriculum. So they get 22 hours of

training a year. That's what the state mandate is. We have fulfilled that and they are going and sitting in a classroom and they are getting curriculum; if they're not hearing it, that's something we will have to work on.

LEGISLATOR CURRAN: You're saying they are getting the mandated training?

ACTING COMMISSIONER KRUMPTER: Every single minute of it. It's 22 hours and there's topics that you have to touch. So they have gotten every minute of the training.

LEGISLATOR CURRAN: So there is a real disconnect here.

ACTING COMMISSIONER KRUMPTER: This is a typical thing. Don't let the facts get in the way of a good story.

Like I said, we are paying in Nassau County 178 PCOs. That's what we're paying today. Not 162.

We have 21 PCOs that are supervisors. We have two directors; a deputy director and a director. And that is

the staffing, as I'm sitting here, that they just pulled off the payroll system.

So, as far as the cars, within the capital plan that's before you today, the special vehicles portion of that, the $1 million, they are getting -- I would have to pull the actual data, I didn't expect to be talking about this today, they are getting either four or five vehicles.

One of the problems we discovered with the public safety officers is that every unit is responsible when a car breaks to arrange to have that car brought over to fleet.

Now, public safety is located in the park and they actually use county fleet. When this was brought to our attention, we started moving and addressing the issue because they were not bringing the cars over to fleet or coordinating for them to be towed over to fleet within the park.

So we are working on that. Like a lot of the fleet money is obviously tight and when you have a fleet of a thousand

cars, the 4.6 million or $4.8 million for PDs and the other million dollars for specialty vehicles will end up replacing 115 or 120 cars out of a fleet of a thousand vehicles.

That is what we need to get by. This isn't like we have a brand new fleet in any shape or form. Due to some contractual entitlements, we can never, and, as we should, we have to maintain the marked fleet in a certain way.

That's always the first priority and everything else flows in off of that. Both for the unmarked fleet that's operated by civilians as well as sworn members.

LEGISLATOR CURRAN: So you're confident that everyone will have the cars that they need no matter which part of the police department they are serving?

ACTING COMMISSIONER KRUMPTER: Obviously we work every day to insure that. Assistant Commissioner Hart oversees fleet personally in order to make sure that the vehicles are out there that they need on a

day in and day out basis.

I think I touched on everything.

CHAIRWOMAN GONSALVES: I'm going to ask Minority Leader Kevan Abrahams, and then Denise Ford and then I'm going to go back to the public who have submitted some slips and we will get back to you in regard to that task force. The sooner we do it the better.

LEGISLATOR ABRAHAMS: Thank you, Madam Presiding Officer. Jerry, you mentioned a couple of points in regard to the RFP going out this week being designated for hospitals.

MR. LARICCHIUTA: Yes.

LEGISLATOR ABRAHAMS: Was there a briefing where you were briefed with the Presiding Officer because we weren't aware of --

MR. LARICCHIUTA: I got briefed on the sidewalk outside on my way in.

LEGISLATOR ABRAHAMS: So I'm asking, how did you know about the --

MR. LARICCHIUTA: I ran into the

Deputy County Executive that's in charge of that and I told him up front what I was planning on saying here. He said, you know we're sending out an RFP. So he was up front with us on that. That's how I found out though. There no secret message sent to me. I just ran into him on the sidewalk.

CHAIRWOMAN GONSALVES: I'm going to interrupt for a minute. There was no briefing, Kevan, it was word of mouth. This is what's happening today. Okay?

LEGISLATOR ABRAHAMS: Okay. I would strongly suggest that we should probably get one. I can't agree with you more. I think, you know, my public comments in regards to the medical provider that's currently at the jail, and from that standpoint and how we go forward, that contract is getting ready to expire.

Obviously the successor to that agreement is no longer in discussions with the county in terms of taking over. I would strongly suggest that we actually have a briefing to discuss it and go forward.

Unless the administration wants to do it in a vacuum.

The second thing, I can't agree with you more. I appreciate you being here today. I can't agree with you more with the need for hearings. In regards to the medical provider, we have called for multiple times for hearings.

Unfortunately, what we get, during public comment session, is we get unofficial de facto hearing, which the commissioner is here, you're here, and all we need is the sheriff to be here and pretty much all the questions we would have asked at a hearing would be now. But it hurts the taxpayers when we don't have the time to ask them respectfully as well as timely.

I would strongly suggest, my recommendation also to the Presiding Officer is that we call a hearing to discuss this very important issue.

People at the jail have died. There is contraband being smuggled into the jail. All of the time when that happens,

when you would think it would be prudent to have a hearing to discuss this stuff, stuff that's going to have impacts on people's lives as well as people's public safety, I would think we would be calling hearings in this place, but we're not.

So, unfortunately, what happens is, it's unfortunate to you, you have to come down during a public comment, where there's probably dozens of other speakers that want to speak today, and this issue does not the time that it deserves. That's very unfortunate.

Again, I would strongly suggest that we hold a hearing -- we would be more than happy to host a hearing to at least be able to air these issues out.

CHAIRWOMAN GONSALVES: I'm going to ask, who is here representing the County Executive?

Mr. Becker, I would ask you to request on behalf of the County Executive a briefing on the newest proposal -- I would ask you to request from the County Executive

a briefing regarding the RFPs that are being disseminated, I believe it was said this week, so we know exactly what is part of the RFPs.

MR. BECKER: Happy to do that. Before the Legislature, the next meeting?

CHAIRWOMAN GONSALVES: No. I would like to have a meeting with the County Executive in his office.

MR. BECKER: So have Deputy County Executive Rabando call you, Madam Chair?

CHAIRWOMAN GONSALVES: He's not here, so we want to go upstairs and have a meeting to discuss this.

MR. BECKER: I will tell him and he will contact your office first thing tomorrow.

LEGISLATOR ABRAHAMS: If he can contact my office, Fran, and then Norma's office for her side and my office for my side.

MR. BECKER: Sure.

CHAIRWOMAN GONSALVES: And those

of us who can attend will be happy to attend, but we would like to have a briefing.

MR. BECKER: Will do, Madam Chair.

CHAIRWOMAN GONSALVES: Thank you very much. I'm going to ask you, Jerry, to wrap it up.

MR. LARICCHIUTA: I'm going to wrap it up. The two things I'm going to wrap it up with, Presiding Officer Gonsalves is, one, I would ask that we have some kind of information coming back and forth to see if we can actually get this little panel together. Both Republicans and Democrats to work on the issues within PD.

The other thing I wanted to finish up with is, I have to rebut this, maybe that's part of the problem. Maybe this Acting Commissioner doesn't understand how to communicate with his department. He has 162 PCOs that take calls. 178 are on the books, but the difference do not take calls, and not a single, I'm saying it on

the record, I would not lie on the record, not a single 911 operator was ever trained in anything I just told you about including hostage negotiations, and a hostage situation. I will end it there. Thank you for your time. I look forward to this panel. I really hope we have some participation. Thank you, Presiding Officer.

CHAIRWOMAN GONSALVES: I'm going to have a very difficult time. I'm cutting you guys off. I have two people here. I want to go back to public comment.

LEGISLATOR BYNOE: Presiding Officer, one statement. I'm sorry. No, no. One second. I'm not trying to get in front of Denise Ford. I just have one statement after. That's all.

CHAIRWOMAN GONSALVES: Guess what? What about the public that's out there?

LEGISLATOR BYNOE: The only statement that I was making is that I don't think we need to create a task force. We

have a public safety committee that's already in place. That's the only comment I was making.

CHAIRWOMAN GONSALVES: We are going to do that. I just said to Minority Leader to designate a couple of people and I will designate a couple of people to be part of that task force, and if we can get it started almost like yesterday, we will do it, okay? That's what it is. It's up to your leader to decide who's going to be the two.

LEGISLATOR FORD: Let me say something. Thank you very much, Jerry, for coming here. I agree with you. I think that a panel is needed and the reason why I said that is you did reference, when we did have a public hearing, many many years ago.

I know there were a lot of your members that were reluctant to get up and speak because they did not know if any action would be taken against them for their honesty.

So I feel, Legislator Bynoe, just

to let you know, that sometimes when you do have a panel where his members can speak very freely to those of us, knowing that there will be no repercussions, then it makes it then as a follow-up we would have a public hearing and we can speak on behalf and know many of the issues prior to a public hearing, so that we can be the voice of people who are reluctant to speak in public and that's very, very important.

I think that this is what we need to do and we really need to start stepping up and working with you and your members to make sure that they have adequate staffing, and they have the protection they need.

I know that even when I went to the 911 bureau, I saw some deficiencies myself and I'm not trained in any of that.

I know even speaking to some of your members there, and I thank you very much for taking me on the tour that night, that they too also said they did not have the adequate training.

A lot of times they given the

training almost at the positions where they're working, not followed up with documentation and, out of respect to the Acting Commissioner, I know that I met with him and reached out to him on some of the issues, and I don't know if you've received it but I'm still waiting for that hostage training manual.

MR. LARICCHIUTA: Five years now, and still have not received it.

LEGISLATOR FORD: And I have not received it. I also would like to know from you, commissioner, if every other area has chip technology which will help in a lot of these situations if Nassau County is planning on getting that.

ACTING COMMISSIONER KRUMPTER: Quite to the contrary. Not only do we have chip technology, we are ahead of every single law enforcement agency than the other agencies. We own a significant amount of chips ourselves. Suffolk County doesn't own any. We own 100 chips.

The department personally trained

each and every single member of the unit. Additionally, with a selection that was participated with by the CSEA, the unit president, Volpe, we actually selected a vendor and brought out an outside vendor to do critical training in that way, what to do with the hostage negotiator.

So we have done a lot of training over the last year and they were party to it. So I'm a little bit taken aback as I stand here today and hear how no training has occurred.

Every one of their employees came in on a day off twice last year as part of the makeup tours, two tours, and they did 22 hours of training. We have the curriculums.

I met with Legislator Gonsalves a little over a week ago. She raised a number of issues. We have a draft letter that will be going out either tonight when we get back, depending on the time, or first thing tomorrow morning, and going into specific detail.

We will also provide this

Legislative body with all the roll calls and curriculum for the training on the items that he's saying we're not training.

Perception is something that is sometimes difficult. But we have do have roll calls where they've signed in on the training and we do have records and documents that will be more than sufficient to prove to this body that they've received that training.

Like anything else, I do not understand the motivation today. I really can't speak to his motivation.

CHAIRWOMAN GONSALVES: I'm not going to go down that path. End it now. Because I'm going to really bring us all back.

LEGISLATOR FORD: I'm going to help you bring it back. Commissioner, we are going to have that panel. We are going to have the public hearings. I will be willing next week. I'm available now. I'm here. I'm willing to meet with you and then we will follow up after speaking with a lot

of these employees we will be meeting with you as well and hopefully we will get everything resolved. Thank you.

CHAIRWOMAN GONSALVES: Two things that we have committed to today, Mr. Laricchiuta, listen; number one, we are going to have a briefing with the County Executive regarding the RFPs that are being floated this week for medical care at the jail requesting hospitals to submit a bid.

And then, of course, the other is to follow through on that task force, but I want you to know something else. We have a Public Safety Committee here. They will be part of that task force. You got it? Is that okay, are you happy?

MR. LARICCHIUTA: Have a good day. Thank you very much.

CHAIRWOMAN GONSALVES: Have a great day. I've got news for you, five minutes went into 25 minutes. I have to go back and make sure who has submitted a slip is heard before we go into the regular calendar. Joanne Borden, you're next.

MS. BORDEN: Good afternoon. I'm here today to ask you to put the Gender Clarification Law to a vote.

As a transgender woman, that will give me the same protection from harmful discrimination that you have and virtually every one here has. No one decides to be a transgender person.

Scientists tell us that as soon as a young child recognizes boys and girls are different, they don't pick a gender. Every child knows its gender intuitively, the same way every animal knows its gender. No one tells a bull it's a male. No one tells a cat or a dog its gender. Gender comes from inside every mammal. It's intuitive. It's automatic and not a choice.

When our gender doesn't match our genitals, we are called transgender people. That may be inconvenient to some people but this is more than an inconvenient to transgender people.

Any one would be stupid to want to be a transgender person and face the

harmful discrimination of being told our very existence is not real. We can't be the other sex. They cast shame on us. They make us feel guilty for something we neither asked for, wanted, nor had power over.

Even our loved ones tell us our true existence is not real. So we conform as best we could and always lived in fear. Fear of exposure, fear of losing our jobs, and fear of harmful discrimination and other life necessities.

Some people think we volunteer for transgenderism and clutch the emotions of the bathroom issue but they really mask un-American hate. Hate.

Over half our country, more than 180 million people and all our neighbors, 22 million people, live with transgender rights laws and we don't hear of a single bad incident.

Transgender laws have existed since 1993, and you would think there would be at least one incident in two decades, more than one incident, but not even one.

You should not participate in this injustice and this un-American and harmful practice in Nassau County.

Put the Gender Clarification Law to a vote and let every one vote their conscience. Thank you for letting me scream at you.

CHAIRWOMAN GONSALVES: Would you like some water, you seem to be out of breath. Okay. Jack McCloy.

MR. MCCLOY: Good afternoon, members of the Legislature. Thank you for letting me address you today.

I hope you got the correspondence that I gave to the clerk. Do each of you have a copy of it? I hope so.

I would like to read this to you. Newsday recently published another price increase proposed by National Grid Keyspan Gas East, a copy of the proposal is attached. Please note the highlighted portion of the price increase proposal identified as residential heating service, which is the type of service that most

homeowners are charged.

This rate increase reflects an increase of over 22 percent. Please consider a bipartisan action to oppose this increase and help residents of Nassau County stay in Nassau County by limiting the injurious increases of costs associated with residing here.

I hope that this situation will be looked at equally by both sides of the Legislature because a 22 percent increase in gas heating costs affects every one, no matter what their political persuasion is that uses gas and most of the Nassau County residents have some type of gas service.

I'm asking -- I know it's public comment, Ms. Gonsalves, that you just listen and not act, but I'm asking if you might consider acting on making a statement stating that a 22 percent increase is just much too much.

If we can get a decree from the Legislature here, I pledge to go to the Suffolk County Legislature and ask them to

do the same thing and bring your reply up to the Albany, I will take the time to do that, to ask the Legislature, the New York State Legislature, to not approve the 22 percent increase that's being asked.

And the second paragraph on the attached page lists the PSC case number, which is, if you want to note this, if anybody in the audience wants to note this, it's 16G0058. I will repeat it in one more second. This number is the case number that you can oppose this on the PSC website.

I would like to do more than oppose it on an individual basis or have some neighbors oppose it on a community level basis, but ask you as our elected representatives to also oppose a 22 percent increase.

It's much too much and once again that number is 16G0058. Thank you.

CHAIRWOMAN GONSALVES: Thank you, Mr. McCloy. Heidi, I know you have been sitting there a long time. And, Pearl, you want to come up too? You may as well.

Full Legislature/2-27-17

MS. SANFT: Good afternoon, Presiding Officer Gonsalves, and legislators.

As you know, my name is Heidi Sanft. I'm the first vice president of the Nostrand Garden Civic Association in Uniondale, and a member of the Greater Uniondale Area Action Coalition.

I have been coming to the Legislature's meeting since October requesting that you put contract B-11-16, the Uniondale Avenue Streetscaping Project on your agenda to no avail.

This is an old project that has been bonded for more than a year. As you know, the contractor was selected more than a year ago. This project is not part of the $250 million in bonding that you are waiting for approval on.

It is not fair that you are conflating an old project that has been bonded where the funds are borrowed with future projects where the funds have not been borrowed yet.

The project is ready to go. You have received letters supporting moving forward with this initiative from Mark Lesco, vice president for economic development at Hofstra University, and also from Kevin Law, president and CEO of the Long Island Association. I have copies of the letters if you need them. I can submit them.

Also, I know you received letters supporting our project from the Uniondale Chamber of Commerce and also the Council of Chambers.

I urge you to do the right thing. As you can see, we have support. It's growing. And that you put the Uniondale Avenue Streetscaping Project on the agenda now.

Spring is almost here and to keep this old project on a continuous hold is an action that will not only hurt Uniondale, but the surrounding communities, universities, and businesses.

I would also like to add that

being that we are celebrating Black History month, when the shovel goes into the ground we will be more than happy, when I say "we" I mean our civic group, to have a celebratory meal at LL Dent that's how progress is made. Thank you.

MS. JACOBS: Good afternoon, everyone. During this Black History month, I would like to speak on institutional racism.

Institutional racism is defined as the collective failure of an organization to provide an appropriate and professional service to people because of their color, culture, or ethnic origin.

I will rephrase the definition in order to establish a more precise definition for this forum.

Institutional racism as it relates to Uniondale in underserved, de-invested and neglected community is the collective failure of Nassau County in the Town of Hempstead to provide appropriate services and investment to the Uniondale

community due to its diverse and multicultural demographics.

I'm certain that some here today would take offense to my strong remarks. Unfortunately, for many residents of Nassau County, these words speak truth. It brings me no satisfaction to stand before this Legislative board and speak during Black History month that disputes the concept of Nassau County as a place that embraces equality and inclusion for all residents.

Visual evidence alone would justify the statement that Nassau County has failed to obtain fairness for all of its residents.

If an artist were commissioned to paint a mural of the entire County of Nassau, the pictures would depict beautifully manicured homes, landscapes, waterways and prestigious neighborhoods.

This mural would also depict a squalor, poverty and dilapidated neighborhood where most of the minority residents reside.

One would discern that this was an orchestrated and manipulative attempt to exclude minority residents from obtaining similar quality of life standards that most other communities in Nassau take for granted.

As legislators, unfortunately, you have demonstrated unethical behavior towards the residents of Uniondale by withholding funding that would greatly assist a marginalized community in moving forward.

I implore this Legislative body to show your respect and honor for Black History month through your actions by placing contract B-11-16 on the Legislative calendar.

I do have a question. And I would assume that I would not have to ask the Democratic body but I would like to ask the Republican Legislative body today by a show of hands would they vote yes for the contract B-11-16 for Uniondale streetscaping?

Full Legislature/2-27-17

CHAIRWOMAN GONSALVES: Pearl, they are not at liberty to do that at this present time.

MS. JACOBS: I would take that as a no vote.

CHAIRWOMAN GONSALVES: No, Pearl. It's not on. You can take it whatever way you wish. It's not an item on the floor right now, okay? Until then they do not have to voice their --

MS. JACOBS: It's my opinion that the community of Uniondale will take that as a no vote. Thank you.

CHAIRWOMAN GONSALVES: Thank you.

LEGISLATOR ABRAHAMS: If I may?

CHAIRWOMAN GONSALVES: York Roberson.

LEGISLATOR ABRAHAMS: I would like to respond to my constituents; is that possible?

CHAIRWOMAN GONSALVES: I guess I'm not going to be able to stop you. Go ahead.

LEGISLATOR ABRAHAMS: Thank you,

Madam Presiding Officer. I think, again, and Heidi pointed it out pretty correctly. For the last four months, they have come down requesting that this item be placed on the calendar for a vote, and for that same time period, other than politics and non-answers, they haven't been really given a correct response.

I think if I remember correctly, one of the responses by one of your members, Madam Presiding Officer, was that because the Democrats are withholding bonding for the 2017 bonding, that that is the reason why this contract will not go forward.

By coincidence today, Heidi and Pearl, there is bonding that's on the calendar today. A total of $26 million, which our caucus is prepared to support some of it.

The question becomes, does the finish line again be moved once some bonding does happen? To me it seems like it's more of an excuse.

I think it ties into the issue

that they really just don't want to do it out of spite, not anything else. It's petty politics. Again, you will see our Legislative caucus take action on some bonding items that are part of that $250 million that you talked about, Heidi, and, still, I'm willing to bet you will come back in March and this item will still not be on the calendar because that is not the real issue.

The issue is, they want to see all of it be bonded, all the $215 million without the proper oversight be bonded or nothing for areas like Uniondale. That's what it's really about. But they won't admit that, but they know in their heart that's what the real issue is.

This Legislature has bonded. We have taken the position that we will consider items for public safety needs. We have bonded for ambulances, police vests, you name it, we have done it.

So the argument that we don't bond or we haven't bonded enough, enough so

they can fuel the kitty of some people in their park, that's what it's about. Not about anything else.

CHAIRWOMAN GONSALVES: York Roberson.

MR. ROBERSON: My name is York Roberson and I'm a 40 year resident of Uniondale. I thank you for being able to address you.

I'm here to echo Heidi and Pearl's statements regarding Uniondale.

Some of the disparities that exist in Uniondale within Nassau County can be attributed to the aftermath of huge foreclosures in Uniondale; the so-called zombie houses. And the influx and expansion of our school's population in the Uniondale community.

Our community needs an up lift, a face-lift. So I respectfully implore you to move forward with the streetscaping project. And I thank you very much.

CHAIRWOMAN GONSALVES: Thank you. Now, Richard, where are you?

MR. CLOLERY: I will be blunt as usual.

CHAIRWOMAN GONSALVES: Take your time, Richard, the red light is on.

MR. CLOLERY: To the Legislature. I would like to thank the Democratic members of the Legislature who came to the meeting a couple of weeks ago even though the cuts went through. I'm still holding out hope we will find a solution before our public transportation situation gets worse starting in April.

To the Republicans of the Legislature, I'm disappointed that you guys and girls decided not to show up. What's the worst that would have happened after seeing the debacle that has happened to our system as well as the potential chaos that will occur if there is no additional funding.

You have had to answer some extreme questions to those constituents who were -- that were there who had to make some extremely unpleasant choices that they will

have to make if there was no additional funding is found in time.

And speaking of choices, the other day I had to go to store to pick up some items that I forgot to buy at the store the day before. The items in question were of a fragile nature, in other words, eggs. I didn't want to walk. I decided to take Uber cab. But I couldn't because the drivers were scared that if they took me to a Nassau County location they would get ticketed.

So in the end I did walk from Stop and Shop. Now before you get mad at me to use Uber and, for a time, I did use yellow cab of Long Island, but even before Uber came along, I felt that yellow cab service was getting worse, not I have anything against them, just feel like pointing out. And their pricing to use the yellow cab was confusing because they would say it's one price but then another price would come up when I get in the cab. You ever heard of the expression?

Anyway, if you look at the reviews online for the cab companies that service Nassau County, you would realize that the foundation for cab company's problems has been there long before Uber ever came along. So, please, help all the constituents by finding necessary funding to keep the buses going and stop criminalizing the drivers of Uber and Lift for trying to provide a good service to the people here of Long Island.

However, if yellow cab doesn't prove their standards, I would gladly take them once again. That's all I have to say.

CHAIRWOMAN GONSALVES: Thank you, Richard.

MR. CLOLERY: Legislator Bynoe, I'm grateful that you showed.

CHAIRWOMAN GONSALVES: Richard, for your edification, at the beginning of February, I believe there was a coalition of Democrats and Republicans at Republic Airport supporting the restoration or preventing the restoration of the bus routes

and looking for funding to make them whole again.

So we are together on this issue. So be assured that because we didn't come to your forum or your rally, I will tell you but we were there about two or three weeks ago a number of the legislators sitting here on both sides the aisle supporting, keeping the bus system the way it is. We're there for you. So don't stress, okay?

MR. CLOLERY: Okay. I appreciate it. I'm just saying what is.

CHAIRWOMAN GONSALVES: Don't stress, okay? Thank you. One more. John Budnick. That's it.

MR. BUDNICK: Thank you very much. We need to create a Mitchel Field Historic District.

Part of that has to include -- this is because of the Black History month, no mention is made any place of the Santini portion of the base which was the black portion of the base south of Hempstead Turnpike in the Uniondale and East Meadow

area. I find that abhorrent.

This is the 55th anniversary of the closing of that air base and the moving of Nassau Community College over there. It's mostly the old Nassau Community College that needs to benefit from this.

The county, together with the college, and various other private and public groups have to get together and start creating this, after all folks, it's the 75th anniversary of World War II and the 100th anniversary of World War I.

We have a problem with Governor Cuomo who keeps talking about the need for these colleges, his budget currently contains budget cuts for Nassau Community College, the state portion of their revenue. Who is going to make that up? I know that the county taxpayers are very probably not. The students will have to take it on their back as tuition and people will be wondering why fewer people are going to Nassau Community college. Thank you, Governor Cuomo.

Also, has anybody considered utilizing both the services of the Nassau County Community College culinary people as well as the availability of equipment material at the Nassau County Correctional Center to create the meals that they need at Nassau Medical Center, A. Holly Patterson Home, and the Meals on Wheels and the other programs that the county supports?

Also I must commend you guys for fighting for more state aid for the NICE system. It is absolutely absurd how the MTA, a state agency, just dumped that whole thing on Nassau County. And we need to fight, go to each of our legislators and the governor and demand more state aid for those people and for those buses.

Also, I suggest that we recreate something that used to exist a number of years ago, that an employee suggestion program. It ended up saving millions of dollars for the county.

We need to ask the governor if he can finally get around to declaring a

special election if the Ninth Assembly District that's been vacant for a large number of weeks and he has curiously not been able to get around to calling a special election there denying the residents, including me, of their rights to be represented in the New York State Assembly.

Thank you very much for your time and trouble.

CHAIRWOMAN GONSALVES: Thank you, John.

Now we're going to the calendar ladies and gentlemen. We're going to go out of order primarily because we have a number of people here who are going to be appointed to two agencies, one is the Youth Board and the other is the Board of Visitors.

So we are going to begin with those appointments. I'm going to call them all at once and they can, Maggie Malito, you may as well come up here so you can introduce them to us.

I'm going to call Resolution 41, the confirmation of the appointment of

Jennifer Rose Padilla;

42, a resolution, the appointment of Rizwan Quershi to the Youth Board;

43, resolution, Patrick Pizzarelli to the Youth Board, that was 43;

Item 44 is the appointment of the reappointment of Lynda Parmely to the Youth Board. I don't like to mispronounce people's names.

Item 45, resolution to appoint Akeela Noel to the Youth Board;

Item 46, the reappointment of Charles Nanton to the Youth Board;

Item 47, resolution to reappointment Catherine Tully Muscente to the Youth Board;

48, the resolution to appoint Fatimah Mozawalla to the Youth Board;

49, the resolution to appoint Jeffrey Lozanoto to the Youth Board;

Item 50, resolution for the reappointment of Xiomara Leto to the Youth Board;

Item 51, resolution of the

appointment of Denise Lamb;

Item 53, a resolution confirming the reappointment of Lucinda Hurley;

54, resolution to reappoint Kristina Heuser to the Youth Board;

Item 55, resolution to reappoint Danny Grodotzke;

Item 56 is an appointment of Rodolfo Gonzalez;

And Item 57 is the reappointment of Robert Donno to the Nassau County Youth Board.

And I see Item 58 the appointment of Angel Cepeda, I said that one right, and;

Item 59 a resolution to appoint Magdalonie Campbell to the Youth Board.

Item 60, a resolution for the reappointment of Martin Blum to the Youth Board.

Are we all here? I need a motion.

LEGISLATOR WALKER: So moved.

LEGISLATOR DUNNE: Second.

CHAIRWOMAN GONSALVES: Moved by

Legislator Walker, seconded by Legislator Dunne. Any questions or any comments from the legislators?

(No verbal response.)

Any public comment? Any comment from you?

MS. MALITO: I'm delighted to be able to present these candidates for your consideration. They are, as I have said, during the Rules Committee meeting, they are leaders of our communities, they are individuals who have already shown their dedication and demonstrated very hard work on behalf of our communities and young people and our families.

I think they are going to do a fine job and I'm very appreciative that you have taken the time to read their resumes and know a little bit about them before you confirm them.

CHAIRWOMAN GONSALVES: I know that at the Rules Committee some of the appointees did address us, is there anybody else who would like to say a word or two?

Full Legislature/2-27-17

LEGISLATOR ABRAHAMS: Before you do that, did you call 52, because Josh Lafazan is in the audience and he is in the audience.

CHAIRWOMAN GONSALVES: We did not call it.

LEGISLATOR ABRAHAMS: You did not?

CHAIRWOMAN GONSALVES: No.

LEGISLATOR ABRAHAMS: Why not? The gentleman is right here.

MS. MALITO: Josh's appointment was in question simply because we needed to understand more fully what his ability to participate going forward was.

Josh and I did speak about it at the beginning of the session. He is just finishing up his work at Harvard. He is obviously an individual that has participated with our board in the past but going forward I think there was more information that was requested that I did not have available at the time.

LEGISLATOR ABRAHAMS:

Mr. Lafazan, would you mind coming to the podium. I would like to hear it from him.

CHAIRWOMAN GONSALVES: I believe he is now going to be attending Harvard University, correct?

MS. MALITO: He's actually finishing up his work. But he can explain that.

CHAIRWOMAN GONSALVES: You may explain that.

MR. LAFAZAN: Thank you, Presiding Officer Gonsalves, Minority Leader Abrahams. I'm at my last class at Harvard. I'm a current graduate student at the Harvard Graduate School of Education. It's on April 26th. I look forward to making the next two months meetings as I only have class on Wednesday and Thursday. I look forward to continuing the good work with some of my tremendous colleagues on the Nassau County Youth Board.

CHAIRWOMAN GONSALVES: Jeffrey, I think you should work it out with the Youth Board and then we can return to it at

another date. Hold on. I did not call the item, Minority Leader, and therefore I was only too gracious to have Joshua come up here to speak.

LEGISLATOR ABRAHAMS: But, but -- you didn't say anything there would impede you from serving because you said you'll graduate in April,

MR. LAFAZAN: My last class is in April. I have class on Wednesdays and Thursdays. So whether I was at Cornell, which I graduated last year, I'm currently at Harvard. I've been able to make the meetings because they're typically on Mondays or Thursdays. At the meetings in which I have class up in Boston, I phone in on the phone. For the past two months, I have been excused. I had class at Harvard and was representing Harvard at the Novele World Peace Summit in Bogota, Columbia.

LEGISLATOR ABRAHAMS: Josh, do you see any scheduling conflicts not being able to serve?

MR. LAFAZAN: No, sir.

CHAIRWOMAN GONSALVES: Hold on. Just a moment.

LEGISLATOR ABRAHAMS: I'm not too sure I understand what's going on.

CHAIRWOMAN GONSALVES: Ms. Malito, is he on the Youth Board now?

MS. MALITO: He's presently serving on the Youth Board. Which means he can continue despite the end of his tenure he continues unless he is replaced by another candidate, which is not the case.

LEGISLATOR ABRAHAMS: But, Ms. Malito, his term expires when?

MS. MALITO: Expired two years ago.

LEGISLATOR ABRAHAMS: So if Mr. Lafazan is saying there is nothing preventing him from serving in the future and enough of you to send it to the Clerk's Office for reappointment, why is he not being reappointed if he's not saying there's a problem with him serving in the future?

MS. MALITO: I do believe members of the legislature were concerned that the

past participation was not -- in fact did not -- in fact was not full participation as he was expected to do.

LEGISLATOR ABRAHAMS: Let me ask the next question. Stop. What are you trying to hide? Tell me what you're trying to hide. You call 15 people but not one person?

CHAIRWOMAN GONSALVES: Excuse me, Josh, I'm sorry.

LEGISLATOR ABRAHAMS: Please, Ms. Gonsalves. Please. I don't know what you are trying to hide. You got your hand caught in the cookie jar -- you are going to explain to us why --

CHAIRWOMAN GONSALVES: I'm not going to explain anything.

LEGISLATOR ABRAHAMS: Let's just call it for what it is.

CHAIRWOMAN GONSALVES: Excuse me, Josh --

LEGISLATOR ABRAHAMS: Again, let me make sure I'm clear. It's not that you feel that you have a problem with your

scheduled commitments and going forward, it's people up on this body that have determined that?

MR. LAFAZAN: Yes. If I can say one thing quickly. I was appointed with unanimous confirmation in 2013. I am now up for confirmation in 2017. So I ask the Legislative body what has changed in my resume since 2013? Was it my graduation from Cornell, my acceptance to Harvard? Was it my publishing of a book, I believe my resume is extraordinary for someone of my age. I believe I have contributed. I think the only thing that's changed is my announcement as a candidate for this governing body.

LEGISLATOR SOLAGES: It's politics. Let me tell you why.

CHAIRWOMAN GONSALVES: Excuse me. All those in favor of appointing the people to the Youth Board --

LEGISLATOR SOLAGES: Is it because Gina Houser running for city council, and she's allowed to have this

position? Is it because possibly he might be running for office against someone on this body so you just want to protect your friend. That's all.

MS. MALITO: If I may?

CHAIRWOMAN GONSALVES: Excuse me, all those in favor --

LEGISLATOR SOLAGES: Let's have an adult conversation here. The real reason is because he's possibly considered to run for legislator against Mr. MacKenzie and Mr. MacKenzie because of his relentless bonding and raising taxes and so he's trying for his position and you don't want an opponent that --

LEGISLATOR RHOADS: Mr. Solages, are you going to continue with this philosophy?

LEGISLATOR SOLAGES: I'm not talking to you, Mr. Rhoads.

LEGISLATOR NICOLELLO: Let's give him some more time to prove that he can. And instead of -- I understand --

CHAIRWOMAN GONSALVES: He can

still sign on the board if he chooses until his appointment.

LEGISLATOR ABRAHAMS: Maggie, tell me, does everybody on the Youth Board show up over the years?

MS. MALITO: The ones that are present members have had three and a half years in fact to be at our meetings which are monthly meetings and committee meetings. Josh had a position of course of some substance. He was a committee chair.

But, in those cases where he could not attend, in some cases he was excused, and in some of those cases he was absent.

I think if it was a legitimate question on the part of those that are considering his credentials, whether he will be participating fully in the future. If someone doesn't attend three meetings consecutively usually they are asked to leave the board.

LEGISLATOR SOLAGES: Ms. Malito, what is the attendance of the other members?

Full Legislature/2-27-17

LEGISLATOR NICOLELLO: Have you had to cancel any meetings because of a lack of a quorum?

MS. MALITO: No. We've never cancelled a meeting.

CHAIRWOMAN GONSALVES: Okay. Now he still serves on the board?

MS. MALITO: He continues on the board. He's still in his seat.

CHAIRWOMAN GONSALVES: So, there's no problem. I called the question. All those in favor of appointing -- I'm sorry. There's one chair. You're talking to her and I said I'm calling the question.

LEGISLATOR ABRAHAMS: I have a question. And I have a question for Mr. Cepeda if I can since we're changing the criteria.

I would love to hear from Mr. Cepeda. He has been an announced candidate. He has run against former Legislator Judy Jacobs. Since we are making that a criteria today --

CHAIRWOMAN GONSALVES: You are

making it a criteria today.

LEGISLATOR ABRAHAMS: You can't come up with justification singling one person out of 15 today.

CHAIRWOMAN GONSALVES: Excuse me. Excuse me.

LEGISLATOR ABRAHAMS: I want to ask Mr. Cepeda, is he running for the county legislature this year?

LEGISLATOR NICOLELLO: So running in the past now is your criteria?

LEGISLATOR ABRAHAMS: No. Running for the future because that's why you're holding up Mr. Lafazan.

LEGISLATOR NICOLELLO: So if he shows up for meetings, that's all that matters to me. If the guy is at Harvard, I don't know how he's going to attend meetings. That's what he's telling us because he's going to continue on this board at some future time we can appoint him after we watch and see if this gentleman can actually participate.

LEGISLATOR ABRAHAMS: And are you

sure that you voted for every single Youth Board member in the past that showed up to meetings? Suddenly you got an epiphany on the criteria?

LEGISLATOR NICOLELLO: That's a point, but if something is brought to our attention, and it is brought to our attention, it becomes an issue and we have to delve into it.

LEGISLATOR ABRAHAMS: No. It's been brought to your attention that Mr. Lafazan decides to run against Mr. MacKenzie, that's what's brought to your attention.

But, Mr. Cepeda, if you don't mind, I would love to hear your --

CHAIRWOMAN GONSALVES: Excuse me. Excuse me.

MR. BECKER: Minority Leader, we're not going to do that.

CHAIRWOMAN GONSALVES: That's it. I called the question.

LEGISLATOR BYNOE: I'm sorry. You called the question with my hand up

Full Legislature/2-27-17

asking you to be acknowledged to ask a question. I would like to ask a question.

CHAIRWOMAN GONSALVES: And I just called the question.

LEGISLATOR BYNOE: My question is, can we the attendance records of all of the members of this board. If we're calling into question one member, what is the attendance of all of the members? I'm calling a motion to table it until we have that information.

LEGISLATOR NICOLELLO: We have one member who has been away at school. He still hasn't finished his degree.

LEGISLATOR BYNOE: But what about the attendance of the other members?

LEGISLATOR NICOLELLO: How do you spend the time if you're going to be away for part of the time, going to be completing your studies, it's going to be a difficulty. You stay on the board for now, and, eventually, when we see if this works out, you can be appointed at that point.

CHAIRWOMAN GONSALVES:

Reappointed, how's that?

LEGISLATOR ABRAHAMS: I have a feeling that his reappointment will be determined some time after May after he announces or doesn't announce. Someone I have that feeling.

But, Mr. Cepeda, if you don't mind, can you please come to the podium.

CHAIRWOMAN GONSALVES: I just called the question.

LEGISLATOR ABRAHAMS: Since this item is called --

CHAIRWOMAN GONSALVES: No. He's not coming to the podium.

LEGISLATOR ABRAHAMS: Mr. Cepeda, don't listen to -- Mr. Becker is a good friend. To be respectful to this Legislature --

CHAIRWOMAN GONSALVES: All those in favor --

LEGISLATOR ABRAHAMS: You're going to break it out, because if Mr. Cepeda is not going to answer our questions, we're going to vote no on him as well. Mr.

Cepeda, can you please come to the podium?

CHAIRWOMAN GONSALVES: No. He's not.

LEGISLATOR ABRAHAMS: Mr. Cepeda, can you please come to the podium?

CHAIRWOMAN GONSALVES: No. I'm chairing this meeting, not you.

LEGISLATOR ABRAHAMS: So you're saying we cannot ask questions?

CHAIRWOMAN GONSALVES: No. Because I called the question. All those in favor of the appointees that are standing there before us signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

The appointees pass 12 to 7. Next, let's go. I'm sorry you had to be indoctrinated this way.

LEGISLATOR SOLAGES: The kid goes to Harvard to Christ's sake, he's qualified. All our young people want to get involved and this is a very discouraging message to our young people.

Full Legislature/2-27-17

LEGISLATOR NICOLELLO: What you just said should not be said on the record. It's completely inappropriate.

LEGISLATOR BYNOE: Excuse me. I didn't vote nay. I'm voting to abstain on the basis that I don't have information on any of their attendance and I can't judge one without judging them all. Thank you.

CHAIRWOMAN GONSALVES: So it's 12, six nays, and one abstention. Sorry about that.

Now we have appointments and reappointments to the Nassau County Correctional Center Board of Visitors beginning with Item 35, resolution to confirm the reappointment of Leon Campo to the Correctional Center Board of Visitors;

Item 36, resolution to confirm the reappointment of Helen Meittinis to the Correctional Center Board of Visitors;

Item 37, resolution to confirm the reappointment of Michael Califano to the Correctional Center Board of Visitors pursuant to Section 204;

Full Legislature/2-27-17

Resolution 38, a reappointment of Alphonso Albright to the Correctional Center Board of Visitors;

Item 39, a resolution confirming the reappointment of Michael Ferrandino to the Correctional Center Board of Visitors;

Resolution 40 which is the appointment of Humberto Chavez to the Correctional Center Board of Visitors.

I believe that's it.

Motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR WALKER: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Walker. I believe we have -- is Alphonso here?

MR. BECKER: Alphonso is on his way here, Madam Chair. Any questions? Any comments?

(No verbal response)

Any public comment? Legislator Bynoe.

LEGISLATOR BYNOE: Never part of

my criteria. My question is -- I'm not sure who to address my questions to.

MS. MEITTINIS: I'm Helen Meittinis, Vice-Chair.

LEGISLATOR BYNOE: Good afternoon. I'm going to ask you to identify exactly who is there.

MS. MEITTINIS: I'm Helen Meittinis.

This is superintendent Leon Campo. This is Michael Califano. We just met Humberto Chavez. And Alphonso Albright just called. He said, accident and be there late. I don't know about the other.

LEGISLATOR BYNOE: Thank you. So I'm going to address my questions to you. But if the other members who are up for reappointment have the answer they can feel free to jump in.

My question is, how many board meetings have convened during your term?

MS. MEITTINIS: We have one almost every month or every couple of months and we have one annual public meeting.

We've only had one of those.

We are coming up on another one. We're trying to get a date for that.

LEGISLATOR BYNOE: So since the topic has been on attendance, let me ask you, of those six meetings, how many have you attended?

MS. MEITTINIS: All of them.

LEGISLATOR BYNOE: And your counterparts?

MS. MEITTINIS: I would say all of they also or when he was in the hospital and Humberto would be a new member.

LEGISLATOR BYNOE: How are these meetings noticed for the public?

MS. MEITTINIS: Actually, it's the jail that would put out the public notice for us. We have changed our venue a little bit to make it a little easier and so we know that it's been done and so on and so forth.

LEGISLATOR BYNOE: Where are the meetings held?

MS. MEITTINIS: The meetings were

held in different places but they will be at One West Street from here on in. This way they're in one place.

LEGISLATOR BYNOE: Can you tell me where the meetings have been held?

MS. MEITTINIS: We have had meetings here in this building. We have tried to get a room for -- we were in the leg actually for our one year public meeting, and we were at the jail, we had a conference room over there.

LEGISLATOR BYNOE: You said one year public meeting, can you explain what that means?

MS. MEITTINIS: Yes. There's an annual meeting that you open to the public and that was according to the bylaws. Now we're up again.

I have to say that we don't get much in the way of -- we don't hardly get anything in the way of letters. That is the goal to treat the inmates and the families of the jail with dignity and respect. That's the basis here. If they're not

treated to their expectations, then they're welcome to send a grievance.

LEGISLATOR BYNOE: How do you do the outreach? What are your outreach efforts like?

MS. MEITTINIS: It's basically on the website or it's advertised through the county somehow. And that's how people who have --

LEGISLATOR BYNOE: So am I clear that this board has not done any outreach to the inmates or to their families or in any way publically?

MS. MEITTINIS: We have no --

LEGISLATOR BYNOE: Do you have a website?

MS. MEITTINIS: They put it on some kind of county website. We don't have any kind of staff or funding or anything like that. That's -- I would think -- we don't have any rights, you know, to know who is who and what in the jail.

LEGISLATOR BYNOE: But there's no kind of -- there should be some kind of

flyer or something that you guys create that gets circulated through the jail so that -- I would argue that people don't even know you exist.

MS. MEITTINIS: Actually it was part of the County Charter for many many years and it was never acted upon. I know that the last administration did not want -- and I had this conversation with Mr. Suozzi, and he did not want to keep up with that part of the County Charter. That's it.

LEGISLATOR BYNOE: You didn't exist under Mr. Suozzi?

MS. MEITTINIS: No, he didn't -- nobody acted on that.

LEGISLATOR BYNOE: You were created -- appointed in 2013?

MS. MEITTINIS: Correct.

LEGISLATOR BYNOE: So, under this administration, my question is, what has been the outreach efforts by your body?

MS. MEITTINIS: Well, we don't reach out to the public.

LEGISLATOR BYNOE: So you made a

statement that you have not to this point received any correspondence or complaints, but I would argue that people may not even know you exist if there has been no outreach efforts.

MS. MEITTINIS: They know we exist to a certain point because it is out there that we do exist.

LEGISLATOR BYNOE: Where is it out there?

MS. MEITTINIS: We don't have that much hands-on on with. I don't know if it's corrections. But it's in the county's hands and it's out there.

Obviously some people have reached out who really, this was not the board for them to reach out to over time like, you know, can you deliver a package, can you deliver a letter, stuff like that.

LEGISLATOR BYNOE: So your talking audience it's the inmates, your target audience, the folks you're supposed to field complaints from and the like is -- would be the inmates.

So once they're incarcerated, some of these people have never had any issues with the law before. Now they're in the jail and now they're there, they're in desperate need of help. They need some assistance. How would they know you even exist?

MS. MEITTINIS: The only thing I know is there is a Board of Corrections, there are ways to get in touch with the jail. I'm sure they tell them about us. That's where it goes.

MS. MEITTINIS: There in lies the problem. So let me move on to what would be to me an obvious way of knowing that people need help. So Newsday has been publishing many articles over the years indicating that inmates are unfortunately dying in record numbers whether it be from suicides, or if negligence, based on health care provided by the current health care provider.

So, you're saying that didn't trigger anything for this body to engage?

MS. MEITTINIS: It didn't.

Full Legislature/2-27-17

LEGISLATOR BYNOE: But why wouldn't it?

MS. MEITTINIS: Obviously they don't think that -- they actually know we are basically we don't have any administrative powers and basically a sounding board, and that's not obviously what these people are looking for.

LEGISLATOR BYNOE: Let me ask the question again. I'm saying that your responsibility, this board's responsibility, is to field issues regarding health care or safety conditions, any kind, whether it's safety based on the facility or based on healthcare that exist at the jail.

MS. MEITTINIS: Anything.

LEGISLATOR BYNOE: Anything. Right. So you have stated that you have not had any contact with inmates who have done any outreach directly to your body.

MS. MEITTINIS: We did a compliant just recently.

LEGISLATOR BYNOE: So my question is, why didn't this body act without having

to be called just by way of the news media providing you circumstances, to which, to me, you should have automatically been engaged in? Why at that point did you not engage? I'm asking the appointees.

MR. PODLESAK: Legislator, by law, this body has been formulated to respond to complaints, and not to act on an independent basis as an investigative body.

The State of New York has such organizations in place to act as investigators.

The function of the Board of Visitors is to respond to complaints by inmates. And the inmates that are in question -- I should say inmates in pretrial detainees, all of which who have representatives in the form of legal counsel who can and do represent them as far as the other needs that they may have.

Let's not forget that there are other organizations within the jail that have the power to investigate incidents.

LEGISLATOR BYNOE: So it states

here that you have the right to investigate and review and take such other actions that are deemed to be necessary or proper with respect to inmates' complaints or grievances, right?

So you're going to say that the articles that were in the paper even -- there were articles in the paper where inmates or people that were in the jail were then released because the judge said they wouldn't allow them to continue to be detained because they weren't getting the medical attention that they needed. You're going to say that even those people's statements to the newspapers weren't grievances?

MS. MEITTINIS: They were not grievances to this board.

LEGISLATOR BYNOE: So you do no outreach at all?

MS. MEITTINIS: No. Do not.

LEGISLATOR BYNOE: So you do no outreach at all. No outreach to the jail.

MS. MEITTINIS: Do not. That's

not our --

LEGISLATOR BYNOE: Let me finish.

MS. MEITTINIS: That's not what our existence is about. Maybe the state board of corrections. I'm sure. That's their job.

LEGISLATOR BYNOE: I'm just trying to figure this out. There's no outreach at all to the inmate population while they're detained in the jail?

MS. MEITTINIS: No.

LEGISLATOR BYNOE: You do no preventive care in terms of hearing issues that are bubbling up into the media, so I'm actually confused at what is your primary function? I mean you said you met six times within a year. I would be interested to know what those discussions that this board is having when they meet. Who is responsible for the minutes? Who is the custodial of the --

MR. PODLESAK: Legislator Bynoe, I don't understand how this affects whether or not these individuals will be appointed

or reappointed to this board. These are other issues that are irrelevant.

LEGISLATOR BYNOE: It affects my decision making so I have the right to ask the questions.

MR. PODLESAK: How does that affect their qualifications to sit on this board?

LEGISLATOR BYNOE: I have the right to ask those questions.

MR. PODLESAK: Right. But not in the context of this hearing.

LEGISLATOR BYNOE: I'm going to continue with my questions. They just made a determination that someone couldn't participate on the previous board because he missed a couple of meetings. I think that if a body is actually convened and is in place for the purpose of providing safeguards to the inmates for the purpose of providing assistance to the sheriff to ensure safety and there's adequate care there and, if they're not able to do that, and they're not doing it because they are

not outreaching to their target audience, they're not taking any lead from the media by way of press, the issues are bubbling up into the media and they're not taking any steps to prevent issues, they're directly impacting care to the inmates, it affects my decision.

MR. PODLESAK: That has nothing to do with what their job is under the Charter. The job under the Charter is to respond to complaints, not to -- and to grievances, not to be a free wheeling investigatory body. Those already existed in the state and they existed in the county. What this board is supposed to do --

LEGISLATOR BYNOE: I'm not interested in hearing from him. I'm sorry. Respectfully, I am not.

CHAIRWOMAN GONSALVES: Siela, you may not be interested but we are.

LEGISLATOR BYNOE: We need to reappoint. I want to hear from them and their experiences directly. What he's saying is not going to impact, that's not

right.

CHAIRWOMAN GONSALVES: Get to it.

LEGISLATOR BYNOE: You invited him to the podium. I did not invite him to the podium. With all due respect, I did not invite him to the podium. No disrespect. Allow me to ask the questions, please.

CHAIRWOMAN GONSALVES: Go ahead.

LEGISLATOR BYNOE: The questions that I asked when I was interrupted was, who is the custodial of the minutes, who has the minutes for the meetings?

MS. MEITTINIS: It is by the jail. Captain Golio of the jail.

LEGISLATOR BYNOE: He takes the minutes?

MS. MEITTINIS: No. Well, we take the minutes together. Actually it was the chairperson, sometimes it's myself, the vice-chair. We give them to him for our file. But we don't have that many because we have not had any complaints. I hope I'm very clear with that until we got one on January 17th which we have made contact with

the person.

Our job is to advise and call the jail and ask them to take care of the situation and investigate. That is our purpose here.

If you read the County Charter that's all it asks for. We are not paid employees. We don't have any insurance for liability and such like that.

LEGISLATOR BYNOE: Well, that's something that should be in place.

MS. MEITTINIS: So, therefore, this is a community board and if you'd like, not for anything, you didn't ask me about myself. I'm an advocate for my community for over 40 years.

LEGISLATOR BYNOE: One second. I'm sorry. I've actually read your resume. I've read the resumes of everyone that was provided.

I'm just going to read, since we're talking about the Charter, I'm just going to read .6 of the Charter. In this particular section it says that your role is

also to advise the sheriff in developing programs for improving correctional center services and duties for coordinating the efforts of correctional center officials in respect to improving conditions.

So, could you tell me what some of those suggestions have been over the course of the last four years relative to inmate care, treatment, rehabilitation, recreation, training, and education?

I know that there is a member there, a school board, Mr. Campo, you, in particular, what kind of educational services have you recommended to the county sheriff?

MR. CAMPO: I'm the superintendent of the East Meadow School District. We are responsible for the education that's provided to inmates at the jail.

With those who are incarcerated, they an option to take advantage and pursue a GED. We find that our hope is that those who take advantages of that that it would

have some impact on recidivism and that they could actually be assimilated into the larger community as productive citizens. So that's one of my primary interests, to keep that program healthy, and it is a healthy program at this point. That is one of our important issues, but not as a committee. That is as a school district we have that as a mission.

LEGISLATOR BYNOE: But that's actually part of the mission of this board, by charter, that is part of it.

MR. CAMPO: By state law we are responsible for running that school program, and I say "we" not this committee, it would be at East Meadow School District.

LEGISLATOR BYNOE: So I'm asking as a member of that body, of the Board of Visitors, part of your role is actually supposed to be to encourage the development of programs.

My question is, and this goes across a couple of different disciplines, right? So we're talking about inmate care,

talking about treatment, talking about safety, rehabilitation, what has been some of the suggestions that have bubbled up out of this board and made it's way to the sheriff and has been implemented or if in fact they have not been implemented what have you suggested and I would like to see that documented as well?

MR. CAMPO: As a board, and forgetting about our role in the school district for education, but as a board, we have not been an investigatory body.

LEGISLATOR BYNOE: But that's what you're supposed to be doing according to the Charter.

MR. CAMPO: What I'm saying is, we have not functioned that way. The way we function, when complaints or grievances are received, we take that seriously and coming from those grievances we can make some recommendation to the proper authorities we do.

I must say, we have not received many complaints at all as the vice-chair has

said. We react when we receive a complaint. We don't solicit the incarcerated population seeking complaints.

We wait and once we receive them then it's our duty to listen and hear out those individuals with complaints and then, if it's appropriate action that we can take, we will make recommendations and we do.

But in the years that I have served on this board, I must say there's been, this last one that Ms. Meittinis mentioned is one that has come to our attention only recently.

So, despite of what you read in Newsday, those are not the complaints in which we pick up a newspaper and that's on the basis of treating that as a complaint. That's maybe how you would want this board to act but that's not how it --

LEGISLATOR BYNOE: The Charter requires that. The Charter says you should investigate complaints that come to you. I agree with you to the point that that's what they say is a mechanism for complaints

coming to you. That you're not supposed to be in the jail milling around looking for complaints to a degree, because you're supposed to have an office there and you're supposed to have access to the jail, according to what I've read as well, and walk around and see if you find things that are out of place, not necessarily engaging directly with inmates, but you should be walking around to determine if you find issues.

I have to tell you that I have walked that jail along with my colleague, Legislator Curran, at least three or four times and we have found issues ourselves. We found it and we didn't engage with any inmates, just walking the facility, we found issue.

But I need you to understand that part of this Charter, aside from it being the investigative body, it requires that you advise the sheriff in developing programs.

So even if you wanted to act as if you were in a bubble and you weren't

reading Newsday and that wasn't going to start an investigation for you as that body, I think that at the very minimum, reading these issues bubbling up in the press, you had a responsibility to try to develop programs and to improve the correctional facility's medical care and the security. To me, you failed to hit the mark there.

Let me ask Ms. Meittinis made a point earlier that I didn't ask about your background. So I'm going to ask a pointed question.

I want to ask specifically, and I believe it's you, Mr. Campo, and I'm not sure if it's Mr. Califano or not, but I know it's you and Mr. Campo that actually served on another advisory board relative to the jail.

Can you tell me what that body's mission was?

MS. MEITTINIS: That is the jail advisory that was put in place years and years ago when that jail was extended and there was quite a lot of community uproar

because let's face it, we're the only ones in the county that have a jail in their backyard.

The crime is not only on, well, brought by people that are in the jail but on people who come to visit the jail and there are many arrests made in that parking lot over the years. That's a big concern to our community. The safety our community. I live right there.

That's why of course we're concerned about the safety on the inside of the inside of the jail because it does leak on the outside of the jail and that's where we come into play.

LEGISLATOR BYNOE: I would actually have to argue that that's a double minded miss that occurs there. We took the very same people who I'm sure resent the fact that this jail is in their backyard and put them on a board and then ask them to provide protections or provide suggestions that would protect --

MR. BECKER: Legislator Bynoe,

that is totally unfair.

LEGISLATOR BYNOE: Well, you can't tell me it's unfair.

MR. BECKER: Legislator Bynoe, that is totally unfair. You're projecting thoughts and images and telling people how they think.

CHAIRWOMAN GONSALVES: Now you're imposing your own thoughts.

MR. BECKER: I don't think that's fair at all.

LEGISLATOR BYNOE: That's what I'm supposed to do.

CHAIRWOMAN GONSALVES: You're accusing them of having a double standard.

MR. BECKER: Legislator Bynoe, I would like to point out to you --

LEGISLATOR BYNOE: I'm telling you that I think there is an inherent conflict to put people on a board --

MR. BECKER: They're not the very same people. They're not.

LEGISLATOR BYNOE: Let me finish. Mr. Becker, I'm not addressing you.

I think it's an inherent conflict to put people on a board who are more interested in probably getting that jail out of their backyard as opposed to how the inmates are treated. I think it's an inherent conflict.

CHAIRWOMAN GONSALVES: I beg to differ. That's not the issue right now.

LEGISLATOR BYNOE: I yield the floor.

MS. MEITTINIS: Legislator Bynoe, how dare you put --

CHAIRWOMAN GONSALVES: Ms. Meittinis, don't answer. Do not answer.

MS. MEITTINIS: You should not put words in my mouth. I do not put them in yours.

LEGISLATOR BYNOE: I did not put words in your mouth. I made my own -- I came to my own conclusion based your background.

MS. MEITTINIS: One committee has nothing to do with the others.

LEGISLATOR BYNOE: I would have

to say your lack of actions with all of what's happened at that jail has summed up and really brought me to this conclusion. I'm done and I yield the floor. Thank you, Presiding Officer.

CHAIRWOMAN GONSALVES: Minority Leader, I'm saying you are not going to be denied and I'm saying that on the record.

LEGISLATOR ABRAHAMS: Thank you, Madam Presiding Officer. It was bought up in the question and answer period with Legislator Bynoe that I believe a correction officer or Lieutenant Golio keeps the minutes. Am I understanding that correctly?

MS. MEITTINIS: Actually he puts them in a file for us and there's not very many, Legislator Abrahams. There is not many at all. There is not that much to talk about.

LEGISLATOR ABRAHAMS: Who is the transcriber of the minutes? Who does the handwriting?

MS. MEITTINIS: We write them out and the chairperson also had a copy of all

these too.

LEGISLATOR ABRAHAMS: I understand.

MS. MEITTINIS: The chairperson writes them out, but he's not here anymore. This all just happened so --

LEGISLATOR ABRAHAMS: The chairperson is no longer there anymore? When did he leave?

MS. MEITTINIS: He just left.

LEGISLATOR ABRAHAMS: He left in January. So before he left he wrote all the minutes?

MS. MEITTINIS: He wrote the minutes.

LEGISLATOR ABRAHAMS: So when we contacted Mr. Golio to get a copy of the minutes, he never responded to us. Are you sure he's the keeper of the minutes?

MS. MEITTINIS: That's as far as I know. You know what, I don't know. At this point in time.

LEGISLATOR ABRAHAMS: Do you have a copy of the minutes?

MS. MEITTINIS: Not here, no.

LEGISLATOR ABRAHAMS: Do you one at home?

MS. MEITTINIS: No.

LEGISLATOR ABRAHAMS: Work? Anywhere?

MS. MEITTINIS: I have my own notes, yes, that I took, but there's not that much. That's what I'm trying to say to you. I can't make up something that's not there.

LEGISLATOR ABRAHAMS: I hear that there's not much and I guess that's part of the frustration that is going on back and forth.

Before I get into some more line of questioning. You are familiar with what is going on at the jail, you do read the papers?

MS. MEITTINIS: Of course.

LEGISLATOR ABRAHAMS: So you know there have been inmate deaths, contraband smuggled in, you know there are problems in the jail?

Full Legislature/2-27-17

MS. MEITTINIS: Yes.

CHAIRWOMAN GONSALVES: And I'm not asking whether or not you investigate that, I'm not asking that, but you do realize there's problems?

MS. MEITTINIS: Yes, I do.

LEGISLATOR ABRAHAMS: So you understand some of the frustrations and concerns that are being brought up here regarding the jail?

MS. MEITTINIS: Yes.

LEGISLATOR ABRAHAMS: Do you have an opinion on how the jail is run, do you think it's run well, poorly?

MS. MEITTINIS: This is not necessary for my job. My job is to read any grievances that come our way, that come to us directly, and then we would advise to the sheriff to take care of the situation, investigate, and then get back to us. That's it.

LEGISLATOR ABRAHAMS: Helen, let me ask you a different way. You live in the area, you're a taxpayer?

Full Legislature/2-27-17

MS. MEITTINIS: Yes.

LEGISLATOR ABRAHAMS: But you are also being considered for this board?

MS. MEITTINIS: Yes.

LEGISLATOR ABRAHAMS: As a taxpayer, do you believe that the jail is run poorly or run well?

MS. MEITTINIS: I can't give my opinion. My opinion doesn't apply here.

LEGISLATOR ABRAHAMS: I would love to hear, if not your opinion, I would love to hear from Mr. Califano, Mr. Campo, or whoever would like to share an opinion on it. You don't have to share an opinion, I'm just curious to hear or understand what you believe, but if you don't feel comfortable answering, that's fine too.

MS. MEITTINIS: Are we making something up of something that doesn't exist? There's no problems here.

LEGISLATOR ABRAHAMS: What do you mean by that?

MS. MEITTINIS: There are no problems with this committee. These are

upstanding citizens. We been given something to take on, but if it doesn't come our way, what are we supposed to do?

LEGISLATOR ABRAHAMS: I don't think that anyone is demeaning your character or the committee's character, but obviously we need every aspect of the jail whether it's the sheriff, the board of visitors, the correction, the union, everyone to function properly if we are going to bring the jail back up because we believe the jail is not being run well, and I think that's evidenced by what's going on in there which is a constant barrage of negativity that's going on.

But, in regards to one of the points of the Charter, in Section 2004, and I'm going to read the statement and then you can respond. "To advise the sheriff in developing programs for improving correctional center services and duties and for coordinating the efforts of the correctional center officials in respect to improving conditions of inmate care,

treatment, safety, rehabilitation, correction, training and education."

So if we were to dig up the minutes that Mr. Golio has, would we see any advisement to the sheriff for developing any of these programs?

MS. MEITTINIS: Yes.

LEGISLATOR ABRAHAMS: Can you give me examples?

MS. MEITTINIS: Our last letter that we got, the most recent, and the only that we got we sent on to the jail, yes, and we're waiting for an answer.

LEGISLATOR ABRAHAMS: Can you share the contents of the letter?

MS. MEITTINIS: Not at this time. I don't think that's a good idea to put that out in public. This person hasn't been given a chance -- the person who grieved has not been given a chance to address us.

LEGISLATOR ABRAHAMS: That sounds like -- I wasn't aware, but that sounds like a grievance.

What I just read in the Charter

has nothing to do with the grievance. I'll read it again. It's to advise the sheriff in the developing programs, everybody, for improving correctional center services and duties and coordinating the efforts of the correctional center officials in respect to the improvement conditions of inmate care, treatment, safety, rehabilitation, recreation, training, and education.

This sounds like to me more about advising the sheriff on programs that are more policy oriented.

MS. MEITTINIS: When you are given the problem, like this past problem. There is advice there. There was a problem put before us.

LEGISLATOR ABRAHAMS: Helen, do you want me to bring this down to you. I'm really trying to be fair. Nothing here identifies that you have to be presented with a problem. This is proactive.

MS. MEITTINIS: In other words -- how about the state Board of Corrections? That's what they do. They're on the

payroll.

LEGISLATOR ABRAHAMS: I understand, but you're also responsible for doing this. Maybe you are not aware of that, that you should be responsible for doing this and that may be part of the problem and maybe you're not aware of it, but you are responsible for doing this, and it doesn't sound like you've been doing it.

MS. MEITTINIS: I stand by my answer because that's what we have.

LEGISLATOR ABRAHAMS: That's what I'm saying. It sounds like to me that the Board of Visitors is run on a grievance based capacity which is great, that address a few points.

MS. MEITTINIS: Yes. And that's what we understand.

LEGISLATOR ABRAHAMS: But you're not fulfilling your full mission if you are not addressing all these points.

MS. MEITTINIS: That's your opinion.

LEGISLATOR ABRAHAMS: Helen, it's

not my opinion. It's right here in black and white. It's right here. You want to read it? It's not my opinion. I'm not making this up.

MS. MEITTINIS: I'm going to stand by my answer, Kevan.

LEGISLATOR ABRAHAMS: But this is fact. I want to make sure we're clear for the record. I'm not making something up. This is in the Charter. It's fact.

I do have a question for Mr. Califano. Mr. Califano, in reading your resume, it says that your experience is in County of Nassau from September 1983 to present.

MR. CALIFANO: Right.

LEGISLATOR ABRAHAMS: You're presently employed in which department in the county?

MR. CALIFANO: In the county I was in the budget office. I was manager of the budget analysis.

LEGISLATOR ABRAHAMS: You were?

MR. CALIFANO: I'm retired.

LEGISLATOR ABRAHAMS: You're retired. So this resume is flawed? Is this resume incorrect?

MR. CALIFANO: No. I'm retired. Right now I'm working part time in the jail in their budget area.

LEGISLATOR ABRAHAMS: So you are working --

MR. CALIFANO: Part time.

LEGISLATOR ABRAHAMS: Part time. So it says here you are the manager of budget analysis. So who do you report to?

MR. CALIFANO: The sheriff.

LEGISLATOR ABRAHAMS: It says you're manager of budget analysis --

MR. CALIFANO: That's how it was when I was a full-timer. As a full-time employee, I was the manager of the budget analysis department.

LEGISLATOR ABRAHAMS: Yes. But you know what, maybe you should reflect the resume a little bit differently. Because the way I read this, it reflects that you're doing all these things currently. It says

1983 to present and has all your duties underneath.

MR. CALIFANO: Okay. That was written a long time. Nobody has asked for a resume I'd say in the last ten years. So it's old.

LEGISLATOR ABRAHAMS: Okay. So it's an old resume. I got you. Let me ask you, then you're currently a civil service employee?

MR. CALIFANO: Yes.

LEGISLATOR ABRAHAMS: The question becomes, how would you demonstrate to this Legislative body that you have the ability to have independence to be critical of the administration, if I may finish, you have the ability to have the independence to be critical of the administration's management or the correctional center if you find such criticisms as Helen brought up earlier?

MR. CALIFANO: I'm known as an open speaker. I say what I think.

LEGISLATOR ABRAHAMS: Can you

demonstrate examples of when you did that?

MR. CALIFANO: In 1996, I was in the correctional center to try to control overtime. We wrote a report. We were asked to do a study. We did the study. We gave the study to the sheriff at that time, to the Legislature at that time, and that's where it stood.

LEGISLATOR ABRAHAMS: You did that in your capacity as --

MR. CALIFANO: A manager of budget analysis.

LEGISLATOR ABRAHAMS: No, no. I'm asking you in your capacity as the Board of Visitors.

MR. CALIFANO: No, no. This is when I worked at the county, I was a full time employee at the county.

LEGISLATOR ABRAHAMS: Mr. Califano, if I may, when I directed the question to you, I was directing the question to you in terms of your independence as well as you being critical of the administration, the folks that you

work for in your part time capacity, in your capacity as Board of Visitors.

So I'm asking you in your capacity as a Board of Visitor member, can you be critical of the administration --

MR. BECKER: Minority Leader Abrahams, I mean, you're asking -- this inquisition is getting a little bit ridiculous. These people are volunteers, simple citizens trying to do a job for the county, and you come and say give me an example of when you criticized the administration. That is stupid, please forgive me, but these are simple citizens and I really think you're being totally unfair to them.

What you are trying to do, and you're trying to make this political and you're trying to put full weight of the problems or not of what's happening at the jail.

I would suggest if there are some recommendations that you have and ideas for the board, I know that they would be more

than happy to listen if we're truly interested in making things better at the jail.

So I ask you to change your line of questioning. Don't forget that these are regular people who are trying to serve this county on a volunteer basis and I feel that your line the questioning, your inquisition of them is totally unfair.

Asking a question about their, give me a demonstration of your independence and when you criticized the administration, I mean, that's ridiculous, that's totally not fair.

LEGISLATOR ABRAHAMS: Thank you, Mr. Becker. If you can relinquish the podium now.

Mr. Califano, in regards to .6 -- and I'm sure Mr. Gaylor you would love to call for a vote -- you want to shut down public comment in the process? You want to shut down the question and answer? Which one is it?

LEGISLATOR SCHAEFER: It's not an

appropriate line of questioning.

LEGISLATOR ABRAHAMS: How is it not appropriate? Do you believe that the correctional center is run well?

CHAIRWOMAN GONSALVES: But that's not --

LEGISLATOR ABRAHAMS: No, no. Mrs. Schaefer, please put on your microphone.

LEGISLATOR SCHAEFER: That has nothing to do with appointing these people to the board. The item before us is appointing or not appointing them. And then we're ready to take a vote. They are not there to deal with all the issues at the jail. They have one task. That's what they're doing.

LEGISLATOR ABRAHAMS: Yes, you're right, but --

LEGISLATOR SCHAEFER: And they're handling the task that they're given. If you feel they're not then don't appoint them.

LEGISLATOR ABRAHAMS: Have you

had a chance to read the Charter?

LEGISLATOR SCHAEFER: Yes, I have read the Charter.

CHAIRWOMAN GONSALVES: And it's also subject to interpretation.

LEGISLATOR ABRAHAMS: So when the point comes up to advise the sheriff int eh development of programs, improving the correctional center services, what do you think that means? Do you think that means they do nothing or do you think they actually give ideas to the sheriff?

LEGISLATOR SCHAEFER: They said that that's what they were doing.

LEGISLATOR DUNNE: Was that the Charter when you were in control of the majority? No. Because you didn't think you needed a board. And now we have a board that's doing an incredible job and you're attacking their integrity. That's just preposterous. It's outrageous what you are doing to these people that are volunteering their time to take care of the jail. They are not the state. They are a local board.

This is nuts. I take offense.

LEGISLATOR ABRAHAMS: Your position is indefensible. I wouldn't want to be in your position either because you allowed the jail to run amuck --

CHAIRWOMAN GONSALVES: What? Who allowed the --

LEGISLATOR ABRAHAMS: You allowed the sheriff to stay in the capacity --

LEGISLATOR DUNNE: When you had the chance you didn't have a board. You said you were okay.

LEGISLATOR ABRAHAMS: -- to stay in the capacity where there have been six inmate deaths and contraband is being smuggled into the jail.

LEGISLATOR DUNNE: Wasn't when you were in charge. Now, all of a sudden, not that you're not in charge anymore --

LEGISLATOR ABRAHAMS: Dennis, it just happened last year. Where have you been?

LEGISLATOR DUNNE: It's been happening for years.

Full Legislature/2-27-17

LEGISLATOR ABRAHAMS: And while all of that happens, the Presiding Officer has chosen not to call one hearing. I wouldn't be happen too happy with your record either.

CHAIRWOMAN GONSALVES: Did you go? Have you visited?

LEGISLATOR ABRAHAMS: I have been to the jail plenty of times.

CHAIRWOMAN GONSALVES: When?

LEGISLATOR ABRAHAMS: Just last year.

CHAIRWOMAN GONSALVES: Well, I visited it on Friday.

LEGISLATOR DUNNE: Once or twice? How many times?

LEGISLATOR ABRAHAMS: I visited the jail plenty of times. Try dozens, Dennis. I've been here for 15 years. Give me a break, I go in with Reginald Benjamin and go see the inmates on Friday as much as possible, more than you do.

CHAIRWOMAN GONSALVES: I'm calling the question. Excuse me. I'm going

the question.

LEGISLATOR ABRAHAMS: I'm not done with the questions.

LEGISLATOR ABRAHAMS: I am. Every single question should be answered and asked.

CHAIRWOMAN GONSALVES: No.

LEGISLATOR ABRAHAMS: Okay, so we're just being --

CHAIRWOMAN GONSALVES: You're being repetitious.

LEGISLATOR SOLAGES: Point of order, I would like to speak.

CHAIRWOMAN GONSALVES: And you're being confrontational. And you also have to look at every word that's in this Charter. I apologize to Humberto Chavez. I really and truly apologize to you and I'm hoping that you're not sorry that you're going to be doing this. And, you know what? I think if you have anything to contribute today, I would be happy to hear from you. Other than, Helen, that's it. That goes for you, everybody else. I would like to hear from

Humberto because he is the new kid on the block.

MR. BECKER: Humberto just told me he quits.

CHAIRWOMAN GONSALVES: I don't think so. Humberto, what do you bring to this, to the Board of Visitors?

MR. CHAVEZ: Being the chair of New York Racing and dealing with a lot of folks and a lot of different issues, and, yes, not only in Belmont, Aqueduct and Saratoga, and dealing obviously as well with different city laws and all that, I can't thank you enough to take the challenge to be on this board. I think we could make things happen by the Charter.

I think if we move forward, we will see a brighter day for our inmates, for the facility itself, and hopefully we can work here together. Thank you.

CHAIRWOMAN GONSALVES: On that note, I'm going to call the question, let's go, all those in favor of appointing I believe Leon Campo, Helen Meittinis, Mike

Califano, Humberto Chavez, Mike Ferrandino, and, of course, Alphonso Albright, all those in favor signify by saying aye.

(Aye.)

Any opposed?

(Nay.)

Seven nays? You're voting nay? Remember that, Humberto.

LEGISLATOR ABRAHAMS: What does that mean? You guys are a comedy today.

LEGISLATOR DUNNE: Congratulations. Thank you for serving.

LEGISLATOR NICOLELLO: Somebody should be embarrassed and not Legislator MacKenzie.

CHAIRWOMAN GONSALVES: I got news for you. I'm sorry that you had to --

LEGISLATOR KOPEL: This place is being turned into a circus. Come on, everyone.

CHAIRWOMAN GONSALVES: We have a consent calendar and we are going to go through the consent calendar. I'm going to call the items and these were items that

were heard in committees. I believe they were voted on unanimously I believe.

I will call all the items and then I will ask for a motion and a second and then if there's any further discussion on these items there will be an opportunity to do so.

Beginning with Item 21, Ordinance 25; Item 22, Ordinance 26; Item 23, Ordinance 27; Item 24, Ordinance 28; Item 25, Ordinance 29; Item 26, Ordinance 30; Item 27, Ordinance 31; Item 28, Ordinance 32; Item 29, Ordinance 33; Item 30, Ordinance 34; Item 31, Resolution 21; Item 32, Resolution 22; Item 33, Resolution 23; Item 34, Resolution 24;

Resolution 62.

Motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR WALKER: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Walker.

Any questions or comments regarding these items?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of the items just called signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

The items pass unanimously.

Now, let's go back to the beginning of the calendar. It's the first one which is a hearing on proposed local law to amend the Administrative Code of Nassau County to require the analysis and approval

bridges do not receive additional damage during the rehabilitation work.

CHAIRWOMAN GONSALVES: Any questions of Ms. Boyle?

(No verbal response.)

Is there any public comment regarding this item?

Committee recessed at 3:58 p.m. and reconvened at 4:59 p.m.)

CHAIRWOMAN GONSALVES: Moving on with the calendar, beginning with Item 3, a resolution declaring a capital budget emergency pursuant to 310-D of the County Government Law of Nassau County.

LEGISLATOR ABRAHAMS: This is Item 3?

CHAIRWOMAN GONSALVES: Item 3 is a resolution declaring a capital budget emergency pursuant to 310-D of the County Government Law of Nassau County.

LEGISLATOR ABRAHAMS: We did not

do it. We're doing it now and we will make the amendments after? Okay.

CHAIRWOMAN GONSALVES: It's not the item. I have to call these before I call the emergency items. Got it?

Any questions regarding Item 3?

(No verbal response.)

Is there any public comment?

(No verbal response.)

Who would like to talk about Item 3? Mr. Becker, do we have anybody to talk about Item 3?

MR. PODLESAK: Item 3 is necessary in order to make an amendment to the capital budget. It has to be declared a capital budget emergency. It's pro forma. Required by the Charter. I think it was at the last section I mentioned that this is probably a poor choice of nomenclature as far as it being an emergency. It's just an additional step that has to be taken to amend the capital budget.

CHAIRWOMAN GONSALVES: Do you have any questions now?

Full Legislature/2-27-17

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of Item 3 signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

Unanimous. Item 4, Resolution 20, declaring a capital emergency pursuant to 310-D of the County Government Law of Nassau County. A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR SCHAEFER: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Schaefer. Is this the same scenario?

MR. PODLESAK: Yes, it is, they cover different items to be amended. That's why there's two of them.

CHAIRWOMAN GONSALVES: Any questions of Mr. Podlesak?

(No verbal response.)

Any public comment? Who has a

question? Legislator Curran.

LEGISLATOR CURRAN: I'm sorry. I'm not clear on what's happening. Can you say that again?

MR. PODLESAK: In order to add a new project to the capital budget, it's a two step process, you have to declare the capital budget emergency, and then you amend the capital budget. It's only for additional projects. Each one of these covers at least one additional project. The one that was voted on before and then this one also.

LEGISLATOR CURRAN: Thanks.

MR. PODLESAK: It's not really an emergency. It's just that's the nomenclature that was adopted in order to make a further change to the budget.

LEGISLATOR ABRAHAMS: Madam Presiding Officer, may I be recognized?

CHAIRWOMAN GONSALVES: Minority Leader.

LEGISLATOR ABRAHAMS: Gerry, if I understand this correctly, just to clarify

for the record, I know the answer, it requires 13 votes?

MR. PODLESAK: Actually I don't know that for a fact. All I know is what the reason is, it is 13.

LEGISLATOR ABRAHAMS: I am confused by the terminology of emergency.

MR. PODLESAK: It is 13.

LEGISLATOR ABRAHAMS: Oh, that's why.

MR. PODLESAK: It's 13 votes for the emergency and ten votes for the change to the budget.

CHAIRWOMAN GONSALVES: Any other comments or questions?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of Item 4 signify by saying aye.

(Aye.)

Any opposed?

A motion, please.

LEGISLATOR DUNNE: So moved.

LEGISLATOR WALKER: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Walker. The amendment in the nature of a substitution is adding a project for sheriff's vehicle replacement.

Any questions regarding the amendment?

Full Legislature/2-27-17

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of the amendment signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

Now I didn't hear anything over there.

LEGISLATOR ABRAHAMS: Unanimous.

CHAIRWOMAN GONSALVES: The item is Item 5 as amended, all those in favor signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

The item passes unanimously.

Now at this point I'm going to ask, we have nine items that require an emergency. That's Item 6, 7, 8, 9, 10, 11, 16, 17 and 18.

I need to establish an emergency

please. Motion, please.

LEGISLATOR GAYLOR: So moved.

LEGISLATOR RHOADS: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Gaylor, seconded by Legislator Rhoads.

All those in favor of establishing an emergency for the items I just called, signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

Now I will read into the record the items which would be Item 6, Ordinance 10. It's an capital expenditure authorizing $600,000 of bonds County of Nassau to finance said expenditure pursuant to the Local Finance Law of New York and the County Governmental Law of Nassau County;

Item 7, a bond ordinance authorizing $4,600,000 of bonds of the County of Nassau to finance said expenditures pursuant to the Local Finance Law of New York and the County Governmental

Law of Nassau County;

Item 8, Ordinance 12, a capital expenditure authorizing $1,200,000 of bonds of the County of Nassau to finance said expenditure pursuant to the Local Finance Law of New York and the County Governmental Law of Nassau County;

Item 9, Ordinance 13 is a capital expenditure to finance the capital projects identified herein authorizing $5,109,000 of bonds;

I got it. This is a capital expenditure authorizing $6,609,000 of bonds of the County of Nassau to finance said expenditure pursuant to the Local Finance Law of New York and the County Governmental Law of Nassau County;

Item 10, Ordinance 14, a capital expenditure authorizing $1,000,000 of bonds, and;

Item 11, a capital expenditure authorizing $1,000,000 of bonds of the County of Nassau County;

And Item 16, Ordinance 20, a

capital expenditure authorizing $3,000,000 of bonds County of Nassau to finance said expenditure pursuant to the Local Finance Law of New York and the County Governmental Law of Nassau County;

Item 17, Ordinance 21, a capital expenditure authorizing $1,000,000 of bonds County of Nassau;

And Item 18, Ordinance 22, a capital expenditure authorizing $1,000,000 of bonds County of Nassau.

Now these are all amendments that I just called. A motion, please, on these items.

LEGISLATOR DUNNE: So moved.

LEGISLATOR SCHAEFER: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Schaefer. Any questions regarding these items?

(No verbal response.)

Ladies and gentlemen, any questions on these items? I guess not.

LEGISLATOR ABRAHAMS: Yes. I

just want to re-emphasize for the record, I think Mr. Denion is here, just wanted to make sure and re-emphasize for the record that each of these items we are bonding for that the purpose can only be -- the proceeds of the bond can only be used for the purposes that have been identified for each of the bond items. So they cannot cross over to any other particular level of bonding. So if Mr. Denion can just re-emphasize that for the record.

MR. DENION: Conal Denion, County Attorney's Office. That's correct. The ordinances that were filed today, the amendments, if that's the form we're talking about that was discussed with counsel, that's correct.

CHAIRWOMAN GONSALVES: Satisfied? Legislator Nicolello.

LEGISLATOR NICOLELLO: Mr. Denion, just a couple of quick questions. Is that arrangement acceptable to NIFA? NIFA will approve the change?

MR. DENION: My understanding is

NIFA takes the position that it would prefer it the other way, but it's not going to prevent us from going in this direction.

LEGISLATOR NICOLELLO: Is that the same position they're had throughout? My understanding from our staff earlier on was that they would not approve this.

MR. DENION: I don't want to characterize their position. I know that we had changed the way we did it in response to NIFA's -- discussions with NIFA on that, and that was about two years ago.

LEGISLATOR NICOLELLO: All right. That's it. Thank you.

CHAIRWOMAN GONSALVES: Minority Leader.

LEGISLATOR ABRAHAMS: Just for a point of clarity. Conal, is this the way we did it before with the Nassau County Community College? Wasn't it done in this similar format with this language?

MR. DENION: Was it project specific, yes.

LEGISLATOR ABRAHAMS: Did the

NIFA board reject that?

MR. DENION: I don't know what you mean by rejected but when we went to borrow --

LEGISLATOR ABRAHAMS: Yes, they allowed it?

MR. DENION: They didn't do that, no, but they don't review bond ordinances, per se, they only approve borrowing.

LEGISLATOR ABRAHAMS: But they allowed us to borrow is what I'm trying to say?

MR. DENION: I would have to check and see if we've actually borrowed yet, but I don't believe that they would or did hold us up over it.

LEGISLATOR ABRAHAMS: I just wanted to make sure.

CHAIRWOMAN GONSALVES: Any other comments or questions? Legislator Birnbaum.

LEGISLATOR BIRNBAUM: Just a quick question on Item 54-17, village police. Of course we are supporting all the initiatives for public safety but I'm just

curious about the village police 911 system. How that one got amended, the amount that was amended?

ACTING COMMISSIONER KRUMPTER: Yes, the amount that was amended with that, so what happens is, the bunker has a number of environmental issues. We have determined we are not putting any equipment or personnel in the bunker going forward.

The bunker for those that don't know is across the street, about 30 feet underground, has significant number of environmental conditions down there.

It doesn't really have a server or equipment room with cooling or the proper sprinkler system, a Haylon Sprinkler System.

So when we put critical equipment into these locations, and it's not just this 911 system that will be servers, it's also our records management system, our computer aided dispatch system, et cetera.

So what we were going to do is use the county's server farm out in Bethpage but when we started to do an assessment on

that, we discovered there was a significant number of environmental issues related that it would be inappropriate to put our critical infrastructure of public safety in there.

So the additional amount allows us to mitigate those issues either in one or two ways. The ideal situation is, if we can do it in a cost feasible way, we will move that into the Morelli Center which has 24 hour policing protection and that will provide security for the critical infrastructure consistent with law.

The alternative if we can't will be put it into the current system and update and upgrade that facility.

So the original item was, we were going to put it there and it was going to be no cost. The reason we don't want to put it in the bunker is because there's leaks in the bunker and it would literally, after discussions with Sheila Shah, the Commissioner of DPW, it would literally be millions of dollars to mitigate those

environmental issues. That's just one environmental issue. So that is the reason for the amendment as we are digging into this.

CHAIRWOMAN GONSALVES: Any other questions or comments?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of Items 6, 7, 8, 9, 10, 11, 16, 17, 18 signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

The items pass unanimously.

I believe there's only one more emergency and that's the end of today's calendar.

The emergency has been sent down to us. I need a motion to establish an emergency for Item 117-17, an ordinance providing for a capital expenditure to finance the capital projects identified

herein within the County of Nassau and authorizing $600,000 of bonds of the County of Nassau to finance such expenditure pursuant to the Local Finance Law of New York and the County Government Law of Nassau County.

Motion to establish the emergency, please.

LEGISLATOR WALKER: So moved.

LEGISLATOR MACKENZIE: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Walker, seconded by Legislator MacKenzie. All those in favor of establishing the emergency signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

Now for the item. Clerk item 117-17, as I just read, a capital expenditure authorizing $600,000 of bonds of the County of Nassau. A motion for the item to put it on the floor.

LEGISLATOR DUNNE: So moved.

Full Legislature/2-27-17

LEGISLATOR NICOLELLO: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Nicolello. Any comments or questions regarding this item? Who is here to speak on this Item 117.

MR. ARNOLD: Ken Arnold, Public Works. Item 117-17 is a bond ordinance for $600,000 to address the emergency at the correctional facility. The current water main infrastructure has failed three times in the last 18 months.

The department is looking for capital funding to replace the water main and also add second feet to the facility to help with redundancy so if the water main does fail in the future, most of the facility will be still under water service and fire protection service.

The department is currently looking to put forth an emergency contract to address this work in the near future.

CHAIRWOMAN GONSALVES: Any questions of Mr. Arnold? Any comments or

public comment? Legislator Curran.

LEGISLATOR CURRAN: So I have been hearing about water main breaks in the jail. I guess this is what this is addressing?

MR. ARNOLD: That's correct.

LEGISLATOR CURRAN: Thanks.

LEGISLATOR NICOLELLO: Real quickly. Is there currently water service to the jail? Do they have high fire suppression service, et cetera?

MR. ARNOLD: Yes, the systems are all up and running, but with the brakes, we go down for quite a bit of time during the repairs and it makes it quite difficult.

LEGISLATOR NICOLELLO: Thank you.

CHAIRWOMAN GONSALVES: Any other comments or questions?

(No verbal response.)

Is there any public comment?

(No verbal response.)

There being none, all those in favor of Item 117-17 signify by saying aye.

(Aye.)

Full Legislature/2-27-17

Any opposed?

(No verbal response.)

The item passes unanimously. Now a motion to adjourn.

LEGISLATOR DUNNE: So moved.

LEGISLATOR FORD: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Ford. All those in favor of adjourning signify by saying aye.

(Aye.)

Any opposed?

(No verbal response.)

We are adjourned.
