### III. X This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on 02/06/13. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on 07/16/12. Seven (7) proposals were received and evaluated. The two (2) highest-ranking proposals were accepted based on pre-established criteria. A copy of the most recent evaluation of the contractor's performance is attached. The contractor has received a satisfactory evaluation.

# IV. Dursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- **B.** The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

# V. Dursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- **B.** The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no.\_\_\_\_\_\_, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- **D.** Pursuant to General Municipal Law Section 119-0, the department is purchasing the services required through an inter-municipal agreement.

This is a human services contract with a not-for-profit agency for which a VI. competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII.  $\square$ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

### In addition, if this is a contract with an individual or with an entity that has only one or two employees:

a review of the criteria set forth by the Internal Revenue Service, Revenue Ruling No. 87-41, 1987-1 C.B. 236, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

### III. X This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on <u>02/06/13</u>. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on 07/16/12. Seven (7) proposals were received and evaluated. The two (2) highest-ranking proposals were accepted based on pre-established criteria. A copy of the most recent evaluation of the contractor's performance is attached. The contractor has received a satisfactory evaluation.

# IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- **B.** The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

# V. Dursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- **B**. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no.\_\_\_\_\_\_, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

This is a human services contract with a not-for-profit agency for which a VI. | | competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

This is a public works contract for the provision of architectural, VII.  $\square$ engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

## In addition, if this is a contract with an individual or with an entity that has only one or two employees:

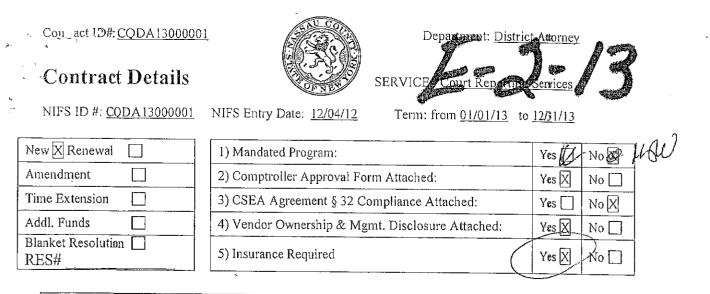

a review of the criteria set forth by the Internal Revenue Service, Revenue Ruling No. 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

(b) <u>Time Limitation</u>. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (<u>A</u>) final payment under or the termination of this Agreement, and (<u>B</u>) the accrual of the cause of action, and (<u>ii</u>) the time specified in any other provision of this Agreement.

15. <u>Work Performance Liability</u>. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance with this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. <u>Consent to Jurisdiction and Venue; Governing Law</u>. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and <u>forum non</u> <u>conveniens</u>. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

18. <u>All Legal Provisions Deemed Included; Severability; Supremacy</u>. (a) Every prevision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. 1

III. X This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on <u>02/06/13</u>. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on 07/16/12. Seven (7) proposals were received and evaluated. The two (2) highest-ranking proposals were accepted based on pre-established criteria. A copy of the most recent evaluation of the contractor's performance is attached. The contractor has received a satisfactory evaluation.

IV. D Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:

**B.** The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

# V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- **B.** The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no.\_\_\_\_\_\_, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

This is a human services contract with a not-for-profit agency for which a VI. competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

This is a public works contract for the provision of architectural, VII. 🗌 engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

### In addition, if this is a contract with an individual or with an entity that has only one or two employees:

a review of the criteria set forth by the Internal Revenue Service, Revenue Ruling No. 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after the ACISS Sytems, Inc., software was purchased under the Operation Impact III grant awarded to the Nassau County District Attorney's Office from the New York State Division of Criminal Justice Services. - B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

# V. $\Box$ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. 
This is a public works contract for the provision of architectural, engineering or surveying services. The Contractor shall comply with all federal, State and local statutory and constitutional anti discrimination provisions. In addition, Local Law No. 14:2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14:2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any

additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contrador to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(I) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14 2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receip of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive

Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

[list members]. The proposals were scored and ranked. As a result of the scoring and ranking (attached), the highest-ranking proposer was selected.

## III. X This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on 02/06/13. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a request for proposals was issued on 07/16/12. Seven (7) proposals were evaluated and the highest ranking proposer was selected. A copy of the most recent evaluation of the contractor's performance is attached.

# IV. $\Box$ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- $\Box$  A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- □ B. The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

## V. $\Box$ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- $\Box$  A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- □ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- □ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no.\_\_\_\_\_\_, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- D. Pursuant to General Municipal Law Section 119-0, the department is purchasing the services required through an inter-municipal agreement.

VI.  $\Box$  This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII.  $\Box$  This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. X Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX.  $\Box$  Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

X. X Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:  $\Box$  a review of the criteria set forth by the Internal Revenue Service, Revenue Ruling No. 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

III.X This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on 02/06/13. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on 07/16/12. Seven (7) proposals were received and evaluated. The two (2) highest-ranking proposals were accepted based on pre-established criteria. A copy of the most recent evaluation of the contractor's performance is attached. The contractor has received a satisfactory evaluation.

IV. Dursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:

**B.** The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V.  $\square$  Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a coun order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no.\_\_\_\_\_\_, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-0, the department is purchasing the services required through an inter-municipal agreement.

This is a human services contract with a not-for-profit agency for which a VI. competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

This is a public works contract for the provision of architectural, VII. The attached memorandum provides details of the engineering or surveying services. department's compliance with Board of Supervisors' Resolution No.928 of 1993, induding its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

a review of the criteria set forth by the Internal Revenue Service, Revenue Ruling No. 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

# CONTRACTOR ADDRESS: 200 Old Country Rd., Suite 500, Mineola, NY 11501

## FEDERAL TAX ID #: <u>11-29</u>75988

<u>Instructions</u>: Please check the appropriate box (" $\square$ ") after one of the following roman numerals, and provide all the requested information.

I. □ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. ## II. $\Box$ The contractor was selected pursuant to a Request for Proposals.

[list members]. The proposals were scored and ranked. As a result of the scoring and ranking (attached), the highest-ranking proposer was selected.

# III. X This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on <u>02/06/13</u>. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). <u>The original contract was entered into after a request for proposals was issued on</u> <u>07/16/12</u>. Seven (7) proposals were evaluated and the highest ranking proposer was selected. A copy of the most recent evaluation of the contractor's performance is attached.

IV.  $\Box$  Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- $\square$  A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- $\square$  B. The attached memorandum contains a detailed explanation as to the reason(s)why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

# V. $\Box$ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- □ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- □ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- □ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no.\_\_\_\_\_\_, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-0, the department is purchasing the services required through an inter-municipal agreement.

VI.  $\Box$  This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII.  $\Box$  This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. X Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

**IX** Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

X. X Vendor will not require any sub-contractors.

Date: March 13, 2017

From: Director, Center for Verification and Evaluation

To: Stakeholders

Subject: VA 1-Year Verification Extension

The Department of Veterans Affairs (VA), Office of Small and Disadvantaged Business Utilization (OSDBU) remains dedicated to employing a verification process that effectively responds to the concerns raised by the Veteran business community. On February 21, 2017, the VA published in the Federal Register a change to 38 CFR Part 74, extending the eligibility period for firms verified in the Veterans First Contracting Program from two (2) to three (3) years. The purpose of this change is to reduce the administrative burden on VOSBs/SDVOSBs regarding participation in VA acquisition set asides. The rule change extending the eligibility period will take effect on March 21, 2017.

- 1. All firms that are currently verified as of March 21, 2017 will be automatically granted an additional one (1) year of eligibility. This eligibility extension will be reflected in the Vendor Information Pages (VIP). Updated verification approval letters will not be sent.
- 2. For verified firms that have submitted reverification applications on or before March 21, 2017, and:
  - a. If your application has not yet been assigned to a Case Analyst, your reverification application will be administratively removed from further processing. Your current eligibility verification period will be extended one (1) year as outlined above, and you will be eligible to apply for reverification when you are within 120 days of the expiration of your new eligibility period, or
  - b. If your application has been assigned to a Case Analyst,
    - i. CVE will continue processing your reverification application and your current eligibility period will be extended for one (1) year so that your eligibility will not lapse during the processing of the reverification application. If your reverification application is approved, you will be granted a new three (3) year eligibility period, or
    - II. If you do not wish to continue with the reverification process, you may withdraw your reverification application and your verification eligibility period will be extended one (1) year as outlined above. You may reapply when you are within 120 days of the expiration of your new eligibility period.
- 3. For previously-verified firms that have an open reverification application in process but expired prior to March 21, 2017:

#### A decade after closure. school is reborn

#### **BY SOPHIA CHANG** sophia.chanzidnewsday.com

More than 100 years after it first opened, Hempstead's Prospect School has been reborn.

As hundreds of kindergart-ners worked on their lessons inside, officials on the front step cut a big blue ribbon yesterday. reopening the building that had been shuttered for 10 years. The ceremony in the school's parking lot drew elect-

ed officials and community members to celebrate the return of the school built in 1906 and transformed by a 16-month \$18.1 million renovation.

"It is a bright, beautiful day in the Hempstead Union Free School District," Superinten-dent Susan Johnson told a crowd of hundreds of resi-dents, elected officials and educators gathered in front of the school on Peninsula Boulevard.

One parent was delighted with the school's new facilities. "The school is beautiful. I

couldn't believe what they did,' Stephanie Mills said in a phone interview. "I like the way they did the classrooms and when you walk into the hallways, it's so bright and nice."

She said her son Christian, 5, had a great first day.

Johnson said an estimated 598 students have enrolled at the school, which will serve as a districtwide kindergarten. The Prospect School was closed in 2003 because of struc-

tural issues. For a decade, students were housed in temporary trailer classrooms. Renovations, which began in 2012, were delayed for months be-

and superstorm Sandy damage. Now, the school has more than 30 learning spaces, a library and wireless Internet access. Renovations were financed primarily with state grants after a 2011 bond vote, with the district paying \$500,000.

The school's sunny cafeteria is painted bright blue and hallways are color-coded, including a section of lemon yellow. "Don't run!" Principal Carol Fason said as she directed a line of fidgeting children after they ate lunches of turkey and ham sandwiches with fruit and milk. brary structure, originally constructed in 1962 and expanded in 1986.

Library director, **Tom Bazzicalupo**, said, "The North Bellmore library serves a community of over 20,000 residents. The current building does not fulfill the community needs and lacks crucial facilities such as a children's activity room, a young adult room, and sufficient meeting rooms. We look forward to the upgrades, which will serve our community for decades to come.

"The \$8.9 million expansion and renovation will provide the North Bellmore residents with sufficient space for public meetings and youth programs, update the library's technological infrastructure, and improve the building's energy efficiency," said Elite's Reed. "The renovated structure will feature numerous sustainable and energy efficient systems and materials, such as photovoltaic solar panels, energy-saving lighting fixtures, high performance window glazing, window sunscreens, high-efficiency HVAC units, and high recycled content materials."

To Whom It May Concern

It is with much pleasure and ease that I write this letter of recommendation for Elite Construction. We have been working with Elite Construction for the past year and a half. The firm is serving as the construction manager for our \$8.9 million expansion/renovation project—a 4000 square foot addition and a total gut renovation of our existing building.

Elite Construction is a very important and integral part of our project team. They work well with our architect, the Library's Board of Trustees, the staff and I. In addition, the firm also had to work very closely with our local Board of Education during the preliminary stages of the project and they have always handled each situation professionally. Their personnel are able to make complicated information into terms that laymen can understand.

Elite Construction is very knowledgeable on the proper channels of the monotonous amount forms and paperwork needed for New York State for any construction project. The firm conducts monthly owners' meetings to bring all individuals involved up-to-date with where the project is at that time. They are very dependable and are very punctual in addressing any concerns you may have and in replying to any e-mail messages or phone calls.

In closing, I can enthusiastically recommend Elite Construction for any type of construction project! Please feel free to contact me if you need any further information.

Sincerely,

Thomas Bongalapo

To Whom it May Concern,

It is my great pleasure to wholeheartedly recommend Elite Construction of NY for general contracting services. On behalf of New York University's, Tisch School of the Arts, I recently awarded a rest room renovation project to Elite and I was completely satisfied with their performancel. I was further impressed by their attention to detail, adherence to the schedule and budget and their good communication throughout!

Elite CEO, Michael Reed, was very responsible and proactive throughout the entire renovation. The super he assigned to the project was also very responsible and professional and took care of any needs that stakeholders on the floor had, including the facilities staff here at the school. Michael's close supervision and eye for detail was appreciated as was his very kind, professional demeanor.

I would not hesitate to use Elite again in the future and in fact I look I forward to working with them again soon. If I can provide any further information regarding my experience, please feel free to contact me.

Dear Mr. Reed,

On behalf of Battery Park City Authority, it gives me great pleasure to recommend Elite Construction of New York as the builder for your project.

Throughout our \$3.5 million Battery Park City Parks Conservancy-Mechanical Systems Modification Project. Elite Construction of New York has exemplified outstanding professional service and leadership.

Our project required the abandonment of two geothermal wells, upgrades to the boiler unit and installation of a new chiller unit to support the facility, as well as improvements to the building's ventilation systems. Elite Construction of New York has continuously used its experience to fulfill the requirements of our project with distinction.

It is also important to note that the company's on-site manager, Jayson Hill, is a hard-working, punctual and proactive person, who hever hesitates to ensure that our construction needs are properly addressed. We believe that his excellent work with our Conservancy-Mechanical Systems Modification Project is a reflection of the work ethic of all Elite Construction personnel.

Elite Construction of New York also maintains consistent communication with the building's owner and tenants, which has assisted in the project's ongoing success. RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

Elite Construction of NY was retained by the Roosevelt Fire District to manage our Emergency Generator at Station No. 3 project. Once onboard, they immediately established a plan on how the work was to be implemented from design development to project closeout. Their dedication to customer satisfaction has enabled me to comfortably write this recommendation letter.

With the use of their project controls, Elite Construction managed the generator project and kept the district informed every step of the way. Every action was taken to ensure that this project was a success for all parties involved. Our favorable experience continues the positive reputation that the company has developed in the community with their work associated with the Roosevelt Public Library and the Roosevelt High School projects.

I would invite you to give me a call to discuss our experience with Elite Construction of NY. Their 'attention to detail' enabled for the project to be completed flawlessly and we were always informed as a client. We look forward to another opportunity when we can utilize their services.

RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

It gives me great pleasure to recommend Elite Construction of New York for your project. Elite Construction of New York provides exceptional services and I truly believe that this firm would be an excellent company to help bring your plans to fruition.

As the president of the Hempstead Board Education, I worked alongside Elite Construction of New York from 2011-2013 to complete the Hempstead School District's \$18.1 million Prospect School Bond Project. From day one, this company utilized its expertise and worked tirelessly to complete this important project for our students. Under Elite Construction of New York's outstanding leadership, innovation and due diligence, our district successfully renovated, restored and reopened this landmark school building as a state-of-the-art kindergarten center. The project, which was a major undertaking for our school district, marked the first time in more than 30 years that a Hempstead School District construction project was completed on time.

In addition, both Michael Reed and Eze Small are exemplary professionals. They are knowledgeable, punctual, resourceful and hardworking individuals, who serve all of their clients with distinction. Throughout the Prospect School Bond Project, Michael and Eze maintained excellent and consistent communication with the district, which included providing the Hempstead Board of Education with monthly reports.

Our district is very pleased with Elite Construction of New York's performance and we look forward to working with the firm in the future. There is no doubt that this company will work diligently each day to meet your needs and expectations as well. Arrangements can be made for a visit of the Prospect site if desired. RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

I am pleased to write this letter of recommendation on behalf of Elite Construction of NY. Elite Construction of NY was chosen by the Roosevelt Union Free School District (UFSD) to conclude the last in a series of five (5) school construction improvement projects, the complete renovation of our High School. Elite Construction of NY was particularly chosen over other construction managers to facilitate the renovation of our High School based upon their proven track record of performance and success as well as for their client satisfaction.

In 2002, the Roosevelt UFSD embarked upon several school construction initiatives to revitalize all of our schools in order for them to reflect true 21<sup>st</sup> century learning environments for our students and staff. After successfully building four brand new schools, the last remaining and most challenging project was the complete renovation of Roosevelt High School, the flagship school of the District. Although our available resources would not allow us to build a brand new Roosevelt High School, the District still desired that the newly renovated school would reflect the grandeur, beauty and splendor of our recently built elementary schools and middle school. In order to accomplish this feat, the District searched for a construction management company that would maximize our remaining school construction resources and also meet an aggressive timeline to completely renovate the High School in accordance with our high expectations.

To this end, Elite Construction of NY which brings over thirty five years worth of successful construction projects was chosen by Roosevelt UFSD to lead the reconstruction of our entire High School campus (school facility and sports complex). This monumental project included the complete renovation of our existing 196,000 square foot High School, the addition of 36,000 square feet of new construction to include a state-of-the-art Library Media Center, new gymnasium complex, and an inviting cafeteria and kitchen accommodations. Also, included as part of the \$66.9 million bond program was the complete overhaul of the Sports Complex shared with our Middle School which now provides an 8 lane all-weather track, sports lighting, bleacher expansion, tennis courts and reconstructed athletic fields.

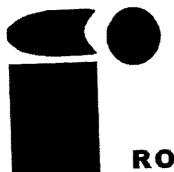

During our recent public tours of the facility, the Roosevelt school community members were extremely impressed with the amount of work accomplished during the limited time period in which the High School was vacated. Our students and teachers are greatly anticipating the commencement of classes in the fall of 2013 in the now 'jewel' of our construction bond program. With a combination of traditional science rooms and implementation of Fusion Science Labs, the science instructional program will now be enhanced with the usage of 21<sup>st</sup> century resources. Elite's construction personnel worked tirelessly on this project to ensure that it was delivered to the District on budget and with superior quality. Without the exceptional oversight from Elite's staff, our project would not have been the success hailed by the Roosevelt school community.

Superintendent of Schools Robert-Wayne Harris Among the many qualities which distinguish Elite Construction of NY from other construction management companies is their dedication and commitment to the successful completion of the project. Since our High School project involved an extensive renovation, it required a persistent attitude to keep the project moving while issues were being resolved. This fortitude, which may come from Chief Executive Officer Michael Reed's military background, allowed for our project to be accomplished in a minimal amount of time due to diligent efforts to keep the contractors focused on the goal of project completion. Another key to Elite's success on the Roosevelt High School Renovation Project were the monthly *Owner and Manager Project Meetings* with the District, Elite and the architect throughout the course of the project. During these meetings, Elite kept us informed and we were able to make key decisions about the project budget, change order log(s), construction operations, and the adherence to the time schedule. Without the meticulous attention to detail provided by Elite Construction of NY, our High School project may not have been as successful which would have reflected poorly on the students, staff and families of the Roosevelt school community.

Please feel free to contact me in order to discuss the bond project further and/or to tour our newly renovated High School facility and campus. I am confident that you will be as highly impressed as we were with the selection of Elite Construction of NY as construction managers.

Sincerely. Robert-Wayne Marcis

To Whom It May Concern,

This letter is to serve as an endorsement of Eze O. Small for any construction management/Owners Representative opportunities based on our experience at the Roosevelt Public Library Project. Eze was the Project Manager on our Library construction project which consisted of a new 19,600 square foot Performance Arts Center and an extensive renovation to our existing 10,000 square foot facility. Our new facility has been the showcase of the community and the library world.

Eze was the person in charge of all the day to day activities directed to completing the project. He performed the implementation of construction means and methods and he also handled the financial payments, budgeting, scheduling and coordination. His will and determination to see the project through was something to be admires. His ability to see potential issues and avoid them was uncanny, his direction and ability to have the contractors buy into his vision of the project was amazing. On this project it seemed that all parties involved were personally committed to the project. Not only was his dedication to the project evident in the way he attacked the daily activities and obstacles, but he always kept the Board updated with the progress of the project and thoroughly explained the various reasons for his informed recommendations. Eze represented and defended the interest of the project at all times. It was truly refreshing to work with this individual on a daily basis. On behalf of the board, it was a blessing to establish this relationship which has guided us along this journey for this construction project.

As previously stated, Eze O. Small has been a true professional throughout this project. The relationship that he has established with the Board and library staff is one that we will all cherish for many years to come. No obstacle will stop him from achieving the desired results on a project. Regardless of the circumstances, Eze will find a way to accomplish the task at hand. He has the ability to take the challenges that arise on a project and make them a strength, as he gains momentum on the project. I highly recommend having Eze manage, direct any construction project. I look forward to the possibility of working with Eze in the future; his presence in our project was

priceless. Sincerely, Francis S. Abel, Jr. President, Board of Trustees **Roosevelt Public Library**

RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

After an extensive search, Elite Construction of NY was chosen by Malverne UFSD to lead the district in the construction of its Proposition 2 Bond Program. This is the district's first bond program in over thirty years and we wanted to ensure its success. Elite Construction of NY brings over thirty years worth of successful construction projects with a track record of proven performance and client satisfaction. Without hesitation, it was a clear cut decision to hire Elite Construction to manage our \$4.1 million Physical Education and Athletic Facilities Project.

From the initial biring of Elite Construction, they immediately dissected the project which was under construction. Eze Small, without delay, gained control of the construction project and reviewed the construction schedule, submittals and project finances. By instituting their proven control system, Elite was able to establish and show the critical path to our project completion. This ability to analyze the project comes from Eze Small's and Mike Reed's many years of experience in the business. Our district truly benefitted by working with Elite Construction on our Proposition 2 Bond Program.

I would invite you to give me a call to discuss further and to tour our athletic facilities. I am sure that you will be highly pleased with your selection of Elite Construction of NY as we were in our bond project. Again, if you have any questions, please do not hesitate to call me at 516-887-6407.

Sincerely

#### INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To The Board of Directors KS Engineers, P.C. Newark, NJ 07102

We have reviewed the accompanying financial statements of KS Engineers, P.C., which comprise the balance sheet as of December 31, 2015, and the related statements of operations and retained earnings and cash flow for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

#### Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

#### Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Respectfully submitted,

BILLET, FEIT & PREIS, P.C.

The provision for taxes is based primarily on New York City Corporation Taxes due (reported on the cash basis) plus the change in deferred tax liability.

The Company files income tax returns in the U.S. in several states and cities. With the exception of New Jersey which may audit the last four years, the Company is no longer subject to U.S, federal, state or local tax examinations by taxing authorities for years before 2011. ### Appendix "EE"

# Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional antidiscrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request,

submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(I) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding

The Nassau County Department of Public Works (NCDPW) intends to procure "On-Call" CM Services for our Building Construction Group. The services typically provided under an "On-Call" CM Services Agreement include furnishing Resident Engineers, Inspectors, Schedulers, Cost Estimators, field survey parties, evaluation of contractor claims, pre-bid constructability reviews, and construction related engineering services. These services will be needed to supplement our current staff of engineers and construction inspectors in the construction management efforts required for the various building construction projects currently in construction or anticipated to commence in 2017/2018.

The County received Seventeen (17) responses to the Request for Proposals (RFP), fifteen (15) of the proposals were eligible for review.

The technical proposals were evaluated by professional staff within the Department: Richard P. Millet, Chief Deputy Commissioner, Rakhal Maitra, P.E., Deputy Commissioner, Robert LaBaw, Architect III, John O'Dougherty, Building Inspector III and Joseph Amerigo, Civil Engineer II. The results of the Technical Evaluation including Cost Proposals are indicated in the table below.

Office of the County Executive Att: Richard R. Walker, Chief Deputy County Executive April 14, 2017 Page 2 SUBJECT: "On-Call" Construction Management Services: Building Construction Group RFP No. PW-B95102-02C Recommendation of Award

In our professional judgment, the top ten (10) firms, having received a higher technical rating present the best value to the County. Furthermore, it is the Department's recommendation that each of the top ten (10) firms be retained to provide On-Call Building CM Services.

It should be noted that no specific scope of services was requested with this RFP since the services are of an "on-call" nature. A cost proposal was submitted separately in a sealed envelope as requested in the RFP. The firms selected to provide these CM services will be compensated on either a lump sum basis or the actual salaries paid to the technical personnel engaged in performing the services times a multiplier. Funding for these professional services will be available on a project specific capital improvement basis.

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "Inellgible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

### Instructions for Certification

1. By signing and submitting this proposal, the prospective lower fier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
