Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is

The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

If the bidder finds any inconsistency, ambiguity, omission or error in the specifications, drawings, instructions or any other Contract document, or if the bidder is in doubt as to the meaning of any term or condition of the Contract, the bidder must promptly so notify the **Office of Purchasing** in writing prior to the bid opening. Re: Low Vendor Response
Staff Summary A-45-2022- United Ag & Turf

The Nassau County Purchasing Office addresses low vendor response for contracts valued at \$100,000.00 and greater in the following manner:

- All contracts valued at \$100,000.00 and greater must be bid for no less than three weeks.
- The contracts are advertised on the Nassau County Bid Board, New York Newsday and NYS Contract Reporter.
- If it is determined by the Buyer that it is likely there will be zero or only one vendor response on the first bid opening date the bid opening will be postponed for two weeks after receiving supervisory approval. The Buyer will review the Call Log and reach out to vendors that viewed the solicitation in WebProcure to ascertain their intention to bid or not. The Buyer will also make a subsequent call or e-mail to the sponsoring County agency seeking their assistance in reaching out to potential vendors.
- If on the first day scheduled bid opening day the Buyer finds that there will be no interest or just one bidder participating an automatic postponement of two weeks will be imposed in order to glean more vendor participation.
- After the first postponement the bid will open if at least one bidder has submitted a bid and it is determined that due to the nature/history of the procurement no further vendor participation can be expected.

Hi Anette,

NYC Parks has done hundreds of Purchase orders with United AG & Turf who was called "CHIEF EQUIPMENT" in the past. I believe they recently changed their names.

As far as document request, invoicing and providing us with what we are looking for, they have done a great job and we have not had any problems with them. However, delivery lead-times have been long. This is getting some of the items from the Manufacturer has been long due to COVID.

We are satisfied with them and still use them.

Hope this helps.

Thanks

Kashfia

Narrative

Purpose: To authorize and award a purchase order for an Avant 860 Tractor for the Nassau County Department of Parks, Recreation and Museums.

Discussion: This is a sole purchase for the Avant 860 Tracker. The Avant is a diverse, multi-functional tractor unit that is unique in its power and maneuverability. With its 2-ton lifting capacity and articulating steering, the Avant far outperforms other tractors of similar size. It also has over 200 attachments to choose from and uses a patented quick release system which makes switching from one attachment to another an easy 2-minute job. The Nassau County Department of Parks, Recreation and Museums, Golf Maintenance Division, currently owns 2 Avant units which have been invaluable in everything from construction projects, drainage, and tree pruning to cart path cleaning, stump grinding, and snow removal. The Parks Department already owns sixteen (16) different attachments which are instantly compatible with this unit, not requiring the county to purchase similar attachments if we purchased from a different manufacturer, for a savings of at least \$45,000.

United Ag & Turf is the sole source distributor of Avant Tecno equipment and attachments for Nassau County.

Impact on Funding: The maximum amount authorized under this purchase order shall be One Hundred Twenty-Two Thousand, Nine Hundred Forty-Five Dollars and Forty-Eight Cents. (\$122,945.48) from PWCAPCAP 00005 capital funds.

Recommendation: Department of Shared Services, Office of Purchasing recommends awarding a purchase order to United Ag & Turf NE, LLC as the sole source provider.

Inter Departmental Memo

To: Robert Cleary, Chief Procurement and Compliance Officer

From: Timothy Messner, Deputy Commissioner of Parks

Re: Avant Backhoe/ Loader RQPK22000084

Date: September 30, 2022

The Avant is a diverse, multi-functional tractor unit that is unique in its power and maneuverability, which makes it the ideal machine for Nassau County. With its 2-ton lifting capacity and articulating steering the Avant far outperforms other tractors of similar size. It also has over 200 attachments to choose from and uses a patented quick release system which makes switching from one attachment to another an easy 2-minute job.

The Nassau County Parks, Golf Maintenance Division, currently owns 2 Avant units which have been invaluable in everything from construction projects, drainage, and tree pruning to cart path cleaning, stump grinding, and snow removal. The Parks Department already owns 16 different attachments which are instantly compatible with this unit, not requiring the county to purchase similar attachments if we would buy from a different manufacturer, for a savings of at least \$45,000.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Messner", with a stylized flourish at the end.

Tim,

How were the previous units purchased? Normally this type of equipment would be solicited as a formal sealed bid with a bid standard (the specified unit) or equal. It would be best to purchase another one using this method, unless there is an OGS option or some additional reason not to do so.

Hi Anette,

NYC Parks has done hundreds of Purchase orders with United AG & Turf who was called "CHIEF EQUIPMENT" in the past. I believe they recently changed their names.

As far as document request, invoicing and providing us with what we are looking for, they have done a great job and we have not had any problems with them. However, delivery lead-times have been long. This is getting some of the items from the Manufacturer has been long due to COVID.

We are satisfied with them and still use them.
Hope this helps.

Thanks
Kashfia

1. Bids on equipment must be on standard new equipment, latest model, except as otherwise specifically stated in proposal or detailed specification. Where any part of nominal appurtenances of equipment is not described, it shall be understood that all equipment and appurtenances which are usually provided in the manufacturer's stock model shall be furnished.
2. Bids on materials and supplies must be for new items except as otherwise specifically stated in bid or detailed specifications.
3. Bidder declares that the bid is made without any connection with any other Bidder, submitting a bid for the same items, and is in all respects fair and without collusion or fraud.
4. PRICES The provisions of the New York State Fair Trade Law (Fedor-Crawford Act) and the federal price discrimination law (Robinson-Patman Act) do not apply to purchases made by the County.
5. SURETY In the event that an award is made hereunder, The Director of Purchase reserves the right to request successful bidders to post, within one week, security for faithful performance, with the understanding that the whole or any part thereof may be used by the County of Nassau to supply any deficiency that may arise from any default on the part of the Bidder. Such security must meet all the requirements of the County Attorney and be approved by the County Attorney.

It is distinctly understood, however, that nothing in the foregoing shall be construed to imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

8. Awards will be made to the lowest responsible Bidder. Cash discounts will not be a factor in determining awards, except in tie bids. Consideration will be given to the reliability of the Bidder, the quantities of the materials, equipment or supplies to be furnished, their conformity with the specifications, the purpose for which required and the terms of delivery.

The Director reserves the right to authorize immediate purchase from other sources against rejections on any order when necessary. On all such purchases the Vendor agrees to promptly reimburse the County for excess cost occasioned by such purchases. Should the cost be less, the Vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.

12. An order may be canceled at the Vendors expense upon nonperformance. Failure of the Vendor to furnish additional surety within ten (10) days from date of requested shall be sufficient cause for the cancellation of the order.

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002 OF NASS

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.

TITLE

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

b. Wherever the term "Law" or "Living Wage Law" is used in this document, it shall mean Local Law 1-2006, otherwise known as the Nassau County Living Wage Law. Whenever the terms "Rule" or "Rules" are used in this document, it shall mean these Rules of the County Executive regarding the Nassau County Living Wage Law.

3. Amendments, Extensions and Renewals

a. Renewals and Extensions. Where an existing County Financial Assistance Agreement, County Service Contract, or County Lease is renewed or extended after the effective date of the Law, such agreement is a new County Financial Assistance Agreement, County Service Contract or County Lease, as the case may be, and is subject to the applicable provisions of the Law.

b. Determination of Applicability.

i. County Service Contracts.

A. Any renewal of a County Service Contract is subject to the Living Wage Law if the total expenditure by the County under the renewal is \$25,000 or greater.

B. If a County Service Contract is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount \$25,000 or over, or if such amendment itself involves an expenditure of \$25,000 or over. In no event shall the Law apply in a situation where an amendment involves an expenditure of less than \$25,000 and the original agreement already involves an expenditure of \$25,000 or over.

TITLE

4. Waiver of the Law

a. Application of the Provision

i. Any County Contractor may apply for a waiver of the provisions of the Law. In order to qualify as a County Contractor, the applying organization must have a County Service Contract with the County of Nassau. A County Service Contract is a contract which contemplates providing a service to the County (not goods or any service performed only to deliver goods) for which the County is paying \$25,000 or more. Both non-profit and for-profit County Contractors may apply for a waiver.

ii. At this time, the Living Wage Law does not allow a County Lessee or an entity receiving County Financial Assistance to apply for a waiver of the Law's provisions.

b. Request for a Waiver The following procedures have been established by the County Executive for requesting a waiver of the provisions of the Living Wage Law:

i. Request for a waiver must be made to the Nassau County Office of Compliance. Since a waiver request must be made by a County Contractor who already has a contract with the County to provide services, a request for a waiver may only be made after the contract in question is entered into with the County.

ii. A request for a waiver must be made on the approved form designated "Request for Waiver of the Provisions of the Nassau County Living Wage Law." This form is attached to these rules. Additional forms may be requested by contacting the agency with which the requesting organization has a contract.

iii. Except for those requesting organizations with County Service Contracts listed in section 4(b)(iv)(E)(3) below, those requesting organizations which plan to request a waiver once a County Service Contract has been entered into must include, in their bid or proposal for the specific County Service Contract, a budget breakdown stating the amount of the budget allocated to wages (*assuming the Living Wage Law applies*), and the amount of the budget allocated to services and other contract expenses.

A. In any budget breakdown submitted, the requesting organization must include only those employees who are included within the definition of "Employee" described above.

B. Those County contractors who have been awarded a contract through Executive Order No. 1 of 1993, a state or federal grant, General Municipal Law section 104, or any other state or federal rule or regulation must submit the above budget breakdown to the contracting agency before such contract is entered into with the County in order to be eligible for a waiver.

iv. A waiver request must contain the following information:

A. The name of the organization

B. The address of the organization

C. A brief description of the contract which the waiver pertains to.

D. The name and email address of the Chief Executive Officer of the requesting organization

E. The criteria (hereinafter, the "Criteria") for qualifying for a waiver under the provisions of the Law. Currently, a requesting organization must meet either Criteria 1, 2 or 3 below, and, if Criteria 1, 2 or 4 are cited, must meet Criterion 5 below:

i. The highest paid officer or employee of the requesting organization earns a salary which, when calculated on an hourly basis, is less than six times the lowest wage or salary paid by the requesting organization.

i. Non-residential domestic violence services under the New York Social Services Law.

ii. Services under the Home Energy Assistance Program (HEAP)

Preventive services for children pursuant to the New York Social Services Law

Non-Secure detention services pursuant to the New York Executive Law.

5. When the requesting organization placed a bid or submitted a proposal for the county service contract at issue, it must have submitted a budget which included a breakdown of the wages paid to employees of the requesting organization who would be covered under the Living Wage Law.

F. A statement that, if a waiver is granted, the requesting organization will decrease its budgeted wage allocation to that amount the requesting organization would have paid its employees had the requirements of Living Wage Law not been applied. The amount to be paid by the County to the requesting organization will be reduced accordingly by contract amendment.

A. If Criteria (1) is cited in the request, the requestor must include a statement, certified by the chief financial officer of the requesting organization as true and accurate, of the wages paid, on an hourly basis, of the highest and lowest paid individuals employed by the requesting organization.

compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

C. If Criteria (4) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the County Service Contract for the prior agreement year along with the requesting organization's budget for the County Service Contract for the current agreement year which takes into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

vi. The request form and all documentation must be sent to the following address:

County of Nassau Office of Compliance
Attention: Living Wage Waiver Request Office
One West Street – 4th Floor
Mineola, New York 11501

c. Waiver and Procurement

i. As a waiver may only be requested once a County Service Contract has been entered into, no waiver application may be submitted by any organization submitting a bid or proposal to the County for a County Service Contract.

ii. The fact that a waiver may be granted to an organization submitting a bid or proposal to the County for a County Service Contract will not be a consideration in evaluating such bid or proposal.

d. Review Procedures

i. Review of a request for a waiver must be made by the Office of Compliance.

ii. Approval of a request is dependent on the requestor satisfying either criteria (1), (2) or (3) in section 4(b)(iv)(E) above and, if citing criteria (1), (2) or (4), criterion (5) in section 4(b)(iv)(E) above. Applications not satisfying these criteria, or incomplete applications, will not be approved. However, complete applications that do meet these criteria shall be approved by the Office of Compliance.

iii. The Office of Compliance shall inform the requestor of his or her decision to grant or deny a request in writing within thirty days of receipt of the request. A copy of the grant or denial shall be transmitted to the County Comptroller for the purposes of monitoring compliance with the Living Wage Law.

iv. During such thirty day period, the requestor must continue to abide by the provisions of the Living Wage Law. Failure to do so may result in action by the Office of the Nassau County Comptroller to enforce the provisions of the Law.

e. Post-Award Review

i. After the County grants a waiver, if at any time during the term of the County Service Contract the requesting organization alters its budget or wages such that the organization no longer qualifies for a waiver of the Living Wage Law, the requesting organization must contact the County department with which it contracts and inform such department of such alteration.

ii. If a County department is contacted in reference to such a change, the department must either:

Amend the County Service Contract in question to restore any funding subtracted from the contract as a result of a waiver of the Living Wage Law and receive from the Contractor a completed Certificate of Compliance; or

5. Inter-Governmental Agreements

a. The Living Wage Law shall not apply to those County Service Contracts which are entered into with any municipal corporation located within the County, any school district located within the County, and any special district located within the County.

b. County Financial Assistance Agreements and County Leases. The Living Wage Law shall not apply to a County Financial Assistance Agreement or a County Lease in the event that application of the law would conflict with the application of a federal, state or local law, rule, regulation or ordinance. For the purposes of this Rule, the Living Wage Law would not apply to a County Financial Assistance Agreement or County Lease where funding for the Agreement or Lease is derived from a Federal or state grant where the distribution of such grant funds to certain subrecipients is mandatory and non-discretionary.

All Nassau County Employees are covered by the provisions of the Living Wage Law, provided, however, that Nassau County Employees covered by the collective bargaining agreement between the County and the Civil Service Employees Association are not entitled to receive the benefits supplement rate as the term is defined in the Law. The provisions of the Law also extend to paid interns hired by the County.

b. The Living Wage Law does not apply to volunteer workers utilized by the County pursuant to the County's authority to use volunteer workers under § 2105 of the Nassau County Charter. As such, the Law does not cover unpaid interns utilized by the County.

NY STATE LABOR LAW

If any portion of work being Bid is subject to the prevailing wage rate provisions of the Labor Law, the following shall apply:

a. "Public Works" and "Building Services" - Definitions

i. Public Works Labor Law Article 8 applies to county contracts for public improvements in which laborers, workers or mechanics are employed on a "public works" project (distinguished from public "procurement" or "service" contracts).

ii. Building Services Labor Law Article 9 applies to Contracts for building service work with the county, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

b. Prevailing Wage Rate Applicable to Bid Submissions *A copy of the applicable prevailing wage rates to be paid or provided are annexed to the Bid Documents.* Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified. Information indicating that prevailing wages are not being paid on a public works project will be forwarded to the New York State Department of Labor for investigation. Willful violations of the prevailing wage provisions of the Labor Law may result in debarment from the bidding and award of public contracts.

c. Wage Rate Payments / Changes During Contract Term The wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. Contractor is solely liable for and must pay such required prevailing wage adjustments during the Contract term as required by law.

d. Public Posting & Certified Payroll Records In compliance with Article 8, Section 220 of the New York State Labor Law:

i. Posting The Contractor must publicly post on the work site, in a prominent and accessible place, a legible schedule of the prevailing wage rates and supplements.

ii. Payroll Records Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. For public works contracts over \$25,000 where the Contractor maintains no regular place of business in New York State, such records must be kept at the work site. For building services contracts, such records must be kept at the work site while work is being performed.

iii. Submission of Certified Payroll Transcripts for Public Works Contracts Only Contractors and Subcontractors on public works projects must submit monthly payroll transcripts to the project manager for a public works project.

iv. Records Retention Contractors and Subcontractors must preserve copies of such certified transcripts for a period of three years from the date of completion of work on the awarded contract.

If this contract is for Building Service Work as defined in Article 9 of the Labor Law, State law prohibits other political subdivisions and districts within the County from making purchases pursuant to this agreement.

The County Living Wage Law, Title 57, Section 3(a)(i), states: employers who provide building services shall pay their employees no less than the living wage, as required by this section, or the prevailing wage, whichever is greater. In future bidding procedures, the requirement should be "vendor must pay the prevailing wage, or the County Living Wage, whichever is greater", or similar language.

The bases for this award recommendation come from seven invoices received from the Department of Public Works. There were 79.66 sq. ft. of tinted glass, 16 sq. ft. of ¼ " clear plate glass, 82.28 sq. ft. of clear safety glass and 35.46 sq. ft. clear insulated glass, from this the following chart was created.

Line #	Alert Glass	Solar Glass
Line 11 79.66 sq. ft.	79.66 sq. ft. X \$125.99 = \$9,957.50	79.66 sq. ft. X \$14.00 = \$1,115.24
Line 8 16.00 sq. ft.	16 sq. ft. X \$125.00 = \$2,000.00	16 sq. ft. X \$9.35 = \$149.60
Line 2 82.28 sq. ft.	82.28 sq. ft. X \$125.00 = \$10,285.00	82.28 sq. ft. X \$11.70 = \$962.68
Line 1 35.46 sq. ft.	35.46 sq. ft. X \$125.00 = \$ 4,432.59	35.46 sq. ft. X \$19.85 = \$703.88
Labor	Included in the above	82 hrs. X 90.00/hr. = \$7380.00
Total	\$ 26,655.09	\$ 10,311.40

The method used in creating the above chart is as follows:

I took the sq. ft. per line as per the invoices and I multiplied by the sq. ft price. Alert Glass included the cost of labor in their bid price of \$125.00. Solar Glass did not include labor in their bid per line but only gave the material cost plus the labor rate of \$90.00 per hour Solar Glass's regular hourly rate. The 82 hours of labor came from the invoices received from the Department of Public Works. I added the 82 hours to Solar Glasses column but not Alert Glass as they already included the labor is the \$125.00.

2.1 Construction Phase Services

2.1.1 Commencement and Duration - The Construction Phase will commence with the award of a construction contract for the project and will terminate upon final acceptance of the Project in its entirety by the County. The combined construction phase is scheduled for 730 days. The CM should include one (1) month of pre-construction duties and one (1) month of post-construction duties as noted in Section 1 in their proposal.

2.1.2 General Construction Administration - The CM shall provide administration of the Project and shall administer all construction contracts on the County's behalf. This project is being built under a Project Labor Agreement (PLA) using a single prime Construction Contractor ("CC"). The CM will perform as the PLA administrator of Nassau County's Master Project Labor Agreement as amended for this project, and will advise the CC of the PLA requirements for this particular project. The CM will be provided a copy of "the Procedure Manual for Project Management" prepared by the Nassau County Department of Public Works, as a guide to the County's standard administrative procedures, as well as a copy of the Program Construction Management Manual, prepared on behalf of the County by the PM. Administer the construction of the Project, including scheduling of the Work and coordination of the CC. The CM shall maintain competent full-time staff at the project site to administer the project, at all times Work is being performed by CC. The FIRM shall furnish his staff with personal equipment required for project administration, including, but not limited to personal protective equipment, digital cameras, cellular telephones, etc.

2.1.3 Site Conditions - As portions of the Work become accessible, CM shall promptly and diligently investigate existing conditions and report to the County, the Program Manager and the Design Engineer, those conditions which differ substantially from the information contained in the Construction Documents. Collaborate with the County, the Program Manager and the Design Engineer to devise appropriate modifications to the Contract Documents.

2.1.4 Quality Assurance - The FIRM shall create and implement a Quality Assurance Program consisting, at the minimum, of testing, controlled inspection, and the CM's routine observation of the Work of the CC with respect to conformance to the Construction Documents, based upon the guidelines presented in the Cedar Creek Program Construction Management Manual. The CM shall endeavor to guard the Owner against defects and deficiencies in the Work, and shall coordinate testing and controlled inspection by third parties with the Work of the CC. The CM shall promptly notify the County, Program Manager, Design Engineer, and CC, as applicable, of defective, deficient, and/or non-conforming Work, and shall make recommendations for correction/resolution. Track all defective and non-conforming Work through correction until final acceptance by the County.

2.1.5 Scheduling - The CC shall prepare the Master Construction Schedule (baseline) and monthly updates. This Schedule shall be prepared using the critical path method and Primavera P6 (or later version) software as approved, and shall be broken down in sufficient detail to be useful for monitoring progress, delay analysis, and administering the CC's contract provisions. The schedule shall be cost and resource loaded by the CC. The CM is responsible for monitoring the accuracy and completeness of the CPM Schedule, to review the Baseline and updates, provide analysis of delay, preparation of reports as required by the County, negotiation of delay claims and recommendation for recovery or necessary changes to complete the project within budget and schedule. The CM is responsible for the detailed review of all logic, logic changes, durations, Work Breakdown Structure (WBS), resource and cost loading and acceptance. The CM shall evaluate CC's requests for extension of the Contract time, and advise the County confidentially on the quantum and merits of such requests. The CC shall update the Master Schedule monthly to show progress, compile 2-week look-ahead schedules from the Master Schedule and augment same. The CM shall follow up with the CC who will prepare Schedule updates as necessary to reflect changes and show the impact of changes to the critical path and completion milestones. The CM shall review in a timely manner as per contract specifications. Upon approval of the baseline and subsequent to each monthly update, the CM shall prepare/distribute the schedule report consisting of project status, current critical issues, upcoming concerns, analysis of attribution of delays and suggested recovery by CC, and shall provide information to the PM for integration to and updating of the Program Master Schedule and shall discuss and agree upon recovery steps with the Program Manager.

2.1.6 Cash Flow Forecast - With the cooperation of the CC, CM shall prepare a cash flow forecast for the entire project, based on the project schedule, and shall revise same, whenever there is a significant change in the schedule that would warrant a revision to the cash flow forecast. The baseline cash flow forecast and all revisions shall also be forwarded to the PM for integration into the Master Program Budget and Cost Forecasting Tool.

2.1.7 Monitor Progress - Monitor the progress of the CC's work and prepare written daily reports documenting the type and location of work performed, the CC's trade labor and equipment, and all pertinent details relative to the progress of the Work. Augment the written reports with photographic documentation of the work in progress. Photographs are required when unforeseen conditions, disputed work, or deficiencies in the Work are encountered. Pro-actively monitor the progress of the Work, taking such steps (on behalf of the County) as are authorized under the CC's contract, to ensure that the CC's workforce is sufficient and the work is being diligently prosecuted. Where progress is impeded by actions/inactions of the Design Engineer, or others, bring such matters promptly to the attention of the County for resolution. The CM shall monitor the progress in such a manner as to complete the project within the schedule and budget, on behalf of Nassau County.

2.1.8 Information Management System - The CM shall develop and maintain paper and electronic project files, including, but not limited to, project correspondence, contract drawings and documents, submittals, payment requisitions, standard forms (such as insurance certificates, bonds, lien waivers, releases, etc.) and reports. Documents and records will be maintained by the CM for a period of six (6) years after completion of

The web-based information management system (such as Submittal Exchange, or similar) shall be authorized as a reimbursable expense from an allowance which will be added to the CM's Base Fee. Project records, including the project directory and emergency contact information, will be kept well organized and the information maintained current at all times. At the minimum, the CM shall implement a web-based information management system for the exchange of submittals and provide and maintain access to all project participants. The CC's submittals such as shop drawings, product data, and samples, shall be routed directly and concurrently to the CM and Design Engineer. The CM shall promptly review them for completeness and responsiveness, log and confirm the submittal is fit for review by the Design Engineer. All distribution shall be electronic, for review and approval; within 48 hours of receipt by CM of CC's submittals. CM shall correlate CC's payment requests with the progress of the work and take into account any deficiencies in the work for which payment is being requested, in making his recommendation. The CM's recommendation for payment shall constitute a representation to the County, that, to the best of the CM's knowledge, information and belief; the Work has progressed to the point indicated, and the quality of the Work is in accordance with the Contract Documents. All payments shall be based on the cost loaded CPM schedule and CM shall be responsible for certifying such payments. The CM shall provide copies of their recommendations for payment to the PM.

Appendix "EE"

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto

shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

SECTION 2

Proposed Technical Approach

This section presents our management and organizational approach to complete the project within 90 days. The milestones have been established as follows:

- Draft submittal (60% Design) 45 days from NTP
- Pre-bid submittal (90% Design) 65 days from NTP
- Bid Ready (100% Design) 90 days from NTP

The critical nature of the project will require Nathan A. Wheeler, PE, our proposed Project Manager, to utilize proven management techniques and tools to provide responsive, cost-effective delivery of our technical deliverables. The Gannett Fleming Team's management system will include:

- Monthly progress reporting
- Strict technical quality assurance and control
- Project communication
- Cost control

Mr. Wheeler will monitor the progress of the work and satisfy milestones. Additional resources, staff commitments and overtime will be provided to meet the schedule. He will work with Mr. Hadjiyane to ensure that the necessary firm resources are dedicated to this meet the demands of the project schedule with consistently delivered, high quality design.

MONTHLY PROGRESS REPORTS

Project progress reports will be provided on a monthly basis to the NCDPW. Progress reports will summarize the status of each project task on a percent complete basis, summarize any problems encountered during the course of the work and provide updates on the status of the project schedule. Our monthly progress reports will describe the progress of the management and technical aspects of the project. This reporting system will provide regular updates on project status, and will help to answer common questions, such as: "How are things going?", "Are we on schedule?", and "Are there any difficulties that have been encountered?" Weekly conference calls will also be held with the NCDPW to discuss issues and design progress.

PROJECT COMMUNICATION

The success of the project is dependent on the exchange of information between Gannett Fleming Team, the Program Manager and NCDPW. The project approach must, at times, be adjusted to assure that NCDPW's needs are fully satisfied at every stage of the project. Gannett Fleming Team's approach will consist of working very closely with NCDPW throughout the project, meetings at key milestones, with weekly conference calls and the submission of monthly progress reports.

In addition to the above, the Team will utilize an Internet-based information repository to organize plans, specifications, meeting minutes, progress photos, schedules, and so on. Using a web browser, the Program Manager, including NCDPW, can view plans and other project documentation 24 hours a day, every day, conveniently—even over a standard telephone modem-based connection.

The information management system will help ensure that everyone is working with the latest information. Project Team members will be notified as new information is posted on the project's website, as well as when existing project information has changed. The Job Site Online Project Manager that our Team will utilize for this project will help maintain a high level of communication, and the efficient transfer of information among the project's stakeholders.

PROJECT SCHEDULE

A detailed design schedule is provided in Section 5 of this proposal.

We have also illustrated our relevant pump station project experience in Tables 1 and 2, included at the end of this section.

Most of these designs were combined with flow metering, standby power generating facilities, ventilation, odor control facilities SCADA systems, and hazardous material surveys. Pump controls have included air bubbler, encapsulated float, submersible transducer or ultrasonic wet well level monitoring devices; constant speed and variable speed drives using liquid rheostat, variable frequency or eddy current clutch; and control logic from pump alternation to microprocessor-based digital controllers. Pumping systems were vertical and centrifugal dry pit submersible pumps.

Gannett Fleming's sewer design experience includes intercepting sewers up to 96 inches in diameter, and force mains up to 60 inches have been designed for installation by open cut or tunnel in densely populated urban sections and environmentally sensitive rural areas. Our designs have included many river, railroad and interstate highway crossings. We have dealt with a variety of site conditions, including rock, high groundwater, heavy traffic, flat terrain, hilly terrain and environmentally sensitive areas. Our sewer design experience also includes gravity, low pressure and high pressure sewers serving a wide range of facilities under a variety of site conditions.

ARCHITECTURAL/STRUCTURAL STORM HARDENING

The buildings, wet and dry wells will require modifications for flood mitigation and protection from the 500 year flood event. Gannett Fleming's architects and engineers have considerable experience hardening pump stations, treatment plants and facilities as a result of Superstorm Sandy. This experience includes:

- Stop logs at doors to minimize flood water infiltration
- Reinforcing exterior walls to withstand hydrostatic pressure wave impacts
- Flood control vents to relieve exterior wall pressure
- Louver/window wells
- Flood proof doors

**Expandable Barrier by
Presray Inc. (Typical)**

As a local NY firm, Gannett Fleming is extremely familiar with the devastating impact Superstorm Sandy has had on our region. Through hardening and resiliency programs, we sought to support many of our clients through this difficult time. We aligned ourselves and assisted many of our clients to be in better shape than they were before the storm. Having been involved in hurricane recovery efforts within NY and NJ, we have a broad understanding of the type of services desperately needed to complete hardening and resiliency projects. Our vast experience with Superstorm Sandy work will be an asset to NCDPW. Some of the Sandy related contracts we have worked on are listed at the end of this section on Table 3: Superstorm Sandy Experience.

We have also included some of our relevant storm hardening experience within Table 3 at the end of this section.

MOTOR CONTROL CENTERS / EMERGENCY GENERATORS

Our electrical group is familiar working with PSE&G and National Grid with the installation of new power supplies and associated MCC's. We are also currently working on several emergency generator projects utilizing fuel oil and natural gas. This experience includes automated transfer switches, coordination studies, gas and booster pump systems and associated controls and instrumentation. We are currently working on emergency generators for the Village of Northport, ConEdison, Nassau County, SCDPW – Stonybrook and MTA LIBUS.

HAZARDOUS MATERIALS

The Gannett Fleming Team has experience providing hazardous materials investigations for many pump station and wastewater treatment plant projects. Our firm has provided environmental services such as investigations, on-site

coordination and oversight for the removal of asbestos, lead-based paint, and mercury vapor-impacted buildings. In addition, our proposed Team includes staff with experience preparing reports with supporting documentation, site photographs, and conclusions/recommendations. With a thorough knowledge of U.S. Environmental Protection Agency (U.S. EPA), New York State, Nassau County, and local municipal environmental regulations and permitting requirements, we are adept at preparing hazardous materials assessments, construction contaminant management plans, and environmental impact statements, as well as site planning, permitting, and stormwater management documents.

Project Descriptions

We have selected projects of similar size, scope, and complexity in order to demonstrate our pumping station experience. Select relevant projects are highlighted on the following pages.

NCDPW Nassau Boulevard Pumping Station Upgrades and Drainage Improvements

Reconstructed wet well/relocated electrical equipment

CLIENT

Nassau County
Department of Public Works

REFERENCE

Rick Liebe, 516-571-6850

Gannett Fleming was retained by the Nassau County Department of Public Works (NYCDPW) to evaluate the roadway drainage, and flooding experienced at the railroad crossing on Nassau Boulevard in Garden City. This was a priority location because Nassau Boulevard is a main thoroughfare and the sensitivity of local street flooding if the existing collection system and pump station becomes in-operative during heavy rain events. This sewer and pump station have experienced flooding during severe high intensity rain fall events where the existing system could not handle the volume of storm water.

Gannett Fleming conducted an investigation to determine the location of catch basins, storm sewers, and evaluate the condition of the existing pumping station. A storm water analysis was completed to determine the volume of runoff from the 10, 25, 50 and 100-year storm events. Gannett Fleming evaluation recommended that the catch basins and sewer be cleaned and the pump station be upgraded with new pumps and controls.

RELEVANT FEATURES

- Flood protection/relevant electrical equipment
- Storm hardening/increase the wet well elevation
- Pump replacement
- Emergency generator connectors
- Remote monitoring/telemetry system addition

Flooding on Nassau Boulevard

Gannett Fleming prepared design drawings and specification to replace all mechanical and electrical components of the pump station. The existing above grade housing was demolished and replaced with a concrete slab with an access hatch. A valve chamber was added to provide easier access to the valves. All electrical equipment and control panels were constructed within a fence enclosure with screening to improve site aesthetics. A telemetry system was added to remotely monitor the pump station and provide notification when an alarm condition occurred. Provisions were provided for a temporary generator to be connected to the system during power outages.

NYCDEP Improvements to Three Staten Island Pump Stations

South Beach Pump Station

CLIENT

New York City Department of Environmental Protection

REFERENCE

Jerry Fragias, (718) 595-4968

- Pump replacement
- Flood protection/hardening
- Relocation of electrical controls/MCC above grade on sidewalk
- Pump station improvements
- SCADA interface
- Optimization of pumping efficiency
- Hazardous Materials Investigation

Nevins Street Pumping Station

The Bush Street pump station, with a capacity of 0.4 mgd, along with the 15-mgd Brooklyn Queens Expressway (BQE) pump station, removes stormwater collected from the subgrade portion of the BQE entrance ramp. These stations are critical in preventing flooding during storm events. The 0.4-mgd St. Albans pump station is equipped with one submersible pump. The station provides flood control to protect local homes during storm events. The Nevins Street pump station is a combined sanitary and stormwater pumping station that has 2.2-mgd capacity and a dry weather flow of 0.54 mgd.

ENERGY EFFICIENCY/ GFG CONSERVATION STRATEGIES

- Increase the pump efficiency/pump impeller selection
- Decrease the wet well operation levels
- Reduction of operating pressures/pressure losses in piping system/force main

Technical Approach

Firm Introduction

Locally headquartered in Nassau County, Gannett Fleming is a multi-disciplined consulting engineering firm with 103 years of experience providing a wide array of services, including construction management and constructability review, to private and public clients. Our firm currently employs nearly 2,200 highly qualified, dedicated individuals who provide planning, design and construction services in water/wastewater, transportation, facilities, environmental, transit and rail, and information technology disciplines. Our Construction Services Business Line employs nearly 350 full-time employees.

Gannett Fleming's highly regarded reputation as a construction manager is the result of successfully serving our clients for many years, on projects both large and small. We pride ourselves on our ability to effectively respond to our clients' needs and adapt to the specific requirements of each project, no matter how diverse.

With over a century of experience since our inception, we have worked diligently to be recognized as a leader in the industry. As we continue to grow and expand, we never lose sight of our key mission – to make our clients successful.

During the past decade, we have provided construction management and construction inspection services for projects ranging from a few thousand dollars to hundreds of millions of dollars.

Project types and locations cover a wide spectrum, including water and wastewater treatment plants, water distribution systems, wastewater collection systems, and dams, as well as office buildings, bridges, roadway construction, transit facilities, and industrial facilities. In recent years, our firm has been responsible for providing construction management and inspection services for the construction of hundreds of water and wastewater buildings and other facilities in areas prone to flooding and in need of storm hardening.

Our management philosophy is to provide professional, quality services through our long-term, well-trained employees, who are equipped with the necessary tools to perform at the level expected by our clients. Our ability to sustain this level of quality is evident through the high percentage of repeat client business we maintain. An important aspect of our success is that we sustain a continuing role with the clients we serve, well after their project has been completed.

Gannett Fleming already possesses strong working relationships with the Program Manager, NCDPW, and the operating utility (Suez) due to our extensive experience serving NCDPW and other local agencies on Long Island. We will utilize our proactive construction management, scheduling, and project controls techniques to diligently mitigate risks and keep the construction contractor on track while prioritizing maintenance of the pump stations' operations.

CM Scope of Services

The number one focus of the Gannett Fleming team will be the protection of NCDPW's interest. Our experienced team understands the need for timely reporting, responsiveness to issues, and collaboration among the entire project team. In addition, our team is comprised of professionals who have worked quite successfully on large programs with Program Managers. Our team members have achieved success on numerous construction management assignments pertaining to many pumps station and collection systems and will apply the same success factors to this Pump Station Mitigation Project.

Proactive coordination with all of NCDPW's stakeholders, including the pump stations' operations teams, the local communities, and the Program Manager will be critical to success on this project. Our success will also be strengthened by the creation of a schedule that has considered all

risk scenarios including Lock Out/Tag Out (LOTO) and maintenance of the plant's operations (MOPO), as required, with the construction contractors and plant operations staff.

The Gannett Fleming team also includes technical experts who have successfully designed and provided construction assistance to NCDPW for similar upgrades and improvements.

Our Technical Approach addresses all of the requirements of NCDPW's Request for Proposals (RFP PW-S3P311-11M) for construction management services in connection with the Pump Station Mitigation Construction Contract S3P311-11G. Experience/Qualifications of the Firm

Gannett Fleming brings the experience needed to successfully oversee the construction activities being performed at the Roslyn Village, Morgan Park, and Shore Road collection pump stations. We understand the goals and key issues associated with this project and will utilize our past experience with NCDPW, understanding of effective storm hardening and flood proofing elements, and ability to successfully manage concurrent construction activities at multiple sites to make certain work is performed in accordance with all plans and specifications, as well as building codes and OSHA requirements.

Gannett Fleming has implemented storm hardening and flood mitigation measures at numerous pump stations and water treatment facilities throughout the NY Metropolitan area. Similar to the scope of this project, these facilities have required the design

and construction of **wall reinforcements, submersible doors, and new flood-proof windows**. Serving as the construction manager for the **NCDPW Bay Park Sewage Treatment Plant, Stormwater Pumping Stations** project, Gannett Fleming oversaw the construction of enhancements within the perimeter flood wall/earthen berm, which will help to mitigate the potential for future tidal back-ups throughout the stormwater system. In addition, as part of our work at the **NYCDEP's Newtown Creek WPCP**, we are inspecting the construction of flood rated doors, walls, gates, barriers and concrete knee walls; relocation of mechanical and electrical equipment; water repellent application; and waterproofing. Through our understanding of the specific flood proofing and storm hardening scope items, we will provide effective inspection services so that these facilities are able to withstand any future severe storm events.

Over 25 year history with the NCDPW

Deep breadth of staff with over 300 CM personnel firm-wide

More than 50 projects requiring storm hardening and flood mitigation efforts

Ability to successfully manage concurrent work at multiple sites while maintaining operations

Gannett Fleming has managed and inspected the construction of many of the same flood protection elements required by this project, including flood walls, doors, gates, and barriers.

We understand the key role these pump stations play in NCDPW's operations, and bring proven experience providing concurrent construction inspection services at multiple sites while maintaining operations. As part of the **Baltimore County Department of Public Works On-Call Pump Station Engineering and Construction Services** contract, Gannett Fleming served as a trusted advisor to inspect and assess several pump stations within Baltimore County's system on an as-needed basis. Our team was able to mobilize inspectors quickly and efficiently to provide construction support and inspection services throughout the duration of the contract. Additionally, Gannett Fleming oversaw the construction of the **Anne Arundel County's Parole Sewage Pump Upgrade Phase II** contract, which required maintaining the Parole Pump Station operations during major renovations, including the successful implementation of a new sewage bypass system. Our team coordinated closely with the client, contractor, construction personnel, and project stakeholders to make certain that the facility's systems and processes remained uninterrupted.

The technical knowledge gained from these projects will enable our firm to anticipate, navigate, and resolve the challenges inherent in this type of construction. We are not only experienced with the same types of improvements needed to

protect the three pump stations included in this contract, but have also demonstrated our ability to prioritize maintenance of plant operations during these projects. Additionally, we will draw on our team's extensive knowledge of NCDPW's policies, procedures, and project staff to make certain all construction activities are performed in a high-quality manner that meets or exceeds NCDPW's expectations.

Project Profiles

To demonstrate our experience, Gannett Fleming has provided a sample of our most recent and relevant projects on the following pages. These profiles illustrate our technical prowess, familiarity with the project scope, and success adhering to project controls measures, such as schedules and budgets. A matrix indicating our additional relevant storm hardening and flood mitigation experience is provided for review at the end of this section.

Our firm's services included resident engineering, resident inspection, office engineering, scheduling, cost engineering, and health and safety services for the pumps and appurtenances; four screens; and the electrical; mechanical; heating, ventilating, and air-conditioning (HVAC) systems; and odor-control facilities. The project also included roof repairs and new skylights.

Under this project, all four influent bar screens were replaced, including access platforms and accessories, hydraulic sluice gate operators stems and guides, manually operated sluice gates, stems, guides and supports, as well as dewatering pumps, guiderails, and associated piping and fittings. The four new mechanically cleaned bar screens, associated controls, and access working platforms were installed, in addition to new sluice gates, stems guides, supports, floor stands, and electric motor operators.

The bar screens were installed in phases, one at a time, to allow the facility to handle the average-daily plant flow (two screens

required), and to allow one bar screen to be available for a wet weather maximum flow contingency. Maintenance of facility operations was a major factor in this phasing. In addition, we had the ability to test, start-up, and train the operators as each bar screen came online. This created the need to turnover each bar screen to operations for beneficial individually.

The chambers around the screens were also repaired (structural concrete repair). The entire bar screening facility building was updated including a new order control system and stainless steel ductwork. The 2 existing MCC's were replaced. All new conduit and wire was installed for all the equipment within the facility. All the personnel doors and rollup garage doors were replaced. The entire heating system was replaced including all the hot water supply and return piping system, unit heaters. Three (3) new roof mount air handling units were installed.

PROJECT CONTROLS SUCCESSES

Our firm paid particular attention to various safety aspects during construction operations, including confined space entry, fall protection, and lockout/tagout (LOTO) procedures.

We also prioritized maintenance of plant operations (MOPO) by implementing a MOPO Plan and working closely with the various stakeholders to expedite the project schedule. The bar screens, originally the critical path, were completed and given to the plant for beneficial use 66 days ahead of schedule.

LESSONS LEARNED

The screens were in a state of disrepair, and the issue of a bar screen breaking down while one is being replaced did occur. To mitigate this issue, spare parts for the existing bar screens were ordered ahead of time, and an allowance item was developed to repair the screens as needed on a time and material basis. This avoided the issue of having two screens unavailable. The allowance enables on-call repairs to take place as new work is being installed.

PROJECT DESCRIPTION

Gannett Fleming provided design and construction support of improvements to multiple pumping stations within the Baltimore County Department of Public Works system. These assignments required complete assessments of existing conditions and development of plans to provide reliable, energy efficient, and low maintenance operation.

WEST INVERNESS PUMP STATION

The West Inverness Wastewater Pump Station is located in Dundalk, MD. The 700 gpm station was built in 1955 and is a dry-pit/wet-pit configuration. For this project,

design services included replacement of the mechanical and electrical equipment, two new dry pit pumps, piping, motor control centers, control, instruments, and heating, ventilation, and air-conditioning (HVAC) system. The improvements also included the replacement of architectural features, a new precast-concrete flowmeter vault, and the raising of the wet well to grade.

Construction phase services including attendance with progress meetings, RFI responses, submittal review, and other services.

PROJECT SUCCESSES

This project was completed with zero lost time accidents during all phases of the work, and the project delivered within budget. Gannett Fleming was awarded an additional assignment as a result of the quality of the work.

CATONSVILLE PUMP STATION

Gannett Fleming also assessed the Catonsville station and made recommendations for upgrades. The investigation included evaluating alternatives for new influent sewer and force main.

WILLOW AVENUE PUMP STATION

The scope of work for the Willow Avenue Pump Station is very similar to the West Inverness Station with regard to the evaluation of existing conditions and station components, and the recommendations that Gannett Fleming made for upgrades. Scott A. Schriner

CLIENT REFERENCE:
Victor Kibec, (410) 222-7620

PROJECT DESCRIPTION

Gannett Fleming provided bid- and construction-phase services for the rehabilitation of the Parole Sewage Pump Station, a 4 mgd average flow station, serving Annapolis. This station serves as an integral part of the metropolitan Annapolis sewage collection system, and the improvements enhanced the current and future demands of this growing commercial and residential community. Sewage flows were pumped to the Annapolis Water Reclamation Facility. This was two-year construction management and inspection project.

The pumping station was an existing, in-ground cast-in-place concrete wet well/dry well type station that housed dry pit submersible pumps, motor control center, process equipment facilities, and instrumentation controls. It was a brick

masonry structure control building. The station underwent major improvements, including the replacement of two of the three pumps with motors, valves, and piping; the replacement of the motor control center and installation of a new standby generator system; and installation of new process and heating, ventilation, and air-conditioning (HVAC) equipment. External improvements included a new roof system, fencing, pavement modifications, and masonry restoration.

Bid-phase services included providing a constructability review, technical consultations with the designer and the County to review and respond to bidder questions, and assistance with the design of the bypass pumping system.

Construction-phase services included implementating our project management plan and full-time project management services, including conducting construction-related meetings; providing monthly reports to the County; and coordinating submittals, requests for information, and contract records. Inspection services included full-time on-site inspection, video and photo documentation of job progress, record-keeping, coordination with private utility services, coordination of equipment testing, and final inspection.

A major challenge for this project was been maintaining Parole Pump Station operation during these major renovations, including the successful implementation of the sewage bypass system. Other station features included a new odor control system using a cross flow scrubber absorption system, replacement and

redesign of the bridge crane and girder hoist, new electrical and instrumentation control systems, and the construction of an exterior pad-mounted standby generator.

Our firm provided construction management services, including technical consultation, project management, and full-time inspection services. To assist with project management, we implemented a customized information management system. This approach fostered not only improved communications and document control but also helped achieve sustainability objectives by promoting paperless reporting and tracking.

NEW JERSEY AMERICAN WATER**Raritan-Millstone Water Treatment Plant – Short-Term/Long-Term Flood Protection and Stormwater Pumping System Improvements****MILLSTONE, NJ**

DATE OF COMPLETION:
2012

CONSTRUCTION COST:
\$30M

CONSTRUCTION MANAGER:
Michael Morgan, Project Principal

CLIENT REFERENCE:
John Gillespie, (908) 431-3259

**PROJECT DESCRIPTION**

The Raritan-Millstone Water Treatment Plant (WTP) is located at the confluence of the Raritan and Millstone rivers in Bridgewater, New Jersey. The WTP treats surface water from the Raritan River; Millstone River; and the Delaware and Raritan Canal; and it provides drinking water to approximately 1 million New Jersey residents (average day 100 mgd).

Its prime river location makes it susceptible to flooding. A berm and wall system around the plant provides protection from flooding to an elevation of 44.00 feet (approximately 5 feet above plant grade), when the Raritan River floods its banks. During Hurricane Irene and Superstorm Sandy, it became clear that removing water from the site presented risks that could put the whole site in jeopardy.

SHORT-TERM

Gannett Fleming provided services for short-term stormwater improvements at the Raritan-Millstone water treatment plant for New Jersey American Water. Short-term improvements allowed the plant personnel to rapidly respond to internal drainage within the flood reduction levee system that surrounds the 2 mgd water treatment plant. Gannett Fleming provided design, contract drawings, specifications, and construction observation services for the installation of gates, valves, and permanent pump discharge piping with aboveground headers to accept multiple quick connect pump discharge hoses which outlet water outside the earthen embankment in a manner, not damaging the embankment levee.

Gannett Fleming also assisted with the stability review and rehabilitation of an existing 6-foot-tall, 200-foot-long concrete block wall which provided riverside protection and was in distress. Stability review included a site specific subsurface exploration, laboratory testing of the soil samples obtained, and engineering analysis utilizing the findings. Analysis of the existing wall and design of the reconstructed wall (to be 12 feet tall) was conducted in accordance with USACE design criteria. Upon review of the conceptual Geotechnical Report and Alternative Analysis, Gannett Fleming was requested to perform final design, prepare contract drawings and specifications, and provide construction management duties for construction of a replacement cast-in-place concrete T-wall.

Gannett Fleming conducted a long-term flood probability study for the flood protection project at the water treatment plant. Scope included performing project communications; attending project meetings; performing data collection, visual field inspection, and a field cross-section survey of the selected Raritan River beach; developing engineering hydrology for the selected beach; conducting a hydraulic analysis for the selected beach; performing a flood risk analysis at the water treatment plant; and preparing a hydrologic analysis and preliminary flood risk assessment study report.

LONG-TERM

Gannett Fleming assisted with the WTP Long-Term Flood Protection and Stormwater Pumping Station System Improvements. This scope included:

- Adding stormwater piping valves
 - » Prevents high river water from surcharging into the plant
- Adding permanent discharge header systems
 - » Allows plant personnel to connect portable pumps to discharge stormwater from within the plant during high water events
- Providing plant levee protection system and stability review
- Adding three 7.2-mgd flood protection stormwater pumping systems
- Adding outfall protection on the outside of the berms, including headwalls, riprap, and flapper valves

The design provided three culverts, under the berm, by slip-lining existing reinforced-concrete pipe with polyethylene pipe. The culverts were designed to operate by gravity, during normal non-flood conditions.

During flood conditions, the gravity system was isolated and pressurized as a force main by using temporary pumps to move the collected stormwater through the conveyance system. A discharge header system, at each location, allowed plant operators to mobilize and connect portable pumps quickly and safely as part of the emergency procedures required before a major storm.

PROJECT SUCCESSES

- Developed long-term flood protection and pumping systems
- Satisfied expedited design and construction schedule to protect site from other storm events

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: December 10, 2021

SUBJECT: Recommendation for Construction Management Services
with Gannett Fleming Engineers and Architects, PC
Bay Park STP SCADA System Improvements
Project ID No. S35117-04M

This Department proposes to award the Design Services for the Bay Park STP SCADA System Improvements project to Gannett Fleming Engineers & Architects PC (Gannett Fleming). The scope of work includes but is not limited the following service: Construction Management (CM) services for the installation of Supervisory Control and Data Acquisition (SCADA) system at the Bay Park Sewage Treatment Plant (STP) in East Rockaway, NY. Construction activities will include mostly electrical and instrumentation work and will take place throughout the entire plant.

Firms were requested to submit technical and cost proposals in accordance with the Department's Request for Proposals (RFP) dated September 1, 2021. The RFP was prepared in accordance with the Countywide Procurement & Compliance Policy for assessing technical understanding, statement of qualifications, and proposed project schedule.

Technical and cost proposals were received from six (6) firms on October 15, 2021, in response to this RFP. The proposals were evaluated by both registered professional engineers and other personnel within the Department of Public Works: Vincent Falkowski P.E., Christopher Vella, Karen Fay P.E., and Gerard Ennis on December 1, 2021. After a tabulation of each evaluator's scoring was done, a technical ranking order was established. Each firm's cost proposal was then opened and recorded. The results of the technical evaluation and cost proposals are listed in **Table 1** below:

Table 1: Comparison of Proposal Evaluation Criteria

Firm Name	Technical Rank	Technical Rating	Proposed Cost	Multiplier	30% Contingency	Total Fee with Contingency
deBruin	1	91.50	\$666,000.00	2.3	\$199,800.00	\$865,800.00
Cameron	2	89.25	\$1,055,476.62	2.5	\$316,642.99	\$1,372,119.61
Gannett Fleming	3	89.00	\$402,793.30	2.3	\$120,837.99	\$523,631.29
LKB	4	85.50	\$1,394,053.00	2.3	\$418,215.90	\$1,812,268.90
M&J	5	76.25	Cost Proposal not opened			
Elite / Entech	6	69.50	Cost Proposal not opened			

deBruin, Cameron, Gannett Fleming, and LKB offered high Technical Ratings. However, both Cameron's and LKB's costs exceeded the high end of the cost expectations. Therefore, the selection committee agreed to recommend either deBruin or Gannett Fleming, since they both offered reasonable costs. deBruin received a slightly higher ranking than Gannett Fleming because they are currently performing construction management (CM) services on the similar Cedar Creek & Glen Cove SCADA project. Gannett Fleming is proposing a team of highly qualified individuals, including the RE, who had many publications related to SCADA, instrumentation, and wastewater treatment. Gannett Fleming is also proposing an efficient staffing schedule, which will keep costs low.

Office of the County Executive

Att: Brian J. Schneider, Deputy County Executive

December 10, 2021

Page 2

SUBJECT: Recommendation for Construction Management Services
with Gannett Fleming Engineers and Architects, PC
Bay Park STP SCADA System Improvements
Project ID No. S35117-04M

Best Value in a procurement for services is the one that optimizes quality, cost, and efficiency among responsive and responsible proposals. Per Appendix J of the *Nassau County Procurement and Compliance Policy*, Best Value can be determined in terms of technical quality per dollar paid, which in this case is calculated as Total Cost divided by Technical Rating. The Best Value cost for deBruin equals \$7,279/point and Gannett Fleming equals \$4,526/point. Per the Best Value calculation, Gannett Fleming is proposing a more affordable price per technical point.

The cost expectations for this solicitation range from \$420,000 to \$875,000, which is 12% to 25% of the \$3,500,000 construction value. Including contingency, Gannett Fleming's cost will be \$523,631.29, which is 15% of the construction value. The minimum staffing expectations should include a resident engineer (RE), inspector, project manager, scheduler, and cost estimator – all of which are included in Gannett Fleming's staffing schedule. Gannett Fleming is proposing a part time RE, which will save costs. To ensure a successful project, Gannett is proposing a large support staff, including, construction manager, two (2) technical advisors, two (2) project controls staff, an office engineer, an inspector, and two (2) specialty engineers. Gannett Fleming has assembled similar construction management teams on past NCDPW wastewater projects and achieved success.

In the selection committee's professional judgment, the proposal submitted by Gannett Fleming, having received the third highest technical ranking and submitting the lowest reasonable cost represents the Best Value and interest to the County for this project. Gannett Fleming is a local firm having extensive experience in the wastewater field with Nassau County and other various municipalities within in the New York Metropolitan area. Gannett Fleming's local office is in Woodbury, NY. Funding for these Design Engineering services is available under Capital Project No. 35117. In accordance with procedural guidelines, CSEA has been notified of this proposed agreement.

Please signify below if you approve or disapprove of our recommendation, after which we will implement the next appropriate Departmental procedure(s).

5 Items number 28, 29, 30, 31 and 32.
6 Motion by Mr. McKevitt and seconded by
7 Ms. Walker.

8 DCE MOORE: Good afternoon, Deputy
9 County Executive Anissa Moore. Happy New
10 Year to all.

11 I'm pleased to present to you Phase
12 II of the ARPA funding for the existing
13 235 applications, which represent our
14 agency partners and community
15 organizations. Items 28 through 31-23 are
16 a part of that phase. You may recall that
17 during.

18 CHAIRMAN KOPEL: 32 is as well.

19 DCE MOORE: Right, yes. But that's
20 not me. Someone else will come up for
21 that.

22 So you may recall that Phase I,
23 there were award packages for the
24 existing 106 agencies that were
25 distributed during the month of October.

1
2 The last time we had the opportunity to
3 have a conversation here on the floor, it
4 was my understanding that everyone at
5 that time felt a lot of anxiety about
6 making sure that our agencies received
7 their funding. And we can tell you today
8 that all of those agencies within Phase I
9 did receive their monies.

10 I'm pleased to report that now we
11 have an incredible synergy between the
12 Comptroller's Office, the Budget Office,
13 along with our two consultants, Adora and
14 Haggerty, along with the CE staff, so
15 that we could expedite this process and
16 present these resolutions to you today.

17 So I thank you in advance for your
18 support. I'll take questions at this
19 time.

20 CHAIRMAN KOPEL: Do we have any
21 questions?

22 (Whereupon, no verbal
23 response.)

24 CHAIRMAN KOPEL: Any public comment
25 on these items?

(Whereupon, no verbal
response.)

CHAIRMAN KOPEL: Thank you very
much.

DCE MOORE: Thank you.

CHAIRMAN KOPEL: Number 32, Ken?

COMMISSIONER ARNOLD: Good
afternoon. Ken Arnold, Public Works.
Item 32 is also part of the AARP funding.
This is allocating funding to water
districts for dealing with emerging
contaminants.

Item 288-21 that this Body approved
back last year was similar, but it gave
the management authority to the Long
Island Water Conference. Long Island
Water conference, after it was approved,
did not want to do that work. So this
item is strictly the same thing, but
would be managed by DPW.

CHAIRMAN KOPEL: Any questions?

(Whereupon, no verbal
response.)

CHAIRMAN KOPEL: Any public comment?

(Whereupon, no verbal
response.)

CHAIRMAN KOPEL: Thank you, Ken.

COMMISSIONER ARNOLD: Thank you.

CHAIRMAN KOPEL: All those in favor
of Items 28-32, please so indicate by
saying "Aye".

(Whereupon, all members of
the Finance Committee respond
in favor.)

CHAIRMAN KOPEL: Any opposed?

(Whereupon, no verbal
response.)

CHAIRMAN KOPEL: Those Items are
unanimous.

1
2 CHAIRMAN KOPEL: Now we have a few
3 other Items that are going to require
4 Executive Session. Those would be Items
5 numbers 17, 22 and 23. Motion is made by
6 Ms. Walker and seconded by Mr. Lafazan.

7 Motion for Executive Session is made
8 by Mr. McKevitt and seconded by Mr.
9 Ferretti. All those in favor of
10 Executive Session, please say "Aye".

11 (Whereupon, all members of
12 the Finance Committee respond
13 in favor.)

14 CHAIRMAN KOPEL: Any opposed?

15 (Whereupon, no verbal
16 response.)

17 CHAIRMAN KOPEL: We're in Executive
18 Session, to which members of the Rules
19 Committee are invited as well.

20 (Whereupon, Executive
21 Session, 2:46 p.m. to 3:10
22 p.m.)
23
24
25

1
2 CHAIRMAN KOPEL: The Finance
3 Committee is back. We're out of Executive
4 Session. We're now able to vote on these
5 three items, the three items being 17, 22
6 and 23. All those in favor of those three
7 items, please so indicate by saying
8 "Aye".

9 (Whereupon, all members of
10 the Finance Committee respond
11 in favor.)

12 CHAIRMAN KOPEL: Any opposed?

13 (Whereupon, no verbal
14 response.)

15 CHAIRMAN KOPEL: Those items pass
16 unanimously.

17 Ms. Walker moves to adjourn and Mr.
18 Lafazan seconds. All those in favor of
19 adjourning, please say "Aye".

20 (Whereupon, all members of
21 the Finance Committee respond
22 in favor.)

23 CHAIRMAN KOPEL: Any opposed?

24 (Whereupon, no verbal
25 response.)

CHAIRMAN KOPEL: Okay. We're back
to Rules.

(Whereupon, Finance
Committee adjourns, 3:10 p.m.)

CHAIRMAN NICOLLELO: All right.
Let's get started with the Rules
Committee. Would you please all rise and
ask legislator Laura Schaefer to lead us
in the Pledge of Allegiance.

(Whereupon, the Pledge of
Allegiance is said.)

CHAIRMAN NICOLLELO: Mike, please
call the roll.

CLERK PULITZER: You want the roll
for the Rules?

CHAIRMAN NICOLLELO: Yes.

CLERK PULITZER: Okay. Will do,
sir. Roll call:

Legislator Siela Bynoe is not
available?

LEGISLATOR BYNOE:

CLERK PULITZER: Legislator Delia
DeRiggi-Whitton?

CHAIRMAN NICOLLELO: Legislator
Solages is subbing for Delia.

CLERK PULITZER: Thank you, sir.
Ranking Member Kevan Abrahams.

10 LEGISLATOR KOPEL: Here.

11 CLERK PULITZER: Chairman Richard
12 Nicoletto?

13 CHAIRMAN NICOLELLO: Here.

14 CLERK PULITZER: We have a quorum,
15 sir.

16 CHAIRMAN NICOLELLO: Thank you. I do
17 note that we have received a number of
18 slips for public comment. This is the
19 Rules Committee now and today will be
20 having committee meetings. The comment on
21 Committees is restricted to items that
22 are before the Committee. We have a full
23 legislative meeting coming up in two
24 weeks, at which time there was a public
25 comments section before the Full

1
2 Legislative meeting begins, at which time
3 members of the public can speak about
4 anything that's on their mind. But again,
5 comments at this meeting are restricted
6 to the items that are on the agenda.

7 All right. We have contracts first.
8 I'm going to call the following
9 contracts: A 25; A 3; A 4; E 1. These
10 are resolutions authorizing the
11 Commission of Shared Services to execute
12 a purchase order or blanket purchase
13 order between the County of Nassau and
14 Solar Glass and United AG & Turf. It's
15 also a resolution authorizing the County
16 Executive to execute a personal services
17 agreement between the County and Gannett
18 Fleming.

19 I need a motion to put those on the
20 calendar. Deputy Presiding Officer Kopel,
21 seconded by Minority Leader Abrahams.

22 There are two contracts that are to
23 be untabled. They are A 8, which is a
24 resolution authorizing the Commission of
25 Shared Services to award and execute a

1
2 blanket purchase order between the County
3 and AC Electrical Supplies; and E 137 a
4 resolution ratifying the Commissioner of
5 Shared Services Award and the County
6 Executive's execution of a personal
7 services agreement between the County and
8 Maximum US Services Inc.

9 Need a motion to table by Minority
10 Leader Abrahams, seconded by Deputy
11 Presiding Officer Kopel. All in favor of
12 tabling these two contracts signify by
13 saying "Aye".

14 (Whereupon, all members of
15 the Rules Committee respond in
16 favor.)

17 CHAIRMAN NICOLLELO: Those two are
18 untabled. We have to table one of the
19 contracts we just called, which is E 1-23
20 with Gannett Fleming Engineers. The
21 inspector general has not yet completed
22 her review of this contract.

23 Legislator Schaefer makes the
24 motion to table that contract, seconded
25 by Legislator Bynoe. Any debate or

1
2 discussion -- actually, no debate or
3 discussion on a motion to table.

4 All in favor of tabling signify by
5 saying "Aye".

6 (Whereupon, all members of
7 the Rules Committee respond in
8 favor with "Aye".)

9 CHAIRMAN NICOLLELO: Those opposed?

10 (Whereupon, no verbal
11 response.)

12 CHAIRMAN NICOLLELO: That contract
13 is table.

14 So the first one we're going to hear
15 about is with the Comptroller's Office.
16 It's E 140 with Maximus US Services, Inc.

17 MR. CASOLARO: Good afternoon, Mr.
18 Majority Leader, ladies and gentlemen of
19 the Legislature.

20 My name is Charles Casolaro. I'm
21 Chief Counsel to the Nassau County
22 Comptroller. The matter before you is a
23 contract with the Comptroller's Office,
24 or the County in general, for indirect
25 cost allocation services provided to the

1
2 County.

3 The County receives some \$300
4 million every year in federal grants. Two
5 revenue streams are the direct grant or
6 secondarily reimbursement. The County
7 needs this contract in place because we
8 have departments that receive federal
9 grants and have programs using those
10 federal grants, and the county is allowed
11 to file a reimbursement or cost
12 allocation schedule to get reimbursed
13 from the government on what it expends.

14 This contract for the fee of \$26,300
15 a year has the potential to reap the
16 County many millions of dollars in
17 federal reimbursement. An example is the
18 Department of Social Services is awarded
19 federal grants and has federal programs,
20 and they usually receive \$2-3 million
21 back in return in reimbursement.

22 So this contract is needed. It's
23 integral to the federal awards that the
24 County receives, and we've asked that it
25 be approved.

CHAIRMAN NICOLLELO: And thank you
for the presentation.

MR. CASOLARO: You're welcome.

CHAIRMAN NICOLLELO: Any questions
on this contract, Maximus, Item E 140.
It's a contract with Maximus US Services.

LEGISLATOR ABRAHAMS: Good morning.

MR. CASOLARO: Good morning.

LEGISLATOR ABRAHAMS: So when we
were looking at what the vendor provided
in the Business History form, one of the
things that we were concerned about is
the civil litigation by the US Department
of Justice in 2021 pertaining to census
related work. I don't know if you're
familiar with that.

MR. CASOLARO: We are; we are.

LEGISLATOR ABRAHAMS: Just for the
record, it looks like the investigation
is regarding the company's call center
quality assurance and reporting
requirements, and we just wanted to find
out: One, I mean, it sounds like you are
familiar with it. And then obviously, I'm

1
2 not too sure if the Inspector General had
3 an opportunity to opine on this
4 particular issue.

5 But more importantly, for your
6 purposes, hearing from you today, do you
7 feel the vendor or this contractor will
8 be able to provide the services under
9 this contract with that issue in mind?

10 MR. CASOLARO: I do. I do, Mr.
11 Minority Leader. This is a nationwide
12 company. From time to time, companies
13 that size do run into issues. We
14 received a statement from Maximus'
15 Counsel that denies each and every one of
16 these allegations, and they are defending
17 it. The Inspector General's Office had
18 cleared the contract to be brought before
19 us today, and we feel that this won't
20 impact on their ability to be good
21 vendors for the County.

22 LEGISLATOR ABRAHAMS: The Inspector
23 General provided something? I didn't see
24 that. Nassau County?

25 MR. CASOLARO: Yeah. This was

1
2 presented to the Inspector General's
3 Office and then was cleared to come
4 before this Committee today.

5 CHAIRMAN NICOLLELO: You want to
6 come up, Jodi?

7 LEGISLATOR ABRAHAMS: I didn't see
8 it. Do you have a copy of that? Oh,
9 she's here. Okay.

10 INSPECTOR GENERAL FRANZESE: Good
11 afternoon. I'm happy to take your
12 question, Minority Leader Abrahams.
13 Jodi Franzese, Inspector General.

14 LEGISLATOR ABRAHAMS: Jodi, I just
15 wanted to make sure -- what we do have, I
16 guess from your office, is that you
17 reviewed or investigated. But I didn't
18 know if you put together -- did you
19 compile any report or anything like that
20 or you just basically provided the one
21 pager?

22 INSPECTOR GENERAL FRANZESE: We
23 provided the page that indicated that any
24 reportable results were addressed with
25 respect to this contract and the vendor

1
2 as well. We did an integrity review as
3 well.

4 LEGISLATOR ABRAHAMS: Okay, so if
5 I'm if I'm looking at this correctly, I
6 think I see what you're talking about.
7 It's a one page document that indicates
8 that it has been reviewed or investigated
9 and then as it pertains to documents
10 provided to the Office of Inspector
11 General in connection with the proposed
12 contract identified above. It says, "with
13 results, comments as noted below. The
14 vendor's disclosure forms are expired.
15 The Chief Procurement and Chief Officer
16 was notified". That's all I have. Is
17 there something else I should have?

18 INSPECTOR GENERAL FRANZESE: That
19 was the first contract review statement.
20 Between the date we sent that to today,
21 Those reportable results that we listed
22 were all cured by the Administration, by
23 the vendor as well.

24 LEGISLATOR ABRAHAMS: Okay, That's
25 what I'm asking. Okay.

1
2 INSPECTOR GENERAL FRANZESE: So we
3 usually send on the day of the Rules
4 meeting, we send a list to you so that
5 it's easier for all the contracts whose
6 reportable results are addressed, so that
7 way you have it at your fingertips.

8 LEGISLATOR ABRAHAMS: That part I
9 guess I don't have, because then that
10 probably leads to why I'm asking these
11 questions to this gentleman and he
12 doesn't know what I'm talking about.

13 INSPECTOR GENERAL FRANZESE: Yes.
14 And my apologies. I don't normally send
15 it to the each legislator because I know
16 you guys are really busy, so I sent it to
17 your staff.

18 LEGISLATOR ABRAHAMS: Okay. So we
19 should have it. Thank you.

20 INSPECTOR GENERAL FRANZESE: Thank
21 you.

22 CHAIRMAN NICOLLELO: Okay. Thank
23 you. Any other questions on this one?

24 (Whereupon, no verbal
25 response.)

MR. CASOLARO: Thank you.

CHAIRMAN NICOLLELO: Thank you.

Thank you.

1
2 CHAIRMAN NICOLLELO: A 3 and A 4
3 with United AG & Turf. These are our
4 Parks contracts.

5 COMMISSIONER BELYEA: Good afternoon.
6 Sorry. Darcy Belyea, Parks commissioner.
7 What's the first Item? I'm sorry.

8 CHAIRMAN NICOLLELO: We called the
9 two together. It's A 3 and A 4, they're
10 both with United AG & Turf.

11 COMMISSIONER BELYEA: So the first
12 one is requesting authorization to award
13 a blanket purchase order for lawn mower
14 parts for equipment used by Parks, DPW
15 and Corrections.

16 Again, the vendor is United AG &
17 Turf Northeast LLC. Maximum authorized
18 amount is \$1,030,000. Term is for one
19 year, with the option to renew for up to
20 four one year periods, plus two
21 additional months for a total term of
22 five years, two months. The estimated
23 spend by parks is approximately \$100,000
24 annually and not more than \$100,000 total
25 for Public Works and Corrections.

1
2 CHAIRMAN NICOLLELO: Okay, so the
3 million dollars would be over the course
4 of the entire one year plus four year
5 option to renew.

6 COMMISSIONER BELYEA: Correct. And
7 Parks is a much heavier user than the
8 other departments are.

9 CHAIRMAN NICOLLELO: Any other
10 questions?

11 (Whereupon, no verbal
12 response.)

13 CHAIRMAN NICOLLELO: No one. Just
14 jump into A 4.

15 COMMISSIONER BELYEA: The other item
16 is authorization of a purchase order from
17 the same vendor, United AG & Turf
18 Northeast LLC. It's a sole source
19 purchase for an Avant 860 Tractor for use
20 at Eisenhower Park. The cost is
21 \$122,945.48 for the purchase. Again,
22 sole source. And it's unique to other
23 equipment and one that has been used
24 successfully in the park system in the
25 past.

CHAIRMAN NICOLLELO: Okay. Any questions? Legislator Bynoe.

LEGISLATOR BYNOE: Thank you, Presiding Officer.

Hi, Commissioner. So is this particular Avant 860 -- is this manufacturer the only one that can supply these parts; what makes it a sole source?

COMMISSIONER BELYEA: It's the only tractor of its type, and we've used it with great success in the past. It's a multi functional, so it can do a lot of different things and it's also much cheaper than ones that we could get should we go to another vendor for something similar, but not quite what Avant can do.

LEGISLATOR BYNOE: So it's the only tractor of its type here in the county, but not across the country?

COMMISSIONER BELYEA: Correct. Except it has a unique two ton lifting ability which other tractors don't provide us with.

1
2 LEGISLATOR BYNOE: And so this
3 particular -- United AG & Turf, they're
4 the only ones that could provide this
5 part for the Avant; is that what you're
6 saying?

7 COMMISSIONER BELYEA: Correct.

8 LEGISLATOR BYNOE: All right. Thank
9 you.

10 CHAIRMAN NICOLLELO: Are there any
11 other questions? Legislative Schaefer.

12 LEGISLATOR SCHAEFER: Hi,
13 Commissioner. I just have a quick
14 question. Am I correct that on a A 3
15 there was only one response to the RFP?

16 COMMISSIONER BELYEA: A 3 is for
17 this item? No, that's for the -- I'm
18 sorry for the other item.

19 LEGISLATOR SCHAEFER: Yeah, the lawn
20 mower parts.

21 COMMISSIONER BELYEA: Five vendors
22 viewed the bid and there was one
23 response, yes.

24 LEGISLATOR SCHAEFER: Do you have
25 any idea why there would only be one

1
2 response? Is it somehow specialized?

3 COMMISSIONER BELYEA: I don't know.
4 It's for specific brand of parts that we
5 need: Echo, Hustler and John Deere. And
6 typically, there are not a lot of vendors
7 that are licensed to sell all three of
8 those parts. So that could be one of the
9 reasons why.

10 LEGISLATOR SCHAEFER: Okay. Thank
11 you. Just curious.

12 CHAIRMAN NICOLLELO: All right. Any
13 other questions?

14 (Whereupon, no verbal
15 response.)

16 CHAIRMAN NICOLLELO: Thank you,
17 Darcy.

18 COMMISSIONER BELYEA: Thank you.

CHAIRMAN NICOLLELO: Next two are with Public Works. First will be A 8 with AC Electrical Supplies.

COMMISSIONER ARNOLD: Good afternoon, Ken Arnold, Commissioner of Public Works. A 25 is a blanket order service contract to supply and/or install glass and plexiglass windows. The five year cap for this contract is \$2 million. Eleven vendors viewed the solicitation and two supplied proposals. Solar Glass is being chosen as the lowest responsible bid for this award.

CHAIRMAN NICOLLELO: And again, it's over five years.

COMMISSIONER ARNOLD: Yes.

CHAIRMAN NICOLLELO: Any questions?

(Whereupon, no verbal response.)

CHAIRMAN NICOLLELO: No. Let's go to the next one with Solar Glass.

COMMISSIONER ARNOLD: That was Solar Glass; A 25.

CHAIRMAN NICOLLELO: Right.

1
2 COMMISSIONER ARNOLD: So A 8 is a
3 service blanket order to provide
4 electrical hardware. This is, again, a
5 five year contract with a cap of \$2.5
6 million. Seventeen vendors viewed the
7 solicitation, four provided bids. This
8 bid was divided in two. Aetna went past
9 this body already for most of the items
10 for this solicitation. AC Electric is to
11 provide the balance of them as the lowest
12 responsible bidder.

13 CHAIRMAN NICOLLELO: Any questions?

14 (Whereupon, no legislators
15 respond.)

16 CHAIRMAN NICOLLELO: Hearing none.
17 Thank you very much, Ken.

18 (Whereupon, audience member
19 expresses wish to comment.)

20 CHAIRMAN NICOLLELO: We have
21 finished with the legislative part, so
22 yes.

23 Next is public comment on these
24 contracts.

25 MS. MEREDAY: Meda J. Mereday.

1
2 I'm just concerned again, and we're in
3 2023 and, unfortunately, the catch phrase
4 for this year is embellishments, but
5 anyway.

6 The concern that I have, and again,
7 with kind of the lack of any discourse
8 that the public can have access to as to
9 how these contracts are determined. As
10 soon as I sit down, I'm hearing about a
11 company is getting major funding my tax
12 dollars and there have been allegations
13 and it's just kind of like, oh, well,
14 yeah, these things happen. It's a
15 national company, so sometimes they have
16 issues and everything seems to be honky
17 dory. Unfortunately, that's not good
18 enough. It's not good enough. And if it's
19 okay with the 19 of you that were elected
20 based upon some kind of some kind of
21 standard that you were going to protect
22 our interests, then we have a problem. I
23 mean, we're already, you know, in
24 essence, a national embarrassment. But we
25 need to really kind of fine tune how

1
2 we're doing things with the \$3.3 billion
3 in a budget that was passed with maybe
4 eight people in the public in the room.
5 So, yes, I have questions about that.

6 I have asked about the number of
7 settlements that have been approved by
8 this Body in 2022. I still haven't gotten
9 the answer to how much money has been
10 allocated in settlements, including some
11 of these same types of contract
12 negotiations that are quietly passed by
13 this Body. You may be fighting in the
14 back room, but the public needs to hear
15 what's going on with our money up front.

16 So, yes, these blanket orders to
17 this specific issue, Solar Glass
18 Hardware. I have yet to hear about any
19 outreach to service disabled veteran
20 businesses, minority businesses -- what
21 is being done to address these
22 underserved constituents that could be
23 creating jobs and keeping people here in
24 their homes right where we live? If
25 someone can give me that answer versus a

1
2 blank stare and just a compensatory nod,
3 I would appreciate it.

4 So, yes, I have questions. And I'm
5 not the only one who has questions, but
6 you have other residents that are out
7 here working two and three jobs to try to
8 stay here and their voices are going to
9 be raised somehow. If we cannot get the
10 state or federal government to
11 effectively audit what is happening here
12 with the funding that is being received
13 by those entities. So if someone, I don't
14 care if it's up front, in the back, or
15 whatever; we need answers to these
16 questions. Thank you.

17 CHAIRMAN NICOLLELO: Okay. Thank
18 you, Meda.

19 Any other public comment on these
20 contracts?

21 (Whereupon, no verbal
22 response.

23 CHAIRMAN NICOLLELO: Hearing none.
24 I'm calling them for a vote. That
25 includes: E 140; A 3; A 4; A 8; A 25.

Any other debate or discussion among
the legislators?

(Whereupon, no verbal
response.)

CHAIRMAN NICOLLELO: All in favor
signify by saying "Aye".

(Whereupon, all members of
the Rules Committee respond in
favor.)

CHAIRMAN NICOLLELO: Those opposed?

(Whereupon, no verbal
response.)

CHAIRMAN NICOLLELO: They carry
unanimously. The Rules Committee is going
into recess. Public Safety is next.

LEGISLATOR ABRAHAMS: Howard, I don't
know who's the next -- public safety?
Who's the chair, Denise? Maybe she plans
on doing it, but. Just if I can have
everybody's attention, I know that the
chairwoman probably will identify in
Public Safety where it's appropriate as
well, but we just wanted to make sure
that the Legislature establishes that we

1
2 are cognizant of the fact that today is
3 National Law Enforcement Day and I assume
4 Chairwoman Ford was going to make that
5 announcement as well. But just want to
6 make sure that we don't lose any more
7 time before we do it and acknowledge it
8 today, but thank you.

9 (Whereupon, Rules Committee
10 recesses, 1:40-3:13 p.m.)

11 CHAIRMAN NICOLLELO: All right. The
12 Rules Committee is back in session. First
13 thing is a motion to suspend the Rules.
14 Move by Legislator Schaefer, second by
15 Deputy Presiding Officer Kopel. All in
16 favor of suspending the Rules signify by
17 saying "Aye".

18 (Whereupon, all members of
19 the Rules Committee respond in
20 favor.)

21 CHAIRMAN NICOLLELO: I those
22 opposed.

23 (Whereupon, no verbal
24 response.)

25 CHAIRMAN NICOLLELO: The Rules are

1
2 suspended.

3 So I'm going to call the Consent
4 Calendar, which is items that went
5 through Committees a few moments ago.
6 It's been agreed by both sides that no
7 further debate or discussion is needed on
8 these items at this time.

9 Number eight, nine, 10, 11, 12,
10 that's on the main Calendar.

11 On the first Addendum 17, 18, 19,
12 20, 21, 22, 23, 27, 28, 29, 30, 31, 32.

13 On the second Addendum 203-22, all
14 the other ones were 2023.

15 So again, those are all the items
16 that are on the Consent Calendar. Any
17 further debate and discussion? Motion by
18 Legislator Bynoe, seconded by Legislator
19 Giuffre.

20 Any further debate or discussion on
21 these Consent Items?

22 (Whereupon, no verbal

authorizing the County Executive to
execute Inter-municipal Agreements with
various municipalities for various
purposes.

CHAIRMAN GAYLOR: Present.

CLERK PULITZER: We have a quorum,
sir.

CHAIRMAN GAYLOR: Thank you.

So we have one item on the agenda
today, which is Clerk Item 11-23. Clerk
item 11-23 is an ordinance supplemental
to the annual appropriation ordinance in
connection with Public Works.

May I have a motion? Moved by
Legislator Schaefer, seconded by
Legislator Solages. The item is before
us.

Hello, Commissioner Arnold. Happy
New Year.

COMMISSIONER ARNOLD: So Item 11-23
is a supplemental appropriation
associated with our annual program for
transportation planning, the 2022-2023
Unified Planning Work program is for
\$965,000 with funding coming from the
Federal Government. This funding is used
by the Department for Labor associated
with the development and implementation

1
2 of the Regional Transportation Plan.

3 LEGISLATOR GAYLOR: All right. Thank
4 you, Commissioner. Do we have any debate
5 or discussion? Yes, ma'am. Legislator
6 Bynoe.

7 LEGISLATOR BYNOE: Thank you. Thank
8 you, Chair. I'm sorry, Did you say the
9 original plan?

10 COMMISSIONER ARNOLD: I don't think
11 I said original.

12 LEGISLATOR BYNOE: No. What was the
13 last few words of your --

14 COMMISSIONER ARNOLD: Regional.

15 LEGISLATOR BYNOE: Regional?

16 COMMISSIONER ARNOLD: Regional? Yes.

17 LEGISLATOR BYNOE: So that changes
18 regularly, Correct?

19 COMMISSIONER ARNOLD: I think every
20 five years, the State puts out a new
21 Regional Transportation Plan.

22 LEGISLATOR BYNOE: And is that in
23 concert with the air quality too?

24 COMMISSIONER ARNOLD: Air quality is
25 a component of it. There's congestion,

1
2 congestion mitigation, funding, and
3 that's part of the plan that they look
4 at. Yes.

5 LEGISLATOR BYNOE: And it's only
6 every five years?

7 COMMISSIONER ARNOLD: Well, the
8 Regional Plan is that's the -- I think
9 it's a 40 year look ahead is every five
10 years. Then you have the Transportation
11 Improvement Plan, which we refer to as
12 the TIP. That's a four year cycle. And
13 we just recently completed the TIP for
14 the next four years, and that's also part
15 of this. It's all part of the bigger
16 picture.

17 LEGISLATOR BYNOE: So are there
18 areas in particular we're concentrating
19 on? This air quality planning? Have we
20 identified those areas or does the state
21 do it for us?

22 COMMISSIONER ARNOLD: What typically
23 happens is we look for what county
24 projects would fit under. We call it CMAC
25 congestion mitigation funding. Most of

1
2 our traffic signal work is CMAC funding.
3 Also, our bus purchases is mostly CMAC
4 funding also.

5 LEGISLATOR BYNOE: Got it. Perfect.
6 Thank you.

7 LEGISLATOR GAYLOR: And those buses,
8 they're operating on natural gas, which
9 is less fumes, and that's how it kind of
10 qualifies.

11 COMMISSIONER ARNOLD: Less
12 emissions.

13 LEGISLATOR GAYLOR: Less emissions.

14 COMMISSIONER ARNOLD: Yes. And
15 natural gas. And then that's why we're
16 looking towards the next phase of zero
17 emissions, which is electric buses or
18 hydrogen.

19 LEGISLATOR GAYLOR: Okay.

20 COMMISSIONER ARNOLD: Natural gas is
21 considered low emissions.

22 LEGISLATOR GAYLOR: Good. Thank you.
23 Do we have any public comment, any of the
24 legislators, first of all? Legislator
25 Giuffre.

LEGISLATOR GIUFFRE: What's FTA?

COMMISSIONER ARNOLD: Federal
Transit Administration.

LEGISLATOR GIUFFRE: And FHWA?

COMMISSIONER ARNOLD: Federal
Highway Agency. I forget. I think it's
just highway.

LEGISLATOR GIUFFRE: You mentioned
the four year --

COMMISSIONER ARNOLD: The
Transportation Improvement Plan.

LEGISLATOR GIUFFRE: Right. When did
that four year period conclude?

COMMISSIONER ARNOLD: It's in the
process of getting approved right now.

LEGISLATOR GIUFFRE: And it will run
for what, four years?

COMMISSIONER ARNOLD: Years, I
think, till 2026 or '27. The State and
the Federal each have separate TIPS, so
one runs to '26, one runs to '27.

LEGISLATOR GIUFFRE: And they'll
start This year, '23?

COMMISSIONER ARNOLD: Yes.

1

2

LEGISLATOR GIUFFRE: So it will be
'23, '24, '25, '26.

3

4

COMMISSIONER ARNOLD: Yep. And I
think --

5

6

LEGISLATOR GIUFFRE: The other one
will run '24, '25, '26, '27.

7

8

COMMISSIONER ARNOLD: Yeah. Okay.

9

10

LEGISLATOR GAYLOR: All right.
Legislator Schafer.

11

12

13

14

LEGISLATOR SCHAEFER: Sure. Hi,
Commissioner, just one quick question.
Our electric buses, we have some running
out there already; is that right?

15

16

COMMISSIONER ARNOLD: We have some
on order. None are running yet.

17

18

19

20

LEGISLATOR SCHAEFER: They're not
running yet. Do you have any idea when
they're going to start running? I
thought that was supposed to be --

21

22

23

24

25

COMMISSIONER ARNOLD: I'm not 100%,
I'd be guessing at this point. I know
that they were ordered. I know we also
have to build the infrastructure for
charging them. That's an ongoing item

1
2 with NICE buses as we speak. I think at
3 least a year out.

4 LEGISLATOR SCHAEFER: Okay. Thank
5 you.

6 LEGISLATOR GAYLOR: Any public
7 comment?

8 MS. MEREDAY: Meda J. Mereday.

9 Yes. I think I have one of these
10 plans from maybe about 20 years ago. And
11 it spoke to the historic disparities and
12 geographic transportation deserts that
13 I'm hoping we can work towards, because
14 we have an increased number of seniors
15 and those who are not driving who
16 definitely need these buses. And talking
17 to local residents, their concerns are
18 about some of the bus routes that were,
19 for whatever reason, fiscal staffing were
20 discontinued.

21 So in terms of looking at the
22 transportation improvement plan, I'm just
23 hoping that all of the legislators are
24 reaching out to their constituents to
25 find out what their specific needs are in

1
2 terms of re-upping those lines and
3 getting their input as part of this plan.
4 And particularly, again, for our seniors.

5 And the congestion mitigation
6 funding, I'm hoping again that we are
7 incorporating programs that are working
8 with maybe our young people to get them
9 more involved and engaged in their local
10 communities and possibly looking at these
11 types of areas, transportation,
12 environment, as a career choice because
13 it is something that will have lasting
14 benefit because you'll always, generally,
15 have a job. But I too am curious as to
16 when we're going to have the electric
17 buses running. But I will say that the
18 buses that are at least in our area, the
19 35, 37, etc., are breaking down less. So
20 I don't know if that's because we have
21 improved the mechanical services or the
22 maintenance schedule for them, but they
23 were historically breaking down on a
24 regular basis. So I would like to
25 definitely put that out there that the

1
2 buses that are out there are definitely
3 running a lot better, a lot more
4 consistent, which is important for the
5 increased number of our residents that
6 have to use public transport.

7 But I'm hoping again that we're
8 looking at, again, maybe those mini
9 buses, shorter routes, again, broadening
10 the scope with regard to trying to
11 provide direct access. Because, again, we
12 have a large majority of our residents in
13 healthcare that work on the north shore,
14 but they live on a south shore. That
15 transport north and south is still very
16 difficult for them. So just wanted to put
17 that out there as we're looking at this
18 regional transportation plan and making
19 sure that we have public input. Thank
20 you.

21 LEGISLATOR GAYLOR: No, thank you,
22 Miss Mereday, and happy New Year.
23 Appreciate your comments, as always.

24 Commissioner Arnold. Does any of
25 this money go into restoring routes, bus

1
2 routes? Or could it be used to restore
3 some bus routes?

4 COMMISSIONER ARNOLD: No, this is
5 this is the funding that's capital in
6 nature.

7 LEGISLATOR GAYLOR: Gotcha. All
8 right. And when when do you think the
9 entire fleet of buses will be
10 transitioned over to electric?

11 COMMISSIONER ARNOLD: I am not sure.
12 That is the ultimate goal. We have to
13 look at route lengths and different
14 things of that nature.

15 The first set of buses that are
16 going to be electric are the BRT buses
17 that are proposed from the Village of
18 Hempstead to the Hub. That's the first.
19 And then after that, there's various
20 south shore routes that we're looking at
21 also.

22 LEGISLATOR GAYLOR: So this like
23 there's like a ten year plan, 15 to
24 convert?

25 COMMISSIONER ARNOLD: Probably a 30

1
2 or 40 year plan.

3 COMMISSIONER ARNOLD: Really? That
4 long?

5 COMMISSIONER ARNOLD: I mean new
6 buses have a lifespan of 20 years. We'll
7 still be buying natural gas buses for
8 another three, four or five years.

9 LEGISLATOR GAYLOR: Gotcha. Okay.
10 Thank you.

11 Okay. All in favor, please signify
12 by saying "Aye".

13 (Whereupon, all members of
14 the PW and Parks Committee
15 respond in favor.)

16 LEGISLATOR GAYLOR: No one's
17 opposed. Okay. This. This item passes
18 unanimously. There is no other business
19 before this committee. So may I have a
20 motion to adjourn?

21 Moved by Legislator Giuffre,
22 seconded by Legislator Drucker. Thank
23 you.

24 All those in favor?

25 (Whereupon, all members of

the PW and Parks Committee
respond in favor.)

LEGISLATOR GAYLOR: All right. This
committee is now adjourned.

Health is next.

1
2 CHAIRWOMAN FORD: Good afternoon. At
3 this time I will call the Public Safety

5 to call the roll.

6 CLERK PULITZER: Thank you, Ma'am.

7 Legislator Debra Mule?

9 CLERK PULITZER: Legislator Siela
10 Bynoe?

11 LEGISLATOR BYNOE: Here.

12 CLERK PULITZER: Ranking Member
13 Joshua Lafazan?

18 CLERK PULITZER: Legislator Mazi
19 Melesa Pilip?

20 LEGISLATOR PILIP: Here.

21 CLERK PULITZER: Vice Chairman Rose
22 Walker?

23 LEGISLATOR WALKER: Here.

24 CLERK PULITZER: Chairwoman Denise
25 Ford?

CHAIRWOMAN FORD: Here.

CLERK PULITZER: We have a quorum,
Ma'am.

CHAIRWOMAN FORD: Thank you very
much, sir.

Before we start the Committee and we
call the items, I just want to
acknowledge that today is Law Enforcement
Appreciation Day. So I think I could
speak on behalf of the members of the
Public Safety Committee our appreciation
for the work that our Law enforcement
does not only in the county, but all
throughout the state and everywhere. So
thank you to all that serve and risk
their lives on a daily basis.

All right. There are a couple of
items on the agenda today. The first one
is Clerk Item 8-23. Clerk Item 8-23 three
is an ordinance supplemental to the
annual appropriation ordinance in
connection with the District Attorney may
have a motion?

Moved by Legislator Walker, seconded

1
2 by Legislator Ferretti. The item is
3 before us. Good afternoon, sir.

4 ADA MCDERMOTT: Good afternoon.
5 Chairwoman, Legislators. Dennis
6 McDermott, Assistant District Attorney.
7 This is an appropriation of \$114,300 on a
8 grant respecting motor vehicle theft and
9 insurance fraud prevention. It was
10 awarded by the New York State Division of
11 Criminal Justice Services. There's also
12 a grant that is given to the police, but
13 for the District Attorney's efforts, we
14 target medical mills and autobody shops
15 that are suspected of no fault fraud and
16 we emphasize undercover investigations,
17 and most of this, if not all, goes to
18 salaries.

19 CHAIRWOMAN FORD: So you would
20 actually then send like ADAs or your
21 private investigator --

22 ADA MCDERMOTT: We have a team of
23 investigators. We have a unit designed
24 for that and, yes, they would go
25 undercover.

1
2 CHAIRWOMAN FORD: Wow. Thank you.
3 All right. Any comments, questions from
4 the Legislature?

5 (Whereupon, no verbal
6 response.)

7 CHAIRWOMAN FORD: Any public
8 comment? Thank you.

9 ADA MCDERMOTT: Thank you.

10 MS. MEREDAY: Meda J. Mereday.

11 Just in terms of this grant, because
12 a number of these grants, when I hear
13 about it and they come and they speak
14 about it, they say that largely it's tied
15 to salaries and benefits. I'm just
16 curious as to if any part of that, any
17 portion of that is geared towards public
18 awareness. Not the identification of
19 undercover officers; I get that. But if
20 this type of scenario, which is
21 important, is this project here
22 incorporating the issue with the
23 catalytic converters or is that separate
24 or is it also including equipment for
25 these officers to do public safety?

1
2 You know, we can promote that we
3 hire more officers, but half of them are
4 still riding shotgun in beat down patrol
5 cars. So I'm just asking about a supply
6 aspect that's also a problem within the
7 Police Department. So is that
8 incorporated in this and awareness of the
9 public being notified as to certain
10 things that are going on so they don't
11 get cheated to begin with, that kind of
12 thing?

13 So I'm just trying to hope that in
14 2023 we can focus on being more
15 proactive. Consumer protection versus
16 residents coming and talking about things
17 that they can see going on and we don't
18 have the resources to address it. Thank
19 you.

20 CHAIRWOMAN FORD: Thank you. Just
21 come up, you could probably --

22 ADA MCDERMOTT: And just quickly,
23 this grant is only for the District
24 Attorney's office. Separate ones are
25 issued to the Police. I do not know how

1
2 they do it. The proceeds from this grant
3 is used mostly by our investigators for
4 undercover investigations.

5 CHAIRWOMAN FORD: So, Meda, that
6 would be that they would use it behind
7 the scenes.

8 But you bring up a good point,
9 because I think that when we educate the
10 public -- we currently now have the
11 Police Department has sent out about
12 telling people to make sure when you're
13 pumping your gas that you take your keys
14 with you when you lock your car because
15 people are getting -- So you see that
16 campaign starting up, and when they were
17 talking about the catalytic converters.
18 So we need to make people more aware of
19 the crimes that are being committed.
20 Because a lot of times you can prevent
21 crimes if you remember -- even for me, I
22 never thought when I was pumping gas that
23 somebody would actually come and just
24 take my car. Now, I know that when I'm
25 pumping gas, I have my keys with me. So

1
2 they can't go, there's no way that that
3 car is going to go without the key in the
4 car.

5 But it is important. And you bring
6 up a good point that I think that we need
7 to make sure that we get the tools
8 necessary. And I know with the police
9 cars and a lot of the equipment, we're
10 just waiting on the Capital Plan to go
11 through so we can fulfill those
12 obligations.

13 MS. MEREDAY: And do we have an idea
14 when the Capital Plan is coming through?
15 Because we now have officers that are two
16 and three in one in one beat up car.

17 CHAIRWOMAN FORD: I believe we
18 should be getting it by the end of this
19 month.

20 Thank you.

21 MS. MEREDAY: Thank you. You're
22 welcome.

23 Legislator Walker.

24 LEGISLATOR WALKER: Meda, I just
25 wanted to add to that also, I know that I

1
2 could probably say for all the
3 legislators, but, you know, we do,
4 whether it's E-teams or our newsletters,
5 sometimes my newsletter is focused on
6 public safety. And I try to make my
7 residents aware of so many of those
8 things that are out there that are
9 happening, what they can do to prevent
10 it, or at least hope it doesn't happen to
11 them. Sometimes with all the things we
12 do, even as far as fraud and letting
13 people know about fraud issues -- I just
14 had an issue where my bank account was
15 involved in a fraud situation. So
16 sometimes it happens to us, even though
17 we know what we should be looking for; it
18 happens. But the more we can educate all
19 of our residents on all of those little
20 issues is very important. And I know we
21 do try to do it in any way that we
22 possibly can.

23 MS. MEREDAY: Yes. So just just as
24 as long as we're looking and we're moving
25 forward. Sometimes it's the small details

1
2 that are kind of more important and more
3 productive.

4 But most important, if we can't get
5 cars just to be in areas that are known
6 speed traps, particularly where we are in
7 Baldwin and near Southern State Parkway,
8 because the officers are literally two
9 and three in a car that's now almost ten,
10 12, 15 years old. We don't have enough
11 equipment to leave a beat up car to
12 hopefully slow down speeders. I mean, the
13 number of fatalities by us is on the
14 increase.

15 So we really have to think
16 proactively about saving lives and
17 incorporating whatever resources we can
18 to increase the number of crossing guards
19 that we have there so that we can get
20 more officers to patrol the streets in
21 the highways and protect our
22 neighborhood. So I appreciate your
23 responses. Thank you very much.

24 CHAIRWOMAN FORD: Okay. All those
25 in favor of passing this item forward,

1
2 please signify by saying "Aye".

3 (Whereupon, all members of
4 the Public Safety Committee
5 respond in favor.)

6 CHAIRWOMAN FORD: Any opposed?

7 (Whereupon, no verbal

1
2 CHAIRWOMAN FORD: I'm going jump
3 around a bit, but we have one item that's
4 going to be untabled, but I'm going to
5 wait. We'll go to the addendum because
6 it's in connection with one of the items
7 that's on the addendum. If that's all
8 right with everybody. All right.

9 So may I have a motion to suspend
10 the rules? Moved by Legislator Pilip,
11 seconded by Legislator Ferretti. All
12 those in favor of of this, please signify
13 by saying "Aye".

14 (Whereupon, all members of
15 the Public Safety Committee
16 respond in favor.)

17 CHAIRWOMAN FORD: The rules have
18 been suspended.

19 There are three items on the agenda
20 today which are Clerk Item number 18-23;
21 23-23; 27-23. Clerk Item number 18-23 is
22 an ordinance supplemental to the annual
23 appropriation in connection with the
24 medical examiner.

25 Who was here from the

1
2 administration? Good afternoon.

3 MR. NOLAN: Good afternoon. Chris
4 Nolan. Office of Management and Budget.
5 Item 18 of 23 is a supplemental
6 appropriation for the medical examiner of
7 FY 2022/2023 Paul Coverdale Grant funds
8 In the amount of \$54,656. The funding is
9 to be used to supplement grant general
10 fund dollars to maintain accreditation
11 within the toxicology lab. And there Is
12 additional funding Provided to support
13 activities as they relate to opioid drug
14 testing.

15 Do you have any questions?

16 CHAIRWOMAN FORD: And is that where
17 it says here for instrumentation and lab
18 equipment; do we need to buy different
19 equipment to test opioid and perhaps
20 fentanyl and whatever?

21 MR. NOLAN: I can't speak to some of
22 the specifics of it, but they are using
23 some of the funds to maintain the
24 equipment that they have, as well as then
25 for opioid drugs testing.

CHAIRWOMAN FORD: Any questions or
comments from the Legislature?

(Whereupon, no verbal
response.)

CHAIRWOMAN FORD: All right. Any
public comment?

(Whereupon, no verbal
response.)

CHAIRWOMAN FORD: I see none. Thank
you.

MR. NOLAN: Thank you.

CHAIRWOMAN FORD: All those in favor
of passing this item, please signify by
saying "Aye."

(Whereupon, all members of
the Public Safety Committee
respond in favor.)

CHAIRWOMAN FORD: Any opposed?

(Whereupon, no verbal
response.)

CHAIRWOMAN FORD: The item passes
unanimously.

1
2 CHAIRWOMAN FORD: Clerk Item number
3 27-23 is an ordinance supplemental -- I'm
4 sorry. Jumping ahead. Clerk Item 21-23 is
5 an ordinance supplemental to the annual
6 appropriation ordinance in connection
7 with the Police Department. We have a
8 motion by Legislator Pilip, seconded by
9 Legislator Walker.

10 Good afternoon.

11 INSPECTOR FIELD: Good afternoon.
12 William Field, Inspector with the Police
13 Department.

14 Item 21-23 is two supplemental
15 appropriations. The first one is from
16 funding received from the COVID 19 Cares
17 Act. This funding will be used to assist
18 us with offsetting salary expenses from
19 our Emergency Ambulance Bureau members.

20 The second item is a supplemental
21 appropriation of asset forfeiture funding
22 to be moved into our salary lines to be
23 used as per the equitable Sharing Federal
24 guidelines.

25 CHAIRWOMAN FORD: So the first part,

1
2 the 1.3 will go back to the medics. That
3 was to cover the cost of perhaps their
4 overtime during the COVID pandemic?

5 INSPECTOR FIELD: Exactly. Any
6 eligible expense towards their salary
7 that we can use per the guidelines.

8 CHAIRWOMAN FORD: Well, they worked
9 very hard. I mean, I think those medics
10 almost worked nonstop. And some of the
11 conditions they worked in were rather
12 dangerous. So God bless them and the work
13 that they did. So any comments or
14 questions from the Legislature?

15 (Whereupon, no verbal
16 response.)

17 CHAIRWOMAN FORD: Public comment?

18 (Whereupon, no verbal
19 response.)

20 CHAIRWOMAN FORD: I see none. Thank
21 you very much.

22 INSPECTOR FIELD: Thank you.

23 CHAIRWOMAN FORD: All those in favor
24 of passing this, please signify by saying
25 yes.

(Whereupon, all members of
the Public Safety Committee
respond in favor.)

CHAIRWOMAN FORD: Any opposed?

(Whereupon, no verbal
response.)

CHAIRWOMAN FORD: The item passes
unanimously.

1
2 CHAIRWOMAN FORD: So we have now
3 Clerk Item 27-23 is an ordinance
4 supplemental to the annual appropriation
5 and ordinance in connection with the
6 Probation Department. Can I have a
7 motion?

8 LEGISLATOR WALKER: So moved.

9 CHAIRWOMAN FORD: Legislator Walker
10 Seconded by Legislator Pilip.

11 This item is before us. Before I
12 call up the Probation Department, I am
13 now going to make a motion to untable.
14 Item number 203-22, which is an ordinance
15 supplemental to the annual appropriation
16 ordinance in connection with the
17 Probation Department. May I have a motion
18 to untable this?

19 LEGISLATOR FERRETTI: So moved.

20 CHAIRWOMAN FORD: Legislator
21 Ferretti, seconded by Legislator Mule.

22 (Whereupon, off the record
23 discussion.)

24 CHAIRWOMAN FORD: I'm sorry. All
25 those in favor of untabling this item,

1
2 "Aye".

3 (Whereupon, all members of
4 the Public Safety Committee
5 respond in favor.)

6 CHAIRWOMAN FORD: Any opposed?

7 (Whereupon, no verbal
8 response.)

9 CHAIRWOMAN FORD: Now, to move this
10 item forward, Legislator Ferretti,
11 seconded by Legislator Lafazan. All
12 right, so the item is before us.

13 So, gentlemen, we have both items
14 27-23, which is an ordinance supplemental
15 in connection with the Probation
16 Department, as well as item 203-22, which
17 is also a supplemental to the Probation
18 Department.

19 MR. SCHLIRO: Joe Schliro, Fiscal
20 Officer Department of Probation.

21 The two items before you encompass
22 alternatives to incarceration, the
23 pretrial services; and also two of the
24 other items are the gift grant as well as
25 reentry grant. The 27-23 encompasses the

1
2 gift grant as well as the reentry
3 program. Those are separate from the
4 pretrial. The pretrial is the other
5 1,700,000 that's part of that, which also
6 is in addition to the previous item that
7 had been tabled and is now untabled. That
8 item, the \$307,672 had been the original
9 grant that was awarded to Nassau County
10 for pretrial covering July 1st of 2022
11 through June 30th of 2023. In addition to
12 that, the State awarded an additional
13 \$1.7 million to us to utilize towards
14 pretrial services as well as that,
15 population has grown because of the
16 legislation that has been enacted. And
17 that's what the four grants which are
18 encompassed by the two items cover.

19 CHAIRWOMAN FORD: What was the
20 funding from the 203, the first item;
21 what was that total amount?

22 MR. SCHLIRO: That's GIV that's;
23 Guns Involved in Violence.

24 CHAIRWOMAN FORD: What was the total
25 amount of the funding? You said it, I'm

1
2 sorry I didn't --

3 MR. SCHLIRO: That's okay. GIV is
4 \$192,084. And the reentry is 201,270.
5 201,272 (sic) is a passthrough that goes
6 through probation to parole to fund
7 reentry services for release prisoners.

8 CHAIRWOMAN FORD: And so those two
9 items fall under the 203-22, right?

10 MR. SCHLIRO: The 27-23. And then
11 additionally, with the 27-23 is the
12 additional 1.7 million additional funding
13 that was awarded to the County by the
14 State to further support pretrial
15 services, in addition to the normal grant
16 that's been in existence for the last 30
17 years or so.

18 CHAIRWOMAN FORD: So this is
19 additional. All right. Legislator Mule.

20 LEGISLATGOR MULE: Thank you, Madam
21 Chair.

22 So the Legislature had tabled that
23 one item. Were the services provided,
24 despite the fact that --

25 MR. SCHLIRO: It's a mandated

1
2 program.

3 LEGISLATGOR MULE: So that had no
4 effect on the actual services.

5 MR. SCHLIRO: No effect on providing
6 the services, it's mandated. We have to
7 provide the pretrial services.

8 Basically, what happens is the
9 defendants are ordered to appear to the
10 District Court Office of Pretrial
11 Services, and that's where they have
12 normal probation supervision, as if they
13 had been sentenced to pretrial. But it's
14 an impetus program for Nassau County to
15 stay in contact with those defendants and
16 keep them in contact with the law
17 enforcement program.

18 LEGISLATGOR MULE: Okay. Thank you.

19 CHAIRWOMAN FORD: Legislator Bynoe.

20 LEGISLATOR BYNOE: Thank you, Madam
21 Chair. Good day. Is there somebody who
22 could speak to programs?

23 MR. SCHLIRO: Juliet?

24 MS. CAPPELLETTI: Good afternoon.

25 LEGISLATOR BYNOE: Good afternoon.

1
2 They're going to want you to state your
3 name.

4 MS. CAPPELLETTI: Juliet
5 Cappelletti.

6 LEGISLATOR BYNOE: Thank you,
7 Juliet. Question about the reentry
8 program.

9 MS. CAPPELLETTI: Oh, no, I'm sorry.
10 I thought you wanted about the pretrial.

11 MR. SCHLIRO: I thought you said you
12 wanted about the pretrial.

13 LEGISLATOR BYNOE: No, about
14 programs in general. If there is somebody
15 who can speak about programs.

16 MR. SCHLIRO: Juliet is the Deputy
17 Director for District Court, so she
18 handles the pre-trial programs. Reentry
19 is a pass-through that's handled by
20 parole. We're not involved in program at
21 all on reentry.

22 LEGISLATOR BYNOE: Okay. All right.
23 So you can't answer any of my questions.

24 MR. SCHLIRO: She can answer any
25 questions related to pre-trial.

1
2 LEGISLATOR BYNOE: No, no, not the
3 pretrial. Thank you. I understand that
4 and happy that you're finally getting the
5 money to recoup the funds that we already
6 spent. Definitely wanted to talk about
7 reentry, but thank you.

8 MR. SCHLIRO: Again, reentry is a
9 parole program. The funds channel through
10 us and that's the extent of probation
11 involved within it, except for working in
12 identifying the provider of that program.

13 LEGISLATOR BYNOE: But that goes to,
14 like you said, parole.

15 MR. SCHLIRO: It's parole. Strictly
16 under parole.

17 LEGISLATOR BYNOE: That basically
18 answers my question then to the extent
19 that I wanted to know what kind of
20 services reentry provided and, if, in
21 fact, those programs could be provided to
22 those who have been ROR or released on
23 bail in some way where they might be able
24 to get some get some assistance with
25 housing and jobs and things like that.

1
2 MR. SCHLIRO: It's my understanding
3 they would not be released on bail.

4 LEGISLATOR BYNOE: Yeah, that's what
5 I'm saying. Parole is they've served
6 their time.

7 MR. SCHLIRO: Right. They served
8 their time and now this is to assist them
9 in entry into society.

10 LEGISLATOR BYNOE: I'm desperately
11 seeking opportunity to make sure that
12 those that are ROR or those that are
13 released under some other condition have
14 some ability to have services provided to
15 them so that we're not setting them up to
16 fail, just to reenter the system over and
17 over and over again. So that was why I
18 wanted to speak to someone regarding
19 programs. Thank you very much.

20 CHAIRWOMAN FORD: Thank you very
21 much. Any other legislators?

22 (Whereupon, no verbal
23 response.)

24 CHAIRWOMAN FORD: Any public
25 comment? Oh, come on up, Meda.

1
2 Thank you very much.

3 MS. MEREDAY: Yes. Good afternoon.

4 Meda J. Mereday.

5 Again, Legislator Bynoe's point.

6 Again, this speaks to having, reporting
7 and documentation with regard to any
8 types of trends, analysis, success
9 stories, areas of strength, weakness and
10 opportunities. We really have to focus on
11 why people are ending up in these
12 situations and how we can best address
13 their needs. And again, particularly when
14 we're talking about situations that
15 impact our underserved, our communities,
16 our young people, our seniors, our
17 veterans. They're getting into this
18 situation and we don't know what programs
19 are working, what programs are missing
20 until there's some type of tragedy or
21 major occurrence and then they say, oh,
22 there's breaks in the system, there's
23 systemic this, there's systematic that.
24 If we have an idea, because these
25 programs are already in place, that this

1
2 speaks to this is what is working, this
3 is what is needed.

4 If the tax dollar supported County
5 Legislature or government entities cannot
6 address it, then we need to branch out,
7 broaden our scope and bring in those
8 private sector organizations and entities
9 to address it.

10 You know, people are dying on the
11 vine out here. They need help. We have
12 parents that need help for their
13 children. These kids are out here acting
14 out and doing some dangerous things.
15 Everybody can't use the affluenza
16 defense. You know, people can talk about
17 the issues impacting cashless bail, and
18 there were some issues with that, but the
19 initial intent was designed for those who
20 did not have the resources. So it's like
21 let's not continue to throw things back
22 and forth and do shaming and blaming.
23 Let's work together to address some of
24 these issues and protect our resources.

25 Again, support all of our law

1
2 enforcement, probation, district
3 attorney. But also let's look towards
4 helping these families in these
5 communities that are straining at the
6 bit, getting no help for their children,
7 for their parents, for their loved ones
8 who are in crisis.

9 So I would like to see at least when
10 we're getting these grants or we're
11 getting these presentations that we, the
12 public, who don't have the access to the
13 information that you have that we're
14 hearing about what is working, where they
15 can get the information, how they can get
16 the help, and if they can't get the help
17 here, where they can go to get the help.

18 It's hard out here now that we're
19 dealing with -- particularly for what I'm
20 doing working with now between veteran
21 suicide and overall medical debt, it's a
22 scary scenario. And you have to keep
23 pleading the case here that there's
24 resources out there, but if you want to
25 keep churning out the same few little

1
2 dollars, you know, they're going in the
3 same little circle. And we've got now
4 close to 40 veterans a day who are
5 committing or attempting to commit
6 suicide and our young people are the
7 second growing constituency with suicide.

8 We need to do better and we need to
9 do it now. Thank you.

10 CHAIRWOMAN FORD: I echo your
11 sentiments. I believe that we need to
12 utilize the money that we got and start
13 putting the dollar to where it's going to
14 do the most benefit. So, yes, I agree
15 with you. Thank you.

16 Okay. All those in favor of passing
17 Item 2723 and 203-22, please signify by
18 saying "Aye".

19 (Whereupon, all members of
20 the Public Safety Committee
21 respond in favor.)

22 CHAIRWOMAN FORD: Any opposed?

23 (Whereupon, no verbal
24 response.)

25 CHAIRWOMAN FORD: The item passes

unanimously.

May I have a motion to adjourn?

Legislator Walker, seconded by Legislator
Bynoe. All those in favor, let's say
"Aye".

(Whereupon, all members of
the Public Safety Committee
respond in favor.)

CHAIRWOMAN FORD: We're adjourned.

Thank you.

Public Works is next.

(Adjourned, 2:06 p.m.)

CLERK PULITZER: We have a quorum,
Ma'am.

Before we start, I just want to wish
everybody a Happy New Year.

There are two items on the agenda
today. Clerk Item 10-23 is an ordinance
supplemental for the annual appropriation
ordinance in connection with the Health
Department. We have a motion, please, by
Legislator Schaefer, seconded by
Legislator Drucker.

Good Afternoon.

MS. DESIMONE: Good afternoon. Ann
DeSimone, Health Department. Happy New
Year, everyone.

Item 10-23 is a supplemental
appropriation in the amount of \$45,255
for the Bureau of Tuberculosis Control
and Prevention. These are federal funds
pass through to New York State, through
to the Health Department to facilitate
comprehensive services to individuals
from the Ukraine who are appropriately

1
2 evaluated for tuberculosis. These
3 individuals stay with sponsor families
4 and are required to get screened for TB
5 within 90 days of when they arrive in the
6 United States. Any questions?

7 CHAIRWOMAN WALKER: Any questions
8 from the Legislators?

9 (Whereupon, no verbal
10 response.)

11 CHAIRWOMAN WALKER: Any public
12 comment?

13 (Whereupon, no verbal
14 response.)

15 CHAIRWOMAN WALKER: Okay. Ann, thank
16 you. Hearing none.

17 MS. DESIMONE: Thank you.

18 CHAIRWOMAN WALKER: All those in
19 favor of Clerk Item 10-23 signify by
20 saying "Aye"

21 (Whereupon, all members of
22 the Health and Social Services
23 Committee respond in favor.)

24 CHAIRWOMAN WALKER: Okay. This will
25 move on to Finance.

1
2 Clerk Item 12-23 is an ordinance
3 supplemental to the Annual Appropriation
4 Ordinance in connection with the
5 Department of Human Services. We have a
6 motion, please, by Legislator Pilip,
7 seconded by Legislator Lafazan.

8 MS. ZAKI: Good afternoon,
9 Legislators, Seema Zaki, Department of
10 Human Services. I have four items under
11 12-23 Annual Supplemental Appropriations.

12 The first item is for methadone
13 maintenance treatment for the period
14 January to December 2023 for \$545,475.
15 And this is to provide methadone
16 maintenance, base treatment and provides
17 clients with necessary medical treatment,
18 counseling, psychiatric services for
19 women and children's programs and HIV
20 services.

21 The second item on under the Clerk
22 Item is appropriation for 22,708,845.
23 It's for the annual period from January
24 1st to December 2023. The program
25 provides outpatient services for chemical

1
2 dependency services, which is outpatient
3 services, gambling treatment and
4 prevention programs, medically monitored
5 withdrawal and stabilization programs.
6 The funding is from Oasis, which is
7 Office of Addiction Services and Support
8 services.

9 The third Item is from the Office of
10 Mental Health for the period January to
11 December 2023. It is the appropriation
12 for \$4,178,047. This program provides
13 wide range of mental health and chemical
14 dependency clinic treatment programs for
15 children.

16 And the last Item is again from New
17 York State's Office of Mental Health. It
18 is an appropriation for \$14,668,324. This
19 is for the adult services division of the
20 department, is responsible for a wide
21 area of programs and services to
22 individuals with mental health, illness
23 or chemical dependency disorder.

24 These are all state and federally
25 funded annual grants.

1
2 CHAIRWOMAN WALKER: Each of these
3 these grants are we work with other
4 organizations that help us in these
5 areas.

6 MS. ZAKI: Yes, Yes. Legislator This
7 is all -- especially the Office of Mental
8 Health Children and Adult and Chemical
9 Dependency, which is 22 million. This is
10 all sub recipients like this goes through
11 to the organizations, nonprofit
12 organizations.

13 CHAIRWOMAN WALKER: Could we just
14 get a list of every one of those
15 organizations?

16 MS. ZAKI: Sure, sure.

17 CHAIRWOMAN WALKER: For each and
18 every one of us. Especially now, things
19 are much more back to normal with COVID
20 and, especially with dealing with mental
21 health issues and opioid use. And, you
22 know, during that time, things really
23 where we were getting somewhat of a grip
24 on things, they've really gone downhill
25 and we really need to get those back and

1
2 do much better in that respect.

3 And a lot of our young people have
4 issues now because they were in such
5 isolation and just dealing with a lot of
6 things during that time. We always think
7 our kids deal with things great and
8 sometimes they don't always.

9 I'd just like to know those
10 organizations and then we can see how
11 those organizations feel that we're doing
12 and what can we do better.

13 MS. ZAKI: Sure. Especially for all
14 the chemical dependency programs, we get
15 a State Aid Letter which specifies who
16 gets what, what our organization gets how
17 much funding, whether it is gambling or
18 outpatient. It's very detailed breakdown
19 of who's getting what amount of state
20 aid. So we will provide the State Aid
21 Letter for all the chemical dependency
22 programs. And Office of Mental Health, We
23 will again provide the funding and all
24 the detail breakdown and the list of
25 providers that are receiving this funding

1
2 through us.

3 CHAIRWOMAN WALKER: Okay. Thank you.
4 Thank you. Welcome. Any other questions
5 or comments from the legislators?

6 LEGISLATOR GAYLOR: I have a
7 question.

8 CHAIRWOMAN WALKER: Sure.

9 LEGISLATOR GAYLOR: So if I'm to get
10 get this right, these four programs,
11 which seems like most of the money is
12 going towards some kind of chemical
13 dependency program, the majority of the
14 money, because I only see four gambling
15 treatment prevention programs and it
16 looks like all the rest has some relation
17 to opioids, drugs, chemical dependency.
18 That's \$50 Million. We have a problem in
19 Nassau County with drug dependency? Drug
20 use? Opioid addiction?

21 MS. ZAKI: Legislator, this is 22
22 million. This is an annual grant for
23 many, many years. I can get back to you
24 with an answer for your question.

25 LEGISLATOR GAYLOR: It's fine. It's

1
2 more of a rhetorical question. It seems
3 like we're passing \$50 million worth of
4 funds to treat a drug problem here in
5 Nassau County. And what are we doing to
6 to correct the drug problem itself versus
7 just treating the symptoms here? That's
8 the question. You don't have an answer
9 and I know you don't.

10 MS. ZAKI: I can definitely get back
11 to you. The program director needs to
12 respond to your question.

13 LEGISLATOR GAYLOR: I'd like to hear
14 that answer. That's all I have, Madam
15 Chair.

16 CHAIRWOMAN WALKER: Sure, I agree.
17 I'm thinking to myself, it's a lot of
18 money. And now we have the opioid funds
19 that have come in that we're trying to
20 make sure we can utilize in a positive
21 way. But it seems like there's a lot of
22 money that's here and being spent, but
23 yet our problem doesn't get better. It
24 gets worse. I'm not saying the money is
25 making it worse, but I mean, what can we

1
2 do to really make it better and put a
3 dent in this?

4 It's just a sad situation because
5 too many people and young people and
6 well, people of all ages, are dying and
7 and here's a lot of money being spent.
8 And I think that was really what Bill was
9 getting to.

10 LEGISLATOR SOLAGES: If I may, Madam
11 Chair, I'm not on this Committee, but I
12 thank you for the opportunity to be on
13 this committee today and I appreciate my
14 colleague from Valley Stream his
15 question. And I would suggest that there
16 may be an effort or task force to see how
17 this funding is applied and use
18 equitably. There was a quote by Frederick
19 Douglass that says, "it is far more easy
20 to correct children than to fix broken
21 men and women." And so I would like to
22 see an analysis to see how this money is
23 being distributed equally throughout the
24 county to all programs. That's all.
25 Nothing further. Thank you.

1
2 CHAIRWOMAN WALKER: And that's why
3 I'd like to know, like all the programs.
4 Are some really working great and others
5 aren't so great. Maybe they can all help
6 each other, but to address it better. And
7 I don't expect you to have those answers
8 because --

9 MS. ZAKI: This is this comes from
10 New York state, the State Aid, like
11 specifically who gets what. The County
12 has no say or the Department has no say
13 in it. But we'll provide you the list of
14 all the providers.

15 CHAIRWOMAN WALKER: Okay. Thank you.

16 MS. ZAKI: You're welcome. Any other
17 questions or comments from our
18 legislators?

19 (Whereupon, no verbal
20 response.)

21 CHAIRWOMAN WALKER: Any public
22 comment?

23 Ms. Mereday.

24 MS. MEREDAY: That's part of the
25 answer to the question right there. They

1
2 have bunched together the chemical
3 dependency umbrella that includes not
4 only drug use, but also alcoholism. So
5 that includes prescription drugs, the
6 increase of legal drugs, illegal drugs
7 and alcohol. So having worked when there
8 was a Nassau County Department of Drug
9 and Alcohol Addiction, that's where I
10 interned, that's where I worked. That's
11 where my mother worked and set up
12 programs, including the Stop DWI program,
13 working with the Nassau County Jail.

14 I can speak with authority and
15 credentials, not embellishments, that
16 there is a significant drug problem in
17 this country and in this county. Fifty
18 million dollars is a drop in the bucket
19 for the types of research, resources and
20 support services that families need to
21 address these problems. And if you live
22 on the south shore, especially where I
23 live off of Exit 20, where you hear on a
24 regular basis about someone with a drug
25 induced or an alcohol induced scenario

1
2 running into someone or running off the
3 road. This is an issue that needs to be
4 addressed. So whatever resources,
5 agencies, organizations, we have to step
6 up and address this issue. I've heard
7 this body speak about the Fentanyl and
8 the Narcan. I've witnessed in the Third
9 District where they literally had to
10 revive someone who was taking drugs.
11 Fortunately for him, he was right up the
12 block from the Precinct so they could get
13 the equipment to save his life. So when
14 we talk about this, let's make sure that
15 you all who are making the decisions that
16 are impacting, the residents of this
17 county are aware and understand the
18 importance of providing this and more to
19 address those issues and the mental
20 health concerns of parents who have no
21 place to put their adult child who has
22 mental health issues. That you're getting
23 overmedicated and then designated back to
24 the parents. And then again, when
25 somebody dies, when innocent parties

1
2 become victimized, then we want to say,
3 what happened? How did the system fail?
4 So it's almost like I take a front to
5 having -- and I understand where you came
6 from with that question because I know
7 your heart and your commitment in the
8 community, but we really have to look at
9 and we've got to take the blinders off
10 now and do what we need to do to address
11 this issue. So it's not just, oh, my God,
12 these illegal drugs are out there and
13 it's like NIMBY, not in my backyard,
14 because it's in everybody's backyard,
15 front yard and within their home, within
16 their family, within their community. And
17 we have to stop the nonsense of ignorance
18 and act like we don't know this is
19 happening and work together to address
20 it.

21 As I said, our underserved and
22 precious cargo, our children, our
23 veterans and our seniors are dying. We
24 have to do better and it has to start
25 now. Thank you.

CHAIRWOMAN WALKER: Thank you, Meda.
Any other questions or comments from the
public hearing.

(Whereupon, no verbal
response.)

CHAIRWOMAN WALKER: Hearing none.
All those in favor of Clerk Item 12-23
signify by saying "Aye".

(Whereupon, all members of
the Health and Social Services
Committee respond in favor.)

CHAIRWOMAN WALKER: Then this will
move on to finance also. There's no
other business before this committee.

May I have a motion to adjourn. By
Legislator Schaefer, seconded by
Legislator Solages.

All in favor of adjourning signify
by saying "Aye".

(Whereupon, all members of
the Health and Social Services
Committee responded in favor.)

CHAIRWOMAN WALKER: We are
adjourned. Finance Committee is next.

(Whereupon, Health and
Social Services Commission
adjourns, 2:35 p.m.)
