CONTRACT FOR SERVICES

THIS AGREEMENT (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date this Agreement is executed by the County of Nassau (the "Effective Date"), between (i) Nassau County, a municipal corporation having its principal office at One West Street, Mineola, New York 11501 (the "County") acting on behalf of the County Department of Public Works, having its principal office at 1194 Prospect Avenue, Westbury, New York 11590 (the "Department") and (ii) H2M Architects + Engineers, DPC, having its principal office at 538 Broad Hollow Road, 4th Floor East, Melville, NY 11747 (the "Firm" or the "Contractor").

WITNESSETH:

WHEREAS, the County desires to hire the Firm to perform the services described in this Agreement;

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter; and

WHEREAS, the Firm desires to perform the services described in this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term.

The term of this Agreement shall commence upon the date (the "Commencement Date") that is set forth in a written notice from the Department to the Contractor authorizing the Contractor to commence with the performance of the Services (as defined below) and shall terminate on the twenty-fourth (24th) month from the Commencement Date ("Expiration Date") unless sooner terminated or extended in accordance with its terms. The Commencement Date shall be on or after the Effective Date. Notwithstanding the foregoing, the Department, in its sole discretion, shall have the right to extend this Agreement for a period of up to two (2) years by delivering a notice of extension to the Firm at least thirty (30) days prior to the Expiration Date. The Agreement so extended shall be on the same terms, conditions and covenants as during the initial term except that the Expiration Date shall be modified in accordance with the notice of extension.

2. Services.

(a) The services to be provided by the Firm under this Agreement for the S3P312-04C Harwood Drive and Southridge Drive Pump Station Improvements, shall consist of those specific work divisions and deliverables as enumerated in the "Detailed Scope of Services," attached hereto and hereby made a part hereof as Exhibit "A".

(b) At any time during the term of this Agreement, the County may, in its sole and absolute discretion, require the Firm to perform Extra Services. The Firm shall not perform, nor be compensated for, Extra Services without the prior written approval of the Commissioner. The Firm agrees to perform any such Extra Services in accordance with the terms and conditions contained in this Agreement. As used herein, "Extra Services" means additional services which are (i) generally within the scope of services set forth in this Agreement, (ii) necessary or in furtherance of the goals of this Agreement and (iii) not due to the fault or negligence of the Contractor.

(c) The following items are not included in the Firm's fee, and shall be reimbursable at an actual cost as expenditures in the interest of the project, provided (i) they have been approved in advance by the Commissioner of the Department in writing, in his/her sole discretion, (ii) are not considered services as set forth in this Agreement, and (iii) subject to compliance with the County's bill paying procedures:

(1) The direct cost of expenses for travel to locations other than the County and or the project site, including transportation (coach unless otherwise authorized by the County), reasonable meal and lodging expenses, at rates established by the County for its own employees, and as have been approved in advance by the County.

(2) Testing Laboratory Services.

(3) Messenger service and cables as not necessarily incurred in the performance of services hereunder by the Firm and their sub-consultants.

(4) Final models, photographs and renderings as requested by the County.

(5) Reproduction of design development and construction document drawings, specification, reports and other documents furnished to, or on behalf of, the County in excess of five (5) copies each. Any items prepared on behalf of the Firm or their sub-consultants shall not be paid for by the County.

(6) Other comparable expenses as approved by the County.

3. Payment.

(a) Amount of Consideration. The amount to be paid to the Firm as full consideration for the Firm's services under this Agreement, including any extra services that may be so authorized, shall be payable as itemized in the "Payment Schedule," attached hereto and made a hereby part hereof as Exhibit "B". Notwithstanding the foregoing, the maximum amount to be paid the Firm's services under this Agreement, including any Extra Services that may so be authorized, shall not exceed Two Hundred Sixty Thousand Dollars (\$260,000.00) (the "Maximum Amount").

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Firm in arrears and shall be contingent upon (i) the Firm submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided, and the payment requested as consideration for such services, (b) certifies that

the services rendered, and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Claims for Payment. The Firm shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Firm and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Firm following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Firm received notice that the County did not desire to receive such services.

(f) Payments Relating to Services Rendered by Subcontractors. The County retains the right, but not the obligation, prior to making any payment to the Firm, to demand that the Firm furnish to the County, proof acceptable to the County, in its sole and absolute discretion, that all due and payable claims made by subcontractors in connection with this Agreement have been paid to date or are included in the amount being requested by the Firm.

4. Ownership and Control of Work Product

(a) Copyrights.

(i) Upon payment for same pursuant to this Agreement, any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials in any format related to such items, excepting the Firm's file copies shall become the exclusive property of the County.

(ii) Any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement ("Copyrightable Materials") shall be considered "work-made-for-hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101, and the County shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might exist. To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Firm hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens, claims, or other encumbrances. The Firm shall retain no copyright or intellectual property interest in the Copyrightable Materials, and they shall be used by the Firm for no other purpose without the prior written permission of the County.

(iii) The Firm acknowledges that the County may, in its sole discretion, register

copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. The Firm shall cooperate in this effort, and agrees to provide any further documentation necessary to accomplish this.

(iv) The Firm represents and warrants that the Copyrightable Materials: (1) are wholly original material not published elsewhere (except for material that is in the public domain); (2) do not violate any copyright law; (3) do not constitute defamation or invasion of the right of privacy or publicity, and (4) are not an infringement of any kind, of the rights of any third party. To the extent that the Copyrightable Materials incorporate any non-original material, the Firm has obtained all necessary permissions and clearances, in writing, for the use of such non-original material under this Agreement, copies of which shall be provided to the County upon execution of this Agreement.

(b) Patents and Inventions. Any discovery or invention arising out of or developed in the course of performance of this Agreement shall be promptly and fully reported to the Department, and if this work is supported by a federal grant of funds, shall be promptly and fully reported to the Federal Government for determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

(c) Pre-existing Rights. In no case shall 4(a) or 4(b) above apply to, or prevent the Firm from asserting or protecting its rights in any report, document or other data, or any invention which existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

(d) Infringements of Patents, Trademarks, and Copyrights. The Firm shall indemnify and hold the County harmless against any claim for any infringement by the Firm of any copyright, trade secrets, trademark or patent rights of design, systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Firm in the performance of this Agreement. The Firm shall indemnify and hold the County harmless regardless of whether or not the infringement arises out of compliance with the scope of services/scope of work.

(e) Antitrust. The Firm hereby assigns, sells, and transfers to the County all right, title and interest in and to any claims and causes of action arising under the antitrust laws of the State of New York or of the United States relating to the particular goods or services procured by the County under this Agreement.

5. Independent Contractor. The Firm is an independent contractor of the County. The Firm shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Firm (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

6. No Arrears or Default. The Firm is not in arrears to the County upon any debt or contract and it is not in default as surety, Firm, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

7. Compliance with Law.

(a) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(b) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

(c) Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
- (ii) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
- (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
- (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
- (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain

signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and the Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

(d) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Firm agrees as follows:

- (i) Firm shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, such breach being determined solely by the County. Firm has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) On a yearly basis, Firm shall provide the County with any material changes to its Certificate of Compliance, attached hereto and hereby made a part hereof as Appendix "L."

(e) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Firm acknowledges that Firm Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Firm of such request prior to disclosure of the Information so that the Firm may take such action as it deems appropriate.

(f) Protection of Client Information. The firm acknowledges and agrees that all information that the Firm acquires in connection with the performance under this Agreement, to the extent marked as such or to the extent recognizable as such by the reasonably prudent professional, shall be strictly confidential, used solely for the purpose of performing services to or on behalf of the County, and shall not be disclosed to third parties except (i) as permitted under this Agreement, (ii) with the written consent of the County (and then only to the extent of the consent), or (iii) upon legal compulsion.

8. Minimum Service Standards.

(a) The Firm shall, and shall demand Firm Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Firm shall deliver services under this Agreement in a professional manner consistent with the standard of professional care applicable by law to the industry in which the Firm operates. The Firm shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Firm Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. Indemnification; Cooperation.

(a) The Firm shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of third-party claims against the Indemnified Parties, but only to the extent such are caused by any negligent acts or omissions of the Firm or a Firm Agent, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Firm shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County or an Indemnified Party.

(b) (No Text due to revisions).

(c) The Firm shall, and shall demand Firm Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Firm and/or a Firm Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance.

(a) Types and Amounts. The Firm shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than two million dollars (\$2,000,000) per occurrence and four million dollars (\$4,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Firm's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Firm pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Firm shall be solely responsible for the payment of all deductibles to which such policies are subject. The Firm shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Firm under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Firm shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Firm shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Firm to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Firm to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Firm, (ii) for "Cause" by the County immediately upon the receipt by the Firm of written notice of termination, (iii) upon mutual written Agreement of the County and the Firm, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Firm. This Agreement may be terminated by the Firm if performance becomes impracticable through no fault of the Firm, where the impracticability relates to the Firm's ability to perform its obligations and not to a judgment as to convenience or the desirability

of continued performance. Termination under this subsection shall be effected by the Firm delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Firm is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Firm's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Firm's Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Firm shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Firm's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

13. Accounting Procedures; Records. The Firm shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Firm is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding, with the exception of claims made in defensive litigation, shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Firm shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Firm shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Firm shall allege that the above-described actions and inactions preceded the Firm's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Firm is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Firm is using a Firm Agent to perform some, or all of the work contemplated by this Agreement, and irrespective of whether the use of such Firm Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Firm shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Firm, to the attention of the person who executed this Agreement on behalf of the Firm at the address specified above for the Firm, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy and Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Firm agrees to pay the County an administrative service charge of Five Hundred Thirty-Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Firm upon signing this Agreement.

22. Joint Venture.

(a) If the Firm is comprised of more than one legal entity or any group of partners or joint venturers associated for the purpose of undertaking this Agreement, each such entity acknowledges and hereby affirmatively represents and agrees that each has the power to bind the Firm and each of the others hereunder; and as such, each acts both as principal and agent of the Firm and of each of the others hereunder. Each further acknowledges and agrees that all such entities, partners or joint venturers associated for the purposes of undertaking this Agreement shall be jointly and severally liable to third parties, including but not limited to the County, for the acts or omissions of the Firm or any other entity, partner or joint venturer hereunder.

(b) If the Contractor is comprised of more than one legal entity or any group of partners or joint venturers associated for the purposes of undertaking this agreement, each such entity acknowledges and hereby affirmatively represents and agrees that the respective rights, duties and liabilities of each hereunder shall be governed by the laws of the State of New York, including but not limited to the New York Partnership Law.

23. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

EXHIBIT "A"

DETAILED SCOPE OF SERVICES

Division A Services – Condition Assessment

Evaluate the condition of the Harwood Drive and Southridge Drive pump stations to identify necessary repairs and improvements to bring the system's components into a state of good repair and compliance within applicable codes and standards. The Firm shall provide an independent evaluation and shall incorporate the same in the Technical Design Report (TDR). The Firm shall evaluate and present new technologies, as applicable, which will improve the operating efficiency of the system. The evaluation shall, at a minimum, encompass the following:

- Review of available documents such as sewer maps, original drawings, GIS data, reports, etc.
- Site survey (visual inspection, measurements, photographs and data collection in general).
- Hazardous Materials survey (Lead Based Paint, asbestos, PCB, mercury, etc.).

Preparation of Technical Design Report

Prepare a Technical Design Report (TDR) to include the following:

1. Description of existing conditions and deficiencies identified by the Firm during the condition assessment and interviews with staff responsible for system operation & maintenance.
2. Discussion of system modification options based on modern standards and guidelines.
3. Evaluation of each option's associated capital costs, operational costs, efficiency, maintenance and serviceability considerations, and expected life.
4. Recommendations of an option and basis for the recommendation.
5. Schematic design, listing design criteria and basis for design including calculating potential flow within the collection area and any additional flow from anticipated development within the area.
6. Identification and descriptions of studies, tests, technical surveys, etc. which will be required to determine the final design, along with the estimated cost and timing of such studies.
7. Coordination with other design or construction activities that may be ongoing at an undefined time.
8. Proposed approach to maintaining pump station operations during construction.
9. Preliminary design and construction schedule.
10. Preliminary construction cost estimate.

Provide six (6) copies of the draft TDR for review by NCDPW. Meet and confer with NCDPW and others as/if necessary, to discuss the parameters of the design and review comments on the draft TDR. Finalize the TDR incorporating any revisions and provide six (6) paper copies and an electronic (*.PDF format) copy of the TDR.

Division B Services - Detailed Design

Upon County approval of the technical design reports, the Firm agrees to perform all the usual and necessary design services in connection with the preparation of detailed contract drawings, specifications and estimates for the Secondary Treatment Improvements project suitable for public bidding. It is anticipated that the project will be bid as a single project.

1. The contract drawings shall be prepared in an AutoCAD release acceptable to the County. The Firm shall furnish the contract drawings on CD-ROM. In all circumstances, the hard copy of any such plans and drawings shall be relied on by the County and shall control in the event of any conflict or discrepancies.
2. Submittal of bid plans and master specification book in *.PDF format; as well as eight (8) hard copies of each full-size drawings and spec book.
3. During the preparation of these documents the Firm shall perform the following services: Submit preliminary (40% design completion), draft bid (75% design completion) and pre-bid (100% design completion) full size plans and specifications for County review (six [6] sets for each) and approval.
4. Attend review meetings on the average of twice per month in order to review job progress and to resolve design and other questions. A representative of the Firm will prepare draft and final minutes of each meeting and after County approval distribute final minutes to all attendees.
5. Submit three (3) copies of a detailed construction cost estimate with each of the milestone design submissions (at 40%, 75% and 100% design completion). The cost estimate will have a breakdown by CSI division for each cost item in the estimate.
6. Prepare and submit the necessary Environmental Impact Forms.
7. Prepare permit applications, reports or submittals required by other agencies having jurisdiction. This work task will not be considered complete until it culminates in a permit or pre/post design approval by the appropriate agency or agencies. The Firm must be aware of the latest applicable codes and agency procedural requirements in order to expeditiously complete this design task. Correspondence shall be submitted directly to the agency for review/approval with at least two copies to the County, unless otherwise directed. Typical regulatory agencies involved in our Environmental Engineering Projects may include but will not be limited to the following:
 - a. New York State Department of Environmental Conservation- Title V Plant-wide Emission Source Update Submittals permits, SPDES General Permit-02 for runoff from construction sites
 - b. Nassau County agencies-Fire Marshal and/or Health Department

c. Other Local agencies (Towns, Villages...)

8. Submit written responses to all County review comments.
9. Review the County's Master Project Labor Agreement and undertake a feasibility study to determine whether it would be in the County's best interest to incorporate this project under the terms of the PLA, and if warranted, prepare the addendum to add the project to the PLA and subsequently oversee the execution of the same by the responsible parties.
10. Make periodic site visits as necessary for a complete understanding of the system operation.
11. Submittal of bid plans and a master specification book. The Firm shall have the required number of sets of bid documents printed without the assistance of the County.
12. Review all comments and/or questions posed by prospective bidders.
13. Prepare all necessary addenda to the contract documents.
14. Review all bid proposals received and provide a written recommendation regarding award of the construction contracts.
15. If requested, the Firm will provide copies of any and all design calculations.

If the total amount of the lowest responsible construction bids should exceed the final approved construction cost, which is based on the Firm's final construction cost estimate, by more than fifteen (15) percent, the County may require the Firm to revise the plans, at no additional cost to the County, so as to stay within the final approved estimated cost of construction. The Firm is responsible for obtaining construction budget information from the County.

In preparing the contract specifications, the County shall furnish the Firm with a copy of the standard contract "Front End" consisting of the Notice to Bidders, Instructions to Bidders, Agreement and General Conditions. The Proposal Forms, Special Conditions (Division 1) and all other sections of the technical specifications shall be developed by the Firm. The specifications shall be written following the CSI format.

16. PSEG Long Island Commercial Efficiency Program:
PSEG Long Island offers a rebate to customers who install variable frequency drives and other energy saving equipment. Should this rebate be available upon completion of this Project design, the Engineer shall coordinate the potential rebate with PSEG on behalf of the County and provide any information necessary. The County is interested in maximizing the use of available PSEG rebates through the Project Design.

Division C - General Inspection Services

Prior to and during the course of project construction, the Firm shall perform the following General Inspection Services:

1. Conform the contract bid documents (plans and specifications) to reflect changes made by any addenda and provide the County with ten (10) sets of conformed plans in paper and *.PDF format and a master specification book.
2. Provide representation at the site(s) pre-construction conference.
3. Review and approve detailed construction, shop and erection drawings.
4. Review and approve all proposed deviations and substitutions which do not constitute significant changes to the scope of work or design intent of the contract drawings.
5. Review all laboratory, shop, mill, material and equipment test reports.
6. Prepare supplemental sketches, if required, to reflect actual field conditions.
7. Make periodic field visits as necessary or reasonably required to observe the construction work and confer with the County and Prime Construction Contractors on construction progress and problems which arise during the progress of the construction work.
8. Assist the County in interpreting the construction contract documents.
9. Review change orders and prepare supplementary drawings and detailed independent cost estimates in a timely fashion so as not to impede construction progress.
10. Arrange for the Firm's project manager and support staff to attend update (one [1] per month) and job (one [1] per month) meetings.
11. Witness and provide a written report on shop tests for all major equipment.
12. Provide consultation on special construction problems by specialists in specific fields of work.
13. Assist the County in the final inspection of the work to determine if each construction contract has been completed in accordance with the contract documents. Provide written certification that project completion was in accordance with the contract documents.

14. Throughout the construction period and at the completion of the construction activities, field verify and check the Prime Construction Contractors' Record Drawings on which the Prime Construction Contractors have indicated changes in the construction work as-built to the extent possible based on the Firm's periodic site visits. This task shall include, but not be limited to the following:
 - a. That all equipment is shown as installed and that furnished dimensions are correct.
 - b. That all required wiring diagrams, conduit schedules, etc. are provided and are in agreement with the field installation.
 - c. That all changes, additions and deletions are shown.
 - d. That the record drawings are legible and clearly drawn.
 - e. That all supplemental and detailed drawings are included.

15. Check Prime Construction Contractors' prepared as-built drawings and modify digital computer files of contract drawings to reflect work as actually constructed. Provide two (2) CD-ROM copies of these as-built digital computer files of the contract drawings.

Division D-Facility Operation and Maintenance Manual

Under this division of work, the Firm shall compile and prepare an Operation and Maintenance Manual ("O&M Manual") for each site, using the EPA Publication, "Considerations for preparation of Operation and Maintenance Manuals (EPA-430/9-74001)" as a guideline.

The O&M Manual provides a detailed description of the facilities, process control strategies, start-up and shutdown procedures, test procedures, emergency response procedures, safety guidelines, troubleshooting procedures, equipment preventive maintenance schedules as well as process flow schematics, isometric figures, cross section and plan diagrams, valve schedules, single line diagrams, and miscellaneous tables.

The completion of the appropriate O&M Manual sections will coincide with each segment of construction. A draft version of the O&M manual sections will be submitted for County review and approval prior to payment for the 90% completion point in construction. A final version of the O&M manual sections will be submitted for County review and approval at the 100% construction completion point to incorporate issues learned during startup. The final O&M manual sections will be supplemented with cataloged and bound copies of the approved equipment manufacturers' O&M Manuals.

Six (6) copies of the draft O&M Manual Sections will be submitted for County review. Two (2) copies of the electronic files (both text and graphics) used to produce the manuals will be turned over to the County. In addition, two (2) hard copies (bound) of the final O&M

Manual Sections will be submitted for County review and approval. The County requires compatibility of software as described in the subsequent paragraph.

Prepare and provide to the County, Standard Operating Procedures (SOPs) to assist Operating Staff in the routine operation, maintenance and monitoring of all key components of the Project. The SOPs shall be site and equipment specific and be stand-alone documents with a maximum length of two (2) pages. The SOPs are to be mounted, laminated and then posted near the appropriate equipment or control panel.

Add/remove equipment associated with this project on the Plant's Equipment Asset Inventory database.

Two (2) additional copies of the SOP's shall be included in the appropriate O&M Manual. Copies of the electronic files (both text and graphics) used to produce the SOPs will be turned over to the County. The software is to be compatible with existing County software and if not, the Firm will supply additional copies to the County.

Division E- Facility Start-Up, Staffing and Training Services

Under this division of work the Firm shall provide the following services:

1. Start-Up Services.
 - a. The Firm shall conduct start-up services during construction and shall continue until initiation of the one (1) year project performance period. The following detailed breakdown delineates the specific elements of the services associated with the Project.
 - b. Scheduling. The Firm, in conjunction with the County, shall develop an overall start-up sequencing schedule that will define in detail significant start-up activities. The overall start-up sequencing schedule shall be coordinated with the County and Construction Contractors and updated as necessary.
 - c. Start-Up Assistance. The Firm shall provide expert on-site start-up assistance prior to and during initial flow-through for the process units. Start-up assistance during the first year of operation will be provided on a reasonable "on-call" basis for troubleshooting, debugging, cost-effective process optimization, and general startup supervision. Services to be provided include:
 - d. Strategic Start-Up Plan. This plan is designed to delineate major and minor events expected when placing into operation equipment installed in connection with the Project. The Start-up Plan shall identify specific plant components and unit processes that will affect each other and establish a network of related steps that will lead to a logical and smooth start-up. The strategic Start-up Plan shall also define the roles and responsibilities of the participants (County, Firm and construction Firms). This plan shall be reviewed with the County. Emphasis throughout the start-up will be on the O&M responsibilities of the plant staff to ensure protection of equipment warranties.
 - e. Establish Process Parameters. The Firm shall review the process design and process operational parameters and establish start-up procedures for each unit process. Start-up

procedures shall contain complete information pertaining to control of the equipment and process trains associated with the Project.

- f. Checklists, Logs, Records and Reports. Although various checklists and plant operating logs are in use, the Firm shall, if necessary, upgrade the system by reviewing existing shift checklists, operating logs, records and reports for all processes affected by the inclusion of the Project. The Firm shall provide recommendations for upgrading existing record-keeping, checklists and logs for all components associated with these systems and develop new checklists and logs for new or modified plant processes.
 - g. Troubleshooting and Debugging. It is anticipated that equipment problems will arise during and following start-up. The Firm shall provide assistance to address problems encountered by the County during the project performance period, analyze these problems and develop solutions that will minimize the overall effects on plant personnel and processes.
 - h. Process Optimization. The Firm shall provide operations start-up assistance to ensure that steps are taken to adjust and "fine tune" the processes and associated equipment once they have been started up and stabilized.
2. Training Services.
- a. The Firm, in conjunction with the County, shall assist in the coordination of manufacturer's training for all new components of the Project. This training shall be geared toward the following areas:
 - i. Process theory/process control.
 - ii. Mechanical, electrical, instrumentation and HVAC component function and interface.
 - iii. Preventative/corrective maintenance.
 - iv. Safety.
 - v. Laboratory training.
 - vi. "Hands-on" training.
 - b. This training shall be coordinated with the County's on-going training program. Any materials developed shall be turned over to the County for future use and reference.
 - c. General training shall be given during the construction period prior to start-up. Supplemental training, if deemed necessary by the County as a result of process modifications during the one-year performance period, shall be provided by the Firm and given prior to the conclusion of the one-year performance period, and shall incorporate any adjustments in the process resulting from operational experience.
3. One (1) Year Project Operating Report.
- a. The Firm shall monitor the performance of the facilities installed for the first year of operation and provide documentation to report on the capability of the project of meeting the overall performance criteria. One (1) year after the initiation of operation of the systems, the Firm shall prepare an evaluation of the Project for review and acceptance by the County, if required by the Commissioner. In the event that the improvements do not operate as planned, a report defining the problem and corrective work necessary will be prepared.

EXHIBIT B

PAYMENT SCHEDULE

Payment to the Firm for all services as outlined in "Exhibit A," including any extra services that may be authorized under this Agreement, shall be made as follows:

Technical Design Report (Division A) - The Contractor shall be paid a total lump sum amount of **Fifty-six thousand Dollars (\$56,000.00)** to cover all costs associated with Division A work, as outlined in Exhibit A.

Detailed Design (Division B) & Construction Related Services (Divisions C, D & E) - For the remainder of the design and construction phases, including the construction administration phases (Sections B, C, D & E), the Firm shall receive a fee equal to a percentage of the total construction cost of the project, exclusive of Extra Services and Reimbursable expenses, to cover all costs associated with all work to complete divisions B, C, D, and E as outlined in the appropriate sections of Exhibit A. The design percentage fee for the construction contract will be determined by a straight-line interpolation between the limits of the construction cost delineated as follows:

<u>NET CONSTRUCTION COST</u>	x	<u>DESIGN FEE PERCENTAGE</u>	=	<u>TOTAL DESIGN FEE</u>
\$3,000,000 and above	x	6.6	=	\$198,000.00
\$2,500,000	x	6.9	=	\$172,500.00
\$2,000,000	x	7.2	=	\$144,000.00
\$1,500,000	x	7.6	=	\$114,000.00
\$1,000,000 and below	x	8.0	=	\$80,000.00

An initial estimated construction cost of **Two Million dollars (\$2,000,000)** will be used as the basis for progress payments. Interim adjustments to the estimated construction costs, as mutually agreed upon by the parties with the approval of the Commissioner, shall be used to determine the payments to the Contractor.

Until the construction cost is established by the award of the construction contract(s), the Firm's design fee percentage shall be based upon the latest approved construction cost estimate. The design fee percentage shall be used as a basis of computing partial payments to the Firm during the progress of the work. When the actual cost of construction is determined, the total amount paid to the Firm under these Divisions of work shall be adjusted based upon such final cost of construction, and any overpayment or underpayment of design fees shall be adjusted accordingly.

For the remainder of the design and construction phases, including the construction administration phase (Sections B, C, D & E), the Firm shall receive a fee equal to a percentage of the total construction cost of the project, exclusive of Extra Services and Reimbursable expenses, payable as follows:

Phase of Work	% of Fee
Detailed Design	45%
General Inspection Services	35%
Facility Operation and Maintenance Manual	10%
Facility Start-Up, Staffing and Training Services	10%

Partial Payments - The Contractor's fee for services shall be paid in monthly installments. The amount of each partial monthly payment shall be determined by the portion of the Contractor's work completed for each Division, as approved by the Commissioner. The portion of Contractor's work completed during the General Inspection Services phase shall not exceed the project schedule percent complete as indicated on the approved monthly CPM schedule update.

Overtime - Payment vouchers which include overtime shall not be approved by the Department without the Contractor having obtained prior written approval of the Department for such overtime. The premium pay for overtime, above the straight hourly rate shall not be subject to any multiplier. In computing the cost to the County for overtime work performed, the overtime period shall be paid at the straight hourly rate times the applicable multiplier, plus the overtime premium cost incurred.

Construction Costs - It is agreed that the total cost of construction shall be the final total cost of the construction contract, including extra change order amounts, except that, in computing the cost of construction the following items shall not be included:

- a. Fees paid to the Contractor, subcontractors or construction engineers, cost of land acquisition or legal fees and the cost of equipment purchased outside of the construction contracts.
- b. The cost of any and all change orders required by reason of the failure of the Contractor to include such change order items in the contract documents, or by reason of errors made by the Contractor in the preparation of the contract documents.
- c. Moneys paid by the County to a contractor or subcontractor by way of settlement or satisfaction of any claims or legal actions for delay brought against the County.
- d. Work for which the Contractor has already been paid such as "Extra Work."

In the event the Contractor's services result in change order "Credits" to the County, such credit amounts shall not be deducted from the final cost of construction. It is the intention of the parties that the Contractor shall be compensated for services rendered, notwithstanding that such services may result in a change order credit which reduces the final cost of construction.

If in the further event the credit change order requires the Contractor to perform additional services, then, subject to the approval of the Commissioner, the Contractor shall be paid for such services pursuant to the subsection entitled "Extra Services or Additional Costs," herein.

If the total amount of the lowest responsible construction bids should exceed the final approved estimated construction cost by more than fifteen (15) percent, the County may require the Contractor to revise the plans, at no additional cost to the County, so as to stay within the final approved estimated cost of the construction.

If the award of the construction contract(s) is not made prior to the expiration or termination of this Agreement, then with respect to payment for the Division B, C, D and E services, instead of being paid based on the total cost of construction as outlined above, the Contractor shall be paid a fair and reasonable amount based on services actually rendered as mutually agreed by the Department and the Contractor.

Extra Services or Additional Costs - If the Contractor is required to perform extra services or incurs additional expenses due to substantial changes ordered by the Department, which changes are not due to the fault or negligence of the Contractor; the Contractor shall be compensated for such extra expense and services. Payment terms for any additional services shall be as mutually agreed by the Department and Contractor, as either a lump sum or based on actual salaries of personnel as stipulated herein, and as further defined below. Such extra services are to be provided only after written authorization by the Department.

For any additional services to be paid on actual salaries the Contractor shall be compensated for such extra services by an amount not to exceed two and seventy-five hundredths (2.75) times the actual salaries or wages paid to the technical personnel engaged in this phase of the work, exclusive of payroll taxes, insurance, and any and all fringe benefits. The Contractor shall be compensated for such services performed by principals while engaging in a technical capacity in the project, based on the principal's hourly rate, times a multiplier not to exceed two and seventy-five hundredths (2.75), exclusive of payroll taxes, insurance and any and all fringe benefits. Notwithstanding the foregoing, the maximum billable rate, after application of the multiplier, shall not exceed one **hundred seventy-five dollars (\$175)** per hour.

END OF SECTION

Appendix "EE"

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto

shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (I) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

END OF SECTION

Appendix L

Certificate of Compliance

In compliance with Local Law 1-2006, as amended (the "Law"), the Contractor hereby certifies the following:

1. The chief executive officer of the Contractor is:

Richard W. Humann (Name)

**COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo**

TO: Office of County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: February 5, 2019

SUBJECT: Proposed Personal Services Agreement with H2M Architects + Engineers
Recommendation of Firm for Detailed Design Services
Harwood and Southridge Pump Station Improvements – Glen Cove
Proposed Agreement No. S3P312-04C

This DCE memo is a revision of the DCE memo for this project dated April 20, 2016, which was signed by Richard R. Walker. The primary cause for delay in resubmitting this memo is that funding for capital project 3P312 was not available until 2018. On January 24, 2019, the project manager at H2M Engineers + Architects was contacted regarding the elapsed timeframe and has agreed to hold their pricing for this work.

This Department intends to procure detailed design services for repair/replacement and overall capital improvements to the existing Harwood Drive and Southridge Drive Sewage Pumping Stations located within the Glen Cove Sewer Service Area.

A “Request for Proposals” was prepared in conformance with the Department’s policy for assessing technical understanding, statement of qualification, and a proposed project schedule. The Request for Proposals was posted on the County’s website and advertised in *Newsday*.

Technical and Cost Proposals were received from four (4) firms (listed below) on March 4, 2016. The Technical Proposals were evaluated by professionals from within the Department of Public Works. Following the review, the technical rank was established, and the cost proposals were reviewed. The results of the technical evaluation are summarized below, along with each firm’s total proposed design fee (based upon a \$2,000,000 construction budget).

Firm Name	Tech Rank	Tech Rating	Proposed Design Fee Percentage	Total Design Fee (Div. A through E)	Total Design Fee with 30% Contingency
H2M	1	92.4	7.20%	\$200,000	\$260,000
D&B	2	89.0	8.75%	\$195,000	\$253,500
HAKS	3	77.2	8.00%	\$195,000	\$253,500
LKB	4	72.0	5.40%	\$120,000	\$156,000

SUBJECT: Proposed Personal Services Agreement with H2M Architects + Engineers
Recommendation of Firm for Detailed Design Services
Harwood and Southridge Pump Station Improvements – Glen Cove
Proposed Agreement No. S3P312-04C

As evidenced by the table above, the proposal from H2M received the highest technical rating while submitting a fractionally higher proposed design fee than the firms technically ranked 2nd and 3rd, respectively. LKB's proposal was deemed to be technically inferior to the others due to their failure to include a requisite section addressing their proposed technical approach to the project. This is reflected in their low technical rating. Accordingly, in our professional judgement, the proposal submitted by H2M, having the highest technical rating and proposing a reasonable cost, represents the best value to the County. Therefore, we recommend proceeding with a Personal Services Agreement with H2M for \$200,000.00 (\$260,000.00 with contingency) to provide detailed design services for this project.

The funding for these professional services is available under Capital Project No. 3P312. In accordance with the procedural guidelines, CSEA has been notified of this proposed agreement.

If you approve or disapprove the above request, please signify below and return this memo to the office for appropriate action.

Inter-Departmental Memo

TO: Civil Service Employees Association, Nassau Local 830
Att: Ronald Gurrieri, Executive Vice President

FROM: Department of Public Works

DATE: January 12, 2016

SUBJECT: CSEA Notification of a Proposed DPW Contract
Harwood & Southridge Pump Station Improvements – Glen Cove
3P312-04C - Project Design Services

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should not be implied that the proposed DPW authorization is for work, which has "historically and exclusively been performed by bargaining unit members."

1. DPW plans to recommend a contract/agreement for the following services:
Professional project design services at the Harwood & Southridge Wastewater Pump Stations.
2. The work involves the following:
Project will provide improvements for the Harwood & Southridge Pump Stations, which are both part of the Glen Cove Sewage Treatment System. Due to age, condition and obsolescence, it is anticipated that these pump stations will require general overall improvements for safety, environmental (noise concerns, odor control), building repairs, mechanical (piping, valves), electrical and controls (including central alarm system), HVAC, and fire protection.
3. An estimate of the cost is: \$180,000.00
4. An estimate of the duration is: Twenty-four (24) months (Design services)

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Kenneth G. Arnold, Assistant to Commissioner, telephone 1-9607, fax 1-9657.

Contract Summary

<p>Purpose: The original contract was to provide On Call design and design-related support services for various engineering projects of the Civil Engineering and Site Development Unit. This amendment is to add \$4,000,000.00 to the cap. The new total amount that the County shall pay to the firm as full consideration for services not to exceed five million five hundred thousand (\$5,500,000.00) dollars. Services provided shall include, but are not limited to, the development of studies and recommendations, surveying, design plans, construction estimates and special specifications for roads, bridges, parks, drainage facilities or other County infrastructure</p>
<p>Method of Procurement: This contract was previously selected through an open competitive process. Request for proposals was issued on August 20, 2018. Potential proposers were made aware of the availability of the RFP by advertisement in Newsday, posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on September 14, 2018. 18 proposals were received and evaluated. The proposals were scored and ranked. As a result of the scoring and ranking, the 6 highest-ranking proposers were selected</p>
<p>Procurement History: The contract was previously selected through an open competitive process. The Contract was entered into after a written request for proposals was issued on August 20, 2018. Potential proposers were made aware of the availability of the RFP by advertisement in Newsday, posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on September 14, 2018. 18 proposals were received and evaluated. The proposals were scored and ranked. As a result of the scoring and ranking, the 6 highest-ranking proposers were selected. This is an amendment to add \$4,000,000.00 to the cap.</p>
<p>Description of General Provisions: This is an amendment to add \$4,000,000.00 to the cap.</p>
<p>Impact on Funding / Price Analysis: There will be a \$4,000,000.00 increase in funding. The new total amount that the County shall pay to the firm as full consideration for services has a maximum amount of five million five hundred thousand (\$5,500,000.00) dollars as per this amendment. Initial encumbrance is seven hundred and fifteen thousand dollars (\$715,000.00) with the approval of this amendment. This will fund Task Orders that were previously procured and awarded, as per County policies. This initial encumbrance will ensure design work will not be halted due to a lack of available funds.</p>
<p>Change in Contract from Prior Procurement: This amendment will add Four Million dollars (\$4,000,000.00) to the cap, of which \$715,000 will be encumbered as follows: Project numbers- 41876 (\$160,000), 61587 (\$320,000) and 63029 (\$235,000).</p>

II. **The contractor was selected pursuant to a Request for Proposals.** The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date]. _____ [state #] proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on February 14, 2019 [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on August 20, 2018. Potential proposers were made aware of the availability of the RFP by advertisement in Newsday, posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on September 14, 2018. 18 Proposals were received and evaluated. The proposals were scored and ranked. As a result of the scoring & ranking, the 6 highest-ranking proposers were selected. [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

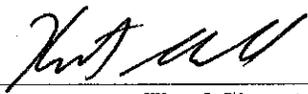

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

THE NV5 TEAM

NV5

NV5 is a full-service multi-disciplined consulting firm with over 2,000 engineers, architects, landscape architects, planners and environmental professionals working together in a team environment. With offices in Melville, NY; New York City, Parsippany, NJ; Philadelphia, PA, Norwalk, CT, and Silver Spring, MD and now over 100 nation-wide with NV5, Inc., we've been providing planning and design services to public and private sector clients for over 45 years. NV5 has the in-house capability to assemble a multi-disciplinary team of professionals, as required, for each assignment. This gives us the ability to blend our landscape architecture, engineering, architecture, planning and environmental expertise to produce thoughtful responsive solutions to complex projects. Further, NV5's size and structure allow us to mobilize quickly and commit the necessary resources required to ensure a quality product delivered on schedule and within budget.

At NV5 our focus is design in the public realm, specifically civic infrastructure in the urban environment... streets, plazas, parks, waterfronts and other forms of public open space, both utilitarian and recreational. We are committed to creating a sustainable built environment. Working effectively in a team environment, NV5 possesses the resources necessary to track, manage and respond to project requirements in a timely and professional manner. NV5's collaborative approach to problem solving ensures a staff of professionals who are both experts in their chosen field, and knowledgeable of the other related disciplines that are a part of every project.

SUSTAINABLE DESIGN – NV5's landscape architects and engineers are skilled at integrating sustainable design techniques into their park and site development projects. Techniques and considerations routinely applied include the use of locally available products made from recycled materials, retention of stormwater on-site for the purpose of filtration and aquifer recharge, re-use of 'gray' water for irrigation, green roof development and many others. In particular we are expert in the design of sustainable storm water management techniques such as the design of rain gardens, bio-swales and porous pavements.

SITE/CIVIL ENGINEERING AND ROADWAY DESIGN – Our staff of professional engineers and technicians has provided both preliminary and final design services for major projects for transportation agencies throughout the northeast region as well as for local municipalities and villages. NV5's projects range from rehabilitation of City streets to large highway reconstruction and full grade-separated interchange design projects. Staff talents go beyond roadway design and include streetscape design, utilities, right-of-way engineering, environmental permitting services, lighting design and water and sewer design.

LANDSCAPE ARCHITECTURE – Designing public open spaces that delight in the urban context requires great skill and sensitivity. NV5’s team of landscape architects design spaces that are contextual and responsive to user needs. The range of projects completed by NV5 staff includes: urban plazas and streetscapes; historic landscape restoration; neighborhood parks and playgrounds; courtyards and gardens; terraces and green roofs; sports facilities; trails and greenways; bicycle and pedestrian facilities and waterfronts.

American Museum of Natural History, NYC

PARKS AND RECREATION – NV5’s Urban Landscape Architecture Division, possesses vast experience in the design of parks, playgrounds and recreation facilities. NV5 landscape architects design creative, safe play spaces that challenge children’s imagination and motor skills. Many of our playgrounds feature custom designed sculptural elements in combination with standard ‘off-the-shelf’ components. We are also experts in the design of athletic facilities including both natural and synthetic turf playing fields and sports courts.

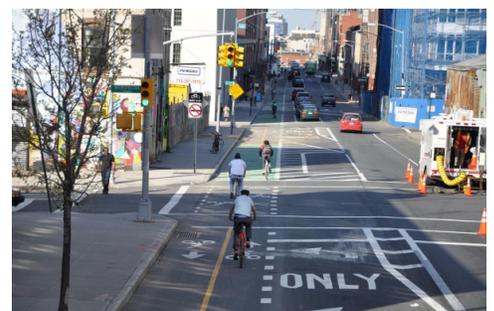

John Jay Park Playground, NYC

TRAFFIC AND TRANSPORTATION – NV5 provides a wide range of transportation related services including traffic engineering and transit planning. Traffic studies include site impact analysis, corridor and interchange analysis, travel demand modeling and needs assessment. Design projects include safety improvements and roadway and intersection design, including traffic signal installations. We have produced MPT plans and roadside safety design for many of the firm’s highway and bridge replacement and intersection projects. NV5 has extensive experience with Synchro & HCS modeling software.

CR 58 Roundabout

BICYCLE/PEDESTRIAN AND COMPLETE STREETS – NV5 employs a holistic approach to street design that takes into account the needs of all roadway users. Under the Complete Streets philosophy, pedestrians, bicyclists, transit users and motorists are fully and equally considered during the planning and design process. In designing Complete Streets, NV5 evaluates how well the road serves all travel modes. Adoption of CS policies and resolutions is demonstrating a new commitment to transforming our communities into places where people can choose to walk, bike, use public transit and reap the benefit – an improved quality of life.

4. Compliance with Law.

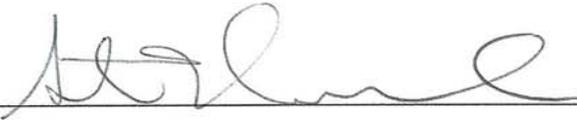

(a) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(b) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

(c) Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
- (ii) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
- (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
- (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
- (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and

The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: January 16, 2020 Revised

SUBJECT: On-Call Civil Engineering Services
Agreement No. H61001-10C5, CFPW18000017
Amending Cap "On Call" Agreement
"On Call" Civil Engineering & Site Development Design & Support Services for
Civil/Site Design

The Department of Public Works procured NV5 New York – Engineers, Architects, Landscape Architects and Surveyors, to provide "On Call" Civil Engineering & Site Development Design & Support Services through an open RFP and this agreement was signed on February 14, 2019, for three (3) years with a two (2) year extension at the Commissioner's discretion with a one million five hundred thousand dollars (\$1,500,000.00) cap.

The Department awarded task orders in 2019 to this firm, and after encumbering funds for these task orders, there is no space left in the cap for any additional task orders. Now the Department of Public Works is requesting to increase the cap by four million dollars (\$4,000,000.00). The total maximum amount that the County shall pay to the Firm as full consideration for services shall not exceed five million five hundred thousand dollars (\$5,500,000.00) (the "Amended Maximum Amount").

Our previous cap of one million five hundred thousand dollars (\$1,500,000.00) was depleted within ten (10) months. At this rate, we anticipate needing an additional four million dollars (4,000,000.00) to complete this three (3) year agreement. The \$4,000,000.00 increase in cap will be used for the 2020 and 2021 Priority Resurfacing Program as well as other infrastructure work done under this agreement, including bridges, parks, drainage, retaining walls and roadway widenings. To complete design in a timely manner, it is critical the cap on this agreement is raised by the requested amount.

Additionally, we are requesting to encumber seven hundred and fifteen thousand dollars (\$715,000.00) upon approval of the amended cap for this agreement, as shown in the table below. These Task Orders were previously procured and awarded, as per County policies. This initial encumbrance will ensure design work will not be halted due to a lack of available funds.

Task Order #	Task Order Name	Funding Code	Total Cost of Assignment (Including Contingency)	Amount to be Encumbered via Advisement in 2019	Remaining Amount to be Encumbered with Amendment
10B	Priority Resurfacing Phase 4	61587	\$520,000.00	\$200,000.00	\$320,000.00
14	Centennial Park	41876	\$320,000.00	\$160,000.00	\$160,000.00
19	Bannister Creek Bridge Repairs & Rehabilitation BIN 552029-0	63029	\$415,000.00	\$180,000.00	\$235,000.00
Total			\$1,255,000.00	\$540,000.00	\$715,000.00

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions
(Sub-Recipient)**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

ADDITIONAL INSURED – PRIMARY AND NON-CONTRIBUTORY

It is understood and agreed that this endorsement amends the **BUSINESS AUTO COVERAGE FORM** as follows:

SCHEDULE

Name of Additional Insured Persons Or Organizations
AS REQUIRED BY CONTRACT

1. In conformance with paragraph **A.1.c.** of **Who Is An Insured** of Section II – **LIABILITY COVERAGE**, the person or organization scheduled above is an insured under this policy.
2. The insurance afforded to the additional insured under this policy will apply on a primary and non-contributory basis if you have committed it to be so in a written contract or written agreement executed prior to the date of the "accident" for which the additional insured seeks coverage under this policy.

All other terms and conditions of the Policy remain unchanged.

**Blanket Additional Insured - Owners, Lessees or
Contractors - with Products-Completed
Operations Coverage Endorsement**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

It is understood and agreed as follows:

- I. WHO IS AN INSURED** is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **coverage part**, but only with respect to liability for **bodily injury, property damage or personal and advertising injury** caused in whole or in part by your acts or omissions, or the acts or omissions of those acting on your behalf:
- A.** in the performance of your ongoing operations subject to such **written contract**; or
 - B.** in the performance of **your work** subject to such **written contract**, but only with respect to **bodily injury or property damage** included in the **products-completed operations hazard**, and only if:
 - 1. the **written contract** requires you to provide the additional insured such coverage; and
 - 2. this **coverage part** provides such coverage.
- II.** But if the **written contract** requires:
- A.** additional insured coverage under the 11-85 edition, 10-93 edition, or 10-01 edition of CG2010, or under the 10-01 edition of CG2037; or
 - B.** additional insured coverage with "arising out of" language; or
 - C.** additional insured coverage to the greatest extent permissible by law;
- then paragraph **I.** above is deleted in its entirety and replaced by the following:
- WHO IS AN INSURED** is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **coverage part**, but only with respect to liability for **bodily injury, property damage or personal and advertising injury** arising out of **your work** that is subject to such **written contract**.
- III.** Subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:
- A.** coverage broader than required by the **written contract**; or
 - B.** a higher limit of insurance than required by the **written contract**.
- IV.** The insurance granted by this endorsement to the additional insured does not apply to **bodily injury, property damage, or personal and advertising injury** arising out of:
- A.** the rendering of, or the failure to render, any professional architectural, engineering, or surveying services, including:
 - 1. the preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
 - 2. supervisory, inspection, architectural or engineering activities; or
 - B.** any premises or work for which the additional insured is specifically listed as an additional Insured on another endorsement attached to this **coverage part**.
- V.** Under **COMMERCIAL GENERAL LIABILITY CONDITIONS**, the Condition entitled **Other Insurance** is amended to add the following, which supersedes any provision to the contrary in this Condition or elsewhere in this **coverage part**:

Primary and Noncontributory Insurance

Blanket Additional Insured - Owners, Lessees or Contractors - with Products-Completed Operations Coverage Endorsement

With respect to other insurance available to the additional insured under which the additional insured is a named insured, this insurance is primary to and will not seek contribution from such other insurance, provided that a **written contract** requires the insurance provided by this policy to be:

1. primary and non-contributing with other insurance available to the additional insured; or
2. primary and to not seek contribution from any other insurance available to the additional insured.

But except as specified above, this insurance will be excess of all other insurance available to the additional insured.

VI. Solely with respect to the insurance granted by this endorsement, the section entitled **COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

The Condition entitled **Duties In The Event of Occurrence, Offense, Claim or Suit** is amended with the addition of the following:

Any additional insured pursuant to this endorsement will as soon as practicable:

1. give the Insurer written notice of any **claim**, or any **occurrence** or offense which may result in a **claim**;
2. send the Insurer copies of all legal papers received, and otherwise cooperate with the Insurer in the investigation, defense, or settlement of the **claim**; and
3. make available any other insurance, and tender the defense and indemnity of any **claim** to any other insurer or self-insurer, whose policy or program applies to a loss that the Insurer covers under this **coverage part**. However, if the **written contract** requires this insurance to be primary and non-contributory, this paragraph 3. does not apply to insurance on which the additional Insured is a named insured.

The Insurer has no duty to defend or indemnify an additional insured under this endorsement until the Insurer receives written notice of a **claim** from the additional insured.

VII. Solely with respect to the insurance granted by this endorsement, the section entitled **DEFINITIONS** is amended to add the following definition:

Written contract means a written contract or written agreement that requires you to make a person or organization an additional insured on this **coverage part**, provided the contract or agreement:

- A. is currently in effect or becomes effective during the term of this policy; and
- B. was executed prior to:
 1. the **bodily injury** or **property damage**; or
 2. the offense that caused the **personal and advertising injury**;for which the additional insured seeks coverage.

Any coverage granted by this endorsement shall apply solely to the extent permissible by law.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE	
Name Of Person Or Organization:	
	Any person or organization against whom you have agreed to waive such right of recovery in a written contract or agreement.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

It is understood and agreed that the condition entitled **Transfer Of Rights Of Recovery Against Others To The Insurer** is amended by the addition of the following:

Solely with respect to the person or organization shown in the Schedule above, the Insurer waives any right of recovery the Insurer may have against such person or organization because of payments the Insurer makes for injury or damage arising out of the **Named Insured's** ongoing operations or **your work** done under a contract with that person or organization and included in the **products-completed operations hazard**.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

NOTICE OF CANCELLATION TO CERTIFICATEHOLDERS

It is understood and agreed that:

If you have agreed under written contract to provide notice of cancellation to a party to whom the Agent of Record has issued a Certificate of Insurance, and if we cancel a policy term described on that Certificate of Insurance for any reason other than nonpayment of premium, then notice of cancellation will be provided to such Certificateholders at least 30 days in advance of the date cancellation is effective.

If notice is mailed, then proof of mailing to the last known mailing address of the Certificateholder on file with the Agent of Record will be sufficient to prove notice.

Any failure by us to notify such persons or organizations will not extend or invalidate such cancellation, or impose any liability or obligation upon us or the Agent of Record.

All other terms and conditions of the policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the policy issued by the designated Insurers, takes effect on the Policy Effective date of said policy at the hour stated in said policy, unless another effective date (the Endorsement Effective Date) is shown below, and expires concurrently with said policy.

Notice of Cancellation to Certificate Holder(s) Endorsement

In consideration of the premium paid for this Policy, it is understood and agreed that Section VII, Conditions, H. Notice of Cancellation, is amended by adding the following provision:

In the event this Policy is to be cancelled by you or by us, we agree to give thirty (30) days prior notice to the certificate holder(s) with mailing addresses on file with the agent of record.

This provision does not apply if cancellation is due to nonpayment of premiums to us or to a finance company authorized to cancel this Policy.

Any notification rights provided by this endorsement apply only to active certificate holder(s) who were issued a certificate of insurance applicable to the **Policy Period** stated in Declarations, Item 2.

Failure to provide such notice to the certificate holder(s) will not amend or extend the date the cancellation becomes effective, nor will it negate cancellation of the policy. Failure to send notice shall impose no liability of any kind upon us or our agents or representatives.

Whenever printed in this Endorsement, the boldface type terms shall have the same meanings as indicated in the Policy Form. All other provisions of the Policy remain unchanged.

RULES RESOLUTION NO. 195-2018

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON BEHALF OF THE NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS AND NV5 NEW YORK – ENGINEERS, ARCHITECTS, LANDSCAPE ARCHITECTS AND SURVEYORS

12-17-18
7 0 0 0 0

WHEREAS, the County has negotiated a personal services agreement with NV5 New York – Engineers, Architects, Landscape Architects and Surveyors for professional engineering services on an on-call basis for design and design-related support services for various engineering projects of the Civil Engineering and Site Development Unit, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said agreement with NV5 New York – Engineers, Architects, Landscape Architects and Surveyors.

CONTRACT FOR SERVICES

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mincola, New York 11501 (the "County"), acting for and on behalf of the County Department of Public Works, having its principal office at 1194 Prospect Avenue, Westbury, New York 11590 (the "Department") and (ii) NV5 New York - Engineers, Architects, Landscape Architects and Surveyors, having its principal office at 40 Marcus Drive, Suite 201, Melville, New York 11747 (the "Firm" or the "Contractor").

WITNESSETH:

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, the Contractor desires to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This term of this Agreement shall commence on the date on which this Agreement is executed by the County (the "Commencement Date") and terminate on the three (3) year anniversary of the Commencement Date, (the "Expiration Date") unless sooner terminated or extended in accordance with its terms. Notwithstanding the foregoing, the Department, in its sole discretion, shall have the right to extend this Agreement for a period of up to two (2) years by delivering a notice of extension to the Firm at least thirty (30) days prior to the Expiration Date. The Agreement so extended shall be on the same terms, conditions and covenants as during the initial term except that the Expiration Date shall be modified in accordance with the notice of extension. Any task order issued to the Firm, **prior to the Expiration Date of the Agreement**, may be completed in its entirety, even if the work is performed beyond the expiration date of the Agreement. For each specific task work order where work is performed past the Agreement expiration date, the Firm will be authorized in writing by the Department to perform and be compensated for their services.

2. Services.

(a) The services to be provided by the Firm under this Agreement consist of the development of studies and recommendations, reports, surveying, design plans, construction estimates and special specifications for roads, bridges, parks, drainage facilities, or various other County infrastructures. These services could also include providing Civil Engineers, Structural Engineers, Surveyors, Landscape Architects, AutoCAD Draftsmen, Horticultural Inspectors and Engineering Aides to support the Department's Civil Engineering and Site Development staff. The specific work divisions and deliverables related to this project are to be considered "On-Call" in nature and will be more particularly described in the "Detailed Scope of Services," provided with each solicitation for work under this agreement. Each request for work will be attached hereto and hereby be made a part hereof as Exhibit "A".

(b) At any time during the term of this Agreement, the County may, in its sole and absolute discretion, require the Contractor to perform Extra Services. The Contractor shall not perform, nor be compensated for, Extra Services without the prior written approval of the Commissioner

or his or her duly designated deputy. The Contractor agrees to perform any such Extra Services in accordance with the terms and conditions contained in this Agreement. As used herein, "Extra Services" means additional services which are (i) generally within the scope of services set forth in this Agreement, (ii) necessary or in furtherance of the goals of this Agreement and (iii) not due to the fault or negligence of the Contractor.

3. Payment.

(a) Amount of Consideration. The amount to be paid to the Firm as full consideration for the Firm's services under this Agreement shall be payable as set forth in the "Payment Schedule," attached hereto and made hereby part hereof as Exhibit "B". Notwithstanding the foregoing, the maximum amount to be paid to the Firm for the Firm's services under this Agreement, including any Extra Services and/or Services During Construction that may be so authorized, shall not exceed One Million Five Hundred Thousand Dollars (\$1,500,000.00).

(b) Vouchers: Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by a progress report, in a form satisfactory to the County, indicating the percentage and description of work completed and other documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

(f) Payments Relating to Services Rendered by Subcontractors. The County retains the right, but not the obligation, prior to making any payment to the Contractor, to demand that the Contractor furnish to the County, proof acceptable to the County, in its sole and absolute discretion, that all due and payable claims made by subcontractors in connection with this Agreement have been paid to date or are included in the amount being requested by the Contractor.

4. Ownership and Control of Work Product

(a) Copyrights.

(i) Upon execution of this Agreement, any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement, and any and all drafts and/or other

preliminary materials in any format related to such items, shall become the exclusive property of the County.

(ii) Any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement ("Copyrightable Materials") shall be considered "work-made-for-hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101, and the County shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might exist. To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens, claims, or other encumbrances. The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials, and they shall be used by the Contractor for no other purpose without the prior written permission of the County.

(iii) The Contractor acknowledges that the County may, in its sole discretion, register copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. The Contractor shall cooperate in this effort, and agrees to provide any further documentation necessary to accomplish this.

(iv) The Contractor represents and warrants that the Copyrightable Materials: (1) are wholly original material not published elsewhere (except for material that is in the public domain); (2) do not violate any copyright law; (3) do not constitute defamation or invasion of the right of privacy or publicity, and (4) are not an infringement of any kind, of the rights of any third party. To the extent that the Copyrightable Materials incorporate any non-original material, the Contractor has obtained all necessary permissions and clearances, in writing, for the use of such non-original material under this Agreement, copies of which shall be provided to the County upon execution of this Agreement.

(b) Patents and Inventions. Any discovery or invention arising out of or developed in the course of performance of this Agreement shall be promptly and fully reported to the Department, and if this work is supported by a federal grant of funds, shall be promptly and fully reported to the Federal Government for determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

(c) Pre-existing Rights. In no case shall 4(a) or 4(b) above apply to, or prevent the Contractor from asserting or protecting its rights in any report, document or other data, or any invention which existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

(d) Infringements of Patents, Trademarks, and Copyrights. The Contractor shall indemnify and hold the County harmless against any claim for any infringement by the Contractor of any copyright, trade secrets, trademark or patent rights of design, systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Contractor in the performance of this Agreement. The Contractor shall indemnify and hold the County harmless regardless of whether or not the infringement arises out of compliance with the scope of services/scope of work.

(e) Antitrust. The Contractor hereby assigns, sells, and transfers to the County all right, title and interest in and to any claims and causes of action arising under the antitrust laws of the State of New York or of the United States relating to the particular goods or services procured by the County under this Agreement.

5. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

6. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

7. Compliance with Law.

(a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, such breach being determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix I, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(e) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

8. Minimum Service Standards. Regardless of whether required by Law:

(a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. Indemnification; Defense; Cooperation.

(a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, reasonable attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether taken pursuant to or authorized by this Agreement and regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section and the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance.

(a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) in the aggregate, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than two million dollars (\$2,000,000) per claim and four million dollars (\$4,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance, including, without limitation, builder's all risk, if applicable, automobile liability insurance and umbrella liability insurance, as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed or authorized to do business in New York State and acceptable to the County; and (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the County Attorney's Office. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the County Attorney's Office of the same and deliver to the County Attorney's Office renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

13. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

14. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the County Comptroller, the County Attorney's Office, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings Against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. All Legal Provisions Deemed Included; Severability; Supremacy; Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) In the event of a conflict between the terms and conditions of the contract, including any and all attachments thereto and amendments ther-of, and the terms of this Appendix A, the terms of this Appendix A shall control.

(d) Each party has cooperated in the negotiation and preparation of this Agreement, so if any construction is made of the Agreement it shall not be construed against either party as drafter.

18. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred Thirty-Three dollars (\$533) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

19. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County and other governmental approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the State and/or federal governments, then beyond funds available to the County from the State and/or federal governments.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

{Remainder of page intentionally lefty blank}

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the Effective Date.

Exhibit "A"

Detailed Scope of Services

1. Scope of Services.

These services may involve, but are not limited to, providing studies, reports, analysis, load rating, surveying, AutoCAD drafting, base maps, detail maps, right of way maps, design and cost estimating on an as needed basis for various Civil Engineering, Site Development and related projects for County facilities, as well as other related specialized services. The scope of services required for a particular project will be identified, described in writing and distributed to the Firm for consideration. Each firm will submit a letter proposal for review/evaluation by the Department. The letter proposal shall include, but not limited to, proposed staffing resumes. The selected firm shall abide by all aspects of the response provided in the letter proposal. After review of the letter proposals, selection of a firm to provide the requested services and encumbrance of project funds, the firm selected will be directed in writing to commence work. Upon completion of a project, the Firm will be required to provide plans in digitized AutoCAD format, specifications, and all back-up cost estimates including take-offs, pricing, etc. All documents regarding utility coordination and project related correspondence with Town, Village, communities, utility companies, etc. shall be provided, if so requested. During construction, the Firm shall provide clarifications as necessary.

2. Notification.

The Firm agrees to review the County's request within the specified time limit and provide the County with a written proposal and cost estimate based on the terms and conditions of the Agreement. The County reserves the right to accept or reject any proposal and estimate from the Firm. Additionally, the County is not required to assign any work to the Firm under this Agreement.

3. Task Order Procedures.

This Agreement is an on-call services agreement. Nothing contained in this agreement, shall be deemed to assign, or guarantee assignment of, any work to the Firm. Any work that may be assigned to the Firm is subject to all the terms and conditions contained in this Agreement.

A. Task Order Issuance and Submission of Proposal

In the event that the Department identifies the need for services under this Agreement, the Department may issue a task order (the "Task Order") that provides a detailed description of the services the Department requires and the type of cost estimate it is requesting. The Department may send the Task Order to the Firm. If the Task order is sent to the Firm, the Firm shall:

1. Review the task order and respond to the Department with any questions the Firm may have within five (5) business days of the Department's issuance of the Task Order; and
2. Submit to the Department a task order proposal (the "Proposal") within the time specified in the Task order, which shall include, without limitation: (i) (A) the staff proposed to provide the requested services, their classification and corresponding hourly rates consistent with those set forth in this Agreement, or (B) in the event of a lump sum proposal, the total fee the Firm will require to complete the work described

in the Task Order and (ii) the total time the Firm will require to complete the work described in the Task Order. If no due date for the Proposal is specified in the task order, such due date shall be (1) month from the date the Task order was sent by the Department to the Firm.

B. Department Review of Cost Proposal

1. The Department shall review the proposal and the Department may, in its sole and absolute discretion, (i) select the Firm to provide the requested services, (ii) reject the Proposal or (iii) request modifications to the proposal and grant additional time for the submission of a revised Proposal.
2. The Commissioner of the Department shall notify the Firm in writing of the Department's determination and, if the Proposal is accepted by the Department, the Department will issue a notice to proceed setting forth a start date and any additional terms and conditions that apply.

Exhibit "B"

Payment Schedule

Payment to the Firm for all services that may be authorized under this Agreement, shall be made as follows:

Compensation for services provided under the terms of this Agreement will be (i) on the basis of a lump sum or (ii) the actual salaries paid to the technical personnel engaged in performing the service, exclusive of payroll taxes, insurance, and any and all fringe benefits, times a multiplier of **two and fifty hundredths (2.50)**. The method of determining compensation shall be established by the County for each project and set forth in the County's written request for a proposal and cost estimate.

Payments to Firm When Services Are Compensated "On the Basis of Salary Multiplier"

With regard to any task for which payment is contemplated on the basis of a multiple of salary, it is understood and agreed that the County will utilize the Firm's approved Personnel List which is currently active and in use in connection with the Firm's services on other County Public Works projects. The Firm shall prepare and attach to this Agreement a Maximum Hourly Wage Rate Schedule listing the job classifications and the maximum hourly wage rate for each classification. The salaries of all employees rendering services under this Agreement must be within the limits of the approved Maximum Hourly Wage Rate Schedule. It is the County's intention that the salary to be reimbursed to the Firm for a named employee shall be the same for said employee on all current County agreements with the Firm.

The Maximum Hourly Wage Rate Schedule will be adjusted annually in accordance with any wage increases granted to County employees in the Civil Service Employees Association. The Firm may grant an employee a salary increase within a classification or a change of classification upon written notification to the Department one month prior to the effective date of such increase or change and with written approval of the Department. Premium pay for overtime work, over and above the straight hourly rate, performed for any services rendered under this Agreement shall not be subject to any multiplier. All overtime requests must be submitted to the Department for approval in advance. In computing the cost to the County for overtime work performed, the overtime period shall be paid at the agreed multiplier times the straight hourly rate plus the actual premium cost incurred.

Notwithstanding the foregoing, the maximum billable rate, after application of the multiplier for any services provided under the terms of this Agreement shall not exceed one hundred and seventy-five dollars (\$175.00).

Progress Payments:

- (1) During the progress of the design for a construction contract, the Firm shall be paid up to an accumulated total of 80% of the design fee based on "Salary Multiplier" or lump sum as outlined in the task order, as determined by the percentage of work completed shown by the submission of required progress reports as well as design document submittals, and as approved by the Commissioner. When the design for a construction contract has been fully completed and all necessary work has been accepted by the Commissioner, the Firm shall be paid any additional sum necessary to bring the payments up to 80% of the design fee based on "Salary Multiplier" or lump sum as outlined in task order.
- (2) Upon completion of all construction contract work based on the Plans prepared by the Firm and the work accepted by the County, the Firm shall be paid an additional sum to bring the final payment up to 100% of the design fee based on "Salary Multiplier" or lump sum as outlined in task order.
- (3) If an award of contract is not made within two (2) years after the plans and contract documents have been completed and accepted in writing by the Commissioner, the Firm shall be deemed to have

earned full payment for the design services the Firm shall be paid an additional sum to bring the total payments to 100% of the design fee based on "Salary Multiplier" or lump sum as outlined in task order.

Out-of-Pocket Expenses:

The Firm shall be reimbursed for the actual cost of "out-of-pocket" expenses that have been approved in writing by the Commissioner of Public Works. Traveling cost for reporting to site is not considered out-of-pocket.

The Firm shall be reimbursed for the actual cost of the following expenses incurred in the interest of the project:

1. Transportation and living expenses for approved and required travel beyond 50-mile radius of the job site with prior written approval of the Commissioner, and at rates established by the County for its own employees.
2. Additional models, renderings, and/or photographs than those requested in task order.
3. Reproduction of drawings in excess of 15 copies per each.

Subcontractor Costs and Subconsultant Charges:

1. Subcontractors engaged by the Firm shall be compensated on the same basis as provided herein for employees of the Firm.
2. The Firm shall be reimbursed the actual cost of the fees of the subcontractor as approved by the County.
3. The Firm shall be further reimbursed for the actual out-of-pocket expenses, as outline above, for subconsultants and subcontractors when authorized in writing by the Commissioner.

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by

the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive

Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Contract Summary

<p>Purpose: Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract will enable the vendor to provide GIS support to further this development. Enterprise GIS is a geographic information system that is integrated through an entire organization so that a large number of users can manage, share, and use spatial data and related information to address a variety of needs, including data creation, modification, visualization, analysis, and dissemination. In Nassau County's case, the Enterprise GIS is used across multiple agencies to track assets, capital projects, incidents of multitude, and manage cadastral datasets to name a few use cases. There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS "married" to the Firecom Street Locator System so that when a fire alarm is dispatched, the system will deliver a GIS map at the same time. 2) DPW takes GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partner outside Nassau County government. The services have been awarded to four vendors that Nassau County believes will best be able to provide the County with user support, system maintenance, system upgrade, systems administration and support, application development, and training. The purpose of this amendment is to extend the contract 1 year to 2/28/2021 to allow the County sufficient time to issue a Request for Proposal for GIS services.</p>
<p>Method of Procurement: RFP IT0321-1407</p>
<p>Procurement History: The Contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LISTnet websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Bejarano, Anthony Paganini, Jim Slevin and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking, four vendors were selected.</p>
<p>Description of General Provisions: Description of General Provision:</p> <ol style="list-style-type: none"> 1. On-call user support including problem resolution. 2. Data maintenance as required or as directed by the County. 3. New application development and continuing application development on work previously completed and on work in progress. 4. Systems Administration and Support. 5. Support for implementing software upgrades. <p>Task 2 ç GIS Training: All training shall be conducted at a Nassau County provided site unless approved by the County Proposers. The vendor will inform the County if ESRI certification has been obtained and will provide the County with a list of the name(s) of certified trainers and the course work they have been certified in.</p> <ol style="list-style-type: none"> 1. GIS training will be provided for ArcGIS 10, Arc Editing and any additional training as directed by, and at the sole discretion of the County. 2. Provide the County with a list of all available ESRI training curricula that are available through the vendor.

3. Modification of ESRI training curricula to reflect the Nassau County GIS Environment.

COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME: LiRo GIS, Inc

CONTRACTOR ADDRESS: 3 Aerial Way, Syosset, NY 11791

FEDERAL TAX ID #: [REDACTED]

Instructions: Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.

I. The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____

[date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date]. _____ [state #] proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The Contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LISTnet websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Bejarano, Anthony Paganini, Jim Slevin and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking (attached), four vendors were selected.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A.** The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B.** The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A.** There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B.** The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C.** Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of

the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

Amendment #3

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having its principal office at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) LiRo GIS, Inc. (formerly known as "LiRo GIS and Survey, P.C."), a New York Corporation, having its principal office at 3 Aerial Way, Syosset, NY 11791 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CQIT15000001 between the County and the Contractor, executed on behalf of the County on August 21, 2015, and subsequently amended on May 8, 2017 and April 2, 2019 (the "Original Agreement"), the Contractor performs certain services for the County in connection with the Geographic Information Systems ("GIS") Support and GIS Training, which services are more fully described in the Original Agreement, (the "Services"); and

WHEREAS, the term of the Original Agreement is from March 1, 2015 to February 29, 2020 (the "Term"); and

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County; and

WHEREAS, the County desires to extend the original agreement to continue the Services to allow County sufficient time to issue a Request for Proposal for GIS services;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term. The Department desires to extend the Term for an additional one (1) year period so that the termination date of the Original Agreement, as amended herein, shall be February 28, 2021.
2. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties herein.

[REMAINDER OF THE PAGE INTENTIONALLY LEFT BLANK. SIGNATURE PAGES FOLLOW]

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.

Contract Summary

Description:

Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract will enable the vendor to provide GIS Support to further this development, as well as provide training in GIS software and functionality for County employees.

Purpose:

There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS "married" to the Firecom Street Locator System so that when a fire alarm is dispatched the system will deliver a GIS map at the same time. 2) DPW: DPW take GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partners outside Nassau County government. The Services have been awarded to four vendors that Nassau County believes will best be able to provide the County with user support, system maintenance, system upgrade, systems administration and support, application development and training.

Method of Procurement:

Request for Proposal.

Procurement History:

The Contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LISTnet websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Bejarano, Anthony Paganini, Jim Slevin and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking (attached), four vendors were selected.

Description of General Provisions:

Task 1 - GIS Support Services:

1. On-call user support including problem resolution.
2. Data maintenance as required or as directed by the County.
3. New application development and continuing application development on work previously completed and on work in progress.
4. Systems Administration and Support.
5. Support for implementing software upgrades.

Task 2 - GIS Training: All training shall be conducted at a Nassau County provided site unless approved by the County Proposers. The vendor will inform the County if ESRI certification has been obtained and will provide the County with a list of the name(s) of certified trainers and the course work they have been certified in.

1. GIS training will be provided for ArcGIS 10, Arc Editing and any additional training as directed by, and at the sole discretion of the County.
2. Provide the County with a list of all available ESRI training curricula that are available through the vendor.
3. Modification of ESRI training curricula to reflect the Nassau County GIS Environment.

Impact on Funding / Price Analysis:

The maximum amount for full consideration for services shall not exceed \$2,375,000.00. However, only \$300,000 is being encumbered at this time so the vendor can provide the County with continuing GIS Support Services.

Change in Contract from Prior Procurement:

N/A.

Recommendation:

Approve as submitted.

WHEREAS, the County has negotiated a personal services agreement with Bowne Management Systems, Inc. ("Bowne") for GIS support and training services, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said amendment with Bowne.

CONTRACT FOR SERVICES

THIS AGREEMENT, dated as of March 1, 2015 by Nassau County (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology having its principal office at 240 Old Country Road, Mineola, NY 11501 (the "Department"), and (ii) Bowne Management Systems, Inc., a New York corporation, having its principal office at 235 Jericho Turnpike, Mineola, NY 11501 (the "Contractor").

WITNESSETH:

WHEREAS, the County issued a request for proposal (the "RFP") RFP #IT0321-1407 issued April 4, 2014, for Geographic Information System ("GIS") Support and GIS Training;

WHEREAS, the County received multiple responses to the RFP; and

WHEREAS, the Contractor submitted a proposal in response to the RFP found to be beneficial to the County; and

WHEREAS, the County awarded the Services to four (4) qualified vendors, including the Contractor; and

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, the Contractor desires to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence on March 1, 2015 and continue for a period of two (2) years, unless sooner terminated in accordance with the provisions of this Agreement; provided, however, the County, at its sole option and in its sole discretion, may renew this Agreement under the same terms and conditions for three (3) additional one (1) year periods for a total term of five (5) years.
2. Services. The Services are fully described in detail in the Statement of Work and include, but are not limited to, (a) GIS Support Services. The Contractor shall provide GIS-related support services which shall include (i) on-call user support including problem resolution (ii) data maintenance as required or as directed by the County including, but not be limited to planning, support and execution of monthly geodatabase and systems maintenance activities; (iii) Contractor shall be responsible for new application development and for continuing application development on work previously completed and for work in progress. This shall include, but not be limited to: Portals, Help Desk, Multi-Participant License Manager and Reports, E-government, Extranet; (iv) systems Administration and support, and (v) support for implementing software upgrades. (b) GIS Training. (i) The Contractor shall provide GIS training at a County provided site for: (1) ArcGIS 10 or its successor versions that are implemented, (2) Arc Editing in a versioned environment, and (3) Any additional training as directed by, and at the sole discretion of the County; (ii) Contractor shall provide to County a list of all available ESRI training curricula that is available through the Contractor and shall modify ESRI training curricula to reflect the Nassau County GIS Environment.
3. Payment. (a) Amount of Consideration. The maximum amount to be paid to the Contractor as full consideration for the Contractor's Services under this Agreement shall not exceed Two Million, Three

Hundred and Seventy-Five Thousand Dollars (\$2,375,000.00) ("Maximum Amount") payable in accordance with the rates provided in cost attachment #1.

(b) Encumbrance. (a) The Contractor understands that only Three Hundred Thousand Dollars (\$300,000.00) is encumbered at this time under this Agreement (the "Encumbered Amount"). The Contractor shall not perform services that would cause billings to exceed this amount unless additional funds are encumbered pursuant to this Agreement. The County shall not be liable for payment of any amounts which have not been encumbered for this Agreement by the County Comptroller and approved by the County Executive.

(c) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(d) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(e) Reimbursement by the Contractor upon Loss of Funding. In addition to any other remedies available to the County, in the event that the County loses funding, including reimbursement, from the State or federal governments for any Services arising out of or in connection with any act or omission of the Contractor or a Contractor Agent (i) the County will have no further obligations to the Contractor under this Agreement and (ii) the Contractor shall pay the County the full amount of lost funds on demand, but not in excess of the amount paid to the Contractor under this Agreement.

(f) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(g) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Confidential Information. The parties further acknowledge that in the course of this Agreement each may have access to and/or be in possession of proprietary or confidential information of the other party. "Confidential Information" shall mean: (i) any information that is specifically marked as "Confidential" "Restricted" or with other similar legend; (ii) information which the County has requested in writing to be kept confidential; (iii) information which is disclosed verbally and identified as confidential at the time of disclosure; (iv) information which, by its nature, must be kept confidential in order to prevent adverse consequences to the Business or the County; and (v) nonpublic third-party information entrusted to the other in confidence.

Each party agrees to use the Confidential Information of the other party solely for the purposes of this Agreement, and will not disclose such Confidential Information to any third party without the other party's consent. Each party shall maintain the Confidential Information of the other party in confidence using at least

the same degree of care as it employs in maintaining in confidence its own proprietary and confidential information, but in no event less than a reasonable degree of care. Provided that, the receiving party shall have met the foregoing standard of care, an inadvertent or accidental disclosure by the receiving party of Confidential Information of the disclosing party shall not constitute a breach hereof. The foregoing shall not prohibit or limit any party's use of information (including but not limited to ideas, concepts, know-how, techniques and methodologies) (i) previously known to it, (ii) independently developed by it, (iii) acquired by it from a third party without continuing restriction on use, or (iv) which is, or becomes, publicly available through no breach by it of this Agreement. Neither party shall use the Confidential Information of the other party for its own benefit or for the benefit of any third party, except as expressly permitted in this Agreement. A receiving party also may disclose Confidential Information to the extent required by an order of a court of competent jurisdiction, administrative agency or governmental body, or by any law, rule or regulation, or by court ordered subpoena, summons or other administrative or legal process, or by applicable regulatory or professional standards, or in connection with any judicial or other proceeding involving Contractor and County relating to Contractor's Services for County or this Agreement.

(e) Protection of Information Obtained in the Course of Performance. Information obtained by the Contractor in the course of performance under this Agreement is the property of the Department and may be disclosed only with the express permission of the Department or as required by law.

7. Confidentiality. (a) Confidential Information. The Contractor hereby agrees (i) to hold and to cause each of such Contractor's agents, employees and representatives to hold the County's Confidential Information in strict confidence and to take reasonable precautions to protect such Confidential Information including, without limitation, all precautions the receiving party employs with respect to its own confidential materials, (ii) not to divulge any such Confidential Information or any information derived therefrom to any third person; (iii) not to make any use whatsoever at any time of such Confidential Information except as contemplated hereunder; and (iv) not to copy or reverse engineer any such Confidential Information. (b) Exceptions to Confidentiality Obligations. "Confidential Information" shall not include information that: (i) was already known to the receiving party prior to disclosure by the disclosing party; (ii) is in or has entered the public domain through no breach of this Agreement or other wrongful act of the receiving party; (iii) has been rightfully received by the receiving party from a third party and without breach of any obligation of confidentiality of such third party to the owner of the Confidential Information; (iv) has been approved for release by written authorization of the owner of the Confidential Information; and (v) has been independently developed by the receiving party. (c) The Contractor agrees that the Contractor shall return or destroy the County's Confidential Information upon request. (d) Notwithstanding any provision in this Agreement to the contrary, the receiving party may disclose Confidential Information to the extent it is required to be disclosed pursuant to (i) "Compliance with Law: Record Access" Section; or (ii) a valid order or requirement of a governmental agency or court of competent jurisdiction, provided that the owner of the Confidential Information shall be given reasonable notice of such an order or requirement and the opportunity to contest it. (e) Limitation on the Flow of Information. The Contractor shall endeavor to give access to the Confidential Information only to such persons who are either bound by a professional duty of confidentiality or who require knowledge of the information as employees, representatives, agents, authorized persons, advisors, officers, or directors of the respective party for orderly conduct of business of the party concerned. The Contractor shall also require the recipients of the Confidential Information to undertake to keep such Confidential Information secret. (f) Non-Disclosure Agreement (NDA). The Contractor and the Contractor's personnel and/or agents are providing Services pursuant to this Agreement shall enter into a County issued NDA prior to commencement of Services. (g) The provisions of this section shall survive the termination of this Agreement.

8. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement

so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver Services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. Staffing and Personnel. The County reserves the right to review and to request changes to the members of the Contractor's staff assigned to deliver Services under this Agreement. The County shall have the right, in its absolute discretion, to require the removal of the Contractor's personnel at any level assigned to the performance of the Services or Work, if the County considers such removal necessary, in the best interests of the project and requests such removal in writing. Such personnel shall be promptly removed from the project by the Contractor at no cost or expense to the County. Further, an employee who is removed from the project for any reason shall not be re-employed on the Project.

10. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall indemnify and hold the County harmless against any and all Losses arising out of or in connection with any breach of warranty by the Contractor and any claim for any infringement of intellectual property rights as indicated in the "Patent/Copyright/Trademark/Trade Secrets Claims" Section.

(c) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(d) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(e) The provisions of this Section shall survive the termination of this Agreement.

11. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than five million dollars (\$5,000,000) per occurrence and five million dollars (\$5,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less five million dollars (\$5,000,000.00) per occurrence; (iii) compensation

insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) The Contractor shall indemnify and hold the County harmless against any and all Losses arising out of or in connection with (i) any breach of warranty by the Contractor, and (ii) any claim for any infringement of intellectual property rights as indicated in Section 14, "Patent / Copyright / Trademark / Trade Secrets Claims."

(c) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(d) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Right to Works/Intellectual Property Rights. (a) Except as noted in Subsection (c) below, upon execution of this Agreement, any reports, documents, data, designs, drawings, photographs and/or any other material or information provided by the County or compiled by the Contractor for the County pursuant to this Agreement shall remain exclusive property of the County. (b) The completed project deliverables as well as all working material shall become the sole property of the County. The completed maps, electronic media, and any additional products shall be copyrighted in the County's name. The Contractor shall not sell or distribute any of these County project deliverables in whole or in part to any third parties. The Contractor, with the expressed written permission of, the County, may be allowed to use limited examples of the completed work for marketing or other uses. (c) Contractor Property or Works. Unless otherwise agreed upon between the parties, Contractor retains all right, title and interest, including all copyrights, patent rights and trade secret rights, in any pre-existing Contractor property or work, including all intellectual property interests therein, that is included in the training program, except solely the specific modifications made by the County, which modifications shall be owned by the County.

13. Works Made for Hire. The Contractor acknowledges that all of the Contractor's works of authorship, and/or other materials created pursuant to this Agreement are works made for hire and the property of the County, including any copyrights, patents, or other intellectual property rights pertaining thereto. If it is determined that any such works are not works made for hire, the Contractor hereby assigns to the County all of the Contractor's right, title, and interest, including all rights of copyright, patent, and other intellectual property rights, to or in such the Contractor works.

14. Services for Other Nassau County Municipal Entities. It is understood that the Services described in the Agreement may be purchased by any other County municipal entities ("Municipal Entities") and the Contractor agrees to provide the Services to the Municipal Entities on the same terms and conditions as if they were to be supplied to the County. In order to coordinate such activity, the Contractor agrees to only perform such Services after obtaining the written permission of the County. To the extent that the Municipal Entities purchase Services, then the Municipal. Entities, and not the County, shall be liable to the Contractor.

15. Patent/Copyright/Trademark/Trade Secrets Claims.

(a) The Contractor will indemnify, defend and hold the County harmless for any claim for any infringement by the Contractor of any copyright, trade secrets, trademark or patent rights of design systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Contractor in performance of this Agreement. The County shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at the Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of the Contractor. The Contractor shall indemnify and hold the County harmless regardless of whether or not the infringement arises in the course of delivering Services under this Agreement.

(b)(i) In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if the Contractor believes that it may be enjoined, the Contractor shall have the right, at its own expense, to take action in the following order of precedence: (A) to procure for the County the right to continue using such item(s) or part(s) thereof, as applicable; (B) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (C) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (D) if none of the foregoing is commercially reasonable, then provide monetary compensation to the County up to the dollar amount of the aggregate consideration paid to the Contractor under this Agreement. (ii) The preceding remedies are in addition to and not in lieu of the Contractor's obligation to indemnify and defend the County. (iii) Time is of the essence with respect to every provision of this Agreement in which time of performance is a factor.

(c) The foregoing provisions shall not apply to any infringement occasioned by modification by the County or any third party pursuant to the County's direction that is (i) not expressly contemplated by the Contractor in writing; (ii) made without the Contractor's approval; (iii) based on the unauthorized use of the software by the County; or (iv) caused by the use of any deliverable with any adjunct device by the County, unless such use was contemplated or consented to by the Contractor.

(d) In the event that an action at law or equity is concerned against the County arising out of a claim that the County use of a deliverable under this Agreement infringes any patent, copyright or proprietary right and the Contractor is of the opinion that the allegations in such action in whole or in part are not covered by the indemnification and defense provisions set forth in this Agreement, the Contractor shall immediately notify the County in writing and shall specify to what extent the Contractor believes it is obligated to defend and indemnify under the terms and conditions of this Agreement. The Contractor shall in such event protect the interests of the County and secure a continuance to permit the County to appear and defend its interests in cooperation with the Contractor as is appropriate, including any jurisdictional defenses the County may have.

16. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such

rights.

17. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

(d) Accounting Upon Termination: (i) Within sixty (60) days of the termination of this Agreement, the Contractor shall provide the Department with a complete accounting up to the date of termination of all monies received from the County and shall immediately refund to the County any unexpended balance remaining as of the time of termination.

18. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

19. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

20. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

21. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

22. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

23. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

24. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

25. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred and Thirty-Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 201-2001. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

26. Force Majeure: Whenever performance by either party of any of their respective obligations is substantially prevented by reason of any act of God, other industrial or transportation disturbance, fire, floods, riots, acts of enemies, national emergencies or by any other cause not within the reasonable control of such party and not occasioned by its negligence, then such performance shall be excused and the performance of such obligations under this Agreement shall be suspended for the duration of such prevention and for a reasonable time thereafter.

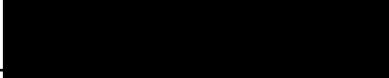

27. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

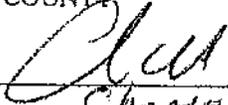

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

28. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the date first above written.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any

additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested.

The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other

party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County

Contractor must also be included with the Best Effort Documentation

- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Attachments to Contract

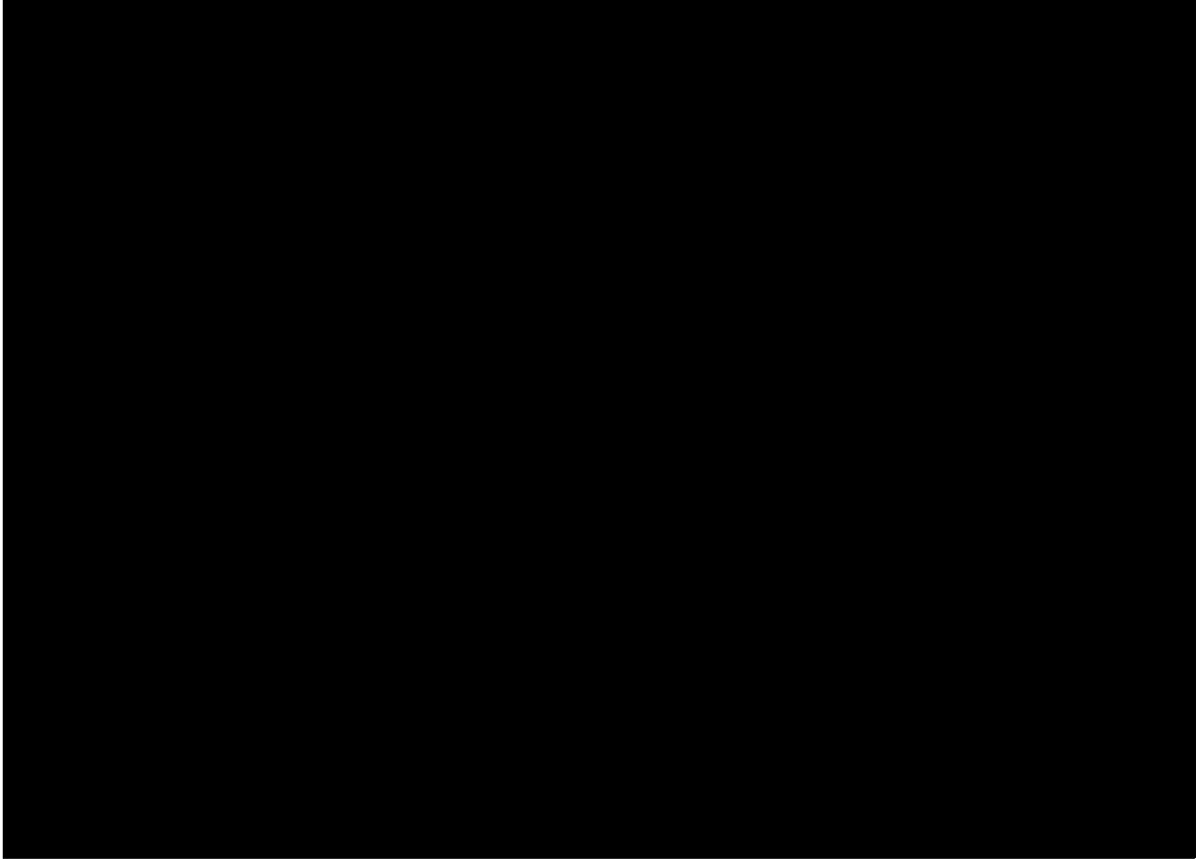

1) Cost Proposals

2) Statement of Work

Attachment #1

1. COST PROPOSAL:

The following table and associated notes represent Bowne's completed Cost Proposal – Appendix A, table of "Proposed Cost Breakdown".

NOTES:

- As indicated in the above table, Bowne Management Systems will not charge the County a premium rate for overtime work.

1. COST PROPOSAL

The following table and associated notes represent Bowne's Cost Proposal – Appendix A, table of "Proposed Cost Breakdown".

1. Cost per class, including any associated costs, itemized.

Our cost per class consists of three components:

- Curriculum Development - A onetime fee for the development of each custom curriculum. This fee is not applicable to standard training curricula provided by a third party provider. A typical curriculum may contain the following topics:
 - Investigating Geographic Data
 - Managing Map Layers
 - Symbolizing Categorical Data
 - Labeling Map Features
 - Making a Map Layout
 - Managing Tables
 - Getting Locations from Attributes
 - Loading Data into a Geodatabase
- A daily instructor rate for classes of 1-12 students and a daily instructor rate for classes of 13-20 students. Classes for up to twelve students will be taught by a single instructor. Classes of 13 – 20 students will be taught by an instructor and an assistant. These rates apply to all formal classroom training.
- Workbook Development – as indicated in Item 2, below.

2. Cost to modify each training curriculum available through the proposer to the Nassau County environment.

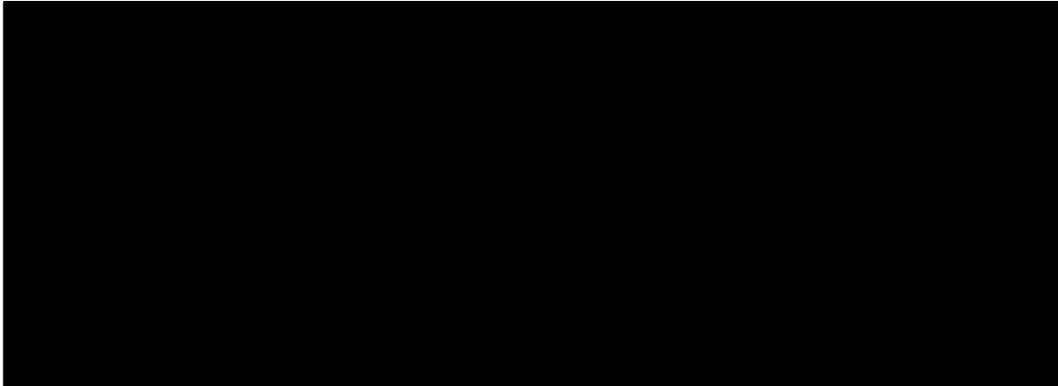

- Workbook Development - A onetime fee for the development of each set of exercise materials customized to a specific County requirement.

3. Cost of training materials.

Each student will be provided with their own copy of any course training manuals. The amounts shown for these items are estimates only.

- Published Training Manuals - Third party training materials used in our classes will be provided to the County at cost. The amount shown for this item is an estimate only; manuals will be acquired from the respective publisher and billed to the County at cost.
- Custom Training Materials - Custom training materials will be provided at the cost of reproduction. Note that the County may elect to reproduce these materials internally.

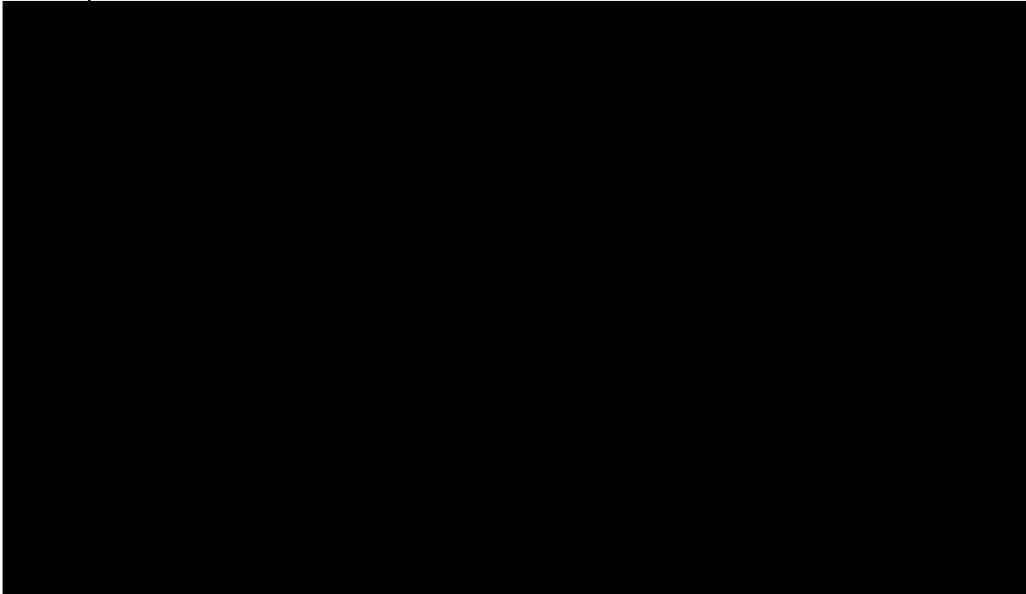

ASSUMPTIONS:

- As indicated in the RFP, all training will be conducted at a Nassau County provided site unless otherwise requested by the County.
- County personnel will be responsible for providing all computer resources for each training session and for ensuring that all required software is loaded and properly configured prior to the training session. Bowne will define requirements in advance and, if requested, can provide setup and configuration services at our normal hourly rates.
- We recommend a limit of no more than twelve (12) students per class (depending on size and configuration of training area) with a single instructor. Should class size exceed this number we recommend adding an assistant or aide to the class to assist the instructor. The cost for this additional person is shown in the table.

The following table and associated notes represent Bowne's Cost Proposal – Appendix A, table of "Proposed Cost Breakdown".

NOTES:

- As indicated in the above table, Bowne Management Systems will not charge the County a premium rate for overtime work.

Statement of Work

Bowne Management Systems, Inc., GeoDecisions, AppGeo, Gayron DeBruin(Contractor/Contractors) work to be performed for Nassau County for March 1, 2015 - February 28, 2017

1. GIS Support Services:

Services:

- i. Contractor/Contractors - shall provide on-call user support including problem resolution.
- ii. Contractor/Contractors shall perform data maintenance as required or as directed by the County. Data maintenance shall include, but not be limited to planning, support and execution of monthly geodatabase and systems maintenance activities.
- iii. Contractor/Contractors shall provide Systems Administration and Support.
- iv. Contractor/Contractors shall be responsible for new application development and for continuing application development on work previously completed and for work in progress. This shall include, but not be limited to: Portals, Help Desk, Multi-Participant License Manager and Reports, E-government, Extranet.
- v. Contractor/Contractors shall provide support for implementing software upgrades and GIS online.

2. GIS Training:

Services:

- i. Contractor/Contractors shall provide GIS training for:
 1. ArcGIS 10 or its successor versions that are implemented
 2. Arc Editing in a versioned environment
 3. Any additional training as directed by, and at the sole discretion of the County.
- ii. Contractor/Contractors shall provide a list of all available ESRI training curricula that are available.
- iii. Contractor/Contractors shall modify ESRI training curricula to reflect the Nassau County GIS Environment. The cost of any modifications to the curricula must be identified in the cost proposal.

- iv. Contractor/Contractors shall indicate if ESRI certification has been obtained, listing the name(s) of certified trainers and the course work they have been certified in.
- v. All training shall be conducted at a Nassau County provided site unless approved by the County.

3. SOW Process

The Services underlying this Agreement have been awarded to four (4) contractors (the "Contractors"). Please be advised that Contractors are not guaranteed work under the Agreement. Rather, the Agreement gives Contractors eligibility to bid on a particular SOW for which it can provide the necessary GIS Services.

a. Individual Statements of Work.

When NCIT has a project requiring GIS services, a SOW describing in detail the project GIS Services will be issued to each of the Contractors eligible to provide the specific type of GIS Service needed.

Notwithstanding the expiration of the Agreements between the Contractors and the County, an individual SOW may require the Contractors' personnel to work beyond the termination date of the Agreement to complete a specific project or activity in the SOW. In that event, the County, at its sole option and discretion, may choose to amend the Agreement to extend the term for the period the Contractors' personnel is needed to complete the project under the SOW. In addition, NCIT has the ability to modify each SOW to satisfy specific County needs.

Each SOW will provide details as to the required:

- GIS Category required.
- Description of project and services required.
- Dates and schedule requirements.
- Staffing requirements

NCIT will allow Contractors a specific period of time from the time NCIT issues an SOW to submit an offer in response. Such period of time will be specified when the SOW is issued and will vary for each SOW. NCIT will determine this length of time in part by the complexity of the project and services required.

Contract Summary

Purpose: Nassau County has been developing a County-wide Enterprise GIS since 1990. This contract enables the vendor to provide GIS Support to further this development, as well as provide training in GIS software and functionality for County employees. This is an amendment to extend the term of contract to 2/28/2019. There are various Nassau County agencies utilizing our Enterprise GIS. Nassau County's GIS system provides crucial services to these County agencies. Examples include: 1) Firecom: GIS is married to the Firecom Street Locator System so that when a fire alarm is dispatched the system will deliver a GIS map at the same time. 2) DPW: DPW take GIS out into the field to respond to emergencies, log in maintenance activities and track the various permits the department issues. Additionally, Nassau County is involved in data sharing through GIS Licensing. Currently, there are over 700 licensed partners outside Nassau County government.

The Services have been awarded to four vendors that Nassau County believes be able to provide the County with user support, system maintenance, system upgrade, systems administration and support, application development and training.

Method of Procurement: RFP

Procurement History: The Contract was entered into after a written request for proposals was issued on April 4, 2014. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the LIFT/LISTnet websites. Proposals were due on May 5, 2014. Four proposals were received and evaluated. The evaluation committee consisted of: Steve Barry, Carl Bejarano, Anthony Paganini, Jim Slevin and Anthony Arcuri. The proposals were scored and ranked. As a result of the scoring and ranking (attached), four vendors were selected.

Description of General Provisions: Description of General Provisions:

Task 1 - GIS Support Services:

1. On-call user support including problem resolution.
2. Data maintenance as required or as directed by the County.
3. New application development and continuing application development on work previously completed and on work in progress.
4. Systems Administration and Support.
5. Support for implementing software upgrades.

Task 2 - GIS Training: All training shall be conducted at a Nassau County provided site unless approved by the County Proposers. The vendor will inform the County if ESRI certification has been obtained and will provide the County with a list of the name(s) of certified trainers and the course work they have been certified in.

1. GIS training will be provided for ArcGIS 10, Arc Editing and any additional training as directed by, and at the sole discretion of the County.
2. Provide the County with a list of all available ESRI training curricula that are available through the vendor.
3. Modification of ESRI training curricula to reflect the Nassau County GIS Environment.

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AN AMENDMENT TO A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON BEHALF OF THE NASSAU COUNTY DEPARTMENT OF INFORMATION TECHNOLOGY AND BOWNE MANAGEMENT SYSTEMS, INC.

Passed by the Rules Committee
Nassau County Legislature
at a special meeting on 4-24-17
yeas 4 nays 3 abstained 0 recused 0
Legislators present 7

WHEREAS, the County has negotiated an amendment to a personal services agreement with Bowne Management Systems, Inc. to provide services in connection with the Geographic Information Systems ("GIS") support and GIS training, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorize the County Executive to execute the said amended agreement with Bowne Management Systems, Inc.

Amendment #1

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having its principal office at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) Bowne Management Systems, Inc., a New York corporation, having its principal office at 235 Jericho Turnpike, Mineola, NY 11501 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CQIT15000001 between the County and the Contractor, executed on behalf of the County on August 21, 2015, (the "Original Agreement"), the Contractor performs certain services for the County in connection with the Geographic Information Systems ("GIS") Support and GIS Training, which services are more fully described in the Original Agreement, (the "Services"); and

WHEREAS, the Services were procured under RFP#IT0321-1407 issued April 4, 2014; and

WHEREAS, the term of the Original Agreement is from March 1, 2015 to February 28, 2017 (the "Term"); and

WHEREAS, the Original Agreement contains three (3) renewal options; and

WHEREAS, the County desires to renew the Original Agreement in accordance with the terms and conditions set forth herein; and

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term Renewal. The County hereby exercises its first two (2) renewal options extending the Term for an additional two (2) year period so that the termination date of the Original Agreement, as amended herein, shall be February 28, 2019. The County reserves the right to exercise its final renewal option which would extend the Original Agreement for an additional one (1) year period at the County's sole discretion.
2. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties herein.

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.

RULES RESOLUTION NO. 19 2019

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AN AMENDMENT TO A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON BEHALF OF THE DEPARTMENT OF INFORMATION TECHNOLOGY, AND LIRO GIS AND SURVEY, P.C. ("LIRO").

Approved by the Rules Committee
Nassau County Legislature
Date: 2-11-19
7

WHEREAS, the County has negotiated an amendment to a personal services agreement with LiRo for Geographic Information Systems, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said amendment to agreement with LiRo.

Amendment #2

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having its principal office at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) LiRo GIS and Survey, P.C., a New York Corporation, having its principal office at 3 Aerial Way, Syosset, NY 11791 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CQIT15000001 between the County and the Contractor, executed on behalf of the County on August 21, 2015, and subsequently amended on May 8, 2017 (the "Original Agreement"), the Contractor performs certain services for the County in connection with the Geographic Information Systems ("GIS") Support and GIS Training, which services are more fully described in the Original Agreement, (the "Services"); and

WHEREAS, the Services were procured under RFP#IT0321-1407 issued April 4, 2014; and

WHEREAS, the Original Agreement, CQIT15000001 was awarded to Bowne Management Systems pursuant to the RFP; and

WHEREAS, all of the rights, titles, and interests in and to all of Bowne's property and assets were purchased by Contractor on via an Asset Purchase Agreement dated January 9, 2018 (the "Asset Purchase Agreement") attached hereto for reference; and

WHEREAS, County, Bowne, and Contractor entered into a Consent and Assignment Agreement dated April 9, 2018 (the "Consent and Assignment Agreement") attached hereto for reference; and

WHEREAS, Bowne assigned the Services to Contractor under the Consent and Assignment Agreement; and

WHEREAS, the County consented to the assignment of the Agreement to Contractor in the Consent and Assignment Agreement; and

WHEREAS, Bowne is no longer providing Services under the Agreement and Contractor assumed the Services underlying the Bowne Agreement on April 9, 2018 and

WHEREAS, the term of the Original Agreement is from March 1, 2015 to February 28, 2019 (the "Term"); and

WHEREAS, the Original Contract has three (3) renewal options ("Renewal Options"); and

WHEREAS, the County desires to exercise the Renewal Option in accordance with the terms and conditions set forth herein; and

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term Renewal. The County hereby exercises its final Renewal Options extending the Term for an additional one (1) year period so that the termination date of the Original Agreement, as amended herein, shall be February 29, 2020.

2. Compliance with Law. The "Compliance with Law", Paragraph 8 of the Original Agreement is hereby modified to include the following two additional new sub-sections:
 - g. Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

 - h. Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

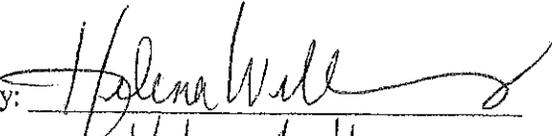

3. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties herein.

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

_____ [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

- D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

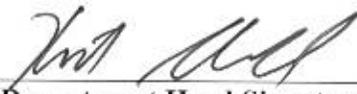

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

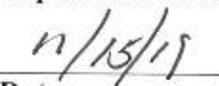

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

To Whom It May Concern:

As of October 1, 2006, one hundred percent (100%) of Greenman-Pedersen, Inc. (GPI) stock was owned by the Greenman-Pedersen, Inc. Employee Stock Ownership Trust ("ESOT"), as a result of a Stock Redemption Agreement by and between Greenman-Pedersen, Inc. and all of its shareholders, except for the ESOT (hereinafter called, "the Agreement"). As part of this agreement, GPI redeemed, into Treasury, shares of stock in exchange for 15 year promissory notes with all of the shareholders.

The ESOT, in conjunction with the Greenman-Pedersen, Inc. Employee Stock Ownership Plan ("ESOP"), hereinafter collectively referred to as the "Plan", qualifies as a stock bonus plan under Section 401 (A) and an employee stock ownership plan under Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended.

The Plan is currently represented and managed by:

Capital Trustees, LLC

17. S. Second Street, Suite 301

Harrisburg, PA 17101

(717) 919-5172

Richard A. Heeter, Managing Director

The Trustee is responsible for maximizing the benefit of the Plan's beneficiaries, which includes proper investment strategy and the equitable fairness of the Plan. The Plan's intent is to recognize the efforts of GPI's employees to sustain the success of the Company. Lastly, Federal regulations require that the Plan's primary investments must be in employer securities (company stock). The Plan is in compliance with all pertinent regulations.

Annual contributions to the Plan are determined by the Company's Board of Directors and may be made in the form of Company stock and/ or cash. The stock portion of the contribution is issued out of Treasury. Simultaneous to this determination, all contributions are allocated to each qualified employee based on two criteria: 1) the employee's years of service compared to total years of service of all eligible employees and, 2) employee's compensation compared to the total compensation of all eligible employees. Any employer securities shown in an employee's account does not infer actual ownership in the Company by that employee, but rather the rights that the employee has, as a beneficiary, to the economic value that those shares represent.

I hope that this brief explanation outlines the nature of the Plan's ownership in GPI.

Very truly yours,

GREENMAN-PEDERSEN, INC.

Nassau County Dept. of Public Works Westbury, NY	\$181,438 fee	2012	Yes
47. Nassau County Traffic Signal Installations, Various Locations, NY. This project involved the development of traffic signal reconstruction plans for seven signals on County roadways.	Nassau County Dept. of Public Works Westbury, NY	\$36,500 fee	2011	Yes
48. Nassau County Traffic Signal Timing Progression, Mineola, NY. GPI provided design services for Nassau County to improve their traffic signal timing, and therefore, maximize the use of available roadway capacity. This project created optimum traffic flow patterns thereby reducing vehicle delay, vehicle stops, fuel consumption, and vehicle emissions.	Nassau County Dept. of Public Works Westbury, NY	\$72,454 fee	2006	Yes
49. New York State TOPICS Program, Various Locations, NY. Performed traffic studies and developed design plans for various areas throughout Long Island and upstate New York.	New York State Dept. of Transportation Albany, NY	\$1,900,000	1988	Yes
50. NY 101 at Middle Neck Road, Safety Study Assignment #01, Roslyn, NY. This project involves studying alternatives (including a roundabout option) to improve traffic operations and safety at the NY 101 and Middle Neck Road signalized intersection including improvements to the existing driveways for St. Francis Hospital which is located at this intersection.	New York State Dept. of Transportation Albany, NY	\$67,773 fee	Est: 2020	Yes
51. NYSDOT Traffic Signal Requirements Contracts XXVII & XXVIII, Nassau and Suffolk Counties, NY. GPI redesigned and rebuilt 27 existing NYSDOT signalized intersections conforming to NYSDOT standards and specifications. This effort continued GPI's support of past NYS traffic signal rebuilds and included new signal poles, vehicular and pedestrian signal heads, controller cabinet locations, conduit systems, etc.	New York State Dept. of Transportation Albany, NY	\$394,172 fee	2013	Yes
52. Old Country Road CCTV Incident Management, Mineola, NY. GPI designed a new CCTV traffic incident management system to maximize the efficiency of traffic flow along Old Country Road. The installation of this closed-circuit camera system, which consisted of approximately 15 camera sites, allows County staff to quickly identify impediments to traffic flow, and be able to quickly remove the impediment and make any necessary adjustments to signal timing to account for the incident.	Nassau County Dept. of Public Works Westbury, NY	\$159,177 fee	2006	Yes
53. Old Country Road Signal Head Replacement, Phase 1, Various Locations, NY. This project provided the design and PS&E plans to construct and upgrade signalized intersections, overhaul outdated equipment, install new fiber optic communication interconnect, and install upgraded displays on the Old Country Road corridor for improved safety and efficiency through the use of new technology.	Nassau County Dept. of Public Works Westbury, NY	\$193,652 fee	2014	Yes

<p>54. Old Country Road Signal Optimization, Nassau County, NY. GPI performed traffic studies and engineering design to optimize the intersection timing and the traffic progression along the entire length of Old Country Road in Nassau County. The signal system included 70 signalized intersections; three of the intersections intersect with other arterials and operate as master controllers for grid systems.</p>	Nassau County Dept. of Public Works Westbury, NY	\$48,500 fee	1989	Yes
<p>55. On-Site Traffic Signal Inspectors, Various Locations, NY. GPI provided on-site signal inspectors to oversee county contractors in the installation, modification, and repair of traffic signals throughout the county.</p>	Nassau County Dept. of Public Works Westbury, NY	\$100,000 fee	2016	Yes
<p>56. Oyster Bay TOPICS Program - Traffic Studies & Design, Nassau County, NY. Traffic studies and development of design plans for a 2.2 mile segment of Route 106/107. The roadway included approximately 20 signalized intersections and interchanges with the Long Island Expressway and Northern State Parkways.</p>	New York State Dept. of Transportation Albany, NY	\$450,000 fee	1984	Yes
<p>57. Reconstruction of CR 3 (Wellwood Avenue) Bridge over Southern State Parkway - Design Report, Babylon, NY. This project involved the reconstruction and widening of CR 3, Wellwood Avenue Bridge over the Southern State Parkway. Decision provided an acceptable level of service while improving traffic safety and structural integrity. Efforts included development of potential geometric improvement alternatives that addressed capacity, safety and substandard feature deficiencies. All studies and analyses were documented within a formal NYSDOT EPP report that was converted into a NEPA CASE II Final Design Report/Categorical Exclusion.</p>	Suffolk County Dept. of Public Works Yaphank, NY	\$5,000,000	2002	Yes
<p>58. Region 10 PSAP Assignment #01, Long Island, NY. NYSDOT Region 10 has determined that eight locations with uncontrolled crosswalks require signalization to improve pedestrian safety. At six of the locations, three color traffic signals will be installed. Rectangular Rapid Flash Beacon's will be installed at the other two locations. GPI will prepare final designs for construction of these improvements under a signal requirements contract.</p>	New York State Dept. of Transportation Albany, NY	\$144,633 fee	Est: 2022	Progressing on time/budget
<p>59. Region 10 PSAP Assignment #03, Town of Southampton, NY. As part of the Pedestrian Safety Action Plan (PSAP), GPI will prepare pedestrian safety improvements at six locations in the Hamlet of Bridgehampton. This includes providing the design and final plans to reconstruct two existing traffic signals and installation of new crosswalks, pedestrian signals, and ped buttons.</p>	New York State Dept. of Transportation Albany, NY	\$55,368 fee	Est: 2022	Progressing on time/budget
<p>60. Region 10 PSAP Assignment #04, Various Locations, NY. As part of the Pedestrian Safety Action Plan (PSAP), GPI will prepare final designs for construction at two locations in Suffolk County and analyze the existing and proposed traffic signal operating along NY 24, a single stage and two stage crossing to improve pedestrian safety in NYSDOT Region 10 (Nassau and Suffolk Counties).</p>	New York State Dept. of Transportation Albany, NY	\$66,635 fee	Est: 2019	Progressing on time/budget

CONTRACT FOR SERVICES

THIS AGREEMENT (together with the schedules, appendices, attachments and exhibits, if any, this “Agreement”), dated as of the date this Agreement is executed by the County of Nassau, between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the “County”) acting on behalf of the County Department of Public Works, having its principal office at 1194 Prospect Avenue, Westbury, New York 11590 (the “Department”) and (ii) Greenman-Pedersen, Inc. a consultant engineering firm having its principal office at 325 West Main Steet, Babylon, New York 11702 (the “Firm” or the “Contractor”).

W I T N E S S E T H:

WHEREAS, the County desires to hire the Firm to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

WHEREAS, the Firm desires to perform the services described in this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. The term of this Agreement shall commence on January 1, 2020 (the “Commencement Date”) and terminate three (3) years from the Commencement Date (the “Expiration Date”) unless sooner terminated or extended in accordance with its terms. Notwithstanding the foregoing, the Department, in its sole discretion, shall have the right to extend this Agreement for a period of up to 1 year by delivering a notice of extension to the Firm at least thirty (30) days prior to the Expiration Date. The Agreement so extended shall be on the same terms, conditions and covenants as during the initial term except that the Expiration Date shall be modified in accordance with the notice of extension. Any work started by the firm, prior to the expiration date of the Agreement, may be completed in its entirety, even if the work is performed beyond the expiration date of the Agreement. An Amendment will not be required for the sole purpose of extending the term of the contract.

2. Services.

(a) The services to be provided by the Firm under this Agreement for the Traffic Management Center Operations and related Assistance for the Nassau County Department of Public Work’s TMC Facility, shall consist of those specific work divisions related to this project as more particularly described in the “Detailed Scope of Services,” attached hereto and hereby made a part hereof as Exhibit “A”.

(b) At any time during the term of this Agreement, the County may, in its sole and absolute discretion, require the Contractor to perform Extra Services. The Firm shall not perform, nor be compensated for, Extra Services without the prior written approval of the Commissioner or his or her duly designated deputy. The Contractor agrees to perform any such Extra Services in accordance with the terms and conditions contained in this Agreement. As used herein, “Extra Services” means additional services which are (i) generally within the scope of services set forth in this Agreement, (ii) necessary or in furtherance of the goals of this Agreement and (iii) not due to the fault or negligence of the Contractor.

3. Payment.

(a) Amount of Consideration. The amount to be paid to the Firm as full consideration for the Firm's services under this Agreement shall be payable as set forth in the "Payment Schedule," attached hereto and made a hereby part hereof as Exhibit "B". Notwithstanding the foregoing, the maximum amount to be paid to the Firm for the Firm's services under this Agreement shall not to exceed three million, five hundred fifteen thousand, six hundred eighty-two dollars (\$3,515,682.00).

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Firm in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by a progress report, in a form satisfactory to the County, indicating the percentage and description of work completed and other documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Firm shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Firm and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Firm following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Firm received notice that the County did not desire to receive such services.

(f) Payments Relating to Services Rendered by Subcontractors. The County retains the right, but not the obligation, prior to making any payment to the Firm, to demand that the Firm furnish to the County, proof acceptable to the County, in its sole and absolute discretion, that all due and payable claims made by subcontractors in connection with this Agreement have been paid to date or are included in the amount being requested by the Firm.

4. Ownership and Control of Work Product

(a) Copyrights.

(i) Upon execution of this Agreement, any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials in any format related to such items, shall become the exclusive property of the County.

(ii) Any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement ("Copyrightable Materials") shall be considered "work-made-for-hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101, and the County shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might exist. To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens,

claims, or other encumbrances. The Contractor shall retain no copyright or intellectual property interest in the Copyrightable Materials, and they shall be used by the Contractor for no other purpose without the prior written permission of the County.

(iii) The Contractor acknowledges that the County may, in its sole discretion, register copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. The Contractor shall cooperate in this effort, and agrees to provide any further documentation necessary to accomplish this.

(iv) The Contractor represents and warrants that the Copyrightable Materials: (1) are wholly original material not published elsewhere (except for material that is in the public domain); (2) do not violate any copyright law; (3) do not constitute defamation or invasion of the right of privacy or publicity, and (4) are not an infringement of any kind, of the rights of any third party. To the extent that the Copyrightable Materials incorporate any non-original material, the Contractor has obtained all necessary permissions and clearances, in writing, for the use of such non-original material under this Agreement, copies of which shall be provided to the County upon execution of this Agreement.

(b) Patents and Inventions. Any discovery or invention arising out of or developed in the course of performance of this Agreement shall be promptly and fully reported to the Department, and if this work is supported by a federal grant of funds, shall be promptly and fully reported to the Federal Government for determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

(c) Pre-existing Rights. In no case shall 4(a) or 4(b) above apply to, or prevent the Contractor from asserting or protecting its rights in any report, document or other data, or any invention which existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

(d) Infringements of Patents, Trademarks, and Copyrights. The Contractor shall indemnify and hold the County harmless against any claim for any infringement by the Contractor of any copyright, trade secrets, trademark or patent rights of design, systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Contractor in the performance of this Agreement. The Contractor shall indemnify and hold the County harmless regardless of whether or not the infringement arises out of compliance with the scope of services/scope of work.

(e) Antitrust. The Contractor hereby assigns, sells, and transfers to the County all right, title and interest in and to any claims and causes of action arising under the antitrust laws of the State of New York or of the United States relating to the particular goods or services procured by the County under this Agreement.

5. Independent Contractor. The Firm is an independent Contractor of the County. The Firm shall not, nor shall any officer, director, employee, servant, agent or independent Contractor of the Firm (a "Firm Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

6. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

7. Compliance with Law.

(a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, and disclosure of information, in connection with its performance under this Agreement. In furtherance of the foregoing, the Firm is bound by and shall comply with the terms of Appendice (Appendix) "EE" attached hereto and hereby made a part hereof. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, constitutes a material breach of this Agreement, such breach being determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) On a yearly basis, Contractor shall provide the County with any material changes to its Certificate of Compliance, attached hereto and hereby made a part hereof as Appendix "L."

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Client Information. The Firm acknowledges and agrees that all information that the Firm acquires in connection with performance under this Agreement shall be strictly confidential, used solely for the purpose of performing services to or on behalf of the County, and shall not be disclosed to third parties except (i) as permitted under this Agreement, (ii) with the written consent of the County (and then only to the extent of the consent), or (iii) upon legal compulsion.

(e) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by

such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, “anything of value” shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(f) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County’s Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

(g) Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the “Vendor Code of Ethics”), and will comply with all of its provisions;
 - (ii) All of the Contractor’s Participating Employees, as such term is defined in the Vendor Code of Ethics (the “Participating Employees”), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
 - (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
 - (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
 - (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and
- The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

8. Minimum Service Standards. Regardless of whether required by Law:

(a) The Firm shall, and shall cause Firm Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications (“Approvals”) necessary or appropriate in connection with this Agreement.

9. Indemnification; Defense; Cooperation.

(a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the “Indemnified Parties”) from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys’ fees and disbursements) and damages (“Losses”), arising out of or in connection with any acts or omissions of the

Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance.

(a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Firm, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Firm. This Agreement may be terminated by the Firm if performance becomes impracticable through no fault of the Firm, where the impracticability relates to the Firm's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Firm delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Firm is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Firm's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Firm shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Firm's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

13. Accounting Procedures; Records. The Firm shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Firm is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Firm shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Firm shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Firm shall allege that the above-described actions and inactions preceded the Firm's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Firm is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Firm is using a Firm Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Firm Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Firm shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Firm, to the attention of the person who executed this Agreement on behalf of the Firm at the address specified above for the Firm, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy and Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Firm agrees to pay the County an administrative service charge of Five Hundred and Thirty-Three dollars and no cents (\$ 533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 201-2001. The administrative service charge shall be due and payable to the County by the Firm upon signing this Agreement.

22. Joint Venture.

(a) If the Firm is comprised of more than one legal entity or any group of partners or joint venturers associated for the purpose of undertaking this Agreement, each such entity acknowledges and hereby affirmatively represents and agrees that each has the power to bind the Firm and each of the others hereunder; and as such, each acts both as principal and agent of the Firm and of each of the others hereunder. Each further acknowledges and agrees that all such entities, partners or joint venturers associated for the purposes of undertaking this Agreement shall be jointly and severally liable to third parties, including but not limited to the County, for the acts or omissions of the Firm or any other entity, partner or joint venturer hereunder.

(b) If the Firm is comprised of more than one legal entity or any group of partners or joint venturers associated for the purposes of undertaking this agreement, each such entity acknowledges and hereby affirmatively represents and agrees that the respective rights, duties and liabilities of each hereunder shall be governed by the laws of the State of New York, including but not limited to the New York Partnership Law.

23. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

Detailed Scope of Services Traffic Management Center Operations Personnel Phase III Basic Services of the Firm

SCOPE OF SERVICES

Subject to the written direction, control and supervision of the Commissioner and encumbrance thereof by the County Comptroller for the required purpose, the Firm agrees to provide personnel for the day-to-day operation of the Traffic Management Center in Westbury, New York.

1. PERSONNEL

TMC Personnel

The chosen firm shall provide four (4) full time personnel dedicated to the operation of the County's Traffic Management Center. The four (4) full time staff will be identified as follows: One (1) Supervising Operator and (3) TMC Operators. Personnel will be tasked with monitoring traffic incident management cameras, traffic speed maps, and traffic signal status displays utilizing various computer workstations in the TMC. Personnel will also be tasked with answering the phones, providing inter-agency coordination and organization of planned or unplanned traffic related incidents, reacting to roadway incidents and vehicle congestion by providing information to social media and roadside electronic message signs for motorists. During non-peak periods, personnel may be asked to perform other tasks related to the Traffic Management Center. These tasks include, but are not limited to, traffic signal timing modifications, synchro analysis, network maintenance and other administrative tasks such as preparing reports, attending to FOIL requests, updating database information or preparing packages for shipping.

Personnel shall report to the Traffic Management Center on a daily basis and will report to the County's Project Manager.

Personnel must be flexible and willing to work all hours of the day or night, depending their assigned shift. Working hours will follow the Panama Schedule 24/7 Shift Coverage. An example of this schedule can be found in Exhibit C. The 12 hour tour shift changes will occur at 10:00 AM and 10:00 PM daily.

During large storms (hurricanes, nor'easter, etc.) or other emergencies, personnel may be required to remain at the TMC for extended durations, and may be working in teams of two at times to handle additional workload.

In order to ensure that the Traffic Management Center is always occupied, a fifth employee will be identified as an "Alternate". This alternate employee will be trained and available to fill open shifts due to vacations, illness, employee vacancies or any other reason. This alternate employee must be available for work with very little notice. In general, all TMC employees must be flexible and would be asked to maintain availability during non-work hours in the event additional staff is needed at the TMC due to emergencies and illnesses.

Supervising Operator

One full time TMC Operator will be proposed and identified as the "Supervising Operator" and will have additional responsibilities such as; scheduling, training, report generation, attendance at meetings, information organization, time off approval, and will resolve any personnel issues that may arise (see section 2 of this document). The Supervising Operator will serve as point of contact for the firm's staff and will also be involved with procedure and policy decisions.

Operations Manager

The chosen firm shall provide one (1) full time operations manager assigned to the Traffic Management Center. This person will be tasked with reviewing and approving traffic signal timing changes, database management, establishing and updating Traffic Management policies and procedures, assist the Network Engineer with various

administrative tasks, training of current and new employees, overseeing of the Traffic Management webpage, facebook, twitter and other social media sites, public information officer, and anything else the County's project manager may assign.

The Operations Manager shall report to the Traffic Management Center on a daily basis and will report directly to the County's Project Manager. The Operations Manager may be required to perform some field work, attend meetings, or visit other remote Traffic Management facilities.

The Operations Manager will be given workspace and a computer. Work schedule must be flexible, but the normal assigned work schedule will be from 8:00 AM to 5:00 PM (including 1 hour lunch break), Monday through Friday (excluding holidays).

Network Engineer

The chosen firm shall provide one (1) full time network engineer dedicated to the County's Traffic Management Center. This person will be tasked with monitoring network traffic, bandwidth utilization, access, implementing security protocols, firmware upgrades, configuration backups, troubleshooting, IP and VLAN assignments, port and switch configuration, network equipment inventory desktop and laptop assignment and the daily operation of the Traffic Management network.

The Network Engineer shall report to the Traffic Management Center on a daily basis and will report directly to the County's Project Manager. The Network Engineer may be required to perform some field work to check on equipment and/or troubleshoot failing equipment or other network assets in the field.

The Network Engineer will be given access to basic network testing equipment such as cat6 cable testing equipment, and an Optical Time Deflection Reflectometer. Any tools or equipment required should be provided by the firm if not available at the County. The firm should also provide the Network Engineer a NEW laptop appropriate for the position with Verizon 4G access for the duration of the contract. Work schedule must be flexible, but the normal assigned work schedule will be from 8:00 AM to 5:00 PM (including 1 hour lunch break), Monday through Friday (excluding holidays).

For contract staff working exclusively for Nassau County Traffic Management, all proposed wage rate increases for full-time staff assigned to this contract shall be reviewed and approved by the County Project Manager prior to implementation. Operations staff will be paid overtime rate for all time charged on Federal Holidays regardless of total hours worked during the respective pay period.

3. **ENGINEERING SERVICES**

Engineering services related to Nassau County Traffic Management may be required during the course of this contract. In the event engineering services are needed, the firm will be asked to prepare and submit a technical proposal along with a cost estimate. The proposal will be reviewed, and if approved, additional money will be encumbered to pay for the engineering services under a separate payment line.

4. **DATABASE MAINTENANCE**

The firm will be reimbursed for expenses related to the operation and maintenance of the Traffic Management database. This Microsoft SQL database tracks all aspects of the County's Traffic Management program including incidents, response, equipment inventory and replacement, lane closure program, scheduling, contacts and personnel. The firm will be provided with a \$100,000 allowance for actual salaries paid to the approved technical personnel engaged in performing the service at the multiplier listed for engineering support as listed in section I.A of the Payment Schedule in Exhibit B.

5. REIMBURSABLE EXPENCES

The firm will be reimbursed for the expenses listed below related to the Traffic Management Center. All expenses must be approved by the County's Project Manager prior to reimbursement. In order to expedite some of the emergency purchases, the Operations Manager must be granted purchasing authority on behalf of the firm.

- Uniform clothing
- Meals related to storms and other emergencies
- Computer supplies
- Staff working on a Federal Holiday will receive to a \$20 meal allowance
- Office and administrative supplies

The firm will be provided with a \$50,000 reimbursable expenses allocation as part of this contract.

EXHIBIT B
Payment Schedule

Traffic Management Center Operations Personnel

Payment(s) to the Firm for all services under this Agreement that are authorized by the Department shall be made in accordance with Section 3 of this Agreement and further described below:

I. SERVICES

- A. Payment for services under this agreement shall be made on the actual salaries paid to the approved technical personnel engaged in performing the service as set forth in the Maximum Hourly wage Rate schedule as defined below, exclusive of payroll taxes, insurance, and any and all fringe benefits, times a multiplier of two point two two (2.22) shall be used for Traffic Management Center Personnel and any approved alternate, and a multiplier of two point six five (2.65) shall be used for any technical engineering support and project management staff. The method of determining compensation shall be established for each project as set forth in the Department's written Task Order.

Work on this project will be 24 hours a day, 7 days a week for a three year period.

B. Subconsultants and Special Subconsultants

Subconsultants engaged by the Firm, with the prior written consent of the Commissioner, shall be compensated on the same basis as provided in paragraphs provided herein for employees of the firm unless the Firm has been approved to utilize a subconsultant that has a firm multiplier that is below that stated above for the Firm. The Firm shall be reimbursed the actual cost of the fees of the subconsultant and in the case of special subconsultants, the Firm shall be permitted to claim five (5) percent of the cost of the subconsultant's services as compensation for coordinating or otherwise supervising the work of the special subconsultant.

The Firm shall first obtain the approval of the Commissioner before retaining any special consultant for services other than any of the services for which the Firm has claimed skill and experience forming the basis of this agreement

II. MAXIMUM HOURLY WAGE RATE SCHEDULE:

The "Maximum Hourly Wage Rate Schedule" annexed hereto and made a part hereof as Exhibit "C" shall list the job classifications and maximum hourly wage rate for each classification. The salaries of all employees rendering services under this Agreement must be within the limits of the approved Maximum Hourly Wage Rate Schedule. The Maximum Hourly Wage Rate schedule shall be adjusted annually in accordance with any wage increases granted to County employees in the Civil Service Employees Association. Subject to written approval of the Department, the Firm may grant an employee a salary increase within a classification or a change of a classification upon written notification to the Department one month prior to the effective date of such an increase. Premium pay for overtime work, over and above the straight hourly rate, performed for any services rendered under this agreement shall not be subject to any multiplier. In computing the cost to the County for overtime work performed, the overtime period shall be paid at the agreed multiplier times the straight hourly rate plus the actual premium cost incurred as set forth on the Maximum Hourly Wage Rate schedule. Notwithstanding the foregoing, the maximum billable rate, after the application of a multiplier for any services provided under the terms of this agreement shall not exceed One Hundred Seventy Five (\$175) dollars per hour.

EXHIBIT C Payment Schedule

Sample Work Schedule Traffic Management Center Operations Personnel

Traffic Management Center Operations personnel will follow the Panama Shift Schedule 24/7 Shift Coverage. This is a slow rotating shift pattern that used 4 Operators and two 12 hour shifts to provide 24/7 coverage. The working and non-working days follow this pattern: 2 days on, 2 days off, 3 days on, 2 days off, 2 days on, 3 days off. Each operator works the same shift (day or night) for 28 days then switches to the other shift for the next 28 days. After 56 days, the sequence starts over. This plan provides the operators with every other weekend off, and a minimum of 8 overtime hours per month.

Appendix "EE"

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so

that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that

no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules (“CPLR”).

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term “Best Efforts Checklist” shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term “County Contract” shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies,

equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term “County Contract” does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term “County Contractor” means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term “County Contractor” shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE “Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises” shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor’s affidavit with a notary’s signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term “Executive Director” shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term “Subcontract” shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term “Subcontractor” shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: August 2, 2019

SUBJECT: Recommendation to Engage Consultant Services
TMC Operations Personnel Phase 3
Agreement Number T62000-06E

The County desires to utilize consultant personnel for the day-to-day operation of the County's Traffic Management Center (TMC) in Westbury. The proposed personnel will staff the TMC for twenty-four (24) hours a day, seven (7) days a week. This contract receives eighty (80%) percent Federal Aid reimbursement through the New York State Department of Transportation (NYSDOT). The proposed contract will be for a three (3) year period.

Firms were requested to submit technical and cost proposals in accordance with the Department's Request for Proposal (RFP) dated April 5, 2019. The RFP was prepared in accordance with the Department's policy for assessing technical understanding, statement of qualifications and proposed project schedule. The RFP was posted on the County's website and advertised in *Newsday* and *NYS Contract Reporter*.

Proposal from two (2) firms were received on May 3, 2019. The technical proposals were evaluated by professionals from within the Department. Following the review, a technical rank was established, and the cost proposals were reviewed. The results of the technical evaluation are summarized below, along with the firm's cost proposals as requested in the RFPs.

<u>FIRM NAME</u>	<u>TECH RANK</u>	<u>TECH RATING</u>	<u>TMC STAFF COST PROPOSAL</u>	<u>TMC STAFF WITH CONTINGENCY</u>
Greenman-Pedersen, Inc.	1	90.0	\$2,704,371	\$3,515,682
Kapsch	2	76.8	\$2,362,034	\$3,070,644

In order to meet the Federal DBE requirements Greenman-Pedersen, Inc. has proposed to utilize the services of M&J Engineering, a Minority Business Enterprise, as a sub-consultant for this project.

Greenman-Pedersen's proposed team and experience will continue to provide the best value to the County, and it is the Department's recommendation that they be retained for this assignment. The total cost of \$2,704,371 is considered fair and reasonable for the professional services to be rendered.

Funds will be made available from the Department's operating fund.

With your concurrence, the Department will process on call agreement through the appropriate approvals, following your approval, or disapproval, we will proceed accordingly.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Kenneth G. Arnold, Commissioner
FROM: Joseph G. Pecora, Deputy Commissioner
DATE: October 21, 2019
SUBJECT: Low Participation for Design RFP PW-T62000-06E

A request for proposals (RFP) was recently issued for project: Traffic Management Center Operations Personnel Phase 3. The RFP was advertised in April 2019 and received two (2) proposals from firms in May 2019.

A number of firms downloaded and reviewed the solicitation but did not submit a proposal. An inquiry was made to a few firms that did not submit a proposal as to why they did not submit a proposal. The answer most commonly given was that they didn't not have the personnel available for the contract.

The following are the questions from the Low Vendor Participation memo dated May 23, 2018, from DCE John Chiara, with responses.

- 1) Review the specification to ensure that it is not unduly restrictive so as to limit competition. Is any component of the solicitation so restrictive that only one or a small number of vendors is capable of responding to the solicitation? If so, were those vendors notified of the solicitation? **Response: the RFPs were not restrictive; they solicited typical operation services capable of being provided by consulting firms.**
- 2) Was the solicitation advertised and posted on the County website as required? **Response: yes.**
- 3) Would we be likely to obtain greater vendor participation by advertising in other venues (e.g. New York State Contract Reporter, trade journals, other local media, etc.)? **Response: the RFPs were advertised on NYSCR and Newsday.**
- 4) Was the NIGP commodity code used to conduct the solicitation appropriate? Were appropriate vendors registered with the County for that commodity code or otherwise notified? **Response: not applicable to this contract.**
- 5) Is the market for the specified goods or services structurally limited (i.e. are there geographic, capital, vendor capacity, service schedule, or other requirements) such that the greater vendor participation is not possible? **Response: not applicable to this contract.**
- 6) Survey vendors that received notice of the solicitation but did not respond to determine why the vendor chose not to do so. Typical responses include but are not limited to:
 - a. The vendor did not see the advertisement. **Response: more than twenty (20) firms downloaded the RFPs from the County website.**

- b. The vendor does not offer the specified goods/services-as a follow-up, ask if the specification is too specific to a competitor's product (is the specification "brand-specific" or written to one manufacturer's or service provider's offering?)
Response: not applicable to this contract.
- c. The vendor is too busy with other work at this time ***Response: could be a contributing factor, seeing as the responses were that the vendors didn't have personnel available for this contract.***
- d. The vendor is not interested in pursuing a County contract at this time—as a follow-up, as why this is the case. ***Response: as explained in the second paragraph of this memorandum, vendors cited the lack of available personnel for the contract.***

FROM: Department of Public Works

DATE: December 31, 2018

SUBJECT: CSEA Notification of a Proposed DPW Contract
TMC Operations Personnel Phase 3
Contract No. T62000-04E

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should not be implied that the proposed DPW authorization is for work, which has "historically and exclusively been performed by bargaining unit members."

1. DPW plans to recommend a contract/agreement for the following services:
Engineering
2. The work involves the following: Twenty-four (24) hour operation of the County's Traffic Management Center.
3. An estimate of the cost is: \$2,500,000.00
4. An estimate of the duration is: Thirty-six (36) months
5. Due to the nature and complexity of this work, historically, projects of this type have not been completed utilizing County work force.

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Roseann D'Alleva, Deputy Commissioner, telephone 1-0525, fax 1-9657.

COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME: Nassau Health Care Corporation

CONTRACTOR ADDRESS: 2201 Hempstead Turnpike East Meadow, NY 11554
FEDERAL TAX ID #: 113465690

Instructions: Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.

I. **The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids.** The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. **The contractor was selected pursuant to a Request for Proposals.** The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date]. _____ [state #] proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

_____ [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.
- E. Pursuant to the Successor Agreement, NHCC was selected as a preferred provider of the services listed in the this agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

EAST MEADOW, NEW YORK 11554**

SECTION: LEADERSHIP (LD)

POLICY/PROCEDURE

TITLE: Conflict of Interest; Financial Disclosure Statement, Conflicts Disclosure Statement, Honoraria, & Outside Activities Report
APPROVED: Quality and Policy Advisory Council (QPAC)
CROSS REFERENCES: Corporate Compliance Program LD-227; Public Officers Law § 73-A; Public Officers Law § 74; 19 NYCRR § 931.4; 19 NYCRR § 933.4; 19 NYCRR § 931

1.0 POLICY

- 1.1 It is the policy of Nassau Health Corporation (NHCC) to review Conflict of Interest and related ethical issues and to outline the procedures and documentation required for Financial Disclosure Statements, Conflicts Disclosure Statements, Honoraria, Outside Activities, and Educational Activities in order to ensure that all of NHCC/NHCC's business activities and entities either controlled or owned by NHCC are conducted conflict free. Except as otherwise provide herein, all capitalized terms shall have the meanings ascribed to them in Section 4.0 of this policy.

2.0 PROCEDURE

- 2.1 Responsible Persons of the NHCC System have a primary obligation to serve the purposes to which NHCC is dedicated. As part of this obligation, each Responsible Person has a duty to conduct the affairs of NHCC in a manner that promotes the best interests of the organization. When personal interests or activities within or outside of NHCC influence or appear to influence a Responsible Person's ability to objectively serve the best interests of NHCC a conflict of interest exists.
- 2.2 NHCC recognizes that different organizations have different codes of ethics. However, just because a certain action may be acceptable by others outside of NHCC as "standard practice," that is by no means a sufficient reason to assume that such practice is acceptable at NHCC. As a teaching organization, NHCC staff not only provide training, but also serve as models of professional conduct for students and trainees. There is no way to develop a comprehensive, detailed set of rules to cover every business situation. This policy is designed to help all Responsible Persons recognize, disclose and resolve situations in which a personal interest or activity may result in a conflict with their responsibilities to NHCC.

- 2.3 Public Officers Law § 74 sets forth a Code of Ethics which prohibits officers and employees of the State from any interest, financial or otherwise, direct or indirect, in any business, transaction or professional activity or from incurring any obligation of any nature that is in substantial conflict with the proper discharge of their duties in the public interest. Areas where this may occur include: 1) other employment that may impair independence of judgment; 2) accepting other employment requiring confidential information gained in your official capacity to be improperly disclosed; 3) using such confidential information to further personal interests; 4) use of one's government position to secure unwarranted privileges or exceptions for oneself or others, including but not limited to, the misappropriation to oneself or to others of the property, services or other resources of the state for private business or other compensated non-governmental purposes; 5) personal business interests that may conflict with state duties; 6) making decisions on business matters where one has a personal financial interest in the enterprise; 7) providing goods or services to entities regulated by this agency; 8) conducting oneself in such a way that gives a reasonable basis for the impression that any person can improperly influence or unduly enjoy favor in the performance of the officer or employee's official duties, or that one is affected by the kinship, rank, position or influence of any party or person; and 9) acting in such a way that raises suspicion among the public that one is likely to be engaged in acts that are in violation of the public's trust. Responsible Persons engaged in Research activities are also required to design, conduct, and report such Research free from bias or potential bias resulting from a conflict of interest.

3.0 DISCLOSURE LEVELS

- 3.1 This policy provides for seven (7) levels of disclosure and review with respect to potential conflict of interest situations: Financial Disclosure, Conflicts Disclosure, Honoraria, Outside Activities, Educational Activities, Research, and participation on NHCC's Institutional Review Board (the "IRB").
- 3.2 Annual Financial Disclosure Statement and Reporting of Interim Changes. NYS Public Officers Law Section § 73-a requires the filing of an Annual Statement of Financial Disclosure with the New York State Joint Commission on Public Ethics (JCOPE). A state officer or employee is required to file under Section 73-A if he/she serves in a job title with an annual salary rate in excess of the job rate of SG24 (\$91,821, as of 2014), is designated a policymaker by NHCC, or is an official required by statute to file. The salary rate is the rate as of April 1st in the year the statement is due. The salary rate and the financial disclosure form are available on JCOPE's website, <http://www.jcope.ny.gov/>. If you have any questions about your status as a designated filer, you should contact the Human Resources Department.
- 3.3 Conflict Disclosure Statement. On an annual basis Board members, members of management, medical staff members, Responsible Persons engaged in Research, and any individuals either employed by or who serve a key role in decision-making and are in a position of influence and decision-making within NHCC and designated as policy makers are required to disclose information concerning any (a) directorship, trusteeship, partnership or executive position in outside

organizations; (b) ownership interests exceeding 5% in outside partnerships or corporations; (c) attest that no interests present a conflict of interest with employment or Research at NHCC; (d) detail current receipt of income royalties, etc., and declaration of outside income in excess of \$1,000; and (e) notify of any specific situation in which the individual is called upon to exercise authority on behalf of NHCC with respect to companies, vendors, Contracts, Research, etc., in which the Responsible Person or Family has a Material Interest. The duty to notify in writing on an updated disclosure form is a continuing one as the potential conflict presents itself.

3.4 Honoraria. An Honorarium is a payment offered in exchange for a professional service or activity such as a speech, writing an article, or serving on a panel and a seminar or conference that is not part of the State employee or officer's duties. An honorarium includes expenses incurred for travel, lodging, and meals related to the service performed.

3.4.1 For a State officer or employee, the approving authority is the Head of the State Agency or Appointing Authority. For statewide elected officials and State Agency heads the approving authority is JCOPE. Written requests should be made to the approving authority prior to performing the requested service or activity. Forms are available on JCOPE's website noted above. NHCC forms are annexed hereto as well. For all other Responsible Persons, the approving authority is the Ethics Officer.

3.4.2 In order for honoraria to be approved, the Responsible Person cannot use State resources to prepare or perform such service or activity; they must perform the service or activity during non-official personal time; they cannot accept honoraria from an Interested Source; the honoraria is not be used to conceal a payment from an Interested Source; and performing the service for which the honoraria is offered and accepted must not violate Public Officers Law § 74 or other State or Federal laws. The funds received must be reported on the filer's financial disclosure report for each source over \$1,000.

3.5 Outside Activities. Every Responsible Person employed by NHCC is expected to devote their primary professional loyalty, time, and energy to, as applicable, teaching, research, patient care, and service on behalf of or to NHCC. Employees are prohibited from participating financially or engaging in any Outside Activities or other business undertaking that interferes with or is in conflict with the proper and effective discharge of their duties on behalf of NHCC. Outside activities include, but are not limited to, service for or on behalf of state or national commissions, government agencies and boards, committees or advisory groups to other hospitals, health care organizations, and not-for-profit or for-profit organizations. Such activities require notification to the appropriate Chairperson or Senior Vice President or Executive Vice President and must be disclosed on the Conflicts Disclosure Statement and Outside Activity Report and forwarded to Human Resources and the Ethic Officer. Outside Activity Forms are of two kinds, NHCC Outside Activity Report and the JCOPE Outside Activity Report:

- 3.5.1 NHCC approval of Outside Activities between \$1,000 and \$5,000. Those Responsible Persons designated as holding a “policy-making position” pursuant to Section 6.6 of this Policy must complete Outside Activities Reports prior to undertaking any outside activities from which they would earn more than \$1,000 but less than \$5,000 annually before engaging in outside activities, and await NHCC approval before proceeding with the activity.
- 3.5.2 JCOPE Approval. Those Responsible Persons designated as holding a “policy-making position” pursuant to Section 6.6 of this Policy who contemplate outside activities whereby they will: (1) earn more than \$5,000 annually, or (2) hold elected or appointed public office must additionally submit their request for approval to JCOPE after it is approved by NHCC. 19 NYCRR § 932.5(a).
- 3.5.3 Service as a Director or Officer of a Not-for-Profit Entity. Those Responsible Persons designated as holding a “policy-making position” pursuant to Section 6.6 of this Policy who serves as a director or officer of a not-for-profit corporation and receives \$999 or less per year must notify NHCC of the position prior to commencing service, but do not need such service approved by NHCC or JCOPE before proceeding with the activity. A policy maker who serves as a director or officer of a not-for-profit corporation and receives between \$1,000 and \$5,000 per year must have such service approved by NHCC before proceeding with the activity. A policy maker who serves as a director or officer of a not-for-profit corporation and receives more than \$5,000 per year must have such service approved by NHCC and JCOPE before proceeding with the activity. No policy maker or member or director of NHCC may serve as an officer of any political party or political organization, member of a national committee of a political party or political committee.
- 3.5.4 Responsible Persons engaged in Research. Responsible Persons engaged in Research but not otherwise covered by this Section (e.g. do not hold a “policy making position”) must complete Outside Activities Reports and must have such activities approved by NHCC prior to undertaking any outside activities.
- 3.5.5 NHCC will grant or deny an Outside Activity based on its interpretation of whether the proposed Outside Activity is in accordance with applicable law and such other factors NHCC deems appropriate. Once NHCC approves an Outside Activity, such approval shall remain effective unless and until there is a material change in the policy maker’s responsibilities or in the Outside Activity, at which point the policy maker must submit a new request for approval. An individual who has received approval for an Outside Activity must annually notify NHCC in writing if the individual is still engaged in the Outside Activity.
- 3.5.6 In no event shall a Responsible Person be permitted to receive or enter into any agreement (express or implied) for compensation for the appearance or rendition of services on behalf of themselves or others before NHCC or against NHCC’s interest.

- 3.6 Support for Educational Activities, Including Meals and Travel. Any payment or reimbursement for the cost of attendance, registration, travel, food, or lodging related to a Responsible Person's attendance or service at a meeting, conference, seminar, convention, or professional program that is part of the Responsible Person's official duties and benefits NHCC must be approved by NHCC in writing before the Responsible Person may engage in such activities. In order for an activity to be approved, the payment or reimbursement can only cover the period of time reasonably required to attend or serve in the activity, the payment or reimbursement is consistent with all laws and NHCC policies, and the payment or reimbursement is not more than the rate at which NHCC would pay or reimburse the Responsible Person under its travel policy.
- 3.6.1 If any payments or reimbursements are paid by an Interested Source, all of the following criteria must be met before NHCC can approve the activity: (1) it is not reasonable, under the circumstances, to infer that the payment or reimbursement is intended to influence the Covered Person in the performance of his or her official duties; (2) the payment or reimbursement could not, under the circumstances, reasonably be expected to influence the Covered Person in the performance of his or her official duties; and (3) the payment or reimbursement is not, under the circumstances, intended as a reward for any official action on the Responsible Person's part.
- 3.6.2 Any approval by NHCC shall be provided to the requesting Responsible Person in writing and shall contain the following information: (1) the name of the Responsible Person to whom, or on behalf of whom, the payment or reimbursement is offered; (2) identity of the offeror and nature of the offeror's business; (3) a detailed description of the activity, including date and location; (4) the amount of the payment or reimbursement and, where applicable, an itemization of costs for the attendance, registration, travel, lodging, and meals, and the amount of a service payment, if any; and (5) a statement that NHCC has approved the payment or reimbursement, if any, in accordance with the conditions set forth in section 19 NYCRR § 93.1.4 and this Policy. Any Responsible Person who is required to file a financial disclosure statement shall report any payment or reimbursement in excess of \$1,000 (including multiple payments made by a single offeror that together exceed \$1,000) in his or her financial disclosure for the applicable year.
- 3.7 Research. In addition to any requirements, policies, and procedures of the Office of Research and Sponsored Programs, any Responsible Person who wishes to engage in Research activities must submit a current Conflicts Disclosure Statement to the IRB before beginning such Research. If the IRB determines that the individual's interest may be a Conflict of Interest, the IRB shall forward the Conflict Disclosure Statement to the Chief Compliance, Privacy and Ethics Officer. Such individuals cannot be involved in Research until the conflict is mitigated and/or resolved. until the Chief Compliance, Privacy and Ethics Officer confirms in writing to the requesting Responsible Person, the Office of Research

and Sponsored Programs, and the IRB either: 1) no actual or potential Conflict of Interest exists; or 2) any actual or potential Conflicts of Interest have been adequately evaluated and managed pursuant to this Policy.

- 3.8 Institutional Review Board. In addition to any requirements, policies, and procedures governing the IRB, any person who wishes to serve on the IRB must have his or her participation approved by the Chief Compliance, Privacy and Ethics Officer before he or she may begin serving on the IRB. Any approval by the Chief Compliance, Privacy and Ethics Officer shall be provided in writing to the requesting person and the IRB, and shall confirm that no actual or potential Conflict of Interest exists. The IRB may not have a member participate in the IRB's initial or continuing review of any project in which the member has a Conflict of Interest, except to provide information requested by the IRB.

4.0 DEFINITIONS

- 4.1 Business Associate includes any person, trust, corporation, partnership or other organization or enterprise (of a business nature or otherwise) with respect to which the Responsible Person or any member of their Family (a) is a director, officer, employee, member, partner or trustee; or (b) has a significant financial or any other interest which enables the Responsible Person to exercise control or significantly influence policy of the associate.
- 4.2 Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.
- 4.3 Conflict of Interest exists, for purposes of this Policy, whenever any business or personal interest or activities within or outside of NHCC influence or may appear to influence a Responsible Person's ability to promote objectively the best interests of NHCC in ways that could lead or appear to lead to the personal gain or advantage of the Responsible Person, their Family, or Business Associates. A Responsible Person may have a conflict of interest when the Responsible Person, their Family or a Business Associate either (a) has an existing or potential Financial or other Material Interest which could influence or might appear to influence the Responsible Person's independent judgment in the discharge of responsibilities to NHCC; (b) may receive a financial or other material benefit from knowledge of information confidential to NHCC or from a transaction involving NHCC; or (c) has a Financial Interest that could affect the design, conduct, or reporting of Research.
- 4.4 Contract is any agreement or relationship involving the sale, lease or purchase of goods, services, real estate or rights of any kind, the providing or receipt of a loan or grant or the establishment of any other type of pecuniary relationship. For purposes of this Policy, a NHCC employment contract is excluded.
- 4.5 Interested Source is any person or entity who, on his or her own behalf, or on behalf of an entity, satisfies any one of the following:

- 4.5.1 Is regulated by, negotiates with, appears before in other than a ministerial matter, seeks to contract with or has contracts with, or does other business with: (i) a Responsible Person in his or her official capacity; (ii) NHCC or other agency with which a Responsible Person is affiliated; or (iii) any other state agency when the Responsible Person's agency is to receive the benefits of the Contract; or
- 4.5.2 Is required to be listed on a statement of registration pursuant to section 1-e(a)(1) of article 1-A of the Legislative Law and lobbies or attempts to influence actions, decisions, or policies of NHCC; or
- 4.5.3 Is the spouse or unemancipated child of an Interested Source; or
- 4.5.4 Is involved in any action or proceeding, in which administrative and judicial remedies thereto have not been exhausted, and which is adverse to either: (i) the Responsible Person in his or her official capacity; or (ii) NHCC; or
- 4.5.5 Has received or applied for funds from NHCC at any time during the previous 12 months up to and including the proposed or actual receipt of an honorarium, item or service of more than Nominal Value, or payment or reimbursement.
- 4.5.6 Interested Sources includes not only those persons and business entities with which NHCC is doing business, but also those persons and business entities interested in doing business with NHCC, or have a history of doing business with NHCC in the recent past.
- 4.6 Family includes the Responsible Person's spouse, parents, children, siblings, or equivalent by marriage, or other individuals residing in the same household with the Responsible Person.
- 4.7 Financial Interest
 - 4.7.1 A person has a financial interest if the person has, directly or indirectly, through business, investment, or Family:
 - 4.7.1.1 An ownership or investment interest in any entity with which NHCC has a transaction or arrangement, or
 - 4.7.1.2 A compensation arrangement with NHCC or with any entity or individual with which NHCC has a transaction or arrangement, or
 - 4.7.1.3 A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which NHCC is negotiating a transaction or arrangement, or

- 4.7.1.4 A compensation arrangement (including but not limited to consulting fees, honoraria, paid authorship, salaries, and equity interests such as stocks or stock options) with any entity that exceeds \$5,000 over a twelve-month period regardless of whether that entity has a transaction or arrangement with NHCC.
- 4.7.2 An employee has a financial interest if the person is using his/her position as an employee to further his/her financial interests, directly or indirectly.
- 4.8 Gift shall mean anything of more than Nominal Value in any form including, but not limited to, money, service, loan, travel, lodging, meals, refreshments, entertainment, discount, forbearance or promise, having a monetary value, including multiple items of Nominal Value that, together, have more than a Nominal Value. This definition shall not include the exclusions listed in 19 NYCRR § 933.4 (i.e. anything for which a Responsible Person has paid fair market value, food or beverages valued at fifteen dollars or less per occasion, awards, plaques, gifts from friends or family members when it could be reasonably inferred that the gift was primarily motivated by the family or personal relationship, etc.).
- 4.9 Material Interest exists when a Responsible Person or a Responsible Person's Family has (a) a Financial Interest; and/or (b) is a director, officer or senior executive in the entity, which, in view of all the circumstances, is substantial enough that it would, or reasonably could, affect a Responsible Person's or Family's judgment with respect to a Contract to which the entity is a party.
- 4.10 Nominal Value is considered such a small or trifling amount that acceptance of an item of Nominal Value could not be reasonably interpreted or construed as attempting to influence a State employee or Public Officer. Although never explicitly defined in Public Officers Law, JCOPE generally deems an item or service with a fair market value of fifteen dollars or less as having a Nominal Value.
- 4.11 NHCC System refers to the Nassau University Medical Center, the A. Holly Patterson Extended Care Facility, the Family Health Centers, the Nassau Health Care Foundation, the Long Island Medical Foundation and any other entity or facility owned or controlled by Nassau Health Care Corporation.
- 4.12 Research means a systematic investigation, study or experiment designed to develop or contribute to general knowledge relating broadly to public health, including medical, behavioral and social-sciences research. The term encompasses basic and applied research (e.g., a published article, book or book chapter) and product development (e.g., a diagnostic test or drug).
- 4.13 Responsible Person refers to Board members, officers, administrative staff members, medical staff, faculty, full-time or part-time employees (as identified by the Vice President, Human Resources) and volunteers (as identified by the

Director of Volunteer Services) of the NHCC System. Specifically included are any individuals either employed by or who serve a key role in decision-making who are in a position of influence and decision-making within NHCC.

5.0 CERTAIN RELATIONSHIPS AND TRANSACTIONS THAT RAISE DISCLOSURE QUESTIONS

- 5.1 Service as Board Member, Officer or Employee of a Competing Healthcare Institution. Responsible Persons should not accept any position as a director, officer or employee of, or paid consultant to, any healthcare system or institution that is in substantial competition with NHCC. The determination of this is made by NHCC's Chief Compliance, Privacy and Ethics Officer with the advice of the Chief Executive Officer, its Legal Audit and Governance Committee, Executive Committee or Board of Directors as warranted. For purposes of this policy, a member of the medical staff who provides professional services not otherwise prohibited by their employment contract or other NHCC policies is not in competition with NHCC. In addition, Responsible Persons, or an entity in which a Responsible Person or Family has a Material Interest, should not solicit employees of NHCC for a competing purpose.
- 5.2 Potential conflicts of interest are situations that might not allow for impartial or objective determinations and may give rise to a Conflict of Interest. These situations include, but are not limited to, any relationship with products, services, devices, or companies that develop, manufacture or market such products. For example, (a) a Responsible Person or Family member has a Material Interest in an entity that proposes to enter into a Contract with NHCC; (b) a Responsible Person with authority for making or recommending purchases of goods or services on behalf of NHCC recommends a vendor in which the Responsible Person or Family has a Material Interest; (c) a Responsible Person with authority for selecting or recommending contractors on behalf of NHCC recommends a contractor with whom the Responsible Person or Family has a Material Interest; (d) a Responsible Person proposes that NHCC hire or contract with the Responsible Person's Family for a position or activity that is within the supervision or control of the Responsible Person; or (e) a Responsible Person or Family's Material Interest in a matter relating to Research gives the appearance of conflict in a Responsible Person's design, conducting, and/or reporting of such Research. A Responsible Person with a potential conflict of interest should take all steps necessary to avoid the appearance of any impropriety.
- 5.3 No Responsible Person shall participate in the selection, award, or administration of a Contract with any party or entity in which the Responsible Person or the Responsible Person's Family member has a Material Interest. In the case of a Board member who has a Material Interest with respect to any transaction that comes before the Board of Directors or a Committee on which the Director is a member, the Director will excuse himself/herself from participation in the discussion and vote on the transaction. Any Responsible Person with a Material Interest must also refrain from entering into any discussions with respect to such

matter and sharing any information generated by NHCC with the other party or entity.

- 5.4 Gifts and Entertainment (“Gifts”). No Responsible Person may solicit, receive, or accept a Gift from an Interested Source unless all of the following criteria are met: (1) it is not reasonable to infer that the Gift was intended to influence the Responsible Person; (2) the Gift could not reasonably be expected to influence the Responsible Person in the performance of his or her official duties; and (3) it is not reasonable to infer that the Gift was intended as a reward for any official action on the Responsible Person’s part.
- 5.4.1 No Responsible Person may solicit, receive, or accept a Gift from persons or entities that are not Interested Sources if: (1) it could reasonably be inferred that the Gift was offered or given with the intent to influence the Responsible Person; (2) the Gift could reasonably be expected to influence the Responsible Person in the performance of his or her official duties; or (3) it could reasonably be inferred that the Gift was offered or given with the intent to reward the Responsible Person for any official action on his or her part.
- 5.4.2 A Responsible Person may not direct an impermissible Gift to any third party, including a charitable organization or a Family member.
- 5.5 Continuing Medical Education (“CME”). The purpose of CME presentations—and all associated materials—should be educational rather than marketing or promotional. Therefore, content must be independent of commercial influence prior to presentation by or for NHCC faculty/staff, trainees or students. Accordingly, Department Chairpersons and/or Office of Academic Affairs, as appropriate, must review the content of NHCC-sponsored CME presentations. For presentations by speakers with an acknowledged potential conflict of interest, content review by another faculty member is required. Regardless of location or sponsor, faculty is responsible for the content of presentations and materials at all times.
- 5.6 Non-CME Presentations. All presentations must be of one’s own materials, not those created or supplied by drug or device companies or their agents. Presentations should be for the purpose of education and not for marketing or promotion.
- 5.7 Speakers’ Bureaus. Membership in a Speakers’ Bureau is defined as an arrangement that involves approval by a sponsoring commercial entity or its agent to give a presentation concerning the entity’s products or services. Due to concerns that marketing imperatives may at times conflict with intellectual independence, NHCC staff are discouraged from being members of a Speaker’s Bureau for commercial entities or their agents. Should NHCC staff engage in these activities, the content and format of their presentations and any payments or reimbursements related thereto are subject to the provisions of Section 3.5 of this Policy and 19 NYCRR § 931.

- 5.8 Ghost Writing. NHCC staff, trainees and students are prohibited from authoring or co-authoring articles written by employees of commercial entities. If commercial employees are co-authors, they should be acknowledged as such. Any articles or other materials written in conjunction with commercial entities must include full disclosure of the role of each author, as well as other contributions or participation by such commercial entities. NHCC authors who collaborate with commercial entities must maintain editorial independence at all times.
- 5.9 Inventions. Patents, royalty agreements, licensing, and any receipt of income related thereto must be disclosed as applicable on NHCC's Conflicts Disclosure Statement and in accordance with NHCC and federal intellectual property policies. For decisions where specific expertise of NHCC staff could be critical, such ties may require oversight rather than removal from the decision-making process, meeting applicable disclosure requirements.
- 5.10 Drug and Device Representatives. Drug and device representatives coming to NHCC shall have access to physicians, trainees, and staff only by appointment. Representatives must register with the host department in advance and wear badges identifying themselves as commercial agents (not just "visitors"). To avoid direct contact with patients, their family members or other accompanying individuals, drug representatives are not allowed in areas where direct patient care is being given. If demonstrations by commercial representatives (or their agents) are needed solely for device training, representatives should be clearly identified to staff and to any patients involved in that training, with practices that are HIPAA compliant, and patients' consent should be obtained for involvement of commercial personnel.
- 5.11 Drug and Device Samples. Samples are solely for patient use, not for personal use by faculty or staff. Sample storage, access and distribution by clinicians must be compliant with applicable regulations and departmental policies for safe storage and administration of medications. NHCC staff should avoid actual or apparent conflicts of interest with samples. Drug or device information for patients should be appropriate to their own condition, objective, and deliberately distributed by the responsible practitioner (e.g., not casually accessible in waiting rooms or other patient areas).
- 5.12 Confidential and Inside Information. All NHCC staff (including Responsible Persons) shall refrain from transmitting any knowledge, consideration, decision or any other information that might be prejudicial to the interest of NHCC to any person other than in connection with the Responsible Person's discharge or their responsibilities as a Director, Officer, employee or member of the Medical staff. The governing principal is that any material confidential information pertaining to NHCC or patients may not be used for a Responsible Person's own or their Family's benefit nor should the Responsible Person disclose it to others for their personal use.

- 5.13 Use of NHCC Assets. NHCC credit purchasing power shall not be used to purchase goods and/or services for individual or non-NHCC activities. NHCC facilities may be used only for NHCC related purposes.
- 5.14 Disclosure of Individual Interest Prior to Approval of Transaction. A Responsible Person must promptly disclose to their supervisor, Human Resources and the Chief Compliance, Privacy and Ethics Officer his/her interest in, or connection with, a proposed transaction, Research activity, or other matter being presented for consideration or approval to NHCC if the transaction or matter is of the type that would require disclosure on the Conflicts Disclosure Statement. The Responsible Person must not participate in the deliberations related to the transaction or matter, or approve or use their position to influence the matter. The Responsible Person's disclosure and non-participation should be recorded.
- 5.15 Voluntary Staff/Faculty. Non-salaried faculty must act in the best interests of their professional duties at NHCC, including patient care, research and education. They should avoid any potential or perceived conflict of interest, especially those related to areas of their non-academic employment.
- 5.16 Post Employment Restrictions. No person who has served as a NHCC employee or unpaid staff member, or part-time staff shall, within a period of two (2) years after the termination of such service or employment, appear before NHCC or receive compensation for services rendered on behalf of any person, firm, corporation or association in relation to any matter with respect to which such person was directly concerned or in which such person presently participated during the period of service or employment or which was under the active consideration of such person. Public Officers Law §73(8)(a). This applies to all individuals, regardless if they worked for one day or a 30 year hire.

6.0 PROCEDURE

- 6.1 All new directors, officers, administrative staff members, employees, volunteers, and medical staff members with administrative responsibilities shall receive a copy of this policy regarding conflicts of interest and complete the annexed Conflicts Disclosure Statement.
- 6.2 Reporting Conflicts and Interim Changes.
 - 6.2.1 Each Responsible Person is required to provide notification on the Conflicts Disclosure Statement of any changes or specific situation in which the individual is called upon to exercise authority on behalf of NHCC with respect to companies, vendors, contracts, Research, or other matters, in which the Responsible Person or Family has a Material Interest within thirty (30) days of such change.
 - 6.2.2 Board of Directors, members of management, Responsible Persons engaged in Research, and members of the IRB will complete the Conflicts Disclosure Statement and provide it (and any interim changes thereto) to

Human Resources and the Chief Compliance, Privacy and Ethics Officer. All others will disclose Conflict of Interest situations to their immediate supervisors. If the supervisor determines that the individual's interest may be a Conflict of Interest, the supervisor will direct the Responsible Person to fill out a Conflict Disclosure Statement and provide it to Human Resources and the Chief Compliance, Privacy and Ethics Officer.

- 6.2.3 Employees are encouraged to seek assistance from their immediate supervisor/manager with any legal or ethical concerns. However, NHCC realizes this may not always be possible. As a result, employees may call the Chief Compliance, Privacy and Ethics Officer at (516) 296-2389 to report anything that they cannot discuss with their immediate supervisor/manager.
- 6.2.4 NHCC reserves the right to require additional or updated Conflict Disclosure Statements from Responsible Persons engaged in Research if such disclosure is required for funding applications or proposals.
- 6.3 Evaluation and Management of Conflicts of Interest.
 - 6.3.1 Human Resources will review all completed Conflicts Disclosure Statements and any reported changes and, following internal consultation with the Chief Compliance, Privacy and Ethics Officer but in no event more than sixty (60) days after receiving the Conflicts Disclosure Statements or any reported changes, will take any action deemed appropriate to manage or resolve a potential for conflicts of interest (e.g. public disclosure of a conflict of interest, change of personnel, severance of relationships that create the conflict of interest, etc.).
 - 6.3.2 All disclosures, unless irrelevant or immaterial, will be compiled and the actions taken in response thereto will be reported to the Legal Audit & Governance Committee of NHCC's Board of Directors, which may determine whether additional actions should be considered or implemented.
 - 6.3.3 Once appropriate action for the management, reduction, or elimination of the Responsible Person's (and/or Family's) conflict of interest has been decided, the individual will be notified of the disposition of the conflict in writing. Copies of the notification will be forwarded to and maintained in the Compliance Office and sent to the person's immediate supervisor, Chairperson of the Legal Audit and Governance Committee (for Directors and Officers) and/or other individuals as the facts and circumstances warrant.

- 6.3.4 As necessary, conflict of interest resolution plans, including, when necessary, an interim plan, will be developed, monitored and enforced as directed by NHCC.
- 6.3.5 Periodically, but at least annually, the Chief Compliance, Privacy and Ethics Officer will provide the Legal Audit and Governance Committee of the Board of Directors with a report on NHCC's execution of the Conflict of Interest disclosure process and, if necessary, the nature of any issues which may require Board intervention.
- 6.4 Prior to CME presentations, NHCC staff must disclose relationships with relevant commercial entities to the Corporate Compliance Office, the Office of Academic Affairs, and to their audiences.
- 6.5 Each member of the Board of Directors shall be advised annually of this Policy and execute a Disclosure Statement which will be submitted to, and reviewed by, the Office of Legal Affairs and Corporate Compliance/ Chief Compliance, Privacy and Ethics Officer.
 - 6.5.1 6.4.1 Any duality of interest or possible conflict of interest on the part of any governing board member should be disclosed to the other members of the board and made a matter of record either through an annual procedure or when the interest becomes a matter of board action.
 - 6.5.2 Any governing board member having a duality of interest or possible conflict of interest on any matter should not vote or use his/her personal influence on the matter, and s/he should not be counted in determining the quorum for the meeting, even where permitted by law. The minutes of the meeting should reflect that a disclosure was made, the abstention from voting, and the presence or absence of a quorum.
- 6.6 This Policy shall be posted on ITWEB and a global e-mail sent requiring all Responsible Persons to review this new Policy and complete the Conflict Disclosure Statement in the event a conflict may exist and submit the report to Human Resources. Thereafter only if the Responsible Person's circumstances change necessitating disclosure shall a new Conflict Disclosure Statement be required of non-medical staff.
- 6.7 Policy Makers. Pursuant to the Guidelines for Determination of Persons in Policy Making Positions as formulated by JCOPE (Executive Law §94), the appointing authority shall file a written statement with the Commission by the last day of February of each year containing the name, title and home address of each person who holds a policy making position in that state agency as determined by the appointing authority. Such appointing authority shall file an amended written statement with the Commission within 30 days after the undertaking of policy making responsibilities by a new employee or by an employee whose name did

not appear on the most recent written submission. The amended statement shall contain the name, title and home address of such employee. Each appointing authority shall notify each employee in writing whom he or she designated as policy making in accordance with these guidelines.

- 6.8 Training. Responsible Persons engaged in Research shall receive training on this policy prior to engaging in such Research and at least every four (4) years thereafter, unless otherwise required by law.
- 6.9 Violations of the Conflict of Interest Policy. Prompt, appropriate and equitable corrective action will be taken concerning any activities considered to involve a Conflict of Interest. Violation of this Policy by a Responsible Person is grounds for disciplinary action, up to and including termination of employment or association with NHCC, in accordance with the disciplinary procedures applicable to the respective Responsible Person. A NHCC employee who accepts a Gift, or fails to file a financial disclosure report in violation of this Policy, could be subject to a civil penalty of up to \$40,000, and be criminally charged with a Class A misdemeanor. For current enforcement actions which are published on JCOPE's website go to: <http://www.jcope.ny.gov/>.
- 6.10 Disclosure. NHCC reserves the right to disclose information submitted to it pursuant to this policy when such disclosure is required by law (including but not limited to funding applications and proposals and compliance with state or federal funding disclosure requirements).
- 6.11 Any questions about this Conflict of Interest Policy or the documentation described above may be directed to the Chief Compliance, Privacy and Ethics Officer at (516) 296-2389.

Dear NHCC Staff: _____

In order to maintain compliance with the New York State Commission on Public Integrity, all NHCC staff are required to report any Honoraria received to the NHCC Department of Human Resources. Generally, Honoraria means a speaking fee, payments received for writing an article or reimbursement for travel unrelated to official NHCC duties. In order for any compensation to be considered Honoraria, it must be unrelated to your official NHCC employment or duties, regardless of who paid the compensation. The current reporting year for Honoraria is April 1, 20__ to March 31, 20__.

If you have not received any Honoraria during the reporting year, there is no need to take any action; however, if you have received Honoraria, you must provide the following information in connection with each Honorarium to kbowen@numc.edu or NHCC Department of Human Resources, Box 8 ATTN: Kasi Bowen by _____:

- Your Name and Title
- Date of Honoraria
- Sources of Honoraria
- Description, Nature and Location of Activity
- Amount of Honoraria
- If applicable, the NHCC Supervisor who approved the Honoraria

More information about the rules and regulations concerning Honoraria can be found on the New York State Public Integrity Website at <http://www.jcope.ny.gov/>. Specific questions may be directed to NHCC Chief Compliance, Privacy and Ethics Officer Megan C. Ryan, Esq. (516) 296-2389. Thank you for your cooperation.

Sincerely,

Maureen Roarty
Senior Vice President of Human Resources

5. List names and addresses of all shareholders, members, or partners of the firm. If the shareholder is not an individual, list the individual shareholders/partners/members. If a Publicly held Corporation, include a copy of the 10K in lieu of completing this section.

If none, explain.

Nassau Health Care Corporation ("NHCC") is a public benefit corporation created pursuant to Public Authorities Law section 3401 et seq, and as such has no shareholders/principals

No shareholders, members, or partners have been attached to this form.

6. List all affiliated and related companies and their relationship to the firm entered on line 1. above (if none, enter "None"). Attach a separate disclosure form for each affiliated or subsidiary company that may take part in the performance of this contract. Such disclosure shall be updated to include affiliated or subsidiary companies not previously disclosed that participate in the performance of the contract.

Nassau Health Care Foundation, Inc. (New York not-for-profit corporation) has a continuous contract with NHCC to provide services to NHCC.

Nassau Queens Performing Provider System, LLC ("NQP") is the entity that is implementing the New York State Delivery System Incentive Program ("DSRIP") in Nassau County and a portion of Queens, and has contracts with New York State.

NHCC, Ltd., organized under the Companies Law of Cayman Islands, is the malpractice insurance carrier for NHCC.

7. List all lobbyists whose services were utilized at any stage in this matter (i.e., pre-bid, bid, post-bid, etc.). If none, enter "None." The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

Are there lobbyists involved in this matter?

YES NO

(a) Name, title, business address and telephone number of lobbyist(s):

(b) Describe lobbying activity of each lobbyist. See below for a complete description of lobbying activities.

(c) List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

8. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

Title: Executive Vice President/ General Counsel

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including by not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions, department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission, with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

CONTRACT FOR SERVICES

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the **Nassau County Probation Department** (the "Department"), having its principal office at 400 County Seat Drive, Mineola, New York 11501, and (ii) **Nassau Health Care Corporation**, a public benefit corporation, with offices located at 2201 Hempstead Turnpike, East Meadow, New York, (the "Contractor" or "NHCC").

WITNESSETH:

WHEREAS, the County desires to arrange for the provision of medical, behavioral and other health related services for the residents of the Juvenile Detention Center ("JDC" or "Center") by the Contractor; and

WHEREAS, the County is responsible for the detention of alleged/convicted adolescent offenders, juvenile delinquents and designated felons in a specialized secure detention facility, certified by OCFS/Commission of Correction, with specially trained staff, which said facility shall be jointly administered by the County's detention agency and the Sheriff (County Law 218-A(6)); and

WHEREAS, the County desires to hire the Contractor and the Contractor desires to perform the services described in this Agreement; and

WHEREAS, NHCC is capable and willing to enter into an agreement with the Probation Department to provide such services; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence on January 1, 2013, shall terminate on September 30, 2018.

2. Services. (a) NHCC shall provide certain Jail-based, Hospital-based and Ancillary Services as described herein pursuant to Executive Law section 503(9), and the regulations promulgated pursuant thereto. Such services to be provided by the Contractor under this Agreement shall consist of medical, dental, behavioral, nutritional and other services as required for the residents of the JDC as requested by the Center, and as further described in Appendix B (the "Services").

3. Payment. (a) Amount of Consideration. The maximum amount that the County shall pay the Contractor as full consideration for the Services provided under this Agreement (the "Maximum Amount") shall not exceed: Forty Nine Thousand One Hundred and Forty-Nine (\$49,149.00)

(i) For the period commencing January 1, 2013 through December 31, 2013, Four Thousand Eight Hundred and Thirty-Five (\$4,835.00) Dollars paid in arrears in accordance

with paragraph (h) below.

- (ii) For the period commencing January 1, 2014 through December 31, 2014, Seventeen Thousand Six Hundred and Seventy -Three (\$17,673.00) Dollars paid in arrears in accordance with paragraph (h) below.
- (iii) For the period commencing January 1, 2015 through December 31, 2015, Eight Thousand Six Hundred and Fifty- Eight (\$8,658.00) Dollars paid in arrears in accordance with paragraph (h) below.
- (iv) For the period commencing January 1, 2016 through December 31, 2016, Eight Thousand Three Hundred and Eighty-Two (\$8,382.00) Dollars paid in arrears in accordance with paragraph (h) below.
- (v) For the period commencing January 1, 2017 through December 31, 2017, Four Thousand Eight Hundred and Fifty-Nine (\$4,859.00) Dollars paid in arrears in accordance with paragraph (h) below.
- (vi) For the period commencing January 1, 2018 through September 30, 2018, Four Thousand Seven Hundred and Forty-Two (\$4,742.00) Dollars paid in arrears in accordance with paragraph (h) below.

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

(f) Reimbursement by the Contractor upon Loss of Funding. In addition to any other remedies available to the County, in the event that the County loses funding, including reimbursement from the State or federal government for any Services arising out of or in connection with any act or omission of the Contractor or a Contractor Agent (i) the County will have no further obligation to the Contractor under this Agreement and (ii) the Contractor shall pay the County the full amount of lost funds on demand, but not in excess of the amount paid to the Contractor under this Agreement.

(g) Accounting upon Termination. (i) Within thirty (30) days of the termination of this Agreement the Contractor shall provide the Department with a complete accounting up to the date of

termination of all monies received from the County and shall immediately refund to the County any unexpended balance remaining as of the time of termination.

(h) Additional Payment Provisions. The following provisions shall also govern payment with respect to the items to which they relate:

- (i) Health Care Provider visits to the Center will be billed at One Hundred and Thirty-Three Dollars (\$133.00) per hour including travel time.
- (ii) Psychiatrist visits to the Center will be billed at One Hundred and Fifty Dollars (\$150.00) per hour including travel.
- (iii) All inpatient services provided at the Contractor's facility shall be billed at an amount no greater than the current Medicaid rate as published by the New York State Department of Health plus the mandated New York State HRCA surcharge. All outpatient services provided at the Contractor's facility shall be

billed at the market rate as outlines in the Successor Agreement between the County and NHCC plus the mandated New York State HRCA surcharge. The current market rate is fifty percent (50%) of the rate cited in Exhibit "A" attached hereto. The current New York State HRCA surcharge is 6.45%. Accordingly, the Contractor shall submit Vouchers which itemize each fee charged.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this

Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(e) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

7. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver Services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

8. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or

proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

9. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars (\$1,000,000.00) per occurrence and Two Million Dollars (\$2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single limit liability of not less than One Million Dollars (\$1,000,000.00) per claim (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

10. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and

void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

11. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least ninety (90) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

12. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

13. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

14. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

15. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

16. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

17. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or

unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

18. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

19. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals, third party approvals and other governmental approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

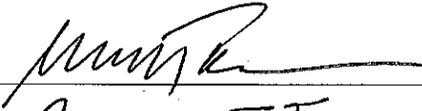

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

21. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

[Remainder of Page Intentionally Left Blank.]

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the Effective Date.

Appendix EE Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBES") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBES and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions

or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction

recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Contract for Nassau Health Care Corporation (NHCC)

This memorandum is respectfully submitted to provide information relating to the Contract between Nassau County and Nassau Health Care Corporation (NHCC) covering (6) years of retroactive State mandated Health services provided to the Nassau County Juvenile Detention Center detainees. The Probation Department is seeking approval by the Legislature.

These contracts are funded 49% by New York State and 51% Nassau County. As a threshold matter, the Department respectfully acknowledges a delay in the routing of these contracts. When the Department's former Attorney retired in 2016, there was a gap in the processing of contracts in the "pipeline" pending execution. While the Department has been working on moving those contracts forward, there were several changes to the procurement forms for newly executed contracts, therefore it became necessary to have vendors submit revised forms since previously executed disclosure forms which were in the "pipeline" contained information which were outdated. The Department is committed to moving forward with its contracts in a timely fashion. As more fully set forth below, this contract is to pay for essential State mandated Health services already provided to detainees at the Nassau county Juvenile Detention center.

CONTRACT

There are (6) Years for the Nassau Health Care Corporation years 2013-2018:

1/1/13-12/31/13	\$4,835.00
1/1/14-12/31/14	\$17,673.00
1/1/15-12/31/15	\$8,658.00
1/1/16-12/31/16	\$8,382.00
1/1/17-12/31/17	\$4,859.00
1/1/18- 9/30/18	\$4,742.00

Contract Summary

<p>Purpose: Contractor will provide case management and operation of a program known as CRTF (Reentry Task Force). This project is designed to provide enhanced case management and direct support services to chemically dependent offenders returning to Nassau from the NYS prison system who present a significant risk to public safety and/or present with particularly difficult reintegration needs. Of particular attention will be the substance abuse treatment needs as well as employment and housing requirements.</p>
<p>Method of Procurement: Probation Pass through contract with a not for profit agency. Contractor's selection was dictated by the terms of a New York State grant (NYSDCJS contract # C523891). Contractor received a satisfactory evaluation. Continuity of care is a critical issue for this vulnerable population.</p>
<p>Procurement History: Since 2006, Nassau County has been the recipient of NYS Division of Criminal Justice Services (DCJS) funding to support its activities to deliver services, including enhanced case management and direct support services, to chemically dependent offenders returning to Nassau from the NYS prison system. Funding supports the activities of the Offender Reentry Task Force and provides direct services to offenders reentering the community. Direct services include enhanced case management, transportation, family reunification services, emergency housing, and provision of necessities packages. Services are provided via a contract with Leadership Training Institute (LTI), a local not-for-profit, community based agency. Project staffing includes a Task Force Coordinator and Case Manager Assistant.</p>
<p>Description of General Provisions: The contractor shall provide both case management and direct services to the identified population of returning ex-offenders. Case Management includes, but is not limited to, the following activities: Outreach, Engagement, Needs assessment, Individualized Service Plan, Information and Referral, Service delivery monitoring, Record keeping, Service delivery evaluation. Direct Services shall include: Authorization, disbursement and accounting for payment of transportation monies to eligible participants, Family Reunification Services, Necessities Packages and Emergency Housing.</p>
<p>Impact on Funding / Price Analysis: State Grant 100% (NYS DCJS)</p>
<p>Change in Contract from Prior Procurement: None</p>
<p>Recommendation: (approve as submitted) Approve as submitted</p>

CONTRACTOR NAME: Leadership Training Institute, Inc.

CONTRACTOR ADDRESS: 50 Clinton Street, Suite 607, Hempstead, NY 11550

FEDERAL TAX ID #: 112239383-01

Instructions: Please check the appropriate box (“”) after one of the following roman numerals, and provide all the requested information.

I. The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on July 17, 2019. Potential proposers were made aware of the availability of the RFP by advertisement in Newsday, posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on August 12, 2019. One (1) proposal was received and evaluated. The evaluation committee consisted of: Five members of the Nassau County Probation Department. The proposal was scored. As a result of the scoring the proposal was selected. (SEE ATTACHED RE-ENTRY TASK FORCE PROPOSAL EVALUATION SUMMARY)

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

_____ [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached). **SEE CONTRACT APPENDIX A FOR DESCRIPTION**
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

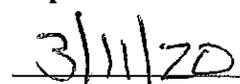

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

Re-Entry Task Force Proposal Evaluation Summary

Leadership Training Institute (LTI) was the only vendor responding to the RFP for the Re-Entry Task Force. LTI has a strong history of providing this type of service and to providing services to the population to be served. The Re-Entry Task Force will provide re-entry services to individuals released from prison in collaboration with the NYS Department of Corrections and Community Supervision. The task force prioritizes individuals assessed as moderate to high risk of recidivism and help them address their stabilization and criminogenic needs.

As concerns the single bid response, the RFP has been reviewed as regards to specifications being unduly restrictive. The specifications were in accordance with the criteria set forth by New York State Division of Criminal Justice Services, setting forth the grant criteria. The RFP was advertised in Newsday and posted on the County website, with the correct commodity code used. Re-Entry services are highly specialized services to a highly specialized population, i.e. individuals released from prison. Family and Children's Association has previously been awarded this contract but has declined to continue with the program.

CONFLICT-OF-INTEREST STATEMENT

Reason for Statement

Leadership Training Institute, as a nonprofit, tax-exempt organization, depends on charitable contributions from the public. Maintenance of its tax-exempt status is important both for its continued financial stability and for the receipt of contributions and public support. Therefore, the operations of LEADERSHIP TRAINING INSTITUTE first must fulfill all legal requirements. They also depend on the public trust and thus are subject to scrutiny by and accountability to both governmental authorities and members of the public.

Consequently, there exists between LEADERSHIP TRAINING INSTITUTE and its board, officers, and management employees a fiduciary duty that carries with it a broad and unbending duty of loyalty and fidelity. The board, officers, and management employees have the responsibility of administering the affairs of LEADERSHIP TRAINING INSTITUTE honestly and prudently, and of exercising their best care, skill, and judgment for the sole benefit of LEADERSHIP TRAINING INSTITUTE. Those persons shall exercise the utmost good faith in all transactions involved in their duties, and they shall not use their positions with LEADERSHIP TRAINING INSTITUTE or knowledge gained there from for their personal benefit. The interests of the organization must have the first priority in all decisions and actions.

Persons Concerned

This statement is directed not only to board members and officers, but to all employees who can influence the actions of LEADERSHIP TRAINING INSTITUTE. For example, this includes all who make purchasing decisions, all other persons who might be described as "management personnel," and all who have proprietary information concerning LEADERSHIP TRAINING INSTITUTE.

Key Areas in Which Conflict May Arise

Conflicts of interest may arise in the relations of directors, officers, and management employees with any of the following third parties:

- Persons and firms supplying goods and services to LEADERSHIP TRAINING INSTITUTE

Leadership Training Institute

- Persons and firms from whom LEADERSHIP TRAINING INSTITUTE leases property and equipment
- Persons and firms with whom LEADERSHIP TRAINING INSTITUTE is dealing or planning to deal in connection with the gift, purchase or sale of real estate, securities, or other property
- Competing or affinity organizations
- Donors and others supporting LEADERSHIP TRAINING INSTITUTE
- Recipients of grants from LEADERSHIP TRAINING INSTITUTE
- Agencies, organizations, and associations that affect the operations of LEADERSHIP TRAINING INSTITUTE
- Family members, friends, and other employees

Nature of Conflicting Interest

A material conflicting interest may be defined as an interest, direct or indirect, with any persons and firms. Such an interest might arise, for example, through

1. Owning stock or holding debt or other proprietary interests in any third party dealing with LEADERSHIP TRAINING INSTITUTE
2. Holding office, serving on the board, participating in management, or being otherwise employed (or formerly employed) by any third party dealing with LEADERSHIP TRAINING INSTITUTE
3. Receiving remuneration for services with respect to individual transactions involving LEADERSHIP TRAINING INSTITUTE
4. Using LEADERSHIP TRAINING INSTITUTE'S time, personnel, equipment, supplies, or good will other than for approved LEADERSHIP TRAINING INSTITUTE activities, programs, and purposes
5. Receiving personal gifts or loans from third parties dealing with LEADERSHIP TRAINING INSTITUTE. Receipt of any gift is disapproved except gifts of nominal value that could not be refused without discourtesy. No personal gift of money should ever be accepted.

Leadership Training Institute

Disclosure Policy and Procedure

Disclosure should be made according to LEADERSHIP TRAINING INSTITUTE standards. Transactions with related parties may be undertaken only if all of the following are observed:

1. A material transaction is fully disclosed in the audited financial statements of the organization;
2. The related party is excluded from the discussion and approval of such transaction;
3. A competitive bid or comparable valuation exists; and
4. The organization's board has acted upon and demonstrated that the transaction is in the best interest of the organization.

Staff disclosures should be made to the chief executive (or if he or she is the one with the conflict, then to the designated committee), who shall determine whether a conflict exists and is material, and if the matters are material, bring them to the attention of the designated committee.

Disclosure involving directors should be made to the designated committee.

The board shall determine whether a conflict exists and is material, and in the presence of an existing material conflict, whether the contemplated transaction may be authorized as just, fair, and reasonable to LEADERSHIP TRAINING INSTITUTE. The decision of the board on these matters will rest in their sole discretion, and their concern must be the welfare of LEADERSHIP TRAINING INSTITUTE and the advancement of its purpose.

I HEREBY CONFIRM that I have read and understand LEADERSHIP TRAINING INSTITUTE's Conflict-of-Interest Policy.

THIS AGREEMENT, dated as of _____, 201 (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the County Department of Probation, having its principal office at 400 County Seat Drive, Mineola, New York 11501 (the "Department"), and (ii) Leadership Training Institute Inc, a New York State not-for-profit corporation, having its principal office at 50 Clinton Street, Suite 607, Hempstead, N.Y. 11550 (the "Contractor").

WITNESSETH:

WHEREAS, the County wishes to retain the Contractor to provide, and the Contractor wishes to provide, the services described in this Agreement; and

WHEREAS, the Department seeks to contract with a vendor agency to provide re-entry services to individuals released from prison and supervised by the NYS Department of Corrections and Community Supervision (DOCCS). The vendor will collaborate with the NYS Department of Corrections and Community Supervision (DOCCS) and community service providers to meet the needs of individuals returning to communities from state incarceration. Cognitive behavioral interventions and /or employment readiness programs will be delivered to facilitate individual change in thinking and behavior and increase the capacity to obtain and retain employment. CRTF coordinators and staff will work with DOCCS to identify participant stabilization needs, including but not limited to housing, social service benefits, employment, obtaining proper identification, and behavioral health, as well as medical treatment.

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. The term of this Agreement shall be from October 1, 2019 through September 30, 2020, subject to sooner termination as provided in this Agreement. The

Agreement may be renewed, at the discretion of the County, for four (4) additional one (1) year terms.

2. Services. The services to be provided by the Contractor under this Agreement (the "Services") shall include the case management and operation of programs known as the County Re-Entry Task Force (CRTF). These Services are more fully described in the Scope of Services, which is incorporated herein by reference and attached hereto as Appendix "A." Further to the foregoing, the Contractor shall comply with all terms and conditions of the New York State Division of Criminal Justice Services grant incorporated herein by reference and attached hereto as Appendix A.

3. Reporting.

(a) Contractor shall maintain complete records of all activities in order to document and provide a basis for statistical reporting to the Department on program activities. The reporting system(s), including report formats and frequencies, will be set up in a format approved by Department.

(b) The Contractor shall electronically submit to the New York State Division of Criminal Justice Services (DCJS) a monthly report in a format approved by the Department and DCJS enumerating the following as outlined in Appendix B:

- 1) total number of individuals served during the month. (Each individual shall be identified by name, identifying number and date of referral;
- (2) total number of services provided to each individual by service type
- (3) referral date, opening date and closing date; and
- (4) other statistical information requested by the Department or required by DCJS which is relevant to the program's status and success.

c. The CRTF contract deliverables shall include:

- Conduct Case Conferencing for referred cases.
- Develop service plans to guide service coordination.
- Provide service coordination for a period of 30-120 calendar days, or as needed.

- Enroll and engage individuals in an approved CBI and/or employment readiness program, as outlined in Appendix B: DCJS Pre-Approved Cognitive Behavioral and Employment Readiness Curricula.
- Ensure that those enrolled and engaged in a CBI and/or an employment readiness program successfully complete whenever possible.

(d) The Contractor agrees that in addition to statistical reporting, the Department may utilize any standard monitoring, auditing, assessment, and evaluation procedures currently in use or instituted by the Department or required by DCJS during the term of this Agreement to ensure compliance with this Agreement.

4. Payment. (a) Consideration. The maximum amount that the County shall pay the Contractor as full consideration for all the Services provided under this Agreement (the "Maximum Amount") shall not exceed **One-Hundred Ninety Thousand Dollars 00/100 (\$190,000.00) Dollars.** Payment to the Contractor shall be made monthly, in arrears, on a reimbursement basis, for expenses approved by the Department which have been incurred in accordance with the attached Line-Item Budget. The Contractor shall request reimbursement for such expenses by submitting standard County claim forms that have been duly certified by the Contractor and approved by the Department, and filed in the Office of the Comptroller of the County. The Contractor is authorized to reallocate funds in the Line-Item Budget only with the advance written approval of the Department. However, even in the event of a reallocation of funds approved by the Department, the Maximum Amount shall remain unchanged. The parties agree that the Maximum Amount covers all Contractor costs necessary to carry out the promises and covenants contained in this Agreement. Under no circumstances shall the Contractor bill the County for activity or expense not provided for in this Agreement or which exceeds the Maximum Amount.

Payment shall be made as follows:

- (i) The invoices shall be paid monthly, in arrears, on a reimbursement basis only after a demonstration of an actual cash expenditure, in accordance with the Line-Item Budget annexed hereto as Appendix C. Under no circumstances will a claim be recognized if submitted on an accrual basis. All payments hereunder shall be made upon the submission of standard County claim forms certified by the Contractor, approved by the Department, and filed with the Comptroller of the County.
- (ii) Payment of Indirect Costs section of Appendix C shall be made in equal monthly installments in arrears.
- (iii) Within sixty (60) days of the termination of this Agreement, or on an annual basis within sixty (60) days of the first day of the new contract term if the County elects to renew or extend this Agreement, a complete and final accounting of the monies under this

Agreement by the Contractor shall be submitted to the Department and the Comptroller of the County, together with a refund of excess payments by the County, if any.

- (iv) The payment of one-time salary enhancements or bonuses is not permitted under this Agreement and, if claimed, will be disallowed.
- (v) Claims submitted must contain supporting documentation for each expenditure claimed (i.e. cancelled checks and/or bank statements) showing that the expenditure was actually paid by the vendor. This is a vendor requirement by the county Comptroller's Office.

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and on a reimbursement basis and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, either by utilizing the County's printed form, to be supplied by the County, or another form approved by the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month by the tenth (10th) of the month. Payment claims must bear an original signature of an authorized official or staff member of the Contractor and be submitted to the Department.

(d) Reimbursement by the Contractor upon Loss of Funding. In addition to any other remedies available to the County, in the event that the County loses funding, including reimbursement, from the State or federal governments for any Services arising out of or in connection with any act or omission of the Contractor or a Contractor Agent (i) the County will have no further obligations to the Contractor under this Agreement and (ii) the Contractor shall pay the County the full amount of lost funds on demand, but not in excess of the amount paid to the Contractor under this Agreement.

(e) No Duplication of Payments. Payments for the work to be performed under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County. The Contractor agrees to pursue all possible sources of revenue for the Services to be provided by the Contractor pursuant to this Agreement.

(f) Additional Payment Provisions. The following provisions shall also govern payment with respect to the items to which they relate: the provision of the Services is contingent upon funding through the Grant. The Department has the unilateral right to discontinue the Services upon the termination or impending termination of funding for the Services. The Department reserves the unilateral right to adjust or discontinue the Services if the afore mention Grant is only partially funded, either at the inception of the Grant period or if funding is curtailed, discontinued or reduced during the term of the Grant.

(g) Short Agreement Year. The Maximum Amount and, if applicable, Budget, are based upon a full 365 day calendar year. The Maximum Amount and amount payable with respect to any Budget shall be reduced pro rata to reflect that portion of a calendar year during which this Agreement is not effective.

5. Independent Contractor. The Contractor is an independent Contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and governments or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

6. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

7. Compliance with Law.

(a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), as amended and all rules and regulations promulgated thereunder, conflicts of interest, discrimination, a living wage, disclosure of information, agency financial controls disclosure, and vendor registration, in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of the HIPAA Business Associate Agreement, attached hereto as Exhibit A, Appendices B, EE attached hereto and with the County's vendor registration protocol. In addition, if the Contractor is a not-for-profit corporation, by executing this Agreement, the Contractor certifies that it has completed, executed and submitted to the Comptroller an Agency Financial Controls Questionnaire. As used in this Agreement the word "Law" includes any and all statutes, local laws,

ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its Certification of Compliance, attached hereto as Exhibit L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Client Information. (i) Confidentiality of information regarding Agency clients is governed by Social Services Law Section 136 and 18 NYCRR 357. The Contractor shall comply with Section 33.13 of the Mental Hygiene Law (governing confidentiality). (ii) The Contractor and its Contractor Agents shall comply with all applicable federal and State statutes and regulations relating to the maintenance and dissemination of confidential information

including, but not limited to, sections 21, 111, 136, 168.7, 367-b, 369, 349-a(1), 372, 373-a, 409, 409-a, 412, 422, 422-a, 444, 459-g and 473-e of the Social Services Law; section 501-c of the Executive Law; Article 6, 18 and 27-F of the Public Health Law; 9 NYCRR sections 164.7 and 168.7; sections 22.05[b] and 33.13 of the Mental Hygiene Law; and 18 NYCRR sections 347.19, 357, 357.3, 357.4, 421.2, 423, 423.7, 431.7, 432, 432.7, 441.7, 452.10, 457.16, 462.9, 465.1 and 655.1; section 114 of the Domestic Relations Law, the confidentiality of alcohol and drug abuse patient records as published in the Federal Register, August 10, 1987, 42 CFR, Part 2, Vol. 52, No. 110; Section 290-299 of the Executive Law and the Civil Rights Law of New York State; and the rules regarding the use of HIV/AIDS information at 18 NYCRR section 360-8.1 and 10 NYCRR section 63.

(ii) The provisions of this paragraph shall survive the termination of this Agreement and any breach of these provisions shall be cause for immediate termination of this Agreement.

(e) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(f) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

8. Minimum Service Standards. Regardless of whether required by Law and in addition to any other applicable provisions of this Agreement: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in

the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all licenses, certifications, and approvals ("Approvals") necessary or appropriate in connection with this Agreement.

9. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether taken pursuant to or authorized by this Agreement and regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties and the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part for professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than one million dollars (\$1,000,000) per occurrence, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"),

which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and which is acceptable to the County, and (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of the insurance policies required by this Agreement, or certificates of insurance evidencing such coverage, shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement policies, certificates of insurance, and/or amendatory endorsements. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take any action or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (a) assigned, transferred or disposed of, (b) amended, (c) waived, or (d) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment or other disposal without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Work Performance Liability.

(a) The Contractor is and shall remain primarily liable for the successful completion of all work in accordance with this Agreement. The Contractor shall be primarily liable even when using subcontractors, independent contractors, consortiums or partners to perform some or all

of the work contemplated by this Agreement, and even if the use of such partners or subcontractors has been approved by the County.

(b) Nothing contained in this Agreement or otherwise shall create any contractual relation between the County and any subcontractors. The Contractor agrees to be as fully responsible to the County for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor.

(c) The Contractor's obligation to pay its subcontractors is an independent obligation from the County's obligation to make payments to the Contractor. As a result, the County shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

(d) The Contractor shall comply with the insurance requirements, as provided in the Insurance Section 9(b).

13. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" immediately upon the receipt by the Contractor of written notice of termination from the County, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with the other provisions of this Agreement expressly addressing termination, if any.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for Services.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the Director of the Department (the "Director"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the

notice given to the Director shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Director.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement, the Contractor shall, regardless of the reason for termination, assist the County in transitioning the Contractor's responsibilities and shall take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement). The provisions of this subsection shall survive the termination of this Agreement.

(d) Accounting upon Termination. (i) Within thirty (30) days of the termination of this Agreement, the Contractor shall provide the Department with a complete accounting up to the date of termination of all monies received from the County and shall immediately refund to the County any unexpended balance remaining as of the time of termination.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

14. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the County Comptroller or his or her duly designated representative (the "Comptroller"), the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Inventory. (a) Title to all equipment, supplies, and material purchased with funds paid under this Agreement (the "Equipment") shall vest in the County and the Equipment shall not be disposed of without the prior written approval of the County.

(b) The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, a complete and accurate inventory (the "Inventory") of the Equipment. The Inventory shall describe the Equipment with reasonable specificity so that the Equipment can be readily identified. The Inventory shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the disposition or use of funds paid to the Contractor in connection with this Agreement, and any of their duly designated representatives.

(c) Within thirty (30) days of the termination of this Agreement, the Contractor shall file with the Department and the Comptroller a final Inventory. The Contractor shall dispose of the Equipment in accordance with instructions of the County. If the County does not provide disposition instructions within thirty (30) days of termination, then the Contractor shall contact the Director in writing and request disposition instructions.

(d) The provisions of this Section shall survive the termination of this Agreement.

16. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lay or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents sent or delivered to the Applicable DCE under this Section to each of (i) the Department and (ii) the County Attorney, at the address specified above for the County, on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

17. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, all claims or actions with respect to this Agreement shall be resolved exclusively by litigation before a court of competent jurisdiction located in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non- conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof. The provisions of this Section shall survive the termination of this Agreement.

18. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Director at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or to such other persons or addresses as shall be designated by written notice.

19. All Legal Provisions Deemed Included; Severability; Supremacy (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

20. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

21. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

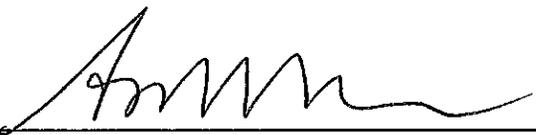

22. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement.

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement and agree to be bound by its terms as of the first date written above.

Appendix: CRTF Work Plan Template

Objectives and Required Tasks

GOAL FOR STATEWIDE PLAN FOR CRTF PROGRAMS

The primary goal of the CRTF program is to reduce offender recidivism. It is expected that CRTF participants will be more successful in reintegrating into the community having received effective service planning and coordination, increased access to cognitive behavioral interventions and/or job- readiness programs, and sustained support during the critical period of re-entry.

The CRTFs will establish and maintain a quality county-based service delivery system to address criminogenic and stabilization needs of individuals released from prison.

Each CRTF will build or maintain capacity for a continued schedule of cognitive behavioral interventions (CBI) and/or employment readiness services to CRTF participants so that services are available throughout the year.

Objective #1: Case Conferencing

Conduct case conference for each eligible participant referred to the CRTF. Eligible participants include those assessed as DOCCS Supervision Level 1, 2, or 3, or other special populations defined in the DCJS CRTF Guidance Document.

Tasks:

1. CRTF will convene bi-weekly meetings of the Case Conferencing Committee to review referred cases.
 - Prior to Case Conferencing each potential participant, the CRTF will receive from DOCCS the CRTF referral form, a signed consent form, and the Community Prep Packet.
2. At the Case Conference, the CRTF and DOCCS staff will:
 - Review the case plan provided by DOCCS; and
 - Discuss referrals for services and CBI and/or employment readiness programming.

Case File Documentation:

1. Community Prep Packet;
2. Consent Form signed by participant
3. Any additional needs/responsivity assessments, as applicable

Required Reporting in the Community Corrections Data Submission (CCDS) application:

1. Date of case conference

Objective #2: Intake and Service Plan Completion

Conduct intake and prepare service plan on agreed upon number of individuals

Tasks:

1. During the Intake appointment with the participant present, CRTF staff will:
 - Review all available participant information
 - Discuss benefits of service coordination
 - Identify the needs to be addressed
 - Review the expectations of CRTF participation

2. CRTF staff will:
 - Make service referrals, as agreed during case conference;
 - Maintain a record of the services to which the participant is referred;
 - Ensure that all consents for release of information are signed.

3. The CRTF will prepare a written plan for service coordination that includes:
 - Service coordination start date;
 - The anticipated length of service coordination (typically 30-120 days)
 - Services to which the parolee will be referred or will receive provided by the CRTF, including the name of each provider

4. CRTF staff and the participant will sign and date the service coordination plan and provide a copy to the parole officer.

Case File Documentation:

1. Copy of the service coordination plan, dated and signed by participant;
2. Referrals to services and/or transitional employment (if applicable);
3. Consents to release information (if applicable)

Required Reporting in CCDS application:

1. Date service plan approved

Objective #3: Service Coordination (30-120 days, or longer)

Provide quality service coordination to the agreed number of CRTF participants

Tasks:

1. CRTF staff will meet with the participant on an as needed basis, based on the degree/intensity of service coordination.
2. CRTF staff will periodically review the service coordination plan (at least every 30-45 days) and will communicate with service providers to assess progress.
3. CRTF staff will modify the service coordination plan, as needed, and provide a copy of revised service coordination plan to the parole officer.
4. Prior to conclusion of service coordination, the CRTF staff must review the status of the service coordination plan and prepare an CRTF Exit Summary for parole staff and the participant.

- a. Exit summaries should include: the end date of CRTF service coordination, a list of services that were provided and by whom, a summary of the progress made by the participant throughout service coordination, completion status of referral services, and any needs that require a referral to additional service providers.

Case File Documentation:

1. Case notes documenting periodic service coordination reviews, with dates and parties involved.
2. Documentation that indicates:
 - Date of referral to service(s);
 - The start and end date of the service(s) received; and
 - Notes to indicate progress or completion status, as applicable.

Required Reporting in CCDS application:

1. Date service coordination is initiated. (Note: This date should only be reported if the CRTF has met with the parolee to finalize and sign the service plan.)
2. Date service coordination ends. (Note: This should reflect the date the Exit Summary is provided to Parole.)

Objective #4: Enrollment and Completion in Cognitive Behavioral Intervention and/or Employment Readiness Training

Enroll and engage CRTF participants in Cognitive-Behavioral Intervention (CBI) programs and/or an Employment Readiness (ER) programs. (*Name of curriculum will be inserted. Intended number of individuals to be enrolled will be inserted. Intended number of individuals to be completed will be inserted here*).

(For grantees delivering more than one curriculum the objective above may be duplicated to add additional curricula).

Tasks:

- Conduct CBI and/or ER programs using certified facilitators and with fidelity to the model.
- Enroll and engage participants in a CBI and/or in an ER program.
- Document CBI and/or ER attendance with attendance rosters, including dates, times, and participant sign-ins for each module/session.
- Work with participants to make-up missed modules/sessions prior to the next session.

Case file documentation:

1. Referral form for CBI and/or ER;
2. Class/session attendance sheets;
3. Case notes pertaining to make-up sessions;
4. Completion certificate for CBI and/or ER

Required Reporting in CCDS application:

1. CBI/ER enrollment date;
2. CBI/ER completion date.

Objective #5: Bimonthly CRTF Meetings

Hold bi-monthly meetings. Invitees should include DOCCS Parole and Re-Entry staff, DCJS staff, Commissioner of Social Services or designee, mental health, Health Homes, and other services.

Tasks:

- A comprehensive agenda will be sent electronically to all invitees at least one week prior to the meeting date. The agenda will include:
 - Year to date outcomes and achievements will be included in the agenda
 - A discussion should take place related to any barriers or obstacles experienced by CRTF staff or referred services
- Circulate attendance sheet for attendees to sign; provide attendance sheet to DCJS staff.

Documentation:

1. Agenda and meeting minutes
2. Attendance sheets for each meeting

Objective #6: Community Outreach and/or Public Education

Engage members of the community, including formerly-incarcerated individuals and their families, in building a comprehensive re-entry system through community education and outreach efforts.

Tasks:

- Organize community events to strengthen the local re-entry system. These events may include public awareness campaigns, community forum discussions, job/resource fairs, conferences, social media, publication of informational materials or advertising.
- Educate the public about re-entry services available through CRTF and partner organizations.

Documentation:

1. Copies of advertising materials (flyers, social media announcements, advertising, etc.)
2. Copies of distributed materials (posters/pamphlets, literature, etc.)

Objective #7: Distance Learning Modules

Each CRTF Coordinator and staff will complete the DCJS Distance Learning Modules within 6 months of contract execution or within 6 months of staff hiring date.

Tasks:

- CRTF staff will complete all distance learning modules
- CRTF Coordinator will track staff completion of modules

Documentation:

1. Written attestation of completion of Distance Learning Modules for each staff member

County Re-entry Task Force (CRTF) Program Goals and Objectives

The primary goal of the CRTF program is to reduce offender recidivism. It is expected that CRTF participants will be more successful in reintegrating into the community having received effective service planning and coordination, increased access to cognitive behavioral interventions and/or job-readiness programs, and sustained support during the critical period of re-entry.

The CRTFs will establish and maintain a quality county-based service delivery system to address the needs of individuals released from prison.

Each CRTF will build or maintain capacity for a continued schedule of cognitive behavioral interventions (CBI) and/or employment readiness services to CRTF participants so that services are available throughout the year.

1. CRTF Purpose:

DCJS will work with each CRTF to determine the number of individuals to be served. Target numbers for the 2019-2020 contract year should allow a high-quality intervention to be delivered to as many participants as reasonable, given anticipated release numbers. CRTFs should consider the following when proposing the number served:

- a. the number of intakes served in prior years (see Appendix: *CRTF Intake Achievements 2016-2017 and 2017-2018*);
- b. the number of eligible individuals released from DOCCS and returned to their county in 2018 under community supervision (see Appendix: *2018 DOCCS Parole Releases by County and Supervision Level* and Appendix: *DOCCS 20+ year data*)

The CRTF contract deliverables shall include:

- Conduct Case Conferencing for referred cases.
- Develop service plans to guide service coordination.
- Provide service coordination for a period of 30-120 calendar days, or as needed.
- Enroll and engage individuals in an approved CBI and/or employment- readiness program, as outlined in Appendix: *DCJS Pre-Approved Cognitive Behavioral and Employment Readiness Curricula*.
- Ensure that those enrolled and engaged in a CBI and/or an employment readiness program successfully complete whenever possible.

B. CRTF Program Model Requirements

There are four components of the CRTF program model. DCJS will provide guidance and technical assistance to the CRTF's with respect to development of the work plan and program/services.

1. Case Conferencing:

CRTF Case Conferencing is defined as a formal, planned and structured event with interdisciplinary professionals held every two weeks to develop a service coordination plan for consenting persons released from incarceration. CRTFs use Case Conferences to review documents and information provided by DOCCS regarding a participants' stabilization and criminogenic needs. Case Conferencing can be used to identify or clarify issues regarding client needs and goals; to establish roles and responsibilities for those involved with each participant; to identify strategies to overcome barriers for active CRTF participants' progress, and to make adjustments to active service coordination plans. Case Conferences are used for pre-release and post-release planning and for pre-release in-reach with correctional facilities. Case Conferences are documented in the participant's record.

The CRTF coordinator should work with DOCCS to develop a process by which eligible participants are referred for Case Conferencing in advance of their projected DOCCS release date in order to provide sufficient time to identify the appropriate services needed.

CRTF coordinators should convene the Case Conferencing committee bi-weekly to review potential referrals to the CRTF. Prior to Case Conference, a signed participant consent form must be provided to the CRTF. CRTFs should develop and maintain a system which allows most cases to be conferenced prior to an individual's release from prison whenever possible.

Members of the Case Conferencing Committee should include the CRTF Coordinator, parole staff, and primary service providers such as the Department of Social Services (DSS), mental health, substance abuse services, housing services, veterans, and any relevant providers who serve special populations (i.e. sex offender treatment, and Health Homes). During the Case Conference, the following should be addressed for each potential CRTF participant:

- Review the COMPAS Re-Entry narrative, legacy bar chart, and case plan with goals created by Offender Rehabilitation Coordinator (ORC) with inmate's input while at facility;
- Determine the criminogenic and stabilization needs to be addressed; and
- Discuss the services to be provided and document the services in the CRTF participant's service coordination plan

2. Intake and Re-Entry Service Coordination Plan:

Intake is defined as the initial in-person appointment between CRTF staff and the participant. During the intake appointment, CRTF staff will provide a brief orientation of the CRTF program, provide expectations of CRTF participation, review the DOCCS case plan, and discuss the benefits of service coordination for identified needs. The re-entry service coordination plan includes the identified criminogenic and stabilization needs, recommended services, and pertinent information that impact the delivery of services based on a participant's individual strengths, challenges and identified preferences. Service coordination plans should be structured to reflect realistic goals. All scheduled appointments and/or ongoing requirements should be reasonable and able to be accomplished.

CRTFs must finalize the re-entry service coordination plan to address the participant's stabilization and criminogenic needs.

- The Intake appointment is an in-person meeting between the CRTF participant and the CRTF Coordinator or staff. The Parole Officer should be invited to attend this initial meeting. In cases where a pre-release Case Conference is held, the Intake appointment should occur within one week of an individual's release from prison.
- The CRTF Coordinator or staff will work with the CRTF participant to develop and finalize the re-entry service coordination plan.
- A copy of the re-entry service coordination plan signed by the participant will be provided to the parole officer as well as the participant.

The re-entry service coordination plan should focus on the participant's most immediate needs, which should be targeted within the first several months after release. The list of services below is meant to provide examples of such services:

- a) Housing: Assist in obtaining housing, such as parole stabilization housing, residential treatment centers, halfway houses, DSS-subsidized housing, and private residences. May include coordination with DSS and NYC HSA;
- b) Local and Federal Social Services Assistance: Assist in obtaining social services, such as Social Security Insurance, Social Security Disability, food stamps, Medicaid, child support enforcement services, and TANF;
- c) Employment: Assist in obtaining employment or employment programs/services, such as employment readiness, Career Centers, Department of Labor, ACCES/Vocational Rehabilitation (VR), transitional employment, and temporary employment agencies;

d) Education: Assist in pursuing education and vocational services, such as Test Assessing Secondary Completion, high school equivalency, educational programs and/or vocational training programs (e.g. SUNY Attain Labs, etc.);

e) Cognitive Behavioral Interventions (CBI) Programs: Assist in enrolling participants in DCJS approved CBI programs;

f. Behavioral Health Treatment: Assist in obtaining chemical dependency treatment, mental health treatment and sex offender treatment;

g. Mentoring Services: Assist in obtaining peer support and/or mentoring services;

h. Health Homes: Assist in accessing health care managers-service coordinators; and

i. Medical treatment services.

3. Service Coordination:

Service Coordination is defined as the interaction between the CRTF and the individual to support participation and progress in services identified in the re-entry service coordination plan. CRTF staff should be in regular communication with participants. These contacts may be in-person when necessary, and may also be via phone calls, text messages and emails as appropriate. When there is a need for an in-person meeting, CRTFs should make use of existing Parole reporting days.

Tasks associated with service coordination should include making and scheduling appointments and following-up with direct service providers to ensure participants are receiving services indicated in the service plan.

While service coordination is expected to last between 30-120 days for most participants, the duration of service coordination will be determined by each participant's unique risk and needs.

Once it is determined by the CRTF Coordinator and Parole Officer that service coordination is complete, an exit summary is prepared and shared with the Parole Officer. An exit summary document reflects the participant's progress in their individual service coordination plan. A copy of the exit summary is maintained in the CRTF participant's file.

4. Cognitive Behavioral Interventions and Employment Readiness Services:

CRTFs will be expected to provide a Cognitive-Behavioral Intervention (CBI) and/or an Employment-Readiness curriculum to participants. CRTFs are encouraged to select one or more of the DCJS approved CBI or Employment-Readiness curricula and develop a regular schedule by which these interventions will be routinely available to

participants throughout the contract year. If a CRTF seeks to provide another CBI or Employment-Readiness curricula, the programs must be approved by DCJS. See Appendix: *DCJS Pre-Approved Cognitive Behavioral and Employment Readiness Curricula* for more information.

C. CRTF Target Population

CRTF's should target individuals designated by DOCCS as Supervision Level 1, 2, or 3 cases. Special populations who are Supervision Level 4 may be served, regardless of supervision level, as these individuals have needs that require services. Special populations include:

- Women with high service needs;
- Adolescents and juvenile offenders on parole or recently released from an Office Children and Family Services (OCFS) residential facility;
- Persons with mental illness or developmental disabilities, severe medical issues or those with hearing, visual or physical impairments;
- Long-term Incarcerated Individuals – those released who have been incarcerated for 20 years or more; and
- Individuals who have violated parole and were re-released.

D. CRTF Structure

1. CRTF Membership

Each CRTF is led by Co-Chairs representing the County and DOCCS. This ensures effective coordination of services and support for successful re-entry. Each CRTF is required to maintain a full-time Re-entry Coordinator who is responsible for managing the day-to-day operations for delivery of services to the targeted population. CRTFs seek to increase the community's service capacity to assist individuals released from state incarceration. It is expected that the CRTF will continue to engage community providers not on the task force to build local capacity and maximize the availability of services for participants.

The full CRTF meets bi-monthly to review program progress, identify gaps in service delivery systems, and identify new service providers. The membership may vary by county or agency, as the needs of returning individuals and available system resources differ across jurisdictions. The CRTF members should support the primary goal to reduce offender recidivism and increase public safety. In addition to Co-chairs and CRTF staff, bi-monthly meeting membership should include, but is not limited to:

- County Social Services Commissioner or designee (REQUIRED) - In NYC, Department of Homeless Services and Human Resource Administration;

- County health, mental health, motor vehicles, probation, veterans' services, district attorney's office, court representatives, and/or the county legislature;
- State representatives from Office of Alcohol and Substance Abuse Services (OASAS) Field Office, Adult Career and Continuing Education Services/Vocational Rehabilitation District Offices (ACCES-VR), Office of Mental Health, Economic Development Councils, SUNY Educational Opportunity Centers;
- State Department of Labor's Career Center and County Workforce Investment Boards;
- Direct service providers and community-based organizations (with particular emphasis on those who (a) utilize a cognitive-behavioral approach to treatment services; (b) deliver services which address criminogenic needs; (c) deliver services which address significant stabilization needs; and (d) provide job readiness assistance.);
- Law enforcement officials affiliated with the Gun Involved Violence Elimination Initiative (GIVE), and regional Crime Analysis Centers (CACs), and/or SNUG, if appropriate;
- Individual(s) formerly under DOCCS supervision;
- Victim advocacy organization(s);
- Local housing authority and programs;
- Local research partners, educators and academia;
- Representatives from the business community;
- Health Homes providers; and
- Mentoring and Peer Support services.

2. CRTF Leadership

CRTFs are led by the County Co-chair and the DOCCS Co-chair. The CRTF Co-chairs oversee the CRTF program and the Coordinator, to ensure task force functions are performed with full support from DOCCS and community-based service providers. Co-Chairs should attend all CRTF bi-monthly meetings.

- **County Co-chair**

The County Co-chair is the chief elected official or his/her designee, which may include a representative from an administrative agency or entity. This can include the Commissioner of Social Services, Director of Probation, Commissioner of Health/Mental Health, District Attorney, as well as the Chair of a Criminal Justice Advisory Board, Alternatives to Incarceration Advisory Board, or county legislature.

- **DOCCS Co-chair**

The DOCCS Co-chair is designated by the DOCCS Commissioner or designee. The DOCCS Co-chair ensures coordination between DOCCS facility staff, DOCCS field staff and the CRTF. The DOCCS Co-chair will ensure that a sufficient number of referrals are made to the CRTF.

3. CRTF Coordinator

The CRTF Coordinator oversees the day-to-day functions of the CRTF. Specifically, the Coordinator is required to ensure that all tasks and activities below are conducted by CRTF staff:

- Facilitate engagement of state and local partners in the CRTF to ensure the availability of benefits, services, and community-level support for re-entry;
- Assist in developing individual re-entry service plans;
- Develop a working knowledge of local community services;
- Provide quality service coordination to ensure participants are receiving needed services deemed critical for success;
- Conduct re-entry service plan reviews, with CRTF participants, and document progress; include Parole officers when possible;
- Ensure the delivery of CBI and/or employment readiness services as outlined in the work plan;
- Coordinate bi-weekly Case Conference meetings and provide a schedule to DCJS of these meetings upon request;
- Schedule bi-monthly meetings of the CRTF;
- Ensure DCJS is notified of all bi-monthly CRTF meetings with an agenda a week prior to the meeting;
- Following each bi-monthly CRTF meeting, submit to DCJS an attendance roster and minutes of the meeting within a week following the meeting;
- Advise members about the CRTF's role as a referral service designed to link returning individuals to necessary services;
- Serve as the primary liaison with DOCCS to receive appropriate referrals;
- Serve as a liaison between the CRTF and DCJS;
- Ensure completion and submission of all required reports to DCJS by established due dates;
- Promptly notify DCJS Office of Probation and Correctional Alternatives (OPCA) re-entry unit staff and CRTF Co-chairs of any barriers, limitations or obstacles to providing services to participants and submit a performance improvement plan to address such concerns;
- Ensure prompt notification to DCJS and Co-chairs of any critical incidents involving CRTF operations, including its members or staff, specific programmatic services, and/or CRTF participants, as well as any negative media reports;
- Organize and deliver outreach and educational events; and
- Monitor performance targets and ensure appropriate documentation and reporting to DCJS.

4. CRTF Bi-Monthly Meeting and Agendas

CRTF meeting agendas must include a discussion of year-to-date outcomes and achievements as outlined in the contract work plan. A copy of the agenda should be submitted to DCJS one week in advance of each bi-monthly meeting. Upon completion of the meeting, CRTF should provide a copy of the signed attendance sheet to DCJS.

The meeting space should be suitable to engage all members and foster open discussion. The space should have phone conferencing capability.

5. Case Conference Committee

The Case Conference Committee meets bi-weekly and includes DOCCS staff, the CRTF Coordinator, and may include the Commissioner or his/her Designee from county social services, county mental health, Health Home representatives, as well as other direct service providers. Contingent upon the consent provided by a prospective participant, the Committee will conference cases prior to the individual's release date whenever possible.

The County Re-entry Task Force Referral Form is used by DOCCS to refer eligible participants to the Coordinator. The Community Prep Packet is provided by DOCCS for the purposes of conducting a Case Conference to discuss eligible CRTF participants. The Community Prep Packet is a comprehensive referral package which includes the completed Re-entry Task Force Referral Form, DOH consent form, COMPAS Re-Entry narrative and legacy bar chart, medical/psychiatric reports, if any, and Training Achievement & Potential Employability Report (TAPER). DOCCS case plans derived from the COMPAS Re-Entry will also be provided at Case Conferencing. Based on all available information, members shall discuss cases with the goal of identifying and providing effective post-release referrals to services and programs.

During the Case Conference, DOCCS staff will access information from the Facility Population Management System (FPMS) and the Case Management System (CMS) when needed. Copies of the COMPAS Re-Entry narrative and legacy bar chart and case plan should also be shared with the Coordinator.

Case Conference meetings can also include periodic reviews and closures of active cases in the community, when appropriate.

E. Public Education and Outreach Events

CRTFs are encouraged to engage the community, including formerly-incarcerated individuals and their families, in building a comprehensive re-entry system through

community education and outreach efforts. Such activities may include, but are not limited to:

- public awareness campaigns;
- community forum discussions on topics relevant to formerly-incarcerated persons and their families;
- outreach to employers/job fairs and the business community; and
- publication of informational materials related to offender re-entry topics.

F. Training for CRTFs

DCJS will provide training opportunities to CRTFs.

1. DCJS will provide training to CRTFs on the provision of effective service planning and coordination. This training will be held in Albany and is scheduled for fall 2019.

2. DCJS will provide CRTFs access to a series of Distance Learning Modules through the Integrated Justice Portal. These modules highlight evidence-based practices and effective interventions to use when working with justice involved individuals. CRTF staff are expected to complete all nine (9) Distance Learning Modules within six (6) months of contract execution, or within six (6) months in the case of new hire, for the upcoming 2019-2020 contract. Modules include:

- a. What Works in Correctional Intervention
- b. Staff Effectiveness
- c. Assessment and Classification
- d. Case Planning
- e. Addressing Responsivity
- f. Cognitive-Behavioral Interventions
- g. Behavior Management System
- h. Implementation
- i. Client Engagement

3 DCJS provides training in several cognitive-behavioral curricula and the employee readiness program Ready, Set, Work. DCJS requires facilitators to be trained and certified prior to delivering these interventions, to program participants. Information on available trainings will be provided to CRTFs in the near future.

G. DCJS Contract Monitoring

Contract monitoring is conducted to assess grantee compliance with grant contract terms, compliance with applicable state and federal laws and regulations. DCJS staff will monitor programs and contracts through regular in-person site visits, phone and video conferencing.

H. Fidelity and Evaluation

DCJS has developed general operating guidelines for DCJS funded community corrections programs. Grantees are encouraged to review the Appendix: *General Operating Guidelines for DCJS Funded Community Corrections Programs* before preparing their plans. Grantees are expected to be familiar with the principles of effective interventions and the risk, needs, and responsivity (RNR) framework. For more information, see <https://nicic.gov/theprinciplesofeffectiveinterventions>.

DCJS maintains a fidelity and evaluation system for funded community corrections programs. All programs will be required to cooperate fully with the process, which will:

- Confirm programs are operating as proposed;
- Assess fidelity to the CBI curriculum being offered; and
- Provide technical assistance from DCJS program staff.

I. Case-Level Data Reporting

Each quarter, grantees are required to report case-level data to DCJS through the Community Corrections Data Submission (CCDS) application. For the 2019-2020 CRTF Contracts, DCJS will require case level information and elements related to program progress to be reported for each CRTF participant. Case level data should only be entered for individuals who are enrolled in the CRTF program and present for the initial intake appointment. These include:

- Date of Case Conference
- Date service plan approved
- Date Service coordination is initiated
- Date Service coordination ends
- Date of CBI or ER enrollment
- Date of CBI or ER completion

DCJS will use this data to prepare reports to summarize program activity. These reports can be used by grantees to monitor program progress and inform programming decisions. DCJS also uses the case-level data to conduct studies examining criminal justice and program outcomes.

For instructions on how to enter data into CCDS, please consult the user guide located here <https://www.ejustice.ny.gov/CommunityCorrection/docs/Community-Corrections-Data-Submission-User-Guide.pdf>.

APPENDIX: DCJS

Pre-Approved Cognitive Behavioral and Employment Readiness Curricula

Cognitive behavioral interventions (CBI) is a required element for all applicants funded this RFP. Information on pre-approved CBI curricula follows. Applicants may propose to use another appropriate CBI curriculum of their choosing however, any non-pre-approved curriculum must be explained in detail and requires DCJS written approval.

Pre-Approved Cognitive Behavioral Curricula

- ***Thinking for a Change***

Thinking for a Change (T4C) is a cognitive-behavioral curriculum developed by the National Institute of Corrections that concentrates on changing the criminogenic thinking of offenders. T4C includes cognitive restructuring, social skills development, and the development of problem-solving skills. Active role play is encouraged and participant's complete homework exercises to reinforce content learned. T4C includes three components:

- **Cognitive self-change:** Teaches participants a concrete process for self-reflection aimed at uncovering antisocial thoughts, feelings, attitudes, and beliefs.
- **Social skills:** Prepares participants to engage in pro-social interactions based on self- understanding and consideration of the impact of their actions on others.
- **Problem solving skills:** Integrates the two previous interventions to provide participants with an explicit step-by-step process for addressing challenging and stressful real life situations.

Curriculum Overview – 25 sessions, approximately 1.5 - 2 hours each in duration

14. Lesson 1 provides an overview and introduction.
15. Lessons 2-5 and 11-15 teach social skills.
16. Lessons 6-10 teach the cognitive self-change process.
17. Lessons 16-24 teach problem solving skills.
18. Lesson 25 provides a wrap up of the program.

Lesson Format

15. A facilitator and a co-facilitator are recommended and considered "best practice" for each lesson.
16. Each lesson has trainer scripts and exercises.
17. Lessons begins with a summary and rationale section in which the scope, breadth, and reason for teaching the lesson is provided.
18. This is followed by concepts and definitions, which outline the key points of the lesson and any definitions necessary for the trainer to facilitate the lesson.

Group Size/Frequency

- 8-12 individuals

- Recommended: 2 sessions per week

Training - DCJS supports T4C by training and certifying facilitators to deliver the curriculum. Approximately 40 hours depending on training model. **Website:** <http://nicic.gov/t4c>

19. *Thinking for a Change Booster*

Thinking for a Change (T4C) Booster is a condensed version of the original 25-session T4C curriculum designed to support successful re-entry into the community. The Booster offers CRTF participants who previously completed the full T4C course while incarcerated, an opportunity to re-visit previously learned skills, and apply those skills to real life situations.

T4C Booster includes three components:

- A Social Skills Review (Lesson 1 and 2)
- Cognitive Self-Change Review (Lesson 3 and 4)
- Problem Solving Review (Lesson 5 and 6)

Curriculum Overview

19. Lesson 1: Introduction and Modeling of Social Skills
20. Lesson 2: Social Skill Aftercare
21. Lesson 3: Thinking Controls Our Behavior
22. Lesson 4: Cognitive Self Change Aftercare
23. Lesson 5: Introduction to Problem Solving
24. Lesson 6: Problem Solving Practice

Lesson Format

25. A facilitator and a co-facilitator are recommended and "best practice" for each lesson
26. Lessons include: content overview, skill modeling, reflective activities, and skill practice (i.e. role playing)
27. Homework assignment and review play an integral part in skill assimilation and are a mandatory requirement to course completion

Group Size/Session Length/Frequency

28. 5-7 individuals
29. 2-hour sessions
30. Recommended schedule: two sessions per week, for three weeks

Training

31. T4C Booster facilitators must be trained by the New York State Division of Criminal Justice Services or a DCJS authorized trainer. To be eligible to be trained in the T4C Booster curriculum, an individual should be certified to facilitate the full T4C Curriculum. Preference for T4C Booster training will be given to experienced T4C facilitators.

3) *Moral Reconciliation Therapy (MRT)*

Moral Reconciliation Therapy (MRT) is a systematic treatment strategy that seeks to decrease

recidivism by increasing moral reasoning. This cognitive-behavioral approach combines elements from a variety of psychological traditions to progressively address ego, social, moral, and positive behavioral growth. MRT utilizes group and individual counseling, structured group exercises and prescribed homework assignments. The MRT workbook is structured around 16 defined steps (units) focusing on seven basic treatment issues. Specialized workbooks based on the fundamental MRT concepts also exist including workbooks addressing criminal thinking and job readiness.

Seven basic treatment issues:

- 1) Confrontation of beliefs, attitudes, and behaviors
- 2) Assessment of current relationships
- 3) Reinforcement of positive behavior and habits
- 4) Positive identity formation
- 5) Enhancement of self-concept
- 6) Decrease in hedonism and development of frustration tolerance
- 7) Development of higher stages of moral reasoning

Dosage and Frequency

- 8) 12-16 steps/units (13-16 are maintenance steps)
- 9) 1.5 hour sessions
- 10) Groups meet once or twice weekly
- 11) Participant can generally complete all steps of the MRT program in 3 to 6 months between 16 to 36 sessions.

Group Size – 6-15 individuals

Training

Training in Moral Reconciliation Therapy (MRT) is provided by Correctional Counseling, Inc. (CCI) and consists of 32 hours of training over 5-days. While CCI provides training at their headquarters in Tennessee, there may also be opportunities to bring this training to NYS. There are fees associated with the training and the instructor workbook. Please note prior written approval by DCJS is required before obligating or expending grant funds for out-of-state travel.

4) Interactive Journaling

Interactive Journaling – The Courage to Change curriculum, offered by The Change Companies, is an evidence-based program designed to promote lasting behavioral change in the Criminal Justice population. The design of this program provides structure to the service delivery process, while building and enhancing participant-provider rapport. *Interactive Journaling*® emphasizes real-life application, encouraging participants to ask, “What does this

mean to me?" With a strong evidence base to help individuals achieve their change goals, Interactive Journals are accessible and engaging for a wide variety of users. There are 10 journals in The Courage to Change series. The journals are as follows:

- Getting Started
- Responsible Thinking
- Family Ties
- Social Values
- Self-Control
- Peer Relationships
- Substance Abuse
- Education/Vocational
- Financial
- Recreation and Leisure

Interactive Journaling can be facilitated by a certified instructor to individual participants or in a group setting. The Change Companies offer a useful guide to delivering this curriculum titled Resource Support for Evidence Based Sentencing and Navigating the Risk and Needs Principles.

Training

Training in *Interactive Journaling*® is provided by The Change Companies and consists of a two-day Facilitator Training. This training includes an introduction to The Courage to Change model, the research that supports the efficacy of the program, along with opportunities to practice the facilitation and delivery of the curriculum.

DCJS supports training in *Interactive Journaling*® and certifying facilitators to deliver the curriculum.

5) CBI-EMP Training Overview

Cognitive Behavioral Interventions for Offenders Seeking Employment (CBI-EMP) is designed for criminal and juvenile involved individuals who are moderate to high need in the area of employment. The curriculum integrates cognitive-behavioral interventions with more traditional employment approaches. The program teaches individuals how to identify and manage high risk situations related to obtaining and maintaining employment. Heavy emphasis is placed on skill building activities to assist with cognitive, social, emotional, and coping skill development for the work environment. Using a modified closed group format with multiple entry points, the curriculum is designed to allow for flexibility across various service settings and intervention lengths.

OVERVIEW

Components of the 31-session curriculum include the following:

20. Module 1: Motivational Enhancement – *Getting Them Ready for Work*
21. Module 2: Cognitive Restructuring – *Thinking Right about Work*
22. Module 3: Social Skills/Emotional Regulation Skills – *Skills for Work*
23. Module 4: Problem Solving – *Working through Challenges at Work*

The curriculum is free to use; however, training is required.

For more information about CBI-EMP, please contact UCCI Program Manager Jennifer Scott at Jennifer.Scott@uc.edu or (513) 556-7765.

Pre-Approved Employment Readiness Curriculum Ready, Set, Work! (RSW!)

Ready Set, Work! is a 20-hour skill-based training designed to equip offenders and ex-offenders with the necessary skills and tools to obtain and retain quality employment. Emphasis is also placed on career planning and advancement, to encourage longevity in legitimate employment. RSW! can only be facilitated/administered by a certified Offender Workforce Development Specialists (OWDS) however community-based organizations, businesses and volunteers are often used to present selected segments of **RSW!** program. The **RSW!** Curriculum includes the following modules:

- Module 1: **Career Assessments**
- Module 2: **Legal Issues and Financial Incentives**
- Module 3: **Job Applications**
- Module 4: **Job Interviews**
- Module 5: **Budget and Spending Plan**
- Module 6: **Employer Expectations**
- Module 7: **Barriers and Resources**
- Module 8: **Job Retention**
- Module 9: **Job Search**
- Module 10: **Using the Local One Stop**

Dosage and Frequency

24. 20 hours total
25. 2 hour sessions
26. Recommended: Two sessions per week

Group Size – 8-10 individuals; for more than 10 participants, there should be at least two facilitators.

Training - DCJS, in partnership with the National Institute of Corrections (NIC), facilitates the delivery of the 180 hour OWDS training. **Website:** <http://nicic.gov/training/owdsfy1>

MINEOLA, NEW YORK 11501

STATEMENT ON CONFIDENTIALITY OF CLIENT INFORMATION

All client-identifiable material of the Department of Social Services is strictly confidential. Access to this information is restricted to those who have a programmatic or administrative need for the information. Further, those who do have knowledge of Social Service clients may not divulge this information to anyone else. All requests for confidential information from persons or entities outside the Department must be cleared by a supervisor.

The rules are the same regardless of the type of storage used for information. Confidential material may be found in a computer, a client case folder, microfilm, reports, computer generated lists and handwritten notes. Information obtained orally is also covered. There may be no disclosure from case conferences. Disclosure of client information as a result of casual conversation is also considered a breach of confidentiality.

This applies to County employees, temporary employees, contract employees, vendors, contract agencies, interns, volunteers, work experience employees, and to members of groups and organizations who work with the Department of Social Services.

Daily operating procedures must protect the confidentiality of client information. Those to whom the care or movement of client folders are entrusted are not to open the folders unnecessarily and when opened, care should be taken to protect the information from casual observation, e.g., by password protecting or otherwise preventing visual access to data on computer screens or in folders. Computers are to be logged off when a procedure or assignment is finished. Client-identifiable material is set aside in designated containers for certified destruction.

Keys, badges, computer passwords, and access codes are for the worker's use only. It is each worker's responsibility to report any loss or compromise of these devices, passwords, or codes to the supervisor immediately.

These regulations apply equally to applicants for benefits, as well as recipients of any Social Services benefit. Even more restrictive rules pertain to disclosure of medical information, HIV/AIDS and drug/alcohol addiction.

It is the responsibility of anyone working in a Nassau County agency to understand that the unauthorized release of any client data or information may place them in violation of Federal, State or local laws which carry civil and/or criminal penalties, if proper procedures are not followed and/or authorizations are not received prior to release.

All new employees and other persons to whom this Statement applies are required to acknowledge by their signature that they have reviewed, understood, and agreed to comply with the above Statement.

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

BUSINESS ASSOCIATE ADDENDUM

This addendum ("Addendum") is effective as of October 1, 2019 and amends and is made part of the agreement executed by the Contractor on _____ (as the same may be amended, modified, or supplemented, including, without limitation, by this Addendum, the "Agreement") by and between Leadership Training Institute, (the "Contractor") and Nassau County, a New York municipal corporation, acting on behalf of the County Department of Social Services (collectively, the "County"). The County, and the Contractor mutually agree to modify the Agreement to incorporate the terms and conditions of this Addendum to comply with the requirements of the Health Insurance Portability and Accountability Act of 1996, as amended, and its implementing regulations (45 C.F.R. Parts 160-164) (collectively, "HIPAA").

WITNESSETH:

WHEREAS, the County wishes to allow the Contractor to have access to Protected Health Information ("PHI"), including but not limited to, Electronic Protected Health Information ("EPHI") which is either provided to the Contractor by the County, or received, viewed, or created by the Contractor on behalf of the County in the course of performing the Services hereinafter set forth;

WHEREAS, the Contractor requires access to such PHI and EPHI to effectively perform the Services;

WHEREAS, the County is required by the Privacy and Security Rules promulgated pursuant to HIPAA to have a written agreement with the Contractor with respect to the use and disclosure of PHI and EPHI; and

WHEREAS, the parties desire to enter into this Addendum to set forth the terms and conditions pursuant to which PHI and EPHI will be handled by the Contractor and certain third parties, as applicable, during the duration of the Agreement of which it is a part, and upon that Agreement's termination, cancellation, expiration, or other conclusion.

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, and for other good and valuable consideration, the receipt of which is hereby mutually acknowledged, the parties hereby agree as follows:

DEFINITIONS

PERMITTED USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION BY THE CONTRACTOR

Use and Disclosure to Provide the Services to the Contractor. The Contractor provides or will provide to, for, or on behalf of the County certain services (the "Services"), which Services require the use and/or disclosure of PHI pursuant to and as described in the Agreement, of which this Addendum is made a part. Except as otherwise expressly provided

herein, the Contractor may use or disclose PHI in relation to such Services only as necessary to comply with applicable state and federal laws and to satisfy its obligations hereunder, as long as such use or disclosure of PHI would not violate (a) the Privacy Rule if done by the County and (b) any other applicable federal or state law which imposes requirements of confidentiality on the use and/or disclosure of PHI more stringent than those imposed by the Privacy Rule ("Other Legal Requirements"). If there shall exist any conflict between the requirements of the Privacy Rule and the Other Legal Requirements, the Contractor shall comply with both, to the extent possible, and otherwise with the more stringent requirements. All other uses or disclosures of the PHI not expressly authorized herein are strictly prohibited.

Use and Disclosure for Management and Administration Purposes. In addition to the uses and disclosures described above, the Contractor may:

use PHI for management and administration purposes and to satisfy any present or future legal responsibilities of the Contractor provided that such uses are permitted under applicable state and federal laws;

disclose PHI in its possession to third parties for management and administration purposes and to satisfy any present or future legal responsibilities of the Contractor, provided that the Contractor shall represent to the County, promptly in writing, that: (i) the disclosures are Required by Law, or (ii) the Contractor has obtained from the third party written assurances regarding its confidential handling of such PHI as required under 45 C.F.R. §164.504(e)(4). For such written assurances to be satisfactory, they must bind the third party to:

i) maintain the confidentiality of PHI in its possession and limit the use and/or disclosure of such PHI to the purposes for which the Contractor disclosed the PHI to the third party, unless otherwise Required by Law; and

ii) immediately notify the Contractor (who shall immediately notify the County) of any instance in which the third party learns of any unauthorized use and/or disclosure of such PHI.

RESPONSIBILITIES OF THE CONTRACTOR WITH RESPECT TO PHI

Contractor's Responsibilities. With respect to any use and/or disclosure of PHI, the Contractor hereby agrees that it shall:

use and/or disclose PHI only as permitted or required by this Addendum, as required by the Privacy Rule, or as otherwise Required by Law;

implement comprehensive procedures for mitigating any harmful effects from any unauthorized use and/or disclosure of PHI by the Contractor, its agents or subcontractors;

report to the County's designated Privacy Officer, in writing, any use and/or disclosure of PHI which is not authorized hereunder of which the Contractor becomes aware or

has knowledge within one (1) day of the Contractor's discovery of such unauthorized use and/or disclosure. The Contractor's report of such unauthorized use and/or disclosure shall specify at least: (i) the nature of the unauthorized use and/or disclosure; (ii) the specific PHI that was disclosed; (iii) the party responsible for making the unauthorized use and/or disclosure; (iv) what, if any, actions the Contractor has taken or will take to limit the extent of the unauthorized use(s) and/or disclosure(s), and to mitigate the damage resulting therefrom; (v) what, if any, corrective actions the Contractor has or will take to prevent further unauthorized uses and/or disclosures; (vi) when such corrective measures will be taken (if they have not already been completed), and, as applicable, an explanation of why they have not already been completed; and (vii) provide the County with any other information it reasonably requests;

develop, implement, maintain and utilize appropriate administrative, technical, and physical safeguards, in compliance with the Social Security Act § 1173(d) (42 U.S.C. § 1320d-2(d)), the Privacy Rule, and any other regulations now in effect or later issued by HHS which implement HIPAA, to preserve the integrity and confidentiality, and to prevent unauthorized use and/or disclosure, of PHI;

require any of its subcontractors and/or agents that receive, use, or have any access to PHI, as authorized by this Addendum, to enter into a written agreement, which agreement shall contain provisions substantially similar to this Addendum, to comply with the same obligations and restrictions as are required of the Contractor hereunder;

provide the Secretary of HHS with access to all records, books, agreements, policies, and procedures relating to the use and/or disclosure of PHI for compliance investigations;

within ten (10) days of receipt of a written request, provide the County with access to all records, books, agreements, policies, and procedures relating to the use and/or disclosure of PHI for purposes of enabling the County to determine the Contractor's compliance with the terms of this Addendum. Such access shall be at the Contractor's place of business during normal operating hours;

within five (5) days of receipt of a written request from the County, provide the County with such information as is requested to permit it to respond to a request by an Individual for an accounting of disclosures of all PHI related to the Individual;

subject to Section 7.4 below, within thirty (30) days of the earlier of the termination of the Agreement or this Addendum, return to the County or destroy all PHI in its possession. The Contractor shall not retain any copies of such information in any form; and

disclose to its subcontractors, agents, and any other third parties, and request from the County, only the minimum PHI necessary to conduct or fulfill a specific function authorized hereunder.

Responsibilities of the Contractor with Respect to Access, Amendment, Restrictions, and Accounting of Disclosures of PHI. The Contractor hereby agrees to do the following with respect to providing access to PHI, amending inaccuracies contained in PHI, restrictions regarding PHI, and accounting for disclosures of PHI in its possession:

at the request of, and in the time and manner designated by the County, provide access to any PHI contained in a Designated Record Set to the County or to the Individual who is the subject of such PHI or his or her authorized representative, as applicable, to satisfy a request for inspection and/or copying under 45 C.F.R. § 164.524;

at the request of, and in the time and manner designated by the County, make any amendment(s) that the County so directs, or permit the County access to amend, any portion of the PHI pursuant to 45 C.F.R. § 164.526 to allow the County to comply with the Privacy Rule;

at the request of, and in the time and manner designated by the County, comply with any restrictions that the County has agreed to adhere to with regard to the use and disclosure of PHI of any Individual that materially affects and/or limits the uses and disclosures which are otherwise permitted; and record each disclosure that the Contractor makes of PHI for the County to respond to an Individual's request for an accounting in accordance with 45 C.F.R. §164.528. Such record shall include, but not be limited to: (i) the date of disclosure; (ii) the name and address of the Individual or organization to whom the disclosure was made; (iii) a description of the PHI disclosed; and (iv) a statement of the purpose for the disclosure (collectively the "disclosure information"). If the Contractor makes multiple disclosures of PHI to the same person or entity for a single purpose, the Contractor may provide: (i) the disclosure information for the first disclosure; (ii) the frequency, periodicity, or number of these repetitive disclosures; and (iii) the date of the last of these repetitive disclosures. Such disclosure information must be kept by the Contractor for a period of not less than six (6) years from the date of disclosure.

RESPONSIBILITIES OF THE COUNTY WITH RESPECT TO PHI

Responsibilities of the County. With respect to any use and/or disclosure of PHI, the County hereby undertakes to do the following to the extent material to the PHI held by the Contractor:

inform the Contractor of any changes in the County's Notice of Privacy Practices (the "Notice"), which the County provides to Individuals pursuant to 45 C.F.R. §164.520, and provide the Contractor a current copy of such Notice and a copy of all updated versions thereof prior to their effective date;

inform the Contractor of any changes in, or withdrawal of, any relevant authorization provided to the County by Individuals pursuant to 45 C.F.R. §164.508, which impact the Contractor under the Agreement;

inform the Contractor of any applicable decisions made by any Individual to opt-out of allowing his or her PHI to be used for fundraising activities of the County pursuant to 45 C.F.R. §164.514(f), which impact the Contractor under the Agreement; and

notify the Contractor, in writing, of any arrangements permitted or required under 45 C.F.R. parts 160 and 164, which impact the use and/or disclosure of PHI by the Contractor under the Agreement, including, but not limited to, restrictions on use and/or disclosure of PHI as provided for in 45 C.F.R. §164.522 agreed to by the County.

Responsibilities of the County with Respect to Access, Amendment, Restrictions and Accounting of Disclosures of PHI. *The County hereby agrees to do the following regarding access to PHI, amendments to inaccuracies contained in PHI, and restrictions regarding PHI in the Contractor's possession, to the extent material to the PHI held by the Contractor:*

notify the Contractor, in writing, of any PHI that the County seeks to make available to an Individual pursuant to 45 C.F.R. § 164.524 and the time, manner, and form which the Contractor shall provide such access;

notify the Contractor, in writing, of any amendment(s) to PHI in the possession of the Contractor that the Contractor shall make and inform the Contractor of the time, form, and manner in which such amendment(s) shall be made; and

notify the Contractor, in writing, of any restrictions that the County has agreed to adhere to with regard to the use and disclosure of PHI of any Individual that materially affects and/or limits the uses and disclosures which are otherwise permitted.

RESPONSIBILITIES OF THE CONTRACTOR WITH RESPECT TO EPHI

The Contractor's Responsibilities. *With respect to any use and/or disclosure of EPHI, Contractor agrees that it shall:*

implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of EPHI that Contractor creates, receives, maintains, or transmits on behalf of the County. Contractor shall be responsible for ensuring that such safeguards are adequate to comply with the requirements of the Security Rule.

ensure that any agent to whom it provides EPHI, including a subcontractor, agrees to implement reasonable and appropriate safeguards to protect such EPHI.

report to the County, in writing, any Security Incident within three (3) business days of becoming aware of such Security Incident. Without limiting the foregoing, the

Contractor shall report to the County regarding whether such Security Incident has resulted in a breach of the Security Rule.

upon the County's request, provide the County with immediate access to the Contractor's security systems and programs in order for the County to investigate any Security Incident or to audit the Contractor's security systems and programs. The Contractor acknowledges that the County has the right, but not the obligation, to access and audit the Contractor's security systems and programs.

provide the Secretary of HHS with access to all records, books, agreements, policies and procedures relating to the use and/or disclosure of EPHI for compliance investigations.

within ten (10) days of receipt of a written request, provide the County with access to all records, books, agreements, policies and procedures relating to the use and/or disclosure of EPHI for purposes of enabling the County to determine the Contractor's compliance with the terms of this Agreement. Such access shall be at the Contractor's place of business during routine operating hours.

COMPLIANCE WITH STANDARD TRANSACTIONS

Compliance with Standard Transactions by the Contractor. *If the Contractor conducts in whole or in part Standard Transactions for or on behalf of the County, the Contractor shall:*

comply and require all subcontractors and agents of the Contractor to comply with each applicable requirement of 45 C.F.R. Part 162; and

not enter into, or permit its subcontractors or agents to enter into, any trading partner addendum or agreement in connection with the conduct of Standard Transactions for or on behalf of the County that:

- i) alters the definition, data condition, or use of any data element or segment in any Standard Transaction;
- ii) adds any elements or segments to the maximum defined data set;
- iii) uses any code or data element that is marked "not used" in the Standard Transaction's specifications for execution or is not in the Standard Transaction's specifications for execution; or
- iv) changes the meaning or intent of the Standard Transaction's specifications for implementation.

TERMS AND TERMINATION

Term. This Addendum shall become effective as of the date first indicated above, and shall continue in effect until all of the PHI provided by the County to the Contractor, or created or received by the Contractor on behalf of the County, is destroyed or returned to the County, and all other obligations of the parties have been met, unless terminated by the County as provided in Section 7.2. If it is infeasible to return or destroy such PHI, then such PHI shall continue to be protected as set forth in Section 7.4.

Termination by the County. As provided for under 45 C.F.R. §§ 164.504(e)(2)(iii) and 164.314(a)(2)(i), the County may (a) exercise its rights under Section 7.3 below or (b) immediately terminate the Agreement if the County, in its sole discretion, determines that the Contractor has breached a material term of this Addendum. The County may exercise such right to terminate the Agreement by providing the Contractor with written notice of its intent to terminate specifying the material breach of the Agreement that provides the basis for termination. Such termination will be effective immediately, unless another date is specified in such notice.

Opportunity to Cure. As provided for under 45 C.F.R. § 164.504(e)(2)(iii) and notwithstanding Section 7.2 hereof, the County may terminate the Agreement, after notice and opportunity to cure as herein provided, if the County, in its sole discretion, determines that the Contractor has unintentionally breached a material term of this Addendum. If the County decides to provide an opportunity to cure in such case, it shall: (a) provide the Contractor with written notice of the existence of an alleged material breach; and (b) afford the Contractor an opportunity to cure the alleged material breach. Failure to cure within fourteen (14) days shall constitute grounds for the immediate termination of the Agreement by the County.

Effect of Termination. Upon the termination, cancellation, or any other conclusion of the Agreement, the Contractor shall, if feasible, return to the County or destroy all PHI, in whatever form or medium, pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(I), including, but not limited to, PHI in the possession of its subcontractors and/or agents, within thirty (30) days of the effective date of the termination, cancellation, or other conclusion of the Agreement.

Once all PHI in the Contractor's possession or control, including, but not limited to, PHI in the possession or control of its subcontractors and/or agents, has been returned to the County or destroyed, the Contractor shall provide a written certification to the County regarding the return or destruction of such PHI within such thirty (30) day period. Such certification shall be relied upon by the County as a binding representation; and

if the Contractor believes that return or destruction of PHI in its possession and/or in the possession of its subcontractors or agents is infeasible, the Contractor shall notify the County of such infeasibility in writing. Said notification shall include, but not be limited to: (i) a statement that the Contractor has, in good faith, determined that it is infeasible to return or destroy the PHI in its possession and/or in the possession of its subcontractors or agents, as applicable, (ii) identification of the PHI that the Contractor believes it is infeasible to return or

destroy, and (iii) the specific reasons for such determination. In addition to providing such notification, the Contractor shall certify within such thirty (30) day period that it will and will require its subcontractors or agents, as applicable, to limit any further uses and/or disclosures of such PHI to the purposes that make the return or destruction of the PHI infeasible.

INDEMNIFICATION

Indemnity. The Contractor agrees to indemnify and hold harmless the County and any of its affiliates, officers, directors, employees, attorneys, or agents (collectively, "Indemnitees") from and against any claim, cause of action, liability, damage, cost, or expense, including attorneys' fees and court or proceeding costs, and the fees and costs of enforcement of the indemnification rights provided herein, arising out of or in connection with any non-permitted or violating use or disclosure of PHI or other breach of this Addendum by the Contractor or any subcontractor, agent, person, or entity under the Contractor's control.

Control of Defense. If any Indemnitees are named a party in any judicial, administrative, or other proceeding arising out of or in connection with any use or disclosure of PHI by the Contractor or any subcontractor, agent, Individual, or organization under the Contractor's control, and such use or disclosure of PHI was not permitted by this Addendum, then any Indemnitee shall have the option at any time either: (i) to tender defense to the Contractor, in which case the Contractor shall provide qualified attorneys, consultants, and other appropriate professionals to represent the Indemnitee's interests at the Contractor's expense, or (ii) undertake its own defense, choosing the attorneys, consultants, and other appropriate professionals to represent its interests, in which case the Contractor shall be responsible for and pay the fees and expenses of such attorneys, consultants, and other professionals.

Control of Resolution. The Indemnitees shall have the sole right and discretion to settle, compromise, or otherwise resolve any and all claims, causes of actions, liabilities, or damages against them, notwithstanding that the Indemnitees may have tendered their defense to the Contractor. Any such resolution will not relieve the Contractor of its obligation to indemnify the Indemnitees under this Section.

CONFIDENTIALITY

This Addendum does not affect any other obligations in the Agreement to the extent not inconsistent herewith or not involving the confidentiality, use, or disclosure of PHI. This Addendum, however, does supercede all other obligations in the Agreement to the extent they are inconsistent herewith and involve the confidentiality, use, or disclosure of PHI.

MISCELLANEOUS

Survival. The respective rights and obligations of the Contractor and the County under the provisions of Sections 3, 4, 5, 7.4, and 8, solely with respect to PHI the Contractor retains in accordance with Section 7.4 because it is not feasible to return or destroy such PHI, shall

survive the termination of the Agreement indefinitely. In addition, Section 9 shall survive termination of this Addendum indefinitely, notwithstanding whether the Contractor retains PHI in accordance with Section 7.4 hereto.

Amendments. The Agreement (including the terms of this Addendum) may not be modified, nor shall any provision of the Agreement be waived or amended, except in a writing duly signed by authorized representatives of the parties and expressly referencing the Agreement. Notwithstanding anything in the Agreement to the contrary, to the extent that the Privacy Rule or Security Rule, or any other applicable law related to the privacy or security of health information is materially amended, updated, or revised following the execution of this Addendum, the parties agree to take such action as is necessary to amend this Addendum from time to time as is necessary for the County to comply with the requirements of HIPAA.

No Third Party Beneficiaries. Nothing contained in the Agreement (including, but not limited to, this Addendum), whether express or implied, is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns of the parties, any rights, remedies, obligations, or liabilities whatsoever in relation to the disclosure or use of PHI.

Cooperation and Disputes. Each party will reasonably cooperate with the other in the performance of the mutual obligations under this Addendum. If any controversy, dispute, or claim arises between the parties with respect to the Agreement (including, but not limited to, this Addendum), the parties shall make reasonable good faith efforts to resolve such matters informally.

Regulatory References. Any reference to any part or section of the CFR shall include such part or section as drafted upon the effective date of this Addendum and as it is subsequently updated, amended, supplemented, superceded, or revised.

Conflicts. Any conflicts or inconsistencies between the terms in this Addendum and terms in other parts of the Agreement shall be resolved in favor of the terms in this Addendum.

Interpretation. Any ambiguity in the Agreement (including, but not limited to, this Addendum) shall be resolved in favor of a meaning that permits the County to comply to the greatest extent possible with the Privacy Rule, the Security Rule and Other Legal Requirements.

IN WITNESS WHEREOF, each of the undersigned has caused this Addendum to be duly executed in its name and on its behalf effective as of the date first indicated above.

Contract for Leadership Training Institute (LTI)

This memorandum is respectfully submitted to provide information relating to one (1) retroactive contract the Probation Department is seeking to have approved by the Legislature. These contracts are between the County and Leadership Training Institute, Inc (LTI).

These contract is funded by a grant which is described below. As a threshold matter, the Department respectfully acknowledges a delay in the routing of this contract. The County received the funding award letter May 29, 2019. The prior vendor (FCA) which performed these services for several years informed us they no longer wished to provide these services for the County. The Department then undertook the process of advertising for request for proposals to provide these services. Advertised on July 17, 2019, with proposals being due on August 12, 2019. The present vendor was chosen. The vendor needed to make several updates to procurement documents, which became outdated, including but not limited to insurance certificate, etc. The Department is committed to moving forward with its contracts in a timely fashion. As more fully set forth below, these grants enable the County to provide essential services provided by LTI to those at risk for recidivism.

GRANT DESCRIPTION

Nassau County Reentry Task Force Grant

This is a NYS Division of Criminal Justice Services (DCJS) grant. The vision of the Nassau County Reentry Task Force and Project STEERS (Services Targeted to Enrich and Enhance Reentry Strategies) is to provide case management and operation of programs to reduce recidivism, assist offenders with reintegration into the community and their families, and provide them with the opportunity to become responsible, productive residents. The Task Force collaborates with State and local entities to develop and implement strategies to provide individuals released from prison with coordinated, effective public and private services. The Task Force identifies gaps in services, and barriers to service delivery, that prevent offenders from achieving successful reintegration and develops strategies to address these issues. Over all, the strategies and services will help reintegrate offenders as productive law-abiding County residents, while emphasizing the need for offender accountability and reparations to victims and the community.

The goal of the Reentry Task Force is to ensure a smooth transition for individuals returning to Nassau County following incarceration. Key reentry services include but are not limited to treatment referrals, housing referrals, the Dept. Of Social Services application process, clothing resources, personal health necessities package and employment opportunities. Job fairs are conducted throughout the year.

As part of the Reentry program, there are three (3) Cognitive Behavioral Interventions (CBI) programs that Parolees can attend which serve as a foundation to encourage their own thinking and actions in a positive manner to reduce recidivism.

CONTRACTOR NAME: Change Healthcare Technology Enabled Services

CONTRACTOR ADDRESS: 3055 Lebanon Pike, Nashville TN 37214

FEDERAL TAX ID #: 58-1953146

Instructions: Please check the appropriate box (“”) after one of the following roman numerals, and provide all the requested information.

I. The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on Feb. 15, 2019 _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in Newsday, County website, and NYS Contract reporter [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on March 22, 2019 [date]. Four (4) [state #] proposals were received and evaluated. The evaluation committee consisted of: Four (4) members of the NCPD Emergency Ambulance Bureau, and one (1) non-voting advisory member from the County Attorney's Office.

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

_____ [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A.** The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B.** The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A.** There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B.** The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C.** Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

- D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

1. Nature of Business and Organization

Organization

Change Healthcare Inc. (the “Company”), a Delaware corporation, was formed on June 22, 2016 to hold an equity investment in Change Healthcare LLC (the “Joint Venture”), a joint venture between the Company and McKesson Corporation (“McKesson”). As of September 30, 2019, the Company and McKesson each owned approximately 41% and 59%, respectively, of the membership interest in the Joint Venture, subject to adjustment based on exercise of equity-based awards or other changes in the number of the Joint Venture’s membership units outstanding.

The Transactions

In June 2016, the Company, the Joint Venture, Change Healthcare Holdings, LLC, Change Healthcare Intermediate Holdings, LLC, Change Healthcare Performance, Inc. (“Legacy CHC”) and its stockholders—including affiliates of The Blackstone Group, Inc. (formerly known as the Blackstone Group L.P.) (“Blackstone”) and Hellman & Friedman LLC entered into an Agreement of Contribution and Sale (the “Contribution Agreement”) with McKesson (together with the Company, the “Members”). Under the terms of the Contribution Agreement, the parties agreed to form the Joint Venture, a joint venture that combined the majority of the McKesson Technology Solutions businesses, excluding McKesson’s Enterprise Information Solutions business and RelayHealth Pharmacy Network (such contributed businesses, “Core MTS”), with substantially all of the assets and operations of Legacy CHC, but excluding Legacy CHC’s pharmacy claims switching and prescription routing businesses (such excluded business, the “eRx Network” and the businesses contributed by Legacy CHC, together with Core MTS, the “Contributed Businesses”). The creation of the Joint Venture, including the contribution of the Contributed Businesses and related transactions, is collectively referred to as the “Transactions”. The Transactions closed on March 1, 2017.

Amendment of Certificate of Incorporation

Effective June 26, 2019 and in contemplation of its initial public offering of common stock, the Company amended its certificate of incorporation to effect a 126.4 for 1 stock split for all previously issued shares of common stock, to increase the authorized number of common stock, and to authorize shares of preferred stock. Following this amendment, the authorized shares include 9,000,000,000 shares of common stock (par value \$.001 per share), 1 share of Class X stock (par value \$.001 per share), and 900,000,000 shares of preferred stock (par value \$.001 per share). All issued or outstanding shares or related share-based payment arrangement disclosures included herein have been retrospectively adjusted for the stock split.

Initial Public Offering

Effective July 1, 2019, the Company completed its initial public offering of 49,285,713 shares of common stock and a concurrent offering of 5,750,000 of tangible equity units (“TEUs”) for net proceeds of \$608,679 and \$278,875, respectively. The proceeds of the offering of common stock were subsequently contributed to the Joint Venture in exchange for 49,285,713 additional units of the Joint Venture, which together with the Company’s existing holdings represents an approximately 41% interest in the Joint Venture. The proceeds of the offering of TEUs were used to acquire TEUs of the Joint Venture that substantially mirror the terms of the TEUs included in the offering. The Joint Venture, in turn, used the proceeds received from the Company to repay \$805,000 of its indebtedness under the Term Loan Facility without penalty in July 2019. The Joint Venture repaid an additional \$85,000 of its indebtedness under the Term Loan Facility without penalty during the three months ended September 30, 2019 for a total paydown of \$890,000.

2. Basis of Presentation

Principles of Consolidation

The accompanying unaudited condensed financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X of the Securities and Exchange Commission (“SEC”) Guidelines, Rules and Regulations and, in the opinion of management, reflect all normal recurring adjustments necessary for a fair presentation of results for the unaudited interim periods presented. Certain information and footnote disclosures normally included in

(unaudited and amounts in thousands, except share and per share amounts)

annual financial statements prepared in accordance with GAAP have been condensed or omitted. The results of operations for the interim period are not necessarily indicative of the results to be obtained for the full fiscal year. All intercompany accounts and transactions have been eliminated in the unaudited condensed financial statements.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Company bases its estimates on historical experience, current business factors and various other assumptions that the Company believes are necessary to consider in order to form a basis for making judgments about the carrying values of assets and liabilities, the recorded amounts of expenses and disclosure of contingent assets and liabilities. The Company is subject to uncertainties such as the impact of future events, economic, environmental and political factors and changes in the Company's business environment; therefore, actual results could differ from these estimates. Accordingly, the accounting estimates used in the preparation of the Company's financial statements will change as new events occur, as more experience is acquired, as additional information is obtained and as the Company's operating environment changes. Changes in estimates are made when circumstances warrant. Such changes in estimates and refinements in estimation methodologies are reflected in the reported results of operations; and if material, the effects of changes in estimates are disclosed in the notes to the financial statements. Estimates and assumptions by management affect: the carrying value of the Company's investments; the provision and benefit for income taxes and related deferred tax accounts; contingencies; and the value attributed to equity awards. Additionally, the Company's financial statements are impacted by estimates and assumptions made by management that affect the financial statements of the Joint Venture, including: the allowance for doubtful accounts; the fair value assigned to assets acquired and liabilities assumed in business combinations; tax receivable agreement obligations; the fair value of interest rate cap agreement obligations; measurement of the components of tangible equity units; contingent consideration; loss accruals; the carrying value of long-lived assets (including goodwill and intangible assets); the classification and measurement of assets held for sale; the amortization period of long-lived assets (excluding goodwill); the carrying value, capitalization and amortization of software development costs; the provision and benefit for income taxes and related deferred tax accounts; certain accrued expenses; revenue recognition; contingencies; and the value attributed to equity awards.

Tangible Equity Units

In connection with the initial public offering, the Company completed an offering of tangible equity units (TEUs). Each TEU comprises an amortizing note and purchase contract, both of which are freestanding instruments and separate units of account. The amortizing notes were issued at par and are classified as debt on the accompanying condensed consolidated balance sheet, with scheduled principal payments over the next twelve months reflected in current maturities of long-term debt. The purchase contracts are accounted for as prepaid forward contracts and classified as equity. The TEU proceeds and issuance costs were allocated to the amortizing notes and purchase contracts on a relative fair value basis. See Note 10 for further discussion.

Other Investments

The Company holds investments in tangible equity units issued by the Joint Venture with terms that substantially mirror the TEUs issued by the Company. Each TEU comprises an amortizing note and forward purchase contract, both of which are freestanding instruments and separate units of account. The Company accounts for its investment in each component at fair value. Unrealized gains and losses resulting from changes in the fair value of the investment in debt securities are included as a component of other comprehensive income. Unrealized gains and losses resulting from changes in the fair value of the investment in the equity purchase contracts are recorded in current period earnings, in accordance with ASU 2016-01. See Note 11 for further discussion.

Recently Adopted Accounting Pronouncements

In April 2019, the Company adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2018-07 on a modified retrospective basis, which expands the scope of Topic 718 to include share-based payment transactions for acquiring goods and services from nonemployees. Among other provisions, the measurement date for awards to nonemployees was changed from the earlier of the date at which a commitment for performance by the counterparty was reached or the date at which performance was complete under the previous guidance to the grant date under this update. Because the Company's equity-based compensation was previously subject to remeasurement at fair value each quarter under previous authoritative literature, the adoption of this update had no material direct effect on the Company's consolidated financial statements. As described in Note 7, however, the adoption of this update changed the relationship between the equity-based compensation and the accounting for the freestanding option (i.e. the Dividend receivable).

Change Healthcare Inc.
Notes to Condensed Financial Statements
(unaudited and amounts in thousands, except share and per share amounts)

In April 2019, the Joint Venture adopted Accounting Standards Codification (“ASC”) 606, *Revenue from Contracts with Customers*, which replaces most prior general and industry specific revenue recognition guidance with a principles-based comprehensive revenue recognition framework on a modified retrospective basis. Under this revised framework, a company will recognize revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods and services. As the Company’s operations consist principally of an investment in the Joint Venture, its financial statements reflect no revenue and, accordingly, the Company recognized no direct impact on its financial statements from the adoption of this update. However, upon adoption, the Joint Venture recognized a cumulative effect adjustment to its Members’ deficit. As a result of the impact of the adoption of ASC 606 to the Joint Venture’s Members’ equity (deficit), the Company was required to recognize a proportionate amount of this cumulative effect adjustment to its April 1, 2019 retained earnings as well. The effect is disclosed within a separate caption of the accompanying condensed statement of stockholders’ equity.

Accounting Pronouncements Not Yet Adopted

In June 2016, the FASB issued ASUNo. 2016-13, as amended by ASUNo. 2018-19, which requires that a financial asset (or group of financial assets) measured at amortized cost be presented at the net amount expected to be collected based on relevant information about past events, including historical experience, current conditions and reasonable and supportable forecasts that affect the collectability of the reported amount. This update is scheduled to be effective for the Company beginning April 1, 2021, with early adoption permitted beginning April 1, 2019. The Company is currently assessing the potential effects this update may have on its condensed consolidated financial statements.

In August 2018, the FASB issued ASU2018-13, which modifies the disclosure requirements for fair value measurements. ASU2018-13 is effective for public companies for annual and interim periods beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the provisions that eliminate or modify requirements. The Company is currently assessing the potential effects this update may have on its financial statement disclosures.

3. Equity Method Investment in Change Healthcare LLC

Exchange of Equity Method Investments

In connection with the Transactions, the Company exchanged its 45.615% investment in Legacy CHC for 30% of the membership units of the Joint Venture. The Joint Venture used proceeds from the issuance of debt to acquire the remaining 54.385% of Legacy CHC. The Company accounted for this exchange of investments as a non-monetary transaction at their respective carrying values. Prior to the Transactions, the investors of Legacy CHC accounted for their investments at fair value. As a result, the book basis and fair value of the Company’s investment in Legacy CHC were generally the same such that no gain was recognized as a result of the Transactions.

The fair value of the Joint Venture was determined at March 1, 2017 using a combination of the income and the market valuation approaches. Under the income approach, a discounted cash flow model (“DCF”) was used in which cash flows anticipated over several periods, plus a terminal value at the end of that time horizon, are discounted to their present value using an appropriate expected rate of return. The discount rate used for cash flows reflects capital market conditions and the specific risks associated with the business. Under the market approach, valuation multiples of reasonably similar publicly traded companies or guideline companies are applied to the operating data of the subject business to derive the estimated fair value. These valuation approaches are considered a Level 3 fair value measurement. Fair value determination requires complex assumptions and judgment by management in projecting future operating results, selecting guideline companies for comparisons, determining appropriate market value multiples, selecting the discount rate to measure the risks inherent in the future cash flows and assessing the business’s life cycle and the competitive trends impacting the business, including considering technical, legal, regulatory, or economic barriers to entry. Any material changes in key assumptions, including failure to meet business plans, deterioration in the financial market, an increase in interest rate or an increase in the cost of equity financing by market participants within the industry or other unanticipated events and circumstances, may affect such estimates.

Additional Ownership Interest

Following the initial public offering, the Company contributed the proceeds of the offering of common stock to the Joint Venture in exchange for 49,285,713 additional units of the Joint Venture, which represented approximately 11% of additional ownership interest. Resulting from the additional ownership interest acquired, the Company measured additional basis differences at July 1, 2019 based on the fair value of the Joint Venture's assets and liabilities as of the date of the initial public offering, and using valuation approaches substantially similar to those used as of the date of the Transactions.

Equity Method Investment in Change Healthcare LLC

The Company accounts for its investment in the Joint Venture using the equity method of accounting. During the three and six months ended September 30, 2019 and 2018, the Company recorded a proportionate share of the earnings from this investment based on its ownership percentage during each respective period, which included transaction and integration related expenses incurred by the Joint Venture and the Company's portion of basis adjustments including amortization expenses associated with equity method intangible assets. These amounts are aggregated and recorded under the caption, "Loss from Equity Method Investment in the Joint Venture" in the accompanying condensed statements of operations.

Summarized financial information of the Joint Venture is as follows:

	Three Months Ended September 30,		Six Months Ended September 30,	
	2019	2018	2019	2018
Statement of Operations Data:				
Total revenue	\$ 795,811	\$ 800,190	\$ 1,651,367	\$ 1,623,453
Cost of operations (exclusive of depreciation and amortization)	\$ 331,234	\$ 327,563	\$ 658,181	\$ 664,993
Customer postage	\$ 57,110	\$ 62,404	\$ 115,594	\$ 127,962
Net income (loss)	\$ (130)	\$ 113,440	\$ 71,785	\$ 125,946

Subsequent to the Company's initial public offering of common stock, the Company now has a publicly available indication of the value of its investment in the Joint Venture. The fair value that was derived from trading prices of the Company's common stock at September 30, 2019 indicated a potential impairment to the carrying value of its investment in the Joint Venture. Accordingly, the Company evaluated its equity method investment for an other-than-temporary impairment ("OTTI"). The Company considered various factors in determining whether an OTTI has occurred, including the Company's ability and intent to hold the investment, the trading history available, the implied EBITDA valuation multiples compared to public guideline companies, the Joint Venture's ability to achieve milestones and any notable operational and strategic changes by the Joint Venture. After the evaluation, the Company determined that an OTTI had not occurred as of September 30, 2019 nor as of the date of this quarterly report on Form 10-Q. However, the Company may experience declines in the fair value of its investment in the Joint Venture, and it may determine an impairment loss will be required to be recognized in a future reporting period. Such determination will be based on the prevailing facts and circumstances, including those related to the reported results and disclosures of the Joint Venture as well as from changes in the market price of the Company's common stock.

In the event the Company obtains a controlling interest in the Joint Venture, the Company will evaluate its investment under the guidance in ASC 805 for a business combination achieved in stages. Upon such a change in control, the Company will remeasure its investment in the Joint Venture to fair value as of the date that control is obtained and will recognize a gain or loss in its statement of operations for the difference between the carrying value and fair value of its investment.

4. Legal Proceedings

In the ordinary course of business, the Company may become subject to various claims and legal proceedings. The Company is not currently a defendant in any pending litigation.

The calculation of diluted net income (loss) per share has not been presented due to the presence of a net loss for each period.

Due to their antidilutive effect, the following securities have been excluded from diluted net income (loss) per share for the periods indicated:

6. Income Taxes

The income tax benefit for the three months ended September 30, 2019 and 2018 was \$13,620 and \$6,783, respectively, which represents an effective tax rate of 12.7% and 26.7%, respectively. The income tax benefit for the six months ended September 30, 2019 and 2018 was \$15,804 and \$11,584, respectively, which represents an effective tax rate of 10.7% and 24.3%, respectively.

Fluctuations in our reported income tax rates from the statutory rate are primarily due to benefits recognized as a result of certain incentive tax credits resulting from research and experimental expenditures and discrete items recognized in the quarters.

McKesson Tax Receivable Agreement

In connection with the closing of the Transactions, the Joint Venture, subsidiaries of McKesson that serve as members of the Joint Venture (the “McK Members”), McKesson and the Company entered into a tax receivable agreement (the “McKesson Tax Receivable Agreement”). The McKesson Tax Receivable Agreement generally provides for the payment by the Joint Venture to the McK Members and it assigns 85% of the net cash tax savings realized (or, in certain circumstances, deemed to be realized) by the Company in periods ending on or after the date on which McKesson ceases to own at least 20% of the outstanding units of the Joint Venture (the “LLC Units”) as a result of (i) certain amortizable tax basis in assets transferred to the Joint Venture at the closing of the Transactions and (ii) imputed interest deductions and certain other tax attributes arising from payments under the McKesson Tax Receivable Agreement. Additionally, upon the occurrence of the first exchange of LLC Units by McKesson (or its permitted

transferees), if any, the Company has agreed to enter into an additional tax receivable agreement with the McK Members, pursuant to which the Company would be required to pay to the relevant McK Member 85% of the net cash tax savings, if any, arising from the Company's utilization of (i) certain tax basis increases resulting from the relevant exchange and payments under such additional tax receivable agreement and (ii) imputed interest deductions. The Company may also be required to enter into and make payments under an additional tax receivable agreement with McKesson in certain circumstances.

Because payments under the McKesson Tax Receivable Agreement are contingent upon McKesson's ceasing to own at least 20% of the Joint Venture and such an event was not probable at the inception of the McKesson Tax Receivable Agreement or as of September 30, 2019, no related obligation has been reflected on the accompanying condensed balance sheet.

Letter Agreement

The Company, the Joint Venture, McKesson and certain of McKesson's affiliates have entered into a letter agreement relating to the Contribution Agreement (the "Letter Agreement"). The Letter Agreement addresses miscellaneous tax-related matters, including (i) technical clarifications and modifications to the manner in which the Joint Venture allocates certain items of taxable income, loss and deduction among, and calculates and makes required tax distributions to, its members, (ii) the sharing of certain contingent tax benefits and expenses not addressed by the McKesson Tax Receivable Agreement or the tax matters agreement that the Company will enter into with McKesson in connection with a spin-off or split-off transaction (or a combination of the foregoing) that McKesson may, at its election, initiate and complete that would result, among other things, in the acquisition by the Company of all of McKesson's LLC Units and the issuance by the Company to McKesson and/or McKesson's securityholders of an equal number of shares of its common stock and (iii) procedures applicable in the case of certain tax proceedings. In particular, pursuant to the terms of the Letter Agreement, McKesson may adjust the manner in which depreciation or amortization deductions in respect of assets transferred to the Joint Venture at the closing of the Transactions are allocated among the Company, McKesson and certain of McKesson's affiliates beyond minimum amounts provided in the LLC Agreement. If an amount of deductions is allocated to the Company in excess of a specified minimum threshold, the Company will be required to make cash payments to McKesson equal to 100% of the tax savings of the Company attributable to such excess deductions for any tax period ending prior to the date on which McKesson ceases to own at least 20% of the outstanding LLC Units of the Joint Venture, after which the terms of the McKesson Tax Receivable Agreement will control. At September 30, 2019, the Company has recorded a liability to McKesson equal to \$48,363, which reflects the amount payable for future tax savings the Company anticipates receiving as a result of deductions that are probable to be allocated by McKesson to the Company for the year ended March 31, 2019 and is reflected as Due to McKesson on the consolidated balance sheet.

7. Fair Value Measurements

The Company's assets and liabilities that are measured at fair value on a recurring basis consist of the Company's Dividend Receivable and Other Investments. The debt component of the tangible equity units issued by the Company is a Level 2 liability measured at fair value on a nonrecurring basis based on available market data and a discounted cash flow analysis (see Note 10). The tables below summarize the Dividend Receivable and Other Investments as of September 30, 2019 and March 31, 2019, aggregated by the level in the fair value hierarchy within which those measurements fall.

The Company is entitled to receive an additional unit of the Joint Venture for each share of stock issued by the Company. In the case of equity-based awards, the requirement to receive an additional unit of the Joint Venture upon exercise of such awards represents a freestanding derivative. Because the fair value measurement of this derivative involves significant unobservable inputs, the most significant of which is the use of a levered volatility calculation of a peer group of companies, the Company has determined that it represents a Level 3 fair value measurement.

Because the freestanding derivative is directly related to the Company's equity-based compensation awards, the valuation of the derivative is determined to be consistent with the valuation of the underlying equity-based awards (although we use a current period measurement date). As with the equity-based awards, changes in the value of the derivative are generally expected to fluctuate with changes in the value of the Company's common stock.

The following table summarizes the fair value of the freestanding derivative at September 30, 2019 and March 31, 2019, respectively:

Other Investments

The Company invested in a unit purchase contract and a debt instrument of the Joint Venture on terms that substantially mirror the economics of the TEUs (see Note 10). At September 30, 2019 and March 31, 2019, the Company's investment in the Joint Venture's debt securities were classified as "available-for-sale" and its investment in the Joint Venture's purchase contracts were accounted for as equity securities measured at fair value. Changes in unrealized gains and losses for the Company's investment in the Joint Venture's debt securities are recognized as adjustments to other comprehensive income (loss) while changes in unrealized gains and losses for the Company's investment in the Joint Venture's purchase contracts are recognized as adjustments to pretax income (loss). The fair value measurement of the investments is based on available market data and a discounted cash flow analysis of the Joint Venture's debt and equity securities for which the Company is investing.

Dividend Receivable

As the dividend receivable was initially received in connection with the contribution of assets to the Joint Venture, the initial fair value was treated as a component of the Company's contribution of assets and receipt of its Investment in the Joint Venture. During the three and six months ended September 30, 2019 and 2018, the Company recognized a decrease in the Dividend Receivable which was recorded as a component of Loss from Equity Method Investment in the Joint Venture. The result was that no net equity-based compensation related to employees of the Joint Venture was recognized in the financial statements of the Company for the three and six months ended September 30, 2019 and 2018.

Following the adoption of FASB ASUNo. 2018-07, however, the measurement of equity-based compensation generally becomes fixed at the date of grant such that the fair value of the dividend receivable is no longer correlated with the amount of equity compensation recognized. As a result, following the adoption of FASB ASU No. 2018-07, the Loss from Equity Method Investment in the Joint Venture is subject to variability associated with changes in the fair value of the equity-based awards.

Effective April 1, 2018, the Joint Venture adopted FASB ASUNo. 2017-12, which significantly changed the framework by which hedge accounting is recognized, presented and disclosed in the Joint Venture's financial statements. The adoption of this update by the Joint Venture resulted in a reclassification between its accumulated other comprehensive income (loss) and accumulated earnings (deficit).

Effective April 1, 2019, the Joint Venture adopted FASB ASUNo. 2018-02, which allows a reclassification from accumulated other comprehensive income to retained earnings for stranded tax effects resulting from the Tax Cuts and Jobs Act of 2017. The adoption of this update resulted in a reclassification between accumulative other comprehensive income (loss) and accumulated earnings (deficit).

As an investor in the Joint Venture, the Company has recognized its proportionate amount of these reclassifications as presented in the table above.

9. Equity Based Compensation

Effective as of the Company's initial public offering, the Company adopted the Change Healthcare Inc. 2019 Omnibus Incentive Plan (the "Omnibus Incentive Plan") pursuant to which 25.0 million shares of the Company's common stock have been reserved for issuance to employees, directors and consultants of the Company, the Joint Venture and its affiliates.

In connection with the Omnibus Incentive Plan, the Company, during the three and six months ended September 30, 2019, granted to the Joint Venture's employees and directors one or a combination of time-vesting restricted stock units (RSUs), time-vesting deferred stock units, performance stock units, and cash settled restricted stock units under vesting terms that generally vary from one to four years from the date of grant. Each of these instruments is described below.

Restricted Stock Units ("RSUs")—The Company granted 4,436,758 RSUs during the three and six months ended September 30, 2019. The RSUs are subject to either a graded vesting schedule over four years, or a one or four year cliff vesting schedule, depending on the terms of the specific award. Upon vesting, the RSUs are exchanged for shares of the Company's common stock.

Performance Stock Units ("PSUs")—The Company granted 1,079,621 PSUs during the three and six months ended September 30, 2019. The PSUs consist of two tranches, one for which the quantity of awards expected to vest varies based on the Joint Venture's compound annual revenue growth rate over a three year period in comparison to a target percentage and one for which the quantity of awards expected to vest varies based on the Joint Venture's compound annual Adjusted EBITDA growth rate over a three year period in comparison to a target percentage. The awards earned upon satisfaction of the performance conditions become vested on the fourth anniversary of the vesting commencement date of the award (i.e. continued service is required beyond the satisfaction of the performance condition prior to vesting). The Joint Venture recognizes compensation expense for the PSUs based on the number of awards that are considered probable to vest. Recognition of expense is based on the probability of achievement of performance targets and is periodically reevaluated.

Cash Settled Restricted Stock Units ("CSRSUs")—The Company granted 597,006 CSRSUs during the three and six months ended September 30, 2019. The CSRSUs are expected to vest ratably over three years. Upon vesting, however, the Company is required to pay cash in settlement of such CSRSUs based on their fair value at the date such CSRSUs vest.

Deferred Stock Units ("DSUs")—The Company granted 45,704 DSUs during the three and six months ended September 30, 2019. The DSUs vest 100% upon the one-year anniversary of the date of grant. Unlike the RSUs, however, the DSUs are exchanged for shares of the Company's common stock only following the participant's separation from service.

During the three and six months ended September 30, 2019, the Joint Venture recognized compensation expense of \$6,096 related to awards granted under the Omnibus Incentive Plan. At September 30, 2019, aggregate unrecognized compensation expense of the Joint Venture related to the awards granted under the Omnibus Incentive Plan was \$87,211.

10. Tangible Equity Units

In July 2019, the Company completed its offering of 5,750,000 TEUs. Total proceeds, net of underwriting discounts, were \$278,875. Each TEU, which has a stated amount of \$50, is comprised of a stock purchase contract and a senior amortizing note due June 30, 2022. The Company allocated the proceeds from the issuance of the TEUs to equity and debt based on the relative fair values of the respective components of each TEU. The value allocated to the stock purchase contracts is reflected net of issuance costs in additional paid in capital. The value allocated to the senior amortizing notes is reflected in debt on the accompanying balance sheet, with payments expected in the next twelve months reflected in current maturities of long-term debt. Issuance costs, reflected as a reduction of the face amount of the amortizing notes, are being accreted to the face amount of the debt under the effective interest method.

Change Healthcare Inc.
Notes to Condensed Financial Statements
(unaudited and amounts in thousands, except share and per share amounts)

The aggregate values assigned upon issuance of the TEUs, based on the relative fair value of the respective components of each TEU, were as follows:

	Equity Component	Debt Component	Total
Price per TEU	\$ 41.7622	\$ 8.2378	\$ 50.00
Gross proceeds	240,133	47,367	287,500
Issuance costs	(7,204)	(1,421)	(8,625)
Net proceeds	<u>\$ 232,929</u>	<u>\$ 45,946</u>	<u>\$278,875</u>

Each senior amortizing note has an initial principal amount of \$8,2378 and bears interest at 5.5% per year. On each March 30, June 30, September 30 and December 30, the Company pays equal quarterly cash installments of \$0.7500 per amortizing note (except for the September 30, 2019 installment payment, which was \$0.7417 per amortizing note). Each installment constitutes a payment of interest and partial payment of principal. The carrying value and fair value of the senior amortizing notes as of September 30, 2019 was \$42,537 and \$43,896, respectively. Unless settled earlier, each purchase contract will automatically settle on June 30, 2022. The Company will deliver between a minimum of 18,429,325 shares and a maximum of 22,115,075 shares of the Company's common stock, subject to adjustment, based on the Applicable Market Value (as defined below) of the Company's common stock as described below:

- If the Applicable Market Value is greater than \$15.60 per share, holders will receive 3.2051 shares of common stock per purchase contract.
- If the Applicable Market Value is less than or equal to \$15.60 per share but greater than or equal to \$13.00 per share, the holder will receive a number of shares of the Company's common stock per purchase contract equal to \$50, divided by the Applicable Market Value; and
- If the Applicable Market Value is less than \$13.00 per share, the holder will receive 3.8461 shares of common stock per purchase contract.

The Applicable Market Value is defined as the arithmetic average of the volume weighted average price per share of the Company's common stock over the twenty consecutive trading day period immediately preceding the balance sheet date, or June 30, 2022, for settlement of the stock purchase contracts.

The TEUs have a dilutive effect on the Company's net income (loss) per share. The 18,429,325 minimum shares to be issued are included in the calculation of basic net income (loss) per share. The difference between the minimum shares and the maximum shares are potentially dilutive securities, and accordingly, are included in the Company's diluted net income (loss) per share on a pro rata basis to the extent the Applicable Market Value is higher than \$13.00 but is less than \$15.60 at period end.

11. Other Investments

The proceeds of the offering of TEUs were used to acquire TEUs of the Joint Venture that substantially mirror the terms of the TEUs included in the offering. Under these mirrored arrangements, the Joint Venture is required to make cash payments or to transfer LLC Units to the Company concurrent with any cash payments or issuance of shares by the Company pursuant to the terms of its TEUs. The Company accounts for these mirror arrangements as investments in debt and equity securities.

At September 30, 2019 and March 31, 2019, the Company's investment in debt securities are classified as "available-for-sale" and its investment in forward purchase contracts are considered equity securities measured at fair value. Changes in unrealized gains and losses for the Company's debt securities are recognized as adjustments to other comprehensive income (loss) while changes in unrealized gains and losses for the Company's investment in forward purchase contracts are recognized as adjustments to pretax income (loss).

A summary of the Company's other investments at September 30, 2019 and March 31, 2019 is summarized in the tables that follow.

	<u>September 30, 2019</u>			<u>Fair Value</u>

12. Subsequent Events

Agreement to Sell Office Property

In October 2019, the Joint Venture executed an agreement for the sale of its Alpharetta, GA office property for gross proceeds of approximately \$31,500. The sale is expected to be completed during the third quarter of the Joint Venture's fiscal year. While the Joint Venture expects to recognize a gain of an immaterial amount as a result of this transaction, the Company expects, as a result of the write-off of basis differences associated with this office property, to recognize a loss within its Loss from equity method investment in the Joint Venture of approximately \$14,000.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of the financial condition and results of operations of Change Healthcare Inc. and Change Healthcare LLC is provided as a supplement to, and should be read in conjunction with, Change Healthcare Inc.'s and Change Healthcare LLC's audited financial statements and the accompanying notes as well as the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in Change Healthcare Inc.'s Registration Statement on Form S-1 (File No. 333-230345), as well as the unaudited consolidated financial statements and the related notes presented in Part I, Item 1 of this Quarterly Report for the quarter ended September 30, 2019 ("Quarterly Report").

In addition to historical data, this discussion contains forward-looking statements about the business, operations and financial performance of Change Healthcare Inc. and Change Healthcare LLC based on current expectations that involve risks, uncertainties and assumptions. Actual results may differ materially from those discussed in the forward-looking statements as a result of various factors, including but not limited to those discussed below in "Cautionary Notice Regarding Forward-Looking Statements," and Part II, Item 1A, "Risk Factors."

References in this discussion and analysis to "Change Healthcare Inc." refer to Change Healthcare Inc. and not to any of its subsidiaries. References in this discussion and analysis to the Joint Venture refer to Change Healthcare LLC and its direct and indirect subsidiaries.

Recent Developments

Effective June 26, 2019, Change Healthcare Inc.'s Registration Statement on Form S-1 for the initial public offering of 49.3 million shares of common stock and the concurrent offering of 5.75 million tangible equity units ("TEUs") was declared effective by the Securities and Exchange Commission ("SEC") and Change Healthcare Inc. subsequently amended its charter to authorize 9 billion shares of common stock and effected a 126.4 for 1 split of its common stock. Change Healthcare Inc.'s common stock and TEUs began trading the next day on the NASDAQ under the CHNG and CHNGU ticker symbols, respectively.

The offerings of common stock and TEUs were consummated on July 1, 2019 and resulted in Change Healthcare Inc. receiving net proceeds of \$608.7 million and \$278.9 million respectively, before consideration of offering costs paid subsequent to the offering from available cash. The proceeds of the offering of common stock were subsequently contributed to the Joint Venture in exchange for 49.3 million additional units of the Joint Venture, thereby resulting in an additional ownership in the Joint Venture of approximately 11%. The proceeds of the offering of TEUs were used to acquire TEUs of the Joint Venture that substantially mirror the terms of the TEUs issued by Change Healthcare Inc. in the offering. The Joint Venture, in turn, used the proceeds received from Change Healthcare Inc. to repay \$805.0 million of its indebtedness under the Term Loan Facility (as defined herein) without penalty in July 2019.

In July 2019, the Joint Venture amended its Revolving Credit Facility (as defined herein), the primary effects of which were to increase the maximum amount that can be borrowed from \$500.0 million to \$785.0 million and to extend the maturity date until March 1, 2024. In the event that the outstanding balance under the Term Loan Facility exceeds \$1.1 billion on December 1, 2023, however, amounts due, if any, under the Revolving Facility become due and payable on December 1, 2023.

Change Healthcare Inc.

Overview

Change Healthcare Inc. (formerly HCIT Holdings, Inc.), a Delaware corporation, was formed on June 22, 2016 to hold an equity investment in Change Healthcare LLC, a joint venture between Change Healthcare Inc. and McKesson Corporation ("McKesson"), which we refer to as the Joint Venture. Each of Change Healthcare Inc. and McKesson holds a 50% voting interest in the Joint Venture, with equal representation on the Joint Venture's board of directors and with all major operating, investing and financial activities requiring the consent of both members. As a result, Change Healthcare Inc. accounts for this investment using the equity method of accounting.

Change Healthcare Inc. has no substantive assets apart from its investment in the Joint Venture. As a result, Change Healthcare Inc. believes the financial statements of the Joint Venture are more relevant to an investor than Change Healthcare Inc.'s financial statements as they include greater detail regarding the financial condition and results of operations of the business.

Key Components of Change Healthcare Inc.'s Results of Operations

Loss from Equity Method Investment in the Joint Venture

Loss from equity method investment in the Joint Venture generally represents Change Healthcare Inc.'s proportionate share of the income or loss from this investment, including basis adjustments related to amortization expense associated with equity method intangible assets, property and equipment, deferred revenue and other items.

Loss from equity method investment in the Joint Venture was \$56.2 million and \$25.6 million for the three months ended September 30, 2019 and 2018, respectively. The loss from equity method investment in the Joint Venture increased as a result of incremental basis difference amortization due to the additional units of the Joint Venture that were acquired using the proceeds of the initial public offering, combined with lower operating profits at the Joint Venture in the current quarter when compared to the same quarter in the prior year, primarily due to the gain recognized from the sale of the Joint Venture's extended care business during the three months ended September 30, 2018.

Loss from equity method investment in the Joint Venture was \$95.7 million and \$48.3 million for the six months ended September 30, 2019 and 2018, respectively. The loss from equity method investment in the Joint Venture for the six months ended September 30, 2019 was discretely affected by the Joint Venture's adoption of Financial Accounting Standards Board ("FASB") Accounting Standards Codification No. 606 ("ASC 606") and Change Healthcare Inc.'s adoption of FASB Accounting Standards Update No. 2018-07 ("ASU 2018-07"). The loss from equity method investment in the Joint Venture was decreased by approximately \$17.0 million as a result of the continuing effect of the adoption of ASC 606 and was increased by approximately \$45.4 million as a result of changes in the fair value of its dividend receivable following the adoption of ASU 2018-07.

General and Administrative Expense and Management Fees

In addition to its income (loss) from its equity method investment in the Joint Venture, Change Healthcare Inc. may also periodically incur certain other operating expenses, including professional service fees, general liability insurance, and other fees associated with being an SEC registrant.

To the extent any such fees Change Healthcare Inc. incurs are required to facilitate or maintain its status as a public company, however, the limited liability company agreement of the Joint Venture (the "LLC Agreement") contemplates that Change Healthcare Inc. be reimbursed for such costs by the Joint Venture. Such reimbursements are classified as management fees within Change Healthcare Inc.'s statements of operations.

Gain (Loss) on Sale of Interests in the Joint Venture

Under the terms of the LLC Agreement, Change Healthcare Inc. and the Joint Venture agreed to cooperate to ensure a 1:1 ratio of outstanding shares of common stock of Change Healthcare Inc. to the units of the Joint Venture ("LLC Units") held by Change Healthcare Inc. as long as the subsidiaries of McKesson that serve as members of the Joint Venture (the "McK Members") hold LLC Units. This provision requires that Change Healthcare Inc. be issued an additional LLC Unit for each share of common stock that Change Healthcare Inc. issues. Similarly, for any share that Change Healthcare Inc. repurchases, the Joint Venture is likewise required to repurchase a respective LLC Unit from Change Healthcare Inc. In this latter case, the repurchase by the Joint Venture of LLC Unit(s) from Change Healthcare Inc. results in a gain or loss to Change Healthcare Inc. equal to the difference in the fair value of such LLC Units and the proportionate carrying value of Change Healthcare Inc.'s investment in the Joint Venture associated with such repurchased LLC Units.

Income Taxes

As the Joint Venture is treated as a partnership for income tax purposes, Change Healthcare Inc. is subject to income taxes for its allocable portion of the Joint Venture's taxable income. The income tax benefit was \$13.6 million and \$6.8 million (which resulted in effective income tax rates of 12.7% and 26.7%) for the three months ended September 30, 2019 and 2018, respectively. The income tax benefit was \$15.8 million and \$11.6 million (which resulted in effective income tax rates of 10.7% and 24.3%) for the six months ended September 30, 2019 and 2018, respectively.

In connection with the closing of the Transactions, the Joint Venture, subsidiaries of McKesson that serve as members of the Joint Venture (the "McK Members"), McKesson and the Company entered into a tax receivable agreement (the "McKesson Tax Receivable Agreement"). Additionally, the Company, the Joint Venture, McKesson and certain of McKesson's affiliates have entered into a letter agreement relating to the Contribution Agreement (the "Letter Agreement"). The McKesson Tax Receivable Agreement and the Letter Agreement contemplate payments from the Company to the McK Members or to McKesson based upon certain criteria

[Table of Contents](#)

as outlined in Note 6, *Income Taxes*. In the three months ended September 30, 2019 the Company has recorded a liability to McKesson equal to \$48.4 million, which reflects the amount payable for future tax savings the Company anticipates receiving as a result of deductions that are probable to be allocated by McKesson to the Company for the year ended March 31, 2019.

Liquidity and Capital Resources

Overview

Change Healthcare Inc.'s principal source of liquidity consists of distributions or advances from the Joint Venture. To the extent that Change Healthcare Inc. requires additional funds, Change Healthcare Inc. may need to raise funds through subsequent debt or equity financing.

Change Healthcare Inc. has not incurred, nor does it expect to incur, significant capital expenditures in the normal course of business or to pursue acquisition opportunities other than through the Joint Venture.

Off-Balance Sheet Arrangements

As of September 30, 2019, Change Healthcare Inc. had no off-balance sheet arrangements.

Recent Accounting Pronouncements

See Note 2, *Basis of Presentation*, within Change Healthcare Inc.'s financial statements appearing elsewhere in this Quarterly Report for information about recent accounting pronouncements and the potential impact on Change Healthcare Inc.'s financial statements.

Critical Accounting Estimates

The preparation of financial statements in accordance with United States generally accepted accounting principles ("GAAP") requires Change Healthcare Inc. to make estimates and assumptions that affect reported amounts and related disclosures. Change Healthcare Inc. considers an accounting estimate to be critical if:

- it requires assumptions to be made that were uncertain at the time the estimate was made; and
- changes in the estimate or different estimates that could have been made could have a material impact on Change Healthcare Inc.'s results of operations and financial condition.

As disclosed in Note 2, *Summary of Significant Accounting Policies*, in Change Healthcare Inc.'s Registration Statement on Form S-1 (333-230345), Change Healthcare Inc. evaluates its equity method investment for impairment review whenever an event or change in circumstances occurs that may have a significant adverse impact on the carrying value of the investment. If a loss in value occurs that is deemed to be other than temporary, an impairment loss would be recognized.

Subsequent to the IPO, Change Healthcare Inc. now has a publicly available indication of the value of its investment in the Joint Venture. Accordingly, Change Healthcare Inc. evaluated its equity method investment for an other-than-temporary impairment ("OTTI"). Change Healthcare Inc. considered various factors in determining whether an OTTI had occurred, including Change Healthcare Inc.'s ability and intent to hold the investment, the trading history available, the implied EBITDA valuation multiples compared to public guideline companies, and the Joint Venture's ability to achieve milestones and any operational and strategic changes by the Joint Venture that might have negatively impacted the fair value. After the evaluation, Change Healthcare Inc. determined that an OTTI had not occurred as of September 30, 2019 or as of the date of this quarterly report on Form 10-Q. However, the Joint Venture may experience declines in its fair value, and Change Healthcare Inc. may determine an impairment loss will be required to be recognized in a future reporting period. Such determination will be based on the prevailing facts and circumstances, including those related to the reported results and disclosures of the Joint Venture, as well as from changes in the market price of Change Healthcare Inc.'s common stock.

Change Healthcare Inc.'s investments in the debt and equity securities of the Joint Venture are reported at fair value. The measurement of these investments is impacted by changes in market interest rates, as well as factors that impact the underlying value of the Joint Venture's equity. See Note 11 for further discussion.

[Table of Contents](#)

Change Healthcare Inc. believes the current assumptions and other considerations used to estimate amounts reflected in Change Healthcare Inc.'s financial statements are appropriate. However, if actual experience differs from the assumptions and other considerations used in estimating amounts reflected in Change Healthcare Inc.'s financial statements, the resulting changes could have a material adverse effect on Change Healthcare Inc.'s results of operations and financial condition.

See Note 2, *Summary of Significant Accounting Policies*, within Change Healthcare Inc.'s financial statements appearing in the Registration Statement on Form S-1 (333-230345) for information about Change Healthcare Inc.'s other critical accounting policies.

Quantitative and Qualitative Disclosure of Market Risk

As Change Healthcare Inc. has no substantive assets or operations apart from its investment in the Joint Venture, Change Healthcare Inc. does not believe that it has significant market risk.

Summary Disclosures about Contractual Obligations and Commercial Commitments

During the three months ended September 30, 2019, Change Healthcare Inc. issued TEUs comprised of a stock purchase contract and a senior amortizing note due June 30, 2022. See Note 10, *Tangible Equity Units*. Change Healthcare Inc. has no other ongoing contractual obligations or commercial commitments as of September 30, 2019.

Change Healthcare LLC

Overview

The Joint Venture is a leading independent healthcare technology company, formed through the combination of substantially all of the businesses of Change Healthcare Performance, Inc. (formerly Change Healthcare, Inc.) ("Legacy CHC") and a majority of the McKesson Technology Solutions business ("Core MTS"), which was completed on March 1, 2017. The Joint Venture offers a comprehensive suite of software, analytics, technology enabled services and network solutions that drive improved results in the complex workflows of healthcare system payers and providers. The Joint Venture's solutions are designed to improve clinical decision making, simplify billing, collection and payment processes and enable a better patient experience.

The Joint Venture offers comprehensive end-to-end solutions with modular capabilities to address its customers' needs. Working with its customers to analyze workflows before, during and after care has been delivered to patients, the Joint Venture designs and commercializes innovative solutions for various points in the healthcare delivery timeline. The Joint Venture's offerings range from discrete data and analytics solutions to broad enterprise-wide solutions, which include workflow software and technology-enabled services that help its customers achieve their operational objectives.

The Joint Venture's Intelligent Healthcare Network was created to facilitate the transfer of data among participants and is one of the largest clinical and financial healthcare networks in the United States. In the fiscal year ended March 31, 2018, Change Healthcare facilitated nearly 14 billion healthcare transactions and approximately \$1 trillion in adjudicated claims or approximately one-third of all U.S. healthcare expenditures. The Joint Venture serves the vast majority of U.S. payers and providers. The Joint Venture's customer base includes approximately 2,200 government and commercial payer connections, 900,000 physicians, 118,000 dentists, 33,000 pharmacies, 5,500 hospitals and 600 laboratories. This network transacts clinical records for over 112 million unique patients, more than one-third of the estimated total U.S. population. With insights gained from its pervasive network, extensive applications and analytics portfolio and its services operations, the Joint Venture has designed analytics solutions that include industry-leading and trusted franchises supported by extensive intellectual property and regularly updated content.

In addition to the advantages of scale, the Joint Venture believes it offers the collaborative benefits of a mission-critical partner. The Joint Venture seeks enduring relationships with each customer through solutions embedded in their complex daily workflows that deliver measurable results. The Joint Venture's customer retention rate for its top 50 provider and top 50 payer customers for the fiscal year ended March 31, 2019 was 100%. The Joint Venture believes its size, scale, thought leadership and prevalence across the healthcare ecosystem help make it a preferred partner for innovative technology companies and industry associations focused on driving standardization and efficiencies in the healthcare industry.

Segments

The Joint Venture reports its financial results in the following three reportable segments: Software and Analytics, Network Solutions and Technology-Enabled Services.

[Table of Contents](#)

- Software and Analytics provides software and analytics solutions for financial performance, payment accuracy, clinical decision management, value-based payment, provider and consumer engagement and imaging and clinical workflow.
- Network Solutions enables financial, administrative and clinical transactions, electronic business-to-business and consumer-to-business payments and aggregation and analytics of clinical and financial data.
- Technology-Enabled Services provides solutions for financial and administrative management, value-based care, communication and payment, pharmacy benefits administration and healthcare consulting.

In April 2019, the Joint Venture made certain changes in the way that it manages its business and allocates costs. Specifically, the Joint Venture made the following changes:

- Moved its consumer payments solution from the Network Solutions reportable segment to the Technology-enabled Services reportable segment.
- Moved its consumer engagement solutions from the Software and Analytics reportable segment to the Network Solutions reportable segment.
- Made certain changes in the way that costs are assigned to reportable segments.

The presentation of revenue and Adjusted EBITDA included within this management's discussion and analysis of financial condition and results of operations has been retrospectively adjusted for all periods presented to reflect the above described changes.

Factors Affecting Change Healthcare's Results of Operations

The following are certain key factors that affect, will affect, or have recently affected, the Joint Venture's results of operations:

Post-Contribution Cost Synergies

In connection with the Transactions, the Joint Venture identified opportunities to implement certain cost synergies based on its analyses of existing operating structures, estimated spend by category, its resource requirements and industry benchmarks for similar activities. The Joint Venture expects such cost synergies to include, among others, (i) product integration, network efficiencies and combining common products; (ii) procurement savings from the elimination of duplicate orders, leveraging scale and optimization of providers; (iii) utilization of global talent; and (iv) reduction of management redundancies and duplicative roles.

By the end of the fourth year following the combination of Legacy CHC and Core MTS, the Joint Venture expects to have implemented operational initiatives to fully realize these synergies, which are expected to result in significant annual run-rate cost savings and efficiencies. The Joint Venture has incurred significant non-recurring expenses and expects to continue to incur such expenses in order to achieve these cost synergies.

Macroeconomic and Industry Trends

The healthcare industry is highly regulated and subject to frequently changing complex regulatory and other requirements. For example, ongoing healthcare reform has significantly affected the healthcare regulatory environment by changing how healthcare services are covered, delivered and reimbursed through coverage expansion, reduced federal healthcare program spending, increased efforts to link federal healthcare program payments to quality and efficiency and insurance market reforms. The number of states that will ultimately participate in some form of Medicaid expansion and the future of mandated coverage for individuals is not yet clear. If the Patient Protection and Affordable Care Act (collectively, the "ACA") is repealed or significantly modified, such repeal or modification, any alternative reforms adopted in its place or the failure to adopt alternative reforms may have a material impact on the Joint Venture's business. For example, since many of the Joint Venture's products and services include solutions designed to assist customers in effectively navigating the shift to value-based healthcare, the elimination of, or significant reductions to, the ACA's various value-based healthcare initiatives may adversely impact the Joint Venture's business. While the specific regulatory instruments and tactics used to implement reform may change in the future, the Joint Venture expects that the pervasive focus on improving coverage, efficiency and quality and related needs for payers and providers to optimize performance and reduce costs will continue.

[Table of Contents](#)

Revenue Convergence

In April 2019, the Joint Venture adopted Accounting Standards Codification (“ASC”) 606, *Revenue from Contracts with Customers*, which replaces most prior general and industry specific revenue recognition guidance with a principles-based comprehensive revenue recognition framework.

The Joint Venture adopted ASC 606 using the modified retrospective transition method applied only to contracts that were not completed as of the date of initial application. The adoption of ASC 606 resulted in a cumulative effect adjustment to reduce members’ equity (deficit) as of April 1, 2019 by \$159.9 million. After assessing all potential impacts of adopting the new standard on its consolidated financial statements, related disclosures, and necessary control and process changes, the Joint Venture noted the following to be the most notable impacts of adopting the new standard:

- Revenue for certain contingent fee service arrangements will be accelerated as revenue for these arrangements is recognized as the services are performed.
- Revenue related to certain time-based software and content license agreements will be accelerated. The license component for certain time-based software will be recognized upon delivery to the customer (“point in time”), or in the case of software that requires significant production, modification or customization, recognized as the implementation work is performed. A non-license component (e.g., technical support) will be recognized over the respective contract terms (“over time”).
- Incremental costs to obtain contracts and qualifying costs to fulfill will be capitalized and amortized over the period of benefit. The net result of this change was an increase to capitalized contract costs on the balance sheet; these capitalized costs will be amortized and recognized as expense over an incrementally longer period of time.

Refer to Note 2, *Basis of Presentation*, in the unaudited condensed financial statements of the Joint Venture included as Exhibit 99.1 to this Quarterly Report for a full description of the impact of the adoption of ASC 606 on the Joint Venture’s financial statements.

Equity-based Compensation

Change Healthcare Inc. grants equity-based awards of Change Healthcare Inc. common stock to certain employees, officers and directors of Change Healthcare Inc. and the Joint Venture. For grants to employees, equity-based awards are generally measured at the date of grant and recognized as expense over each employee’s service period. Because the Joint Venture’s employees are not considered employees of Change Healthcare Inc., however, prior to the adoption of FASB ASU No. 2018-07 on April 1, 2019, the Joint Venture was generally required to re-measure these equity-based awards at fair value each quarter until the earlier of the completion of required service or the performance commitment date. As a result, the Joint Venture’s results of operations have historically reflected volatility from the periodic re-measurement of its equity-based awards.

In April 2019, the Joint Venture adopted FASB ASU No. 2018-07, the effect of which is to require that equity awards to non-employees be treated similarly to awards to employees. As a result, the Joint Venture expects to significantly lessen the volatility on equity-based compensation that has historically resulted from changes in the fair value of the underlying stock of Change Healthcare Inc., stock price volatility among its peer companies, changes in interest rates and the passage of time.

In connection with the initial public offering, the Board of Directors adopted, and the stockholders approved, the Change Healthcare Inc. 2019 Omnibus Incentive Plan (the “Omnibus Incentive Plan”), which became effective as of the date of the IPO. The purpose of our Omnibus Incentive Plan is to provide a means through which to attract and retain key personnel and to provide a means whereby our directors, officers, employees, consultants and advisors (and those of the Joint Venture and its subsidiaries) can acquire and maintain an equity interest in us or be paid incentive compensation. The Omnibus Incentive Plan allows us to implement a new market-based long-term incentive program to align our executive compensation package with similarly situated public companies.

As part of the 2019 Omnibus Incentive Plan, the Board of Directors may, from time to time, grant awards to one or more eligible persons. All awards granted under the Plan shall vest and become exercisable in such manner and on such dates or upon such events as determined by the Board of Directors, including attainment of performance conditions. Each award granted under the Omnibus Incentive Plan shall be evidenced by an award agreement, which agreement need not be the same for each participant.

Refer to Note 11, *Equity Based Compensation*, in the unaudited condensed financial statements of the Joint Venture included as Exhibit 99.1 to this Quarterly Report for a full description of the new awards included in the long-term incentive program.

Acquisitions and Divestitures

The Joint Venture actively evaluates opportunities to improve and expand its business through targeted acquisitions that are consistent with its strategy. On occasion, the Joint Venture also may dispose of certain components of its business that no longer fit within its overall strategy. Because of the Joint Venture's acquisition and divestiture activity, as well as the shifting revenue mix of its business due to this activity, the Joint Venture's results of operations may not be directly comparable among periods.

In July 2018, certain of the Joint Venture's affiliates sold all of the membership interests in the Joint Venture's extended care business (a component of the software and analytics reportable segment) for net cash proceeds of \$159.9 million.

Income Taxes

The Joint Venture's effective income tax rate is affected by several factors. The following table and subsequent commentary reconciles the Joint Venture's federal statutory rate to its effective income tax rate and the subsequent commentary describes the more significant of the reconciling factors:

	Six Months Ended September 30, 2019	Six Months Ended September 30, 2018
Statutory U.S. federal tax rate	21.00%	21.00%
State income taxes (net of federal benefit)	0.13	(0.04)
Income passed through to Members	(16.39)	(21.15)
Change in valuation allowance	(4.58)	0.05
Research and development credits (net of uncertain tax positions)	(2.29)	(2.83)
Return to provision adjustments	1.29	0.14
Other	4.29	1.03
Effective income tax rate	<u>3.45%</u>	<u>(1.80)%</u>

State Income Taxes—The Joint Venture's effective tax rate for state income taxes is generally impacted by changes in its apportionment.

Income Passed through to Members—Certain of the Joint Venture's subsidiaries are organized as limited liability corporations and report income that is distributed to the Members where it is subject to income taxes.

Change in tax liability on outside basis difference of foreign subsidiary—The Joint Venture records tax expense or benefit related to undistributed earnings in a foreign subsidiary for the change in the amount of excess of book basis over tax basis in the subsidiary.

Change in Valuation Allowance—The Joint Venture records valuation allowances or reverses existing valuation allowances related to assumed future income tax benefits depending on circumstances and factors related to its business. During the six months ended September 30, 2019, the Joint Venture released a valuation allowance related to prior deferred tax assets as a result of its change in judgment resulting from forecasted earnings and tax planning strategies that provide for future taxable income in the relevant jurisdictions.

Research and development credits (net of uncertain tax position liability)—The Joint Venture records credits against income taxes for certain research and development expenditures in the U.S. and Canada net of the portion that is estimated to be included in Change Healthcare Inc.'s unrecognized tax benefits.

Qualified McKesson Exit

In connection with a Qualified McKesson Exit, we anticipate that Change Healthcare Inc. will acquire the interest in the Joint Venture that it did not own prior to such transaction. As a result, in periods following the Qualified McKesson Exit, Change Healthcare LLC is expected to be a wholly-owned subsidiary of Change Healthcare Inc., and Change Healthcare Inc. will consolidate the financial position and results of Change Healthcare LLC in its financial statements.

Change Healthcare Inc. expects to account for the Qualified McKesson Exit and related transactions as a business combination achieved in stages in accordance with the FASB Accounting Standards Codification Business Combinations Topic, resulting in a new basis of accounting. As a result, Change Healthcare Inc. will be required to remeasure its investment in the Joint Venture to fair value as of the date that control is obtained and will recognize a gain or loss in its statement of operations for the difference in the carrying value and fair value of this investment. Further, Change Healthcare Inc. expects to recognize the consideration transferred, as well as the acquired business's identifiable assets, liabilities and noncontrolling interests at their acquisition date fair value. The excess of the consideration transferred over the fair value of the identifiable assets, liabilities and noncontrolling interest, if any, is anticipated to be recorded as goodwill. Any excess of the fair value of the identifiable assets acquired and liabilities assumed over the consideration transferred, if any, would generally be recognized within earnings as of the acquisition date.

As a result of the accounting for these transactions and the anticipated change in basis of accounting, the consolidated results of Change Healthcare Inc. in periods following the Qualified McKesson Exit will not be comparable to the consolidated results of the Joint Venture in periods prior to the Qualified McKesson Exit. The following are certain of the more significant changes resulting from the Qualified McKesson Exit that are expected to affect the comparability of financial results and operations:

- Gain or loss upon remeasuring Change Healthcare Inc.'s investment in the Joint Venture at its fair value.
- Increased tangible and intangible assets resulting from adjusting the basis of tangible and intangible assets to their fair value which is expected to result in increased depreciation and amortization expense.
- Potential increase or decrease in long-term debt as a result of adjustments to state the long-term debt at its fair value. Resulting differences in the historical carrying value and fair value of the long-term debt are expected to result in either additional discount or premium which, in turn, may materially increase or decrease future interest expense.
- Decreased deferred revenue as a result of recognizing deferred revenue in the business combination only to the extent that contractual obligations remain to be fulfilled at that time. Decreases in deferred revenue are expected to result in decreased solutions revenue in the near term.
- Income currently attributable to the Joint Venture and not subject to U.S. federal income taxes and most state and local income taxes will become subject to such taxes, resulting in an expected increase in Change Healthcare Inc.'s effective tax rate compared with the historical effective tax rate of the Joint Venture.

Results of Operations

The Joint Venture adopted the new revenue recognition accounting standard, ASC 606, effective April 1, 2019 on a modified retrospective basis. Its results of operations as presented within the following discussion and analysis includes financial results for reporting periods during fiscal 2020, which are disclosed in compliance with the new revenue recognition standard. Historical financial results for reporting periods prior to fiscal 2020 have not been retroactively restated and are presented in conformity with amounts previously disclosed under the prior revenue recognition standard, ASC 605. The Joint Venture has included additional information regarding the impacts from the adoption of the new revenue recognition standard for the three and six months ended September 30, 2019 and included financial results during fiscal 2020 under ASC 605 for comparison to the prior year.

The following table summarizes our consolidated results of operations for the three months ended September 30, 2019 and 2018, respectively:

Three Months Ended September 30, 2019 (ASC 605 Basis) Compared to Three Months Ended September 30, 2018

Solutions Revenue

Solutions revenue increased \$10.8 million for the three months ended September 30, 2019, compared with the same period in the prior year. Factors affecting the Joint Venture's solutions revenue are described in the various segment discussions below.

Table of Contents

Expenses

Costs of Operations (Exclusive of Depreciation and Amortization)

Costs of operations (exclusive of depreciation and amortization) increased \$4.6 million for the three months ended September 30, 2019, compared with the same period in the prior year. The increase in the Joint Venture's costs of operations is primarily attributable to an increase in information technology maintenance and data and communications costs.

Research and Development

Research and development expenses increased \$0.6 million for the three months ended September 30, 2019, compared with the same period in the prior year. The increase is primarily attributable to increases in investments, offset by synergies associated with reduction or elimination of duplicative roles.

Sales, Marketing, General and Administrative

Sales, marketing, general and administrative expenses decreased \$12.5 million for the three months ended September 30, 2019, compared with the same period in the prior year. Sales, marketing, general and administrative expense for each of the three months ended September 30, 2019 and 2018 reflects significant integration related costs, including professional and consulting fees related to rationalizations of information technology, business process re-engineering, implementation of human resource and finance information technology systems, severance and other costs. The amount of such costs, however, decreased by \$8.5 million in the three months ended September 30, 2019 as compared to the same period in the prior year.

Customer Postage

Customer postage decreased \$5.3 million for the three months ended September 30, 2019, compared with the same period in the prior year. Customer postage is affected by the declines in print volumes within communication and payment solutions, which were partially offset by the effect of a USPS postage rate increase in January 2019 (e.g. an increase in first-class postage of 10%). Because customer postage is a pass-through cost to the Joint Venture's customers, however, changes in volume of customer postage generally have no effect on operating income.

Depreciation and Amortization

Depreciation and amortization increased \$8.1 million for the three months ended September 30, 2019, compared with the same period in the prior year. Depreciation and amortization were generally affected by routine amortization of tangible and intangible assets existing at March 31, 2019 as well as the routine amortization and depreciation of additions to property, equipment, and software since that date.

Accretion and changes in estimate with related parties, net

Accretion and changes in estimate with related parties, net decreased \$2.7 million for the three months ended September 30, 2019, compared with the same period in the prior year. Accretion is routinely affected by changes in the expected timing or amount of cash flows which may result from various factors, including changes in tax rates and McKesson's discretionary allocation of deductions under the terms of the Letter Agreement.

Interest expense

Interest expense decreased \$10.8 million for the three months ended September 30, 2019, compared with the same period in the prior year. This decrease is primarily attributable to the repayment of approximately \$805.0 million of variable interest rate debt in July 2019 from the proceeds of the initial public offering and an additional repayment of \$85.0 million during the three months ended September 30, 2019. The Joint Venture has interest rate cap agreements in place to limit its exposure to rising interest rates, and such agreements together with the Joint Venture's fixed rate notes effectively fixed interest rates for approximately 59% of the Joint Venture's total indebtedness at September 30, 2019.

Loss on Extinguishment of Debt

Loss on extinguishment of debt for the three months ended September 30, 2019 of \$16.9 million includes a loss of \$15.8 million related to the unamortized discounts and debt issuance costs associated with the total repayment of \$890.0 million on the Term Loan Facility, as well as a loss of \$1.1 million due to the deemed extinguishment associated with the amendment of the Revolving Credit Facility.

Table of Contents

Contingent consideration

Contingent consideration reflects changes in the fair value of the Joint Venture's earnout obligation to the former owners of an acquired business. Such amounts may increase or decrease in the future based on changes in the expected amount, timing, and probability of making such payments in the future.

Other, net

Other, net primarily represents income the Joint Venture receives from McKesson and eRx Network related to transitional and other services that we provide them following the closing of the Transactions in March 2017.

Income Tax Provision (Benefit)

The income tax provision was \$1.0 million (effective tax rate of 115.0%) for the three months ended September 30, 2019 as compared to an income tax benefit of \$2.1 million (effective tax rate of -1.9%) for the three months ended September 30, 2018. The Joint Venture's income taxes and related effective tax rate are routinely affected by it and its subsidiaries' legal organization. Certain of the Joint Venture's subsidiaries are organized as limited liability corporations and report income that is distributed to the Members where it is subject to income taxes. Other subsidiaries are organized as corporations, for which the tax effects are directly reflected in the Joint Venture's financial statements.

As a result of displaying amounts in millions, rounding differences may exist in the tables above.

Software and Analytics

Software and Analytics revenue increased \$5.8 million for the three months ended September 30, 2019 compared with the same period in the prior year. Software and Analytics revenue reflects core revenue growth and timing, partially offset by ongoing efforts to rationalize the connected analytics solution and the effect of prior year one-time nonrecurring revenue of \$6.0 million in the enterprise imaging business.

Software and Analytics Adjusted EBITDA increased \$9.5 million for the three months ended September 30, 2019, compared to the same period in the prior year. This increase in Adjusted EBITDA was attributable to core revenue growth and timing, operational synergies, and cost initiatives related to the connected analytics solution, partially offset by the decline in the enterprise imaging business.

[Table of Contents](#)

Network Solutions

Network Solutions revenue increased \$8.0 million for the three months ended September 30, 2019 compared with the same period in the prior year, which primarily reflects increased revenues resulting from the sale of new contracts in the data solutions, dental and medical network businesses and stronger volume.

Network Solutions Adjusted EBITDA increased by \$2.5 million for the three months ended September 30, 2019 compared to the same period in the prior year. As described above, Network Solutions revenue was positively affected by increased revenues resulting from the sale of new contracts in the data solutions, dental and medical network businesses and stronger volumes. Adjusted EBITDA similarly increased as a result of these factors partially offset by investments to support the data solutions new market expansion efforts and continued investment in network capabilities.

Technology-enabled Services

Technology-enabled Services revenue decreased \$2.4 million for the three months ended September 30, 2019, compared with the same period in the prior year. Technology-enabled Services revenue for the three months ended September 30, 2019 was primarily impacted by new sales and same store organic growth of \$24 million, which was more than offset by \$30 million of customer attrition (including the company's decision to exit certain contracts). Customer attrition for the three months ended September 30, 2019 reflects the full current period impact of attrition that occurred throughout fiscal year 2019 in the Joint Venture's physician revenue cycle management and communication and payment services solutions, driven by industry consolidation. While the Joint Venture expects that such consolidation will continue in the future, as part of its strategy, the Joint Venture is repositioning certain of its solutions to better address end market dynamics, enhance efficiency and to improve the long-term growth potential of these solutions.

Technology-enabled Services Adjusted EBITDA increased \$1.8 million for the three months ended September 30, 2019, compared to the same period in the prior year. Technology-enabled Services Adjusted EBITDA for the three months ended September 30, 2019 reflects the decrease in Technology-enabled Services revenue which was more than offset by cost savings from the Joint Venture's post-contribution cost synergy initiatives.

Solutions Revenue

Solutions revenue increased \$8.7 million for the six months ended September 30, 2019, compared with the same period in the prior year. Solutions revenue for the six months ended September 30, 2019 was generally affected the continuation of trends described in the discussion of results of operations for the three months ended September 30, 2019. In addition, the comparison to the prior year period was discretely affected by the sale of the Joint Venture's extended care business in July 2018.

Expenses

Expenses were affected by similar items outlined in the discussion of results for the three months ended September 30, 2019.

(1) Includes inter-segment revenue

Revenue and Adjusted EBITDA for the six months ended September 30, 2019 for all three segments were affected by similar trends outlined in the discussion of results for the three months ended September 30, 2019. The increases in revenue and Adjusted EBITDA for Software and Analytics were partially offset by the divestiture of the extended care business, which contributed revenue of \$9.2 million and Adjusted EBITDA of \$1.5 million in the six months ended September 30, 2018.

Significant Changes in Assets and Liabilities

Within the Joint Venture's network solutions business, the Joint Venture regularly receives funds from certain pharmaceutical industry participants in advance of its obligation to remit these funds to participating retail pharmacies. Such funds are not restricted; however, these funds are generally paid out in satisfaction of the processing obligations within three business days of their receipt. At the time of receipt, the Joint Venture records a corresponding liability within accrued expenses on its consolidated balance sheets. At September 30, 2019, the Joint Venture reported \$20.3 million of such pass-through payment obligations which were subsequently paid in the first week of October 2019. At March 31, 2019, the Joint Venture reported \$7.4 million of such pass-through payment obligations.

Liquidity and Capital Resources

Overview

The Joint Venture's principal sources of liquidity are cash flows provided by operating activities, cash and cash equivalents on hand, and potential funds available under its Revolving Credit Facility. The Joint Venture's principal uses of liquidity are working capital, capital expenditures, debt service, business acquisitions and other general corporate purposes. The Joint Venture anticipates its cash on hand, cash generated from operations, and funds available under the Revolving Credit Facility will be sufficient to fund its planned capital expenditures, debt service obligations, business acquisitions and operating needs. The Joint Venture may, however, elect to raise funds through debt or equity financing in the future to fund significant investments or acquisitions that are consistent with its growth strategy.

Table of Contents

Cash, cash equivalents and restricted cash totaled \$73.0 million and \$48.9 million at September 30, 2019 and March 31, 2019, respectively, of which \$23.7 million and \$28.1 million was held outside the United States. As of September 30, 2019, no amounts had been drawn under the senior secured revolving line of credit and the Joint Venture could have borrowed up to the additional \$779.9 million available. The Joint Venture also has the ability to borrow up to an additional \$1,080.0 million, or such amount that the senior secured net leverage ratio does not exceed 4.9 to 1.0, whichever is greater, under the Senior Secured Credit Facilities, subject to certain additional conditions and commitments by existing or new lenders to fund any additional borrowings.

The balance retained in cash and cash equivalents is consistent with the Joint Venture's short-term cash needs and investment objectives. The Joint Venture may be required to make additional principal payments on the Term Loan Facility based on excess cash flows of the prior year, as defined in the credit agreement governing the Term Loan Facility.

Net change in cash, cash equivalents and restricted cash	\$ 24.1	\$ 158.0	(133.9)	(84.7)%

Operating Activities

Cash provided by operating activities is primarily affected by operating income, including the impact of debt service payments, integration related costs and the timing of collections and related disbursements. Cash provided by operating activities includes \$12.9 million and \$156.1 million as a source of cash related to pass-through funds for the six months ended September 30, 2019 and 2018, respectively.

Investing Activities

Cash used in investing activities primarily reflects routine capital expenditures related to purchase of property and equipment and the development of software, as well as expenditures related to significant software development efforts necessary to integrate the contributed businesses in both periods. Cash provided by investing activities in the six months ended September 30, 2018 was primarily impacted by the proceeds from the sale of the extended care business.

Financing Activities

Cash used in financing activities reflects cash payments under the Term Loan Facility, receipts under the Joint Venture's interest rate cap agreements, and payments for deferred financing obligations. Cash used in financing activities was primarily impacted by the proceeds from the initial public offering and resulting increased payments under the Term Loan Facility in the six months ended September 30, 2019.

Capital Expenditures

The Joint Venture incurs capital expenditures to grow its business by developing new and enhanced capabilities, to increase the effectiveness and efficiency of the organization and to reduce risks. The Joint Venture incurs capital expenditures for product development, disaster recovery, security enhancements, regulatory compliance and the replacement and upgrade of existing equipment at the end of its useful life.

Debt

Senior Credit Facilities and Senior Notes

In March 2017, the Joint Venture entered into the \$5,100 million term loan facility (the “Term Loan Facility”), and a \$500 million revolving credit facility (as amended in July 2019 to increase the maximum amount that can be borrowed to \$785 million, the “Revolving Credit Facility” and, together with the Term Loan Facility, the “Senior Secured Credit Facilities”). Additionally, the Joint Venture issued \$1,000 million of 5.75% senior notes due 2025 (the “Senior Notes”). No amounts have been drawn against the Revolving Credit Facility as of September 30, 2019.

The Joint Venture used the initial public offering proceeds received from Change Healthcare Inc. to repay \$805,000 of its indebtedness under the Term Loan Facility without penalty in July 2019. The Joint Venture repaid an additional \$85,000 of its indebtedness under the Term Loan Facility without penalty during the three months ended September 30, 2019 for a total paydown of \$890,000.

In July 2019, the Joint Venture amended the Revolving Credit Facility, the primary effects of which were to increase the maximum amount that can be borrowed from \$500 million to \$785 million and to extend the maturity date until July 3, 2024. In the event that the outstanding balance under the Term Loan Facility exceeds \$1,100 million on December 1, 2023, however, amounts due, if any, under the Revolving Facility become due and payable on December 1, 2023.

Tangible Equity Units

In July 2019, the Joint Venture issued a debt arrangement to Change Healthcare Inc. on terms that substantially mirror the economics of the amortizing note component of the Change Healthcare Inc. TEUs. The Joint Venture agreed to pay Change Healthcare Inc. an aggregate principal amount of \$47,367 in quarterly installments of principal and interest (5.5% per year) on March 30, June 30, September 30, and December 30 of each year through June 30, 2022.

Hedges

From time to time, the Joint Venture executes interest rate cap agreements with various counterparties that effectively cap its LIBOR exposure on a portion of its existing Term Loan Facility or similar replacement debt. The following table summarizes the terms of the Joint Venture’s interest rate cap agreements at September 30, 2019.

Effective Date	Expiration Date	Notional Amount	Receive LIBOR Exceeding (1)	Pay Fixed Rate
March 31, 2017	March 31, 2020	\$ 650,000	1.25%	0.56%
March 31, 2017	March 31, 2020	\$ 750,000	1.00%	0.82%
August 31, 2018	March 31, 2020	\$ 500,000	1.00%	1.82%
March 31, 2020	December 31, 2021	\$ 1,500,000	1.00%	1.82%

(1) All based on 1-month LIBOR, except the \$650,000 tranche which receives based on 3-month LIBOR.

The interest rate caps are recorded on the balance sheet at fair value. Changes in the fair value of the interest rate cap agreements are recorded in other comprehensive income.

In accordance with ASC 815, the fair value of the interest rate caps at inception is reclassified from other comprehensive income to interest expense in the same period the interest expense on the underlying hedged debt impacts earnings. Any payments the Joint Venture receives to the extent LIBOR exceeds the specified cap rate is also reclassified from other comprehensive income to interest expense in the period received.

In July 2017, the Financial Conduct Authority (the authority that regulates LIBOR) announced it intends to stop compelling banks to submit rates for the calculation of LIBOR after 2021. The Alternative Reference Rates Committee (“ARRC”) has proposed that the Secured Overnight Financing Rate (“SOFR”) is the rate that represents best practice as the alternative to USD-LIBOR for use in derivatives and other financial contracts that are currently indexed to USD-LIBOR. ARRC has proposed a paced market transition plan to SOFR from USD-LIBOR and organizations are currently working on industry wide and company specific transition plans as it relates to derivatives and cash markets exposed to USD-LIBOR. The Joint Venture has material contracts that are indexed to USD-LIBOR and is monitoring this activity and evaluating the related risks.

Effect of Certain Debt Covenants

A breach of any of the covenants under the agreements governing the Joint Venture's debt could limit its ability to borrow funds under the Term Loan Facility and could result in a default under the Term Loan Facility. Upon the occurrence of an event of default under the Term Loan Facility, the lenders could elect to declare all amounts then outstanding to be immediately due and payable, and the lenders could terminate all commitments to extend further credit. If the Joint Venture were unable to repay the amounts declared due, the lenders could proceed against any collateral granted to them to secure that indebtedness.

With certain exceptions, the Term Loan Facility obligations are secured by a first-priority security interest in substantially all of the assets of the Joint Venture, including its investment in subsidiaries. The Term Loan Facility contains various restrictions and nonfinancial covenants, along with a senior secured net leverage ratio test. The nonfinancial covenants include restrictions on dividends, investments, dispositions, future borrowings and other specified payments, as well as additional reporting and disclosure requirements. The senior secured net leverage test must be met as a condition to incur additional indebtedness, but otherwise is applicable only to the extent that amounts drawn exceed 35% of the Revolving Credit Facility at the end of any fiscal quarter. As of September 30, 2019, the Joint Venture was in compliance with all debt covenants.

The Joint Venture's ability to meet its liquidity needs depends on its subsidiaries' earnings and cash flows, the terms of the Joint Venture and its subsidiaries' indebtedness, and other contractual restrictions. Except for certain permitted distributions, the Joint Venture generally is not permitted to make any distribution to its members.

Off-Balance Sheet Arrangements

As of September 30, 2019, the Joint Venture had no off-balance sheet arrangements.

Recent Accounting Pronouncements

See Exhibit 99.1, “Notes to Consolidated Financial Statements,” Note 2, “Summary of Significant Accounting Policies,” for information about recent accounting pronouncements and the potential impact on the Joint Venture’s consolidated financial statements.

Critical Accounting Estimates

The preparation of financial statements in accordance with GAAP requires us to make estimates and assumptions that affect reported amounts and related disclosures. The Joint Venture considers an accounting estimate to be critical if:

- it requires assumptions to be made that were uncertain at the time the estimate was made; and
- changes in the estimate or different estimates that could have been made could have a material impact on our consolidated results of operations and financial condition.

The Joint Venture believes the current assumptions and other considerations used to estimate amounts reflected in its consolidated financial statements are appropriate. However, if actual experience differs from the assumptions and other considerations used in estimating amounts reflected in our consolidated financial statements, the resulting changes could have a material adverse effect on the Joint Venture’s consolidated results of operations and financial condition.

Revenue Recognition

In April 2019, the Joint Venture adopted Accounting Standards Codification ASC 606, Revenue from Contracts with Customers, which replaced most prior general and industry specific revenue recognition guidance with a principles-based comprehensive revenue recognition framework. Under this revised framework, a company recognizes revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods and services.

The Joint Venture generates most of its solutions revenue by using technology solutions (generally Software as a Service (“SaaS”)) to provide services to its customers that automate and simplify business and administrative functions for payers, providers, pharmacies, and channel partners and through the licensing of software, software systems (consisting of software, hardware and maintenance support) and content.

The Joint Venture recognizes revenue when the customer obtains control of the good or service through the Joint Venture satisfying a performance obligation by transferring the promised good or service to the customer.

Principal Revenue Generating Products and Services

Content license subscriptions and time-based software—The Joint Venture’s content license subscriptions and time-based software arrangements provide a license to use a software for a specified period of time. At the end of the contractual period, the customer either renews the license for an additional term or ceases to use the software. Software licenses are typically delivered to the customer with functionality that the customer can benefit from the software on its own or together with readily available resources. As contracts for these solutions generally do not price individual components separately, the Joint Venture allocates the transaction price to the license and ongoing support performance obligations based on standalone selling price (“SSP”), primarily determined by historical value relationships between licenses and ongoing support and updates. Revenue allocated to content license subscriptions and time-based software license agreements is generally recognized at the point-in-time of delivery of the license or the content update upon transfer of control of the underlying license to the customer. Generally, software implementation fees are recognized over the implementation period through an input measure of progress method. Revenue allocated to maintenance and support is recognized ratably over the period covered by the agreements, as passage of time represents a faithful depiction of the transfer of these services. In some cases, software arrangements provide licenses to several software applications that are highly integrated with the implementation services and software updates and cannot function separately. The bundle is a single performance obligation since the individually promised goods and services are not distinct in the context of the contract because the related implementation services significantly modify and customize the software and the updates provided to the integrated software solution are critical to the software’s utility. The related revenue is recognized on a straight-line basis, ratably over the contractual term due to the frequency and criticality of the updates throughout the license period.

Contingent fee services—The Joint Venture provides services to customers in which the transaction price is contingent on future occurrences, such as savings generated or amounts collected on behalf of its customers through the delivery of its services. In some cases, the Joint Venture performs services in advance of invoicing the customer, thereby creating a contract asset. Revenue in these arrangements is estimated and constrained until the Joint Venture determines that it is probable that a significant revenue reversal will not occur, and variable consideration is allocated to the performance obligation for which the Joint Venture earns a contingent fee.

Table of Contents

Perpetual software licenses—The Joint Venture’s perpetual software arrangements provide a license for a customer to use software in perpetuity. Software licenses are typically delivered to the customer with functionality from which the customer can benefit from the license on its own or together with readily available resources. Perpetual software arrangements are recognized at the time of delivery or through an input measure of progress method over the installation period if the arrangements require significant production or modification or customization of the software. Contracts accounted for through an input measure of progress method are generally measured based on the ratio of labor hours incurred to date to total estimated labor hours to be incurred. Software implementation fees are recognized as the work is performed or under the input method for perpetual software. Hardware revenues are generally recognized upon delivery. Maintenance is recognized ratably over the term of the agreement as passage of time represents a faithful depiction of the transfer of these services.

Professional services—The Joint Venture provides training and consulting services to its customers, and the services may be fixed fee or time and materials based. Consulting services that fall outside of the standard implementation services vary depending on the scope and complexity of the service requested by the customer. Consulting services are deemed to be capable of being distinct from other products and services, and the services are satisfied either at a point of time or over time based on delivery. Training services are usually provided as an optional service to enhance the customer’s experience with a software product or provides additional education surrounding the general topic of the solution. Training services are capable of being distinct from other products and services. The Joint Venture treats training services as a distinct performance obligation, and they are satisfied at a point of time.

Transaction processing services—The Joint Venture provides transaction processing (such as claims processing) services to hospitals, pharmacies and health systems via a cloud-based (SaaS) platform. The promised service is to stand ready to process transactions for our customers over the contractual period on an as needed basis. The revenue related to these services is recognized over time as the transactions are processed, and the revenue is recognized over the individual days in which the services are performed. Any fixed annual fees and implementation fees are recognized ratably over the contract period.

Hosted solutions and software as a service (“SaaS”)—The Joint Venture enters into arrangements whereby the Joint Venture provides the customer access to a Joint Venture-owned software solution, which are generally marketed under annual and multi-year arrangements. The customer is only provided “access” (not a license) to the software application. In these arrangements, the customer does not purchase equipment nor does the customer take physical possession of the software. The related revenue is recognized ratably over the contracted term. For fixed fee arrangements, revenue recognition begins after set-up and implementation are complete. For per-transaction fee arrangements, revenue is recognized as transactions are processed beginning on the service start date.

Contract Balances

The Joint Venture’s payment terms vary by customer and product type. For certain products or services, the Joint Venture requires upfront payments before control of the product or service has transferred to the customer. For other products and services, the Joint Venture invoices the customer in arrears after providing the products or services. In addition, for certain contingent fee services, customers are billed in arrears, typically based upon a percentage of collections the Joint Venture makes on the customer’s behalf.

Under the new revenue standard, the Joint Venture generally recognizes a contract asset when revenue is recognized in advance of invoicing on a customer contract, unless the right to payment for that revenue is unconditional (i.e. requiring no further performance and only the passage of time). If a right to payment is determined to meet the criteria to be considered ‘unconditional’, then the Joint Venture will recognize a receivable.

There were no impairment losses recognized on accounts receivable or contract assets in the three and six months ended September 30, 2019.

The Joint Venture records deferred revenues when billings or payments are received from customers in advance of its performance. Deferred revenue is generally recognized when transfer of control to customers occurs. The deferred revenue balance is driven by multiple factors, including the frequency of renewals, invoice timing, and invoice duration. As of September 30, 2019, the Joint Venture expects 94% of the deferred revenue balance to be recognized in one year or less, and approximately \$328 million of the beginning period balance was recognized during the three months ended September 30, 2019.

Costs to Obtain or Fulfill a Contract

Sales commissions and certain other incentive payments (e.g., bonuses that are contingent solely on obtaining a contract or a pool of contracts) earned by the Joint Venture’s sales organization are capitalized as incremental costs to obtain a contract. The Joint Venture typically does not offer commissions on contract renewals. Decremental commissions upon renewal (i.e., non-commensurate with initial commissions) are offered to the Joint Venture’s sales associates for certain customers and are not material. Under ASC 606, all commissions and other qualifying incentive payments capitalized are amortized over an expected period of benefit defined as the initial contract term plus anticipated renewals. In contrast, under ASC 605 these capitalized costs were amortized over the specific

Table of Contents

revenue contract terms, which are typically 12 to 60 months. In making the significant judgment in determining the appropriate period of benefit, the Joint Venture evaluated both qualitative and quantitative factors such as the expected customer relationship period and technology obsolescence. In addition, prior to solution go-live, the Joint Venture incurs certain contract fulfillment costs primarily related to SaaS setup for our clients. These costs are capitalized to the extent they are directly related to a contract, are recoverable, and create a resource used to deliver the Joint Venture's SaaS services. Capitalized costs to fulfill a contract are amortized over the expected period of benefit.

At September 30, 2019, the Joint Venture had capitalized costs to obtain a contract of \$12.4 million in prepaid and other current assets and \$67.4 million in other noncurrent assets. During the three and six months ended September 30, 2019, the Joint Venture recognized \$5.1 million and \$9.2 million, respectively, of amortization expense related to such capitalized costs, which is included in the total operating expenses. At September 30, 2019, the Joint Venture had capitalized costs to fulfill a contract of \$1.4 million in prepaid and other current assets and \$8.6 million in other noncurrent assets. During the three and six months ended September 30, 2019, the Joint Venture recognized \$0.3 million and \$0.6 million, respectively, of amortization expense related to such capitalized costs, which is included in cost of operations.

Postage Revenues

Postage revenues are the result of providing delivery services to customers in the Joint Venture's payment and communication solutions. Postage revenues are generally billed as a pass-through cost to the Joint Venture's customers. The service is part of a combined performance obligation with the printing and handling services provided to the customer because the postage services are not distinct within the context of the contract. The Joint Venture presents Postage Revenue separately from Solutions Revenue on the consolidated statements of operation as it makes the financial statements more informative for the users. The revenue related to the combined performance obligation of the postage, printing, and handling service is recognized as the transactions are processed, and the revenue is recognized over the individual days in which the services are performed.

Arrangements with Multiple Performance Obligations

The Joint Venture engages in customer arrangements which may include multiple performance obligations, such as any combination of software, hardware, implementation, SaaS-based offerings, consulting services, or maintenance services. For such arrangements, the Joint Venture allocates revenues to each performance obligation on a relative standalone selling price basis. A performance obligation's standalone selling price is determined based on the directly observable prices charged to customers when available or estimated using other methods such as the adjusted market assessment approach, the expected cost plus a margin approach, or other approaches in cases where distinct performance obligations are not sold separately but instead sold at a bundled price. For performance obligations with historical pricing that is highly variable, the residual approach is used. Such instances primarily relate to the Joint Venture's perpetual software arrangements in which the Joint Venture sells the same products to different customers for a broad range of amounts.

Remaining Performance Obligations

The aggregate amount of transaction price allocated to performance obligations that are unsatisfied (or partially unsatisfied) for executed contracts includes deferred revenue and other revenue yet to be recognized from non-cancellable contracts. As of September 30, 2019, the Joint Venture's total remaining performance obligations approximated \$1.4 billion, of which approximately 52% is expected to be recognized over the next twelve months, and the remaining 48% thereafter.

In this balance, the Joint Venture does not include the value of unsatisfied performance obligations related to those contracts for which it recognizes revenue at the amount for which it has the right to invoice for services performed. Additionally, this balance does not include revenue related to performance obligations that are part of a contract with an original expected duration of one year or less. Lastly, this balance does not include variable consideration allocated to the individual goods or services in a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer. Examples includes variable fees associated with transaction processing and contingent fee services.

Disaggregated Revenue

The Joint Venture disaggregates the revenue from contracts with customers by operating segment as it believes doing so best depicts how the nature, amount, timing and uncertainty of the Joint Venture's revenue are affected by economic factors. See Note 9 in the Joint Venture unaudited financial statements included in Exhibit 99.1, "Segment Reporting" for the total revenue disaggregated by operating segment for the six months ended September 30, 2019 and 2018.

The Joint Venture's total revenue by disaggregated revenue source was generally consistent for each reportable segment for the three and six months ended September 30, 2019 compared with the corresponding periods in 2018.

[Table of Contents](#)

Customer Incentives

Certain customers, which include the Joint Venture's channel partners, may receive cash-based incentives or rebates based on actual sales and achievement of a cumulative level of sales, which are accounted for as variable consideration. The Joint Venture considers these amounts to be consideration payable to the customer, and therefore, the Joint Venture estimates these amounts based on the expected amount to be provided to customers and reduces the transaction price accordingly.

Practical Expedients and Exemptions

The Joint Venture has elected to utilize either the right to invoice practical expedient or the series-based variable consideration allocation framework for most transaction processing services not subject to contingencies. The Joint Venture also has elected to exclude sales taxes and other similar taxes from the measurement of the transaction price in contracts with customers. Therefore, revenue is recognized net of such taxes.

In certain customer arrangements with customers, the Joint Venture determined there are certain promised goods or services which are immaterial in the context of the contract from both a quantitative and qualitative perspective, and therefore, the goods and services are disregarded when assessing the performance obligations in the customer arrangement.

The Joint Venture has elected to apply the significant financing practical expedient, and as a result, the Joint Venture will not adjust the promised amount of consideration in a customer contract for the effects of a significant financing component when the period of time between when the Joint Venture transfers a promised good or service to a customer and when the customer pays for the good or service will be one year or less.

Apart from the adoption of ASC 606, the Joint Venture believes there have been no other significant changes during the six months ended September 30, 2019 to the items we previously disclosed as our critical accounting estimates in "Management's Discussion and Analysis of Financial Condition and Results of Operations".

Cautionary Notice Regarding Forward-Looking Statements

This Quarterly Report contains "forward-looking statements" within the meaning of federal securities laws. Any statements made in this quarterly report that are not statements of historical fact, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements include information concerning possible or assumed future results of operations, including descriptions of our business plans and strategies. These statements often include words such as "anticipate," "expect," "suggest," "plan," "believe," "intend," "estimate," "target," "project," "should," "could," "would," "may," "will," "forecast," "outlook," "potential," "continues," "seeks," "predicts," and the negatives of these words and other similar expressions.

Although we believe that these forward-looking statements are based on reasonable assumptions, you should be aware that factors affecting our actual financial results could cause actual results to differ materially from those expressed in the forward-looking statements. Factors that could materially affect our financial results or such forward-looking statements include, among others, the following factors:

- macroeconomic and industry trends and adverse developments in the debt, consumer credit and financial services markets;
- our ability to provide competitive services and prices while maintaining our margins;
- our ability to retain or renew existing customers and attract new customers;
- our ability to maintain the security and integrity of our data;
- our ability to deliver services timely without interruption;
- our ability to maintain our access to data sources;
- government regulation and changes in the regulatory environment;
- litigation or regulatory proceedings;
- our ability to effectively manage our costs;
- economic and political instability in the United States and international markets where we operate;
- our ability to effectively develop and maintain strategic alliances and joint ventures;
- our ability to timely develop new services and the market's willingness to adopt our new services;
- our ability to manage and expand our operations and keep up with rapidly changing technologies;
- our ability to make acquisitions and integrate the operations of acquired businesses;
- our ability to protect and enforce our intellectual property, trade secrets and other forms of unpatented intellectual property;
- our ability to defend our intellectual property from infringement claims by third parties;
- the ability of our outside service providers and key vendors to fulfill their obligations to us;
- further consolidation in our end-customer markets;
- losses against which we do not insure;
- our ability to make timely payments of principal and interest on our indebtedness;
- our ability to satisfy covenants in the agreements governing our indebtedness;
- our ability to maintain our liquidity;
- our reliance on key management personnel; and
- our controlling stockholders.

There may be other factors, many of which are beyond our control, that may cause our actual results to differ materially from the forward-looking statements, including factors disclosed in the Registration Statement on Form S-1 (No. 333-230345) in the section entitled "Risk Factors" and in the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this report. You should evaluate all forward-looking statements made in this report and the other public statements we may make from time to time in the context of these risks and uncertainties.

Our forward-looking statements made herein speak only as of the date on which made. We expressly disclaim any intent, obligation or undertaking to update or revise any forward-looking statements made herein to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statements are based. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements contained in this report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Change Healthcare Inc.

Change Healthcare Inc. holds an equity method investment in the LLC Units of the Joint Venture as well as, following the consummation of the offering of TEUs on July 1, 2019, investments in the amortizing notes and prepaid forward purchase contracts components of the TEUs issued by the Joint Venture. In the case of the equity method investment in the Joint Venture, Change Healthcare Inc. is only exposed to changes in the fair value of the investment to the extent that the changes in fair value are so significant and long-lasting that they represented an other than temporary impairment of the investment. In the case of the investments in the amortizing note and prepaid forward purchase contracts components of the TEUs, however, such investments are required to be remeasured to their respective fair value each quarter with the changes in those values affecting earnings and other comprehensive income of Change Healthcare Inc.

Change Healthcare LLC

The Joint Venture has interest rate risk primarily related to borrowings under the Senior Secured Credit Facilities. Borrowings under the Senior Secured Credit Facilities bear interest at a rate equal to, at the Joint Venture's option, either (i) LIBOR for the relevant interest period, adjusted for statutory reserve requirements (which is subject, in the case of the Term Loan Facility, to a floor of 1.00% per annum and, in the case of the Revolving Credit Facility, to a floor of 0.00% per annum), plus an applicable margin or (ii) a base rate equal to the highest of (a) the rate of interest in effect as publicly announced by the administrative agent as its prime rate, (b) the federal funds effective rate plus 0.50% and (c) adjusted LIBOR for an interest period of one month plus 1.00% (which may be subject, solely in the case of the Term Loan Facility, to a floor of 2.00% per annum), in each case, plus an applicable margin.

As of September 30, 2019, the Joint Venture had borrowings of \$3,993.3 million (before unamortized debt discount) under the Senior Secured Credit Facilities. As of September 30, 2019, the LIBOR-based interest rate on the Term Loan Facility and Revolving Credit Facility were each LIBOR plus 2.5%.

The Joint Venture manages economic risks, including interest rate, liquidity and credit risk, primarily by managing the amount, sources and duration of our debt funding and the use of derivative financial instruments. Specifically, the Joint Venture enters into interest rate cap agreements to manage exposures that arise from business activities that result in the receipt or payment of future known and uncertain cash amounts, the value of which are determined by interest rates. The Joint Venture's interest rate cap agreements are used to manage differences in the amount, timing and duration of our known or expected cash receipts and our known or expected cash payments principally related to our borrowings. As of September 30, 2019, the Joint Venture's outstanding interest rate cap agreements were each designated as cash flow hedges of interest rate risk and were determined to be highly effective.

A change in interest rates on variable rate debt may impact the Joint Venture's pretax earnings and cash flows. Based on the Joint Venture's outstanding debt as of September 30, 2019, and assuming that its mix of debt instruments, derivative financial instruments and other variables remain the same, the annualized effect of a one percentage point change in variable interest rates would have an annualized pretax impact on the Joint Venture's earnings and cash flows of approximately \$20.9 million.

In the future, in order to manage the Joint Venture's interest rate risk, it may refinance its existing debt, enter into additional interest rate cap agreements, modify its existing interest rate cap agreements or make changes that may impact its ability to treat its interest rate cap agreements as a cash flow hedge. However, the Joint Venture does not intend or expect to enter into derivative or interest rate cap agreement transactions for speculative purposes.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Change Healthcare Inc.'s management, with the participation of its Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of its disclosure controls and procedures as of the end of the period covered by this report. The term "disclosure controls and procedures" as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to management including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely discussions regarding required disclosures.

Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving their desired control objectives. Based on the evaluation of Change Healthcare Inc.'s disclosure controls and procedures as of the end of the period covered by this report, its Chief Executive Officer and Chief Financial Officer concluded that, as of such date, its disclosure controls and procedures were effective at a reasonable assurance level.

Changes in Internal Control Over Financial Reporting

During the quarter covered by this report, there have been no changes in Change Healthcare Inc.'s internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, its internal controls over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Change Healthcare Inc.

In the normal course of business, Change Healthcare Inc. may become subject to various claims and legal proceedings. As of September 30, 2019, Change Healthcare Inc. was not involved in any material pending legal proceedings.

Change Healthcare LLC

The Joint Venture is subject to various claims with customers and vendors, pending and potential legal actions for damages, investigations relating to governmental laws and regulations and other matters arising out of the normal conduct of its business.

From time to time, the Joint Venture receives subpoenas or requests for information from various government agencies. The Joint Venture generally responds to such subpoenas and requests in a cooperative, thorough and timely manner. These responses sometimes require time and effort and can result in considerable costs being incurred by the Joint Venture. Such subpoenas and requests also can lead to the assertion of claims or the commencement of civil or criminal legal proceedings against the Joint Venture and other members of the health care industry, as well as to settlements.

Additionally, in the normal course of business, the Joint Venture is involved in various claims and legal proceedings. While the ultimate resolution of these matters has yet to be determined, the Joint Venture does not believe that it is reasonably possible that their outcomes will have a material adverse effect on the Joint Venture's consolidated financial position, results of operations or liquidity.

To reduce their exposure to an unexpected significant monetary award resulting from an adverse judicial decision, both Change Healthcare Inc. and Change Healthcare LLC maintain insurance that they believe is appropriate and adequate based on historical experience. Both Change Healthcare Inc. and Change Healthcare LLC advise their insurance carriers of any claims, threatened or pending, against them in the course of litigation and generally receives a reservation of rights letter from the carriers when such claims exceed applicable deductibles.

ITEM 1A. RISK FACTORS

In addition to the other information included in this report, you should carefully consider the factors discussed in "Risk Factors" included in the Registration Statement on Form S-1 (No. 333-230345), as well as the factors identified under "Cautionary Notice Regarding Forward-Looking Statements" at the end of Part I, Item 2 of this Quarterly Report, which could materially affect the Change Healthcare Inc.'s or the Joint Venture's business, financial condition or future results. The risks described in the Registration Statement on Form S-1 and this Quarterly Report are not the only risks Change Healthcare Inc. or the Joint Venture face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect our business, financial condition or operating results.

**Change Healthcare LLC
Annual Incentive Plan (AIP)
Amended and Restated as of September 18, 2019**

1. **Purpose.** The purpose of the Change Healthcare LLC Annual Incentive Plan (the “Plan”) is to provide an incentive to eligible employees of Change Healthcare LLC and its participating subsidiaries (collectively, the “Company”) who contribute to the success of the enterprise. The Plan offers eligible employees an opportunity to earn compensation in addition to their base salaries, based upon the performance of the Company (including its Business Units) and their individual performance.
2. **Plan Administration.** The Compensation Committee of the Board of Directors (the “Board”) of the Company (the “Committee”), in consultation with the Chief Executive Officer of the Company (the “CEO”), shall administer the Plan. The CEO shall oversee and interpret any and all aspects of the Plan (including the amount payable to any individual participant) and may delegate any responsibilities under the Plan to the Chief People Officer (“CPO”) of the Company. The CEO (other than with respect to himself) shall make final recommendations to the Committee regarding both the amount and the timing of any bonus payments pursuant to the Plan. The Committee shall review and approve the CEO’s recommendations. If an employee believes that he/she has been paid incorrectly or denied payment incorrectly under the Plan, the employee must provide written notice to the CPO (the “appeal”) within thirty (30) days of the date of the incorrect payment or payment refusal. The CEO has the sole unilateral discretion and authority to accept or reject an appeal, whether to modify or make a payment in response to an appeal, to interpret and apply the Plan and any and all language contained in the Plan, and to determine the amount of payment. Any and all decisions made by the CEO are final.
3. **Plan Year.** The Plan shall be effective from April 1 of each fiscal year of the Company through March 31 of such fiscal year (each, a Plan Year”).
4. **Participant Eligibility.** Employees eligible to participate in the Plan generally include regular full-time employees, unless state, local, province, or territorial laws requires additional employee participation, and an eligible employee selected to participate in the Plan is referred to as a “Participant”. A Participant must be employed and meet the eligibility criteria before the Participation Deadline to be eligible to participate in the Plan for that year.

Generally, individuals who are ineligible to participate in the Plan include the following:

- Temporary employees, independent contractors and consultants
- Employees located in the United States who do not have a signed Company Protection Agreement on file with the Company
- Anyone not actively employed on the date the Actual Awards are distributed (except as described in this Plan summary)
- Any other employee that does not meet the eligibility criteria above

5. **Annual Incentive Potential.** The target bonus potential (“Annual Incentive Plan or AIP Target Percentage”) is calculated as a percentage of the Participant’s Annual Base Salary as of the last day of the Plan Year to which the bonus relates. If a Participant no longer participates in the Plan due to a change in job during the Plan Year, the AIP Target Percentage is calculated as a percentage of the Participant’s Annual Base Salary as of the last day of the Plan Year on which the individual was a Participant in the Plan. If a Participant changes from full-time to part-time or vice versa during the Plan year, then the AIP Target Percentage is calculated based on the different employment percentages applicable during the Plan Year. The guidelines for determining AIP Target Percentage are based on the level of the job the employee is assigned. These guidelines, however, may be adjusted to reflect the significance, scope and level of accountability for a given job. Adjustments (increases or reductions) to the AIP Target Percentage levels may be made at the discretion of the CEO or the CPO of the Company. Additionally, certain AIP Target Percentage levels are set forth in written employment agreements. As such, these written agreements shall be controlling.
6. **Performance Targets.** The funding and payment of bonuses is based upon performance metrics established by the Committee. Unless and until otherwise specified by the Committee, the three Plan components are the Company Performance Targets, Business Unit Performance Targets and Individual Performance Measures. Calculation of Actual Awards shall be based on the achievement of multiple objectives. Each objective has a threshold, target and a maximum level of performance. For each objective, the bonus payment shall range from zero to a maximum percentage based on the level of performance for that objective.
 - a. Company Performance Targets. Payments are contingent upon the Company achieving the Company Performance Targets as shall be set by the Committee within the first ninety days of a Plan Year. If, and when, bonuses are declared, financial calculations shall be made to determine the funding level for Participants based upon the Company Performance Targets.
 - b. Business Unit Performance Targets. For those eligible employees whose job responsibilities are primarily related to a particular Business Unit, payments for a portion of the Participant’s bonus amount are contingent upon the Business Unit, achieving the applicable Performance Targets as shall be set by the Committee with respect to each Plan Year. If, and when, bonuses are declared, financial calculations shall be made to determine a funding level for each Business Unit.

-
- c. **Individual Performance Measures.** Each Participant shall have one or more Individual Performance Measures. Individual Performance Measures may be quantitative, qualitative or both. Once the Company and/or the Business Unit have achieved their performance goals, a Participant's Individual Performance Measures, taken as a whole with the Company and/or Business Unit performance, shall determine the amount of the Participant's Actual Award. Individual bonus potential can be greatly impacted by the level of achievement of Individual Performance Measures as determined by each Participant's manager. Actual Awards shall be adjusted, at each Participant's manager's discretion, to reflect the Participant's individual contribution to the achievement of Company Performance Targets and Business Unit Performance Targets and the Participant's Individual Performance Measures. A Participant's manager shall review and approve, modify or disapprove the Actual Award, if any, to be paid to a Participant for the Plan Year, and reserves the right to reduce or increase or eliminate the individual payments determined according to the above method.
7. **Prorations.** If an employee, not previously eligible for participation in the Plan, moves to a job and becomes eligible for participation in the Plan, the employee's Actual Award shall be calculated as a prorated portion of the annual bonus relevant to that Plan Year based upon the employee's first date of eligibility. If a person otherwise eligible for participation in the Plan becomes an employee of the Company during the Plan Year, the employee's Actual Award shall be calculated as a prorated portion of the annual bonus for that Plan Year based upon the employee's first date of employment. If a Participant is transferred to a new job during the Plan Year with a higher or lower AIP Target Percentage, the determination of the Participant's Actual Award shall be calculated based on the two different AIP Target Percentages, prorated for each AIP Target Percentage based on the date of the change in job. If a Participant is transferred to a new job during the Plan Year with a higher or lower Business Unit Performance Target, the determination of the Participant's Actual Award shall be calculated based on the different Performance Targets, prorated for each Business Unit Performance Target, based on the date of the change in job within that Plan Year. If a Participant no longer participates in the Plan due to a change in job during the Plan Year, the employee shall be eligible to receive a prorated award based on the period of participation in the Plan; provided, that the employee must continue to meet the "Conditions For Receiving Payment" set forth below. Such prorated award shall be paid at the same time as awards are made to other Participants under the Plan.
8. **Payout and Taxation.** The Company anticipates any bonus amounts earned under the Plan for each Plan Year shall be paid in a lump sum around June of the year following that Plan Year after completion of audited financial statements for the Plan Year and final executive and Committee approval but in any event, bonus amounts earned under the Plan, if any, shall be paid prior to March 15 of the calendar year following the end of the Plan Year to which such bonus amounts relate. Specific provisions regarding distribution

are outlined below under the “Conditions for Receiving Payment” section of the Plan. Payroll taxes shall be withheld from the bonus award, or remitted to tax authorities, subject to and in accordance with law. Actual Awards that Participants receive shall be reported as income in the year in which they are paid, in accordance with applicable law.

9. **Conditions for Receiving Payment.** No Actual Awards under this Plan shall be paid to any Participant if employment is terminated, whether voluntary or involuntary, prior to the actual payment distribution date, except as described in Section 10 of this Plan summary or to the extent required by applicable law. However, the Company retains the authority to make exceptions to the foregoing policy in unusual or meritorious cases including, but not limited to, the death of a Participant during the Plan Year, termination of employment due to total or partial disability, call to active military service or retirement with the written consent of the Company. For clarity, a Participant is considered an active employee of the Company during any notice period, whether based on a written employment agreement, the applicable local employment or labor laws, or the common or civil law (“Notice Period”) if the Participant continues working during the Notice Period, regardless of why that Participant’s employment is terminated. However, if a Participant receives a payment in lieu of notice, instead of working during the Notice Period, the employee will not be considered an active employee during the Notice Period and the last day worked is considered the termination date for purposes of the Plan.
10. **Effect of Termination of Employment.** Except as expressly set forth in this section, a Participant must be an active employee of the Company on the date the Actual Awards are distributed to Participants to be eligible to receive any payment under the Plan.
 - a. **Death or Long-Term Disability.** If a Participant’s employment is terminated by the Company due to death or Long-Term Disability during the Plan Year, the Participant shall be entitled to receive a prorated portion of the Actual Award, with proration based on the date of termination of employment within the Plan Year.
 - b. **Retirement.** If a Participant’s employment is terminated due to Retirement on or after the Participation Deadline, the Participant shall be entitled to receive a prorated portion of the Actual Award, with proration based on the date of termination of employment within the Plan Year.
 - c. **Other Qualifying Terminations.** If a Participant’s employment is terminated due to a Qualifying Termination on or after the Participation Deadline, the Participant shall be entitled to receive a prorated portion of the Actual Award, with proration based on the date of termination of employment within the Plan Year.

-
11. **Limitations and/or Adjustments.** Payment of an Actual Award under the Plan is not an integral part of a Participant's compensation package. A Participant's base salary compensates them for the expected results of any given job role within the Company. Payment of an Actual Award is at the discretion of the Company. For the avoidance of doubt, the Plan is discretionary by nature, and unless the provincial labor/employment standards legislation applicable in the province of employment where the Participant works requires otherwise in the specific circumstance, awards made under the Plan shall not be deemed a portion of a Participant's compensation for any purpose whatsoever, including without limitation, when calculating a Participant's entitlements to termination pay, severance pay or other amounts payable upon termination of employment. Participation in a Plan Year does not guarantee payment of an award under the Plan for that Plan Year and Participation in one Plan Year does not guarantee participation in any subsequent Plan Year. The Company reserves the right to review, amend, suspend and/or terminate the Plan, the incentive calculation formulas and all other aspects of the Plan at any time. Plan changes shall be based on a determination of the Company's business needs and do not require prior notification or explanation to Participants. A Participant's participation in the Plan shall not be construed as an employment contract or as a promise of continuing employment between the Company and the Participant. Employment with the Company is terminable at will, unless an employment contract or state, local, province, or territorial laws requires otherwise.
 12. **Active Employment Eligibility.** If a Participant takes any type of approved leave of absence for less than (12) consecutive weeks during the Plan Year, this period of time will be included in the calculation of the award. If a Participant takes any type of approved leave of absence for (12) consecutive weeks during the Plan Year or more, the period of time in excess of (12) weeks will not be considered in the Participant's Actual Award calculation, unless an employment contract or state, local, province, or territorial laws requires otherwise.
 13. **Section 409A.** The payments made under this Plan to Participants subject to U.S. taxes are intended to be exempt from with Section 409A of the Internal Revenue Code of 1986, as amended, and applicable guidance issued thereunder ("Section 409A"). Payments made under this Plan shall be interpreted and construed to be distributed in the short-term deferral period, as defined under Treasury Regulation section 1.409A-1(b)(4). Notwithstanding any provision of this Plan to the contrary, this Plan shall be interpreted and construed consistent with the terms set forth in this Section 13, provided that the Company shall not be required to assume any increased economic burden in connection therewith. Although the Company intends to administer this Plan so that it shall be exempt from the requirements of Section 409A, the Company does not represent or warrant that this Plan shall be exempt from Section 409A or any other provision of federal, state, local, or non-United States law. The Company, or either of its directors, officers, employees or advisers shall not be liable to the Participant (or any other individual claiming a benefit through the Participant) for any tax, interest, or penalties the Participant may owe as a result of compensation paid under this Plan, and shall have no obligation to indemnify or otherwise protect the Participant from the obligation to pay any taxes pursuant to Section 409A.

-
14. **Clawback.** Any payment made under this Plan shall be subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with (i) any clawback, forfeiture or similar policy adopted by the Company, whether in existence as of the effective date of the Plan or later adopted by the Company) and (ii) any applicable law or government regulation. Further, unless otherwise determined by the Committee, to the extent that the Participant receives any amount in excess of the amount that the Participant should otherwise have received under the terms of the Plan for any reason (including, without limitation, by reason of a financial restatement, mistake in calculations or other administrative error), the Participant shall be required to repay any such excess amount to the Company. The Company will make any determination for clawback, forfeiture or recovery in its sole discretion and in accordance with any applicable law, government regulation or Company policy, as applicable. By participating in this Plan the Participant consents to such deductions being made by the Company.
15. **Change in Control.** In connection with a Change in Control, the Committee shall have the discretion to make changes to the Plan and awards hereunder as the Committee, in its sole discretion, deems to be equitable and appropriate.
16. **Definitions.**
- a. **“Actual Award”** means the finally determined amount payable to a Participant under the Plan for a Plan Year.
 - b. **“Affiliate”** means any Person that directly or indirectly controls, is controlled by, or is under common control with Change Healthcare Inc. The term “control” (including, with correlative meaning, the terms “controlled by” and “under common control with”), as applied to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of voting or other securities, by contract, or otherwise.
 - c. **“Annual Base Salary”** means annual rate of pay as of the last day of the Plan year for exempt Participants. For non-exempt Participants, this is the hourly rate of pay annualized for the number of hours worked during the Plan Year.
 - d. **“Change in Control”** means (i) the acquisition (whether by purchase, merger, consolidation, combination, or other similar transaction) by any Person of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than 50% (on a fully diluted basis) of either (A) the then-outstanding

shares of Common Stock, taking into account as outstanding for this purpose such Common Stock issuable upon the exercise of options or warrants, the conversion of convertible stock or debt, the exchange of exchangeable stock or units, and the exercise of any similar right to acquire such Common Stock; or (B) the combined voting power of the then-outstanding voting securities of Change Healthcare Inc. entitled to vote generally in the election of directors, in the case of each of the foregoing clauses (A) and (B) assuming that all Units (as defined in the Company LLC Agreement) held by MCK Members (as defined in the Company LLC Agreement) had been exchanged for an equal number of shares of Common Stock; provided, however, that for purposes of the Plan, the following acquisitions shall not constitute a Change in Control: (I) any acquisition by Change Healthcare Inc. or any Affiliate; (II) any acquisition by any employee benefit plan sponsored or maintained by Change Healthcare Inc. or any Affiliate; or (III) any acquisition in connection with a Qualified MCK Exit (as defined in the Company LLC Agreement); (ii) during any period of 12 months, individuals who, at the beginning of such period, constitute the Board (the "Incumbent Directors") cease for any reason to constitute at least a majority of the Board; provided, that any Person becoming a director subsequent to the effective date of the Plan, whose election or nomination for election was approved by a vote of at least two-thirds of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of Change Healthcare Inc. in which such Person is named as a nominee for director, without written objection to such nomination) shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest, as such terms are used in Rule 14a-12 of Regulation 14A promulgated under the Exchange Act, with respect to directors or as a result of any other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board shall be deemed to be an Incumbent Director; or (iii) the sale, transfer, or other disposition of all or substantially all of the assets of Change Healthcare Inc. and the Company (taken as a whole) to any Person that is not an Affiliate of Change Healthcare Inc. or the Company.

- e. "Common Stock" means the common stock of Change Healthcare Inc., par value \$0.001 per share (and any stock or other securities into which such Common Stock may be converted or into which it may be exchanged).
- f. "Company LLC Agreement" means the Third Amended and Restated Limited Liability Company Agreement of Change Healthcare LLC, dated as of March 1, 2017.
- g. "Exchange Act" means the Securities Exchange Act of 1934, as amended, and any successor thereto. Reference in the Plan to any section of (or rule promulgated under) the Exchange Act shall be deemed to include any rules, regulations, or other interpretative guidance under such section or rule, and any amendments or successor provisions to such section, rules, regulations, or guidance.

-
- h. “Long-Term Disability” shall mean the Company or its affiliates having cause to terminate a Participant’s employment or service on account of “disability,” as defined in any written employment agreement then in effect between the Participant and the Company or an affiliate, or in the absence of such an agreement, a condition entitling the Participant to receive benefits under a long-term disability plan of the Company or an affiliate or, in the absence of such a plan, the complete and permanent inability by reason of illness or accident to perform the duties of the occupation at which a Participant was employed or served when such disability commenced or, as determined by the Company based upon medical evidence acceptable to it.
 - i. “Participation Deadline” with respect to a Plan Year shall mean January 1 of the Plan Year.
 - j. “Person” means any individual, entity, or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act).
 - k. “Qualifying Termination” means a termination of employment eligible to receive benefits under the Company’s Severance Guidelines or Executive Severance Guidelines in accordance with the terms and conditions of such guidelines as may be amended from time to time.
 - l. “Retirement” means, unless otherwise set forth in an employment agreement with a Participant or specifically defined under local law for the purposes of payment of compensation for services, termination from the Company with age of at least 65.
17. **Governing Law.** For employees on U.S. payroll, the laws of the state of Tennessee shall govern all questions concerning the construction, validity and interpretation of the Plan, without regard to the state of Tennessee’s conflict of laws rules.

For International employees, the laws of the country where the Participant permanently resides shall govern all questions concerning the construction, validity and interpretation of the Plan, without regard to the Country of Residence’s conflict of laws rules.

CHANGE HEALTHCARE LLC
U.S. EXECUTIVE SEVERANCE BENEFIT GUIDELINES
(AMENDED AND RESTATED SEPTEMBER 18, 2019)

1. INTRODUCTION.

The terms of the Change Healthcare LLC Executive Severance Benefit Guidelines (the “*Guidelines*”) are set forth below. The purpose of the Guidelines is to provide a framework to be used in the event that any of the Change Healthcare LLC, Participating Companies (collectively, the “*Company*”) decides to award severance to Eligible Executives who have a Qualifying Termination and who do not have a contractual entitlement to Severance Benefits. The determination as to which Executive is eligible to receive Severance Benefits in the event of a Qualifying Termination is within the Company’s sole discretion. The Company may amend, modify or terminate these Guidelines at any time with or without notice to Executives, including without limitation the right to establish Severance Benefits on an action by action basis in its sole discretion.

2. EFFECTIVE DATE.

These Guidelines are effective as of February 1, 2018. These Guidelines supersede any plan, program, guidelines, policy or arrangements previously in effect for the Executives by which Severance Benefits would be provided by the Company, with the exception of Executives who have entered into an individual employment agreement with the Company that provides for Severance Benefits.

3. ELIGIBILITY FOR SEVERANCE BENEFITS.

(a) **General Rules.** An executive of the Company in the executive career band “E”, who is a U.S. Eligible Paid Executive is entitled to receive Severance Benefits, subject to the conditions and requirements set forth in these Guidelines. These guidelines do not apply to the Chief Executive Officer.

(b) **Definitions.** The following definitions shall apply to these Guidelines:

(i) “**Affiliate**” means any Person that directly or indirectly controls, is controlled by, or is under common control with Change Healthcare Inc. The term “control” (including, with correlative meaning, the terms “controlled by” and “under common control with”), as applied to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of voting or other securities, by contract, or otherwise.

(ii) **“Cause”** means the following: (A) the Executive’s violation of any federal or state law or regulation applicable to the business of the Company or its affiliates; (B) the Executive being convicted of, or entering a plea of nolo contendere to any crime or committing any act of moral turpitude; (C) the Executive engaging in any act of dishonesty, fraud or misrepresentation; (D) the breach of any agreement between the Executive and the Company (or any affiliate of the Company), including but not limited to a breach of a restrictive covenant agreement; (E) the Executive’s habitual or willful neglect of duties; (F) the Executive’s breach of any duties owed to the Company, including but not limited to fiduciary duty and duty of care; or (G) the Executive’s failure to perform his or her assigned duties or responsibilities (other than a failure resulting from the Executive’s disability) after notice thereof from the Company describing the Executive’s failure to perform such duties or responsibilities. Notwithstanding the foregoing, if “Cause” is defined in an employment agreement between the Company and Executive then the meaning of “Cause” in the employment agreement shall apply.

(iii) **“Change in Control”** means (i) the acquisition (whether by purchase, merger, consolidation, combination, or other similar transaction) by any Person of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than 50% (on a fully diluted basis) of either (A) the then-outstanding shares of Common Stock, taking into account as outstanding for this purpose such Common Stock issuable upon the exercise of options or warrants, the conversion of convertible stock or debt, the exchange of exchangeable stock or units, and the exercise of any similar right to acquire such Common Stock; or (B) the combined voting power of the then outstanding voting securities of Change Healthcare Inc. entitled to vote generally in the election of directors, in the case of each of the foregoing clauses (A) and (B) assuming that all Units (as defined in the Company LLC Agreement) held by MCK Members (as defined in the Company LLC Agreement) had been exchanged for an equal number of shares of Common Stock; provided, however, that for purposes of the Plan, the following acquisitions shall not constitute a Change in Control: (I) any acquisition by Change Healthcare Inc. or any Affiliate; (II) any acquisition by any employee benefit plan sponsored or maintained by Change Healthcare Inc. or any Affiliate; or (III) any acquisition in connection with a Qualified MCK Exit (as defined in the Joint Venture LLC Agreement); (ii) during any period of 12 months, individuals who, at the beginning of such period, constitute the Board of Directors of Change Healthcare Inc. (the **“Board,”** the **“Incumbent Directors”**) cease for any reason to constitute at least a majority of the Board; provided, that any Person becoming a director subsequent to the Effective Date, whose election or nomination for election was approved by a vote of at least two-thirds of the Incumbent Directors then on the Board (either by a

specific vote or by approval of the proxy statement of Change Healthcare Inc. in which such Person is named as a nominee for director, without written objection to such nomination) shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest, as such terms are used in Rule 14a-12 of Regulation 14A promulgated under the Exchange Act, with respect to directors or as a result of any other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board shall be deemed to be an Incumbent Director; or (iii) the sale, transfer, or other disposition of all or substantially all of the assets of Change Healthcare Inc. and the Company (taken as a whole) to any Person that is not an Affiliate of Change Healthcare Inc. or the Company.

(iv) “**COBRA Continuation**” means the continuation of medical, dental and/or vision benefits under the Company-sponsored group health plan that an Executive who is enrolled in such group health plan may elect pursuant to the requirements of the Consolidated Omnibus Budget Reconciliation Act of 1985 (commonly known as COBRA).

(v) “**COBRA Subsidy**” means, subject to the Eligible Executive being eligible to elect COBRA Continuation coverage, the Company’s payment, in lump sum, of the amount equal to the cost of such Eligible Executive’s COBRA Continuation premiums that the Company and Eligible Executive would pay if he or she elects COBRA Continuation for the number of months specified in Schedule A, as attached to these Guidelines.

(vi) “**Code**” means the Internal Revenue Code, as amended from time to time.

(vii) “**Common Stock**” means the common stock of Change Healthcare Inc., par value \$0.001 per share (and any stock or other securities into which such Common Stock may be converted or into which it may be exchanged).

(viii) “**Company**” means Change Healthcare LLC.

(ix) “**Company LLC Agreement**” means the Third Amended and Restated Limited Liability Company Agreement of Change Healthcare LLC, dated as of March 1, 2017.

(x) “**Comparable Employment**” means a position with the Company that is similar in job authority, duties, reporting structure, responsibilities, and is located within 50 miles of the Executive’s current worksite or with a relocation package; and with a salary equal to or greater than the Executive’s current salary.

(xi) “**Eligible Executive**” means an Executive of the Company who has a Qualifying Termination. It is within the sole discretion of the Company to determine whether an Executive is an Eligible Executive.

(xii) “**Exchange Act**” means the Securities Exchange Act of 1934, as amended, and any successor thereto. Reference in the Guidelines to any section of (or rule promulgated under) the Exchange Act shall be deemed to include any rules, regulations, or other interpretative guidance under such section or rule, and any amendments or successor provisions to such section, rules, regulations, or guidance.

(xiii) “**Executive**” means an employee of the Company at the E Compensation Grade.

(xiv) “**Guidelines**” means these Change Healthcare LLC Executive Severance Benefits Guidelines, as amended from time to time.

(xv) “**Participating Companies**” means any subsidiary or affiliate of Change Healthcare LLC, that is owned by no less than an 80% interest by Change Healthcare LLC, or any of its subsidiaries.

(xvi) “**Person**” means any individual, entity, or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act).

(xvii) “**Qualifying Termination**” means that the Company involuntarily terminates without Cause the employment of an Executive, or any other constructive termination that the Executive and the Company have agreed constitutes a Qualifying Termination. It is within the sole discretion of the Company to determine whether a termination is a Qualifying Termination.

(xviii) “**Release**” means a waiver and release in favor of the Company and on the form provided by the Company. The waiver and release will apply to all claims, known and unknown, relating to the Executive’s employment with the Company through and including the date of execution. The contents of the general release will vary, depending on the state in which the affected Executive resides, the age of the Executive, and whether two or more employees are affected by the same action.

(xix) “**Severance Benefits**” means the amount of payments that an Eligible Executive may receive under these Guidelines.

(c) **Eligibility.** In order to be eligible to receive Severance Benefits under these Guidelines, an Eligible Executive must not fall under one of the exceptions, as set forth in Section 3(d) of these Guidelines, and fulfill the following:

- (i) be actively employed until his or her date of termination as scheduled by the Company unless otherwise indicated by the Company.
- (ii) must execute and return a Release in accordance with the time periods set forth in the release agreement.

(d) **Exceptions.** An Executive who otherwise is an Eligible Executive will not receive Severance Benefits in any of the following circumstances:

(i) The Executive has executed an individually negotiated employment contract or agreement with the Company, which includes the provision of Severance Benefits upon his or her termination. Such Executive's Severance Benefits, if any, shall be governed by the terms of such individually negotiated employment contract or agreement. If these Guidelines would provide the Executive more benefits than the Executive's individual agreement, the Company may, at its sole discretion, offer the Executive the amount set forth herein;

(ii) The Executive voluntarily terminates employment with the Company. Voluntary terminations include, but are not limited to, resignation and retirement;

(iii) The Executive rejects an offer of Comparable Employment with the Company;

(iv) In connection with a Change in Control between the Company and another entity, the surviving entity (a "**Successor Employer**") employs Executive for the period of time outlined in Schedule A as attached to these Guidelines, after the Change in Control in the same position as he or she held immediately prior to the Change in Control or offers Comparable Employment to Executive.

If, during any period, the Company has not regarded an individual as an employee of the Company and, for that reason, has not withheld employment taxes with respect to that individual, then that individual shall not be an Eligible Executive for that period, even in the event that the individual is determined, retroactively, to have been an employee of the Company during all or any portion of that period.

4. AMOUNT OF SEVERANCE BENEFITS.

Schedule A, attached to these Guidelines, sets forth the amount of the Severance Benefits that an Eligible Executive may receive pursuant to these Guidelines.

5. EQUITY.

When the Eligible Executive terminates employment, any outstanding stock options, restricted stock units or other equity grants will be treated as set forth in the applicable equity incentive plan and award agreements and/or any other related documents.

6. OTHER EMPLOYMENT BENEFITS.

(a) **COBRA Continuation.** Each Eligible Executive who is enrolled in a Company-sponsored health, dental or vision plan will be eligible for COBRA Continuation coverage. The Company will notify the individual of any such right to continue health coverage.

(b) **Other Employee Benefits.** All non-health benefits (such as life insurance and disability coverage) will terminate as of the Executive's last day of being physically present on the job, the last day of active employment with the Company, or the date of termination, as determined by the applicable plan documents and/or the Company in its sole discretion (except to the extent that the Executive elects and pays for any conversion privilege available). The Executive's right to benefits under the Company's 401(k) plan shall be determined exclusively by the plan and any of its related agreements.

(c) **Coordination with Other Plans.** Any Severance Benefits payable to the Eligible Executive under these Guidelines will not be counted as compensation for purposes of determining benefits under any other benefit policies or plans of the Company, except to the extent expressly provided therein.

7. TIME AND FORM OF PAYMENT.

Subject to the terms and conditions set forth in these Guidelines, Severance Benefits will be paid in a single lump sum on the first payroll date following the effective date of the Release, except as otherwise provided in Schedule A, as attached to these Guidelines. No Severance Benefits will be paid or provided until the expiration of any applicable revocation period. In no event will any Severance Benefits be paid or provided under these Guidelines if the Release does not become effective by fifteen (15) days prior to (i) the end of the short-term deferral period as defined in Treasury Regulation § 1.409A-1(b)(4) or (ii) the end of the second calendar year following the year in which the separation occurs, if the Severance Benefits are less than the maximum amount provided under Treasury Regulation § 1.409A-1(b)(9)(iii)(A).

8. NON-DUPLICATION OF BENEFITS.

There will be no duplication of severance benefits that the Company or any of its affiliates pay or provide to the Eligible Executive, and that the Severance Benefits provided under these Guidelines are in lieu of any severance benefits for which the Eligible Executive might otherwise have been eligible under any plan, program, guidelines, policy or arrangement of the Company or any of its affiliates. To the extent necessary to avoid duplication of benefits, Severance Benefits paid or provided under these Guidelines will be reduced to offset severance benefits paid or provided to the Eligible Executive under any other plan, program, guidelines, policy or arrangement of the Company or any of its affiliates. Notwithstanding the foregoing, an Executive who has an employment agreement, in effect with the Company at the time of his or her termination of employment, that provides for severance payments and/or benefits shall not be eligible to be an Eligible Executive and shall not receive any Severance Benefits under these Guidelines.

9. NOTICE.

The Company may give at least two (2) weeks' non-working notice in advance of termination at the Company's sole discretion. If the effective date of the termination is immediate, then the Company may pay the Eligible Executive(s) an amount equal to two (2) weeks' salary in lieu of notice. However, the provision of notice and/or notice pay is at the Company's sole discretion, unless notice and/or notice pay is required by applicable law.

10. NO IMPLIED EMPLOYMENT CONTRACT.

Nothing in these Guidelines shall be deemed (a) to give any Executive any right to be retained in the employ of the Company, or (b) to interfere with the right of the Company to discharge any Executive at any time and for any reason, which right is hereby reserved. Nothing contained in these Guidelines alters or amends an Executive's status as an at-will employee. As an at-will employee, either the Executive or the Company may terminate the employment relationship with or without cause, with or without advance notice.

11. REEMPLOYMENT.

If an Eligible Executive receives Severance Benefits pursuant to these Guidelines and is subsequently reemployed by the Company in reasonably Comparable Employment, such Eligible Executive shall be obligated to repay the Company any portion of Severance Benefits received that is in excess of the time the he or she was separated from the Company. For purposes of determining the repayment obligation, the Severance Benefits shall be converted to a "**Weekly Benefit Amount**," which shall be calculated by dividing the Severance Benefits paid by the number of weeks of base salary payments that the Eligible Executive received as set forth in Schedule A, as attached to these Guidelines. The Weekly Benefit Amount multiplied by the number of whole weeks the Eligible Executive was separated from the Company shall be deducted from the total amount of Severance Benefits paid, and such Eligible Executive shall repay to the Company the difference between the two amounts.

12. Section 280G of the Code.

(a) Notwithstanding any other provision of these Guidelines or any other plan, arrangement or agreement to the contrary, if any of the payments or benefits provided or to be provided by the Company or its affiliates to the Eligible Executive or for the Eligible Executive's benefit pursuant to the terms of these Guidelines or otherwise ("**Covered Payments**") constitute parachute payments ("**Parachute Payments**") within the meaning of Section 280G of the Code and would, but for this Section 12 be subject to the excise tax imposed under Section 4999 of the Code (or any successor provision thereto) or any similar tax imposed by state or local law or any interest or penalties with respect to such taxes (collectively, the "**Excise Tax**"), then prior to making the Covered Payments, a calculation shall be made comparing (i) the Net Benefit (as defined below) to the Eligible Executive of the Covered Payments after payment of the Excise Tax to (ii) the Net Benefit to the Executive if the Covered Payments are limited to the extent necessary to avoid being subject to the Excise Tax. Only if the amount calculated under (i) above is less than the amount under (ii) above will the Covered Payments be reduced to the minimum extent necessary to ensure that no portion of the Covered Payments is subject to the Excise Tax (that amount, the "**Reduced Amount**"). "**Net Benefit**" shall mean the present value of the Covered Payments net of all federal, state, local, foreign income, employment and excise taxes.

(b) Any such reduction shall be made in accordance with Section 409A of the Code and the following:

(i) the Covered Payments which do not constitute nonqualified deferred compensation subject to Section 409A of the Code shall be reduced first; and

(ii) all other Covered Payments shall then be reduced as follows: (A) cash payments shall be reduced before non-cash payments; and (B) payments to be made on a later payment date shall be reduced before payments to be made on an earlier payment date.

(c) Any determination required under this Section 12, including whether any payments or benefits are parachute payments, shall be made by the Company (or an accounting firm that the Company selects) in its sole discretion. The Eligible Executive shall provide the Company with such information and documents as the Company may reasonably request in order to make a determination under this Section 12. The Company's determination shall be final and binding on the Eligible Executive.

(d) It is possible that after the determinations and selections made pursuant to this Section 12 the Eligible Executive will receive Covered Payments that are in the aggregate more than the amount provided under this Section 12 ("*Overpayment*") or less than the amount provided under this Section 12 ("*Underpayment*").

(i) In the event that: (A) the Company determines, based upon the assertion of a deficiency by the Internal Revenue Service against either the Company or the Eligible Executive which the Company believes has a high probability of success, that an Overpayment has been made or (B) it is established pursuant to a final determination of a court or an Internal Revenue Service proceeding that has been finally and conclusively resolved that an Overpayment has been made, then the Eligible Executive shall pay any such Overpayment to the Company together with interest at the applicable federal rate (as defined in Section 7872(f)(2)(A) of the Code) from the date of the Eligible Executive's receipt of the Overpayment until the date of repayment.

(ii) In the event that: (A) the Company, based upon controlling precedent or substantial authority, determine that an Underpayment has occurred or (B) a court of competent jurisdiction determines that an Underpayment has occurred, any such Underpayment will be paid promptly by the Company to or for the benefit of the Eligible Executive together with interest at the applicable federal rate (as defined in Section 7872(f)(2)(A) of the Code) from the date the amount would have otherwise been paid to the Eligible Executive until the payment date.

(e) Notwithstanding the foregoing, the Company in its sole discretion may choose to put the Parachute Payments to a shareholder vote in accordance with Section 280G(b)(5)(B) and the regulations promulgated thereunder.

13. GENERAL PROVISIONS.

(a) **Severability.** The invalidity or unenforceability of any provision of these Guidelines shall not affect the validity or enforceability of any other provision of the Guidelines. If any provision of these Guidelines is held by a court of competent jurisdiction to be illegal, invalid, void or unenforceable, such provision shall be deemed modified, amended and narrowed to the extent necessary to render such provision legal, valid, and enforceable, and the other remaining provisions of these Guidelines shall not be affected but shall remain in full force and effect.

(b) **Headings and Subheadings.** Headings and subheadings contained in these Guidelines are intended solely for convenience and no provision of these Guidelines is to be construed by reference to the heading or subheading of any section or paragraph.

(c) **Unfunded Obligations.** The amounts to be paid to Eligible Executives under these Guidelines are unfunded obligations of the Company. The Company is not required to segregate any monies or other assets from its general funds with respect to these obligations. Eligible Executives shall not have any preference or security interest in any assets of the Company other than as a general unsecured creditor.

(d) **Successors.** These Guidelines will be binding upon any successor to the Company, its assets, its businesses or its interest, in the same manner and to the same extent that the Company would be obligated under the Guidelines if no succession had taken place. In the case of any transaction in which a successor would not by the foregoing provision or by operation of law be bound by these Guidelines, the Company shall require any successor to the Company to expressly and unconditionally assume these Guidelines in writing and honor the obligations of the Company hereunder, in the same manner and to the same extent that the Company would be required to perform if no succession had taken place. All payments and benefits that become due to an Eligible Executive under these Guidelines will inure to the benefit of his or her heirs, assigns, designees, or legal representatives.

(e) **Transfer and Assignment.** Neither an Eligible Executive nor any other person shall have any right to sell, assign, transfer, pledge, anticipate or otherwise encumber, transfer, hypothecate or convey any amounts payable under these Guidelines prior to the date that such amounts are paid, except that, in the case of an Eligible Executive's death, such amounts shall be paid to his or her estate.

(f) **Waiver.** Any party's failure to enforce any provision or provisions of these Guidelines will not in any way be construed as a waiver of any such provision or provisions, nor prevent any party from thereafter enforcing each and every other provision of the Guidelines.

(g) **Governing Law.** To the extent not pre-empted by federal law, these Guidelines shall be construed in accordance with and governed by the laws of Tennessee without regard to conflicts of law principles.

(h) **Clawback.** Any payment made under the Guidelines shall be subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with (i) any clawback, forfeiture or similar policy adopted by Change Healthcare Inc., whether in existence as of the Effective Date or later adopted by Change Healthcare Inc.) and (ii) any applicable law or government regulation. Further, unless otherwise determined by the Compensation Committee of Change Healthcare Inc., to the extent that the Participant receives any amount in excess of the amount that the Participant should otherwise have received under the terms of the Guidelines for any reason (including, without limitation, by reason of a financial restatement, mistake in calculations or other administrative error), the Participant shall be required to repay any such excess amount to Change Healthcare Inc. Change Healthcare Inc. will make any determination for clawback, forfeiture or recovery in its sole discretion and in accordance with any applicable law, government regulation or Change Healthcare Inc. policy, as applicable. By participating in these Guidelines the Participant consents to such deductions being made by Change Healthcare Inc.

(i) **Withholding.** The Company shall have the right to withhold from any amount payable hereunder any Federal, state, and local taxes in order for the Company to satisfy any withholding tax obligation it may have under any applicable law or regulation.

(j) **Section 409A of the Code.**

(i) These Guidelines are intended to comply with Section 409A of the Code or an exemption thereunder and shall be construed and administered in accordance with Section 409A of the Code. Notwithstanding any other provision of the Guidelines, payments provided under the Guidelines may only be made upon an event and in a manner that complies with Section 409A of the Code or an applicable exemption. Any payments under the Guidelines that may be excluded from Section 409A of the Code either as separation pay due to an involuntary separation from service or as a short-term deferral shall be excluded from Section 409A of the Code to the maximum extent possible. For purposes of Section 409A of the Code, each installment payment or benefit provided under the Guidelines shall be treated as a separate payment. Any payments subject to and not exempt from Section 409A is to be made under the Guidelines upon a termination of employment shall only be made upon a "separation from service" under Section 409A of the Code. Although the Company intends to administer these Guidelines so that they shall comply with the requirements of 409A, the

Company does not represent or warrant that these Guidelines shall comply with Section 409A or any other provision of federal, state, local or non-United States law. The Company, or either of its directors, officers, employees or advisers shall not be liable for all or any portion of any taxes, penalties, interest, or other expenses that may be incurred by a Eligible Executive as a result of compensation paid under the Guidelines, and shall have no obligation to indemnify or otherwise protect an Eligible Executive from the obligation to pay any taxes pursuant to Section 409A.

(ii) Notwithstanding any other provision of the Guidelines, if any payment or benefit provided to an Eligible Executive in connection with his or her Qualifying Termination is determined to constitute “nonqualified deferred compensation” within the meaning of Section 409A of the Code and the Eligible Executive is determined to be a “specified employee” as defined in Section 409A(a)(2)(b)(i) of the Code, then such payment or benefit shall not be paid until the first payroll date to occur following the six-month anniversary of the Qualifying Termination or, if earlier, on the Eligible Executive’s death (the “**Specified Employee Payment Date**”). The aggregate of any payments that would otherwise have been paid before the Specified Employee Payment Date shall be paid to the Eligible Executive in a lump sum on the Specified Employee Payment Date and thereafter, any remaining payments shall be paid without delay in accordance with their original schedule. Notwithstanding any other provision of the Guidelines, if any payment or benefit is conditioned on the Eligible Executive’s execution of a Release, the first payment shall include all amounts that would otherwise have been paid to the Eligible Executive during the period beginning on the date of the Qualifying Termination and ending on the payment date if no delay had been imposed. If the consideration and revocation period of the Release crosses over two (2) calendar years, then the Severance Benefits shall be paid or begin being paid (taking the preceding sentence into effect), on the later of (A) the first payroll date in the second calendar year, or (B) the first payroll date following the effective date of the Release.

(iii) To the extent required by Section 409A of the Code, each reimbursement or in-kind benefit provided under the Guidelines shall be provided in accordance with the following: (A) the amount of expenses eligible for reimbursement, or in-kind benefits provided, during each calendar year cannot affect the expenses eligible for reimbursement, or in-kind benefits to be provided, in any other calendar year; and (B) any right to reimbursements or in-kind benefits under the Guidelines shall not be subject to liquidation or exchange for another benefit.

SCHEDULE A
Severance Benefits Schedule

U.S Executives (excluding the Chief Executive Officer) in the Executive “E” Career Band

Qualifying Termination Not in Connection with a Change in Control

Base: Eligible Executive shall be eligible to receive a lump sum payment equivalent to twelve (12) months of base salary in effect on the date of the Qualifying Termination.

COBRA Subsidy: Eligible Executive shall be eligible to receive payment of, in lump sum, an amount equivalent to the COBRA health insurance premiums that the Company and Eligible Executive would pay for employees with similar coverage during the twelve (12) month period following Eligible Executive’s termination.

Qualifying Termination in Connection with a Change in Control

If Eligible Executive’s Qualifying Termination occurs upon a Change in Control, or within twelve (12) months after a Change in Control, Eligible Executive shall be eligible to receive a lump sum payment equivalent to the sum of:

- Twelve (12) months of base salary in effect on the date of the Qualifying Termination;
- The bonus Eligible Executive would have received under the Annual Incentive Plan (“AIP”) in effect at the time of such Qualifying Termination, at one times the Eligible Executive’s full target payout rate for the year in which the Qualifying Termination occurs; and
- The COBRA health insurance premiums that the Company and Eligible Executive would pay for employees with similar coverage during the twelve (12) month period following Eligible Executive’s termination;

provided, however, that (i) the sum of the above-described benefits payable to Eligible Executive in connection with a Change in Control may be subject to reduction as described in Section 12 of the Guidelines and/or (ii) in connection with a Change in Control, the Compensation Committee of Change Healthcare Inc. shall have the discretion to make changes to the Guidelines and benefits payable hereunder as the Compensation Committee of Change Healthcare Inc., in its sole discretion, deems to be equitable and appropriate.

Eligibility Exception: In accordance with section 3(d)(iv), twelve (12) months.

EXPLANATORY NOTE

Unconsolidated Significant Subsidiary

Change Healthcare Inc.'s ("the Company") primary asset is its interest in the Joint Venture which is accounted for using the equity method. As the Company's investment in the Joint Venture is considered to be significant, the Joint Venture's annual financial statements are required to be included as an exhibit to each Company Annual Report on Form 10-K in accordance with SEC Rule 3-09 of Regulation S-X. Given the significance of this investment to the financial position and results of operations of the Company, however, we have elected to include financial information of the Joint Venture in this Quarterly Report on Form 10-Q.

1. Nature of Business and Organization

Nature of Business

Change Healthcare LLC (the “Joint Venture”), is a leading independent healthcare technology platform that provides data and analytics-driven solutions to improve clinical, financial and patient engagement outcomes in the U.S. healthcare system. The Joint Venture offers a comprehensive suite of software, analytics, technology enabled solutions that drive improved results in the complex workflows of healthcare system payers and providers.

Organization

In June 2016, Change Healthcare Inc., the Joint Venture, Change Healthcare Holdings, LLC, Change Healthcare Intermediate Holdings, LLC, Change Healthcare Performance, Inc. (“Legacy CHC”) and its stockholders—including affiliates of The Blackstone Group, L.P. (“Blackstone”) and Hellman & Friedman LLC (“Hellman & Friedman”)—entered into an Agreement of Contribution and Sale (the “Contribution Agreement”) with McKesson Corporation (“McKesson”, together with Change Healthcare Inc., the “Members”). Under the terms of the Contribution Agreement, the parties agreed to form the Joint Venture, a joint venture that combined the majority of the McKesson Technology Solutions businesses, excluding McKesson’s Enterprise Information Solutions business and RelayHealth Pharmacy Network (such contributed businesses, “Core MTS”) with substantially all of the assets and operations of Legacy CHC, but excluding Legacy CHC’s pharmacy claims switching and prescription routing businesses (such excluded businesses, the “eRx Network” and the businesses contributed by Legacy CHC, together with Core MTS, the “Contributed Businesses”). The creation of the Joint Venture, including the contribution of the Contributed Businesses and related transactions, is collectively referred to as the “Transactions”. The Transactions closed on March 1, 2017.

Basis of Accounting

Due to the existence of shared control among the Members over all major financial and operating decisions of the Joint Venture and its consolidated subsidiaries, the assets and liabilities contributed to the Joint Venture were recognized in the accompanying condensed consolidated financial statements at their historical carrying values (i.e., joint venture accounting).

Change Healthcare Inc. Initial Public Offering

Effective July 1, 2019, Change Healthcare Inc. completed its initial public offering of 49,285,713 of common stock and a concurrent offering of 5,750,000 of tangible equity units (“TEUs”). The proceeds of the offering of common stock were subsequently contributed to the Joint Venture in exchange for an additional 49,285,713 units of the Joint Venture (“LLC Units”), which together with the Company’s existing holdings represents an approximately 41% interest in the Joint Venture. The proceeds of the offering of TEUs were used to acquire instruments of the Joint Venture that, in economic terms, substantially mirror the terms of the TEUs included in Change Healthcare Inc.’s offering. The net proceeds received from Change Healthcare Inc. from the offering of common stock and the offering of TEUs were \$603,787 and \$276,633, respectively, and the Joint Venture, in turn, used the proceeds to repay \$805,000 of its indebtedness under the Term Loan Facility without penalty in July 2019. The Joint Venture repaid an additional \$85,000 of its indebtedness under the Term Loan Facility without penalty during the three months ended September 30, 2019 for a total paydown of \$890,000. However, due to the presence of unamortized discounts and debt issuance costs, the Joint Venture recognized a loss on extinguishment of debt of approximately \$15,791 during the three and six months ended September 30, 2019.

Amendment of Revolving Credit Facility

Additionally, in July 2019, the Joint Venture amended its Revolving Credit Facility, the primary effects of which were to increase the maximum amount that can be borrowed from \$500,000 to \$785,000 and to extend the maturity date until July 3, 2024. In the event that the outstanding balance under the Term Loan Facility exceeds \$1,100,000 on December 1, 2023, however, amounts due, if any, under the Revolving Facility become due and payable on December 1, 2023. In connection with this amendment, a portion of the debt was deemed extinguished, and the Joint Venture recognized a loss on extinguishment of \$1,109 during the three and six months ended September 30, 2019.

2. Basis of Presentation

Principles of Consolidation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X of the Securities and Exchange Commission (“SEC”) Guidelines, Rules and Regulations (“Regulation S-X”) and, in the opinion of management, reflect all normal recurring adjustments necessary for a fair presentation of results for the unaudited interim periods presented. Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with GAAP have been condensed or omitted. The results of operations for the interim period are not necessarily indicative of the results to be obtained for the full fiscal year. All intercompany accounts and transactions have been eliminated in the unaudited condensed consolidated financial statements.

Tangible Equity Units

In connection with the initial public offering of Change Healthcare Inc., the Joint Venture completed an offering of TEUs that were issued to Change Healthcare Inc. Each TEU comprises an amortizing note and purchase contract, both of which are freestanding instruments and separate units of account. The amortizing notes were issued at par and are classified as debt on the accompanying condensed consolidated balance sheet, with scheduled principal payments over the next twelve months reflected in current maturities of long-term debt. The purchase contracts are accounted for as prepaid forward contracts and classified as equity. The TEU proceeds and issuance costs were allocated to the amortizing notes and purchase contracts on a relative fair value basis, consistent with the methodology utilized by Change Healthcare Inc. See Note 12 for further discussion.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. The Joint Venture bases its estimates on historical experience, current business factors and various other assumptions that the Joint Venture believes are necessary to consider in order to form a basis for making judgments about the carrying values of assets and liabilities, the recorded amounts of revenue and expenses and disclosure of contingent assets and liabilities. The Joint Venture is subject to uncertainties such as the impact of future events, economic, environmental and political factors and changes in the Joint Venture’s business environment; therefore, actual results could differ from these estimates. Accordingly, the accounting estimates used in the preparation of the Joint Venture’s financial statements will change as new events occur, as more experience is acquired, as additional information is obtained and as the Joint Venture’s operating environment changes. Such changes in estimates and refinements in estimation methodologies are reflected in the reported results of operations, and, if material, the effects of changes in estimates are disclosed in the notes to the condensed consolidated financial statements. Estimates and assumptions by management affect: the allowance for doubtful accounts; the fair value assigned to assets acquired and liabilities assumed in business combinations; tax receivable agreement obligations; the fair value of interest rate cap agreement obligations; contingent consideration; loss accruals; the carrying value of long-lived assets (including goodwill and intangible assets); the classification and measurement of assets held for sale; the measurement of the components of tangible equity units; the amortization period of long-lived assets (excluding goodwill); the carrying value, capitalization and amortization of software development costs; the provision and benefit for income taxes and related deferred tax accounts; certain accrued expenses; revenue recognition; contingencies; and the value attributed to equity awards.

Allowance for Doubtful Accounts

The allowance for doubtful accounts of \$21,796 and \$20,438 at September 30, 2019 and March 31, 2019, respectively, reflects the Joint Venture’s best estimate of losses inherent in the Joint Venture’s receivables portfolio determined on the basis of historical experience, specific allowances for known troubled accounts and other currently available evidence.

Accounting Pronouncements Not Yet Adopted

In February 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”)No. 2016-02, which generally requires that all lease obligations be recognized on the balance sheet at the present value of the remaining lease payments with a corresponding lease asset. As originally issued, the standard required that companies adopt the standard using the modified retrospective transition method and report a cumulative effect adjustment to the opening balance of retained earnings in the earliest comparative period presented. In July 2018, the FASB issued ASU No. 2018-11 which provides companies with the

option to apply this cumulative effect adjustment to the opening balance of retained earnings in the period of adoption instead of the earliest comparative period presented. This update is scheduled to be effective for the Joint Venture beginning April 1, 2020, with early adoption permitted. The Joint Venture is currently assessing both the method of adoption and the potential effects this update may have on its condensed consolidated financial statements.

In June 2016, the FASB issued ASUNo. 2016-13, as amended by ASUNo. 2018-19, which requires that a financial asset (or group of financial assets) measured at amortized cost be presented at the net amount expected to be collected based on relevant information about past events, including historical experience, current conditions and reasonable and supportable forecasts that affect the collectability of the reported amount. This update is scheduled to be effective for the Joint Venture beginning April 1, 2021, with early adoption permitted beginning April 1, 2019. The Joint Venture is currently assessing the potential effects this update may have on its condensed consolidated financial statements.

In August 2018, the FASB issued ASUNo. 2018-13, which modifies the disclosure requirements related to fair value measurements based on the FASB Concepts Statements. This update eliminates certain disclosures, modifies others and, in certain cases, requires additional disclosures. This update is effective for the Joint Venture beginning April 1, 2020, with earlier adoption permitted. The Joint Venture is currently assessing the potential effects this update may have on its condensed consolidated financial statements.

In August 2018, the FASB issued ASUNo. 2018-15, which aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. This update also requires that the effects of such capitalized costs be classified in the same respective caption of the statement of operations, balance sheet and cash flows as the underlying hosting arrangement. Upon adoption, a company may elect to either retrospectively restate each prior reporting period or apply the update prospectively to all implementation costs incurred after the effective date. This update is scheduled to be effective for the Joint Venture beginning April 1, 2020, with early adoption permitted. The Joint Venture is currently assessing both the method of adoption and the potential effects this update may have on its condensed consolidated financial statements.

Recently Adopted Accounting Pronouncements

In April 2019, the Joint Venture adopted FASB ASUNo. 2018-16, which adds the Overnight Index Swap rate based on the Secured Overnight Financing Rate as a benchmark interest rate for hedging purposes. As the adoption of this update applies only to qualifying new or redesignated hedging relationships entered into following the date of adoption, its adoption has no immediate effect on the Joint Venture's condensed consolidated financial statements.

In April 2019, the Joint Venture adopted FASB ASUNo. 2018-02, which allows a reclassification from accumulated other comprehensive income to retained earnings for stranded tax effects resulting from the Tax Cuts and Jobs Act of 2017 ("Tax Legislation"). Because the Joint Venture's financial statements do not separately classify the components of members' deficit, the effect of the adoption of this update was limited to the separate disclosure in Note 10 related to the reclassification of such stranded costs from accumulated comprehensive income (loss) to accumulated deficit.

In April 2019, the Joint Venture adopted FASB ASUNo. 2018-07, which expands the scope of Topic 718 to include share-based payment transactions for acquiring goods and services from nonemployees. Among other provisions, the measurement date for awards to nonemployees changed from the earlier of the date at which a commitment for performance by the counterparty is reached or the date at which performance is complete under the previous guidance to the grant date under this update. Because the Joint Venture's equity-based compensation was previously subject to remeasurement at fair value each quarter under the previous authoritative literature, the effect of the adoption of this update had no material effect on the Joint Venture's condensed consolidated financial statements.

In April 2019, the Joint Venture adopted Accounting Standards Codification ("ASC") 606, Revenue from Contracts with Customers, which replaced most prior general and industry specific revenue recognition guidance with a principles-based comprehensive revenue recognition framework. Under this revised framework, a company recognizes revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods and services. All of the Joint Venture's revenue is accounted for under ASC 606.

The Joint Venture adopted ASC 606 using the modified retrospective transition method applied only to contracts that were not completed as of the date of initial application. The Joint Venture has also elected the contract modification transition practical expedient, and as a result, will treat all contract modifications entered into prior to adoption date as if they were part of the original

contract. The adoption of the new revenue standard utilizing these transition methods resulted in a cumulative effect adjustment that reduced members' equity (deficit) as of April 1, 2019 by \$159,877. After assessing all potential impacts of adopting the new standard on its consolidated financial statements, related disclosures, and necessary control and process changes, the Joint Venture has noted the following to be the most notable impacts of adopting the new standard:

- Revenue for certain contingent fee service arrangements will be accelerated as revenue for these arrangements is recognized as the services are performed.
- Revenue related to certain time-based software and content license agreements will be accelerated. The license component for certain time-based software will be recognized upon delivery to the customer ("point in time"), or in the case of software that requires significant production, modification or customization, recognized as the implementation work is performed. A non-license component (e.g., technical support) will be recognized over the respective contract terms ("over time").
- Incremental costs to obtain contracts and qualifying costs to fulfill will be capitalized and amortized over the period of benefit. The net result of this change was an increase to capitalized contract costs on the balance sheet; these capitalized costs will be amortized and recognized as expense over an incrementally longer period of time.

The following tables represent the impact of the new standard on the Joint Venture's unaudited financial statements as of and for the three and six months ended September 30, 2019:

3. Revenue Recognition

The Joint Venture generates most of its solutions revenue by using technology solutions (generally Software as a Service ("SaaS")) to provide services to its customers that automate and simplify business and administrative functions for payers, providers, pharmacies, and channel partners and through the licensing of software, software systems (consisting of software, hardware and maintenance support) and content.

The Joint Venture recognizes revenue when the customer obtains control of the good or service through the Joint Venture satisfying a performance obligation by transferring the promised good or service to the customer.

Principal Revenue Generating Products and Services

Content license subscriptions and time-based software—The Joint Venture’s content license subscriptions and time-based software arrangements provide a license to use a software for a specified period of time. At the end of the contractual period, the customer either renews the license for an additional term or ceases to use the software. Software licenses are typically delivered to the customer with functionality that the customer can benefit from the software on its own or together with readily available resources. As contracts for these solutions generally do not price individual components separately, the Joint Venture allocates the transaction price to the license and ongoing support performance obligations based on standalone selling price (“SSP”), primarily determined by historical value relationships between licenses and ongoing support and updates. Revenue allocated to content license subscriptions and time-based software license agreements is generally recognized at the point-in-time of delivery of the license or the content update upon transfer of control of the underlying license to the customer. Generally, software implementation fees are recognized over the implementation period through an input measure of progress method. Revenue allocated to maintenance and support is recognized ratably over the period covered by the agreements, as passage of time represents a faithful depiction of the transfer of these services. In some cases, software arrangements provide licenses to several software applications that are highly integrated with the implementation services and software updates and cannot function separately. The bundle is a single performance obligation since the individually promised goods and services are not distinct in the context of the contract because the related implementation services significantly modify and customize the software and the updates provided to the integrated software solution are critical to the software’s utility. The related revenue is recognized on a straight-line basis, ratably over the contractual term due to the frequency and criticality of the updates throughout the license period.

Contingent fee services—The Joint Venture provides services to customers in which the transaction price is contingent on future occurrences, such as savings generated or amounts collected on behalf of its customers through the delivery of its services. In some cases, the Joint Venture performs services in advance of invoicing the customer, thereby creating a contract asset. Revenue in these arrangements is estimated and constrained until the Joint Venture determines that it is probable a significant revenue reversal will not occur, and variable consideration is allocated to the performance obligation for which the Joint Venture earns a contingent fee.

Perpetual software licenses—The Joint Venture’s perpetual software arrangements provide a license for a customer to use software in perpetuity. Software licenses are typically delivered to the customer with functionality from which the customer can benefit from the license on its own or together with readily available resources. Perpetual software arrangements are recognized at the time of delivery or through an input measure of progress method over the installation period if the arrangements require significant production or modification or customization of the software. Contracts accounted for through an input measure of progress method are generally measured based on the ratio of labor hours incurred to date to total estimated labor hours to be incurred. Software implementation fees are recognized as the work is performed or under the input method for perpetual software. Hardware revenues are generally recognized upon delivery. Maintenance is recognized ratably over the term of the agreement as passage of time represents a faithful depiction of the transfer of these services.

Professional services—The Joint Venture provides training and consulting services to its customers, and the services may be fixed fee or time and materials based. Consulting services that fall outside of the standard implementation services vary depending on the scope and complexity of the service requested by the customer. Consulting services are deemed to be capable of being distinct from other products and services, and the services are satisfied either at a point of time or over time based on delivery. Training services are usually provided as an optional service to enhance the customer’s experience with a software product or provides additional education surrounding the general topic of the solution. Training services are capable of being distinct from other products and services. The Joint Venture treats training services as a distinct performance obligation, and they are satisfied at a point of time.

Transaction processing services—The Joint Venture provides transaction processing (such as claims processing) services to hospitals, pharmacies and health systems via a cloud-based (SaaS) platform. The promised service is to stand ready to process transactions for our customers over the contractual period on an as needed basis. The revenue related to these services is recognized over time as the transactions are processed, and the revenue is recognized over the individual days in which the services are performed. Any fixed annual fees and implementation fees are recognized ratably over the contract period.

Hosted solutions and software as a service (“SaaS”)—The Joint Venture enters into arrangements whereby the Joint Venture provides the customer access to a Joint Venture-owned software solution, which are generally marketed under annual and multi-year arrangements. The customer is only provided “access” (not a license) to the software application. In these arrangements, the customer does not purchase equipment nor does the customer take physical possession of the software. The related revenue is recognized ratably over the contracted term. For fixed fee arrangements, revenue recognition begins after set-up and implementation are complete. For per-transaction fee arrangements, revenue is recognized as transactions are processed beginning on the service start date.

Contract Balances

The Joint Venture's payment terms vary by customer and product type. For certain products or services, the Joint Venture requires upfront payments before control of the product or service has transferred to the customer. For other products and services, the Joint Venture invoices the customer in arrears after providing the products or services. In addition, for certain contingent fee services, customers are billed in arrears, typically based upon a percentage of collections the Joint Venture makes on the customer's behalf.

Under the new revenue standard, the Joint Venture generally recognizes a contract asset when revenue is recognized in advance of invoicing on a customer contract, unless the right to payment for that revenue is unconditional (i.e. requiring no further performance and only the passage of time). If a right to payment is determined to meet the criteria to be considered 'unconditional', then the Joint Venture will recognize a receivable.

There were no impairment losses recognized on accounts receivable or contract assets during the three and six months ended September 30, 2019.

The Joint Venture records deferred revenues when billings or payments are received from customers in advance of its performance. Deferred revenue is generally recognized when transfer of control to customers occurs. The deferred revenue balance is driven by multiple factors, including the frequency of renewals, invoice timing, and invoice duration. As of September 30, 2019, the Joint Venture expects 94% of the deferred revenue balance to be recognized in one year or less, and approximately \$328,000 of the beginning period balance was recognized during the first six months of fiscal 2020.

Costs to Obtain or Fulfill a Contract

Sales commissions and certain other incentive payments (e.g., bonuses that are contingent solely on obtaining a contract or a pool of contracts) earned by the Joint Venture's sales organization are capitalized as incremental costs to obtain a contract. The Joint Venture typically does not offer commissions on contract renewals. Decremental commissions upon renewal (i.e., non-commensurate with initial commissions) are offered to the Joint Venture's sales associates for certain customers and are not material. Under ASC 606, all commissions and other qualifying incentive payments capitalized are amortized over an expected period of benefit defined as the initial contract term plus anticipated renewals. In contrast, under ASC 605 these capitalized costs were amortized over the specific revenue contract terms, which are typically 12 to 60 months. In making the significant judgment in determining the appropriate period of benefit, the Joint Venture evaluated both qualitative and quantitative factors such as the expected customer relationship period and technology obsolescence. In addition, prior to solution go-live, the Joint Venture incurs certain contract fulfillment costs primarily related to SaaS setup for our clients. These costs are capitalized to the extent they are directly related to a contract, are recoverable, and create a resource used to deliver the Joint Venture's SaaS services. Capitalized costs to fulfill a contract are amortized over the expected period of benefit.

At September 30, 2019, the Joint Venture had capitalized costs to obtain a contract of \$12,407 in prepaid and other current assets and \$67,426 in other noncurrent assets. During the three and six months ended September 30, 2019, the Joint Venture recognized \$5,098 and \$9,207 of amortization expense related to such capitalized costs, respectively, which is included in the total operating expenses. At September 30, 2019, the Joint Venture had capitalized costs to fulfill a contract of \$1,383 in prepaid and other current assets and \$8,571 in other noncurrent assets. During the three and six months ended September 30, 2019, the Joint Venture recognized \$313 and \$609 of amortization expense, respectively, related to such capitalized costs, which is included in cost of operations.

Postage Revenues

Postage revenues are the result of providing delivery services to customers in the Joint Venture's payment and communication solutions. Postage revenues are generally billed as a pass-through cost to the Joint Venture's customers. The service is part of a combined performance obligation with the printing and handling services provided to the customer because the postage services are not distinct within the context of the contract. The Joint Venture presents Postage Revenue separately from Solutions Revenue on the consolidated statements of operation as it makes the financial statements more informative for the users. The revenue related to the combined performance obligation of the postage, printing, and handling service is recognized as the transactions are processed, and the revenue is recognized over the individual days in which the services are performed.

Arrangements with Multiple Performance Obligations

The Joint Venture engages in customer arrangements which may include multiple performance obligations, such as any combination of software, hardware, implementation, SaaS-based offerings, consulting services, or maintenance services. For such arrangements, the Joint Venture allocates revenues to each performance obligation on a relative standalone selling price basis. A performance obligation's standalone selling price is determined based on the directly observable prices charged to customers, when available or estimated using other methods such as the adjusted market assessment approach, the expected cost plus a margin approach, or other approaches in cases where distinct performance obligations are not sold separately but instead sold at a bundled price. For performance obligations with historical pricing that is highly variable, the residual approach is used. Such instances primarily relate to the Joint Venture's perpetual software arrangements in which the Joint Venture sells the same products to different customers for a broad range of amounts.

Remaining Performance Obligations

The aggregate amount of transaction price allocated to performance obligations that are unsatisfied (or partially unsatisfied) for executed contracts includes deferred revenue and other revenue yet to be recognized from non-cancellable contracts. As of September 30, 2019, the Joint Venture's total remaining performance obligations approximated \$1,347,000, of which approximately 52% is expected to be recognized over the next twelve months, and the remaining 48% thereafter.

In this balance, the Joint Venture does not include the value of unsatisfied performance obligations related to those contracts for which it recognizes revenue at the amount for which it has the right to invoice for services performed. Additionally, this balance does not include revenue related to performance obligations that are part of a contract with an original expected duration of one year or less. Lastly, this balance does not include variable consideration allocated to the individual goods or services in a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer. Examples includes variable fees associated with transaction processing and contingent fee services.

Disaggregated Revenue

The Joint Venture disaggregates the revenue from contracts with customers by operating segment as it believes doing so best depicts how the nature, amount, timing and uncertainty of the Joint Venture's revenue are affected by economic factors. See Note 9, *Segment Reporting* for the total revenue disaggregated by operating segment for the three and six months ended September 30, 2019 and 2018.

The Joint Venture's total revenue by disaggregated revenue source was generally consistent for each reportable segment for the three and six months ended September 30, 2019 and 2018.

Customer Incentives

Certain customers, which include the Joint Venture's channel partners, may receive cash-based incentives or rebates based on actual sales and achievement of a cumulative level of sales, which are accounted for as variable consideration. The Joint Venture considers these amounts to be consideration payable to the customer, and therefore, the Joint Venture estimates these amounts based on the expected amount to be provided to customers and reduces the transaction price accordingly.

Practical Expedients and Exemptions

The Joint Venture has elected to utilize either the right to invoice practical expedient or the series-based variable consideration allocation framework for most transaction processing services not subject to contingencies. The Joint Venture also has elected to exclude sales taxes and other similar taxes from the measurement of the transaction price in contracts with customers. Therefore, revenue is recognized net of such taxes.

In certain customer arrangements with customers, the Joint Venture determined there are certain promised goods or services which are immaterial in the context of the contract from both a quantitative and qualitative perspective, and therefore, the goods and services are disregarded when assessing the performance obligations in the customer arrangement.

The Joint Venture has elected to apply the significant financing practical expedient, and as a result, the Joint Venture will not adjust the promised amount of consideration in a customer contract for the effects of a significant financing component when the period of time between when the Joint Venture transfers a promised good or service to a customer and when the customer pays for the good or service will be one year or less.

4. Interest Rate Cap Agreements

Risk Management Objective of Using Derivatives

The Joint Venture is exposed to certain risks arising from both its business operations and economic conditions. The Joint Venture principally manages its exposures to a wide variety of business and operational risks through management of its core business activities. The Joint Venture manages economic risks, including interest rate, liquidity and credit risk, primarily by managing the amount, sources and duration of its debt funding and the use of derivative financial instruments. Specifically, the Joint Venture enters into derivative financial instruments to manage differences in the amount, timing and duration of the Joint Venture's known or expected cash receipts and its known or expected cash payments principally related to the Joint Venture's borrowings.

Cash Flow Hedges of Interest Rate Risk

The Joint Venture's objectives in using interest rate derivatives are to add stability to interest expense and to manage its exposure to interest rate movements. To accomplish these objectives, the Joint Venture primarily uses interest rate cap agreements as part of its interest rate risk management strategy.

In March 2016 and 2017, Legacy CHC and the Joint Venture, respectively, executed annuitized interest rate cap agreements with a combined notional amount of \$650,000 and \$750,000, respectively, to limit the exposure of the variable component of interest rates under the then existing term loan facility or future variable rate indebtedness, each beginning in March 2017 and expiring in March 2020.

In August 2018, the Joint Venture executed additional annuitized interest rate cap agreements with notional amounts of \$500,000 and \$1,500,000, respectively, to limit the exposure of the variable component of interest rates under the term loan facility or future variable rate indebtedness to a maximum of 1.0%. The \$500,000 interest rate cap agreement began effective August 31, 2018 and expires March 31, 2020. The \$1,500,000 interest rate cap agreement begins effective March 31, 2020 and expires December 31, 2021.

As of September 30, 2019, each of the Joint Venture's outstanding interest rate cap agreements was designated as a cash flow hedge of interest rate risk and was determined to be highly effective.

Following the adoption of ASU 2017-12, all changes in the fair value of derivatives designated and that qualify as cash flow hedges are recorded in accumulated other comprehensive income and are subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings. Amounts reported in accumulated other comprehensive income related to derivatives will be reclassified to interest expense as interest payments are made on the Joint Venture's variable-rate debt. During the twelve months subsequent to September 30, 2019, the Joint Venture estimates that \$16,009 will be reclassified as an increase to interest expense.

The following table summarizes the fair value of the Joint Venture's derivative instruments at September 30, 2019 and March 31, 2019:

Derivative financial instruments designated as hedging instruments:	Fair Values of Derivative Financial Instruments		
	Balance Sheet Location	September 30, 2019	March 31, 2019
Interest rate cap agreements	Prepaid and other current assets	\$ 731	\$ 8,766
Interest rate cap agreements	Accrued expenses	(11,629)	(2,160)
Interest rate cap agreements	Other long-term liabilities	(23,066)	(16,846)
		<u>\$ (33,964)</u>	<u>\$ (10,240)</u>

Tabular Disclosure of the Effect of Derivative Instruments on the Statement of Operations

The effect of the derivative instruments on the accompanying condensed consolidated statements of operations for the three and six months ended September 30, 2019 and 2018 is summarized in the following table:

	Three Months Ended September 30, 2019	Three Months Ended September 30, 2018	Six Months Ended September 30, 2019	Six Months Ended September 30, 2018
Derivative financial instruments in cash flow hedging relationships:				
Gain/ (loss) related to effective portion of derivative financial instruments recognized in other comprehensive income (loss)	\$ (3,635)	\$ 6,218	\$ (20,686)	\$ 11,868
Gain/ (loss) related to portion of derivative financial instruments reclassified from accumulated other comprehensive income (loss) to interest expense	\$ 479	\$ 1,293	\$ (568)	\$ 2,705

Credit Risk-related Contingent Features

The Joint Venture has agreements with each of its derivative counterparties providing that if the Joint Venture defaults on any of its indebtedness, including a default where repayment of the indebtedness has not been accelerated by the lender, then the Joint Venture also could be declared in default on its derivative obligations.

As of September 30, 2019, the termination value of derivative financial instruments in a net liability position, which includes accrued interest but excludes any adjustment for nonperformance risk, was \$35,207. If the Joint Venture had breached any of these provisions at September 30, 2019, the Joint Venture could have been required to settle its obligations under the agreements at this termination value. The Joint Venture does not offset any derivative financial instruments, and the derivative financial instruments are not subject to collateral posting requirements.

5. Fair Value Measurements

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The Joint Venture's assets and liabilities that are measured at fair value on a recurring basis consist of the Joint Venture's derivative financial instruments and contingent consideration obligations. The tables below summarize these items as of September 30, 2019 and March 31, 2019, aggregated by the level in the fair value hierarchy within which those measurements fall.

Description	Balance at September 30, 2019	Quoted in Markets Identical (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest rate cap agreements	\$ (33,964)	\$ —	\$ (33,964)	\$ —
Contingent consideration obligations	(4,000)	—	—	(4,000)
Total	\$ (37,964)	\$ —	\$ (33,964)	\$ (4,000)

Description	Balance at March 31, 2019	Quoted in Markets Identical (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest rate cap agreements	\$ (10,240)	\$ —	\$ (10,240)	\$ —
Contingent consideration obligations	(3,091)	—	—	(3,091)
Total	\$ (13,331)	\$ —	\$ (10,240)	\$ (3,091)

The valuation of the Joint Venture's derivative financial instruments is determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivative, including the period to maturity, and uses observable market-based inputs, including interest rate curves. The fair value of the interest rate cap agreements is determined using the market standard methodology of netting the discounted future fixed cash payments (or receipts) and the discounted expected variable cash receipts (or payments) using the overnight index swap rate as the discount rate.

The Joint Venture incorporates credit valuation adjustments to appropriately reflect both its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of its derivative contracts for the effect of nonperformance risk, the Joint Venture has considered the impact of netting and any applicable credit enhancements and measures the credit risk of its derivative financial instruments that are subject to master netting agreements on a net basis by counterparty portfolio.

Although the Joint Venture has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivatives utilize Level 3 inputs to evaluate the likelihood of default by itself and by its counterparties. As of September 30, 2019, the Joint Venture determined that the credit valuation adjustments are not significant to the overall valuation of its derivatives. As a result, the Joint Venture determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

The valuation of the Joint Venture's contingent consideration obligations was determined using a discounted cash flow method as applied to cash flows determined through a Monte Carlo Simulation. This analysis reflects the contractual terms of the purchase agreements (e.g., minimum and maximum payments, length of earn-out periods, manner of calculating any amounts due, etc.) and utilizes assumptions with regard to future cash flows, probabilities of achieving such future cash flows and a discount rate. Significant increases with respect to assumptions as to future revenue and probabilities of achieving such future revenue would have resulted in a higher fair value measurement while an increase in the discount rate would have resulted in a lower fair value measurement.

The table below presents a reconciliation of the fair value of the liabilities that use significant unobservable inputs (Level 3):

	Three Months Ended September 30, 2019	Three Months Ended September 30, 2018	Six Months Ended September 30, 2019	Six Months Ended September 30, 2018
Balance at beginning of period	\$ (2,300)	\$ (4,172)	\$ (3,091)	\$ (4,000)
Adjustment of provisional amounts	—	—	—	100
Gain/ (loss) included in contingent consideration	(1,700)	72	(909)	(200)
Balance at end of period	<u>\$ (4,000)</u>	<u>\$ (4,100)</u>	<u>\$ (4,000)</u>	<u>\$ (4,100)</u>

Assets and Liabilities Measured at Fair Value upon Initial Recognition

The carrying amount and the estimated fair value of financial instruments held by the Joint Venture at September 30, 2019 and March 31, 2019 were:

	September 30, 2019		March 31, 2019	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Cash and cash equivalents	\$ 72,992	\$ 72,992	\$ 47,718	\$ 47,718
Accounts receivable	\$ 675,306	\$ 675,306	\$ 759,502	\$ 759,502
Senior Credit Facilities (Level 2)	\$3,925,509	\$3,973,284	\$4,804,905	\$4,834,800
Senior Notes (Level 2)	\$ 981,335	\$1,015,000	\$ 979,905	\$ 990,000
Debt component of tangible equity units (Level 2)	\$ 42,069	\$ 43,896	\$ —	\$ —

The carrying amounts of cash equivalents and accounts receivable approximate fair value because of their short-term maturities. The fair value of the Senior Credit Facilities and Senior Notes is based upon market quotes and trades by investors in partial interests of these instruments. The fair value of the debt component of tangible equity units is based on a discounted cash flow analysis.

Investments in Businesses

In December 2018, the Joint Venture purchased \$15,000 of preferred shares of a health care company and \$500 shares in a related company holding certain intellectual property, each of which is classified within Other noncurrent assets, net on the accompanying condensed consolidated balance sheets. Because this investment has no readily determinable fair value, the Joint Venture measures this investment at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer. The Joint Venture recognized no changes in the value of this investment during the three and six months ended September 30, 2019.

6. Legal Proceedings

The Joint Venture is subject to various claims with customers and vendors, pending and potential legal actions for damages, investigations relating to governmental laws and regulations and other matters arising out of the normal conduct of its business.

Government Subpoenas and Investigations

From time to time, the Joint Venture receives subpoenas or requests for information from various government agencies. The Joint Venture generally responds to such subpoenas and requests in a cooperative, thorough and timely manner. These responses sometimes require time and effort and can result in considerable costs being incurred by the Joint Venture. Such subpoenas and requests also can lead to the assertion of claims or the commencement of civil or criminal legal proceedings against the Joint Venture and other members of the health care industry, as well as to settlements.

Other Matters

Additionally, in the normal course of business, the Joint Venture is involved in various claims and legal proceedings. While the ultimate resolution of ongoing matters has yet to be determined, the Joint Venture does not believe that their outcomes will have a material adverse effect on the Joint Venture's consolidated financial position, results of operations or liquidity.

7. Income Taxes

The Joint Venture is treated as a partnership for income tax purposes and is therefore not subject to U.S. federal income taxes and not subject to most state and local income taxes. Legacy CHC and Change Healthcare Practice Management Solutions, Inc., both wholly owned subsidiaries of the Joint Venture, are subject to U.S. federal, state and local, and non-U.S. corporate income taxes.

The income tax expense for the three months ended September 30, 2019 and income tax benefit for the three months ended September 30, 2018 was \$998 and \$2,119, respectively, which represents an effective tax rate of 115.0% and (1.9%), respectively. The income tax expense for the six months ended September 30, 2019 and income tax benefit for the six months ended September 30, 2018 was \$2,563 and \$2,228, respectively, which represents an effective tax rate of 3.4% and (1.8%), respectively.

Fluctuations in the Joint Venture's reported income tax rates are primarily due to the earnings from partnerships that are passed through to the Members for which the Joint Venture is not subject to tax and benefits recognized as a result of certain incentive tax credits resulting from research and experimental expenditures in both the US and Canada.

8. Tax Receivable Agreement Obligations to Related Parties

Upon the consummation of the Transactions, the Joint Venture assumed obligations related to certain tax receivable agreements (collectively, the "Tax Receivable Agreements") with its current and former owners. Because the assets and obligations of the predecessor businesses were contributed to the Joint Venture at their historical carrying values, these Tax Receivable Agreements are subject to differing accounting models as explained below.

2009—2011 Tax Receivable Agreements

Under the 2009—2011 Tax Receivable Agreements assumed by the Joint Venture in connection with the Transactions, the Joint Venture is obligated to make payments to certain of the former Legacy CHC stockholders, equal to 85% of the applicable cash savings that the Joint Venture expects to realize as a result of tax attributes arising from certain previous transactions. As a result of the covered change of control with respect to the Tax Receivable Agreements that occurred in connection with the Transactions, payments the Joint Venture makes under the 2009—2011 Tax Receivable Agreements are required to be calculated using certain valuation assumptions, including that the Joint Venture will have sufficient taxable income to use the applicable tax attributes and that certain of such tax attributes will be used by the Joint Venture on a pro rata basis from the date of the Transactions (or in certain cases from the date of certain previous transactions) through the expiration of the applicable tax attribute. Because the 2009—2011 Tax Receivable Agreements were previously subject to fair value measurement in connection with a prior business combination transaction, it is recognized at its initial fair value plus recognized accretion to date.

2017 Tax Receivable Agreement

The 2017 Tax Receivable Agreement generally provides for the payment by Change Healthcare Performance, Inc. (a wholly owned subsidiary of the Joint Venture) to affiliates of Blackstone, Hellman & Friedman of 85% of the net cash tax savings realized (or, in certain circumstances, deemed to be realized) in periods ending on or after the Transactions as a result of certain net operating losses and certain other tax attributes of Change Healthcare Performance, Inc. as of the date of the Transactions. The 2017 Tax Receivable Agreement is considered a loss contingency under FASB ASC Topic 450 and is reflected on the accompanying condensed consolidated balance sheet at the amount that is both probable and reasonably estimable with future changes in this value being reflected within pretax income or loss.

McKesson Tax Receivable Agreement

The McKesson Tax Receivable Agreement generally requires payment to affiliates of McKesson (the “McKesson TRA Parties”) of 85% of certain cash tax savings realized (or, in certain circumstances, deemed to be realized) by Change Healthcare Performance, Inc. in periods ending on or after the date on which McKesson ceases to own at least 20% of the Joint Venture as a result of (i) certain amortizable tax basis in assets transferred to Joint Venture at the closing of the Transactions and (ii) imputed interest deductions and certain other tax attributes arising from payments under the McKesson Tax Receivable Agreement. Because payments under the McKesson Tax Receivable Agreement are contingent upon McKesson’s ceasing to own at least 20% of the Joint Venture and such an event was not probable at inception of the McKesson Tax Receivable Agreement or as of September 30, 2019, no related obligation has been reflected on the accompanying condensed consolidated balance sheet.

Based on facts and circumstances at September 30, 2019, the Joint Venture estimates the aggregate payments due under these Tax Receivable Agreements to be as follows:

	2009 - 2011 Tax Receivable Agreements	2017 Tax Receivable Agreement	Total
2020 (remainder)	\$ —	\$ —	\$ —
2021	18,703	1,179	19,882
2022	19,756	1,179	20,935
2023	19,826	41,330	61,156
2024	19,096	19,650	38,746
Thereafter	119,498	52,393	171,891
Gross expected payments	196,879	115,731	312,610
Less: Amounts representing discount	(92,852)	—	(92,852)
Total tax receivable agreement obligations due to related parties	104,027	115,731	219,758
Less: Current portion due (included in due to related parties, net)	(18,703)	(1,179)	(19,882)
Tax receivable agreement long-term obligations due to related parties	<u>\$ 85,324</u>	<u>\$ 114,552</u>	<u>\$ 199,876</u>

The timing and/or amount of aggregate payments due may vary based on a number of factors, including the amount of net operating losses and income tax rates.

9. Segment Reporting

Management views the Joint Venture's operating results based on three reportable segments: (a) Software and Analytics, (b) Network Solutions and (c) Technology-enabled Services. The accounting policies of the reportable segments are the same as those described in the summary of significant accounting policies in Note 2 to the Joint Venture's audited consolidated financial statements for the year ended March 31, 2019.

In April 2019, the Joint Venture made certain changes in the way that it manages its business and allocates costs. Specifically, the Joint Venture made the following changes during the period:

- Moved its consumer payments solution from the Network Solutions reportable segment to the Technology-enabled Services reportable segment.
- Moved its consumer engagement solutions from the Software and Analytics reportable segment to the Network Solutions reportable segment.
- Made certain changes in the way that costs are assigned to the reportable segments.

The presentation in the tables that follow has been retrospectively adjusted to reflect the above described changes. The retrospective reclassifications resulted in an impact to revenue and Adjusted EBITDA of less than 2% for each reportable segment.

Software and Analytics

The Software and Analytics segment provides solutions for revenue cycle management, provider network management, payment accuracy, value-based payments, clinical decision support, consumer engagement, risk adjustment and quality performance, and imaging and clinical workflow.

Network Solutions

The Network Solutions segment provides solutions for financial, administrative and clinical transactions, electronic payments and aggregation and analytics of clinical and financial data.

Technology-enabled Services

The Technology-enabled Services segment provides solutions for revenue cycle and practice management, value-based care enablement, communications and payments, pharmacy benefits administration and consulting.

Corporate and Eliminations

Inter-segment revenue and expenses primarily represent claims management and payment and communication solutions provided between segments.

Corporate and eliminations includes pass-through postage costs, management, administrative and certain other shared corporate services costs that are not allocated to the respective reportable segments, as well as eliminations to remove inter-segment revenue and expenses and consolidating adjustments to classify certain rebates paid to channel partners as a reduction of revenue. These administrative costs are excluded from the adjusted EBITDA measure for each respective reportable segment.

Listed below are the revenue and adjusted EBITDA for each of the reportable segments for the three and six months ended September 30, 2019 and 2018. This information is reflected in the manner utilized by management to make operating decisions, assess performance and allocate resources. Such amounts include allocations of corporate shared services functions that are essential to the core operations of the reportable segments such as information technology, operations and product development functions. Segment assets and related depreciation expenses are not presented to management for purposes of operational decision making, and therefore are not included in the accompanying tables.

Three Months Ended September 30, 2019

	Software and Analytics	Network Solutions	Technology- enabled Services	Corporate and Eliminations	Consolidated
Revenue from external customers:					
Solutions revenue	\$ 375,789	\$ 124,368	\$ 243,685	\$ (5,141)	\$ 738,701

11. Equity Based Compensation

Following Change Healthcare Inc.'s initial public offering, Change Healthcare Inc. adopted the Change Healthcare Inc. 2019 Omnibus Incentive Plan (the "Omnibus Incentive Plan") pursuant to which 25.0 million shares of the Change Healthcare Inc.'s stock have been reserved for issuance to employees, directors and consultants of Change Healthcare Inc., the Joint Venture and its affiliates.

In connection with the Omnibus Incentive Plan, Change Healthcare Inc., during the three months ended September 30, 2019, granted to the Joint Venture's employees and directors one or a combination of time-vesting restricted stock units (RSUs), time-vesting deferred stock units, performance stock units, and cash settled restricted stock units under vesting terms that generally vary from one to four years from the date of grant. Each of these instruments are described below.

Restricted Stock Units ("RSUs")—Change Healthcare Inc. granted 4,436,758 RSUs during the three months ended September 30, 2019. The RSUs are subject to either a graded vesting schedule over four years or a one or four year cliff vesting schedule, depending on the terms of the specific award. Upon vesting, the RSUs are exchanged for shares of the Change Healthcare Inc.'s common stock.

Performance Stock Units ("PSUs")—Change Healthcare Inc. granted 1,079,621 PSUs during the three months ended September 30, 2019. The PSUs consist of two tranches, one for which the quantity of awards expected to vest varies based on the Joint Venture's compound annual Revenue growth rate over a three year period in comparison to a target percentage and one for which the quantity of awards expected to vest varies based on the Joint Venture's compound annual Adjusted EBITDA growth rate over a three year period in comparison to a target percentage. The awards earned upon satisfaction of the performance conditions become vested on the fourth anniversary of the vesting commencement date of the award (i.e. continued service is required beyond the satisfaction of the performance condition prior to vesting). The Joint Venture recognizes compensation expense for the PSUs based on the number of awards that are considered probable to vest. Recognition of expense is based on the probability of achievement of performance targets and is periodically reevaluated.

Cash Settled Restricted Stock Units ("CSRSUs")—Change Healthcare Inc. granted 597,006 CSRSUs during the three months ended September 30, 2019. The CSRSUs are expected to vest ratably over three years. Upon vesting, however, Change Healthcare Inc. is required to pay cash in settlement of such CSRSUs based on their fair value at the date such CSRSUs vest.

Deferred Stock Units ("DSUs")—Change Healthcare Inc. granted 45,704 DSUs during the three months ended September 30, 2019. The DSUs vest 100% upon the one-year anniversary of the date of grant. Unlike the RSUs, however, the DSUs are exchanged for shares of the Change Healthcare Inc.'s common stock only following the participant's separation from service.

During the three and six months ended September 30, the Joint Venture recognized compensation expense of \$6,096 related to awards granted under the 2019 Plan. At September 30, 2019, aggregate unrecognized compensation expense of the Joint Venture related to awards granted under the 2019 Plan was \$87,211.

12. Tangible Equity Units

In July 2019, Change Healthcare Inc. completed its offering of 5,750,000 TEUs. Each TEU, which had a stated amount of \$50, was comprised of a prepaid stock purchase contract and a senior amortizing note due June 30, 2022. Change Healthcare Inc. allocated the proceeds from the issuance of the TEUs to equity and debt based on the relative fair values of the respective components of each TEU. Change Healthcare Inc. invested the net proceeds of each in a unit purchase contract and a debt instrument of the Joint Venture on terms that substantially mirror the economics of the TEUs, resulting in net proceeds to the Joint Venture of \$276,633 after consideration of underwriting discounts and third party costs that were allocated between the unit purchase contract and debt instrument consistent with the allocation utilized by Change Healthcare Inc. Under these mirrored arrangements, the Joint Venture is required to make cash payments or to transfer LLC Units to Change Healthcare Inc. concurrent with any cash payments or issuance of shares by Change Healthcare Inc. pursuant to the terms of its TEUs.

With respect to the mirrored debt arrangement, the Joint Venture agreed to pay Change Healthcare Inc. an aggregate principal amount of \$47,367 in quarterly installments of principal and interest (5.5% per year) on March 30, June 30, September 30, and December 30 of each year through June 30, 2022. Such amounts have been classified with debt on the accompanying consolidated balance sheets.

With respect to the mirrored unit purchase contract, the Joint Venture agreed to issue LLC Units to Change Healthcare Inc. in an amount equal to the number of shares of common stock issued by Change Healthcare Inc. to holders of its purchase contract and at the time of delivery of such common stock to such holders. Such amounts have been classified within Member's deficit on the accompanying consolidated balance sheets.

Because the economics of the unit purchase contract are intended to mirror the purchase contracts issued by Change Healthcare Inc., the Joint Venture expects to deliver between 18,429,325 LLC Units and 22,115,075 LLC Units, subject to adjustment, based on the Applicable Market Value (as defined below) of Change Healthcare Inc.'s common stock as described below:

- If the Applicable Market Value of Change Healthcare Inc.'s common stock is greater than \$15.60 per share, holders will receive 3.2051 shares of common stock per purchase contract and the Joint Venture will issue an identical number of LLC units to Change Healthcare Inc.
- If the Applicable Market Value is less than or equal to \$15.60 per share but greater than or equal to \$13.00 per share, the holder will receive a number of shares of the Company's common stock per purchase contract equal to \$50, divided by the Applicable Market Value and the Joint Venture will issue an identical number of LLC units to Change Healthcare Inc.; and
- If the Applicable Market Value is less than \$13.00 per share, the holder will receive 3.8461 shares of common stock per purchase contract and the Joint Venture will issue an identical number of LLC units to Change Healthcare Inc.

The Applicable Market Value is defined as the arithmetic average of the volume weighted average price per share of the Company's common stock over the twenty consecutive trading day period immediately preceding the balance sheet date, or June 30, 2022, for settlement of the stock purchase contracts.

The unit purchase contract has a dilutive effect on the Change Healthcare Inc.'s net income (loss) per unit. The 18,429,325 minimum LLC Units to be issued are included in the calculation of basic net income (loss) per unit. The difference between the minimum LLC Units and the maximum LLC Units are potentially dilutive securities, and accordingly, will be included in the Joint Venture's diluted net income (loss) per unit on a pro rata basis to the extent the Applicable Market Value is higher than \$13.00 but is less than \$15.60 at period end.

14. Asset Held for Sale

During the three months ended September 30, 2019, the Joint Venture committed to a plan to sell its Alpharetta, GA office property in an effort to reduce its real estate footprint. The Joint Venture expects to complete a sale of the property during its fiscal third quarter and recognize an immaterial gain on sale. As of September 30, 2019, the property had a carrying value of \$29,562. As a result of this contemplated sale transaction, the Joint Venture has classified the property as an asset held for sale on the accompanying condensed consolidated balance sheet at September 30, 2019.

15. Subsequent Events*Agreement to Sell Office Building*

In October 2019, the Joint Venture executed an agreement for the sale of its Alpharetta, GA office property for proceeds of approximately \$31,500. The sale is expected to be completed during the third quarter of the Joint Venture's fiscal year. The Joint Venture expects to recognize a gain of an immaterial amount as a result of this sale.

The Joint Venture has evaluated subsequent events through November 14, 2019, the date the financial statements were available to be issued.

CONTRACT FOR SERVICES

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the Nassau County Police Department, having its principal office at 1490 Franklin Avenue, Mineola, New York 11550 (the "Department") and (ii) Change Healthcare Technology Enabled Services, LLC, having its principal office at 5995 Windward Parkway, Alpharetta, Georgia 30005 (the "Contractor").

W I T N E S S E T H:

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, the Contractor desires to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

^{CR}/_{MAC} 1. Term. This Agreement shall commence on March 30, 2020, or the date the Agreement is executed by the County, whichever is later, and terminate five (5) years thereafter, unless sooner terminated in accordance with the provisions of this Agreement.

2. Services. Generally. The services to be provided by the Contractor under this Agreement shall consist of the recording and transmission of pre-hospital care reports ("PCR"), and billing and fee collection services for the Department's ambulance bureau ("Services"). Such Services, set forth below, are further described in the Contractor's Proposal incorporated herein by reference and attached hereto as Exhibit A. It is expressly understood that due to the experience, knowledge and capability of the current Senior Operations Manager and Supervisor PDCN Ambulance Account (Morris Maybruch and Ashley Peters), they shall be responsible during the Term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the Services hereunder. For purposes of this Agreement, the foregoing may not be replaced nor may their responsibilities be substantially reduced by Contractor without the express written approval (which may be provided through email) of the Department, which will not be unreasonably withheld or delayed.

(a) Recording and Transmission of Pre-Hospital Care Reports/Computer Hardware and Software Requirements

Electronic Pre-hospital Care Reports (EPCRs) will be entered electronically and managed by the Contractor in a database or similar system allowing the sorting, filtering, and reporting of data. Each EPCR will constitute one patient record and will contain the information required to file the insurance claim. The Contractor agrees to comply with all Federal and New York State HIPAA regulations (Health Insurance Portability and Protection Act 1981) to protect

patient confidentiality.

Data fields may include but not be limited to the following information:

- Patient name, social security number, date of birth, and age
- Dates of ambulance response
- NCPD Communications Bureau computer aided dispatch (CAD) number
- Ambulance call type, treatment and requirements
- Origin and destination of transport
- Patient address and address verification
- Other applicable patient location information

The Contractor shall provide the Department with the technological capabilities for Automated PCR Field Data Entry, which will provide the Department with the ability to collect patient information at the scene of an incident, en route to the hospital and /or while at the hospital. In support thereof the Contractor shall supply approved mobile electronic devices of the Department's choosing for collection of EPCR data. It shall be the responsibility of the Contractor to replace any mobile electronic device that is determined to be irreparable by the Department. This shall be done within 30 days of such request.

Additional items, as outlined below, are either currently in use and supplied by the Contractor, or reflect minimum requirements. All elements are necessary for operational efficiency.

- i. The Contractor shall provide a means to link the EPCR software, the Medical Control radio consoles and the cardiac monitors that are in use by the County. This shall include any hardware and/or software that the County chooses.
- ii. The Contractor shall provide computer software, hardware, peripherals and accessories as needed by the Department, in conformity with such items and materials currently utilized by the Department. The Contractor will be responsible for the cost to integrate the EPCR software with the Department's existing Computer Aided Dispatch ("CAD") system, provided however, that the maximum cost for such integration shall not exceed Twenty-five Thousand Dollars (\$25,000.00). Upgrades and/or expansion of equipment, software, hardware, peripherals and accessory needs as required by the Department will also be responsibility of vendor.
- iii. The Contractor will supply the County with a means to securely destroy any HIPPA related paperwork that in no longer needed to be kept on file. This will include an industrial grade shredder, which the contractor shall supply and maintain, and provision of a quarterly on-site commercial shredding service.
- iv. The Contractor will provide paid subscriptions to all necessary data storage programs to Emergidata, MedMedia's "Webcur", and any other software program in use by the

Department.

- v. The Contractor will provide paid subscriptions to all necessary anti-virus programs, necessary spyware programs, etc. as determined by the Department.
- vi. The Contractor will supply paid subscription and necessary support/hardware and supplies for Lightpath internet for Emergency Ambulance Bureau's (the "Bureau") Billing Office. The Contractor will supply three (3) laptop computers, of the Bureau's specifications, with aircards and associated software/subscriptions for use by EAB Billing Tech Support Team. The Contractor will provide up to 2 additional laptop computers, as needed, in the event of expansion of the Bureau's Tech Support Team. The Contractor will provide for replacement of same, at the Bureau's discretion, after two (2) years.
- vii. The Contractor will supply and support three (3) desktop computers and associated software and hardware of EAB's specifications for administrative use by EAB Billing Office. Associated hardware will include, but not be limited to, two (2) high speed scanners and two (2) high speed printers. Specifications will be determined by the Bureau. The Contractor will provide for replacement of same, at the Bureau's discretion, after two (2) years.
- viii. The Contractor will provide for in-house supply of parts and sundry items for repair and maintenance of mobile electronic devices.
- ix. The Contractor will provide an open credit card account, In the name of the Emergency Ambulance Bureau Commanding Officer, with a pre-set monthly dollar amount, for purchase of said parts and supplies.
- x. The Contractor will maintain an open warranty and repair/replacement contract with computer manufacturer(s) for necessary repairs and/or replacement of computers that cannot be performed in-house.
- xi. To meet performance standards and to be compatible with existing County networks and standards, hardware, software, peripherals and associated service should, meet or exceed the standards. The Contractor must have the ability to meet County network upgrades as necessary.
- xii. Equipment and Software must be maintained and updated with sufficient frequency, subject to a bi-annual review, to remain consistent with industry standards to maximize overall program effectiveness.
- xiii. The Contractor will be required to coordinate with the Information Technology Units of County and the Department to ensure compatibility with existing information technology systems as required.

(b) Medical Coding

The Contractor shall perform medical diagnostic coding using sources recognized as industry standards (e.g., current edition of ICD-10-CM Volume I – Tabular List of Diseases and Injuries, ICD-10-CM Volume 2 – Alphabetical Index of Diseases and Injuries, and the Diagnostic Coding guidelines for Ambulance Services as contained in the Coding Clinic ICD-10-CM Diagnostic and Reporting guidelines for outpatient Services, latest edition, or the new Medical diagnostic codes). Codes will be entered electronically in a manner/format developed by the

Contractor and reasonably approved by the Department. The Contractor will then integrate this information into the patient record database.

All medical coding shall be supervised by a certified coder. The Contractor must have the ability to enter a PCR into the database in the event an EPCR is unable to be uploaded electronically.

(c) Billing Services

Upon receipt of the patient information, the Contractor will use industry best practices to determine the authenticity of the patient's name and address. The release of medical and insurance information required for billing may, but not always be obtained when the EPCR is generated. Therefore, the Contractor will contact the patient to secure all necessary information in order to file a claim with their insurance carrier. The Contractor will also seek to make arrangements with local area hospitals to obtain the patient address and insurance information. The Contractor will determine patient eligibility for Medicare, Medicaid, primary and secondary insurance, if the claim is to be directly paid by the patient, or if the claim is ineligible for billing.

The Contractor will generate all appropriate insurance claims for payment.

All written communications between the contractor and "customers" including patients, other "billed" recipients, and representatives of insurance companies will be subject to the review and approval of the Department. The Contractor shall adhere to the following billing procedure:

- i. Initial statement: Contractor will issue an initial statement for payment to the patient, or if applicable, to the insurance carrier within seven (7) days after receipt of the EPCR. The statement will include but not be limited to the following information: account number; name and address of the patient; date of the statement; date of service; description of the service rendered; name of the hospital receiving the patient, fees for service provided; payment due date; basic information regarding third party reimbursement procedures; telephone number and hours for customer service assistance.
 - a. The statement will include either a separate or perforated return voucher that will include but not be limited to: account number; date of the statement; date of the transport; patient information; return address information (to a County-designated lockbox); payment due date; amount of the bill; statement date; terms of release of medical records. The reverse side of the statement will include an area to allow patients to provide address correction information, insurance information. The Contractor will also be expected to include a return envelope pre-printed with the return address information.
- ii. Second statement: Contractor will issue a statement thirty (30) days after the initial statement if payment, or insurance information is not received by the bank lockbox by the printed due date. This statement will be similar to the original statement and will also indicate that it is a "second statement and may be disregarded" if payment was already remitted.
- iii. Third statement: Contractor will issue a statement sixty (60) days after the initial statement if payment or insurance information is not received by the bank lockbox, but should be "by" the second statement due date. This statement will be similar to prior

statements, and will note, “If payment has been made, disregard the statement”.

- iv. Collection letter: Contractor will issue a “notice to collections” letter, ninety (90) days after the initial statement. This statement will constitute a warning notice to the patient stating that if the patient fails to pay the amount due, or provide insurance information the account will be forwarded for collection activity.
- v. Telephone calls: Contractor will place telephone calls to patients and insurance providers regarding account status if necessary, after the initial statement and subsequent statements are sent.
- vi. Third Party Reimbursements: Contractor will use industry best practices to maximize receipt of legitimate third party reimbursements for Department services, and to assist patients in obtaining such reimbursements with the minimum inconvenience.
- vii. Medicare Claims: Contractor will process all Medicare claims as required by Medicare Law, using current Common Procedural Terminology (CPT) codes for ambulance service, and accepted International Common Diagnostic (ICD-10) codes for emergency ambulance service, for all Medicare claims. Billing of the co-payment and deductible fee to the patient after receipt of payment from Medicare, and secondary insurance if applicable.
- viii. Medicaid Claims: Contractor will process all Medicaid claims as required by New York State law, using current Common Procedural Terminology (CPT) codes for ambulance service, and accepted International Common Diagnostic (ICD-10) codes for emergency ambulance service, for all Medicaid claims.
- ix. Insurance Claims: Contractor will process all insurance claims using Common Procedural Terminology (CPT) codes for emergency ambulance service, and accepted International Common Diagnostic (ICD-10) codes for emergency ambulance service, upon receipt of notice of the appropriate primary insurance (insurance carriers may include Medicare HMO’s or Medicaid HMO’s); use of either paper format or electronic format, as required, for claims; provision of information as required by the insurance company with all applicable supporting documentation; determination of a secondary carrier to be billed for any remaining balances after payment is received from the primary insurance carrier, and if so, generating an insurance claim to the second carrier including all standard company claims information and acceptable proof of payment from the primary carrier; billing of the patient for co-payments or deductibles.
- x. Refunds: Contractor will document overpayments or incorrect payments. Copies of this information will be forwarded monthly within Contractor’s invoice, for the processing of refunds through proper County procedures.
- xi. Returned checks: Contractor will follow up and collect payment for returned checks.
- xii. Claims of Financial Hardship: Contractor will cooperate with the Nassau County Attorney’s Office and the Bureau in the administration of its Financial Assistance Program, as may be amended from time to time. Contractor will be responsible for distributing Financial Assistance applications to patients claiming financial hardship and following up with patients to obtain required documents showing proof of identification, residence, and income. Final determinations of bill reduction and/or settlement shall be

subject to the approval of the Nassau County Attorney's Office.

- xiii. Billing complaints: Contractor to develop and implement standards and procedures to address all billing complaints subject to the approval of County. The Bureau will oversee vendor handling of billing complaints and take appropriate action on an as needed basis.
- xiv. Credit cards: Contractor will accept credit cards as a form of payment for ambulance services using a credit card company approved by the County. The Contractor will be responsible for any processing and/or merchant fees associated with accepting credit cards.
- xv. Collection Accounts: Each month, accounts which are deemed uncollectible will be reported to the County for approval for transfer to a Nassau County collection vendor. Accounts will be "marked" uncollectible if there has been no "activity" for one hundred and twenty (120) days after assignment, when the patient or responsible party cannot be located, or where the Contractor, in the reasonable exercise of his/her judgment deems the account uncollectible.
- xvi. Ethical Standards: The Contractor will use maximum, diligent, and timely billing efforts. All the Contractor's operations must be performed in accordance with the highest standard of legal ethics. The Contractor will comply strictly with any legal requirements or codes of conduct with respect to the collection of debts, communication with debtors made or issued by any governmental agency in any jurisdiction or location in which any attempt to collect the debts described herein is made. Such requirements will include but will not be limited to the following:
- Fair Debt Collection Practices Act, 15 U.S.C. § 1692
 - New York State Judiciary Law Article 15, § 489
 - New York State General Business Law § 600 and 601
 - New York Executive Law § 63, subchapter 12.
- xvii. Customer Service Via Telephone and Web Site: The Contractor will establish a multi-line telephone inquiry service upon project initiation to handle patient inquiries. The telephone number will be toll-free in New York State. At a minimum, it is expected that the service will be provided between the hours of 8:00 AM to 6:00 PM, Monday through Friday, excluding national holidays, Eastern Standard time, and the Contractor is encouraged to provide additional days and times of service. Answering machines and telephone message services will not be used during the service window period.

The Contractor will use the telephone service for the following functions:

- Process insurance information for patients
- Elicit additional information from patients in order to re-submit claims, which resulted in eligibility denials.
- Voice activated telephone*messaging*will not be permitted
- Respond to correspondence from patients and payers
- Receive and follow up on denials/requests for medical record documentation where appropriate and authorized
- Respond to and resolve all ambulance users' inquires and complaints regarding the billing and collection of ambulance fees in a prompt and

satisfactory manner

The Contractor will answer calls to the service and will attempt to resolve any billing problems or questions. Employees answering calls must be proficient in English, be skilled at navigating Contractor's database to access patient billing information and be capable of resolving billing payment issues.

The Contractor will establish a database to document all calls to the inquiry line, and will track all problems, inquiries, and resolutions. Reports describing this database will be provided to the Department monthly. An interactive call processor or similar system will be used to handle concurrent requests to the system. For ninety percent (90%) or more of all calls, the average delay period from the time the call is received by the system to the time the call is answered by a Contractor representative will not exceed one minute. The call processor will provide periodic prompts and messages during the waiting period, will provide alternative options for each caller and will estimate the wait until the caller is connected with a customer service representative.

- The Contractor will include the establishment of a secure website exclusively for Department billing inquiries and service information.
- The contractor will provide the ability to contact the Contractor using electronic mail.
- The Contractor will coordinate with designated County personnel to establish links to the websites of the County and the Department.

xviii. Contractor Database:

a. The Contractor's information systems will include the following features:

- "Real time," interactive information on all transactions, i.e., data will be posted immediately rather in batches
- Ability to process partial payments
- Ability to process payment adjustments such as returned checks and refunds

b. Access to County data: Access to the County's data stored in the Contractor's database, for any purpose, shall be secured through a password-protected log-on procedure. Each user of the database must have a unique user identification (ID) and password. Only those employees of the Contractor specifically assigned to perform billing and debt collections services for County may be allowed access to the database of the Department's records. Employees of the Department, authorized in writing by the Department shall also be given IDs and passwords that allow authorized inquiry access to Contractors database of patient accounts. The ability to edit database information will also be restricted to individuals designated by the Contractor and the County. Contractor shall notify the County immediately upon discovering any unauthorized access to either the County's data stored in Contractors database and shall provide to the County all relevant available information regarding the unauthorized access; Data may be purged from the live information system and stored on CD-ROM based on age as determined by the Department.

c. Maintenance of Equipment: The Contractor shall maintain and repair all

equipment provided under this Agreement. This equipment including all hardware, software, peripherals and associated service shall, meet or exceed industry standards. Equipment must be maintained and updated with sufficient frequency, subject to annual review, to remain consistent with industry standards and to maximize overall program effectiveness. Equipment shall remain the property of the Contractor. Contractor will be required to coordinate with the data processing units of the County and the Department to ensure appropriate levels of security with existing information technology systems as required. Nothing in this agreement shall prevent the County and the Department from installing additional software onto the computers provided by the Contractor.

(d) General Reporting Requirements

i. Reporting. Contractor shall prepare reports addressing performance under this Agreement in a standard format provided to Contractor by the County. Contractor shall, as requested by the County, aid in the development of these reports. As required by the County, certain reports shall be available in real time via electronics access to Contractor's information systems. Contractor shall prepare other reports in written format on a routine monthly basis; Contractor shall send a dvd-r copy of any report documentation, forms, payments and zero EOB's at the request of the Department.

ii. Monitoring. A Department representative will arrange for monitoring of the Services. The monitor will oversee ongoing quality to ensure that the Contractor is meeting the following levels of performance.

1. all billing information is accurate, complete and reflects the appropriate source of information
2. all required documentation is completed and submitted properly and in a timely manner
3. Medicare, Medicaid, private insurance, worker's compensation insurances, no-fault insurance and patient payments are properly recorded
4. secondary and follow up invoices and correspondence are issued
5. additional carriers are located and billed with proof of primary payment

iii. Auditing. The County, or its designee, and upon reasonable advance written notice, shall conduct a review and audit of the billing process, collection procedures and practices of the Contractor on an annual basis. The audits shall be conducted to verify that submissions for reimbursement comply with all applicable federal health care program statues, regulations, program and carrier directives relating to medical necessity determinations and medical diagnostic coding and to identify any and all instances where claims fail to meet these standards. The audits are intended to ensure that the programs are billed appropriately for services rendered. To the extent that irregularities are uncovered in the course of the review, the nature and cost of the irregularity will be detailed with recommendations for corrective action. County agrees that an audit conducted under this section will be conducted at such times and in a manner that avoids undue disruption of Contractor's operations. County will hold all information disclosed by Contractor and the results of any examination or audit in strict confidence and will not disclose such information to a third party unless required by law.

iv. Third-Party Audit by County. County may engage, at its own expense, independent, external, third-party auditors ("Third-Party Auditors") to perform the review and audit as described in (iii) above. Contractor will provide the information that the Third-Party Auditors determine to be reasonably necessary to perform and complete all audit procedures. The Third-

Party Auditors shall execute Contractor's "Confidentiality Agreement", substantially in the form attached hereto as Exhibit B, prior to the start of the audit. County agrees that an audit conducted under this section will be conducted at such times and in a manner that avoids undue disruption of Contractor's operations. County will hold all information disclosed by Contractor and the results of any examination or audit in strict confidence and will not disclose such information to a third party unless required by law.

iv. Site inspection. At its sole discretion, the Department reserves the right, on reasonable advance notice, to conduct an inspection of the Contractor's work site and its facilities located in New York State directly involved in the provision of the Services to the Department under this Agreement solely for the purposes of determining compliance with this Agreement and applicable law.

(e) Contractor Compliance and Quality Control

i. The Contractor and its employees shall abide by and conduct themselves in a manner consistent with the Federal, state and local laws. The Contractor shall establish a comprehensive quality control program, including but not limited to the following:

1. An inspection system covering all services furnished by the Contractor;
2. A checklist for use in reviewing and inspecting performance during regularly scheduled or unscheduled inspections. The checklist will include every area of the Contractor's operation including but not limited to the development and maintenance of the database, backup capability, employee background review, training services, billing services, collection services, reporting services, customer services, and the performance of individuals responsible for conducting such review and inspection; and
3. A system for identifying and correcting deficiencies in the quality of services.

(f) Confidentiality

i. The Contractor shall maintain in strict confidence all records, information or data that it prepares, receives, possesses or delivers pursuant to this Agreement ("Confidential Information"). All data (including, without limitation, all content in any media or format entered into, stored in, and/or susceptible to retrieval from the County's computer systems) or other materials furnished by the County for use by Contractor under the Agreement (such as records or information) shall remain the sole property of the County, will be deemed Confidential Information and will be held in confidence in accordance with the Agreement. All Confidential Information shall not be published, circulated, shared with third parties, or used in any manner by Contractor or its officers, employees, agents or approved subcontractors except as needed to perform Contractor's obligations under this Agreement or to the extent required by law. Confidential Information does not include (a) information lawfully obtained or created by the receiving party independently from the disclosing party's Confidential Information without breach of any obligation of confidence, (b) information that enters the public domain without breach of any obligation of confidence, or (c) Protected Health Information as defined by the Health Insurance Portability and Accountability Act. A breach of this section shall be deemed a material breach of this Agreement for which County shall terminate this Agreement and exercise any and all remedies available at law and in equity.

ii. The Contractor is fully familiar with the PCR's insofar as they contain Protected Health Information protected by HIPAA and other Federal, state and /or local laws and

regulations. Use and disclosure of Protected Health Information in connection with this Agreement will be governed by the Business Associate Agreement attached as Exhibit C. Medical records and health data, including but not limited to PCR's, medical necessity determinations, and coded forms, shall be transmitted to and from the Contractor in a secure electronic format.

iii. The County reserves any and all other rights and remedies under this Agreement in the event of unauthorized disclosure.

3. Payment. (a) Amount of Consideration. The Contractor shall be compensated upon a percentage of net revenues. Net revenues are defined as the total sum of all monies collected by the Contractor less amounts refunded or credited to a patient or a third-party payor as a result of overpayments, Medicaid payments, erroneous payments or returned checks. The Contractor shall be paid 5.50% of net revenues for the duration of this Agreement. Pursuant to New York State Law, Contractor shall be paid a flat fee of Six Dollars (\$6.00) per Medicaid claim.

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. Right to Works and Ownership of Data. (a) Upon execution of this Agreement, any tangible reports, documents, data, designs, drawings photographs and/or any other material provided to County pursuant to the Agreement, and any and all drafts and/or preliminary materials, in any format, to such items, shall become the exclusive property of the County.

Notwithstanding the foregoing, (i) Contractor retains all rights in its intellectual property and trade secrets contained in the materials, and no ownership rights are transferred to County hereunder, and (ii) the parties agree all rights related to de-identification and aggregation of data shall be governed by the BAA.

(b) All original records, accounts receivable data and documentation pertaining to said data is, and shall, remain, the property of the County, and shall be delivered or returned to the County in such media form as existing on the County system, together with a hard copy, and any other documents necessary to utilize the tape, disk, or media in which the data may be stored. Such material shall be delivered within thirty (30) days of the expiration or termination (for any reason) of the Agreement.

6. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

7. Compliance with Law. (a) Generally. The Contractor shall comply in all material respects with any and all applicable Federal, State and local Laws, including, but not limited to those relating to HIPAA as set forth in Exhibit C (Business Associate Addendum), conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all federal and state statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted, applicable to the Services provided by Contractor hereunder.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data provided by Contractor pursuant to its obligations under this Agreement ("Information") remains the sole property of the County and shall be used and disclosed solely for

the purpose of performance and administration of the Agreement or as required by law. Data that is de-identified in accordance with HIPAA obligations will not be considered County data. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(e) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation to (i) require its employees to disclose such information as circumstances arise; and (ii) to update this disclosure throughout the term of this Agreement as it becomes aware of such conflicts.

(f) Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
- (ii) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
- (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
- (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
- (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and

- (vi) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

8. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver Services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. Patent/Copyright Infringement Claims.

(a) Indemnification. Contractor shall defend at its expense, and indemnify and hold harmless County from and against any loss, cost, expense, or liability finally awarded and resulting from or arising out of a claim brought by a third party ("Third Party Claim") against County if such Third Party Claim alleges the infringement of such third party's U.S. patent or copyright by a Contractor-owned product or Service ("Infringement Claim").

(b) County Requirements. Contractor's obligations under this section are conditioned on the following:

- (i) County will notify Contractor of the Infringement Claim within ten (10) business days after County obtains knowledge of the existence or commencement of a Third Party Claim for which it is entitled to be indemnified under section 9(a) above. Any failure to give such notice will waive Contractor's obligations to the extent that Contractor is actually prejudiced due to County's delay;
- (ii) County will provide Contractor with all reasonably requested cooperation, information and assistance at Contractor's sole expense; and
- (iii) County will provide Contractor with sole authority to defend and settle the Infringement Claim; provided, however, that so long as Contractor retains sole control over the defense, settlement negotiations, and disposition of any Infringement Claim, then County may employ counsel and participate at its expense in the defense and settlement discussions of such Infringement Claim.

(c) County Consent. Contractor may not enter into any settlement of an Infringement Claim that does not include a release of all covered claims pending against the County, would create a financial obligation on County, or constitute an admission of liability by County without County's prior written consent.

(d) Exclusions. Contractor is not liable under this section if the Infringement Claim is based on:

- (i) modifications to a Contractor-owned product or Service provided to County under this Agreement ("Contractor Solution") that were not performed by Contractor;
- (ii) use of custom interfaces, file conversions, or other programming for which Contractor does not develop the specifications or instructions;

- (iii) use of a Contractor Solution in combination with products or services not provided by Contractor, if use of the Contractor Solution alone would not result in liability under this section;
- (iv) use of a Contractor Solution in a manner not authorized by this Agreement, or the Documentation;
- or
- (v) any version of a Contractor Solution that Contractor has notified County to discontinue use, if infringement would have otherwise been avoided.

(e) **Infringement Remedies.** If County makes a claim under this section, or Contractor believes an Infringement Claim is reasonably likely, then Contractor will, at its expense:

- (i) obtain for County the right to continue using the Contractor Solution; or
- (ii) replace or modify the Contractor Solution with an alternative solution of substantially equivalent functionality; or
- (iii) if neither (a) nor (b) are commercially feasible, terminate County's rights and Contractor's obligations under this Agreement related to the Contractor Solution.

(f) **Exclusive Remedy.** THIS SECTION CONTAINS CONTRACTOR'S ONLY OBLIGATIONS, AND COUNTY'S ONLY REMEDIES, WITH RESPECT TO ANY INFRINGEMENT CLAIM.

10. Limitation of Liability.

(a) **Total Damages.** Subject to section 10(c) below, Contractor's total cumulative liability in connection with or related to this Agreement will be limited to the sum of fees paid by County to Contractor during the 12-month period preceding the date of the claim, as applicable, whether based on breach of contract, warranty, tort, product liability or otherwise. Contractor will have no liability for systems beyond the control of Contractor.

(b) **Exclusion of Damages.** IN NO EVENT WILL SERVICE PROVIDER BE LIABLE TO CLIENT UNDER, IN CONNECTION WITH, OR RELATED TO THIS AGREEMENT FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS OR LOSS OF GOODWILL, WHETHER BASED ON BREACH OF CONTRACT, WARRANTY, TORT, PRODUCT LIABILITY, OR OTHERWISE, AND WHETHER OR NOT SERVICE PROVIDER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

(c) The limitations in section 10(a) above shall not apply to: (i) damages occasioned by the breach of either party of its obligations of confidentiality under this Agreement; or (ii) Contractor's indemnification obligations pursuant to sections 9 and 11 of this Agreement.

(d) **Material Consideration.** THE PARTIES ACKNOWLEDGE THAT THE FOREGOING LIMITATIONS ARE A MATERIAL CONDITION FOR THEIR ENTRY INTO THIS AGREEMENT.

11. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any third party claim resulting from the negligence, fraud or willful misconduct of the Contractor or a Contractor Agent, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be

responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

12. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars (\$1,000,000.00) per occurrence and Two Million Dollars (\$2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single limit liability of not less One Million Dollars (\$1,000,000.00) per claim (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

13. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of,

(ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the “County Executive”), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

14. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days’ written notice to the Contractor, (ii) for “Cause” by the either party immediately upon the receipt by the other party of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word “Cause” includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor’s ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the “Commissioner”), at least sixty (60) days prior to the termination date (or a shorter period if sixty days’ notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor’s right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the “Applicable DCE”) on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor’s responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

15. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually (“Records”), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the applicable provisions of the Code of Federal Regulations, 2 C.F.R. Part 200, as may be amended. Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

16. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

17. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

18. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

19. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

20. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this

Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

21. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

22. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred Thirty-three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Numbers 201-2001, 128-2006, and 153-2018. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

23. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals, third party approvals and other governmental approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

24. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

[Remainder of Page Intentionally Left Blank.]

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement
as of the Effective Date.

Appendix EE Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan

shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a

determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules (“CPLR”).

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term “Best Efforts Checklist” shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term “County Contract” shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term “County Contract” does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term “County Contractor” means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term “County Contractor” shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE “Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises” shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor’s affidavit with a notary’s signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term “Executive Director” shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term “Subcontract” shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term “Subcontractor” shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

PROPOSAL**

Program Description & Staffing (RFP Appendix B)

Please provide a complete written description of the Proposal, including the following information:

a. Staffing: Bios of firm principals as well as staff expected to be assigned to this project.

The team members currently managing PDNC's account will continue to do so. The following are bios of Change Healthcare team members.

Our experienced team of professionals has the education and training necessary to implement and manage a successful ambulance billing program for you. In addition to these lead team members (biographies below), we will continue to assign EAB to the same team of billing specialists and resources that have served you so well over the past 17 years. We are proud of the strength of our team.

Morris Maybruch, CPA, Senior Operations Manager

Morris has over 30 years of experience in health care, including expertise in finance, administration, billing, and collections. Prior to joining Change Healthcare, Morris was president of Medbill.com and managing partner of Madlin, Maybruch & Weingard, a certified public accounting firm in New York. Morris managed many health care clients from 1986 through 1993 when he departed to form Shoreline Medical Billing Systems, Inc. (the predecessor firm to Medbill.com). Shoreline was one of the first companies to provide ambulance billing and collection services in New York state.

Morris earned a B.S. in Accounting and Business Administration and an M.B.A. from Long Island University. He is a member of the American and New York Institutes of Certified Public Accountants, a Certified Healthcare Consultant, and a member of the National Association of Healthcare Consultants.

Ashley Peters, Supervisor PDCN Ambulance Account

Ashley has managed and supervised the PDCN team of professionals and all aspects of the billing process with an emphasis on maximizing revenue reimbursement. She also has played an important role in increasing reimbursements each year. She is instrumental in negotiating with insurance carriers to attain full reimbursement of charge rates. Ashley also ensures everyone is compliant with all applicable government rules and regulations.

Pat Griffin, EMS Billing Manager

Pat has been supervising ambulance billing services since 1990. She is a Certified Professional Coder and is responsible for maintaining the coding integrity of all claims processed. She has managed multiple implementations successfully with seamless transition resulting in an ongoing revenue stream for municipalities. In addition to the overall management of the ambulance billing process, Pat is also the onsite compliance individual ensuring we strictly adhere to all federal, state, and local rules and regulations.

Jacqueline M. Herrera, Executive Sales Director

Jackie has over 30 years of experience in EMS management and reimbursement services. She joined our team after holding key positions in the national EMS industry, including director of marketing and business development, managing director, and division general manager with direct oversight of all financial and operational responsibilities of emergency, non-emergency, and critical care services.

Recognizing the financial impact on all EMS agencies – whether municipal, private, or volunteer EMS systems – Jackie focused her EMS expertise on reimbursement services. Previously, as senior vice president of reimbursement services for a national EMS billing firm, she was instrumental in increasing growth thanks greatly to her proven skills, professionalism, and ability to recognize the needs of individual EMS agency clients. She established effective billing policies and procedures while streamlining processes and productivity standards; this combined with her expert knowledge of regulatory requirements to ensure compliance standards has achieved optimal collections opportunities for the EMS agencies that work with her. Her expertise with client relations, working directly with EMS agencies, stands out as a proven asset that has been instrumental in meeting or exceeding budget requirements of EMS revenue.

Jackie specializes in accounts receivable analysis and management to accomplish optimal billing and collections success. Jackie, a native of South Carolina, has held EMS provider certifications as an Emergency Medical Technician in Texas, Virginia, Maryland, and the District of Columbia.

Thomas Laur, President, Change Healthcare Technology Enabled Services

After retiring from the fire service, he was hired as the operations manager for careNOW, an innovative pathway management project owned by Premier Healthcare Services and the Greater Dayton Hospital Association in Dayton, Ohio. Tim has also worked in the EMS transport billing industry for almost 18 years, helping to build a high-performance billing company, focused on emergency transports. During that time, he was the director of client services for MBI-Solutions, fire/EMS division and later he became the director of client services, for MED3000, fire/EMS division in Ohio.

Tim is a member the International Association of Fire Chiefs (IAFC), EMS Section and the International Association of Firefighters (IAFF). He currently holds certifications as a Certified Ambulance Coder (CAC), Certified Ambulance Compliance Officer (CACO), and a Certified Ambulance Privacy Officer (CAPO). Tim's job functions focus on EMS compliance, training, and coding.

b. Detail prior experience in the area of compensation consulting.

We have significant experience in assisting our clients with establishing charge rates – we will continue to provide charge rate guidance and recommend any needed changes to maximize your revenue from payers. Typically, we recommend establishing charge rates that blend the usual, reasonable, and customary charges established by Medicare for the specific geographic region with the actual cost of providing EMS response.

c. Detail prior experience with public sector clients (similar size and scope).

Since 2002, we have contracted with Nassau County to provide the very best in ambulance billing services. Over the years, you have realized a dramatic increase in ambulance billing revenues. Throughout this time, the average revenue per transport has continually increased to its current level of over \$500, one of the highest municipal reimbursement rates in New York.

We feel it is extremely important to note our performance. Given today's current economic landscape and especially the financial challenges facing communities, \$500 per transport in Nassau County is quite an achievement. In fact, Nassau's average reimbursement rate is higher per transport than those received by most other ambulance transport providers New York State.

- d. **Detailed cover letter on the firm's letterhead indicating EIN number and the name of the parties authorized to discuss and/or enter into negotiations with Nassau County with respect this proposal.**

We have provided a cover letter meeting these requirements at the beginning of our proposal.

Approach to Scope of Services

Monitoring of Industry Issues

The Contractor will be responsible for monitoring developments and changes in regulations and circumstances affecting ambulance billing service, including changes in rates of Medicare and Medicaid reimbursements and reporting requirements. The Contractor will communicate any such changes with the Bureau and adapt procedures as necessary to conform to regulations. The County will also look to the Contractor to periodically recommend administrative, procedural, technical, and other improvements that will reflect industry best practices and improve revenue generation, customer service, and/or other key areas of performance.

We will continue to comply with this requirement. We use the team approach in determining the impact of changes in the healthcare industry on our clients. Our in-house legal team and our compliance team work together to determine the impact to our clients and to Change Healthcare and what changes need to be made by the operations team to comply with any new regulations. Our compliance team then relays that information to our operations teams and client managers. Your client manager will then explain any impacts to your designated staff. Every part of the process involves Change Healthcare team members who are experts at not just health care reform, but also federal Medicare rules and regulations, local Medicaid protocols, and even state and local legislation that can affect your reimbursement or required documentation. Appropriate team members attend conferences as necessary to stay abreast of the ever-changing rules in healthcare. Your client manager and operations team will keep you abreast of all changes as they occur.

Recording of Electronic Prehospital Care Reports (EPCR)

Electronic Prehospital Care Reports (PCRs) will be entered electronically and managed by the Contractor in a database or similar system allowing the sorting, filtering, and reporting of data. Each EPCR will constitute one patient record and will contain the information required to file the insurance claim. The Contractor agrees to comply with all Federal and New York State HIPAA regulations (Health Insurance Portability and Protection Act 1981) to protect patient confidentiality. Data fields may include but not be limited to the following information:

- **Patient name, social security number, date of birth, and age**
- **Dates of ambulance response**
- **NCPD Communications Bureau computer aided dispatch (CAD) number**

CHANGE

HEALTHCARE

- Ambulance call type, treatment and requirements
- Origin and destination of transport
- Patient address and address verification
- Other applicable patient location information
- Patient/ payee payment or collection status
- Timing and amount of payment(s)
- Insurance information
- ICD-10-CM diagnostic code
- CPT code
- Medical Coding

We will comply with this requirement. We currently interface with your SafetyPAD ePCR system to receive electronic run data directly into our billing system – we will continue to do so. Change Healthcare will comply with the privacy regulations pursuant to Public Law 104-191 of August 21, 1996, known as the Health Insurance Portability and Accountability Act of 1996, Subtitle F –

Administrative Simplification, Sections 261, et seq., as amended (“HIPAA”), to protect the privacy of any personally identifiable protected health information (“PHI”) that is collected, processed or learned through the billing services provided. We are committed to delivering services and products that enable our clients to meet the requirements of HIPAA. Our industry knowledge, leadership, and integrated internal business processes position us to help our clients address the challenges of HIPAA while meeting their long-term goals. We have been actively involved in HIPAA activities since early 2000, first with the Transactions and Code Sets requirements, then with the Privacy and Security rules. We are very proud of our HIPAA privacy policies as they reflect a lot of hard work and expertise. High quality products like our privacy policies help distinguish us from the competition.

The Contractor will perform all medical diagnostic coding using sources recognized as industry standards (e.g., current edition of ICD-9-CM Provider and Diagnostic coding, Common Procedural Terminology coding {CPT}, as approved by the American Medical Association). PCR information will be used to assign medical diagnostic codes. Codes will be entered electronically in a manner/ format developed by the contractor, and approved by the Police Department. The Contractor will then integrate this information into the patient record database.

We will continue to comply with this requirement following CPT and ICD-10 coding standards. The same billing team, including our certified coders, will continue to manage the County's account.

The Contractor must have the ability to enter a PCR into the database in the event an EPCR is unable to be uploaded electronically.

We can manually enter a PCR into our billing database if we are unable to upload an electronic PCR.

Ambulance Billing Services

Upon receipt of the patient information, the Contractor will use industry best practices to determine the authenticity of the patient's name and address.

We will comply with this requirement. We use a variety of tools to verify both patient insurance and demographic information.

The release of medical and insurance information required for billing may, but not always be obtained when the EPCR is generated. Therefore, the Contractor will contact the patient to secure all necessary information in order to file a claim with their insurance carrier. The Contractor will also seek to make arrangements with local area hospitals to obtain the patient address and insurance information. It is anticipated that the Contractor will determine patient eligibility for Medicare, Medicaid, primary and secondary insurance, if the claim is to be directly paid by the patient, or if the claim is ineligible for billing.

We will continue to comply with this requirement. We have strong relationships with personnel at your transport hospitals to receive patient data. We also call patients and send statements to receive demographic information.

Our Change Healthcare clearinghouse – in addition to allowing us to submit electronic claims to government and commercial payers – includes an insurance verification tool.

The Contractor will generate all appropriate insurance claims for payment:

All written communications between the contractor and “customers” including patients, other “billed” recipients, and representatives of insurance companies will be subject to the review and approval of the Department.

We will continue to comply with this requirement.

Initial statement: Contractor will issue an initial statement for payment to the patient, or if applicable, to the insurance carrier within seven (7) days after receipt of the EPCR. The statement will include but not be limited to the following information: account number; name and address of the patient; date of the statement; date of service; description of the service rendered; name of the hospital receiving the patient, fees for service provided; payment due date; basic information regarding third party reimbursement procedures; telephone number and hours for customer service assistance.

We will continue to comply with this requirement.

The statement will include either a separate or perforated return voucher that will include but not be limited to: account number; date of the statement; date of the transport; patient information; return address information (to a County-designated lockbox); payment due date; amount of the bill; statement date; terms of release of medical records. The reverse side of the statement will include an area to allow patients to provide address correction information, insurance information. The Contractor will also be expected to include a return envelope pre-printed with the return address information.

We will continue to comply with this requirement.

Second statement: Contractor will issue a statement thirty (30) days after the initial statement if payment, or insurance information is not received by the bank lockbox by the printed due date. This statement will be similar to the original statement and will also indicate that it is a “second statement and may be disregarded” if payment was already remitted.

We will continue to comply with this requirement.

Third statement: Contractor will issue a statement sixty (60) days after the initial statement if payment or insurance information is not received by the bank lockbox, but should be “by” the second statement due date. This statement will be similar to prior statements, and will note, “If payment has been made, disregard the statement”.

We will continue to comply with this requirement.

Collection letter: Contractor will issue a “notice to collections” letter, ninety (90) days after the initial statement. This statement will constitute a warning notice to the patient stating that if the patient fails to pay the amount due, or provide insurance information the account will be forwarded for collection activity.

We will continue to comply with this requirement.

Telephone calls: Contractor will place telephone calls to patients and insurance providers regarding account status if necessary, after the initial statement and subsequent statements are sent.

We will continue to comply with this requirement.

Third Party Reimbursements. Contractor will use industry best practices to maximize receipt of legitimate third-party reimbursements for police department services, and to assist patients in obtaining such reimbursements with the minimum inconvenience.

- **Medicare Claims: Contractor will process all Medicare claims as required by Medicare Law, using current Common Procedural Terminology (CPT) codes for ambulance service, and accepted International Common Diagnostic (ICD-9) codes for emergency ambulance service, for all Medicare claims. Billing of the co-payment and deductible fee to the patient after receipt of payment from Medicare, and secondary insurance if applicable.**

We will continue to comply with this requirement.

- **Medicaid Claims: Contractor will process all Medicaid claims as required by New York State law, using current Common Procedural Terminology (CPT) codes for ambulance service, and accepted International Common Diagnostic (ICD-9) codes for emergency ambulance service, for all Medicaid claims.**

We will continue to comply with this requirement.

- **Insurance Claims:** Contractor will process all insurance claims using Common Procedural Terminology (CPT) codes for emergency ambulance service, and accepted International Common Diagnostic (ICD-9) codes for emergency ambulance service, upon receipt of notice of the appropriate primary insurance (insurance carriers may include Medicare HMO's or Medicaid HMO's); use of either paper format or electronic format, as required, for claims; provision of information as required by the insurance company with all applicable supporting documentation; determination of a secondary carrier to be billed for any remaining balances after payment is received from the primary insurance carrier, and if so, generating an insurance claim to the second carrier including all standard company claims information and acceptable proof of payment from the primary carrier; billing of the patient for co-payments or deductibles.

We will continue to comply with this requirement.

Refunds: Contractor will document overpayments or incorrect payments. Copies of this information will be forwarded monthly within Contractor's invoice, for the processing of refunds through proper County procedures.

We will continue to comply with this requirement.

Returned checks: Contractor will follow up and collect payment for returned checks.

We will continue to comply with this requirement.

Claims of Financial Hardship: Contractor will cooperate with the Nassau County Attorney's Office and the Bureau in the administration of its Financial Assistance Program, as may be amended from time to time. Contractor will be responsible for distributing Financial Assistance applications to patients claiming financial hardship and following up with patients to obtain required documents showing proof of identification, residence, and income. Final determinations of bill reduction and/or settlement shall be subject to the approval of the Nassau County Attorney's Office.

We have worked diligently with the County to develop a Financial Hardship process and it has recently come to fruition. We will comply with all aspects of this requirement.

Billing complaints: Contractor to develop and implement standards and procedures to address all billing complaints subject to the approval of County. The Bureau will oversee vendor handling of billing complaints and take appropriate action on an as needed basis.

We will continue to comply with this requirement. We take any patient complaint very seriously. We log and escalate patient disputes to internal Change Healthcare management for quick resolution. Our management personnel will speak to the patient to resolve their issue quickly. Our team will stay close to the issue until it has come to a timely resolution that is satisfactory for all parties involved.

Credit cards: Contractor will accept credit cards as a form of payment for ambulance services using a credit card company approved by the County. The Contractor will be responsible for any processing and/or merchant fees associated with accepting credit cards.

As previously stated, we will comply with this requirement. Your patients can pay for services with a credit/debit card by calling the toll-free number printed on their statement or by logging into our secure portal. Change Healthcare will be responsible for all costs associated with accepting credit/debit card payments.

Collection Accounts

Each month, accounts which are deemed uncollectible will be reported to the County for approval for transfer to a Nassau County collection vendor. Accounts will be “marked” uncollectible if there has been no “activity” for one hundred and twenty (120) days after assignment, when the patient or responsible party cannot be located, or where the Contractor, in the reasonable exercise of his/her judgment deems the account uncollectible.

We will continue to comply with this requirement.

Ethical Standards

In all services provided under any contract resulting from this RFP, the Contractor will use maximum, diligent, and timely billing efforts. All the Contractor’s operations must be performed in accordance with the highest standard of legal ethics.

We will continue to comply with this requirement. We have made a formal commitment to be compliant in all aspects of our business. With an annual compliance budget of over \$7 million, we modeled our compliance agenda on the Department of Health and Human Services Office of Inspector General (OIG) Compliance Program Guidance for Third-Party Medical Billing Companies. Integrated into everything we do, we designed our compliance efforts to establish a culture that promotes prevention, detection, and resolution of conduct that conforms to federal and state law. It also conforms to federal, state, and private payer healthcare program requirements as well as our ethical and business policies. Because compliance is so important to us, we have a full-time compliance officer.

Honesty, integrity, and transparency are of the utmost importance to all facets of our business operations and executive leadership. We have adopted and implemented, with full senior executive leadership support, our compliance program which is invaluable in complying with all applicable laws and regulations while continuously building a strong ethical culture. The Code of Conduct is a key document of the compliance program, providing guidance to team members, contractors, and vendors as to appropriate professional and personal conduct required while carrying out daily activities. The Code of Conduct exceeds HIPAA and CMS requirements by

- Clearly communicating our commitment to our policies and procedures, regulations, professional standards, ethical business practices, and workplace standards
- Clearly conveying a message to all colleagues their responsibility for maintaining full compliance with laws and regulations as well as the expectations that they act and represent our business with the highest ethical standards
- Informing all team members about their responsibilities in making ours a successful organization.

The Contractor will comply strictly with any legal requirements or codes of conduct with respect to the collection of debts, communication with debtors made or issued by any governmental agency in any jurisdiction or location in which any attempt to collect the debts described herein is made. Such requirements will include but will not be limited to the following:

- Fair Debt Collection Practices Act, 15 U.S.C. § 1692
- New York State Judiciary Law Article 15, § 489
- New York State General Business Law § 600 and 601
- New York Executive Law § 63, subchapter 12.

We always have and always will comply with all applicable federal, state, and local laws and regulations. Because Change Healthcare is a billing company, not a debt collector, we are not subject to the Fair Debt Collections Practices Act ("FDCPA"). Billing companies send statements for services not billed at the time of service and such amounts are not in default. Billing companies also send the statements in the name of the provider and do not use a third-party name. If a billing vendor were to fully comply with the FDCPA they would need to bill with their own name instead of under their clients' names. The billing vendor would also have to collect the monies received into their own bank account and then forward the money to their clients. Change Healthcare agrees that it will meet the "spirit" of the collections recommendations and agrees as follows: In communications with County's patients, Change Healthcare will not:

- Simulate in any manner a law enforcement officer or a representative of any governmental agency
- Use or threaten force or violence
- Tell a patient who disputes a bill that she or he or any person employing her or him will disclose to another, orally or in writing, directly or indirectly, information affecting the patient's reputation for credit worthiness
- Disclose to a person other than the patient or her or his family information affecting the patient's reputation, whether or not for credit worthiness, with knowledge or reason to know that the other person does not have a legitimate business need for the information or that the information is false
- Willfully communicate with the patient or any member of her or his family with such frequency as can reasonably be expected to harass the patient or her or his family, or willfully engage in other conduct which can reasonably be expected to abuse or harass the patient or any member of her or his family
- Use profane, obscene, vulgar, or willfully abusive language in communicating with the patient or any member of her or his family
- Claim, attempt, or threaten to enforce a client bill if Change Healthcare knows that the bill is not legitimate or assert the existence of some other legal right if Change Healthcare knows that the right does not exist Use a communication which simulates in any manner legal or judicial process or which gives the appearance of being authorized, issued or approved by a government, governmental agency, or attorney at law, when it is not
- Communicate with a patient under the guise of an attorney by using the stationary of an attorney or forms or instruments which only attorneys are authorized to prepare

- Orally communicate with a patient in such a manner as to give the false impression or appearance that the County is or is associated with an attorney
- Publish or post, threaten to publish or cause to be published or posted before the public individual names or any list of names of patients, commonly known as a deadbeat list, to enforce or attempt to enforce collection of the bill.
- Mail any communication to a patient in an envelope or postcard with words typed, written or printed on the outside of the envelope or postcard calculated to embarrass the patient. An example of this would be an envelope addressed to "Deadbeat, Jane Doe" or "Deadbeat, John Doe"
- Communicate with the patient between the hours of 9 p.m. and 8 a.m. in the patient's time zone without prior consent of patient
- Cause charges to be made to any patient for communications by concealment of the true purpose of the communication, including collect telephone calls and telegram fees.

Customer Service Via Telephone and Web Site

The Nassau County Police Department places a high priority on delivering courteous and responsive services to the public. In billing and collecting for ambulance services, it is an important goal for the County that the process be convenient for its citizens, and that obtaining appropriate third-party reimbursement be made as simple as possible.

We will continue to conduct all communications in a professional and courteous manner. As an important part of our business, we are committed to excellent customer service. We understand our customer service department is an extension of your organization and we train our staff to be courteous and helpful when responding to EMS patient phone calls. Our goal is to satisfy all caller issues quickly and courteously.

Callers can leave a voicemail. We will make every effort to respond to voicemails within 24 business hours of receipt.

The Contractor will establish a multi-line telephone inquiry service upon project initiation to handle patient inquiries. The telephone number will be toll-free in New York State. At a minimum, it is expected that the service will be provided between the hours of 8:00 AM to 6:00 PM, Monday through Friday, excluding national holidays, Eastern Standard time, and the Contractor is encouraged to provide additional days and times of service. Answering machines and telephone message services will not be used during the service window period.

Customer service representatives are available via a toll-free number Monday through Friday (excluding holidays) from 8:00 a.m. to 6:00 p.m. Eastern to answer any incoming customer service inquiries.

The Contractor will use the telephone service for the following functions:

- Process insurance information for patients
- Elicit additional information from patients in order to re-submit claims, which resulted in eligibility denials.
- Voice activated telephone*messaging*will not be permitted
- Respond to correspondence from patients and payers
- Receive and follow up on denials/requests for medical record documentation where appropriate and authorized
- Respond to and resolve all ambulance users' inquires and complaints regarding the billing and collection of ambulance fees in a prompt and satisfactory manner

We will continue to comply with these requirements.

The Contractor will answer calls to the service and will attempt to resolve any billing problems or questions. Employees answering calls must be proficient in English, be skilled at navigating Contractor's database to access patient billing information and be capable of resolving billing payment issues.

We will continue to comply with this requirement. We choose our customer service specialists carefully. They receive extensive training and possess excellent communication skills. Our staff will interact with your patients as if they were your own staff. Specialists are available during regular business hours. They have instant, on-line access to patient records. Therefore, we can resolve most issues during the initial call. In 17+ years of service, we have had less than a handful of complaints and, in those rare cases, each one was resolved to the patient's satisfaction – this is a strong testament to our dedication to outstanding customer service.

The Contractor will establish a database to document all calls to the inquiry line, and will track all problems, inquiries, and resolutions. Reports describing this database will be provided to the Bureau monthly. An interactive call processor or similar system will be used to handle concurrent requests to the system. For ninety percent (90%) or more of all calls, the average delay period from the time the call is received by the system to the time the call is answered by a Contractor representative will not exceed one minute. The call processor will provide periodic prompts and messages during the waiting period, will provide alternative options for each caller and will estimate the wait until the caller is connected with a customer service representative.

- The Contractor will include the establishment of a secure website exclusively for Bureau billing inquiries and service information
- The contractor will provide the ability to contact the Contractor using electronic mail.

We will continue to comply with these requirements.

The Contractor will coordinate with designated County personnel to establish links to the websites of the County and the Police Department.

We have active links in place for the County and Police Department websites.

Computer Hardware and Software

It is anticipated that the Contractor's information systems will include the following features:

- "Real time," interactive information on all transactions, i.e., data will be posted immediately rather than in batches
- Ability to process partial payments
- Ability to process payment adjustments such as returned checks and refunds

Our information systems currently meet these requirements.

The Contractor's proposal should include the provision of computer hardware, software, and peripherals to enable the County to perform the following functions:

- Access the contractor's information management system for monitoring and auditing purposes
- Generate pre-designed reports from current data in the contractor's information management system
- Generate ad hoc reports and correspondence using the then current release of the Microsoft Office software suite
- Transmit EPCR information electronically to the contractor and from the Emergency Ambulance Bureau
- Complete New York State Health Department-required EPCRs and other required information using hand-held devices in each ambulance.

We currently provide the above listed computer hardware, software, and peripherals to the County.

Access to the Contractor's database, for any purpose, must require a password-protected log-on procedure. Each user of the database must have a unique user identification (ID) and password. Only those employees of the Contractor specifically assigned to perform billing and debt collection services for the Bureau may be allowed access to the database of Bureau records. Employees of the Bureau, authorized in writing by the Police Department, will also be given IDs and passwords that allow authorized inquiry access to the Contractor's database of patient accounts. The ability to edit database information will also be restricted to individuals designated by the Contractor and the Bureau and approved by the Bureau. Such access will be restricted using the same system of IDs and passwords described above. Data may be purged from live information system and stored on CD-ROM based on age as determined by the County.

We will continue to comply with this requirement.

The Bureau provides daily operational maintenance and support of all EPCR equipment through its Billing Department's Technical Support Team. The Contractor shall supply approved mobile electronic devices of the Bureau's choosing for collection of EPCR data. It shall be the responsibility of the Contractor to replace any mobile electronic device that is determined to be irreparable by the Billing Department's Technical Support Team. This shall be done within 30 days of such request. Additional items, as outlined below, are either currently in use and supplied by the Contractor, or reflect minimum requirements of the new Contractor. All elements are necessary for operational efficiency.

We currently provide approved mobile electronic devices to the Bureau and will continue to do so under a new contract with the County.

The Contractor shall provide a means to link the EPCR software, the Medical Control radio consoles and the cardiac monitors that are in use by the County. This shall include any hardware and/or software that the County chooses.

We will continue to comply with this requirement.

The Contractor will be responsible for the cost to integrate the EPCR software with the Bureau's existing Computer Aided Dispatch ("CAD") system. (CAD interface) to include initial pay out and yearly maintenance. Purchase, setup, install, maintain & support. Including all setup fees between the CAD vendor and EPCR vendor.

We will comply with this requirement, in fact our service agreement with SafetyPAD already includes services for CAD integration.

The Contractor shall provide computer software, hardware, peripherals and accessories as needed by Bureau, in conformity with such items and materials currently utilized by Bureau. Upgrades and/or expansion of equipment, software, hardware, peripherals and accessory needs as required by Bureau will be responsibility of vendor.(tech hardware/software)

We will continue to provide computer software, hardware, peripherals, and accessories as needed. We currently provide this equipment to the County.

The Contractor will supply the County with a means to securely destroy any HIPPA related paperwork that is no longer needed to be kept on file. This will include an industrial grade shredder, which the contractor shall supply and maintain, and provision of a quarterly on-site commercial shredding service.

We will continue to comply with this requirement.

- **The Contractor will provide paid subscriptions to all necessary data storage programs including Emergidata, MedMedia's "Webcur", and any other software program in use by the Ambulance Bureau. If an EPCR/ data storage program is no longer available, the Contractor shall be responsible for downloading, acquiring or purchasing all records and processing them into an easily searchable database for all past patients that the Bureau will own and have unlimited access to.**

We will continue to provide these paid subscriptions to the County.

CHANGE

HEALTHCARE

- **The Contractor will provide paid subscriptions to all necessary anti-virus programs, necessary spyware programs, etc. as determined by the Bureau.**

We will continue to provide anti-virus/spyware program paid subscriptions to the County.

- **The Contractor will supply paid subscription and necessary support/hardware and supplies for Lightpath internet for EAB Billing Office. The Contractor will supply three (3) laptop computers, of the Bureau's specifications, with aircards and associated software/subscriptions for use by EAB Billing Tech Support Team. The Contractor will provide up to 2 additional laptop computers, as needed, in the event of expansion of the Bureau's Tech Support Team. The Contractor will provide for replacement of same, at the Bureau's discretion, after two (2) years.**

We will continue to provide these paid subscriptions to the County.

- **The Contractor will supply and support three (3) desktop computers and associated software and hardware of EAB's specifications for administrative use by EAB Billing Office. Associated hardware will include, but not be limited to, 2 high speed scanners and 2 high speed printers. Specifications will be determined by the Bureau. The Contractor will provide for replacement of same, at the bureau's discretion, after two (2) years.**

We currently provide and support three desktop computers and the associated software to the County.

- **The Contractor will provide for in-house supply of parts and sundry items for repair and maintenance of mobile electronic devices.**

We will continue to comply with this requirement.

- **The Contractor will provide an open credit card account, in the name of the Emergency Ambulance Bureau Commanding Officer, with a pre-set monthly dollar amount, for purchase of said parts and supplies.**

We will continue to comply with this requirement.

- **The Contractor will maintain an open warranty and repair/replacement contract with computer manufacturer(s) for necessary repairs and/or replacement of computers that cannot be performed in-house.**

We will continue to comply with this requirement.

- **All items specified reflect minimum requirements for daily operating of the Bureau's Billing Office and Electronic PCR program. All specifications are subject to revision at the Bureau's discretion prior to actual implementation of contract.**

We acknowledge and agree to this requirement.

To meet performance standards and to be compatible with existing County networks and standards, hardware, software, peripherals and associated service should, meet or exceed the standards. The Contractor must have the ability to meet County network upgrades as necessary.

We will comply with these requirements.

Equipment and Software must be maintained and updated with sufficient frequency, subject to a biannual review, to remain consistent with industry standards to maximize overall program effectiveness.

We will comply with this requirement.

The Contractor will be required to coordinate with the Information Technology Units of County and Police Department to ensure compatibility with existing information technology systems as required.

We will continue to comply with this requirement.

Transitional Services

Any contract resulting from this RFP may include tasks related to the transition of responsibilities from the current vendor and the processing of EPCRs received during the period between the termination notification date of the current contract, and a new contract commencement date. It is possible, for example that a backlog may arise during this period. Under such circumstances, the selected Proposer will be expected to work with the County in billing for such accounts.

As your current billing vendor, we will not need to perform any transition activities. We will seamlessly continue to provide services on day one of the new contract with the County.

Contingency Payments based on a Percentage of Revenues Collected

The Proposer is to be compensated based on a percentage of net revenues. Net revenues are defined as the total sum of all monies collected by the Proposer less amounts refunded or credited to patient or third-party payer as a result of overpayments, erroneous payments or returned checks. Proposers are asked to propose a compensation rate to be set as a fixed percentage of actual revenues collected.

Unless clearly identified as a supplemental cost as described below, this fee is anticipated to include all expenses, including but not limited to skip tracing services, billing services, correspondence, telephone and web site inquiry services, database development and maintenance, reporting, training, compliance, auditing, postage. Fees are further to include all labor, material, equipment overhead, expenses, taxes, and profit necessary to complete the services pursuant to the terms of any agreement resulting from this selection process.

All fees will be capped for the term of the Agreement and will not be subject to increases or markups. Calculation Methodology Compensation will be calculated and paid on a monthly basis. Vendor invoices will detail actual collections and any appropriate adjustments.

The Department will notify the Proposer of payments made directly to the County and will pay the Contractor the contractual rate for all such direct payments collected by the County when they result from the Proposer's actual collection efforts. Payments will not be remitted if the County recalled the account or if the Proposer prior to receipt of the payment returned it. Otherwise, receipts will be presumed to be the result of the Proposer's actual billing.

Adjustments may also be made on a rolling basis each month for any refunds or other appropriate accounting revisions, with the approval of the County.

Our fee quoted on the form provided in Appendix A of the RFP meets the requirements stated above and is inclusive of all services to be provided under the contract with the County.

Proposer Personnel Qualifications and Training

The Proposer will assign to the Bureau's medical billing program personnel sufficiently skilled to perform the duties and assume the responsibilities described herein. Each employee working on the Bureau's medical billing program will be trained to perform or supervise the services furnished pursuant to this Agreement. Any personnel designated as performing medical diagnostic coding must be certified in the use of International Classification of Diseases codes and Common Procedural Terminology codes. Training of the Proposer's employees will include the requirements governing Medicare billing for a government agency, including Medicare/Medicaid requirements relating to documentation, medical necessity, assignment of diagnostic and procedural codes, and preparation and submission of claims.

The same billing team supervised by Ashley Peters that currently managing the County's account will continue to do so. We will provide ongoing training to our team members as necessary to maintain compliance with all regulations and billing-related requirements.

Training will also include the consequences of failing to comply with applicable laws, including the penalties for fraud and abuse. Each Proposer instructor providing the training will be proficient in each subject that will be taught. It is further anticipated that the Proposer will furnish a review course on at least an annual basis to all employees performing medical necessity determination and medical diagnostic coding services. The annual course will review and update the compliance procedures and project services, and will not serve as a substitute course for the complete training described above.

We will continue to comply with these requirements.

At the sole option of the County, the Proposer will include up to six (6) County employees in all training described above. Any training materials provided for Proposer employees will also be provided to participating County employees.

We will continue to comply with this requirement.

The Proposer will make reasonable inquiries into the background of prospective personnel to be employed for this program, and periodic review of employees providing Services herein for the program. The Proposer will not utilize any personnel for the provision of services that is listed by a Federal Agency as suspended, debarred, excluded or otherwise ineligible for Federal program participation.

It is our policy to perform background checks on all potential team members before hiring. We perform background checks to verify that individuals are not currently excluded, suspended, debarred, or otherwise ineligible to participate in any federal or state healthcare program or in federally funded programs.

**EXHIBIT B
CONFIDENTIALITY AGREEMENT**

Contractor and Nassau County (“County”) have entered into an agreement whereby Contractor provides certain services (the “Services”) to County (the “Contract for Services” or “Agreement”). County has entered into a contractual relationship with _____ [*insert name of person/entity performing the audit*]_____ (“Recipient”) and instructs Contractor to allow Recipient to review certain information in Contractor’s possession regarding County’s business and accounts receivable billing and collections performed by Contractor (“County Proprietary Information”). Therefore, in consideration of the mutual covenants and conditions contained in this Confidentiality Agreement (the “Confidentiality Agreement”), Recipient and County agree as follows:

A. During the course of Recipient’s examination and review of County Proprietary Information, Recipient may be exposed to or review certain proprietary information regarding Contractor (“Contractor Proprietary Information”). Contractor Proprietary Information refers to any and all data and information relating to the business of Contractor which has value to Contractor and is not generally known by its competitors or the public, including, without limitation, financial information, inventions, methods, techniques, actual or potential customers and suppliers, the Agreement, Contractor’s business practices or other trade secrets or confidential information of Contractor, all report formats, and existing and future products and computer systems and software. Recipient acknowledges and agrees that all Contractor Proprietary Information and all physical embodiments thereof are confidential to Contractor and are and will remain the sole and exclusive property of Contractor. All Contractor Proprietary Information acquired by Recipient will be kept strictly confidential and will not be disclosed to any other person or entity (including any entity affiliated with or any division of Recipient).

B. Contractor Proprietary Information does not include information which (i) is publicly known or which becomes publicly known through no act or failure to act on the part of Recipient; (ii) is lawfully obtained by Recipient from any third party entitled to disclose such information; (iii) is in the lawful possession of Recipient prior to such information having been disclosed to Recipient by Contractor; or (iv) is independently developed by Recipient.

C. Recipient further agrees that during Recipient’s engagement by County and for a period of one (1) year following any termination of Recipient’s engagement for whatever reason, Recipient will not, directly or indirectly, on Recipient’s own behalf or in the service of, or on behalf of any other individual or entity, divert, solicit or hire away, or attempt to divert, solicit or hire away, to or for any individual or entity, any person employed by Contractor, whether or not such employee is a full-time employee, temporary employee, leased employee or independent contractor of Contractor, whether or not such employee is employed pursuant to written agreement and whether or not such employee is employed for a determined period or at-will.

D. Recipient acknowledges that great loss and irreparable damage would be suffered by Contractor if Recipient should breach or violate the terms of this Confidentiality Agreement. In the event Recipient breaches or violates this Confidentiality Agreement, Recipient agrees that Contractor would not have an adequate remedy at law and, therefore, that Contractor would be entitled to a temporary restraining order and permanent injunction to prevent a breach of any of the terms or provisions contained in this Confidentiality Agreement, in addition to any monetary damages that may be available at law or equity. Recipient’s obligations under this Confidentiality Agreement will survive indefinitely.

E. Recipient represents and warrants that (i) it has the full power and authority to enter into this Confidentiality Agreement, and (ii) the person executing this Confidentiality Agreement has the full power and authority to do so.

IN WITNESS WHEREOF, Recipient has signed this Confidentiality Agreement as of the date below written.

EXHIBIT C BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement (“Agreement”) is entered into by and between Service Provider (“Business Associate”) and the County of Nassau, on behalf of the Nassau County Police Department (“Covered Entity”). Business Associate and Covered Entity may be individually referred to as a “Party” and, collectively, the “Parties” in this Agreement. This Agreement shall be incorporated into and made part of the Underlying Agreement (as defined below).

STATEMENT OF PURPOSE

Pursuant to the Underlying Agreement, Business Associate provides services to Covered Entity and Covered Entity discloses certain information, including PHI (as defined below), to Business Associate. The purpose of this Agreement is to protect the privacy and provide for the security of such PHI in compliance with the Privacy Rule and Security Rule.

SECTION 1: DEFINITIONS

“**Electronic Protected Health Information**” or “**Electronic PHI**” will have the meaning given to such term under the Privacy Rule and the Security Rule, including, but not limited to, 45 C.F.R. § 160.103, as applied to the information that Business Associate creates, receives, maintains or transmits from or on behalf of Covered Entity.

“**Privacy Rule**” will mean the Standards for Privacy of Individually Identifiable Health Information at 45 C.F.R. Part 160 and Part 164, Subparts A and E.

“**Protected Health Information**” or “**PHI**” will have the same meaning as the term “protected health information” in 45 C.F.R. § 160.103, as applied to the information created, received, maintained or transmitted by Business Associate from or on behalf of Covered Entity.

“**Security Rule**” will mean the Security Standards at 45 C.F.R. Part 160 and Part 164, Subparts A and C

“**Underlying Agreement**” will mean the applicable written services agreement(s) between Covered Entity and Business Associate under which Covered Entity may disclose PHI to Business Associate.

Capitalized Terms. Capitalized terms used in this Agreement and not otherwise defined herein will have the meanings set forth in the Privacy Rule and the Security Rule which definitions are incorporated in this Agreement by reference.

SECTION 2: PERMITTED USES AND DISCLOSURES OF PHI

2.1 Uses and Disclosures of PHI Pursuant to the Underlying Agreement. Except as otherwise limited in this Agreement, Business Associate may use or disclose PHI to perform functions, activities or services for, or on behalf of, Covered Entity as specified in the Underlying Agreement, provided that such use or disclosure would not violate the Privacy Rule if done by Covered Entity.

2.2 Permitted Uses of PHI by Business Associate. Except as otherwise limited in this Agreement, Business Associate may use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.

2.3 Permitted Disclosures of PHI by Business Associate. Except as otherwise limited in this Agreement, Business Associate may disclose PHI for the proper management and administration of Business

Associate, provided that the disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and will be used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person (which purpose must be consistent with the limitations imposed upon Business Associate pursuant to this Agreement), and that the person agrees to notify Business Associate of any instances in which it is aware that the confidentiality of the information has been breached.

2.4 Data Aggregation. Except as otherwise limited in this Agreement, Business Associate may use PHI to provide Data Aggregation services for the Health Care Operations of the Covered Entity as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B).

2.5 De-identified Data. Business Associate may de-identify PHI in accordance with the standards set forth in 45 C.F.R. § 164.514(b) and may use or disclose such de-identified data unless prohibited by applicable law.

SECTION 3: OBLIGATIONS OF BUSINESS ASSOCIATE

3.1 Appropriate Safeguards. Business Associate will use appropriate administrative, physical, and technical safeguards to comply with the Security Rule with respect to Electronic PHI, to prevent use or disclosure of such information other than as provided for by the Underlying Agreement and this Agreement. Except as expressly provided in the Underlying Agreement or this Agreement, Business Associate will not assume any obligations of Covered Entity under the Privacy Rule. To the extent that Business Associate is to carry out any of Covered Entity's obligations under the Privacy Rule, Business Associate will comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations.

3.2 Reporting of Improper Use or Disclosure, Security Incident or Breach. Business Associate will report to Covered Entity any use or disclosure of PHI not permitted under this Agreement, Breach of Unsecured PHI or any Security Incident, without unreasonable delay, and in any event no more than fourteen (14) days following discovery; provided, however, that the Parties acknowledge and agree that this Section constitutes notice by Business Associate to Covered Entity of the ongoing existence and occurrence of attempted but Unsuccessful Security Incidents (as defined below). "Unsuccessful Security Incidents" will include, but not be limited to, pings and other broadcast attacks on Business Associate's firewall, port scans, unsuccessful log-on attempts, denials of service and any combination of the above, so long as no such incident results in unauthorized access, use or disclosure of PHI. Business Associate's notification to Covered Entity of a Breach will comply with the requirements set forth in 45 C.F.R. § 164.404.

3.3 Business Associate's Agents. Business Associate will enter into a written agreement with any agent or subcontractor that creates, receives, maintains or transmits PHI on behalf of Business Associate for services provided to Covered Entity, providing that the agent agrees to restrictions and conditions that are no less restrictive than those that apply through this Agreement to Business Associate with respect to such PHI. Business Associate must obtain Covered Entity's approval prior to engaging a subcontractor to provide services pursuant to the Underlying Agreement on behalf of Covered Entity.

3.4 Access to PHI. To the extent Business Associate agrees in the Underlying Agreement to maintain any PHI in a Designated Record Set, Business Associate agrees to make such information available to Covered Entity pursuant to 45 C.F.R. § 164.524, within ten (10) business days of Business Associate's receipt of a written request from Covered Entity; provided, however, that Business Associate is not required to provide such access where the PHI contained in a Designated Record Set is duplicative of the PHI contained in a Designated Record Set possessed by Covered Entity.

3.5 Amendment of PHI. To the extent Business Associate agrees in the Underlying Agreement to maintain any PHI in a Designated Record Set, Business Associate agrees to make such information

available to Covered Entity for amendment pursuant to 45 C.F.R. § 164.526 within ten (10) business days of Business Associate's receipt of a written request from Covered Entity.

3.6 Documentation of Disclosures. Business Associate will document disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.

3.7 Accounting of Disclosures. Business Associate will provide to Covered Entity, within twenty (20) business days of Business Associate's receipt of a written request from Covered Entity, information collected in accordance with Section 3.6 of this Agreement, to permit Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.

3.8 Governmental Access to Records. Business Associate will make its internal practices, books and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of, Covered Entity available to the Secretary for purposes of the Secretary determining compliance with the Privacy Rule and the Security Rule.

3.9 Mitigation. To the extent practicable, Business Associate will cooperate with Covered Entity's efforts to mitigate a harmful effect that is known to Business Associate of a use or disclosure of PHI by Business Associate that is not permitted by this Agreement.

3.10 Minimum Necessary. Business Associate will request, use and disclose the minimum amount of PHI necessary to accomplish the purpose of the request, use or disclosure, in accordance with 45 C.F.R. § 164.514(d), and any amendments thereto.

SECTION 4: CHANGES TO PHI AUTHORIZATIONS

Covered Entity will notify Business Associate fifteen (15) days, if practicable, prior to the effective date of (1) any limitation(s) in its notice of privacy practices in accordance with 45 C.F.R. § 164.520, (2) any changes in, or revocation of, permission by an Individual to use or disclose PHI, or (3) any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 C.F.R. § 164.522. Covered Entity will make such notification to the extent that such limitation, restriction, or change may affect Business Associate's use or disclosure of PHI.

SECTION 5: TERM AND TERMINATION

5.1 Term. The term of this Agreement will commence as of the Effective Date, and will terminate when all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity.

5.2 Termination for Cause. Upon either Party's knowledge of a material breach by the other Party of this Agreement, such Party may terminate this Agreement immediately if cure is not possible. Otherwise, the non-breaching party will provide written notice to the breaching Party detailing the nature of the breach and providing an opportunity to cure the breach within thirty (30) business days. Upon the expiration of such thirty (30) day cure period, the non-breaching Party may terminate this Agreement and the affected underlying product or service if the breaching party does not cure the breach or if cure is not possible.

5.3 Effect of Termination.

5.3.1 Except as provided in Section 5.3.2, upon termination of the Underlying Agreement or this Agreement for any reason, Business Associate will return or destroy all PHI received from Covered Entity, or created or received by Business Associate on behalf of Covered Entity, at Covered Entity's expense, and will retain no copies of the PHI. This provision will apply to PHI that is in the possession of subcontractors or agents of Business Associate.

5.3.2 If it is infeasible for Business Associate to return or destroy the PHI upon termination of the Underlying Agreement or this Agreement, Business Associate will: (a) extend the protections of this

Agreement to such PHI and (b) limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI.

5.3.3 The respective rights and obligations of Business Associate under Section 5.3 of this Agreement will survive the termination of this Agreement and the Underlying Agreement.

SECTION 6: COOPERATION IN INVESTIGATIONS

The Parties acknowledge that certain breaches or violations of this Agreement may result in litigation or investigations pursued by federal or state governmental authorities of the United States resulting in civil liability or criminal penalties. Each Party will cooperate in good faith in all respects with the other Party in connection with any request by a federal or state governmental authority for additional information and documents or any governmental investigation, complaint, action or other inquiry.

SECTION 7: COMPLIANCE WITH LAW

Business Associate will comply with all applicable federal privacy and security laws governing PHI, as they may be amended from time to time.

SECTION 8: AMENDMENT

This Agreement may be modified, or any rights under it waived, only by a written document executed by the authorized representatives of both Parties. In addition, if any relevant provision of the Privacy Rule or the Security Rule is amended in a manner that changes the obligations of Business Associate or Covered Entity that are embodied in terms of this Agreement, then the Parties agree to negotiate in good faith appropriate non-financial terms or amendments to this Agreement to give effect to such revised obligations.

SECTION 9: GENERAL

This Agreement is governed by, and will be construed in accordance with, the laws of the State that govern the Underlying Agreement. Neither Party will assign this Agreement without the prior written consent of the other Party, which will not be unreasonably withheld. All notices relating to the Parties' legal rights and remedies under this Agreement will be provided in writing to a Party, will be sent to its address set forth in the Underlying Agreement, or to such other address as may be designated by that Party by notice to the sending Party, and will reference this Agreement. Nothing in this Agreement will confer any right, remedy, or obligation upon anyone other than Covered Entity and Business Associate.

- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

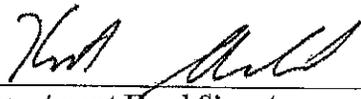

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

9. Does this business have one or more affiliates, and/or is it a subsidiary of, or controlled by, any other business?

GFEAPC is an affiliate of and is controlled by Gannett Fleming, Inc. GFEAPC's shareholders are James Laurita, John Kovacs, and Giuseppe Tulumello. Gannett Fleming Architects, Inc. is also an affiliate of Gannett Fleming, Inc. Additionally, Gannett Fleming Engineers, PC is an affiliate of Gannett Fleming, Inc., but is winding down operations in favor of GFEAPC in a move to simplify our operations.

10. Has the proposer ever had a bond or surety cancelled or forfeited, or a contract with Nassau County or any other government entity terminated?

GFEAPC and its affiliate Gannett Fleming, Inc. are part of a large engineering organization, which has been in business since 1915. At any one time, these entities have several thousand open contracts. From time to time, some clients have terminated contracts for their convenience. Gannett Fleming does not maintain records of contracts terminated for convenience. However, we can represent that during the past 10 years, no Gannett Fleming contracts have been terminated for default.

16. For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

Citation issued for inadvertent failure to remit UC for one employee for tax years 2011-2013. The employee reported to the NY office but worked in NJ on projects. Company paid unremitted contributions with interest (\$6,214.81) in January and March 2016, and the state agreed to waive any penalties.

Technical Approach

Firm Introduction

Locally headquartered in Nassau County, Gannett Fleming is a multi-disciplined consulting engineering firm with 103 years of experience providing a wide array of services, including construction management and constructability review, to private and public clients. Our firm currently employs nearly 2,200 highly qualified, dedicated individuals who provide planning, design and construction services in water/wastewater, transportation, facilities, environmental, transit and rail, and information technology disciplines. Our Construction Services Business Line employs nearly 350 full-time employees.

Gannett Fleming's highly regarded reputation as a construction manager is the result of successfully serving our clients for many years, on projects both large and small. We pride ourselves on our ability to effectively respond to our clients' needs and adapt to the specific requirements of each project, no matter how diverse.

With over a century of experience since our inception, we have worked diligently to be recognized as a leader in the industry. As we continue to grow and expand, we never lose sight of our key mission – to make our clients successful.

During the past decade, we have provided construction management and construction inspection services for projects ranging from a few thousand dollars to hundreds of millions of dollars.

Project types and locations cover a wide spectrum, including water and wastewater treatment plants, water distribution systems, wastewater collection systems, and dams, as well as office buildings, bridges, roadway construction, transit facilities, and industrial facilities. In recent years, our firm has been responsible for providing construction management and inspection services for the construction of hundreds of water and wastewater buildings and other facilities in areas prone to flooding and in need of storm hardening.

Our management philosophy is to provide professional, quality services through our long-term, well-trained employees, who are equipped with the necessary tools to perform at the level expected by our clients. Our ability to sustain this level of quality is evident through the high percentage of repeat client business we maintain. An important aspect of our success is that we sustain a continuing role with the clients we serve, well after their project has been completed.

Gannett Fleming already possesses strong working relationships with the Program Manager, NCDPW, and the operating utility (Suez) due to our extensive experience serving NCDPW and other local agencies on Long Island. We will utilize our proactive construction management, scheduling, and project controls techniques to diligently mitigate risks and keep the construction contractor on track while prioritizing maintenance of the pump stations' operations.

CM Scope of Services

The number one focus of the Gannett Fleming team will be the protection of NCDPW's interest. Our experienced team understands the need for timely reporting, responsiveness to issues, and collaboration among the entire project team. In addition, our team is comprised of professionals who have worked quite successfully on large programs with Program Managers. Our team members have achieved success on numerous construction management assignments pertaining to many pumps station and collection systems and will apply the same success factors to this Pump Station Mitigation Project.

Proactive coordination with all of NCDPW's stakeholders, including the pump stations' operations teams, the local communities, and the Program Manager will be critical to success on this project. Our success will also be strengthened by the creation of a schedule that has considered all

risk scenarios including Lock Out/Tag Out (LOTO) and maintenance of the plant's operations (MOPO), as required, with the construction contractors and plant operations staff.

The Gannett Fleming team also includes technical experts who have successfully designed and provided construction assistance to NCDPW for similar upgrades and improvements.

Our Technical Approach addresses all of the requirements of NCDPW's Request for Proposals (RFP PW-S3P311-11M) for construction management services in connection with the Pump Station Mitigation Construction Contract S3P311-11G. We have carefully reviewed the roles and responsibilities of our construction management staff and have applied them to NCDPW's requirements for this RFP. The following table summarizes the scope of services required and the responsible staff for the successful completion of each task.

Experience/Qualifications of the Firm

Gannett Fleming brings the experience needed to successfully oversee the construction activities being performed at the Roslyn Village, Morgan Park, and Shore Road collection pump stations. We understand the goals and key issues associated with this project and will utilize our past experience with NCDPW, understanding of effective storm hardening and flood proofing elements, and ability to successfully manage concurrent construction activities at multiple sites to make certain work is performed in accordance with all plans and specifications, as well as building codes and OSHA requirements.

Gannett Fleming has implemented storm hardening and flood mitigation measures at numerous pump stations and water treatment facilities throughout the NY Metropolitan area. Similar to the scope of this project, these facilities have required the design

and construction of *wall reinforcements, submersible doors, and new flood-proof windows*. Serving as the construction manager for the *NCDPW Bay Park Sewage Treatment Plant, Stormwater Pumping Stations* project, Gannett Fleming oversaw the construction of enhancements within the perimeter flood wall/earthen berm, which will help to mitigate the potential for future tidal back-ups throughout the stormwater system. In addition, as part of our work at the *NYCDEP's Newtown Creek WPCP*, we are inspecting the construction of flood rated doors, walls, gates, barriers and concrete knee walls; relocation of mechanical and electrical equipment; water repellent application; and waterproofing. Through our understanding of the specific flood proofing and storm hardening scope items, we will provide effective inspection services so that these facilities are able to withstand any future severe storm events.

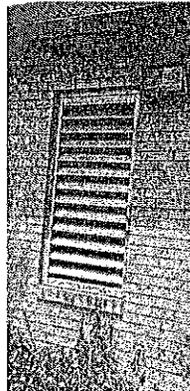

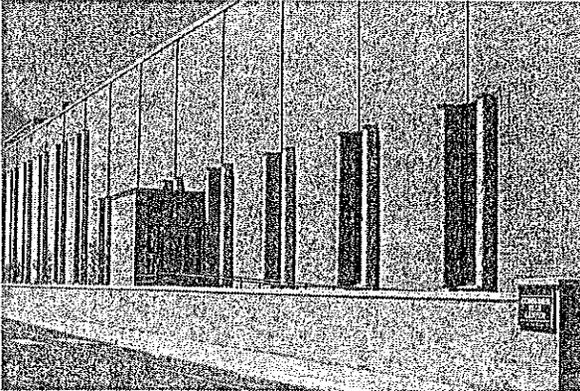

Over 25 year history with the NCDPW

Deep breadth of staff with over 300 CM personnel firm-wide

More than 50 projects requiring storm hardening and flood mitigation efforts

Ability to successfully manage concurrent work at multiple sites while maintaining operations

Gannett Fleming has managed and inspected the construction of many of the same flood protection elements required by this project, including flood walls, doors, gates, and barriers.

We understand the key role these pump stations play in NCDPW's operations, and bring proven experience providing concurrent construction inspection services at multiple sites while maintaining operations. As part of the *Baltimore County Department of Public Works On-Call Pump Station Engineering and Construction Services* contract, Gannett Fleming served as a trusted advisor to inspect and assess several pump stations within Baltimore County's system on an as-needed basis. Our team was able to mobilize inspectors quickly and efficiently to provide construction support and inspection services throughout the duration of the contract. Additionally, Gannett Fleming oversaw the construction of the *Anne Arundel County's Parole Sewage Pump Upgrade Phase II* contract, which required maintaining the Parole Pump Station operations during major renovations, including the successful implementation of a new sewage bypass system. Our team coordinated closely with the client, contractor, construction personnel, and project stakeholders to make certain that the facility's systems and processes remained uninterrupted.

The technical knowledge gained from these projects will enable our firm to anticipate, navigate, and resolve the challenges inherent in this type of construction. We are not only experienced with the same types of improvements needed to

protect the three pump stations included in this contract, but have also demonstrated our ability to prioritize maintenance of plant operations during these projects. Additionally, we will draw on our team's extensive knowledge of NCDPW's policies, procedures, and project staff to make certain all construction activities are performed in a high-quality manner that meets or exceeds NCDPW's expectations.

Project Profiles

To demonstrate our experience, Gannett Fleming has provided a sample of our most recent and relevant projects on the following pages. These profiles illustrate our technical prowess, familiarity with the project scope, and success adhering to project controls measures, such as schedules and budgets. A matrix indicating our additional relevant storm hardening and flood mitigation experience is provided for review at the end of this section.

**PROJECT
DESCRIPTION**

Gannett Fleming is providing construction management services to NCDPW for the construction of two stormwater pumping stations at the Bay Park Sewage Treatment Plant. This includes an 8.4 MGD pump station at the north catchment area and a 38 MGD pump station at the south catchment area, as well as the installation of new pumping equipment and electrical/controls systems. This project will serve as an enhancement within the perimeter flood wall/earthen berm to mitigate the potential for future tidal back-ups throughout the stormwater system, and will also have the ability to collect and transport stormwater from the plant property. Our firm is providing construction management, resident engineering/inspection, office engineering, scheduling,

as well as cost estimating and health and safety services.

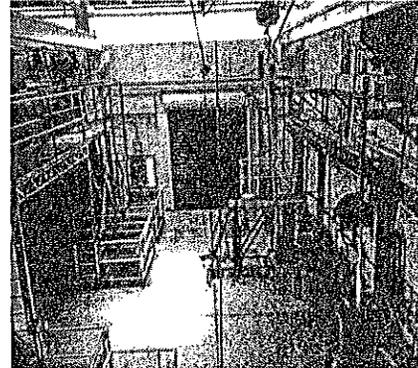

Included in the project is the installation of 2 interim Stormwater pumping systems which incorporate 11 critically silenced diesel pumped and above ground 24" and 36" piping headers.

The north pump station includes three (3) 45 horsepower submersible pumps and 12" and 18" mechanical joint ductile iron piping. The south pump station includes four (4) 135 horsepower submersible pumps and 20" and 36" mechanical joint ductile iron pipe. A new MCC will be constructed to service each pump station. Dedicated control systems and SCADA systems will be installed.

PROJECT DESCRIPTION

NCDPW has undertaken a full repair and upgrade to the Bay Park Sewage Treatment Plant (Bay Park) as a result of Superstorm Sandy. As part of this \$800 million overall upgrade program, Gannett Fleming provided construction management services for the upgrade to the influent screening facilities. Our firm's services included resident engineering, resident inspection, office engineering, scheduling, cost engineering, and health and safety services for the pumps and appurtenances; four screens; and the electrical; mechanical; heating, ventilating, and air-conditioning (HVAC) systems; and odor-control facilities. The project also included roof repairs and new skylights.

Under this project, all four influent bar screens were replaced, including access platforms and accessories, hydraulic sluice gate operators stems and guides, manually operated sluice gates, stems, guides and supports, as well as dewatering pumps, guiderails, and associated piping and fittings. The four new mechanically cleaned bar screens, associated controls, and access working platforms were installed, in addition to new sluice gates, stems guides, supports, floor stands, and electric motor operators.

The bar screens were installed in phases, one at a time, to allow the facility to handle the average-daily plant flow (two screens

required), and to allow one bar screen to be available for a wet weather maximum flow contingency. Maintenance of facility operations was a major factor in this phasing. In addition, we had the ability to test, start-up, and train the operators as each bar screen came online. This created the need to turnover each bar screen to operations for beneficial individually.

The chambers around the screens were also repaired (structural concrete repair). The entire bar screening facility building was updated including a new order control system and stainless steel ductwork. The 2 existing MCC's were replaced. All new conduit and wire was installed for all the equipment within the facility. All the personnel doors and rollup garage doors were replaced. The entire heating system was replaced including all the hot water supply and return piping system, unit heaters. Three (3) new roof mount air handling units were installed.

PROJECT CONTROLS SUCCESSES

Our firm paid particular attention to various safety aspects during construction operations, including confined space entry, fall protection, and lockout/tagout (LOTO) procedures.

We also prioritized maintenance of plant operations (MOPO) by implementing a MOPO Plan and working closely with the various stakeholders to expedite the project schedule. The bar screens, originally the critical path, were completed and given to the plant for beneficial use 66 days ahead of schedule.

LESSONS LEARNED

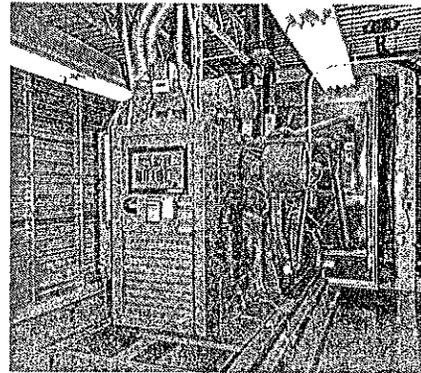

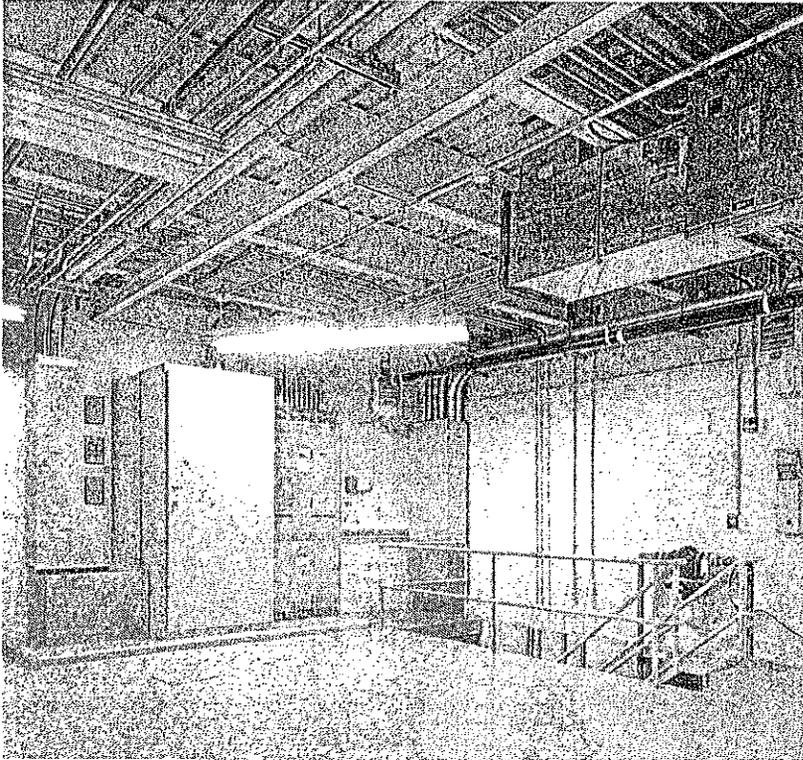

The screens were in a state of disrepair, and the issue of a bar screen breaking down while one is being replaced did occur. To mitigate this issue, spare parts for the existing bar screens were ordered ahead of time, and an allowance item was developed to repair the screens as needed on a time and material basis. This avoided the issue of having two screens unavailable. The allowance enables on-call repairs to take place as new work is being installed.

PROJECT DESCRIPTION

Gannett Fleming provided construction management services for the effluent pump station improvements at the Suffolk County Department of Public Works Sewer District No. 21 SUNY-Stony Brook's wastewater treatment plant (WWTP).

The 6.5-mgd pump station has an average dry weather flow of 1.8 mgd. The influent pump station lifts incoming sewage and pumps it to the WWTP. The pump station consists of two main sewage pumps, one small jockey pump, and a two-chamber wet well interconnected by a sluice gate and

dry well. The pumps are dry-pit submersible pumps with variable frequency drives. The jockey pump is used to transfer wastewater during low flow periods.

Our firm developed and implemented a planned, construction staging schedule to maintain pump station operation during the construction period.

PUMP STATION IMPROVEMENTS

- 450-kW natural gas-fired standby generator with roof-mounted catalytic converter and silencer

-
- Electrical distribution system for normal and standby power
 - Electrical panelboards
 - Fire alarm system
 - Heating, ventilation and air-conditioning (HVAC) systems and controls
 - Doors and exterior brick facade repairs
 - Roof system with safety railing
 - Removal and disposal of asbestos-containing material

CONSTRUCTION MANAGEMENT SERVICES

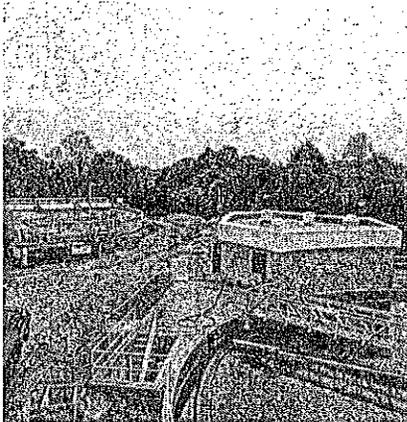

- Full-time resident engineering services
- Monthly job conferences
- Maintenance of plant operations during critical construction staging and shutdowns
- Start-up testing and acceptance of new equipment
- Shop drawing submittals and requests for information tracking logs

PROJECT DESCRIPTION

Gannett Fleming provided design and construction management services for the Suffolk County Department of Public Works Sewer District No. 21's wastewater treatment plant (WWTP) improvements. The WWTP became operational in March 1989. It was designed for an average flow of 2.50 mgd and will be upgraded to 2.80 mgd to accommodate the future expansion of SUNY Stony Brook University. As a result of the Long Island Sound initiative, the plant discharge must meet the New York State Department of Environmental Conservation's (NYSDEC) State Pollutant Discharge Elimination System (SPDES) permit limit for effluent total nitrogen of 40-pounds-per-day by the year 2014.

PROJECT FEATURES

- Oxidation ditch equipment replacement and biological nutrient removal control system provided
- New denitrification filter and influent pump station
- New gravity belt thickener
- Final clarifier internal components replacement
- Gravity thickener internal components replacement
- New odor control system
- New sodium hypochlorite, sodium hydroxide, and methanol storage and feed systems
- New return activated sludge/internal mixed liquor recycle pumps/waste activated sludge pumping systems
- New plant-wide supervisory control and data acquisition (SCADA) system
- New emergency generator
- New fire alarm system location
- New heating, ventilation, and air-conditioning (HVAC) systems and controls
- Asbestos-containing material removal and disposal
- A carefully planned construction staging schedule was developed and implemented to maintain the WWTP in operation during the construction period.

SCOPE OF SERVICES

- Wastewater treatment plant upgrades
- Construction staging
- Start-up/operation services
- Construction management services
- Project completion, within budget, and less than 3 percent change orders
- Provided full-time Resident Engineer
- Conducted monthly job conferences
- Resolved change order and construction issues
- Provided strategic construction planning for phased-in beneficial use
- Provided start-up testing and acceptance of new equipment
- Performed final completion inspections
- Reviewed shop drawing submittals and request-for-information tracking
- Coordinated with design services during construction
- Coordinated with plant management and owner's engineering and municipal staff

ACCOMPLISHMENTS

- Gannett Fleming's performance of construction management services were extremely beneficial for this project, having provided previous design services at the WWTP facility.
- Reduced learning curve at construction start
 - » Resident Engineer performed constructability review of all designs
- Reduced request-for-information submittals
- Resolved all issues, proactively, as items arose
- Maintained direct-line-of-communication between the client and the design engineer for resolution of field issues
- Provided the Resident Engineer with direct access to technical specialists and designers for expedited response to questions

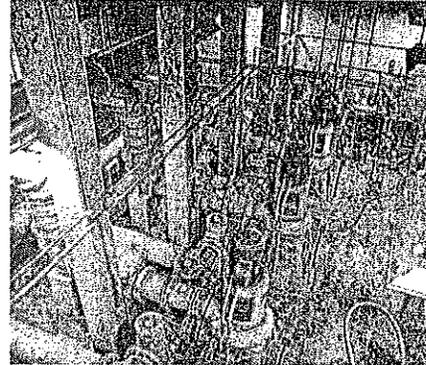

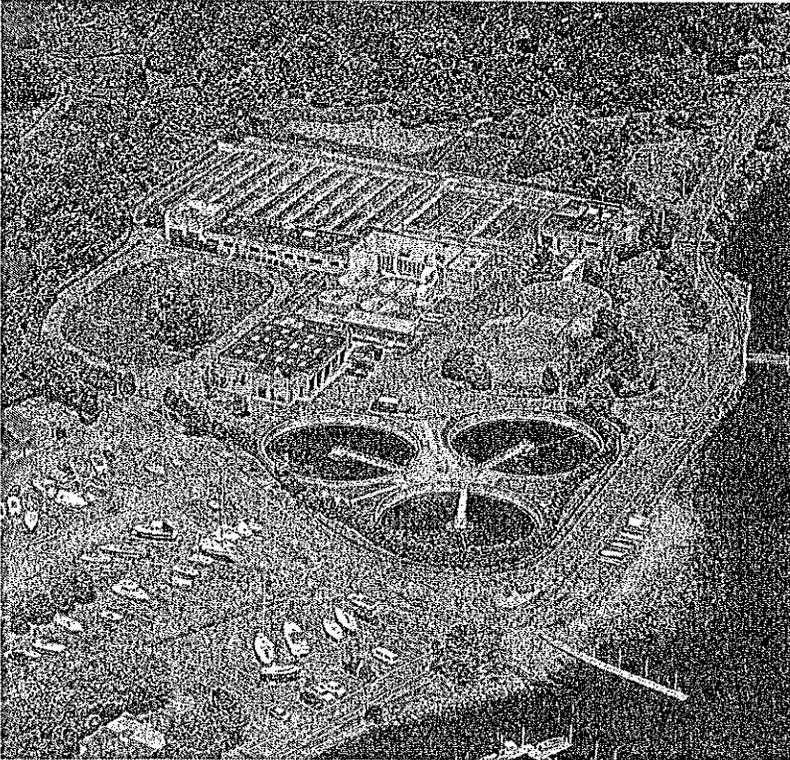

AWARDS

PROJECT DESCRIPTION

Gannett Fleming provided engineering design services and construction management services for improvements to the Grass Island Wastewater Treatment Plant. The plant was designed for an average flow of 12.5 mgd and a peak flow of 31 mgd. Our firm provided the design for return activated sludge (RAS), waste activated sludge (WAS), and final effluent (FE) pumps, as well as associated control systems upgrades.

PROJECT FEATURES

- RAS, WAS, and FE pumps and motors evaluations
- Suction and discharge piping and valves evaluations
- Pumping capacity and operating conditions reviews to confirm pump sizing adequately meets current and future plant requirements
- Electrical/instrumentation designs to integrate new pump controls with the existing Invensys/Foxboro supervisory control and data acquisition (SCADA) system
- Maintenance of plant operations development (for use during construction)
- Construction bid documents preparation
- Construction management

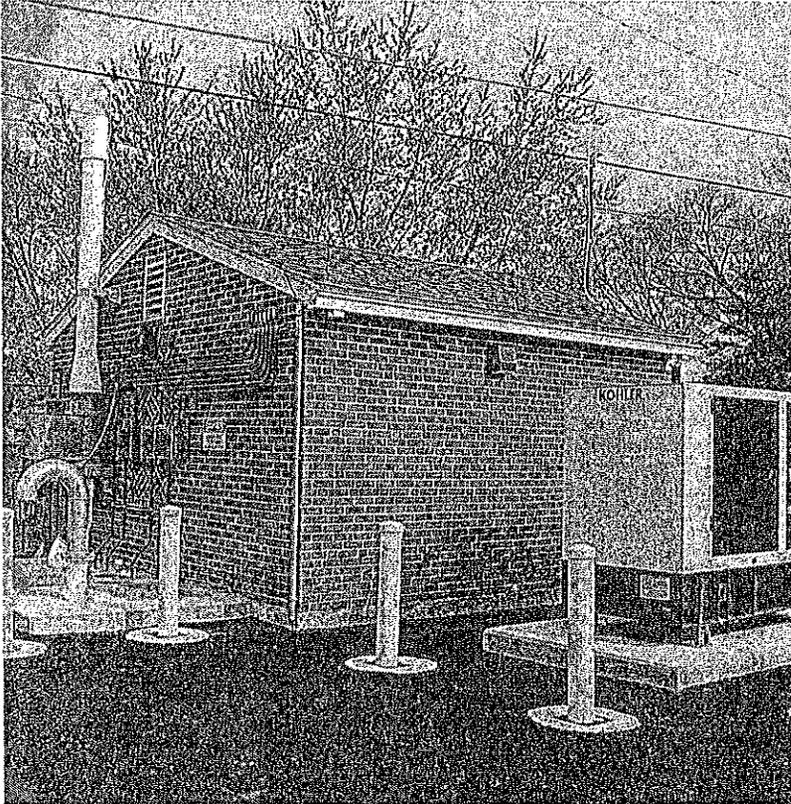

SCOPE OF SERVICES

- New RAS, WAS, and FE pumps and motors
- New variable-frequency drives and pump control panels
- Motor control center and distribution panel replacement (to accommodate new pumps and controllers)
- New pump controls integrated with existing Invensys/Foxboro SCADA system
- New graphic displays incorporated into the existing Foxboro system
- New RAS/WAS magnetic flow meters and transmitters

PROJECT DESCRIPTION

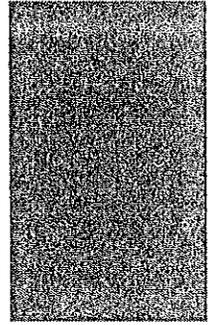

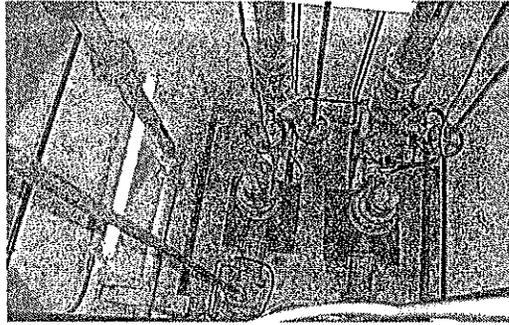

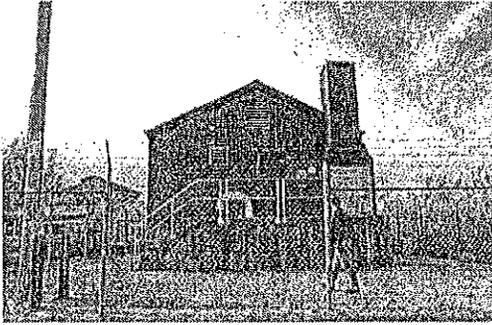

Gannett Fleming provided design and construction support of improvements to multiple pumping stations within the Baltimore County Department of Public Works system. These assignments required complete assessments of existing conditions and development of plans to provide reliable, energy efficient, and low maintenance operation.

WEST INVERNESS PUMP STATION

The West Inverness Wastewater Pump Station is located in Dundalk, MD. The 700 gpm station was built in 1955 and is a dry-pit/wet-pit configuration. For this project,

design services included replacement of the mechanical and electrical equipment, two new dry pit pumps, piping, motor control centers, control, instruments, and heating, ventilation, and air-conditioning (HVAC) system. The improvements also included the replacement of architectural features, a new precast-concrete flowmeter vault, and the raising of the wet well to grade.

Construction phase services including attendance with progress meetings, RFI responses, submittal review, and other services.

PROJECT SUCCESSES

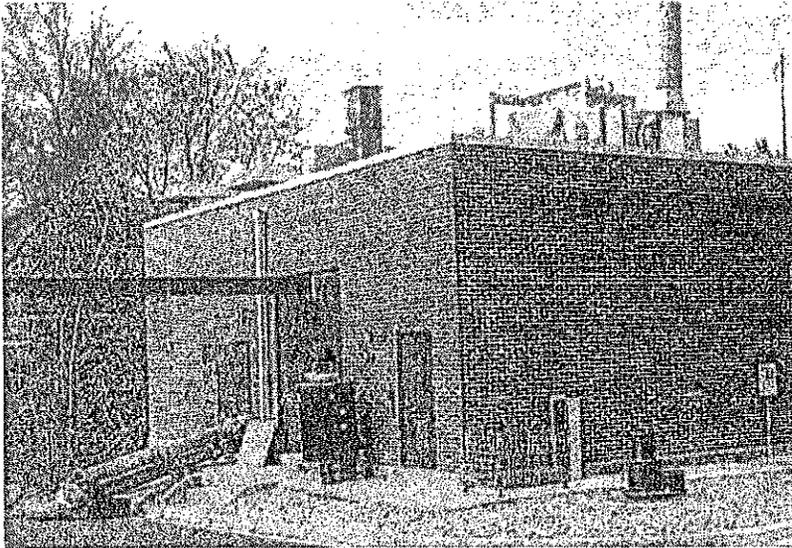

This project was completed with zero lost time accidents during all phases of the work, and the project delivered within budget. Gannett Fleming was awarded an additional assignment as a result of the quality of the work.

WILLOW AVENUE PUMP STATION

The scope of work for the Willow Avenue Pump Station is very similar to the West Inverness Station with regard to the evaluation of existing conditions and station components, and the recommendations that Gannett Fleming made for upgrades. The conditions of all station components were evaluated, and a final report summarizing our findings and recommendations was submitted and accepted by the County.

CATONSVILLE PUMP STATION

Gannett Fleming also assessed the Catonsville station and made recommendations for upgrades. The investigation included evaluating alternatives for new influent sewer and force main.

PROJECT DESCRIPTION

Gannett Fleming provided bid- and construction-phase services for the rehabilitation of the Parole Sewage Pump Station, a 4 mgd average flow station, serving Annapolis. This station serves as an integral part of the metropolitan Annapolis sewage collection system, and the improvements enhanced the current and future demands of this growing commercial and residential community. Sewage flows were pumped to the Annapolis Water Reclamation Facility. This was two-year construction management and inspection project.

The pumping station was an existing, in-ground cast-in-place concrete wet well/dry well type station that housed dry pit submersible pumps, motor control center, process equipment facilities, and instrumentation controls. It was a brick

masonry structure control building. The station underwent major improvements, including the replacement of two of the three pumps with motors, valves, and piping; the replacement of the motor control center and installation of a new standby generator system; and installation of new process and heating, ventilation, and air-conditioning (HVAC) equipment. External improvements included a new roof system, fencing, pavement modifications, and masonry restoration.

Bid-phase services included providing a constructability review, technical consultations with the designer and the County to review and respond to bidder questions, and assistance with the design of the bypass pumping system.

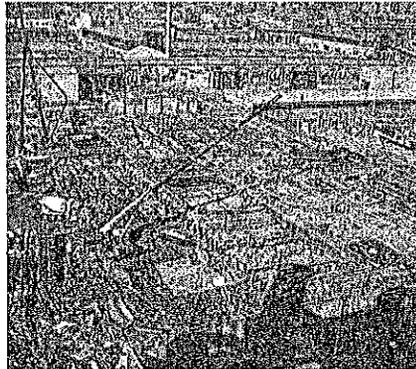

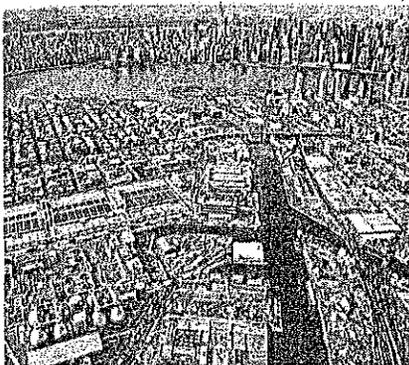

Construction-phase services included implementing our project management plan and full-time project management services, including conducting construction-related meetings; providing monthly reports to the County; and coordinating submittals, requests for information, and contract records. Inspection services included full-time on-site inspection, video and photo documentation of job progress, record-keeping, coordination with private utility services, coordination of equipment testing, and final inspection.

A major challenge for this project was been maintaining Parole Pump Station operation during these major renovations, including the successful implementation of the sewage bypass system. Other station features included a new odor control system using a cross flow scrubber absorption system, replacement and

redesign of the bridge crane and girder hoist, new electrical and instrumentation control systems, and the construction of an exterior pad-mounted standby generator.

Our firm provided construction management services, including technical consultation, project management, and full-time inspection services. To assist with project management, we implemented a customized information management system. This approach fostered not only improved communications and document control but also helped achieve sustainability objectives by promoting paperless reporting and tracking.

PROJECT DESCRIPTION

Gannett Fleming, as part of a joint venture, provided construction management services for 14 construction contracts to upgrade the Newtown Creek Water Pollution Control Plant (WPCP) for the New York City Department of Environmental Protection (NYCDEP). The work involved upgrades to the central residuals building; the sludge barging facilities, along and within Newtown Creek; modifications to the main building's northwest wing; reconstruction of the South Battery of aeration and final tanks, reconstruction of the South Control buildings; the addition of a new grit facility building; improvements to the trunk sewer; and improvements to the site stormwater around the entire facility.

The WPCP upgrade was under a Consent Order from the U.S. Environmental Protection Agency and the New York State Department of Environmental Conservation (NYSDEC). Located in Brooklyn's Greenpoint neighborhood, the WPCP underwent a major, long-term upgrade that began in 1999. Our firm provided construction management services during Phase 3 of the upgrade program.

PROJECT FEATURES

- Minor Demolition- Contract NC-50 Sludge Loading Dock: Demolition of an above ground sludge storage tank (approx. 50,000 gallons). Removal/demolition of rotary batch reactor tanks.
- Flood Rated Doors
- Fire rated construction Contract NC 41 Central Residuals Building: This building was constructed to NYC Building codes. The installation of fire rated doors, partition and sealant for room to room penetrations.
- Electrical and Mechanical equipment relocation
- Flood walls, gates, barriers for buildings Contract NC-50 Sludge Loading Dock: Construction of reinforced concrete loading dock at Whale Creek, tributary to Newtown Creek to East River. Dock was constructed on 60 ton "H" piles.
- Wall penetrations
- Water repellent application
- Concrete knee walls
- Carbon FRP wall reinforcement system

- Brickwork-Contract NC 41 Central Residuals Building: Approx. 40,000 sq.ft. of glazed brick (exterior), with 25,000 sq. ft. of reinforced masonry on interior of building.
 - Curb, sidewalk and driveways Contract NC 41 Central Residuals Building & Contract NC-50 Sludge Loading Dock: Access of 4,000 linear feet of steel face curb installed, 20,000 sq. ft. of sidewalks, and 100,000 sq. ft. of asphalt pavement for parking lots.
 - Stairways Contract NC 41 Central Residuals Building: Concrete reinforced stairwells were constructed. Seven separate stairways within the building. Stairways constructed to fire-rated standards with code required egress lighting.
 - Flood-tight hatches
 - Waterproofing- Contract NC 41 Central Residuals Building This building was constructed at levels from -19 ft. to at sea level. Concrete floors and foundations were waterproofed using latest methods and technologies.
 - Replacing link-seal systems
 - Submersible sump pumps and controls
- » Con Edison
 - » Brooklyn Union Gas
 - » New York Telephone
- NYCDEP Sewer Construction
 - NYCDEP Water Construction
 - Pavement Marking of Bureau of Traffic Operations Highway Control Division
 - Bureau of Fire Communications coordination
 - Street Lighting for Bureau of Traffic Operations
 - Traffic Stipulation New York City Department of Transportation Office of Construction Mitigation and Coordination Bureau of Permit Management
 - Traffic of Bureau of Traffic Operations, Buckeye Pipeline
 - NYCDEP Division of Review and Compliance
- Traffic was maintained for the New York City Department of Sanitation for a Transfer Station as well as for contractors working at the WPCP upgrade (4 billion dollars of construction). There were many stages that were required for the Maintenance and Protection of Traffic.

PHASE 3 CONSTRUCTION SCOPE

- Early project construction included new roadway and utility installations
- Sanitary sewer lines, storm sewers, water and distribution mains, and fire alarm conduit installations
- Storm sewer work involved connecting into 90-inch interceptor sewer via a new chamber
- Numerous utilities required close coordination

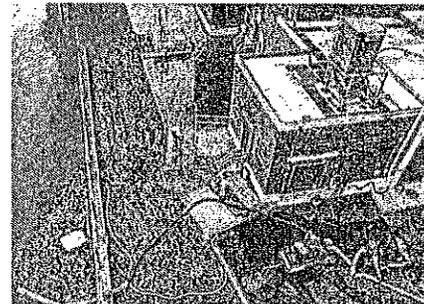

SCHEDULE

Condition assessment and inspection repairs to concrete final tanks and channels were finished ahead of schedule. The final tank reconstruction project was completed ahead of schedule and under budget for construction management services. The new grit facility with new, major sewer headworks piping and stormwater site system was completed ahead of schedule.

NEW JERSEY AMERICAN WATER

Raritan-Millstone Water Treatment Plant – Short-Term/Long-Term Flood Protection and Stormwater Pumping System Improvements

MILLSTONE, NJ

PROJECT DESCRIPTION

The Raritan-Millstone Water Treatment Plant (WTP) is located at the confluence of the Raritan and Millstone rivers in Bridgewater, New Jersey. The WTP treats surface water from the Raritan River; Millstone River; and the Delaware and Raritan Canal; and it provides drinking water to approximately 1 million New Jersey residents (average day 100 mgd).

Its prime river location makes it susceptible to flooding. A berm and wall system around the plant provides protection from flooding to an elevation of 44.00 feet (approximately 5 feet above plant grade), when the Raritan River floods its banks. During Hurricane Irene and Superstorm Sandy, it became clear that removing water from the site presented risks that could put the whole site in jeopardy.

SHORT-TERM

Gannett Fleming provided services for short-term stormwater improvements at the Raritan-Millstone water treatment plant for New Jersey American Water. Short-term improvements allowed the plant personnel to rapidly respond to internal drainage within the flood reduction levee system that surrounds the 2 mgd water treatment plant. Gannett Fleming provided design, contract drawings, specifications, and construction observation services for the installation of gates, valves, and permanent pump discharge piping with aboveground headers to accept multiple quick connect pump discharge hoses which outlet water outside the earthen embankment in a manner, not damaging the embankment levee.

Gannett Fleming also assisted with the stability review and rehabilitation of an existing 6-foot-tall, 200-foot-long concrete block wall which provided riverside protection and was in distress. Stability review included a site specific subsurface exploration, laboratory testing of the soil samples obtained, and engineering analysis utilizing the findings. Analysis of the existing wall and design of the reconstructed wall (to be 12 feet tall) was conducted in accordance with USACE design criteria. Upon review of the conceptual Geotechnical Report and Alternative Analysis, Gannett Fleming was requested to perform final design, prepare contract drawings and specifications, and provide construction management duties for construction of a replacement cast-in-place concrete T-wall.

Gannett Fleming conducted a long-term flood probability study for the flood protection project at the water treatment plant. Scope included performing project communications; attending project meetings; performing data collection, visual field inspection, and a field cross-section survey of the selected Raritan River beach; developing engineering hydrology for the selected beach; conducting a hydraulic analysis for the selected beach; performing a flood risk analysis at the water treatment plant; and preparing a hydrologic analysis and preliminary flood risk assessment study report.

LONG-TERM

Gannett Fleming assisted with the WTP Long-Term Flood Protection and Stormwater Pumping Station System Improvements. This scope included:

- Adding stormwater piping valves
 - » Prevents high river water from surcharging into the plant
- Adding permanent discharge header systems
 - » Allows plant personnel to connect portable pumps to discharge stormwater from within the plant during high water events
- Providing plant levee protection system and stability review
- Adding three 7.2-mgd flood protection stormwater pumping systems
- Adding outfall protection on the outside of the berms, including headwalls, riprap, and flapper valves

The design provided three culverts, under the berm, by slip-lining existing reinforced-concrete pipe with polyethylene pipe. The culverts were designed to operate by gravity, during normal non-flood conditions.

During flood conditions, the gravity system was isolated and pressurized as a force main by using temporary pumps to move the collected stormwater through the conveyance system. A discharge header system, at each location, allowed plant operators to mobilize and connect portable pumps quickly and safely as part of the emergency procedures required before a major storm.

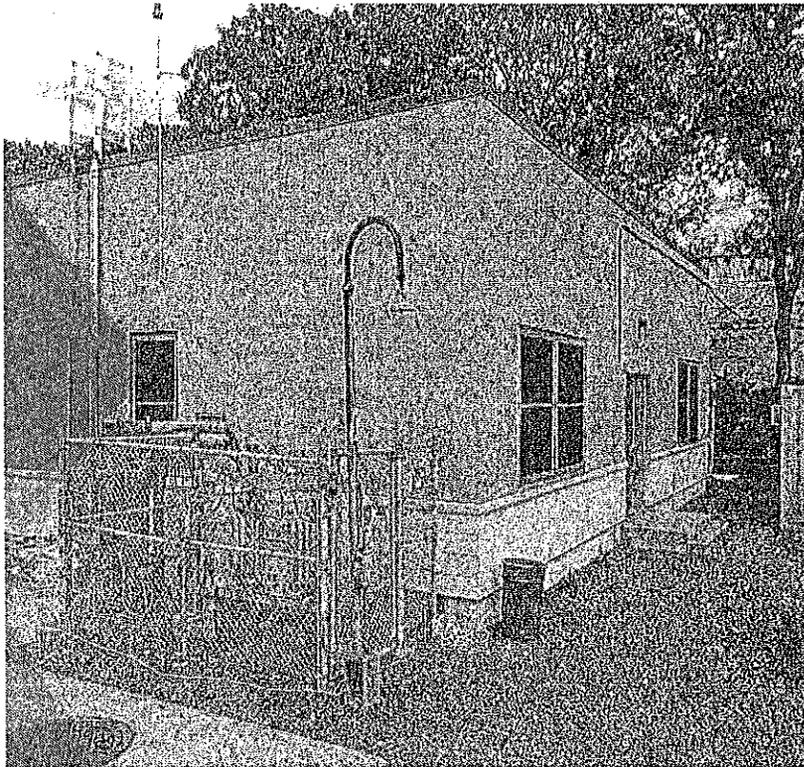

PROJECT SUCCESSES

- Developed long-term flood protection and pumping systems
- Satisfied expedited design and construction schedule to protect site from other storm events

CLIENT REFERENCE
Sal Bordanaro, (610) 765-5598

PROJECT DESCRIPTION

Gannett Fleming provided engineering, procurement, and construction services to facilitate renovations to the control building within East Rutherford Switchyard. Specific scope items included the following:

- Re-facing the exterior of the building;
- Replacing all windows and doors to Aurora standard (PSE&G and NERC CIP security requirements). New doors included card readers and associated hardware, new windows included operable Medium Security screens
- Remodeling the existing bathroom, including new plumbing fixtures, stalls, and flooring
- Installing new flooring throughout the entire building;
- Installing a redundant heating, ventilation and air conditioning system for the entire building;
- Replacing all interior and exterior lighting;
- Replacing existing sump pumps in underfloor raceway system;
- Installing an exterior ladder to the roof; and
- Evaluating the roof condition to determine if replacement is needed. Evaluation included asbestos testing.

STATION LIGHT AND POWER UPGRADES

The project also included the replacement of the station light and power (SL&P) system which entailed:

- Removal and replacement of both 26kV/440v transformers (primary and backup) and all associated feeds into control house
- Installation of new SL&P switchgear and enclosure within 26kV yard
- Removal and replacement of new potheads for SL&P feeds in 26 kV yard
- Installation of new structural framework in 26kV yard as necessary for secondary feeds
- Installation of external surge arrestors for each transformer

FLOOD MITIGATION EFFORTS

Another part of the overall project was the design and construction a comprehensive flood mitigation system for the control building and yard. This included:

- The removal and replacement of the existing primary storm water manhole and single pump with a larger volume manhole and a dual pump system complete with localized control panel and alarms. Repairing and upgrading the storm drainage system; redesigning the pump system, gate valve, and electrical feed;
- Designing and installing a bituminous berm to control and channel runoff;
- Sealing existing empty and abandoned conduits.
- To prevent water infiltration, we also raised concrete electrical vaults, and re-graded the area surrounding the vaults.

Gannett Fleming was also responsible for providing engineering services, attending meetings, and preparing construction documents for the entire project, with specific tasks including:

- Preparation and submittal of construction documents to PSE&G for review and approval (IFR and IFC);
- Supervision of field operations during the design and engineering phase;
- Preparation of an anticipated construction schedule;
- Outage coordination;
- Solicitation of bids from contractors and provision of a recommendation for award; and
- Construction Management services, including on-site construction supervision and as-built drawings.

4. Describe lobbying activity conducted, or to be conducted, in Nassau County, and identify client(s) for each activity listed. See the last page for a complete description of lobbying activities.

None

5. The name of persons, organizations or governmental entities before whom the lobbyist expects to lobby:

None

6. If such lobbyist is retained or employed pursuant to a written agreement of retainer or employment, you must attach a copy of such document; and if agreement of retainer or employment is oral, attach a written statement of the substance thereof. If the written agreement of retainer or employment does not contain a signed authorization from the client by whom you have been authorized to lobby, separately attach such a written authorization from the client.

7. Has the lobbyist/lobbying organization or any of its corporate officers provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES NO If yes, to what campaign committee? If none, you must so state:

I understand that copies of this form will be sent to the Nassau County Department of Information Technology ("IT") to be posted on the County's website.

I also understand that upon termination of retainer, employment or designation I must give written notice to the County Attorney within thirty (30) days of termination.

VERIFICATION: The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committees listed above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

CONTRACT FOR SERVICES

THIS AGREEMENT (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date this Agreement is executed by the County of Nassau (the "Effective Date"), between (i) Nassau County, a municipal corporation having its principal office at One West Street, Mineola, New York 11501 (the "County") acting on behalf of the County Department of Public Works, having its principal office at 1194 Prospect Avenue, Westbury, New York 11590 (the "Department") and (ii) Gannett Fleming Engineers and Architects, P.C., having its principal office at 88 Froehlich Farm Blvd Suite 450, Woodbury, NY 11797 (the "Firm" or the "Contractor").

WITNESSETH:

WHEREAS, the County desires to hire the Firm to perform the services described in this Agreement;

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter; and

WHEREAS, the Firm desires to perform the services described in this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term.

The term of this Agreement shall commence upon the date (the "Commencement Date") that is set forth in a written notice from the Department to the Contractor authorizing the Contractor to commence with the performance of the Services (as defined below) and shall terminate twenty (20) months from the Commencement Date ("Expiration Date") unless sooner terminated or extended in accordance with its terms. The Commencement Date shall be on or after the Effective Date. Notwithstanding the foregoing, the Department, in its sole discretion, shall have the right to extend this Agreement for a period of up to two (2) years by delivering a notice of extension to the Firm at least thirty (30) days prior to the Expiration Date. The Agreement so extended shall be on the same terms, conditions and covenants as during the initial term except that the Expiration Date shall be modified in accordance with the notice of extension.

2. Services.

(a) The services to be provided by the Firm under this Agreement for the S3P312-02M Glen Cove Service Area: Miscellaneous Pump Stations Repair & Improvements, shall consist of those specific work divisions and deliverables as enumerated in the "Detailed Scope of Services," attached hereto and hereby made a part hereof as Exhibit "A".

(b) At any time during the term of this Agreement, the County may, in its sole and absolute discretion, require the Firm to perform Extra Services. The Firm shall not perform, nor be compensated for, Extra Services without the prior written approval of the Commissioner. The Firm agrees to perform any such Extra Services in accordance with the terms and conditions contained in this Agreement. As used herein, "Extra Services" means additional services which are (i) generally within the scope of services set forth in this Agreement, (ii) necessary or in furtherance of the goals of this Agreement and (iii) not due to the fault or negligence of the Contractor.

(c) The following items are not included in the Firm's fee, and shall be reimbursable at an actual cost as expenditures in the interest of the project, provided (i) they have been approved in advance by the Commissioner of the Department in writing, in his/her sole discretion, (ii) are not considered services as set forth in this Agreement, and (iii) subject to compliance with the County's bill paying procedures:

(1) The direct cost of expenses for travel to locations other than the County and or the project site, including transportation (coach unless otherwise authorized by the County), reasonable meal and lodging expenses, at rates established by the County for its own employees, and as have been approved in advance by the County.

(2) Testing Laboratory Services.

(3) Messenger service and cables as not necessarily incurred in the performance of services hereunder by the Firm and their sub-consultants.

(4) Final models, photographs and renderings as requested by the County.

(5) Reproduction of design development and construction document drawings, specification, reports and other documents furnished to, or on behalf of, the County in excess of five (5) copies each. Any items prepared on behalf of the Firm or their sub-consultants shall not be paid for by the County.

(6) Other comparable expenses as approved by the County.

3. Payment.

(a) Amount of Consideration. The amount to be paid to the Firm as full consideration for the Firm's services under this Agreement, including any extra services that may be so authorized, shall be payable as itemized in the "Payment Schedule," attached hereto and made a hereby part hereof as Exhibit "B". Notwithstanding the foregoing, the maximum amount to be paid the Firm's services under this Agreement, including any Extra Services that may so be authorized, shall not exceed Eight Hundred Eighty-Four Thousand, Nine Hundred Fifty Dollars and Fifty-Six Cents (\$884,950.56) (the "Maximum Amount").

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Firm in arrears and shall be contingent upon (i) the Firm submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided, and the payment requested as consideration for such services, (b) certifies that the services rendered, and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Claims for Payment. The Firm shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Firm and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Firm following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Firm received notice that the County did not desire to receive such services.

(f) Payments Relating to Services Rendered by Subcontractors. The County retains the right, but not the obligation, prior to making any payment to the Firm, to demand that the Firm furnish to the County, proof acceptable to the County, in its sole and absolute discretion, that all due and payable claims made by subcontractors in connection with this Agreement have been paid to date or are included in the amount being requested by the Firm.

4. Ownership and Control of Work Product

(a) Copyrights.

(i) Upon execution of this Agreement, any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials in any format related to such items, shall become the exclusive property of the County.

(ii) Any reports, documents, data, photographs and/or other materials produced pursuant to this Agreement ("Copyrightable Materials") shall be considered "work-made-for-hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. §101, and the County shall be the copyright owner thereof and of all aspects, elements and components thereof in which copyright protection might exist. To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Firm hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens, claims, or other encumbrances. The Firm shall retain no

copyright or intellectual property interest in the Copyrightable Materials, and they shall be used by the Firm for no other purpose without the prior written permission of the County.

- (iii) The Firm acknowledges that the County may, in its sole discretion, register copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. The Firm shall cooperate in this effort, and agrees to provide any further documentation necessary to accomplish this.
- (iv) The Firm represents and warrants that the Copyrightable Materials: (1) are wholly original material not published elsewhere (except for material that is in the public domain); (2) do not violate any copyright law; (3) do not constitute defamation or invasion of the right of privacy or publicity, and (4) are not an infringement of any kind, of the rights of any third party. To the extent that the Copyrightable Materials incorporate any non-original material, the Firm has obtained all necessary permissions and clearances, in writing, for the use of such non-original material under this Agreement, copies of which shall be provided to the County upon execution of this Agreement.

(b) Patents and Inventions. Any discovery or invention arising out of or developed in the course of performance of this Agreement shall be promptly and fully reported to the Department, and if this work is supported by a federal grant of funds, shall be promptly and fully reported to the Federal Government for determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

(c) Pre-existing Rights. In no case shall 4(a) or 4(b) above apply to, or prevent the Firm from asserting or protecting its rights in any report, document or other data, or any invention which existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

(d) Infringements of Patents, Trademarks, and Copyrights. The Firm shall indemnify and hold the County harmless against any claim for any infringement by the Firm of any copyright, trade secrets, trademark or patent rights of design, systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Firm in the performance of this Agreement. The Firm shall indemnify and hold the County harmless regardless of whether or not the infringement arises out of compliance with the scope of services/scope of work.

(e) Antitrust. The Firm hereby assigns, sells, and transfers to the County all right, title and interest in and to any claims and causes of action arising under the antitrust laws of the State of New York or of the United States relating to the particular goods or services procured by the County under this Agreement.

5. Independent Contractor. The Firm is an independent contractor of the County. The Firm shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Firm (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

6. No Arrears or Default. The Firm is not in arrears to the County upon any debt or contract and it is not in default as surety, Firm, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

7. Compliance with Law.

(a) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(b) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

(c) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Firm agrees as follows:

- (i) Firm shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, such breach being determined solely by the County. Firm has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

(iii) On a yearly basis, Firm shall provide the County with any material changes to its Certificate of Compliance, attached hereto and hereby made a part hereof as Appendix "L."

(d) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Firm acknowledges that Firm Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Firm of such request prior to disclosure of the Information so that the Firm may take such action as it deems appropriate.

(e) Protection of Client Information. The firm acknowledges and agrees that all information that the Firm acquires in connection with the performance under this Agreement shall be strictly confidential, used solely for the purpose of performing services to or on behalf of the County, and shall not be disclosed to third parties except (i) as permitted under this Agreement, (ii) with the written consent of the County (and then only to the extent of the consent), or (iii) upon legal compulsion.

8. Minimum Service Standards. Regardless of whether required by Law:

(a) The Firm shall, and shall cause Firm Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Firm shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Firm operates. The Firm shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Firm Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. Indemnification; Defense; Cooperation.

(a) The Firm shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any negligent acts or omissions of the Firm or a Firm Agent, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Firm shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Firm shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Firm's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Firm is responsible under this Section, and, further to the Firm's indemnification obligations, the Firm shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Firm shall, and shall cause Firm Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Firm and/or a Firm Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance.

(a) Types and Amounts. The Firm shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than two million dollars (\$2,000,000) per occurrence and four million dollars (\$4,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Firm's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Firm pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Firm shall be solely responsible for the payment of all deductibles to which such policies are subject. The Firm shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Firm under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Firm shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Firm shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Firm to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Firm to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Firm, (ii) for "Cause" by the County immediately upon the receipt by the Firm of written notice of termination, (iii) upon mutual written Agreement of the County and the Firm, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Firm. This Agreement may be terminated by the Firm if performance becomes impracticable through no fault of the Firm, where the impracticability relates to the Firm's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Firm delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Firm is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Firm's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Firm's Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Firm shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Firm's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

13. Accounting Procedures; Records. The Firm shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Firm is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Firm shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Firm shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Firm shall allege that the above-described actions and inactions preceded the Firm's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Firm is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Firm is using a Firm Agent to perform some, or all of the work contemplated by this Agreement, and irrespective of whether the use of such Firm Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Firm shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Firm, to the attention of the person who executed this Agreement on behalf of the Firm at the address specified above for the Firm, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy and Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Firm agrees to pay the County an administrative service charge of Five Hundred Thirty Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Firm upon signing this Agreement.

22. Joint Venture.

(a) If the Firm is comprised of more than one legal entity or any group of partners or joint venturers associated for the purpose of undertaking this Agreement, each such entity acknowledges and hereby affirmatively represents and agrees that each has the power to bind the Firm and each of the others hereunder; and as such, each acts both as principal and agent of the Firm and of each of the others hereunder. Each further acknowledges and agrees that all such entities, partners or joint venturers associated for the purposes of undertaking this Agreement shall be jointly and severally liable to third parties, including but not limited to the County, for the acts or omissions of the Firm or any other entity, partner or joint venturer hereunder.

(b) If the Contractor is comprised of more than one legal entity or any group of partners or joint venturers associated for the purposes of undertaking this agreement, each such entity acknowledges and hereby affirmatively represents and agrees that the respective rights, duties and liabilities of each hereunder shall be governed by the laws of the State of New York, including but not limited to the New York Partnership Law.

23. Executory Clause. Notwithstanding any other provision of this Agreement:

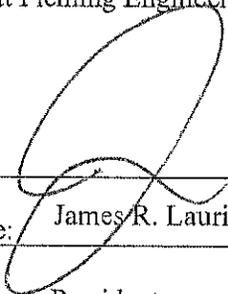

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

{Remainder of page intentionally left blank}

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

DETAILED SCOPE OF SERVICES

The County requires the Construction Manager (CM) to provide comprehensive construction phase services and to coordinate these services with the County's third party Program Manager, (PM). The scope of services to be performed in the respective phases (which will overlap) is summarized below:

2.1 Construction Phase Services

2.1.1 Commencement and Duration - The Construction phase for S3P312-01G is six (6) months, S3P312-02G is twelve (12) months, and S3P312-03G is six (6) months. The County estimates that the construction phase of the three projects will begin within a six (6) month period. Therefore, the CM should anticipate a combined construction phase of sixteen (18) months. The CM should include one (1) month of pre-construction duties and one (1) month of post-construction duties as noted in Section 1 in their proposal.

2.1.2 General Construction Administration - The CM shall provide administration of the Project and shall administer all construction contracts on the County's behalf. This project is being built under a Project Labor Agreement (PLA) using a single prime Construction Contractor ("CC"). The CM will perform as the PLA administrator of Nassau County's Master Project Labor Agreement as amended for this project and will advise the CC of the PLA requirements for this particular project. The CM will be provided a copy of "the Procedure Manual for Project Management" prepared by the Nassau County Department of Public Works, as a guide to the County's standard administrative procedures, as well as a copy of the Program Construction Management Manual, prepared on behalf of the County by the PM. Administer the construction of the Project, including scheduling of the Work and coordination of the CC. The CM shall maintain competent full-time staff at the project site to administer the project, at all times Work is being performed by CC. The FIRM shall furnish his staff with personal equipment required for project administration, including, but not limited to personal protective equipment, digital cameras, cellular telephones, etc.

2.1.3 Site Conditions - As portions of the Work become accessible, CM shall promptly and diligently investigate existing conditions and report to the County, the Program Manager and the Design Engineer, those conditions which differ substantially from the information contained in the Construction Documents. Collaborate with the County, the Program Manager and the Design Engineer to devise appropriate modifications to the Contract Documents.

2.1.4 Quality Assurance - The FIRM shall create and implement a Quality Assurance Program consisting, at the minimum, of testing, controlled inspection, and the CM's routine observation of the Work of the CC with respect to conformance to the Construction Documents, based upon the guidelines presented in the Cedar Creek Program Construction Management Manual. The CM shall endeavor to guard the Owner against defects and deficiencies in the Work, and shall coordinate testing and controlled inspection by third parties with the Work of the CC. The CM shall promptly notify the County, Program Manager, Design Engineer, and CC, as applicable, of defective, deficient, and/or non-conforming Work, and shall make recommendations for correction/resolution. Track all defective and non-conforming Work through correction until final acceptance by the County.

2.1.5 Scheduling - The CC shall prepare the Master Construction Schedule (baseline) and monthly updates. This Schedule shall be prepared using the critical path method and Primavera P6 (or later version) software as approved, and shall be broken down in sufficient detail to be useful for monitoring progress, delay analysis, and administering the CC's contract provisions. The schedule shall be cost and resource loaded by the CC. The CM is responsible for monitoring the accuracy and completeness of the CPM Schedule, to review the Baseline and updates, provide analysis of delay, preparation of reports as required by the County, negotiation of delay claims and recommendation for recovery or necessary changes to complete the project within budget and schedule. The CM is responsible for the detailed review of all logic, logic changes, durations, Work Breakdown Structure (WBS), resource and cost loading and acceptance. The CM shall evaluate CC's requests for extension of the Contract time, and advise the County confidentially on the quantum and merits of such requests. The CC shall update the Master Schedule monthly to show progress, compile 2-week look-ahead schedules from the Master Schedule and augment same. The CM shall follow up with the CC who will prepare Schedule updates as necessary to reflect changes and show the impact of changes to the critical path and completion milestones. The CM shall review in a timely manner as per contract specifications. Upon approval of the baseline and subsequent to each monthly update, the CM shall prepare/distribute the schedule report consisting of project status, current critical issues, upcoming concerns, analysis of attribution of delays and suggested recovery by CC, and shall provide information to the PM for integration to and updating of the Program Master Schedule and shall discuss and agree upon recovery steps with the Program Manager.

2.1.6 Cash Flow Forecast - With the cooperation of the CC, CM shall prepare a cash flow forecast for the entire project, based on the project schedule, and shall revise same, whenever there is a significant change in the schedule that would warrant a revision to the cash flow forecast. The baseline cash flow forecast and all revisions shall also be forwarded to the PM for integration into the Master Program Budget and Cost Forecasting Tool.

2.1.7 Monitor Progress - Monitor the progress of the CC's work and prepare written daily reports documenting the type and location of work performed, the CC's trade labor and equipment, and all pertinent details relative to the progress of the Work. Augment the written reports with photographic documentation of the work in progress. Photographs are required when unforeseen conditions, disputed work, or deficiencies in the Work are encountered. Pro-actively monitor the progress of the Work, taking such steps (on behalf of the County) as are authorized under the CC's contract, to ensure that the CC's workforce is sufficient and the work is being diligently prosecuted. Where progress is impeded by actions/inactions of the Design Engineer, or others, bring such matters promptly to the attention of the County for resolution. The CM shall monitor the progress in such a manner as to complete the project within the schedule and budget, on behalf of Nassau County.

2.1.8 Information Management System - The CM shall develop and maintain paper and electronic project files, including, but not limited to, project correspondence, contract drawings and documents, submittals, payment requisitions, standard forms (such as insurance certificates, bonds, lien waivers, releases, etc.) and reports. Documents and records will be maintained by the CM for a period of six (6) years after completion of services. The CM shall implement, and maintain on a current (daily) basis, a web-based information management system to track all drawings, CC submittals, meeting minutes, requests for information, bulletins, changes orders, CC requisitions/payments, correspondence, reports, and all documents which should be part of the project record. The web-based information management system (such as Submittal Exchange, or similar) shall be authorized as a reimbursable expense from an allowance which will be added to the CM's Base Fee. Project records, including the project directory and emergency contact information, will be kept well organized and the information maintained current at all

times. At the minimum, the CM shall implement a web-based information management system for the exchange of submittals and provide and maintain access to all project participants. The CC's submittals such as shop drawings, product data, and samples, shall be routed directly and concurrently to the CM and Design Engineer. The CM shall promptly review them for completeness and responsiveness, log and confirm the submittal is fit for review by the Design Engineer. All distribution shall be electronic, for review and approval; within 48 hours of receipt by CM of CC's submittals. The CM shall return submittals to the CC within 24 hours of receipt from the Design Engineer, and shall update the submittal log accordingly. CM shall collect and compile as-built drawings, operations and maintenance manuals, spare parts and attic stock provided by the CC and is responsible for documenting acceptability and the transfer of these items to Plant Operations, in both paper and electronic formats.

2.1.9 CC Payments: - Receive, review, and recommend for processing by the County, all schedules of values, invoices, and requests for payments prepared by the CC. CM shall correlate CC's payment requests with the progress of the work and take into account any deficiencies in the work for which payment is being requested, in making his recommendation. The CM's recommendation for payment shall constitute a representation to the County, that, to the best of the CM's knowledge, information and belief; the Work has progressed to the point indicated, and the quality of the Work is in accordance with the Contract Documents. All payments shall be based on the cost loaded CPM schedule and CM shall be responsible for certifying such payments. The CM shall provide copies of their recommendations for payment to the PM.

2.1.10 Meetings – Schedule and conduct regular bi-weekly job progress meetings with the CC, the Design Engineer, the County, the Program Manager and others, where necessary to plan and coordinate the Work, discuss progress, and solve problems related the Project. The CM shall also attend periodic meetings with the County, the Program Manager and/or the Design Engineer. Prepare and timely distribute meeting minutes and agenda. Special meetings will be scheduled as the need arises and participation by the CM at these meetings shall be at no additional cost to the County.

2.1.11 Reporting – The CM shall prepare bi-weekly written progress reports and promptly deliver five (5) copies of same to the County, and one (1) copy to the Program Manager. Such reports shall include the following information at a minimum:

- A. Work activities performed during the reporting period and those activities scheduled to be performed in the next 2 weeks.
- B. Identification and status of all critical and important issues, which require the attention of the County.
- C. Brief construction progress update describing actual progress versus plan, supported by earned value data.
- D. Summary of schedule gains and delays and actions taken to mitigate delays.
- E. Photographs and other documentation which is germane to the report.
- F. On every other bi-weekly report (i.e., every 4 weeks) provide updated Submittal, RFI and Change Order logs as attachments.

2.1.12 Safety - The CM shall require the CC to submit its safety program and shall serve a central role in dissemination of safety-related information between the CC, the Program Manager and the Nassau County Plant and Construction personnel. The CM shall not have control over or charge of the Work and the CM shall not be responsible for CC's means, methods, techniques, sequences or procedures, and/or for safety precautions and programs in connection with the work of the CC, since these are solely the CCs' responsibility. The CM shall not be responsible for the CC's failure to carry out the Work in accordance with the CC's Safety Programs, and/or applicable safety rules and regulations. Nevertheless, the CM shall promote safety and endeavor to guard against the creation of unsafe conditions by the CC. The CM must review the CC safety program and inform the Department and the Program Manager of its adequacy.

2.1.13 Changes - The CM shall review all Supplementary Bulletins prepared by the Design Engineer prior to their issuance; prepare cost estimates; review CC's proposals; and submit formal written recommendations, including confidential memoranda to the County and the Program Manager, clearly delineating the scope and reason for the changed work. Evaluate the CC's proposed adjustment to contract price and time; and assist the County in negotiating Change Orders. Where changes are, or may be, the result of the Design Engineer's error or omission, the CM shall confidentially inform the County and the Program Manager of such, and shall track all such changes separately on the County's behalf. Keep a log of all Requests for Information, Bulletins, Proposals and Change Orders, which shall be uploaded regularly into the Contract Management Information System.

2.1.14 Partial Occupancy and Beneficial Use - The CM shall assist the County in determining dates of Partial Occupancy of the Work, or portions thereof, designated by the County; and shall assist in obtaining any necessary temporary occupancy certificates. Review any lists prepared by the Design Engineer of incomplete or unsatisfactory work, prepare schedules for completing and correcting the Work, and monitor the completion/correction. Prior to any declaration of partial occupancy or beneficial use the CM shall coordinate and attend a site review with the Program Manager on behalf of the County.

2.1.15 Field Office - The CM shall be provided office space at the site for use as temporary CM offices during the construction phase. All CM's office equipment and supplies, including but not limited to computers (with software and high speed internet access), printers, copiers, scanners, facsimile machines, etc. shall be provided, maintained, and subsequently removed by the CM, and the cost of same is included in the CM's fee. Additionally, the CM shall lease and maintain the shared Multi-Function Printer (MFP) in the reception area. Maintenance and lease of the MFP shall be authorized as a reimbursable expense from an allowance which will be added to the CM's Base Fee.

2.2 Construction Services

2.2.1 Contract Closeout - Conduct final inspections with Design Engineer, the Program Manager and the County, at the completion of each phase of the project, and prepare detailed punch lists (observed discrepancies, deficiencies and incomplete items of work), as required. It is understood that the project will be completed in phases and that multiple final inspections are needed. Compile project record documents collected during the construction phase and supplement with any information collected following occupancy. Review the as-built drawings provided by the CC and verify that the as-built drawings, to the best of the CM's knowledge, based upon the CM's observations during the progress of the project, document the actual construction of the project. The CM shall then transmit the verified as-built drawings to the Design Engineer for the preparation of record drawings. THE COUNTY RESERVES THE RIGHT TO REQUIRE THE CM TO DIGITIZE CONTRACT CLOSEOUT DOCUMENTS IN A FORMAT NOT YET CHOSEN. COMPENSATION WILL BE BASED UPON THE EXTRA SERVICES SECTION OF THE AGREEMENT. Schedule and record/document the training of County personnel with respect to the operation and maintenance of components and systems.

2.2.2 CC Claims and Disputed Work - The CM shall promptly review the CC's claims for additional compensation and/or extension of time, whether these claims are received during or after construction. Where the Work is disputed, promptly refer the matter(s) under dispute to the Design Engineer and the Program Manager for interpretation. Confer with the Design Engineer and the Program Manager, and advise the County on the quantum and merits of each claim, and/or recommended resolution of each dispute. At the County's request, and at no additional cost to the County, schedule and attend dispute resolution meetings related to each claim/dispute, whether or not such meetings are held during the construction or post-construction phase. With the County's concurrence, prepare written response to CC's claims, incorporating the Design Engineer's determination, where applicable.

2.2.3 Limitation of Services - Nothing contained in this Agreement shall be deemed to require or authorize the CM to perform any act or render any services other than those of a professional Construction Manager, as defined herein. The services, recommendations, and advice furnished by the CM shall not be deemed to be warranties, or guarantees, or constitute the practice of any profession other than that of a professional Construction Manager. Notwithstanding any language to the contrary, this Agreement shall neither require, nor authorize, the Construction Manager to assume any duty, role, responsibility, or obligation; or perform any task, function, or activity, which is properly that of the Design Engineer.

EXHIBIT "B"

PAYMENT SCHEDULE

Payment to the Firm for all services under this Agreement that may be authorized under this Agreement, shall be made as follows:

A. BASIC SERVICES {Not-to-Exceed Fee}

In consideration of all services, exclusive of Extra Services, if any, performed by the Firm (inclusive of sub-consultants, specialty consultants, and all other costs) under this Agreement, the County shall pay the Firm a total amount not to exceed Eight Hundred Eighty-Four Thousand, Nine Hundred Fifty Dollars and Fifty-Six Cents (\$884,950.56). The Firm shall be compensated for such services by an amount equal to two and four tenths (2.4) times the actual salaries or wages paid to the technical personnel engaged in this project, exclusive of payroll taxes, insurance, and any and all fringe benefits.

B. REIMBURSABLE EXPENSES

1. Testing and Controlled Inspection Services – the Firm shall be reimbursed for the actual cost incurred in connection with testing and controlled inspection services. Invoices must be substantiated by reports, bills and payment records.
2. Other Reimbursable Expenses - the Firm shall be reimbursed for authorized reimbursable expenses. These must be approved by the Department, prior to the cost being incurred, in accordance with Section 2 (d) of the Agreement.

The Firm shall prepare and attach to this Agreement a Maximum Hourly Wage Rate Schedule listing the job classifications and the maximum hourly wage rate for each classification. The salaries of all employees rendering services under this Agreement must be within the limits of the approved Maximum Hourly Wage Rate Schedule. The Maximum Hourly Wage Rate Schedule will be adjusted annually in accordance with any wage increases granted to County employees in the Civil Service Employees Association. The Firm may grant an employee a salary increase within a classification or a change of classification upon written notification to the Department one month prior to the effective date of such increase or change and with written approval of the Department. Premium pay for overtime work, over and above the straight hourly rate, performed for any services rendered under this Agreement shall not be subject to any multiplier. In computing the cost to the County for overtime work performed, the overtime period shall be paid at the agreed multiplier times the straight hourly rate plus the actual premium cost incurred. Notwithstanding the foregoing, the maximum billable rate, after application of the multiplier for any services provided under the terms of this Agreement shall not exceed one hundred and seventy five dollars (\$175.00)

END OF SECTION

Appendix "EE"

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may

require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

LIII. ALL LEGAL PROVISIONS DEEMED INCLUDED; SEPARABILITY; SUPREMACY; COMPLIANCE WITH LAW

9. **Prohibition of Gifts.** In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

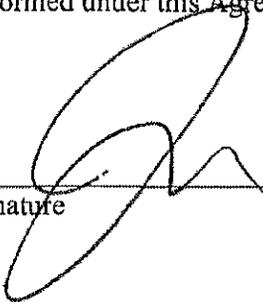

10. **Disclosure of Conflicts of Interest.** In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

11. **Vendor Code of Ethics.** By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
- (ii) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
- (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
- (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
- (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the

Contractor is required to retain other records pertinent to performance under this Agreement; and
The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: March 26, 2019

SUBJECT: Proposed Personal Service Agreement with Gannett Fleming
Recommendation of Firm for Construction Management Services
Glen Cove Service Area Miscellaneous Pump Stations Repairs and Improvements
Project ID No. S3P312-02M

This Department proposes to enter into a personal services agreement with the firm Gannett Fleming to provide construction management (CM) services for the Miscellaneous Pump Stations Repairs and Improvements Project in the Glen Cove Service Area.

Firms were requested to submit technical and cost proposals in accordance with the Department's Request for Proposals (RFP) dated October 5, 2018. The RFP was prepared in accordance with the Department's policy for assessing technical understanding, statement of qualifications, and proposed project schedule. The RFP was posted on the County's website and advertised in *Newsday*.

Technical and cost proposals were received from eight (8) firms on November 9, 2018, in response to this RFP. The proposals were evaluated by both registered professional engineers and other personnel within the Department of Public Works.

The results of the technical evaluation are as follows:

FIRM(S)	RANK	TECHNICAL SCORE	PROPOSED COST	PROPOSED COST w/ CONTINGENCY
Gannett Fleming	1	87.75	\$680,731.20	\$884,950.56
AECOM	2	87.25	\$1,092,168.80	\$1,419,819.44
LiRo	3	86	\$1,066,681.00	\$1,386,685.30
deBruin	4	84.75	\$729,000.00	\$947,700.00
LKB	5	84.25	\$786,848.00	\$1,022,902.40
Cashin	6	82.5	\$766,570.00	\$996,541.00
A. Vournou	7	79.5	\$1,003,565.00	\$1,304,634.50
Techno	8	76.5	\$1,398,510.96	\$1,818,064.25

The proposal from Gannett Fleming (GF) had the highest technical score and the lowest proposed cost, \$680,731.20 (\$884,950.56 with contingency), for this project. Gannett Fleming's proposed cost is seven percent (7%) below the second lowest proposer (deBruin), fifty-one percent (51%) below the highest (Techno), and twenty-eight percent (28%) below the average proposed cost.

Gannett Fleming's and AECOM's proposals are ranked No. 1 and No. 2. The technical scores for both firms are within two (2) points, therefore, they are considered a statistical tie. Due to the significant cost difference of \$534,868.88, including contingency, the Department feels that interviews with the firms are not necessary.

SUBJECT: Proposed Personal Service Agreement with Gannett Fleming
Recommendation of Firm for Construction Management Services
Glen Cove Service Area Miscellaneous Pump Stations Repairs and Improvements
Project ID No. S3P312-02M

Gannett Fleming was the lowest overall cost primarily because their proposal includes a part-time Resident Engineer (RE), with twenty percent (20%) of his time dedicated to this contract; all other proposals include a full-time RE. To get an idea of the cost savings, if Gannett Fleming proposed a full time RE, with all other staff being the same, their cost would be approximately \$300,000.00 more, \$390,000.00 with contingency (assuming \$65.00 hourly rate, 2.3 multiplier, and 2,000 additional hours).

Although GF's staffing plan does not include a full time RE, it includes a full-time office engineer/assistant resident engineer (OE/ARE) who has relevant experience in Nassau County. The OE/ARE will be supported by a large team of experienced professionals including: a project manager, project executive, scheduler, quality manager, safety professional, mechanical inspector, civil inspector, electrical inspector, and the part-time RE. Gannett Fleming's proposal states that they will be able to successfully staff the project and during periods of expected heavy workload, they will increase staffing to fully support project needs.

Gannett Fleming is a local firm with extensive experience in the wastewater field with various municipalities in the New York Metropolitan area. Gannett Fleming's local office is in Woodbury, NY within short driving time from the Glen Cove Pump Stations.

In our professional judgment, the proposal submitted by Gannett Fleming, having received the highest technical ranking and proposing the lowest cost, represents the best value to the County. As such, it is the Department's recommendation that Gannett Fleming be retained to provide construction management services for the Glen Cove Service Area Miscellaneous Pump Stations Repairs and Improvements Project.

Funding for these CM services is available under Capital Project No. 3P312. In accordance with procedural guidelines, CSEA has been notified of this proposed agreement.

Please signify below if you approve or disapprove of our recommendation, after which we will implement the next appropriate Departmental procedure(s).

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

EMERGENCY RESOLUTION NO. 10 – 2020

AN EMERGENCY RESOLUTION DECLARING AN EMERGENCY FOR IMMEDIATE ACTION UPON: 1) AN ORDINANCE SUPPLEMENTAL TO THE ANNUAL APPROPRIATION ORDINANCE IN CONNECTION WITH THE OFFICE OF HOUSING AND COMMUNITY DEVELOPMENT (BAHI20000003); 2) AN ORDINANCE SUPPLEMENTAL TO THE ANNUAL APPROPRIATION ORDINANCE IN CONNECTION WITH THE OFFICE OF HOUSING AND COMMUNITY DEVELOPMENT (BAHI20000004); AND, 3) AN ORDINANCE SUPPLEMENTAL TO THE ANNUAL APPROPRIATION ORDINANCE IN CONNECTION WITH THE OFFICE OF HOUSING AND COMMUNITY DEVELOPMENT (BAHI20000005).

WHEREAS, the Honorable Laura Curran, County Executive, has submitted to this County Legislature a written recommendation dated April 29, 2020, pursuant to the provisions of the County Government Law of Nassau County; and

WHEREAS, the said recommendation refers to an emergency resolution declaring an emergency for immediate action upon 1) an ordinance supplemental to the annual appropriation ordinance in connection with the Office of Housing and Community Development (BAHI20000003); 2) an ordinance supplemental to the annual appropriation ordinance in connection with the Office of Housing and Community Development (BAHI20000004); and, 3) an ordinance supplemental to the annual appropriation ordinance in connection with the Office of Housing and Community Development (BAHI20000005), and

WHEREAS, the said recommendation is that the County Legislature adopt a resolution declaring that an emergency exists in Nassau County the nature of which is to take immediate action upon the aforesaid resolutions; now, therefore be it

RESOLVED, that the County Legislature hereby declares that an emergency exists within Nassau County, the nature of which is to consider and to take immediate action upon the aforesaid resolutions before this Legislature.

ORDINANCE NO. 44 –2020

AN ORDINANCE supplemental to the annual appropriation ordinance in connection with the Office of Housing and Community Development.

WHEREAS, Nassau County has received certain revenue; and

WHEREAS, such funds have not been otherwise appropriated; and

WHEREAS, the County Executive, by communication dated April 29, 2020, addressed to the County Legislature, has recommended the appropriation of such funds not otherwise appropriated; and,

WHEREAS, this supplemental appropriation is within the scope of Section 307 of the County Government Law; now, therefore,

BE IT ORDAINED by the County Legislature of the County of Nassau, as follows:

Section 1. There is hereby appropriated from monies not otherwise appropriated, the following sums of money to the following accounts:

10 A-3 of 2020 is a resolution
11 authorizing the commissioner of shared

13 between the county and Tyler Technologies. We
14 need a motion on that. Motion by Deputy
15 Presiding Officer Kopel. Seconded by Minority
16 Leader Abrahams. This is before us. Anyone
17 to speak on this contract with Tyler
18 Technologies?

19 MS. STANTON: This is Nancy
20 Stanton, IT commissioner. A-3-2020 Tyler
21 Technologies. This PO is for annual
22 maintenance and support of the Adapt system.
23 The PO is for \$605,000 annually. The term is
24 January 1, 2020 through December 31, 2020.
25 This Adapt product is extensively used by the

1 Rules 5-4-20

2 assessment department, ARC, treasurer and
3 county attorney.

4 LEGISLATOR NICOLELLO: I don't
5 know if there is anyone from assessment is on
6 via remote or not.

7 MS. STANTON: Yes. I have Robert
8 Miles here with me.

9 LEGISLATOR NICOLELLO: Robert,
10 can you hear us?

11 MR. MILES: Yes, I can hear you.

12 LEGISLATOR NICOLELLO: The
13 question I had was this. As recently as March
14 when you were making the arguments as to why
15 the phase-in had to be passed earlier rather
16 than later the assessor indicated that the
17 department had to deal with this outdated
18 technology. Specifically the Adapt system.
19 So now we are entering into a contract to
20 perpetuate that system. Is there any
21 alternative at this time to move away from
22 Adapt?

23 MR. MILES: Not currently. It
24 houses everything that we need and we have a
25 lot of applications that are linked to the

1 Rules 5-4-20
2 Adapt system. So it would be very difficult
3 right now to transfer to another portal
4 application database. It's everything. So it
5 would be very difficult to transfer from that
6 program to something else. It's not that it's
7 never been discussed before. But it really is
8 an all-inclusive program. It not only affects
9 assessment but the treasurer's office uses it
10 extensively as well. So we'd have to make
11 sure they're on board with any change we do.

12 LEGISLATOR NICOLELLO: I would
13 ask the Assessment Department, treasurer's
14 office, IT to at least begin the process of
15 looking to transition away to another
16 program. To a program that's not, quote
17 unquote, antiquated. That can fulfill all the
18 needs of our assessor's department. I think
19 that's a process that should at least be begun
20 at this time.

21 MR. MILES: We have been looking
22 into it. Still trying to find something
23 that's cost effective and time effective.
24 Creating a whole new system for us would be --
25 it's a tough project. It's not an easy

1 Rules 5-4-20
2 project. It would be costly. But if fiscally
3 we are sound and comfortable with the project
4 itself and the IT department and the
5 treasurer's office is on board then we will
6 keep looking. We looked in the past and we
7 will continue to look. We do want to go
8 forward with more innovative processing.

9 LEGISLATOR NICOLELLO: I think
10 what we would like to see going forward is a
11 report on how this process develops and what
12 progress is being made by that committee and
13 those department.

14 MS. STANTON: Okay. We will.

15 LEGISLATOR NICOLELLO: Legislator
16 DeRiggi-Whitton.

17 LEGISLATOR DERIGGI-WHITTON: Hi.
18 Can you just explain why there is a \$23,000
19 increase for this year?

20 MS. STANTON: There were
21 additional modifications that were made done
22 on time and material that weren't part of
23 this.

24 LEGISLATOR DERIGGI-WHITTON:
25 You're getting additional services from the

1 Rules 5-4-20

2 provider?

3 MS. STANTON: Yeah. I believe
4 there is an annual increase also.

5 LEGISLATOR DERIGGI-WHITTON:
6 Okay.

7 LEGISLATOR NICOLELLO: Any other
8 questions? Hearing none, all in favor of this
9 item signify by saying aye. Those opposed?
10 Carries unanimously. Thank you.

11 I neglected to point out earlier
12 that there were public comments submitted,
13 which will be made part of the record,
14 including comments from John Durso, the
15 president of Local 338 and the president of
16 the Long Island Federation of Labor. A
17 comment from John Budnick. And a comment from
18 Pete Gaffney. So they will be made part of
19 the record. If it requires a response
20 somebody from the legislature or our staff
21 will be getting back to you.

22 I called that first contract
23 individually. I'm going to call the rest as a
24 group to streamline this a little bit.

25 First is A-26 of 2020. A

1 Rules 5-4-20
2 resolution authorizing the commissioner of
3 shared services to award and execute a
4 purchase order between the county of Nassau
5 and Millennium Products Group. Then I'm going
6 to go to E-52, E-56, E-61, E-63, E-64, E-65,
7 E-66, E-67, E-68 and E-69. These are
8 resolutions authorizing the county executive
9 to execute personal services agreements or
10 amendments to personal services agreements
11 between the county and Cedarmore Corporation,
12 Change Healthcare Practice Management
13 Solutions, Gannett Fleming Engineers, H2M
14 Architects, NV5 New York, Liro GIS and
15 Greenman Pederson and the Nassau County Health
16 Care Corporation and the Leadership Training
17 Institute.

18 That's moved by Legislator
19 Schaefer. Seconded by Legislator Bynoe. So
20 all those contracts are before us.

21 We will move on now to contract
22 A-26 with Millenium Products Group, which is a
23 contract through Emergency Management.

24 MR. PERSICH: Andy Persich. Good
25 afternoon. This is a contract with the vendor

1 Rules 5-4-20
2 that we found to get PPE equipment. It's a
3 wholesaler. As this thing was evolving we
4 were running out of vendors we could get
5 equipment from. So this became the prime
6 choice to get some of the PPE equipment.

7 LEGISLATOR NICOLELLO: I did have
8 a question which is, the masks being purchased
9 are almost a dollar each according to the
10 backup. I believe the ones that we are
11 wearing, the cloth masks, is that price is
12 that a good price? Is it high for this
13 supply?

14 MR. PERSICH: I can't tell you
15 pricing-wise. What I do know in the midst of
16 what was happening on these -- we had these
17 daily phone calls that occur. Getting the
18 equipment drove the price up. So I wouldn't
19 be surprised that somewhere in the interim
20 that these were probably driven up by pricing
21 because of demand. We've heard a lot of press
22 conferences on this about what's happening in
23 this market arena. I think what happened is
24 in the middle of the crisis there was limited
25 supplies that we could get and there was a lot

1 Rules 5-4-20
2 of debate or discussion about where we were
3 going to procure stuff and this became the
4 primary source at a pricing scale that may not
5 be at the current levels but at that time it
6 was probably a good deal.

7 LEGISLATOR NICOLELLO: Anyone
8 else have any questions? Anyone at home?

9 LEGISLATOR SCHAEFER: Actually I
10 do. Do you see a need to purchase more of
11 these going forward from the same company or
12 what are we looking at now for the future?

13 MR. PERSICH: I don't believe
14 that's the plan. I think this was a
15 short-term fix. There's a lot of debate and
16 discussions now once we go into the recovery
17 mode, legislator, that we will be looking to
18 procure these through whether it be a state
19 contract or something else. We all know that
20 supply is going to be a big issue. I think
21 I'm hearing a 90 day supply. I don't think
22 we're there yet but I just want to make you
23 aware that OEM has a plan to stockpile some
24 things but where that's at right now I don't
25 know.

1 Rules 5-4-20

2 LEGISLATOR SCHAEFER: Okay.

3 Thank you.

4 LEGISLATOR NICOLELLO: Anyone
5 else? Thank you. All in favor signify by
6 saying aye. Those opposed? Carries
7 unanimously.

8 Next item is E-52, contract with
9 Cedarmore Corporation. Anyone here or
10 participating remotely to speak on this?

11 MS. HORST: Katy Horst from the
12 administration. Brian Hall should be on the
13 line for this contract.

14 LEGISLATOR NICOLELLO: Brian are
15 you there?

16 Are you able to answer any
17 questions?

18 MS. HORST: I can do my best.

19 LEGISLATOR NICOLELLO: The one
20 question that I had was, I'm not sure why this
21 program is broken out from some of these other
22 youth service agencies that we have. For
23 example, we have contracts with youth services
24 agencies that we deal with every year. So I
25 wasn't sure why we would want to have an

1 Rules 5-4-20
2 additional contract on top of that as opposed
3 to having these monies flow into our regular
4 youth service providers.

5 MS. HORST: Just so I understand,
6 the question is why an additional provider?
7 If you give me a minute I will get Brian Hall
8 on the phone and get an answer for you. If
9 you want to move on.

10 LEGISLATOR NICOLELLO: We can
11 hear you now.

12 MR. HALL: That was an RFP that
13 we did last year for all the youth service
14 contracts. This is a three-year contract
15 we're giving out. I'm not sure, what was that
16 last question?

17 LEGISLATOR NICOLELLO: I thought
18 this seems to be on top of what we usually
19 have in terms of our regular youth service
20 agencies. I was unsure as to why we didn't go
21 through those agencies that we fund and we
22 have existing relationships with.

23 MR. HALL: Actually, we went
24 through, like I said, the RFP process and they
25 were a local affiliate there and they met the

1 Rules 5-4-20

2 qualifications so we went with them. As far
3 as previous agencies running that area, they
4 would have been picked for whatever reason.

5 LEGISLATOR NICOLELLO: Thank you
6 Brian. Any other questions?

7 LEGISLATOR WALKER: I have a
8 question Presiding Officer. This agency is a
9 new agency?

10 MR. HALL: Yes, it's a new agency
11 for human services but they've been around.

12 LEGISLATOR WALKER: But they
13 haven't been part of the county?

14 MR. HALL: I'm not sure if
15 there's any contracts as part of the county.
16 As far as human services go with these youth
17 contracts they haven't had one. We don't have
18 any other contracts with our aging or chemical
19 dependency. I'm not sure about the whole
20 county if there's another contract out there.

21 LEGISLATOR WALKER: So this
22 agency who did they replace in the area that
23 they are now providing services to?

24 MR. HALL: I don't know if it's
25 so much as replacing as much as maybe

1 Rules 5-4-20
2 enhancing. I don't know really why because
3 I'm not a program guy but I do know that we
4 had a problem with one of the other agencies
5 that was in Freeport and they actually dropped
6 out of the running for it. So that left an
7 opening.

8 LEGISLATOR WALKER: Okay. But
9 this was an agency -- they needed someone else
10 to fill that spot to be able to --

11 MR. HALL: Yes. Cover that area,
12 right.

13 LEGISLATOR WALKER: Thank you.

14 LEGISLATOR NICOLELLO: Any other
15 questions? Hearing none, all in favor signify
16 by saying aye. Those opposed? Carries
17 unanimously.

18 The next two that I called were
19 E-56 and E-69 having to do with agreements
20 with Change Healthcare Practice Management
21 Solutions and Change Healthcare Technology
22 Enabled Services. Those are contracts through
23 the police department.

24 MR. FIELD: Good afternoon.
25 William Field, deputy inspector from personnel

1 Rules 5-4-20

2 and accounting bureau.

3 The first item is item E-56-20.

4 It's an amendment to an existing contract
5 between the county and Change Healthcare
6 Management Solutions Incorporated. It's to
7 extend the contract to May 31, 2020. A new
8 RFP was issued in 2019. The department is
9 currently working on an award in order to
10 ensure a smooth transition to the new
11 contract. We have this amendment in place.
12 It is a revenue-generating contract to offset
13 expenses for the services provided. We also
14 are endeavoring to encumber \$354,400 to pay
15 vendor fees as per the contract. Do you have
16 any questions?

17 LEGISLATOR NICOLELLO: Any
18 questions on this one? Let's move on to the
19 second E-69 69.

20 MR. FIELD: Item E-69-20 is a
21 contract between the county. It is the new
22 contract for the recording and transmission of
23 prehospital care reports, billing and
24 collection of fees for the department's
25 Emergency Ambulance Bureau. The RFP was

1 Rules 5-4-20
2 issued in 2019 as I said before. The
3 department received four proposals. An
4 evaluation committee was formed consisting of
5 the members of the department's Emergency
6 Ambulance Bureau as well as the county
7 attorney's office.

8 Proposals were ranked and scored.
9 The contract was awarded to the highest
10 scoring proposer which is Change Healthcare
11 Technology Enabled Services. Similar to the
12 previous E-56 item, this is a
13 revenue-generating contract which assists in
14 offsetting expenses for the services
15 rendered. And we are wishing to encumber
16 \$750,000 to pay vendor's percentage of net
17 revenue.

18 LEGISLATOR NICOLELLO: The first
19 one is really more or less to finish out the
20 existing contract?

21 MR. FIELD: Yes, sir. It goes
22 through May 31, 2020.

23 LEGISLATOR NICOLELLO: The end of
24 this month. With respect to the second
25 contract, we have questions about how

1 Rules 5-4-20
2 aggressively the vendor is pursuing residents
3 as to who is making determinations as to
4 hardship status. Some of us were here when we
5 first started doing this. It was always the
6 focus and intention was to recapture some of
7 the monies from insurance companies that would
8 pay for the ambulance trips to and from the
9 hospital. It seems that it's morphed into
10 something different in terms of going after
11 residents whose taxes already pay for this
12 service.

13 So we have -- again, this is with
14 respect to the second contract -- we have
15 questions as to how this is being
16 administered, how it can be better
17 administered in such a way that we can achieve
18 the original objective which again is to
19 recoup insurance monies as opposed to going
20 after residents. Many of whom are in hardship
21 especially now with the COVID epidemic and the
22 number of calls that were made and again with
23 the economic distress in the background of
24 that.

25 So, I don't know if I have any

1 Rules 5-4-20
2 questions for you. That's just a background.
3 Does anyone have any questions for Inspector
4 Field? Anyone on video? If not, I think what
5 I would like to do is just table E-69 and go
6 ahead with E-56. Motion to table E-69 by
7 Legislator Rhoads. Seconded by Legislator
8 Bynoe. All in favor of tabling E-69 signify
9 by saying aye. Those opposed? Carries
10 unanimously. We're good. Thank you.

11 Next series of contracts are with
12 the public works department. Ken Arnold is
13 here. Contracts with Gannett Fleming, H2M NV5
14 and Greenman Pederson.

15 MR. ARNOLD: Good afternoon. Ken
16 Arnold, public works. E-61 is a construction
17 management services contract for various pump
18 stations in Glen Cove. Eight firms
19 submitted. Gannett Fleming was the most
20 qualified firm with a contract total
21 \$884,000. Their WBE participation is at 20
22 percent.

23 LEGISLATOR NICOLELLO: Just I
24 have something to state on the record. The
25 resolution is for a personal services

1 Rules 5-4-20
2 agreement and not an amendment to a personal
3 services agreement. Just so the record is
4 clear on that. Any questions for Ken on this
5 item? Anyone via video? Okay.

6 MR. ARNOLD: E-63 is a design
7 services contract for the design services for
8 two Glen Cove pump stations. Four firms
9 submitted. H2M was the most qualified firm by
10 \$260,000 for the design services. Their WBE
11 goal is 20 percent.

12 LEGISLATOR NICOLELLO: Any
13 questions? Hearing none, let's move on.

14 MR. ARNOLD: E-64 is a contract
15 amendment for our on-call civil design
16 contract with NV5. We're looking to amend the
17 contract by \$4 million which will have a new
18 cap of \$5.5 million. There's current
19 encumbrances in this amendment for resurfacing
20 design, Centennial Park Bannister Creek
21 Bridge. This contract will expire -- it's not
22 being amended for expiration but the current
23 contract will expire in 2024.

24 LEGISLATOR NICOLELLO: This is a
25 sizable increase in the amount due to or

1 Rules 5-4-20

2 potentially to be paid to NV5. It's for
3 on-call design and related services?

4 MR. ARNOLD: Yes.

5 LEGISLATOR NICOLELLO: Are there
6 other firms that do this for the county?

7 MR. ARNOLD: We anticipate
8 amending all the on-calls at a similar
9 amount. We are looking to get us through
10 until 2024 and resurfacing alone we're
11 probably running a million dollars, a million
12 and a half dollars of design services out to
13 the contractors. We want them all in play.
14 Just because they have the cap capacity
15 doesn't mean they're going to get all that
16 work. But without the capacity of the cap I
17 would have to amend contracts before I could
18 award design services. So we're looking for
19 capacity for all these firms.

20 LEGISLATOR NICOLELLO: Is this
21 extending the time?

22 MR. ARNOLD: No. We're staying
23 within the same time frame of the original
24 contract.

25 LEGISLATOR NICOLELLO: What I

1 Rules 5-4-20
2 don't get is that it was initially, it was
3 last year that you came before us and asked
4 for a certain amount of money for these
5 on-call services and within a year you're
6 looking to increase that by \$4 million for
7 this contractor and potentially other of the
8 engineering firms.

9 MR. ARNOLD: We were looking at a
10 million and a half per year and we realized
11 why do we have to keep coming back and doing
12 this every year. We just figured we'd extend
13 it out for the length of the contract.

14 LEGISLATOR NICOLELLO: The
15 difference is you want to avoid having to come
16 back each year for this particular on-call
17 services contract?

18 MR. ARNOLD: Yes.

19 LEGISLATOR NICOLELLO: Is this
20 unusual to extend an on-call contract out for
21 this many years?

22 MR. ARNOLD: This current
23 contract is I think it was a three-year
24 contract with two one-year extensions. So the
25 money we're putting in gets us out to the

1 Rules 5-4-20
2 extension. We are making the contracts a
3 little bit longer because of the
4 administrative burden of putting contracts
5 through. We're trying to eliminate as many
6 trips as possible.

7 LEGISLATOR NICOLELLO: Actually
8 it's not as much of an extension of the
9 contract as it is just adequate funding there
10 for the duration of the --

11 MR. ARNOLD: Yes. It doesn't
12 mean each firm will get all of it. But I need
13 to have capacity in the contract so they all
14 can bid. And if timely want to award a
15 contract I don't need to come back and change
16 capacity.

17 LEGISLATOR NICOLELLO: Do the
18 other firms get roughly the same amount of
19 work roughly?

20 MR. ARNOLD: One thing to note is
21 one firm just was added to the list. Nelson
22 and Pope had gone through some extra
23 compliance review. They're I think the sixth
24 firm that's in the loop. They were not part
25 of last year's work because they were not yet

1 Rules 5-4-20

2 approved. There's probably three firms that
3 get most of our resurfacing work, which is the
4 majority of the work, but all of the firms are
5 getting a piece of the pie.

6 LEGISLATOR NICOLELLO: Anyone
7 else have any questions? Legislator
8 DeRiggi-Whitton.

9 LEGISLATOR DERIGGI-WHITTON: How
10 much do you normally like spend per year on
11 this contract?

12 MR. ARNOLD: We have a lot of
13 newer contracts that are out. We've stepped
14 up our bridge program. So we're putting out
15 bridge work that we have not done in the
16 past. Resurfacing, all our designs are going
17 through this now. We do very little designs
18 through separate contracts. Both Centennial
19 Park and Christopher Morley Park are going
20 through these design on-calls. On top of that
21 we have our typical smaller designs that are
22 beyond our in-house capacity that come through
23 here.

24 So, I believe last year I think we
25 were somewhere around \$6 million worth of work

1 Rules 5-4-20

2 in total went to the five firms.

3 LEGISLATOR DERIGGI-WHITTON:

4 Thank you.

5 LEGISLATOR NICOLELLO: Any other
6 questions? Hearing none, all in favor signify
7 by saying aye. Passes unanimously. Last one
8 for you 66 right? No, 65.

9 MR. ARNOLD: My apologies. 66 is
10 a contract for traffic and management center
11 operations. We had two bidders on this.
12 Greenman Pederson was selected as the lowest
13 responsible bidder. It's a three-year
14 contract with a cap of \$3.5 million. The 2020
15 encumbrance is for \$900,000. We get 80
16 percent reimbursement on this contract. This
17 contract, these are the people that are in our
18 command center monitoring 24-7 the conditions
19 of our roadways.

20 LEGISLATOR NICOLELLO: Has the
21 CSEA taken any position on this?

22 MR. ARNOLD: Yes. They claim the
23 work. We wrote back to them saying this
24 historically was never done by county staff.
25 So I anticipate at some point there will be a

1 Rules 5-4-20

2 grievance hearing on this issue.

3 LEGISLATOR NICOLELLO: What is
4 the urgency on this?

5 MR. ARNOLD: I think our current
6 contract we're in an extension right now.
7 Without having this contract we could end up
8 with a lapse in service because I think we
9 extended our existing contract to cover a time
10 period. I don't know exactly when the current
11 contract expires. I don't have it with me
12 today.

13 LEGISLATOR NICOLELLO: Could you
14 find that out while we're here?

15 MR. ARNOLD: Sure. I can make
16 some calls to find that out.

17 LEGISLATOR NICOLELLO: We will
18 come back to this one. Let's move on to E-65,
19 2020. I think that's with Information
20 Technology. It's Liro GIS, Inc.

21 MS. STANTON: Good afternoon.
22 Nancy Stanton IT E-65-20 Liro GIS. This
23 amendment is to extend the current contract
24 for one year through February 28th. We use
25 this vendor for monthly GIS data maintenance

1 Rules 5-4-20
2 and tax map tools migration for assessment.
3 Our original contract term was
4 March 1, 2015 through 2020. We do not have
5 any renewals left on this contract. Part of
6 the delay in this renewal was due to Liro GIS
7 changing their name from Liro GIS Survey to
8 Liro GIS and getting them to complete the
9 appropriate forms. This is just an extension.

10 LEGISLATOR NICOLELLO: Any
11 questions? Thank you Nancy.

12 MS. STANTON: Thank you.

13 LEGISLATOR NICOLELLO: We have
14 two more contracts left with the Department of
15 Probation. E-67 and E-68. Nassau County
16 Health Corporation is E-67 and E-68 is
17 Leadership Training Institute.

18 MR. DIMAGGIO: Good afternoon
19 legislators. My name is Dominick Dimaggio.
20 I'm the attorney for the Department of
21 Probation.

22 As far as contract 67-20 that is
23 for retroactive payments for health care
24 services provided to all the detainees at the
25 juvenile detention center. It is for services

1 Rules 5-4-20
2 that were provided January 1, 2013 through
3 September 30, 2018. There is a state
4 reimbursement of 49 percent on the services
5 and it is a retroactive contract to cover for
6 those payments.

7 LEGISLATOR NICOLELLO: Any
8 questions on that?

9 MR. DIMAGGIO: At present there
10 is a contract for the services for the
11 detainees in effect through '20 of '23. That
12 was initiated on October 1, 2018 to reach the
13 new Raise the Age standards that are required
14 by the state. So we do have a present
15 contract in effect for the services at the
16 detention service through 2023.

17 LEGISLATOR NICOLELLO: Any
18 questions on the first contract? Legislator
19 DeRiggi-Whitton.

20 LEGISLATOR DERIGGI-WHITTON: Can
21 you explain why -- I know it's retroactive --
22 but why it's this late?

23 MR. DIMAGGIO: Sure. I did
24 attach a retromemo with the contract but I
25 will just give you a brief summary of it. My

1 Rules 5-4-20
2 predecessor, who had retired December 31,
3 2016, I was provisionally appointed August 6
4 of 2017. I don't have an explanation for why
5 it was never initiated. But when I did take
6 over there were a number of retroactive
7 contracts which we have successfully cleared
8 up the vast majority of them. In fact, we're
9 pretty much caught up after this contract. So
10 I have been working diligently to clear up any
11 old contracts that were due.

12 When I did become aware that these
13 were due, I did have the juvenile detention
14 center director as well as the accounting
15 staff in the department verify that the
16 services were provided and the appropriate
17 amounts are being billed to the county before
18 I initiated the payment for this contract.

19 LEGISLATOR DERIGGI-WHITTON: It's
20 six and a half years late. How did the
21 hospital pay for things the last six and a
22 half years? How were they paid for their
23 services?

24 MR. DIMAGGIO: I'm sorry I had a
25 train. I didn't hear your question.

1 Rules 5-4-20

2 LEGISLATOR DERIGGI-WHITTON: Can
3 you just explain how the hospitals that
4 provided the services were paid for the last
5 six and a half years?

6 MR. DIMAGGIO: They weren't paid
7 at this point. It's money due. It's a total
8 of approximately \$49,000 due and it dates back
9 from January 13 through, like I said,
10 September 30th of '18. And they are still due
11 this money. So it's actually for payment for
12 retroactive services already provided.

13 LEGISLATOR DERIGGI-WHITTON: We
14 had a contract in front of Rules back in
15 September 2019 where we went through the
16 Nassau Health Care Corporation for 2018
17 through 2023 contracts for these services.
18 This wasn't included at that time?

19 MR. DIMAGGIO: No, it wasn't
20 because we processed that contract on an
21 expedited basis because it met all the new
22 standards for the Raise the Age services that
23 had to be provided with the new law which took
24 effect October 1 of 2018. I also had to
25 verify that these services were provided and

1 Rules 5-4-20

2 that the appropriate amounts were charged back
3 from those dates. Obviously it was a number
4 of years ago. So I did a double check through
5 the JDC director as well as the accountant to
6 verify that the amounts were correct.

7 LEGISLATOR DERIGGI-WHITTON: So,
8 do you think there is anything in place that
9 would avoid something like this from happening
10 for six and a half years? Does anyone review
11 the charges and see why we're so far behind?

12 MR. DIMAGGIO: Like I did say,
13 specifically with NHCC the present contract is
14 in effect through 2023. So we are actually
15 ahead of the game with that. All the other
16 contracts I have been working diligently and
17 am pretty caught up. There were a number of
18 contracts that I'm sure most of the
19 legislators remember. I'm working my way
20 through it. I'm pretty much caught up at this
21 point.

22 LEGISLATOR DERIGGI-WHITTON:
23 Good. I'm glad you to support it but I think
24 six and a half years is a new record. Just
25 going forward we just want to be a little bit

1 Rules 5-4-20

2 more on top of it. Thank you.

3 MR. DIMAGGIO: I absolutely
4 understand. And like I said, I don't have an
5 explanation for why it wasn't paid. It was
6 prior to my even being employed by the county,
7 many of these charges. I didn't start until
8 March of 2014 with the county itself.

9 LEGISLATOR NICOLELLO: All
10 right. Dom, I don't think that's a record you
11 wanted to set.

12 MR. DIMAGGIO: All I'm saying is,
13 many of these bills were prior to me even
14 being here. But I am on top of it now that it
15 is my position and I will be following up to
16 make sure that obviously it never happens
17 again.

18 LEGISLATOR NICOLELLO: Thank
19 you. You want to jump into the next one, 68.

20 MR. DIMAGGIO: Sure. That is a
21 contract. It's a fully funded grant contract
22 which is provided for parolees for their
23 successful reentering into society and this is
24 to prevent them from re-offending. It's
25 funded 100 percent state grant reimbursement.

1 Rules 5-4-20

2 It's a pass-through. It's between ourselves
3 and LTI, which is a new vendor now providing
4 the services. Our prior vendor, FCA, informed
5 us in June of last year that they no longer
6 wanted to provide the services. An RFP was
7 initiated and LTI is now the vendor that's
8 providing these services.

9 This is slightly retroactive as
10 well. I'd just like to make a note that many
11 times with these grant contracts our letters
12 and the authorization for funding comes very
13 close to the time or after the time in which
14 the services actually begin. But many times
15 built into the system because of the way the
16 funding comes through there is a slight amount
17 of retroactivity that occurs in these grant
18 contracts. Especially with the Department of
19 Probation.

20 LEGISLATOR NICOLELLO: Any
21 questions? Thank you Dom. Ken, I see you are
22 back in the room. You want to go back to
23 E-66?

24 MR. ARNOLD: This contract is
25 actually a retroactive contract I was just

1 Rules 5-4-20
2 told by my project manager. We have to keep
3 continuous service of the TMC to keep our
4 funding. The current contract expired in
5 January. This was to pick up that contract
6 and we would be paying the vendor
7 retroactively once this contract is approved.
8 I apologize for the misinformation. I did not
9 realize that.

10 LEGISLATOR NICOLELLO: I think
11 we, the legislators, need to take a look at
12 this over the course of the next two weeks.
13 For this reason, potential CSEA grievance on
14 this claiming this should be done by their
15 workers. So I think we need at a very minimum
16 to do our due diligence to take a look at
17 these titles and see if we have them or not.

18 MR. ARNOLD: We don't have these
19 titles in the department. We've never had
20 these titles. It's always been done by a
21 contract. It's kind of like the red light
22 camera program. It's always been done by a
23 contract. There are other things that we go
24 back and forth with the union all the time
25 on. But in this case I'm comfortable saying

1 Rules 5-4-20
2 that we've never done this work and had people
3 operating this facility that were union
4 employees.

5 LEGISLATOR NICOLELLO: It's a
6 retroactive contract. If it's delayed for an
7 additional two weeks --

8 MR. ARNOLD: That's fine. I just
9 wanted to state our piece.

10 LEGISLATOR NICOLELLO: To clarify
11 the record.

12 MR. ARNOLD: I understand you
13 want to go back and look at it.

14 LEGISLATOR NICOLELLO: With E-66
15 we need a motion to table. Moved by
16 Legislator Rhoads. Seconded by Deputy
17 Presiding Officer Kopel. All in favor of
18 tabling signify by saying aye. Those
19 opposed? Carries unanimously.

20 Now for the rest of the contracts
21 that have not been tabled. That would be
22 A-26, E-52, E-56, E-61, E-63, E-64, E-65, E-67
23 E-68. With respect to those contracts all in
24 favor signify by saying aye. Those opposed?
25 Carries unanimously.

1 Rules 5-4-20

2 Motion to adjourn by Legislator

3 DeRiggi-Whitton. Seconded by Legislator

4 Schaefer. All in favor of adjourning signify

5 by saying aye. Those opposed? It carries

6 unanimously. Thank you.
