Constellation's CEO is considered the CODM and evaluates the performance of our electric business activities and allocates resources based on segment RNF, primarily through review of budget-to-actual variance analyses. RNF is Operating revenues net of Purchased power and fuel expenses. We believe this is a useful measurement of operational performance, although it is not a presentation defined under GAAP and may not be comparable to other companies' presentations or deemed more useful than the GAAP information provided elsewhere in this report. In our evaluation of operating segments, we noted the CODM reviews a variety of performance and profitability measures at a consolidated level with a primary focus on RNF reporting at the regional level. Our operating revenues include all sales to third parties as well as government assistance. Purchased power and fuel expenses are considered the significant segment expense. Purchased power costs include all costs associated with the procurement and supply of electricity including capacity, energy, and ancillary services. Fuel expense includes the fuel costs for our owned generation and fuel costs associated with tolling agreements. The results of our other business activities are not regularly reviewed by the CODM and are therefore not classified as operating segments or included in the regional reportable segment amounts. These activities include wholesale and retail sales of natural gas, energy-related sales in the United Kingdom, as well as sales of other energy-related products and sustainable solutions that are not significant to our overall results of operations. Further, our unrealized gains and losses on economic hedging activities and our amortization of certain intangible assets and liabilities relating to commodity contracts recorded at fair value from mergers and acquisitions are also excluded from the regional reportable segment amounts. The CODM does not use a measure of total assets in making decisions regarding allocating resources to or assessing the performance of these reportable segments.

The following tables disaggregate the revenue recognized from contracts with customers into categories that depict how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors. The disaggregation of revenues reflects our power sales by geographic region.

The following tables, which relate directly to our Consolidated Statements of Operations and Comprehensive Income, provide the reconciliation of operating revenues, purchased power and fuel expenses, and RNF for our reportable segments for the years ended December 31, 2025, 2024, and 2023.

(a) Includes revenues from nuclear PTCs beginning in 2024 as well as derivatives and leases. Intersegment activity in all periods presented is not material.
(b) Represents revenue activities not allocated to a region. See text above for a description of included activities. Other includes unrealized losses of ($805) million, and unrealized gains of $316 million and $1,399 million, and natural gas revenues from contracts with customers of $1,758 million, $1,429 million, and $1,859 million, for the years ended December 31, 2025, 2024, and 2023, respectively.

6. Government Assistance

Beginning in 2024, our nuclear units are eligible for a PTC extending through 2032. The nuclear PTC provides a transferable credit up to $15 per MWh (a base credit of $3 per MWh with a five times multiplier provided certain prevailing wage requirements are met) and is subject to phase-out when annual gross receipts are between $25.00 per MWh and $43.75 per MWh and $26.00 per MWh and $44.75 per MWh for 2024 and 2025, respectively. We evaluated and expect to meet the annual prevailing wage requirements at all of our nuclear units and are eligible for the five times multiplier. Both the amount of the PTC and the gross receipts thresholds adjust for inflation annually through the duration of the program based on the GDP price deflator for the preceding calendar year. The benefits of the PTC may be realized through a credit against our federal income taxes or transferred via sale to an unrelated party. In July 2025, Congress passed the OBBBA which affirmed the provisions of the nuclear PTC with no material changes.

For the years ended December 31, 2025 and 2024, our Consolidated Statements of Operations and Comprehensive Income included an estimated nuclear PTC benefit in Operating revenues of approximately $320 million and $2,080 million, respectively. Our estimates require the exercise of judgment in determining the amount of nuclear PTC expected for each of our nuclear units. The nuclear PTC continues to be the subject of additional guidance, from the U.S. Treasury and IRS, and may materially impact the total amount of the benefits we receive.

Nuclear PTCs are initially recorded within Other deferred debits and other assets within the Consolidated Balance Sheets and reclassified as a reduction to Accounts payable and accrued expenses when used to reduce our federal income tax payable, or an increase in Cash and cash equivalents or Other current assets when sold, depending on the specific payment terms of each contract.

There were no sales agreements for nuclear PTCs in 2025. In 2024, we executed agreements for the sale of $1,750 million of nuclear PTCs to unaffiliated third parties at a nominal discount, with approximately $1,570 million of cash proceeds received upon sale that were included within Cash flows from operating activities in our Consolidated Statements of Cash Flows. Cash received in 2025 on sale agreements executed in 2024 was approximately $95 million. Our Consolidated Balance Sheets reflected estimated nuclear PTCs of approximately $120 million within Other deferred debits and other assets as of December 31, 2025, and $185 million and $95 million within Other deferred debits and other assets, and within Other current assets, respectively, as of December 31, 2024. Additionally, during the years ended December 31, 2025 and 2024, we recognized a reduction to Accounts payable and accrued expenses of $375 million and $150 million, respectively, for estimated nuclear PTCs that we have utilized as a credit against our current federal income taxes payable.

Many of the state-sponsored programs providing compensation for the emissions-free attributes of generation from certain of our nuclear units include contractual or other provisions that require us to refund that compensation up to the amount of the nuclear PTC received or pass through the entirety of the nuclear PTC received. As of December 31, 2025 and 2024, we have recognized approximately $1,190 million and $1,030 million, respectively, of estimated payables within Other deferred credits and other liabilities, Accounts payable and accrued expenses or as offsets to Accounts receivable, net in our Consolidated Balance Sheets associated with programs requiring refunds or pass through of the nuclear PTC. In general, we expect to remit refunds or pass-throughs of state-sponsored program compensation related to nuclear PTCs in the year following the filing of the related tax return. We recognized a reduction to net operating revenue of approximately $125 million and $50 million, respectively, associated with these programs in our Consolidated Statements of Operations and Comprehensive Income for the years ended December 31, 2025 and 2024. As with the actual amount of the nuclear PTC earned, any change resulting from additional guidance received may materially impact amounts due under state-sponsored programs.

7. Accounts Receivable

The following table provides additional information on the disaggregation of customer and other accounts receivable:

	Accounts receivable, net	
	CEG Parent	Constellation
December 31, 2025		
Customer accounts receivable (net of allowance for credit losses of $158 for CEG Parent and Constellation)	$ 3,577	$ 3,577
Other accounts receivable (net of allowance for credit losses of $9 for CEG Parent and Constellation)	689	674
Total	$ 4,266	$ 4,251
December 31, 2024		
Customer accounts receivable (net of allowance for credit losses of $190 for CEG Parent and Constellation)	$ 3,116	$ 3,116
Other accounts receivable (net of allowance for credit losses of $6 for CEG Parent and Constellation)	602	587
Total	$ 3,718	$ 3,703

Allowance for Credit Losses on Accounts Receivable

The following table presents the rollforward of allowance for credit losses on customer accounts receivable from January 1, 2024 to December 31, 2025:

	2025	2024
Balance as of January 1	$ 190	$ 56
Current period provision for expected credit losses	47	17
Write-offs, net of recoveries[a]	(79)	(21)
Facility amendment impact[b]	—	138
Balance as of December 31	$ 158	$ 190

(a) Recoveries were not material.
(b) Impact as a result of the December 2024 amendment of our revolving accounts receivable financing arrangement. See below for details.

The allowance for credit losses on other accounts receivable was not material as of the balance sheet dates, therefore, a rollforward is not presented.

Unbilled Customer Revenue

We recorded $1,305 million and $1,109 million of unbilled customer revenues in Accounts receivable, net in the Consolidated Balance Sheets as of December 31, 2025 and 2024, respectively.

Sales of Customer Accounts Receivable

In 2020, NER, a bankruptcy remote, special purpose entity, which is wholly owned by us, entered a revolving accounts receivable financing arrangement with a number of financial institutions and a commercial paper conduit (Purchasers) to sell certain customer accounts receivables (Facility). On December 31, 2024, we amended the Facility. We will no longer sell receivables to the Purchasers and all outstanding receivables were assigned back to us. Under the Facility's prior terms, NER sold eligible short-term customer accounts receivable to the Purchasers in exchange for cash and subordinated interest. The transfers were reported as sales of receivables in the consolidated financial statements. The subordinated interest in collections upon the receivables sold to the Purchasers is referred to as the DPP. As a result of the receivables being assigned back to NER under the amended Facility, NER forgave any and all remaining DPP owed by the Purchasers. The reassignment of receivables resulted in the recognition of $1,529 million of Accounts receivable, net as of December 31, 2024. See Note 16 — Debt and Credit Agreements for terms of the amended Facility.

The following table summarizes our cash proceeds associated with the Facility prior to the amendment:

	For the Years Ended December 31,	
	2024	2023
Proceeds from new transfers[a]	$ 1,688	$ 3,649
Cash collections received on DPP[b]	10,517	8,140
Cash collections reinvested in the Facility	$ 12,205	$ 11,789

(a) Customer accounts receivable sold into the Facility were $12,262 million and $11,746 million for the years ended December 31, 2024, and 2023, respectively.
(b) Does not include the $300 million and $800 million net cash payments to the Purchasers in 2024 and 2023, respectively, in order to reduce the outstanding borrowing amount under the Facility.

We previously recognized the cash proceeds received upon sale in Cash flows from operating activities within the Changes in Other assets and liabilities line in the Consolidated Statements of Cash Flows, which were ($10,574) million and ($8,097) million for the years ended December 31, 2024, and 2023, respectively. The collection and reinvestment of DPP was recognized in Cash flows from investing activities in the Collection of DPP, net line in the Consolidated Statements of Cash Flows, which was $10,217 million, and $7,340 million for the years ended December 31, 2024, and 2023, respectively.

See Note 21 — Variable Interest Entities for additional information on NER.

Other Sales of Customer Accounts Receivables

We are required, under supplier tariffs, to sell customer receivables to certain utility companies at a nominal discount. The total gross receivables sold were $4,204 million, $280 million, and $356 million for the years ended December 31, 2025, 2024, and 2023, respectively. Prior to the Facility amendment discussed in the preceding paragraphs, certain accounts receivable subject to these supplier tariffs were sold to the Purchasers under the Facility.

8. Property, Plant, and Equipment

The following table presents a summary of property, plant, and equipment by asset category as of December 31, 2025 and 2024:

Asset Category	December 31, 2025	December 31, 2024
Electric	$ 33,253	$ 32,156
Nuclear fuel[a]	6,298	5,894
CWIP	1,995	1,273
Total property, plant, and equipment	41,546	39,323
Less: accumulated depreciation[b]	19,072	18,088
Property, plant, and equipment, net	$ 22,474	$ 21,235

(a) Includes nuclear fuel that is in the fabrication and installation phase of $1,674 million and $1,485 million as of December 31, 2025 and 2024, respectively.
(b) Includes accumulated amortization of nuclear fuel in the reactor core of $2,622 million and $2,447 million as of December 31, 2025 and 2024, respectively.

The estimated useful lives of our generating facilities are based on a combination of depreciation studies, historical retirements, site licenses and management estimates of operating costs and expected energy market conditions. The estimated useful lives of our nuclear stations generally include expectations for an additional 20-year term beyond current license expiration, except for Calvert Cliffs, FitzPatrick, Limerick, NMP Unit 2, and STP where depreciation provisions correspond with the expiration of the current NRC operating license. The estimated useful lives of our hydroelectric facilities also generally align with their FERC operating licenses. Conowingo depreciation provisions are based on an estimated useful life through 2071, in anticipation that a 50-year license will be issued. Generally, our oil and gas plants have estimated useful lives of 40 to 45 years with wind and solar generating facilities having estimated useful lives of 25 and 35 years, respectively. See Note 3 — Regulatory Matters for additional information regarding license renewals for Peach Bottom and Conowingo.

Annual depreciation rates for electric generation were 2.91%, 3.43%, and 3.26% for the years ended December 31, 2025, 2024, and 2023, respectively. Nuclear fuel amortization is charged to fuel expense using the unit-of-production method based on the expected consumption period of the fuel, generally ranging from 1 to 8 years, and is excluded from the annual depreciation rates. See Note 22 — Supplemental Financial Information for additional information on nuclear fuel amortization.

9. Jointly-Owned Electric Plants

Our material undivided ownership interests in jointly-owned plants as of December 31, 2025 and 2024 were as follows:

	NMP Unit 2	Quad Cities	Peach Bottom	STP[a]	Salem
Operator	**Constellation**	**Constellation**	**Constellation**	**STPNOC**	**PSEG Nuclear**
Ownership interest	82.00 %	75.00 %	50.00 %	44.00 %	42.59 %
Our share as of December 31, 2025					
Plant in service	$ 1,119	$ 1,324	$ 1,590	$ 1,064	$ 842
Accumulated depreciation	363	852	752	98	402
CWIP	53	29	25	23	101
Our share as of December 31, 2024					
Plant in service	$ 1,122	$ 1,294	$ 1,570	$ 1,040	$ 791
Accumulated depreciation	327	840	721	52	387
CWIP	27	13	15	25	68

(a) Within the 44% undivided ownership interest in STP, 2% interest was recorded as held for sale as of December 31, 2025 and 2024. See Note 2 — Mergers, Acquisitions, and Dispositions for additional information.

Our undivided ownership interests are financed with our funds and all operations are proportionately consolidated consistent with our ownership interest in the Consolidated Statements of Operations and Comprehensive Income.

10. Asset Retirement Obligations

Nuclear Decommissioning Asset Retirement Obligations

We have a legal obligation to decommission our nuclear power plants following the permanent cessation of operations. To estimate our nuclear decommissioning obligations we use a probability-weighted, discounted cash flow model which, on a unit-by-unit basis, considers multiple outcome scenarios that include significant estimates and assumptions, and are based on decommissioning cost studies, cost escalation rates, probabilistic cash flow models, and discount rates. We update our AROs annually, unless circumstances warrant more frequent updates, based on our review of updated cost studies and our annual evaluation of cost escalation factors and probabilities assigned to various scenarios.

The financial statement impact for changes in an ARO, on an individual unit basis, due to the changes in and timing of estimated cash flows generally result in a corresponding change in the unit's ARC in Property, plant, and equipment in the Consolidated Balance Sheets. If an ARO decreases for a Non-Regulatory Agreement Unit without any remaining ARC, the corresponding change is recorded as a decrease in Operating and maintenance expense in the Consolidated Statements of Operations and Comprehensive Income, whereas the corresponding decrease for Regulatory Agreement Units without any remaining ARC results in an increase to the Payables related to Regulatory Agreement Units in the Consolidated Balance Sheets.

The following table provides a rollforward of the nuclear decommissioning AROs reflected in the Consolidated Balance Sheets from January 1, 2024 to December 31, 2025:

	2025	2024
Beginning balance as of January 1	$ 12,186	$ 13,891
Net increase (decrease) due to changes in, and timing of, estimated future cash flows	108	(2,299)
Accretion expense	630	640
Costs incurred related to decommissioning plants	(16)	(24)
Reclassification to liabilities held for sale[a]	—	(22)
Ending balance as of December 31	$ 12,908	$ 12,186

(a) Reflects amounts transferred to Liabilities held for sale for the sale of 2% interest to CPS in connection with the 2023 acquisition of interest in STP. See Note 2 — Mergers, Acquisitions, and Dispositions for additional information.

The net $108 million increase in the AROs during 2025 for the changes in, and timing of, estimated future cash flows was driven primarily by higher escalation rates partially offset by higher discount rates and revised cost studies for our Braidwood, Byron, Clinton, and LaSalle nuclear plants.

The net $2,299 million decrease in the AROs during 2024 for changes in the amounts and timing of estimated decommissioning cash flows was driven by multiple adjustments, including the following:

- Net decrease of $3,036 million due to changes in assumed retirement dates for various plants, including Braidwood, Byron, Calvert Cliffs, FitzPatrick, LaSalle, Limerick, NMP Unit 2, Quad Cities, Salem and Crane
- A decrease of $154 million related to a change in assumed timing of DOE acceptance of SNF and a revised cost study for Salem
- An increase of $891 million due to an increase in cost escalation rates and lower discount rates

NDT Funds

NDT funds have been established for each of our nuclear units to satisfy our nuclear decommissioning obligations, as required by the NRC, and withdrawals from these funds for reasons other than to pay for decommissioning are restricted pursuant to NRC requirements until all decommissioning activities have been completed. Generally, NDT funds established for a particular unit may not be used to fund the decommissioning obligations of any other unit.

The NDT funds associated with our nuclear units have been funded with amounts collected from the previous owners and their respective utility customers. PECO is authorized to collect funds, in revenues, through regulated rates for decommissioning the former PECO nuclear plants, and these collections are scheduled through the operating lives of these former PECO plants. The amounts collected from PECO customers are remitted to us and deposited into the NDT funds for the unit for which funds are collected. Every five years, PECO files a rate adjustment with the PAPUC that reflects PECO's calculations of the estimated amount needed to decommission each of the former PECO units based on updated fund balances and estimated decommissioning costs. The rate adjustment is used to determine the amount collectible from PECO customers. In March 2022, PECO filed its Nuclear Decommissioning Cost Adjustment with the PAPUC proposing an annual recovery from customers of approximately $4 million. In August 2022, the PAPUC approved the filing, and the new rates became effective January 1, 2023.

Additionally, for the STP units, we maintain decommissioning trust funds for those units proportionate to our ownership. We also retain the authority through the PUCT to obtain additional decommissioning funding through AEP Texas and CenterPoint. Every five years, owners of each Texas jurisdictional nuclear generation unit are required to file an update of decommissioning costs with the PUCT in support of appropriate utility rates for decommissioning trust funding. In July 2023, the decommissioning cost update for our share of the STP decommissioning obligation was filed, proposing annual funding amounts from AEP Texas and CenterPoint totaling approximately $1 million. In March 2024, the PUCT approved the filing, and AEP Texas and CenterPoint tariffs were adjusted accordingly in May and August 2024, respectively.

Any shortfall of funds necessary for decommissioning, determined for each generating station unit, are generally required to be funded by us, with the exception of STP and the former PECO units. We have recourse to collect additional amounts from the respective utility customers through the utility commissions for the former PECO units and STP in the event of a shortfall of NDT funds. Collection of additional amounts for the former PECO units are subject to certain limitations and thresholds, as prescribed by an order from the PAPUC that limits collection of amounts associated with the first $50 million of any shortfall of trust funds compared to decommissioning costs, as well as 5% of any additional shortfalls, on an aggregate basis for all former PECO units. The initial $50 million and up to 5% of any additional shortfalls would be borne by us. No such limitations exist for the STP units, however PUCT regulations require that any funds remaining in the trust after completion of decommissioning to be refunded to utility customers in a manner determined by the commission. Aside from the former PECO units and STP, no recourse exists to collect additional amounts from utility customers for any of our other nuclear units.

With respect to the Regulatory Agreement Units, any funds remaining in the NDTs after all decommissioning has been completed are required to be refunded to the respective utility customers, subject to certain limitations that allow sharing of excess funds with us related to the former PECO units. With respect to our other nuclear units, we retain any funds remaining after decommissioning. However, in connection with CENG's acquisition of the NMP and Ginna plants and settlements with certain regulatory agencies, certain conditions pertaining to NDT funds apply that, if met, could possibly result in obligations to make payments to certain third parties (clawbacks). For NMP and Ginna, the clawback provisions are triggered only in the event that the required decommissioning activities are discontinued or not started or completed in a timely manner. In the event that the clawback provisions are triggered for NMP, then, depending upon the triggering event, an amount equal to 50% of the total amount withdrawn from the funds for non-decommissioning activities as defined in the agreement or 50% of any excess funds in the trust funds above the amounts required for decommissioning (including SNF management and site restoration) is to be paid to the NMP sellers. In the event that the clawback provisions are triggered for Ginna, then an amount equal to any estimated cost savings realized by not completing any of the required decommissioning activities is to be paid to the Ginna sellers. We expect to comply with applicable regulations and timely commence and complete all required decommissioning activities.

We had NDT funds totaling $19,396 million and $17,321 million as of December 31, 2025 and 2024, respectively. The current portions of the NDT funds, which are included in Other current assets in our Consolidated Balance Sheets, were not material as of December 31, 2025 and 2024. See Note 22 — Supplemental Financial Information for additional information on activities of the NDT funds.

Accounting Implications of the Regulatory Agreement Units

See Note 1 — Basis of Presentation for additional information on the accounting policy for Regulatory Agreement Units.

For the former PECO units and STP, given the symmetric settlement provisions that allow for continued recovery of decommissioning costs from the respective utility customers in the event of a shortfall and the obligation for us to ultimately return excess funds to the respective utility customers (on an aggregate basis for all seven former PECO units and on the underlying utility customer basis for STP) decommissioning-related activities are generally offset in the Consolidated Statements of Operations and Comprehensive Income, regardless of whether the NDT funds are expected to exceed or fall short of the total estimated decommissioning obligation. The offset of decommissioning-related activities in the Consolidated Statements of Operations and Comprehensive Income results in an equal adjustment to noncurrent payables or noncurrent receivables. Any changes to the existing PECO or STP regulatory agreements could impact our ability to offset decommissioning-related activities in the Consolidated Statements of Operations and Comprehensive Income, and the potential impact to our consolidated financial statements could be material.

For the former ComEd units, given no further recovery from ComEd customers is permitted and we retain an obligation to ultimately return any unused NDTs to ComEd customers (on a unit-by-unit basis), to the extent the related NDT investment balances are expected to exceed the total estimated decommissioning obligation for each unit, decommissioning-related activities are offset in the Consolidated Statements of Operations and Comprehensive Income which results in us recognizing a noncurrent payable. However, given the asymmetric settlement provision that does not allow for continued recovery from ComEd customers in the event of a shortfall, recognition of a receivable related to former ComEd Units is not permissible and accounting for decommissioning-related activities for that unit would not be offset, and the impact to the Consolidated Statements of Operations and Comprehensive Income could be material during such periods.

The following table presents our noncurrent payables to ComEd, PECO, CenterPoint, and AEP Texas reflected as Payables related to Regulatory Agreement Units in the Consolidated Balance Sheets as of December 31, 2025 and 2024:

	As of December 31,	
	2025	2024
ComEd	$ 4,313	$ 3,780
PECO	442	247
CenterPoint	430	365
AEP Texas	149	126
Payables related to Regulatory Agreement Units	$ 5,334	$ 4,518

As of December 31, 2025, decommissioning-related activities for all of the former ComEd units, except for Zion (see Zion Station Decommissioning below), are currently offset in the Consolidated Statements of Operations and Comprehensive Income.

The decommissioning-related activities for the Non-Regulatory Agreement Units are reflected in the Consolidated Statements of Operations and Comprehensive Income within Operating and maintenance expense, Depreciation and amortization expense, and Other, net.

Zion Station Decommissioning

In 2010, we completed an asset sale agreement under which ZionSolutions assumed responsibility for decommissioning Zion Station and we transferred to ZionSolutions substantially all the Zion Station's assets, including the related NDT funds. In November 2023, ZionSolutions completed its contractual obligations and transferred the NRC license back to us. We will store the SNF at Zion Station until it is transferred to the DOE for ultimate disposal and complete all remaining decommissioning activities associated with the SNF dry storage facility.

Any shortage of funds necessary to maintain the SNF and decommission the SNF storage facility is ultimately required to be funded by us. As of December 31, 2025 and 2024, the ARO associated with Zion's SNF storage facility is $170 million and $163 million, respectively, and the NDT funds available to fund this obligation are $67 million and $63 million, respectively.

NRC Minimum Funding Requirements

NRC regulations require that licensees of nuclear generating facilities demonstrate reasonable assurance that funds will be available in specified minimum amounts for radiological decommissioning of the facility at the end of its life. The estimated decommissioning obligations are calculated using an NRC methodology that is different from the AROs recorded in the Consolidated Balance Sheets primarily due to differences in the type of costs included in the estimates, the basis for estimating such costs, and assumptions regarding the decommissioning alternatives to be used, potential license renewals, decommissioning cost escalation, and the growth rate in the NDT funds. Under NRC regulations, if the minimum funding requirements for radiological decommissioning calculated under the NRC methodology are greater than the future value of the NDT funds, also calculated under the NRC methodology, then the NRC requires resolution of the shortfalls which could include further funding or other financial guarantees.

Key assumptions used in the minimum funding calculation for radiological decommissioning costs using the NRC methodology at December 31, 2025 include: (1) consideration of costs only for the removal of radiological contamination at each unit; (2) the option on a unit-by-unit basis to use generic, non-site specific cost estimates; (3) consideration of only one decommissioning scenario for each unit; (4) the plants cease operation at the end of their current license lives (with no assumed license renewals for those units that have not already received renewals); (5) the assumption of current nominal dollar cost estimates that are neither escalated through the anticipated period of decommissioning, nor discounted using the CARFR; and (6) assumed annual after-tax returns on the NDT funds of 2% (3% for the former PECO units, as specified by the PAPUC).

In contrast, the key criteria and assumptions used by us to determine the AROs and to forecast the target growth in the NDT funds as of December 31, 2025 include: (1) the use of site specific cost estimates that are updated at least once every five years; (2) the inclusion in the ARO estimate of all legally unavoidable costs required to decommission the unit (e.g., radiological decommissioning and full site restoration for certain units, on-site SNF maintenance and storage subsequent to ceasing operations and until DOE acceptance, and disposal of certain LLRW); (3) as applicable, the consideration of multiple scenarios where decommissioning and site restoration activities, as applicable, are completed under possible scenarios ranging from 10 to 70 years after the cessation of plant operations or the end of the current licensed operating life; (4) the consideration of multiple end of life scenarios; (5) the measurement of the obligation at the present value of the future estimated costs and an annual accretion of the ARO; and (6) an estimated targeted annual pre-tax return on the NDT funds of 6.2% to 7.1% (as compared to a historical 5-year annual average pre-tax return of approximately 6.8%).

We are required to provide to the NRC a biennial report by unit (annually for units that have been retired or are within five years of license expiration), based on values as of December 31, addressing our ability to meet the NRC minimum funding levels. Depending on the value of the trust funds, we may be required to take steps, such as providing financial guarantees through surety bonds, letters of credit, or parent company guarantees or making additional contributions to the trusts, which could be significant, to ensure that the trusts are adequately funded and that NRC minimum funding requirements are met. As a result, our cash flows and financial position may be significantly adversely affected.

We filed our biennial decommissioning funding status report with the NRC in March 2025 for all units, including our shutdown units, except for STP units which were included in a separate report submitted to the NRC submitted by STPNOC. The status reports demonstrated adequate decommissioning funding assurance based on trust fund values as of December 31, 2024 for all units except for Peach Bottom Unit 1. Financial assurance for decommissioning Peach Bottom Unit 1 is provided by collections from PECO customers. See NDT Funds section above for additional information.

We will file the next decommissioning funding status report with the NRC in March 2026. This report will reflect the status of decommissioning funding as of December 31, 2025 for shutdown units and any units within 5 years of license expiration. We expect the funding status report to demonstrate adequate funding assurance based on the value of trust funds as of December 31, 2025 for all units.

As the future values of trust funds change due to market conditions, the NRC minimum funding status of our units will change. In addition, if changes occur to the regulatory agreements with the PAPUC or the PUCT that currently allow amounts to be collected from utility customers for decommissioning the former PECO and STP units, the NRC minimum funding status of those plants could change at subsequent NRC filing dates.

Non-Nuclear Asset Retirement Obligations

We have AROs for plant closure costs associated with our natural gas, oil, and renewable generating facilities, including asbestos abatement, removal of certain storage tanks, restoring leased land to the condition it was in prior to construction of renewable generating stations, disposal of hazardous materials, and other decommissioning-related activities. See Note 1 — Basis of Presentation for additional information on the accounting policy for AROs.

The following table provides a rollforward of the non-nuclear AROs reflected in the Consolidated Balance Sheets from January 1, 2024 to December 31, 2025:

	2025	2024
Beginning balance as of January 1	$ 288	$ 257
Net increase due to changes in, and timing of, estimated future cash flows	12	19
Accretion expense	17	15
Costs incurred related to decommissioning plants	—	(3)
Ending balance as of December 31	$ 317	$ 288

11. Leases

Lessee

We have operating leases for which we are the lessee. The significant types of operating leases are contracted generation and real estate. The following table outlines other terms and conditions of the lease agreements as of December 31, 2025. We did not have material finance leases in 2025, 2024, or 2023.

	In Years
Remaining lease terms	1-30
Options to extend the term	2-30
Options to terminate within	2

The components of operating lease costs were as follows:

	For the Years Ended December 31,		
	2025	2024	2023
Operating lease costs	$ 104	$ 105	$ 96
Variable lease costs	109	145	146
Total lease costs[a]	$ 213	$ 250	$ 242

(a) Excludes $50 million of sublease income recorded for each of the years ended December 31, 2025, 2024, and 2023.

The following table provides additional information regarding the presentation of operating lease ROU assets and lease liabilities in the Consolidated Balance Sheets:

	As of December 31,	
	2025	2024
Operating lease ROU assets[a]		
Other deferred debits and other assets	$ 371	$ 436
Operating lease liabilities[a]		
Other current liabilities	72	72
Other deferred credits and other liabilities	433	511
Total operating lease liabilities	$ 505	$ 583

(a) The operating ROU assets and lease liabilities include $141 million and $241 million, respectively, related to contracted generation as of December 31, 2025, and $176 million and $289 million, respectively, as of December 31, 2024.

The weighted average remaining lease terms, in years, and the weighted average discount rates for operating leases were as follows:

	As of December 31,		
	2025	2024	2023
Weighted average remaining lease term	6.7	7.4	8.4
Weighted average discount rate	5.1 %	5.0 %	5.0 %

The following table reconciles the undiscounted cash flows for our operating leases to the operating lease liabilities recorded on our consolidated balance sheet as of December 31, 2025:

2026	$ 104
2027	104
2028	105
2029	103
2030	63
2031 and thereafter	159
Total lease payments	638
Less: Imputed interest	133
Operating lease liabilities	$ 505

Supplemental cash flow information related to operating leases was as follows:

	For the Years Ended December 31,		
	2025	2024	2023
Cash paid for amounts included in the measurement of operating lease liabilities	$ 90	$ 87	$ 102
ROU assets obtained in exchange for operating lease obligations	2	6	13

Lessor

We have operating leases for which we are the lessor. The significant types of operating leases are contracted generation and real estate. The following table outlines other terms and conditions of the lease agreements as of December 31, 2025.

	In Years
Remaining lease terms	1-15
Options to extend the term	5-20

The components of lease income were as follows:

	For the Years Ended December 31,		
	2025	2024	2023
Operating lease income	$ 51	$ 51	$ 51
Variable lease income	231	244	248

The following table presents the lease payments we expect to receive over the remaining terms as of December 31, 2025:

2026	$ 50
2027	50
2028	50
2029	48
2030	9
2031 and thereafter	29
Total	$ 236

12. Intangible Assets

Goodwill

See Note 1 — Basis of Presentation for our policy regarding goodwill. Our operating segments are also considered reporting units for goodwill impairment assessment purposes.

The following table provides a rollforward of the carrying amount of goodwill from January 1, 2024 to December 31, 2025. There were no impairment losses for the years ended December 31, 2025, 2024, and 2023.

	2025	2024
Beginning balance as of January 1	$ 420	$ 425
Goodwill allocated to assets held for sale	—	(5)
Ending balance as of December 31	$ 420	$ 420

Other Intangible Assets and Liabilities

Our other intangible assets and liabilities included in Other current assets, Other deferred debits and other assets, Other current liabilities, and Other deferred credits and other liabilities in the Consolidated Balance Sheets, consisted of the following as of December 31, 2025 and 2024. The customer relationships are generally amortized on a straight line basis, while UECs are amortized in accordance with the expected realization of the underlying cash flows:

	December 31, 2025			December 31, 2024		
	Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net
UECs	$ 1,850	$ (1,686)	$ 164	$ 1,850	$ (1,669)	$ 181
Customer Relationships	174	(137)	37	244	(189)	55
Total	$ 2,024	$ (1,823)	$ 201	$ 2,094	$ (1,858)	$ 236

The following table summarizes the amortization expense related to our other intangible assets and liabilities for the years ended December 31, 2025, 2024, and 2023:

	For the Years Ended December 31,		
	2025	2024	2023
Amortization expense[a]	$ 35	$ 60	$ 58

(a) See Note 22 — Supplemental Financial Information for additional information on amortization expense.

The following table summarizes the estimated future amortization expense related to our other intangible assets and liabilities as of December 31, 2025:

For the Years Ending December 31,	Estimated Future Amortization Expense
2026	$ 41
2027	33
2028	28
2029	20
2030	16
2031 and thereafter	63

13. Income Taxes

Income (Loss) Before Income Taxes

Income (loss) before income taxes is comprised of the following components:

	For the Years Ended December 31,		
	2025	2024	2023
Domestic	$ 3,458	$ 4,433	$ 2,137
Foreign	53	83	310
Total Income (loss) before income taxes	$ 3,511	$ 4,516	$ 2,447

Components of Income Tax Expense or Benefit

Income taxes are comprised of the following components:

	For the Years Ended December 31,		
	2025	2024	2023
Federal			
Current	$ 764	$ 451	$ 392
Deferred	238	229	302

Total income taxes paid (net of refunds)	$ 446	$ 436	$ 466

Rate Reconciliation

The effective income tax rate varies from the U.S. federal statutory rate principally due to the following:

	For the Years Ended December 31,					
	2025		2024		2023	
U.S. federal statutory income tax	21.0 %	$ 737	21.0 %	$ 948	21.0 %	$ 514
(Decrease) increase due to:						
State income taxes, net of federal income tax benefit[a][b]	4.2	147	1.5	69	3.5	86
Foreign tax effects	0.1	2	0.1	3	0.5	12
Tax credits						
PTC	(2.1)	(74)	(9.4)	(425)	—	—
Amortization of ITC, including deferred taxes on basis differences	(0.3)	(12)	(0.2)	(11)	(0.5)	(12)
Other	(0.3)	(8)	(0.4)	(16)	(0.6)	(15)
Nontaxable or nondeductible items						
Share-based payment awards	(1.2)	(44)	(0.4)	(17)	(0.3)	(7)
Excess officers compensation	1.5	51	0.7	34	0.8	20
Other	1.0	38	0.2	10	0.4	9
Other adjustments						
Qualified NDT fund income and losses	9.9	350	4.0	179	10.3	252
Effective income tax[c][d]	33.8 %	$ 1,187	17.1 %	$ 774	35.1 %	$ 859

(a) Includes $21 million, ($42) million and ($4) million related to state rate changes and certain state tax positions in 2025, 2024, and 2023, respectively.
(b) In 2025, state taxes in Massachusetts, New York, Pennsylvania, and New Jersey made up the majority (greater than 50%) of the tax effect in this category. In 2024, state taxes in Maryland, Illinois, Massachusetts, California, New Jersey, New York, Pennsylvania, and Connecticut made up the majority (greater than 50%) of the tax effect in this category. In 2023, state taxes in Maryland, Pennsylvania, New Jersey, and California made up the majority (greater than 50%) of the tax effect in this category.
(c) The change in effective tax rate in 2025 is primarily due to the inclusion of nuclear PTCs, which are not taxable, and higher income from Qualified NDT funds.
(d) Amounts may not recalculate due to rounding.

Tax Differences and Carryforwards

The tax effects of temporary differences and carryforwards, which give rise to significant portions of the deferred tax assets (liabilities), as of December 31, 2025 and 2024 are presented below:

	December 31, 2025	December 31, 2024
Plant basis differences	$ (3,321)	$ (3,138)
Accrual-based contracts	(35)	(30)
Derivatives and other financial instruments	1,090	700
Deferred pension and postretirement obligation	(359)	(336)
Nuclear decommissioning activities	(187)	(256)
Tax loss carryforward	23	19
Tax loss carryforward valuation allowances	(3)	(3)
Investment in partnerships	(283)	(204)
Other, net	(160)	242
Deferred income tax liabilities (net)	(3,235)	(3,006)
Unamortized ITCs	(309)	(325)
Total deferred income tax liabilities (net) and unamortized ITCs	$ (3,544)	$ (3,331)

The following table provides our carryforwards, of which the state-related items are presented on a post-apportioned basis, and any corresponding valuation allowances as of December 31, 2025:

	December 31, 2025
Federal	
Federal general business credits carryforwards and other carryforwards	$ —
State	
State net operating losses (NOL) and other carryforwards	393
Deferred taxes on state tax attributes (net)	17
Valuation allowance on state tax attributes	(3)
Foreign	
Foreign NOL and other carryforwards	20
Deferred taxes on foreign tax attributes (net)	5

As of December 31, 2025, NOL carryforwards consisted primarily of NOL in ten states, totaling $17M in deferred tax assets with the majority to expire between 2030 and 2032. A portion of state NOLs is offset with a valuation allowance to address potential limitation on NOL usage prior to expiration.

Unrecognized Tax Benefits

Our unrecognized tax benefits were not material as of and for the years ended December 31, 2025, 2024, and 2023, and if recognized, would not significantly impact our effective tax rate. Further, these amounts are not expected to significantly increase or decrease within the next twelve months.

Total amounts of interest and penalties recognized

Interest and penalty expenses are recorded in Interest expense, net and Other, net, respectively, in the Consolidated Statements of Operations and Comprehensive Income. There was no material interest and penalty expense related to our tax positions for the years ended December 31, 2025, 2024, and 2023.

Description of tax years open to assessment by major jurisdiction

Major Jurisdiction	Open Years[a]
Federal consolidated income tax returns	2010-2024
Illinois unitary corporate income tax returns	2012-2024
Texas combined corporate income tax returns	2021-2024
New Jersey combined corporate income tax returns	2021-2024
Maryland separate corporate income tax returns	2022-2024
Massachusetts combined corporate income tax returns	2022-2024
New York combined corporate income tax returns	2022-2024
Pennsylvania separate corporate income tax returns	2010-2024
California combined corporate income tax returns	

(a) Tax years open to assessment include years when we were consolidated by Exelon. See discussion below under the Tax Matters Agreement for responsibility of taxes of these open years.

Constellation participates in the IRS Compliance Assurance Process which provides the opportunity to resolve complex tax matters with the IRS prior to filing its federal income tax returns with a goal to achieve certainty with respect to tax matters. Constellation entered the program for the 2024 tax year.

Other Tax Matters

One Big Beautiful Bill Act

In July 2025, Congress passed the OBBBA which, among other things, included certain changes in tax law. See Note 3 — Regulatory Matters for additional information.

Tax Matters Agreement

In connection with the separation, we entered a TMA with Exelon. The TMA governs the respective rights, responsibilities, and obligations between us and Exelon after the separation with respect to tax liabilities and benefits, tax attributes, tax returns, tax contests and other tax sharing regarding U.S. federal, state, local and foreign income taxes, other tax matters and related tax returns.

Responsibility and Indemnification for Taxes. As a former subsidiary of Exelon, we have joint and several liability with Exelon to the IRS and certain state jurisdictions relating to the taxable periods that we were included in federal and state filings. However, the TMA specifies the portion of this tax liability for which we will bear contractual responsibility, and we and Exelon agreed to indemnify each other against any amounts for which such indemnified party is not responsible. Specifically, we will be liable for taxes due and payable in connection with tax returns that we are required to file. We will also be liable for our share of certain taxes required to be paid by Exelon with respect to taxable years or periods (or portions thereof) ending on or prior to the separation to the extent that we would have been responsible for such taxes under the Exelon tax sharing agreement then existing. As of December 31, 2025 and 2024, respectively, our Consolidated Balance Sheets reflect $43 million and $39 million in Other deferred credits and other liabilities, respectively, for tax liabilities where we maintain contractual responsibility to Exelon.

Tax Refunds and Attributes. The TMA provides for the allocation of certain pre-closing tax attributes between us and Exelon. Tax attributes will be allocated in accordance with the principles set forth in the existing Exelon tax sharing agreement, unless otherwise required by law. Under the TMA, we will be entitled to refunds for taxes for which we are responsible. In addition, it is expected that Exelon will have tax attributes that may be used to offset Exelon's future tax liabilities. A significant portion of such attributes were generated by our business. In February 2024, we executed an amendment to the TMA that modified the timing of Exelon's payment of amounts due to us. During 2025 and 2024, we received payments for tax attributes utilized by Exelon related to the 2024 and 2023 tax years of $145 million and $174 million, respectively. As of December 31, 2025 and 2024, respectively, we had $175 million and $138 million in Accounts receivable, net and $21 million and $201 million in Other deferred debits and other assets for the reclassified tax attributes expected to be utilized by Exelon after separation in accordance with the terms of the TMA.

IRS Notice 2026. In February 2026, the IRS issued Notice 2026-7 (the "Notice"), which provides guidance on the implementation of the corporate alternative minimum tax (CAMT). The Notice permits taxpayers to deduct repair and maintenance costs under tax law principles in determining adjusted financial statement income and applies retroactively to previously filed tax returns. As a result of this Notice, Exelon amended its 2023 and 2024 tax returns to reflect less CAMT and thus lower utilization of previously refunded tax attributes.

We received a demand letter from Exelon on February 19, 2026, and expect to remit to Exelon $235 million under the TMA related to prior periods. This payment is due within 45 days of our receipt of the demand letter. We will increase our receivable for the $235 million in the first quarter of 2026 as we expect Exelon to pay us as it utilizes these tax attributes in future periods.

14. Retirement Benefits

Defined Benefit Pension and OPEB

Approximately half of current employees participate in the defined benefit pension and OPEB plans that we sponsor. As the plan sponsor, our Consolidated Balance Sheets reflect underfunded pension and OPEB liabilities equal to an excess of either the PBO or APBO over the fair value of the plan assets, consistent with a single employer benefit plan. Newly hired employees are generally not eligible for either pension or OPEB benefits; instead, these employees are eligible to receive an enhanced non-discretionary fixed employer contribution under our sponsored defined contribution savings plan.

Benefit Obligations, Plan Assets, and Funded Status

We use a December 31 measurement date for our pension and OPEB obligations and the related plan assets. The actuarial losses experienced upon remeasurement as of December 31, 2025 were offset against AOCI, net of deferred taxes. See the table below for changes associated with the pension valuation.

The following tables provide a rollforward of the changes in the benefit obligations and plan assets for the years ended December 31, 2025 and 2024 for all plans combined:

	Pension Benefits		OPEB	
	2025	2024	2025	2024

Components of Net Periodic Benefit (Credit) Cost

See Note 1 — Basis of Presentation for additional information on where we report the service cost and other non-service cost (credit) components for all plans.

The following table presents the components of our net periodic benefit (credit) cost for the years ended December 31, 2025, 2024, and 2023. The amounts below are shown prior to capitalization and co-owner allocations, the effects of which were not material for any of the periods presented.

Components of AOCI

We recognize the overfunded or underfunded status of defined benefit pension and OPEB plans as an asset or liability on our balance sheet, with offsetting entries to AOCI. The following tables provide the pre-tax components of AOCI for the years ended December 31, 2025 and 2024, for all plans combined:

	Pension Benefits		OPEB

The following table provides the components of gross accumulated other comprehensive income (loss) that have not been recognized as components of periodic benefit cost as of December 31, 2025 and 2024, for all plans combined:

	Pension Benefits		OPEB	
	2025	2024	2025	2024
Prior service (credit) cost	$ 8	$ 8	$ (11)	$ (18)
Actuarial (gain) loss	3,162	3,080	73	(43)
Total	$ 3,170	$ 3,088	$ 62	$ (61)

Average Remaining Service Period

For pension benefits, we amortize the unrecognized prior service (credits) costs and certain actuarial gains and losses reflected in AOCI, as applicable, based on participants' average remaining service periods.

For OPEB, we amortize the unrecognized prior service (credits) costs reflected in AOCI over participants' average remaining service period to benefit eligibility age, and amortize certain actuarial gains and losses reflected in AOCI over participants' average remaining service period to expected retirement.

The resulting average remaining service periods (in years) for pension and OPEB as of December 31, 2025 and 2024 were as follows:

	December 31, 2025	December 31, 2024
Pension plans	10	11
OPEB plans:		
Benefit Eligibility Age	8	8
Expected Retirement	9	9

Assumptions

The measurement of the plan obligations and costs of providing benefits under our defined benefit pension and OPEB plans involves various factors, including the development of valuation assumptions and inputs and accounting policy elections. The measurement of benefit obligations and costs is impacted by several assumptions and inputs, as shown below, among other factors. When developing the required assumptions, we consider historical information as well as future expectations.

Discount Rate. The discount rates are determined by developing a spot rate curve based on the yield to maturity of high-quality corporate bonds with similar maturities to the related pension and OPEB obligations. The spot rates are used to discount the estimated future benefit distribution amounts under the pension and OPEB plans. The discount rate is the single level rate that produces the same result as the spot rate curve. We utilize an analytical tool developed by our actuaries to determine the discount rates.

Expected Rate of Return. To determine the EROA, we use third-party expectations for future long-term capital market performance, weighted by our target asset class allocations.

Mortality. The mortality assumption is composed of a base table that represents the current expectation of life expectancy of the population adjusted by an improvement scale that attempts to anticipate future improvements in life expectancy. Upon remeasurement as of December 31, 2025 and December 31, 2024, we utilized the mortality tables and projection scales released by the SOA.

The following assumptions were used to determine the benefit obligations for the plans as of December 31, 2025 and December 31, 2024. Assumptions used to determine year-end benefit obligations are the assumptions used to estimate the subsequent year's net periodic benefit costs.

	Pension Benefits		OPEB	
	December 31, 2025	December 31, 2024	December 31, 2025	December 31, 2024
Discount rate[a]	5.38 %	5.66 %	5.30 %	5.63 %

(a) The discount rates above represent the blended rates used to calculate the majority of Constellation's pension and OPEB costs.
(b) The investment crediting rate above represents a weighted average rate.
(c) Includes 4.25% average for the three-year period (2026-2028) and 3.75% average thereafter.

The following assumptions were used to determine the net periodic benefit cost for the plans for the years ended December 31, 2025 and 2024.

	Pension Benefits		OPEB	
	2025	2024	2025	2024
Discount rate[a]	5.66 %	5.17 %	5.63 %	5.15 %

(a) The discount rates above represent the blended rates used to calculate the majority of Constellation's pension and OPEB costs.
(b) The investment crediting rate above represents a weighted average rate.
(c) Applicable to our pension and OPEB plans with plan assets, with the OPEB rate representing a weighted average.
(d) Includes 4.25% average for the four-year period (2025-2028) and 3.75% average thereafter.

Contributions

We consider various factors when making qualified pension funding decisions, including actuarially determined minimum contribution requirements under ERISA, contributions required to avoid benefit restrictions and at-risk status as defined by the Pension Protection Act, and management of the pension obligation. The Pension Protection Act requires the attainment of certain funding levels to avoid benefit restrictions (such as an inability to pay lump sums or to accrue benefits prospectively), and at-risk status (which triggers higher minimum contribution requirements and participant notification). The projected contributions below reflect a funding strategy to make annual contributions to offset some of the growth of the liability (e.g., from service cost). Qualified pension contributions made in February 2026 reflect our funding strategy and market conditions as of year-end.

Our non-qualified pension plans are not funded, given that they are not subject to statutory minimum contribution requirements. OPEB plans are also not subject to statutory minimum contribution requirements, though we have funded some of our plans. For our funded OPEB plans, we consider several factors in determining the level of our contributions, including liabilities management and levels of benefit claims paid. Annually, we evaluate whether additional funding for those plans is needed, and the OPEB values below reflect both plan contributions (if applicable) and benefit payments for unfunded plans.

The following table provides our contributions paid to our qualified pension plans, non-qualified pension plans, and OPEB plans for the years ended December 31, 2025, 2024, and 2023:

	2025	2024	2023
Pension contributions[a]	$ 174	$ 177	$ 26
OPEB contributions	37	7	28
Total contributions	$ 211	$ 184	$ 54

(a) Our annual qualified pension contributions were $161 million in 2025 and 2024. The benefit payments to the non-qualified pension plans in 2025 and 2024 were not material.

The following table provides our planned contributions to our qualified pension plans, non-qualified pension plans, and OPEB plans in 2026 (including our benefit payments related to unfunded plans):

	Qualified Pension Plans	Non-Qualified Pension Plans	OPEB	Total
Planned contributions	$ 162	$ 22	$ 64	$ 248

Estimated Future Benefit Payments

Estimated future benefit payments to participants over the next ten years in all pension and OPEB plans as of December 31, 2025 are as follows:

	Pension Benefits	OPEB
2026	$ 595	$ 125
2027	580	127
2028	598	127
2029	590	127
2030	590	126
2031 through 2035	2,848	608
Total estimated future benefits payments through 2035	$ 5,801	$ 1,240

Plan Assets

On a regular basis, we evaluate our investment strategy to ensure that plan assets will be sufficient to pay plan benefits when due. We have developed and implemented a liability hedging investment strategy for the majority of our qualified pension plans which has reduced the volatility of these pension assets relative to the associated pension obligations. We are likely to continue to gradually increase the liability hedging portfolios as the funded statuses of the plans improve. The overall objective is to achieve attractive risk-adjusted returns that will satisfy the liquidity requirements of the plans' liabilities while striving to minimize the risk of significant losses. Trust assets for our OPEB plans are managed in a diversified investment strategy that prioritizes maximizing liquidity and returns while minimizing asset volatility.

Actual asset returns have an impact on the costs reported for the pension and OPEB plans. The actual asset returns across our pension and OPEB plans for the year ended December 31, 2025 were 10.10% and 10.10%, respectively, compared to an expected long-term return assumption of 6.50% and 6.00%, respectively. We used an EROA of 6.50% and 6.00% to estimate our 2026 pension and OPEB costs, respectively.

Our pension and OPEB plan target asset allocations as of December 31, 2025 and 2024 were as follows:

	December 31, 2025		December 31, 2024	
Asset Category	Pension Benefits	OPEB	Pension Benefits	OPEB
Equity securities	21 %	24 %	21 %	20 %
Fixed income securities	54 %	59 %	54 %	66 %
Alternative investments[a]	25 %	17 %	25 %	14 %
Total	100 %	100 %	100 %	100 %

(a) Alternative investments include private equity, hedge funds, real assets, and private credit.

We evaluated our pension and OPEB plans' asset portfolios for the existence of significant concentrations of credit risk as of December 31, 2025. Types of concentrations that were evaluated include, but are not limited to, investment concentrations in a single entity, type of industry, foreign country, and individual fund. As of December 31, 2025, our pension and OPEB plans held no credit risk concentrations surpassing 10% of plan assets.

Fair Value Measurements

The following table presents pension and OPEB plan assets measured and recorded at fair value as a net component of Pension and non-pension postretirement benefit obligations in our Consolidated Balance Sheets on a recurring basis and their level within the fair value hierarchy as of December 31, 2025 and 2024. There were no plan assets classified as Level 3 as of December 31, 2025 and 2024.

	December 31, 2025			December 31, 2024		
	Level 1	Level 2	Total	Level 1	Level 2	Total

Total pension and OPEB plan assets[c]	$ 2,261	$ 1,884	$ 7,453	$ 2,132	$ 1,834	$ 7,144

(a) See Note 17 — Fair Value of Financial Assets and Liabilities for a description of levels within the fair value hierarchy.
(b) Includes total derivative assets and liabilities that are not material, which have total notional amounts of $2,509 million and $2,635 million as of December 31, 2025 and 2024, respectively. The notional principal amounts for these instruments provide one measure of the transaction volume outstanding as of the fiscal years ended and do not represent the amount of the company's exposure to credit or market loss.
(c) Excludes net liabilities of $390 million and $229 million as of December 31, 2025 and 2024, respectively. These items are required to reconcile to the fair value of net plan assets and consist primarily of receivables or payables related to pending securities sales and purchases, and interest and dividends receivable.

Valuation Techniques Used to Determine Fair Value

The techniques used to determine the fair value of the pension and OPEB assets invested in cash equivalents, equities, fixed income, derivatives, private equity, real assets, and private credit investments are the same as the valuation techniques for these types of investments in the NDT funds. See Cash Equivalents and NDT Fund Investments in Note 17 — Fair Value of Financial Assets and Liabilities for further information.

Pension and OPEB assets also include investments in hedge funds. Hedge fund investments include those that employ a broad range of strategies to enhance returns and provide additional diversification. The fair value of hedge funds is determined using NAV or its equivalent as a practical expedient, and therefore, hedge funds are not classified within the fair value hierarchy. We have the ability to redeem these investments at NAV or its equivalent subject to certain restrictions, which may include a lock-up period or a gate.

Defined Contribution Savings Plan

We sponsor the Constellation Employee Savings Plan, a 401(k) defined contribution savings plan. The plan allows employees to contribute a portion of their pre-tax and/or after-tax income in accordance with specified guidelines. We match a percentage of the employee contributions up to certain limits. In addition, certain employees are eligible for a fixed non-discretionary employer contribution in lieu of a pension benefit. The employer contributions to the savings plan were $126 million, $117 million, and $106 million for the years ended December 31, 2025, 2024, and 2023, respectively.

15. Derivative Financial Instruments

We use derivative instruments to manage commodity price risk, interest rate risk, and foreign exchange risk related to ongoing business operations.

Authoritative guidance requires that derivative instruments be recognized as either assets or liabilities at fair value, with changes in fair value of the derivative recognized in earnings immediately. Other accounting treatments, including NPNS, are available through special election and designation, provided they meet specific, restrictive criteria both at the time of designation and on an ongoing basis. All derivative instruments, excluding NPNS, are recorded at fair value through earnings. For all NPNS derivative instruments, accounts receivable or accounts payable are recorded when derivatives settle and revenue or expense is recognized in earnings as the underlying physical commodity is delivered.

Authoritative guidance for the offsetting of assets and liabilities requires the fair value of derivative instruments to be shown in the Combined Notes to Consolidated Financial Statements on a gross basis, even when the derivative instruments are subject to legally enforceable master netting agreements and qualify for net presentation in the Consolidated Balance Sheets. A master netting agreement is an agreement between two counterparties that may have derivative and non-derivative contracts with each other providing for the net settlement of all referenced contracts via one payment stream, which takes place as the contracts deliver, when collateral is requested or in the event of default. In the tables below, which present fair value balances, our commodity economic hedges are shown gross. The impact of the netting of fair value balances with the same counterparty that are subject to legally enforceable master netting agreements, as well as netting of cash collateral, including margin on exchange positions, is aggregated in the collateral and netting columns.

Our use of cash collateral is generally unrestricted unless we were downgraded below investment grade. As our senior unsecured debt rating is currently rated at BBB+ and Baa1 by S&P and Moody's, respectively, it would take a three-notch downgrade by S&P or Moody's for our rating to go below investment grade.

Commodity Price Risk

We employ established policies and procedures to manage our risks associated with market fluctuations in commodity prices by entering into physical and financial derivative contracts, including swaps, futures, forwards, options, and short-term and long-term commitments to purchase and sell energy and energy-related products. We believe these instruments, which are either determined to be non-derivative or classified as economic hedges, mitigate exposure to fluctuations in commodity prices.

To the extent the amount of energy we produce or procure differs from the amount of energy we have contracted to sell, we are exposed to market fluctuations in the prices of electricity, natural gas, and other commodities. We use a variety of derivative and non-derivative instruments to manage the commodity price risk of our electric generation facilities, including power and gas sales, fuel and power purchases, natural gas transportation and pipeline capacity agreements, and other energy-related products marketed and purchased. To manage these risks, we may enter into fixed-price derivative or non-derivative contracts to hedge the variability in future cash flows from expected sales of power and gas and purchases of power and fuel. The objectives for executing such hedges include fixing the price for a portion of anticipated future electricity sales at a level that provides an acceptable return. We are also exposed to differences between the locational settlement prices of certain economic hedges and the hedged generating units. This price difference is actively managed through other instruments which include derivative congestion products, whose changes in fair value are recognized in earnings each period, and auction revenue rights, which are accounted for on an accrual basis.

In general, increases and decreases in forward market prices have a positive and negative impact, respectively, on owned and contracted generation positions that have not been hedged. Beginning in 2024, our existing nuclear fleet is eligible for a nuclear PTC, an important tool in managing commodity price risk for each nuclear unit not already receiving state support. The nuclear PTC provides increasing levels of support as unit revenues decline below levels established in the IRA and is further adjusted for inflation annually through the duration of the program based on the GDP price deflator for the preceding calendar year. See Note 6 — Government Assistance for additional information.

In locations and periods where our load serving activities do not naturally offset existing generation portfolio risk, remaining commodity price exposure is managed through portfolio hedging activities. Portfolio hedging activities are generally concentrated in the prompt three years, when customer demand and market liquidity enable effective price risk mitigation. During this prompt three-year period, we seek to mitigate the price risk associated with our load serving contracts, non-nuclear generation, and any residual price risk for our nuclear generation that the nuclear PTC and state programs may not fully mitigate. We also enter transactions that further optimize the economic benefits of our overall portfolio.

The following tables provide a summary of the commodity derivative fair value balances recorded as of December 31, 2025 and 2024:

December 31, 2025	Economic Hedges	Collateral [a]	Netting[a]	Total
Derivative assets (current)	$ 7,349	$ 375	$ (6,791)	$ 933

Derivative liabilities (current)	(5,498)	173	4,860	(465)
Derivative liabilities (noncurrent)	(3,961)	141	3,421	(399)
Total derivative liabilities	(9,459)	314	8,281	(864)
Total derivative net assets (liabilities)	$ (269)	$ 586	$ —	$ 317

(a) We net all available amounts allowed in our Consolidated Balance Sheets in accordance with authoritative guidance for derivatives. These amounts include unrealized derivative transactions with the same counterparty under legally enforceable master netting agreements and cash collateral.

The following table summarizes the net buy/(sell) notional position of commodity derivative transactions, excluding our NPNS derivatives that are not recorded at fair value, as of December 31, 2025 and 2024:

(In millions)	As of December 31,		
Commodity Type	2025	2024	Unit of Measure
Electricity	(260)	(130)	MWh
Natural Gas	33	33	MMBtu
Emissions	(35)	(18)	Short Ton

Economic Hedges (Commodity Price Risk)

For the years ended December 31, 2025, 2024, and 2023, we recognized the following net pre-tax commodity unrealized gains (losses), which are also included in the Net fair value changes related to derivatives line in the Consolidated Statements of Cash Flows.

	For the Years Ended December 31,		
Income Statement Location	2025	2024	2023
Operating revenues	$ (804)	$ 313	$ 1,402
Purchased power and fuel	183	963	(2,368)
Total	$ (621)	$ 1,276	$ (966)

Interest Rate and Foreign Exchange Risk

We utilize interest rate swaps to manage our interest rate exposure and foreign currency derivatives to manage foreign exchange rate exposure associated with international commodity sales and purchases in currencies other than U.S. dollars, both of which are treated as economic hedges. The notional amounts were $1,439 million and $592 million as of December 31, 2025 and 2024, respectively.

The derivative assets and liabilities for the years ended December 31, 2025 and 2024 and the unrealized gains and losses associated with management of interest rate and foreign currency risk for the years ended December 31, 2025, 2024, and 2023 were not material. The unrealized gains and losses associated with management of interest rate and foreign currency exchange rate risk are also included in the Net fair value changes related to derivatives line in the Consolidated Statements of Cash Flows.

Credit Risk

We would be exposed to credit-related losses in the event of non-performance by counterparties on executed derivative instruments. The credit exposure of derivative contracts, before collateral, is represented by the fair value of contracts as of the reporting date.

For commodity derivatives, we enter into enabling agreements that allow for payment netting with our counterparties, which reduces our exposure to counterparty risk by providing for the offset of amounts payable to the counterparty against amounts receivable from the counterparty. Typically, each enabling agreement is for a specific commodity and, with respect to each individual counterparty, netting is limited to transactions involving that specific commodity product, except where master netting agreements exist with a counterparty that allows for cross product netting. In addition to right of offset language in the enabling agreement, our credit department establishes credit limits, margining thresholds and collateral requirements for each counterparty, which are defined in the derivative contracts. Counterparty credit limits are based on an internal credit review process that considers a variety of factors, including the results of a scoring model, leverage, liquidity, profitability, credit ratings by credit rating agencies, and other risk management criteria. To the extent that a counterparty's margining thresholds are exceeded, the counterparty is required to post collateral with us, as specified in each enabling agreement. Our credit department monitors current and forward credit exposure to counterparties and their affiliates, both on an individual and an aggregate basis.

The following tables provide information on the credit exposure for derivative instruments, inclusive of payables and receivables, net of collateral and instruments that are subject to master netting agreements, as of December 31, 2025. The amounts in the tables below exclude credit risk exposure from individual retail counterparties, NPNS contracts, forward values on non-derivative contracts and exposure through RTOs, ISOs, as well as commodity exchanges. The tables further delineate that exposure by credit rating of the counterparties and provide guidance on the concentration of credit risk to individual counterparties.

Rating as of December 31, 2025	Total Exposure Before Credit Collateral	Credit Collateral[a]	Net Exposure	Number of Counterparties Greater than 10% of Net Exposure	Net Exposure of Counterparties Greater than 10% of Net Exposure
Investment grade	$ 966	$ 10	$ 956	1	$ 152
Non-investment grade	10	1	9	—	—

Internally rated — non-investment grade	156	23	133	—	—
Total	$ 1,304	$ 40	$ 1,264	1	$ 152

(a) As of December 31, 2025, credit collateral held from counterparties was entirely in the form of letters of credit.

Net Credit Exposure by Type of Counterparty	As of December 31, 2025
Investor-owned utilities, marketers, power producers	$ 1,052
Energy cooperatives and municipalities	89

Credit-Risk-Related Contingent Features

As part of the normal course of business, we routinely enter into physically and financially settled contracts for the purchase and sale of capacity, electricity, fuels, emissions allowances, and other energy-related products. Certain of our derivative instruments contain provisions that require us to post collateral. We also enter into commodity transactions on exchanges where the exchanges act as the counterparty to each trade. Transactions on the exchanges must adhere to comprehensive collateral and margining requirements. This collateral may be posted in the form of cash or credit support with thresholds contingent upon our credit ratings from S&P and Moody's. The collateral and credit support requirements vary by contract and by counterparty. These credit-risk-related contingent features stipulate that if we were to be downgraded or lose our investment grade credit ratings (based on our senior unsecured debt rating), we would be required to provide additional collateral. This incremental collateral requirement allows for the offsetting of derivative instruments that are assets with the same counterparty, where the contractual right of offset exists under applicable master netting agreements. In the absence of expressly agreed-to provisions that specify the collateral that must be provided, collateral requested will be a function of the facts and circumstances of the situation at the time of the demand. In such cases, we believe an amount of several months of future payments (e.g., capacity payments) rather than a calculation of fair value is a reasonable estimate for the contingent collateral obligation, which has been factored into the disclosure below.

The aggregate fair value of all derivative instruments with credit-risk-related contingent features in a liability position that are not fully collateralized (excluding transactions on the exchanges that are fully collateralized) is detailed in the table below:

	As of December 31,	
Credit-Risk-Related Contingent Features	**2025**	**2024**
Gross fair value of derivative contracts containing this feature	$ (1,307)	$ (1,346)
Offsetting fair value of contracts under master netting arrangements	554	602
Net fair value of derivative contracts containing this feature	$ (753)	$ (744)

As of December 31, 2025 and 2024, we posted or held the following amounts of cash collateral and letters of credit on derivative contracts with external counterparties, after giving consideration to offsetting derivative and non-derivative positions under master netting agreements.

	As of December 31,	
	2025	**2024**
Cash collateral posted	$ 1,399	$ 635
Letters of credit posted	718	890
Cash collateral held	47	49
Letters of credit held	115	91
Additional collateral required in the event of a credit downgrade below investment grade (at BB+/Ba1)[a][b][c]	2,670	1,949

(a) Certain of our contracts contain provisions that allow a counterparty to request additional collateral when there has been a subjective determination that our credit quality has deteriorated, generally termed "adequate assurance". Due to the subjective nature of these provisions, we estimate the amount of collateral that we may ultimately be required to post in relation to the maximum exposure with the counterparty.
(b) The downgrade collateral is inclusive of all contracts in a liability position regardless of accounting treatment and excludes any contracts with individual retail counterparties.
(c) A loss of investment grade credit rating would require a three-notch downgrade from current levels of BBB+ and Baa1 at S&P and Moody's, respectively.

We routinely enter into supply forward contracts with certain utilities with one-sided collateral postings only from us. If market prices fall below the benchmark price levels in these contracts, the utilities are not required to post collateral. However, when market prices rise above the benchmark price levels, we are required to post collateral once certain unsecured credit limits are exceeded.

16. Debt and Credit Agreements

Short-Term Borrowings

We meet our short-term liquidity requirements primarily through the issuance of commercial paper. We may use our credit facility for general corporate purposes, including meeting short-term funding requirements and the issuance of letters of credit.

Credit Agreements

In September 2025, we amended our existing RCF to increase the available aggregate commitment from $4.5 billion to $7.0 billion, which included incremental revolving credit commitments of $2.5 billion and extension of the maturity date to September 2030. The incremental commitments became available upon closing of the Calpine acquisition in January 2026. The RCF may be drawn down in the form of loans and/or to support commercial paper and letters of credit issuances.

The RCF fixed facility fee rate is 0.175% and borrowings under the RCF bear interest at a rate based upon either the Daily Simple SOFR rate or a Term SOFR rate, plus an adder based upon our credit ratings. The adders for the Daily Simple SOFR-based borrowings and Term SOFR borrowings are 0.075% and 1.075%, respectively. The letters of credit bear interest at a rate of 1.075%.

If we were to lose our investment grade credit rating, the maximum adders for Daily Simple SOFR rate borrowings and Term SOFR rate borrowings would be 1.00% and 2.00%, respectively. The credit agreements also require us to pay facility fees based upon the aggregate commitments. The fees vary depending upon our credit rating.

Accounts Receivable Facility

In December 2024, we amended the Facility to provide NER access to revolving loans from a number of financial institutions ("Lenders") secured by certain customer accounts receivable. As part of the amendment, the maximum funding limit of the of the Facility was increased from $1.1 billion to $1.5 billion and the maturity date was extended to December 2027. Under previous terms of the Facility, certain customer accounts receivable were sold to the Purchasers. Immediately following the amendment, all receivables previously sold were assigned back to us and receivables will no longer be sold to the Purchasers under the amendment. Subsequent to the amendment, draws and repayments related to the Facility will be reflected as Proceeds from short-term borrowings and Repayments of short-term borrowings, respectively, in the Consolidated Statements of Cash Flows. Draws on the facility bear interest at a commercial paper rate or a Daily One Month Term SOFR or Term SOFR rate, plus an adder of 0.10% per annum. Interest is payable monthly. There were no draws on the Facility as of December 31, 2025. In February 2026, we drew on the Facility in the amount of $600 million which was still outstanding as of the date of this filing.

The amended Facility requires the balance of eligible receivables to be maintained at or above the balance of cash proceeds received from the Lenders. To the extent the eligible receivables decrease below such balance, we are required to repay cash to the Lenders. When eligible receivables exceed cash proceeds, we have the ability to increase the cash proceeds received up to the maximum funding limit.

As of December 31, 2025 and 2024, we had the following aggregate bank commitments, credit facility borrowings and available capacity under our respective credit facilities:

December 31, 2025

Facility Type	Aggregate Bank Commitment	Facility Draws	Outstanding Letters of Credit[a]	Outstanding Commercial Paper[b]	Total Available Capacity
Revolving Credit Facility	$ 4,500	$ —	$ 40	$ —	$ 4,460

(a) Excludes an additional outstanding letter of credit which was not issued under these facilities of $15 million as of December 31, 2025 and 2024. See Note 18 — Commitments and Contingencies for additional information.
(b) Our commercial paper program is supported by the revolving credit agreement. In order to maintain our commercial paper program in the amounts indicated above, we must have a credit facility in place, at least equal to the amount of our commercial paper program. As of December 31, 2025 and 2024, the maximum program size of our commercial paper program was $4.5 billion. We do not issue commercial paper in an aggregate amount exceeding the then available capacity under our credit facility. There were no commercial paper borrowings outstanding as of December 31, 2025 and 2024.
(c) Refer to table below for additional information on our bilateral credit agreements.
(d) The maximum amount of the bank commitment is not to exceed $971 million. The aggregate available capacity of the facility is subject to market fluctuations based on the value of U.S Treasury Securities which determines the amount of collateral held in the trust. We may post additional collateral to borrow up to the maximum bank commitment. As of December 31, 2025 and 2024, without posting additional collateral, the actual availability of facility, prior to outstanding letters of credit was $959 million and $928 million, respectively.

Bilateral Credit Agreements

The following table reflects the bilateral credit agreements at December 31, 2025:

Date Initiated[a]	Latest Amendment Date	Maturity Date[b]	Amount
January 2016	April 2023	April 2026	$ 150
October 2019	N/A	N/A	200
November 2019	N/A	N/A	300

(a) Bilateral credit agreements solely support the issuance of letters of credit and do not back our commercial paper program.
(b) Credit facilities that do not contain a maturity date are specific to the agreements set within each contract. In some instances, credit facilities are automatically renewed based on the contingency standards set within the specific agreement.
(c) In February 2026, we increased the capacity to issue letters of credit by an additional $100 million each for three existing uncommitted bilateral facilities.

Short-Term Loan Agreements

We had short-term loan agreements outstanding as of December 31, 2025 as reflected in the table below. There were no short-term loan agreements outstanding as of December 31, 2024.

Month Initiated	Interest Rate	Maturity	Weighted Average Interest Rate	Outstanding Amount as of December 31, 2025
May 2025	1-month SOFR + 0.90%	May 2026	5.09 %	$ 900
September 2025	1-month SOFR + 0.90%	September 2026	4.93 %	750

Long-Term Debt

The following table presents the outstanding long-term debt as of December 31, 2025 and 2024:

	Rates	Maturity Date	December 31, 2025	December 31, 2024
Long-term debt

(a) The Tax-exempt notes have a maturity date of June 2029 to April 2053, and a mandatory purchase date that ranges from April 2028 to June 2029.

Long-term debt maturities in the periods 2026 through 2031 and thereafter are as follows:

2026	$ 92
2027	666
2028	828
2029	157
2030	99
2031 and thereafter	5,561
Total	$ 7,403

DOE Loan Guarantee

In November 2025, the DOE Office of Energy Dominance Financing issued a guarantee for up to $1.0 billion for an unsecured loan from the Federal Financing Bank to support the restart of the Crane Clean Energy Center. The loan will mature in November 2055. Interest rates on the loan will be fixed upon each advance at a spread of 0.375% above U.S. Treasuries of comparable maturity. There have been no borrowings on this loan as of the date of this filing.

Calpine Acquisition

Upon completion of the acquisition of Calpine in January 2026, we assumed approximately $12.6 billion of debt inclusive of approximately $7.6 billion of corporate long-term debt, including senior unsecured and secured notes and corporate term loans in addition to approximately $5 billion of various project financing arrangements. Pursuant to the Exchange Offers discussed below, we issued new notes in January 2026 effectively replacing $2.3 billion of Calpine's senior unsecured and secured notes with Constellation senior unsecured notes. Using the proceeds from our January 2026 bond issuance, as discussed below, along with cash on hand and short-term debt, we repaid $2.5 billion of Calpine corporate term loans immediately after the acquisition closing and repaid $1.25 billion of Calpine senior secured first lien notes in February 2026. Following the debt exchange and redemptions discussed, $6.5 billion of Calpine debt remains outstanding.

Debt Exchange Offering

In December 2025, we announced that, in connection with the planned acquisition of Calpine by CEG Parent, we commenced private exchange offers and related consent solicitations with respect to certain outstanding debt of Calpine. Under the Exchange Offers, we solicited consents to holders of certain Calpine debt to amend the notes and the related indentures under which they were issued to eliminate substantially all of the restrictive covenants, restrictive provisions and events of default, other than payment-related and bankruptcy-related events of default. In January 2026, we completed the exchange offering, effectively replacing $2.3 billion of Calpine senior secured and unsecured notes with Constellation senior unsecured notes.

The terms of the debt issuance under the exchange are as follows:

Note	Interest Rate	Maturity	Issued Amount
2029 Senior Notes	4.625%	February 2029	$ 647
2031 Senior Notes	5.000%	February 2031	848
2031 Senior Notes	3.750%	March 2031	795
Total			$ 2,290

Senior Note Issuance

In January 2026, we issued senior unsecured notes totaling $2.75 billion, the proceeds from which were used to pay down Calpine debt assumed. The terms of the debt issuance are as follows:

Note	Interest Rate	Maturity	Issued Amount
2028 Floating Rate Senior Notes	SOFR + 0.600%	January 2028	$ 300
2028 Senior Notes	3.900%	January 2028	900
2031 Senior Notes	4.400%	January 2031	750
2066 Senior Notes	5.875%	January 2066	800
Total			$ 2,750

Debt Covenants

As of December 31, 2025, we are in compliance with all debt covenants.

Nonrecourse Debt

We have also issued nonrecourse debt, for which approximately $1.9 billion and $2 billion of generating assets have been pledged as collateral as of December 31, 2025 and 2024, respectively. Borrowings under these agreements are secured by the assets and equity of each respective project. The lenders do not have recourse against us in the event of a default. If a specific project financing entity does not maintain compliance with its specific nonrecourse debt covenants, there could be a requirement to accelerate repayment of the associated debt or other borrowings earlier than the stated maturity dates. In these instances, if such repayment was not satisfied, the lenders or security holders would generally have rights to foreclose against the project-specific assets and related collateral. The potential requirement to satisfy the associated debt or other borrowings earlier than otherwise anticipated could lead to impairments due to a higher likelihood of disposing of the respective project-specific assets significantly before the end of their useful lives.

Antelope Valley Solar Ranch One. In December 2011, the DOE Loan Programs Office issued a guarantee for up to $646 million for a nonrecourse loan from the Federal Financing Bank to support the financing of the construction of the Antelope Valley facility. The project became fully operational in 2014. The loan will mature in January 2037. Interest rates on the loan were fixed upon each advance at a spread of 37.5 basis points above U.S. Treasuries of comparable maturity. The advances were completed in December 2015 and the outstanding loan balance bears interest at an average blended interest rate of 2.82%. As of December 31, 2025 and 2024, approximately $335 million and $365 million were outstanding, respectively. In addition, we have issued letters of credit to support the equity investment in the project, with $36 million outstanding as of December 31, 2025 and 2024. In December 2017, our interests in Antelope Valley were contributed to and are pledged as collateral for the CR financing structures referenced below.

Continental Wind, LLC. In September 2013, Continental Wind, our indirect subsidiary, completed the issuance and sale of $613 million senior secured notes. Continental Wind owns and operates a portfolio of wind farms in Idaho, Kansas, Michigan, Oregon, New Mexico and Texas with a total net capacity of 667 MWs. The net proceeds were distributed to us for general business purposes. The notes are scheduled to mature in February 2033. The notes bear interest at a fixed rate of 6.00% with interest payable semi-annually. As of December 31, 2025 and 2024, approximately $260 million and $290 million were outstanding, respectively.

In addition, Continental Wind has a $128 million letter of credit facility and $4 million working capital revolver facility. Continental Wind has issued letters of credit to satisfy certain of its credit support and security obligations. As of December 31, 2025 and 2024, the Continental Wind letter of credit facility had $122 million and $119 million in letters of credit outstanding related to the project, respectively.

In 2017, our interests in Continental Wind were contributed to CRP, whose assets were contributed to and are pledged as collateral for the CR financing structure referenced below.

Renewable Power Generation. In March 2016, RPG, our indirect subsidiary, issued $150 million aggregate principal amount of nonrecourse senior secured notes. The net proceeds were distributed to us for paydown of long-term debt obligations at Sacramento PV Energy and Constellation Solar Horizons and for general business purposes. The loan is scheduled to mature in March 2035. The term loan bears interest at a fixed rate of 4.11% payable semi-annually. As of December 31, 2025 and 2024, approximately $55 million and $60 million were outstanding, respectively. In 2017, our interests in RPG were contributed to CRP, whose assets were contributed to and are pledged as collateral for the CR financing structure referenced below.

Constellation Renewables. In December 2020, CR entered into a financing agreement for a $750 million nonrecourse senior secured term loan credit facility, scheduled to mature in December 2027. Beginning in October 2025, the term loan bears interest at a variable rate equal to 3-month SOFR plus 2.00%, subject to a 1% SOFR floor with interest payable quarterly. Redemptions prior to October 2025 were based on 3-month SOFR plus 2.25%. Redemptions from June 2023 through June 2024 were based on 3-month SOFR plus 2.76%, and LIBOR plus 2.50% prior to that date.

In addition to the financing, CR entered interest rate swaps to manage a portion of the interest rate exposure in connection with the financing. The swap had an initial notional amount of $516 million and fixed the 3-month LIBOR at 1.05%. Beginning in June 2023, the swap fixed the 3-month SOFR at 0.8295%. The swap expired in December 2024. In January 2024, CR entered an additional interest rate swap to manage a portion of the interest rate exposure in connection with the financing. The swap had a notional amount of $120M and fixed the 3-month SOFR to 3.98%.

Our interests in CRP and Antelope Valley are contributed to and pledged as collateral for this financing. As of December 31, 2025 and 2024, $600 million and $630 million was outstanding, respectively. See Note 21 — Variable Interest Entities for additional information on CRP and Note 15 — Derivative Financial Instruments for additional information on interest rate swaps.

West Medway II, LLC. In May 2021, West Medway II, LLC (West Medway II) entered into a $150 million nonrecourse senior secured term loan maturing in March 2026. Our interests in West Medway II were pledged as collateral. Net proceeds were used for general corporate purposes. Beginning in May 2025, the loan bore interest at 1-month SOFR plus 3.350%. Redemptions from May 2023 to May 2025 were based on 1-month SOFR plus the variable interest rate of 2.975% - 3.225% and LIBOR plus 2.875% prior to that date. West Medway II also entered into interest rate swaps with a $113 million initial notional amount that fixed LIBOR at 0.61% and, beginning in May 2023, fixed SOFR at 0.5365%. The swaps were terminated in August and October 2025. As of December 31, 2024, approximately $50 million was outstanding and the term loan was fully repaid in October 2025.

17. Fair Value of Financial Assets and Liabilities

We measure and classify fair value measurements in accordance with the hierarchy as defined by GAAP. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels as follows:

- Level 1 — quoted prices (unadjusted) in active markets for identical assets or liabilities that we have the ability to liquidate as of the reporting date
- Level 2 — inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data
- Level 3 — unobservable inputs, such as internally developed pricing models or third-party valuations for the asset or liability due to little or no market activity for the asset or liability

Fair Value of Financial Liabilities Recorded at Amortized Cost

The following table presents the carrying amounts and fair values of our long-term debt and the SNF obligation as of December 31, 2025 and 2024. We have no financial liabilities classified as Level 1. The carrying amounts of the short-term liabilities as presented in the Consolidated Balance Sheets are representative of their fair value (Level 2) because of the short-term nature of these instruments.

	December 31, 2025				December 31, 2024			
	Carrying Amount	Fair Value			Carrying Amount	Fair Value		
		Level 2	Level 3	Total		Level 2	Level 3	Total
Long-Term Debt, including amounts due within one year	$ 7,342	$ 6,995	$ 666	$ 7,661	$ 8,412	$ 7,805	$ 716	$ 8,521
SNF Obligation[(a)]	1,426	1,406	—	1,406	1,366	1,278	—	1,278

(a) SNF Obligation is included in Other deferred credits and other liabilities in the Consolidated Balance Sheets.

We use the following methods and assumptions to estimate fair value of our financial liabilities recorded at carrying cost:

Type	Level	Valuation
Long-Term Debt, including amounts due within one year		
Taxable Debt Securities	2	The fair value is determined by a valuation model that is based on a conventional discounted cash flow methodology and utilizes assumptions of current market pricing curves. We obtain credit spreads based on trades of our existing debt securities as well as other issuers in the utility sector with similar credit ratings. The yields are then converted into discount rates of various tenors that are used for discounting the respective cash flows of the same tenor for each bond or note.
Variable Rate Financing Debt	2	Debt rates are reset on a regular basis and the carrying value approximates fair value.
Government-Backed Fixed Rate Project Financing Debt	3	The fair value is similar to the process for taxable debt securities. Due to the lack of market trading data on similar debt, the discount rates are derived based on the original loan interest rate spread to the applicable U.S. Treasury rate as well as a current market curve derived from government-backed securities.
Non-Government-Backed Fixed Rate Nonrecourse Debt	3	Fair value is based on market and quoted prices for its own and other nonrecourse debt with similar risk profiles. Given the low trading volume in the nonrecourse debt market, the price quotes used to determine fair value will reflect certain qualitative factors, such as market conditions, investor demand, new developments that might significantly impact the project cash flows or off-taker credit, and other circumstances related to the project.
SNF Obligation		
SNF Obligation	2	The carrying amount is derived from a contract with the DOE to provide for disposal of SNF from certain of our nuclear generating stations. See Note 18 — Commitments and Contingencies for further details. When determining the fair value of the obligation, the future carrying amount of the SNF obligation is calculated by compounding the current book value of the SNF obligation at the 13-week U.S. Treasury rate. The compounded obligation amount is discounted back to present value using our discount rate, which is calculated using the same methodology as described above for the taxable debt securities, and an estimated maturity date of 2040 for the years ended December 31, 2025 and 2024.

Recurring Fair Value Measurements

The following tables present assets and liabilities measured and recorded at fair value in the Consolidated Balance Sheets on a recurring basis and their level within the fair value hierarchy as of December 31, 2025 and 2024:

(a) CEG Parent has $70 million and $130 million of Level 1 cash equivalents as of December 31, 2025 and 2024, respectively. We exclude cash of $3,621 million and $2,924 million, and restricted cash of $57 million and $71 million, as of December 31, 2025 and 2024, respectively. CEG Parent has no additional cash exclusions as of December 31, 2025, and an additional $4 million of cash excluded as of December 31, 2024.

(b) Includes net liabilities of $166 million and $148 million as of December 31, 2025 and 2024, respectively, which consist of receivables related to pending securities sales, interest and dividend receivables, repurchase agreement obligations, and payables related to pending securities purchases. The repurchase agreements are generally short-term in nature with durations generally of 30 days or less.

(c) Includes total NDT derivative assets and liabilities that are not material, which have total notional amounts of $810 million and $1,119 million as of December 31, 2025 and 2024, respectively. The notional principal amounts provide one measure of the transaction volume outstanding as of the periods ended and do not represent the amount of our exposure to credit or market loss.

As of December 31, 2025, our NDTs have outstanding commitments to invest in private credit, private equity, and real assets of $505 million, $487 million, and $576 million, respectively. These commitments will be funded by our existing NDT funds.

Equity Security Investments without Readily Determinable Fair Values. We hold investments without readily determinable fair values with carrying amounts of $109 million and $150 million as of December 31, 2025 and 2024, respectively. Changes in fair value, cumulative adjustments, and impairments were not material for the years ended December 31, 2025 and 2024.

Reconciliation of Level 3 Assets and Liabilities

The following tables present the fair value reconciliation of Level 3 assets and liabilities measured at fair value on a recurring basis during the years ended December 31, 2025 and 2024:

(a) Includes a reduction of ($219) million and ($706) million for realized gains due to the settlement of derivative contracts for the years ended December 31, 2025 and 2024, respectively.
(b) Transfers into and out of Level 3 generally occur when the contract tenor becomes less and more observable, respectively, primarily due to changes in market liquidity or assumptions for certain commodity contracts.

The following table presents the income statement classification of the total realized and unrealized gains (losses) included in income for Level 3 assets and liabilities measured at fair value on a recurring basis during the years ended December 31, 2025, 2024, and 2023:

	Operating Revenues			Purchased Power and Fuel			Other, net		
	2025	2024	2023	2025	2024	2023	2025	2024	2023
Total gains (losses) included in net income	$ (340)	$ (539)	$ 706	$ 65	$ (293)	$ (503)	$ 9	$ 5	$ 2
Total unrealized gains (losses)	(172)	207	1,673	116	(333)	(479)	9	5	2

Valuation Techniques Used to Determine Fair Value

Cash Equivalents. Investments with original maturities of three months or less when purchased, including mutual and money market funds, are considered cash equivalents. The fair values are based on observable market prices and, therefore, are included in the recurring fair value measurements hierarchy as Level 1.

NDT Fund Investments. The trust fund investments have been established to satisfy our nuclear decommissioning obligations as required by the NRC. The NDT funds hold debt and equity securities directly and indirectly through commingled funds and mutual funds, which are included in equities and fixed income. Our NDT fund investments policies outline investment guidelines for the trusts and limit the trust funds' exposures to investments in highly illiquid markets and other alternative investments, including private credit, private equity, and real assets. Investments with maturities of three months or less when purchased, including certain short-term fixed income securities are considered cash equivalents and included in the recurring fair value measurements hierarchy as Level 1 or Level 2.

Equities. These investments consist of individually held equity securities, equity mutual funds, and equity commingled funds in domestic and foreign markets. With respect to individually held equity securities, the trustees obtain prices from pricing services, whose prices are generally obtained from direct feeds from market exchanges, which we are able to independently corroborate. Equity securities held individually, including real estate investment trusts, rights, and warrants, are primarily traded on exchanges that contain only actively traded securities due to the volume trading requirements imposed by these exchanges. The equity securities that are held directly by the trust funds are valued based on quoted prices in active markets and categorized as Level 1. Certain equity securities have been categorized as Level 2 because they are based on evaluated prices that reflect observable market information, such as actual trade information or similar securities. Certain private placement equity securities are categorized as Level 3 because they are not publicly traded and are priced using significant unobservable inputs.

Equity commingled funds and mutual funds are maintained by investment companies, and fund investments are held in accordance with a stated set of fund objectives. The values of some of these funds are publicly quoted. For mutual funds which are publicly quoted, the funds are valued based on quoted prices in active markets and have been categorized as Level 1. For equity commingled funds and mutual funds which are not publicly quoted, the fund administrators value the funds using the NAV per fund share, derived from the quoted prices in active markets on the underlying securities and are not classified within the fair value hierarchy. These investments can typically be redeemed monthly or more frequently, with 30 or less days of notice and without further restrictions.

Fixed income. For fixed income securities, which consist primarily of corporate debt securities, U.S. government securities, foreign government securities, municipal bonds, asset and mortgage-backed securities, commingled funds, mutual funds, and derivative instruments, the trustees obtain multiple prices from pricing vendors whenever possible, which enables cross-provider validations in addition to checks for unusual daily movements. A primary price source is identified based on asset type, class, or issue for each security. With respect to individually held fixed income securities, the trustees monitor prices supplied by pricing services and may use a supplemental price source or change the primary price source of a given security if the portfolio managers challenge an assigned price and the trustees determine that another price source is preferable. We have obtained an understanding of how these prices are derived, including the nature and observability of the inputs used in deriving such prices. Additionally, we selectively corroborate the fair values of securities by comparison to other market-based price sources. Investments in U.S. Treasury securities have been categorized as Level 1 because they trade in highly-liquid and transparent markets. Certain private placement fixed income securities

have been categorized as Level 3 because they are priced using certain significant unobservable inputs and are typically illiquid. The remaining fixed income securities, including certain other fixed income investments, are based on evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are categorized as Level 2. This includes equity investments sold short during the period, which represent liabilities.

Other fixed income investments primarily consist of fixed income commingled funds and mutual funds, which are maintained by investment companies and hold fund investments in accordance with a stated set of fund objectives. The values of some of these funds are publicly quoted. For mutual funds which are publicly quoted, the funds are valued based on quoted prices in active markets and have been categorized as Level 1. For fixed income commingled funds and mutual funds which are not publicly quoted, the fund administrators value the funds using the NAV per fund share, derived from the quoted prices in active markets of the underlying securities and are not classified within the fair value hierarchy. These investments typically can be redeemed monthly or more frequently, with 30 or less days of notice and without further restrictions.

Derivative instruments. These instruments, consisting primarily of futures and swaps to manage risk, are recorded at fair value. Over-the-counter derivatives are valued daily, based on quoted prices in active markets and trade in open markets, and have been categorized as Level 1. Derivative instruments other than over-the-counter derivatives are valued based on external price data of comparable securities and have been categorized as Level 2.

Private credit. Private credit investments primarily consist of investments in private debt strategies. These investments are generally less liquid assets, typically with an underlying term of 3 to 5 years, and are usually intended to be held to maturity. The fair value of these investments is determined by the fund manager or administrator using a combination of valuation models including cost models, market models, and income models and typically cannot be redeemed until maturity of the term loan. Private credit investments held directly by us are categorized as Level 3 because they are based largely on inputs that are unobservable and utilize complex valuation models. For certain private credit funds, the fair value is determined using a combination of valuation models including cost models, market models, and income models and typically cannot be redeemed until maturity of the term loan. These investments are not classified within the fair value hierarchy because their fair value is determined using NAV or its equivalent as a practical expedient.

Private equity. These investments include those in limited partnerships that invest in operating companies that are not publicly traded on a stock exchange such as leveraged buyouts, growth capital, venture capital, distressed investments, and investments in natural resources. These investments typically cannot be redeemed and are generally liquidated over a period of 8 to 10 years from the initial investment date, which is based on our understanding of the investment funds. Private equity valuations are reported by the fund manager and are based on the valuation of the underlying investments, which include unobservable inputs such as cost, operating results, discounted future cash flows, and market-based comparable data. These valuation inputs are unobservable. The fair value of private equity investments is determined using NAV or its equivalent as a practical expedient, and therefore, these investments are not classified within the fair value hierarchy.

Real assets. These investments are funds with a direct investment in pools of real estate properties or infrastructure assets. These funds are reported by the fund manager and are generally based on independent appraisals of the underlying investments from sources with professional qualifications, typically using a combination of market-based comparable data and discounted cash flows. These valuation inputs are unobservable. Certain real asset investments cannot be redeemed and are generally liquidated over a period of 8 to 25 years from the initial investment date, which is based on our understanding of the investment funds. The remaining liquid real asset investments are generally redeemable from the investment vehicle quarterly, with 30 to 90 days of notice. The fair value of real asset investments is determined using NAV or its equivalent as a practical expedient, and therefore, these investments are not classified within the fair value hierarchy.

We evaluated our NDT portfolios for the existence of significant concentrations of credit risk as of December 31, 2025. Types of concentrations that were evaluated include, but are not limited to, investment concentrations in a single entity, type of industry, foreign country, and individual fund. As of December 31, 2025, there were no significant concentrations (generally defined as greater than 10%) of risk in the NDT assets.

See Note 10 — Asset Retirement Obligations for additional information on the NDT fund investments.

Rabbi Trust Investments. The Rabbi trusts were established to hold assets related to deferred compensation plans existing for certain active and retired members of executive management and directors. The Rabbi trusts' assets are included in investments in the Consolidated Balance Sheets and consist primarily of money market funds, mutual funds, and life insurance policies. Money market funds and mutual funds are publicly quoted and have been categorized as Level 1 given the clear observability of the prices. The life insurance policies are valued using the cash surrender value of the policies, net of loans against those policies, which is provided by a third-party. Certain life insurance policies, which consist primarily of mutual funds that are priced based on observable market data, have been categorized as Level 2 because the life insurance policies can be liquidated at the reporting date for the value of the underlying assets.

Deferred Compensation Obligations. Our deferred compensation plans allow participants to defer certain cash compensation into a notional investment account. We include such plans in other current and noncurrent liabilities in the Consolidated Balance Sheets. The value of our deferred compensation obligations is based on the market value of the participants' notional investment accounts. The underlying notional investments are comprised primarily of equities, mutual funds, commingled funds, and fixed income securities which are based on directly and indirectly observable market prices. Since the deferred compensation obligations themselves are not exchanged in an active market, they are categorized as Level 2 in the fair value hierarchy.

The value of certain employment agreement obligations (which are included with the Deferred compensation obligation in the table above) are based on a known and certain stream of payments to be made over time and are categorized as Level 2 within the fair value hierarchy.

Investments in Equities. We hold certain investments in equity securities with readily determinable fair values in addition to those held within the NDT funds. These equity securities are valued based on quoted prices in active markets and are categorized as Level 1.

Derivatives. Derivative contracts are traded in both exchange-based and non-exchange-based markets. Exchange-based derivatives that are valued using unadjusted quoted prices in active markets are categorized in Level 1 in the fair value hierarchy. Certain derivatives' pricing is verified using indicative price quotations available through brokers, over-the-counter, or exchanges and are categorized in Level 2. These price quotations reflect the average of the bid-ask, mid-point prices and are obtained from sources that we believe provide the most liquid market for the commodity. The price quotations are reviewed and corroborated to ensure the prices are observable and representative of an orderly transaction between market participants. This includes consideration of actual transaction volumes, market delivery points, bid-ask spreads, and contract duration. The remainder of derivative contracts are valued using the Black model, an industry standard option valuation model. The Black model considers inputs such as contract terms, including maturity, and market parameters, including assumptions of the future prices of energy, interest rates, volatility, credit worthiness, and credit spread. For derivatives that trade in liquid markets, such as generic forwards, swaps, and options, model inputs are generally observable. Such instruments are categorized in Level 2. Our derivatives are predominantly at liquid trading points. For derivatives that trade in less liquid markets with limited pricing information, model inputs generally would include both observable and unobservable inputs. These valuations may include an estimated basis adjustment from an illiquid trading point to a liquid trading point for which active price quotations are available. Such instruments are categorized in Level 3.

For valuations that include both observable and unobservable inputs, if the unobservable input is determined to be significant to the overall inputs, the entire valuation is categorized in Level 3. This includes derivatives valued using indicative price quotations whose contract tenure extends into unobservable periods. In instances where observable data is unavailable, consideration is given to the assumptions that market participants would use in valuing the asset or liability. This includes assumptions about market risks such as liquidity, volatility, and contract duration. Such instruments are categorized in Level 3 as the model inputs generally are not observable. We consider credit and non-performance risk in the valuation of derivative contracts categorized in Level 2 and 3, including both historical and current market data, in our assessment of credit and non-performance risk by counterparty. Due to master netting agreements and collateral posting requirements, the impacts of credit and non-performance risk were not material to the consolidated financial statements.

Disclosed below is detail surrounding our significant Level 3 valuations. The calculated fair value includes marketability discounts for margining provisions and other attributes. The Level 3 balance generally consists of forward sales and purchases of power and natural gas and certain transmission congestion contracts. We utilize various inputs and factors including market data and assumptions that market participants would use in pricing

assets or liabilities as well as assumptions about the risks inherent in the inputs to the valuation technique. The inputs and factors include forward commodity prices, commodity price volatility, contractual volumes, delivery location, interest rates, credit quality of counterparties, and credit enhancements.

For commodity derivatives, the primary input to the valuation models is the forward commodity price curve for each instrument. All locations are reviewed and verified by risk management considering published exchange transaction prices, executed bilateral transactions, broker quotes, and other observable or public data sources. The relevant forward commodity curve used to value each of the derivatives depends on a number of factors, including commodity type, delivery location, and delivery period. Price volatility varies by commodity and location. When appropriate, we discount future cash flows using risk-free interest rates with adjustments to reflect the credit quality of each counterparty for assets and our own credit quality for liabilities. The level of observability of a forward commodity price varies generally due to the delivery location and delivery period. Certain delivery locations including PJM West Hub (for power) and Henry Hub (for natural gas) are more liquid and prices are observable for up to three years in the future. The observability period of volatility is generally shorter than the underlying power curve used in option valuations. The forward curve for a less liquid location is estimated by using the forward curve from the liquid location and applying a spread to represent the cost to transport the commodity to the delivery location. This spread does not typically represent a majority of the instrument's market price. As a result, the change in fair value is closely tied to liquid market movements and not a change in the applied spread. The change in fair value associated with a change in the spread is generally immaterial. An average spread calculated across all Level 3 power and gas delivery locations is approximately $52.17 and $3.52 for power and natural gas, respectively as of December 31, 2025. Many of the commodity derivatives are short term in nature and thus a majority of the fair value may be based on observable inputs even though the contract as a whole must be classified as Level 3.

See Note 15 — Derivative Financial Instruments for additional information on derivatives.

The following table presents the significant inputs to the forward curve used to value these positions:

Type of trade	Fair Value as of December 31, 2025	Fair Value as of December 31, 2024	Valuation Technique	Unobservable Input	2025 Range & Arithmetic Average		2024 Range & Arithmetic Average	
Level 3 Derivatives—Economic hedges[a][b]	$ (232)	$ (137)	Discounted Cash Flow	Forward power price	$1.89 - $154	$52	$2.57 - $140	$49
				Forward gas price	$(0.46) - $15	$3.52	$2.09 - $15	$3.68
			Option Model	Volatility percentage	14% - 197%	59%	23% - 141%	57%

(a) The valuation techniques, unobservable inputs, ranges, and arithmetic averages are the same for the asset and liability positions.
(b) The fair values do not include cash collateral posted (received) on Level 3 positions of $372 million and $136 million as of December 31, 2025 and 2024, respectively.

The inputs listed above, which are as of the balance sheet date, would have a direct impact on the fair values of the above instruments if they were adjusted. The significant unobservable inputs used in the fair value measurement of our commodity derivatives are forward commodity prices and for options is price volatility. Increases (decreases) in the forward commodity price in isolation would result in significantly higher (lower) fair values for long positions (contracts that give us the obligation or option to purchase a commodity), with offsetting impacts to short positions (contracts that give us the obligation or right to sell a commodity). Increases (decreases) in volatility would increase (decrease) the value for the holder of the option (writer of the option). Generally, a change in the estimate of forward commodity prices is unrelated to a change in the estimate of volatility of prices. An increase to the heat rate or renewable factors would increase the fair value accordingly. Generally, interrelationships exist between market prices of natural gas and power. As such, an increase in natural gas pricing would potentially have a similar impact on forward power markets.

18. Commitments and Contingencies

Commercial Commitments. Commercial commitments as of December 31, 2025, representing commitments potentially triggered by future events, were as follows:

	Expiration within						
	2026	2027	2028	2029	2030	2031 and beyond	Total
Letters of credit	$ 1,784	$ 190	$ 122	$ —	$ 1	$ 3	$ 2,100
Surety bonds[a]	603	—	214	—	—	—	817
Total commercial commitments	$ 2,387	$ 190	$ 336	$ —	$ 1	$ 3	$ 2,917

(a) Surety bonds — Guarantees issued related to contract and commercial agreements, excluding bid bonds.

Nuclear Insurance

We are subject to liability, property damage and other risks associated with major incidents at any of our nuclear stations. Our financial exposure to these risks is mitigated through insurance and other industry risk-sharing provisions.

The Price-Anderson Act was enacted to ensure the availability of funds for public liability claims arising from an incident at any of the U.S. licensed nuclear facilities and to limit the liability of nuclear reactor owners for such claims from any single incident. As of December 31, 2025, the current liability limit per incident is $16.3 billion and is subject to change to account for the effects of inflation and changes in the number of licensed reactors at least once every five years with the last adjustment effective January 1, 2024. In accordance with the Price-Anderson Act, we maintain financial protection at levels equal to the amount of liability insurance available from private sources through the purchase of private nuclear energy liability insurance for public liability claims that could arise in the event of an incident. Effective January 1, 2024, the required amount of nuclear energy liability insurance purchased is $500 million for each operating site. Claims exceeding that amount are covered through mandatory participation in a financial protection pool, as required by the Price Anderson-Act, which could provide up to approximately an additional $15.8 billion per incident at any U.S. nuclear power reactor in funds available for public liability claims. Participation in this secondary financial protection pool requires the operator of each reactor to fund its proportionate share of costs for any single incident at any U.S. nuclear power reactor that exceeds the primary layer of financial protection. Our share of this secondary layer would be approximately $3.5 billion, based on our ownership interest in the insured nuclear reactors, however, any amounts payable under this secondary layer would be capped at $520 million per incident within one calendar year.

In addition, the U.S. Congress could impose revenue-raising measures on the nuclear industry to pay public liability claims exceeding the $16.3 billion limit for a single incident.

We are required by the NRC to maintain minimal levels of property insurance that demonstrates to the satisfaction of the NRC that we possess an equivalent amount of protection covering the licensee's obligation, in the event of an accident at the licensee's reactor, to stabilize and decontaminate the reactor and the reactor station site at which the reactor experiencing the accident is located. The insurance maintained for each facility is currently provided through insurance policies purchased from NEIL, an industry mutual insurance company of which we are a member. Currently, the NRC requires that we maintain a minimum coverage limit for each reactor site of $1.06 billion, and we currently have coverage of $1.5 billion for each site.

NEIL may declare distributions to its members as a result of favorable operating experience. In recent years, NEIL has made distributions to its members. Our portion of the annual distribution declared by NEIL is estimated to be $114 million for 2025, and was $44 million and $59 million for 2024 and 2023, respectively. The distributions were recorded as a reduction to Operating and maintenance expense in the Consolidated Statements of Operations and Comprehensive Income.

Premiums paid to NEIL by its members are also subject to a potential assessment for adverse loss experience in the form of a retrospective premium obligation. NEIL has never assessed this retrospective premium since its formation in 1973, and we cannot predict the level of future assessments, if any. The current maximum aggregate annual retrospective premium obligation for our interests is approximately $297 million. NEIL requires its

members to maintain an investment grade credit rating or to ensure collectability of their annual retrospective premium obligation by providing a financial guarantee, letter of credit, deposit premium, or some other means of assurance.

NEIL provides "all risk" property damage, decontamination, and premature decommissioning insurance for each station for losses resulting from damage to its nuclear plants, either due to accidents or acts of terrorism. If the decision is made to decommission the facility, a portion of the insurance proceeds will be allocated to a fund, which we are required by the NRC to maintain, to provide for decommissioning the facility. In the event of an insured loss, we are unable to predict the timing of the availability of insurance proceeds to us and the amount of such proceeds that would be available. In the event that one or more acts of terrorism cause accidental property damage within a twelve-month period from the first accidental property damage under one or more policies for all insured plants, the maximum recovery by us will be an aggregate of $3.2 billion plus such additional amounts as the insurer may recover for all such losses from reinsurance, indemnity and any other source, applicable to such losses.

For our insured losses, we are self-insured to the extent that losses are within the policy deductible or exceed the amount of insurance maintained. Uninsured losses and other expenses, to the extent not recoverable from insurers or the nuclear industry, could also be borne by us. Any such losses could have a material adverse effect on our consolidated financial statements.

Spent Nuclear Fuel Obligation

Under the Nuclear Waste Policy Act of 1982 (NWPA), the DOE is responsible for the development of a geologic repository for and the disposal of SNF and high-level radioactive waste. As required by the NWPA, we are a party to contracts with the DOE (Standard Contracts) to provide for disposal of SNF from our nuclear generating stations. In accordance with the NWPA and the Standard Contracts, we had previously paid the DOE one mill ($0.001) per kWh of net nuclear generation for the cost of SNF disposal. The DOE reduced the SNF disposal fee to zero in May 2014. Until a new fee structure is in effect, we will not accrue any further costs related to SNF disposal fees. This fee may be adjusted prospectively to ensure full cost recovery.

We currently assume the DOE will begin accepting SNF in 2040 and use that date for purposes of estimating the nuclear decommissioning AROs. The SNF acceptance date assumption is based on management's estimate of the amount of time required for DOE to select a site location and develop the necessary infrastructure for long-term SNF storage.

The NWPA and the Standard Contracts required the DOE to begin taking possession of SNF generated by nuclear generating units no later than January 31, 1998. The DOE, however, failed to meet that deadline and its performance has been, and is expected to remain, delayed. In August 2004, we and the DOJ, in close consultation with the DOE, reached a settlement under which the government agreed to reimburse us, subject to certain damage limitations based on the extent of the government's breach, for costs associated with storage of SNF at our nuclear stations pending the DOE's fulfillment of its obligations. That settlement agreement does not expire until all SNF has been collected from the sites that it covers. Calvert Cliffs, Ginna, NMP, Fitzpatrick, and STP each have separate settlement agreements in place with the DOE which were extended during 2023 to provide for the reimbursement of SNF storage costs through December 31, 2025, and we are currently seeking a further extension. We and the DOE have the option to extend those settlements every three years upon mutual consent.

Under the settlement agreements, we received total cumulative cash reimbursements of $2,238 million through December 31, 2025 for costs incurred. After considering the amounts due to co-owners of certain nuclear stations and to the current owner of Oyster Creek Nuclear Generating Station, we received net cumulative cash reimbursements of $1,955 million. As of December 31, 2025 and 2024, the amount of SNF storage costs for

which reimbursement has been or will be requested from the DOE under the DOE settlement agreements is as follows:

	December 31, 2025	December 31, 2024
DOE receivable - current[a]	$ 117	$ 124
DOE receivable - noncurrent[b]	28	42
Amounts owed to co-owners[c]	(20)	(40)

(a) Recorded in Accounts receivable, net.
(b) Recorded in Other deferred debits and other assets.
(c) Recorded primarily in Accounts payable and accrued expenses and Accounts receivable, net. Represents amounts owed to the co-owners of Peach Bottom, Quad Cities, and NMP Unit 2 generating facilities.

The Standard Contracts with the DOE also required the payment to the DOE of a one-time fee applicable to nuclear plants that generated SNF prior to April 7, 1983. The below table outlines the SNF liability, which is recorded within Other deferred credits and other liabilities, as of December 31, 2025 and 2024:

	December 31, 2025	December 31, 2024
Former ComEd units[a]	$ 1,271	$ 1,219
Fitzpatrick[b]	155	147
Total SNF Obligation	$ 1,426	$ 1,366

(a) ComEd previously elected to defer payment of the one-time fee of $277 million for its units that began operations before April 7, 1983, with interest to the date of payment, until just prior to the first delivery of SNF to the DOE. The unfunded liabilities for SNF disposal costs, including the one-time fee, were transferred to us as part of Exelon's 2001 corporate restructuring. See Note 10 — Asset Retirement Obligations for additional detail on Zion Station's SNF obligation which is included in the table above.
(b) A prior owner of FitzPatrick elected to defer payment of the one-time fee of $34 million, with interest to the date of payment, for the FitzPatrick unit. As part of the FitzPatrick acquisition on March 31, 2017, we assumed a SNF liability for the DOE one-time fee obligation with interest related to FitzPatrick along with an offsetting asset, included in Other deferred debits and other assets, for the contractual right to reimbursement from NYPA, a prior owner of FitzPatrick, for amounts paid for the FitzPatrick DOE one-time fee obligation.

Interest for our SNF liabilities accrues at the 13-week Treasury Rate. The 13-week Treasury Rate in effect for calculation of the interest accrual at December 31, 2025 and 2024 was 3.906% and 4.553%, respectively for the deferred amount transferred from ComEd, and 3.953% and 4.615%, respectively, for the deferred FitzPatrick amount.

The following table summarizes sites for which we do not have an outstanding SNF Obligation:

Description	Sites
Fees have been paid or began operations after April 7, 1983	Former PECO units, Braidwood, Byron, Calvert Cliffs, Clinton, LaSalle Unit 2, NMP Unit 2, and STP
Outstanding SNF Obligation remains with former owners	NMP Unit 1, Ginna, and Crane

Environmental Remediation Matters

General. Our operations have in the past, and may in the future, require substantial expenditures to comply with environmental laws. Additionally, under Federal and state environmental laws, we are generally liable for the costs of remediating environmental contamination of property now or formerly owned by us and of property contaminated by hazardous substances generated by us. We own or lease several real estate parcels, including parcels on which our operations or the operations of others may have resulted in contamination by substances that are considered hazardous under environmental laws. In addition, we are currently involved in proceedings relating to sites where hazardous substances have been deposited and may be subject to additional proceedings in the future. Unless otherwise disclosed, we cannot reasonably estimate whether we will incur significant liabilities for additional investigation and remediation costs at these or additional sites identified by us,

environmental agencies or others. Additional costs could have a material, unfavorable impact on our consolidated financial statements.

As of December 31, 2025 and 2024, we had accrued undiscounted amounts for environmental liabilities of $9 million and $60 million, respectively, in Accounts payable and accrued expenses and $169 million for both periods in Other deferred credits and other liabilities in the Consolidated Balance Sheets.

Cotter Corporation. The EPA has advised Cotter Corporation (N.S.L.) (Cotter), a former ComEd subsidiary, that it is potentially liable in connection with radiological contamination at two sites in Missouri. In 2000, ComEd sold Cotter to an unaffiliated third-party. As part of the sale, ComEd agreed to indemnify Cotter for any liability arising from these two Missouri superfund sites, West Lake Landfill and Latty Avenue. In connection with Exelon's 2001 corporate restructuring, this responsibility to indemnify Cotter was transferred to us, and ultimately retained by us per the terms of our separation from Exelon. Refer to Note 1 — Basis of Presentation for additional information on the separation.

West Lake Landfill. Including Cotter, there are three PRPs currently participating in the West Lake Landfill remediation proceeding.

West Lake Landfill; Operable Unit 1 (OU1); Landfill Remediation. In September 2018, the EPA issued its Record of Decision Amendment (RODA) for the selection of a final remedy that requires partial excavation of the radiological materials and capping the landfill. The EPA and the PRPs have entered into a Consent Agreement to perform the Remedial Design, which is now expected to be completed in 2026. In March 2019, the PRPs received Special Notice Letters from the EPA to perform the Remedial Action work. The total estimated cost of the design, remedy, and operation and maintenance, considering the current EPA technical requirements, is approximately $560 million, including cost escalation on an undiscounted basis.

West Lake Landfill; Operable Unit 3 (OU3); Groundwater Study. In September 2018, the three identified PRPs, including Cotter, signed an Administrative Settlement Agreement and Order on Consent for the performance by the PRPs of the groundwater Remedial Investigation Feasibility Study (RI/FS). The purpose of this RI/FS is to define the nature and extent of any groundwater contamination from the West Lake Landfill site and evaluate remedial alternatives. We estimate the undiscounted cost for the groundwater RI/FS to be approximately $60 million. At this time we cannot predict the likelihood, or the extent to which remediation activities, if any, may be required and therefore cannot estimate a reasonably possible range of loss for response costs beyond those associated with the RI/FS component.

We determined a loss associated with the EPA's partial excavation and landfill cover remedy and the groundwater RI/FS is probable and have recorded a liability for each, both of which are included in the total amount as discussed above, that reflects management's best estimate of Cotter's allocable share of the cost among the PRPs. Given the joint and several nature of these two liabilities, the amount of our ultimate liability will depend on the actual costs incurred to implement the required remedy at OU1 and the required study at OU3, as well as on the nature and terms of any cost-sharing arrangements with the final group of PRPs. It is reasonably possible that the ultimate cost and Cotter's associated allocable share could differ significantly once these uncertainties are resolved, which could have a material impact on our results of operations and financial condition.

Latty Avenue and Vicinity Properties. In August 2011, Cotter was notified by the DOJ that Cotter is considered a PRP with respect to the government's clean-up costs for contamination attributable to low-level radioactive residues at a former storage and reprocessing facility named Latty Avenue near St. Louis, Missouri.

Latty Avenue was investigated and remediated by the United States Army Corps of Engineers pursuant to funding under the Formerly Utilized Sites Remedial Action Program. The PRPs reached a settlement of this matter and the government filed a motion for entry of a Consent Decree, which was entered by the Court on January 24, 2025. Payment of $50 million plus statutory interest was made on January 30, 2025. The consent decree settles past and future responses costs incurred by the United States Army Corp of Engineers and DOE for their response actions conducted in connection with the release or threatened release of hazardous substances, including radioactive substances at Latty Avenue and certain additional adjacent properties.

Litigation

We are involved in various litigation matters that are being defended and handled in the ordinary course of business. The assessment of whether a loss is probable or reasonably possible, and whether the loss or a range of loss is estimable, often involves a series of complex judgments about future events. We maintain accruals for such losses that are probable of being incurred and subject to reasonable estimation. Management is sometimes unable to estimate an amount or range of reasonably possible loss, particularly where (1) the damages sought are indeterminate, (2) the proceedings are in the early stages, or (3) the matters involve novel or unsettled legal theories. In such cases, there is considerable uncertainty regarding the timing or ultimate resolution of such matters, including a possible eventual loss.

Impacts of the February 2021 Extreme Cold Weather Event and Texas-based Generating Assets Outages. Beginning on February 15, 2021, our Texas-based generating assets within the ERCOT market, specifically Colorado Bend II, Wolf Hollow II, and Handley, experienced outages as a result of extreme cold weather conditions.

Various lawsuits have been filed against us since the February 2021 event and outages. In March 2021, we, along with more than 150 power generators and transmission and distribution companies, were sued by approximately 160 individually named plaintiffs, purportedly on behalf of all Texans who allegedly suffered loss of life or sustained personal injury, property damage, or other losses as a result of the weather events. The plaintiffs alleged that the defendants failed to properly prepare for the cold weather and failed to properly conduct their operations, seeking compensatory as well as punitive damages. Thereafter, numerous other plaintiffs filed multiple lawsuits against more than 300 defendants, including us, involving similar allegations of liability and claims of personal injury and property damage all arising out of the February weather events. These additional lawsuits allege wrongful death, property damage, or other losses. Co-defendants in these lawsuits include ERCOT, transmission and distribution utilities and other generators.

In December 2021, approximately 130 insurance companies which insured Texas homeowners and businesses filed a subrogation lawsuit against multiple defendants alleging that defendants were at fault for the energy failure that resulted from the winter storm, causing significant property damage to the insureds. Subsequently, several hundred other insurance companies filed similar claims. All of these cases were combined in a Multi-District-Litigation (MDL) pending in Texas state court, which established a bellwether process to consider initial motions to dismiss by the different industry groups of defendants. Defendants filed motions to dismiss the amended complaints in five bellwether cases in July 2022. In February 2023, the court granted the motions to dismiss pertaining to us in part and denied them in part, leaving the plaintiffs' negligence and nuisance claims to proceed. Since the motions to dismiss were partially denied, thousands of new claimants, many in multiple mass tort actions, filed lawsuits in various Texas state courts naming us, among hundreds of other defendants. The majority of these cases were transferred to the MDL. The MDL involves over 200 cases brought by approximately 30,000 plaintiffs, including more than 1,300 insurance companies, and we are defendants in the majority of them. We had also been named in an alleged class action that sought to assert claims on behalf of over 4.1 million Texans within ERCOT who lost power during Winter Storm Uri. The court subsequently denied certification of the class, and plaintiffs have not presently pursued on appeal.

In December 2023, the Court of Appeals for the First District of Texas granted the power generator defendants' Petition for a Writ of Mandamus in the five bellwether cases and ordered the MDL court to dismiss the remaining claims against the power generator defendants, including our entities. The motions to dismiss in the five bellwether cases are expected to be applied to all the claims against the power generator defendants in the MDL. In January 2024, plaintiffs filed motions for en banc reconsideration of the order with the full court of appeals in all five bellwether cases. In November 2024, the court denied plaintiffs' motions. In January 2025, plaintiffs petitioned the Supreme Court of Texas for mandamus review, requesting that the court reinstate the MDL court's denial of the generator defendants' motions to dismiss and thereby permit plaintiffs' claims to proceed. In June 2025, the court requested consolidated briefing on the merits in each of the five bellwether cases. The briefing concluded in February 2026, and the parties now await a decision from the court.

In addition to the cases pending in the MDL in Texas state court, in January 2025, the Attorney General of the State of Oklahoma filed a lawsuit in state court against us, along with 10 other defendants, alleging antitrust and consumer protection act violations as well as unjust enrichment in connection with the sale, transport and marketing of natural gas to state agencies, municipalities and the people of the state of Oklahoma during the extreme cold weather event. The Attorney General seeks compensatory and punitive damages. In March 2025,

defendants filed multiple motions to dismiss the lawsuit, which were denied by the court in August 2025. The parties are now engaged in discovery with trial likely to be scheduled in 2027.

We dispute liability and deny that we are responsible for any of plaintiffs' alleged claims and are vigorously contesting them. No loss contingencies have been reflected in the consolidated financial statements with respect to these matters, nor can we currently estimate a range of loss. It is reasonably possible, however, that resolution of these matters could have a material, unfavorable impact on our consolidated financial statements.

Asbestos Personal Injury Claims. We maintain a reserve for claims associated with asbestos-related personal injury actions at certain facilities that are currently owned by us or were previously owned by ComEd, PECO, or BGE. The estimated liabilities are recorded on an undiscounted basis and exclude the estimated legal costs associated with handling these matters, which could be material.

At December 31, 2025 and 2024, we recorded estimated liabilities of approximately $120 million and $125 million, respectively, in total for asbestos-related bodily injury claims. These amounts are primarily included in Other deferred credits and other liabilities in the Consolidated Balance Sheets. Current amounts included in Accounts payable and accrued expenses are not material in either of the periods presented. As of December 31, 2025, approximately $17 million of this amount related to 251 open claims presented to us, while the remaining $103 million is for estimated future asbestos-related bodily injury claims anticipated to arise through 2055, based on actuarial assumptions and analyses, which are updated on an annual basis. On a quarterly basis, we monitor actual experience against the number of forecasted claims to be received and expected claim payments and evaluate whether adjustments to the estimated liabilities are necessary.

19. Shareholders' Equity

Share Repurchase Program (CEG Parent)

Since 2023, our Board of Directors authorized the repurchase of up to $3 billion of the Company's outstanding common stock. Share repurchases may be made through a variety of methods, which may include open market transactions, privately negotiated transactions, or purchases pursuant to a Rule 10b5-1 trading plan, provided that the amounts spent do not exceed what is authorized. Any repurchased shares are constructively retired and cancelled. The program does not obligate us to acquire a minimum number of shares during any period and our repurchase of the Company's common stock may be limited, suspended, or discontinued at any time at our discretion and without prior notice. No other repurchase plans or programs have been authorized. As of December 31, 2025, there was approximately $593 million of remaining authority to repurchase shares of the Company's outstanding common stock.

During 2025, there were no open market repurchases. During 2024, we repurchased from the open market approximately 1.2 million shares of our common stock for a total cost, inclusive of taxes and transaction costs, of $150 million.

In 2024 and 2025, we entered into ASR agreements with financial institutions to initiate share repurchases of our common stock. Under the ASR agreements, we paid a specified amount to the financial institutions and received an initial delivery of shares of common stock, which resulted in an immediate reduction in the number of our shares outstanding. Based on the terms of the ASR agreements, we received an initial share delivery based on 80% of each ASR agreements' cost. Upon settlement of the ASR agreements, the financial institution delivers additional incremental shares. The total number of shares ultimately delivered, and therefore the average price paid per share, is determined at the end of the applicable purchase period of each ASR agreement based on the average of the daily-volume weighted average share price, less a discount.

The following table summarizes each ASR agreement for the years ended December 31, 2025 and December 31, 2024:

(in millions, except average price paid per share)

ASR Agreement Initiation	Total Cost	Initial Shares Received	ASR Agreement Settlement	Additional Shares Received	Total Number of Shares Purchased	Average Price Paid per Share
March 2024	$ 354	1.7	May 2024	0.2	1.9	$ 182.65
May 2024	$ 505	1.8	July 2024	0.6	2.4	$ 211.40
June 2025	$ 404	1.1	August 2025	0.2	1.3	$ 311.84

Capped Call Options. During 2025, we entered into two structured share repurchase agreements. Under these agreements, we made up-front cash payments in exchange for the right to receive a predetermined amount of shares of our common stock or cash at expiration. Neither option was exercised during 2025, therefore we did not receive any shares at expiration. As a result, we received our initial up-front cash payments of $150 million plus a nominal cash premium. The cash received restored the remaining authority available for repurchases.

Changes in Accumulated Other Comprehensive Income (Loss) (All Registrants)

The following tables present changes in AOCI, net of tax, by component:

20. Stock-Based Compensation Plans

Our LTIP grants cash and stock-based awards that primarily include performance share awards and restricted stock units. Our LTIP authorized 20,000,000 shares of common stock for these awards.

The following table presents the stock-based compensation expense included in the Consolidated Statements of Operations and Comprehensive Income:

	For the Years Ended December 31,		
	2025	2024	2023
Total stock-based compensation expense included in Operating and maintenance expense	$ 385	$ 332	$ 178
Income tax benefit	(99)	(85)	(45)
Total after-tax stock-based compensation expense	$ 286	$ 247	$ 133

We receive a tax deduction based on the intrinsic value of the award on the distribution date for performance share awards and restricted stock units. The tax deduction related to performance share awards and restricted stock units was not material for the years ended December 31, 2025, 2024, and 2023. For each award, throughout the requisite service period, we recognize the tax benefit related to compensation costs. For performance share awards and restricted stock units, our realized tax benefit when distributed was not material for the years ended December 31, 2025, 2024, and 2023.

Performance Share Awards

Performance share awards are granted under the LTIP. The performance share awards are typically settled 50% in common stock and 50% in cash at the end of the three-year performance period, subject to certain ownership thresholds that, if met, may result in cash settlement of the entire award.

The common stock portion of the performance share awards is considered an equity award and is valued based on our stock price on the grant date. The cash portion of the performance share awards is considered a liability award which is remeasured each reporting period based on the current stock price. As the value of the common stock and cash portions of the awards are based on the stock price during the performance period, coupled with changes in the total expected payout of the award, the compensation costs are subject to volatility until payment is made.

For nonretirement-eligible employees, performance share awards are recognized over the vesting period of three years using the straight-line method. For performance share awards granted to retirement-eligible employees, the value of the performance shares is recognized ratably over the vesting period, which is the year of grant. We process forfeitures as they occur for employees who do not complete the requisite service period.

The following table summarizes our unvested performance share awards activity:

	Shares	Weighted Average Grant Date Fair Value (per share)
Unvested at December 31, 2024	535,626	$ 99.06
Granted	120,057	321.83
Change in performance	96,623	313.60
Forfeited	(3,812)	195.73
Undistributed vested awards[a]	(469,066)	332.97
Unvested at December 31, 2025	279,428	$ 198.49

(a) Represents performance share awards that vested but were not distributed to retirement-eligible employees during 2025 and 2024.

The following table summarizes the weighted average grant date fair value and the total fair value of performance share awards vested:

	December 31, 2025[a]	December 31, 2024[a]
Weighted average grant date fair value (per share)	$ 321.83	$ 127.03
Total fair value of performance shares vested	156	138

(a) As of December 31, 2025 and 2024, total unrecognized compensation costs related to unvested performance shares of $41 million and $50 million, respectively, are expected to be recognized over the remaining weighted average period of 1.5 years.

Restricted Stock Units

Restricted stock units are granted under the LTIP with the majority being settled in a specific number of shares of common stock after the service condition has been met. The corresponding cost is measured based on the grant date fair value of the restricted stock unit issued.

The value of the restricted stock units is expensed over the requisite service period using the straight-line method. The requisite service period for restricted stock units is generally three to five years. However, certain restricted stock unit awards become fully vested upon the employee reaching retirement eligibility. The value of the restricted stock units granted to retirement-eligible employees is recognized ratably over the vesting period, which is the year of grant. We process forfeitures as they occur for employees who do not complete the requisite service period.

The following table summarizes our unvested restricted stock unit activity:

	Shares	Weighted Average Grant Date Fair Value (per share)
Unvested at December 31, 2024	809,093	$ 96.53
Granted	265,512	312.97
Vested	(437,388)	82.45
Forfeited	(11,067)	197.23
Undistributed vested awards[a]	(76,272)	271.03
Unvested at December 31, 2025	549,878	$ 181.54

(a) Represents restricted stock units that vested but were not distributed to retirement-eligible employees during 2025 and 2024.

The following table summarizes the weighted average grant date fair value and the total fair value of restricted stock units vested:

	December 31, 2025[a]	December 31, 2024[a]
Weighted average grant date fair value (per share)	$ 312.97	$ 134.18
Total fair value of restricted stock units vested	57	42

(a) As of December 31, 2025 and 2024, total unrecognized compensation costs related to unvested restricted stock units of $57 million and $41 million, respectively, are expected to be recognized over the remaining weighted average period of 1.9 years and 1.8 years, respectively.

21. Variable Interest Entities

As of December 31, 2025 and 2024, we consolidated several VIEs or VIE groups for which we are the primary beneficiary (see Consolidated VIEs below) and had significant interests in several other VIEs for which we do not have the power to direct the entities' activities and, accordingly, we were not the primary beneficiary (see Unconsolidated VIEs below). Consolidated and unconsolidated VIEs are aggregated to the extent that the entities have similar risk profiles.

Consolidated VIEs

The table below shows the carrying amounts and classification of the consolidated VIEs' assets and liabilities included in the consolidated financial statements as of December 31, 2025 and 2024. The assets, except as noted in the footnotes to the table below, can only be used to settle obligations of the VIEs. The liabilities, except as noted in the footnotes to the table below, are such that creditors, or beneficiaries, do not have recourse to our general credit.

(a) Our balances include unrestricted assets for current UEC assets of $17 million and $22 million, disclosed within other current assets in the table above and noncurrent UEC assets of $116 million and $133 million, disclosed within other noncurrent assets in the table above as of December 31, 2025 and 2024, respectively.

As of December 31, 2025 and 2024, our consolidated VIEs included the following:

Consolidated VIE or VIE groups:	Reason entity is a VIE:	Reason we are the primary beneficiary:
CRP - A collection of wind and solar project entities. We have a 51% equity ownership in CRP. See additional discussion below.	Similar structure to a limited partnership and the limited partners do not have kick-out rights with respect to the general partner.	We conduct the operational activities.
Bluestem Wind Energy Holdings, LLC - A Tax Equity structure which is consolidated by CRP.	Similar structure to a limited partnership and the limited partners do not have kick-out rights with respect to the general partner.	We conduct the operational activities.
Antelope Valley - A solar generating facility, which is 100% owned by us. Antelope Valley sells all of its output to PG&E through a PPA.	The PPA contract absorbs variability through a performance guarantee.	We conduct all activities.
NER - A bankruptcy remote, special purpose entity which is 100% owned by us, which purchases certain of our customer accounts receivable arising from the sale of retail electricity. NER's assets will be available first and foremost to satisfy the claims of the creditors of NER. Refer to Note 7 —Accounts Receivable for additional information on the sale of receivables.	Equity capitalization is insufficient to support its operations.	We conduct all activities.

CRP - CRP is a collection of wind and solar project entities and some of these project entities are VIEs that are consolidated by CRP. While we or CRP own 100% of the solar entities and 100% of the majority of the wind entities, it has been determined that the wholly owned solar and wind entities are VIEs because the entities' customers absorb price variability from the entities through fixed price power and/or REC purchase agreements. Additionally, for the wind entities that have minority interests, it has been determined that these entities are VIEs because the governance rights of some investors are not proportional to their financial rights. We are the primary beneficiary of these solar and wind entities that qualify as VIEs because we control operations and direct all activities of the facilities. There is limited recourse to us related to certain solar and wind entities.

In 2017, our interests in CRP were contributed to and are pledged for the CR nonrecourse debt project financing structure. Refer to Note 16 — Debt and Credit Agreements for additional information.

Unconsolidated VIEs

Our variable interests in unconsolidated VIEs generally include energy purchase and sale contracts. The carrying amount of assets and liabilities in the Consolidated Balance Sheets that relate to our involvement with the VIEs are predominantly related to working capital accounts and generally represent the amounts owed by, or owed to us for the deliveries associated with the current billing cycles under the commercial agreements.

As of December 31, 2025 and 2024, we had unconsolidated variable interests in several VIEs for which we were not the primary beneficiary.

The following table presents summary information about our unconsolidated VIE entities:

Commercial Agreement VIEs	December 31, 2025	December 31, 2024
Total assets[a]	$ 711	$ 617
Total liabilities[a]	95	42
Other ownership interests in VIE[a]	616	575

(a) These items represent amounts on the unconsolidated VIE balance sheets, not in the Consolidated Balance Sheets. These items are included to provide information regarding the relative size of the unconsolidated VIEs. We do not have any exposure to loss as we do not have a carrying amount in the equity investment VIEs as of December 31, 2025 and 2024.

As of December 31, 2025 and 2024, the unconsolidated VIEs consist of:

Unconsolidated VIE groups:	Reason entity is a VIE:	Reason we are not the primary beneficiary:
Energy Purchase and Sale agreements - We have several energy purchase and sale agreements with generating facilities.	PPA contracts that absorb variability through fixed pricing.	We do not conduct the operational activities.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

During the fourth quarter of 2025, our principal executive officer and principal financial officer, evaluated the effectiveness of our disclosure controls and procedures related to the recording, processing, summarizing, and reporting of information in periodic reports that we file or submit with the SEC. These disclosure controls and procedures have been designed to ensure that (a) information relating to our consolidated subsidiaries, is accumulated and made known to our management, including our principal executive officer and principal financial officer, by other employees as appropriate to allow timely decisions regarding required disclosure, and (b) this information is recorded, processed, summarized, and reported, as applicable, within the time periods specified in the SEC's rules and forms. Due to the inherent limitations of control systems, not all misstatements may be detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls could be circumvented by the individual acts of some persons or by collusion of two or more people.

Accordingly, as of December 31, 2025, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective to accomplish their objectives.

Changes in Internal Control Over Financial Reporting

We continually strive to improve our disclosure controls and procedures to enhance the quality of our financial reporting and to maintain dynamic systems that change as conditions warrant. There have been no changes in internal control over financial reporting that occurred during the fourth quarter of 2025 that have materially affected, or are reasonably likely to materially affect, any of our internal control over financial reporting.

Internal Control Over Financial Reporting

Management is required to assess and report on the effectiveness of its internal control over financial reporting as of December 31, 2025. As a result of that assessment, management determined that there were no material weaknesses as of December 31, 2025 and, therefore, concluded that our internal control over financial reporting was effective. Management's Report on Internal Control Over Financial Reporting is included in ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

ITEM 9B. OTHER INFORMATION

Rule 10b5-1 Trading Plans

During the three months ended December 31, 2025, none of our directors or executive officers (as defined in Rule 16a-1 under the Exchange Act) adopted or terminated any contract, instruction or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or any "non-Rule 10b5-1 trading arrangement" (as defined in Item 408 under Regulation S-K of the Exchange Act).

ITEM 9C. DISCLOSURE REGARDING FOREIGN JURISDICTIONS THAT PREVENT INSPECTIONS

Not Applicable.

PART III

Constellation Energy Generation, LLC meets the conditions set forth in General Instruction I(1)(a) and (b) of Form 10-K for a reduced disclosure format. Accordingly, all items in this section relating to Constellation are not presented.

Directors, Director Nomination Process and Audit Committee

The information required under ITEM 10 concerning directors and nominees for election as directors at the annual meeting of shareholders (Item 401 of Regulation S-K), the director nomination process (Item 407(c)(3)), the audit committee (Item 407(d)(4) and (d)(5)), and the beneficial reporting compliance (Sec. 16(a)) is incorporated herein by reference to information to be contained in our definitive 2026 proxy statement (2026 Constellation Proxy Statement) to be filed with the SEC on or before April 30, 2026 pursuant to Regulation 14A or 14C, as applicable, under the Securities Exchange Act of 1934.

Code of Conduct and Ethics

In connection with the completion of the separation from Exelon, our Board of Directors adopted a code of conduct and ethics (Code of Ethics), effective February 1, 2022, that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions. The Code of Ethics was updated in July 2024, as approved by the Board of Directors, and in February 2026 and is available upon written request to our corporate secretary or on our website at www.ConstellationEnergy.com. If we amend provisions of our Code of Ethics that apply to, or grant a waiver from a provision of our Code of Ethics for, an executive officer, we will publicly disclose such amendment or waiver on our website and as required by applicable law or listing rules. The information contained on, or accessible from, our website is not part of this annual report by reference or otherwise.

Insider Trading Policy

The Company has adopted an insider trading policy that governs the purchase, sale, and/or other transactions of our securities by our directors, officers and employees. A copy of our insider trading policy is filed as Exhibit 19-1 to this Annual Report on Form 10-K. In addition, with regard to the Company's trading in its own securities, it is the Company's policy to comply with the federal securities laws and the applicable exchange listing requirements.

ITEM 11. EXECUTIVE COMPENSATION

The information required by this item will be set forth under "Executive Compensation Data" and "Report of the Compensation Committee" in the Constellation Proxy Statement for the 2026 Annual Meeting of Shareholders which is incorporated herein by reference.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The information required by this item will be set forth under "Ownership of Constellation Stock" in the Constellation Proxy Statement for the 2026 Annual Meeting of Shareholders which is incorporated herein by reference.

Securities Authorized for Issuance under Constellation Equity Compensation Plans

	[A] Number of securities to be issued upon exercise of outstanding Options, warrants and rights (Note 1)	[B] Weighted-average price of outstanding Options, warrants and rights	[C] Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column [A]) (Note 2)
Equity compensation plans approved by security holders	1,743,951	N/A	33,200,578

(1) Balance includes outstanding performance shares and restricted stock units that were granted under the Constellation LTIP (including shares awarded under those plans and deferred into the stock deferral plan) and deferred stock units granted to directors as part of their compensation. Unvested performance shares are subject to performance metrics and to a credit rating modifier. In addition, pursuant to the terms of the Constellation LTIP plan, 50% of final payouts are made in the form of shares of common stock and 50% is made in form of in cash, or if the participant has exceeded 200% of their stock ownership requirement, 100% of the final payout is made in cash. For performance shares, the total includes the maximum number of shares that could be issued assuming all participants receive 50% of payouts in shares and assuming the performance and credit rating modifier metrics were both at maximum, representing best case performance, for a total of 742,646 shares. If the performance and total shareholder return modifier metrics were at "target", the number of securities to be issued for such awards would be 371,323. The balance also includes 203,456 shares to be issued upon the conversion of deferred stock units awarded to members of the Constellation Board of Directors. Conversion of the deferred stock units to shares of common stock occurs after a director terminates service on the Constellation board.

(2) Includes 16,615,296 shares remaining available for issuance from the employee stock purchase plan and 16,585,282 shares remaining available for issuance to former Constellation employees with outstanding awards made under the Constellation LTIP.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

The additional information required by this item will be set forth under "Related Persons Transactions" and "Director Independence" in the Constellation Proxy Statement for the 2026 Annual Meeting of Shareholders which is incorporated herein by reference.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The information required by this item will be set forth under "The Ratification of PricewaterhouseCoopers LLP as Constellation's Independent Registered Public Accounting Firm for 2026" in the Constellation Proxy Statement for the 2026 Annual Meeting of Shareholders which is incorporated herein by reference.

DESCRIPTION OF THE REGISTRANT'S SECURITIES REGISTERED PURSUANT TO SECTION 12 OF THE SECURITIES EXCHANGE ACT OF 1934

The following is a summary of the material terms of our common stock, without par value ("common stock"), based on our Amended and Restated Articles of Incorporation (the "Articles") and our Second Amended and Restated Bylaws (our "bylaws" and, together with the Articles, the "Charter Documents") currently in effect under Pennsylvania law. The summary is not complete and is qualified in its entirety by reference to these documents, which have been filed with the U.S. Securities and Exchange Commission (the "SEC") as exhibits to our Current Report on Form 8-K, filed with the SEC on February 2, 2022, and our Current Report on Form 8-K, filed with the SEC on July 29, 2022, respectively, and which you must read (along with the applicable provisions of Pennsylvania law) for complete information on our common stock.

Throughout this exhibit, "we," "us," "our" and the "Company" refer to Constellation Energy Corporation and not to any of its subsidiaries.

Authorized Capital Stock

Under the Articles, our authorized capital stock consists of 1,000,000,000 shares of our common stock and 100,000,000 shares of our preferred stock, without par value ("preferred stock").

Common Stock

As of February 1, 2026, we had 361,990,335 shares of common stock outstanding. The outstanding shares of our common stock are validly issued, fully paid and nonassessable.

Dividends

Holders of our common stock are entitled to receive ratably those dividends, if any, as may be declared from time to time by our board of directors (our "Board"), in its discretion, out of funds legally available therefor, subject to any preferential dividend rights of any outstanding preferred stock.

Voting Rights

Except as otherwise provided in the Pennsylvania Business Corporation Law of 1988, as amended (the "PBCL"), and, subject to the rights of holders of any series of our preferred stock, the holders of our common stock have the exclusive voting power, and each holder of our common stock is entitled to one vote for every share of our common stock held by such holder. Except as otherwise provided in the PBCL or the Charter Documents, whenever any corporate action is to be taken by vote of the shareholders of the Company, it shall be authorized by the affirmative vote of a majority of the votes cast by all shareholders entitled to vote thereon at a duly organized meeting of shareholders. The shareholders of the Company may act only at a duly organized meeting.

Liquidation Rights

In the event of a liquidation, dissolution or winding up of the Company, the holders of our common stock are entitled to share ratably in all assets and funds available for distribution after the payment of all of the Company's liabilities and subject to the liquidation preferences of any outstanding preferred stock.

Other Rights and Preferences

Our common stock does not carry preemptive rights, is not redeemable, does not have any conversion rights, is not subject to further calls and is not subject to any sinking fund provisions. The rights and preferences of holders of our common stock are subject to the rights of any series of preferred stock that we may issue.

Preferred Stock

As of February 1, 2026, we had zero shares of preferred stock outstanding. Under the terms of the Articles, our Board has the full authority permitted by law to determine the voting rights, if any, and designations, preferences, limitations and special rights of any class or any series of any class of our preferred stock that may be desired to the extent not determined by the Articles.

Certain Anti-Takeover Provisions

Provisions of the PBCL and the Charter Documents could make it more difficult to acquire control of the Company by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, are expected to discourage certain types of coercive takeover practices and takeover bids that our Board may consider inadequate and to encourage persons seeking to acquire control of the Company to first negotiate with our Board. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure the Company outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

Potential Issuances of the Company's Preferred Stock

Although we do not currently have any shares of our preferred stock outstanding, our Board is authorized under the Articles to establish, from our authorized but unissued shares of preferred stock, one or more series of shares of preferred stock and to determine, with respect to any such series of preferred stock, the terms and rights of such series, including, for example, the designation, the preferences, limitations and special rights. Thus, the rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of any series of our preferred stock that our Board may designate and we may issue in the future.

The authorized shares of the Company, including shares of preferred stock and common stock, will be available for issuance without further action by the Company's shareholders, unless such action is required by applicable law or the rules of any stock exchange or automated quotation system on which the Company's securities may be listed or traded.

Provisions for Shareholder Nominations and Shareholder Proposals at Annual Meetings

Our bylaws require shareholders seeking to nominate persons for election as directors at an annual meeting of shareholders, or to bring other business before an annual meeting (other than a proposal submitted under Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), to provide timely notice in writing. A shareholder's notice must be in proper written form and must set forth the information required under our bylaws, including information related to the shareholder of record giving the notice, the beneficial owner (if any) on whose behalf the nomination or proposal is made and their control persons and information about the proposal or nominee for election to our Board.

A shareholder who meets criteria specified in our bylaws may also require that the Company include one or more eligible shareholder nominees in the Company's proxy materials through provisions commonly referred to as "proxy access." Subject to the requirements set forth in our bylaws, any shareholder or group of up to twenty shareholders holding both full economic interest and investment and voting rights with respect to at least 3% of the Company's outstanding common stock continuously for at least three years may require that shareholder nominees representing up to 20% of the directors to be elected be included in the Company's proxy materials for the meeting.

Provisions Relating to the Election of the Company's Board of Directors

Under the Charter Documents, shareholders are entitled to only one vote for each share held in all elections for directors, and shareholders do not have the right to cumulate their votes for the election of directors. As required by the PBCL, directors shall be elected by a plurality of votes cast. However, in an election of directors that is not a contested election (as defined in our bylaws), if any nominee who is not an incumbent director receives a plurality of the votes cast but does not receive a majority of the votes cast, the resignation of such nominee previously tendered pursuant to our bylaws will be automatically accepted and if any nominee who is an incumbent director receives a plurality of the votes cast but does not receive a majority of the votes cast, the committee of our Board authorized to nominate candidates for election to our Board will make a recommendation to our Board on whether to accept the director's resignation previously tendered pursuant to our bylaws or whether other action should be taken.

Classified Board

Our Board is divided into three classes, with each class as nearly equal in number as possible. Commencing with the fourth annual meeting of shareholders, which will be held in 2026, all of our directors will stand for election each year for annual terms, and our Board will therefore no longer be divided into three classes. Following the 2026 annual meeting of shareholders, each director will hold office for a one-year term and until such director's successor is duly elected and qualified or until such director's earlier death, resignation or removal.

Before our Board becomes declassified at the 2026 annual meeting of shareholders, it would have taken at least two elections of directors for any individual or group to have gained control of our Board. Accordingly, while the classified board of directors was in effect, these provisions could have discouraged a third party from initiating a proxy contest, making a tender offer or otherwise attempting to gain control of the Company.

Removal of Directors

Under the Articles, except as may be otherwise provided with respect to directors elected by the holders of any series of our preferred stock, our entire Board or any individual director may be removed from office only with cause by vote of at least a majority of the voting power of all shares entitled to vote generally in the election of directors, voting together as a single class. Under the Articles, cause for removal will exist only if the director whose removal is proposed has been either declared of unsound mind by an order of a court of competent jurisdiction, convicted of a felony or of an offense punishable by imprisonment for a term of more than one year by a court of competent jurisdiction or deemed liable by a court of competent jurisdiction for gross negligence or willful misconduct in the performance of such director's duties to the Company.

Size of Board

Under the Articles, subject to any rights of holders of our preferred stock with respect to the election of directors upon the occurrence of a default in the payment of dividends or in the performance of another express requirement of the terms of such preferred stock, the number of directors on our Board may not be less than five nor more than 15. Within such limit, the number of directors constituting the whole board will be fixed solely by resolution adopted by a majority of our entire Board (assuming no vacancies). Our Board currently consists of twelve members.

Director Vacancies

Under the Articles, except as may be otherwise provided with respect to directors elected by the holders of any series of our preferred stock, vacancies in our Board, including vacancies resulting from an increase in the number of directors or from the failure by shareholders to elect the full authorized number of directors, may only be filled by a majority vote of the remaining members of our Board, or by a sole remaining director, and each person so selected shall be a director to serve for the remainder of the full term of the directorship in which the vacancy occurred and until a successor has been elected and qualified or until his or her earlier death, resignation or removal.

Amendment to Articles

Under the PBCL, only our Board, or shareholders who are entitled to cast at least 10% of the votes that all shareholders are entitled to cast on an amendment to the Articles and who comply with statutory procedures, may propose any amendment to the Articles. In addition to any other vote that may be required by law, applicable stock exchange rule or the terms of any series of our preferred stock, any amendment to the Articles will require the affirmative vote of the holders of at least a majority of the voting power of all shares of the Company entitled to vote generally in the election of directors, voting together as a single class, except for amendments on matters specified in the PBCL that do not require shareholder approval.

Amendment to Bylaws

Except as otherwise provided in the express terms of any series of the shares of the Company, any one or more provisions of our bylaws may be altered or repealed by our Board except that our Board may not adopt, alter or repeal bylaws that the PBCL specifies may be adopted only by shareholders and our Board may not amend or repeal any bylaw adopted by the shareholders that provides that it shall not be amended or repealed by our Board. Except as otherwise provided in the express terms of any series of the shares of the Company, the shareholders may adopt new bylaws, or amend or repeal bylaws, with the affirmative vote of at least a majority of the voting power of all shares of the Company entitled to vote generally in the election of directors, voting together as a single class.

Special Meetings of Company Shareholders

The Charter Documents do not contain a provision permitting shareholders to call a special meeting.

Shareholder Action by Written Consent

The Charter Documents do not contain a provision permitting action by written consent of the shareholders.

Pennsylvania Anti-Takeover Statutes

Under Section 1715 of the PBCL, directors stand in a fiduciary relation to their corporation and, as such, are required to perform their duties in good faith, in a manner they reasonably believe to be in the best interests of the corporation and with such care, including reasonable inquiry, skill and diligence, as a person of ordinary prudence would use under similar circumstances. In discharging their duties, directors may, in considering the best interests of their corporation, consider various constituencies, including, shareholders, employees, suppliers, customers and creditors of the corporation, and upon communities in which offices or other establishments of the corporation are located. Absent a breach of fiduciary duty, a lack of good faith or self-dealing, any act of the board of directors, a committee thereof or an individual director is presumed to be in the best interests of the corporation. The PBCL expressly provides that the fiduciary duty of directors does not require them to (i) redeem or otherwise render inapplicable outstanding rights issued under any shareholder rights plan; (ii) render inapplicable the anti-takeover statutes set forth in Chapter 25 of the PBCL (described below); or (iii) take any action solely because of the effect it may have on a proposed acquisition or the consideration to be received by shareholders in such a transaction.

Chapter 25 of the PBCL contains several anti-takeover statutes applicable to publicly-traded corporations. Corporations may opt out of such anti-takeover statutes under certain circumstances. We have not opted out of any of such statutes.

Section 2538 of Subchapter 25D of the PBCL requires certain transactions with an "interested shareholder" to be approved by the affirmative vote of the holders of shares representing at least a majority of the votes that all disinterested shareholders are entitled to cast with respect to such transaction. "Interested shareholder" is defined broadly to include any shareholder who is a party to the transaction or who is treated differently than other shareholders and affiliates of the corporation.

Subchapter 25E of the PBCL requires a person or group of persons acting in concert that acquires 20% or more of the voting shares of the corporation to offer to purchase the shares of any other shareholder at "fair value." "Fair value" means the value not less than the highest price paid by the controlling person or group during the 90-day period prior to the control transaction, plus a control premium. Among other exceptions, Subchapter 25E does not apply to shares acquired directly from the corporation in a transaction exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act") or to a one-step merger.

Subchapter 25F of the PBCL generally establishes a five-year moratorium on a "business combination" with an "interested shareholder." "Interested shareholder" is defined generally to be any beneficial owner of 20% or more of the corporation's voting stock. "Business combination" is defined broadly to include mergers, consolidations, asset sales and certain self-dealing transactions. Certain restrictions apply to business combination following the five-year period. Among other exceptions, Subchapter 25F will be rendered inapplicable if the board of directors approves the proposed business combination or approves the interested shareholder's acquisition of 20% of the voting shares, in either case prior to the date on which the shareholder first becomes an interested shareholder.

Subchapter 25G of the PBCL provides that "control shares" lose voting rights unless such rights are restored by the affirmative vote of a majority of (i) the disinterested shares (generally, shares held by persons other than the acquirer, executive officers of the corporation and certain employee stock plans) and (ii) the outstanding voting shares of the corporation. "Control shares" are defined as shares which, upon acquisition, will result in a person or group acquiring for the first time voting control over (a) 20%, (b) 33 1/3% or (c) 50% or more of the outstanding shares, together with shares acquired within 180 days of attaining the applicable threshold and shares purchased with the intention of attaining such threshold. A corporation may redeem control shares if the acquiring person does not request restoration of voting rights

as permitted by Subchapter 25G. Among other exceptions, Subchapter 25G does not apply to a merger, consolidation or a share exchange if the corporation is a party to the transaction agreement.

Subchapter 25H of the PBCL provides in certain circumstances for the recovery by the corporation of profits realized from the sale of its stock by a controlling person or group if the sale occurs within 18 months after the controlling person or group became a controlling person or group, and the stock was acquired during such 18-month period or within 24 months before such period. A controlling person or group is a person or group that has acquired, offered to acquire or publicly disclosed an intention to acquire 20% or more of the voting shares of the corporation. Among other exceptions, Subchapter 25H does not apply to transactions approved by both the board of directors and the shareholders prior to the acquisition or distribution, as appropriate.

Subchapter 25I of the PBCL mandates severance compensation for eligible employees who are terminated within 24 months after the approval of a control share acquisition. Eligible employees generally are all employees employed in Pennsylvania for at least two years prior to the control share approval. Severance equals the weekly compensation of the employee multiplied by the employee's years of service (up to 26 years), less payments made due to the termination.

Subchapter 25J of the PBCL requires the continuation of certain labor contracts relating to business operations owned at the time of a control share approval.

Limitations on Liability of Directors and Indemnification of Directors and Officers

The PBCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their shareholders for monetary damages for any action taken as directors, unless the director has breached or failed to perform the duties of his or her office under Subchapter B of Chapter 17 of the PBCL and the breach or failure to perform constitutes self-dealing, willful misconduct or recklessness. However, this does not apply to the responsibility or liability of a director pursuant to any criminal statute or the liability of a director for the payment of taxes pursuant to federal, state or local law. The Articles include such an exculpation provision.

Our bylaws generally provide indemnification and advancement of expenses for our directors and officers to the fullest extent permitted by the PBCL. The PBCL provides that indemnification shall not be made in respect in any case where the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted willful misconduct or recklessness.

We have in place policies meant to insure our directors and officers and those of our subsidiaries against certain liabilities they may incur in their capacities as directors and officers. Under these policies, the insurer, on our behalf, may also pay amounts for which we have granted indemnification to the directors or officers.

The limitation of liability and indemnification provisions in our bylaws may discourage shareholders from bringing a lawsuit against directors for breach of their fiduciary duties. These provisions may also have the effect of reducing the likelihood of derivative litigation against our directors and officers, even though such an action, if successful, might otherwise benefit the Company and our shareholders. However, these provisions will not limit or eliminate the Company's rights, or those of any shareholder, to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director's fiduciary duties. The provisions will not alter the liability of directors under the federal securities laws.

Exclusive Forum

The Articles provide that unless our Board consents in writing to an alternative forum, a state court within the Commonwealth of Pennsylvania (or if no such state court has jurisdiction, a federal district court within the Commonwealth of Pennsylvania), to the fullest extent permitted by law and subject to the court's having personal jurisdiction over all indispensable parties named as defendants, will be the sole and exclusive forum for: (i) any derivative action or proceeding brought on behalf of the Company (including any derivative suit brought to enforce any liability or duty created by the Exchange Act), (ii) any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer or employee of the Company to the Company or its shareholders, (iii) any action asserting a claim against the Company or any of its directors, officers or employees arising pursuant to any provision of the PBCL or as to which the PBCL confers jurisdiction on the Pennsylvania Courts of Common Pleas or the Charter Documents or (iv) any action asserting a claim against the Company or any of its directors, officers or employees governed by the internal affairs doctrine.

The Articles also provide that unless a majority of our Board consents in writing to an alternative forum, the federal district courts of the United States of America, to the fullest extent permitted by law, will be the sole and exclusive forum for the resolution of any action asserting a cause of action arising under the Securities Act. Insofar as a derivative action or proceeding seeks to enforce a liability or duty under the Exchange Act, our exclusive forum provision may be ineffective as the Exchange Act creates exclusive federal jurisdiction over suits brought to enforce any duty or liability created by the Exchange Act. Thus, although the Articles include these exclusive forum provisions, it is possible that a court could rule that these provisions are inapplicable or unenforceable. Investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder.

CERTIFICATION PURSUANT TO RULE 13a-14(a) AND 15d-14(a) OF THE SECURITIES AND EXCHANGE ACT OF 1934

I, Joseph Dominguez, certify that:

1. I have reviewed this annual report on Form 10-K of Constellation Energy Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
   (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
   (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
   (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
   (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
   (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
   (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Subject: Cognos - FAMIS / Informatica Maintenance * NEW BLANKET CREATION

Robert,

Please approve this request for a 3-year BPO creation with Cognos. This BPO will be replacing BPNC23000248, which will be expiring July 2026.
This is for the support of our FAMIS system and Informatica (Intelligent Data Management Cloud) systems. The annual maintenance is for these products and their associated proprietary software components. Product support includes functional and technical support. Product maintenance refers to product updates and upgrades. Please note that Cogsdale is proprietary developer and supplier of this software and the only vendor who can provide the modifications. Sole Source Letter is provided as well.
The total cost for 3 years is $1,098,958.02 with a PO to be issued annually. Year 1 term will be 7/1/2026 - 6/30/2027 at $342,551.56

Please let I.T. know if anything further is needed to approve the creation of the P.O.

Thank you,
Jessica

Join us with continued Support on your Cogsdale products

Dear Valued Customer,

We have prepared Support and Maintenance renewal estimates for three year. Our goal is to support your budgeting efforts as proactively as possible. Help us help you by letting us know your fiscal year timelines in advance, so we can send these estimates at the right time for your planning cycle.

Additional Information:
Requests to renegotiate contract terms will not affect the payment due date, as the total outstanding amount remains unchanged.
30 days before your renewal date, we should have received your full payment, allowing time for new
licenses to be generated, delivered, and installed before the renewal date. Cogsdale will not be responsible for payment to third-party vendors or producing new licenses until your invoice is paid.

IN EXECUTING THIS BID, THE BIDDER WARRANTS THAT THE PRICES SUBMITTED HEREIN ARE NOT HIGHER THAN THOSE OFFERED TO ANY GOVERNMENTAL OR COMMERCIAL CONSUMER FOR LIKE DELIVERIES. THE PRICES HEREIN SHOULD NOT INCLUDE ANY FEDERAL EXCISE TAXES OR SALES TAXES IMPOSE BY ANY STATE OR MUNICIPAL GOVERNMENT. SUCH TAXES, IF INCLUDED, MUST BE DEDUCTED BY THE BIDDER WHEN SUBMITTING BID. BIDDERS ARE REQUESTED TO ALSO READ THE TERMS AND CONDITIONS.

BID TERMS AND CONDITIONS

1. Bids on equipment must be on standard new equipment, latest model, except as otherwise specifically stated in proposal or detailed specification. Where any part of nominal appurtenances of equipment is not described, it shall be understood that all equipment and appurtenances which are usually provided in the manufacturer's stock model shall be furnished.
2. Bids on materials and supplies must be for new items except as otherwise specifically stated in bid or detailed specifications.
3. Bidder declares that the bid is made without any connection with any other Bidder, submitting a bid for the same items, and is in all respects fair and without collusion or fraud.
4. PRICES The provisions of the New York State Fair Trade Law (Fed-Crawford Act) and the federal price discrimination law (Robinson-Patman Act) do not apply to purchases made by the County.
5. SURETY In the event that an award is made hereunder, The Director of Purchase reserves the right to request successful bidders to post, within one week, security for faithful performance, with the understanding that the whole or any part thereof may be used by the County of Nassau to supply any deficiency that may arise from any default on the part of the Bidder. Such security must meet all the requirements of the County Attorney and be approved by the County Attorney.

6. SAMPLES, when required, must be submitted strictly in accordance with instructions; otherwise bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered within five (5) days of the request for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the Bidder desires their return; also specifying the address to which they are to be returned, provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. Samples will be returned at the Bidders risk and expense.

7. Award The Director, Office of Purchasing reserves the right before making award to make investigations as to whether or not the items, qualifications or facilities offered by the Bidder meet the requirements set forth herein and are sample and sufficient to insure the proper performance in the event of award. The Bidder must be prepared, if requested by the Director, to present evidence of experience, ability and financial standing, as well as a statement as to plant, machinery and capacity of the manufacturer for the production and distribution of the material on which he is bidding. Upon request of the Director, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bids are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualification, financial standing or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

8. Awards will be made to the lowest responsible Bidder. Cash discounts will not be a factor in determining awards, except in tie bids. Consideration will be given to the reliability of the Bidder, the quantities of the materials, equipment or supplies to be furnished, their conformity with the specifications, the purpose for which required and the terms of delivery.

9. The Director reserves the right to reject and all bids in whole or in part and to waive technical defects, irregularities and omissions if in his judgment the best interests of the County will be served.

10. Unless otherwise indicated herein, the Director reserves the right to make award by items, by classes, by group of items, or as a whole.

11. DELIVERIES Upon failure of the Vendor to deliver within the time specified, or within reasonable time as interpreted by the Director, or failure to make replacement of rejected articles, when so requested immediately or as directed by the Director, the Director may purchase from other sources to take the place of the item rejected or not delivered. The Director reserves the right to authorize immediate purchase from other sources against rejections on any order when necessary. On all-such purchases the Vendor agrees to promptly reimburse the County for excess cost occasioned by such purchases. Should the cost be less, the Vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.

12. An order may be canceled at the Vendors expense upon nonperformance. Failure of the Vendor to furnish additional surety within ten (10) days from date of requested shall be sufficient cause for the cancellation of the order.

13. When in the determination of the Director, the articles or equipment delivered fail to meet County specifications or, if in the determination of the Director, the Vendor consistently fails to deliver as ordered, the Director reserves the right, to cancel the order and purchase the balance from other sources at Vendor expense.

14. Delivery must be made as ordered and in accordance with the bid. If delivery instructions do not appear on order. It will be interpreted to mean prompt delivery. The decision of the Director as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of order shall rest with the Vendor.

15. The County Agencies will not schedule any deliveries for Saturdays, Sundays or Legal Holiday, except commodities required for daily consumption or where the delivery is an emergency, a replacement, or is overdue, in which event the convenience of the Agency will govern.

16. Supplies shall be securely and properly packed for shipment, according to accepted commercial practice, without extra charge for packing cases, reels, bailing or sacks, the containers to remain the property of the agency unless definitely stated otherwise in the bid.

17. The Vendor shall be responsible for delivery of supplies in good condition at point of destination. The Vendor shall file all claims with carrier for breakage, imperfections and other losses, which will be deducted from invoices. The receiving Agency will note for the benefit of Vendor when packages are not received in good conditions.

18. All supplies which are customarily labeled or identified must have securely affixed thereto the original un-mutilated label or marking of the manufacturer.

19. Billings for deliveries must be rendered on County claim forms.

20. Furniture, machines, and other equipment must be delivered, installed and set in place as directed, ready for use unless otherwise specified.

21. Deliveries are subject to reweighing at destination by the County and payment will be made on the basis of materials delivered. Normal shrinkage will be allowed in such instances where shrinkage is possible. Short weight shall be sufficient cause for cancellation of order at Vendors expense.

22. GUARANTEES BY BIDDER Bidder hereby guarantees: (a) To save the County, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or un-copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in the performance hereof of which the Bidder is not the Patentee, assignee or licensee, and to defend any action brought against the County in the name of the County and under the direction of the County Attorney at the sole cost of the Bidder or in the sole option of the Director to pay the cost of such defense to the County. (b) His products against defective material or workmanship and to repair any damages or marring occasioned in transit.

(c) To furnish adequate protection from damage for all work and to repair damages of any kind, for which he or his workmen are responsible, to the building or equipment, to this own work or the work of other Vendors, or in the opinion of the Director to pay for the same by deductions in payments due under this contract.

(d) To pay for ail permits, licenses and fees and give all notices and comply with all laws ordinances, rules and regulations of the city, village or town in which the installation his to be made, and of the County of Nassau and the State of New York.

(e) To carry proper insurance in the opinion of the Director, and approved by the County Attorney to protect the County from loss in case of accident, fire and theft.

(f) That he will keep himself fully informed, of all municipal ordinances and regulations, state and national laws in any manner affecting the work or goods herein specified, and any extra work contracted for by him, and shall at all times observe and comply with said ordinances, laws and regulations, including all provisions of the Workmen Compensation and Labor Laws, and shall indemnify and save harmless the County of Nassau and the Nassau County Legislature from loss and liability upon any and all Claims on account of any physical injury to persons, including death, or damage to property and from all cost and expenses in suits which may be brought against the same on account of such injuries irrespective of the actual cost of the same and irrespective of whether the same shall have been due to the negligence of the Bidder or his agents.

(g) That the items furnished shall conform to all the provisions of the bid and this warranty shall survive acceptance or use of any material so furnished.

(h) That all deliveries will not be inferior to the accepted bid sample.

23. LABOR LAWS and ANTIDISCRIMINATION. Upon the vendor acceptance hereof, the vendor agrees to comply with Article IX, Section 2 C of the Constitution of the State of New York, Section 220 220a, 220b, 220d, 220e and 230 of the Labor Law, Section 5 and 12 of the Lien Law, Article 2 of the Uniform Commercial Code, Sections 108 and 109 as well as Article 18 of the General Municipal Law, Section 2218 of the County Government Law of Nassau County. Section 224.2 of the Nassau County Administrative Code, the provisions of the anti-Discrimination Order of Nassau County, and the vendor shall keep himself fully informed of all additional municipal ordinances and regulations, State and National Laws in any manner affecting this order and the goods or services delivered or rendered or to be delivered or rendered there under, and shall at all times observe and comply with said ordinances, laws and regulations at his sole cost and expense.

24. ASSIGNMENT. The contractor is hereby prohibited from assigned, transferring, conveying, subletting or otherwise disposing of this contract or his right, title, or interest therein, or his power to execute such contract, to any other person or corporation without the previous consent in writing of the officer, board or agency awarding the contract.

25. The County of Nassau will not be responsible nor liable for any shipment or delivery of any materials, supplies, or equipment without it's express written instructions or valid Purchase Order.

26. No agreements, changes, modifications or alterations shall be deemed effective nor shall the same be binding upon the County unless in writing and signed by the Director, Office of Purchasing or his duly/ designated representative.

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgrading's, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgrading's, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan, any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.

BIDDER SIGN HERE Muhammad Khan — **BIDDER**

CEO — **TITLE**

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators' award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars ($100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term

"County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities, or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

1) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
2) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
3) All Participating Employees have completed the acknowledgement required by the Vendor Code of Ethics;
4) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent under this Agreement;
5) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgements as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgements for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and
6) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work under this Agreement.

INDEMNIFICATION:

Contractor agrees to indemnify and hold harmless County and its agents, officers and employees, from and against any and all losses, costs, expenses (including attorneys' fees and disbursements), damages and liabilities, arising out of or in connection with any acts or omissions of Contractor, its officers, agents or employees, provided, however, that Contractor shall not be responsible for that portion, if any, of a loss that is caused by the negligence of the County; and provided, further, that Contractor shall not be liable for consequential, indirect or special damages. Contractor shall, at County's demand and at County's direction, defend at its own risk and expense any and all suits, actions or legal proceedings which may be brought against County, its agents, officers or employees in connection with a loss for which Contractor is responsible under this paragraph.

DEFINITIONS:

- The term "County" as used herein, shall be deemed as reference to the County of Nassau, State of New York.
- The term "Contractor" as used herein, shall be deemed as reference to the successful bidder, vendor, proprietor, partnership, or corporation receiving an award to perform any or all of the services specified herein in accordance with the terms of this agreement.

Prior to the bid opening, the following disclosure forms (the "Disclosure Forms") must be submitted in the Nassau County Vendor Portal at

- https://www.nassaucountyny.gov/5290/Vendor-Accounts-and-Claims

https://apex5.nassaucountyny.gov/ords/f?p=312:LOGIN_DESKTOP:15144991403451:::::

a. A duly completed and verified Business History Form, together with a current certified or verified financial statement and/or other commercially reliable written evidence of the bidder's credit, financial standing and capacity to perform in accordance with the terms of the Contract.

b. All officers, and any individuals who hold a ten percent (10%) or greater ownership interest in the bidder, shall complete and verify the Principal Questionnaire.

c. The County of Nassau Consultant's, Contractor's and Vendor's Disclosure Form

d. Additionally, if the bidder utilizes the services of any individual or organization for the purposes of conducting lobbying activities and is awarded the contract, the successful proposer will be required to provide a copy of the Lobbyist Registration and Disclosure Form, completed and verified by that individual/organization.

PLEASE NOTE:

- If a bidder has previously submitted the Disclosure Forms in the Nassau County Vendor Portal, the bidder must ensure that the forms on file in the Portal are current, accurate, and have been recertified within three (3) months prior to the bid opening date. The bidder must also ensure that their response to question 7, and its subparts, on the Consultant's, Contractor's, and Vendor's Disclosure Form is provided in relation to the specific solicitation under consideration.

REQUESTS FOR INFORMATION OR CLARIFICATION

Before bidding, bidders must examine all of the Contract documents, including the specifications, any drawings, and all instructions. If the bidder finds any inconsistency, ambiguity, omission or error in the specifications, drawings, instructions or any other Contract document, or if the bidder is in doubt as to the meaning of any term or condition of the Contract, the bidder must promptly so notify the **Office of Purchasing** in writing prior to the bid opening. The failure of the bidder to notify the **Office of Purchasing**, prior to the bid opening of any inconsistency, ambiguity, omission or error that the bidder actually found, or that should have been discovered by a reasonably prudent bidder, will preclude and negate acceptance of the bidder's claim.

If the **Office of Purchasing** receives a notification from a bidder of a differing site condition or an inconsistency, ambiguity, omission or error in the Contract documents, the **Office of Purchasing** will, as it deems necessary or desirable, issue a written interpretation or correction to the Contract documents as an amendment to the Contract documents. Any such amendment will be made available electronically to each person that received a copy of the Contract documents as reflected in the records of the **Office of Purchasing** , and any such amendment will also be available at the place where the Contract documents are available for inspection by prospective bidders.

Upon such mailing or delivery, such amendment shall become part of the Contract documents and shall be binding on all bidders, whether or not they have had actual notice of such addendum.

Please note that all bidder requests for information or clarification must be received by the Authority at least 72 hours prior to the bid opening. Any bidder requests for information or issues with the contract documents presented after that time may not be addressed by the Office of Purchasing.

Ordinance # 153-2018

Pursuant to Ordinance # 153-2018, a bidder that is awarded a contract under this bid is required to pay the County an administrative service charge in accordance with the following schedule:

Value of Contract	Administrative Fee
$0-$10,000	$0
Over $10,000-$50,000	$160
Over $50,000-$100,000	$266
Over $100,000	$533

After an award, the successful bidder(s) will be notified by the Director of Shared Services, or their designee, when payment of the administrative charge is due. Please note, if you are a religious, charitable, nonprofit, or not-for-profit organization, please include this information in your bid for consideration by the Director of the Shared Services to waive the fee.

Ordinance # 72-2014

The bidder declares that they are a registered vendor with the County. All registered vendors must pay a Two Hundred Seventy-Five Dollar ($275.00) per contract fee to register Blanket contracts on the County's procurement website, as required under Ordinance # 72-2014.

INTENT

SCOPE: It is the intent of the County of Nassau to properly describe by these specifications and terms an adequate method of providing: **FORTINET HARDWARE/SOFTWARE EQUIPMENT & LICENSE**

PURPOSE: The purpose of this bid is to establish a price structure on which items and/or services listed herein will be purchased at once by Purchase Order.

AWARD: Award, if any, will be made to the lowest responsible bidder, who in the opinion of the Director of Purchasing, meets the specifications and qualifications stated herein. The Director of Purchasing reserves the right to make an award be items, groups, or classes of items or as a whole. Awards will be made in accordance with the terms and conditions attached hereto and made part hereof.

DELIVERY: Bidders are required to state guaranteed delivery date in terms of days after receipt of order in the space provided below and on page one. Bidders are cautioned to post realistic delivery dates. Guaranteed delivery dates will be strictly enforced. Must be made within 15 days A/R/O unless stated otherwise below:

Delivery to be made 30 **Days A/R/O.**

Delivery shall be made **ONLY** upon receipt of a Purchase Order, or in the case of a Blanket Order, upon receipt of a Direct Purchase Order(s) from a using agency authorized to use the Blanket Order which will be issued to the successful bidder. Purchase Order and Direct Purchase Order shall indicate the destination address. Inside delivery is required on all deliveries.
Bidders agree that all orders shall be effective and binding upon the contractor when PLACED IN THE MAIL addressed to the Contractor at the address shown on the Blanket Order/Purchase Order PRIOR TO MIDNIGHT OF THE FINAL DAY OF CONTRACT.

INSPECTION: Bidders should be aware of Inspection and Delivery requirements as stipulated.

RETENTION OF BID: Vendor is required to make a copy of his completed bid document and applicable attachments. Any purchase orders issued against this bid will refer to the bid and attachments to designate items awarded.

METHOD OF BIDDING: Please submit unit price in the appropriate column.

PRICE DISCREPANCY: In the event of a discrepancy between the unit price and the extension price, the unit price will govern.

PRICE PROTECTION: Bidders are required to state period of price protection (in terms of days) after the bid opening.

STATE PRICE PROTECTION PERIOD: _____ **DAYS AFTER BID OPENING**

TAX PROVISION: Purchases made by the County of Nassau are not subject to State, Local Sales Taxes or Federal Excise Taxes. Federal Exemption #A-109538 State Exemption #EX 7213062C. The County of Nassau is not subject to any Existing "Fair Trade Agreements" and bidders should be governed accordingly.

EXTENSION OF PRICE: It is anticipated that additional quantities of items specified herein may be required in the ensuing year. According, the County of Nassau requests that the prices bid be protected and be available to the County of Nassau for one (1) year from the date of the award. Economic conditions may not permit the price protection for an entire year. Bidders are requested to state the period for which bid prices will be applicable to potential additional orders.

NEW YORK STATE PRICES: Bidders must represent and warrant that if they are under contract with New York State for items specified herein, that the price quoted to the County is not higher than the price per unit quoted to New York State for like quantities.

RECORD RETENTION: Contractor shall retain complete and accurate records and documents related to this Agreement for six (6) years following the later of termination or final payment. Such records shall at all times be available for audit and inspection by the County.

ADDITIONAL BIDS: The County reserves the right, for any un-contemplated additional requirements of extraordinary quantities of particular items to call for new bids, therefore, whenever in the opinion of the Director of the Office of Purchase it is in the best interests of the County of Nassau to do so.

NON-ASSIGNMENT: In accordance with Section 138 of the State Finance Law, the contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of Nassau County and any attempts to assign the contract without the County's written consent are null and void.

NON-PERFORMANCE:
The Contractor agrees that in the event any of the services provided for under the terms of this contract should in any way be omitted or unsatisfactorily performed by the Contractor and/or his employees, the county shall so notify the contractor verbally and follow with a written notification of the deficient services for immediate correction. In the event the Contractor does not correct the deficient services after receipt of written notification, the Nassau County Department concerned will deduct a percentage based on the work not performed or performed unsatisfactorily from the Contractor's claim for the period covered. If the Contractor continues to omit or unsatisfactorily perform the required services, the County will arrange for the work to be done by another contractor and the cost of such work shall be deducted from any monies due or that may become due to the Contractor.

PRODUCT IDENTIFICATION: If a product(s) is identified by a BRAND NAME, a substitute of equal quality, construction, finish, composition, size, workmanship and performance characteristics may be acceptable. In submitting a bid, each bidder warrants that the substitute product being offered is an equal. Bid sheets shall be so noted of the manufacturer's name and brand of the product offered as an equal. If as a result of an award, a delivery is made of a brand or product represented as an equal which is subsequently deemed to be unacceptable, the Contractor shall be required, at his expense, to pick up the rejected item and replace it with brand(s) listed in this bid, or an acceptable equal which will have the approval of the Director.

GOVERNING LAW: Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of law's provisions thereof.

ACCESS CLAUSE: Contractor, including its satellites, offices and/or subcontractors, if any, shall maintain full and complete books and records of accounts pertaining to this agreement, in accordance with accepted accounting practices and such other records as may be reasonably prescribed by the County of Nassau. Such books and records shall at all times be available for audit and inspection by the completion of all the services described in this agreement. Contractor further agrees that if any provision of Section 952 of the Omnibus Reconciliation Act of 1980 (PL-96-499) is found by a body of competent jurisdiction to be applicable to this contract, the Contractor agrees that it will make available upon written request by the Secretary of Health and Human Services, or the Comptroller General of the General Accounting Office, or any of their duly authorized representatives, a copy of this contract and any executed amendments thereto documents which relate to the calculation of the charges stated in the contract and copies of service reports documenting services performed. Such records will be available in accordance with the above for the period of six (6) years after the furnishing of any of the services described in this contract.

TERMINATION PREROGATIVE: The Director reserves the right to cancel the Purchase Order by giving not less than thirty (30) days written notice that, on or after a date therein specified, the contract shall be deemed terminated and cancelled.

VENDOR RESPONSIBILITY CRITERIA: The Director of Purchasing reserves the right before making an award to make investigations as to whether or not the qualifications, services, facilities or items offered by the bidder meet the requirements set forth herein and are ample and sufficient to ensure the proper performance in the event of an award. The bidder must be prepared, if requested by the Director of Purchasing, to present evidence of experience, ability, financial standing, as well as a statement as to plant, machinery, trained personnel and capacity for the rendition of the service on which the vendor is bidding. Upon request of the Director, the successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bid are not complied with or that the services or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing, or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the forgoing shall mean or imply that it is obligatory upon the Director to make any examinations before an award; and it is further understood that, if such examination is made, it in no way relieves the bidder from fulfilling all requirements and conditions of the bid.

IMPORTANT NOTE: The Director reserves the right to accept or reject any and all bids, or separable portions of offers, and waive technicalities, irregularities, and omissions if the Director determines the best interests of the County of Nassau will be served. The Director, in his sole discretion, may accept or reject illegible, incomplete or vague bids and his decision shall be final. A conditional or revocable bid which clearly communicates the terms or limitations of acceptance may be considered and contract award may be made in compliance with the bidder's conditional or revocable terms in the offer. Prior to award, the Director reserves the right to seek clarifications, request bid revisions, or to request any information deemed necessary for proper evaluation of bids from all bidders deemed to be eligible for contract award. Failure to provide requested information may result in rejection of the bid.

Additional Notes

ATTENTION - Due to ongoing global supply chain challenges impacting the microelectronics and semiconductor sectors, pricing volatility is expected to persist through 2026. Hardware and related support/services costs are projected to rise steadily throughout the year. Any expired quotes must be refreshed prior to purchase, and we strongly recommend placing orders promptly to lock in current pricing.
By accepting this quote for Fortinet Products, Buyer agrees to the pass-through terms located at https://www.fortinet.com/content/dam/fortinet/assets/legal/EULA.pdf and https://www.fortinet.com/content/dam/fortinet/assets/legal/Fortinet-Service-Offering-Terms.pdf

IN EXECUTING THIS BID, THE BIDDER WARRANTS THAT THE PRICES SUBMITTED HEREIN ARE NOT HIGHER THAN THOSE OFFERED TO ANY GOVERNMENTAL OR COMMERCIAL CONSUMER FOR LIKE DELIVERIES. THE PRICES HEREIN SHOULD NOT INCLUDE ANY FEDERAL EXCISE TAXES OR SALES TAXES IMPOSE BY ANY STATE OR MUNICIPAL GOVERNMENT. SUCH TAXES, IF INCLUDED, MUST BE DEDUCTED BY THE BIDDER WHEN SUBMITTING BID. BIDDERS ARE REQUESTED TO ALSO READ THE TERMS AND CONDITIONS.

### BID TERMS AND CONDITIONS

1. Bids on equipment must be on standard new equipment, latest model, except as otherwise specifically stated in proposal or detailed specification. Where any part of nominal appurtenances of equipment is not described, it shall be understood that all equipment and appurtenances which are usually provided in the manufacturer's stock model shall be furnished.
2. Bids on materials and supplies must be for new items except as otherwise specifically stated in bid or detailed specifications.
3. Bidder declares that the bid is made without any connection with any other Bidder, submitting a bid for the same items, and is in all respects fair and without collusion or fraud.
4. PRICES. The provisions of the New York State Fair Trade Law (Fed-Crawford Act) and the federal price discrimination law (Robinson-Patman Act) do not apply to purchases made by the County.
5. SURETY. In the event that an award is made hereunder, The Director of Purchase reserves the right to request successful bidders to post, within one week, security for faithful performance, with the understanding that the whole or any part thereof may be used by the County of Nassau to supply any deficiency that may arise from any default on the part of the Bidder. Such security must meet all the requirements of the County Attorney and be approved by the County Attorney.

6 SAMPLES Samples, when required, must be submitted strictly in accordance with instructions; otherwise bid may not be considered. If samples are requested subsequent to bid opening they shall be delivered within five (5) days of the request for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the Bidder desires their return; also specifying the address to which they are to be returned, provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. Samples will be returned at the Bidders risk and expense.

7 Award The Director, Office of Purchasing reserves the right before making award to make investigations as to whether or not the items, qualifications or facilities offered by the Bidder meet the requirements set forth herein and are sample and sufficient to insure the proper performance in the event of award. The Bidder must be prepared, if requested by the Director, to present evidence of experience, ability and financial standing, as well as a statement as to plant, machinery and capacity of the manufacturer for the production and distribution of the material on which he is bidding. Upon request of the Director, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bids are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualification, financial standing or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award, and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

8. Awards will be made to the lowest responsible Bidder. Cash discounts will not be a factor in determining awards, except in tie bids. Consideration will be given to the reliability of the Bidder, the quantities of the materials, equipment or supplies to be furnished, their conformity with the specifications, the purpose for which required and the terms of delivery.

9 The Director reserves the right to reject and all bids in whole or in part and to waive technical defects, irregularities and omissions if in his judgment the best interests of the County will be served.

10. Unless otherwise indicated herein, the Director reserves the right to make award by items, by classes, by group of items, or as a whole.

11. DELIVERIES Upon failure of the Vendor to deliver within the time specified, or within reasonable time as interpreted by the Director, or failure to make replacement of rejected articles, when so requested immediately or as directed by the Director, the Director may purchase from other sources to take the place of the item rejected or not delivered. The Director reserves the right to authorize immediate purchase from other sources against rejections on any order when necessary. On all such purchases the Vendor agrees to promptly reimburse the County for excess cost occasioned by such purchases. Should the cost be less, the Vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.

12. An order may be canceled at the Vendors expense upon nonperformance. Failure of the Vendor to furnish additional surety within ten (10) days from date of requested shall be sufficient cause for the cancellation of the order.

13 When in the determination of the Director, the articles or equipment delivered fail to meet County specifications or, if in the determination of the Director, the Vendor consistently fails to deliver as ordered, the Director reserves the right, to cancel the order and purchase the balance from other sources at Vendor expense.

14. Delivery must be made as ordered and in accordance with the bid. If delivery instructions do not appear on order, it will be interpreted to mean prompt delivery. The decision of the Director as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of order shall rest with the Vendor.

15. The County Agencies will not schedule any deliveries for Saturdays, Sundays or Legal Holiday, except commodities required for daily consumption or where the delivery is an emergency, a replacement, or is overdue, in which event the convenience of the Agency will govern.

16. Supplies shall be securely and properly packed for shipment, according to accepted commercial practice, without extra charge for packing cases, reels, bailing or sacks, the containers to remain the property of the agency unless definitely stated otherwise in the bid.

17. The Vendor shall be responsible for delivery of supplies in good condition at point of destination. The Vendor shall file all claims with carrier for breakage, imperfections and other losses, which will be deducted from invoices. The receiving Agency will note for the benefit of Vendor when packages are not received in good conditions.

18. All supplies which are customarily labeled or identified must have securely affixed thereto the original un-mutilated label or marking of the manufacturer.

19. Billings for deliveries must be rendered on County claim forms.

20. Furniture, machines, and other equipment must be delivered, installed and set in place as directed, ready for use unless otherwise specified.

21. Deliveries are subject to reweighing at destination by the County and payment will be made on the basis of materials delivered. Normal shrinkage will be allowed in such instances where shrinkage is possible. Short weight shall be sufficient cause for cancellation of order at Vendors expense.

22. GUARANTEES BY BIDDER Bidder hereby guarantees: (a) To save the County, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or un-copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in the performance hereof of which the Bidder is not the Patentee, assignee or licensee, and to defend any action brought against the County in the name of the County and under the direction of the County Attorney at the sole cost of the Bidder or in the sole option of the Director to pay the cost of such defense to the County. (b) His products against defective material or workmanship and to repair any damages or marring occasioned in transit.

(c) To furnish adequate protection from damage for all work and to repair damages of any kind, for which he or his workmen are responsible, to the building or equipment, to this own work or the work of other Vendors, or in the opinion of the Director to pay for the same by deductions in payments due under this contract.

(d) To pay for all permits, licenses and fees and give all notices and comply with all laws ordinances, rules and regulations of the city, village or town in which the installation his to be made, and of the County of Nassau and the State of New York.

(e) To carry proper insurance in the opinion of the Director, and approved by the County Attorney to protect the County from loss in case of accident, fire and theft.

(f) That he will keep himself fully informed, of all municipal ordinances and regulations, state and national laws in any manner affecting the work or goods herein specified, and any extra work contracted for by him, and shall at all times observe and comply with said ordinances, laws and regulations, including all provisions of the Workmen Compensation and Labor Laws, and shall indemnify and save harmless the County of Nassau and the Nassau County Legislature from loss and liability upon any and all Claims on account of any physical injury to persons, including death, or damage to property and from all cost and expenses in suits which may be brought against the same on account of such injuries irrespective of the actual cost of the same and irrespective of whether the same shall have been due to the negligence of the Bidder or his agents.

(g) That the items furnished shall conform to all the provisions of the bid and this warranty shall survive acceptance, or use of any material so furnished.

(h) That all deliveries will not be inferior to the accepted bid sample.

23. LABOR LAWS and ANTIDISCRIMINATION. Upon the vendor acceptance hereof, the vendor agrees to comply with Article IX, Section 2 C of the Constitution of the State of New York, Section 220 220a, 220b, 220d, 220e and 230 of the Labor Law, Section 5 and 12 of the Lien Law, Article 2 of the Uniform Commercial Code, Sections 108 and 109 as well as Article 18 of the General Municipal Law, Section 2218 of the County Government Law of Nassau County, Section 224 2 of the Nassau County Administrative Code, the provisions of the anti-Discrimination Order of Nassau County, and the vendor shall keep himself fully informed of all additional municipal ordinances and regulations, State and National Laws in any manner affecting this order and the goods or services delivered or rendered or to be delivered or rendered there under, and shall at all times observe and comply with said ordinances, laws and regulations at his sole cost and expense.

24. ASSIGNMENT. The contractor is hereby prohibited from assigned, transferring, conveying, subletting or otherwise disposing of this contract or his right, title, or interest therein, or his power to execute such contract, to any other person or corporation without the previous consent in writing of the officer, board or agency awarding the contract.

25. The County of Nassau will not be responsible nor liable for any shipment or delivery of any materials, supplies, or equipment without it's express written instructions or valid Purchase Order.

26. No agreements, changes, modifications or alterations shall be deemed effective nor shall the same be binding upon the County unless in writing and signed by the Director, Office of Purchasing or his duly designated representative.

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

**ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.**

**BIDDER SIGN HERE** Paul Dlouhy — **BIDDER**

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate , or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars ($100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition,

replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. *The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.*

Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

1) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
2) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
3) All Participating Employees have completed the acknowledgement required by the Vendor Code of Ethics;
4) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent under this Agreement;
5) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgements as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgements for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and
6) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work under this Agreement.

## REQUESTS FOR INFORMATION OR CLARIFICATION

Before bidding, bidders must examine all of the Contract documents, including the specifications, any drawings, and all instructions. If the bidder finds any inconsistency, ambiguity, omission or error in the specifications, drawings, instructions or any other Contract
document, or if the bidder is in doubt as to the meaning of any term or condition of the Contract, the bidder must promptly so notify the **Office of Purchasing** in writing prior to the bid opening. The failure of the bidder to notify the **Office of Purchasing**, prior to the bid opening of any inconsistency, ambiguity, omission or error that the bidder actually found, or that should have been discovered by a reasonably prudent bidder, will preclude and negate acceptance of the bidder's claim.

If the **Office of Purchasing** receives a notification from a bidder of a differing site condition or an inconsistency, ambiguity, omission or error in the Contract documents, the **Office of Purchasing** will, as it deems necessary or desirable, issue a written interpretation or correction to the Contract documents as an amendment to the Contract documents. Any such amendment will be made available electronically to each person that received a copy of the Contract documents as reflected in the records of the **Office of Purchasing** , and any such amendment will also be available at the place where the Contract documents are available for inspection by prospective bidders.

Upon such mailing or delivery, such amendment shall become part of the Contract documents and shall be binding on all bidders, whether or not they have had actual notice of such addendum.

**Please note that all bidder requests for information or clarification must be received by the Authority at least 72 hours prior to the bid opening. Any bidder requests for information or issues with the contract documents presented after that time may not be addressed by the Office of Purchasing.**

***Ordinance # 153-2018***

Pursuant to Ordinance # 153-2018, a bidder that is awarded a contract under this bid is required to pay the County an administrative service charge in accordance with the following schedule:

| Value of Contract | Administrative Fee |
|---|---|
| $0-$10,000 | $0 |
| Over $10,000-$50,000 | $160 |
| Over $50,000-$100,000 | $266 |
| Over $100,000 | $533 |

After an award, the successful bidder(s) will be notified by the Director of Shared Services, or their designee, when payment of the administrative charge is due. Please note, if you are a religious, charitable, nonprofit, or not-for-profit organization, please include this information in your bid for consideration by the Director of the Shared Services to waive the fee.

***Ordinance # 72-2014***

The bidder declares that they are a registered vendor with the County. All registered vendors must pay a Two Hundred Seventy-Five Dollar ($275.00) per contract fee to register Blanket contracts on the County's procurement website, as required under Ordinance # 72-2014.

## INTENT

**SCOPE**: It is the INTENT of the County of Nassau to properly describe by these specifications, terms and conditions an adequate method of providing **HVAC Duct Work Cleaning – Plan B** for the agency or agencies named herein in order that they may enjoy uninterrupted service in consideration for payment of the price bid.

**PURPOSE**: The purpose of this bid is to establish a price structure on which items and/or services listed herein will be made under Blanket orders.

**PERIOD COVERED**: Shall be for one (1) year from the effective date. The County of Nassau reserves the right to extend the Blanket Order up to an additional four (4) year(s), at up to one (1) year options. However, the termination of the Blanket Order may be further extended up to two (2) months beyond the stated termination date. The maximum period of any Blanket Order as a result of this bid with renewal options applied shall be five (5) year(s), and if the further extension is applied, five (5) years and two (2) months.

**ALL EXTENSIONS ARE SUBJECT UPON THE MUTUAL CONSENT OF BOTH PARTIES.**

**FIRM PRICES** Price shall remain firm for the first year of the Blanket Purchase Order and no upward escalation will be permitted. Thereafter, increases in labor and/or material(s) costs may be considered provided they are based on certified labor contracts, uncontrollable materials costs which can be verified in national publications or other increases auditable by the County of Nassau. The burden of proof for such increases shall be upon the Contractor and shall be formally directed to the Director of Purchasing. The decision as to whether or not such increases will be granted shall be made by the Director of Purchasing and shall be final. In the event an increase in not granted when requested, the Contractor may elect to continue at the bid prices or given written notice of termination, upon receipt of which the Blanket Purchase Order will be re-bid.

**AWARD:** Award, if any, will be made to the lowest responsible bidder, who in the opinion of the Director of Purchasing, meets the specifications and qualifications stated herein. The Director of Purchasing reserves the right to make an award be items, groups, or classes of items or as a whole. Awards will be made in accordance with the terms and conditions attached hereto and made part hereof.

**DELIVERY:** Bidders are required to state guaranteed delivery date in terms of days after receipt of order in the space provided below and on page one. Bidders are cautioned to post realistic delivery dates. Guaranteed delivery dates will be strictly enforced. Must be made within 15 days A/R/O unless stated otherwise below:

**Delivery to be made** _____ **Days A/R/O.** P.D. Paul Dlouhy

Delivery shall be made **ONLY** upon receipt of a Purchase Order, or in the case of a Blanket Order, upon receipt of a Direct Purchase Order(s) from a using agency authorized to use the Blanket Order which will be issued to the successful bidder. Purchase Order and Direct Purchase Order shall indicate the destination address. Inside delivery is required on all deliveries. Bidders agree that all orders shall be effective and binding upon the contractor when PLACED IN THE MAIL addressed to the Contractor at the address shown on the Blanket Order/Purchase Order PRIOR TO MIDNIGHT OF THE FINAL DAY OF CONTRACT.

**INSPECTION:** Bidders should be aware of Inspection and Delivery requirements as stipulated.

**BILLING:** Shall be made on County claim forms or Certified Invoices to the individual using County Agency upon completion of deliveries made against applicable Purchase Order(s) or Direct Purchase Order(s).

NO PARTIAL PAYMENTS WILL BE PAID.

an equal which is subsequently deemed to be unacceptable, the Contractor shall be required, at his expense, to pick up the rejected item and replace it with brand(s) listed in this bid, or an acceptable equal which will have the approval of the Director.

**PROTECTION FROM CLAIM AGAINST "OR EQUAL":** In the event of any claim by any unsuccessful bidder concerning or relating to the issue of "equal or better" or "or equal", the successful bidder agrees, at his own cost and expense, to defend such claims or claims and agrees to hold the County of Nassau free and harmless from any and all claims for loss or damage arising out of this transaction for any reason whatsoever.

**EQUIVALENT BIDS:** Bidders may offer a product of the same capability, but of different manufacture and model than that specified in this bid. The use of the name of a manufacturer, brand, make or catalog designation is specifying items described herein does not restrict or preclude bidders from offering equivalent or better product bids. Such a designation is used only to indicate the character, quality and minimum performance desired. Equal or better product bids are permissible. A bidder submitting an equal or better product shall, at his own cost and expense be responsible for submitting proof and/or a demonstration of equivalence, compatibility and performance. However, acceptance of an equivalent product shall be strictly at the discretion of the Director. Any omission of the term "or equal" in any specific bid item listing should be disregarded by the bidder. All bidders shall have an absolute right to submit "equivalent" bids notwithstanding any other provision of the bid specifications.

BIDDER TITLE

**COMPREHENSIVE AND GENERAL LIABILITY AND HOLD HARMLESS:** The Contractor agrees to indemnify and hold harmless the County of Nassau, its agents, officers and employees against any and all claims, causes of action, costs, and liabilities, in law or in equity, of every kind and nature whatsoever, directly or proximately resulting from any act of omission or commission of Contractor, its officers, agents, or employees. Contractor shall, at Nassau County's demand, defend at its own risk and expense any and all suits, actions or legal proceedings which may be brought or instituted against Nassau County, its agents, officers, or employees on any such claim, demand or cause of action, and Contractor shall pay and satisfy any judgment or decree which may be rendered against Nassau County, its agents, officers, or employees in any such suit, action or legal proceeding.

The Contractor shall obtain from an insurance company authorized to do business in the State of New York, and keep in force during the term of any agreement, a policy of Comprehensive and General Liability Insurance naming the Contractor as an insured, and naming the County of Nassau as an additional insured, including, but not limited, to the torts and negligence of Contractor's personnel, with a combined single minimum limit of three million dollars ($3,000,000.00) for bodily injury and property damage for any one occurrence at the Contractor's sole cost and expense. Evidence of insurance may be required prior to Notice of Award or issuance of a Purchase Order.

The Contractor shall comply with all provisions of the Workers' Compensation Law and shall furnish a certificate showing evidence of current coverage.
Bidder shall list below the Insurance Company(s) holding the following documents:
A) Certificate of Insurance name the County of Nassau as co-insured: Palomar Excess Surplus Insurance Company
Or
B) Certificate of Insurance with indemnification agreement (hold harmless clause): Penn American Insurance Company

**INSURANCE AND WORKERS COMPENSATION:** The successful bidder agrees to obtain from an insurance company, authorized to do business in the State of New York, and keep in force during the term of any agreement, a policy of Comprehensive and General Liability Insurance naming the Contractor as an insured, and naming the County of Nassau as an additional insured, including but not limited to the torts and negligence of Contractor's personnel, with a combined minimum single limit of three million dollars ($3,000,000.00) for bodily injury and property damage for any one occurrence at the Contractor's sole cost and expense. Evidence of insurance may be required prior to Notice of Award or issuance of a Purchase Order.

The Contractor shall comply with all provisions of the Workers' Compensation Law and shall furnish a certificate showing evidence of current coverage.

**PRODUCT LIABILITY INSURANCE**: The successful bidder agrees to obtain from an insurance company authorized to do business in the State of New York, and keep in force during the term of an agreement, a policy of Product Liability Insurance, including foreign objects, with a combined minimum single limit of one million dollars ($1,000,000.00) for each occurrence, at the Contractor's sole cost and expense, and shall furnish a certificate showing evidence of current coverage. Evidence of insurance may be required prior to Notice of Award or issuance of a Purchase Order.

**ALTERNATIVE ITEM:** In submitting a bid on a commodity other than as specified, bidder shall furnish complete data and identification with respect to the alternate commodity he proposes to furnish. Consideration will be given to proposals submitted on alternate commodities to the extent that such action is deemed to serve the best interests of the County. If a bidder does not indicate that the commodity he proposes to furnish is other than as specified, it will be construed to mean that the bidder proposes to furnish the exact commodity as described. Consideration of the alternate shall be at the sole discretion of the Director. MORE THAN ONE (1) BID ON EACH ITEM WILL NOT BE CONSIDERED, UNLESS OTHERWISE SPECIFIED BY THE COUNTY.

**REPLACEMENT PARTS:** The requirements specified herein represent, for the most part, replacement and/or repair components to existing and presently owned equipment, and must match and inter-member without modification with the equipment and systems indicated.

**ADDITIONAL BIDS:** The County reserves the right, for any un-contemplated additional requirements of extraordinary quantities of particular items to call for new bids, therefore, whenever in the opinion of the Director of the Office of Purchase it is in the best interests of the County of Nassau to do so.

**NON-ASSIGNMENT:** In accordance with Section 138 of the State Finance Law, the contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of Nassau County and any attempts to assign the contract without the County's written consent are null and void.

**NON PERFORMANCE**

The Contractor agrees that in the event any of the services provided for under the terms of this contract should in any way be omitted or unsatisfactorily performed by the Contractor and/or his employees, the county shall so notify the contractor verbally and follow with a written notification of the deficient services for immediate correction. In the event the Contractor does not correct the deficient services after receipt of written notification, the Nassau County Department concerned will deduct a percentage based on the work not performed or performed unsatisfactorily from the Contractor's claim for the period covered. If the Contractor continues to omit or unsatisfactorily perform the required services, the County will arrange for the work to be done by another contractor and the cost of such work shall be deducted from any monies due or that may become due to the Contractor.

**DISCLAIMER**

Any Blanket Purchase Order issued as a result of this bid will establish terms and conditions pursuant to which certain materials and/or services are to be supplied or performed, from time to time, for a specified period upon issuance by the County of Delivery Orders. The Blanket Purchase Order is non-exclusive and the County is not bound to purchase, and no materials are to be delivered or services performed without a Delivery Order. The County shall be under no obligation whatsoever to issue such Delivery Orders. The Blanket Purchase shall not apply in any way to items of material or service deemed by the County in its sole discretion to be extraordinary or involve any special conditions, quantities, circumstances or complexities.

**EVALUATION:**

The Director of the Office of Purchasing (hereinafter known as the Director) reserves the right before making award to make investigations as to whether or not the items, qualifications, services or facilities offered by the Bidder meet the requirements set forth herein and are ample and sufficient to insure the proper performance in the event of an award. The Bidder must be prepared, if requested by the Director, to present evidence of experience, ability and financial standing, as well as a statement as to plant, machinery, trained personnel and capacity for the rendition of the service on which he his bidding. Upon request of the Director of Purchasing, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bids are not complied with or that the services or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

All repairs to be made in accordance with the Occupational Safety and Health Administration safety requirements.

Contractor will furnish all labor, materials, transportation, tools, instrumentation, parts and accessories necessary to repair and restore the equipment to optimum operating condition.

All Contractor personnel assigned to any requirement of a contract established must be fully qualified and cognizant of the required and applicable electrical codes and safety requirements, and must adhere to them.

All parts supplied must match and inter-member without modification to the designated equipment, and must be in accordance with the specifications of the manufacturer of the part to be replaced.

Except as otherwise specified, all contract requirements will be performed at the site as required.

Any requirement to remove any part of the equipment or system(s), to the Contractor's shop, must be approved by an authorized agency representative. Nassau County shall supply all utilities which are available on location insofar as compatibility requirements permit.

All requirements performed by the Contractor will be subject to inspection and approval by an authorized designated representative of Nassau County.

Employees of the Contractor, while on service call, shall carry identification badges or cards and shall be instructed to submit same to scrutiny upon request of security or supervisory personnel of Nassau County.

Living Wage

Section 1. Authority and Usage

a. These Rules are promulgated pursuant to Local Law 1-2006, section 7(b) which authorizes the County Executive to promulgate rules to implement the provisions of the Nassau County Living Wage Law.

b. Wherever the term "Law" or "Living Wage Law" is used in this document, it shall mean Local Law 1-2006, otherwise known as the Nassau County Living Wage Law. Whenever the terms "Rule" or "Rules" are used in this document, it shall mean these Rules of the County Executive regarding the Nassau County Living Wage Law.

Section 2. Clarification of Terms

a. Awarded. "Awarded" shall mean that time at which a contractor is selected by the County, or any department of the County, to receive county financial assistance, even if that time is before execution of a county financial assistance agreement by all parties or approval of such agreement by the County Legislature.

See Living Wage Law, § 5(a) "Certification of Compliance" and § 10 "Other Provisions"

b. County Service Contract. "County Service Contract" shall mean any contract let to a contractor by the county for the furnishing of services to or for the county and that involves an expenditure equal to or greater than twenty-five thousand dollars. A contract for the sale of goods to the County, or a contract for the sale of goods where incidental services are being provided to the County, are not considered County Service Contracts. This definition shall not include contracts awarded pursuant to the county's emergency procurement procedure as set forth in section twenty-two hundred six of the county charter, inter-governmental agreements, agreements with state or local public authorities or agreements with local development corporations incorporated pursuant to section 1411 of the not-for-profit corporations law.

c. County Financial Assistance. "County Financial Assistance" shall mean any grant, loan, tax incentive or abatement, bond financing, subsidy or other form of assistance of more than fifty thousand dollars given by or through the authority or approval of the county to an entity having at least ten employees. County financial assistance shall not include industrial development bonds, community development block grant loans, and enterprise-zone-related incentives.

d. Employee and Employer.

i. Under Section 1 of the Living Wage Law, an "Employee" for the purposes of a county service contract is an employee of a county contractor "pursuant to one or more service contracts and who expends any of his or her time thereon." Thus, an Employee may be:

A. Any person hired by a County contractor specifically to work on the County Service Contract at issue

B. Any person employed by the County Contractor who works on the specific services contemplated by the County Service Contract

ii. An Employee is not:

A. An employee who provides services which are only incidental to the services specified in the County Service Contract.

An employee who does not provide any services contemplated under the County Service Contract in Question

iii. For the purposes of the Living Wage Law, Nassau Community College is not an employer as defined in the Law. However, service contractors, financial assistance recipients and lessees of the College are employers as defined in the law and are subject to the provisions of the Living Wage Law as they are applicable.

See Living Wage Law, § 1 "Employee," "Employer"

e. Enter Into. "Enter into" shall mean that time at which both parties have signed the contract in question.

See Living Wage Law, § 1 "County Service Contract" and § 10(a) "Other Provisions"

3. Amendments, Extensions and Renewals

a. Renewals and Extensions. Where an existing County Financial Assistance Agreement, County Service Contract, or County Lease is renewed or extended after the effective date of the Law, such agreement is a new County Financial Assistance Agreement, County Service Contract or County Lease, as the case may be, and is subject to the applicable provisions of the Law.

b. Determination of Applicability.

i. County Service Contracts.

A. Any renewal of a County Service Contract is subject to the Living Wage Law if the total expenditure by the County under the renewal is $25,000 or greater.

B. If a County Service Contract is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount $25,000 or over, or if such amendment itself involves an expenditure of $25,000 or over. In no event shall the Law apply in a situation where an amendment involves an expenditure of less than $25,000 and the original agreement already involves an expenditure of $25,000 or over.

ii. County Financial Assistance Agreements.

A. Any renewal of a County Financial Assistance Agreement is subject to the Living Wage Law if the total expenditure by the County under the renewal is greater than $50,000.

B. If a Financial Assistance Agreement is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount over $50,000, or if such amendment itself involves an expenditure over $50,000. In no event shall the Law apply in a situation where an amendment involves an expenditure of $50,000 or less and the original agreement already involves an expenditure over $50,000.

iii. County Leases. Any renewal, extension or modification of a County Lease is subject to the provisions of the Living Wage Law.

See Living Wage Law, §10(a) "Other Provisions"

4. Waiver of the Law

a. Application of the Provision

i. Any County Contractor may apply for a waiver of the provisions of the Law. In order to qualify as a County Contractor, the applying organization must have a County Service Contract with the County of Nassau. A County Service Contract is a contract which contemplates providing a service to the County (not goods or any service performed only to deliver goods) for which the County is paying $25,000 or more. Both non-profit and for-profit County Contractors may apply for a waiver.

**ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.**

**BIDDER SIGN HERE** Paul Dlouhy Manager
**BIDDER** **TITLE**

ii. At this time, the Living Wage Law does not allow a County Lessee or an entity receiving County Financial Assistance to apply for a waiver of the Law's provisions.

b. Request for a Waiver The following procedures have been established by the County Executive for requesting a waiver of the provisions of the Living Wage Law:

i. Request for a waiver must be made to the Nassau County Office of Compliance. Since a waiver request must be made by a County Contractor who already has a contract with the County to provide services, a request for a waiver may only be made after the contract in question is entered into with the County.

ii. A request for a waiver must be made on the approved form designated "Request for Waiver of the Provisions of the Nassau County Living Wage Law." This form is attached to these rules. Additional forms may be requested by contacting the agency with which the requesting organization has a contract.

iii. Except for those requesting organizations with County Service Contracts listed in section 4(b)(iv)(E)(3) below, those requesting organizations which plan to request a waiver once a County Service Contract has been entered into must include, in their bid or proposal for the specific County Service Contract, a budget breakdown stating the amount of the budget allocated to wages (*assuming the Living Wage Law applies*), and the amount of the budget allocated to services and other contract expenses.

A. In any budget breakdown submitted, the requesting organization must include only those employees who are included within the definition of "Employee" described above.

B. Those County contractors who have been awarded a contract through Executive Order No. 1 of 1993, a state or federal grant, General Municipal Law section 104, or any other state or federal rule or regulation must submit the above budget breakdown to the contracting agency before such contract is entered into with the County in order to be eligible for a waiver.

iv. A waiver request must contain the following information:

A. The name of the organization

B. The address of the organization

C. A brief description of the contract which the waiver pertains to.

D. The name and email address of the Chief Executive Officer of the requesting organization

E. The criteria (hereinafter, the "Criteria") for qualifying for a waiver under the provisions of the Law. Currently, a requesting organization must meet either Criteria 1, 2 or 3 below, and, if Criteria 1, 2 or 4 are cited, must meet Criterion 5 below:

1. The highest paid officer or employee of the requesting organization earns a salary which, when calculated on an hourly basis, is less than six times the lowest wage or salary paid by the requesting organization.

OR

2. Compliance with the requirements of the Living Wage Law will directly increase the requesting organization's expected total annual budget in an amount greater than ten percent of the prior fiscal year's budget.

OR

3. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would exceed the amount, per hour or per diem (as the case may be), reimbursed to the County by any State or Federal Source:

Services under the Expanded In-Home Services for the Elderly Program (EISEP)
Foster care services under the New York Social Services Law.
Residential domestic violence services under the New York Social Services Law.
Residential care, educational and vocational training, physical and mental health services, and employment counseling services to residents of the Juvenile Detention Center under the New York Executive Law.

OR

4. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would increase the County Service Contract's budget by greater than ten percent over the budget for the requesting organization's County Service Contract for the previous contracting year:

i. Non-residential domestic violence services under the New York Social Services Law.
ii. Services under the Home Energy Assistance Program (HEAP)
Preventive services for children pursuant to the New York Social Services Law
Non-Secure detention services pursuant to the New York Executive Law.

AND (if Criteria 1, 2 or 4)

5. When the requesting organization placed a bid or submitted a proposal for the county service contract at issue, it must have submitted a budget which included a breakdown of the wages paid to employees of the requesting organization who would be covered under the Living Wage Law.

F. A statement that, if a waiver is granted, the requesting organization will decrease its budgeted wage allocation to that amount the requesting organization would have paid its employees had the requirements of Living Wage Law not been applied. The amount to be paid by the County to the requesting organization will be reduced accordingly by contract amendment.

G. The notarized signature of the requesting organization's Chief Executive Officer.

v. A request must be accompanied by documentation supporting the Criteria claimed by the requesting organization.

A. If Criteria (1) is cited in the request, the requestor must include a statement, certified by the chief financial officer of the ~~requesting organization as true and accurate, of the wages paid, on an hourly basis, of the highest and lowest paid~~ individuals employed by the requesting organization.

B. If Criteria (2) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the last fiscal year along with a copy of the organization's expected budget taking into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

C. If Criteria (4) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the County Service Contract for the prior agreement year along with the requesting organization's budget for the County Service Contract for the current agreement year which takes into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

vi. The request form and all documentation must be sent to the following address:

County of Nassau Office of Compliance
Attention: Living Wage Waiver Request Office
One West Street – 4th Floor

Mineola, New York 11501

c. Waiver and Procurement

i. As a waiver may only be requested once a County Service Contract has been entered into, no waiver application may be submitted by any organization submitting a bid or proposal to the County for a County Service Contract.

ii. The fact that a waiver may be granted to an organization submitting a bid or proposal to the County for a County Service Contract will not be a consideration in evaluating such bid or proposal.

d. Review Procedures

i. Review of a request for a waiver must be made by the Office of Compliance.

ii. Approval of a request is dependent on the requestor satisfying either criteria (1), (2) or (3) in section 4(b)(iv)(E) above and, if citing criteria (1), (2) or (4), criterion (5) in section 4(b)(iv)(E) above. Applications not satisfying these criteria, or incomplete applications, will not be approved. However, complete applications that do meet these criteria shall be approved by the Office of Compliance.

iii. The Office of Compliance shall inform the requestor of his or her decision to grant or deny a request in writing within thirty days of receipt of the request. A copy of the grant or denial shall be transmitted to the County Comptroller for the purposes of monitoring compliance with the Living Wage Law.

iv. During such thirty day period, the requestor must continue to abide by the provisions of the Living Wage Law. Failure to do so may result in action by the Office of the Nassau County Comptroller to enforce the provisions of the Law.

e. Post-Award Review

i. After the County grants a waiver, if at any time during the term of the County Service Contract the requesting organization alters its budget or wages such that the organization no longer qualifies for a waiver of the Living Wage Law, the requesting organization must contact the County department with which it contracts and inform such department of such alteration.

ii. If a County department is contacted in reference to such a change, the department must either:

Amend the County Service Contract in question to restore any funding subtracted from the contract as a result of a waiver of the Living Wage Law and receive from the Contractor a completed Certificate of Compliance; or

Terminate such Contract according to its terms.

See Living Wage Law, § 9 "Waiver"

5. Inter-Governmental Agreements

a. The Living Wage Law shall not apply to those County Service Contracts which are entered into with any municipal corporation located within the County, any school district located within the County, and any special district located within the County.

b. County Financial Assistance Agreements and County Leases. The Living Wage Law shall not apply to a County Financial Assistance Agreement or a County Lease in the event that application of the law would conflict with the application of a federal, state or local law, rule, regulation or ordinance. For the purposes of this Rule, the Living Wage Law would not apply to a County Financial Assistance Agreement or County Lease where funding for the Agreement or Lease is derived from a federal or state grant where the distribution of such grant funds to certain subrecipients is mandatory and non-discretionary.

6. Certification of Compliance

a. An updated certification of compliance with the provisions of the Living Wage Law shall be submitted to the County on or before the first day of each agreement year during the term of any County Service Contract.

b. For the purposes of updating a certification of compliance, a "material change" as used in the Law shall be limited to the following:

i. Any determination by the County Comptroller that the contractor has violated any provision of the Law.

ii. Any instance during the preceding year in which the contractor has been found by a court or governmental agency to have violated federal state or local laws regulating payment of wages or benefits, labor relations or occupational safety and health, or where any governmental body has initiated a judicial action, administrative proceeding or investigation of the contractor in regard to any of the above laws.

See Living Wage Law, § 5 "Certification of Compliance"

7. Nassau County Employees

a. All Nassau County Employees are covered by the provisions of the Living Wage Law, provided, however, that Nassau County Employees covered by the collective bargaining agreement between the County and the Civil Service Employees Association are not entitled to receive the benefits supplement rate as the term is defined in the Law. The provisions of the Law also extend to paid interns hired by the County.

b. The Living Wage Law does not apply to volunteer workers utilized by the County pursuant to the County's authority to use volunteer workers under § 2105 of the Nassau County Charter. As such, the Law does not cover unpaid interns utilized by the County.

See Living Wage Law, § 1 "Employee," "Employer;" § 10 "Other Provisions"

NY STATE LABOR LAW

If any portion of work being Bid is subject to the prevailing wage rate provisions of the Labor Law, the following shall apply:

a. "Public Works" and "Building Services" - Definitions

i. Public Works Labor Law Article 8 applies to county contracts for public improvements in which laborers, workers or mechanics are employed on a "public works" project (distinguished from public "procurement" or "service" contracts).

ii. Building Services Labor Law Article 9 applies to Contracts for building service work with the county, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

b. Prevailing Wage Rate Applicable to Bid Submissions A *copy of the applicable prevailing wage rates to be paid or provided are annexed* to the Bid Documents. Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages, as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified. Information indicating that prevailing wages are not being paid on a public works project will be forwarded to the New York State Department of Labor for investigation. Willful violations of the prevailing wage provisions of the Labor Law may result in debarment from the bidding and award of public contracts.

c. *Wage Rate Payments / Changes During Contract Term The wages to be paid under any resulting Contract shall not be* less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. Contractor is solely liable for and must pay such required prevailing wage adjustments during the Contract term as required by law.

d. Public Posting & Certified Payroll Records In compliance with Article 8, Section 220 of the New York State Labor Law:

i. Posting The Contractor must publicly post on the work site, in a prominent and accessible place, a legible schedule of the prevailing wage rates and supplements.

ii. Payroll Records Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. For public works contracts over $25,000 where the Contractor maintains no regular place of business in New York State, such records must be kept at the work site. For building services contracts, such records must be kept at the work site while work is being performed.

iii. Submission of Certified Payroll Transcripts for Public Works Contracts Only Contractors and Subcontractors on public works projects must submit monthly payroll transcripts to the project manager for a public works project.

iv. *Records Retention Contractors and Subcontractors must preserve copies of such certified transcripts for a period of* three years from the date of completion of work on the awarded contract.

If this contract is for Building Service Work as defined in Article 9 of the Labor Law, State law prohibits other political subdivisions and districts within the County from making purchases pursuant to this agreement.

The County Living Wage Law, Title 57, Section 3(a)(i), states: employers who provide building services shall pay their employees no less than the living wage, as required by this section, or the prevailing wage, whichever is greater. In future *bidding procedures, the requirement should be "vendor must pay the prevailing wage, or the County Living Wage, whichever* is greater", or similar language.

## NADCA General Specifications

### Part 1 -- Special Provisions

1.01 Qualification of the HVAC System Cleaning Contractor

(A) Membership. The HVAC system cleaning contractor shall be a certified member of the National Air Duct Cleaners Association (NADCA) and Indoor Air Quality Association (IAQA).

(B) Certification. The HVAC system cleaning contractor shall have a minimum of two (2) Air System Cleaning Specialist (ASCS) certified by NADCA on a full time basis, and one (1) full time Certified Mold Remediator. The Mold Remediator certification may be by the American Indoor Air Quality Council or American Council for Accreditation Certification as the IAQA no longer certifies mold remediation.

(C) Supervisor Qualifications. A person certified as an ASCS by NADCA, or maintaining an equivalent certification by a nationally recognized program and organization, shall be responsible for the total work herein specified.

(D) Experience. The HVAC system cleaning contractor shall submit records of experience in the field of HVAC system cleaning as requested by the **County**. Bids shall only be considered from firms which are regularly engaged in HVAC system maintenance with an emphasis on HVAC system cleaning and decontamination.

(E) Equipment, Materials and Labor. The HVAC system cleaning contractor shall possess and furnish all necessary equipment, materials and labor to adequately perform the specified services.

1. The contractor shall assure that its employees have received safety equipment training, medical surveillance programs, individual health protection measures, and manufacturer's product and material safety data sheets (MSDS) as required for the work by the U.S. Occupational Safety and Health Administration, and as described by this specification. For work performed in countries outside of the U.S.A., contractors should comply with applicable national safety codes and standards.

2. The contractor shall maintain a copy of all current MSDS documentation and safety certifications at the site at all times, as well as comply with all other site documentation requirements of applicable OSHA programs and this specification.

3. Contractor shall submit to the **County** all Material Safety Data Sheets (MSDS) for all chemical products proposed to be used in the cleaning process.

(F) Licensing. The HVAC system cleaning contractor shall provide proof of

maintaining the proper license(s), if any, as required to do work in this state. Contractor shall comply with all Federal, state and local rules, regulations, and licensing requirements.

1.02 Standards

(A) NADCA Standards. The HVAC system cleaning contractor shall perform the services specified here in accordance with the current published standards of the National Air Duct Cleaners Association (NADCA).

1. All terms in this specification shall have their meaning defined as stated in the NADCA Standards.

2. NADCA Standards must be followed with no modifications or deviations being allowed unless authorized by the County on a project by project basis.

(B) IAQA Standards. The HVAC system cleaning contractor shall perform the services specified here in accordance with the current published standards of the American Indoor Air Quality Association or other affiliated association.

1.03 Documents

(A) Mechanical Drawings. The **County** shall provide the HVAC system cleaning contractor with one copy of the following documents:

1. Project drawings and specifications

2. Approved construction revisions pertaining to the HVAC system

3. Any existing indoor air quality (IAQ) assessments or environmental reports prepared for the facility.

**Part 2 -- HVAC System Cleaning Specifications and Requirements**

2.01 Scope of Work

(A) Scope: This section defines the ***minimum*** requirements necessary to render HVAC components clean, and to verify the cleanliness through inspection and/or testing in accordance with items specified herein and applicable NADCA Standards.

The Contractor shall be responsible for the removal of visible surface contaminants and deposits from within the HVAC system in strict accordance with these specifications.

The HVAC system includes any interior surface of the facility's air distribution system for conditioned spaces and/or occupied zones. This includes the entire heating, air-conditioning and ventilation system from the points where the air enters the system to the points where the air is discharged from the system. The return air grilles, return air ducts to the air handling unit (AHU), the interior surfaces of the AHU, mixing box, coil compartment, condensate drain pans, humidifiers and dehumidifiers, supply air ducts, fans, fan housing, fan blades, air wash systems, spray eliminators, turning vanes, filters, filter housings, reheat coils, and supply diffusers are all considered part of the HVAC system. The HVAC system may also include other components such as dedicated exhaust and ventilation components and make-up air systems.

**Note**: Users of this specification must modify the above paragraph to succinctly and specifically define those systems and components requiring cleaning.

2.02 HVAC System Component Inspections and Site Preparations

(A) HVAC System Component Inspections. Prior to the commencement of any cleaning work, the HVAC system cleaning contractor shall perform a visual inspection of the HVAC system to determine appropriate methods, tools, and equipment required to satisfactorily complete this project. The cleanliness inspection should include air handling units and representative areas of the HVAC system components and ductwork. In HVAC systems that include multiple air handling units, a representative sample of the units should be inspected.

The cleanliness inspection shall be conducted without negatively impacting the indoor environment through excessive disruption of settled dust, microbial amplification or other debris. In cases where contamination is suspected, and/or in sensitive environments where even small amounts of contaminant may be of concern, environmental engineering control measures should be implemented

1. Damaged system components found during the inspection shall be documented and brought to the attention of the **County**.

(B) Site Evaluation and Preparations: Contractor shall conduct a site evaluation, and establish a specific, coordinated plan which details how each area of the building will be protected during the various phases of the project.

(C) Inspector Qualifications: Qualified personnel should perform the HVAC cleanliness inspection to determine the need for cleaning. At minimum, such personnel should have an understanding of HVAC system design, and experience in utilizing accepted indoor environmental sampling practices, current industry HVAC cleaning procedures, and applicable industry standards.

2.03 General HVAC System Cleaning Requirements

(A) Containment: Debris removed during cleaning shall be collected and precautions must be taken to ensure that Debris is not otherwise dispersed outside the HVAC system during the cleaning process

(B) Particulate Collection: Where the Particulate Collection Equipment is exhausting inside the building, HEPA filtration with 99.97% collection efficiency for 0.3-micron size (or greater) particles shall be used. When the Particulate Collection Equipment is exhausting outside the building, Mechanical Cleaning operations shall be undertaken only with Particulate Collection Equipment in place, including adequate filtration to contain Debris removed from the HVAC system. When the Particulate Collection Equipment is exhausting outside the building, precautions shall be taken to locate the equipment down wind and away from all air intakes and other points of entry into the building

(C) Controlling Odors. Measures shall be employed to control odors and/or mist vapors during the cleaning process.

(D) Component Cleaning. Cleaning methods shall be employed such that all HVAC system components must be Visibly Clean as defined in applicable standards (see NADCA Standards). Upon completion, all components must be returned to those settings recorded just prior to cleaning operations.

(E) Air-Volume Control Devices. Dampers and any air-directional mechanical devices inside the HVAC system must have their position marked prior to cleaning and, upon completion, must be restored to their marked position.

(F) Service Openings. The contractor shall utilize service openings, as required for proper cleaning, at various points of the HVAC system for physical and mechanical entry, and inspection.

1. Contractor shall utilize the existing service openings already installed in the HVAC system where possible.

2. Other openings shall be created where needed and they must be created so they can be sealed in accordance with industry codes and standards.

3. Closures must not significantly hinder, restrict, or alter the airflow within the system.

4. Closures must be properly insulated to prevent heat loss/gain or condensation on surfaces within the system.

5. Openings must not compromise the structural integrity of the system.

6. Construction techniques used in the creation of openings should conform to requirements of applicable building and fire codes, and applicable NFPA, SMACNA and NADCA Standards.

7. Cutting service openings into flexible duct is not permitted. Flexible duct shall be disconnected at the ends as needed for proper cleaning and inspection.

8. Rigid fiber glass duct systems shall be resealed in accordance with NAIMA recommended practices. Only closure techniques that comply with UL Standard 181 or UL Standard 181a are suitable for fiber glass duct system closures.

9. All service openings capable of being re-opened for future inspection or remediation shall be clearly marked and shall have their location reported to the **County** in project report documents.

(G) Ceiling sections (tile). The contractor may remove and reinstall ceiling sections to gain access to HVAC systems during the cleaning process.

(H) Air distribution devices (registers, grilles & diffusers). The contractor shall clean all air distribution devices.

(I) Air handling units, terminal units (VAV, Dual duct boxes, etc.), blowers and exhaust fans. The contractor shall insure that supply, return, and exhaust fans and blowers are thoroughly cleaned. Areas to be cleaned include blowers, fan housings, plenums (except ceiling supply and return plenums), scrolls, blades, or vanes, shafts, baffles, dampers and drive assemblies. All visible surface contamination deposits shall be removed in accordance with NADCA Standards. Contractor shall:

1. Clean all air handling units (AHU) internal surfaces, components and condensate collectors and drains.

2. Assure that a suitable operative drainage system is in place prior to beginning wash down procedures.

3. Clean all coils and related components, including evaporator fins.

(J) Duct Systems. Contractor shall:

1. Create service openings in the system as necessary in order to accommodate cleaning of otherwise inaccessible areas.

2. Mechanically clean all duct systems to remove all visible contaminants, such that the systems are capable of passing Cleaning Verification Tests (see NADCA Standards).

2.04 Health and Safety

(A) Safety Standards. Cleaning contractors shall comply with applicable federal, state, and local requirements for protecting the safety of the contractor's employees, building occupants, and the environment. In particular, all applicable standards of the Occupational Safety and Health Administration (OSHA) shall be followed when working in accordance with this specification.

(B) Occupant Safety. No processes or materials shall be employed in such a manner that they will introduce additional hazards into occupied spaces.

(C) Disposal of Debris. All Debris removed from the HVAC System shall be disposed of in accordance with applicable federal, state and local requirements.

2.05 Mechanical Cleaning Methodology

(A) Source Removal Cleaning Methods. The HVAC system shall be cleaned using Source Removal mechanical cleaning methods designed to extract contaminants from within the HVAC system and safely remove contaminants from the facility. It is the contractor's responsibility to select Source Removal methods that will render the HVAC system Visibly Clean and capable of passing cleaning verification methods (See applicable NADCA Standards) and other specified tests, in accordance with all general requirements. No cleaning method, or combination of methods, shall be used which could potentially damage components of the HVAC system or negatively alter the integrity of the system.

1. All methods used shall incorporate the use of vacuum collection devices that are operated continuously during cleaning. A vacuum device shall be connected to the downstream end of the section being cleaned through a predetermined opening. The vacuum collection device must be of sufficient power to render all areas being cleaned under negative pressure, such that containment of debris and the protection of the indoor environment are assured.

2. All vacuum devices exhausting air inside the building shall be equipped with HEPA filters (minimum efficiency), including hand-held vacuums and wet-vacuums.

3. All vacuum devices exhausting air outside the facility shall be equipped with Particulate Collection including adequate filtration to contain Debris removed from the HVAC system. Such devices shall exhaust in a manner that will not allow contaminants to re-enter the facility. Release of debris outdoors must not violate any outdoor environmental standards, codes or regulations.

4. All methods require mechanical agitation devices to dislodge debris adhered to interior HVAC system surfaces, such that debris may be safely conveyed to vacuum collection devices. Acceptable methods will include those, which will not potentially damage the integrity of the ductwork, nor damage porous surface materials such as liners inside the ductwork or system components.

(B) Methods of Cleaning Fibrous Glass Insulated Components

1. Fibrous glass thermal or acoustical insulation elements present in

removal of surface deposits and debris

3. When used, antimicrobial treatments and coatings shall be applied in strict accordance with the manufacturer's written recommendations and EPA registration listing.

4. Antimicrobial coatings shall be applied according to the manufacturer's written instructions. Coatings shall be sprayed directly onto interior ductwork surfaces, rather than "fogged" downstream onto surfaces.

2.06 Cleanliness Verification

(A) General. Verification of HVAC System cleanliness will be determined after mechanical cleaning and before the application of any treatment or introduction of any treatment-related substance to the HVAC system, including biocidal agents and coatings.

(B) Visual Inspection. The HVAC system shall be inspected visually to ensure that no visible contaminants are present.

1. If no contaminants are evident through visual inspection, the HVAC system shall be considered clean; however, the **County** reserves the right to further verify system cleanliness through Surface Comparison Testing or the NADCA vacuum test specified in the NADCA standards.

2. If visible contaminants are evident through visual inspection, those portions of the system where contaminants are visible shall be re-cleaned and subjected to re-inspection for cleanliness.

3. NADCA vacuum test analysis should be performed by a qualified third party experienced in testing of this nature.

(C) Verification of Coil Cleaning

1. Cleaning must restore the coil pressure drop to within 10 percent of the pressure drop measured when the coil was first installed. If the original pressure drop is not known, the coil will be considered clean only if the coil is free of foreign matter and chemical residue, based on a thorough visual inspection (see NADCA Standards).

2.07 Pre-existing System Damage

(A) Contractor is not responsible for problems resulting from prior inappropriate or careless cleaning techniques of others.

2.08 Post-project Report

(A) At the conclusion of the project, the Contractor shall provide a report to the **County** indicating the following:

1. Success of the cleaning project, as verified through visual inspection and/or gravimetric analysis.

2. Areas of the system found to be damaged and/or in need of repair.

2.09 Applicable Standards and Publications. The following current standards and publications of the issues currently in effect form a part of this specification to the extent indicated by any reference thereto:

(A) National Air Duct Cleaners Association (NADCA). "Assessment, Cleaning & Restoration of HVAC Systems (ACR 2005)," 2004

**Insurance**

a. The Contractor agrees to procure, pay the entire premium for and maintain throughout the term of this Agreement, insurance in amounts and types specified by the County. The Contractor agrees to require that all of its subcontractors, in connection with work performed for the Contractor related to this Agreement, procure, pay the entire premium for and maintain throughout the term of this Agreement insurance in amounts and types equal to that specified by the County for the Contractor. Unless otherwise specified by the County and agreed to by the Contractor, in writing, such insurance will be as follows:

i. Commercial General Liability insurance, including contractual liability coverage, in an amount not less than Two Million Dollars ($2,000,000.00) per occurrence for bodily injury and Two Million Dollars ($2,000,000.00) per occurrence for property damage.

ii. Pollution Liability insurance with operations covering at minimum sampling, emergency response, mold remediation, fire/water restoration, mold evaluations, and duct cleaning, in an amount not less than two million ($2,000,000.00) dollars.

iii. Automobile Liability insurance (if any vehicles are used by the Contractor in the performance of this Agreement) in an amount not less than Five Hundred Thousand Dollars ($500,000.00) per person per accident, for bodily injury and not less than One Hundred Thousand ($100,000.00) for property damage per occurrence.

iv. Worker's Compensation and Employer's Liability insurance in compliance with all applicable New York State laws and regulations and Disability Benefits insurance, if required by law. Contractor shall furnish to the County, prior to its execution of this Agreement, the documentation required by the State of New York Workers' Compensation Board of coverage or exemption from coverage pursuant to §§57 and 220 of the Workers' Compensation Law. In accordance with General Municipal Law §108, this Agreement shall be void and of no effect unless the Contractor shall provide and maintain coverage during the term of this Agreement for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

v. Professional Liability insurance in an amount not less than Two Million Dollars ($2,000,000.00) on either a per occurrence or claims made coverage basis.

b. All policies providing such coverage shall be issued by insurance companies with an A.M. Best rating of A- or better.

c. The Contractor shall furnish to the County Declaration Pages for each such policy of insurance and upon request, a true and certified original copy of each such policy, evidencing compliance with the aforesaid insurance requirements. In the case of commercial general liability insurance, the County of Suffolk shall be named as an additional insured and the Contractor shall furnish a Declaration Page and endorsement page evidencing the County's status as an additional insured on said policy.

d. All such Declaration Pages, Certificates and other evidence of insurance shall provide for the County of Suffolk to be notified in writing thirty (30) days prior to any cancellation, nonrenewal or material change in said policies. Such Declaration Pages, certificates, policies and other evidence of insurance and notices shall be mailed to the Department at its address set forth in the paragraph entitled "Notices and Contact Persons" or at such other address of which the County shall have given the Contractor notice in writing.

e. In the event Contractor shall fail to provide the Declaration Pages or certificates of insurance or to maintain any insurance required by this Agreement, the County may, but shall not be required to, obtain such policies and deduct the cost thereof from payments due Contractor under this Agreement or any other agreement between the County and Contractor.

f. If the Contractor is a town or other municipal corporation and has a self-insurance program under which it acts as a self-insurer for any of such required coverage, it may provide self-funded coverage and certificates or other evidence of such self-insurance in lieu of insurance issued by insurance companies.

## 2. Composition / Information on Ingredients

| Hazardous Ingredients | Concentration (% by volume) | CAS Number |
|---|---|---|
| Phenol | 1.56% | 108-95-2 |
| Sodium Phenate | 0.06 | 139-02-6 |

## 3. Hazards Identification

**Emergency Overview** May cause moderate eye irritation.

**Potential Health Effects**

**Eyes** May cause irritation on direct contact.

**Skin** May cause very mild irritation.

**Inhalation** Not an expected route of exposure, but may be irritant to those with chemical sensitivity.

**Ingestion** May cause nausea, vomiting.

## 4. First Aid Measures

**Eye Contact** Check for and remove contact lenses. In case of contact with eyes, immediately flush thoroughly with water for at least 15 minutes, lifting eyelids occasionally. Seek medical attention.

**Skin Contact** Wash thoroughly with soap and water. Remove and dispose of contaminated clothing. Seek medical attention if symptoms appear.

**Inhalation** If inhaled, remove to fresh air. If not breathing, administer artificial respiration. If rapid recovery does not occur, seek medical attention.

**Ingestion** Do not induce vomiting. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. Never give anything by mouth to an unconscious person. Get medical attention.

## 5. Fire Fighting Measures

**Flammable Limits** N/A

**Flash Point** N/A

**Fire and Explosion Hazards** N/A

**Specific Hazards** N/A

**Extinguishing Media** N/A

**Unsuitable Extinguishing Media** N/A

**Protective Equipment for Fire Fighters** N/A

**Additional Advice** N/A

## 6. Accidental Release Measures

**Containment Procedures** In the event of a spill, evacuate the area of all unnecessary personnel. Wear suitable protective equipment as listed under *EXPOSURE CONTROLS / PERSONAL PROTECTION*. Contain the spill and eliminate its source, if this can be done without risk.

**Clean-up Procedure** Take up and containerize for proper disposal as described under *DISPOSAL CONSIDERATIONS*. Comply with all government regulations on reporting releases.

## 7. Handling and Storage

**Handling Procedures** Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. As with all chemicals, wear suitable protective clothing, gloves, and eye protection for prolonged contact.

**Storage Procedures** Keep container closed. Keep out of reach of children.

## 8. Exposure Controls / Personal Protection

**Component Exposure Limits**

**OSHA PEL (phenol/sodium phenate)** 5 ppm (19 $mg/m^3$)

**ACHIG TLV (phenol/sodium phenate)** 5 ppm (19 $mg/m^3$)

**Engineering and Administrative Controls** Should be implemented to reduce exposure. Use in an area with adequate ventilation.

**Personal Protective Equipment** As prescribed in the OSHA Standard for Personal Protective Equipment (29 CFR 1910.132), employers must perform a Hazard Assessment of all workplaces to determine the need for, and selection of, proper protective equipment for each task performed. Impervious gloves, such as nitrile rubber, should be worn to prevent skin contact. Safety glasses with side shields must be worn at all times. If splash hazard exists, safety eyewear should be upgraded to include chemical splash goggles.

**Hygiene** Wash hands thoroughly after handling. Do NOT take internally. Eyewash and safety equipment should be readily available.

**Respiratory** If ventilation is not sufficient to effectively prevent buildup of aerosols or mists, appropriate NIOSH / MSHA respiratory protection must be provided.

## 9. Physical and Chemical Properties

The following delineates the physical and chemical properties for the Sporicidin® disinfectant solution itself.

**Flash Point** N/A

**Boiling Point** N/A

**Specific Gravity** 1.007 ($H_2O$ = 1) at 20 °C

**Autoignition Temperature** N/A

**Vapor Pressure** Not available

### 4.3. Indication of any immediate medical attention and special treatment needed

Symptoms may not appear immediately. In case of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media : Treat for surrounding material.

Unsuitable extinguishing media : None known.

### 5.2. Special hazards arising from the substance or mixture

Fire hazard : Products of combustion may include, and are not limited to: oxides of carbon.

### 5.3. Advice for firefighters

Protection during firefighting : Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary personnel.

### 6.2. Methods and material for containment and cleaning up

For containment : Contain and/or absorb spill, then place in a suitable container.

Methods for cleaning up : Thoroughly wash the area with water after a spill or leak.

### 6.3. Reference to other sections

See section 8 for further information on protective clothing and equipment and section 13 for advice on waste disposal.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Avoid prolonged contact with skin and eyes. Do not swallow. Handle and open container with care.

Hygiene measures : General hygiene is normally adequate.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep out of the reach of children. Keep container tightly closed. Store at room temperature.

### 7.3. Specific end use(s)

Not available.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

| Surfactant (Proprietary) | |
|---|---|
| ACGIH | Not applicable |
| OSHA | Not applicable |

### 8.2. Exposure controls

Appropriate engineering controls : General ventilation adequate under normal conditions of use.

Hand protection : Suitable gloves are recommended due to concentrated surfactants.

Eye protection : Safety glasses or goggles are recommended due to concentrated surfactants.

Skin and body protection : Suitable protective clothing as required by employer code.

Respiratory protection : None necessary under normal conditions of use.

Environmental exposure controls : Maintain levels below Community environmental protection thresholds.

Other information : Handle according to established industrial hygiene and safety practices.

### 4.2. Most important symptoms and effects, both acute and delayed

| | | |
|---|---|---|
| Symptoms/injuries after inhalation | : | May cause temorary irritation. |
| Symptoms/injuries after skin contact | : | May cause temporary irritation. Symptoms may include redness, drying, defatting and cracking of the skin. |
| Symptoms/injuries after eye contact | : | May cause temporary irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling. |
| Symptoms/injuries after ingestion | : | May cause temporary stomach distress, nausea or vomiting. |

RE: Bid #91036-02196-013 – HVAC Duct Work Cleaning – Plan B

Dear Members of the Purchasing Committee,

TERS Total Environmental Restoration Solutions Inc. is pleased to submit our bid for HVAC Duct Work Cleaning – Plan B.

For over 30 years, TERS has provided advanced HVAC system cleaning, environmental remediation, and mechanical system decontamination services to municipal, healthcare, educational, and government facilities throughout New York State. We have completed over 20,000 environmental restoration projects and serviced millions of square feet of occupied buildings requiring strict safety controls, scheduling coordination, and regulatory compliance.

Our team includes NADCA-certified Air Systems Cleaning Specialists, board-certified indoor environmental professionals, and NYS-licensed supervisors in asbestos and mold remediation. We operate with 24/7 response capability and utilize advanced HEPA source-removal methods designed to protect indoor air quality while maintaining uninterrupted facility operations.

TERS has successfully performed work for police departments, public agencies, hospitals, SUNY campuses, VA facilities, and other sensitive institutions. We understand the operational standards and responsiveness Nassau County requires under a time-and-materials service contract.

We are prepared to deliver dependable service, transparent pricing, and professional execution across County facilities.

Thank you for your consideration. We look forward to the opportunity to serve Nassau County.

Respectfully,

Gary Shaked
President
TERS Total Environmental Restoration Solutions Inc.

And has agreed to conduct its air duct cleaning business in accordance with the following mandatory Code of Ethics:

1. We will serve our customers with integrity and competence.

2. We will perform our work using source removal methods, in accordance with ACR, the NADCA Standard (current version).

3. We will be honest and forthright in our advertising and marketing.

4. We will provide our clients with accurate inspections and evaluations of the cleanliness and physical condition of their HVAC systems, using this information to determine the type of cleaning and maintenance services required, if any.

5. We will provide only necessary and desired services to our clients, and will not use furnace/air duct cleaning as a means of selling unnecessary or unwanted products or services.

6. We will provide services only after completing the necessary bonding and licensing procedures.

7. We will stay abreast of new developments in technology, tools of the trade, building codes, the Uniform Mechanical Code, and any other codes or information that directly affects our work.

8. We will require that all employees of our firm practice furnace/air duct cleaning in accordance with NADCA Guidelines and the NADCA Code of Ethics.

9. We will perform our services in accordance with the current published standards of the association.

The NADCA Ethics Committee shall hear and investigate charges of unethical or illegal conduct between concerned parties, and will make recommendations to the Board of Directors concerning the resolution of those charges.

# Additional Instructions for Form DB-120.1

By signing this form, the insurance carrier identified in Box 3 on this form is certifying that it is insuring the business referenced in Box 1a for disability and/or Paid Family Leave benefits under the NYS Disability and Paid Family Leave Benefits Law. The insurance carrier or its licensed agent will send this Certificate of Insurance Coverage (Certificate) to the entity listed as the certificate holder in Box 2.

The insurance carrier must notify the above certificate holder and the Workers' Compensation Board within 10 days IF a policy is cancelled due to nonpayment of premiums or within 30 days IF there are reasons other than nonpayment of premiums that cancel the policy or eliminate the insured from coverage indicated on this Certificate. (These notices may be sent by regular mail.) Otherwise, this Certificate is valid for one year after this form is approved by the insurance carrier or its licensed agent, or until the policy expiration date listed in Box 3c, whichever is earlier.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This Certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This Certificate may be used as evidence of a NYS disability and/or Paid Family Leave benefits contract of insurance only while the underlying policy is in effect.

**Please Note: Upon the cancellation of the disability and/or Paid Family Leave benefits policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of Insurance Coverage for NYS disability and/ or Paid Family Leave Benefits or other authorized proof that the business is complying with the mandatory coverage requirements of the NYS Disability and Paid Family Leave Benefits Law.**

## NYS DISABILITY AND PAID FAMILY LEAVE BENEFITS LAW

### §220. Subd. 8

(a) The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in employment as defined in this article, and not withstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand and twenty-one, the payment of family leave benefits for all employees has been secured as provided by this article. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any disability benefits to any such employee if so employed.

(b) The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in employment as defined in this article and notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand eighteen, the payment of family leave benefits for all employees has been secured as provided by this article.

**Narrative**

**Purpose:** To award and execute a purchase order between the Nassau County Department of Public Works and 3-GIS LLC. for the Nassau County Traffic Management On-Street Fiber Optic Network.

**Discussion:** This is a sole source purchase. The current system of managing fiber locations and space information is no longer adequate for the network of this size and which is expected to expand. 3-GIS LLC. is a third party software provider which will provide an accurate and efficient means of managing the County's fiber optic infrastructure.

**Impact on Funding/Term:** The maximum amount authorized under this purchase order shall be Two Hundred Forty Six Thousand One Hundred Seventy Dollars ($246,170.00) from general fund PWCAPCAP 00004

**Recommendation:** Department of Shared Services, Office of Purchasing recommends awarding a sole source purchase order to 3-GIS LLC.

# 7 Tasks To Be Performed

## *7.1 Project Management Services*

3-GIS will provide a Project Manager (PM) to support the project for the duration of the project, to monitor the schedule and quality of the Deliverables, the project budget, and to specifically oversee the performance of the Services.

3-GIS Project Manager will schedule a project kickoff meeting to make introductions of project stakeholders, detail the project scope, cover any schedule needs and requirements, overview project milestones, build a communications plan, and assign action items to facilitate project progress.

Additionally, the 3-GIS Project Manager shall:

- Review project objectives
- Identify all software installation, training, system design, system development, implementation, test activities, and network audit, system integration and deployment that 3-GIS, and its subcontractors shall complete and provide a project schedule for completing same
- Facilitate communication between the Customer and 3-GIS personnel and subcontractors, and direct the 3-GIS and subcontractor project personnel

© 2024 3 GIS, LLC CONFIDENTIAL AND PROPRIETARY

- Monitor the progress of the Services and Deliverables and prepare progress/status reports on a regular basis.

## *7.2 Implementation Services*

### 7.2.1 3-GIS Live Environment Set-up

3-GIS is to deploy 3-GIS Web on cloud servers and configure the 3-GIS solution based on the Standard configuration and schema. All work will be conducted remotely.

#### 7.2.1.1 Standard Configuration

3-GIS will configure 3-GIS Web to include:

- 1 Map Service
- 2 User Groups
    - Advanced
    - Basic
- Standard Plotting Template

#### 7.2.1.2 Additional Configurations

This order includes:

- 20 hours of configuration that can be used to make modifications to the Standard setup.
- Up to an additional 62 hours of T&M time that can be used for advanced configuration, including any additional workshop and project management time required.

#### 7.2.1.3 Inclusions

- Standard setup includes:
    - Deployment of the standard 3-GIS system configuration and data model.
    - A max four-hour configuration workshop will be held to review changes to be made to the system. The outcome of this workshop is the Configuration request form. This form will outline all the requests and the estimated time to complete each task.
    - Upon acceptance of this document, 3-GIS will complete all changes outlined and within the allotted 20 hours.
- Once work is completed, the customer has five business days to review the changes to the system and accept the changes.
- If no acceptance is given in five business days, the changes will be deemed accepted.

© 2024 3-GIS, LLC CONFIDENTIAL AND PROPRIETARY

- Any tasks that extend beyond the 20 allotted hours will require a CR, including but not limited to additional workshops, configurations, etc.

#### 7.2.1.4 Exclusions

- The items below are excluded from the standard setup and implementation of 3-GIS and will require a separate order form, CR and/or T&M hours, including an additional configuration workshop and hours.
    - Custom Reports
    - Material List
    - Annotate Features
    - Auto Dimensions
    - Wavelengths
    - Complex Equipment / Equipment Manager
- Set-up of system add-on licenses / extensions
- Data loading or data migration not already outlined in this Order.
- Projections other than WGS84 Web Mercator
- Customizations to the 3-GIS software code.
- Additional hosting costs associated with integrations or data transfers to/from 3-GIS.
- Data Conversion/Migration/Import (including non-telco) not outlined in this order.
- Manage Tier API Access, unless purchased.
- Additional Support for API utilization not already outlined in this order.
- Authentication will be accomplished using a 3-GIS maintained user store. Federation with a 3rd party authentication service, SSO or Active directory is not included.
- Copper Module is not included in the TEAMS delivery.

#### 7.2.1.5 Setup Assumptions

- The items below may require more than the included 20 hours to complete, and if this is determined during the configuration workshop, then this will require a separate order form, CR and/or T&M hours.
    - Bill of Materials (BOM)
    - Quality Assurance/Quality Check (QA/QC)
    - Work Order configuration
    - Work Packets
    - Splice Audit and Reconcile

©2024 3-GIS, LLC CONFIDENTIAL AND PROPRIETARY

- Duct space management
- MDU
- Mobile - Offline basemap support

- Customers will have knowledgeable staff with the proper level of access to complete the necessary tasks.

#### 7.2.1.6 Responsibility/Task Matrix

| Item | Responsible Party | Type |
|---|---|---|
| User Names and Email address | Customer | Task |
| Technical documentation (e.g., 3-GIS Knowledge Base, meeting notes, JIRA tickets) in electronic format | 3-GIS | Task |
| Appoint project participants and stakeholders and define their roles during implementation | Customer | Task |

### 7.2.2 Functional Acceptance Testing

#### 7.2.2.1 Functional Acceptance Testing Overview

3-GIS will provide the Customer with a Functional Acceptance plan based on the standard configuration of the 3-GIS Network Solution. 3-GIS will install the standard configuration 3-GIS Network Solution software for Customer evaluation using the 3-GIS delivered and accepted Functional Acceptance plan documents. 3-GIS will provide remote staff to perform resolution support to issues discovered during the Functional Acceptance phase

#### 7.2.2.2 Functional Acceptance Plan

The Customer will test the 3-GIS application suite to verify that it functions in accordance with the 3-GIS delivered plan. The Customer will record results on the provided Acceptance Plan. Acceptance testing will be conducted over a period of five (5) business days immediately following 3-GIS Network Solutions software installation and LMS/E-learning training.

#### 7.2.2.3 Issue Resolution

Upon completion of the functional Acceptance Plan, 3-GIS will resolve known issues within five (5) business days.

#### 7.2.2.4 Acceptance Criteria

This phase will be considered complete once the test is completed successfully.

© 2024 3-GIS, LLC CONFIDENTIAL AND PROPRIETARY

#### 7.2.2.5 Assumptions

Customer will complete the online LMS/E-Learning prior to or as part of the Functional Acceptance Testing.

## *7.3 Training*

### 7.3.1 Training Overview

3-GIS will conduct instructor-led training performed remotely in accordance with Customer purchased training options shown below. In addition, 3-GIS provides access to 3-GIS LMS training modules for all users. The training modules are web-based and use a named user access method. Dates for training are scheduled for a minimum of two weeks in advance. LMS modules should be completed by all trainees at least 3 days before the instructor lead training date.

### 7.3.2 Training Ordered

| Course Description | Intended Audience | Delivery Method | Seats In Course | Duration (Days) |
|---|---|---|---|---|
| 3-GIS Web | Advanced Users | Remote | 5 | 1.5 Days |
| 3-GIS Online Learning (LMS) | All Users with Named User Accounts | Remote | 10 | Self-Paced |

### 7.3.3 Training Responsibility/Task Matrix

| Item | Responsible Party | Type |
|---|---|---|
| 1.5 days of training to include: 3-GIS Web | 3-GIS | Task |
| Access to 3-GIS E-Learning/LMS training modules for named users | 3-GIS | Task |
| Names and Email accounts of uses for E-Learning/LMS accounts | Customer | Task |
| Attendance of appropriate staff at training sessions and equipped with computers | Customer | Task |
| Training room and projectors | Customer | Task |
| Complete needed LMS/E-Learning Courses prior to the start of instructor led training | Customer | Task |

©2024 3-GIS, LLC CONFIDENTIAL AND PROPRIETARY

### 7.3.4 Training Assumptions

Training Assumptions

- 3-GIS staff will have access to the internet during training sessions.
- Customer's internet can support all users using 3-GIS and a video conferencing system.
- All training is remote.
- The customer will take the LMS online courses prior to onsite/remote training for the best results.

## 8 Location of Services

All services will be provided remotely.

## 9 Deliverable Acceptance Process

Acceptance of deliverables should be made in writing within five (5) days of receipt, as defined in the final deliverable schedules. Each deliverable requiring the Customer's approval shall be deemed accepted and "signed off" by the Customer unless rejected, in writing, within 5 consecutive business days of receipt. Rejection notification must include sufficient written detail to enable 3-GIS to make any necessary changes and deliver contractually compliant final deliverable.

## 10 Anticipated Schedule of Services

The following represents an estimated timeline for the services listed in this order form. At contract sign-off, the schedule will be reviewed and updated per 3-GIS and customer availability.

| Week | Description | Responsibility |
|---|---|---|
| Week 0 | Contract Signed | 3-GIS and Nassau County |
| Week 4 | Project Kickoff | 3-GIS and Nassau County |
| Week 5 | System Access | 3-GIS |
| Week 5 | LMS Training | Nassau County |
| Week 6 | Customer FAT Completion and Resolution | Nassau County |
| Week 7 | 3-GIS Web Training | 3-GIS and Nassau County |

©2024 3-GIS, LLC CONFIDENTIAL AND PROPRIETARY

| | | |
|---|---|---|
| Week 8 | Configuration Spreadsheet Review and Initial Completion | 3-GIS and Nassau County |
| Week 9-10 | Configuration Workshop and Changes | 3-GIS and Nassau County |
| Week 11 | Support Handoff | 3-GIS and Nassau County |

## 11 Project Assumptions

3-GIS price proposal is based upon the following key assumptions:

- Customer will have proper staff available for project needs, including a project lead.
- Customer will be in communication with 3-GIS staff as needed to complete the scope of work as outlined in this order within the timeline specified.
- Customer will provide 3-GIS resources with timely remote and adequately privileged access to systems required.
- Customer will perform reviews of, provide verbal feedback and digital correspondence for, and provide approval (where required by 3-GIS) of any 3-GIS (or partner) generated documentation or portions of the solution, including customer testing activities, as dictated within the agreed-upon project schedule.
- If significant delays to the project occur because these assumptions are not met, a Change Request may be required to extend the project's schedule and cost (or "to determine the impact to cost and schedule of the project").
- Payment and any applicable fees and taxes will be due per the terms and conditions outlined in this order form and MSA upon the email receipt of each invoice notwithstanding any other requirements you may request for invoice delivery.
    - Please reference MSA sections 3 – 7 (Fees and Expenses, Billing, Payments, Overdue Payments, Taxes)
- If your company requires a purchase order (PO) to make a payment, please provide the PO, including PO # and Amount, immediately upon contract signing. PO amount should equal the total amount of the services listed in the order form.
- No Copper Module is included in the TEAMS delivery
- Time and Materials hours are only billed if they are used.

## 12 Changes

During 3-GIS' performance under this Order Number 01, either Party may request a Change in the Order's scope in a writing delivered to the other Party's project manager. Any modification of this Order must be made by a Change Order. No Change, as contemplated in this paragraph, shall become effective until such Change is agreed to by both Parties in a written Change Order.

## 13 Special Terms and Conditions

Order form terms and pricing are valid per quote expiration date. If no expiration date is listed in the quote, then the order form terms, and pricing are valid 30 days from delivery of this order form to the customer.

## 14 Signatures

IN WITNESS WHEREOF, the Parties hereto have executed this Order Number 01 as of the dates referenced below, and each signatory further represents that they are duly authorized representatives as of the dates below.

**Subject: Sole Source confirmation for 3-GIS Live TEAMS for Nassau County**

Mr. Lingren,

This letter confirms that 3-GIS, LLC is the exclusive authorized manufacturer and reseller of 3-GIS Live Teams licensing and deployment services in the United States.

3-GIS Live Teams is a hosted fiber optic management system built on Esri technology. It is the recommended deployment for Nassau County based on known requirements. The browser-based platform supports fiber design, engineering, documentation, and operations without the need for local software installations.

All hardware, software, and IT administrative services—including configuration, schema updates, backups, data exports, user management, map services, and technical support—are managed by 3-GIS and included in the licensing subscription. Software upgrades are also covered under this model.

3-GIS, LLC is the sole implementer of 3-GIS Live Teams and will handle deployment, configuration, and user training for Nassau County.

Please contact me with any questions regarding this sole source confirmation.

# Inter-Departmental Memo

**TO:** Robert Cleary, Chief Procurement Officer

**FROM:** Department of Public Works

**DATE:** October 23, 2025

**SUBJECT:** Sole-Source Purchase Request – STS 12111

The Department of Public Works is requesting approval for the sole-source software purchase to manage the County's Traffic fiber optic communications network. Traffic's fiber optic network has grown larger than can be managed without the assistance of an electronic system. The available software packages are sold as Software as a Service (SaaS) and designed for the telecommunications industry.

Most of the off-the-shelf products we looked at were comparable, and for the most part achieved the same goal of fiber management. However, of the vendors we looked at, 3-GIS was determined to best meet the County's needs for the following reasons:

1. Most products are exclusively designed for the management and tracking of Fiber Optic cable, while the 3-GIS product will also allow us to manage our legacy twisted pair copper communications cable as well.

2. Compatibility and interoperability with the County's existing GIS system for easy bi-directional information sharing.

3. Since 3-GIS is an ESRI Gold Partner, we will not be subject to additional annual service charges for ESRI licenses.

4. Lastly, the 3-GIS geographical user interface works best with Traffic's existing fiber optic network design and would require the least number of staff hours to implement and maintain annually.

A copy of the vendor's sole-source letter is attached.

Feel free to contact Jeff Lindgren of my staff at 1-6998 with any questions.

IN EXECUTING THIS BID, THE BIDDER WARRANTS THAT THE PRICES SUBMITTED HEREIN ARE NOT HIGHER THAN THOSE OFFERED TO ANY GOVERNMENTAL OR COMMERCIAL CONSUMER FOR LIKE DELIVERIES. THE PRICES HEREIN SHOULD NOT INCLUDE ANY FEDERAL EXCISE TAXES OR SALES TAXES IMPOSE BY ANY STATE OR MUNICIPAL GOVERNMENT. SUCH TAXES, IF INCLUDED, MUST BE DEDUCTED BY THE BIDDER WHEN SUBMITTING BID. BIDDERS ARE REQUESTED TO ALSO READ THE TERMS AND CONDITIONS.

**BID TERMS AND CONDITIONS**

1. Bids on equipment must be on standard new equipment, latest model, except as otherwise specifically stated in proposal or detailed specification. Where any part of nominal appurtenances of equipment is not described, it shall be understood that all equipment and appurtenances which are usually provided in the manufacturer's stock model shall be furnished.
2. Bids on materials and supplies must be for new items except as otherwise specifically stated in bid or detailed specifications.
3. Bidder declares that the bid is made without any connection with any other Bidder, submitting a bid for the same items, and is in all respects fair and without collusion or fraud.
4. PRICES The provisions of the New York State Fair Trade Law (Fed-Crawford Act) and the federal price discrimination law (Robinson-Patman Act) do not apply to purchases made by the County.
5. SURETY In the event that an award is made hereunder, The Director of Purchase reserves the right to request successful bidders to post, within one week, security for faithful performance, with the understanding that the whole or any part thereof may be used by the County of Nassau to supply any deficiency that may arise from any default on the part of the Bidder. Such security must meet all the requirements of the County Attorney and be approved by the County Attorney.

6. SAMPLES, when required, must be submitted strictly in accordance with instructions; otherwise bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered within five (5) days of the request for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the Bidder desires their return; also specifying the address to which they are to be returned, provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. Samples will be returned at the Bidders risk and expense.

7. Award The Director, Office of Purchasing reserves the right before making award to make investigations as to whether or not the items, qualifications or facilities offered by the Bidder meet the requirements set forth herein and are sample and sufficient to insure the proper performance in the event of award. The Bidder must be prepared, if requested by the Director, to present evidence of experience, ability and financial standing, as well as a statement as to plant, machinery and capacity of the manufacturer for the production and distribution of the material on which he is bidding. Upon request of the Director, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bids are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualification, financial standing or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

8. Awards will be made to the lowest responsible Bidder. Cash discounts will not be a factor in determining awards, except in tie bids. Consideration will be given to the reliability of the Bidder, the quantities of the materials, equipment or supplies to be furnished, their conformity with the specifications, the purpose for which required and the terms of delivery.

9. The Director reserves the right to reject and all bids in whole or in part and to waive technical defects, irregularities and omissions if in his judgment the best interests of the County will be served.

10. Unless otherwise indicated herein, the Director reserves the right to make award by items, by classes, by group of items, or as a whole.

11. DELIVERIES Upon failure of the Vendor to deliver within the time specified, or within reasonable time as interpreted by the Director, or failure to make replacement of rejected articles, when so requested immediately or as directed by the Director, the Director may purchase from other sources to take the place of the item rejected or not delivered. The Director reserves the right to authorize immediate purchase from other sources against rejections on any order when necessary. On all-such purchases the Vendor agrees to promptly reimburse the County for excess cost occasioned by such purchases. Should the cost be less, the Vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.

12. An order may be canceled at the Vendors expense upon nonperformance. Failure of the Vendor to furnish additional surety within ten (10) days from date of requested shall be sufficient cause for the cancellation of the order.

13. When in the determination of the Director, the articles or equipment delivered fail to meet County specifications or, if in the determination of the Director, the Vendor consistently fails to deliver as ordered, the Director reserves the right, to cancel the order and purchase the balance from other sources at Vendor expense.

14. Delivery must be made as ordered and in accordance with the bid. If delivery instructions do not appear on order. It will be interpreted to mean prompt delivery. The decision of the Director as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of order shall rest with the Vendor.

15. The County Agencies will not schedule any deliveries for Saturdays, Sundays or Legal Holiday, except commodities required for daily consumption or where the delivery is an emergency, a replacement, or is overdue, in which event the convenience of the Agency will govern.

16. Supplies shall be securely and properly packed for shipment, according to accepted commercial practice, without extra charge for packing cases, reels, bailing or sacks, the containers to remain the property of the agency unless definitely stated otherwise in the bid.

17. The Vendor shall be responsible for delivery of supplies in good condition at point of destination. The Vendor shall file all claims with carrier for breakage, imperfections and other losses, which will be deducted from invoices. The receiving Agency will note for the benefit of Vendor when packages are not received in good conditions.

18. All supplies which are customarily labeled or identified must have securely affixed thereto the original un-mutilated label or marking of the manufacturer.

19. Billings for deliveries must be rendered on County claim forms.

20. Furniture, machines, and other equipment must be delivered, installed and set in place as directed, ready for use unless otherwise specified.

21. Deliveries are subject to reweighing at destination by the County and payment will be made on the basis of materials delivered. Normal shrinkage will be allowed in such instances where shrinkage is possible. Short weight shall be sufficient cause for cancellation of order at Vendors expense.

22. GUARANTEES BY BIDDER Bidder hereby guarantees: (a) To save the County, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or un-copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in the performance hereof of which the Bidder is not the Patentee, assignee or licensee, and to defend any action brought against the County in the name of the County and under the direction of the County Attorney at the sole cost of the Bidder or in the sole option of the Director to pay the cost of such defense to the County. (b) His products against defective material or workmanship and to repair any damages or marring occasioned in transit.

(c) To furnish adequate protection from damage for all work and to repair damages of any kind, for which he or his workmen are responsible, to the building or equipment, to this own work or the work of other Vendors, or in the opinion of the Director to pay for the same by deductions in payments due under this contract.

(d) To pay for ail permits, licenses and fees and give all notices and comply with all laws ordinances, rules and regulations of the city, village or town in which the installation his to be made, and of the County of Nassau and the State of New York.

(e) To carry proper insurance in the opinion of the Director, and approved by the County Attorney to protect the County from loss in case of accident, fire and theft.

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgrading's, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgrading's, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan, any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

**ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.**

**BIDDER SIGN HERE** _____ MANAGER
**BIDDER** **TITLE**

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators' award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars ($100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition,

construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

1) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
2) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
3) All Participating Employees have completed the acknowledgement required by the Vendor Code of Ethics;
4) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent under this Agreement;
5) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgements as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgements for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and
6) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work under this Agreement.

**INDEMNIFICATION:**

Contractor agrees to indemnify and hold harmless County and its agents, officers and employees, from and against any and all losses, costs, expenses (including attorneys' fees and disbursements), damages and liabilities, arising out of or in connection with any acts or omissions of Contractor, its officers, agents or employees, provided, however, that Contractor shall not be responsible for that portion, if any, of a loss that is caused by the negligence of the County; and provided, further, that Contractor shall not be liable for consequential, indirect or special damages. Contractor shall, at County's demand and at County's direction, defend at its own risk and expense any and all suits, actions or legal proceedings which may be brought against County, its agents, officers or employees in connection with a loss for which Contractor is responsible under this paragraph.

**DEFINITIONS**:

- The term "County" as used herein, shall be deemed as reference to the County of Nassau, State of New York.
- The term "Contractor" as used herein, shall be deemed as reference to the successful bidder, vendor, proprietor, partnership, or corporation receiving an award to perform any or all of the services specified herein in accordance with the terms of this agreement.
- The term "agency" as used herein, shall be deemed as the department, division, bureau, office, agency or other Nassau County establishment authorized to receive the service specified herein.
- The term "Director" as used herein, shall be deemed as reference to the Director of the Office of Purchasing.
- The term "Blanket Order" as used herein, shall be deemed as the multiple use pricing agreement as a result of this bid.
- The term "Purchase Order" as used herein, shall be deemed as the single use pricing agreement as a result of this bid.
- The term "complete" as written in this bid must include all equipment, delivery and installation of same in its entirety, as listed in the contract documents, and is to include all supervision, labor, materials, plant equipment, transportation, testing, (if required) incidentals, and other facilities as necessary and/or required to execute all the work as herein specified, or as incidentally required to provide a complete operating installation.

NOTE: INSERT FEDERAL IDENTIFICATION NUMBER IN SPACE PROVIDED ON PAGE 1.

**M/WBE, SDVOB and DBE Participation**: The County encourages the participation of certified Service-Disabled Veteran-Owned Businesses ("SDVOB"), Minority or Women-Owned Business Enterprises ("M/WBE"), and Disadvantaged Business Enterprises ("DBE") in the bidding process. A Contractor that is certified by New York State or the County as a SDVOB, M/WBE, and/or DBE should include this information in their bid. For more information regarding the County's SDVOB, M/WBE, or DBE programs, please visit the Nassau County Office of Minority Affairs website

## REQUESTS FOR INFORMATION OR CLARIFICATION

Before bidding, bidders must examine all of the Contract documents, including the specifications, any drawings, and all instructions. If the bidder finds any inconsistency, ambiguity, omission or error in the specifications, drawings, instructions or any other Contract document, or if the bidder is in doubt as to the meaning of any term or condition of the Contract, the bidder must promptly so notify the **Office of Purchasing** in writing prior to the bid opening. The failure of the bidder to notify the **Office of Purchasing**, prior to the bid opening of any inconsistency, ambiguity, omission or error that the bidder actually found, or that should have been discovered by a reasonably prudent bidder, will preclude and negate acceptance of the bidder's claim.

If the **Office of Purchasing** receives a notification from a bidder of a differing site condition or an inconsistency, ambiguity, omission or error in the Contract documents, the **Office of Purchasing** will, as it deems necessary or desirable, issue a written interpretation or correction to the Contract documents as an amendment to the Contract documents. Any such amendment will be made available electronically to each person that received a copy of the Contract documents as reflected in the records of the **Office of Purchasing** , and any such amendment will also be available at the place where the Contract documents are available for inspection by prospective bidders.

Upon such mailing or delivery, such amendment shall become part of the Contract documents and shall be binding on all bidders, whether or not they have had actual notice of such addendum.

**Please note that all bidder requests for information or clarification must be received by the Authority at least 72 hours prior to the bid opening. Any bidder requests for information or issues with the contract documents presented after that time may not be addressed by the Office of Purchasing.**

***Ordinance # 153-2018***

Pursuant to Ordinance # 153-2018, a bidder that is awarded a contract under this bid is required to pay the County an administrative service charge in accordance with the following schedule:

| Value of Contract | Administrative Fee |
|---|---|
| $0-$10,000 | $0 |
| Over $10,000-$50,000 | $160 |
| Over $50,000-$100,000 | $266 |
| Over $100,000 | $533 |

After an award, the successful bidder(s) will be notified by the Director of Shared Services, or their designee, when payment of the administrative charge is due. Please note, if you are a religious, charitable, nonprofit, or not-for-profit organization, please include this information in your bid for consideration by the Director of the Shared Services to waive the fee.

***Ordinance # 72-2014***

## INTENT

**SCOPE:** It is the intent of the County of Nassau to properly describe by these specifications and terms an adequate method of providing: **LIGHT TOWERS**

**PURPOSE**: The purpose of this bid is to establish a price structure on which items and/or services listed herein will be purchased at once by Purchase Order.

**ALL EXTENSIONS ARE SUBJECT UPON THE MUTUAL CONSENT OF BOTH PARTIES.**

**AWARD:** Award, if any, will be made to the lowest responsible bidder, who in the opinion of the Director of Purchasing, meets the specifications and qualifications stated herein. The Director of Purchasing reserves the right to make an award be items, groups, or classes of items or as a whole. Awards will be made in accordance with the terms and conditions attached hereto and made part hereof.

**DELIVERY:** Bidders are required to state guaranteed delivery date in terms of days after receipt of order in the space provided below and on page one. Bidders are cautioned to post realistic delivery dates. Guaranteed delivery dates will be strictly enforced. Must be made within 15 days A/R/O unless stated otherwise below:

**Delivery to be made** 171 **Days A/R/O.** SEPT. 30TH, 2026

Delivery shall be made **ONLY** upon receipt of a Purchase Order, or in the case of a Blanket Order, upon receipt of a Direct Purchase Order(s) from a using agency authorized to use the Blanket Order which will be issued to the successful bidder. Purchase Order and Direct Purchase Order shall indicate the destination address. Inside delivery is required on all deliveries.
Bidders agree that all orders shall be effective and binding upon the contractor when PLACED IN THE MAIL addressed to the Contractor at the address shown on the Blanket Order/Purchase Order PRIOR TO MIDNIGHT OF THE FINAL DAY OF CONTRACT.

**INSPECTION:** Bidders should be aware of Inspection and Delivery requirements as stipulated.

**RETENTION OF BID:** Vendor is required to make a copy of his completed bid document and applicable attachments. Any purchase orders issued against this bid will refer to the bid and attachments to designate items awarded.

**METHOD OF BIDDING:** Please submit unit price in the appropriate column.

**PRICE DISCREPANCY**: In the event of a discrepancy between the unit price and the extension price, the unit price will govern.

**PRICE PROTECTION:** Bidders are required to state period of price protection (in terms of days) after the bid opening.

**STATE PRICE PROTECTION PERIOD:** THIRTY **DAYS AFTER BID OPENING**

**EXTENSION OF PRICE:** It is anticipated that additional quantities of items specified herein may be required in the ensuing year. According, the County of Nassau requests that the prices bid be protected and be available to the County of Nassau for one (1) year from the date of the award. Economic conditions may not permit the price protection for an entire year. Bidders are requested to state the period for which bid prices will be applicable to potential additional orders.
THIRTY days.

**BIDDER** **TITLE**

**ADDITIONAL BIDS:** The County reserves the right, for any un-contemplated additional requirements of extraordinary quantities of particular items to call for new bids, therefore, whenever in the opinion of the Director of the Office of Purchase it is in the best interests of the County of Nassau to do so.

**TAX PROVISION:** Purchases made by the County of Nassau are not subject to State, Local Sales Taxes or Federal Excise Taxes. Federal Exemption #A-109538 State Exemption #EX 7213062C. The County of Nassau is not subject to any Existing "Fair Trade Agreements" and bidders should be governed accordingly.

**NEW YORK STATE PRICES:** Bidders must represent and warrant that if they are under contract with New York State for items specified herein, that the price quoted to the County is not higher than the price per unit quoted to New York State for like quantities.

**SPECIFICATIONS:** Submit complete specifications and illustrations of products offered with the bid. Acceptance of a bid and designation of a manufacturer's catalog description, brand name or number in any Purchase or Blanket Order resulting there-from shall not be construed as qualification of the specifications of this bid or relief there-from, except as specifically stated in the Purchase or Blanket Order.

**PRODUCT IDENTIFICATION:** If a product(s) is identified by a BRAND NAME, a substitute of equal quality, construction, finish, composition, size, workmanship and performance characteristics may be acceptable. In submitting a bid, each bidder warrants that the substitute product being offered is an equal. Bid sheets shall be so noted of the manufacturer's name and brand of the product offered as an equal. If as a result of an award, a delivery is made of a brand or product represented as an equal which is subsequently deemed to be unacceptable, the Contractor shall be required, at his expense, to pick up the rejected item and replace it with brand(s) listed in this bid, or an acceptable equal which will have the approval of the Director.

**RECORD RETENTION:** Contractor shall retain complete and accurate records and documents related to this Agreement for six (6) years following the later of termination or final payment. Such records shall at all times be available for audit and inspection by the County.

**BILLING:** Shall be made on County claim forms or Certified Invoices to the individual using County Agency upon completion of deliveries made against applicable Purchase Order(s) or Direct Purchase Order(s).

NO PARTIAL PAYMENTS WILL BE PAID.

GENERAL CONDITIONS:

All repairs to be made in accordance with the Occupational Safety and Health Administration safety requirements.

Contractor will furnish all labor, materials, transportation, tools, instrumentation, parts and accessories necessary to repair and restore the equipment to optimum operating condition.

All Contractor personnel assigned to any requirement of a contract established must be fully qualified and cognizant of the required and applicable electrical codes and safety requirements and must adhere to them.

All parts supplied must match and inter-member without modification to the designated equipment and must be in accordance with the specifications of the manufacturer of the part to be replaced.

Except as otherwise specified, all contract requirements will be performed at the site as required.

Any requirement to remove any part of the equipment or system(s), to the Contractor's shop, must be approved by an authorized agency representative. Nassau County shall supply all utilities which are available on location insofar as compatibility requirements permit.

All requirements performed by the Contractor will be subject to inspection and approval by an authorized designated representative of Nassau County.

Employees of the Contractor, while on service call, shall carry identification badges or cards and shall be instructed to submit same to scrutiny upon request of security or supervisory personnel of Nassau County.

**REPLACEMENT PARTS:** The requirements specified herein represent, for the most part, replacement and/or repair components to existing and presently owned equipment and must match and inter-member without modification with the equipment and systems indicated.

**ADDITIONAL BIDS:** The County reserves the right, for any un-contemplated additional requirements of extraordinary quantities of particular items to call for new bids, therefore, whenever in the opinion of the Director of the Office of Purchase it is in the best interests of the County of Nassau to do so.

**PRICE LISTS AND DISCOUNTS:** Bidders may attach price lists and catalogs indicating discounts available to the County for all other products not listed herein. New items may be added to the price list at the then current price at the same discount schedule during the life of the contract.

**NON-ASSIGNMENT:** In accordance with Section 138 of the State Finance Law, the contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the previous consent, in writing, of Nassau County and any attempts to assign the contract without the County's written consent are null and void.

**NON-PERFORMANCE:**
The Contractor agrees that in the event any of the services provided for under the terms of this contract should in any way be omitted or unsatisfactorily performed by the Contractor and/or his employees, the county shall so notify the contractor verbally and follow with a written notification of the deficient services for immediate correction. In the event the Contractor does not correct the deficient services after receipt of written notification, the Nassau County Department concerned will deduct a percentage based on the work not performed or performed unsatisfactorily from the Contractor's claim for the period covered. If the Contractor continues to omit or unsatisfactorily perform the required services, the County will arrange for the work to be done by another contractor and the cost of such work shall be deducted from any monies due or that may become due to the Contractor.

**DISCLAIMER**
Any Blanket Purchase Order issued as a result of this bid will establish terms and conditions pursuant to which certain materials and/or services are to be supplied or performed, from time to time, for a specified period upon issuance by the County of Delivery Orders. The Blanket Purchase Order is non-exclusive, and the County is not bound to purchase, and no materials are to be delivered or services performed without a Delivery Order. The County shall be under no obligation whatsoever to issue such Delivery Orders. The Blanket Purchase shall not apply in any way to items of material or service deemed by the County in its sole discretion to be extraordinary or involve any special conditions, quantities, circumstances or complexities.

**ACCESS CLAUSE:** Contractor, including its satellites, offices and/or subcontractors, if any, shall maintain full and complete books and records of accounts pertaining to this agreement, in accordance with accepted accounting practices and such other records as may be reasonably prescribed by the County of Nassau. Such books and records shall at all times be available for audit and inspection by the completion of all the services described in this agreement. Contractor further agrees that if any provision of Section 952 of the Omnibus Reconciliation Act of 1980 (PL-96-499) is found by a body of competent jurisdiction to be applicable to this contract, the Contractor agrees that it will make available upon written request by the Secretary of Health and Human Services, or the Comptroller General of the General Accounting Office, or any of their duly authorized representatives, a copy of this contract and any executed amendments thereto documents which relate to the calculation of the charges stated in the contract and copies of service reports documenting services performed. Such records will be available in accordance with the above for the period of six (6) years after the furnishing of any of the services described in this contract.

**TERMINATION PREROGATIVE:** The Director reserves the right to cancel the Blanket Order by giving not less than thirty (30) days written notice that, on or after a date therein specified, the contract shall be deemed terminated and cancelled.

**VENDOR RESPONSIBILITY CRITERIA**: The Director of Purchasing reserves the right before making an award to make investigations as to whether or not the qualifications, services, facilities or items offered by the bidder meet the requirements set forth herein and are ample and sufficient to ensure the proper performance in the event of an award. The bidder must be prepared, if requested by the Director of Purchasing, to present evidence of experience, ability, financial standing, as well as a statement as to plant, machinery, trained personnel and capacity for the rendition of the service on which the vendor is bidding. Upon request of the Director, the successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bid are not complied with or that the services or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing, or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the forgoing shall mean or imply that it is obligatory upon the Director to make any examinations before an award; and it is further understood that, if such examination is made, it in no way relieves the bidder from fulfilling all requirements and conditions of the bid.

**IMPORTANT NOTE**: The Director reserves the right to accept or reject any and all bids, or separable portions of offers, and waive technicalities, irregularities, and omissions if the Director determines the best interests of the County of Nassau will be served. The Director, in his sole discretion, may accept or reject illegible, incomplete or vague bids and his decision shall be final. A conditional or revocable bid which clearly communicates the terms or limitations of acceptance may be considered and contract award may be made in compliance with the bidder's conditional or revocable terms in the offer. Prior to award, the Director reserves the right to seek clarifications, request bid revisions, or to request any information deemed necessary for proper evaluation of bids from all bidders deemed to be eligible for contract award. Failure to provide requested information may result in rejection of the bid.

**GOVERNING LAW:** Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of law's provisions thereof.

## Procurement Lobbying Law

Pursuant to State Finance Law §§139-j and 139-k, this Bid includes and imposes certain restrictions on communications between a Governmental Entity and an Offeror/bidder during the procurement process. An Offeror is restricted from making contacts from the earliest posting, on a Governmental Entity's website, in a newspaper of general circulation, or in the procurement opportunities newsletter in accordance with article four-C of the economic development law of written notice, advertisement or solicitation of a request for proposal, invitation for bids, or solicitation of proposals, or any other method provided for by law or regulation for soliciting a response from Offerors intending to result in a Procurement Contract with a Governmental Entity through final award and approval of the Procurement Contract by the Governmental Entity and, if applicable, the Office of the State Comptroller ("Restricted Period") to other than the Designated Contacts for the Governmental Procurement unless it is a Contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). The Designated Contact(s) for this Governmental Procurement, as of the date hereof, are identified on the first page of this solicitation. County employees also are required to obtain certain information when Contacted during the Restricted Period and make a determination of the responsibility of the Offeror pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4-year period, the Offeror is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found on the County's website. All questions or concerns regarding this Bid must be directed to the designated contact person named on the first page of the bid.

**OFFEROR'S AFFIRMATION OF UNDERSTANDING OF AND AGREEMENT PURSUANT TO STATE FINANCE LAW §139-j(3) and §139-j(6)(b)**

# Offeror Certification:

Offeror affirms that it understands and agrees to comply with the procedures of the Government Entity relative to permissible Contacts as required by State Finance Law §139-j(3) and §139-j(6)(b).

# Light Equipment Warranty Policy

June 2024

## PREFACE

This warranty policy ("Policy") covers Light Equipment products manufactured and/or sold by Wacker Neuson Corporation and its subsidiaries ("Wacker Neuson"). Compact Equipment and Climate Control Products will have detailed policies separate from this one.

## DISTRIBUTOR WARRANTY RESPONSIBILITIES

This Policy is to be used as a guide in determining warranty coverage and claim procedures for all Wacker Neuson Light Construction Equipment ("Equipment"). Refer to this Policy when deciding whether a warranty claim may be justified and utilize it as a procedural guide for validity when completing warranty claims.

Warranty repair is the responsibility of all authorized Wacker Neuson Distributors ("Distributors"). Credit for accepted warranty repairs will only be given after the receipt by Wacker Neuson of Distributor's properly completed Wacker Neuson warranty claim. Warranty claim submittal requirements are described later in this Policy.

Distributor's warranty responsibility begins upon first receipt of new Equipment from Wacker Neuson. Each Distributor is responsible for inspecting Equipment for damage upon receipt; damage incurred during transit should be noted with the shipper prior to accepting the Equipment. The cost to repair damages incurred during transit will be settled between the receiving Distributor and the shipper. Damages incurred during transit will not be covered under the exclusive warranties and remedies contained in this Policy.

Distributors shall store new Equipment as is necessary to prevent deterioration, environmental damage or other damage and shall take such steps as are necessary to keep Equipment in sellable condition, and to prepare Equipment for delivery to the end-user upon sale or assignment to their rental fleet. Such steps may include, by way of example, without limitation, storage of the equipment indoors, covered, or otherwise protected with proper preventative coatings or sealants and maintenance of batteries so as to avoid discharge and/or sulfation.

Before transferring Equipment to the end-user, Distributors shall review the Operator Manual with the end-user and review the preventive maintenance schedule, basic operation of the Equipment, and the warranty coverage. The end-user must be informed that only an authorized Wacker Neuson Distributor can perform any warranty repair and that only Wacker Neuson parts may be used.

Distributor shall repair and file a warranty claim with Wacker Neuson once the Distributor determines that the repair is covered by this Policy. The Distributor should order the parts from Wacker Neuson as required to facilitate the repair. Upon receipt of the parts, Distributor should make the repair and test the Equipment. Upon completion of repair, the Distributor shall then submit a warranty claim to Wacker Neuson for final determination as to whether the repair falls within the guidelines of this Policy. Warranty claims shall include the serial number, supporting documentation, photos, and any other required field in the online claim submission portal. Defective parts must be held by the Distributor until they receive either an RGA (Return Goods Authorization) number or 90 days from completion of the repair. Conditions which would require preapproval and an authorization number from a Wacker Neuson warranty representative:

(a) Any repair which parts and labor are estimated to be greater than or equal to 50% of the dealers net price of the machine.
(b) Any use of 3rd party contract maintenance and/or service providers.

## STANDARD WARRANTIES

Wacker Neuson warrants that all new Equipment will be free from defects in materials and workmanship, under normal use and service, for the applicable coverage period(s) listed in the "STANDARD WARRANTIES COVERAGE PERIOD" below. The coverage period start date is the earlier of (A) the date of sale of Equipment to the first end user, (B) assignment of the Equipment into a rental, re-rent or demo fleet or (C) twelve (12) months after the date Wacker Neuson invoices the Distributor for the Equipment, and less than 100 hours, whichever event hereof occurs first. Equipment placed into the Distributor Floor Plan program must remain in new condition. For further detail on allotted hours please refer to the current Distributor Sales Policy. Demo equipment needs to be registered w

Wacker Neuson warrants that any Light Equipment purchased out of Wacker Neuson's demonstration inventory will be free from defects in materials and workmanship, under normal use and service, for a period of six (6) months from the date of sale, or the remainder of the standard Wacker Neuson new Equipment warranty described below starting from the date of first sale out of Wacker Neuson demonstration fleet, whichever period is greater. Sale of demonstration Equipment is not considered as a sale of new equipment for warranty purposes.

**Equipment purchased through auctions do not qualify for any warranties under this Policy and are purchased "as is".**

D. The above warranties do not apply to accessories or maintenance items such as, but not limited to,; filters, V-belts, lubricants, fluids, paints, tires, brake linings, light bulbs, spark plugs, filters, bellows, pump diaphragms, mechanical seals, shock mounts, or items deemed as maintenance items by Wacker Neuson or any other parts not directly manufactured by Wacker Neuson unless outlined elsewhere in this Policy.

## RIGHT TO MAKE CHANGES

Wacker Neuson reserves the right to change or update the design of any part of the Equipment at any time. Wacker Neuson has sole discretion of providing any change or update to any previously ordered, sold, or shipped Equipment.

## DISCLAIMER OF OTHER WARRANTIES

THE ABOVE WARRANTIES AND REMEDIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND REMEDIES WHATSOEVER, EXPRESS OR IMPLIED, EACH OF WHICH ARE HEREBY EXPRESSLY DISCLAIMED BY WACKER NEUSON, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, USAGE OF TRADE AND NONINFRINGEMENT.

The Extended Service Protection Plans, **ESPP**, are offered and administered by EPG Insurance Inc. in the U.S. and Protection Point Services in Canada. For questions or to submit a claim, parties can be contacted at 1-866-408-2881 (US) or 1-888-952-5511 (Canada).

## DISCLAIMER OF OTHER LIABILITIES

Wacker Neuson sole responsibility with respect to breach of the above warranties shall be as provided in the section titled "STANDARD WARRANTIES" above.

WACKER NEUSON SHALL NOT BE SUBJECT TO AND HEREBY DISCLAIMS (EVEN IF WACKER NEUSON HAS BEEN ADVISED OF THE POSSIBILITY OF THE SAME): (A) ANY OBLIGATIONS OR LIABILITIES ARISING FROM BREACH OF THE ABOVE WARRANTIES; OTHER THAN THE EXCLUSIVE REMEDIES EXPRESSLY SET FORTH THEREIN; (B) ANY OBLIGATIONS OR LIABILITIES ARISING FROM TORT CLAIMS (INCLUDING, WITHOUT LIMITATION, NEGLIGENCE AND STRICT LIABILITY) OR ARISING UNDER OTHER THEORIES OF LAW WITH RESPECT TO EQUIPMENT SOLD BY WACKER NEUSON, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATING THERETO; AND (C) ANY AND ALL CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, PUNITIVE, CONTINGENT, SPECULATIVE AND SIMILAR DAMAGES

Without limiting the generality of the foregoing, Wacker Neuson specifically disclaims any liability for penalties (including administrative penalties), lost profits or revenues, loss of use of Equipment or associated material, cost of capital, facilities or services, downtime, shut-down or slowdown, spoilage of material, or any other type of economic loss.

## ADDITIONAL TERMS AND CONDITIONS

### ENGINE WARRANTY

Although Wacker Neuson offers certain engine components for sale this by no means guarantees such parts are covered by this Policy or the manufacturer's warranty. Such parts are offered as a convenience to our customers for non-warranty repairs and are not for repair of engines still covered under the manufacturer's warranty.

### PART AVAILABILITY

All parts for warranty repairs must be purchased from Wacker Neuson unless advised otherwise by an authorized representative of Wacker Neuson Product Support. If a Distributor does not have one or more of the parts required to complete the warranty repair, they will have to order them from Wacker Neuson through the normal established procedures. Parts used for a warranty repair not purchased from or authorized by Wacker Neuson will void the warranty and not be eligible for reimbursement.

Wacker Neuson will not send parts to end-users for warranty repairs and will not reimburse extra shipping or minimum order charges for emergency part orders.

Once the repair is completed, the Distributor must electronically submit the warranty claim to Wacker Neuson. Reimbursement for warranty parts will be paid at the net price of the part. Warranty claims must be submitted electronically via the Distributor Web Portal

UNSATISFACTORY WARRANTY REPAIR SERVICES

Service work performed under warranty which does not satisfactorily repair the Equipment due to poor workmanship or improper initial diagnosis and which requires subsequent repair will be the sole responsibility of the Distributor. Wacker Neuson will not reimburse for improper or repetitive repairs caused by failures in the service work.

Any third-party repairs must first be approved by an authorized representative of Wacker Neuson. Wacker Neuson will not provide reimbursement for costs associated with the use of third party service providers or hiring of personnel necessary to perform the repair properly.

SPECIALIZED TOOLS OR EQUIPMENT

Wacker Neuson Distributors must have on-hand, any manuals, tools and specialized equipment required for repairs. Any collateral damage occurring during the repair due to the incorrect or improper use of equipment or procedures will not be considered for warranty coverage or other reimbursement by Wacker Neuson. Any collateral damage occurring during the repair due to the incorrect or improper use of equipment or procedures will not be considered for warranty coverage or other reimbursement by Wacker Neuson.

EMISSION SYSTEM RELATED WARRANTY EXCLUSION

Components of the emissions system warranty are outlined in the Engine Manufacturers owners & operations manual and/or the Operators manual for the machine. Refer to these documents for specifics on what is covered. If you are unable to locate the machine operators manual which came with your machine one can be obtained from the Distributors Web Portal. Engine manufacturers' manuals must be obtained from the manufacturer. The serial number of the machine will be required to obtain the correct manual.
Unauthorized modifications or alterations of emission related components shall void the above warranties.
Components covered under this section include up to the first scheduled maintenance, vary by manufacturer, and consult their specific information on coverage.

MAINTENANCE OF EMISSION SYSTEMS

Follow the maintenance schedule listed in the Engine Operator's Manual for the Equipment. This schedule is based on the Equipment being used for its intended purpose under normal conditions. If operated under sustained high loads, light or under loading, in high temperatures or extremely dusty environments, more frequent service will be required. Regeneration of or maintenance to the exhaust after-treatment systems in these cases is not covered under this or the engine manufacturer's warranty.

ENVRONMENTAL CONDITIONS

Damage due to environmental conditions including but not limited to rusting, corrosion, electrical failures due to the environment machine is being operated in, coatings or failures deemed by Wacker Neuson being attributed to the operating environment will not be considered for warranty. Changing of fluids or filters for environmental conditions or for extreme environments/conditions is not covered by warranty.

**Warranty Explanation**

Wacker Neuson doesn't use a "Flat Rate" guide or standard repair times. Wacker Neuson uses an average repair time collected through warranty data submitted by the Dealer Network. It is upon the dealer to provide all the necessary steps in writing along with the estimated time per step to cover the labor.

## WARRANTY CLAIM SUBMITTAL INSTRUCTIONS

All warranty claims must be submitted on-line at www.wackerneuson.com. To submit claims on-line, the claimant must be a registered user and be signed into the website. If you or your company does not have an account on our website, you may contact Wacker Neuson Parts Support Group and a web account will be created.

Claimants must follow these steps when submitting a claim to ensure prompt processing and consideration for reimbursement:

1) Electronic claim forms must be filled out completely and include the following information:
   a) Equipment serial number
   b) Equipment is required to be registered. If not you can use the pre-delivery tab to submit for brand new equipment
   c) The Date of Failure
   d) A detailed description of the failure. The dealer needs to use the 4 C'S in the body of the story to support the claim
   e) The 4C's are:

1. Any new RTLx-SC2 or SC3 Trench Roller sold after August 1, 2013 is covered by a 5-year warranty. On units with the Kohler engine originally installed in the unit for the first 3 years Wacker Neuson Distributors, who have a service department trained on Kohler diesel engines (via Kohler direct or through the Wacker Neuson certified Kohler engine training course) may complete the repair if they wish or work through the Kohler Engine Distributor network. In the fourth and fifth years the engine warranty is solely administered by Wacker Neuson and its Distributor network. Approval must be given in the fourth and fifth years for this exclusive Wacker Neuson warranty. In all cases the complete engine information, including model and serial number, must be included. Missing information will suspend the claim until received. This warranty is exclusive to Wacker Neuson Distributors in the USA and Canada. Units the Kubota engine installed, the Roller carries the 5 year warranty on the machine but the engine is solely warranted through the Kubota warranty authorized support network, Wacker Neuson does not authorize or administer warranty repairs to the Kubota engine.

2. Wacker Neuson WM80 and WM100 engines utilized on rammers are warranted through Wacker Neuson for a period of 3 years (spare part replacements for 1 year).

# Additional Instructions for Form DB-120.1

By signing this form, the insurance carrier identified in Box 3 on this form is certifying that it is insuring the business referenced in Box 1a for disability and/or Paid Family Leave benefits under the NYS Disability and Paid Family Leave Benefits Law. The insurance carrier or its licensed agent will send this Certificate of Insurance Coverage (Certificate) to the entity listed as the certificate holder in Box 2.

The insurance carrier must notify the above certificate holder and the Workers' Compensation Board within 10 days IF a policy is cancelled due to nonpayment of premiums or within 30 days IF there are reasons other than nonpayment of premiums that cancel the policy or eliminate the insured from coverage indicated on this Certificate. (These notices may be sent by regular mail.) Otherwise, this Certificate is valid for one year after this form is approved by the insurance carrier or its licensed agent, or until the policy expiration date listed in Box 3c, whichever is earlier.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This Certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This Certificate may be used as evidence of a NYS disability and/or Paid Family Leave benefits contract of insurance only while the underlying policy is in effect.

**Please Note: Upon the cancellation of the disability and/or Paid Family Leave benefits policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of Insurance Coverage for NYS disability and/or Paid Family Leave Benefits or other authorized proof that the business is complying with the mandatory coverage requirements of the NYS Disability and Paid Family Leave Benefits Law.**

## NYS DISABILITY AND PAID FAMILY LEAVE BENEFITS LAW

### §220. Subd. 8

(a) The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in employment as defined in this article, and not withstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand and twenty-one, the payment of family leave benefits for all employees has been secured as provided by this article. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any disability benefits to any such employee if so employed.

(b) The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in employment as defined in this article and notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand eighteen, the payment of family leave benefits for all employees has been secured as provided by this article.

RULES RESOLUTION NO. -2026

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE A CONTRACT AMENDMENT BETWEEN THE COUNTY OF NASSAU ACTING ON BEHALF OF THE NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS AND SAFETY MARKING LLC.

WHEREAS, in accordance with all Federal, State and Local Law, the County of Nassau on behalf of the NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS ["Department"] has received competitive bids for contract H62153-14G, for NASSAU COUNTY PAVEMENT MARKING IMPROVEMENTS- PHASE 14, PIN 0761.67, VARIOUS LOCATIONS, NASSAU COUNTY, NY["Contract"], as more particularly described in the contract documents, a copy of which are on file with the Clerk of the Legislature; and

WHEREAS, the County and the Contractor desire to increase the maximum amount of the Original Contract by $695,542.25 dollars, such that the total Maximum Amount the County shall pay the Contractor shall not exceed $2,086,626.75 and

WHEREAS, the funding for this Contract Amendment is from capital funds approved by the Nassau County Legislature: now therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature, based on the representations of the Department and the recommendation of the

Commissioner of the Department, authorizes the County Executive to award and execute the said contract with the vendor.

# AMENDMENT NUMBER ONE

This AMENDMENT (together with any appendices or exhibits attached hereto, this "Amendment"), dated as of the date this amendment is executed by Nassau County (the "Effective Date") between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the Department of Public Works having its principal office at 1194 Prospect Avenue, Westbury, New York 11590 and (ii) Safety Marking LLC, 255 Hancock Avenue, Bridgeport, Connecticut 06605 ( the "Contractor").

W I T N E S S E T H:

WHEREAS, pursuant to County Contract Number H62153-14G between the County and the Firm, executed on behalf of the County on January 16, 2025 (the "Original Agreement"), the Firm performed construction services consisting of the furnishing labor, materials, tools, equipment, and incidentals as specified for the refurbishment of epoxy pavement markings along various roadways in Nassau County, which services are more fully described in the Original Agreement (the services contemplated by the Original Agreement, the "Services");

WHEREAS, the term of the Original Agreement was for one (1) year, with the Department's option to extend the term of the Contract at its own discretion (the "Term"), and extended by letter to December 31, 2026;

WHEREAS, the maximum amount that the County agreed to reimburse the Firm for Services under the Original Agreement, as full compensation for the Services, was one million three hundred ninety-one thousand eighty-four dollars and fifty cents ($1,391,084.50) (the "Maximum Amount");

WHEREAS, the County and the Contractor desire to modify the Maximum Amount of the Agreement to increase the amount of funds available to compensate the Contractor for the providing Services by an additional six hundred ninety-five thousand five hundred forty-two dollars and twenty-five cents ($695,542.25) as provided herein ("Amendment Number One"); and,

NOW, THEREFORE, in consideration of the premises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Maximum Amount. The Maximum Amount shall be increased by six hundred ninety-five thousand five hundred forty-two dollars and twenty-five cents ($695,542.25). Accordingly, the total Maximum Amount the County shall pay the Contractor shall not exceed two million eighty-six thousand six hundred twenty-six dollars and seventy-five cents ($2,086,626.75) ), during the Term (the "Amended Maximum Amount") for Services under the Amended Agreement.

2. Full Force and Effect. All the terms and conditions of the Original Agreement not expressly amended by this Amendment Number One shall remain in full force and effect and govern the relationship of the parties for the term of the Amended Agreement or as otherwise provided the Original Agreement.

3. Compliance with Law.

Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County ( a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

a) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
b) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
c) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
d) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;

e) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement;
f) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement; and
g) The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. Including but not limited to, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," which governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts.

The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have executed this Amendment as of the date first above written.

Responsibility Determination Memorandum

DPW Summary Finding

It is the Department's opinion that based on the information known to the Department and summarized in this memorandum, that the vendor is a responsible contractor for the purpose of being awarded the above-referenced contract.

Prior to the award of a contract, New York State agencies and political subdivisions, are required to make a determination of responsibility of the proposed vendor. State Finance Law §163 (9) (f); Highway Law §38; Public Building Law §8; General Municipal Law §103. General Municipal Law §103 requires the County to award contracts to a "responsible bidder" but does not define that term. However, the State Finance Law, which is the analogous law for contracting by New York State agencies, defines responsible as: "financial ability, legal capacity, integrity and past performance of a business entity and as such terms have been interpreted relative to public procurements". NY CLS St. Fin §163 (1) (c). This standard is applied to procurements pursuant to NYGML §103. *Matter of AAA Caring & Rubbish Removal, Inc. v. Town of Southeast,* 17 N.Y. 3d 136 (2011)

The NY State Office of General Services employees the FLIP analysis -financial ability, legal capacity, integrity, and past performance – to meet its obligation to make a responsibility determination.

Application of the FLIP test

As explained in this memorandum, the FLIP test, can be used to evaluate a vendor's responsibility.

1. Financial and Organizational Capacity
   The Department has reviewed materials supplied by vendor as required by the bid documents and is satisfied that the vendor has met the financial and organizational capacity as required by the bid documents.

2. Legal Authority
   Vendor is not debarred.

3. Integrity
   Vendor possesses requisite business integrity-analysis of vendor information described in later portion of this memorandum.

4. Past Performance
   Based upon the vendor's prior performance on County contracts, as well as a check of vendor's reference, vendor is qualified to perform the work for the above-referenced contract.

Responsibility Determination Memorandum

Nassau County Procurement Policy Requirements

Similarly, the Nassau County Procurement Policy states that, "a vendor is deemed responsible to be awarded a contract when it has demonstrated that it has the integrity and capacity to perform the required services on behalf of the County." Nassau County Procurement Policy at Appendix E. Appendix E goes on to state that factors to consider in determining the responsibility of a vendor include financial resources, organizational capacity, a satisfactory record of performance and a satisfactory record of business integrity - an analysis identical to the FLIP test.

For purposes of its consideration of responsibility, the County requires potential vendors to submit vendor disclosure forms. Those forms are used by the Department as a tool when conducting a vendor responsibility review with the intent of determining "if there exists any material adverse information impacting the vendor's capacity or integrity." Quoting Appendix E.

The following is quoted from Appendix E:

> For adverse information to be considered a factor in a vendor responsibility review, the information must be found to be material. Not all adverse information may be material. Materiality is greater for more recent events than for less recent ones, and materiality is greater for events concerning services more closely related to those required by the County than services that are less so. An event is considered most material when it concerns services equivalent or similar to those required by the County, has occurred recently, occurred in close geographic proximity to the County, and involves one or more individuals or organizational departments that may be involved in the conduct of the County contract. Also relevant in this assessment is whether the event involves a relatively large or small amount of money, services, or product; whether the event involves a threat to life, health, safety, or property, whether criminality or possible criminality is involved; and the quantity of adverse information. In addition, any adverse information discovered by a department, which should have been, but was not disclosed by the vendor on the appropriate disclosure form(s) may be considered material.
>
> Examples of adverse information that may not be considered material include adverse social media posts or poor reviews of a company posted on the internet. In addition, adverse information that occurred and/or was resolved more than five years ago generally is not considered material, although once such information has been identified the department conducting the review should investigate whether any similar subsequent event(s) occurred that may be subject to further analysis or suggesting a concern regarding the vendor's corporate culture.
>
> A finding of non-responsibility has significant implications for the vendor, since subsequent to that determination the vendor must disclose it in future solicitation responses to public entities. Therefore, the finding must be based upon evidence of a sufficiently severe failure of capacity and/or integrity on the part of the vendor. Any adverse information which is not deemed to be sufficient for a finding of non-responsibility must be demonstrated by the vendor to have been addressed sufficiently through implementation of corrective actions and/or plans to ensure that the adverse event(s) shall not impact or recur during the conduct of the County contract under consideration. Corrective actions that may be considered in this regard include, but are not limited to, termination of the employee(s) involved, introduction of new policies and procedures, employee trainings, reorganization of the vendor's structure, introduction of new internal or external monitors, payment of all fines, satisfactory resolution of the matter by the investigating entity, etc.

Responsibility Determination Memorandum

Application of the Materiality Evaluation to Determine Vendor Integrity

As described in this memorandum, the Nassau County Procurement Policy at Appendix E identifies factors that should be considered when determining if the adverse information available about a vendor rises to level of materiality (vendor responsibility determination is dependent upon material information).

Vendor Adverse Information

Vendor reports an OSHA investigation, resulting in an "Other than Serious" violation issued in 2022, on a non-County project. Vendor has performed work for the County for many years without incidence. Vendor reports that it complied with a United States Attorney's office investigation of an unaffiliated company. Vendor reports that a former employee it terminated for aggressive bullying filed a protected speech complaint with the National Labor Relations Board; no violation was issued, and the charge was settled. The Department is satisfied with the Vendor's reporting of Adverse Information and has concluded that the Vendor is a responsible vendor for the performance of the scope of work in Contracts H62153-1 3GR , 14 G & 15G.

OSHA No.(s): 1617721

# INFORMAL SETTLEMENT AGREEMENT

The undersigned Employer and the undersigned Occupational Safety and Health Administration (OSHA), in settlement of the above referenced Citation(s) and Notification(s) of Penalty, which were issued on 10/11/2022, hereby agree as follows:

1. The Employer agrees to correct the violations as cited in the above referenced citation(s) or as mentioned below.

2. The Employer agrees to pay all proposed penalties, if any, as issued with the above referenced citation(s), or as amended by this agreement, as amended below. The Employer further agrees to pay the amended total penalty of **$7,179.20** on or before **November 28, 2022,** and if the amended penalty is not paid on or before **November 28, 2022,** the original total proposed penalty will become due and payable immediately plus any collection fees, interest, and penalties incurred thereafter.

3. The Employer and OSHA agree that the following citation item(s) and penalty (if any) are not being amended by this agreement.

| TYPE OF VIOLATION | CITATION NO. | ITEM NO. |
|---|---|---|
| None | | |

4. OSHA agrees that the following citation item(s) and penalties are being amended (see attachment).

   **Penalty for Citation 1, Item 1 has been reclassified to Other-Than-Serious and modified to 29 CFR 1926.601(b)(4)(11). The penalty has been reduced to $7,179,20**

5. In consideration of the foregoing amendment(s) and/or modification(s) to the citation(s), the Employer hereby waives its right to contest said citation(s) pursuant to Section 10(c) of the Occupational Safety and Health Act of 1970. It is understood and agreed by the Occupational Safety and Health Administration and the Employer that the citation(s) as amended and/or modified by this agreement shall be deemed a final order not subject to review by any court or agency.

6. The Employer agrees to immediately post a copy of this Settlement Agreement in a prominent place at or near the location of the violation(s) referred to in paragraphs 3 or 4 above. This Settlement Agreement must remain posted until the violations cited have been corrected, or for three working days (excluding weekends and Federal Holidays) whichever is longer.

7. Each party hereby agrees to bear its own fees and other expenses incurred by such party in connection with any stage of this proceeding.

8. Failure of the Employer to comply with the terms of this Agreement shall cause the amended total penalty to revert to the original total proposed penalty.

9. The Citation(s) is/are deemed amended to include any abatement measures, including agreements as to actions to be taken by the Employer which are described in this agreement.

10. The Employer will not chill the exercise of any person's rights under Section 11(c)(l) of the Act and will not violate the provisions of Section 11(c)(1) of the Act by discriminating against, interfering with, restraining, or coercing any employee because such employee has filed any complaint or instituted or caused to be instituted any proceeding under or related to this Act or has testified or is about to testify in any such proceeding or because of the exercise by such employee on behalf of himself or others of any right afforded by this Act.

11. None of the foregoing agreements, statements, stipulations, and actions taken by the Employer shall be deemed an admission of the allegations contained within the citations, notifications of penalty herein. The agreements, statements, stipulations, findings, and actions taken herein are made for the purpose of settling this matter economically and amicably and they shall not be used for any purpose, except for the proceedings and matters arising under the OSHA Act (29 USC 651, et seq.).

**Re: Safety Marking, Inc.**

Dear Mr. Hawks-Ladds:

On January 19, 2021, you notified the New York State Department of Transportation ("the Department") on behalf of your client, Safety Marking, Inc., ("Safety Marking") of a new development related to the United States Attorney's Civil Investigative Demands and investigation of The Fence Man, Inc. Specifically, you reported that Safety Marking has learned that the United States Attorney's Office (USAO) has settled its investigation of The Fence Man, Inc., and the government and the Fence Man executed a formal Settlement Agreement resolving the matter. You also reported that the USAO has not contacted your client, Safety Marking, since June 2019 regarding its investigation of The Fence Man, Inc., and that The Fence Man matter is now closed. Additionally, you indicated that you do not believe that the USAO has any timely claims that could be raised against your client. Therefore, you requested an end to Safety Marking's reporting requirements regarding the USAO's Investigative Demands and investigation of The Fence Man, Inc.

This request was presented to the Department's Contract Review Unit ("CRU") for further consideration on behalf of the Department. The Department hereby grants your request to end Safety Marking's reporting requirements regarding The Fence Man.

Please contact me by e-mail at Leslie.Robinson@dot.ny.gov if you have questions regarding this.

Sincerely,

Leslie Robinson
Senior Attorney

# INFORMAL SETTLEMENT AGREEMENT

The undersigned Employer and the undersigned Occupational Safety and Health Administration (OSHA), in settlement of the above referenced Citation(s) and Notification(s) of Penalty, which were issued on 10/11/2022, hereby agree as follows:

1. The Employer agrees to correct the violations as cited in the above referenced citation(s) or as mentioned below.

2. The Employer agrees to pay all proposed penalties, if any, as issued with the above referenced citation(s), or as amended by this agreement, as amended below. The Employer further agrees to pay the amended total penalty of **$7,179.20** on or before **November 28, 2022,** and if the amended penalty is not paid on or before **November 28, 2022,** the original total proposed penalty will become due and payable immediately plus any collection fees, interest, and penalties incurred thereafter.

3. The Employer and OSHA agree that the following citation item(s) and penalty (if any) are not being amended by this agreement.

| TYPE OF VIOLATION | CITATION NO. | ITEM NO. |
|---|---|---|
| None | | |

4. OSHA agrees that the following citation item(s) and penalties are being amended (see attachment).

   **Penalty for Citation 1, Item 1 has been reclassified to Other-Than-Serious and modified to 29 CFR 1926.601(b)(4)(11). The penalty has been reduced to $7,179,20**

5. In consideration of the foregoing amendment(s) and/or modification(s) to the citation(s), the Employer hereby waives its right to contest said citation(s) pursuant to Section 10(c) of the Occupational Safety and Health Act of 1970. It is understood and agreed by the Occupational Safety and Health Administration and the Employer that the citation(s) as amended and/or modified by this agreement shall be deemed a final order not subject to review by any court or agency.

6. The Employer agrees to immediately post a copy of this Settlement Agreement in a prominent place at or near the location of the violation(s) referred to in paragraphs 3 or 4 above. This Settlement Agreement must remain posted until the violations cited have been corrected, or for three working days (excluding weekends and Federal Holidays) whichever is longer.

7. Each party hereby agrees to bear its own fees and other expenses incurred by such party in connection with any stage of this proceeding.

8. Failure of the Employer to comply with the terms of this Agreement shall cause the amended total penalty to revert to the original total proposed penalty.

9. The Citation(s) is/are deemed amended to include any abatement measures, including agreements as to actions to be taken by the Employer which are described in this agreement.

10. The Employer will not chill the exercise of any person's rights under Section 11(c)(l) of the Act and will not violate the provisions of Section 11(c)(1) of the Act by discriminating against, interfering with, restraining, or coercing any employee because such employee has filed any complaint or instituted or caused to be instituted any proceeding under or related to this Act or has testified or is about to testify in any such proceeding or because of the exercise by such employee on behalf of himself or others of any right afforded by this Act.

11. None of the foregoing agreements, statements, stipulations, and actions taken by the Employer shall be deemed an admission of the allegations contained within the citations, notifications of penalty herein. The agreements, statements, stipulations, findings, and actions taken herein are made for the purpose of settling this matter economically and amicably and they shall not be used for any purpose, except for the proceedings and matters arising under the OSHA Act (29 USC 651, et seq.).

# INFORMAL SETTLEMENT AGREEMENT

The undersigned Employer and the undersigned Occupational Safety and Health Administration (OSHA), in settlement of the above referenced Citation(s) and Notification(s) of Penalty, which were issued on 10/11/2022, hereby agree as follows:

1. The Employer agrees to correct the violations as cited in the above referenced citation(s) or as mentioned below.

2. The Employer agrees to pay all proposed penalties, if any, as issued with the above referenced citation(s), or as amended by this agreement, as amended below. The Employer further agrees to pay the amended total penalty of **$7,179.20** on or before **November 28, 2022,** and if the amended penalty is not paid on or before **November 28, 2022,** the original total proposed penalty will become due and payable immediately plus any collection fees, interest, and penalties incurred thereafter.

3. The Employer and OSHA agree that the following citation item(s) and penalty (if any) are not being amended by this agreement.

| TYPE OF VIOLATION | CITATION NO. | ITEM NO. |
|---|---|---|
| None | | |

4. OSHA agrees that the following citation item(s) and penalties are being amended (see attachment).

   **Penalty for Citation 1, Item 1 has been reclassified to Other-Than-Serious and modified to 29 CFR 1926.601(b)(4)(11). The penalty has been reduced to $7,179,20**

5. In consideration of the foregoing amendment(s) and/or modification(s) to the citation(s), the Employer hereby waives its right to contest said citation(s) pursuant to Section 10(c) of the Occupational Safety and Health Act of 1970. It is understood and agreed by the Occupational Safety and Health Administration and the Employer that the citation(s) as amended and/or modified by this agreement shall be deemed a final order not subject to review by any court or agency.

6. The Employer agrees to immediately post a copy of this Settlement Agreement in a prominent place at or near the location of the violation(s) referred to in paragraphs 3 or 4 above. This Settlement Agreement must remain posted until the violations cited have been corrected, or for three working days (excluding weekends and Federal Holidays) whichever is longer.

7. Each party hereby agrees to bear its own fees and other expenses incurred by such party in connection with any stage of this proceeding.

8. Failure of the Employer to comply with the terms of this Agreement shall cause the amended total penalty to revert to the original total proposed penalty.

9. The Citation(s) is/are deemed amended to include any abatement measures, including agreements as to actions to be taken by the Employer which are described in this agreement.

10. The Employer will not chill the exercise of any person's rights under Section 11(c)(l) of the Act and will not violate the provisions of Section 11(c)(1) of the Act by discriminating against, interfering with, restraining, or coercing any employee because such employee has filed any complaint or instituted or caused to be instituted any proceeding under or related to this Act or has testified or is about to testify in any such proceeding or because of the exercise by such employee on behalf of himself or others of any right afforded by this Act.

11. None of the foregoing agreements, statements, stipulations, and actions taken by the Employer shall be deemed an admission of the allegations contained within the citations, notifications of penalty herein. The agreements, statements, stipulations, findings, and actions taken herein are made for the purpose of settling this matter economically and amicably and they shall not be used for any purpose, except for the proceedings and matters arising under the OSHA Act (29 USC 651, et seq.).

Inter-Departmental Memo

**TO:** Office of the County Executive
Att: Arthur T. Walsh, Chief Deputy County Executive

**FROM:** Department of Public Works

**DATE:** November 5, 2025

**SUBJECT:** Pavement Marking Improvements Phase 14
Contract H62153-14G
Encumbrance No. CHPW24000008
**Approval of Contract Amendment No. 1**

This Department is requesting approval of the following Amendment that is necessary for Safety Marking, LLC to perform additional construction services involving the refurbishment of worn and faded pavement markings on Nassau County roads including long lines, stop lines, hatching, crosswalks, symbols and letters to assure good visibility and promote safe and efficient movement and operation of traffic.

**PAVEMET MARKING IMPROVEMENTS PHASE 14, CONTRACT No. H62153-14G**
**ADDITIONAL FUNDING: Increase Maximum Amount by $695,542.25**

This pavement marking project was bid using New York State Department of Transportation (NYSDOT) pavement marking standards and specifications that did not provide sufficient wet weather nighttime retro-reflectivity. Additionally, after the contract was awarded, the Federal Highway Administration released an update to the *Manual on Uniform Traffic Control Devices* to modify pavement marking requirements while the Traffic Engineering Unit was in the process of developing a new epoxy specification to enhance visibility of the pavement markings during wet-night conditions to address the wet weather safety concerns. These factors resulted in updated pavement marking standards and specifications, which led to a fifty (50%) percent increase in line striping width and the inclusion micro-crystalline ceramic beads that provide superior wet-night visibility of the markings over what was used in the past. Since the new pavement marking standards and specifications led to an increased cost per linear foot of pavement markings, not all of the original roads that were scoped for the project could be completed. Additionally, roadways that were recently resurfaced utilizing the NYSDOT pavement marking material required refurbishment to remediate the wet weather nighttime visibility issue. The additional funding being requested will enable us to complete all of the remaining work using our upgraded standards and specifications.

If you approve or disapprove of the above request and how we propose to proceed, please signify below and return the memo to this office for appropriate action.

**Extension of Time**

Dear Mr. Kelly:

This is in reference to your letter dated January 14, 2026, requesting an extension of time under the aforementioned contract due to inclement weather conditions that ceased seasonal operations earlier than anticipated. Based on the reason stated above, you are hereby advised that the extension of time per Article XIII of the Agreement is granted to December 31, 2026 to coincide with the expiration of the State and Local Agreement.

This extension of time is not an acknowledgement by the Commissioner that the same was caused by any action on the part of the County and shall serve to relieve you from any of the terms and conditions of the Contract or from full responsibility of performance of the obligations hereunder. The County specifically reserves any and all claims, causes of action, and the right to assess damages against you or your surety.

Very truly yours,

# **All Contractors - Please Note:**

This Nassau County construction contract is funded with Federal Highway Administration (FHWA) funds. Henceforth, in the case of a potential conflict with respect to binding clauses/procedures that maybe contained within, federal rules/procedures are supreme and will override any conflicting Nassau County clause/procedures. In addition, this project will be constructed in conformance with the lateest New York State Department of Transportation (NYSDOT) Standard Specifications (with current errata). In the case of a potential conflict with Nassau County bidding requirements contained within, the NYSDOT specifications will apply.

## *DISADVANTAGED BUSINESS ENTERPRISE PROGRAM*

The Contractor is advised that this construction contract is funded with Federal Highway Administration (FHWA) funds and, as such, is subject to United States Department of Transportation (USDOT) rules and regulations implementing the USDOT Disadvantaged Business Enterprise (DBE) program mandated by Federal Law. **The DBE goal for this construction contract is TEN percent (10%).**

Accordingly, the Contractor will be responsible for completing **all** mandated DBE forms as described in New York State Department of Transportation's manual ***Procedures for Local Projects Manual, Chapters 13, 14, and 15.*** These chapters and related forms can be downloaded from the following NYSDOT webpage:
https://www.dot.ny.gov/plafap?nd=nysdot

The lowest responsible bidder, once approved by Nassau County Department of Public Works, will be required to submit DBE Forms **AAP-19LL - DBE SCHEDULE OF UTILIZATION,** ***AAP 20LL - DBE UTILIZATION WORKSHEET,*** and ***CONR 89LL – APPROVAL TO SUBCONTRACT,*** **prior** to contract award; printed directly from EBO once the Template is uploaded on to EBO and the Lowest bidder has performed pre-award approvals, etc.

## ***OCCUPATIONAL SAFETY & HEALTH ADMINISTRATION (OSHA) REGULATIONS***

The Contractor is also advised that this FHWA funded contract will be subject to the requirements of **Title 29 CFR**. Specifically, all requirements of **29 CFR Part 1910** and **Part 1926** will be enforced on this County contract. The New York State Public Employee Safety & Health Bureau (**PESH**) of the New York State Department of Labor has adopted all of the standards of **Title 29 CFR**. Construction Program employees are public employees, and are therefore covered by **PESH** primarily under **29 CFR 1910**.

The Contractor will perform all necessary planning, supervision, and training activities to ensure that all of the requirements of **29 CFR 1926** are fully met for all workers employed in the construction of the contract. The Contractor shall provide to the County, prior to the start of work, satisfactory evidence that all current requirements of **29 CFR 1926** will be adequately addressed. As a minimum, the Contractor shall provide a written **Project Safety and Health Plan** which documents the Contractor's company policy relative to safety, and which identifies and addresses specific safety and health concerns to be encountered on the project. Before the work begins and periodically throughout the project, the Contractor's project supervision staff shall meet with the County to review and discuss the status of safety issues on the project. An appropriate notice shall be posted on the contract site that the Project Safety and Health Plan is available for examination by any worker employed on the project. As a minimum, this plan shall include the following items:

- Identification of project and company safety officers.
- Hazardous Materials Communications Plan.
- Employee Safety Training Program.
- Company safety policy.
- Procedures to address project safety and health concerns.
- Procedures to address distraught, emotionally disturbed persons and/or homeless persons.
- Procedures for compelling worker compliance with safety and health requirements.
- **List of Hospital(s) in close proximity to job location(s), depending on the number of locations.**
- **Direction(s) to each hospital from each job location.**

A. RECEIPT AND OPENING OF BIDS

The County of Nassau, State of New York, invites bids on the forms attached hereto, all blanks of which must be properly completed. Bids together with Bid Security will be received by the Clerk of the Legislature of Nassau County, Room 117, in the Theodore Roosevelt Executive and Legislative Building, 1550 Franklin Avenue, Mineola, New York until 10:30 A.M., on the date noted in the Notice to Bidders, and Bids accompanied with Bid Security will be opened and read aloud in the Legislative Chambers Theodore Roosevelt Executive and Legislative Building.

B. BIDDER'S OBLIGATIONS

1. Bidders shall be responsible at the time of bidding for completing all certifications required by these Contract Documents. Failure to comply with this requirement may cause the bidder to be considered non-responsive and therefore not eligible for award.

2. Bidders are cautioned not to submit proposals without having carefully examined the entire site of the proposed work and the adjacent premises, and the various means of approach to the site and shall make all necessary investigations to inform themselves thoroughly as to the facilities for delivering, placing, and operating the necessary plant, and for delivering and handling the material at the site, and to inform themselves thoroughly as to all the difficulties involved in the completion of all work under this contract in accordance with its requirements.

3. Bidders shall examine the Drawings and Specifications and exercise their own judgment as to the nature and amount of the whole of the work to be done and, for the bid prices, shall assume all risk of variance by whomsoever made in any computation or statement of amounts or quantities necessary to fully complete the work in strict compliance with the Contract Documents.

4. The Contractor shall assume all risks and responsibility and shall complete the work in whatever material and under whatever conditions he may encounter or create, without extra cost to the County.

5. The County may have acquired for its own use certain information relating to the probable profiles of the ground, conditions below ground and water surfaces to be encountered at the site of the proposed work some of which may be shown on the plans. If such information is shown or given, the County makes no representation or warranty as to its existence or accuracy. The Bidder will be permitted to see and examine any information in the possession of the County for whatever value he considers it worth. The Bidder shall satisfy himself as to the nature of all subsurface conditions, by making any and all investigations he may deem necessary.

6. No plea of ignorance or misunderstanding of conditions that exist or that may hereafter exist, or of conditions or difficulties that may be encountered in the execution of the work under this Contract, as a result of failure to make the necessary examinations and investigations, will be accepted as an excuse for any failure or omission on the part of a Contractor to fulfill in every detail all of the requirements of the Contract Documents, or will be accepted as a basis for any claims whatsoever for extra compensation, or for an extension of time.

7. Bidders are warned that the estimates of the quantities of the various items of work and materials as set forth in the proposal form are approximate only and are given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be less or more than so estimated, and, if so, no action for damages or for loss of profits shall accrue to the Contractor by reason thereof.

8 Bidders are cautioned that, where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities of Glen Cove or Long Beach, the Contractor shall be required to have such a license.

C. DEFINITIONS

The Bidder's attention is directed to that Article of the Agreement and/or General Conditions which defines various words and expressions used therein.

D. FORM, PREPARATION AND PRESENTATION OF PROPOSALS

1. For particulars as to the quantity and quality of the supplies, materials, and equipment to be furnished and the nature and extent of the work or labor to be done, prospective bidders are referred to the Contract Documents which may be obtained or examined at the Permit Office of the Department of Public Works.

2. Each bid shall be submitted upon the prescribed proposal form. All blank spaces for bid prices must be filled in, in ink, in both words and figures, with the unit or total sum, or both, for which the proposal is made. If proposals contain any omission, erasures, alterations, additions or items not called for in the itemized proposal or contain irregularities of any kind, such may constitute cause for rejection of bid. In case of any discrepancy in the unit price or amount bid for any item in the proposal, the unit price, as expressed in written words, shall govern. Each proposal shall specify the correct total sum of the bid. This total sum shall be the correct sum of all items indicated on the proposal form. The correct total sum shall be used to determine the lowest bidder. In the case of a proposal containing unit price items, the correct total sum shall be arrived at by the correct computation, to the hundredth of a dollar ($0.00), of all items contained in the proposal at the unit prices bid, and correctly adding the amount bid for each item. If a bidder incorrectly computes the total sum, the Commissioner will, in all cases, cause the proposal to be corrected, up or down, in accordance with the precedence and procedure specified above, and the corrected total sum will be used to determine the ranking of the bidder. IN NO CASE IS THE AGREEMENT TO BE FILLED OUT OR SIGNED BY THE BIDDER.

E. SUBMISSION OF BIDS

1. The bid must be signed and verified, and be presented on the prescribed form in a sealed envelope on or before the time at the place mentioned in the Notice to Bidders, endorsed with the name of the person, firm or corporation presenting it, the date of presentation, and the title of the work for which the bid is made. (If forwarded by mail, the sealed envelope containing the proposal and marked as directed above, must be enclosed in another envelope addressed as specified in the Notice to Bidders, preferably by certified mail). Bid Security shall also be presented with the BID and

shall be **OF THE BID BOND FORM PROVIDED** and presented in a sealed envelope, marked "Bid Security," and submitted separate from the BID. Said sealed envelope shall bear the contract number of the BID it is presented with and then **"attached to the OUTSIDE of the envelope containing the BID."**

2. SUBCONTRACTOR LISTS - In accordance with GML § 101, for projects (1) to which a project labor agreement applies, (Labor Law Section 222) and, additionally, (2) on a public work contract, for which separate specifications have **NOT** been prepared, each Bidder shall submit with its bid a separate sealed list on the forms provided with the proposal forms that names each subcontractor (for the following enumerated work, if applicable) that the Bidder intends to use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (1) plumbing and gas fitting, (2) steam heating, hot water heating, ventilating and air conditioning apparatus and (3) electric wiring and standard illuminating fixtures. Notwithstanding the forgoing, all subcontractors must be approved by the Commissioner in writing prior to such subcontractor's performance of any work.

F. BIDDING PROTEST PROCEDURE

1. If a Bid Protest is contemplated, the County of Nassau must be notified immediately, in writing. The notification must contain facts in support of the protest, and directed to the Office of the Clerk of the Nassau County Legislature and copied to the Department of Public Works.

Michael C. Pulitzer
Clerk of the Legislature
1550 Franklin Avenue
Mineola, NY 11501

Kenneth G. Arnold, P.E.
Office of the Commissioner
1194 Prospect Avenue
Westbury, NY 11590

2. A written decision relative to the Bid Protest will be sent, to the person protesting, prior to accepting bids or awarding of contract. If the decision is not acceptable, or you feel that further action is warranted, then you may pursue available legal remedies.

G. ADDENDA AND INTERPRETATIONS

No interpretation of the meaning of the Drawings, Specifications or other Contract Documents will be made to any Bidder orally. Prospective bidders must request in

writing such interpretation from the Commissioner and such interpretation will be given in writing. To be given consideration, such request must be received at least seven working days prior to the date fixed for the opening of bids. Any and all such interpretations and any supplemental instructions will be in the form of written addenda which, if issued, will be sent by certified mail, with return receipt requested, to all prospective bidders (at the respective address furnished for such purposes) not later than five (5) working days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such addenda or interpretation shall not relieve any bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the Contract Document. If there are any changes to be made to the contract - item quantity **changes**, etc. - after NYSDOT Contract Documents approval - any addenda must be submitted to the NYSDOT Design Department for review and approval **prior to letting the project.**

H. BID SECURITY

1. The proposal **must** be accompanied either by a **certified check** of a Bank or Trust Company with its principal place of business in New York State **in an amount equal to not less than 10% of the amount bid, made payable to the County of Nassau as assurance that the bid is made in good faith; or a BID BOND in an amount of not less than 10% of the amount bid. BIDDER MUST USE THE BID BOND FORM PROVIDED HEREIN**. The American Institute of Architects or similar substitute forms **OR FORMS IDENTICAL TO THAT PROVIDED HEREIN** will **NOT** be accepted (see Form of Bid Bond immediately following the Instruction to Bidders). **The BID BOND must be affixed to the OUTSIDE of the envelope containing the BID as indicated earlier in the INSTRUCTIONS TO BIDDERS. FAILURE TO PROVIDE SUCH BID BOND OR CERTIFIED CHECK WITH THE BID WILL RENDER THE BIDDER NON-RESPONSIVE AND THE BID WILL NOT BE ACCEPTED, OPENED OR READ ALOUD.**

2. **If after opening the BID, the Bid Security is found to be less than the required 10%, the BID will at that point be determined to be non-responsive and the BID will be rejected.**

3. All Bonds shall be issued by a Surety Company authorized to do business in the State of New York as evidenced by either the Surety Company's most recent Certificate of Solvency

under Section 1111 of the New York Insurance Law, a copy of which shall be attached to the Bond **OR** issued by a Surety Company listed in the most recent copy of the Department of Treasury=s Listing of Approved Sureties (Department Circular 570). The amount of such Bond shall not exceed the limits set by the aforesaid Certificate of Solvency or Treasury Department Circular.

4. Within three days after the opening of bids, the bid security of all but the three lowest bidders will be returned. The bid security of the remaining bidders will be returned within two days after the execution of the Contract.

5. If the Bidder to whom the Contract is awarded refuses or neglects to execute it, or fails to furnish the required security and insurance, within ten (10) days of the date of the Notice of Award, the amount of his bid security shall be forfeited and shall be retained by the County as liquidated damages. No plea of mistake in a bid shall be available to the Bidder for the recovery of his bid security or as a defense to any action based on the neglect or refusal to execute a contract.

## I. QUALIFICATIONS AND RESPONSIBILITY OF BIDDERS

QUALIFICATIONS: A form for qualification of bidders, giving evidence of sufficient facilities, equipment, and experience to insure completion of the work is provided with the proposal and must be properly filled in, sworn to and submitted as part of the proposal although additional information may be sought as provided in the RESPONSIBILITY section below.

RESPONSIBILITY: The COUNTY, in determining the responsibility of the apparent lowest bidder, may require, and the apparent lowest responsible bidder shall Provide, such information as the COUNTY deems necessary in order to ascertain the pecuniary and financial responsibility, accountability, operational responsibleness, reliability, skill, capacity, ability, judgment, integrity and moral worth of the apparent lowest responsible bidder. In the event that the apparent lowest bidder shall be rejected or fails to furnish the requested information and thereby is disqualified and/or otherwise determined to be not responsible, the next lowest bidder shall become the apparent lowest responsible bidder.

Procurement shall only be conducted with responsible vendors who have the technical and financial competence to perform as well as an exemplary record of integrity. Before selecting a vendor, Nassau County intends to review the federal and state lists of vendors excluded from procurement. Contracts shall not be awarded to debarred, suspended, or ineligible vendors. Accordingly, responses must include a completed NYS Vendor Responsibility Questionnaire and notarized certification, along with verification that a completed NYS Vendor Responsibility Questionnaire has been filed with the NYS Office of the State Comptroller.

http://www.osc.state.ny.us/vendrep/.

1. The COUNTY may require the apparent lowest responsible bidder, in addition to other information, to furnish the following items:

   a. Description of its experience with projects of similar comparative size, complexity, and cost within recent years, together with documentary evidence of such projects; demonstration of Contractor's ability and capacity to perform a substantial portion of the Project with its own forces.

   b. Description of the bidder's proposed approach to the project; with a breakdown of the major construction activities; the sequence they will be performed; and their durations.

   c. Documentation from previous projects regarding: timeliness of performance; quality of work; extension requests; labor disputes; litigation and/or arbitration arising from such work, including fines and penalties imposed and payment thereof; liens filed; history of claims for extra work; contract defaults; together with explanations of same.

   d. Identification and description of any projects within the previous five years that the apparent lowest bidder was determined by a municipality not to be a responsible bidder, the reasons given by such municipality therefore, together with an explanation thereof.

e. An adequate demonstration of financial responsibility, which may include, in the COUNTY'S discretion, a Certified Financial Statement prepared by a Certified Public Accountant, to assure that the apparent lowest bidder possesses adequate resource and availability of credit and the means and ability to procure insurance and bonds required for the project.

f. Disclosure of any suspensions or revocations of any professional license of any director, officer, owner, or managerial employee of the apparent lowest bidder, to the extent that any work to be performed is within the field of such licensed profession.

g. Disclosure of any and all Occupational Safety and Health Act (OSHA) violations within the previous three years, as well as all notices of OSHA violations filed against the apparent lowest bidder in the same three year Period, together with a description and explanation of remediation or other steps taken regarding such violations and notices of violation.

h. Disclosure of any and all violations within the previous five years pertaining to unlawful intimidation or discrimination against any employee by reason of race, creed, color, disability, sex or natural origin and/or violations of an employee's civil rights or equal employment opportunities.

i. Certification and list of equipment owned and/or leased by the apparent lowest bidder that will be utilized on the project, together with maintenance records and such assurances regarding safety thereof as the County considers appropriate.

j. Disclosure of any litigation (including copies of Pleadings) in which the apparent lowest bidder has been named as a Defendant or third party defendant in an action involving a claim for personal injury or wrongful death arising from performance of work related to any project in which it has been engaged within the previous five years.

k. Disclosure of violations of the Prevailing Wage and Supplement payment Requirements of the Labor Law, and any other Labor Law provisions, including, but not

limited to, child labor violations, failure to pay wages, or unemployment insurance tax delinquencies within the past five years.

l. Disclosure of violations of the Workers' Compensation Law, including, but not limited to the failure to provide proof of Workers' Compensation or Disability coverage and/or any lapses thereof.

m. Disclosure of any criminal convictions or criminal indictments, involving the apparent lowest bibber, its officers, directors, owners and/or managerial employees, within the past five years.

n. Disclosure of any violations within the past five years or pending charges concerning federal, state, or municipal environmental and/or health laws, codes, rules and/or regulations.

o. Identify all work to be subcontracted along with its value and when requested by the County identifying the firm(s) to which the work will be Subcontracted. All Subcontractors are subject to the approval of the County. The approval of the Subcontractors by the County, as provided in the general conditions, may be subject to the same evaluation of responsibility.

2. Prior to a final determination that the apparent lowest bidder is not responsible, the County shall notify the party of the same, in writing, relaying the initial determination of non-responsibility. The apparent lowest bidder will have ten (10) calendar days to make an appeal, in writing, to the Commissioner. If such an appeal is made, the Commissioner, per established procedure, will convene a Standing Committee to hear the bidder's appeal. The Committee will render a final decision in the matter. Failure by the bidder to make an appeal within the ten (10) calendar day period will render the initial determination of non-responsibility final.

3. In the event the amount of the lowest bid appears disproportionately low when compared with the estimates undertaken by or on behalf of the COUNTY and/or compared to other bids submitted, the COUNTY reserves the right to inquire further of the apparent lowest bidder to determine whether the bid contains mathematical errors, omissions and/or erroneous assumptions, and whether the apparent lowest bidder

has the capability to perform and complete the contract for the bid amount.

**NOTWITHSTANDING THE ABOVE, THE COUNTY RESERVES THE RIGHT TO REJECT ANY AND ALL BIDS AS ELSEWHERE PROVIDED HEREIN.**

J. SECURITY FOR FAITHFUL PERFORMANCE

The successful bidder shall execute both a Performance Bond and a Labor and Material Payment Bond on forms as hereto attached, (See form of Performance Bond and Form of Labor and Material Payment Bond Immediately following the section entitled "Agreement".) each in the amount of one hundred percent (100%) of the contract price, to remain in effect for the duration of the contract, which includes the Maintenance/Guarantee period. Such bonds to be executed by a surety company authorized to do business in the State of New York and acceptable to the County Comptroller; or bonds secured by collateral, or securities approved by the County Comptroller, and approved as to form and manner of execution by the County Attorney. The Attorney-in-fact who sign contract bonds, must file with such bonds a certified copy of the power of attorney to sign these bonds.

All Bonds shall be issued by a Surety Company authorized to do business in the State of New York as evidenced by either the Surety Company's most recent Certificate of Solvency under Section 1111 of the New York Insurance Law, a copy which **must** be attached to the Bond **OR** issued by a Surety Company listed in the most recent copy of the Department of Treasury's Listing of Approved Sureties (Department Circular 570). The amount of said Bond shall not exceed the limits set by the aforesaid Certificate of Solvency or Treasury Department Circular.

K. INSURANCE REQUIREMENTS

The successful bidder will be required to provide the types of insurance specified in the Agreement, General Conditions and Supplementary Conditions.

L. REJECTION OF BIDS

1. The County reserves the right to reject any bid if the evidence submitted in the statement of the Bidder's qualifications or if investigation of such Bidder fails to

satisfy the County that such bidder is properly qualified to carry out the obligations of the Contract and to complete the work contemplated therein.

2. Conditional bids will not be accepted. The County reserves the right to reject any and all bids and to accept the bid which it deems most favorable to the interest of the County, after all bids have been examined and canvassed.

M. BASIS OF AWARD

1. The Contract will be awarded, if at all, to the lowest responsive responsible bidder, as determined by the County Executive and by terms and conditions of the Contracts.

2. After the Sponsor (Nassau County Department of Public Works) lets the project, a contract award package is compiled as per Chapter 14 of the Local Project Manual (LPM) and submitted to NYSDOT Construction for review and their concurrence. Once the contract award package is found to be in order, the Sponsor (NCDPW) will receive from the NYSDOT Construction a "Notice to Proceed" letter in the form of an e-mail, and the project is officially awarded. **Then the Sponsor should schedule a pre-construction meeting with the NYSDOT Local Project Construction Monitors, utility companies (if applicable), and the Consultant inspection staff.**

N. STAGING AND STORAGE AREAS

Where appropriate and available, the County will permit the successful bidder to utilize County-owned property in accordance with Specific Conditions as a staging and storage area. Bidders are advised to contact the office of Contracts and Permits to determine if such arrangements are available for the specific contract being bid.

O. CONTRACT PROCESSING FEE

In accordance with the provisions of Ordinance No. 201-2001, passed by the Legislature and approved by the County Executive (original on file with the Clerk of the Legislature), the successful bidder upon signing contracts will be required to pay the following fee schedule service charge for the administration of the contract by the County of Nassau:

| Value of Contract | Administrative Fee |
|---|---|
| $0 - $5000 | $0 |
| $5001 - $50,000 | $160 |
| $50,001 - $100,000 | $266 |
| Over $100,000 | $533 |

All checks are to be made payable to the Nassau County Treasurer.

P. STATE LAWS

1. Foreign Contractors must comply with provisions of Articles 9a, 16 and 16a of the Tax Law, as amended, prior to submission of the proposal for the performance of the work. The Certificate of the New York State Department of Taxation and Finance (TP-310) to the effect that all taxes have been paid by the foreign Contractor shall be conclusive proof of the payment of taxes. The term "foreign Contractor" as used herein means, in the case of an individual, a person who is a legal resident of another state or foreign country; in the case of a firm or co-partnership, one having one or more partners who is a legal resident of another state or foreign country; and, in the case of a corporation, one having its principal place of business in another state or country.

2. The attention of all prospective bidders is specifically called to the provisions of Section 25, subdivision 5, sections 70 and 71 of the Lien Law, as amended, in relation to funds being received by a Contractor for a public improvement declared to constitute trust funds in the hands of such Contractor to be applied first to the payment of certain claims.

3. The Contractor and each and every subcontractor performing work at the site of the project to which this Contract relates, shall comply with all applicable provisions of the Labor Law, as amended, of the State of New York and particularly Article 8 thereof. Attention is called to certain provisions of the Labor Law as set forth in the Agreement or General Conditions which are hereby referred to and made a part thereof.

Q. STORM WATER POLLUTION PREVENTION

Bidders on Nassau County Projects are advised that the Federal Clean Water Act (Public Law 92-500) as amended has promulgated Storm Water management regulations which in part require a

Storm Water discharge permit for certain categories of industrial activities (GP-0-12-001) or a Storm Water discharge permit for construction activities (GP-0-15-002) where discharge is to surface waters of the State and land disturbance is greater than 1 acre. Compliance is being implemented by the New York State Department of Environmental Conservation (NYSDEC) under the State Pollution Discharge Elimination System (SPDES) permitting program. Nassau County's coverage under either SPDES permit for Storm Water discharges stipulates development and/or implementation of site pollution prevention plans which will have a direct effect on contractor, subcontractor, and other site worker activities. Generally site workers, including contractors, subcontractors, etc., must become familiar with and abide by the County's Storm Water Pollution Prevention Plan (SWPPP) which describes work strategies to be employed to prevent Storm Water contamination.

Accordingly, the low bid contractor(s) will be required to sign a certification form (provided in the Agreement Section herein) at the time of their contract execution. This form states that all personnel to be employed at the site will be advised of the existence of a SWPPP, and will comply with the terms and conditions of the plan as administered by the County and their duly authorized representatives. Additionally, the contractor responsible for implementing the SWPPP shall provide, at his own expense, a full-time competent personnel, trained in construction site sediment and erosion control as approved by the Commissioner, who shall have the full authority to provide material and labor in the prosecution and completion of such work.

Subsequent to award of the contract, at the close of the pre-construction meeting, the contractors must make their supervisory personnel available for instruction by Nassau County in pollution prevention by utilizing the best practical construction activities management practices. Instructional materials may be provided during the brief instructional session.

R. THE CONTRACT IS ALSO MADE SUBJECT TO:

1. GENERAL BUSINESS LAW, Section 322-a

2. GENERAL MUNICIPAL LAW, Section 103-d

3. LABOR LAW, Article 8 and Article 10

4. COUNTY EXECUTIVE ORDER 2-2018 and NASSAU COUNTY VENDOR CODE OF ETHICS

4. ADMINISTRATIVE CODE OF NASSAU COUNTY, Sections 22-4.2 and 22-4.3

5. No Contractor, Subcontractor, nor any person acting on its behalf should in any manner discriminate because of race, creed, color, religion, sex, national origin, age, marital status, and or disability, against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.

6. Contracts receiving Federal Aid are referred to Section T., entitled, CONTRACTS WITH FEDERAL AID, of these instructions.

7. With reference to the foregoing and all other statutory citations contained in the bid documents, it is the Contractor's responsibility to appraise himself of the latest amendments.

8. Each and every provision of any law, rule or regulation required by law to be inserted in this Contract shall be deemed to be inserted herein, and the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise, any such provision is not inserted or is not correctly inserted, then upon the application of either party, the Contract shall be amended to make such insertion.

9. All required USEPA, NYSDEC and USACE permit requirements, including, but not limited to: USEPA CWA Section 402 Permit (via SPDES Permit and Storm Water Pollution Prevention Plan (SWPPP)), USACE CWA Section 404 permit (via Nationwide Permit), DEC freshwater wetlands permit, dewatering permit, and well permit, if applicable.

S. SALES TAX AND COMPENSATING USE TAX

Under the Laws of New York State all materials and supplies sold to a Contractor and which are to become an integral, component part of a structure, building or real property owned by an exempt organization such as the County of Nassau are exempt from the payment of New York State Sales or Compensatory Use Taxes. Therefore, the Contractor should not include any amount in its bid price to cover Sales Taxes.

T. RESPONSIBLE CONTRACTORS

1. The Owner will award contracts only to responsible contractors who possess the ability to perform successfully under the terms and conditions of the Contract. Consideration will be given to such matters as contractor integrity, record of past performance, and accessibility to financial and technical resources. A prospective contractor must affirmatively demonstrate his or her responsibility and, when necessary, the responsibility of proposed subcontractors. Within 30 days after the Department has granted preliminary approval of proposed subcontractor(s), contractor shall provide all required vendor integrity and disclosure documents for preliminarily approved subcontractor(s). A determination of non-responsibility will be made by the County if information obtained indicates clearly that the prospective contractor is not responsible. If the County has doubts about the productive capacity or financial strength of a prospective contractor which cannot be resolved affirmatively, the County will determine that the prospective contractor is non-responsible. A determination and findings supporting the decision will be written for the file.

2. A prospective contractor must:

   a. Have adequate financial resources or the ability to obtain such resources as required during performance of the contract.

   b. Be capable of furnishing the supplies/services specified in accordance with the required delivery schedule. Upon request, the prospective contractor must furnish "acceptable evidence" of his ability to perform, such as firm commitments by sub-contractors, equipment supplies and facilities, and show his ability to obtain the necessary personnel.

   c. Not have an unsatisfactory record of performance.

   d. Not have an unsatisfactory record of integrity and business ethics.

   e. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

3. Debarred or Ineligible Bidders. No firm that is currently ineligible or debarred from the award of a direct Federal contract may be awarded a contract or a subcontract under a project supported by Federal funds. The contractor must include with his bid or proposal a certification that he is not on a current list of debarred or ineligible contractors for Federal contracts.

U. CONTRACTS WITH FEDERAL AID

1. A Pre-Award Conference to determine the lowest responsible bidder's ability to fulfill the requirements of Executive Orders No. 11,246 and No. 11,375 is mandatory for all contracts exceeding $1,000,000.00. The Bidder will be informed during the Pre-Award Conference, the date, time and place set for a Pre-Construction Conference required by New York State.

2. Are subject to the provisions of Article 18 of the General Municipal Law of the State of New York, as amended; Sections 22-4.2 and 22-4.3 of the Administrative Code of Nassau County, 41 CFR (Code of Federal Regulations) 60 including Parts 60-1.4, 60-250.4 and 60-741.4.

3. No Contractor, Subcontractor, nor any person acting on its behalf should in any manner discriminate because of race, creed, color, religion, sex, national origin, age, marital status or disability, against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.

V. FRINGE BENEFIT SUPPLEMENTS

The successful bidder will be required to comply with the Labor Law provisions contained in this Agreement.

W. APPRENTICESHIP TRAINING PROGRAMS

**The successful bidder will be required to comply with Title 51 Apprenticeship Training Programs for County Contracts included below.**

X. PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN IN NASSAU COUNTY CONTRACTS

**All bidders are required to comply with Title 53, Nassau County Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," which requires bidders to submit a utilization plan prior to the award of a County contract, as such contract is defined in Title 53.** The Utilization plan shall identify certified minority or women owned business enterprises that have committed to perform work in connection with the proposed contract as well as any such enterprises which the contractor intends to use in connection with contractor's performance of the proposed County contract. The Utilization plan shall specifically contain a list, including the name, address and telephone number, of each certified enterprise with which the contractor intends to subcontract. The development of the Utilization Plan shall be documented in the "Best Efforts" Form included herein.

Y. PARTICIPATION BY SERVICE DISABLED VETERANS IN COUNTY CONTRACTS

**The successful bidder will be required to comply Title 82, Nassau County Local Law No. 2-2016, entitled, "Participation of Service Disabled Veterans in County Contracts," which requires greater participation by New York State certified service-disabled veteran-owned businesses in Nassau County contracts. Compliance with Title 82 shall be documented in the "Best Efforts" Form included herein.**

Z. DISADVANTAGE BUSINESS ENTERPRISE (DBE) UTILIZATION

DBE should follow the Section 13.8 of the LPM procedures.

TITLE 51

APPRENTICESHIP TRAINING PROGRAMS FOR COUNTY CONTRACTS

Section 1. Legislative Intent.
2. Definitions.
3. Requirements and Exceptions.
4. Enforcement.
5. Severability.
6. Applicability

1. **Legislative intent and purpose.** The County of Nassau hereby establishes a policy to promote apprenticeship training as authorized by Section 816-b of the NEW YORK LABOR LAW.

2. **Definitions.** As used in this local law, the following terms shall have the meanings indicated:

A. "Certificate of Completion" shall mean a certificate issued by the New York State Department of Labor which recognizes an employee's successful completion of an apprenticeship program.
B. "Construction contract" shall mean any contract to which the County of Nassau shall be a signatory which involves the construction, reconstruction, improvement, rehabilitation, installation, alteration, renovation, demolition or otherwise providing for any building, facility of physical structure of any kind with a value in excess of $500,000.
C. "Contractor or subcontractor" shall mean a contractor or subcontractor which directly employs labor under a construction contract for which an apprenticeship program has been approved by the New York State Commissioner of Labor in accordance with Article 23 of the NEW YORK LABOR LAW.
D. "Sponsor" shall mean any organization or entity operating an apprenticeship program with the New York State Department of Labor and in whose name the program is registered.

3. **Requirements and Exceptions.**

A. The County of Nassau hereby requires any contractor, prior to entering into a construction contract with the County of Nassau, or any subcontractor entering into a contract with a contractor who has a construction contract with the County of Nassau, to have apprenticeship agreements appropriate for the type and scope of work to be performed, which have been registered with, and approved

by the New York State Commissioner of Labor in accordance with Article 23 of the NEW YORK LABOR LAW, as evidenced by valid Certificates of Completion which are specifically identified as pertaining to the trade(s) and/or job title(s) called for within the construction contract, anything in Section 103 of the NEW YORK GENERAL MUNICIPAL LAW to the contrary notwithstanding.

B. Prior to entering a construction agreement with the County of Nassau, a contractor must submit to the County, Certificates of Completion showing that they, or their sponsor, graduated at least on apprentice from a state approved and registered apprenticeship program, in the trade and/or job title called for within the construction contract, within a time period immediately preceding the bid date of such project, the length of said time period to be calculated by adding twenty-four months to the specific trade's program length as set forth in the New York State Prevailing Wage Schedule, subject to the exception found in paragraph (H) of this section. If a contractor is a signatory to a sponsor, the contractor must submit to the County a letter from the sponsor verifying its signatory status.

C. It shall be a contractor's responsibility to submit the required Certificates of Completion as part of any bid submitted in connection with a construction contract and to provide to the County department or agency administering the construction contract the identity of apprentices who have graduated from their apprenticeship program.

D. If a contractor utilizes a subcontractor on a construction contract, the contractor shall submit Certificates of Completion showing that the subcontractor or the subcontractor's sponsor graduated at least one apprentice from a state approved and registered apprenticeship program, in the trade and/or job title called for within the construction contract, within a time period immediately preceding the bid date of such project, the length of said time period to be calculated by adding twenty-four months to the specific trade's program length as set forth in the New York State Prevailing Wage Schedule, subject to the exception found in paragraph (H) of this section. The contractor must submit these certificates at a time designated by the department or agency administering the construction contract, but in any event, these forms must be received by the County prior to subcontractor beginning work under the

contract. If the subcontractor is a signatory to a sponsor, the contractor must submit to the County a letter from the sponsor verifying the signatory status.

E. It shall be the responsibility of the County department or agency administering a construction contract to verify that a contractor or subcontractor is a participant in a state approved and registered apprenticeship program and to include the submitted Certificates of Completion as an attachment to the final contract, work order or other document memorializing the award of work to the contractor.

F. It shall be the responsibility of the County department of agency administering a construction contract to designate an individual within that department or agency who shall be responsible for specifically identifying within a construction contract the trade(s) and/or job title(s) necessary to perform the construction contract and verifying the validity of Certificates of Completion and including same as an attachment to the final contract, work order or other document memorializing the award of work to the contractor or subcontractor.

G. In the event a County department or agency other than the Department of Public Works is administering a construction contract, that department or agency shall notify the Department of Public Works of said contract and the Department of Public Works will assist the department or agency to achieve compliance with the apprenticeship requirements set forth in this chapter.

H. For the purpose of this title only, the length of program for the trade of laborer shall be two years.

4. **Enforcement.** The County Department of Public Works is hereby authorized, empowered and directed to promulgate such rules and regulations that are lawful, necessary and appropriate for the implementation and enforcement of any provisions of this local law.

5. **Severability.** If any clause, sentence, paragraph, subdivision, section or part of this local law or the application thereof, to any person, individual, corporation, firm, partnership, entity or circumstance, shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this local law or in its application to the person,

individual, corporation, firm, partnership, entity, or circumstance, directly involved in the controversy in which such judgment or order shall be rendered.

6. **Applicability.** This local law shall apply to construction contracts advertised for bids on or after the effective date.

(Added by Local Law No. 9-2002, in effect August 8, 2002, amended Local Law No. 3-2013 and Local Law 3-2015 effective June 19, 2015.)

NOW, THEREFORE, the conditions of this obligation are such that if the Principal shall not withdraw said proposal except by mutual consent of the County of Nassau within a period of forty-five (45) days after the opening of bids and in the event of acceptance of the Principal's proposal, if the Principal shall,

a. when notified by the County, execute all necessary counterparts of the contract as set forth in the contract documents in accordance with the proposal as accepted; and

b. furnish bonds and other security as specified in the contract documents for the faithful performance and proper fulfillment of such contract, which bonds or other security shall be satisfactory in all respects to the County; and

c. in all respects, comply with the provisions set forth in the invitation to bid; or if the County of Nassau shall reject the aforesaid proposal for a reason other than the Principal's failure to satisfy the County that he has the necessary skill, experience

and liquid assets required for the contract as stated in the documents aforesaid, then this obligation shall be null and void; otherwise to remain in full force and effect.

Provided, however, that this bond is subject to the following additional conditions and limitations.

a. In the event that the Principal fails to submit a financial statement when required by the County or in the event that an examination of the Principal indicates to the County that the Principal does not meet the financial requirements required by the County, the undersigned will, upon demand, pay to the County of Nassau, as liquidated damages for the Principal's failure to meet such requirements, a sum equal to the amount that would have been required by a certified check if the same were delivered in accordance with the provisions of the contract documents and specifications herein stated.

b. In case the Principal shall default in the performance of any provision the undersigned will upon demand pay to the County of Nassau the full amount of the damages sustained by the County of Nassau by reason of such default, except however, it is expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligation of said Surety and its bond shall be in no way impaired or affected by any extension of time within which the County of Nassau may accept such Bid; and said Surety does hereby waive notice of any such extension.

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

**RESOLVED,** that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

**FURTHER RESOLVED,** that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

**FURTHER RESOLVED,** that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

**FURTHER RESOLVED,** that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **20TH** day of **JUNE**, **2023**.

# STATE OF NEW YORK
# DEPARTMENT OF FINANCIAL SERVICES

CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW YORK INSURANCE LAW

It is hereby certified that

Travelers Casualty and Surety Company of America
of Hartford, Connecticut

a corporation organized under the laws of Connecticut and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties, and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of $2,249,444,782. (Capital $6,480,000), as is shown by its sworn financial statement for the quarter ending, December 31, 2022, on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have here-unto set my hand and affixed the official seal of this Department at the City of Albany, this 28th day of March 2023.

# PROPOSAL

## GENERAL CONSTRUCTION

THE BIDDER AFFIRMS AND DECLARES:

1. That the above Bidder is of lawful age and the only one interested in this bid; and that no other person, firm, or corporation, except those herein named, has any interest in this bid or in the Contract proposed to be entered into.

2. That this bid is made without any understanding, agreement or in connection with any other person, firm or corporation, making a bid for the same Work, and is in all respects fair and without collusion or fraud.

3. That said Bidder is not in arrears to the County of Nassau upon debt or contract, and is not a defaulter, as surety or otherwise, upon any obligation to the County of Nassau.

4. That no officer nor employee of the County of Nassau, or person whose salary is payable in whole or in part from the County Treasury is, shall be, or become interested directly, or indirectly as a contracting party, partner, stockholder, surety or otherwise, in this bid, or in the performance of the contract, or in the supplies, materials, equipment and work or labor to which it relates, or in any portion of the profits thereof.

5. That he has carefully examined the site of the work and that, from his own investigations, has satisfied himself as to the nature and location of the work, the character, quality and quantity of existing materials, all difficulties likely to be encountered, the kind and extent of equipment, other facilities needed for the performance of the work, the general and local conditions, and all other items which may, in any way, affect the work or its performance.

6. The Bidder also declares that he has carefully examined and fully understands all the component parts of this Contract; that he will execute the Contract and will completely perform it in strict accordance with its terms for the following prices.

7. That the Bidder, for allowance items, will make payment to the parties designated by the County when directed by the County in the amount certified by the Engineer for the purposes indicated. It is also understood and agreed that the Final Contract Payment for the allowance items will be based upon such actual payments, and not on the approximate amount cited herein.

8. Where the work performed under this Contract involves trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay, or North Hempstead or by the Cities of Glen Cove or Long Beach, the contractor shall be required to have such a license.

## INFORMATION FOR BIDDERS

I. Rejection of Bids

A. The Commissioner may recommend a reject of bid if:

1. The Bidder fails to furnish any of the information required by the bid documents; or if
2. The Bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if
3. The bid does not strictly conform to law or the requirements of this contract; or if
4. The bid is conditional; or if
5. A determination that the Bidder is not responsible is made in accordance with law; or if
6. The bid, in the opinion of the Commissioner, contains unbalanced bid prices, unless the Bidder can show that the prices are not unbalanced for the probably required quantity of such items.

B. Rejection of all bids and waiver of informalities

The Commissioner, however, reserves the right to recommend to reject all bids whenever he deems it in the best interest of the County, and also the right to waive any informalities in a bid.

II. Unit Price Contracts, Comparison of Bids

Bids on Unit Price Contracts will be compared on the basis of a total bid price, arrived at by taking the sum of the Approximate Quantities of such item multiplied by the corresponding Unit Price, and including any Lump Sum Bid on individual items, in accordance with the items set forth in the bid proposal.

Bidders are warned that the Approximate Quantities of the various items of work and material is estimated only and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be more or lass than estimated.

III. Lump Sum Contracts

Bids on Lump Sum contracts will be compared on the basis of the Lump Sum Price bid adjusted for alternate prices bid, if any.

IV. Apprenticeship Training Program

For all contracts in excess of $500,00 attach here verification letter regarding your firm's having an approved State of New York Apprentices Training Program.

# Additional Instructions for Form DB-120.1

By signing this form, the insurance carrier identified in Box 3 on this form is certifying that it is insuring the business referenced in box "1 a" for disability and/or paid family leave benefits under the New York State Disability and Paid Family Leave Benefits Law. The Insurance Carrier or its licensed agent will send this Certificate of Insurance to the entity listed as the certificate holder in Box 2.

The insurance carrier must notify the above certificate holder and the Workers' Compensation Board within 10 days IF a policy is cancelled due to nonpayment of premiums or within 30 days IF there are reasons other than nonpayment of premiums that cancel the policy or eliminate the insured from coverage indicated on this Certificate. (These notices my be sent by regular mail.) Otherwise, this Certificate is valid for one year after this form is approved by the insurance carrier or its licensed agent, or until the policy expiration date listed in Box 3c, whichever is earlier

This certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This certificate may be used as evidence of a Disability and/or Paid Family Leave Benefits contract of insurance only while the underlying policy is in effect.

**Please Note: Upon the cancellation of the disability and/or paid family leave benefits policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of NYS Disability and/or Paid Family Leave Benefits Coverage or other authorized proof that the business is complying with the mandatory coverage requirements of the New York State Disability and Paid Family Leave Benefits Law.**

## DISABILITY AND PAID FAMILY LEAVE BENEFITS LAW

### §220. Subd. 8

For Bidding Purposes Only

(a) The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in employment as defined in this article, and not withstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand and twenty-one, the payment of family leave benefits for all employees has been secured as provided by this article. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any disability benefits to any such employee if so employed.

(b) The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in employment as defined in this article and notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand eighteen, the payment of family leave benefits for all employees has been secured as provided by this article.

ZURICH

| THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY. | |
|---|---|
| Policy No. [redacted] | Effective Date: 07/01/2022 |

This endorsement modifies insurance provided under the:

**Commercial General Liability Coverage Part**

**A.** Section **II – Who Is An Insured** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured under a written contract or written agreement executed by you, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" and subject to the following:

**1.** If such written contract or written agreement specifically requires that you provide that the person or organization be named as an additional insured under one or both of the following endorsements:

**a.** The Insurance Services Office (ISO) ISO CG 20 10 (10/01 edition); or

**b.** The ISO CG 20 37 (10/01 edition),

For Bidding Purposes Only

such person or organization is then an additional insured with respect to such endorsement(s), but only to the extent that "bodily injury", "property damage" or "personal and advertising injury" arises out of:

**(1)** Your ongoing operations, with respect to Paragraph **1.a.** above; or

**(2)** "Your work", with respect to Paragraph 1.**b.** above,

which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **1.**, insurance afforded to such additional insured:

**(a)** Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

**(b)** Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

**2.** If such written contract or written agreement specifically requires that you provide that the person or organization be named as an additional insured under one or both of the following endorsements:

**a.** The Insurance Services Office (ISO) ISO CG 20 10 (07/04 edition); or

**b.** The ISO CG 20 37 (07/04 edition),

such person or organization is then an additional insured with respect to such endorsement(s), but only to the extent that "bodily injury", "property damage" or "personal and advertising injury" is caused, in whole or in part, by:

**(1)** Your acts or omissions; or

**(2)** The acts or omissions of those acting on your behalf,

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

in the performance of:

**(a)** Your ongoing operations, with respect to Paragraph **2.a.** above; or

**(b)** "Your work" and included in the "products-completed operations hazard", with respect to Paragraph **2.b.** above,

which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **2.**, insurance afforded to such additional insured:

**(i)** Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

**(ii)** Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

**3.** If neither Paragraph **1.** nor Paragraph **2.** above apply and such written contract or written agreement requires that you provide that the person or organization be named as an additional insured:

**a.** Under the ISO CG 20 10 (04/13 edition, any subsequent edition or if no edition date is specified); or

**b.** With respect to ongoing operations (if no form is specified),

such person or organization is then an additional insured only to the extent that "bodily injury", "property damage" or "personal and advertising injury" is caused, in whole or in part by:

**(1)** Your acts or omissions; or

**(2)** The acts or omissions of those acting on your behalf,

in the performance of your ongoing operations, which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **3.**, insurance afforded to such additional insured:

For Bidding Purposes Only

**(a)** Only applies to the extent permitted by law;

**(b)** Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured; and

**(c)** Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement.

**4.** If neither Paragraph **1.** nor Paragraph **2.** above apply and such written contract or written agreement requires that you provide that the person or organization be named as an additional insured:

**a.** Under the ISO CG 20 37 (04/13 edition, any subsequent edition or if no edition date is specified); or

**b.** With respect to the "products-completed operations hazard" (if no form is specified),

such person or organization is then an additional insured only to the extent that "bodily injury" or "property damage" is caused, in whole or in part by "your work" and included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **4.**, insurance afforded to such additional insured:

**(1)** Only applies to the extent permitted by law;

**(2)** Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured;

**(3)** Only applies if the "bodily injury" or "property damage" occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

**(4)** Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

B. Solely with respect to the insurance afforded to any additional insured referenced in Section **A.** of this endorsement, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services including:

1. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
2. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

C. Solely with respect to the coverage provided by this endorsement, the following is added to Paragraph **2. Duties In The Event Of Occurrence, Offense, Claim Or Suit** of Section **IV – Commercial General Liability Conditions**:

The additional insured must see to it that:

**(1)** We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;

**(2)** We receive written notice of a claim or "suit" as soon as practicable; and

**(3)** A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured if the written contract or written agreement requires that this coverage be primary and non-contributory.

D. Solely with respect to the coverage provided by this endorsement:

1. The following is added to the **Other Insurance** Condition of Section **IV – Commercial General Liability Conditions**:

**Primary and Noncontributory Insurance**

For Bidding Purposes Only

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

**a.** The additional insured is a Named Insured under such other insurance; and

**b.** You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

2. The following paragraph is added to Paragraph **4.b.** of the **Other Insurance** Condition under Section **IV – Commercial General Liability Conditions**:

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

E. This endorsement does not apply to an additional insured which has been added to this Coverage Part by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

F. Solely with respect to the insurance afforded to an additional insured under Paragraph **A.3.** or Paragraph **A.4.** of this endorsement, the following is added to Section **III – Limits Of Insurance**:

**Additional Insured – Automatic – Owners, Lessees Or Contractors Limit**

The most we will pay on behalf of the additional insured is the amount of insurance:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

1. Required by the written contract or written agreement referenced in Section **A.** of this endorsement; or
2. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms, conditions, provisions and exclusions of this policy remain the same.

# ADDITIONAL INSURED – ENGINEERS, ARCHITECTS OR SURVEYORS NOT ENGAGED BY THE NAMED INSURED

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

**SCHEDULE**

| **Name(s) Of Additional Insured Engineer(s), Architect(s) Or Surveyor(s) Not Engaged By The Named Insured:** |
|---|
| ANY ENGINEERS, ARCHITECTS OR SURVEYORS WHILE NOT ENGAGED BY YOU, TO WHOM OR TO WHICH YOU ARE REQUIRED TO PROVIDE ADDITIONAL INSURED STATUS IN A WRITTEN CONTRACT OR WRITTEN AGREEMENT EXECUTED PRIOR TO THE LOSS EXCEPT WHERE SUCH CONTRACT OR AGREEMENT IS PROHIBITED BY LAW |
| For Bidding Purposes Only |
| Information required to complete this Schedule, if not shown above, will be shown in the Declarations. |

**A. Section II – Who Is An Insured** is amended to include as an additional insured the architects, engineers or surveyors shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations performed by you or on your behalf.

Such architects, engineers or surveyors, while not engaged by you, are contractually required to be added as an additional insured to your policy.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

**B.** With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services, including:

1. The preparing, approving, or failing to prepare or approve, maps, drawings, opinions, reports, surveys, change orders, designs or specifications; or
2. Supervisory, inspection or engineering services.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional services.

**C.** With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance:

**1.** Required by the contract or agreement; or

**2.** Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

This endorsement modifies insurance provided under the:

**Business Auto Coverage Form**
**Motor Carrier Coverage Form**

**A. Amended Who Is An Insured**

1. The following is added to the **Who Is An Insured** Provision in **Section II – Covered Autos Liability Coverage**:

   The following are also "insureds":

   a. Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow for acts performed within the scope of employment by you. Any "employee" of yours is also an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

   b. Anyone volunteering services to you is an "insured" while using a covered "auto" you don't own, hire or borrow to transport your clients or other persons in activities necessary to your business.

   c. Anyone else who furnishes an "auto" referenced in Paragraphs **A.1.a.** and **A.1.b.** in this endorsement.

   d. Where and to the extent permitted by law, any person(s) or organization(s) where required by written contract or written agreement with you executed prior to any "accident", including those person(s) or organization(s) directing your work pursuant to such written contract or written agreement with you, provided the "accident" arises out of operations governed by such contract or agreement and only up to the limits required in the written contract or written agreement, or the Limits of Insurance shown in the Declarations, whichever is less.

2. The following is added to the **Other Insurance** Condition in the Business Auto Coverage Form and the **Other Insurance – Primary and Excess Insurance Provisions Condition** in the Motor Carrier Coverage Form:

   Coverage for any person(s) or organization(s), where required by written contract or written agreement with you executed prior to any "accident", will apply on a primary and non-contributory basis and any insurance maintained by the additional "insured" will apply on an excess basis. However, in no event will this coverage extend beyond the terms and conditions of the Coverage Form.

**B. Amendment – Supplementary Payments**

Paragraphs **a.(2)** and **a.(4)** of the **Coverage Extensions** Provision in **Section II – Covered Autos Liability Coverage** are replaced by the following:

**(2)** Up to $5,000 for the cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

**(4)** All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

# EXCESS LIABILITY COVERAGE FOLLOW FORM (SHORT FORM)

Read the entire policy carefully to determine rights, duties and what is and is not covered. Throughout this policy the words "you" and "your" refer to the Named Insured. The words "we", "us" and "our" refer to the Company providing this insurance. The word "insured" means any person or organization qualifying as such in the "first underlying insurance" which is the controlling policy listed in Item 5 of the Declarations, unless designated otherwise in the Declarations. Other words and phrases that appear in quotation marks have special meaning and can be found in the **DEFINITIONS** Section or the specific policy provision where they appear.

In consideration of the payment of the premium and in reliance upon the statements in the Declarations, we agree with you to provide coverage as follows:

## INSURING AGREEMENTS

### I. COVERAGE

We will pay on behalf of the insured the amount of "loss" covered by this insurance in excess of the "underlying limits of insurance" subject to the **LIMITS OF INSURANCE** Section. This policy will follow form to the terms, conditions, definitions, and exclusions of the "first underlying insurance" in effect the first day of the Policy Period, except to the extent that the terms, conditions, definitions, and exclusions of this policy differ from the "first underlying insurance." In no event shall this policy provide broader coverage than is provided by any policy in the "underlying insurance" shown in Item 5. of the Declarations, except if specifically provided otherwise by endorsement.

### II. LIMITS OF INSURANCE

For Bidding Purposes Only

A. The Each Occurrence limit stated in Item 4. of the Declarations is the most we will pay for all "loss" arising out of any one occurrence to which this policy applies.

B. The aggregate limit shown in Item 4. of the Declarations is the most we will pay for all "loss" that is subject to an aggregate limit provided by the "first underlying insurance" and shall apply in the same manner as the aggregate limits provided by the "first underlying insurance".

C. This policy applies only in excess of the "underlying limits of insurance" and only after the "underlying limits of insurance" have been exhausted.

### III. DEFENSE

We will follow the Defense provisions of the "first underlying insurance". In the event there are no Defense provisions contained in the "first underlying insurance", we will have the right, but not the duty to be associated with you or your underlying insurer or both in the investigation of any claim or defense of any suit which in our opinion may create liability to our policy for "loss." If we exercise such right, we will do so at our own expense, but we will have no such expense obligation or liability once the Limits of Insurance are exhausted.

### IV. PREMIUM

If any additional premium charge is made to the "underlying insurance" during the Policy Period or if there is an increase in the risk assumed by us, our premium may be adjusted.

### V. DEFINITIONS

A. "Loss" means those sums actually paid in the settlement or satisfaction of a claim which you are legally obligated to pay as damages, including but not limited to "bodily injury" and "property damage", after making proper deductions for all recoveries and salvage.

B. "Underlying limits of insurance" means the sum of the limits of all applicable "underlying insurance" listed in Item 5. of the Declarations, including self-insured retentions (SIRs), deductibles or other forms of insurance or self-insurance applicable to a given claim or occurrence.

## VI. CONDITIONS

### A. Changes

This policy can only be changed by a written endorsement signed by one of our authorized representatives that becomes a part of this policy.

### B. First Named Insured Duties

The person or organization first named in Item 1. of the Declarations is responsible for the payment of all premiums. The first Named Insured will act on behalf of all other Named Insureds for the giving and receiving of notice of cancellation or the receipt of any return premium that become payable.

### C. Maintenance of "Underlying Insurance"

During the period of this policy, you agree to keep all "underlying insurance" in full force and effect and that the "underlying limits of insurance" will be maintained, except to the extent such limits may be reduced or exhausted by payment for "loss" covered by "underlying insurance." If you fail to comply with these requirements, we will only be liable to the same extent that we would have been had you fully complied with these requirements.

### D. Notice of Occurrence

You must see to it that we are notified as soon as practicable of an occurrence which may result in a claim or suit which may involve this policy. If a claim or suit against any insured is reasonably likely to involve this policy you must notify us in writing as soon as practicable.

For Bidding Purposes Only

If the "underlying limits of insurance" are exhausted solely by payment of "loss", no insured will, except at their own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our written consent.

### E. Other Insurance

If other insurance applies to a "loss" that is also covered by this policy, this policy will apply excess of the other insurance. However, this provision will not apply if the other insurance is specifically written to be excess of this policy. Other insurance includes any type of self-insurance or other mechanism by which an insured arranges for funding of legal liabilities.

### F. Conformity to Statute

Any terms of this policy which are in conflict with the terms of any applicable law or regulation governing this policy are hereby amended to conform to such laws and regulations.

### G. When "Loss" is Payable

Coverage under this policy will not apply unless and until the insured or the insured's "underlying insurance" is obligated to pay the full amount of the "underlying limits of insurance."

When the amount of "loss" has finally been determined, we will promptly pay on behalf of the insured the amount of "loss" falling within the terms of this policy.

If the insured has rights to recover all or part of any payment we have made under this policy, then those rights are transferred to us and the insured must do nothing to impair those rights. At our request the insured will bring suit or transfer those rights to us to enforce them.

THIS ENDORSEMENT CHANGES THE POLICY, PLEASE READ IT CAREFULLY.

# PRIMARY NON-CONTRIBUTORY ENDORSEMENT

The **Other Insurance** Condition is amended to include the following additional provision:

When required by written contract or agreement, the insurance provided by this policy is primary insurance and we will not seek contribution from any other insurance available to the person or organization covered as additional insured hereunder unless the other insurance is provided by a contractor, other than you, for the same operations and job location.

This endorsement does not change any other provision of the policy.

## COMMERCIAL EXCESS LIABILITY POLICY

Various provisions in this policy restrict coverage. Read the entire policy and any "underlying insurance" carefully to determine rights, duties and what is and is not covered.

Throughout this policy, the words "you" and "your" refer to the Named Insured shown in the Declarations and any other person or organization qualifying as an Insured under the "underlying insurance". The words "we" and "us" refer to the company providing this insurance.

Other words and phrases that appear in quotation marks have special meanings. Refer to Section **V.** Definitions.

### SECTION I. INSURING AGREEMENT

1. We will pay those sums in excess of the limits shown in the Schedule Of Underlying Insurance that you become legally obligated to pay as damages because of injury to which this insurance applies, provided that the "underlying insurance" also applies, or would apply but for the exhaustion of its applicable Limits Of Insurance.
2. This policy is subject to the same terms, conditions, agreements, exclusions and definitions as the "underlying insurance", except:
   a. We will have no obligation under this policy with respect to any claim or suit that is settled without our consent; and
   b. With respect to any provisions to the contrary contained in this policy.
3. The amount we will pay for damages shall not exceed the Limits Of Insurance shown in the Declarations.
4. We will have the right to participate in the defense of claims or suits against you seeking damages because of injury to which this insurance may apply. We will have a duty to defend such claims or suits when the applicable limit of insurance of the "underlying insurance" has been exhausted by payment of judgments, settlements and any cost or expense subject to such limit. We may, at our discretion, investigate and settle any claim or suit. Our right and duty to defend ends when the applicable limit shown in the Declarations has been used up by our payment of judgments or settlements.

For Bidding Purposes Only

### SECTION II. EXCLUSIONS

The exclusions applicable to the "underlying insurance" also apply to this policy.

### SECTION III. LIMITS OF INSURANCE

1. The Limit Of Insurance shown in the Declarations as the Each Occurrence Limit is the most we will pay for damages arising out of any one occurrence or offense.
2. If a Limit Of Insurance is shown in the Declarations as the Aggregate Limit, that amount will apply in the same manner as the aggregate limits shown in the Schedule Of Underlying Insurance.

### SECTION IV. CONDITIONS

If any of the following conditions are contrary to conditions contained in the "underlying insurance" the provisions contained in this policy apply.

**1. Appeals**

In the event the underlying insurer(s) elects not to appeal a judgment in excess of the limits of the "underlying insurance", we may elect to make such an appeal. If we so elect, we shall be liable, in addition to the applicable Limits Of Insurance, for all defense expenses we incur.

Includes copyrighted material of Insurance Services Office, Inc. with its permission.

**2. Maintenance Of Underlying Insurance**

**a.** You agree to maintain the "underlying insurance" in full force and effect during the term of this policy, and to inform us within 30 days of any replacement or material change of that "underlying insurance" by the same or another company. Failure to maintain the "underlying insurance" in full force and effect or to meet all conditions and warranties of such "underlying insurance" will not invalidate insurance provided under this policy, but insurance provided under this policy shall apply as if the "underlying insurance" were available and collectible.

**b.** Reduction or exhaustion of the aggregate limit of any "underlying insurance" by payments for judgments, settlements or any costs or expenses subject to that limit, will not be a failure to maintain "underlying insurance" in full force and effect.

**c.** No statement contained in this condition limits our right to cancel or not renew this policy.

For purposes of this policy, if any "underlying insurance" is not available or collectible because of:

**a.** The bankruptcy or insolvency of the underlying insurer(s) providing such "underlying insurance"; or

**b.** The inability or failure for any other reason of such underlying insurer(s) to comply with any of the obligations of its policy;

then this policy shall apply and amounts payable hereunder shall be determined as if such "underlying insurance" were available and collectible.

**3. Other Insurance**

This insurance is excess over any other valid and collectible insurance whether primary, excess, contingent or any other basis, except other insurance written specifically to be excess over this insurance.

**4. Cancellation**

**a.** The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering advance written notice of cancellation to us.

**b.** We may cancel this policy by mailing or delivering written notice of cancellation to the first Named Insured at least:

**(1)** 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or

**(2)** 60 days before the effective date of cancellation if we cancel for any other reason.

For Bidding Purposes Only

**c.** We will mail or deliver our notice to the Named Insured's last mailing address known to us.

**d.** Notice of cancellation will state the effective date of cancellation. The policy will end on that date.

**e.** If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.

**f.** If notice is mailed, proof of mailing will be sufficient proof of notice.

**5. Policy Period**

This insurance will respond to injury or damage that occurs, or arises from an offense committed, during the Policy Period shown in the Declarations.

**SECTION V. DEFINITIONS**

"Underlying insurance" means the policies or self-insurance shown in the Schedule Of Underlying Insurance, any replacements thereof and other policies purchased or issued for newly acquired or formed organizations. Policies purchased or issued replacements of policies or self-insurance listed in the Schedule Of Underlying Insurance or for newly acquired or formed organizations shall not be more restrictive than those listed in the Schedule Of Underlying Insurance. All "underlying insurance" shall be maintained by you in accordance with the Maintenance Of Underlying Insurance condition of this policy.

## CHANGES – PRIMARY AND NONCONTRIBUTORY

This endorsement modifies insurance provided under the following:

COMMERCIAL EXCESS LIABILITY POLICY

Paragraph **3.** Other Insurance in Section **IV.** Conditions is replaced by the following:

**3. Other Insurance**

**a. Excess**

This insurance is excess over any other valid and collectible insurance whether primary, excess, contingent or any other basis, except if the other insurance is written specifically to be excess over this insurance or if the Primary And Noncontributory Excess Insurance provision below applies.

**b. Primary And Noncontributory Excess Insurance**

This insurance is excess over any other valid and collectible insurance whether primary, excess, contingent or any other basis; however, this insurance will not seek contribution from any other liability insurance available to an additional insured that has been granted primary and non-contributory status under any "underlying insurance" shown in the Schedule of Underlying Insurance. This provision applies only if:

For Bidding Purposes Only

**(1)** All limits provided by "underlying insurance" have been exhausted by payment of judgments against the additional insured or payment of settlements that the "underlying insurance" has agreed to in writing;

**(2)** The additional insured is a Named Insured under such other liability insurance available to the additional insured; and

**(3)** You have specifically agreed in writing in a contract or agreement executed prior to the claim that this excess liability insurance would be primary and would not seek contribution from any other liability insurance available to the additional insured.

The insurance provided by this endorsement does not drop down to provide coverage if the "underlying Insurance" does not pay for the claim for any reason whatsoever.

All other terms and conditions remain unchanged.

## APPENDIX 2
## IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, Contractor agrees that after the list is posted on the OGS website, should it seek to renew or extend the Contract, it will be required to certify at the time the Contract is renewed or extended that it is not included on the prohibited entities list. Contractor also agrees that any proposed Assignee of the Contract will be required to certify that it is not on the prohibited entities list before the New York State Department of Transportation (NYSDOT) may approve a request for Assignment of Contract

During the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification, NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

## APPENDIX 2-S
## IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into a renewal or extension of this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Contractor understands that during the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any renewal, extension or request for assignment for an entity that appears on the prohibited entities list hereafter and to pursue a responsibility review with respect to any entity that is granted a contract extension/renewal or assignment and appears on the prohibited entities list thereafter.

## IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165–a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

✓ **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

___ **b. Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

## APPENDIX A-1: SUPPLEMENTAL TITLE VI PROVISIONS (CIVIL RIGHTS ACT)

*To be included in all contracts*

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

(1) **Compliance with Regulations:** The contractor shall comply with the Regulation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation of the United States, Title 49, Code of Federal Regulations, Part 21, and the Federal Highway Administration (hereinafter "FHWA") Title 23, Code of Federal Regulations, Part 200 as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

(2) **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin, sex, age, and disability/handicap in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR, section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(3) **Solicitations for Subcontractors, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potiential subcontactor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.

(4) **Information and Reports:** The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by NYSDOT or the FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to NYSDOT's Office of Civil Rights or FHWA, as appropriate, and shall set forth what efforts it has made to obtain the information.

(5) **Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:

(a.) withholding of payments to the contractor under the contract until the contractor complies, and/or
(b.) cancellation, termination or suspension of the contract, in whole or in part.

(6) **Incorportation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The contractor shall take such action with respect to any subcontract.or procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

## Certification Regarding
## Debarment, Suspension, Ineligibility and Voluntary Exclusion
## Lower Tier Covered Transactions
## (Sub-Recipient)

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

**(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)**

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

## Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CONTRACTOR CERTIFICATION STATEMENT REGARDING

STORM WATER POLLUTION AT THE WORK SITE

I certify under penalty of the law that I understand and agree to comply with the terms and conditions of the pollution prevention plan for the construction site identified in such plans as a condition of authorization to discharge storm water. I also understand the operator (Nassau County) must comply with the terms and conditions of the New York State Pollution Discharge Elimination System ("SPDES") general permit for storm water discharges from construction activities and that it is unlawful for any person to cause or contribute to a violation of water quality standards. Finally, I understand my contractual obligations in the matter as outlined in the contract documents.

## Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

**Adverse Job-Related Action** includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

**Contact** means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

**Designated Point(s) of Contact** means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

**Nassau County Employee** means any officer, official or employee of Nassau County.

**Family Member** means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

**Gift** means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

**Nassau County Code of Ethics** means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

**Participating Employee** means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

**Participating Nassau County Employee** means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

**Primary Contracting Party** means a Vendor who intends to directly enter into or has a contract with Nassau County.

**Retaliatory Action** is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

**State Procurement Lobbying Law** means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

**Vendor** means any individual or entity seeking to or doing business

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

## Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

### Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

## Chapter 3: GIFTS OR CONTINGENT FEES

### Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

### Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

(a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;

(b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

### Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

## Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

### Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

procurement should be directed to the Designated Point of Contact for the procurement.

### Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

(i) 30 days from the time the matter before the Employee is closed, or

(ii)30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

## Chapter 5: CONFLICT OF INTEREST

### Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

### Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

**Section 5.03 Disclosure and Cooperation**

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

**Section 5.04 Confidential Information**

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

**Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development**

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

## Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

**Section 6.01 Appearance Before Former Agency-Two Year Bar**

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

**Section 6.02 Appearance Before Former Agency-Life Time Bar**

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

## Chapter 7: NON-COLLUSION

### Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

### Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

### Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

## Chapter 8: DISTRIBUTION AND CERTIFICATION

### Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

As a condition of being considered for the award of any contract above the County's small purchase threshold of $10,000, the Vendor will be required to distribute copies of the Nassau County Vendor Code of Ethics to all Participating Employees prior to any of those employee's participation in the procurement. The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

# Vendor Code of Ethics

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

**Section 8.02 Vendor Certifications**

The vendor by signing the final contract thereby certifies and attests to the following:

(a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;

(b) All of its Participating Employees during the course of
procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;

(c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;

(d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;

(e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

## Chapter 9: PENALTIES

### Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

### Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

## Chapter 10: REPORTING OBLIGATION

### Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

### Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

### Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

violation of law involving fraud, conflict of interest, bribery or gratuities.

## Chapter 11: PROHIBITION ON RETALIATION

### Section 11.01 Prohibition

To facilitate the reporting obligations under Chapter 10, this code strictly forbids all Vendors and Vendors' Employees from taking any Retaliatory Action against individuals who make such reports.

# NOTICE OF AWARD

July 16, 2024

Mark Kelly, President
Safety Marking LLC.
255 Hancock Avenue
Bridgeport, Connecticut 06605

Dear Mr. Kelly:

As a result of bids received on June 20, 2023, for work to be done under:

**CONTRACT NO: H62153-14G**
**TITLED: Pavement Marking Improvements-Phase 14-PIN 0761.67**

You are hereby notified that you are awarded the contract by the County of Nassau, for $ 1,391,084.50, as per Nassau County Resolution Number **161-2024**, and the County Executive's subsequent approval of the contract. Under the terms of the contract documents, you are required to submit the following at the execution of the contract:

1. **Insurance and Performance and Labor and Material Bonds**: You must submit to the County of Nassau, Department of Public Works, on or before the date of the signing of the contract, two (2) copies of insurance policies, or certificates thereof, **and two (2) original copies** of Performance and Labor and Material Bonds, in the proper form as provided in the contract documents, and a check for Five Hundred Thirty-Three Dollars ($533.00) made payable to the County of Nassau for a processing fee. Two (2) copies of Performance and Labor and Material Bonds are to be executed and dated on or before the same day that the contract is to be executed.

2. **Signing and Execution of the Contract**: Notice is hereby given that you, your partners, or corporate officers with corporate seal, as the case may be, must be at the Department of Public Works office, 1194 Prospect Avenue, Westbury, New York, to sign and execute the contract **no later than 10:30 A.M. on Wednesday, July 24, 2024**. Your attention is called to the provision in the Instruction to Bidders which provides for forfeiture of bidder's deposit upon failure to comply with the provisions therein for submitting proper Insurances, Performance and Labor and Material Bonds, and the execution of this contract. You are hereby notified that before any materials can be used in the performance of this contract, they must be officially accepted by the Department of Public Works.

Re: Notice of Award
**CONTRACT NO: H62153-14G**
**TITLED: Pavement Marking Improvements-Phase 14-PIN 0761.67**

Your particular attention is called to the laws and terms of the contract governing employees, limitation of working hours, and minimum and prevailing rates of pay for employees. In addition, payment of wages must be made in cash unless approval to pay otherwise is granted by the State Industrial Commissioner. No subcontractors or suppliers will be permitted unless they are officially registered and approved, in writing, by the County of Nassau.

Very truly yours,

COUNTY OF NASSAU
STATE OF NEW YORK
Department of Public Works
AGREEMENT

For furnishing all labor, materials and equipment, together with all work incidental thereto, necessary and required for the contract entitled:

**NASSAU COUNTY PAVEMENT MARKINGS PHASE 14**
**PIN 0761.67**
**VARIOUS ROADWAYS**
**NASSAU COUNTY, NEW YORK**

**Contract No. H62153-14G**

THIS AGREEMENT,

made and executed this _____ day of _____, 20 ____, by and between the County of Nassau, hereinafter called the party of the first part, and

,

the Contractor, hereinafter called the party of the second part.

WITNESSETH:

In consideration of the mutual stipulations, agreements and covenants herein contained, the parties hereto have agreed with each other, the party of the first part, for itself, its successors and assigns, and the party of the second part, for itself or themselves, its successors and assigns, or its or their executors, administrators and assigns, as follows:

ARTICLE I. GENERAL

A. The Contractor shall do all the work and furnish all labor, materials, equipment, tools and appliances, except as hereinafter otherwise stated, that may be necessary and proper for performing and completing the work.

B. The Contractor further agrees that he is fully informed regarding all of the conditions affecting the work to be done and labor and materials to be furnished for the completion of this contract and that his information was secured by personal investigation and research and not from the estimates of the Commissioner of Public Works, and that he will make no claim against the County by reason of estimates, tests or representations of any officer or agent of the County.

ARTICLE II. DEFINITIONS

Whenever the following words appear in this Contract and Specifications hereto attached:

COUNTY:

The word "County" or pronoun used in place thereof shall mean the County of Nassau as above mentioned, represented by it's County Executive, party of the first part.

CONTRACTOR:

The word "Contractor" or pronoun used in place thereof shall mean: the party of the second part of this Agreement, and shall apply thereto regardless of number or gender.

ENGINEER:

The word "Engineer" or pronoun used in place thereof shall mean the Commissioner of Public Works, acting directly or through authorized agent or agents.

HE, HIM, HIMSELF: The word "he" shall mean "he or she", "him" shall mean "him" or "her", "himself" shall mean "himself" or "herself" wherever appropriate throughout the Contract.

NOTICE:

The word "Notice" shall mean written notice. Notice shall be served upon the Contractor, either personally or by leaving the said notice at his residence or with his agent in charge of the work, or with any employee found on the work, or addressed to the Contractor at the residence or place of business given in the bid and deposited in post paid wrapper in any Post Office Box regularly maintained by the United States Post Office.

SPECIFICATIONS:

The word "Specifications" shall mean all of the directions, conditions, requirements and standards of performance applying to the work as hereinafter detailed and designated as such and as contained in the books prepared by the Department of Public Works of Nassau County entitled "Standard Specifications and Detail Sheets for Civil Engineering and Site Development Construction, 2009" & "Traffic Signal Specifications & Standard Drawings"; as well as the latest NY State Standard Specifications, as per the most recent Letting Date, listed on the NYSDOT website.

ARTICLE III. SPECIAL CONDITIONS

The said work shall be performed in accordance with the true intent and meaning of the latest NY State Standard Specifications, therefore which, together with the Proposal, Notice to Bidders, Instruction to Bidders, Notice of Award and the Bond, are hereby referred to and made a part of this Contract, without any further expense of any nature whatsoever to the County than the consideration named in this Contract. The County, however, reserves the right to make such additions, deductions or changes, as it deems necessary, making an addition or

deduction therefore at the prices named in the proposal for this work; and this Contract shall in no way be invalidated thereby, and no claim shall be made by the Contractor for any loss of anticipated profits because of any such change, or by reason of any variation between the approximate quantities and the quantities of the work as done.

ARTICLE IV. EXTRA WORK

It is further agreed that any material to be furnished or work necessary to be done other than that specified in this Contract shall be covered by a supplemental contract or resolution and that no claim will be made by the Contractor for any such work performed or material furnished before such supplemental contract shall have been approved or passed by the County Executive. Notification will be made to NYSDOT Construction prior to the start of any added or extra work. Work shall conform to the latest NYS Standard Specifications (latest) Sec 109-05. Refer to section 104 - Scope of Work for any changes, contingencies, extra work or deductions on the project - in the latest NY State Standard Specifications.

ARTICLE V. DETERMINATION AND DECISIONS

The work under this Contract shall be done to the satisfaction of the County Executive and Commissioner of Public Works, and in full accordance with the Plans and Specifications or any amendments or additions thereto, and before final acceptance by the County Executive all matters of dispute must be adjusted to the mutual satisfaction of the parties hereto. Determinations and Decisions, in case any question shall arise, shall constitute a condition precedent to the right of the Contractor to receive any money thereof, until the matter in question has been adjusted.

Article VI. COUNTY'S RIGHT AND NOTICES

IT IS MUTUALLY AGREED THAT,

1. if the Contractor fails to begin work when notified to do so by the Commissioner; or
2. if the Contractor becomes insolvent or,
3. if a petition of bankruptcy is filed by or against the Contractor, or
4. if the work to be done under this Contract shall be abandoned or,
5. if this Contract or any part thereof shall be sublet without the consent of the Commissioner of Public Works being first obtained in writing or,
6. if this Contract or any right, monies or claim thereunder shall be assigned by the Contractor otherwise than as herein specified, or,
7. if, at any time, the Commissioner shall be of the opinion that the conditions herein specified as to the rate of progress are not fulfilled or,
8. that the work or any part thereof is unnecessarily or unreasonably delayed, or,
9. that the Contractor is not or has not been executing the Contract in good faith or,
10. that the Contractor is violating any of the provisions of this Contract; the Commissioner, with the approval of the County Executive and without prejudice to any other rights or remedy of the County, shall have the right to declare the Contractor in default and so notify the Contractor by a written notice, setting

forth the ground or grounds upon which such default is declared and that the Contractor shall discontinue the work, either as to a portion of the same or the whole thereof.

Article VII. Contractor's Duty

Upon receipt of the notice provided in Article VI, above, the Contractor shall immediately discontinue all further operations on the work or such part thereof; and shall immediately quit the site or such part thereof, leaving untouched all plant, materials, equipment, tools and supplies.

Article VIII. Completion of the Work

1. The Commissioner, after declaring the Contractor in default as provided in Article VI above, may then have the work completed by such means and in such manner, by contract with or without public letting, or otherwise, as he may deem advisable, utilizing for such purpose such of the Contractor's plant, materials, equipment, tools and supplies remaining on the site, as well as such subcontractors, as he may deem advisable.

2. The expense of such completion, including the cost of reletting, shall be deducted and paid by the County out of the monies due or to become due to the Contractor under this Contract, or any part thereof; and in case such expense is more than the sum remaining unpaid of the original Contract price, the Contractor and his sureties shall pay the amount of such deficiency to the County of Nassau.

   Once the contract award package is found to be in order by NYSDOT Construction, then the Sponsor will receive from NYSDOT Construction a 'Notice to Proceed' Letter, in the form of an email and the project is officially awarded. Once the Sponsor sets up the Pre-construction meeting, the Construction Management Plan(CMP) includes the actual completion date, since the Pre-construction Meeting date is now known.

ARTICLE IX. MACHINERY AND PLANT

The Contractor shall furnish at his own cost all transportation, apparatus, ways, works, machinery, and plant, and also suitable appliances requisite for the execution of this Contract, and shall be solely answerable for the same, and for the safe, proper and lawful construction, maintenance and use thereof. The Contractor shall cover and protect the work from damage, and all injury to the same before completion of this Contract and its acceptance by the County Executive shall be made good by the Contractor who shall be solely answerable for all damages to the County, to the neighboring premises, or to any private or personal property due to improper, illegal or negligent conduct of himself or his subcontractor, employees or agents in or about the said work, or in the execution of the work covered by this Contract or any extra work undertaken, as hereinafter provided, or to any defect in or improper use of scaffolding, apparatus, ways, works, machinery and plant. He shall assume the defense and save harmless the County, it's officers or agents from all claims whatsoever relating to labor or materials furnished for the work, or to inventions, patents or patent rights used in the work or in doing the work.

ARTICLE X. PATENTED DEVICE, MATERIAL AND PROCESSES

It is mutually understood and agreed that contract prices are to include all royalties and costs arising from patents, trademarks and copyrights in any way involved in the work. Whenever the Contractor is required or desires to use any design, device, material or process covered by letters patent or copyright, the Contractor shall indemnify and save harmless the County of Nassau from any and all claims for infringement by reason of the use of any such patented design, device, material or process, to be performed under the Contract and shall indemnify the said County for any costs, expenses and damages which it may be obliged to pay, by reason of any such infringement, at any time during the prosecution or after the completion of the work. The NYSDOT Materials Inspection Manual (MURK Part 2-A), as well as the 'Materials Approved List' are two important references to utilize in order to determine if materials are acceptable on the contract. Also make sure the contractor submits applicable Materials Certifications, including 'Buy America' certifications for all steel items, if any, on the project.

ARTICLE XI. RESPONSIBILITY FOR INJURIES TO PERSONS AND PROPERTY.

A. The Contractor shall be solely responsible for physical injuries (including death) to persons (including, but not limited to, employees of the Contractor and subcontractors and employees of the County of Nassau) or damage to property (including, but not limited to, property of the County of Nassau or the Contractor or subcontractors) occurring on account of or in connection with the performance of the work hereunder or sustained by any employee of the Contractor, a subcontractor, County of Nassau or other persons while at the site of the work, and shall indemnify and save harmless the County of Nassau from loss and liability upon any and all claims on account of such injuries to persons (including death) or damage to property, and from all costs and expenses in suits which may be brought against the County of Nassau on account of any such injuries to persons or damage to property, irrespective of the actual cause of the accident and irrespective of whether it shall have been due to negligence of the Contractor or his subcontractors or negligence of the County of Nassau, their respective agents, servants or employees.

B. The term "loss and liability", as used herein, shall be deemed to include, but not to be limited to, liability for the payment of Worker's Compensation under the Worker's Compensation Law of the State of New York, and the Contractor specifically covenants to reimburse the County of Nassau for all payments of Worker's Compensation which the County of Nassau shall be required to make to any employee who shall claim to have sustained injuries on account of or in connection with the work hereunder, whether or not such injuries shall have been sustained as a result or negligence of the Contractor, his subcontractors, the County of Nassau, their respective agents, servants or employees, or negligence of the injured employee.

C. The Contractor shall be solely responsible for all injuries to person or damage to property therein occurring on account of the performance of work under this Contract whether due to negligence, fault or default of the Contractor or not, and irrespective of

whether it shall have been due to the negligence, fault or default of the County of Nassau, it's respective agents, servants or employees. The Contractor shall fully protect, indemnify and save harmless the County of Nassau from loss and from liability upon any and all claims on account of such injuries to employees or other persons or damage to property on account of any work done by the Contractor and from any costs and expenses in suits which may be brought against the County of Nassau for such damages or injuries.

D. The obligation of the Contractor to indemnify and save harmless the County of Nassau as herein above set forth is absolute and not dependent upon any question of negligence on the part of the Contractor, the subcontractor, the County of Nassau, their respective agents, servants or employees. The approval by the County of Nassau of the methods of doing the work or the failure of the County of Nassau to call attention to improper or inadequate methods or to require a change in methods or to direct the Contractor to take any particular precautions or to refrain from doing any particular thing shall not excuse the Contractor in case of any such injury to person or damage to property.

E. The Contractor shall take out and maintain during the life of this Contract a liability insurance policy and renewals thereof, issued by an insurance company approved by the County of Nassau, insuring the Contractor at all times during the life of the Contract against loss by reason of his contractual liability under this ARTICLE with limits of * for injuries to persons (including death) and * for damage to property. A Certificate of the issuance of such insurance policy shall be delivered to the County of Nassau upon the execution and delivery of this Contract and such Certificate shall contain an agreement by the insurance company issuing the policy that the policy will not be canceled without 10 days prior notice to the County of Nassau. At least 2 weeks prior to the expiration of the original policy or any renewal thereof a new certificate of the renewal of such insurance, containing an agreement by the insurance company that the insurance will not be canceled without 10 days prior notice to the County of Nassau shall be delivered to the County of Nassau.

* See Article XXVIII for schedule.

ARTICLE XII. TIME OF START AND COMPLETION

A. The Contractor shall commence work on the day specified in the Notice To Proceed signed by the Commissioner. However, before starting work, the Sponsor is required to set up a Pre-construction meeting, and the following should attend: Sponsor's representatives, the *Lowest* bid contractor, the NYSDOT Construction monitors for Local Projects, as well as utility representatives (if applicable). There are two submittals that are required at the meeting:
   - The prime Contractor's Health & Safety Plan - to be reviewed and approved by the Sponsor before any contract work begins, and a copy to be filed with NYSDOT Construction indicating approval by the Sponsor of the Plan (utilizing Section 107-05 of the NY State Standard Specifications);
   - A copy of the Construction Management Plan should be provided to NYSDOT and one copy should be available for all three (3) signatures required, and then kept as part of the project

*records.*

Time being of the essence of this contract, the contractor shall thereafter prosecute the work diligently, using such means and methods of construction as will assure its full completion, in accordance with the requirements of the Contract Documents, not later than the date specified in the said notice.

B. Unless the date for completion is extended as herein provided, the Contractor shall complete the work in the number of consecutive calendar days fixed in this contract. The period for performance shall start from the day specified in the Commissioner's Notice To Proceed.

C. Unless approved in writing by the County, in its sole and absolute discretion, no contractual work shall be permitted on Official County Holidays. The Contractor is responsible for coordination with the County Engineer and/or his duly authorized representative prior to the start of work to determine the date(s) of observance of the Official County Holiday(s) that may occur during the course of the Contract. The Official County Holidays are: New Years Day, Martin Luther King, Jr. Day, Lincoln's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day, Veteran's Day, Thanksgiving Day, Friday after Thanksgiving Day and Christmas Day. Failure of the Contractor(s) to consider Official County Holidays during the preparation of their work plans and schedules shall not be cause for a delay claim against the County. Should circumstances arise, during the course of the Contract, where the Contractor requests approval to work on an Official County Holiday and it is granted, the Contractor will be required to reimburse the County for the cost of providing inspection services. Furthermore, failure of the Contractor to have considered such contingency costs in his bid price shall not be cause for an extra work claim to the County at a later date.

ARTICLE XIII. EXTENSION OF TIME

A. It is mutually agreed that no extension beyond the date of completion fixed by the terms of this Contract shall be effective unless in writing signed by the Commissioner of Public Works. Such extension shall be for such time and upon such terms and conditions as shall be fixed by the Commissioner of Public Works, which may include a charge for engineering and inspection expenses actually incurred upon the work. Applications for such extension shall be filed by the Contractor with the Commissioner of Public Works, approved or denied, and submitted to NYSDOT Construction for their concurrence at least fifteen (15) days prior to the date of expiration fixed by the terms of this agreement. Nassau County shall submit to NYSDOT Construction a copy of both letters, including the initial letter from the Contractor requesting an extension of time with specific reasons (such as weather, etc), as well as the letter from Nassau County acknowledging and approving the time request. The contractor's request for a time extension must be submitted to the County for a considerable period prior to the actual completion date - preferably at least one month.

B. The Contractor agrees to make no claim for damages for delay in performance of this Contract occasioned by any act or omission to act by the County or any of its representatives and agrees that any

such claim shall be fully compensated for by an extension of time to complete the performance of the work as provided herein.

ARTICLE XIV. LIQUIDATED DAMAGES

It is mutually agreed between the parties that time is of the essence in this Contract, and that there will be on the part of the County considerable monetary damage in the event of any delay in the completion of the same. The sum of $1,500.00 per day is hereby agreed upon as the liquidated damages for each and every day after the specified date of completion in which the work remains in an incomplete condition, which amount shall in no event be considered as a penalty or otherwise than as the liquidated and adjusted damages of the County because of the said delay. The party of the second part hereby agrees that the sum of $ * for each such day shall be deducted and retained out of monies which may become due hereunder. The County agrees that the date when such liquidated damages shall cease to accrue shall be the date of advise of completion as given by the Commissioner of Public Works, and waives the right of such liquidated damages as to the period covered by the final inspection and by notice to any parties interested. When work is stopped by order of the Commissioner of Public Works during the Winter, the liquidated damages will be waived for the period until work may be resumed in the following spring.

* LIQUIDATED DAMAGES, **$1,500.00** per day

ARTICLE XV. INSURANCE AND BOND REQUIREMENTS

A. GENERAL

1. At the execution of this contract, the contractor, at his own expense, must furnish those insurance policies and bonds as described below. Insurance certificates will be acceptable at date of contractor's signing.

2. All insurance policies and bonds must remain in effect throughout the duration of this contract.

3. Limits of liability are described in the Schedule of Requirements (Article XXVI) of this agreement.

B. CONTRACTOR'S PUBLIC LIABILITY INSURANCE

The contractor shall procure such Public Liability Insurance as shall protect him and his subcontractor(s) or any one directly or indirectly employed by either of them from claims for damage for bodily injury, including death, as well for claims for damage to property which may arise from operations under this contract for all Municipalities, Municipal Sub-Divisions and FEE Owners of properties on which work is done.

C. WORKER'S COMPENSATION INSURANCE

In accordance with the laws of The State of New York, failure to comply with this provision shall make this contract void.

D. OWNER'S CONTINGENT PUBLIC LIABILITY INSURANCE

The Contractor shall also furnish Owners Contingent Public

Liability Insurance protecting, as the named insured;

1. The County of Nassau;
2. all Municipalities, Municipal Sub-Divisions; and
3. Fee Owners of Properties,
4. Consultants

on which work is being done, each to the full limits of liability as are listed in the Schedule of Requirements (Article XXVI) of this agreement, against claims arising from the operations of the Contractor and his subcontractors.

E. BONDS

The Contractor shall execute both a Performance Bond and a Labor and Material Bond, each in the amount of one hundred percent (100%) of the contract price, to remain in effect for the duration of the contract. In addition the bond forms are provided with the Contract Bid Documents and must be used, no other bond forms are acceptable. Such bonds to be executed by a surety company authorized to do business in the State of New York and acceptable to the County Comptroller; or bonds secured by collateral, or securities approved by the County Comptroller, and approved as to form and manner of execution by the County Attorney. Attorneys in fact who sign contract bonds must file with such bonds a certified copy of the power of attorney to sign such bonds.

All Bonds shall be issued by a Surety Company authorized to do business in the State of New York as evidenced by the Surety Company's most recent Certificate of Solvency under Section 1111 of the New York Insurance Law, a copy of which **must** be attached to the Bond **OR** issued by a Surety Company listed in the most recent copy of the Department of Treasury=s Listing of Approved Sureties (Department Circular 570). The amount of said Bond shall not exceed the limits set by the aforesaid Certificate of Solvency or Treasury Department Circular.

ARTICLE XVI. ARREARS TO COUNTY (Sec. 2206 COUNTY CHARTER)

The Contractor warrants that he is not in arrears to the County upon debt or contract, and that he is not a defaulter, as surety, contractor or otherwise.

ARTICLE XVII. WORKER'S COMPENSATION LAW

Pursuant to the provisions of Chapter Four Hundred and Seventy-eight of the Laws of Nineteen Hundred Sixteen or amendments thereto, this Contract shall be void and if no effect unless the party of the second part shall secure compensation for the benefit of, and keep insured during the life of this Contract, such employees as are required to be insured by the provisions of Chapter Forty-one of the Laws of Nineteen Hundred Fourteen and acts amendatory thereto, known as the "Worker's Compensation Law."

ARTICLE XVIII. LABOR LAWS AND NOTICE OF EMPLOYEES' RIGHTS

An updated New York State Schedule of Prevailing Hourly Wage Rates and an updated Federal Davis Bacon Wage Rates for this Contract have been applied for and should be attached. The

Contractor shall pay the higher of the New York State Schedule of Prevailing Hourly Wage Rates or the Federal Davis Bacon Wage Rates. If the updated rates have not been received at the time of bid, they will be attached and made part of this agreement prior to execution of Contract, the higher of the New York State Schedule of Prevailing Wage Rates or the Federal Davis Bacon Wage Rates shall apply.

1. All persons employed to perform any work under this contract, must be provided with major medical and hospitalization benefits for the duration of this contract. Such benefits may be provided through a monthly lump-sum payment to the health care insurer of the employee's choice. Nothing herein shall be deemed to require the establishment or maintenance of an employee benefit plan.

2. No apprentice employed by the Contractor or any of his Subcontractors shall be permitted to perform any work required under this contract unless said apprentice is individually enrolled in, or a graduate of, a New York State approved apprentice training program registered with the Commissioner of Labor, and in conformity with Article 23 of the New York State Labor Law.

3. The Contractor must pay all wages and supplements required by law. Cash payments in lieu of fringe benefit supplements may be made at the option of the contractor, but any such cash payments must be made by check, draft or order payable to the employee. Records of such cash payments must be made promptly available for inspection upon request for the Nassau County Office of Labor Relations.

4. Posting of Notices
   a. Every Contractor who is a party to a public works contract with the County of Nassau shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, acknowledges and agrees to establish and maintain a Bulletin Board at or near the established job site Management Office or at such site as the Nassau County Department of Public Works directs, for the conspicuous posting of Notices including the New York State Department of Labor Schedules of Prevailing Wages and Supplements applicable to the Project, Worker's Compensation Law Notices, and all other Notices which are required by law and such Notices as the County of Nassau may require the Contractor to post at the site. To the extent practicable, notice must be posted in such a manner so that the general public may view same at the entrance to the job site.

   b. Such posting shall be secure from deterioration and/or obliteration by the elements, defacement, and acts of vandalism.

   c. Notices shall be maintained in a legible manner and shall be replaced if damaged, defaced, rendered illegible or removed for any reason.

d. The posting of such Notices shall be undertaken prior to commencement of work at the site, if practical and feasible, and shall be maintained until the project has been substantially completed.

e. Said notice shall include the telephone number and address of the New York State Department of Labor, Bureau of Public Works.

f. For multiple prime contracts, each Contractor is required to provide the above, and identify the Contract to which it pertains. Nothing herein shall be construed to relieve the Contractor from posting requirements otherwise required by law.

5. Providing Notice to Employees

a. The Contractor shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, provide written notice to each employee including all his Subcontractors employees that he or she is entitled to receive the prevailing wage and supplements for the occupation for which he or she has been hired. Such written notice shall be given to the employee at or before such individual commences work at the Project Site.

b. The Contractor shall obtain from each employee a written acknowledgment that the employee has received a copy of such notice and is receiving the prevailing wage rate. For the purpose of this section, an employee includes, in addition to those immediately under the hire and/or supervision of the Contractor, employees and independent contractors of subcontractors engaged in work at the Project Site. The written acknowledgments of the employees required herein shall accompany each month's partial payment request.

6. Payroll Records

a. The Contractor shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, maintain at the job site (or such place designated by the County of Nassau) original payrolls, employee attendance records

and/or transcripts thereof as are required to be maintained pursuant to Section 220 of the New York Labor Law and shall maintain the written acknowledgments of the employees as required above with the payrolls and transcripts.

b. The Contractor shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, provide to the Resident Project Engineer the Nassau County Director of Labor Relations (or other individuals designated by the County of Nassau) upon application

for payment an employment attendance sheet for all employees, including employees of Subcontractors, for each day on which work is performed on the site, upon a form acceptable to the County of Nassau, containing such information as the County of Nassau deems appropriate, including job classification, hours of employment, wage rate and supplements payable and employer. A current attendance record shall be maintained at a location designated by the County of Nassau.

c. Every Contractor on a public works contract to which Nassau County is a party shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, submit a transcript of its original payroll record for all work performed by the Contractor to the Public Works Commissioner of the County of Nassau, the Clerk of the Nassau County Legislature and to the Nassau County Office of Labor Relations within thirty days after the issuance of its first payroll, and every thirty days thereafter. Submissions shall be in such a form as to comply with Section 220 of the Labor Law.

d. Upon receipt of a copy of the prevailing rate schedule of wages and supplements specified in the public improvement contract, or of a subsequently issued prevailing rate schedule, every Contractor and Subcontractor shall provide a verified statement attesting that the Contractor and Subcontractor has received and reviewed such schedule of wages and supplements, or subsequently issued schedule, and agrees that it will pay the applicable prevailing wages and will provide the supplements specified therein. Such verified statement shall be filed with the Public Works Commissioner of the County of Nassau and the Clerk of the Nassau County Legislature. It shall be a violation of Local Law 1998 for any Contractor or its Subcontractor to fail to provide to its Subcontractor a copy of the prevailing rate schedule of wages and supplements specified in the contract as well as any prevailing rate issued subsequent to the schedule specified in the contract.

e. Before the Contractor may request a progress Payment for any item of work performed by a Subcontractor, the Contractor shall furnish the County of Nassau with a copy of that Subcontractor's verified statement required by New York Labor Law Section 220-a. Before issuance of the final payment, the Contractor shall furnish the County with the original certifications and verified statements required by New York Labor Law Section 220-a. Before any payment is made to the contractor, the Contractor must submit Materials certifications as per the contract items specifications, to Nassau County, along with the AAP-33LL form, Employment Monthly Utilization form and the AAP 21LL, Contractor Report of Contract Payments. These two forms must be printed from the EBO system and

included with the payment. After this information has been reviewed and found acceptable to the Sponsor/Sponsor/s representative, payment procedures may begin.

f. Before final payment is made by or on behalf of the county for any sum or sums due on account of a contract for a public improvement, it shall be the duty of the Nassau County Comptroller to require the Contractor to file every verified statement required to be obtained by the Contractor from its Subcontractors pursuant to subdivision two of Local Law 1998 and to file a statement in writing in form satisfactory to such officer certifying to the amounts then due and owing from such Contractor filing such statement to or on behalf of any and all laborers for daily or weekly wages or supplements on account of labor performed upon the work under the contract, setting forth therein the names of the persons whose wages or supplements are unpaid and the amount due to each or on behalf of each respectively. Such statement shall also set forth the amounts known by the Contractor to be then due and owing from each Subcontractor, or from a Subcontractor of such Subcontractor, for wages or supplements, or shall certify that the Contractor has no knowledge of such amounts owing to or on behalf of any laborers of its Subcontractors, and that in the event it is determined by the Commissioner that the wages or supplements or both of any employees of such Subcontractors have not been paid or provided pursuant to the appropriate schedule of wages and supplements, the Contractor shall be responsible for payment of such wages or supplements pursuant to New York State law. Such statements so to be filed shall be verified by the oath of the Contractor that he or she has read such statement subscribed by him or her and knows the contents thereof, and that the same is true of his or her own knowledge except with respect to wages and supplements owing by Subcontractors which may be certified upon information and belief.

g. The Contractor shall ensure that all employees on the job site shall have received appropriate training and possess all required state and county licenses for specialty, craft, skill, trade or other professional or licensed trades.

h. No Contractor, Subcontractor, nor any person acting on its behalf should in any manner discriminate because of race, creed, color, religion, sex, national origin,age, marital status, or disability, against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.

## PREVENTION OF DELAY

The Contractor and his Subcontractors shall not employ any labor or means whose employment or utilization during the course of this Contract, may tend to, or in any way cause, or result in, strikes, work stoppages, delays, suspension of work or similar troubles by workmen employed by the Contractor or his Subcontractors, or by any of the trades working in or about the job sites where work is being performed under this Contract, or any other Contract on the job site. Any violation of this requirement by the Contractor may, upon written determination of the Commissioner of Public Works, be considered as proper and sufficient cause for canceling and terminating this Contract without any penalty to the COUNTY and the COUNTY shall be entitled to recover any damages from the Contractor that may have been caused by such violation.

## General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

### Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

### Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission: a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion online.

### Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the "Request for a dispensation to work overtime" form (PW30) and "4 Day / 10 Hour Work Schedule" form (PW 30.1).

### Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.ny.gov.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.ny.gov.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.ny.gov.

### Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. As per Article 6 of the Labor law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemperaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid

or provided, and Daily and weekly number of hours worked in each classification.

The filing of payrolls to the Department of Jurisdiction is a condition of payment.Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed $100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds $25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8 . Section 220-a).

## Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

## Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

## Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers. compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers. Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

### Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

### Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

### Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

### Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

### Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b) ).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of $50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c) ).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d) ).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

### Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

### Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

## Social Security Numbers on Certified Payrolls:

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concern regarding inclusion of this information on payrolls if another identifier will suffice.

For these reasons, the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor. This change does not affect the Department's ability to request and receive the entire social security number from employers during its public work/ prevailing wage investigations.

## Construction Industry Fair Play Act: Required Posting for Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site. Failure to post the notice can result in penalties of up to $1,500 for a first offense and up to $5,000 for a second offense. The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, https://dol.ny.gov/public-work-and-prevailing-wage
If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.ny.gov .

## Worker Notification: (Labor Law §220, paragraph a of subdivision 3-a)

**Effective June 23, 2020**

This provision is an addition to the existing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage and supplement rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her job classification. The required notification will be provided with each wage schedule, may be downloaded from our website *www.labor.ny.gov* or be made available upon request by contacting the Bureau of Public Work at 518-457-5589. *In the event the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

## 1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

## 2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

## 3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations**
**IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWEF Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Required Notice under Article 25-B of the Labor Law

## Attention All Employees, Contractors and Subcontractors: You are Covered by the Construction Industry Fair Play Act

**The law says that you are an employee unless:**

- You are free from direction and control in performing your job, **and**
- You perform work that is not part of the usual work done by the business that hired you, **and**
- You have an independently established business.

Your employer cannot consider you to be an independent contractor unless all three of these facts apply to your work.

**It is against the law for an employer to misclassify employees as independent contractors or pay employees off the books.**

**Employee Rights:** If you are an employee, you are entitled to state and federal worker protections. These include:

- Unemployment Insurance benefits, if you are unemployed through no fault of your own, able to work, and otherwise qualified,
- Workers' compensation benefits for on-the-job injuries,
- Payment for wages earned, minimum wage, and overtime (under certain conditions),
- Prevailing wages on public work projects,
- The provisions of the National Labor Relations Act, and
- A safe work environment.

It is a violation of this law for employers to retaliate against anyone who asserts their rights under the law. Retaliation subjects an employer to civil penalties, a private lawsuit or both.

**Independent Contractors:** If you are an independent contractor**, you must pay all taxes and Unemployment Insurance contributions required by New York State and Federal Law.**

**Penalties** for paying workers off the books or improperly treating employees as independent contractors:

| | |
|---|---|
| • **Civil Penalty** | First offense: Up to $2,500 per employee<br>Subsequent offense(s): Up to $5,000 per employee |
| • **Criminal Penalty** | First offense: Misdemeanor - up to 30 days in jail, up to a $25,000 fine and debarment from performing public work for up to one year.<br>Subsequent offense(s): Misdemeanor - up to 60 days in jail or up to a $50,000 fine and debarment from performing public work for up to 5 years. |

**If you have questions about your employment status or believe that your employer may have violated your rights and you want to file a complaint, call the Department of Labor at (866) 435-1499 or send an email to dol.misclassified@labor.ny.gov. All complaints of fraud and violations are taken seriously. You can remain anonymous.**

# Requirements for OSHA 10 Compliance

Article 8 §220-h requires that when the advertised specifications, for every contract for public work, is $250,000.00 or more the contract must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

## The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.)*
- Training roster, attendance record of other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-457-5589.

## WICKS

Public work projects are subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work, when the total project's threshold is $3 million in Bronx, Kings, New York, Queens and, Richmond counties; $1.5 million in Nassau, Suffolk and Westchester counties; and $500,000 in all other counties.

For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or the use of a Project Labor Agreement (PLA), and must be open to public inspection.

Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.

The Commissioner of Labor shall have the power to enforce separate specification requirement s on projects, and may issue stop-bid orders against public owners for non-compliance.

Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.

Contractors must pay subcontractors within a 7 days period.

# Introduction to the Prevailing Rate Schedule

## Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

## Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Payrolls and Payroll Records

Contractors and subcontractors are required to establish, maintain, and preserve for not less that six (6) years, contemporaneous, true, and accurate payroll records.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury.

## Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

## Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

## Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. Although in most cases the payment or provision of supplements is straight time for all hours worked, some classifications require the payment or provision of supplements, or a portion of the supplements, to be paid or provided at a premium rate for premium hours worked. Supplements may also be required to be paid or provided on paid holidays, regardless of whether the day is worked. The Overtime Codes and Notes listed on the particular wage classification will indicate these conditions as required.

## Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.ny.gov) for current wage rate information.

## Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

| Title (Trade) | Ratio |
|---|---|
| Boilermaker (Construction) | 1:1,1:4 |
| Boilermaker (Shop) | 1:1,1:3 |

## Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

NEW YORK STATE DEPARTMENT OF LABOR
Bureau of Public Work - Debarment List

# LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE AWARDED ANY PUBLIC WORK CONTRACT

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements;
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements.

The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = New York State Department of Labor; NYC = New York City Comptroller's Office; AG = New York State Attorney General's Office; DA = County District Attorney's Office.

**Debarment Database:** To search for contractors, sub-contractors and/or their successors debarred from bidding or being awarded any public work contract or subcontract under NYS Labor Law Articles 8 and 9, or under NYS Workers' Compensation Law Section 141-b, access the database at this link: https://applications.labor.ny.gov/EDList/searchPage.do

**For inquiries where WCB is listed as the "Agency", please call 1-866-546-9322**

Davis Bacon
FEDERAL WAGE RATES

NO TEXT ON THIS PAGE

"General Decision Number: NY20230012 04/14/2023

Superseded General Decision Number: NY20220012

State: New York

Construction Types: Building, Heavy, Highway and Residential

Counties: Nassau and Suffolk Counties in New York.

BUILDING CONSTRUCTION PROJECTS, RESIDENTIAL CONSTRUCTION PROJECTS (including single family homes and apartments up to and including 4 stories), HEAVY CONSTRUCTION PROJECTS, HIGHWAY CONSTRUCTION PROJECTS

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

| | |
|---|---|
| If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022: | . Executive Order 14026 generally applies to the contract.<br>. The contractor must pay all covered workers at least $16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023. |
| If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022: | . Executive Order 13658 generally applies to the contract.<br>. The contractor must pay all covered workers at least $12.15 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2023. |

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at

http://www.dol.gov/whd/govcontracts.

==========

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information

on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

---

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material,

etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISIO"

Appendix D

Introduced by Legislator Denenberg

Local Law No. 172006

A LOCAL LAW in relation to reducing the emission of pollutants from diesel fuel-powered motor vehicles

Passed by the Nassau County Legislature on November 13, 2006
Voting: ayes: 17, nayes: 0, abstained: 0
Became a law on December 13, 2006 with the approval of the County Executive.

BE IT ENACTED by the County Legislature of the County of Nassau, as follows:

Section 1. This law shall be known as the Ultra Low Sulfur Diesel Fuel Law and shall appear in the miscellaneous laws as title sixty-two.

§ 2. Definitions.

As used in this local law, the following terms shall have the following meanings:

"Best available retrofit technology" means technology, verified by the EPA for reducing the emission of pollutants that achieves reductions in particulate matter emissions at the highest classification level for diesel emission control strategies, as set forth in section five of this local law, which is applicable to the particular engine and application. Such technology shall also, at a reasonable cost, achieve the greatest reduction in emissions of nitrogen oxides at such particulate matter reduction levels and shall in no event result in a net increase in the emissions of either particulate matter or nitrogen oxides.

"Commissioner" shall mean the Commissioner of the Department of Public Works.

"County contractor" means any person who enters into an agreement or contract with the County valued at more than one hundred fifty thousand dollars to perform County work or any person who enters into an agreement or contract with such person to perform County work.

"County department" means any department of County government that uses diesel-powered vehicles in any capacity.

"County" means County of Nassau.

"County work" means to provide labor, services, material and/or equipment which traditionally has been provided by the government of the County through County employees or contractors, except that it shall not mean labor, services, materials and equipment provided by a common carrier; a utility company; a shipping company (including overnight delivery companies); or a manufacturer or delivery company which delivers materials or equipment to County government.

"EPA" means the United States Environmental Protection Agency.

"Gross vehicle weight rating" means the value specified by the manufacturer of a motor vehicle model as the maximum design loaded weight of a singer vehicle of that model.

"Motor vehicle" means a vehicle owned by the County and operated or driven upon a public highway which is propelled by any power other than muscular power, except electrically-driven mobility assistance devices operated or driven by a person with a disability, provided, however, that this term shall not include vehicles that are specially equipped for emergency response by the fire commission, the department of emergency management, or the sheriff s department.

"Non-road diesel vehicle" means a motor vehicle powered by a diesel engine fifty horsepower or greater, including but not limited to excavators, backhoes, cranes, compressors, bulldozers, and similar equipment, but not including a vehicle used for competition.

"On-road diesel vehicle" means a motor vehicle powered by a diesel engine that is used to transport persons or property on a street or highway.

"Person" means any individual, partnership, firm, company, association, joint stock association, corporation or other like organization.

"Reasonable cost means that such technology does not cost greater than thirty percent more: than other technology applicable to the particular engine and application that falls within the same classification level for diesel emission control strategies, as set forth in section five of this local law, when considering the cost of the strategies, themselves, and the cost of installation.

"Specially equipped vehicle" means a motor vehicle defined as specially equipped pursuant to rules and regulations developed and approved by an appropriate department of county government designated by the county executive, and adopted by the County legislature.

"Ultra low sulfur diesel fuel" means diesel fuel that has a sulfur content of no more than fifteen parts per million.

§ 3. Use of ultra low sulfur diesel fuel required.

a. All on-road diesel vehicles and non-road diesel vehicles owned, leased, or operated by the County, and all such vehicles used by a County contractor to do County work shall be powered by ultra low sulfur diesel fuel.

b. All on-road diesel vehicles and non-road diesel vehicles owned, leased, or operated by the County, and all such vehicles used by a County contractor to do County work and have a gross vehicle weight rating of more than eight thousand five hundred pounds shall utilize the best available retrofit technology or be equipped with an engine certified to the applicable two thousand seven EPA standard for particulate matter as set forth in section 86.007-11 of title forty of the code of federal regulations or to any subsequent EPA standard for such pollutant that is at least as stringent, pursuant to the following schedule:

Twenty five percent of all such motor vehicles by January 1, 2009;

Fifty percent of all such motor vehicles by January 1, 2011;

One hundred percent of all such motor vehicles by January 1, 2013.

(1) This subdivision shall not apply to any vehicle subject to a lease or public works contract entered into or renewed prior to the effective date of this section.

§ 4. County executive discretion regarding technology.

a. The county executive shall make determinations, and shall publish a list containing such determination, as to the best available retrofit technology to be used for each type of diesel fuel-powered motor vehicle to which this section applies. Each such determination shall be reviewed and revised, as needed, on a regular basis, but in no event less often than annually.

b. The county executive may determine that a technology, whether or not it has been verified by the EPA, may be appropriate to test, on an experimental basis, on a

particular type of diesel fuel-powered motor vehicle owned or operated by a county department. The county executive may authorize such technology to be installed on up to three of such type of motor vehicle. Any motor vehicle on which such technology is installed may be counted for the purpose of meeting the requirements of subdivision b of section three of this local law. Such technology shall not be required to be installed on other motor vehicles of the same type and shall be subject to the provisions of paragraph d of this section.

c. Any solicitation for a public works contract and any contract entered into as a result of such solicitation shall include a specification that all contractors in the performance of such contract shall utilize the best available technology for reducing the emission of pollutants for diesel powered on-road vehicles and non-road vehicles and all contractors in the performance of such contract shall comply with such specification.

d. No county department or county contractor shall be required to replace best available retrofit technology or experimental technology utilized for a diesel fuel-powered motor vehicle in accordance with the provisions of this section within three years of having first utilized such technology for such vehicle, except that technology that falls within level four as set forth in section five of this law, shall not be required to be replaced until it has reached the end of its useful life.

§5. Classification of diesel emission control strategies.

The classification levels for diesel emission control strategies are as follows, with level four being the highest classification level:

Level Four -strategy reduces diesel particulate matter emissions by eighty-five percent or greater or reduces engine emissions to Jess than or equal to .01 grams diesel particulate matter per brake horsepower-hour;

Level Three - strategy reduces diesel particulate matter emissions by between fifty and eighty-four percent;

Level Two - strategy reduces diesel particulate matter emissions by between twenty-five and forty-nine percent;

Level One - strategy reduces diesel particulate matter emissions by between twenty and twenty-four percent.

§ 6. Contractor violations.

The Commissioner is authorized to enforce the provisions of this section.

a, Any contractor who violates any provision of this section shall be liable for a civil penalty between the amounts of one thousand and ten thousand dollars, in addition to twice the amount of money saved by such contractor for failure to comply with this section.

b. No contractor shall make a false claim with respect to the provisions of this section to any county agency. Where a contractor has been found to have done so, such contractor shall be liable for a civil penalty of twenty thousand dollars, in addition to twice the amount of money saved by such contractor in association with having made such false claim.

§ 7. Procedure when ultra-low sulfur diesel fuel is unavailable.

The county executive shall issue a written determination that permits the use of diesel fuel that has a sulfur content of no more than thirty parts per million to fulfill the requirements of this law if ultra low sulfur diesel fuel is not available to meet the needs of county departments to fulfill the requirements of this law. Such determination shall expire after six months if such lack of availability persists, but in no event shall be in effect after January first, two thousand eight

§ 8. Waiver.

The county executive may issue a waiver for the use of ultra low sulfur diesel fuel where a county department makes a written finding, approved in writing by the county executive, that a sufficient quantity of ultra law sulfur diesel fuel, or diesel' fuel that has a sulfur content of no more than thirty parts per million where a determination is in effect pursuant to section seven of this law, is not available to meet the requirements of this law, provided that such department, to the extent practicable, shall use whatever quantity of ultra low sulfur diesel fuel or diesel fuel that has a sulfur content of no more than thirty parts per million is available for its diesel fuel-powered motor vehicles. Any waiver issued pursuant to this section shall expire after two months, unless the county department renews the finding, in writing, and the county executive approves such renewal, in writing.

§9. Report to county executive and legislature.

a Not later than January first, two thousand eight, and not later than January first of each year thereafter, the appropriate department or departments of county government, as determined by the county executive, shall submit a report to the county executive and legislature of Nassau county regarding, among other things, the use of ultra low sulfur diesel fuel and the use of the best available retrofit technology by diesel fuel-powered motor vehicles owned operated by county departments during the immediately preceding. calendar year. The information contained in this report shall include, but not be limited to, for each county department: (i) the total number of diesel fuel-powered motor vehicles owned or operated by such department; (ii) the number of such motor vehicles that were powered by ultra low sulfur diesel fuel; (iii) the total number of diesel fuel-powered motor vehicles owner or operated by such department having a gross vehicle weight rating of more than eight thousand five hundred pounds; (iv) the number of such motor vehicles that utilized the best available retrofit technology , Including a breakdown by motor vehicle model, engine year, and the type of technology used for each vehicle; (v) the number of such motor vehicles that are equipped with an engine certified to the applicable two thousand seven EPA standard for particulate matters as set forth in section 86-007-11 of title forty of the code of federal regulations or to any subsequent EPA standard for particulate matter that is at least as stringent; (vi) the number of such motor vehicles that utilized technology in accordance with paragraph two of subdivision c of this section and the results and analysis regarding the testing off such technology; and (vii) all waivers , findings, and renewals of such findings, issued pursuant to sections seven and eight of this law that, for each waiver, shall include, but not be limited to, the quantity of diesel fuel needed to power diesel fuel-powered motor vehicles owned or operated by such department; specific information concerning the availability of ultra low sulfur diesel fuel or diesel fuel that has a sulfur content of no more than thirty parts per million where a determination is in effect pursuant to section seven of this law; and detailed information concerning the department's efforts to obtain ultra low sulfur diesel fuel or diesel fuel that has a sulfur content of no more than thirty parts per million where a determination is in effect pursuant to sections seven or eight of this law

b. Where a determination is in effect pursuant to section seven or eight of this law, information regarding diesel fuel that has a sulfur content of no more than thirty parts per million shall be reported wherever information is request for ultra low sulfur diesel fuel pursuant to paragraph one of this section.

c. the report due January first, two thousand eight in accordance with paragraph a of this section shall only include the information required pursuant to subparagraphs (i), (ii), and (vii) of such paragraph.

§10. Inapplicability.

This law shall not apply:

a. when federal or state funding precludes the county from imposing the requirement of this law; or

b. to purchases that are emergency procurements pursuant to the County charter or any local law allowing for such emergency procurements.

c. where such applicability would interfere with the purchase, lease or operation of emergency response vehicles operated by the Department of Emergency Management or the Nassau County Police Department.

d. to a diesel powered no1J;:road vehicle where: 1) the commissioner certifies that the best available technology for reducing the emission of pollutants as required herein is unavailable for such vehicle, in which case such agency or contractor shall use whatever technology is available and appropriate for such vehicle that the commissioner approves for reducing the emission of pollutants; or 2) the vehicle is used for fewer than five calendar days per contract; or 3) the commissioner issues a written waiver based upon a finding that the use of the best available technology for reducing the emission of pollutants may present a hazard *oi* threat to the safety of the operator, other workers or members of the public.

§ 11. Severability.

If any clause, sentence, paragraph, subdivision, section or part of this local law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, effect or invalidate the remainder thereof, hut shall be confined in its operation to the clause, sentence,

paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

§ 12. SEQRA Determination

It is hereby determined, based on the recommendation of the Nassau County Planning Commission acting in an advisory capacity to the Nassau County Legislature, the lead agency, and pursuant to the provisions of the State Environmental Quality Review Act - ("SEQRA"). 8 NYECL section 0101 et seq. and its implementing regulations, Part 617 of 6 NYCRR, and Section 1611 of the County Government Law of Nassau County, that this Local Law will not have a significant impact on the environment and that no further environmental review or action is required. A record of the Planning Commission's recommendation of negative declaration for this action shall be maintained in a file, readily accessible to the public, at the office of the Planning Commission.

§ 13. Effective date.

This local law shall take effect immediately.

APPROVED
Thomas R. Suozzi
County Executive

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises.

In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars ($100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

ARTICLE XIX. PRICES

The County shall pay as set forth in this Contract and the Contractor shall receive the price stipulated as full compensation for everything furnished and done by him under this Contract, and for all loss or damage arising out of the nature of the work aforesaid or from the action of the elements, or from unforeseen obstructions or difficulties encountered in the prosecution of the work and for all expense incurred by or in consequence of the discontinuance of the work herein specified, and for well and faithfully completing the work and the whole thereof as herein specified, and for making repairs to and maintaining the work in good condition until the final acceptance of the work.

ARTICLE XX. PAYMENTS

A. On or about the first of each month, the Contractor may make an estimate of the amount and the fair value of the work done and may apply for partial payment therefor. The Contractor shall revise the estimate as the Engineer may direct. Whenever the monthly estimate of the Contractor, as approved by the Engineer, shows that the value of the work completed during the previous month exceeds one thousand ($1,000.00) dollars in amount, the Commissioner will issue a certificate for such work. The Commissioner will thereupon cause the amount therein to be paid to the Contractor.

B. Before any payment is made to the contractor, the Contractor must submit Materials certifications as per the contract items specifications, to the Sponsor/Sponsor's representative, along with the AAP-33LL form, Employment Monthly Utilization form and the AAP-21LL, Contractor Report of Contract Payments, and Certified Payrolls. These forms must be printed from the EBO system and included with the payment. After this information has been reviewed and found acceptable to the Sponsor/Sponsor's representative, payment procedures may begin.

C. The Contractor must set forth in his statement the names of all his subcontractors and each subcontractor must likewise in his statement set forth the names of his subcontractors. If the Contractor or subcontractor has no subcontractor, he shall so state in his statement. If there be nothing due and owing to any laborer for daily or weekly wages on account of labor performed upon the work under this Contract, verified statements to that effect must be filed by the Contractor and all subcontractors before any payments are made under this Contract. The contractor shall submit at the Pre-construction meeting a copy of CONR 89LL forms for each of the approved subcontractors indicating the particular items of work, and these sheets will be included as part of the project records.

D. Fringe benefit supplements to employees paid by the contractor are to be paid to a federally qualified pension, health or welfare program and a New York State registered apprentice training program. Direct payments in cash for fringe benefit supplements will not be allowed.

ARTICLE XXI. FINAL PAYMENT

Within fifteen days after completion of the work and compliance with all the terms of this Contract, and submission of satisfactory evidence of having repaired any and all damage to public or privately owned properties resulting from but not a part of the work under this Contract, the Commissioner of Public Works shall cause a final inspection to be made for approval of all work included in this Contract and shall issue a final certificate of completion to the Contractor for the work done under the Contract. The County shall, not later than thirty (30) days after the acceptance of this work, pay the Contractor the entire sum so found to be due thereunder after deductions of all previous payments and all previous payments and all percentages and amounts to be kept and retained under provisions of the contract. All prior estimates and payments shall be subject to correction in the final estimate and payment. Before the Sponsor submits the Final payment for reimbursement, and the Sponsor shall contact and coordinate with the NYSDOT Local Projects Construction Monitor(s) to schedule a final inspection. (This is performed only after the first 'punch list' set up by the Sponsor has been completed by the contractor). During the final inspection, a second 'punch list' will be established. The items of incomplete work or work not meeting *Specifications* will need to be resolved by the Contractor. The contractor, through the Sponsor, may request final inspection and acceptance of individual contract location satisfactorily completed as the contract work progresses on other locations.

- Before the final payment is made to the contractor, the Sponsor must submit the CONR 193, Materials Certifications for to the Sponsor/Sponsor's representative, along with the Final AAP-33LL Composite for, Employment Monthly Utilization form. In addition, the contractor needs to submit a Final Report AAP 21LL for the DBE firm(s), if applicable as well as all other subcontractors. These two forms (Final Report 'Composite' AAP 33LL and the Final Report(s) AAP 21LL) must be printed from the EBO system and included. After this information has been reviewed and found acceptable to the Sponsor/Sponsor's representative along with concurrence from NYSDOT Planning and Construction Departments, payment procedures may begin. The Sponsor will need to follow the requirement from Chapter 17 of PLAFAP manual for Local Project Close-Outs.

ARTICLE XXII. NO ESTOPPEL

The County shall not, nor shall any department or officer thereof be precluded or stopped by any acceptance, return, certificate or payment made or given by the Commissioner of Public Works or other officer, agent or employee of the County under any provision of this agreement, from at any time (either before or after the final completion and acceptance of the work and payment therefor pursuant to any such acceptance, return certificate or payment) showing the true and correct amount, quality and character of the work done and materials furnished by the Contractor or any other person under this Agreement, or from showing at any time that any such acceptance, return, certificate or payment is untrue and incorrect, or improperly made in any particular, or that the work and materials or any part thereof do not in fact conform to the specifications, and the County shall not be precluded or stopped, notwithstanding any such acceptance, return, certificate or

payment in accordance therewith, from demanding and recovering from the Contractor such damages as it may sustain by reason of his failure to comply with the specifications.

ARTICLE XXIII. NO WAIVER OF RIGHTS

Neither the inspection by the County nor by the Commissioner of Public Works, nor by any of their employees, nor any order, measurements or certificate of the Commissioner of Public Works, nor any order of the County for payment of money, nor any money, nor any payment for or acceptance of the whole or any part of the work by the Commissioner of Public Works, or the County, nor any extension of time, nor any possession by the County or its employees, shall operate as a waiver of any provision of this Contract, nor any power herein provided, nor shall any waiver of any breach of this Contract be held as a waiver of any other subsequent breach. Any remedy provided in this Contract shall be taken and construed as cumulative; i.e. - in addition to each and every other former suit, action or legal proceeding. The County shall also be entitled as of right to an injunction against any breach of the provisions of this Contract.

ARTICLE XXIV. CLAIMS AND LIABILITY

No person other than the signer of this Contract as Contractor has any interest hereunder, and no claims shall be made or be valid and neither the County nor any agent thereof shall be liable, or be held to pay any money, except as hereinbefore provided. The acceptance by the Contractor of the last payment shall operate as and shall be a release to the County and every officer or agent thereof, from any claims and liability to the Contractor for anything done or furnished, or any act or neglect of the Contractor or any person relating to or affecting the work. No payment, however, final or otherwise, shall operate to release the Contractor or his sureties from any obligations under this contract or the performance Bond.

ARTICLE XXV. FINAL COMPENSATION

Upon the faithful performance of the work herein embraced as set forth in the Contract, and its acceptance by the Commissioner of Public Works, the County of Nassau hereby agrees to pay and the Contractor agrees to receive the prices stipulated in the proposal as full compensation for work done under the Contract.

ARTICLE XXVI. SPECIFICATION REFERENCES

All specifications, conditions and all other matter contained in the book prepared by the Department of Public Works of the County of Nassau are taken from the latest New York State Standard Specifications (Us Customary Units) including Region 10 "Special" specifications. Standard "Installation Details" are included on the plans or in the itemized proposal including addenda to the specifications, shall be a part of this Contract and incorporated therein by reference.

ARTICLE XXVII. THIS ARTICLE IS NOT INCLUDED IN THIS CONTRACT

ARTICLE XXVIII. SCHEDULE OF REQUIREMENTS

A. The following schedule shall apply to the appropriate articles of this agreement:

1. TIME FOR COMPLETION, **365** calendar days

2. INSURANCE:
   a. Contractor's Public Liability Insurance and Owner's Protective Public Liability Insurance shall be equal to the following minimum limits of liability:

      1) Minimum Limits of Liability, for each occurrence.
         a) Personal Injury - $ 2,500,000
         b) Property Damage - $ 500,000
         c) Or a Combined Single Limit of $ 3,000,000 or greater.

   b. Owner's Contingent public liability Insurance
      1) For named insured, see:
         Article XV. - Insurance Requirements,
         Sec. D. - Owner's Contingent Public Liability Insurance

3. LIQUIDATED DAMAGES, **$1,500.00** per day

ARTICLE XXIX. SUPERVISION

The Contractor shall give his personal supervision to the faithful prosecution of the work and in case of his absence he shall have a competent English-speaking representative or foreman on the ground who shall follow without delay all instructions of the Commissioner or his assistants in the prosecution and completion of the work and every part thereto, in full authority to supply men/women, material and labor immediately.

ARTICLE XXX. SUBLET OR ASSIGN

A. The Contractor shall not assign, transfer, convey, sublet or otherwise dispose of this Contract or of his right, title or interest in or to it or any part thereof, or his power to execute it or assign, by power of attorney or otherwise, any of the monies due or to become due under this Agreement unless the previous written consent of the County Executive shall first be obtained thereto, and the giving of any such consent to a particular subcontract or assignment shall not dispense with the necessity of such consent to any further or other subcontracts or assignments. The contractor shall perform, with its own organization, contract work amounting to not less than 50 percent of the total contract bid price. Refer to Sections 108-05 of the NYSDOT Standard Specifications.

B. Before making any subcontract, the Contractor must submit a written statement to the Commissioner giving the name and address of the proposed subcontractor, the portion of the work materials which he is to perform and furnish, and any other information tending to prove that the proposed subcontractor has the necessary facilities, skill, integrity, past experience and financial resources to perform the work in accordance with the terms and conditions of this Contract. As part of the approval process, the contractor will assure that the proposed Subcontractor is registered in the County's financial and E-Procurement system.

C. If the Commissioner finds that the proposed subcontractor is qualified and is registered in the above cited system (see paragraph b. above) he will notify the Contractor.

D. The Commissioner may revoke his approval of a subcontractor when, such subcontractor evidences an unwilling or inability to perform his work in strict accordance with this Contract.

E. No assignment will receive approval unless the instrument of assignments contains a clause to the effect that it is agreed that the funds to be paid the assignee under this assignment are subject to a prior lien for services rendered or materials supplied for the performance of the work called for in said Contract in favor of all persons, firms, or corporations rendering such services or supplying such materials.

F. The approval of the Commissioner of a subcontractor shall not relieve the Contractor of any of his responsibilities, duties, and liabilities hereunder. The Contractor shall be solely responsible to the County for the acts of defaults of his subcontractor and of such subcontractor's officers, agents, and employees, each of whom shall, for all purposes, be deemed to be the agent or employee of the Contractor. Nothing contained in the Contract shall create any contractual relationship between any subcontractor and the County.

G. In addition, the Contractor, at the time of receiving approval from the Commissioner of the name of a subcontractor, shall, before permitting such subcontractor to commence any work contemplated by this Contract, furnish two certificates of workmen's compensation coverage of the employees of said subcontractor. Unless such certificates shall be furnished to the Commissioner, the approval of such subcontractor shall be deemed revoked.

H. Subcontractor(s) shall be approved by the Sponsor and included in a list in the Construction Management Plan (CMP), along with their respective contract item(s) of work. All Subcontractors must submit the AAP 33LL (Monthly Employment Utilization forms) to the Prime Contractor for submittal to NYSDOT when submitting payment requisition forms. These forms must be printed directly from EBO system. The contractor shall submit at pre-construction meeting a copy of CONR 89LL forms for each of the approved subcontractors, indicating the particular items of work, and these sheets will be included as part of the project records.

ARTICLE XXXI. COMPTROLLER'S CERTIFICATE

This Contract shall not be binding or of any force unless the County Comptroller shall endorse thereon his certificate that there remains unexpended and unapplied a balance of the appropriation of fund applicable thereto sufficient to pay the estimated expense of executing this Contract as certified by the Officers making the same. In addition the Contractor shall maintain full and complete books and records of accounts in accordance with accepted accounting practices and such other records as may be prescribed by the Comptroller of the County of Nassau. Such books and records shall be retained for a period of six (6) years and shall at all times be available for audit and inspection by the Comptroller of the County of Nassau or his duly designated representative.

ARTICLE XXXII. ALL LEGAL PROVISIONS DEEMED INCLUDED; SEPARABILITY; SUPEREMACY; COMPLIANCE WITH LAW

1. Every provision of Law required to be inserted into or referenced by this Agreement is intended to be part of this Agreement. If any such provision is not inserted or is not inserted in correct form then: (a) such provision shall be deemed inserted into this Agreement for purposes of interpretation, and (b) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

2. In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

3. Unless the application of this subsection will cause a provision by Law to be excluded from this Agreement, in the event of any conflict between the terms set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all terms of this Agreement should be read together as not conflicting.

4. The Firm shall comply with any and all applicable federal, state and local Laws, including those relating to conflicts of interest, discrimination, and confidentially, in connection with its performance under this Agreement. In furtherance of the foregoing, the Firm is bound by and shall comply with the terms of Appendix EE attached hereto. As used in this Agreement, the word "Law" means any and all statutes, rules, regulations, orders, ordinances, writs, injunctions, official resolutions, or decrees, as the same may be amended from time to time, enacted, adopted, promulgated, released, or issued, by or on behalf of any government or political subdivision thereof, quasi-governmental authority, court or official investigative body.

5. The Contractor represents that it is in compliance with the provisions of Local Law No. 9-2002, 'Apprenticeship Training Programs for County Contracts,' including having apprenticeship programs appropriate to the type and scope of work to be performed, which have been registered with and approved by the New York State Commissioner of Labor in accordance with Article 23 of the New York Labor Law. Further, the Contractor shall ensure that any subcontractors performing work under the Contract with a value in excess of $100,000 will similarly utilize approved apprenticeship programs."

6. Minimum Service Standards: Regardless of whether required by Law:

   a. The Firm shall, and shall cause Consultant Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

   b. The Firm shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Firm operates. The Firm shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including

obtaining and maintaining, and causing all Consultant Agents to obtain and maintain, all licenses, certifications, and approvals (collectively, "Approvals") necessary or appropriate in connection with the performance of services under this Agreement.

7. Compliance with Law.

   a. Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

   b. Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

8. Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

   a. The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
   b. All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
   c. All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;

d. The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
e. The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and

The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This Certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This Certificate may be used as evidence of a NYS disability and/or Paid Family Leave benefits contract of insurance only while the underlying policy is in effect.

**Please Note: Upon the cancellation of the disability and/or Paid Family Leave benefits policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of Insurance Coverage for NYS disability and/or Paid Family Leave Benefits or other authorized proof that the business is complying with the mandatory coverage requirements of the NYS Disability and Paid Family Leave Benefits Law.**

## NYS DISABILITY AND PAID FAMILY LEAVE BENEFITS LAW

### §220. Subd. 8

(a) The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in employment as defined in this article, and not withstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand and twenty-one, the payment of family leave benefits for all employees has been secured as provided by this article. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any disability benefits to any such employee if so employed.

(b) The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in employment as defined in this article and notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand eighteen, the payment of family leave benefits for all employees has been secured as provided by this article.

| THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY. | |
|---|---|
| Policy No [redacted] | Effective Date: 07/01/2024 |

This endorsement modifies insurance provided under the:

**Commercial General Liability Coverage Part**

**A.** Section **II – Who Is An Insured** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured under a written contract or written agreement executed by you, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" and subject to the following:

**1.** If such written contract or written agreement specifically requires that you provide that the person or organization be named as an additional insured under one or both of the following endorsements:

**a.** The Insurance Services Office (ISO) ISO CG 20 10 (10/01 edition); or

**b.** The ISO CG 20 37 (10/01 edition),

such person or organization is then an additional insured with respect to such endorsement(s), but only to the extent that "bodily injury", "property damage" or "personal and advertising injury" arises out of:

**(1)** Your ongoing operations, with respect to Paragraph **1.a.** above; or

**(2)** "Your work", with respect to Paragraph **1.b.** above,

which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **1.**, insurance afforded to such additional insured:

**(a)** Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

**(b)** Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

**2.** If such written contract or written agreement specifically requires that you provide that the person or organization be named as an additional insured under one or both of the following endorsements:

**a.** The Insurance Services Office (ISO) ISO CG 20 10 (07/04 edition); or

**b.** The ISO CG 20 37 (07/04 edition),

such person or organization is then an additional insured with respect to such endorsement(s), but only to the extent that "bodily injury", "property damage" or "personal and advertising injury" is caused, in whole or in part, by:

**(1)** Your acts or omissions; or

**(2)** The acts or omissions of those acting on your behalf,

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

in the performance of:

**(a)** Your ongoing operations, with respect to Paragraph **2.a.** above; or

**(b)** "Your work" and included in the "products-completed operations hazard", with respect to Paragraph **2.b.** above,

which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **2.**, insurance afforded to such additional insured:

**(i)** Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

**(ii)** Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

**3.** If neither Paragraph **1.** nor Paragraph **2.** above apply and such written contract or written agreement requires that you provide that the person or organization be named as an additional insured:

**a.** Under the ISO CG 20 10 (04/13 edition, any subsequent edition or if no edition date is specified); or

**b.** With respect to ongoing operations (if no form is specified),

such person or organization is then an additional insured only to the extent that "bodily injury", "property damage" or "personal and advertising injury" is caused, in whole or in part by:

**(1)** Your acts or omissions; or

**(2)** The acts or omissions of those acting on your behalf,

in the performance of your ongoing operations, which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **3.**, insurance afforded to such additional insured:

**(a)** Only applies to the extent permitted by law;

**(b)** Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured; and

**(c)** Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement.

**4.** If neither Paragraph **1.** nor Paragraph **2.** above apply and such written contract or written agreement requires that you provide that the person or organization be named as an additional insured:

**a.** Under the ISO CG 20 37 (04/13 edition, any subsequent edition or if no edition date is specified); or

**b.** With respect to the "products-completed operations hazard" (if no form is specified),

such person or organization is then an additional insured only to the extent that "bodily injury" or "property damage" is caused, in whole or in part by "your work" and included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **4.**, insurance afforded to such additional insured:

**(1)** Only applies to the extent permitted by law;

**(2)** Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured;

**(3)** Only applies if the "bodily injury" or "property damage" occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

**(4)** Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

B. Solely with respect to the insurance afforded to any additional insured referenced in Section **A.** of this endorsement, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services including:

1. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
2. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

C. Solely with respect to the coverage provided by this endorsement, the following is added to Paragraph **2. Duties In The Event Of Occurrence, Offense, Claim Or Suit** of Section **IV – Commercial General Liability Conditions**:

The additional insured must see to it that:

**(1)** We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;

**(2)** We receive written notice of a claim or "suit" as soon as practicable; and

**(3)** A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured if the written contract or written agreement requires that this coverage be primary and non-contributory.

D. Solely with respect to the coverage provided by this endorsement:

1. The following is added to the **Other Insurance** Condition of Section **IV – Commercial General Liability Conditions**:

**Primary and Noncontributory insurance**

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

**a.** The additional insured is a Named Insured under such other insurance; and

**b.** You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

2. The following paragraph is added to Paragraph **4.b.** of the **Other Insurance** Condition under Section **IV – Commercial General Liability Conditions**:

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

E. This endorsement does not apply to an additional insured which has been added to this Coverage Part by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

F. Solely with respect to the insurance afforded to an additional insured under Paragraph **A.3.** or Paragraph **A.4.** of this endorsement, the following is added to Section **III – Limits Of Insurance**:

**Additional Insured – Automatic – Owners, Lessees Or Contractors Limit**

The most we will pay on behalf of the additional insured is the amount of insurance:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

1. Required by the written contract or written agreement referenced in Section **A.** of this endorsement; or
2. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms, conditions, provisions and exclusions of this policy remain the same.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

**THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

# ADDITIONAL INSURED – ENGINEERS, ARCHITECTS OR SURVEYORS NOT ENGAGED BY THE NAMED INSURED

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

**SCHEDULE**

| **Name(s) Of Additional Insured Engineer(s), Architect(s) Or Surveyor(s) Not Engaged By The Named Insured:** |
|---|
| ANY ENGINEERS, ARCHITECTS OR SURVEYORS WHILE NOT ENGAGED BY YOU, TO WHOM OR TO WHICH YOU ARE REQUIRED TO PROVIDE ADDITIONAL INSURED STATUS IN A WRITTEN CONTRACT OR WRITTEN AGREEMENT EXECUTED PRIOR TO THE LOSS EXCEPT WHERE SUCH CONTRACT OR AGREEMENT IS PROHIBITED BY LAW |
| Information required to complete this Schedule, if not shown above, will be shown in the Declarations. |

**A. Section II – Who Is An Insured** is amended to include as an additional insured the architects, engineers or surveyors shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations performed by you or on your behalf.

Such architects, engineers or surveyors, while not engaged by you, are contractually required to be added as an additional insured to your policy.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

**B.** With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services, including:

1. The preparing, approving, or failing to prepare or approve, maps, drawings, opinions, reports, surveys, change orders, designs or specifications; or
2. Supervisory, inspection or engineering services.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional services.

© Insurance Services Office, Inc., 2018

**C.** With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance:

**1.** Required by the contract or agreement; or

**2.** Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

# Coverage Extension Endorsement

ZURICH

| THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY. | |
|---|---|
| Policy No. [redacted] | Effective Date: 07/01/2024 |

This endorsement modifies insurance provided under the:

**Business Auto Coverage Form**
**Motor Carrier Coverage Form**

**A. Amended Who Is An Insured**

1. The following is added to the **Who Is An Insured** Provision in **Section II – Covered Autos Liability Coverage**:

   The following are also "insureds":

   **a.** Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow for acts performed within the scope of employment by you. Any "employee" of yours is also an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

   **b.** Anyone volunteering services to you is an "insured" while using a covered "auto" you don't own, hire or borrow to transport your clients or other persons in activities necessary to your business.

   **c.** Anyone else who furnishes an "auto" referenced in Paragraphs **A.1.a.** and **A.1.b.** in this endorsement.

   **d.** Where and to the extent permitted by law, any person(s) or organization(s) where required by written contract or written agreement with you executed prior to any "accident", including those person(s) or organization(s) directing your work pursuant to such written contract or written agreement with you, provided the "accident" arises out of operations governed by such contract or agreement and only up to the limits required in the written contract or written agreement, or the Limits of Insurance shown in the Declarations, whichever is less.

2. The following is added to the **Other Insurance** Condition in the Business Auto Coverage Form and the **Other Insurance – Primary and Excess Insurance Provisions Condition** in the Motor Carrier Coverage Form:

   Coverage for any person(s) or organization(s), where required by written contract or written agreement with you executed prior to any "accident", will apply on a primary and non-contributory basis and any insurance maintained by the additional "insured" will apply on an excess basis. However, in no event will this coverage extend beyond the terms and conditions of the Coverage Form.

**B. Amendment – Supplementary Payments**

Paragraphs **a.(2)** and **a.(4)** of the **Coverage Extensions** Provision in **Section II – Covered Autos Liability Coverage** are replaced by the following:

**(2)** Up to $5,000 for the cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

**(4)** All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

**C. Fellow Employee Coverage**

The **Fellow Employee** Exclusion contained in **Section II – Covered Autos Liability Coverage** does not apply.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

**D. Driver Safety Program Liability and Physical Damage Coverage**

1. The following is added to the **Racing** Exclusion in **Section II – Covered Autos Liability Coverage**:

   This exclusion does not apply to covered "autos" participating in a driver safety program event, such as, but not limited to, auto or truck rodeos and other auto or truck agility demonstrations.

2. The following is added to Paragraph **2.** in **B. Exclusions** of **Section III – Physical Damage Coverage** of the Business Auto Coverage Form and Paragraph **2.b.** in **B. Exclusions** of **Section IV – Physical Damage Coverage** of the Motor Carrier Coverage Form:

   This exclusion does not apply to covered "autos" participating in a driver safety program event, such as, but not limited to, auto or truck rodeos and other auto or truck agility demonstrations.

**E. Lease or Loan Gap Coverage**

The following is added to the **Coverage** Provision of the **Physical Damage Coverage** Section:

**Lease Or Loan Gap Coverage**

In the event of a total "loss" to a covered "auto", we will pay any unpaid amount due on the lease or loan for a covered "auto", less:

**a.** Any amount paid under the **Physical Damage Coverage** Section of the Coverage Form; and

**b.** Any:

**(1)** Overdue lease or loan payments at the time of the "loss";

**(2)** Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;

**(3)** Security deposits not returned by the lessor;

**(4)** Costs for extended warranties, credit life insurance, health, accident or disability insurance purchased with the loan or lease; and

**(5)** Carry-over balances from previous leases or loans.

**F. Towing and Labor**

Paragraph **A.2.** of the **Physical Damage Coverage** Section is replaced by the following:

We will pay up to $75 for towing and labor costs incurred each time a covered "auto" that is a "private passenger type", light truck or medium truck is disabled. However, the labor must be performed at the place of disablement.

As used in this provision, "private passenger type" means a private passenger or station wagon type "auto" and includes an "auto" of the pickup or van type if not used for business purposes.

**G. Extended Glass Coverage**

The following is added to Paragraph **A.3.a.** of the **Physical Damage Coverage** Section:

If glass must be replaced, the deductible shown in the Declarations will apply. However, if glass can be repaired and is actually repaired rather than replaced, the deductible will be waived. You have the option of having the glass repaired rather than replaced.

**H. Hired Auto Physical Damage – Increased Loss of Use Expenses**

The **Coverage Extension** for **Loss Of Use Expenses** in the **Physical Damage Coverage** Section is replaced by the following:

**Loss Of Use Expenses**

For Hired Auto Physical Damage, we will pay expenses for which an "insured" becomes legally responsible to pay for loss of use of a vehicle rented or hired without a driver under a written rental contract or written rental agreement. We will pay for loss of use expenses if caused by:

**(1)** Other than collision only if the Declarations indicate that Comprehensive Coverage is provided for any covered "auto";

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

**(2)** Specified Causes Of Loss only if the Declarations indicate that Specified Causes Of Loss Coverage is provided for any covered "auto"; or

**(3)** Collision only if the Declarations indicate that Collision Coverage is provided for any covered "auto".

However, the most we will pay for any expenses for loss of use is $100 per day, to a maximum of $3000.

**I. Personal Effects Coverage**

The following is added to the **Coverage** Provision of the **Physical Damage Coverage** Section:

**Personal Effects Coverage**

**a.** We will pay up to $750 for "loss" to personal effects which are:

**(1)** Personal property owned by an "insured"; and

**(2)** In or on a covered "auto".

**b.** Subject to Paragraph **a.** above, the amount to be paid for "loss" to personal effects will be based on the lesser of:

**(1)** The reasonable cost to replace; or

**(2)** The actual cash value.

**c.** The coverage provided in Paragraphs **a.** and **b.** above, only applies in the event of a total theft of a covered "auto". No deductible applies to this coverage. However, we will not pay for "loss" to personal effects of any of the following:

**(1)** Accounts, bills, currency, deeds, evidence of debt, money, notes, securities, or commercial paper or other documents of value.

**(2)** Bullion, gold, silver, platinum, or other precious alloys or metals; furs or fur garments; jewelry, watches, precious or semi-precious stones.

**(3)** Paintings, statuary and other works of art.

**(4)** Contraband or property in the course of illegal transportation or trade.

**(5)** Tapes, records, discs or other similar devices used with audio, visual or data electronic equipment.

Any coverage provided by this Provision is excess over any other insurance coverage available for the same "loss".

**J. Tapes, Records and Discs Coverage**

**1.** The Exclusion in Paragraph **B.4.a.** of **Section III – Physical Damage Coverage** in the Business Auto Coverage Form and the Exclusion in Paragraph **B.2.c.** of **Section IV – Physical Damage Coverage** in the Motor Carrier Coverage Form does not apply.

**2.** The following is added to Paragraph **1.a. Comprehensive Coverage** under the **Coverage** Provision of the **Physical Damage Coverage** Section:

We will pay for "loss" to tapes, records, discs or other similar devices used with audio, visual or data electronic equipment. We will pay only if the tapes, records, discs or other similar audio, visual or data electronic devices:

**(a)** Are the property of an "insured"; and

**(b)** Are in a covered "auto" at the time of "loss".

The most we will pay for such "loss" to tapes, records, discs or other similar devices is $500. The **Physical Damage Coverage Deductible** Provision does not apply to such "loss".

**K. Airbag Coverage**

The Exclusion in Paragraph **B.3.a.** of **Section III – Physical Damage Coverage** in the Business Auto Coverage Form and the Exclusion in Paragraph **B.4.a.** of **Section IV – Physical Damage Coverage** in the Motor Carrier Coverage Form does not apply to the accidental discharge of an airbag.

**L. Two or More Deductibles**

The following is added to the **Deductible** Provision of the **Physical Damage Coverage** Section:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

If an accident is covered both by this policy or Coverage Form and by another policy or Coverage Form issued to you by us, the following applies for each covered "auto" on a per vehicle basis:

1. If the deductible on this policy or Coverage Form is the smaller (or smallest) deductible, it will be waived; or
2. If the deductible on this policy or Coverage Form is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible.

**M. Temporary Substitute Autos – Physical Damage**

1. The following is added to **Section I – Covered Autos**:

   **Temporary Substitute Autos – Physical Damage**

   If Physical Damage Coverage is provided by this Coverage Form on your owned covered "autos", the following types of vehicles are also covered "autos" for Physical Damage Coverage:

   Any "auto" you do not own when used with the permission of its owner as a temporary substitute for a covered "auto" you do own but is out of service because of its:

   1. Breakdown;
   2. Repair;
   3. Servicing;
   4. "Loss"; or
   5. Destruction.

2. The following is added to the Paragraph **A. Coverage** Provision of the **Physical Damage Coverage** Section:

   **Temporary Substitute Autos – Physical Damage**

   We will pay the owner for "loss" to the temporary substitute "auto" unless the "loss" results from fraudulent acts or omissions on your part. If we make any payment to the owner, we will obtain the owner's rights against any other party.

   The deductible for the temporary substitute "auto" will be the same as the deductible for the covered "auto" it replaces.

**N. Amended Duties In The Event Of Accident, Claim, Suit Or Loss**

Paragraph **a.** of the **Duties In The Event Of Accident, Claim, Suit Or Loss** Condition is replaced by the following:

**a.** In the event of "accident", claim, "suit" or "loss", you must give us or our authorized representative prompt notice of the "accident", claim, "suit" or "loss". However, these duties only apply when the "accident", claim, "suit" or "loss" is known to you (if you are an individual), a partner (if you are a partnership), a member (if you are a limited liability company) or an executive officer or insurance manager (if you are a corporation). The failure of any agent, servant or employee of the "insured" to notify us of any "accident", claim, "suit" or "loss" shall not invalidate the insurance afforded by this policy.

Include, as soon as practicable:

**(1)** How, when and where the "accident" or "loss" occurred and if a claim is made or "suit" is brought, written notice of the claim or "suit" including, but not limited to, the date and details of such claim or "suit";

**(2)** The "insured's" name and address; and

**(3)** To the extent possible, the names and addresses of any injured persons and witnesses.

If you report an "accident", claim, "suit" or "loss" to another insurer when you should have reported to us, your failure to report to us will not be seen as a violation of these amended duties provided you give us notice as soon as practicable after the fact of the delay becomes known to you.

**O. Waiver of Transfer Of Rights Of Recovery Against Others To Us**

The following is added to the **Transfer Of Rights Of Recovery Against Others To Us** Condition:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

This Condition does not apply to the extent required of you by a written contract, executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by such contract. This waiver only applies to the person or organization designated in the contract.

**P. Employee Hired Autos – Physical Damage**

Paragraph **b.** of the **Other Insurance** Condition in the Business Auto Coverage Form and Paragraph **f.** of the **Other Insurance – Primary and Excess Insurance Provisions** Condition in the Motor Carrier Coverage Form are replaced by the following:

For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

**(1)** Any covered "auto" you lease, hire, rent or borrow; and

**(2)** Any covered "auto" hired or rented under a written contract or written agreement entered into by an "employee" or elected or appointed official with your permission while being operated within the course and scope of that "employee's" employment by you or that elected or appointed official's duties as respect their obligations to you.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

**Q. Unintentional Failure to Disclose Hazards**

The following is added to the **Concealment, Misrepresentation Or Fraud** Condition:

However, we will not deny coverage under this Coverage Form if you unintentionally:

**(1)** Fail to disclose any hazards existing at the inception date of this Coverage Form; or

**(2)** Make an error, omission, improper description of "autos" or other misstatement of information.

You must notify us as soon as possible after the discovery of any hazards or any other information that was not provided to us prior to the acceptance of this policy.

**R. Hired Auto – World Wide Coverage**

Paragraph **7.b.(5)** of the **Policy Period, Coverage Territory** Condition is replaced by the following:

**(5)** Anywhere else in the world if a covered "auto" is leased, hired, rented or borrowed for a period of 60 days or less,

**S. Bodily Injury Redefined**

The definition of "bodily injury" in the **Definitions** Section is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease, sustained by a person including death or mental anguish, resulting from any of these at any time. Mental anguish means any type of mental or emotional illness or disease.

**T. Expected Or Intended Injury**

The **Expected Or Intended Injury** Exclusion in Paragraph **B. Exclusions** under **Section II – Covered Auto Liability Coverage** is replaced by the following:

**Expected Or Intended Injury**

"Bodily injury" or "property damage" expected or intended from the standpoint of the "insured". This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

**U. Physical Damage – Additional Temporary Transportation Expense Coverage**

Paragraph **A.4.a.** of **Section III – Physical Damage Coverage** is replaced by the following:

**4. Coverage Extensions**

**a. Transportation Expenses**

We will pay up to $50 per day to a maximum of $1,000 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type. We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Causes of Loss Coverage. We will pay for temporary transportation expenses incurred during the period beginning 48 hours after the theft and ending, regardless of the policy's expiration, when the covered "auto" is returned to use or we pay for its "loss".

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

**V. Replacement of a Private Passenger Auto with a Hybrid or Alternative Fuel Source Auto**

The following is added to Paragraph **A. Coverage** of the **Physical Damage Coverage** Section:

In the event of a total "loss" to a covered "auto" of the private passenger type that is replaced with a hybrid "auto" or "auto" powered by an alternative fuel source of the private passenger type, we will pay an additional 10% of the cost of the replacement "auto", excluding tax, title, license, other fees and any aftermarket vehicle upgrades, up to a maximum of $2500. The covered "auto" must be replaced by a hybrid "auto" or an "auto" powered by an alternative fuel source within 60 calendar days of the payment of the "loss" and evidenced by a bill of sale or new vehicle lease agreement.

To qualify as a hybrid "auto", the "auto" must be powered by a conventional gasoline engine and another source of propulsion power. The other source of propulsion power must be electric, hydrogen, propane, solar or natural gas, either compressed or liquefied. To qualify as an "auto" powered by an alternative fuel source, the "auto" must be powered by a source of propulsion power other than a conventional gasoline engine. An "auto" solely propelled by biofuel, gasoline or diesel fuel or any blend thereof is not an "auto" powered by an alternative fuel source.

**W. Return of Stolen Automobile**

The following is added to the **Coverage Extension** Provision of the **Physical Damage Coverage** Section:

If a covered "auto" is stolen and recovered, we will pay the cost of transport to return the "auto" to you. We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Causes of Loss Coverage.

All other terms, conditions, provisions and exclusions of this policy remain the same.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

# EXCESS LIABILITY COVERAGE FOLLOW FORM (SHORT FORM)

Read the entire policy carefully to determine rights, duties and what is and is not covered. Throughout this policy the words "you" and "your" refer to the Named Insured. The words "we", "us" and "our" refer to the Company providing this insurance. The word "insured" means any person or organization qualifying as such in the "first underlying insurance" which is the controlling policy listed in Item 5 of the Declarations, unless designated otherwise in the Declarations. Other words and phrases that appear in quotation marks have special meaning and can be found in the **DEFINITIONS** Section or the specific policy provision where they appear.

In consideration of the payment of the premium and in reliance upon the statements in the Declarations, we agree with you to provide coverage as follows:

## INSURING AGREEMENTS

### I. COVERAGE

We will pay on behalf of the insured the amount of "loss" covered by this insurance in excess of the "underlying limits of insurance" subject to the **LIMITS OF INSURANCE** Section. This policy will follow form to the terms, conditions, definitions, and exclusions of the "first underlying insurance" in effect the first day of the Policy Period, except to the extent that the terms, conditions, definitions, and exclusions of this policy differ from the "first underlying insurance." In no event shall this policy provide broader coverage than is provided by any policy in the "underlying insurance" shown in Item 5. of the Declarations, except if specifically provided otherwise by endorsement.

### II. LIMITS OF INSURANCE

A. The Each Occurrence limit stated in Item 4. of the Declarations is the most we will pay for all "loss" arising out of any one occurrence to which this policy applies.

B. The aggregate limit shown in Item 4. of the Declarations is the most we will pay for all "loss" that is subject to an aggregate limit provided by the "first underlying insurance" and shall apply in the same manner as the aggregate limits provided by the "first underlying insurance".

C. This policy applies only in excess of the "underlying limits of insurance" and only after the "underlying limits of insurance" have been exhausted.

### III. DEFENSE

We will follow the Defense provisions of the "first underlying insurance". In the event there are no Defense provisions contained in the "first underlying insurance", we will have the right, but not the duty to be associated with you or your underlying insurer or both in the investigation of any claim or defense of any suit which in our opinion may create liability to our policy for "loss." If we exercise such right, we will do so at our own expense, but we will have no such expense obligation or liability once the Limits of Insurance are exhausted.

### IV. PREMIUM

If any additional premium charge is made to the "underlying insurance" during the Policy Period or if there is an increase in the risk assumed by us, our premium may be adjusted.

### V. DEFINITIONS

A. "Loss" means those sums actually paid in the settlement or satisfaction of a claim which you are legally obligated to pay as damages, including but not limited to "bodily injury" and "property damage", after making proper deductions for all recoveries and salvage.

B. "Underlying limits of insurance" means the sum of the limits of all applicable "underlying insurance" listed in Item 5. of the Declarations, including self-insured retentions (SIRs), deductibles or other forms of insurance or self-insurance applicable to a given claim or occurrence.

## VI. CONDITIONS

### A. Changes

This policy can only be changed by a written endorsement signed by one of our authorized representatives that becomes a part of this policy.

### B. First Named Insured Duties

The person or organization first named in Item 1. of the Declarations is responsible for the payment of all premiums. The first Named Insured will act on behalf of all other Named Insureds for the giving and receiving of notice of cancellation or the receipt of any return premium that become payable.

### C. Maintenance of "Underlying Insurance"

During the period of this policy, you agree to keep all "underlying insurance" in full force and effect and that the "underlying limits of insurance" will be maintained, except to the extent such limits may be reduced or exhausted by payment for "loss" covered by "underlying insurance." If you fail to comply with these requirements, we will only be liable to the same extent that we would have been had you fully complied with these requirements.

### D. Notice of Occurrence

You must see to it that we are notified as soon as practicable of an occurrence which may result in a claim or suit which may involve this policy. If a claim or suit against any insured is reasonably likely to involve this policy you must notify us in writing as soon as practicable.

If the "underlying limits of insurance" are exhausted solely by payment of "loss", no insured will, except at their own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our written consent.

### E. Other Insurance

If other insurance applies to a "loss" that is also covered by this policy, this policy will apply excess of the other insurance. However, this provision will not apply if the other insurance is specifically written to be excess of this policy. Other insurance includes any type of self-insurance or other mechanism by which an insured arranges for funding of legal liabilities.

### F. Conformity to Statute

Any terms of this policy which are in conflict with the terms of any applicable law or regulation governing this policy are hereby amended to conform to such laws and regulations.

### G. When "Loss" is Payable

Coverage under this policy will not apply unless and until the insured or the insured's "underlying insurance" is obligated to pay the full amount of the "underlying limits of insurance."

When the amount of "loss" has finally been determined, we will promptly pay on behalf of the insured the amount of "loss" falling within the terms of this policy.

If the insured has rights to recover all or part of any payment we have made under this policy, then those rights are transferred to us and the insured must do nothing to impair those rights. At our request the insured will bring suit or transfer those rights to us to enforce them.

# SUBMITTAL BY LOW BIDDER

THE FOLLOWING QUESTIONNAIRE MUST BE COMPLETED AND SUBMITTED TO ALBANY, AS WELL AS NASSAU COUNTY, PRIOR TO CONTRACT AWARD.

THE ATTACHMENTS A AND B SHOULD BE SUBMITTED TO NYSDOT CONSTRUCTION FOR THE AWARD CONCURRENCE REVIEW.

ANY INCOMPLETE SECTIONS WILL RESULT IN THE DOCUMENT BEING RETURNED AND MAY DELAY CONTRACT AWARD.

# NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

You have selected the For-Profit Construction questionnaire, commonly known as the "CCA-2," which may be printed and completed in this format or, **for your convenience, may be completed online using the New York State VendRep System.**

| COMPLETION & CERTIFICATION |
|---|
| The person(s) completing the questionnaire must be knowledgeable about the vendor's business and operations. An owner or official must certify the questionnaire and the signature must be notarized. |

| NEW YORK STATE VENDOR IDENTIFICATION NUMBER (VENDOR ID) |
|---|
| The Vendor ID is a ten-digit identifier issued by New York State when the vendor is registered on the Statewide Vendor File. This number must now be included on the questionnaire. If the business entity has not obtained a Vendor ID, contact the IT Service Desk at ITServiceDesk@osc.state.ny.us or call 866-370-4672. |

| DEFINITIONS |
|---|
| All underlined terms are defined in the "New York State Vendor Responsibility Definitions List," found at http://www.osc.state.ny.us/vendrep/documents/questionnaire/definitions.pdf. These terms may not have their ordinary, common or traditional meanings. Each vendor is strongly encouraged to read the respective definitions for any and all underlined terms. By submitting this questionnaire, the vendor agrees to be bound by the terms as defined in the "New York State Vendor Responsibility Definitions List" existing at the time of certification. |

| RESPONSES |
|---|
| Every question must be answered. Each response must provide all relevant information which can be obtained within the limits of the law. However, information regarding a determination or finding made in error which was subsequently corrected or overturned, and/or was withdrawn by the issuing government entity, is not required. Individuals and Sole Proprietors may use a Social Security Number but are encouraged to obtain and use a federal Employer Identification Number (EIN). |

**Signatures on Final Report:** An authorized representative of both the Contractor and Vendor must sign and date.

**Notarization:** <u>On the Final Report, or when directed by the Project Sponsor, Contractor and Vendor signatures must be notarized.</u>

The AAP 21LL NYS is a cumulative to-date report of the total payments due a Vendor, total retainage or other withholdings, and total payments made to the Vendor. The AAP 21LL NYS is to be submitted by the fifteenth day of the month to the Project Sponsor, or when requested by that entity. The dollar values on this report should be accurate through the last day of the previous month. The Final AAP 21LL NYS must be signed and notarized by both parties. The Final AAP 21LL NYS should be submitted as soon as possible after the Vendor has completed/supplied all of the work/service/products for which it was utilized, but not later than 30 days after the Vendor has completed its commitment.

An AAP 21LL NYS is required for each Vendor due payment on the project.

The Contractor shall submit a copy of the AAP 21LL NYS, signed by an authorized representative of their firm, to the Project Sponsor and to each Vendor due payment on the project.

The Contractor shall inform the vendor of its responsibility to review the form for accuracy and to have the Vendor's signature on the Final AAP 21LL NYS notarized.

This report is a written instrument within the meaning of Section 175.00 of the Penal law. I am fully aware that it will be filed with the Project Sponsor and become a part of the records thereof, and that entering any false information hereon constitutes the crime of Offering a False instrument for filing in the first degree, which is a Class E Felony (Penal Law, Section 175.35).

**ALL FORMS MUST BE INCLUDED IN ALL FEDERAL AID CONTRACTS AND MUST BE INCLUDED IN EACH BID PROPOSAL.**

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION (FHWA Section 1273 X)**

A. The prospective bidder certifies to the best of its knowledge and belief that they and their Principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;

2. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for a commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with the commission of any of the offenses enumerated in paragraph (A)(2) of this certification; and

4. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

B. Where the Bidder is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

**CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING (FHWA 1273 Section XI)**

A. The prospective bidder certifies, by signing and submitting this bid or proposal, to the best of his/her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying" in accordance with its instructions.

B. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U. S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

C. The prospective bidder also agrees by submitting his/her bid or proposal that he/she shall require that the language of this certification be included in all lower tier subcontracts which exceed $100,000 and that such subrecipients shall certify and disclose accordingly.

**THESE MUST BE INCLUDED IN ALL FEDERAL AID CONTRACTS AND MUST BE INCLUDED IN EACH BID PROPOSAL.**

## FALSE CLAIMS CERTIFICATION (31 USC §3729, NYS Finance Law Article 13)

Under the Federal False Claims Act, 31 U.S. Code §3729, any person or entity who knowingly presents, or causes to be presented to the Federal Government, a false or fraudulent claim for payment or approval is liable to the United States Government for a civil penalty of not less than $5,000 and not more than $10,000, plus three times the amount of damages the Government sustains.

Under the New York State False Claims Act, NYS Finance Law Article 13, any person or entity who knowingly presents or causes to be presented to the State of New York or Local Governments within the State of New York, a false or fraudulent claim for payment or approval is liable to the Government for a civil penalty of not less than $6,000 and not more than $12,000, plus three times the amount of damages the Government sustains.

"Knowingly" is defined as (1) actual knowledge; (2) acting in deliberate ignorance of the truth or falsity of information; or (3) acting in reckless disregard of the truth or falsity of information. No proof of specific intent to defraud is required.

The Contractor to whom the above-identified contract is to be awarded does hereby certify to the New York State Department of Transportation that it understands the prohibitions under the Federal and New York State False Claims acts and that it has not and will not submit or cause to be submitted any fraudulent claims in the submission of this bid or in connection with the above-identified contract. The Contractor further certifies that it understands retaliatory actions against employees and officers who initiate a *qui tam* (public) action on behalf of the government or cooperate in the investigation of a false claim are prohibited and are subject to an assessment of damages and penalties under the provisions of the Federal and New York State False Claims Acts.

**THIS MUST BE INCLUDED IN ALL FEDERAL AID CONTRACTS AND MUST BE INCLUDED IN EACH BID PROPOSAL.**

**NON-COLLUSIVE BIDDING CERTIFICATION**
**(NYS Finance Law §139-d and General Municipal Law §103-d)**

1. By submission of this bid:

(a) Each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief:

(1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor.

(2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and

(3) No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a bid for the purpose of restricting competition.

(b) A bid shall not be considered for award, nor shall any award be made where (a)(1)(2) and (3) above have not been complied with; provided, however, that if in any case, the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons, therefore. Where (a)(1)(2) and (3) above have not been complied with, the bid shall not be considered for award, nor shall any award be made unless the head of the purchasing unit of the state, public department, or agency to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that the bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised pricelists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one (a).

2. Any bid hereafter made to the state or any public department, agency, or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, or regulation, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder and such authorization shall be deemed to have included the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation."

**STATE NON-COLLUSIVE BIDDING CERTIFICATIONS MUST BE INCLUDED IN EVERY BID PROPOSAL REGARDLESS OF WHETHER NYSDOT SPECIFICATIONS OR LOCAL SPECIFICATIONS ARE USED.**

## NON-COLLUSIVE BIDDING CERTIFICATION (2 CFR 1200)

"By submission of this bid, the Bidder does hereby tender to the Owner this sworn statement pursuant to Section 1128 of Title 23, U. S. Code-Highways and does hereby certify, in conformance with said Section 112 of Title 23, U. S. Code-Highways that the said Contractor has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the above contract."

The signatory to the proposal, being duly sworn, certifies that, EXCEPT AS NOTED BELOW, his/her company and any person associated therewith in the capacity of owner, partner, director, officer, or major stockholder (of five percent or more ownership):

1. Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any Federal agency,

2. Has not been suspended, debarred, voluntarily excluded, or determined ineligible by any Federal agency within the past three years,

3. Does not have a proposed debarment pending; and

4. Has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three years.

EXCEPTIONS: The Contractor should list any relevant information, attaching additional sheets to the proposal if necessary. (Exceptions will not necessarily result in disapproval but will be considered in determining responsibility. For any exception noted, the Contractor should indicate to whom it applies, the initiating agency, and the dates of actions. Providing false information may result in criminal prosecution or administrative sanctions).

**FEDERAL NON-COLLUSIVE BIDDING CERTIFICATION MUST BE INCLUDED IN EVERY BID PROPOSAL REGARDLESS OF WHETHER NYSDOT SPECIFICATIONS OR LOCAL SPECIFICATIONS ARE USED.**

## REPORTING VIOLATIONS OF NON-COLLUSIVE BIDDING PROCEDURES, MISCONDUCT OR OTHER PROHIBITED CONTRACT ACTIVITIES

### US DEPARTMENT OF TRANSPORTATION OFFICE OF INSPECTOR GENERAL - FRAUD, WASTE & ABUSE HOTLINE

The U.S. Department of Transportation (USDOT) Office of Inspector General (OIG) maintains a Hotline for receiving allegations of fraud, waste, abuse, or mismanagement in USDOT programs or operations. Persons with knowledge of bid collusion (i.e., contractors, suppliers, work persons, etc.), or other questionable contract-related practices (inadequate materials, poor workmanship, theft of materials, etc.), are encouraged to report such activities by calling the Hotline at 1-800-424-9071, emailing hotline@oig.dot.gov, or writing to the USDOT Inspector General, 1200 New Jersey Ave SE, West Bldg. 7th Floor, Washington, DC 20590. Allegations may be reported 24 hours a day, seven days a week by DOT employees, contractors, or the general public.

### NEW YORK STATE OFFICE OF THE INSPECTOR GENERAL HOTLINE

The New York State Office of the Inspector General maintains a Hotline for receiving allegations of governmental misconduct. Reports of New York State governmental misconduct may be made in strict confidence to the Toll-Free 24-hour Statewide HOTLINE at 1-800-DO RIGHT (1-800-367-4448), the online complaint form at www.ig.ny.gov or in writing to the New York State Office of the Inspector General, Empire State Plaza, Agency Building 2 - 16th Floor, Albany, New York 12223.

**THIS PAGE MUST BE INCLUDED IN ALL FEDERAL AID CONTRACTS AND MUST BE INCLUDED IN EACH BID PROPOSAL.**

ATTACHMENTS A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

## I. GENERAL

1 Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

**II. NONDISCRIMINATION** (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60- 1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

**Note:** The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. **Equal Employment Opportunity**: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (see 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

**2. EEO Officer**: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

**3. Dissemination of Policy**: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees,

or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

**4. Recruitment**: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

**5. Personnel Actions**: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected

persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action 3 within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

**6. Training and Promotion**:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

**7. Unions**: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

**8. Reasonable Accommodation for Applicants / Employees with Disabilities:** The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

**9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment:** The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

**10. Assurances Required:**

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. **Records and Reports**: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

## III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than

$10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

## IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA_1273 format and FHWA program requirements.

**1. Minimum wages** (29 CFR 5.5)

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH–1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place

where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and 5

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

**2. Withholding** (29 CFR 5.5)

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay

any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

**3. Payrolls and basic records** (29 CFR 5.5)

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division Web site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or 6 subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 231.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

**4. Apprentices and trainees** (29 CFR 5.5)

a. Apprentices (programs of the USDOL).

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work

performed until an acceptable program is approved.

b. Trainees (programs of the USDOL).

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the 7 corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

d. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

**5. Compliance with Copeland Act requirements**. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

**6. Subcontracts**. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

**7. Contract termination: debarment**. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

**8. Compliance with Davis-Bacon and Related Act requirements**. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

**9. Disputes concerning labor standards.** As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

**10. Certification of eligibility** (29 CFR 5.5)

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

## V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

**1. Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

**2. Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph 1 of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph 1 of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1 of this section. 29 CFR 5.5.

* $27 as of January 23, 2019 (See 84 FR 213-01, 218) as may be adjusted annually by the Department of Labor; pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990).

**3. Withholding for unpaid wages and liquidated damages.** The FHWA or the contacting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph 2 of this section. 29 CFR 5.5.

**4. Subcontracts**. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs 1 through 4 of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1 through 4 of this section. 29 CFR 5.5.

## VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

## VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance 9 with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

## VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as

amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

## IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of $150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.326.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.326.

## X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

### 1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant 10 who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has

entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

**2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:**

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).

(5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

**3. Instructions for Certification - Lower Tier Participants:**

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is 11 submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification

is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (https://www.sam.gov/), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

* * * * *

**Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(a) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(b) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(c) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

**XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING**

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed $100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report

Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier 12 subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

**XII. USE OF UNITED STATES-FLAG VESSELS:**

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

**ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS** (23 CFR 633, Subpart B, Appendix B) This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

a. To the extent that qualified persons regularly residing in the area are not available.

b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.

c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 23 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region. 6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work

## NYS STANDARD SPECIFICATIONS - SECTION 106-11 BUY AMERICA

The following revision to NYS Standards Specifications Section 106-11 Buy America will supersede Section 106-11 Buy America within the NYS Standards Specifications dated September 1, 2022. The inclusion of this revision will be incorporated into Contract Proposals until the NYS Standards Specifications are amended effective May 1, 2023.

### 106-11 BUY AMERICA.

In accordance with 23 USC 313, 23 CFR 635.410, the Build America Buy America (BABA) Act in Title IX of the Bipartisan Infrastructure Law's (BIL), and Section 146 of the State Finance Law, permanently incorporated predominantly steel and/or iron materials/products, manufactured products, and construction materials shall be domestically produced.

#### *A. Control of Materials.*

To qualify as domestic, all manufacturing processes, including melting, manufacturing, fabricating, grinding, drilling, welding, finishing, and coating of any product containing steel and/or iron materials, must have been performed in the United States. A domestic product is a manufactured steel and/or iron material/product and/or construction material that was produced in one of the 50 States, the District of Columbia, or in the territories and possessions of the United States. Raw materials used in the steel and/or iron materials may be imported. Raw materials are materials such as raw iron ore and waste products which are used in the manufacturing process to produce the steel and/or iron material/product. The FHWA has granted a nationwide waiver for pig iron and processed, pelletized and reduced iron ore. Waste products include scrap (i.e., steel no longer useful in its present form from old automobiles, machinery, pipe, railroad rail, steel trimmings from mills or product manufacturing). Extracting, crushing, and handling the raw materials which are customary to prepare them for transporting are exempt from Buy America. The use of foreign source steel billets or iron ingots are not acceptable under Buy America. All items, regardless of origin, shall comply with their individual specification requirements and with the requirements stated elsewhere in this subsection. The Contractor shall ensure the domestic steel and/or iron materials are supplied in conformance with the above referenced laws.

The Buy America provisions only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project As such, it does not apply to tools, equipment, and supplies brought to the construction site and removed at or before the completion of the infrastructure project, such as temporary scaffolding. In addition, it does not apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of or permanently affixed to the structure.

#### *1. Federal-Aid Contracts.*

For Federal-Aid contracts, all iron and steel, manufactured products, and construction materials shall be produced/manufactured in the United States as follows:

a. All iron and steel used in the project shall be produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

b. All manufactured products used in the project shall be produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of

the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product.

c. All construction materials shall be manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

Construction materials includes an article, material, or supply that is or consists primarily of:

- Non-ferrous metals,
- Plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables),
- Glass (including optic glass),
- Lumber, or
- Drywall.

Items that consist of two or more of the listed materials that have been combined together through a manufacturing process, and items that include at least one of the listed materials combined with a material that is not listed through a manufacturing process, should be treated as manufactured products, rather than construction materials.

Construction materials do not include an item of primary iron or steel; a manufactured product; cement or cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives.

An article, material, or supply should be classified into only one of the following categories: (1) iron or steel; (2) a manufactured product; or (3) a construction material. An article, material, or supply should not be considered to fall into multiple categories.

For Federal-Aid Contracts, the Contractor may permanently incorporate in the construction of this contract a minimal amount of foreign steel and/or iron materials, if the combined cost of such materials does not exceed one-tenth of one percent (0.1 %) of the total contract cost or $2,500, whichever is greater. The combined cost of foreign steel and/or iron materials will be the value of the materials as they are delivered to the contract, documented by invoice or bill of sale to the Contractor.

***2. Non-Federal-Aid Contracts.***

For Non-Federal-Aid contracts, the Contractor shall provide structural steel, structural iron, reinforcing steel and/or other major steel items to be permanently incorporated in the work produced or made in whole or substantial part in the United States, its territories, or possessions. In the case of a structural iron or structural steel product, all manufacturing must take place in the United States, its territories, or possessions, from the initial melting stage through the application of coatings, except metallurgical processes involving the refinement of steel additives.

***B. Waivers.***

***1. Federal-Aid Contracts.***

The Contractor may request a waiver if it can be demonstrated that:

a. the use of domestic steel and/or iron materials would be inconsistent with the public interest (a "public interest waiver");

b. types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality (a "nonavailability waiver); or
c. the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent (an "unreasonable cost waiver").

The Contractor shall submit a waiver request to the Engineer which includes a detailed justification for the use of goods, products, or materials mined, produced, or manufactured outside the United States and including copies of all documentation verifying the unavailability of the material or product.

The Department will submit approved waiver requests to the FHWA for review. The Contractor shall investigate and respond to any public comments made to the FHWA Office of Program Administration, indicating that a domestic supplier can provide the material for which a waiver has been requested. Final approval of the Buy America Waiver request will be made by the Administrator, Federal Highway Administration. The waiver will be effective when it is posted in the Federal Register.

***2. Non-Federal-Aid Contracts.***

The Contractor may request a waiver if it can be demonstrated that the use of domestic steel and/or iron materials would not be in the public interest, would result in unreasonable costs, or that such iron or steel, including without limitation structural iron and structural steel, cannot be produced, or made in the Unites States in sufficient and reasonably available quantities and of satisfactory quality.

The Contractor shall submit a waiver request to the Engineer which includes copies of all documentation verifying the unavailability of the material or product, and/or justification.

Waiver requests will be reviewed by the affected Department program areas and approved by the Deputy Chief Engineer, Construction (DCEC).

***C. Certifications.***

A Manufacturer's Certification is required to certify that the material / product is of domestic origin. Acceptable statements are: "Conforms (or Does not conform) to the requirements of NYSDOT Standard Specifications §106-11 *Buy America*" (acceptable for steel/iron, manufactured products, and construction materials) or "Conforms (or Does not conform) to the requirements of 23 CFR 635.410 *Buy America Requirements*" (acceptable for steel/iron and manufactured products only) or "Conforms (or Does not conform) to the requirements of the Build America, Buy America Act" (acceptable for construction materials only). Certifications shall comply with §106-04 *Material Acceptance Records.*

## NYS STANDARD SPECIFICATIONS - SECTION 106-04A.4 STATEMENT OF CONFORMANCE

The following revision to NYS Standards Specifications Section 106-04A.4 *Statement of Conformance* will supersede Section 106-04A.4 *Statement of Conformance* within the NYS Standards Specifications dated September 1, 2022. The inclusion of this revision will be incorporated into Contract Proposals until the NYS Standards Specifications are amended effective May 1, 2023.

**4. *Statement of Conformance.*** The certification shall definitively state that the material contained in the shipment meets the requirements of a specific Department specification or a specific specification or standard of another agency (i.e., ASTM, AASHTO, AWWA, etc.).

If the material in the shipment contains steel and/or iron, manufactured products, or construction materials, the certification shall definitively state that the material is or is not of domestic origin. Acceptable statement is: "Conforms (or Does not conform) to the requirements of 23 CFR 635.410 Buy America Requirements" (acceptable for steel/iron, manufactured products, and construction materials), "conforms (or Does not conform) to the requirements of 23 CFR 635.410 Buy America Requirements (acceptable for steel/iron and manufactured products only) or "conforms (or Does not conform) to the requirements of the Build America, Buy America Act" (acceptable for construction materials only)".

If the product supplied has been altered subsequent to the certification by the manufacturer, the Material Certification shall definitively state that the material or product contained in the shipment meets the requirements of an identified contract specification.

## LABOR AND EMPLOYMENT

The provisions of NYS Labor Law, as amended, shall be applicable. On contracts financed with Federal Aid, any provisions of NYS Labor Law that are in conflict with mandatory Federal-Aid construction contract compliance requirements, as contained **in 23 CFR 635.117** are superseded. Any provisions of NYS Labor Law that are not in conflict with mandatory Federal-Aid construction contract compliance requirements, or the Davis-Bacon Act, but are more restrictive, shall apply.

The Contractor shall directly employ those members of its own organization. Employee leasing and other similar arrangements under which workers are employed by another organization are not permitted.

No procedures or requirement shall be imposed by any state which will operate to discriminate against the employment of labor from any other state, possession or territory of the United States, in the construction of a Federal-Aid project. The selection of labor to be employed by the Contractor on any Federal-Aid project shall be of its choosing.

The Contractor shall not use convict labor unless performed by convicts who are on parole, supervised release, or probation for construction, maintenance or any other purpose at the site or within the contract limits from the time of contract award until contract final acceptance by the Department.

**A. Wages.** The Department will identify in the contract proposal whether the NYS Department of Labor (NYSDOL) has determined the work under the contract to be prevailing wage eligible, and if so, the Department will provide the Prevailing Rate Case (PRC) number. The PRC number is found on NYSDOL Form PW-200. The Contractor shall ensure that workers are paid the appropriate wages and supplemental (fringe) benefits. If the contract is prevailing wage eligible, all on-site work shall be paid prevailing wages. When both State and Federal prevailing wages apply, the Contractor shall pay the higher of the combination of the wages and supplemental (fringe) benefits.

The Contractor shall obtain periodic wage rate schedule updates from the NYSDOL. Wage rate amendments and supplements are available on the NYSDOL web site at https://www.labor.ny.gov/workerprotection/publicwork/PWContents.shtm. All changes or clarification of labor classification(s) and applicability of prevailing wage rates shall be obtained in writing from the Office of the Director, NYSDOL Bureau of Public Work. The Contractor shall include the cost of changes in prevailing wages and supplemental (fringe) benefits, over the contract duration, in the contract bid prices.

**B. Overtime Dispensation.** All bidders, in submitting their bids, should base their bids and work progression on the assumption that Overtime Dispensation pursuant to Article 8 of the New York State Labor Law, for any workers, laborers, and mechanics to work more than 8 hours in any one calendar day or more than 5 days in any one week will not be granted for any operation for the contract duration. Regardless of approval or disapproval of overtime by the NYSDOL, no adjustment will be made in any bid prices.

Subsequent to award, where the contract proposal has imposed specific scheduling and/or phasing requirements or where it is determined by the Department to be in the best interest of the public, the Department may process, for approval by the NYSDOL, requests for overtime dispensation on certain specific operations.

The Contractor shall submit requests for overtime dispensation to the Department on Form PW-30, Application for Dispensation for Hours, which will be provided by the Engineer upon request. The Department will favorably review applications for overtime dispensation submitted by the Contractor associated with contracts subject to (A+B) Bidding, Incentive/Disincentive (I/D) or Lane Rental work, but the application should not request more than 60 hours per week.

The 60 hours per week may be either six 10-hour days or five 12-hour days. Overtime dispensations will be supported by the Department to advance Department goals and priorities, subject to specific circumstances and conditions associated with each contract.

The Department cannot guarantee that the NYSDOL will grant dispensation from restrictions pursuant to the provisions of Article 8 of the State Labor Law, however, with the Department's certification, it is anticipated that they will act favorably, provided that the Contractor is in compliance with Labor Law requirements at the time of application.

**C. Payrolls.** The Contractor shall provide the Engineer with weekly certified payrolls from each firm engaged in work during the preceding weekly payroll period performed by prevailing wage eligible workers.

Certified payrolls shall contain for each employee, name, race, gender, home address, an individually identifying number (e.g., the last 4 digits of the employee's social security number), work class, hours worked, wage rate, supplemental (fringe) benefits paid or provided, payroll taxes, withholdings and actual wages paid. Certified payrolls shall not include full social security numbers of employees. Certified payrolls shall be submitted on Form WH-347 or Form HC-231 for Federal-Aid contracts and on HC-231 for Non-Federal-Aid contracts. At the Contractor's option, other payroll formats which supply the required data and certifications may be used. Each certified payroll submitted shall be accompanied by a Statement of Compliance signed by the Contractor. If the firm does not maintain a place of business in New York State and the amount of the contract exceeds $25,000, payroll records and certifications shall be kept on the worksite.

Contractors and subcontractors shall maintain the full social security number and current address of each covered worker and shall provide them upon request to NYSDOL or USDOL for purposes of an investigation or audit of compliance with prevailing wage requirements. Contractors may require subcontractors to provide addresses and social security numbers to the Contractor for its own records, without weekly submission to the Department.

**D. Training.** An apprentice is defined as an individual who is enrolled in an apprenticeship training program that is registered with the NYS Department of Labor. A list of approved programs is available from the NYS Department of Labor at https://www.labor.ny.gov/apprenticeship/appindex.shtm.

A trainee is defined as an individual who is enrolled in an On-the-Job Training (OJT) program that is approved by the Federal Highway Administration (FHWA).

Several sources to obtain training for apprentices/trainees are available. These include:

- A NYSDOT-approved apprenticeship program sponsored by a union or a temporary project level agreement with a union which has a NYSDOL approved apprenticeship program.
- A NYSDOL-approved apprenticeship program sponsored by a contractor.
- A NYSDOL-approved apprenticeship program sponsored by a contractor signatory with an apprenticeship sponsor consortium for certain services.
- An FHWA-approved OJT program (where applicable).

Approved OJT Programs are currently limited to apprentice able occupations as determined by NYSDOL or USDOL.

Training under Training Special Provisions, if required, will be shown in the contract documents. In order to fulfill training requirements required under Training Special Provisions and/or *Equal Employment Opportunity Requirements*, training should begin as early as possible during a construction contract. The Department recommends that all bidders have an approved apprenticeship or OJT program prior to bidding.

The Contractor shall furnish the apprentice/trainee a copy of the program to be followed in

providing the training. The Contractor shall provide each apprentice/trainee with a certification showing the type and length of training satisfactorily completed.

When training is required under *Training Special Provisions* and/or *Equal Employment Opportunity Requirements*, the Contractor shall designate to the Engineer, at the preconstruction meeting, a person (or persons) from its existing workforce as the Trainer and Training Coordinator for any apprentices/ trainees.

The Trainer shall:

1. Be located on the contract site generally on a daily basis; and
2. Be responsible for the day to day supervision and training of persons on the contract; and
3. Be responsible for the preparation and submission of a monthly training progress report, after consultation with designated apprentices/trainees.

The Training Coordinator shall:

1. Be knowledgeable about the contract and the Apprenticeship/OJT programs to be used; and
2. Be responsible for ensuring on-the-job orientation of apprentices/trainees; and
3. Be responsible for ensuring meaningful and effective training for the duration of training.

**PURCHASE CONTRACTS WHICH DO NOT INVOLVE INSTALLATION OR LABOR DO NOT REQUIRE WAGE RATES**

## GOALS FOR EQUAL EMPLOYMENT OPPORTUNITY (EEO) PARTICIPATION

The Contractor shall follow *Equal Employment Opportunity Requirements*. The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, which is the county or counties in which the work is located, are as follows:

| GOALS FOR PARTICIPATION OF MINORITIES | | | | | |
|---|---|---|---|---|---|
| **COUNTY** | **%** | **COUNTY** | **%** | **COUNTY** | **%** |

(43 FR 14888 – 4/7/1978)

## GOAL FOR PARTICIPATION OF WOMEN

The goal for the participation of women is 6.9%.

These goals are applicable to all the Contractor's construction work (whether or not it is Federal or federally assisted). If the Contractor performs construction work outside of New York State, it shall apply the goals established for the covered area where the work is actually performed.

## DISADVANTAGED BUSINESS ENTERPRISE (DBE) PARTICIPATION

The Department seeks to:

- To ensure nondiscrimination in award and administration of DOT-assisted contracts in the NYSDOT's highway, transit, and airport financial assistance programs,
- To create a level playing field on which DBEs can compete fairly for Dot-assisted contracts,
- To ensure that the Department's DBE Program is narrowly tailored in accordance with applicable law,
- To ensure that only firms that fully meet the Department's DBE Program eligibility standards are permitted to participate as DBEs,
- To help remove barriers to the participation of DBEs in USDOT-assisted contracts,
- To promote the use of DBEs in all types of federally assisted contracts and procurement activities conducted by recipients,
- To assist in the development of firms that can compete successfully in the marketplace outside the DBE program; and
- To provide appropriate flexibility to recipients of Federal financial assistance in establishing and providing opportunities for DBEs.

The parties to this contract shall take all necessary and reasonable steps in accordance with the laws, rules and regulations cited in this subsection to promote the objectives outlined above. The Contractor shall comply with the applicable laws, rules and regulations and the DBE Program Assurances stated below.

The Contractor or Subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR 26 in the award and administration of Federal-Aid contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Department deems appropriate, which may include, but is not limited to: (1) withholding contract payments; (2) assessing sanctions; (3) liquidated damages; and/or (4) disqualifying the Contractor from future bidding as non-responsible. The Contractor shall not use the requirements of these specifications to discriminate against any qualified company or group of companies. These requirements shall be made a part of all subcontracts and agreements entered into as a result of this contract.

**A. Disadvantaged Business Enterprise (DBE) Program.** The Federal statutory authority for the DBE Program is contained in the Intermodal Surface Transportation Efficiency Act of 1991 (Public Law 102-240); the Transportation Equity Act of the 21st Century (TEA-21) Public Law 105-178; the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) Public Law 109-59; the Moving Ahead for Progress in the 21st (MAP-21) Public Law 112-141; and the Fixing America's Surface Transportation (FAST) Act Public Law 114-94. New York State has enacted Section 85 of the Highway Law and Section 428 of the Transportation Law. Regulations have been promulgated under 49 CFR 21, 49 CFR 26 and 17 NYCRR 35.

**B. DBE Goal.** Federal-aid contracts have a single DBE goal. The Department will monitor the Contractor's commitments towards the DBE goal and attainments in accordance with 49 CFR 26.

1. Established Goal. The contract participation goal for DBEs is established by geographic location and work type. The goal is stated in the proposal and remains in

effect throughout the life of the contract. In executing the contract or bid documents the Bidder declares that it subscribes to the participation goal and shall meet the goal or demonstrate that it could not meet them despite its best efforts. Failure to provide commitments to meet the established goal for the contract or failure to meet the good faith efforts may be grounds for rejection of the bid as non-responsive.

2. Zero Percent Goal. If a zero goal for participation by DBEs is established, the Contractor shall promote the objectives of the DBE Program by providing opportunities for DBEs to participate in these areas, with such participation to be credited towards the race-neutral component of the Department's DBE Program.

**C. DBE Eligibility.** Only those DBE firms that are certified under the New York State Unified Certification Program are eligible under the DBE Program. Only the work, services or products provided by the DBE Firms under NAICS code(s) which the DBE is certified for, at the time the DBE enters into a contract with the Contractor, can be credited towards the contract goal. DBE certification is not an endorsement of the quality or performance of the business but simply an acknowledgment of the firm's status as a DBE. A directory of certified firms is available on the NYS Unified Certification Program website at https://nysucp.newnycontracts.com/.

**D. Counting DBE Participation Towards the DBE Goal.** The value of the work performed by a DBE, including that of a DBE prime contractor, with its own equipment, with its own forces, and under its own supervision will be counted toward the goal, provided the participation is a commercially useful function. A DBE prime contractor shall continue to provide opportunities for participation by other DBEs in all types of contracts and procurement activities. Work performed by DBEs on the contract will be counted as set forth below. If the Department determines that some or all of a DBE's work does not constitute a commercially useful function in accordance with federal regulations, only the portion of the work considered to be a commercially useful function will be credited toward the goal.

1. *Subcontractors.* A Subcontractor is any individual, firm, or corporation to whom the Contractor, with written consent of the Department, sublets any part of the contract.

100% of the value of the work performed by a DBE Subcontractor will be counted toward the DBE goal, including the cost of materials and supplies purchased by the DBE, except the cost of supplies or equipment rented or leased from the Contractor or its affiliates will not be counted.

2. *Manufacturers/Fabricators.* A Manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles or equipment required under the contract and of the general character described by the specifications. A Fabricator is a firm that assembles, constructs, or otherwise substantially alters materials or supplies into assemblies, components, or finished items for inclusion into the work prior to resale.

100% of the cost of the materials or supplies from a DBE Manufacturer or Fabricator will be counted toward the DBE goal. Manufacturers or Fabricators may provide materials to the Contractor or a Subcontractor working on the contract for installation.

3. *Material Suppliers.* A Material Supplier, also known as a regular dealer, is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which materials, supplies, articles or equipment of the general character described in the specifications required for the performance of the contract are bought, kept in stock, and

regularly sold or leased to the public in the usual course of business. A Material Supplier is an established, regular business that engages in, as its principal business, and under its own name, the purchase and sale or lease of the products in question.

60% of the cost of the material or supplies from a DBE Material Supplier will be counted toward the DBE goal. Equipment rental or leasing is considered to be a type of material supply activity and is credited at 60%. Material Suppliers may provide materials to the Contractor or a Subcontractor working on the contract for installation. Credit determination awarded to a firm for the provision of materials and supplies (i.e., whether the firm is acting as a material supplier or broker) will be determined on a contract-by-contract basis. If it is determined that the material supplier is acting as a broker, the participation will be credited accordingly.

A Material Supplier who deals in bulk items such as petroleum products, steel, cement, gravel, stone, or asphalt need not own, operate nor maintain a store, warehouse, or other establishment, if it owns and operates distribution equipment for the products. A Material Supplier must take legal responsibility for the items at all times. This can be accomplished through delivery with their own trucks and/or long-term leasing agreements with third party vendors, but not on an ad hoc or contract-by-contract basis. While some items may be drop-shipped due to the specific needs in a contract, the supplier must ship from their place of business.

4. *Brokers/Manufacturer's Representatives.* A Broker/Manufacturer's Representative is a firm that arranges or expedites transactions for materials.

100% of the expenditures for fees or commissions charged for assistance in the procurement of, or fees for transportation charges for the delivery of, materials or supplies provided by a DBE Broker/Manufacturer's Representative will be counted toward the DBE goal, provided they are determined by the Department to be reasonable and not excessive as compared with fees customarily allowed for similar services. The cost of the materials and supplies themselves will not be counted. A Broker/ Manufacturer's Representative may arrange or expedite transactions for materials to the Contractor or Subcontractor working on the contract.

5. *Services.* A Service is a firm that provides an economic benefit, such as professional, technical, consultant, or managerial service, or provides bonds or insurance specifically required for the performance of the contract.

100% of the expenditure for fees charged by a DBE Service will be counted toward the DBE goal, provided the fee is reasonable and not excessive as compared with fees customarily allowed for similar services.

6. *Trucking Firms.* A DBE trucking firm shall own and operate at least one fully licensed, insured, and operational truck used on the contract and shall be responsible for the management and supervision of the trucking operation for which it is responsible, and the arrangement cannot be contrived solely for the purpose of meeting the DBE goal. The DBE trucking firm shall control the day-to-day DBE trucking operations and shall be responsible for: (1) negotiating and executing rental/leasing agreements; (2) controlling the work force; (3) coordinating the daily trucking needs with the Contractor or Subcontractor; and (4) scheduling and dispatching trucks.

a. *DBE Owned/Leased Trucks.* 100% of the value of the trucking operations the DBE provides on the contract using trucks it owns or leases on a long-term basis that are registered, insured, and operated by the DBE using drivers it employs, will be counted toward the DBE goal. A lease shall indicate that the DBE has exclusive use

of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks shall display the name and identification number of the DBE.

b. *Other DBE Trucks.* The DBE may obtain trucks from another DBE, including an owner/operator. 100% of the value of the trucking operations that the other DBE provides will also be counted toward the DBE goal.

c. *Non-DBE Trucks.* The DBE may obtain trucks from a non-DBE, including an owner-operator. The DBE that leases trucks equipped with drivers from a Non-DBE is entitled to credit for the total value of trucking operations provided by Non-DBE leased trucks equipped with drivers not to exceed the value of trucking operations on the contract provided by DBE trucks or leased trucks with DBE employee drivers. Additional participation by Non-DBE owned trucks equipped with drivers receives credit only for the value of the fee or commission that the DBE receives as a result of the lease arrangement.

The DBE may lease trucks without drivers from a Non-DBE truck leasing company. If the DBE leases trucks from a Non-DBE truck leasing company and uses its own employees as drivers, it is entitled to 100% of the total value of these trucking services.

**E. Commercially Useful Function.** A DBE's participation will only be counted toward meeting the DBE contract goal when it performs a commercially useful function. To be considered as performing a commercially useful function, a DBE shall be responsible for the execution of a distinct element of work on a contract and carry out its responsibilities by actually performing, managing, and supervising the work involved in accordance with normal industry practice. This applies to all work performed by a DBE including Subcontractors, Manufacturers / Fabricators, Material Suppliers, Brokers / Manufacturer's Representatives, Services and Trucking Firms.

Regardless of whether an arrangement between the Contractor and the DBE represents standard industry practice, if the arrangement erodes the ownership, control or independence of the DBE or in any other way does not meet the commercially useful function requirement, the Contractor will receive no credit toward the goal. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction or contract through which funds are passed in order to obtain the appearance of DBE participation. The arrangement cannot be contrived solely for the purpose of meeting the DBE goal. The Contractor shall not seek credit toward the goal through any arrangements or actions of others where the Contractor knows or should have known based upon evidence and circumstances present, that a DBE is not performing a commercially useful function.

1. *Work Force.* The DBE shall employ a work force (including administrative and clerical), separate and apart from that employed by the Contractor, other Subcontractors on the contract, or their affiliates. This does not preclude the employment by the DBE of an individual that has been previously employed by another firm involved in the contract, provided that the individual was independently recruited by the DBE in accordance with customary industry practice. The routine transfer of work crews from another employer to the DBE will not be allowed.

2. *Supervision.* All work performed by the DBE shall be controlled and supervised by the DBE without duplication of supervisory personnel from the Contractor, other Subcontractors on the contract, or their affiliates. This does not preclude routine communication between the supervisory personnel of the DBE and other supervisors necessary to coordinate the contract work.

3. *Materials.* DBE Subcontractors shall negotiate price, determine quality and quantity, order, install (where applicable) and pay for the materials(s) required to perform the work when material supply is included in their scope of work.

4. *Equipment.* DBE Subcontractors may supplement their equipment by renting or leasing additional equipment in accordance with customary industry practice. A DBE Subcontractor shall obtain approval of the Department prior to renting equipment from the Contractor or its affiliates and shall provide documentation demonstrating that similar equipment and terms could not be obtained at a lower cost from other customary sources of equipment. The required documentation shall include, but not be limited to, copies of the rental or leasing agreements, and the names, addresses, and terms quoted by other sources of equipment.

Equipment a DBE Subcontractor purchases or leases from a Contractor or its affiliate will not be counted toward meeting the DBE contract goal. Should back charges result in DBE participation falling below the goal, the Contractor shall be required to backfill.

**F. Submission of Proposal.** In submitting a proposal, a Bidder declares that it shall make commitments to those qualified DBEs whose participation the Bidder submits to meet the contract goal. The Bidder shall submit DBE commitments with its proposal, including DBE name, address, work category, brief description of work, and estimated commitment amount.

**G. Pre-Award Participation Package.** Within 5 calendar days after letting for Federal-Aid contracts, the Low Bidder shall submit a complete DBE Pre-Award Participation Package, as outlined below, to the Office of Construction using the Department approved civil rights reporting software, *Equitable Business Opportunity Solution (EBO)*. The DBE Pre-Award Participation Package shall include all the commitments identified in their proposal at the time of the letting. The time period is measured starting the day after the Letting, and if the last day is a Saturday, Sunday, State holiday or Federal holiday, the period is extended to the next day that State offices are open.

A commitment to a DBE is expressed as a dollar amount agreed to by both the Bidder and the DBE for the performance of identified work, services or products. Commitments are for quantities of contract pay items, or associated to contract pay items for work, services or products that are not measured in the same manner as the contract pay item. Commitments for less than the full scope of the contract pay item shall be indicated as such in EBO.

For each DBE Subcontractor, the Apparent Low Bidder shall indicate the contract pay item number(s) of the work to be performed in EBO. For those items of work where the DBE Subcontractor is performing less than 100% of a contract pay item, the Apparent Low Bidder shall explain, in writing, the scope of work to be performed by the DBE.

For each DBE Manufacturer, Fabricator, Material Supplier, or Broker, the Apparent Low Bidder shall indicate the contract pay item number(s) of the materials, supplies, articles, or equipment to be manufactured, fabricated, supplied, or otherwise provided. If the material, supplies, articles, equipment or service does not correspond to a specific contract pay item, the Apparent Low Bidder shall use a contract pay item(s) to which the activity relates.

For each DBE Service, the Apparent Low Bidder shall indicate the contract pay item number(s) of the service to be provided. If the equipment or service does not correspond to a specific Department contract pay item, the Apparent Low Bidder shall use a contract pay item(s) to which the activity relates.

For each DBE Trucking Firm, the Apparent Low Bidder shall indicate the contract pay item number(s) for which the trucking operations are to be performed. If the trucking operation does not correspond to a specific contract pay item, the Apparent Low Bidder shall use a contract pay item(s) to which the activity relates. The Apparent Low Bidder shall indicate the type of trucking operation to be performed, the number of trucks owned/leased, the number of trucks working on-site or off-site, rate per hour/ton/load/etc., duration or amount, and total dollar value of the proposed DBE commitment. The Apparent Low Bidder shall provide copies of all lease agreements utilized by the DBE Trucking Firm.

If the Low Bidder meets or exceeds the established DBE goal(s) for the contract with commitments to certified DBEs, it is not necessary for the Low Bidder to submit documentation of good faith efforts.

If the contract goal(s) is not met in full, then the Bidder shall provide documentation of its Good Faith Efforts in accordance with Section H. *Good Faith Efforts* that demonstrate that the Bidder attempted but could not meet the goal(s).

After contract award, the Contractor shall promptly execute subcontracts, agreements, or purchase orders, as appropriate, with each DBE for the type and amount of work identified in the approved AAP19 *D/M/WBE Schedule of Participation.*

After the Low Bidder has identified pre-award commitments to DBEs in EBO, each DBE shall acknowledge the commitment in EBO within 10 calendar days after letting.

**H. Good Faith Efforts.** If the Apparent Low Bidder fails to meet the DBE contract goal, the Department will evaluate the good faith efforts the Bidder made to obtain DBE participation to determine if the efforts are sufficient enough to recommend award of the contract. Efforts to obtain DBE participation that are merely pro forma are not good faith efforts, nor are efforts that, even if they are sincerely motivated, given all relevant circumstances, could not reasonably be expected to produce a level of DBE participation sufficient to meet the goal.

If the Low Bidder has not met the DBE goal, it shall submit the AAP10 *D/M/WBE Solicitation Log*, together with other documentation that substantiates good faith efforts. Such documentation shall include, at a minimum, all forms of solicitation inquiries that were returned as undeliverable, quotations submitted by DBEs that were not selected for participation, quotations submitted by non-DBEs that were selected for comparison, and an explanation for the Bidder's action in each case.

In order to evaluate the Bidder's good faith efforts, the Department will consider the quality, quantity, and intensity of the different kinds of efforts that the Bidder has made.

Below is a list of the types of actions which the Department will consider as part of the Bidder's good faith efforts to obtain DBE participation. It is not intended to be a mandatory checklist, nor is it intended to be exhaustive or exclusive. Other factors or types of efforts may be relevant in appropriate cases.

1. Securing participation by certified DBE firms for work that they are listed to perform that is in the contract. Only DBEs certified by the NYS Unified Certification Program (NYSUCP) shall be used to fulfill the established goal on Federal-Aid contracts.

2. Soliciting, at a minimum, certified DBEs in the appropriate geographic area:
   - For all work, soliciting certified DBEs within 75 miles of the contract location.
   - For trucking operations and equipment rental, soliciting certified DBEs within 75 miles of the contract location.

- For work such as guide rail, fencing, landscaping, work zone traffic control, survey, signs, permanent highway lighting, traffic signals, and intelligent transportation systems (ITS); soliciting certified DBEs within 150 miles of the contract location.
- For work such as pavement markings, manufacturers, fabricators, material suppliers, brokers, and services; soliciting certified DBEs within 300 miles of the contract location, or on an upstate or downstate basis.

3. The Bidder shall conduct market research to identify small business contractors and suppliers and solicit, through all reasonable and available means, the interest of all certified DBEs that have the capability to perform the work of the contract. This may include attendance at pre-bid and business matchmaking meetings and events; advertising and/or written notices; posting of notices of sources sought and/or requests for proposals, written notices or emails to all certified D/M/WBEs listed in the appropriate directory of certified firms that specialize in the areas of work desired and which are located in the area or surrounding area.

The Bidder shall solicit this interest as early in the bidding process as practicable, to allow the DBEs to respond to the solicitation and submit a timely offer. The Bidder shall determine with certainty if the DBEs are interested by taking appropriate steps, including following up the initial solicitation with at least one additional solicitation via a different media. The Bidder shall keep records of efforts to solicit and negotiate with DBEs as evidence of good faith efforts, using the *Solicitation Log* as a continuing record.

4. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goal will be achieved. This includes, where appropriate, either breaking down operations or combining like or related operations into logistically and economically feasible units to facilitate DBE participation, even when the Contractor might prefer to perform these work items with its own forces. This may include, where possible, establishing flexible time frames for performance and delivery schedules in a manner that encourages and facilitates DBE participation.

5. Providing interested DBEs with adequate information on where and how to obtain the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation with their timely offer.

6. a. *Negotiating in good faith with interested DBEs.* It is the Bidder's responsibility to make a portion of the work available to DBE Subcontractors and material suppliers and to select those portions of the work or material needs consistent with the available DBE Subcontractors and material suppliers, to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

b. *Additional Costs.* The fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a bidder's failure to meet the contract DBE goal, as long as such costs are reasonable. The ability or desire of a bidder to perform the work of a contract with its own organization does not relieve the Bidder of the responsibility to make good faith efforts. Bidders are not, however,

required to accept higher quotes from DBEs if the Department determines the price difference to be excessive or unreasonable.

7. a. *Not rejecting DBEs as unqualified.* The Bidder shall not reject DBEs as unqualified without sound reasons based on a thorough investigation of their capabilities. The Bidder's standing within its industry, membership in specific groups, organizations or associations, and political or social affiliations (for example union vs. non-union status) are not legitimate causes for rejection or non-solicitation of proposals in the Bidder's efforts to meet the contract goal. Rejection of the DBE because its quotation for the work was not the lowest received is not considered good faith effort. Nothing in this paragraph shall be construed to require the Bidder to accept unreasonable quotes in order to satisfy contract goals.

   b. *Replacement Prices.* A prime contractor's inability to find a replacement DBE at the original price is not sufficient to support a finding that good faith efforts have been made to replace the original DBE. The fact that the contractor has the ability and/or desire to perform the contract work with its own forces does not relieve the contractor of the obligation to make good faith efforts to find a replacement DBE, and it is not a sound basis for rejecting a prospective replacement DBE's reasonable quote.

8. Making efforts to assist interested DBEs in obtaining bonding, lines of credit or insurance as required by the Department or the Bidder.

9. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance.

10. Where available, effectively using the services of available minority/women focused media, trade associations, and contractor groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

11. Stating future commitments to use DBEs after contract award is not considered to be responsive to the contract solicitation requirements or to constitute good faith efforts.

***I. Pre-Award Approval.*** In order to award a contract to a bidder that has failed to meet the DBE contract goal(s), the Department must determine that the Bidder's good faith efforts were those that a bidder actively and aggressively seeking to meet the goal(s) would make given all relevant circumstances.

If the Department determines that the original Low Bidder has failed to meet the good faith effort requirements, before awarding the contract to a subsequent bidder, the Department will provide the original Low Bidder an opportunity for administrative reconsideration by an official who did not take part in the original determination.

***J. Administrative Reconsideration.*** The Apparent Low Bidder will have the opportunity to provide written documentation of Good Faith Efforts, or argument and to meet in person with the Department's reconsideration official upon notification concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Department will send the Low Bidder a written decision on reconsideration, explaining the basis for finding that the Low Bidder did or did not meet the goal or make adequate good faith efforts to do so.

**K. Bidder's Failure to Comply with DBE Program Requirements.** The Department's acceptance of the Apparent Low Bidder's proposal is conditioned upon the Apparent Low Bidder's fulfillment of the DBE participation requirements. Failure by the Apparent Low Bidder to submit a complete DBE participation package within 5 calendar days after the proposal opening or failure to provide commitments to meet the established goal prior to award without adequate good faith efforts, may be grounds for rejection of the proposal as non-responsive and the deposit may be subject to forfeiture.

## CHANGED CONDITION CLAUSES

**DIFFERING SITE CONDITIONS.** 23 CFR 635.109(a)(1)

During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the party discovering such conditions shall promptly notify the other party of the specific differing site conditions before the site is further disturbed and before the affected work is performed.

Upon written notification, the Engineer will investigate the site conditions, and if it is determined that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding anticipated profits, will be made and the contract modified in writing accordingly. The Engineer will notify the Contractor of the determination as to whether an adjustment to the contract is warranted.

No contract adjustment which results in a benefit to the Contractor will be allowed unless the Contractor has provided the required written notice.

**SUSPENSIONS OF WORK DIRECTED BY THE ENGINEER.** 23 CFR 635.109(a)(2)

If the performance of all or any portion of the work is suspended or delayed by the Engineer in writing for an unreasonable period of time (not originally anticipated, not customary, or not inherent to the construction industry) and the Contractor believes that it is due additional compensation and/or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Engineer in writing a request for adjustment within 7 calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.

Upon receipt, the Engineer will evaluate the Contractor's request. If the Engineer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by circumstances beyond the control of and not the fault of the Contractor, its Suppliers or subcontractors at any approved tier, and not caused by weather, the Engineer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contractor will be notified of the Engineer's determination whether an adjustment to the contract is warranted. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided or excluded under any other term or condition of this contract. No contract adjustment will be allowed unless the Contractor has provided the required written request for adjustment within the time prescribed.

**SIGNIFICANT CHANGES IN THE CHARACTER OF WORK.** 23 CFR 635.109(a)(3)

The Engineer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the Surety, and the Contractor agrees to perform the work as altered.

If the alterations or changes in quantities significantly change the character of work under the contract, whether such alterations or changes are in themselves significant changes in the character of work, or by affecting other work cause such other work to become significantly different in character, an adjustment, excluding anticipated profits, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made by the Department, either for or against the Contractor, in such amount as determined to be fair and equitable.

If the alterations or changes in quantities do not significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.

The term "significant change" shall be construed to apply only to the following circumstances: when the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or when a Major Item of work, as defined elsewhere in the contract, is increased in excess of 125 percent, or decreased below 75 percent of the original contract quantity. Any allowance for a change in unit price shall apply only to that portion of work in excess of 125 percent of the original contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of work performed.

**REQUIRED IN ALL FEDERAL AID CONSTRUCTION CONTRACTS.**

## DISPUTED WORK AND DISPUTE RESOLUTION

The term "dispute" shall mean a disagreement between the Contractor and the Department concerning a matter of contract performance or contract compensation. Dispute resolution may involve adjustments in compensation, adjustment of contract pay-items, the addition of new contract pay-items to the contract, and/or extension of time for performance. The Contractor shall continue the work during the pendency of the dispute.

It is the goal of the Department to resolve disputes that may arise under the contract in a timely, just and fair manner consistent with the terms of the contract. The dispute resolution process may be undertaken at any time from the contract award to the issuance of the final payment by the Office of the State Comptroller. The dispute resolution process recognizes and will take into consideration the risks and controls inherent in construction which the Contractor or the Department have agreed to assume pursuant to the terms of the contract. The Contractor is encouraged, when initiating a dispute, to provide information concerning measures that may be taken to mitigate the damages.

Disputes of any nature shall be made in strict accordance with the contract provisions, including the notice and recordkeeping provisions. The Department reserves the right to modify specifications or delete portions of the work being disputed in order to mitigate damages.

A. ***Disputed Work***. If the Contractor is of the opinion that any work directed by the Engineer to be completed as contract work is extra work and not contract work, or that any order of the Engineer exceeds the requirements of the provisions of the contract, the Contractor shall provide the Department written notice and maintain records. After submitting the required notice, the Contractor shall complete its dispute submission in accordance with Section E. *Required Content of Dispute Submission.*

1. ***Determined to Be Contract Work***. If the Department determines that the disputed work is contract work and not extra work, or that the direction given to the Contractor and protested was proper, the Department will direct the Contractor to continue the disputed work and the Contractor shall promptly comply. The Contractor's right to further pursue a dispute for extra compensation or damages will not be affected in any way by the Contractor complying with the directions of the Department to proceed with the work, provided the Contractor continues to keep and submit daily records to document all labor, material and equipment used for disputed work in accordance with *Extra Work and Time Related Compensation.* Section C.1. *Daily Summary to the Engineer.*

2. ***Determined to Be Extra Work***. If the Department, determines that the disputed work is extra work and not contract work, or that a direction given to the Contractor and protested was not proper, then a contract adjustment will be made. Compensation will be made for such work in accordance with *Extra Work and Time Related Compensation.* The Contractor shall continue to maintain force account records until receipt of the change order approved by the Office of the State Comptroller. Documented, additional, actual and reasonable costs incurred by the Contractor pursuant to following a written order to perform work (that was subsequently contained in a change order which was disapproved) will be considered reimbursable. Eligibility for additional compensation shall cease upon notification of the disapproval of a change order.

B. ***Time Related Disputes***. The term "time related dispute" shall mean any dispute arising from any event which affects the scheduled time of performance. This paragraph is intended to cover all such events which include major deductions or increases to quantities of work,

suspension of work and cancellation of contract, and termination, as well as actions, forces or factors, such as "delay", "disruption", or "interference."

If the Contractor believes that it is or will be entitled to additional compensation for time related disputes, whether due to delay, extra work, disputed work, breach of contract, or other causes, the Contractor shall provide the Department will have no liability and no adjustment will be made for any damages which accrued more than 15 calendar days prior to the filing of written notice with the Engineer. The primary tool used to evaluate the time of performance is the Contractor's progress schedule. Department approval of a schedule or a revised schedule does not entitle the Contractor to a time extension or any time related damages. Compensation will be made for such work in accordance with *Extra Work and Time Related Compensation* Section D. *Time Related Dispute Compensation.*

**C. *Acceleration Disputes.*** The Contractor may not dispute costs associated with acceleration of the work unless the Department has given prior express written direction to the Contractor to accelerate its effort. The Contractor shall always have the basic obligation to complete the work in the time frames set forth in the contract. Lack of express written direction on the part of the Department shall never be construed as approval.

If the Contractor does accelerate its work efforts pursuant to written direction from the Department, compensation will be made in accordance with *Extra Work and Time Related Compensation*-Section E. *Acceleration Compensation*. The Department, in determining whether any compensation is warranted, will evaluate the facts and circumstances which led to the acceleration to determine whether they were in the Contractor's control.

**D. *Review Time Periods for Disputes.*** After providing written notice, the Contractor shall, as soon as the information is available or ascertainable, provide the Engineer with a summary of its dispute contentions in accordance with Section E. *Required Content of Dispute Submission*, in sufficient detail so that the Engineer may make a determination. The Engineer will make an initial response, in writing, within 21 calendar days after the Contractor provides the dispute submission.

If a dispute is not resolved by the Engineer to the satisfaction of the Contractor, within 10 work days of receipt of the Engineer's written decision or the Engineer fails to reply within 21 calendar days, the Contractor shall notify the Regional Director, in writing, with a copy to the Engineer, of its contentions relative to the dispute.

If the dispute is not resolved by the Regional Director to the satisfaction of the Contractor, within 15 calendar days of receipt of the Regional Director's written decision or the Regional Director fails to reply within 30 calendar days, the Contractor shall notify the Commissioner, in writing, with copies to the Engineer and the Regional Director, of its contentions relative to the dispute, indicating the substance of previous communication on the issue with the Engineer and the Regional Director and its rebuttal of their previous findings.

**1. *Disputes to the Commissioner Up to $50,000.*** For all disputes to the Commissioner of $50,000 or less, the Department will respond in writing within 45 calendar days of receipt of the dispute. If any additional documentation supporting the dispute or relating to the subject matter of the dispute is required, the Department may request said documentation in writing within 30 calendar days of receipt of the dispute. The Contractor will provide such information within 30 calendar days of the request unless another time period is agreed to. The Department's written response to the additionally documented dispute will be submitted to the Contractor within 15 calendar days after receipt of said additional documentation or within a period no greater than that taken by the Contractor in producing said additional documentation, whichever is greater. If the Contractor disputes the Department's written response, or the Department fails to respond within the time prescribed, the Contractor may

so notify the Department in writing within 15 calendar days of receipt of the Department's response, or within 15 calendar days of the Department's failure to respond. Upon the Contractor's request, the Department shall schedule a meeting or conference. By agreement between the Department and the Contractor, such time periods may be modified.

2. ***Disputes to the Commissioner Over $50,000 to $250,000.*** For all disputes to the Commissioner over $50,000 and less than or equal to $250,000, the Department will respond in writing within 60 calendar days of receipt of the dispute. If any additional documentation supporting the dispute or relating to the subject matter of the dispute is required, the Department may request said documentation in writing within 30 calendar days of receipt of the dispute. The Contractor shall provide such information within 30 calendar days of the request unless another time period is agreed to. The Department's written response to the additionally documented dispute will be submitted to the Contractor within 30 calendar days after receipt of said additional documentation, or within a period no greater than that taken by the Contractor in producing said additional documentation, whichever is greater. If the Contractor disputes the Department's written response, or the Department fails to respond within the time prescribed, the Contractor may so notify the Department in writing within 15 calendar days of receipt of the Department's response, or within 15 calendar days of the Department's failure to respond. Upon the Contractor's request, the Department will schedule a meeting or conference and notify the Contractor within 30 calendar days of the scheduled date. By agreement between the Department and the Contractor, such time periods may be modified.

3. ***Disputes to the Commissioner over $250,000 or of Undetermined Value.*** For disputes to the Commissioner over $250,000 or that have an undetermined value, the Department will respond in writing within 90 calendar days of receipt of the dispute. If any additional documentation supporting the dispute, or relating to the subject matter of the dispute, is required, the Department may request said documentation in writing within 30 calendar days of receipt of the dispute. The Contractor shall provide such information within 30 calendar days unless another time period is agreed to. The Department's written response to the additionally documented dispute will be submitted to the Contractor within 60 calendar days after receipt of the said additional documentation, or within a period no greater than that taken by the Contractor in producing said additional documentation, whichever is greater. If the Contractor disputes the Department's written response, or the Department fails to respond within the time prescribed, the Contractor may so notify the Department in writing within 30 calendar days after the receipt of the Department's response, or within 30 calendar days of the Department's failure to respond. Upon the Contractor's request, the Department will schedule a meeting or conference and notify the Contractor within 30 calendar days of the scheduled date. By agreement between the Department and the Contractor, such times periods may be modified.

***E. Required Content of Dispute Submission.*** All disputes shall be submitted in writing to the Engineer and shall be in sufficient detail to enable the Engineer to ascertain the basis and the amount of each dispute. If requested and as a minimum, the following information shall be provided when such information is ascertainable by the Contractor:

***1. General.***

a. The date on which actions resulting in the dispute occurred or conditions resulting in the dispute became evident.
b. A copy of the notice of dispute for the specific dispute by the Contractor.
c. To the extent known, the name, function, and activity of each Department official, or

employee or agent, involved in, or knowledgeable about facts that gave rise to such dispute.
d. The name, function, and activity of each Contractor or Subcontractor official, or employee, involved in, or knowledgeable about facts that gave rise to such dispute.
e. The identification of any pertinent documents, and the substance of any material communication relating to such dispute.
f. A statement as to whether the additional compensation or extension of time if requested is based on the provisions of the contract or is an alleged breach of contract.
g. If an extension of time is also requested, the specific days for which it is sought and the basis for such request as determined by an analysis of the construction progress schedule.

2. ***Time Related Dispute Submissions.***
a. A description of the operations that were delayed, the reasons for the delay, how they were delayed, including the report of all scheduling experts or other consultants, if any.
b. The documented process of establishing, maintaining and updating the progress schedule, showing when the delay occurred and how it affected the schedule, in accordance with the Progress Schedule or a CPM specification, if applicable.
c. The amount of additional compensation sought in accordance with Extra Work and Time Related Compensation Section D. *Time Related Dispute Compensation.*

3. ***Acceleration Dispute and Disputed Work Submissions.***
a. A detailed factual statement of the dispute providing all necessary dates, locations and items of work affected by the dispute.
b. The specific provisions of the contract which support the dispute and a statement of the reasons why such provisions support the dispute.
c. The amount of additional compensation sought, and a breakdown of that amount shall conform to the requirements of *Extra Work and Time Related Compensation* Section B. *Force Account Work* except for acceleration disputes which shall conform to the requirements and categories specified in *Extra Work and Time Related Compensation*-Section D. *Time Related Dispute Compensation.*

**F. *Required Certification of Disputes Over $50,000.*** When submitting any dispute over $50,000, the Contractor shall certify in writing, under oath and in accordance with the formalities required by the contract, as to the following:

1. That supporting data is accurate and complete to the Contractor's best knowledge and belief,

2. That the amount of the dispute is based on sound engineering principles, is supported by sound mathematical and cost accounting principles and the dispute itself is in accordance with the terms of the contract, and accurately reflects what the Contractor in good faith believes to be the Department's liability; and,

3. That the dispute and the amount of the dispute is in full compliance with the Federal False Claims Act, 31 U.S. Code Section 3729, and New York State False Claims Act, NYS Finance Law Article XIII; and that the Contractor acknowledges that if determined to be in violation of these acts by a court of proper competent jurisdiction, such violating Contractor shall be subject to liability for a civil penalty, plus up to three times the damage the State sustains by such violation.

4. The certification shall be executed by:
   a. The Contractor, if the Contractor is an individual; or,
   b. A senior company official in charge at the Contractor's plant or location involved or an officer or general partner of the Contractor having overall responsibility for the conduct of the Contractor's affairs, if the Contractor is not an individual.

G. ***Auditing of Records.*** A Contractor who has filed a dispute, or Subcontractor, Manufacturer, Fabricator or Material Supplier on whose behalf a dispute has been filed, shall have the following records available for audit at any time following the filing of such dispute, and shall cooperate with the auditors, whether or not such dispute is part of a suit pending in the courts of this State. The audit may be performed by employees of the Department or by an independent auditor appointed by the Department and may begin on 15-day notice to the Contractor, Subcontractor, Manufacturer, Fabricator or Material Supplier as is appropriate. The Contractor, Subcontractor, Manufacturer, Fabricator or Material Supplier shall cooperate with the auditors. The Department will maintain the audit, its backup, reports, schedules and conclusions as confidential material. Failure to maintain and retain sufficient records shall constitute a waiver of that portion of such dispute that cannot be verified and shall bar recovery thereunder. In the event the Contractor fails to substantially furnish the required reports and accounting records, such failure shall constitute a waiver of the dispute for payment other than for payment at contract unit prices for the work performed. The Contractor will be allowed to review the audit findings and will be allowed 30 calendar days to respond to any items disallowed by the audit.

Without limiting the generality of the foregoing, the auditors shall have available to them and the Contractor agrees to provide access to and true copies of the original, in whatever format the records are created/maintained, of the following documents:

1. All documents related to the preparation of the Contractor's bid including the final calculations on which the bid was based.
2. All documents which relate to each and every dispute together with all documents which support the amount of damages as to each dispute.
3. Daily time sheets, superintendent diaries or log sheets and foreperson's daily reports.
4. Union agreements and reports, if any.
5. Insurance policies, welfare and benefits records or plans for union and non-union personnel.
6. Payroll register, individual employee earnings records and payroll tax returns.
7. Material invoices, purchase orders, and all material and supply acquisition contracts.
8. Material cost distribution work sheet.
9. Equipment records (list of company equipment, rates, depreciation schedules, daily equipment reports or logs, fueling logs or records, equipment lease purchase agreements, and equipment purchase invoices).
10. Depreciation records on all company equipment whether such records are maintained by the company involved, its accountant, or others.
11. If a source other than depreciation records is used to develop costs for the Contractor's internal purposes in establishing the actual cost of owning and operating equipment, all such other source documents.
12. Vendor rental agreements, subcontractor invoices, agreements and back charge records.
13. Subcontractor payment certificates.
14. Canceled checks (payroll and vendors).
15. Job cost ledger or report and job payroll ledger.

16. General ledger, general journal (if used), and all subsidiary ledgers and journals together with all supporting documentation pertinent to entries made in these ledgers and journals.
17. Cash receipts, cash disbursements journal, purchase journal, petty cash journal and supporting vouchers.
18. Audited and unaudited financial statements for all years during operations on this contract.
19. Documents which reflect the Contractor's actual overhead during the years contract work was performed.
20. Work sheets used to prepare the dispute establishing the cost components for items of the dispute including, but not limited to, labor, benefits and insurance, materials, equipment, subcontractors, and all documents which establish the time periods, individuals involved, the hours and the rates for the individuals.

H. ***Contract Closeout Process.*** A dispute, or a portion thereof, that has been previously submitted to the Department which remains unresolved to the satisfaction of the Contractor, may be submitted for Department review in connection with the closeout process. The records made, and recommendations or actions of a facilitator, a Dispute Review Board, or any other dispute resolution method, shall be off the record, non-binding, confidential, and may not be used in any future litigation.

1. ***Contract Closeout Meeting.*** If requested by the Contractor, the Department will schedule a contract closeout meeting with the Office of Construction in Albany. The contract closeout meeting process involves meeting(s) with the Contractor and its representatives and Department personnel to amicably resolve all remaining disputes of the Contract. In lieu of pursuing the closeout meeting process, the Contractor may elect to utilize the Gatekeeper process.

2. ***Claims.*** If any dispute, or portion thereof, remains unresolved following the meeting(s) or conference(s) and the payment of the final agreement, the Contractor may file a claim in the New York State Court of Claims in accordance with law and the provisions of the Contract.

**EXTRA WORK AND TIME RELATED COMPENSATION.**

The Contractor will be compensated for extra work by agreed price in accordance with Section A. *Agreed Price Work*, or by force account in accordance with Section B. *Force Account Work*.

***A. Agreed Price Work.*** Agreed prices for new items of work or materials in accordance with one of the methods outlined below may be accepted by the Engineer and incorporated into a change order as the Department may deem them to be just and fair and beneficial to the State. An agreed price may be offered by the Contractor and accepted by the Engineer for a defined quantity of additional work. The Contractor shall provide an agreed price proposal generally not later than 7 calendar days prior to beginning the work. If a price has not been agreed to, in writing, prior to starting the work, the Contractor shall keep and submit daily records to document all labor, material and equipment used to complete the work in accordance with Section C.1. *Daily Summary*. A change order containing an agreed price not supported by one of the following may be subsequently rejected by the Department or the Office of the State Comptroller.

***1. Original/Adjusted Contract Bid Price.*** The original contract bid price, or the original contract bid price adjusted for documented increase or decrease in labor cost, material cost, equipment rate, mobilization, and/or site conditions.

***2. Weighted Average Price.*** The statewide or regional weighted average price (WAP) for a contract pay item for minimum of 3 contracts of similar type, quantity, and/or location of work over a one to two-year period; as shown in the Pay Item Catalog (PIC). The Engineer may adjust the WAP for documented increase or decrease in labor, materials, equipment, mobilization, and/or site conditions.

***3. Average of 3 Lowest Bidders.*** The average bid price for a contract pay item by the 3 lowest responsible bidders on the contract, including the Contractor, presented in the Tabulation of Bids. If less than 3 responsible bids were received, this option shall not be used.

***4. Price Analysis.*** A price analysis shall be based on an estimated breakdown of charges listed in Section B. Force Account Work, using the labor, equipment and other rates available when the agreed price is developed by the Contractor. The analysis shall be based on crew composition, material prices, equipment production and overall production rates that are reasonable in comparison with contract bid price work. Price analyses shall be submitted in a format acceptable to the Department. Price Analysis forms are available from the Department's website at www.dot.ny.gov/main/business-center/contractors/construction-division/forms .

The Contractor will be reimbursed for labor in accordance with Section B.1.a *Labor*. The Contractor will be reimbursed for each class of labor, not individual workers, at the prevailing wage rate for that trade and classification.

The Contractor will be reimbursed for materials in accordance with Section B.1.b *Materials*.

The Contractor will be reimbursed for equipment in accordance with Section B.1.c *Equipment*. Equipment rates shall be used with no rate adjustment factor and no regional adjustment factor. An appropriate type and size of equipment similar to that available on the contract site, if present, shall be used.

The Contractor will be reimbursed for required insurances in accordance with

Section B.1.d *Insurance*.

The Contractor will be reimbursed for overhead at 10% of items Section B.1.a. *Labor*, Section B.1.b. *Materials* and Section B.1.c. *Equipment*.

The Contractor will be reimbursed for profit at 10% of items Section B.1.a. *Labor*, Section B.1.b. *Materials* and Section B.1.c. *Equipment*.

Due to the cost and effort associated with development, a price analysis should generally be reserved for extra work under an individual contract pay item or a single price analysis, of more than $5,000.

***B. Force Account Work.*** Where there are no applicable unit prices for extra work and agreed prices cannot be readily established or substantiated, the Contractor will be reimbursed by Force Account for the actual, reasonable and verifiable cost of the items listed below. The Contractor shall maintain and submit force account records in accordance with Section C. *Force Account Report*.

**1. *Contractor Costs.*** At the preconstruction meeting, the Contractor should provide the Engineer documentation supporting its insurance rates for the current period and provide updates within 30 days after the renewal date, to assist in timely preparation and review of force account reports. All rates will be those in effect at the time the work is performed.

a. *Labor.* Necessary labor costs include wages, supplemental (fringe) benefits, FICA, Medicare, Federal Unemployment Tax (FUTA), State Unemployment Insurance (SUI), paid holidays, Workers Compensation insurance and other such reasonable charges that are paid by the Contractor pursuant to existing written agreements with its employees and/or labor organizations.

(1) *Wages and Fringe Benefits.* The Contractor will be reimbursed for each worker separately at the actual payroll rate; an average rate based on different workers will not be accepted. The wage rate for an individual worker may be up to 150% of the prevailing wage and 100% of the supplemental (fringe) benefits, provided the Contractor documents through certified payrolls that the worker has and continues to be paid more than the prevailing wage for contract work. The Contractor shall obtain the approval of the Engineer for wage rates for individual workers over 110% of the prevailing wage prior to that individual starting work.

There are no prevailing wage rates for foremen/forewomen. Foremen/forewomen are typically paid at a higher rate than the trades they supervise, due to additional responsibilities. The reimbursement for foremen/forewomen will be based on previous certified payrolls or other payroll records for that individual, if available, provided crew composition and overall production rates are reasonable.

If the Contractor is obligated by a labor agreement to pay a full day's pay for an individual in a required labor classification and cannot find other work on that day for that individual, the Contractor will be reimbursed for a full day's pay for that individual.

Professional or technical personnel specifically required or agreed to by the Department, in writing, to be present for specific critical work operations will be reimbursed as a direct labor cost. The reimbursement for these professional or technical personnel will be based on previous payrolls for that individual, as certified by the employer, or by comparison to costs for similarly qualified personnel.

No reimbursement will be made for travel, lodging, bonuses, or other similar

payments made to workers.

(2) *Standard Markups.* The Contractor will be reimbursed for FICA, Medicare, Federal Unemployment Tax (FUTA), State Unemployment Insurance (SUI), and paid holidays using the Standard Labor Markup Rate, on all wages, not including supplemental (fringe) benefits. The Standard Labor Markup Rate, initially 12.5%, may be modified by the Department via Official Issuance.

The Contractor will be reimbursed for FICA and Medicare using the Standard Fringe Markup Rate on all supplemental (fringe) benefits paid in a payroll check or in cash to the employee. The Standard Fringe Markup Rate, initially 6.4%, may be modified by the Department via Official Issuance.

(3) *Workers Compensation Insurance.* The Workers Compensation insurance rate will be the statutory loss cost rate established by the NYS Workers Compensation Insurance Rating Board, with the insurer's approved lost cost multiplier, all assessments and credits, and an experience modifier of 1.00, subject to the Construction Employment Payroll Limitation (CEPL) Program limits where applicable. The Contractor shall submit an insurance policy declaration/rate page from its insurer to validate the Workers Compensation insurance rate.

Where the Longshore and Harbor Workers' Compensation Act, Jones Act, Federal Employees Liability Act or other legal requirements impose additional liability on the Contractor, additional differentials will be added to the Worker's Compensation insurance rate.

For Contractors that obtain Workers Compensation insurance through a pooled fund or similar arrangement, the Contractor shall supply documentation from the Contractor's insurance carrier detailing the rate and basis for application.

The Contractor will be reimbursed for Workers Compensation insurance based on the Workers Compensation insurance rate described above, multiplied by gross wages, not including the premium portion of overtime nor supplemental (fringe) benefits, except when supplemental benefits are paid directly to the employee, up to the CEPL wage limit, where applicable.

b. *Materials.* Materials are necessary products incorporated in the temporary or permanent work. The Contractor will be reimbursed for the costs of materials, including transportation to the site and sales taxes for materials not permanently incorporated into the work. Material transportation may be accounted for as part of the material unit price, a material unit price for transportation, a fee for transportation, or equipment and operator charges. Contractor or Subcontractor costs for transportation of materials shall be accounted for as labor and equipment in accordance with Section B.1.a. Labor and Section B.1.c. Equipment respectively. Because force account work has no associated pay lines/limits, materials will be measured as actual quantities delivered and incorporated, including any required overlap, and appropriate allowances for waste and/or disposal due to construction operations and/or installation practices.

The Contractor will be reimbursed, including sales taxes when applicable, for expendable materials such as oxygen, acetylene, propane, welding rods, form lumber, form oil, grinding wheels, saw blades, hammer and drill bits, drill steel, and tooth-bits consumed in progressing the work. Other small tools and tool/equipment supplies used or consumed in progressing the work are considered to be included in

overhead and no separate reimbursement will be made.

Material acquired by direct purchase shall be documented by bills or acceptable invoices. All prices on used material incorporated in either temporary or permanent work shall be billed at a fair value, less than the original cost when new. A reasonable salvage credit will be determined by the Engineer in coordination with the Contractor for substantial salvageable material recovered.

c. *Equipment.* Equipment, other than small tools, used by the Contractor shall be of suitable size and suitable capacity required for the work to be performed. If the Contractor elects to use equipment of a higher rate than the equipment suitable for the work, payment will be made at the rate applicable to the suitable equipment. The equipment actually used and the suitable equipment upon which the rate is based will be recorded as a part of the Force Account Report. Usage will be recorded in hours to the nearest half hour. The Engineer will verify the suitability of the equipment. If there is a differential in the rate of pay of the operator of oversize or higher rate equipment, the rate paid for the operator will likewise be related to the suitable equipment.

(1) *Mobilization Costs.* If the Contractor does not have a needed type or piece of equipment on the contract site or the equipment is not available to perform the extra work, the Contractor will be reimbursed for the reasonable cost of mobilization to and demobilization away from the work site. Mobilization and demobilization include the cost of transporting equipment; 50% of the hourly ownership rate of transported equipment during transportation, including loading, unloading, assembly, and disassembly; and fees for any required regulatory permits. Costs for demobilization away from the work site will not be paid if the equipment is kept on the site and performs additional contract bid price work.

(2) *Ownership Costs.* The Contractor will be reimbursed for its costs for providing equipment at the rates listed in the Cost Recovery software produced by Equipment Watch (hereafter referred to as Cost Recovery). The hourly ownership rates will reimburse the Contractor for all non-operating costs of providing equipment, including depreciation on the original purchase, costs of major overhaul repairs, facilities capital, normal risk insurance, property taxes, storage, licenses, security, record keeping, and mechanic's supervision.

The hourly ownership rate will be the Cost Recovery monthly rate divided by 176, multiplied by the rate adjustment factor for the equipment model year and then multiplied by the regional adjustment factor. If the Contractor has a piece of equipment remanufactured, rebuilt, or significantly altered, the rate adjustment factor may be modified, as documented by Equipment Watch.

For equipment required to be present and operating, the Contractor will be reimbursed for the product of the hours of actual use, multiplied by the hourly ownership rate.

For equipment required to be present; dedicated exclusively to the force account, not available for mobilization elsewhere, and not used on contract bid price work that day; the Contractor will be reimbursed for the product of the remaining non-operating hours in the shift, multiplied by 50% of the hourly ownership rate.

Equipment that is not required to be present will not be eligible for reimbursement of non-operating hours. If the Engineer directs or agrees that equipment mobilized for the operation is no longer required to be present, the

Contractor may demobilize the equipment. If the equipment is demobilized, and subsequently determined to be required to be present, the Contractor will be reimbursed for remobilization.

For equipment without an operator that is designed to operate on a continuous long-term basis, such as a pump, portable variable message sign (PVMS), or temporary traffic signal, the Contractor will be reimbursed for a maximum of 176 hours a month.

Equipment with an hourly ownership rate of less than $2 or a current purchase price of less than $500 will be considered as small tools and equipment and will not be directly reimbursed.

(3) *Operating Costs.* The hourly operating rate includes preventative and field maintenance, fuel, lubricants, and other operating expenses as outlined in Cost Recovery, not including consumables or the operator's wages. The Contractor will be reimbursed for the product of the number of hours of actual use multiplied by the hourly operating rate. No reimbursement for operating costs will be made for equipment that is not operating.

(4) *No Established Rate.* If rates are not established in Cost Recovery for a piece of equipment, the Contractor shall contact the Cost Recovery publisher, Equipment Watch to establish rates. If Equipment Watch will not establish rates, the Department, in coordination with the Contractor, may establish rates for ownership costs and operating costs for that piece of equipment consistent with its cost and expected life.

(5) *Maximum Ownership Costs.* The maximum amount reimbursed for ownership costs of equipment, is limited, on a contract basis, to the original purchase price as listed in the Equipment Watch Retail Rental software. The Contractor shall not exchange equipment for a similar item for the purpose of extending the maximum ownership cost. Exchange of equipment for an engineering or mechanical reason shall be approved by the Engineer, or the maximum ownership cost will be limited to that reimbursed for the original piece of equipment. If the ownership cost is limited by the original purchase price, the Contractor will continue to be reimbursed for the operating cost for hours of actual use.

(6) *Backup Equipment.* The Contractor will be reimbursed at 50% of the hourly ownership rate for redundant/backup equipment specifically required, or agreed to by the Department in writing, to be present for specific critical work operations.

(7) *Owner/Operator Equipment.* Equipment Owner/Operators utilized by the Contractor in the performance of work shall be accounted for as a service charge in accordance with Section B.3. *Service Charges.*

d. *Insurance.* The Contractor will be reimbursed for Commercial General Liability (CGL), Umbrella or Excess Liability, Special Protective and Highway Liability, Contractor's Risks, Professional Liability/Errors and Omissions, Railroad Protective Liability, Marine Protection and Indemnity, and Pollution Liability insurances at the rate paid by the Contractor, in accordance with the method procured from its insurer(s).

(1) Contractors or Subcontractors that pay insurances based on a percentage of

payroll will be reimbursed that percentage of the portion of item Section B.1.a. *Labor* specified in the Contractor's insurance policy.

(2) Contractors or Subcontractors that pay insurances based on of a percentage of gross sales will be reimbursed that percentage of the total of items in Section B.1.a. *Labor,* Section B.1.b. *Materials,* Section B.1.c. *Equipment*, Section B.1.e. *Overhead* and Section B.1.f. *Profit.*

e. *Overhead.* The Contractor will be reimbursed for overhead at 10% of items Section B.1.a. *Labor*, Section B.1.b. *Materials* and Section B.1.c. *Equipment.* Overhead will be defined to include the following:

(1) Additional costs for bond(s), Disability Benefits and Commercial Automobile insurance;

(2) All salary, benefits and expenses of executive officers, supervising officers/employees, superintendents, project engineers, office engineers, CPM Schedulers, clerical or administrative employees, and other project level staff, but not including working forepersons; including payroll taxes, unemployment insurance, workers compensation insurance, and charges that are paid by the Contractor to or on behalf of those employees pursuant to written agreement with its employee(s) and/or labor organizations;

(3) Small tools and small tool/equipment supplies, including shovels, picks, axes, saws, bars, sledges, lanterns, etc.;

(4) Contractor's field office rental, utility charges, potable water, sanitation, cleaning, computers, CADD equipment, office equipment, office supplies, reproduction costs, etc.;

(5) Administrative or other efforts required to maintain records and produce force account reports.

f. *Profit.* The Contractor will be reimbursed for profit at 10% of items Section B.1.a. *Labor*, Section B.1.b. *Materials* and Section B.1.c. *Equipment.*

**2. *Subcontractor Costs.*** When the work is performed by a Subcontractor, the Contractor will be reimbursed the actual, reasonable and verifiable cost of such subcontracted work as outlined above in Section B.1. *Contractor Costs*, plus an additional 5% for subcontract administration, and the Contractor's costs for insurance in accordance with Section B.1.d *Insurance.*

**3. *Service Charges.*** When work is performed by, and a fee is paid to a professional service, a work service, or an equipment owner/operator, the Contractor will be reimbursed the actual cost of the service fee plus 5% for service administration. This 5% will be applied only once to the service fee regardless of the firm making direct payments.

The rate for equipment with an operator shall not exceed the total of the Blue Book ownership rate, the Blue Book operating rate, and the wages for an appropriate operator. For specialized equipment or circumstances, the wages for an appropriate operator may be up to 150% of the prevailing wage rate.

**C. *Force Account Report.*** Payment for force account work will be made based on the

following reports. Reports shall be submitted in a format acceptable to the Department. Force Account MURK forms are available from the Department's website at www.dot.ny.gov/main/business-center/contractors/construction-division/forms .

If the Engineer or his/her representative disagrees with the accuracy, applicability, or reasonableness of any portion of a Contractor's submission, he/she will promptly notify the Contractor.

1. ***Daily Summary.*** The Contractor shall deliver a daily summary of force account work to the Engineer in a format acceptable to the Department, not later than close of business on the workday following that for which the work is reported. The daily summary shall be dated and signed by the Contractor's authorized representative.

The Engineer's signature indicates that the record, as modified, is contemporaneous and accurate, but does not indicate concurrence with any dispute. The Engineer will annotate the record as necessary, sign and date, and provide a copy to the Contractor.

The summary shall contain:

a. The contract number, other contract information, and the Contractor name/information.

b. A brief description of the work performed and the work location for that day.

c. A list of personnel by name, including the hours worked, and labor classification.

d. A list of materials used to indicate the quantity and nature. The cost shall be documented later by proper receipts.

e. A list of equipment used to indicate the number of hours used and the type, manufacturer, model, model year, size of equipment, and any required attachments.

2. ***Labor Summary.*** If there is an approved Force Account Estimate, in order to receive progress payments, the Contractor shall deliver to the Engineer a summary of labor used on the work. The Contractor shall provide the Weekly Summary of Force Account Labor using forms provided by the Department, and shall include the first and last name, labor classification, regular and premium hourly rates of pay, supplemental (fringe) benefit hourly rates, regular and premium hours worked, supplemental (fringe) benefit amounts paid in cash, workers compensation percentage rates and limits, and/or other items necessary to calculate the amount due to the Contractor. Progress payments on the force account will not be made until the Contractor provides required documentation to the Engineer.

3. ***Force Account Report Submission.*** On completion of the specific force account work, the Contractor shall deliver to the Engineer a Force Account Report, wherein all labor, materials, equipment, and other charges are shown and totaled using forms provided by the Department. The Force Account Report shall be dated and signed by the Contractor's authorized representative. When the Contractor and the Engineer agree on the Force Account Report, the Engineer will prepare and submit a change order containing the Force Account Report to the Regional Construction Engineer for approval.

4. ***Force Account Review.*** The Regional Construction Engineer, or designee, will review the Force Account Report and make any notations, remarks or comments on this form that may assist in final payments. The emphasis of this review will be on labor rates, markups, workers compensation limits, material costs, equipment rates, insurance rates, and overall documentation. The Regional Construction Engineer will forward the change order to the Deputy Chief Engineer, Construction (DCEC). The DCEC, after review and approval, will forward the change order to the Office of the State Comptroller

(OSC) for review and filing. Only after filing by OSC may the Engineer begin to process contract payments based on the change order, as the work is completed.

**D. *Time Related Dispute Compensation.*** The Contractor will only be eligible for extra compensation for expenses or costs which are identified as compensable. In the event any legal action is instituted against the State by the Contractor due to any such dispute for additional compensation, whether due to time related dispute, delay, acceleration, breach of contract, or otherwise, the State's liability will be limited to those items which are specifically identified as compensable under Section D.1. *Recoverable Contractor Costs.* Nothing in this subsection is intended to create any liability of the State not existing at common law or pursuant to the terms of this contract or to prevent the Contractor from filing a claim in the New York State Court of Claims. The remedies contained herein are exclusive.

**1. *Recoverable Contractor Costs.*** Only the following elements will be recoverable by the Contractor as "time related dispute compensation" provided they are actual, reasonable and verifiable. Any such adjustment will be made via change order. Escalated costs will include unanticipated higher or lower costs attributable, with appropriate credits, to the performance of work or portions of work in an extended time period due to extenuating circumstances beyond the control of the Contractor.

a. *Extra work.* The Contractor will be reimbursed for extra work required due to a time related dispute in accordance with Section B. *Force Account Work*, less any appropriate credit.

b. *Labor.* The Contractor will be reimbursed for documented escalated labor costs determined in accordance with Section B.1.a. *Labor.*

c. *Materials.* The Contractor will be reimbursed for documented escalated material costs determined in accordance with Section B.1.b. *Materials.*

d. *Equipment.* The Contractor will be reimbursed for documented escalated equipment costs less appropriate credits, determined in accordance with Section B.1.c. *Equipment.* The costs for idle equipment will be 50% of the ownership rate set forth in Section B.1.c. *Equipment.* Idle time shall not exceed 8 hours per day, 40 hours per week, or the annual usage hours established in the Equipment Watch Cost Recovery software. The Contractor will be reimbursed for backup equipment costs, in accordance with Section B.1.c.(6) *Backup Equipment.* Equipment with an hourly ownership rate of less than $2 or a current purchase price of less than $500 will be considered as small tools and equipment and will not be directly reimbursed. No operating costs will be paid for idle equipment.

e. *Insurance.* The Contractor will be reimbursed for documented additional or escalated insurance costs during the extended period.

f. *Extended Contract Site Supervision and Management.* The Contractor will be reimbursed for documented additional or escalated contract site overhead costs during the extended period, including those for superintendents, project engineers, office engineers, CPM schedulers, clerical and other project level staff, but not including working forepersons. Allowable costs will include salary, Standard Labor Markup on salary, benefits not included in the Standard Labor Markup, and workers compensation insurance.

g. *Extended Contractor's Field Office Costs.* The Contractor will be reimbursed for

fees paid to service provider(s) during the extended period, for required Contractor's field office rental, utility charges, potable water, sanitation, cleaning, etc.

h. *Bond Costs.* The Contractor will be reimbursed for documented additional or escalated bond costs during the extended period.

i. *Home Office Overhead.* The Contractor will be reimbursed for home office overhead at 10% of items Section D.1.b. *Labor* and Section D.1.c. *Materials.* The Contractor will be reimbursed for home office overhead at 10% of documented escalated equipment costs under Section D.1.d. *Equipment.* No home office overhead will be paid for idle equipment.

j. *Profit.* The Contractor will be reimbursed for profit at 10% of items Section D.1.b. *Labor* and Section D.1.c. *Materials*, except when Suspensions of Work Ordered by the Engineer applies, no profit will be allowed. The Contractor will be reimbursed for profit at 10% of documented escalated equipment costs under Section D.1.d. *Equipment*. No profit will be paid for idle equipment.

2. ***Recoverable Subcontractor Costs.*** When costs are recoverable by a Subcontractor as "time related dispute compensation," the Contractor will be reimbursed the actual, reasonable and verifiable subcontractor costs as outlined above in Section D.1., an additional 5% of those costs for subcontract administration, and costs for Contractor insurances in accordance with Section D.1.e. *Insurance*.

3. ***Non-Recoverable Costs.*** In any dispute for time related compensation, the Department will have no liability for the following items and the Contractor shall make no claim for the following items:

a. Home office overhead in excess of that provided in Section D.1.i. *Home Office Overhead*;
b. Profit, in excess of that provided in Section D.1.j. *Profit*;
c. Loss of anticipated or unanticipated profit;
d. Labor inefficiencies and loss of productivity;
e. Consequential damages, including but not limited to interest on monies in dispute, including interest, which is paid on such monies, loss of bonding capacity, bidding opportunities, or interest on investment, or any resultant insolvency;
f. Indirect costs or expenses of any nature;
g. Direct or indirect costs attributable to performance of work where the Contractor, because of situations or conditions within its control, has not progressed the work in a satisfactory manner.
h. Attorney fees and dispute or claims preparation expenses.

**E. *Acceleration Compensation.*** The Contractor will be reimbursed for additional costs associated with acceleration directed by the Department in writing.

1. ***Recoverable Contractor Costs.*** The following elements will be recoverable by the Contractor as compensation for acceleration, provided they are actual, reasonable and verifiable. Recoverable costs include costs attributable, with appropriate credits, to the performance of work or portions of work during the original contract period, but at an accelerated rate, attributable to the Department's directed acceleration.

a. *Labor.* The Contractor will be reimbursed for additional labor costs, primarily the

premium portion of overtime;

b. *Materials.* The Contractor will be reimbursed for additional material costs, primarily costs for accelerated production and delivery costs or additional fabrication costs associated with a revised delivery schedule;

c. *Equipment.* The Contractor will be reimbursed for additional equipment costs, primarily costs for mobilization and demobilization of additional equipment required;

d. *Insurance.* The Contractor will be reimbursed for additional insurance costs, including Commercial General Liability (CGL), Umbrella or Excess Liability, Special Protective and Highway Liability, Contractor's Risks, Professional Liability/Errors and Omissions, Railroad Protective Liability, Marine Protection and Indemnity, and Pollution Liability insurances required, at the rate paid by the Contractor, in accordance with the method procured from its insurer(s).

(1) Contractors or Subcontractors that pay insurances based on a percentage of payroll will be paid that percentage of the portion of item Section E.1.a. *Labor* specified in the Contractor's insurance policy.

(2) Contractors or Subcontractors that pay insurances based on a percentage of gross sales will be paid that percentage of the total of items in Section E.1.a. *Labor*, Section E.1.b. *Materials*, Section E.1.c. *Equipment,* Section E.1.e. Overhead, and Section E.1.f.*Profit*.

e. *Overhead.* The Contractor will be reimbursed for overhead at 10% of items Section E.1.a. *Labor*, Section E.1.b. *Materials* and Section E.1.c. *Equipment.*

f. *Profit.* The Contractor will be reimbursed for profit at 10% of items Section E.1.a. *Labor*, Section E.1.b. *Materials* and Section E.1.c. *Equipment.*

2. *Recoverable Subcontractor Costs.* When costs are recoverable by a Subcontractor as acceleration compensation, the Contractor will be reimbursed the actual, reasonable and verifiable subcontractor costs as outlined in Section E.1. *Recoverable Contractor Costs*, an additional 5% of those costs for subcontract administration, and the Contractor's costs for insurance in accordance with Section E.1.d *Insurance.*

**REQUIRED IN ALL FEDERAL AID CONTRACTS.**

## CIVIL RIGHTS MONITORING AND REPORTING

The approved civil rights reporting software is *Equitable Business Opportunity Solution* (EBO). The EBO software is a web-based system provided to the Contractor at no cost. The Contractor shall use the approved civil rights reporting software on all contracts. The Contractor shall enter complete and accurate electronic data for each month, not later than the 15th of the following month, using EBO. Data shall be current through the end of the last full payroll week for that month, or as otherwise approved by the Engineer to coordinate with contract payment submittals.

***A. Civil Rights Officer(s).*** The Contractor shall designate a Corporate Civil Rights Officer, a Corporate DBE Representative, and a contract site Equal Employment Opportunity (EEO) Representative; and each Subcontractor shall designate a Corporate Civil Rights Officer, and a contract site Equal Employment Opportunity (EEO) Representative in the approved civil rights reporting software. The designated individuals shall have the responsibility to and shall be capable of effectively administering and promoting an active program of equal employment opportunity and who shall be assigned adequate authority and responsibility to do so. A single individual may fulfill multiple roles. The Contractor shall update the civil rights reporting software within 10 calendar days of any changes in these roles.

***B. Workforce Participation Plan.*** At the pre-construction meeting, the Contractor shall submit a AAP 35 *Workforce Participation Plan* covering the Contractor's workforce and the workforce of its Subcontractors with subcontracts over $10,000, together and coordinated with the contract progress schedule, that addresses the Equal Employment Opportunity goals.

The Contractor shall not start work until the Department has reviewed and accepted the *Workforce Participation Plan*. The Contractor shall submit a revised plan when a significant work force build-up or reduction will substantially affect goal attainment, or when a revised schedule is requested by the Department. Such revised *Workforce Participation Plan* must be agreed upon by the Department or the original will remain in effect.

***C. Equal Employment Opportunity (EEO) Monitoring and Reporting.*** The Contractor's compliance with the EEO Requirements will be based on its Employment Utilization, affirmative action steps and its good faith efforts to meet the goals.

The Department, in evaluating the Contractor's good faith efforts to meet the EEO goal(s), will first analyze the Contractor's goal attainment on an individual contract. If the Contractor is not meeting the goal(s) for a single trade or contract, the Department will analyze, progressively, the Contractor's goal attainment on all contracts held by the Contractor within the county, the Region, and/or the State. This method of analysis shall be applied primarily but not solely to contracts with small population numbers. Other factors to be considered include, but are not limited to, the location of the contracts, the relative proximity of the contracts to each other, and the nature of the work.

***1. Employee Utilization Data.*** The Contractor shall submit employee utilization data for its workforce and for each Subcontractor with a subcontract exceeding $10,000 to the Department on a monthly basis, not later than the 15th of the following month. Data shall be submitted showing the total hours for each payroll week, separately through the end of the last full payroll week for that month. A payroll week only partially in a month shall be submitted for the next month. Payroll weeks are determined based on the firm's established payroll end date. Data shall include employee name, gender, ethnicity, and hours worked by trade(s) and classification. Employment utilization percentages are determined using data from the start of work up to and including the month being reported. For the purpose of

determining utilization percentages, the hours of female and minority employment are tabulated separately, and attainment percentages are calculated separately.

***2. Federal-Aid Highway Construction Contractors Annual EEO Report.*** The Contractor shall submit all required employee utilization data to produce a Form FHWA 1391 *Federal-Aid Highway Construction Contractors Annual EEO Report* to the Department annually not later than August 15th, reflecting the work force during all or any part of the last payroll period worked in July, for all ongoing Federal-Aid contracts. The data shall indicate the number of minority men, minority women, non-minority men, and non-minority women employees currently engaged in each trade.

***3. Monthly Training Progress Report.*** When training is required, the Contractor shall submit a monthly training progress report to the Engineer not later than the 15th of each month. In addition to each Monthly Training Progress Report, the Contractor shall provide the Engineer a summary of hours required to complete the various work elements of the training program, hours completed this period, and hours completed to date. This summary shall be provided in sufficient detail to allow the Engineer to determine whether the hours in the previous period are qualified hours under this pay item.

***4. Contractor Compliance with EEO Requirements.*** If the Contractor fails to meet the EEO goal(s) for minorities or women, or demonstrate good faith efforts, the Department may require training of minorities and women to satisfy the employment goals. If the Contractor fails to meet the EEO goal(s), to demonstrate good faith efforts, or is in noncompliance with the nondiscrimination clauses, the Department may suspend additional contract payments, the Contractor may be directed to attend a hearing before the Contract Review Unit, or the Department may follow any other lawful procedure upon due notice in writing to the Contractor, including cancellation, termination, or suspension in whole or in part.

The Contractor may also be referred to the U.S. Department of Labor, Office of Federal Contract Compliance Programs (OFCCP), which has the sole authority to determine compliance with Executive Order 11246 and its implementing regulations. OFCCP may declare the Contractor ineligible for further Federal-Aid contracts in accordance with procedures authorized in Executive Order 11246, and such other sanctions may be imposed, and remedies invoked as provided in Executive Order 11246, or by rule, regulation, or order of the U.S. Secretary of Labor, or as otherwise provided by law.

***D. DBE Monitoring and Reporting.*** The Contractor shall utilize the DBEs committed to at pre-award to perform the work or supply materials for which each is listed. The Engineer will monitor the work to ensure that the identified DBEs perform the work as identified in the Contractor's commitments. Attainments will be measured based on payments made to DBEs.

If the Contractor has not executed a subcontract with a DBE before the DBE is notified of removal of its eligibility by the certifying agency due solely to its having exceeded the size standard, the Contractor may not make commitments to use the firm on the contract as a DBE, and attainments will not be credited toward the contract goal.

If the Contractor has executed a subcontract with a DBE before the DBE is notified of removal of its eligibility by the certifying agency due solely to its having exceeded the size standard, the Contractor may continue to use the DBE on the contract in accordance with the executed subcontract, and attainments will be credited toward the contract goal. Any new or extra work performed by the ineligible DBE not covered under the scope of the original executed subcontract will not be credited toward the contract goal.

When a contract is awarded with DBE commitment(s) that is less than the contract goal(s), the Contractor shall continue good faith efforts. The Contractor shall periodically review items

that are available for DBE participation, typically before the beginning of a new construction season and when significant new items of work are added to the contract and conduct additional DBE solicitation.

If a Contractor, in order to meet the DBE contract goal or other DBE program requirements, uses or attempts to use, on the basis of false, fraudulent or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, a DBE that does meet the eligibility criteria of 49 CFR Subpart D, the U.S. Department of Transportation may initiate suspension or debarment proceedings against that firm under 2 CFR Parts 180 and 1200.

***1. Report of Payments to Subcontractors and DBEs.*** The Contractor shall enter payment data into EBO for all Subcontractors and for all DBEs that are due a payment or have received a payment, within 14 days of receipt of payment from the Department, in order to measure DBE goal attainment and to monitor Contractor compliance.

The Subcontractor or DBE shall acknowledge receipt of payment not later than 7 calendar days after receipt. The date of receipt is: (1) the date the payment was made by electronic transfer to an account identified and agreed to by both parties; (2) the date the envelope containing the payment was date stamped by the U.S. Postal Service; or (3) the date the payment was physically provided to a previously authorized representative of the Subcontractor or DBE, either by the Contractor or by a delivery service.

The Contractor shall enter the final payment to each Subcontractor or DBE and designate it as such when the final payment is made, or as a separate $0.00 entry indicating final payment has been made, prior to contract final acceptance, excepting those payments due from work contained in a change order(s) that have not been approved. The Subcontractor or DBE shall acknowledge receipt of final payment not later than 7 calendar days after receipt or by notification by the Contractor that a separate $0.00 entry indicating final payment was entered in the civil rights reporting software.

***2. Monitoring Commercially Useful Function (CUF) by DBEs.*** The Contractor shall monitor the work of the DBEs to ensure each performs a Commercially Useful Function and can be properly counted towards the Contractor's DBE commitments.

The Department will review the work, services or products provided by each DBE to verify the performance of a Commercially Useful Function. To determine whether a DBE has performed a Commercially Useful Function, the Department may also examine similar transactions, particularly those in which DBEs do not participate.

If the Department determines that some or all of a DBEs work does not constitute a commercially useful function only the portion of the work considered to be a commercially useful function will be credited toward the goal(s).

Upon request, each DBE Subcontractor shall provide additional documentation to the Engineer for the purposes of monitoring Commercially Useful Function. Such documentation may include, but not be limited to: confirmation that the workforce provided meets the requirements; a copy of purchase order(s) for all material incorporated into the work; and a copy of a rental agreement for all non-owned equipment used to perform the work to the Engineer.

Upon request, the Contractor shall provide a copy of a purchase order(s) for all material, supplies, articles, or equipment provided by a DBE Manufacturer, Fabricator, or Material Supplier and a copy of a purchase order(s) that details the work product(s) provided from each DBE Professional Service to the Engineer.

A DBE may present evidence to rebut a determination by the Department that the DBE is not performing a commercially useful function. For DBEs, commercially useful function determinations by the Department are subject to review by the Federal Highway

Administration (FHWA) but the determination may not be administratively appealed to USDOT.

***3. Revisions to DBE Participation.*** The Contractor shall obtain Department approval for substantial revisions in DBE participation prior to implementing any proposed change through submission of a revised AAP19 *DBE Schedule of Participation* using the Department approved civil rights reporting software. Unless approval for revision is granted, Contractor will not be entitled to any payment for work or material committed to a DBE unless it is performed or supplied by the approved DBE.

If the reduction of the DBE's work or the removal of the DBE, including for reasons of commercially useful function violations, causes the DBE participation to fall below the goal(s), the Contractor shall make good faith efforts to find another DBE to substitute for the original DBE to perform at least the remaining amount of work as the DBE that was terminated, to the extent needed to meet the contract goal(s). Upon request, the Contractor shall provide documentation of good faith efforts within 7 days, which may be extended for an additional 7 days if necessary, at the request of the Contractor. The Department will provide a written determination to the Contractor stating whether or not good faith efforts have been demonstrated.

A DBE may be substituted if the work committed to the DBE is deleted or reduced by the Department and enough work remains to substitute an equal commitment amount to the affected DBE. If not enough work remains, the Department may relieve the Contractor from attaining that portion of the commitments.

The following modifications will be considered a substantial revision in DBE participation:

- Adding, removing or substituting a DBE.
- Adding new item(s) of work to a DBE within a core (3 digit) contract pay-item number not currently approved.
- Significantly reducing the dollar value of or eliminating the DBE's item(s) of work. Significant reduction will be determined by comparison to the total DBE contract goal.
- Changes in participation due to major differences between estimated quantities and actual work performed.

The following modifications will not be considered a substantial revision in DBE participation:

- Increasing the dollar value of an item(s) of work or adding new item(s) of work within the same core (3 digit) contract pay-item number to a DBE.
- Substituting similar dollar values of work within a currently approved core (3 digit) contract pay-item number.
- Changes in participation due to minor differences between estimated quantities and actual work performed.

*a. DBE Program.* In accordance with 49 CFR 26.53(f)(1), the Contractor shall not terminate a DBE listed on the approved DBE Participation plan without the prior written consent of the Department. This includes, but is not limited to, instances in which a contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.

The Department will consent only if the prime contractor has good cause to terminate the DBE firm. Good cause includes, at a minimum, one the following circumstances:

- The listed DBE fails or refuses to execute a written contract,
- The listed DBE fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does

not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Contractor,
• The listed DBE fails or refuses to meet the Contractor's reasonable, nondiscriminatory bond requirements.
• The listed DBE becomes bankrupt, insolvent, or exhibits credit unworthiness,
• The listed DBE is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 CFR Parts 180, 215 and 1,200 or applicable state law;,
• The Department has determined that the listed DBE is not a responsible contractor,
• The listed DBE voluntarily withdraws from the project and provides to the Department written notice of its withdrawal,
• The listed DBE is ineligible to receive DBE credit for the type of work required,
• A DBE owner dies or becomes disabled with the result that the listed DBE is unable to complete its work on the contract,
• Other documented good cause that you determine compels the termination of the DBE. Provided, that good cause does not exist if the Contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Contractor can self-perform the work for which the DBE was engaged or so that the Contractor can substitute another DBE or non-DBE contractor after contract award.

Before submitting its request to terminate and/or substitute a DBE to the Department, the Contractor shall give notice in writing to the DBE subcontractor, with a copy to the Engineer, of its intent to request to terminate and/or substitute, and the reason for the request.

The Contractor shall give the DBE five days to respond to the notice and advise the Department and the Contractor of the reasons, if any, why the DBE objects to the proposed termination of its subcontract and why the Department should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the Department may approve a response period shorter than five days.

***4. Contractor's Compliance with DBE Program Requirements.*** If the Contractor fails to meet the DBE participation commitment(s), to exert a good faith effort, or otherwise fails to comply with the DBE Program requirements, the Department will take appropriate actions. Such actions may include, but not be limited to: suspension of contract payments; direction to the Contractor to attend a hearing before the Department's Contract Review Unit; or any other lawful procedure upon due notice in writing to the Contractor, including cancellation, termination, or suspension in whole or in part of the contract agreement.

Where the Department determines that the Contractor is not in compliance with the requirements of the contract and the Contractor refuses to comply with such requirements, or if the Contractor is found to have willfully and intentionally failed to comply with the DBE participation goal, the Contractor will be obligated to pay to the Department Liquidated Damages.

Such Liquidated Damages for failure to meet the DBE requirements shall be calculated as an amount equaling the difference between the amount committed to the DBEs by the Contractor at award and the amount actually paid to the DBEs for work performed or materials supplied under the Contract, not including any amount for work deleted by the Department or work which a DBE declined or failed to reasonably perform.

If a determination has been made which requires the payment of Liquidated Damages and such identified sums have not been withheld by the Department, the Contractor shall

pay such Liquidated Damages to the Department within sixty (60) days after they are assessed.

The Contractor may also be referred to the USDOT for possible suspension or debarment as provided in 49 CFR 26 and such other sanctions as may be imposed and remedies invoked as provided under the authority of 49 CFR 26, or by rule, regulation, or order of the Commissioner or as otherwise provided by law.

***E. Compliance Reviews.*** The Department conducts annual civil rights contract compliance reviews of selected Federal-Aid contracts in accordance with 23 CFR 230.409. A compliance review consists of a thorough review of all civil rights contract requirements, including Nondiscrimination in Labor/Employment, EEO, Training, and DBE requirements. A Contractor will typically not be selected for more than one compliance review per year statewide. Based on contract monitoring and/or the results of compliance review(s), the Department may conduct a review of some or all ongoing contracts with a single Contractor, regardless of funding source.

**REQUIRED IN ALL FEDERAL AID CONTRACTS.**

## MATERIAL ACCEPTANCE RECORDS.

Whenever any specification provides for Approved List, Material Certification or Manufacturer's Certifications as a Basis of Acceptance, the Department reserves the right to sample and/or test any material prior to incorporation in the work. Approved List shall mean the list which is current on the date of incorporation of material into the work. The Contractor may request reimbursement from the Department for additional costs for materials that were purchased after contract award and prior to the product being removed from the Approved list but are removed from the Approved list after contract award.

Some specifications reference a Manufacturer's Certification or a Material Certification as evidence of acceptability of specific materials or products. A Manufacturer's Certification can only be properly executed by the Manufacturer or Producer of the material or product. When manufactured products are subsequently modified by another party such as a Fabricator or provided by a Material Supplier other than the Manufacturer, an additional Material Certification from each party that modifies or takes ownership of the product prior to the installation of the material shall be provided in addition to all of the previous certifications.

**A. Material Certification.** When products are supplied by a Manufacturer, Producer, Fabricator, or Material Supplier, a Material Certification that includes the essential components outlined below shall be provided to the Engineer.

1. ***Identification of Manufacturer or Producer.*** Name of the company and address of its manufacturing or producing facility.
2. ***Identification of Material or Product.*** Generic name of the material or product and the corresponding Section 700 Materials and Manufacturing material code.
3. ***Identification of Shipment.*** Sufficient detail to describe the quantity contained in the shipment, the contract number and a date of shipment. A Material Supplier's Certification shall clearly indicate that the shipment is all or a portion of the quantity detailed on the accompanying Manufacturer's Certification.
4. ***Statement of Conformance.*** The certification shall definitively state that the material contained in the shipment meets the requirements of a specific Department specification or a specific specification or standard of another agency (i.e., ASTM, AASHTO, AWWA, etc.).

   If the material in the shipment contains steel and/or iron, manufactured products, or construction materials, the certification shall definitively state that the material is or is not of domestic origin. Acceptable statement is: "Conforms (or Does not conform) to the requirements of 23 CFR 635.410 Buy America Requirements" (acceptable for steel/iron, manufactured products, and construction materials), "conforms (or Does not conform) to the requirements of 23 CFR 635.410 Buy America Requirements (acceptable for steel/iron and manufactured products only) or "conforms (or Does not conform) to the requirements of the Build America, Buy America Act" (acceptable for construction materials only)".

   If the product supplied has been altered subsequent to the certification by the manufacturer, the Material Certification shall definitively state that the material or product contained in the shipment meets the requirements of an identified contract specification.
5. ***Certification Execution.*** The certification shall be signed by a person authorized to legally bind the company, as indicated by statement or title/position. Notarization of the signature is not required.

**REQUIRED IN ALL FEDERAL AID CONSTRUCTION CONTRACTS.**

## BUY AMERICA REQUIREMENTS

In accordance with 23 USC 313, 23 CFR 635.410, the Build America Buy America (BABA) Act in Title IX of the Bipartisan Infrastructure Law's (BIL), and Section 146 of the State Finance Law, permanently incorporated predominantly steel and/or iron materials/products, manufactured products, and construction materials shall be domestically produced.

***A. Control of Materials.***

To qualify as domestic, all manufacturing processes, including melting, manufacturing, fabricating, grinding, drilling, welding, finishing, and coating of any product containing steel and/or iron materials, must have been performed in the United States. A domestic product is a manufactured steel and/or iron material/product and/or construction material that was produced in one of the 50 States, the District of Columbia, or in the territories and possessions of the United States. Raw materials used in the steel and/or iron materials may be imported. Raw materials are materials such as raw iron ore and waste products which are used in the manufacturing process to produce the steel and/or iron material/product. The FHWA has granted a nationwide waiver for pig iron and processed, pelletized and reduced iron ore. Waste products include scrap (i.e., steel no longer useful in its present form from old automobiles, machinery, pipe, railroad rail, steel trimmings from mills or product manufacturing). Extracting, crushing, and handling the raw materials which are customary to prepare them for transporting are exempt from Buy America. The use of foreign source steel billets or iron ingots are not acceptable under Buy America. All items, regardless of origin, shall comply with their individual specification requirements and with the requirements stated elsewhere in this subsection. The Contractor shall ensure the domestic steel and/or iron materials are supplied in conformance with the above referenced laws.

The Buy America provisions only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project As such, it does not apply to tools, equipment, and supplies brought to the construction site and removed at or before the completion of the infrastructure project, such as temporary scaffolding. In addition, it does not apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of or permanently affixed to the structure.

For Federal-Aid contracts, all iron and steel, manufactured products, and construction materials shall be produced/manufactured in the United States as follows:

a. All iron and steel used in the project shall be produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

b. All manufactured products used in the project shall be produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product.

c. All construction materials shall be manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

Construction materials includes an article, material, or supply that is or consists primarily of:

- Non-ferrous metals,
- Plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables),
- Glass (including optic glass),
- Lumber, or
- Drywall.

Items that consist of two or more of the listed materials that have been combined together through a manufacturing process, and items that include at least one of the listed materials combined with a material that is not listed through a manufacturing process, should be treated as manufactured products, rather than construction materials.

Construction materials do not include an item of primary iron or steel; a manufactured product; cement or cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives.

An article, material, or supply should be classified into only one of the following categories: (1) iron or steel; (2) a manufactured product; or (3) a construction material. An article, material, or supply should not be considered to fall into multiple categories.

The Contractor may permanently incorporate in the construction of this contract a minimal amount of foreign steel and/or iron materials, if the combined cost of such materials does not exceed one-tenth of one percent (0.1%) of the total contract cost or $2,500, whichever is greater. The combined cost of foreign steel and/or iron materials will be the value of the materials as they are delivered to the contract, documented by invoice or bill of sale to the Contractor.

***B. Waivers.***

The Contractor may request a waiver if it can be demonstrated that:

a. the use of domestic steel and/or iron materials would be inconsistent with the public interest (a "public interest waiver"),
b. types of iron, steel, manufactured products, or constructions materials are not produced in the United States in sufficient and reasonably available quantities and of satisfactory quality (a "nonavailability waiver), or
c. the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent (an "unreasonable cost waiver").

The Contractor shall submit a waiver request to the Engineer which includes a detailed justification for the use of goods, products, or materials mined, produced, or manufactured outside the United States and including copies of all documentation verifying the unavailability of the material or product.

The Department will submit approved waiver requests to the FHWA for review. The Contractor shall investigate and respond to any public comments made to the FHWA Office of Program Administration, indicating that a domestic supplier can provide the material for which a waiver has been requested. Final approval of the Buy America Waiver request will be made by the Administrator, Federal Highway Administration. The waiver will be effective when it is posted in the Federal Register.

***C. Certifications.***

A Manufacturer's Certification is required to certify that the material/product is of domestic origin. Acceptable statements are: "Conforms (or Does not conform) to the requirements of 23 CFR 635.410 *Buy America Requirements*" (acceptable for steel/iron and manufactured products only) or "Conforms (or Does not conform) to the requirements of the Build America, Buy America Act" (acceptable for construction materials only).

**REQUIRED IN ALL FEDERAL AID CONTRACTS.**

## USE OF UNITED STATES-FLAG VESSELS

In accordance with the Cargo Preference Act and 46 CFR 381, the requirements below apply to material, equipment, or commodities that are acquired for a specific Federal-aid construction contract and transported on ocean vessels (or transported across the Great Lakes). The requirements are not applicable to goods or materials that come into inventories independent of a specific Federal-aid construction contract.

A. The Contractor shall utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.

B. The Contractor shall furnish within 20 days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in Paragraph A to both the Contracting Officer (through the prime Contractor in the case of subcontractor bills-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590.

C. The Contractor shall insert the substance of the provisions of this section in all subcontracts issued pursuant to the contract.

**REQUIRED IN ALL FEDERAL AID CONTRACTS.**

## 13.1 INTRODUCTION

This chapter is an overview of federal Civil Rights laws, rules, regulations, and presidential executive orders for locally administered federal aid transportation projects. It has always been the New York State Department of Transportation's (NYSDOT) policy to ensure equal opportunity and to prevent and eliminate discrimination in all of its activities. NYSDOT and project Sponsors share this compliance responsibility in meeting the requirements for federal Civil Rights law on locally administered federal aid transpiration projects. Other Chapters in the Procedures for Locally Administered Federal Aid Projects (PLAFAP), NYSDOT's Construction Administration Manual or CAM, the Highway Design Manual or HDM, and the Regional Local Project Liaison's (RLPL) direction provide more Civil Rights functional guidance.

## 13.2 TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin. Specifically, 42 USC 2000d states that:

> *No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.*

As amended, Title VI includes other nondiscrimination statutes affording legal protection, which include protection on the basis of sex, age, and disability through Section 162 (a) of the Federal-Aid Highway Act of 1973 (23 USC 324) [sex], Age Discrimination Act of 1975 [age], and Section 504 of the Rehabilitation Act of 1973/Americans With Disabilities Act of 1990 [disability]. Taken together, these requirements define the Title VI program and requirements.

Title 23 ***CFR 200*** clarifies that programs and activities receiving federal financial assistance from the United States Department of Transportation (USDOT) are required to comply with Title VI requirements. This includes Sponsors who receive Federal Highway Administration (FHWA) funding through NYSDOT. As sub-recipients of federal financial assistance on locally administered federal aid transportation projects, Sponsors must have policies and procedures in place that address Title VI requirements.

### 13.2.1 Sponsor's Title VI Requirements

Title VI Assurance is a shared responsibility for all parties involved in delivering federal aid projects. For example, Sponsors must submit minority contracting information to the RLPL prior to awarding any contract and work with NYSDOT staff to assure data and process quality throughout the project delivery and construction processes. NYSDOT requires software reporting, currently in EBO or Equitable Business Opportunities software, to monitor construction contract payments and DBE goals, commitments, and attainments. The results go into NYSDOT's semi-annual Title VI Compliance Reviews and assist our regular monitoring efforts.

Sponsors are required to implement a system of procedures and actions for Title VI compliance, including:

- Developing Title VI Assurances and a Title VI Policy Statement identifying a Title VI Coordinator, also known as the Sponsor's Responsible Local Official (RLO).
- The RLO must have a responsible position in the Sponsor's organization and have 'easy access' to the agency's leadership.
- Notifying all departments in the Sponsor's organization of the Title VI Coordinator's responsibilities for initiating and monitoring Title VI activities.

- Developing procedures for processing external discrimination complaints.
- Notifying NYSDOT of any external discrimination complaints and lawsuits.
- Providing accommodations for Limited English Proficient (LEP) persons as needed.
- Ensuring nondiscrimination in the Sponsor's public participation process.
- Collecting and analyzing data to ensure nondiscrimination in the Sponsor's policies, programs, and activities.
- Ensuring that contracts contain the appropriate Title VI contract provisions.
- Ensuring non-discrimination in contract awards.

The Title VI Coordinator's or RLO's responsibilities include:

- Identifying DBE goals and commitments during the contract pre-award phase and completing the award package and certifications detailed in Chapter 14.
- Assisting program personnel with Title VI problems or any discriminatory practices in the contracting and construction processes by monitoring contract to progress up to contract completion and closeout as outlined in Chapter 15.
- Take appropriate action when notified by NYSDOT of any potential Title VI problems or discriminatory practices.
- Being the point of contact for Title VI implementation and monitoring of programs. Work with industry to meet DBE and EEO goals including Good Faith Efforts or GFE when needed. The Sponsor should post explanations, exceptions, and requests for additional GFE information, under 'Notes' in EBO.
- Ensuring that Title VI requirements are included in any internal policy directives and procedures.
- Implementing procedures for the prompt processing of Title VI external discrimination complaints
- Attend training, and assure sponsor's staff has adequate training, on Title VI and other nondiscrimination activities as needed.
- Coordinating the development and implementation of any needed Title VI and related statutes training programs.
- Developing Title VI information for public dissemination, and where appropriate, in languages other than English.

Sponsors shall prohibit discrimination during all phases of the work, whether directly or through their consultants and contractors, by monitoring and managing the work for compliance. Some discriminatory examples may include:

- Denying program services, financial aid, prompt payment, or other benefits.
- Providing different program services, financial aid, or other benefits; or providing them in a manner different from that provided to others.
- Segregating or separately treating individuals or groups in any matter related to the receipt of any program service, financial aid, or benefit.
- Restricting in any way the enjoyment of any advantage or privilege enjoyed by others receiving any program service, financial aid, or other benefits.
- Denying persons, the opportunity to participate as a member of a planning, advisory, or similar body; or
- Denying persons, the opportunity to participate in any program or activity that receives Federal financial assistance.

Sponsors have the option of:

- Adopting by resolution NYSDOT's own Title VI Plan (see Appendix 13-5 Title VI Plan).
- Developing their own Title VI Plan using Appendix 13-5 as a guide.

The State-Local Agreement (SLA) contractually obligates the Sponsor to ensure that all federal civil rights laws, rules, regulations, and presidential executive orders are adhered to in *all* of their policies, procedures, programs, and activities.

### 13.2.2 Title VI Complaints

The Sponsor shall develop procedures for prompt processing and disposition of external Title VI Discrimination Complaints. The Sponsor's Title VI Coordinator or designee shall conduct a preliminary inquiry to determine the validity and jurisdiction of the complaint, including reasonable attempts to resolve all complaints at the lowest administrative level. Any person who believes that they have been discriminated against based on their race, color, national origin, sex, age or disability in a program, activity, or service may file a complaint with the Sponsor or an agency funded through the Sponsor.

The complaint may be filed by the individual or their representative. A complaint must be filed no later than 180 days after the date of the alleged act of discrimination. Copies of all Title VI Discrimination Complaints received by the Sponsor must be forwarded to NYSDOT's Office of Civil Rights, with a copy sent to the Regional Local Project Liaison (RLPL). If the complainant is not satisfied with the Sponsor's investigation or the resolution of the complaint, the complainant may follow-up directly with NYSDOT's Office of Civil Rights.

Examples that demonstrate compliance include:

- Written procedures for processing and investigating external discrimination complaints
- External discrimination complaints filed under Title VI against the Sponsor in which the Sponsor or its sub-recipient is named as the respondent. (Complaints should be forwarded to NYSDOT's Office of Civil Rights for investigation within 10 calendar days.)
- Complaint log or method to track complaints that identifies:
    - Each complainant by race, color, sex, and national origin
    - The recipient of the complaint
    - The nature of the complaint
    - The date(s) the complaint was filed and the date the investigation completed
    - The disposition
    - The date of the disposition

Other pertinent information:

- Methods to distribute external discrimination complaint handling procedures to agency personnel
- List of personnel trained in handling external discrimination complaint investigations and the training they attended
- Methods for making the public aware of the procedures for filing a discrimination complaint, such as information on an external Web site or brochure
- External discrimination complaint form

### 13.2.3 Title VI Program Reviews

In accordance with ***23 CFR 200.9(b)***, NYSDOT must conduct Title VI program reviews of sub-recipients, including Sponsors. The purpose of the program reviews is to evaluate the Sponsor's programs, policies, procedures, contract specifications, manuals, etc. in order to ensure compliance with the requirements of Title VI of the Civil Rights Act of 1964, as amended. Sponsors should summarize how they monitor nondiscrimination in their relevant programs and activities, which could include the following program areas:

- Planning
- Project Development (Design)
- Right-of-Way
- Construction
- Public Involvement
- Research

Formalized reviews must be conducted externally on sub-recipients of federal funds. Sub-recipients include all sponsor agencies through which NYSDOT passes Federal funds, including local agencies, colleges, universities, and MPOs. Because 59% of federal aid projects were delivered by local Sponsors in 2013, this represents a large portion of NYSDOT's program, making this an important process.

> Title ***23 CFR 200.9(b)(7)*** *Conduct Title VI reviews of cities, counties, consultant contractors, suppliers, universities, colleges, planning agencies, and other recipients of Federal-aid highway funds.*
> *(13) Establishing procedures for pre-grant and post-grant approval reviews of State programs and applicants for compliance with Title VI requirements; i.e., highway location, design and relocation, and persons seeking contracts with the State.*

These formalized compliance reviews are a critical component of a Title VI program, not just because they are required by ***23 CFR 200.9***, but because they are the primary mechanism for assuring nondiscrimination in internal NYSDOT functions and sub-recipients. NYSDOT's program review of Sponsors will consist of formal reviews conducted by the Office of Civil Rights. Staff from NYSDOT's Office of Civil Rights will initiate and conduct the review after notifying the Sponsor. The RLPL will be copied on all correspondence concerning Title VI program reviews.

## 13.3 AMERICANS WITH DISABILITIES ACT (ADA)

Section 504 of the 1973 Rehabilitation Act (***Public Law 93-112***) prohibits discrimination on the basis of disability in federally assisted programs. Section 504 requirements for the U.S. Department of Transportation (USDOT) are covered in ***49 CFR Part 27***, nondiscrimination on the basis of disability in programs and activities receiving or benefiting from federal financial assistance. The Americans with Disabilities Act (ADA, 1990, ***Public Law 101-336***) is a broader civil rights statute that prohibits discrimination against people with disabilities in all areas of public life.

Sponsor's Oversight Responsibilities must:

- Ensure all municipal departments are informed of their responsibilities to provide accessibility in their activities, programs, services, and facilities (i.e. department's public rights-of-way)
- Ensure the Sponsor and its sub-recipients are applying appropriate accessibility standards to their transportation facilities as defined in NYSDOT's Highway Design Manual (HDM).
- Ensure that all complaints filed under Section 504 and/or the ADA are processed in accordance with established complaint procedures
- Ensure that their ADA Transition Plan is in place and updated per Section 13.3.3 ADA Transition Plan.

### 13.3.1 Nondiscrimination

Title ***49 CFR 27.7*** requires all programs, services, and facilities are made available to and usable by persons with disabilities. The ADA requires public facilities and programs to be accessible regardless of the funding source. The Act also requires effective communication with persons with disabilities, and state and local governments must respond to their requests. Communication venues and media (public meetings, announcements, publicity, etc.) must also be accessible. Any public meetings or outreach during project development shall comply with Title 49 requirements.

### 13.3.2 Self-Evaluation

Title ***49 CFR 27.11*** requires federal aid recipients and subrecipients to conduct self-evaluations of policies, practices, and programs for compliance with ADA.

Title ***28 CFR 35.105*** is the USDOJ Title II regulation and requires public entities (whether or not they are the recipient of federal aid) to evaluate their current programs, services, and activities, and to make the self-evaluation available for public comment. A template for self-evaluation, the ADA Transition Plan Checklist, can be found in Appendix 13-2.

### 13.3.3 ADA Transition Plan

Title ***28 CFR 35.150(d)(1)*** requires "a public entity that employs 50 or more persons" to prepare an *ADA Transition Plan* identifying non-compliant pedestrian routes and facilities in the municipal Sponsor's public right-of-way. ADA Transition Plans shall also include a plan and schedule for corrective action. Failure to create and maintain an ADA Transition Plan may result in an entity's ineligibility to receive federal funds.

If a public entity employs fewer than 50 persons, the entity need only conduct self-evaluations (see section 13.3.2).

The ADA Transition Plan should include detailed information about, the condition of the Sponsor's pedestrian accessible route network, a list of the physical barriers that limit accessibility on pedestrian facilities, and the schedule to correct any noncompliance; this should include identifying the party responsible for planning the corrective action to ensure all Sponsor facilities are accessible to individuals with disabilities. The completed ADA Transition Plan must also be made available for Public Comment. Reference ***28 CFR 35.150(d)(3)(i-iv) and (d)(1)***.

NYSDOT developed Appendix 13-2, ADA Transition Plan Checklist, and Appendix 13-3 ADA Transition Plan (fillable forms), to assist Sponsors in preparing their ADA Transition Plans. Sponsors are strongly encouraged to use the ADA Transition Plan Checklist in Appendix 13-2 as a guide when preparing their own ADA Transition Plan.

NYSDOT has developed its ADA Transition Plan, which includes an inventory of sidewalks and curb ramps alongside state-owned transportation infrastructure, and a rating for accessibility of each. NYSDOT continues to update this inventory as it completes capital work at these locations as well as periodically refreshes the statewide inventory.

NYSDOT may construct sidewalks, curbs, and curb ramps alongside State highways located in Villages (NYS Highway Law Section 46), Towns (NYS Highway Law Section 140), and Cities (NYS Highway Law Section 349-c); however, under the statutory provisions granting NYSDOT such authority, respective Villages, Towns and Cities are responsible for repairing and maintaining sidewalks, curbs, and curb ramps in their respective municipality. Maintenance

includes both preventive and corrective maintenance. For further information, consult the applicable Highway Law Sections provided above.

When NYSDOT alters a State highway that provides pedestrian access, NYSDOT must design and construct the State highway in such a manner that a barrier to the usability of the streets by a protected class (individuals with disabilities) is not created or retained. (***See 28 CFR 35.150, 35.151(b and i)***). If NYSDOT does not alter the State highway, it remains the municipality's legal responsibility to comply with applicable ADA accessibility requirements.

A Sponsor's ADA Transition Plan shall include a list of locations with physical barriers that limit the accessibility of programs, activities, or services within its jurisdiction, including those identified alongside State highways. However, to ensure a clear understanding of anticipated and upcoming NYSDOT capital work, municipalities should discuss the State inventory and NYSDOT plans with the Regional Local Project Liaison (RLPL).

The Sponsor's completed ADA Transition Plan must be made available for Public Comment. For more information regarding ADA Transition Plans, contact the RLPL.

### 13.3.4 Design and Construction

Sponsors must comply with ADA accessibility standards for all facilities they construct, maintain, monitor, or upgrade. Compliance applies to all projects classified as new construction, reconstruction, rehabilitation, or repair, as well as any work undertaken by the Sponsor's forces. Therefore, existing and proposed pedestrian facilities in a public right-of-way must be provided. The applicability of design and construction standards are addressed in Chapter 9 of this manual.

The Department of Justice and the Federal Highway Administration clarified in the 2013 DOJ/DOT Joint Technical Assistance Informal Guidance Document (https://www.ada.gov/doj-fhwa-ta.htm) that "pavement alteration" activities require a Sponsor to address compliance, and distinguished between "pavement maintenance" activities which do not require such compliance. This guidance further clarifies this requirement stating that whenever a "pavement alteration" is made to a street, roadway, or highway, curb ramps must be provided at locations where there are curbs or other barriers restricting access to sidewalks or other pedestrian walkways. Examples of **"pavement alterations"** include additions of new asphalt layers, in-place recycling, micro-surfacing/thin lift, mill and fill overlays, open-graded surface courses, cape seals, new construction, rehabilitation, and reconstruction. Curb ramps and detectable warnings are required to be installed before or during the "pavement alteration" project. Examples of "pavement maintenance" include crack filling and sealing, surface sealing, chip seals, slurry seals, fog seals, scrub seals, joint crack seals, dowel bar retrofits, spot locations of high-friction surface treatments, diamond grinding, or pavement patching. See NYSDOT Highway Design Manual (HDM) Chapter 7 and Chapter 18 and the DOJ/DOT Joint Technical Assistance Informal Question and Answer Supplemental for more guidance.

## 13.4 ENVIRONMENTAL JUSTICE (EJ)

***Presidential Executive Order (EO) 12898***, *Federal Action to Address Environmental Justice in Minority Populations and Low-Income Populations,* directs each Federal agency to identify and address, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations in the United States. ***23 CFR 450*** requires States and Metropolitan Planning Organizations (MPOs) to seek out and consider the needs of those traditionally underserved by

existing transportation systems, including, but not limited to, low-income and minority households. There are three fundamental Environmental Justice principles:

1. To avoid, minimize, or mitigate disproportionately high and adverse human health or environmental effects, including social and economic effects, on minority populations and low-income populations.
2. To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
3. To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority populations and low-income populations.

Sponsors must consider EO 12898, along with existing requirements under Title VI of the Civil Rights Act of 1964, and other statutes and regulations, during project development so that the interests and well-being of minority populations and low-income populations are considered during transportation decision making, including alternative analysis and project selection. For more information concerning Environmental Justice, contact NYSDOT's Office of Civil Rights.

## 13.5 LIMITED ENGLISH PROFICIENCY (LEP)

***Presidential Executive Order 13166*** *Improving Access to Services for Persons with Limited English Proficiency,* contains two major initiatives. The first is designed to better enforce and implement Title VI, which prohibits recipients and sub-recipients of federal financial assistance from discriminating based on national origin by, among other things, failing to provide meaningful access to individuals who have Limited English Proficiency. The second initiative requires all federal agencies to meet the same standards as federal financial assistance recipients and sub-recipients by providing meaningful access to federally funded programs. Put simply, Sponsors and the federal government must provide materials in other languages or translate at meetings when individuals have Limited English Proficiency.

Sponsors shall consider implementing the following to demonstrate LEP compliance:

- Written translation of the agency's vital documents
- Language Implementation Plan
- Bilingual staff for translation
- Language needs assessments or efforts to consider the following:
    - The number or proportion of LEP persons in the eligible service population
    - The frequency with which LEP individuals come in contact with the Sponsor's programs or activities
    - The program's importance, activity or services provided by the Sponsor
    - The resources available to the Sponsor and the costs

The resources available to the Sponsor and the costs:

- Translated external Web site
- Methods to provide oral interpretation either in person or via telephone interpretation services and the procedures used by staff to access those services
- Training attended by staff that focused on helping staff better communicate with LEP persons
- Notices detailing the Sponsor's Title VI obligations and complaint procedures that have been translated into languages other than English:
- Notification to Limited English Proficiency customers of the availability of language services
- Monitoring and evaluation of efforts to provide language access

Outreach materials, including public hearing announcements, *must* be made available in languages understood by the affected population. Public hearings should be held at locations that are both geographically and structurally accessible. Public announcements should indicate that accommodations, to the extent possible, will be provided for individuals with disabilities and populations with LEP; and, if requested, spoken and sign language interpreters and alternately formatted materials will be provided at no cost. NYSDOT maintains LEP maps of New York State which can be used by Sponsors to assist them in identifying the LEP communities in their jurisdiction; and, the languages into which materials must be translated or for which interpreters are needed. For more information concerning NYS LEP maps, contact NYSDOT's Office of Civil Rights at (518) 457-1129.

## 13.6 EQUAL EMPLOYMENT OPPORTUNITY (EEO)

The Federal aid Highway Act of 1968 [***23 USC 140(a)*** and ***23 CFR 230]*** ensure nondiscrimination in employment on the basis of race, color, creed, or national origin on any federally aided projects. Sponsors are required to include EEO provisions in all their federal aid construction contracts -- contained in Form FHWA 1273, *Required Contract Provisions Federal Aid Construction Contracts*, which must be incorporated in the contract proposal. EEO provisions are contained in the EEO section of Appendix 12-1 Construction Contract Proposal Package; the Contract Award process in Chapter 14; and the Contract Administration process in Chapter 15.

For federally aided projects, Sponsors must identify employment goals for each specific contract. These goals are contained in the Special Notes, *Goals for Equal Employment Opportunity Participation*, in the contract proposal. Contractors are required to submit workforce data to Sponsors during the performance of their construction contracts. Employees and work hours must be entered into EBO on a weekly basis. Sponsors shall review EEO reporting and compare to a certified payroll and payroll audit, with the RLPL also monitoring to ensure compliance. EEO goals and attainments are also monitored by both the RLPL and Sponsor.

## 13.7 TRAINING

Training is one of the Civil Rights activities which may be used to address the under-utilization of minorities, females, and economically disadvantaged persons in highway construction and engineering contracts. Should a Sponsor wish to include a training requirement, it must develop its own provision in accordance with ***23 CFR 230.111***; the provision must be reviewed and approved by both NYSDOT and FHWA. Only FHWA-approved On-the-Job Training (OJT) programs or NYS Department of Labor (NYSDOL)/U.S. Department of Labor (USDOL) registered apprenticeship programs may be used to fulfill training requirements. NYSDOL should be contacted for questions about registered apprenticeship programs. The review and approval process is extensive; therefore, appropriate time should be budgeted for the approval process. NYSDOT has online training available upon request. An overview of FHWA's Civil Rights Program for Local Public Agencies including training videos may be found at http://www.fhwa.dot.gov/federal-aidessentials/index.cfm.

## 13.8 DISADVANTAGED BUSINESS ENTERPRISE (DBE) UTILIZATION

Title ***49 CFR 26.45*** requires NYSDOT to submit a programmatic DBE plan to the USDOT. NYSDOT's DBE plan is available at https://www.dot.ny.gov/main/business-center/civil-rights. Sponsors must use NYSDOT's approved DBE Program Plan or develop their DBE Program Plan (in accordance with ***49 CFR 26.45***) which must be reviewed and approved by both NYSDOT and FHWA. The review and approval process is extensive; therefore, an appropriate amount of time needs to be allocated for review and approval.

Only firms certified through the New York State Unified Certification Program (NYSUCP) as DBEs may be used to fulfill DBE utilization goals set on federal aid contracts. The NYSUCP DBE Directory is the sole resource for identifying DBEs. The Directory is located at https://nysucp.newnycontracts.com/. Firms not certified as DBEs can obtain an application for certification from any of the Certifying Partners listed on the Directory's home page. NYSDOT does not pre-qualify nor recommend particular firms for utilization.

### 13.8.1 DBE Contract Requirements / Establishing DBE Plan and Goals

#### 13.8.1.1 Consultant and Professional Services

13.8.1.1.1 Architectural & Engineering (A&E) Consultant Contracts

All A&E consultant contracts should encourage utilization. The Project Manager shall monitor DBE participation as the project progresses. The prime consultant shall report attainment data to the Sponsor each time a payment request is submitted. For consultant selection procedures, see Chapter 6.

13.8.1.1.2 Non-Architectural & Engineering (Non-A&E) Consultant Contracts

For non-A&E contracts such as real estate, legal, accounting, auditing, and public relations, the Sponsor in coordination with the RLPL will determine the DBE goal during the final stages of drafting the Request for Proposals (RFP). This goal is based on the value of the contract, the type of work involved that could be subcontracted, and the availability of DBEs to accomplish the work, as determined by NYSDOT's methodology (see NYSDOT's DBE Program Plan). Attainment data shall be reported by the prime consultant to the Sponsor each time a payment request is submitted using NYSDOT's approved Civil Rights reporting software.

#### 13.8.1.2 Construction Contracts

NYSDOT's website has established DBE construction contract goals and instructions at https://www.dot.ny.gov/divisions/engineering/design/dqab/hdm/chapter-21/dmwbe-goals. The minimum thresholds for DBE goal inclusion is either $500,000 or $1,000,000 based on the Engineer's Estimate (EE) and the contract's scope and location. Contracts less than $500,000 will have a zero DBE goal unless otherwise specified by the Local Programs Bureau. Contractors shall encourage DBE participation on these zero goal projects as described in NYSDOT's Standard Specifications Section 102-12.

### 13.8.2 DBE Goal Modification Process

Sponsors may request a modification to DBE goals. A modification can be an increase, reduction, or exemption. Increases might be appropriate for those projects with additional opportunities for DBE participation due to the variety of operations or magnitude of the project. Conversely, a reduction or exemption could be sought for projects with no significant opportunities for DBE participation, perhaps due to being specialized in nature with few pay items. The Sponsor must make a written request to the RLPL prior to contract advertisement, but preferably before contract document review and approval. The Sponsor must include a detailed analysis with calculations and supporting documentation justifying the request on Form C-258 Disadvantaged/Minority/Women's Business Enterprise Goals: Exemption or Reduction in Goal(s) Request. Refer to HDM Chapter 21, *Contract Plans, Specifications, and Estimates.*

The DBE goal modification must be reviewed and approved by both NYSDOT and FHWA. The review and approval process is extensive; therefore, an appropriate amount of time needs to be allocated for review and approval. The revised DBE goal must be included in the project's

advertisement, proposal, and contract (see Chapter 14 for guidance).

### 13.8.3 DBE Goal and Good Faith Efforts (GFE)

The DBE goal is expressed as a percentage of the total award amount. The goal is stated in the bid proposal and remains in effect throughout the life of the contract. Failure to commit to meeting the established contract goal or to demonstrate Good Faith Efforts (GFE) may be grounds for rejection of the bid. In executing the contract or bid documents, the bidder is declaring acceptance of the goal and shall meet the goal or demonstrate GFE to do so during the Post-Award phase. Further details concerning GFE's can be found in Chapter 14 and the CAM.

## 13.9 PROMPT PAYMENT

The Sponsor is responsible for ensuring all consultants and contractors comply with the prompt payment contract requirements in ***49 CFR 26.29***. These requirements must be included in the Sponsor's contract specifications. The Sponsor is responsible for quality control monitoring of prompt payments using EBO and other means with the RLPL's providing quality assurance monitoring and enforcement.

While ***49 CFR 26.29*** requires payment to subcontractors within 30 days, New York State and General Municipal Laws are more stringent. Specifically, NYS Finance Law Article 9, Section139-f, and NYS General Municipal Law, Section 106-b, require prime consultants and contractors to pay their subconsultants/contractors and their various vendors within seven (7) calendar days of receipt of payment from the public owner, e.g., the project Sponsor and provides for interest on late payments for all public works contracts. Contract provisions incorporating any other payment schedule will not be allowed (see Chapters 6 and 12).

## 13.10 FEDERAL REPORTING REQUIREMENTS

Consultants and contractors are required to submit data to Sponsors primarily by using NYSDOT's Civil Rights reporting software, i.e., EBO. Sponsors are required to ensure that consultants and contractors submit timely, accurate, and complete data. This will enable NYSDOT to submit timely, accurate, and complete federal reports that include all federally aided contracts in New York State as required by federal regulations. Tables 13-1 and 13-2 in the Appendices summarize the Civil Rights data that consultants and contractors must report to Sponsors. A Sponsor's failure to ensure timely, accurate and complete reporting of Civil Rights data will result in a loss of federal aid. All data must be entered prior to project final acceptance by the Sponsor.

## 13.11 CONTRACT COMPLIANCE REVIEWS

The Sponsor must conduct Civil Rights monitoring on all federal aid construction contracts. The Sponsor may be directed to perform a comprehensive construction contract compliance review in accordance with ***23 CFR 230 Subpart D***. The procedure and forms for the construction contract compliance review process are found in the Contract Administration Manual (CAM), Section 98 and can be accessed at,
https://www.dot.ny.gov/main/business-center/contractors/construction-division/construction-repository/CAM_Sect98.pdf.

## 13.12 FINAL REPORTS – CONTRACT CLOSE-OUT

Sponsors must ensure that all required Civil Rights data is in NYSDOT approved Civil Rights reporting software EBO prior to contract closeout. Failure to ensure timely, accurate, and complete data may jeopardize federal reimbursement and future federal aid.

## 13.13 NON-COMPLIANCE WITH FEDERAL CIVIL RIGHTS REQUIREMENTS

By signing the State-Local Agreement (SLA), the Sponsor becomes contractually obliged to ensure all Civil Rights laws, rules, regulations, and federal executive orders are adhered to in contracts with its consultants and contractors. Failure by the Sponsor to carry out its responsibilities under, and to comply with, federal civil rights requirements will result in a loss of federal aid by one of the following options: non-reimbursement, administrative disallowance, or, Federal-Aid Ineligibility Notice (FAIN).

# ADA TRANSITION PLAN CHECKLIST

## (For Pedestrian Facilities in the Public Row)

## ADA TRANSITION PLAN CHECKLIST FOR PEDESTRIAN FACILITIES IN THE PUBLIC ROW

The Americans with Disabilities Act (ADA) and other federal statutes place responsibility on Sponsors to meet accessibility requirements for pedestrians. These requirements include a self-evaluation study to see where the Sponsor's facilities stand with regard to accessibility and a transition plan to provide the needed accessibility improvements.

This Appendix (13-2– ADA Transition Plan Checklist) was developed and modified based on document *NCHRP 20-7 (232): ADA Transition Plans A Guide to Best Management Practice* from the National Cooperative Highway Research Programs authored by Jacobs Engineering Group. The link above is to the guidance document in its entirety.

The appendix helps Sponsors identify deficiencies in their pedestrian network; develop a method to make pedestrian facilities accessible in the public Right-of-Way; provide a schedule for making the required access modifications and designate an ADA Coordinator responsible for coordinating all ADA related inquires. This checklist is a discussion about how Sponsors have undertaken or are planning to undertake this requirement.

The following are eight sections to the checklist:
(1) Sponsor Responsibilities;
(2) Identification of Deficiencies;
(3) Designs and Cost Estimates for Improvements;
(4) Prioritization of Improvements;
(5) Management Approach to Implementation;
(6) Funding Mechanisms;
(7) Scheduling and Budgeting;
(8) Coordination with Other Agencies;
(9) Promulgation and Feedback

We encourage municipalities to use a rating scale similar to NYSDOT's for consistence when evaluating their own facilities. Rating can be done along with the checklist.

EXAMPLE NYSDOT Sidewalk Rating

- Rating 1 – Not Applicable: A facility not considered to require accessibility, for example limited access highways.
- Rating 2 – Not Accessible: Significant discontinuity such as steps, no ramps, more than 100 feet of unpaved walkway, heaving, vertical displacement, other severe distress, flooding.
- Rating 3 – Partially Accessible: Not designed to current standards, problems with geometry of sidewalks, ramps and landings, no detectable warnings, handrails.
- Rating 4 – Accessible: May need additional improvements, for example, circuitous routes, insufficient width.
- Rating 5 – Fully Accessible: Designed to current standards, for example, presence of detectable warnings at curb ramp locations.

Sponsors vary greatly in their responsibilities and their structure and in the nature of the facilities that they manage. This section is intended to provide some context to help understand Sponsor planning for accessibility.

| **1. Sponsor Responsibilities** | |
|---|---|
| The goal of this section is to determine the range of facilities/assets that the Sponsor is responsible for. | |
| What types of facilities/assets is the Sponsor responsible for? | |
| Highways | |
| Rest Areas | |
| Welcome Areas | |
| Scenic Overlooks | |
| Recreation Areas | |
| Office Buildings | |
| Maintenance Facilities | |
| Bus Transit Systems | |
| Bus Stops | |
| Van Transit Systems | |
| Rail Transit systems | |
| Public Safety Facilities | |
| Railways | |
| Ferries | |
| Airports | |
| Ports and Harbors | |
| Pipelines | |
| Waterways | |
| Anything else | |

| **2. Identification of Deficiencies** | |
|---|---|
| The goal of this section is to discuss what facilities the Sponsor is typically dealing with and what some of the common deficiencies are. | |
| What types of facilities are you dealing with? | |
| Sidewalks | |
| Curb Ramps | |
| Curb Cuts | |
| Driveway Crossings | |
| Crosswalks | |
| Ramps | |
| Medians | |
| Bus Stops | |
| Shared Use Paths | |
| Other | |
| What types of deficiency issues are present? | |
| Clear Width and Other Dimensions (Narrow, Below Guidelines) | |
| Grade (Steepness, Angle Points) | |
| Cross Slope (Steepness, Irregularity, Variability) | |
| Materials and Finishes (Deterioration, Inappropriateness) | |
| Discontinuities (Missing Sections, Gaps, Drops) | |
| Obstructions (Signs, Lights, Mail Boxes, Fire Hydrants, Newspaper Boxes, Drainage Structures, Standing Water) | |
| Detectable Warning Systems (Missing, Inappropriate Materials, Inadequate Size, Wrong Location) | |
| Traffic Signal Systems (Inadequate Time Allowed, Inaccessible Buttons, Inoperable Buttons, Lack of Visually Impaired Provisions) | |
| Lighting(Missing, Not Operating, Inadequate Levels) | |
| Maintenance and Services (Snow Removal, Debris Clean Up, Trash Cans, Recyclable Material Bins) | |
| Access Through Work Zones | |
| Other | |

| 3. Designs and Cost Estimates for Improvements | |
|---|---|
| The improvements needed to correct deficiencies have to be defined through a design and cost estimating process. The goal of this section is to discuss the Sponsor's approach to doing this. | |
| Have your design standards been reviewed with regard to accessibility issues? | |
| Do you have in-house design capability with regard to accessibility issues? | |
| Are design consultants needed? | |
| What cost estimating resources do you rely on for accessibility improvements? | |
| What escalation factors are you applying to accessibility improvements? | |

| 4. Prioritization of Improvements | |
|---|---|
| A priority ranking for approaching the defined improvements has to be worked out so that an effective schedule can be established. The goal of this section is to discuss the methods used to rank the improvements in order of priority. | |
| What is the approach to prioritizing improvements? | |
| Population density in the area | |
| Significant disabled population within the area | |
| Proximity to key locations | |
| Government offices | |
| Schools | |
| Hospitals | |
| Places of employment | |
| Shopping areas | |
| The severity of the deficiency | |
| Is a review of complaints a factor | |
| Is public demand a factor | |
| What are the sources of public demand | |
| Is compatibility with the available budget a factor | |
| How are the available budget and the improvement needs matched? | |

| 5. Management Approach to Implementation | |
|---|---|
| The goal of this section is to explore how the Sponsor manages the development of the transition plan and carrying out the improvements. The development of the plan may be a one time rather intense effort but the tracking of the implementation of the improvements will be a less intense long time assignment. | |
| Who is the Responsible Local Official (RLO) in-charge of the implementation of the Transition Plan? | |
| Who Is the ADA Transition Coordinator? | |

## INTRODUCTION

The purpose of this ADA Transition Plan is to ensure that *Municipality* creates reasonable, accessible paths of travel in the public right-of-way for everyone, including people with disabilities.

The *Municipality* has *e.g., made a significant and long-term commitment to improving the accessibility of their pedestrian facilities.*

The ADA Transition Plan identifies physical barriers and prioritizes improvements that should to be made throughout the . This Transition Plan describes the plans, policies and programs to enhance the overall pedestrian accessibility.

### Transition Plan History and Overview

*In year, the Municipality, e.g., completed an ADA Transition Plan addressing architectural barriers in their buildings, facilities, and programs. Also since year, the Municipality e.g., has had an active Sidewalk Replacement Program and in year e.g., began a five-year program to replace or add curb ramps at intersections throughout the (Choose One). This plan is, e.g., to demonstrate the continued progress by the Municipality to make their pedestrian facilities in the public right-of-way reasonably accessible for all persons.*

## LEGAL REQUIREMENTS

The federal legislation, known as the American with Disabilities Act (ADA), enacted on July 26, 1990, provides comprehensive civil rights protections to persons with disabilities in the areas of employment, state and local government services, and access to public accommodations, transportation, and telecommunications.

Title II specifically applies to "public entities" (state and local governments) and the programs, services, and activities they deliver. Title II, Article 8, requires public entities to take several steps designed to achieve compliance. The plan shall, at a minimum includes:

- A list of the physical barriers and their locations in a public entity's facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities.
- A detailed outline of the methods to be utilized to remove these barriers and make the facilities accessible.
- The schedule for taking the necessary steps to achieve compliance with Title II.
- Public complaint/grievance procedure.
- The name/position of the ADA Coordinator and/or official responsible for the plan's implementation.

Transition plans provide a method for a public entity to schedule and implement ADA required improvements to existing streets and sidewalks. Before a transition plan can be developed, an inventory of the current curb ramps and sidewalks must be developed.

## IDENTIFIED OBSTACLES TO THE PUBLIC RIGHT-OF-WAY

The *Municipality* has a two-tiered system to identify and assess obstacles in the public right of way: a Preliminary Evaluation and a Detailed Evaluation. The barriers used in the evaluations are based on the ***Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way*** (ADA Guidelines) from the U.S. Access Board.

**Preliminary Evaluation**

The first tier is a Preliminary Evaluation of the sidewalks and intersections. This initial evaluation includes searching and visually checking the street network to identify deficiencies in sidewalks and intersections. The purpose of this evaluation is to determine which sidewalks and intersections are obviously non-compliant with the ADA Guidelines and to get a comprehensive overview of the complete pedestrian network. The preliminary inventory evaluates four (4) criteria for curb ramps and three (3) criteria for sidewalks:

**Curb Ramps**

1. Is a curb ramp required?
2. Does the curb ramp have a color contrasting detectable warning?
3. Does the curb ramp have a clear landing at the top of the ramp?
4. Is surface of ramp and landing smooth without cracking or heaving?

**Sidewalks**

1. Is there a continuous clear space for pedestrian access?
2. Does the sidewalk appear to provide adequate passing zones?
3. Does the sidewalk appear to be smooth without grade breaks

The Preliminary Evaluation *(e.g., utilizes aerial and street-level photography)* to view each sidewalk and intersection. Any mapping tool application *(e.g. google streets, mapquest, etc.)* may be utilized. The criteria used can be seen on these *(e.g., aerials)* and are key design components to determine ADA compliance.

If the curb ramps and sidewalks do not meet the criteria, then that intersection does not need further evaluation because it is obviously non-complaint with the ADA Guidelines. If it did meet the criteria, then that intersection would be "potentially compliant" and would need a Detailed Evaluation to determine if it fully complies with the ADA Guidelines.

**Detailed Evaluation**

The second tier is a Detailed Evaluation of the sidewalks and intersections identified as "potentially compliant" during the Preliminary Evaluation. This requires a site visit to measure specific physical attributes, such as width, running slope, and gaps in the curb ramp or sidewalk, to determine compliance with the identified ADA barriers. For a description of the identified barriers see Attachment A. When the data is gathered, it is recorded *(e.g., in an intersection database)*. The result of this evaluation *(e.g., is a detailed understanding of the ADA barriers at that intersection)*.

## METHODS TO REMOVING BARRIERS — POLICIES & PRIORITIES

The *Municipality* utilizes many different approaches to removing barriers in the public right-of-way, including proactively identifying and eliminating the barrier, responding to public complaints and ensuring the appropriate design and build-out of new construction following the most recent design guidelines.

### Barrier Removal Priorities

The *Municipality* bases barrier removal priorities on two factors: location and the accessibility condition of the intersection.

### Location Priority

According to the proposed ADA design guidelines, " the U.S. Department of Justice (DOJ) regulation imposes a specific construction requirement...specifies a priority for locating (curb ramps) at State and local government offices and facilities; transportation; places of public accommodation; places of employment; and other locations." Following this guidance, the *Municipality* identified its location priority as follows:

- Intersections serving *(e.g., government facilities)*,
- Intersections serving *(e.g., commercial and employment centers)* and
- Intersections serving other areas, *(e.g., parks and historic sites)*.

**Accessibility Condition**

Using the data from the Preliminary Evaluation and the Detailed Evaluation, an accessibility condition rating can be determined. NYSDOT uses the following ratings and definitions to assess the condition of each sidewalk, curb ramp or crosswalk feature; this method is highly recommended:

- Rating 1 - Not Applicable: A facility not considered to require accessibility, for example, limited-access highways, no sidewalk present.
- Rating 2 - Not Accessible: Significant discontinuity such as steps, no ramps, more than 100 feet of unpaved walkway, heaving, vertical displacement, other severe distress, flooding.
- Rating 3 - Partially Accessible: Not designed to current standards, for example, problems with geometry of sidewalks, ramps and landings, no detectable warnings, handrails.
- Rating 4 - Accessible: May need additional improvements, such as no detectable warnings at curb ramp locations, insufficient width.
- Rating 5 - Fully Accessible: Designed to current standards, presence of detectable warnings at curb ramp locations.

**Priority Rank**

In order to determine the overall priority of an intersection, or Priority Rank, the *Municipality* may chose to use the following matrix to match the location priority to the Access Grade.

| | Location Priority | | |
|---|---|---|---|
| | 1 | 2 | 3 |
| Access Grade | Locations serving (e.g., Government Facilities | Locations serving e.g., Commercial & Employment Centers | Locations serving Other Areas |
| 2 | 1 | 2 | 3 |
| 3 | 1 | 2 | 3 |
| 4 | 1 | 2 | 3 |
| 5 | 1 | 2 | 3 |

**Priority Rank Levels**

| High | Medium | Low |
|---|---|---|

The *Municipality* determines the priority of improvements by indentifying which of the groupings are high, medium, or low priorities. A listing of priority intersections and a map that shows which intersections are high, medium, and low priorities for barrier removal are in Attachment B.

**PUBLIC COMPLAINT PROCESS**

The public complaint process is an integral part of this Transition Plan. Public complaints or requests may often drive the prioritization of improvements. To file a complaint or a request regarding accessibility of a sidewalk or curb ramp, go to "Procedures for Implementing Reasonable Accommodation in Programs and Services for Individuals with Disabilities" at https://www.dot.ny.gov/programs/adamanagement/ada-procedures or contact the NYSDOT Regional ADA Coordinator, *(e.g., in writing or electronically)* and describe the issue in detail, including the location. The ADA Coordinator will route this information to the appropriate department of the *Municipality's* for inspection and possible action. That department will then respond to the ADA Coordinator with its findings, and the ADA Coordinator will record the formal response and reply to the complainant/requestor. All complaints or requests will be kept on file and will include the response. Attachment C is a copy of the *Municipality's* public Grievance Procedure for Pedestrian Facilities in the Public Right-of-Way.

**NEW CONSTRUCTION & ALTERATIONS**

In order to ensure the correct design of curb ramps, sidewalks, and crosswalks in new construction and alterations, the *Municipality* has adopted the Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities (ADAAG) (www.access-board.gov) as supplemented by the 2011 *Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way* (ADA Guidelines). These are the primary regulatory standards that govern the design and construction of all pedestrian facilities in all Department projects. It is important to note that in alteration projects, whenever pedestrian facilities cannot fully meet the standards outlined in the ADA Guidelines, a determination of each structural impracticability or technical infeasibility must be thoroughly documented in the permanent project record. See HDM Section 18.6.1.2 for further information. This information will support the brief explanation that should be included in the Project Scoping and Design Reports

**SCHEDULE**

As opportunity allows, the *Municipality* will make efforts to improve the ADA Accessibility of pedestrian facilities in the public right-of-way. Compliance is required to the extent practicable within the scope of the project." There will be times when it is technically impractical to provide full compliance with the guidelines: for example, if clear space at the top of the ramp is obstructed by a building or the slope of a hill is so extreme as to prevent a reasonable slope for a ramp in both directions. The inventory process may not account for such situations and could show a high-priority rating when all practical actions have been taken.

## PUBLIC INPUT

The *Municipality* provides opportunities for individuals to comment on this Transition Plan, which includes:

- Document copies available and notices sent to *(e.g., local public libraries)* as follows:
- Document made available on *Municipality*'s website at
- Open house and presentation at a public meeting on *Month, DD, YYYY*

The *Municipality* published legal notices in *(e.g., newspaper(s) of general circulation)* as follows: ,starting on *MM/DD/YYYY*. The legal notices announced the availability of the Transition Plan draft at the *(e.g., local public library)* with easy public access. These notices also provided instructions regarding the timetable for comments and where to send them. Public comments were accepted for a period of no less than 30 days, ending *MM/DD/YYYY*. Public comment form is available on Attachment D. Formal adoption of the Transition Plan took place on *MM/DD/YYYY*. It will be available on the web and by written formal request to the ADA Coordinator.

## ADA GUIDELINES USED IN DETAILED EVALUATION

### Curb Ramps

In evaluating the accessibility of existing curb ramps, the following factors were considered:

1. Is there a curb ramp?
2. Is there a curb ramp where a sidewalk crosses a street?
3. What type of curb ramp?
    a. Perpendicular curb ramp
    b. Parallel curb ramp
    c. Blended transitions
4. Is the width of the curb ramp at least 4 feet wide (excluding flares)?
5. Are there detectable warnings properly installed where a curb ramp or blended transition connects to a street?
6. Is the running slope greater than 5% but less than 8.3% (blended transition 5% maximum)?
7. Is the cross slope less than 2%?
8. Is the landing a minimum of 4 feet x 4 feet?
9. Is the surface of the curb ramp or blended transition firm, stable, and slip resistant and clear of gratings, access covers, and other appurtenances?
10. Is the grade break at the top and bottom of the ramp flush and not located on the surface of the curb ramp, landing, or gutter areas?
11. Is the sum between the curb ramp and the change of grade (counter slope) of the gutter or street at the foot of the curb ramp more than 11%?
12. Is the clear space beyond the curb face at least 4' x 4'?
13. If the curb ramp is perpendicular, is the slope of the flared sides* less than 10% where a pedestrian path crosses the curb ramp?
14. Where the pedestrian access route begins at the street crossing, is there less than 0.25" vertical difference between flush curb and street?

**Note*: Flares are not needed if the sides are protected from travel by landscaping or street furnishing.**

### Sidewalks

In evaluating the accessibility of existing sidewalks, the following factors were considered:

1. Is there a sidewalk at each corner?
2. Is there at least 4 feet of continuous and unobstructed clear width of a sidewalk (excluding the curb width)?
3. If the continuous width is less than 5 feet, are there passing spaces at least every 200 feet along the sidewalk that are 5 feet wide or greater for a distance of 5 feet?
4. Is the cross slope of the sidewalk less than 2%?
5. Where the sidewalk is adjacent to the street, does the grade of the sidewalk not exceed the general grade of the street?
6. Is the surface of the sidewalk firm, stable, and slip resistant?
7. Are any gaps in the surface less than 1/2 inch?
8. Is the sidewalk clear of obstacles? i.e., utility covers, grates etc.? If there is a grate:
    a. are the openings no more than 1/2 inch wide and

b. do the elongated openings run perpendicular to the direction of travel?

9. Is the sidewalk clear of overhanging or protruding objects? If there is a protruding object is:
   a. the leading edge of that object less than 17 inch and more than 80 inch above the ground, or
   b. the protrusion less than 4 inches into the travel path of the sidewalk, or
   c. a barrier is provided no more than 17 inches from the ground where the vertical clearance is less than 80 inches.
10. Are any vertical differences in sidewalk surface less than 0.25"?

**Crosswalks**

In evaluating the accessibility of existing crosswalks, the following factors were considered:

1. Is there a crosswalk that connects two sidewalks across a street?
2. Is the width of the marked crosswalk at least 6 feet?
3. Does the cross slope of the crosswalk meet the following guidelines:
   a. If the crosswalk is crossing a street with a stop control, is the cross slope less than 2%?
   b. If the crosswalk is crossing a street without a stop control, is the cross slope less than 5%?
4. Is the running slope of the crosswalk less than 5%?
5. If the crosswalk crosses a median, is the length of the median at least 6 feet and does it contain detectable warnings located at curb line or edge of the roadway?
6. If the intersection signalized, does it have a pedestrian signal, if so, does the pedestrian signal phase allow enough time for a walking speed of at least 3.5 ft/sec?

Adopted: **Signed by:** _____

**Responsible Local Official (RLO) or Title VI Coordinator or Designee**

**TABLE OF CONTENTS**

**Introduction** ..... **pg.**
Description of Title VI of the Civil Rights Act of 1964 and the Sponsor's responsibilities associated with the acceptance of receiving federal funds through the New York State Department of Transportation, (NYSDOT).

> *Sample Introduction:*
> *Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin. Related statutes, which prohibit discrimination based on sex, disability and age also, are covered in the Sponsor's programs, services and activities. A list of related statutes and federal executive orders is included as Appendix A.*
>
> *When local governments accept federal aid funds/assistance through the New York State Department of Transportation (NYSDOT) to improve roads, bridges, transit or other public works all other operations of the local government including consultant services are required to abide by Title VI, of the Civil Rights Act of 1964. Additionally, the (Sponsor) includes the principles of Environmental Justice (EJ) into its programs, policies and activities to ensure that all appropriate steps have been taken to identify and address any disproportionately high and adverse human health or environmental effects on minority and low income populations.*

**Policy Statement** ..... **pg.**
Issue a policy statement, signed and dated by the Sponsor's head official (Responsible Local Official, RLO) which expresses commitment to the nondiscrimination provisions of Title VI. Circulate the policy statement throughout the Municipal's organization/department and to the general public. Publish such information where appropriate in languages other than English.

**Organization Chart** ..... **pg.**
Provide a copy of the Sponsor's organizational chart. Include the person to perform the duties of the Title VI Coordinator.

**Title VI- Nondiscrimination Assurances** ..... **pg.**
Include a copy of the Sponsor's signed Title VI assurances, including appendices.

**Title VI Coordinator** ..... **pg.**
Appoint someone in a position of authority as the Title VI Coordinator to be responsible for Title VI- Nondiscrimination activities, instructions, complaints and reports. The Title VI Coordinator should have easy access to the head of the organization, (RLO).

**Complaint Procedure** ..... **pg.**
Describe the process the Sponsor has in place to notify and inform the public of its right to file a discrimination
complaint.

**Data Collection.....pg.**
Data should be collected and analyzed to ensure minority groups are not being discriminated against in the delivery of services that are federally funded. NYSDOT and its Sponsors are required to maintain racial and ethnic data showing the extent members of minority groups are beneficiaries of programs receiving federal financial assistance. Data collection can be helpful to identify:

1. Needs of all effected persons located within the boundaries of plans or projects.
2. Persons impacted and strategies to address impacts.
3. Persons to include in the decision-making process.
4. Strategies to disseminate information.

**Monitoring .....pg.**
For each of the following major program areas, summarize how Title VI monitoring is accomplished by the Title VI Coordinator and program area personnel.

a. Planning
b. Project Development
c. Right-of-Way
d. Engineering
e. Research

**Training.....pg.**
Develop a schedule to provide Title VI training to Sponsor's employees and their consultants/contractors and sub-consultants/contractors. Maintain data on frequency of training, locations, number of participants and target audience.

**Public Participation .....pg.**
Sponsors are required to have in place effective ways to notify and inform the public of their rights under Title VI and describe how the information is made available. The notice should include information regarding how the public can request additional information and procedures to follow to file a complaint of discrimination.

**Limited English Proficiency Plan .....pg.**
Sponsors of federal funding are required to have a LEP Plan (**see LEP Plan template Attachment 1**) for providing access to activities and programs for persons with LEP. Sponsors should be able to demonstrate how they ensure meaningful access to their benefits, services and other important operations of its programs and activities for individuals who are LEP.

> Note: If a Sponsor's activity will have an impact on an area where 5% or more of the individuals in that area speak a language other than English, materials advertising the activity should be translated into the language spoken in the affected area. Translators should be available to assist individuals at public meetings, hearings, etc. Reasonable efforts should apply even when less than 5% of the Sponsor affected population has LEP needs. Reasonable accommodations for persons with disabilities should be provided as appropriate on a case-by-case basis.

**Appendix A – Nondiscrimination Authorities.....pg.**
Authorities and statues that maybe referenced to within the Title VI Plan.

## INTRODUCTION

This Limited English Proficiency Plan has been prepared to address the *(Sponsor's)* responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English proficiency language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq., and its implementing regulations, which state that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled ***Improving Access to Services for Persons with Limited English Proficiency***, indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination which is covered under Title VI It directs each agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies (Sponsors) which receive federal funds.

### Plan Summary

The *(Sponsor)* has developed this ***Limited English Proficiency Plan*** to help identify reasonable steps for providing language assistance to persons with limited English proficiency (LEP) who wish to access services provided. As defined Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP persons that assistance is available.

In order to prepare this plan, the *(Sponsor)* used the four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served by the *(Sponsor)*.
2. The frequency with which LEP persons come in contact with *(Sponsor)* services.
3. The nature and importance of services provided by the *(Sponsor)* to the LEP population.
4. The interpretation services available to the *(Sponsor)* and overall cost to provide LEP assistance. A summary of the results of the four-factor analysis is in the following section.

## MEANINGFUL ACCESS: FOUR-FACTOR ANALYSIS

**The number or proportion of LEP persons in the service area who may be served or are likely to require services.**

The staff reviewed the 2006-2010 American Community Survey 5-Year Estimates for New York State and determined that individuals in service area *0%* of the population] speak a language other than English. Of those, individuals have limited English proficiency; that is; they speak English less than "very well" or "not at all." This is only *0*

% of the overall population in the service area. In service area, of those persons with limited English proficiency, *0%* speaks **German,** *0%* speaks **Spanish**, *0%* speaks **African languages**, *0%* speaks **Chinese,** *0%* speaks **Serbo-Croatian,** *0%* speaks **Scandinavian,** *0%* speaks **Japanese**, *0%* speaks **Russian,** *0%* speaks **other Indic languages,** *0%* speaks **Vietnamese**, *0%* speaks **French,** *0%* speaks **Tagalog,** *0%* speaks **other Slavic languages,** *0%* speaks **Arabic, Indo-European languages,** *0%* speaks **Native North American Languages,** and ***0% speaks all other languages.***

**The frequency with which LEP persons come in contact with services.** The staff reviewed the frequency with which their office staff and department staff have, or could have, contact with LEP persons. This includes documenting phone inquiries or office visits. To date, the has had requests for interpreters and requests for translated program documents as follows: . The other staff have had very little contact with LEP persons.

**The nature and importance of services provided by the to the LEP population.** There is no large geographic concentration of any type of LEP individuals in the service area for the . The overwhelming majority of the population, *0%*, speak only English. As a result, there are few social, service, or professional and leadership organizations within the service area that focus on outreach to LEP individuals. The staff are most likely to encounter LEP individuals through office visits, phone conversations, notifications from department staff of impacts on service area services and attendance at meetings.

**The resources available to the and overall costs to provide LEP assistance.** The reviewed its available resources that could be used for providing LEP assistance, which of its documents would be most valuable to be translated if the need should arise, and contacted local citizens that would be willing to provide voluntary Spanish translation if needed within a reasonable time period. Other language translation if needed would be provided through bilingual staff or a telephone interpreter line for which the would pay a fee.

## LANGUAGE ASSISTANCE

A person who does not speak English as their primary language and who has a limited ability to read, write, speak or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to services. Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language and/or translation, which means the written transfer of a message from one language into another language.

How the staff may identify an LEP person who needs language assistance:

- Post notice of LEP Plan and the availability of interpretation or translation services free of charge in languages LEP persons would understand.
- All staff will be provided with language identification cards to assist in identifying the language interpretation needed if the occasion arises.
- All staff will be informally surveyed periodically on their experience concerning any contacts with LEP persons during the previous year.
- When the sponsors an informational meeting or event, a staff person may greet participants as they arrive. By informally engaging participants in conversation it is possible to gauge each attendee's ability to speak and understand English. Although

translation may not be able to be provided at the event it will help identify the need for future events.

**Language Assistance Measures**
Although there is a very low percentage of LEP individuals in the service area, that is, persons who speak English less than "very well" or "not at all", it will strive to offer the following measures:

1. The staff will take reasonable steps to provide the opportunity for meaningful access to LEP clients who have difficulty communicating English.
2. The following resources will be available to accommodate LEP persons:

- Volunteer interpreters for the Spanish language are available and will be provided within a reasonable time period.
- Language interpretation will be accessed for all other languages through a telephone interpretation service.

**STAFF TRAINING**

The following training will be provided to all staff:

- Information on the Title VI-Nondiscrimination Policy and LEP responsibilities.
- Description of language assistance services offered to the public.
- Use of interpreter service provider's language identification cards.
- Documentation of language assistance requests.
- How to handle a potential Title VI /LEP complaint.

**All contractors or subcontractors performing work for the _____ will be required to follow the Title VI /LEP guidelines.**

**TRANSLATION OF DOCUMENTS**

The weighed the cost and benefits of translating documents for potential LEP groups. Considering the expense of translating the documents, the likelihood of frequent changes in documents and other relevant factors, at this time it is an unnecessary burden to have any documents translated.

Due to the very small local LEP population, the does not have a formal outreach procedure in place, as of **2014**. Translation resources have been identified and are limited in this region. However, when and if the need arises for LEP outreach, the will consider the following options:

- When staff prepares a document, or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population.

- will assess requests for translation of documents based on the possible impacts and known LEP population.

## MONITORING

**Monitoring and Updating the LEP Plan** – The will update the LEP Plan as required. At a minimum, the plan will be reviewed and updated when data from the **2010 U.S. Census** is available, or when it is clear that higher concentrations of LEP individuals are present in the service area. Updates will include the following:

- The number of documented LEP person contacts encountered annually.
- How the needs of LEP persons have been addressed.
- Determination of the current LEP population in the service area.
- Determination as to whether the need for translation services has change
- Determine whether local language assistance programs have been effective and sufficient to meet the need.
- Determine whether the financial resources are sufficient to fund language assistance resources needed.
- Determine whether the fully complies with the goals of this LEP Plan.
- Determine whether complaints have been received concerning the agency's failure to meet the needs of LEP individuals.

## DISSEMINATION OF THE *(Sponsor)* LEP PLAN

- Choose from the following what you as a subrecipient will do:
- Post signs in service area notifying LEP persons of the LEP Plan and how to access language services.
- State on agendas and public notices in the language that LEP persons would understand that documents are available in that language upon request at .
- Post on 's website the LEP Plan and how to access language services.
- Publish Press Release.
- Send copy of press release to advocacy groups and other agencies serving LEP populations.

## 14.1 INTRODUCTION

This chapter describes the various phases of the contracting process including solicitation of bidders (advertising), bid opening, bid analysis to identify the lowest bidder, and contract award and documentation for locally administered federal aid transportation construction contracts. The Sponsor must have an approved *Construction Management Plan* (CMP) prior to contract award, appropriately revised to reflect project staffing and be signed by the NYSDOT Regional Local Project Liaison (RLPL), or appropriate designee (see Chapter 12, Section 12.2.2 and Appendix 12-3 of this manual).

The following federal regulations apply to **ALL** projects:

- *Advertising for bids and proposals* (***23 CFR 635.112***);
- *Method of Construction* (***23 CFR 635.104***);
- *Participation by Disadvantaged Business Enterprises in US Department of Transportation Financial Assistance Programs* (***49 CFR 26***); and
- *Equal Employment Opportunity (EEO) on Federal and Federal-Aid Construction Contracts (Including Supportive Services)* (***23 CFR 230***)

When a discrepancy exists between federal, state and municipal laws, rules and regulations, federal law prevails; with the exception when State and municipal laws, rules, and regulations may be stricter and therefore have precedence.

## 14.2 ADVERTISING

Advertising for all federal aid construction contracts must meet federal requirements and foster widespread competitive bidding. When the contract bid documents, including Plans, Specifications, and Estimate of quantities (PS&E), have been assembled, approved by the RLPL and the Sponsor receives Federal Authorization to Proceed[1] from the RLPL, the Sponsor is required to advertise the contract for bidding in accordance with ***23 CFR 635.112***.

New York State requires the publication of the solicitation of bids for a construction contract to be advertised in The New York State Contract Reporter (NYSCR) for at least three weeks (15 business days) before the opening of the bids. Additionally, the Sponsor is encouraged to place additional advertisements in other appropriate publications (e.g. local newspapers, trade journals). The use of several forms of advertising publications will help avoid a single bidder, as well as, give more opportunities to fulfill both Disadvantaged Business Enterprises (DBE) and Equal Employment Opportunity (EEO) requirements. Advertising costs should be charged to the construction phase. A Construction Advertisement Checklist and a sample Notice to Bidder – Advertisement to Bid indicates the information to be included in an advertisement (see Appendix 14-7 and Appendix 14-8).

The advertisement must identify the EEO goals for women and minorities in every contract regardless of fund source. The advertisement must identify DBE contract goals (federal funds), if applicable. If a 0% DBE goal is established, NYSDOT strongly encourages the use of DBE contractors wherever possible. If the contract is state-funded (non-federal funds) the advertisement must identify Minority/Women-Owned Business Enterprise (M/WBE) goals.

### 14.2.1 New York State Contract Reporter (NYSCR)

The NYSCR is an exclusively online publication requiring electronic submission of advertising content. To comply with federal requirements, **all contracts with New York State** (including locally administered

[1] The Sponsor could forfeit federal reimbursement if the advertisement of a contract takes place before receiving a Notification to Proceed.

federal aid transportation projects) for the procurement of goods and services must be published in the NYSCR. There is no fee for advertising or for viewing ads on the site. Sponsors must be registered before submitting advertisements and may do so from the NYSCR registration website.

Once a Sponsor is granted access, they will receive a password and instructions by email for the ad submission. The NYSCR can accept bid specification documents in Word, Excel, PowerPoint or PDF formats as attachments (up to 50 MB) to be published with the advertisement. When an advertisement is successfully submitted, an ad number is assigned. The Sponsor is notified via email of the issue in which the ad will appear. A confirmation page confirming the details of the submission can be printed. Additionally, the NYSCR can capture and provide in an Excel format, a list of registered users who viewed, bookmarked, opened bid documents or opted to receive bid update notifications for the advertisement, including their contact information. All information exchanges with the NYSCR (email confirmations, downloaded spreadsheets, screen captures of advertisements, etc.) should be printed and kept in the project file.

The NYSCR is published weekdays and new solicitations appear every morning. Any advertisement submitted successfully to the NYSCR on a given day appears the following business day. Advertisements submitted Friday, Saturday or Sunday appear on Monday, if it is not a legal holiday.

The earliest bid due date allowed in the ad insertion form shall be 15 business days (Monday-Friday) after the advertisement is published. The insertion, publication, and earliest due dates can be calculated by using the Publication Calculator Tool on the NYSCR's website. If an earlier bid due date becomes necessary, the Sponsor must get approval from the RLPL, with help from the NYSCR, which can be sought through the Contact Us.

As noted previously, any questions or requests for assistance can be made online through the **Contact Us** link or by calling Empire State Development, Procurement Assistance Services/NYSCR at (518) 292-5266.

Contracts to be awarded on a sole source[2] or single source[3] basis must have prior approval from the Main Office Local Programs Bureau (LPB). If approved, they will also need to be advertised.

### 14.2.2 Instructions to Bidders Regarding Proposed DBE Participation

Revision to ***NYSDOT Standard Specification Section 102-12***, participation indicates that the bidder shall submit DBE commitments with its proposal, including DBE name, address, work category, a brief description of work, and estimated commitment amount. To assist the Sponsor with collecting this information, see Appendix 14-9, Proposed DBE Commitment. (This form will be moved to Chapter 12 in the future.)

## 14.3 AMENDMENTS

An amendment is a formal modification of a proposed contract, issued after the advertisement publication date, and prior to the opening of bids. The Sponsor **shall have a process in place** to ensure all plan holders and NYSDOT receive amendments when issued. The following should be considered when a Sponsor is contemplating amending a contract:

[2] Sole source is a situation in which only one contractor can supply the goods or services.
[3] Single source is when two or more contractors can supply the goods or services, but one is selected over the others because of distinguishable expertise, previous experience with similar contracts, etc.

- If significant changes to the scope or scale are necessary, **the Sponsor should seek advice from the RLPL (changes may require FHWA approval if the project is on the NHS or a Project of Division Interest).** If the changes are not allowed or appropriate to be incorporated by amendment the Sponsor should cancel the advertisement, redesign the project and then re-let the project.
- An amendment should be issued when the following errors are discovered:
    a. Any contract pay item quantity change of ±20% in Engineer's Estimate.
    b. Any contract pay item quantity change, multiplied by the estimated unit price (or change in a lump sum item), which alters the total engineer's estimate by more than ±1%.
    c. DBE goal incorrectly stated in the contract.
    d. EEO goals incorrectly stated in the contract.

## 14.4 BID LETTING AND BID ANALYSIS

Per ***23 CFR 635.113(a)***, "*All bids received in accordance with the terms of the advertisement shall be publicly opened and announced either item by item or by total amount. If any bid received is not read aloud, the name of the bidder and the reason for not reading the bid aloud shall be publicly announced at the letting.*"

If the proposal includes alternate bidding procedures, the contract budget and alternate bidding award procedures must be declared before opening bids and the announcement of the apparent low bidder (see Section 12.5.9). After all bid totals have been read aloud, the apparent low bidder is announced, and all bidders informed that award is pending a complete bid analysis including mathematical verification and affirmation that the low bidder is responsible. The Bid Analysis shall be concluded, and Contract Award shall be made within 45 days as noted in ***New York State Finance Law Section 140*** and ***NYS General Municipal Law Section 105***. If the award is not completed within 45 days, the contractor may withdraw their bid from consideration.

Negotiation with any bidder (i.e., adjusting quantities, changing unit prices, adding and subtracting work, etc.) before contract award is prohibited per ***23 CFR 635.113(a)***.

### 14.4.1 Bidder Responsibility

For all federal aid contracts, determination of whether or not a business entity is a "responsible bidder' is made using the guidelines established by ***9 NYCRR 4.170*** whereby a contractor/vendor may be deemed '*not responsible*".

The following must be verified as part of the bidder responsibility review by the Sponsor:

- For all contracts, the *New York State Uniform Contracting Questionnaire* (CCA-2) is used in the qualification of an entity as a "responsible bidder."
    - The NYSDOT Contract Management Bureau is responsible for reviewing and approving the CCA-2 questionnaire. After the low bidder is determined, the Sponsor should contact the RLPL as soon as possible to see if a *CCA-2* is on file for the bidder. If not, a questionnaire shall be completed by the low bidder and submitted to the Contract Management Bureau as instructed. A link to the CCA-2 questionnaire is on NYSDOT's website. Similar checks must be conducted on subcontractors (see LPM Chapter 15). RLPLs should access the "AASHTOWare Project Preconstruction" database to confirm that a vendor (contractor and subcontractors) has an approved CCA-2 on file.
- The United States General Services Administration's List of Debarred, Suspended, or Voluntarily Excluded Firms Ineligible for Federal Aid.
- NYS Department of Labor's monthly List of Employers Ineligible to Bid on or be Awarded any Public Work Contract.

- NYS Department of State's Corporation/Business Entity Database to ensure that Corporations, Professional Corporations, Limited Liability Companies, and Limited Liability Partnerships have the proper authority to conduct business in New York State.
    - The Sponsor should print out the result of their search of the above databases and keep in the project files. Acknowledgment of certification is noted in the "Bid Opening, Verification and Sponsor Recommendation" letter (Appendix 14-1) to be provided with the Award Package as noted in Section 14.7.
- Office of Safety and Health Administration (OSHA) website for safety violations for a given firm.
    - In the event, there is an OSHA violation against the low bidder, it should not be an automatic disqualification. Provide a discussion indicating the violation, if it has been addressed or is being addressed as a statement to be provided with the Award Package as noted in Section 14.7.

### 14.4.2 Bid Analysis

The Sponsor must conduct a bid analysis to ensure that the apparent low bid is responsible and reasonable and that the contract award will best promote the public interest. The preparation of a Tabulation of Bids (see Appendix 14-4) should be completed to include all bidders. A bid analysis generally consists of a comparative review between the Engineer's Estimate and the apparent low bidder's bid to determine if item quantities and prices are accurate and if assumptions made during the estimate process were valid. Information relative to the other bidders in the Tabulation of Bids is of value during the bid analysis if significant variations become apparent between the apparent low bid and the Engineer's Estimate.

The following steps must be performed for each contract as part of the bid analysis:

1. Review the bid items that are 25% over or under the Engineer's Estimate and look for potential errors.

   A significant difference between the Engineer's Estimate and the total contract or item bid price by the apparent low bidder may indicate issues with commodity prices or regional work volume in the construction market. The distribution of bidders may indicate market conditions and competition relative to an individual project. A low total contract bid price by a bidder relative to other bidders closer to the Engineer's Estimate may suggest a misinterpretation of the bid documents by the Low Bidder; or simply that the Low Bidder has limited work and is bidding work closer to cost.

   Evaluate items with high bid costs to determine if there is an omission or error in the plans or specifications. If something unusual is found, review the quantity to determine if there is a possibility there is an error in the quantity or in the unit price used in the Engineer's Estimate. If the item appears to be in question, contact the Project Designer/Engineer of Record.

   Evaluate high bid items where the quantity is relatively small, the item may be a low productivity item and may, therefore, cost more than a typical weighted average or estimated price. The item should be compared with the other bidder's prices and if it still seems unusual, further analysis is necessary.

   Note circumstances where quantity changes could affect the ranking of the bidders if corrections/changes are made to the quantities. If post-award changes are anticipated that would change the ranking of the bidders, it should be recommended that all bids be rejected.

2. Evaluate bids with significant variations from the Engineer's Estimate, among the bidders, or noted in Step 1, review the items having the largest dollar amount differential for jobs with overall bids 15% higher or lower than the Engineer's Estimate. Include in the review, the analysis of the B

portion of an A+B Contract when the difference is more than 50%. For contracts with multiple B time periods, evaluate any B time period that is more than 50% below the Engineer's Estimate.

Determine if any bid prices are obviously unbalanced to the potential detriment of the Sponsor and contract execution. (For example, if the obviously unbalanced bid prices are all for items which will occur at the beginning of the contract, and the Contractor defaulted, the Sponsor may be in a difficult position to recover payments made.) Base the analysis on verification of quantities, discussions with the apparent low bidder about whether the general location of the contract is convenient for the apparent low bidder and whether the apparent low bidder will ultimately yield the lowest cost.

Any discussion with the apparent low bidder during procurement is subject to New York State Procurement Guidelines, as stated in Article 11 of New York State Finance Law. Negotiations with contractors, during the period following the opening of bids and before the award of the contract, shall not be permitted per ***23 CFR 635.113(a)***. Discussions should be factual without discussion of the other bids or the Sponsor's contract award intentions. Contacting the apparent low bidder should not be a routine practice. If the low bidder cannot justify the unbalanced item(s), the contract should be considered for rejection. It may be very difficult to justify the removal of the low bidder with a recommendation to award to the second bidder if items are not significantly unbalanced. Once an award recommendation is reached, detailed justification must be provided to the RLPL. Though the bid may not be desirable, it may be acceptable.

When the Sponsor has some objection to the apparent low bidder or needs more time to evaluate qualifications of the apparent low bidder, the RLPL must be notified as soon as possible of the objection with a summary of the justifiable reasons. The RLPL will then notify the NYSDOT MO-Local Programs Bureau (MO-LocalProgramsBureau@dot.ny.gov). If the Sponsor has concerns with an apparent low bidder, documentation supporting the concerns should be provided to NYSDOT.

### 14.4.3 Reasonableness Justification

When the apparent low bid is more than 15% higher or lower than the Engineers Estimate a reasonable justification is to be included in the bid analysis. Where the bid is 15% higher, the justification should focus on notable differences between the low bid and Engineer's Estimate for specific items and should discuss the apparent reasons such differences exist and any inherent risks. Where lower, the justification should focus on the experience of the apparent low bidder and its ability to complete the contract according to ***9 NYCRR 4.170***. If it is determined that changes to the Engineer's Estimate would be appropriate based on bid analysis findings, provide descriptions of the revisions to prices for each item that is revised and a revised total of the Engineer's Estimate. All revision descriptions must include dollar amounts and not general statements.

A reasonableness justification shall include all of the following:

1. Consider the structural assessment review performed by the structural designer, if applicable. Justify if the determination does not coincide with the "recommendation to award" by the structural designer.
2. Determine whether the contract can be divided into smaller segments or stages of construction, combined with work in a larger contract, or if there are changes in the contract requirements that can be made to reduce the cost of work or produce more competition.
3. Determine whether a contract is essential and whether the delay resulting from canceling and re-letting would not be in the best public interest. Contracts considered essential include, but are not

necessarily limited to safety contracts, which are to correct hazardous conditions to the traveling public, emergency repairs or replacement of damaged facilities.

4. Determine whether a timely award is required to complete staged construction, order materials, coordinate with and to allow other contracts (including other governmental and private contracts) to proceed, meet commitments made by the Sponsor, or to complete a facility in its entirety.

5. Determine if a delay would result in a substantial impact on the contract completion date or extend the contract beyond the contract completion date, over the winter and into the next construction season, thereby increasing the contract cost.

6. Determine whether the general location of the contract is saturated with similar types of construction contracts, thus tending to reduce competition.

7. Determine whether a shortage of construction labor, equipment or specialty capability and experience exists in the contract area, resulting in a general increase in bid prices.

8. Make a recommendation as to whether to award the contract.

### 14.4.4 Single Bid Analysis

For all contracts where only one bid has been received, the Sponsor should ascertain the potential for increased bidding if the contract were rebid, by examining the list of plan buyers for other potential bidders. Potential bidders should be contacted for their reasons for not bidding. Based on such discussion, determine whether revisions to the contract requirements could result in lower bids through increased competition or clarification of ambiguities. The Sponsor should determine whether the contract is essential and the potential for increased bidding if the contract were to be rebid. The Sponsor will provide the RLPL with the analysis and their determination on how they plan to proceed. The RLPL will review the analysis and provide the Sponsor with an acknowledgment and what steps are necessary. If the Sponsor has proposed to rebid the project, then the RLPL will acknowledge indicating that the Sponsor will need to provide a modified contract bid documents as outlined in Chapter 12 of the LPM before receiving authorization to re-advertise the project. If the Sponsor has proposed to not rebid based on their analysis and concurrence with the RLPL, the Sponsor will proceed with the award process.

### 14.4.5 Rejection of All Bids

It may be necessary to reject all bids. Reasons to reject all bids are:

- inadequate competition due to a limited number of bidders;
- high bids due to unclear requirements;
- bids where additional costs could not be justified; or
- other circumstances such as permits not being received.

A written discussion provided to the RLPL should include reasons why the Sponsor believes that they will receive better bids if the contract is re-let, or what changes will be made to secure more competitive bid prices, such as the bidding environment or time of the year when the job will be let. If after consultation and written concurrence with NYSDOT, all bids are rejected by the Sponsor, the Sponsor must notify ***all bidders***.

### 14.4.6 Bidder Error

Occasionally a bidder will inadvertently err so severely that it is not reasonable to expect contract fulfillment. ***General Municipal Law 103(11)*** ("Advertising for bids; letting of contracts; criminal

conspiracies") sets forth requirements to excuse a bidder for an error in bidding and to proceed to the next lowest responsible bidder:

> *Bid mistake; public projects. (a) In all contracts governed by this section, where a unilateral error or mistake is discovered in a bid, such bid may be withdrawn after a showing of the following: (1) the mistake is known or made known to the awarding officer, board or agency prior to the awarding of the contract or within three days after the opening of the bid, whichever period is shorter; and (2) the price bid was based on an error of such magnitude that enforcement would be unconscionable; and (3) the bid was submitted in good faith and the bidder submits credible evidence that the mistake was a clerical error as opposed to a judgment error; and (4) the error in the bid is actually due to an unintentional and substantial arithmetic error or an unintentional omission of a substantial quantity of work, labor, material, goods or services made directly in the compilation of the bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of the original work paper, documents or materials used in the preparation of the bid sought to be withdrawn; and (5) it is possible to place the public agency, board, officer or subdivision in status quo ante. (b) Unless otherwise required by law, the sole remedy for a bid mistake in accordance with this section shall be withdrawal of that bid and the return of the bid bond or other security, if any, to the bidder. Thereafter, the awarding officer, board or agency may, in its discretion, award the contract to the next lowest responsible bidder or rebid the contract. Any amendment to or reformation of a bid or a contract to rectify such an error or mistake therein is strictly prohibited.*

### 14.4.7 Move to Second Bidder

On occasion, the Sponsor will proceed to the Second Bidder. These occasions are:

- Bidder Error as noted in Section 14.4.6.
- Verified documentation determining that the apparent low bidder is not a 'responsible bidder'.
- Documented justification of objection to the apparent low bidder by Sponsor.
- Failure of the apparent low bidder to provide adequate and timely documentation to a Good Faith Effort.
- Failure of the apparent low bidder to provide adequate justification to a significantly unbalanced bid proposal.

If the Sponsor moves to the apparent second low bidder, the Sponsor must complete the bidder responsibility and analysis (Sections 14.4.1 thru. 14.4.1.3) for the second bidder. Documentation concurring with the move to the second bidder should be provided with the Award package.

## 14.5 PRE-AWARD CIVIL RIGHTS RESPONSIBILITIES

The Sponsor must monitor and report on the contract's DBE participation. There are three distinct stages of DBE participation: goals, commitments, and attainments. Goals are established prior to letting in the contract documents as a percentage of the contract bid price. After contract letting, the goal is expressed as a dollar amount. During the pre-award process, the apparent low bidder provided their agreed-upon DBE commitment as a dollar amount. After the contract award, attainment is measured after completion of the work in dollars paid to certified DBEs.

To comply with Federal Aid Civil Rights requirements, NYSDOT utilizes the Civil Rights monitoring and reporting software, Equitable Business Opportunities Solutions (EBO). It is the Sponsor's responsibility during pre-award to confirm that the apparent low bidder has committed to meeting the DBE participation goal or has demonstrated good faith efforts to do so. If the apparent low bidder has not met the goal, review of good faith efforts (GFE) and concurrence from the RLPL and NYSDOT's Main Office Local Programs Bureau is required. If the apparent low bidder fails to provide DBE commitment or provide a GFE pre-award, the Sponsor can move to the second low bidder.

Sponsors should note that in accordance with ***NYSDOT Standard Specifications 105-21*** (Civil Rights Monitoring and Reporting), the Contractor must submit timely, accurate and complete data using EBO.

### 14.5.1 Equitable Business Opportunities (EBO)

Project entry into EBO is required during pre-award once the low bidder has been identified. The following steps are to be completed before the submittal of the Award Package to the RLPL and **before** award of the contract:

1. After the identification of the apparent low bidder, the Sponsor will immediately submit the "Contract Template" (contract's items, quantities, low bid prices, and apparent low bidder information) to the RLPL, utilizing the "FA DBE EBO Template Construction" and confirm the correct Units of Measure for a seamless upload into the Civil Rights reporting software, EBO.

2. The RLPL will perform a Quality Assurance review on the Template to determine if the header information has been completed and that the units of measure being used are correct. If there are errors, the RLPL will return the template to the Sponsor for correction. The RLPL will submit the completed Template to localprograms.ebo@dot.ny.gov for upload into EBO.

3. Main Office Local Programs Bureau will notify the RLPL; who will then notify the Sponsor that the Template has been successfully loaded into EBO.

4. The Sponsor will notify the apparent low bidder that the contract has been initialized in EBO.

5. The low bidder must enter their complete DBE participation package in EBO within 5 (five) calendar days from the date of the **bid opening**, or risk having their bid declared non-responsive.

6. The Sponsor and RLPL must review the pre-award participation data in EBO to confirm that the DBE goal is met.

7. If the DBE goal is not met, the low bidder must provide documentation of Good Faith Efforts (GFE) to the Sponsor. The Sponsor will forward copies and any other additional information, to the RLPL for concurrence with NYSDOT's Main Office of Civil Rights as detailed in section 14.5.2 titled "Good Faith Efforts (GFE)."

The following pre-award participation data in EBO must be reviewed for completeness and accuracy by the Sponsor:

- All proposed DBEs are listed in the New York State Unified Certification Program (UCP) Directory located at https://nysucp.newnycontracts.com/.
- All proposed DBEs are listed in the UCP Directory to perform the work that they are being proposed to perform (NOTE: If there are no NYSDOT Work codes indicated on the DBE's Certification, if NYSDOT work codes do not match the contract pay items, or if they are not being used, then the NAICS codes should be reviewed against the proposed work.)
- All proposed DBE participation is identified with the correct work type such as construction, material supplier, professional services, etc.
- A completed *AAP22 DBE Material Supplier Commitment Information* form is submitted for each proposed DBE material supplier as part of the award package; this form can be found at NYSDOT's Office of Construction - Forms. Information should be entered into EBO.
- A completed *AAP23 DBE Trucking Commitment Information* form is submitted for each proposed DBE trucking firm as part of the award package; this form can be found at the above website. Information should be entered into EBO.
- All proposed trucking utilization is supported by trucking data entered in EBO.
- All partial items are explained in writing and submitted to RLPL.

- All proposed DBEs acknowledged their respective proposed participation in EBO.

### 14.5.2 Good Faith Efforts (GFE)

If the apparent low bidder does not meet the DBE goal, the apparent low bidder must document that it conducted adequate Good Faith Efforts (GFE) to achieve the goal.

Once the apparent low bidder has supplied the GFE documentation, the Sponsor will forward copies and any other additional information, to the RLPL for concurrence by NYSDOT's Main Office of Civil Rights. Once NYSDOT's review is complete and the Sponsor notified, the Sponsor shall approve the pre-award DBE participation in EBO and will proceed with its award process.

**The Sponsor shall not award the project to the apparent low bidder until concurrence is received from NYSDOT of both the GFE and Award Package.** Notice to Proceed issued by the Sponsor to the apparent low bidder prior to NYSDOT issuing Authorization to Proceed without NYSDOT review and concurrence may result in a loss of federal aid.

The apparent low bidder should provide a comprehensive GFE package to the Sponsor. The GFE supporting documentation includes, but is not limited to, the following:

- *Form AAP-10 D/M/WBE Solicitation Log* this form can be found at NYSDOT's Office of Construction - Forms.
- Copies of correspondence, faxes, and e-mails sent to prospective DBEs;
- Copies of advertisements (e.g., newspaper ads);
- Copies of quotes from non-selected DBEs as well as quotes from the selected non-DBEs.

At a minimum, the Sponsor should perform the following analysis for GFE and provide a summary when transmitting to the RLPL:

- Check the DBE certification status of each firm contacted.
- If the firm cannot be found in the UCP Directory, confirm the certification status with the certifying agency responsible for the firm. Never accept copies, faxes, or scans of certification letters.

Compare the work in the contract against:

- Work for which DBEs were solicited.
- Work that the DBEs are listed to perform.
- Compare the location of each DBE firm to ensure an exhaustive search was performed for each item, within an appropriate radius of the project in accordance with NYSDOT Standard Specification §102-12(G).
- Identify available participation opportunities and compare them against the type of work solicited.
- Ensure all types of DBE firms were solicited including, material supply, manufacturing, fabrication, professional services, etc.
- Cross-reference letters, faxes, AAP-10, etc.

Compare the DBE's price against:

- Engineer's Estimate;
- Bid price;
- Weighted Average Item Price Report data;
- Where does the DBE's price fall in comparison to all the above;
- Contact a sample of the firms listed on the AAP-10 to verify solicitation effort stated in the solicitation log and other documents:
  - When contacted;

  - By whom;
  - By what method(s);
  - How many times;
  - For what work;
  - Was quote/bid submitted;
  - Were plans provided/made available – how and when?
- Low bidder's follow-through;
- Compare all efforts against Appendix A, Standard Clauses for NYS Contracts to ***49 CFR 26***.

The Sponsor should discuss any document deficiencies with the apparent low bidder. If the Sponsor is satisfied, the documentation is provided to the RLPL for concurrence with the Office of Civil Rights.

If the Sponsor determines that the low bidder did not conduct adequate GFE, it should present its recommendation with this analysis and supporting documentation to its management as well as to the RLPL in a narrative which should include:

- State the specific non-compliance actions.
- Cite the specification and regulation for each non-compliance action or class of actions.
- Provide calculations of the amount achieved toward the DBE goal and the difference.
- Provide an analysis of the feasibility of the DBE goal.
- Provide a timeline or chronology of events.
- Calculations of the difference between the first and second low bidders.
- Any other relevant information.

The Sponsor must follow its administrative process and document its steps and actions. If it is determined that the low bidder did not conduct adequate GFE, the Sponsor may disqualify the low bidder and request from the RLPL concurrence to award to the second low bidder who has successfully met the DBE goal or has submitted sufficient GFE.

The DBE goal is in effect for the duration of the contract. If the DBE goal is not met at the time of award and was awarded based on a GFE, then the ***Sponsor*** must ensure Good Faith Efforts are made throughout the life of the contract. The contractor will be required to continue to solicit DBE firms for participation in the contract and document those efforts. The Sponsor will continue collecting the additional GFE documentation from the contractor throughout the duration of the contract, or until the DBE goal is met.

The DBE Attainment Report from EBO shall be submitted with the Sponsor's request(s) for reimbursement. See LPM Chapter 5 for reimbursement instructions.

## 14.6 BRIDGE CONSTRUCTION UNIT COST DATA (if applicable)

Annually, all states are required to submit to FHWA bridge construction unit costs for all new and replacement bridges constructed using any federal funds. The FHWA requirement does not pertain to bridge rehabilitations, superstructure replacements, or pedestrian bridges.

The Sponsor must provide to the RLPL an itemized bridge share of the construction costs (as submitted by the successful bidder). A separate itemized share is required for each bridge, and only bridge items shall be included. The Engineer's Estimate and other bidder's unit costs should not be included. This data must be provided to NYSDOT when the contract is awarded.

The Bridge Construction Unit Cost Datasheet (see Appendix 14-2 for a sample) must be provided to the RLPL, who forwards them to NYSDOT's Main Office. The collected data is provided to FHWA for their program analysis.

## 14.7 AWARD PACKAGE

NYSDOT delegated oversight authority by FHWA, is responsible for the construction of all Federal-aid projects. When the project is not on the NHS or State Highway System, NYSDOT is not relieved of overall project responsibility, thus the Sponsor must submit a Contract Award Package to the RLPL requesting a Concurrence in Award letter.

The following items are to be included in the Contract Award Package (see Appendix 14-3 for the Contract Award Checklist):

- Bid Opening, Verification, and Sponsor Recommendation Letter (see Appendix 14-1) and attachments.
- Proof of Advertising which consists of the ad from the Contract Reporter, local newspaper, and copies of any other advertisements placed, whether in hard copy or electronic media. (see section 14.2 – "Advertising").
- Copy of all amendments issued:
    - Amendments distribution records showing that all amendments were sent to all plan buyers.
    - A record showing receipt of amendments by plan holders/bidders.
- A list of plan holders.
- Copy of notarized and signed proposal of the verified apparent low bidder.
- Copy of Certificate of Insurances – Workers Compensation and Disability Benefits (see Chapter 12.3.8).
- Copy of bond and/or bid deposit.
- Signed Non-Collusive Bidding Certification (see Appendix 12-1.14).
- Signed Disclosure of Lobbying Activities Forms (see Appendix 12-1.7).
- Copy of the confirmation of an approved CCA-2 *New York State Uniform Contracting Questionnaire.*
- Certification of apparent low bidder responsibility (see Section 14.4.1 – "Bidder Responsibility").
- Bid analysis completed by Sponsor (see Section 14.4.2).
- Description from the Sponsor concerning how it intends to inspect and provide QA/QC, as noted in the approved CMP.
- Bridge Construction Unit Cost Data (required for all projects with new or replacement bridges, (see Appendix 14-2).
- Documentation demonstrating that the low bidder met their responsibility for Equal Employment Opportunity (EEO) participation (AAP33 from EBO).
- DBE participation – EBO utilized and DBEs have acknowledged work. The Concurrence of proposed DBE participation by the RLPL prior to award.
- GFE documentation, if the DBE goal appears - the Sponsor **cannot award** the contract until NYSDOT's Office of Civil Rights concurs with the GFE.
- DBE trucking information in EBO if trucking is utilized from EBO.
- DBE Material Supplier Commitment Information (AAP22), if DBE material suppliers are utilized.
- DBE Trucking Commitment Information (AAP23), if DBE trucking firms are utilized
- Identification of Affirmative Action Representatives in EBO (not required for suppliers)

- Documentation demonstrating that the low bidder met their responsibility for DBE participation when goals were established. See NYSDOT Contract Administration Manual (CAM) §102-12 and Chapter 13 Civil Rights Requirements.

Sponsors must submit the Award Package for review prior to the award of the contract in order for the RLPL to conduct their review. RLPL will review and issue a Concurrence in Award letter when all questions and comments have been addressed.

## 14.8 CONTRACT AWARD

Federal aid contracts shall be awarded only based on the lowest responsive bid submitted by a bidder meeting the criteria of responsibility established by NYSDOT, in accordance with "Licensing and qualification of contractors per ***23 CFR 635.114(a)***. If the award is not completed within 45 days, the contractor may withdraw their bid from consideration as noted in ***140 of the State Finance Law*** and ***Section 105 NYS General Municipal Law***.

The Sponsor must certify in writing that all items in the award documentation package have been addressed and request a Concurrence in Award letter from the RLPL. In support of the Sponsor's request, the Sponsor must summarize the results of their bid analysis and highlight any irregularities that may have been identified using the Tabulation of Bids (see Appendix 14-5). The summary must include the bid tabulations of the project, showing bid item details for at least the low three acceptable bids and the total amounts of all other acceptable bids. After receiving the Concurrence in Award letter from the RLPL, the Sponsor may award the contract, provide notification of the award to the RLPL, and schedule a Pre-Construction Kick-off meeting to which the RLPL needs to attend.

For projects on the NHS System, Sponsors must contact the RLPL for additional requirements. See PDM Chapter 4, Table 4-3. Concurrence in the award is a prerequisite to federal participation in construction costs and, unless specifically stated otherwise, constitutes authority to proceed with construction ***23 CFR 635.114(b)***. The Concurrence in Award Letter must be retained as part of the project record by both the Sponsor and the RLPL.

**RE: AWARD DOCUMENTATION**
[PIN, PROJECT NAME]
**BID OPENING, ANALYSIS, CERTIFICATION, AND RECOMMENDATION**

Dear [RLPL Name]:

In accordance with Chapter 14 of NYSDOT's Local Projects Manual (LPM), the [Sponsor] has advertised, accepted bids, and completed the award process for the construction contract for the above-referenced locally administered federal aid project including:

- Advertised, at least 15 business days before the bid opening in the NYS Contract Reporter;
- Indicated the Disadvantaged Business Enterprise (DBE) [ or Minority/Women Business Enterprise (M/WBE)] goals in the ad;
- Opened bids and read them aloud in a public forum in accordance with standard competitive bidding procedures and requirements;
- Mathematically verified bids and determined if bids are responsive;
- Provided a tabulation of all bids received at a public bid opening (attached);
- Determined low bidder and, if applicable, the low bidder in accordance with approved alternate bidding procedures, if used;
- Evaluated responsibility of the low bidder in accordance with Section 14.4.1 of the LPM;
- Analyzed bids in accordance with Section 14.4.2 of the LPM (attached);
- Evaluated and ensured appropriate DBE [ or M/WBE] participation by DBE [ or M/WBE] firms listed on NYSDOT registry prior to award;
- Completed all outstanding items, if any, which were incomplete at the time Authorization to Proceed with Advertisement was issued (Right-of-Way, permits, Construction Management Plan, etc.);
- Submitted the Contract Award Documentation Package with the checklist, described in Section 14.7 of the LPM to the RLPL;
- All environmental permits and approvals have been secured except those identified in the contract documents as needing to be obtained and secured by the contractor;
- Justification for rejection of all bids (if applicable);

**AWARD DOCUMENTATION** **-2-** [PIN]

(If applicable) A site visit will be conducted on **[date]** at **[time]** at the following location: [**location**].

No questions or inquiries regarding this bid will be accepted within three (3) business days prior to the bid opening.

Contractors that obtain Contract Documents from a source other than the issuing office must notify the issuing office in order to be placed on the official Plan Holder List, to receive Addenda and any other Bid correspondence. Bids received from Contractors other than those on the official Plan Holders List will not be accepted.

Addenda will be emailed from **[Sponsor, individual, consultant firm]** to Bidders listed on the official Plan Holders List. An emailed response from the Bidder, to the Addendum sent by **[Sponsor, individual, consultant firm]** will act as proof that the Bidder received the Addendum. In addition to an emailed response, Bidders must acknowledge receipt of all Addenda by signing and dating each Addendum on page **[xx-xx]** of the Bid Form and the Acknowledgement of Receipt of Addenda, page **[xx-xx]**. Failure of any Bidder to receive any such Addendum or interpretation shall not relive such Bidder from any obligation under this Bid submittal. All Addenda so issued shall become part of the Contract Documents.

Questions regarding the Contract Documents should be directed to **[name, sponsor or name, consultant]** either through email at: **[email address]** or by telephone at **[area code, phone number]**. Bidders shall promptly notify **[name of contact]** of any errors, omissions, conflicts or ambiguity within the Contract Documents within **[xx]** days of bid opening.

All bids must include the completed Bid Form, Non-Collusive Bidding and Disbarment Certifications, and Lobbying Certifications. This is a **[unit price]** bid as described in the Instructions to Bidders. No bidder may withdraw his/her bid within forty-five (45) calendar days after the actual date of the opening thereof.

Each bid must be accompanied by security in an amount not less than five percent (5%) of the amount of the bid in the form and subject to the conditions provided in the Instructions to Bidders.

Bids to be considered must be received in a sealed envelope at **[address of bid opening]** by **[time of bid opening]**, local time, on **[date of bid opening]** at which time they will be publicly opened and read aloud in the **[room location of bid opening]**. Bids received after the above noted time will not be accepted. All sealed envelopes should be clearly labeled [**"BID: PROJECT TITLE"**].

The Bidder to whom the Contract is awarded will be required to furnish Performance, Payment and Guarantee Bonds from an acceptable Surety Company for an amount not less than 100% of the accepted bid. The successful Bidder and all subcontractors must have an approved CCA-2 on file with NYSDOT prior to being awarded a contract. If the successful Bidder does not currently have a CCA-2 on file with NYSDOT, the Bidder may find the CCA-2 forms and instruction for completion online at https://osc.state.ny.us/venrep/form_cca2.htm.

The successful Bidder will be required to comply with all provisions of the Federal Government Equal Employment Opportunity clauses issued by the Secretary of Labor on May 2, 1968 and published in the Federal Register (41 CFR Part 60-1, 33 F.2 7804). Successful bidders will be required to pay prevailing wage rates on this contract.

The **[Sponsor]** reserves the right to consider the bids for forty-five (45) days after receipt before awarding any Contract, and to waive any minor informalities in, and to reject, any and all bids. All bids are subject to final review and approval by the **[Sponsor's Governing Body]** before any award of contract may be made. Receipt of bids by the **[Sponsor]** shall not be construed as authority to bind the **[Sponsor]**.

The work will be substantially completed **[xx]** calendar days from Notice to Proceed and completed and ready for final payment on **[M/M/ DD/YYYY]**.

The New York State Department of Transportation, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C 2000d to 2000d-4 and Title 49 Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation and Title 23 Code of Federal Regulations, Part 200, Title VI Program and Related Statutes, as amended, issued pursuant to such Act, hereby notifies all who respond to the related solicitation, request for proposal or invitation to bid that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, sex, age, disability/handicap and income status in consideration for an award.

FORM OF PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS,

that SAFETY MARKING LLC (hereinafter called the "Contractor") and TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA a corporation created and existing under the laws of the State of CONNECTICUT, and licensed to do business in the State of New York, having its principal office in the city of HARTFORD, CONNECTICUT (hereinafter called the "Surety"), are held firmly bound unto the COUNTY OF NASSAU, a municipal corporation of the State of New York (hereinafter called the "Owner"), in the full and just sum of

ONE MILLION THREE HUNDRED NINETY ONE THOUSAND NINETY FOUR DOLLARS AND 50/100 Dollars ( $1,391,094.50 ) good and lawful money of the United States of America, to the payment of which said sum of money, will and truly to be made and done, the said Contractor binds themselves (himself, itself), their (his, its) heirs, executors and administrators, successors and assigns, and the said Surety binds itself, its successors and assigns jointly and severally, firmly by these presents.

Signed, sealed and dated this 23RD day of JULY, 2024

WHEREAS, said Contractor has entered into a certain written contract, bearing even date with these premises with the COUNTY OF NASSAU, for the

NYSDOT PIN 0761.67, H62153-14G NASSAU COUNTY PAVEMENT MARKINGS PHASE 14, VARIOUS LOCATIONS

which contract is hereby made a part of this bond as if herein set forth in full.

NOW, THEREFORE, THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH, that if the said Contractor shall well, truly and faithfully comply with and perform all the terms, covenants and conditions of said contract on their (his, its) part to be kept and performed, according to the true intent and meaning of said contract, and shall protect the said Owner against, and pay any and all amounts, damages, cost and judgments which may or shall be recovered against said Owner or its officers or agents or which the said Owner may be called upon to pay to any person or corporation by reason of any damages arising or growing out of the doing of said work, or the manner of doing the same, or the neglect of the said Contractor or his (their, its) agents or servants, or the improper performance of the said work by the said Contractor, or his (their, its) agents or servants, or the infringement of any or patent rights by reason of the use of any materials furnished or work done as aforesaid or otherwise, and also pay or cause to be paid the wages and compensation for labor performed and services rendered of all persons engaged in the prosecution of the work provided for therein,

NO TEXT ON THIS PAGE

whether such persons be agents, servants or employees of the contractor, or his (their, its) successors or of any subcontractor or of any assignee thereof, (including all persons so engaged who perform the work of laborers or of mechanics regardless of any contractual relationship between the Contractor, or his (their, its) successors, or assigns, or any subcontractor or any assignee thereof) and such laborers or mechanics, but not including office employees not regularly stationed at the site of the work, and, further, shall pay or cause to be paid all lawful claims of subcontractors and of material men and other third persons arising out of or in connection with said Contract, and the work, labor, services, supplies and material furnished in and about the performance and completion thereof,

then this obligation shall be null and void, otherwise to remain in full force and virtue.

And the said Surety, for value received, hereby stipulates and agrees, if requested to do so by the Owner to fully perform and complete the work mentioned and described in said contract and specifications, pursuant to the terms, conditions and covenants thereof, if for any cause, said Contractor fails or neglects to so fully perform and complete said work, and said Surety further agrees to commence said work of completion within twenty days after notice thereof from the Owner, and to complete the same within twenty days from the expiration of the time allowed said Contractor in said contract and specifications for the completion of said work. When the contractor is declared in default by the Commissioner, the Surety Company must honor default notice and immediately progress the work to completion in the same manner as though the contractor were bankrupt or had willfully defaulted.

And the Surety, for value received, for itself and its successors and assigns, hereby stipulates and agrees that the obligations of said Surety and of its successors and assigns, and this bond shall in no way be impaired or affected by any extension of time, modification, omission, addition or change in or to the said contract or the work to be performed thereunder, or by any payment thereunder before the time required therein, or by any waiver of any provision thereof, or by any assignment, subletting or other transfer thereof, or any part thereof, or of any work to be performed, or of any moneys due or to become due thereunder; and the said Surety for itself and its successors and assigns, does hereby waive notice of any and all of such extensions, modifications, omissions, additions, changes, payments, waivers, assignments, subcontracts, and transfers, and hereby stipulates and agrees that any and all things done or omitted to be done by and in relation to the executors, administrators, successors, assignees, subcontractors and other transferee of the Contract shall have the same effect as to said Surety and its successors and assigns, as though done or omitted to be done by and in relation to said Contractor.

FORM OF LABOR AND MATERIAL PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS:

that SAFETY MARKING LLC as Principal,
(Here insert the name and address, or legal title, of the Contractor)

255 HANCOCK AVENUE, BRIDGEPORT, CT 06605,

hereinafter called Principal, and TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA a corporation of the State of CONNECTICUT, and licensed to do business in the State of New York, with its home office in

HARTFORD, CONNECTICUT, as Surety, hereinafter called Surety, are held and firmly bound unto the County of Nassau, as Obligee, hereinafter called Owner, for the use and benefit of claim-ants as herein below defined, in the amount of

ONE MILLION THREE HUNDRED NINETY ONE THOUSAND NINETY FOUR DOLLARS AND 50/100 Dollars ($ $1,391,094.50 )
(Here insert a sum equal to the contract price), for the payment whereof Principal and Surety bind themselves, their heirs, executors, administrators, successors and as-signs, jointly and severally, firmly by these presents.

WHEREAS,

Principal has by written agreement dated JULY 23, 2024 entered into a contract with Owner for,

NYSDOT PIN 0761.67, H62153-14G NASSAU COUNTY PAVEMENT MARKINGS PHASE 14, VARIOUS LOCATIONS,

which contract is by reference made a part hereof, and is hereafter referred to as the CONTRACT.

NOW THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Principal shall promptly make payment to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the CONTRACT, then this obligation shall be void; otherwise it shall remain in full force and effect, subject, however, to the following conditions:

1. A claimant is defined as one having a direct contract with the Principal or with a sub-contractor of the Principal for labor, material, or both, used or reasonably required for use in the performance of the contract, labor and material being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment directly applicable to the CONTRACT.

NO TEXT ON THIS PAGE

2. The above named Principal, and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such claimant, may sue on this bond for the use of such claimant in the name of the Owner, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon, provided, however, that the Owner shall not be liable for the payment of any cost or expenses of any such suit.

3. No suit or action shall be commenced hereunder by any claimant.

a.Unless claimant shall have given written notice to the following: Principal, the Owner, and the Surety above named, within ninety(90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail, postage prepaid, in an envelope addressed to the Principal, Owner and Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.

b. After the expiration of one (1) year following the date on which Principal ceased work on said CONTRACT.

c. Other than in a court of competent jurisdiction in and for the County of Nassau.

4. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of mechanics liens which may be filed of record against said improvement, whether or not claim for the amount of such lien be presented under and against this bond.

# DEPARTMENT OF FINANCIAL SERVICES

CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW YORK INSURANCE LAW

It is hereby certified that

Travelers Casualty and Surety Company of America
of Hartford, Connecticut

a corporation organized under the laws of Connecticut and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties, and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of $2,318,234,716. (Capital $6,480,000), as is shown by its sworn financial statement for the quarter ending, December 31, 2023, on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have here-unto set my hand and affixed the official seal of this Department at the City of Albany, this 5th day of April 2024.

PAVEMENT MARKING IMPROVEMENTS
PIN 0761.67
VARIOUS LOCATIONS
NASSAU COUNTY, NEW YORK
CONTRACT NO. H62153-14G

## General Notes

1) Specifications and Standards

All work included in the contract shall be in accordance with the MUTCD and with the latest NYSDOT Standards Specifications (US Customary Units), except as modified on the plans and in the itemized proposal.

2) Scope of Work

a. At all times during the life of this contract, the Contractor shall maintain safe vehicular traffic and access to adjacent private properties located throughout the entire length of the contract.

b. The work covered in this contract includes the furnishing of labor and material to:

- Remove existing pavement markings
- Cleaning and preparation of pavement surfaces *from face of curb to face of curb* for the installation of new pavement markings
- Furnish and installing epoxy markings

c. No work outside the highway boundary will be permitted under any circumstances unless property and/or easement rights are obtained by Nassau County and approved by NYSDOT.

3) Maintenance and Protection of Traffic

This project is intended to be a Short-Term Stationary Operations. Contractor shall maintain work area in accordance with NYSDOT WORK ZONE TRAFFIC CONTROL previsions. See "Work Zone Traffic Control Plans" at end of section.

Existing pavement markings shall be removed prior to placement of new markings. No more than a two (2) weeks time period shall separate removal and replacement of new pavement markings.

The Contractor shall refer to section 619-3.19 of the NYSDOT Standard Specifications for night time operations.

4) Supervision

The Contractor shall have a full-time supervisor on the project at all times.

5) Surface Cleaning and Preparation of Pavement

a. The Contractor shall be responsible for cleaning the pavement surface to the satisfaction of the Engineer.

b. Surface cleaning and preparation work shall be performed only in the area of the pavement markings.

c. At the time of application, all pavement shall be free of oil, dirt, dust, grease and similar foreign materials. The cost of cleaning these contaminants shall be included in the various bid items(s).

6) Equipment

The Contractor shall supply two (2) new measuring wheels (Great Northern Supply Co. Model 415 or approved equal) at the start of the contract for the use of the inspection force assigned to the project. At the completion of project, the measuring wheels shall become the property of Nassau County. The cost of the measuring wheels shall be included in the cost of the various bid items.

7) Clean Up

a. In all cases the Contractor will be required to clean up all disturbed areas and restored to the condition existing prior to the commencement of the work

b. Clean-up shall be as defined herein above, but if in the opinion of the Engineer, the Contractor has exercised carelessness or disregard to private property in the conduct of his work, then restorative measures required thereto shall be included in this procedure.

c. No separate payment will be made for any of this clean up and restoration work, but the cost thereof shall be included in the unit prices bid for the various items.

8) Job Site Safety

The Contractor shall exercise precaution at all times for the protection of all personnel. The safety provisions of applicable laws shall be observed, but job site safety is the sole responsibility of the Contractor and his subcontractors and cannot be assumed by the County or its agents.

9) Rubbish and Debris

The Contractor shall legally dispose of all unsuitable material, rubbish, and debris at some separate location, not in the vicinity of the site.

10) Protection of Facilities

The Contractor shall protect all work done under this contract from possible damage for the duration of the contract. He shall be responsible for the repair or replacement, to the satisfaction of the Engineer, of any material, structure, or property on or adjacent to the site and damaged by him or his employees through the construction openings up to the time of acceptance by the County.

11) Construction Site

The Contractor shall obtain permission from the owner of a property before entering that property for any reason whatsoever. No work outside the highway boundary will be permitted under any circumstances unless property and/or easement rights are obtained by Nassau County Department of Public Works and approved by NYSDOT. Minor restoration outside the highway boundary is only permitted after a signed release from the property owner has been secured. This shall include any work in areas beyond the right of way and working easement lines to allow for grade revisions to driveways and walks on private property.

12) Sales Tax Exemptions

Nassau County is exempt from the payment of New York State Sales Tax and Compensating Use Taxes under Section 1116 of Article 28 of the Tax Law of the State of New York, and is exempt from the payment of Nassau County Sales and Uses Taxes under Section 7, Ordinance 404-C-1968, enacted pursuant to Section 1210 of Article 29 of the Tax Law of the State of New York. However, it is not

to be construed by bidders as relieving them from any obligation to pay sales tax on applicable items pursuant to the terms of the present sales tax laws.

13) Requirements of Other Municipal Departments

The Contractor shall give all necessary notices, obtain all permits, and pay all fees in connection with the work under this contract. He shall comply with all laws, ordinances, rules, and regulations of Nassau County and Municipal Departments having jurisdiction over work of this character. These shall take precedence over any requirements of these specifications where and if a conflict occurs. This however, shall not be interpreted as permitting the use of materials and equipment inferior to these specified.

Any work in New York State Right-of-Way will require a permit from NYSDOT.

14) Special O.S.H.A. Notes

a. The Safety Provisions in the Specification are primarily to protect County property and the public against unsafe acts of the Contractor. The Occupational Safety and Health Act (OSHA) of 1970 requires that "Each Employer (1) shall furnish to each of his employees employment and a place of employment which are free from recognized hazards that are causing or likely to cause death or serious physical harm to his employees; (2) shall comply with the occupational safety and health standards promulgated under this act". All workers on the project site must have successfully passed OSHA 10 Hour Training Safety Class and the certificates should be part of the project records subject to review by the FHWA and NYSDOT.

b. The regulations in the act may be more stringent than are required by the Plans and/or Specifications. The Contractor however must conform to the O.S.H.A. Regulations and such conformance shall not be reason to demand additional payment or claim extra work.

15) Contact Numbers

The Contractor shall notify the Nassau County Police Department, local fire departments, and local transportation authorities in writing as to the conditions prevailing on the construction site and detours in use. Duplicate copies of such notices shall be filed with the Engineer.

# SPECIAL PROVISIONS

## 1) Purpose

The purpose of this specification is to set fourth the minimum requirements for this contract. The work covered by this contract involves the furnishing of labor, materials, and components as specified, for the:

- Removal of existing pavement markings.
- Cleaning and preparation of area from face of curb to face of curb for the installation of new pavement markings.
- Installation of new epoxy pavement markings

## 2) Location of Work

Throughout Nassau County roadways at various locations

## 3) Schedule

The contract shall be completed within twelve (12) months from the commencement of work date unless the County exceeds the original scope of work. In that event, the contract shall be extended to allow for completion of additional work. The length of the extension shall be in proportion to the amount of work added. The length of the extension shall be the sole discretion of the County. Nassau County will not allow any pavement marking installation from December 1 through March 31 unless prior approval is granted by the engineer. The request for a time extension by the contractor shall also be submitted to NYSDOT Construction for their concurrence.

## 4) Contractor Experience and Requirements

a. The nature of the work involved in this contract requires the Contractor to possess prior satisfactory experience in the removal and installation of pavement markings.

b. Prospective bidders must have at least three (3) years of satisfactory experience in the actual installation and maintenance of various types of pavement markings.

c. Prospective bidders must be trained by the material manufacturer or have experience in the handling and the installation of specific pavement markings proposed in this contract.

d. In addition to the requirements outlined in "Instruction to Bidders" of this contract, the low bidder shall be required to fill out an experience questionnaire by the County that will include the following questions:

- A list of all pavement markings contracts completed within the past three years.
- A list of sources of supply to secure the necessary materials
- A list of technical personnel who will be doing the necessary work

**5) Standards**

Standards and Specifications as defined in the 2009 edition of the *National Manual of Uniform Traffic Control Devices (National MUTCD),* the *New York State Supplement* to the *National MUTCD*, and the latest revised edition of New York State Department of Transportation Standards and Specifications are made part of this contract.

**6) Recourse**

This contract does not imply that the low bidder, following the award of this contract, has exclusive right or legal recourse to the County of Nassau for any other similar type contract, or any other contract that may be awarded during the life of this contract.

**7) Maintenance and Protection of Traffic**

a. Where work is being constructed on streets, sidewalks, easements or other locations normally used by the public, the Contractor shall conduct his work so as to minimize the interference with the safe and direct movement of pedestrian and vehicular travel. The Contractor shall provide all necessary construction signs, flagmen, arrow boards, cones, barricades, lighting, and their placement as required by the Short-Term Stationary operation as laid-out in NYSDOT Work Zone Traffic Control. The Contractor shall conform to directives by the County of Nassau. The Prime Contractor, through the Sponsor, shall submit to NYSDOT Construction for a review, the type of mounted light tower or its supplement (along with relevant specs) it proposes to use. This work is covered under item 619.24 – Nighttime Operations.

b. Accessibility to fire hydrants, police and fire call boxes, and provision for the ingress and egress of emergency vehicles including police, fire, and ambulance vehicles shall be required at all times. Notification shall be made to the Police and local Fire Department should any road be closed.

c. Maintenance and Protection of Traffic shall be paid for under a separate contract item.

d. The Contractor is responsible for any and all claims made by the general public related to the process of removing and installing pavement markings under this contract.

**8) Cleanliness**

Upon completion of the work at each location or work order, the Contractor shall remove all remaining materials and shall leave the area, which may have been affected by his operation, in a neat and orderly condition.

**9) Hold Harmless**

The obligation of the contractor to hold harmless and indemnify the County is absolute and shall not be dependent on the Contractor having received any actual notice from the County.

**10) Engineer's Estimate**

The quantities included on the Engineer's Estimate are intended to provide a general guide as to the work expected in this contract. The County reserves the right to increase, decrease or eliminate the quantity of each item actually provided under this contract (including transportation item).

**11) Additional Work – Extension of Contract**

The County of Nassau reserves the right to extend the terms of this contract at the accepted bid prices for either furnishing only or furnishing and installing when the successful bidder is notified within ninety (90) days of the date of approval of the catalog cuts. The extension shall not exceed 50% of the total price bid.

**12) Contract Administration and Inspection**

The Department of Public works through the Division of Engineering, Traffic Engineering Unit will be the administrator of this contract and shall approve all

material to be installed, verify and approve all claim vouchers, and be responsible for providing all necessary inspections to verify compliance with the contract.

**13) Funding**

This Contract is funded under Capital Project 62153 and is eligible for Federal Aid reimbursement.

**14) Payment**

Payments of this contract will be made on a monthly basis for work completed during the preceding calendar month. No partial payments shall be made for material on hand and not installed.

**15) Notification**

The Project Engineer, Mr. Richard Iadevaio, shall be notified by the Contractor at (516) 571-6824 at least 48 hours prior to start of work, in order that adequate arrangements can be made to insure the presence of a Nassau County inspector during the striping operation. No work shall be performed without the presence of a Nassau County representative and /or without the coordination of the project manager in special circumstances.

**17) Working Hours**

The Contractor shall be advised that the normal working hours for Nassau County Field Personnel is based on a eight (8) hour shift, 8am to 4:30pm. Any change in time shift must meet with the Department approval.

**18) Federal Funding Eligible**

The Contractor should be aware that this project is eligible for Federal Aid Reimbursement and that there are specific Federal and State requirements detailed in this contract text that must be adhered to. Therefore, procedures will conform to all Federal requirements for local Federal Aid projects, as well as New York State administered requirements to local governments.

## ITEM 685.0715XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 15 MILS THICK (WET NIGHT VISIBILITY SPHERES)
## ITEM 685.0720XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 20 MILS THICK (WET NIGHT VISIBILITY SPHERES)

**DESCRIPTION**:

Under this work the contractor shall furnish and apply epoxy reflectorized pavement markings in accordance with these specifications, the Contract Documents, the NYSMUTCD, or as ordered by the Engineer. Items for Special Markings include stop bars and crosswalks.

Yield line symbols are isosceles triangles with height equaling 1.5 times the base dimension:
A small yield line symbol shall have a base dimension of one foot.
A large yield line symbol shall have a base dimension of two feet.
Yield line symbols are to be installed with the Apex of the triangle oriented towards oncoming traffic.

The epoxy marking material shall be hot-applied by spray methods onto bituminous and portland cement concrete pavement surfaces at the thickness and width shown on the Contract Documents. Following a simultaneous application of Standard Glass Beads (Type 2) and Wet/Night Visibility Beads (Type 1), the cured epoxy marking shall be an adherent reflectorized stripe that will provide wet night retro-reflectivity.

**MATERIALS REQUIREMENTS**:

| | |
|---|---|
| Epoxy Paint | 727-03 |
| Glass Beads for Pavement Markings | 727-05 |

**Reflective Glass Spheres**

Retro-reflective beads shall be a double drop system of glass spheres consisting of Standard Beads (Type 2) and Wet/Night Visibility Beads (Type 1) as defined in §727-05 Glass Beads for Pavement Markings.

**EPOXY APPLICATING EQUIPMENT**

In general, a mobile applicator shall be a truck mounted, self-contained pavement marking machine, specifically designed to apply epoxy resin materials and reflective glass spheres in continuous line patterns. The applicating equipment shall be maneuverable to the extent that straight lines can be followed and normal curves can be made in a true arc. In addition, the truck mounted unit shall be provided with accessories to allow for the marking of cross hatching and other special patterns as directed by the Engineer.

At any time throughout the duration of the project, the Contractor shall provide free access to his epoxy applicating equipment for inspection by the Engineer or his authorized representative.

The Engineer may approve the use of a portable applicator in lieu of mobile truck mounted accessories for use in applying special markings only, provided such equipment can demonstrate satisfactory application of reflectorized epoxy markings in accordance with these specifications.

**ITEM 685.0715XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 15 MILS THICK (WET NIGHT VISIBILITY SPHERES)**
**ITEM 685.0720XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 20 MILS THICK (WET NIGHT VISIBILITY SPHERES)**

Mobile applicating equipment shall be capable of installing up to 19 miles of epoxy reflectorized pavement markings in an eight hour day and shall include the following features:

1. Individual tanks for the storage of Part A and Part B of the epoxy resin.

2. Individual tanks for the storage of Standard (Type 2) and Wet/Night Visibility (Type 1) glass spheres. Each tank shall have a minimum capacity of 3000 lbs.

3. Heating equipment of sufficient capacity to maintain the individual epoxy resin components at the manufacturer's recommended temperature for spray application.

4. Individual dispensers for the simultaneous application of Standard (Type 2) and Wet/Night Visibility (Type 1) glass spheres. Each dispenser shall be capable of applying spheres at a minimum rate of 10 lbs/gal of epoxy resin composition.

5. Metering devices or pressure gauges on the proportioning pumps, positioned to be readily visible to the Engineer.

6. All necessary spray equipment, mixers, compressors, and other appurtenances for the placement of epoxy reflectorized pavement markings in a simultaneous sequence of operations as described in Construction Details, D. Application of Epoxy Reflectorized Pavement Markings.

## CONSTRUCTION DETAILS

### A. General

All pavement markings shall be placed as shown on the Contract Documents and in accordance with the New York State, Manual of Uniform Traffic Control Devices (MUTCD).

Before any pavement marking work is begun, a schedule of operations shall be submitted for the approval of the Engineer.

At least five (5) days prior to starting striping, the Contractor shall provide the Engineer with the epoxy manufacturer's written instructions for use. These instructions shall include, but not be limited to, material mixing ratios and application temperatures.

When pavement markings are applied under traffic, the Contractor shall provide all necessary flags, markers, signs, etc. in accordance with the MUTCD to maintain and protect traffic, and to protect marking operations and the markings until thoroughly set.

The application of pavement markings shall be done in the general direction of traffic. Striping against the direction of traffic flow shall not be allowed.

**ITEM 685.0715XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 15 MILS THICK (WET NIGHT VISIBILITY SPHERES)**
**ITEM 685.0720XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 20 MILS THICK (WET NIGHT VISIBILITY SPHERES)**

The Contractor shall be responsible for removing, to the satisfaction of the Engineer, all tracking marks, spilled epoxy, and epoxy markings applied in unauthorized areas.

When necessary the Contractor shall establish marking line points at 30 foot intervals throughout the length of the pavement or as directed by the Engineer.

**B. Atmospheric Conditions**

Epoxy pavement markings shall only be applied during conditions of dry weather and on substantially dry pavement surfaces. At the time of installation the pavement surface temperature shall be a minimum of 50°F and the ambient temperature shall be a minimum of 50°F and rising. The Engineer shall be the sole determiner as to when atmospheric conditions and pavement surface conditions are such to produce satisfactory results.

**C. Surface Preparation**

The Contractor shall clean the pavement and existing durable markings to the satisfaction of the Engineer.

Surface cleaning and preparation work shall be performed only in the area of the epoxy markings application.

At the time of application all pavement surfaces and existing durable markings shall be free of oil, dirt, dust, grease and similar foreign materials. The cost of cleaning these contaminants shall be included in the bid price of this item.

In addition, concrete curing compounds on new portland cement concrete surfaces and existing painted pavement markings on both concrete and bituminous pavement surfaces shall be cleaned and paid for in accordance with §635 Cleaning and Preparation of Pavement Surfaces for Pavement Markings.

**D. Application of Epoxy Reflectorized Pavement Markings**

Epoxy reflectorized pavement markings shall be placed at the width, thickness, and pattern designated in the Contract Documents.

Marking operations shall not begin until applicable surface preparation work is completed and approved by the Engineer, and the atmospheric conditions are acceptable to the Engineer.

Pavement markings shall be applied by the following simultaneous operation:

1. The pavement surface is air-blasted to remove dirt and residues.
2. The epoxy resin, mixed and heated in accordance with the manufacturer's

recommendations, is uniformly hot-sprayed onto the pavement surface at the minimum specified thickness.

3. Standard (Type 2) and Wet/Night Visibilty (Type 1) reflective glass spheres are injected into or dropped onto the liquid epoxy marking. Standard beads (Type 2) shall be applied first immediately followed by the application of Wet/Night Visibilty beads (Type 1). Each type shall be applied at a minimum rate of 10 lbs/gal of epoxy resin (minimum total application = 20 lbs/gal).

**E. Defective Epoxy Pavement Markings**

Epoxy reflectorized pavement markings, which after application and curing are determined by the Engineer to be defective and not in conformance with this specification, shall be repaired. Repair of defective markings shall be the responsibility of the Contractor and shall be performed to the satisfaction of the Engineer as follows:

1. Insufficient film thickness and line width; insufficient glass bead coverage or inadequate glass bead retention.

   Repair Method. Prepare the surface of the defective epoxy marking by grinding or blast cleaning. No other cleaning methods will be allowed. Surface preparation shall be performed to the extent that a substantial amount of the reflective glass spheres are removed and a roughened epoxy marking surface remains.

   Immediately after surface preparation remove loose particles and foreign debris by brooming or blasting with compressed air.

   Repair shall be made by restriping over the cleaned surface in accordance with the requirements of this specification and at the full thickness indicated on the Contract Documents.

2. Uncured or discolored epoxy*; insufficient bond (to pavement surface or existing durable marking).

   Repair Method. The defective epoxy marking shall be completely removed and cleaned to the underlying pavement surface in accordance with the requirements of Section 635 - Cleaning and Preparation of Pavement Surfaces, at the Contractor's expense.

   The extent of removal shall be the defective area plus any adjacent epoxy pavement marking material extending three feet in any direction.

   After surface preparation work is complete, repair shall be made by reapplying epoxy over the cleaned pavement surface in accordance with the requirements of this specification.

**ITEM 685.0715XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 15 MILS THICK (WET NIGHT VISIBILITY SPHERES)**
**ITEM 685.0720XX10 - EPOXY REFLECTORIZED PAVEMENT MARKINGS 20 MILS THICK (WET NIGHT VISIBILITY SPHERES)**

*Uncured epoxy shall be defined as applied material that fails to cure (dry) in accordance with the requirements of §727-03 Epoxy Paint; or applied material that fails to cure (dry) within a reasonable time period under actual field conditions, as defined by the Engineer.

Discoloration shall be defined as localized areas or patches of brown, grayish or black colored epoxy marking material. These areas often occur in a cyclic pattern and often are not visible until several days or weeks after markings are applied.

Other defects not noted above, but determined by the Engineer to need repair, shall be repaired or replaced as directed by and to the satisfaction of the Engineer.

All work in conjunction with the repair or replacement of defective epoxy reflectorized pavement markings shall be performed by the Contractor at no additional cost to the State.

**METHOD OF MEASUREMENT**

Pavement striping (regular lines, cross hatching and special markings) will be measured in feet along the centerline of the pavement stripe and will be based on a 4 inch wide stripe. Measurement for striping with a width greater than the basic 4 inches, as shown on the plans or directed by the Engineer, will be made by the following method:

$$\frac{\text{Plan Width of Striping (inches) X Feet}}{\text{4 inches}}$$

**BASIS OF PAYMENT**

The accepted quantities of markings will be paid for at the contract unit price, which shall include the cost of furnishing all labor, materials and equipment to satisfactorily complete the work. The cost for maintaining and protecting traffic during the marking operations shall be included in the price bid. The cost of removal of concrete curing compounds and existing pavement markings will be paid under separate items and are not included in this item.

No payment will be made for the repair or replacement of defective epoxy reflectorized pavement markings.

1. ALL PAVEMENT MARKINGS SHALL BE PLACED IN ACCORDANCE WITH THE MUTCD AND NYS SUPPLEMENT.
2. EDGE LINES SHALL BE YELLOW ON THE LEFT SIDE AND WHITE ON THE RIGHT SIDE IN THE DIRECTION OF TRAVEL UNLESS OTHERWISE SHOWN ON THE PLANS. IF THE CURB OFFSET IS LESS THAN 2'-0", NO EDGE LINE SHALL BE APPLIED ADJACENT TO CURBS UNLESS OTHERWISE SHOWN ON THE PLANS. EDGE LINES SHALL BE PROVIDED AT THE CURB ADJACENT TO RAISED ISLANDS (SEE DETAILS).
3. WHERE MARKINGS NORMALLY FOLLOW A PAVEMENT JOINT, SINGLE LINE MARKINGS SHALL BE PLACED ALONG ONE SIDE OF THE JOINT. DOUBLE LINE MARKINGS SHALL STRADDLE THE JOINT. LANE LINES ON ROADWAYS WHICH ARE MORE THAN TWO LANES WIDE AND HAVE LONGITUDINAL JOINTS BETWEEN ADJACENT LANES, SHALL BE PLACED ON THE SIDE OF THE JOINT WHICH WILL OBTAIN OPTIMUM LANE WIDTHS.

   AT THE JUNCTION OF SINGLE AND DOUBLE LINE MARKINGS WHICH FOLLOW A PAVEMENT JOINT, THE SINGLE LINE SHALL BE AN EXTENSION OF EITHER OF THE DOUBLE LINES AND NOT THE SPACE BETWEEN THEM. AT THE JUNCTION OF SINGLE AND DOUBLE LINE MARKINGS WHICH DO NOT FOLLOW A PAVEMENT JOINT, THE SINGLE LINE MAY BE ALIGNED WITH THE CENTER OF THE DOUBLE LINE MARKING OR WITH EITHER LINE OF THE DOUBLE LINE.
4. ALL DIMENSIONS AND THE PLACEMENT OF ARROWS, SYMBOLS, AND TEXT SHOWN ARE TYPICAL AND SHALL APPLY UNLESS OTHERWISE INDICATED IN THE CONTRACT DOCUMENTS.
5. THE REGIONAL TRAFFIC ENGINEER WILL REVIEW AND APPROVE ANY CHANGES TO THE PAVEMENT MARKING PLANS PRIOR TO FINAL INSTALLATION. CHANGES SHALL BE SUBMITTED TWO WEEKS PRIOR TO INSTALLATION.

GENERAL NOTES

1. THE TYPICAL DETAILS DEPICTED ON THE STANDARD SHEETS AND IN THE NOTICE, REFLECT THE MINIMUM REQUIREMENTS.

2. THE CONTRACTOR MUST SUBMIT TO THE ENGINEER, IN WRITING, PROPOSED REVISIONS TO THE TRAFFIC CONTROL PLAN FOR REVIEW AND APPROVAL BY THE REGIONAL DIRECTOR OR DESIGNEE DESCRIBING ITEMS (5) WORK DAYS PRIOR TO THE PLANNED IMPLEMENTATION OF SUCH PROPOSED REVISIONS, EXCEPT FOR CHANGES THAT ALTER THE SCOPE OF THE TRAFFIC CONTROL PLAN, SUCH CHANGES IN SCOPE MUST BE SUBMITTED TO THE ENGINEER FOR APPROVAL BY THE REGIONAL DIRECTOR OR HIS/HER DESIGNEE THIRTY (30) WORKING DAYS PRIOR TO IMPLEMENTATION OF SUCH REVISIONS.

3. THE CONTRACTOR SHALL PROVIDE THE ENGINEER, IN WRITING, WITH THE NAMES, ADDRESSES, AND TELEPHONE NUMBERS OF STAFF WHO ARE AUTHORIZED TO SECURE LABOR, MATERIALS, AND EQUIPMENT FOR EMERGENCY REPAIRS OUTSIDE NORMAL WORKING HOURS. THE ENGINEER WILL PROVIDE THE SUBMITTED INFORMATION TO REGIONAL MANAGEMENT, THE NEW YORK STATE POLICE, THE RESIDENT ENGINEER, AND THE LOCAL POLICE.

ACTIVITY AREA

1. THE CONTRACTOR SHALL MAINTAIN A MINIMUM 500' LONGITUDINAL DISTANCE BETWEEN CONSTRUCTION OPERATIONS ON ALTERNATE SIDES OF THE ROADWAY, UNLESS OTHERWISE APPROVED BY THE ENGINEER.

2. WHEN TWO OR MORE AREAS ARE ADJACENT, OVERLAP, OR ARE IN CLOSE PROXIMITY, THE CONTRACTOR SHALL ENSURE THERE ARE NO CONFLICTING SIGNS AND THAT LANE CONTINUITY IS MAINTAINED THROUGHOUT ALL WORK AREAS.

SIGNS

1. THE LOCATIONS OF THE SIGNS SHOWN ON THE WORK ZONE TRAFFIC CONTROL PLANS AND DETAILS MAY BE ADJUSTED BASED ON SIGHT DISTANCE AND OTHER CONSIDERATIONS. THE FINAL LOCATIONS OF SIGNS ARE SUBJECT TO APPROVAL OF THE ENGINEER.

2. ANY EXISTING SIGNS, INCLUDING OVERHEAD SIGNS, WHICH CONFLICT WITH THE TEMPORARY TRAFFIC CONTROL SIGN LAYOUT SHALL BE COVERED, REMOVED, STORED OR REACT (S) APPROVED BY THE ENGINEER. ALL APPROPRIATE EXISTING SIGNS SHALL BE RESTORED TO THEIR ORIGINAL CONDITION AND/OR LOCATION UNLESS OTHERWISE REPLACED IN THIS CONTRACT.

3. SIGNS AT OR NEAR INTERSECTIONS SHALL BE PLACED SO THAT THEY DO NOT OBSTRUCT A MOTORIST'S LINE OF SIGHT.

4. ALL WARNING AND REGULATORY SIGNS SHALL BE POSTED ON BOTH SIDES OF MULTI-LANE DIVIDED HIGHWAYS, MULTI-LANE RAMPS, AND ONE-WAY STREETS. IN CASES WHERE LANE RESTRICTIONS REDUCE THE TRAVEL LANE TO ONE LANE, SIGNS SHALL BE POSTED ON THE RIGHT SIDE OF THE ACTIVE TRAVEL LANE, UNLESS OTHERWISE AUTHORIZED BY THE ENGINEER.

5. SIGNS MOUNTED ON THE MEDIAN OF DIVIDED HIGHWAYS WHERE MEDIAN BARRIER IS IN PLACE MAY BE MOUNTED ON THE BARRIER WITH A SADDLE TYPE BRACKET, BAYBO THE SIGN DOES IN A HORIZONTAL POSITION IS NOT PERMITTED.

6. THE DIMENSIONS OF WORK ZONE TRAFFIC CONTROL SIGNS ARE DESCRIBED IN THE NOTICE. ANY CHANGES TO THE DIMENSIONS SHALL BE APPROVED BY THE REGIONAL DIRECTOR OR SY HIS/HER DESIGNEE.

7. HYRB-12 MAY BE USED IN PLACE OF HYRB-11.

CHANNELIZING DEVICES

1. WHERE POSSIBLE ALL CHANNELIZING AND GUIDING DEVICES ARE TO BE PLACED SO AS TO PROVIDE A MINIMUM 2' LATERAL CLEARANCE TO THE TRAVELED WAY.

PUBLIC ACCESS

1. PROPERTY OWNERS WHOSE DRIVEWAYS WILL BE MADE INACCESSIBLE SHALL BE NOTIFIED BY THE CONTRACTOR AT LEAST 24 HOURS PRIOR TO RESTRICTING USE OF THE DRIVEWAY. FOR MULTIPLE ACCESS PROPERTIES, AT LEAST ONE DRIVEWAY SHALL BE OPEN AT ALL TIMES. ACCESS SHALL BE RESTORED TO ALL DRIVEWAYS AS SOON AS POSSIBLE.

2. SUITABLE RAMPS SHALL BE INSTALLED TO MAINTAIN SMOOTH TRANSITIONS FROM RESIDENTIAL AND COMMERCIAL DRIVEWAYS TO AND FROM THE WORK AREA.

LANE CLOSURES

1. THE CONTRACTOR SHALL LOCATE LANE CLOSURES TO PROVIDE OPTIMUM VISIBILITY, I.E. BEFORE CURVES AND CRESTS, TO THE EXTENT CONDITIONS PERMIT.

2. THE ENGINEER MAY REQUIRE THAT ALL LANES BE RE-OPENED AT ANY TIME IF THE ROUTE IS NEEDED FOR EMERGENCY PURPOSES. THIS COULD INCLUDE INCIDENTS AT LOCATIONS OUTSIDE THE CONTRACT LIMITS.

LANE WIDTHS

1. UNLESS AUTHORIZED BY THE ENGINEER, THE MINIMUM LANE WIDTHS FOR WORK ZONE TRAVEL LANES SHALL BE AS FOLLOWS: FREEWAYS AND/OR EXPRESSWAYS 11 FT. THE MINIMUM LANE WIDTH FOR ALL OTHER TYPES OF ROADWAYS IS 10'.

2. THE CONTRACTOR SHALL PROVIDE A WRITTEN NOTICE TO THE ENGINEER, A MINIMUM OF 21 CALENDAR DAYS IN ADVANCE OF PERFORMING ANY WORK THAT RESULTS IN THE REDUCED WIDTH OF AN EXISTING ROADWAY, SO THAT THE ENGINEER MAY NOTIFY THE REGIONAL PERMIT ENGINEER IN A TIMELY MANNER.

BARRIER/SHADOW VEHICLES

1. BARRIER AND SHADOW VEHICLES SHALL BE REQUIRED AS PER STANDARD SHEET ENTITLED "WORK ZONE TRAFFIC CONTROL LEGENDS AND NOTES".

2. NO WORK ACTIVITY, EQUIPMENT, VEHICLES AND/OR MATERIALS SHALL BE LOCATED BETWEEN THE BARRIER OR SHADOW VEHICLE AND THE ACTIVE WORK AREA BEYOND AHEAD DISTANCES.

3. THE CONTRACTOR MAY BE REQUIRED TO PROVIDE A BARRIER VEHICLE IN CONJUNCTION WITH POLICE PRESENCE IN THE WORK ZONE, TO BE INCLUDED IN THE UNIT BID PRICE FOR BASIC WORK ZONE TRAFFIC CONTROL.

## TABLE NY1-A
## BARRIER VEHICLE USE REQUIREMENTS
## (LONG TERM, INTERMEDIATE TERM, AND SHORT TERM STATIONARY CLOSURES)

| CLOSURE TYPE | EXPOSURE CONDITION[1] | USE REQUIREMENTS[4,5] | | | |
|---|---|---|---|---|---|
| | | FREEWAY | NON-FREEWAY @PRECONSTRUCTION POSTED SPEED LIMIT | | |
| | | | ≥ 45 MPH | 35-40 MPH | ≤ 30 MPH |
| LANE CLOSURE | WORKERS ON FOOT OR IN VEHICLES EXPOSED TO TRAFFIC | REQUIRED[3] | REQUIRED[3] | REQUIRED[3] | OPTIONAL[2] |
| | NON-TRAVERSABLE HAZARD (EG. EQUIPMENT, MATERIALS, EXCAVATION) ONLY NO WORKERS EXPOSED | REQUIRED[3] | REQUIRED[3] | OPTIONAL[2] | OPTIONAL[2] |
| SHOULDER CLOSURE | WORKERS ON FOOT OR IN VEHICLES EXPOSED TO TRAFFIC | REQUIRED[3] | REQUIRED[3] | OPTIONAL[2] | OPTIONAL[2] |
| | NON-TRAVERSABLE HAZARD (EG. EQUIPMENT, MATERIALS, EXCAVATION) ONLY NO WORKERS EXPOSED | REQUIRED[3] | OPTIONAL[2] | OPTIONAL[2] | OPTIONAL[2] |

1. THE EXPOSURE CONDITIONS DESCRIBED IN TABLE NY1-A ASSUMES THERE IS NO POSITIVE PROTECTION (TEMPORARY TRAFFIC BARRIER) PRESENT. WHERE WORKERS OR HAZARDS ARE PROTECTED BY A TEMPORARY TRAFFIC BARRIER, BARRIER VEHICLES ARE NOT REQUIRED.
2. WHERE THE REQUIREMENT IS "OPTIONAL", EITHER A BARRIER VEHICLE OR THE STANDARD LONGITUDINAL BUFFER SPACE (TABLE 6C-2) SHALL BE PROVIDED.
3. REQUIREMENTS SHALL INCLUDE PROVIDING A SEPARATE BARRIER VEHICLE FOR EACH CLOSED LANE AND EACH CLOSED PAVED SHOULDER 8' OR GREATER IN WIDTH. IF THE WORK SPACE MOVES WITHIN THE STATIONARY CLOSURE, THE BARRIER VEHICLE SHALL BE REPOSITIONED ACCORDINGLY. BARRIER VEHICLES PROTECTING NON-TRAVERSABLE HAZARDS SHALL REMAIN IN PLACE DURING DAYS WORKING AND NON-WORKING HOURS UNTIL THE HAZARD NO LONGER EXISTS. EXCEPTIONS TO THESE REQUIREMENTS MAY BE MADE, AS APPROVED BY THE REGIONAL DIRECTOR OR HIS/HER DESIGNEE, WHERE BARRIER VEHICLE PLACEMENT WOULD BE INEFFECTIVE OR WOULD INTERFERE WITH THE SAFE OPERATION OF TRAFFIC.
4. BARRIER VEHICLES ARE NOT REQUIRED FOR MILLING AND/OR PAVING OPERATIONS, BUT THE STANDARD LONGITUDINAL BUFFER SPACE (TABLE 6C-2) SHALL BE PROVIDED.
5. BARRIER VEHICLES ARE NOT REQUIRED FOR FLAGGING OPERATIONS, BUT THE STANDARD LONGITUDINAL BUFFER SPACE (TABLE6C-2) SHALL BE PROVIDED.

## TABLE NY1-B
## SHADOW VEHICLE USE REQUIREMENTS
## (MOBILE CLOSURES)

| CLOSURE TYPE | EXPOSURE CONDITION | USE REQUIREMENTS | | | |
|---|---|---|---|---|---|
| | | FREEWAY | NON-FREEWAY @PRECONSTRUCTION POSTED SPEED LIMIT | | |
| | | | ≥ 45 MPH | 35-40 MPH | ≤ 30 MPH |
| LANE CLOSURE | WHEN ANY WORKER, VEHICLE, OR OTHER HAZARD IS EXPOSED TO TRAFFIC | REQUIRED[3,4] | REQUIRED[3,4] | REQUIRED[3,4] | REQUIRED[3,4] |
| SHOULDER CLOSURE | WHEN ANY WORKER, VEHICLE, OR OTHER HAZARD IS EXPOSED TO TRAFFIC | REQUIRED[3,4] | REQUIRED[3,4] | REQUIRED[3,4] | REQUIRED[3,4] |

1. A MOBILE CLOSURE SHALL BE USED FOR ANY WORK ACTIVITY THAT MOVES CONTINUOUSLY OR INTERMITTENTLY ALONG THE TRAVELED WAY OR SHOULDER SLOWER THAN THE PREVAILING SPEED OF TRAFFIC. CHANNELIZING DEVICES ARE NOT USED FOR MOBILE CLOSURES.
2. SHADOW VEHICLES SHALL BE EQUIPPED WITH AN APPROVED REAR MOUNTED ATTENUATOR (TRUCK MOUNTED OR TRAILER MOUNTED) FOR THE FOLLOWING MOBILE CLOSURES: LANE CLOSURES ON FREEWAYS, LANE CLOSURES ON NON-FREEWAY ROADWAYS HAVING A PRE-CONSTRUCTION POSTED SPEED LIMIT OF 35 MPH OR MORE, SHOULDER CLOSURES ON FREEWAYS, AND SHOULDER CLOSURES ON NON-FREEWAY ROADWAYS HAVING A PRE-CONSTRUCTION SPEED LIMIT OF 45 MPH OR MORE.
3. FOR MOBILE LANE CLOSURES OR NON-FREEWAY ROADWAYS HAVING A PRE-CONSTRUCTION POSTED SPEED LIMIT OF 30 MPH OR LESS AND MOBILE SHOULDER CLOSURES ON NON-FREEWAY ROADWAYS HAVING A PRE-CONSTRUCTION SPEED LIMIT OF 40 MPH OR LESS, SHADOW VEHICLES ARE NOT REQUIRED TO BE EQUIPPED WITH A REAR MOUNTED ATTENUATOR.
4. A SHADOW VEHICLE IS USED TO PROTECT EXPOSED WORKERS (ON FOOT OR IN A VEHICLE) AND SHALL BE REQUIRED FOR ALL MOBILE CLOSURES. SHADOW VEHICLE REQUIREMENTS SHALL INCLUDE PROVIDING A SEPARATE SHADOW VEHICLE FOR EACH CLOSED LANE AND EACH CLOSED PAVED SHOULDER 8' OR GREATER IN WIDTH. ADDITIONAL SHADOW VEHICLES MAY BE REQUIRED TO PROMOTE THE SAFE OPERATION OF TRAFFIC AND THE INCREASED PROTECTION OF EXPOSED WORKERS, AS DIRECTED BY THE REGIONAL DIRECTOR OR HIS/HER DESIGNEE.

URBAN: MEETS MORE THAN 1 OF THE FOLLOWING CRITERIA: SIDEWALKS, BICYCLE USAGE, CURBING, CLOSED DRAINAGE SYSTEMS, DRIVEWAY DENSITIES GREATER THAN 24 DRIVEWAYS PER MILE, MINOR COMMERCIAL DRIVEWAY DENSITIES OF 10 DRIVEWAYS PER MILE OR GREATER, MAJOR COMMERCIAL DRIVEWAYS, NUMEROUS RIGHT OF WAY CONSTRAINTS, HIGH DENSITY OF CROSS STREETS, 85TH PERCENTILE SPEEDS OF 45 MPH OR LESS.

RURAL: ANY AREA NOT EXHIBITING MORE THAN ONE OF THE ABOVE CHARACTERISTICS.

EXPRESSWAY: DIVIDED HIGHWAYS FOR TRAFFIC WITH FULL OR PARTIAL CONTROL OF ACCESS AND GENERALLY WITH GRADE SEPARATIONS AT MAJOR CROSSROADS.

FREEWAYS/INTERSTATE: LOCAL OR INTER-REGIONAL HIGH-SPEED, DIVIDED, HIGH-VOLUME FACILITIES WITH FULL OR PARTIAL CONTROL OF ACCESS.

## WORK DURATION DEFINITIONS

LONG-TERM STATIONARY IS WORK THAT OCCUPIES A LOCATION MORE THAN 3 CONSECUTIVE DAYS.

INTERMEDIATE-TERM STATIONARY IS WORK THAT OCCUPIES A LOCATION MORE THAN ONE DAYLIGHT PERIOD UP TO 3 CONSECUTIVE DAYS, OR NIGHTTIME WORK LASTING MORE THAN 4 HOUR.

SHORT-TERM STATIONARY IS DAYTIME WORK THAT OCCUPIES A LOCATION FOR MORE THAN 1 HOUR WITHIN A SINGLE DAYLIGHT PERIOD.

SHORT DURATION IS WORK THAT OCCUPIES A LOCATION UP TO 1 HOUR.

MOBILE IS WORK THAT MOVES INTERMITTENTLY OR CONTINUOUSLY.

# The Very Rev. Canon Michael T. Sniffen, PhD

## BIO

The Very Reverend Dr. Michael T. Sniffen serves as Dean of Long Island, leading both the Cathedral of the Incarnation and the Mercer School of Theology in Garden City, New York. He is a vowed member of the Community of the Incarnation and serves in the United States Navy as Command Chaplain of the Empire Battalion, 4th Marine Division, U.S. Marine Corps.

Ordained in 2007, Dean Sniffen has served congregations in New Jersey and New York, most recently in Brooklyn and Garden City. He holds a B.A., Magna Cum Laude, from West Virginia Wesleyan College, and M.Phil., M.Div., and Ph.D. degrees from Drew University.

Dean Sniffen's ministry has been recognized by Congress, the City of New York, and Nassau County for its impact on the public good. While Rector of St. Luke and St. Matthew in Brooklyn, he coordinated a major disaster relief effort following Hurricane Sandy, mobilizing thousands of college students and residents to serve neighbors in need. The Department of Homeland Security recognized the initiative as one of the most effective grassroots relief efforts in U.S. history. He has appeared on NBC, CBS, PBS, and FOX News, speaking about the power of faith and community organizing in response to climate disasters.

His leadership has been honored with awards in pulpit oratory and manner, community achievement, pastoral leadership, and innovative ministry. A steward of the 2008 Lambeth Conference in London and Canterbury, he has also been recognized with a Luce Fellowship at the Center for Christianity in Global Contexts. In 2022, he received the Military Outstanding Volunteer Service Medal for his work during the COVID-19 pandemic.

Dean Sniffen has served on numerous boards and commissions including the Garden City Foundation, the Racial Justice Advisory Council of the Brooklyn Community Foundation, and the Brooklyn Borough President's Council on Faith-Based Partnerships. A sought-after speaker and preacher, he regularly addresses religion and spiritual development as integral aspects of the human experience.

Since 2015, Dean Sniffen has led a visionary expansion of cathedral ministry on Long Island including the renovation, restoration, and acquisition of numerous historic buildings. He has initiated new community ministry partnerships in the Nassau County Correctional Center, on the campus of Adelphi University, and on the streets of Hempstead. He co-founded the Center for Spiritual Imagination, now a leading voice in the contemplative Christian movement. In his academic work, he teaches preaching as a transformational, embodied practice. He is currently teaching an advanced seminar entitled *"Preaching in a Divisive Age"* in which he guides seminarians through an exploration of the relationship between Christian contemplation and spiritual resilience in the life of the preacher.

Avid sailors and runners, Dean Sniffen and his wife, Joanna, live on the Cathedral Close in Garden City with their two Whippets, Huck and Burleigh.

A RESOLUTION CONFIRMING THE COUNTY EXECUTIVE'S APPOINTMENT OF SAMANTHA E. SETER TO THE NASSAU COUNTY PLANNING COMMISSION.

APPROVED AS TO FORM

Deputy County Attorney

WHEREAS, the Honorable Bruce Blakeman, County Executive, has transmitted to this Legislature written notification of the appointment of Samantha E. Seter to replace Denise Gold on the Nassau County Planning Commission, pursuant to Sections 203 and 1601 of the Nassau County Charter, for a three-year term ending June 29, 2029; and

WHEREAS, such appointment is subject to confirmation by this Legislature; now therefore, be it

RESOLVED, that the appointment by the County Executive of Samantha E. Seter to serve on the Nassau County Planning Commission for a three-year term expiring on June 29, 2029 is hereby confirmed; and be it further

RESOLVED, that it is hereby determined, pursuant to the provisions of the State Environmental Quality Review Act, 8 N.Y.E.C.L. section 0101 et seq. and its implementing regulations, Part 617 of 6 N.Y.C.R.R., and Section 1611 of the County Government Law of Nassau County, that this appointment is a "Type II" Action within the meaning of Section 617.5(c)(26) of 6 N.Y.C.R.R. ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"), and, accordingly, is of a class of actions which do not have a significant effect on the environment; and no further review is required.
