EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

Living Wage

Section 1. Authority and Usage

a. These Rules are promulgated pursuant to Local Law 1-2006, section 7(b) which authorizes the County Executive to promulgate rules to implement the provisions of the Nassau County Living Wage Law.

b. Wherever the term "Law" or "Living Wage Law" is used in this document, it shall mean Local Law 1-2006, otherwise known as the Nassau County Living Wage Law. Whenever the terms "Rule" or "Rules" are used in this document, it shall mean these Rules of the County Executive regarding the Nassau County Living Wage Law.

Section 2. Clarification of Terms

a. Awarded. "Awarded" shall mean that time at which a contractor is selected by the County, or any department of the County, to receive county financial assistance, even if that time is before execution of a county financial assistance agreement by all parties or approval of such agreement by the County Legislature.

See Living Wage Law, § 5(a) "Certification of Compliance" and § 10 "Other Provisions"

b. County Service Contract. "County Service Contract" shall mean any contract let to a contractor by the county for the furnishing of services to or for the county and that involves an expenditure equal to or greater than twenty-five thousand dollars. A contract for the sale of goods to the County, or a contract for the sale of goods where incidental services are being provided to the County, are not considered County Service Contracts. This definition shall not include contracts awarded pursuant to the county's emergency procurement procedure as set forth in section twenty-two hundred six of the county charter, inter-governmental agreements, agreements with state or local public authorities or agreements with local development corporations incorporated pursuant to section 1411 of the not-for-profit corporations law.

c. County Financial Assistance. "County Financial Assistance" shall mean any grant, loan, tax incentive or abatement, bond financing, subsidy or other form of assistance of more than fifty thousand dollars given by or through the authority or approval of the county to an entity having at least ten employees. County financial assistance shall not include industrial development bonds, community development block grant loans, and enterprise-zone-related incentives.

d. Employee and Employer.

i. Under Section 1 of the Living Wage Law, an "Employee" for the purposes of a county service contract is an employee of a county contractor "pursuant to one or more service contracts and who expends any of his or her time thereon." Thus, an Employee may be:

A. Any person hired by a County contractor specifically to work on the County Service Contract at issue

B. Any person employed by the County Contractor who works on the specific services contemplated by the County Service Contract

ii. An Employee is not:

A. An employee who provides services which are only incidental to the services specified in the County Service Contract.

An employee who does not provide any services contemplated under the County Service Contract in Question

iii. For the purposes of the Living Wage Law, Nassau Community College is not an employer as defined in the Law. However, service contractors, financial assistance recipients and lessees of the College are employers as defined in the law and are subject to the provisions of the Living Wage Law as they are applicable.

See Living Wage Law, § 1 "Employee," "Employer"

e. Enter Into. "Enter into" shall mean that time at which both parties have signed the contract in question.

See Living Wage Law, § 1 "County Service Contract" and § 10(a) "Other Provisions"

3. Amendments, Extensions and Renewals

a. Renewals and Extensions. Where an existing County Financial Assistance Agreement, County Service Contract, or County Lease is renewed or extended after the effective date of the Law, such agreement is a new County Financial Assistance Agreement, County Service Contract or County Lease, as the case may be, and is subject to the applicable provisions of the Law.

b. Determination of Applicability.

i. County Service Contracts.

A. Any renewal of a County Service Contract is subject to the Living Wage Law if the total expenditure by the County under the renewal is $25,000 or greater.

B. If a County Service Contract is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount $25,000 or over, or if such amendment itself involves an expenditure of $25,000 or over. In no event shall the Law apply in a situation where an amendment involves an expenditure of less than $25,000 and the original agreement already involves an expenditure of $25,000 or over.

ii. County Financial Assistance Agreements.

A. Any renewal of a County Financial Assistance Agreement is subject to the Living Wage Law if the total expenditure by the County under the renewal is greater than $50,000.

B. If a Financial Assistance Agreement is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount over $50,000, or if such amendment itself involves an expenditure over $50,000. In no event shall the Law apply in a situation where an amendment involves an expenditure of $50,000 or less and the original agreement already involves an expenditure over $50,000.

iii. County Leases. Any renewal, extension or modification of a County Lease is subject to the provisions of the Living Wage Law.

See Living Wage Law, §10(a) "Other Provisions"

4. Waiver of the Law

a. Application of the Provision

i. Any County Contractor may apply for a waiver of the provisions of the Law. In order to qualify as a County Contractor, the applying organization must have a County Service Contract with the County of Nassau. A County Service Contract is a contract which contemplates providing a service to the County (not goods or any service performed only to deliver goods) for which the County is paying $25,000 or more. Both non-profit and for-profit County Contractors may apply for a waiver.

ii. At this time, the Living Wage Law does not allow a County Lessee or an entity receiving County Financial Assistance to apply for a waiver of the Law's provisions.

b. Request for a Waiver The following procedures have been established by the County Executive for requesting a waiver of the provisions of the Living Wage Law:

i. Request for a waiver must be made to the Nassau County Office of Compliance. Since a waiver request must be made by a County Contractor who already has a contract with the County to provide services, a request for a waiver may only be made after the contract in question is entered into with the County.

ii. A request for a waiver must be made on the approved form designated "Request for Waiver of the Provisions of the Nassau County Living Wage Law." This form is attached to these rules. Additional forms may be requested by contacting the agency with which the requesting organization has a contract.

iii. Except for those requesting organizations with County Service Contracts listed in section 4(b)(iv)(E)(3) below, those requesting organizations which plan to request a waiver once a County Service Contract has been entered into must include, in their bid or proposal for the specific County Service Contract, a budget breakdown stating the amount of the budget allocated to wages (*assuming the Living Wage Law applies*), and the amount of the budget allocated to services and other contract expenses.

A. In any budget breakdown submitted, the requesting organization must include only those employees who are included within the definition of "Employee" described above.

B. Those County contractors who have been awarded a contract through Executive Order No. 1 of 1993, a state or federal grant, General Municipal Law section 104, or any other state or federal rule or regulation must submit the above budget breakdown to the contracting agency before such contract is entered into with the County in order to be eligible for a waiver.

iv. A waiver request must contain the following information:

A. The name of the organization

B. The address of the organization

C. A brief description of the contract which the waiver pertains to.

D. The name and email address of the Chief Executive Officer of the requesting organization

E. The criteria (hereinafter, the "Criteria") for qualifying for a waiver under the provisions of the Law. Currently, a requesting organization must meet either Criteria 1, 2 or 3 below, and, if Criteria 1, 2 or 4 are cited, must meet Criterion 5 below:

1. The highest paid officer or employee of the requesting organization earns a salary which, when calculated on an hourly basis, is less than six times the lowest wage or salary paid by the requesting organization.

OR

2. Compliance with the requirements of the Living Wage Law will directly increase the requesting organization's expected total annual budget in an amount greater than ten percent of the prior fiscal year's budget.

OR

3. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would exceed the amount, per hour or per diem (as the case may be), reimbursed to the County by any State or Federal Source:

Services under the Expanded In-Home Services for the Elderly Program (EISEP)
Foster care services under the New York Social Services Law.
Residential domestic violence services under the New York Social Services Law.
Residential care, educational and vocational training, physical and mental health services, and employment counseling services to residents of the Juvenile Detention Center under the New York Executive Law.

OR

4. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would increase the County Service Contract's budget by greater than ten percent over the budget for the requesting organization's County Service Contract for the previous contracting year:

i. Non-residential domestic violence services under the New York Social Services Law.
ii. Services under the Home Energy Assistance Program (HEAP)
Preventive services for children pursuant to the New York Social Services Law
Non-Secure detention services pursuant to the New York Executive Law.

AND (if Criteria 1, 2 or 4)

5. When the requesting organization placed a bid or submitted a proposal for the county service contract at issue, it must have submitted a budget which included a breakdown of the wages paid to employees of the requesting organization who would be covered under the Living Wage Law.

F. A statement that, if a waiver is granted, the requesting organization will decrease its budgeted wage allocation to that amount the requesting organization would have paid its employees had the requirements of Living Wage Law not been applied. The amount to be paid by the County to the requesting organization will be reduced accordingly by contract amendment.

G. The notarized signature of the requesting organization's Chief Executive Officer.

v. A request must be accompanied by documentation supporting the Criteria claimed by the requesting organization.

A. If Criteria (1) is cited in the request, the requestor must include a statement, certified by the chief financial officer of the requesting organization as true and accurate, of the wages paid, on an hourly basis, of the highest and lowest paid individuals employed by the requesting organization.

B. If Criteria (2) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the last fiscal year along with a copy of the organization's expected budget taking into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

C. If Criteria (4) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the County Service Contract for the prior agreement year along with the requesting organization's budget for the County Service Contract for the current agreement year which takes into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

vi. The request form and all documentation must be sent to the following address:

c. Waiver and Procurement

i. As a waiver may only be requested once a County Service Contract has been entered into, no waiver application may be submitted by any organization submitting a bid or proposal to the County for a County Service Contract.

ii. The fact that a waiver may be granted to an organization submitting a bid or proposal to the County for a County Service Contract will not be a consideration in evaluating such bid or proposal.

d. Review Procedures

i. Review of a request for a waiver must be made by the Office of Compliance.

ii. Approval of a request is dependent on the requestor satisfying either criteria (1), (2) or (3) in section 4(b)(iv)(E) above and, if citing criteria (1), (2) or (4), criterion (5) in section 4(b)(iv)(E) above. Applications not satisfying these criteria, or incomplete applications, will not be approved. However, complete applications that do meet these criteria shall be approved by the Office of Compliance.

iii. The Office of Compliance shall inform the requestor of his or her decision to grant or deny a request in writing within thirty days of receipt of the request. A copy of the grant or denial shall be transmitted to the County Comptroller for the purposes of monitoring compliance with the Living Wage Law.

iv. During such thirty day period, the requestor must continue to abide by the provisions of the Living Wage Law. Failure to do so may result in action by the Office of the Nassau County Comptroller to enforce the provisions of the Law.

e. Post-Award Review

i. After the County grants a waiver, if at any time during the term of the County Service Contract the requesting organization alters its budget or wages such that the organization no longer qualifies for a waiver of the Living Wage Law, the requesting organization must contact the County department with which it contracts and inform such department of such alteration.

ii. If a County department is contacted in reference to such a change, the department must either:

Amend the County Service Contract in question to restore any funding subtracted from the contract as a result of a waiver of the Living Wage Law and receive from the Contractor a completed Certificate of Compliance; or

Terminate such Contract according to its terms.

See Living Wage Law, § 9 "Waiver"

5. Inter-Governmental Agreements

a. The Living Wage Law shall not apply to those County Service Contracts which are entered into with any municipal corporation located within the County, any school district located within the County, and any special district located within the County.

b. County Financial Assistance Agreements and County Leases. The Living Wage Law shall not apply to a County Financial Assistance Agreement or a County Lease in the event that application of the law would conflict with the application of a federal, state or local law, rule, regulation or ordinance. For the purposes of this Rule, the Living Wage Law would not apply to a County Financial Assistance Agreement or County Lease where funding for the Agreement or Lease is derived from a Federal or state grant where the distribution of such grant funds to certain subrecipients is mandatory and non-discretionary.

ii. Building Services Labor Law Article 9 applies to Contracts for building service work with the county, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

b. Prevailing Wage Rate Applicable to Bid Submissions A *copy of the applicable prevailing wage rates to be paid or provided are annexed* to the Bid Documents. Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages, as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified. Information indicating that prevailing wages are not being paid on a public works project will be forwarded to the New York State Department of Labor for investigation. Willful violations of the prevailing wage provisions of the Labor Law may result in debarment from the bidding and award of public contracts.

c. Wage Rate Payments / Changes During Contract Term The wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. For building services contracts, such records must be kept at the work site while work is being performed.

iii. Submission of Certified Payroll Transcripts for Public Works Contracts Only Contractors and Subcontractors on public works projects must submit monthly payroll transcripts to the project manager for a public works project.

iv. Records Retention Contractors and Subcontractors must preserve copies of such certified transcripts for a period of three years from the date of completion of work on the awarded contract.

If this contract is for Building Service Work as defined in Article 9 of the Labor Law, State law prohibits other political subdivisions and districts within the County from making purchases pursuant to this agreement.

The County Living Wage Law, Title 57, Section 3(a)(i), states: employers who provide building services shall pay their employees no less than the living wage, as required by this section, or the prevailing wage, whichever is greater. In future bidding procedures, the requirement should be "vendor must pay the prevailing wage, or the County Living Wage, whichever is greater", or similar language.

This endorsement modifies insurance provided under the following:

ENVIRONMENTAL COMBINED POLICY

I. **SECTION III – WHO IS AN INSURED** is amended to include as an additional **insured**:

1. Any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement, in effect during this **policy period**, that such person or organization be added as an additional **insured** on this policy; and

2. Any other person or organization you are explicitly required to add as an additional **insured** under the contract or agreement described in Paragraph **1.** above.

Such contract or agreement must be executed and in effect prior to the performance of **your work** which is the subject of such contract or agreement.

Such person(s) or organization(s) is an additional **insured** only with respect to liability for **bodily injury** or **property damage** under **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY, Coverage D.1 – Contractors Pollution Legal Liability** and **Coverage D.4 – Microbial Substance Contractors Pollution Liability,** or personal injury or advertising injury under **SECTION I - COVERAGE B – PERSONAL AND ADVERTISING INJURY LIABILITY** directly caused by:

a. Your acts or omissions; or
b. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional **insured** described in Paragraph **1.** or **2.** above.

However, the insurance afforded to such additional **insured** described above:

a. Only applies to the extent permitted by law; and
b. Will not be broader than that which you are required by the contract or agreement to provide for such additional **insured**, and
c. Will not extend beyond that which is provided to you in this policy.

A person's or organization's status as an additional **insured** under this endorsement ends when your operations for the person or organization described in Paragraph **1.** above are completed.

II. With respect to the insurance afforded to these additional **insureds**, the following additional exclusions apply:

This insurance does not apply to:

a. **Bodily injury**, **property damage** or **personal and advertising injury** arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
(2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the **claims** against any **insured** allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that **insured**, if the **occurrence** which caused the **bodily injury** or **property damage**, or the offense which caused the **personal and advertising injury**, involved the rendering of, or the failure to render any professional architectural, engineering or surveying services.

b. **Bodily injury** or **property damage** occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional **insured**(s) at the location of the **covered operations** has been completed; or

(2) That portion of **your work** out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

III. With respect to the insurance afforded to these additional **insureds**, the following is added to **SECTION V – LIMITS OF INSURANCE**:

The most we will pay on behalf of the additional **insured** is the amount of insurance:

1. Required by the contract or agreement described in Paragraph **I.1.**; or
2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

IV. With respect to the insurance afforded to these additional **insureds**, the following is added to **SECTION VI – REPORTING, DEFENSE, SETTLEMENT & COOPERATION**:

   c. A request for defense and indemnity of the **claim** or **suit** will promptly be brought against any policy issued by another insurer under which the additional **insured** may be an insured in any capacity. This provision does not apply to insurance on which the additional **insured** is a **Named Insured**, if the contract or agreement requires that this coverage be primary and noncontributory.

V. **SECTION VII – CONDITION 10. – Other Insurance** is amended by the addition of the following which supersedes any provision to the contrary:

SECTION II – COVERED AUTOS LIABILITY COVERAGE

A. Coverage

We will pay all sums an "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, caused by an "accident" and resulting from the ownership, maintenance or use of a covered "auto".

We will also pay all sums an "insured" legally must pay as a "covered pollution cost or expense" to which this insurance applies, caused by an "accident" and resulting from the ownership, maintenance or use of covered "autos". However, we will only pay for the "covered pollution cost or expense" if there is either "bodily injury" or "property damage" to which this insurance applies that is caused by the same "accident".

We have the right and duty to defend any "insured" against a "suit" asking for such damages or a "covered pollution cost or expense". However, we have no duty to defend any "insured" against a "suit" seeking damages for "bodily injury" or "property damage" or a "covered pollution cost or expense" to which this insurance does not apply. We may investigate and settle any claim or "suit" as we consider appropriate. Our duty to defend or settle ends when the Covered Autos Liability Coverage Limit of Insurance has been exhausted by payment of judgments or settlements.

1. Who Is An Insured

The following are "insureds":

a. You for any covered "auto".
b. Anyone else while using with your permission a covered "auto" you own, hire or borrow except:

(2) Your "employee" if the covered "auto" is owned by that "employee" or a member of his or her household.

(3) Someone using a covered "auto" while he or she is working in a business of selling, servicing, repairing, parking or storing "autos" unless that business is yours.

(5) A partner (if you are a partnership) or a member (if you are a limited liability company) for a covered "auto" owned by him or her or a member of his or her household.

c. Anyone liable for the conduct of an "insured" described above but only to the extent of that liability.

2. Coverage Extensions

a. Supplementary Payments

We will pay for the "insured":

(3) The cost of bonds to release attachments in any "suit" against the "insured" we defend, but only for bond amounts within our Limit of Insurance.

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $250 a day because of time off from work.

(5) All court costs taxed against the "insured" in any "suit" against the "insured" we defend. However, these payments do not include attorneys' fees or attorneys' expenses taxed against the "insured".

(6) All interest on the full amount of any judgment that accrues after entry of the judgment in any "suit" against the "insured" we defend, but our duty to pay interest ends when we have paid, offered to pay or deposited in court the part of the judgment that is within our Limit of Insurance.

These payments will not reduce the Limit of Insurance.

b. Out-of-state Coverage Extensions

While a covered "auto" is away from the state where it is licensed, we will:

(1) Increase the Limit of Insurance for Covered Autos Liability Coverage to meet the limits specified by a compulsory or financial responsibility law of the jurisdiction where the covered "auto" is being used. This extension does not apply to the limit or limits specified by any law governing motor carriers of passengers or property.

(2) Provide the minimum amounts and types of other coverages, such as no-fault, required of out-of-state vehicles by the jurisdiction where the covered "auto" is being used.

We will not pay anyone more than once for the same elements of loss because of these extensions.

All "bodily injury", "property damage" and "covered pollution cost or expense" resulting from continuous or repeated exposure to substantially the same conditions will be considered as resulting from one "accident".

The application of the highest deductible used to calculate the maximum deductible will be made regardless of which covered "autos" were damaged or stolen in the "loss".

SECTION IV – BUSINESS AUTO CONDITIONS

The following conditions apply in addition to the Common Policy Conditions:

A. Loss Conditions

1. Appraisal For Physical Damage Loss

If you and we disagree on the amount of "loss", either may demand an appraisal of the "loss". In this event, each party will select a competent appraiser. The two appraisers will select a competent and impartial umpire. The appraisers will state separately the actual cash value and amount of "loss". If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will be binding. Each party will:

a. Pay its chosen appraiser; and

b. Bear the other expenses of the appraisal and umpire equally.

If we submit to an appraisal, we will still retain our right to deny the claim.

2. Duties In The Event Of Accident, Claim, Suit Or Loss

We have no duty to provide coverage under this Policy unless there has been full compliance with the following duties:

a. In the event of "accident", claim, "suit" or "loss", you must give us or our authorized representative prompt notice of the "accident" or "loss". Include:

(1) How, when and where the "accident" or "loss" occurred;

(2) The "insured's" name and address; and

(3) To the extent possible, the names and addresses of any injured persons and witnesses.

b. Additionally, you and any other involved "insured" must:

(1) Assume no obligation, make no payment or incur no expense without our consent, except at the "insured's" own cost.

(2) Immediately send us copies of any request, demand, order, notice, summons or legal paper received concerning the claim or "suit".

© Insurance Services Office, Inc., 2019

(3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit".

(4) Authorize us to obtain medical records or other pertinent information.

(5) Submit to examination, at our expense, by physicians of our choice, as often as we reasonably require.

c. If there is "loss" to a covered "auto" or its equipment, you must also do the following:

(1) Promptly notify the police if the covered "auto" or any of its equipment is stolen.

(2) Take all reasonable steps to protect the covered "auto" from further damage. Also keep a record of your expenses for consideration in the settlement of the claim.

(3) Permit us to inspect the covered "auto" and records proving the "loss" before its repair or disposition.

(4) Agree to examinations under oath at our request and give us a signed statement of your answers.

3. Legal Action Against Us

No one may bring a legal action against us under this Coverage Form until:

a. There has been full compliance with all the terms of this Coverage Form; and

b. Under Covered Autos Liability Coverage, we agree in writing that the "insured" has an obligation to pay or until the amount of that obligation has finally been determined by judgment after trial. No one has the right under this Policy to bring us into an action to determine the "insured's" liability.

4. Loss Payment – Physical Damage Coverages

At our option, we may:

a. Pay for, repair or replace damaged or stolen property;

b. Return the stolen property, at our expense. We will pay for any damage that results to the "auto" from the theft; or

c. Take all or any part of the damaged or stolen property at an agreed or appraised value.

If we pay for the "loss", our payment will include the applicable sales tax for the damaged or stolen property.

5. Transfer Of Rights Of Recovery Against Others To Us

If any person or organization to or for whom we make payment under this Coverage Form has rights to recover damages from another, those rights are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after "accident" or "loss" to impair them.

B. General Conditions

1. Bankruptcy

Bankruptcy or insolvency of the "insured" or the "insured's" estate will not relieve us of any obligations under this Coverage Form.

2. Concealment, Misrepresentation Or Fraud

This Coverage Form is void in any case of fraud by you at any time as it relates to this Coverage Form. It is also void if you or any other "insured", at any time, intentionally conceals or misrepresents a material fact concerning:

a. This Coverage Form;

b. The covered "auto";

c. Your interest in the covered "auto"; or

d. A claim under this Coverage Form.

3. Liberalization

If we revise this Coverage Form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

4. No Benefit To Bailee – Physical Damage Coverages

We will not recognize any assignment or grant any coverage for the benefit of any person or organization holding, storing or transporting property for a fee regardless of any other provision of this Coverage Form.

5. Other Insurance

a. For any covered "auto" you own, this Coverage Form provides primary insurance. For any covered "auto" you don't own, the insurance provided by this Coverage Form is excess over any other collectible insurance. However, while a covered "auto" which is a "trailer" is connected to another vehicle, the Covered Autos Liability Coverage this Coverage Form provides for the "trailer" is:

(1) Excess while it is connected to a motor vehicle you do not own; or

© Insurance Services Office, Inc., 2019

(2) Primary while it is connected to a covered "auto" you own.

b. For Hired Auto Physical Damage Coverage, any covered "auto" you lease, hire, rent or borrow is deemed to be a covered "auto" you own. However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

c. Regardless of the provisions of Paragraph **a.** above, this Coverage Form's Covered Autos Liability Coverage is primary for any liability assumed under an "insured contract".

d. When this Coverage Form and any other Coverage Form or policy covers on the same basis, either excess or primary, we will pay only our share. Our share is the proportion that the Limit of Insurance of our Coverage Form bears to the total of the limits of all the Coverage Forms and policies covering on the same basis.

6. Premium Audit

a. The estimated premium for this Coverage Form is based on the exposures you told us you would have when this Policy began. We will compute the final premium due when we determine your actual exposures. The estimated total premium will be credited against the final premium due and the first Named Insured will be billed for the balance, if any. The due date for the final premium or retrospective premium is the date shown as the due date on the bill. If the estimated total premium exceeds the final premium due, the first Named Insured will get a refund.

b. If this Policy is issued for more than one year, the premium for this Coverage Form will be computed annually based on our rates or premiums in effect at the beginning of each year of the Policy.

7. Policy Period, Coverage Territory

Under this Coverage Form, we cover "accidents" and "losses" occurring:

a. During the policy period shown in the Declarations; and

b. Within the coverage territory.

The coverage territory is:

(1) The United States of America;

(2) The territories and possessions of the United States of America;

(3) Puerto Rico;

(4) Canada; and

(5) Anywhere else in the world if a covered "auto" of the private passenger type is leased, hired, rented or borrowed without a driver for a period of 30 days or less,

provided that the "insured's" responsibility to pay damages is determined in a "suit" on the merits, in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada, or in a settlement we agree to.

We also cover "loss" to, or "accidents" involving, a covered "auto" while being transported between any of these places.

8. Two Or More Coverage Forms Or Policies Issued By Us

If this Coverage Form and any other Coverage Form or policy issued to you by us or any company affiliated with us applies to the same "accident", the aggregate maximum Limit of Insurance under all the Coverage Forms or policies shall not exceed the highest applicable Limit of Insurance under any one Coverage Form or policy. This condition does not apply to any Coverage Form or policy issued by us or an affiliated company specifically to apply as excess insurance over this Coverage Form.

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgrading's, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgrading's, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

The bidder must be prepared, if requested by the Director of Purchasing, to present evidence of experience, ability, financial standing, as well as a statement as to plant, machinery, trained personnel and capacity for the rendition of the service on which the vendor is bidding. Upon request of the Director, the successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bid are not complied with or that the services or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing, or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the forgoing shall mean or imply that it is obligatory upon the Director to make any examinations before an award; and it is further understood that, if such examination is made, it in no way relieves the bidder from fulfilling all requirements and conditions of the bid.

IMPORTANT NOTE: The Director reserves the right to accept or reject any and all bids, or separable portions of offers, and waive technicalities, irregularities, and omissions if the Director determines the best interests of the County of Nassau will be served. The Director, in his sole discretion, may accept or reject illegible, incomplete or vague bids and his decision shall be final. A conditional or revocable bid which clearly communicates the terms or limitations of acceptance may be considered and contract award may be made in compliance with the bidder's conditional or revocable terms in the offer. Prior to award, the Director reserves the right to seek clarifications, request bid revisions, or to request any information deemed necessary for proper evaluation of bids from all bidders deemed to be eligible for contract award. Failure to provide requested information may result in rejection of the bid.

RECORD RETENTION: Contractor shall retain complete and accurate records and documents related to this Agreement for six (6) years following the later of termination or final payment. Such records shall at all times be available for audit and inspection by the County.

NY STATE LABOR LAW

If any portion of work being Bid is subject to the prevailing wage rate provisions of the Labor Law, the following shall apply:

a. "Public Works" and "Building Services" - Definitions

i. Public Works Labor Law Article 8 applies to county contracts for public improvements in which laborers, workers or mechanics are employed on a "public works" project (distinguished from public "procurement" or "service" contracts).

ii. Building Services Labor Law Article 9 applies to Contracts for building service work with the county, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

b. Prevailing Wage Rate Applicable to Bid Submissions A *copy of the applicable prevailing wage rates to be paid or provided are annexed* to the Bid Documents. Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages, as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified. Information indicating that prevailing wages are not being paid on a public works project will be forwarded to the New York State Department of Labor for investigation. Willful violations of the prevailing wage provisions of the Labor Law may result in debarment from the bidding and award of public contracts.

c. Wage Rate Payments / Changes During Contract Term the wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. Contractor is solely liable for and must pay such required prevailing wage adjustments during the Contract term as required by law.

d. Public Posting & Certified Payroll Records In compliance with Article 8, Section 220 of the New York State Labor Law:

i. Posting the Contractor must publicly post on the work site, in a prominent and accessible place, a legible schedule of the prevailing wage rates and supplements.

ii. Payroll Records Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. For public works contracts over $25,000 where the Contractor maintains no regular place of business in New York State, such records must be kept at the work site. For building services contracts, such records must be kept at the work site while work is being performed.

iii. Submission of Certified Payroll Transcripts for Public Works Contracts Only Contractors and Subcontractors on public works projects must submit monthly payroll transcripts to the project manager for a public works project.

iv. Records Retention Contractors and Subcontractors must preserve copies of such certified transcripts for a period of three years from the date of completion of work on the awarded contract.

If this contract is for Building Service Work as defined in Article 9 of the Labor Law, State law prohibits other political subdivisions and districts within the County from making purchases pursuant to this agreement.

The County Living Wage Law, Title 57, Section 3(a)(i), states: employers who provide building services shall pay their employees no less than the living wage, as required by this section, or the prevailing wage, whichever is greater. In

future bidding procedures, the requirement should be "vendor must pay the prevailing wage, or the County Living Wage, whichever is greater", or similar language.

Living Wage

Section 1. Authority and Usage

a. These Rules are promulgated pursuant to Local Law 1-2006, section 7(b) which authorizes the County Executive to promulgate rules to implement the provisions of the Nassau County Living Wage Law.

b. Wherever the term "Law" or "Living Wage Law" is used in this document, it shall mean Local Law 1-2006, otherwise known as the Nassau County Living Wage Law. Whenever the terms "Rule" or "Rules" are used in this document, it shall mean these Rules of the County Executive regarding the Nassau County Living Wage Law.

Section 2. Clarification of Terms

a. Awarded. "Awarded" shall mean that time at which a contractor is selected by the County, or any department of the County, to receive county financial assistance, even if that time is before execution of a county financial assistance agreement by all parties or approval of such agreement by the County Legislature.

See Living Wage Law, § 5(a) "Certification of Compliance" and § 10 "Other Provisions"

b. County Service Contract. "County Service Contract" shall mean any contract let to a contractor by the county for the furnishing of services to or for the county and that involves an expenditure equal to or greater than twenty-five thousand dollars. A contract for the sale of goods to the County, or a contract for the sale of goods where incidental services are being provided to the County, are not considered County Service Contracts. This definition shall not include contracts awarded pursuant to the county's emergency procurement procedure as set forth in section twenty-two hundred six of the county charter, inter-governmental agreements, agreements with state or local public authorities or agreements with local development corporations incorporated pursuant to section 1411 of the not-for-profit corporations law.

c. County Financial Assistance. "County Financial Assistance" shall mean any grant, loan, tax incentive or abatement, bond financing, subsidy or other form of assistance of more than fifty thousand dollars given by or through the authority or approval of the county to an entity having at least ten employees. County financial assistance shall not include industrial development bonds, community development block grant loans, and enterprise-zone-related incentives.

d. Employee and Employer.

i. Under Section 1 of the Living Wage Law, an "Employee" for the purposes of a county service contract is an employee of a county contractor "pursuant to one or more service contracts and who expends any of his or her time thereon." Thus, an Employee may be:
A. Any person hired by a County contractor specifically to work on the County Service Contract at issue

B. Any person employed by the County Contractor who works on the specific services contemplated by the County Service Contract

ii. An Employee is not:

A. An employee who provides services which are only incidental to the services specified in the County Service Contract.

An employee who does not provide any services contemplated under the County Service Contract in Question

iii. For the purposes of the Living Wage Law, Nassau Community College is not an employer as defined in the Law. However, service contractors, financial assistance recipients and lessees of the College are employers as defined in the law and are subject to the provisions of the Living Wage Law as they are applicable.

See Living Wage Law, § 1 "Employee," "Employer"

e. Enter Into. "Enter into" shall mean that time at which both parties have signed the contract in question.

See Living Wage Law, § 1 "County Service Contract" and § 10(a) "Other Provisions"

3. Amendments, Extensions and Renewals

a. Renewals and Extensions. Where an existing County Financial Assistance Agreement, County Service Contract, or County Lease is renewed or extended after the effective date of the Law, such agreement is a new County Financial Assistance Agreement, County Service Contract or County Lease, as the case may be, and is subject to the applicable provisions of the Law.

b. Determination of Applicability.

i. County Service Contracts.

A. Any renewal of a County Service Contract is subject to the Living Wage Law if the total expenditure by the County under the renewal is $25,000 or greater.

B. If a County Service Contract is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount $25,000 or over, or if such amendment itself involves an expenditure of $25,000 or over. In no event shall the Law apply in a situation where an amendment involves an expenditure of less than $25,000 and the original agreement already involves an expenditure of $25,000 or over.

ii. County Financial Assistance Agreements.

A. Any renewal of a County Financial Assistance Agreement is subject to the Living Wage Law if the total expenditure by the County under the renewal is greater than $50,000.

B. If a Financial Assistance Agreement is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount over $50,000, or if such amendment itself involves an expenditure over $50,000. In no event shall the Law apply in a situation where an amendment involves an expenditure of $50,000 or less and the original agreement already involves an expenditure over $50,000.

iii. County Leases. Any renewal, extension or modification of a County Lease is subject to the provisions of the Living Wage Law.

See Living Wage Law, §10(a) "Other Provisions"

4. Waiver of the Law

a. Application of the Provision

i. Any County Contractor may apply for a waiver of the provisions of the Law. In order to qualify as a County Contractor, the applying organization must have a County Service Contract with the County of Nassau. A County Service Contract is a contract which contemplates providing a service to the County (not goods or any service performed only to deliver goods)

for which the County is paying $25,000 or more. Both non-profit and for-profit County Contractors may apply for a waiver.

ii. At this time, the Living Wage Law does not allow a County Lessee or an entity receiving County Financial Assistance to apply for a waiver of the Law's provisions.

b. Request for a Waiver The following procedures have been established by the County Executive for requesting a waiver of the provisions of the Living Wage Law:

i. Request for a waiver must be made to the Nassau County Office of Compliance. Since a waiver request must be made by a County Contractor who already has a contract with the County to provide services, a request for a waiver may only be made after the contract in question is entered into with the County.

ii. A request for a waiver must be made on the approved form designated "Request for Waiver of the Provisions of the Nassau County Living Wage Law." This form is attached to these rules. Additional forms may be requested by contacting the agency with which the requesting organization has a contract.

iii. Except for those requesting organizations with County Service Contracts listed in section 4(b)(iv)(E)(3) below, those requesting organizations which plan to request a waiver once a County Service Contract has been entered into must include, in their bid or proposal for the specific County Service Contract, a budget breakdown stating the amount of the budget allocated to wages (*assuming the Living Wage Law applies*), and the amount of the budget allocated to services and other contract expenses.

A. In any budget breakdown submitted, the requesting organization must include only those employees who are included within the definition of "Employee" described above.

B. Those County contractors who have been awarded a contract through Executive Order No. 1 of 1993, a state or federal grant, General Municipal Law section 104, or any other state or federal rule or regulation must submit the above budget breakdown to the contracting agency before such contract is entered into with the County in order to be eligible for a waiver.

iv. A waiver request must contain the following information:

A. The name of the organization

B. The address of the organization

C. A brief description of the contract which the waiver pertains to.

D. The name and email address of the Chief Executive Officer of the requesting organization

E. The criteria (hereinafter, the "Criteria") for qualifying for a waiver under the provisions of the Law. Currently, a requesting organization must meet either Criteria 1, 2 or 3 below, and, if Criteria 1, 2 or 4 are cited, must meet Criterion 5 below:

1. The highest paid officer or employee of the requesting organization earns a salary which, when calculated on an hourly basis, is less than six times the lowest wage or salary paid by the requesting organization.

OR

2. Compliance with the requirements of the Living Wage Law will directly increase the requesting organization's expected total annual budget in an amount greater than ten percent of the prior fiscal year's budget.

OR

3. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would exceed the amount, per hour or per diem (as the case may be), reimbursed to the County by any State or Federal Source:

Services under the Expanded In-Home Services for the Elderly Program (EISEP)
Foster care services under the New York Social Services Law.
Residential domestic violence services under the New York Social Services Law.
Residential care, educational and vocational training, physical and mental health services, and employment counseling services to residents of the Juvenile Detention Center under the New York Executive Law.

OR

4. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would increase the County Service Contract's budget by greater than ten percent over the budget for the requesting organization's County Service Contract for the previous contracting year:

i. Non-residential domestic violence services under the New York Social Services Law.
ii. Services under the Home Energy Assistance Program (HEAP)
Preventive services for children pursuant to the New York Social Services Law
Non-Secure detention services pursuant to the New York Executive Law.

AND (if Criteria 1, 2 or 4)

5. When the requesting organization placed a bid or submitted a proposal for the county service contract at issue, it must have submitted a budget which included a breakdown of the wages paid to employees of the requesting organization who would be covered under the Living Wage Law.

F. A statement that, if a waiver is granted, the requesting organization will decrease its budgeted wage allocation to that amount the requesting organization would have paid its employees had the requirements of Living Wage Law not been applied. The amount to be paid by the County to the requesting organization will be reduced accordingly by contract amendment.

G. The notarized signature of the requesting organization's Chief Executive Officer.

v. A request must be accompanied by documentation supporting the Criteria claimed by the requesting organization.

A. If Criteria (1) is cited in the request, the requestor must include a statement, certified by the chief financial officer of the requesting organization as true and accurate, of the wages paid, on an hourly basis, of the highest and lowest paid individuals employed by the requesting organization.

B. If Criteria (2) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the last fiscal year along with a copy of the organization's expected budget taking into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

C. If Criteria (4) is cited in the request, the requestor must provide a copy of the requesting organization's budget for the County Service Contract for the prior agreement year along with the requesting organization's budget for the County Service Contract for the current agreement year which takes into account increases in salary as a result of compliance with the Living Wage Law. Both budgets must be certified as complete and accurate by the chief financial officer of the requesting organization.

vi. The request form and all documentation must be sent to the following address:

County of Nassau Office of Compliance
Attention: Living Wage Waiver Request Office
One West Street – 4th Floor
Mineola, New York 11501

c. Waiver and Procurement

i. As a waiver may only be requested once a County Service Contract has been entered into, no waiver application may be submitted by any organization submitting a bid or proposal to the County for a County Service Contract.

ii. The fact that a waiver may be granted to an organization submitting a bid or proposal to the County for a County Service Contract will not be a consideration in evaluating such bid or proposal.

d. Review Procedures

i. Review of a request for a waiver must be made by the Office of Compliance.

ii. Approval of a request is dependent on the requestor satisfying either criteria (1), (2) or (3) in section 4(b)(iv)(E) above and, if citing criteria (1), (2) or (4), criterion (5) in section 4(b)(iv)(E) above. Applications not satisfying these criteria, or incomplete applications, will not be approved. However, complete applications that do meet these criteria shall be approved by the Office of Compliance.

iii. The Office of Compliance shall inform the requestor of his or her decision to grant or deny a request in writing within thirty days of receipt of the request. A copy of the grant or denial shall be transmitted to the County Comptroller for the purposes of monitoring compliance with the Living Wage Law.

iv. During such thirty-day period, the requestor must continue to abide by the provisions of the Living Wage Law. Failure to do so may result in action by the Office of the Nassau County Comptroller to enforce the provisions of the Law.

e. Post-Award Review

i. After the County grants a waiver, if at any time during the term of the County Service Contract the requesting organization alters its budget or wages such that the organization no longer qualifies for a waiver of the Living Wage Law, the requesting organization must contact the County department with which it contracts and inform such department of such alteration.

ii. If a County department is contacted in reference to such a change, the department must either:

Amend the County Service Contract in question to restore any funding subtracted from the contract as a result of a waiver of the Living Wage Law and receive from the Contractor a completed Certificate of Compliance; or

Terminate such Contract according to its terms.

See Living Wage Law, § 9 "Waiver"

5. Inter-Governmental Agreements

a. The Living Wage Law shall not apply to those County Service Contracts which are entered into with any municipal corporation located within the County, any school district located within the County, and any special district located within the County.

b. County Financial Assistance Agreements and County Leases. The Living Wage Law shall not apply to a County Financial Assistance Agreement or a County Lease in the event that application of the law would conflict with the application of a federal, state or local law, rule, regulation or ordinance. For the purposes of this Rule, the Living Wage Law would not apply to a County Financial Assistance Agreement or County Lease where funding for the Agreement or Lease is derived from a Federal or state grant where the distribution of such grant funds to certain subrecipients is mandatory and non-discretionary.

See Living Wage Law, § 1 "County Service Contract," "Inter-governmental Agreement;" § 3 "Minimum Compensation;" §10 "Other Provisions"

6. Certification of Compliance

a. An updated certification of compliance with the provisions of the Living Wage Law shall be submitted to the County on or before the first day of each agreement year during the term of any County Service Contract.

b. For the purposes of updating a certification of compliance, a "material change" as used in the Law shall be limited to the following:

i. Any determination by the County Comptroller that the contractor has violated any provision of the Law.

ii. Any instance during the preceding year in which the contractor has been found by a court or governmental agency to have violated federal state or local laws regulating payment of wages or benefits, labor relations or occupational safety and health, or where any governmental body has initiated a judicial action, administrative proceeding or investigation of the contractor in regard to any of the above laws.

See Living Wage Law, § 5 "Certification of Compliance"

7. Nassau County Employees

a. All Nassau County Employees are covered by the provisions of the Living Wage Law, provided, however, that Nassau County Employees covered by the collective bargaining agreement between the County and the Civil Service Employees Association are not entitled to receive the benefits supplement rate as the term is defined in the Law. The provisions of the Law also extend to paid interns hired by the County.

b. The Living Wage Law does not apply to volunteer workers utilized by the County pursuant to the County's authority to use volunteer workers under § 2105 of the Nassau County Charter. As such, the Law does not cover unpaid interns utilized by the County.

See Living Wage Law, § 1 "Employee," "Employer;" § 10 "Other Provisions"

FIRM PRICES: Price shall remain firm for the first year of the Blanket Purchase Order and no upward escalation will be permitted. Thereafter, increases in labor and/or material(s) costs may be considered provided they are based on certified labor contracts, uncontrollable materials costs which can be verified in national publications or other increases auditable by the County of Nassau. The burden of proof for such increases shall be upon the Contractor and shall be formally directed to the Director of Purchasing. The decision as to whether or not such increases will be granted shall be made by the Director of Purchasing and shall be final. In the event an increase is not granted when requested, the Contractor may elect to continue at the bid prices or given written notice of termination, upon receipt of which the Blanket Purchase Order will be re-bid.

EVALUATION:
The Director of the Office of Purchasing (hereinafter known as the Director) reserves the right before making award to make investigations as to whether or not the items, qualifications, services or facilities offered by the Bidder meet the requirements set forth herein and are ample and sufficient to insure the proper performance in the event of an award. The Bidder must be prepared, if requested by the Director, to present evidence of experience, ability and financial standing, as well as a statement as to plant, machinery, trained personnel and capacity for the rendition of the service on which he his bidding. Upon request of the Director of Purchasing, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. If it is found that the conditions of the bids are not complied with or that the services or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications, financial standing or facilities are not satisfactory, the Director may reject such bids. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.

GOVERNING LAW: Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of law's provisions thereof.

APPENDIX 2
IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, Contractor agrees that after the list is posted on the OGS website, should it seek to renew or extend the Contract, it will be required to certify at the time the Contract is renewed or extended that it is not included on the prohibited entities list. Contractor also agrees that any proposed Assignee of the Contract will be required to certify that it is not on the prohibited entities list before the New York State Department of Transportation (NYSDOT) may approve a request for Assignment of Contract

During the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification, NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

APPENDIX 2-S
IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into a renewal or extension of this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Contractor understands that during the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any renewal, extension or request for assignment for an entity that appears on the prohibited entities list hereafter and to pursue a responsibility review with respect to any entity that is granted a contract extension/renewal or assignment and appears on the prohibited entities list thereafter.

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165–a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

✓ **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

___ **b. Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

(a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;

(b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

(i) 30 days from the time the matter before the Employee is closed, or
(ii)30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

As a condition of being considered for the award of any contract above the County's small purchase threshold of $10,000, the Vendor will be required to distribute copies of the Nassau County Vendor Code of Ethics to all Participating Employees prior to any of those employee's participation in the procurement. The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

Section 8.02 Vendor Certifications

The vendor by signing the final contract thereby certifies and attests to the following:

(a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;

(b) All of its Participating Employees during the course of
procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;

(c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;

(d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;

(e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Chapter 9: PENALTIES

Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

Chapter 10: REPORTING OBLIGATION

Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

violation of law involving fraud, conflict of interest, bribery or gratuities.

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

To facilitate the reporting obligations under Chapter 10, this code strictly forbids all Vendors and Vendors' Employees from taking any Retaliatory Action against individuals who make such reports.

A LONG ISLAND FIRM

Builds a Strong Reputation

Hinck Electrical Contractor, Inc., of Long Island, New York has a reputation for tackling tough jobs, while maintaining family ties and ensuring employee loyalty. The company also prides itself on its wide array of services.

-Written by Nate Hendley

Currently based in Bohemia, New York, the electrical contracting firm was founded in 1970 by John Buck and Roy Hinck. Buck's son, also named John, is currently the company president while Roy Hinck's son, Craig, is currently vice-president.

In the not-so-distant future, more family members might be added. "My son wants to come into this business. He's eighteen. He's going to Roger Williams University, taking construction management. When he graduates in 2020, his goal is to get in here and continue [the business]," says President Buck.

The company's main focus at present is Long Island, though "for the right projects, we do occasionally work in the five boroughs [of New York City] as well as occasionally even into upstate New York," says Buck.

Hinck has not ventured into other states yet, though "for the right opportunity, we would absolutely consider it," states the company president.

In 2015, Hinck's revenues came to [redacted] This year, revenues are forecast to nearly double. "Fiscal 2016 will be our highest sales volume year in Hinck Electric's history, with us projecting sales volume close to [redacted] says Buck. At present, Hinck employs about sixty workers, but that figure might leap to eighty by the end of summer.

Over the decades, Hinck has earned a reputation for doing difficult jobs that other companies either can't or won't take on. "We do like the more technically challenging and involved projects such as design-build, submarine cables and intelligent transportation system projects as well as bascular span drawbridges and medium voltage substations. Although [such jobs] may have a greater risk associated with them, they can also have a higher potential for reward. Because we have so much experience in each of these types of work, I believe that the risk factor to us is far less than it would be for other electrical contractors," says Buck.

Wantagh bascular span drawbridge over sloop channel - Completed 2010. First brand new from the ground up bascular span drawbridge completed on Long Island in past 40 years. This electrical project included complete electrical and control systems, submarine cables, bridge operation, generator building, lighting, etc.. Just to the left of this bridge is the temporary by-pass bridge completed electrically by Hinck Electric in 2001

> "If one sector of the industry is slow, then we focus on another sector that is not."

Buck denies, however, that taking on complex jobs is the main 'secret' to Hinck's success. "I believe that is just one portion of it. I believe the greater secret to our success is the fact that we are extremely diversified. We excel at the above jobs I listed but also at much more, such as sewage treatment plants, pumping stations, traffic signal work construction and maintenance, airport runway lighting, ball field lighting, solar power

John Buck and Craig Hinck join some of their team in front of the Hinck Office.

installations and more. If one sector of the industry is slow, then we focus on another sector that is not. In our forty-six years in business, this diversification strategy has worked successfully year after year," he explains.

A high rate of employee retention is one of the reasons Hinck can take on so many tough projects and offer such a diversified portfolio.

"People come to this company to work, and they never leave. It is a very positive, team-oriented environment where success and loyalty are expected and rewarded. People here recognize that and say this is the place they want to work at for the rest of their lives. Our extremely low employee turnover rate reflects that fact. We look for people who are eager to learn, willing to work hard and enjoy working in a team environment," says Buck.

Hinck works to maintain a similar sense of loyalty with its suppliers. The company views suppliers and vendors "as teammates we need to help us win bids. We know if we pay timely, live up to our word, treat them with integrity in our dealings with them than most of the time they will do everything they can to help us win the next project. This over time can lead to advantages in the market. Contractors should not forget we need good suppliers as much as they need us," says Buck.

"We look for suppliers who live up to what they say in terms of delivery dates, terms et cetera, as well as competitive pricing and a willingness to work with us to help us meet our needs," he adds.

> "The company views suppliers and vendors 'as teammates we need to help us win bids.'"

Hinck belongs to several organizations and is a union contractor. The company is a member of the National Electrical Contractors Association (NECA), the Long Island Contractors Association (LICA) and the International Brotherhood of Electrical Workers (IBEW).

Buck cites a few recent jobs Hinck has been involved with that are particularly noteworthy: "A couple of projects stand out in my mind that I think really shows

Traffic signal relamp at Town of Brookhaven intersection. Hinck is a leading traffic signal maintenance contractor on Long Island, currently maintaining over 1000 signals – 24 hours a day, 7 days a week.

Installation of 15KV 750MCM cable at Brookhaven National Laboratory. Part of Hinck's highly acclaimed, three year upgrade project at BNL which included four brand new 13.8KV to 2.4KV substations, new 13.8KV and 2.4KV feeders, new duct banks, and related high voltage splicing and terminations.

how diversified our capabilities are. One is, the Brookhaven National Lab NSLS-II project, which was a $1 billion dollar initiative undertaken by the federal government under the Federal Stimulus package. This involved building one of the most advanced synchrotrons facilities in the world. We had the site electrical sub-contract. Our responsibilities included eight unit substations, six inch and four-inch duct banks throughout forty acres of land, five miles of 1000MCM, 5KV cable, fifteen miles of 500MCM, 600V cable, three site pump stations and emergency generators. Despite some difficult challenges, the job was a great success," he states.

"Another job we are very proud of that is still ongoing is our NYSDOT (New York State Department of Transportation) region 10 INFORM traffic management system maintenance contracts … these were won in August 2013 and will continue until at least 2019. The two contracts total over [redacted] We are very proud to have [these contracts] because it took many, many years of traffic signal installation and maintenance and other ITS (Intelligent Transportation System) type projects to develop the qualifications necessary to be even be allowed to bid this type of work. The work involves maintaining the NYSDOT's region 10 INFORM computerized traffic management system which incorporates freeway surveillance on all major east-west and north-south highways and parkways on Long Island using vehicle detectors, message board signs, ramp metering control, CCTV and other kinds of traffic control and communication equipment."

"Another job that I think again shows how diversified we are that we are currently in the middle of is the [Wreck Lead Bridge submarine cable] replacement project. For this approximately [redacted] design-build project, we bid prime as a joint venture with Posillico Inc., whom we consider one of the top general contractors in the New York metro area. The job involves replacing sixteen submarine cables damaged by Hurricane Sandy," and other work, all the while "trying to minimize any downtime

to rail traffic across a very busy elevated rail bridge. We have just completed the design portion and expect to start construction within the next few weeks with the project to be substantially complete by March 2017."

The company also did quite a bit of work following the devastation of Hurricane Sandy, which hit the eastern seaboard in 2012.

"Following Sandy, Hinck was inundated with work from different municipalities and agencies all over Long Island. From assisting the five major towns that we have traffic signal maintenance contracts with getting all the damaged traffic signals back and up and functioning to getting NYSDOT drawbridges that had been damaged by flooding functional again to assisting Nassau County get its flooded sewage pumping stations back on line we were busy for many, many months with millions of dollars work of work in repairs. Sandy-related work still continues, as strengthening and adding reinforcement against potential future flooding is still a priority throughout Long Island," says Buck.

Hinck's marketing is largely based on referrals and testimonials from satisfied customers. "We really do not go out of our way to promote the company but instead rely on word-of-mouth to spread our reputation. We do, however, have a website available, really for information purposes so owners, municipalities or general contractors can get a better understanding about what we do and what we are about. I believe, however, that over forty-six years, most people in the construction industry on Long Island know about Hinck Electric and our excellent reputation," he says.

As for the future, Buck says, "our goal is to continue to grow and capture more and more of the market share of the electrical industry here on Long Island but also to give consideration to further expanding our presence in the New York City market."

"The only thing I would like to let people know is that Hinck takes great pride in every project we do. Our people truly care about doing a great job and keeping the customer satisfied. Our end goal is to make that customer feel that he will never want to do another electrical project without Hinck Electric involved as his electrical subcontractor," states Buck.

BNL'S NATIONAL SYNCHROTRON LIGHT SOURCE II MOVES FORWARD

The NSLS-II project at Brookhaven National Laboratory is finally under construction. The [redacted] facility is located on some 40 acres of property just east of the newly completed CFN Nanocenter. When completed in 2014/15, the research center will allow for unprecedented levels of examination regarding small particle discoveries into medical, energy and material sciences.

Currently Local 25 has two contractors working at the site. Gordon L. Seaman has been awarded the contract for the electrical construction of the building. Hinck Electric has been awarded the contract for the network of electrical site distribution associated with the facility. To appreciate the scope of the site distribution work, it involves installation of the following equipment: 8 unit substations, 8 4000A-480V 3 phase services, 5 miles 1,000 KCMIL 15KV cable (parallel sets), 15 miles of 500 KCMIL 600V cable – (all with associated 6" and 4" PVC duct banks), 3 site pump stations, 2-700 KW emergency generators with 10 ATS's and numerous duct bank runs – some ranging almost 20 feet below grade. There is also an addition to the nearby substation (with an associated duct bank) being done by Bana Electric. This will be used to provide the new NSLS with its own primary service.

Construction schedules should continue to ramp up with increases in manpower support taking place throughout 2010 and well into 2011 and 2012. There is also

stimulus money coming to the lab to help with other construction projects most notably the [redacted] Interdisplinary Science Building (ISB), which is scheduled to start in 2010. LICA'S LATEST

BIWEEKLY E-GRAM THAT CONTAINS THE LATEST NEWS AND INFORMATION VITAL TO LICA'S MEMBERS

PROJECT PROFILE: LIRR CONTRACT #6183 – HINCK-POSILLICO JV

When LIRR Contract #6183 "Design/Build Services for the Replacement of Wreck Lead Bridge Submarine Cables" was posted, **Hinck Electrical Contractors** knew it was a project tailor-made for their expertise. Not only does the Bohemia-based company have extensive submarine cable, Design-Build and LIRR work experience, but they've also worked on the sub cables of this exact same bridge back in 1988 and 2009. Hinck's 47 years of electrical construction experience coupled with **Posillico** providing all the civil work made for a very strong team. Posillico's design/build experience and their positive relationship with the LIRR only further enhanced the team's qualifications. To round out the team for the design portion of the project, Hardesty & Hanover was selected for their extensive submarine cable and bridge design experience.

After months of work to complete LIRR's complex RFP process, the contract was finally bid on 9/3/15. The **Hinck-Posillico JV** bid o[redacted] was determined to be the LIRR's best value proposal beating out Mass Electric's proposal of [redacted] And, after further discussions with the LIRR regarding scheduling and other issues, the project was finally awarded near the end of 2015.

With the long lead time required for submarine cables, construction finally began, in earnest, in September 2016. The project consisted of completing the LIRR design (from 30% to 100%), and replacing all Super Storm Sandy-damaged submarine cables at the Wreck Lead Bridge. This included the installation of nearly two miles of signal, power and communication submarine cables, almost a mile of underwater installed HDPE conduit, 13,000 feet of bridge mounted fiberglass conduit, navigation lights, 600V multi-conductor cables, lab testing of sub cables, new steel platform, related marine support (barges, boats, divers, etc.), concrete mattresses and finally, the removal of the existing damaged submarine cables once the new ones were energized.

The need to work within required Coast Guard regulations and the fact that the bridge needed to remain operational during the entire process were just two of the challenges this project presented. This meant dealing with constant train traffic, as well as difficult weather conditions (wind, waves and ice) and the inherent difficulties of any underwater installation. But with 98% of the work now completed, Hinck expects the project to be fully finished within the next few months. And, despite all the challenges, the joint venture of Hinck-Posillico JV will be able to say they have safely and successfully completed the project, on-time and under the LIRR's budget.

SAMPLE PROJECTS

Wantagh bascular span drawbridge over sloop channel. Completed In 2010, it's the first brand new from the ground up bascular span drawbridge completed on Long Island in past 40 years. This electrical project included complete electrical and control systems, submarine cables, bridge operation, generator building, lighting, and more. Just to the left of this bridge is the temporary by-pass bridge completed electrically by Hinck Electric in 2001.

Hinck is the leading installer of submarine cables on Long Island having completed dozens of such installations over the past 30 years. One such installation pictured below shows a staging barge prepared and located to do the underwater installation of 5 reels of 2000 MCM positive cables on one side of the LIRR's Wreck Lead Bridge. This Project involved replacing a total of 12 reels of 2000 MCM traction power submarine cables as well as 2 reels of 37/C#14 Control submarine cable directly for the LIRR and as can be seen had to be done while keeping the existing LIRR drawbridge operational. This job was successfully completed in December 2008.

One of 27 Variable Message Board signs installed by Hinck as part of its 25 million dollar Intelligent Transportation System (ITS) upgrade of the Southern State Parkway which additionally included the installation of over a half a million feet of fiber optic cable, 5 communication nodes, 12 Pole mounted Video Cameras, and 95 video image detection devices (VIDS).

Re: *NCBA Atlantic Beach Bridge Over Reynolds Channel Electrical, Mechanical, Structural Rehabilitation.*

To Whom it may concern,

Hinck Electric, in the early summer of 2012, had installed a broad band Ethernet link between PLCC's in each bridge tower so as to maintain operational communication between the towers as there were no spare communication conductors available in the submarine cable. The work done by Hinck included a site survey to assure no conflict with JFK approach guidance radios, placement to assure clear signal path during raised leaf operation of the bridge and IP addressing of radios to work with the PLCC system. In addition, Hinck has maintained this temporary system right up until the present time with it projected to be removed by Dec. of this year. Hinck did a very good job throughout not just on the installation and maintenance of the Ethernet Link but also on the complete electrical system rehabilitation of the entire bridge. I would highly recommend Hinck for any Ethernet work you may have as well as Bascule Span Drawbridge electrical work.

Very truly yours,

HARDESTY & HANOVER

Dear John,

After hurricane Sandy struck N.Y., we lost power to a large number of our bridges including all of our drawbridges. I was very much appreciative of Hinck Electric's response in making critical and immediate repairs to the submarine cable at the Loop Parkway drawbridge. Additionally, getting the temporary generator on line at the WSP drawbridge and performing repairs to the transfer switch at the MSP drawbridge were also of great benefit. Although I am sure that you had your hands full, Hinck Electric's immediate and effective response to our call for assistance allowed our crews to focus on, and resolve, other storm related issues. On behalf of Bridge Maintenance, I would like to thank you, but I would also like to say a special thank you to the men that went out and did all of the good work, namely: Pete Bonziglia, Pat Bonziglia, Carlos Dominguez and Tommy Thompson.

Electrical System Modifications – Phase II
Project Completion

The Electrical System Modifications – Phase II project is now complete. It was my privilege to be a part of an excellent team that took this project through the conceptual, design, planning and execution stages to its successful completion.

My appreciation goes to Abass Wessen, whose design documents translated into a construction package that is now successfully operating as a much improved electrical infrastructure for the Laboratory. Helping the effort was Roy Butler's inspection services.

The contractor's performance, especially that of Hinck Electric Company's supervisor, Tom Thompson, is commendable. The construction work was carried out over a two-year period, without any safety violations and without any major technical deficiency.

Last but not the least, Plant Engineering's Line Crew support was invaluable. John Dowd, Jim Boomer and their whole group worked tirelessly to prepare for temporary power and electrical shutdowns to support the construction effort. John and Jim were the extra set of eyes and hands that were vigilant in testing, checking and correcting the extensive activities that continued for two years. Their support at any hour of the day or night was instrumental in bringing this project to a successful completion.

The final shutdown work that extended to every weekend during the months of August and September, often continuing past midnight, has been stressful but was performed in a great spirit of cooperation. My heartfelt appreciation goes to you all.

I thank my Managers, Gregg Flett and Marty Fallier, for their expert guidance throughout the project, and all the co-workers in E&CS for their help, whenever it was needed.

Att: John Buck, Jr.

Dear Mr. Buck:

This will serve as a letter of reference for work performed by Hinck Electrical Contracting for the Village of Rockville Centre's recently completed substation project.

The project involved the construction of two electric substations: one, a 33kV open air substation that serves as a supply point for the Village's electric system; the other, a 33kV to 4kV distribution substation. The project required concurrent construction of both sites.

Hinck's performance on this project met all expectations. The personnel assigned to this project were qualified to perform the work required during all phases of construction. The level of cooperation between the contractor's personnel and the Village was above average.

I would not hesitate to recommend Hinck Electrical Contracting for work similar to the project at our two substation sites.

Very truly yours,

PAUL J. PALLAS

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

(a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;

(b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

(i) 30 days from the time the matter before the Employee is closed, or
(ii)30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Responsibility Determination Memorandum

DPW Summary Finding

It is the Department's opinion that based on the information known to the Department and summarized in this memorandum, the vendor is a responsible contractor for the purpose of being awarded the above-referenced contract.

NYS Standard for State and Municipal Contract Approval

Prior to the award of a contract, New York State agencies and political subdivisions are required to make a determination of responsibility of the proposed vendor. State Finance Law §163 (9) (f); Highway Law §38; Public Building Law §8; General Municipal Law §103. General Municipal Law §103 requires the County to award contracts to a "responsible bidder" but does not define that term. However, the State Finance Law, which is the analogous law for contracting by New York State agencies, defines responsible as: "financial ability, legal capacity, integrity and past performance of a business entity and as such terms have been interpreted relative to public procurements." NY CLS St. Fin §163 (1) (c). This standard is equivalent to the standard applied to procurements pursuant to NYGML §103. *Matter of AAA Caring & Rubbish Removal, Inc. v. Town of Southeast* 17 N.Y. 3d 136 (2011)

The NY State Office of General Services employees the FLIP analysis -financial ability, legal capacity, integrity and past performance – to meet its obligation to make a responsibility determination.

Application of the FLIP test

As explained in this memorandum, the FLIP test can be used to evaluate a vendor's responsibility.

1. Financial and Organizational Capacity
   The Department has reviewed materials supplied by the vendor as required by the bid documents and is satisfied that the vendor has met the financial and organizational capacity as required by the bid documents.

2. Legal Authority
   Vendor is not debarred. Vendor possesses requisite licenses.

3. Integrity
Vendor possesses requisite business integrity-analysis of vendor information described in later portion of this memorandum.

4. Past Performance
Based upon the vendor's prior performance on County contracts, as well as a check of vendor's reference, vendor is qualified to perform the work for the above-referenced contract.

Nassau County Procurement Policy Requirements

Similarly, the Nassau County Procurement Policy states that, "a vendor is deemed responsible to be awarded a contract when it has demonstrated that it has the integrity and capacity to perform the required services on behalf of the County." Nassau County Procurement Policy at Appendix E. Appendix E goes on to state that factors to consider in determining the responsibility of a vendor include financial resources, organizational capacity, a satisfactory record of performance and a satisfactory record of business integrity - an analysis identical to the FLIP test.

For purposes of its consideration of responsibility, the County requires potential vendors to submit vendor disclosure forms. Those forms are used by the Department as a tool when conducting a vendor responsibility review with the intent of determining "if there exists any material adverse information impacting the vendor's capacity or integrity." Quoting Appendix E.

The following is quoted from Appendix E:

> For adverse information to be considered a factor in a vendor responsibility review, the information must be found to be material. Not all adverse information may be material. Materiality is greater for more recent events than for less recent ones, and materiality is greater for events concerning services more closely related to those required by the County than services that are less so. An event is considered most material when it concerns services equivalent or similar to those required by the County, has occurred recently, occurred in close geographic proximity to the County, and involves one or more individuals or organizational departments that may be involved in the conduct of the County contract. Also relevant in this assessment is whether the event involves a relatively large or small amount of money, services or product; whether the event involves a threat to life, health, safety, or property, whether criminality or possible criminality is involved; and the quantity of adverse information. In addition, any adverse information discovered by a department, which should have been, but was not disclosed by the vendor on the appropriate disclosure form(s) may be considered material.
>
> Examples of adverse information that may not be considered material include adverse social media posts or poor reviews of a company posted on the internet. In addition, adverse information that occurred and/or was resolved more than five years ago generally is not considered material, although once such information has been identified the department conducting the review should investigate whether any similar subsequent event(s) occurred that may be subject to further analysis or suggesting a concern regarding the vendor's corporate culture.
>
> A finding of nonresponsibility has significant implications for the vendor, since subsequent to that

determination the vendor must disclose it in future solicitation responses to public entities. Therefore, the finding must be based upon evidence of a sufficiently severe failure of capacity and/or integrity on the part of the vendor. Any adverse information which is not deemed to be sufficient for a finding of nonresponsibility must be demonstrated by the vendor to have been addressed sufficiently through

implementation of corrective actions and/or plans to ensure that the adverse event(s) shall not impact or recur during the conduct of the County contract under consideration. Corrective actions that may be considered in this regard include, but are not limited to, termination of the employee(s) involved, introduction of new policies and procedures, employee trainings, reorganization of the vendor's structure, introduction of new internal or external monitors, payment of all fines, satisfactory resolution of the matter by the investigating entity, etc.

Application of the Materiality Evaluation to Determine Vendor Integrity

As described in this memorandum, the Nassau County Procurement Policy at Appendix E identifies factors that should be considered when determining if the adverse information available about a vendor rises to level of materiality (vendor responsibility determination is dependent upon material information).

Adverse Information Review

Vendor reports that pursuant to a 2021 Consent Judgement with the U.S. Department of Labor, Vendor violated the Fair Labor Standards Act (FLSA) by not paying employees additional premium pay for overtime work and for not keeping employment records as required by FLSA. Vendor paid $1,040,346.25 for back wages penalty and interest. Additionally, Vendor entered into a Confession of Judgement with the New York State Commissioner of Labor paying $170,512.40 to the NYS Labor Commissioner for violating New York Labor law by failing to pay wages stemming from the same actions that were the basis of the U.S. Department of Labor Consent Judgement. Vendor has provided the attached explanation of the violations and the actions it has taken to prevent a reoccurrence of similar violations and ensure general labor law compliance.

In response to Super Storm Sandy flooding, Vendor completed a drainage and streetscape contract for the County to mitigate the impacts of future storms. There were no labor law compliance issues and vendor's work performance was good – the highest rating on the Department's contactor evaluation form (see attached evaluation form). Currently, the Vendor is performing work on two County contracts, the Quaker Meeting house Road Improvement and Parking Lot Repavement. The DPW Engineer has informed me that the Vendor is doing excellent work. Additionally, Vendor has worked for the following local municipal entities: Village of Hempstead, Town of East Hampton, and the Town of Hempstead - all provided positive responses (see attached email).

These contracts are subject to the provisions of Article 8 of the New York State Labor Law. Accordingly, the County must provide certain notifications to the Commissioner of Labor, so that the NYSDOL is aware of the job and may audit compliance with prevailing wages, the Vendor must post information regarding its obligation to pay prevailing wages at the job sites, and the Vendor must submit documentation attesting to its payment of prevailing wages with each claim voucher submitted to the County. These safeguards are designed to provide employees with proper wage protection.

In response to information gathered by the County's OIG, Vendor has provided the attached explanation of USDOT vehicle "spot-check" inspection notices of violation. In all instances, the violations were remedied, or missing

SUBJECT: Contract No: H90059-01G
Macedo Contracting Services Inc.
Supreme Court Loading Dock Rehabilitation
Responsibility Determination Memo

documents were produced – most of the violations were dismissed.

The Department has concluded that the Vendor is a responsible vendor for the performance of the scope of work in Contract H90059-01G.

Good Afternoon Ms. Houdek and ALL:

In response to your email dated September 17th, I respectfully request your time and review of this response to further explain the details that occurred in Macedo's Department of Labor audits.

To start, there were two audits that occurred mainly at the same time. However, the Federal Department of Labor's audit period under review was February 2018 thru February 2021. Just before the conclusion of the settlement of this audit the Federal DOL requested and reviewed payroll records up to and including November 2021 -just prior to the final settlement being signed, to ensure that Macedo was currently compliant with all rules and regulations and that there were no further violations found between the ending audit period of February 2021 thru November 2021. This concluded that there were no further issues and the Federal Department of labor settled and closed the matter with the stipulation of payment agreement in November 2021. All the proof of payments and fully paid off settlement was previously provided.

The New York State Department of Labor audit reviewed February 2017 to February 2018 and February 2021 to July 2021. The New York State audit review was concluded later in June 2024. This audit ended more recently BECAUSE the New York State Department of Labor was periodically reviewing records up to and including most recently through 2024 to ensure that there were no further violations after the July 2021 audit end time period. NYS Department of Labor concluded that there were NO FURTHER violations after the audit end period of july 2021 through their last review in 2024 and finalized their conclusion of the audit and entered into the payment agreement/settlement arrangements shortly thereafter.

When these audits began in around early 2020- we worked diligently to re-structure and correct past errors and mistakes and ignorance's. To reiterate- both audits (Federal and State) required follow up review and periodic up to date records of our payroll records up to and including 2024, from all companies, just before the State closed/settled its audit and both Agencies found no violations after their initial audit review periods.

These audits did not find any prevailing wage issues. There were never and have never been prevailing wage issues found in our business conduct.

Unfortunately the settlement agreements and stipulations the Labor Agencies had signed do not go into depth about what our "side" of things were nor give any insight as to the fact that nothing done in the past by my prior organization was intentional or done in malice. It was in fact just a lack of knowledge. For a more in depth background as to why these violations even occurred, unfortunately the

main reason was inexperience with the complexities of payroll issues that can occur when you have multiple companies, and incorrect professional advice by a former accounting firm. At the time I started the original Macedo contraction inc company in 2004, it performed residential concrete work. Then in around 2016 I decided to focus more on commercial and industrial work. I was poorly l advised by a former accountant that we should form a separate company to conduct commercial work. We were also ill advised that the multiple companies would not have anything to do with one another with regards to payroll, especially since employees had different tasks at the different companies.
Since the audit's began and after retaining legal counsel to assist Macedo during these audits- we fired our previous accountant. We retained a new accounting firm, with specific extensive experience with construction firms. Having now learnt a great deal more than what was originally explained by our former accountant, I now understand and know that the Department of Labor views companies with similar owners and when employing the same employees as "one". So, any employees that work for one company, that also work for another entity with same ownership ,even if their duties and tasks are completely different, are and should be paid as if they are one full combined work week. I'm sure anyone can see how confusing this could get and it is not easy knowing all the rules nor is it common knowledge in our industry. Fortunately, we have learned that labor laws change often and are extremely extensive and it is a task all to itself to keep up with those rules and regulations, which I now strive to uphold.

Therefore several "safeguards" and multiple changes have been put into place by our organization since 2020 when the audits began and the depth of new knowledge began to be implemented.
We started our restructure and changes by closing out the original company of Macedo construction inc, and began the process to dissolve it. This took us a few years, but we started by no longer having employees. We finished any open residential contacts by subcontracting any remaining work. Then we started the lengthy process of closing and/or merging finances and assets. We also closed other businesses as well including odecam concrete supply, empire concrete pumping corp, etc. We focused only on Macedo Contracting services inc- one Operating business. We also took measures by hiring additional office administrative staff to focus solely on human resources and payroll. We retained legal counsel even after the Department of Labor audits concluded to maintain constant contact and openness about changes and questions related to Département of labor standards/ Fair labor standards Act. We also changed accounting firms a few years back, when the audits bagan, as a result of the information learnt about overtime and travel time and all the ill advice obtained prior to the audits by our former accountant.

Also, in the audits an employee made a claim that they were not paid travel time. Unfortunately we learned that the burden of proof is on the employer not the employee making allegations. And that is unfortunately where a big issue lied. In the past we did not keep extensive records and therefore allegations made by a disgruntled former employee were validated by the fact that I didn't have physical proof to refute their allegations. However, travel time/over time was proven to be paid to employees who were required to meet at our facility and drive work vehicles. However, we did not have more detailed records of "proof " that not every worker was supposed to come to the facility and travel to the job site from our facility. But one employee claimed they did, and we did not have proof that they did not or were not supposed to. This issue prompted extensive further changes. For starters, we eliminated half of our truck fleet. Making it less likely for anyone to use our trucks to get them to jobs sites. We have job site trailers that are mobilized to projects and everything needed is there, eliminating unnecessary need to travel or having employees need to travel with work trucks or materials. We installed security cameras at our facility that can show if someone is at the facility when they should not be.

The biggest and most important change we made is the extent and details of our record keeping since these audits. This of course was only able to be handled with additional office staff. The first implemented change to record keeping we initiated was requiring all employees to utilize a mobile app that is on their phones to clock in and out and track their GPS location while on duty. So there can no longer be disputed claims of over time or travel time. Everything is recorded by the employee on their app, they clock in ,clock out, take their mandatory lunch break and if they do travel from our facility to the job site -the Gps tracks that. We have been successfully utilizing this application since 2020. Furthermore, with the use of this application time cards are generated automatically. Employees are then required to review their printed times cards and sign off on their time as correct and accurate. These time cards indicate the job location each day, their hours clocked in and out and of course tracks any over time if applicable.

Other changes that were made since the audits are electronic emails everyday to all employees of the next day's schedule. These emails go out every afternoon to all employees and tell them where and what time to check in for work. In the past before we did emails, employees would sometimes unnecessarily show up at the facility even when not needed because they did not speak to or forget to speak to their supervisor the day before to find out where they needed to report the following day. This resulted in confusion and employees showing up at the facility and then going from the facility to the job and then making claims that they were owed travel time. This has not happened since 2020. Everyone is emailed where to report to. If anyone is required to report to the facility for anything it is indicated specifically in their email and they are to clock in as soon as they get to the facility. And if this results in over time, then it is all recorded.

Another safeguard which was already previously mentioned is the additional staff- and specific staff to keep maintenance and track of all employees utilizing the app every day and properly. Ensuring they sign off on their weekly time cards and that payroll is issued according to the employees time. Legal counsel on retainer specifically for Labor law and Business related issues and new accountant firm on retainer with extensive experience in the construction industry.

Another significant change we made was signing with the local unions. Since focusing exclusively on Macedo Contracting services and our municipal/ public works for the past several years we have now signed labor contracts with 2 main unions that our work force utilizes. These are now other agencies that periodically audits us and look for payroll accuracy according to labor law standards and ensure everything is accurate and in order when it comes to labor's pay.
Also, on the subject of exclusively performing municipal work now, we also produce certified payroll reports that tie to the employees time and match their time cards, so every minute and hour are accounted for as well on the certified payroll forms, which are produced every week for every project we are on.

The other important safeguard we implemented was that we do not have multiple companies or "shared employees".
The companies we have open as of today are:
Meso HoldingLLC- which is only a holding company for the facility we utilize
Auction Factory East Coast Corp: which is an online auction company I have that I myself do online auctions of repossession of items for lenders. It has no employees. It is something I do in my spare time in the off winter seasons.
Blueye logistics corp- is a trucking / hauling company I started in 2023 to subcontract trucks to haul materials. This company does not "share employees" with Macedo contracting services inc. It is run

independently from Macedo contractings with its own separate employees. As a side note, at the end of the State department of labor review, just before settlement, we offered them a review of our Blueye logistics payroll records and they concluded there were no shared employes and no link between Macedo contracting services and Blueye logistics, and therefore no issues existed with regards to labor standards

So, at this time Macedo Contracting Services Inc. is the main company that I maintain with a labor force of machine operators and laborers and masons. These employees that work for MACEDO do not work for any of my other businesses listed above.

Respectfully, being that I started my first business, Macedo construction inc, over 24 years ago and have maintained in business for this long, it would be inevitable to have been the subject to any kind of audit,even by the department of labor. I honestly do not know anyone in the construction industry that has been around as long as myself that has not at one time or another been subject to a review by the Department of labor.
But I can only speak for my specific experience and that is that I started my first company when I was only 20 years old. I built something on my own and kept it a small tight family business with only myself and my wife for the first 17 years. When we saw the expansion and our growth happening obviously more and more had to be learned and more administrative staff was hired. But like many things in life, sometimes you don't learn something until it's too late, and ignorance is no excuse for what occurred in the past. But it was not intentional, not malicious. I honored the audit results and paid all that was required and continue to do so. And all of the above described safeguards and measures have been in full effect since. I lived and learned through the experience and only came out better and more efficient and maintain no further issues with the department of labor.

I apologize if my email is excessively long and drawn out. But, my business is my life, and it is all very personal to me, so I hope this explains all that is needed.

Again, please keep me informed as to any review or meeting on the awards of these contracts so that I can make myself available and attend and /or respond to any further questions anyone might have.

SIncerely,

Manuel Macedo

Please provide a detailed explanation of why the Fair labor Standard Act violations occurred and the efforts you have made to ensure that your companies comply with labor laws include the Fair Laor Standards Act. When the Nassau county Contracts Inspector General sees that a vendor has violated laws such as the Fair Labor Standards Act it will require the vendor to explain why the violations occurred and the safeguards the vendor has put in place to make sure the violations do not reoccur.

Jane

I reached out to the agencies listed below. Village of Hempstead stated that they perform good work and in a timely manner. If there was a problem with a project, they would fix it. They have no complaints. Statement came from Frank Germinaro, Director of Public Works. I spoke to Gennie Carroza, Senior Purchasing Agent for the Town of East Hampton. She stated that they had no complaints. All work was done in a timely manner. Whenever a strict deadline was given, they finished the work on time. For the Town of Hempstead, I spoke to Jeff Tierney, the Deputy Commissioner of Engineering. He stated that they are ok and completed their jobs in a timely manner. All three did not have an issue with them paying their employees. At the current time, I am waiting for Town of Oyster Bay to return my call.

Let me know if you need anything else.

Thanks
Mike

UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF NEW YORK

MARTIN J. WALSH, Secretary of Labor, United States Department of Labor, Plaintiff, v. MACEDO CONSTRUCTION INC.; MACEDO CONTRACTING SERVICES, INC.; ODECAM CONCRETE SUPPLY CORP.; and MANUEL MACEDO, individually, Defendants.	:	**CONSENT JUDGMENT** Civil Action No. 21-

1. Plaintiff, MARTIN J. WALSH, the Secretary of Labor ("Plaintiff"), has filed its Complaint and Defendants MACEDO CONSTRUCTION, INC., MACEDO CONTRACTING SERVICES, INC., ODECAM CONCRETE SUPPLY CORP., and MANUEL MACEDO ("Defendants") appeared by Counsel, waived their answer, and agree to the entry of this Consent Judgment without contest.

2. Defendants agree that they are a covered enterprise under sections 3(r) and 3(s) of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. § 201 *et seq.*) (the "Act" or the "FLSA") and that the provisions of the Act apply to Defendants.

3. Defendants agree that Defendant Manuel Macedo regulated the employment of all persons employed by him and is thus an employer within the meaning of section 3(d) of the Act.

4. Defendants submit to the jurisdiction of this Court over them and over the subject matter of this action. Defendants admit that this Court has the authority to enter and enforce this Order and that this Court is the most appropriate venue for any enforcement action which may be required as a result of this Order.

5. Defendants acknowledge and admit that they violated certain provisions of the Act. Specifically, Defendants acknowledge and admit that between February 9, 2018 through February 6, 2021, certain employees routinely worked in excess of 40 hours per week without receiving additional premium pay for overtime hours.

6. Defendants further acknowledge and admit that between February 9, 2018 through February 6, 2021, they did not make, keep and preserve all records of wages, hours, and other conditions and practices of employment maintained by them as required by sections 11(c) and 15(a)(5) of the Act, and as prescribed by the regulations found in 29 C.F.R. Part 516 that are issued, and from time to time amended, pursuant to section 11(c) of the Act.

7. By executing this Consent Judgment, Defendants waive formal service of process of the summons and complaint. Defendants acknowledge that they have notice of, and understand, the provisions of this Consent Judgment, and acknowledge their responsibilities pursuant to this Consent Judgment, and acknowledge that they will be subject to sanctions in contempt of this Court and may be subject to punitive damages if they fail to comply with the provisions of this Consent Judgment. This Consent Judgment hereby resolves all remaining claims in this matter.

It is, therefore, upon motion of the attorneys for Plaintiff and for cause shown ORDERED that:

I. Defendants, their officers, employees, agents, and all persons acting or claiming to act in Defendants' behalf and interest, be, and hereby are, permanently enjoined and restrained from violating the provisions of sections 7, 11(c), 15(a)(2), 15(a)(3), and 15(a)(5) of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. § 201 et seq.) ("the Act"), in any of the following manners:

(1) Defendants shall not, contrary to section 7 of the Act, employ any of their non-

exempt employees in any workweek for workweeks longer than the hours now, or which in the future become, applicable under sections 7 and 15(a)(2) of the Act, unless the employees receive compensation for their employment in excess of the prescribed hours at rates not less than one and one-half times the employees' regular rates.

(2) Defendants shall make, keep, and preserve adequate records of their employees and of the wages, hours, and other conditions and practices of employment maintained by them as prescribed by the Regulations issued pursuant to section 11(c) of the Act and found at 29 C.F.R. Part 516.

(3) Defendants shall not discharge or take any retaliatory action against any employee because the employee engages in, or is believed to have engaged in, any of the following activities:

a. Discloses, protests, or threatens to disclose or protest to a supervisor or to a public agency any activity, policy, or practice of Defendants or another employer with whom there is a business relationship, that the employee reasonably believes is in violation of the Act or a rule or regulation promulgated pursuant to the Act;

b. Provides information to, or testifies before, any public agency or entity conducting an investigation, hearing or inquiry into any alleged violation of the Act, or a rule or regulation promulgated pursuant to the Act, by Defendants or another employer with whom there is a business relationship; or

c. Objects to, or refuses to participate in any activity, policy or practice which

the employee reasonably believes is in violation of the Act or a rule or regulation promulgated pursuant to the Act.

II. Upon the parties agreement that unpaid overtime back wages are owed and shall be paid to the employees listed in the attached Exhibit A in the amount of **$490,498.60**, plus an equal additional amount of liquidated damages of **$490,498.60**, post-judgment interest in the amount of **$6,594.29**, and Civil Money Penalties in the amount of **$52,346.25**, plus post-judgment interest in the amount of **$903.51**, for a total amount of **$1,040,841.25**, it is:

ORDERED that Defendants and all persons acting on their behalf are enjoined and restrained from withholding the payment of **$490,498.60** in unpaid overtime back wages due Defendants' current and former employees listed in Exhibit A. Further, Defendants shall pay a total of **$490,498.60** in liquidated damages, plus **$6,594.29** in post-judgment interest due Defendants' employees listed in Exhibit A, and **$52,346.25** in Civil Money Penalties plus **$903.51** in post-judgment interest to the Plaintiff. These payments shall be made by Defendants in accordance with Paragraph III of this Consent Judgment.

III. Payment of the monies owed shall be made beginning with a down payment of **$150,000.00** made on or about **November 15, 2021**. The remaining balance of **$890,841.25** shall be made in nineteen (19) monthly installment payments according to Exhibit B. Good morning,

We are getting close to the end of our payment settlement agreement and just would like to make sure we are all on the same page, since there is no way of me actually getting receipt c

As of today, January 22, 2026 My records reflect that the following instalments payments remain:

february 1, 2026 $7,105.00

March 1, 2026 $7,105.00

April 1, 2026 $7,105.00

May 1, 2026 $7,097.94

At the last payment is there some sort of confirmation/ satisfaction we can receive to reflect everything made in good order?

Thank you. I await your response.

Hi Manuel,

We received the following request from the Inspector General with respect to your pending contracts:

OIG had the following for B-17-24 and B-23-24 for Macedo Contracting Services Inc, DBA Macedo Construction.

It appears the vendor and multiple affiliates possibly received violations from the Federal Motor Carrier Safety Administration (attached):

- **Macedo Contracting Services Inc**
  - **1 driver fitness violation December 2023**
- **Macedo Construction Inc**
  - **although this entity is no longer active, it received 10 vehicle maintenance violations in February 2023**
- **Blueye Logistics Corp**
  - **9 vehicle maintenance violations August 2023**
  - **1 driver fitness violation August 2023**

Although the vendor disclosed an affiliated entity, Almac House Lifting Inc., on its BHF, the vendor indicated that the entity was dissolved. However, its corporate filing is still active according to the NYS Department of State (attached).

PLEASE ADVISE/CLARIFY THESE ITEMS AS SOON AS YOU POSSIBLY CAN.

Thank you.

Good afternoon:

In response to your inquiries please note the following information:

Upon receiving your email and inquiry about a past affiliated entity ALMAC HOUSE LIFTING INC., wherein you stated the corporate filing is still listed as active. I just now looked back at my Consent to Dissolve forms submitted to officially close

this entity, which by the way, was just a name formed, the company NEVER operated, never even opened a bank account or got insurance. In any event, I just now re- read the letter I received dated June 7, 2024 from the New York State Department of State- which is attached hereto. I originally believed this letter to be the official confirmation of the acceptance of my Dissolution forms. However, upon re- review just now I see that the letter indicated that I made an error in my submission forms. I have now just called the the Department of State and had to re- request a new CONSENT TO DISSOLUTION (because these expire within 6 months)- once I receive the new form I can resubmit my Dissolution application to the Department of State and correct my error in the company name. I apologize, for the confusion, this was an honest error. I filed a few dissolution forms for my old company names all at the same time, and the response letters all look very similar to this even though this one said that my form was actually not accepted because of my typo- error. This will be corrected and resubmitted shortly.

With regards to the FMCSA violations:
Between Macedo Contracting Services Inc and my other company Blueye Logistics corp, we operate over a dozen trucks, tractor- trailer units. Random DOT stops and periodic violations are par for the course in this industry.
It is IMPORTANT to NOTE that none of the violations stops listed in your email were a result of any moving violations or accidents. These were random DOT stops. It is also important to note that it is not uncommon for 1 stop to result in dozens of random safety violations. But none of these stops ever stemmed from our drivers receiving moving violations or doing anything unlawful.

We comply with FMCSA and DOT requirements and maintain servicing, repair and maintenance logs for our units. Our drivers perform and sumit driver inspection reports daily. But heavy duty trucks and trailers sometimes have issues, and these issues can be as simple as a reflective stick falling off because a machine on a job site scraped against it and that is a "Safety Violation" to a light going out.
In any event, our practice is to have repairs conducted as soon as any documents of violations occur.
I am attaching my attorneys' results from each violation's court appearances. You can see that most of the violations result in Dismissal. We are allowed 24 hours to conduct necessary repairs from these violations to dismiss them.

The December 2023 Driver Fitness violation was dropped - driver was not in possession of his DMV medical card on him at the time - that violation was issued to him personally.
The same goes for Blueye Logistics' August 2023 driver fitness violation- that as you can see from my attorneys disposition that is was dismissed as well, as we provided proof that driver did in fact have active medical card at that time of the violation, he just could not find it on his person at the time of the stop.

Also, in the past year and half we have significantly reduced the amount of units we maintain and operate, discarding older units, which significantly reduces chances of service issues and potential violations. We have also reduced the number of drivers, maintaining only the best ones that have clean records and are more diligent in their maintenance of the units, potentially reducing future violations. We also maintain a policy of reprimanding employees who fail to maintain and inspect their uits properly, 3 violations of our procedures result in potential termination or suspension. This policy and with the reduction of our units on the road has helped maintain clean records and no violations in the past 11 months of 2024 to eithe rMacedo Contracting Services inc or Blueye Logistics corp

I appreciate your time. I hope this answers your inquiries. Please advise if you need any other information.

Thank you
Manuel Macedo

Good Afternoon Ms. Houdek and ALL:

In response to your email dated September 17th, I respectfully request your time and review of this response to further explain the details that occurred in Macedo's Department of Labor audits.

To start, there were two audits that occurred mainly at the same time. However, the Federal Department of Labor's audit period under review was February 2018 thru February 2021. Just before the conclusion of the settlement of this audit the Federal DOL requested and reviewed payroll records up to and including November 2021 -just prior to the final settlement being signed, to ensure that Macedo was currently compliant with all rules and regulations and that there were no further violations found between the ending audit period of February 2021 thru November 2021. This concluded that there were no further issues and the Federal Department of labor settled and closed the matter with the stipulation of payment agreement in November 2021. All the proof of payments and fully paid off settlement was previously provided.

The New York State Department of Labor audit reviewed February 2017 to February 2018 and February 2021 to July 2021. The New York State audit review was concluded later in June 2024. This audit ended more recently BECAUSE the New York State Department of Labor was periodically reviewing records up to and including most recently through 2024 to ensure that there were no further violations after the July 2021 audit end time period. NYS Department of Labor concluded that there were NO FURTHER violations after the audit end period of july 2021 through their last review in 2024 and finalized their conclusion of the audit and entered into the payment agreement/settlement arrangements shortly thereafter.

When these audits began in around early 2020- we worked diligently to re-structure and correct past errors and mistakes and ignorance's. To reiterate- both audits (Federal and State) required follow up review and periodic up to date records of our payroll records up to and including 2024, from all companies, just before the State closed/settled its audit and both Agencies found no violations after their initial audit review periods.

These audits did not find any prevailing wage issues. There were never and have never been prevailing wage issues found in our business conduct.

Unfortunately the settlement agreements and stipulations the Labor Agencies had signed do not go into depth about what our "side" of things were nor give any insight as to the fact that nothing done in the past by my prior organization was intentional or done in malice. It was in fact just a lack of knowledge. For a more in depth background as to why these violations even occurred, unfortunately the main reason was inexperience with the complexities of payroll issues that can occur when you have multiple companies, and incorrect professional advice by a former accounting firm. At the time I started the original Macedo contraction inc company in 2004, it performed residential concrete work. Then in around 2016 I decided to focus more on commercial and industrial work. I was poorly I advised by a former accountant that we should form a separate company to conduct commercial work. We were also ill advised that the multiple companies would not have anything to do with one another with regards to payroll, especially since employees had different tasks at the different companies.
Since the audit's began and after retaining legal counsel to assist Macedo during these audits- we fired our previous accountant. We retained a new accounting firm, with specific extensive experience with construction firms. Having now learnt a great deal more than what was originally explained by our former accountant, I now understand and know that the Department of Labor views companies with similar owners and when employing the same employees as "one". So, any employees that work for one company, that also work for another entity with same ownership ,even if their duties and tasks are completely different, are and should be paid as if they are one full combined work week. I'm sure anyone can see how confusing this could get and it is not easy knowing all the rules nor is it common knowledge in our industry. Fortunately, we have learned that labor laws change often and are extremely extensive and it is a task all to itself to keep up with those rules and regulations, which I now strive to uphold.

Therefore several "safeguards" and multiple changes have been put into place by our organization since 2020 when the audits began and the depth of new knowledge began to be implemented.
We started our restructure and changes by closing out the original company of Macedo construction inc, and began the process to dissolve it. This took us a few years, but we started by no longer having employees. We finished any open residential contacts by subcontracting any remaining work. Then we started the lengthy process of closing and/or merging finances and assets. We also closed other businesses as well including odecam concrete supply, empire concrete pumping corp, etc. We focused only on Macedo Contracting services inc- one Operating business. We also took measures by hiring additional office administrative staff to focus solely on human resources and payroll. We retained legal counsel even after the Department of Labor audits concluded to maintain constant contact and openness about changes and questions related to Département of labor standards/ Fair labor standards Act. We also changed accounting firms a few years back, when the audits bagan, as a result of the information learnt about overtime and travel time and all the ill advice obtained prior to the audits by our former accountant.

Also, in the audits an employee made a claim that they were not paid travel time. Unfortunately we learned that the burden of proof is on the employer not the employee making allegations. And that is unfortunately where a big issue lied. In the past we did not keep extensive records and therefore allegations made by a disgruntled former employee were validated by the fact that I didn't have physical proof to refute their allegations. However, travel time/over time was proven to be paid to employees who were required to meet at our facility and drive work vehicles. However, we did not have more detailed records of "proof " that not every worker was supposed to come to the facility and travel to the job site from our facility. But one employee claimed they did, and we did not have proof that they did not or were not supposed to. This issue prompted extensive further changes. For starters, we eliminated half of our truck fleet. Making it less likely for anyone to use our trucks to get them to jobs sites. We have job site trailers that are mobilized to projects and everything needed is there, eliminating unnecessary need to travel or having employees need to travel with work trucks or materials. We installed security cameras at our facility that can show if someone is at the facility when they should not be.

The biggest and most important change we made is the extent and details of our record keeping since these audits. This of course was only able to be handled with additional office staff. The first implemented change to record keeping we initiated was requiring all employees to utilize a mobile app that is on their phones to clock in and out and track their GPS location while on duty. So there can no longer be disputed claims of over time or travel time. Everything is recorded by the employee on their app, they clock in ,clock out, take their mandatory lunch break and if they do travel from our facility to the job site -the Gps tracks that. We have been successfully utilizing this application since 2020. Furthermore, with the use of this application time cards are generated automatically. Employees are then required to review their printed times cards and sign off on their time as correct and accurate. These time cards indicate the job location each day, their hours clocked in and out and of course tracks any over time if applicable.

Other changes that were made since the audits are electronic emails everyday to all employees of the next day's schedule. These emails go out every afternoon to all employees and tell them where and what time to check in for work. In the past before we did emails, employees would sometimes unnecessarily show up at the facility even when not needed because they did not speak to or forget to speak to their supervisor the day before to find out where they needed to report the following day. This resulted in confusion and employees showing up at the facility and then going from the facility to the job and then making claims that they were owed travel time. This has not happened since 2020. Everyone is emailed where to report to. If anyone is required to report to the facility for anything it is indicated specifically in their email and they are to clock in as soon as they get to the facility. And if this results in over time, then it is all recorded.

Another safeguard which was already previously mentioned is the additional staff- and specific staff to keep maintenance and track of all employees utilizing the app every day and properly. Ensuring they sign off on their weekly time cards and that payroll is issued according to the employees time. Legal counsel on retainer specifically for Labor law and Business related issues and new accountant firm on retainer with extensive experience in the construction industry.

Another significant change we made was signing with the local unions. Since focusing exclusively on Macedo Contracting services and our municipal/ public works for the past several years we have now signed labor contracts with 2 main unions that our work force utilizes. These are now other agencies that periodically audits us and look for payroll accuracy according to labor law standards and ensure everything is accurate and in order when it comes to labor's pay. Also, on the subject of exclusively performing municipal work now, we also produce certified payroll reports that tie to the employees time and match their time cards, so every minute and hour are accounted for as well on the certified payroll forms, which are produced every week for every project we are on.

The other important safeguard we implemented was that we do not have multiple companies or "shared employees". The companies we have open as of today are:
Meso HoldingLLC- which is only a holding company for the facility we utilize
Auction Factory East Coast Corp: which is an online auction company I have that I myself do online auctions of repossession of items for lenders. It has no employees. It is something I do in my spare time in the off winter seasons.
Blueye logistics corp- is a trucking / hauling company I started in 2023 to subcontract trucks to haul materials. This company does not "share employees" with Macedo contracting services inc. It is run independently from Macedo contractings with its own separate employees. As a side note, at the end of the State department of labor review, just

before settlement, we offered them a review of our Blueye logistics payroll records and they concluded there were no shared employes and no link between Macedo contracting services and Blueye logistics, and therefore no issues existed with regards to labor standards

So, at this time Macedo Contracting Services Inc. is the main company that I maintain with a labor force of machine operators and laborers and masons. These employees that work for MACEDO do not work for any of my other businesses listed above.

Respectfully, being that I started my first business, Macedo construction inc, over 24 years ago and have maintained in business for this long, it would be inevitable to have been the subject to any kind of audit,even by the department of labor. I honestly do not know anyone in the construction industry that has been around as long as myself that has not at one time or another been subject to a review by the Department of labor.
But I can only speak for my specific experience and that is that I started my first company when I was only 20 years old. I built something on my own and kept it a small tight family business with only myself and my wife for the first 17 years. When we saw the expansion and our growth happening obviously more and more had to be learned and more administrative staff was hired. But like many things in life, sometimes you don't learn something until it's too late, and ignorance is no excuse for what occurred in the past. But it was not intentional, not malicious. I honored the audit results and paid all that was required and continue to do so. And all of the above described safeguards and measures have been in full effect since. I lived and learned through the experience and only came out better and more efficient and maintain no further issues with the department of labor.

I apologize if my email is excessively long and drawn out. But, my business is my life, and it is all very personal to me, so I hope this explains all that is needed.

Again, please keep me informed as to any review or meeting on the awards of these contracts so that I can make myself available and attend and /or respond to any further questions anyone might have.

SIncerely,

Manuel Macedo

Re: NCDPW Contract H90059-01G Supreme Court Loading Dock Rehabilitation
Bid Review Analysis

Dear Commissioner Kwaschyn,

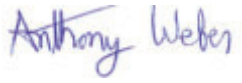
Bids were received on the above referenced project on February 3, 2026. Three (3) Contractors submitted cost proposals. The results were as follows:

Contractor	**Bid Opening Amount**	**Corrected Bid Amount**
Sasco Construction Service, LLC	$3,290,098.59	$3,333,130.34
Macedo Contracting Services, Inc.	$6,272,459.00	$6,272,409.00
Darcon Construction Inc.	$8,079,200.00	$8,274,200.00

Attached for your review and consideration is a Bid Analysis Table. The lowest bid received was below the Engineer's Estimate, while the other two bids exceeded the Engineer's Estimate. Upon completion of the standard bid analysis, the Department has found several concerns with the low bidder's proposal, including inconsistencies in unit pricing, calculation errors, and disclaimers related to their submitted unit prices. Additionally, several line items in the low bidder's proposal were significantly below the Engineer's Estimate, raising concerns regarding the bidder's ability to successfully complete the project at the bid price. Therefore, SASCO Construction Service LLC does not meet the required goals for this project.

Based on our evaluation, we have determined that the second-low bidder, Macedo Contracting Services, Inc., has submitted a fair and reasonable bid for the work. Macedo's corrected bid amount of $6,272,409.00 is 19.57% above the Engineer's Estimate of $5,245,775.66.

Based on our review of the bid submissions, Macedo Contracting Services, Inc. has the necessary experience and wherewithal to undertake this project and successfully complete the work.



Accordingly, we recommend award of this contract to Macedo Contracting Services, Inc. in the amount of $6,272,409.00.

The bid tabulation is enclosed for your review.

If you have any questions or require any further information, do not hesitate to contact me.

Very truly yours,

LiRo Engineers, Inc.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Arthur T. Walsh, Chief Deputy County Executive

FROM: Department of Public Works

DATE: March 30, 2026

SUBJECT: **RECOMMENDATION OF BID REJECTION**

Contract Number:	H90059-01G
Title:	Supreme Court Loading Dock Rehabilitation
Engineer's Estimate:	$ 5,245,775.66
BIDS RECEIVED ON:	February 3, 2026

The Bids received for the above referenced contract have been examined, as tabulated in the bid comparison (attached). The bid submitted by Sasco Construction Service, LLC, in the amount of $ 3,333,130.34 is not acceptable as the lowest responsible bidder for the following reasons:

1. Sasco, had multiple inconsistencies in their prices, as the numerical amounts for the unit prices did not always align with the written words. Additionally, there were errors in the calculation of the amounts of several items. Errors are highlighted in the attached spreadsheet with revised numbers.

2. It should also be noted that for several written words amounts, their input was based on a different Qty and/or a written amount wasn't even provided or had a disclaimer. Below are the several items in question:

    a. Item 1M/F – gave unit price per month. Additionally, the amount of the bid item was based on 18 months, when the contract duration should be 12 months. As such the bid price/amount was modified to $48,000. This is also concerning as it suggests they don't know that the contract is for 12 months.
    b. Item 81- With the written amount they wrote the following disclaimer 'Price Subject to change due to market fluctuations. Please note that we have a Steel Price Adjustment item in the contract, so they will be locked into the $150/lbs, which is about ten times higher than market value currently.
    c. Item 102 – Did not provide a written price, as they wrote the following 'Based on Laborer Heavy Highway wage rate for a duration of up to 90 days. This is a lump sum item so we used the numerical value provided in the spreadsheet, but we would need clarification on if we can even use the numerical value since as per Instructions to Bidder Item 2: "In case of any discrepancy in the unit price or amount bid for any item in the proposal, the unit price, as expressed in written words, shall govern.".

3. In addition to the errors and added disclaimers, several line items in their bid came in significantly below the engineer's estimate, with the following items of particular concern:

    a. Item 144MOD – Waterproofing Membrane
    b. Item 702 – Remove, Dispose and Replace Brick Facing
    c. Item 718 – Imprinting on Concrete pavement or sidewalk (However, the 2nd bidder also came in very low on this item, whereas the 3rd bidder had the same price as our engineers estimate.)

4. Items 144MOD and 702 are among the essential components of the project and their pricing appears to be an order of magnitude lower.

SUBJECT: RECOMMENDATION OF BID REJECTION

Contract Number: H90059-01G
Title: Supreme Court Loading Dock Rehabilitation
Engineer's Estimate: $ 5,245,775.66
BIDS RECEIVED ON: February 3, 2026

5. Under Question 4 of the Qualification Statement, which asks to list the projects Contractor has performed in the past few years which they feel would qualify them for this work, they only put one project "Seratoga State Park" which included Masonry and Sitework for $400,000.00. We are unaware of any previous work our department has with this Contractor.

The low bid by Sasco Construction Service, LLC, is 36.46% below the engineer's estimate. After reviewing all documentation submitted by the contractor, it was found that Sasco Construction Service, LLC, does not meet the required goals for this project.

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action. If you approve of our recommendation to reject the apparent low bid we will begin review of the apparent second low bidder.

    b. Item 81- Wrote the following disclaimer 'Price Subject to change due to market fluctuations.'
    c. Item 102 – Did not provide a written price and wrote the following 'Based on Laborer Heavy Highway wage rate for a duration of up to 90 days.'

    c. Item 718 – Imprinting on Concrete pavement or sidewalk

3. Under Question 4 of the Qualification Statement, which asks to list the projects Contractor has performed in the past few years which they feel would qualify them for this work, only one project "Seratoga State Park",(sic) which included Masonry and Sitework for $400,000.00 was listed. We are unaware of any previous work our department has with SASCO.

vii) Summary of relevant accomplishments

Matter of Rocio Zamora v. New York Neurological Associates, WCB No. 20301683. Client Travelers Insurance Company. Responsible Partner – Michael F. Vecchione, Managing Partner. Jurisdiction NYS Workers' Compensation. Opposing counsel – Grey & Grey Esquires. This is a landmark case that comes along once in a generation and our firm succeeded in it. It probably has more impact on New York State Workers' Compensation than any other case decided in the last twenty years. The claim was appealed out of the Workers' Compensation Board to the Appellate Division, 3rd Dept. and finally to the Court of Appeals, the highest court in the State of New York. Our firm successfully argued that a partially disabled worker must look for work within their physical abilities and stay attached to the labor market or they are not entitled to Workers' Compensation benefits. The Court agreed and now every partially disabled worker in the State must look for work and stay attached to the labor market. This case alone has saved the employers and carriers of New York State millions if not billions of dollars. Disposition Year – 2012.

Case No. 2. Matter of Allen Napolitano, WCB No. G1441023. Client – AIG. Responsible Partner – Steven F. Connors. Jurisdiction – Garden City, New York. Opposing counsel – Stewart, Greenblatt et al, Esquires. The New York Convention Center an AIG client approached our firm to ascertain if the issue of general/special employment could be raised in a certain class of their cases. Their prior firm alleged this issue could not succeed, thereby leaving the New York Convention Center liable for millions of dollars in compensation claims. Our firm disagreed and we successfully raised, developed and succeeded on this issue. The significance of this case is it allows the New York Convention Center an AIG client to avoid liability in a significant amount of Workers' Compensation claims brought against them. Our firm had the insight and courage the prior firm lacked and succeeded in this case. We thought out of the box and obtained the necessary finding in the case. Disposition year 2016.

vii) Summary of relevant accomplishments

Case No. 3. - Edward Marshall v. Image Tech - WCB No. G0129831. Client – Amtrust Insurance Co. Responsible Partner – Gina Cano, Esq. Jurisdiction – Queens, Workers' Compensation Board. Opposing Counsel – Pyrros & Serres, LLP. Disposition Year - 2014. This case established that fraud can be proved by demonstrating the injured worker performing activities outside of the restrictions placed on him by his doctor. Doing this led to a finding that the claimant violated Section 14-a (fraud) and for this reason all indemnity benefits were disallowed. This case helped expand the definition of fraud and reinforced that fraud is not limited to finding an injured worker working while he alleges to be disabled.

Case No. 4. – James Leung v. Chemrx. Client – Travelers Insurance Co. Responsible Partner – Gina Cano, Esq. Jurisdiction – Queens, Workers' Compensation Board. Opposing Counsel – Fusco, Brandenstein et al, Esquires. Jurisdiction Year – 2016. The injured worker filed a C-3 noting that he felt lightheaded and overwhelmed about the amount of stress he incurred at work and this led to his stroke. Since the stroke occurred at work, the injured worker had the advantage of the presumption set forth in Section 21 of the Workers' Compensation law. Working with our client, we obtained an expert beyond the usual IME to opine the stress was not related to work. After aggressive development of the record, we were able to overcome the presumption set forth in Section 21 and have the claim disallowed. Our aggressive handling of the claim saved the client an extensive amount of money and avoided a possible death claim. While the odds of winning were great our firm did not shy away from the case and succeeded. The significance of the case is that the presumption set forth in Section 21 can be overcome and our firm does not shy away from cases where the odds are stacked against us when we know we can develop a good record and succeed.

Employer: County of Nassau
WCB No.: G3223146 (May 24, 2023)
This was a controverted claim for Covid-19 filed on behalf of a police service aide. After litigation, the Law Judge established the claim for Covid-19. An appeal was filed to the Workers' Compensation Board. In the appeal, it was pointed out that the claimant failed to describe any prevalence of Covid-19 in his workplace. The claimant's only description of where he worked was that it was a large area with lots of people. The claimant did not work in a healthcare facility, and he did not describe Covid running rampant through his coworkers. It was also pointed out before the Law Judge that the claimant did not testify to exposure to somebody at work who did have Covid. On appeal, the Board Panel reversed the Law Judge and disallowed the claim. The claim was disallowed because the claimant failed to show either that Covid was prevalent in his work location nor did the claimant describe an exposure to a person with Covid at work. It was also brought out that the claimant and his wife had traveled to Florida for slightly over one week where he attended a concert and ate out a number of times. When the Board Panel reviewed all these facts, they felt the claimant had failed to present proof that his exposure to Covid-19 was at such a level of elevated risk as to constitute an extraordinary event and, therefore, the claim was disallowed.

Case No. 2. Patalan v PAL Environmental, 202 AD3d 1252 (2022)
The claimant brought a claim for an occupational disease for injuries to his back, both knees, both wrists and his left foot. The claimant alleged that he was suffering from repetitive use and strain based upon heavy lifting, carrying, pushing, kneeling, and working in an awkward position as an asbestos handler. When medical testimony was taken in this claim, we were able to show that the claimant's physician knew very little about what the claimant actually did at work. All the doctor knew was that he was an asbestos handler for 27 years with repetitive work using both hands, heavy equipment with frequent squatting and kneeling. The doctor diagnosed bilateral wrist strains, a knee strain, a left ankle strain and a lumbar spine strain. At the end of litigation, the Law Judge disallowed the claim. On appeal to a Board Panel, the Law Judge was affirmed as the Board Panel stated that the medical report and testimony from the claimant's physician was insufficient to support the establishment of an occupational disease claim as the doctor failed to have the requisite understanding of the claimant's actual job duties. The claimant then appealed this decision to the Appellate Division which affirmed the Workers' Compensation Board. When affirmed by the Workers' Compensation Board, the Appellate Division set forth a standard that all claimants in the future must comply with in order to have an occupational disease claim established. The Appellate Division held that when the doctor has only the most generalized sense of the claimant's job duties that it is insufficient to establish a claim for an occupational disease. When a doctor "only generically refers to repetitive activities of lifting, carrying and removing asbestos without specifically outlining the knowledge in the time spent or the particular duties performed, the report is insufficient to establish the claim." There was an IME report in this case as well. The IME also found causal relationship but had the same lack of specific knowledge as to the claimant's job duties and, therefore, despite a concession of causal relationship by the IME, the claim is still not compensable.

Case No. 3. Liu v Division of General Internal Medicine, Mount Sinai School of Medicine, 186 AD3d 1770 (2020)

In this case, a timely Notice of Controversy was not filed. Despite that, we were able to overcome the lack of a timely Notice of Controversy and have the claim disallowed. Even if there is a failure to timely controvert a claim, the claimant still has an obligation to prove two things. One is notice to the employer of the claim, and the other is causal relationship. In this case, the claimant's doctors indicated that she had neck, head, and wrist injuries from a fall at work in 2008. The doctors gave that opinion based upon receiving a history from the claimant that she struck her head on a wall and her wrist on a chair when she fell and lost consciousness.

PRIOR RELATED EXPERIENCE

The firm of Vecchione, Vecchione, Connors & Cano, LLP has more than six (6) decades of experience in the field of Workers' Compensation defense. The practice was started approximately sixty-two (62) years ago by Francis J. Vecchione. In 1984, Michael F. Vecchione joined his father in the practice and formed Vecchione & Vecchione, LLP. During the year 2000, Steven F. Connors joined the firm, and the firm name was changed to Vecchione, Vecchione & Connors, LLP. In 2005, Gina Cano joined the firm, and in 2016 became a Partner resulting in the firm name being changed to Vecchione, Vecchione, Connors & Cano, LLP.

The firm is currently comprised of twenty-five (25) attorneys, each of whom has been extensively trained in the area of Workers' Compensation defense. Approximately 99% of the firm's practice is devoted to defending the interests of employers, insurance carriers, third party administrators and self-insureds in the Workers' Compensation forum.

We are one of the larger defense firms in the State of New York and one of the premier defense firms, if not the best defense firm, in the State of New York. Our steady growth from one (1) attorney in 1984 to twenty-five (25) attorneys presently evidences the quality of service we provide our clients.

Our firm has represented the interests of Nassau County at the Workers' Compensation Board for twenty-eight (28) years. We also represent the interests of all of the largest insurance carriers in the State of New York, including Travelers, AIG, Liberty Mutual, Zurich Mutual, Zurich American and many others. Some of the third-party administrators that we represent include Gallagher Bassett, Sedgwick Claims Management Services, PMA, Wright Risk Management, ESIS and many others. Some of the employers we represent include Federal Express, Target, Kohl's, Boar's Head, The New York Times, Manhattan Beer Distributors, Turner Construction, Tishman Speyer and many others. The firm also represents the interests of many school districts and municipalities.

The firm's experience defending Workers' Compensation claims in the State of New York is unparalleled. The majority of our attorneys have in excess of fifteen (15) years' experience, and a few have more than thirty (30) years' experience in the Workers' Compensation venue. We have achieved landmark Decisions in the Appellate Division and Court of Appeals, including the Zamora Decision, which established partially disabled workers must mitigate their damages and seek work within their vocational and physical abilities. This Decision alone has saved the employers of New York State an amount of money that cannot be calculated.

The firm's dedication to its clients is also unparalleled. Over the twenty-eight (28) years the firm has represented Nassau County, the firm has never missed one monthly meeting. The firm provides the County with access to their attorneys and staff seven (7)

days a week. The firm has met with the County's investigators, attorneys, and the District Attorney's office whenever necessary in order to assist the County in defending their claims. The firm has gone above and beyond the requirements of the Contract with the County and has always done so without hesitation to provide the County with excellent service.

The firm is located approximately one (1) mile from the County's offices. This is a tremendous advantage to the County, as it allows for emergency meetings between the firm's staff and the County's personnel. Many meetings with the County's investigators have been held in the firm's office in order to strategize and plan successful defenses to claims.

The proof of our excellent service to the County is seen in every monthly meeting we attend with the County, wherein we discuss the cases we have won on the County's behalf in the past month. Never does a month pass without our firm obtaining a successful Decision on behalf of the County.

In conclusion, we provide twenty-five (25) attorneys who specialize solely in defending Workers' Compensation claims in the State of New York. We also provide fifty (50) staff members who solely work in the same practice.

Our security system is continuously updated to meet the requirements of our clients. Our security system is reviewed almost yearly by clients such as Travelers Insurance Company and the State Insurance Fund. Our firm utilizes Microsoft two-factor authentication, VPN MFA, Select Device MFA, and every year, our firm has a full penetration test performed. These are only some of the security measures our firm implements to protect the County's data and privileged information.

The firm's attorneys and staff members are very diverse and represent the diverse population of Nassau County and New York State. The majority of our Partners are women and minorities.

(i) Counsel shall comply with the applicable requirements of the Living Wage Law, as amended;

(ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. (vi) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

7. Ownership of Records. All County Information provided to Counsel by the County shall remain the property of the County. All reports, documents or information created by Counsel on behalf of the County shall be deemed the property of the County. Upon the County's request, completion of Services, or termination of this Agreement, all such County Information, reports, documents or information shall be returned to the County.

8. Service Standards. Regardless of whether required by Law: (a) Counsel shall, and shall cause Counsel Agents to, conduct his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

10. Indemnification; Defense; Cooperation. (a) Counsel shall indemnify, defend and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities arising out of or in connection with performance under this Agreement by Counsel or a Counsel Agent, provided, however, that Counsel shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) Counsel shall, upon the County's demand and at the County's direction, promptly and diligently defend, at Counsel's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which Counsel is responsible under this Section, and, further to Counsel's indemnification obligations, Counsel shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) Counsel shall, and shall cause Counsel Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of Counsel and/or a Counsel Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

11. Insurance. (a) Types and Amounts. Counsel shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per claim (iii) compensation insurance for the benefit of the Counsel's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by Counsel pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and

substance acceptable to the County. Counsel shall be solely responsible for the payment of all deductibles to which such policies are subject. Counsel shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by Counsel under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, Counsel shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. Counsel shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of Counsel to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of Counsel to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

13. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to Counsel, (ii) for "Cause" by the County immediately upon the receipt by Counsel of written notice of termination, (iii) upon mutual written Agreement of the County and the Counsel, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By Counsel. This Agreement may be terminated by Counsel if performance becomes impracticable through no fault of the Counsel, where the impracticability relates to Counsel's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by Counsel delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that Counsel is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Counsel's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Counsel Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Counsel shall, regardless of the reason for termination, take all

actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning Counsel's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

14. Accounting Procedures; Records. Counsel shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles or such other standard accounting principles that are acceptable within the industry and, if Counsel is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief, Counsel shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. Counsel shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of Counsel shall allege that the above-described actions and inactions preceded Counsel's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Work Performance Liability. The Counsel is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Counsel is using a Counsel Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Counsel Agent has been approved by the County.

17. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

18. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt

requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name Counsel shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to Counsel, to the attention of the person who executed this Agreement on behalf of Counsel at the address specified above for Counsel, or in each case to such other persons or addresses as shall be designated by written notice.

19. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

20. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

21. Administrative Service Charge. Counsel agrees to pay the County an administrative service charge of Five Hundred Thirty-three Dollars ($533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by Counsel upon signing this Agreement.

22. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all requisite County and other governmental approvals have been obtained, including, if required, approval by the County Legislature and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful,

the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Definitions:

As used in this Appendix EE the term **"Executive Director"** shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term **"Subcontract"** shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term **"Subcontractor"** shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

As used in this Appendix EE the term **"Best Efforts Checklist"** shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term **"County Contract"** shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars ($25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars ($100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term **"County Contractor"** means an individual,

business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE **"Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises"** shall include, but is not limited to the following:

a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

Rule:

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

A. The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

B. At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

C. The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

D. The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

E. The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

F. Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best-Efforts Checklist.

G. Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

H. At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best-Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

I. In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

J. Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

K. A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

L. The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

i) Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

ii) If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

iii) Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction or increase

the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

M. The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel

necessary to further demonstrate their Best Efforts regarding their bid documents.

Rule:

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

A. The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

B. At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

C. The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

D. The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

E. The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

F. Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best-Efforts Checklist.

G. Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the

Department of Public Works.

H. At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best-Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

I. In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

J. Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

K. A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

L. The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

i) Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

ii) If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

iii) Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

M. The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Contract Summary

Purpose: To expand STEmpower Scholars, which is a year-round Positive Youth Development (PYD) program designed to address these inequities by equipping youth ages 16-24 with technical skills, leadership capacity, and workforce readiness training, while embedding them in an intergenerational mentorship framework.

Procurement History: This is the first RFP award for this Agency

Description of General Provisions: STEmpower Scholars operates on a rolling admissions model, allowing participants to enter throughout the year, with a formal summer cohort offering a deeper immersion. The program engages 25-40 youth participants annually, primarily from high-need Nassau County communities, with room to expand as resources allow. Formal training typically runs for ~20 weeks, integrating the following three components:

1. Technical Training (Weeks 1-10) – Participants receive hands-on STEM instruction in high-demand fields such as computer hardware, 3D printing, robotics, renewable energy, graphic design, coding, and digital fabrication. Training includes facilitation techniques, classroom management, and engagement strategies to prepare participants for mentoring younger students.

2. Mentorship Practicum (Weeks 11-20) – Participants step into real classrooms as Assistant STEM Mentors, applying their technical skills while developing leadership and 21st-century skills. They guide small group activities, assist with lesson delivery, and serve as relatable role models to younger students.

3. Ongoing Career & Leadership Development – Throughout, participants attend workshops on workforce readiness, financial literacy, resume building, interview preparation, workplace professionalism, and more. Career exposure is facilitated via job-shadowing, and field trips with corporate and community partners.

Impact on Funding / Price Analysis: Agency will provide services to 40 youth at a per capita cost of $1,250

CONTRACTING AGENCY::Morrison Mentors Inc

AUTHORIZED AGENCY PERSON: Doron Spleen

ADDRESS: 250 Fulton Avenue, Ste M104, Hempstead, NY 11550

TERM: 01/01/26-12/31/26

CONTRACT AMOUNT: $50,000.00

Objective:
To expand STEmpower Scholars, which is a year-round Positive Youth Development (PYD) program designed to address these inequities by equipping youth ages 16-24 with technical skills, leadership capacity, and workforce readiness training, while embedding them in an intergenerational mentorship framework.

Activity:
STEmpower Scholars operates on a rolling admissions model, allowing participants to enter throughout the year, with a formal summer cohort offering a deeper immersion. The program engages 25-40 youth participants annually, primarily from high-need Nassau County communities, with room to expand as resources allow. Formal training typically runs for ~20 weeks, integrating the following three components:

1. **Technical Training (Weeks 1-10)** – Participants receive hands-on STEM instruction in high-demand fields such as computer hardware, 3D printing, robotics, renewable energy, graphic design, coding, and digital fabrication. Training includes facilitation techniques, classroom management, and engagement strategies to prepare participants for mentoring younger students.
2. **Mentorship Practicum (Weeks 11-20)** – Participants step into real classrooms as Assistant STEM Mentors, applying their technical skills while developing leadership and 21st-century skills. They guide small group activities, assist with lesson delivery, and serve as relatable role models to younger students.
3. **Ongoing Career & Leadership Development** – Throughout, participants attend workshops on workforce readiness, financial literacy, resume building, interview preparation, workplace professionalism, and more. Career exposure is facilitated via job-shadowing, and field trips with corporate and community partners.

Participants are paid hourly stipends for training, mentoring, and shadowing hours, reducing economic barriers and affirming their contributions. This payment structure directly addresses one of the main obstacles to youth engagement – lack of compensated opportunities. Participants are then offered opportunities to continue as official STEM Mentors in our STEM programs.

Performance Standards/Measures:

The STEmpower Scholars program is designed to address the specific educational and workforce readiness gaps facing youth in high-need Nassau County communities, while also contributing to the County's broader youth development goals. Annual **target objectives and expected outcomes** for participants include:

1. **Increase STEM Proficiency** – Achieve at least a 15% improvement in STEM knowledge among participants, measured by pre- and post-program assessments.
2. **Build STEM Identity** – Ensure at least 80% of participants report greater confidence in STEM fields and a stronger sense of belonging in STEM learning and career pathways.
3. **Enhance Workforce Readiness** – Ensure at least 85% of participants demonstrate improved 21st-century skills, including teamwork, communication, and self-management, by the end of the program cycle.
4. **Promote Career and Education Pathways** – Support at least 70% of participants in securing STEM-related jobs, internships, or enrollment in higher education programs aligned with their career interests.

Morrison Mentors uses both qualitative and quantitative data to refine programming, ensure accountability, and demonstrate impact to funders and stakeholders.

- **Quantitative Measures** – Pre- and post-assessments of technical skills; participant surveys measuring confidence, identity, and SEL growth; attendance and completion rates; number of mentorship hours delivered; job and education placement rates.
- **Qualitative Measures** – Testimonials from participants, parents, and instructors; reflective journals from participants; and partner feedback from job-shadowing and mentorship placements.

The New York State Network for Youth Success Quality Self-Assessment (QSA) tool will also be used to periodically evaluate program quality, strengthen alignment with PYD principles, and ensure that our collaborations deliver measurable, lasting outcomes. Approximately 2-3 elements will be reviewed annually. Fidelity checklists will also be used to ensure the program outputs are being delivered as planned

Technical and Capacity Building Instruction:

Use of contract funds:
The Contractor of funds exceeding $50,000 shall utilize a percentage of the contract amount to comply with the technical and capacity building requirement. Contractor shall utilize funds of not less than $1,000 and not greater than $2,000 of the total amount of the Contract. Contractor of funds totaling less than $50,000 shall receive receive an additional $1,000 for the strict purpose of complying with the Technical and Capacity Building Requirement.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the

work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

Rule:

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

A. The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

B. At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

C. The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

D. The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

E. The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

F. Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best-Efforts Checklist.

G. Contractors for projects under the supervision of the County's Department of Public

Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

H. At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best-Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

I. In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

J. Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

K. A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

L. The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

i) Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

ii) If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

iii) Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a

determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

M. The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Conflict of Interest and Compensation Policy of Arthur Morrison Mentors, Inc. ("the Corporation")

Adopted by the Board of Directors on September 2nd, 2021

I. Overview

1. Purpose

The purpose of this Conflict of Interest and Compensation Policy (the "policy") is to protect the Corporation's interests when it is considering taking an action or entering into a transaction that might benefit the private interests of a director, officer or **key person**[1], result in the payment of excessive compensation to a director, officer or key person; or otherwise violate state and federal laws governing conflicts of interest applicable to nonprofit, charitable organizations.

2. Why is a policy necessary?

As a nonprofit, charitable organization, the Corporation is accountable to both government agencies and members of the public for responsible and proper use of its resources. Directors, officers and employees have a duty to act in the Corporation's best interests and may not use their positions for their own financial or personal benefit.

Conflicts of interest must be taken very seriously since they can damage the Corporation's reputation and expose both the Corporation and affiliated individuals to legal liability if not handled appropriately. Even the appearance of a conflict of interest should be avoided, as it could undermine public support for the Corporation.

3. To whom does the policy apply?

This policy applies to all directors, officers and key persons ("you")[2].

II. Identifying Conflicts of Interest

1. What is a conflict of interest?

A potential conflict of interest arises when a director, officer or key person, or that person's **relative**[3] or business (a) stands to gain a financial benefit from an action the Corporation takes or a transaction into which the Corporation enters; or (b) has another interest that impairs, or could be seen to impair, the independence or objectivity of the director, officer or key person in discharging their duties to the Corporation.

---

[1] **Key person** means a person, other than a director or officer, whether or not an employee of the Corporation, who:

a) has responsibilities, or exercises powers or influence over the Corporation as a whole similar to the responsibilities, powers, or influence of directors and officers;
b) manages the Corporation, or a segment of the Corporation that represents a substantial portion of the activities, assets, income, or expenses of the Corporation; or
c) alone or with others controls or determines a substantial portion of the Corporation's capital expenditures or operating budget.

[2] Organizations may choose to make the policy applicable to all of their employees, not just key persons.

[3] **Relative** means a person's spouse or domestic partner, ancestors, brothers and sisters (whether whole or half-blood), children (whether natural or adopted), grandchildren, great-grandchildren, and spouses or domestic partners of brothers, sisters, children, grandchildren and great-grandchildren.

2. **What are some examples of potential conflicts of interest?**
   It is impossible to list all the possible circumstances that could present conflicts of interest. Potential conflicts of interest include situations in which a director, officer or key person or that person's relative or business:
   - has an ownership or investment interest in any third party that the Corporation deals with or is considering dealing with;
   - serves on the board of, participates in the management of, or is otherwise employed by or volunteers with any third party that the Corporation deals with or is considering dealing with;
   - receives or may receive compensation or other benefits in connection with a transaction into which the Corporation enters;
   - receives or may receive personal gifts or loans from third parties dealing with the Corporation;
   - serves on the board of directors of another nonprofit organization that is competing with the Corporation for a grant or contract;
   - has a close personal or business relationship with a participant in a transaction being considered by the Corporation;
   - would like to pursue a transaction being considered by the Corporation for their personal benefit.

3. In situations where you are uncertain, err on the side of caution and disclose the potential conflict as set forth in Section III of this policy.

4. **A potential conflict is not necessarily a conflict of interest**. A person has a conflict of interest only if the audit committee decides, pursuant to Section IV of this policy, that a conflict of interest exists.[4]

III. Disclosing Potential Conflicts of Interest

1. You must disclose to the best of your knowledge all potential conflicts of interest as soon as you become aware of them and always before any actions involving the potential conflict are taken. Submit a signed, written statement disclosing all the material facts to the audit committee.

2. You must file an annual disclosure statement in the form attached to this policy. **If you are a director**, you must also file this statement prior to your initial election. Submit the form to the chair of the audit committee.

IV. Determining Whether a Conflict of Interest Exists[5]

[4] Alternatively, the policy could provide for disclosure (1) to the board of directors, in which case, the board would decide both whether there is a conflict and how to handle the conflict; or (2) to a different board committee.

[5] Alternatively, the policy could provide for disclosure (1) to the board of directors, in which case, the board would decide both whether there is a conflict and how to handle the conflict; or (2) to a different board committee.

1. After there has been disclosure of a potential conflict and after gathering any relevant information from the concerned director, officer or key person, the audit committee shall determine whether there is a conflict of interest. The director, officer or key person shall not be present for deliberation or vote on the matter and must not attempt to influence improperly the determination of whether a conflict of interest exists.

2. In determining whether a conflict of interest exists, the audit committee shall consider whether the potential conflict of interest would cause a transaction entered into by the Corporation to raise questions of bias, inappropriate use of the Corporation's assets, or any other impropriety.

3. A conflict always exists in the case of a **related party transaction –** a transaction, agreement or other arrangement in which a **related party**[6] has a financial interest and in which the Corporation or any affiliate of the Corporation is a participant.[7]

4. If the audit committee determines that there is a conflict of interest, it shall refer the matter to the board of directors ("board").

V. Procedures for Addressing a Conflict of Interest

1. When a matter involving a conflict of interest comes before the board, the board may seek information from the director, officer or key person with the conflict prior to beginning deliberation and reaching a decision on the matter. However, a conflicted person shall not be present during the discussion or vote on the matter and must not attempt to influence improperly the deliberation or vote.

2. **Additional Procedures for Addressing Related Party Transactions**
   a. The Corporation may not enter into a related party transaction unless, after good faith disclosure of the material facts by the director, officer or key person, the board or a committee authorized by the board determines that the transaction is fair, reasonable and in the Corporation's best interest at the time of such determination.

   b. If the related party has a substantial financial interest, the board or authorized committee shall:

---

[6] A **related party** is:
1. a director, officer or key person of the Corporation or any affiliate of the Corporation, or
2. a relative of any individual described in (1), or
3. an entity in which any individual described in (1) or (2) has an ownership or beneficial interest of 35% or more, or in the case of a partnership or professional Corporation, a direct or indirect ownership interest in excess of 5%.

[7] A transaction is not a related party transaction if:
1. the transaction, or the related party's financial interest in the transaction, is *de minimis*;
2. the transaction would not customarily be reviewed by the board or the boards of similar organizations in the ordinary course of business and is available to others on the same or similar terms;
3. the transaction constitutes a benefit provided to a related party solely as a member of a class of the beneficiaries that the Corporation intends to benefit as part of the accomplishment of its mission (and that benefit is available to all similarly situated members of the same class on the same terms).

i. prior to entering into the transaction, consider alternative transactions to the extent available;

ii. approve the transaction by a vote of not less than a majority of the directors present at the meeting; and

iii. contemporaneously document in writing the basis for its approval, including its consideration of any alternative transactions.

VI. Minutes and Documentation

The minutes of any board meeting at which a matter involving a conflict of interest or potential conflict of interest was discussed or voted upon shall include:

a. the name of the interested party and the nature of the interest;

b. the decision as to whether the interest presented a conflict of interest;

c. any alternatives to a proposed contract or transaction considered by the board; and

d. if the transaction was approved, the basis for the approval.

VII. Prohibited Acts

The Corporation shall not make a loan to any director or officer.

VIII. Procedures for Determining Compensation

1. No person shall be present for or participate in board or committee discussion or vote pertaining to:

a. their own compensation;

b. the compensation of their relative;

c. the compensation of any person who is in a position to direct or control them in an employment relationship;

d. the compensation of any person who is in a position to directly affect their financial interests; or

e. any other compensation decision from which the person stands to benefit.

2. In the case of compensation of Key Persons, the following additional procedures apply:

a. The board or a committee authorized by the board shall approve compensation before it is paid.

b. The board or authorized committee shall base approval of compensation on appropriate data, including compensation paid by comparable organizations (three are sufficient if the Corporation's income is less than $1,000,000) for functionally similar positions, availability of

similar services in the geographic area of the Corporation, and compensation surveys compiled by independent firms.

c. The board or authorized committee shall contemporaneously document:

i. the terms of compensation and date of determination;

ii. the members of the board or committee who were present and those who voted for it;

iii. the comparability data relied on and how it was obtained;

iv if the compensation is higher or lower than the range of comparable data, the basis for the determination, and;

v. any actions with respect to consideration of the compensation by anyone on the board or committee who had a conflict of interest with respect to the matter.

The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars ($1,000,000.00) per occurrence and Two Million Dollars ($2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single limit liability of not less One Million Dollars ($1,000,000.00) per claim (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability: Deductibles: Subcontractors. All insurance obtained and maintained by the

Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

10. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

11. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the

Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

12. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

13. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

14. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

15. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non

conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

16. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

17. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

18. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

19. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions

or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction

recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

f. The provisions of this Section shall survive the termination of this Agreement.

13. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions

thereof.

Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

17. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

18. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions

or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction

recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

8. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

The provisions of this subsection shall survive the termination of this Agreement.

12. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

13. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions

thereof.

16. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions

or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction

recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.
