PRESIDING OFFICER NICOLELLO: Here.

CLERK PULITZER: We have a quorum,
sir.

PRESIDING OFFICER NICOLELLO: Okay.
Thank you very much.

We are going to go right into public
comment. If you have not already
submitted a slip for public comment, the
slips are over here to your left. We ask
you to please fill them out, hand them to
the ladies at the Clerk's table, and
we'll call you in turn.

Now, almost every one of these slips
relates to Long Island Bus, the contract
which will be considering soon. I'm
assuming that you'll want to speak when
the bus contract is called. So I'm going
to delay calling you. Two of the slips
are non bus related. I'll call them. If
there's anyone else who is here to speak
about the bus and needs to speak now,

1
2 please come up to the microphone after
3 those two slips are called.

4 The first slip is for Susan Hansen
5 from Rocky Point.

6 MS. HANSEN: I'm a volunteer with
7 New York Citizens Audit, not an official
8 spokesperson. My comments are my own
9 based on my understanding and research
10 from multiple sources.

11 I want to respond to recent
12 statements reported in local papers. New
13 York Citizens Audit volunteers do not
14 represent themselves as Board of Election
15 officials. They do not demand any
16 information from residents, and they do
17 not attempt to intimidate or threaten
18 anyone. These are indeed serious
19 allegations, but they are false.

20 It's most unfortunate that there was
21 a very defamatory article printed in
22 local papers, and that Letitia James and
23 other authorities did not do the
24 necessary due diligence to investigate
25 these claims before making a spectacle of

1
2 it with the sensationalized and
3 slanderous news stories.

4 The second topic I want to bring up
5 has to do with your voting machines,
6 Nassau County, in particular. The New
7 York State Board of Elections newly
8 approved ES&S Express Vote XL machines,
9 eliminate hand marked paper ballots and
10 the ability to audit elections and they
11 compromise election integrity. These are
12 newly approved machines by the State and
13 they are being considered for purchase in
14 Nassau County. You already have E&S
15 machines as your voting machines that are
16 in place.

17 The new machines do not use
18 traditional hand mark ballots. They use a
19 touch screen to select voting choices.
20 They produce a printed receipt with the
21 voter selection and a barcode. The
22 barcode is used to count the votes. You
23 are unable to verify if the barcode
24 reflects the voter choice, because you
25 can't read a barcode. And as a result,

1
2 this kind of negates the ability to have
3 an audit in an election. If you count the
4 printed receipts, you're looking at the
5 name, but that's not what the machine
6 counts. The machine counts the barcode.

7 This will also result in longer
8 voting lines and wait times because these
9 are all-in-one voting machine. It will
10 increase the risk of technical failures,
11 the cost for the machines and the
12 maintenance, and it will diminish trust
13 in the voting system.

14 So what I would ask of you as the
15 legislators to please investigate this,
16 please look into the voting machines used
17 in your county and consider these serious
18 concerns.

19 Thank you.

20 PRESIDING OFFICER NICOLELLO: Thank
21 you. For the current round of voting
22 that's going to take place in the next
23 couple of weeks, they are using the
24 existing machines and not using the new
25 machines approved by the State. And I

1
2 believe if they ever want to move to
3 that, I think they'll have to submit an
4 item to this Legislature. So before
5 before they ever move, it'll be a
6 legislative item, if they ever propose
7 going to the new machines. But as of now,
8 the early voting starting next week and
9 the election on November 7th, the
10 existing machines will be used in Nassau
11 County.

12 Yaron Levy.

13 MR. LEVY: Thank you very much,
14 Presiding Officer.

15 My name is Yaron Levy. I'm not going
16 to be in any official capacity today. I'm
17 as a constituent of Legislative District
18 10.

19 On behalf of myself and many others
20 there that feel the same sentiment, I
21 would like to express a great debt of
22 thank you courage, fortitude and
23 leadership skills -- as an elected
24 official, I'm sure we can all appreciate
25 taking the helm and the fort when needed.

1
2 I would like to express a great
3 tribute of thanks to Mazi Melissa Pilip,
4 which is our elected official for
5 championing day and night despite her
6 public engagements, her personal
7 engagements on behalf of Israel, and
8 standing up as a true bastion, a true
9 bastion of leadership.

10 I would like to also tell you that
11 your words have resonated not only in the
12 county of Nassau. They have resonated in
13 the City of New York, they've resonated
14 in the greater state of New York, and
15 they have resonated internationally. It's
16 very easy to stay content in our comfort
17 zone and 'oh, that's not that's got
18 nothing to do with me. Better not. Let's
19 just -- I'm pretty busy right now'.
20 There's so many distractions that can
21 take away from the real issues which stay
22 pressing at current. And for that, the
23 entire District 10 tells you thank you.
24 Thank you for your leadership. Thank you
25 for your ability to see past not only

1
2 your private engagements and your elected
3 official engagements, but the global

5 Thank you very much.

6 PRESIDING OFFICER NICOLELLO: Thank
7 you, Mr. Levy.

8 LEGISLATOR PILIP: Yaron, I just want
9 to say this. I didn't know about you
10 planning to come here and to talk about
11 the things I was doing in the last two
12 weeks. This is my obligation as a Jew,
13 as a former Israeli Defense Force member,
14 as a person who has so many family
15 members in Israel, I think I'm doing what
16 I need to do. But thank you for coming
17 all the way here to say that.

18 I also would like to take the
19 opportunity to thank the American people,
20 my colleagues in government, who
21 understanding the pain that the nation of
22 Israel is feeling right now in this
23 moment.

24 So thank you.

25 PRESIDING OFFICER NICOLELLO: Thank

you.

LEGISLATOR FORD: Thank you. That
was very nice.

11 We have the item to consider.

12 MS. PETRARA PERRIN: Good afternoon,

14 Presiding Officer Howard Kopel and fellow
15 legislators.

16 My name is Madeliene Petrara Perrin.
17 I would like to thank County Executive
18 Bruce Blakeman for having appointed me as
19 judge of the Nassau County District
20 Court. It is an honor and privilege to be
21 before you today and considered for judge
22 in this great county.

23 I thank each of you for your
24 consideration of this judicial
25 appointment, as well as the work you do

for the people of Nassau County.

Thank you again.

PRESIDING OFFICER NICOLELLO: Thank
you very much. I appreciate those
remarks.

first to congratulate you, Judge.

MS. PETRARA PERRIN: Thank you, all.

1
2 PRESIDING OFFICER NICOLELLO: Item 1,
3 which is a hearing on a proposed
4 Ordinance 61. An ordinance to authorize
5 the County Executive to execute an
6 agreement between the County of Nassau
7 acting on behalf of the County Department
8 of Public Works and Transdev Services,
9 Inc., for the management, operation and
10 maintenance of a Nassau County bus
11 system.

12 Motion by Legislator Walker,
13 seconded by Legislator Giangregorio.

14 All in favor of opening the hearing,
15 signify by saying, "Aye".

16 (Whereupon, all members of
17 the Full Legislature respond in
18 favor with, "Aye".)

19 PRESIDING OFFICER NICOLELLO: Those
20 opposed?

21 (Whereupon, no verbal
22 response.)

23 PRESIDING OFFICER NICOLELLO: The
24 hearing is open.

25 Ken?

1
2 COMMISSIONER ARNOLD: Good
3 afternoon, Ken Arnold, Commissioner of
4 Public Works, Nassau County.

5 As per General Municipal Law 119-R
6 Nassau County and Local Law 15-1972 the
7 County's authorized to provide a bus
8 service.

9 In 2010, MTA indicated that their
10 subsidy to the bus service would have to
11 be increased significantly, which led the
12 County to move towards a private
13 operator.

14 In 2010, the County solicited
15 private companies to provide the service.
16 Veolia, now known as Transdev, was
17 selected and they have been the operator
18 for the County's bus service, which is
19 known as NICE.

20 Veolia as Transdev has received good
21 and satisfactory reviews every year by
22 the Department, and there's been no major
23 findings by the FTA in their Triennial
24 Review.

25 Transdev's contract was extended

1
2 under the terms in 2014 for an additional
3 five years, and it also was amended in
4 2020, which the current contract expires
5 at the end of this year.

6 In anticipation of that, the
7 Department issued an RFP for bus
8 transportation services in January of
9 '22, with the plan to have a new firm in
10 place by the end of the year. Initially,
11 four companies showed interest. Proposals
12 were received by two firms.

13 The Evaluation Committee was made up
14 of people from Social Services, Human
15 Services, Public Works, Minority Affairs
16 and the Office of Management and Budget.

17 The evaluation showed that they
18 received the highest technical score and
19 had the most comprehensive and responsive
20 proposal and support, and would provide
21 the best value to the County.

22 Transdev will perform all tests
23 necessary to manage, operate and maintain
24 the the County's current bus service
25 called NICE for a period of seven years

1
2 from January 1, 2024. This contract has
3 an option to renew at five years and then
4 another additional three years.

5 The calendar year for 2024 has a
6 proposed operating budget of \$169
7 million. The fare box, advertising and
8 non operating revenue portion of that is
9 \$31.4 million.

10 The total contract amount of 169 is
11 subject to the approval of both the
12 County Legislature, which will happen end
13 of this month through the Department's
14 budget, and then we go to the bus transit
15 committee for their approval.

16 The contract is made up of two
17 parts: The fixed fee covers
18 administrative, benefits, insurance,
19 security services, marketing, utilities.

20 And there's a variable fee that
21 covers operator, mechanic, labor and
22 benefits, insurance, revenue, vehicle
23 parts, consumables, inventory and fuel.

24 The contract is capped at a profit
25 of 4%.

1
2 The budget of 169 includes platform
3 rate hours that approximately 20% less
4 than similar operating bus operations in
5 the region, which is MTA and we looked at
6 Westchester also.

7 The On-time performance bus
8 monitoring, cleanliness and safety that
9 are all measured by NICE bus and reported
10 to us is in the 90th percentile.

11 Reportable incidents of accidents
12 when compared to last time the MTA ran
13 the bus service is 45% less accident
14 rate.

15 Open for any questions.

16 PRESIDING OFFICER NICOLELLO: Is
17 there anyone else from the Administration
18 that's going to be speaking?

19 COMMISSIONER ARNOLD: It depends on
20 the questions. We have a bunch of people
21 here depending on the questions.

22 PRESIDING OFFICER NICOLELLO: Before
23 we go into questions, I just want to
24 welcome I see Jack Khzouz, the CEO of
25 NICE is here with us.

1
2 All right. Any questions from the
3 legislators?

4 LEGISLATOR ABRAHAMS: I don't really
5 have a question, Ken. I just have
6 something I want to solidify for the
7 record. And I think you started to jump
8 on it a little bit when you talked about
9 the contract amount.

10 COMMISSIONER ARNOLD: Yes.

11 LEGISLATOR ABRAHAMS: The contract
12 amount for 2024 was \$169,270,605. But it
13 does escalate through the seven years of
14 the contract, right?

15 COMMISSIONER ARNOLD: The contract
16 has a 3% maximum obligation in it by the
17 County.

18 LEGISLATOR ABRAHAMS: So I just
19 wanted to make sure that we establish for
20 the record that in 2024, the contract
21 amount is \$169 million, but by 2030 it's
22 \$202.1 million, for a total contract of
23 \$1.3 billion.

24 COMMISSIONER ARNOLD: That's the
25 maximum obligated amount, yes.

1
2 LEGISLATOR ABRAHAMS: That's what
3 I'll make sure of.

4 And is there a maximum obligated
5 amount for the fare box, or is it the
6 same number that you mentioned on the
7 record, 31 million?

8 COMMISSIONER ARNOLD: Well, fare box
9 -- every year the budget is looked at by
10 NICE talking to people from my Department
11 and we determine what a reasonable, fare
12 box estimate is for the County's budget.
13 We'll look at ridership trends and decide
14 is fare box increasing, decreasing. And
15 we'll make that proposal to the Office of
16 Management and Budget, they look at that
17 and then it's considered part of our
18 budget submittal that you see at the end
19 of this month.

20 LEGISLATOR ABRAHAMS: So you don't
21 have a forecast similar to what I'm
22 looking at in our backup for years 1-7?

23 COMMISSIONER ARNOLD: We believe
24 that the service will continue to grow.
25 But you look with what Covid did to the

1
2 service, we're still recovering from
3 that. I think we've finally seen numbers
4 that are coming back to pre-COVID levels.
5 But I would not say that it's a hard 3%
6 estimate each year. We look at different
7 factors that are trending on how the bus
8 service is being used.

9 LEGISLATOR ABRAHAMS: Okay. Nothing
10 further.

11 Thank you.

12 PRESIDING OFFICER NICOLELLO:
13 Legislator Bynoe, I think you had a
14 question.

15 LEGISLATOR BYNOE: Thank you,
16 Presiding Officer.

17 Hi, Ken.

18 COMMISSIONER ARNOLD: Good
19 afternoon.

20 LEGISLATOR BYNOE: So I have
21 questions about the procurement process,
22 and I have some questions about the
23 service and routes and things of that
24 nature.

25 Should I address the procurement

1
2 issues with you?

3 COMMISSIONER ARNOLD: Sure. And
4 people will come up that that I need.
5 Yes.

6 LEGISLATOR BYNOE: Okay.

7 First I'd like to question, you said
8 there were two bids that came in, right?
9 Or two responses.

10 COMMISSIONER ARNOLD: Two responses.
11 Yes.

12 LEGISLATOR BYNOE: And one of the
13 responders, I believe, had a lot of
14 communication back and forth with the
15 Administration regarding questions, open
16 issues, with the scope of service; is
17 that correct?

18 COMMISSIONER ARNOLD: Well, we had
19 an addenda process where we take
20 questions from the vendors, and I think
21 we issued 5 or 6 addendums on this
22 process, answering questions throughout
23 the solicitation.

24 LEGISLATOR BYNOE: Okay. And how
25 many different questions were included in

1
2 those amendments?

3 COMMISSIONER ARNOLD: I think there
4 was probably around 50. Let me get
5 Sharon.

6 (Whereupon, off record
7 consultation.)

8 COMMISSIONER ARNOLD: We had about
9 200; some were repetitive.

10 LEGISLATOR BYNOE: Is it unusual to
11 get that number of questions?

12 COMMISSIONER ARNOLD: Depends on the
13 size of the project. When I bid larger
14 building projects, I will get
15 dramatically more question and answer
16 than if I bid a smaller construction
17 project. So I would think 200 is not
18 unreasonable for the size and scope of
19 this contract.

20 LEGISLATOR BYNOE: When the process
21 was concluded and then the announcement
22 of the successor, there was a protest
23 that was put in after that?

24 COMMISSIONER ARNOLD: There was a
25 bid protest that was submitted to the

1
2 Department. The Department went through
3 the protest in great detail. We put
4 together a response and was submitted
5 back to the vendor, and there was no
6 further follow up by that vendor.

7 LEGISLATOR BYNOE: Okay. What does a
8 protest process typically look like?

9 COMMISSIONER ARNOLD: Typically,
10 it's asking questions that they think
11 something might have been unfairly
12 portrayed or answers were not responded
13 to properly. And then we put together a
14 response to those concerns, laying out
15 why we did what we did and how it
16 conforms with our policy.

17 LEGISLATOR BYNOE: Okay. So who
18 undertakes that protest process? Is it
19 your department directly is it the County
20 Attorney, who's involved?

21 COMMISSIONER ARNOLD: The Department
22 Contracting Officer prepares the response
23 working with Robert Cleary.

24 LEGISLATOR BYNOE: Okay. Does the
25 IG's office get involved in that at all?

1
2 MS. HOUDEK: Good afternoon,
3 Legislators. Jane Houdek, Nassau County
4 Department of Public Works General
5 Counsel and Department Chief Contracting
6 Officer.

7 So the other bidder, and I'm sorry,
8 the name escapes me at this moment
9 because this happened well over a year
10 ago, submitted a bid protest. And in that
11 bid protest, they cited a lot of
12 boilerplate law that we responded to. And
13 then they identified a number of issues
14 that they thought that they were entitled
15 to receive information regarding. Most
16 of that information was either provided
17 to them and we sent that out in the
18 response, or it was information about how
19 Transdev internally operates. It would be
20 not information that we would have as the
21 County, nor would it be information that
22 would have been germane to the contract
23 solicitation.

24 So we provided that response, and
25 they hired a good law firm to craft their

1
2 initial protest. We gave them that
3 response, and we didn't hear anything
4 further from them. And they were
5 certainly at liberty to pursue that with
6 either Robert Cleary or through what's
7 known as an Article 78 process in the
8 courts. You're an experienced
9 legislator, so you know what happens in
10 situations like that.

11 So they did not pursue that. But
12 throughout, it was very clear to me when
13 I undertook an extensive review of the
14 contract file, that Sharon Persaud had
15 done a really good job patiently
16 answering their questions, despite the
17 fact that it was very obvious that they
18 really weren't asking questions about our
19 contract and our contracting procedure.
20 But they really wanted to know how NICE
21 internally operates to be a successful
22 company.

23 LEGISLATOR BYNOE: So while I would
24 like to think that most of us have some
25 experience with that, but I would tell

1
2 you that I have no idea how a protest is
3 managed internally. I know that one has
4 the ability to file an Article 78 in the
5 event in the event that they felt it was
6 arbitrary and capricious and the like.
7 But in terms of how you manage your
8 process internally for a protest, I have
9 no idea how that process would work. So I
10 thank you for both you and Ken explaining
11 that to me this morning.

12 So I had received some
13 correspondence from them where they were
14 asking for -- I'm not going to go through
15 the file. And like you said, it was
16 probably about a year ago.

17 MS. HOUDEK: Right.

18 LEGISLATOR BYNOE: Just as we talk
19 about it now, when did we let this RFP?

20 COMMISSIONER ARNOLD: The RFP was
21 issued in January of this year.

22 LEGISLATOR BYNOE: Thought it was
23 '22.

24 (Whereupon, off record
25 clarification.)

1
2 COMMISSIONER ARNOLD: January of
3 '22. I'm sorry.

4 LEGISLATOR BYNOE: It's a long time
5 coming.

6 COMMISSIONER ARNOLD: Yeah.

7 COMMISSIONER ARNOLD: Was the
8 protest part of the delay or -- I don't I
9 think the decision was made in what,
10 April or something? Or in the spring.

11 COMMISSIONER ARNOLD: There was time
12 we had to take to answer the protest. So
13 I would say it probably was a little bit
14 of a delay.

15 LEGISLATOR BYNOE: Okay.

16 In reading through some of what they
17 asked for and that they were concerned
18 about about a year ago or so was
19 regarding if they were taking over the
20 plant, right? If they were going to be
21 responsible for the physical plants of
22 some of the operating facilities, they
23 wanted to see things like the utility
24 space and things like that. And there was
25 some concerns and not being able to see

1
2 those spaces. And I wouldn't say that
3 should be confidential information
4 because they would need to know if
5 they're taking responsibility for the
6 management of those areas and some of
7 those burdens, then they should know what
8 they're taking on. They should be able to
9 do those inspections. They had a lengthy
10 list of things. I'd like to hear from
11 the IG if to see if she reviewed that
12 process and if she's comfortable with,
13 first, our RFP process and then, second,
14 the response to the protests. Because I
15 personally only knew that they did a
16 protest this morning. Someone contacted
17 me to tell me they did a protest. Prior
18 to that, I know that they made complaints
19 and that they had filed a grievance, so
20 to speak, with me prior to even NICE Bus
21 being selected. And I referred all that
22 information to the IG's office, because
23 that's not my my role and that's the role
24 of the IG. And so I'd like to hear from
25 the IG this morning. Or this afternoon.

1
2 INSPECTOR GENERAL: Good afternoon.

3 LEGISLATOR BYNOE: Good afternoon.

4 So my question specifically is, I
5 know you reviewed some documentation that
6 was sent to me that I felt you were the
7 appropriate entity to review it, so I
8 sent it to you, and I believe you
9 reviewed those documents and that was
10 prior to any decision making by way of
11 the Administration and its selection, and
12 you felt in that moment that it was not
13 an issue based on the things that I
14 showed you, even though they were 200
15 additional questions and several
16 different amendments that were issued.
17 Did you review the protest as well that
18 came in after?

19 INSPECTOR GENERAL: I didn't review
20 the protest. We had had a meeting at some
21 point discussing -- it was a while ago
22 too -- but I can ensure to you that we
23 reviewed all of the questions that were
24 asked. And you're right there quite a
25 bit. But we didn't find anything. We

1
2 didn't find any red flags with respect to
3 the questions, other than there were a
4 bunch.

5 I also wanted to let you know that
6 my office was present at the
7 Administration Selection Committee
8 meetings for the entire process and,
9 again, we didn't find anything
10 inappropriate.

11 LEGISLATOR BYNOE: Okay. And by way
12 of the protests, did you receive that?
13 Did you know about it?

14 INSPECTOR GENERAL: I actually never
15 get -- they don't actually loop us into
16 bid protests. I learn of them because
17 people talk, but they don't usually just
18 come to me.

19 LEGISLATOR BYNOE: Yeah, I would, I
20 would think that given the fact that
21 those items would eventually end up at
22 the Legislature, that protests that are
23 birthed out of these RFP process, the
24 procurement process, should be directed
25 to the IG's Office. Because when I read

1
2 your report, I didn't feel any need to
3 ask any additional questions until this
4 morning when I learned that there was a
5 protest that was put in. And then we went
6 back and looked at the report, and there
7 was no indication that you were aware of
8 a protest. And I think that this Body
9 should be made aware of protests. And I
10 think our IG, who is the investigative
11 arm of the Legislative Body, should also
12 be informed so that we vet those issues
13 and we're not here on the day of trying
14 to make sure that our process maintained
15 a proper level of integrity.

16 So I know I can't ask you to do
17 something unless you know about it.

18 INSPECTOR GENERAL: That's true.

19 LEGISLATOR BYNOE: All right.

20 So just for the record, you're
21 saying that you found nothing wrong with
22 the procurement process, that you
23 attended those meetings, you reviewed all
24 the documents that I forwarded to you,
25 and you feel that this contract meets a

1
2 high level of integrity and that you have
3 no problems.

4 INSPECTOR GENERAL: And we had a
5 back and forth with DPW with some
6 questions and the answers that we
7 received were reasonable.

8 LEGISLATOR BYNOE: Thank you.

9 INSPECTOR GENERAL: Thank you.

10 LEGISLATOR BYNOE: Is Mr. Cleary
11 here? No? Okay. Chris?

12 MR. LEIMONE: Hi.

13 LEGISLATOR BYNOE: Mr. Lemoine, I'm
14 just putting on the record a request that
15 when the Legislature is going to receive
16 contracts and we're going to engage in
17 this type of decision making with such a
18 large dollar amount tied to it in such an
19 important service -- but in any case, if
20 there is a protest that's made that the
21 Legislative Body be made aware of it, and
22 that the IG's office also be made aware
23 of it so that it's vetted, we're aware of
24 it in advance, and we can make a
25 decision, a sound decision. But for me to

1
2 learn today that there was a protest kind
3 of puts me in a quandary. I'm happy that
4 the IG was here and she could clarify for
5 the record that she didn't see a problem.

6 Can we get some level of --

7 MR. LEIMONE: Yes. Of course,
8 Legislator.

9 LEGISLATOR BYNOE: So moving
10 forward, we will get records of protests
11 when you send a contract out.

12 MR. LEIMONE: For contracts that go
13 to the Legislature, yes, we will work to
14 implement that. Yes.

15 LEGISLATOR BYNOE: Okay. Thank you.

16 My next set of questions is
17 regarding service delivery and they are
18 brief little, short little issues I
19 believe we can touch on.

20 So first, I first want to thank
21 President Jack Khzouz for really being
22 accessible and highly responsive whenever
23 my office reached out regarding any
24 issues of ridership. I just have one
25 request. We have had certain times when

1
2 bus stops have been eliminated and then
3 we received the calls and I called Jack,
4 and then he says, oh yeah, you know, the
5 stop is used, but it's not used
6 regularly. And then we find out that it's
7 an elderly person who uses the route. And
8 so he reinstates the bus stop or they did
9 a loop one time that was going into, I
10 think, a little small mall and then they
11 stopped it. In any event, you really
12 work to make sure that we can restore
13 those things if possible. And it usually
14 takes like a week or two once we come to
15 the agreement that there would be
16 restoration. I think that if you could
17 let us know that you're considering some
18 of those changes in advance, it could be
19 less disruption to the riders. And I
20 think it would be a good courtesy for all
21 of us up here if there was going to be
22 that type of change. I know you don't
23 have to. I'm asking for the courtesy.

24 MR. KHZOUZ: Thank you for the
25 question, Legislator. You're completely

1
2 right.

3 We have 2500 stops in the county,
4 and it's my responsibility to communicate
5 with all of you when we affect any of
6 your constituents on the road. Sometimes,
7 to be honest with you, it's my fault.
8 Stops at me. But you all know,
9 Legislator, you pointed out, I'm just a
10 phone call away and I always pick up my
11 phone.

12 So within those issues that you
13 spoke about, we took care of that last
14 stop literally within 24 hours and put it
15 back. But it should have never been
16 removed to begin with, or at least not
17 without your understanding and
18 cooperation. So I completely understand.

19 Thank you.

20 LEGISLATOR BYNOE: Thank you.

21 I think the next question is going
22 to be okay for you too.

23 So I'm learning that folks are
24 getting on the bus and not paying
25 sometimes. Talk to us a little bit about

1
2 that.

3 MR. KHZOUZ: Fare evasion is an
4 issue. And fares make up, as Ken had
5 mentioned, make up a good amount of our
6 revenue that helps again drive the amount
7 of service we put out there. It is a fine
8 line to understand the reasoning behind
9 that. And we don't ask our drivers to do
10 that because of course, that could end up
11 in an escalated situation that we don't
12 want to put anybody in harm's way for
13 \$2.90. Right. So it is a fine line. Do we
14 know how much fare evasion affects us? We
15 think it may be 10 to 12 to 15% just by
16 observation, just by speaking to the
17 drivers, just by understanding ridership
18 versus fare collection. You can look at
19 the Delta and figure out what it is. Is
20 there a good way to solve fare evasion
21 other than putting a police officer on
22 every bus? No there's not. So what we try
23 to do is educate the public and educate
24 the drivers on how to properly handle
25 that, educate our supervisors how to

1
2 properly handle that. But it is a
3 difficult situation that every service in
4 the country is dealing with right now.

5 LEGISLATOR BYNOE: So your number
6 might even be higher because in speaking
7 to a bus driver, he says, we just kind of
8 don't even report it anymore. You don't
9 want them to get into an interaction.
10 They've been told not to. Their union has
11 counseled them against doing that. And it
12 just, I guess, becomes a little more
13 troublesome for them to have to even do
14 the reporting. But the numbers are high.
15 I know that you have a counsel that you,
16 you work with. I don't know how we can,
17 the Legislative Body, how we can work
18 together to get that number down without
19 putting our drivers in in danger. But
20 that's concerning.

21 MR. KHZOUZ: It is; It is.

22 The other issue we have too is when
23 we have a bus full of people trying to
24 get somewhere on time, and we're trying
25 to run a 90-95% on time performance,

1
2 that's our goal and we're hitting that
3 goal, to stop the whole bus and hold it
4 for response, whether it be from a
5 supervisor or the police -- our police
6 departments are very busy and, again, to
7 respond to a \$2.90 issue is somewhat
8 difficult.

9 I totally understand. We are working
10 as a group across the country, both on on
11 the national level and the New York State
12 level, to come up with creative solutions
13 that are both compassionate in some
14 cases, but also a little bit firmer. And
15 I think as we progress out of this Covid
16 recovery, we'll see a little bit better
17 fare box recovery on that.

18 LEGISLATOR BYNOE: Okay. I see the
19 challenge that you're up against on that.
20 So thank you for your answers, I
21 appreciate it.

22 Thank you.

23 PRESIDING OFFICER NICOLELLO:
24 Legislator Ford then Legislator Solages.

25 LEGISLATOR FORD: Good afternoon. So

1
2 the budget that we have with this
3 contract, that's strictly for operating
4 and maintenance. The bus company then
5 also does a capital plan for the buses;
6 am I correct? So the \$167 million is
7 basically for employees benefits, taking
8 care of the staff and whatever?

9 COMMISSIONER ARNOLD: Yes.

10 LEGISLATOR FORD: Okay.

11 When you look at the respondents to
12 the RFP, since Transdev has been serving
13 as our bus system for quite many years,
14 do we take a look at the number of
15 complaints and everything? Do we take
16 that into consideration? Because I don't
17 think they seem to have a lot.

18 COMMISSIONER ARNOLD: Yes. Part of
19 any award of a contract we look at their
20 performance on other contracts. So their
21 performance both on our current contract
22 and their other work around the country
23 would all have been looked at, yes.

24 LEGISLATOR FORD: All right.

25 And I have to echo what Legislator

1
2 Bynoe had said. Mr. Khzouz, you've
3 always been very responsive. And whenever
4 we've called over for anything that we've
5 gotten satisfactory answers and I really
6 appreciate that. Even with looking at
7 different routes, I know you had met with
8 the City Manager down in Long Beach to
9 come up with some ideas. Hopefully, I
10 know that with the Able-Ride system we
11 now under law, you're going to be
12 expanding it into Queens and Suffolk, I
13 guess, or whatever it is or however this
14 is going to change. But I'm hoping maybe
15 moving forward that we may consider at
16 some point even expanding the geographic
17 mile. I know it's of a great cost, but
18 especially for our residents here in the
19 county, for so many more residents that
20 just cannot ride buses that cannot drive
21 themselves, I'm hoping that maybe we
22 could look at that to be expanded and
23 come up with some, maybe sometimes when
24 you have allow somebody give them a
25 reprieve to allow them to be able to take

1
2 an Able-Ride, to be able to get access to
3 their doctor's appointments and so forth
4 and so forth.

5 So that would be just my closing
6 statement. I won't be here, but I feel
7 like Judy Jacobs is sitting on my
8 shoulder right now saying, because that
9 was her big thing, the Able-Ride and the
10 expansion of it and make it more
11 accessible to many of our residents here
12 in Nassau County. But I thank you very
13 much. And, Commissioner, thank you very
14 much for your testimony today.

15 PRESIDING OFFICER NICOLELLO:
16 Legislator Solages.

17 LEGISLATOR SOLAGES: Thank you very
18 much, Presiding Officer.

19 Good afternoon. How are you doing,
20 Commissioner?

21 COMMISSIONER ARNOLD: How are you?

22 LEGISLATOR SOLAGES: Nice to say
23 good afternoon, Mr. Jack (sic), as well.
24 Thank you for being here.

25 My district, the Third Legislative

1
2 district, borders in New York City. Many
3 of my constituents live in Elmont or
4 Valley Stream, but take public
5 transportation to go to work. Their
6 dependence upon public transportation and
7 upon your system is very important. And
8 I've reached out to you regarding several
9 issues. In fact, I'm very glad to see one
10 of my constituents who has reached out to
11 you before, also here today. And so my
12 line of questioning is more so regarding
13 service and what this contract provides.
14 Can you please provide more information
15 as to on time performance records
16 regarding --

17 COMMISSIONER ARNOLD: I'll let Jack
18 go over that.

19 LEGISLATOR SOLAGES: Thank you.

20 MR. KHZOUZ: Thank you, Legislator.

21 As I discussed previously or
22 mentioned previously, we have 2500 stops.
23 Our fixed route on time performance
24 currently is at 90%. September is always
25 our most challenging month because we

1
2 have back to school and on time
3 performance dips down to about 87-88%.
4 Overall, our goal up until September was
5 90, our actual was 92%. So we dipped a
6 little bit in September. We're back up to
7 90 currently. We want to hit 92 to 95.
8 The way we measure on-time performance is
9 the industry standard: One minute early,
10 five minutes late. So you have a six
11 minute window around that arrival time,
12 one minute early, five minutes late. And
13 again, understanding that we have Nassau
14 County traffic and Queens and Flushing
15 traffic to deal with, 2500 stops to make
16 and relatively full buses, sometimes
17 that's a challenge to make. But what we
18 do is we take the data, we have a very
19 technically driven service, we take the
20 data that we measure and feed it back
21 into the schedule and planning system
22 with the input of the drivers, and we
23 adjust that schedule every quarter to
24 adjust seasonally or detour minded. When
25 we know that there's going to be a detour

1
2 in a specific area, we adjust those
3 schedules to try to accommodate as much
4 as we can. But that's an average. So yes,
5 your trip for one day might be late.
6 There may be a breakdown, there may be an
7 accident. But in general we perform at a
8 very, very high rate.

9 LEGISLATOR SOLAGES: But I've heard
10 from constituents who say that, you know,
11 they are waiting at the Jamaica station.
12 They have been waiting there for over 15
13 minutes, which is well beyond six
14 minutes, and they have not had any other
15 buses come within a reasonable, timely
16 increment of time. And so, you know, what
17 other factors are influencing your
18 performance rate? I mean, is it the fact
19 that, I mean, the number of bus drivers
20 you have, is that a factor, or have you
21 have an increase in bus drivers or a
22 decrease in bus drivers?

23 MR. KHZOUZ: We as, again, every
24 every bus company in the country has a
25 shortage of bus drivers.

1
2 You mentioned something that people
3 are waiting 15 minutes, but it's beyond
4 six minutes. Those two don't have
5 anything to do with each other. There's a
6 frequency of of travel, a frequency of
7 buses that may be every 15 minutes. Okay.
8 So if they're waiting 15 minutes, that
9 may be the scheduled time that made the
10 interval between buses. They have to look
11 at their schedule. We also provide the
12 bus app that tells them exactly when
13 their bus is going to be there, so they
14 don't really need to wait at a bus stop.
15 And 60% of our travelers now use that app
16 to plan their trips and find out where
17 their buses are.

18 But remember, frequency and on-time
19 performance are two different things. So
20 if a constituent says I'm waiting 15
21 minutes for bus doesn't necessarily mean
22 the bus is late, that may be the
23 frequency of the bus service.

24 That being said, if you speak to me
25 and tell me, Jack, at this time 6:15

1
2 people are waiting, their bus is late,
3 then just call me and let me know. Let me
4 know the time. Let me know the date. We
5 will investigate and we'll adjust it as a
6 schedule goes forward.

7 LEGISLATOR SOLAGES: But I have
8 received those calls. Under the previous
9 contract, did you have a certain number
10 of buses allocated in that situation near
11 the Jamaica depot, where if there is a
12 bus arriving late beyond 15 minutes, can
13 you provide for a quicker source to come
14 there?

15 MR. KHZOUZ: So we do have spares
16 and we stationed spares both at the depot
17 and in some cases out at different
18 points.

19 LEGISLATOR SOLAGES: Do we get more
20 spares with this contract?

21 MR. KHZOUZ: You don't get any more
22 spare because the spares are dictated by
23 the FTA and how many total buses you you
24 can own in the field. So it's a spare
25 ratio and it's a really the amount of

1
2 buses we can own based on the number of
3 hours of service we put out. The FTA puts
4 that out for us. And they say we can own
5 about a 20% spare ratio. But again, any
6 time you put more spares out that there
7 aren't utilized, that's inefficiency out
8 there also. So there's a lot of factors
9 that go into that.

10 The way I think of Command Center
11 when they're managing these -- and I
12 think you've seen our command center
13 looks like looks like an airport terminal
14 in there with all the screens -- they are
15 managing service as we go. There may be a
16 driver available. There may be a bus
17 available. There may not be. The bus may
18 have gotten an accident. By the time we
19 dispatch it. The other bus will get
20 there. So there's a lot of moving parts
21 to that.

22 LEGISLATOR SOLAGES: Going forward
23 under this contract. Cutting runs or
24 routes, what procedure will you engage in
25 to inform the public? I've made a

1
2 previous request upon this Body that this
3 hearing be held in the evening, because
4 many of my constituents were concerned
5 about it could not be here during the
6 daytime because they work. So going
7 forward, when it comes to cutting routes
8 or changing routes, what procedure will
9 you afford and provide and how can we
10 have greater access by the public to
11 attend such meetings where such
12 information is being provided?

13 MR. KHZOUZ: Yeah, we will certainly
14 bring that up. There's a whole protocol
15 around that besides just the meetings. We
16 sent out notices on their app. We post in
17 the buses, we take phone calls, we take
18 all that input throughout the period.
19 It's not just that 1 or 2 meetings, but
20 yes, that is a very good point, and I'll
21 certainly bring it to the Committee's
22 attention. I don't control the Committee
23 time meetings. That's not for me to
24 control, but I will certainly bring it up
25 as a strong suggestion. Let's put it that

1
2 way.

3 LEGISLATOR SOLAGES: The environment
4 is continuing to be a very, very
5 important concern. Can you please provide
6 information as to how the buses that are
7 afforded through this contract will be
8 able to meet carbon emission standards by
9 2030 and 2050, please?

10 MR. KHZOUZ: So that's a great
11 question. Your bus system is currently a
12 low emissions bus system. This is a CNG
13 system, compressed natural gas. It's not
14 diesel. So that being said, compressed
15 natural gas puts out 97% less emissions
16 than a diesel bus does. The buses you see
17 in the city are converting now, but many
18 of those buses are still diesel buses. My
19 counterparts upstate also run diesel
20 buses. You're the only fleet in the
21 country of this size that's compressed
22 natural gas. So that gives us a leg up.

23 Number two, as of last week, we just
24 started running our first electric bus
25 that we received. It's on the road now,

1
2 being beta tested and hopefully as we
3 shake that bus out in the next few weeks
4 or month or so, we should receive another
5 four. That'll give us an understanding of
6 the operational complexity that goes into
7 running two different technologies CNG
8 and electric. There are pluses and
9 minuses to both. So that's a great point.

10 LEGISLATOR SOLAGES: Thank you.

11 But will we meet by 2030 or by 2050
12 -- well, I guess that's beyond this
13 contract, but are we on pace or are we on
14 a plan to at least meet certain
15 standards?

16 MR. KHZOUZ: That's a good question.
17 And it's still to be determined by the
18 State of New York if our CNG fleet
19 already meets that requirement. The way
20 the requirement is written, it is a
21 low/no emissions requirement. So we still
22 need to speak to the State specifically
23 to ask if we do already meet that
24 requirement. But there are plans to
25 continue decarbonization out of our

1
2 system by doing things like converting
3 our supervisor fleet to electric,
4 converting the paratransit fleet to
5 electric, or a combination of
6 hybrid/electric. So we're moving towards
7 that fairly quickly.

8 LEGISLATOR SOLAGES: Understood.

9 Back to Able-Ride, can you as an
10 operator, use the money you receive for
11 Able-Ride for any other purposes, such as
12 covering the gap for just -- the money
13 for Able-Ride, can you use that for other
14 purposes?

15 MR. KHZOUZ: So the way we receive
16 money from the State -- and that's the
17 majority of our funding, 70% is from the
18 State -- there is no delineation between
19 Able-Ride versus fixed route. We use it
20 for transit. And we as a transit
21 provider, under Ken's supervision,
22 understand that paratransit has to be
23 part of our total. And there's no
24 exclusion of that. I can't carve out more
25 money for fixed route at the expense of

1
2 paratransit, let's put it that way.

3 LEGISLATOR SOLAGES: Understood.

4 Thank you.

5 I appreciate all your responses and
6 I thank you, but if we could just follow
7 up with a meeting with my constituent
8 regarding just service issues from the
9 Jamaica station, I would really
10 appreciate that.

11 Thank you very much.

12 PRESIDING OFFICER NICOLELLO:

13 Legislator DeRiggi-Whitton.

14 LEGISLATOR DERIGGI-WHITTON: Thank
15 you.

16 And, Jack, I just want to thank you
17 also for doing the loop bus in Port
18 Washington. I think it's really been a
19 model for the whole industry, in the
20 sense that it's freed up a number of
21 parking spots at the train station, which
22 has always been a major issue.

23 I just had two quick questions,
24 Jack, and I hate to have you come back
25 up. One, I always have to put in a plea,

1
2 speaking of Judy Jacobs, just for the
3 northeast portion of Nassau County, which
4 really doesn't have any bus service. Glen
5 Cove has about 10% of the city covered,
6 and I know there's none in Bayville and
7 Oyster Bay. And I understand part of it
8 is that the homes are further apart and
9 all that. But if we could, I always have
10 to ask you to always keep that in the
11 back of your mind, that that service used
12 to really help Glen Cove and it's missed
13 for sure. So any if there's ever any
14 possibility of reinstating any of that, I
15 would be very interested.

16 And just the second question, as far
17 as the the electric buses, I heard that
18 you've run into a couple of problems with
19 those with the batteries lasting and
20 things like that. Could you just
21 elaborate on that?

22 MR. KHZOUZ: So the electric buses,
23 obviously the main cost of that electric
24 bus is the battery technology that goes
25 with it. Then there's an infrastructure

1
2 cost also. We have to have chargers and
3 everything else that goes with that. The
4 way we have procured those vehicles is we
5 have purchased additional warranties on
6 the batteries so that they don't go out
7 before the useful life of the bus does,
8 so that the investment made by the
9 federal government through the FTA, and
10 partly yours also, is not short circuited
11 by a faulty battery.

12 LEGISLATOR DERIGGI-WHITTON: So all
13 in all, do you find that they're working
14 effectively, the electric buses?

15 LEGISLATOR DERIGGI-WHITTON: It
16 Still remains to be seen. Again, we've
17 just started beta testing the electric
18 bus on the road. It's performing great so
19 far, but there'll be challenges. It's a
20 new technology and we have to adjust to
21 it, also; the industry needs to adjust to
22 it. So we have to understand how it
23 actually operates. It doesn't make a lot
24 of sense if we can't get as much road
25 time with the electric bus or we need two

1
2 electric buses for every CNG bus. So the
3 efficiencies are still to be seen. We're
4 very optimistic though, based on what we
5 hear from other operators that run it.
6 Really the operation's mostly been on the
7 West Coast, so they benefit from nicer
8 weather than we do. So we'll, certainly
9 report how we see these.

10 LEGISLATOR DERIGGI-WHITTON: So in
11 the next seven years, do you anticipate
12 adding more electric buses to your fleet?

13 MR. KHZOUZ: Assuming everything
14 goes well, we will probably add
15 additional vehicles as the options come
16 up. But it all depends again on what
17 technology does between now and then,
18 whether it be electric, whether it be
19 hybrid electric, plug in, hybrid
20 electric, whether it be CNG/electric or
21 hydrogen or whatever else comes along.
22 But but we are committed to whatever new
23 technology works the best for our
24 residents to make it safe and reliable.

25 LEGISLATOR DERIGGI-WHITTON: Thank

1
2 you.

3 PRESIDING OFFICER NICOLELLO:
4 Legislator Solages.

5 LEGISLATOR SOLAGES: Thank you. I've
6 been getting a lot of concerns,
7 constituent concerns, phone calls from
8 constituents regarding bus service in and
9 around the UBS arena. If you may, please
10 provide any information as to how you may
11 address some of those issues, please.

12 MR. KHZOUZ: Yeah. I have not heard
13 directly from constituents about the
14 arena service per se. There's two
15 different services there, obviously, that
16 we have to think about. Number one is
17 event service; and number two is employee
18 service or what we call employee
19 shuttles. I haven't heard specifically.
20 But again we are certainly open to
21 listening and learning and engineering
22 what we can.

23 PRESIDING OFFICER NICOLELLO: Thank
24 you.

25 I'm going to go to public comment

1
2 now.

3 Richard Clolery.

4 MR. CLOLERY: My comments address
5 multiple issues, not just the buses.
6 Although I am grateful for the
7 opportunity to address this Committee,
8 this Legislature.

9 Some of my chief concerns include
10 increasing funding from Nassau County.
11 These bus cuts, there are now a number of
12 dead zones, public transportation wise.
13 They keep on talking about flex service
14 and all that, but with current budget
15 levels, they can only do what they can.
16 We need to not just increase fixed route
17 buses -- Basically, what I'm trying to
18 say is we need to increase service all
19 around not just for my own use, everyone
20 else's uses, you know, that way you can
21 get to places where they need to be, but
22 also because Nassau County is changing
23 significantly. There are a lot of people
24 who are now relying not just on buses,
25 but also living closer to railroad

1
2 stations, because it's a lot more
3 convenient for them to get to the city or
4 other places where they need to be.

5 To be honest, we need to restore bus
6 lines or we need to increase flex service
7 or whatever they call it.

8 Also, when are they going to install
9 Omni into the system? Omni has been
10 around for a while a while now, but is
11 there been any progress?

12 PRESIDING OFFICER NICOLELLO: After
13 you finish, I'll have Mr. Khzouz answer
14 that question.

15 MR. CLOLERY: All right.

16 Now, getting to the other things.
17 Our infrastructure sucks. I'm going to be
18 blunt. We were dealing with people who
19 are dying on the roads because they're
20 getting hit by bad drivers, distracted
21 drivers, drunk drivers, and God knows
22 what else. This is getting ridiculous.
23 This is hurtful to everyone. The young,
24 the old. They're getting killed left,
25 right and center and being reported by

1
2 *Newsday*, by News12. What are your guys
3 plans for increasing enforcement,
4 improving -- and also, I noticed
5 something the other day that's been
6 around for a long while now. One of the
7 signs that a lot of people on Hempstead
8 Turnpike and Newbridge, you push a button
9 and you get to walk safely across the
10 street, one of those signs is down. It's
11 been down for months now. I don't know
12 what's going on, but it needs to be fixed
13 or replaced. You get to choose.

14 Look, I speak at an average citizen.
15 I'm dealing with hearing horror stories
16 about parents losing their kids because
17 some moron decides not to be careful with
18 the responsibility of driving an
19 automobile. This has to stop. Not for my
20 sake, but for everyone's sake. You get
21 what I'm saying?

22 Any questions?

23 PRESIDING OFFICER NICOLELLO: Thank
24 you, Richard.

25 MR. CLOLERY: Any questions?

1
2 PRESIDING OFFICER NICOLELLO: No,
3 there's no questions. Thank you.

4 Mr. Khzouz, I think there was a
5 question about Omni. I guess in New York
6 City, it's prevalent in the subways and
7 buses.

8 MR. KHZOUZ: Omni is an MTA product
9 -- MTA brand, MTA product. We as an
10 affiliate will be able to use that
11 technology when it becomes available to
12 us. Unfortunately, we don't control the
13 timetable. It is completely up to the MTA
14 when they're ready to roll it out.
15 Currently, they're estimating the end of
16 2024 is when they will start rolling it
17 out to their affiliates. We've been
18 working with them for almost three years
19 now on that timetable. So we're hopeful,
20 again, we don't control that that
21 timetable. It's all controlled by the
22 MTA.

23 PRESIDING OFFICER NICOLELLO: So
24 when they roll it out, you'll be ready.

25 MR. KHZOUZ: We'll be ready to take

1
2 it on. I believe we're actually the first
3 affiliate outside of the New York City
4 system that'll have the system.

5 PRESIDING OFFICER NICOLELLO: All
6 right. Thank you.

7 Greg May, Island Harvest.

8 MR. MAY: Hi. Good afternoon. Greg
9 May, Island Harvest Food Bank, Melville,
10 New York. Here to read a statement into
11 the record from our president and CEO,
12 Randi Shubin Dresner.

13 "Island Harvest Food Bank is a
14 leading human services organization whose
15 mission is to end hunger and reduce food
16 waste on Long Island. Our work directly
17 supports seniors, children, families and
18 veterans who turn to us in times of
19 crisis through our mobile outreach
20 program and supports a network of
21 community based nonprofit organizations
22 and emergency feeding programs.

23 The Nassau Inter-County Express bus
24 service, NICE Bus, operated by Transdev,
25 has been a caring partner with Island

1
2 Harvest and so many other community based
3 organizations since the beginning of
4 their original contract. So many of our
5 clients are their riders, so this is a
6 very important partnership that we share.

7 NICE bus truly cares about their
8 riders and the community it serves.
9 Through their annual surveys, they have
10 learned about which routes are most
11 important, the times of day that are
12 busiest and most sensitive to their
13 riders needs. They have advocated for
14 more stops and important changes to
15 schedules. They have made sure that the
16 many cultures that make up our community
17 are represented as much as possible in
18 their signage and schedule information.

19 We are grateful that in the
20 aftermath of Superstorm Sandy, they
21 provided Island Harvest access to their
22 bus terminals for food distributions. Our
23 staff always gets excited when they see
24 the NICE bus pull in during our Turkey
25 and Trimmings Campaign.

1
2 We appreciate that their staff, who
3 have volunteered with us and are grateful
4 for their generous financial
5 contributions to ensure that our programs
6 are strong and responsive to our
7 community in need.

8 In addition to more traditional
9 forms of support, they have provided
10 innovative solutions to help the
11 neighbors whom we serve, including
12 providing their bus route schedules to
13 Island Harvest and adding important
14 information about our services on their
15 website while distributing important
16 information on the programs we provide to
17 their ridership.

18 It is our hope to continue building
19 our relationship with the team at
20 Transdev, ensuring that the neighbors we
21 serve and the riders of NICE Bus, of
22 which there are significant overlap,
23 receive the benefits and programming that
24 they deserve."

25 Thank you.

1
2 PRESIDING OFFICER NICOLELLO: All
3 right. Thank you, Greg.

4 Biana DePena.

5 MS. DE PENA: Good afternoon,
6 everyone. My name is Biana DePena and I
7 represent United Way of Long Island. I
8 am their Community Impact Director and I
9 also oversee the Everyone Rides NICE
10 Program.

11 Today I'm here just to share a few
12 words about the program and the
13 importance of collaboration and
14 partnership.

15 Over a decade ago, NICE bus
16 approached us, United Way, with the idea
17 of creating a transportation fund for
18 low-to-moderate income families and
19 individuals in the county. Since then, we
20 have helped thousands of people through
21 the program with over \$1 million of
22 support. This is all possible thanks to
23 the power of collaboration between NICE
24 bus, over 30 agencies across Nassau
25 County, and us, United Way.

1
2 With their help, with distribute bus
3 passes and just allow families and people
4 to get to work, to their appointments, to
5 school. That free Metro card is a
6 lifeline to many families and individuals
7 who rely on public transportation.

8 One of the participants that we have
9 in our program is one of our YouthBuild
10 participants, who lives in Long Beach and
11 gets to ride the bus to come to Hempstead
12 to work.

13 Another one of our participants in
14 the program just graduated from college
15 because of a free Metro card that she
16 received for over two years to attend
17 college. This and everything that we do
18 as an organization wouldn't be possible
19 without their support.

20 And that's it. Thank you.

21 PRESIDING OFFICER NICOLELLO: Okay.
22 Thank you very much.

23 Hari Dhoundiyal. I don't know if I'm
24 correct with that pronunciation.

25 MR. DHOUNDIYAL: Good afternoon. My

1
2 name is Hari Dhoundiyal and I'm the
3 president of the Nassau Transit
4 Accessibility Advisory Committee, we
5 often refer as TAAC, that's T-A-A-C. I'm
6 here today to express my full support for
7 NICE, Nassau Inter-County Express bus
8 services. I'm not going to go into
9 lengthy talk, just give you three major
10 issues why I think that we should support
11 the NICE.

12 Number one, safety, accessibility
13 and innovative means to deal with
14 situation. You know, I'm well travel
15 individual. I've been taking public
16 transportation for over two decades now,
17 and I have taken every sort of
18 transportation, whether it's a
19 paratransit, whether it's a public
20 regular fixed route buses in different
21 towns, cities, outside of county, across
22 the states, across the country. And as a
23 person with the disability safety,
24 accessibility is paramount. We all know
25 that often the issue is that, well, how

1
2 the transportation is going to handle
3 your request. You know, what kind of
4 safety do they have, how accessible it is
5 for you. I have a guide dog, for
6 instance. I want to make sure the bus,
7 the taxi, whatever I take can accommodate
8 my dog. So there's a lot that goes into
9 that. NICE bus has shown that it has not
10 only done a terrific job of handling such
11 situations, but continue to innovate and
12 improve on that.

13 I recall reminiscing several years
14 back, this is before NICE, the bus I
15 took, I used to joke around that that
16 bus, so to speak, is a truck that has a
17 hood on it, because I will literally have
18 a bumpy ride, my dog would slide on the
19 floor and when it rained, I literally had
20 to take umbrella inside the bus. When the
21 NICE took over, it changed.

22 Today if you take -- I often joke
23 that you know today the NICE system, the
24 bus system that we have, the paratransit
25 we have, it's the limousine version of a

1
2 paratransit. That how it has gotten
3 today. And this is because we have
4 innovative management who put their ideas
5 to practice in practical terms that works
6 for all, and they do it within the budget
7 they are given.

8 As a board member, as president of
9 the board that I have been part of since
10 2014, appointed by the County Executive,
11 I have seen dramatic changes. And I have
12 said that I wouldn't have stayed with a
13 board, I wouldn't have stayed with the
14 Committee had not been for terrific,
15 outstanding and rational steps that the
16 NICE bus has taken.

17 So at the end of the day, it
18 matters; safety, accessibility,
19 innovation and most importantly, knowing
20 your passengers, the public that utilizes
21 those services.

22 It is the view of my board members
23 that NICE should continue to handle our
24 transportation, the public
25 transportation. And this is not just

1
2 referring to the paratransit. You will
3 see that the fixed route buses, the way a
4 driver approaches you. When I'm waiting
5 for public transportation, the fixed
6 route bus, that is, the driver
7 understands he is well trained how to
8 approach a guy who has a guide dog, a
9 lady who has a guide dog, or someone who
10 is using a white cane, that is that the
11 cane used by blind people. There's a
12 different way to approach it. And that
13 could not have been possible, had not
14 been for the training and for the
15 policies and procedures that were put in
16 by NICE.

17 I could go on and on. And I love to
18 talk about in detail. Because I have seen
19 days when I literally waited for three
20 hours, four hours for my transportation,
21 and eventually I had to take taxi
22 service. Now, you know that in my case, I
23 have that option. Many other people
24 don't. There are people with disabilities
25 who could not take public transportation.

1
2 They cannot take taxi. They cannot take
3 any other mode of transportation other
4 than relying on paratransit or perhaps
5 the public fixed route bus.

6 So, you know, seeing that and
7 experiencing what I have seen, the
8 positive changes that NICE brought to us
9 to the County -- we pay \$2.90 for NICE
10 bus and four bucks now for Able-Ride. I
11 told them I'm willing to pay five bucks
12 for that. I'm willing to pay \$4 for fixed
13 route buses because the way it handles
14 the situation, including complaints. I
15 once had a driver that did not pull up to
16 the curb, and he apologized to me because
17 he realized and he told me that it's just
18 off the curb, and the management took
19 action on that. And also the driver
20 realizing his mistake, corrected right
21 then and there. You could not ask for
22 better services.

23 And of course, you know, there are
24 always something that has to be improved.
25 There's always something that has to be

1
2 fixed. But I would say that NICE Bus
3 definitely changed my way of looking at
4 the public transportation. I believe it
5 is one of the best services in the
6 nation, which is why we get the highest
7 rating. And I could say that on behalf of
8 my board members, the public. Anyone that
9 I have come across has pretty much have
10 said that, yes, there's always something
11 that has to be improved, but it's
12 definitely the best service that they
13 could ever experience and have
14 experienced in their life.

15 PRESIDING OFFICER NICOLELLO: Thank
16 you very much.

17 MR. DHOUNDIYAL: Thank you for your
18 time.

19 PRESIDING OFFICER NICOLELLO:
20 Appreciate that.

21 Barbara Mercer.

22 MS. MERCER: Thank you.

23 My name is Barbara Mercer and I work
24 for Children's Learning Center United
25 Cerebral Palsy of Nassau County, and I

1
2 would like to support NICE bus system. If
3 not for them, we would not have gotten to
4 the games for the physically challenged,
5 which we participated in this year.

6 In the past, we had to call a number
7 of bus companies to try and get
8 transportation. Five bus companies turned
9 us down and told us they were not
10 available, they could not provide us
11 transportation. Our students would not
12 get to compete. In contacting NICE Bus
13 Company, they immediately came to our
14 rescue. They provided transportation for
15 40 students who were able to be athletes
16 and achieve awards that day based on the
17 cooperation and accessibility that NICE
18 gave to us to compete in the games.

19 Aside from that, our adults in our
20 adult program who participate in the
21 Nassau County Town of Hempstead ANCHOR
22 program are able to go to ANCHOR. They
23 are able to go to the bowling programs,
24 the physical fitness programs, the plays,
25 for the exercise, for everything.

1
2 NICE is an integral part in the
3 lives of students and adults with
4 disabilities who do not have other
5 accessible forms of transportation to
6 participate and socialize in community
7 events. The service is impeccable and the
8 courteousness with which they serve our
9 clients, and understanding of the needs
10 of our clients is beyond reproach, and I
11 support fully the NICE program.

12 Thank you.

13 PRESIDING OFFICER NICOLELLO: Thank
14 you, Ms. Mercer.

15 Eric Alexander, Vision Long Island.

16 MR. ALEXANDER: Thank you, Presiding
17 Officer, Members of the Legislature. Eric
18 Alexander, Director of Vision Long
19 Island.

20 We are a long time supporter of bus
21 service in Nassau County back to the time
22 when the MTA ran it and Tom Suozzi was
23 cutting the service. So we were grumpy
24 with that County Executive going way
25 back, and then we were kind of grumpy

1
2 with the Mangano Administration when they
3 were talking about privatizing bus
4 service. In fact, outside of the steps,
5 we had a rally with maybe 80 folks
6 concerned about how the service would go
7 with a new company that nobody knew and
8 how is this going to work

9 I have to say, over time the
10 relationship got really strong. We saw
11 the service and we saw the investment and
12 we saw a great communication. Public
13 outreach -- try to talk to the MTA Long
14 Island Railroad right now. It's like, oh
15 my God. Talk about schedule confusion.
16 Jamaica, all kinds of other stuff. Like,
17 wow, that's a rough bureaucracy. This
18 bureaucracy is very accessible.

19 I certainly hear all the questions
20 that the legislators raised and have
21 raised on both sides over the years. And
22 the accountability is there, the
23 communication is there, the public
24 outreach is there. We've seen that time
25 and time again. We put a bus coalition

1
2 together to go to Albany to lobby for
3 more funds for the service. We're happy
4 to see that they're cooperative. You guys
5 are cooperative. Some of you guys have
6 gone on the bus with us to try to get
7 more money for the service and that's
8 critical.

9 So, overall, we know that this
10 group, NICE bus, sees the buses not just
11 as getting folks to A to B which you need
12 to do definitely, working folks and young
13 people and seniors and people getting to
14 their health appointments. But, you know,
15 the economic development piece is key and
16 really helps our downtowns, helps the
17 workers and our various chambers as well.
18 So they have really been a great partner.
19 We've seen it time and time again.

20 With that, they participate also --
21 the issue was raised about even ancillary
22 issues that are real: Walking, biking,
23 issues that relate to getting to the
24 stops. This group is accessible and open
25 to that and those kinds of conversations.

1
2 So with that, I'm just going to say,
3 you know, vote of support for continuing
4 on.

5 And before I go, I got to do a
6 little commercial. I'll see you guys,
7 many of you guys, at our December 1st
8 Smart Growth Summit, we're going to have
9 about 1000 people at that. And we'll talk
10 about transportation and infrastructure
11 and lots of land use issues too that
12 relate to the future of Nassau County.

13 Thank you guys for having this
14 hearing and carry on.

15 PRESIDING OFFICER NICOLELLO: Thank
16 you, Eric. Appreciate you being here.

17 Valerie Gaddist-Dorsey.

18 MS. GADDIST-DORSEY: Hi. Good
19 afternoon, everyone. My name is Valerie
20 Gaddist-Dorsey and I am a resident of
21 Elmont. I am also a frequent rider of the
22 N1 bus service.

23 I am here today to let N1 bus
24 service know that they are horrific. I am
25 one of the constituents that have been

1
2 standing outside for 40 minutes waiting
3 for N bus service to come. I have
4 complaints from September 27, 2021 up
5 until June of '23. The bus service for
6 Elmont is not good. There are many times
7 that I have to call friends who are
8 riding the same line in Valley Stream to
9 find out if the bus is coming, or if the
10 bus is late. Plenty of times I had to
11 walk back up to my house to get a car, to
12 get me to the 179th Street train station.
13 It is not good.

14 When you are standing outside in the
15 cold waiting for a bus, your bones start
16 to take over and you get sick. Okay. I
17 have made plenty of complaints with the
18 N1 bus service. Even, Mr. Khzouz, I have
19 called your office. Okay. Nothing has
20 changed. Okay. We are still communicating
21 the same way. No bus service is coming.
22 Okay.

23 And I am asking all legislators,
24 please, if you're going to renew this
25 contract, make sure you take a look at

1
2 the service lines that they are providing
3 to, because all of them are not great.

4 Thank you.

5 PRESIDING OFFICER NICOLELLO: Okay.
6 Thank you. Appreciate you being here.

7 Mr. Khzous, will you please let us
8 know with respect to specifically N1,
9 what issues there are going on with that
10 bus line?

11 LEGISLATOR SOLAGES: Yes. And can we
12 please provide a date by which you can
13 provide a report? Because I understand --
14 I believe what you said, but I also
15 believe what my constituent said. And
16 she's reached out to me multiple times. A
17 bus that's 40 minutes late, that's
18 unacceptable. And I've heard this
19 complaint from many constituents. Can you
20 please provide a plan of action in which
21 we can resolve this?

22 MR. KHZOUZ: Understood. And I will
23 certainly report back to everybody on our
24 our progression on how we solve issues
25 there. Obviously, we're failing here and

1
2 we need to find out exactly what the root
3 cause is.

4 LEGISLATOR SOLAGES: Perfect.

5 PRESIDING OFFICER NICOLELLO: Thank
6 you very much.

7 And before we go to our last
8 speaker, I just want to welcome DuWayne
9 Gregory, former Presiding Officer of the
10 Suffolk County counterpart. It's great to
11 have you here.

12 Last speaker is Jerry Kornbluth from
13 Nassau Community College.

14 MR. KORNBLUTH: Good afternoon,
15 Legislators. My name is Jerry Kornbluth.
16 I'm the Vice President of Community and
17 Governmental Relations at Nassau
18 Community College, and I am here
19 representing the College and the support
20 for NICE buses and Jack Khzouz. He and
21 NICE buses are a true partner for the
22 College. Our students at the college
23 depend greatly on public transportation
24 to get to the college. Basically,
25 they're part of our mainstream because

1
2 they provide success for our students,
3 because retention is very crucial for the
4 students. If they can't get to class,
5 then they can perform.

6 Our partnership has really gotten
7 better over the years, and Jack has been
8 absolutely fantastic. He attends our
9 community events at the College. We
10 provide about 5% of the ridership in
11 Nassau County. He provides for us, for
12 our students, a thousand Metro cards. For
13 all of his support, last year we gave him
14 an award at our gala from the Foundation
15 for all of the things, and his
16 sensitivity and humanistic behavior
17 towards our students. So we
18 wholeheartedly support this contract, and
19 we look forward to a long relationship
20 with Jack and the NICE buses.

21 Thank you.

22 PRESIDING OFFICER NICOLELLO: Thank
23 you very much, Jerry.

24 So that's the last slip I have. So
25 we will now close the hearing.

Motion to close the hearing.

LEGISLATOR FORD: So moved.

PRESIDING OFFICER NICOLELLO: Moved
by Legislator Ford, second to by Minority
Leader Abrahams.

All in favor of closing the hearing,
signify by saying, "Aye".

(Whereupon, all member of
the Full Legislature respond in
favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those
opposed?

(Whereupon, no verbal
response.)

PRESIDING OFFICER NICOLELLO:
Hearing is closed.

1
2 PRESIDING OFFICER NICOLELLO: We
3 will move on to a vote on the proposed
4 ordinance.

5 Item 2, an ordinance to authorize
6 the County Executive to execute an
7 agreement between the County and Transdev
8 Services Inc. for the management,
9 operation and maintenance of a Nassau
10 County bus system.

11 Motion by Legislator Ferretti,
12 seconded by Legislator Walker.

13 So that's before us. Any further
14 debate of the discussion by the
15 legislators?

16 (Whereupon, no verbal
17 response.)

18 PRESIDING OFFICER NICOLELLO:
19 Hearing none.

20 All in favor, signify by saying,
21 "Aye".

22 (Whereupon, all members of
23 the Full Legislature respond in
24 favor with, "Aye".)

25 PRESIDING OFFICER NICOLELLO: That's

everybody. That passes with a vote of
19-0.

1
2 PRESIDING OFFICER NICOLELLO: The
3 last item is Item 12, Resolution 193. A
4 resolution approving an amendment via
5 Memorandum of Understanding to the
6 Collective Bargaining Agreement between
7 the County and the Nassau County
8 Correction Officers Benevolent
9 Association.

10 LEGISLATOR WALKER: So moved.

11 PRESIDING OFFICER NICOLELLO: Motion
12 by Legislator Walker, seconded by
13 Legislator Pilip.

14 MR. PERSICH: Good afternoon, Andy
15 Persich, Office of Management and Budget.

16 The item before you is -- we only
17 have one more union left to close
18 collective bargaining with, it's the
19 IPBA.

20 The item before you is an MOU with
21 the Corrections Officers Benevolent
22 Association. I'll give you some brief
23 highlights of what's in the deal, and
24 I'll field any questions that you may
25 have.

1
2 It includes gross wages increases of
3 2%, 2%, 2.5%, 2.5%, 3% and 3% from
4 January 1, '18 to June 30, 2026;

5 It also gives 15 year corrections
6 officers members of \$3,700 stipend;

7 It includes contribution to health
8 insurance starting in '23 of 2.5%;

9 A new salary chart for any new hires
10 after full and final ratification;

11 It has some coverages issues at NUMC
12 that we've modified to have some savings
13 there;

14 It includes a health insurance
15 vesting of ten years;

16 Vacation and personal leave will be
17 reduced for new hires by one day in years
18 two and three;

19 There's a reduction in hours for
20 207-C examinations;

21 Overtime will be reduced from 24 to
22 16 hours for straight time to time and a
23 half;

24 It will also have the standard
25 healthcare coverage buyout of \$4,000 and

1
2 \$2,000 for families and individuals;

3 There's a surviving spouse retiree
4 health coverage in this agreement; and

5 There's a stipend for some
6 investigative units to help with
7 recruitment.

8 I'm here to field any questions. The
9 cost of the deal is approximately \$67
10 million over the life. It conforms to the
11 pattern and is built into the budget and
12 the Multiyear Plan.

13 PRESIDING OFFICER NICOLELLO: Okay.
14 Any questions for Andy? We've had
15 thorough briefings on both sides as well
16 as an evaluation by the Office of
17 Independent Budget Review. So we are well
18 versed in the contract.

19 MR. PERSICH: Yes, we were very
20 close and we worked very closely with the
21 Legislative Budget Review, and we're
22 within the same ballpark, I would say,
23 for the size of this deal.

24 PRESIDING OFFICER NICOLELLO: Any
25 questions?

1
2 LEGISLATOR DERIGGI-WHITTON: The
3 only concern I have is just that the
4 starting salary just seems to be a little
5 bit lower now, and I know it was voted on
6 by 82%, so I respect that. But I'm just
7 concerned because we're having such a
8 hard time finding correction officers, if
9 we looked at that.

10 MR. PERSICH: There's still a career
11 path I think that's still good and
12 viable. It's challenging in the
13 employment marketplace at this point in
14 time across the board from what I'm
15 hearing. So we'll monitor it. We'll see
16 if we have problems recruiting. I know
17 we're getting ready to put another class
18 in very soon. We have 25 candidates. So
19 if and when we pull the trigger on that,
20 we'll see. And in the next class we'll
21 see and we'll monitor it. We are
22 cognizant of it, but we will keep our
23 eyes close to it.

24 PRESIDING OFFICER NICOLELLO: Any
25 other questions?

PRESIDING OFFICER NICOLELLO: Thank

MR. PERSICH: Thank you.

PRESIDING OFFICER NICOLELLO: I will
call for a vote.

All in favor, signify by saying,
"Aye".

(Whereupon, all members of
the Full Legislature respond in
favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those
opposed?

(Whereupon, no verbal
response.)

PRESIDING OFFICER NICOLELLO:
Carries unanimously.

President Brian Sullivan is here.
Congratulations on achieving this
agreement, CBA.

And also, I want to just say
congratulations to you. I know you're
retiring in the middle of December. You

1
2 have been as strong an advocate on behalf
3 of your members as there could possibly
4 be. You've been here more times than we
5 care to remember, with every issue
6 possible, with binders and everything
7 else. You did your job excellently. And
8 because of you, we were aware of every
9 one of those issues and we have been on
10 top of them.

11 MR. SULLIVAN: Thank you very much,
12 Legislator Nicolello. I just wanted to
13 say a quick thank you to everybody on the
14 panel. Thank you for voting yes for this
15 contract; it was a long time coming, yes.

16 And thank you very much for the
17 shout out, I appreciate it. It's been a
18 long, long road and I'm sure you're all
19 sick of looking at me. And I'll be
20 watching in January from Naples. So when
21 it's nice and cold, enjoy. But I will be
22 snow birding in case I have to come back.

23 LEGISLATOR FORD: But Brian, I think
24 you should wait and retire with Rich,
25 myself, Kevan and Laura. We could do it

1
2 all in one felt swoop.

3 MR. SULLIVAN: What's it worth to
4 everybody for me to stay till the end of
5 the year? What do you think, Andy?
6 (Laughter).

7 Thank you very much, everybody.

8 PRESIDING OFFICER NICOLELLO: Thanks,
9 Brian.

10 LEGISLATOR ABRAHAMS: Presiding
11 Officer, the vote on COBA was 19-0, or
12 was it 18-0. Legislator Solages was just
13 back talking to some constituents. We
14 just want to make sure that his vote was
15 recorded.

16 PRESIDING OFFICER NICOLELLO: It
17 should be recorded as 19-0.

18 LEGISLATOR SOLAGES: I supported it.

19 LEGISLATOR ABRAHAMS: He supported
20 it. Just want to make sure it wasn't
21 recorded as 18-0 and he missed the vote.

22 (Whereupon, clarification
23 with Clerk's Desk.)

24 PRESIDING OFFICER NICOLELLO: Okay.
25 It's 19-0.

1
2 LEGISLATOR ABRAHAMS: Got it. Thank
3 you, Rich.

4 PRESIDING OFFICER NICOLELLO: All
5 right. That concludes the business.

6 Motion to adjourn. Moved by
7 Legislator Ferretti, seconded by
8 Legislator Drucker.

9 All in favor of adjourning?

10 (Whereupon, all members of
11 the Full Legislature respond in
12 favor with, "Aye".)

13 PRESIDING OFFICER NICOLELLO: Those
14 opposed?

15 (Whereupon, no verbal
16 response.)

17 PRESIDING OFFICER NICOLELLO: We are
18 adjourned.

19
20 (Whereupon, Full Legislature is
21 adjourned, 2:42 p.m.)
