23 proposed ordinance clerk item. A hearing on a

25 ordinance to adopt the Nassau County budget

1 Full Leg -10-30-17
2 for the 12 month 2018 fiscal year, beginning
3 January 1, 2018 and ending December 31, 2018;
4 to appropriate revenues and the total of
5 monies to be raised by taxation within the
6 towns and cities of the County of Nassau for
7 county, county fire prevention, safety,
8 communication and educational funds; county
9 police headquarters, county police districts,
10 county debt service, county sewer and storm
11 water resources districts, county Sewer and
12 Storm Water Finance Authority fund, county
13 environmental bond fund and County New York
14 State property tax refund purposes for the
15 aforementioned mentioned 2018 fiscal year
16 pursuant to the provisions of the County
17 Government Law of Nassau County, the Nassau
18 County Administrative Code, the Real Property

20 Law, the Local Finance Law and the General

22 LEGISLATOR GONSALVES: Motion by
23 Deputy Presiding Officer Nicoletto to open the
24 hearing and seconded by the Alternate Deputy
25 Presiding Officer Howard Kopel. All those in

1 Full Leg -10-30-17
2 favor of opening the hearing signify by saying
3 aye. Any opposed? The hearing is now open.
4 Before we go, I would like for the record that
5 Legislator MacKenzie has joined.

6 MR. PULITZER: Yes ma'am. Will
7 do.

8 LEGISLATOR GONSALVES: It is
9 customary at this point in time to give the
10 opportunity to those who are here from the
11 public to comment in regard to the hearing. I
12 will begin with Alec Slatky.

13 MR. SLATKY: Good afternoon
14 everyone. My name is Alex Slatky. I'm here
15 from Triple A Northeast, and I'm here to thank
16 everyone because last week or two weeks ago or
17 a few times I stood up here and said that I
18 hope the legislature unanimously rejects the
19 increase in the public safety fee which was
20 revealed last week went from 55 up to 120.
21 And it appears, based on media reports, that
22 both parties have submitted amendments that do
23 not include that public safety fee. So we are
24 very happy to hear that. We want to thank all
25 the legislators for that.

1 Full Leg -10-30-17

2 But we do want to make sure that in
3 any potential skirmishes let's say that might
4 occur with NIFA after today and going forward
5 over the next couple of weeks that those fees
6 continue to remain absent from any budget.
7 Because we view it as certainly bad policy,
8 potentially an unlawful policy, and we hope
9 that the legislature holds steadfast to the
10 opinion that it expressed today, which is that
11 this fee is uncalled for and simply bad
12 policy.

13 Thanks for giving me the
14 opportunity to comment.

15 LEGISLATOR GONSALVES: Thank you
16 Alec. Randy Kaplan.

17 MR. KAPLAN: Good afternoon
18 everybody. I'm Randy Kaplan, the director of
19 government affairs for the Long Island Board
20 of Realtors. I too just want to thank
21 everybody on behalf of all the realtors. You
22 all listened. You all heard us. You
23 understand very well how important it is to
24 keep these fees out. So we want to convey our
25 thanks to each and everyone of you up there

1 Full Leg -10-30-17

2 for recognizing that.

3 As my peer with Triple A said,
4 Alec, if you could please just stand tall if
5 NIFA does come back and rejects the budget and
6 says we need to get those fees in we would be
7 very honored if you would stand tall on that.
8 And once again thank you so much. I just want
9 to let you know we're joined today by a few of
10 our folks from LIBOR as well and it's a
11 pleasure working with each and everyone of you
12 and thank you.

13 LEGISLATOR GONSALVES: You're
14 welcome Randy.

15 Michael Armstrong.

16 MR. ARMSTRONG: Good afternoon.
17 Thank you very much for having me. I'm Mike
18 Armstrong, I am director of field operations
19 Reclaim New York Initiative, a 501(c)(4) that
20 across the state seeks to make New York a more
21 affordable place and make New York's
22 government more transparent. Thank you for
23 giving me the opportunity to speak.

24 We are here to send a basic message
25 to the legislature that many of you already

1 Full Leg -10-30-17
2 know, that illegal fees are theft and that
3 Nassau County cannot steal from its
4 residents. Now, we are delighted to hear that
5 both parties have put forth proposals that
6 would strip the \$59 million in increases in
7 fees. That is a promising first step. So we
8 are here to encourage you two things.

9 If NIFA rejects this budget that
10 when you come back and convene that you hold
11 strong and keep those \$59 million out of the
12 fee increases.

13 But the second is to tell you this,
14 that that \$59 million fee increase is not the
15 end of this. In fact, in just the clerk's
16 office, the Assessment Department and the
17 Traffic and Parking Violations Agency there
18 are still \$100 million in illegal fees. Not
19 fees but illegal fees. That is something that
20 the county is going to need to address in next
21 year's budget and going forward.

22 Some of you may have seen the news
23 in Suffolk County where Suffolk County was
24 just sued over illegal fees by the Government
25 Justice Center. That is something that could

1 Full Leg -10-30-17
2 come here to Nassau County as well. So we
3 encourage you to start this practice today by
4 rejecting the \$59 million fee increase and
5 next year looking to fix the budget by
6 stripping out all illegal fees entirely.
7 Thank you very much.

8 LEGISLATOR GONSALVES: I don't
9 have any other slips but is there any other
10 individual who would like to comment at this
11 particular time at the hearing from the
12 public? There being none, then I will move on
13 to any comments or questions from the
14 legislators. There being none, no questions
15 from the legislators?

16 LEGISLATOR ABRAHAMS: Madam
17 Presiding Officer if I may. We have a
18 statement but I was going to present it at the
19 time when we actually proposed our amendments.

20 LEGISLATOR GONSALVES: That's
21 fine.

22 There being no other comments from
23 the legislators, a motion to close the
24 hearing. Moved by Legislator Schaefer.
25 Seconded by Legislator Walker. All those in

1 Full Leg -10-30-17
2 favor of closing the hearing signify by saying
3 aye. Any opposed? The hearing is now
4 closed.

5 The next item, which is not in
6 order on our calendar, is item four
7 legislative budget, clerk item 354. And
8 Mr. Pulitzer you can read the item.

9 MR. PULITZER: Thank you madam.
10 An ordinance to adopt the budget
11 for the county legislature for the County of
12 Nassau for the 12 month 2018 fiscal year
13 beginning January 1, 2018 and ending December
14 31, 2018; and to appropriate revenues for said
15 budget pursuant to the provisions of the
16 County Government Law of Nassau County, the
17 Nassau County Administrative Code, the Real
18 Property Tax Law, the County Law, the Local
19 Finance Law, the General Municipal Law of the
20 State of New York and Chapter 14 of the laws
21 of 1995, 354-17.

22 LEGISLATOR GONSALVES: Thank you
23 very much. Moved by Deputy Presiding Officer
24 Richard Nicoletto and seconded by Legislator
25 Muscarella. Now.

1 Full Leg -10-30-17

2 LEGISLATOR ABRAHAMS: We have as
3 part of our amendment package, some of our
4 amendments include potential changes to the
5 legislative budget as it pertains to the
6 legislative majority and minority, clerk's
7 office and Budget Review. However, we view
8 our amendments in their entirety. Those
9 amendments were part of an elected official
10 reduction, which included the county
11 executive's office. We would rather prefer to
12 know if there is willingness on our amendments
13 as it pertains to the legislative budget and
14 the county executive reductions before we take
15 up the measure of seeing where we are in the
16 legislative budget right now. If that's
17 understood.

18 LEGISLATOR GONSALVES: I believe
19 though you had amendments pertaining to this
20 item?

21 LEGISLATOR ABRAHAMS: We do but
22 our amendments cannot be viewed as isolated.
23 Our amendments include reductions to other
24 elected officials offices as well. Being that
25 those reductions are not being up for

1 Full Leg -10-30-17
2 consideration at this particular second in
3 regards to the amendments, we feel it's a
4 little bit putting the cart before the horse
5 because ultimately we would like to see the
6 reductions across the board. If there's no
7 willingness to do the reductions across the
8 board then we kind of know where we stand as
9 it pertains to our amendments in regard to the
10 legislative budget.

11 LEGISLATOR GONSALVES: I will
12 certainly consider your request and therefore
13 I'm going to -- it's been requested that I
14 call item 351-17, an ordinance to adopt the
15 Nassau County budget for the 2018 fiscal
16 year. And it's moved by Deputy Presiding
17 Officer Nicoletto. Second by Alternate
18 Officer Howard Kopel. So the item is now
19 before us. This is item 351.

20 But before I would like to comment
21 on the fact that we have heard from the Office
22 of Management and Budget, the police
23 department and various other county
24 departments and personnel and we will now
25 consider amendments offered both by the

1 Full Leg -10-30-17
2 Democrat and Republican caucuses. As is
3 customary, I will now offer the floor to the
4 Democrats to propose their amendments.
5 Legislator Abrahams do you have?

6 LEGISLATOR ABRAHAMS: Thank you
7 Madam Presiding Officer. Before I make the
8 motion obviously to put our amendments
9 forward, I just wanted to explain them in
10 their entirety. Obviously one of the big
11 thrusts of our amendments is removing the
12 fees. There's \$50 million in fees of which
13 \$35 million is tied to public safety. The
14 public safety fee. \$12 million towards the
15 clerk. Another \$12 million towards
16 assessment.

17 Also within our budget amendments
18 we include the enhancement of an independent
19 inspector general. As we all well know, in
20 Nassau County as well as abroad in other
21 municipalities, we've seen a heightened level
22 of public corruption, an independent inspector
23 general to revamp our procurement process,
24 revamp our system, that amount will be 1.25
25 million.

1 Full Leg -10-30-17

2 To fund our amendments we would
3 utilize bond premiums to cover \$35 million in
4 the public safety fee.

5 We also believe that -- our next
6 amendments would be a 50 percent reduction in
7 printing and graphics. I think we have seen
8 for some time now the blatant abuse of how
9 printing for postcards and mailers in many
10 cases become self-glorification for elected
11 officials. I think our taxpayers are tired of
12 seeing mailers come to their homes that cost
13 the county hundreds of thousands of dollars.
14 We believe that we can put this forward as an
15 amendment which will save the county \$875,000
16 in the legislative portion of the budget.

17 Then we would also be looking to
18 make another reduction to the, other than
19 personal services, for outside counsel
20 contracts. The Rules Committee sees on I
21 guess every other week we see through our
22 Rules Committee, sometimes more frequent, we
23 see Rules contracts that we believe this work
24 could be done in-house. We have been saying
25 this for quite some time. Outside counsel

1 Full Leg -10-30-17
2 contracts could save this county \$15.7
3 million.

4 And then obviously there are other
5 amendments that we are looking to do as well.
6 Reductions among elected officials, in the
7 county executive's office, as well as the
8 legislative office. We believe by trying to
9 lead by example that if we are going to ask
10 for other elected officials to make cuts in
11 their budget while the county is doing some
12 belt tightening we can very well do it in our
13 own budget. We believe that we can see a cut
14 of \$150,000 among the legislative staff which
15 spreads it out throughout the entire
16 legislature. But then also there would be a
17 cut to the county executive as well.

18 Last two things, we would like one
19 of our amendments includes use of the NIFA
20 consultant initiatives, which is \$2.2 million
21 expense decrease. And then we believe also
22 tied to what Commissioner Ryder has talked
23 about in regards to potentially reducing
24 greater opportunities in overtime. We believe
25 we can save \$5 million by decreasing that

1 Full Leg -10-30-17

2 expense because of the enhancements that he
3 will continue to try to do.

4 That being said, I would like to
5 put a motion forward to have our amendments be
6 considered.

7 LEGISLATOR DERIGGI-WHITTON: I
8 will second it.

9 LEGISLATOR GONSALVES: Moved by
10 Minority Leader. Second by Legislator
11 DeRiggi-Whitton. Any comments from the
12 legislators? Any public comment? There being
13 none, all those in favor of the items that
14 Kevan has put forth signify by saying aye.
15 Any opposed? The items fail.

16 Now we're going to move on to the
17 item that I called previously, which was the
18 legislative budget, and I think they were
19 incorporated, the amendments were incorporated
20 in the minority's amendments. And so at this
21 point in time I'm going to ask for a vote on
22 item I believe it was four, correct? I
23 believe it was item four. And all those in
24 favor of item four, which is the legislative
25 budget, signify by -- my apologies. I was

1 Full Leg -10-30-17
2 trying to jump the gun a little bit. We're
3 going back to the county budget.

4 Moving on, Legislator Muscarella
5 made the motion to put forth the Republican
6 amendments and seconded by Legislator Kopel.
7 Now the amendments before us, to make it
8 clear, will eliminate proposed fee increases
9 and replace these fee increases with \$60
10 million in alternative revenue opportunities
11 and expense reductions to fully fund the 2018
12 budget.

13 A major difference between this
14 budget and prior budgets is that NIFA has once
15 again changed the rules for 2018 and has
16 created an artificial accounting standard for
17 Nassau County that is different than any other
18 that existed in previous administrations,
19 democratic administrations, and when the
20 democratic majority existed. And this is a
21 departure from GAAP, the Generally Accepted
22 Accounting Principals.

23 Nassau County, unlike other
24 municipalities in the state, including the
25 state itself, cannot recognize bond premiums

1 Full Leg -10-30-17
2 as revenue. This revenue allowed by other
3 municipalities and New York State.
4 Furthermore, it has been allowed by NIFA in
5 past budgets to fund litigation expenses,
6 including the 2017 budget wherein \$55 million
7 was used to pay for suits and damages.

8 The Republican majority does not
9 support this abrupt rule change and apparently
10 neither does the Democratic minority.
11 Applying bond premiums to suits and damages
12 and tax certiorari is a prudent use of this
13 money as many of these liabilities span
14 multiple budget years that are not specific to
15 2018.

16 Additionally, two major initiatives
17 to address tax certiorari liabilities, the
18 Disputed Assessment Fund, DAF, and Income
19 Expense Law passed by both Republicans and
20 Democrats in this legislature must be given
21 time to take effect. These laws, if
22 successful, will be transformative in their
23 effect and will help to slash tax certiorari
24 debt, minimize commercial assessment errors
25 and save taxpayers money. By changing its

1 Full Leg -10-30-17
2 rule on bond premiums and denying us this
3 GAAP-accepted revenue NIFA has created a
4 massive budget hole that the administration
5 has tried to plug with \$60 million in fee
6 revenue. OMM has rejected this approach while
7 using conservative projections and time tested
8 alternatives. The amendments before us
9 utilize a combination of cuts, revenue and
10 savings from the following initiatives.

11 An opportunity exists to
12 restructure county debt for savings of
13 approximately \$8 million in 2018 and over \$30
14 million throughout the life of the debt.

15 Sales tax. Our robust economy
16 justifies an increase in our expected growth
17 in sales tax from two percent as proposed to
18 two and a half percent. Governor Cuomo
19 estimates, listen to this one, New York State
20 sales tax will grow five percent, and all
21 economic indicators are positive going into
22 2018. Based on this information this increase
23 is more than justified.

24 Police overtime. As we have heard
25 from Commissioner Ryder, additional police

1 Full Leg -10-30-17
2 hires over 2017 and into 2018 combined with
3 more aggressive management allow for a \$5
4 million cut to police overtime.

5 Traffic and Parking Violations
6 revenues remain above budget for 2017
7 justifying a higher estimate of \$3.5 million
8 for 2018.

9 Police department summonses and
10 activity has increased allowing for at least a
11 million dollar budget credit. It is likely
12 this number is very conservative.

13 County clerk's fees continue to
14 overperform in 2017 and a strong economic
15 outlook for 2018 justifies an increase of \$4
16 million.

17 Budget recovery. Every year Nassau
18 County recovers amounts unspent from prior
19 year's budgets on average in the amount of \$22
20 million. OMM is recognizing additional \$10
21 million for a total of \$15 million recovered
22 in 2018. Conservatively estimated well below
23 the average recovery.

24 Turnover attrition. Managed
25 backfill. Labor turnover. Hiring at lower

1 Full Leg -10-30-17
2 salaries and structuring the backfilling of
3 employees is estimated to save an additional
4 \$8 million above budget. NIFA's consultant
5 flagged this as a management opportunity.

6 Fund balance. Nassau County is
7 currently overreserved at 5.1 percent. And
8 both the comptroller and budget office
9 estimate a year-end cash surplus. This
10 amendment utilizes \$9.5 million in fund
11 balance to be replenished in whole or in part
12 by our expected cash surplus for 2017.

13 NIFA cost initiatives. NIFA has
14 identified multiple initiatives that will save
15 \$6.5 million including issuing paperless
16 checks, the employment of an energy
17 consultant, fuel savings, reduction in
18 personnel and consolidation of IT and dispatch
19 functions. The total of these initiatives
20 amount to \$60 million. Many of these
21 initiatives are going to require the
22 aggressive management of the next
23 administration to be successful. The fact is
24 many of them are not necessary and represent
25 opportunities for the benefit of the county

1 Full Leg -10-30-17
2 residents if NIFA allows us to utilize bond
3 premiums as it has in previous years.

4 Accordingly, we have included as a
5 contingency \$30 million, as a contingency \$30
6 million in bond premium revenue to be used if
7 NIFA rejects any of the items I have just
8 detailed. This revenue is likely to be
9 available given the country's current low
10 interest rate environment.

11 As for the Republican members, do I
12 have any comments from the legislators? Any
13 public comment?

14 LEGISLATOR ABRAHAMS: Madam
15 Presiding Officer?

16 LEGISLATOR GONSALVES: Yes
17 Minority Leader.

18 LEGISLATOR ABRAHAMS: I do want
19 to offer an opportunity. Obviously, as you
20 will know, we are in agreement of removing the
21 fees in regards to the legal nature of them.
22 Also from the standpoint of the testimony that
23 we heard as it doesn't pertain to actual --
24 the budgets of those offices that those
25 revenues do not go towards the budget or

1 Full Leg -10-30-17

2 administering or enhancing services.

3 The one part that we do not have
4 agreement on, there are several parts, but the
5 one part we do not have agreement on that we
6 do not hear in your budget amendments is
7 amending your budget to include an independent
8 inspector general. If there is willingness on
9 your side, there could be agreement for the
10 budget amendments moving forward. And we
11 believe that we can pay for the inspector
12 general, independent inspector general, using
13 the three contingency initiatives already
14 included in your amendments. If there is a
15 willingness to do that and work towards
16 rooting out corruption in this county then we
17 are more than prepared to review as well as
18 support your amendments. So I would like to
19 make a motion to amend the majority
20 legislative budget to include the independent
21 inspector general.

22 LEGISLATOR GONSALVES: I don't
23 believe it's in order at this particular time
24 because we have not voted on the Republican
25 amendments.

1 Full Leg -10-30-17

2 LEGISLATOR ABRAHAMS: That's what
3 I'm saying. I'm making a motion to amend
4 before you vote. That's the point of it.
5 Before your amendment passes you have to make
6 the motion. We do that all the time. Once
7 it's voted on it's voted on.

8 LEGISLATOR GONSALVES: I think
9 there is a time period here of seven days.
10 Therefore the proposal is out of order.

11 LEGISLATOR ABRAHAMS: Madam
12 Presiding Officer, just to make sure we're
13 clear, our amendments, as were yours, were
14 filed seven days prior to the legislative
15 calendar of where we are today. So our
16 amendments have been vetted. There's nothing
17 in disguise. The public has had an
18 opportunity to see our amendments. They have
19 had an opportunity to question our
20 amendments. I'm not changing our amendment.
21 What I'm requesting is that you include one
22 portion of our amendment so that it's included
23 in the majority's amendment. I believe we
24 have a motion on the floor so at least let's
25 take a vote.

1 Full Leg -10-30-17

2 LEGISLATOR DERIGGI-WHITTON: I
3 will second it.

4 LEGISLATOR GONSALVES: Now you
5 have to remember that the minority amendments
6 failed. It's still out of order.

7 LEGISLATOR ABRAHAMS: Our
8 amendments failed because the majority is not
9 willing to support an independent inspector
10 general? There are many components about our
11 amendments. But there is agreement, at least
12 on the fees being reduced, being removed in
13 the budget. Is it because the independent
14 inspector general why you voted against our
15 amendments or was it because of something
16 else? This is one item. We listed out a
17 whole slew of amendments that included
18 printing and graphics, included cuts to
19 elected officials' office. It had the
20 reduction of outside counsel for the county
21 attorney's office. I'm not too sure. You
22 guys really didn't say which part of our
23 amendments you had a problem with. You just
24 voted no.

25 If the problem is an independent

1 Full Leg -10-30-17
2 inspector general then I think the public
3 deserves a response to that. But from our
4 standpoint, we are willing to concede you're
5 not going to support our other amendments as
6 it pertains to other things such as OTPS and
7 the county attorney's budget. So, we're
8 willing to support your amendments if there's
9 agreement that you are willing to pay for an
10 independent inspector general using your
11 contingency initiatives which are already
12 included in your budget.

13 LEGISLATOR NICOLELLO: Obviously
14 it's been discussed over and over again that
15 we have a difference of opinion in terms of
16 the nature of the office. We believe that the
17 Commissioner of Investigations fulfills the
18 functions. The issue obviously with
19 increasing the budget for that office is you
20 have to obtain revenues to cover that. And
21 ultimately I think we felt that your
22 amendments in many ways were too speculative.

23 After having said that, I want to
24 note for the record that there is a tremendous
25 amount of common ground between what they

1 Full Leg -10-30-17
2 proposed and what we're proposing. Both sets
3 of amendments eliminate the fees as has been
4 pointed out. Both sets of amendments use bond
5 premiums in the 2018 budget as every other
6 municipality in the state is able to do. Both
7 sets of amendments incorporate some NIFA
8 suggested initiatives while rejecting the more
9 ridiculous ones. Both sets of amendments
10 reduce the overtime expenses in consideration
11 of the testimony of the commissioner.

12 So there is broad sense of
13 agreement. We have some disagreements. But I
14 think the overall message here to NIFA is that
15 with respect to these broad areas, and they
16 cover most of what we are trying to do, there
17 is unanimous agreement among 18 elected
18 officials who represent both sides of the
19 aisle who represent this entire county.

20 So when NIFA, which is an unelected
21 bureaucracy, who according to the rules that
22 existed for most of these years should have
23 ended its control period, when they look at
24 what we're trying to do today or what we were
25 doing, I ask them to have respect for the

1 Full Leg -10-30-17
2 elected officials of Nassau County. And I ask
3 them to understand that these elected
4 officials representing the entire county are
5 telling them that we want to go in the
6 direction that we are putting forth today.
7 That all of our amendments are properly
8 sourced. This is a conservative budget, a
9 manageable budget. That's the message to
10 NIFA. Which is A, your control period should
11 be over. And B, have some respect for the
12 people of Nassau County.

13 Getting back to your point. Look,
14 we have disagreement over inspector general or
15 a commissioner of investigations that's been
16 going on over a year, and if we can identify
17 additional funds to support the Commissioner
18 of Investigations we certainly would be
19 interested in doing that.

20 One last point to make. I know
21 it's not in our amendments but it's our
22 intention to do later on, which is to increase
23 the funding for Legal Aid which was something
24 in your amendments. We unfortunately missed
25 that but we will be supporting that before the

1 Full Leg -10-30-17

2 end of this year.

3 LEGISLATOR ABRAHAMS: Is that
4 something that you can support now?

5 LEGISLATOR NICOLELLO: I don't
6 know if we can because of the way --

7 LEGISLATOR ABRAHAMS: We can do
8 it by emergency.

9 LEGISLATOR NICOLELLO: You have
10 our commitment on that. That increase to
11 Legal Aid is something that will be done
12 before the end of 2017.

13 LEGISLATOR ABRAHAMS: I
14 understand that and I appreciate you making it
15 on the record that you are committed toward
16 the Legal Aid.

17 From our standpoint, in regard to
18 the independent inspector general it's not
19 just the funding of the office. That's what
20 we're doing today in funding the office to the
21 tune of \$1.25 million. It's also tied to the
22 fact that this office, in our belief, will
23 potentially root out waste, fraud and abuse as
24 it pertains to many offices which we can't
25 quantify that number. The only number we can

1 Full Leg -10-30-17
2 quantify is the potential of the Abtech
3 contract where it could have cost the county
4 upwards of \$12 million. If we had someone
5 that was actually focused on making this their
6 focus of rooting out wasteful spending in the
7 procurement program it could save this county
8 even more.

9 We are looking at this in a
10 vacuum. This should be something that could
11 save the county more so we are able to do
12 things like the Legal Aid Society as well as
13 other things as well. It just seems like that
14 seems to be the issue in regards to -- if it's
15 not the issue then why can't we incorporate it
16 today? It makes perfect sense to incorporate
17 it today. We are enhancing the Office of the
18 Commissioner of Investigations. This is going
19 to be a better office. It's going to have
20 more investigators, more staff, going to be
21 able to deal with the issues at hand. Other
22 municipalities are pushing for these
23 initiatives. They're pushing for these types
24 of policies. Your colleagues in the Town of
25 Hempstead, Oyster Bay are all pushing for

1 Full Leg -10-30-17
2 these things. It just seems like there is an
3 unwillingness to do it here. Especially when
4 there's 95 percent agreement on the rest of
5 the amendments and how we fund them.

6 But I can't believe we are going to
7 continue to put our heads in the sand and not
8 do anything. When we have an opportunity to
9 do so in this budget document we are not going
10 to do anything.

11 Quite frankly, the Commissioner of
12 Investigations it's my understanding she is no
13 longer here. So right now this office is not
14 functioning with anyone there. Don't know
15 when that person will be hired. I doubt that
16 person will be hired before the end of this
17 term. But quite frankly, I really believe
18 this is a perfect opportunity before the next
19 person comes in under the next county
20 executive to give them clear guidelines of
21 what this legislative body is expecting from
22 an independent inspector general or
23 commissioner of investigations or whatever you
24 want to call it. It is a perfect opportunity
25 to clearly delineate what we expect with the

1 Full Leg -10-30-17
2 proper staff and the proper instruction for
3 that office.

4 This is our opportunity folks. If
5 we don't seize it now then we are culpable of
6 going down the same path as we went before.
7 It's our opportunity with a new county
8 executive coming it is a perfect opportunity
9 for this legislative body to speak up and
10 state exactly they stand. Which we believe is
11 an office that is funded to the tune of \$1.25
12 million which would drastically be an
13 improvement on where we are now.

14 LEGISLATOR GONSALVES: Legislator
15 Rhoads.

16 LEGISLATOR RHOADS: Thank you
17 Madam Presiding Officer. I think I understand
18 the sentiment but I think it's unfair to
19 suggest that we have done nothing to address
20 what I think we all want, which is openness
21 and transparency in government. Over the
22 course of the last year and a half we passed a
23 series of reforms requiring new lobbyist
24 disclosure forms, reforming our contracting
25 procurement process, to require vendor

1 Full Leg -10-30-17
2 disclosures, campaign contribution
3 disclosures. We have actually lowered the
4 threshold of Rules Committee review from
5 \$25,000 to \$1,000 for contracts. We've
6 strengthened the Board of Ethics. We have
7 strengthened the Office of the Commissioner of
8 Investigations. We've hired a director of
9 procurement compliance.

10 I think we are all supportive of
11 openness and transparency in government but I
12 think our disagreement with respect to the
13 inspector general proposal, and again, I don't
14 want to engage in a semantics argument, we
15 think that the combination of the Board of
16 Ethics and Commissioner of Investigation are
17 able to perform the functions that the
18 inspector general would perform under the
19 Democrats proposals.

20 But I think the question becomes
21 what's the function? What's the oversight?
22 Who has control? Our concern with respect to
23 the notion of an independent inspector general
24 is simply one of you have oversight powers
25 that are invested in the county comptroller,

1 Full Leg -10-30-17
2 that are invested in the district attorney,
3 that are invested in the county legislature.
4 They are invested in elected officials because
5 the elected officials are directly accountable
6 to the people. When you take those roles and
7 responsibilities and put them in an office
8 defined as independent when really that term
9 is unaccountable, that becomes problematic on
10 constitutional grounds. You can't take powers
11 that are invested in elected officials and
12 turn them over to someone who is unelected
13 whom elected officials don't have the ability
14 to review even when there is misconduct on
15 their part.

16 I think we have not really a
17 budgetary agreement. I think we simply have a
18 disagreement with respect to the roles of the
19 office investing ultimate responsibility in
20 the people that the state government bests
21 that ultimate responsibility in which is our
22 elected officials. We should be doing our
23 job.

24 So, I think we have an honest
25 policy disagreement, not really a budgetary

1 Full Leg -10-30-17
2 disagreement. I don't know that this is the
3 proper forum even really to talk about it.
4 But thank you Madam Presiding Officer.

5 LEGISLATOR GONSALVES: Hold on.
6 I have Legislator Kopel.

7 LEGISLATOR KOPEL: And I just
8 want to build just a little bit on what
9 Legislator Rhoads just so eloquently pointed
10 out. I think that we don't have much of a
11 disagreement as to what we all want. We all
12 want ethics. We all want oversight. We all
13 want honesty. We all want transparency.
14 There's nobody here that wants things to be
15 anything else.

16 The question really becomes taking
17 somebody who is independent, you give somebody
18 a contract. That person then literally has no
19 one to whom he or she has to report. They do
20 what they want. They run amok. You've got
21 change of administration, you've got change of
22 the legislature. You don't know what's going
23 to happen there.

24 Now, if you look at the functions
25 of the Commissioner of Investigations as it is

1 Full Leg -10-30-17
2 now the functions are not all that different.
3 The functions are essentially similar.
4 Further, we have a responsibility, and I think
5 we need to very carefully discharge that
6 responsibility of oversight. We're talking
7 about contracts. We have tightened up the
8 contracts. We pointed out and you
9 enthusiastically on the other side joined in
10 on the question of retroactive contracts which
11 essentially took away our right to decide and
12 our right to review things. That's been
13 tightened up considerably. It needs to be
14 tightened up more certainly but we are going
15 in the right direction.

16 So, it's not a funding issue. It's
17 not particularly relevant to the budget
18 because the difference in funding, if we
19 should somehow come to further agreement on
20 the main political issue on whose
21 responsibility it should be. Should it be the
22 district attorney and the attorney general and
23 the US Attorney at times who have been indeed
24 we've seen doing their jobs in this regard.
25 If we can come to some sort of accommodation

1 Full Leg -10-30-17
2 at some point in the future about what
3 specifically the functions are to be and if
4 perhaps the person -- let's get away from
5 labels, inspector general or Commissioner of
6 Investigations, labels aren't important. I
7 think we all understand that. If we can come
8 to some sort of agreement as to enhancement in
9 the grand scheme of things in the \$3 billion
10 budget the money will be found. That's not
11 the issue at all.

12 Over here this is really a budget
13 discussion, and I would respectfully suggest
14 that that's something that we ought to stick
15 to. Let's continue talking about the budget.
16 If we want to have a further discussion at
17 some point in the future about making changes,
18 we've been having discussions, we ought to
19 continue them certainly. And as I say, at
20 that point the funding becomes fairly
21 noncontroversial.

22 LEGISLATOR GONSALVES: Minority
23 Leader.

24 LEGISLATOR ABRAHAMS: In all due
25 respect to Legislator Rhoads and Alternate

1 Full Leg -10-30-17
2 Deputy Presiding Officer Kopel, a couple of
3 different things about what you had said.
4 First and foremost, this is the perfect
5 opportunity to have this discussion because we
6 are talking about increasing the budget of
7 Commissioner of Investigations, our
8 independent inspector general as we see it.
9 We are talking about increasing the budget so
10 that they can assist in preventing, rooting
11 out potential corruption.

12 I also want to make sure we are
13 clear. The offices that have been mentioned,
14 whether it's the US Attorney or the district
15 attorney or the attorney general's office all
16 those offices are coming in after the fact.
17 What the inspector general, as we see it, the
18 inspector general would be working hand in
19 hand in preventing. We don't want to deal
20 with the corruption when it's on the front
21 page of the newspapers. We want to be able to
22 prevent it before it even occurs. How we
23 envision an office would be an office that is
24 working to prevent it, that's a part of the
25 procurement process, that is part of the RFP

1 Full Leg -10-30-17

2 process, that is an integral part of how
3 Nassau County does things.

4 Second, the district attorney said
5 right here before this legislative body that
6 she was in support of an independent inspector
7 general. From that statement alone gives us
8 the impression that she is not concerned about
9 her power being diminished. She believes that
10 this is an integral part. Yes, an independent
11 inspector general would work towards
12 investigating or reporting. They will not be
13 prosecuting any particular cases. Those cases
14 will still be prosecuted by the district
15 attorney, the Attorney General or the US
16 Attorney's office. That will not change. But
17 you do need somebody that's able to
18 investigate and report on what's going on in
19 this county in regards to procurement. That
20 is fact. There is no one doing that now. We
21 were told that the Commissioner of
22 Investigations, Ms. Myrel, was going to be
23 that. To our understanding and based off of
24 what we have seen, she's only forwarded one
25 case as it pertains to the parks department or

1 Full Leg -10-30-17
2 lumber. That was it. She has not done any
3 other investigation. With everything that's
4 going on in this county she has not done
5 anything else. We were promised that a year
6 ago, that that person would be the equivalent
7 to what we were seeking in an independent
8 inspector general and she has not demonstrated
9 that ability. We wish her well as she deals
10 with her personal and family matters, but the
11 fact remains that she did not provide that
12 function. That is a clear fact. She did not
13 have the resources, the ability or whatever
14 may be the case but she did not do that. So
15 from our standpoint it's a very clear
16 delineation of what the two things are.

17 This is a perfect opportunity to
18 discuss this because we are talking about
19 ramping up this office so that it can handle
20 potential corruption that is out there.

21 And as was said before in regards
22 to some of the measures that have been put
23 forward, not one of those measures that have
24 been put forward would have prevented an
25 Abtech scandal from happening from our

1 Full Leg -10-30-17
2 standpoint or the alleged allegations from the
3 county executive now. None of those measures
4 would have taken place. You're talking about
5 disclosures. You're not talking about
6 anything that's being done from an
7 investigative arm.

8 So, to summarize, it is our belief
9 that this is the perfect opportunity to
10 discuss it. It's an opportunity for this
11 legislative body to give their stamp of
12 approval that we are ready to roll up our
13 sleeves and show the public that we are
14 willing to staff an office that will have the
15 proper investigators to be able to assist and
16 report to this legislative body on what
17 they're seeing as it pertains to discrepancies
18 in the procurement practice in this county.

19 LEGISLATOR GONSALVES: Legislator
20 Bynoe.

21 LEGISLATOR BYNOE: Thank you
22 Presiding Officer. I just wanted to make a
23 point that I believe this is a discussion
24 centered around the budget relative to the
25 Commissioner of Investigations in so much that

1 Full Leg -10-30-17
2 again, the investigators that were determined
3 or I should say identified to assist that
4 office came out of the county attorney's
5 office. And we keep saying whether it's
6 Office of Inspector General or whether it's
7 the Commissioner of Investigations the
8 operative word here to me is independent. If
9 we're going to create an office that's going
10 to operate independently we are required to
11 make sure that it's resourced properly. That
12 it's not sharing any of the resources of a
13 department that is directly within the
14 supervision of the administration, the county
15 executive's office.

16 Further, we have seen that even in
17 its formation the current office did not
18 function properly because it's not independent
19 of the administration. There was money that
20 was allocated to that department for positions
21 that would be hired in that department to
22 assist in the investigations and those
23 positions were never filled. So this
24 department acting in direct relation to the
25 administration is ineffective. I don't know

1 Full Leg -10-30-17
2 how many times we can say this. It's lost on
3 me how the folks on the other side can't get
4 that. That it's not operating independently
5 as long as it's going to be in line to the
6 administration and it's not insulated from
7 retribution or retaliation. We have to
8 insulate that department and we have to
9 resource them properly.

10 This is certainly a conversation
11 tied to this budget. This is the time for us
12 to discuss this. This is the time for us to
13 act. Yes, there have been other measures that
14 have been implemented. But as the minority
15 leader has stated, none of them would have
16 stopped an Abtech scandal.

17 So, the point is, let's stop
18 playing around with this thing and do
19 something meaningful, impactful. The
20 residents of Nassau County are crying for it.
21 When are we going to act? Today is the day.
22 Let's do something meaningful. We can
23 implement this through emergency. We are
24 here. We are willing. Let's get it done.
25 Thank you.

1 Full Leg -10-30-17

2 LEGISLATOR GONSALVES: At this
3 point if there's no public comment I would
4 like to move on.

5 LEGISLATOR ABRAHAMS: Madam
6 Presiding Officer, I would like to push for a
7 vote today on your amendments as amended to
8 include an independent inspector general.

9 LEGISLATOR GONSALVES: There is
10 no amendment.

11 LEGISLATOR ABRAHAMS: What are
12 you talking about? There is a motion on the
13 floor.

14 LEGISLATOR GONSALVES: It's out
15 of order Minority Leader.

16 LEGISLATOR ABRAHAMS: No, it's
17 not. Our amendments have been vetted for
18 seven days just like yours were. The public
19 had an opportunity to scrutinize our
20 amendments.

21 LEGISLATOR GONSALVES: The
22 amendments were voted upon and they failed and
23 it included this particular amendment.

24 LEGISLATOR ABRAHAMS: That is why
25 we are making a motion to amend your

1 Full Leg -10-30-17

2 amendments as it pertains to this particular
3 item.

4 LEGISLATOR GONSALVES: I'm ruling
5 that it's out of order.

6 LEGISLATOR ABRAHAMS: It's not
7 out of order.

8 LEGISLATOR GONSALVES: I'm going
9 to move on. If there is no public comment I'm
10 going to move on.

11 LEGISLATOR ABRAHAMS: If we can
12 say just for the record we put forward an
13 amendment for an independent inspector general
14 to amend 95 percent of agreement that we have
15 in your budget document --

16 LEGISLATOR GONSALVES: The chair
17 is now calling for a vote.

18 LEGISLATOR ABRAHAMS: I just want
19 to make sure we are clear for the record so
20 the public understands. Basically we are in
21 agreement with 95 percent of your amendments
22 and you have made the decision, since we have
23 that agreement, you have made the decision
24 that you will not include an independent
25 inspector general to be funded to the tune of

1 Full Leg -10-30-17
2 \$1.25 million, which you can fund out of your
3 contingency, part of your budget, you have
4 made it clear that you are not going to
5 consider our amendment to your amendment
6 because you do not want an independent
7 inspector general. You've made that very
8 clear.

9 LEGISLATOR GONSALVES: I'm going
10 to call the item. All those in favor of the
11 Republican amendments to the budget signify by
12 saying aye. Any opposed? The amendments pass
13 11 to seven.

14 Now a vote on the budget as
15 amended. All those in favor of the budget as
16 amended signify by saying aye.

17 LEGISLATOR ABRAHAMS: Madam
18 Presiding Officer before you take that vote --

19 LEGISLATOR GONSALVES: We are
20 going to go back to the legislative budget as
21 well.

22 LEGISLATOR ABRAHAMS: This is on
23 the county budget. Again, we are very
24 encouraged and happy to see that the fees have
25 been stripped out of this budget. We believe

1 Full Leg -10-30-17
2 that the legal fees imposing \$66 million in
3 fee hikes, and I think it's been noted by
4 public comment just recently we saw -- I'm
5 sorry \$59 million -- in Suffolk County we saw
6 that this past week that there's obviously
7 been a lawsuit filed under the complaint
8 stating that there's unauthorized taxes by the
9 fees that are being done there. It would have
10 been costly to Nassau County to have this
11 liability going into the 2018 budget. We feel
12 and are happy to see at least your amendments
13 will address that.

14 However, we are very discouraged at
15 this point at several different times just
16 today when there was an opportunity to vote
17 for an independent inspector general to add
18 transparency and enhance oversight for this
19 particular budget you chose not to do it.
20 Unfortunately, at this present time, though we
21 are happy to see the fees be reduced as we
22 showed in our amendments that have been put
23 forward, we are going to have to vote against
24 the budget because it does not protect Nassau
25 County taxpayers to the potential of hundreds

1 Full Leg -10-30-17
2 of millions of dollars that's out there in
3 potential waste, fraud and abuse in this
4 county. Right now by not having an
5 independent inspector general the taxpayers
6 have no idea whether or not their taxpayer
7 dollars are being watched carefully by
8 independent authority. Thank you.

9 LEGISLATOR GONSALVES: At this
10 point before I take a vote on the budget as
11 amended I would like for the record to say
12 that we from the get go, both sides of the
13 aisle, made every effort to find ways to avoid
14 the fees that were put into the county
15 executive's budget. So we did and we are
16 going to move on and move to the budget as
17 amended. All those in favor signify by saying
18 aye. Any opposed? The budget passes 11 to
19 seven. Which means that the fees are
20 eliminated so that you understand where we're
21 coming from.

22 Now for the legislative budget,
23 which was item four in the budget, and I
24 believe that amendments were put forth and we
25 did not take a vote. I believe we took a vote

1 Full Leg -10-30-17
2 on those amendments. I believe we did. I
3 don't think we did. The minority amendments
4 were explained and the motion was made and
5 seconded and now we need to vote on the
6 minority amendments. All those in favor of
7 the minority amendments signify by saying
8 aye. In favor of the minority amendments. We
9 are doing the legislative budget. No.
10 Remember we said.

11 I have been advised there are no
12 amendments to vote on at this time but item
13 four, which is the legislative budget. And
14 all those in favor of the legislative budget
15 signify by saying aye. Any opposed?
16 Unanimous. The legislative budget goes
17 forward.

18 No, we're not done. We have two
19 other items.

20 We have a tax levy ordinance, which
21 is clerk item 352 and item three on the
22 calendar. Rather than read the whole thing
23 can we avoid reading the ordinance 133?
24 Please waive the reading. We are waiving the
25 reading of ordinance 133. Any questions or

1 Full Leg -10-30-17
2 comments regarding the -- motion. Moved by
3 Legislator Nicoletto. Second by Legislator
4 Muscarella.

5 I believe there is an amendment on
6 this item. A motion to put forth the
7 amendment by Legislator Kopel. Second by
8 Legislator Nicoletto. All those in favor of
9 the amendment to item three signify by saying
10 aye. Any opposed? The item passes 11 to
11 seven.

12 Now a vote on the item as amended.
13 All those in favor of item three signify by
14 saying aye. Any opposed? The item passes 11
15 to seven.

16 One more item, which is the last
17 item, which is item five on the calendar and
18 it pertains to the multiyear plan. Clerk item
19 353-17. Moved by Legislator Nicoletto.
20 Second by Legislator Muscarella. Any
21 questions, comments regarding item five? Any
22 public comment? There being none, all those
23 in favor of resolution item five multiyear
24 plan, clerk item 353, signify by saying aye.
25 Any opposed? It passes 11 to seven.

1 Full Leg -10-30-17

2 Guess what? I believe that's it.

3 A motion to adjourn. Moved by Legislator
4 Kopel. Seconded by Legislator Nicoletto. All
5 those in favor signify by saying aye. Any
6 opposed. We are now adjourned and thank you
7 for coming and indulging.
