Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

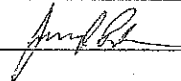

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.
- (h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.
- (i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.
- (j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

Hi Kimberly,

Haberman Associates, Inc. has been a great service to me and the Town of Babylon. They've been handling our SCARs for more than ten years and also do occasional preliminary appraisals as needed for large IDA and commercial projects. Yes, they are easily reached, helpful and quick to respond and just a nice group of people to work with.

Nice hearing from my neighbor to the west ... If you have any other question don't hesitate to reach out !

Kimberly –

I have worked with the Haberman firm for the past 5 years, and their firm has handled between 4,000 and 6,000 SCAR cases annually for my office.

Throughout this period I have had no bad experiences with them. They are easily reached and quick to respond to challenges due to changes in court and office procedures, and have generally been a pleasure to work with. I highly recommend them.

Please feel free to contact me if you require any additional information regarding this firm. Thank you.

The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgrading's, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.
- (h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. 3. Amendments, Extensions and Renewals

a. Renewals and Extensions. Where an existing County Financial Assistance Agreement, County Service Contract, or County Lease is renewed or extended after the effective date of the Law, such agreement is a new County Financial Assistance Agreement, County Service Contract or County Lease, as the case may be, and is subject to the applicable provisions of the Law.

b. Determination of Applicability.

i. County Service Contracts.

A. Any renewal of a County Service Contract is subject to the Living Wage Law if the total expenditure by the County under the renewal is \$25,000 or greater.

B. If a County Service Contract is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount \$25,000 or over, or if such amendment itself involves an expenditure of \$25,000 or over. In no event shall the Law apply in a situation where an amendment involves an expenditure of less than \$25,000 and the original agreement already involves an expenditure of \$25,000 or over.

ii. County Financial Assistance Agreements.

A. Any renewal of a County Financial Assistance Agreement is subject to the Living Wage Law if the total expenditure by the County under the renewal is greater than \$50,000.

B. If a Financial Assistance Agreement is extended or otherwise amended, such extension or amendment will be subject to the provisions of the Law if such amendment increases the total expenditure under the original agreement to an amount over \$50,000, or if such amendment itself involves an expenditure over \$50,000. In no event shall the Law apply in a situation where an amendment involves an expenditure of \$50,000 or less and the original agreement already involves an expenditure over \$50,000.

iii. County Leases. Any renewal, extension or modification of a County Lease is subject to the provisions of the Living Wage Law.

See Living Wage Law, §10(a) "Other Provisions"

4. Waiver of the Law

a. Application of the Provision

i. Any County Contractor may apply for a waiver of the provisions of the Law. In order to qualify as a County Contractor, the applying organization must have a County Service Contract with the County of Nassau. A County Service Contract is a contract which contemplates providing a service to the County (not goods or any service performed only to deliver goods) for which the County is paying \$25,000 or more. Both non-profit and for-profit County Contractors may apply for a waiver.

ii. At this time, the Living Wage Law does not allow a County Lessee or an entity receiving County Financial Assistance to apply for a waiver of the Law's provisions.

b. Request for a Waiver The following procedures have been established by the County Executive for requesting a waiver of the provisions of the Living Wage Law:

i. Request for a waiver must be made to the Nassau County Office of Compliance. Since a waiver request must be made by a County Contractor who already has a contract with the County to provide services, a request for a waiver may only be made after the contract in question is entered into with the County.

ii. A request for a waiver must be made on the approved form designated "Request for Waiver of the Provisions of the Nassau County Living Wage Law." This form is attached to these rules. Additional forms may be requested by contacting the agency with which the requesting organization has a contract.

iii. Except for those requesting organizations with County Service Contracts listed in section 4(b)(iv)(E)(3) below, those requesting organizations which plan to request a waiver once a County Service Contract has been entered into must include, in their bid or proposal for the specific County Service Contract, a budget breakdown stating the amount of the budget allocated to wages (*assuming the Living Wage Law applies*), and the amount of the budget allocated to services and other contract expenses.

A. In any budget breakdown submitted, the requesting organization must include only those employees who are included within the definition of "Employee" described above.

B. Those County contractors who have been awarded a contract through Executive Order No. 1 of 1993, a state or federal grant, General Municipal Law section 104, or any other state or federal rule or regulation must submit the above budget breakdown to the contracting agency before such contract is entered into with the County in order to be eligible for a waiver.

iv. A waiver request must contain the following information:

A. The name of the organization

B. The address of the organization

C. A brief description of the contract which the waiver pertains to.

D. The name and email address of the Chief Executive Officer of the requesting organization

E. The criteria (hereinafter, the "Criteria") for qualifying for a waiver under the provisions of the Law. Currently, a requesting organization must meet either Criteria 1, 2 or 3 below, and, if Criteria 1, 2 or 4 are cited, must meet Criterion 5 below:

1. The highest paid officer or employee of the requesting organization earns a salary which, when calculated on an hourly basis, is less than six times the lowest wage or salary paid by the requesting organization.

OR

2. Compliance with the requirements of the Living Wage Law will directly increase the requesting organization's expected total annual budget in an amount greater than ten percent of the prior fiscal year's budget.

OR

3. The requesting organization is providing any of the following services to the County and compliance with the Living Wage Law would exceed the amount, per hour or per diem (as the case may be), reimbursed to the County by any State or Federal Source:

c. Waiver and Procurement

i. As a waiver may only be requested once a County Service Contract has been entered into, no waiver application may be submitted by any organization submitting a bid or proposal to the County for a County Service Contract.

ii. The fact that a waiver may be granted to an organization submitting a bid or proposal to the County for a County Service Contract will not be a consideration in evaluating such bid or proposal.

d. Review Procedures

i. Review of a request for a waiver must be made by the Office of Compliance.

ii. Approval of a request is dependent on the requestor satisfying either criteria (1), (2) or (3) in section 4(b)(iv)(E) above and, if citing criteria (1), (2) or (4), criterion (5) in section 4(b)(iv)(E) above. Applications not satisfying these criteria, or incomplete applications, will not be approved. However, complete applications that do meet these criteria shall be approved by the Office of Compliance.

iii. The Office of Compliance shall inform the requestor of his or her decision to grant or deny a request in writing within thirty days of receipt of the request. A copy of the grant or denial shall be transmitted to the County Comptroller for the purposes of monitoring compliance with the Living Wage Law.

iv. During such thirty day period, the requestor must continue to abide by the provisions of the Living Wage Law. Failure to do so may result in action by the Office of the Nassau County Comptroller to enforce the provisions of the Law.

e. Post-Award Review

i. After the County grants a waiver, if at any time during the term of the County Service Contract the requesting organization alters its budget or wages such that the organization no longer qualifies for a waiver of the Living Wage Law, the requesting organization must contact the County department with which it contracts and inform such department of such alteration.

ii. If a County department is contacted in reference to such a change, the department must either:

Amend the County Service Contract in question to restore any funding subtracted from the contract as a result of a waiver of the Living Wage Law and receive from the Contractor a completed Certificate of Compliance; or

Terminate such Contract according to its terms.

See Living Wage Law, § 9 "Waiver"

5. Inter-Governmental Agreements

a. The Living Wage Law shall not apply to those County Service Contracts which are entered into with any municipal corporation located within the County, any school district located within the County, and any special district located within the County.

b. County Financial Assistance Agreements and County Leases. The Living Wage Law shall not apply to a County Financial Assistance Agreement or a County Lease in the event that application of the law would conflict with the application of a federal, state or local law, rule, regulation or ordinance. For the purposes of this Rule, the Living Wage Law would not apply to a County Financial Assistance Agreement or County Lease where funding for the Agreement or Lease is derived from a Federal or state grant where the distribution of such grant funds to certain subrecipients is mandatory and non-discretionary.

ii. Building Services Labor Law Article 9 applies to Contracts for building service work with the county, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified. Information indicating that prevailing wages are not being paid on a public works project will be forwarded to the New York State Department of Labor for investigation. c. Wage Rate Payments / Changes During Contract Term The wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. TITLE

The County will be selecting one vendor. The County will determine whether it will be hosted or not hosted by the County solely at the County's discretion.

OVERVIEW:

THE DEPARTMENT OF ASSESSMENT IS IN NEED OF A SYSTEM OR PROGRAM THAT WILL PROVIDE THEM WITH A COMPARIBLE MARKET ANALYSIS EN MASSE ON A PARCEL LEVEL CONTAINING NO LESS THAN FIVE (5) COMPARIBLE SALES FOR THE UNIVERSE OF CASES THAT FILE A SMALL CLAIMS ASSESSMENT REVIEW IN NASSAU COUNTY SUPREME COURT AGAINST THE COUNTY FOR 2018/2019 TAX YEAR. IN ADDITION TO THE COMPARABLE MARKET ANALYSIS, THE PRODUCT TO BE SUPPLIED SHOULD INCLUDE AN ARIAL MAP SHOWING THE LOCATION OF THE SUBJECT, COMPARABLES SALES AND A RADIUS SEARCH.

SPECIFICATIONS:

Assessment SOW

Assumptions:

- Applications will be used by 10-20 concurrent users
(the program is capable of handling 50 to 60 concurrent users)
- Applications will be needed from March 1, 2018 through August 31, 2018
(The program is currently in use, supporting 17 municipalities throughout Nassau, Suffolk and Westchester, simplifying dispositions of their small claim filings. Changes required to make the program comply with Nassau County specifications are minimal and can be completed well within the required timeframe.)
- The County prefers a HOSTED Solution
(Hosting would be provided through a well know third party vendor which we currently are under contract with.)
- If NOT hosted, the vendor is to provide technical specs as part of their response. Ex OS, CPU, RAM, Platforms needed
(OS: Windows sever 2003 or newer & Windows XP (SP3) or newer), CPU: Intel Pentium 4, AMD Athlon 64 or later), (RAM: 2GB of available Ram(4 GB recommended)), (Platform: R:Base Technologies, Inc)
- Data dump to be provided by the Nassau County Assessment Department
(Our database servers are capable of handling large datafiles with incremental backups completed routinely)

MANDATORY REQUIREMENTS

HOSTED COST

NON-HOSTED COST

- 1) Provide one cost for the Application / licensing for items 1.1 through 1.9 below.

\$ 375,000

\$ 350,000

- 1.1) The CMAs must include for the subject and comparable sales the parcel ID, distance in miles from the subject, school district, location within a Village, the most recent picture, selling price, buyer and seller, sales date, liber-page, class, lot size, house style, stories, year built, rooms/bath, square feet, garage, extras, location influences and a calculation of total adjustments and adjusted sales prices and subject value by average.

(As stated earlier, the program is in use disposing of small claims filing for many municipalities. Making the program compliant with Nassau County specifications would require the addition of 5 data fields to the CMA: Village 2 letter flag, buyer/seller, Liber-page, stories and rooms. The program also includes the ability to select comparable sales on a neighborhood basis. The minimal changes as indicated can be completed well within the required timeframe.) (see attachment 1.1)

ALL BIDS MUST BE F.O.B. DESTINATION AND INCLUDE DELIVERY WITHIN DOORS UNLESS OTHERWISE SPECIFIED.

TITLE

- 1.2) The CMAs must be prepared using standard appraisal practices but that the adjustments be determined by the NC Dept. of Assessment and that the adjustments are able to be made en masse pertaining to all parcels or en masse at various price points.

(The program was designed to comply with typical appraisal practices having the ability to adjust on a per parcel basis or mass basis.) (see attachment 1.2)

- 1.3) Each CMA must have the ability to be manipulated individually, so that comparable sales can be put in or removed as seen fit by the individual handling the case and with the calculations modified to reflect the changes in live time and then being able to be run/printed as modified.

(Knowing that an appraiser will not always agree with comparable sales selected through the use of an algorithm, the program has the full flexibility of replacing comparable sales on the fly.)

(see attachment 1.3)

- 1.4) The CMA program must be capable of being set in an "comparability mode", such that no comparable is chosen for a CMA that is less than a certain percentage off the price of the subject.

(The rational was realized in the early stages of development, feedback from appraisers indicated that picking comparable that were truly not comparable, did not provide reliable values. Therefore, adjustable parameters were incorporated into the system.) (see attachment 1.4)

- 1.5) The program must be flexible, so it could be run by court date or the representative in addition to its being run all at one time.

(The program is currently designed to run batch files by court date. Updating it with the ability to run by SCAR Rep. would be of minimal effort.) (see attachment 1.5)

- 1.6) The program must allow the Department of Assessment to set the date parameters for choosing of the comparable sales.

(Date parameters are fully flexible, permitting current valuation or historic valuation where needed in an Article 7 filing. Sale price trending is provided for a 7-year period having the ability to utilize more sales in less active communities.) (see attachment 1.6)

- 1.7) The program must be flexible for the Department of Assessment to be able to determine the weight given to various factors in choosing comparable sales, i.e. distance from the subject, school district, and such additional parameters as the Department sees fit to institute.

(The ability to weight variables such as distance, school district, waterfront, style and so on, is the backbone of our system, providing the ability to fine tune external influences when needed.) (see attachment 1.7)

- 1.8) The provider must submit to the Dept. of Assessment, a comparable market analysis report in an electronic format that is capable of interfacing with the County's printing services to allow the County to print the reports when completed.

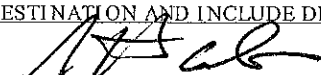

(The program is fully Microsoft compliant and permits use of all standard print drivers along with ODBC connections.)

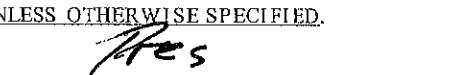

- 1.9) The program must have the ability to provide a "bucket list" of sales (radius search) in distance from the subject. The program must have the ability to provide a default distance in choosing sales, but also have the ability to be adjusted by the Tax Specialist for individual properties when necessary. The sales in the bucket list must include the name of the buyer and seller for verification relative to the validity of the transaction.

(One of our earliest updates incorporated the use of radius reports. It was realized by our appraisers that we had no method to qualify if the program was missing the mark on value as indicated by the surrounding sales. The feature is fully adjustable on a mass or individual basis. Minor work to the report would require addition of buyer/seller.) (see attachment 1.9)

- The Company has recently completed the monitoring of the reassessment for the Towns of Greenburgh, Ossining and North Salem.
- Working closely with Senator Martins, the Senator was able to facilitate a change to New York State law providing "Advisory Appraisals" to villages during an annual reassessment. Prior to the changes, only counties and towns were eligible for these reports, requiring villages to retrieve dated data from towns and counties or maintain static values therefor preventing a village from having a fair and equitable assessment roll.
- The Company's project manager has been a member of the Real Property Tax Administration Committee (RPTC), equalization subcommittee for ten years. He has been instrumental in writing procedures pertaining to Equalization Rates and Residential Assessment Ratios. This board position provides the Company with insight to New York State goals and procedures long before the general assessment community is aware of them.

viii) Copies of all state and local licenses and permits.

See immediately following.

- A. Indicate number of years in business. 48
- B. Provide any other information which would be appropriate and helpful in determining the Proposer's capacity and reliability to perform these services.

We believe that the Company's track record of providing CMA's which is based on continually evolving systems/computer programs for municipalities over a 25-year period makes us qualified to meet goals required for this Bid. Our CMA system precludes possibilities of producing inconsistent valuations. This has been proven numerous times after our village annual revaluations and subsequent small claim appraisals.

The Company has recently completed the first part of a systematic review of all commercial and multi-family properties within Nassau County.

The Company maintains various systems for research purposes as aids in the valuation and consulting services it provides. These include a hard copy/digital/micro-film library, contracted services such as Real Quest, Comps. Inc., CoStar, LoopNet and the Multiple Listing Service of Long Island, and an in-house proprietary database including thousands of sale and lease abstracts. A high speed internet connection is in place and operational and the entire office staff has complete access to it.

The company is located in an owner occupied two story office building in the heart of Mineola, two blocks from the Assessment Department offices and a short drive to the County Attorney's and Assessment Review Commission's offices. The firm has remained in business since 1968 because of the quality of its work and its ongoing commitment to be as responsive as possible to the needs of its clients.

- C. Provide names and addresses for no fewer than three references for whom the Proposer has provided similar services or who are qualified to evaluate the Proposer's capability to perform this work.

The Business History of Judge Family Enterprises, Inc.

Founded on December 20, 2013 by Brian Judge along with his spouse Megan, Judge Family Enterprises bought the assets and rights from Interstate Batteries System of America to distribute Interstate Batteries products on Long Island as an independent distributor.

As an independent distributor, Brian and Megan have grown the business by nearly 2 million dollars in their four years of ownership. The growth didn't happen by accident, but through providing great service on a great product. Brian and Megan brought a wealth of knowledge of experience to the business as well. Brian has been an independent distributor since 1995 in the NYC area. During that time, the business revenue increased nearly 6 fold, through the same method of providing great service on a great product. As an owner of BMS Battery Inc. we received awards for Top Volume, Top Market Share, National Account service, and Most improved to name a few. This same philosophy and management style has carried over to Judge Family Enterprises, Inc. and will keep the company growing for years to come.

Upon request of the Director, successful bidder shall file certification from the manufacturer relative to authorization, delivery, service and guarantees. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the Director to make any examinations before award; and it is further understood that, if such examination is made, it in no way relieves the Bidder from fulfilling all requirements and conditions of the bid.
8. **Awards** will be made to the lowest responsible Bidder. Cash discounts will not be a factor in determining awards, except in tie bids. Consideration will be given to the reliability of the Bidder, the quantities of the materials, equipment or supplies to be furnished, their conformity with the specifications, the purpose for which required and the terms of delivery.

The Director reserves the right to authorize immediate purchases from other sources against rejections on any order when necessary. On all such purchases the Vendor agrees to promptly reimburse the County for excess cost occasioned by such purchases. Should the cost be less, the Vendor shall have no claim to the difference. Such purchases will be deducted from order quantity.
12. An order may be canceled at the Vendors expense upon nonperformance. Failure of the Vendor to furnish additional surety within ten (10) days from date of requested shall be sufficient cause for the cancellation of the order.

When in the determination of the Director, the articles or equipment delivered fail to meet County specifications or, if in the determination of the Director, the Vendor consistently fails to deliver as ordered, the Director reserves the right, to cancel the order and purchase the balance from other sources at Vendor expense.
14. Delivery must be made as ordered and in accordance with the bid. If delivery instructions do not appear on order. It will be interpreted to mean prompt delivery. The decision of the Director as to reasonable compliance with delivery terms shall be final. Burden of proof of delay in receipt of order shall rest with the Vendor.

Appendix EEEQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

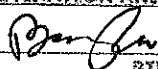

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.
- (h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.
- (i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.
- (j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand

- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in Best Efforts with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

Appendix EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined by such title and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make Best Efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, including the granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Business History Form

13.

On June 20 of 2016, the New York State Office of Children and Family Services (OCFS) placed the Residential Treatment Center (RTC) of Berkshire Farm Center and Services for Youth (Berkshire) on Critical Incident Reporting Status based on OCFS's monitoring of Berkshire. This status was not placed on other Berkshire programs such as Foster Care, Prevention or Group Homes. Additionally it was not due to one particular incident but was based on OCFS's concerns relating to the quality of staffing, provision of clinical and therapeutic services, recreational and age appropriate activities, and physical cleanliness and physical plant issues. Critical Incident Reporting status entailed weekly unannounced site visits, weekly meetings with OCFS, and all incidents and their documentation were submitted to OCFS.

On 9/5/16, while Berkshire was still on Critical Incident Reporting Status, there was an incident at the RTC where a youth injured three youth and a staff member with a box cutter. Fortunately the injuries were relatively minor. On 9/8/16, OCFS closed the RTC's intake (no new youth could be admitted to the RTC) and the RTC remained on Critical Incident Reporting Status. OCFS conducted an investigation of the incident. OCFS finished the investigation and submitted their investigation to the Justice Center. The Justice Center has yet to issue a final determination; however Berkshire has responded to the concerns that were identified by OCFS in their investigation with a Corrective Action Plan. OCFS opened the RTC intake on a limited basis on 12/8/16 and then officially was opened without limitation on 2/8/17 but remained on Critical Incident Reporting Status.

Steps taken to improve quality of staffing, provision of clinical and therapeutic services, etc, which were designed to prevent similar incidents from reoccurring, were the following:

- The leadership of the Residential and Clinical programs was changed.
- A Risk Management Coordinator was assigned to provide full time quality assurance exclusively to the RTC program by independently monitoring and reporting on key areas of performance, such as documentation and physical plant issues.
- The RTC incident review committee meets weekly to review all incidents that occurred on campus.
- All Youth Care Counselors attended 6 weeks of enhanced weekly trainings provided by the training department.
- A Recreation staff member was hired to schedule and organize recreational activities and to provide therapeutic recreation programs.
- Therapeutic Support Specialists were based in the cottages to assist staff in identifying and preventatively responding to potential crisis situations.
- Cottage supervisors now conduct random camera reviews and in-person spot checks on direct care staff and process that information with staff in supervision meetings.
- Maintenance staff conduct daily walk-throughs of each living unit on campus to check for any maintenance or physical plant issues.
- The Positive Behavior Intervention and Supports (PBIS) system was implemented. Youth earn points throughout the day in school or in the cottage and those points are used to earn privileges.

- Clinicians now meet weekly with the cottage supervisor and attend the weekly cottage staff meeting to speak toward clinical issues affecting the youth. Additionally, Clinicians read and make regular entries into the cottage log to enhance communication.
- Clinicians receive weekly group supervision, in addition to their regular individual supervision, with the Chief Clinical Officer.
- Weekly Power Source and independent living groups are conducted with youth. Power Source is a model that teaches self-regulation skills to youth.

On 4/7/17, Berkshire's status changed from Critical Incident Review status to Heightened Supervision status. Instead of meeting weekly with OCFS and having weekly unannounced site visits we now have a monthly meeting with OCFS and a monthly unannounced site visit.

Berkshire has been providing community-based Prevention programming in New York State for over four decades. In that time and in response to local needs, the agency has honed its skills and developed flexible, yet consistent program models to become a leader in community-based Prevention service provision to children and families. The agency has successfully been providing Prevention Services in counties around New York State for well over four decades. As a result of the success in helping children and families, 23 counties across New York, including Albany, Schenectady, Saratoga, Columbia, Montgomery, Nassau, Erie, Niagara and Orange, currently have contracts with Berkshire specifically for Prevention Services. Below are recent statistics compiled from program annual reports to local Departments of Social Services that demonstrate the extent of that success:

- 100 percent of children and families had access to agency staff twenty-four hours a day, seven days a week.
- 96 percent of children remained safely in their homes, avoiding placement.
- 93 percent of parents increased their involvement in school and community-based activities and services.
- 90 percent of children improved their attendance and/or reduced their tardiness in school
- 98 percent avoided the filing of a PINS petition during the program year.

C. Any other information to determine Berkshire's capacity and reliability to perform services

All of Berkshire's programs are founded on best practice principles: trauma-informed, client centered, family focused programs; cultural competency; focus on safety, permanency and well-being; linkages to community supports; working knowledge of theory and practice in child welfare, juvenile justice, children's mental health; and strategies that promote positive youth development. With this foundation, Berkshire has been extremely successful in keeping children safely in their homes, improving family functioning and averting out-of-home placement,

Berkshire is resource-rich; in addition to program expertise, it has high performing departments that support the agency to maximize program effectiveness, ensure cost efficiency for all stakeholders, and ensure programs meet and exceed standards, laws and regulations at all times. IT ensures that staff has the technological tools needed to effectively and efficiently do their job, HR assists with all personnel related matters, Finance oversees all fiscal related matters, and PQI facilitates continuous quality improvement efforts to ensure optimal performance and customer satisfaction.

Inter-Departmental Memo

To: Robert Cleary
Director of Procurement Compliance

From: Paul F. Broderick *PFB*
Deputy Commissioner, Department of Social Services (DCCO)

Date: February 21, 2018

Subject: Berkshire Farm Center & Services for Youth (CLSS18000034)
(Preventive Services)

Let this memo serve to confirm that DSS has previously made you aware of the fact that the above referred to contract CQSS13000013 (CLSS18000034) is being submitted after the starting date of the services.

The 2018 contract document was originally submitted to the vendor in and around October 2017 following the submission of a proposed Line Item Budget and review of the same by DSS Accounting and Administration.

The 2017 renewal however was still being processed at that time due to, inter alia, delays caused by confusion on the part of the vendor resulting from personnel changes.

As a result of the delay, the date of execution of the 2017 renewal could not be placed into the 2018 document.

DSS was advised that the 2017 contract renewal was fully certified on February 20, 2018 and that it had been executed on behalf of Nassau County on February 13, 2018.

The appropriate revision was made to the 2018 renewal and approved by the vendor as of February 21, 2018.

The package was reviewed and a few matters required correction before submission.

The services being provided are mandated preventive services to children and concern children who are at imminent risk of foster care placement.

Program Description and Staffing

Berkshire Farm Center and Services for Youth
The Family Connections Program
An Evidenced Informed Intensive Preventive Service

a. Service Summary

The Family Connections Program is a trauma informed, intensive home, community and school based program designed to address Nassau County's need for Preventive services for youth and families at imminent risk of out-of-home placement. Family Connections provides an array of services to help strengthen family functioning so youth can remain safely in their homes and communities. The target population for the Family Connections Program is children and families identified by the Nassau Department of Social Service who are involved with the Child Welfare System, families that are at immediate risk of having their children placed in foster care, and those with children in foster care for reunification. Services include intake and comprehensive assessments, crisis intervention, individual and family counseling, linkages to community resources, and instruction/assistance in interpersonal, parenting, problem solving and decision making skills. These services are provided by Family Specialists who work with a maximum of four families at a time. This level of intensity allows staff to meet with families multiple times each week, often during non-business hours to accommodate work and school schedules, to ensure that services address the strengths and needs of each family member and to be available to respond to families when they need assistance 24 hours a day, seven days a week.

The goals of the Family Connections Program are to avoid the need for children to be placed out of the home or to facilitate reunification of children and families as children return home from foster care. Outcomes for the program include rapid engagement of and service delivery to families, reduction in the number of children needing to be removed from their homes to enter out-of-home placement, and an improvement in parenting skills.

Berkshire Farm Center and Services for Youth (Berkshire) has been providing Family Connections to the children and families of Nassau County for two decades. In that time, Berkshire and Nassau County have developed a strong, effective partnership, tailoring the program to address the specific needs of the County and its children and families. As a result, the program has become a vital and prominent resource for youth and families in need of prevention services. Because of the success of Family Connections, hundreds of children have averted the need for out-of-home placement, and families have developed the skills to live and thrive as independent and productive members of their communities throughout the County.

b. Proposed Service

Program Overview

The Family Connections Program, a trauma-informed, intensive home, community and school based program, is based on the Homebuilders Model of service delivery, which was developed by the Behavioral Sciences Institute of Tacoma, Washington in 1974. This model formed the basis for family preservation programs in many states. Homebuilders' primary goal is to avoid the unnecessary placement of children outside of their homes; since its inception, it has been evaluated both formally and informally and has shown repeated positive outcomes for placement prevention and child and family functioning. The program is designed to diffuse the immediate crisis and teach family members the skills they need to live together safely. This is the foundation for Family Connections.

The Family Connections Program is built on the promotion and support of frequent and positive parent-child interactions. Based on Berkshire's years of experience providing this service, the agency has determined that the most effective strategy is to provide frequent, multiple face-to-face home visits weekly and unlimited collateral contacts for each family. The focus of these contacts is to foster the parent-child relationship in order to avoid out-of-home placement or to stabilize the family upon a child's return from foster care. Family Connections is centered on finding the strengths of each child and family member from which to build the foundation for enhanced growth and development of positive family interactions, thus avoiding out-of-home placements.

The primary consideration of the program is the safety of all family members. The major domains of life for youth include physical and mental health, family relationships, peer relationships, community relationships, education, occupational readiness and leisure/recreation. Any or all of these domains can create conflict and ultimately unsafe situations for the youth and/or families. Therefore, the *end state* for Family Connections is:

- Families will learn to prevent crises and to handle crises that do occur in a productive and safe manner, so that youth at imminent risk of placement can remain in their homes.
- Families and youth in crisis will be supported and be taught problems resolutions that encourage family unity.
- Parents/caregivers will learn skills to better parent and support their youth.
- Families will demonstrate the ability to advocate for their own basic needs and identify the array of community services available to them.

Family Connections is a short-term program. However, due to the nature and extent of problems being experienced by families served by the program, some families may need ongoing services to continue and reinforce the changes begun while in the Family Connections Program. Once the families are stabilized, program staff will link the family with appropriate community resources. It is expected that the trusting relationship established with the Family Specialists will enable families to build positive relationships with other service providers in the community, enabling them to use and benefit from community-based services while preventing the need for more costly out-of-home placement.

The Family Connections Program is founded on best practice principles:

- *Individualized, strength based, client centered family focused program design:* Family Connections is designed to empower youth and families in the program and in their lives, and families are considered 'partners' in all aspects of service delivery.
- *Cultural competence:* Berkshire is committed to ensuring cultural competence, and has developed programs to be culturally sensitive to the needs of youth, families and their communities.
- *Focus on safety, permanency planning and well-being:* All services provided by Family Specialists are designed to ensure safety and stable, permanent home environments for youth and families.
- *Specific strategies to work with persons experiencing issues related to child welfare, juvenile justice, mental health and/or substance abuse:* Throughout Berkshire's long and distinguished history of working with the population served by Family Connections to assist them with challenges that span a wide array of systems, programming has been developed and refined to address the complex and often multi-system needs of this population and their families.
- *Strategies that are trauma informed:* Berkshire has implemented the Sanctuary Model®, a trauma-informed, evidence-supported, whole culture approach designed to create or change an organizational culture. Sanctuary's objective is to improve the organization's ability to more effectively facilitate healing from psychological and social traumatic experiences and extended exposure to adversity. It promotes the development of structures, processes, and behaviors on the part of staff, clients and even the community at large. This model is being infused into all programming agency wide.
- *Strategies that promote positive youth development:* The Family Connections Program, either directly or through linkages to community based resources, provides opportunities for youth to enhance their interests, skills, and abilities to help them succeed at home, in school and in the community. These opportunities help pave the way for youth to make the transition to adulthood as productive and healthy members of their community.
- *Linkages to natural community supports:* One of the cornerstones of the Family Connections Program is to facilitate the linking of youth and families to supports in their community that they can access once their participation in the program ends. The goal of this is to promote independent, appropriate family functioning that will avert the need for out-of-home placement.
- *Working knowledge of theory and practice in child welfare, juvenile justice, children's mental health, youth services, and compliance with all rules and regulations:* Berkshire has a strong, experienced staff that has considerable expertise in the areas of child welfare, juvenile justice, mental health and youth services. Furthermore, Berkshire has developed strong relationships with local departments of social services, probation, mental health and youth services, and is a state leader in providing preventive programming. Because of Berkshire's statewide network of programming and extensive experience, Family Connections staff will have full access to this wealth of knowledge and expertise.

All Berkshire Farm programs operate in compliance with local, State and Federal rules and regulations.

Target Population: The target population for the Family Connections Program will be identified by the Nassau County Department of Social Services (NCDSS) as children and families being involved with the Child Welfare System, families that are at immediate risk of having their children placed in foster care, and those with children in foster care for reunification. The program is intended to provide intensive services to those families that are willing to commit to addressing the issues that are placing their children at imminent risk of out-of-home placement or issues that are preventing their children from returning to their care. Imminent risk is defined as "a child who will enter foster care within seven days unless there is an immediate intervention."

The Family Connections Program, as with all Berkshire Prevention programs, operates from its No Reject Policy. Every child and family will be given the opportunity to voluntarily receive services that will enable the youth to remain safely and successfully in their homes and communities.

Scope of Services

The Family Connections Program is an intensive, short-term, crisis response program that emphasizes the development of resiliency and skills that help children and their families or caregivers live safely, independently and productively within their homes and communities. The program has the following services and characteristics in order to achieve the outcome of preventing children from entering the foster care system or helping them reunify with families safely and successfully in a timely fashion:

- **Referrals:** Referrals will be accepted from the Nassau County Department of Social Services during business hours, Monday through Friday. The referrals will be responded to within 24 business hours by the Family Specialist, who will rapidly engage the family and explain the program, conduct an assessment, and determine the family's interest in and/or appropriateness for participation in the program. Over the last 30 years in Nassau County, at least 90% of referrals received by Berkshire's current Family Connections Program have been responded to the same day as receiving the referral for intake and assessment in recognition of the importance of rapid engagement for this high-need, high-risk population.
- **Crisis Intervention:** Family Specialists will respond to families immediately during times of crisis, no matter the day or time, and the Program Coordinator will be available for assistance and support. Each Family Specialist uses the energy of the crisis to move the family through and mediate the crisis. Through this process, families learn to use skills that will help them avoid crises, or respond more appropriately, in the future.

After stabilizing the crisis, the Family Specialist uses various techniques to assist the family with problem resolution, developing new behavior management skills to ease family conflicts, and with negotiating positive changes. To reinforce skills, the Family Specialist participates with the family in activities, including household chores, family discussion, communication exercises, problem solving, and activities using community resources. The

ultimate goal is to empower the family to live safely, avoid or minimize risk and/or crisis situations, and function effectively and independently.

- **Case Load Size:** Family Connections' Family Specialists will serve up to 4 youth and their families daily, with multiple home visits weekly as well as unlimited collateral contacts to coordinate services. While working with these youth and their families, the Family Specialists will also provide services to other youth within the family in an effort to avoid any or all youth from being removed from the home; therefore, the program serves the entire family and does not specifically target one youth. The Family Connections Program will provide services to a minimum of 96 families during the program year.
- **Length of Service:** The family will generally receive intensive services for 6 weeks with an option to extend up to 8 weeks. The short term, intensive nature of the Family Connections Program is significant, not only because it has proven to be highly effective, but also because it keeps the staff and family energized and motivated, helps families stay focused on immediate and specific goals to resolve the presenting crisis, and enables staff to teach whatever skills are needed to enable the family to live safely without intensive outside intervention.
- **Hours of Service:** Each Family Specialist works a flexible schedule to be available to respond to referrals and to accommodate all families' schedules and time constraints. This will include early mornings, evenings, weekends and holidays. The program operates under an immediate crisis response 24 hours a day, seven days a week, for program participants, which entails each Family Specialist being on-call for their individual caseload. The Program Coordinator is also available for assistance and supervision regardless of day or time. Each family will have cell phone numbers to contact either the Family Specialist or Coordinator in the event of a crisis situation.
- **Aftercare Services:** Families will be offered 30 days of aftercare at the County's request, *at no cost to the county*, consisting of one contact per week to ensure families are following through with community linkages and to provide support and assistance as needed.
- **Rapid Family Engagement:** The Family Connections Program utilizes a combination of models of treatment to rapidly engage the youth and families. Each Family Specialist will work intensively with youth and families by embracing Berkshire's "do whatever it takes" philosophy. Historically, this means utilizing basic counseling skills that are internalized within each Family Specialist. The strategies involved in rapid engagement involve a worker that displays empathy, understanding and foremost a non-judgmental attitude. This demeanor is a necessary condition for the family to respond to services and treatment.

Functionally, this translates into unlimited phone contacts, face-to-face contacts, immediate crisis response, transportation, and any/all needed interventions with youth and families as well as aftercare services. Specifically, Family Connections staff will go out to the home the same day of receiving the referral. While meeting with the youth and family, the Family Specialist will explain the scope of the program and have all necessary program releases signed. Prior to ending the first visit, the next return visit will be scheduled and all

emergency numbers will be given to the family (i.e. Family Specialist and Program Coordinator contact information).

- **Family Assessment:** Once the family has completed the Service Agreement, Initial Intake and Safety Assessment, the Family Specialist will begin the full assessment process. This process is strength based and family focused, and serves as the basis for the development and implementation of treatment plans for each family. The assessment process will be completed within the first seven (7) to 30 days of services, and includes:
 - *Berkshire Home Safety Assessment:* is a comprehensive assessment completed at the initial visit which identifies safety/risk factors and develops a plan to address them immediately. This is completed by the Family Specialist with youth and families within 24 hours of intake, at 30 days and again at discharge.
 - *Basic Needs Assessment:* is completed by Family Specialist with parent(s) within 48 hours of intake and again at discharge to document how the family is meeting the youth's basic needs, and helps guide planning to meet unmet needs. Areas covered include safety and risk factors, food, housing, clothing, medical/dental, educational and day care if needed.
 - *Berkshire Assessment:* to be completed within the first seven days of service to assess and identify areas of need to determine subsequent short and long term intervention strategies. Areas covered include: prior trauma, legal/law enforcement, medical, mental health/psychiatric, family, school, behavioral issues including aggression and/or domestic violence, and substance abuse.
 - *Parenting Assessment:* is completed by Family Specialist with parent(s) within 48 hours of intake and again at discharge to assess parenting communication and skills, to develop a plan to address needs or challenges identified in the assessment, to assess progress made during program participation, and to identify areas where further support and/or instruction will benefit family functioning.
 - *Psychosocial Assessment of the Youth and Family:* completed by the Family Specialist within 30 days of intake. This assessment collects information regarding the family's perception of the problem(s), family strengths and needs, and a diagnostic assessment of the youth and family's level of functioning.
 - *Ansell Casey Life Skills Assessment:* conducted with youth ages 14-21 to identify strengths and needs in preparing them to make the transition to the community and adulthood. Topics covered in the assessment include career planning, communication, work and study skills, daily living, housing & money management, home life, self-care, and social relationships. All of the needs revealed through the assessment will be incorporated into the treatment plan for direct and/or referred services.
 - *Please see attached assessments*
- **Treatment Planning Process:** The comprehensive assessment and treatment provided by the program is multi-systemic and strength-based, focused on targeting the skills and behaviors necessary for youth to develop positive decision making skills and social

connections and for parents to learn skills to improve family functioning and maintain safe households. An Initial Safety Treatment Plan is developed through a collaborative effort with the youth, family, Family Specialist, community service providers, school personnel, and the Department. The plan enumerates youth and family issues, establishes goals and outcomes to achieve them, itemizes tasks or activities to be completed by each team member, and identifies strengths and resources of the youth and family to be utilized to achieve success.

On at least a weekly basis, the Family Specialist evaluates the progress made and continuing needs with the family. Barriers to achieving outcomes and relevancy of goals are also evaluated. This immediate, ongoing and intensive response to their needs is very effective in engaging the participation of the families. From this base of trust built, the program is then able to move on to the broader set of challenges facing the families.

Thirty days after opening, the Initial Conference Safety Meeting with NCDSS and Berkshire Staff takes place. The Initial Conference Safety Summary is reviewed and the case is discussed for progress, barriers, current functioning and needs, and length of service. Depending on the determination of length of service, at six or eight weeks, the Final Conference Safety Meeting is conducted with NCDSS, Berkshire Staff and transferring agency if additional General Preventive Services are warranted. The Final Conference Safety Summary is reviewed and discussed for progress, barriers and recommended additional services. *Please see attached Initial Treatment Safety Plan, Weekly and Final Goal Review Sheet, and Initial and Final Conference Safety Summary,*

- **Therapeutic/Clinical Services:** The Family Specialist will do "whatever it takes" to address home, community and school related issues that are impacting functionality. This translates into strategies that are individualized and flexible based on the needs of each family; these are solution focused and address interpersonal (individual) and/or systemic (family, peers, school, community) factors. Interventions can occur in a number of different domains depending on the needs of the family (family, peer, school, community) and draw from a number of treatment strategies that include but are not limited to cognitive behavioral, crisis intervention, parent training and family skills building (e.g., advocacy, developing and maintaining community support), group counseling and support groups. Through the treatment process, barriers (such as poor parenting skills, mental health issues, fear of the school environment, peer pressure) that are causing issues for the family are identified, addressed, and resolved, directly or through community linkages, prior to discharge from the program. In the event additional, appropriate clinical services are deemed necessary, Berkshire staff will work closely with NCDSS to refer.

The Family Specialist will provide services that are individualized, family and community centered, flexible, culturally competent, cost-effective, and provided within established time frames. The Family Specialist will work closely with NCDSS to assure that services are being delivered and performance targets are being met.

- **Family Team Meetings:** Family Team Meetings are a family-led decision-making process that brings together individuals concerned with the safety, permanency and well-being of the children to make the best possible plans and decisions. These meeting will take place determined on the family's individual needs.

- **Counseling:** Since the goal of the program is to help youth and families live successfully and safely in their homes and communities, a major element of the program will be the provision of individual and family counseling. Counseling will focus on helping youth and families address the issues that led to crisis at home, school and/or the community, and more importantly, on helping participants develop the skills, knowledge and resources necessary to achieve outcomes and live safely and independently in the community.
- **Case Documentation:** Each Family Specialist will provide all the necessary case documentation, utilizing the New York State's Connections System as well as all required NCDSS documentation and Berkshire's clinical case management paperwork. All Berkshire services are currently standardized upon a comprehensive case management policy. This comprehensive case management policy has been updated to reflect the changes required with Connections and adheres to all Administrative Directives published by the New York State Office of Children and Family Services, as well as best practice standards set by The Council of Accreditation (COA). Berkshire's Information Technology Department ensures that all programs and program staff are able to fully utilize all electronic data systems. Progress notes will be entered within five business days of event and within two days of opening in Connections.
- **Interpreter Services:** Because family participation is so critical to goal development and treatment planning, ensuring their ability to communicate effectively during all meetings and contacts is essential. Each Family Specialist will provide assistance to parents and families in communicating with all service providers regarding issues or concerns that would affect the family's stability within the community. This will include providing interpreter services that will encompass vision or hearing impairments, as well as linguistic challenges, that interfere with communication. Since at least two program staff will be Spanish-speaking, most linguistic needs will be addressed internally, and Family Specialists will work with families to access interpreters for other language needs. Berkshire's Long Island programs, including the VISION Program, utilize the services of Sally J. Maldonado, American Sign Language Interpreter, PO Box 146, Huntington Station, NY 11746, 631-312-7245.
- **Stand-By Guardian:** Each Family Specialist will work with a family to identify an agreeable stand-by guardian for each youth in the family in case of a family crisis or emergency or in the event a family needs a "break" from one another to effectively work on treatment plans.
- **Respite Services:** The Family Connections Program will work closely with NCDSS to evaluate the need for respite on an as needed basis. In addition to situations where a family needs a "break" from one another, respite may also be used when parents do not have child care, or in cases where children are at imminent risk of placement in order to ensure their safety while that issue is addressed and resolved. Berkshire has certified foster homes that can be utilized for respite services and Family Connections staff will help coordinate those services. The Respite Rate is not included in the budget.

- **Referral Services/Community Linkages:** The Family Specialists will ensure that all family members are linked to needed services and resources based on needs identified through the intake and assessment process, or during ongoing participation in the program. The Family Specialist will facilitate linkages to the appropriate community based service provider and provide/arrange for transportation as needed. Berkshire has established working relationships with and will reach out to the following:

- **Identification of Community Based Resources:** In addition to identified needed support services, Family Specialists will help youth and families identify recreational and leisure activities, facilities and groups to access during and after program services end. This is of particular importance in order to connect youth with positive activities during non-school and work hours, so unsupervised time is minimized. Family activities will also be explored and encouraged. Possible resources will include:
 - Big Brothers Big Sisters of Long Island

- Cornell Cooperative Extension of Nassau County
 - Boy Scouts/Girl Scouts
 - Art League of Long Island
 - Local libraries in each Community
 - Local Museums throughout the County

- **Transportation:** With Berkshire Prevention Programs, all transportation needs will be immediately addressed through the Family Specialist until formal services are put in place. This will include ensuring that youth get to school on time and that youth and families are present for all appointments, activities and Family Court appearances.
 - **Safety:** A primary consideration for Berkshire staff is the safety of all family members. The major domains of life for youth include physical and mental health, family relationships, peer relationships, community relationships, education, occupational readiness and leisure/recreation. Any or all of these domains can create conflict and ultimately unsafe situations for the youth and/or families. Therefore, the Family Connections Program will help families learn to handle life stressors in certain domain areas in a productive and safe manner so that youth receive the instruction and support they need.
 - **Parenting Skills:** Family Specialists will provide support and education to parents to help them learn the skills necessary to keep their children safe in the home. This will happen during individual and family sessions, using age-appropriate skill-building, role playing and direct instruction.
 - **Parent Aide Services:** Depending on results of assessments, the Family Specialist will work with parents, assisting them with needed concrete instruction/support. Areas that parents may need assistance with may include: setting rules, rewards and consequences, appropriate discipline, infant care, potty training, transportation for shopping or laundry, developing morning and evening routines with children, and household organization.
 - **Social and Interpersonal Skills Building:** During individual sessions with the youth and family, each Family Specialist utilizes Albert Bandura's Social Learning Theory, which stresses the importance of observational learning. Using this theoretical framework, interpersonal and daily living skills are demonstrated consistently by the Family Specialist through role modeling and interacting whenever in contact with the family.
 - **Independent Skill Building:** For youth ages 14 and older, independent living skills programming will be available. Starting with the Ansell Casey Life Skills Assessment to determine areas of strengths and needs, individual and group instruction will be held to teach and rehearse skills as youth prepare for their futures at home and in the community. Needs identified in the Ansell Casey will also serve as a guide for linkages to community resources in areas such as vocational training and career planning.

- **Basic Skills Development:** Basic skills development will be taught and nurtured through advocacy, support, instruction, and other activities. Through these techniques, the Family Specialist will assist the parent(s) in developing crucial life skills such as age-appropriate parenting, meal planning and preparation, developing and adhering to budgets, learning to appropriately advocate for services (academic, medical, mental health, etc.) and navigating the social services system. Other skills include helping parents apply for and maintain long term benefits such as food stamps, SSI, subsidized child care, medical insurance assistance and subsidized housing, and identifying and visiting food pantries and thrift stores. As appropriate, families will be connected with community resources to ensure they are able to always meet basic needs. Food pantries, churches and thrift stores in each community will be utilized.
- **Problem Solving/Decision Making Activities:** During visits with families, Family Specialists will devote time to helping family members develop effective problem solving and decision-making skills in order to more effectively manage crises and problem situations in the future. This is an important aspect of services and will be a focal point of all home visits with both the youth and family members.
- **Educational Support and Advocacy:** When academic issues are identified in assessments or during discussions with school administrators and staff, appropriate goals and strategies to achieve them will become part of the treatment plan. Berkshire has a long history of reducing truancy and the risk of school failure, and the strategies developed through this experience will be used in Family Connections. The Family Specialist will also provide parents with assistance and support to advocate for their youth's needs, and provide youth with skills and services to succeed in school. Family Specialists will also help families identify appropriate after school programs that enhance performance and behavior and provide constructive use of leisure time.
- **Tutoring:** Tutoring services will be offered to each family member on an as needed basis. Possible resources will include local colleges such as the Hofstra and the State University of New York at Farmingdale. Any academic needs will be immediately addressed through the Family Specialist until formal services are put in place.
- **Developmentally and Age-Appropriate Programming:** Youth and families in the Family Connections Program will be offered programming that is appropriate for their ages and developmental levels.
- **Flexible Emergency Fund:** The Flexible Emergency Fund is money needed/used to help families with items and situations that are beyond the "normal" scope of program services. Examples of uses for this fund may include purchasing provisions needed to ensure the family's basic needs are met, appropriate school clothes for a child who lacks this or paying for an American Sign Language interpreter for a parent who is hearing impaired.

In summary, the core features of the program include, but are not limited to:

16. Individualized, trauma-informed, strength-based, culturally sensitive, family-focused treatment.

17. Responding to referrals from the Department within 24 hours of receipt, resulting in diffusion of the crisis in the family and stabilization of the family system.
18. Engaging families quickly to enable them to accept the services offered.

25. Intensive services consisting of small caseloads of up to 4 families with multiple home visits weekly as well as unlimited collateral contacts to coordinate services.
26. Staff work with families where and when it is most convenient for the family; however, at least half of the contacts will occur in the home.
27. Family Specialist will work flexible hours to accommodate family schedules.
28. Families are active participants in problem resolution and change, rather than passive recipients for services or treatment.
29. Aftercare services will be provided to each family for an additional 30 days after discharge.

Berkshire's Supervisory Philosophy

Berkshire ensures that all staff, regardless of department, program or position, receives regular supervision. For direct care staff such as Family Specialists, supervision occurs on a weekly/bi-

weekly basis for at least one hour. The philosophy behind the supervisory process is "Supervision For Success." This model is punctuated by the premise that all employees want to succeed in their job, and it is the supervisor's responsibility to provide them with the tools, knowledge and resources so they can succeed. Starting with recognizing strengths and accomplishments, the model empowers employees to take responsibility for their actions and strive to enhance performance.

For Family Connections, the Program Coordinator will provide clinical and administrative supervision to the Family Specialists, as well as administrative supervision to the Program Secretary. The Program Coordinator will receive clinical and administrative supervision from the Assistant Director of Prevention.

Recruitment

- With the existing Family Connections Program in place there will be no delay in startup for the 2013 year. Any additional recruitment of program staff will be initiated by Berkshire and will include the placing of advertisements in local newspapers and penny savers, information on Berkshire's website, distribution of flyers, placing of newspaper articles about the program, speaking to local business and civic groups, and meeting with community groups and members.
- Candidates will be interviewed by Berkshire's staff as well as representatives from the Nassau County Department of Social Services. The process will include an initial interview, followed by a second interview for final candidates.
- Candidates will be cleared by the New York State Child Abuse Registry, and undergo criminal background checks. References and past employment will be checked as part of the recruitment and hiring process.

Training

Berkshire is committed to providing staff with trainings that optimize their performance and understanding of program services. Berkshire's philosophy is that its training and staff development programs meet and exceed all regulatory and accreditation requirements for training. Trainings are designed to provide staff with a broad understanding of the needs of youth and families with the goal of empowering them to reach their highest potential. Trainings emphasize the concept of partnership in working with children, families, communities and collateral agencies. In addition, staff is educated in policies, procedures and guidelines to assure they are prepared to exercise the responsibilities of their positions. Topics for training include but are not limited to:

- History of Berkshire, and its mission and values
- Agency Policies including: Discrimination/Harassment, HIPAA/Confidentiality and Media Relations
- Incident reporting and Casework documentation
- Professionalism and boundaries
- Safety and emergency procedures
- Therapeutic Crisis Intervention – 3 day training focused on therapeutic de-escalation techniques

- Court Proceedings
- Culturally Competent Care
- Worker safety in the field
- Team building
- Trauma Informed care/Sanctuary Model training
- Clinical training
 - Child, adolescent and adult development
 - Adventure Based Counseling Model
 - Learning Theory
 - Maslow's hierarchy of needs
 - Common mental health diagnoses and issues
 - Suicide prevention
 - Intake process and treatment planning
 - Solution Focused Therapy
 - Structural Family Therapy
 - Trauma Focused Cognitive Behavioral Treatment
 - Functional Behavioral Assessment

The initial training will take approximately one week and include the following: youth development and human behavior, HIV/Universal Precautions, how to work with a child who has ADHD, crisis intervention, the community, and how to be an effective team member. Program staff will also receive formal training at least quarterly on topics such as how to handle a crisis, work effectively with oppositional behaviors, handle loss, and other trainings identified by staff. Attendance at regional and statewide training sessions will be encouraged and team members will be included in all pertinent workshops/training sessions sponsored by Berkshire.

Training also occurs in a less formal, but extremely valuable manner in the form of peer mentoring. Family Connections Program staff, as part of Berkshire's Prevention Program Department, is part of the team of staff currently providing Prevention Services to children and families. Prevention staff is available to one another to offer assistance and answer questions regarding working with this population and working in collaboration with the County and its communities. In addition, the statewide Director of Prevention, Assistant Directors, other Program Coordinators and experienced community based staff members will be available to offer expertise and assistance.

As indicated earlier in this proposal, Berkshire pays close attention to ensuring that staff is reflective of and/or knowledgeable about the languages and cultures within the communities to be served. This starts with hiring staff from the community whenever possible and then providing them with thorough training on the characteristics of the target population and community. This is stressed at all times during program operations and includes ongoing training when appropriate.

All Family Specialists providing preventive services will successfully complete the appropriate OCFS CORE Training Program. All staff training services will be an in-kind contribution.

Effectiveness of Program

The success of Berkshire's preventive services over the past 30+ years has been based on five key beliefs/values:

1. Placement is not an option. We will continue to work day and night with the youth and families no matter the resistance or issues at hand. The only cause for removal is for safety reasons due to the level of risk for harm to self and/or others.
2. Prevention services must occur in the home. Only within the home environment will the Family Specialist truly learn the family dynamics and real issues. It is also the only way to successfully engage the family members.
3. Prevention Family Specialists must have a **passion** for the job. It is not only about their past professional experiences and education (degrees), it is much more about a commitment to do whatever it takes to truly make a difference.
4. Prevention Family Specialists must be able to "roll up their sleeves" and directly provide the needed services/treatment. This is not a case manager position. Although the Family Specialist will help locate needed community resources (i.e. substance abuse, mental health, medical, housing, etc.), their focus is direct care to the youth and families.
5. Although usually there is an identified youth needing services, Berkshire's Family Specialists will always work with the entire family. Resolutions to issues usually include the involvement of various family members – not just the identified youth or a parent.

Berkshire has been providing Prevention services for over three decades in counties around New York State including Suffolk, Nassau, Bronx, Schenectady, Albany, Schoharie, Orange, Saratoga, Columbia, Montgomery, Niagara and many more. In that time, the agency has developed and refined programming to become a leader in community-based prevention service provision. As a result of the quality of programs, 19 counties currently have contracts with Berkshire for Prevention services. Below are recent statistics that demonstrate the extent of that success:

- 100% of children and families had access to their Family Specialists or Program Coordinator twenty-four hours a day, seven days a week.
- 98% of children remained safely in their homes, avoiding placement.
- 97% of parents increased their involvement in school and community-based activities and services.
- 90% of children improved their attendance and/or reduced their tardiness in school.
- 97 % of children avoided the filing of a PINS petition during the program year.
- 95% of children remained successful in their home and communities.

For the Family Connections Programs in Nassau County, the following outcomes were achieved in 2011:

- Family Specialists provided individual and family counseling in the school and home setting for ninety seven (97) or one hundred percent (100%) of the families and their children in the program.

- Two hundred thirty-three (233) or ninety-six percent (96%) of children served in 2011 averted out-of-home placement while in the program.
- Child care services were secured for twenty-one (21) or one-hundred percent (100%) of families requiring assistance in order to maintain attendance in day treatment programs, educational services and employment searches.
- Family Specialists linked seventy-two (72) or one-hundred percent (100%) of families requiring services, with mental health providers and counselors in their communities.
- Family Specialists assisted/arranged one hundred (100) or one hundred percent (100%) Early Intervention Screenings for all children under age of five.

In addition to the outcomes listed above, Family Connections resulted in significant cost savings for Nassau County. Based on the 242 youth involved in the program, the cost of the nine (9) youth placed in Foster Care plus the cost of operating the Family Connections Program, the cost savings to Nassau County, based on a 12-month placement, is calculated as follows:

Placement	# of Children	Per Diem Rate	Yearly Rate
Foster Care	233	\$63.32	\$5,385,049
Subtotal			\$5,385,049
Less the cost of the nine (9) children place at Foster Care level			\$208,006
Less the cost of the Family Connections Program			\$547,713
Estimated savings for 2011			\$4,629,330

Estimated savings are conservatively calculated by utilizing the least restrictive environment in determining the level of care that would have been needed by the 233 children who averted placement in 2011.

The strategies used to achieve these outcomes and performance targets include the following:

- The strategies used to achieve the outcomes of *24 hour intake and assessment, rapid engagement, 72 hour face-to-face contact and rapid service delivery of youth and families* include: unlimited phone contact, home visits, and immediate crisis response by Family Specialists who exhibit empathy, understanding and a non-judgmental attitude. In addition, Family Specialists have flexible schedules to accommodate families' availability, and provide transportation whenever needed to facilitate family participation.
- The strategies used to achieve the outcomes of *reducing the number of youth removed from their homes into Nassau County custody during program participation and assisting families to remain intact* include: intensive home based interventions, crisis response and linkages of

youth with community resources for services surrounding such areas as financial, mental health, substance abuse and domestic violence concerns. Further strategies include: individual and family counseling, skills building and positive decision making activities.

- The strategies used to achieve the outcome of *increasing parenting skills* include: immediate crisis response, individual and family counseling, parenting instruction and assistance, problem solving and decision making activities.

These outcomes will be tracked by the Program Coordinator through staff supervision, case reviews, quarterly file audits, behavioral referrals, treatment reviews, Berkshire's internal Quality Assurance Protocols, and the Department's Weekly Prevention Reports. All program outcomes will be reviewed with the Department throughout the life of the case.

Program Monitoring and Evaluation

Evaluation will be an integral part of the program, and is designed to determine the success of the program and monitor ongoing program operations. To this end, Berkshire gathers and provides information related to program effectiveness, client long-term outcomes, client and family satisfaction, and coordinates the agency-wide program for quality improvement.

- **Supervision:** The Program Coordinator will review cases during supervision and prepare weekly reports for the Department. Supervision will occur weekly beginning the first week of program implementation. In addition, bi-weekly team meetings will be held with the entire program staff. All program forms and documentation will be reviewed and approved in order to monitor individual youth and family's progress, and ensure that all staff is providing high quality service.
- **Submitted Department Reports:** Weekly department reports will be submitted to NCDSS, including Conference invitations, weekly current cases, Connections reports, Initial and Final Conference Safety Summaries and all other reports as directed by NCDSS. Additionally, quarterly and annual reports will be submitted to the NCDSS.
- **Case Records:** case record audits will be conducted on all case files to ensure program compliance with all federal, State and local rules and regulations during and at close of a case.
- **Program Outcomes:** Information is collected from youth and families in all Berkshire's programs. This information includes how youth are progressing in relationship to specific issues such as parenting skills and family functioning.
- **Quality Improvement:** Berkshire's Performance and Quality Improvement Program (PQI) includes the agency's stakeholders in PQI processes and directly supports all programs in their full realization of program goals and the goals of the Agency. Specific QA activities are:
 - *Case Documentation Reviews:* are overseen by key agency leaders responsible for program supervision and oversight. Case documentation review criteria, procedures, and schedules are established by program area Directors and their Program Coordinators, ensuring that accrediting standards are fully met, reviews are performed quarterly, and that at least the required cumulative numbers of open and closed cases are reviewed in any fiscal year.

Results of case documentation reviews are discussed at department forums, staff meetings and individual supervision. Based on these reviews, supervisors and their teams establish lists of strengths, issues of concerns, and patterns that are used to formulate improvement plans. Staff leaders responsible for these reviews for this program are the Director and Assistant Director for Prevention.

- *Utilization Review:* Berkshire's utilization review (UR) process measures the safety, permanency and well-being goals achieved for each client, based on case documentation. The agency UR Committee, comprised of leaders of all program areas, meets regularly to ensure the review process is in place, and assesses the results of reviews. Results of the utilization reviews are summarized by the PQI Specialist and communicated to program area leaders; these results are also shared with the UR Committee that allows them to identify strengths, issues of concern, individual patterns, and overarching trends. The Committee requests corrective action steps in response to review findings in order to improve programs.
- *Program Outcomes:* PQI coordinates data collection on program outcomes. Each program conducts monthly data collection that reflects family progress in specified target areas, such as suspension from school or increased family involvement; or achievement of standards, such as minimum case contacts and after hours assistance. PQI coordinates quarterly reviews of outcomes to ensure quality and identify any deficiencies in service delivery. These deficiencies and steps taken to rectify them are explored during case reviews between program coordinators and staff members.
- *Satisfaction Surveys:* On an annual basis, youth and families, agency personnel, volunteers, and referring agencies are asked for their input and levels of satisfaction regarding various elements of the agency's services. Results of the survey help the agency as a whole, and each program, identify successes and weaknesses in service delivery and make adjustments to enhance services.
- The PQI Department oversees health and safety issues, the incident and child abuse review and reporting process, and the services utilization review. Health and safety monitors physical environment, recreation, health, and nutritional issues for each youth. The incident and child abuse review and reporting system monitors the types, indicators and frequency of any critical incidents occurring within the Agency, as well as follow-up to incidents and any allegations of child abuse. Services utilization review monitors appropriateness of admissions and the timeliness and appropriateness of aspects of the treatment process such as assessments, the quality of treatment, record maintenance and discharge planning.

Family Involvement:

Berkshire is committed to including families in every aspect of service. Regardless of program or identified client, youth, parents/caregivers and other family members are involved in family team meetings, assessments, treatment plan development and implementation, and program evaluation. This is because ultimately, it is the family's needs and strengths that determine service delivery and achievement of outcomes. Together with program staff, families' natural

supports, and relevant service providers, families will identify and secure the community supports and services they need to live safely and successfully in their homes and communities.

Evidence-Based Programs and Practice Utilized by Berkshire Farm Center and Services for Youth

Berkshire has begun implementing the Sanctuary Model® which is a trauma-informed, evidence-supported, whole culture approach designed to create or change an organizational culture. Its objective is to improve the organization's ability to more effectively facilitate healing from psychological and social traumatic experiences and extended exposure to adversity. Sanctuary promotes the development of structures, processes, and behaviors on the part of staff, clients and even the community at large.

By framing program youth's circumstances in a context of "What has happened to you?" rather than "What is wrong?," it becomes easier for not only staff, but the youth themselves to start thinking of terms of healing and growth rather than correction and morality issues as they attempt to set goals and move forward with their lives.

Sanctuary is becoming the guiding principle of inter- and intra-agency relationships as well. There has been a concerted effort in the last two years to train staff in Sanctuary methods and terminology and to have Sanctuary principles and guidelines become how Berkshire staff relates to others within Berkshire as well as to the community beyond. The Seven Commitments of Sanctuary - Nonviolence, Growth & Change, Democracy, Social Responsibility, Open Communication, Social Learning, and Emotional Intelligence - have become the touchstones of both treatment strategies that the agency uses with youth and families in all its programming, and also how the agency itself operates internally.

Berkshire also has implemented the following:

Functional Family Therapy: Functional Family Therapy (FFT) is an evidence-based, highly effective family intervention program for at risk youth and their families. FFT's intent is to prevent the need for placement or re-placement in foster care, to serve as an alternative to detention, and to expedite the reunification of youth transitioning from care. Anticipated outcomes are improvement in school attendance and performance, improved family functioning, and prevention of involvement or further involvement in the juvenile justice/child welfare systems.

Berkshire has a history of providing this model and recently reinstituted the provision of FFT to the youth and families of Schenectady County. While only specific to that one FFT program, the philosophy of the FFT model is compatible with Berkshire's programming philosophy and it resounds throughout Berkshire Prevention programs: FFT stresses the significance of engagement in the therapeutic process; has a supportive supervision model that promotes a strength-based approach to working with staff and clients; and recognizes the importance of working with community based resources to assist youth and families be successful. These premises are central to all Berkshire programming.

Ansell-Casey Life Skills Assessment: The Ansell-Casey Life Skills Assessment, for youth 14 and older, includes a collection of comprehensive online assessments, learning plans, and learning resources that can be of use engaging young people so that they can master independent life skills and build healthy relationships, which are of assistance as they approach adulthood. The tools are strength-based, and built and refined with user input and research. The assessments consist of statements about life skills domains deemed critical by youth and caregivers for successful adult living. Each youth is asked to complete the assessment upon intake and discharge to assess their basic skill level in a variety of daily living modules such as money management, peer relations, and knowledge of and use of community resources.

As mentioned on page 1 the model of practice used in Berkshire's family preservation and other community based programs including Family Connections is an integration of ecological models (MST, Henggeler & Borduin-1990, and Homebuilders; Kinney, Haapala, & Booth, 1991) that are based on Systems and Social Learning theories. These theoretical frameworks are incorporated into all programming agency-wide. In addition, Berkshire's Prevention programs are founded on principles of best practices as discussed on pages 2 and 3. Ultimately, Berkshire believes that each family is unique, with different needs and strengths. Thus, the programs are flexible enough to address the individual youth and their families in the context of, the school, the community, and any other systems in which the youth is imbedded.

Location and Description of Office

Berkshire's Long Island Office, located on the border of Nassau and Suffolk Counties, is "home" to Family Connections staff, but most services are provided in families' homes and local communities. In the event families need to go to the office, its location is easily accessible to the targeted community. It is centrally located off of the Long Island Expressway (I-495) and Route 110 and the Southern State Parkway. The local bus is accessible as well as the Long Island Railroad. This location is ideal as not only is it easily accessible by families throughout the county, but equally important, staff will be able to respond to youth and families without delay.

Understanding of, and Experience in Provision of Services

Berkshire Farm Center and Services for Youth is a statewide nonprofit child welfare agency with a distinguished history of working with children and families for more than 125 years. Founded in 1886, Berkshire is the largest, and one of the oldest, child welfare agencies in New York State. Berkshire's mission is: *"to strengthen children and families so they can live safely, independently, and productively within their home communities."*

Berkshire's values:

- We treat each child and family with dignity.
- We respect and honor the courage and inherent strengths of the children, families, and communities we serve.
- We view children in the context of their families and communities.
- We embrace families as partners.
- We appreciate and affirm all aspects of diversity, whether the diversity is religious, cultural, ethnic, or gender.
- We ensure children are cared for in safe, therapeutic, and caring environments.

- We ensure all services are individualized, empowering, and effectively provided; we focus on permanency and stability.
- We value and support a confident, well trained, and competent staff.

Throughout its rich history, Berkshire has been a pioneer in responding to local needs across New York State – helping create stronger families, neighborhoods and communities. Currently, the agency provides a system of care that includes community, school, and home-based prevention programs, prevention/reunification programs, therapeutic and treatment foster care, respite services, adoption services, programs for runaway and homeless youth, secure and non-secure detention, group homes, and the residential treatment center.

Berkshire has been providing services to youth and families since 1886 at its Residential Treatment Center and for more than 40 years throughout New York State. Through its system of care, Berkshire works with youth and families who are involved with many systems including Child Welfare, Juvenile Justice and Mental Health. Over time, Berkshire has developed not only strong and effective programming, but also a keen understanding of the myriad of issues, behaviors and environmental factors that are faced by the families served.

Because of this wealth of experience, Berkshire has become extremely familiar with the characteristics of this population. While each youth and family is unique, this population has many commonalities. Compounding problematic behaviors are a host of other challenges – mental health, substance abuse, behavioral, educational and family – that have added to their struggles. These youth predominantly come from impoverished neighborhoods with limited resources; they live in single parent, female-run households, often with generational histories of abuse and/or mental illness and substance abuse; many have experienced school failure; and most do not receive the structure, supervision and support they need. Because of their multiple issues, they require intensive, home and community based services to remain safely in the home. Berkshire's Prevention programs have been enhanced over the years to respond to the multi-faceted needs, challenges, and characteristics of youth, families and the communities in which they live.

Berkshire, through its array of Prevention programs across New York State, has been extremely successful in keeping youth safely in their homes, improving family functioning and averting the need for out-of-home placement, as demonstrated in these outcomes over the last five years:

- 96% of the youth served averted out-of-home placement.
- 98% of youth demonstrated a reduction in problem behaviors at home and in the community.
- 98% of children with truancy issues increased their attendance levels
- 98% of parents increased their involvement in community and school services and activities.
- 100% of youth and families increased their awareness of and access to community supports.

Capability to Provide Services

Berkshire has over 125 years of experience working directly with the target population through community based and congregate care programming. From small programs serving dozens to large, comprehensive programs that serve hundreds at a time, the agency has the capacity to:

effectively hire and maintain staff that is reflective of and responsive to the cultural and linguistic characteristics of the populations in each program; provide high quality services that are tailored to meet the needs of each community and its population; and maintain fiscal responsibility and accountability. This includes operating programs through contracts with State and county agencies and those funded through the Request for Proposal process with local, State and federal funding sources. Funders in this latter category include the New York State Office of Children and Family Services and New York State Education Department at the State level and the Administration for Children and Families and the Department of Labor at the federal level. With all programming, Berkshire is committed to full compliance with all relevant laws, rules and regulations as well as all contractual requirements. All employees maintain appropriate qualifications and licenses for their job responsibilities and the agency leadership team possesses a wealth of knowledge and expertise in issues and challenges related directly to the families served.

Berkshire has over a century of experience working with the Family Connections target population, and through the decades, programming has been tailored and refined to meet the needs of youth and families in their home communities. As a result, staff will have an array of experts and experience from which to draw. This begins with the Chief Executive Officer, Chief Program Officer, Director of Prevention and her leadership team, all who fully support this program. Even more importantly, program staff will be able to draw on Berkshire's current Prevention team, including those working in Nassau County, who can provide tremendous insight into the target population's strengths and challenges, and the communities in which they live. Finally, the Family Connections Program will have assistance of agency departments that work on behalf of all programs to maximize value to youth and families, ensure cost effectiveness for funders and that all programs meet and exceed all standards, laws and regulations. These departments include IT, Human Resources, Finance, PQI, and Development.

Capacity to Establish a Successful Partnership with Nassau County

Berkshire has worked in partnership with Nassau County for over 20 years, providing high quality community-based services to the youth and families of the county. In that time Berkshire and the Nassau County Departments of Social Services and Probation have worked together to ensure that services are refined and tailored to address and meet the specific needs of the children, families and communities of the County. Specific partners and collaborations include:

- *Nassau County Department of Social Services* will provide a liaison to coordinate referrals and support the program. The Family Connections Program staff will work in close collaboration with each youth and family's Department Case Manager.
- *Local Law Enforcement*: Family Specialists will work on a collaborative basis with local law enforcement agencies, to enlist their support in providing services to youth and families. The goal will be to reduce the need for law enforcement intervention.
- *Local School Districts*: Family Specialists will work with school districts of youth in the program who are struggling with attendance, performance and/or school behavior challenges. The goal will be to support youth's academic performance and progress.

In order to provide youth and families with comprehensive services and support, there are an array of other community-based organizations and agencies that Family Connections will reach

out to when appropriate. These are listed earlier on pages 8 and 9. In addition, Family Specialists and the Program Coordinator will reach out to the community to familiarize community members about the program and continually identify resources to expand the network of resources available to youth and families in their local communities.

c. Implementation Schedule

With the existing Family Connections Program in place there will be no delay in startup for the 2013 year. Therefore, program services for the Family Connections Program will begin on January 1, 2013.

d. Reports

At the conclusion of each program year, Berkshire provides the County with an annual report for the program. This report provides an overview of the program for the year and highlights the following:

- Description of referrals
- Presenting problems of youth and families referred to the program
- Average length of stay
- Outcomes for the years
- Success story
- Estimated cost savings
- Program statistics: number of children served, ages, ethnicity, family structure, and outcomes
- *Please see attached annual report for Nassau County Family Connections for 2011.*

e. Staffing

The agency leaders who will oversee the Family Connections Program are:

Stacy Williams, Director of Prevention, has been with Berkshire for eight years. Starting in foster care, Stacy switched her focus to Prevention. She began as a Family Specialist, and then took on more and more responsibilities, first as Program Coordinator, then as District Supervisor and currently as Director of Prevention and Non-Secure Detention Services. In her tenure at the agency, Stacy has refined her clinical skills, her supervisory skills in leading prevention programs, and her relationship-building skills in working with County departments and community based agencies, schools and community members. She is adept at motivating staff to provide the highest level of services and to appreciate the importance of establishing a presence in the community. Stacy provides leadership, support and direction to Program Coordinators and staff across New York State.

Jennifer Dane, LMSW, Assistant Director of Prevention, has been with Berkshire for the past nine years. She started as a Multisystemic Therapy (MST) Therapist in 2003, and was promoted to Prevention Program Coordinator in Schoharie County in 2005. In that role, Jennifer managed five prevention programs, worked closely with the County and community based agencies, and greatly expanded programming. In 2010, in recognition of her commitment and hard work, Jennifer was promoted to Assistant Director of Prevention, enabling her to share her skills and experience with Prevention programs across the state. Jennifer has excelled in this position, as evidenced by the great work she has accomplished overseeing Berkshire programming in New

York City and Long Island, including Berkshire's current programming in Nassau County. Jennifer has also become an active and respected participant within the network of providers of services to youth and families of Nassau County. This is accentuated by her recent invitation to serve as a member of the Nassau County Juvenile Crime Enforcement Coalition and to attend the monthly Juvenile Justice Provider Meetings.

Rene M Stratton, MSW, Program Coordinator, Nassau Family Connections, has been with Berkshire for four years. She began her career at Berkshire as a Social Worker with the Stepping Stones PINS Diversion Prevention Program. She then took on the role of Mentoring Coordinator in 2008 where she helped develop a mentoring program for youth at Berkshire's Residential Treatment Center so they were able to maintain connections with their home communities and assist in their transition when they return home. In recognition of the work she had done in Nassau and Suffolk counties, Rene was promoted to Program Coordinator of the Stepping Stones Program and ACS-funded Bronx Family Connections Program. In September of this year, Rene also became Program Coordinator of the current Family Connections Program in Nassau County. She has a great understanding of the needs of youth and families in Nassau County and has developed strong relationships with County and community based providers. Rene is a member of Long Islanders for Families and Youth, the County's, Substance Abuse Task Force, and the Nassau County Department of Health Perinatal Services Network Consortium

f. Prior Experience

Experience With the RFP services

Berkshire has been providing Family Connections to the children and families of Nassau County for 20 years and Columbia County for 17 years. In addition, Berkshire provides intensive prevention services, comparable to the services in this proposal, in Suffolk, Rensselaer, Clinton, Saratoga, Schoharie and Washington counties. All of these programs require close collaborations with the Departments of Social Services and Probation in each county as well as the network of service providers within each county and its community. Over time, these programs have helped thousands of families, among the highest need and highest risk in their counties, develop the skills, knowledge and resources necessary to avoid the need for out-of-home placement and improve family functioning. Outcomes over the past three years highlight this success:

- 94% averted the need for out-of-home placement during participating in the program
- 82% alleviated factors that placed children at risk for out-of-home placement
- 100% of families were linked with appropriate community based resources for mental health and other service needs and issues
- 96% of parents increased their involvement with services and activities at school and in the community

These outcomes demonstrate the effectiveness of Berkshire's intensive prevention programming, enabling youth to remain safely in their homes and families to function positively and productively within their communities, rather than to require youth to be placed outside of the home.

Experience With Public Sector Clients and Services of Similar Size and Scope

Berkshire has successfully been providing Prevention Services in counties around New York State for well over three decades. These services are designed to provide intensive home, school

and community-based services to preserve and strengthen the family unit and to avoid the unnecessary placement of children outside of their homes. Children and families in these programs are involved with Child Welfare, Probation, and Mental Health, as well as community based agencies and resources throughout communities and counties across New York State. Working in collaboration with county Departments of Social Services and Probation, Berkshire's Prevention Programs have been refined and enhanced to meet the needs of Counties and their youth and families. Berkshire currently has programming in 19 counties across New York State and provides 39 separate programs within those counties. They are:

- Albany County Advantage After School, Home Run, Pathways, Transitional Support Services
- Allegany County Turnabout
- Bronx Family Connections, Power Project
- Cattaraugus County FAR, Turnabout
- Clinton County Stepping Stones
- Columbia County Family Connections, Transitional Services, Prevention
- Hamilton County Home Run
- Montgomery County Stepping Stone
- Nassau County Family Connections, Families Together
- Niagara County Home Run
- Orange County Independent Living Program, Pathway
- Rensselaer County Advantage After School, Stepping Stones
- Saratoga County Short Term Prevention, Long Term Prevention, Turnabout
- Schenectady County Functional Family Therapy, Home Run, Prevention, Vision
- Schoharie County: Home Run, Project Buoyancy, Turnabout, Vision, Independent Living/Respite, Stepping Stones
- Suffolk County Stepping Stones
- Warren County Pathways
- Washington County Stepping Stones
- Columbia/Cattaraugus Pathways

As this list suggests, Berkshire provides Prevention programming across New York State, serving all localities, from small rural communities to large, urban centers. Regardless of location, Berkshire programs are tailored to meet the needs of each County and its youth and families. Similar services to the ones provided by Family Connections are provided in Schenectady, Albany, Columbia, and Saratoga counties as well as in the Bronx. These services have proven effective and helped hundreds of children and families succeed at home, in school and in their community:

- 90% of youth served in Berkshire Prevention programming avoided out-of-home placement
- 98% of parents increased their involvement in services in the community and in the school

g. Additional Information

Berkshire is committed to working with Nassau County to provide high quality programming for its youth and families. In the 20 years Berkshire has provided programs in the County, agency staff has worked in close collaboration with the County to ensure that services are matched to the

needs of the County and its families. Berkshire's commitment was recently reinforced, allowing Berkshire to expand its services in Nassau County even further. In 2010, Berkshire responded to a Request for Proposals from the New York State Office of Children and Family Services for their Community Reinvestment Program for alternative to detention programming. Berkshire reached out to Nassau County to be its partner for this program, recognizing the strength of the established relationship and understanding the need for services in its communities. The proposal, for the Families Together Program, was one of only seven awards statewide and today, that program is an important element in the system of care for the youth and families of Nassau County. In fact, in the first quarter alone, the program exceeded all outcomes for children and families, an indication of the strength of the partnership and an excellent predictor of the high quality of services yet to come.

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A

- chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
 - d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
 - e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
 - f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
 - g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
 - h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
 - i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

1. In the past five years, Contractor X has has not been found by a court or a government agency to have violated federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If a violation has been assessed against the Contractor, describe below:

On December 16, 2011, NYS Department of Labor conducted an audit at one of the agency's worksites located in Rochester, NY. The purpose of the audit was to review payroll and time records for the period of December 5, 2005 to December 5, 2011. Correspondence received from NYS Department of Labor on December 28, 2011 indicated two violations as a result of the audit.

Article 5 — Labor regulations require uninterrupted meal periods for employees working a shift of more than 6 hours. Although labor regulations do not require that these meal periods are paid, it is the policy of this agency that meal periods are paid. Because meal breaks are paid, employees may not have punched in or out for their meal period. Therefore, meal periods may not have been reflected on time records.

Article 19 — Labor regulations required that employers keep and have available for inspection records for employees. At the time of the audit, the agency was not able to produce some of the some of the time records from the earlier end of the requested timeframe. Time records from the earlier end of the requested timeframe were prior to agency's use of electronic timekeeping system and not able to be furnished at the time of the audit.

Correspondence received from NYS Department of Labor also directed that \$2,637.77 be remitted for payment to eight (8) employees who were identified during the time of the audit to be due wages for overtime worked. This amount included 25% liquidated damages. On January 18, 2012 the agency contacted the NYS Department of Labor to discuss these findings and furnish payroll records which satisfied that these eight (8) employees had, in fact, received some of the wages due. Upon review of the agency's explanation and documentation, the NYS Department of Labor accepted payment in the amount of \$1584.22 including 25% liquidated damages.

On January 25, 2013, NYS Department of Labor conducted an audit at one of the agency's worksites located in Valatie, NY. The purpose of the audit was to review payroll and timekeeping records for the period of January 1, 2011 to December 31, 2012. Correspondence received from the NYS Department of Labor on March 15, 2013 indicated one violation as a result of the audit.

Article 5 - Labor regulations require uninterrupted meal periods for employees working a shift of more than 6 hours. Although labor regulations do not require that these meal periods are paid, it is the policy of this agency that meal periods are paid. Because meal breaks are paid, employees may not have punched in or out for their meal period. Therefore, meal periods may not have been reflected on time records.

Correspondence received from NYS Department of Labor also directed that a penalty in the amount of \$100.00 be remitted for payment. This amount was paid in full.

Documentation is available upon request.

2. In the past five years, an administrative proceeding, investigation, or government body-initiated judicial action X has _____ has not been commenced against or relating to the Contractor in connection with federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If such a proceeding, action, or investigation has been commenced, describe below:

On November 24, 2010 the National Labor Relations Board for Region 3 issued correspondence alleging that the agency violated Section 8(a)(1) and (5) of the Act by unilaterally changing the health insurance coverage for bargaining unit employees, establishing Health Reimbursement Accounts (HRA's) for bargaining unit employees and that resulted in increased out-of-pocket expenses for the employees.

On May 27, 2011 a decision was issued finding that the agency had violated the Act as alleged.

On November 2, 2011, the parties reached a Board settlement resolving the issues in the above matter which included payment to nine (9) bargaining unit employees for the combined amount of \$12,358.16 as a make whole payment for health insurance out-of-pocket expenses incurred.

On January 4, 2012, the Regional Director approved the settlement. Payment was promptly issued and the mandatory notices to employees were posted for required timeframe.

On March 27, 2012, the case was closed.

Documentation is available upon request.

CONTRACTOR NAME: Precise Court Reporting Services, Inc.

CONTRACTOR ADDRESS: 200 Old Country Rd., Ste. 110, Mineola, NY 11501

FEDERAL TAX ID #: 11-2975988

Instructions: Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.

I. ☐ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. ☒ The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on 07/16/12. Potential proposers were made aware of the availability of the RFP by newspaper advertisement and posting on the Nassau County Purchasing website. Seven (7) potential proposers requested copies of the RFP. Proposals were due on 08/08/12. Seven (7) proposals were received and evaluated. The evaluation committee consisted of Jeffrey M. Stein, Tracy Niedfeld and Elise McCarthy. The proposals were scored and ranked. As a result of the scoring and ranking (attached), the highest-ranking proposer was selected.

III. ☐ This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on November 14, 2007. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after the ACISS Sytems, Inc., software was purchased under the Operation Impact III grant awarded to the Nassau County District Attorney's Office from the New York State Division of Criminal Justice Services. A copy of the most recent satisfactory evaluation of the contractor's performance is attached.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- ☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- ☐ D. Pursuant to General Municipal Law Section 119-a, the department is purchasing the services required through an inter-municipal agreement.

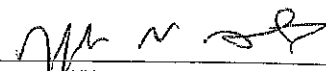

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

(c) No minutes shall be transcribed unless an indictment is returned, unless specifically requested by an Assistant District Attorney (ADA) from the Department. A "Prosecutor's Information" is not an indictment.

(e) Unless otherwise requested, transcripts shall be delivered in final form to Department within ten (10) working days of the date the indictment is returned, or within ten (10) working days after requested by an ADA from Department where initially a request not to transcribe has been made.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

6. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, discrimination, a living wage, disclosure of information, and vendor registration, in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's vendor registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the Agreement or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Client Information. The Contractor acknowledges that names of witnesses are confidential and may not appear on any documentation other than the submitted transcript and claim vouchers sent by the Contractor to the County for payment. The Contractor acknowledges and agrees that all information that the Contractor acquires in connection with performance under this Agreement is strictly confidential, shall be held in the strictest confidence and shall be used solely for the purpose of performing services for or on behalf of the County. Such confidential information shall not be disclosed to third parties except (i) as permitted under this Agreement, or (ii) in accordance with Law, or (iii) upon legal compulsion. The provisions of this Section shall survive the termination of this Agreement and breach of these provisions shall be cause for immediate termination of this Agreement.

7. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

8. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

9. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this Agreement void and of no effect. The failure of the Contractor to maintain required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

10. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

11. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the District Attorney or other head of the Department (the "District Attorney"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the District Attorney shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the District Attorney.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

12. Rights to Work. Upon execution of this Agreement, any reports, documents, data and/or any other material compiled or produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials, in any format, to such items, shall become the exclusive property of the County. Notwithstanding the foregoing, the County consents to the Contractor providing copies of transcripts to third parties as is customary in the ordinary course of business.

13. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit

entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance with this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after

it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the District Attorney at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of five hundred and thirty-three dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement. Contractor checks for the administrative service charge should be

payable to the order of "Nassau County."

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any

additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14 2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive

Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twentyfive thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. III. ☒ This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on 02/06/13. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on 07/16/12. Seven (7) proposals were received and evaluated. The two (2) highest-ranking proposals were accepted based on pre-established criteria. A copy of the most recent evaluation of the contractor's performance is attached. - ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. - ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- ☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.
- ☐ D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

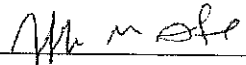

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

The contractor has received a satisfactory evaluation.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- ☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

(d) The provisions of this Section shall survive the termination of this Agreement.

9. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this Agreement void and of no effect. The failure of the Contractor to maintain required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

10. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

11. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the District Attorney or other head of the Department (the "District Attorney"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the District Attorney shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the District Attorney.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

12. Rights to Work. Upon execution of this Agreement, any reports, documents, data and/or any other material compiled or produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials, in any format, to such items, shall become the exclusive property of the County. Notwithstanding the foregoing, the County consents to the Contractor providing copies of transcripts to third parties as is customary in the ordinary course of business.

13. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit

entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance with this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after

it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the District Attorney at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of five hundred and thirty-three dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement. Contractor checks for the administrative service charge should be

payable to the order of "Nassau County."

22. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any

additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14 2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive

Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twentyfive thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel

necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Purpose: The Nassau County District Attorney's Office is required by law to furnish transcripts of grand jury proceedings upon request of defendants and/or their counsel.

Method of Procurement: RFP # DA0625-1221 issued on 07/16/12 in accordance with all applicable Nassau County Rules, Regulations and Procedures.

Procurement History:

RFP # DA0625-1221 was issued on 07/16/12. Seven (7) bids were received. A selection committee identified three (3) bids as having the highest scores based upon the criteria detailed in the RFP. Those three (3) bidders were asked to submit a best and final offer. Precise Court Reporting Services, Inc., and Suzanne Hand & Associates, Inc., submitted the two bids with the lowest cost of the three firms that were asked to submit a best and final offer.

Description of General Provisions:

This amends the original agreement to extend the services for a period of one year from January 1, 2015, to December 31, 2015. The County at its sole discretion may renew this Agreement under the same terms and conditions for two (2) additional one (1) year terms. ☐ **B.** The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME: Precise Court Reporting Services, Inc.

CONTRACTOR ADDRESS: 200 Old Country Rd., Ste. 110, Mineola, NY 11501

FEDERAL TAX ID #: 11-2975988

Instructions: Please check the appropriate box ("☐") after one of the following roman numerals, and provide all the requested information.

I. ☐ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. ☒ The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on 07/16/12. Potential proposers were made aware of the availability of the RFP by newspaper advertisement and posting on the Nassau County Purchasing website. Seven (7) potential proposers requested copies of the RFP. Proposals were due on 08/08/12. Seven (7) proposals were received and evaluated. The evaluation committee consisted of Jeffrey M. Stein, Tracy Niedfeld and Elise McCarthy. The proposals were scored and ranked. As a result of the scoring and ranking (attached), the highest-ranking proposer was selected.

III. ☐ This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on November 14, 2007. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after the ACISS Sytems, Inc., software was purchased under the Operation Impact III grant awarded to the Nassau County District Attorney's Office from the New York State Division of Criminal Justice Services. A copy of the most recent satisfactory evaluation of the contractor's performance is attached.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:

☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ D. Pursuant to General Municipal Law Section 119-a, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

In addition, if this is a contract with an individual or with an entity that has only one or two employees:

☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

For end of year processing, claim vouchers and transcripts for minutes taken or requested during the last month of the Agreement must be delivered to Department no later than close of business on the last day of the month following the last day of the contract term.

(d) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(e) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, discrimination, a living wage, disclosure of information, and vendor registration, in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's vendor registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the Agreement or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Client Information. The Contractor acknowledges that names of witnesses are confidential and may not appear on any documentation other than the submitted transcript and claim vouchers sent by the Contractor to the County for payment. The Contractor acknowledges and agrees that all information that the Contractor acquires in connection with performance under this Agreement is strictly confidential, shall be held in the strictest confidence and shall be used solely for the purpose of performing services for or on behalf of the County. Such confidential information shall not be disclosed to third parties except (i) as permitted under this Agreement, or (ii) in accordance with Law, or (iii) upon legal compulsion. The provisions of this Section shall survive the termination of this Agreement and breach of these provisions shall be cause for immediate termination of this Agreement.

7. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

8. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

9. Insurance. (a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this Agreement void and of no effect. The failure of the Contractor to maintain required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

10. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"). and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

11. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the District Attorney or other head of the Department (the "District Attorney"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the District Attorney shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the District Attorney.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

12. Rights to Work. Upon execution of this Agreement, any reports, documents, data and/or any other material compiled or produced pursuant to this Agreement, and any and all drafts and/or other preliminary materials, in any format, to such items, shall become the exclusive property of the County. Notwithstanding the foregoing, the County consents to the Contractor providing copies of transcripts to third parties as is customary in the ordinary course of business.

13. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit

entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance with this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. Consent to Jurisdiction and Venue: Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after

it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the District Attorney at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of five hundred and thirty-three dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement. Contractor checks for the administrative service charge should be

payable to the order of "Nassau County."

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any

additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14 2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive

Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twentyfive thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☐ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to the contract being submitted to the Comptroller.

The contract was originally executed by Nassau County on 02/06/13. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on 07/16/12. Seven (7) proposals were received and evaluated. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No.928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

The Department of Veterans Affairs (VA), Office of Small and Disadvantaged Business Utilization (OSDBU) remains dedicated to employing a verification process that effectively responds to the concerns raised by the Veteran business community. On February 21, 2017, the VA published in the Federal Register a change to 38 CFR Part 74, extending the eligibility period for firms verified in the Veterans First Contracting Program from two (2) to three (3) years. The purpose of this change is to reduce the administrative burden on VOSBs/SDVOSBs regarding participation in VA acquisition set asides. 1. All firms that are currently verified as of March 21, 2017 will be automatically granted an additional one (1) year of eligibility. This eligibility extension will be reflected in the Vendor Information Pages (VIP). Updated verification approval letters will not be sent.
2. For verified firms that have submitted reverification applications on or before March 21, 2017, and:
 - a. If your application has not yet been assigned to a Case Analyst, your reverification application will be administratively removed from further processing. Your current eligibility verification period will be extended one (1) year as outlined above, and you will be eligible to apply for reverification when you are within 120 days of the expiration of your new eligibility period, or
 - b. If your application has been assigned to a Case Analyst,
 - i. CVE will continue processing your reverification application and your current eligibility period will be extended for one (1) year so that your eligibility will not lapse during the processing of the reverification application. If your reverification application is approved, you will be granted a new three (3) year eligibility period, or
 - ii. If you do not wish to continue with the reverification process, you may withdraw your reverification application and your verification eligibility period will be extended one (1) year as outlined above. BRIGHT PROSPECTS

A decade
after closure,
school is reborn

BY SOPHIA CHANG
sophia.chang@newsday.com

More than 100 years after it first opened, Hempstead's Prospect School has been reborn.

As hundreds of kindergartners worked on their lessons inside, officials on the front step cut a big blue ribbon yesterday, reopening the building that had been shuttered for 10 years.

The ceremony in the school's parking lot drew elected officials and community members to celebrate the return of the school built in 1906 and transformed by a 16-month \$18.1 million renovation.

"It is a bright, beautiful day in the Hempstead Union Free School District," Superintendent Susan Johnson told a crowd of hundreds of residents, elected officials and educators gathered in front of the school on Peninsula Boulevard.

One parent was delighted with the school's new facilities.

"The school is beautiful. I couldn't believe what they did," Stephanie Mills said in a phone interview. "I like the way they did the classrooms and when you walk into the hallways, it's so bright and nice."

She said her son Christian, 5, had a great first day.

Johnson said an estimated 598 students have enrolled at the school, which will serve as a districtwide kindergarten.

The Prospect School was closed in 2003 because of structural issues. For a decade, students were housed in temporary trailer classrooms. Renovations, which began in 2012, were delayed for months because of asbestos abatement and superstorm Sandy damage.

Now, the school has more than 30 learning spaces, a library and wireless Internet access. Renovations were financed primarily with state grants after a 2011 bond vote, with the district paying \$500,000.

The reopening of the Prospect School has been heralded

as a turning point for the troubled district, which this summer acknowledged a long-standing policy of raising failing grades to passing and the new placement of the high school on the state's "priority" list.

The retired principal of the Franklin School, John Moore, said this year's enrollment in the district's schools has increased by 300 students over last year.

The renovated Prospect School includes a new playground.

"This district must be doing something right," he said, and added, "Let's let Prospect be a prototype of things to come."

The school's sunny cafeteria is painted bright blue and hallways are color-coded, including a section of lemon yellow. "Don't run!" Principal Carol Eason said as she directed a line of fidgeting children after they ate lunches of turkey and ham

sandwiches with fruit and milk. Architect Roger Smith of BBS Architecture in Patchogue, which renovated the school with Elite Construction of Garden City, said the building was in "so much disrepair."

"We had to bring the building back to full restoration, and also make it a space for the little guys in terms of size and colors," he said.

brary structure, originally constructed in 1962 and expanded in 1986.

Library director, Tom Bazzicalupo, said, "The North Bellmore library serves a community of over 20,000 residents. The current building does not fulfill the community needs and lacks crucial facilities such as a children's activity room, a young adult room, and sufficient meeting rooms.

We look forward to the upgrades, which will serve our community for decades to come.

"The \$8.9 million expansion and renovation will provide the North Bellmore residents with sufficient space for public meetings and youth programs, update the library's technological infrastructure, and improve the building's energy efficiency," said Elite's Reed. "The renovated structure will feature numerous sustainable and energy efficient systems and materials, such as photovoltaic solar panels, energy-saving lighting fixtures, high performance window glazing, window sunscreens, high-efficiency HVAC units, and high recycled content materials."

To Whom It May Concern

It is with much pleasure and ease that I write this letter of recommendation for Elite Construction. We have been working with Elite Construction for the past year and a half. The firm is serving as the construction manager for our \$8.9 million expansion/renovation project—a 4000 square foot addition and a total gut renovation of our existing building.

Elite Construction is a very important and integral part of our project team. They work well with our architect, the Library's Board of Trustees, the staff and I. In addition, the firm also had to work very closely with our local Board of Education during the preliminary stages of the project and they have always handled each situation professionally. Their personnel are able to make complicated information into terms that laymen can understand.

Elite Construction is very knowledgeable on the proper channels of the monotonous amount forms and paperwork needed for New York State for any construction project. The firm conducts monthly owners' meetings to bring all individuals involved up-to-date with where the project is at that time. They are very dependable and are very punctual in addressing any concerns you may have and in replying to any e-mail messages or phone calls.

In closing, I can enthusiastically recommend Elite Construction for any type of construction project! Please feel free to contact me if you need any further information.

Sincerely,

Thomas Bazzicalupo

Re: Letter of Recommendation-Elite Construction of NY

To Whom it May Concern,

It is my great pleasure to wholeheartedly recommend Elite Construction of NY for general contracting services. On behalf of New York University's, Tisch School of the Arts, I recently awarded a rest room renovation project to Elite and I was completely satisfied with their performance! I was further impressed by their attention to detail, adherence to the schedule and budget and their good communication throughout!

Elite CEO, Michael Reed, was very responsible and proactive throughout the entire renovation. The super he assigned to the project was also very responsible and professional and took care of any needs that stakeholders on the floor had, including the facilities staff here at the school. Michael's close supervision and eye for detail was appreciated as was his very kind, professional demeanor.

I would not hesitate to use Elite again in the future and in fact I look forward to working with them again soon. If I can provide any further information regarding my experience, please feel free to contact me.

Thanks-Leighton

Re: Recommendation Letter

Dear Mr. Reed,

On behalf of Battery Park City Authority, it gives me great pleasure to recommend Elite Construction of New York as the builder for your project.

Throughout our \$3.5 million Battery Park City Parks Conservancy-Mechanical Systems Modification Project, Elite Construction of New York has exemplified outstanding professional service and leadership.

Our project required the abandonment of two geothermal wells, upgrades to the boiler unit and installation of a new chiller unit to support the facility, as well as improvements to the building's ventilation systems. Elite Construction of New York has continuously used its experience to fulfill the requirements of our project with distinction.

It is also important to note that the company's on-site manager, Jayson Hill, is a hard-working, punctual and proactive person, who never hesitates to ensure that our construction needs are properly addressed. We believe that his excellent work with our Conservancy-Mechanical Systems Modification Project is a reflection of the work ethic of all Elite Construction personnel.

Elite Construction of New York also maintains consistent communication with the building's owner and tenants, which has assisted in the project's ongoing success. In addition, the company has made it a priority to adhere to our project's construction timeline and we are highly anticipating our project's completion at the end of this month.

Our company is very pleased with Elite Construction of New York's exceptional performance and we are elated to recommend this company for your construction project.

RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

Elite Construction of NY was retained by the Roosevelt Fire District to manage our Emergency Generator at Station No. 3 project. Once onboard, they immediately established a plan on how the work was to be implemented from design development to project closeout. Their dedication to customer satisfaction has enabled me to comfortably write this recommendation letter.

With the use of their project controls, Elite Construction managed the generator project and kept the district informed every step of the way. Every action was taken to ensure that this project was a success for all parties involved. Our favorable experience continues the positive reputation that the company has developed in the community with their work associated with the Roosevelt Public Library and the Roosevelt High School projects.

I would invite you to give me a call to discuss our experience with Elite Construction of NY. Their 'attention to detail' enabled for the project to be completed flawlessly and we were always informed as a client. We look forward to another opportunity when we can utilize their services.

If you need additional information or have any questions, please do not hesitate to contact me at 516-351-7836.

As the president of the Hempstead Board Education, I worked alongside Elite Construction of New York from 2011-2013 to complete the Hempstead School District's \$18.1 million Prospect School Bond Project. From day one, this company utilized its expertise and worked tirelessly to complete this important project for our students. Under Elite Construction of New York's outstanding leadership, innovation and due diligence, our district successfully renovated, restored and reopened this landmark school building as a state-of-the-art kindergarten center. The project, which was a major undertaking for our school district, marked the first time in more than 30 years that a Hempstead School District construction project was completed on time.

In addition, both Michael Reed and Eze Small are exemplary professionals. They are knowledgeable, punctual, resourceful and hardworking individuals, who serve all of their clients with distinction. Throughout the Prospect School Bond Project, Michael and Eze maintained excellent and consistent communication with the district, which included providing the Hempstead Board of Education with monthly reports.

Our district is very pleased with Elite Construction of New York's performance and we look forward to working with the firm in the future. There is no doubt that this company will work diligently each day to meet your needs and expectations as well. Arrangements can be made for a visit of the Prospect site if desired. If you need additional information or have any questions, please do not hesitate to contact me at 516-292-7111 X 1130, or via e-mail, bcross@hempsteadschools.org.

RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

I am pleased to write this letter of recommendation on behalf of Elite Construction of NY. Elite Construction of NY was chosen by the Roosevelt Union Free School District (UFSD) to conclude the last in a series of five (5) school construction improvement projects, the complete renovation of our High School. Elite Construction of NY was particularly chosen over other construction managers to facilitate the renovation of our High School based upon their proven track record of performance and success as well as for their client satisfaction.

In 2002, the Roosevelt UFSD embarked upon several school construction initiatives to revitalize all of our schools in order for them to reflect true 21st century learning environments for our students and staff. After successfully building four brand new schools, the last remaining and most challenging project was the complete renovation of Roosevelt High School, the flagship school of the District. Although our available resources would not allow us to build a brand new Roosevelt High School, the District still desired that the newly renovated school would reflect the grandeur, beauty and splendor of our recently built elementary schools and middle school. In order to accomplish this feat, the District searched for a construction management company that would maximize our remaining school construction resources and also meet an aggressive timeline to completely renovate the High School in accordance with our high expectations.

To this end, Elite Construction of NY which brings over thirty five years worth of successful construction projects was chosen by Roosevelt UFSD to lead the reconstruction of our entire High School campus (school facility and sports complex). This monumental project included the complete renovation of our existing 196,000 square foot High School, the addition of 36,000 square feet of new construction to include a state-of-the-art Library Media Center, new gymnasium complex, and an inviting cafeteria and kitchen accommodations. Also, included as part of the \$66.9 million bond program was the complete overhaul of the Sports Complex shared with our Middle School which now provides an 8 lane all-weather track, sports lighting, bleacher expansion, tennis courts and reconstructed athletic fields.

During our recent public tours of the facility, the Roosevelt school community members were extremely impressed with the amount of work accomplished during the limited time period in which the High School was vacated. Our students and teachers are greatly anticipating the commencement of classes in the fall of 2013 in the now 'jewel' of our construction bond program. With a combination of traditional science rooms and implementation of Fusion Science Labs, the science instructional program will now be enhanced with the usage of 21st century resources. Elite's construction personnel worked tirelessly on this project to ensure that it was delivered to the District on budget and with superior quality. Without the exceptional oversight from Elite's staff, our project would not have been the success hailed by the Roosevelt school community.

Among the many qualities which distinguish Elite Construction of NY from other construction management companies is their dedication and commitment to the successful completion of the project. Since our High School project involved an extensive renovation, it required a persistent attitude to keep the project moving while issues were being resolved. This fortitude, which may come from Chief Executive Officer Michael Reed's military background, allowed for our project to be accomplished in a minimal amount of time due to diligent efforts to keep the contractors focused on the goal of project completion. Another key to Elite's success on the Roosevelt High School Renovation Project were the monthly *Owner and Manager Project Meetings* with the District, Elite and the architect throughout the course of the project. During these meetings, Elite kept us informed and we were able to make key decisions about the project budget, change order log(s), construction operations, and the adherence to the time schedule. Without the meticulous attention to detail provided by Elite Construction of NY, our High School project may not have been as successful which would have reflected poorly on the students, staff and families of the Roosevelt school community.

Please feel free to contact me in order to discuss the bond project further and/or to tour our newly renovated High School facility and campus. I am confident that you will be as highly impressed as we were with the selection of Elite Construction of NY as construction managers.

Sincerely,

To Whom It May Concern,

This letter is to serve as an endorsement of Eze O. Small for any construction management/Owners Representative opportunities based on our experience at the Roosevelt Public Library Project. Eze was the Project Manager on our Library construction project which consisted of a new 19,600 square foot Performance Arts Center and an extensive renovation to our existing 10,000 square foot facility. Our new facility has been the showcase of the community and the library world.

Eze was the person in charge of all the day to day activities directed to completing the project. He performed the implementation of construction means and methods and he also handled the financial payments, budgeting, scheduling and coordination. His will and determination to see the project through was something to be admired. His ability to see potential issues and avoid them was uncanny, his direction and ability to have the contractors buy into his vision of the project was amazing. On this project it seemed that all parties involved were personally committed to the project. Not only was his dedication to the project evident in the way he attacked the daily activities and obstacles, but he always kept the Board updated with the progress of the project and thoroughly explained the various reasons for his informed recommendations. Eze represented and defended the interest of the project at all times. It was truly refreshing to work with this individual on a daily basis. On behalf of the board, it was a blessing to establish this relationship which has guided us along this journey for this construction project.

As previously stated, Eze O. Small has been a true professional throughout this project. The relationship that he has established with the Board and library staff is one that we will all cherish for many years to come. No obstacle will stop him from achieving the desired results on a project. Regardless of the circumstances, Eze will find a way to accomplish the task at hand. He has the ability to take the challenges that arise on a project and make them a strength, as he gains momentum on the project. I highly recommend having Eze manage, direct any construction project. I look forward to the possibility of working with Eze in the future; his presence in our project was priceless.

RE: Recommendation Letter for Elite Construction of NY

To Whom It May Concern:

After an extensive search, Elite Construction of NY was chosen by Malverne UFSD to lead the district in the construction of its Proposition 2 Bond Program. This is the district's first bond program in over thirty years and we wanted to ensure its success. Elite Construction of NY brings over thirty years worth of successful construction projects with a track record of proven performance and client satisfaction. Without hesitation, it was a clear cut decision to hire Elite Construction to manage our \$4.1 million Physical Education and Athletic Facilities Project.

From the initial hiring of Elite Construction, they immediately dissected the project which was under construction. Eze Small, without delay, gained control of the construction project and reviewed the construction schedule, submittals and project finances. By instituting their proven control system, Elite was able to establish and show the critical path to our project completion. This ability to analyze the project comes from Eze Small's and Mike Reed's many years of experience in the business. Our district truly benefitted by working with Elite Construction on our Proposition 2 Bond Program.

I would invite you to give me a call to discuss further and to tour our athletic facilities. I am sure that you will be highly pleased with your selection of Elite Construction of NY as we were in our bond project. Again, if you have any questions, please do not hesitate to call me at 516-887-6407.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To The Board of Directors
KS Engineers, P.C.
Newark, NJ 07102

We have reviewed the accompanying financial statements of KS Engineers, P.C., which comprise the balance sheet as of December 31, 2015, and the related statements of operations and retained earnings and cash flow for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Respectfully submitted,

(See Independent Accountant's Review Report)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF BUSINESS

KS Engineers, P.C. (the "Company") is a successor to Haks Engineers, a partnership which was formed April 29, 1991 for the purpose of providing professional engineering services in the architectural, civil, structural, and transportation fields. The Company was incorporated on July 29, 1994, and effective September 1, 1994, Haks Engineers, Partnership, assigned all its assets subject to all its liabilities, and all its contracts to Haks Engineers, P.C. New York. Haks Engineers, P.C. New Jersey was incorporated December 6, 1994. The Company's central operating office is located at 494 Broad Street in Newark, NJ. The Company provides all its services to different governmental agencies. On July 31, 1997, the Company purchased all the shares of the other stockholder, and the remaining sole stockholder of the Company sold his interest in Haks Engineers P.C. (NY).

BASIS OF PRESENTATION

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. GAAP.

REVENUE RECOGNITION

The Company engineering and other services are performed primarily under long-term cost type contracts. Revenues are recognized when costs are incurred for cost type contracts and on a percentage-of-completion method for fixed price contracts. Anticipated contract losses of the Company are recognized in full when reasonably determined.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company, at times, maintains cash balance with financial institutions that may be in excess of the FDIC insurance limit.

ACCOUNTS RECEIVABLE

The Company has determined that no provision for delinquent or uncollectible receivables is necessary based upon the nature of their governmental clientele and historic successful collections of all previous accounts receivable.

UNBILLED COSTS

KS ENGINEERS, P.C.

NOTES TO FINANCIAL STATEMENTS - DECEMBER 31, 2015

(See Independent Accountant's Review Report)

<u>Class</u>	<u>Useful Life</u>	<u>Cost</u>
Transportation equipment	5 years	\$ 154,243
Office equipment	7 years	6,335

Leasehold improvements	10-15 years	\$180,149
Less: Accumulated amortization		<u>(101,732)</u>
Net cost		<u>\$ 78,417</u>

Depreciation and amortization expense for the year ended December 31, 2015 was \$96,159 and \$12,234 respectively.

SECURITY DEPOSITS

Security deposits represent deposits for office space rented by the Company.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

If the government determines the Company has not accounted for such costs consistent with CAS, the government may disallow these costs. Audits by the Government and other agencies consist of reviews of the Company's overhead rates, operating systems and cost proposals to ensure that the Company accounted for such costs in accordance with the Cost Accounting Standards of the FAR (CAS). If the government determines the Company has not accounted for such costs consistent with CAS, the government may disallow these costs. Independent Accountant's Review Report

To The Board of Directors
KS Engineers, P.C.
Newark, NJ 07102

We have reviewed the accompanying balance sheet of KS Engineers, P.C., (the Company) as of December 31, 2013 and the related statements of income and retained earnings and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

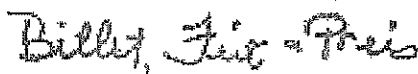

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Respectfully submitted.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CONCENTRATION OF CREDIT RISK

All of the Company's revenues are earned from various state and local governmental agencies primarily within the NY City and Philadelphia Metropolitan areas.

The Company's operations are substantially dependent on governmental infrastructure projects. Significant changes in the level of government projects could have a favorable or unfavorable impact on the Company.

NOTE 2 - UNBILLED COSTS

Represents costs incurred to date in connection with jobs in progress but not yet billed to the prospective clients as of the balance sheet date.

NOTE 3 - RETAINAGE RECEIVABLE

This account represents amounts retained by various government agencies until completion of their respective contracts with the Company. Management believes that all of the retainage receivable is collectible as of December 31, 2013.

NOTE 6 - CONTRACT CLAIMS

In accordance with the American Institute of Certified Public Accountants Statement of Position No. 81-1, "Accounting for performance of Construction - Type and Certain Production - Type Contracts," the Company records contract revenue related to claims only if it is probable that the claim will result in additional contract revenue and if the amount can be reliably estimated. If both criteria are met, the Company records revenue only to the extent that contract costs relating to the claim have been incurred. As of December 31, 2013 the company had no significant receivables related to contract claims.

NOTE 7 - GOVERNMENT CONTRACT MATTERS

The Company's contracts are subject to, among other regulations, regulations issued under the Federal Acquisition Regulations (FAR). These regulations can limit the recovery of certain specified indirect costs on contracts and subjects the Company to multiple audits by government agencies. In addition, most of the Company's state and local contracts are subject to termination at the discretion of the client.

Audits by the Government and other agencies consist of reviews of the Company's overhead rates, operating systems and cost proposals to ensure that the Company accounted for such costs in accordance with the Cost Accounting Standards of the FAR (CAS). If the government determines the Company has not accounted for such costs consistent with CAS, the government may disallow these costs. Historically, the Company has not had any material cost disallowances by the government as a result of audits. However, there can be no assurance that audits by the governmental agencies will not result in material cost disallowances in the future.

9. Indemnification; Defense; Cooperation.

(a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of an indemnified party.

The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) Limitation of Liability. In no event shall either party be liable to the other for any indirect, special, consequential, incidental, or punitive damages arising out of this Agreement or any Task Order issued hereunder.

The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly

designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

13. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. (b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy and Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature

page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

Appendix "EE"

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request,

submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding

employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

SUBJECT: "On-Call" Construction Management Services: Building Construction Group
RFP No. PW-B95102-02C
Recommendation of Award

In our professional judgment, the top ten (10) firms, having received a higher technical rating present the best value to the County. Furthermore, it is the Department's recommendation that each of the top ten (10) firms be retained to provide On-Call Building CM Services.

It should be noted that no specific scope of services was requested with this RFP since the services are of an "on-call" nature. A cost proposal was submitted separately in a sealed envelope as requested in the RFP. The firms selected to provide these CM services will be compensated on either a lump sum basis or the actual salaries paid to the technical personnel engaged in performing the services times a multiplier. Funding for these professional services will be available on a project specific capital improvement basis.

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.
