Instructions: Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.

I. ☑ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in Newsday / NYS Contract Reporter [newspaper] on 8/28/2019 [date]. The sealed bids were publicly opened on 10/01/2019 [date]. 4 [#] of sealed bids were received and opened.

II. ☐ The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on _____ [date]. _____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. ☐ This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

_____[describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. ☒ Participation of Minority Group Members and Women in Nassau County Contracts. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☒ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

Vendor Code of Ethics

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

Vendor Code of Ethics

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

Vendor Code of Ethics

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

Vendor Code of Ethics

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

Vendor Code of Ethics

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii) 30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Vendor Code of Ethics

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Vendor Code of Ethics

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Vendor Code of Ethics

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

As a condition of being considered for the award of any contract above the County's small purchase threshold of \$10,000, the Vendor will be required to distribute copies of the Nassau County Vendor Code of Ethics to all Participating Employees prior to any of those employee's participation in the procurement. The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

Vendor Code of Ethics

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

Section 8.02 Vendor Certifications

The vendor by signing the final contract thereby certifies and attests to the following:

- (b) All of its Participating Employees during the course of procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;
- (c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;
- (d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;
- (e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Vendor Code of Ethics

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Vendor Code of Ethics

Chapter 9: PENALTIES

Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

Chapter 10: REPORTING OBLIGATION

Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

Vendor Code of Ethics

violation of law involving fraud, conflict of interest, bribery or gratuities.

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

To facilitate the reporting obligations under Chapter 10, this code strictly forbids all Vendors and Vendors' Employees from taking any Retaliatory Action against individuals who make such reports.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law § 165-a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

 X **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

 b. Certification that the Bidder's investment in Iran is ceasing: The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and

shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

SYOSSET, NY 11791

This endorsement modifies insurance provided under the:

Commercial General Liability Coverage Part

A. Section II – Who Is An Insured is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract or written agreement. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf,

in the performance of your ongoing operations or "your work" as included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

However, the insurance afforded to such additional insured:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to:

"Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services including:

- a. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- b. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

C. The following is added to Paragraph 2. Duties In The Event Of Occurrence, Offense, Claim Or Suit of Section IV – Commercial General Liability Conditions:

The additional insured must see to it that:

1. We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;
2. We receive written notice of a claim or "suit" as soon as practicable; and
3. A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured if the written contract or written agreement requires that this coverage be primary and non-contributory.

D. For the purposes of the coverage provided by this endorsement:

1. The following is added to the Other Insurance Condition of Section IV – **Commercial General Liability Conditions:**

Primary and Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

- a. The additional insured is a Named Insured under such other insurance; and
- b. You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

2. The following paragraph is added to Paragraph 4.b. of the Other Insurance Condition of Section IV – **Commercial General Liability Conditions:**

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

- E.** This endorsement does not apply to an additional insured which has been added to this policy by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

- F.** With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section III – **Limits Of Insurance:**

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the written contract or written agreement referenced in Paragraph A. of this endorsement; or
 2. Available under the applicable Limits of Insurance shown in the Declarations,
- whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms and conditions of this policy remain unchanged.

PROJECT NAME: SILVER LAKE DRAINAGE IMPROVEMENTS STUDY

CLIENT REFERENCE: SEAN SALLIE
NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS
516-571-9342

In 2018, the LKMA completed the Technical Design Report and the 30% Design Plans for the Silver Lake Drainage Improvements Project. This project required an extensive drainage inventory of the upland 2,675 acre watershed as well as creation of a drainage model that would analyze the existing drainage conditions and provide flood mitigation solutions that would fit into the County's limited funds for the project (\$1.7 million). As a result of both the drainage study and heavy community participation, LKMA developed four high priority projects that will significantly reduce the occurrence of flooding, improve water quality and improve the overall aesthetics of the park.

PROJECT NAME: BARNUM ISLAND / HARBOR ISLE DRAINAGE STUDY

CLIENT REFERENCE: SEAN SALLIE
NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS
516-571-9342

LKMA was the Lead Consultant for this Governor's Office of Storm Recovery (GOSR)-funded project to investigate existing stormwater deficiencies within the Hamlets of Barnum Island and Harbor Isle, located in the Town of Hempstead; and identify flood reduction projects that, when implemented, will address the existing stormwater deficiencies. During the study phase of this project, the design team coordinated its efforts with the local municipalities including the Town of Hempstead, the Village of Island Park and Nassau County, and held meetings with community groups, including the Island Park Civic Association and the NYRCR Barnum Island/Oceanside/the Village of Island Park/Harbor Isle Committee. The study evaluated the functionality of eleven (11) different drainage systems with outfalls located on Harbor Isle and thirty (30) drainage systems with outfalls located on Barnum Island. Proposed alternative improvements were developed to identify upgrades to the existing drainage infrastructure to accommodate the design criteria's rainfall and tidal events. An important aspect of the study was the prioritization of the proposed drainage improvement project locations, taking into consideration key variables such as magnitude of flooding, number of homes affected, significance of location (i.e. evacuation routes, schools, emergency services), cost and green infrastructure implementation. Proposed solutions include road raisings, check valves, and drainage system capacity improvements.

PROJECT NAME: NYS ROUTE 110 RECONSTRUCTION DRAINAGE IMPROVEMENTS, HUNTINGTON

CLIENT REFERENCE: GLENN MURRELL, PE
NEW YORK STATE DEPARTMENT OF TRANSPORTATION
631-952-6018

This project evaluated the development of feasible alternatives for roadway and significant drainage improvements on a 0.9 mile section of NYS Route 110 (New York Avenue) in the vicinity of Huntington Harbor, and developed plans for construction. The project area suffers from several contributing factors that create a complex flooding situation, including low and nearly flat elevations of the roadway; steep grade of the surrounding area; a 3,500 acre watershed area; high groundwater table; influence of tidal action due to proximity of the Huntington Bay; and significant development of the area and the stream parallel to Rte. 110.

Hydraulic and hydrologic modeling of the large urban watershed was performed using the USEPA SWMM program and an evaluation of stormwater treatment Best Management Practices was conducted. An innovative drainage solution, including upgrading the capacity of a parallel creek to accommodate stormwater flows, was developed. The project was awarded an "Evergreen" rating—the highest possible rating under NYSDOT's (Green Leadership In Transportation Environmental Sustainability), a transportation environmental sustainability rating program.

PROJECT NAME: 'PATH TO THE PARK' SHORELINE IMPROVEMENTS IN SOUTH VALLEY STREAM

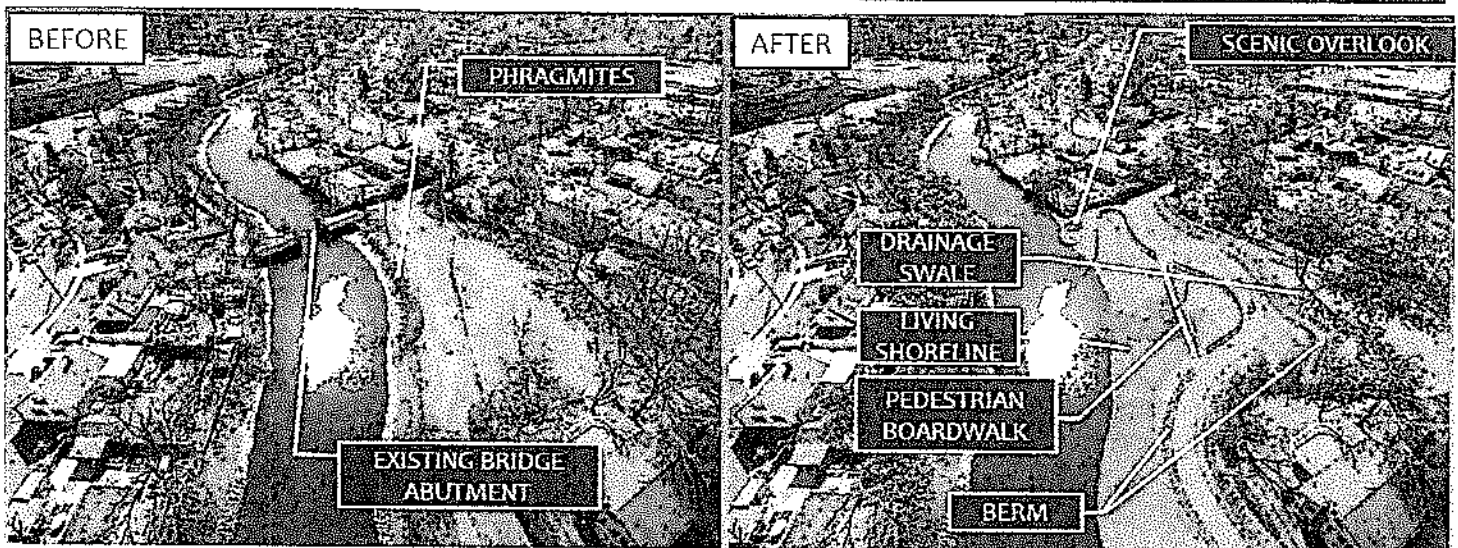

CLIENT REFERENCE: JEFFEREY TIERNEY
DEPUTY COMMISSIONER / DEPARTMENT OF ENGINEERING
TOWN OF HEMPSTEAD

LKMA is the Lead Consultant for this Governor's Office of Storm Recovery (GOSR)-funded project to restore the natural shoreline along Valley Stream from Cloverfield Road north to Mill Road and the adjacent 2,000 foot Path to the Park. A second component of this project is the replacement of the existing deteriorated timber bulkhead at Brook Road Park with a vinyl bulkhead anchored with helical earth anchors. The overall concept of the project is to remove invasive plant species and plant native wetland species that will create a living shoreline that utilizes a combination of both green and hardened features to re-establish the park's shorelines at a higher and more flood resilient elevation.

All proposed upland and wetland plantings were native plant species. Other improvements at the park includes the design of a scenic overlook, pedestrian boardwalk pollinator garden, kayak launch, osprey's nest and pocket-park.

TOWN OF BROOKHAVEN

Under a NY State Environmental Facilities Corporation Grant, LKMA developed plans and procured environmental permits for stormwater quality improvements at the site of a former Chevrolet dealer in Patchogue. In addition to establishing a wet meadow for stormwater treatment prior to its entering the adjacent Swan River, a passive-use park was created which showcases a variety of green infrastructure technics with educational signing that explains the features and benefits of the project. Other green infrastructure practices installed include a parking lot and maintenance road constructed of permeable pavers and a bio-retention basin. As part of this project, the original streambed of the Swan River was re-shaped to form a more natural cross sectional geometry and invasive plant species were removed and replaced with native wetland species. Other amenities include an ADA-accessible walking path and significant landscaping.

CLIENT REFERENCE: ED MORRIS, COMMISSIONER
TOWN OF BROOKHAVEN DEPARTMENT OF PARKS & RECREATION

Design and permitting of new exterior site improvements to the existing grounds of the recreational facility in Moriches. The improvements were made along the existing sloped area between the existing comfort station building/parking lot and west edge of Kaler's Pond. The sloped area is difficult to vegetate and often is the subject of soil erosion. The improvements designed by LKMA included the construction of ramped paths, rain gardens and new playground areas that promote storm-water management, ADA accessibility and less maintenance to the park grounds. LKMA obtained the required environmental approvals from the NYSDEC's Freshwater Wetlands Division for the project. Project was completed in 2016.

LKMA is providing survey, design and permitting services necessary for the construction of a pool and weir fish passage at Woodhull's Dam located on the Little River, a tributary to the Peconic River in Southampton. The site is within Cranberry Bog County Park. Design of a fish passage will restore and improve the ecosystem and fisheries of the river, which contains State-designated Significant Coastal Fish and Wildlife Habitats. The fish ladder is a pool and weir style that will provide safe passage for the primary target species, including Alewife. A separate eel passage design was incorporated to accommodate the American eel.

TOWN OF BROOKHAVEN DEPARTMENT OF HIGHWAY

LKMA prepared design plans for the emergency replacement of an existing culvert below Traction Boulevard dam on Canaan Lake. In addition, LKMA coordinated utility relocations, and procured NYSDEC freshwater wetland permits and US Fish & Wildlife approvals. A unique feature of this project is the design of a "Denil" fish ladder as well as a separate eel passage. The project involved the installation of a new precast concrete culvert structure adjacent to the existing damaged culvert which was demolished once the new culvert was completed. The project also involved the installation of additional drainage, new fencing, new timber bulkhead, guiderail, trash interceptor (rack) and new asphalt pavement. Challenging aspects of the project included the heavy dependency on Traction Blvd. relative to local traffic, dewatering and relocation of utilities above and below the proposed culvert. During construction, LKMA ensured that the contractor maintained detour routes, coordinated access with emergency responders and facilitated access at the end of each work day, which minimized complaints from residences and local businesses.

LKMA developed plans for the creation of a new pond located on the north side of Montauk Highway, west of Southside Hospital and along the Penataquit Creek in downtown Bay Shore. Construction of the pond required mitigation of contaminated soils, sediment sampling and analysis and disposal of the contaminated material at a facility off Long Island. The pond incorporated features such as native wetland and upland plantings, safety benches, boulders, bio-logs and outfalls into the existing fish ladder on the north side of Montauk Highway. LKMA was selected for this project by the Town of Islip because of their previous work on the NYSDOT Penataquit Creek Drainage Study, which created a detailed hydrologic and hydraulic model of the Penataquit Creek watershed.

BISHOP MCGANN-MERCY HIGH SCHOOL

Design and permitting (freshwater wetlands and SWPPP acceptance) of new site improvements to the existing grounds of the McGann Mercy High School property in Riverhead. The improvements included the development of new wetlands within the footprint of the former running track. The new wetlands would be constructed in a manner that enables the school to collect and treat (through bio-remediation) its storm-water runoff from the site. The project allows stormwater from the Town road (Middle Road) to be managed by weir boards and treated on site through the new freshwater wetland vegetation that removes some pollutants from the storm-water runoff. The project will allow the filling of an existing artificial wetland (recharge basin) located in the northeast corner of the school property. LKMA obtained the required environmental approvals from the NYSDEC's Freshwater Wetlands Division and the Town of Riverhead's Engineering Department (Stormwater Management Office). To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Contractor hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens, claims, or other encumbrances. The Firm shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Firm shall allege that the above-described actions and inactions preceded the Firm's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Firm is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Firm is using a Firm Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Firm Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement

shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

The error of closure shall be distributed according to standard procedures and all angle points coordinated. Before the survey work is started, the Firm shall submit their procedure to the County for approval. The Firm shall use this base line as the reference line for locating all topography, and aboveground and underground facilities. The base line shall be monumented and referenced as necessary to later serve for laying out the construction. Traverse worksheets shall be submitted to the County for review, when completed. Where feasible, the theoretical grade line of the proposed improvement should be used for laying out the construction contract and for cross-sections. The theoretical grade line should be referenced to the aforementioned base line on the Coordinated Detail Map.

B. Vertical Control

Provide highest order vertical control system possible, with ties into the same two monuments of the Nassau County GIS as used for base line control, for topographic work and construction mapping. Benchmarks shall be established and documented within the project limits. They should be located in such a place so that they will not be destroyed by any anticipated construction work. Bench run worksheets shall be submitted to the County for review, when completed.

C. Base Map

The Base Map shall include all topographic data required for the preparation of detailed contract plans, including, but not limited to the following: horizontal control line and benchmarks; existing elevations obtained by cross sections at a maximum fifty foot stations with additional elevations on driveways, structures, steps, manhole covers, first floors, etc., and any abrupt changes in slope; underground utilities shall be plotted from survey of utility mark out; drain and sewer structures shall be opened to obtain inverts, pipe sizes and brickwork and plotted on profile portion of plan; house connections shall be plotted from information supplied by the respective sewer agency; buildings and other manmade structures shall be accurately plotted, described (number of stories, type of structure, etc.) and addressed on the plan. Topographical data shall be shown on the plans at a scale of one (1) inch equals twenty (20) feet or larger, as directed. For both the Base Map and Detail Map, existing line weight and numbers shall be fine and proposed details shall be bolder. Said data shall be furnished to the County in a digital format as prescribed in the latest version of the NCGIS Geographic Data Standards, or in a mutually agreeable format.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: November 25, 2019

SUBJECT: Design Services for Phase 54
Wantagh Avenue Resurfacing and Traffic Safety Improvements
RFP No. PW-H61587-54C
RECOMMENDATION OF AWARD

The Nassau County Department of Public Works (NCDPW) desires to procure Design Services for Wantagh Avenue Resurfacing and Traffic Safety Improvements, Phase 54. The scope of work includes the following: Repairs and/or replacement of deteriorated concrete panels and sealing of joints, asphalt resurfacing at specified locations within the project limits to extend the roadway service life. Evaluation of all existing curbs, curb ramps and driveway aprons within the project limits, and within Nassau County's jurisdiction to propose repairs/replacements of deteriorated cross-section elements. Address all necessary drainage issues within the project corridor. Pavement marking design, as mandated by the New York Manual of Uniform Traffic Control Devices (MUTCD) and the NYS Supplement, will also be required.

The "Request for Proposal" (RFP) was prepared in conformance with the Department's Policy for assessing understanding, technical approach, statement qualification, firm capability and past relevant experiences. The RFP was posted on the County's website utilizing E-Procure, New York State Contract Reporter, and in Newsday.

The County received seven (7) responses to the Request for Proposals (RFP), all the proposals were eligible for review.

The technical proposals were evaluated by professional staff within the Department: Rakhal Maitra, P.E., Deputy Commissioner; Richard Iadevaio, Jr., Superintendent of Highway & Construction; Harold T. Lutz, P.E., Director of Traffic Engineering and Garry Desyr, Civil Engineer II.

After tabulating the combined technical scores and establishing ranking order, as noted in the table below, it was determined that LKB Consulting Engineering (LKB) (88.25), L.K. McLean Associates, P.C. (LKMA) (82) and Hardesty & Hanover, LLC (H&H) (81), were respectively ranked the best three (3) technical proposals. The Committee after open discussion and deliberation, decided to open the cost proposals of the top three (3) rank firms.

The Committee after open discussion and deliberation determined that Hardesty & Hanover, LLC cost proposal for Division D Detail Design & Construction Documents was impractical. The TRC felt that the firm did not take into consideration the work associated with the anticipated acquisition of parcels required for widening and implementation of traffic safety improvements and opted not to request a BAFO from H & H. The TRC, after consultation, reached the conclusion that only the top two (2) ranked firms, LKB and LKMA, will need to submit a BAFO that includes all the associated costs for the assumptions made in the submitted proposal. Upon review of the submitted BAFO it was determined that LKMA's revised cost estimates was \$266,000.00 lower than LKB. Following the evaluation of the submitted revised cost estimates, the Committee concluded that L.K. McLean Associates, P.C. with an overall cost of \$531,000.00 represents the best value for the County.

For contracting purposes, a ten percent contingency will be added to LKMA's proposed amount, resulting in a contract award amount of \$585,000.00.

TO: Civil Service Employees Association, Nassau Local 830
Att: Ronald Gurrieri, Executive Vice President

FROM: Department of Public Works

DATE: May 3, 2017

SUBJECT: CSEA Notification of a Proposed DPW Contract
Proposed Contract No: H61001-0XC
Project No. 61587

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should not be implied that the proposed DPW authorization is for work, which has "historically and exclusively been performed by bargaining unit members."

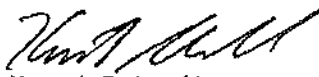

1. DPW plans to recommend a contract/agreement for the following services: Resurfacing Wantagh Avenue between Southern State Parkway and Hempstead Turnpike (SR24) in Wantagh and Levittown (approximately twelve [12] lane miles).

Design of this mission will include the following: Resurfacing the existing road in order to extend service life. This maintains capacity while not increasing paved surfaces. New pavement markings are installed after the road is resurfaced. Resurfacing provides the motorist with a smooth road surface, and a clearly defined traveled way, which decreases accidents and driver frustrations. The existing drainage system will be evaluated for capacity and structural integrity. If this investigation of drainage system identifies a problem or cause safety concerns, improvements and repairs will be designed to eliminate the problem. Also, evaluation of all existing curbs, sidewalks, curb ramps and driveway aprons.

Design of this is anticipated to involve a great volume of research, specialized staff knowledge and skills will be essential. The County has researched and performed various repairs. These in-house designs and construction activities have not completely eradicated the problems.

2. The work involves the following: Development of a complete package of bid documents including detailed design plans, an estimate and any non-standard specifications required.
3. An estimate of the cost is: \$300,000.00
4. An estimate of the duration is: Ninety (90) Days

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Kenneth G. Arnold, Assistant to Commissioner, telephone 1-9607, fax 1-9657.

Re: Pending litigation by Town of Huntington

Louis K. McLean Associate Engineers & Surveyors, P.C. (LKMA) in response to the Department's request, provided the attached letter regarding a lawsuit commenced by the Town of Huntington against LKMA alleging breach of contract in designing a dock complex for the Town. The letter was provided subsequent to a meeting with the Department. The letter explains LKMA's position regarding the allegations in the Town's complaint.

At the meeting with the Department, LKMA explained that, despite the lawsuit, the Town of Huntington continues to award contracts to LKMA. Additionally, LKMA has provided numerous positive reference letters from municipal clients for whom the firm has designed docks, marinas and/or bulkheads. The volume of positive references far outweighs one allegation of poor work. Finally, LKMA has consistently performed quality work for the County on numerous projects.

Re: L.K. McLean Associates, PC Recommendation by Town of Brookhaven Parks Department

Dear Ms. Houdek,

The Town of Brookhaven has engaged L.K. McLean Associates, PC (LKMA) for many marine construction projects over the last 10+ years and to this day is working with them on a handful of projects on our numerous coastlines. They have provided quality professional engineering needed to upgrade, assess and maintain our facilities. L.K. McLean Associates has designed and managed the construction of projects such as: Port Jefferson Marina Annex, Sandspit Marina & Ferry Terminal, Davis Park Marina (Fire Island), the Pines Marina & Ferry Dock, Cherry Grove Pier, Pine Neck Boat Ramp, and Bellhaven Jetty Reconstruction (2020).

It is notable that subsequent to Superstorm Sandy, LKMA was called on to assess the damages to many of our marinas, conduct damage assessments/reports, prepare expedited plans to restore the marinas to safe operation and inspect the reconstruction / repair of the various facilities. LKMA's services during that challenging time were integral to us receiving FEMA reimbursement and re-opening of the facilities to the public.

We have been pleased with the work LKMA has provided to the Town.

Respectfully,

Edward P. Morris

Re: L.K. McLean Associates, P.C (LKMA)

Dear Ms. Houdek,

In my position, as Director of Municipal Works at the Town of Southampton, I have had many occasions to work with LKMA to bring projects from concept stage to completion of construction. I have always found LKMA to have a high level of professionalism and technical expertise in the marine infrastructure as well as highway improvement projects that I have had the opportunity to work with them on.

In 2018 the Town completed the renovation of the Old Ponquogue Fishing Piers that were substantially damaged by Hurricane Sandy. The project required multi-agency permitting, and coordination. The project was challenging due to the dynamic environment and proximately to the Shinnecock inlet and associated swift tidal change. Following completion of the fishing pier project, LKMA was contracted to develop plans and specifications to renovate the pedestrian approaches to the fishing piers. The improvements were completed by the fall of 2019 and the community was once again able to enjoy the vistas, scuba, and fishing opportunities provided by the Old Ponquogue Fishing Piers.

In 2019, the Town released a Request for Proposals for the rehabilitation to the Shinnecock Commercial Fishing Dock. This is the Town's only commercial fishing dock. Design elements includes, addressing a failing bulkhead, aging electrical infrastructure, dredging design and rehabilitation of the parking and storage areas. The location of this commercial fishing dock, is vulnerable to coastal storms, so resiliency is an important aspect of design. LKMA was awarded this design contract and has developed the project plans and regulatory permit applications.

I have also had the opportunity to work with LKMA on a number of other types of civil engineering projects including pedestrian safety projects and building renovation projects. My experience has been positive, and professional, with timely response and addressing of any issues and/or questions pertaining to the project. If you require additional discussion, please feel free to call me at 631-766-4939.

Re: L.K. McLean Associates, PC Recommendation

Dear Ms. Houdek,

The Town of Islip has used L.K. McLean Associates, PC (LKMA) for numerous marine construction projects over the last 15 years and continues to rely on them to provide professional engineering services to upgrade, assess and maintain our facilities. L.K. McLean Associates has designed projects such as: Bay Shore Marina Exterior Bulkhead and Boardwalk (2009); Maple Street Dock Marina (2008); East Islip Marina (2013); Atlantique Marina dock and electrical repairs (2013); Maple Avenue Dock Reconstruction (2014) and Bayport Beach Breakwater (2018).

It is notable that subsequent to Superstorm Sandy, LKMA was called on to assess the damages to many of our marinas, prepare expedited plans to restore the marinas to safe operation and inspect the reconstruction / repair of the various facilities. LKMA's services during that challenging time were critical to receiving FEMA reimbursement and re-opening of the facilities to the public.

We have been satisfied with the work LKMA has provided to the Town.

Very truly yours,

Harry Sundin,
Deputy Commissioner

Re: Letter of Recommendation LKMA

Dear Ms. Houdek,

L.K. McLean Associates, PC has provided architectural, engineering design, construction administration and inspection services on several recent projects for the Village of Ocean Beach. Some of these projects include:

- **Reconstruction of the Ocean Beach Ferry Terminal (Phase 1)** - This project was federally funded under the ferry boat discretionary program and it involved the reconstruction of a majority of the ferry basin's bulkheads, passenger boardwalks and freight dock. This project was successfully completed in the spring of 2017 and LKMA's efforts on this project allowed the Village to be reimbursed for the full amount the grant. This was a \$2.3 million construction project. LKMA provided design and CI/CA in accordance with NYSDOT requirements.
- **Reconstruction of the Ferry Terminal Building** - LKMA provided architectural and engineering design services for a new 7,500 sf ferry terminal building. This project was successfully completed in 2018 and was a \$5 million construction project. In addition to design services, LKMA provided construction inspection and administration services and assisted the Village in the efforts to get the project reimbursed by FEMA.
- **North Side Bulkheads** - LKMA provided engineering design, permitting and inspection services for the replacement of 400 feet of deteriorated bulkhead. The projects were completed in 2017 at a cost of approximately \$600,000.

We have been satisfied with the professional services LKMA has provided and find them to be a qualified, responsive and conscientious firm that we continue to work with to help maintain the essential marine facilities in our Village.

Re: L.K. McLean Associates, P.C. (LKMA)

Dear Ms. Houdek,

As the Harbormaster for the Town of East Hampton, I have worked with LKMA for several years on various types of successful projects. I have found that LKMA brings a broad range of professional engineering knowledge and municipal support to each project. My experience is that they are very responsive and possess a high level of technical expertise in the marine infrastructure as well as other architectural and engineering improvement projects.

We are currently contracted with LKMA on a bulkhead replacement project at the Head of the Harbor in Three Mile Harbor. LKMA designed, permitted, issued bid documents and is providing construction support for the replacement of 675 feet of bulkhead. The project also entails utility upgrades, mooring pile replacement and boardwalk replacement. The project required multi-agency permitting, and coordination.

I have also had the opportunity to work with LKMA on a number of other types of architectural and site improvement projects at the East Hampton Police Headquarters and building renovation projects. I plan to continue using LKMA on our upcoming marine infrastructure improvements, which include but is not limited to the design of a small boat ramp and dock improvements at the Montauk commercial fishing docks.

My experience with LKMA has been positive and professional and we will continue to work with their firm.

Respectfully,

Ed Michels
Chief Harbormaster

The Town of Brookhaven hired LKMA to prepare permit drawings for the replacement of two sections (totaling 350 linear feet) of old steel bulkhead situated within the Port Jefferson Marina. The project required separate NYSDEC Tidal Wetland approvals and was bid separately. The Contractor (for both projects) removed the existing steel bulkhead system and installed a fiberglass sheet pile (Mary Bayles Park @ Danfords) and marine grade steel sheet pile (West Annex). Any and all electrical distribution lines were temporarily removed and replaced once the bulkhead installations were complete. During the five month construction schedule, the project required coordination with the existing ferry company, party-boat vendor (Martha Jefferson), Danfords Restaurant and the general public using the parking lot facility. All construction was completed without incident, on-time and within the project's budget (\$525,000). LKMA prepared the permit package, bid specifications and construction drawings for each of the two marine construction projects and provided construction management and support services during the construction of the project.

PROJECT NAME: OLD PONQUOGUE BRIDGE & PIER RESTORATION

CLIENT REFERENCE: CHRISTINE FETTEN, PE.
TOWN OF SOUTHAMPTON
631-702-1750

Project required design solutions for restoration of the Old Ponquogue Bridge constructed in 1930. This bridge was once a drawbridge connecting the mainland to the Atlantic Ocean barrier beach in Hampton Bays and was used until 1986 when a modern concrete bridge was constructed to replace it. After 1986, the drawbridge portion of the bridge was removed and the piers were left for the public to enjoy recreational activities such as fishing, diving and sightseeing. Since the original construction, the wood pilings have created one of the most diverse underwater ecosystems along the Long Island Shoreline. The south pier is considered Long Island's premier dive location.

The objective of the restoration was to save as much of the 1920's bridge design as possible. On the south pier, closely spaced IPE tropical hardwood decking was chosen to mimic the original bridge deck's sunlight/shading. Restoring the existing deteriorated timber piles included the use of fiberglass pile sleeves with epoxy fill preserve. Using divers, pile sleeves were placed from 2 feet below the mudline to 2 feet above the high water level. The north side's height above the water was substantially lower. To allow sunlight to penetrate to the bay bottom, an aluminum ADA compliant grate decking was incorporated into the design. The grate decking also was designed so that tidal fluctuations do not create uplift forces mitigating potential damage from tidal surges. The refurbishment design replaced all structural connections on the north and south piers.

Design and construction monitoring of a new 8' X 44' finger dock for the Davis Park Ferry Company. The deck replacement continued from the entire dock to the Four Corners Intersection (Centerwalk meets Trustees Walkway) which is located approximately half way across the Island (north-south). New structural joists and stringers were installed along the new decking areas. The improvements allowed the Town's maintenance crew to replace all existing water and electrical lines with new services. New pile clusters were installed to assist the Ferry Company's docking procedures while new piles were installed within the marina to replace old piles compromised by the elements. The last major component of the marina improvements project was to resheath the entire perimeter of the pier and existing ferry dock.

The photo above depicts the new composite timber decking along the Town's ferry pier leading to the ferry docks at the Town's Davis Park Marina Facility in Fire Island.
