**PROPOSED LOCAL LAW NO. -2023**

A LOCAL LAW TO AMEND CHAPTER XII OF THE NASSAU COUNTY ADMINISTRATIVE CODE IN RELATION TO DEPARTMENT OF PUBLIC WORKS APPROVAL OF BUILDING PERMITS AND CURB CUTS PURSUANT TO §239-F OF THE NEW YORK STATE GENERAL MUNICIPAL LAW.

WHEREAS, on December 11, 2019, the Blue-Ribbon Panel to Streamline Development Approvals, consisting of business leaders and elected officials from Nassau County, issued its Final Report of recommendations to improve the Nassau County Department of Public Works' review and approval process of certain applications pursuant to §239-f of the New York State General Municipal Law ("§239-f applications"); and

WHEREAS, the Final Report noted that the duration of this review and approval process in Nassau County was between six and twelve months; and

WHEREAS, this Legislature, pursuant to Local Law 5-2021, added Section 12-1.2 to Chapter XII of the Nassau County Administrative Code to establish more reasonable deadlines for the review of §239-f applications; and

WHEREAS, it is the finding of this Legislature that unnecessary delays have continued in the issuance of building permits by municipalities due to prolonged County reviews of §239-f applications and remain a major cause of higher building costs and delayed collection of enhanced tax revenues on improved property; and

WHEREAS, it is in the best interests of Nassau County to establish a more streamlined process for the review and approval of §239-f applications that balances the County's responsibility to conduct an appropriate review with the applicant's interest in avoiding undue delay; and

WHEREAS, other jurisdictions, including New York City, have established procedures to allow the issuance of a permit based upon a certification by a registered engineer or architect licensed in New York State that the application meets and complies with all applicable laws, codes, rules and regulations; now, therefore

BE IT ENACTED by the County Legislature of the County of Nassau as follows:

Section 1. Section 12-1.2 of Chapter XII of the Nassau County Administrative Code is amended as follows:

§ 12-1.2 Approval of Building Permits and Curb Cuts pursuant to §239-f of the New York State General Municipal Law.

- (a) Within ten working days of receipt of a building permit application, the Commissioner of the Department of Public Works (“Commissioner”) may consult with the Nassau County Planning Commission and shall report to the city, village, or town, as applicable, his or her approval, disapproval, or approval subject to stated conditions, in accordance with §239-f(2)(b)(ii). If the Commissioner fails to make a report within ten working days of such receipt, approval shall be granted by the County upon receipt of a self-certification by a qualified design professional, as defined herein, that the proposed project plans meet and comply with all applicable laws, codes, rules and regulations. The applicant may submit such self-certification along with the building permit application. If the Commissioner, within ten working days of receipt, reports his or her approval subject to stated conditions, approval shall be granted by the County upon receipt of a self-certification by a qualified design professional, as defined herein, that the stated conditions have been met and that the proposed project plans meet and comply with all applicable laws, codes, rules and regulations. If the Commissioner, within ten working days of receipt, reports his or her disapproval, the Commissioner shall state in his report all reasons for disapproval. Approval shall thereafter be granted by the County upon receipt of a revised building permit application along with a self-certification by a qualified design professional, as defined herein, that all stated reasons for disapproval have been addressed and that the proposed project plans meet and comply with all applicable laws, codes, rules and regulations.

(b) Definitions.

- i. “Self-certification” or “Self-certified” means the submission to the department of a signed, personal verification that: (a) is made by the qualified design professional identified in an application for a construction permit; and (b) accompanies plans filed with the department by the qualified design professional; and (c) attests that the plans do not contain any false information; and (d) attests that the plans are in compliance with the requirements of the State Uniform Construction Code and all applicable provisions of law; and (e)

attests that the plans were prepared by, prepared under the direct supervision of, or were reviewed and sealed by the qualified design professional identified in the permit application.

- ii. “Qualified design professional” is defined as a New York State licensed professional engineer or architect with at least ten (10) years of traffic engineering and safety experience or the equivalent thereof.

(c) Self-certification Program.

A program is hereby established through which New York State licensed engineers and architects, who are registered with the County as “qualified design professionals,” may,

- i. Take responsibility for the construction code compliance of certain construction projects pursuant to General Municipal Law 239-f, including curb cuts and building permits, and
- ii. “Self-certify” that the permit application and all accompanying documents comply with all applicable laws, codes, rules and regulations.

(d) Requirements of the Program.

- i. Qualified design professionals, as defined in this section, must register with the Department of Public Works and be approved thereby in order to “self-certify” projects.
- ii. The qualified design professional must furnish to the Department of Public Works a certificate of professional liability insurance with limits of no less than \$5,000,000 per claim and \$10,000,000 in the aggregate, and a “Professional of Record Self-Certification Statement.”
- iii. For each project, the qualified design professional of record must submit to the department an “Owner Certification Statement” and an “Owner Hold Harmless Letter,” both of which must be signed and dated by the owner.
- iv. The “Owner Certification Statement” certifies that the owner:
  - i. Authorized the work identified in the permit application and accompanying plans,
  - ii. Will take all measures necessary to correct any false facts stated in the permit application,
  - iii. Understands that the project is being approved for a building permit subject to audit or field inspection by the department, and
  - iv. If necessary, will bring the plans and all construction completed under the permit into conformity with requirements of the construction code and other applicable laws.

- v. In the “Owner Hold Harmless Letter,” the owner agrees to:
  - i. protect, defend, indemnify and hold harmless Nassau County or any related municipalities against claims connected with the self-certified project, and
  - ii. remove or modify, at the owner’s own expense, any component of construction found to not conform to the construction code or any other applicable law or to any permit issued under the self-certification program.
- vi. Random Checking
  - i. Self-certified projects would be subject to random audit by the department to determine whether the plans and projects comply with the requirements of the NY State Building Code, any other applicable laws, including but not limited to, NY General Municipal Law 239-f.

(e) As required by General Municipal Law 239-f(1), the Commissioner in cooperation with the Nassau County Planning Commission shall promulgate rules and regulations governing the approval of building permits and curb cuts relating to elements contained in the County official map. Any approval of such application shall be subject to all the provisions of law pertaining to the municipality affected. The Commissioner shall have thirty (30) days after the effective date of this law to promulgate rules and regulations governing the self-certification process.

§ 2. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

§ 3. It is hereby determined, pursuant to the provisions of the State Environmental Quality Review Act, 8 N.Y.E.C.L. section 0101 et seq. and its implementing regulations, Part 617 of 6 N.Y.C.R.R., and Section 1611 of the County Government Law of Nassau

(“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”), and, accordingly, is of a class of actions which does not have a significant effect on the environment; and no further review is required.

§ 4. This local law shall take effect immediately.

1  
2 PRESIDING OFFICER NICOLELLO: I'm  
3 going to call this meeting of the  
4 Legislature to order and ask our Colonel  
5 Legislator Bill Gaylor, to lead us in the  
6 Pledge.

7 LEGISLATOR GAYLOR: Thank you,  
8 Presiding Officer. Please rise. Face the  
9 flag of our great nation and join me by  
10 saying:

11 (Whereupon, the Pledge of  
12 Allegiance is said by all.)

13 PRESIDING OFFICER NICOLELLO: Thank  
14 you very much. Before we do the roll,  
15 Legislator Drucker, do you want to do it?

16 LEGISLATOR DRUCKER: Thank you very  
17 much, Presiding Officer. I just will take  
18 a minute.

19 On April 1st, right at the close of  
20 Women's History Month, Nassau County,  
21 this Legislative Body and the community  
22 at large lost a great person in Joanne  
23 Borden. Joanne passed away at the age of  
24 97. I got to know her since I was elected  
25 to the Legislature, and she impressed me

1  
2 to no end. She inspired me for her  
3 courage, her perseverance, and her  
4 advocacy. She was a trailblazer and  
5 someone who didn't just break glass  
6 ceilings, she crashed through them.  
7 Joanne led a remarkable life in which  
8 included courageous service in World War  
9 II, a career as an industrial engineer,  
10 and raising a loving family.

11 However, in her golden years, her  
12 journey of personal discovery led to  
13 Joanne coming out as transgender, and she  
14 channeled her life experience into  
15 relentless and fearless advocacy for  
16 equality, justice and understanding of  
17 the LGBTQ community. For years, she was  
18 nearly a monthly fixture here at the  
19 legislature. And actually the last time I  
20 spoke to her, I think was late last year,  
21 she told me she was working on finishing  
22 her second book. She will be missed and  
23 she should rest in peace.

24 Thank you very much.

25 PRESIDING OFFICER NICOLELLO: Thank

you, Legislator Drucker.

PRESIDING OFFICER NICOLELLO: Okay.  
Thank you.

Welcome, everyone, to our meeting.  
We will start off, as we always do, with  
the presentation for the Top Cops. After  
that, we have a couple of points of  
personal privilege, then we go into the  
public comment portion. If you intend to  
or would like to make comments during the  
public comment portion, we just ask that  
you fill out a slip at the table at the  
front to your left. Submit the slips and

1  
2 we'll call you in the in the order in  
3 which they are submitted.

4 So it gives me a great honor and  
5 privilege to introduce the president of  
6 the PBA, Thomas Shevlin, to make a  
7 presentation for Top Cops for the month.

8 MR. SHEVLIN: Good afternoon. It's  
9 nice to see everybody. I want to start  
10 off by thanking all of you for continuing  
11 this great tradition of honoring our Top  
12 Cops. This doesn't go unnoticed. And  
13 it's really an honor and a privilege  
14 every month when we get to come here and  
15 pay tribute to all of the brave men and  
16 women in blue.

17 So today's Top Cop is going to be  
18 Seventh Precinct Police Officer Nicole  
19 Winter. This is a very unique situation,  
20 and I'll explain that in a minute.

21 On Thursday, March 16th, while off  
22 duty, Nicole Winter of the Seventh  
23 Precinct arrived at JFK Airport. She was  
24 on vacation and about to go to Florida.  
25 At approximately 10:00, she heard a woman

1  
2 yelling and screaming for help. There was  
3 a man lying on the floor unresponsive.  
4 She immediately ran to the male and after  
5 checking his pulse, determined he was in  
6 cardiac arrest. Officer Winter began CPR  
7 and yelled for someone to get an AED.  
8 Approximately after three rounds of CPR,  
9 she activated the AED. A shock was  
10 administered. A Port Authority officer  
11 then arrived and she notified him to get  
12 EMS and updated them the status of the  
13 victim. After administering a second  
14 shock, the victim began gasping for air,  
15 and Officer Winter felt a slight pulse.  
16 Additional Port Authority officers and  
17 EMS arrived on the scene and took over  
18 and got him the necessary medical  
19 treatment.

20 I want to say, police officers and  
21 first responders, our job does not end  
22 when we clock out, when we leave work,  
23 when we go home. This is not just a job  
24 to us, and it's not just a career, it is  
25 a calling. There are not too many people

1  
2 out there that would do their job when  
3 they're not even getting paid and off  
4 duty police officers and first responders  
5 are always here for you. It's not just  
6 while we are working. It is a 24/7 job.  
7 And a lot of times we forget that her  
8 quick action and calm under pressure  
9 saved this man's life. This is why the  
10 Nassau County PBA is proud to announce  
11 Police Officer Nicole Winter, Legislative  
12 Top Cop for April 2023 (Applause).

13 DEPUTY COMMISSIONER SMITH: Good  
14 afternoon to you all. First Deputy  
15 Commissioner Kevin Smith.

16 So as Tommy said, for anyone who  
17 doesn't think that this is a  
18 24-hour-a-day, 365-day-a-year-job, throw  
19 in anywhere, in any place, who thinks  
20 that when the officers are off duty,  
21 they're truly off duty. This act of duty  
22 shines bright. This act of duty saved a  
23 life. Officer Winter went from a traveler  
24 to a police officer in a split second  
25 with recognition, skills and life saving

1  
2 skills, assessed that she needed to take  
3 control in action, which she did with  
4 great success. I, for one, applaud her  
5 efforts. Our Department applauds her  
6 efforts. I'm thankful we were able to be  
7 here today to make public the actions of  
8 our officers and to take and to protect  
9 and to serve, I should say, wherever they  
10 may be.

11 Thank you again for bestowing this  
12 recognition and award upon Police Officer  
13 Winter.

14 Officer Winter, Great work.

15 OFFICER WINTER: Thank you, sir.

16 DEPUTY COMMISSIONER SMITH: You're  
17 very welcome.

18 OFFICER WINTER: I just want to say  
19 thank you. I'm very honored to be  
20 standing here today. I want to thank the  
21 Legislature, the PBA, and the Nassau  
22 County Police Department for everything  
23 today. Thank you.

24 PRESIDING OFFICER NICOLELLO:  
25 Legislator Ferretti.

1  
2           LEGISLATOR FERRETTI: Thank you,  
3           Presiding Officer. I want to congratulate  
4           you, Officer Winter, and thank you for  
5           your service. It's the second straight  
6           month that we've had a Nassau County  
7           police officer here who saved someone's  
8           life while off duty. And that just --  
9           again, I want to reiterate, like I did  
10          last month, that we don't just have the  
11          finest police officers here in Nassau  
12          County, we have the finest people here in  
13          Nassau County, and you're one of them.

14          So I applaud you for everything that  
15          you've done. I hope you were able to  
16          still get to your trip; were you?

17          OFFICER WINTER: Thank you.

18          LEGISLATOR FERRETTI: Disney World  
19          or no?

20          OFFICER WINTER: Not Disney World.  
21          Fort Lauderdale.

22          LEGISLATOR FERRETTI: Okay. All  
23          right. Well, I'm glad you were at least  
24          able to get there, but you saved a life  
25          that day. You're a hero. Thank you. And

1  
2 God bless.

3 OFFICER WINTER: Thank you very  
4 much. I appreciate it.

5 LEGISLATOR FERRETTI: And I would  
6 just like to add, I had the chance to  
7 speak to Nicole for a few minutes. And  
8 before Nicole became a Nassau County  
9 police officer, which she really is one  
10 of our newest officers, she served in the  
11 military for four years. So I thank you  
12 for the service to our country. And as  
13 proud of you that we are today, and  
14 certainly your family is, there's a  
15 gentleman who's alive today and couldn't  
16 be more thankful that you were in the  
17 right place at the right time. So God  
18 bless you. Thank you so much. And know we  
19 are always here for you. Thank you very  
20 much.

21 PRESIDING OFFICER NICOLELLO: Thank  
22 you, Officer Winter. And in a few  
23 moments, we'll bring you up for  
24 presentation of a citation.

25 OFFICER WINTER: Thank you.

1  
2 PRESIDING OFFICER NICOLELLO: On  
3 behalf of the Detectives Association.  
4 Sergeant at Arms, Michael Maloney.

5 SGT. AT ARMS MALONEY: Thank you for  
6 the entire Legislature for acknowledging  
7 these Nassau detectives work. We're here  
8 to honor today Fourth Squad Detectives  
9 Anthony Barbieri and Brandon Rodriguez,  
10 along with Nassau County Assistant  
11 District Attorney ADA Joseph Grasso. Due  
12 to work and childcare issues, only here  
13 with us today is Detective Barbieri.

14 On March 6th, 2022, at approximately  
15 3:15 p.m., an unknown male subject  
16 entered an Oceanside marijuana store  
17 called the Smoke Spot with the intention  
18 of robbing the location. The male subject  
19 began speaking with an employee in the  
20 store and attempted to follow the  
21 employee to the rear of the store, at  
22 which point a struggle ensued and the  
23 male subject displayed a semi-automatic  
24 handgun from his shoulder bag and fired  
25 two shots at the employee, striking him

1  
2 once in the chest. The male subject then  
3 fled the location in a vehicle. After an  
4 extensive canvass, the detectives  
5 determined the vehicle the subjects fled  
6 in was a stolen SUV. It was also  
7 determined the same male subject entered  
8 the store an hour before the incident  
9 with an unknown female. Detectives  
10 Barbieri and Rodriguez received a tip in  
11 regards to the unknown female after  
12 placing a photo of both subjects on the  
13 local news and were able to apprehend the  
14 female subject in Astoria, Queens. The  
15 detectives were able to obtain a  
16 statement of admission from the female  
17 defendant and gain further information on  
18 the unknown male subject. The detectives  
19 started working with an assistant  
20 district attorney who unfortunately left  
21 the office during the active  
22 investigation for other employment.  
23 Luckily, during the February Legislature  
24 award ceremony right here, Assistant  
25 District Attorney Joseph Grasso was

1  
2 receiving an award that day for his work,  
3 along with Nassau detectives in the gang  
4 squad. Detective Barbieri, also present,  
5 was able to talk to him about his dilemma  
6 on his active investigation, and ADA  
7 Grasso excitedly took on the case.

8 The identity and the location of the  
9 male subject was hindered due to the fact  
10 he had only previously been arrested as a  
11 juvenile and no fingerprints were on file  
12 and no social media that was available to  
13 aid the investigation. After multiple  
14 search warrants and video canvasses,  
15 Detective Barbieri and Rodriguez were  
16 able to finally obtain information on the  
17 male subject and his location.

18 Twenty one days ago on April 4th,  
19 2020, 2023, a little over a year. At 6  
20 a.m. in Elmhurst, Queens, Detectives  
21 Barbieri Rodriguez, with the assistance  
22 of the Fugitive Squad, the US Marshals  
23 placed the male shooter under arrest and  
24 secured a confession from the defendant.  
25 The male defendant was charged with 12

1  
2 felonies, including attempted murder. The  
3 female defendant was charged with five  
4 felonies, including attempted murder. If  
5 it were not for the tenacity of Fourth  
6 Squad detectives Barbieri and Rodriguez,  
7 along with the assistance of Nassau  
8 County, ADA Grasso and investigative  
9 support units, this defendant would still  
10 be roaming the streets able to harm other  
11 innocent people.

12 I would like to personally thank the  
13 Legislature for its recognition of these  
14 detectives and salute everyone involved  
15 in this case, and the daily service of  
16 all members of law enforcement that  
17 protect our society day in and day out.

18 Thank you.

19 DEPUTY COMMISSIONER SMITH: Thank  
20 you.

21 As former Chief of Detectives, it  
22 has been customary for me to say that our  
23 Nassau County detectives possess dogged  
24 determination by definition, tenacity and  
25 persistence. Obstacles occur. We

1  
2 routinely overcome them. In this case,  
3 the obstacles just kept coming of all  
4 varieties. They never gave up. When  
5 you're passionate about your work, you  
6 find a way. When you're fighting the  
7 fight for the victim, you find a way.  
8 They never gave up. I am proud to be able  
9 to stand here and represent and publicly  
10 commend Detectives Barbieri and Rodriguez  
11 for their resolve to bring these  
12 defendants in to apprehend with an eye  
13 towards justice for the victims.

14 Thank you for giving these  
15 detectives the recognition and the  
16 notoriety that this case deserves. I'm  
17 grateful and proud we have such  
18 detectives that have what it takes to get  
19 the job done. Well done to these  
20 detectives.

21 Detective Barbieri.

22 DETECTIVE BARBIERI: Thank you so  
23 much.

24 How are you doing? My name is  
25 Detective Barbieri with the Fourth Squad

1  
2 in Nassau County. I'd like to thank the  
3 Legislature and Nassau County for this  
4 prestigious award. I'm very grateful. I  
5 spoke to Detective Rodriguez and ADA  
6 Grasso before I came here. They are very  
7 appreciative of the award and they wish  
8 they could have been here as well.

9 One of the reasons I do enjoy being  
10 a detective and I love what I do for the  
11 Nassau County Police Department is  
12 because on the other side of every case  
13 is a victim. After we made this arrest, I  
14 was able to talk to ADA Grasso, who spoke  
15 to the victim and told me that he  
16 hysterically started crying and became  
17 very emotional once he was told that the  
18 defendant was placed under arrest. He was  
19 suffering from PTSD and he had a lot of  
20 other health issues that he was dealing  
21 with. So he was very grateful as well. So  
22 I'd like to thank you again (applause).

23 PRESIDING OFFICER NICOLELLO: Deputy  
24 Presiding Officer Kopel.

25 LEGISLATOR KOPEL: Thank you.

1  
2 When we see something like this  
3 where a case has gone seemingly cold, but  
4 we've got dedicated police officers as  
5 well as district attorneys who are  
6 willing to spend the time and don't give  
7 up, as Deputy Commissioner Smith just  
8 said, their dogged pursuit is the reason  
9 that that the Fourth Precinct, in which I  
10 live and work, is one of the safest parts  
11 of one of the safest counties in the  
12 country. And we owe it all to you. We owe  
13 it all to you and you and the detectives  
14 and the officers of our police force who  
15 do this kind of wonderful work every day.

16 Thank you so much.

17 PRESIDING OFFICER NICOLELLO: All  
18 right. Let's invite you up. Detective and  
19 all of everyone here, come on up, please.

21 presented to Top Cops.)

2

PRESIDING OFFICER NICOLELLO: Okay.

3

For a point of personal privilege,

4

Legislator Mazi Pilip.

5

LEGISLATOR PILIP: Thank you,

6

Presiding Officer. It is an honor to have

7

Hadassah Carlebach and her daughter and

8

her granddaughters and sons-in-law with

9

us today.

10

Hadassah, it is truly an honor to

11

have you here today with us. I was so

12

touched when your granddaughter Nina told

13

me an amazing story about how you helped

14

your father rescue more than 100 Jewish

15

children from the Nazi occupied France

16

during World War II. When I found out

17

that you will be coming to Long Island, I

18

was hoping that I would be able to meet

19

you personally. And I'm so grateful that

20

I recently had the chance to do so. But I

21

also wanted to do something special for

22

you. So I thought this would be a great

23

way for my other fellow legislators to

24

have the opportunity to meet this

25

incredible 95-year-old hero.

1  
2 Hadassah, I can only imagine the  
3 challenges you must have faced and the  
4 risks that you were taking to accomplish  
5 what you did, despite the constant life  
6 and death uncertainty of those dangerous  
7 and horrific times, you not only  
8 survived, but thrived assisting your  
9 father and feeding, housing, and saving  
10 more than 100 children from the  
11 Holocaust. The fact that you were only a  
12 teenager yourself during this period is  
13 even more incredible.

14 In today's world, we often put the  
15 label of hero on famous athletes and  
16 celebrities, but the real heroes are the  
17 ones whose deeds too often go without any  
18 recognition. Well, I want you to know  
19 that your efforts in saving these  
20 children did make a difference. And now  
21 everyone here today is aware of the role  
22 you played in making it happen. I think  
23 of words like courage, bravery and  
24 dedication to describe the type of person  
25 that you are and the action you displayed

1  
2 in such difficult time.

3 Hadassah, it gives me great pleasure  
4 to present this point of Personal  
5 Privilege award to you on behalf of all  
6 the residents of Nassau County. This is  
7 least the least we can do to recognize  
8 the sacrifice you have made on behalf of  
9 mankind. You are an inspiration to all of  
10 us. Thank you to the Rabbi Hadassah,  
11 Thank you. Would you like to say a few  
12 things?

13 MS. CARLEBACH: All right.  
14 Legislators, Rabbis I have seen, I've met  
15 here and my family. Thank you so much for  
16 having me here. And thank you for the  
17 people that came to attend this event.

18 Today is a special day in Israel.  
19 Today is celebrated as a day of  
20 commemoration before their celebration  
21 tomorrow of Independence Day. It is a  
22 bittersweet kind of celebration because  
23 during that fight for independence, they  
24 lost many, many soldiers and civilians;  
25 over 17,000, I understand. And this is a

1  
2 big percentage in our small population.

3 I want to just say a few words about  
4 what you are honoring me for. I did what  
5 I had to do. And when I speak to  
6 teenagers, invariably they ask me, were  
7 you afraid? Weren't you afraid? And I  
8 said to them, yes, I was afraid. But I  
9 told to my father at one point, I'm too  
10 scared to do this. And he said, Why? I  
11 said, I'm afraid. And he said, it's okay  
12 to be afraid as long as you do it anyway.  
13 So this is a good message for adults  
14 also, for all of us were. I was afraid of  
15 coming here. I'm afraid of speaking. But  
16 I knew I had to do it. So I'm here. I'm  
17 doing it. But I also don't think that I  
18 did such great, you know, heroic things.  
19 I did what I had to do because I trusted  
20 that God is going to help and that we  
21 will survive.

22 And I received a proclamation last  
23 week. Twelve legislators signed this  
24 proclamation. And also I was adopted by  
25 Nassau County here as the oldest

1  
2 survivor, Holocaust survivor.

3 So I want to thank you. I'm very  
4 proud to be adopted. I guess it's because  
5 I have some pull. I have a granddaughter,  
6 Nina, and with her husband, Eran Noy,  
7 live here. It means a lot to me.

8 So I was just thinking, what, 12  
9 people took time to sign this  
10 proclamation. It's because they really  
11 affirmed that it was such a thing as a  
12 Holocaust. Unfortunately, there are  
13 those Holocaust deniers and that is part  
14 of the anti-Semitism. Anti-Semitism is  
15 usually -- usually, there are two types  
16 of anti-Semitism. Anti-Semitism, people  
17 who are just evil for no reason, and then  
18 there are there are the rest that we can  
19 help. We can do something about it. And  
20 what we have to do is educating the  
21 people. So when 12 people sign this and  
22 they'll tell the children that they sign  
23 this and the children will tell their  
24 schoolmates that I sign this, this will  
25 help to the awareness of what evil can

1  
2 do, what happened, and to avoid and maybe  
3 help them interact in a pleasant, nice  
4 way with friends and people who are  
5 different than them, who look different,  
6 who speak a different language, speak  
7 with an accent.

8 So I just wish everybody wonderful  
9 success and whatever you do. And thank  
10 you so much. This has been very  
11 meaningful for me. God bless America. God  
12 bless. Nassau County.

1  
2           PRESIDING OFFICER NICOLELLO: Now for  
3 a point of personal privilege, Deputy  
4 Presiding Officer Kopel.

5           LEGISLATOR KOPEL: Thank you,  
6 presiding Officer. Sitting over here, all  
7 of us often hear -- Inspector Glock. Why  
8 don't you come on up and Deputy Inspector  
9 Smith, and why don't you. You can bring  
10 your family as well if you'd like. Okay.  
11 All right.

12           All of us often hear and talk about  
13 people who do wonderful things for the  
14 public, and they're all true and they're  
15 all wonderful. But every once in a while,  
16 we come across someone who virtually  
17 exemplifies the concept of public  
18 service. And Inspector Danny Gluck of the  
19 Auxiliary Police Fourth Precinct  
20 perfectly exemplifies this concept. Danny  
21 has been an active member of the  
22 auxiliary police force for 25 years,  
23 during which he has served without pay  
24 only for the purpose of serving the  
25 community and helping the community.

1  
2 Since 2009, Danny has been the  
3 commanding officer of this group, and as  
4 such, he's grown. He's grown the squad  
5 from ten members to 40 members at this  
6 point. I know myself since I live in the  
7 area. Every time there's an event, a  
8 parade or any kind of event, the  
9 auxiliaries are there helping our  
10 wonderful regular police officers and  
11 directing traffic and making sure things  
12 run smoothly. And it's not just the  
13 officers who are doing it, but Danny's  
14 right there each time directing them and  
15 moving them around, telling them where to  
16 stand, what to do.

17 Now, it's not only as a member of  
18 the auxiliary police that Danny has shown  
19 his dedication to public service. In  
20 addition, he's a member of numerous  
21 boards, past and present, member of the  
22 board of the local synagogue for a number  
23 of years, Peninsula Counseling Center for  
24 a while. A member of the board of that  
25 center for quite a while. Member of the

1  
2 board of the Community Chest of the South  
3 Shore. And as a matter of fact, Danny  
4 recruited me to that board some time ago,  
5 for which maybe I should thank you; I'm  
6 not sure yet.

7 In any event, I am very proud. I'm  
8 very proud to have Danny here to  
9 recognize him for his many years of  
10 public service. I hope, Danny, you  
11 continue doing that for many, many more  
12 years, not only in connection with the  
13 auxiliary police, for which you, Danny,  
14 constantly hounds me, I should say, to  
15 get to get the auxiliary police more.  
16 More equipment, more help, more, more,  
17 just more. But I hope you continue to do  
18 your great work for not only the  
19 auxiliary police for many other things.  
20 And the community, I know, is grateful to  
21 you and we appreciate everything you do.

22 Why don't we let Deputy Commissioner  
23 Smith say a couple of words and then you,  
24 Danny.

25 DEPUTY COMMISSIONER SMITH: Danny,

1  
2 on behalf of Commissioner Ryder and  
3 myself and the entire Department, this  
4 man has much to be proud of and a long  
5 list of accomplishments that not only  
6 benefit his own command, but have set the  
7 course that auxiliary policing has done  
8 right throughout the county. Proud to  
9 call Danny a friend. He's leading, as you  
10 said, a life of public service, which  
11 benefits us all. He's devoted countless  
12 and selfless hours of service to the  
13 residents of Nassau County. His reward?  
14 Well, a grateful Nassau County, a  
15 grateful Nassau County Police Department,  
16 and the self-satisfaction that his team  
17 did a great job from obtaining equipment  
18 to funding and recruitment. Danny strives  
19 to give his team the tools that they need  
20 for success, be it radios body armor.  
21 Danny's persistent.

22 As you said, being a superior  
23 officer is striving to make sure your  
24 team possesses the skills, the knowledge  
25 and the fortitude to accomplish the

1  
2 mission. Danny's not only a superior  
3 officer, he's also a leader. And he gets  
4 that done. We are surely fortunate to  
5 have him on our team. He gets that job  
6 done.

7 Danny, this recognition is most  
8 deserving. And I'm honored to be here and  
9 speak on behalf of the Department. Please  
10 be assured your efforts are not being  
11 overlooked. They are being praised. Thank  
12 you for your efforts.

13 INSPECTOR GLUCK: Thank you,  
14 Commissioner. Thank you, Legislator  
15 Kopel. Thank you to the entire Nassau  
16 County Legislature. It's an honor and a  
17 privilege to be a part of the Nassau  
18 County Police Department, the Auxiliary  
19 Police section. I do run the largest unit  
20 in Nassau County with close to 40 members  
21 in the unit. We are the most active unit  
22 in Nassau County and we are the fastest  
23 growing unit in Nassau County. And I just  
24 want to thank the Legislature again for  
25 all your help that you do for us and

1  
2 appreciate it.

3 And just on another note, I just  
4 want to make note that my parents came up  
5 from Florida for this. And my father,  
6 who's sitting right here, is also a  
7 Holocaust survivor. And he may be the  
8 second oldest Holocaust survivor in  
9 Nassau County. He was saved by Raoul  
10 Wallenberg, who, when the Nazis came in,  
11 they lined them up to be shot. They ran  
12 out of bullets at the time and Raoul  
13 Wallenberg came in to to save them. So  
14 happy that he's able to be here with us  
15 today (applause). And also my wife, my  
16 mother-in-law and my mother.

17 So, again, thank you very much for  
18 this honor. I appreciate it and thank  
19 you.

PRESIDING OFFICER NICOLELLO: Okay.  
We'll go right into the public comment  
portion of our meeting.

To start off, Denise Hanusch.

MS. HANUSCH: Thank you very much  
for this opportunity to speak a little  
bit about the casino project. This is  
very, very bad for the neighborhood.  
There's a college across the street. A  
high school down the block. And many  
elementary school children who pass by  
every single day. Our children cannot be  
exposed to the negative side of this  
decision without eventually absorbing it  
into their own. Do you want to be  
responsible for exploiting children and  
people with the problems that financial  
strongholds bring because of habits and  
addictions that you may expose them to or  
you will expose them to? Do you want to  
be responsible for allowing and actually  
encouraging behaviors that are extremely  
damaging on a personal and a community  
level? These are the types of questions

1  
2 that you personally must answer. And if  
3 you answer yes to them and vote yes,  
4 these are the outcomes of this project.

5 It is true that common sense is not  
6 too common. But please employ yours and  
7 put a stop to this endeavor. By the grace  
8 of God, you are in a position to decide  
9 against a plan that endangers our  
10 children, our families, our communities,  
11 and ultimately our society as a whole.  
12 And since you have been graced with this  
13 position, you need to resist the perils  
14 of this project and decide to vote no.

15 Thank you very much for your time.  
16 Amen.

17 PRESIDING OFFICER NICOLELLO:  
18 Claudia Pena.

19 MS. PENA: As a parent myself, I  
20 can't imagine to impose these kinds of  
21 things to any of our children then  
22 because you're giving them a very bad  
23 example. When we do want both to be  
24 protecting our children then from sex,  
25 drugs and money, because this is all evil

1  
2 things that they'll be addicted to, to  
3 bear killing when the school is right  
4 next door to each other and the hospital  
5 will be a lot busier because of all these  
6 things. That's going to be happening. I'm  
7 definitely voting for no on this because  
8 we do want to protect our children as  
9 well as you. You as a if you are a  
10 mother, an uncle or a father or  
11 grandfather, you guys would do the same  
12 thing to protect any of your children.  
13 And then because this is not the right  
14 way to bring this to any -- plus it will  
15 be a lot of traffic for it and we not  
16 safe and the taxes definitely will go up  
17 even for higher class and lower class  
18 class. You have to really think of what  
19 is best for us. And the best for us is  
20 not to have the casino though, because  
21 that is a bad environment for all of us,  
22 especially for the children who go to  
23 school.

24 And plus, there is a McDonald's  
25 there right across the street, even

1  
2           though it's being rebuilt, but it's not a  
3           sample for them. And so I do appreciate  
4           it that they should cut it down and say  
5           no to it. Thank you, Chair.

6           PRESIDING OFFICER NICOLELLO: Thank  
7           you, Ms. Pena.

8           Sara Blumenstein.

9           MS. BLUMENSTEIN: Hi, all. Somebody  
10          stole my opening line, but I'll use it  
11          anyway. Common sense is not common. The  
12          proposal of a casino at the site of  
13          Nassau Coliseum is void of common sense.

14          Why is the location unsuited for a  
15          casino?

16          First, there is a college, Hofstra,  
17          literally next door and two other college  
18          campuses close by. Don't our college  
19          students have enough challenges these  
20          days? Do we need to give them more  
21          distractions?

22          Second, if people want  
23          entertainment, we have museums and  
24          beaches and parks and so many things to  
25          do in Nassau County that do not include

1  
2 possibly losing your lifesavings and  
3 winding up on the street.

4 Third, I personally never understood  
5 how laundering works until I watched  
6 Breaking Bad. This giant construction  
7 project, the proposed casino, and all the  
8 cash that flows through them are perfect  
9 opportunities for what I now understand  
10 to be money laundering. Of course,  
11 casinos do a great job. They did a great  
12 job destroying Atlantic City. Perhaps Mr.  
13 Blakeman can contact his boss, the former  
14 president, to show us how to run our  
15 casino and bankrupt Nassau County.

16 Finally, all gun deaths are a  
17 tragedy and 50% of those deaths are  
18 suicides. How fortunate that there is a  
19 gun store across the street from the  
20 proposed casino so that people who wind  
21 up losing all their money have a short  
22 trip to the next world.

23 My apologies for the sarcasm in my  
24 statements. But this casino is a mind  
25 numbingly bad idea.

1  
2 Thank you very much. Amen.

3 PRESIDING OFFICER NICOLELLO: Thank  
4 you.

5 Edward Finneran.

6 MR. FINNERAN: Good afternoon.  
7 Edward Finneran, Garden City. And you're  
8 thinking. Holy smokes. I see Legislator  
9 McDivitt (sic) over there. Hopefully,  
10 he's not falling asleep.

11 But, folks, you see me up here and  
12 you think, okay, here's another guy from  
13 Garden City who's opposed to the casino.  
14 The woman who just spoke kind of stole my  
15 thunder. I want to talk about common  
16 sense. Two months ago, three months ago,  
17 I decided to run for trustee in Garden  
18 City as an independent. And I did the old  
19 fashioned way. I banged on doors and I  
20 banged on about 1300, 1400 doors over ten  
21 weeks. And it was fun. I don't know if  
22 you all still have to do that, but it is  
23 a terrific experience. One of the many  
24 issues, of course, that came up was the  
25 casino. There wasn't one person that was

1  
2 for it. But I don't stand here as just a  
3 resident of Garden City. I could be from  
4 Uniondale, I could be from Hempstead. I  
5 could be from East Meadow. What is it  
6 about this project that is so  
7 objectionable? Well, let's start with Las  
8 Vegas Sands, an outstanding corporation.  
9 I think they just came out with earnings  
10 for first quarter that were I don't know  
11 if they were record, but they were very  
12 solid. How many casinos are they running  
13 in the United States today? Why have they  
14 given up their casino base? Why did they  
15 leave Pennsylvania? What are they doing  
16 here in our county? You're going to  
17 airlift a \$4 billion project into the  
18 middle of Nassau County, about 1.4  
19 million people. When was the last time  
20 any of you were at Hofstra? That's okay.  
21 I don't expect any answers. These are all  
22 rhetorical questions. How about Nassau  
23 Community College? Did you look across  
24 and see what's in the middle there? A  
25 regional casino. Guys, I did a little

1  
2 research a couple of months ago, and I  
3 looked at Google today and I said, holy  
4 smokes, I hope I have something legit to  
5 say. And I looked at what are the worst  
6 performing casinos after a period of  
7 time? They're regional casinos. This is  
8 not an urban casino. It's going to be a  
9 suburban casino. There's going to be a  
10 lot of hoopla if in 2027 this baby opens  
11 and what's going to happen in 2033?  
12 Where's Las Vegas Sands going to be when  
13 the sheen is off the glow here? What are  
14 the good folks at at Hofstra going to do  
15 when they are inundated with all the  
16 accoutrements of what this casino can  
17 bring to us?

18 So the woman who preceded me talked  
19 about common sense. Common sense is a  
20 very easy thing, I think, to apply in  
21 this situation. There's a -- and I'm just  
22 about to run out of time, but there's a  
23 commercial on with Capital One and this  
24 big handsome actor is there and he's  
25 talking about the benefits of being a

1  
2 customer at at Capital One. And he says  
3 being a customer at Capital One is the  
4 easiest decisions in the history of  
5 decisions. You guys know what the  
6 objections are. The pot of gold is not  
7 there. You're looking at 80%. I'm seeing  
8 a report today 80% of the tax receipts  
9 are going to go to the state, ten here  
10 and ten to Suffolk. It's a bad idea. Take  
11 a walk over there, folks. And would you  
12 want to be one mile from that casino?  
13 That's where Garden City's border is. And  
14 Hempstead and Uniondale are right there  
15 with us. Feel it. Think it, see it,  
16 reject it.

17 Thank you.

18 PRESIDING OFFICER NICOLELLO:

19 Allison O'Brien Silva.

20 MS. SILVA: Hi, everybody. My name  
21 is Allison O'Brien Silva. I live in  
22 Manhasset with my husband and three  
23 school-aged daughters, but I grew up in  
24 East Meadow. I'm a proud East Meadow jet  
25 just across Hempstead Turnpike from the

1  
2 Nassau Coliseum.

3 I speak in front of you today to  
4 express my vehement opposition to the  
5 Sands Casino proposal. I debated what to  
6 say today because I'm here for the second  
7 time. How can I compete with the  
8 multi-million dollar investment full  
9 court press of money and resources that  
10 the Sands is mounting to convince us all  
11 that this is a good idea? But the fact  
12 that someone needs to spend so much to  
13 convince us all, hire consultants and  
14 former elected officials, buy ads, bring  
15 in celebrities shows me right away that  
16 even they know that pushing an addictive  
17 vice into this community is by far the  
18 most awful option. If it was a good idea,  
19 they wouldn't have to push so hard.

20 I, along with others in this room  
21 and a network of concerned constituents,  
22 formed a group to formalize our  
23 opposition. It was organic. It came from  
24 our souls and our hearts. It was  
25 passionate. Nobody paid us a dime. We

1  
2           formed the Say No to the Casino Civic  
3           Association. We are made up of  
4           Republicans, Democrats, Independents from  
5           all across Nassau County. We have more  
6           than 2300 signatures so far in our  
7           petition, and we have an active Facebook  
8           group. So far, we've held two rallies so  
9           far and our efforts have garnered  
10          attention. From *Newsday*, *News12*, Fox 5,  
11          CBS, The Patch, Long Island Herald, Long  
12          Island Press, among others. No marketing  
13          staff, no budget. Just passion. We love  
14          our community. We love our county, and we  
15          cannot stand by and watch this happen.  
16          Our passion is contagious.

17                When I connect with folks across our  
18                county, it is easy to sell it. Okay.  
19                Everyone's first reaction is shock. I'm  
20                not an actress. I'm not going to recreate  
21                it. But it is shock. The next is some  
22                variation of, Ooh. Oh, my gosh. Then they  
23                get angry. They get angry at all of you  
24                because all of you may very well throw  
25                all of us under the bus so a peddler of

1  
2 an addictive vice can squeeze our money  
3 out of us like a wet sponge.

4 All of the candidates and electives  
5 I've spoken to have the same exact  
6 reaction, including some of you. But you  
7 follow your initial wince with a soup of  
8 excuses about how you don't know what  
9 else we could do with the land.

10 This job you're all in is too hard.  
11 If it's too hard for you to find  
12 something actually productive and  
13 beneficial to do with the hub, then  
14 please don't run again. We need to find  
15 someone else willing to put in the work.  
16 And I've done my homework and so has  
17 OSPAC. If you remember last week they  
18 voted this down. And I can see what the  
19 future looks like for Nassau County if  
20 this gets this casino gets built.

21 And you know the answers of what I'm  
22 going to say. Suburban communities that  
23 allow a casino see crime go up; rates of  
24 problem gambling go up in direct  
25 correlation to proximity; property values

1  
2 go down, and there is no benefit to the  
3 local community. And the vast majority  
4 of revenues, as my friend just mentioned,  
5 don't go anywhere but to the Sands.

6 So let's find other ways to generate  
7 revenue. Without this laundry list of  
8 destructive negatives, I urge you to vote  
9 no on the lease transfer. End it now and  
10 start focusing on better options for our  
11 community.

12 Thank you.

13 PRESIDING OFFICER NICOLELLO: Karen  
14 Riordan.

15 MS. RIORDAN: Good afternoon. My  
16 name is Karen Riordan and I'm a resident  
17 of Manhasset. I believe that public  
18 service is a sacrifice, and I want to  
19 thank you for your commitment to the  
20 community. It's for this reason that I'm  
21 confused how in good consciousness you  
22 could entertain the lease transfer of the  
23 Nassau Coliseum to the Las Vegas Sands  
24 Casino.

25 Nassau County is beautiful and the

1  
2 economy is growing as we emerge out from  
3 the pandemic. So why throw the casino  
4 into the neighborhood that will absorb  
5 all the revenue and the resources from  
6 the citizens of Nassau County? A casino  
7 in Nassau County will destroy the county.  
8 It'll put the restaurants and the small  
9 businesses out of business. Just look at  
10 Atlantic City.

11 Ultimately, whatever ends up being  
12 built on this site will create jobs. It  
13 doesn't have to be a casino. To be clear,  
14 a casino isn't selling a product. All the  
15 revenue that is raised in taxes will come  
16 mostly on the backs of the people here in  
17 Nassau. It's money that previously was  
18 circulating among the citizens and  
19 businesses in our county and will now be  
20 in the pockets of the Las Vegas Sands.

21 After learning about the delays from  
22 the OSPAC in the Planning Commission  
23 meetings last week, I'm confused why  
24 Sands didn't complete the basic  
25 environmental assessment paperwork for

1  
2 these meetings. Perhaps they don't want  
3 to fully characterize the project, I  
4 don't know. But it got me thinking and  
5 asking a lot of questions.

6 For example, do you know how much  
7 water, sewer, energy, etcetera that this  
8 project will consume? I read that when  
9 Sands held the casino in Bethlehem,  
10 Pennsylvania, they had 50 buses a day  
11 going there from Chinatown. I imagine  
12 many more are expected to come here to  
13 Nassau. Do you know what these  
14 projections are? I'm sure they exist.  
15 What are they? How many buses are  
16 anticipated to come to Uniondale? Will  
17 they need a waiver on the parkway? What  
18 are the roads? Will they need to be  
19 reconfigured? What's the maintenance  
20 going to be like? How many additional  
21 cars are expected for the employees? How  
22 many are expected a day on the parkway?

23 Apparently, at the Lakeville Estates  
24 Civic Association meeting last week, a  
25 Sands employee stated that they're

1  
2 entertaining using the beautiful  
3 Eisenhower Parkway as a parking venue for  
4 buses. Really? How many more police  
5 officers do you think you're going to  
6 need to hire? Will it require a new  
7 police station? Will they need more fire  
8 trucks, station, to house them? What are  
9 the costs for all this? Who's going to  
10 pay for all this? Most certainly we're  
11 going to need more drug and addiction  
12 treatment centers. Has someone on your  
13 end independent, of course, completed the  
14 cost benefit analysis for all this? Have  
15 these issues been discussed? Do you know  
16 the answers to these and more questions?

17 The purpose of public hearings is to  
18 hear proposals and how interested parties  
19 can consider and comment. And no one in  
20 the community or the county has had this  
21 opportunity because we don't have the  
22 proper information. Nassau County was  
23 just voted the number one best county to  
24 live in in New York by Niche.com. It  
25 holds the number one position for family

1  
2 life, outdoor activities, healthiest  
3 county for young professionals and  
4 retirees. Please don't let the greed and  
5 the rush for the casino destroy our  
6 beautiful place that we all call home.  
7 Thank you.

8 PRESIDING OFFICER NICOLELLO: Susan  
9 Kaye.

10 MS. KAYE: I'm against this project.  
11 Casinos bring, besides the gambling issue,  
12 hard drug core. We have a serious problem  
13 on the island. Not too many people know  
14 about this. The biggest drug cartel On  
15 the island is Freeport. Freeport is on  
16 the ocean. The boats come in with the  
17 drugs and they go out and smuggle.

18 This is the most disgusting idea.  
19 Tell Sands to take their damn casino and  
20 bring it up to the Borscht Belt. I have  
21 on my phone. 23 photos of all the former  
22 hotels that are up there. The Concorde,  
23 dying, all building moss on the what was  
24 once beautiful pools, all with moss.

25 I have a proposal. Get somebody from

1  
2 Hofstra's Medical School, Northwell and  
3 Memorial Sloan-Kettering. We need some  
4 true allied health programs. We have  
5 these phony for-profits that do nothing.  
6 A good example, Sanford-Brown had an  
7 ultrasound tech program that was not the  
8 school was not accredited. People could  
9 not take the exams. Northwell would not  
10 hire anybody.

11 Another thing Hempstead Works has  
12 job training, a phony thing of an EKG  
13 for-profit college that wasn't even  
14 accredited. I never even took it. This is  
15 my proposal. Get somebody from Hofstra's  
16 Medical School and Northwell and Memorial  
17 Sloan-Kettering and talk to me.

18 And I would like to know where is  
19 our charming County Executive? You  
20 haven't said a word about this. What are  
21 you hiding under the blanket? It's time  
22 you get out from under the blanket and  
23 open your mouth. We do not want this  
24 project and we urge everybody to vote,  
25 "No". There is no true contract in place.

1  
2 Nothing. Today was the day that was  
3 supposed to be transferred over. Nothing  
4 has happened because it's a phony thing.  
5 Take your whole casino idea and bring it  
6 up to the Borscht Belt where it belongs.  
7 Thank you.

8 PRESIDING OFFICER NICOLELLO: Claudia  
9 Long.

10 MS. LONG: Good afternoon.

11 It's a pleasure to see all of you  
12 and have the opportunity to express  
13 ourselves. My civic duty as a citizen.  
14 It's a new experience for me.

15 I just want to speak on Behalf of  
16 "Saying No to the Casino", because I'm  
17 glad you're holding this meeting that we  
18 can express ourselves.

19 Secondly, I've learned that the  
20 revenue of this casino, 80%, would go to  
21 the State, then 10% would go to Suffolk  
22 County and 10% to Nassau. I think this I  
23 think this does not make any sense at  
24 all. It's absurd.

25 I have a friend that lived in Las

1  
2 Vegas and they were a family and they  
3 lived there and they moved out of the  
4 city because of the casino and all that  
5 it brought to that city. They no longer  
6 live there. Crimes, immorality and the  
7 people that congregate in that city. So  
8 they got out of it.

9 Thirdly, save our youth from the  
10 temptation. I'm a graduate of Nassau  
11 Community College from years ago, and I  
12 also know Hofstra University at Delphi  
13 and many, many schools, the high schools  
14 to bring a casino there, you know how  
15 kids and youth are. They like to explore  
16 and go to go to a place and find out.  
17 Why give them the temptation, money and  
18 all that that can get into. Gambling is  
19 addiction.

20 I one time was in the park,  
21 Eisenhower Park, and I met a man while I  
22 was walking and working out and he told  
23 me all about his life in gambling. He had  
24 nothing. He was very sad and I tried to  
25 encourage him. So his life has been

1  
2 ruined by gambling and that habit. So I  
3 met somebody.

4 The population of our of our  
5 county. I grew up in Bellmore, enjoyed  
6 the environment, education. And I've been  
7 in other states and I have appreciated  
8 the education and the exposure I had here  
9 in New York on Long Island.

10 But this proposal to have a casino  
11 is not a good thing. It brings all kinds  
12 of crimes kidnapping, pornography,  
13 killings, stealing. And all I want to say  
14 is you watch television and you see the  
15 old Westerns. There's a bar, somebody  
16 goes in there, there's a table, there's  
17 gambling. There's always something that  
18 comes out of that fighting, killing and  
19 other things.

20 It's not a good it's not a good  
21 thing to have a casino in our midst. It's  
22 the beautiful county. I've been around in  
23 different places, even outside the  
24 country. And I'm always very proud to be  
25 part of Nassau County as a resident. I

1  
2 live near. I live in East Meadow and I  
3 know that it would increase the traffic  
4 and the things that go on because of the  
5 casino. So I say no to the casino.

6 Thank you for listening to me. God  
7 bless you.

8 PRESIDING OFFICER NICOLELLO:  
9 Deirdre Benoit.

10 MS. BENOIT: Good afternoon,  
11 everyone. Thank you for listening to me.

12 My name is Deirdre Benoit. I'm a 51  
13 year resident of Nassau County, 27 of  
14 those current years are in East Meadow. I  
15 worked for a major utility for gas and  
16 electric for 40 years in Nassau, and I  
17 have been a 45 year member union member,  
18 IBEW 1049.

19 I was a customer service rep for  
20 Long Island Lighting, PSEG, whatever,  
21 whoever we were through the years and I  
22 saw and dealt with people who were  
23 suffering from severe financial  
24 hardships. They lost their homes, they  
25 lost their jobs, they lost their

1  
2 families, and they needed to seek public  
3 assistance. All these impact us one way  
4 or another. By losing their electric, not  
5 being able to pay their electric bill,  
6 gas bill, it falls back on those of us  
7 that do pay our bills. Going to the  
8 Department of Social Services means that  
9 it impacts our taxes because we have to  
10 increase money for that.

11 Neighborhoods suffer. As homes go  
12 into foreclosure, people leave the  
13 neighborhoods. We're the ones who suffer  
14 when we see our neighbors in this  
15 situation. This is just the tip of the  
16 iceberg that gambling losses can cause.

17 As far as doing construction in the  
18 hub and being a union member, listening  
19 to the unions discuss what it's going to  
20 benefit them. Any union can come in to  
21 build a building. It doesn't have to be  
22 the casino. Any business that comes in,  
23 especially a medical facility, that is a  
24 medical union that can support that part  
25 of it. There will be jobs for those kind

1  
2 of people.

3 The casino will bring -- this is  
4 like I know rhetoric, but the casino will  
5 bring in an increase in drugs, traffic  
6 safety, traffic, prostitution, crime,  
7 loss of small business. I don't  
8 understand how we can be saying that it's  
9 going to increase small business. Once  
10 they're encapsulated in that casino,  
11 they're not going to go across the street  
12 to Borellis to get a slice of pizza.

13 The potential danger of thousands of  
14 students and the needed police, the  
15 increase in police, the pollution to our  
16 environment, all the list goes on and on.  
17 Petty theft already impacts our  
18 neighborhoods, as you may well know, Mr.  
19 McKevitt, because it's happening in our  
20 neighborhood, and I can't imagine what  
21 would happen with an increase in that  
22 crime. We don't need more crime. We don't  
23 need this in our neighborhood. Nassau  
24 County is beautiful and it's our  
25 beautiful. We don't need this casino.

1  
2 It's not wanted or needed. Please say no  
3 to the casino.

4 Thank you so much for your time.

5 PRESIDING OFFICER NICOLELLO: Thank  
6 you. Pastor Arthur Mackey.

7 PASTOR MACKEY: Thank you to our  
8 Presiding Officer, to our County  
9 Executive Bruce Blakeman, to my  
10 Legislator Kevan Abrahams, and to all of  
11 the Legislators.

12 I'm here to say no to the casino. My  
13 youngest daughter attended Nassau  
14 Community College, and I know for a fact  
15 that many of the students of Nassau  
16 Community College are dead against the  
17 casino coming to the Coliseum site. My  
18 oldest daughter attended Hofstra  
19 University. Talked with her before I came  
20 here and said we don't want it in State  
21 College, Pennsylvania, where she is  
22 working on her doctorate and she is the  
23 black freedom struggles, Professor, and  
24 certainly she doesn't want to see it near  
25 the site of the Coliseum. And I know the

1  
2 president of Hofstra University is  
3 against it. Many of the professors and  
4 the majority of the students.

5 But who's for it? The Bloods would  
6 be for it. Who's for it? The Crips would  
7 be for it. Who's for it? The MS13 would  
8 be for it. We know already in Long Island  
9 that we've had a problem with gangs, and  
10 when they're upset with the gambling of  
11 life, they cut up bodies and the  
12 preserves that are being cleaned up on  
13 Earth Day, that's where they buried the  
14 bodies. And we know that to be the gospel  
15 truth. And we don't need more of that in  
16 Nassau County.

17 We have our Hofstra University  
18 there, and many of the professors feel  
19 like they're being forced to support the  
20 casino to come there. There's even  
21 professors who are resigning because they  
22 don't want to be forced to support the  
23 casino. There is a better way. There are  
24 better opportunities and businesses to  
25 bring to the Nassau County hub.

1  
2 We have to say no compromise because  
3 this money for a casino is blood money.  
4 And what will it profit a man if he gain  
5 the whole world and lose his soul?

6 Now we give him protest. I want to  
7 give some praise and thank our county  
8 executive for coming to Roosevelt and  
9 bringing Dr. Jay and for the Dream Court.  
10 Thank you, Kevin Abrams, our Legislator,  
11 for having the Earth Day clean up at the  
12 Martin Luther King Senior Park. So we get  
13 praise where praise is due and we get  
14 protests where protester is due. Before  
15 legislators resign, vote no to the  
16 casino. No to the casino. No to the  
17 casino. No to the casino. Thank you. And  
18 God bless you.

19 PRESIDING OFFICER NICOLELLO: Thank  
20 you, Pastor Mackey.

21 Pearl Jacobs.

22 MS. JACOBS: Reverend Mackey, thank  
23 you for mentioning Nassau Community  
24 College, because one of my civic members  
25 has a neighbor, she attends Nassau

1  
2 Community College. And my member asked,  
3 what is your feeling about the casino?  
4 You know, you're a student over there,  
5 what do you feel? She says, we don't want  
6 a casino over there. We have enough  
7 homeless people walking through the  
8 campus now and we don't need more. So  
9 maybe you need to check that out, too.  
10 With the homeless people walking through  
11 Nassau Community College's campus, I just  
12 want to mention that.

13 Legislator Bynoe, I did send you an  
14 email. I didn't receive a response, so  
15 I'll just read it again:

16 "I'm president of Uniondale Oldest  
17 Civic Association and Nostrand Garden  
18 Civic Association, and I am against the  
19 casino. A casino will have a negative  
20 impact upon Uniondale quality of life and  
21 the quality of life for all Nassau County  
22 residents. A casino would not be good for  
23 our environment. The New York State  
24 Department of Environmental Conservation  
25 officials have designated Uniondale as a

1  
2 community that is disproportionately  
3 affected by pollution and climate change.  
4 A casino at the Nassau hub would  
5 dramatically increase traffic on  
6 Hempstead Turnpike, causing increased  
7 health, safety and environmental  
8 concerns. Hempstead Turnpike is listed as  
9 one of the most unsafe roadways for  
10 pedestrians in the tri state and  
11 consistently ranks in the top five of the  
12 most dangerous roadways in New York State  
13 year after year. With the addition of  
14 casinos, shuttle buses, Hempstead  
15 Turnpike would very likely take first  
16 prize for New York State's most dangerous  
17 roadway.

18 Increased traffic brings an increase  
19 in pollution. The deterioration of our  
20 air quality would become an even greater  
21 cause for concern. Constructing a casino  
22 at the Nassau hub in Uniondale's  
23 backyard, literally in Uniondale's  
24 Backyard, a community that has been  
25 identified by New York State as a

1  
2 community that is disproportionately  
3 affected by pollution, would definitely  
4 be perceived as environmental injustice.  
5 And I would even say it's the same thing,  
6 environmental racism.

7 It is a fact that our current  
8 infrastructure will not support the  
9 increased traffic that a casino would  
10 bring, as Nassau County has very few  
11 alternative roadways to alleviate traffic  
12 and congestion on its main roadways. The  
13 Meadowbrook Parkway prohibits commercial  
14 vehicles, buses and trucks. Where were  
15 all the additional traffic go?

16 Along with casinos comes crime as  
17 per the national average where new  
18 casinos are open experienced a 500%  
19 increase in crime. Casinos are typically  
20 open 24 hours, seven days a week. This  
21 affords the opportunity for certain  
22 crimes such as drugs, prostitution,  
23 theft, extortion, stolen cars, gun  
24 violence, human trafficking, And the list  
25 goes on and on.

1  
2 Nassau County has been recognized as  
3 the safest county in the nation, thanks  
4 to the service and protection provided by  
5 the Nassau County Police Department. Why  
6 would our decision makers want to create  
7 more crime opportunities and overburden  
8 our law enforcement officers? The  
9 residents of Uniondale, the surrounding  
10 communities, and the 40,000 students that  
11 attend Hofstra University, Nassau  
12 Community College, Uniondale Charter  
13 School, Kellenberg Memorial High School,  
14 and the students that visit Museum Row  
15 deserve to live and learn in a safe  
16 community.

17 A casino at the Nassau hub would  
18 create positive would not create positive  
19 economic outcomes for Nassau small  
20 businesses. A casino's business model is  
21 to keep customers inside by serving them  
22 complimentary food and drinks so we can  
23 say bye to our small businesses.

24 PRESIDING OFFICER NICOLELLO: Ms.  
25 Jacobs, please sum up.

1  
2 MS. JACOBS: A Casino is bad for our  
3 environment, bad for our safety, bad for  
4 our youth, and bad for our economy. So  
5 let's say no to the casino. Thank you.

6 PRESIDING OFFICER NICOLELLO: Marie  
7 Reimers.

8 MS. REIMERS: Good afternoon,  
9 everyone.

10 This is the third time I've been  
11 here. I have to take time off from my  
12 job. Hopefully, I am in a union job, I  
13 won't get fired. But if I was in the  
14 private corporation, it would be a  
15 different ball game.

16 I'm lost. I don't even know where to  
17 start because I feel that I'm going to  
18 repeat what everybody has been saying. I  
19 moved to Uniondale 30 years ago. My  
20 husband and I, we bought the house. What  
21 you guys are doing is taking the value of  
22 the house from my hand after all those  
23 years. My commute only is a challenge. I  
24 used to work in downtown Manhattan. You  
25 can figure that. I'm coming from here,

1  
2 going to Manhattan. Now I'm working in  
3 Brooklyn. You can imagine the sacrifice  
4 that I make. And I move here because I  
5 wanted a better place to raise my son.

6 You guys are elected official. If  
7 the people are telling you guys no,  
8 what's the problem? What's the issue? I  
9 cannot represent myself. They cannot  
10 represent themselves. That's why we elect  
11 you guys. But if we elect you to do the  
12 job and you pushing it down our throat,  
13 how you think we going we feeling though?  
14 We don't want the casino. And you know  
15 what you guys did? You approved the  
16 marijuana things. Then you see what  
17 happening now. It's a big issue in the  
18 country. Even the police cannot handle  
19 it. Why? Because they just go and open  
20 their own shop without the license. You  
21 guys, you come. Oh, yeah, marijuana is  
22 good for medical reason. That's fine. He  
23 does. It is good for medical, but it is  
24 not good for entertainment or for  
25 pleasure. And that's what the problem is.

1  
2 To the point that the people that go and  
3 open the shop without the license, the  
4 fee used to be \$2,000. They don't care  
5 about \$2,000. Now, the governor is  
6 putting it \$20,000 for them to pay when  
7 they open the shop.

8 So you guys are not thinking. I know  
9 you are parents. Even if you don't have  
10 kids, you got nephew, got niece, you got  
11 everything. Why are you guys doing that  
12 for? Why you guys are not reject the  
13 project upfront. Why not?

14 You see Hofstra, they work so hard  
15 and now they are the number one college  
16 in the country. The kids can just cross  
17 the street and go to the casino. We got  
18 Nassau Community College that doing a  
19 huge service to the community because the  
20 school is cheaper. They can just walk two  
21 blocks and go. We got Kellenberg Memorial  
22 down there, the high school, plus they  
23 have the field where they practice. You  
24 putting a casino there? There is the  
25 elementary school there. So what's going

1  
2 on? What's going on? Is that because you  
3 guys are not up for election and you  
4 going to give us the casino and then  
5 later for you guys, you can do something  
6 later on? We don't want the casino. We  
7 don't want it. Please vote no for it.  
8 Have some conscience.

9 PRESIDING OFFICER NICOLELLO: Peter.  
10 Am?

11 MR. AM: Good afternoon. Can you  
12 hear me okay? I always have to ask,  
13 because I have three children at home. No  
14 matter how hard I try, they never listen.  
15 And I hope you all listen to what I have  
16 to say.

17 So it truly humbles me to be  
18 standing here today after the  
19 presentation to our heroes. I'm here not  
20 because I'm a hero, but I'm here to fight  
21 for the well-being of my family and  
22 children.

23 I would like to share a personal  
24 story. The men and women before me have  
25 spoken and given you a lot of reasons why

1  
2 casino is not good. But I want to share a  
3 story firsthand on my personal  
4 experience. I used to work in a deli and  
5 we sold lottery tickets. And do you know  
6 when it's the busiest time of the month?  
7 It's usually at the end of the month when  
8 people get their paycheck. Right. So you  
9 would see people coming in, buying  
10 lotteries, spending their hard earned  
11 money on these tickets. And at the end of  
12 the month, in two weeks or three weeks,  
13 they would come in and asking us to  
14 please lend them \$5 for sandwiches. What  
15 does gambling do to people?

16 Now, my son is a hard core  
17 basketball fan. So I was trying to catch  
18 up with him. So I was doing some research  
19 on YouTube and I came across a video  
20 about Michael Jordan. So many of you  
21 might know that Michael Jordan also  
22 suffered addiction from gambling, right?  
23 He had to retire from the game. Now  
24 imagine someone as wealthy as he is can  
25 fall victim to gambling. How would

1  
2 gambling do to the average people, hard  
3 working people of Nassau County?

4 I had a close relative. He had a  
5 huge problem with gambling. When he  
6 received his paycheck at the end of the  
7 month, he would go off to Atlantic City.  
8 Then I would see him two weeks later and  
9 he would be like, Oh, I need money to pay  
10 for my rent. I need money to pay for  
11 food. It was never about saying hi or  
12 hello. He suffered from his habit. And he  
13 almost lost his family. They talk about  
14 divorce and he had young children to  
15 raise. So the last thing I want to see is  
16 to see a spouse losing a husband or a  
17 wife. I don't want to see a child losing  
18 a father or mother. Please say no to  
19 Casino.

20 LEGISLATOR KOPEL: Steve Rolston.

21 MR. ROLSTON: Hello. Thank you for  
22 being here. I'm Steve Rolston. I've lived  
23 in Baldwin for 36 years. And again, thank  
24 you all for your attention. It's a long  
25 day and we really appreciate the

1  
2 attention you've paid to us in this  
3 important question of what next for  
4 Nassau County.

5 We were given a rare opportunity to  
6 preserve open spaces of Hempstead,  
7 Plains, Eisenhower Park and the campuses  
8 of Hofstra University and Nassau  
9 Community College and nearby hospitals  
10 and medical groups. At the same time, the  
11 presence of the hub offers an opportunity  
12 to use the commercial space of Nassau  
13 Coliseum and surrounding businesses in a  
14 way that elevates the quality of life for  
15 Nassau County residents and provides  
16 income producing revenues for the county  
17 and its residents, all while allowing the  
18 flow of traffic to continue, as it  
19 normally does so well in that busy area.  
20 We all have complained about traffic in  
21 Nassau County, Long Island. It actually  
22 works lately. It flows beautifully.  
23 There's rush hour, there's championship  
24 games. But generally, Nassau County  
25 works.

1  
2                   How is it that a casino owner from  
3                   Nevada has vision for growth in Nassau  
4                   County? We in Nassau County know what to  
5                   do. With input from our strong  
6                   environmental groups such as Friends of  
7                   Hempstead Plains, the Long Island, Sierra  
8                   Club, the South Shore, Audubon Society  
9                   and Seatuck, there are so many good ideas  
10                  for careful expansion to help keep this  
11                  beautiful county beautiful and peaceful.  
12                  A casino does not accomplish that.  
13                  Preservation of space, careful growth  
14                  through expansion of our institutions of  
15                  higher learning, expansion of our parks,  
16                  medical groups and transportation links  
17                  all would bring more employment and  
18                  improved quality of life.

19                 Among the biggest winners is  
20                 actually Nassau Coliseum. It works.  
21                 Nassau Coliseum is home to many enjoyable  
22                 family events and concerts. Let's  
23                 appreciate Nassau Coliseum for the  
24                 connection it already provides our  
25                 community. A casino is wasteful. And the

1  
2 residents are strongly against it for the  
3 obvious reasons of increased pollution,  
4 crime and addiction issues related with  
5 casinos. Please reject the casino. Thank  
6 you.

7 PRESIDING OFFICER NICOLELLO: David  
8 Thomas.

9 MR. THOMAS: Good afternoon. My  
10 name is David Thomas and I live in  
11 Uniondale. And this is the third time I  
12 am appearing in front of you guys and I  
13 am very, very, very disappointed in the  
14 decisions that you guys are making that  
15 affects each and every one of us.

16 There's a reason why, and I said  
17 this before, there's a reason why the  
18 saying goes, "What Happens in Vegas stays  
19 in Vegas". We have two casinos in our in  
20 our neighborhood, one on the Belt Parkway  
21 and one on 495. I'm not sure any of you  
22 have really understood what happens in a  
23 casino. The one on Belt Parkway I'm very  
24 familiar with. Three floors of gambling,  
25 one floor had to be closed. The reason

1  
2 why? Suicide. Suicide. People would go  
3 on the third floor and throw themselves  
4 down to the first floor. It's insane for  
5 us to understand what's really going on,  
6 what a casino really does when you have  
7 that kind of access. I have visited  
8 Atlantic City and one of the things I do  
9 is to leave the hotel I stay and walk in  
10 the neighborhood. I'm yet to see a nice  
11 neighborhood in Atlantic City around the  
12 casino area. What I've seen, however, is  
13 lots of homelessness, lots of drunk  
14 people, lots of destruction.

15 Uniondale, Nassau community has a  
16 reputation of being one of the best  
17 communities, not only in New York, but  
18 worldwide. People come here to live  
19 because of its its serenity and the  
20 beauty of what it offers.

21 Now, I'm kind of concerned that you  
22 guys sit here and there's universities  
23 there, there's high schools there and you  
24 guys decide to think that you're going to  
25 put a casino in the middle of all of

1  
2 this. This is insane. It's crazy. Okay,  
3 We live here. We have the opportunity to  
4 do things that would encourage more  
5 families to be a part of it. And you guys  
6 are thinking of a casino, 5000 permanent  
7 jobs, 12,000 temporary jobs. There's  
8 going to be jobs anyway. We need more  
9 teachers. We need more medical  
10 professional workers. Come on, fellas and  
11 ladies, think. You have been you have  
12 been elected to serve us. Please do the  
13 right thing. No to the casino. Thank you.

14 PRESIDING OFFICER NICOLELLO: Kevin  
15 McKenna.

16 MR. MCKENNA: Good afternoon, Kevin  
17 McKenna. I am here live streaming this  
18 very, very important public comment on a  
19 widely followed social media page on  
20 Facebook called Nassau County NY News.  
21 And I'm happy to be of service to the  
22 almost 100,000 Nassau County residents  
23 that will watch this video over the next  
24 28 days. It's unfortunate that it's very,  
25 very difficult for Nassau County

1  
2 residents to know how to find the video  
3 link on the Nassau County website. And  
4 that's done on purpose.

5 I very, very much enjoyed the  
6 beginning of the meeting with the the Top  
7 Cop Awards. And I find it very, very  
8 interesting that Commissioner Patrick  
9 Ryder is able to command *Newsday's*  
10 attention -- although he didn't get News  
11 12 here today -- and right after the Top  
12 Cop Awards, which are well deserved,  
13 *Newsday* fled the building. So again, I'm  
14 happy to provide this on Nassau County NY  
15 News to all the taxpayers and residents.

16 What's unbelievable is that here we  
17 are at, I don't know, 3:00 in the  
18 afternoon, and I'm very, very much amazed  
19 at how many concerned residents came here  
20 today during a workday. Chairman  
21 Nicolello, could you imagine how many  
22 concerned residents would come here if  
23 you had a specific public comment on this  
24 very, very important topic? If you are  
25 concerned, I'll give you the benefit of

1  
2 the doubt, you'll have a public comment,  
3 especially for the residents of Nassau  
4 County on this topic after 6:30-7:00  
5 p.m..

6 The fact of the matter is, is that  
7 this matter, this is going to have a  
8 major effect on the election of the next  
9 Nassau County Executive. And I suspect  
10 that the reason that four of the  
11 legislators have already decided to not  
12 run for re-election, I don't think it has  
13 to do with the redistricting, I think it  
14 has a lot to do with some of the major  
15 projects that are taking place right now.

16 Folks that are listening right now,  
17 make no mistake of it, these folks up  
18 here are not going to decide whether or  
19 not this gets approved. It's going to be  
20 decided by the two party leaders, the  
21 Republican Party leader that put every  
22 one of these legislators on the ticket.  
23 He's going to let them know what he wants  
24 them to do and every one of them will  
25 vote lock, stock one way. When's the last

1  
2 time any Republican ever voted no against  
3 their colleagues?

4 In closing, the Republican chairman,  
5 Joe Cairo, is the chairman of the Nassau  
6 County Off-track Betting Association, and  
7 he will decide what these folks do. And  
8 by the way, the Democrats right now, led  
9 by Chairman Jay Jacobs. They actually  
10 have Robert Zimmerman, who recently ran  
11 for Congress as a Democrat, his company  
12 is actually hired by the Las Vegas Sands  
13 Casino and is promoting this for the  
14 Democratic Party as well. Make no  
15 mistake, there's one party in New York  
16 State. Thank you very much.

17 PRESIDING OFFICER NICOLELLO: Meta  
18 J. Mereday.

19 MS. MEREDAY: Good afternoon. So  
20 many others spoke so eloquently. I'm just  
21 hoping that they come back next month. As  
22 you can see, the room is not packed with  
23 the Sands supported constituents for a  
24 reason. Because OSPAC denied it, the  
25 Planning Commission tossed it, so the

1  
2 Legislature couldn't vote for it today.  
3 But I urge you all in listening in and  
4 viewing to be back in May. That's when  
5 the real battle lines are going to be  
6 drawn.

7 So clearly, my opposition to the  
8 casino is real. The fact that the average  
9 income for a casino worker is \$39,000;  
10 that's New York State. Okay. And somebody  
11 asked earlier who had been to other  
12 locations like Las Vegas. I have. I have  
13 friends that work in the educational  
14 system, and those returns, those promised  
15 returns to the educational system are  
16 bogus; they're a lie. They have to raise  
17 money to try to educate those kids, the  
18 ones that can get off the street, the  
19 ones that are not being trafficked for  
20 sex.

21 Pennsylvania, they've got about 12.  
22 I've been to about 5 or 6 of them.  
23 Wilkes-Barre area, Bethlehem. You know,  
24 the problem in Pennsylvania, aside from  
25 the predators and someone spoke earlier

1  
2 about people taking their paychecks,  
3 they're leaving their kids in the parking  
4 lots to go gamble. This is real, not fake  
5 news. I'm a credible journalist. I get my  
6 facts and I'm also on site to address  
7 that. We need to do better here.

8 One thing, one organization, one  
9 constituency group I have not heard  
10 mentioned here -- which still bears the  
11 name because I don't call it the hub --  
12 It's a Nassau County Veterans Memorial  
13 Coliseum, folks. Okay. Veterans today  
14 committing suicide, at least 44 per day.  
15 Suicidal ideations right behind them are  
16 our young people. Think about it.

17 I stand with the president of  
18 Hofstra. I'm a second generation graduate  
19 of Hofstra University, third generation  
20 resident of the County of Nassau. Most  
21 of the roads and buildings over 50, 60  
22 years, a relative of mine laid the  
23 concrete for it. Okay. I'm not happy. Not  
24 happy.

25 I can't even count how many times

1  
2 I've been here. Don't even want to. Other  
3 things I could be doing. I could have  
4 been on a call earlier today. Veteran  
5 Mission Possible. Our two issues:  
6 Veteran suicide and medical debt for all.  
7 We have more constituent groups dealing  
8 with medical debt. Healthcare is our  
9 leading industry here. Other things we  
10 can do with that property. We have  
11 congressional leaders who never knew that  
12 we have a manufacturing hub in Long  
13 Island. We got funds for that. PACT bill.  
14 We could be doing better for our  
15 veterans.

16 Research and development. Hempstead  
17 Turnpike can become a research and  
18 development corridor. We can build up.  
19 The medical center got empty spaces.

20 Let me see. Homeless veterans,  
21 widows about to lose their home, empty  
22 spaces at the medical center, we have the  
23 smallest support system for the hardest  
24 working veteran services agency in the  
25 country. This room here is bigger than

1  
2 the space that our veteran services  
3 agency worked so diligently out of.

4 PACT Bill money, billions of  
5 dollars; infrastructure, billions of  
6 dollars. We can build up Long Island  
7 manufacturing today. Department of  
8 Energy, Clean Energy Corps, billions of  
9 dollars creating jobs building  
10 infrastructure keeping our young people  
11 here.

12 Let's remember what that coliseum is  
13 supposed to do. Our veterans can't go  
14 there, folks. They can't go there. Our  
15 students don't need to be going there. We  
16 don't need to be having this  
17 conversation. And I will wrap up because  
18 I need to roll out of here. I've had  
19 enough of this today.

20 I'm encouraging everyone come back  
21 in May, right? The governor, everybody  
22 wants to jump on Hochul about affordable  
23 housing. Let's focus on that. Bring her  
24 idea and your no action in the middle so  
25 we can create affordable housing, good

1  
2           paying jobs, keep our residents here,  
3           protect our veterans. You all want to sit  
4           up there and wear your flag pin. Let's  
5           stand up for our veterans and their  
6           families and the taxpayers of Nassau  
7           County. I'm done. Goodbye.

2 PRESIDING OFFICER NICOLELLO: All  
3 right. That concludes public comment.  
4 We're going to go to the emergency items  
5 now. Let's start with 146-23.

6 CLERK PULITZER: I'm going to read  
7 the emergency resolution.

8 An emergency resolution declaring an  
9 emergency for immediate action upon a  
10 resolution to ceremoniously designate a  
11 portion of the county road known as  
12 Foxhurst Road between the Overlook Place  
13 and Merrick Road in Baldwin as "Joseph  
14 'Joe' Scannell Way" and directing the  
15 Department of Public Works to install  
16 conspicuous signage along said roadway.

17 PRESIDING OFFICER NICOLELLO: Motion  
18 to establish the emergency by Legislator  
19 Mule, seconded by Minority Leader  
20 Abrahams. Any debate or discussion on the  
21 emergency?

22 (Whereupon, no verbal  
23 response.)

24 PRESIDING OFFICER NICOLELLO:  
25 Hearing none.

1  
2 All in favor of the emergency  
3 signify by saying, "Aye".

4 (Whereupon, all members of  
5 the Nassau County Legislature  
6 respond in favor with, "Aye".)

7 PRESIDING OFFICER NICOLELLO: Those  
8 opposed?

9 (Whereupon, no verbal  
10 response.)

11 PRESIDING OFFICER NICOLELLO:  
12 Carries unanimously.

13 Now, I'll call the resolution. A  
14 resolution to ceremonially designate a  
15 portion of the county road known as  
16 Foxhurst Road between Overlook Place and  
17 Merrick Road in Baldwin as "Joseph 'Joe'  
18 Scannell Way" and directing the  
19 Department of Public Works to install  
20 conspicuous signage along said roadway.

21 Motion by Legislator Mule seconded  
22 by Minority Leader Abrahams.

23 LEGISLATOR MULE: May I speak?

24 PRESIDING OFFICER NICOLELLO: Yes.

25 LEGISLATOR MULE: Thank you,

1  
2 Presiding Officer.

3 I want to thank you again for  
4 allowing this to go forward as an  
5 emergency. On May 6th, we are going to be  
6 doing a memorial tree planting. Now we  
7 can include the street name naming  
8 ceremony for former Legislator Joe  
9 Scannell. He represented the area that I  
10 represent now for many years. He is  
11 beloved in Baldwin in particular. He's a  
12 lifelong resident, an Eagle Scout. It was  
13 my understanding he fought passionately  
14 for the preservation of the carousel,  
15 among many other of his accomplishments.  
16 He died tragically of Huntington's  
17 Disease that he suffered with he suffered  
18 with for many years. All of the  
19 legislators have received an invitation  
20 to the tree naming. I know some of you  
21 have responded. Thank you for that. If  
22 you haven't responded, please just  
23 respond to the e-mail. But it will be a  
24 lovely service. We're inviting everybody  
25 who ever worked with him in the

1  
2 legislature and the family will be there.

3 With regards to this, I hope  
4 everyone that we can do this unanimously.  
5 Thank you.

6 PRESIDING OFFICER NICOLELLO: Thank  
7 thank you for bringing this forward. A  
8 number of us up here, I know the Minority  
9 Leader, for one, myself and others served  
10 with Joe Scannell, Legislator Kopel. He  
11 was a gentleman through and through. He  
12 went through some real physical  
13 difficulties when he was here, but he  
14 always had a smile on his face. You would  
15 never know the difficulties he was  
16 dealing with. And he was a very  
17 conscientious legislator and public  
18 servant.

19 Anyone else? All right. All in  
20 favor, signify by saying, "Aye".

21 (Whereupon, all members of  
22 the Nassau County Legislature  
23 respond in favor with, "Aye".)

24 PRESIDING OFFICER NICOLELLO: Those  
25 opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: Now  
3 149-23 that please call the resolution,  
4 Mike.

5 CLERK PULITZER: Yes, sir.

6 An emergency resolution declaring an  
7 emergency for immediate action upon a  
8 resolution requesting the Legislature of  
9 the State of New York to enact and the  
10 Governor to approve an act to amend the  
11 retirement and Social Security law in  
12 relation to providing accidental  
13 disability retirement for deputy sheriff  
14 in Nassau County.

15 PRESIDING OFFICER NICOLELLO: Okay.  
16 Motion by Minority Leader Abrahams,  
17 Seconded by Deputy Presiding Officer  
18 Kopel. That's a motion to establish the  
19 emergency. Any debate or discussion on  
20 the emergency?

21 (Whereupon, no verbal  
22 response.)

23 PRESIDING OFFICER NICOLELLO:  
24 Hearing none. All in favor of the  
25 emergency signify by saying, "Aye".

(Whereupon, all members of the Nassau County Legislature respond in favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those opposed?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: Carries unanimously.

Now, I'll call the item for a vote. It's a resolution requesting the Legislature of the State of New York to enact and the Governor to approve an act to amend the retirement and Social Security law in relation to providing accidental disability retirement for deputy sheriffs in Nassau County. Motion by Deputy Presiding Officer Kopel, seconded by Minority Leader Abrahams.

Any debate or discussion on this item?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: No.

1  
2 All right. All in favor, signify by  
3 saying, "Aye".

4 (Whereupon, all members of  
5 the Nassau County Legislature  
6 respond in favor with, "Aye".)

7 PRESIDING OFFICER NICOLELLO: Those  
8 opposed?

9 (Whereupon, no verbal  
10 response.)

11 PRESIDING OFFICER NICOLELLO:  
12 Carries unanimously.

1  
2 PRESIDING OFFICER NICOLELLO: Please  
3 call the emergency 153.

4 CLERK PULITZER: An emergency  
5 resolution declaring an emergency for  
6 immediate action upon a resolution  
7 requesting the Legislature of the State  
8 of New York to enact and the Governor to  
9 approve an act to amend the tax law in  
10 relation to extending the authority of  
11 the County of Nassau to impose hotel and  
12 motel taxes in Nassau County; to amend  
13 Chapter 179 of the Laws of 2000 amending  
14 the tax law relating to the hotel and  
15 motel taxes in Nassau County and a  
16 surcharge on tickets to place of  
17 entertainment in such county in relation  
18 to extending certain provisions thereof;  
19 and to amend the tax law in relation to  
20 extending the authority of the County of  
21 Nassau to impose additional sales and  
22 compensating use taxes, and in relation  
23 to extending local government assistance  
24 programs in Nassau County.

25 PRESIDING OFFICER NICOLELLO: Okay.

1  
2 Thank you. So we need an emergency motion  
3 by Legislator Walker to establish the  
4 emergency, seconded by Legislator  
5 Drucker.

6 Any debate or discussion on this  
7 item? This item and the previous item  
8 are items that are connected to the  
9 business of the Legislature in Albany.  
10 That's why each year they come to us as  
11 an emergency because there's a need to  
12 get them to the Legislature up in Albany  
13 for their consideration. Andy, do you  
14 want to add anything?

15 MR. PERSICH: No. Andy Persich,  
16 Office of Management and Budget.

17 These are just, I would say,  
18 procedural things that we have to do for  
19 the extension of the taxes and it's just  
20 an ongoing recurring thing that has to  
21 occur. The law expires in Albany. So it's  
22 just our lobbyists had to get them up  
23 there now. So the reason that we've done  
24 it now is an emergency is that they  
25 suggest that getting it up there sooner

rather than later.

PRESIDING OFFICER NICOLELLO: Okay.  
Any debate or discussion?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Hearing none. All in favor, signify by  
saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
respond in favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously.

Now, I'll call the item briefly. 153  
2023 a resolution requesting the  
Legislature of the State of New York to  
enact and the Governor to approve an act  
to amend the tax law in relation to  
extending the authority of the County of  
Nassau to impose hotel and motel taxes.

Moved by Legislator Walker, seconded by  
Legislator Mule.

Again. Andy spoke just now. But  
anyone want to add anything or discuss?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: No.  
All right. All in favor, signify by  
saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
respond in favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: Last  
3 item. Under the emergency calendar, want  
4 to call it, 155, Mike?

5 CLERK PULITZER: Yes, sir.

6 An emergency resolution declaring an  
7 emergency for immediate action upon a  
8 local law to amend the Nassau County  
9 Administrative Code in relation to the  
10 verification of section, block and lot  
11 information in instruments presented for  
12 recording.

13 PRESIDING OFFICER NICOLELLO: Okay.  
14 To establish the emergency, I'll make a  
15 motion seconded by Legislator Schaefer to  
16 establish the emergency on this item.

17 Any debate or discussion on the  
18 emergency itself?

19 LEGISLATOR ABRAHAMS: Presiding  
20 Officer, if I may, thank you.

21 The Minority Caucus is willing to  
22 put it up for emergency, but we envision  
23 that there's going to be some level of a  
24 debate in terms of how the I believe now  
25 it's 270, correct? If I'm standing

1  
2 correct, it's not 275 as per the backup,  
3 how the 270 is being substantiated. But  
4 by no way should our vote for the  
5 emergency -- the emergency is mainly a  
6 response to the County failing to make a  
7 case in the Appellate Division. And from  
8 that standpoint, we felt obligated to at  
9 least be able to hear the emergency. But  
10 by no stretch of the imagination should  
11 we, this emergency, should substantiate  
12 or indicate that we are in support of the  
13 270, but we'd like to hear the how that's  
14 being substantiated.

15 PRESIDING OFFICER NICOLELLO: Okay,  
16 understood. Any anything else on the  
17 emergency itself?

18 (Whereupon, no verbal  
19 response.)

20 PRESIDING OFFICER NICOLELLO:  
21 Hearing none. All in favor, signify by  
22 saying, "Aye".

23 (Whereupon, all members of  
24 the Nassau County Legislature  
25 respond in favor with, "Aye".)

1  
2 PRESIDING OFFICER NICOLELLO: Those  
3 opposed?

4 (Whereupon, no verbal  
5 response.)

6 PRESIDING OFFICER NICOLELLO:  
7 Carries unanimously. The emergency is  
8 established.

9 Now, I will call the local law. It's  
10 a local law to amend the Nassau County  
11 Administrative Code in relation to the  
12 verification of section, block and lot  
13 information and instruments presented for  
14 recording. I'll make that motion seconded  
15 by Legislator Schaefer. Now it's before  
16 us.

17 Andy, Good afternoon.

18 MR. PERSICH: Andy Persich, Office  
19 of Management and Budget. As we're all  
20 aware, there was a ruling in the  
21 appellate division that we lost the case  
22 on the tax map verification fee. As a  
23 result of that, we had to act quickly to  
24 propose a new fee that would replace the  
25 \$355 fee.

1  
2           On a substance, it creates a hole in  
3 my budget to the tune of about \$15  
4 Million, which I'm going to have to  
5 figure out either a new revenue  
6 replacement or an expense cutting measure  
7 in order to handle that.

8           But as far as how we came up with  
9 the calculation, there are many ways that  
10 we could do this, I will say that much. I  
11 don't think people realize that there's a  
12 lot of back end costs associated with it,  
13 like technology and everything else. So I  
14 simplified the calculation down to think  
15 of what it would cost me to run the two  
16 departments of ARC and Assessment  
17 exclusive of the tax certs, which is a  
18 function of, I would say, the Department  
19 of Assessment. Having said that, we  
20 averaged the number of transactions to be  
21 roughly around 85,000 transactions on  
22 approximately \$24 Million in expenses.  
23 It's not a one for one, but if you add  
24 that in, that's the base methodology of  
25 how we came up with the \$270 fee.

1  
2           Keep in mind now, I think if you  
3           actually did a full cost, which is what  
4           we use, I mean, I don't know if you're  
5           aware of this, but the County does have a  
6           outside vendor who does a full cost  
7           allocation method for indirect costs,  
8           which would be IT, the public safety, the  
9           maintenance, the capital costs, the  
10          infrastructure that's behind all these  
11          things. It's not just -- I mean, when you  
12          look at a system and its entirety or  
13          service, there's a lot of back end  
14          tentacles associated with this that may  
15          not seem like a lot, but they are very  
16          costly. That associated with wages and  
17          all the other indirects that come along  
18          with that, the justification for the fee,  
19          probably we could dive a little deeper. I  
20          would think it would even be higher if  
21          you did that. So we came up with, I  
22          think, a fair and equitable solution to a  
23          fee that the court deemed as excessive.  
24          And that's how we came up with the \$270  
25          fee.

PRESIDING OFFICER NICOLELLO:

Questions for Mr. Persich? Legislator  
Drucker.

LEGISLATOR DRUCKER: Thank you,  
Presiding Officer. So, Andy, I have the  
decision in front of me. And basically we  
didn't just lose the case because of the  
amount of the tax. We lost it because the  
ruling was that it's an illegal tax and  
any sort of fees at the county level, we  
are all aware of that, there has to be a  
correlation. You're talking about back  
end costs. I for one, you know, as part  
of my my law practice, do a lot of real  
estate, I have personally made the trip  
to the County Clerk's Office to record  
deeds, satisfactions of mortgage,  
etcetera. And it always amazes me. And,  
you know, in the outside world, in real  
estate transactions, people laugh or they  
don't laugh, actually cry when it comes  
to recording instruments in Nassau  
County. It's a joke.

You know, to record a deed in New

1  
2 York City, a city of 8 or 9 million  
3 people just involves even more work  
4 because you have to print out online  
5 what's called the ACR system. It's the  
6 Automated City Recording stuff, and it  
7 involves a lot of New York City transfer  
8 tax return, New York state transfer tax  
9 return, smoke alarm affidavits, etcetera,  
10 and that costs \$177 for a one family or a  
11 two family house. In Nassau County. We're  
12 talking \$900, 800 some odd dollars. It's  
13 absurd.

14 When I have personally walked this  
15 process through myself -- so you go into  
16 the County Clerk's Office with your deed,  
17 they look at it real quickly. They come  
18 back and say, okay, go up to the fourth  
19 floor, to the Department of Assessment,  
20 get a letter from them that the tax map  
21 is accurate, you have lot and block  
22 number. You walk upstairs, they look at  
23 it. Someone up there in assessment goes  
24 on the computer and goes, boop, you're  
25 good. They make out a check for \$355 to

1  
2 the Department of Assessment. And then  
3 you walk downstairs and you give that  
4 letter to the County Clerk's Office and  
5 you have to write a check there for 395.  
6 And so I don't see where the back end  
7 costs are. It started out in 2012, I  
8 understand, as \$50 and it kept getting  
9 raised and raised without any correlation  
10 to two costs and expenses. And that is  
11 wrong. And that's why this lawsuit was  
12 brought and that's why the courts have  
13 validated that that argument.

14 As our Minority Leader, said, we  
15 support any initiative to reduce costs  
16 that our taxpayers have to pay. But the  
17 fees should be zero. So we'll support  
18 what has to be done for the benefit of  
19 our taxpayers. But down the road, when  
20 it's held to be an entirely illegal tax,  
21 we can't support any fee for it. And I  
22 believe we should proceed in that  
23 direction at this point in time. I mean,  
24 we're talking about helping out our  
25 taxpayers. But helping out our taxpayers,

1  
2 the real way to help them out is to be  
3 honest with them and show them.

4 The recording fees in and of itself  
5 in Nassau County are double what the City  
6 of New York charges and other counties.  
7 But this tax map verification, it's  
8 really bad. And it has no it has no  
9 correlation to expenses. I don't really  
10 care what they show me. I refuse to  
11 believe that. So that's all I have to  
12 say.

13 PRESIDING OFFICER NICOLELLO: Anyone  
14 else? Deputy Presiding Officer Kopel.

15 LEGISLATOR KOPEL: Thank you,  
16 Presiding Officer. I'm going to vote for  
17 this because it's going to reduce the  
18 fees. And I think the fees have been  
19 excessive and I've been saying that for  
20 years. I've been voting against the these  
21 fees all along as they've as they've been  
22 increased. I'm going to vote for it. But  
23 I still think that they're excessive. I  
24 don't think I'm a little bit skeptical,  
25 more than a little bit skeptical, I

1  
2 should say, that the cost of this  
3 additional service or additional step can  
4 be possibly justified as the incremental  
5 cost of processing each file. But as I  
6 say, I'm going to vote for this because I  
7 want to reduce the fees as much as often  
8 as we can and as much as we can.

9 PRESIDING OFFICER NICOLELLO: Okay.  
10 Any other legislators?

11 LEGISLATOR SOLAGES: Thank you very  
12 much. And as an attorney here also on the  
13 dais that has also done a closing here in  
14 Nassau County or a deed transfer, I still  
15 don't see the justification as to why it  
16 should be 270 as opposed to 250 or 235.  
17 Has there been a study that would compare  
18 the price point and as to whether or not  
19 that would affect people's decisions as  
20 to buy a home or to or transfer a deed  
21 here in Nassau County?

22 MR. PERSICH: A precise study on the  
23 exact fee -- we've worked on the back end  
24 with some numbers. I will say that it was  
25 part of discovery, I think, when we

1  
2 originally presented the case. But you  
3 you're not going to exactly take the  
4 exact cost with the exact revenue because  
5 there's volume fluctuations within inside  
6 the marketplace right now. Last year, we  
7 did a banner year on collections in the  
8 real estate market. Now it's dipping. So,  
9 you know, when the volume drops, I still  
10 have to absorb the cost. I've lost  
11 revenue already. So to that degree,  
12 you're never going to be able to put a  
13 pin on like exactly what that number  
14 would be. I would say it's going to  
15 fluctuate. But keep in mind that I'm  
16 losing this year and I'm paying for the  
17 services and the taxpayers are benefiting  
18 from it because I now have a whole just  
19 based on sheer volume in the decrease in  
20 the real estate market. I have to bear  
21 the cost. And remember, that's  
22 disproportionate to what's actually  
23 happening now. You know what I mean?  
24 When things were good, yeah, it was  
25 rolling in the dough. But this year it's

1  
2 diminished. So I'm paying. They're  
3 benefiting from me not having enough  
4 revenue collections and then this fee  
5 decrease is further benefiting them.

6 LEGISLATOR SOLAGES: I understand.  
7 I mean, but we must make an effort to  
8 distinguish this from any past  
9 similarities to Mangano's speed camera  
10 program where it was really a gotcha  
11 program and it wasn't related towards  
12 public safety. Here it's a different  
13 situation, nevertheless. And also, we  
14 want to avoid once again this being  
15 deemed by the Court of Appeals, the  
16 highest court in New York state or  
17 another court as illegal. Is there an  
18 opinion here? Can someone from the  
19 County Attorney's Office please come  
20 forward with an opinion as to whether  
21 this can be reversed and we could just  
22 end up in the same situation again?

23 MR. PERSICH: I'll defer that one  
24 because I'm not the lawyer. But I will  
25 say this from what I've read and from my

1  
2 my expertise is it says we can charge a  
3 fee. It's a question of what. And I think  
4 I think we've come up with what I would  
5 consider a defensible position this time  
6 as opposed to 355, which still hurts the  
7 budget. But I think we have a position  
8 that I think is much more defensible now  
9 and fair and equitable based on what the  
10 Court's decision is. So.

11 PRESIDING OFFICER NICOLELLO: The  
12 there was a question for the attorney  
13 County Attorney. Is there somebody here  
14 to speak on this?

15 MR. LEIMONE: Hi. Chris Leimone  
16 from the Administration. I'm having  
17 someone from the County Attorney's Office  
18 come over. So sorry for the delay.

19 PRESIDING OFFICER NICOLELLO:  
20 Legislator Bynoe, then Legislator Gaylor.

21 LEGISLATOR BYNOE: Thank you.

22 So it actually is in support of  
23 Legislator Solages' question requesting  
24 that someone from the County Attorney's  
25 Office come down to legitimize this fee.

1  
2 I'm not an attorney, but I do own a  
3 property in New York City, and I own one  
4 here in Nassau County. I did have to do  
5 something relative to my deed most  
6 recently, and it cost me \$237 in New York  
7 City, but \$855 here in Nassau County. And  
8 that's because Nassau County, as stated  
9 earlier, charges double the amount just  
10 for the processing of the recording of  
11 the deed and, in addition, this \$355 fee.  
12 And I would argue that Nassau County's  
13 process is deficient. In New York City,  
14 it actually has a component for public  
15 safety. You have to actually sign  
16 affidavits indicating that you have  
17 carbon monoxide and you have a smoke  
18 detectors and you're in line with code as  
19 it relates to those items.

20 Additionally, there is a requirement  
21 that everything be notarized so that  
22 there is no transferring of the deed  
23 illegally. So with New York City taking  
24 the time to ensure public safety,  
25 implement anti-corruption mechanisms,

1  
2           their fee is still only \$237. So without  
3           those benefits to our county taxpayers, I  
4           am definitely left to question whether  
5           this fee would stand up in the court of  
6           law, yet again. And will we as the  
7           fiduciaries of this county and taxpayers  
8           be on the hook again if there is another  
9           action brought against us.

10           So I really think that we should  
11           really stop thinking about the -- I know  
12           the hole in the budget is important to  
13           all of us, but at the end of the day, are  
14           you putting us further in the hole by not  
15           doing the right thing right now?

16           So I think this is a time for all of  
17           us to pause and really tie this to an  
18           actual expense, because if it's not  
19           happening in New York City, it's not  
20           happening in Suffolk County. Is this a  
21           true expense? It's I'm left to beg that  
22           that question as a non attorney who just  
23           went through a transaction in both Kings  
24           County and Nassau County with really  
25           distinct differences in payment and in

1  
2                   protections of my my property. Thank you.

3                   MR. PERSICH: I would -- I don't  
4                   want to respond, but I just want to tell  
5                   you that I can't speak for other  
6                   municipalities for the services that they  
7                   charge. I mean, maybe the transaction  
8                   volume in New York is ten times ours and  
9                   they get a revenue stream from it. New  
10                  York City has multitude of other revenue  
11                  sources coming in there. But, you know, I  
12                  don't know if 155 is right for New York,  
13                  but I can tell you that what I know in  
14                  Nassau County is the 275 is justifiable  
15                  in the mathematical eyes of what I see.  
16                  I can't see 155. I don't know the  
17                  complexity of what they do there.

18                 LEGISLATOR BYNOE: So let me ask a  
19                 question.

20                 MR. PERSICH: Sure.

21                 LEGISLATOR BYNOE: What are they  
22                 verifying? Is it they're just verifying  
23                 the tax section, block and lot?

24                 MR. PERSICH: And the map has to be  
25                 maintained with the boundaries.

1  
2           LEGISLATOR BYNOE: Section block and  
3 lot is what they're verifying?

4           MR. PERSICH: But there's boundaries  
5 on the map that have to be validated,  
6 which is the GIS system. You could have  
7 fences, movements, everything else that  
8 could be associated with that. But  
9 somebody has to maintain the picture  
10 itself. So it's not just like a one off  
11 thing. Like I think there's a lot of  
12 tentacles associated with this. And look,  
13 the defense, the Legislator Drucker, you  
14 went downstairs, you saw the Clerk's  
15 Office, that's one person. You went  
16 upstairs, you saw the person in the  
17 Assessment Department.

18           LEGISLATOR DRUCKER: You can  
19 eliminate the fourth floor entirely.  
20 That's my point.

21           MR. PERSICH: Well, I would love to  
22 do that. But again, it's a reasonable fee  
23 for a reasonable service is what I think  
24 it is.

25           PRESIDING OFFICER NICOLELLO:

1  
2           Legislator Gaylor. And then I know there  
3           was an open question.

4           LEGISLATOR GAYLOR: You know, I  
5           perked up when you started talking about  
6           the correlation between the hole and the  
7           budget and the fee itself. Can you go  
8           back and re-explain that to me?

9           MR. PERSICH: Well, what I have in  
10          the budget, approximately \$45 Million for  
11          GIS tax map that was at \$355. I've been  
12          hurt by transaction volume this year  
13          because I'm not seeing that. So that was  
14          a whole. And on top of that, you're  
15          reducing the fee by almost 23%. So you've  
16          got to take another 15 million out of the  
17          budget as a result of the lost revenue.  
18          So as it stands right now, I have to  
19          figure out a way to either cover the 15  
20          with expense reductions or new revenue  
21          initiatives. I'm limited on what I can do  
22          to keep the budget balanced.

23          Let me just go a little further. As  
24          you are aware, we are trying to get away  
25          from our friends at NIFA. I painfully can

1  
2 tell you that. Keeping the budget  
3 structurally balanced is very important  
4 and that's one of the things that they  
5 will look for. I understand the  
6 complexity with the constituents, but I  
7 have the budget to keep in balance. So it  
8 is a fine line of trying to figure out  
9 what is fair and just for everybody. So  
10 it's not a simple answer to say this is  
11 I'm using it to plug a hole. I'm not.  
12 There's many other tentacles associated  
13 with it. And I don't think it's a simple  
14 like, you can't match that this is paying  
15 for this. It is a fair and equitable cost  
16 I think for the services that are being  
17 provided.

18 If you look at the infrastructure  
19 that we have, everybody forgets about  
20 cybersecurity, which we have to defend  
21 now too. That's an additional cost that  
22 we have. It's a penetrated system. If  
23 that goes look what happened in Suffolk  
24 County. I mean, sooner or later you're  
25 going to have to pay for that intrusion.

1  
2 I think we've taken a proactive approach  
3 to that. So I think that we spend a  
4 little bit more on a technology and I  
5 think it benefits us in the end, which  
6 means that you're going to have to pay a  
7 little bit more. So I don't know if I  
8 answered your question, Legislator, but.

9 LEGISLATOR GAYLOR: I will leave it  
10 at that. I have no further questions.

11 PRESIDING OFFICER NICOLELLO: Okay.  
12 Now, the County Attorney is here.

13 MR. HILLER: John Hiller, Chief  
14 Deputy County Attorney.

15 PRESIDING OFFICER NICOLELLO: Okay..  
16 Thank you. I appreciate you coming over.  
17 Legislator Solages, you want to repeat  
18 your question?

19 LEGISLATOR SOLAGES: Thank you,  
20 Presiding Officer.

21 Good afternoon, sir.

22 MR. HILLER: Good afternoon, sir.

23 LEGISLATOR SOLAGES: In light of the  
24 Court of Appeals decision, the highest  
25 court in New York state, what are your

1  
2 concerns in justifying the fee now at  
3 270? And do you believe on a legal basis,  
4 will it survive any future possible  
5 challenge?

6 MR. HILLER: Well, the answer is the  
7 very verbiage of the decision, which was  
8 in the Appellate Division Second  
9 Department: "Here the plaintiff  
10 established prima facie that the fees  
11 imposed pursuant to Nassau County  
12 Administrative Code 6-33.0 were excessive  
13 and improper. They were extracted for  
14 general revenue purposes and not tied to  
15 the county's obligation to maintain its  
16 property registry. Therefore, the Court  
17 enters a judgment declaring, 'that the  
18 County's current fee associated with  
19 issuing a Tax Map Certification Letter  
20 (TMCL) is excessive and not tied to the  
21 County's responsibility to maintain its  
22 property registry'". It is simply this  
23 determination was made on facts that the  
24 Court determined the fee was excessive  
25 compared to the cost of maintaining the

1  
2 County registry.

3 LEGISLATOR SOLAGES: So is 270 fee  
4 more in line of what it would cost to run  
5 the system?

6 MR. HILLER: I'm not very good at  
7 math, sir. I can't I can't tell you that.  
8 I can tell you the decision and answer  
9 any questions with respect to the  
10 decision itself.

11 LEGISLATOR SOLAGES: And thank you.  
12 And we have reviewed the decision. But  
13 you have not established I mean, I've  
14 heard a lot of testimony regarding the  
15 possible hole this would cause in the  
16 budget, but I really don't think is  
17 relevant. It's more based on what is the  
18 cost to provide this service. You know,  
19 you would compare, you know, a person  
20 coming into the Clerk's Office, for  
21 example, for one type of service, and you  
22 would then compare that to what is needed  
23 to verify the section, block, lot number.  
24 So would you say that based on a fee of  
25 270 that this is the appropriate cost?

1  
2 MR. HILLER: I can say that I've  
3 been told by the Budget Department of the  
4 County that, yes, the fee is  
5 substantiated. However, mathematically, I  
6 can't tell you.

7 LEGISLATOR SOLAGES: But having a  
8 decision made by the Budget Department Or  
9 a Director, isn't that what the court is  
10 advising us not to do?

11 MR. HILLER: I don't believe so.  
12 Somebody's got to determine and put  
13 before you what the cost is, and that fee  
14 reflects the cost.

15 LEGISLATOR SOLAGES: But no  
16 information has been provided to this  
17 body that answers what it says, "The fees  
18 charged are reasonably necessary to the  
19 accomplishment of the regulatory  
20 program".

21 So what analysis can you please  
22 provide this Body as to, again,  
23 reasonably necessary to accomplishment of  
24 the regulatory program?

25 MR. HILLER: I can't answer that,

1  
2 but maybe Mr. Persich can.

3 MR. PERSICH: We've come up with a  
4 cost analysis. That's how we came up with  
5 that, Legislator, based on what we know  
6 is transactional volume and the cost to  
7 run the two departments, ARC and  
8 Assessment. So we figured out that the  
9 number of transactions that are going  
10 through those departments for this type  
11 of service and taking the expenses and  
12 come up with what we consider to be a  
13 correlating amount of expenses that can  
14 be charged to this fee.

15 LEGISLATOR SOLAGES: The County  
16 Clerk's Office, for example, is  
17 responsible for recording a divorce, is  
18 that correct?

19 MR. PERSICH: Yes, they are. And I  
20 would say that court filings are much  
21 higher than this, though. I will say.

22 LEGISLATOR SOLAGES: But when you're  
23 recording a divorce and trust me, I have  
24 clients who have gone through a divorce  
25 and they don't like that. But in order

1  
2 to implement the information regarding  
3 the divorce, I would like to know what is  
4 required there as opposed to verifying  
5 section, block, lot number. And if there  
6 is a correlation showing that less work  
7 is needed to input the information for a  
8 section, block, lot number, then I would  
9 like to see that in order to understand  
10 how to avoid any possible future  
11 litigation.

12 MR. PERSICH: Some fees are  
13 established by statute, some fees are  
14 established by law. I mean, and that's  
15 what this one is. Every one of the fees  
16 that are out there right now, I mean, we  
17 we would analyze and figure out if it's  
18 cost prohibitive, if it makes sense. To  
19 your point is, to compare a divorce  
20 proceeding to the section, block and lot,  
21 I would say that I don't know if they're  
22 apples and oranges. That's what I would  
23 say.

24 LEGISLATOR SOLAGES: How many people  
25 would have required to check the section,

1  
2 block, lot number and how many people  
3 would it be also necessary to record the  
4 divorce?

5 MR. PERSICH: You can't look at it  
6 at that simply. I will say that much.  
7 There is a wire connected to the back of  
8 that computer that costs money. There is  
9 a wire connected. We have to maintain a  
10 repository of all the section, block and  
11 lot. Somebody's got to maintain the  
12 infrastructure on the maps. Somebody has  
13 to update the software. We have to pay  
14 for higher costs when Microsoft has a  
15 increase in pricing for licenses. There's  
16 a lot of expenses behind the scenes that  
17 we try to embed into this analysis, which  
18 are indirect costs that come from  
19 Maximus, which we use for federal  
20 government. We've embedded those into  
21 this analysis that we've done. It  
22 doesn't account for everything. If I went  
23 a little deeper in just into this fee, I  
24 bet you I could find that is probably  
25 higher than 270. But where it stands

1  
2 right now, as I stand here right now, I  
3 feel that 270 is a very comfortable level  
4 for what this fee is charging based on  
5 what I know is the information and all  
6 the expenses associated with that fee.  
7 There's a lot of things behind the scenes  
8 that nobody understands that don't see,  
9 touch and feel that have to do with  
10 maintaining infrastructure, the capital  
11 costs, maintaining the building. The  
12 public safety in 240, that's a component  
13 of anybody going in there. We have to pay  
14 for that. So you have to drill this down.  
15 But we do it on a more global and generic  
16 basis by using a third party analysis.  
17 But we take the cost of the department  
18 and that's how we came up to it.

19 Now, this is exclusive of tax certs,  
20 which is \$30 Million. If I included that,  
21 I would say the fee would be higher  
22 because that's \$30 million of additional  
23 expenses --

24 LEGISLATOR SOLAGES: Understood.

25 MR. PERSICH: Driven directly

1  
2 through the Department of Assessment.

3 LEGISLATOR SOLAGES: But the  
4 language of the ruling says, "without the  
5 safeguard of a requirement that fees bear  
6 a relation to average costs a  
7 municipality would be free to incur in  
8 the individual case, not only necessary  
9 costs, but also any oppressive or  
10 discouraging they might in fact be for  
11 applicants". Did you analyze to what  
12 extent would this discourage home sales  
13 here in Nassau County or transfers?

14 MR. PERSICH: I couldn't say that  
15 for a fact that I don't know if that's  
16 going to discourage home sales or not.  
17 Based on the real estate market from two  
18 years ago and despite the declining  
19 interest rates, I think it had limited  
20 impact based on the volume that was  
21 driven through that department.

22 LEGISLATOR SOLAGES: So you're  
23 saying that so for example, in light of  
24 the pandemic, there are people looking to  
25 flee Manhattan and they could have chosen

1  
2 to live in Westchester County, Queens  
3 County, Nassau County, Suffolk, and  
4 you're saying to me that that the cost  
5 here that we have in Nassau County did  
6 not discourage anyone from buying a home  
7 here in Nassau County?

8 MR. PERSICH: I'd be hard pressed to  
9 tell you. Based on where the housing  
10 market's been and the the attractiveness,  
11 people wanted to come to Nassau County.  
12 So if we're buying and selling homes  
13 means it's a good thing here, means that  
14 we're bringing people into the county is  
15 what I would say it is.

16 LEGISLATOR SOLAGES: But this cost  
17 can act as a discouragement from living  
18 here in Nassau County.

19 MR. PERSICH: I think based on the  
20 size of what the housing what housing  
21 prices are right now and what this costs  
22 to it's *de minimis*, I would say. If  
23 you're suddenly a \$600,000 house and it's  
24 a \$270 fee, I mean, is that going to be  
25 harmful to the market in which the

1  
2 housing market occurs?

3 LEGISLATOR SOLAGES: I understand,  
4 but with all due respect, for a senior  
5 citizen who's transferring a property in  
6 light of a death in the family who's on  
7 limited means it might play a role.

8 MR. PERSICH: It might. I wouldn't  
9 disagree with you on that, but we're  
10 talking about the masses, not the one  
11 offs. I agree with you. Maybe some of the  
12 our older residents might be impacted a  
13 little bit more harmfully.

14 LEGISLATOR SOLAGES: One could say  
15 Nassau County can bear that loss better  
16 than your senior citizen on a on a  
17 limited budget.

18 MR. PERSICH: As much as I would  
19 love to say that, I have to go into the  
20 budget director mode and say that I need  
21 every ounce of dollar of revenue that's  
22 coming through the door. But that's not  
23 what this is about. This is purely about  
24 the cost and what we deem fair and just.

25 LEGISLATOR SOLAGES: Thank you.

PRESIDING OFFICER NICOLELLO:  
Legislator Ferretti.

LEGISLATOR FERRETTI: Thank you,  
Presiding Officer.

Just a quick comment and then a  
question for Mr. Hiller. Just to be  
clear, because I know there was a  
discussion that just went on. The County  
Clerk's Office does not issue or process  
the fee for the tax map verification  
letter. It's the Department of  
Assessment. Just a comment on that.

Mr. Hiller.

MR. HILLER: Yes, sir.

LEGISLATOR FERRETTI: So just to be  
clear for the record, is it your  
interpretation that this decision from  
the Appellate Division allows for the  
County or requires the County to lower  
the fee for the tax map verification  
letter?

MR. HILLER: Uh, I was trying to  
think, as you ask the question. It said  
that this fee was excessive, and that's

1  
2 the letter of the decision. So if the fee  
3 is excessive, I guess the answer to your  
4 question is to meet the decision, the fee  
5 would have to be reduced.

6 LEGISLATOR FERRETTI: Sounds like a  
7 yes.

8 MR. HILLER: As close as I can come.

9 LEGISLATOR FERRETTI: Okay. Thank  
10 you.

11 PRESIDING OFFICER NICOLELLO:  
12 Minority Leader Abraham.

13 LEGISLATOR ABRAHAMS: Just a couple  
14 of points, I guess, for you, Andy.

15 If I'm understanding you correctly,  
16 the way you came up with your analysis to  
17 determine the \$270, fee you took, the  
18 amount of transactions for the GIS was  
19 85,000?

20 MR. PERSICH: We took an average  
21 because we had to take the peaks and  
22 valleys out of it. We came up with what I  
23 think is a more fair and just way of  
24 taking out 2021 and 2020. So we came up  
25 with an average of 85,000 transactions.

1

2

LEGISLATOR ABRAHAMS: 85,000

3

transactions for the year.

4

MR. PERSICH: Correct.

5

6

LEGISLATOR ABRAHAMS: And then you  
you took the two department costs which  
was 24 million?

7

8

MR. PERSICH: Correct.

9

10

LEGISLATOR ABRAHAMS: I'm just  
curious, why would you take the entire  
departmental costs?

11

12

MR. PERSICH: Well, it's because you  
can't take down to the transactional  
value, I think, when you look at the  
Department of --

13

14

15

16

17

18

19

20

21

LEGISLATOR ABRAHAMS: But Andy, but  
you and I are finance guys, so there is  
an FTE to this responsibility. So I guess  
what I'm asking is that your analysis  
assumes that that's there solely an  
independent function.

22

23

24

25

MR. PERSICH: For running the  
department. Yes. For this analysis. What  
I said was that it took the entire the  
entire department indirect cost

1  
2 associated with that.

3 LEGISLATOR ABRAHAMS: Let's answer  
4 my question. The entire department's  
5 function, the entire Assessment  
6 Department, the Entire Assessment Review  
7 Commission, their sole function is to  
8 verify GIS maps?

9 MR. PERSICH: Part of I would say --

10 LEGISLATOR ABRAHAMS: Not part.  
11 This analysis assumes all.

12 MR. PERSICH: Yes. The fee would be  
13 higher if I put the entire cost of the  
14 department in there, I exclude tax certs  
15 from this which is a \$30 Million --

16 LEGISLATOR ABRAHAMS: But tax certs  
17 have very little to do with GIS  
18 verification.

19 MR. PERSICH: To your point, it's a  
20 it's an expense that's embedded in the  
21 Department of Assessment.

22 LEGISLATOR ABRAHAMS: Yes, it is.  
23 But what does tax certs have to do with  
24 GIS verification?

25 MR. PERSICH: Well, it's driven by

1  
2 the Department of Assessment. It is a  
3 payment made out of the Department of  
4 Assessment.

5 LEGISLATOR ABRAHAMS: Facts.  
6 Absolutely. But you should pull it out is  
7 what I'm trying to say.

8 MR. PERSICH: I think it's a  
9 component of the expense portion of this.  
10 I would argue the other side of it. But I  
11 did what I think to be a conservative  
12 method on how to come up with a cost  
13 analysis based on this. If I were to put  
14 the tax cert money in there as a total  
15 expense, the fee would have been probably  
16 around \$400-500.

17 LEGISLATOR ABRAHAMS: I still can't  
18 reconcile your numbers in terms of the  
19 analysis. I don't believe you can apply  
20 the entire cost to this one function  
21 because I do not believe God bless our  
22 our staff and folks that work over there,  
23 but I do not believe that they are solely  
24 working on verification of maps for GIS  
25 maps in an isolated way. I just don't see

1  
2 it.

3 MR. PERSICH: I respect your  
4 argument and I will say this on the other  
5 side of it. I think there's a lot of  
6 things we didn't throw in there that  
7 probably should have been included, such  
8 as our IT department, the ADAPT system,  
9 all the things that are -- I only took a  
10 microcosm of what's in what I would say  
11 the Maximus report, which is the indirect  
12 cost, which is roughly around 1.5  
13 million. But I think if you take all the  
14 money that we've dedicated in the  
15 Department of Assessment, because we  
16 don't charge back like we should, like  
17 some of the things we've done, some of  
18 the modifications in the ADAPT system,  
19 when the money gets transferred, are you  
20 factoring that in? When the check comes  
21 in, it's got to go to the Treasurer's  
22 office and end deposited. I mean that the  
23 Comptroller's Office on the reporting of  
24 the revenue, this Legislative Body as far  
25 as voting on these laws, these are all

1  
2 indirect costs that are associated with  
3 that fee. When you think about \$275 per  
4 transaction on 85,000 transactions and  
5 divide it up by \$3.3 billion, I think to  
6 that point, I would argue that maybe  
7 that's a better cost basis, but that that  
8 would be significantly higher if we did  
9 it that way. But a fee is not just  
10 associated with one department is what I  
11 will say. But I think it's justifiable in  
12 the fact that when you look at what it  
13 costs to run the department, it does  
14 assist in in the operations of it. And  
15 it's not just for revenue, but it's  
16 offset expenses. That's part of the  
17 reason for a fee.

18 LEGISLATOR ABRAHAMS: I know you had  
19 answered this question in regards to  
20 Legislator Bynoe earlier, I know you  
21 didn't want to opine on it, Suffolk or  
22 New York City, they're able to do it  
23 without charging a nickel.

24 MR. PERSICH: They're charging  
25 something. I don't think it's free. And I

1  
2 don't know the number, but keep in mind,  
3 we all in the budget world in which we  
4 live in, there's many different  
5 municipalities that charge different  
6 things for other things. So I can't I  
7 can't speak to what the revenue stream is  
8 in New York City and why they charge \$155  
9 and if that is the true cost, I would  
10 find that hard to believe. But they have  
11 a lot more property transactions, I  
12 think, than we do. So I would argue on  
13 the other side of it that, yeah, you  
14 know, it can't be 155 for cost. That's  
15 what they do, maybe, for what they do  
16 there.

17 LEGISLATOR ABRAHAMS: I got it.

18 So just walk us back because I think  
19 some folks in the Legislature weren't  
20 here at the time. I remember in 2012,  
21 obviously there was an initiation for a  
22 \$50 fee. And then in 2014, the  
23 Legislature voted for \$25 increase to  
24 \$75. And then we fast forward to the  
25 \$335. I know you were the budget director

1  
2 in 2021. And I guess while the court case  
3 was pending, there were some of us up  
4 here that wanted to eliminate the fee and  
5 came up with a justifications on why we  
6 should eliminate the fee.

7 MR. PERSICH: Well, I would tell you  
8 that because of my role that I would  
9 never eliminate the revenue side of this.  
10 It painfully does that for me. But the  
11 fee was increased in 2017 from 225 to  
12 355. It happened in December.

13 MR. PERSICH: And there was no court  
14 challenge based on the 225?

15 MR. PERSICH: Not based on the 225  
16 that I am aware of.

17 LEGISLATOR ABRAHAMS: I guess with  
18 the logic that fails is then why wouldn't  
19 we at least -- I mean, not that we would  
20 support it because I don't know if we  
21 support any type of fee, but why wouldn't  
22 we go at least to the fee based off of  
23 the last time it wasn't challenged in  
24 court?

25 MR. PERSICH: Well, I think we've

1  
2           come up with a methodology to think that  
3           the 270 is reasonable. If you go back I  
4           mean, I would argue than the other side  
5           of that from 2017 to now with inflation  
6           and everything else, why wouldn't there  
7           be a CPI indicator? Because to your  
8           point, whether my math is right, my wages  
9           go up by steps. I had fringe benefit  
10          costs that went up astronomically. I had  
11          interest costs that are going up. My  
12          point would be that the 225 at that point  
13          in time now in current money is probably  
14          too low.

15               LEGISLATOR ABRAHAMS: We're talking  
16          about a fee that from 2012 to 2023, which  
17          is 11 years, went from \$50 to \$355, which  
18          by my math, is hundreds and hundreds of  
19          percent -- I don't want to figure it out  
20          in my head -- of an increase. There's no  
21          way the costs to pay our workers went up  
22          by that same percentage. It's impossible.  
23          But I understand. You're saying that in  
24          2012 we should have charged something  
25          more than the 50 bucks than than we're

1  
2 doing now.

3 I guess my response is more, I  
4 guess, to my colleagues, because in 2021,  
5 I remember vehemently there were many of  
6 you that wanted to eliminate the fee. I  
7 don't know quite what changed between  
8 2021 and 2023. We stand with you. Let's  
9 eliminate the fee right now. Legislator  
10 DeRiggi-Whitton reminded me that you  
11 actually put legislation in, so I'm not  
12 too sure why you wouldn't want to  
13 eliminate the fee. Back then, the case  
14 was pending. Now we know full well that  
15 it's gone through the Appellate Division  
16 and it's been struck down. So I couldn't  
17 see a reason why this would go through  
18 today at 270. If anything, based off of  
19 two years ago, you have to explain to  
20 this body and to the public what has  
21 changed, I think based off of your past  
22 action, there's no reason why we  
23 shouldn't be at zero.

24 PRESIDING OFFICER NICOLELLO:

25 There's a couple of things. One is that

1  
2 in terms of the revenue side, it's really  
3 not an issue before us today because this  
4 goes to a creating a justification for  
5 the fee. So revenue is kind of extraneous  
6 to this discussion. But I would point out  
7 that in terms of in response to your  
8 comments, that NIFA, the oversight board,  
9 has consistently held that that the  
10 County budget is at risk and it's still  
11 at risk that it has frowned upon anything  
12 of that the nature of reducing revenues  
13 that it is threatened to take drastic  
14 action. So for as long as we sit  
15 underneath a state appointed oversight  
16 board, that's in a control period, we're  
17 limited because they have essentially  
18 threatened us if we take certain actions.  
19 So we take that threat seriously. And as  
20 much as we would like to eliminate all  
21 these fees and bring them down to zero, I  
22 think if we do so, then we know that NIFA  
23 is going to take certain actions,  
24 punitive actions, against this county. So  
25 we're kind of between a rock and a hard

1  
2 place.

3 LEGISLATOR ABRAHAMS: Presiding  
4 Officer, in all due respect, that same  
5 potential threat, that same potential  
6 push to the Legislature existed in 2021.  
7 I'm not trying to put you guys in a  
8 difficult spot, but I think we have to be  
9 accountable when we need to be. I think  
10 it's important what has specifically  
11 changed? NIFA has always threatened this  
12 Body to do the right thing as it pertains  
13 to fees. That's not any different. The  
14 only thing I could see that's different  
15 and I hate to say this, is that we have a  
16 change in administrations. That the  
17 Democratic Curran administration was  
18 there and maybe you were trying to make  
19 things a little bit difficult for her.  
20 But now we have a different  
21 administration and maybe we don't want to  
22 make it difficult for them.

23 But explain to me specifically  
24 because the NIFA issue has always been  
25 there, What exactly has changed?

1  
2 PRESIDING OFFICER NICOLELLO: In  
3 addition to NIFA, there was also the  
4 issue that the past administration had,  
5 for reasons of its own, perhaps to have  
6 more revenue, perhaps to try to get out  
7 of control, period if elected, for  
8 reasons of its own, it had egregiously  
9 undercounted the revenues coming in for  
10 this county for sales taxes. We recognize  
11 that we were going to see a windfall of  
12 sales taxes, which would put this county  
13 on a different footing. So that has  
14 changed. That was the basis for our  
15 decision. We said to the County, you have  
16 this money coming in, let's cut the fees,  
17 number one.

18 Number two, NIFA we thought was  
19 reasonable in terms of what their  
20 position was. We thought there was  
21 flexibility. We actually thought that at  
22 some point in the last couple of years  
23 with surpluses, that NIFA would go out of  
24 control period. They've proven themselves  
25 that they're. For whatever reason, that

1  
2 no matter how good the County's position  
3 is, that they are going to continue in  
4 existence. And again, they have  
5 threatened us with punitive action. So if  
6 we we could say, all right, let's do the  
7 popular thing and take the fees out  
8 completely. NIFA is going to come down  
9 and services are going to be affected in  
10 this county. And we can't afford to do  
11 that. We can't afford to take cops off  
12 the street.

13 LEGISLATOR ABRAHAMS: So two things,  
14 Presiding Officer. One, the whole issue  
15 of revenue should not even be factored  
16 into this. Based off of what we're  
17 reading in the court ruling, it's  
18 strictly tied to whether or not the fee  
19 that is being administered, whether or  
20 not that is appropriate for the service  
21 that's being provided. So for us to talk  
22 about NIFA and to talk about the costs,  
23 it really is irrelevant.

24 But I just want to say also for the  
25 record, again, all these issues were

1  
2 known. NIFA has been around since 2000.  
3 That has not changed. They have always  
4 applied pressure. It went to the extent  
5 where the majority provided legislation  
6 to reduce the fee. We went to that  
7 extreme to try to reduce the fee. And I'm  
8 trying to figure out for the life of me  
9 what has changed, because if you're  
10 saying it's tied to revenue, then we're  
11 definitely setting ourselves up for  
12 another lawsuit because it should not be  
13 tied to revenue. There has to be  
14 something that is changed. Maybe you  
15 believe what Andy has provided in terms  
16 of his analysis. That being said,  
17 something has changed. But I questioned  
18 that whether or not you believe his  
19 analysis is accurate, because two years  
20 ago you proposed zero. So what was that  
21 based on?

22 PRESIDING OFFICER NICOLELLO: As I  
23 said at the beginning of my remarks, that  
24 this should not be interpreted to be a  
25 discussion of revenue. But since you had

1  
2 brought up why we took certain what made  
3 certain proposals two years ago, it led  
4 into that.

5 So what we're here to do today and  
6 what Andy's been trying to do is lay out  
7 the case in terms of a justification for  
8 the fee, and that's solely what's this  
9 legislature will consider its vote on.  
10 Whether or not it's good for your revenue  
11 or not, Andy, is not our concern today.  
12 Our only concern here is that you have  
13 provided a justification for the amount  
14 of this fee, and I think you have gone  
15 into details and rationale for this that  
16 I don't think most of us had considered  
17 in terms of the secondary and tertiary  
18 costs that were affiliated with providing  
19 this service to the residents.

20 So ultimately, I agree with you,  
21 Kevan. It's not about revenue. It's about  
22 whether he justifies the fee.

23 LEGISLATOR ABRAHAMS: I understand  
24 that, but the justification for the fee  
25 is applying a blanket cost for what the

1  
2 department minus the tax certs in  
3 Assessment and Assessment Review  
4 commission and then taking them out of  
5 average transactions, which is 85,000.  
6 And that assumes that the folks that are  
7 working over in the Department of  
8 Assessment and ARC, that that's their  
9 sole function. That's like saying that  
10 the sole function of the legislators here  
11 up on this dais is to show up here every  
12 two weeks on Monday. We know that's not  
13 the case. We know we're showing up.  
14 Whether it's you, Rich, in Mineola or me  
15 and Uniondale. We're doing much more work  
16 in our communities because this is not  
17 our sole function. We're doing a lot of  
18 other things. So that assumes that that's  
19 their sole function to be able to justify  
20 that analysis.

21 But again, I guess I'm looking for  
22 an answer to the question based off --  
23 I'm seeing every single other than Mr.  
24 Rhoads that's no longer here and Mr.  
25 Giuffre and maybe some other people, but

1  
2 but the bottom line is I'm trying to  
3 figure out for the life of me what has  
4 changed. Because if you were able to  
5 justify legislation to reduce the fee  
6 from 355 to zero based on pending  
7 litigation, and now we have an actual  
8 moment where this has now been resolved.  
9 I'm not too sure why you wouldn't be at  
10 zero now.

11 PRESIDING OFFICER NICOLELLO: As we  
12 do all the time, we're going around in  
13 circles. You made that same comment. I  
14 made a response. You're making the same  
15 comment again. So I'm not bothering with  
16 the response. We're going around in the  
17 circle. I provided an answer to that. And  
18 you know, you may not agree with it, but  
19 that's your prerogative. I'm getting off  
20 the circle train.

21 LEGISLATOR ABRAHAMS: All right. No,  
22 I got you.

23 So basically the legislation that  
24 that that you put forward, 347-21 doesn't  
25 matter. It was for other reasons.

1  
2 PRESIDING OFFICER NICOLELLO: We're  
3 still going around the circle. I told you  
4 what our rationale was. I mean, and  
5 again, let's go back to -- if we need to,  
6 let's go back to the Curran  
7 Administration's estimate going into the  
8 2021 budget that we were going to  
9 decrease by 20%. We jumped up and down.  
10 You guys were quiet. So and when the year  
11 went forward and sales taxes were  
12 exploding, we knew that we were coming in  
13 with a windfall of revenues. So one of  
14 the things that we thought to do with  
15 that windfall is take away the fees. But  
16 we didn't have the votes to do that.  
17 Ultimately, what we were able to  
18 successfully do is negotiate with the  
19 administration and NIFA and put that  
20 money into a reserve fund. So we did put  
21 it to a good purpose, but we couldn't do  
22 what we wanted to do then. And here we  
23 are.

24 LEGISLATOR ABRAHAMS: We talk about  
25 a windfall of cash which was coming in

1  
2 prospectively for sales tax. Mr. Persich,  
3 I just have a quick question. What's the  
4 projected surplus for 2022?

5 MR. PERSICH: As of right now, we're  
6 at about 1.5 million. Not on sales tax,  
7 total countywide.

8 LEGISLATOR ABRAHAMS: No, no, no  
9 What's the projected surplus for the  
10 entire county? Not just on sales tax.

11 MR. PERSICH: For the entire county,  
12 right now we are projecting \$1.5 million  
13 surplus. In our monthly report, that's  
14 what we published.

15 LEGISLATOR ABRAHAMS: I'm sorry, Mr.  
16 Persich, I'm being told by our finance  
17 department that the number is much  
18 higher.

19 MR. PERSICH: You mean '23 or '22,  
20 where are we? In '23 as of right now, my  
21 published report has 1.5 million or 1.8.  
22 I forgot. It might be 1.8 million. For  
23 '22 it was \$320 million. I'm sorry. I  
24 wasn't paying attention.

25 LEGISLATOR ABRAHAMS: Thank you. So

1  
2 the Presiding Officer talked a little bit  
3 about sales tax. We knew that was going  
4 to be a flush of sales tax. We knew it  
5 was coming in. But we know full well that  
6 based on fiscal year '22, and now we have  
7 the chance to go from 355 to potentially  
8 zero, we know full well that we're going  
9 to get somewhere in the ballpark of \$321  
10 million in a surplus for fiscal year '22.  
11 That sounds like a lot more than what was  
12 coming in a few years ago 2021? I don't  
13 remember a surplus in the in the history  
14 of this county being at \$321 million.

15 So we talk about we knew that the  
16 County Executive in 2021 was going to  
17 generate -- that the sales tax was going  
18 to generate an enormous amount of revenue  
19 for the County. Well, nothing gets bigger  
20 than \$321 million. I'm just curious, why  
21 isn't that factor in today, if that was  
22 there, what factored in in 2021?

23 PRESIDING OFFICER NICOLELLO: It was  
24 lodged in '21. And when we proposed the  
25 the elimination of those fees, it was

1  
2 during the budget process. So even if you  
3 wanted to do it now, you cannot realize  
4 the surplus from 2022 to now to use to  
5 pay operating costs in 2023.

6 LEGISLATOR ABRAHAMS: That sounds  
7 that sounds like a fee that says to  
8 somebody that we don't care what you pay.

9 PRESIDING OFFICER NICOLELLO: I  
10 don't know what that means.

11 LEGISLATOR ABRAHAMS: What it means  
12 is, that the county right now is flushed  
13 with cash. You can't explain to the  
14 average person that we are generating  
15 \$321 Million in surplus, but we can't  
16 reduce a fee from 355 to zero. And on top  
17 of that, your legislation in 2021 did  
18 that without this amount of cash and  
19 someone.

20 LEGISLATOR ABRAHAMS: As someone  
21 with finance background, specifically  
22 municipal finance, you know that the  
23 surplus that was generated in 2022 is  
24 limited in our use in '23.

25 LEGISLATOR ABRAHAMS: And so was the

1  
2 revenue that was generated from the sales  
3 tax as well.

4 PRESIDING OFFICER NICOLELLO: We  
5 made the proposal to do that as part of  
6 the budget process. When they realized  
7 that the amount of sales taxes that were  
8 coming in, we wanted to adjust the  
9 projected sales taxes for 2022 upwards.  
10 But but the County Executive and your  
11 caucus said no. If we adjusted the sales  
12 tax upwards during the budget process,  
13 you could have eliminated the fee in  
14 addition to the \$80 Million tax cut or  
15 whatever it was. But it's apples and  
16 oranges.

17 And again, we're talking about  
18 revenues. We're talking about ancient  
19 history. He's here to justify this fee. I  
20 agree. And I will say again for the  
21 record that, this discussion about  
22 revenues and sales taxes and NIFA is  
23 irrelevant for our purposes for what  
24 we're doing today. Andy, we are here to  
25 listen and to decide whether or not you

1  
2 have justified the fee.

3 LEGISLATOR ABRAHAMS: I understand.  
4 Presiding Officer. Like I said before, I  
5 regret the fact that I did not hear any  
6 justification from your side as it  
7 pertains to what's different from 2021 to  
8 where we are today. But that being said,  
9 our body is ready to put forward a motion  
10 which I know you're going to caucus on  
11 first, so we're not going to present it  
12 now, but we would like to present the  
13 motion at the time at the end of your  
14 caucus.

15 PRESIDING OFFICER NICOLELLO: We're  
16 going to step outside for a moment and  
17 we'll just ask you, the three of you, to  
18 hang around for a bit.

19 LEGISLATOR DERIGGI-WHITTON: Mike, I  
20 am here.

21 LEGISLATOR ABRAHAMS: I'm sorry. Let  
22 the record reflect that Legislator  
23 DeRiggi-Whitton is here. I'm sorry. I  
24 should have did that at the beginning.

25 (Whereupon, caucus,

1  
2 4:02-4:25 p.m.)

3 PRESIDING OFFICER NICOLELLO: Okay,  
4 we're back in session.

5 And you have a motion?

6 LEGISLATOR ABRAHAMS: Legislator  
7 Drucker. You want to provide the motion  
8 and I will second?

9 LEGISLATOR DRUCKER: Based on the  
10 discussion that we had, we would like to  
11 advance a motion to eliminate the tax map  
12 map verification fee in its entirety.

13 I just wanted to say one thing  
14 before that is it's my understanding that  
15 the County Clerk herself, Maureen  
16 O'Connell, was against these fees for way  
17 a number of years, starting from at least  
18 2017, as I can recall. And and I did want  
19 to ask our County Attorney, though,  
20 before the motion went through. If  
21 someone from the County Attorney's Office  
22 could -- simply because we have to take  
23 our guidance from the County Attorney's  
24 Office in certain respects. And one thing  
25 that concerns me as an attorney is also

1  
2 is whether the \$270 fee exposes us to  
3 liability based on the decision that we  
4 see here that it was excessive. So if we  
5 can get a representation from the County  
6 Attorney's Office on the record that this  
7 \$270 fee insulates us from any liability,  
8 would you be able to put that on the  
9 record, sir?

10 MR. HILLER: I would not. To make a  
11 guarantee like that can't be made.

12 LEGISLATOR DRUCKER: Well, I mean,  
13 we rely -- it's our role as  
14 legislators --

15 MR. HILLER: You can ask for advice,  
16 sir. But I can't stand here and give you  
17 a guarantee.

18 LEGISLATOR DRUCKER: Well, your job,  
19 sir, is to provide this Legislative Body  
20 with guidance sometimes.

21 MR. HILLER: That's correct. But not  
22 guarantee.

23 LEGISLATOR DRUCKER: Well, but can  
24 you can you opine on the prospects or the  
25 exposure to liability of this Legislative

1  
2 Body of this county if we were to approve  
3 \$270?

4 MR. HILLER: My my opine would be  
5 that it would be substantiated. Liability  
6 lasts every time we take a breath.

7 LEGISLATOR DRUCKER: Well, but we  
8 rely upon the County Attorney's Office to  
9 opine on liability.

10 MR. HILLER: There's always  
11 liability, sir. I think it would be  
12 successfully defended at \$270.

13 LEGISLATOR DRUCKER: Okay.

14 I would renew our motion on behalf  
15 of the Minority Caucus to eliminate the  
16 tax map verification fee in its entirety.

17 PRESIDING OFFICER NICOLELLO: We  
18 have a second?

19 LEGISLATOR ABRAHAMS: Yes, I would  
20 like a second it because I believe that  
21 the best way to remove any potential  
22 liability is to not have the fee at all.  
23 I second your motion legislator Drucker  
24 to eliminate the fee.

25 PRESIDING OFFICER NICOLELLO: All

1  
2 right. There's a motion and second. I  
3 guess, what's that in the form of an  
4 amendment to what's before us. Okay. Any  
5 debate or discussion on the amendment?  
6 Proposed amendment?

7 (Whereupon, no verbal  
8 response.)

9 PRESIDING OFFICER NICOLELLO: All in  
10 favor. Signify by saying, "Aye".

11 (Whereupon, all members of  
12 the Minority Caucus present  
13 respond in favor with, "Aye".)

14 PRESIDING OFFICER NICOLELLO: Those  
15 opposed, "Nay".

16 (Whereupon, all members of  
17 the Majority Caucus present  
18 respond opposed with, "Nay".)

19 PRESIDING OFFICER NICOLELLO: So it  
20 fails by a vote of seven for and 11  
21 against.

22 Okay. All right. Any further debate  
23 or discussion with respect to item 155-  
24 2023?

25 (Whereupon, no verbal

1  
2 response.)

3 PRESIDING OFFICER NICOLELLO:

4 Hearing none. All in favor. Signify by  
5 saying, "Aye."

6 (Whereupon, all members of  
7 the Majority Caucus respond in  
8 favor with, "Aye").

9 PRESIDING OFFICER NICOLELLO: Those  
10 opposed.

11 (Whereupon, brief off record  
12 discussion.)

13 LEGISLATOR ABRAHAMS: We have 11  
14 votes for. And then we have our seven  
15 votes in abstention.

16 PRESIDING OFFICER NICOLELLO: Okay.  
17 All right. So the item passes and that's  
18 the end of the Emergency Calendar. By  
19 the way, I want to thank Andy as well as  
20 John Hiller, for your presentations.

21  
22 \*\*\*\*\*  
23  
24  
25

1  
2           PRESIDING OFFICER NICOLELLO: So we  
3 will move on to the Consent Calendar.

4           The Consent Calendar are items that  
5 went through Committees two or three  
6 weeks ago and have been agreed by the  
7 Minority and Majority that no further  
8 debate or discussion is required at this  
9 time.

10           So I'm going to call those items  
11 items Item three, Ordinance 23; Item  
12 four, Ordinance 24; five, Ordinance 25;  
13 six, Ordinance 26; eight, Resolution 81;

22 Resolution 105; 33, Resolution 106; 34,  
23 Resolution 107.

24           A motion by Minority Leader  
25 Abraham's second by Deputy Presiding

Officer Kopel.

Any debate or discussion on those items?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: All in favor signify by saying, "Aye".

(Whereupon, all members of the Nassau County Legislature present respond in favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those opposed?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: Carries unanimously.

Item one is a hearing on a local law to amend Chapter 12 of the Nassau County Administrative Code in relation to the Department of Public Works. Approval of building permits and curb cuts pursuant to Section 239-F of the New York State General Municipal Law. Moved by Deputy

1  
2 Presiding Officer Kopel, seconded by  
3 Legislator Gaylor. Those are motions to  
4 open a hearing.

5 All in favor of opening the hearing  
6 signify by saying, "Aye."

7 (Whereupon, all members of  
8 the Nassau County Legislature  
9 present respond in favor with,  
10 "Aye".)

11 PRESIDING OFFICER NICOLELLO: Those  
12 opposed?

13 (Whereupon, no verbal  
14 response.)

15 PRESIDING OFFICER NICOLELLO: Hearing  
16 is opened.

17 We have someone to speak on 239-F?

18 (Whereupon, brief off record  
19 discussion.)

20 PRESIDING OFFICER NICOLELLO: We are  
21 going to recess the hearing because the  
22 administration has requested that we move  
23 the appointments because one or more have  
24 to leave.

25 I'm going to call Item Seven,

1  
2 Resolution 43. It's a resolution to  
3 confirm the County Executive's  
4 appointment of Anthony Licatesi to the  
5 Nassau County Bridge Authority. Motion by  
6 Legislator Giangregorio, seconded by  
7 Legislator Walker. That's before us.

8 MR. LICATESI: Hello, sir. Good  
9 afternoon. I'm Anthony Licatesi, 188  
10 Bayside Drive, Atlantic Beach.

11 PRESIDING OFFICER NICOLELLO: Okay.  
12 So just tell us something real briefly  
13 about yourself and then if anybody has  
14 any questions.

15 MR. LICATESI: I've resided in  
16 Atlantic Beach for about 30 years. Served  
17 on the local Lawrence school board, which  
18 reminds me a lot about what happened this  
19 afternoon. So government at work. I have  
20 sat as a commissioner for the Greater  
21 Atlantic Beach Water Reclamation District  
22 as a commissioner, and I was asked to try  
23 to help with the bridge situation and be  
24 more than happy to serve.

25 PRESIDING OFFICER NICOLELLO: Okay.

Does anyone have any questions for Mr.  
Licatesi?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: No.  
Okay. We'll move on. I'm going to thank  
you in advance and congratulate you.

MR. LICATESI: Okay. Thank you.

PRESIDING OFFICER NICOLELLO: So any  
debate or discussion on Mr. Licatesi's  
appointment to the Nassau County Bridge  
Authority?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Hearing none. All in favor signify by  
saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal

response.)

PRESIDING OFFICER NICOLELLO:

Carries unanimously.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: One  
3 other appointment is Resolution Item 24,  
4 Resolution 97. Resolution to confirm the  
5 county executive's appointment of Marco  
6 Troiano to the Nassau County Industrial  
7 Development Agency.

8 Moved by Legislator Kennedy,  
9 seconded by legislator McKevitt. Mr.  
10 Troiano?

11 MR. TROIANO: How are you?

12 PRESIDING OFFICER NICOLELLO: Good  
13 afternoon.

14 MR. TROIANO: First, I want to thank  
15 the board and the Executive for the  
16 opportunity to serve on this board.

17 Life long resident of Nassau County.  
18 My family's all here. I own and operate  
19 three small businesses within the county.  
20 And looking forward to trying to help out  
21 the the IDA with whatever service I can  
22 provide. Okay.

23 PRESIDING OFFICER NICOLELLO: Any  
24 questions for Mr. Troiano?

25 (Whereupon, no verbal

response.)

PRESIDING OFFICER NICOLELLO: Thank  
you. Again, I congratulate you in  
advance.

All in favor signify by saying,  
"Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: I'm  
3 now going to bring that hearing. Out of  
4 recess. So we're going to now consider  
5 the hearing on 239-F.

6 Chris?

7 MR. LEIMONE: Good afternoon,  
8 Legislators. Chris Leimone from the  
9 Administration.

10 Clerk Item 140-2023 is a proposed  
11 local law that amends Local Law 5-21 with  
12 respect to the processing and approving  
13 of General Municipal Law 239 F  
14 applications.

15 Primarily, the proposed local law  
16 focuses on two areas:

17 First, the law would allow for 239-F  
18 applications submitted to DPW to be  
19 accompanied by a self-certification  
20 statement by a New York State licensed  
21 professional engineer or architect.

22 Second, consistent with New York  
23 General Municipal Law 239-F, it would  
24 provide DPW with ten working days from  
25 receipt of the application to either

1  
2 approve, disapprove or approve with  
3 stated conditions, the application.

4 In addition, the proposed local law  
5 provides applicants with the option to  
6 self-certify. Applicants can still follow  
7 the normal existing process if they wish  
8 and not self-certify.

9 Any questions?

10 PRESIDING OFFICER NICOLELLO: Yes.  
11 Legislator DeRiggi-Whitton.

12 LEGISLATOR DERIGGI-WHITTON: Hi.  
13 You said it exists already. The  
14 self-certification option?

15 MR. LEIMONE: Under the current law,  
16 Local Law 5-21, there is a process where  
17 you can self-certify. After a certain  
18 period of time and after, I believe if  
19 the fees have gone down, the waiver of  
20 the fees have gone down to zero. Yes,  
21 there is that option.

22 LEGISLATOR DERIGGI-WHITTON: Do you  
23 know what the time is there? I hadn't  
24 heard of that one.

25 MR. LEIMONE: It's an excess of 30

1  
2 days.

3 LEGISLATOR DERIGGI-WHITTON: Okay.

4 Ken, do you feel that you can -- are  
5 you okay with this?

6 COMMISSIONER ARNOLD: The Department  
7 is fine with the self-certification as  
8 long as it's signed by a licensed  
9 engineer architect.

10 LEGISLATOR DERIGGI-WHITTON: Do you  
11 think you have the the employees to  
12 approve or disapprove in the ten day  
13 period on average?

14 COMMISSIONER ARNOLD: The way the  
15 it's written, the self-certification we  
16 would look at it in ten days we'll be  
17 looking at our rules and regulations and  
18 adopting them for self-certification  
19 review and we'll act accordingly.

20 LEGISLATOR DERIGGI-WHITTON: Do you  
21 think you need additional staff?

22 COMMISSIONER ARNOLD: I don't  
23 believe so.

24 LEGISLATOR DERIGGI-WHITTON: Okay.  
25 Thank you.

PRESIDING OFFICER NICOLELLO:

Actually. Do you think it'll actually free up staff? Because if self-certification is taking place, it really changes the whole process.

COMMISSIONER ARNOLD: Yes, we have to look at what what we're going to do on a ten day period after we do our rules and regs. So yes, in theory, you know, staff could be allocated to existing projects and which most of them work on existing projects already.

LEGISLATOR DERIGGI-WHITTON: I'm sorry, just one follow up. Is this only for curb cuts or is it for anything else?

COMMISSIONER ARNOLD: It's associated with the 239 site plan approval that the towns pass or the village or cities passed to the Department for Review. Curb cuts have become part of that. We look at the curb cuts at the same time to help reduce a resubmittal.

LEGISLATOR DERIGGI-WHITTON: What

1  
2 else would it cover? I'm sorry.

3 COMMISSIONER ARNOLD: Impact on  
4 county roads. Site drainage and traffic  
5 is usually the two big biggest items we  
6 look at.

7 LEGISLATOR DERIGGI-WHITTON: So. If  
8 we ended up having a problem at a later  
9 date, we would still have some kind of  
10 appeal process or how would we go about  
11 that?

12 MR. HARDIMAN: Kevin Hardiman from  
13 the County Attorney's Office. Can you  
14 clarify for me? I'm not sure --

15 LEGISLATOR DERIGGI-WHITTON: I  
16 remember one time we tried to get a curb  
17 cut and I think there was a process where  
18 I think the County determined that they  
19 needed a traffic study. There was a whole  
20 complication one time on Brewster Street.  
21 So what if they do their own? I'm sorry,  
22 Ken, but what if --

23 COMMISSIONER ARNOLD: In this case,  
24 self-certification is that the engineer  
25 of record will do their own analysis and

1  
2 certify to the Department what they're  
3 going to do and the Department will have  
4 to accept it.

5 LEGISLATOR DERIGGI-WHITTON: What if  
6 they don't do like a traffic study, and  
7 we would have done a traffic study?

8 COMMISSIONER ARNOLD: It's up to the  
9 architect engineer to do what would be  
10 required for site development and ensure  
11 that they've done all that can be done  
12 based on our rules and regulations that  
13 we put together.

14 LEGISLATOR DERIGGI-WHITTON: So if  
15 we issue a curb cut -- I'm thinking like  
16 Brewster Street and Glen Cove just for  
17 the heck of it, because that's where the  
18 one was that we had a problem -- and then  
19 we find out, you know, there are several  
20 accidents, what do we do? We sue the  
21 engineer or how do we how do we handle  
22 the liability?

23 MR. HARDIMAN: Again, Kevin Hardiman  
24 from the County Attorney's Office.

25 The liability provision is covered

1  
2 by the Hold Harmless Letter that's  
3 provided to us under this new law, as  
4 well as the insurance that would be  
5 provided by by the engineer that covers,  
6 you know, depending on the nature of the  
7 work and the extent of the work, it would  
8 be an insurance level that is acceptable  
9 to the County.

10 LEGISLATOR DERIGGI-WHITTON: Okay.  
11 So the engineer has to carry insurance to  
12 back up there certification?

13 MR. HARDIMAN: In order to  
14 self-certify they have to produce that  
15 insurance.

16 LEGISLATOR DERIGGI-WHITTON: How  
17 much that?

18 MR. HARDIMAN: It depends on the  
19 amount of the insurance for them to do  
20 the work that they're doing. That will  
21 depend on on what the nature of the  
22 project is.

23 LEGISLATOR DERIGGI-WHITTON: So it's  
24 the owner of the engineering company that  
25 issues the opinion?

1  
2 MR. HARDIMAN: Whoever is issuing  
3 the opinion would have to have some sort  
4 of insurance that will back us up and  
5 hold us harmless. And the level of the  
6 insurance would depend on the nature of  
7 the project and how, if it's a giant  
8 project, more insurance will be required  
9 by the County. If it's a small one, we're  
10 not going to hold them to like some crazy  
11 high insurance policy.

12 LEGISLATOR DERIGGI-WHITTON: So just  
13 walk through this real quick for me, if  
14 you don't mind. So you get a certified  
15 letter, certifying the plans, from an  
16 engineer. At what point do you discuss  
17 what the liability insurance, what amount  
18 is needed.

19 MR. HARDIMAN: As the process, I  
20 believe, is set out in the local law,  
21 they would have to provide that insurance  
22 and that Hold Harmless Letter in advance  
23 in order to get the self-certification  
24 process. That's part of the passing of  
25 the self-certification process.

1  
2           LEGISLATOR DERIGGI-WHITTON:   So  
3           there's no blanket statement as to how  
4           much insurance is required. How are they  
5           going to know?

6           MR. HARDIMAN:   It's not a specific  
7           amount laid out because it will depend on  
8           the nature of the project. A giant  
9           project may require \$20 million of  
10          insurance, but a smaller one, that's a  
11          small street that isn't going to affect  
12          things, maybe it would be a lower level  
13          of whatever it would be acceptable to the  
14          county. So we left that to be a little  
15          bit more flexible, to be relevant to the  
16          nature of the project that's being  
17          covered.

18          LEGISLATOR DERIGGI-WHITTON:   So  
19          before -- and listen, I'm all for  
20          expediting permits and all. But so, so a  
21          business person wants to open a business,  
22          they need a curb cut, they hire an  
23          engineer. At what point are they going to  
24          know how much insurance the engineer has  
25          to have?

1  
2 MR. HARDIMAN: I think it depends on  
3 the nature of the project. They're going  
4 to have project plans. It'll cost however  
5 much it is to create that plan.

6 LEGISLATOR DERIGGI-WHITTON: Yeah,  
7 but you're putting the onus on the  
8 business owner to make sure that the  
9 engineer has enough money based on --

10 MR. HARDIMAN: Well, I think the  
11 idea is that we're trying to make it  
12 possible. I think the goal of the law is  
13 to try and make it possible for projects  
14 to move forward with an understanding  
15 that, look, an owner wants to do this,  
16 they want to have a self-certification.  
17 These are the things that will make it  
18 okay with the County for them to self  
19 certify. Otherwise the County will do the  
20 the review.

21 LEGISLATOR DERIGGI-WHITTON: At some  
22 point you're going to have to tell them  
23 how much insurance is required.

24 MR. HARDIMAN: I'm not familiar with  
25 the process. I'm familiar with the law.

1  
2 But I would imagine that in terms of the  
3 process, that's something that can be  
4 laid out in the rules and regs and when  
5 that notification would be given.

6 LEGISLATOR DERIGGI-WHITTON: I think  
7 it should be done now, before we pass  
8 this. It just seems to me that it's a lot  
9 of vagueness as far as, and again, I'm  
10 all for doing permits as quickly as  
11 possible, but it doesn't seem to be a  
12 clear path as to what the owner of the  
13 project has to do. I mean, you know, if  
14 you're telling them it's a \$5 Million  
15 project, oh, they have to know they're  
16 going to need 10 million.

17 MR. HARDIMAN: And I'll defer to Ken  
18 on this one.

19 COMMISSIONER ARNOLD: So you have  
20 extremes of what comes to this office for  
21 review. You can have a Costco, which is  
22 multi million dollar development or the  
23 Amazon development. And in those cases,  
24 the engineers hired by these developers  
25 has to have insurance even for the work

1  
2 they're doing on site. So this would be  
3 an extension of that type of insurance.  
4 The other extreme is you have a  
5 residential house on a county road that  
6 comes to us for a curb cut and would  
7 probably require very little insurance  
8 for what they're doing, even if they're  
9 just modifying their existing curb cut.  
10 So the department, when it goes through  
11 its rules and regulations, will be  
12 working with the Office of Management  
13 Budget Risk people and also the county  
14 attorney's office, the insurance people  
15 to figure out how to set the process for  
16 what level of insurance for different  
17 types of projects. So that will be done  
18 as part of our rules and regs.

19 LEGISLATOR DERIGGI-WHITTON: Prior  
20 to this going into effect?

21 COMMISSIONER ARNOLD: The law allows  
22 me 30 days to put the rules and regs  
23 together.

24 LEGISLATOR DERIGGI-WHITTON: Because  
25 I think the rules and regs are really

1  
2 going to save us from a lot of trouble.  
3 Like, you know, if something is certified  
4 and it turns out to be a problem and they  
5 don't have enough insurance, you know the  
6 county is going to be on it.

7 So the rules and regs will be in  
8 place before this goes into effect?

9 COMMISSIONER ARNOLD: Yes. Right. I  
10 have 30 days to put the rules and regs  
11 together before we will allow a self-  
12 certification.

13 LEGISLATOR DERIGGI-WHITTON: Can you  
14 forward us as an addendum, the rules and  
15 regulations that you come up with? Just  
16 so again, I like the concept of  
17 expediting things, but I could just see  
18 this costing us a lot of money if, you  
19 know, God forbid, it's a county road and  
20 there's a curb cut and there's an  
21 accident and the guy, you know, I don't  
22 know.

23 I just think it's a really  
24 important. It sounds like it's nothing  
25 curb cut, no big deal. But it could be a

1  
2 big liability if it's not done correctly.  
3 And I really think it's important that  
4 they know what they have to provide ahead  
5 of time just to protect the business  
6 owner, the engineer, to protect everyone.  
7 So if we could have a copy of those, that  
8 would be good.

9 COMMISSIONER ARNOLD: Okay, no  
10 problem.

11 We currently have our drainage  
12 requirements on the website, so it's a  
13 matter of looking at the drainage  
14 requirements, looking at traffic  
15 requirements and then putting together  
16 the package on procedure, one of which is  
17 the insurance.

18 PRESIDING OFFICER NICOLELLO: Deputy  
19 Presiding Officer Kopel, Legislator  
20 Schaefer, and then right down the line  
21 there.

22 LEGISLATOR KOPEL: So just following  
23 up on on on Legislator DeRiggi-Whitton.

24 So way I understand it now is, an  
25 engineer goes ahead and submits a

1  
2 self-certification. First of all, that  
3 goes right into effect. At that point  
4 they're good to go assuming they've  
5 complied with the regs; would that be  
6 correct?

7 COMMISSIONER ARNOLD: The way I the  
8 way the law is written, I have ten days  
9 to give comment and then they would  
10 submit the self-certification package.

11 LEGISLATOR KOPEL: Can you not  
12 submit it with the initial plans?

13 MR. LEIMONE: Yes, you can submit it  
14 with the initial plans, but under 239-F  
15 of the GML, DPW is still required the ten  
16 working days.

17 LEGISLATOR KOPEL: Actually, under  
18 289-F, we don't need the self-  
19 certification at all.

20 MR. LEIMONE: That's correct. That's  
21 correct. After the ten working days.

22 LEGISLATOR KOPEL: After the ten  
23 working days, really, the County has  
24 waived its position altogether.

25 MR. LEIMONE: That's correct.

1  
2           LEGISLATOR KOPEL: So once again, so  
3 if they do submit a self-certification  
4 with the initial plans, there's still the  
5 ten days. Okay. First of all.

6           Secondly, the insurance  
7 requirements, you would envision that  
8 you're going to categorize it by  
9 anticipated dollar amount of a project or  
10 complexity. How would you how would you  
11 anticipate you describe that so that  
12 people know going forward who to hire?

13          COMMISSIONER ARNOLD: I would think  
14 it's going to be based on the impact to  
15 the county infrastructure. It could be a  
16 \$40 million project, but if --

17          LEGISLATOR KOPEL: But how would you  
18 describe such a thing so that people know  
19 in advance when hiring an architect, they  
20 have to know who to hire. That's one of  
21 the questions they have to ask is what  
22 kind of insurance do you have now? And  
23 because they're going to have to give you  
24 a certificate naming the County as an  
25 additional insured.

1  
2 Okay. So I'm building a small office  
3 building. I'm building a private house.  
4 I'm building a shopping center. How do  
5 they know in advance what it is? That's  
6 kind of complex. Is it going to be based,  
7 do you think, on anticipated dollar  
8 expenditure?

9 COMMISSIONER ARNOLD: I would think  
10 that's going to be the driving factor.  
11 But we'll look at if there's anything  
12 else, I can further clarify that.

13 LEGISLATOR KOPEL: Okay. And what  
14 about the the the Hold Harmless. What  
15 does that cover? How do you anticipate  
16 that looks? What does that look like? And  
17 are you going to publish that in advance?  
18 What is it going to say?

19 MR. HARDIMAN: Well, again, that  
20 would probably be more in the rules and  
21 regs at that point. But the idea being  
22 that they would they would offer to hold  
23 us harmless from from potential liability  
24 that's associated with the nature of the  
25 work. And I would expect --

1  
2           LEGISLATOR KOPEL:  When you say the  
3           nature of the work, in other words,  
4           something coming directly from certain  
5           factors?

6           MR. HARDIMAN:  I think that it would  
7           be most likely based off of and I can't  
8           speak for the Department at this point in  
9           terms of what the rules and regs are  
10          going to say, but I would think that the  
11          purpose of the hold harmless is that if  
12          we're going to accept a  
13          self-certification from the engineer,  
14          it's got to be anything that you've  
15          indicated complies with the law and  
16          complies with all of our rules and regs  
17          and otherwise, that they're going to hold  
18          us harmless for things that arise out of  
19          that -- liability that might arise out of  
20          that, not necessarily arise out of  
21          something else that's unrelated to the  
22          project, but that it's near their  
23          location.

24          LEGISLATOR KOPEL:  So in other  
25          words, just to to narrow this down a

1  
2 little bit, it would have to be hold  
3 harmless with regard to liability that's  
4 flowing directly from an incorrect  
5 certification that something is compliant  
6 with the rules of the County.

7 MR. HARDIMAN: It would have to  
8 relate to the aspect of the project.

9 LEGISLATOR KOPEL: No, that's not  
10 what I'm asking. I would think that it  
11 would need in order to be useful or  
12 something that's not going to be unduly  
13 burdensome and just prevent people from  
14 doing things altogether would have to be  
15 limited to a certification that the  
16 project complies with the rules and  
17 regulations and that certification is  
18 incorrect.

19 MR. HARDIMAN: They would have to be  
20 holding us harmless from an incorrect  
21 statement made in the hold harmless and  
22 and certification.

23 LEGISLATOR KOPEL: Right. An  
24 incorrect statement. Okay.

25 MR. HARDIMAN: Yes.

1  
2           LEGISLATOR KOPEL:   Okay. That's  
3           good. I'm done.

4           LEGISLATOR SCHAEFER:   Good  
5           afternoon. I just have a few questions.  
6           Is this process, I guess, for the  
7           Commissioner or whoever feels best suited  
8           to answer, is this process all going to  
9           be online?

10          COMMISSIONER ARNOLD:   The current  
11          process is online, so we continue the  
12          same way.

13          LEGISLATOR SCHAEFER:   Okay. So all  
14          the information they should need in order  
15          to file --

16          COMMISSIONER ARNOLD:   Yeah, we've  
17          turned this process to a paperless  
18          process. That's our intent to continue.

19          LEGISLATOR SCHAEFER:   Good. I think  
20          that's good.

21          New York City has this process? Am I  
22          right? They do self-certification there.

23          COMMISSIONER ARNOLD:   What I  
24          understand New York City, it's not for  
25          239, it's for their curb cuts. So it's a

1  
2 little different, but it's some of the  
3 same aspects.

4 LEGISLATOR SCHAEFER: Okay. So but  
5 it's just limited to the curb cuts is  
6 what you're saying.

7 COMMISSIONER ARNOLD: Yeah. And  
8 right of way work.

9 MR. HARDIMAN: I believe 239-F  
10 process in the city, it's different  
11 because of the nature of the City's work  
12 and their status as a city and so on. But  
13 that ultimately they do have a  
14 self-certification process that's handled  
15 by the Department of Buildings.

16 LEGISLATOR SCHAEFER: Okay. I think  
17 that's all I have for right now.

18 PRESIDING OFFICER NICOLELLO: Thank  
19 you. Legislator McKevitt, then Legislator  
20 Giuffre.

21 LEGISLATOR MCKEVITT: Yeah. I just  
22 want to reemphasize something Mr. Leimone  
23 said beforehand. Because I'm just  
24 looking at the language of the proposed  
25 local law, I just want to ensure that the

1  
2 self-serve case is merely an option. If  
3 you want to not go down the  
4 self-certified route, that's still an  
5 option for you.

6 I'll tell you my basic concerns.  
7 Just what's been written. Obviously, you  
8 know, when the ten days come in, you can  
9 either do nothing, you can approve it or  
10 you can disapprove it. All of those  
11 things still require self-certification  
12 by the licensed professional. The biggest  
13 concern I have is one of the things  
14 that's also required to be filed is the  
15 owner's Hold Harmless Letter. And in our  
16 definition, that letter must protect,  
17 defend, indemnify and hold harmless  
18 Nassau County against any claims. So I  
19 could see many instances on especially a  
20 small project. And for example, people  
21 don't realize, I've seen many times where  
22 239-F affects a single family home, not  
23 just your Costco, but single family home.  
24 And that instance, the possible insurance  
25 costs of this could be so astronomical.

1  
2 The owner may say, I don't want to go  
3 down the self-certified route because I  
4 can't possibly afford this insurance  
5 policy. So even though the 239-F may take  
6 me two or three years, I'd rather do that  
7 than pay this insurance. So I just want  
8 to ensure that that's still an option.  
9 Because again, the hold harmless  
10 agreement may put this out of the realm  
11 of most people able to do that.

12 COMMISSIONER ARNOLD: Yes, the  
13 existing process will remain, which they  
14 don't have to certify and the department  
15 will sign off on the plans as approved.

16 LEGISLATOR MCKEVITT: And again, go  
17 through the usual process where you go  
18 through civil, drainage, traffic and go  
19 through the whole process.

20 COMMISSIONER ARNOLD: And that  
21 process, it's a 30 day review period.  
22 We'll keep that 30 day review period that  
23 we've been holding for everybody. And so  
24 it will not be in the term of years  
25 anymore.

1  
2                   LEGISLATOR MCKEVITT: Right.

3                   And the one thing I would just  
4                   suggest to you, too, is that I do know  
5                   you're going to be speaking to a number  
6                   of departments regarding the rules and  
7                   regs, but I just encourage you to keep  
8                   the engineering community and with this  
9                   as well. Because as most important, if we  
10                  have a self-certification that something  
11                  actually works a good amount of projects.  
12                  Is one thing for us to put it in paper.  
13                  But if again, if it's something most  
14                  engineers can't work with, again, we may  
15                  say we did something good, but the end  
16                  day really get much accomplished.

17                 COMMISSIONER ARNOLD: Understood.

18                 Thank you.

19                 PRESIDING OFFICER NICOLELLO:

20                 Legislator Giuffre.

21                 LEGISLATOR GIUFFRE: So,

22                 Commissioner, is there any consideration  
23                 being given with the regulations to  
24                 having the County appear as an additional  
25                 insured on the insurance policies that

1  
2 are part of the self-certification  
3 process?

4 MR. LEIMONE: Yes, it's in the law.  
5 It's stated in law.

6 LEGISLATOR GIUFFRE: I didn't see  
7 it. I saw the hold harmless language.

8 MR. LEIMONE: Yes. It's right above  
9 that in the law.

10 LEGISLATOR GIUFFRE: All right.  
11 Thank you.

12 MR. LEIMONE: You're welcome.

13 PRESIDING OFFICER NICOLELLO:  
14 Legislator Gaylor.

15 LEGISLATOR GAYLOR: Legislator  
16 McKevitt and Giuffre kind of touched on  
17 it. My question was, was there going to  
18 be a requirement naming the County as an  
19 additional insured? And would that  
20 declaration page from, say, my insurance  
21 have to be provided each and every year I  
22 own the property because how long am I  
23 indemnifying the County?

24 MR. HARDIMAN: In the requirements  
25 of the program, subsection D little one,

1  
2 it actually says that they name us and  
3 from as insured for the proposed project  
4 plan for a period beginning from the date  
5 of self-certification to a date not less  
6 than five years from the date of issuance  
7 of a certificate of occupancy.

8 LEGISLATOR GAYLOR: So five years, I  
9 have to maintain that insurance from the  
10 completion and the certificate of  
11 occupancy. So it could be seven, eight,  
12 nine years depending on how big of a  
13 project it is.

14 MR. HARDIMAN: It could be, yes.

15 LEGISLATOR GAYLOR: All right. And  
16 then the second question I have is, is  
17 this legislation, if it passes, when it  
18 passes, does it affect applications that  
19 are already submitted or projects that  
20 are currently under construction but  
21 haven't made their curb cut or completed?  
22 Are they now going to be required to  
23 comply with this?

24 COMMISSIONER ARNOLD: Project under  
25 construction already have this sign off

1  
2 from the Department so the plans are  
3 already approved.

4 LEGISLATOR GAYLOR: And there's a  
5 hold harmless component to it?

6 COMMISSIONER ARNOLD: No. They  
7 already have an approval from the  
8 department for the project.

9 LEGISLATOR GAYLOR: Understood.

10 PRESIDING OFFICER NICOLELLO: We  
11 have two speakers. I'm not sure if  
12 they're still here. They put slips in  
13 earlier. Kyle Strober and Michael Florio.  
14 Kyle, you want to come up? Michael, both  
15 of you, thank you both for your patience.  
16 And I know you've been here all day.

17 MR. STROBER: As someone who worked  
18 here for this Legislative Body for five  
19 years, I know how it works. So I  
20 definitely know if you're the first on  
21 the agenda, it doesn't mean you're the  
22 first to speak.

23 PRESIDING OFFICER NICOLELLO: Well,  
24 if Dave was here, you'd be here 7:00.

25 MR. STROBER: Yeah. That's true.

1  
2 And you'd have a lot more tougher  
3 questions for Ken Arnold as well.

4 But look, first of all, my name is  
5 Kyle Strober.

6 MR. FLORIO: Mike Florio, Long  
7 Island Builders. And again, as a former  
8 legislative staffer here, I don't miss  
9 these meetings.

10 MR. STROBER: Look, I'm the  
11 executive director for the Association  
12 for a Better Long Island. We're an  
13 economic development advocacy  
14 organization. We're also here on behalf  
15 of the Long Island Association. Mr. Cohen  
16 could not come, but he also supports this  
17 piece of legislation. And we're here to  
18 voice our support. I want to thank the  
19 County Executive, Bruce Blakeman,  
20 Presiding Officer Richard Nicollelo,  
21 Minority Leader Kevin Abrams for putting  
22 this forth. It's a very important  
23 initiative to the economic development  
24 community.

25 The 239-F process has been choking

1  
2 economic development here in the county  
3 for many years. And I would be remiss if  
4 I don't give a shout out to Laura  
5 Schaefer and the former Legislator Elaine  
6 Birnbau, who sat on the 239-F panel prior  
7 and we did make major steps. But here we  
8 are at a very important crossroads. This  
9 could be revolutionizing the system  
10 without taking away the oversight that's  
11 very important by the County.

12 As Legislator DeRiggi-Whitton  
13 mentioned, it's important to make sure  
14 that they're done correct and done  
15 safely. And as the DPW has promised us,  
16 they will work with our industry to make  
17 sure that the process is established  
18 correctly, where there are rules and regs  
19 that engineers would want to sign off on,  
20 that they feel safe self-certifying.  
21 There's an indemnification issue that  
22 that's important as well, not only for  
23 the county but also for developers who  
24 are going through the process.

25 So there's both sides that are

1  
2 involved in this that have to put their  
3 licenses and their liability on the line.  
4 It doesn't work without all of us all  
5 working together. And from our end, we  
6 really appreciate you helping out. I had  
7 a bunch of stuff, but, you know, we've  
8 been here for a while and I want to give  
9 Mike some time as well.

10 MR. FLORIO: No, I would say this is  
11 something that's been brought up in my  
12 short tenure of being the head of the  
13 Long Island Builders Institute. And, you  
14 know, we thank everyone for moving  
15 forward with this. Again, Kyle had served  
16 on this blue ribbon commission that was  
17 established in 2019. My predecessor, Mr.  
18 Mitch Paley, was also a part of this. The  
19 home building community supports moving  
20 forward with this legislation. We look  
21 forward to working with DPW on the rules  
22 and regulations. You know, this program  
23 has existed or a similar type program has  
24 existed in New York City since 1995. You  
25 know, there's no reason that we can't

1  
2 have the same or similar type program  
3 here. And it will be a welcome to the  
4 development and home building industry  
5 here in Long Island, helping cutting some  
6 of the red tape.

7 MR. STROBER: I just want to add one  
8 more thing, and I didn't mention him, but  
9 he has to be mentioned. Legislator Howard  
10 Kopel has been an advocate for the  
11 economic development community. When it  
12 came to 239-F. I believe it was during  
13 the pandemic, we worked together on a  
14 prior bill, and he's knows firsthand sort  
15 of the process and some of the  
16 frustration that our community has gone  
17 through during development. So, Howard,  
18 thank you as well for your advocacy as  
19 well.

20 PRESIDING OFFICER NICOLELLO:  
21 Legislator Schaefer had a question.

22 LEGISLATOR SCHAEFER: Hi, how are  
23 you doing? I just had a quick question  
24 for you both, since you're very familiar  
25 with this and you're obviously familiar

1  
2 with plenty of developers and architects  
3 and engineers who've been involved in  
4 this process in other areas such as  
5 Manhattan. What is the experience that  
6 you have understood them to have over the  
7 years with this? If it's been Manhattan,  
8 I don't know if there are other places  
9 that self-certify already, but has it  
10 been positive? Have there been issues to  
11 work through? What has it been like? If  
12 you can tell me.

13 MR. STROBER: The City it's been  
14 very successful. The rules and  
15 regulations are very clear. Architects  
16 and engineers know what they need to put  
17 in to self-certify to sign off on it.  
18 Developers know what the liability is and  
19 feel comfortable with their submissions.  
20 And that's why we're very optimistic that  
21 this legislation will put forth a program  
22 that puts us on equal footing as the  
23 City.

24 As you know, development is critical  
25 to attracting new companies from other

1  
2 parts of the country, as well as  
3 retaining existing companies that want to  
4 stay in Long Island while other states  
5 are fighting for them with better  
6 incentives and cheaper land costs.

7 Time is money and being able to do  
8 it effectively and efficiently and safely  
9 is what we all strive for to make sure  
10 that Nassau's economy stays viable for  
11 the next generation.

12 LEGISLATOR SCHAEFER: So would you  
13 say the developers that most of us  
14 probably know here on Long Island, the  
15 ones who develop here, are welcoming  
16 this, they're looking forward to it?  
17 Have you spoken to them?

18 MR. FLORIO: I would say yes. All  
19 of my members are.

20 MR. STROBER: Absolutely. I've  
21 spoken to not only the development  
22 membership of our organizations, but also  
23 we have architects and engineers as well  
24 as attorneys, attorneys who are advising  
25 developers to sign off on owner hold

1  
2 homeless letters. And they're all  
3 optimistic that a program like this, done  
4 correctly, could be a huge advantage to  
5 the for the County in terms of economic  
6 development.

7 LEGISLATOR SCHAEFER: Okay. Thank  
8 you.

9 PRESIDING OFFICER NICOLELLO: Again,  
10 thank you for for your patience.

11 LEGISLATOR DERIGGI-WHITTON: Just  
12 just in your general background, do you  
13 think ten days is long enough to make  
14 sure you have the verification of the  
15 insurance and everything?

16 MR. STROBER: The rules and  
17 regulations, if they're done correctly,  
18 it should work.

19 LEGISLATOR DERIGGI-WHITTON: Yeah.  
20 And again, I want it to work, but I just  
21 kind of feel the ten days is, I mean, to  
22 verify and everything and --

23 MR. STROBER: Well, we'll just say  
24 this is that as I mentioned before,  
25 there's County's end of it as well as the

1  
2 development end of it, as well as the  
3 engineering and architecture end of it.  
4 And the engineers who have their licenses  
5 have to put it on their line and the  
6 property owners have to put their put  
7 liability on the line. So working all  
8 together, it will work. It could be as  
9 effective or more effective than it is in  
10 the City. And that's what we're hopeful  
11 for.

12 PRESIDING OFFICER NICOLELLO: It is  
13 ten working days to it's a two full week  
14 period. So also I would kind of would  
15 recommend if you have not done so  
16 already, I would look at the City's  
17 regulations and copy whatever we could  
18 use out here since they've done it  
19 already. Thank you again.

20 Legislator McKeivitt?

21 LEGISLATOR MCKEVITT: Yeah. And just  
22 when you go back to ten days, the ten  
23 days doesn't come from a vacuum. Because  
24 when you actually read General Municipal  
25 Law section 239-F, subsection two,

1  
2 subsection B, subsection two. Again, it  
3 states that counties only have ten days  
4 to make that reference, and if they  
5 don't, they forfeit the right to the  
6 action. So that's actually been the books  
7 for decades. Just no one here has ever  
8 filed it before. So again, we can really  
9 push comes to shove. The statute says if  
10 they don't make it in ten days, the  
11 process is waived. So this is actually, I  
12 think is a little more backup to what the  
13 state will even allow.

14 PRESIDING OFFICER NICOLELLO: And  
15 the other debate or discussion.

16 (Whereupon, no verbal  
17 response.)

18 PRESIDING OFFICER NICOLELLO: Need a  
19 motion to close the hearing.

20 Moved by Legislator Walker, seconded  
21 by Legislator Lafazan.

22 All in favor of closing the hearing  
23 signify by saying, "Aye".

24 (Whereupon, all members of  
25 the Nassau County Legislature

present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Hearing is closed.

\*\*\*\*\*

1  
2                   PRESIDING OFFICER NICOLELLO: Item  
3 two is a local law to amend Chapter 12,  
4 the Nassau County Administrative Code in  
5 relation to the Department of Public  
6 Works, approval of building permits and  
7 curb cuts pursuant to Section 239-F of  
8 the New York State General Municipal Law.

9                   Motion by legislator Deputy  
10 Presiding Officer Kopel, seconded by  
11 Legislator Schaefer. So that's before us.  
12 We need to amend that. So we have an  
13 amendment in the nature of a  
14 substitution. The amendment provides a  
15 more appropriate title, and clearer  
16 definitions removes inapplicable  
17 references to building permits and  
18 adjusts certain requirements to remove  
19 unnecessary bureaucracy and accomplish  
20 the local laws goals while providing  
21 protection for the County.

22                   All right. Motion to amend.  
23 Legislator Walker makes that motion  
24 seconded by Legislator DeRiggi-Whitton.

25                   Any debate or discussion on the

amendment?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: All in  
favor signify by saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: So  
it's now amended. The Item as amended.

All in favor of the Item as amended,  
signify by saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal

response.)

PRESIDING OFFICER NICOLELLO: Passes  
unanimously.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: Okay,  
3 we're going to Item nine, which is  
4 Resolution 82. That's Legislator Drucker,  
5 you're going to be recusing on this one.

6 Let the record reflect that  
7 legislator Drucker has left the room will  
8 not be participating in any debate,  
9 discussion or vote.

10 (Whereupon, Legislator  
11 Drucker leaves the Chambers.)

12 PRESIDING OFFICER NICOLELLO: This  
13 is a resolution authorizing the County  
14 Attorney to compromise and settle the  
15 claims of plaintiff as set forth in the  
16 action entitled Plainview Properties  
17 versus County of Nassau pursuant to the  
18 County Law, County Government Law, and  
19 Nassau County Administrative Code. Motion  
20 by Legislator Ferretti, seconded by  
21 Legislator Mule. Any debate or discussion  
22 on this item?

23 LEGISLATOR LAFAZAN: Just a  
24 question.

25 PRESIDING OFFICER NICOLELLO: Sure.

1  
2           LEGISLATOR LAFAZAN: And I'm not  
3           sure who to address this question to, but  
4           Legislator Drucker had to step out. He  
5           asked me to inquire. I know at Country  
6           Point there was a promise of repaving all  
7           of the community. I know there's one  
8           section that has not been repaved, so he  
9           wanted to inquire about it --

10                   (Whereupon, off the record  
11                   discussion.)

12           LEGISLATOR LAFAZAN: So this is my  
13           question. So I would like to know the  
14           timeline and promise of repaving that  
15           last phase of Country Point before we  
16           vote on the bond. Is there anyone who can  
17           answer?

18           COMMISSIONER ARNOLD: Can you repeat  
19           the question?

20           LEGISLATOR LAFAZAN: Sure. So on my  
21           behalf and no one else's behalf, there is  
22           there was a promise of repaving, all of  
23           Country Point and all of the streets. I  
24           know there's one section that has not  
25           been repaved, so we want to know if

1  
2 there's a timeline to fulfill the promise  
3 of repaving that last phase.

4 COMMISSIONER ARNOLD: My  
5 understanding is if we're releasing the  
6 bond, we are complete with the work and  
7 there's no more work coming.

8 LEGISLATOR LAFAZAN: Okay. Thank  
9 you.

10 LEGISLATOR DERIGGI-WHITTON: Hi,  
11 Ken. I have a question. All right. So can  
12 you just confirm that the last phase of  
13 Country Point has been complete as far as  
14 the paving goes?

15 COMMISSIONER ARNOLD: Typically, we  
16 would not come to this Body to release  
17 the bonds if not all the work was  
18 completed. I can't specifically say if  
19 there's one piece that's of conflict.

20 LEGISLATOR DERIGGI-WHITTON: Do you  
21 mind just checking personally or having  
22 someone just check? I think that there  
23 might be some portions of that that has  
24 not been complete. There's a possibility  
25 of it.

1  
2 COMMISSIONER ARNOLD: I can, I can  
3 check. I can't do that now.

4 LEGISLATOR DERIGGI-WHITTON: Neither  
5 can I.

6 COMMISSIONER ARNOLD: I'm the last  
7 one standing. But we would not release  
8 the bond that there's still outstanding  
9 work required by the developer.

10 LEGISLATOR MULE: Rich, may I ask a  
11 question? If we vote to release the  
12 bond, can you still hold on to it if you  
13 find out that the work has not been  
14 completed?

15 COMMISSIONER ARNOLD: I don't know  
16 the answer to that question. I have to  
17 talk to the County Attorney's Office.

18 PRESIDING OFFICER NICOLELLO: Ken,  
19 you have inspectors that go out to make  
20 sure that the work has been done?

21 COMMISSIONER ARNOLD: Correct.

22 PRESIDING OFFICER NICOLELLO: Do you  
23 know offhand who the inspector was for  
24 this project?

25 COMMISSIONER ARNOLD: It was

1  
2 probably John O'Doherty. He inspects  
3 almost all my subdivision work.

4 PRESIDING OFFICER NICOLELLO: Can  
5 you while we're here, we're going to be  
6 here for a little bit, I guess. Can you  
7 give him a call and see?

8 COMMISSIONER ARNOLD: I will see if  
9 he picks up.

10 PRESIDING OFFICER NICOLELLO: Okay.  
11 So why don't we just leave this. Motion  
12 to table this for the moment? Legislator  
13 Gaylor, seconded by Legislator Pilip.

14 All in favor of tabling, signify by  
15 saying, "Aye".

16 (Whereupon, all members of  
17 the Nassau County Legislature  
18 present respond in favor with,  
19 "Aye".)

20 PRESIDING OFFICER NICOLELLO: Those  
21 opposed?

22 (Whereupon, no verbal  
23 response.)

24 PRESIDING OFFICER NICOLELLO:  
25 Carries unanimously.

1  
2  
3 PRESIDING OFFICER NICOLELLO: Item  
4 14, Resolution 87. A resolution  
5 authorizing the County Executive to  
6 execute an inter-municipal agreement with  
7 the City of Glen Cove in relation to  
8 refund and reconciliation.

9 Motion by Legislator  
10 DeRiggi-Whitton, seconded by Legislator  
11 Walker.

12 MR. CASOLARO: Mr. Leader, Members  
13 of the Legislature. Good afternoon. My  
14 name is Charlie Casolaro. I'm Chief  
15 Counsel to the Comptroller. This refund  
16 and reconciliation agreement had passed  
17 unanimously at the Rules Committee on  
18 April 6th; however, the authorizing  
19 resolution says that the Legislature  
20 shall authorize the County Executive to  
21 enter this agreement with the City of  
22 Glen Cove. It should also reference the  
23 School District of the City of Glen Glen  
24 Cove. So it was a ministerial oversight.  
25 The intent of the agreement and the body

1  
2 of the agreement is for the County to  
3 refund the City of Glen Cove and the  
4 School District of the City of Glen Cove.  
5 But the city of of the School District of  
6 the City of Glen Cove is left out of the  
7 authorizing resolution. So I'd ask that  
8 you pass it with the understanding for  
9 the record that both parties entering  
10 into the agreement with the County  
11 Executive and the Administration.

12 LEGISLATOR DERIGGI-WHITTON: I'll  
13 just say thank you. And I know that the  
14 comptroller of the City of Glen Cove is  
15 aware that they have to pay the school.  
16 So we'll make sure they do.

17 MR. CASOLARO: Yes. And the school  
18 district, too. We've been in touch with  
19 all the parties. Everybody's excited  
20 about this. There's a lot of work.

21 LEGISLATOR DERIGGI-WHITTON: I  
22 appreciate you doing it. Thank you.

23 MR. CASOLARO: Thank you.

24 PRESIDING OFFICER NICOLELLO: Thank  
25 you.. Any other questions?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: No.  
Thank you.

MR. CASOLARO: Thank you, Mr.  
Leader.

PRESIDING OFFICER NICOLELLO: All in  
favor signify by saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: Item  
3 21, Resolution 94 is a resolution  
4 authorizing the County Executive to  
5 execute an inter-municipal agreement with  
6 the Town of Hempstead in relation to  
7 services relative to the adjudication of  
8 the town of Hempstead School Bus Stop Arm  
9 Safety Program. Motion by Legislator  
10 Schaefer, seconded by Legislator Kennedy.

11 MR. MELI: Good afternoon. Paul Meli,  
12 Executive Director of the Traffic and  
13 Parking Violations Agency. And I do have  
14 with me today Tom Montefinise from the  
15 County Attorney's office.

16 This is an agreement with the town  
17 of Hempstead with respect to the  
18 adjudication of notices of violation  
19 issued under the Town's school bus stop  
20 arm program. 1174-a of the general of the  
21 vehicle and traffic law imposes monetary  
22 liability upon the owner of a vehicle  
23 that is operated in violation of 1174(a)  
24 of the Vehicle and Traffic law by  
25 overtaking or meeting a school bus that's

1  
2 stopped for the purpose of discharging or  
3 taking on pupils while its red lights are  
4 flashing. The statute imposes an  
5 obligation upon TPVA to adjudicate  
6 notices of liability, and this is our  
7 agreement with the Town with respect to  
8 those services.

9 PRESIDING OFFICER NICOLELLO: Can  
10 you just give us just some details as to  
11 what that agreement is?

12 MR. MELI: The agreement is for the  
13 Town through its vendor to take care of  
14 all notifications, all communications,  
15 the placement of all matters on TPVA's  
16 calendar. We provide them with dates and  
17 times when we're available to adjudicate  
18 these matters. They do all the  
19 collections. We do none. We don't accept  
20 payment of these tickets. They will,  
21 under our agreement, have the right to  
22 have a representative present when we're  
23 doing in-person hearings who will have a  
24 separate cashier's window at which they  
25 can collect fines that are due that the

1  
2 defendant chooses to either pay  
3 voluntarily or for which it's the  
4 defendant has been found liable.

5 The Town for these services will be  
6 paying \$18 per ticket issued and they  
7 will also be paying the County, \$18 per  
8 adjudication, which means once a case  
9 goes on to our calendar, it's considered  
10 an adjudication. The services will  
11 include representation of the Town by a  
12 attorney for the sole purpose of the  
13 hearing, and emotions will be defended by  
14 the Town itself, as will any appeals.

15 PRESIDING OFFICER NICOLELLO: Okay.

16 If a resident contacts us with a  
17 complaint about receiving a ticket or  
18 something of that nature, in general,  
19 where would that complaint go to? Would  
20 it go to the Town?

21 MR. MELI: We would refer it to the  
22 Town or and they in fact refer it to  
23 their vendor. There's a number that goes  
24 directly to their vendor with respect to  
25 those complaints.

1  
2 PRESIDING OFFICER NICOLELLO: All  
3 right.

4 Legislator Drucker.

5 LEGISLATOR DRUCKER: Thank you,  
6 Presiding Officer.

7 A question. Where did the school  
8 district in Hempstead come into -- what  
9 was their relationship to the Town of  
10 Hempstead approving this?

11 MR. MELI: The school district had  
12 nothing to do with the the initiation or  
13 establishment by the Town of its program.  
14 Once the town was enabled under the State  
15 Legislation to have a demonstration  
16 program, it passed its own local law. And  
17 pursuant to that, the State Legislation  
18 and the Town's local law, the Town then  
19 entered into separate agreements with  
20 each school district.

21 LEGISLATOR DRUCKER: So  
22 hypothetically, if this goes on to other  
23 towns, monetarily, how does it how does  
24 the school district factor in if, for  
25 example, the buses are owned by the

1  
2 school district, not necessarily the  
3 Town?

4 MR. MELI: Well, they're owned by  
5 the school district or a vendor of the  
6 school transportation vendor of the  
7 district, correct.

8 LEGISLATOR DRUCKER: So then do they  
9 share in any part of the penalty or the  
10 fine?

11 MR. MELI: Not that I'm aware of.  
12 The fine is imposed upon the owner of the  
13 vehicle that violates the law.

14 LEGISLATOR DRUCKER: No, that's the  
15 imposition of the fine. But I'm saying is  
16 the proceeds of the fine. So in other  
17 words, the school districts, their bus  
18 drivers, their buses that they pay for,  
19 they have to get involved with the  
20 downloading of the camera, the video from  
21 the camera. And so there's no  
22 compensation or contribution to the  
23 school districts for this additional  
24 labor that's required?

25 MR. MELI: That's a question you'd

1  
2 have to put to the Town.

3 LEGISLATOR DRUCKER: Okay. So you  
4 didn't have any feedback from the towns  
5 regarding how the school districts are  
6 involved here?

7 MR. MELI: No. And and I can say, as  
8 you all likely know, the County had its  
9 own program enacted by a local law in  
10 2019. And under that program, there was  
11 no provision to share any of those  
12 proceeds with the districts. But the Town  
13 is free to do with their portion of the  
14 fines what they want.

15 LEGISLATOR DRUCKER: Well, I think,  
16 you know, the legislation that you're  
17 referring to was proposed by Legislative  
18 Bynoe and myself in 2019,.

19 LEGISLATOR DRUCKER: I believe  
20 you're correct.

21 LEGISLATOR DRUCKER: And it gave the  
22 school districts the opportunity to opt  
23 in or opt out. That's what that  
24 particular legislation was about. But  
25 this is now different because you're

1  
2 going under New York state law; is that  
3 correct?

4 MR. MELI: It's the same statute,  
5 believe it or not. That statute enabled a  
6 county, a town, a city or even a village  
7 to enact a local law establishing a  
8 demonstration program just like this one.  
9 It's all the same statute.

10 LEGISLATOR DRUCKER: Right. But in  
11 my discussions with the school districts  
12 in the Town of Oyster Bay, for example,  
13 in my district, some of the school  
14 districts have been somewhat reticent or  
15 hesitant to engage or to commit to the  
16 proposal.

17 MR. MELI: All I know is it's  
18 incumbent upon us to adjudicate these  
19 tickets under the legislation. So whether  
20 the districts decide to participate or  
21 not, it would be up to them. And they can  
22 have that discussion with the Town either  
23 Oyster Bay, who I'm told is contemplating  
24 it; North Hempstead, who I think has  
25 enacted as local law; or the City of Glen

Cove, which has enacted its its law as well.

LEGISLATOR DRUCKER: Thank you.

MR. MELI: You're welcome.

PRESIDING OFFICER NICOLELLO: Okay.

Any other questions?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: Thank you, Paul. Appreciate it.

MR. MELI: Thank you.

PRESIDING OFFICER NICOLELLO: All in favor of this Item, signify by saying: "Aye".

(Whereupon, all members of the Nassau County Legislature present respond in favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those opposed?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: Passes unanimously.

1  
2 PRESIDING OFFICER NICOLELLO: Next  
3 item is another one for Legislator  
4 Drucker to recuse. We actually may have  
5 a report back on the other item while  
6 you're out.

7 (Whereupon, Legislator  
8 Drucker leaves the Chambers.)

9 PRESIDING OFFICER NICOLELLO: Item  
10 27, Resolution 100, a resolution to  
11 authorize the release of the surety bond  
12 and escrow deposit covering improvements  
13 on the map of Country Point at Plainview  
14 HOA section situated in Old Bethpage,  
15 Town of Oyster Bay.

16 Let the reflect that legislator  
17 Drucker has left the room and is not  
18 participating in any debate or  
19 discussion.

20 Legislator Walker makes the motion,  
21 seconded by Legislator Solages. So it's  
22 before us.

23 COMMISSIONER ARNOLD: Ken Arnold,  
24 Public Works.

25 I think I was speaking on the bond

1  
2 release earlier when I was up. I didn't  
3 realize it was the settlement that was  
4 very similar. So I spoke with the chief  
5 inspector who looked at the job and said  
6 all the paving associated with that phase  
7 of work has been done to our  
8 satisfaction.

9 PRESIDING OFFICER NICOLELLO: Okay.

10 All right. So that discussion we had  
11 earlier really pertained to this item?

12 COMMISSIONER ARNOLD: Yes.

13 PRESIDING OFFICER NICOLELLO: Is  
14 this the same development, that same  
15 development? Right. The earlier item had  
16 to do with the settlement of a --

17 COMMISSIONER ARNOLD: That was the  
18 bond release.

19 PRESIDING OFFICER NICOLELLO:  
20 What about the earlier one? What was the  
21 what?

22 COMMISSIONER ARNOLD: I'm not  
23 familiar with the earlier item.

24 PRESIDING OFFICER NICOLELLO: That  
25 was a resolution authorizing the County

1  
2 Executive to compromise and settle the  
3 claims. Plainview Properties versus  
4 County of Nassau. That was the assessment  
5 item. Okay. So all right. So you were up  
6 before talking about the current item.  
7 That's before. Yes. All right. I could  
8 see why they'd be confused on the Item.

9 So with respect to Item 27,  
10 Resolution 100, you're representing that.  
11 You've spoken to the inspector and that  
12 he can he told you that basically all the  
13 facilities improvements were done to the  
14 satisfaction of the County.

15 COMMISSIONER ARNOLD: Right. For the  
16 section that the bonds are being released  
17 for.

18 PRESIDING OFFICER NICOLELLO: Okay.  
19 Are there multiple sections?

20 COMMISSIONER ARNOLD: I believe  
21 there is. I'm not in tune with exactly  
22 what's going on up there. All right.

23 PRESIDING OFFICER NICOLELLO: So  
24 there might be another section that's not  
25 complete yet where work is not completed.

COMMISSIONER ARNOLD: Right.

PRESIDING OFFICER NICOLELLO: All  
right.

Any questions on 27 Resolution 100?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: All in  
favor signify by saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously.

1  
2 PRESIDING OFFICER NICOLELLO: Now,  
3 let's go back to the earlier item which  
4 we tabled, which was Item Nine,  
5 Resolution 82. Motion to take from the  
6 table, Legislator Gaylor, seconded by  
7 Legislator Schaefer.

8 All in favor of untabling, signify  
9 by saying, "Aye".

10 (Whereupon, all members of  
11 the Nassau County Legislature  
12 present respond in favor with,  
13 "Aye".)

14 PRESIDING OFFICER NICOLELLO: Those  
15 opposed?

16 (Whereupon, no verbal  
17 response.)

18 PRESIDING OFFICER NICOLELLO: It is  
19 on tabled. Is there someone who speaks  
20 specifically about this settlement? So  
21 basically we just pulled it out  
22 separately because Legislator Drucker had  
23 to recuse himself. Okay. We're fine.

24 Any debate or discussion on this  
25 item?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: All in  
favor signify by saying, "Aye".

(Whereupon, all members of  
the Nassau County Legislature  
present respond in favor with,  
"Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO:  
Carries unanimously. Invite back in.

(Whereupon, Legislator  
Drucker returns.)

1  
2 PRESIDING OFFICER NICOLELLO: The  
3 last item is Item 30. Legislator McKevitt  
4 is going to recuse himself.

5 (Whereupon, Legislator  
6 McKevitt leaves the Chambers.)

7 PRESIDING OFFICER NICOLELLO:  
8 Resolution 103, Item 30, a resolution  
9 authorizing the County Treasurer to  
10 correct an error pertaining to tax  
11 arrears on two parcels located in  
12 Oceanside. Motion by Legislator Bynoe,  
13 seconded by Legislator Giuffre.

14 Any debate or discussion on this  
15 item?

16 (Whereupon, no verbal  
17 response.)

18 PRESIDING OFFICER NICOLELLO:  
19 Hearing none.

20 All in favor signify by saying,  
21 "Aye".

22 (Whereupon, all members of  
23 the Nassau County Legislature  
24 present respond in favor with,  
25 "Aye".)

PRESIDING OFFICER NICOLELLO: Those  
opposed?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: Passes  
unanimously.

I should have said this before, but  
Legislator McKeivitt had left the room and  
did not participate in any debate or  
discussion on that item.

I'm putting this meeting in recess.  
We are done for the Full Legislature. We  
still have Rules Committee.

(Whereupon, above matter concludes,  
5:25 p.m.)
