Company History and Transportation Experience

The SA organization is a wholly owned subsidiary of The Derichebourg Group. Besides our Aviation and Transportation Services we are also experts in the Environmental and Business Services Fields. The Derichebourg Group employ's 40,000 employees in 30 countries with sales in excess of \$4.2 billion.

Our services are designed and developed to enable our customers to concentrate on their core business.

The SA Group is one of the world's leading providers in Aviation and Transportation Services. SA has 21,000 employees serve the needs of 700 customers operating in 167 locations, in 30 countries with sales in excess of \$820 million.

"Servisair has a safety driven philosophy backed by a strong corporate operational support team with a proven track record in delivering cost effective solutions."

The SA Group was created in 1950, then known as the British Merchant Shipping Company, and provided dock work and shipping labor at various harbors throughout England. As industry evolved, SA was incorporated in 1954 in Manchester, England and entered the aviation industry. A leading French business group, Penauille Polyservices, acquired SA in May 1999. In addition to its aviation interests, Penauille is involved in a number of other businesses including facility services, security and engineering services. In order to expand its operations to service the largest aviation market in the world, the United States, SA USA was incorporated in 1999 under the laws of the State of Delaware. Tristar Aviation of Dallas, Texas, and Global/AGSL in Cleveland, Ohio were the initial acquisitions forming Servisair USA.

In February 1990, GlobeGround was founded as Lufthansa Airport and Ground Services; GmbH (LAGS) was in six (6) airports in five (5) countries. In December of 1998, LAGS was re-branded as GlobeGround GmbH. In March of 1999, to expand its operations into North America, GlobeGround purchased Hudson General Corporation (now known as GlobeGround North America LLC), who was providing aviation services to over twenty (20) airports in North America. GlobeGround North America LLC (Hudson) was incorporated in Delaware in 1961. In July of 2001, GlobeGround was purchased by Penauille Polyservices to compliment Penauille's previous purchase of Servisair Plc.

We Care

To take advantage of greater operating and overhead efficiencies, SA and GlobeGround were combined into one company. The new name of the combined company was Penauille Servisair (PS) d/b/a Servisair (SA). Then in 2007 SA became a part of the Derichebourg Group.

SA provides a wide range of services to the aviation industry, including:

- passenger services
- aircraft fueling
- load control & dispatch
- de-icing
- aircraft ground handling
- snow removal
- cargo handling
- ground transportation
- aircraft cleaning
- facility services
- executive lounges
- representation/supervision
- exterior aircraft washing

Globally SA operates in 167 locations in 35 countries.

Major Accomplishments for the Nassau County Preschool Program

Since being awarded the Nassau County Preschool Transportation Management Contract in June 1986, SA has worked closely with the Department to develop a safe, reliable and cost effective transportation system for the children utilizing these services. During the above period, there have been numerous major accomplishments and improvements in the transportation program that should be noted. Those accomplishments and improvements are as follows:

- In 2010-2011 School Year implemented efficiencies that result in a cost saving of \$1,725,356.60
- Active Member of the Department of Health Office of Children with Special Needs (DOH/OCSN) Transportation Committee.
- Currently working with the Provider School to adjust bell times that would allow for shared busing to facilities with close geographic proximity
- In 2010, developed and now provides a PMR System that now has over 300 participants.
- In 2010 implemented recommendation resulting in a cost saving over \$950,000.00.
- In 2009, negotiated reduction in pricing with contractor.
- In 1999 the New York Coalition for Transportation Safety conducted a survey of the Nassau County Transportation for Children with Disabilities. Their findings were that Nassau County provides an excellent transportation system for the 0-5 year old population with special needs "An excellent example of a system that works".
- Development, revisions and distribution of a multi lingual parent transportation information pamphlet for each school year. This has been emulated and is now being used by many other counties through out the State of New York.
- Driver and Matron Orientation and Recognition Day. This program was designed as part of the driver and matron training program to further enhance their abilities in assisting the children that they transport.
- Development of bid specifications, which included new vehicles and exclusive use of equipment. This assisted the County in significantly upgrading the condition of the Preschool Transportation Program in 1987.

We Care

- *Development of bid specifications, which included a zonal arrangement to increase competition and lower prices. This resulted in a saving to Nassau County of over 20% in the transportation cost beginning in September 1997.*
- *Mandated drug and alcohol screening for both drivers and matrons. This previously was not mandatory in the transporter bid specifications.*
- *Fingerprinting of all matrons. Previously to SA's transporter bid specifications this was not a requirement for matrons (only for drivers).*
- *National advertising of bus bids specifications. This had tremendously enhanced competition from vendors outside the local area.*
- *Developments of student emergency drop off program.*
- *Development of transportation weather emergency notification system. Which includes a contract with Metro Weather Services to provide weather alerts and forecasts for SA's Preschool Transportation Area. This service alerts SA in the event of a possible weather emergency and includes condition updates until the event is over.*
- *Developed notification system to ensure that children are not left unattended on vehicles.*
- *2-Way Radio communication between SA's office and road inspector vehicles, drivers and contractors facilities.*
- *All SA's inspection cars are fully equipped with GPS enable routing systems.*
- *SA has developed special training for drivers and driver assistants in the area of early detection and reporting of child abuse and the procedures for dealing with infectious diseases.*
- *SA will continue to schedule and supervise parent workshops at the Provider Schools. SA will review transportation policies and procedures with parents to ensure their children's transportation needs are met.*
- *SA will continue to conduct cost-effective studies of the facilities session times and their relationship to transportation cost. SA will work with the Department, Provider Schools, and the Transporters to adapt session times for better utilization of routes creating a more cost-effective program.*
- *SA's staff has over 26 years experience with the Nassau County Preschool Program for Children with Special Needs.*
