Counsel to Nassau County Department of Public Works

Re: 175 Roger Avenue
Site # 130164

Dear Ms. Houdek,

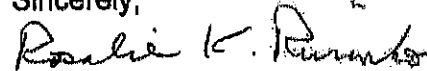

Thank you for contacting the Department regarding the current emergency posed by parts of the roof of the on-site building being torn off by the high winds. Recognizing the seriousness of current emergency, the Department authorizes the Nassau County Department of Public Works (the "County") or its contractor to undertake the demolition of the building.

Given that the 175 Roger Avenue property is an inactive hazardous waste disposal site, the Department reminds the County to be mindful –

- of the proper handling of asbestos containing material, if any,
- that site soil and groundwater are contaminated
 - avoid direct contact with site soil and groundwater
 - avoid tracking contaminated material off of the site
- of the presence of at least three (3) on-site Underground Storage Tanks (USTs)
 - take appropriate precaution relative to existing ports/lines connected to the UST.

Should the County have any technical questions, please contact Erich Obrecht at (518) 257-0618.

Sincerely,

Rosalie K. Rusinko

IRAN DIVESTMENT ACT -- CERTIFICATION

Pursuant to New York State Finance Law §165-a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

- ☒ **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,
- ☐ **b. Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

We have been family owned and operated for over 57 years. We started out as Watral Farms in the 1940's and expanded into construction, trucking and site materials in the 1960's as Watral & Sons, Inc. In the 1990's we branched out even further into construction with a change of command into commercial, industrial, school, and government contracts as Watral Brothers, Inc. We presently have an extensive customer base and are well known in the industry for our honorable reputation. We are hoping to add your company to our customer base and look forward to working together.
