From: **Patrick J. Ryder, Commissioner**

Re: **Contract Amendment National Medical Services Inc. CLPD17-000013**

The above-mentioned item is an amendment to an existing contract with National Medical Services Inc. for laboratory testing services (CQPD14-000002). The original contract expired December 31, 2016 and the above mentioned amendment will extend the contract for an additional two (2) year term, increase the maximum amount to cover payment for services and update the services/fee schedule for such time period. The purpose of this correspondence is to explain the delay with presenting this amendment for legislative approval.

In September 2016, the Department began dialogue with the vendor about extending the contract for a one (1) year term for a proposed expiration date of December 31, 2017. What followed was a lengthy discussion with the vendor regarding the service/fee schedule contained in the original contract and the ability to process future claims due to the vendor's coding adjustment of certain testing panels. This discussion culminated with the need for the vendor to provide a revised schedule which included updated analysis codes and pricing.

Accordingly, in February 2017, a proposed amendment with such revised schedule was forwarded to the vendor for its review and consideration. Upon receipt of the executed amendment and required vendor disclosures the Department began the routing approval process. In July 2017, the County Attorney's office advised the Department of certain issues with respect to the disclosure forms. This included the need for the completion of several additional principal questionnaires by certain corporate officers and/or owners, namely, Pierre Cassigneul, Michael Rieders, and Maria Rieders. The amendment could not be routed any further until these issues were resolved.

In October 2017, with the necessary disclosures still outstanding, the Department consulted with the County Attorney's office, and it was determined that the Department should seek to extend the contract for a two (2) year term given the delay that ensued due to the need for additional disclosures. Hence, the amendment package was returned to the Department as we anticipated routing an amendment for a two (2) year term.

By November 2017, the vendor approved pricing for the proposed two (2) year term and executed an updated amendment; however complete vendor disclosures still remained outstanding. Thereafter, in January 2018, the Department was advised that the vendor was required to submit a principal questionnaire for Marian Reiders. The Department did not previously seek the completion of such questionnaire as Ms. Reiders does not have an ownership interest in the corporation. However, Ms. Reiders' does hold 19.16 of voting shares of the vendor corporation. Thus, your office requested that Ms. Reiders complete such questionnaire and such request was promptly forwarded to the vendor. On March 1, 2018, the Department received all of the required principal questionnaires and the same is included in the amendment package currently uploaded on the County's Electronic Contract Routing Portal at CLPD17-000013.

I trust this memo satisfies your inquiry, however, please do not hesitate to contact my office if you have any additional questions.

SUBJECT: SOLE SOURCE JUSTIFICATION- NATIONAL MEDICAL SERVICES

1. This memorandum is prepared pursuant to Executive Order 1 of 1993, as amended, to explain why the Police Department (the "Department") did not obtain three proposals for a Contract for Personal Services with National Medical Services (NMS) to conduct controlled substance analysis, quantitative analysis, and general chemical testing (the identification of non-controlled substances) for Nassau County Police Department seized, or otherwise obtained, drug evidence related to criminal investigations and/or prosecutions. The Department selected NMS based upon research and vetting conducted by Dr. Pasquale Buffolino, Director, Division of Forensic Services, Office of the Nassau County Medical Examiner. Review and discussions of this research and vetting, as well as the American Society of Crime Lab Directors/Laboratory Accreditation Board-*International* (ASCLD/LAB-International) accreditation, clearly sets forth their unique experience, expertise and standing in the scientific community. Selection of NMS as a contractor in this discipline is necessary based upon the special circumstances concerning the Nassau County Police Department's now closed Forensic Evidence Bureau (FEB).

2. On December 3, 2010, the Nassau County Police Department's FEB was placed on probation by the accrediting entity, the American Society of Crime Lab Directors ("ASCLD"). On February 18, 2011, the FEB was ordered closed by County officials. The New York State Inspector General's Office conducted an investigation of the FEB and issued a report in November, 2011 with findings and recommendations. Subsequent to that report, Nassau County undertook an extensive drug chemistry retesting venture of some 2,200 felony and 460 misdemeanor cases from 2007-2010. Due to their unique qualifications as well as their reputation in the scientific and legal community, NMS conducted this retesting venture under an existing blanket purchase order, BPNC10000290- expiring 8/31/2013. Almost contemporaneously with the retesting program, due to the fact that public law enforcement agencies and public crime labs, including the New York State Police, Onondaga Crime Lab, New York City Police Department and the Suffolk County Medical Examiners Office were either unable to, or unwilling to, enter into a contractual arrangement to conduct drug chemistry examinations for Nassau County, nor would any of the aforementioned entities routinely accept such requests for examinations outside of a contractual arrangement, Nassau County began utilizing NMS for drug chemistry analysis of its' current investigative cases.

3. Should NMS be approved, they will perform controlled substance analysis, quantitative analysis, and general chemical testing (the identification of non-controlled substances) for Nassau County Police Department seized, or otherwise obtained, drug evidence related to criminal investigations and/or prosecutions, provide written reports of same suitable for admission into evidence in criminal courts within the County of Nassau, and provide testimony before those same courts in furtherance of criminal prosecutions. In the interests of conducting criminal investigations in which narcotics have been utilized and/or seized, enabling the prosecution of those individuals who have utilized narcotics in the commission of a crime, and public safety, it is imperative that a qualified contractor with the required certifications and accreditations be obtained to immediately assist Nassau County regarding drug and drug chemistry related examinations

4. NMS company CV is attached, demonstrating their unique experience and expertise as a drug chemistry laboratory. There are several factors which justify NMS as a sole source contractor. They include but are not limited to:
    a. NNMS is the only private ASCLD/LAB-*International* accredited lab in the Northeast.
    b. The proximal location of NMS which is within a one business day roundtrip drive from the Nassau County Police Department headquarters. This is necessitated by the fact controlled substance evidence must be hand carried as opposed to shipped via a third party carrier.
    c. International Forensic Laboratories (IFL); the contractor currently selected to examine firearm, ballistic, and tool mark evidence for Nassau County Police Department criminal investigations, is now a subsidiary of NMS, enabling the co-delivery of ballistic and drug related evidence, thereby minimizing travel and delivery expenditures.
    d. The comprehensive list of validated controlled substance and synthetic compound (cannabinoid and bath salt compounds) analytical procedures.
    e. NMS has been previously approved by Nassau County and accepted the NYS IG to conduct retesting of Nassau County controlled substance and general chemical cases.

5. NMS's demonstrated success in drug chemistry and the special circumstances created by the circumstances surrounding the FEB, render NMS uniquely qualified to provide the services required by the County. Accordingly, we submit that pursuant to Executive Order 1 of 1993, NMS is justified as the proposed contractor for these services.

The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. (b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities

under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

12. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

13. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

14. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

15. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in

17. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

18. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the date first above written.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.

b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation

c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation

d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.

f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation

g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Contract Summary

Description: Additional encumbrance.

Purpose: The purpose of this amendment is to extend the term and add funds to an existing contract that provides Nassau County with testing services with the intent and purview of Section 2206 of the County Charter..

Method of Procurement: Sole source.

Description: Additional encumbrance and time extension.

Purpose: The purpose of this amendment is to extend the term and add funds to an existing contract that provides Nassau County with testing services with the intent and purview of Section 2206 of the County Charter.

Method of Procurement: Sole source.

Procurement History: The Department selected NMS based upon research and vetting conducted by Dr. Pasquale Buffolino, Director, Division of Forensic Services, Office of the Nassau County Medical Examiner.
