To the extent that the Copyrightable Materials do not qualify as "work-made-for-hire," the Firm hereby irrevocably transfers, assigns and conveys exclusive copyright ownership in and to the Copyrightable Materials to the County, free and clear of any liens, claims, or other encumbrances. The Firm shall retain no copyright or intellectual property interest in the Copyrightable Materials, and they shall be used by the Firm for no other purpose without the prior written permission of the County.
- (iii) The Firm acknowledges that the County may, in its sole discretion, register copyright in the Copyrightable Materials with the U.S. Copyright Office or any other government agency authorized to grant copyright registrations. Any discovery or invention arising out of or developed in the course of performance of this Agreement shall be promptly and fully reported to the Department, and if this work is supported by a federal grant of funds, shall be promptly and fully reported to the Federal Government for determination as to whether patent protection on such invention shall be sought and how the rights in the invention or discovery, including rights under any patent issued thereon, shall be disposed of and administered in order to protect the public interest.

(c) Pre-existing Rights. In no case shall 4(a) or 4(b) above apply to or prevent the Firm from asserting or protecting its rights in any report, document or other data, or any invention which existed prior to or was developed or discovered independently from the activities directly related to this Agreement.

(d) Infringements of Patents, Trademarks, and Copyrights. The Firm shall indemnify and hold the County harmless against any claim for any infringement by the Firm of any copyright, trade secrets, trademark or patent rights of design, systems, drawings, graphs, charts, specifications or printed matter furnished or used by the Firm in the performance of this Agreement.  - (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, such breach being determined solely by the County. Firm has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely

cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

- (iii) On a yearly basis, Firm shall provide the County with any material changes to its Certificate of Compliance, attached hereto and hereby made a part hereof as Appendix "L."
- (e) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Firm acknowledges that Firm Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Firm of such request prior to disclosure of the Information so that the Firm may take such action as it deems appropriate.

9. Indemnification; Defense; Cooperation.

(a) The Firm shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of claims against the Indemnified Parties, but only to the extent such are caused by the Firm or a Firm Agent's willful misconduct, breach of its obligations under this Agreement, or its negligent acts or omissions including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Firm shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of an Indemnified Party. .

(b) The Firm shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Firm's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Firm is responsible under this Section, and, further to the Firm's indemnification obligations, the Firm shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Firm shall, and shall demand Firm Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Firm and/or a Firm Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance.

(a) Types and Amounts. The Firm shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single

combined limit of liability of not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than two million dollars (\$2,000,000) per occurrence and four million dollars (\$4,000,000) aggregate coverage, (iii) compensation insurance for the benefit of the Firm's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

The Firm shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Firm under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Firm shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Firm shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Firm to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Firm to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

13. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Firm, (ii) for "Cause" by the County immediately upon the receipt by the Firm of written notice of termination, (iii) upon mutual written Agreement of the County and the Firm, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described

(b) By the Firm. This Agreement may be terminated by the Firm if performance becomes impracticable through no fault of the Firm, where the impracticability relates to the Firm's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Firm delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Firm is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Firm's right to terminate under this subsection. The provisions of this subsection shall survive the termination of this Agreement.

13. Accounting Procedures; Records. The Firm shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Firm is a non-profit entity, must comply with the accounting guidelines set forth in the federal Office of Management & Budget Circular A-122, "Cost Principles for Non-Profit Organizations." Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Firm shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Firm shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Firm shall allege that the above-described actions and inactions preceded the Firm's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

15. Work Performance Liability. The Firm is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Firm is using a Firm Agent to perform some, or all of the work contemplated by this Agreement, and irrespective of whether the use of such Firm Agent has been approved by the County.

16. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

17. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Firm shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Firm, to the attention of the person who executed this Agreement on behalf of the Firm at the address specified above for the Firm, or in each case to such other persons or addresses as shall be designated by written notice.

18. All Legal Provisions Deemed Included; Severability; Supremacy and Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit,

appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

19. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

20. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

21. Administrative Service Charge. The Firm agrees to pay the County an administrative service charge of Five Hundred Thirty-Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Firm upon signing this Agreement.

22. Joint Venture.

EXHIBIT A**DETAILED SCOPE OF SERVICES****A. Division B - Detailed Design Services**

Upon County approval, the FDE agrees to perform all the usual and necessary design services in connection with the preparation of detailed contract drawings, specifications and cost estimates for the Permanent Hot Water/Chilled Water Piping System Final Design Services Project suitable for public bidding based on this Agreement and the RFP Attachments C, D and E, which contain Table of Contents of Standard Specifications, list of Standard Details, and CAD Plan Supplement, respectively.

The FDE shall enter into a professional services contract directly with the County. Under a separate agreement, the County has authorized the County's program manager, the Bay Park Recovery Program Management Joint Venture, hereinafter "PM-JV", to serve as the County's agent for the Assignment. The PM-JV's activities will include, but are not necessarily limited to, verifying that the FDE's design conforms to the overall design intent of the County's improvement program, reviewing the FDE's submittals, schedule tracking, review of FDE's payment requests, and tracking progress and status of the assignment and project.

1. In order to identify the scope of work pertaining to hazardous materials, if any for this facility (or these facilities), the FDE shall conduct a hazardous materials survey of all structures and equipment to be demolished, removed and disposed of under this project and document the findings in a survey report as part of the final design. The hazardous materials to be addressed include, but are not limited to, asbestos-containing materials, lead paint, mercury and PCB. The Final Design will include the Final Survey Report and requirements that the Contractor follow all Federal, State and local requirements for proper abatement, handling, transport and disposal of all hazardous materials
2. Design Milestones: Submit Draft (60% design completion), Pre-Bid (90% design completion) and Bid Ready (100% design completion) documents for PM-JV review. Components of each such submittal shall include drawings, specifications, other documents that shall be included in the Bid Ready documents, and updated construction cost estimate.
3. For each submittal, the submitted documents shall be furnished in printed and electronic format. Unless a lesser quantity is acceptable to the County and PM-JV, furnish ten, full-sized printed copies (on bond paper) for each submittal, and furnish electronic copy transmitted in form mutually acceptable to the FDE and PM-JV (e.g., compact disc, thumb-drive, or transmitted via e-mail or ftp: site). Electronic copies shall be in both portable document format (PDF) and native file format, unless otherwise agreed upon by the FDE and PM-JV. The County shall have the required number of sets of bid documents printed without the assistance of the FDE.
4. Design Milestone Delivery Dates: Due to the critical nature of this project, the County intends that it be advanced under an aggressive time frame. The Detailed Design Services (Division B) shall be completed within 210 calendar days of the County's authorization to begin services (NTP). Schedule shall accommodate a minimum of 2 weeks of review time for each design submittal package. Below are the milestone dates, if the FDE misses any milestone the County reserves the right to cancel the remainder of the agreement.

Milestone #1: Draft Submittal (60% Design)	100 days from NTP
Milestone #2: Pre-Bid Submittal (90% Design)	170 days from NTP
Milestone #3: Bid Ready (100% Design)	210 days from NTP

5. Drawings: The contract drawings shall be prepared using Autodesk AutoCAD 2017 software. The FDE shall prepare the design using 3D CAD model for this assignment. The PM-JV has prepared a set of standard details to be used as a starting point by the FDE. FDE shall develop the project details, to the extent possible, from the PM-JV developed standard details. The FDE shall be responsible for developing all project details, whether or not developed from the standards furnished by the PM-JV. FDE shall have complete professional liability for the project drawings, whether or not developed from the standards furnished by the PMJV.
6. Specifications: County/PM-JV shall furnish a copy of the County's standard "front-end" documents for bidding and contracting requirements, including the Notice to Bidders, Instructions to Bidders, Proposal (bid form), Agreement, and General Conditions. The Proposal forms, Supplementary or Special Conditions, Division 1 specifications, and all other sections of the specifications shall be developed by the FDE. Bidding and contracting requirements and the specifications shall be organized in accordance with the Construction Specifications Institute's MasterFormat 1988 edition (e.g., 16 Divisions plus the "front-end"). The PM-JV has prepared a set of standard specifications to be used as a starting point by the FDE. FDE shall develop the project specifications, to the extent possible, from the PM-JV-developed standard specifications. The FDE shall be responsible for developing all project specifications, whether or not developed from the County's standard specifications. FDE shall have complete professional liability for the project specifications, whether or not developed from the standards furnished by the PM-JV.
7. Cost Estimate: A complete construction cost estimate, including all construction factors, allowances (if any), alternate bid items, contingencies, costs for the construction contractor's "general conditions" and "Division 1" costs, and contractor's overhead and profit, shall be furnished with each design milestone submittal. It is anticipated that the accuracy of such cost estimates shall increase with each successive milestone submittal. Submit three (3) copies of the detailed construction cost estimate at each of the design milestone points defined above. The estimates shall be developed in accordance with the following standards:
 - a. Design Development – Construction Cost Estimate

Develop a Design Development construction cost estimate, based upon a 60% +/- design at the end of the 60% Design Development Phase of the project. This shall be considered a Class 2 cost estimate in accordance with AACE International recommended Practice 18R-97 (Revised 2016). Provide a Basis of Estimate document in accordance with AACE International Recommended Practice No. 34R-05.

Develop a Design Development construction cost estimate, based on the 90% +/- design at the end of the 90% Design Development Phase of the project. This shall be considered a Class 1 cost estimate in accordance with AACE International recommended Practice 18R-97 (Revised 2016). Provide a Basis of Estimate document in accordance with AACE International Recommended Practice No. 34R-05."
 - b. Construction Drawing Phase (CDP) – Construction Cost Estimate

Develop a CDP construction cost estimate, based upon a 100% +/- design at the end of the CDP of the project. This shall be considered a Class 1 cost estimate in accordance with AACE International recommended Practice 18R-97 (Revised 2016). Provide a Basis of Estimate document in accordance with AACE International Recommended Practice No. 34R-05 (Revised 2014).
 - c. Estimate Methodology

Estimates shall be clearly quantified and detailed as to Labor, Material, and Equipment (construction assistance) components. All estimated Labor shall be developed using current wage rates, crew-based detail, and specific assigned productivities. All estimated Material shall be developed using current local pricing or vendor quotations. All estimated Equipment used for construction assistance shall be clearly defined and costs shall be based on current rental and operating rates. Lump sums or plug numbers should be rarely used and only in cases of scope uncertainty (typically at early design phases) or for quoted prices from Subcontractors that have included all Labor, Material, and Equipment within their quote. Submitted estimates shall contain backup for all pricing components as required.

Provide Markups/Add-On cost factors for all "Below-the-Line" costs, such as Overhead, Profit, Escalation to the Midpoint of Construction, Insurance, and Bond. These factors need to be clearly defined and justified by current construction market standards. Provide backup for all escalation calculations and any relevant allowance or unit price calculations. General Conditions costs are to be estimated in detail and not applied as a factor. Design Contingencies are to be applied in accordance with the design level.

Estimates can be provided in either spreadsheet format (such as Excel) or database formats (such as Sage Timberline). Estimates shall be organized into clear Work Breakdown Structure (WBS) formats at all design levels. Estimate report formats shall be determined by the County/PM-JV, but at a minimum shall include estimate summary reports and detailed estimate reports.

d. FEMA Cost Breakdowns

At the start of the design development, all items that are determined per PM-JV-provided criteria to be reimbursable by FEMA funds shall be segregated and independently estimated at each design level. Final bid documents are required to contain clear bid scope line items for any items that will be reimbursed by FEMA.

e. Deliverables

For each design milestone provide working digital copies of all estimates, as well as PDF versions of all Basis of Estimate reports and estimate summary and detailed reports. All estimates are subject to County/PM-JV review and if any deficiencies are noted or corrections are required, the estimates shall be returned for resubmission for no additional compensation.

8. Attend review meetings with the County and the PM-JV on the average of twice per month in order to review job progress and to resolve design issues and address and resolve other questions. The FDE shall prepare draft and final minutes of each meeting, and, after County approval, distribute final minutes to all attendees.
9. Prepare and submit the necessary Environmental Impact Forms.
10. Prepare permit applications, reports, documents, submittals, written responses and revised materials required by authorities and agencies having jurisdiction. **This work task shall not be considered complete until it culminates in a permit or pre/post design approval by the appropriate agency or agencies. The FDE must be aware of the latest applicable codes and agency procedural requirements in order to expeditiously complete this design task.**

Correspondence shall be submitted directly to the agency for review/approval with at least two copies to the County, unless otherwise directed. Typical regulatory agencies involved in our Environmental Engineering Projects may include but shall not be limited to the following:

 15. Prepare all necessary addenda to the contract documents.
 16. Review all bid proposals received and provide representation at the pre-award meetings. Submit a written recommendation regarding award of the construction contracts.
 17. Most recent projects solicited by the Nassau County Department of Public Works (County) were procured using the Project Labor Agreement (PLA) originally negotiated in 2011. This PLA stipulates that subsequent projects would need to have individual Project-Specific PLA Addendum signed and executed by the County and the Nassau Suffolk Building and Construction Trades Council (NSBCTC), and that a separate PLA Feasibility Study would be undertaken for each new project.

It is to be assumed that the County will want to use a PLA for this project if 1) it would otherwise need to be contracted as a Wick's Law multi-prime contract, 2) the project requires significant shift work or night work, or 3) the project has any other compelling reason to utilize a PLA.

The FDE is required under this contract to:

- a) Determine with NCDPW whether a PLA is appropriate
- b) Conduct and submit a PLA Feasibility Study for this project
- c) Draft and submit a PLA Addendum for this project
- d) Transmit the PLA Addendum to the NSBCTC, arrange for appropriate signatures, and transmit completed forms to the County

- e) Include the PLA and the project-specific PLA Addendum in the project contract documents

Sample PLA Feasibility Studies and Project-Specific PLA Addendum will be made available for FDE use.

18. If requested, the FDE shall provide copies of any and all design calculations.
19. If the total amount of the lowest responsible construction bids should exceed the final approved construction cost, which is based on the FDE's final construction cost estimate, by more than fifteen (15) percent, the County may require the FDE to revise the plans, at no additional cost to the County, so as to stay within the final approved estimated cost of construction. The FDE is responsible for obtaining construction budget information from the County.

The FDE shall not commence the services described in Divisions C, D and E until such time as the necessary capital funds are appropriated by the Nassau County Legislature, encumbered thereof by the Nassau County Comptroller for the required purpose and authorized by the Commissioner.

B. Division C - General Inspection Services

Prior to and during the course of project construction, the FDE shall perform the following General Inspection Services:

1. The estimated construction period for this assignment is expected to be approximately 26 months.
2. Conform the contract bid documents (plans and specifications) to reflect changes made by addenda. Provide the PM-JV with one (1) set of conformed plans and master specification book as a PDF file and bound .DWG plans on a CD. Additionally, provide eight (8) hard copies of the conformed contract documents.
3. Provide representation at the site(s) pre-construction conference.
4. Review and approve detailed construction, shop and erection drawings.
5. Review and approve all proposed deviations and substitutions which do not constitute significant changes to the scope of work or design intent of the contract drawings.
6. Review all laboratory, shop, mill, material and equipment test reports.
7. Prepare supplemental sketches, if required, to reflect actual field conditions.
8. Make periodic field visits as necessary or reasonably required to observe the construction work and confer with the County and Prime Construction Contractors on construction progress and problems which arise during the progress of the construction work.
9. Assist the County and PM-JV in interpreting the construction contract documents.
10. Review change orders and prepare supplementary drawings and detailed independent cost estimates in a timely fashion so as not to impede construction progress.

11. Arrange for the FDE's project manager and support staff to attend update (one [1] per month) and job (one [1] per month) meetings.
12. Witness and provide a written report on shop tests for all major equipment.
12. Provide consultation on special construction problems by specialists in specific fields of work.
13. Assist the County and the PM-JV in the final inspection of the work to determine if each construction contract has been completed in accordance with the contract documents. Provide written certification that project completion was in accordance with the contract documents.
14. Throughout the construction period and at the completion of the construction activities, field verify and check the Prime Construction Contractor's Record Drawings on which the Prime Construction Contractors have indicated changes in the construction work as-built to the extent possible based on the FDE's periodic site visits. This task shall include, but not be limited to the following:
 - a. That all equipment is shown as installed and that furnished dimensions are correct.
 - b. That all required wiring diagrams, conduit schedules, etc. are provided and are in agreement with the field installation.
 - c. That all changes, additions and deletions are shown.
 - d. That the record drawings are legible and clearly drawn.
 - e. That all supplemental and detailed drawings are included.
15. Check Prime Construction Contractor prepared as-built drawings and modify digital computer files of contract drawings to reflect work as actually constructed. Provide two (2) CD-ROM copies of these as-built digital computer files of the contract drawings.

C. Division D - Facility Operation and Maintenance Manual

Under this division of work, the FDE shall update the pertinent sections of the existing sections of the Bay Park STP Operation and Maintenance Manual ("O&M Manual") using the EPA Publication, "Considerations for preparation of Operation and Maintenance Manuals (EPA-430/9-74001)" as a guideline.

The O&M Manual provides a detailed description of the treatment facilities, process control strategies, start-up and shutdown procedures, laboratory test procedures, emergency response procedures, safety guidelines, troubleshooting procedures, equipment preventive maintenance schedules as well as process flow schematics, isometric figures, cross section and plan diagrams, valve schedules, single line diagrams, and miscellaneous tables.

The completion of the appropriate O&M Manual sections will coincide with each segment of construction. A draft version of the O&M manual sections will be submitted for county review and approval prior to payment for the 90% completion point in construction. A final version of the O&M manual sections will be submitted for County review and approval at the 100% construction completion point to incorporate issues learned during startup. The final O&M manual sections will be supplemented with cataloged and bound copies of the approved equipment manufacturers' O&M

Manuals.

Fifteen (15) copies of the draft O&M Manual Sections will be submitted for the County and/or designated representatives to review. Two (2) copies of the electronic files (both text and graphics) used to produce the manuals will be turned over to the County. In addition, two (2) hard copies (bound) of the final O&M Manual Sections will be submitted for County review and approval. The County requires compatibility of software as described in the subsequent paragraph.

Prepare and provide to the PM-JV Standard Operating Procedures (SOPs) to assist County staff and/or designated representatives in the routine operation and monitoring of the new facilities and/or equipment. These SOPs will be site and equipment specific and be stand-alone documents with a maximum length of two (2) pages. The SOPs are to be mounted, laminated and then posted near the appropriate equipment or control panel. Two (2) additional copies of the SOPs will be filed in the Plant Operations office, and a copy included in the appropriate O&M manual. Copies of the electronic files (both text and graphics) used to produce the SOPs will be turned over to the PM-JV. The software is to be compatible with existing County software and if not, the FDE will supply additional copies of the software to the County and/or designated representatives.

Both of these documents will be developed in accordance with the existing manuals and guides (examples are available for the FDE's review).

Add/remove equipment associated with this project on the Plant's Equipment Asset Inventory database.

Two (2) additional copies of the SOP's shall be included in the appropriate O&M Manual. Copies of the electronic files (both text and graphics) used to produce the SOPs will be turned over to the County and/or designated representatives. The software is to be compatible with existing County software and if not, the FDE will supply additional copies to the County and/or designated representatives.

D. Division E - Facility Start-Up, Staffing and Training Services

Under this division of work the FDE shall provide the following services:

1. Start-Up Services.
 - a. The FDE shall conduct start-up services during construction and shall continue until initiation of the one (1) year project performance period. The following detailed breakdown delineates the specific elements of the services associated with the implementation of the Project.
 - b. Scheduling. The FDE, in conjunction with the County and/or designated representatives and PM-JV, shall develop an overall start-up sequencing schedule that will define in detail significant start-up activities. The overall start-up sequencing schedule shall be coordinated with the County and/or designated representatives and Construction Contractors and updated as necessary.
 - c. Start-Up Assistance. The FDE shall provide expert on-site start-up assistance. Start-up assistance during the first year of operation will be provided on a reasonable "on-call" basis for troubleshooting, debugging,

cost-effective process optimization, and general startup supervision.

Services to be provided include:

- d. Strategic Start-Up Plan. This plan is designed to delineate major and minor events expected when placing into operation equipment installed in connection with the project. The Start-up Plan shall identify specific plant components and unit processes that will affect each other and establish a network of related steps that will lead to a logical and smooth start-up. The strategic Start-up Plan shall also define the roles and responsibilities of the participants (County and/or designated representatives, FDE and construction managers). This plan shall be reviewed with the County and/or designated representatives. Emphasis throughout the start-up will be on the O&M responsibilities of the plant staff to ensure protection of equipment warranties.
 - e. Establish Process Parameters. The FDE shall review the process design and process operational parameters and establish start-up procedures for each unit process. Start-up procedures shall contain complete information pertaining to control of the equipment and process trains associated with the project.
 - f. Checklists, Logs, Records and Reports. Although various checklists and plant operating logs are in use, the FDE shall, if necessary, upgrade the system by reviewing existing shift checklists, operating logs, records and reports for all processes affected by the inclusion of equipment pertaining to the project. The FDE shall provide recommendations for upgrading existing record-keeping, checklists and logs for all components associated with these systems and develop new checklists and logs for new or modified plant processes.
 - g. Troubleshooting and Debugging. It is anticipated that equipment problems will arise during and following start-up. The FDE shall provide assistance to address problems encountered by the County and/or designated representatives during the project performance period, analyze these problems and develop solutions that will minimize the overall effects on plant personnel and processes.
 - h. Process Optimization. The FDE shall provide operations start-up assistance to ensure that steps are taken to adjust and "fine tune" the processes and associated equipment once they have been started up and stabilized.
2. Training Services.
- a. The FDE, in conjunction with the County and/or designated representatives and PM-JV, shall assist in the coordination of manufacturer's training for all new components of the project. This training shall be geared toward the following areas:
 - i. Process theory/process control.
 - ii. Mechanical, electrical, instrumentation and HVAC component function and interface.
 - iii. Preventative/corrective maintenance.
 - iv. Safety.
 - v. "Hands-on" training.

- b. This training shall be coordinated with the County's and/or designated representatives' on-going training program. Any materials developed shall be turned over to the County and/or designated representatives for future use and reference.
 - c. General training shall be given during the construction period prior to start-up. Supplemental training, if deemed necessary by the County and/or designated representatives as a result of process modifications during the one-year performance period, shall be provided by the FDE and given prior to the conclusion of the one-year performance period, and shall incorporate any adjustments in the process resulting from operational experience.
3. One (1) Year Project Operating Report.
- a. The FDE shall monitor the performance of the facilities installed for the first year of operation and provide documentation to report on the capability of the project of meeting the overall performance criteria. One (1) year after the initiation of operation of the systems, the FDE shall prepare an evaluation of the project installed equipment for review and acceptance by the County and/or designated representatives, if required by the Commissioner. In the event that the improvements do not operate as planned, a report defining the problem and corrective work necessary will be prepared.

APPENDIX A1
FINAL DESIGN ENGINEER'S ASSUMPTION OF PROFESSIONAL LIABILITY

As part of its services to the County, the FDE shall review the PM-JV's preliminary design documents and submit to the PM-JV and County one of the following: 1) Unconditional written acceptance of the PM-JV's preliminary design documents, or 2) Detailed, written comments taking exception to specific elements of the preliminary design presented in the PM-JV's preliminary design documents.

In the event of the latter alternative (written exceptions to the preliminary design), the FDE's comments shall be detailed and present a clear technical case, based on generally accepted engineering and physical principles, indicating the specific reasons for such exceptions. A technical memorandum shall be included with the comments.

FDE's total design fee presented in the payment schedule shall include performing the review of the preliminary design documents, preparing and submitting written comments/exceptions, and two meetings with the PM-JV regarding the preliminary design documents. Meetings will be at a location mutually acceptable to the FDE, County and PM-JV. If required, the FDE shall make revisions to the preliminary design documents, including issuance of a written amendment to the preliminary design documents, if appropriate.

Ultimately the conclusion of such efforts shall be the FDE's written, unconditional acceptance of the preliminary design documents. After the FDE has furnished written acceptance of the preliminary design documents, the FDE shall be the design professional in responsible charge for the assignment in accordance with applicable laws and regulations, including New York State laws and regulations pertaining to the practice of professional engineering (including, but not limited to, the Rules of the New York State Board of Regents, Part 29.3, Paragraph a.3). Accordingly, FDE shall have sole and complete professional liability and responsibility for the assignment and entire project, including the preliminary design documents as finalized.

EXHIBIT B**PAYMENT SCHEDULE**

Payment to the FDE for all services as outlined in "Exhibit A," including any extra services that may be authorized under this Agreement, shall be made as follows:

Detailed Design (Division B) & Construction Related Services (Division C, D & E) – The FDE shall be paid a fee equal to a percentage of the net total cost of construction exclusive of Extra Services and Reimbursable expenses to cover all costs associated with all work to complete Divisions B, C, D, and E as outlined in the appropriate sections of Exhibit A. The percentage of construction cost for the total project let will be determined by a straight line interpolation between the limits of construction as delineated as follows:

NET CONSTRUCTION COST	DESIGN FEE PERCENTAGE
\$15,700,000 and above	5.35%
\$14,300,000	5.30%
\$13,000,000	5.40%
\$11,700,000	5.45%
\$10,500,000 and Below	5.50%

An initial estimated construction cost of **\$13,000,000** will be used as the basis for progress payments. Interim adjustments to the estimated construction costs, as mutually agreed upon by the parties with the approval of the Commissioner, shall be used to determine the payments to the Contractor.

For the design and construction phases, including the construction administration phase (Division B, C, D & E), the FDE's fee shall be payable as follows:

<u>Phase of Work</u>	<u>% of Fee</u>
Detailed Design	45%
General Inspection Services	35%
Facility Operation and Maintenance Manual	10%
Facility Start-Up, Staffing and Training Services	10%

Partial Payments - The FDE's fee for services shall be paid in monthly installments. The amount of each partial monthly payment shall be determined by the portion of the Contractor's work completed for each Division, as approved by the Commissioner.

Overtime - Payment vouchers which include overtime shall not be approved by the Department without the Contractor having obtained prior written approval of the Department for such overtime. The premium pay for overtime, above the straight hourly rate shall not be subject to any multiplier. In computing the cost to the County for overtime work performed, the overtime period shall be paid at the straight hourly

rate times the applicable multiplier, plus the overtime premium cost incurred.

Construction Costs - It is agreed that the total cost of construction shall be the final total cost of the construction contract, including extra change order amounts, except that, in computing the cost of construction the following items shall not be included:

1. Fees paid to the Contractor, subcontractors or construction engineers, cost of land acquisition or legal fees and the cost of equipment purchased outside of the construction contracts.
2. The cost of any and all change orders required by reason of the failure of the Contractor to include such change order items in the contract documents, or by reason of errors made by the Contractor in the preparation of the contract documents.
3. Moneys paid by the County to a contractor or subcontractor by way of settlement or satisfaction of any claims or legal actions for delay brought against the County.
4. Work for which the Contractor has already been paid such as "Extra Work."

In the event the Contractor's services result in change order "Credits" to the County, such credit amounts shall not be deducted from the final cost of construction. It is the intention of the parties that the Contractor shall be compensated for services rendered, notwithstanding that such services may result in a change order credit which reduces the final cost of construction.

If in the further event the credit change order requires the Contractor to perform additional services, then, subject to the approval of the Commissioner, the Contractor shall be paid for such services pursuant to the subsection entitled "Extra Services or Additional Costs," herein.

If the total amount of the lowest responsible construction bids should exceed the final approved estimated construction cost by more than fifteen (15) percent, the County may require the Contractor to revise the plans, at no additional cost to the County, so as to stay within the final approved estimated cost of the construction.

If the award of the construction contract(s) is not made prior to the expiration or termination of this Agreement, then with respect to payment for the Division B, C, D and E services, instead of being paid based on the total cost of construction as outlined above, the Contractor shall be paid a fair and reasonable amount based on services actually rendered as mutually agreed by the Department and the Contractor.

Extra Services or Additional Costs - If the Contractor is required to perform extra services, or incurs additional expenses due to substantial changes ordered by the Department, which changes are not due to the fault or negligence of the Contractor; the Contractor shall be compensated for such extra expense and services. Payment terms for any additional services shall be as mutually agreed by the Department and Contractor, as either a lump sum or based on actual salaries of personnel as stipulated herein, and as further defined below. Such extra services are to be provided only after written authorization by the Department.

For any additional services to be paid on actual salaries the Contractor shall be compensated for such extra services by an amount equal to two and seventy-five hundredths (2.75) times the actual salaries or wages paid to the technical personnel engaged in this phase of the work, exclusive of payroll taxes, insurance, and any and all fringe benefits. The Contractor shall be compensated for such services performed by principals while engaging in a technical capacity in the project, based on the principal's hourly rate, times two and seventy-five hundredths (2.75), exclusive of payroll taxes, insurance and any and all fringe benefits. Notwithstanding the foregoing, the maximum billable rate, after application of the multiplier, shall not exceed one **hundred seventy five dollars (\$175)** per hour.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

5. Indemnification; Defense; Cooperation.

(a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, reasonable attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or omissions of the Contractor or a Contractor Agent, regardless of whether taken pursuant to or authorized by this Agreement and regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section and the Contractor shall pay and satisfy any

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Firm shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Firm shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Firm to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Firm to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

rights.

8. Work Performance Liability.

The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

9. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

11. Limitations on Actions and Special Proceedings Against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. (b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

12. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

13. All Legal Provisions Deemed Included; Severability; Supremacy; Construction.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) In the event of a conflict between the terms and conditions of the contract, including any and all attachments thereto and amendments thereof, and the terms of this Appendix E, the terms of this Appendix E shall control.

(d) Each party has cooperated in the negotiation and preparation of this Agreement, so if any construction is made of the Agreement it shall not be construed against either party as drafter.

14. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred Thirty-Three dollars (\$533) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. 15. Executory Clause. Notwithstanding any other provision of this Agreement:

APPENDIX EE

EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these

provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.

- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

IV.

COMPLIANCE WITH LAWS

B. **Prohibition of Gifts.** In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: April 10, 2019

SUBJECT: Proposed Personal Service Agreement with H2M
Recommendation of Firm for Final Design Engineer Services
Bay Park Sewage Treatment Plant
Hot Water/Chilled Piping System Final Design Services
Project ID No. S35121-16D

This Department proposes to enter into a personal services agreement with the firm H2M to provide Final Design Engineering services for the Hot Water/Chilled Water Piping System Project at the Bay Park Sewage Treatment Plant.

Firms were requested to submit technical and cost proposals in accordance with the Department's Request for Proposals (RFP) dated October 2018. The RFP was prepared in accordance with the Department's policy for assessing technical understanding, statement of qualifications, and proposed project schedule. The RFP was posted on the County's website and advertised in *Newsday*.

Despite the fact that more than ten (10) firms downloaded the RFP from the website, technical and cost proposals were received from only two (2) firms on November 16, 2018. Upon further review of any limiting factors in the solicitation documents, and subsequent survey of the vendors who received the notice of solicitation but did not propose, the Department found that unique circumstances limited the pool of available vendors. A summary of the participation review and conclusions was formalized in a February 21, 2019 memo from the Unit to the Department and can be accessed upon request.

The proposals were evaluated by both registered professional engineers and other personnel within the Department of Public Works. This evaluation team consisted of Vincent Falkowski, Christopher Vella, Edward Visone, and Adrian Cavanagh.

The results of the technical evaluation are as follows:

FIRM(S)	RANK	TECHNICAL SCORE	PROPOSED COST	PROPOSED COST w/ CONTINGENCY
H2M	1	88.00	\$702,000.00	\$912,600.00
Cameron	2	86.00	\$845,000.00	\$1,098,500.00

The proposal from H2M had the highest technical score and the lowest proposed cost, \$702,000.00 (\$912,600.00 with contingency) for this project. H2M's proposed cost is twenty percent (20%) below the only other proposer (Cameron).

Subject: Proposed Personal Service Agreement with H2M
Recommendation of Firm for Final Design Services
Bay Park Sewage Treatment Plant
Permanent Hot Water/Chilled Water Piping System
Project ID No. S35121-16D

H2M is a local firm located in Melville, NY that has extensive experience in the design of wastewater facilities and related fields. They also have extensive past experiences working with Nassau County and other various municipalities in the New York Metropolitan area.

In our professional judgment, the proposal submitted by H2M, having received the highest technical ranking and proposing the lowest cost, represents the best value to the County. As such, it is the Department's recommendation that H2M be retained to provide the Final Design Services for the Bay Park Sewage Treatment Plant, Permanent Hot Water/Chilled Water Piping System.

Funding for these design services is available under Capital Project No. 35121. In accordance with procedural guidelines, CSEA has been notified of this proposed agreement.

Please signify below if you approve or disapprove of our recommendation, after which we will implement the next appropriate Departmental procedure(s).

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Kenneth G. Arnold, Commissioner

FROM: Water/Wastewater Engineering Unit

DATE: February 21, 2019

SUBJECT: Low Participation for Design RFPs PW-S35121-16D and PW-S35123-L33C

Final design services requests for proposals were recently issued for two projects: Phase E4 Utility Connections and Permanent Hot Water Piping. Both were advertised in October 2018, and both received two proposals from the same firms in November 2018. The firms that did submit are Cameron Engineering and H2M Architects + Engineers.

Several firms were contacted who have provided services under the Bay Park Upgrade Program and did not submit a proposal subsequent to downloading and reviewing the RFP. Their chief concern was the structure of the design contract where the final design fee is based on the cost of construction, leading to a lack of cost certainty associated with County work. They relayed experiences where the scope was increased during the design phase and the increase in fee was to come out of the increased cost in construction with no additional payment during the design phase. For small scope changes, it is infeasible to determine if a competitively bid construction contract's price is affected by such a change – leading to no increase in fee for the added scope. In the current business environment, the firms are of the opinion that projects of this scale (~\$10M in construction cost) were not worth the lack of cost certainty. The Department is evaluating options to address this perceived price uncertainty.

Also of note is the absence of Dvirka & Bartilucci (D&B) from the list of proposers who will not be proposing on any new work until their compliance issues have been resolved.

The following are the questions from the Low Vendor Participation memo dated May 23, 2018 from DCE John Chiara, with responses.

- 1) Review the specification to ensure that it is not unduly restrictive so as to limit competition. Is any component of the solicitation so restrictive that only one or a small number of vendors is capable of responding to the solicitation? If so, were those vendors notified of the solicitation? **Response: the RFPs were not restrictive; they solicited typical design services for municipal infrastructure.**
- 2) Was the solicitation advertised and posted on the County website as required? **Response: yes.**
- 3) Would we be likely to obtain greater vendor participation by advertising in other venues (e.g. New York State Contract Reporter, trade journals, other local media, etc.)? **Response: the RFPs were advertised on NYSCR and Newsday.**
- 4) Was the NIGP commodity code used to conduct the solicitation appropriate? Were appropriate vendors registered with the County for that commodity code or otherwise notified? **Response: not applicable to solicitations for engineering services.**

February 21, 2019

Page 2

SUBJECT: Low Participation for Design RFPs PW-S35121-16D and PW-S35123-L33C

- 5) Is the market for the specified goods or services structurally limited (i.e. are there geographic, capital, vendor capacity, service schedule, or other requirements) such that the greater vendor participation is not possible? **Response: there is some limitation to the pool of available vendors as noted regarding D&B above, and the PMJV consultants and their subconsultants (in this case LiRo) are unable to propose. Accordingly, four firms were precluded from proposing that would normally be expected propose.**
- 6) Survey vendors that received notice of the solicitation but did not respond to determine why the vendor chose not to do so. Typical responses include but are not limited to:
- a. The vendor did not see the advertisement. **Response: more than ten firms downloaded the RFPs from the County website.**
 - b. The vendor does not offer the specified goods/services-as a follow-up, ask if the specification is too specific to a competitor's product (is the specification "brand-specific" or written to one manufacturer's or service provider's offering?) **Response: most of the firms that downloaded the RFP should have the technical background to execute the work. Neither project is complex.**
 - c. The vendor is too busy with other work at this time **Response: see responses to questions 5 and 6)d. The vendors consulted are busy enough with other work to forgo proposing for the reasons cited.**
 - d. The vendor is not interested in pursuing a County contract at this time—as a follow-up, as why this is the case. **Response: as explained in the second paragraph of this memorandum, vendors cited the lack of cost certainty in the service contract structure as the primary reason for not pursuing these projects.**

Project Title: Bay Park STP Permanent Hot Water/Chilled Water Piping System Design **35121-16D**

Department: Public Works Project Manager: Damon Urso Date: June 15, 2018

Service Requested: Design and DSDC Services

Justification: During the winter of 2015 the existing underground FRP Hot & Chilled Water Piping failed in numerous locations, rendering a number of buildings without heat and some without chilled water. Subsequently a temporary hot water system was installed to provide heat to these buildings. It was anticipated that this temporary system would be in operation for approximately 3 years. This design will provide for a long -term solution for an underground Hot and Chilled water piping system that will include replacement along the same alignment of the existing FRP pipe with a pre-engineered underground piping system consisting of an insulated steel carrier pipe encased in a steel conduit. The conduit will provide a secondary barrier that protects the carrier pipe and allows expansion and contraction to occur on the conduit's interior while the conduit's exterior remains stationary within the ground. This will eliminate many of the problems caused by brackish ground water and expansion/thermal issues with past steel and FRP pipe failures.
