Contract Number: B90404-02E

Title: Fire Alarm & Emergency Lighting Upgrades for Various Facilities

Engineer's Estimate: \$650,000

Bids Received On: April 7, 2020

The bids received for the above referenced contract have been examined and "**Palace Electrical Contractors, Inc.**" is the lowest responsible bidder in the amount as follows:

Construction (Lump Sum Base Bid):	\$449,000.00
Allowance (Unforeseen Conditions):	\$ 25,000.00
Bid Total:	\$474,000.00

The low bid received is 26% below the Engineer's Estimate. As the Department was concerned about their ability to complete the project with such a low bid Palace Electric was contacted. Our project manager walked all the locations with Palace and they satisfactorily addressed all our concerns. Additionally, the other two bidders (Bana & Welsbach) did not attend the scheduled pre-bid site walk through. We believe that these bidders by not seeing the sites made assumptions in their proposals that elevated their estimates.

Funding for the construction services is available under Capital Project No. 90404.

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
