DRAINAGE IMPROVEMENTS PROJECT LAWSON AVENUE

DESCRIPTION OF PROJECT

NCDPW No. PW-S82017-02D

November 5, 2020

The following is a description of the Drainage Improvements Project Lawson Avenue including the Base Project as well as various alternate phases of the project. The descriptions are provided in order of priority and will proceed in the same order only after written authorization to proceed is executed by the Commissioner of the Nassau County Department of Public Works. Your attention is also drawn to the Note to Contractor at the end of this description.

Base Project

The Base Project is intended to eliminate flooding on Lawson Avenue, Davis Street, Smith Street, Adams Street, Franklin Street, and Malecon Street in Bay Park and East Rockaway. A new storm drainage facility consisting of fourteen inch (14") diameter Ductile Iron Pipe (DIP), eighteen inch (18"), twenty-four inch (24"), thirty inch (30"), thirty-six inch (36") and forty-eight inch (48") diameter Reinforced Concrete Pipe (RCP) connected to various size and type manholes and catch basins. It is anticipated that dewatering systems will be required throughout the project where high groundwater is anticipated. Within public roadways, Excavation Protection Systems (EPS) will be required for any trenches over five (5') feet in depth.

The new drainage system will outlet into Thixton Creek at the west end of Franklin Avenue. Prior to letting out into Thixton Creek, the stormwater will be diverted through two (2) Vortech stormwater treatment structures that remove sediment, hydrocarbons, trash, and debris. A forty-eight-inch check valve will be installed in a proposed drainage pipe prior to emptying into Thixton Creek to prevent tidal waters to backup and flood the adjacent streets. A section of the bulkhead will be replaced to permit the forty-eight-inch (48") diameter RCP to outlet into Thixton Creek. The existing outlet pipe on Malecon Street will be abandoned and stormwater from Malecon Street will be redirected to outlet at the west end of Franklin Avenue.

Full depth pavement repairs will be made where drainage pipe and structures are installed. Sidewalks, ADA compliant sidewalk ramps, concrete curbs, driveways, and lawns will be replaced in kind and the pavement will be milled and resurfaced with two inches (2") of asphalt pavement. New traffic signs and pavement markings will be placed on the new pavement.

Alternate 1

This phase of the Drainage Improvements Project Lawson Avenue will consist of the installation of a stormwater treatment structure and a drainage chamber with a forty-eight-inch (48") inline check valve on Adams Street on an outlet pipe of an existing drainage system that empties into Thixton Creek. The Continuous Deflective Separation (CDS) Stormwater Treatment structure will remove sediment, hydrocarbons, trash, and debris and the forty-eight-inch (48") inline check valve prevents tidal waters from backing up into the drainage system and flooding the adjacent streets.

Full depth pavement repairs will consist of a drybound base course with asphalt concrete intermediate and top courses where drainage pipes and structures are installed. Sidewalk, concrete curbs, and lawns will be replaced in kind. Excavation Protection Systems (EPS) are required to install the drainage pipes and structures.

Alternate 2

This phase of the Drainage Improvements Project Lawson Avenue will consist of the installation of a stormwater treatment structure and a manhole with a twenty-four-inch (24") inline check valve on Lawrence Street on an existing outlet pipe of an existing drainage system that empties into Thixton Creek. The Vortech Stormwater Treatment structure will remove sediment, hydrocarbons, trash, and debris and the twenty-four-inch (24") inline check valve prevents tidal waters from backing up into the drainage system and flooding the adjacent streets.

Full depth pavement repairs will consist of a drybound base course with asphalt concrete intermediate and top courses where drainage pipes and structures are installed. Sidewalk, concrete curbs, and lawns will be replaced in kind. Excavation Protection Systems (EPS) are required to install the drainage pipes and structures.

Alternate 3

This phase of the Drainage Improvements Project Lawson Avenue will consist of the installation of a stormwater treatment structure and a manhole with a twenty-four-inch (24") inline check valve on North Boulevard on an existing outlet pipe of an existing drainage system that empties into Thixton Creek. The Vortech Stormwater Treatment structure will remove sediment, hydrocarbons, trash, and debris and the twenty-four-inch (24") inline check valve prevents tidal waters from backing up into the drainage system and flooding the adjacent streets.

Full depth pavement repairs will consist of a drybound base course with asphalt concrete intermediate and top courses where drainage pipes and structures are installed. Sidewalk, concrete curbs, and lawns will be replaced in kind. Excavation Protection Systems (EPS) are required to install the drainage pipes and structures.

NOTE TO CONTRACTOR

The Contractor will take note that the total of all items and quantities within the Base Project and all Alternates (1, 2, and 3) are included on the Bid Sheets within the Proposal for this project. Written authorization to proceed will be required from the Nassau County Commissioner of Public Works in order for the awarded Contractor to begin the Base Project as well as any alternate for the project. No consideration will be made for additional or adjusted costs for any and all Alternates not authorized.

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

Vendor Code of Ethics

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

Vendor Code of Ethics

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

Vendor Code of Ethics

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

Vendor Code of Ethics

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii) 30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Vendor Code of Ethics

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Vendor Code of Ethics

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Vendor Code of Ethics

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: March 3, 2021

SUBJECT: RECOMMENDATION OF AWARD

Contract Number: S82017-01G

Title: Bay Park – East Rockaway Drainage

Engineer's Estimate: \$5,180,120.00

Bids Received On: January 5, 2021

The bids received for the above referenced contract have been examined and tabulated the unit prices for the bidders in the attached bid comparison spreadsheet. The bid submitted by DP Civil Inc. in the amount of \$6,085,767.00 is acceptable as the lowest responsible bidder. The low bid submitted by DP Civil Inc. is 17.49% higher than the Engineer's Estimate of \$5,180,120.00.

N+P provided a detailed analysis on the major bid items with relatively large variances from the engineer's estimate. Due to the remote location of the project in East Rockaway there are longer hauling and delivery times to and from the Contractor's yards and dumping locations. There will also be restrictions on construction staging, work hours and extensive work zone traffic control in order to perform the work required for the project, slowing down production times and potentially increasing the work hours. These reasons caused an increased in some unit pricing. Also, due to the level of the high ground water extensive dewatering is going to be required for all unclassified excavations and for the installation of the entire drainage system.

Also, the apparent low bidder's unit prices were reviewed and compared to the other bidders and was apparent that some of the Engineer's unit bid prices may have been low and not representative of the work required, including the additional requirement of a Governor's Office of Storm Recovery (GOSR) project. Some of these unit prices were derived from the New York State Department of Transportation Pay Item Catalog and other historical bid prices and may have not taken into account the items noted above.

In view of above, the low bid by DP Civil, Inc for a bid price of 17.49% above the engineer's estimate is considered acceptable and adequate funds are available (Capital Project Number 82017).
