Contract Summary

Purpose: This is a contract for engineering services to conduct feasibility study for planning purposes to convert over 500 residential and commercial septic systems to a sewage collection system connected to the Long Beach WPCP.
Method of Procurement: RFP issued 2/7/20
Procurement History: RFP issued 2/7/20. Five bids were received. D&B was selected based on cost and technical ability.
Description of General Provisions: This is a contract for engineering services to conduct a feasibility study for planning purposes to convert over 500 residential and commercial septic systems to a sewage collection system connected to the Long Beach WPCP. Point Lookout is an unsewered community at risk to sea level rise and coastal flooding. Storms like Hurricane Sandy not only threaten the area's critical infrastructure, but also, due to subsidence, inundation, and storm surge, impact the ability of individual septic tanks to properly operate. Considering an expected increase in intensity and frequency of heavy storms and coastal flooding, the County and the Town of Hempstead has determined that a unified collection system would be more beneficial to the community, eliminating several drawbacks (e.g. nitrogen leaching).
Impact on Funding / Price Analysis: Maximum amount is \$416,000.00 for a 12 month term. The MWBE utilization rate is 40.6%. The project is funded by Empire State Development grant.
Change in Contract from Prior Procurement: New procurement

QUESTION 12 AND QUESTION 13 ATTACHMENT

On April 18, 2018, the New York County District Attorney's Office (DANY) unsealed indictments against multiple companies and individuals relating largely to improper benefits provided to a mid-level manager at New York City's Department of Environmental Protection (NYCDEP). Former D&B President and CEO Henry Chlupsa was among those charged. Under New York law, when an officer of a company is charged, the company can also be charged, which is what has happened in this case. Mr. Chlupsa was the only D&B officer or employee charged in the case. As explained below, all charges against D&B and Mr. Chlupsa were dismissed in their entirety.

Effective December 11, 2017, Mr. Chlupsa's employment relationship with D&B was terminated and he was removed as CEO. Mr. Chlupsa no longer has a position on the Board of Directors, exercises no managerial control, and has been divested of all of his ownership interest in the company. Up until this matter, D&B was a Long Island based company with an otherwise unblemished 50-year history of providing professional services.

Under new leadership, D&B immediately evaluated its corporate culture and policies and conducted a thorough internal review and investigation. In November 2018, D&B was awarded a Deferred Prosecution Agreement (DPA). In granting the DPA, DANY recognized our commitment to continue upon the path of best in class compliance and ethical standards. We have emerged as a stronger organization better equipped to serve our clients.

Additionally, D&B, has retained integrity monitors, and appointed two high level managers as internal compliance officers. D&B has emerged as a stronger organization better equipped to serve its clients.

Most significantly, on April 28, 2020, upon a motion made by the New York County District Attorney's Office, the charges against D&B have been dismissed. As a result, there are no longer any charges pending against D&B. Additionally, on June 2, 2020, the District Attorney's Office and the court dismissed all charges against Mr. Chlupsa.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: May 15, 2020

SUBJECT: Proposed Personal Service Agreement with D&B Engineers and Architects, P.C.
Recommendation of Firm for Professional Engineering Services
Point Lookout Sewer Service Feasibility Study
Project ID No. S33994-01D

This Department proposes to enter into a personal services agreement with the firm D&B Engineers and Architects, P.C. to provide Professional Engineering services for developing a Feasibility Study for the Sewer Infrastructure Development Project in Point Lookout, NY. The scope of the work includes but is not limited to the following: Providing alternatives for the creation, operation and maintenance of the proposed Point Lookout Sewer District. A detailed analysis of the various methods related with the creation of a sewer district. Site Investigation to identify and analyze underground utilities, gas, water, and sewer structures. Investigation of the current zoning for all parcels in the working area and analysis of possible zoning modifications. Environmental testing to identify environmental hazards that may be present.

Firms were requested to submit technical and cost proposals in accordance with the Department's Request for Proposals (RFP) dated February 7, 2020. The RFP was prepared in accordance with the Countywide Procurement & Compliance Policy for assessing technical understanding, statement of qualifications, and proposed project schedule. The RFP was posted on the County's website *eProcure*, advertised in *Newsday*, and the *Contract Reporter*.

Technical and cost proposals were received from five (5) firms on March 6, 2020, in response to this RFP. The proposals were evaluated by both registered professional engineers and other personnel within the Department of Public Works: Vincent Falkowski, Deputy Commissioner of Environmental Programs, Christopher Vella, Construction Inspector II, Edward Visone, Assistant Superintendent of Sanitary Construction, Karen Fay, Sanitary Engineer III.

After tabulating the combined technical scores and establishing ranking order as per the below table, it was determined that H2M, D&B, Gannett Fleming, and Cameron were ranked as the most qualified firms. These firms received the highest ranking because they had a good understanding of this project, they proposed the most competent team, the best staffing schedule, and have proven experience managing similar projects. For these reasons, we believe any of these four (4) firms can successfully deliver this project. The cost proposals were opened and recorded for only the top four (4) highest technically ranking firms. The lower ranking firms were not considered due to their significantly lower technical rankings. Gannett Fleming, who was technically ranked 3, was eliminated from consideration since their original cost proposal was more than double the cost of the other qualified firms. It was determined to request Best and Final Offers (BAFO) prior to considering holding discussions with the proposers. The committee agreed to ask H2M, D&B, and Cameron to submit their BAFO. The Proposed Cost listed in the table below reflects the BAFO offers of those three (3) firms.

The results of the technical evaluation and BAFO proposed costs are as follows:

FIRM(S)	RANK	TECHNICAL SCORE	PROPOSED COST	PROPOSED COST w/ CONTINGENCY
H2M	1	82.75	\$416,580.00	\$541,554.00
D&B	2	80.75	\$320,000.00	\$416,000.00
Gannett Fleming	3	80.50		
Cameron	4	80.00	\$354,700.00	\$461,110.00

SUBJECT: Proposed Personal Service Agreement with D&B Engineers and Architects, P.C.
Recommendation of Firm for Professional Engineering Services
Point Lookout Sewer Service Feasibility Study
Project ID No. S33994-01D

BAFO responses were received from the firms on April 30, 2020. D&B's BAFO cost of \$320,000.00 (\$416,000.00 with contingency) was the lowest of the other two (2) qualified firms who submitted BAFO's. D&B had no further comment and no technical questions were asked of them in the BAFO request. In addition, as per the Countywide Procurement Policy, a specified method for comparing proposals is to score them in terms of price per technical evaluation point and to select the proposal that has the lowest cost per technical evaluation point. This method resulted in H2M's price per point \$5,034, Cameron's price per point \$4,434, and D&B's price per point was the lowest at \$3,963. D&B was selected based on cost and technical ability. Due to the significant disparity between price per point values, discussions with the firms was considered unnecessary.

In our professional judgement, the proposal submitted by D&B Engineers and Architects receiving a high technical ranking and lowest proposed cost provided the best value to Nassau County. As such, it is the department's recommendation that D&B be retained to provide Professional Engineering Services for the Point Lookout Sewer Service Feasibility Study project.

D&B is a local firm having extensive experience in the wastewater field with Nassau County and other various municipalities in the New York Metropolitan area. D&B's local office is located in Woodbury, NY

Funding for these Engineering services is available under Capital Project No. S33994. In accordance with procedural guidelines, CSEA has been notified of this proposed agreement.

Please signify below if you approve or disapprove of our recommendation, after which we will implement the next appropriate Departmental procedure(s).

While this implementation schedule will need to be updated as the Assignment progresses, this preliminary version shall include the majority of activities that will be required and is intended to be used to guide the County's efforts.

Prior to and during the course of the work, The Firm should be aware that there will likely be interaction with other firms and agencies. The Firm is expected to be collaborative and answer any questions as necessary.

The Firm shall facilitate progress meetings, provide progress reports, and coordinate with the PM-JV monthly, at a minimum, over the duration of the Assignment.

The Firm shall participate in meetings with the PM-JV, County, Long Beach Department of Public Works, and others, as needed to provide status updates, obtain information, and support decision-making relevant to the Assignment.

1. Health and Safety Plan

All operations will be in accordance with all applicable City, State, and Federal agencies and regulations, including, but not limited to, Occupational Safety and Health Administration (OSHA), National Institute of Occupational Safety and Health (NIOSH), New York State Department of Labor (NYDOL). The firm shall prepare and submit a health and safety plan that is compliant with the aforementioned agencies. The Plan will be stamped and signed by a New York State Licensed Professional Engineer (PE).

 - g. Review legal requirements and options for district formation
 - h. Prepare initial documents and costs per parcel to formally establish a Sewer District

Task 3: Site Investigation

1. Background Research

The Firm shall complete a study of the Point Lookout service area and its site conditions. Background research should be conducted prior to physical investigation. This research includes, but is not limited to, written, visual, and oral resources that can provide site specific information.

2. Investigation

The Firm shall prepare a scope of work that includes the proposed investigation methodology, sequencing of operations, areas of interest and/or concern. The Firm shall indicate how the investigation will be coordinated with the community's residents to minimize disruptions to their lives.

The Firm shall complete a thorough, systematic, and comprehensive investigation over the entire project area. The Firm shall analyze and document the utility infrastructure of the existing septic system and immediate surroundings and note any signs and types of defects, distress, deformation, and/or deterioration. The Firm shall prepare measured plans of existing conditions. Include a minimum of a site plan, sections, and details necessary to visually convey conditions.

The investigation shall include a comprehensive mapping the individual properties to be serviced by the new conveying system. All septic system shall be identified so that the design team can determine the best location for the connection of each household and/or businesses, including the following:

- a. Identification of all underground utilities at each parcel including but not limited to gas, water, electric conduits, drainage, wastewater and fiber optics.

Task 4: Environmental Hazard Identification

1. Environmental Testing

The Firm shall provide environmental testing for hazardous materials and universal waste and prepare reports. The objective of this task is to identify environmental hazards that may be present, to describe their location, and to quantify their extent. The potential presence and extent of onsite environmental hazards may present challenges, including mitigation cost and potentially complex site remediation. Quantification of hazards, if any, may be used to determine the various options/viability of project alternatives.

The Firm shall submit a recommended sampling and testing scheme for approval by the County and PM-JV prior to the start of work. The presence of hazardous materials will impact the cost of the future project. Before samples are taken, the Firm shall submit for approval the name of a State certified environmental testing laboratory that has the facilities to perform tests.

A summary report shall be prepared including data package, complete with professional interpretation, analysis and recommendations.

Task 5: Design and Construction Options

1. Develop Design and Construction Options

The Firm shall prepare a feasibility study report with concrete options for the County to proceed upon. Multiple alternatives shall be developed and evaluated based on their ability to:

- a. Offer creative and practical alternatives that could realistically be implemented in terms of cost
- b. Address the flooding issues
- c. Work with the attributes and challenges of the Site

The alternatives must include, but are not limited to:

- a. No action
- b. Conversion of the septic system to a sewage collection system using vacuum sewers
- c. Conversion of the septic system to a sewage collection system using low-pressure sewers

The Firm shall provide schedules, implementation, phasing plan, and cost estimates for all alternatives, noting that private property and potential stakeholders must be engaged early in the project design phase for on-time construction completion. The Firm shall provide a timeframe for the community's residents to disconnect their septic tanks and utilize the sewage collection system.

In the estimates for all alternatives, include:

- costs to abandon existing utilities (septic tanks) and piping
- remediation costs for the septic tank areas, if required
- maintenance of traffic (MOT) costs
- costs to restore all impacted roadways to original state

- costs to use existing and new piping
- life cycle costs
- operations and maintenance costs

The feasibility study shall include all the information listed in all tasks. The Firm shall also provide a list of potential permits (Federal, State, and Local permits) to support construction, and a list of stakeholders. The Firm shall provide a community outreach plan.

2. Select and Develop Optimal Alternative

The directive here is to select and further develop a preferred alternative and create a presentation based on that plan to be potentially used for display to local government officials, community groups, and other organizations. Based on a review of the proposed alternatives, the County and PM-JV will determine which of the concepts is best suited for further development.

Schedule and Deliverables

The time allowed for the completion of this assignment is twelve (12) calendar months for a final feasibility study with draft feasibility study submission at six (6) calendar months from the start of work.

During the development period, the Firm shall prepare for and attend biweekly review meetings to review the job progress and to resolve design and other related questions. The Firm shall prepare draft and final minutes for each meeting, and after County approval, distribute the minutes to all attendees.

Appendix EEEqual Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.
- (h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit

such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

- (i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.
- (j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.
- (k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.
- (l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:
 - a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
 - b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
 - c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Instructions for Contractors & Service Providers:

Contractors and Service Providers must complete Sections 2 and 3. **Submit the completed, signed (electronic signature box checked and dated) form in Microsoft Word format to the Recipient's designated Minority Business Officer (MBO) no later than the date of contract execution.** Incomplete forms will be found deficient. If more than 10 subcontractors are used, additional pages for Section 3 can be found on EFC's website.

If the prime contract is being performed by the parties to a Joint Venture, Teaming Agreement, or Mentor-Protégé Agreement that includes a certified MWBE, please contact EFC for assistance.

MWBE firms must be certified by the NYS Empire State Development Corporation (ESD) in order to be counted towards satisfaction of MWBE participation goals. The utilization of certified MWBEs for non-commercially useful functions may not be counted towards utilization of certified MWBEs in the Utilization Plan. Please note whether a firm is serving as a broker or supplier on the contract. A broker is denoted by NAICS code 425120 and is designated as a broker in ESD's MWBE Directory. A supplier is denoted by a NAICS code beginning with 423 or 424, or a NIGP code that does not begin with the number 9, and is designated as a supplier in ESD's MWBE Directory. If a firm is serving as a broker, please additionally provide the percentage of the broker's commission on the contract.

See the Bid Packet at www.efc.ny.gov or consult your designated MBO for further guidance.

Instructions for Minority Business Officers (MBO):

The MBO must complete Section 1. The MBO may designate an Authorized Representative to complete and submit quarterly payment reports on its behalf, and, if so designated, the MBO's Authorized Representative must also complete Section 1. The Authorized Representative may only submit quarterly payment reports on behalf of the MBO and may not submit any other required forms or reports for the MBO. The MBO must complete Section 1 even if designating an Authorized Representative. **Submit the completed, signed (electronic signature box checked and dated) form in Microsoft Word format via e-mail to your EFC MWBE Representative.**

The subject heading of the e-mail to the EFC MWBE Representative should follow the format "UP, Project Number, Contractor." EFC will review the Utilization Plan and notify the MBO via e-mail of its acceptance or denial.

Within 10 days of EFC's acceptance of a Utilization Plan, EFC will post the approved Utilization Plan on the EFC website.
