(b) By Counsel. This Agreement may be terminated by Counsel if performance becomes impracticable through no fault of the Counsel, where the impracticability relates to Counsel's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that Counsel is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Counsel's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the applicable provisions of the Code of Federal Regulations, 2 C.F.R. Part 200, as may be amended. Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief, Counsel shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. Counsel shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of Counsel shall allege that the above-described actions and inactions preceded Counsel's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Work Performance Liability. The Counsel is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Counsel is using a Counsel Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Counsel Agent has been approved by the County.

17. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

18. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name Counsel shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to Counsel, to the attention of the person who executed this Agreement on behalf of Counsel at the address specified above for Counsel, or in each case to such other persons or addresses as shall be designated by written notice.

19. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

20. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

21. Administrative Service Charge. Counsel agrees to pay the County an administrative service charge of Five Hundred Thirty-three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Numbers 201-2001, 128-2006, and 153-2018. The administrative service charge shall be due and payable to the County by Counsel upon signing this Agreement.

County contracts with a Maximum Amount equal to or greater than Fifty Thousand Dollars (\$50,000.00) require the approval of the Nassau County Interim Finance Authority ("NIFA") during the control period declared by NIFA on January 26, 2011, with limited exceptions. NIFA also requires that when the aggregate of contracts issued to a particular vendor for the provision of similar services is equal to or greater than \$50,000 in any 12-month period they be subject to NIFA approval even if each individual contract is less than \$50,000. NIFA has advised the County that NIFA's approval is subject, among other things, to the following limitation: payment to Counsel under this Agreement for Services, including related expenses and disbursements, rendered prior to the later of (i) the date of NIFA approval or (ii) full execution of the Agreement (such date, the "Approval Date") shall not exceed the sum of Fifty Thousand Dollars (\$50,000.00). Counsel therefore acknowledges that charges incurred over Fifty Thousand Dollars (\$50,000.00) prior to the Approval Date shall not be approved by NIFA, and shall not be paid by the County, unless NIFA makes an exception to its policy. Accordingly, to mitigate against exposure, Counsel shall provide the following notice to the Department:

(A) If Counsel anticipates incurring costs in excess of Fifty Thousand Dollars (\$50,000.00) prior to the Approval Date, Counsel shall provide written notice to the Department at least Forty-five (45) days prior to the date on which Counsel anticipates reaching the Fifty Thousand Dollar (\$50,000.00) cap.

(B) If Counsel has reached or anticipates reaching the Fifty Thousand Dollar (\$50,000.00) cap prior to the Approval Date, and in less than Forty-five (45) days, Counsel shall provide the Department with immediate written notice.

Upon receipt of such notice, the Department will review and advise Counsel of the Department's intended course of action, which, in appropriate cases as determined by the Department, may include seeking a waiver from NIFA.

23. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

[Remainder of Page Intentionally Left Blank.]

IN WITNESS WHEREOF, Counsel and the County have executed this Agreement as of the Effective Date.

Appendix EE

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional antidiscrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.
- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.
- (h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.
- (i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.
- (j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.
- (k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

- (l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:
- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
 - b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
 - c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").
- (m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors.

In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.

- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall

include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

QUALIFICATIONS AND EXPERIENCE

About WGL

WGL is a boutique municipal law firm that provides responsive legal solutions with cost-effective results. We have offices in New York, Massachusetts, Rhode Island, and Pennsylvania, and we represent clients throughout the country.

Our attorneys have represented municipalities and other public entities for more than 25 years in connection with public-private partnerships, water and wastewater systems and projects, civic/municipal buildings, environmental and regulatory matters, solid waste issues, transportation, structuring requests for proposals (RFPs), contract negotiations, alternative project delivery methods, land use development, project-related litigation, and construction law.

Members of our firm have spent their careers serving state and local governments and agencies. We understand the challenges public entities face because our attorneys once worked in senior positions in state and local governments. This experience enables us to provide public entities with efficient, creative, and low-cost solutions across the country. We chose this platform for a reason – to utilize our extensive collective experience while allowing for nimble, efficient results for our public clients.

Nassau County

Since 2011, WGL attorneys have been privileged to represent the County in connection with some of its most successful, prominent, and biggest projects, including the redevelopment of the Nassau Veterans Memorial Coliseum and the private operation and maintenance agreement for the County's sewer system with SUEZ Water Long Island Inc. We have also represented the County in connection with an innovative co-generation energy project, as well as with respect to several litigation matters. Our attorneys have delivered results in short timeframes that have exceeded the County's goals, protected the interests of residents, and saved or generated millions of dollars for the County's taxpayers.

We have realized this success based on our deep understanding of the County stakeholders, processes and needs. We have developed a strong relationship and worked closely with members of each of the following:

- County Legislature
- Nassau County Interim Finance Authority
- Nassau Hub Advisory Committee
- Office of Legislative Budget Review
- Comptroller's Office

- Sewer and Storm Water Finance Authority
- Nassau County Planning Commission
- Nassau County Open Space and Parks Advisory Committee
- County Executive's Office
- County Attorney's Office
- Office of Management and Budget
- Department of Public Works

We understand the role and responsibilities of each of these bodies and have successfully addressed their concerns through written and oral briefings and earned their trust. Although we are lawyers, we understand the importance of facilitating public communications for the success of any large project.

Experience

Construction Litigation

WGL lawyers have successfully represented clients in high-profile litigation and appellate matters in state, federal and circuit courts throughout the United States. We routinely defend our public clients in connection with challenges to procurements; construction and service contract disputes; litigation related to low-bid specifications; and change order disputes. We also represent our public clients in connection with challenges to legislation, and we are experienced in the prosecution and defense of various types of construction claims, including delay, disruption, labor inefficiency and work suspension. We routinely assist clients in avoiding disputes and developing strategies that avoid litigation which are often encountered in project administration and project scheduling.

Our construction litigation experience includes representing clients on a dispute relating to the recovery of construction and demolition costs related to a catastrophic roof collapse at a co-composting facility; a breach of contract action stemming from the construction and failure of a new cover to a secondary digester for a wastewater treatment plant; a dispute regarding alleged sustained physical damage to a gas line due to the blasting associated with construction of the sewers as performed by a public entity's general contractor; and an action against a public entity's contractors, designers, and engineers to recover cost overruns relating to a public pool construction project.

As it informs our construction litigation experience, WGL advises on both vertical and horizontal construction, from design through final construction, including the procurement and administration of architectural, engineering, and testing and inspection services. We also routinely prepare and negotiate complex design and construction agreements using

traditional and alternative project delivery methods, including low-bid, fast-track, fixed price, cost plus, design-build, design-build-operate, build-to-suit, and public and private venture contracts. We have advised on the development of model procurement and contract forms, resolution of bidding disputes, contract administration, and bond and insurance issues.

We have significant experience with traditional low-bid construction projects implemented pursuant to General Municipal Law § 103 and other related statutes, such as the Wicks Law. As mentioned above, WGL represents local governments, municipalities, and public agencies with respect to a broad range of issues. Representative engagements in New York at the County level include the following:

- **Nassau County, New York** (*Nassau County Veterans Memorial Coliseum*) in connection with the redevelopment of the Nassau Veterans Memorial Coliseum site — a project valued at more than \$300 million, consisting of a public-private partnership to transform the 43-year-old Coliseum and plaza into an attractive, first-class destination for sports and family entertainment. Our representation included assisting the County with obtaining private financing for the redevelopment of the Nassau Coliseum and the surrounding area; drafting an RFQ and an RFP seeking private developers for the redevelopment of the Nassau Hub; facilitating the procurement processes; negotiating the contract documents, including simultaneous lease negotiations with the selected RFP finalists; and shepherding the selected lease through the County’s approval process. WGL attorneys successfully negotiated a redevelopment and lease agreement between the County and Nassau Events Center, LLC, an affiliate of Forest City Enterprises, Inc. The project will result in zero tax liability to the residents of Nassau County and will generate more than \$300 million in direct revenue to the County over the full 49-year term of the lease.
- **Nassau County, New York** (*Wastewater System*) in connection with the development and negotiation of a contract to privatize operations, maintenance and management of the County’s sewer system, which includes three major wastewater treatment plants, 53 sewage pump stations and approximately 3,000 miles of sewers. The sewer system is responsible for the collection, treatment and disposal of sewage in a large area of the County, with a current customer base of approximately one million. This operation and maintenance agreement is the

largest water-related public-private partnership to date in the United States, with a value of more than \$1.2 billion.

- **Rockland County, New York** (*Construction Litigation*) in connection with a breach of contract action stemming from the construction and failure of a new cover to a secondary digester. WGL attorneys successfully argued that the case should be remanded to State Court from United States District Court for the Southern District of New York.
- **Nassau County, New York** (*Clean Water Act Defense*) in connection with an action in the United States District Court for the Eastern District of New York alleging violations of the Clean Water Act stemming from alleged illegal discharges.
- **Rockland County Solid Waste Management Authority, New York** (*Solid Waste Management*) with the development and management of its county-wide solid waste disposal system. In such capacity, we serve as special counsel to the Authority and provide legal representation in connection with the Authority's various contractual arrangements.
- **Rockland County Solid Waste Management Authority, New York** (*Procurement Litigation*) in connection with a challenge to an RFP issued for recyclables collection. The Authority received three proposals in response to the RFP and based upon evaluation of the factors listed in the RFP, the lowest proposer was not selected. The proposer subsequently commenced an Article 78 proceeding, claiming that the Authority was subject to General Municipal Law § 103, which would have required the Authority to choose the lowest responsible bidder. Both the Supreme Court and the Second Department agreed with WGL's compelling legal argument that General Municipal Law § 103 is only applicable to political subdivisions, and that public benefit corporations, such as the Authority, are not political subdivisions.
- **Broome County, New York** (*Solid Waste System*) in analyzing legal alternatives and options available to the County concerning flow control.
- **County of Sullivan, New York** (*Solid Waste System*) with respect to whether to form a County solid waste disposal district, a solid waste management authority or

a resource recovery agency pursuant to New York law. Our representation also included advising the County on whether to update and enforce the County's flow control law to aid the operation of the solid waste management system for a district, an authority, or an agency. WGL attorneys also assisted the County with determining the most effective financing options for the expansion of the solid waste management system and construction of a transfer station based on the closure of its landfill.

- **Orange County, New York** (*Wastewater System*) in connection with advising the County in collaboration with Delaware Engineering to develop a study to find ways to increase treatment capacity for the County's only sewer district by at least three million gallons a day without significantly raising costs. We analyzed numerous existing agreements between affected municipalities, and we summarized a comprehensive legal framework through which the County could proceed with the study's practical recommendations.
- **Rockland County Sewer District No. 1, New York** (*Clean Water Act Defense*) in an action in the United States District Court for the Southern District of New York against allegations of violations of the Clean Water Act stemming from alleged sewage discharges into the Saddle River resulting in the dismissal of several of the causes of action against the District.
- **Nassau County, New York** (*Co-Generation Project*) in connection with a P3 transaction involving the lease and private operation of the County's District Energy System (DES), that would provide thermal and electrical energy to a number of private and public entities, including the Nassau County Correctional System, the Long Island Marriot, the Nassau Coliseum, and Nassau University Medical Center. The County is planning to enter into a P3 transaction with a selected entity who will operate, maintain and manage the DES, providing thermal energy to existing, and potentially new, users.
- **Rockland County Sewer District No. 1, New York** (*Public- Private Partnership Wastewater Plant*) in its procurement of a contractor for the operation and maintenance of its Advanced Wastewater Treatment Plant. We represented the Sewer District in the development of the facility on a DBO basis, which was the first municipal wastewater DB or DBO project in New York. We were responsible for reviewing New York law to determine whether the wastewater treatment plant could be developed pursuant to a DBO approach under the existing statutory framework. WGL assisted the Sewer District with the drafting of the procurement documents (including the RFP), the evaluation of proposals, and served as lead

negotiator and principal drafter of the DBO agreement. We continue to serve as full-time outside counsel to the Sewer District, providing contract oversight and administration assistance.

Real Property/Land Use

Our lawyers have extensive experience representing public entities, with a particular emphasis on land use, zoning, environmental, and redevelopment matters from planning, regulatory, and financing perspectives. We also serve as special counsel for redevelopment activities for many cities, counties, and redevelopment agencies, and our team has developed and drafted portions of comprehensive plans in municipalities, negotiated and drafted community benefit agreements.

Our extensive experience includes advising on:

- Condemnation proceedings and challenges
- Redevelopment agency projects
- Urban renewal projects
- Affordable/below-market housing projects
- Parkland issues, including alienation issues
- Acquisition of municipal assets
- Zoning issues

A notable example of our real property experience involves advising **Nassau County** in connection with the redevelopment of the Nassau Veterans Memorial Coliseum and its surrounding area, commonly referred to as the “Hub.” Our representation includes advising on real estate and land use issues in connection with the Coliseum redevelopment, the development of a \$140 million research and treatment facility with Memorial Sloan Kettering, the lease and private operation of the County’s District Energy System and an \$85 million parking structure involving a grant from the Empire State Development Corporation.

Transactions

We have extensive experience addressing all aspects of procurement and contracting matters, including negotiating and drafting contracts, public bidding processes, and prosecuting and defending contract claims. Our work includes development of model procurement and contract forms, resolution of bidding disputes, contract administration, and bond and insurance issues. We routinely interpret New York statutes, rules and

regulations, and guidance unique to public entities, such as General Municipal Law §§ 103 and 120-w, and opinions of the State Comptroller and Attorney General.

As indicated above with respect to our municipal law practice, transactional work constitutes the vast majority of matters we handle, ranging from construction agreements to public-private partnership agreements to operations and maintenance agreements. Other than regulatory and litigation work, our firm is fundamentally focused on transactional matters.

In one notable project, as discussed above, we advised **Nassau County** in connection with the redevelopment of the Nassau Veterans Memorial Coliseum site. Our representation included assisting the County with obtaining private financing; drafting an RFQ and an RFP seeking private developers for the redevelopment of the Nassau Hub; negotiating the contract documents, including simultaneous lease negotiations with the selected RFP finalists; and shepherding the selected lease through the County's approval process. The project will result in zero tax liability to the residents of Nassau County and will generate more than \$300 million in direct revenue to the County.

Our attorneys, both while in public and private practice, have advised on the following types of contracts, among others:

- Concessions
- Construction
- Design-Build
- Design-Build-Operate
- Employment separation agreements
- Energy savings performance contracts
- Federal and state grant assistance
- Inter- and intra-municipal agreements for shared services
- Operation and maintenance
- Water/sewer/solid waste
