## **Contract Summary**

**Purpose:** An amendment of the existing Personal Services Agreement with Hardesty & Hanover Construction Services, LLC. Under the existing Agreement, Hardesty & Hanover was selected to perform Construction Management/Inspection Services (CMI) for the Bayville Bridge Rehabilitation project (FEDERAL AID PIN 0760.65). A Limited Notice to Proceed issued sixty-five (65) calendar days before the official Notice to Proceed, and various site conditions requiring the reallocation of CMI personnel have warranted an amendment to the CMI Agreement.

**Method of Procurement:** The vendor was procured using a qualification-based rating and raking system of technical and cost proposals according to the standards set forth by DPW, NYSDOT, and FHWA.

Procurement History: The original Contract was entered into after a written request for proposals was issued on July 16, 2019.

Potential proposers were made aware of the availability of the RFP by advertisement in Newsday, Contract Reporter, postings on industry websites, via email to interested parties, and by publication on the County procurement website. Proposals were due on August 21, 2019, and five (5) proposals were received and evaluated. The evaluation committee consisted of Rakhal Maitra, P.E., Deputy Commissioner, Richard Iadevaio, Jr., Superintendent of Highways and Drainage Construction, Garry Destyr, Civil Engineer II, and Saji Varughese, Project Manager II.

**Description of General Provisions:** Contract for services confirms to model personal services contract developed and approved by the office of the County Attorney and approval by NYSDOT.

Impact on Funding / Price Analysis: Funding for services provided in this Agreement will come from Capital Project 63029. The Original Agreement had a maximum payment limitation of two million fifty-two thousand four hundred twenty-eight dollars (\$2,052,428.00). Amendment No. 1 increases the payment limitation by four hundred fifty-five thousand nine hundred forty-eight dollars and twenty-one cents (\$455,948.21) to a new maximum of two million five hundred eight thousand three hundred seventy-six dollars and twenty-one cents (2,508,376.21). There is still a potential for Federal Aid reimbursement up to eighty percent (80%). The Contract calls for a twenty percent (20%) M/WBE utilization requirement.

Change in Contract from Prior Procurement: The Amendment adds \$455,948.21 to the maximum amount, bringing the new maximum to \$2,508,376.21, with funding coming from Project 63029.

Recommendation: Approve as Submitted

## COUNTY OF NASSAU DEPARTMENT OF PUBLIC WORKS Inter-Departmental Memo

**TO:** Office of the County Executive

Att: Brian J. Schneider, Deputy County Executive

**FROM:** Department of Public Works

**DATE:** December 15, 2021

**SUBJECT:** Construction Management and Inspection Services – Highway/Bridge

Agreement H63029 08CM; PIN 0760.65

Amendment of Construction Management/Inspection Services (CMI) for the

Rehabilitation of Bayville Bridge

Hardesty & Hanover Construction Services, LLC (HHCS) was selected to perform Construction Management/ Inspection Services (CMI) on April 20, 2020, for the Rehabilitation of the Bayville Bridge project. A Limited Notice to Proceed issued sixty-five (65) calendar days before the official Notice to Proceed, and various site conditions requiring the reallocation of CMI personnel have warranted an amendment to the CMI Agreement.

The Department of Public Works intends to amend the Agreement for \$455,948.21 to account for the changes. Essentially, the Amended Agreement will account for the additional time required for the Resident Engineer, Office Engineer, and General / Structural Inspector resulting from the issuance of the Limited Notice to Proceed. The Limited Notice to Proceed was issued to allow the contractor to work on the Mechanical and Electrical Shop Drawings, which would allow them to honor their contract bid prices by ordering this long lead-time equipment. The Office Engineer will double as a Coating Inspector to avoid adding another inspector. The Mechanical, General Electrical, and Welding Inspector roles will be combined and supplemented to address various site conditions. Six hundred thirty hours (630) will remain under the Electrical Inspector's title for specialty electrical work.
