I. - REJECTION OF BIDS

A. The Commissioner may recommend a reject of bid if:

1. The Bidder fails to furnish any of the information required by the bid documents; or if
2. The bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165-a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

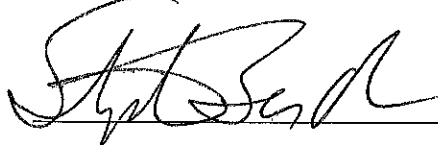

The Certification is as follows:

☒ **a. Certification that the Bidder is not on the List**

Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

☐ **b. Certification that the Bidder's investment in Iran is ceasing**

The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

As used in this Code, the following terms have the following meanings:

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

Vendor Code of Ethics

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

Vendor Code of Ethics

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

Vendor Code of Ethics

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii) 30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Vendor Code of Ethics

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Vendor Code of Ethics

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Vendor Code of Ethics

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 8869, and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8869.

Purpose of Form

A parent S corporation uses Form 8869 to elect to treat one or more of its eligible subsidiaries as a qualified subchapter S subsidiary (QSub).

The QSub election results in a deemed liquidation of the subsidiary into the parent. Following the deemed liquidation, the QSub is not treated as a separate corporation and all of the subsidiary's assets, liabilities, and items of income, deduction, and credit are treated as those of the parent.

Because the liquidation is a deemed liquidation, do not file Form 966, Corporate Dissolution or Liquidation. However, a final return for the subsidiary may have to be filed if it was a separate corporation prior to the date of the deemed liquidation. No final return is required if this election is being made pursuant to a reorganization under section 368(a)(1)(F) and Rev. Rul. 2008-18. See Rev. Rul. 2008-18, 2008-13 I.R.B. 674, for details.

Eligible Subsidiary

An eligible subsidiary is a domestic corporation whose stock is owned 100% by an S corporation and is not one of the following ineligible corporations.

- A bank or thrift institution that uses the reserve method of accounting for bad debts under section 585.
 - An insurance company subject to tax under subchapter L of the Code.
 - A corporation that has elected to be treated as a possessions corporation under section 936.
 - A domestic international sales corporation (DISC) or former DISC.
- See sections 1361(b)(3), 1362(f), and their related regulations for additional information.

When To Make the Election

The parent S corporation can make the QSub election at any time during the tax year. However, the requested effective date of the QSub election generally cannot be more than:

- 12 months after the date the election is filed, or
- 2 months and 15 days before the date the election is filed.

An election filed more than 12 months before the requested effective date will be made effective 12 months after the date it is filed. An election filed more than 2 months and 15 days after the requested effective date generally is late and will be made effective 2 months and 15 days before the date it is filed. However, an election filed more than 2 months and 15 days after the requested effective date will be accepted as timely filed if the corporation can show that the failure to file on time was due to reasonable cause.

To request relief for a late election, the corporation generally must request a private letter ruling and pay a user fee in accordance with Rev. Proc. 2017-1, 2017-1 I.R.B. 1 (or its successor). However, relief from the ruling and user fee requirements is available. See Rev. Proc. 2013-30, 2013-36 I.R.B. 173, for details.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 8869, and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8869.

Purpose of Form

A parent S corporation uses Form 8869 to elect to treat one or more of its eligible subsidiaries as a qualified subchapter S subsidiary (QSub).

The QSub election results in a deemed liquidation of the subsidiary into the parent. Following the deemed liquidation, the QSub is not treated as a separate corporation and all of the subsidiary's assets, liabilities, and items of income, deduction, and credit are treated as those of the parent.

Because the liquidation is a deemed liquidation, do not file Form 966, Corporate Dissolution or Liquidation. However, a final return for the subsidiary may have to be filed if it was a separate corporation prior to the date of the deemed liquidation. No final return is required if this election is being made pursuant to a reorganization under section 368(a)(1)(F) and Rev. Rul. 2008-18. See Rev. Rul. 2008-18, 2008-13 I.R.B. 674, for details.

Eligible Subsidiary

An eligible subsidiary is a domestic corporation whose stock is owned 100% by an S corporation and is not one of the following ineligible corporations.

- A bank or thrift institution that uses the reserve method of accounting for bad debts under section 585.
 - An insurance company subject to tax under subchapter L of the Code.
 - A corporation that has elected to be treated as a possessions corporation under section 936.
 - A domestic international sales corporation (DISC) or former DISC.
- See sections 1361(b)(3), 1362(f), and their related regulations for additional information.

When To Make the Election

The parent S corporation can make the QSub election at any time during the tax year. However, the requested effective date of the QSub election generally cannot be more than:

- 12 months after the date the election is filed, or
- 2 months and 15 days before the date the election is filed.

An election filed more than 12 months before the requested effective date will be made effective 12 months after the date it is filed. An election filed more than 2 months and 15 days after the requested effective date generally is late and will be made effective 2 months and 15 days before the date it is filed. However, an election filed more than 2 months and 15 days after the requested effective date will be accepted as timely filed if the corporation can show that the failure to file on time was due to reasonable cause.

To request relief for a late election, the corporation generally must request a private letter ruling and pay a user fee in accordance with Rev. Proc. 2017-1, 2017-1 I.R.B. 1 (or its successor). However, relief from the ruling and user fee requirements is available. See Rev. Proc. 2013-30, 2013-36 I.R.B. 173, for details.

For Paperwork Reduction Act Notice, see Instructions.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 8869, and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8869.

Purpose of Form

A parent S corporation uses Form 8869 to elect to treat one or more of its eligible subsidiaries as a qualified subchapter S subsidiary (QSub).

The QSub election results in a deemed liquidation of the subsidiary into the parent. Following the deemed liquidation, the QSub is not treated as a separate corporation and all of the subsidiary's assets, liabilities, and items of income, deduction, and credit are treated as those of the parent.

Because the liquidation is a deemed liquidation, do not file Form 966, Corporate Dissolution or Liquidation. However, a final return for the subsidiary may have to be filed if it was a separate corporation prior to the date of the deemed liquidation. No final return is required if this election is being made pursuant to a reorganization under section 368(a)(1)(F) and Rev. Rul. 2008-18. See Rev. Rul. 2008-18, 2008-13 I.R.B. 674, for details.

Eligible Subsidiary

An eligible subsidiary is a domestic corporation whose stock is owned 100% by an S corporation and is not one of the following ineligible corporations.

- A bank or thrift institution that uses the reserve method of accounting for bad debts under section 585.
 - An insurance company subject to tax under subchapter L of the Code.
 - A corporation that has elected to be treated as a possessions corporation under section 936.
 - A domestic international sales corporation (DISC) or former DISC.
- See sections 1361(b)(3), 1362(f), and their related regulations for additional information.

When To Make the Election

The parent S corporation can make the QSub election at any time during the tax year. However, the requested effective date of the QSub election generally cannot be more than:

- 12 months after the date the election is filed, or
- 2 months and 15 days before the date the election is filed.

An election filed more than 12 months before the requested effective date will be made effective 12 months after the date it is filed. An election filed more than 2 months and 15 days after the requested effective date generally is late and will be made effective 2 months and 15 days before the date it is filed. However, an election filed more than 2 months and 15 days after the requested effective date will be accepted as timely filed if the corporation can show that the failure to file on time was due to reasonable cause.

To request relief for a late election, the corporation generally must request a private letter ruling and pay a user fee in accordance with Rev. Proc. 2017-1, 2017-1 I.R.B. 1 (or its successor). However, relief from the ruling and user fee requirements is available. See Rev. Proc. 2013-30, 2013-36 I.R.B. 173, for details.

For Paperwork Reduction Act Notice, see Instructions.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 8869, and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8869.

Purpose of Form

A parent S corporation uses Form 8869 to elect to treat one or more of its eligible subsidiaries as a qualified subchapter S subsidiary (QSub).

The QSub election results in a deemed liquidation of the subsidiary into the parent. Following the deemed liquidation, the QSub is not treated as a separate corporation and all of the subsidiary's assets, liabilities, and items of income, deduction, and credit are treated as those of the parent.

Because the liquidation is a deemed liquidation, do not file Form 966, Corporate Dissolution or Liquidation. However, a final return for the subsidiary may have to be filed if it was a separate corporation prior to the date of the deemed liquidation. No final return is required if this election is being made pursuant to a reorganization under section 368(a)(1)(F) and Rev. Rul. 2008-18. See Rev. Rul. 2008-18, 2008-13 I.R.B. 674, for details.

Eligible Subsidiary

An eligible subsidiary is a domestic corporation whose stock is owned 100% by an S corporation and is not one of the following ineligible corporations.

- A bank or thrift institution that uses the reserve method of accounting for bad debts under section 585.
 - An insurance company subject to tax under subchapter L of the Code.
 - A corporation that has elected to be treated as a possessions corporation under section 936.
 - A domestic international sales corporation (DISC) or former DISC.
- See sections 1361(b)(3), 1362(f), and their related regulations for additional information.

When To Make the Election

The parent S corporation can make the QSub election at any time during the tax year. However, the requested effective date of the QSub election generally cannot be more than:

- 12 months after the date the election is filed, or
- 2 months and 15 days before the date the election is filed.

An election filed more than 12 months before the requested effective date will be made effective 12 months after the date it is filed. An election filed more than 2 months and 15 days after the requested effective date generally is late and will be made effective 2 months and 15 days before the date it is filed. However, an election filed more than 2 months and 15 days after the requested effective date will be accepted as timely filed if the corporation can show that the failure to file on time was due to reasonable cause.

To request relief for a late election, the corporation generally must request a private letter ruling and pay a user fee in accordance with Rev. Proc. 2017-1, 2017-1 I.R.B. 1 (or its successor). However, relief from the ruling and user fee requirements is available. See Rev. Proc. 2013-30, 2013-36 I.R.B. 173, for details.

For Paperwork Reduction Act Notice, see Instructions.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Brian J. Schneider, Deputy County Executive

FROM: Department of Public Works

DATE: December 21, 2021

SUBJECT: RECOMMENDATION OF AWARD

Contract Number: S35117-04G
Title: Bay Park STP SCADA System Improvements
Engineer's Estimate: \$3,577,728
Bids Received On: November 9, 2021

The bids received for the above referenced contract have been examined and Bana Electric Corp. (Bana) is the lowest responsible bidder in the amount as follows:

General Construction – Bay Park STP (Lump Sum):	\$ 3,215,000.00
Allowance for Miscellaneous Additional Work (Allowance No. 1):	\$ 125,000.00
Allowance for integrating Long Beach Pump Station (Allowance No. 2):	\$ 50,000.00
Allowance for Digester Gas Detection Upgrades (Allowance No. 3):	<u>\$ 100,000.00</u>
Bid Total:	\$ 3,490,000.00

The lowest responsible bid is 2.5% lower than the Engineer's Estimate. Per discussion with Adam Teague and Stephen Bender of Bana on December 3, 2021, during the pre-award meeting, Bana confirmed that the bid price is accurate, and that Bana is confident that the Work can be complete for this price. There was a total of six (6) respondent bidders to this bid contract. The lowest bidder, Haugland Energy Group LLC (Haugland), was determined to be non-responsive because they omitted two (2) items of work from the contract, therefore, failed to respond fully to all the literal terms of the specifications. Haugland's bid is described in more detail in the attached bid review letters from the engineer of record, CDM Smith.

Funding for the construction services is available under capital project 35117.

Contract No. S35117-04G
Bid Review and Recommendations

Dear Mr. Falkowski:

On November 9, 2021, Nassau County Department of Public Works (NCDPW) received bids for the above referenced project. Camp Dresser McKee & Smith (CDM Smith) has performed a bid analysis on the bids received. Below is our summary of the analysis and recommendations.

Bid Analysis

CDM Smith has reviewed the bid amounts for Contract No. S35117-04G which are summarized as follows:

<u>Contractor</u>	<u>Bid Amount</u>
Haugland Energy Group LLC	\$2,976,335.00
Bana Electric Corp.	\$3,490,000.00
Hinck Electrical Contractor, Inc.	\$3,493,470.00
Eldor Contracting Corp.	\$3,761,300.00
LEB Electric LTD	\$3,789,673.00
E-J Electric Installation Co.	\$3,914,409.70

The apparent low bid for the Bay Park STP SCADA System Improvements Contract No. S35117-04G was submitted by Haugland Energy Group LLC, of Melville, New York.

When compared to CDM Smith's construction cost estimate (\$3,577,728), the low bid of \$2,976,335.00 is approximately 17% lower than the engineer's estimate and 14% lower than the next bidder.

Most notably, while the overall bid was 14% lower than the next bidder, CDM Smith noticed that Gas Detection unit pricing was approximately 20% higher than the average of the other bidders. This resulted in the base scope (bid item no. 1) of the contract being 31% lower than the next bidder and raising concern that the bidder had omitted a portion of the project scope.

CDM Smith conducted a pre-award interview, via conference call, with Jim Kennedy, Mike Reillo, and John Scarpo of Haugland Energy Group LLC (Haugland) on November 19, 2021 to discuss the contracted scope of work. During the interview, CDM Smith raised the issue of the significant bid price variation, specifically with bid item no. 1 (the base scope of the project). When reviewing the details of the scope of work with Haugland, they identified that their bid price did not include installation of the new flow meters required by the contract documents. Through follow-up correspondence, CDM Smith referenced excerpts of the contract that indicated that new flowmeters must be installed and asked for written confirmation that Haugland would perform the full scope of the project at the bid price.

Additionally, a second concern was brought up to Haugland related to the unit pricing submitted for the Gas Sensors (bid item no. 5) and Gas Transmitters (bid item no. 6). On the bid form Haugland did not provide an explicit price for bid item no. 5 and indicated that Gas Sensors were included in the price for bid item no. 6. CDM Smith requested Haugland to provide separate pricing in writing for bid items no. 5 and 6 such that the sum matches the original bid item no. 6.

Following the pre-award interview and subsequent follow-up correspondence, Haugland provided a written response to the two requests above and confirmed that to perform the full scope of work for the project they would require an increase in their bid amount. Specifically, Haugland has proposed a price increase for bid item no. 1 (base scope) and a price increase for Gas Sensors/Transmitters (bid items no. 5 and 6). Haugland's revised bid is \$3,366,555, which is approximately 6% lower than the engineer's cost estimate. CDM Smith believes that neither cost increase is justified, since the items in question were clearly outlined in the project's contract documents and serves as an implicit acknowledgement that project requirements were not fully and carefully considered.

Based on review of information provided by NCDPW (i.e., Bid Sheets, Financial Statements, etc.), the results of the pre-award interview, and information sent by Haugland after the pre-award meeting; CDM Smith has determined that Haugland cannot perform the scope of work required by the contract documents for the original bid price.

Bid Review and Recommendations

November 30, 2021

Page 3

Recommendation

Based on the above, since the investigation of the lowest apparent bidder failed to confirm that they are responsible to carry out the obligations of the Contract for the bid price, CDM Smith recommends the County exercise their right to reject the bid from Haugland Energy Group LLC, as outlined in the Instructions to Bidders Subpart L.1, page 10.

As a result, Bana Electric Corp. would become the next apparent low bidder with a bid of \$3,490,000.00, which is approximately 2% lower than the engineer's estimate. CDM Smith is prepared to perform a pre-award interview with Bana Electric Corp. to determine if the bidder can responsibly execute the project requirements, at the County's discretion.

Should you have any questions and/or concerns, please do not hesitate to call.

Very truly yours,

Bid Rejection

To Whom It May Concern:

Nassau County Department of Public Works ("Department") is contacting your firm regarding Haugland Energy, LLC's (Haugland) bid for the construction contract S35117-04G, Bay Park SCADA System Improvements. The Department must reject your bid submission because your submission fails to comply with the "Instruction to Bidders".

The Instructions at Item D, paragraph 2 states:

Each bid shall be submitted upon the prescribed proposal form. All blank spaces for bid prices must be filled in, in ink, in both words and figures, with the unit or total sum, or both, for which the proposal is made. If proposals contain any omission, erasures, alterations, additions, or items not called for in the itemized proposal or contain irregularities of any kind, such may constitute cause for rejection of bid.

Haugland Energy's bid proposal failed to fill in all blank spaces for bid prices in both words and figures with the unit or total sum for bid item 5, and based on that failure your bid is rejected. The Department will proceed with awarding the contract to the lowest responsible bidder that submitted a bid in compliance with all the bid the instructions.

Should you have any questions, please contact our Project Manager, Christopher Vella, at (516) 571-7523, or via e-mail at cvella@nassaucountyny.gov.

Very truly yours,
