THE COURT REPORTER: Thank you.

CLERK PULITZER: Presiding Officer,
I guess I'm having a bad morning here.

PRESIDING OFFICER NICOLELLO:
Afternoon.

CLERK PULITZER: Yes, that as well
(laughter). Legislator Denise Ford.

LEGISLATOR FORD: I'm here.

PRESIDING OFFICER NICOLELLO: Let's
start things off with Top Cops. We have
for the PBA to make a presentation, John
Shanahan, Financial Secretary.

MR. SHANAHAN: Good afternoon, I
would like to thank you all for having us
here today.

On August 20th, at approximately
1920 HRS, CIRRT Police Officers Fagan and
Ingardia were assigned with Narcotics
Vice Detectives Ingram and Hayden
investigating a motel in the 2nd
Precinct. While there, they observed a
suspicious vehicle and decided to follow
the vehicle. After observing a VTL

1
2 violation, the officers conducted a car
3 stop.

4 During the investigation, the
5 observed that one of the occupants, a
6 48-year-old male, appeared to be in
7 distress. All four occupants were
8 removed from the vehicle, at which point,
9 one of the backseat passengers, defendant
10 Tyler Salmarone (phonetic) attempted to
11 flee on foot. As defendant Tyler
12 Salmarone was fleeing, he removed a large
13 machete hidden in his shorts and threw it
14 to the ground. Officers were able to
15 place defendant Tyler Salmarone under
16 arrest, in which during the process he
17 violently resisted. The driver
18 defendant, Jonathan Hernandez, and the
19 female juvenile front seat passenger with
20 both placed under arrest without further
21 incident.

22 A subsequent investigation revealed
23 that the male victim, 48, was lured to
24 the Edgewood Motel where he was held
25 against his will and forced to relinquish

1
2 his keys, phone, and money while being
3 threatened with his life at knife point.

4 It was determined that the three
5 arrestees were MS-13 Gang members. They
6 were charged with multiple felonies
7 including robbery and kidnapping.

8 Due to these officer's dedication,
9 observational skills and experience,
10 three dangerous gang members were taken
11 off the street and a life was saved. The
12 Nassau County PBA is proud to announce
13 Police Officers Kyle Fagan and John
14 Ingardia, as well as Detectives
15 Christopher Ingram and Ryan Hayden, as
16 Legislative Top Cops for September of
17 2022 (Applause).

18 We have Deputy First Commissioner
19 Kevin Smith here and he would like to say
20 a few words.

21 COMMISSIONER SMITH: First Deputy
22 Police Commissioner Kevin Smith. Good
23 afternoon, everyone.

24 How many of us go to work and face
25 the fact that their next encounter with

1
2 someone is going to be a violent
3 struggle? Thank goodness not many here
4 in Nassau County.

5 You heard the term car stop; there's
6 nothing routine about it. The recognition
7 ability of being able to detect that
8 something is amiss and something more
9 serious as a hand based solely on body
10 language, demeanor, verbal clues, is so
11 important in policing. By developing
12 these skills, we detect criminal
13 activity, we detect suspicious activity.
14 We might even been able to interpret that
15 someone has an emotional problem and
16 needs professional help. In this
17 instance, clearly, our officers could see
18 that there was criminal activity afoot.

19 I can't praise them enough for
20 interpreting a serious situation, for
21 taking the appropriate action, and in all
22 likelihood, preventing the victim from
23 losing his life. Officers, well done
24 (Applause).

25 PRESIDING OFFICER NICOLELLO: Would

1
2 one of the officers like to say anything;
3 either one of you? You don't have to.

4 OFFICER FAGAN: On behalf of me and
5 John, we'd like to say thank you for the
6 recognition and we will continue to keep
7 working hard for everyone in this town.

8 Thank you (Applause).

9 PRESIDING OFFICER NICOLELLO:
10 Legislator Schaefer and then Legislator
11 Drucker would like to say a few words.

12 LEGISLATOR SCHAEFER: Thank you. I
13 think First Deputy Smith put it very
14 well. This is just such a great example
15 of how your training plays into you going
16 out and doing what you have to do every
17 day to keep the residents of Nassau
18 County safe. As also was said, we don't
19 face those kinds of dangers on a daily
20 basis, or at least we hope you don't.
21 Because of your hard work and because of
22 your training, we don't have to most of
23 the time. That is why we are here to
24 support you and that's why we want you to
25 know we are very, very grateful for your

1
2 work. Thank you (Applause).

3 LEGISLATOR DRUCKER: Thank you,
4 Presiding Officer.

5 Once again, our very brave and
6 heroic Nassau County police officer's
7 demonstrate not just their valor, but
8 amazing intuition, intelligence and keen
9 observation skills, which can only be
10 attributed to their incomparable
11 training.

12 I'm familiar with the location of
13 where this incident first unfolded,
14 because it is the site of one of three
15 disgusting, uninhabitable, crime-ridden
16 motels on Jericho Turnpike, which sadly
17 has some of our county's homeless
18 population. Based on my past
19 conversations with NCPD and the Jericho
20 Fire Department, they have been responding
21 to incidents there on a daily basis
22 for years; however, that is another
23 matter.

24 Thankfully, these brave, perceptive,
25 and proactive officers prevented a murder

1
2 from taking place. They observed, they
3 planned their next moves with precision,
4 and always by the book. When it was the
5 right time to take action, they did so
6 without hesitancy and complications.

7 The perpetrators of this crime were
8 bad people. I for one, and I'm sure
9 everyone else up here and throughout the
10 county, feel a lot better. Because
11 preventing this murder by putting these
12 people away, God only knows how many
13 other murders and violent crimes they
14 would have committed.

15 We thank you on behalf of all the
16 residents of the county who each of us
17 have the privilege to represent
18 (Applause).

19 PRESIDING OFFICER NICOLELLO:
20 Legislator Bynoe.

21 LEGISLATOR BYNOE: Good afternoon,
22 officers. I just wanted to publicly thank
23 you for all that you did. Your
24 apprehension of that individual at that
25 location was tactfully, and, thankfully,

1
2 executed very well.

3 It happened right outside and out
4 front of the Westbury Middle School. That
5 middle school is utilized as a community
6 park. You have people jogging, walking,
7 playing soccer and the like. I happen to
8 be riding by that evening when the stop
9 was taking place. I witnessed that you
10 had it under control, so I kept going
11 home. Nonetheless, I just want to say,
12 you did it very, very well and you didn't
13 put the community in jeopardy at all. I
14 thank you for all that you did, because I
15 witnessed those kids playing in the park.
16 If that young man would have gotten away
17 with the machete, we don't know how that
18 would have ended.

19 God bless you and may God keep you.
20 Thank you.

21 PRESIDING OFFICER NICOLELLO:
22 Legislator Walker.

23 LEGISLATOR WALKER: I, too, just
24 want to thank you so much for your
25 dedication and for being able to

1
2 apprehend this person who could have done
3 tremendous danger or more murder in our
4 county.

5 I just want to thank each and every
6 one of your families. As Officer Smith
7 said, you don't know what you're going to
8 face each day, but nor do your families.
9 I know you have young families here with
10 you. I can't imagine what they go
11 through every day. Hoping and praying
12 that you're going to go to work and come
13 home safely. I want to thank you and
14 thank them for all they give up for all
15 of us.

16 God bless you all and stay safe
17 (Applause).

18 PRESIDING OFFICER NICOLELLO:
19 Legislator Rhoads.

20 LEGISLATOR RHOADS: This is a prime
21 example of why it is every single month I
22 love our Top Cops presentations. It's an
23 opportunity for us to highlight some of
24 the amazing work that you do on a daily
25 basis. For those of you who are standing

1
2 here today, there's 2500 individuals
3 standing behind you who protect and serve
4 our communities every single day of the
5 year. I know no matter what challenges
6 are thrown your way in terms of
7 legislation coming out of Albany, in
8 terms of challenges thrown to you by
9 criminals, we are blessed as Nassau
10 County residents to have men and women
11 like yourselves who rise to that
12 challenge and make sure that we are safe.

13 Thank you. Great work. God bless
14 you and may God continue to keep you safe
15 (Applause).

16 LEGISLATOR SCHAEFER: I just have
17 one question: How do you get a machete
18 in his shorts? I can't understand that
19 (Laughter).

20 PRESIDING OFFICER NICOLELLO: We
21 will have you up for a presentation in a
22 moment. We will bring the DAI up now.
23 Please go to the side.

24 For the Detectives Association
25 presentation, Tom Duglinski.

1
2 DETECTIVE DUGLINSKI: Good
3 afternoon. My name is Thomas Duglinski.
4 I am a Nassau County Detective
5 Association Delegate for the third squad.
6 I would first like to thank Presiding
7 Officer Rich Nicollelo, Minority Leader
8 Kevan Abrahams and the full legislative
9 body for taking the time to honor
10 Detectives Ryan Price and Thomas Daly of
11 the Third Squad today.

12 On April 22, 2022, at approximately
13 0800 hours, Detective Ryan Price and
14 Detective Thomas Daly from the Third
15 Squad, were called to the scene of an
16 male had been assaulted he was found near
17 the dumpsters in the rear of Chuck E
18 Cheese restaurant, located at 162 Fulton
19 Avenue, Hempstead.

20 The victim was transported to
21 Winthrop Hospital, where he was found to
22 have severe facial trauma and bleeding on
23 the brain. The victim was breathing, but
24 unconscious and unresponsive. He was
25 unable to provide at that point any

1
2 statement or information regarding the
3 case to the investigating detectives.

4 Detectives Price and Daly spent the
5 first day conducting an exhaustive video
6 canvass, exploring all routes the
7 suspects may have taken. Their
8 investigation revealed that the victim
9 was assaulted at approximately 0100
10 hours, and that the subjects arrived and
11 fled on foot, through the parking lot of
12 Chuck E Cheese in the direction of High
13 Street. They also called for Crime Scene
14 to respond and requested the collection
15 of multiple swabs of blood and collected
16 several articles of bloody clothing.

17 Detectives Price and Daly then both
18 went to the High Street Deli, located at
19 67 High Street, which is a known drug and
20 gang location in a very high crime area.
21 Several individuals are often
22 congregating at all hours of the day.
23 Both Detectives began speaking with
24 various individuals in the vicinity,
25 striking up conversations with anyone

1
2 willing to speak. Subsequently, an
3 individual approached them indicating
4 that he was interested in talking to
5 them, but in private. That individual
6 provided the first name and street name
7 of one subject, Tyrell, aka "Country",
8 who had bragged about his involvement in
9 the assault to the witness the evening
10 prior. Furthermore, Witness #1 provided a
11 specific description of distinct clothing
12 worn by the subject.

13 Detectives Price and Daly, shortly
14 thereafter, responded to the hospital to
15 ascertain the latest update regarding the
16 victim's condition. The doctors advised
17 that the victim was "critical but stable,
18 and would suffer from major mental
19 deficits for the remainder of his life.

20 The detectives responded back to
21 Hempstead to continue their canvass for
22 video. During that time they discovered
23 an individual, matching the unique
24 description of the subject on Franklin
25 Avenue and Jackson Avenue in Hempstead.

1
2 Detectives Price and Daly approached the
3 subject, calling him by his street name,
4 to which he responded, and verifying his
5 first name, Tyrell, which matched the
6 name provided by the witness.

7 The detectives observed blood on his
8 clothing, and during a pat down,
9 recovered an open pocket knife, which had
10 dried blood on it as well. Detectives
11 recovered narcotics and narcotic
12 paraphernalia, placed Guthrie under
13 arrest and transported him to the Third
14 Squad to interview him and process his
15 arrest.

16 At that point, Guthrie waived his
17 Miranda, provided a statement of
18 admission acknowledging his
19 participation, and implicated a second
20 individual by the street name of
21 "Midnight".

22 While continuing their
23 investigation, detectives Price and Daly
24 were notified of another possible witness
25 who interacted with the second subject,

1
2 Midnight, regarding the assault.

3 They located the witness and
4 conducted an extensive interview.
5 Following that, they reduced her
6 statement to writing, and corroborated
7 her account with video they had retrieved
8 from the High Street Deli.

9 Additionally, Witness #2 provided
10 the identity of a third witness, who was
11 present during the assault. At this
12 time, Detectives did not have proper
13 identification for Subject Midnight. A
14 few days later, they were advised that
15 Midnight was using narcotics and
16 trespassing at a particular location in
17 Hempstead. Detectives Price and Daly
18 contacted the Hempstead patrol officers
19 requesting that they arrest Midnight for
20 the trespassing, and secure his
21 fingerprints in order to ascertain his
22 proper given name. The name subsequently
23 came back to them as Dennis Ray.

24 Detectives then located witness #1,
25 and secured a statement from him, as well

1
2 as a positive identification in a photo
3 array, for Subject #1, Tyrell Guthrie.
4 Detectives re-interviewed Witness #2 and
5 secured a positive identification in a
6 photo array of Subject #2, Dennis Ray.

7 Detectives Price and Daly also
8 located Witness #3, who identified both
9 Ray and Guthrie as the individuals who
10 committed the assault and robbery by
11 naming them in her written statement and
12 provided a positive identification in
13 photo array of both Ray and Guthrie.

14 After securing the statement from
15 Witness #3, Dennis Ray was located,
16 placed under arrest and transported to
17 the Third Squad, where he waived Miranda
18 and provided a full statement of
19 admission to the crime.

20 Detectives located the victim's
21 employer, who signed a statement
22 attesting to the fact that he had paid
23 the victim in cash on the day of the
24 assault, corroborating the robbery
25 charge.

1
2 Lastly, they located the 911 caller,
3 who recounted in a written statement,
4 what she had observed, prior to, and
5 after, her call.

6 As a result of Detective Price's and
7 Detective Daly's effort, diligence, and
8 persistence, this case had a successful
9 conclusion with both subjects being
10 charged with Assault in the 1st Degree,
11 Robbery in the 1st Degree and two counts
12 of Robbery in the 2nd Degree.

13 The detectives had several obstacles
14 to overcome, including the subjects who
15 were primarily known only as their street
16 names, and a victim who was unable to
17 speak to them or communicate in anyway
18 throughout the entire investigation.

19 However, in their in constant
20 communication with the victim's daughter,
21 and in order to seek justice for her,
22 built a rapport with a variety of
23 individuals who are often less than eager
24 to speak to detectives, which concluded
25 with the arrest of the two subjects.

1
2 At this point, I'd like to introduce
3 First Deputy Police Commissioner Kevin
4 Smith.

5 COMMISSIONER SMITH: Good afternoon
6 again, everyone.

7 So as a former Chief of Detectives,
8 I always admire detectives that show
9 determination and grit to get the job
10 done. This is one of those cases. They
11 cleared everyone of their hurdles that
12 were put in their path to find their
13 offenders, made the case, and affected
14 the arrest. And like all good
15 detectives, continued on to build a good
16 case, to solidify the case after the
17 arrest to be made as well.

18 These defendants had absolutely no
19 regard for others and prey on the hard
20 working people of Nassau County. Thank
21 God strong-willed men and women exist in
22 your police department whose persistence
23 and resolve will not waiver.

24 Once again, thank you for honoring
25 our police officers and our detectives.

1
2 Detectives, thank you for a job well done
3 (Applause).

4 PRESIDING OFFICER NICOLELLO:
5 Legislator Bynoe.

6 LEGISLATOR BYNOE: Thank you,
7 Presiding Officer.

8 Detectives, I thank you on behalf of
9 the residents of Legislative District 2;
10 in particular, those that reside in the
11 Village of Hempstead. Your police
12 training, your ability to investigate
13 this crime, but more importantly, your
14 innate and authentic desire to serve that
15 family with a symbol of justice and
16 provide them with solace in what was a
17 horrendous crime and a very traumatic
18 time for the family, goes beyond words.
19 This actually could have been one of
20 those stories for "The First 48 Hours".
21 You guys got right in and made sense of a
22 story that the victim couldn't tell. It
23 led you through a very, seemed like, a
24 very meandering web of circumstances, but
25 you were able to follow it through and

1
2 make sure that you found the perpetrators
3 of this crime. I know that it will be a
4 long time coming for this gentleman to
5 recover and the physical torment that he
6 has gone through, but mentally,
7 hopefully, he can get beyond what
8 occurred because of that you did.

9 I thank you from the bottom of my
10 heart. I say training is one thing, but
11 the bravery and authenticity of service
12 is what is really at the core of good
13 policing. Thank you again (Applause).

14 PRESIDING OFFICER NICOLELLO: If
15 Detective Price or Daly would like to say
16 a word or two.

17 DETECTIVE DALY: I just want to
18 thank the Legislature. I'd like to thank
19 First Deputy Commissioner Smith as well
20 as the Commissioner and all the chiefs
21 that are here for coming. Again, I
22 appreciate your guys' recognition. Thank
23 you (applause).

24 PRESIDING OFFICER NICOLELLO: We
25 would like to invite you up for a

presentation from the Legislature. Good
job. Well done.

(Whereupon, presentation of
citation and photographs takes
place.)

1
2 PRESIDING OFFICER NICOLELLO: Our
3 next order of business is an appointment
4 of personal interest by Minority Leader
5 Kevan Abrahams.

6 LEGISLATOR ABRAHAMS: Thank you
7 presiding officer.

8 Today it gives me great honor to
9 present on behalf of the entire
10 Legislature, as well as our constituents,
11 Citations to the Brown Boys, which may of
12 us know Mr. Williams is a member and a
13 part of the group. The Brown Boys, just
14 recently, back in July, on BET, they just
15 won the Stellar Gospel Music Award. For
16 those who are not familiar with the
17 Stellar Gospel Music Award, it's the
18 Grammys of Gospel music. It is a very
19 distinguishable award that they received
20 at the 37th Annual Stellar Gospel Awards
21 Ceremony.

22 Just to give you a brief history:
23 The members of the group are Curtis,
24 Dennis, Willy, Joe and Willy, Jr. As I
25 said before, we have all seen and

1
2 recognize Joe here before during his 40th
3 anniversary as well (applause). Yes.
4 That deserves recognition as well.

5 Just to put it into context, the
6 group has been assembled and has been
7 around since 1982, been around for 40
8 years. This type of achievement does not
9 go unnoticed. We, in the Legislature,
10 want to recognize them for their work.
11 They've been a gospel group for that
12 period of time. Many of us that have
13 spiritual guidance within us appreciate
14 their music and appreciate what they do.
15 We have citations for all five members
16 today that are signed by all of us that I
17 would like to present to them now. I do
18 want to ask them if they would like to
19 come to the podium and share any
20 revelations on their 40 year existence,
21 as well as winning this very
22 distinguishable award (applause), as I
23 said before.

24 MR. WILLIAMS: My name is Joe
25 Williams. This is Willy Brown, Curtis

1
2 Brown (indicating), and our brother
3 Dennis couldn't make it. We just want to
4 thank Legislator Abrahams, Presiding
5 Officer Nicolledo, and the entire
6 legislature for taking the time to
7 recognize us. Also, I wanted to say
8 publicly to thank the County Executive
9 for recognizing us as well.

10 You know, it's good to sing all over
11 the country, but to be recognized by our
12 home, that's a big, big, thing. That's a
13 big thing to us. We give God praise for
14 allowing us to be able to spread the
15 gospel through song. We ask you guys to
16 keep us in your prayers as we continue to
17 represent Nassau County (applause).

18 When you think of the Billy Joels,
19 the Pat Benetars, the Chuck D, Flavor
20 Flav, Aaron Hall, please don't forget the
21 Brown Boys (applause).

22 LEGISLATOR ABRAHAMS: Just before
23 anybody else wants to speak -- the Brown
24 Boys have been on the top of the
25 Billboard Charts as well, and they have

1
2 achieved the success of accomplishing
3 three albums; right, Mr. Williams?

4 MR. WILLIAMS: Yes, sir.

5 LEGISLATOR ABRAHAMS: So this timing
6 of getting this award definitely
7 signifies a lifetime of success, as well
8 as working. We just want to be thankful
9 that you're able to continue to provide
10 the society, community, with such great
11 music, but at the same time you're doing
12 it in the name of God, the Lord, and we
13 appreciate that.

14 I'm getting requests from the
15 members up here for you to sing. I do
16 know I saw Willy, Jr. We also have a
17 citation for him as well. He is more
18 than welcome to join you gentlemen as
19 well.

20 MR. WILLIAMS: Actually, Willy, III
21 is Willy's son and he plays the drums.

22 (Whereupon, The Brown
23 Brothers perform.)

24 MR. C. WILLIAMS: Joe pretty much
25 said it all, but thank you for the

1
2 recognition. Like he said, we travel all
3 over the country, but to be honored in
4 our home, it means so much to us. Just
5 to know, everywhere we go, we represent
6 Nassau County, New York. Thank you.

7 MR. WILLIAMS: One quick thing. We
8 also want to recognize our mother. We
9 lost dad back in 2003, who started this
10 whole group as kids. They kept us
11 together, kept us in church, and kept us
12 out of trouble. We want to recognize our
13 mother, mother Anna Brown, as well
14 (applause).

15 LEGISLATOR ABRAHAMS: We would like
16 to bring you guys up to the Legislature
17 up here and be able to present you with
18 the citations individually. Ms. Brown,
19 would you like to come up as well?

20 (Whereupon, the Brown
21 Brothers and Ms. Brown are
22 presented citations.)

2 PRESIDING OFFICER NICOLELLO: Next
3 is the Public Comment portion of our
4 meeting. One of our appointees has to
5 leave early. I'm going to start the
6 public comment portion and see how long
7 it goes. If it goes beyond a half an
8 hour, we will stop it and have the
9 appointee come in and then go back to
10 public comment.

11 All right. Starting off with David
12 Stern.

13 PROFESSOR STERN: Good afternoon. I
14 just wanted to ask if you could do my
15 colleague first? My talk was kind of
16 following hers.

17 PRESIDING OFFICER NICOLELLO: That's
18 fine.

19 PROFESSOR STERN: Thanks a lot.

20 PRESIDING OFFICER NICOLELLO: We
21 have several speakers from the college.
22 You can all come up if you want.

23 Suzanne Kaebnick, Richard Ginsberg,
24 and Izolda. Whoever wants to speak
25 first.

1
2 PROFESSOR GINSBERG: My name is
3 Professor Richard Ginsberg. I am the
4 chair of the Theatre/Dance Department in
5 Nassau Community College and I'm in going
6 on my 39th year of a 59-year-old program
7 and it's been my privilege an educator in
8 this department and also a Nassau County
9 resident.

10 There is a great advertisement that
11 we've all grown up with: "A diamond is
12 forever". Nassau Community College has
13 been a gem for the students and the
14 community alike. Our gem needs
15 polishing. We count on our legislature
16 to give us the tools and equipment, not
17 just to shine up the gem, but to increase
18 its value.

19 President Calvin Coolidge is quoted
20 by saying: "The business of America is
21 business". Well, now communication arts
22 is how business makes business. National
23 companies are clambering for creative
24 artists who can write, copy, produce
25 videos, scripts, commercials; act, shoot,

1
2 creat content for direct sales and
3 advertising.

4 The mission of our department is to
5 educate and promote professional and
6 college transfer in these three areas.
7 For every dollar spent in the theatre,
8 eight are made by surrounding businesses.
9 When Broadway closed down, so did New
10 York. There are thousands, and I mean
11 thousands, of working graduates and
12 alumni in a multibillion dollar business
13 here on Long Island. Polish the gem.
14 Keep the business on Long Island. Create
15 the education and the opportunities.

16 Hundreds of businesses in Nassau are
17 run by former Nassau Community graduates.
18 Acting studios, dance studios, stores,
19 retail houses, all stem from the theatre
20 and dance program at Nassau Community
21 College. We have ten former students on
22 "Saturday Night Live", not including
23 Billy Crystal, Bob Nelson, Jim Brewer
24 (phonetic). And not everybody was a
25 comedian. Channel 12 news commentator

1
2 Lea Tyrrel, Antoinette Bordardy
3 (phonetic), New York City and Hollywood
4 producers, Sunday Morning with Jane
5 Pauley; two time Emmy award winning. All
6 from the alumni of Nassau Community
7 College theatre program. Broadway,
8 movies, television commercials, lawyers,
9 doctors, nurses, fireman, and EMTs and
10 I'm sure employers and politicians. We
11 need your help to polish this gem.

12 In 2022, even at the top of the
13 pandemic, the theatre and dance
14 department was voted by 80,000 Long
15 Islanders as one of the top three
16 performance venues in Nassau County. Our
17 department received accolade letters from
18 Albany in regards to our focusing and
19 supporting our student's education.

20 During these conditions, the support
21 and growth, even in the pandemic, there
22 were eight full time faculty members in
23 my department; there are now two. The
24 previous administration showed no
25 validity to arts and humanities, but

1
2 80,000 residents of Nassau, students and
3 faculty, beg to differ.

4 The new interim president, Dr. Maria
5 Conzatti, has personally and publically
6 supported the theatre and dance
7 department this semester and was able to
8 award us a temporary full time position;
9 that makes three. And by doing so, just
10 by adding the one faculty member, the
11 data shows a 27% increase in our
12 department in student involvement.

13 Last week, hundreds of students
14 auditioned for two of our shows this
15 semester showing the interest and need
16 for expression so necessary after the
17 pandemic, for them, and our college and
18 our community. Maria needs more help.

19 May I advertise: Flea in Her Ear and
20 Shrek the Musical. Please bring your
21 families, December 2nd.

22 In the Spring we have an opportunity
23 for production with Kindertransport and
24 we will raise money for the Ukranian
25 students and families in Nassau County.

1
2 And a new production just off Broadway,
3 73 Miles to Go, will be able to have a
4 Broadway playwright in residence working
5 with our students and faculty.

6 Last semester, we created a new
7 event for our school: Arts Alive. An
8 interdepartmental performance event with
9 seven departments: Art, music, dance,
10 theatre, interior design, African
11 American studies, and English. In
12 addition, Long Island businesses, Long
13 Island High School Performing Arts
14 presented over 100 students on stage in a
15 four night changing review, which lead me
16 to understand what killed Ed Sullivan.
17 Ed Sullivan had more faculty.

18 PRESIDING OFFICER NICOLELLO:
19 Professor, if you could sum up, please.

20 PROFESSOR GINSBERG: For 59 years,
21 from Broadway to TV, from radio to
22 Tiktok, from Billy Crystal to our newest
23 freshman, because they had a dream and
24 they wanted to start their dreams at
25 Nassau Community College throughout our

1
2 schools.

3 Thank you very much (Applause).

4 MS. TLAKSYM: Hello, my name is
5 Izolda Tlaksym. I am the chairperson of
6 the Arts Department at Nassau Community
7 College.

8 I want to back up a little bit on
9 the last sentence. I'm the product of
10 the dream. In 1992, I immigrated to the
11 United States from the Ukraine to build
12 my life here. I went to schooling. I
13 end up -- I start with Nassau Community
14 College which give me amazing base for
15 the rest of my life. I end up going to
16 Parson School of Design and earning my
17 MFA degree.

18 Today, I'm the chairperson of the
19 Arts Department and I'm here to talk to
20 you about how wonderful this opportunity,
21 this college is, for people like me.
22 People who come from all different walks
23 of life. I just want to briefly talk to
24 you about the department that I
25 represent.

1
2 When I started to work at the
3 college in 2002, there was 25 full time
4 faculty in the art department. As of
5 today, there's only 11 faculty. As of
6 right now, we offer four degrees and
7 three certificates. Last year alone, we
8 developed four new degrees. Just to name
9 them: Web development, game designing,
10 animation, UI/UX design. We really want
11 to bring to the college and to offer
12 students whatever is the most important
13 on the market. We want to educate the
14 students. We want to give them jobs. We
15 want to give them opportunities.

16 Also, just last year, we offered 17
17 new courses. Again, these courses,
18 somewhere else, if you go to another arts
19 school, neighboring schools, private
20 schools, students cannot afford this
21 education. We offer it for a fair price.

22 To get a little bit off of what we
23 we offer, but also talk about our art and
24 programs outside of the classroom, right
25 now, Plaza Art Gallery is going to start

1
2 a new show called, Arte de la Borinquena,
3 which is in celebration of Hispanic
4 Heritage Month. We will have a press
5 release this Thursday, as well as this
6 Thursday an opening reception. I would
7 like all of you to come to this reception
8 and come and see in general what is our
9 art department has to offer. I think
10 when you see it in person, it's a very
11 different feel.

12 Again, I really would ask you for
13 your support. Thank you (applause).

14 PROFESSOR KAEBNICK: Good afternoon.
15 My name is Suzanne Kaebnick. I'm a
16 professor in the English Department and
17 secretary for its union of full time
18 faculty.

19 The "#NCCfor2023" campaign we
20 started in May raised more than 700
21 signatures. Originally, we asked the NCC
22 Administration and its Board of Trustees
23 for a budget that included an increase in
24 operating funds; no success. Then we
25 asked for a supplementary budget; it does

1
2 not look likely. The College projects a
3 deficit of 21 million over the next
4 coming years. At the same time, our full
5 time faculty is aging out and departments
6 have been denied hires for years. Over
7 the last decade, the number of our
8 administrators has increased dramatically
9 and the full time faculty has decreased
10 dramatically. That policy looks to
11 continue as the College's 2023 budget
12 projects a 26% increase in
13 administration.

14 Here's how this negatively impacts
15 the College:

16 In our biology department, only one
17 teaching faculty member is younger than
18 56. This year the department was able to
19 hire two one-year temporary instructors,
20 but for long term stability, it needs to
21 hire faculty on tenure track lines.
22 Without long term, full time faculty, we
23 won't receive such grants as the five
24 million grant Nassau Community College
25 and Hofstra University's Biology

1
2 Departments received from the National
3 Science Foundation this year enabling 90
4 hardworking students from underserved
5 communities in Nassau County to begin
6 their college education in a STEM field
7 at NCC receive intensive (inaudible) and
8 then continue onto Hoftra.

9 We need full time faculty to ensure
10 NCC stability to mentor its students
11 effectively and to plan academic
12 programming such as securing similar
13 grants and initiatives in the future.

14 We are also proud of the ambition
15 and drive of faculty in our nursing
16 department. They, too, have secured a
17 grant enabling a few hires. The truth is,
18 our four year program turns away
19 applicants for lack of full time
20 professors. Suffolk Community College's
21 nursing program has many times our number
22 of students. Of course, growing the
23 enrollment in our nursing program would
24 help grow the whole college.

25 Our academic programs need seed

1
2 money. Your investment to grow, expand,
3 and serve Nassau County as the County
4 deserves.

5 It is a mystery why the college
6 administration has not asked for more
7 money. NCC is 15 years without an
8 increase in its operation budget. This
9 represents a loss in real money after
10 inflation of about 21 million, about the
11 same amount of the college's expected
12 deficit in coming years.

13 The college recently presented the
14 idea of vocational training to you --
15 electrical and plumbing -- the truth is,
16 these are complicated and expensive
17 programs which will not significantly add
18 to enrollment, so we hope the college
19 will vote to partner with industries that
20 equip them, fund them, and provide the
21 necessary hands on training to complement
22 classroom instruction.

23 We do have many academic programs
24 that are ready to be implemented, but
25 require full time faculty hires if we

1
2 wish to preserve NCC, maintaining the
3 college that is estimated to have served
4 1 out of 4 residents, by moving it
5 forward into the future.

6 Thank you for your attention
7 (applause).

8 PRESIDING OFFICER NICOLELLO: Thank
9 you very much. David Stern.

10 PROFESSOR STERN: First, I want to
11 thank you, Legislator Nicollelo for
12 letting me go after Suzanne.

13 I'm Dr. David Stern, a professor of
14 Physical Sciences at Nassau Community
15 College and also the vice president of
16 our full time faculty union.

17 I'd like to follow up on what
18 Suzanne had said. One message I hope you
19 all will remember is that the NCC faculty
20 want to move forward. In fact, we've
21 wanted to move forward for several years.
22 Our departments have proposed over 30
23 shovel-ready workforce development
24 programs. I'd like to share some of the
25 ideas and hopefully you will hear these

1
2 and think they are worthy of support.
3 I'm just going to go over some of them
4 because they're so numerous:

5 Develop a physical therapist
6 program;

7 Increase the diversity in our
8 criminal justice program. The degree is
9 one of the most popular degrees in our
10 college;

11 Create a two-year construction
12 degree including an internship with that
13 degree;

14 Open a small business development
15 center on campus;

16 Partner with Small Business
17 Administration and economical development
18 agencies -- a lot of them you fund here
19 in the county -- so that it can play a
20 role in future businesses by advising,
21 counseling, and training;

22 This is near and dear to me because
23 it's in my area, and that's create a
24 micro credential -- it's only one or two
25 courses -- which leads to a certificate

1
2 which then can lead to an associates
3 degree in GIS (Geographic Information
4 System) the third fastest growing
5 technology field;

6 Create a micro credential
7 certificate and associates degree in
8 environmental. As we know, the
9 environment still needs a lot of cleaning
10 up and monitoring and there's a strong
11 need to train students to be able to go
12 right into the field and do this;

13 Create an associate and certificate
14 degree for certified alcohol and
15 substance abuse counseling.

16 I have many more here. Over thirty
17 of them. They are all ready shovel ready
18 to go.

19 As those of you that had attended
20 Nassau Community College know that our
21 college's greatest strength is our
22 faculty. Our faculty have worked in and
23 have firsthand knowledge of the
24 employment opportunities and the
25 communities needs. It's this faculty

1
2 that oppose these numerous degrees and
3 certificates. We want to have these
4 initiates funded so we can develop micro
5 credentials that lead to certificates
6 that lead to associates degree that can
7 even lead to bachelor's degrees, if
8 appropriate (buzzer sounds).

9 Just a few more minutes. With
10 regard to the vocational programs, HVAC
11 --

12 PRESIDING OFFICER NICOLELLO: Mr.
13 Stern, we can't do a few more minutes,
14 but you can sum it up.

15 PROFESSOR STERN: Okay. One minute.

16 These need to be developed with a
17 lot more thought. Suffolk Community
18 College has had many more years than
19 Nassau in experience in these types of
20 programs.]What we found that in
21 addition to going to Suffolk Community
22 College to get the vocational
23 certificate, if you will, most of those
24 students want to get the associate's
25 degree at a rate ten times greater than

1
2 just getting a certificate. The reason
3 for that is they know if they want to go
4 further, they can't just be just the
5 entry level vocation. They want to open
6 a business or manage a business and these
7 are skills you get at the community
8 college.

9 We need help in encouraging the
10 Nassau Community College administration
11 to take our strategic planning seriously.
12 These ideas are in our strategic plan.
13 They've been there for several years now.
14 The plan has not been updated in three
15 years and they've abandoned persuing it.
16 We would like more encouragement outside.

17 Thank you again.

18 PRESIDING OFFICER NICOLELLO: Thank
19 you.

20 Thank you to all of the
21 representatives from the college.

22 PROFESSOR STERN: We also have some
23 students here.

24 PRESIDING OFFICER NICOLELLO: They
25 submitted their slips later on, so we

will be calling them. We go based on
when people submit their slips.

1
2 PRESIDING OFFICER NICOLELLO: I'm
3 actually going to stop public comment for
4 a moment to jump into the appointments.
5 Starting with #29. A resolution to
6 confirm the County Executive's
7 appointment of Monica McGrath to the
8 Nassau County Bridge Authority. Moved by
9 Legislator Kopel, seconded by Legislator
10 Ford. Ms. McGrath, are you here?

11 MS. MCGRATH: Yes. Good afternoon.

12 Hi. I just wanted to introduce
13 myself. My name is Monica McGrath. I am
14 here today for the confirmation of the
15 appointment to the Nassau County Bridge
16 Authority. I currently reside in Hewlett.
17 I am married with three daughters and a
18 granddaughter. I've been a resident of
19 the community for 50 years, a graduate of
20 Lawrence High School. Upon graduation
21 from Lawrence High School, I attended
22 Adelphi University for both my bachelors
23 degree and masters degree. A Bachelors
24 in Elementary Education and a Masters in
25 Special Education. I taught at both

1
2 levels; elementary and secondary. I
3 taught for many years at East Rockaway
4 High School Special Education.

5 Upon the birth of my second child, I
6 left teaching to stay home and raise my
7 three children, but during that time, I
8 continued to be active in the community,
9 in my children's schools, at my local
10 parish church, and doing whatever I could
11 to help the community that I've grown up
12 in.

13 At this time, where I find myself
14 with a little more time -- just a little
15 -- when asked to serve in a different
16 way, I was very eager to help and become
17 involved in this new venture. That is
18 what brings me here today. I'm happy to
19 meet all of you, tell you a little bit
20 about myself and look forward to serving
21 the community in a new way.

22 PRESIDING OFFICER NICOLELLO: Thank
23 you very much.

24 MS. MCGRATH: Thank you.

25 PRESIDING OFFICER NICOLELLO: Any

1
2 questions or comments from the
3 legislature? Legislator Ford?

4 LEGISLATOR FORD: Good afternoon.
5 Welcome.

6 MS. MCGRATH: Thank you.

7 LEGISLATOR FORD: I look forward to
8 working with you on this. The bridge is
9 very important, as you well know because
10 you live in the community and I'm sure
11 you travel over it quite often.

12 MS. MCGRATH: Yes. Many times.

13 LEGISLATOR FORD: I'm hoping maybe
14 to take some time next week to meet with
15 you in regard to this. I know it will be
16 quick, but as you know, there are some
17 concerns about the bridge. I've been
18 hearing from a lot of our residents. I
19 look forward to your leadership, your
20 guidance, and your commitment in working
21 with the residents and all of us for this
22 very important bridge.

23 MS. MCGRATH: Thank you very much
24 for that nice welcome. Thank you.

25 PRESIDING OFFICER NICOLELLO: We

1
2 have Deputy Presiding Officer Kopel and
3 then Legislator Deriggi-Whitton.

4 LEGISLATOR KOPEL: Good afternoon,
5 Ms. McGrath.

6 MS. MCGRATH: How are you?

7 LEGISLATOR KOPEL: I am well, thank
8 you.

9 I look forward to working with you
10 as well. I hope you're going to help get
11 something like EZ PASS or something like
12 that implemented really soon. The system
13 they've got now is not good. They have
14 these cards that expire at the end of
15 year leaving people with unused credit
16 and sometimes people lose quite a bit of
17 money on that. That's not right.

18 Otherwise, I think generally, I
19 think the bridge is being fairly well
20 run.

21 MS. MCGRATH: Good. As I said, I'm
22 happy to help in any way I can.

23 LEGISLATOR KOPEL: I hope you just
24 continue that.

25 MS. MCGRATH: Thank you. I do take

1
2 the position seriously and any decisions
3 that I would make would be well thought.
4 I would make an educated intelligent
5 decision.

6 LEGISLATOR KOPEL: Great.

7 MS. MCGRATH: Thank you.

8 LEGISLATOR DERIGGI-WHITTON: Hi.
9 I'm Legislator Whitton. Legislator
10 Lafazan and I represent the north shore
11 and there's a bridge out there, Bayville
12 Bridge. It's one of the two draw
13 bridges. We just had a lot of work with
14 it. I walk that bridge quite regularly.
15 Every time one operator especially gets
16 my ear, he tells me that they're looking
17 for more operators and how they can't get
18 a day off. If you could remember, number
19 one: There's a bridge on the north shore
20 too; and also if you could address that
21 issue. I'm not exactly sure where we are
22 with the number. It would be nice to not
23 hear about every time I cross the bridge.
24 Thank you.

25 MS. MCGRATH: You're welcome.

1
2 PRESIDING OFFICER NICOLELLO: Any
3 other legislators?

4 (Whereupon, no verbal
5 response.)

6 PRESIDING OFFICER NICOLELLO: Thank
7 you very much, Ms. McGrath. Thank you
8 for your patience as well.

9 MS. MCGRATH: Thank you. It was
10 nice to meet all of you.

11 PRESIDING OFFICER NICOLELLO: All in
12 favor of the appointment, signify by
13 saying, "Aye".

14 (Whereupon, all members of
15 the Nassau County Legislative
16 Body respond in favor.)

17 PRESIDING OFFICER NICOLELLO: Those
18 opposed?

19 (Whereupon, no verbal
20 response.)

21 PRESIDING OFFICER NICOLELLO:
22 Carries unanimously.

23 I'm going to handle the other
24 appointments at this time. Number 24, a
25 resolution confirming the appointment by

1
2 the Nassau County Executive of Norman
3 Sammut of a judge of the District Court
4 of the County of Nassau for the Second
5 Judicial District. Motion by Legislator
6 Rhoads.

7 LEGISLATOR RHOADS: Yes.

8 PRESIDING OFFICER NICOLELLO:
9 Seconded by Legislator McKevitt.

10 MR. SAMMUT: Good afternoon. I'm
11 Norman Sammut. First and foremost, I the
12 proud parent of a 17-year-old girl. I've
13 been a Nassau County resident for 38
14 years. I went to law school at Fordam
15 University where I obtained my bachelors
16 degree and my law degree there. I've had
17 a private practice for 31 years. I've
18 had a very diverse practice. I'm grateful
19 to the County Executive for the faith he
20 put in me and appointing me to this
21 position. There is no greater secular
22 purpose than to serve your fellow man and
23 I appreciate the opportunity to do so.

24 PRESIDING OFFICER NICOLELLO:
25 Legislator Rhoads.

1
2 LEGISLATOR RHOADS: Thank you so
3 much. This really isn't a question as
4 much as it is a statement. I've had the
5 honor of knowing Norman -- I don't even
6 know how long it's been. It's got to be
7 at least 20 years.

8 MR. SAMMUT: Over 25, actually.

9 LEGISLATOR RHOADS: Twenty five
10 years. I know of no one better qualified
11 and who has the perfect temperament to be
12 a judge and to sit in judgement and serve
13 the important function. Norman is
14 someone of tremendous intellect, but also
15 is someone with a passion for serving our
16 community. I am so thrilled to have the
17 opportunity be able to finally vote on
18 that appointment today. I think you will
19 make an outstanding jurist, and I'm
20 extraordinarily proud of you.

21 MR. SAMMUT: Thank you very much for
22 the kinds words; I really appreciate it.

23 PRESIDING OFFICER NICOLELLO: Any
24 other legislators?

25 (Whereupon, no verbal

response.)

PRESIDING OFFICER NICOLELLO: All in favor signify by saying aye.

(Whereupon, all members of the Nassau County Legislative Body respond in favor.)

PRESIDING OFFICER NICOLELLO: Those opposed?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: Carries unanimously. I will be the first to say congratulations, Judge Sammut.

MR. SAMMUT: Thank you very much (applause).

PRESIDING OFFICER NICOLELLO: I have four appointments to the Nassau County Advisory Council of People with Disabilities. Items 25, 26 , 27 and 28. They are resolutions to confirm the County Executive's appointment of: Stella L. Spanakos, Joel D. Ziev, Nadia Ortiz, Lora Webster to the Nassau County Advisory Council of People with

1
2 Disabilities. Moved by Legislator
3 Minority Leader Abrahams, seconded by
4 Legislator Lafazan. Those appointments
5 are before us. Nadia, you seem to be the
6 first one up.

7 MS. ORTIZ: My name is Nadia
8 Holubnyczyj-Ortiz. You were afraid of
9 that middle part (laughter).

10 I'd like to express my sincerest
11 gratitude to Legislator Abrahams and the
12 minority caucus for nominating me as a
13 member of the Nassau County Advisory
14 Council on People with Disabilities. I
15 would also like to thank the entire
16 legislature for the confirmation --
17 assuming -- and County Executive Blakeman
18 for advancing this Council. It is an
19 honor and a privilege that I will not
20 take lightly.

21 Over the course of 20 years living
22 in Nassau County being the primary
23 caregiver to two children, owning a house
24 in Floral Park with my husband of 22
25 years, I have become an active member in

1
2 my community. I have become an outspoken
3 citizen and advocate because I want to
4 live in a world where everyone is treated
5 equally, with respect, and with dignity.
6 Each and everyone of us at our core are
7 the same. There is a universal
8 unbreakable bond that every person
9 shares: Our humanity.

10 However, policies and practices in
11 Nassau County do not ensure equal rights
12 to our residents with disabilities as
13 compared to our cohorts. Prejudices,
14 assumptions, and uninformed societal
15 norms throughout the years, since 1899
16 when the County was formed, have shaped
17 their community to what it is today.

18 I look forward to working with my
19 colleagues on the Council and the
20 Legislature. Together we will work to
21 remove conditions that discriminate
22 against, exclude, or hinder the full
23 integration and participation of persons
24 with disabilities into all areas of
25 economic, political, and community life

1
2 in Nassau County.

3 I'm excited about the potential
4 impact we can have collectively and I
5 look forward to the results. Thank you
6 (applause).

7 PRESIDING OFFICER NICOLELLO:
8 Legislator Giuffre.

9 LEGISLATOR GIUFFRE: Nadia, we want
10 to thank you. You and I know each other
11 on a first name basis. On behalf of the
12 Legislature, we do want to thank you for
13 your service to the community and a
14 further service to the community in this
15 new role. This council is very important
16 to me personally. I'm sure you will
17 contribute and advance the goals of the
18 legislation. Thank you.

19 PRESIDING OFFICER NICOLELLO:
20 Legislator Drucker.

21 LEGISLATOR DRUCKER: Thank you,
22 Presiding Officer.

23 Nadia, I have had the privilege of
24 knowing you for the past six years and
25 you're advocacy on behalf of people with

1
2 challenges -- I don't like to say
3 disabilities, because it's challenges and
4 you overcome those challenges each and
5 every day. Your passion and your
6 advocacy are well known throughout Nassau
7 County. I couldn't be more astatic about
8 your appointment to this position. I
9 wish you the best of luck.

10 MS. ORTIZ: Thank you for your kind
11 words.

12 PRESIDING OFFICER NICOLELLO: Thank
13 you, Nadia.

14 We will have some of the other
15 appointments stand up.

16 In the meantime, Kevin, please take
17 a seat. Mr. McKenna, we can't have
18 people just wandering up in the well. We
19 would appreciate if you take a seat.
20 Thank you.

21 (Whereupon, Mr. McKenna
22 takes a seat.)

23 DR. ZIEV: Dr. Joel Ziev. I'm
24 really excited about this opportunity of
25 working with the County in making things

1
2 accessible and enhancing access for
3 people with disabilities. I'm not saying
4 you haven't done a lot, but there's an
5 opportunity to do more.

6 I'm formally the executive director
7 of the New York Society for the Deaf. I
8 spent 17 years in that position. I had
9 an office in New Hyde Park at the
10 Albertson Community Center and also
11 served as a member of the National
12 Advisory Committee of the Handicapped in
13 Washington. I chaired part of the White
14 House Conference of the Handicapped in DC
15 many years ago.

16 I also really feel the largest
17 number of people with disabilities are
18 among the elderly. Many are sometimes
19 referred to as the frail elderly. I'm
20 excited that this advisory group works
21 both with the Department of Aging, as
22 well as with the Office of the Physically
23 Challenged.

24 This is an opportunity to really do
25 the right thing. Older people may be

1
2 deaf, blind, low vision, physical
3 disability, cognitive impairment. It is
4 generally agreed that a significant
5 number of people over 80 are not computer
6 literate and many may also have a
7 significant degree of other disabilities.
8 It's a challenge.

9 Everything we do is computer. You
10 need a Covid exam, computer. We're not
11 serving those people. If you come before
12 a meeting like this, many people who are
13 older have low vision and are not able to
14 read or understand what is going on and
15 they can't hear to understand what's
16 going on. They're floundering and
17 they're homebound. Therefore, they're
18 frequently referred to as frail and
19 elderly. Social Security Administration
20 usually refers to this group as the
21 Legacy Population. They don't have the
22 ability to gather information of any kind
23 through normal channels.

24 I look forward to working with you
25 and your colleagues in making things more

1
2 accessible for people with disabilities
3 and making our services available through
4 specialized outreach services that we can
5 work with on many levels.

6 My work with the State Office of
7 Aging where I served as a member of the
8 National Advisory Committee there -- I
9 think it's going to work out great.
10 These are fine people you selected. I
11 enjoyed talking with them. Nadia I've
12 known for a while.

13 Thank you very much for your
14 cooperation. Thank you very much for your
15 confidence, our appointment, and your
16 confirmation. Thank you (applause).

17 MS. WEBSTER: Hi, everybody. I'm
18 Lora Webster, this is Cassidy
19 (referring). I just want to say, I'm an
20 almost four year resident of Point
21 Lookout. I'm a mom of four and I have
22 been member of the US National Sitting
23 Volleyball Team for the last almost 20
24 years. I just want to say thank you. I'm
25 looking forward to working with these

1
2 fine people trying to help the people of
3 Nassau County. Thank you for letting us
4 be here.

5 I'm going to quietly step away now
6 (applause).

7 PRESIDING OFFICER NICOLELLO: Is
8 Stella Spanakos here?

9 MS. SPANAKOS: My name is Stella
10 Spanakos. I'm very grateful for the
11 opportunity to work and help my fellow
12 constituents in Nassau County. I'm very
13 grateful to the Legislature Chamber as
14 well as the County Executive for the
15 nomination. I grew up in the city. I am
16 a social studies teacher by profession.
17 I have been in the field of autism now for
18 close to 30 years now. I now reside in
19 the Manhasset/Port Washington area.

20 It's hard to believe ten years ago
21 with the tsunami of individuals that were
22 transitioning from high school to their
23 adult life I realized that we were
24 trouble. I have a 30 year-old-son who is
25 profoundly affected by autism and also

1
2 has a seizure disorder. He is low
3 functioning. As far as a high school
4 degree and work and all these things,
5 they're very serious problems.

6 When I was investigating what comes
7 next, I realized the opportunities were
8 really far and few between. There were
9 waiting lists. We had some serious issues
10 when it comes to programs, housing, and
11 opportunities for employment. I was
12 discussing my son's options with my
13 husband and in the course of this
14 discussion, my husband tragically had a
15 massive heart attack and died, so I was
16 left a single parent of an only child who
17 has some profound disabilities.

18 When you're faced with the abyss of
19 your life and you're looking at it,
20 there's only one of two choices: Either
21 you rise to the occasion, or else you
22 wallow in self-pity. I decided to take
23 everything I owned to create the
24 opportunity, since banks don't really
25 fund not for profits, and I started the

1
2 Nicholas Center and Spectrum Designs
3 Foundation. The Nicholas Center is a
4 vocational high school program which
5 gives opportunities for teaching a skill
6 and also offers opportunities and
7 programs in the community. I am
8 constantly building on these projects and
9 affiliations with other organizations.

10 Also, we created a social enterprise
11 called Spectrum Designs. We do all phases
12 of DTG, silk screen, embroidery. Eighty
13 five percent of my workforce has autism.
14 We are the largest employer of
15 individuals with autism in Nassau County.

16 It's possible, it's doable; we need
17 more opportunities. I am very grateful
18 to bring whatever I can to the table to
19 help and fill the lives of all
20 individuals in Nassau County and Suffolk
21 County. It doesn't matter. If you have
22 a disability, we need to help.

23 Thank you so much (applause).

24 PRESIDING OFFICER NICOLELLO: I'm
25 going to open it up to other legislators.

1
2 I will note for the record, since
3 it's been asked, we have Language Line
4 available to anyone with any hearing
5 disabilities or difficulties. Nassau
6 County Police Department is here to
7 assist anyone with this device and
8 technology who needs to use it.

9 Legislator Deriggi-Whitton, I
10 believe you had comment.

11 LEGISLATOR DERIGGI-WHITTON: I just
12 wanted to mention that I have been
13 blessed to have both Joel and Stella as
14 constituents on the North Hempstead
15 portion of my district. Their friendship
16 has probably been one of the best gifts
17 I've had as a legislator.

18 Joel, with your four pages worth of
19 a resume -- I've never seen a resume so
20 long, but this has been your lifetime
21 mission. It really started with your son
22 and you can tell the passion that you
23 have.

24 Stella, with Nicholas, I love
25 Nicholas. I have been to many of her

1
2 events and toured all of her facilities.
3 If anyone ever needs any tee shirt or
4 print work, I highly recommend that you
5 Google (sic) her services.

6 We have an interesting thing.
7 Stella raises money, she was actually my
8 trail blazer in 2020 when the world shut
9 down. This is the beginning of that. We
10 will do it again when we get the program
11 back on.

12 Stella's Nicholas, who she's raised
13 so much money for and has helped so much,
14 and my Amanda, who has diabetes, are born
15 on the same day, so I have that connect
16 with her. The two of them have
17 influenced our lives and taken it to
18 places that we never thought we'd go.

19 Stella, you've been a role model for
20 not only just the constituents, but for
21 moms. Like you said, you look at the
22 situation and you decide to succeed.
23 That's something we all need to be
24 reminded of sometimes.

25 Thank you, both, for volunteering

1
2 for this, and all of our volunteers. You
3 make this world and this county a better
4 place.

5 PRESIDING OFFICER NICOLELLO:
6 Legislator Mule.

7 LEGISLATGOR MULE: Thank you,
8 Presiding Officer.

9 I don't know Joel or Stella, but my
10 gosh. What you've accomplished is just
11 amazing and I'm so happy to be supporting
12 you. I do know Nadia and Lora and I can
13 say firsthand that they are outstanding
14 people who will serve this committee well
15 and serve the residents of Nassau County
16 well.

17 I think everyone is probably being a
18 little bit humble. I know for a fact
19 that with Lora and Nadia that there is
20 much more that they could tell us that we
21 would all be astounded about, so we are
22 very lucky to have all of you serve on
23 this committee. Thank you (applause).

24 PRESIDING OFFICER NICOLELLO: Any
25 other legislators?

1
2 LEGISLATOR FORD: Congratulations to
3 all four of them that have been nominated
4 and on this advisory council. A very
5 special thanks to you, Lora. Lora is a
6 constituent in my area, Point Lookout.
7 She is a very well-loved resident up
8 there. She has contributed a lot to the
9 community. A great role model. I didn't
10 realize you had another baby, so
11 congratulations. You have your hands
12 full, but I know that you will be able to
13 fulfill your role on this board in a very
14 important way. I thank you very much for
15 accepting this (applause).

16 PRESIDING OFFICER NICOLELLO: Any
17 other legislators?

18 (Whereupon, no verbal
19 response.)

20 PRESIDING OFFICER NICOLELLO:
21 Hearing none, all in favor signify by
22 saying aye.

23 (Whereupon, all members of
24 the Nassau County Legislative
25 Body respond in favor.)

PRESIDING OFFICER NICOLELLO: Those
opposed?

(Whereupon, no verbal
response.)

PRESIDING OFFICER NICOLELLO:
Carries unanimously. I want to
congratulate all the new appointees in
their position.

1
2 PRESIDING OFFICER NICOLELLO: My
3 apologies to those who filled a slip for
4 public comment, we are going to go right
5 back into it.

6 Next up is Jamie Bokenshutz with
7 respect to Youth Services.

8 MS. BOKENSHUTZ: I wish I could sing
9 so I could make sure you're all paying
10 really good attention to me. Since I
11 can't, I'm going to just read to you.

12 My name is Jamie Bokenshutz. I come
13 before you today to talk to you about
14 youth services and some of the issues
15 that we are confronting.

16 Long before most of you even
17 considered a life of governments,
18 politics, and civil responsibility, I
19 stood before the Board of Supervisors.
20 The body of elective officials that
21 predated the creation of this legislative
22 body and even the County's revised
23 charter.

24 Back then, some 45 years ago, I was
25 enthralled with the notion that there

1
2 would be a room filled with county
3 champions and warriors for humanity.
4 Advocates who would fight fearlessly for
5 children and families of our communities.
6 What I would quickly learn and needed to
7 accept was that often times loyalty to
8 party and political agendas would
9 dramatically clash with the quest to do
10 the right things for the right reasons.
11 A profound lesson to learn when so young,
12 but one that would nonetheless resinate
13 with me for decades.

14 Back then and until quite recently
15 I've stood in these chambers -- many of
16 you know me -- as the executive director
17 of a community based organization, a past
18 president of a chamber of commerce and
19 assuming leadership roles in suicide
20 prevention and other coalitions that
21 focus on drug treatment and children.

22 I thought that who I was and what I
23 represented and what I was asking would
24 help to bring about change, would impact
25 and would save lives. I would work hard

1
2 to make communities better and to make
3 this county safer and stronger. I
4 couldn't have been more mistaken. Not
5 much has changed. Endless requests for
6 funding on behalf of youth services seem
7 to fall on deaf ears. Children continue
8 to die, families continue in chaos,
9 turmoil; nothing dissipated. In fact,
10 with Covid, everything go exacerbated.

11 Here I stand before you, yet now as
12 a retired executive. A parent who raised
13 her children in Nassau County and today a
14 grandmother and still is committed to
15 finding amongst you those legislative
16 warriors and champions who, maybe, just
17 maybe, will have the courage and the
18 wisdom to do something to ensure that
19 mental health and stability of our youth,
20 to ensure funding is identified and
21 increased for youth services.

22 Over the years, and certainly in
23 recent times, you have heard, read or
24 perhaps even known children and families
25 and parents whose lives have been

1
2 terribly compromised. Many of those
3 children in tragedies have been the
4 forefront of discussion and headlines.
5 Tragedies that we would be irresponsible
6 to ignore, or worse yet, deny that these
7 types of issues can happen in our
8 backyards. I know you you know that they
9 do happen in our backyards.

10 Some of you may be asking, why are
11 we even going to bother funding Youth
12 Services? Well, I would hope by now,
13 more than ever, you would understand that
14 this system, close to 40 nonprofit
15 organizations, neighborhood-based,
16 county-based, serve tens of thousands of
17 children keeping them stable and safe
18 when no one else can and no one else
19 does, turning no one away when they need
20 help.

21 Yet, this testimony is about more
22 than sustainability. It is about asking
23 you to reach within and decide what's
24 right. To decide how do you make an
25 increased allocation to Youth Services

1
2 happen. It's warranted, it's logical,
3 it's ethical, it's moral. If we are to
4 consider this county a county like no
5 others, and I know that we do, then you
6 must, you must be able to recognize that
7 a reinvestment and ongoing commitment to
8 increase a sustainable funding for Youth
9 Services is a critical ingredient to
10 ensure a safe and healthy future for us
11 all.

12 PRESIDING OFFICER NICOLELLO: Please
13 sum up.

14 MS. BOKENSHUTZ: Yup. I'm wrapping
15 it up.

16 Every system needs its warriors and
17 champions, voices to step up when others
18 cannot. Voices to step up when stepping
19 up is not easy. Where would we be without
20 those champions? Youth Services needs
21 you. Our children, our families need you
22 like they've never needed you before.
23 Not just your words, or maybe because a
24 heartstring has been pulled, but by
25 taking action today to make tomorrow

1
2 better for all of us.

3 Thank you (applause).

4 PRESIDING OFFICER NICOLELLO:

5 Andreas Hepheasos.

6 MR. HEPHEASOS: Good afternoon. My
7 name is Andreas Hepheasos. When I bought
8 my house 30 years ago, my real estate
9 taxes were \$5,000. I'm a lawyer and a
10 CPA for 40 years. I know a lot of
11 lawyers and a lot of doctors and CPAs who
12 follow your instruction on you website
13 and give an application to reassess the
14 valuations. Not even one single person
15 had one dollar reduction.

16 A lot of them decide to give it to
17 this guy on TV and out of the blue they
18 get a reduction. We the residents, are
19 penalized and pay to correct your errors
20 because your assessment pages were
21 incorrect.

22 I used to be a CFO for 50 companies
23 with 5,000 people working for me. Why
24 can't you hire internally these people
25 they claim to be specialist to be able to

1
2 keep your website and lower everybody's
3 real estate tax? Why the residents of
4 this county which is pays the highest
5 real estate taxes in the country have to
6 be penalized to correct your assessment?

7 I suggest if you could put the
8 registration to put it into voting to put
9 money in the budget to hire people to
10 correct your assessment valuations.
11 People should not get penalized to have
12 lawyers outside, which based on our
13 conversation, one of the legislator here,
14 claims this guy makes so much money they
15 own islands on our expense. Why don't
16 you hire experts to correct what these
17 guys are doing?

18 I don't know how you can fix the
19 problem, but this is crazy. I don't
20 think the services you offer to the
21 county for the past 20-30 years increase
22 as much as my taxes. From five to thirty
23 and everybody around pays 20, 30 times
24 more than they have to pay and we have to
25 get penalized to correct your errors.

1
2 That's not fair. This is not fair.

3 I came to this country with five
4 dollars. I worked to be where I am. I
5 got two daughters that are lawyers. I'm
6 (inaudible) this country. I love Nassau
7 County. But the way things are run is
8 not correct. This is not fair to the
9 residents. Why you have to penalize to
10 correct your error? At some point you
11 have to do your job and hire the right
12 people to correct the assessed
13 valuations.

14 According to your lawyer, your
15 lawyer says that he's coming out with a
16 report which is gonna show what you guys
17 are doing. I don't think you doing
18 anything, because for the past 20 years,
19 my taxes and everybody else go up. I
20 hope you do something about it.
21 Otherwise, you shouldn't be doing what
22 you're doing. You working with a company
23 and refuse to work, you should be fired.
24 You don't deserve to do what you're
25 doing. Thank you.

1
2 PRESIDING OFFICER NICOLELLO: Tom
3 Bruno, Hicksville Boys and Girls.

4 MR. BRUNO: Good afternoon,
5 everybody. Thank you for allowing us to
6 speak here again today.

7 I'm here also to speak about the
8 budget for the Nassau County Office of
9 Youth Services. Programs in Nassau County
10 have not received an increase since the
11 1980's. That's almost 40 years ago.
12 When Covid hit, the devastating effect it
13 had on our young people emotionally and
14 educationally are coming to the surface
15 now. Our programs -- I remember. It was
16 March 13. We had our Friday night
17 basketball program. All of a sudden,
18 Saturday morning, we got notification
19 from the County, which came down from the
20 State, that all these services had to
21 stop. Young people had their education
22 taken away and they had every means of
23 social interaction taken away for almost
24 seven or eight months. Our programs,
25 through the Office of Youth Services, was

1
2 able to mobilize and get programs out to
3 kids virtually. Then when we were
4 allowed, we got these programs back to
5 the kids everyday like we had done in the
6 past.

7 Right now, our young people are
8 suffering dramatically from that cutback
9 in education. We're seeing it at our
10 program. We work very closely with the
11 Hicksville School District. We are doing
12 tutoring and after school homework help
13 for our kids. If we're gonna have the
14 next generation of our young people be
15 able to find employment and to develop
16 into contributing members of our society,
17 we have to put more money back into this
18 budget. The resources are there. Please,
19 when it comes time to the budget vote,
20 please, don't forget Youth Services.
21 Thank you very much (applause).

22 LEGISLATOR WALKER: Tom, I want to
23 just thank you for all you do for our
24 Hicksville kids. All of you who are here
25 from Youth Services, I want to thank you

1
2 for all you do for our children. I do
3 hear what you're saying. Especially
4 after this pandemic. Some of those kids
5 sat home and were very isolated for
6 almost a year. Even when they went back
7 to school, some of them still didn't go
8 back to school. They stayed home and did
9 virtual learning. It's been a very tough
10 time for our children, so all that we can
11 do to help them, it's certainly taken
12 it's toll. Thank you.

13 PRESIDING OFFICER NICOLELLO: Kevin
14 McKenna.

15 MR. MCKENNA: My name is Kevin
16 McKenna. I'm a Nassau County advocate,
17 tax payer, and blogger on
18 NassauCountyNYnews.com. I had advised
19 you all via email of the following -- I
20 had advised you all in an email that you
21 might not have been aware of:

22 We have an Inspector General's
23 Office that's nonresponsive. We have a
24 County Comptroller, Elaine Phillips, that
25 is nonresponsive who ran on a campaign of

1
2 being a watch dog for the residents.
3 They're totally unresponsive to serious
4 issues. We have a DA's office that you,
5 the Nassau County Legislature, has not
6 informed the residents that we're lacking
7 a chief of the Public Corruption Unit.
8 Basically, right now, there is no
9 oversight in Nassau County, because the
10 Inspector General is nonresponsive and
11 the DA's Office has no Public Corruption
12 Chief. We have a County Executive's
13 Office that right now has multiple top
14 vacancy positions open.

15 We're able to budget for those
16 positions, but we're not allowed to help
17 the people that just advocated behind me.
18 If any of you really cared about issues,
19 if you stopped spending your time patting
20 yourselves on the back and taking photo
21 ops all the time -- where were you all
22 yesterday when advocates for the housing
23 and landlord problem in Nassau County --
24 when advocates were standing yesterday on
25 the steps of the Nassau County

1
2 Legislature. Where were you? You
3 weren't there. You weren't there. You
4 can watch that video on Nassau County NY
5 News.

6 County Executive Bruce Blakeman just
7 sent out this first "*Blakeman's*
8 *Bulletin*". I had emailed the following:
9 Every legislator, County Executive, DA,
10 and the Nassau Police Commissioner, but
11 not one of you have responded to this
12 question: "Are all crimes that occur in
13 the areas not patrolled by the Nassau
14 County Police Department, like the
15 Villages of Hempstead and Freeport, are
16 those statistics always included in the
17 Nassau County statistics?" Why can't I
18 get an answer to that question?

19 Bruce Blakeman lies to the public in
20 this waste of taxpayers' money. Bruce
21 Blakeman says, "The County Legislature
22 has made progress in making Nassau County
23 a more affordable and safer place to
24 live". He actually tells the residents
25 that we live in an affordable and safe

1
2 place to live when you all republicans
3 are blasting the democrats that the crime
4 is out of control because of the bail
5 reform laws. Every three months, you all
6 receive statistics from the Police
7 Commissioner of Nassau County. Guess
8 what? I just got a copy of them. Why
9 haven't any of you shared the crime
10 statistics with the residents while
11 you're telling everybody that crime is
12 out of control and blaming the democrats?
13 Why aren't you sharing the crime
14 statistics? Because the crime statistics
15 that I have that are posted on Nassau
16 County NY News, don't fit your narrative.

17 Thank you very much. You should all
18 resign.

19 PRESIDING OFFICER NICOLELLO: Pat
20 Boyle, Coalition of Youth Services.

21 MR. BOYLE: Hi. My name is Pat
22 Boyle. I'm with the Nassau County
23 Coalition of Youth Service Agency.

24 All politics aside, okay. Let me say
25 that again, all politics aside. Anybody

1
2 watch 60 Minutes last night? One of the
3 things that President Biden said was that
4 the Covid epidemic is kind of waning.
5 It's coming down. He talked a little bit
6 about that. Well, I've got some news for
7 him. That's not true. And it's not true
8 with the young people. We're finding now
9 more and more depression in young people.
10 They're sad about this situation and it
11 has all to do with Covid.

12 We're finding a lot of anxiety,
13 especially kids in elementary and middle
14 school. They're always waiting for the
15 other shoe to drop now. What happens
16 next? Will my mommy or daddy be taken
17 away? Although there's been strides
18 made, it's not enough. We don't just
19 throw out -- for the people who are newer
20 here on the Legislature -- we just don't
21 throw out basketballs and say, here, go
22 play and have fun. We're doing
23 counseling, we're finding employment
24 programs, we do a lot of different
25 things. I won't go through it all

1
2 because you all know.

3 Now, I've kind of heard through the
4 grapevine that there's a little bit of
5 money out there in the County. The County
6 is in better shape than it has been,
7 definitely for the past very many years.
8 The fact that there is some money out
9 there says that this is a great
10 opportunity for you to be able to put
11 more money into the budget so that way we
12 would be able to provide the services
13 that were needed.

14 Let me give you one example for our
15 agency alone: I used to be able to run
16 programs in a couple of different schools
17 with the money that the County gave us.
18 I also get State money, Town money; I do
19 everything I can to get everything I
20 possibly can. Right now, I can only run
21 with the County money programs for nine
22 months. What do I do with the other
23 three months. The other three months
24 would probably be summer, because our
25 after school programs and our home

1
2 assistance are so important. If we close
3 down summer programs in Elmont, 250-300
4 kids have nothing to do. Their parents
5 have to hustle everywhere to be able to
6 find the resources to keep their kids
7 safe. It's going to be something that's
8 going to be horrible. Please, while the
9 money is there, please add something to
10 our budget so that way we can provide the
11 service that, as Jamie said before,
12 nobody else can or wants to.

13 Thank you very much (applause).

14 (Whereupon, Presiding
15 Officer steps off dais for a
16 brief moment.)

17 LEGISLATOR KOPEL: Claudia Boyle.

18 MS. BOYLE: Good afternoon. No
19 relationship to Pat Boyle.

20 My name is Claudia Boyle. I'm the
21 Chief Executive Officer of the Hispanic
22 Counseling Center. Listen, I don't want
23 to repeat everything you know. I know
24 you know the statistics. I know you know
25 what's going on. I know you know the

1
2 youth are important. The only thing I
3 can tell you is there is early
4 intervention in every single aspect of
5 our lives, except youth services. Youth
6 services is early intervention. With
7 youth services you prevent mental health
8 issues, you prevent substance use issues,
9 you prevent all the other stuff that can
10 happen, the violence that's happening,
11 especially the Village of Hempstead.
12 That's the only thing I have to tell you.
13 You know what's going on. You understand
14 what the problem is, but we need
15 sustainable funding. That's that's all we
16 need. We have the people to do it. We
17 know how to do it. We have the
18 engagement for the kids to come and do
19 what they need to do. We just need
20 money. We need money to do our job;
21 that's all.

22 Thank you so much for your time.
23 Have a wonderful time and God bless
24 (applause).

25 LEGISLATOR KOPEL: Thank you. The

1
2 next one is Tosha Lipsey.

3 (Whereupon, no response.)

4 LEGISLATOR KOPEL: Okay. Aaron
5 Felix.

6 MR. FELIX: Good afternoon. I'm
7 here on behalf of Eager to Serve. Nassau
8 County Department of Social Services
9 representatives have arbitrarily and
10 capriciously decided to cut the housing
11 benefits of several clients because they
12 did not want to leave the shelter and go
13 to the hotel without reasonable cause.
14 The fact that the clients would rather
15 stay in the shelter and not go into a
16 hotel speaks volumes about the support
17 that ETS provides.

18 The shelter building department
19 called the homeless shelter sometime
20 around April 27 to inform the clients that
21 money was put on their benefit card to go
22 a hotel immediately. A DSS inspector
23 came to the house and refused to come
24 inside, but asked the staff to speak to a
25 specific client to come with them to a

1
2 hotel. They were going to give the
3 client money on their benefit card to
4 move out. The client was informed that
5 they had to move and their money would be
6 on their card and come clients refused to
7 leave the shelter. Therefore, their
8 benefits were cut indicating that DSS did
9 not know their whereabouts. From April
10 27 until now, the clients have
11 consistently signing the sign-in sheet
12 recording their attendance. These sheets
13 have still been submitted biweekly by
14 their shelter provider. Additionally,
15 attendance was emailed to the Department
16 of Social Services daily, now weekly,
17 since the Shelter on-line tracking system
18 was canceled. These emails indicate the
19 attendance and provide the whereabouts of
20 the clients who remain in the shelter
21 while seeking decent affordable housing
22 and employment. DSS continues to not do
23 business with us and this has caused a
24 lot of stress on clients, employees and
25 shelter providers. The things I just

1
2 described are so outrageous that at first
3 I couldn't believe it. I've seen clients
4 unable to get their medications and snack
5 benefits.

6 The issues that are going on between
7 Eager to Serve and DSS are negatively
8 impacting the people in our community.
9 The people we both would like to serve.
10 All I ask is for someone, anyone, to help
11 Eager to Serve instead of ignoring us.
12 There are several things that can be done
13 now. Some of you have visited our
14 facility, have talked to our staff, and
15 have witnessed firsthand the Eager to
16 Serve in action. The battle we are
17 fighting is one that is completely unjust
18 and disappointing that it exists in the
19 first place. If this as important to you
20 as it is to me, I urge you to please get
21 involved. Thank you.

22 LEGISLATOR KOPEL: Thank you. Meta
23 Mereday.

24 MS. MEREDAY: Meta Mereday. I will
25 try to keep it brief. I'm just trying to

1
2 be reflective. This has been a hard
3 period of time, I have my 9/11 hat and my
4 Tuskegee Airmen (indicating) to represent
5 my passion and my mission for veterans.

6 The speakers today have all spoken
7 so eloquently with regard the lack of the
8 distribution of the enormous wealth that
9 Nassau County has. I won't prolong my
10 comments for a change -- or maybe I will,
11 I'm not sure -- but I stand here again
12 with regard to the issue that has not
13 been addressed here, which is our
14 Veterans and that encompasses all these
15 issues: The suicide, long Covid, lack of
16 work developing, education, reinforcing
17 support services and they also tie in
18 with Nassau Community College and I've
19 been speaking to the representatives
20 here.

21 I think this is an important
22 opportunity and, again, a window is
23 closing. I mentioned to this body a few
24 months ago that the State is waiting for
25 Nassau County which is the representative

1
2 body that's in charge of the NUMC
3 facilities that can be utilized and not
4 the distribution center for patronage,
5 nepotism, and cronyism that seems to run
6 rapid in Nassau County. But I also agree
7 with the advocate who stands here filming
8 and definitely support his efforts that
9 we need to groom out the additional and
10 probably soon to be coming -- because
11 whenever you get money in Nassau County,
12 somebody else runs off with it and more
13 communities continue to suffer.

14 But the Federal Government -- it
15 pains me that I have to participate
16 weekly on the Whitehouse Office of Public
17 Engagement, which I served on under two
18 administrations with a blanket piece in
19 the middle of an individual that I dare
20 not mention. The issues of (inaudible)
21 that was passed with bipartisan, which is
22 such a rare animal in this environment,
23 so say what you will about anybody's
24 administration, but those funds and
25 resources that can tie into research

1
2 development and job development can be
3 beneficial to our residents that are
4 veterans right here in Nassau County.

5 *Newsday* just posted an article
6 about the affects of long Covid on the
7 residents of Nassau County. Again,
8 Federal Government is coming up with
9 guidelines right now, which includes
10 funds and resources. We can't continue
11 to miss out on opportunities and our
12 students, young people, our seniors, our
13 Veterans and our families suffer.

14 Again Nassau University Medical
15 Center can be a storehouse for research,
16 development, workforce development, jobs,
17 family support for the residents here.
18 It is time that we step up to the plate.
19 We need to step up to the plate. And as
20 it says in the *Newsday* article, a call
21 for non partisanship and working
22 together. Thank you (applause).

23 PRESIDING OFFICER NICOLELLO: Ariel
24 Silberman.

25 MS. SILBERMAN: Hello. My name is

1
2 Ariel Silberman. I am a current sophomore
3 at Nassau Community College and a proud
4 president of the Achilles Club on campus.

5 During the summer, I had the
6 pleasure of running into an alumni at
7 Nassau who graduated 40 years ago. She
8 spoke candidly and excitedly of how much
9 the NCC experience had changed her life.
10 She emphasized how Nassau was her
11 equalizer. In her view, Nassau was a
12 college that gave everyone a chance,
13 regardless of their background. Nassau's
14 goal for students was not to just to
15 succeed, but to thrive. It produced
16 exceptional people who went on to do
17 exceptional things.

18 The people coming to Nassau continue
19 to be exceptional, but the pillars that
20 hold up the institution are crumbling.
21 The lack of inadequate budge for 15 years
22 has had a substantial negative impact on
23 everything but makes Nassau the
24 incredible school that it is. It has put
25 a stranglehold on our academics and

1
2 clubs, put pressure on our technologists
3 who are the invisible backbone of our
4 school and support our professors. It
5 has caused support in the Student Help
6 Office to be scaled down, which directly
7 hurts students and it has put pressure on
8 the professors who are the heart of the
9 school to make due with so much less,
10 which they do because they are incredible
11 people who want the best for their
12 students. But the point is, they should
13 not have to.

14 Nassau, as a college, is only as
15 strong as the people who teach in its
16 distinguished halls and they deserve the
17 complete backing financially and
18 otherwise of this Legislature. That is
19 why we are asking the Legislature to work
20 with the Board of Trustees to approve a
21 supplemental budget for the college to
22 keep our academics and other programs
23 thriving and to bring Nassau back to the
24 glory days that the alumni remember so
25 fondly.

1
2 I am not up here because it's
3 comfortable for me. I hate public
4 speaking. But I'm here in the pursuit of
5 something more important. Nassau and the
6 professors, more specifically, have given
7 everything to me and help me thrive and
8 develop as a student. I would not be
9 standing her speaking in front of you if
10 the Achilles Program, in particular,
11 hadn't developed me as it has.

12 Nassau it its teachers deserve
13 better, so let's make it happen
14 (applause).

15 PRESIDING OFFICER NICOLELLO: Thank
16 you. Greg Resnick.

17 MR. RESNICK: I'm Greg Resnick. I'm
18 actually requesting the same thing. A
19 supplemental budget for Nassau Community
20 College.

21 As alumni and former staff of Nassau
22 Community College, I have seen the
23 college crumbling. As quality professors
24 are slowly retiring and new professors
25 are not being able to come in and be paid

1
2 appropriately. The future of society
3 lies in the students. Nassau Community
4 College has granted myself and so many
5 others a firm foundation and education to
6 provide the opportunities of employment
7 as well as moving up in society.

8 Thank you (applause).

9 PRESIDING OFFICER NICOLELLO: Thank
10 you. Sagy, from Island Park.

11 MR. SAGY: I don't know if I'm in
12 the right place to explain what happened.
13 I do this very shortly and very quickly.
14 I try, but English is not my first
15 language.

16 Basically, I talk about my mother.
17 She is a holocaust survivor. She is an
18 old lady and she is not like a healthy
19 lady in life. She is 90% blind. She
20 needs to pay the tax. My mother pay the
21 school tax and the general tax on time.
22 She likes everything on time. I was
23 shocked when we see my mother get the
24 letter like she get penalty because she
25 don't pay the tax on time. I spoke with

1
2 the treasury office with the guy the name
3 Andrew Basillio (phonetic). He said
4 please bring me proof with the post
5 office. I bring him proof with the post
6 office; I have it here. I bring proof
7 with the stamp and everything. He said
8 it's no good, you need to give me
9 tracking number. I go and I give
10 tracking number. Everything proof. He
11 said he don't want to help to my mother.
12 Insult us in the phone. Talk very bad.
13 We try to go to the Legislator office. I
14 even speak with this gentleman; the name,
15 Chris Leimone. I try to speak with David
16 Chen (phonetic), I try to speak with
17 Bruce Blakeman. Everyone of the people
18 dump us. The people don't respect us.
19 We give every proof we can give, but they
20 won't (undecipherable) the \$4-5,000
21 penalties. Free money. My mother
22 (undecipherable) Supreme Court. She win
23 a grievance; 60%. I have it here. They
24 don't want to give it. We don't know who
25 to talk. I grieve by myself

1
2 (undecipherable) Delta forces. I have
3 proof. I met George Bush in 1994. I
4 don't know who to talk.

5 Everyone dumps us. They dump old
6 lady. He said, pay; it's only \$5,000.
7 For my mother, it's a lot of money. I
8 tried to speak with Denise Ford. No one.
9 I tried to speak with the governor. I
10 don't know if someone can hear and give
11 to pay the right amount, my mother gonna
12 pay right away, the general tax, the
13 school tax. Even they don't give what
14 they call, the size -- the reduction. I
15 don't know if I talk to the right place.
16 Thank you very much for listening.

17 PRESIDING OFFICER NICOLELLO: Thank
18 you, Mr. Sagy. Chris, you want to speak
19 to this gentleman?

20 MR. LEIMONE: Chris Leimone, for the
21 Administration. I have discussed this
22 matter with Mr. Sagy. He has been
23 referred both to the Treasurer's Office
24 and also the County Attorney's Office.
25 Unfortunately, it seems based off

1
2 whatever information he has provided the
3 Treasurer's Office so far, it's not
4 sufficient to remedy to problem. I think
5 he has been told that numerous times.
6 That's where we stand as of today.

7 PRESIDING OFFICER NICOLELLO: Okay.
8 Thank you.

9 Mr. Sagy, sorry we are moving on.

12 Hearing none, all in favor signify by

14 PRESIDING OFFICER NICOLELLO: Next

17 appropriations heretofore made within the
18 budget for the year 2022.

19 Moved by Legislator Ford, seconded
20 Legislator Bynoe, Item 34.

21 LEGISLATOR BYNOE: Is there somebody
22 here from Emergency Management?

23 MR. DELISA: Hello, my name is Tom
24 DeLisa from the Office of Emergency
25 Management.

1
2 LEGISLATOR BYNOE: I was wondering
3 if you could tell me a little bit about
4 this item. I know it's a transfer, but
5 can you tell be about the software?

6 MR. DELISA: Well, that's more of an
7 IT issue. It's software to maintain the
8 data on the County network. I think you
9 want an IT guy that can explain it a
10 little better.

11 LEGISLATOR BYNOE: I think you are
12 absolutely correct.

13 MR. DELISA: I mean it's supposed to
14 take care of the malware or something
15 like that, but they'd be able to tell you
16 --

17 LEGISLATOR BYNOE: Is there anyone
18 here from IT? Chris?

19 MR. DELISA: I can explain why it
20 got transferred.

21 LEGISLATOR BYNOE: No. I don't
22 really need that. Thank you. I
23 appreciate you. You are definitely
24 right. I need someone from IT.

25 MR. LEIMONE: Hi. Chris Leimone

1
2 from the Administration. Sorry,
3 Legislator, I was having a conversation
4 on the side. I did not hear the
5 question. You need someone from IT?

6 LEGISLATOR BYNOE: Yes. It's an
7 item that came out of Office of Emergency
8 Management to reimburse the IT Department
9 for some software and I have questions
10 about the actual functionality of the
11 software.

12 MR. LEIMONE: Okay. I don't have
13 anyone from IT here, so I don't know.
14 Unfortunately, I cannot answer that
15 question. I could try to get someone. I
16 don't know if OEM --

17 LEGISLATOR BYNOE: No. OEM won't be
18 able to answer the technical aspects of
19 the software.

20 MR. LEIMONE: I can try and get you
21 the information.

22 LEGISLATOR BYNOE: No. It's okay.
23 I'll just speak to the presiding officer.

24 PRESIDING OFFICER NICOLELLO: We do
25 have some emergencies that came in so

1
2 maybe you can ask IT to come down here,
3 we will do he emergencies with respect to
4 the school tax forms and all that stuff
5 and maybe it will give us a little time
6 to get them.

7 LEGISLATOR BYNOE: Okay. Perfect.

2 PRESIDING OFFICER NICOLELLO: Mike,
3 I think we have a number of emergencies
4 that have to be called.

5 CLERK PULITZER: That is correct.
6 Would you like me to read it?

7 PRESIDING OFFICER NICOLELLO: Yes.

9 and the Nassau County Administrative
10 Code.

11 Motion by Deputy Presiding Officer
12 Kopel, seconded by Minority Leader
13 Abrahams to establish the emergency. Is
14 anyone here from Assessment?

15 MS. ESTIS: Good afternoon, I'm Karen
16 Estis, Deputy County Attorney, Counsel to
17 the Department of Assessment. Good
18 afternoon.

19 PRESIDING OFFICER NICOLELLO: Could
20 you briefly explain what these items are
21 for and what the emergency is?

22 MS. ESTIS: The emergency is is that
23 we just received the numbers from the
24 school districts and that's why it was an
25 emergency, because they were late.

1
2 PRESIDING OFFICER NICOLELLO: My
3 understanding is there are two districts
4 that straddle the Nassau/Suffolk boarder
5 and those two districts are always late
6 in getting the numbers to us?

7 MS. ESTIS: From what I understand.

8 PRESIDING OFFICER NICOLELLO: The
9 emergency nature of this though is that
10 this information has to be established,
11 these items have to be passed in order
12 for the school tax bills to be issued.

13 MS. ESTIS: That's correct.

14 PRESIDING OFFICER NICOLELLO: And we
15 are harping up against early October when
16 those tax bills go out.

17 MS. ESTIS: Yes, sir.

18 PRESIDING OFFICER NICOLELLO: That's
19 the nature of the emergency?

20 MS. ESTIS: Yes, sir; it is.

21 PRESIDING OFFICER NICOLELLO:
22 Legislator Drucker.

23 LEGISLATOR DRUCKER: Can you just
24 explain why you just got the numbers now,
25 is that customary that you would get it

1
2 this late?

3 MS. ESTIS: I think we had a similar
4 issue last year. Michele Spara, the
5 Deputy County Assessor, can speak to
6 that. I think it is a reoccurring issue.

7 MS. SPARA: Michele Spara, Deputy
8 Assessor. There are three school
9 districts that are split with Nassau and
10 Suffolk. Suffolk County is on a
11 different timeline than Nassau.

12 LEGISLATOR DRUCKER: In previous
13 years, has it ever been this late?

14 MS. SPARA: This meeting is a week
15 earlier due to the holidays.

16 PRESIDING OFFICER NICOLELLO: This
17 has been going on for years, decades.

18 MS. ESTIS: Unfortunately, yes.

19 PRESIDING OFFICER NICOLELLO: Again,
20 it is partially, and maybe largely due to
21 those three school districts because
22 they're on a different reporting year as
23 the rest of the school districts located
24 wholly in Nassau County get their numbers
25 in in a timely fashion, you still have to

1
2 wait for those districts to come in and
3 finalize?

4 MS. ESTIS: That's correct.

5 PRESIDING OFFICER NICOLELLO: Any
6 other questions on the emergency?

7 Legislator Deriggi-Whitton?

8 LEGISLATOR DERIGGI-WHITTON: The
9 disclosure forms are going to be sent out
10 as well; the 511 notices?

11 MS. ESTIS: I don't have the ability
12 to speak on that as we are only here for
13 the emergency. Matt Cronin and Danny Ross
14 are at a conference, the Assessor's
15 Conference upstate.

16 LEGISLATOR DERIGGI-WHITTON: I guess
17 our concern is to get everything as
18 fluidly as possible. I understand --

19 MS. ESTIS: I understand what you're
20 saying.

21 LEGISLATOR DERIGGI-WHITTON: I
22 understand, but we still want to have it.

23 MS. ESTIS: I have a meeting
24 scheduled this week in reference to the
25 511 and disclosure notices. We hope to

1
2 have that issue resolved shortly.

3 LEGISLATOR DERIGGI-WHITTON: Okay.
4 If you could possibly let us know when
5 that is resolved. That would be good to
6 send us over an email.

7 MS. ESTIS: Okay. I will make sure.

8 LEGISLATOR DERIGGI-WHITTON: Thank
9 you very much.

10 MS. ESTIS: Thank you.

11 PRESIDING OFFICER NICOLELLO: Any
12 other debate or discussion on these
13 items?

14 (Whereupon, no verbal
15 response.)

16 PRESIDING OFFICER NICOLELLO: Before
17 we move ahead, I just want to correct the
18 record. That motion was made by Deputy
19 Presiding Officer Kopel and seconded by
20 Legislator Deriggi-Whitton.

21 These seven items up for an
22 emergency vote. All in favor of
23 establishing the emergency signify by
24 saying, "Aye".

25 (Whereupon, all members of

1
2 the Nassau County Legislative
3 Body respond in favor.)

4 PRESIDING OFFICER NICOLELLO: Those
5 opposed?

6 (Whereupon, no verbal
7 response.)

8 PRESIDING OFFICER NICOLELLO: The
9 emergency is established and now I will
10 call the same things. I'm not going to
11 read the same thing our clerk just read.
12 Just briefly, we have items 311, 312,
13 313, 314, 315, and 316. These include
14 ordinances to accept certified copies of
15 the total assessed values of the school
16 districts in the several towns. One item
17 certifies the adjusted base proportions,
18 one provides a statement of total
19 assessed valuations of properties in
20 county, towns, and special districts and
21 school districts. The resolution affixes
22 the dates and times tax forms shall be
23 issued.

24 I'm going to ask for a motion.

25 LEGISLATOR WALKER: So moved.

PRESIDING OFFICER NICOLELLO:

Legislator Walker proposes that. Second
by Legislator Schaefer. Those items are
before the legislature. Any debate or
discussion on the items?

(Whereupon, no verbal
response.)

PRESIDING OFFICER NICOLELLO:

Hearing none. All in favor --

(Whereupon, public
interruption.)

PRESIDING OFFICER NICOLELLO: There
is no public comment on this. Rules of
Legislature. This has been approved.

Chris, to we have someone from IT?

MR. LEIMONE: We have Al Perez, he's
coming. I apologize. He is not here
yet. He is making his way over from One
West. He should be here momentarily.

(Whereupon, public
interruption.)

MR. LEIMONE: He just needs a quick
briefing on the item, because IT wasn't
expected to be here.

1
2 (Whereupon, brief off the
3 record discussion amongst
4 Legislative Body.)

5 PRESIDING OFFICER NICOLELLO: Going
6 back to Item 34, Resolution 178. Any
7 further discussion or debate from the
8 Legislators?

9 (Whereupon, no verbal
10 response.)

11 PRESIDING OFFICER NICOLELLO:
12 Hearing none. All in favor signify by
13 saying, "Aye".

14 (Whereupon, all members of
15 the Nassau County Legislative
16 Body respond in favor.)

17 PRESIDING OFFICER NICOLELLO: Those
18 opposed?

19 (Whereupon, no verbal
20 response.)

21 PRESIDING OFFICER NICOLELLO:
22 Carries unanimously.

23 There were several residents who
24 wanted public comment. We will have a
25 short public comment. Same rules. Three

1
2 minutes and you're done.

3 Mr. Sagy, I will tell you, the
4 Legislature is not able to intervene in
5 your situation. You've been dealing with
6 the people from the administration. One
7 of them told you that you have not given
8 them the correct information to change
9 what it is that you want changed. There
10 is no point of you coming back up.

11 MR. SAGY: I give everything
12 correct. Everything they ask, I give it.

13 PRESIDING OFFICER NICOLELLO: I hear
14 you. But, Mr. Sagy, the Legislature
15 cannot direct the administration to do
16 what you want. You either provide them
17 with what they want and if that's not
18 correct, there's nothing this body can
19 do. There is nothing this Legislative
20 Body can do.

21 (Whereupon, Mr. Sagy
22 continues with off the record
23 discussion.)

24 MR. LEIMONE: I already told Mr.
25 Sagy I will have a conversation with him.

1
2 He says he may have some more
3 information. I told him the Legislature
4 is not the place.

5 PRESIDING OFFICER NICOLELLO: Three
6 minutes.

7 MR. MCKENNA: Kevin McKenna,
8 Syosset, New York. I'm glad the public
9 is waking up. I'm glad to see they're
10 paying attention. You're going to see a
11 lot more people coming to these meetings.
12 Trust me. They realize what's going on
13 here. It's a whole sham. Unfortunately,
14 the democrats are afraid to speak up.

15 On this resolution, which I'm first
16 hearing about, I want to offer
17 information. Especially to the
18 Legislator Drucker who I know is very
19 familiar with this area. He showed some
20 concern before, which I appreciate. I'm
21 sure residents appreciate it.

22 Why would we want to give the Town
23 of Oyster Bay authority to do anything?
24 Let me tell you what's taking place in
25 the Town of Oyster Bay that you're

1
2 probably not aware of. The Town of
3 Oyster Bay is promoting the fact that
4 they're knocking down zombie homes. This
5 might be the reason why the school
6 districts are having a problem getting
7 information. I don't know. Maybe I'm
8 wrong. They're knocking down houses
9 under the guise that they're zombie
10 homes. They have recently knocked down
11 two houses and they weren't zombie homes.
12 They're working behind the scenes with
13 the banks and the bank is getting the
14 Town of Oyster Bay to do their dirty work
15 and knock down a house because of
16 foreclosure issues, but the Town is
17 telling the public that they knocked it
18 down because it was a zombie home. I just
19 found out that the Town of Oyster Bay has
20 publicly said at board meetings, that the
21 tax payers don't have to worry about the
22 labor cost of knocking down the house
23 because they tack the labor cost onto the
24 property taxes and eventually the owner
25 of the property pays that. That's what

1
2 they told the public. I just found out
3 from a Town of Oyster Bay employee the
4 Town of Oyster Bay is padding the
5 foreclosure money that the bank is going
6 to go after the person who supposedly was
7 in foreclosure and the Town is probably
8 adding exorbitant charges onto the back
9 of the mortgage that the property owner
10 owes, but the Town's telling the public
11 they're knocking it down because it was a
12 zombie house. There's gonna be a law
13 suit forthcoming very, very soon about a
14 homeowner that had the house knocked down
15 in Hicksville that clearly wasn't a
16 zombie home. It's just absurd what's
17 taking place. I strongly suggest you
18 look into this area. Thank you very
19 much.

20 MS. MEREDAY: My concern has to do
21 with what are considered either Rules of
22 Order, Rules of Motion, or just general
23 rules when we're talking about a public
24 forum. It this is supposed to be a
25 public hearing and residents are supposed

1
2 to have an opportunity to discuss and to
3 hear and to learn, it's very difficult
4 when you have shifting sand in terms of
5 the interpretation of when we can speak,
6 how long we can speak, what we can speak
7 about, what we hear about, and the
8 information that we receive. So if there
9 is an emergency item that all of you have
10 access to and we elected all of you to
11 represent all of us, it would behoove all
12 of you or somebody who is representing
13 me, whether it's my legislator directly
14 or someone to at least have the courtesy
15 to provide that information to those of
16 us who are here. It's not like the room
17 is packed, sadly. And this is vital
18 information. It ties to budget, it ties
19 to houses. As spoken earlier, people are
20 losing their homes across the country,
21 but particularly in Nassau County. The
22 gentleman here is desperate to try to get
23 help for a situation that somebody who
24 may be listening or in this room who can
25 directly help him to help his family so

1
2 he can stay here. And just to sit here
3 and be told, well, we can't speak about
4 that issue, but we can give you two
5 minutes over here. Don't toss me a bone
6 when the blood, sweat, and tears of me
7 and generations before me have built the
8 foundation, literally laid the concrete
9 in the building that we're standing in
10 for me not to be able to address the
11 issue and to ask a question that 19 or 18
12 of you should have asked. Maybe the
13 school district that is repeatedly late
14 needs help. You just had teachers and
15 students from Nassau Community College
16 saying they're straining at the bit. The
17 infrastructure is falling apart. Did
18 anybody ask the question? Did the school
19 district need help to get the paperwork
20 in? No. I didn't hear it. I sat here.
21 I didn't hear it.

22 Have we fully lost the full
23 compassion as to what is going on out
24 here? We have young people committing
25 suicide. The VA on a program that I was

1
2 a part of is still waiting they have
3 3,000 applicants for a program called
4 Mission Daybreak to address the enormous
5 strain that is happening to our Veteran
6 population that's increasing their level
7 of suicide in our young people. So I
8 don't think it is out of the realm to ask
9 the question about what is going on in
10 our school systems. They're straining at
11 the bit as well. We're all trying to
12 come off a pandemic.

13 I think we need to step back for a
14 second. Let's reassess. You took some
15 kind of oath. Some kind of pledge when
16 you took your seats here. Some of you
17 have literally been warming those seats
18 for a bit too long if you've forgotten
19 why you got there to begin with.

20 So I thank you, Presiding Officer,
21 for giving me something that I did not
22 have to ask for -- I shouldn't have had
23 to ask for. I'm done.

24 PRESIDING OFFICER NICOLELLO: I mean
25 you should have been listening to what we

1
2 were talking about. The problem was not
3 with a school district not having
4 resources. The problem was not having
5 clerks. The problem was not having staff
6 or personnel. As I said repeatedly,
7 there three school districts that
8 straddle the border. Those three school
9 districts have to deal with Suffolk's
10 year for sending out their tax bills,
11 etcetera. Those three school districts
12 every year are late. It's not because we
13 have to give them resources. They're
14 late because they have to deal with to
15 separate years, two separate
16 municipalities.

17 As I explained before, these
18 documents, these are emergency items,
19 which we've passed, which we pass every
20 year, largely by emergency, allows the
21 school districts to send out their tax
22 bills in a timely fashion so people can
23 pay those tax bills and know what those
24 taxes are. Has nothing to do with the
25 Town of Oyster Bay, has nothing to do

1
2 with zombie house. I gave you an
3 additional three minutes, but honestly
4 all we got was a bunch of rhetoric.

5 Anyway, motion to adjourn by the
6 entire Legislature. Seconded by the
7 Presiding Officer. All in favor of
8 adjourning, signify by saying aye.

9 (Whereupon, all members of
10 the Nassau County Legislative
11 Body respond in favor.)

12 (Whereupon, Clerk verified
13 Presiding Officer motion to
14 adjourn, seconded by Deputy
15 Presiding Officer Kopel.)

16
17 (Whereupon, meeting is
18 adjourned, 3:36 p.m.)
