Contract Summary

Purpose: The scope of work involves rehabilitating Centennial Park's infrastructure, including but not limited to, drainage, water, and electrical, and improving the aging amenities to eliminate any safety and other concerns. Project limits are from East Centennial Avenue to the southern Property line of Centennial Park and from Babylon Turnpike to Nassau Road. Sidewalks around the perimeter of the park as well as pathways within the park are to be replaced. The basketball and hand ball courts will be resurfaced. The administration building will be updated and will serve as an additional park entrance point. Other improvements will include, but not limited to, video surveillance, new vinyl fencing, viewing area with bleachers, playground laid out in age-appropriate areas, spray park, and lighting. New elements will include a walking path with exercise stations, shading structures, a mini pitch soccer field and a reserve picnic area for visiting groups.

Method of Procurement: The contract was advertised on December 21, 2022 advertised in Newsday, NYS Contract Reporter & eProcure.

The Contractor was selected through an open competitive bidding process.
Procurement History: A Bid contract was advertised on December 21, 2022, in Newsday, NYS Contract Reporter and on the County web site. In reply to the Notice to Bidders,, a total of six (6) bids were received. The contract was awarded to the lowest responsible bidder. The bid submitted by The Landtek Group, Inc in the amount of \$4,538,318.00 is acceptable as the lowest bid.
Description of General Provisions: The principal features of the work to be performed under this contract involves labor, materials, tools, equipment and incidentals as specified for the Centennial Park Rehabilitation.
Impact on Funding / Price Analysis: Maximum contract amount is \$4,358,318.00. Funding is available under Capital Project number 41876. Contract currently calls for SDVOB goal of 6% , WBE goal of 5% and MBE goal of 5%.
Change in Contract from Prior Procurement: This is a new contract- no prior procurement.
Recommendation: Approve as Submitted

RULES RESOLUTION NO. -2023

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO AWARD AND EXECUTE A CONTRACT BETWEEN THE COUNTY OF NASSAU ACTING ON BEHALF OF THE NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS AND THE LANDTEK GROUP, INC.

WHEREAS, in accordance with all Federal, State and Local Law, the County of Nassau on behalf of the NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS [“Department”] has received competitive bids for contract H41876-01GR, for CENTENNIAL PARK REHABILITATION [“Contract”], as more particularly described in the contract documents, a copy of which are on file with the Clerk of the Legislature; and

WHEREAS, the firm of THE LANDTEK GROUP, INC., [“Vendor”] has submitted the lowest responsible bid for the work described in the contract in accordance with all Federal, State and Local Law as determined by the Department, and

WHEREAS, the funding for this contract is from capital funds approved by the Nassau County Legislature and included in the current four year capital plan, and

WHEREAS, the Commissioner of the Department is representing that the total contract is estimated to be \$ 4,538,318 now therefore be it

RESOLVED, that the Rules Committee of the Nassau County Legislature,
based on the representations of the Department and the recommendation of the
Commissioner of the Department, authorizes the County Executive to award and execute
the said contract with the vendor.

BID BOND

FORM OF BID BOND

IMPORTANT The bidder shall instruct the Surety Company to **USE THIS FORM PROVIDED** as the use of **ANY OTHER FORM** may cause rejection of the bid.

KNOW ALL MEN BY THESE PRESENTS,

that we, the undersigned The LandTek Group, Inc.

as Principal; and The Hanover Insurance Company as surety, who is Licensed to do business in the State of New York, are hereby firmly bound unto the County of Nassau in the penal sum of

Ten percent of amount bid dollars (\$ 10% of amount bid) for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

Signed, this 19 day of January, 2023

The conditions of the above obligation is such that whereas the Principal has submitted to the County of Nassau a certain Bid attached hereto and hereby made a part hereof, to enter into a contract in writing for the work under Contract No. H41876-01GR for the

Centennial Park Rehabilitation

NOW, THEREFORE, the conditions of this obligation are such that if the Principal shall not withdraw said proposal except by mutual consent of the County of Nassau within a period of forty-five (45) days after the opening of bids and in the event of acceptance of the Principal's proposal, if the Principal shall,

- a. when notified by the County, execute all necessary counterparts of the contract as set forth in the contract documents in accordance with the proposal as accepted; and
- b. furnish bonds and other security as specified in the contract documents for the faithful performance and proper fulfillment of such contract, which bonds or other security shall be satisfactory in all respects to the County; and
- c. in all respects, comply with the provisions set forth in the invitation to bid; or if the County of Nassau shall reject the aforesaid proposal for a reason other than the Principal's failure to satisfy the County that he has the necessary skill, experience and liquid assets required for the contract as stated in the documents aforesaid, then this obligation shall be null and void; otherwise to remain in full force and effect.

POWER OF ATTORNEY

ATTENTION: Insert the "Power of Attorney" after this page in with your bid submission.

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

POWER OF ATTORNEY

THIS Power of Attorney limits the acts of those named herein, and they have no authority to bind the Company except in the manner and to the extent herein stated.

KNOW ALL PERSONS BY THESE PRESENTS:

That THE HANOVER INSURANCE COMPANY and MASSACHUSETTS BAY INSURANCE COMPANY, both being corporations organized and existing under the laws of the State of New Hampshire, and CITIZENS INSURANCE COMPANY OF AMERICA, a corporation organized and existing under the laws of the State of Michigan, (hereinafter individually and collectively the "Company") does hereby constitute and appoint,

Tara Laverdiere, Phillip G. Samuels, Denese Thompson, Louis J. Spina, Frank Abbatiello and/or Theresa Lafranco

Of US! Insurance Services, LLC of Uniondale, NY each individually, if there be more than one named, as its true and lawful attorney(s)-in-fact to sign, execute, seal, acknowledge and deliver for, and on its behalf, and as its act and deed any place within the United States, any and all surety bonds, recognizances, undertakings, or other surety obligations. The execution of such surety bonds, recognizances, undertakings or surety obligations, in pursuance of these presents, shall be as binding upon the Company as if they had been duly signed by the president and attested by the secretary of the Company, in their own proper persons. Provided however, that this power of attorney limits the acts of those named herein; and they have no authority to bind the Company except in the manner stated and to the extent of any limitation stated below:

Any such obligations in the United States, not to exceed Fifty Million and No/100 (50,000,000) in any single instance

That this power is made and executed pursuant to the authority of the following Resolutions passed by the Board of Directors of said Company, and said Resolutions remain in full force and effect:

RESOLVED: That the President or any Vice President, in conjunction with any Vice President, be and they hereby are authorized and empowered to appoint Attorneys-in-fact of the Company, in its name and as it acts, to execute and acknowledge for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, waivers of citation and all other writings obligatory in the nature thereof, with power to attach thereto the seal of the Company. Any such writings so executed by such Attorneys-in-fact shall be binding upon the Company as if they had been duly executed and acknowledged by the regularly elected officers of the Company in their own proper persons.

RESOLVED: That any and all Powers of Attorney and Certified Copies of such Powers of Attorney and certification in respect thereto, granted and executed by the President or Vice President in conjunction with any Vice President of the Company, shall be binding on the Company to the same extent as if all signatures therein were manually affixed, even though one or more of any such signatures thereon may be facsimile. (Adopted October 7, 1981 – The Hanover Insurance Company; Adopted April 14, 1982 – Massachusetts Bay Insurance Company; Adopted September 7, 2001 – Citizens Insurance Company of America and affirmed by each Company on March 24, 2014)

IN WITNESS WHEREOF, THE HANOVER INSURANCE COMPANY, MASSACHUSETTS BAY INSURANCE COMPANY and CITIZENS INSURANCE COMPANY OF AMERICA have caused these presents to be sealed with their respective corporate seals, duly attested by two Vice Presidents, this 8th day of September, 2021.

Assistant Treasurer

**STATE OF NEW YORK
DEPARTMENT OF FINANCIAL SERVICES**

**CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW YORK INSURANCE
LAW**

It is hereby certified that

The Hanover Insurance Company
of Bedford, New Hampshire

a corporation organized under the laws of New Hampshire and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties, and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of \$2,802,839,838. (Capital \$5,000,000), as is shown by its sworn financial statement for the quarter ending, March 31, 2022, on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have here-
unto set my hand and affixed the
official seal of this Department
at the City of Albany, this 26th
day of May 2022.

NO TEXT ON THIS PAGE

The Following Paragraphs are Applicable to the Contract

THE BIDDER AFFIRMS AND DECLARES:

1. That the above bidder is of lawful age and the only one interested in this bid; and that no other person, firm or corporation, except those herein named, has any interest in this bid or in the Contract proposed to be entered into.
2. That this bid is made without any understanding, agreement or in connection with any other person, firm or corporation, making a bid for the same work, and is in all respects fair and without collusion or fraud.
3. That said bidder is not in arrears to the County of Nassau upon debt or contract, and is not a defaulter, as surety or otherwise, upon any obligation to the County of Nassau.
4. That no officer nor employee of the County of Nassau, or person whose salary is payable in whole or in part from the County Treasury is, shall be, or become interested directly, or indirectly as a contracting party, partner, stockholder, surety or otherwise, in this bid, or in the performance of the contract, or in the supplies, materials, equipment and work or labor to which it relates, or in any portion of the profits thereof.
5. That he has carefully examined the site of the work and that, from his own investigations, has satisfied himself as to the nature and location of the work, the character, quality and quantity of existing materials, all difficulties likely to be encountered, the kind and extent of equipment, other facilities needed for the performance of the work, the general and local conditions, and all other items which may, in any way, affect the work or its performance.
6. The bidder also declares that he has carefully examined and fully understands all the component parts of this Contract, that he will execute the Contract and will completely perform it in strict accordance with its terms for the following prices.
7. Where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities Glen Cove or Long Beach, the contractor shall be required to have such a license.

INFORMATION FOR BIDDERS

I. Rejection of Bids.

A. The Commissioner may recommend a reject of bid if:

1. The Bidder fails to furnish any of the information required by the bid documents; or if
2. The bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if
3. The bid does not strictly conform to law or the requirements of this contract; or if
4. The bid is conditional; or if
5. A determination that the bidder is not responsible is made in accordance with law; or if
6. The bid, in the opinion of the Commissioner, contains unbalanced bid prices, unless the bidder can show that the prices are not unbalanced for the probably required quantity of such items.

B. Rejection of all bids and waiver of informalities.

The Commissioner, however, reserves the right to recommend to reject all bids whenever he deems it in the best interest of the County, and also the right to waive any informalities in a bid.

II. Unit Price Contracts, Comparison of Bids.

Bids on Unit Price Contracts will be compared on the basis of a total bid price, arrived at by taking the sum of the Approximate Quantities of such item multiplied by the corresponding Unit Price, and including any Lump Sum Bid on individual items, in accordance with the items set forth in the bid proposal.

Bidders are warned that the Approximate Quantities of the various items of work and material is estimated only, and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be more or less than estimated.

III. Lump Sum Contracts, Comparison of Bids.

Bids on lump Sum Contracts will be compared on the basis of the Lump Sum Price bid adjusted for alternate prices bid, if any.

IV. Apprenticeship Training Program

For all contracts in excess of \$500,000 attach here verification letter regarding your firm's having an approved State of New York Apprenticeship Training Program.

NASSAU COUNTY EXECUTIVE

NASSAU COUNTY

Vendor Code of Ethics

POLICY/PROCEDURE TITLE: Nassau County Vendor Code of Ethics	DATE ISSUED: June 5 th , 2019
DEPARTMENT ISSUING: Executive – Compliance	AUTHORIZED and SIGNED BY:  Deputy County Executive For Compliance  County Executive

POLICY: The Office of the Nassau County Executive recognizes the importance of the vendor community in helping the County provide necessary services for the residents of Nassau County. It is the policy of the County Executive to ensure that all vendors doing business with Nassau County operate under the highest standards of legal and ethical conduct.

PURPOSE: To set forth a Code of Conduct for vendors to ensure that Nassau County Vendors are conducting their business with integrity, ethics, and compliance with all applicable laws and regulations.

SCOPE: All vendors doing business or seeking to do business with Nassau County as specified in the Code.

Vendor Code of Ethics

Section 11.01 Prohibition

Vendor Code of Ethics

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

Vendor Code of Ethics

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

Vendor Code of Ethics

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

Vendor Code of Ethics

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

Vendor Code of Ethics

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii) 30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Vendor Code of Ethics

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Vendor Code of Ethics

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Vendor Code of Ethics

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

As a condition of being considered for the award of any contract above the County's small purchase threshold of \$10,000, the Vendor will be required to distribute copies of the Nassau County Vendor Code of Ethics to all Participating Employees prior to any of those employee's participation in the procurement. The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

Vendor Code of Ethics

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

Section 8.02 Vendor Certifications

The vendor by signing the final contract thereby certifies and attests to the following:

- (a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;
- (b) All of its Participating Employees during the course of procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;
- (c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;
- (d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;
- (e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Vendor Code of Ethics

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Vendor Code of Ethics

Chapter 9: PENALTIES

Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

Chapter 10: REPORTING OBLIGATION

Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

Vendor Code of Ethics

violation of law involving fraud, conflict of interest, bribery or gratuities.

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

To facilitate the reporting obligations under Chapter 10, this code strictly forbids all Vendors and Vendors' Employees from taking any Retaliatory Action against individuals who make such reports.

CONTRACTOR CERTIFICATION STATEMENT REGARDING
STORM WATER POLLUTION AT THE WORK SITE

I certify under penalty of the law that I understand and agree to comply with the terms and conditions of the pollution prevention plan for the construction site identified in such plans as a condition of authorization to discharge storm water. I also understand the operator (Nassau County) must comply with the terms and conditions of the New York State Pollution Discharge Elimination System ("SPDES") general permit for storm water discharges from construction activities and that it is unlawful for any person to cause or contribute to a violation of water quality standards. Finally, I understand my contractual obligations in the matter as outlined in the contract documents.

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions
(Sub-Recipient)**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

U.S. DEPARTMENT OF JUSTICE OJP FORM 4061/1 (REV. 2/89) Previous editions are obsolete

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

MacBride Fair Employment Principles

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165-a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

- ☒ **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,
- ☐ **b. Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

Centennial Park Rehabilitation

To Whom It May Concern,

This letter serves to confirm that the **Apprenticeship School** currently conducts a fully registered and approved New York State Training (ATP). The ATP is co-sponsored by Local 138 and all employers/signatories, including but not limited to **Wild Women Earth Works Company**, to the Local 138 Agreement Covering Working Conditions, dated June 1, 2019 to May 31, 2023. The ATP complies with all provisions of Suffolk and Nassau County Law.

Any further inquiries should be directed to the undersigned's attention.

Sincerely,

JOHN DUFFY
BUSINESS MANAGER & TREASURER
CHAIRMAN BOARD OF TRUSTEES

Bellport, New York 11713

Merit Apprenticeship Alliance NYSDOL Sponsor Code 51979

NYSDOL Apprentice Training Program Codes:

- Skilled Craft Laborer #18514, recertified September 15, 2017
- Operating Engineer (Heavy Equipment) #18318, recertified May 17, 2018
- Carpenter: #12037, recertified September 15, 2017
- Ironworker (Outside) #15221, approved October 5, 2017
- Cement Finisher/Cement Mason #11038, approved October 12, 2017

To Whom It May Concern,

The above noted contractor is in good standing with the Empire State Merit Apprenticeship Alliance, Inc. (Merit Apprenticeship Alliance).

Please be advised that the above noted contractor was accepted as a signatory employer effective **April 24, 2020** and is in good standing with the Merit Apprenticeship Alliance NYSDOL registered Skilled Construction Laborer, Carpenter, Operating Engineer (heavy equipment), Cement Finisher and Ironworker apprenticeship program agreements.

The Merit Apprenticeship Alliance apprenticeship standards were reviewed, approved and registered in accordance with NYS Labor Law, Art.23; § 811 and the NYS Department of Labor Part 601 regulations per the above noted dates.

Pursuant to USDOL Title 29 CFR Part 29.13 (a) Recognition of State Apprenticeship Agencies, the New York State Apprenticeship Agency (SAA) is currently recognized by the United States Department of Labor (USDOL) and any apprentices registered in occupations officially recognized by the Department are recognized by the USDOL.

Additionally, this will certify that pursuant to N.J.A.C. 12:62-2.1(h)(2), the above noted contractor pays ongoing contributions into an ERISA-covered apprenticeship training program trust fund that is used to fund apprentice benefit plans and direct training costs."

The Merit Apprenticeship Alliance holds all signatories to the standards of the Program Registration Agreements and requires that each signatory commit that they will support the diversified training so

as to result in normal advancement of the apprentice; employ craft workers to ensure safe and quality worksite training at all times in full compliance with the apprentice journeymen standard ratios and prevailing wages in the respective state in which the work is performed; and, employ the apprentice in a manner that will not conflict with our approved apprenticeship standards.

Signatory contractors are reviewed annually by the Board of Trustees; only those firms who demonstrate a commitment to our quality standards are renewed.

The Alliance is truly dedicated to our mission to provide Industry leading, registered apprenticeship training programs in full compliance with state and federal regulations.

23 Sawgrass Drive
Bellport, N.Y. 11713

01845-17072

Dear Mr. Tascarella:

I am pleased to inform you that your Electrician Apprenticeship Training Program has successfully completed its recertification review. Attached you will find a list of approved signatory employers associated with your program. Please note, these are the only signatories the Department recognizes as approved for this program and it is your responsibility to keep the list up to date with the Department.

Please be advised that the New York State Apprenticeship Regulations require that all apprenticeship training programs undergo a recertification review at or about the time that a program completes its first training cycle and at least every five years thereafter. Additionally, the Department will continue to conduct bi-annual visits to ensure that your program remains in compliance and to provide technical assistance. These visits will include a review of the overall progress of the program, including worksite training, related instruction, program operation and administration, Equal Employment Opportunity/Affirmative Action efforts, and a review of the program's completion/graduation rates. Apprentice program completions are an important part of all programs' performance and will continue to be monitored closely. The reviews will monitor compliance with the provisions on the Apprentice Training Program Registration Agreement (AT 10 Form), Labor Law Article 23, Apprenticeship Regulations Parts 600 and 601, and other Department requirements. These laws and regulations can be found on the Apprenticeship Training website at the following link:
<https://dol.ny.gov/apprenticeship/laws-regulations>

THE LANDTEK GROUP, INC.

**BACKGROUND & EXPERIENCE
OF
PRINCIPAL MEMBERS**

MICHAEL RYAN

President

EXPERIENCE

Mr. Ryan has over 30 years' experience in the construction industry and has become a leader in professional, college and high school athletic field and golf course construction. The company specializes in natural and synthetic field design and construction. Over the years, The LandTek Group has built state-of-the-art facilities for the New York Mets, the New York Yankees, the New York Jets and Giants, and the New York Red Bulls, as well as Columbia University, Stony Brook University, Dowling College, Hofstra University and numerous other universities, colleges, school districts and municipalities throughout the Northeast.

In 1979, after many years as a landscape and tree care expert, Michael Ryan founded the LandTek Group. He expanded his expertise into turf care and athletic fields. This enhanced knowledge brought LandTek into the specialized industry of athletic field construction. Always forward thinking, Mike foresaw the need for improvement in the athletic field industry and began researching the new synthetic turf materials that were coming on the market. Recognizing that the new turf designs were safer for the athletes, cost effective to the school districts and municipalities, and easier to maintain, Mr. Ryan took this opportunity to expand into this market and provide organizations and communities with better and safer facilities. To date, Mike has constructed and overseen more than half a billion dollars' worth of sports facilities, built several golf courses, and acted as a site developer for multiple projects. Mike has acted as a consultant on numerous jobs for architects and engineers, where his expertise has proven invaluable. His knowledge and leadership in the industry has led to many engagements as the keynote speaker at seminars focused on athletic field development, synthetic turf, under-field drainage and quality control. Mr. Ryan's proficiency, capability and motivation have driven The LandTek Group to become to the top builder of sports fields in the United States.

A caring and humble individual, Michael Ryan leads by example. He has contributed many hours of his time to assist individuals and families in need and has supported many charitable groups and causes without seeking recognition or honors. Due to his dedication to helping individuals {especially children} and communities, Mr. Ryan has been named The Marty Lyons Foundation Man of the Year, the Suffolk County PAL Man of the Year and the St. Joseph's College Man of the Year. He is an active member of these and numerous other nonprofit organizations, which are dedicated to supporting children and their families living under difficult circumstances.

Mike and The LandTek Group deliver on the promise of "Building Champions from the Ground Up."

HUMANITARIAN AFFILIATIONS

- The Marty Lyons Foundation
- Suffolk County P.A.L.
- Contractor for Kids
- Nassau County P.A.L.

COMMITTEES

Michael Ryan has been quite active in regional and national committees related to sports field management and development.

Member of the Board of Directors of the Suffolk County Sports Hall of Fame, a nonprofit organization that honors outstanding persons, living or deceased, who have gained prominence and have made substantial contributions on behalf of themselves and Suffolk County in the fields of professional and amateur sports.

Mr. Ryan is also on the Board of Directors for St. Joseph's College, an Institution that prepares students for lives of integrity, social responsibility and service.

EDWARD RYAN

Vice President

EXPERIENCE

Edward Ryan joined the LandTek Group, Inc. in 1990 and currently has over 30 years' experience in athletic field construction. He has been instrumental in the establishment and development of the Synthetic Division of The LandTek Group and has garnered an excellent reputation within the industry. Edward attended SUNY Farmingdale, Farmingdale NY as well as Rutgers University, New Brunswick, NJ studying horticulture and construction, consulting, research on new equipment and construction methods.

As the Vice President of the Athletic/Synthetic Divisions, Edward strives to maintain its exemplary reputation. His main duties include overseeing the estimating department, and managing all quotes and proposals. He personally oversees all athletic construction projects taken on by The LandTek Group, ensuring that they meet the highest standards and maintain quality control.

Edward has personally been involved in the building and award of over a quarter billion dollars' worth of sports field construction and was responsible for The LandTek Group being awarded its first project with a professional sports team.

EXPERIENCE

John Sulinski is the Chief Operating Officer of The LandTek Group. He received his Bachelor of Engineering Degree from Stony Brook University encompassing several disciplines. John joined the LandTek team in 2003. He has owned and managed construction related companies, has diverse experience in large site development projects and has a wealth of knowledge in general contracting.

John is responsible for overseeing the management of all the divisions within the Company across ten states. LandTek's multi-diversified group consists of; Athletic Facilities Construction, Synthetic Turf Installation, Natural Grass Construction and Drainage, Natural Turf Maintenance, Concrete, Fence and Netting, Synthetic Turf Maintenance, University Field Care and Professional Sports Team Maintenance. John also oversees the Fleet Maintenance Division and company purchases of machinery, equipment and vehicles.

John's twenty-five plus years of construction acumen has been instrumental in developing LandTek's multi-talented workforce. He has researched and implemented the use of project management and computer aided design software, laser grading technology and robotic surveying. He is also dedicated to creating additional educational opportunities for our staff. His attention to detail, multitasking and creative thinking has allowed The LandTek Group to remain at the leading edge of design and construction. Expertise in sports facility construction and design has led him to speak at many different company and industry related functions. Recently he was the keynote speaker for the American Sports Builders Association (ASBA) regional meeting in New York. He continues to consult with architects, engineers, and owners on a daily basis. His focus on finance, timeliness, and quality has created an industry standard that continues to empower The LandTek Group.

His new endeavors include the expansion of LandTek's southern markets, growth of the LTG Sports Turf One company in Florida, completing the construction of our new corporate headquarters and continuing to build careers within the sports construction industry.

MARTY LYONS

VP OF PUBLIC RELATIONS

EDUCATION

- University of Alabama
- 1978, All-American
- 1978, SEC Defensive Player of the Year
- 1978, Alabama Defensive Player of the Year
- 1978, Outstanding Defensive Lineman in the Nation; Awarded by the Columbus

QUARTERBACK CLUB

- Defensive Player of the Decade, 1970s
- Election to the Alabama Team of the Century
- Captain of the 1978 National Champions
- 2006, Sports Illustrated All-Time Alabama Team

2011, National Football Foundation of College Hall of Fame

NATIONAL FOOTBALL LEAGUE

New York Jets

- 1979, Number One Draft Choice
- 1981 Member of the New York Sack Exchange
- 1982, Pro-Bowl Alternate
- 1983, Pro-Bowl Alternate
- 1984, National Football League Man of the Year
- 1991, Retired after 12 seasons
- 2003, Member of the All Time New York Jets Four Decade Team

EXPERIENCE

Marty Lyons joined the LandTek Group as the Director of Sales & Marketing in 2000, was appointed Senior Vice President of Operations in 2007 and recently promoted to Vice President of Marketing and Public Relations. He has enjoyed a long successful career in the worlds of sports, business and philanthropy and has successfully merged his renown in sports and business savvy to greatly contribute to the company's growth as one of the premier "turf" installation business.

Mr. Lyons' football experience matured under the guidance of the late Paul "Bear" Bryant at the University of Alabama where he was recognized as an All-American in 1978. His peers elected him captain of the NCAA Division I National Champion football team that same year. His athletic skill propelled him to be a first round draft pick in the 1979 National Football League draft. Mr. Lyons joins the 2011 class of the College Football Hall of Fame.

Mr. Lyons' professional football career with the New York Jets spanned twelve (12) years; during which time, he played both defensive tackle and defensive end. He played a key role in the formation of "the New York Sack Exchange" which led the league in quarterback sacks in 1981. His performance on the field led to his selection as a Pro Bowl alternate in 1982 and 1983. Experience and leadership enabled him to serve as one of the defensive team captains in 1988.

In 1982, Mr. Lyons realized that there was more to life than football. According to Mr. Lyons, "In March 1982, three events altered my life. In the period of one week, my father, Leo, passed away suddenly; Keith, a little boy to whom I was a Big Brother, passed away from leukemia; and my first son, Rocky, was born. Imagine being on top of the world, and in the period of seven days you are forced to see the frailty, unfairness, and the wonder of life. I decided to use my name and my God-given talent to make a difference in the lives of terminally ill children."

Mr. Lyons is a featured athlete in Bear's Boys: Thirty-Six Men Whose Lives Were Changed by Coach Paul Bryant by Eli Gold. Bear's Boys is a collection of inspiring stories featuring 40 men whose lives were altered by their encounter with the legendary coach while they were players and coaches at Alabama. The stories of star players such as Joe Namath, Ken Stabler, Marty Lyons, Bob Baumhower, Cornelius Bennett, and Gene Stallings show how the Coach forever changed them as young men and ball players on the field and later in life after football. Marty was also featured in Legends of Alabama Football by Richard Scott in 2004. Marty is currently Color Analyst and Outback Bowl for the New York Jets, ESPN 1050 Game Day.

ANTHONY T. GUSMANO

CAO/ VP of Synthetic Turf

PROFESSIONAL PROFILE

- Metlife Stadium, East Rutherford, NJ
- New York Jets Training Facility, Hofstra University
- Rutgers University, Newark, NJ
- New York Mets CitiField, Flushing Meadows, NY
- Stony Brook University, Stony Brook, NY
- Fordham University, Bronx, NY

SOFTWARE

- InSite
- AutoCAD
- B2W
- Carlson

EXPERIENCE

Philip joined The LandTek Group in 2007 and brought with him over 12 years of experience in site development and athletic field construction. As LandTek's estimator, Philip is responsible for overseeing pricing and bidding aspects of construction projects, and often works directly with owners, architects, and engineers to value engineer projects. Philip also does design work on various projects.

As Estimator, Philip ensures that LandTek maintains the work volume to remain a leader in the sports field industry, and continues to diversify into other areas of construction as well. Some of Philip's project highlights include design work for Columbia University's softball & field hockey fields at Baker Field Sports Complex, Joe Nathan Field at Stony Brook University, and ongoing projects with the New York Red Bulls.

Before joining LandTek, Philip worked for H & W Construction in Northport, Alabama as project supervisor, and then project manager. Prior to that, Philip worked for the Earthwork Construction Company in Neosho, Missouri. Philip received an A.S. from Shelton State Community College in 2007.

STEVEN KUZMISKAS

Senior Project Manager, Construction

EXPERIENCE

Steven joined The LandTek Group in February 2002. He started his career at LandTek as a Project Superintendent of Field Construction and was responsible for the construction of various fields in school districts, NYC parks, universities and professional fields in the metropolitan area. As construction superintendent some of Stevens many responsibilities were project and site layout, laser grading operation, earth moving, site and storm drainage, building and utility construction. City Field, home of the New York Mets, and the New York Red Bulls are just a few of the projects Steven's knowledge and expertise have brought to completion.

Steven was promoted to project manager in 2011, bringing his 15 years of construction experience with him. Steven is responsible for managing the construction projects for Long Island, Connecticut, New York City, and Westchester. This role includes managing the site superintendents, project scheduling, logistics coordination and material purchasing.

Prior to Steven joining The LandTek Group he worked in the construction industry for a site development company. Steve attended at SUNY Delhi in Delhi, NY

INDEPENDENT AUDITORS' REPORT

To The Stockholders and Members
The LandTek Group, Inc. and Affiliates
Bayshore, New York

Opinion

We have audited the accompanying combined financial statements of The LandTek Group, Inc. and Affiliates, which comprise the combined balance sheet as of December 31, 2021, and the related combined statements of income, changes in equity and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of The LandTek Group, Inc. and Affiliates as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Combined Financial Statements section of our report. We are required to be independent of The LandTek Group, Inc. and Affiliates and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The LandTek Group, Inc. and Affiliates' ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The LandTek Group, Inc. and Affiliates' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The LandTek Group, Inc. and Affiliates' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 - Nature of Operations and Principles of Combination

Business Activity

The LandTek Group, Inc. ("LandTek") is a contractor specializing in the design and installation of athletic fields throughout the eastern United States. Construction work is generally performed under fixed-price and unit-price contracts. The length of the company's contracts varies but typically ranges from six months to two years.

Islip Yards, LLC ("Islip Yards") owns property which it rents to LandTek under a long-term lease agreement.

LTG Sports Turf One LLC ("Sports Turf One") is a limited liability company which is wholly owned by LandTek. The company was formed on October 16, 2017 within the State of Florida but did not begin operations until the end of the calendar year ended December 31, 2018. Sports Turf One is a contractor specializing in the design and installation of athletic fields. Construction work is generally performed under fixed-price and unit-price contracts. The length of the company's contracts varies but typically ranges from six months to two years.

Principles of Combination

The combined financial statements include the accounts of LandTek and its consolidated wholly-owned subsidiary Sports Turf One, combined with Islip Yards, and referred to collectively as the "Company." LandTek and Islip Yards are affiliated through common ownership and management. All intercompany balances and transactions have been eliminated in consolidation and combination.

Note 2 - Summary of Significant Accounting Policies

Revenue and Cost Recognition

The Company recognizes its revenue in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 606, *Revenue from Contracts with Customers* ("ASC 606"). The guidance affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards.

ASC 606 provides that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. An entity should apply the following five-step process to recognize revenue: (1) Identify the contract with a customer; (2) Identify the performance obligations in the contract; (3) Determine the transaction price; (4) Allocate the transaction price to the performance obligations in the contract; and (5) Recognize revenue when (or as) the entity satisfies a performance obligation.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Construction Contracts

LandTek and Sports Turf One recognize revenues on construction contracts over time, as performance obligations are satisfied, due to the continuous transfer of control to the customer. The customer typically controls the asset under construction, as evidenced either by contractual termination clauses or by the Company's rights to payment for work performed on the asset under construction that does not have an alternative use to the Company. The Company's construction contracts are generally accounted for as a single performance obligation since the Company is providing a significant service of integrating components into a single project. The Company recognizes revenue with an "input method" using the percentage-of-completion method, whereby progress towards completion is recognized according to the percentage of incurred costs to estimated total costs. This method best depicts the transfer of control to the customer, which occurs as the Company incurs costs on its contracts. Incurred costs represent work performed, which corresponds with and thereby best depicts the transfer of control to the customer. This method is used because management considers the "cost to cost" method the most appropriate in the circumstances.

Because LandTek and Sports Turf One almost always act as a principal in the construction contracts, gross revenues are recognized. The Company is considered the principal because the Company controls the contractually specified goods and services before they are transferred to the customer.

Revenues on uninstalled materials are recognized when control is transferred to the customer. Under certain circumstances (e.g., transfer of control occurs significantly before services are provided, the cost of the material is significant), revenue on certain uninstalled third-party materials is recognized when the cost is incurred; however, profit is not recognized until the material is ultimately installed in the project.

Rental revenues from Islip Yards are recognized under the accrual basis of accounting.

Practical Expedients and Exemptions

LandTek and Sports Turf One utilize certain practical expedients as follows:

- In cases where LandTek and Sports Turf One have an unconditional right to consideration from a customer in an amount that corresponds directly with the value of the performance completed to date, LandTek and Sports Turf One recognize revenue in the amount to which there is a right to invoice for services performed.
- The contract price is not adjusted for the effects of a significant financing component if LandTek and Sports Turf One expect, at contract inception, that the period between when the Company transfers a service to a customer and when the customer pays for that service will be one year or less.
- Incremental customer contract acquisition costs are expensed as they are incurred when the amortization period is less than one year in duration

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Contract Assets and Liabilities

Billing practices are governed by the contract terms of each project based upon costs incurred, achievement of milestones, or predetermined schedules. Billings do not necessarily correlate with revenue recognized over time using the percentage-of-completion method. Contract assets include unbilled amounts typically resulting from revenue under long-term contracts when the percentage-of-completion method of revenue recognition is utilized, and revenue recognition exceeds the amount billed to the customer. Contract liabilities consist of advance payments and billings in excess of revenue recognized as well as deferred revenue, net of conditional retainage.

The Company's contract assets and liabilities are reported in a net position on a contract-by-contract basis at the end of each reporting period. In accordance with normal construction industry practice, the Company includes in current assets and current liabilities amounts relating to construction contracts realizable and payable over a period in excess of one year.

The opening and closing balances of contract receivables, contract assets and contract liabilities from contracts with customers are as follows:

Balance, January 1, 2021
Balance, December 31, 2021

Combining Contracts

The Company evaluates whether two or more contracts with the same customer should be combined and accounted for as a single contract and, whether a single or combined contract should be accounted for as more than one performance obligation. This evaluation requires significant judgment and could change the amount of revenue and profit recorded in each period.

Performance Obligations

Generally, the Company's contracts contain one performance obligation. A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is the unit of account. The Company's performance of the contracts with customers typically provides a significant service of integrating a complex set of tasks and components into a single project or capability (even if that single project results in the delivery of multiple units), and as such, the entire contract is accounted for as one performance obligation. The transaction price is allocated to the performance obligation and recognized as revenue when, or as, the performance obligation is satisfied with the continuous transfer of control to the customer.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Performance Obligations (cont'd.)

Less commonly, a contract may be considered to have multiple performance obligations even when they are part of a single contract. For contracts with multiple performance obligations, the Company allocates the transaction price to each performance obligation using the best estimate of the standalone selling price of each distinct good or service in the contract.

Transaction Price

The transaction price is the amount of consideration the Company expects to receive in exchange for transferring goods and services to the customer. The consideration promised in a contract with customers may include both fixed and variable amounts to the extent that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved (i.e., probable and estimable).

Variable Consideration

The nature of the Company's contracts gives rise to several types of variable consideration, including claims, bonuses, incentives and/or penalties and liquidating damages. The Company includes in the contract estimates additional revenue for variable consideration when the Company believes it has an enforceable right to the modification, the amount can be estimated reliably, and it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. The Company uses the expected value (i.e., the sum of a probability-weighted amount) or the most likely amount method, whichever is expected to better predict the amount. These estimates are based on management's assessment of legal enforceability, Company performance, and all information (historical, current, and forecasted) that is reasonably available to the Company.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Contract Modifications

Contract modifications are routine in the performance of the Company's contracts. Contracts are often modified to account for changes in the contract specifications or requirements. In most instances, contract modifications are for goods or services that are not distinct, and therefore, are accounted for as part of the existing contract.

The Company accounts for contract modifications as a separate contract when the modification results in the promise to deliver additional goods or services that are distinct and the increase in price of the contract is for the same amount as the standalone selling price of the additional goods or services included in the modification.

Cost Recognition

Contract costs include all direct material and labor costs and all other direct and indirect costs related to contract performance. General and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined.

Costs incurred that do not contribute to satisfying performance obligations are excluded from the cost input calculation as these amounts are not reflective of transferring control to the customer. Costs are generally recognized as incurred. Under certain circumstances, costs incurred in the period related to future activity of the contract or costs that benefit the entire performance obligation (fulfillment costs) may be capitalized.

Changes in Contract Performance

Changes in job performance, job conditions and estimated profitability, including those arising from settlements, may result in revisions to costs and income and are recognized in the period in which the revisions are determined. The Company recognizes adjustments in estimated profit on contracts under the cumulative catch-up method. Under this method, the impact of the adjustment on profit recorded to date is recognized in the period the adjustment is identified. Revenue and profit in future periods of contract performance are recognized using the adjusted estimate. Because of the inherent uncertainty in estimating the costs to complete on contracts in process, it is at least reasonably possible that the estimates used will change in the near term.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Economic Factors

- Type of customers - The Company works with local high schools, universities, municipalities and athletic organizations.
- Geographical location of customers - The Company services customers throughout the eastern coast of the United States.
- Type of contracts - The Company operates under fixed-price and unit-price contracts. The length of the Company's contracts is expected to be six months to two years.

Use of Estimates

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contract Receivables

The Company carries its contract receivables at cost less an allowance for doubtful accounts. The Company estimates the allowance for doubtful accounts based upon a review of outstanding receivables and historical collection information by customer. Normally, contract receivables are due within 30 days after the date of the requisition. Contract retentions are generally due within 30 days after completion of the project and acceptance by the owner. Where the contract provides for guarantee retainage provisions, such retainage is generally due within one year of completion and acceptance of the project. Receivables more than 90 days old are considered past due. Contract receivables are written off when they are determined to be uncollectible. The Company does not accrue interest on past due receivables.

Contract receivables include billed amounts for services provided to customers for which the Company has an unconditional right to payment. Billed amounts for which payment is contingent on anything other than the passage of time are included in contract assets and contract liabilities on a contract-by-contract basis. When payment of the retainage is contingent upon the Company fulfilling its obligations under the contract, it does not meet the criteria to be included in contract receivables and remains in the contract's respective contract asset or contract liability, determined on a contract-by-contract basis. Retainage for which the Company has an unconditional right to payment that is only subject to the passage of time is included in contract receivables.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Property and Equipment

Property and equipment is stated at cost. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed in the period incurred. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

Depreciation of property and equipment is provided utilizing the straight-line method over the estimated useful lives of the respective assets as follows:

Building and building improvements	39 years
Transportation equipment	5 years
Machinery and equipment	3 to 5 years
Furniture and fixtures	5 to 7 years

Leasehold improvements are amortized over the shorter of the remaining term of the lease or the useful life of the improvement utilizing the straight-line method.

Goodwill

Goodwill is recorded when the cost of acquired businesses exceeds the fair value of the identifiable net assets acquired. Under FASB Accounting Standards Codification ("ASC") Topic 350, goodwill will be amortized over 10 years on a straight-line basis. The Companies will analyze goodwill for impairment due to a "triggering event" that would indicate that the fair value of the entity or reporting unit is less than its carrying value as of the end of the period only. No triggering events were deemed to have occurred during the year ended December 31, 2021.

Income Taxes

Generally, income taxes have not been provided because the stockholders have elected to have LandTek treated as an S corporation for income tax purposes as provided in Section 1362(a) of the Internal Revenue Code. As such, the corporation's income or loss and credits are passed through to the stockholders and reported on their individual income tax returns. The accompanying provision for income taxes represents only state and local taxes.

Islip Yards and Sports Turf One are treated as partnerships for income tax purposes and do not incur income taxes. Instead, members are taxed individually on their share of the companies' earnings. The companies' net income or loss is allocated to the members based upon their profit and loss percentages. Accordingly, no provision for income taxes is made in the combined financial statements for Islip Yards and Sports Turf One.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Variable Interest Entities

The Company elected to adopt the accounting policy described in FASB ASC Subtopic 810-10-15-17AB, which allows nonpublic companies to not consolidate Variable Interest Entities ("VIE") for which the company is the primary beneficiary if certain criteria are met, including that the company and the VIE are under common control, the company has a lease from the VIE, and substantially all the activities between the company and the VIE relate to leasing activities between the two entities.

Thus, under this accounting policy election, the real estate entity holding an office lease with the Company has not been consolidated in the Company's combined financial statements.

New Accounting Pronouncements

ASU No. 2016-02

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. This ASU is the result of a joint project of the FASB and the International Accounting Standards Board ("IASB") to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements for U.S. GAAP and International Financial Reporting Standards ("IFRS"). The guidance in this ASU affects any entity that enters into a lease (as that term is defined in this ASU), with some specified scope exemptions. The guidance in this ASU will supersede FASB ASC Topic 840, *Leases*.

The ASU provides that lessees should recognize lease assets and lease liabilities on the balance sheet for leases previously classified as operating leases that exceed 12 months, including leases existing prior to the effective date of this ASU. It also calls for enhanced leasing arrangement disclosures.

For nonpublic entities, the amendments of ASU No. 2016-02 are effective for annual reporting periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022, based on the decision in ASU No. 2020-05 to defer the implementation dates. Early application is permitted for all entities.

ASU No. 2016-13

In June 2016, the FASB issued Accounting Standards Update ("ASU") No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. This ASU modifies the measurement of expected credit losses on certain financial instruments. The ASU broadens the information that an entity must consider in developing its expected credit loss estimate to include such factors as current market conditions. Under current guidance, recognition of the full amount of credit losses generally is delayed until the loss is probable of occurring.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

New Accounting Pronouncements (cont'd.)

ASU No. 2016-13 (cont'd.)

The amendments in ASU No. 2016-13 are effective for nonpublic entities for fiscal years beginning after December 15, 2022, and interim periods within that year, based on the update in ASU 2019-10 to defer the implementation date. The amendments in this ASU may be early adopted.

The Company has not yet determined if these ASUs will have a material effect on its combined financial statements.

Note 11 - Long-Term Debt (cont'd.)

Note 12 - Pension Plan

Note 13 - Multiemployer Plans

Note 14 - Contingencies

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of multiple industries. While the disruption was temporary, there is considerable uncertainty regarding the duration of the effects. The extent to which COVID-19 impacts future results will depend on any further developments which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain it or treat its impact, among others. At this time, the Company cannot estimate with meaningful precision the potential impact to its financial and operational results.

LandTek is contingently liable to its surety under a general indemnity agreement. Under this agreement, the company agrees to indemnify the surety for any payments made on its behalf. The Company believes that all contingent liabilities will be satisfied by its performance on the specific contracts covered by the agreement.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS

List of Litigations

1. The LandTek Group, Inc. vs.
Township of Verona vs. K. Hovnanian AT Hilltop LLC

During the construction of this project, LandTek encountered contaminated soils causing delays and endless displacement of soils without compensation.

The Township of Verona, the owner of this project, blamed the developer, K Hovnanian, for selling the township land that had contaminated soil.

Pursuant to years of discovery, K. Hovnanian was vindicated and the Township became the sole entity responsible for the contaminated soil.

The case is still in deposition mode although the Township is presently offering pursuing the case by means arbitration.

Contact Name of Defendant

Township of Verona
Anthony P. Seujas, Esq.
Lawrence C. Weiner Esq.
Mandlebaum Salsburg, PC

2. Turfscapes, LLC vs.
The LandTek Group, Inc. Erich Golf, LLC, Irvington Union Free School District and Hanover Insurance Company

Turfscapes LLC is demanding payment for work performed. Turfscapes was a 2nd tier subcontractor who did not have a direct contract with LandTek and did not give a notice of claim to LandTek until one month after his work was terminated. As of 6/2018, Turfscapes had not provided legitimate proof that it is entitled to damages. LandTek bonded this erroneous claim and finalized our contract with the Owner. Despite Turfscapes failure to provide any evidence that proves that it expended the moneys it said it did, on behalf of its subcontractor "Erich Golf", the jury voted in favor of Turfscapes and Erich Golf On April 8, 2019, a judgement against LandTek was filed ending this claim.

Contact Name of Plaintiff:

Turfscapes, LLC's Attorneys
Blackely, Platt & Schmidt, LLP

3. The LandTek Group, Inc., Palace Electrical Contractors, Inc., Premier Mechanical Services Inc. and JNH Construction Group Inc. vs. Economic Opportunity Commission of Nassau County, Inc., Prince Carpet, Inc., d/b/a/ Prince Carpet & Floors, D.F. Eastwood Construction Corp d/b/a/ All Island Fence & Railings, The Commissioner of Taxation and Finance for the State of New York and John Doe #1 to John Doe #25 et al. -

Economic Opportunity Commission (EOC) commissioned Universal Design and Construction LLC (UDC) to manage the construction of a two story building in Long Beach, N.Y.

The contract between EOC and UDC allowed UDC to receive funds from EOC to pay for all the subcontractors UDC hires on behalf of EOC for the construction of this building.

UDC mismanaged the funds it received from EOC and failed to pay its subcontractors. EOC agreed through a stipulation to recompense the unpaid subcontractors which included The LandTek Group, Inc. (LandTek) with a monthly stipend for 62 months starting July 2018.

Contract Name of Plaintiff

Iris A Johnson CEO
EOC of Nassau County

4. Christopher Meyers and Joseph Peralta, individually and on behalf of all persons similarly situated vs. The LandTek Group, Inc.

A Collective Action by two former employees of The LandTek Group, Inc. (LandTek) was brought against LandTek on January 24, 2017. Allegations were made for failure to pay off the clock work and overtime.

LandTek filed its response on February 15, 2017. The Plaintiffs responded on January 8, 2018, requesting documents. All documents were delivered to our attorney by February 22, 2018. The case was resolved in a 10/15/18 court hearing and is now concluded.

5. The LandTek Group, Inc. vs.
Nassau County Clerk's Office

[REDACTED]

The LandTek Group Inc. (LandTek) entered a contract with LRC Construction LLC (LRC) to furnish and install concrete foundations for RXR North Hills Phase I and II. Owner LLC and the residences, North Hills Homeowners Association, Inc. (RXR). LandTek performed the work and at completion, LRC claimed that it incurred expenses unbeknown to LandTek and expenses which LandTek resolved and compensated LRC for during the course of the work. LandTek filed two liens on the project on February 15, 2017; [REDACTED] and renewed the liens in 2018 and 2019. The reason for the two liens is because two separate lots occupied the work in question. In October 2020, LandTek opted not to renew the liens on this project; after conferring with their attorney, it was determined, that the cost of litigating this claim did not warrant pursuing it any further. The case is closed.

Nassau County Interim Finance Authority

Contract Approval Request Form (As of January 1, 2015)

1. Vendor: The LandTek Group, Inc.

2. Amount requiring NIFA approval: \$4,538,318.00

Amount to be encumbered: \$4,538,318.00

Slip Type: New

If new contract - \$ amount should be full amount of contract

If advisement - NIFA only needs to review if it is increasing funds above the amount previously approved by NIFA

If amendment - \$ amount should be full amount of amendment only

3. Contract Term: to One Year from the NTP

Has work or services on this contract commenced? No

If yes, please explain:

4. Funding Source:

General Fund (GEN)		Grant Fund (GRT)
Capital Improvement Fund (CAP)	X	Other
Federal %	0	
State %	0	
County %	100	

Is the cash available for the full amount of the contract? No

If not, will it require a future borrowing? Yes

Has the County Legislature approved the borrowing? Yes

Has NIFA approved the borrowing for this contract? No

5. Provide a brief description (4 to 5 sentences) of the item for which this approval is requested:

The scope of work involves rehabilitating Centennial Park's infrastructure, including but not limited to, drainage, water, and electrical, and improving the aging amenities to eliminate any safety and other concerns. Project limits are from East Centennial Avenue to the southern Property line of Centennial Park and from Babylon Turnpike to Nassau Road. Sidewalks around the perimeter of the park as well as pathways within the park are to be replaced. The basketball and hand ball courts will be resurfaced. The administration building will be updated and will serve as an additional park entrance point. Other improvements will include, but not limited to, video surveillance, new vinyl fencing, viewing area with bleachers, playground laid out in age-appropriate areas, spray park, and lighting. New elements will include a walking path with exercise stations, shading structures, a mini pitch soccer field and a reserve picnic area for visiting groups.

6. Has the item requested herein followed all proper procedures and thereby approved by the:

Nassau County Attorney as to form Yes

Nassau County Committee and/or Legislature

Date of approval(s) and citation to the resolution where approval for this item was provided:

7. Identify all contracts (with dollar amounts) with this or an affiliated party within the prior 12 months:

CONTRACTOR NAME: The LandTek Group, Inc.

CONTRACTOR ADDRESS: 105 Sweeneydale Ave Bay Shore NY US 11706

FEDERAL TAX ID #: [REDACTED]

Instructions: Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.

I. ☑ The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in Newsday, eProcure, NYSCR [newspaper] on December 21, 2022 [date]. The sealed bids were publicly opened on January 31, 2023 [date]. six (6) [#] of sealed bids were received and opened.

II. ☐ The contractor was selected pursuant to a Request for Proposals.

The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date]. _____ [state #] proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. ☐ This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

[describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. ☐ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- ☐ A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- ☐ B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. ☐ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- ☐ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- ☐ B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- ☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

- ☐ **D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. ☐ This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. ☐ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. ☒ Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. ☒ Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. ☐ Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: ☐ a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41*, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

Department Head Signature

Date

NOTE: Any information requested above, or in the exhibit below, may be included in the county's "staff summary" form in lieu of a separate memorandum.

COUNTY OF NASSAU

POLITICAL CAMPAIGN CONTRIBUTION DISCLOSURE FORM

1. Has the vendor or any corporate officers of the vendor provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES ☐ NO ☒ If yes, to what campaign committee?

LTG Sports Turf One LLC

- 10) Has the proposer ever had a bond or surety cancelled or forfeited, or a contract with Nassau County or any other government entity terminated?

YES ☐ NO ☒ If yes, state the name of bonding agency, (if a bond), date, amount of bond and reason for such cancellation or forfeiture: or details regarding the termination (if a contract).

- 11) Has the proposer, during the past seven years, been declared bankrupt?

YES ☐ NO ☒ If yes, state date, court jurisdiction, amount of liabilities and amount of assets

- 12) In the past five years, has this business and/or any of its owners and/or officers and/or any affiliated business, been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency? And/or, in the past 5 years, have any owner and/or officer of any affiliated business been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency, where such investigation was related to activities performed at, for, or on behalf of an affiliated business.

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- 13) In the past 5 years, has this business and/or any of its owners and/or officers and/or any affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies? And/or, in the past 5 years, has any owner and/or officer of an affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies, for matters pertaining to that individual's position at or relationship to an affiliated business.

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- 14) Has any current or former director, owner or officer or managerial employee of this business had, either before or during such person's employment, or since such employment if the charges pertained to events that allegedly occurred during the time of employment by the submitting business, and allegedly related to the conduct of that business:

a) Any felony charge pending?

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

b) Any misdemeanor charge pending?

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

c) In the past 10 years, you been convicted, after trial or by plea, of any felony and/or any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business?

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

d) In the past 5 years, been convicted, after trial or by plea, of a misdemeanor?

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

e) In the past 5 years, been found in violation of any administrative, statutory, or regulatory provisions?

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- 15) In the past (5) years, has this business or any of its owners or officers, or any other affiliated business had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

YES ☐ NO ☒ If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- 16) For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

YES ☐ NO ☒ If yes, provide details for each such year. Provide a detailed response to all questions checked 'YES'. If you need more space, photocopy the appropriate page and attach it to the questionnaire.

- 17) Conflict of Interest:

- a) Please disclose any conflicts of interest as outlined below. NOTE: If no conflicts exist, please expressly state "No conflict exists."

(i) Any material financial relationships that your firm or any firm employee has that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No Conflict

(ii) Any family relationship that any employee of your firm has with any County public servant that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No Conflict

(iii) Any other matter that your firm believes may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No Conflict

- b) Please describe any procedures your firm has, or would adopt, to assure the County that a conflict of interest would not exist for your firm in the future.

Any employee of the company who has a conflict of interest would not be allowed to participate in the project with county. If one should arise notification will be provided to the county.

- A. Include a resume or detailed description of the Proposer's professional qualifications, demonstrating extensive

experience in your profession. Any prior similar experiences, and the results of these experiences, must be identified.

Have you previously uploaded the below information under in the Document Vault?

Inter-Departmental Memo

TO: Office of the County Executive
Att: Arthur T. Walsh, Chief Deputy County Executive

FROM: Department of Public Works

DATE: March 23, 2023

SUBJECT: RECOMMENDATION OF AWARD

Contract Number: H41876-01GR
Title: Centennial Park Rehabilitation
Engineer's Estimate: \$4,681,324.00
BIDS RECEIVED ON: January 31, 2023

The bids received for the above referenced contract have been examined and the bid submitted by The Landtek Group, Inc in the amount of \$4,538,318.00 is acceptable as the lowest bid (see the attached bid tabulation).

The low bid by The Landtek Group, Inc is 3.05% below the engineer's estimate. Adequate funding is available (Capital Project number 41876).

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.

TO: Kenneth G. Arnold, Commissioner
FROM: Thomas M. George, Deputy Commissioner

DATE: March 22, 2023

SUBJECT: RECOMMENDATION OF AWARD

Contract Number: H41876-01GR
Title: Centennial Park Rehabilitation
Engineer's Estimate: \$ 4,681,324.00
BIDS RECEIVED ON: January 31, 2023

The Bids received for the above referenced contract have been examined, as tabulated in the bid comparison (attached). The bid submitted by The Landtek Group, Inc, in the amount of \$4,538,318.00 is acceptable as the lowest responsible bidder.

The low bid by The Landtek Group, Inc is 3.05% below the engineer's estimate. Adequate funding is available (Capital Project number 41876). After reviewing all documentation submitted by the contractor, it was found that The Landtek Group, Inc. meets the required goals for this project. Therefore, it is requested that the Recommendation of Award be prepared for the Commissioner's signature and forwarded to the County Executive for his action.

Re: Centennial Park Rehabilitation H41876-01GR
1 E. Centennial Ave, Roosevelt
Recommendation of Award

Dear Mr. Wong:

NV5 has reviewed the bids received by the Nassau County Department of Public Works on January 31, 2023 for the above-referenced project. A total of six (6) bids were received. Below are the bidders' names and the amounts bid:

Bidder Name	Bid Amount Received	Corrected Bid Amount
The LandTek Group, Inc.	\$4,538,318.00	\$4,538,318.00
Pioneer Landscaping & Asphalt Paving	\$4,642,034.00	\$4,642,034.00
PSL Industries, Inc.	\$4,820,231.00	\$4,820,231.00
Steven Dubner Landscaping, Inc.	\$4,837,910.00	\$4,837,910.00
G & M Earth Moving, Inc.	\$4,932,000.00	\$4,932,000.00
A.I.I. Allen Industries, Inc.	\$4,969,074.00	\$4,969,074.00

The Engineer's Estimate was \$4,681,324.00.

The LandTek Group, Inc. (LandTek) submitted the lowest bid of \$4,538,318.00, which is 3.05% lower than the Engineer's Estimate. A tabulation of the unit costs provided by the six (6) eligible bidders is attached for reference.

In general, LandTek's unit prices appear reasonable compared to the Engineer's Estimate, and no unit prices were determined to be disproportionate or unbalanced compared to the Engineer's Estimate.

We can confirm that LandTek has performed work of similar nature and magnitude as the Centennial Park Rehabilitation project. We can also confirm that LandTek does not have active debarments, exclusions or violations with the New York State Department of Labor (NYSDOL), the U.S. government System for Award Management (SAM) or the Occupational Safety and Health Administration (OSHA).

NV5 concludes that LandTek, based upon their performance on past jobs, submitted a responsible bid and is capable of completing the construction work for the Centennial Park Rehabilitation project. Therefore, we have no objection to awarding the contract for this project to The LandTek Group, Inc. for \$4,538,318.00.

Very Truly Yours,
NV5

Inter-Departmental Memo

C20-0150R

TO: Civil Service Employees Association, Nassau Local 830
Att: Ronald Gurrieri, President

FROM: Department of Public Works

DATE: September 28, 2022

SUBJECT: CSEA Notification of a Proposed DPW Contract Agreement
Proposed Contract Number H41876-01GR
Centennial Park Rehabilitation (Rebid) - Construction.

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should be not be implied that the proposed DPW contract/agreement is for the work which has "historically and exclusively been performed by bargaining unit members".

1. Department of Public Works plans to recommend a contract/agreement for Construction Service for DPW's Highway/Bridge Construction Group.
2. The scope of work involves the following:

The scope of work involves rehabilitating Centennial Park's infrastructure, including but not limited to, drainage, water, and electrical, and improving the aging amenities to eliminate any safety and other concerns. Project limits are from East Centennial Avenue to the southern Property line of Centennial Park and from Babylon Turnpike to Nassau Road. Sidewalks around the perimeter of the park as well as pathways within the park are to be replaced. The basketball and handball courts will be resurfaced. The administration building will be updated and will serve as an additional park entrance point. Other improvements will include, but not limited to, video surveillance, new vinyl fencing, viewing area with bleachers, playground laid out in age-appropriate areas, spray park, and lighting. New elements will include a walking path with exercise stations, shading structures, a mini pitch soccer field and a reserve picnic area for visiting groups.

3. An estimate of the cost is: \$4,680,000
4. An estimate of the duration is: One (1) Year

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Roseann D'Alleva, Deputy Commissioner, telephone 1-0525, fax 1-9657.

QUALIFICATION STATEMENT

Note: All blanks in the form are to be filled in. Where blanks are not applicable to your firm, so indicate in each instance.

1. How many years has your firm been in the business under your present business name? 35

2. How many years experience in the construction work of a similar type as this contract has your firm had;

a. as a Prime Contractor 35

b. as a Subcontractor 35

3. List below the construction projects your firm has under way as of this date:

Contract Amount	Class of work	Percent Completed	Name and Address of Owner or Contracting Officer
--------------------	------------------	----------------------	---

Please refer to OPEN JOB LIST provided with attachments

(use additional blank sheets if additional space is necessary)

4. List the projects which your firm as a firm has performed in the past few years which you feel will qualify you for this work:

Contract Amount	Class of work	Percent Completed	Name and Address of Owner or Contracting Officer
--------------------	------------------	----------------------	---

Please refer to COMPLETED JOB LIST provided with attachments

(use additional blank sheets if additional space is necessary)

5. Have you:

a. ever failed to complete any work awarded to You? NO
If so; identify the project, the owner, the contract amount, the circumstances and date of all such failures to complete.

b. ever been defaulted on a contract? NO
If so; identify the project, the owner, the contract amount, the circumstances and the date of all default actions

NO TEXT ON THIS PAGE

c. ever been declared a non-responsible bidder by any municipality or public agency? NO
If so; identify the project, the owner, the contract amount, the circumstances and the date of all such declarations

d. ever been barred from bidding municipal or public contracts? NO
If so; identify the municipality or public agency, the circumstances, date and term of disbarment for all debarments.

(use additional blank sheets if additional space is necessary)

6. Has any officer, partner or principal of your firm ever been on officer, partner or principal of some other firm:

a. that failed to complete a construction contract? NO
If so, state name of individual and identify the name of firm, the project, the owner, the contract amount, the circumstances and the date of all such failures to complete for all principals of the firm.

b. that has ever been defaulted on a contract? NO
If so; state the name of the individual and identify the name of the firm, the project, the owner, the contract amount, the circumstances and the date of all default actions for all principals of the firm.

c. that has ever been declared a non-responsible bidder by any municipality or public agency? NO
If so; state the name of the individual and identify the name of the firm, the project, the owner, the contract amount, the circumstances and the date of all such declarations for all principals of the firm.

NO TEXT ON THIS PAGE

d. that has ever been barred from bidding municipal or public contracts? NO

If so; state the name of the individual and identify the name of the firm, the municipality or public agency, the circumstances, date and term of debarment for all debarments for all principals of the firm.

(use additional blank sheets if additional space is necessary)

7. Has any officer or partner of your firm ever failed to complete a construction contract handled in his name? NO

If so, state name of individual, name of owner and reason therefor:

8. Disclose any and all violations of the Prevailing Wage and Supplemental Payment Requirements of the Labor Law of New York State.

Please refer to Prevailing wage Log provided with attachments

9. Disclose any and all other Labor Law Violations, including, but not limited to, child labor violations, failure to pay wages, or unemployment insurance tax delinquencies within the past five years.

NO

10. In what other lines of business are you financially interested?

Site Work, Drainage, Concrete, Landscape, Fence, Athletic & Synthetic Fields

NO TEXT ON THIS PAGE

11. What is the construction experience of the principal individuals of your firm?

Individual's Name	Present Position or Office	Years of Construction Experience	Magnitude and type of work	In what Capacity
----------------------	----------------------------------	--	----------------------------------	------------------------

Please refer to Company Resumes provided with attachments

(use additional blank sheets if additional space is necessary)

12. List below the equipment that you own that is available for the proposed work, giving present location where it may be inspected:

Item	Description, Size Capacity, Year, etc.	Years of Service	Present Location
------	---	---------------------	---------------------

Please refer to EQUIPMENT LIST provided with attachments

Location: 105 Sweeneydale Ave, Bay Shore New York 11706

(use additional blank sheets if additional space is necessary)

NOTE: Should the equipment be moved from the above mentioned location, the submitted hereby agrees upon request of the County to state the new location where same may be found.

13. If any of the above equipment is covered by chattel mortgage, conditional bill of sale, lien, or like encumbrance, state the complete details as to nature and amount of encumbrance, the name and address of the holder, etc.

N/A

(use additional blank sheets if additional space is necessary)

NO TEXT ON THIS PAGE

14. In what manner have you inspected this proposed work?
Explain in detail.

As per specifications and plans provided by Nassau County DPW

(use additional blank sheets if additional space is necessary)

15. Explain your plan and lay-out for performing the proposed work.

As per specifications and plans provided by Nassau County DPW

16. If a contract is awarded or a permit is issued, to your firm, who will have the personal supervision of the work? Attach resume.

John Sulinski COO (631) 691-2381 Jsulinski@landtekgroup.com

17. Insurance carried by your firm:

Type	Company	Limits of Coverage	Term
------	---------	--------------------	------

Please refer to Insurance Samples provided in attachments

- Operating Engineer (Heavy Equipment) #18318, recertified May 17, 2018
- Carpenter: #12037, recertified September 15, 2017
- Ironworker (Outside) #15221, approved October 5, 2017
- Cement Finisher/Cement Mason #11038, approved October 12, 2017

To Whom It May Concern,

The above noted contractor is in good standing with the Empire State Merit Apprenticeship Alliance, Inc. (Merit Apprenticeship Alliance).

Please be advised that the above noted contractor was accepted as a signatory employer effective **April 24, 2020** and is in good standing with the Merit Apprenticeship Alliance NYSDOL registered Skilled Construction Laborer, Carpenter, Operating Engineer (heavy equipment), Cement Finisher and Ironworker apprenticeship program agreements.

The Merit Apprenticeship Alliance apprenticeship standards were reviewed, approved and registered in accordance with NYS Labor Law, Art.23; § 811 and the NYS Department of Labor Part 601 regulations per the above noted dates.

Pursuant to USDOL Title 29 CFR Part 29.13 (a) Recognition of State Apprenticeship Agencies, the New York State Apprenticeship Agency (SAA) is currently recognized by the United States Department of Labor (USDOL) and any apprentices registered in occupations officially recognized by the Department are recognized by the USDOL.

Additionally, this will certify that pursuant to N.J.A.C. 12:62-2.1(h)(2), the above noted contractor pays ongoing contributions into an ERISA-covered apprenticeship training program trust fund that is used to fund apprentice benefit plans and direct training costs."

The Merit Apprenticeship Alliance holds all signatories to the standards of the Program Registration Agreements and requires that each signatory commit that they will support the diversified training so

as to result in normal advancement of the apprentice; employ craft workers to ensure safe and quality worksite training at all times in full compliance with the apprentice journeymen standard ratios and prevailing wages in the respective state in which the work is performed; and, employ the apprentice in a manner that will not conflict with our approved apprenticeship standards.

Signatory contractors are reviewed annually by the Board of Trustees; only those firms who demonstrate a commitment to our quality standards are renewed.

The Alliance is truly dedicated to our mission to provide Industry leading, registered apprenticeship training programs in full compliance with state and federal regulations.

Bellport, N.Y. 11713

01845-17072

Dear Mr. Tascarella:

I am pleased to inform you that your Electrician Apprenticeship Training Program has successfully completed its recertification review. Attached you will find a list of approved signatory employers associated with your program. Please note, these are the only signatories the Department recognizes as approved for this program and it is your responsibility to keep the list up to date with the Department.

Please be advised that the New York State Apprenticeship Regulations require that all apprenticeship training programs undergo a recertification review at or about the time that a program completes its first training cycle and at least every five years thereafter. Additionally, the Department will continue to conduct bi-annual visits to ensure that your program remains in compliance and to provide technical assistance. These visits will include a review of the overall progress of the program, including worksite training, related instruction, program operation and administration, Equal Employment Opportunity/Affirmative Action efforts, and a review of the program's completion/graduation rates. Apprentice program completions are an important part of all programs' performance and will continue to be monitored closely. The reviews will monitor compliance with the provisions on the Apprentice Training Program Registration Agreement (AT 10 Form), Labor Law Article 23, Apprenticeship Regulations Parts 600 and 601, and other Department requirements. These laws and regulations can be found on the Apprenticeship Training website at the following link:
<https://dol.ny.gov/apprenticeship/laws-regulations>

THE LANDTEK GROUP, INC.

**BACKGROUND & EXPERIENCE
OF
PRINCIPAL MEMBERS**

MICHAEL RYAN

President

EXPERIENCE

Mr. Ryan has over 30 years' experience in the construction industry and has become a leader in professional, college and high school athletic field and golf course construction. The company specializes in natural and synthetic field design and construction. Over the years, The LandTek Group has built state-of-the-art facilities for the New York Mets, the New York Yankees, the New York Jets and Giants, and the New York Red Bulls, as well as Columbia University, Stony Brook University, Dowling College, Hofstra University and numerous other universities, colleges, school districts and municipalities throughout the Northeast.

In 1979, after many years as a landscape and tree care expert, Michael Ryan founded the LandTek Group. He expanded his expertise into turf care and athletic fields. This enhanced knowledge brought LandTek into the specialized industry of athletic field construction. Always forward thinking, Mike foresaw the need for improvement in the athletic field industry and began researching the new synthetic turf materials that were coming on the market. Recognizing that the new turf designs were safer for the athletes, cost effective to the school districts and municipalities, and easier to maintain, Mr. Ryan took this opportunity to expand into this market and provide organizations and communities with better and safer facilities. To date, Mike has constructed and overseen more than half a billion dollars' worth of sports facilities, built several golf courses, and acted as a site developer for multiple projects. Mike has acted as a consultant on numerous jobs for architects and engineers, where his expertise has proven invaluable. His knowledge and leadership in the industry has led to many engagements as the keynote speaker at seminars focused on athletic field development, synthetic turf, under-field drainage and quality control. Mr. Ryan's proficiency, capability and motivation have driven The LandTek Group to become to the top builder of sports fields in the United States.

A caring and humble individual, Michael Ryan leads by example. He has contributed many hours of his time to assist individuals and families in need and has supported many charitable groups and causes without seeking recognition or honors. Due to his dedication to helping individuals {especially children} and communities, Mr. Ryan has been named The Marty Lyons Foundation Man of the Year, the Suffolk County PAL Man of the Year and the St. Joseph's College Man of the Year. He is an active member of these and numerous other nonprofit organizations, which are dedicated to supporting children and their families living under difficult circumstances.

Mike and The LandTek Group deliver on the promise of "Building Champions from the Ground Up."

HUMANITARIAN AFFILIATIONS

- The Marty Lyons Foundation
- Suffolk County P.A.L.
- Contractor for Kids
- Nassau County P.A.L.

COMMITTEES

Michael Ryan has been quite active in regional and national committees related to sports field management and development.

Member of the Board of Directors of the Suffolk County Sports Hall of Fame, a nonprofit organization that honors outstanding persons, living or deceased, who have gained prominence and have made substantial contributions on behalf of themselves and Suffolk County in the fields of professional and amateur sports.

Mr. Ryan is also on the Board of Directors for St. Joseph's College, an Institution that prepares students for lives of integrity, social responsibility and service.

EDWARD RYAN

Vice President

EXPERIENCE

Edward Ryan joined the LandTek Group, Inc. in 1990 and currently has over 30 years' experience in athletic field construction. He has been instrumental in the establishment and development of the Synthetic Division of The LandTek Group and has garnered an excellent reputation within the industry. Edward attended SUNY Farmingdale, Farmingdale NY as well as Rutgers University, New Brunswick, NJ studying horticulture and construction, consulting, research on new equipment and construction methods.

As the Vice President of the Athletic/Synthetic Divisions, Edward strives to maintain its exemplary reputation. His main duties include overseeing the estimating department, and managing all quotes and proposals. He personally oversees all athletic construction projects taken on by The LandTek Group, ensuring that they meet the highest standards and maintain quality control.

Edward has personally been involved in the building and award of over a quarter billion dollars' worth of sports field construction and was responsible for The LandTek Group being awarded its first project with a professional sports team.

EXPERIENCE

John Sulinski is the Chief Operating Officer of The LandTek Group. He received his Bachelor of Engineering Degree from Stony Brook University encompassing several disciplines. John joined the LandTek team in 2003. He has owned and managed construction related companies, has diverse experience in large site development projects and has a wealth of knowledge in general contracting.

John is responsible for overseeing the management of all the divisions within the Company across ten states. LandTek's multi-diversified group consists of; Athletic Facilities Construction, Synthetic Turf Installation, Natural Grass Construction and Drainage, Natural Turf Maintenance, Concrete, Fence and Netting, Synthetic Turf Maintenance, University Field Care and Professional Sports Team Maintenance. John also oversees the Fleet Maintenance Division and company purchases of machinery, equipment and vehicles.

John's twenty-five plus years of construction acumen has been instrumental in developing LandTek's multi-talented workforce. He has researched and implemented the use of project management and computer aided design software, laser grading technology and robotic surveying. He is also dedicated to creating additional educational opportunities for our staff. His attention to detail, multitasking and creative thinking has allowed The LandTek Group to remain at the leading edge of design and construction. Expertise in sports facility construction and design has led him to speak at many different company and industry related functions. Recently he was the keynote speaker for the American Sports Builders Association (ASBA) regional meeting in New York. He continues to consult with architects, engineers, and owners on a daily basis. His focus on finance, timeliness, and quality has created an industry standard that continues to empower The LandTek Group.

His new endeavors include the expansion of LandTek's southern markets, growth of the LTG Sports Turf One company in Florida, completing the construction of our new corporate headquarters and continuing to build careers within the sports construction industry.

MARTY LYONS

VP OF PUBLIC RELATIONS

EDUCATION

- University of Alabama
- 1978, All-American
- 1978, SEC Defensive Player of the Year
- 1978, Alabama Defensive Player of the Year
- 1978, Outstanding Defensive Lineman in the Nation; Awarded by the Columbus

QUARTERBACK CLUB

- Defensive Player of the Decade, 1970s
- Election to the Alabama Team of the Century
- Captain of the 1978 National Champions
- 2006, Sports Illustrated All-Time Alabama Team

2011, National Football Foundation of College Hall of Fame

NATIONAL FOOTBALL LEAGUE

New York Jets

- 1979, Number One Draft Choice
- 1981 Member of the New York Sack Exchange
- 1982, Pro-Bowl Alternate
- 1983, Pro-Bowl Alternate
- 1984, National Football League Man of the Year
- 1991, Retired after 12 seasons
- 2003, Member of the All Time New York Jets Four Decade Team

EXPERIENCE

Marty Lyons joined the LandTek Group as the Director of Sales & Marketing in 2000, was appointed Senior Vice President of Operations in 2007 and recently promoted to Vice President of Marketing and Public Relations. He has enjoyed a long successful career in the worlds of sports, business and philanthropy and has successfully merged his renown in sports and business savvy to greatly contribute to the company's growth as one of the premier "turf" installation business.

Mr. Lyons' football experience matured under the guidance of the late Paul "Bear" Bryant at the University of Alabama where he was recognized as an All-American in 1978. His peers elected him captain of the NCAA Division I National Champion football team that same year. His athletic skill propelled him to be a first round draft pick in the 1979 National Football League draft. Mr. Lyons joins the 2011 class of the College Football Hall of Fame.

Mr. Lyons' professional football career with the New York Jets spanned twelve (12) years; during which time, he played both defensive tackle and defensive end. He played a key role in the formation of "the New York Sack Exchange" which led the league in quarterback sacks in 1981. His performance on the field led to his selection as a Pro Bowl alternate in 1982 and 1983. Experience and leadership enabled him to serve as one of the defensive team captains in 1988.

In 1982, Mr. Lyons realized that there was more to life than football. According to Mr. Lyons, "In March 1982, three events altered my life. In the period of one week, my father, Leo, passed away suddenly; Keith, a little boy to whom I was a Big Brother, passed away from leukemia; and my first son, Rocky, was born. Imagine being on top of the world, and in the period of seven days you are forced to see the frailty, unfairness, and the wonder of life. I decided to use my name and my God-given talent to make a difference in the lives of terminally ill children."

Mr. Lyons is a featured athlete in Bear's Boys: Thirty-Six Men Whose Lives Were Changed by Coach Paul Bryant by Eli Gold. Bear's Boys is a collection of inspiring stories featuring 40 men whose lives were altered by their encounter with the legendary coach while they were players and coaches at Alabama. The stories of star players such as Joe Namath, Ken Stabler, Marty Lyons, Bob Baumhower, Cornelius Bennett, and Gene Stallings show how the Coach forever changed them as young men and ball players on the field and later in life after football. Marty was also featured in Legends of Alabama Football by Richard Scott in 2004. Marty is currently Color Analyst and Outback Bowl for the New York Jets, ESPN 1050 Game Day.

ANTHONY T. GUSMANO

CAO/ VP of Synthetic Turf

PROFESSIONAL PROFILE

- Metlife Stadium, East Rutherford, NJ
- New York Jets Training Facility, Hofstra University
- Rutgers University, Newark, NJ
- New York Mets CitiField, Flushing Meadows, NY

- East Stroudsburg University, East Stroudsburg, PA

EXPERIENCE

Anthony Gusmano, a highly motivated and skilled professional in project management and synthetic turf, has extensive leadership experience. An accomplished Project Manager, his capabilities have helped generate significant enhancements to the Synthetic Turf Division at The LandTek Group, Inc.

Since he started at LandTek in 2002, Anthony has supervised the installation of over 400 projects and his success is based on his natural ability to lead. In his role, Anthony's main duties include estimating projects, maintaining quality control; operate the day to day activities of multiple projects and schedule manpower of over 35 employees. As a key member of The LandTek team, he also assists in developing a safe work place. He is known for his strong work ethic and motivational skills.

PHILIP LAND

Sr. Estimator

EDUCATION

- Shelton State Community College – Tuscaloosa, AL
- Associate in Science with courses in calculus, modern graphics for engineers (AutoCAD 2007), microcomputer systems (Office 2003) and business communications

PROFESSIONAL PROFILE

- EPA/AHERA Asbestos Supervisor – Certified July 2004

- Trench Shoring Services Birmingham, AL Office - Competent Person Training Course to meet OSHA's Excavation Standards, Soil Identification, Soil Analysis, Hazard Identification, Protective Systems and Trench Shoring. Sept 2003

SOFTWARE

- InSite
- AutoCAD
- B2W
- Carlson

EXPERIENCE

Philip joined The LandTek Group in 2007 and brought with him over 12 years of experience in site development and athletic field construction. As LandTek's estimator, Philip is responsible for overseeing pricing and bidding aspects of construction projects, and often works directly with owners, architects, and engineers to value engineer projects. Philip also does design work on various projects.

As Estimator, Philip ensures that LandTek maintains the work volume to remain a leader in the sports field industry, and continues to diversify into other areas of construction as well. Some of Philip's project highlights include design work for Columbia University's softball & field hockey fields at Baker Field Sports Complex, Joe Nathan Field at Stony Brook University, and ongoing projects with the New York Red Bulls.

Before joining LandTek, Philip worked for H & W Construction in Northport, Alabama as project supervisor, and then project manager. Prior to that, Philip worked for the Earthwork Construction Company in Neosho, Missouri. Philip received an A.S. from Shelton State Community College in 2007.

STEVEN KUZMISKAS

Senior Project Manager, Construction

EXPERIENCE

Steven joined The LandTek Group in February 2002. He started his career at LandTek as a Project Superintendent of Field Construction and was responsible for the construction of various fields in school districts, NYC parks, universities and professional fields in the metropolitan area. As construction superintendent some of Stevens many responsibilities were project and site layout, laser grading operation, earth moving, site and storm drainage, building and utility construction. City Field, home of the New York Mets, and the New York Red Bulls are just a few of the projects Steven's knowledge and expertise have brought to completion.

Steven was promoted to project manager in 2011, bringing his 15 years of construction experience with him. Steven is responsible for managing the construction projects for Long Island, Connecticut, New York City, and Westchester. This role includes managing the site superintendents, project scheduling, logistics coordination and material purchasing.

Prior to Steven joining The LandTek Group he worked in the construction industry for a site development company. Steve attended at SUNY Delhi in Delhi, NY

INDEPENDENT AUDITORS' REPORT

To The Stockholders and Members
The LandTek Group, Inc. and Affiliates
Bayshore, New York

Opinion

We have audited the accompanying combined financial statements of The LandTek Group, Inc. and Affiliates, which comprise the combined balance sheet as of December 31, 2021, and the related combined statements of income, changes in equity and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of The LandTek Group, Inc. and Affiliates as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Combined Financial Statements section of our report. We are required to be independent of The LandTek Group, Inc. and Affiliates and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The LandTek Group, Inc. and Affiliates' ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The LandTek Group, Inc. and Affiliates' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The LandTek Group, Inc. and Affiliates' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 1 - Nature of Operations and Principles of Combination

Business Activity

The LandTek Group, Inc. ("LandTek") is a contractor specializing in the design and installation of athletic fields throughout the eastern United States. Construction work is generally performed under fixed-price and unit-price contracts. The length of the company's contracts varies but typically ranges from six months to two years.

Islip Yards, LLC ("Islip Yards") owns property which it rents to LandTek under a long-term lease agreement.

LTG Sports Turf One LLC ("Sports Turf One") is a limited liability company which is wholly owned by LandTek. The company was formed on October 16, 2017 within the State of Florida but did not begin operations until the end of the calendar year ended December 31, 2018. Sports Turf One is a contractor specializing in the design and installation of athletic fields. Construction work is generally performed under fixed-price and unit-price contracts. The length of the company's contracts varies but typically ranges from six months to two years.

Principles of Combination

The combined financial statements include the accounts of LandTek and its consolidated wholly-owned subsidiary Sports Turf One, combined with Islip Yards, and referred to collectively as the "Company." LandTek and Islip Yards are affiliated through common ownership and management. All intercompany balances and transactions have been eliminated in consolidation and combination.

Note 2 - Summary of Significant Accounting Policies

Revenue and Cost Recognition

The Company recognizes its revenue in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 606, *Revenue from Contracts with Customers* ("ASC 606"). The guidance affects any entity that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards.

ASC 606 provides that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. An entity should apply the following five-step process to recognize revenue: (1) Identify the contract with a customer; (2) Identify the performance obligations in the contract; (3) Determine the transaction price; (4) Allocate the transaction price to the performance obligations in the contract; and (5) Recognize revenue when (or as) the entity satisfies a performance obligation.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Construction Contracts

LandTek and Sports Turf One recognize revenues on construction contracts over time, as performance obligations are satisfied, due to the continuous transfer of control to the customer. The customer typically controls the asset under construction, as evidenced either by contractual termination clauses or by the Company's rights to payment for work performed on the asset under construction that does not have an alternative use to the Company. The Company's construction contracts are generally accounted for as a single performance obligation since the Company is providing a significant service of integrating components into a single project. The Company recognizes revenue with an "input method" using the percentage-of-completion method, whereby progress towards completion is recognized according to the percentage of incurred costs to estimated total costs. This method best depicts the transfer of control to the customer, which occurs as the Company incurs costs on its contracts. Incurred costs represent work performed, which corresponds with and thereby best depicts the transfer of control to the customer. This method is used because management considers the "cost to cost" method the most appropriate in the circumstances.

Because LandTek and Sports Turf One almost always act as a principal in the construction contracts, gross revenues are recognized. The Company is considered the principal because the Company controls the contractually specified goods and services before they are transferred to the customer.

Revenues on uninstalled materials are recognized when control is transferred to the customer. Under certain circumstances (e.g., transfer of control occurs significantly before services are provided, the cost of the material is significant), revenue on certain uninstalled third-party materials is recognized when the cost is incurred; however, profit is not recognized until the material is ultimately installed in the project.

Rental revenues from Islip Yards are recognized under the accrual basis of accounting.

Practical Expedients and Exemptions

LandTek and Sports Turf One utilize certain practical expedients as follows:

- In cases where LandTek and Sports Turf One have an unconditional right to consideration from a customer in an amount that corresponds directly with the value of the performance completed to date, LandTek and Sports Turf One recognize revenue in the amount to which there is a right to invoice for services performed.
- The contract price is not adjusted for the effects of a significant financing component if LandTek and Sports Turf One expect, at contract inception, that the period between when the Company transfers a service to a customer and when the customer pays for that service will be one year or less.
- Incremental customer contract acquisition costs are expensed as they are incurred when the amortization period is less than one year in duration

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Contract Assets and Liabilities

Billing practices are governed by the contract terms of each project based upon costs incurred, achievement of milestones, or predetermined schedules. Billings do not necessarily correlate with revenue recognized over time using the percentage-of-completion method. Contract assets include unbilled amounts typically resulting from revenue under long-term contracts when the percentage-of-completion method of revenue recognition is utilized, and revenue recognition exceeds the amount billed to the customer. Contract liabilities consist of advance payments and billings in excess of revenue recognized as well as deferred revenue, net of conditional retainage.

The Company's contract assets and liabilities are reported in a net position on a contract-by-contract basis at the end of each reporting period. In accordance with normal construction industry practice, the Company includes in current assets and current liabilities amounts relating to construction contracts realizable and payable over a period in excess of one year.

The opening and closing balances of contract receivables, contract assets and contract liabilities from contracts with customers are as follows:

Balance, January 1, 2021
Balance, December 31, 2021

Combining Contracts

The Company evaluates whether two or more contracts with the same customer should be combined and accounted for as a single contract and, whether a single or combined contract should be accounted for as more than one performance obligation. This evaluation requires significant judgment and could change the amount of revenue and profit recorded in each period.

Performance Obligations

Generally, the Company's contracts contain one performance obligation. A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is the unit of account. The Company's performance of the contracts with customers typically provides a significant service of integrating a complex set of tasks and components into a single project or capability (even if that single project results in the delivery of multiple units), and as such, the entire contract is accounted for as one performance obligation. The transaction price is allocated to the performance obligation and recognized as revenue when, or as, the performance obligation is satisfied with the continuous transfer of control to the customer.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Performance Obligations (cont'd.)

Less commonly, a contract may be considered to have multiple performance obligations even when they are part of a single contract. For contracts with multiple performance obligations, the Company allocates the transaction price to each performance obligation using the best estimate of the standalone selling price of each distinct good or service in the contract.

Transaction Price

The transaction price is the amount of consideration the Company expects to receive in exchange for transferring goods and services to the customer. The consideration promised in a contract with customers may include both fixed and variable amounts to the extent that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved (i.e., probable and estimable).

Variable Consideration

The nature of the Company's contracts gives rise to several types of variable consideration, including claims, bonuses, incentives and/or penalties and liquidating damages. The Company includes in the contract estimates additional revenue for variable consideration when the Company believes it has an enforceable right to the modification, the amount can be estimated reliably, and it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. The Company uses the expected value (i.e., the sum of a probability-weighted amount) or the most likely amount method, whichever is expected to better predict the amount. These estimates are based on management's assessment of legal enforceability, Company performance, and all information (historical, current, and forecasted) that is reasonably available to the Company.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Contract Modifications

Contract modifications are routine in the performance of the Company's contracts. Contracts are often modified to account for changes in the contract specifications or requirements. In most instances, contract modifications are for goods or services that are not distinct, and therefore, are accounted for as part of the existing contract.

The Company accounts for contract modifications as a separate contract when the modification results in the promise to deliver additional goods or services that are distinct and the increase in price of the contract is for the same amount as the standalone selling price of the additional goods or services included in the modification.

Cost Recognition

Contract costs include all direct material and labor costs and all other direct and indirect costs related to contract performance. General and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined.

Costs incurred that do not contribute to satisfying performance obligations are excluded from the cost input calculation as these amounts are not reflective of transferring control to the customer. Costs are generally recognized as incurred. Under certain circumstances, costs incurred in the period related to future activity of the contract or costs that benefit the entire performance obligation (fulfillment costs) may be capitalized.

Changes in Contract Performance

Changes in job performance, job conditions and estimated profitability, including those arising from settlements, may result in revisions to costs and income and are recognized in the period in which the revisions are determined. The Company recognizes adjustments in estimated profit on contracts under the cumulative catch-up method. Under this method, the impact of the adjustment on profit recorded to date is recognized in the period the adjustment is identified. Revenue and profit in future periods of contract performance are recognized using the adjusted estimate. Because of the inherent uncertainty in estimating the costs to complete on contracts in process, it is at least reasonably possible that the estimates used will change in the near term.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Revenue and Cost Recognition (cont'd.)

Economic Factors

- Type of customers - The Company works with local high schools, universities, municipalities and athletic organizations.
- Geographical location of customers - The Company services customers throughout the eastern coast of the United States.
- Type of contracts - The Company operates under fixed-price and unit-price contracts. The length of the Company's contracts is expected to be six months to two years.

Use of Estimates

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contract Receivables

The Company carries its contract receivables at cost less an allowance for doubtful accounts. The Company estimates the allowance for doubtful accounts based upon a review of outstanding receivables and historical collection information by customer. Normally, contract receivables are due within 30 days after the date of the requisition. Contract retentions are generally due within 30 days after completion of the project and acceptance by the owner. Where the contract provides for guarantee retainage provisions, such retainage is generally due within one year of completion and acceptance of the project. Receivables more than 90 days old are considered past due. Contract receivables are written off when they are determined to be uncollectible. The Company does not accrue interest on past due receivables.

Contract receivables include billed amounts for services provided to customers for which the Company has an unconditional right to payment. Billed amounts for which payment is contingent on anything other than the passage of time are included in contract assets and contract liabilities on a contract-by-contract basis. When payment of the retainage is contingent upon the Company fulfilling its obligations under the contract, it does not meet the criteria to be included in contract receivables and remains in the contract's respective contract asset or contract liability, determined on a contract-by-contract basis. Retainage for which the Company has an unconditional right to payment that is only subject to the passage of time is included in contract receivables.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Property and Equipment

Property and equipment is stated at cost. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed in the period incurred. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

Depreciation of property and equipment is provided utilizing the straight-line method over the estimated useful lives of the respective assets as follows:

Building and building improvements	39 years
Transportation equipment	5 years
Machinery and equipment	3 to 5 years
Furniture and fixtures	5 to 7 years

Leasehold improvements are amortized over the shorter of the remaining term of the lease or the useful life of the improvement utilizing the straight-line method.

Goodwill

Goodwill is recorded when the cost of acquired businesses exceeds the fair value of the identifiable net assets acquired. Under FASB Accounting Standards Codification ("ASC") Topic 350, goodwill will be amortized over 10 years on a straight-line basis. The Companies will analyze goodwill for impairment due to a "triggering event" that would indicate that the fair value of the entity or reporting unit is less than its carrying value as of the end of the period only. No triggering events were deemed to have occurred during the year ended December 31, 2021.

Income Taxes

Generally, income taxes have not been provided because the stockholders have elected to have LandTek treated as an S corporation for income tax purposes as provided in Section 1362(a) of the Internal Revenue Code. As such, the corporation's income or loss and credits are passed through to the stockholders and reported on their individual income tax returns. The accompanying provision for income taxes represents only state and local taxes.

Islip Yards and Sports Turf One are treated as partnerships for income tax purposes and do not incur income taxes. Instead, members are taxed individually on their share of the companies' earnings. The companies' net income or loss is allocated to the members based upon their profit and loss percentages. Accordingly, no provision for income taxes is made in the combined financial statements for Islip Yards and Sports Turf One.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Variable Interest Entities

The Company elected to adopt the accounting policy described in FASB ASC Subtopic 810-10-15-17AB, which allows nonpublic companies to not consolidate Variable Interest Entities ("VIE") for which the company is the primary beneficiary if certain criteria are met, including that the company and the VIE are under common control, the company has a lease from the VIE, and substantially all the activities between the company and the VIE relate to leasing activities between the two entities.

Thus, under this accounting policy election, the real estate entity holding an office lease with the Company has not been consolidated in the Company's combined financial statements.

New Accounting Pronouncements

ASU No. 2016-02

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. This ASU is the result of a joint project of the FASB and the International Accounting Standards Board ("IASB") to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements for U.S. GAAP and International Financial Reporting Standards ("IFRS"). The guidance in this ASU affects any entity that enters into a lease (as that term is defined in this ASU), with some specified scope exemptions. The guidance in this ASU will supersede FASB ASC Topic 840, *Leases*.

The ASU provides that lessees should recognize lease assets and lease liabilities on the balance sheet for leases previously classified as operating leases that exceed 12 months, including leases existing prior to the effective date of this ASU. It also calls for enhanced leasing arrangement disclosures.

For nonpublic entities, the amendments of ASU No. 2016-02 are effective for annual reporting periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022, based on the decision in ASU No. 2020-05 to defer the implementation dates. Early application is permitted for all entities.

ASU No. 2016-13

In June 2016, the FASB issued Accounting Standards Update ("ASU") No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. This ASU modifies the measurement of expected credit losses on certain financial instruments. The ASU broadens the information that an entity must consider in developing its expected credit loss estimate to include such factors as current market conditions. Under current guidance, recognition of the full amount of credit losses generally is delayed until the loss is probable of occurring.

New Accounting Pronouncements (cont'd.)

ASU No. 2016-13 (cont'd.)

The amendments in ASU No. 2016-13 are effective for nonpublic entities for fiscal years beginning after December 15, 2022, and interim periods within that year, based on the update in ASU 2019-10 to defer the implementation date. The amendments in this ASU may be early adopted.

The Company has not yet determined if these ASUs will have a material effect on its combined financial statements.

Note 3 - Concentration of Credit Risk

Note 4 - Contract Receivables

Contract receivables, net are summarized as follows:

BILLED:

Completed contracts
Contracts in process

Note 11 - Long-Term Debt (cont'd.)

Note 12 - Pension Plan

Note 13 - Multiemployer Plans

Note 14 - Contingencies

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of multiple industries. While the disruption was temporary, there is considerable uncertainty regarding the duration of the effects. The extent to which COVID-19 impacts future results will depend on any further developments which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain it or treat its impact, among others. At this time, the Company cannot estimate with meaningful precision the potential impact to its financial and operational results.

LandTek is contingently liable to its surety under a general indemnity agreement. Under this agreement, the company agrees to indemnify the surety for any payments made on its behalf. The Company believes that all contingent liabilities will be satisfied by its performance on the specific contracts covered by the agreement.

THE LANDTEK GROUP, INC. AND AFFILIATES
NOTES TO COMBINED FINANCIAL STATEMENTS

Note 14 - Contingencies (cont'd.)

LandTek is involved in various legal proceedings and litigation arising in the ordinary course of business. The Company intends to vigorously dispute liability for the various claims. It is too early to determine whether the outcome of such proceedings and litigation will have a material adverse effect on the Company's combined financial statements.

The SBA may elect to undertake an audit of the Company's PPP loan.

List of Litigations

1. The LandTek Group, Inc. vs.
Township of Verona vs. K. Hovnanian AT Hilltop LLC

During the construction of this project, LandTek encountered contaminated soils causing delays and endless displacement of soils without compensation.

The Township of Verona, the owner of this project, blamed the developer, K Hovnanian, for selling the township land that had contaminated soil.

Pursuant to years of discovery, K. Hovnanian was vindicated and the Township became the sole entity responsible for the contaminated soil.

The case is still in deposition mode although the Township is presently offering pursuing the case by means arbitration.

Contact Name of Defendant

Township of Verona
Anthony P. Seujas, Esq.
Lawrence C. Weiner Esq.
Mandlebaum Salsburg, PC

2. Turfscapes, LLC vs.
The LandTek Group, Inc. Erich Golf, LLC, Irvington Union Free School District and Hanover Insurance Company

Turfscapes LLC is demanding payment for work performed. Turfscapes was a 2nd tier subcontractor who did not have a direct contract with LandTek and did not give a notice of claim to LandTek until one month after his work was terminated. As of 6/2018, Turfscapes had not provided legitimate proof that it is entitled to damages. LandTek bonded this erroneous claim and finalized our contract with the Owner. Despite Turfscapes failure to provide any evidence that proves that it expended the moneys it said it did, on behalf of its subcontractor "Erich Golf", the jury voted in favor of Turfscapes and Erich Golf On April 8, 2019, a judgement against LandTek was filed ending this claim.

Contact Name of Plaintiff:

Turfscapes, LLC's Attorneys
Blackely, Platt & Schmidt, LLP

3. The LandTek Group, Inc., Palace Electrical Contractors, Inc., Premier Mechanical Services Inc. and JNH Construction Group Inc. vs. Economic Opportunity Commission of Nassau County, Inc., Prince Carpet, Inc., d/b/a/ Prince Carpet & Floors, D.F. Eastwood Construction Corp d/b/a/ All Island Fence & Railings, The Commissioner of Taxation and Finance for the State of New York and John Doe #1 to John Doe #25 et al. -

Economic Opportunity Commission (EOC) commissioned Universal Design and Construction LLC (UDC) to manage the construction of a two story building in Long Beach, N.Y.

The contract between EOC and UDC allowed UDC to receive funds from EOC to pay for all the subcontractors UDC hires on behalf of EOC for the construction of this building.

UDC mismanaged the funds it received from EOC and failed to pay its subcontractors. EOC agreed through a stipulation to recompense the unpaid subcontractors which included The LandTek Group, Inc. (LandTek) with a monthly stipend for 62 months starting July 2018.

Contract Name of Plaintiff

Iris A Johnson CEO
EOC of Nassau County

4. Christopher Meyers and Joseph Peralta, individually and on behalf of all persons similarly situated vs. The LandTek Group, Inc.

A Collective Action by two former employees of The LandTek Group, Inc. (LandTek) was brought against LandTek on January 24, 2017. Allegations were made for failure to pay off the clock work and overtime.

LandTek filed its response on February 15, 2017. The Plaintiffs responded on January 8, 2018, requesting documents. All documents were delivered to our attorney by February 22, 2018. The case was resolved in a 10/15/18 court hearing and is now concluded.

5. The LandTek Group, Inc. vs.
Nassau County Clerk's Office

[REDACTED]

The LandTek Group Inc. (LandTek) entered a contract with LRC Construction LLC (LRC) to furnish and install concrete foundations for RXR North Hills Phase I and II. Owner LLC and the residences, North Hills Homeowners Association, Inc. (RXR). LandTek performed the work and at completion, LRC claimed that it incurred expenses unbeknown to LandTek and expenses which LandTek resolved and compensated LRC for during the course of the work. LandTek filed two liens on the project on February 15, 2017; [REDACTED] and renewed the liens in 2018 and 2019. The reason for the two liens is because two separate lots occupied the work in question. In October 2020, LandTek opted not to renew the liens on this project; after conferring with their attorney, it was determined, that the cost of litigating this claim did not warrant pursuing it any further. The case is closed.
