# **Contract Summary**

**Purpose:** This is a construction contract to resurface the travel lanes and shoulders on Wantagh Avenue from Sunrise Highway to Hempstead Turnpike. The work includes asphalt pavement mill and pave and concrete repairs and improvements to the concrete wearing surface in travel lanes, milling and asphalt resurfacing of shoulders, the installation of curbs, sidewalks, ADA compliant curb ramps, driveway aprons, drainage structures, trees, replacement of pavement markings and traffic loops, and other incidental work.

**Method of Procurement:** Formal Sealed Bid - published in eProcure, Newsday and NYS Contract Reporter. Four (4) bids were received.

**Procurement History:** Notice to Bidders was issued on November 30,2022 and bids received on January 31, 2023. The Contractor was selected through an open competitive bidding process. The bid was advertised in the NYS Contract Reporter and on the County Procurement site, and advertised in Newsday. Bid Opening was on January 31, 2023. There were four (4) bidders.

Posillico Civil, Inc. was found to be the lowest responsible bidder.

**Description of General Provisions:** This is a contract for resurfacing of the travel lanes and shoulders on Wantagh Avenue from Sunrise Highway to Hempstead Turnpike.

Impact on Funding / Price Analysis: Maximum contract amount of \$8,397,521.60 Funding under Project 61145.

Change in Contract from Prior Procurement: This is a new contract- no prior procurement.

**Recommendation:** Approve as Submitted

#### RULES RESOLUTION NO. -2023

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO AWARD AND EXECUTE A CONTRACT BETWEEN THE COUNTY OF NASSAU ACTING ON BEHALF OF THE NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS AND POSILLICO CIVIL, INC.

WHEREAS, in accordance with all Federal, State and Local Law, the County of Nassau on behalf of the NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS ["Department"] has received competitive bids for contract H61145-54G, for WANTAGH AVENUE RESURFACING - NASSAU COUNTY, NY ["Contract"], as more particularly described in the contract documents, a copy of which are on file with the Clerk of the Legislature; and

WHEREAS, the firm of POSILLICO CIVIL, INC.

["Vendor"] has submitted the lowest responsible bid for the work described in the contract in accordance with all Federal, State and Local Law as determined by the Department, and

WHEREAS, the funding for this contract is from capital funds approved by the Nassau County Legislature and included in the current four year capital plan, and

WHEREAS, the Commissioner of the Department is representing that the total contract is estimated to be \$8,397,521.60, now therefore be it

RESOLVED, that the Rules Committee of the Nassau County Legislature, based on the representations of the Department and the recommendation of the Commissioner of the Department, authorizes the County Executive to award and execute the said contract with the vendor.

## BID BOND

#### FORM OF BID BOND

The bidder shall instruct the Surety Company to USE THIS FORM PROVIDED as the use of ANY OTHER FORM may cause rejection of the

KNOW ALL MEN BY THESE PRESENTS,
that we, the undersigned Posillico Civil, Inc.
as Principal; and Liberty Mutual Insurance Company as surety, who is Licensed to do business in the State of New York, are hereby firmly bound unto the County of Nassau in the penal sum of
Ten Percent of Proposal Price dollars (\$ 10% of P.P. ) for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.
Signed, this 22nd day of December , 2022
The conditions of the above obligation is such that whereas the Principal has submitted to the County of Nassau a certain Bid attached hereto and hereby made a part hereof, to enter into a contract in writing for the work under Contract No. H61145-54G for the
Wantagh Avenue Resurfacing
NOW, THEREFORE, the conditions of this obligation are such that if the Principal shall not withdraw said proposal except by mutual consent of the County of Nassau within a period of forty-five (45) days after the opening of bids and in the event of acceptance of the Principal's proposal, if the Principal shall,
a. when notified by the County, execute all necessary counterparts of the contract as set forth in the contract documents in accordance with the proposal as accepted; and
b. furnish bonds and other security as specified in the contract documents for the faithful performance and proper fulfillment of such contract, which bonds or other security shall be satisfactory in all respects to the County; and
c. in all respects, comply with the provisions set forth in the invitation to bid; or if the County of Nassau shall reject the aforesaid proposal for a reason other than the Principal's failure to satisfy the County that he has the necessary skill, experience and liquid assets required for the contract as stated in the documents aforesaid, then this obligation shall be null and void; otherwise to remain in full force and effect.

Provided, however, that this bond is subject to the following additional conditions and limitations.

- a. In the event that the Principal fails to submit a financial statement when required by the County or in the event that an examination of the Principal indicates to the County that the Principal does not meet the financial requirements required by the County, the undersigned will, upon demand, pay to the County of Nassau, as liquidated damages for the Principal's failure to meet such requirements, a sum equal to the amount that would have been required by a certified check if the same were delivered in accordance with the provisions of the contract documents and specifications herein stated.
  - b. In case the Principal shall default in the performance of any provision the undersigned will upon demand pay to the County of Nassau the full amount of the damages sustained by the County of Nassau by reason of such default, except however, it is expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligation of said Surety and its bond shall be in no way impaired or affected by any extension of time within which the County of Nassau may accept such Bid; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, the day and year first set forth above.

# The Following Paragraphs are Applicable to the Contract

#### THE BIDDER AFFIRMS AND DECLARES:

- 1. That the above bidder is of lawful age and the only one interested in this bid; and that no other person, firm or corporation, except those herein named, has any interest in this bid or in the Contract proposed to be entered into.
- 2. That this bid is made without any understanding, agreement or in connection with any other person, firm or corporation, making a bid for the same work, and is in all respects fair and without collusion or fraud.
- 3. That said bidder is not in arrears to the County of Nassau upon debt or contract, and is not a defaulter, as surety or otherwise, upon any obligation to the County of Nassau.
- 4. That no officer nor employee of the County of Nassau, or person whose salary is payable in whole or in part from the County Treasury is, shall be, or become interested directly, or indirectly as a contracting party, partner, stockholder, surety or otherwise, in this bid, or in the performance of the contract, or in the supplies, materials, equipment and work or labor to which it relates, or in any portion of the profits thereof.
- 5. That he has carefully examined the site of the work and that, from his own investigations, has satisfied himself as to the nature and location of the work, the character, quality and quantity of existing materials, all difficulties likely to be encountered, the kind and extent of equipment, other facilities needed for the performance of the work, the general and local conditions, and all other items which may, in any way, affect the work or its performance.
- 6. The bidder also declares that he has carefully examined and fully understands all the component parts of this Contract, that he will execute the Contract and will completely perform it in strict accordance with its terms for the following prices.
- 7. Where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities Glen Cove or Long Beach, the contractor shall be required to have such a license.

#### INFORMATION FOR BIDDERS

- I. Rejection of Bids.
  - A. The Commissioner may recommend a reject of bid if:
    - 1. The Bidder fails to furnish any of the information required by the bid documents; or if
    - 2. The bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if
    - 3. The bid does not strictly conform to law or the requirements of this contract; or if
    - 4. The bid is conditional; or if
    - 5. A determination that the bidder is not responsible is made in accordance with law; or if
    - 6. The bid, in the opinion of the Commissioner, contains unbalanced bid prices, unless the bidder can show that the prices are not unbalanced for the probably required quantity of such items.
  - B. Rejection of all bids and waiver of informalities.

The Commissioner, however, reserves the right to recommend to reject all bids whenever he deems it in the best interest of the County, and also the right to waive any informalities in a bid.

II. Unit Price Contracts, Comparison of Bids.

Bids on Unit Price Contracts will be compared on the basis of a total bid price, arrived at by taking the sum of the Approximate Quantities of such item multiplied by the corresponding Unit Price, and including any Lump Sum Bid on individual items, in accordance with the items set forth in the bid proposal.

Bidders are warned that the Approximate Quantities of the various items of work and material is estimated only, and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be more or less than estimated.

III. Lump Sum Contracts, Comparison of Bids.

Bids on lump Sum Contracts will be compared on the basis of the Lump Sum Price bid adjusted for alternate prices bid, if any.

IV. Apprenticeship Training Program

Nassau County DPW

For all contracts in excess of \$500,000 attach here verification letter regarding your firm's having an approved State of New York Apprenticeship Training Program.

BRUCE A. BLAKEMAN
NASSAU COUNTY EXECUTIVE

## **NASSAU COUNTY**

**Vendor Code of Ethics** 

DATE ISSUED: June 5th, 2019
AUTHORIZED and SIGNED BY:
<b>Deputy County Executive</b>
For Compliance  County Executive

POLICY:

The Office of the Mussia County Executive recognizes the importance of the vendor community in helpfug the County provide necessary services for the residents of Massau County. It is the policy of the County Executive to ensure that all vendors doing business with Nastau County operate under the highest standards of legal and ethical conduct.

PURPOSE:

To see forth a Code of Coxplice for rendors to ensure that Nassan County Vensions are conducting their business with integrity, ethics, and compliance with all applicable laws and regulations.

SCOPE:

All vendors doing business or seeking to do business with Nessau, County as specified in the Code.

### Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

Yassac-County-BPW Paperige 341 161145-549

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

**State Procurement Lobbying Law** means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

Nassar County DPW Page 82 @1441 H01145-54G

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

### Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

### Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

### Chapter 3: GIFTS OR CONTINGENT FEES

#### Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

### Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

Nassau County DPW Pamanson 541 145-549

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

### Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

### Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

### Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

Nassau-County DPW Page (G4) 1 181145-54

procurement should be directed to the Designated Point of Contact for the procurement.

### Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii)30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

### Chapter 5: CONFLICT OF INTEREST

### Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

### Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Nassau County DRW He He 149-546

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

### Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

### Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Nassau County DPVV Plotter Page age (841

### Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

### Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

### Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

### Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Hassan County DPW	3	A:d	
SEISAND COUNTY DE VV	~auebv (e) \s\4		H01445-549

### Chapter 7: NON-COLLUSION

### Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

### Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

### Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

### Chapter 8: DISTRIBUTION AND CERTIFICATION

### Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

As a condition of being considered for the award of any contract above the County's small purchase threshold of \$10,000, the Vendor will be required to distribute copies of the Nassau County Vendor Code of Ethics to all Participating Employees prior to any of those employee's participation in the procurement. The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

Nassau Gounty-DPW Page @eo1 6/41 H61145-546

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

### Section 8.02 Vendor Certifications

The vendor by signing the final contract thereby certifies and attests to the following:

- (a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;
- (b) All of its Participating Employees during the course of procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;
- (c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;
- (d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;
- (e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Tassau County DPW 16115548

### Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Massau Gounty DPW Papa geol 241 H6:149-549

### Chapter 9: PENALTIES

### Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

### Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

### Chapter 10: REPORTING OBLIGATION

### Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

### Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

### Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

Nassan County DPM Pagageo1341

violation of law involving fraud, conflict of interest, bribery or gratuities.

### Chapter 11: PROHIBITION ON RETALIATION

### Section 11.01 Prohibition

To facilitate the reporting obligations under Chapter 10, this code strictly forbids all Vendors and Vendors' Employees from taking any Retaliatory Action against individuals who make such reports.

### CONTRACTOR CERTIFICATION STATEMENT REGARDING

### STORM WATER POLLUTION AT THE WORK SITE

I certify under penalty of the law that I understand and agree to comply with the terms and conditions of the pollution prevention plan for the construction site identified in such plans as a condition of authorization to discharge storm water. I also understand the operator (Nassau County) must comply with the terms and conditions of the New York State Pollution Discharge Elimination System ("SPDES") general permit for storm water discharges from construction activities and that it is unlawful for any person to cause or contribute to a violation of water quality standards. Finally, I understand my contractual obligations in the matter as outlined in the contract documents.

## Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions (Sub-Recipient)

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211). (BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Address of Organization	A THE RESIDENCE OF THE PARTY OF			
OJP FORM 4061/1 (REV. 2/89) Previous editions are obsolete				

#### Instructions for Certification

- 1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- 3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
- 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

#### <u>IRAN DIVESTMENT ACT - CERTIFICATION</u>

Pursuant to New York State Finance Law §165—a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

- a. Certification that the Bidder is not on the List: Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,
  - cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

#### QUALIFICATION STATEMENT

Not	te: All blanks in the form are to be filled in. Where blanks are not applicable to your firm, so indicate in each instance.
1.	How many years has your firm been in the business under your present business name?
2.	How many years experience in the construction work of a similar
	type as this contract has your firm had;
	a. as a Prime Contractor
3.	b. as a Subcontractor 76 List below the construction projects your firm has under way as of this date:
_	Contract Class Percent Name and Address of Owner Amount of work Completed or Contracting Officer
	Please see the attached
4.	(use additional blank sheets if additional space is necessary) List the projects which your firm as a firm has performed in the
	past few years which you feel will qualify you for this work:
	Contract Class Percent Name and Address of Owner Amount of work Completed or Contracting Officer
	Please see the attached
	(use additional blank sheets if additional space is necessary)
5.	Have you:  a. ever failed to complete any work awarded to You? No  If so; identify the project, the owner, the contract amount, the circumstances and date of all such failures to complete.
	b. ever been defaulted on a contract? <u>No</u> If so; identify the project, the owner, the contract amount, the circumstances and the date of all default actions

#### Senior Vice President and Partner, 2004-Present

Joseph D. Posillico III, Senior Vice President, joined the company in 1993 and has twenty years of experience in the heavy construction industry. He initially started as a Posillico Project Engineer for numerous New York State Department of Transportation projects. In 1999, Joe served as General Superintendent for all field operations and took over equipment management, overseeing Posillico Shop Operations. Additionally, he spearheaded a company safety program and developed the company safety department, focusing on a zero incidents and people first safety environment.

In 2003, Joe began the Posillico Drilling Division to diversify business services and expand the company's footprint into the New York City foundation market. Currently, the Drilling Division is one of the top drilling contractors in NYC, tackling challenging projects.

In 2015, Joe coordinated the movement of Shop Operations from Farmingdale, NY to Bohemia, NY. This state of the art, 25,000 square foot facility is dedicated to supplying all equipment and material needs for field operations in all divisions including, Materials, Environmental, Paving, Drilling, and the newly created Northeast Utilities Division.

Presently, Joe is implementing a new centralized purchasing system for all divisional vendors and material needs. Additionally, the shop is focused on coordinating safety training for specialty equipment requirements in all divisions.

Joe is active with the Association of Equipment Management Professionals and the International Association of Foundation Drilling.

Most recently Joe has spearheaded the implementation of a pro-active approach that reduces the exposure of hazards to workers, reducing incidents while increasing the awareness of safe work behaviors. In 2018 Posillico began utilizing a proactive assessment, conducting, and evaluating data trends through Predictive Solutions and Arrowsight. Our Safety Director and staff provide monthly status updates on all project locations to the Executive and Operations teams regarding safety performance for the previous month. We have seen positive and measurable impacts to the improvement of our site-safety and worker performance and safety key performance indicators.

Senior Vice President Field Operations – Civil, Environmental, Drilling, Materials, Consulting and Development; 2004-Present: Manage Company Safety Department and Risk Management program across all business disciplines. Supervise and mentor General Supervisors, Area Managers and Shop Manager. Oversees all equipment and vehicle purchases. Reviews and manages job and equipment costs for projects across all business disciplines.

#### General Supervisor, 2001-2004

**Various Municipal and Private Jobs:** Head Company Safety Program and Monitor Insurance Claims; Coordinated all Labor and Equipment between all jobs; Equipment Rentals, Purchases, Maintenance, and Repairs; Monitor Job Cost, Payments, and Purchasing.

#### Project Manager, 1997-2001

Rehabilitation of LIE; Exits 57-64, Holbrook, NY; 2 Contracts: NYSDOT Project Estimate \$150 Million; Job Start up, order all Equipment and Materials; Coordinated work with Suppliers and Subcontractors.

Project Engineer/Supervisor, 1993 - 1997

Rehabilitation of Route 25; Jericho Turnpike, Syosset, NY: 3 Contracts with NYSDOT totaling \$25 Million; Ordered materials, Payroll, Payments, EEO Requirements, Job Quantities; All Certifications and Submittals to NYSDOT.

Rehabilitation of Route 27; Sunrise Highway, Massapequa, NY: NYSDOT Project Estimate: \$9 Million; Safety, Payment, Payroll, Job Cost, Quantity Review, and Payment; Planning, and Scheduling of manpower and equipment.

Rehabilitation of LIE; Exits 47-49, Plainview, NY: NYSDOT Project Estimate: \$42 Million.

#### JOSEPH K. POSILLICO

President, 2004 – Present CEO, 2007-Present

A third generation Principal of the Posillico family organization, Joe carries the 75 year torch of innovation providing governance that positions the Posillico family of companies at the forefront of the ACE Industry. He guides development and management of the organization's annual strategic plan to advance the company's mission and objectives, to promote organizational growth, revenue and profitability.

The Posilico Family of Companies works diligently to lead the industry in safety. He personally oversees company operations to ensure safety, efficiency, quality, service, and cost-effective management of resources.

**President; 01/2004-09/2007:** Oversee project management and estimating functions of organization across all divisions. Represent the company in negotiations with private and public corporations and clients. Lead organization management staff meetings and company-wide informational meetings and communications.

**Secretary; 04/1987-01/2004:** Responsibilities included estimating and coordinating bids for public works projects, seeking out project opportunities with private firms and providing price quotations/negotiations, handling claims and change orders for ongoing and completed projects, management of engineering department staff personnel, provides engineering support.

In charge of two construction projects for the Port Authority of New York/New Jersey at JFK International Airport. Projects involved relocated existing sanitary sewer and water facilities, installation and removal of steel sheet piling, dewatering, construction of a 30'-deep sanitary sewer lift station, and installation of underground tanks. Projects required intense planning and staging to minimize interruptions to airport operations, which included a comprehensive safety program to protect both employees and the general public.

In charge of two construction projects for the New York State Dept. of Transportation. Projects involved the reconstruction of Route 495 in Huntington, NY (\$10.8 million) and the construction of Route 878 in Inwood, NY (\$25.7 million). Responsibilities included project scheduling, field supervision, project engineering, and negotiating change orders. The project included constructing a bridge over the LIRR and installing over 16,000 LF of underground sanitary and drainage pipe, 3,600 LF concrete box culvert, and 6,700 LF 48" water main piping and appurtenances.

#### **Prior Experience**

Exxon Company, U.S.A; May 1985 - March 1987

**Terminal Superintendent:** In charge of the operation of Exxon Co. USA's Everett, MA. Oil transfer facility. Responsibilities included supervising 8 supervisory and 30 union employees, stewardship over a \$5 million dollar per year operating and expense budget, coordinating plant maintenance and repair, participating in labor negotiations, and insuring compliance with federal and local environmental regulations. Operations at the facility included the handling of over 10 million barrels of petroleum products per year, with shipment/receipt of this product via barge, pipeline, and tank truck.

**Terminal Supervisor; 11/1983-02/1987:** In charge of Exxon's oil transfer facility in Oceanside, NY. Developed and implemented a comprehensive safety program for the approximately 125 employees at Exxon's six oil terminals in the New York Metropolitan area.

Construction and Maintenance Engineer; 08/1981-10/1983: Oversaw the construction and modernization of Exxon's retail stations on Long Island, NY, including the replacement of underground tanks, the installation of vapor recovery systems, testing underground tanks, cleaning up oil lost from leaking underground tanks, routine maintenance and ensuring compliance with local safety and environmental regulations.

#### MICHAEL J. POSILLICO

Principal, Secretary, Chairman of Board,

and Executive Vice President of Business Development, 1985-Present

Mr. Posillico has varied experience in a multitude of civil engineering, environmental and development projects. He has worked with many government agencies and owners in conjunction with the construction, development and remediation of many projects including the NYSDOT, NYSDEC, NYCDEP, NJDEP USEPA and many other regional municipal agencies. In the past several years he has combined this expertise to promote the clean-up and redevelopment of some of the most contaminated projects in our region.

**2010 to Present:** Mr. Posillico has developed many construction materials facilities including many that recycle construction waste into reusable construction products. Over the past 5 years, Mr. Posillico has worked to develop and commission the world's largest soil wash plant that cleans contaminated soils at their Farmingdale, NY facility. He also reorganized business development strategies for companywide goals and individual business units. In 2012 he took on the role of Chairman for the New York League of Conservation Voters Long Island Chapter and restructured their platform for implementing a new agenda throughout Long Island. Mr. Posillico is also spearheading a master redevelopment effort of a former quarry in Northern New Jersey.

**2005 to 2010**: Mr. Posillico formed 2 new companies, Posillico Development LLC, an organization formed to integrate operations, pool resources, and strategically invest in property development and Posillico Consulting, LLC a multi-disciplined Brownsfield redevelopment property management and development consulting service. He also expanded Posillico Environmental's marine and mechanical capabilities, which now encompass dredging, synthetic bulkhead installation, sanitary treatment plant construction and refurbishment. Mr. Posillico also lead a re-branding effort for the "Posillico" companies to improve their recognition under one brand and being dedicated to setting the standard for excellence in the construction industry for getting complex projects completed safely, on time and on budget.

1997 to 2004: Mr. Posillico has worked on further expansion of thermally treated contaminated soil and dredge spoil recycling into a product known as "Poscrete". He has also worked on a number of significant environmental projects including recently completed dredging of Lake Capri in West Islip, NY, which involved difficult environmental dredging and processing of sediments and solids with a temporary processing plant. In addition, Mr. Posillico worked on the development of a remedial SVE system at Northville's Holtsville terminal and affected area with ERM Northeast. Mr. Posillico has focused further on the re-development of environmentally challenged properties in addition to overseeing major projects in Posillico Environmental, Inc. Major projects include the partnership in Glen Isle Development, a 50-acre national brownsfield waterfront redevelopment site, redevelopment of the former Cibro Fuel Oil Terminal in Island Park, NY and the clean-up of the former GTE/Sylvania site in Hicksville, NY.

1991 to 1996: the majority of Mr. Posillico's efforts were directed to developing a permit with the NYSDEC to thermally treat and recycle petroleum-contaminated soils at Posillico Brothers Asphalt in Farmingdale, N.Y. (Posillico Materials, LLC) During this time period Michael founded and developed the Blue Water Environmental, Inc. petroleum contaminated soil business which is now known as Posillico Environmental, Inc. Mr. Posillico expanded Blue Water Environmental, Inc. into other specialized remedial projects including an expansive tunnel clean-up project for the Brooklyn Navy Yard Development Corp., shallow soil mixing of hazardous wastes for the

NYSDEC at Dzus Fasteners in West Islip, NY, and the handling and disposal of dredge sediments from the installation of a cooling tunnel outfall at the Brooklyn Navy Yard.

1985 to 1991: Mr. Posillico was the Project Supervisor for NYSDOT. Nighttime reconstruction of the Long Island Expressway exits 52-57 and exits 32-39. (10 million dollars), the reconstruction of Route 106/107 and the North Service Road in Syosset, NY. (4 million dollars, the reconstruction of the force main and sewer system, Halesite, NY. (2 million dollars) Mr. Posillico was the Project Manager for reconstruction of the Northern State and Meadowbrook Parkway interchange and the reconstruction of the intersection of Old Country Road and Glen Cove Road. The total value of both projects was over 70 million dollars, which involved complex bridge reconstruction and highway detour routing.

Affiliation: Mr. Posillico and his partners formed The Posillico Foundation in 2004 donating their time and money to many regional charitable organizations. Mr. Posillico has served numerous charitable and foundation boards including Farmingdale State College Foundation where he served as Foundation President. Mr. Posillico is currently an honorary member of this foundation. He is also served as Chairman for the New York League of Conservation Voters Long Island Chapter and a Board Member of Gilda's Club New York. Mr. Posillico currently serves as a board member of the New York State League of Conservation Voters and as an advisory board member for Clemson University Civil Engineering Department. He formally sat on the Board of Vision Long Island, a regional consortium of professional advocates that promotes "smart growth" in our region, focusing on improving housing, environmental, transportation and economic development.

# POSILLICO EQUIPMENT LIST SUMMARY

Equipment rates shall not exceed 100% of the monthly rates, including all applicable modifiers and hourly operating cost found in the Rental Rate Blue Book for Construction Equipment, published by Equipment Watch, 1735 Technology Drive, Suite 410, San Jose, CA 95110-13333 which is incorporated by reference as if fully set forth in this Agreement.

## CHARLES A. FORTE, JR.

Vice President, Paving Division Manager, 2011-Present

Mr. Forte is responsible for developing business plans for the paving division and soliciting new customers. He is currently bidding \$275 million worth of paving work and has completed \$75 million worth of paving work per year.

#### Vice President, Director of Field Operations, 2002-2011

Mr. Forte's responsibilities included the coordinated scheduling of over 250 union employees daily. He oversaw multiple job sites and assisted job scheduling with the project manager. In addition, he tracked job costs on all projects, managed equipment for all job sites, coordinated subcontractors and enforced company safety policies.

#### **Posillico Project Experience**

Nassau County Phase 77, Resurfacing Various County Roads; Nassau County, NY; \$13.4 Million; 06/2019-10/2019; Division Manager: Completed this project in under 90 days to achieve an incentive on the job to finish early. Developed project schedules, and weekly meetings to coordinate subcontractors on job. Supervised labor, equipment, subcontractors, and materials for the installation of drainage, utilities, paving. Communicated with a citizen group to keep them informed of project. Owner: NCDPW.

NYIT Stormwater Project; Old Westbury, NY; \$4.5 Million; 07/2019-09/2019; Division Manager: Installation of a storm trap system on the grounds of NYIT, rehabilitated parking lot. Coordinated with the administration for scheduling and completed project prior to students return to campus. Owner: NYIT.

NYSDOT Reconstruction of Route 24; Nassau County, NY; \$9.6 Million; Project Superintendent: Supervised labor, equipment, subcontractors, and ordering of materials for the installation of drainage, curbs, sidewalks, milling, paving, and 18 intersections with new signal equipment. Coordinated the installation of over 25,000 linear feet of telephone conduit, and 16 telephone maintenance holes for Verizon, along the median of Route 24. Owner: NYSDOT. Owner Contact: John McGullam, john.mcgullam@dot.ny.gov, 631-952-6632.

MTA/LIRR Parking Lot Improvements; \$2.4 Million; 03/2000-12/2000; Project Superintendent: Coordinated improvements at four LIRR parking lots. Supervised and oversaw various subcontractors at all separate locations. Developed a project schedule, and weekly meetings with LIRR and a citizen group. Owner: MTA LIRR.

NYSDOT Reconstruction of Route 25A; \$6.3 Million; 04/1999-11/1999; Project Superintendent: Developed project schedules, and weekly meetings to coordinate subcontractors on the job. Supervised labor, equipment, subcontractors, and materials for the installation of drainage, utilities, paving, and a precast concrete box culvert. Communicated with a citizen group to keep them informed of project. Owner: NYSDOT. Owner Contact: John McGullam, john.mcgullam@dot.ny.gov, 631-952-6632.

NYSDOT Reconstruction of Route 107; \$5 Million; 05/1998-03/1999; Project Superintendent: Joint venture with Scalamandre Construction. Supervised the

Owner:

## Nassau County Interim Finance Authority

### Contract Approval Request Form (As of January 1, 2015)

1. Vendor: Posillico Civil Inc.

2. Amount requiring NIFA approval: \$8,397,521.60

Amount to be encumbered: \$8,397,521.60

Slip Type: New

If new contract - \$ amount should be full amount of contract

If advisement - NIFA only needs to review if it is increasing funds above the amount previously approved by NIFA

If amendment - \$ amount should be full amount of amendment only

#### 3. Contract Term: to 540 Calendar Days from NTP

Has work or services on this contract commenced? No

If yes, please explain:

#### 4. Funding Source:

General Fund (GEN) Capital Improvement Fund (CAP)	X	Grant Fu Other	nd (GRT)
Federal % State % County %	0 0 100		
Is the cash available for the full amount If not, will it require a future borrowing Has the County Legislature approved the	?	No Yes Yes	

#### 5. Provide a brief description (4 to 5 sentences) of the item for which this approval is requested:

This is a construction contract to resurface the travel lanes and shoulders on Wantagh Avenue from Sunrise Highway to Hempstead Turnpike. The work includes asphalt pavement mill and pave and concrete repairs and improvements to the concrete wearing surface in travel lanes, milling and asphalt resurfacing of shoulders, the installation of curbs, sidewalks, ADA compliant curb ramps, driveway aprons, drainage structures, trees, replacement of pavement markings and traffic loops, and other incidental work.

#### 6. Has the item requested herein followed all proper procedures and thereby approved by the:

Nassau County Attorney as to form

Yes

No

Nassau County Committee and/or Legislature

Has NIFA approved the borrowing for this contract?

Date of approval(s) and citation to the resolution where approval for this item was provided:

#### 7. Identify all contracts (with dollar amounts) with this or an affiliated party within the prior 12 months:

#### AUTHORIZATION

To the best of my knowledge, I hereby certify that the information contained in this Contract Approval Request Form and any additional information submitted in connection with this request is true and accurate and that all expenditures that will be made in reliance on this authorization are in conformance with the Nassau County Approved Budget and not in conflict with the Nassau County Multi-Year Financial Plan. I understand that NIFA will rely upon this information in its official deliberations.

# COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME:
CONTRACTOR ADDRESS:
FEDERAL TAX ID #:
<u>Instructions:</u> Please check the appropriate box ("☑") after one of the following roman numerals, and provide all the requested information.
I.   The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in [newspaper] on [date]. The sealed bids were publicly opened on [date] [#] of sealed bids were received and opened.
II.   The contractor was selected pursuant to a Request for Proposals.  The Contract was entered into after a written request for proposals was issued on [date]. Potential proposers were made aware of the availability of the RFP by advertisement in [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on [date] [state #] proposals were received and evaluated. The evaluation committee consisted of:
(list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the
scoring and ranking, the highest-ranking proposer was selected.

III.   This is a renewal, extension or amendment of an existing contract.  The contract was originally executed by Nassau County on
procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has no received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.
IV. □ Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.
$\square$ <b>A.</b> The contract has been awarded to the proposer offering the lowest cost proposal; <b>OR:</b>
□ <b>B.</b> The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.
V. □ Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.
□ A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
□ <b>B.</b> The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
☐ C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

☐ <b>D.</b> Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.
VI.   This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.
In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.
VII. □ This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.
Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.  VIII. □ Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.
<b>IX</b> . □ <b>Department MWBE responsibilities</b> . To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.
X. □ Vendor will not require any sub-contractors.
In addition, if this is a contract with an individual or with an entity that has only one or two employees: □ a review of the criteria set forth by the Internal Revenue Service, Revenue Ruling No. 87-41, 1987-1 C.B. 296, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

## Inter-Departmental Memo

TO:

Contract File

FROM:

Jane Houdek, Esq.

Designated DCCO

DATE:

April 18, 2023

SUBJECT:

Contract Nos: H61145-54G and S35109 -01S

Wantagh Avenue Resurfacing

Long Beach WPCP Consolidation - Force Main

Posillico Civil, Inc.

Responsibility Determination Memo

#### **DPW Summary Finding**

It is the Department's opinion that based on the information known to the Department and summarized in this memorandum, that the vendor is a responsible contractor for the purpose of being awarded the above-referenced contract.

#### NYS Standard for State and Municipal Contract Approval

Prior to the award of a contract, New York State agencies and political subdivisions, are required to make a determination of responsibility of the proposed vendor. State Finance Law §163 (9) (f); Highway Law §38; Public Building Law §8; General Municipal Law §103. General Municipal Law §103 requires the County to award contracts to a "responsible bidder" but does not define that term. However, the State Finance Law, which is the analogous law for contracting by New York State agencies, defines responsible as: "financial ability, legal capacity, integrity and past performance of a business entity and as such terms have been interpreted relative to public procurements." NY CLS St. Fin §163 (1) (c). This standard is equivalent to the standard applied to procurements pursuant to NYGML §103. Matter of AAA Caring & Rubbish Removal, Inc. v. Town of Southeast 17 N.Y. 3d 136 (2011)

The NY State Office of General Services employees the FLIP analysis -financial ability, legal capacity, integrity and past performance – to meet its obligation to make a responsibility determination.

#### Application of the FLIP test

As explained in this memorandum, the FLIP test, can be used to evaluate a vendor's responsibility.

#### 1. Financial and Organizational Capacity

The Department has reviewed materials supplied by vendor as required by the bid documents and is satisfied that the vendor has met the financial and organizational capacity as required by the bid documents.

#### 2. Legal Authority

Vendor is not debarred. Vendor possesses requisite licenses.

#### Integrity

Vendor possesses requisite business integrity-analysis of vendor information described in later portion of this memorandum.

Posillico Civil, Inc.

Responsibility Determination Memo

#### 4. Past Performance

Based upon the vendor's prior performance on County contracts, as well as a check of vendor's reference, vendor is qualified to perform the work for the above-referenced contract.

#### Nassau County Procurement Policy Requirements

Similarly, the Nassau County Procurement Policy states that, "a vendor is deemed responsible to be awarded a contract when it has demonstrated that it has the integrity and capacity to perform the required services on behalf of the County." Nassau County Procurement Policy at Appendix E. Appendix E goes on to state that factors to consider in determining the responsibility of a vendor include: financial resources, organizational capacity, a satisfactory record of performance and a satisfactory record of business integrity - an analysis identical to the FLIP test.

For purposes of its consideration of responsibility, the County requires potential vendors to submit vendor disclosure forms. Those forms are used by the Department as a tool when conducting a vendor responsibility review with the intent of determining "if there exists any <u>material</u> adverse information impacting the vendor's capacity or integrity." Quoting Appendix E.

The following is quoted from Appendix E:

For adverse information to be considered a factor in a vendor responsibility review, the information must be found to be material. Not all adverse information may be material. Materiality is greater for more recent events than for less recent ones, and materiality is greater for events concerning services more closely related to those required by the County than services that are less so. An event is considered most material when it concerns services equivalent or similar to those required by the County, has occurred recently, occurred in close geographic proximity to the County, and involves one or more individuals or organizational departments that may be involved in the conduct of the County contract. Also relevant in this assessment is whether the event involves a relatively large or small amount of money, services or product; whether the event involves a threat to life, health, safety, or property, whether criminality or possible criminality is involved; and the quantity of adverse information. In addition, any adverse information discovered by a department, which should have been, but was not disclosed by the vendor on the appropriate disclosure form(s) may be considered material.

Examples of adverse information that may not be considered material include adverse social media posts or poor reviews of a company posted on the internet. In addition, adverse information that occurred and/or was resolved more than five years ago generally is not considered material, although once such information has been identified the department conducting the review should investigate whether any similar subsequent event(s) occurred that may be subject to further analysis or suggesting a concern regarding the vendor's corporate culture.

A finding of nonresponsibility has significant implications for the vendor, since subsequent to that determination the vendor must disclose it in future solicitation responses to public entities. Therefore, the

Wantagh Avenue Resurfacing

Long Beach WPCP Consolidation - Force Main

Posillico Civil, Inc.

Responsibility Determination Memo

finding must be based upon evidence of a sufficiently severe failure of capacity and/or integrity on the part of the vendor. Any adverse information which is not deemed to be sufficient for a finding of nonresponsibility must be demonstrated by the vendor to have been addressed sufficiently through implementation of corrective actions and/or plans to ensure that the adverse event(s) shall not impact or recur during the conduct of the County contract under consideration. Corrective actions that may be considered in this regard include, but are not limited to, termination of the employee(s) involved, introduction of new policies and procedures, employee trainings, reorganization of the vendor's structure, introduction of new internal or external monitors, payment of all fines, satisfactory resolution of the matter by the investigating entity, etc.

#### Application of the Materiality Evaluation to Determine Vendor Integrity

As described in this memorandum, the Nassau County Procurement Policy at Appendix E identifies factors that should be considered when determining if the adverse information available about a vendor rises to level of materiality (vendor responsibility determination is dependent upon material information).

#### Vendor Adverse Information NYS PSC Notice Violations

Vendor has paid two fines, \$2,500 and \$10,000, to the New York State Public Service Commission for failing to call the one-call notification system prior to excavating and in each incident, damaged a gas service line. To address the Department's concern regarding the violations of the one call notification requirement, vendor prepared the attached letter describing the safety precautions it has and will implement to ensure that there will be no similar violations during the Contract work. The Department is satisfied with the precautions to be implemented by the vendor, and has concluded that the vendor is a responsible vendor for the performance of the scope of work in Contract H61145-54G.

## **Certificate of No Change Form**

All fields must be filled.

A materially false statement willfully or fraudulently made in connection with this certification, and/or the failure to conduct appropriate due diligence in verifying the information that is the subject of this certification, may result in rendering the submitting entity non-responsible for the purpose of contract award.

A materially false statement willfully or fraudulently made in connection with this certification may subject the person making the false statement to criminal charges.

I, Jillian Brown state that I have read and understand all the items contained in the disclosure documents listed below and certify that as of this date, these items have not changed. I further certify that, to the best of my knowledge, information and belief, those answers are full, complete, and accurate; and that, to the best of my knowledge, information, and belief, those answers continue to be full, complete, and accurate.

In addition, I further certify on behalf of the submitting vendor that the information contained in the principal questionnaire(s) have not changed and have been verified and continue, to the best of my knowledge, to be full, complete and accurate.

I understand that Nassau County will rely on the information supplied in this certification as additional inducement to enter into a contract with the submitting entity.

This refers to the vendor integrity and disclosure forms submitted for the vendor doing business with the County.

### **Business History Form**

The contract shall be awarded to the responsible proposer who, at the discretion of the County, taking into consideration the reliability of the proposer and the capacity of the proposer to perform the services required by the County, offers the best value to the County and who will best promote the public interest.

In addition to the submission of proposals, each proposer shall complete and submit this questionnaire. The questionnaire shall be filled out by the owner of a sole proprietorship or by an authorized representative of the firm, corporation or partnership submitting the Proposal.

NOTE: All questions require a response, even if response is "none" or "not-applicable." No blanks.

(USE ADDITIONAL SHEETS IF NECESSARY TO FULLY ANSWER THE FOLLOWING QUESTIONS).

In the past five years, has this business and/or any of its owners and/or officers and/or any affiliated business, been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or

12)

investigative agency? And/or, in the past 5 years, have any owner and/or officer of any affiliated business been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency, where such investigation was related to activities performed at, for, or on behalf of an affiliated business.

YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

In the past 5 years, has this business and/or any of its owners and/or officers and/or any affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies? And/or, in the past 5 years, has any owner and/or officer of an affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies, for matters pertaining to that individual's position at or relationship to an affiliated business.

YES [X] NO [] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

The violation on Surf Avenue was not our fault. We were issued a violation because instead of calling for a ticket number for Posillico, the crew used the mark outs that were laid out under Turner's Ticket #. The Mark-out was off by 6 feet. We called for a ticket number and new mark out.

I believe that the violation on November 13, 2017, occurred when a large rock was being broken up. A piece of the rock fell into the trench hitting the gas line. We coordinated the repair of the line and modified our operations.

- 14) Has any current or former director, owner or officer or managerial employee of this business had, either before or during such person's employment, or since such employment if the charges pertained to events that allegedly occurred during the time of employment by the submitting business, and allegedly related to the conduct of that business:
  - a) Any felony charge pending?

YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

b) Any misdemeanor charge pending?

YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

c) In the past 10 years, you been convicted, after trial or by plea, of any felony and/or any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business?

YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

d) In the past 5 years, been convicted, after trial or by plea, of a misdemeanor?

YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

Page **5** of **11** Rev. 3-2016

e) In the past 5 years, been found in violation of any administrative, statutory, or regulatory provisions? YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- In the past (5) years, has this business or any of its owners or officers, or any other affiliated business had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

  YES [] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.
- For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

  YES [] NO [X] If yes, provide details for each such year. Provide a detailed response to all questions checked 'YES'. If you need more space, photocopy the appropriate page and attach it to the questionnaire.

### 17 Conflict of Interest:

- a) Please disclose any conflicts of interest as outlined below. NOTE: If no conflicts exist, please expressly state "No conflict exists."
  - (i) Any material financial relationships that your firm or any firm employee has that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

ANSWER: NO CONFLICT OF INTEREST EXISTS

(ii) Any family relationship that any employee of your firm has with any County public servant that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

Michael J. Trotta, VP is a cousin to Debra Mule, Nassau County District 5 County Legislator. There is no conflict of interest, however, we understand that an appearance of such may exist.

There are no other known relationships that could create a conflict of interest or the appearance of a conflict of interest.

(iii) Any other matter that your firm believes may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

This is the same question as (ii) and we answer the same in response.

Michael J. Trotta, VP is a cousin to Debra Mule, Nassau County District 5 County Legislator. There is no conflict of interest, however, we understand that an appearance of such may exist.

There are no other known relationships that could create a conflict of interest or the appearance of a conflict of interest.

b) Please describe any procedures your firm has, or would adopt, to assure the County that a conflict of interest would not exist for your firm in the future.

Posillico employees are subject to agreement in writing to our Employee Policies and Procedures as outlined in our Employee Handbook (attached hereto). This handbook addresses Client Relationships, Conflicts of Interest, Ethics and Conflicts of Interest Policy, Client Gratuities, Socializing with Clients and Subcontractors, Documentation of All Client Related Activities,

Page **6** of **11** Rev. 3-2016

Reciprocity.

Posillico will adopt a conflict of interest procedure that includes relationships (family and personal) that could give the appearance of impropriety, or that should be disclosed. (Such as the SAMPLE attached)

# STATE OF NEW YORK PUBLIC SERVICE COMMISSION

At a session of the Public Service Commission held in the City of Albany on February 22, 2018

### COMMISSIONERS PRESENT:

John B. Rhodes, Chair

Gregg C. Sayre
Diane X. Burman
James S. Alesi

CASE 18-G-0048 - In the Matter of an Enforcement Proceeding
Against Posillico Civil, Inc. for Alleged
Violations of 16 NYCRR Part 753 - Protection
of Underground Facilities, in the Service
Territory of New York State Electric & Gas
Corporation.

ORDER DETERMINING PENALTY AND DIRECTING PAYMENT

(Issued and Effective March 6, 2018)

BY THE COMMISSION:

Respondent Information

Company Name: Posillico Civil, Inc. (Posillico Civil)

Address: 1750 New Highway

Farmingdale, NY 11735

Alleged Violation Specifics

Date of Violation: November 13, 2017

Location: Corner of Quarry Road and Route 17A

Goshen, NY

Description of

Excavation Work: Construction of 6-inch natural gas main

Damaged Facility: 4-inch plastic high-pressure natural

gas main

Alleged Code

Violation: 753-3.10(a)

CASE 18-G-0048

Description of Violation:

Failure to take reasonable precaution to prevent contact to an underground facility

## Notice of Probable Violation (NOPV) Information

On or about December 13, 2017, copies of the NOPV were mailed to the Respondent by both United States Postal Service First Class Mail and certified mail, return receipt requested. The certified mail receipt was signed and returned.

Proposed Penalty: \$2,500

Response: Did not respond

Summary of Information

Provided by Respondent: Not Applicable

## Analysis of Evidence

16 NYCRR §753-3.10(a) states:

Excavators shall take all reasonable precautions to prevent contact or damage to underground facilities and their protective coatings, including but not limited to, compliance with any reasonable directions or accepted engineering practices given by affected underground facility operators.

Department Staff performed an on-site investigation which concluded that Posillico Civil was hired by New York State Electric & Gas (NYSEG) to install a new natural gas main, that a valid one-call ticket was provided, that the mark-outs were accurate, and that the damage occurred due to Posillico Civil's failure to expose the adjacent energized natural gas main prior to expanding its shoring forms. During an interview, Posillico Civil stated that, due to site conditions, it needed to expand the footprint of its work area, which required it to expand the shoring forms previously placed in that location. While attempting to expand the forms using its mechanized equipment,

either the mechanized equipment or a below grade obstruction punctured the natural gas main causing it to leak. The reasonable precaution would have been to expose the adjacent natural gas main prior to the expansion of the shoring forms.

No response to the NOPV was received. The NOPV stated that failure to respond would be deemed acceptance of the facts as alleged, in which case the proposed penalty would be determined.

## Determination

We find that Posillico Civil, Inc. did commit a violation of 16 NYCRR \$753-3.10(a), which resulted in damage to a 4-inch plastic high pressure natural gas main. In consideration of the nature, circumstances and gravity of the violation, we determine a penalty of \$2,500 is appropriate for this violation.

We also strongly encourage the Respondent to contact Dig Safely New York (315-437-7394) to request a training session covering the use of the one-call notification system and Part 753 requirements. The principals of the company, any employees involved in excavation work, and any support staff that might be involved in making notifications to the one-call center, would benefit from such training.

## The Commission orders:

- 1. A penalty of \$2,500 is determined against Posillico Civil, Inc. pursuant to \$119-b(8) of the Public Service Law.
- 2. Posillico Civil, Inc. is directed to remit, by certified check payable to the "Department of Public Service," the sum of \$2,500 in payment of the penalty determined. The \$2,500 sum is subject to Section 18 of the State Finance Law and

CASE 18-G-0048

shall be deposited into the underground facilities safety training account. The check shall be addressed to:

Ms. Carol Gnacik
Director of Finance and Budget
Department of Public Service
Three Empire State Plaza
16<sup>th</sup> Floor
Albany, N.Y. 12223-1350

- 3. If the check is not received within 30 days after issuance of this Order, Staff is authorized to refer the case to the New York State Department of Law with a request that an action to collect the determined penalty be brought in a court of competent jurisdiction.
- 4. The proceeding is continued, pending compliance with Ordering Clause 2, following which it should be closed.

By the Commission,

(SIGNED)

KATHLEEN H. BURGESS Secretary

Re: <u>Passaic Valley Sewerage Commission Contract B023 Construction of the Perimeter Floodwall (B041), Stormwater Pumping Stations (B042), and Stormwater Collection System (B043)</u>

Men of Steel & Prevailing Wage

Dear Mr. Goldberg:

Railroad / Posillico JV, LLC ("RCCP") is in receipt of your letter dated August 24, 2021, in which your Office advised that our "subcontractor", Men of Steel Enterprises, LLC ("Men of Steel"), may be in violation of the New Jersey Prevailing Wage Act (the "Act"). While we certainly appreciate your Office's concern, we believe and maintain that Men of Steel is not in violation of the Act for the reasons stated below.

RCCP emphasizes that firms that are strictly suppliers of materials are not subject to the Act, regardless of whether a contractor or subcontractor ultimately performs the work.\(^1\) Indeed, Men of Steel is purely a supplier of materials to RCCP on the above-referenced Project. This is evidenced by the terms and conditions set forth in the Purchase Order that was executed between RCCP and Men of Steel, a copy of which is attached herewith for reference. Note that under this Purchase Order, Men of Steel agreed to furnish materials to the Project as a material supplier—specifically, 16-inch diameter rebar cages, #9 bars, #9 couplers, and #3 hoops. Men of Steel is not a subcontractor and has no physical presence on the Project site. Moreover, as Men of Steel is a not a "workman" or "worker" as defined in New Jersey's Prevailing Wage Act and is therefore not subject to the Act's prevailing wage requirements.\(^2\)

Please let us know if there is any additional information that we may be able to provide in order to assist with and/or support your investigation.

Very Truly Yours,

Railroad / Posillico JV, LLC

Anthony Tavormina

Encl.

 ${\color{blue}1 \underline{See} \ \underline{https://www.nj.gov/labor/wageandhour/support/faqs/pwprevailingwagefaqs.shtml}}.$ 

<sup>&</sup>lt;sup>2</sup> See N.J.S.A. 34:11-56.26(7), clarifying that the term "workman" or "worker" under the Act "does not include materials suppliers or their employees who do not perform services at the job site".

To accept this purchase order and the conditions contained herein, the supplier must immediately sign and return a copy to our office at
Fax # 973-684-1355
If the supplier fails to sign this purchase order but begins performance in accordance herewith, then the supplier accepts the purchase order and the conditions contained herein.
**************************************
**********PURCHASE ORDER TERMS AND CONDITIONS*********
Railroad-Positlico A Joint Venture, LLC ("Buyer") hereby limits acceptance of this Purchase Order to the terms hereof, including those on the reverse side, as well as any

This Purchase Order is expressly limited to the Terms and Conditions contained herein. Buyer expressly rejects any Terms and Conditions which may be set forth on any forms used by Seller in connection with this transaction. Seller is required to sign and return this Purchase Order to Buyer for acceptance of the Terms and Conditions hereof. The Order for 10 days without giving notice of any objection to Buyer, or the performance by Seller of any obligation required by this Seller's retention of the Purchase

Purchase Order, shall be considered acceptance by the Seller of this Purchase Order, as well as the Terms and Conditions contained herein If Seller's invoice is subject to a cash discount, the discount period shall be calculated from the date the signed invoice or goods is received by the Buyer, whichever date is

later. The payment terms of an invoice shall be calculated from the date the invoice or goods are received by Buyer, whichever date is later.

At the time of shipment to Buyer, if Seller's regular price for the goods specified by this Purchase Order is less than the price on the face of this Purchase Order, Buyer shall t billed at the lesser price at the time of shipment. All prices are FOB place of destination, unless otherwise specified on the face of the Purchase Order.

Seller warrants that all goods provided in connection with this Purchase Order shall (a) meet or exceed Buyer's specifications and at least conform to any samples previously provided by Seller; (b) be of good quality, merchantable and fit for Buyer's particular purpose; and(c) be manufactured in compliance with all applicable Federal, State and Local regulations and rules. laws, statutes,

After delivery of goods by Seller, Buyer shall have 60 days to inspect, test and reject any goods, except for latent defects. With respect to latent defects, Buyer shall have a reasonable time after the discovery of such defect to reject the goods. Storage and return of any rejected goods shall be at the risk and expense of Seller. Buyer may reject the part of any delivery which may be defective or fail in any manner to conform with the requirements/conditions of this Purchase Order. If defective/nonconforming goods are provided, Buyer has the sole option to cancel this Purchase Order. Payment by Buyer does not constitute acceptance of defective/nonconforming goods or the waiver of any rights by Buyer.

Before Seller provides goods and services that exceed what is specified in this Purchase Order, Seller must receive approval from Buyer's purchasing department. Buyer sha have no obligation to pay for those materials, goods or services not authorized by written purchase order, or written change thereto.

Time is of the essence for this Purchase Order. All goods shall be delivered by the date specified in this Purchase Order. If the goods are not delivered by the date specified, Buyer may refuse such goods and may cancel all, or part, of this Purchase Order and Seller shall be responsible for Buyer's consequential, incidental and special damages, if any shipping date designated in this Purchase Order, Seller shall notify Buyer in writing of the proposed shipping date. If the shipping date is not satisfactory t there is no the Buyer, Seller shall conform its shipping date to Buyer's requirements at no extra cost to Buyer. If Seller cannot comply with Buyer's requirements for a shipping date, Buyer has Purchase Order and Seller shall be responsible for Buyer's consequential, incidental and special damages, if any. If delivery is not may at the time designated by the Seller and agreed to by Buyer, Buyer shall have the right to cancel this order; and, Seller shall be responsible for Buyer's consequential, incidental ar

To the fullest extent permitted by law, the Seller shall indemnify and hold harmless Buyer, General Contractor, Construction Manager and/or Owner or their respective agents and employees from and against all claims, damages, losses, and expenses, including but not limited to attorney's fees, disbursements and defense costs arising out of or in manufacturer, delivery, installation, inspection, repair or other of the goods specified by this Purchase Order provided that any such claim, damage loss or expense, disbursement and costs (1) is attributable to bodily injury, sickness or death, or to injury to or destruction of tangible property, including the loss of use resulting in part by any negligent act or omission of the Seller or any entity indemnified hereunder or anyone directly or indirectly employe there from, and (2) is caused in whole or by the Seller or anyone for whose acts Seller may be liable, accepting the sole negligence of the Buyer, General Contractor, Construction Manager and/or Owner. Such obligation reduce any other right or obligation of indemnity, which would otherwise exist. shall not be construed to negate or otherwise

To the fullest extent permitted by law, Seller shall indemnify, defend and hold harmless Buyer from any and all claims, damages, losses and expenses, including but not limit to attorney's fees, disbursements and costs arising from the infringement, or alleged infringement, of any patent, trademark or other rights of any person arising out of or in purchase, sale or use by Buyer of any of the goods delivered pursuant to this Purchase Order. connection with the

To the fullest extent permitted by law, Seller shall indemnify, defend and hold harmless Buyer, General Contractor, Construction Manager and/or Owner and their respective agents, employees, officers, successors and/or assigns from any and all claims, losses, costs and expenses (including attorney's fees and disbursements) arising out of or in default by the Seller in connection with this Purchase Order. By way of example and not by way of limitation, this indemnity shall apply to breach of any warranties, defective goods, failure to conform, or any latent/patent defects.

Upon written notice to Seller, the Buyer may deduct damages from the breach of any provision of this Purchase Order from any amount shown as due to Seller, or any subsidiary, division, affiliate or parent corporation of Seller, on any invoice, whether or not the deduction in the invoice is related to the same sale or series of sales of the same

goods. In addition to any other rights and remedies under this Purchase Order, or Federal or New Jersey State law, the Buyer may, without liability to the Seller, can this Purchase Order in whole or in part at any time by written notice if any one or more of the following events shall occur:

Default in performance on the part of the Seller;

Failure on the part of the Seller to make sufficient progress in the work or Seller ceases to acknowledge requests for performance by the Buyer;

Seller ceases to conduct its operations in the normal course of business; or

- Seller becomes insolvent or makes or attempts to make an assignment for the benefit of creditors, or proceedings are commenced by or against Seller under any bankruptcy reorganization, insolvency, dissolution, or liquidation or a trustee, receiver, liquidator or conservator for Seller has been appointed.
- In the event of fire, flood, strike, labor problems, accident, war, act of God or other causes beyond Buyer's control which interfere with Buyer's use or sale of the goods cover by this Purchase Order, then at Buyer's option, delivery under this order may be suspended during the period required to remove the cause or the order may be cancelled in whole or in part.
- Seller shall not assign any of its rights or duties under this Purchase Order without Buyer's written consent. Any purported assignment of rights shall be null and void.
- No waiver of any of the terms and conditions of this Purchase Order shall be binding unless in writing and signed by the party against whom enforcement of the waiver is sought. A written waiver shall not be deemed to be a continuing waiver but shall apply solely to the instance to which the waiver is directed.
- Any controversy or claim arising out of or relating to this Purchase Order or its breach shall be settled by arbitration in accordance with the rules of the American Arbitration Association. Any action or proceeding, arising from or in connection with this Purchase Order shall be commenced and maintained in a court of competent jurisdiction in the Count State of New York, and the parties hereto consent to the personal jurisdiction of said court, and shall not be commenced or maintained in any other of New York, court.
- This agreement constitutes the entire Purchase Order. No change of this Purchase Order shall be effective unless in writing and signed by the party against whom enforcement thereof is sought.
- Prior to starting work, Subcontractor shall, at its own expense, procure and maintain, at minimum, the following insurance on all of its operations until final acceptance of the Work and throughout the term of any warranty:

Commercial General Liability Insurance, including blanket contractual, products and completed operations (explosion, collapse and underground coverage if applicable); and

Contractor's Protective if the Subcontractor subcontracts to another all or any portion of the Work; the following limit; .....\$15,000,000 each occurrence Combined Bodily Injury and Property Damage......

Business Automobile Liability naming all owned, non-owned and hired vehicles with the following limits..............................\$2,000,000 each accident

......Total Contract Price

Professional Liability, including Pollution Liability...... .\$2,000,000

.....\$500,000

Seller warrants that (a) it has obtained all licenses, permits and similar approvals required to manufacture, sell, deliver and, if applicable, install the goods and perform the 17 services required hereunder and (b) the purchase by Buyer hereunder and the services performed by Seller hereunder shall be in compliance with applicable local, state and feder regulations, ordinances and directives. If Seller does not have legal authority to sell to Buyer and/or loses legal authority to do business with Buyer during execution of the terms of any purchase order or does not meet all requirements by regulatory agencies to conduct business with Buyer, then Seller will bare all expense and damages to Buyer resulting from fraudulent representation of said legal status.

#### Alleged Violation Specifics

Date of Violation: January 29, 2019

Location: 502 Surf Avenue

Bay Ridge, NY

Description of

Excavation Work: Installing an electric duct

Damaged Facility: 4-inch natural gas service

Alleged Code

Violation: 753-3.1(a)(1)

Description of

Violation: Failure to provide notice of intent to

excavate to the one-call notification

system

### Notice of Probable Violation (NOPV) Information

On or about February 22, 2019, copies of the NOPV were mailed to the Respondent by both United States Postal Service First Class Mail and certified mail, return receipt requested. The certified mail receipt was signed and returned.

Proposed Penalty: \$10,000

Response: A telephone conversation on March 5,

2019; and an email correspondence on

April 2, 2019.

### Summary of Information Provided by Respondent:

Posillico admitted that it failed to provide notice of intent to excavate to the one-call notification system prior to commencing mechanized excavation at this location. Posillico stated that the damage occurred within private grounds of the Coney Island Aquarium, and that New York 811 does not mark underground facilities located on private properties. Posillico stated that it hired a private locator to mark underground facilities using utility drawings provided by the general contractor; on the drawings the 4-inch natural gas service was 7-feet away from its actual location.

#### Analysis of Evidence

Pursuant to 16 NYCRR §753-3.1(a)(1), an entity performing excavation work is responsible for providing notice of intent to excavate to the one-call notification system. Specifically, 16 NYCRR §753-3.1(a)(1) states:

Before commencing or engaging in any non-emergency excavation or demolition, each excavator shall provide notice of the location and date of the planned excavation or demolition to the one-call notification system serving the vicinity in which the excavation or demolition is to take place.

Department of Public Service Staff (Staff) conducted a one-call ticket search, using New York 811 portal, and could not locate any one-call ticket for Posillico at this location. Per 16 NYCRR Part 753-4.6(a), natural gas operators shall accurately and with due care locate by means of staking or marking or other designation in accordance with this subpart their underground facilities located within 15 feet of work area. Therefore, if Posillico had requested mark-outs using the one one-call notification system, the natural gas operator would have been under obligation to mark its facilities within the private property all the way to the walls' foundation or at least within a 15-foot radius of Posillico's work area.

Staff offered to resolve this matter with a reduced penalty provided Posillico completed training with New York 811. Posillico did not respond to that offer.

#### Determination

The Commission finds that Posillico Civil, Inc. committed a violation of 16 NYCRR §753-3.1(a)(1), which resulted in damage to a 4-inch natural gas service. In reaching this determination, the Commission relied on: (1) A one-call notification system ticket search by Staff, (2) Statements made by Respondent to Staff, (3) Documents provided by Respondent to Staff, and (4) Photographs in the record.

The evidence relied on by the Commission showed that Respondent damaged a natural gas pipeline, thus releasing gas which created a threat to public safety and could have caused injury or even death. Further, Respondent failed to respond to

the offer. Under General Business Law §765(1)(a), entities that fail to comply with the requirements of 16 NYCRR Part 753 are subject to a civil penalty of \$2,500 for the first offense and an additional \$10,000 for each succeeding violation that occurs within a 12-month period. In this case, On June 20, 2019, the Public Service Commission issued an Order Determining Penalty and Directing Payment against Posillico Civil, Inc. for violating §753-3.8 on April 26, 2018. Posillico Civil, Inc. paid the \$10,000 penalty on July 12, 2019. The maximum penalty for which Posillico Civil, Inc. is liable under the statute, therefore, is \$10,000. In consideration of the nature, circumstances and gravity of the violation, the Commission determines a penalty of \$10,000 is appropriate for this violation.

The Commission also strongly encourages the Respondent to contact New York 811 (516-639-8606) to request a training session covering the use of the one-call notification system and Part 753 requirements. The principals of the company, any employees involved in excavation work, and any support staff that might be involved in making notifications to the one-call center, would benefit from such training.

#### The Commission orders:

- A penalty of \$10,000 is determined against
   Posillico Civil, Inc. pursuant to the Public Service Law §119-b
   (8).
- 2. Posillico Civil, Inc. is directed to remit, by certified check payable to the "Department of Public Service," the sum of \$10,000 in payment of the penalty determined. The \$10,000 sum is subject to the State Finance Law §18 and shall be deposited into the underground facilities safety training account. The check shall be addressed to:

Mr. Curtis Funk
Director of Finance and Budget
Department of Public Service
Three Empire State Plaza
16<sup>th</sup> Floor
Albany, N.Y. 12223-1350

- 3. If the check is not received within 30 days after issuance of this Order, Department of Public Service Staff is authorized to refer the case to the New York State Department of Law with a request that an action to collect the determined penalty be brought in a court of competent jurisdiction.
- 4. The proceeding is continued, pending compliance with Ordering Clause 2, following which it should be closed.

By the Commission,

(SIGNED)

MICHELLE L. PHILLIPS
Secretary

August 24, 2021

Alfonso Daloisio, Managing Member Railroad-Posillico A Joint Venture LLC 75-77 Grove Street Paterson NJ 07503

Re: PC-198-0821-MOR

Men of Steel

Construction of Perimeter floodwall, Storm V

New construction

#### Dear Alfonso Daloisio:

Please be advised that your subcontractor on the above-referenced public works project may be in violation of the New Jersey Prevailing Wage Act (N.J.S.A. 34:11-56.25 et seq.).

This office has conducted an inspection of the subcontractor's records, and the preliminary finding indicates possible violations. The subcontractor has not yet had the opportunity to respond to our preliminary findings, and a final determination will be made after all of the necessary information has been gathered. You are being advised of this matter because, as the general contractor on a public works project, you may be held liable for the attached assessment against your subcontractor, if your subcontractor fails to comply with the provisions of the Prevailing Wage Act.

If you have any questions or need additional information regarding this matter, do not hesitate to contact me. Lastly, if you have any information which you feel may be helpful in resolving or investigating this matter, please forward it to my attention immediately.

Sincerely,

Marc Goldberg, Section Chief

### Sample Conflict of Interest Policy\*

### [Organization Name]

### <u>Policy on Conflicts of Interest</u> And Disclosure of Certain Interests

This conflict of interest policy is designed to help directors, officers, and employees of the [Organization Name] identify situations that present potential conflicts of interest and to provide [Organization Name] with a procedure that, if observed, will allow a transaction to be treated as valid and binding even though a director, officer, or employee has or may have a conflict of interest with respect to the transaction. In the event there is an inconsistency between the requirements and the procedures prescribed herein and those in federal or state law, the law shall control. All capitalized terms are defined in Part 2 of this policy.

1. <u>Conflict of Interest Defined.</u> For purposes of this policy, the following circumstances shall be deemed to create Conflicts of Interest:

#### A. Outside Interests.

- (i) A Contract or Transaction between [*Organization Name*] and a Responsible Person or Family Member.
- (ii) A Contract or Transaction between [Organization Name] and an entity in which a Responsible Person or Family Member has a Material Financial Interest or of which such person is a director, officer, agent, partner, associate, trustee, personal representative, receiver, guardian, custodian, conservator, or other legal representative.

### B. Outside Activities.

- (i) A Responsible Person competing with [Organization Name] in the rendering of services or in any other Contract or Transaction with a third party.
- (ii) A Responsible Person's having a Material Financial Interest in; or serving as a director, officer, employee, agent, partner, associate, trustee, personal representative, receiver, guardian, custodian, conservator, or other legal representative of, or consultant to; an entity or individual that competes with [Organization Name] in the provision of services or in any other Contract or Transaction with a third party.

- C. <u>Gifts, Gratuities and Entertainment.</u> A Responsible Person accepting gifts, entertainment, or other favors from any individual or entity that:
  - (i) does or is seeking business with, or is a competitor of [Organization Name]; or
  - (ii) has received, is receiving or is seeking to receive a loan or grant, or to secure other financial commitments from [Organization Name];
  - (iii) is a charitable organization;

under circumstances where it might be inferred that such action was intended to influence or possibly would influence the Responsible Person in the performance of his or her duties. This does not preclude the acceptance of items of nominal or insignificant value or entertainment of nominal or insignificant value that are not related to any particular transaction or activity of [Organization Name].

### 2. Definitions.

- A. A *Conflict of Interest* is any circumstance described in Part 1 of this Policy.
- B. A *Responsible Person* is any person serving as an officer, employee or member of the board of directors of [*Organization Name*].
- C. A *Family Member* is a spouse, domestic partner, parent, child, or spouse of a child, brother, sister, or spouse of a brother or sister, of a Responsible Person.
- D. A *Material Financial Interest* in an entity is a financial interest of any kind that, in view of all the circumstances, is substantial enough that it would, or reasonably could, affect a Responsible Person's or Family Member's judgment with respect to transactions to which the entity is a party. This includes all forms of compensation. (The board may wish to establish an amount that it would consider to be a "material financial interest.")
- E. A *Contract or Transaction* is any agreement or relationship involving the sale of purchase of goods, services, or rights of any kind, the providing or receipt of a loan or grant, the establishment of any other type of pecuniary relationship or review of a charitable organization by [*Organization Name*]. The making of a gift to [*Organization Name*] is not a Contract or Transaction.

#### 3. Procedures.

- A. Before board or committee action on a Contract or Transaction involving a Conflict of Interest, a director or committee member having a Conflict of Interest and who is in attendance at the meeting shall disclose all facts material to the Conflict of Interest. Such disclosure shall be reflected in the minutes of the meeting.
- B. A director or committee member who plans not to attend a meeting at which he or she has reason to believe that the board or committee will act on a matter in which the person has a Conflict of Interest shall disclose to the chair of the meeting all facts material to the Conflict of Interest. The chair shall report the disclosure at the meeting and the disclosure shall be reflected in the minutes of the meeting.
- C. A person who has a Conflict of Interest shall not participate in or be permitted to hear the board's or committee's discussion of the matter except to disclose material facts and to respond to questions. Such person shall not attempt to exert his or her personal influence with respect to the matter, either at or outside the meeting.
- D. A person who has a Conflict of Interest with respect to a Contract or Transaction that will be voted on at a meeting shall not be counted in determining the presence of a quorum for purposes of the vote. The person having a conflict of interest may not vote on the Contract or Transaction and shall not be present in the meeting room when the vote is taken, unless the vote is by secret ballot. Such person's ineligibility to vote shall be reflected in the minutes of the meeting. For purposes of this paragraph, a member of the board of directors of [Organization Name] has a Conflict of Interest when he or she stands for election as an officer or for re-election as member of the board of directors.
- E. Responsible Persons who are not members of the board of directors of [Organization Name] or who have a Conflict of Interest with respect to a Contract or Transaction that is not the subject of board or committee action, shall disclose to the Chair or the Chair's designee any Conflict of Interest that such Responsible Person has with respect to a Contract or Transaction. Such disclosure shall be made as soon as the Conflict of Interest is known to the Responsible Person. The Responsible Person shall refrain from any action that may affect [Organization Name]'s participation in such Contract or Transaction.

In the event it is not entirely clear that a Conflict of Interest exists, the individual with the potential conflict shall disclose the circumstances to the Chair or the Chair's designee, who shall determine whether there exists a Conflict of Interest that is subject to this policy.

4. <u>Confidentiality.</u> Each Responsible Person shall exercise care not to disclose confidential information acquired in connection with such status or information the disclosure of which might be adverse to the interests of [Organization Name]. Furthermore, a Responsible Person shall not disclose or use information relating to the business of [Organization Name] for the personal profit or advantage of the Responsible Person or a Family Member.

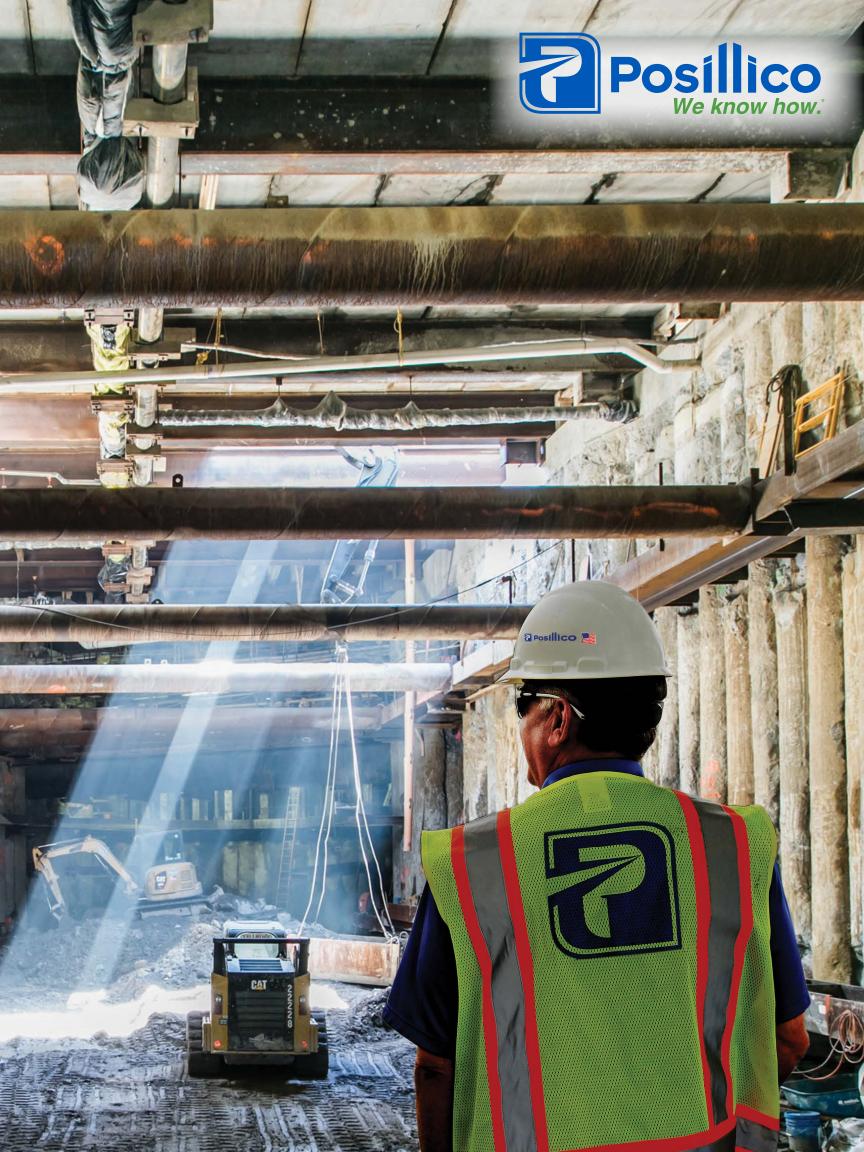

#### 5. Review of Policy.

- A. Each new Responsible Person shall be required to review a copy of this Policy and to acknowledge in writing that he or she has done so.
- B. Each new Responsible Person shall annually complete a disclosure from identifying any relationships, positions, or circumstances in which the Responsible Person is involved that he or she believes could contribute to a Conflict of Interest arising. Such relationships, positions, or circumstance might include service as a director of or consultant to a not-for-profit organization, or ownership of a business that might provide goods or services to [Organization Name]. Any such information regarding business interests of a Responsible Person or a Family Member shall be treated as confidential and shall generally be made available only to the Chair, the Executive Director, and any committee appointed to address Conflicts of Interests, except to the extent additional disclosure is necessary in connection with the implementation of this Policy.
- C. This policy shall be reviewed annually by each member of the board of directors. Any changes to the policy shall be communicated immediately to all Responsible Persons.

# People First. Be Safe.

### **Safety**

"At Posillico, we believe that safety requires open communication, accountability, ownership, and a personal commitment by members of the organization.

Nothing is more important than maintaining an injury and incident free workplace."

- Joseph K. Posillico, President/CEO, 2017

We strive to be the best in our business, and we have enjoyed success and sustainability due to the hard work and dedication of the people within our organization, who have been and continue to be our most valuable and important resource.

Our corporate health and safety program reflects our commitment to ensuring safe work sites and the safety of our workers and subcontractors. We work hard to ensure a safety culture that addresses and integrates safety into everything that we do. From pre-construction, through pre-planning and implementation, we believe that a well-trained, informed and aware organization translates into safe work and projects built on time and on budget.

We focus on preventing loss, incidents, and injuries before they occur, and we provide health and safety training and mentoring programs for all new employees and on-going training to our managers and crews. Regular training and constant reinforcement gives all of our employees the knowledge to identify and the authority to correct hazardous situations before accidents happen. Everyone working on our construction sites or in our facilities can hit the "Stop Button" when unsafe conditions exist.

We strive to continuously improve and impart best practices to all of our employees and subcontractors. Providing a safe working environment ensures that we will continue to set the standard for our industry.

Our dedicated employees are vigilant in training. They are aware of and apply basic safety principals. Teamwork and awareness make our construction sites and our people safe.

### **Posillico is New York's Premier Self-Performing General Contractor**

**Experience.** Since 1946, we have been one of the leaders in the construction industry for the Tri-State area. From first breaking ground on the Long Island Expressway to foundation and environmental projects in Manhattan, we have been successful in mastering the complexities of New York construction.

**Confidence.** When the reputations of all those involved are on the line, we maintain a high-level of confidence - *We know how* to get the job done, especially in evolving environments. Our family of clients is confident of their project's success because they have prospered from our results in the past.

**People.** Experience and confidence define our team. We have the best people in the industry working together towards a common goal. From our project managers and engineers to foremen, key laborers, and support staff, every member of our team is highly qualified and work together as a team. The construction industry is challenging, complicated and demanding. Our qualified professionals possess the fundamental experience necessary to impart confidence that our client's projects will succeed.

**Safety.** When people are involved, safety is more important than just a slogan. We are committed to achieving top safety performance in our industry. Our people and projects both come home on time... safely.

#### **We Embrace Complex Projects**

Not only do we like the tough jobs, but we also excel at them. The key to our continued success is the seamless integration of our various business units. We offer a multi-disciplinary excellence – we thrive on value engineering innovative solutions for challenging projects. Our management approach allows us to gauge project complexity from the start and appropriately manage along the way.

In the construction industry, scopes continually change, and issues arise. Our collaborative effort is the key to getting complex projects completed safely, on time and on budget.

### Civil - Private

### Foundations Subgrade to Sidewalk

A history of past success, exceeding expectations, confidence, industry relationships, and continuous communication are the keys to building award-winning belowground projects. Our ability to self-perform the majority of belowground work gives us a distinct advantage in controlling costs and meeting difficult schedules.

Our professional engineering staff has developed the necessary experience through our past experience in public sector projects to the private sector. We have the experience in building foundations and other structures in tight urban locations and around existing infrastructures, such as subways, railways, tunnels, and utilities.

We are committed to our private clients to ensure their projects move as quickly as possible to **maximize their investment returns**.

Our years of experience include the following services:

- Soil Excavation
- Rock Removal
- Design, Engineering and Construction of Support of Excavation and Underpinning Systems
- Deep Foundations
- Dewatering

### Civil - Municipal

# Innovation, Planning & Design-Build

Our "know how" is the hallmark of large complex civil projects. We have built our reputation on complex municipal projects by leveraging our diverse capabilities and utilizing our various divisions.

Our **Team** includes design engineers and valued subcontractors that work together on complex projects delivering **cost-effective solutions** while maintaining an aggressive schedule.

We successfully perform designbuild projects with innovation, collaboration and teamwork. We have taken the lead in the design-build project delivery system on various government contracts. Most of these projects include the construction of complex infrastructure that required accelerated schedules delivered in tight timeframes to better the communities we serve. From the expansion of the Long Island Rail Road, to various road and bridge projects throughout the Tri-State region, we have been selected time and time again to partner with various design firms to achieve valued results.

### Civil - Wastewater

### **Partnering & Planning**

We provide creative solutions for complex wastewater projects in the New York metropolitan area. Our success over the past 70 years has been based on our commitment to professionalism, partnerships and becoming the thought leader in our industry. These qualities, as well as our experience, have helped us set today's standard in the wastewater industry.

We have worked with a multitude of regional government agencies on virtually all types of wastewater projects, each with their own challenges. Our success is attributable to understanding the special needs of each project, while offering innovative and value engineering options with a partnering approach. Detailed planning and safe execution are some of the key benefits we deliver to our clients.

- Wastewater Treatment Plants
- Pump Stations
- Sanitary Support Buildings and Equipment
- Force Mains and Sanitary Piping

### Materials

# Quality, Flexibility & Schedule

Our commitment to quality starts at our plants. We manage everything that goes on at our sites, including the materials we use. Our regional plants are leading materials handling facilities in the region, specializing in producing asphalt for our jobs and customers. By producing only as much material as required, we have the flexibility needed for complex construction projects.

With state-of-the-art facilities that provide the highest quality construction aggregates in the market, we guarantee the quality production and timely delivery to our clients. Our rail offloading expansion to our Farmingdale facility drastically improves aggregate delivery and reduces the impact of fuel, tolls, and other trucking costs.

- Hot Mix Asphalt
- Recycled Asphalt Pavement (RAP)
- Stone, Sand, Clean Fill
- Recycling-Concrete/ Brick/Clean Fill/ Asphalt
- Recycling of Contaminated Soils

### **Environmental**

### Remediating Industrial Contamination for a Greener Future

It is a fact: the New York metropolitan area is running out of greenfield properties.

Most construction and development projects in the future are likely to require some level of environmental remediation. In 1991, we recognized these changes and have been at the forefront of this new direction in construction. Converting unusable land into a highly desirable property is complicated. Environmental remediation demands expertise.

We have become an expert in environmental remediation by using both industry standards as well as developing our own site-specific techniques. No single function is more important to construction today. No company integrates Environmental with Civil better than us.

- Efficient Delivery of New Infrastructure in Contaminated Environments
- Qualified Expertise in Treatment Systems for Large Scale Clean-Ups
- Experts in Soil and Contaminant Stabilization and Applications for Various Redevelopments
- Wetland Restorations and Storm Water Systems to Improve Water Quality

### **Paving**

# **Experience & Latest Technology**

We believe, that over 45 years of paving qualifies us as experts. Since 1971, we have been providing top quality paving services throughout the Tri-State area. From resurfacing most of Long Island's main thoroughfares including the Long Island Expressway, to paving commercial parking lots, our knowledge and experience in paving are the keys to our success.

We not only break ground to maintain our country's infrastructure, but we break ground in new technology. The quality and workmanship of our Paving division is at the forefront of the industry. Our equipment is constantly updated with the newest and latest technology including intelligent compaction for density and 3D GPS systems for our pavers.

- Highways
- Airport Runways
- Municipal Roadways
- Parking Lots

### **Drilling**

# **Integrated Engineered Solutions**

We have been installing foundation support systems for over 40 years. Starting with innovative vibration hammer techniques in 1970, we have always strived for obtaining, understanding, and perfecting the latest technology. Our forward-thinking mindset combined with a staff of talented professional engineers and managers enables us to solve complex foundation problems that our competitors cannot.

- Steel Sheet Piling
- Drilled CFA Piles
- Mini/Micropiles
- Deep Soil Mixing
- Slurry Walls
- Timber Piles
- Underpinning
- Tie-backs
- Driven H Piles
- Drilled Caissons
- Marine Bulkheads
- Noise Wall Foundations
- Low Vibration Applications

### **Utilities**

### Safety, Schedule & Skill Set

We are a full-service utility contractor in the natural gas transmission and distribution industry as well as the telecommunications industry. Our experienced team focuses on delivering cost-effective solutions, bringing projects in safely, on time, and on budget.

Our repeat client base is built on an experienced management team with specific skill sets working throughout the natural gas and telecommunications industries. Our team can handle the challenges and obstacles by focusing on industry-specific tasks. The knowledge gained from each project helps us reduce costs in the future with better planning and awareness of what challenges may arise.

### Affiliations and Certifications: Members of the Northeast Gas Association (NGA), our employees are OSHA certified, confined space

are OSHA certified, confined space trained, and Gas Operator Qualified through the NGA and Con Edison.

- Electrical Infrastructure
- Telecommunications
- Natural Gas Main/Services/Leaks

# Development & Consulting

### **Concept to Concrete**

Brownfield sites, waterfront revitalization, and energy efficient housing—we have done it all. As part of our commitment to improving life in the Tri-State region, we have put environmentally compromised land to productive reuse instead of developing on untouched land

As a developer, we are able to take advantage of all of our business units to solve complex construction problems. Our various business units merge to provide a **seasoned line-up of experts**, who get the job done safely, on time and on budget.

## We also offer the following consulting services:

- Evaluation of Critical Infrastructure
- Permit Management
- Pre-construction 3DScanning
- Environmental Strategies
- Owner Representation and Project Management

### **BEST VALUE PRACTICES**

**Posillico** is experienced in partnering for Design-Build (DB) success. We promote quality through continuous improvement and innovation during all stages of design and construction. We pride ourselves in **Employing Design-Build Principles of Partnering:** design excellence, integrated project delivery and cohesive organizational development that allows our DB Team to maximize benefits and optimize solutions for public and private owners; for all stakeholders.

Our specialized proven procedures, methodology and management systems have been successful since our completion of Long Island's first NYSDOT DB Project in 2006. This project won multiple awards for partnering (Accelerated Bridge Project DB 2014 Project of the Year Award from ASCE LI and the 2013 Excellence in Partnering Award from AGC NYS). In the twelve years since, we have been awarded 10 DB Projects (from multiple owners) with a total value exceeding over \$660 Million dollars. Several of these projects have also received awards, including the 2017 Jeffrey J. Zogg Build New York Award for DB Services for Wellwood Avenue over Route 27 and the 2017 ASCE LI DB Project of the Year Award for DB Services for the New Second Track on Main Line Ronkonkoma Branch, Phase I, as well as multiple other ACE Industry awards.

**Posillico** provides an unparalleled commitment to project **quality assurance/quality control** from executive leadership, through to management and all levels of project delivery. Our detailed QA/QC procedures have been applied successfully to a large number of complex projects including many owned by the NYSDOT, MTA, LIRR, and NYCT.

Critical to DB, *Posillico's* Health and Safety Department has established and maintained a safe working environment through training, communication, and execution. They continually support the education, training, and assessment of activities that are required to help us identify and eliminate health and safety risks.

**Posillico** facilitates best-value DB project delivery by creating a **unified flow of work** through organizational development, stakeholder collaboration and optimizing benefits and solutions for public and private owners. Our cost-effective solutions maximize the lifetime of those critical public and private infrastructure projects:

- Bridges
- Roadways
- Structural (Drilling & Excavation)
- Transit
- · Waste Water

**Posillico** has a stalwart commitment to project success. Our record of communicating with all stakeholders in a cooperative and functional manner has resulted in seventy-two years of delivering many large and highly complex civil construction projects safely, on-time and within budget to public agencies and private owners in the Greater NYC Metro Area. **Posillico's** home offices are in Farmingdale, however, we also have offices and a yard in College Point, and an office in Valley Cottage where we offer commercial, industrial, and municipal underground utility services. **Posillico** also has offices and resources in Jersey City and Prospect Park, New Jersey.

**Posillico** is dedicated to setting the standard for excellence in the construction industry relative to: infrastructure, environment, quality of life, and making a difference through innovation and solid relationships at all levels. **We Know How** to solve complex construction problems, completing all projects **safely**, **on time**, **on target**, and **on budget**.

### PRINCIPLES OF DESIGN-BUILD

### Vision - Mission - Core Values

Vision: To be the employer and organization of choice in each of the markets we serve.

*Mission*: Posillico is the company which knows how to solve complex construction problems, completing all projects safely, on time, on target, and on budget.

*Core Values*: All of our employees, in each of our companies, are expected to demonstrate the following core values in each of their daily interactions with others, inside and outside of the company:

Caring and Committed
Mature and Self-Disciplined

Open Minded and Teachable Ethical

le Accountable Innovative/Collaborative

### **Best Practices**\*

**Posillico** prides itself on industry education and best practices. Many of our DB Team members are **DBIA Certified Professionals** dedicated to maintaining our relevance in the market.

- 1. All Design-Build Team members should be educated and trained in the Design-Build process, and be knowledgeable of the differences between Design-Build and other delivery systems.
- 2. The DB Team should establish logistics and infrastructure to support integrated project delivery.
- 3. The DB Team, at the outset of the project, should establish processes to facilitate timely and effective communication, collaboration, and issue resolution.
- 4. The DB Team should focus on the design management and commissioning/turnover processes and ensure that there is alignment among the team as to how to execute these processes.

\*Design-Build Institute of America, 2014

### Community Outreach

Community outreach and communication avenues provide stakeholders with the opportunity to communicate their *concerns and interests* and are key to a project's success. Obtaining feedback from and initiating a two-way dialogue with stakeholders before construction begins and through project completion is crucial to working with the community and *reducing the risk* of costly delays from community contention or negative press. These stakeholders include, but are not limited to, civic groups, emergency services, unions, local businesses, and Minority (MBE), Women (WBE), Disadvantaged (DBE), and Service Disabled Veteran (SDVOB) Owned Businesses.

### Safety

Together Employees Accomplish More. Health and safety of the local communities and our workers is our highest priority. **Posillico** works hard to maintain its safety culture and outstanding record of accomplishment. Our project supervisors are keenly aware of the discipline required to perform high profile projects in a low profile, non-disruptive manner, safely and on time. Our program begins with the notion that **safety begins with teamwork**.

### Accelerated Bridge Replacement

Rehabilitation of six bridges at various locations in Nassau and Suffolk Counties. Each project site included complete bridge deck replacement, new bridge sidewalks and railing, approach slabs, bridge joints, and repairs to the bearings and pedestals. This was a design-build project, selected by best-value combining price and technical approach.

#### Ronkonkoma Branch Second Track, Phase I

Installation of a second track running parallel to the existing Ronkonkoma Branch rail from Ronkonkoma Station to a point west of the Central Islip Station, a total of 5.5 miles. Construction operations included building of modular block and soldier pile with panel retaining walls, grading, placing and compacting sub-ballast, relocating a pedestrian bridge, and rebuilding four grade crossings to create the roadway for the second track.

#### Ellison Avenue Bridge Replacement

The team coordinated and executed a complete bridge replacement in a residential community, which required close coordination with the Village of Westbury and adequate advanced notification to residents affected by construction. Work was planned on weekdays during daytime hours to minimize impact to adjacent residences with only two LIRR weekend track outages.

### Ronkonkoma Branch Second Track, Phase II

Construction of a second track from Central Islip to Farmingdale Station including the building of retaining walls and grading for track bed and installation of cable troughs for the placement of LIRR signal cables and wiring. Work was completed in an accelerated 17 month schedule allowing for the placement of the new second track to be completed by fall 2018.

#### NY Route 347, Phase I

Project to rehabilitate a mile of Route 347 and add an additional lane in each direction. Work included new drainage, sound walls, median barrier, landscaping, and paving. This project has improved safety and mobility by transforming Route 347 into a greenway for Evergreen Status through the NYSDOT GreenLites program.

### Wreck Lead Submarine Cable Replacement

Project involved the replacement of power, signal and communications submarine cables located across Reynolds Channel between Long Beach and Island Park. Restoration was necessary as a direct result of damage caused to LIRR's infrastructure from Superstorm Sandy. The Long Beach branch was one of the four key areas on LIRR's property severely damaged by the storm.

#### NY Route 347, Phase III

Improvements & reconstruction of Rte 347 from Terry Road to Gibbs Pond Road including highway widening to 3 lanes in each direction, raised landscaped medians, continuous sidewalks along the north side and a shared use path for bicycles and pedestrians along the south side. Other rehabilitations include pavement reconstruction, a positive drainage system, landscaping, bus shelters and utility relocations.

#### Wellwood Avenue Bridge over Route 27

This project provided for the replacement of the aluminum bridge on Wellwood Avenue over Route 27, an experimental bridge built over 50 years ago. The four-span aluminum bridge was replaced with a two-span adjacent prestressed box beam bridge supported on concrete stub abutments behind mechanically stabilized earth system walls and a concrete stem pier.

6. List all affiliated and related companies and their relationship to the firm entered on line 1. above (if none, enter "None"). Attach a separate disclosure form for each affiliated or subsidiary company that may take part in the performance of this contract. Such disclosure shall be updated to include affiliated or subsidiary companies not previously disclosed that participate in the performance of the contract.

See attached, no affiliates will participate in the contract.

2 File(s) uploaded: Copy of 2022 Entity matrix....pdf, Joint Venture List...pdf

7. List all lobbyists whose services were utilized at any stage in this matter (i.e., pre-bid, bid, post-bid, etc.). If none, enter "None." The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

Are there lobbyists involved in this matter? YES [] NO [X]

8. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

Electronically signed and certified at the date and time indicated by: Jillian Brown [PEIQUALS@POSILLICOINC.COM]

Dated: 05/18/2023 07:53:00 am

Title: Compliance Coordinator

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including by not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions, department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission, with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

# COUNTY OF NASSAU DEPARTMENT OF PUBLIC WORKS Inter-Departmental Memo

TO:

Office of the County Executive

Att.

Arthur T. Walsh, Chief Deputy County Executive

FROM:

Department of Public Works

DATE:

March 23, 2023

**SUBJECT:** 

**RECOMMENDATION OF AWARD** 

**Contract Number:** 

H61145-54G

Title:

Wantagh Avenue Resurfacing

Engineer's Estimate:

\$ 8,937,534.46

**BIDS RECEIVED ON:** 

January 31, 2023

The bids received for the above referenced contract have been examined and the bid submitted by Posillico Civil, Inc in the amount of \$8,397,521.60 is acceptable as the lowest bid (see the attached bid tabulation).

The low bid by Posillico Civil, Inc is 6.04% below the engineer's estimate. Adequate funding is available (Capital Project number 61145).

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.

# COUNTY OF NASSAU DEPARTMENT OF PUBLIC WORKS Inter-Departmental Memo

TO:

Kenneth G. Arnold, Commissioner

FROM:

Thomas M. George, Deputy Commissioner

DATE:

March 22, 2023

**SUBJECT:** 

RECOMMENDATION OF AWARD

**Contract Number:** 

H61145-54G

Title:

Wantagh Avenue Resurfacing

**Engineer's Estimate:** 

\$ 8,937,534.46

**BIDS RECEIVED ON:** 

January 31, 2023

The Bids received for the above referenced contract have been examined, as tabulated in the bid comparison (attached). The bid submitted by Posillico Civil, Inc, in the amount of \$8,397,521.60 is acceptable as the lowest responsible bidder.

The low bid by Posillico Civil, Inc is 6.04% below the engineer's estimate. Adequate funding is available (Capital Project number 61145). After reviewing all documentation submitted by the contractor, it was found that Posillico Civil, Inc meets the required goals for this project. Therefore, it is requested that the Recommendation of Award be prepared for the Commissioner's signature and forwarded to the County Executive for his action.

March 6, 2023

Nassau County Department of Public Works 1194 Prospect Avenue Westbury, NY 11590

Att: Mr. Daniel Wong, PE, Project Manager

Re: H61145-54G BID ANALYSIS

Dear Mr. Wong:

We are in receipt of the bids received and opened on January 31, 2023 for the above referenced project. Four bids were received and opened. The results were as follows:

<u>Rank</u>	<u>Bidder Name</u>	Bid Amount	Corrected Bid
1*	Posillico Civil, Inc.	\$8,397,937.00	\$8,397,521.60
2	GGG Construction Corp.	\$8,988,986.25	N/A
3	Pratt Brothers, Inc.	\$10,226,226.00	N/A
4	H & L Contracting, LLC	\$11,283,255.00	N/A

<sup>\*</sup> Adjusted to correct error

There were two (2) minor errors found in one (1) of the 4 bids opened that does not change the order of the bidders, as follows:

Error 1: Posillico Civil, Inc.

Item 614.060304 Tree Removal over 12" to 18" DBH – There was a discrepancy between the unit bid price written in words and the unit bid price written in dollars and cents in the bid sheet for this item. Making the necessary arithmetic adjustment to the item total price revises the contractor's total bid for this item total to \$5,600 from \$6,000, a difference of \$400.00.

Error 2: Posillico Civil, Inc.

Item 699.040001 Mobilization - Due to the error in computing the above item, the 4% mobilization fee was miscalculated. Applying the 4% multiplier to the new bid total reduces the corresponding mobilization cost by \$15.40 and reduces the overall bid to \$8,397,521.60.

The apparent low bidder was Posillico Civil, Inc., with a corrected bid of \$8,397,521.60, which is

\$540,012.86 or 6.0% under the engineer's estimate of \$8,937,534.46. While there were several items that were either above or below the Engineers Estimate, in general, the low bidder's unit prices appear to be reasonable in comparison with the Engineer's Estimate.

On this basis, we see no reason that the contract not be awarded to the low bidder, Posillico Civil, Inc.

Attached please find a summary of the bids (Construction Bid Breakdown). If there are any questions regarding this bid analysis letter, please do not hesitate to contact this office.

Sincerely,

Vincent A. Corrado, P.E.

Associate

## Good afternoon,

Please be aware that we have determined the following errors in your bid:

- Item 614.060304 Tree Removal Over 12" to 18" Diameter at breast height (EE quantity 8 EA): The unit bid price in words is seven hundred dollars + no cents. \$750.00 was used in the bid's computation. Pursuant to Section D.2. if the Instruction to Bidders, "In case of any discrepancy in the unit price or amount bid for any item in the proposal, the unit price, as expressed in written words, shall govern." The price of the item will be adjusted \$400.00 less.
- Due to the adjustment of Item 614.060304, the price of the total bid minus Item 699.040001 Mobilization is \$8,074,540.00. As per spec, "The amount bid for mobilization shall not exceed four percent (4%) of the total contract bid price excluding the bid price for mobilization. Should the bidder exceed the foregoing four percent (4%), the Department will make the necessary adjustment to determine the total amount bid based on the arithmetically correct proposal." The adjustment yields \$322,981.60, which will make the total bid price to be \$8,397,521.60.

# COUNTY OF NASSAU DEPARTMENT OF PUBLIC WORKS Inter-Departmental Memo

TO:

Daniel Wong, Civil Engineer II

FROM:

Office of the Commissioner

DATE:

May 25, 2022

(Revised July 5, 2022)

**SUBJECT**:

**CSEA Sub-Contracting Approval** 

C22-0122 Contract Number: H6114554G

Wantagh Avenue Resurfacing

Please be aware in accordance with Section 32-3 of the CSEA/County CBA, the Department has met with CSEA representatives to discuss your proposed DPW contract referenced above. Pursuant to Section 32-3 of the CSEA/County CBA, CSEA has withdrawn its objection to the above-referenced contract known as **C22-0122**.

Please prepare the necessary documentation to proceed with your work. Once the advisement is certified you may issue the contractor a Notice to Proceed.

#### C22-0122

# COUNTY OF NASSAU DEPARTMENT OF PUBLIC WORKS Inter-Departmental Memo

**TO:** Civil Service Employees Association, Nassau Local 830

Att: Ronald Gurrieri, President

**FROM**: Department of Public Works

**DATE:** May 10, 2022

**SUBJECT:** CSEA Notification of a Proposed DPW Contract Agreement

Contract Name: H61145-54G - Wantagh Avenue Resurfacing

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should be not be implied that the proposed DPW contract/agreement is for the work which has "historically and exclusively been performed by bargaining unit members".

- 1. Department of Public Works plans to recommend a contract/agreement for Construction Services for DPW's Highway/Bridge Construction Group.
- 2. The scope of work involves resurfacing the travel lanes and shoulders on Wantagh Avenue from Sunrise Highway to Hempstead Turnpike. The work includes asphalt pavement mill and pave and concrete repairs and improvements to the concrete wearing surface in travel lanes, milling and asphalt resurfacing of shoulders, the installation of curbs, sidewalks, ADA compliant curb ramps, driveway aprons, drainage structures, trees, replacement of pavement markings and traffic loops, and other incidental work.

3. An estimate of the cost is: \$8,200,000.00

4. An estimate of the duration is: Eighteen (18) months

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Roseann D'Alleva, Deputy Commissioner, telephone 1-0525, fax 1-9657.

## QUALIFICATION STATEMENT

Note: All blanks in the form are to be filled in. Where blanks are not applicable to your firm, so indicate in each instance.

- How many years has your firm been in the business under your present business name? 76 Years
- 2. How many years experience in the construction work of a similar type as this contract has your firm had;

a. as a Prime Contractor 76

b. as a Subcontractor 76

3. List below the construction projects your firm has under way as of this date:

Contract Class Percent of work Completed

Name and Address of Owner or Contracting Officer

### Please see the attached

(use additional blank sheets if additional space is necessary)

List the projects which your firm as a firm has performed in the past few years which you feel will qualify you for this work:

Contract Class Amount of work Percent

Name and Address of Owner Completed or Contracting Officer

### Please see the attached

(use additional blank sheets if additional space is necessary)

5. Have you:

- a. ever failed to complete any work awarded to You? No If so; identify the project, the owner, the contract amount, the circumstances and date of all such failures to complete.
- b. ever been defaulted on a contract? No If so; identify the project, the owner, the contract amount, the circumstances and the date of all default actions

#### Senior Vice President and Partner, 2004-Present

Joseph D. Posillico III, Senior Vice President, joined the company in 1993 and has twenty years of experience in the heavy construction industry. He initially started as a Posillico Project Engineer for numerous New York State Department of Transportation projects. In 1999, Joe served as General Superintendent for all field operations and took over equipment management, overseeing Posillico Shop Operations. Additionally, he spearheaded a company safety program and developed the company safety department, focusing on a zero incidents and people first safety environment.

In 2003, Joe began the Posillico Drilling Division to diversify business services and expand the company's footprint into the New York City foundation market. Currently, the Drilling Division is one of the top drilling contractors in NYC, tackling challenging projects.

In 2015, Joe coordinated the movement of Shop Operations from Farmingdale, NY to Bohemia, NY. This state of the art, 25,000 square foot facility is dedicated to supplying all equipment and material needs for field operations in all divisions including, Materials, Environmental, Paving, Drilling, and the newly created Northeast Utilities Division.

Presently, Joe is implementing a new centralized purchasing system for all divisional vendors and material needs. Additionally, the shop is focused on coordinating safety training for specialty equipment requirements in all divisions.

Joe is active with the Association of Equipment Management Professionals and the International Association of Foundation Drilling.

Most recently Joe has spearheaded the implementation of a pro-active approach that reduces the exposure of hazards to workers, reducing incidents while increasing the awareness of safe work behaviors. In 2018 Posillico began utilizing a proactive assessment, conducting, and evaluating data trends through Predictive Solutions and Arrowsight. Our Safety Director and staff provide monthly status updates on all project locations to the Executive and Operations teams regarding safety performance for the previous month. We have seen positive and measurable impacts to the improvement of our site-safety and worker performance and safety key performance indicators.

Senior Vice President Field Operations – Civil, Environmental, Drilling, Materials, Consulting and Development; 2004-Present: Manage Company Safety Department and Risk Management program across all business disciplines. Supervise and mentor General Supervisors, Area Managers and Shop Manager. Oversees all equipment and vehicle purchases. Reviews and manages job and equipment costs for projects across all business disciplines.

#### General Supervisor, 2001-2004

**Various Municipal and Private Jobs:** Head Company Safety Program and Monitor Insurance Claims; Coordinated all Labor and Equipment between all jobs; Equipment Rentals, Purchases, Maintenance, and Repairs; Monitor Job Cost, Payments, and Purchasing.

#### Project Manager, 1997-2001

Rehabilitation of LIE; Exits 57-64, Holbrook, NY; 2 Contracts: NYSDOT Project Estimate \$150 Million; Job Start up, order all Equipment and Materials; Coordinated work with Suppliers and Subcontractors.

Project Engineer/Supervisor, 1993 - 1997

Rehabilitation of Route 25; Jericho Turnpike, Syosset, NY: 3 Contracts with NYSDOT totaling \$25 Million; Ordered materials, Payroll, Payments, EEO Requirements, Job Quantities; All Certifications and Submittals to NYSDOT.

Rehabilitation of Route 27; Sunrise Highway, Massapequa, NY: NYSDOT Project Estimate: \$9 Million; Safety, Payment, Payroll, Job Cost, Quantity Review, and Payment; Planning, and Scheduling of manpower and equipment.

Rehabilitation of LIE; Exits 47-49, Plainview, NY: NYSDOT Project Estimate: \$42 Million.

#### JOSEPH K. POSILLICO

President, 2004 – Present CEO, 2007-Present

A third generation Principal of the Posillico family organization, Joe carries the 75 year torch of innovation providing governance that positions the Posillico family of companies at the forefront of the ACE Industry. He guides development and management of the organization's annual strategic plan to advance the company's mission and objectives, to promote organizational growth, revenue and profitability.

The Posilico Family of Companies works diligently to lead the industry in safety. He personally oversees company operations to ensure safety, efficiency, quality, service, and cost-effective management of resources.

**President; 01/2004-09/2007:** Oversee project management and estimating functions of organization across all divisions. Represent the company in negotiations with private and public corporations and clients. Lead organization management staff meetings and company-wide informational meetings and communications.

**Secretary; 04/1987-01/2004:** Responsibilities included estimating and coordinating bids for public works projects, seeking out project opportunities with private firms and providing price quotations/negotiations, handling claims and change orders for ongoing and completed projects, management of engineering department staff personnel, provides engineering support.

In charge of two construction projects for the Port Authority of New York/New Jersey at JFK International Airport. Projects involved relocated existing sanitary sewer and water facilities, installation and removal of steel sheet piling, dewatering, construction of a 30'-deep sanitary sewer lift station, and installation of underground tanks. Projects required intense planning and staging to minimize interruptions to airport operations, which included a comprehensive safety program to protect both employees and the general public.

In charge of two construction projects for the New York State Dept. of Transportation. Projects involved the reconstruction of Route 495 in Huntington, NY (\$10.8 million) and the construction of Route 878 in Inwood, NY (\$25.7 million). Responsibilities included project scheduling, field supervision, project engineering, and negotiating change orders. The project included constructing a bridge over the LIRR and installing over 16,000 LF of underground sanitary and drainage pipe, 3,600 LF concrete box culvert, and 6,700 LF 48" water main piping and appurtenances.

#### **Prior Experience**

Exxon Company, U.S.A; May 1985 - March 1987

**Terminal Superintendent:** In charge of the operation of Exxon Co. USA's Everett, MA. Oil transfer facility. Responsibilities included supervising 8 supervisory and 30 union employees, stewardship over a \$5 million dollar per year operating and expense budget, coordinating plant maintenance and repair, participating in labor negotiations, and insuring compliance with federal and local environmental regulations. Operations at the facility included the handling of over 10 million barrels of petroleum products per year, with shipment/receipt of this product via barge, pipeline, and tank truck.

**Terminal Supervisor; 11/1983-02/1987:** In charge of Exxon's oil transfer facility in Oceanside, NY. Developed and implemented a comprehensive safety program for the approximately 125 employees at Exxon's six oil terminals in the New York Metropolitan area.

Construction and Maintenance Engineer; 08/1981-10/1983: Oversaw the construction and modernization of Exxon's retail stations on Long Island, NY, including the replacement of underground tanks, the installation of vapor recovery systems, testing underground tanks, cleaning up oil lost from leaking underground tanks, routine maintenance and ensuring compliance with local safety and environmental regulations.

#### MICHAEL J. POSILLICO

Principal, Secretary, Chairman of Board,

and Executive Vice President of Business Development, 1985-Present

Mr. Posillico has varied experience in a multitude of civil engineering, environmental and development projects. He has worked with many government agencies and owners in conjunction with the construction, development and remediation of many projects including the NYSDOT, NYSDEC, NYCDEP, NJDEP USEPA and many other regional municipal agencies. In the past several years he has combined this expertise to promote the clean-up and redevelopment of some of the most contaminated projects in our region.

**2010 to Present:** Mr. Posillico has developed many construction materials facilities including many that recycle construction waste into reusable construction products. Over the past 5 years, Mr. Posillico has worked to develop and commission the world's largest soil wash plant that cleans contaminated soils at their Farmingdale, NY facility. He also reorganized business development strategies for companywide goals and individual business units. In 2012 he took on the role of Chairman for the New York League of Conservation Voters Long Island Chapter and restructured their platform for implementing a new agenda throughout Long Island. Mr. Posillico is also spearheading a master redevelopment effort of a former quarry in Northern New Jersey.

**2005 to 2010**: Mr. Posillico formed 2 new companies, Posillico Development LLC, an organization formed to integrate operations, pool resources, and strategically invest in property development and Posillico Consulting, LLC a multi-disciplined Brownsfield redevelopment property management and development consulting service. He also expanded Posillico Environmental's marine and mechanical capabilities, which now encompass dredging, synthetic bulkhead installation, sanitary treatment plant construction and refurbishment. Mr. Posillico also lead a re-branding effort for the "Posillico" companies to improve their recognition under one brand and being dedicated to setting the standard for excellence in the construction industry for getting complex projects completed safely, on time and on budget.

1997 to 2004: Mr. Posillico has worked on further expansion of thermally treated contaminated soil and dredge spoil recycling into a product known as "Poscrete". He has also worked on a number of significant environmental projects including recently completed dredging of Lake Capri in West Islip, NY, which involved difficult environmental dredging and processing of sediments and solids with a temporary processing plant. In addition, Mr. Posillico worked on the development of a remedial SVE system at Northville's Holtsville terminal and affected area with ERM Northeast. Mr. Posillico has focused further on the re-development of environmentally challenged properties in addition to overseeing major projects in Posillico Environmental, Inc. Major projects include the partnership in Glen Isle Development, a 50-acre national brownsfield waterfront redevelopment site, redevelopment of the former Cibro Fuel Oil Terminal in Island Park, NY and the clean-up of the former GTE/Sylvania site in Hicksville, NY.

1991 to 1996: the majority of Mr. Posillico's efforts were directed to developing a permit with the NYSDEC to thermally treat and recycle petroleum-contaminated soils at Posillico Brothers Asphalt in Farmingdale, N.Y. (Posillico Materials, LLC) During this time period Michael founded and developed the Blue Water Environmental, Inc. petroleum contaminated soil business which is now known as Posillico Environmental, Inc. Mr. Posillico expanded Blue Water Environmental, Inc. into other specialized remedial projects including an expansive tunnel clean-up project for the Brooklyn Navy Yard Development Corp., shallow soil mixing of hazardous wastes for the

NYSDEC at Dzus Fasteners in West Islip, NY, and the handling and disposal of dredge sediments from the installation of a cooling tunnel outfall at the Brooklyn Navy Yard.

1985 to 1991: Mr. Posillico was the Project Supervisor for NYSDOT. Nighttime reconstruction of the Long Island Expressway exits 52-57 and exits 32-39. (10 million dollars), the reconstruction of Route 106/107 and the North Service Road in Syosset, NY. (4 million dollars, the reconstruction of the force main and sewer system, Halesite, NY. (2 million dollars) Mr. Posillico was the Project Manager for reconstruction of the Northern State and Meadowbrook Parkway interchange and the reconstruction of the intersection of Old Country Road and Glen Cove Road. The total value of both projects was over 70 million dollars, which involved complex bridge reconstruction and highway detour routing.

Affiliation: Mr. Posillico and his partners formed The Posillico Foundation in 2004 donating their time and money to many regional charitable organizations. Mr. Posillico has served numerous charitable and foundation boards including Farmingdale State College Foundation where he served as Foundation President. Mr. Posillico is currently an honorary member of this foundation. He is also served as Chairman for the New York League of Conservation Voters Long Island Chapter and a Board Member of Gilda's Club New York. Mr. Posillico currently serves as a board member of the New York State League of Conservation Voters and as an advisory board member for Clemson University Civil Engineering Department. He formally sat on the Board of Vision Long Island, a regional consortium of professional advocates that promotes "smart growth" in our region, focusing on improving housing, environmental, transportation and economic development.

## POSILLICO EQUIPMENT LIST SUMMARY

Equipment rates shall not exceed 100% of the monthly rates, including all applicable modifiers and hourly operating cost found in the Rental Rate Blue Book for Construction Equipment, published by Equipment Watch, 1735 Technology Drive, Suite 410, San Jose, CA 95110-13333 which is incorporated by reference as if fully set forth in this Agreement.

# CHARLES A. FORTE, JR.

Vice President, Paving Division Manager, 2011-Present

Mr. Forte is responsible for developing business plans for the paving division and soliciting new customers. He is currently bidding \$275 million worth of paving work and has completed \$75 million worth of paving work per year.

## Vice President, Director of Field Operations, 2002-2011

Mr. Forte's responsibilities included the coordinated scheduling of over 250 union employees daily. He oversaw multiple job sites and assisted job scheduling with the project manager. In addition, he tracked job costs on all projects, managed equipment for all job sites, coordinated subcontractors and enforced company safety policies.

### **Posillico Project Experience**

Nassau County Phase 77, Resurfacing Various County Roads; Nassau County, NY; \$13.4 Million; 06/2019-10/2019; Division Manager: Completed this project in under 90 days to achieve an incentive on the job to finish early. Developed project schedules, and weekly meetings to coordinate subcontractors on job. Supervised labor, equipment, subcontractors, and materials for the installation of drainage, utilities, paving. Communicated with a citizen group to keep them informed of project. Owner: NCDPW.

NYIT Stormwater Project; Old Westbury, NY; \$4.5 Million; 07/2019-09/2019; Division Manager: Installation of a storm trap system on the grounds of NYIT, rehabilitated parking lot. Coordinated with the administration for scheduling and completed project prior to students return to campus. Owner: NYIT.

NYSDOT Reconstruction of Route 24; Nassau County, NY; \$9.6 Million; Project Superintendent: Supervised labor, equipment, subcontractors, and ordering of materials for the installation of drainage, curbs, sidewalks, milling, paving, and 18 intersections with new signal equipment. Coordinated the installation of over 25,000 linear feet of telephone conduit, and 16 telephone maintenance holes for Verizon, along the median of Route 24. Owner: NYSDOT. Owner Contact: John McGullam, john.mcgullam@dot.ny.gov, 631-952-6632.

MTA/LIRR Parking Lot Improvements; \$2.4 Million; 03/2000-12/2000; Project Superintendent: Coordinated improvements at four LIRR parking lots. Supervised and oversaw various subcontractors at all separate locations. Developed a project schedule, and weekly meetings with LIRR and a citizen group. Owner: MTA LIRR.

NYSDOT Reconstruction of Route 25A; \$6.3 Million; 04/1999-11/1999; Project Superintendent: Developed project schedules, and weekly meetings to coordinate subcontractors on the job. Supervised labor, equipment, subcontractors, and materials for the installation of drainage, utilities, paving, and a precast concrete box culvert. Communicated with a citizen group to keep them informed of project. Owner: NYSDOT. Owner Contact: John McGullam, john.mcgullam@dot.ny.gov, 631-952-6632.

NYSDOT Reconstruction of Route 107; \$5 Million; 05/1998-03/1999; Project Superintendent: Joint venture with Scalamandre Construction. Supervised the

Owner:

### U.S. DEPARTMENT OF JUSTICE OFFICE OF JUSTICE PROGRAMS OFFICE OF THE COMPTROLLER

# Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions (Sub-Recipient)

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211). (BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Michael J. Trotta / Vice President	3129123

MJQJJDDR OJP FORM 4061/1 (REV. 2/89) Previous editions are obsolete

#### **Instructions for Certification**

- 1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- 3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
- 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

# NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS
