sir.

1  
2                   PRESIDING OFFICER NICOLELLO:   Okay.

3                   Thank you very much. We are going to go  
4                   right into the public comment portion of  
5                   our meeting. If anyone would like to make  
6                   public comments, we ask that you fill out  
7                   a slip which will be on the table to our  
8                   right and to your left. Submit the slip  
9                   and you'll be called on in turn.

10                  First speaker is Susan Hansen.

11                  MS. HANSEN:   I spoke before this  
12                  Legislature in July and brought to your  
13                  attention an organization that has  
14                  uncovered questionable voter and election  
15                  data in New York state and county  
16                  databases, including Nassau County. That  
17                  should shock you. The organization is New  
18                  York Citizens Audit and their website is  
19                  AuditNY.com.

20                  In addition, they have sent each of  
21                  you a summary of their findings and  
22                  concerns. I hope you've all taken a look  
23                  at it. And if not, that you will now.

24                  Today you are scheduled to vote on  
25                  over 30 resolutions. I do not believe

1  
2 that any one of them is as critical as  
3 the resolution NYCA is proposing.

4 Nassau County is one of 62 counties  
5 in the state of New York. Each of these  
6 counties maintains their own database  
7 containing registration records and  
8 voting history for every voter. The  
9 county data is transferred to the state,  
10 which maintains its own database, and the  
11 information is essentially duplicated for  
12 all 62 counties.

13 In addition to county and state  
14 data, there is a third category. A report  
15 by the Secretary of State which publishes  
16 official election results. Theoretically,  
17 all this information should tie out; it  
18 does not. New York Citizens Audit  
19 obtained electronic copies of this data,  
20 and after extensive analysis over the  
21 past two years, has uncovered significant  
22 discrepancies and concerns, including  
23 with Nassau County.

24 Over 61,000 Nassau voters were found  
25 in the state database that were missing

1  
2 in your county database. Over 26,000 of  
3 them voted in the 2020 election. The  
4 state database contained over 600,000  
5 Nassau voters flagged as purged with no  
6 purge date. Nearly 14,000 of them voted.  
7 And over 100 Nassau residents that voted  
8 were older than the oldest living  
9 American as well. These findings and more  
10 are documented on their website:  
11 AuditNY.com.

12 This Body, the Full Nassau County  
13 Legislature, has the authority, and I  
14 dare say the obligation, to review these  
15 findings and take the necessary  
16 corrective measures. The New York  
17 Citizens Audit speakers here today have  
18 all filled out cards with contact  
19 information. I would encourage each of  
20 you to reach out to us and we can put you  
21 directly in touch with the executive  
22 director, Marly Hornick.

23 Thank you in advance for your  
24 concern with resolving this most  
25 important issue.

1  
2 PRESIDING OFFICER NICOLELLO: Denise  
3 Olexa.

4 MS. OLEXA: Good afternoon.

5 New York Citizens Audit is working  
6 with Andrew Paquette, PhD, a brilliant  
7 cyber intelligence and cyber security  
8 expert. He discovered four hidden  
9 algorithms in the New York State voter  
10 rolls, also known as NYS Voter. The  
11 algorithms found in the databases link  
12 County Voter Identification and State  
13 Board of Elections Identification numbers  
14 in such a way that it could be used as a  
15 third ID number, which then could be used  
16 to clandestinely tag and track records of  
17 interest such as phantom voters.

18 Every county official that Dr.  
19 Paquette spoke with about this subject  
20 stated they had no idea the algorithms  
21 existed. None had seen any sign of their  
22 existence prior to these findings. The  
23 algorithms performed no security function  
24 and they were not designed to optimize  
25 database performance.

1  
2           Regardless, fictitious records and  
3           votes, cloned records, and deletion of  
4           records all violate the law. We know  
5           election fraud has occurred. There is too  
6           much evidence to deny it with any  
7           credibility. Whoever is responsible for  
8           the algorithms is deliberately or  
9           negligently violating the law on a  
10          systemic and regular basis.

11          Dr. Paquette's findings about New  
12          York's voter roll algorithms were  
13          recently peer reviewed and published in a  
14          scientific journal, *The Journal of*  
15          *Information Warfare*. What is most  
16          significant about this peer reviewed  
17          article is it proves that the  
18          manipulation present in NYS Voter  
19          database right now is scientific fact. It  
20          may provide an explanation of the  
21          inaccuracies and irregularities. It  
22          proves a, "Total loss of control data  
23          breach", the most severe kind of data  
24          breach recognized by our federal  
25          government.

1  
2 The law says it renders the affected  
3 NYS Voter database completely  
4 untrustworthy. It proves that New York  
5 citizens audits research team's data is  
6 solid, reliable and can be replicated. It  
7 is not based on opinion or conjecture. It  
8 proves that New York State election  
9 officials certified provably inaccurate  
10 elections. They ignored New York Citizens  
11 Audits, notification of the 2020 election  
12 irregularities and proceeded to run and  
13 certify the 2022 election. This is  
14 against the black letter rule of law.

15 We ask that you support this effort  
16 by signing the resolution for an audit of  
17 the New York State 2022 general election.

18 For more information, please visit  
19 AuditNY.com.

20 Thank you.

21 PRESIDING OFFICER NICOLELLO: Thank  
22 you.

23 Julie Spanarelli.

24 MS. SPANARELLI: Hi, my name is  
25 Julie Spanarelli. I'm from Centereach,

1  
2 New York. I'm a 28 year veteran math  
3 teacher. In the classroom, if I give out  
4 35 tests, I get 35 tests. If I get 34,  
5 I'm calling you guys as parents. If I was  
6 to get 36 or 37 tests, I'd probably lose  
7 my mind.

8 Well, I'm here as a volunteer from  
9 New York Citizens Audit. And I'm telling  
10 you, I've seen mathematical voting  
11 irregularities. Under federal law, Title  
12 3, Section 301, there's two kinds of  
13 elections: Accurate and invalid. There  
14 is no gray area; two plus two equals  
15 four.

16 It gets better. To be accurate,  
17 elections must meet extremely stringent  
18 standards established under federal law.  
19 Do you know who made the federal law? The  
20 Democrats back in 2000. And they were the  
21 election deniers at that point. In order  
22 for an election to be valid and,  
23 therefore, certifiable, the law  
24 specifically states an allowable error  
25 rate in federal elections: 1 in

1  
2 10,000,000 ballot positions or 1 in  
3 125,000 ballots. According to the Federal  
4 Election Assistance Commission, that is  
5 the legal standard. This rate is set at a  
6 sufficiently stringent level such that  
7 the likelihood of voting system errors  
8 affecting the outcome of an election is  
9 exceptionally remote, even in the closest  
10 of an elections. That's a quote.

11 When it comes to federal elections,  
12 there are no honest mistakes. In New  
13 York's 2020 general election, it provided  
14 countless examples of how the standard  
15 was being ignored. With the claim of 8.6  
16 million votes cast, the Board of  
17 Elections is allowed a grace regarding  
18 only 69 ballots. Yet the New York State  
19 voter database, the official registration  
20 record, according to the law, shows  
21 740,000 votes cast by registrations that  
22 are either illegal or invalid.

23 If you're not familiar how data is  
24 collected, we have the county level,  
25 which sends the information to the state

1  
2 level, which sends it over to the  
3 Secretary of State. It looks like a  
4 triangle. All the numbers are supposed  
5 to add up. So we send information from  
6 Nassau, Suffolk County, it's supposed to  
7 match the information at the state level  
8 and at the certified level, the Secretary  
9 of State.

10 So I'm going to ask you specifically  
11 and give you some information about New  
12 York State. Do you know the difference  
13 between what Nassau County precinct vote  
14 tabulation counted versus what New York  
15 State Board of Elections counted? They  
16 had 1293 person voter discrepancy.  
17 There's supposed to be the same.

18 Do you know the differences between  
19 Nassau County precinct vote tabulation in  
20 the New York state certified results?  
21 Again, they're supposed to match. It was  
22 5613.

23 Do you know the difference that  
24 existed in vote tabulation between New  
25 York State Board of Elections and the

1  
2 Secretary of State? There was 6906  
3 people. People's votes are missing. I'm  
4 definitely not okay with that.

5 Are you aware that Nassau County  
6 voter rolls maintained by the New York  
7 State Board of Elections demonstrate  
8 there are duplicate state board  
9 identification numbers? They're like  
10 Social Security numbers. It's one per  
11 person per life. Whether you move in and  
12 out of towns, in and out of the state and  
13 come back.

14 Here in your backyard. There are  
15 194,963 duplicate state board ID numbers  
16 and 405 of these people voted more than  
17 once, according to the law. Any voter's  
18 information that has to be purged has to  
19 have a purge date (buzzer).

20 PRESIDING OFFICER NICOLELLO: Please  
21 sum up.

22 MS. SPANARELLI: Just remember,  
23 there's two kinds of elections here in  
24 America, accurate and invalid. There's no  
25 gray areas. But what I just showed you

1  
2 and what my friends have showed you guys,  
3 we had invalid elections.

4 Please help us fix this for our  
5 future generations. Thanks, guys, for  
6 your work.

7 PRESIDING OFFICER NICOLELLO: Thank  
8 you.

9 Richard Clolery.

10 MR. CLOLERY: Hello once again. My  
11 name is Richard Clolery, representing  
12 East Meadow. I got a whole lot of stuff I  
13 want to get off my chest.

14 We have problems all across the  
15 board. Roads that have no sidewalks that,  
16 goodness forbid, if any driver was  
17 distracted, he would hit that poor  
18 person. Pedestrians getting hit and  
19 sinkholes in our roads. What's going on?  
20 I mean, you guys claim that you care  
21 about drivers. What about pedestrians,  
22 too? Have you been reading the *Newsday*  
23 recently? Anyone? Come on, I don't bite.  
24 Really. Anyway.

25 And also it's getting more

1  
2           unaffordable here in the county. I mean,  
3           housing prices have gone up. Car prices  
4           have gone up, which means if ordinary  
5           people can't afford cars. What county do  
6           you have?

7           I'm pleading with you to consider  
8           pushing for affordable housing options.  
9           You aren't going to let Hochul have her  
10          way.

11          And also we need to increase funding  
12          for the buses all across the board. I  
13          mean, our bus systems are for the most  
14          part are spotty, but could have potential  
15          to help people. And considering that we  
16          might be getting a casino, eventually, it  
17          would help people get to and from the  
18          casinos, don't you think?

19          Let's face facts. Everything is  
20          changing. Car affordability has gone  
21          straight to hell. Housing affordability  
22          has gone straight to hell. And don't get  
23          me started with some of the roads here.  
24          There's some roads that don't have  
25          sidewalks and bike lanes. How is a

1  
2 person supposed to transfer safely along  
3 these certain roads if there's no  
4 sidewalk? I mean, you're literally either  
5 have to walk in the grass or walk in the  
6 street and, goodness forbid, if there's a  
7 distracted driver, which believe me, it's  
8 much more likely to happen these days. I  
9 mean, more recently and matter of fact,  
10 today I heard about a pedestrian accident  
11 and a bike fatality. A car driver hit a  
12 poor biker who was minding his own.

13 Well, that's all I have to say. Have  
14 a good day.

15 Before I go, does anyone have any  
16 questions for me?

17 PRESIDING OFFICER NICOLELLO: No,  
18 we're good. Thank you, Richard.

19 Georgina Cornago.

20 MS. CORNAGO: Thank you for having  
21 me. I'm here to speak about the  
22 legislation of epinephrine and vehicles  
23 for first responders, the importance of  
24 its safety and why it's so necessary for  
25 it to be in place. Suffolk County just

1  
2 had that pass, and it is imperative for  
3 Nassau County to pass that.

4 First of all, epinephrine is a  
5 lifesaving medication and it is the only  
6 medication that will help stop  
7 anaphylaxis. 32 million Americans are  
8 affected with food allergies; 6 million  
9 children have food allergies.

10 And I'll backtrack a little bit.  
11 Sorry. My name is Georgina Cornago and I  
12 run the Love for Giovanni Foundation. I  
13 founded that foundation when I lost my  
14 son to Anaphylaxis back in 2013. In two  
15 weeks, my son would be 24, and in two  
16 months it'll be ten years since I lost  
17 him. So I've been working very hard for  
18 the last ten years to pass all these  
19 legislative bills to help save other  
20 lives so that they would not know the  
21 pain that I feel.

22 So back to the statistics. There are  
23 over 1500 deaths a year due to  
24 anaphylaxis. That's an estimation and  
25 there's probably a lot more than that.

1  
2           Gio's law was passed in 2019, and that is  
3           the Epi in first responder vehicles, and  
4           that's through New York State. That is  
5           only an allowance. And we're hoping to  
6           make that a requirement because again, it  
7           saves lives. It is a no-brainer to have  
8           that available.

9           Lynbrook has already put that in  
10          place as well. And from having that in  
11          place, they already saved three lives.  
12          They funded it in Northwell Health.

13          I know I only have a few seconds  
14          left. Again, epinephrine should be in the  
15          same place as all AED devices. It should  
16          be in restaurants. It should be in public  
17          entities. Stock epinephrine is an  
18          authorized entity. We do not need an  
19          authorized prescription for epinephrine.  
20          It is something that we really need to  
21          think about putting in every place as  
22          possible.

23          Thank you.

24          PRESIDING OFFICER NICOLELLO: Ms.  
25          Cornago, first of all, we want to express

1  
2 our condolences, deepest condolences on  
3 the loss of your son.

4 MS. CORNAGO: Thank you.

5 PRESIDING OFFICER NICOLELLO: I saw  
6 the article in the newspaper about  
7 Suffolk County Legislature passing the  
8 law that you just referenced. It seemed  
9 like a good idea to me. And I actually  
10 had the same law filed here at the  
11 Clerk's Office. But after filing it and  
12 in discussions with the Police  
13 Department, there are issues here at  
14 Nassau County. The way our police work is  
15 different than in Suffolk. And we have  
16 representatives of the police, I believe,  
17 here, who can provide a little bit of  
18 information on this. So we've asked them  
19 to come today for this purpose.

20 MS. CORNAGO: Okay.

21 OFFICER O'MELIA: Hi. James  
22 O'Melia. I'm the assistant director for  
23 the Nassau County Police Department  
24 Emergency Ambulance Bureau.

25 Here in Nassau County, as opposed to

1  
2 Suffolk County, we have a paid full time  
3 ambulance integrated with the Police  
4 Department that responds with the police  
5 officers on all their aided cases. All  
6 our ambulances are advanced life support  
7 certified with a paramedic on board. We  
8 carry epinephrine on every ambulance and  
9 we are capable and willing and we give it  
10 all the time.

11 The need to have it in the police  
12 cars is less here than in Suffolk, where  
13 they may have to wait for volunteers to  
14 show up and it can be a considerable  
15 amount of time depending on the location.  
16 We don't have the same geographic areas  
17 to cover here. Our response time is much  
18 greater and we have that covered in the  
19 existing way our ambulance works within  
20 the Police Department.

21 PRESIDING OFFICER NICOLELLO: Okay.  
22 My understanding from speaking to Kris  
23 Kalender is that Nassau County police are  
24 emergency medical responders. As  
25 emergency medical responders, they cannot

1  
2 on their own administer EpiPen. In other  
3 words, if someone is unconscious, they  
4 are not permitted to do that, the Nassau  
5 County Police. And that, in fact, they  
6 have 9 to 10 days of training in the  
7 police academy. To administer the EpiPen  
8 to someone who is non-responsive, you  
9 need to be an EMT, which takes six months  
10 of training.

11 So our police, unlike Suffolk  
12 County, do not have the same ability  
13 under state law to administer the EpiPen.  
14 So it presents a conflict. And as the  
15 officer just indicated, we have police  
16 medics here and each one of the buses or  
17 ambulances is fully equipped with the  
18 EpiPen.

19 So unlike Suffolk, we're faced with  
20 a different situation. You could put the  
21 EpiPen in the police cars, but the police  
22 are not permitted to administer it to a  
23 non-responsive person. So it has created  
24 a problem for us.

25 MS. CORNAGO: Why is that? Why are

1  
2 they not?

3 PRESIDING OFFICER NICOLELLO:

4 Because the police in Suffolk are trained  
5 EMTs to take six months of training to  
6 become an EMT, a medical emergency  
7 medical technician. The police in Nassau  
8 County are emergency medical responders.  
9 They don't have the same training. They  
10 do get some training in first aid, it's  
11 about 9 to 10 days in the police academy.  
12 That's first.

13 And secondly, in Nassau, unlike in  
14 Suffolk, we have an Ambulance Bureau. We  
15 have police, EMTs, AMTs who will come to  
16 the scene fairly quickly. So we have a  
17 different situation scenario here in  
18 Nassau County.

19 MS. CORNAGO: So in order to become  
20 epinephrine trained, it takes ten minutes  
21 to get a certification on epinephrine  
22 training. Anyone can become trained on  
23 how to give epinephrine. We are all  
24 backed on the Good Citizen Law to give  
25 epinephrine. And anyone that carries

1  
2 epinephrine gives that okay to be given  
3 epinephrine if you are suffering from an  
4 allergic reaction from anaphylaxis. So.  
5 I don't know. I don't understand.

6 PRESIDING OFFICER NICOLELLO: The  
7 difference here is what do the state  
8 regulations and requirements say about  
9 what a police officer can do? And since  
10 they are emergency medical responders and  
11 not EMTs, they would not be able to  
12 administer epinephrine to someone who is  
13 unconscious. They simply would not.  
14 They're barred by law.

15 In Suffolk, unlike in Nassau, each  
16 police officer is an EMT. So they are  
17 permitted by law to do it, whereas in  
18 Nassau County, they're not.

19 MS. CORNAGO: Okay. So then can I  
20 ask you -- so Gio's Law was passed in  
21 2019. And in that law, it does say that  
22 all first responders are able to give  
23 epinephrine and they allowed to be  
24 trained to administer. So within that  
25 law, doesn't that mean that every police

1  
2 officer or --

3 PRESIDING OFFICER NICOLELLO: I'm  
4 told that's not the case with respect to  
5 our police officers. This is the  
6 information I'm getting from the head of  
7 the union that is responsible for the  
8 EMTs, very knowledgeable about it as well  
9 as from the Administration and the Police  
10 Department. So I'm not sure what the  
11 effects of Gio's law are, but I'm being  
12 told that because of regulations and  
13 because of the training that our police  
14 have, as opposed to Suffolk County, they  
15 would not be able to administer EpiPen to  
16 someone who unconscious. They simply  
17 would be barred by doing it.

18 And again, the distinction also is  
19 that we have a full Ambulance Bureau.  
20 Every one of those ambulances is fully  
21 stocked with the materials that make up  
22 epinephrine.

23 MS. CORNAGO: Right. But an  
24 ambulance is still not the police  
25 vehicle.

1  
2 PRESIDING OFFICER NICOLELLO: You're  
3 right.

4 MS. CORNAGO: And not every  
5 ambulance is equipped with epinephrine or  
6 not every ambulance is -- so there's EMT.  
7 There's there's EMS. Right. And aren't  
8 there certain ones that are allowed to  
9 give epinephrine and certain ones are not  
10 allowed to give epinephrine?

11 PRESIDING OFFICER NICOLELLO: My  
12 understanding is that all of our  
13 ambulance, medical technicians, the EMTs  
14 on our ambulances are authorized to  
15 administer epinephrine. And each one of  
16 the ambulances here in Nassau County,  
17 they don't have epinephrine, the brand  
18 name. But what they do have is the  
19 elements and each one of them has that.  
20 So they can do that.

21 MS. CORNAGO: Okay, so. So how come  
22 Lynbrook, they are police officers?

23 PRESIDING OFFICER NICOLELLO: They  
24 may have trained their entire police  
25 department to become EMTs.

1  
2 MS. CORNAGO: And we can't train our  
3 police officers?

4 PRESIDING OFFICER NICOLELLO: We'd  
5 have to train all of our 2000 plus police  
6 officers in the six months of training at  
7 the academy to become an EMT.

8 MS. CORNAGO: That only takes a few  
9 minutes. You watch a video. I mean, I  
10 understand. I'm just giving you the --

11 PRESIDING OFFICER NICOLELLO: I  
12 appreciate it. You're advocating, which  
13 is --

14 MS. CORNAGO: I'm advocating. I  
15 guess we say, you know, if you don't live  
16 it, you don't get it. If you had somebody  
17 that had food allergies and who had a  
18 life threatening, you would understand  
19 more that why you would want to.

20 PRESIDING OFFICER NICOLELLO: Okay.  
21 Thank you.

22 MS. CORNAGO: Thank you.

23 PRESIDING OFFICER NICOLELLO: Deputy  
24 Presiding Officer Kopel?

25 LEGISLATOR KOPEL: Yes. I just want

1  
2 to say that I've met you, and it's  
3 enormously admirable and unusual that  
4 someone who's suffered such an enormous  
5 tragedy can take that and spin it and use  
6 it to do something good, to do good for  
7 other people, to prevent other people  
8 from having the same loss. It is a  
9 magnificent thing to do. I just hope you  
10 have the strength to continue your good  
11 work and I hope that you're successful in  
12 getting us all to a situation we don't  
13 have to worry about this quite as much. I  
14 know that I've got grandchildren who  
15 carry around pens and I know people worry  
16 about this kind of thing. And it's scary;  
17 it's scary.

18 So I just want to say thank you for  
19 what you're doing. Keep on doing it and  
20 lots of strength to you.

21 MS. CORNAGO: Thank you so much.

22 PRESIDING OFFICER NICOLELLO: Thank  
23 you again.

24 LEGISLATOR DERIGGI-WHITTON: Do you  
25 think maybe it's just worth us just

1  
2 checking with the Gio's law? Because I  
3 believe that most police officers are  
4 trained in Narcan. So I don't know what  
5 would be the difference. And I don't  
6 know. I'm not saying --

7 PRESIDING OFFICER NICOLELLO: From  
8 what I was told, the difference with  
9 Narcan is there's absolutely no side  
10 effects of Narcan. If you administer  
11 EpiPen, there's an issue with potential  
12 cardiac issues.

13 MS. CORNAGO: So I have letters. I  
14 have letters from doctors also stating  
15 the importance and that there is no  
16 contradiction.

17 PRESIDING OFFICER NICOLELLO: Okay.  
18 If you want to provide that to us, we'd  
19 very much like to have.

20 LEGISLATOR FORD: Excuse me, ma'am.  
21 Sorry. My condolences, as well, to you.

22 But, you know, since we have a paid  
23 EMS and I'm hoping that even our  
24 volunteer firefighters that are trained  
25 would have these EpiPens -- but New York

1  
2 City, I just checked with my son, the  
3 police department in New York City. I  
4 don't believe they don't have EpiPens in  
5 their cars either.

6 MS. CORNAGO: They don't.

7 LEGISLATOR FORD: He told me that if  
8 they find somebody who's non-responsive  
9 and they have an EpiPen on them, then  
10 they are at that time permitted to  
11 administer the EpiPen. But New York City  
12 doesn't carry them either. And if they  
13 don't have them and if they're  
14 non-responsive, they just can't take an  
15 EpiPen and administer to that person  
16 either.

17 So I think that it's an area that  
18 perhaps we need to look into to find out  
19 what we need to do to see if we can make  
20 this work. Because I understand. My  
21 granddaughter, she has an EpiPen and it  
22 talks to you. So even I would be able to  
23 administer it because it'll tell me what  
24 to do, which is very helpful.

25 But I think that maybe there are

1  
2 just some concerns with the EpiPens. And  
3 very little comfort to you, but I think  
4 we need to take a look at the whole issue  
5 with EpiPens and how do we make it so  
6 that hopefully it will be more accessible  
7 so that we could save the lives of many  
8 more people.

9 MS. CORNAGO: I can read to you the  
10 section on --

11 PRESIDING OFFICER NICOLELLO: If you  
12 want to provide that to us, that's fine.

13 MS. CORNAGO: Okay. Anything else?

14 PRESIDING OFFICER NICOLELLO: No,  
15 we're good. And again, thank you very  
16 much for coming.

17 Pearl Jacobs.

18 MS. JACOBS: I would respectfully  
19 request that my questions here and my  
20 talking points be answered after I finish  
21 speaking, please. Thank you.

22 I would like to start off by saying  
23 Legislator DeRiggi-Whitton, please accept  
24 my apologies for failing to acknowledge  
25 your great concern for your constituents

1  
2 and the integrity that you demonstrated  
3 regarding the lease transfer vote. Thank  
4 you for placing your constituents quality  
5 of life above personal ambitions and  
6 monetary influences.

7 Question to Legislator Abrahams:

8 Where are the cameras for Uniondale that  
9 we were promised in October 2020, 2022?  
10 Almost a year has passed. No updates. No  
11 cameras. Jerusalem Avenue is now a  
12 raceway.

13 Question to the Legislative Body,

14 What are you as lawmakers? What are your  
15 plans to do about the significant  
16 increase in accidents in Nassau County?  
17 Drunk driving, driving under the  
18 influence, dangerous driving and total  
19 lack of adherence to traffic laws are  
20 resulting in an increase in devastating  
21 accidents and fatalities on our roadways.

22 I am sure that you have seen many of  
23 the maneuvers that occur on our parkways.  
24 Drivers cutting in and out of traffic  
25 while driving upwards of 80 miles an

1  
2 hour. Residents homes are now being  
3 destroyed by reckless drivers speeding  
4 through residential streets.

5 There is a solution to help mitigate  
6 these horrific accidents and fatalities.  
7 That solution would be camera technology.  
8 I have previously spoken before this  
9 legislative body about camera technology  
10 and its effectiveness in reducing traffic  
11 accidents. I shared the data and it  
12 appears that it fell on deaf ears. New  
13 York City is utilizing camera technology  
14 and it has been very effective in  
15 reducing accidents and fatalities. Many  
16 states across our country are using  
17 camera technology. Why not Nassau County?  
18 I hope it's not because you are pandering  
19 to constituents that are against camera  
20 technology.

21 Why would anyone be against a  
22 technology that has proven to reduce  
23 accidents resulting in lives saved? I am  
24 sure residents that obey the the laws of  
25 the road and drive for the safety of

1  
2 their selves and others would welcome  
3 camera technology. Wouldn't you scratch  
4 your head and wonder why some residents  
5 would push against this technology? I say  
6 to you, as lawmakers of Nassau County,  
7 this is your issue to own and to make,  
8 right? If you fail to act on this, you  
9 are just as guilty as the reckless  
10 motorists who cause mayhem and death on  
11 our roadways.

12 Thank you, Assemblywoman Solages,  
13 for introducing a bill to add speed  
14 cameras on the Southern State Parkway to  
15 improve safety. I greatly admire your  
16 commitment to doing what's right. We woke  
17 up to this this morning (referring) three  
18 dead, two incidents in Nassau County.

19 I frequently think of the two young  
20 men. I want to I want to speak their  
21 names: Drew Hassenbein and Ethan  
22 Falkowitz, both 14 years old, killed on  
23 May 3rd by a drunk driver. And all they  
24 were doing was coming from a restaurant,  
25 eating after a tennis match.

1  
2 August 4th, late night collision in  
3 Roslyn, critical condition -- this is  
4 every single day; every single day. And I  
5 say again, as legislators, lawmakers, you  
6 are just as guilty as the people who  
7 commit these atrocities if you do nothing  
8 about it.

9 Legislator Abrahams, can you answer  
10 my question, please, about the cameras on  
11 Jerusalem Avenue that we are still  
12 waiting for? And Jerusalem Avenue is now  
13 a raceway.

14 LEGISLATOR ABRAHAMS: Okay. Is it  
15 okay for me to respond?

16 MS. JACOBS: Yes, you may.

17 LEGISLATOR ABRAHAMS: Thank you very  
18 much. I appreciate you letting me  
19 respond.

20 That being said, I spoke to the  
21 Commissioner over a month ago. His  
22 response was that basically he was  
23 pushing to get the installation of the  
24 cameras in 30 days. He felt that that  
25 should be able to get done. Obviously,

1  
2           you're telling me that the cameras are  
3           not installed.

4           MS. JACOBS: Well, I haven't heard  
5           any update, so you don't know.

6           LEGISLATOR ABRAHAMS: So you don't  
7           know if they're installed or not?

8           MS. JACOBS: I have no idea. As I  
9           said, no one has given me an update or I  
10          do not know.

11          LEGISLATOR ABRAHAMS: Gotcha.

12          So I'll follow up with the  
13          Commissioner. He based off this e-mail  
14          that he sent me on June 26th, I would  
15          think now that July 26th has passed that  
16          they have been installed. So I will  
17          follow up with them to make sure.

18          Your next question.

19          MS. JACOBS: Obviously, they haven't  
20          been installed because they're still  
21          using Jerusalem Avenue as a raceway.  
22          Okay. The cars are racing.

23          LEGISLATOR ABRAHAMS: I'm not too  
24          sure what cameras we're talking about  
25          now.

1  
2 MS. JACOBS: I'm talking about that  
3 we were talking about putting cameras on  
4 Jerusalem Avenue.

5 LEGISLATOR ABRAHAMS: What kind of  
6 cameras on Jerusalem Avenue?

7 MS. JACOBS: Well, we want cameras,  
8 you know, that give you --

9 LEGISLATOR ABRAHAMS: Speed cameras.

10 MS. JACOBS: Speed cameras. Exactly.

11 LEGISLATOR ABRAHAMS: That's not the  
12 cameras that I've been talking to  
13 Commissioner Ryder about for the last  
14 three years.

15 MS. JACOBS: I asked for both. And  
16 the cameras that promised by Commissioner  
17 Ryder, I would appreciate if you give  
18 back to me on that.

19 LEGISLATOR ABRAHAMS: Ms. Jacobs,  
20 I'm going to be very clear, because maybe  
21 something's changed. The cameras we have  
22 talked about where the cameras are going  
23 to be permanent installed cameras located  
24 on Uniondale Avenue in the business  
25 district. That's what we talked about.

1  
2 MS. JACOBS: Okay. So would you  
3 expedite that or find out what's going on  
4 with that, please?

5 LEGISLATOR ABRAHAMS: That's what  
6 I'm talking about. Now speed cameras,  
7 that's going to take an initiation of  
8 this Legislative Body and the County  
9 Executive for it to happen. Commissioner  
10 Ryder cannot do that on his own.

11 MS. JACOBS: Okay. Well, I'm  
12 speaking about that now. Okay. There's  
13 too many deaths. There's too many  
14 fatalities. People's homes are being ran  
15 into. This is absolutely ridiculous.  
16 Nassau County, New York City, 2.0. Keep  
17 it up. Thank you.

18 LEGISLATOR ABRAHAMS: You're  
19 welcome.

20 PRESIDING OFFICER NICOLELLO: Chris  
21 Jacobs.

22 MR. JACOBS: Good afternoon. Chris  
23 Jacobs Uniondale, New York.

24 About two months ago, I came and  
25 talked about the Martin Luther King Peace

1  
2 Park at the corner of Nassau Road and  
3 Uniondale Avenue, and it hasn't been  
4 touched. I know I had an extensive  
5 conversation with Legislator Abrahams  
6 about that.

7 I took pictures of it yesterday on  
8 my way to Southern State Parkway, and you  
9 can see there's garbage overflowing with  
10 it. There's litter throughout the park,  
11 and the fence hasn't been touched since  
12 it got hit near Mother's Day.

13 So I'm asking you, Legislator  
14 Abrahams, it hasn't been touched at all.  
15 This picture right here I took yesterday  
16 on my way at 12:00 in the afternoon. So  
17 if I can get some clarification on why it  
18 hasn't been addressed.

19 LEGISLATOR ABRAHAMS: So DPW and the  
20 Parks Department are aware of it. The  
21 last conversation we had that it was  
22 basically securing the procurement. I  
23 envisioned that we might even be doing a  
24 contract for today and our Rules  
25 Committee. But I envision we're going to

1  
2 be approving a contract relatively soon  
3 that's going to include the work to be  
4 done.

5 MR. JACOBS: Okay. So can you give  
6 me a timeframe on when it should be  
7 fixed?

8 LEGISLATOR ABRAHAMS: I can't give  
9 you a timeframe. I can tell you that it's  
10 going to get done. I can't give you a  
11 timeframe because we haven't even hired  
12 the contractor yet to do it.

13 MR. JACOBS: No contractor.

14 LEGISLATOR ABRAHAMS: That's what I  
15 just said. I just said that. So why are  
16 you acting surprised? Like I said, no  
17 contractor?

18 MR. JACOBS: No, because --

19 LEGISLATOR ABRAHAMS: I just said we  
20 got to approve the contract in our Rules  
21 Committee. I just said that.

22 MR. JACOBS: Oh, you gotta approved  
23 the contract for --

24 LEGISLATOR ABRAHAMS: Yes, sir. Yes,  
25 sir.

1  
2 MR. JACOBS: But this doesn't take a  
3 lot to fix. I mean, it's just a hit part  
4 right here.

5 LEGISLATOR ABRAHAMS: How about  
6 this? You and I go out there, we get a  
7 hammer and some screws, and we fix it  
8 ourselves? Since it's not that hard to  
9 fix.

10 MR. JACOBS: I can give you names of  
11 -- you look on Google Maps, you can get a  
12 name of fence repair people.

13 LEGISLATOR ABRAHAMS: I'm kidding  
14 with you. I'm kidding.

15 MR. JACOBS: I mean, it's not that  
16 hard. Nassau County got a lot of money.

17 LEGISLATOR ABRAHAMS: Depends who  
18 you talk to.

19 MR. JACOBS: Well, if we spend it  
20 correctly, we had a lot of money.

21 Like I said, I see Eisenhower Park  
22 is so beautiful. It's very nice. They  
23 keep it up for the concerts and I go past  
24 this one on the Southern State and it  
25 looks like crap on a stick, but it's

1  
2           okay.

3                   LEGISLATOR ABRAHAMS:   No one's  
4           saying it's okay. What I'm saying is that  
5           it's going through the procurement  
6           process to ensure that the fencing and  
7           the repairs are done. That's what I'm  
8           saying.

9                   MR. JACOBS:   Okay. And as for the  
10          upkeep for the litter and the trash?  
11          Because actually the trash is  
12          overflowing, it's always overflowed on an  
13          everyday basis. It doesn't get picked up.  
14          I'll show you the pictures when I submit  
15          them, that on both sides of it on the  
16          Nassau Road side and the --

17                   LEGISLATOR ABRAHAMS:   So one of the  
18          initiatives that I would like to try to  
19          do, I'm not too sure I'm going to have  
20          the ability to do it because the  
21          procurement and the RFP process may go  
22          longer, is secure the cans with the lids.  
23          The problem becomes in our best efforts  
24          and this is my conversations with some of  
25          the park workers as well as the park

1  
2 supervisors, is that when the trash  
3 overflows at a very fast rate, faster  
4 than the collection can get there to do  
5 it, and then the wind comes and then it  
6 blows the trash everywhere. It's not  
7 what people are doing. Some people may be  
8 dropping their trash, but the trash is  
9 overflowing and because the trash cans  
10 are not large enough and they don't have  
11 the proper lids on them, the trash is  
12 then blowing everywhere. That's what I  
13 hear as the issue that comes.

14 So one of the initiatives I would  
15 like to do was to be able to develop a  
16 CRP. And why I say I'm not I'm not sure  
17 I'm going to have the time to do it is  
18 because I have to develop the IMA and the  
19 CRP with the Sanitation District to be  
20 able to try to resolve it. And I don't  
21 know if it's going to be able to meet  
22 that time, but I'll start the process and  
23 then I guess from there we'll see where  
24 it goes.

25 MR. JACOBS: Okay. Because I was

1  
2 under the impression that it would have  
3 been fixed by now being in August. And I  
4 brought the issue up in June.

5 LEGISLATOR ABRAHAMS: What issue  
6 we're talking about? I'm talking about  
7 the trash cans.

8 MR. JACOBS: Trash cans, and also  
9 the fence being repaired. To see it in  
10 other parks throughout Nassau County,  
11 they're beautiful parks and then to see  
12 this one that honors Martin Luther King  
13 be left to languish is troubling. I'm of  
14 the mentality of this: Wherever I go. I  
15 care about Nassau County. I care about  
16 all of Nassau County. I frequent Mineola  
17 every day commuting and if I saw Parks  
18 here, I would speak on that too. So, you  
19 know, in honor of Martin Luther King, it  
20 should be fixing an expeditious thing, an  
21 expeditious time frame, as Eisenhower's  
22 kept in pristine condition, especially  
23 during the summer concert series time.  
24 So, you know, these are different little  
25 issues we have, and hopefully we can work

1  
2 together for a better solution.

3 LEGISLATOR ABRAHAMS: To be fair,  
4 you're looking at it through a lens of a  
5 Undiondale resident and --

6 MR. JACOBS: No, I'm looking to an  
7 issue as a Nassau County resident because  
8 I bring up issues about all of Nassau  
9 County.

10 LEGISLATOR ABRAHAMS: Well, then as  
11 a Nassau County resident, you would know  
12 that there's been several repairs at  
13 Eisenhower that go way past. There's many  
14 repairs that happen at Eisenhower as well  
15 as parks in Legislative Nicoletto's  
16 district and Christopher Morley, as well  
17 as all throughout the county that have  
18 gone much longer than what we're talking  
19 about at MLK.

20 MR. JACOBS: Yes and no, because I  
21 go to Eisenhower to do my walking all the  
22 time, and especially during the  
23 summertime. During the wintertime when  
24 it's lighter because I do walk in the  
25 winter also, it does take longer, but

1  
2 during the summertime it's expeditiously  
3 fixed. Kids play in the park all the  
4 time. People repair things. Grills  
5 getting knocked down they're done in less  
6 than a week.

7 LEGISLATOR ABRAHAMS: I remember  
8 there were issues -- I used to bring my  
9 kids to Eisenhower Park all the time and  
10 there was repairs for the playground  
11 because some of the cushion mats were in  
12 disrepair -- Legislator Ford is nodding  
13 her head -- it took years of complaints  
14 and stuff to get those mats changed.

15 I hear what you're saying. If  
16 you're looking at it through a lens of  
17 Uniondale, that's okay. That's what you  
18 should do. What I'm saying is, the parks  
19 needing attention is across the board.

20 MR. JACOBS: I agree.

21 LEGISLATOR ABRAHAMS: We as  
22 legislators are working as expeditiously  
23 as we can to ensure everything gets done  
24 as fast as possible.

25 But I wouldn't say it's fair to use

1  
2 the phrase languishing when you're  
3 talking about MLK, because you should  
4 have used that phrase when those  
5 playgrounds were in disrepair at  
6 Eisenhower Park, as well as some of the  
7 repairs and the pool repairs that  
8 Legislator Nicolello had waited on for  
9 years, I remember, at Christopher Morley.

10 MR. JACOBS: Languishing based on  
11 the fact that if something is in  
12 disrepair, it should be fixed.

13 LEGISLATOR ABRAHAMS: You're saying  
14 in a phrase like Uniondale is being  
15 penalized.

16 MR. JACOBS: Not necessarily.

17 LEGISLATOR ABRAHAMS: Okay. I just  
18 want to make sure I understand.

19 MR. JACOBS: Uniondale has always  
20 been at the back end of things, and I  
21 know that for a fact.

22 LEGISLATOR ABRAHAMS: Not in this  
23 case, though.

24 MR. JACOBS: No. Well, like I said,  
25 certain parks get preferential treatment

1  
2 during times and I get that. But however,  
3 to have something not even be touched  
4 since Mother's Day when they got hit,  
5 whether they inspected it or not, it's a  
6 simple repair.

7 LEGISLATOR ABRAHAMS: By your by  
8 your criteria then everything is  
9 languishing.

10 MR. JACOBS: No, it should be by  
11 your criteria. You're the  
12 representative.

13 LEGISLATOR ABRAHAMS: By my criteria,  
14 we are working as expeditiously as  
15 possible to get it done.

16 MR. JACOBS: Okay. Well, I hold you  
17 to that and I'll be seeing you soon. I'm  
18 going to submit this.

19 LEGISLATOR ABRAHAMS: Absolutely.  
20 Thank you.

21 PRESIDING OFFICER NICOLELLO: Meta  
22 J. Mereday. Good afternoon.

23 LEGISLATOR ABRAHAMS: Ms. Mereday,  
24 I'm sorry. I just want to give a  
25 response. We actually got a response for

1  
2 Ms. Jacobs.

3 Ms. Jacobs, we have a response for  
4 you on the cameras. I want to thank Mr.  
5 Leimone for getting back to us so you  
6 have the proper response. Cameras one  
7 and two have been installed and the rest  
8 are being installed as we speak.

9 MS. JACOBS: Okay. Thank you.

10 LEGISLATOR ABRAHAMS: Let's be  
11 clear, though. These are the permanent  
12 cameras that you and I discussed in my  
13 office many, many years ago on Uniondale  
14 Avenue. This has nothing to do with speed  
15 cameras.

16 MS. JACOBS: Well, thank you for the  
17 update. I appreciate that. But it would  
18 have been nice if that was communicated  
19 to me.

20 LEGISLATOR ABRAHAMS: I'm  
21 communicating it to you now.

22 MS. JACOBS: I'm saying previously.  
23 I wouldn't have come up here and asked  
24 about the cameras for Uniondale Avenue if  
25 I knew they were already installed.

1

LEGISLATOR ABRAHAMS: I understand.

2

3

MS. JACOBS: And hopefully the

4

others will be installed expeditiously.

5

LEGISLATOR ABRAHAMS: Yes.

6

MS. JACOBS: I hope they're

7

installed because there's a lot of things

8

going on on Uniondale Avenue that those

9

cameras should have caught in the last

10

couple of months.

11

LEGISLATOR ABRAHAMS: Absolutely. We

12

agree.

13

MS. JACOBS: Legislator Abrahams

14

Don't please don't pacify me. I'm not a

15

person that could be pacified.

16

LEGISLATOR ABRAHAMS: I'm not

17

pacifying. I'm agreeing with you.

18

MS. JACOBS: I'm just saying that

19

I'm going to speak with the police

20

because those cameras should have caught

21

several incidents that occurred over the

22

past several weeks.

23

LEGISLATOR ABRAHAMS: Well, I'm not

24

too sure the police is going to share

25

with you what they caught on camera.

1  
2 MS. JACOBS: Well, I'm just saying,  
3 I just want to make sure the cameras are  
4 there.

5 LEGISLATOR ABRAHAMS: I'm sure  
6 they're thinking of sharing stuff with  
7 you. I'm sure.

8 MS. JACOBS: Like I said, don't  
9 pacify me.

10 LEGISLATOR ABRAHAMS: Okay. Have a  
11 great day.

12 PRESIDING OFFICER NICOLELLO: Meta  
13 J. Mereday.

14 Where does one begin? Always with  
15 this group. Looking at the agenda today,  
16 again, it concerns me -- and I loved how  
17 one of the previous speakers used the  
18 term deliberately and systemically with  
19 regard to actions. And unfortunately,  
20 that is what's happening with many of the  
21 initiatives that our communities need and  
22 they don't seem to receive.

23 So starting out, a literature review  
24 within humanities and social sciences,  
25 communications speaks to the ongoing

1  
2 issues that many of us have in fighting  
3 against the casino. The fact that the  
4 Sands signed with a lucrative spa  
5 organization -- I'm all for a spa. With  
6 four herniated discs and two bulges in my  
7 back and shoulder tendonitis as I stand  
8 here in pain and continue to try to come  
9 and to bring some reason and rationale to  
10 where the estimated \$3.3 billion in this  
11 budget for Nassau County goes when I see  
12 communities of color and our communities,  
13 our veterans and our young people who  
14 continue to be somewhat or progressively,  
15 deliberately and systematically and  
16 systemically left out of the resource  
17 base.

18 Three things that they brought up  
19 with regard to northeast urban casinos:

20 1. The fact that they continue to  
21 be built in mid to lower economic socio  
22 communities to the benefits.

23 2. Those promised benefits, you  
24 know, the increase in supports and  
25 resources that are going to help these

1  
2 communities, in most cases over 85% do  
3 not bear fruit. So all of that that we  
4 talk about, that's going to help and to  
5 benefit these communities do not happen.

6 3. Lastly, the impact on these  
7 communities that are already devastated.  
8 If anyone's reading *Newsday* highlights,  
9 you have broad stories about food  
10 deserts, not enough food, reaching  
11 families in their home tables as they're  
12 also struggling to meet their mortgages,  
13 poor and inadequate transports. As  
14 Richard stood up here and no one, not one  
15 of you, not one of you, gave him any  
16 encouragement. He asked us how did he do?  
17 But he comes here on a bus. And sometimes  
18 I myself have witnessed buses broke down.  
19 And that's the means of transportation  
20 for a majority of the residents that take  
21 care of maybe some of your friends and  
22 relatives. That's a disgrace. That is a  
23 disgrace. And now we're going to build a  
24 casino.

25 I live in Baldwin. The location

1  
2 where the Baldwin sinkhole occurred is  
3 right at the corner where I go to get my  
4 watch fixed across the street from the  
5 drugstore where I get my medication.  
6 Interestingly enough, I was on Grand  
7 Avenue that day, going to that  
8 facility -- still haven't got the watch  
9 fixed -- touring that location to make  
10 sure that the residents were going to be  
11 okay. There's another sinkhole that  
12 popped up in Oceanside, but we're going  
13 to build a casino.

14 Pearl Jacobs and the residents of  
15 Uniondale are stressing the importance of  
16 having a memorial park paying homage to a  
17 civil rights leader who lost his life. He  
18 lost his life not just speaking for  
19 blacks in America. He lost his life  
20 speaking for all in America. And if  
21 there's one piece of trash that  
22 desecrates that facility, it's not just  
23 negative to me, it's negative to all of  
24 us.

25 And as I said, I was flying back

1  
2 from Alabama. Alabama. Birmingham,  
3 Alabama, where I was recognized by the  
4 National Association of Black  
5 Journalists, an organization on whose  
6 board I served for founding another  
7 organization, the National Black Public  
8 Relations Society, Inc., for my work in  
9 the community on a national level to  
10 address issues of concern. But I have to  
11 come back to Nassau County, the state of  
12 New York, which has taken the initiative  
13 to utilize a ruling out of the Supreme  
14 Court about the gerrymandering and the  
15 disenfranchisement of voters in this  
16 state. But I'm coming at Alabama. So we  
17 have to do better here. We have to step  
18 up here.

19 And lastly, we have to and I'm  
20 looking at you, Presiding Officer  
21 Nicolello, because I sent you myself an  
22 e-mail with regard to my ongoing concerns  
23 about the veterans in this county. I have  
24 not had the decency of a response. A  
25 smoke signal. Nothing from you, your

1  
2 designee, your representative, nothing  
3 about what we need to do to provide more  
4 resources for our veterans. Nothing.

5 And if you want to talk about  
6 EpiPens, I'm all for that. But student  
7 athletes one and three every day are  
8 dying because of sudden cardiac arrest.  
9 What are we doing about defibrillators on  
10 these campuses and these athletic fields?  
11 So again, if you want to do something, if  
12 anybody has to say something about that.  
13 Support that. I'm standing here willing  
14 to listen. But if all of you are going to  
15 be crickets, guess what? The voters will  
16 speak next election. Mark my words.  
17 Dropping the mic. Goodbye.

18 PRESIDING OFFICER NICOLELLO: Rose  
19 Pierre.

20 MS. PIERRE: Good afternoon. My name  
21 is Rose Pierre. I am from Lakeview. My  
22 address is 916 Orlando Avenue. I'm a  
23 little bit nervous, but it's my first  
24 time here, so please bear with me.

25 I do have a concern, and it's a

1  
2 concern that's been dawning on me for a  
3 really long time. For quite a few years.  
4 It's about the Lakeview Water Tower,  
5 water system, and it's a growing concern  
6 that Lakeview doesn't have its own water  
7 district or water tower. This is  
8 especially concerning because the water  
9 company, Liberty, is charging each  
10 household per unit as much as it does for  
11 gas and electricity. Water is a God  
12 given necessity that shouldn't be treated  
13 as a non-renewable resource and shouldn't  
14 be associated with price gouging.

15 I have noticed that the past couple  
16 of years, any new home complex that is  
17 built, infrastructure is included. For  
18 example, just up the street, we have a  
19 water tower. In addition, this year  
20 alone, I watched West Hempstead demolish  
21 an old water tower and completed a new  
22 one within weeks.

23 Lakeview residents experience a  
24 variety of issues related to the water  
25 supply, and too often our water is

1  
2           discolored and has an odor. Due to this  
3           unpredictability, some of us are  
4           apprehensive about using the water to  
5           cook, never mind drinking it.

6           I have never in my life observed any  
7           other water company having its own  
8           personal, luxurious SUVs driving around  
9           at the expense of residents. It's  
10          something I have observed myself.  
11          Surprisingly, Liberty Water does. And as  
12          a result, Liberty bills its customers  
13          using filler fees, which states in my  
14          recent bill.

15          In my opinion, building a water  
16          tower for Lakeview would be more  
17          convenient and a lot less expensive for  
18          everybody. Also, in my opinion, Liberty  
19          Water treats its Lakeview residents as if  
20          we are oblivious and obtuse to the  
21          strategies that they're using to bill us.  
22          And it's unfair.

23          In a meeting that I attended,  
24          Liberty reveals that it receives \$50  
25          million per year to manage water. It

1  
2 makes no sense. And today I am before you  
3 to please do something about it. I have  
4 gone to my local representatives and I  
5 was told nothing. So I'm coming before  
6 you to help us. That's it.

7 PRESIDING OFFICER NICOLELLO:

8 Legislator Bynoe.

9 LEGISLATOR BYNOE: Hi, Ms. Pierre.

10 MS. PIERRE: Yes, hi.

11 LEGISLATOR BYNOE: Nice to meet you.  
12 So I haven't met you before?

13 MS. PIERRE: No.

14 LEGISLATOR BYNOE: Yeah. So I am the  
15 local representative for Lakeview on this  
16 Body.

17 So Liberty American Water,  
18 previously known as American Water, has  
19 worked diligently in that community after  
20 community representatives came to me to  
21 tell me about the brown water and  
22 sometimes the noxious smell that is  
23 associated with the water. They came out,  
24 they built water filtration systems in  
25 the area. They put millions of dollars in

1  
2 the area. They changed mains. And they  
3 have a plan going forward how they're  
4 going to try and remediate the water  
5 issues there.

6 I have had community meetings  
7 regarding the water and I've advised  
8 residents to call the office, call  
9 Liberty Water First or American Water,  
10 whoever it was at the time, call them  
11 first, but then follow up with our office  
12 and make us aware of your call. And then  
13 what we do is then call Liberty Water to  
14 make them aware that we know what's  
15 happening and we track the call to make  
16 sure that you receive some level of  
17 restoration or mitigation of whatever  
18 your issues are in the community.

19 I would ask that if you have any  
20 open calls to Liberty Water that you then  
21 make me aware of them. And any neighbors  
22 that you might be communicating with  
23 advise them of this process, because we  
24 do want to be a part of assisting in  
25 making sure that you have clear,

1  
2 drinkable water.

3 The area in itself, not just  
4 Lakeview, but Malverne and some of the  
5 other surrounding communities deal with  
6 brown water as well. And so it's a  
7 concern and we are monitoring it. I don't  
8 have any direct authority to rectify, but  
9 I've been able to, along with a lot of  
10 your great leaders locally there in  
11 Lakeview, been able to work to make sure  
12 that they invest for the purpose of  
13 giving you the clear water. And if  
14 there's something else that we need to  
15 do, I want to make sure that we get it  
16 done.

17 In terms of their fees, I do know  
18 that there is going to be a Public  
19 Service Commission Hearing. I met with  
20 Liberty Water regarding what increases  
21 they're looking for. As far as I'm  
22 concerned, it's a no-brainer for me that,  
23 until everyone can say they have clean  
24 water, I can't see an increase at this  
25 stage. I want to coordinate with the

1  
2 community so that they have all the  
3 information about the Public Service  
4 Commission Hearings so that they can  
5 attend and have their voices heard. I  
6 intend to attend alongside you in support  
7 of making sure that the rates are as  
8 reasonable as possible.

9 MS. PIERRE: And unfortunately,  
10 they're not as reasonable there. I would  
11 literally look at my gas bill and I would  
12 look at my electricity bill, and  
13 literally per unit, I'm getting charged  
14 as much as that for water. It's a God  
15 given resource. And I feel that, you know  
16 a non-renewable resource we can never get  
17 back, but water keeps coming back. And so  
18 I have a friend who lives in Westbury  
19 literally paying 50 to \$60 per five, six  
20 months, but we're paying \$200. My last  
21 bill was \$272 for one month because we  
22 have to water our plants, play in the  
23 water, we have children as well.

24 But Liberty Water, even though they  
25 are taking some measure to to solve the

1  
2 problem, I have seen them, however, they  
3 are using this as an excuse to up the  
4 price even more.

5 LEGISLATOR BYNOE: I live in  
6 Westbury. I agree totally that I'm  
7 benefiting from more reasonable expenses  
8 as it relates to water. So it's not lost  
9 on me. And that's why when they last  
10 tried to have an increase, I used my  
11 platform to to go out and speak against  
12 the increase. I sent a robocall across  
13 all of Lakeview and West Hempstead and  
14 the unincorporated portion of the Village  
15 of Rockville Centre and implored all of  
16 you to come out and stand with me when I  
17 spoke against that increase at the  
18 village of Malverne. Unfortunately, it  
19 was held in the middle of the day and a  
20 lot of folks didn't come.

21 But I do agree that the costs are  
22 outrageous. And I personally, a couple of  
23 weeks ago asked that senior staff Get  
24 Liberty's budget for me because I wanted  
25 to look at exactly what was their revenue

1  
2 versus their expenses for mitigating any  
3 of these brown water issues. And they  
4 they don't correlate.

5 MS. PIERRE: No. Absolutely not.

6 LEGISLATOR BYNOE: Their revenue is  
7 still up here, and those cost and any  
8 other costs that they would banter about  
9 is down here. So I stand with you and I  
10 agree with you. So I want to organize  
11 with you a little bit offline about how  
12 we might work together to have our voices  
13 heard.

14 MS. PIERRE: In addition to that, is  
15 it possible that we get our own water  
16 tower? Because I do notice in one section  
17 of Lakeview in the ground, there is, I  
18 guess, waterworks, and the infrastructure  
19 is there. And so I think if we were to  
20 get our own water tower, then Liberty  
21 would be angry, of course, because it  
22 would lose out on money. However, it  
23 would benefit us as a community trying to  
24 improve ourselves.

25 LEGISLATOR BYNOE: That's a very

1  
2 involved process. And I'll talk to you  
3 offline about the differences between the  
4 Village of Westbury having a water  
5 company, their own water provider, versus  
6 what's happening over in  
7 Lakeview/Malverne area. I don't want to  
8 hold up any other speakers, but I would  
9 enjoy having this conversation with you  
10 offline. I'm going to have someone come  
11 and get your contact information and I'll  
12 be in touch within the next couple of  
13 days.

14 MS. PIERRE: Okay. Thank you.

15 LEGISLATOR BYNOE: Thank you for  
16 coming down.

17 PRESIDING OFFICER NICOLELLO: All  
18 right. That concludes the public comment  
19 portion of the meeting.

20 What we're going to do is put the  
21 Full Legislature in recess briefly. There  
22 are some items that have to pass through  
23 rules before being before going to the

the NC Legislature respond in

carry unanimously.

We are going to move to the

Resolution 166 and 167, Item 31 and  
32 together. These are resolutions

1  
2 confirming the appointment by the County  
3 Legislature of Daniel J. Lang and James  
4 Moriarty to the Board of Directors of the  
5 Nassau County Regional Off-track Betting  
6 Corporation.

7 Motion by Legislator Ford seconded  
8 by Legislator Giuffre. Okay, now those  
9 items are before us.

10 Is there any debate or discussion on  
11 those items?

12 LEGISLATOR ABRAHAMS: Presiding  
13 Officer, I don't know if you had an  
14 opportunity to meet the two gentlemen  
15 that are joining the OTB board.

16 PRESIDING OFFICER NICOLELLO: Yes.  
17 We've known Mr. Moriarty for decades in  
18 his public service. I don't know. Mr.  
19 Lang is here. You want to come up to the  
20 microphone, please?

21 MR. LANG: Good afternoon.

22 PRESIDING OFFICER NICOLELLO: Good  
23 afternoon. Just tell us a little about  
24 yourself.

25 MR. LANG: I'm Daniel J. Lang. I'm a

1  
2 lifelong resident of Nassau County, born  
3 and raised here and raising my family.

4 I've been working in local  
5 government for over 25 years. I feel like  
6 I have a good knowledge and experience of  
7 local issues to make the best decisions  
8 for Nassau County and its residents and  
9 constituents. I look forward to doing my  
10 best for everybody in all parties  
11 involved.

12 PRESIDING OFFICER NICOLELLO: Do you  
13 have any questions for Mr. Lang?

14 LEGISLATOR ABRAHAMS: No. No. How  
15 are you, Mr. Lang? No, I don't have any  
16 questions at this time. I wish we had an  
17 opportunity to meet at an earlier stage  
18 when we could have asked you, I guess,  
19 more in depth questions. But today it  
20 would just take up too much time from the  
21 meeting.

22 We apologize, unfortunately, we're  
23 not going to be voting for you or Mr.  
24 Moriarty in the affirmative just because  
25 we haven't heard from the Board in terms

1  
2 of the direction in the past, as well as  
3 just not having a chance to actually dive  
4 in and speak to you as well.

5 So I wish you nothing but the best  
6 of luck and also wish you nothing but  
7 success and I wish nothing but success  
8 for the OTB Board as well.

9 MR. LANG: Appreciate that. Thank  
10 you.

11 LEGISLATOR ABRAHAMS: You're  
12 welcome.

13 PRESIDING OFFICER NICOLELLO: Okay.

14 Thank you very much.

15 Mr. Moriarty, to my understanding,  
16 is away. So unfortunately, he couldn't be  
17 here today.

18 Legislator Ferretti.

19 LEGISLATOR FERRETTI: Dan, just  
20 wanted to be the first to congratulate  
21 you on your anticipated appointment.

22 I've known Mr. Lang and his wife,  
23 who serves so well for us in the  
24 Levittown School Board for a long time.  
25 And you're both incredibly important

1  
2 members of our community in Levittown. I  
3 know you're going to do a great job. So  
4 congratulations.

5 MR. LANG: Appreciate it. Thank  
6 you.

7 PRESIDING OFFICER NICOLELLO: Thank  
8 you, Mr. Lang.

9 MR. LANG: Thank you. Thank you  
10 again, everybody.

11 PRESIDING OFFICER NICOLELLO: Any  
12 other debate or discussion?

13 (Whereupon, no verbal  
14 response.)

15 PRESIDING OFFICER NICOLELLO:  
16 Hearing none. All in favor, signify by  
17 saying, "Aye".

20 LEGISLATOR FORD: Aye.

21 LEGISLATOR SCHAEFER: Aye.

22 LEGISLATOR GAYLOR: Aye.

23 LEGISLATOR GIUFFRE: Aye.

24 LEGISLATOR KENNEDY: Aye.

LEGISLATOR DRUCKER: Nay.

LEGISLATOR LAFAZAN: Nay.

PRESIDING OFFICER NICOLELLO: Passes  
by a vote of 12 to 7. Congratulations,  
Mr. Lang.

\*\*\*\*\*

1  
2                   PRESIDING OFFICER NICOLELLO: All  
3 the way back to the beginning of the  
4 calendar. The first item is a Local Law  
5 to amend Section 1704 of the Nassau  
6 County Government Law of Nassau County in  
7 relation to years of service as a  
8 volunteer firefighter.

9                   Motion by Legislator Walker,  
10 seconded by Legislator Drucker to open  
11 the hearing. All in favor of opening the  
12 hearing signify by saying, "Aye".

13                   (Whereupon, all members of  
14 the NC Legislature respond in  
15 favor with, "Aye".)

16                   PRESIDING OFFICER NICOLELLO: Those  
17 opposed?

18                   (Whereupon, no verbal  
19 response.)

20                   PRESIDING OFFICER NICOLELLO: The  
21 hearing is open.

22                   Mr. Uttaro?

23                   CHIEF UTTARO: Good afternoon. This  
24 proposed change or amendment goes  
25 hand-in-hand with retention and

1  
2 recruitment within the volunteer fire  
3 service right now, which everyone's aware  
4 is a difficulty. We've made some inroads  
5 and made some good strides with the new  
6 Nassau Bravest website, which is actually  
7 functioning very well beyond our  
8 expectations, which is good. However, it  
9 has a cascading effect when it comes to  
10 hiring fire communication technicians and  
11 fire marshal trainees. Trying to keep a  
12 volunteer firefighter in the system now  
13 for more than 5 or 10 years, sadly, is  
14 quite an accomplishment.

15 So that being said, we want to  
16 continue to have that part in the  
17 charter. But we felt by lowering it down  
18 to three years, it would it would allow  
19 us to have a broader spectrum of folks  
20 that would hopefully take the exams and  
21 apply for positions both as a fire  
22 communications technician and as a fire  
23 marshal trainee so that we can get them  
24 on board.

25 Also, a lot of times after five

1  
2 years, you take the test, you wait for  
3 the list to come out, you wait for it to  
4 be graded, a lot of these folks already  
5 have families. They're already entrenched  
6 in careers and they're not willing to  
7 take a step back to get a lower pay scale  
8 to start employment with Nassau County.

9 We feel this is a good thing for the  
10 for both the fire marshal's office, fire  
11 communications and also a good thing for  
12 the Volunteer fire Service. And the Fire  
13 Commission has endorsed this through a  
14 resolution as well.

15 PRESIDING OFFICER NICOLELLO: All  
16 right. Thank you very much, Chief.

17 Any questions? Legislator Bynoe.

18 LEGISLATOR BYNOE: Thank you.

19 Hi, Chief Uttaro. One question:  
20 Have we looked at the salaries that we're  
21 currently providing for these jobs and  
22 also tried to make some kind of amendment  
23 to them?

24 CHIEF UTTARO: From my understanding  
25 right now, the salaries, they're awaiting

1  
2 a confirmation of a new contract with the  
3 Civil Service Employees Union before they  
4 approached that subject. But it is  
5 something that's been discussed with the  
6 County Executive's office and his staff.  
7 And they are in agreement that we need to  
8 raise some of these salaries to attract  
9 good candidates and keep good candidates.

10 LEGISLATOR BYNOE: Awesome. Okay,  
11 good. Thank you.

12 PRESIDING OFFICER NICOLELLO:  
13 Legislator Mule.

14 LEGISLATOR MULE: Hi, Chief. I'm  
15 certainly in favor of this, but I just  
16 have a question. After they join your  
17 service, do they still have to maintain a  
18 membership in their local fire  
19 departments?

20 CHIEF UTTARO: Yes, the other part  
21 is to clarify is they would have to have  
22 three years of service in a volunteer  
23 fire department in Nassau County to sit  
24 for the civil service examination and  
25 then a time of hire, they would still

1  
2 have to be an active member of a  
3 volunteer fire department in Nassau  
4 County to be brought on board.

5 LEGISLATOR MULE: Okay. Thanks for  
6 that clarification.

7 PRESIDING OFFICER NICOLELLO: All  
8 right. Any other questions?

9 (Whereupon, no verbal  
10 response.)

11 PRESIDING OFFICER NICOLELLO: Any  
12 public comment.

13 MS. MEREDAY: Meta J. Mereday.

14 We were just sharing in the back and  
15 I appreciate Legislator Bynoe bringing  
16 that point up because literally, as you  
17 were asking the question, I said, "low  
18 salary?"

19 My other question has to do with  
20 have we changed or expanded the outreach  
21 for potential candidates for this vital  
22 service? I mean, have we looked at kind  
23 of reaching out with regard to language  
24 scenarios to increase the ethnic  
25 breakdown of volunteer firefighters? And

1  
2 we really do need to consider not just  
3 with our firefighters, but with other  
4 essential services, the low salaries, the  
5 limited benefits, the overall packages  
6 and the support services, i.e. mental  
7 health support services, and looking at  
8 it from that overall dynamic so that we  
9 can build a feeder base for more long  
10 term and sustainable recruitment and  
11 retention efforts. I think that's key.

12 So that's pretty much what I needed  
13 to say. And, you know, if anybody wants  
14 to answer that offline or do it now so  
15 that the public may be aware of what  
16 you're doing in and along those lines,  
17 that's fine. But I said what I had to  
18 say.

19 PRESIDING OFFICER NICOLELLO:

20 Legislator Walker.

21 LEGISLATOR WALKER: Meta, I could  
22 tell you that every one of our  
23 departments are working very, very hard  
24 to try to increase their members. Every  
25 one of the departments is hurting. Many

1  
2 issues take place. Today, getting people  
3 to volunteer to do anything is not easy.  
4 I'm sure you see that in many of the  
5 things that you do. Volunteer as a  
6 firefighter, which is far more than in  
7 many other organizations because there's  
8 so much training that's involved. And  
9 although it's there for them it's a  
10 major, major commitment. So for many it's  
11 like, well I don't have the time to do  
12 this. I don't want to put the time in.  
13 But they are all working very, very hard.

14 I'm in the Ladies Auxiliary in  
15 Hicksville and I constantly reach out to  
16 our fire marshal's office and work with  
17 our different departments and trying to  
18 do anything and come up with various  
19 ideas as to what we can do, recruitment,  
20 you know, plans and whatever, anything we  
21 can do to try to bring in more members  
22 into our volunteer fire service. And then  
23 giving them other opportunities that they  
24 can have that might be available to them  
25 if they are one of our volunteer

1  
2 firefighters.

3 So I think it's a job that we all  
4 have to keep up on and all work together.  
5 And any ideas that any of us have, we try  
6 to brainstorm and make it better for all.  
7 I was just attended Camp Fahrenheit with  
8 our juniors. We have a great junior  
9 department. Our juniors are really  
10 unbelievable and they're our future and  
11 we have to try to get more involved in  
12 our junior firefighters. Like I said,  
13 there's more of them to help build in the  
14 future. Whether they stay here in Nassau  
15 County or not. Hopefully, they'll take  
16 that -- if they chose to even go to  
17 college, out of town or out of state,  
18 that they can be involved there and their  
19 department.

20 MS. MEREDAY: Exactly. Well, I  
21 definitely appreciate that. And as I  
22 said, with firefighters crossing guards,  
23 things of that nature, we really need to  
24 look at what we're paying them, what  
25 we're giving them as far as the support

1  
2 so we can keep it going. And thank you so  
3 much for the information on the junior  
4 firefighters, because we need more  
5 communities that are aware of that and  
6 can contribute to that.

7 Thank you so much.

8 PRESIDING OFFICER NICOLELLO: Any  
9 other public comment?

10 (Whereupon, no verbal response.)

11 PRESIDING OFFICER NICOLELLO: Motion  
12 to close the hearing moved by Legislator  
13 Kennedy, seconded by Legislator Bynoe.

14 All in favor of closing the hearing,  
15 signify by saying, "Aye".

16 (Whereupon, all members of  
17 the NC Legislature respond in  
18 favor with, "Aye".)

19 PRESIDING OFFICER NICOLELLO: Those  
20 opposed?

21 (Whereupon, no verbal  
22 response.)

23 PRESIDING OFFICER NICOLELLO: The  
24 hearing is closed.

25 \*\*\*\*\*

PRESIDING OFFICER NICOLELLO:

Something I forgot to do earlier. Need a motion to suspend the Rules of the Legislature. Motion by Deputy Presiding Officer Kopel, seconded by Minority Leader Abrahams. All in favor of suspending the rules signify by saying, "Aye".

(Whereupon, all members of the NC Legislature respond in favor with, "Aye".)

PRESIDING OFFICER NICOLELLO: Those opposed?

(Whereupon, no verbal response.)

PRESIDING OFFICER NICOLELLO: Rules are suspended.

\*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: Item  
3 2. It's the local law we've been  
4 discussing. Amends Section 1704 of the  
5 county government law in relation to the  
6 years of service as a volunteer  
7 firefighter.

8 Motion by Legislator Walker seconded  
9 by Legislator Mule.

10 Any debate or discussion?

11 (Whereupon, no verbal  
12 response.)

13 PRESIDING OFFICER NICOLELLO:  
14 Hearing none. All in favor, signify by  
15 saying, "Aye".

16 (Whereupon, all members of  
17 the NC Legislature respond in  
18 favor with, "Aye".)

19 PRESIDING OFFICER NICOLELLO: Those  
20 opposed.

21 (Whereupon, no verbal  
22 response.)

23 PRESIDING OFFICER NICOLELLO:  
24 Carries unanimously.

25 \*\*\*\*\*

1  
2 PRESIDING OFFICER NICOLELLO: Item  
3 4, Ordinance 45 is an ordinance to amend  
4 Ordinance 75 of 2022 adopting the Capital  
5 Budget for the County of Nassau for the  
6 first year of the Four Year Capital Plan  
7 to commence on January 1st, 2023.

8 We need a motion. Legislator  
9 Schaefer moves. Legislator Ford seconds  
10 that.

11 Any debate or discussion on this  
12 one? Legislator Mule.

13 LEGISLATOR MULE: Thank you,  
14 Presiding Officer. One of the items on  
15 here has to do with the emergency work  
16 that was done with regards to the  
17 sinkholes that have happened in Lido  
18 Beach, Baldwin and now Oceanside. So  
19 three sinkholes that have happened within  
20 the space of two months due to our aging  
21 infrastructure, particularly the sewer  
22 lines. This is something that every  
23 single one of us on this dais needs to  
24 advocate for in terms of making sure that  
25 our sewer lines in particular and all of

1  
2 our infrastructure is attended to because  
3 sinkholes are going to happen in every  
4 single district if we don't get a hold of  
5 this.

6 We have a unique opportunity with  
7 the Federal Infrastructure Act that was  
8 recently passed in Congress. We all need  
9 to advocate for the quick release of  
10 those funds and to make sure that they're  
11 able to be used on projects such as this.  
12 I have looked at the bill. It doesn't  
13 specifically say anything about fixing  
14 sewers, but we need to ask our federal  
15 representatives to get creative and make  
16 sure that we can face this.

17 We talked about a lot of things in  
18 terms of development and new housing. We  
19 can't do any of that unless we have  
20 adequate infrastructure that's safe.  
21 We've been lucky so far that no one's  
22 gotten hurt in any of these sinkholes.  
23 There's been tremendous inconvenience,  
24 certainly for the residents and  
25 businesses that have had to deal with

1  
2 this. But it's going to continue to  
3 happen.

4 I'm absolutely in favor of this, but  
5 I ask that all of my fellow legislators  
6 to really think about this and think  
7 about how best to address this, because  
8 it's going to be a real problem.

9 PRESIDING OFFICER NICOLELLO: Thank  
10 you. Legislator DeRiggi-Whitton.

11 LEGISLATOR DERIGGI-WHITTON: I just  
12 recently also attended a rally for  
13 Christopher Morley Park Pool. There does  
14 seem to be a public outcry to fix up this  
15 pool, to make it a much more attractive  
16 pool than it was prior so that the  
17 attendance would hopefully go up. And I  
18 see that we are putting in \$5 Million to  
19 the North Woodmere Pool. There was an  
20 article in the *Times* last week that just  
21 stated how important public pools are.  
22 Especially this one. A number of  
23 different groups did really advocate for  
24 it that might not have access to other  
25 pools. Not necessarily this round of

1  
2 funding, but if we do the next round in  
3 the fall or whenever we do it, I would  
4 request that we consider putting in money  
5 for Christopher Morley Pool.

6 PRESIDING OFFICER NICOLELLO: Okay.  
7 Thank you. Anyone else? Legislator  
8 Drucker.

9 LEGISLATOR DRUCKER: Thank you,  
10 Presiding Officer. I got a couple of  
11 questions for Ken Arnold. Ken, how are  
12 you doing?

13 Two items. One is the debacle known  
14 as the Family and Matrimonial Court. I  
15 see another \$17 million. Where are we at?  
16 From the outside, because I was just  
17 there recently, it looks like it's done.  
18 I don't know what the inside looks like.  
19 Can you tell me where we're at on that  
20 situation and what the \$17 million is for  
21 and when it will be finished?

22 COMMISSIONER ARNOLD: So the Family  
23 Court's ongoing construction. We have  
24 litigation with a number of other  
25 parties. We are working still on the

1  
2 inside of the building. The outside  
3 facade needs to be revisited. There were  
4 issues with the initial construction of  
5 the outside facade. Some of the money  
6 that you see today is for that. Some of  
7 the money is for other things that are  
8 change orders that need to be addressed.  
9 The hope is that some of this money will  
10 be recovered during litigation.  
11 Currently, the project should be finished  
12 sometime in '25.

13 LEGISLATOR DRUCKER: 2025. Oh, my  
14 God; that's amazing. Thanks, Ken.

15 The rebuild of the second precinct.  
16 So we got a bid of \$33,575,000. That's  
17 adequate for an accurate bid that should  
18 encompass everything?

19 COMMISSIONER ARNOLD: The Department  
20 just finished the review of that bid. We  
21 also finished our review of the  
22 disclosures associated with the company.  
23 Under the declared emergency will be  
24 looking to issue a notice to proceed this  
25 week, and that contract will come to you,

1  
2 this body for approval at the next  
3 legislature session. Yes, VRD built two  
4 of our precincts to date. They're a  
5 competent contractor. We see no issue  
6 with them.

7 LEGISLATOR DRUCKER: That was a  
8 building that was old. It was a building  
9 that was probably built in the '60s. I'm  
10 being asked to describe or to report.  
11 Are you aware of what kind of resources  
12 and updates and modernization the new  
13 building will have in it?

14 COMMISSIONER ARNOLD: The new  
15 building will be identical to the  
16 existing new buildings we built at the  
17 Eighth, the First and the Fourth. It's  
18 the same layout; everything is the same.  
19 The only difference is it's going to be  
20 made out of concrete block, not  
21 prestressed concrete panels. So it's  
22 going to be exactly the same buildings.

23 LEGISLATOR DRUCKER: And the  
24 concrete blocks is better?

25 COMMISSIONER ARNOLD: Because of

1  
2 moving this contract along and the supply  
3 chain issues, pre-stressed concrete  
4 panels would tie us into one supplier for  
5 the duration of the project. Concrete  
6 block can be built by anybody, so we had  
7 more flexibility on schedule to go that  
8 direction.

9 LEGISLATOR DRUCKER: Do you have any  
10 ballpark timeline on this build?

11 COMMISSIONER ARNOLD: That contract  
12 as bid is for 12 months.

13 LEGISLATOR DRUCKER: Thank you, Ken.

14 PRESIDING OFFICER NICOLELLO:  
15 Legislator Ford.

16 LEGISLATOR FORD: Commissioner  
17 Arnold, I see also in here, \$12 million  
18 for the Correctional Center Master Plan.  
19 What exactly is that for?

20 COMMISSIONER ARNOLD: Since the last  
21 time I came here, I told this Body that  
22 we had adequate funds for the 832 and B  
23 Building projects. At that same time, IT  
24 was working with corrections on updating  
25 the camera and security systems so we

1  
2 pushed our money to those projects as  
3 they were ready to go before I was. The  
4 money I'm asking for today is to backfill  
5 most of that money and also pay for the  
6 additional scope that 832 has  
7 encompassed. 832 will be going out to bid  
8 this month and again will be declared as  
9 declared emergency. We'll be issuing a  
10 notice to proceed as soon as we do our  
11 evaluation.

12 LEGISLATOR FORD: Thank you very  
13 much.

14 LEGISLATOR MULE: Just to double  
15 back on Legislator Mule's conversations  
16 about Federal Funding, this is something  
17 very important to the County Executive  
18 also. Myself and the Chief, Arthur  
19 Walsh, met with Senator Schumer last week  
20 and had this same discussion about the  
21 bipartisan infrastructure law and its  
22 lack of funding opportunities for this  
23 type of work. Currently, most  
24 environmental wastewater work is a loan  
25 program through New York State EFC.

1  
2 That's where this money is getting  
3 filtered. We discussed the importance of  
4 grant opportunities or principal  
5 forgiveness within that program to help  
6 fund this type of work, because  
7 wastewater, both collection and  
8 treatment, is not a direct path of grant  
9 applications as the current  
10 infrastructure law is written.

11 LEGISLATOR SCHAEFER: Hi,  
12 Commissioner. How are you? Just a quick  
13 question for you, because I don't  
14 remember the last time we spoke about  
15 this, the Rockaway Avenue reconfiguration  
16 in Garden City. Is that something  
17 different than the plan we've discussed  
18 previously or we're just moving forward  
19 with that?

20 COMMISSIONER ARNOLD: This is by the  
21 high school?

22 LEGISLATOR SCHAEFER: Yes.

23 COMMISSIONER ARNOLD: That's still  
24 in design. I think we've met with the  
25 Village or are meeting with the Village

1  
2 to finalize that. I would expect the  
3 construction funding to be included in  
4 the '24 Capital Plan.

5 LEGISLATOR SCHAEFER: Okay. Thank  
6 you.

7 PRESIDING OFFICER NICOLELLO:  
8 Legislator Pilip.

9 LEGISLATOR PILIP: Thank you. I  
10 also would like to see the next capital  
11 plan to include the pool at the  
12 Christopher Morley Park.

13 COMMISSIONER ARNOLD: Okay. That's a  
14 conversation to have with the County  
15 Executive and the Parks Commissioner. I  
16 construct. I don't determine what we  
17 build. North Woodmere, that's an active  
18 pool leak that we're addressing. And I  
19 work closely with the Parks Commissioner  
20 on that project. But Morley, that would  
21 be a conversation I would ask you to have  
22 with the Administration.

23 LEGISLATOR PILIP: Okay. Thank you.

24 PRESIDING OFFICER NICOLELLO: Just a  
25 just an update, since you're here. The

1  
2 playground at Christopher Morley, when  
3 will that be finished?

4 COMMISSIONER ARNOLD: I was up there  
5 about a month ago. It's full, ongoing  
6 construction. I've been tied up with a  
7 couple minor other issues running around  
8 the county. I'll get you an update on  
9 that. It should be it should be within  
10 the next, hopefully.

11 PRESIDING OFFICER NICOLELLO:  
12 There's a number of other projects in the  
13 works as well; the paved trails and some  
14 of the courts as well.

15 COMMISSIONER ARNOLD: Yes. And we  
16 just started the Wantagh playground, I  
17 think, last week also. That's ongoing as  
18 we speak.

19 PRESIDING OFFICER NICOLELLO: Okay.  
20 Legislator Solages.

21 LEGISLATOR SOLAGES: Funding for the  
22 North Woodmere Park, will that be used to  
23 fix the water slide at the North Woodmere  
24 Water Park?

25 COMMISSIONER ARNOLD: I do not

1  
2 believe so. I will double check. I  
3 believe it's strictly to fix the pool.  
4 We've had an active pool leak there for a  
5 couple of years and our evaluation is  
6 that the whole top deck needs to come off  
7 to do that. I am not aware of the water  
8 slide issue.

9 LEGISLATOR SOLAGES: Hasn't worked  
10 since last summer, I went there last  
11 week. But also the playground at North  
12 Woodmere Park, many residents in that  
13 area are complaining about the  
14 playground, dilapidated slides and  
15 swings. Will any of the funding be used  
16 to address that?

17 COMMISSIONER ARNOLD: We have a  
18 project going out to design bid to  
19 address the playgrounds at North  
20 Woodmere, Eisenhower and Cantiague. I'm  
21 also talking to the Parks Commissioner  
22 about something we can do in the interim  
23 because it's a long process: Design,  
24 procure, construct. So you're not talking  
25 something you're going to see right

1  
2 around the corner. And I personally went  
3 to North Woodmere and looked at that  
4 playground and the safety surface does  
5 need to be addressed. But there's the  
6 conversation of the value of changing  
7 that safety surface now and then  
8 rebuilding the playground.

9 LEGISLATOR SOLAGES: Yeah, it's all  
10 over the *Herald*, and many residents are  
11 complaining about it.

12 COMMISSIONER ARNOLD: Yes. We're  
13 aware of that. We're looking at if  
14 there's an interim solution on the safety  
15 surface while we design the playground,  
16 because that is going to take a little  
17 over two years to get to that point.

18 LEGISLATOR SOLAGES: Thank you.

19 LEGISLATOR WALKER: Ken, I was at  
20 Cantiague yesterday, and I know there's  
21 issues there with the playground and so  
22 on and so forth, but the water fountains  
23 don't work either.

24 COMMISSIONER ARNOLD: I don't know  
25 if we're actually operating the water

fountains anymore. I'd have to double  
check. I know a lot of parks don't have  
water fountains anymore. I need to double  
check on that.

LEGISLATOR WALKER: All right.

PRESIDING OFFICER NICOLELLO: Anyone  
else?

(Whereupon, no verbal  
response.)

PRESIDING OFFICER NICOLELLO: Thank  
you, Ken.

response.)

PRESIDING OFFICER NICOLELLO: That

4 Lafazan is leaving the chambers will not  
5 be participating in any debate or vote on  
6 this.

7 (Whereupon, Legislator  
8 Lafazan leaves the Chambers.)

9 PRESIDING OFFICER NICOLELLO: It's a  
10 resolution authorizing the County  
11 Attorney to compromise and settle the  
12 claims of Plaintiff as set forth in the  
13 action entitled Charles B. Wang versus  
14 County of Nassau.

15 Motion by Legislator Walker,
