General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 8869 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8869.

Purpose of Form

A parent S corporation uses Form 8869 to elect to treat one or more of its eligible subsidiaries as a qualified subchapter S subsidiary (QSub).

The QSub election results in a deemed liquidation of the subsidiary into the parent. Following the deemed liquidation, the QSub is not treated as a separate corporation and all of the subsidiary's assets, liabilities, and items of income, deduction, and credit are treated as those of the parent.

CAUTION Because the liquidation is a deemed liquidation, do not file Form 966, Corporate Dissolution or Liquidation. However, a final return for the subsidiary may have to be filed if it was a separate corporation prior to the date of the deemed liquidation. No final return is required if this election is being made pursuant to a reorganization under section 368(a)(1)(F) and Rev. Rul. 2008-18. See Rev. Rul. 2008-18, 2008-13 I.R.B. 674, for details.

Eligible Subsidiary

An eligible subsidiary is a domestic corporation whose stock is owned 100% by an S corporation and is not one of the following ineligible corporations.

- A bank or thrift institution that uses the reserve method of accounting for bad debts under section 585.
 - An insurance company subject to tax under subchapter L of the Code.
 - A corporation that has elected to be treated as a possessions corporation under section 936.
 - A domestic international sales corporation (DISC) or former DISC.
- See sections 1361(b)(3), 1362(f), and their related regulations for additional information.

When To Make the Election

The parent S corporation can make the QSub election at any time during the tax year. However, the requested effective date of the QSub election generally cannot be more than:

- 12 months after the date the election is filed, or
- 2 months and 15 days before the date the election is filed.

An election filed more than 12 months before the requested effective date will be made effective 12 months after the date it is filed. An election filed more than 2 months and 15 days after the requested effective date generally is late and will be made effective 2 months and 15 days before the date it is filed. However, an election filed more than 2 months and 15 days after the requested effective date will be accepted as timely filed if the corporation can show that the failure to file on time was due to reasonable cause.

To request relief for a late election, the corporation generally must request a private letter ruling and pay a user fee in accordance with Rev. Proc. 2017-1, 2017-1 I.R.B. 1 (or its successor). However, relief from the ruling and user fee requirements is available. See Rev. Proc. 2013-30, 2013-36 I.R.B. 173, for details.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation..

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefore or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix BE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"); including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

A bidder submitting an equal or better product shall, at his own cost and expense be responsible for submitting proof and/or a demonstration of equivalence, compatibility and performance. However, acceptance of an equivalent product shall be strictly at the discretion of the Director. Required Initial Lubricant/Fluid Changes

To assure the long life and continued performance of your remanufactured component, please follow the initial lubricant and fluid changes outlined below and the guidelines of the equipment manufacturer for lubricant and filter changes thereafter.

Gasoline Engines:

Change engine oil and filter at 500 miles (or 10 hours for a marine engine) and then at a suggested interval of every 3,000-4,000 miles or 3-4 months (40 hours or once a season for a marine engine), whichever occurs first.

Transmissions:

Although not required, JASPER strongly recommends changing transmission fluid and filter after 5,000 miles of highway service or 100 hours of severe service.

Diesel Engines:

Oil and filter should be changed after the first 8-10 hours of highway or commercial service.

Differentials:

Change differential fluid after 5,000 miles of highway service or 100 hours of severe service. Requires lubricant meeting GL-5, 6 or 6 MIL. SPEC. 2105D or 2105E specifications. Use appropriate additive if limited slip version. You may be required to furnish proof of these services when making a claim.

Sterndrives:

Change drive lubricant after first 10 hour break-in period.

Outboard Powerheads:

Change oil & filter at 10 hours and then at a suggested interval of 100 hours or six months of service, whichever occurs first.

Installer & Fleet Resources

All around the country, quality technicians, auto repair facilities and fleets have aligned themselves with JASPER to instill confidence in their customers or within the vehicles used in their own business. This confidence comes from knowing that all JASPER remanufactured gas and diesel engines, transmissions, differentials and air and fuel components — as well as our other products — adhere to strict remanufacturing guidelines and come with the warranty to back it up. They know that their customers, or own fleet of vehicles, are getting a quality, value oriented product.

Improved business results come from the wide range of technical and marketing support that JASPER offers to make doing business with us easy, and to improve your bottom line. Things like:

- Sales support for you by providing an installer locator program available on our web site.
- Cooperative advertising programs, including signs and banners.
- Free videos, posters and sales literature.
- Sales and technical seminar along with free technical bulletins.
- Factory tours.
- Preferred Installer Programs.
- Sales Associates readily available at your convenience to assist you with product and service.
- Technology advancement through supplying products to NASCAR Sprint Cup Series teams.
- Consumer awareness through sponsorship of professional bass angler Chad Morgenthau and the JASPER Hot Air Balloon.
- Website with on-line pricing and quotation forms, videos, virtual tours, your account information, and an E-Commerce portal.
