### Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

**Adverse Job-Related Action** includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

**Contact** means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

**Designated Point(s) of Contact** means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

**Nassau County Employee** means any officer, official or employee of Nassau County.

**Family Member** means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

**Participating Employee** means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

**Participating Nassau County Employee** means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

**Primary Contracting Party** means a Vendor who intends to directly enter into or has a contract with Nassau County.

**Retaliatory Action** is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

### **Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY**

#### **Section 2.01 Designated Point(s) of Contact**

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

### **Chapter 3: GIFTS OR CONTINGENT FEES**

#### **Section 3.01 Zero Tolerance**

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

#### **Section 3.02 Personal Relationships**

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

### **Section 5.04 Confidential Information**

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

### **Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development**

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

### **Section 6.01 Appearance Before Former Agency-Two Year Bar**

**DEPARTMENT OF PUBLIC WORKS**  
**Inter-Departmental Memo**

**TO:** Contract File

**FROM:** Jane Houdek, Esq.

**SUBJECT:** Contract Nos: H61587-PR16

Metro Paving, Inc.  
Responsibility Determination Memo

DPW Summary Finding

It is the Department's opinion that based on the information known to the Department and summarized in this memorandum, the vendor is a responsible contractor for the purpose of being awarded the above-referenced contracts.

NYS Standard for State and Municipal Contract Approval

Prior to the award of a contract, New York State agencies and political subdivisions, are required to make a determination of responsibility of the proposed vendor. State Finance Law §163 (9) (f); Highway Law §38; Public Building Law §8; General Municipal Law §103. General Municipal Law §103 requires the County to award contracts to a "responsible bidder" but does not define that term. However, the State Finance Law, which is the analogous law for contracting by New York State agencies, defines responsible as: "financial ability, legal capacity, integrity and past performance of a business entity and as such terms have been interpreted relative to public procurements." NY CLS St. Fin §163 (1) (c). This standard is equivalent to the standard applied to procurements pursuant to NYGML §103. *Matter of AAA Caring & Rubbish Removal, Inc. v. Town of Southeast* 17 N.Y. 3d 136 (2011)

The NY State Office of General Services employs the FLIP analysis -financial ability, legal capacity, integrity and past performance – to meet its obligation to make a responsibility determination.

Application of the FLIP test

As explained in this memorandum, the FLIP test, can be used to evaluate a vendor's responsibility.

1. Financial and Organizational Capacity

The Department has reviewed materials supplied by vendor as required by the bid documents and is satisfied that the vendor has met the financial and organizational capacity as required by the bid documents.

2. Legal Authority

Vendor is not debarred. Vendor possesses requisite licenses.

3. Integrity

Vendor possesses requisite business integrity-analysis of vendor information described in later portion of this memorandum.

Metro Paving, Inc.  
Responsibility Determination Memo

4. Past Performance

Based upon the vendor's prior performance on County contracts, as well as a check of vendor's reference, vendor is qualified to perform the work for the above-referenced contract.

Nassau County Procurement Policy Requirements

Similarly, the Nassau County Procurement Policy states that, "a vendor is deemed responsible to be awarded a contract when it has demonstrated that it has the integrity and capacity to perform the required services on behalf of the County." Nassau County Procurement Policy at Appendix E. Appendix E goes on to state that factors to consider in determining the responsibility of a vendor include: financial resources, organizational capacity, a satisfactory record of performance and a satisfactory record of business integrity - an analysis identical to the FLIP test.

For purposes of its consideration of responsibility, the County requires potential vendors to submit vendor disclosure forms. Those forms are used by the Department as a tool when conducting a vendor responsibility review with the intent of determining "if there exists any material adverse information impacting the vendor's capacity or integrity." Quoting Appendix E.

The following is quoted from Appendix E:

For adverse information to be considered a factor in a vendor responsibility review, the information must be found to be material. Not all adverse information may be material. Materiality is greater for more recent events than for less recent ones, and materiality is greater for events concerning services more closely related to those required by the County than services that are less so. An event is considered most material when it concerns services equivalent or similar to those required by the County, has occurred recently, occurred in close geographic proximity to the County, and involves one or more individuals or organizational departments that may be involved in the conduct of the County contract. Also relevant in this assessment is whether the event involves a relatively large or small amount of money, services or product; whether the event involves a threat to life, health, safety, or property, whether criminality or possible criminality is involved; and the quantity of adverse information. In addition, any adverse information discovered by a department, which should have been, but was not disclosed by the vendor on the appropriate disclosure form(s) may be considered material.

Examples of adverse information that may not be considered material include adverse social media posts or poor reviews of a company posted on the internet. In addition, adverse information that occurred and/or was resolved more than five years ago generally is not considered material, although once such information has been identified the department conducting the review should investigate whether any similar subsequent event(s) occurred that may be subject to further analysis or suggesting a concern regarding the vendor's corporate culture.

A finding of nonresponsibility has significant implications for the vendor, since subsequent to that determination the vendor must disclose it in future solicitation responses to public entities. Therefore, the finding must be based upon evidence of a sufficiently severe failure of capacity and/or integrity on the part of the vendor. Any adverse information which is not deemed to be sufficient for a finding of

Priority Resurfacing Phase 16  
Metro Paving, Inc.  
Responsibility Determination Memo

nonresponsibility must be demonstrated by the vendor to have been addressed sufficiently through implementation of corrective actions and/or plans to ensure that the adverse event(s) shall not impact or recur during the conduct of the County contract under consideration. Corrective actions that may be considered in this regard include, but are not limited to, termination of the employee(s) involved, introduction of new policies and procedures, employee trainings, reorganization of the vendor's structure, introduction of new internal or external monitors, payment of all fines, satisfactory resolution of the matter by the investigating entity, etc.

Application of the Materiality Evaluation to Determine Vendor Integrity

As described in this memorandum, the Nassau County Procurement Policy at Appendix E identifies factors that should be considered when determining if the adverse information available about a vendor rises to level of materiality (vendor responsibility determination is dependent upon material information).

Vendor Adverse Information

Vendor has paid a fine of \$2,500 to the New York State Public Service Commission for failing to call the one-call notification system prior to excavating and damaged a gas service line. The Department has concluded that the vendor is a responsible vendor for the performance of the scope of work in Contracts H61587-PR16.

STATE OF NEW YORK

CASE 22-G-0439 - In the Matter of an Enforcement Proceeding  
Against Metro Paving LLC for Alleged Violations  
of 16 NYCRR Part 753 - Protection of Underground  
Facilities, in the Service Territory of KeySpan  
Gas East Corporation d/b/a National Grid.

ORDER DETERMINING PENALTY AND DIRECTING PAYMENT

(Issued and Effective September 23, 2022)

BY THE COMMISSION:

BACKGROUND

On November 29, 2021, while installing a curb and sidewalk at 130 Main Street, Roslyn, New York, Metro Paving LLC<sup>1</sup> (Respondent) damaged a ½-inch plastic natural gas service.

New York has implemented a program to protect underground utility infrastructure, which includes regulations in 16 NYCRR Part 753. Specifically, 16 NYCRR §753-3.1(a)(1) states:

Before commencing or engaging in any non-emergency excavation or demolition, each excavator shall provide notice of the location and date of the planned

---

<sup>1</sup> Metro Paving LLC, 500 Patton Avenue, West Babylon, NY 11704.

excavation or demolition to the one-call notification system serving the vicinity in which the excavation or demolition is to take place.

Department of Public Service Staff (Staff) conducted an investigation of the incident and found evidence that Respondent, on November 29, 2021, did in fact excavate without notification to the one-call system.

As a result, on January 10, 2022, Staff issued a Notice of Probable Violation (NOPV) to Respondent via United States Postal Service First-Class Mail. The NOPV stated that failure to respond would be deemed acceptance of the facts as alleged, in which case a penalty would be determined. The First-Class Mail envelope containing the NOPV was not returned, nor did Staff receive any answer from the Respondent.

#### LEGAL AUTHORITY

Under General Business Law §765(1)(a), entities that fail to comply with the requirements of 16 NYCRR Part 753 are subject to a civil penalty of up to \$2,500 for the first offense and an additional civil penalty of up to \$10,000 for each succeeding violation that occurs within a 12-month period. Consistent with Public Service Law §119-b(8) in determining the civil penalty amount in this case, the Commission shall consider the nature, circumstances, and gravity of the violation, history of prior violations, effect on public health, safety, or welfare, and other considerations as necessary.

#### Determination

The Commission finds that Metro Paving LLC committed a violation of 16 NYCRR §753-3.1(a)(1). In assessing a penalty, the Commission takes notice of the following considerations.

The one-call notification system serves a fundamental and indispensable role in the protection of underground

facilities in the State. Absent a one-call ticket, the excavator lacks knowledge of the locations of buried utility infrastructure. Likewise, utilities would not be aware that an excavator may be endangering their facilities. Engaging in mechanized digging without knowing what lies beneath the surface can lead to disastrous consequences, endanger people, property, and the environment, and disrupt utility service. Damage to a gas line can cause an explosion or fire. By failing to comply with the requirements of 16 NYCRR §753-3.1(a)(1), Metro Paving LLC needlessly and carelessly created a significant risk to public safety. Thus, the gravity of this violation is substantial. The penalty assessed seeks to sanction Metro Paving LLC and deter it and others from similar conduct in the future.

In addition, the Respondent has no history of prior violations that occurred within the preceding 12-month period. Therefore, the statutory maximum civil penalty allowable for this offense is \$2,500. Here, the Respondent engaged in activity that resulted in damage to a natural gas pipeline that caused the release of gas, and disruption of service, thus creating a threat to public safety, health, and welfare; in consideration of the nature, circumstances, and gravity of the violation, the Commission determines a penalty of \$2,500 is appropriate for this violation.

In reaching this determination, the Commission relied on evidence collected which includes a one-call notification system ticket search by Staff, Staff's investigative report, a no-call report submitted by the operator to Staff, a damage investigation report provided by the operator to Staff, and photographs in the record.

The Commission also strongly encourages the Respondent to contact New York 811 (516-491-9444) to request a training

session covering the use of the one-call notification system and Part 753 requirements. The principals of the company, any employees involved in excavation work, and any support staff that might be involved in making notifications to the one-call center, would benefit from such training.

The Commission orders:

1. A penalty of \$2,500 is determined against Metro Paving LLC pursuant to Public Service Law §119-b(8).

2. Metro Paving LLC is directed to remit, by certified check payable to the "Department of Public Service," the sum of \$2,500 in payment of the penalty determined. The \$2,500 sum is subject to State Finance Law §18 and shall be deposited into the underground facilities safety training account. The check shall be addressed to:

Mr. Curtis Funk  
Director of Finance and Budget  
Department of Public Service  
Three Empire State Plaza  
16<sup>th</sup> Floor  
Albany, N.Y. 12223-1350

3. If the check is not received within 30 days after issuance of this Order, Department of Public Service Staff is authorized to refer the case to the New York State Department of Law with a request that an action to collect the determined penalty be brought in a court of competent jurisdiction.

4. The proceeding is continued, pending compliance with Ordering Clause 2, following which it should be closed.

By the Commission,

(SIGNED)

MICHELLE L. PHILLIPS  
Secretary

Hello,

Enclosed is your **Certificate of Contractor Registration**. Please keep this document as proof of your registration.

**This Certificate is valid for two (2) years, unless revoked or suspended.**

If you bid or commence work on a public work project or covered private project without being properly registered, you may be subject to a civil penalty and denial of your registration application pursuant to NYS LL § 220-I(8).

If your registration or a subcontractor's registration lapses while performing contracted work on a covered project, the work for that project may be completed.

If you are determined unfit and your certificate is revoked or suspended, then a monitor approved by the Commissioner must be appointed to oversee the completion of the work at your expense.

If your certificate is to be suspended or revoked for any reason, you will receive a notice and an opportunity to contest at a hearing prior to the suspension or revocation taking effect.

Please note that any subcontractors or independent contractors you hire to work on a public work or covered private construction project must obtain their own Certificate of Contractor Registration to perform such work.

If you allow a subcontractor or independent contractor to perform work on a public work or covered private project without being properly registered, you and the other contractor may be subject to a civil penalty and revocation/suspension/denial of your registration pursuant to NYS LL § 220-I(8).

Any project where work is performed in violation of Contractor Registration requirements, or any provisions of NYS Labor Law Article 8, is subject to the issuance of a Stop Work Order, pursuant to NYS LL § 224-B.
