Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

Vendor Code of Ethics

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

- (a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;
- (b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

Vendor Code of Ethics

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

- (i) 30 days from the time the matter before the Employee is closed, or
- (ii) 30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Vendor Code of Ethics

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Vendor Code of Ethics

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Vendor Code of Ethics

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Vendor Code of Ethics

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

Section 8.02 Vendor Certifications

The vendor by signing the final contract thereby certifies and attests to the following:

- (a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;
- (b) All of its Participating Employees during the course of procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;
- (c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;
- (d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;
- (e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Vendor Code of Ethics

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Vendor Code of Ethics

Chapter 9: PENALTIES

Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

Chapter 10: REPORTING OBLIGATION

Section 10.01 Reporting Gift Requests

Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

Vendor Code of Ethics

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

IRAN DIVESTMENT ACT – CERTIFICATION

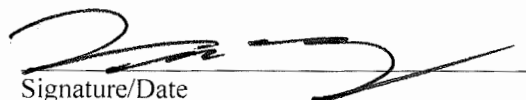

Pursuant to New York State Finance Law § 165–a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> a list of persons who have been determined to engage in investment activities in Iran (“the List”), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

b. Certification that the Bidder’s investment in Iran is ceasing: The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person’s investment activities in Iran were made before April 12, 2012; the person’s investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Contract File

FROM: Jane Houdek, Esq.
Designated DCCO

DATE: November 10, 2025

SUBJECT: Contract No: H61587-PR17
Priority Resurfacing - Phase 17
H&L Contracting
Responsibility Determination Memorandum

DPW Summary Finding

It is the Department's opinion that based on the information known to the Department and summarized in this memorandum, that the vendor is a responsible contractor for the purpose of being awarded the above-referenced contract.

Prior to the award of a contract, New York State agencies and political subdivisions, are required to make a determination of responsibility of the proposed vendor. State Finance Law §163 (9) (f); Highway Law §38; Public Building Law §8; General Municipal Law §103. General Municipal Law §103 requires the County to award contracts to a "responsible bidder" but does not define that term. However, the State Finance Law, which is the analogous law for contracting by New York State agencies, defines responsible as: "financial ability, legal capacity, integrity and past performance of a business entity and as such terms have been interpreted relative to public procurements". NY CLS St. Fin §163 (1) (c). This standard is applied to procurements pursuant to NYGML §103. *Matter of AAA Caring & Rubbish Removal, Inc. v. Town of Southeast*, 17 N.Y. 3d 136 (2011)

The NY State Office of General Services employs the FLIP analysis -financial ability, legal capacity, integrity and past performance – to meet its obligation to make a responsibility determination.

Application of the FLIP test

As explained in this memorandum, the FLIP test, can be used to evaluate a vendor's responsibility.

1. Financial and Organizational Capacity
The Department has reviewed materials supplied by vendor as required by the bid documents and is satisfied that the vendor has met the financial and organizational capacity as required by the bid documents.
2. Legal Authority
Vendor is not debarred.
3. Integrity
Vendor possesses requisite business integrity-analysis of vendor information described in later portion of this memorandum.
4. Past Performance
Based upon the vendor's prior performance on County contracts, as well as a check of vendor's reference, vendor is qualified to perform the work for the above-referenced contract.

Nassau County Procurement Policy Requirements

Similarly, the Nassau County Procurement Policy states that, “a vendor is deemed responsible to be awarded a contract when it has demonstrated that it has the integrity and capacity to perform the required services on behalf of the County.” Nassau County Procurement Policy at Appendix E. Appendix E goes on to state that factors to consider in determining the responsibility of a vendor include: financial resources, organizational capacity, a satisfactory record of performance and a satisfactory record of business integrity - an analysis identical to the FLIP test.

For purposes of its consideration of responsibility, the County requires potential vendors to submit vendor disclosure forms. Those forms are used by the Department as a tool when conducting a vendor responsibility review with the intent of determining “if there exists any material adverse information impacting the vendor’s capacity or integrity.” Quoting Appendix E.

The following is quoted from Appendix E:

For adverse information to be considered a factor in a vendor responsibility review, the information must be found to be material. Not all adverse information may be material. Materiality is greater for more recent events than for less recent ones, and materiality is greater for events concerning services more closely related to those required by the County than services that are less so. An event is considered most material when it concerns services equivalent or similar to those required by the County, has occurred recently, occurred in close geographic proximity to the County, and involves one or more individuals or organizational departments that may be involved in the conduct of the County contract. Also relevant in this assessment is whether the event involves a relatively large or small amount of money, services or product; whether the event involves a threat to life, health, safety, or property, whether criminality or possible criminality is involved; and the quantity of adverse information. In addition, any adverse information discovered by a department, which should have been, but was not disclosed by the vendor on the appropriate disclosure form(s) may be considered material.

Examples of adverse information that may not be considered material include adverse social media posts or poor reviews of a company posted on the internet. In addition, adverse information that occurred and/or was resolved more than five years ago generally is not considered material, although once such information has been identified the department conducting the review should investigate whether any similar subsequent event(s) occurred that may be subject to further analysis or suggesting a concern regarding the vendor’s corporate culture.

A finding of nonresponsibility has significant implications for the vendor, since subsequent to that determination the vendor must disclose it in future solicitation responses to public entities. Therefore, the finding must be based upon evidence of a sufficiently severe failure of capacity and/or integrity on the part of the vendor. Any adverse information which is not deemed to be sufficient for a finding of nonresponsibility must be demonstrated by the vendor to have been addressed sufficiently through implementation of corrective actions and/or plans to ensure that the adverse event(s) shall not impact or recur during the conduct of the County contract under consideration. Corrective actions that may be considered in this regard include, but are not limited to, termination of the employee(s) involved, introduction of new

H&L Contracting
Responsibility Determination Memo

policies and procedures, employee trainings, reorganization of the vendor's structure, introduction of new internal or external monitors, payment of all fines, satisfactory resolution of the matter by the investigating entity, etc.

Application of the Materiality Evaluation to Determine Vendor Integrity

As described in this memorandum, the Nassau County Procurement Policy at Appendix E identifies factors that should be considered when determining if the adverse information available about a vendor rises to level of materiality (vendor responsibility determination is dependent upon material information).

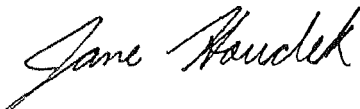

Vendor Adverse Information OSHA Violations

Vendor has two (2) serious OSHA incidences, one closed case from 2019 and one open investigation of incident in 2022. Both the serious nature of the violations and the corrective actions taken by the vendor are fully described in an attachment to vendor's Business History form (attached). The type of work being performed when the 2019 violations occurred is similar to the work it has performed for Nassau County. Since 2019 H&L has completed one complex road reconstruction project – Ocean and Merrick, is completing the Bayville Bridge Project and has completed two (2) large road resurfacing contracts, all without any OSHA violations. As explained in its response to Business History form question 13, the vendor does not believe it was responsible for the incident but has acknowledge steps it would take in the future to make sure its jobsites are safe.

One 2022 open OSHA investigation occurred in Suffolk County while working on a Marina project. A boat operator failed to wear his personal flotation device and drowned when he fell off the boat. While the investigation is ongoing and no attribution of fault has been made, the vendor still provided a description of steps it would take in the future to reduce the potential for a similar incident.

The other open 2022 investigation occurred in Massachusetts and involves safety violations that were noted by the H&L Health and Safety Officer and did not involve injuries or property damage.

Accordingly, based on an application of the law and the policy, these incidences do not warrant a determination that the vendor is a nonresponsible vendor. To date, the Department has been satisfied with the safety measures implemented by the Vendor on County projects and has concluded that the Vendor is a responsible vendor for the performance of the scope of work in Contract H61587-PR17.

To whom it may concern,

The following serve as summary descriptions of two open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015

DATE OPENED: 23 NOV 2022

SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:

Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that the H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

OSHA INSPECTION NO. 1635374.015

DATE OPENED: 18 NOV 2022

SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:

Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding these two OSHA cases or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 900720-22

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation regarding a utility damaged on a NYSDOT rehabilitation project on Route 110 in Huntington, NY. A gas main owned by National Grid was inadvertently damaged by H&L personnel. We have disagreed with this action brought forward by the Public Service Commission and have provided correspondence illustrating the facts of the matter.

It has been H&L's contention in the ongoing exchange of documentation, that the facility damaged was not correctly marked-out by the utility (4' from the actual location) and was placed against a drainage structure wall that was being removed. As a result of the location, the gas facility was damaged during the demolition. Repairs were made by the utility company and no injuries occurred. The matter is currently being handled by our Legal firm and should be resolved quickly.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 601141 / 2023

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation among various plaintiffs and defendants regarding a motor vehicle accident that occurred on August 21, 2016 on the Long Island Expressway. The accident took place in the vicinity of a location where H&L Contracting LLC was performing work under contract to NYSDOT. There were multiple fatalities as a result of the accident and there have been numerous suits and countersuits filed to date.

Considering the ongoing litigation, H&L can provide only limited information at this time. If more information is necessary, please provide specific questions in writing for review by H&L's attorney.

It is H&L's position that all work was performed in complete accordance with NYSDOT specifications and standards and that H&L in no way contributed to the cause or severity of the accident. [information available to H&L indicates that the approximate cause of the accident was a vehicle traveling recklessly at a high rate of speed (90+mph)].

The filing referenced above is associated with the insurance policy contractually provided by H&L covering NYSDOT for liabilities incurred by the DOT under the contract. The filing is basically a pro forma summons regarding that policy.

SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:

Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 900721-22

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation regarding a utility damaged on a rehabilitation project on Route 112 in Medford. A gas main owned by National Grid was accidentally damaged by H&L personnel. We have disagreed with this action brought forward by the Public Service Commission and have provided correspondence illustrating the facts of the matter.

It has been H&L's contention in the ongoing exchange of documentation, that the damaged facility was not correctly marked-out by the utility and was incorrectly offset by the utility during their efforts to relocate the gas facility away from our work area. Repairs were made by the utility company and no injuries occurred. The matter is currently being handled by our Legal firm and should be resolved quickly.

RE: OSHA INVESTIGATION OF H&L CONTRACTING LLC

On October 22, 2019 H&L Contracting LLC was performing paving work as a subcontractor to United Paving Corp. (General Contractor) under the Village of Freeport's 2019 Road Resurfacing Program. The subcontracting agreement between H&L and United included the paving work only, Maintenance and Protection of Traffic (MPT) was excluded from H&L's scope of work. Included in the streets to be paved by H&L was Grant Street, a dead-end street on the east side of Guy Lombardo Blvd. in the Village of Freeport.

Paving work was performed from the dead-end of Grant St. outward towards Guy Lombardo Blvd., with asphalt truck trailers provided by 4L Equipment Leasing LLC under an agreement with H&L. These trailers backed down Grant St. to the paver, and once empty proceeded ahead to Guy Lombardo Blvd., turning right to exit the work area. Unbeknownst to the H&L crew the United employee(s) that had been assigned to perform the MPT for the work were not at the Grant St. intersection but rather at another intersection scheduled for paving that day.

As a 4L truck was exiting Grant St. after dumping into the paver, the driver stopped the truck at the intersection with Guy Lombardo Blvd. During this time when the truck was stopped, another 4L employee, who had parked and exited his truck a short distance north on Guy Lombardo Blvd., ran towards the stopped truck on Grant St., approaching from the passenger side of that truck, apparently to obtain a scraper that was stored behind the cab. The driver of the stopped truck did not notice the approaching 4L employee due to that employee approaching from the passenger (blind) side. While the 4L employee was immediately in front of the stopped truck's right rear wheel, the driver proceeded forward, fatally injuring the 4L employee.

All required notifications were made, including Nassau County Police and OSHA. H&L fully cooperated with all investigations.

Notwithstanding that 1. MPT was NOT in the scope of H&L's work under the subcontract, 2. H&L was unaware that United was not providing MPT at the accident location at the time of the accident, and 3. If MPT was being provided at the intersection it is doubtful that the actions of the 4L employee, namely stepping in front of the rear wheel without notifying the driver of his presence, would have been prevented, the OSHA investigation resulted in two citations of violations against H&L. One being a severe violation of "Accident Prevention Signs and Tags" and the other being a severe violation of "Signaling". Each Violation included a penalty of \$12,145.00.

H&L was not afforded an opportunity to contest the citations, although it was H&L's wish to do so, apparently due to Federal COVID protocols affecting the ability to communicate with OSHA personnel.

H&L promptly paid the penalties and incorporated various "lessons learned" into its Safety Procedures. Chief among those lessons learned was that work cannot proceed without required MPT regardless of whose responsibility that MPT falls under.

H&L personnel are available at your convenience to discuss this matter and will provide available records and documentation at your request.

Sincerely,

Keith Haney, Managing Member Signature

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 1448662.0.15

Date of Incident/Inspection: 12/4/2019

Settled Amount of Fine: \$14,000.00

Explanation:

On 12/4/2019 an employee of Rason Materials was performing work at the Cedarhurst asphalt plant when, without instruction, the employee used a manlift to access a conveyor drive pulley that was approximately 8' above ground level. In an unwise attempt to clean dirt off of the pulley, while the conveyor was operating the employee used a wrench to scrape the inside of the pulley. The wrench was grabbed by the pulley and belt which spun the wrench, striking the employee's hand which resulted in a severe injury to the employee's thumb.

OSHA was notified immediately, and an inspection was performed the following day. The following determinations were made after that inspection:

- The subject pulley and belt were not required to have guards due to being 8' above ground level and not normally accessible to personnel.
- There was an inadequate Safety Plan in place for the asphalt plant.
- There was an inadequate Lockout/Tagout Program in place for the asphalt plant
- There were 2 pulleys without guards that were required to have guards

Rason received 4 violations as follows:

1. No guard on equipment (1st instance) (serious)
2. No guard on equipment (2nd instance) (serious)
3. Inadequate Safety Program
4. Inadequate Lockout/Tagout Program

The end result of discussions between Rason and OSHA was a reduction in the total fine to be \$14,000.00. That fine has been paid and the case has been closed.

CORRECTIVE MEASURES

As soon as practicable after the incident Rason developed and implemented a new Safety Program, including a new Lockout/Tagout Program. These programs were implemented, and all employees were provided with initial and follow-up training.

LESSONS LEARNED

Rason has placed increased emphasis on awareness training for all employees with respect to rotating equipment guards and the necessity that those guards be in place at all times when the plant is in operation.

Additionally, Rason has been stringent in training employees in Lockout/Tagout; with particular emphasis being placed on the prohibition of working on operating equipment.

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015

DATE OPENED: 23 NOV 2022

SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:

Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that the H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 154269

Date of Incident/Inspection: 7/19/21

Settled Amount of Fine: Not settled as of 4/8/22

Explanation:

On 7/19/21 an employee of Scatt Materials Corp., without instruction, entered a chute to free up a jammed diversion plate. While the plant and conveyor were shut down, as the employee moved material that was obstructing a diversion plate the stored energy in the plate caused the plate to suddenly move, striking the employee in the leg. The employee suffered a broken leg.

OSHA was notified immediately, and an inspection was performed that day. The following determinations were made after that inspection:

- The Lockout/Tagout procedures that were in place for the asphalt plant were inadequate.
- The employee that was injured was not properly trained in Lockout/tagout and stored energy.

Scatt received 2 violations as follows:

1. Procedures were not developed, documented, and utilized for the control of potentially hazardous energy
2. Employees were not adequately trained to ensure that the Lockout/Tagout program that was in place was understood and followed by employees

Due to the common ownership of Scatt Materials and Rason Materials, and considering Rason Materials had received OSHA violations and a stipulated fine in 2020 for similar violations, the violations were determined by OSHA to be Repeat-Serious Violations; each violation was accompanied by a \$6,216.00 fine.

Scatt has engaged legal counsel and is currently in discussions with OSHA to determine a settlement. Scatt understands at this time that the settlement will result in the removal of both "Repeat-Serious" violations and the assessment of one "other than serious" violation.

CORRECTIVE MEASURES

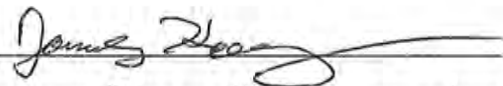

Additional awareness training has been provided to all Scatt employees with respect to the current Safety Program and Lockout/Tagout procedures. In addition, the Safety Programs for Scatt (and Rason) are currently under review and will be revised to meet or exceed all OSHA requirements.

LESSONS LEARNED

Scatt has placed increased emphasis on awareness training for all employees with respect to the Lockout/Tagout procedures and the potential stored hazardous energy in various components of the plant, even after the plant has been shut down.

Re: NASSAU COUNTY QUESTION

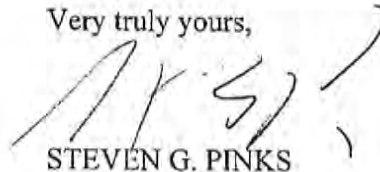

Ken:

We were aware of only one lawsuit which was brought under Index No. 900720/2022. That action concerned damage to a 2" "PE" gas line located at 642 New York Avenue, Huntington. In answer to a Complaint we are claiming that the 2" gas main was damaged solely because of incorrect marking by KeySpan/National Grid. Specifically, we claim that KeySpan/National Grid violated General Business Law 763(3) and Public Service Law 119(6) (ETSEQ).

The lawsuit under Index No. 900721/2022 concerns Route 112 and Granny Road. Although a Summons was served and we appeared on your behalf, we never received until now, the Verified Complaint. We will be checking with the Attorney General and if necessary, defend the action.

The records you previously provided to me explained that the end cap on the gas main was struck by the excavator solely because it had been re-located by National Grid earlier in the project in order to facilitate installation of a drainage structure. National Grid was required by New York State DOT to notify H & L Contracting of the re-location and was solely because of the failure of the utility to provide notification that the excavator struck the gas main.

Very truly yours,

STEVEN G. PINKS

NYS Tax Warrant dated June 3, 2022 in the amount of \$686.57.

Explanation

New York State has disputed the amounts Village Dock, Inc. claimed as prepayments on corporate tax returns filed.

Village Dock Inc. will be seeking in May a conciliation conference to further argue that the facts and the law are on the side of Village Dock, Inc. and that the prepayments as reflected will be upheld, vacating these tax warrants.

Any Partner Nonrecourse Deductions for any Fiscal Year shall be specially allocated to the Member who bears the economic risk of loss with respect to the Partner Nonrecourse Debt to which such Partner Nonrecourse Deductions are attributable in accordance with section 1.704-2(i)(1) of the Regulations.

(g) Certain Book-ups. To the extent an adjustment to (i) the adjusted tax basis of any Company asset pursuant to section 734(b) or 743(b) of the Code is required to be taken into account in determining Capital Accounts or (ii) pursuant to section 1.704-1(b)(2)(iv)(f) of the Regulations, the Gross Asset Value of any Company asset is permitted to be taken into account in determining Capital Accounts, the amount of such adjustment to the Capital Accounts shall be treated, as provided in section 1.704-1(b)(2)(iv)(m) or 1.704-1(b)(2)(iv)(g) of the Regulations, respectively, as an item of Profit (if the adjustment increases such basis or Gross Asset Value of the asset) or Loss (if the adjustment decreases such basis or Gross Asset Value), and such Profit or Loss shall be specially allocated to the Members in a manner consistent with the manner in

which their Capital Accounts are required to be adjusted pursuant to such section of the Regulations.

(h) Mandatory Allocations under Section 704(c) of the Code.

(i) In the event section 704(c) of the Code or the principles of section 704(c) of the Code applicable under section 1.704-1(b)(2)(iv) of the Regulations require allocations of income, gain, deduction or loss in a manner different than that set forth above, the provisions of section 704(c) of the Code and the Regulations thereunder shall control such allocations among the Members. Any item of Company income, gain, loss and deduction with respect to any Property (other than cash) that has been contributed by a Member to the capital of the Company and which is required or permitted to be allocated to such Member for income tax purposes under section 704(c) of the Code so as to take into account the variation between the tax basis of such Property and its Fair Market Value at the time of its contribution shall be allocated solely for income tax purposes in the manner so required or permitted under section 704(c) of the Code using the "traditional method" described in section 1.704-3(b) of the Regulations, provided, however, that any other method allowable under applicable Regulations may be used for any contribution of Property as to which there is agreement between the contributing Member and the Managing Member.

(ii) In the event the Gross Asset Value of any Company asset is adjusted pursuant to Section 9.4(g) in accordance with section 1.704-1(b)(2)(iv)(f) of the Regulations, subsequent allocations of income, gain, loss and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Gross Asset Value in a manner consistent with Section 9.4(h)(i).

(iii) Except as provided in Sections 9.4(h)(i) and (ii), for United States federal, state and local income tax purposes, the income, gains, losses and deductions of the Company shall, for each taxable period, be allocated among the Members in the same manner and in the same proportion that such items have been allocated among the Members' respective Capital Accounts.

9.5 Curative Allocations. The allocations set forth in Sections 9.3(b) and 9.4(a) through (f) (the "Regulatory Allocations") are intended to comply with certain requirements of the Regulations. It is the intent of the Members that, to the extent possible, all Regulatory Allocations shall be offset either with other Regulatory Allocations or with special allocations of other items of Company income, gain, loss or deduction. Therefore, notwithstanding any other provision of this Article IX (other than the Regulatory Allocations), the Managing Member shall make such offsetting special allocations of Company income, gain, loss or deduction in whatever manner it determines appropriate so that, after such offsetting allocations are made, each Member's Capital Account balance is, to the extent possible, equal to the Capital Account balance such Member would have had if the Regulatory Allocations were not part of this Company Agreement and all Company items were allocated pursuant to Sections 9.2 and 9.3(a). In exercising its discretion under this Section 9.5, the Managing Member (i) shall take into

account future Regulatory Allocations under Sections 9.4(a) and 9.4(b) that, although not yet made, are likely to offset other Regulatory Allocations previously made under Sections 9.4(e) and 9.4(f).

9.6 Section 754 Election. Upon a transfer by a Member of an interest in the Company, which transfer is permitted by the terms of this Company Agreement, or upon the death of a Member or the Distribution of any Company Property to one or more Members, the Managing Member, upon the request of one or more of the transferees or distributees, shall cause the Company to file an election on behalf of the Company, adjusted for federal income tax purposes in the manner prescribed in section 734 or 743 of the Code, as the case may be. The cost of preparing such election and any additional accounting expenses of the Company occasioned by such election, shall be borne by such transferees or distributees.

9.7 Other Allocation Rules.

(a) For purposes of determining the Profits, Losses or any other item allocable to any period (including allocations to take into account any changes in any Member's Sharing Ratio during a Fiscal Year and any transfer of any interest in the Company), Profits, Losses and any such other item shall be determined on a daily, monthly or other basis, as determined by the Managing Member using any permissible method under section 706 of the Code and the Regulations thereunder.

(b) The Members are aware of the income tax consequences of the allocations made by this Article IX and hereby agree to be bound by the provisions of this Article IX in reporting their shares of Company income and loss for income tax purposes.

(c) Solely for purposes of determining a Member's proportionate share of the "excess nonrecourse liabilities" of the Company within the meaning of section 1.752-3(a)(3) of the Regulations, the Members' interests in Company Profits are in proportion to their Sharing Ratios.

(d) To the extent permitted by section 1.704-2(h)(3) of the Regulations, the Managing Member shall endeavor to treat Distributions as having been made from the proceeds of a Nonrecourse Liability or a Partner Nonrecourse Debt only to the extent that such Distributions would not cause or increase an Adjusted Capital Account Deficit for any Member.

(e) Except as otherwise provided in this Article IX, an allocation of Company Profits or Losses to a Member shall be treated as an allocation to such Member of the same share of each item of income, gain, loss and deduction taken into account in computing such Profits or Losses.

(f) For purposes of determining the character (as ordinary income or capital gain) of any Profits allocated to the Members pursuant to this Article IX, such portion of Profits that is treated as ordinary income attributable to the recapture of depreciation shall, to the extent possible, be allocated among the Members in the proportion which (i) the amount of depreciation previously allocated to each Member bears to (ii) the total of such depreciation allocated to all Members. This Section 9.7(f) shall not alter the amount

of allocations among the Members pursuant to this Article IX, but merely the character of income so allocated.

(g) Except for arrangements expressly described in this Company Agreement, no Member shall enter into (or permit any Person related to the Member to enter into) any arrangement with respect to any liability of the Company that would result in such Member (or a person related to such Member under section 1.752-4(b) of the Regulations) bearing the economic risk of loss (within the meaning of section 1.752-2 of the Regulations) with respect to such liability unless such arrangement has been approved by all Members. To the extent a Member is permitted to guarantee the repayment of any Company indebtedness under this Company Agreement, each of the other Members shall be afforded the opportunity to guarantee such Member's pro rata share of such indebtedness, determined in accordance with the Members' respective Sharing Ratios.

9.8 Distribution of Net Cash Flow.

(a) Amounts and Timing. Subject to the provisions of Section 13.3, Net Cash Flow for each Fiscal Year of the Company, to the extent not distributed previously under this Section 9.8, shall be distributed to the Members, at such time or times as may be designated by the Managing Member, in proportion to the amount of Profits allocated to each Member.

(b) Amounts Withheld. All amounts required to be withheld pursuant to the Code or any provision of any state or local tax law with respect to any payment, distribution or allocation to the Company or the Members shall be treated as amounts distributed to the Members pursuant to this Section 9.8 for all purposes under this Company Agreement. The Managing Member is authorized to withhold from Distributions, or with respect to allocations, to the Members and to pay over to any federal, state or local government any amounts required to be so withheld pursuant to the Code or any provisions of any other federal, state or local law, and shall allocate any such amounts to the Members with respect to which such amount was withheld.

(c) Draws for Payment of Estimated Taxes. The Company shall pay to each Member a quarterly draw, not to exceed the amount reasonably necessary to provide for payment by the Members of any federal, state and local estimated taxes with respect to Profits allocated to the Members pursuant to this Article IX, and each such draw, if any, shall be treated as a loan from the Company to each Member receiving such draw and shall be deemed repaid by reducing the amount of each subsequent Distribution to the Member receiving such draw pursuant to this Section 9.8 by the lesser of (i) the entire amount otherwise distributable to the Member receiving such draw and (ii) the entire amount of any unrepaid draws pursuant to this Section 9.8(c).

9.9 Allocation of Gain or Loss upon Winding Up.

(a) Gain Realized on Sale of Company Property. Upon the winding up of the Company, as provided in Article XIII, net gain realized on the sale or sales of Company

Property (each such sale a "Winding Up Sale") shall be allocated among the Members in accordance with Section 9.2.

(b) Loss Realized on Sale of Company Property. Net loss realized on any Winding Up Sale shall be allocated among the Members in accordance with Section 9.3.

(c) Distributions in Kind. In the event that, upon a winding up of the Company, pursuant to Section 13.3, either (i) any Company Property is required to be distributed in kind, or (ii) the Managing Member elects to distribute any Company Property in kind, the book value of such Property shall be adjusted to its Fair Market Value as of the date of such Distribution, and the amount of such adjustments shall be allocated to the Members' capital accounts in the manner and priorities provided in Sections 9.9(a) and (b) as though such Property had been sold at its Fair Market Value and gain or loss had been realized.

ARTICLE X TAXES

10.1 **Tax Matters Partner.** Managing Member shall be the Tax Matters Partner of the Company pursuant to section 6231(a)(7) of the Code. If the Managing Member shall cease to act as the Tax Matters Partner for any reason, the Members shall select another Member (subject to such Member's approval) to be the Tax Matters Partner. The Company has designated another Member as Tax Matters Partner and such Member has given its consent in writing to its appointment as Tax Matters Partner. The Tax Matters Partner shall receive no additional compensation from the Company for its services in that capacity, but all expenses incurred by the Tax Matters Partner in such capacity shall be borne by the Company. The Tax Matters Partner is authorized to employ such accountants, attorneys and agents as it, in its sole discretion, determines is necessary to or useful in the performance of its duties. The Tax Matters Partner is authorized to represent the Company before the Internal Revenue Service and any other governmental agency with jurisdiction, and to sign such consents and to enter into settlements and other agreements with such agencies as the Tax Matters Partner or its duly authorized officer deems necessary or advisable. Each Member shall give prompt notice to each other Member of any and all notices it receives from the Internal Revenue Service concerning the Company, including any notice of a 30 day appeal letter and any notice of deficiency in tax concerning the Company's federal income tax returns. The Tax Matters Partner shall give each Member periodic status reports regarding any negotiations between the Internal Revenue Service and the Company. The Tax Matters Partner shall serve in a similar capacity with respect to any similar tax related or other election provided by state or local laws.

ARTICLE XI TRANSFER OF MEMBERSHIP INTEREST

11.1 **Compliance with Securities Laws.** No Membership Interest has been registered under the Securities Act or under any applicable state securities laws. A Member may not transfer (a transfer, for purposes of this Company Agreement, shall be deemed to include, but not be limited to, any sale, transfer, assignment, pledge, creation of a security interest or other disposition) all or any part of such Member's Membership Interest, except upon compliance with

the applicable federal and state securities laws. The Managing Member shall have no obligation to register any Member's Membership Interest under the Securities Act or under any applicable state securities laws, or to make any exemption therefrom available to any Member.

11.2 Transfer of Economic Interest. The Economic Interest of any Member may not be transferred in whole or in part unless the following terms and conditions have been satisfied:

(a) The transferor shall have: (i) assumed all costs incurred by the Company in connection with the transfer, (ii) furnished the Company with a written opinion of counsel, satisfactory in form and substance to counsel for the Company, that such transfer complies with applicable federal and state securities laws and the Company Agreement and will not result in the Company being treated as a publicly traded partnership for purposes of section 7704 of the Code and (iii) complied with such other conditions as the Managing Member may reasonably require from time to time; and

(b) The transferee shall have assumed the obligations, if any, of the transferor to the Company, including the obligation to fulfill the pro rata portion of the transferor's then existing or subsequently arising Commitment related to the transferred Economic Interest or portion thereof.

Transfers of Economic Interests will be recognized by the Company as effective only upon the close of business on the last day of the calendar month following satisfaction of the above conditions. Any transfer in contravention of this Article XI and any transfer which if made would cause a termination of the Company for federal income tax purposes under section 708(b) of the Code shall be void when made and ineffectual and shall not bind the Company or the other Members.

11.3 Status of Transferee of Economic Interest. A transferee of an Economic Interest who is not admitted as a Substitute Member shall be entitled only to receive that share of Profits, Losses and Distributions, and the return of Capital Contribution and Distributions upon a dissolution of the Company, to which the transferor would otherwise be entitled with respect to the interest transferred, and shall not have any Management Rights of a Member of the Company under the NY LLC Law or this Company Agreement including, without limitation, the right to obtain any information on account of the Company's transactions, to inspect the Company's books or to vote with the Members on, or to grant or withhold consents or approvals to, any matter. The Company shall, if a transferee and transferor jointly advise the Company in writing of a transfer of the Economic Interest, furnish the transferee with pertinent tax information at the end of each Fiscal Year.

11.4 Transfer of Management Rights; Admission of Substitute Member. A Member may transfer Management Rights and give the transferee the right to become a Member only after the following terms and conditions have been satisfied:

(a) The transferee shall also be the transferee of all or part of the transferor's Economic Interest, or shall be the owner of an Economic Interest;

(b) The Members holding at least a majority of the Membership Interests shall have consented in writing to the admission of the Substitute Member, which consent may be arbitrarily withheld by any such Member; and

(c) The transferor and the transferee shall have complied with such other requirements as the non-transferring Members may reasonably impose, including the conditions that the transferee:

(i) Adopt and approve in writing all the terms and provisions of the Company Agreement then in effect; and

(ii) Pay such fees as the Managing Member may reasonably require to pay the costs of the Company in effecting such substitution.

11.5 Transfer to Surviving Spouse or Lineal Descendent. If, by reason of the death of a Member, all or part of such Member's Economic Interest is transferred to the surviving spouse or to a lineal descendent of such Member (a "Permitted Transferee"), pursuant to the last will and testament of, or inter vivos trust created by, such Member, or pursuant to the laws of descent and distribution applicable to such Member's estate, such Permitted Transferee shall be admitted as a Substitute Member upon satisfaction of the terms and conditions of Section 11.4(c), to the extent applicable.

11.6 Death, Dissolution, Bankruptcy or Incompetency of a Member. Upon the death, dissolution, adjudication of bankruptcy, insanity or incompetency of a Member, such Member's successors, executors, administrators or legal representatives shall have all the rights of a Member (except as provided by the last sentence of this Section 11.6) for the purpose of settling or managing such Member's estate, including such power as such Member possessed to substitute a successor as a transferee of such Member's interest in the Company and to join with such transferee in making the application to substitute such transferee as a Member. However, except as provided in Section 11.5, such successors, executors, administrators or legal representatives will not have the right to become a Substitute Member in the place of their predecessor in interest unless the other Members shall so consent as provided in Section 11.4(b) hereof.

11.7 Dispositions not in Compliance with this Article Void. Any attempted Disposition of a Membership Interest, or any part thereof, not in compliance with this Article shall be void when made and ineffectual and shall not bind the Company.

ARTICLE XII DISSOCIATION OF A MEMBER

12.1 Dissociation. A Person shall cease to be a Member upon the happening of any of the following events:

(a) The resignation or withdrawal of a Member;

(b) A Member becoming a Bankrupt Person;

(c) In the case of a Member who is a natural person, the death of the Member or the entry of an order by a court of competent jurisdiction adjudicating the Member incompetent to manage the Member's personal estate;

(d) In the case of a Member that is a trust or who is acting as a Member by virtue of being a trustee of a trust, the termination of the trust (but not merely the substitution of a new trustee);

(e) In the case of a Member that is a separate Organization other than a corporation, the dissolution and commencement of winding up of the separate Organization;

(f) In the case of a Member that is a corporation, the filing of a certificate of dissolution, or its equivalent, for the corporation or the revocation of its charter; or

(g) In the case of a Member that is an estate, the distribution by the fiduciary of the estate's entire interest in the Company.

12.2 Rights of Dissociating Member. In the event any Member dissociates prior to the expiration of the term of this Company Agreement:

(a) If the Dissociation causes a dissolution and winding up of the Company under Article XIII, the Member shall be entitled to participate in the winding up of the Company to the same extent as any other Member except that, if such Dissociation results from a withdrawal of a Member in violation of this Company Agreement, any Distributions to which such Member would have been entitled shall be reduced by that portion of the damages, if any, sustained by the Company as a result of the Dissolution Event and winding up that is chargeable to the Capital Accounts of the other Members; or

(b) If the Dissociation does not cause a dissolution and winding up of the Company under Article XIII, the Member shall be entitled to an amount equal to the value of the Member's Membership Interest in the Company, to be paid over a period not to exceed five years together with interest at the minimum rate necessary to avoid the imputation of interest under the Code. The value of the Member's Membership Interest shall include the amount of any Distributions to which the Member is entitled under the Company Agreement and the value of the Member's Membership Interest as of the date of Dissociation as determined by independent appraisal, reduced by an allocable portion of any damages sustained by the Company as a result of the Member's Dissociation.

ARTICLE XIII DISSOLUTION AND WINDING UP

13.1 Dissolution. The Company shall be dissolved without further action by the Members and its affairs wound up upon the first to occur of any of the following events (each of which shall constitute a Dissolution Event):

(a) The expiration of the term of the Company Agreement, unless the Company is continued with the consent of all of the Members;

(b) The written consent of the Members holding at least two-thirds of the Membership Interests; and

((c) At any time when there is but one Member.)

13.2 Effect of Dissolution. Upon dissolution, the Company shall not be terminated and shall continue until the winding up of the affairs of the Company is completed and articles of dissolution have been filed with the Department of State of New York.

13.3 Distribution of Assets on Dissolution. Upon the winding up of the Company, the Managing Member (or, if there is no Managing Member then remaining, such other Person(s) designated by the Members representing at least a majority of the Members' Membership Interests) shall take full account of the assets and liabilities of the Company, shall liquidate the assets (unless the Managing Member determines that a Distribution of any Company Property in-kind would be more advantageous to the Members than the sale thereof) as promptly as is consistent with obtaining the Fair Market Value thereof, and shall apply and distribute the proceeds therefrom in the following order:

(a) First, to the payment of the debts and liabilities of the Company to creditors, including Members who are creditors, to the extent permitted by law, in satisfaction of such debts and liabilities, and to the payment of necessary expenses of liquidation;

(b) Second, to the setting up of any reserves which the Managing Member may deem necessary or appropriate for any anticipated obligations or contingencies of the Company arising out of or in connection with the operation or business of the Company. Such reserves may be paid over by the Managing Member to an escrow agent or trustee selected by the Managing Member to be disbursed by such escrow agent or trustee in payment of any of the aforementioned obligations or contingencies and, if any balance remains at the expiration of such period as the Managing Member shall deem advisable, shall be distributed by such escrow agent or trustee in the manner hereinafter provided; and

(c) Then, to the Members in accordance with positive Capital Account balances taking into account all Capital Account adjustments for the Company's taxable year in which the liquidation occurs. Liquidation proceeds shall be paid within 60 days of the end of the Company's taxable year in which the liquidation occurs. Such Distributions shall be in cash or Property (which need not be distributed proportionately) or partly in both, as determined by the Managing Member.

If at the time of liquidation the Managing Member shall determine that an immediate sale of some or all Company Property would cause undue loss to the Members, the Managing Member may, in order to avoid such loss, defer liquidation.

13.4 Winding Up and Articles of Dissolution. The winding up of the Company shall be completed when all debts, liabilities and obligations of the Company have been paid and discharged or reasonably adequate provision therefor has been made, and all of the remaining Property of the Company has been distributed to the Members. Within 90 days following the

dissolution and commencement of the winding up of the Company, articles of dissolution shall be filed with the Department of State of New York. The articles of dissolution shall set forth the information required by the NY LLC Law.

ARTICLE XIV MISCELLANEOUS

14.1 **Notices.** Notices to the Managing Member shall be sent to the principal office of the Company. Notices to the other Members shall be sent to their addresses set forth on Exhibit A. Any Member may require notices to be sent to a different address by giving notice to the other Members in accordance with this Section 14.1. Any notice or other communication required or permitted hereunder shall be in writing, and shall be deemed to have been given with receipt confirmed if and when delivered personally, given by prepaid telegram or mailed first class, postage prepaid, delivered by courier, or sent by facsimile, to such Members at such address.

14.2 **Meetings.** A meeting of the Members may be called by the Managing Member at any time, and shall be called at the written request of the Members holding at least a majority of the Membership Interests. Written notice stating the place and time of the meeting, and the purpose thereof shall be given by the Managing Member to each Member at least ten days before the meeting.

14.3 **Headings.** All Article and Section headings in the Company Agreement are for convenience of reference only and are not intended to qualify the meaning of any Article or Section.

14.4 **Entire Agreement.** This Company Agreement constitutes the entire agreement among the parties and supersedes any prior agreement or understanding among them respecting the subject matter of this Company Agreement.

14.5 **Binding Agreement.** This Company Agreement shall be binding upon, and inure to the benefit of, the parties hereto, their successors, heirs, legatees, devisees, assigns, legal representatives, executors and administrators, except as otherwise provided herein.

14.6 **Saving Clause.** If any provision of this Company Agreement, or the application of such provision to any Person or circumstance, shall be held invalid, the remainder of this Company Agreement, or the application of such provision to Persons or circumstances other than those as to which it is held invalid, shall not be affected thereby. If the operation of any provision of this Company Agreement would contravene the provisions of the NY LLC Law, such provision shall be void and ineffectual.

14.7 **Counterparts.** This Company Agreement may be executed in several counterparts, and all so executed shall constitute one agreement, binding on all the parties hereto, even though all parties are not signatories to the original or the same counterpart. Any counterpart of either the Company Agreement or the Articles of Organization shall for all purposes be deemed a fully executed instrument.

14.8 Governing Law. This Company Agreement shall be governed by and construed in accordance with the laws of the State of New York without regard to the principles of conflicts of laws.

14.9 No Partnership Intended for Nontax Purposes. The Members have formed the Company under the NY LLC Law, and expressly do not intend hereby to form a partnership under either the New York Uniform Partnership Law or the New York Uniform Limited Partnership Law. The Members do not intend to be partners one to another or partners as to any third party. To the extent any Member, by word or action, represents to another person that any Member is a partner or that the Company is a partnership, the Member making such wrongful representation shall be liable to any other Members who incur personal liability by reason of such wrongful representation.

14.10 No Rights of Creditors and Third Parties under Company Agreement. The Company Agreement is entered into among the Company and the Members for the exclusive benefit of the Company, its Members and their permitted successors and assignees. The Company Agreement is expressly not intended for the benefit of any creditor of the Company or any other Person. Except and only to the extent provided by applicable statute, no such creditor or any third party shall have any rights under the Company Agreement or any agreement between the Company and any Member with respect to any Capital Contribution or otherwise.

14.11 Dispute Resolution. Whenever the Members shall have any dispute among themselves relating to the interpretation, construction or implementation of this Company Agreement or shall be deadlocked or shall otherwise be in dispute with respect to the relations among the Members or between the Members and the Company or any other matter related thereto, the Members shall resolve such dispute as follows:

(a) First, each Member involved in such dispute shall use its good faith efforts to negotiate a resolution thereof by engaging in discussions with the other Members so involved at reasonable times and places, by telephone or otherwise, during the 30 day period following notice by a Member to each of the other Members of its belief that there is a dispute which requires resolution in such manner;

(b) Second, if the Members are unable to resolve such dispute through good faith negotiations during the 30 day period provided in Section 14.11(a), the Members shall submit such dispute to an arbitration procedure that shall be selected by the Members involved in such dispute; and

(c) Third, if the Members are unable to resolve such dispute through the arbitration procedure selected by them, any Member involved in such dispute may bring an action or proceeding in any court having jurisdiction thereof; provided that (i) a Member may object to the venue of such action or proceeding or that such court does not have jurisdiction over such Member and (ii) each Member waives its right to trial by jury and its right to consequential, special and/or punitive damages.

14.12 General Interpretive Principles. For purposes of this Company Agreement, except as otherwise expressly provided or unless the context otherwise requires:

(a) The terms defined in this Company Agreement include the plural as well as the singular;

(b) Accounting terms not otherwise defined herein have the meanings given to them in the United States in accordance with generally accepted accounting principles;

(c) References herein to "Sections," "paragraphs" and other subdivisions without reference to a document are to designated Sections, paragraphs and other subdivisions of this Company Agreement;

(d) A reference to a paragraph without further reference to a Section is a reference to such paragraph as contained in the same Section in which the reference appears, and this rule shall also apply to other sub-divisions;

(e) The words "herein," "hereof," "hereunder" and other words of similar import refer to this Company Agreement as a whole and not to any particular provision; and

(f) The term "include" or "including" shall mean without limitation by reason of enumeration.

IN WITNESS WHEREOF, the parties hereto have executed this Company Agreement as of the Effective Date.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 601141 / 2023

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation among various plaintiffs and defendants regarding a motor vehicle accident that occurred on August 21, 2016 on the Long Island Expressway. The accident took place in the vicinity of a location where H&L Contracting LLC was performing work under contract to NYSDOT. There were multiple fatalities as a result of the accident and there have been numerous suits and countersuits filed to date.

Considering the ongoing litigation, H&L can provide only limited information at this time. If more information is necessary, please provide specific questions in writing for review by H&L's attorney.

It is H&L's position that all work was performed in complete accordance with NYSDOT specifications and standards and that H&L in no way contributed to the cause or severity of the accident. [information available to H&L indicates that the approximate cause of the accident was a vehicle traveling recklessly at a high rate of speed (90+mph)].

The filing referenced above is associated with the insurance policy contractually provided by H&L covering NYSDOT for liabilities incurred by the DOT under the contract. The filing is basically a pro forma summons regarding that policy.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 900720-22

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation regarding a utility damaged on a NYSDOT rehabilitation project on Route 110 in Huntington, NY. A gas main owned by National Grid was inadvertently damaged by H&L personnel. We have disagreed with this action brought forward by the Public Service Commission and have provided correspondence illustrating the facts of the matter.

It has been H&L's contention in the ongoing exchange of documentation, that the facility damaged was not correctly marked-out by the utility (4' from the actual location) and was placed against a drainage structure wall that was being removed. As a result of the location, the gas facility was damaged during the demolition. Repairs were made by the utility company and no injuries occurred. The matter is currently being handled by our Legal firm and should be resolved quickly.

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 154269

Date of Incident/Inspection: 7/19/21

Settled Amount of Fine: Not settled as of 4/8/22

Explanation:

On 7/19/21 an employee of Scatt Materials Corp., without instruction, entered a chute to free up a jammed diversion plate. While the plant and conveyor were shut down, as the employee moved material that was obstructing a diversion plate the stored energy in the plate caused the plate to suddenly move, striking the employee in the leg. The employee suffered a broken leg.

OSHA was notified immediately, and an inspection was performed that day. The following determinations were made after that inspection:

- The Lockout/Tagout procedures that were in place for the asphalt plant were inadequate.
- The employee that was injured was not properly trained in Lockout/tagout and stored energy.

Scatt received 2 violations as follows:

1. Procedures were not developed, documented, and utilized for the control of potentially hazardous energy
2. Employees were not adequately trained to ensure that the Lockout/Tagout program that was in place was understood and followed by employees

Due to the common ownership of Scatt Materials and Rason Materials, and considering Rason Materials had received OSHA violations and a stipulated fine in 2020 for similar violations, the violations were determined by OSHA to be Repeat-Serious Violations; each violation was accompanied by a \$6,216.00 fine.

Scatt has engaged legal counsel and is currently in discussions with OSHA to determine a settlement. Scatt understands at this time that the settlement will result in the removal of both "Repeat-Serious" violations and the assessment of one "other than serious" violation.

CORRECTIVE MEASURES

Additional awareness training has been provided to all Scatt employees with respect to the current Safety Program and Lockout/Tagout procedures. In addition, the Safety Programs for Scatt (and Rason) are currently under review and will be revised to meet or exceed all OSHA requirements.

LESSONS LEARNED

Scatt has placed increased emphasis on awareness training for all employees with respect to the Lockout/Tagout procedures and the potential stored hazardous energy in various components of the plant, even after the plant has been shut down.

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635374.015

DATE OPENED: 18 NOV 2022

SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:

Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 900721-22

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation regarding a utility damaged on a rehabilitation project on Route 112 in Medford. A gas main owned by National Grid was accidentally damaged by H&L personnel. We have disagreed with this action brought forward by the Public Service Commission and have provided correspondence illustrating the facts of the matter.

It has been H&L's contention in the ongoing exchange of documentation, that the damaged facility was not correctly marked-out by the utility and was incorrectly offset by the utility during their efforts to relocate the gas facility away from our work area. Repairs were made by the utility company and no injuries occurred. The matter is currently being handled by our Legal firm and should be resolved quickly.

To whom it may concern,

The following serve as summary descriptions of two open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015

DATE OPENED: 23 NOV 2022

SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:

Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that the H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

RE: OSHA INVESTIGATION OF H&L CONTRACTING LLC

On October 22, 2019 H&L Contracting LLC was performing paving work as a subcontractor to United Paving Corp. (General Contractor) under the Village of Freeport's 2019 Road Resurfacing Program. The subcontracting agreement between H&L and United included the paving work only, Maintenance and Protection of Traffic (MPT) was excluded from H&L's scope of work. Included in the streets to be paved by H&L was Grant Street, a dead-end street on the east side of Guy Lombardo Blvd. in the Village of Freeport.

Paving work was performed from the dead-end of Grant St. outward towards Guy Lombardo Blvd., with asphalt truck trailers provided by 4L Equipment Leasing LLC under an agreement with H&L. These trailers backed down Grant St. to the paver, and once empty proceeded ahead to Guy Lombardo Blvd., turning right to exit the work area. Unbeknownst to the H&L crew the United employee(s) that had been assigned to perform the MPT for the work were not at the Grant St. intersection but rather at another intersection scheduled for paving that day.

As a 4L truck was exiting Grant St. after dumping into the paver, the driver stopped the truck at the intersection with Guy Lombardo Blvd. During this time when the truck was stopped, another 4L employee, who had parked and exited his truck a short distance north on Guy Lombardo Blvd., ran towards the stopped truck on Grant St., approaching from the passenger side of that truck, apparently to obtain a scraper that was stored behind the cab. The driver of the stopped truck did not notice the approaching 4L employee due to that employee approaching from the passenger (blind) side. While the 4L employee was immediately in front of the stopped truck's right rear wheel, the driver proceeded forward, fatally injuring the 4L employee.

All required notifications were made, including Nassau County Police and OSHA. H&L fully cooperated with all investigations.

Notwithstanding that 1. MPT was NOT in the scope of H&L's work under the subcontract, 2. H&L was unaware that United was not providing MPT at the accident location at the time of the accident, and 3. If MPT was being provided at the intersection it is doubtful that the actions of the 4L employee, namely stepping in front of the rear wheel without notifying the driver of his presence, would have been prevented, the OSHA investigation resulted in two citations of violations against H&L. One being a severe violation of "Accident Prevention Signs and Tags" and the other being a severe violation of "Signaling". Each Violation included a penalty of \$12,145.00.

H&L was not afforded an opportunity to contest the citations, although it was H&L's wish to do so, apparently due to Federal COVID protocols affecting the ability to communicate with OSHA personnel.

H&L promptly paid the penalties and incorporated various "lessons learned" into its Safety Procedures. Chief among those lessons learned was that work cannot proceed without required MPT regardless of whose responsibility that MPT falls under.

H&L personnel are available at your convenience to discuss this matter and will provide available records and documentation at your request.

NYS Tax Warrant dated June 3, 2022 in the amount of \$686.57.

Explanation

New York State has disputed the amounts Village Dock, Inc. claimed as prepayments on corporate tax returns filed.

Village Dock Inc. will be seeking in May a conciliation conference to further argue that the facts and the law are on the side of Village Dock, Inc. and that the prepayments as reflected will be upheld, vacating these tax warrants.

Re: NASSAU COUNTY QUESTION

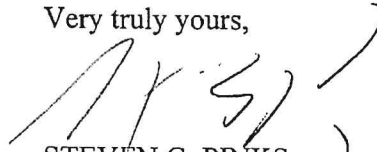

Ken:

We were aware of only one lawsuit which was brought under Index No. 900720/2022. That action concerned damage to a 2" "PE" gas line located at 642 New York Avenue, Huntington. In answer to a Complaint we are claiming that the 2" gas main was damaged solely because of incorrect marking by KeySpan/National Grid. Specifically, we claim that KeySpan/National Grid violated General Business Law 763(3) and Public Service Law 119(6) (ETSEQ).

The lawsuit under Index No. 900721/2022 concerns Route 112 and Granny Road. Although a Summons was served and we appeared on your behalf, we never received until now, the Verified Complaint. We will be checking with the Attorney General and if necessary, defend the action.

The records you previously provided to me explained that the end cap on the gas main was struck by the excavator solely because it had been re-located by National Grid earlier in the project in order to facilitate installation of a drainage structure. National Grid was required by New York State DOT to notify H & L Contracting of the re-location and was solely because of the failure of the utility to provide notification that the excavator struck the gas main.

Very truly yours,

STEVEN G. PINKS

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015

DATE OPENED: 23 NOV 2022

SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:

Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that the H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635374.015

DATE OPENED: 18 NOV 2022

SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:

Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

RE: OSHA INVESTIGATION OF H&L CONTRACTING LLC

On October 22, 2019 H&L Contracting LLC was performing paving work as a subcontractor to United Paving Corp. (General Contractor) under the Village of Freeport's 2019 Road Resurfacing Program. The subcontracting agreement between H&L and United included the paving work only, Maintenance and Protection of Traffic (MPT) was excluded from H&L's scope of work. Included in the streets to be paved by H&L was Grant Street, a dead-end street on the east side of Guy Lombardo Blvd. in the Village of Freeport.

Paving work was performed from the dead-end of Grant St. outward towards Guy Lombardo Blvd., with asphalt truck trailers provided by 4L Equipment Leasing LLC under an agreement with H&L. These trailers backed down Grant St. to the paver, and once empty proceeded ahead to Guy Lombardo Blvd., turning right to exit the work area. Unbeknownst to the H&L crew the United employee(s) that had been assigned to perform the MPT for the work were not at the Grant St. intersection but rather at another intersection scheduled for paving that day.

As a 4L truck was exiting Grant St. after dumping into the paver, the driver stopped the truck at the intersection with Guy Lombardo Blvd. During this time when the truck was stopped, another 4L employee, who had parked and exited his truck a short distance north on Guy Lombardo Blvd., ran towards the stopped truck on Grant St., approaching from the passenger side of that truck, apparently to obtain a scraper that was stored behind the cab. The driver of the stopped truck did not notice the approaching 4L employee due to that employee approaching from the passenger (blind) side. While the 4L employee was immediately in front of the stopped truck's right rear wheel, the driver proceeded forward, fatally injuring the 4L employee.

All required notifications were made, including Nassau County Police and OSHA. H&L fully cooperated with all investigations.

Notwithstanding that 1. MPT was NOT in the scope of H&L's work under the subcontract, 2. H&L was unaware that United was not providing MPT at the accident location at the time of the accident, and 3. If MPT was being provided at the intersection it is doubtful that the actions of the 4L employee, namely stepping in front of the rear wheel without notifying the driver of his presence, would have been prevented, the OSHA investigation resulted in two citations of violations against H&L. One being a severe violation of "Accident Prevention Signs and Tags" and the other being a severe violation of "Signaling". Each Violation included a penalty of \$12,145.00.

H&L was not afforded an opportunity to contest the citations, although it was H&L's wish to do so, apparently due to Federal COVID protocols affecting the ability to communicate with OSHA personnel.

H&L promptly paid the penalties and incorporated various "lessons learned" into its Safety Procedures. Chief among those lessons learned was that work cannot proceed without required MPT regardless of whose responsibility that MPT falls under.

H&L personnel are available at your convenience to discuss this matter and will provide available records and documentation at your request.

Sincerely,

RE: Priority Resurfacing Phase 17 – Bid Analysis

Dear Mr. Wong,

The five bids received on October 28, 2025 for this project ranged from a low of \$6,870,208.60 to a high of \$8,160,799.50. We conducted a thorough review of the five bidders and prepared the enclosed bid summary table. The apparent lowest bid is 11.94% below the engineer's estimate of \$7,802,125.00. The bids are as follows:

Bidder Name	Amount at Bid Opening	Corrected Bid Amount
H & L Contracting, LLC	\$6,870,208.60	\$6,870,208.60
Metro Paving LLC	\$6,895,055.00	\$6,893,555.00
Pratt Brothers, Inc.	\$6,990,333.11	\$6,990,333.11
Rosemar Contracting, Inc.	\$7,755,577.00	\$7,755,577.00
Posillico Civil, Inc.	\$8,160,799.50	\$8,160,799.50

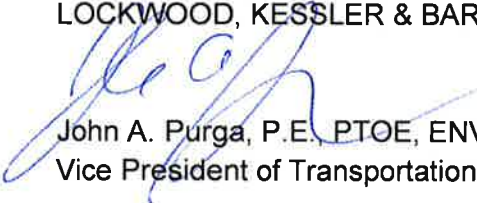

There was one irregularity in the bids. For item 422SHE, Metro Paving LLC entered a total bid price of \$3,210.00 even though the quantity was 5 each and they entered the unit price of \$342.00 in words and numbers. Despite this irregularity, it appears that H & L Contracting, LLC is the apparent lowest bidder at \$6,870,208.60.

Based on our review of the information provided in the bid documents, we find no sufficient cause for the County to not award the contract to the apparent low bidder H & L Contracting, LLC in the total amount bid of \$6,870,208.60.

Please let me know if you have any questions.

Very truly yours,

LOCKWOOD, KESSLER & BARTLETT, INC.

John A. Purga, P.E., PTOE, ENV SP, Assoc. DBIA
 Vice President of Transportation & Infrastructure
