RULES RESOLUTION NO -2026

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO AWARD AND EXECUTE A CONTRACT BETWEEN THE COUNTY OF NASSAU ACTING ON BEHALF OF THE NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS AND HINCK ELECTRICAL CONTRACTORS, INC.

WHEREAS, in accordance with all Federal, State and Local Law, the County of Nassau on behalf of the NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS ["Department"] has received competitive bids for contract T62462-01G, TRAFFIC SIGNAL EXPANSION-PHASE 10-PIN 0761.25, NASSAU COUNTY, NEW YORK ["Contract"], as more particularly described in the contract documents, a copy of which are on file with the Clerk of the Legislature; and

WHEREAS, the firm of HINCK ELECTRICAL CONTRACTORS, INC.

["Vendor"] has submitted the lowest responsible bid for the work described in the contract in accordance with all Federal, State and Local Law as determined by the Department, and

WHEREAS, the funding for this contract is from capital funds approved by the Nassau County Legislature and included in the current four year capital plan, and

WHEREAS, the Commissioner of the Department is representing that the total contract is estimated to be $ 17,112,868.35 now therefore be it

RESOLVED, that the Rules Committee of the Nassau County Legislature, based on the representations of the Department and the recommendation of the Commissioner of the Department, authorizes the County Executive to award and execute the said contract with the vendor.

FORM OF BID BOND

IMPORTANT The bidder shall instruct the Surety Company to **USE THIS FORM PROVIDED** as the use of **ANY OTHER FORM** may cause rejection of the bid.

KNOW ALL MEN BY THESE PRESENTS,

that we, the undersigned Hinck Electrical Contractor, Inc.

as Principal; and Fidelity & Deposit Company of Maryland as surety, who is Licensed to do business in the State of New York, are hereby firmly bound unto the County of Nassau in the penal sum of

Ten Percent of Amount Bid dollars ($ 10%) for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

Signed, this 18th day of August, 2025

The conditions of the above obligation is such that whereas the Principal has submitted to the County of Nassau a certain Bid attached hereto and hereby made a part hereof, to enter into a contract in writing for the work under Contract No. T62462-01G for the

Nassau County Department of Public Works Traffic Signal Expansion Phase 10
PIN 0761.25

NOW, THEREFORE, the conditions of this obligation are such that if the Principal shall not withdraw said proposal except by mutual consent of the County of Nassau within a period of forty-five (45) days after the opening of bids and in the event of acceptance of the Principal's proposal, if the Principal shall,

a. when notified by the County, execute all necessary counterparts of the contract as set forth in the contract documents in accordance with the proposal as accepted; and

b. furnish bonds and other security as specified in the contract documents for the faithful performance and proper fulfillment of such contract, which bonds or other security shall be satisfactory in all respects to the County; and

c. in all respects, comply with the provisions set forth in the invitation to bid; or if the County of Nassau shall reject the aforesaid proposal for a reason other than the Principal's failure to satisfy the County that he has the necessary skill, experience and liquid assets required for the contract as stated in the documents aforesaid, then this obligation shall be null and void; otherwise to remain in full force and effect.

Provided, however, that this bond is subject to the following additional conditions and limitations.

a. In the event that the Principal fails to submit a financial statement when required by the County or in the event that an examination of the Principal indicates to the County that the Principal does not meet the financial requirements required by the County, the undersigned will, upon demand, pay to the County of Nassau, as liquidated damages for the Principal's failure to meet such requirements, a sum equal to the amount that would have been required by a certified check if the same were delivered in accordance with the provisions of the contract documents and specifications herein stated.

b. In case the Principal shall default in the performance of any provision the undersigned will upon demand pay to the County of Nassau the full amount of the damages sustained by the County of Nassau by reason of such default, except however, it is expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligation of said Surety and its bond shall be in no way impaired or affected by any extension of time within which the County of Nassau may accept such Bid; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, the day and year first set forth above.

STATE OF NEW YORK
DEPARTMENT OF FINANCIAL SERVICES

CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW YORK INSURANCE LAW

It is hereby certified that

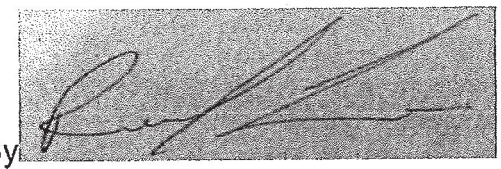

Fidelity and Deposit Company of Maryland
of Schaumburg, Illinois

a corporation organized under the laws of Illinois and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of $220,634,640. (Capital $5,000,000), as is shown by its sworn financial statement for the quarter ending, December 31, 2023, on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have here-unto set my hand and affixed the official seal of this Department at the City of Albany, this 10th day of May 2024.

Corporate Officer's Domicile [redacted]

Corporate Officer: Paul Stram Title: Secretary

Corporate Officer's Domicile [redacted]

NO TEXT ON THIS PAGE

The Following Paragraphs are Applicable to the Contract

THE BIDDER AFFIRMS AND DECLARES:

1. That the above bidder is of lawful age and the only one interested in this bid; and that no other person, firm or corporation, except those herein named, has any interest in this bid or in the Contract proposed to be entered into.

2. That this bid is made without any understanding, agreement or in connection with any other person, firm or corporation, making a bid for the same work, and is in all respects fair and without collusion or fraud.

3. That said bidder is not in arrears to the County of Nassau upon debt or contract, and is not a defaulter, as surety or otherwise, upon any obligation to the County of Nassau.

4. That no officer nor employee of the County of Nassau, or person whose salary is payable in whole or in part from the County Treasury is, shall be, or become interested directly, or indirectly as a contracting party, partner, stockholder, surety or otherwise, in this bid, or in the performance of the contract, or in the supplies, materials, equipment and work or labor to which it relates, or in any portion of the profits thereof.

5. That he has carefully examined the site of the work and that, from his own investigations, has satisfied himself as to the nature and location of the work, the character, quality and quantity of existing materials, all difficulties likely to be encountered, the kind and extent of equipment, other facilities needed for the performance of the work, the general and local conditions, and all other items which may, in any way, affect the work or its performance.

6. The bidder also declares that he has carefully examined and fully understands all the component parts of this Contract, that he will execute the Contract and will completely perform it in strict accordance with its terms for the following prices.

7. Where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities Glen Cove or Long Beach, the contractor shall be required to have such a license.

INFORMATION FOR BIDDERS

I. Rejection of Bids.

A. The Commissioner may recommend a reject of bid if:

1. The Bidder fails to furnish any of the information required by the bid documents; or if
2. The bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if
3. The bid does not strictly conform to law or the requirements of this contract; or if
4. The bid is conditional; or if
5. The bid on Unit Price Contracts, in the opinion of the Commissioner, contains unbalanced bid prices, where the unit price proposed for any item exceeds the estimated cost by more than fifteen percent (15%), or if any lump sum item bid exceeds the estimated cost by more than twenty-five percent (25%); or if
6. A determination that the bidder is not responsible is made in accordance with law.

B. Rejection of all bids and waiver of informalities.

The Commissioner, however, reserves the right to recommend to reject all bids whenever he deems it in the best interest of the County, and also the right to waive any informalities in a bid.

II. Unit Price Contracts, Comparison of Bids.

Bids on Unit Price Contracts will be compared on the basis of a total bid price, arrived at by taking the sum of the Approximate Quantities of such item multiplied by the corresponding Unit Price, and including any Lump Sum Bid on individual items, in accordance with the items set forth in the bid proposal.

Bidders are warned that the Approximate Quantities of the various items of work and material is estimated only, and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be more or less than estimated.

III. Lump Sum Contracts, Comparison of Bids.

Bids on lump Sum Contracts will be compared on the basis of the Lump Sum Price bid adjusted for alternate prices bid, if any.

IV. Apprenticeship Training Program

For all contracts in excess of $500,000 attach here verification letter regarding your firm's having an approved State of New York Apprenticeship Training Program.

QUALIFICATION STATEMENT

Note: All blanks in the form are to be filled in. Where blanks are not applicable to your firm, so indicate in each instance.

1. How many years has your firm been in the business under your present business name? 55 years

2. How many years experience in the construction work of a similar type as this contract has your firm had;

   a. as a Prime Contractor 55 years

   b. as a Subcontractor 55 years

3. List below the construction projects your firm has under way as of this date:

Contract Amount	Class of work	Percent Completed	Name and Address of Owner or Contracting Officer
[redacted]	ITS	24%	NYSDOT -
	Taxiway	10%	MacArthur Airport - Andrea Luft

(use additional blank sheets if additional space is necessary)

4. List the projects which your firm as a firm has performed in the past few years which you feel will qualify you for this work:

Contract Amount	Class of work	Percent Completed	Name and Address of Owner or Contracting Officer
[redacted]	New camera & time to distance Sign.	100%	Nassau County DPW -Jeff -Mike Kurpiec

(use additional blank sheets if additional space is necessary)

5. Have you:

   a. ever failed to complete any work awarded to You? NO
   If so; identify the project, the owner, the contract amount, the circumstances and date of all such failures to complete.

   b. ever been defaulted on a contract? NO
   If so; identify the project, the owner, the contract amount, the circumstances and the date of all default actions

NO TEXT ON THIS PAGE

c. ever been declared a non-responsible bidder by any municipality or public agency? NO
If so; identify the project, the owner, the contract amount, the circumstances and the date of all such declarations

d. ever been barred from bidding municipal or public contracts? NO
If so; identify the municipality or public agency, the circumstances, date and term of disbarment for all debarments.

(use additional blank sheets if additional space is necessary)

6. Has any officer, partner or principal of your firm ever been on officer, partner or principal of some other firm:

a. that failed to complete a construction contract? NO
If so, state name of individual and identify the name of firm, the project, the owner, the contract amount, the circumstances and the date of all such failures to complete for all principals of the firm.

b. that has ever been defaulted on a contract? NO
If so; state the name of the individual and identify the name of the firm, the project, the owner, the contract amount, the circumstances and the date of all default actions for all principals of the firm.

c. that has ever been declared a non-responsible bidder by any municipality or public agency? NO
If so; state the name of the individual and identify the name of the firm, the project, the owner, the contract amount, the circumstances and the date of all such declarations for all principals of the firm.

NO TEXT ON THIS PAGE

d. that has ever been barred from bidding municipal or public contracts? NO
If so; state the name of the individual and identify the name of the firm, the municipality or public agency, the circumstances, date and term of debarment for all debarments for all principals of the firm.

(use additional blank sheets if additional space is necessary)

7. Has any officer or partner of your firm ever failed to complete a construction contract handled in his name? NO
If so, state name of individual, name of owner and reason therefor:

8. Disclose any and all violations of the Prevailing Wage and Supplemental Payment Requirements of the Labor Law of New York State.

None

9. Disclose any and all other Labor Law Violations, including, but not limited to, child labor violations, failure to pay wages, or unemployment insurance tax delinquencies within the past five years.

None

10. In what other lines of business are you financially interested?

None

NO TEXT ON THIS PAGE

11. What is the construction experience of the principal individuals of your firm?

Individual's Name	Present Position or Office	Years of Construction Experience	Magnitude and type of work	In what Capacity
Paul Stram	Vice President	48 years	ID	Estimating hands on Electrical work.

(use additional blank sheets if additional space is necessary)

12. List below the equipment that you own that is available for the proposed work, giving present location where it may be inspected:

Item	Description, Size Capacity, Year, etc.	Years of Service	Present Location
- Please see attached Truck List -			

(use additional blank sheets if additional space is necessary)

NOTE: Should the equipment be moved from the above mentioned location, the submitted hereby agrees upon request of the County to state the new location where same may be found.

13. If any of the above equipment is covered by chattel mortgage, conditional bill of sale, lien, or like encumbrance, state the complete details as to nature and amount of encumbrance, the name and address of the holder, etc.

Not Applicable

(use additional blank sheets if additional space is necessary)

CONTRACTOR CERTIFICATION STATEMENT REGARDING

STORM WATER POLLUTION AT THE WORK SITE

I certify under penalty of the law that I understand and agree to comply with the terms and conditions of the pollution prevention plan for the construction site identified in such plans as a condition of authorization to discharge storm water. I also understand the operator (Nassau County) must comply with the terms and conditions of the New York State Pollution Discharge Elimination System ("SPDES") general permit for storm water discharges from construction activities and that it is unlawful for any person to cause or contribute to a violation of water quality standards. Finally, I understand my contractual obligations in the matter as outlined in the contract documents.

CONTRACTOR'S NAME: Hinck Electrical Contractor Inc.

APPENDIX 2
IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, Contractor agrees that after the list is posted on the OGS website, should it seek to renew or extend the Contract, it will be required to certify at the time the Contract is renewed or extended that it is not included on the prohibited entities list. Contractor also agrees that any proposed Assignee of the Contract will be required to certify that it is not on the prohibited entities list before the New York State Department of Transportation (NYSDOT) may approve a request for Assignment of Contract

During the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification, NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

APPENDIX 2-S
IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into a renewal or extension of this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Contractor understands that during the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any renewal, extension or request for assignment for an entity that appears on the prohibited entities list hereafter and to pursue a responsibility review with respect to any entity that is granted a contract extension/renewal or assignment and appears on the prohibited entities list thereafter.

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165–a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

✓ **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

___ **b. Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

ATTACHMENT 9 - NEW YORK STATE NON-COLLUSIVE BIDDING CERTIFICATE & NONDISCRIMINATION IN EMPLOYMENT IN NORTHERN IRELAND
[MACBRIDE FAIR EMPLOYMENT PRINCIPLES]

NONDISCRIMINATION IN EMPLOYMENT IN NORTHERN IRELAND
MACBRIDE FAIR EMPLOYMENT PRINCIPLES

In accordance with New York State Finance Law, Section 165, the contractor certifies that it or any individual or legal entity in which the contractor holds a 10% or greater ownership interest, or any individual or legal entity that holds a 10% or greater ownership interest in the contractor, either (answer yes or no to one or both of the following, as applicable),

(1) have business operations in Northern Ireland,
No ✓ Yes _____, and if yes:

(2) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles relating to nondiscrimination in employment and freedom of workplace opportunity regarding such operations in Northern Ireland, and shall permit independent monitoring of compliance with such principles.
No ✓ Yes _____

NON-COLLUSIVE BIDDING CERTIFICATION

In accordance with New York State Finance Law, Section 139-d, by submitting its bid each bidder and each person signing on behalf of any other bidder certifies, and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his or her knowledge and belief:

(A) The prices of this bid have been arrived at independently without collusion, consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
(B) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
(C) No attempt has been made or will be made by the bidder to induce any other person, partnership or
corporation to submit or not to submit a bid for the purpose of restricting competition.

Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions
(Sub-Recipient)

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

NO TEXT ON THIS PAGE

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

(a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;

(b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

(i) 30 days from the time the matter before the Employee is closed, or
(ii)30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

As a condition of being considered for the award of any contract above the County's small purchase threshold of $10,000, the Vendor will be required to distribute copies of the Nassau County Vendor Code of Ethics to all Participating Employees prior to any of those employee's participation in the procurement. The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

Section 8.02 Vendor Certifications

The vendor by signing the final contract thereby certifies and attests to the following:

(a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;

(b) All of its Participating Employees during the course of
procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;

(c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;

(d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;

(e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Chapter 9: PENALTIES

Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

Chapter 10: REPORTING OBLIGATION

Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

Section 10.03 Reporting Violations and Overpayments

The Vendor is obligated to timely report in writing to Nassau County's Inspector General, in connection with the award, performance or closeout of the Nassau County contract or subcontract, any credible evidence of significant overpayments on the contract or that a principal, employee, agent or subcontractor has committed a

violation of law involving fraud, conflict of interest, bribery or gratuities.

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

To facilitate the reporting obligations under Chapter 10, this code strictly forbids all Vendors and Vendors' Employees from taking any Retaliatory Action against individuals who make such reports.

Dear: Mr. Buck:

Please be advised that because you are signatory in good standing to the Collective Bargaining Agreement between Local Union No. 25, I.B.E.W. and the National Electrical Contractors Association you are entitled to hire apprentices through the Joint Apprenticeship and Training Committee electrical apprenticeship program.

Our apprenticeship program is registered with the New York State Department of Labor and is approved and recognized as such, we also comply with all provisions of Nassau and Suffolk County Law.

If you currently employ or have employed apprentices in the past and you need to provide proof that the apprentice(s) is, are or were a part of a New York State registered apprenticeship program, we will be happy to provide you with a copy of a current AT-401 (New York State Apprenticeship Agreement) or a New York State Department of Labor Certification of Completion of Apprenticeship Training.

Sincerely,

JOINT APPRENTICESHIP
AND TRAINING COMMITTEE

13) In the past 5 years, has this business and/or any of its owners and/or officers and/or any affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies? And/or, in the past 5 years, has any owner and/or officer of an affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies, for matters pertaining to that individual's position at or relationship to an affiliated business.
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

14) Has any current or former director, owner or officer or managerial employee of this business had, either before or during such person's employment, or since such employment if the charges pertained to events that allegedly occurred during the time of employment by the submitting business, and allegedly related to the conduct of that business:
a) Any felony charge pending?
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

b) Any misdemeanor charge pending?
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

c) In the past 10 years, you been convicted, after trial or by plea, of any felony and/or any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business?
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

d) In the past 5 years, been convicted, after trial or by plea, of a misdemeanor?
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

e) In the past 5 years, been found in violation of any administrative, statutory, or regulatory provisions?
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

15) In the past (5) years, has this business or any of its owners or officers, or any other affiliated business had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?
YES [ ] NO [X] If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

16) For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?
YES [ ] NO [X] If yes, provide details for each such year. Provide a detailed response to all questions checked 'YES'. If you need more space, photocopy the appropriate page and attach it to the questionnaire.

17 Conflict of Interest:

a) Please disclose any conflicts of interest as outlined below. NOTE: If no conflicts exist, please expressly state "No conflict exists."

(i) Any material financial relationships that your firm or any firm employee has that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No conflict exists

(ii) Any family relationship that any employee of your firm has with any County public servant that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No conflict exists

(iii) Any other matter that your firm believes may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No conflict exists

b) Please describe any procedures your firm has, or would adopt, to assure the County that a conflict of interest would not exist for your firm in the future.

Should a conflict arise we would notify the county and adhere to their guidelines.

A. Include a resume or detailed description of the Proposer's professional qualifications, demonstrating extensive experience in your profession. Any prior similar experiences, and the results of these experiences, must be identified.

Have you previously uploaded the below information under in the Document Vault?
YES [ ] NO [X]

Is the proposer an individual?
YES [ ] NO [X] Should the proposer be other than an individual, the Proposal MUST include:

i) Date of formation;

07/16/1970

ii) Name, addresses, and position of all persons having a financial interest in the company, including shareholders, members, general or limited partner. If none, explain.

John G. Buck President [redacted]

iii) Name, address and position of all officers and directors of the company. If none, explain.

John G. Buck President [redacted]
Paul Stram Vice President [redacted]

iv) State of incorporation (if applicable);

NY

v) The number of employees in the firm;

60

vi) Annual revenue of firm;

[redacted]

vii) Summary of relevant accomplishments

1 File(s) uploaded: Hinck packet.pdf

viii) Copies of all state and local licenses and permits.

1 File(s) uploaded: Electrical Licenses.pdf

B. Indicate number of years in business.

56

C. Provide any other information which would be appropriate and helpful in determining the Proposer's capacity and reliability to perform these services.

See attachment of relevant accomplishments

D. Provide names and addresses for no fewer than three references for whom the Proposer has provided similar services or who are qualified to evaluate the Proposer's capability to perform this work.

HINCK ELECTRICAL CONTRACTOR

Hinck Electrical Projects Overview

- Design/Build Projects
- Traffic signal installation and maintenance work
- MTA work
- Solar Power Installations
- Ball-field lighting
- Fiber optic cable installations
- Parking lot lighting
- Highway lighting and maintenance
- Medium Voltage work
- Sewage treatment plant work (rehab and new)
- Intelligent Transportation System Projects
- Bascular span drawbridges (rehab and new)
- Airport runway and navigation lighting work
- Complete substation yards (rehab and new)
- Red Light Camera Installations
- Landfills
- Instrumentation
- Submarine Cable Installation
- Water District Pumping Stations

Hinck Electrical Contractor, Inc.

Primarily serving Long Island, as well as New York City's five boroughs, and upstate New York.

Hinck Electrical Contractor Inc.
Design Build Work Experience

LIRR Meadowbrook Substation Replacement Design Build Electrical Subcontract (2018-2020)
Contract Price: [redacted]
Owner: LIRR
General Contractor: T. Moriarity
Completion Date: April 2020
Description: Provides complete brand new Meadowbrook Pre-Fab modular substation including assisting with completion of electric design.

LIRR Wreck Lead Submarine Cable Replacement Design Build (2015-2017)
Contract Price: [redacted]
Owner: LIRR
Completion Date: December 2017
Description: Joint Venture Prime Contract with Posillico a Design Build Project.
The project consisted of completing the LIRR design and replacing all Super Storm Sandy damaged submarine cables at the Wreck Lead Bridge. This included the installation of nearly two miles of signal, power and communication submarine cables, almost a mile of underwater installed HDPE conduit, 13,000 feet of bridge mounted fiberglass conduit, navigation lights, 600V multi-conductor cables, lab testing of sub cables, new steel platform, related marine support (barges, boats, divers etc.), concrete mattresses and finally, the removal of the existing damaged submarine cables once the new ones were energized.

LIRR 3rd Track Expansion Project From Floral Park to Hicksville, Design Build. (2019-2020)
Multiple Subcontracts under this project.
Owner: 3TC Joint Venture
Completion: Ongoing
Subcontract Value: [redacted]
Description: Remove, relocate and replace INFORM Fiber cable and Parkway lighting system.
Subcontract Value: [redacted]
Description: Install temporary traffic signal equipment and interconnect to allow for sheeting.
Subcontract Value: [redacted]
Description: Furnish and install temporary detection equipment to relocate travel lanes due to detour.
Subcontract: E J Electric
Value: [redacted]
Description: Perform all traffic signal work to perform temporary detours and then build (7) brand new intersections to Nassau County DPW standards.
Subcontract: E J Electric
Description: Perform multiple fiber optic splices on overhead power lines as directed by EJ/ LIRR.

D900042 Nassau Expressway, Design Build (2019- 2020)
Contract Price: [redacted]
Owner: NYSDOT
Completion Date: 1/31/2020
Description: Subcontractor to Tully Construction to perform all electrical work. This consisted of many temporary traffic signals, temporary lighting, permanent traffic signals, new street lighting section along the entire project. New fiber and communication system and cameras.

Carlls Straight Path Bridge Over I-495, Design Build (2015)
Contract Price: [redacted]
Owner: NYSDOT
General Contractor: El-Sol Contracting

Percent Complete: About 100%
This design build project consists of removing and replacing 2 brand new traffic signals at the North and South service roads. In addition, all the Inform Systems located in the bridge deck as well as on the Long Island Expressway had to be temporarily powered and maintained while the new infrastructure is built. Project also included many large 6" utility conduits that had to be installed under the bridge with Route 110 and over Route 27. Contact Information: Michael Androsiglio 631-647-3761.

Route 110 Over Route 27, Design Build (2015)
Contract Price: [redacted]
Owner: NYSDOT
General Contractor: Bove Industries
Percent Complete: 100%
This design build project consists of building a brand new bridge over Route 27. The old bridge has many Verizon and utility conduits as well as Inform Systems that must be maintained during construction. We must design and build a temporary lighting street lighting system as well as a temporary data link for the Inform equipment (surveillance cameras & VMS signs.) During the construction of the bridge we will install new conduits.

Value: [redacted]
Description: Perform all traffic signal work to perform temporary detours and then build (7) brand new intersections to Nassau County DPW standards.
Subcontract: E J Electric
Description: Perform multiple fiber optic splices on overhead power lines as directed by EJ/ LIRR.

Babylon Train Wash (2010-2012)
Contract Price: [redacted]
Owner: LIRR
Complete Date: 2012
Description: Subcontractor to Fortunato to do full installation of all electrical systems for new Train Wash, including Solar Panel Installation.
Contact Information: Barney Fortunato (631)567-7200

Wreck Lead Bridge Submarine Cable Replacement (2007)
Contract Price: [redacted]
Owner: LIRR (Ron Fioriello & Neville)
Completion Date: 2007
Prime Contractor working directly for LIRR replacing 12 runs of 2000MCM track power submarine cable as well as 2 runs of 37/C #14 control cable, all the while keeping the existing LIRR Bridge fully operational.

Oyster Bay Railroad Yard (2000)
Contract Price: [redacted]
Owner: LIRR
Completion Date: January 2000
Complete electrical work associated with new railroad yard including site lighting, wayside power stations, 2 complete pre-fabricated electrical service building, extensive duct banks along with 600V and 15KV cabling. Contact information: Penza Associates (631)242-4146

Speonk Railroad Yard (1998)
Contract price: [redacted]
Owner: LIRR
Complete electrical work associated with new railroad yard including site lighting, wayside power stations, 2 complete pre-fabricated electrical service buildings, extensive duct banks along with 600V and 15KV cabling. Contact Information: Rail Road Construction (973)242-4146 George.

Huntington Railroad Station Rehabilitation (1998)
Contract Price [redacted]
Owner: LIRR
Completion Date: 1998
Complete electrical work associated with new platforms including duct banks, platform lighting, overpass work, under-platform conduit and cable.

Port Jefferson to Huntington Signal Power Line 2200 Bolt (1992)
Contract Price: [redacted]
Owner: LIRR
Completion Date: June 1992
Job consisted of the installation of 2/C #2/0 5KV cable alongside railroad tracks from Huntington to Port Jefferson along with three generator buildings, and all associated hi-voltage splicing and termination.

LIRR Wreck Lead Bridge (1989)
Contract Price: [redacted]
Owner: LIRR
Completion Date: May 15, 1989
Incredibly complex signal, communication and track power electrical job including substantial submarine cables was to be completed in the unheard time of 7 months. This job is a good representation of how effectively Hinck Electrical has shown itself to be on an extremely complex job in terms of its scheduling and management procedures.

Port Jefferson Fuel Facility (1989)
Contract Price [redacted]
Owner: LIRR
Completion Date: March 1989
Electrical work associated with new diesel fuel recovery system located under the tracks at Port Jefferson Station including power, leak detection and overfill alarm.
Contact Information: Penza Associates (631)242-4999 George.

Stony Brook Railroad Station (1989)
Contract Price: [redacted]
Owner: LIRR
Completion Date: January, 1989
Complete renovation of existing Stony Brook Railroad Station including all electrical work associated with installation of new train platforms, track signaling and communication systems, crossing gates, under track precast conduits, overhead pole lines, etc.
Contact Information: Penza Associates (631)242-4999 George.

LILCO-LIRR Electrification (1988)
Contract Price: [redacted]
Owner: LILCO, LIRR

Completion Date: March 1988
Job consisted of installation of approximately ten miles of 15KV 750MCM direct burial cable at six different locations within Nassau & Suffolk County between LILCO unit substation and LIRR rectifying stations with all hi-voltage splicing being our responsibility except those within the LILCO Substation.

Ronkonkoma Welfare Building (1987)
Contract Price: [redacted]
Owner: LIRR
Completion Date: December 1987
Job consisted of complete electrical work on new LIRR maintenance and operation center including 13 track yards, signal and communication work, fire alarm, power: yard switches, track snow and ice melting system, and signaling system. Contact Information: Slattery Associates, Inc. (718)767-2600 Lenny Fleischman. Long Island Railroad (718)990-8180 Joe Ferrar
Contact Information: Penza Associates (631)242-4999 George.

Deer Park Brentwood, Wyandanch, & Central Islip Train Stations (1987)
Contract Price [redacted]
Owner: LIRR
Completion Date: October 1987
Job consisted of the electrical work on new stations at each of the above sites including new platform lighting, platform telephones, power, signal and communications.

Hinck Electrical Contractor Inc.
Medium Voltage Substation Experience

Village of Rockville Centre Ocean Ave. & Maple Ave. Substations (2.6 million)
Brand new from the ground up 35KV substation at new Ocean Ave. yard as well as addition to existing Maple Ave. substation. Including new substation building, insulators, medium voltage cabling, structural steel, fiber optics, etc.

BNL NSLS II SITE PREPARATION [redacted]
Furnishing and installation of 15KV primary electric service and telephone service. 15KV splicing and terminations. Installation of supplied primary transformer.
Contact: Tom Henring (631)344-5275

BNL AGS MMPS TRANSFORMER YARD UPGRADES [redacted] Removal of large existing concrete transformer pads, with monitoring by industrial hygienist. Installation of 2 new large concrete transformer pads, underground conduit, quazite manholes, grounding and blue stone work.
Contact: Dennis Dansiglio (631)344-2579

BNL ELECTRICAL DISTRIBUTION UPGRADE [redacted] Refurbishment of BNL's Underground 13.8KV and 2.4KV electrical distribution system.
Contact: Swapna Mukherji (631)344-2579

BNL 2400V DISTRIBUTION: [redacted] Installation of 1000MCM, 750MCM, 600MCM, 500MCM, 5KV, 133% insulation cables through new concrete encased duct banks including 5KV, Raychem terminations and 5KV splices (some lead splicing)
Contact: Tom Nehring (631)344-5275

BNL 15KV OVERHEAD POLE LINE: [redacted] nstallation of 15KV overhead transmission lines (1192MCM bare aluminum) at Brookhaven National Laboratory (approx. 2 miles in length) included installation of poles, cross arms, potheads, down-guys, insulators, cables through underground duct banks including Raychem terminations.
Contact Dennis Dansiglio (631)344-5278

BNL SUBSTATION 631: [redacted] Complete addition to existing substation including installation of overhead bus, 10 MVA transformer, oil switch, 3 air switches, 1000 MCM 15KV switchgear, steel structural supports and insulators.
Contact Roy Butler (631)344-3456

BNL IMPROVE SERVICE: [redacted] Installation of new 15KV 500 MCM cables including Raychem terminations and 15KV splicing in manholes.
Contact: Abbas Wesson (631)344-5276

BNL WASTE MANAGEMENT FACILITY: [redacted] Complete brand new facility consisting of 4 brand new buildings, with all new electrical systems, installation of 15KV 350 MCM, 133% copper cable through existing duct banks including Raychem.
Contact: Jim Wright- (631) 344-4606

BROOKHAVEN FEEDER & TRANSFORMER UPGRADE: [redacted]
Removal of one existing 10MVA, 69KV/13.8KV transformer with ancillary equipment, one existing 1MVA transformer, 2 69KV OCB's etc.. and then installing 1 new 20MVA 69KV C.B.'s, 250MCM 15V cable, numerous 15KV terminations 69KV work, duct bank, conduit and wire and testing and start-up of equipment, all within an existing substation yard.

TRANSFORMER REDUNDANCY & DUCTBANK INSTALLATION: [redacted]
Job consisted of installation of owner furnished 5000KVA (15KV to 2.4KV) transformer weight with oil 35,400 lbs. new 15KV ground mounted switch, related structural support steel, grounding and hi-voltage (15KV) cable (some of it aerial) and splices.

BNL ELECTRICAL SYSTEM MODS PHASE I & II [redacted]
Very large projects consisting of complete replacement of two substations, duct banks, 15KV cable, 5KV cable, civil work etc…

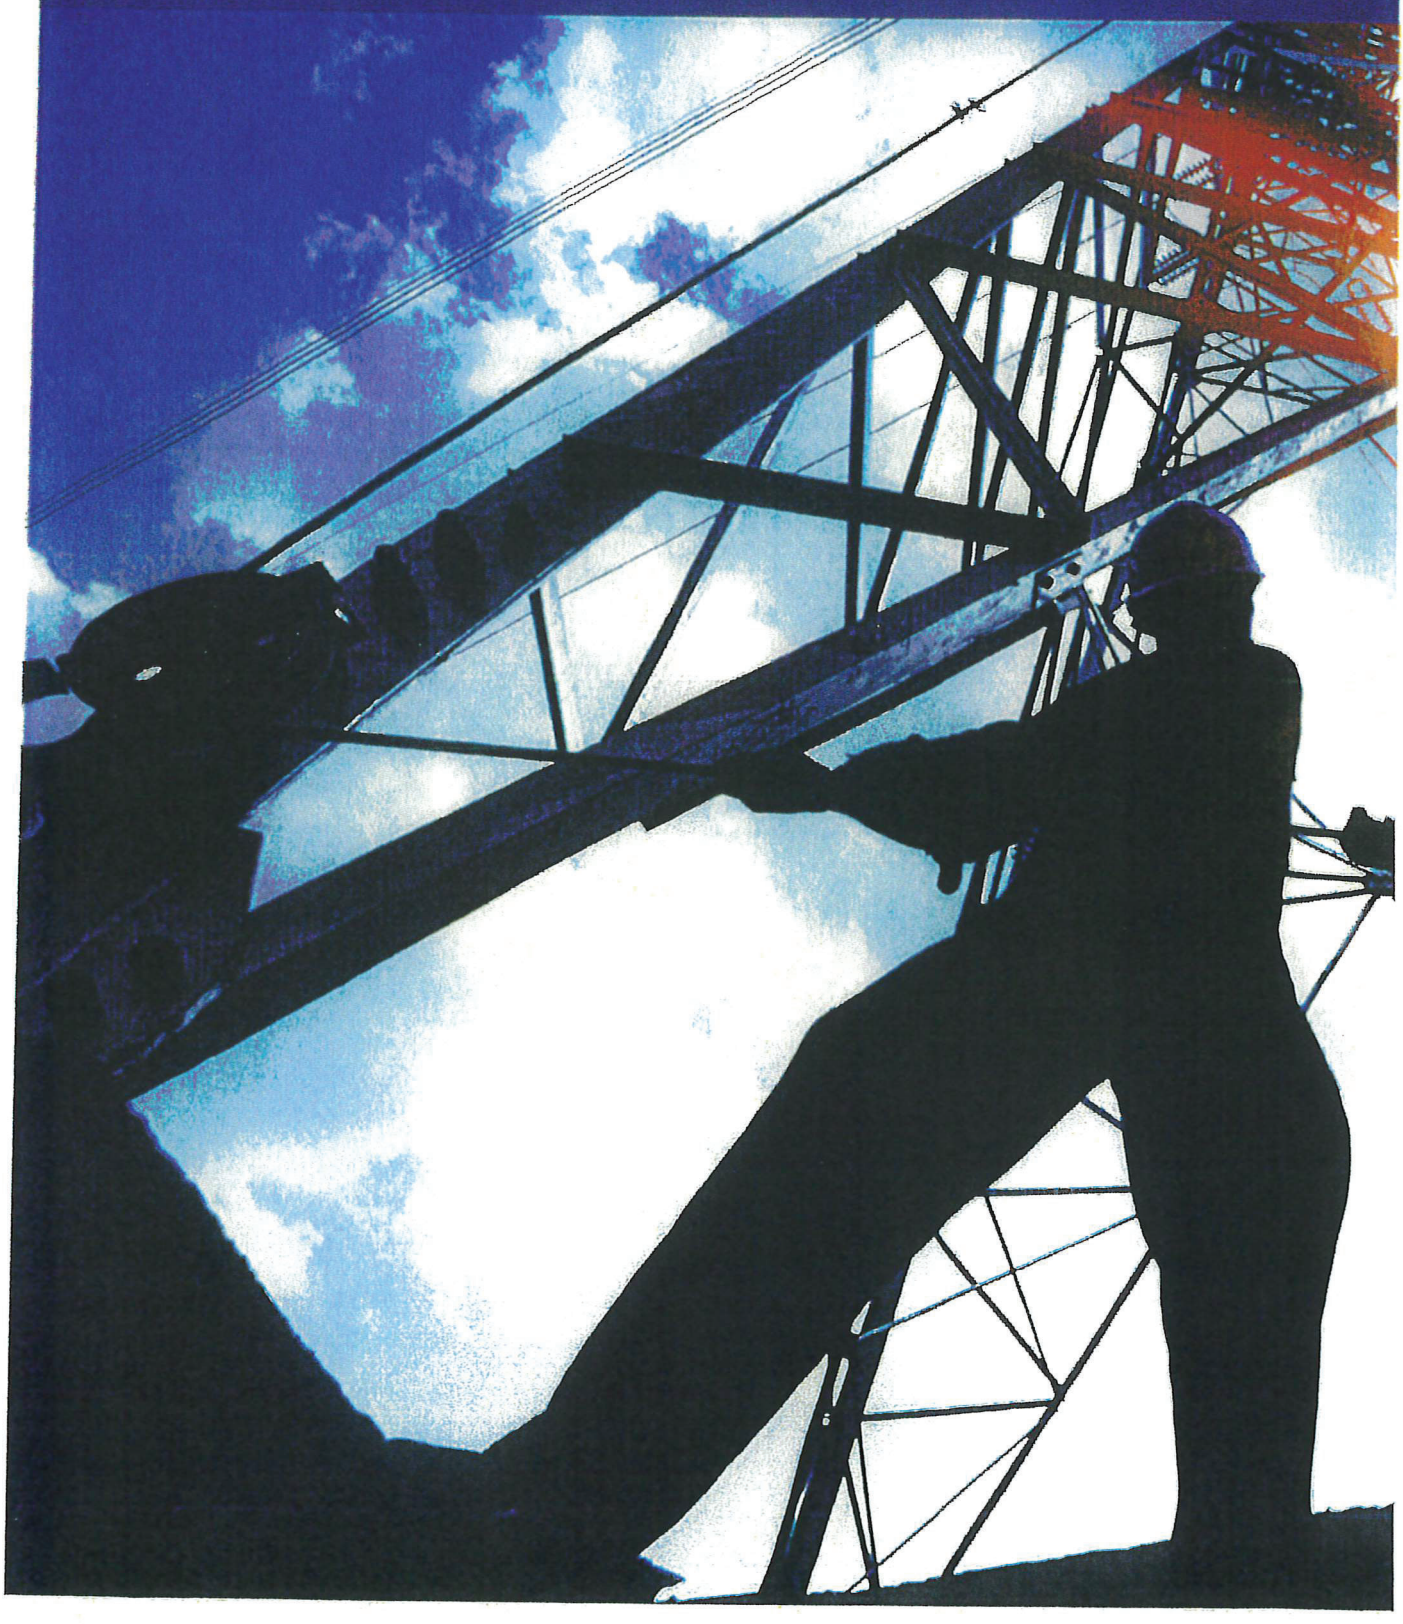

BNL SECURITY SYSTEM [redacted]
New traffic gates, duct banks, electrical feed.

BNL NSLS-II SITE ELECTRIC [redacted]
Installation of duct banks and manholes at BNL SLS II project. Included is installation of 5 miles of 1000MCM 15KV, 15 miles of 500MCM 600V, all with associated duct banks.
Contact: Tom Nehring (631)344-5275

NORTHPORT VA FEEDER REPLACEMENT [redacted]
Replacement of new 15KV 350MCM and 15KV 500MCM feeder throughout project.
Contact: Kevin Chilton (631) 584-5625

A LONG ISLAND FIRM

Builds a Strong Reputation

Hinck Electrical Contractor, Inc., of Long Island, New York has a reputation for tackling tough jobs, while maintaining family ties and ensuring employee loyalty. The company also prides itself on its wide array of services.

-Written by Nate Hendley

Currently based in Bohemia, New York, the electrical contracting firm was founded in 1970 by John Buck and Roy Hinck. Buck's son, also named John, is currently the company president while Roy Hinck's son, Craig, is currently vice-president.

In the not-so-distant future, more family members might be added. "My son wants to come into this business. He's eighteen. He's going to Roger Williams University, taking construction management. When he graduates in 2020, his goal is to get in here and continue [the business]," says President Buck.

The company's main focus at present is Long Island, though "for the right projects, we do occasionally work in the five boroughs [of New York City] as well as occasionally even into upstate New York," says Buck.

Hinck has not ventured into other states yet, though "for the right opportunity, we would absolutely consider it," states the company president.

In 2015, Hinck's revenues came to [redacted] This year, revenues are forecast to nearly double. "Fiscal 2016 will be our highest sales volume year in Hinck Electric's history, with us projecting sales volume close to [redacted] says Buck. At present, Hinck employs about sixty workers, but that figure might leap to eighty by the end of summer.

Over the decades, Hinck has earned a reputation for doing difficult jobs that other companies either can't or won't take on. "We do like the more technically challenging and involved projects such as design-build, submarine cables and intelligent transportation system projects as well as bascular span drawbridges and medium voltage substations. Although [such jobs] may have a greater risk associated with them, they can also have a higher potential for reward. Because we have so much experience in each of these types of work, I believe that the risk factor to us is far less than it would be for other electrical contractors," says Buck.

Wantagh bascular span drawbridge over sloop channel - Completed 2010. First brand new from the ground up bascular span drawbridge completed on Long Island in past 40 years. This electrical project included complete electrical and control systems, submarine cables, bridge operation, generator building, lighting, etc.. Just to the left of this bridge is the temporary by-pass bridge completed electrically by Hinck Electric in 2001

> "If one sector of the industry is slow, then we focus on another sector that is not."

Buck denies, however, that taking on complex jobs is the main 'secret' to Hinck's success. "I believe that is just one portion of it. I believe the greater secret to our success is the fact that we are extremely diversified. We excel at the above jobs I listed but also at much more, such as sewage treatment plants, pumping stations, traffic signal work construction and maintenance, airport runway lighting, ball field lighting, solar power

John Buck and Craig Hinck join some of their team in front of the Hinck Office.

installations and more. If one sector of the industry is slow, then we focus on another sector that is not. In our forty-six years in business, this diversification strategy has worked successfully year after year," he explains.

A high rate of employee retention is one of the reasons Hinck can take on so many tough projects and offer such a diversified portfolio.

"People come to this company to work, and they never leave. It is a very positive, team-oriented environment where success and loyalty are expected and rewarded. People here recognize that and say this is the place they want to work at for the rest of their lives. Our extremely low employee turnover rate reflects that fact. We look for people who are eager to learn, willing to work hard and enjoy working in a team environment," says Buck.

Hinck works to maintain a similar sense of loyalty with its suppliers. The company views suppliers and vendors "as teammates we need to help us win bids. We know if we pay timely, live up to our word, treat them with integrity in our dealings with them than most of the time they will do everything they can to help us win the next project. This over time can lead to advantages in the market. Contractors should not forget we need good suppliers as much as they need us," says Buck.

"We look for suppliers who live up to what they say in terms of delivery dates, terms et cetera, as well as competitive pricing and a willingness to work with us to help us meet our needs," he adds.

> "The company views suppliers and vendors 'as teammates we need to help us win bids.'"

Hinck belongs to several organizations and is a union contractor. The company is a member of the National Electrical Contractors Association (NECA), the Long Island Contractors Association (LICA) and the International Brotherhood of Electrical Workers (IBEW).

Buck cites a few recent jobs Hinck has been involved with that are particularly noteworthy: "A couple of projects stand out in my mind that I think really shows

Traffic signal relamp at Town of Brookhaven intersection. Hinck is a leading traffic signal maintenance contractor on Long Island, currently maintaining over 1000 signals – 24 hours a day, 7 days a week.

Installation of 15KV 750MCM cable at Brookhaven National Laboratory. Part of Hinck's highly acclaimed, three year upgrade project at BNL which included four brand new 13.8KV to 2.4KV substations, new 13.8KV and 2.4KV feeders, new duct banks, and related high voltage splicing and terminations.

how diversified our capabilities are. One is, the Brookhaven National Lab NSLS-II project, which was a $1 billion dollar initiative undertaken by the federal government under the Federal Stimulus package. This involved building one of the most advanced synchrotrons facilities in the world. We had the site electrical sub-contract. Our responsibilities included eight unit substations, six inch and four-inch duct banks throughout forty acres of land, five miles of 1000MCM, 5KV cable, fifteen miles of 500MCM, 600V cable, three site pump stations and emergency generators. Despite some difficult challenges, the job was a great success," he states.

"Another job we are very proud of that is still ongoing is our NYSDOT (New York State Department of Transportation) region 10 INFORM traffic management system maintenance contracts … these were won in August 2013 and will continue until at least 2019. The two contracts total over [redacted] We are very proud to have [these contracts] because it took many, many years of traffic signal installation and maintenance and other ITS (Intelligent Transportation System) type projects to develop the qualifications necessary to be even be allowed to bid this type of work. The work involves maintaining the NYSDOT's region 10 INFORM computerized traffic management system which incorporates freeway surveillance on all major east-west and north-south highways and parkways on Long Island using vehicle detectors, message board signs, ramp metering control, CCTV and other kinds of traffic control and communication equipment."

"Another job that I think again shows how diversified we are that we are currently in the middle of is the [Wreck Lead Bridge submarine cable] replacement project. For this approximately [redacted] design-build project, we bid prime as a joint venture with Posillico Inc., whom we consider one of the top general contractors in the New York metro area. The job involves replacing sixteen submarine cables damaged by Hurricane Sandy," and other work, all the while "trying to minimize any downtime

to rail traffic across a very busy elevated rail bridge. We have just completed the design portion and expect to start construction within the next few weeks with the project to be substantially complete by March 2017."

The company also did quite a bit of work following the devastation of Hurricane Sandy, which hit the eastern seaboard in 2012.

"Following Sandy, Hinck was inundated with work from different municipalities and agencies all over Long Island. From assisting the five major towns that we have traffic signal maintenance contracts with getting all the damaged traffic signals back and up and functioning to getting NYSDOT drawbridges that had been damaged by flooding functional again to assisting Nassau County get its flooded sewage pumping stations back on line we were busy for many, many months with millions of dollars work of work in repairs. Sandy-related work still continues, as strengthening and adding reinforcement against potential future flooding is still a priority throughout Long Island," says Buck.

Hinck's marketing is largely based on referrals and testimonials from satisfied customers. "We really do not go out of our way to promote the company but instead rely on word-of-mouth to spread our reputation. We do, however, have a website available, really for information purposes so owners, municipalities or general contractors can get a better understanding about what we do and what we are about. I believe, however, that over forty-six years, most people in the construction industry on Long Island know about Hinck Electric and our excellent reputation," he says.

As for the future, Buck says, "our goal is to continue to grow and capture more and more of the market share of the electrical industry here on Long Island but also to give consideration to further expanding our presence in the New York City market."

"The only thing I would like to let people know is that Hinck takes great pride in every project we do. Our people truly care about doing a great job and keeping the customer satisfied. Our end goal is to make that customer feel that he will never want to do another electrical project without Hinck Electric involved as his electrical subcontractor," states Buck.

LOCAL 25, I.B.E.W., Nassau and Suffolk Counties, Long Island, NY
January / February 2010

BNL'S NATIONAL SYNCHROTRON LIGHT SOURCE II MOVES FORWARD

The NSLS-II project at Brookhaven National Laboratory is finally under construction. The [redacted] facility is located on some 40 acres of property just east of the newly completed CFN Nanocenter. When completed in 2014/15, the research center will allow for unprecedented levels of examination regarding small particle discoveries into medical, energy and material sciences.

Currently Local 25 has two contractors working at the site. Gordon L. Seaman has been awarded the contract for the electrical construction of the building. Hinck Electric has been awarded the contract for the network of electrical site distribution associated with the facility. To appreciate the scope of the site distribution work, it involves installation of the following equipment: 8 unit substations, 8 4000A-480V 3 phase services, 5 miles 1,000 KCMIL 15KV cable (parallel sets), 15 miles of 500 KCMIL 600V cable – (all with associated 6" and 4" PVC duct banks), 3 site pump stations, 2-700 KW emergency generators with 10 ATS's and numerous duct bank runs – some ranging almost 20 feet below grade. There is also an addition to the nearby substation (with an associated duct bank) being done by Bana Electric. This will be used to provide the new NSLS with its own primary service.

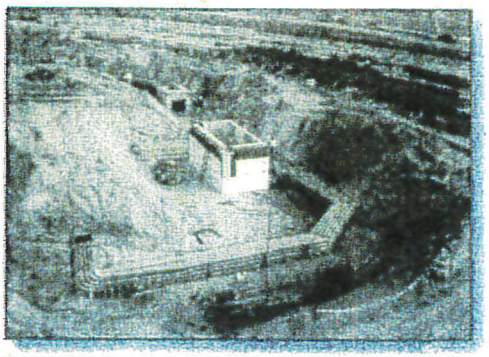

(L-R) Andrew Ferrizz, Sam Parris, Marty Johnson, John Martyn, Matt Baumer.

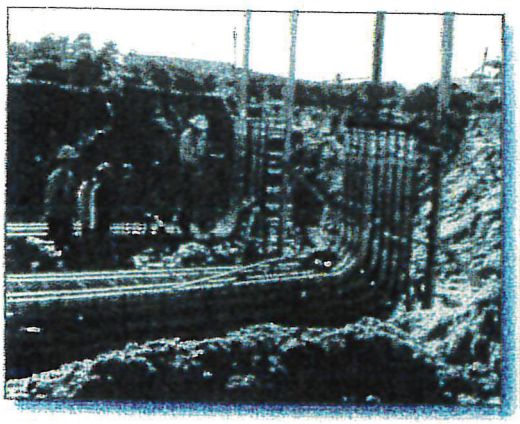

Construction schedules should continue to ramp up with increases in manpower support taking place throughout 2010 and well into 2011 and 2012. There is also

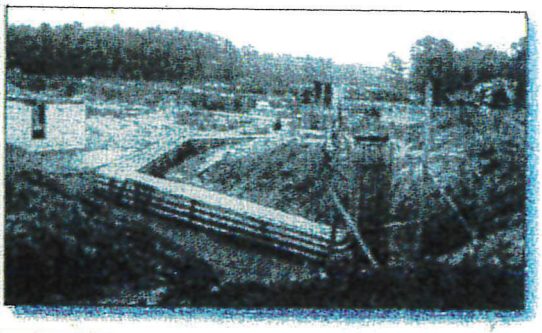

(Continued on page 5)

stimulus money coming to the lab to help with other construction projects most notably the [redacted] Interdisplinary Science Building (ISB), which is scheduled to start in 2010. The photos were taken by Hinck Electric Foreman John Martyn as construction of the site's duct banks progressed during 2009.

LICA'S LATEST

BIWEEKLY E-GRAM THAT CONTAINS THE LATEST NEWS AND INFORMATION VITAL TO LICA'S MEMBERS

PROJECT PROFILE: LIRR CONTRACT #6183 – HINCK-POSILLICO JV

When LIRR Contract #6183 "Design/Build Services for the Replacement of Wreck Lead Bridge Submarine Cables" was posted, **Hinck Electrical Contractors** knew it was a project tailor-made for their expertise. Not only does the Bohemia-based company have extensive submarine cable, Design-Build and LIRR work experience, but they've also worked on the sub cables of this exact same bridge back in 1988 and 2009. Hinck's 47 years of electrical construction experience coupled with **Posillico** providing all the civil work made for a very strong team. Posillico's design/build experience and their positive relationship with the LIRR only further enhanced the team's qualifications. To round out the team for the design portion of the project, Hardesty & Hanover was selected for their extensive submarine cable and bridge design experience.

After months of work to complete LIRR's complex RFP process, the contract was finally bid on 9/3/15. The **Hinck-Posillico JV** bid o[redacted] was determined to be the LIRR's best value proposal beating out Mass Electric's proposal of [redacted] And, after further discussions with the LIRR regarding scheduling and other issues, the project was finally awarded near the end of 2015.

With the long lead time required for submarine cables, construction finally began, in earnest, in September 2016. The project consisted of completing the LIRR design (from 30% to 100%), and replacing all Super Storm Sandy-damaged submarine cables at the Wreck Lead Bridge. This included the installation of nearly two miles of signal, power and communication submarine cables, almost a mile of underwater installed HDPE conduit, 13,000 feet of bridge mounted fiberglass conduit, navigation lights, 600V multi-conductor cables, lab testing of sub cables, new steel platform, related marine support (barges, boats, divers, etc.), concrete mattresses and finally, the removal of the existing damaged submarine cables once the new ones were energized.

The need to work within required Coast Guard regulations and the fact that the bridge needed to remain operational during the entire process were just two of the challenges this project presented. This meant dealing with constant train traffic, as well as difficult weather conditions (wind, waves and ice) and the inherent difficulties of any underwater installation. But with 98% of the work now completed, Hinck expects the project to be fully finished within the next few months. And, despite all the challenges, the joint venture of Hinck-Posillico JV will be able to say they have safely and successfully completed the project, on-time and under the LIRR's budget.

SAMPLE PROJECTS

Wantagh bascular span drawbridge over sloop channel. Completed In 2010, it's the first brand new from the ground up bascular span drawbridge completed on Long Island in past 40 years. This electrical project included complete electrical and control systems, submarine cables, bridge operation, generator building, lighting, and more. Just to the left of this bridge is the temporary by-pass bridge completed electrically by Hinck Electric in 2001.

Hinck is the leading installer of submarine cables on Long Island having completed dozens of such installations over the past 30 years. One such installation pictured below shows a staging barge prepared and located to do the underwater installation of 5 reels of 2000 MCM positive cables on one side of the LIRR's Wreck Lead Bridge. This Project involved replacing a total of 12 reels of 2000 MCM traction power submarine cables as well as 2 reels of 37/C#14 Control submarine cable directly for the LIRR and as can be seen had to be done while keeping the existing LIRR drawbridge operational. This job was successfully completed in December 2008.

One of 27 Variable Message Board signs installed by Hinck as part of its 25 million dollar Intelligent Transportation System (ITS) upgrade of the Southern State Parkway which additionally included the installation of over a half a million feet of fiber optic cable, 5 communication nodes, 12 Pole mounted Video Cameras, and 95 video image detection devices (VIDS).

Install of Stadium Lighting at Ducks stadium, Central Islip, NY., One of hundreds of ballfield lighting projects done by Hinck Electric.

Installation of 10 MVA transformer including oil fill and testing. Rockville Centre Power Authority, Maple Ave substation.

Hinck Electric currently has both the Northern and Southern Corridor contracts of NYSDOT's Region 10 INFORM Maintenance. INFORM is a computerized traffic management system, incorporating freeway surveillance using various types of vehicle detectors, variable message board information signs, ramp metering control, closed circuit television, and other various traffic control and communication equipment. The highways to be maintained include all major East West and North South Highways and Parkways on Long Island. The picture below is of that portion of Hinck Electric's truck fleet devoted exclusively for these INFORM Maintenance contracts.

Traffic signal relamp at Town of Brookhaven intersection. Hinck is a leading traffic signal maintenance contractor on Long Island, currently maintaining over 1000 signals - 24 hours a day, 7 days a week

Traffic Signal Relamp...

Installation Of 15KV 750MCM cable at Brookhaven National Laboratory. Part Of Hinck's highly acclaimed, three year upgrade project at BNL which included four brand new 13.8KV to 2.4KV substations, new 13.8KV and 2.4KV feeders, new ductbanks, and related high voltage splicing and terminations

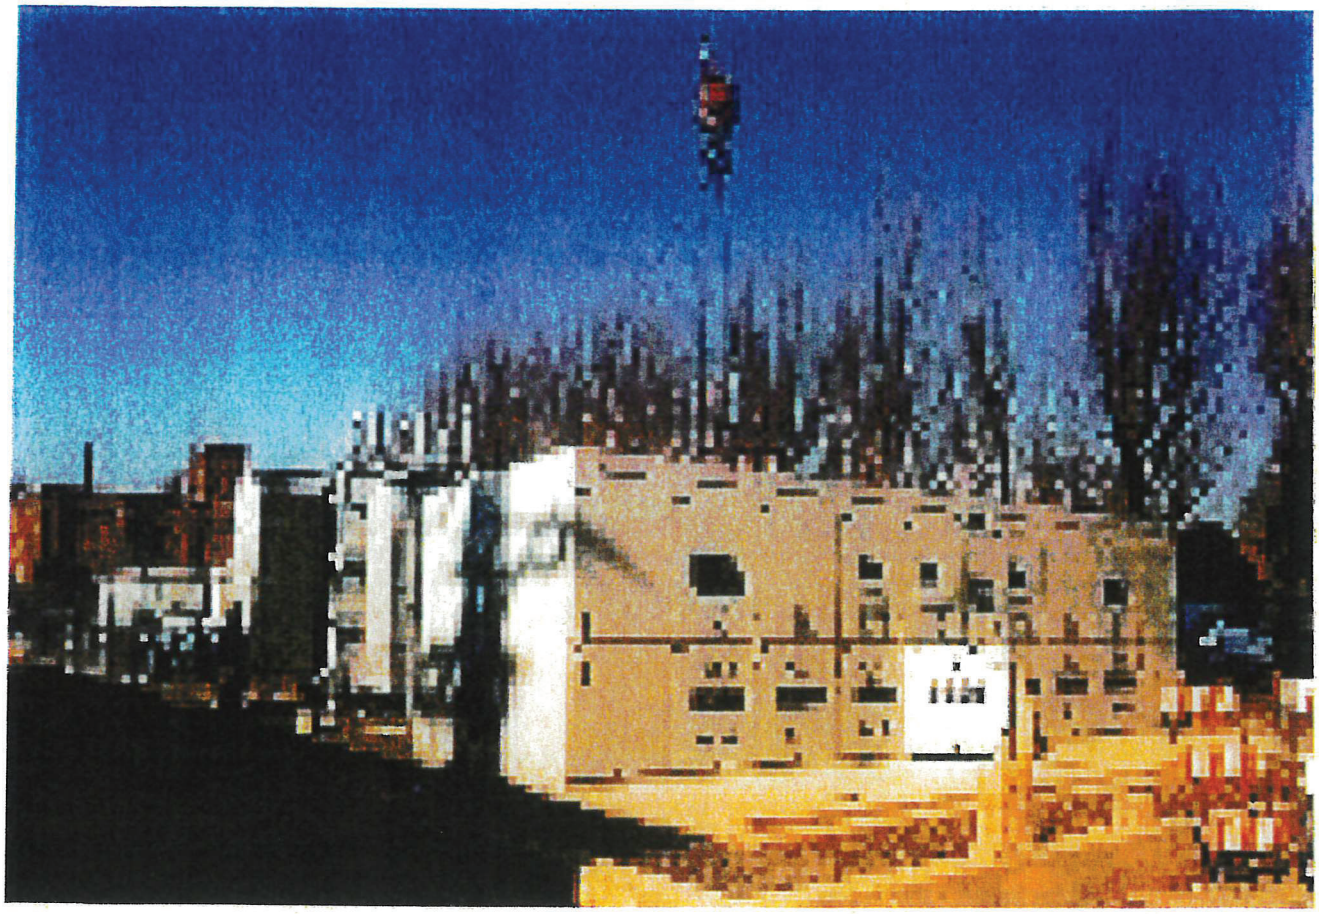

Raising of signals on major roadway to accommodate oversized loads

Installation of duct banks and Manholes at BNL NSLS-II project. This Federal Stimulus project located on 40 acres of property at Brookhaven National lab, will allow for unprecedented levels of examination regarding small particle discoveries. The site electrical work involved includes 8 unit substations, 5 miles of 1000MCM 15KV cable, 15 miles of 500MCM 600V cable, all with associated 6 and 4 duct banks, 3 site pump stations and 2-700KW emergency generators.

Installation of new 15KV, 10MVA substation Transformer and Switchgear at Brookhaven National Laboratory

Installation of substation switchgear for Rockville Center substation

Three completed Hinck Electrical projects. First, in the foreground, Long Beach Bascular span drawbridge rehabilitation completed for NYSDOT in 2004. Then, in background, Wreck Lead bridge over Reynolds Channel, where Hinck did the initial complete electrical installation back in 1988 for LIRR and then in 2009 Hinck did Submarine cable replacement directly for LIRR on this same bridge. All three projects included submarine cables and substantial overtime.

Installation of 2 piece Electrical Distribution Center Building #4 as part of Hinck's Design-build Electrical upgrade, Fan Replacement and Secondary Air projects at the Islip Resource Recovery Plant, Ronkonkoma, NY. Projects consisted of New Unit Substation, 1200KW Generator, EDC4(see photo), four large Variable Frequency Drives, complete instrumentation, mechanical work and all related conduit, feeders and civil work.

Hinck Electric is an expert at airport runway electrical work having completed numerous projects at Long Island's MacArthur, Republic and Gabreski Airports. One such project shown below involved the installation of elevated taxiway edge light transformer base at Republic airport Phase 2 reconstruction of taxiway bravo. (July 2010)

Hinck is currently the "go to" contractor for the installation of all red light cameras on Long Island. Hinck currently (as of 8/15/2010) has over 100 red light camera intersections fully operational and every day more are going up with completion of installation of all cameras throughout Nassau and Suffolk counties expected by early 2015. The picture shows Hinck's men installing red light cameras on their poles at a busy intersection in Nassau County,

New Cogeneration Plant at Perry Duryea NY State Office building, Hauppauge, NY, furnished and installed by Hinck Electric in 2010

NYS INFORM Control Room, located in Hauppauge, NY. Hinck is responsible for maintaining this complete Island-wide 'Intelligent Transportation System (ITS)' for the NYSDOT

Installation of Switchgear at Bergen Point WWTP as confirmed by Sammy and Matty, April 2016

Fiber optic cable repair in progress on LIE service road. With our custom-manufactured and fully equipped Fiber optic trailer, Hinck is prepared for any multi-mode and single mode fiber installation and repair project.

Hinck has completed 4 different projects from 1998 to 2016 for the NYSDOT that have involved the installation of Solar Powered Scour Monitoring stations. In total we have installed over 100 of these units on 7 different Long Island bridges that have been deemed to be potentially vulnerable to underwater scouring of its piles.

Solar Panel Installation at one of the five Sachem School District schools Hinck is currently contracted to install

Completed installation of new submarine cables, underwater HDPE and fiberglass conduit for LIRR design build project at Wreck Lead bridge. Completed September 2017

Town of North Hempstead - Clinton Martin Pool - Complete renovation and rehabilitation of electrical systems, grounding, bonding and lighting systems including the furnishing and installation of 5 - 80' main pool Musco lights and 6 - 60' tennis court Musco lights in addition to 319 canopy lights, interior electrical renovation of all building facilities and mechanical rooms, new electrical service and distribution equipment. Anticipated completion - May 2018

Re: Contract 5998 - POI2226 - Notification of Performance Evaluation
Wreck Lead Bridge Submarine Cable Replacement Project

Dear Mr. *Buck*:

I wish to commend you and your company for outstanding performance on the Wreck Lead Bridge submarine cable replacement project in Reynolds Channel, Long Beach, NY. You were able to meet difficult challenges throughout the project and the LIRR feels you have exceeded all expectations of performance.

I continually monitored your performance, particularly in the key areas of Safety, Quality, Scheduling, and Management *(Quality of Service and Deliverable and Management of consultants)*.

Hinck's progress and completion of the project met the contract duration and /milestones.

Your company complied with all contract safety requirements and guidelines. Hinck developed and implemented an accident prevention program as required by the contract.

Hinck complied with all testing requirements to insure that materials and workmanship achieved contractual requirements and specifications.

Hinck Electrical was timely; in correcting any noted deficiencies, in completing punch list work, and completing additional work and change order proposals.

Sincerely

Ronald J. Fiorello

Re: *NCBA Atlantic Beach Bridge Over Reynolds Channel Electrical, Mechanical, Structural Rehabilitation.*

To Whom it may concern,

Hinck Electric, in the early summer of 2012, had installed a broad band Ethernet link between PLCC's in each bridge tower so as to maintain operational communication between the towers as there were no spare communication conductors available in the submarine cable. The work done by Hinck included a site survey to assure no conflict with JFK approach guidance radios, placement to assure clear signal path during raised leaf operation of the bridge and IP addressing of radios to work with the PLCC system. In addition, Hinck has maintained this temporary system right up until the present time with it projected to be removed by Dec. of this year. Hinck did a very good job throughout not just on the installation and maintenance of the Ethernet Link but also on the complete electrical system rehabilitation of the entire bridge. I would highly recommend Hinck for any Ethernet work you may have as well as Bascule Span Drawbridge electrical work.

Very truly yours,

HARDESTY & HANOVER

Robert F. Eslinger, Jr. PE.

ISLIP RESOURCE RECOVERY AGENCY 401 MAIN STREET, ISLIP, NEW YORK 11751 (631) 224-5644

November 13, 2006

To Whom It May Concern:

Hinck Electrical Contractors Inc. (Hinck) located at 75 Orville Drive, Suite1, Bohemia, NY 11716, recently completed three (3) projects for the Islip Resource Recovery Agency (IRRA) at the MacArthur Resource Recovery Facility (MRRF). The MRRF is an IRRA Waste-to -Energy facility located on Veterans Memorial Highway in Ronkonkoma, NY. The three (3) projects where as follows:

1. MacArthur Resource Recovery Facility Electrical Upgrade Project Contract No. IRRA 2004-2
2. MacArthur Resource Recovery Facility Fan Replacement Project Contract No. IRRA 2004-3
3. MacArthur Resource Recovery Facility Secondary Air System Project Contract No. IRRA 2004-6

The contract value for the three projects was approximately [redacted] Hinck's work quality and performance on these projects was excellent. The IRRA highly recommends Hinck Electrical Contractors, Inc. for any future projects.

Sincerely,

Paul J. DiMaria, P.E.
Chief Engineer

Dear John,

After hurricane Sandy struck N.Y., we lost power to a large number of our bridges including all of our drawbridges. I was very much appreciative of Hinck Electric's response in making critical and immediate repairs to the submarine cable at the Loop Parkway drawbridge. Additionally, getting the temporary generator on line at the WSP drawbridge and performing repairs to the transfer switch at the MSP drawbridge were also of great benefit. Although I am sure that you had your hands full, Hinck Electric's immediate and effective response to our call for assistance allowed our crews to focus on, and resolve, other storm related issues. On behalf of Bridge Maintenance, I would like to thank you, but I would also like to say a special thank you to the men that went out and did all of the good work, namely: Pete Bonziglia, Pat Bonziglia, Carlos Dominguez and Tommy Thompson.

Sincerely,

Paul McDonald

subject: *Teamwork*
Electrical System Modifications – Phase II
Project Completion

The Electrical System Modifications – Phase II project is now complete. It was my privilege to be a part of an excellent team that took this project through the conceptual, design, planning and execution stages to its successful completion.

My appreciation goes to Abass Wessen, whose design documents translated into a construction package that is now successfully operating as a much improved electrical infrastructure for the Laboratory. Helping the effort was Roy Butler's inspection services.

The contractor's performance, especially that of Hinck Electric Company's supervisor, Tom Thompson, is commendable. The construction work was carried out over a two-year period, without any safety violations and without any major technical deficiency.

Last but not the least, Plant Engineering's Line Crew support was invaluable. John Dowd, Jim Boomer and their whole group worked tirelessly to prepare for temporary power and electrical shutdowns to support the construction effort. John and Jim were the extra set of eyes and hands that were vigilant in testing, checking and correcting the extensive activities that continued for two years. Their support at any hour of the day or night was instrumental in bringing this project to a successful completion.

The final shutdown work that extended to every weekend during the months of August and September, often continuing past midnight, has been stressful but was performed in a great spirit of cooperation. My heartfelt appreciation goes to you all.

I thank my Managers, Gregg Flett and Marty Fallier, for their expert guidance throughout the project, and all the co-workers in E&CS for their help, whenever it was needed.

Att: John Buck, Jr.

Dear Mr. Buck:

This will serve as a letter of reference for work performed by Hinck Electrical Contracting for the Village of Rockville Centre's recently completed substation project.

The project involved the construction of two electric substations: one, a 33kV open air substation that serves as a supply point for the Village's electric system; the other, a 33kV to 4kV distribution substation. The project required concurrent construction of both sites.

Hinck's performance on this project met all expectations. The personnel assigned to this project were qualified to perform the work required during all phases of construction. The level of cooperation between the contractor's personnel and the Village was above average.

I would not hesitate to recommend Hinck Electrical Contracting for work similar to the project at our two substation sites.

Very truly yours,

PAUL J. PALLAS
Deputy Supt. of Utilities

5. List names and addresses of all shareholders, members, or partners of the firm. If the shareholder is not an individual, list the individual shareholders/partners/members. If a Publicly held Corporation, include a copy of the 10K in lieu of completing this section.
If none, explain.

John G. Buck [redacted]

6. List all affiliated and related companies and their relationship to the firm entered on line 1. above (if none, enter "None"). Attach a separate disclosure form for each affiliated or subsidiary company that may take part in the performance of this contract. Such disclosure shall be updated to include affiliated or subsidiary companies not previously disclosed that participate in the performance of the contract.

None

7. List all lobbyists whose services were utilized at any stage in this matter (i.e., pre-bid, bid, post-bid, etc.). If none, enter "None." The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

Are there lobbyists involved in this matter?
YES [ ] NO [X]

(a) Name, title, business address and telephone number of lobbyist(s):

None

(b) Describe lobbying activity of each lobbyist. See below for a complete description of lobbying activities.

None

(c) List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

We are not registered with any lobbyist

8. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

Electronically signed and certified at the date and time indicated by:
John G. Buck [JOHN.BUCK@HINCKELECTRIC.COM]

Dated: 07/14/2026 08:30:07 am

Title: President

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including by not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions, department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission, with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

Corporate Structure of Hinck Electrical Contractor, Inc.

July 14, 2026

The ownership and corporate officers of Hinck Electrical Contractor, Inc. are as follows:

John G. Buck [redacted] President [redacted]
Paul Stram [redacted] Vice President

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Arthur T. Walsh, Chief Deputy County Executive

FROM: Department of Public Works

DATE: January 12, 2026

SUBJECT: **RECOMMENDATION OF AWARD**

Contract Number:	**T62462-01G**
Title:	**Traffic Signal Expansion Phase 10 Construction - PIN 0761.25**
Engineer's Estimate:	**$18,325,488.50**
Bids Received On:	**September 30, 2025**

The bids received for the above referenced contract have been examined and the bid submitted by "**Hinck Electrical Contractor, Inc.**" in the amount of $17,112,868.35 is acceptable as the lowest bid (see the attached bid tabulation).

The low bid by Hinck Electrical Contractor, Inc. of Long Island is 6.6% lower than the engineer's estimate (Capital Project Number 62462- PIN 0761.25). Currently the required funds are included in the Capital Plan, Capital Project Number 62462. The Department will process the contract to coincide with the approval of the associated Bond Ordinance.

If you approve or disapprove of the above request, please signify below and return this memo to this office for appropriate action.

Outsourcing Questionnaire

Question	Answer
Does the County own the proper equipment to do the work?	
If the County does not own the proper equipment can it rent/lease the equipment?	
If the County does not own the proper equipment what is the time frame to buy the equipment?	
If the County does not own the proper equipment what is the cost of the equipment?	
If the Department, chooses to buy the equipment is the cost budgeted?	
If Yes and choosing to outsource, please explain why?	
What is the duration of the project if done inhouse? • Employee / Man Hours • Number of DaysShow calculations.	
What is the duration of the project if out sourced?	
What is the priority of the project? (Emergency, High, Medium, Low)	
Is the project subject to seasonality?	
What is the project cost of the project in done in-house? • Labor • MaterialsShow calculation if possible.	
What is the project cost of the project if outsourced?	
Does this require a specific skill set not currently within the County work force?	
Does the Title exist to perform the function?	
Does the skill set require specific training?	
Does the Skill set require certification certificates?	
Are continuing education credits required to maintain certification?	
Is this a task that must be performed often?	
If the task is not performed often would the employee remain proficient in the duties required?	
Is this project installing an operation system requiring a licensed installer from the manufacture?	
Are there any warranties that would be voided if not installed by a licensed person or company?	
Do County employees always perform this function?	
If County employees do not normally perform the function, please specify why?	
If County employees normally perform the function why is DPW choosing to outsource?	
Is there associated risk liability that would necessitate outsourcing?	
Is the project paid via outside funding?	
Does the outside funding require outsourcing for it to be reimbursed?

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Christopher Liberti, Traffic Engineer III

FROM: Office of the Commissioner

DATE: August 20, 2024

SUBJECT: CSEA Sub-Contracting Approval
C24-0149 Contract Number: T62462-01G
Traffic Signal Expansion Phase 10

Please be aware in accordance with Section 32-3 of the CSEA/County CBA, the Department has met with CSEA representatives to discuss your proposed DPW contract referenced above. Pursuant to Section 32-3 of the CSEA/County CBA, CSEA has withdrawn its objection to the above-referenced contract known as **C24-0149.**

Please prepare the necessary documentation to proceed with your work. Once the advisement is certified you may issue the contractor a Notice to Proceed.

C24-0149

Inter-Departmental Memo

TO: Civil Service Employees Association, Nassau Local 830
Att: Ronald Gurrieri, President

FROM: Department of Public Works

DATE: August 15, 2024

SUBJECT: CSEA Notification of a Proposed DPW Contract Agreement
Proposed Contract Number T62462-01G
Traffic Signal Expansion Phase 10

The following notification is to comply with the spirit and intent of Section 32 of the County/CSEA contract. It should not be implied that the proposed DPW contract/agreement is for the work which as "historically and exclusively been performed by bargaining unit member".

1. DPW plans to recommend a contract/agreement for Construction for DPW's Traffic Engineering Unit.

2. The work involves the following:

   This project will reconstruct thirty-nine (39) traffic signals along Hempstead Avenue, Franklin Avenue, New Hyde Park Road, Mineola Boulevard, and Glen Cove Avenue to include new traffic signal infrastructure and upgraded pedestrian facilities. In addition, twenty-one (21) traffic cameras for incident management will be installed. All signals and traffic cameras will be interconnected and through a fiber optic communication system allowing for integration to the Nassau County Traffic Management Center.

3. An estimate of the cost is: $10,708,000.00

4. An estimate of the duration is: Twelve (12) Months.

Should you wish to propose an alternative to the proposed contract/agreement, please respond within ten (10) days to: Department of Public Works, Att: Roseann D'Alleva, Deputy Commissioner, telephone 1-0525, fax 1-9657.

ATTN: J. Buck, President

Dear: Mr. Buck:

Please be advised that because you are signatory in good standing to the Collective Bargaining Agreement between Local Union No. 25, I.B.E.W. and the National Electrical Contractors Association you are entitled to hire apprentices through the Joint Apprenticeship and Training Committee electrical apprenticeship program.

Our apprenticeship program is registered with the New York State Department of Labor and is approved and recognized as such, we also comply with all provisions of Nassau and Suffolk County Law.

If you currently employ or have employed apprentices in the past and you need to provide proof that the apprentice(s) is, are or were a part of a New York State registered apprenticeship program, we will be happy to provide you with a copy of a current AT-401 (New York State Apprenticeship Agreement) or a New York State Department of Labor Certification of Completion of Apprenticeship Training.

Sincerely,

JOINT APPRENTICESHIP
AND TRAINING COMMITTEE

Christopher E. Kelly
Training Director

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions (Sub-Recipient)

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

John G. Buck, President — 3/24/2026

Name and Title of Authorized Representative — m/d/yy

John G. Buck — 3/24/2026

Signature — Date

Hinck Electrical Contractor, Inc.

Name of Organization

75 Orville Drive, Suite 1 Bohemia, NY 11716

Address of Organization

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
