IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165–a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site http://www.ogs.ny.gov/about/regs/docs/List of Entities.pdf a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

X **a. Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

___ **b. Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

APPENDIX 2
IRAN DIVESTMENT ACT

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, Contractor agrees that after the list is posted on the OGS website, should it seek to renew or extend the Contract, it will be required to certify at the time the Contract is renewed or extended that it is not included on the prohibited entities list. Contractor also agrees that any proposed Assignee of the Contract will be required to certify that it is not on the prohibited entities list before the New York State Department of Transportation (NYSDOT) may approve a request for Assignment of Contract

During the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification, NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

Chapter 1: DEFINITIONS

As used in this Code, the following terms have the following meanings:

Adverse Job-Related Action includes any material alteration to existing terms, conditions, and privileges of employment, such as dismissal, demotion, suspension, compulsory leave, disciplinary action, creation of a hostile work environment, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, reduction in compensation, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected employee.

Contact means any oral or written communication with any Nassau County Employee, other than the Designated Point(s) of Contact, where it could be reasonably inferred that such contact was intended to influence, or could reasonably be expected to influence, the subject of a County procurement.

Designated Point(s) of Contact means the individual(s) designated by the County to be a Vendor's only contact with Nassau County following the public advertisement of a solicitation or the issuance of a request for a bid, proposal, or quote for small purchase, until the award of a resulting contract and, where applicable, approval by the County Legislature. This timeframe, further defined in the State Procurement Lobbying Law, is also known as the Restricted Period.

Nassau County Employee means any officer, official or employee of Nassau County.

Family Member means (i) a Nassau County Employee's Spouse, Domestic Partner, Child, Sibling or Parent; (ii) a person who is a direct descendant (or the spouse of a direct descendant) of a Sibling of the Nassau County Employee or a Sibling of the Nassau County Employee's Spouse or Domestic Partner; or (iii) a person living in the same household as a Nassau County Employee.

Gift means the transfer, without equivalent consideration, of anything of benefit, tangible or intangible, having more than nominal value, including, but not limited to, cash, loans, forbearance,

services, travel, gratuities of any kind, favors, money, meals, refreshments, entertainment, hospitality, admittance to private clubs, use of time-shares, personal use of the Vendor's facilities, promises, tickets to entertainment or sporting events, weekend trips, golf outings, loans of equipment, or other thing or benefit. A Gift need not be intended to influence or reward any individual or entity.

Nassau County Code of Ethics means Nassau County Charter Section 2218, and the rules and regulations promulgated thereunder as may be amended or modified.

Participating Employee means any Vendor employee who engages in any written or oral communication of a non-clerical or non-administrative nature with Nassau County or with a Nassau County Employee(s) as part of or in connection with the procurement.

Participating Nassau County Employee means any Nassau County Employee who the Vendor knows, has reason to know, or can reasonably anticipate is involved in a specific procurement, in either a direct or decision-making capacity, but not in a clerical capacity. This includes but is not limited to the Designated Point of Contact, the project manager, the project manager's staff to the extent that they are involved in the procurement, members of selection committees, technical experts and negotiating teams.

Primary Contracting Party means a Vendor who intends to directly enter into or has a contract with Nassau County.

Retaliatory Action is defined as any Adverse Job-Related Action taken by, or at the direction or request of, a Vendor or a Vendors' Employees as a result of any individual's (i) good-faith report with respect to a violation or potential violation of this Code or the law; or (ii) cooperation in any investigation of unlawful conduct or misconduct conducted by Nassau County or by federal, state, or local law enforcement officials.

State Procurement Lobbying Law means New York State Finance Law Sections 139-j and 139-k, and the rules and regulations promulgated thereunder as may be amended or modified.

Vendor means any individual or entity seeking to or doing business

with Nassau County within the scope of this Code, including, without limitation, contractors, consultants, suppliers, manufacturers seeking to act as the primary contracting party, officers and employees of the foregoing, as well as any subcontractors, subconsultants and suppliers at all lower tiers.

Chapter 2: LIMITATIONS AND REPORTING OF CONTACTS WITH NASSAU COUNTY

Section 2.01 Designated Point(s) of Contact

Each procurement solicitation issued by Nassau County will identify the Designated Point(s) of Contact for that solicitation as required by the State Procurement Lobbying Law. Once the Designated Point(s) of Contact is/are established, the Vendor and any person or entity acting on the Vendor's behalf, including without limitation, those providing compensated or uncompensated lobbying, advocacy, consulting or other services should ensure that its contacts with Nassau County are in compliance with the requirements of the State Procurement Lobbying Law.

Chapter 3: GIFTS OR CONTINGENT FEES

Section 3.01 Zero Tolerance

No Vendor may offer or give any Gift, directly or indirectly, to a Nassau County Employee. Similarly, no Vendor may offer or give any Gift, directly or indirectly, to any Family Member of a Nassau County employee where such Gift is made because of the Vendor's relationship with the Nassau County Employee. Additionally, no Vendor may accept a gift from a Nassau County Employee.

This Zero-Tolerance Policy applies regardless of actual intentions. In other words, even if a Gift does not, or is not intended to, influence an action or decision by a Nassau County Employee, it is prohibited by this Code.

Section 3.02 Personal Relationships

Notwithstanding the foregoing, if a Vendor has a pre-existing family or personal relationship with the Employee, a Gift that is wholly unconnected with the Employee's duties on behalf of Nassau County is

not necessarily prohibited.

In determining whether the giving of an item was motivated by personal rather than business concerns, the following factors are considered:

(a) the history of the relationship between the donor and the recipient, including but not limited to the mutuality of gift giving;

(b) whether the item was paid for by the donor.

The giving of an item shall not be considered to be motivated by a family or personal relationship if the donor seeks to charge or deduct the value of the item as a business expense or seeks reimbursement from a client.

However, regardless of the family or personal relationship between a Vendor and an employee, a Gift is strictly forbidden where it is being given under circumstances where it can reasonably be inferred that it was intended to influence the employee in the performance of his or her official duties.

Section 3.03 Contingent Fees

The Vendor will not employ or retain any individual or entity for the purpose of soliciting or securing a Nassau County contract upon any agreement or understanding for a commission, percentage, brokerage, or fee that is contingent or dependent upon the outcome of the procurement.

Chapter 4: NEGOTIATIONS FOR FUTURE EMPLOYMENT

Section 4.01 Restrictions During the Procurement Process

Vendors shall not discuss future employment with Participating Nassau County Employees or their Family Members from the date the procurement is advertised or solicited through 30 days following the date that the procurement is awarded, even if a Participating Nassau County Employee contacts the Vendor regarding employment. Questions regarding whether a particular Nassau County employee is a Participating Nassau County Employee for a specific

procurement should be directed to the Designated Point of Contact for the procurement.

Section 4.02 Restrictions Post Award

Vendors are prohibited from offering or discussing an employment opportunity with a Nassau County Employee or his or her Family Members before whom the Vendor has or expects to have a pending specific matter including, but not limited to, negotiations, performance evaluation, task order selection, approval of a voucher or invoice, or approval of or agreement to a contract amendment, change order, or deviation or waiver until:

(i) 30 days from the time the matter before the Employee is closed, or
(ii)30 days from the time the Employee has no further involvement with the matter because of recusal or reassignment.

Chapter 5: CONFLICT OF INTEREST

Section 5.01 Financial Interest

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, as the case may be, may have a 10% or greater interest, nor shall the Vendor, nor any director, officer, principal, owner, or partner thereof, acquire a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract.

The Vendor will not permit an employee having a 10% or greater interest, either directly or indirectly, in any company or firm that would conflict in any manner or degree with the performance of the Nassau County contract to be employed in the performance of the Nassau County contract.

Section 5.02 Personal Business Dealings

Neither the Vendor, nor any director, officer, principal, owner, or partner thereof, may have a non-County business dealing with a

Participating Nassau County Employee where it can be reasonably inferred that the purpose of the business dealing, at least in part, is to influence the Participating Nassau County Employee's action on a pending County matter.

Section 5.03 Disclosure and Cooperation

The Vendor shall disclose immediately to the County any real or potential conflict of interest of which it becomes aware. This obligation is ongoing and shall last through the completion of performance of the contract. The Vendor shall provide to Nassau County, at the County's request and upon such forms as may be furnished by Nassau County, a disclosure of organizational, financial, contractual or other affiliations with any organization or entity that has interests that may be substantially affected by the procurement solicitation or award. The Vendor shall fully cooperate in any inquiry or investigation undertaken by Nassau County to determine whether any such affiliations present a conflict of interest, or whether any other provision of this Code has been violated. The Vendor shall fully cooperate with audits, investigations, examinations and reviews by the Nassau County Inspector General conducted pursuant to section 187 of the Nassau County Charter.

Section 5.04 Confidential Information

At no time shall any Vendor who obtains confidential or proprietary Nassau County information in the course of doing or seeking to do business with the County disclose any such information to any person not authorized by Nassau County to receive such information or use such information for any personal gain except as necessary to fulfill its contractual obligations to Nassau County.

If the Vendor receives from any source confidential or proprietary Nassau County information prior to the award of a resulting contract and, where applicable, approval by the County Legislature, without the explicit approval of the Designated Point of Contact, the Vendor shall immediately so notify the Designated Point of Contact.

Nassau County confidential or proprietary information includes, but is not limited to, internal cost estimates and proposals submitted by other Vendors.

Section 5.05 Prohibition Regarding Bidding by Participants in Procurement Development

No Vendor who participates in the development of a scope of work, solicitation documents, assessment criteria, contractual instruments or technical specifications may participate as a bidder, sub-bidder, proposer or sub-proposer on that particular procurement or perform any work on that particular procurement or any other procurement that would constitute an organizational conflict of interest or would give that Vendor an unfair advantage over other bidders or proposers on that procurement. This prohibition may be waived in writing by the County Chief Procurement Officer upon a showing of good cause.

Chapter 6: FORMER NASSAU COUNTY EMPLOYEES

Section 6.01 Appearance Before Former Agency-Two Year Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear or practice before any Nassau County agency, either prior to award or in the performance of a Nassau County contract, for a period of two years after termination of the Nassau County Employee's services with the County.

Section 6.02 Appearance Before Former Agency-Life Time Bar

Except as provided for in Section 2218(8) of the Nassau County Code of Ethics, the Vendor will not permit a former Nassau County Employee to appear, practice, communicate or otherwise render services before the agency that employed the officer or employee or any other agency of Nassau County, either prior to award or in the performance of an agency's contract in relation to any case, proceeding, application or transaction with respect to which such former officer or employee was directly concerned and in which he or she personally participated, or which was under his or her active consideration during the period of his or her employment. This provision is a lifetime bar on projects that the former Nassau County Employee previously worked on while employed by the County.

Chapter 7: NON-COLLUSION

Section 7.01 Independent Bid Assessment

The Vendor will calculate the price(s) contained in any bid or proposal independently, without collusion, consultation, communication, or agreement with any competing Vendor for the purpose of restricting competition.

Section 7.02 Non-Communication of Bid

Unless otherwise required by law, the price(s) which the Vendor quotes in its bid or proposal will not knowingly be disclosed by the Vendor, directly or indirectly, to any competing Vendor prior to the closing date for bids or proposals.

Section 7.03 Bid Submission

The Vendor will not make any attempt to induce any other individual or entity to submit or not to submit a bid or proposal.

Chapter 8: DISTRIBUTION AND CERTIFICATION

Section 8.01 Distribution of Vendor Code of Ethics and Vendor's Participating Employee Acknowledgements

The Code may be distributed either in hard copy or electronically as a separate PDF.

Additionally, as a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will be required to obtain an acknowledgement from each of its Participating Employees ("Participating Employee Acknowledgements") that they have received, read, understand, and will comply with the Nassau County Vendor Code of Ethics.

The Vendor's responsibility for distributing copies of the Nassau County Vendor Code of Ethics and obtaining such signed Participating Employee Acknowledgements is ongoing until completion of performance of the contract and shall be retained for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Receipt and retention of Participating Employee Acknowledgments by the Vendor shall be subject to audit by Nassau County.

(a) The Vendor has been provided with a copy of the Nassau County Vendor Code of Ethics and will comply with all of the provisions of the Code;

(b) All of its Participating Employees during the course of procurement or contract have been provided with a copy of the Nassau County Vendor Code of Ethics prior to any of those employees' participation in the procurement;

(c) All Participating Employees have completed the acknowledgement required by Section 8.01 of this Code;

(d) The Vendor will retain all of the signed Participating Employee Acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County;

(e) The Vendor will continue to distribute the Nassau County Vendor Code of Ethics, obtain signed Participating Employee Acknowledgements as new Participating Employees are added or changed during the contract period, and retain all of the signed acknowledgements for the same period as the Vendor is required to retain other contract documents in accordance with their contract with the County.

Section 8.03 Subcontractor Certifications

As a condition of being considered for the award of any contract above the County's small purchase threshold, the Vendor will obtain certifications executed by authorized officials from all of its lower tier subcontractors, subconsultants and suppliers (as well as from any other subcontractors, subconsultants and suppliers from whom that Vendor is soliciting or has received proposals for work on a Nassau County contract) whose employees have communicated or may communicate with Nassau County Employees. This obligation is ongoing and shall last through the completion of performance of the contract. Receipt and retention of lower tier certifications by the Vendor shall be subject to audit by Nassau County.

Chapter 9: PENALTIES

Section 9.01 Responsibility Determination

For violation of any provision of the Nassau County Vendor Code of Ethics, Nassau County may avail itself of every remedy in law or equity, or as agreed to by parties in any contract, including but not limited to declaring the Vendor non-responsible or in material breach of the contract.

Section 9.02 Civil/Criminal Penalties

Additionally, violation of the Nassau County Vendor Code of Ethics or a provision thereof may subject the Vendor to criminal or civil penalties under State or Federal law.

Chapter 10: REPORTING OBLIGATION

Section 10.01 Reporting Gift Requests

Notwithstanding the provisions of Chapter 4 above, the Vendor is obligated to immediately report to Nassau County's Inspector General and the County Chief Procurement Officer, any and all requests made to the Vendor by any Nassau County Employee for a Gift.

Section 10.02 Reporting Material Changes

The Vendor is under a continuing obligation to report any change in circumstances that materially affects any prior report to Nassau County to Department of Chief Contracting Officer, including but not limited to disclosure of conflicts of interest and representations made in the Contractor Responsibility Form.

violation of law involving fraud, conflict of interest, bribery or gratuities.

Chapter 11: PROHIBITION ON RETALIATION

Section 11.01 Prohibition

Responsibility Determination Memorandum

DPW Summary Finding

It is the Department's opinion that based on the information known to the Department and summarized in this memorandum, that the vendor is a responsible contractor for the purpose of being awarded the above-referenced contract.

Prior to the award of a contract, New York State agencies and political subdivisions, are required to make a determination of responsibility of the proposed vendor. State Finance Law §163 (9) (f); Highway Law §38; Public Building Law §8; General Municipal Law §103. General Municipal Law §103 requires the County to award contracts to a "responsible bidder" but does not define that term. However, the State Finance Law, which is the analogous law for contracting by New York State agencies, defines responsible as: "financial ability, legal capacity, integrity and past performance of a business entity and as such terms have been interpreted relative to public procurements". NY CLS St. Fin §163 (1) (c). This standard is applied to procurements pursuant to NYGML §103. *Matter of AAA Caring & Rubbish Removal, Inc. v. Town of Southeast,* 17 N.Y. 3d 136 (2011)

The NY State Office of General Services employees the FLIP analysis -financial ability, legal capacity, integrity and past performance – to meet its obligation to make a responsibility determination.

Application of the FLIP test

As explained in this memorandum, the FLIP test, can be used to evaluate a vendor's responsibility.

1. Financial and Organizational Capacity
   The Department has reviewed materials supplied by vendor as required by the bid documents and is satisfied that the vendor has met the financial and organizational capacity as required by the bid documents.

2. Legal Authority
   Vendor is not debarred.

3. Integrity
   Vendor possesses requisite business integrity-analysis of vendor information described in later portion of this memorandum.

4. Past Performance
   Based upon the vendor's prior performance on County contracts, as well as a check of vendor's reference, vendor is qualified to perform the work for the above-referenced contract.

Nassau County Procurement Policy Requirements

Similarly, the Nassau County Procurement Policy states that, "a vendor is deemed responsible to be awarded a contract when it has demonstrated that it has the integrity and capacity to perform the required services on behalf of the County." Nassau County Procurement Policy at Appendix E. Appendix E goes on to state that factors to consider in determining the responsibility of a vendor include: financial resources, organizational capacity, a satisfactory record of performance and a satisfactory record of business integrity - an analysis identical to the FLIP test.

For purposes of its consideration of responsibility, the County requires potential vendors to submit vendor disclosure forms. Those forms are used by the Department as a tool when conducting a vendor responsibility review with the intent of determining "if there exists any material adverse information impacting the vendor's capacity or integrity." Quoting Appendix E.

The following is quoted from Appendix E:

> For adverse information to be considered a factor in a vendor responsibility review, the information must be found to be material. Not all adverse information may be material. Materiality is greater for more recent events than for less recent ones, and materiality is greater for events concerning services more closely related to those required by the County than services that are less so. An event is considered most material when it concerns services equivalent or similar to those required by the County, has occurred recently, occurred in close geographic proximity to the County, and involves one or more individuals or organizational departments that may be involved in the conduct of the County contract. Also relevant in this assessment is whether the event involves a relatively large or small amount of money, services or product; whether the event involves a threat to life, health, safety, or property, whether criminality or possible criminality is involved; and the quantity of adverse information. In addition, any adverse information discovered by a department, which should have been, but was not disclosed by the vendor on the appropriate disclosure form(s) may be considered material.
>
> Examples of adverse information that may not be considered material include adverse social media posts or poor reviews of a company posted on the internet. In addition, adverse information that occurred and/or was resolved more than five years ago generally is not considered material, although once such information has been identified the department conducting the review should investigate whether any similar subsequent event(s) occurred that may be subject to further analysis or suggesting a concern regarding the vendor's corporate culture.
>
> A finding of nonresponsibility has significant implications for the vendor, since subsequent to that determination the vendor must disclose it in future solicitation responses to public entities. Therefore, the finding must be based upon evidence of a sufficiently severe failure of capacity and/or integrity on the part of the vendor. Any adverse information which is not deemed to be sufficient for a finding of nonresponsibility must be demonstrated by the vendor to have been addressed sufficiently through implementation of corrective actions and/or plans to ensure that the adverse event(s) shall not impact or recur during the conduct of the County contract under consideration. Corrective actions that may be considered in

this regard include, but are not limited to, termination of the employee(s) involved, introduction of new policies and procedures, employee trainings, reorganization of the vendor's structure, introduction of new internal or external monitors, payment of all fines, satisfactory resolution of the matter by the investigating entity, etc.

Application of the Materiality Evaluation to Determine Vendor Integrity

As described in this memorandum, the Nassau County Procurement Policy at Appendix E identifies factors that should be considered when determining if the adverse information available about a vendor rises to level of materiality (vendor responsibility determination is dependent upon material information).

Vendor Adverse Information OSHA Violations

Vendor has two (2) serious OSHA incidences, one closed case from 2019 and one open investigation of incident in 2022. Both the serious nature of the violations and the corrective actions taken by the vendor are fully described in an attachment to vendor's Business History form (attached). The type of work being performed when the 2019 violations occurred is similar to the work it has performed for Nassau County. Since 2019 H&L has completed one complex road reconstruction project – Ocean and Merrick, is completing the Bayville Bridge Project and has completed two (2) large road resurfacing contracts, all without any OSHA violations. As explained in its response to Business History form question 13, the vendor does not believe it was responsible for the incident but has acknowledge steps it would take in the future to make sure its jobsites are safe.

One 2022 open OSHA investigation occurred in Suffolk County while working on a Marina project. A boat operator failed to wear his personal flotation device and drowned when he fell off the boat. While the investigation is ongoing and no attribution of fault has been made, the vendor still provided a description of steps it would take it the future to reduce the potential for a similar incident.

The other open 2022 investigation occurred in Massachusetts and involves safety violations that were noted by the H&L Health and Safety Officer and did not involve injuries or property damage.

Accordingly, based on an application of the law and the policy, these incidences do not warrant a determination that the vendor is a nonresponsible vendor. To date, the Department has been satisfied with the safety measures implemented by the Vendor on County projects and has concluded that the Vendor is a responsible vendor for the performance of the scope of work in Contract H63029-26GR.

To whom it may concern,

The following serve as summary descriptions of two open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015
DATE OPENED: 23 NOV 2022
SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:
Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that he H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

OSHA INSPECTION NO. 1635374.015

DATE OPENED: 18 NOV 2022

SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:

Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding these two OSHA cases or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 900720-22

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation regarding a utility damaged on a NYSDOT rehabilitation project on Route 110 in Huntington, NY. A gas main owned by National Grid was inadvertently damaged by H&L personnel. We have disagreed with this action brought forward by the Public Service Commission and have provided correspondence illustrating the facts of the matter.

It has been H&L's contention in the ongoing exchange of documentation, that the facility damaged was not correctly marked-out by the utility (4' from the actual location) and was placed against a drainage structure wall that was being removed. As a result of the location, the gas facility was damaged during the demolition. Repairs were made by the utility company and no injuries occurred. The matter is currently being handled by our Legal firm and should be resolved quickly.

EXPLANATION OF ONGOING COURT ACTION

NYS Supreme Court Index No.: 601141 / 2023

The above filing by the State of New York against H&L Contracting LLC is part of ongoing litigation among various plaintiffs and defendants regarding a motor vehicle accident that occurred on August 21, 2016 on the Long Island Expressway. The accident took place in the vicinity of a location where H&L Contracting LLC was performing work under contract to NYSDOT. There were multiple fatalities as a result of the accident and there have been numerous suits and countersuits filed to date.

Considering the ongoing litigation, H&L can provide only limited information at this time. If more information is necessary, please provide specific questions in writing for review by H&L's attorney.

It is H&L's position that all work was performed in complete accordance with NYSDOT specifications and standards and that H&L in no way contributed to the cause or severity of the accident. [information available to H&L indicates that the approximate cause of the accident was a vehicle traveling recklessly at a high rate of speed (90+mph)].

The filing referenced above is associated with the insurance policy contractually provided by H&L covering NYSDOT for liabilities incurred by the DOT under the contract. The filing is basically a pro forma summons regarding that policy.

RE: OSHA INVESTIGATION OF H&L CONTRACTING LLC

On October 22, 2019 H&L Contracting LLC was performing paving work as a subcontractor to United Paving Corp. (General Contractor) under the Village of Freeport's 2019 Road Resurfacing Program. The subcontracting agreement between H&L and United included the paving work only, Maintenance and Protection of Traffic (MPT) was excluded from H&L's scope of work. Included in the streets to be paved by H&L was Grant Street, a dead-end street on the east side of Guy Lombardo Blvd. in the Village of Freeport.

Paving work was performed from the dead-end of Grant St. outward towards Guy Lombardo Blvd., with asphalt truck trailers provided by 4L Equipment Leasing LLC under an agreement with H&L. These trailers backed down Grant St. to the paver, and once empty proceeded ahead to Guy Lombardo Blvd., turning right to exit the work area. Unbeknownst to the H&L crew the United employee(s) that had been assigned to perform the MPT for the work were not at the Grant St. intersection but rather at another intersection scheduled for paving that day.

As a 4L truck was exiting Grant St. after dumping into the paver, the driver stopped the truck at the intersection with Guy Lombardo Blvd. During this time when the truck was stopped, another 4L employee, who had parked and exited his truck a short distance north on Guy Lombardo Blvd., ran towards the stopped truck on Grant St., approaching from the passenger side of that truck, apparently to obtain a scraper that was stored behind the cab. The driver of the stopped truck did not notice the approaching 4L employee due to that employee approaching from the passenger (blind) side. While the 4L employee was immediately in front of the stopped truck's right rear wheel, the driver proceeded forward, fatally injuring the 4L employee.

All required notifications were made, including Nassau County Police and OSHA. H&L fully cooperated with all investigations.

Notwithstanding that 1. MPT was NOT in the scope of H&L's work under the subcontract, 2. H&L was unaware that United was not providing MPT at the accident location at the time of the accident, and 3. If MPT was being provided at the intersection it is doubtful that the actions of the 4L employee, namely stepping in front of the rear wheel without notifying the driver of his presence, would have been prevented, the OSHA investigation resulted in two citations of violations against H&L. One being a severe violation of "Accident Prevention Signs and Tags" and the other being a severe violation of "Signaling". Each Violation included a penalty of $12,145.00.

H&L was not afforded an opportunity to contest the citations, although it was H&L's wish to do so, apparently due to Federal COVID protocols affecting the ability to communicate with OSHA personnel.

H&L promptly paid the penalties and incorporated various "lessons learned" into its Safety Procedures. Chief among those lessons learned was that work cannot proceed without required MPT regardless of whose responsibility that MPT falls under.

H&L personnel are available at your convenience to discuss this matter and will provide available records and documentation at your request.

Sincerely,

Keith Haney, Managing Member Signature

JOCAR ASPHALT LLC / DBA RASON MATERIALS

4 Johnson Rd. Lawrence, NY 11559
(631)293-6210

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 1448662.0.15
Date of Incident/Inspection: 12/4/2019
Settled Amount of Fine: $14,000.00

Explanation:
On 12/4/2019 an employee of Rason Materials was performing work at the Cedarhurst asphalt plant when, without instruction, the employee used a manlift to access a conveyor drive pulley that was approximately 8' above ground level. In an unwise attempt to clean dirt off of the pulley, while the conveyor was operating the employee used a wrench to scrape the inside of the pulley. The wrench was grabbed by the pulley and belt which spun the wrench, striking the employee's hand which resulted in a severe injury to the employee's thumb.

OSHA was notified immediately, and an inspection was performed the following day. The following determinations were made after that inspection:

- The subject pulley and belt were not required to have guards due to being 8' above ground level and not normally accessible to personnel.
- There was an inadequate Safety Plan in place for the asphalt plant.
- There was an inadequate Lockout/Tagout Program in place for the asphalt plant
- There were 2 pulleys without guards that were required to have guards

Rason received 4 violations as follows:

1. No guard on equipment (1st instance) (serious)
2. No guard on equipment (2nd instance) (serious)
3. Inadequate Safety Program
4. Inadequate Lockout/Tagout Program

The end result of discussions between Rason and OSHA was a reduction in the total fine to be $14,000.00. That fine has been paid and the case has been closed.

CORRECTIVE MEASURES
As soon as practicable after the incident Rason developed and implemented a new Safety Program, including a new Lockout/Tagout Program. These programs were implemented, and all employees were provided with initial and follow-up training.

LESSONS LEARNED
Rason has placed increased emphasis on awareness training for all employees with respect to rotating equipment guards and the necessity that those guards be in place at all times when the plant is in operation.

Additionally, Rason has been stringent in training employees in Lockout/Tagout; with particular emphasis being placed on the prohibition of working on operating equipment.

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015
DATE OPENED: 23 NOV 2022
SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:
Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that he H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 154269
Date of Incident/Inspection: 7/19/21
Settled Amount of Fine: Not settled as of 4/8/22

Explanation:
On 7/19/21 an employee of Scatt Materials Corp., without instruction, entered a chute to free up a jammed diversion plate. While the plant and conveyor were shut down, as the employee moved material that was obstructing a diversion plate the stored energy in the plate caused the plate to suddenly move, striking the employee in the leg. The employee suffered a broken leg.

OSHA was notified immediately, and an inspection was performed that day. The following determinations were made after that inspection:

- The Lockout/Tagout procedures that were in place for the asphalt plant were inadequate.
- The employee that was injured was not properly trained in Lockout/tagout and stored energy.

Scatt received 2 violations as follows:

1. Procedures were not developed, documented, and utilized for the control of potentially hazardous energy
2. Employees were not adequately trained to ensure that the Lockout/Tagout program that was in place was understood and followed by employees

Due to the common ownership of Scatt Materials and Rason Materials, and considering Rason Materials had received OSHA violations and a stipulated fine in 2020 for similar violations, the violations were determined by OSHA to be Repeat-Serious Violations; each violation was accompanied by a $6,216.00 fine.

Scatt has engaged legal counsel and is currently in discussions with OSHA to determine a settlement. Scatt understands at this time that the settlement will result in the removal of both "Repeat-Serious" violations and the assessment of one "other than serious" violation.

CORRECTIVE MEASURES
Additional awareness training has been provided to all Scatt employees with respect to the current Safety Program and Lockout/Tagout procedures. In addition, the Safety Programs for Scatt (and Rason) are currently under review and will be revised to meet or exceed all OSHA requirements.

LESSONS LEARNED
Scatt has placed increased emphasis on awareness training for all employees with respect to the Lockout/Tagout procedures and the potential stored hazardous energy in various components of the plant, even after the plant has been shut down.

Re: NASSAU COUNTY QUESTION

Ken:

We were aware of only one lawsuit which was brought under Index No. 900720/2022. That action concerned damage to a 2" "PE" gas line located at 642 New York Avenue, Huntington. In answer to a Complaint we are claiming that the 2" gas main was damaged solely because of incorrect marking by KeySpan/National Grid. Specifically, we claim that KeySpan/National Grid violated General Business Law 763(3) and Public Service Law 119(6) (ETSEQ).

The lawsuit under Index No. 900721/2022 concerns Route 112 and Granny Road. Although a Summons was served and we appeared on your behalf, we never received until now, the Verified Complaint. We will be checking with the Attorney General and if necessary, defend the action.

The records you previously provided to me explained that the end cap on the gas main was struck by the excavator solely because it had been re-located by National Grid earlier in the project in order to facilitate installation of a drainage structure. National Grid was required by New York State DOT to notify H & L Contracting of the re-location and was solely because of the failure of the utility to provide notification that the excavator struck the gas main.

Very truly yours,

STEVEN G. PINKS

NYS Tax Warrant dated March 14, 2022 in the amount of $4,793.62.
NYS Tax Warrant dated June 3, 2022 in the amount of $686.57.

Explanation

New York State has disputed the amounts Village Dock, Inc. claimed as prepayments on corporate tax returns filed.

Village Dock Inc. will be seeking in May a conciliation conference to further argue that the facts and the law are on the side of Village Dock, Inc. and that the prepayments as reflected will be upheld, vacating these tax warrants.

Sincerely,

8.1 **Initial Capital Contributions.** Each Member shall make the Initial Capital Contribution described for that Member on Exhibit A and shall perform that Member's Commitment. No Member shall have the right to withdraw or be repaid any Capital Contribution except as provided in the Company Agreement.

8.2 **Additional Capital Contributions.** In the event the Managing Member determines that the Company does not have sufficient operating revenues or other available funds to pay any amount which the Managing Member determines to be required for any Company purpose, the Managing Member shall, if reasonable under the circumstances, attempt to obtain financing in the amount required; provided, however, that the Managing Member shall not obtain such financing if it would cause a default under any Company obligation. In the event that such financing cannot be obtained within a reasonable time and upon terms and conditions approved by the Managing Member, the Managing Member may, upon 15 days notice to the Members, call for an Additional Capital Contribution from the Members in the required amount. Such Additional Capital Contributions shall thereupon be made by the Members in proportion to their respective Sharing Ratios.

8.3 **Enforcement of Commitments.** In the event any Member (a "Delinquent Member") fails to perform the Delinquent Member's Commitment, the Managing Member shall give the Delinquent Member a notice of such failure. If the Delinquent Member fails to perform the Commitment (including the payment of any costs associated with the failure and interest at

the Default Interest Rate) within ten Business Days of the giving of such notice, the Managing Member may take such action as it deems appropriate, including but not limited to:

(a) Enforcing the Commitment in the court of appropriate jurisdiction in the state in which the Principal Office is located or the state of the Delinquent Member's address as reflected in the Company Agreement; provided, however, that a Member shall have no personal liability for any such Additional Capital Contribution and, in any proceeding to enforce the obligation of a Member to make all or part of any such Additional Capital Contribution, the Managing Member shall have recourse solely to the Delinquent Member's interest in the Company. Each Member expressly agrees to the jurisdiction of such courts but only for purposes of such enforcement.

(b) Selling the Delinquent Member's Membership Interest, including a sale to another Member or to another Person.

(c) Allowing Members, except the Delinquent Member, to make Additional Contributions and adjusting the Sharing Ratios and Membership Interests of the Members in proportion to the new Capital Contribution levels.

(d) Reducing the Delinquent Member's Membership Interest and Sharing Ratio.

(e) Issuing new Membership Interests to Members who make Additional Contributions in place of the Delinquent Member; provided that such Membership Interests may be entitled to a priority return and such other rights as shall be determined by the Managing Member.

8.4 **Capital Account.** A separate capital account shall be maintained for each Member throughout the term of the Company in accordance with the rules of section 1.704-1(b)(2)(iv) of the Regulations as in effect from time to time, and, to the extent not inconsistent therewith, to which the following provisions apply:

(a) Each Member's Capital Account shall be credited with (i) such Member's Capital Contribution; and (ii) such Member's share of Profits and items of income and gain that are specially allocated to such Member pursuant to Article IX (other than any income or gain allocated to such Member pursuant to Section 9.4(h) in accordance with section 704(c) of the Code.

(b) Each Member's Capital Account shall be debited with: (i) the amount of money distributed to such Member by the Company (including liabilities of such Member assumed by the Company as provided in section 1.704-1(b)(2)(iv)(c) of the Regulations) other than amounts which are in repayment of debt obligations of the Company to such Member; (ii) the Gross Asset Value of Property distributed to such Member (net of liabilities secured by such distributed Property that such Member is considered to assume or take subject to under section 752 of the Code); and (iii) such Member's share of Losses and items of loss and deduction that are specially allocated to such Member pursuant to Article IX (other than any deduction or loss allocated to such Member pursuant to Section 9.4(h) in accordance with section 704(c) of the Code).

(c) All such contributions, allocations and Distributions shall be credited or charged, as the case may be, to the appropriate Capital Accounts of the respective Members to whom they apply, as of the time the contributions, allocations or Distributions are made.

(d) The Capital Account of a transferee Member shall include the appropriate portion of the Capital Account of the Member from whom the transferee Member's interest was obtained.

(e) In determining the amount of any liability, there shall be taken into account section 752(c) of the Code and any other applicable provisions of the Code and Regulations.

The foregoing provisions and the other provisions of this Company Agreement relating to the maintenance of Capital Accounts are intended to comply with section 1.704-1(b) of the Regulations, and shall be interpreted and applied in a manner consistent with such Regulations. Consistent with such intention, the value of any Property (other than cash) (i) contributed to the Company by a Member, (ii) distributed to a Member from the Company or (iii) owned by the Company and subject to a revaluation upon the occurrence of certain events shall be the Fair Market Value of such Property (net of liabilities secured by such Property that the Company or such Member, as the case may be, is considered to assume or take subject to under section 752 of the Code) on the date of contribution, Distribution or revaluation, as applicable.

8.5 **No Obligation to Restore Deficit Balance.** No Member shall be required to restore any deficit balance in its Capital Account.

8.6 **Withdrawal; Successors.** A Member shall not be entitled to withdraw any part of its Capital Account or to receive any Distribution from the Company, except as specifically provided in the Company Agreement, and no Member shall be entitled to make any capital contribution to the Company other than such Member's Commitment.

8.7 **Interest.** Except as otherwise provided in this Company Agreement, no Member shall be entitled to interest or other return on such Member's Capital Contribution or on any Profits retained by the Company.

8.8 **Investment of Capital Contributions and Company Cash.** The Capital Contributions of the Members and any cash held by the Company from time to time shall be invested, until such time as such funds shall be used for other Company purposes, by the Managing Member in demand, money market or time deposits, obligations, securities, investments or other instruments constituting cash equivalents. Such investments shall be made by the Managing Member for the benefit of the Company.

8.9 **Repayment of Capital Contribution.**

(a) The Managing Member shall have no personal liability for the repayment of any Capital Contributions of any Member, and no Member shall have liability for the repayment of any Capital Contributions of any other Member. The repayment of any

Capital Contribution shall be made only to the extent of available Company assets in accordance with the terms of this Company Agreement.

(b) Except as otherwise provided in this Company Agreement, no Member shall have priority over any other Member as to the return of its Capital Contribution or as to Distributions of cash made by the Company.

(c) Except as otherwise provided in this Company Agreement, a Member shall not be entitled to (i) demand or receive Property other than cash in return for its Capital Contribution or (ii) receive any funds or Property of the Company.

ARTICLE IX
ALLOCATIONS AND DISTRIBUTIONS

9.1 **Profits and Losses.** Profits and Losses, and each item of Company income, gain, loss, deduction, credit and tax preference with respect thereto, for each Fiscal Year (or shorter period in respect of which such items are to be allocated) shall be allocated among the Members as provided in this Article IX.

9.2 **Profits.** After giving effect to the special allocations set forth in Sections 9.4 and 9.5, Profits for any Fiscal Year shall be allocated in the following order of priority:

(a) First, to the Members, if any, who received any allocation of Losses under Section 9.3(c), in proportion to (and to the extent of) the excess, if any, of (i) the cumulative Losses allocated to such Members pursuant to Section 9.3(c) for all prior Fiscal Years, over (ii) the cumulative Profits allocated to such Members pursuant to this Section 9.2(a) for all prior Fiscal Years;

(b) Second, to the Members, in proportion to (and to the extent of) the excess, if any, of (i) the cumulative Losses allocated to each Member pursuant to Section 9.3(a) hereof for all prior Fiscal Years, over (ii) the cumulative Profits allocated to each Member pursuant to this Section 9.2(b) for all prior Fiscal Years; and

(c) Third, the balance of the Profits remaining to the Members in accordance with their Sharing Ratios.

9.3 **Losses.** After giving effect to the special allocations set forth in Sections 9.4 and 9.5, Losses shall be allocated as set forth in Section 9.3(a), subject to the limitation in Section 9.3(b) below and, if applicable, as provided in Section 9.3(c).

(a) Losses for any Fiscal Year shall be allocated in the following order of priority:

(i) First, to the Members in proportion to and to the extent of the excess, if any, of (A) the cumulative Profits allocated to each such Member pursuant to Section 9.2(c) hereof for all prior Fiscal Years, over (B) the cumulative Losses allocated to such Member pursuant to this Section 9.3(a)(i) for all prior Fiscal Years; and

(ii) The balance, if any, among the Members in proportion to their respective Sharing Ratios.

(b) (i) The Losses allocated according to Section 9.3(a) shall not exceed the maximum amount of Losses that may be allocated to such Member without causing such Member to have an Adjusted Capital Account Deficit.

(ii) If some, but not all of the Members would have Adjusted Capital Account Deficits as a consequence of the allocations of Losses pursuant to Section 9.3(a), the limitation set forth in this Section 9.3(b) shall be applied by allocating Losses pursuant to this Section 9.3(b)(ii) only to those Members (allocated pro rata if more than one), who would not have an Adjusted Capital Account Deficit as a consequence of receiving such an allocation of Losses.

(iii) If no other Member may receive an additional allocation of Losses pursuant to Section 9.3(b)(ii), such additional Losses not allocated shall be allocated solely to those Members who bear the economic risk of such Losses within the meaning of section 704(b) of the Code.

(c) In the event that there are any remaining Losses in excess of the limitations set forth in Section 9.3(b), such remaining losses shall be allocated among the Members in proportion to their respective Sharing Ratios.

9.4 **Special Allocations.** The following special allocations shall be made:

(a) Minimum Gain Chargeback. Except as otherwise provided in section 1.704-2(f) of the Regulations, notwithstanding any other provision of this Article IX, if there is a net decrease in Partnership Minimum Gain during any Fiscal Year, each Member shall be specially allocated items of Company income and gain for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to such Member's share of the net decrease in Partnership Minimum Gain, determined in accordance with section 1.704-2(g) of the Regulations. Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant thereto. The items to be so allocated shall be determined in accordance with sections 1.704-2(f)(6) and 1.704-2(j)(2) of the Regulations. This Section 9.4(a) is intended to comply with the minimum gain chargeback requirement in section 1.704-2(f) of the Regulations and shall be interpreted consistently therewith.

(b) Partner Minimum Gain Chargeback. Except as otherwise provided in section 1.704-2(i)(4) of the Regulations, notwithstanding any other provision of this Article IX, if there is a net decrease in Partner Nonrecourse Debt Minimum Gain attributable to a Partner Nonrecourse Debt during any Fiscal Year, each Member who has a share of the Partner Nonrecourse Debt Minimum Gain as of the beginning of the Fiscal Year attributable to such Partner Nonrecourse Debt, determined in accordance with section 1.704-2(i)(5) of the Regulations, shall be specially allocated items of Company income and gain for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount equal to such Member's share of the net decrease in Partner Nonrecourse Debt

Minimum Gain attributable to such Partner Nonrecourse Debt, determined in accordance with section 1.704-2(i)(4) of the Regulations. Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant thereto. The items to be so allocated shall be determined in accordance with sections 1.704-2(i)(4) and 1.704-2(j)(2) of the Regulations. This Section 9.4(b) is intended to comply with the minimum gain chargeback requirement in section 1.704-2(i)(4) of the Regulations and shall be interpreted consistently therewith.

(c) Qualified Income Offset. In the event any Member unexpectedly receives any adjustments, allocations or Distributions described in section 1.704-1(b)(2)(ii)(d)(4), section 1.704-1(b)(2)(ii)(d)(5) or section 1.704-1(b)(2)(ii)(d)(6) of the Regulations which increase a Member's Adjusted Capital Account Deficit, items of Company income and gain shall be specially allocated to the Member in an amount and manner sufficient to eliminate, to the extent required by the Regulations, the Adjusted Capital Account Deficit of the Member as quickly as possible, provided that an allocation pursuant to this Section 9.4(c) shall be made only if and to the extent that the Member would have an Adjusted Capital Account Deficit after all other allocations provided for in this Article IX have been tentatively made as if this Section 9.4(c) were not in this Company Agreement.

(d) Gross Income Allocation. In the event any Member has an Adjusted Capital Account Deficit, such Member shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible, provided that an allocation pursuant to this Section 9.4(d) shall be made only if and to the extent that such Member would have an Adjusted Capital Account Deficit after all other allocations provided for in this Article IX have been made as if Section 9.4(c) and this Section 9.4(d) were not in this Company Agreement.

(e) Nonrecourse Deductions. Nonrecourse Deductions for any Fiscal Year shall be specially allocated among the Members in proportion to their Sharing Ratios.

(f) Partner Nonrecourse Deductions. Any Partner Nonrecourse Deductions for any Fiscal Year shall be specially allocated to the Member who bears the economic risk of loss with respect to the Partner Nonrecourse Debt to which such Partner Nonrecourse Deductions are attributable in accordance with section 1.704-2(i)(1) of the Regulations.

(g) Certain Book-ups. To the extent an adjustment to (i) the adjusted tax basis of any Company asset pursuant to section 734(b) or 743(b) of the Code is required to be taken into account in determining Capital Accounts or (ii) pursuant to section 1.704-1(b)(2)(iv)(f) of the Regulations, the Gross Asset Value of any Company asset is permitted to be taken into account in determining Capital Accounts, the amount of such adjustment to the Capital Accounts shall be treated, as provided in section 1.704-1(b)(2)(iv)(m) or 1.704-1(b)(2)(iv)(g) of the Regulations, respectively, as an item of Profit (if the adjustment increases such basis or Gross Asset Value of the asset) or Loss (if the adjustment decreases such basis or Gross Asset Value), and such Profit or Loss shall be specially allocated to the Members in a manner consistent with the manner in

which their Capital Accounts are required to be adjusted pursuant to such section of the Regulations.

(h) Mandatory Allocations under Section 704(c) of the Code.

(i) In the event section 704(c) of the Code or the principles of section 704(c) of the Code applicable under section 1.704-1(b)(2)(iv) of the Regulations require allocations of income, gain, deduction or loss in a manner different than that set forth above, the provisions of section 704(c) of the Code and the Regulations thereunder shall control such allocations among the Members. Any item of Company income, gain, loss and deduction with respect to any Property (other than cash) that has been contributed by a Member to the capital of the Company and which is required or permitted to be allocated to such Member for income tax purposes under section 704(c) of the Code so as to take into account the variation between the tax basis of such Property and its Fair Market Value at the time of its contribution shall be allocated solely for income tax purposes in the manner so required or permitted under section 704(c) of the Code using the "traditional method" described in section 1.704-3(b) of the Regulations, provided, however, that any other method allowable under applicable Regulations may be used for any contribution of Property as to which there is agreement between the contributing Member and the Managing Member.

(ii) In the event the Gross Asset Value of any Company asset is adjusted pursuant to Section 9.4(g) in accordance with section 1.704-1(b)(2)(iv)(f) of the Regulations, subsequent allocations of income, gain, loss and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Gross Asset Value in a manner consistent with Section 9.4(h)(i).

(iii) Except as provided in Sections 9.4(h)(i) and (ii), for United States federal, state and local income tax purposes, the income, gains, losses and deductions of the Company shall, for each taxable period, be allocated among the Members in the same manner and in the same proportion that such items have been allocated among the Members' respective Capital Accounts.

9.5 **Curative Allocations.** The allocations set forth in Sections 9.3(b) and 9.4(a) through (f) (the "Regulatory Allocations") are intended to comply with certain requirements of the Regulations. It is the intent of the Members that, to the extent possible, all Regulatory Allocations shall be offset either with other Regulatory Allocations or with special allocations of other items of Company income, gain, loss or deduction. Therefore, notwithstanding any other provision of this Article IX (other than the Regulatory Allocations), the Managing Member shall make such offsetting special allocations of Company income, gain, loss or deduction in whatever manner it determines appropriate so that, after such offsetting allocations are made, each Member's Capital Account balance is, to the extent possible, equal to the Capital Account balance such Member would have had if the Regulatory Allocations were not part of this Company Agreement and all Company items were allocated pursuant to Sections 9.2 and 9.3(a). In exercising its discretion under this Section 9.5, the Managing Member (i) shall take into

account future Regulatory Allocations under Sections 9.4(a) and 9.4(b) that, although not yet made, are likely to offset other Regulatory Allocations previously made under Sections 9.4(e) and 9.4(f).

9.6 **Section 754 Election.** Upon a transfer by a Member of an interest in the Company, which transfer is permitted by the terms of this Company Agreement, or upon the death of a Member or the Distribution of any Company Property to one or more Members, the Managing Member, upon the request of one or more of the transferees or distributees, shall cause the Company to file an election on behalf of the Company, adjusted for federal income tax purposes in the manner prescribed in section 734 or 743 of the Code, as the case may be. The cost of preparing such election and any additional accounting expenses of the Company occasioned by such election, shall be borne by such transferees or distributees.

9.7 **Other Allocation Rules.**

(a) For purposes of determining the Profits, Losses or any other item allocable to any period (including allocations to take into account any changes in any Member's Sharing Ratio during a Fiscal Year and any transfer of any interest in the Company), Profits, Losses and any such other item shall be determined on a daily, monthly or other basis, as determined by the Managing Member using any permissible method under section 706 of the Code and the Regulations thereunder.

(b) The Members are aware of the income tax consequences of the allocations made by this Article IX and hereby agree to be bound by the provisions of this Article IX in reporting their shares of Company income and loss for income tax purposes.

(c) Solely for purposes of determining a Member's proportionate share of the "excess nonrecourse liabilities" of the Company within the meaning of section 1.752-3(a)(3) of the Regulations, the Members' interests in Company Profits are in proportion to their Sharing Ratios.

(d) To the extent permitted by section 1.704-2(h)(3) of the Regulations, the Managing Member shall endeavor to treat Distributions as having been made from the proceeds of a Nonrecourse Liability or a Partner Nonrecourse Debt only to the extent that such Distributions would not cause or increase an Adjusted Capital Account Deficit for any Member.

(e) Except as otherwise provided in this Article IX, an allocation of Company Profits or Losses to a Member shall be treated as an allocation to such Member of the same share of each item of income, gain, loss and deduction taken into account in computing such Profits or Losses.

(f) For purposes of determining the character (as ordinary income or capital gain) of any Profits allocated to the Members pursuant to this Article IX, such portion of Profits that is treated as ordinary income attributable to the recapture of depreciation shall, to the extent possible, be allocated among the Members in the proportion which (i) the amount of depreciation previously allocated to each Member bears to (ii) the total of such depreciation allocated to all Members. This Section 9.7(f) shall not alter the amount

of allocations among the Members pursuant to this Article IX, but merely the character of income so allocated.

(g) Except for arrangements expressly described in this Company Agreement, no Member shall enter into (or permit any Person related to the Member to enter into) any arrangement with respect to any liability of the Company that would result in such Member (or a person related to such Member under section 1.752-4(b) of the Regulations) bearing the economic risk of loss (within the meaning of section 1.752-2 of the Regulations) with respect to such liability unless such arrangement has been approved by all Members. To the extent a Member is permitted to guarantee the repayment of any Company indebtedness under this Company Agreement, each of the other Members shall be afforded the opportunity to guarantee such Member's pro rata share of such indebtedness, determined in accordance with the Members' respective Sharing Ratios.

9.8 Distribution of Net Cash Flow.

(a) Amounts and Timing. Subject to the provisions of Section 13.3, Net Cash Flow for each Fiscal Year of the Company, to the extent not distributed previously under this Section 9.8, shall be distributed to the Members, at such time or times as may be designated by the Managing Member, in proportion to the amount of Profits allocated to each Member.

(b) Amounts Withheld. All amounts required to be withheld pursuant to the Code or any provision of any state or local tax law with respect to any payment, distribution or allocation to the Company or the Members shall be treated as amounts distributed to the Members pursuant to this Section 9.8 for all purposes under this Company Agreement. The Managing Member is authorized to withhold from Distributions, or with respect to allocations, to the Members and to pay over to any federal, state or local government any amounts required to be so withheld pursuant to the Code or any provisions of any other federal, state or local law, and shall allocate any such amounts to the Members with respect to which such amount was withheld.

(c) Draws for Payment of Estimated Taxes. The Company shall pay to each Member a quarterly draw, not to exceed the amount reasonably necessary to provide for payment by the Members of any federal, state and local estimated taxes with respect to Profits allocated to the Members pursuant to this Article IX, and each such draw, if any, shall be treated as a loan from the Company to each Member receiving such draw and shall be deemed repaid by reducing the amount of each subsequent Distribution to the Member receiving such draw pursuant to this Section 9.8 by the lesser of (i) the entire amount otherwise distributable to the Member receiving such draw and (ii) the entire amount of any unrepaid draws pursuant to this Section 9.8(c).

9.9 Allocation of Gain or Loss upon Winding Up.

(a) Gain Realized on Sale of Company Property. Upon the winding up of the Company, as provided in Article XIII, net gain realized on the sale or sales of Company

Property (each such sale a "Winding Up Sale") shall be allocated among the Members in accordance with Section 9.2.

(b) Loss Realized on Sale of Company Property. Net loss realized on any Winding Up Sale shall be allocated among the Members in accordance with Section 9.3.

(c) Distributions in Kind. In the event that, upon a winding up of the Company, pursuant to Section 13.3, either (i) any Company Property is required to be distributed in kind, or (ii) the Managing Member elects to distribute any Company Property in kind, the book value of such Property shall be adjusted to its Fair Market Value as of the date of such Distribution, and the amount of such adjustments shall be allocated to the Members' capital accounts in the manner and priorities provided in Sections 9.9(a) and (b) as though such Property had been sold at its Fair Market Value and gain or loss had been realized.

ARTICLE X
TAXES

10.1 **Tax Matters Partner.** Managing Member shall be the Tax Matters Partner of the Company pursuant to section 6231(a)(7) of the Code. If the Managing Member shall cease to act as the Tax Matters Partner for any reason, the Members shall select another Member (subject to such Member's approval) to be the Tax Matters Partner. The Company has designated another Member as Tax Matters Partner and such Member has given its consent in writing to its appointment as Tax Matters Partner. The Tax Matters Partner shall receive no additional compensation from the Company for its services in that capacity, but all expenses incurred by the Tax Matters Partner in such capacity shall be borne by the Company. The Tax Matters Partner is authorized to employ such accountants, attorneys and agents as it, in its sole discretion, determines is necessary to or useful in the performance of its duties. The Tax Matters Partner is authorized to represent the Company before the Internal Revenue Service and any other governmental agency with jurisdiction, and to sign such consents and to enter into settlements and other agreements with such agencies as the Tax Matters Partner or its duly authorized officer deems necessary or advisable. Each Member shall give prompt notice to each other Member of any and all notices it receives from the Internal Revenue Service concerning the Company, including any notice of a 30 day appeal letter and any notice of deficiency in tax concerning the Company's federal income tax returns. The Tax Matters Partner shall give each Member periodic status reports regarding any negotiations between the Internal Revenue Service and the Company. The Tax Matters Partner shall serve in a similar capacity with respect to any similar tax related or other election provided by state or local laws.

ARTICLE XI
TRANSFER OF MEMBERSHIP INTEREST

11.1 **Compliance with Securities Laws.** No Membership Interest has been registered under the Securities Act or under any applicable state securities laws. A Member may not transfer (a transfer, for purposes of this Company Agreement, shall be deemed to include, but not be limited to, any sale, transfer, assignment, pledge, creation of a security interest or other disposition) all or any part of such Member's Membership Interest, except upon compliance with

the applicable federal and state securities laws. The Managing Member shall have no obligation to register any Member's Membership Interest under the Securities Act or under any applicable state securities laws, or to make any exemption therefrom available to any Member.

11.2 **Transfer of Economic Interest.** The Economic Interest of any Member may not be transferred in whole or in part unless the following terms and conditions have been satisfied:

(a) The transferor shall have: (i) assumed all costs incurred by the Company in connection with the transfer, (ii) furnished the Company with a written opinion of counsel, satisfactory in form and substance to counsel for the Company, that such transfer complies with applicable federal and state securities laws and the Company Agreement and will not result in the Company being treated as a publicly traded partnership for purposes of section 7704 of the Code and (iii) complied with such other conditions as the Managing Member may reasonably require from time to time; and

(b) The transferee shall have assumed the obligations, if any, of the transferor to the Company, including the obligation to fulfill the pro rata portion of the transferor's then existing or subsequently arising Commitment related to the transferred Economic Interest or portion thereof.

Transfers of Economic Interests will be recognized by the Company as effective only upon the close of business on the last day of the calendar month following satisfaction of the above conditions. Any transfer in contravention of this Article XI and any transfer which if made would cause a termination of the Company for federal income tax purposes under section 708(b) of the Code shall be void when made and ineffectual and shall not bind the Company or the other Members.

11.3 **Status of Transferee of Economic Interest.** A transferee of an Economic Interest who is not admitted as a Substitute Member shall be entitled only to receive that share of Profits, Losses and Distributions, and the return of Capital Contribution and Distributions upon a dissolution of the Company, to which the transferor would otherwise be entitled with respect to the interest transferred, and shall not have any Management Rights of a Member of the Company under the NY LLC Law or this Company Agreement including, without limitation, the right to obtain any information on account of the Company's transactions, to inspect the Company's books or to vote with the Members on, or to grant or withhold consents or approvals to, any matter. The Company shall, if a transferee and transferor jointly advise the Company in writing of a transfer of the Economic Interest, furnish the transferee with pertinent tax information at the end of each Fiscal Year.

11.4 **Transfer of Management Rights; Admission of Substitute Member.** A Member may transfer Management Rights and give the transferee the right to become a Member only after the following terms and conditions have been satisfied:

(a) The transferee shall also be the transferee of all or part of the transferor's Economic Interest, or shall be the owner of an Economic Interest;

(b) The Members holding at least a majority of the Membership Interests shall have consented in writing to the admission of the Substitute Member, which consent may be arbitrarily withheld by any such Member; and

(c) The transferor and the transferee shall have complied with such other requirements as the non-transferring Members may reasonably impose, including the conditions that the transferee:

(i) Adopt and approve in writing all the terms and provisions of the Company Agreement then in effect; and

(ii) Pay such fees as the Managing Member may reasonably require to pay the costs of the Company in effecting such substitution.

11.5 **Transfer to Surviving Spouse or Lineal Descendent.** If, by reason of the death of a Member, all or part of such Member's Economic Interest is transferred to the surviving spouse or to a lineal descendent of such Member (a "Permitted Transferee"), pursuant to the last will and testament of, or inter vivos trust created by, such Member, or pursuant to the laws of descent and distribution applicable to such Member's estate, such Permitted Transferee shall be admitted as a Substitute Member upon satisfaction of the terms and conditions of Section 11.4(c), to the extent applicable.

11.6 **Death, Dissolution, Bankruptcy or Incompetency of a Member.** Upon the death, dissolution, adjudication of bankruptcy, insanity or incompetency of a Member, such Member's successors, executors, administrators or legal representatives shall have all the rights of a Member (except as provided by the last sentence of this Section 11.6) for the purpose of settling or managing such Member's estate, including such power as such Member possessed to substitute a successor as a transferee of such Member's interest in the Company and to join with such transferee in making the application to substitute such transferee as a Member. However, except as provided in Section 11.5, such successors, executors, administrators or legal representatives will not have the right to become a Substitute Member in the place of their predecessor in interest unless the other Members shall so consent as provided in Section 11.4(b) hereof.

11.7 **Dispositions not in Compliance with this Article Void.** Any attempted Disposition of a Membership Interest, or any part thereof, not in compliance with this Article shall be void when made and ineffectual and shall not bind the Company.

ARTICLE XII
DISSOCIATION OF A MEMBER

12.1 **Dissociation.** A Person shall cease to be a Member upon the happening of any of the following events:

(a) The resignation or withdrawal of a Member;

(b) A Member becoming a Bankrupt Person;

(c) In the case of a Member who is a natural person, the death of the Member or the entry of an order by a court of competent jurisdiction adjudicating the Member incompetent to manage the Member's personal estate;

(d) In the case of a Member that is a trust or who is acting as a Member by virtue of being a trustee of a trust, the termination of the trust (but not merely the substitution of a new trustee);

(e) In the case of a Member that is a separate Organization other than a corporation, the dissolution and commencement of winding up of the separate Organization;

(f) In the case of a Member that is a corporation, the filing of a certificate of dissolution, or its equivalent, for the corporation or the revocation of its charter; or

(g) In the case of a Member that is an estate, the distribution by the fiduciary of the estate's entire interest in the Company.

12.2 **Rights of Dissociating Member.** In the event any Member dissociates prior to the expiration of the term of this Company Agreement:

(a) If the Dissociation causes a dissolution and winding up of the Company under Article XIII, the Member shall be entitled to participate in the winding up of the Company to the same extent as any other Member except that, if such Dissociation results from a withdrawal of a Member in violation of this Company Agreement, any Distributions to which such Member would have been entitled shall be reduced by that portion of the damages, if any, sustained by the Company as a result of the Dissolution Event and winding up that is chargeable to the Capital Accounts of the other Members; or

(b) If the Dissociation does not cause a dissolution and winding up of the Company under Article XIII, the Member shall be entitled to an amount equal to the value of the Member's Membership Interest in the Company, to be paid over a period not to exceed five years together with interest at the minimum rate necessary to avoid the imputation of interest under the Code. The value of the Member's Membership Interest shall include the amount of any Distributions to which the Member is entitled under the Company Agreement and the value of the Member's Membership Interest as of the date of Dissociation as determined by independent appraisal, reduced by an allocable portion of any damages sustained by the Company as a result of the Member's Dissociation.

ARTICLE XIII
DISSOLUTION AND WINDING UP

13.1 **Dissolution.** The Company shall be dissolved without further action by the Members and its affairs wound up upon the first to occur of any of the following events (each of which shall constitute a Dissolution Event):

(a) The expiration of the term of the Company Agreement, unless the Company is continued with the consent of all of the Members;

(b) The written consent of the Members holding at least two-thirds of the Membership Interests; and

[(c) At any time when there is but one Member.]

13.2 **Effect of Dissolution.** Upon dissolution, the Company shall not be terminated and shall continue until the winding up of the affairs of the Company is completed and articles of dissolution have been filed with the Department of State of New York.

13.3 **Distribution of Assets on Dissolution.** Upon the winding up of the Company, the Managing Member (or, if there is no Managing Member then remaining, such other Person(s) designated by the Members representing at least a majority of the Members' Membership Interests) shall take full account of the assets and liabilities of the Company, shall liquidate the assets (unless the Managing Member determines that a Distribution of any Company Property in-kind would be more advantageous to the Members than the sale thereof) as promptly as is consistent with obtaining the Fair Market Value thereof, and shall apply and distribute the proceeds therefrom in the following order:

(a) First, to the payment of the debts and liabilities of the Company to creditors, including Members who are creditors, to the extent permitted by law, in satisfaction of such debts and liabilities, and to the payment of necessary expenses of liquidation;

(b) Second, to the setting up of any reserves which the Managing Member may deem necessary or appropriate for any anticipated obligations or contingencies of the Company arising out of or in connection with the operation or business of the Company. Such reserves may be paid over by the Managing Member to an escrow agent or trustee selected by the Managing Member to be disbursed by such escrow agent or trustee in payment of any of the aforementioned obligations or contingencies and, if any balance remains at the expiration of such period as the Managing Member shall deem advisable, shall be distributed by such escrow agent or trustee in the manner hereinafter provided; and

(c) Then, to the Members in accordance with positive Capital Account balances taking into account all Capital Account adjustments for the Company's taxable year in which the liquidation occurs. Liquidation proceeds shall be paid within 60 days of the end of the Company's taxable year in which the liquidation occurs. Such Distributions shall be in cash or Property (which need not be distributed proportionately) or partly in both, as determined by the Managing Member.

If at the time of liquidation the Managing Member shall determine that an immediate sale of some or all Company Property would cause undue loss to the Members, the Managing Member may, in order to avoid such loss, defer liquidation.

13.4 **Winding Up and Articles of Dissolution.** The winding up of the Company shall be completed when all debts, liabilities and obligations of the Company have been paid and discharged or reasonably adequate provision therefor has been made, and all of the remaining Property of the Company has been distributed to the Members. Within 90 days following the

dissolution and commencement of the winding up of the Company, articles of dissolution shall be filed with the Department of State of New York. The articles of dissolution shall set forth the information required by the NY LLC Law.

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 1448662.0.15
Date of Incident/Inspection: 12/4/2019
Settled Amount of Fine: $14,000.00

Explanation:
On 12/4/2019 an employee of Rason Materials was performing work at the Cedarhurst asphalt plant when, without instruction, the employee used a manlift to access a conveyor drive pulley that was approximately 8' above ground level. In an unwise attempt to clean dirt off of the pulley, while the conveyor was operating the employee used a wrench to scrape the inside of the pulley. The wrench was grabbed by the pulley and belt which spun the wrench, striking the employee's hand which resulted in a severe injury to the employee's thumb.

OSHA was notified immediately, and an inspection was performed the following day. The following determinations were made after that inspection:

- The subject pulley and belt were not required to have guards due to being 8' above ground level and not normally accessible to personnel.
- There was an inadequate Safety Plan in place for the asphalt plant.
- There was an inadequate Lockout/Tagout Program in place for the asphalt plant
- There were 2 pulleys without guards that were required to have guards

Rason received 4 violations as follows:

1. No guard on equipment (1st instance) (serious)
2. No guard on equipment (2nd instance) (serious)
3. Inadequate Safety Program
4. Inadequate Lockout/Tagout Program

The end result of discussions between Rason and OSHA was a reduction in the total fine to be $14,000.00. That fine has been paid and the case has been closed.

CORRECTIVE MEASURES
As soon as practicable after the incident Rason developed and implemented a new Safety Program, including a new Lockout/Tagout Program. These programs were implemented, and all employees were provided with initial and follow-up training.

LESSONS LEARNED
Rason has placed increased emphasis on awareness training for all employees with respect to rotating equipment guards and the necessity that those guards be in place at all times when the plant is in operation.

Additionally, Rason has been stringent in training employees in Lockout/Tagout; with particular emphasis being placed on the prohibition of working on operating equipment.

Scatt Materials Corp

44 South Fourth Street, Bay Shore, NY 11706

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 154269
Date of Incident/Inspection: 7/19/21
Settled Amount of Fine: Not settled as of 4/8/22

Explanation:
On 7/19/21 an employee of Scatt Materials Corp., without instruction, entered a chute to free up a jammed diversion plate. While the plant and conveyor were shut down, as the employee moved material that was obstructing a diversion plate the stored energy in the plate caused the plate to suddenly move, striking the employee in the leg. The employee suffered a broken leg.

OSHA was notified immediately, and an inspection was performed that day. The following determinations were made after that inspection:

- The Lockout/Tagout procedures that were in place for the asphalt plant were inadequate.
- The employee that was injured was not properly trained in Lockout/tagout and stored energy.

Scatt received 2 violations as follows:

1. Procedures were not developed, documented, and utilized for the control of potentially hazardous energy
2. Employees were not adequately trained to ensure that the Lockout/Tagout program that was in place was understood and followed by employees

Due to the common ownership of Scatt Materials and Rason Materials, and considering Rason Materials had received OSHA violations and a stipulated fine in 2020 for similar violations, the violations were determined by OSHA to be Repeat-Serious Violations; each violation was accompanied by a $6,216.00 fine.

Scatt has engaged legal counsel and is currently in discussions with OSHA to determine a settlement. Scatt understands at this time that the settlement will result in the removal of both "Repeat-Serious" violations and the assessment of one "other than serious" violation.

CORRECTIVE MEASURES
Additional awareness training has been provided to all Scatt employees with respect to the current Safety Program and Lockout/Tagout procedures. In addition, the Safety Programs for Scatt (and Rason) are currently under review and will be revised to meet or exceed all OSHA requirements.

LESSONS LEARNED
Scatt has placed increased emphasis on awareness training for all employees with respect to the Lockout/Tagout procedures and the potential stored hazardous energy in various components of the plant, even after the plant has been shut down.

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015
DATE OPENED: 23 NOV 2022
SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:
Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that he H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

RE: OSHA INVESTIGATION OF H&L CONTRACTING LLC

On October 22, 2019 H&L Contracting LLC was performing paving work as a subcontractor to United Paving Corp. (General Contractor) under the Village of Freeport's 2019 Road Resurfacing Program. The subcontracting agreement between H&L and United included the paving work only, Maintenance and Protection of Traffic (MPT) was excluded from H&L's scope of work. Included in the streets to be paved by H&L was Grant Street, a dead-end street on the east side of Guy Lombardo Blvd. in the Village of Freeport.

Paving work was performed from the dead-end of Grant St. outward towards Guy Lombardo Blvd., with asphalt truck trailers provided by 4L Equipment Leasing LLC under an agreement with H&L. These trailers backed down Grant St. to the paver, and once empty proceeded ahead to Guy Lombardo Blvd., turning right to exit the work area. Unbeknownst to the H&L crew the United employee(s) that had been assigned to perform the MPT for the work were not at the Grant St. intersection but rather at another intersection scheduled for paving that day.

As a 4L truck was exiting Grant St. after dumping into the paver, the driver stopped the truck at the intersection with Guy Lombardo Blvd. During this time when the truck was stopped, another 4L employee, who had parked and exited his truck a short distance north on Guy Lombardo Blvd., ran towards the stopped truck on Grant St., approaching from the passenger side of that truck, apparently to obtain a scraper that was stored behind the cab. The driver of the stopped truck did not notice the approaching 4L employee due to that employee approaching from the passenger (blind) side. While the 4L employee was immediately in front of the stopped truck's right rear wheel, the driver proceeded forward, fatally injuring the 4L employee.

All required notifications were made, including Nassau County Police and OSHA. H&L fully cooperated with all investigations.

Notwithstanding that 1. MPT was NOT in the scope of H&L's work under the subcontract, 2. H&L was unaware that United was not providing MPT at the accident location at the time of the accident, and 3. If MPT was being provided at the intersection it is doubtful that the actions of the 4L employee, namely stepping in front of the rear wheel without notifying the driver of his presence, would have been prevented, the OSHA investigation resulted in two citations of violations against H&L. One being a severe violation of "Accident Prevention Signs and Tags" and the other being a severe violation of "Signaling". Each Violation included a penalty of $12,145.00.

H&L was not afforded an opportunity to contest the citations, although it was H&L's wish to do so, apparently due to Federal COVID protocols affecting the ability to communicate with OSHA personnel.

H&L promptly paid the penalties and incorporated various "lessons learned" into its Safety Procedures. Chief among those lessons learned was that work cannot proceed without required MPT regardless of whose responsibility that MPT falls under.

H&L personnel are available at your convenience to discuss this matter and will provide available records and documentation at your request.

Sincerely,

Keith Haney, Managing Member Signature

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635374.015
DATE OPENED: 18 NOV 2022
SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:
Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

JOCAR ASPHALT LLC / DBA RASON MATERIALS

4 Johnson Rd. Lawrence, NY 11559
(631)293-6210

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 1448662.0.15
Date of Incident/Inspection: 12/4/2019
Settled Amount of Fine: $14,000.00

Explanation:
On 12/4/2019 an employee of Rason Materials was performing work at the Cedarhurst asphalt plant when, without instruction, the employee used a manlift to access a conveyor drive pulley that was approximately 8' above ground level. In an unwise attempt to clean dirt off of the pulley, while the conveyor was operating the employee used a wrench to scrape the inside of the pulley. The wrench was grabbed by the pulley and belt which spun the wrench, striking the employee's hand which resulted in a severe injury to the employee's thumb.

OSHA was notified immediately, and an inspection was performed the following day. The following determinations were made after that inspection:

- The subject pulley and belt were not required to have guards due to being 8' above ground level and not normally accessible to personnel.
- There was an inadequate Safety Plan in place for the asphalt plant.
- There was an inadequate Lockout/Tagout Program in place for the asphalt plant
- There were 2 pulleys without guards that were required to have guards

Rason received 4 violations as follows:

1. No guard on equipment (1st instance) (serious)
2. No guard on equipment (2nd instance) (serious)
3. Inadequate Safety Program
4. Inadequate Lockout/Tagout Program

The end result of discussions between Rason and OSHA was a reduction in the total fine to be $14,000.00. That fine has been paid and the case has been closed.

CORRECTIVE MEASURES
As soon as practicable after the incident Rason developed and implemented a new Safety Program, including a new Lockout/Tagout Program. These programs were implemented, and all employees were provided with initial and follow-up training.

LESSONS LEARNED
Rason has placed increased emphasis on awareness training for all employees with respect to rotating equipment guards and the necessity that those guards be in place at all times when the plant is in operation.

Additionally, Rason has been stringent in training employees in Lockout/Tagout; with particular emphasis being placed on the prohibition of working on operating equipment.

Scatt Materials Corp

44 South Fourth Street, Bay Shore, NY 11706
(631)586-0554

EXPLANATION FOR ANSWERING YES TO QUESTION 13 ON BID DOCUMENTS

OSHA Inspection 154269
Date of Incident/Inspection: 7/19/21
Settled Amount of Fine: Not settled as of 4/8/22

Explanation:
On 7/19/21 an employee of Scatt Materials Corp., without instruction, entered a chute to free up a jammed diversion plate. While the plant and conveyor were shut down, as the employee moved material that was obstructing a diversion plate the stored energy in the plate caused the plate to suddenly move, striking the employee in the leg. The employee suffered a broken leg.

OSHA was notified immediately, and an inspection was performed that day. The following determinations were made after that inspection:

- The Lockout/Tagout procedures that were in place for the asphalt plant were inadequate.
- The employee that was injured was not properly trained in Lockout/tagout and stored energy.

Scatt received 2 violations as follows:

1. Procedures were not developed, documented, and utilized for the control of potentially hazardous energy
2. Employees were not adequately trained to ensure that the Lockout/Tagout program that was in place was understood and followed by employees

Due to the common ownership of Scatt Materials and Rason Materials, and considering Rason Materials had received OSHA violations and a stipulated fine in 2020 for similar violations, the violations were determined by OSHA to be Repeat-Serious Violations; each violation was accompanied by a $6,216.00 fine.

Scatt has engaged legal counsel and is currently in discussions with OSHA to determine a settlement. Scatt understands at this time that the settlement will result in the removal of both "Repeat-Serious" violations and the assessment of one "other than serious" violation.

CORRECTIVE MEASURES
Additional awareness training has been provided to all Scatt employees with respect to the current Safety Program and Lockout/Tagout procedures. In addition, the Safety Programs for Scatt (and Rason) are currently under review and will be revised to meet or exceed all OSHA requirements.

LESSONS LEARNED
Scatt has placed increased emphasis on awareness training for all employees with respect to the Lockout/Tagout procedures and the potential stored hazardous energy in various components of the plant, even after the plant has been shut down.

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635374.015
DATE OPENED: 18 NOV 2022
SITE ADDRESS: Newburyport Harbor, Newburyport, MA 01950

DESCRIPTION:
Prior to 11/18/22, H&L had been performing maintenance dredging in the 9-ft channel in Newburyport Harbor for the US Army Corps of Engineers. The dredging work was completed and had been accepted by the Corps on 11/15/22. During the course of that work, various safety minor deficiencies were noticed by the H&L Health and Safety Officer. These deficiencies included:

- Navigation lighting not functioning.
- Recovery ladders not appropriate.
- Faulty extension cord
- Faulty oxygen/acetylene hose
- Improper use of sling in lifting materials
- Inadequate housekeeping
- Excavator not adequately secured to barge.

All of these deficiencies had been logged on Daily Safety reports and had been corrected. The corrective measures had been documented by Corps personnel.

OSHA personnel performed a site inspection on 11/18/22 apparently due to an anonymous complaint received by them at some time prior. The complaint provided to H&L by OSHA specifically included the above deficiencies.

H&L has not received any correspondence from OSHA regarding the site inspection as of this date.

It should be noted that during the course of a USACE maintenance dredging project, H&L employs two full time Site Safety & Health Officers (one for each shift), and that Corps personnel are also always on-site evaluating H&L's implementing safety requirements.

LESSONS LEARNED:

While H&L has yet to receive a report from OSHA concerning its inspection at Newburyport, H&L reinforced the following with its dredging supervisory and safety personnel:

- Dredging by its very nature entails multiple operations simultaneously, with workers moving from one task to the next quickly. It is incumbent upon safety and supervisory personnel to be proactive in noticing and correcting any deficiencies, regardless of how minor they may seem.
- Faulty lights and equipment must be repaired and or replaced at the earliest opportunity.
- Equipment lifting procedures must be followed at ALL times, regardless of the size of the load being lifted.
- Housekeeping must always be up to standards, even during urgent work.

H&L will make any OSHA correspondence regarding the 11/18/22 inspection available once those reports are received.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

RE: OSHA INVESTIGATION OF H&L CONTRACTING LLC

On October 22, 2019 H&L Contracting LLC was performing paving work as a subcontractor to United Paving Corp. (General Contractor) under the Village of Freeport's 2019 Road Resurfacing Program. The subcontracting agreement between H&L and United included the paving work only, Maintenance and Protection of Traffic (MPT) was excluded from H&L's scope of work. Included in the streets to be paved by H&L was Grant Street, a dead-end street on the east side of Guy Lombardo Blvd. in the Village of Freeport.

Paving work was performed from the dead-end of Grant St. outward towards Guy Lombardo Blvd., with asphalt truck trailers provided by 4L Equipment Leasing LLC under an agreement with H&L. These trailers backed down Grant St. to the paver, and once empty proceeded ahead to Guy Lombardo Blvd., turning right to exit the work area. Unbeknownst to the H&L crew the United employee(s) that had been assigned to perform the MPT for the work were not at the Grant St. intersection but rather at another intersection scheduled for paving that day.

As a 4L truck was exiting Grant St. after dumping into the paver, the driver stopped the truck at the intersection with Guy Lombardo Blvd. During this time when the truck was stopped, another 4L employee, who had parked and exited his truck a short distance north on Guy Lombardo Blvd., ran towards the stopped truck on Grant St., approaching from the passenger side of that truck, apparently to obtain a scraper that was stored behind the cab. The driver of the stopped truck did not notice the approaching 4L employee due to that employee approaching from the passenger (blind) side. While the 4L employee was immediately in front of the stopped truck's right rear wheel, the driver proceeded forward, fatally injuring the 4L employee.

All required notifications were made, including Nassau County Police and OSHA. H&L fully cooperated with all investigations.

Notwithstanding that 1. MPT was NOT in the scope of H&L's work under the subcontract, 2. H&L was unaware that United was not providing MPT at the accident location at the time of the accident, and 3. If MPT was being provided at the intersection it is doubtful that the actions of the 4L employee, namely stepping in front of the rear wheel without notifying the driver of his presence, would have been prevented, the OSHA investigation resulted in two citations of violations against H&L. One being a severe violation of "Accident Prevention Signs and Tags" and the other being a severe violation of "Signaling". Each Violation included a penalty of $12,145.00.

H&L was not afforded an opportunity to contest the citations, although it was H&L's wish to do so, apparently due to Federal COVID protocols affecting the ability to communicate with OSHA personnel.

H&L promptly paid the penalties and incorporated various "lessons learned" into its Safety Procedures. Chief among those lessons learned was that work cannot proceed without required MPT regardless of whose responsibility that MPT falls under.

H&L personnel are available at your convenience to discuss this matter and will provide available records and documentation at your request.

Sincerely,

Keith Haney, Managing Member Signature

To whom it may concern,

The following serve as summary description of our open OSHA inspections associated with H&L Contracting LLC:

OSHA INSPECTION NO. 1635814.015
DATE OPENED: 23 NOV 2022
SITE ADDRESS: Smith Point County Marina East Concourse, Shirley, NY 11967

DESCRIPTION:
Considering there are ongoing investigations by OSHA, US Coast Guard, and SCPD due to the incident involving a fatality, H&L can only provide limited information.

On 11/23/22, H&L Contracting was performing dredge pipe fusing work at the Smith Point County Marina. This work consisted of fusing sections of HDPE pipe together on land and once fused, using a small work boat (skiff) to tow the fused (floating) sections to a mooring area a short distance from the fusing station. H&L assigned an experienced and qualified crew to perform the work; all workers were trained in H&L's safe work procedures, including receiving on site safety briefings (tool box talks) regarding work on or near the water. H&L requires all personnel working on or near the water to wear personal floatation devices (PFD's) at all times, that requirement was specifically reinforced by H&L supervisory personnel at the job site prior to the incident on 11/23/22.

At some point during the performance of the work an H&L employee (boat operator) fell off of the work boat while not wearing a PFD. This event was not noticed immediately by the other H&L employees on site. Once it became evident that the boat operator was missing, the H&L work crew commenced a search and notified the Coast Guard and SCPD. An expansive search for the boat operator ensued with Coast Guard, SCPD, and various Fire Dept. placing divers in the water. OSHA was notified soon after the search began.

During the search it became evident that he H&L boat operator had not been wearing his PFD, although he had been specifically instructed to do so. The boat operator's body was not recovered until over one week after the incident; H&L has no information regarding the cause of death of the boat operator. H&L is aware that the investigations have established that the boat operator was equipped with a PFD that was found on the skiff.

LESSONS LEARNED

It is H&L's position that the company had all required safety procedures in place regarding marine safety, and that those procedures had been reinforced by supervisory personnel at the site prior to the incident. The boat operator had been seen to be wearing his PFD prior to the incident and no H&L employee noticed the boat operator's failure to follow the instructions regarding wearing PFD's.

Going forward, H&L will re-enforce the requirement to wear PFD's at all times when working on or near the water.

If any additional information regarding this OSHA case or any other safety related matter is necessary, please contact H&L Company Safety Director Chris Adams in the main office.

12. BANK ACCOUNTS: It is agreed that bank accounts, as follows, shall be opened at a banking institution which shall be designated by the Managing Party:

(a) a general account; and

b) a payroll account (if needed; parties agree it will be maintained and billed through the Joint Venture)

It is agreed that all revenues shall be deposited into the general account which shall be drawn upon as required for deposit to the payroll account. Checks drawn on either account shall require the signature of only a signatory for the Managing Party. The Managing Party shall provide a monthly summary of all checks drawn on the accounts to all parties.

13. DIVISION OF PROFITS: Upon completion of the Principal Contract, and after paying or providing for the payment of (a) all known costs and expenses, and (b) reserves for such unsettled claims, overruns and other contingencies as all the parties may reasonably agree, in their discretion, to be necessary and after repaying all sums advanced for working capital, the profits then remaining shall be distributed among the parties in accordance with their proportionate interests or as otherwise provided in this Agreement. Any remaining reserves or other undistributed funds shall be similarly distributed when no longer required.

14. BURDEN OF LOSSES:

(a) If the performance of the Principal Contract results in a loss, the parties shall be obligated in accordance with their respective interests for any such loss (irrespective of the fact that any party may have advanced more than its proportionate share of working capital as provided above). Such proportionate liability for each party for the bearing of losses shall continue with respect to any claims which, at any time either before or after the completion of the Principal Contract, shall be made against them, or any of them, by reason of the Joint Venture or any matter or thing in connection therewith.

(b) In the event of loss, each party shall advance its proportionate share of such loss in the manner provided in Paragraph 6, "WORKING CAPITAL," for contribution of working capital.

15. INSOLVENCY: Upon the bankruptcy or insolvency of any party, or should any party commit any act of bankruptcy or take advantage of any bankruptcy, reorganization, composition, or arrangement statute, then, from and after such date, such party, its successors or assigns (hereinafter referred to as the "insolvent party") and its representative(s) shall cease to have any voice in the management of this Joint Venture and the Principal Contract (anything in this Agreement to the contrary notwithstanding). All actions and decisions with respect to the Joint Venture and the Principal Contract shall thereafter be taken solely by the remaining parties and their representative(s). Notwithstanding the foregoing, the insolvent party shall remain liable for its share of any losses, and, provided it has met and continues to meet all required advances of working capital, shall be entitled to return of its working capital advanced and to receive its share of any profits with such distribution to be made at the time and in the manner provided in this Agreement.

16. ASSIGNMENT OR PLEDGE: It being acknowledged that each party is entering into this Agreement in reliance upon each other party being and remaining a party of this

Agreement, no party may assign, transfer, pledge or hypothecate its interest, or any part thereof, under this Joint Venture or under the Principal Contract or its interest in any property or monies of this Joint Venture except with the prior written consent of all the other parties and upon such terms as they may reasonably require.

17. **AMENDMENT** This agreement cannot be amended or waived except by an agreement in writing signed by the authorized representatives of both parties and specifically referring to this agreement.

18. **AGREEMENT WITH A PARTY:** No agreement for the performance of any work or the furnishing of any materials or equipment for this Joint Venture by any part shall be entered into by the Joint Venture without the prior approval of the Managing Party.

19. **APPROVALS:** Except in instances where the terms of this Agreement specifically require the consent or approval of all the parties, in the event all of the parties are unable to agree to any course of action permitted to be taken by them under this Agreement, the decision as to the course of action shall be referred to the American Arbitration Association within ten (10) days for resolution.

20. **NOTICE:** Where written notice is required to be given hereunder, it shall be deemed effective when delivered by certified mail, RRR.

21. **JURISDICTION:** All questions relative to the execution, validity, interpretation and performance of this Joint Venture Agreement shall be governed by the laws and State of New York.

22. **SINGLE INSTRUMENT:** This Joint Venture Agreement may be executed in any number of counterparts, each of which shall be deemed an original and together constitute a single instrument.

23. **PARAGRAPH HEADINGS:** The paragraph headings immediately following the paragraph numbers are for indexing convenience only and are not intended to be representative of the content of that paragraph and are not to be construed as being part of this Agreement.

24. **BINDING EFFECT:** This Agreement shall bind the parties hereto and their respective successors and assigns. Nothing in this Agreement, expressed or implied, is intended or shall be construed to confer upon or give to any person, firm or corporation other than the parties hereto, their successors and assigns, any right, remedy or claim under this Agreement or by reason hereof,

or any covenant, stipulation, promise or agreement hereof, and all covenants, stipulations, promises and agreements herein contained shall be for the sole and exclusive benefit of the parties hereto and their respective successors and assigns.

25. **COMPLETE AGREEMENT:** This Agreement constitutes the final, complete and exclusive understanding between the Parties with respect to its subject matter and supersedes all prior or contemporaneous agreements in regard thereto. The parties have not relied upon any promises, warranties or undertakings other than those expressly set forth in this Agreement. Nothing in this Agreement shall give any person other than the parties to this Agreement or their respective successors or assigns any legal or equitable right, remedy or claim under this Agreement.

26. **ARBITRATION:** Any and all disputes of whatsoever nature arising out of, in connection with, resulting from or in any way related to this Agreement shall be submitted for determination in accordance with the then obtaining rules of the American Arbitration Association. Any hearings shall be in New York City. Any award or determination therein shall be enforceable in any court of competent jurisdiction.

27. **WAIVER:** The failure of either party to object to or to take affirmative action with respect to any conduct of the other Party which is in violation of the terms hereof, shall not be construed as a waiver thereof, nor of any subsequent breach or wrongful conduct. The rights and remedies set forth herein are intended to be cumulative, and the exercise of any right or remedy by either party shall not preclude or waive its exercise of any other rights or remedies hereunder or pursuant to law or equity.

28. **SEVERABILITY:** If any provision of this Agreement is deemed to be invalid or unenforceable by any court of competent jurisdiction, then the balance of this Agreement shall remain enforceable, and such invalid or unenforceable provision shall be enforced by such court to the maximum possible extent.

IN WITNESS WHEREOF, the undersigned parties have set their hands the day and date first above written.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
