2 CHAIRMAN KOPEL: Okay, we're going to
3 get we're going to get started. Welcome
4 everyone. We start out as always with the
5 Pledge. Legislator Strauss, would you be
6 so kind as to lead us?

7 (Whereupon, the Pledge of
8 Allegiance is said.)

9 CHAIRMAN KOPEL: Okay, we now have a
10 period of public comment. The public
11 comment today is not a general public
12 comment. It is a public comment only for
13 items that have been on the published
14 agenda. In other words, for one of the
15 agenda items for any one of the
16 committees.

17 Are there any members of the public
18 who wish to speak on one of our agenda
19 items?

20 (Whereupon, no response.)

21 CHAIRMAN KOPEL: Okay, I don't see
22 any. In that case, we'll go straight to

And that motion is made by Deputy

Legislator Drucker.

All those in favor of suspending the Rules, say aye.

(Whereupon, all members respond in favor.)

CHAIRMAN KOPEL: Those opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. The Rules are suspended.

We'll go to the contracts. I'll call all of them together and then we'll go through them one at a time.

A11, A12, 18, 22, 23, 24, 26, 27, 28 and 30, which are respectively, Global Fueling Systems; Ergoflex Systems, Inc.; All Island Equipment Corp.; We Transport, Inc.; LIAM Connect, LLC; Hoffman Equipment; Eastern Communications Limited; Guardian Bus Company, Inc.; Tyler Technologies, Inc.; Vcloud Tech, Inc.

The B contracts are B3, B4, B5, which are respectively, Posillico Civil Inc.; Metro Paving LLC; H & L Contracting

1
2 LLC.

3 The E contracts, which are E38, 39,
4 40, 41, 42, 43, 44, 45, 46, 47, 48, 49,
5 50, 51, 52, 53. Those are all of the E
6 contracts. These contracts are
7 respectively, Joe Capobianco; Jaspan
8 Schlesinger, Narendran; Externetworks;
9 Sheharyar Ali Law Group; National Medical
10 Services; Milliman, Inc.; West Group Law
11 PLC, that's for 45 and 52; Sheharyar Ali
12 is 41 and 42; LIRO Engineers is 46.

13 Then again, in order, Bee Ready Law
14 Group' Law offices of Vincent McNamara;
15 Wilson, Elser, Moskowitz, Edelman &
16 Dicker; Metamorphic Concerts; G & R
17 Events; Rosenberg, Calica, Birney,
18 Liebman & Ross.

19 Motion on all of these is by Deputy
20 Presiding Officer McKevitt, seconded by
21 Legislator Drucker.

22 Now we have a motion to table 43 and
23 E50.

24 Motion to table by Deputy Presiding
25 Officer McKevitt, seconded by Legislator

Drucker.

All those in favor of tabling these two items say aye.

(Whereupon, all members respond in favor.)

CHAIRMAN KOPEL: Those opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Those two items are tabled.

We'll start off now with the Emergency Management; that would be contract A12 and ErgoFlex Systems, Inc..

MR. BUTLER: Good afternoon. John Butler, Accounting Executive, OEM.

Item before you is to authorize the purchase of an ergonomic consoles for the 911 Center. The County has been upgrading these consoles every year based on the grant funding that was available for it. This represents the final purchase and installation of these modern ergonomic workstations for our call center employees. And this is a 100% grant funded expense with no cost to the

County's General Fund.

CHAIRMAN KOPEL: Okay. Any questions
from anyone?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Thank you.

1
2 CHAIRMAN KOPEL: Next is
3 Comptroller's Office. That's E44
4 Milliman, Inc.

5 MR. CASOLARO: Good afternoon. On
6 behalf of the controller, Charlie
7 Casolaro, Chief Counsel. This is an
8 amendment to a contract with Milliman,
9 which is a vendor Nassau County has had
10 for 30 years. They're the vendor that
11 provides the actuarial services for the
12 County.

13 The Government Accounting Standards
14 Review Board has promulgated some new
15 regulations, and we need Milliman to do
16 that actuarial analysis for us. It is
17 compensated absence liability and post
18 employment benefits pensions for
19 different component parts of Nassau
20 County.

21 So we expanded the scope of the
22 services of the contract a bit. And we've
23 added \$165,000 for the life of the
24 contract. It's very important. It's
25 necessary work. And Milliman is a great

1
2 vendor. They've been with us for 30
3 years. And these are state reporting
4 requirements that we must have. So I
5 would ask that it be approved.

6 CHAIRMAN KOPEL: Okay. Any questions
7 from anyone?

8 (Whereupon, no response.)

9 CHAIRMAN KOPEL: Okay. Thanks,
10 Charlie.

11 MR. CASOLARO: You're welcome.

3 CHAIRMAN KOPEL: Thank you. Next is
4 Health Department. We'll start off A22.
5 That would be We Transport.

6 MS. ZAHRABIAN: Good afternoon,
7 everyone. Alyssa Zahrabian for Nassau
8 County Department of Health.

9 If I can -- A 22 and A 26 are very
10 similar; if I can present them together.

11 These items are purchase orders for
12 the transportation of Nassau County
13 children with special needs in the
14 preschool, special education and early
15 intervention programs. The transportation
16 services for children ages birth through
17 age three is in the EI program and is
18 mandated under Article 25 of the New York
19 State Public Health Law.

20 Transportation services for children
21 ages 3 to 5 in the Preschool Special
22 Education program are mandated under
23 Chapter 4410 of the New York State
24 Education Law.

25 At the Advisement of Purchasing, we

are moving away from using purchase orders for transportation in these programs and are currently in the RFP process to establish contracts for these services. So these new contracts are expected to hopefully begin August 1st.

And so in the meantime, these additional funds are needed to support the current purchase orders to ensure continuity of service for the special needs children and their families until the new contracts take effect.

CHAIRMAN KOPEL: Okay. Any questions from anyone?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Thank you.

A27 which is Guardian Bus.

MS. ZAHRABIAN: Same thing. Two different companies, same thing.

CHAIRMAN KOPEL: Okay. All right.

Well, thank you then.

MS. ZAHRABIAN: Thank you.

1
2 CHAIRMAN KOPEL: All right. Next is
3 Parks. Hello, Darcy.

4 COMMISSIONER BELYEA: Good afternoon,
5 everyone. Darcy Belyea, Parks
6 Commissioner.

7 CHAIRMAN KOPEL: I have 50 and 51,
8 Metamorphic Gardens and G & R.

9 COMMISSIONER BELYEA: Yes. And 50 I
10 asked to be tabled because there's been a
11 change in the insurance clause. So we'll
12 talk about that next time.

13 But I have E51-26. This item is an
14 amendment to the service agreement
15 approved by this body in March '24 and
16 amended again in October of '25 between
17 the County and G & R Events NY, a booking
18 agent for entertainment for County
19 events.

20 This amendment refers only to year
21 three of the term, which is from October
22 1st, 2025 to September 30th of 2026,
23 requesting an increase in the amount to
24 be paid to the vendor by \$850,000 for the
25 total consideration for year three of the

1
2 agreement, will not exceed \$1 million.
3 This increase will increase the total
4 amount to be paid under the contract, not
5 to exceed \$1,950,000, should all renewal
6 options be exercised. And there are two
7 after this contract year.

8 Additionally, this amendment also
9 increases the scope of services to have
10 the vendor be responsible for artist
11 hospitality when required for certain
12 bookings, and it also adds a clause that
13 allows the vendor to submit an invoice
14 prior to an event for a partial advance
15 of up to 40% of the total event cost.

16 No other contract terms will be
17 amended and all spending is funded by the
18 Hotel/Motel Tax Grant Fund.

19 CHAIRMAN KOPEL: Okay. Any questions
20 from anyone?

21 (Whereupon, no response.)

22 CHAIRMAN KOPEL: Okay. Thank you.

23

1
2 CHAIRMAN KOPEL: Next is Police
3 Department. Good afternoon.

4 We've got A23 and 24 and E43; A23 is
5 LIAM Connect.

6 DEPUTY CHIEF PALAZZOLO: Good
7 afternoon, Deputy Chief Janine Palazzolo,
8 Nassau County Police Department.

9 Item A 23, this is to authorize an
10 award, a purchase order with LIAM Connect
11 LLC and the Police Department for a
12 digital mail delivery service.

13 The maximum amount authorized under
14 the purchase order is \$136,375, which is
15 fully grant funded.

16 CHAIRMAN KOPEL: Questions?

17 (Whereupon, no response.)

18 CHAIRMAN KOPEL: Okay.

19 DEPUTY CHIEF PALAZZOLO: A24 is to
20 authorize an award of purchase order for
21 the deck crane for the Nassau County
22 Police Department Marine Bureau. This is
23 a one time purchase in the amount of
24 \$227,950, and it's federally funded from
25 a grant.

CHAIRMAN KOPEL: Okay.

E43 which is National Medical
Services.

DEPUTY CHIEF PALAZZOLO: I believe we
tabled that.

CHAIRMAN KOPEL: 43, you are correct.
Okay. Well, thank you.

1
2 CHAIRMAN KOPEL: Next is IT. We'll
3 start off with A26, Eastern
4 Communications.

5 MR. KESSLER: Good afternoon. Michael
6 Kessler, Department of Information
7 Technology.

8 Matter A26-26 is a blanket purchase
9 order for the monitoring, maintenance,
10 and support of the radio communications
11 network used by the Fire Marshal's
12 Office.

13 This is a sole source annual
14 agreement with Eastern Communications for
15 continued monitoring, maintenance and
16 technical support of all equipment
17 involved in radio communications for the
18 Department. This vendor is best suited to
19 provide these services as they were the
20 ones who designed and installed the
21 network.

22 The term of this agreement is three
23 years plus two additional one year
24 renewal options for a possible total of
25 five years. The maximum cost is

1
2 \$2,050,633.40.

3 With me is Chief Frank Pasanisi from
4 the Marshal's Office, if you have any
5 questions.

6 CHAIRMAN KOPEL: Okay.

7 A 28 is Tyler Technologies.

8 MS. TALOR: Good afternoon. Rosemarie
9 Tolar, project manager at the Department
10 of Information Technology.

11 This is a request for a blanket
12 contract, a five year contract to pay the
13 annual maintenance and support for the
14 Nassau County Property Management and
15 Assessment application, known as Adapt.

16 The maximum amount of the blanket
17 contract covers the five years of
18 maintenance updates and continued support
19 and customizations for the Adapt Program.
20 Data generated from the system is
21 provided to various departments
22 throughout the County, including
23 Treasurer Assessment Review Committee,
24 County Attorneys, etc. There's several
25 departments that use this data collecting

1
2 and addressing various needs related to
3 our real estate and the taxes.

4 Tyler is a sole source provider and
5 proprietary owner of the Adapt
6 application, and basically the only
7 vendor that can support this product for
8 us.

9 Any questions, I'm happy to answer.

10 CHAIRMAN KOPEL: Legislator Drucker.

11 LEGISLATOR DRUCKER: Thank you. Just
12 one quick question.

13 So our backup says that the previous
14 purchase order was from April 1st '24 to
15 March 31st, '25. So we're now a year plus
16 later. And then it says that the new
17 contract starts April 1st of '27. Can you
18 explain that?

19 MS. TALOR: Right. So the last
20 payment through April of 2026 was made
21 with a purchase order.

22 LEGISLATOR DRUCKER: What about the
23 one from April 1st of '25?

24 MS. TALOR: That was also paid, I'm
25 assuming. I mean, I haven't specifically

1
2 looked at that before I left here, but --

3 LEGISLATOR DRUCKER: Well, there was
4 a year gap, so I just want to know what
5 happened in that year.

6 MS. TALOR: There isn't a year gap.
7 As far as I know, there was a purchase
8 order payment for the last maintenance
9 annual maintenance payment that was due
10 and this contract begins in 2026.

11 LEGISLATOR DRUCKER: So what happens
12 from '26 to '27? I also want to know what
13 happened to April 1st of '25 to '26. And
14 now what happens from '26 to '27.

15 MS. TALOR: So prior to this
16 contract, everything was paid under a
17 purchase order. I'm going to assume there
18 was another purchase order. I can check
19 that for you. But that's the way we've
20 been doing it for this vendor all along.
21 The blanket contract is what's new here,
22 and we're requesting five years of
23 payments rather than the purchase order
24 payments that came out every year. I can
25 check and let you know what purchase

order. I'm pretty sure we paid it
otherwise --

LEGISLATOR DRUCKER: Don't like to
see the gaps. I'd like to just have an
explanation of what happens in those gap
years, that's all.

MS. TALOR: Most likely. Well, I'm
going to say definitely was a purchase
order.

LEGISLATOR DRUCKER: Provide us with
whatever you have to show us what
happened during those two years.

MS. TALOR: Sure. No problem.

LEGISLATOR DRUCKER: Thank you.

MS. TALOR: Okay.

CHAIRMAN KOPEL: Okay. Legislator
Mule?

LEGISLATOR MULE: Hi. So I'm
wondering if this is just a typo. Because
in our information, it says year one is
April 1st 2027 to March 31st 2027. So I
think that might be the confusion because
should that be April 1st 2026?

MS. TALOR: Let me take a quick look

and see what I have here. Hold on.

LEGISLATOR MULE: None of the years really make any sense. Yeah.

MS. TALOR: You know what? I'll have to check. It might be a typo on there, but I don't have the information to answer the question right here, right now. But I don't think there's gaps. If it was a mistake, then we have to --

LEGISLATOR MULE: Let me ask it a different way. Does year one actually begin on April 1st, 2026?

MS. TALOR: Yes, it does.

LEGISLATOR MULE: There we go. Okay. I think it's a typo. Okay, so each year is going to be the year prior. Thank you.

MS. TALOR: Yeah. This this went in kind of quickly. I didn't get a lot of background on it.

LEGISLATOR MULE: I Think it's just a typo.

MS. TALOR: Okay. I'll take a look. Thank you.

CHAIRMAN KOPEL: All right.

1
2 A 30 Vcloud Tech.

3 MS. TALOR: Yes.

4 So the manufacturer, Fortinet, is a
5 global leader of cybersecurity solutions
6 and services and is the manufacturer for
7 the product that we're purchasing now.
8 The ongoing support is provided by the
9 manufacturer Fortinet. The vendor we're
10 purchasing from is VCloud Tech, won the
11 bid based on the lowest price, and this
12 is a purchase to replace a current
13 sandbox, which is basically a server
14 that's an isolated environment that's
15 used for critical role in our security
16 stacking.

17 We have a lot of things for
18 security. This is one of them. And what
19 it does is it analyzes electronic data
20 entering or moving through our network
21 and will block anything that's suspicious
22 from getting into the network. That's the
23 function of this particular box. And the
24 cost for this is \$197,802. The server
25 that we have now is going end of life in

1
2 July. So we have to get a replacement for
3 it.

4 Any questions?

5 CHAIRMAN KOPEL: E40, Exeter
6 Networks.

7 MS. TALOR: This is one of several
8 contracts in place with Nassau County
9 Information Technology. We basically use
10 these supplemental services contracts as
11 the need arises for specific technical
12 skills, knowledge and experience that is
13 not available within our current labor
14 force for a number of reasons. We've been
15 using these contracts since 2007. They
16 provide Nassau County information
17 technology with the ability to quickly
18 respond to needs that arise out of
19 emergencies, needs that arise out of
20 upgrading systems or platforms, and they
21 usually require multi-platform
22 experience. So across different
23 platforms, not just PeopleSoft, but
24 PeopleSoft and the way it integrates with
25 the Oracle Cloud, for example.

1
2 These contracts allow Nassau County
3 to issue statements of work when we need
4 this kind of service to several vendors,
5 who then get to bid on the opportunity to
6 work with the County.

7 These consultants work side by side
8 with Nassau County Information Technology
9 employees, passing along and transferring
10 knowledge and performing the work as they
11 go through their day.

12 The vendors were selected after an
13 RFP was published for supplemental
14 staffing last year.

15 Any questions on that? The contract
16 is \$250,000.

17 CHAIRMAN KOPEL: Thank you.

18 MS. TALOR: Okay.

2 CHAIRMAN KOPEL: The next group is
3 with Public Works. Let's start off with
4 A11, Global Fueling Systems.

5 MR. NIMMO: Good afternoon. Bill
6 Nimmo, Deputy Commissioner of Public
7 Works for Nassau County.

8 A11 is for a contract for an award
9 for a blanket purchase order in the
10 amount of \$3 million on behalf of Nassau
11 County Department of Public Works to
12 Global Fueling Systems. They maintain all
13 the gasoline and diesel fuel pumps at our
14 locations.

15 CHAIRMAN KOPEL: A18, All Island
16 Equipment.

17 MR. NIMMO: Yes. And that is for
18 authorizing award to execute a purchase
19 order in the amount of \$209,600 on behalf
20 of DPW to All Island Equipment for a
21 wheel loader. That's a heavy piece of
22 equipment that we use to load the salt
23 into our trucks, among other things.

24 CHAIRMAN KOPEL: Okay. B3 Posilico.

25 MR. NIMMO: Not me.

1
2 CHAIRMAN KOPEL: Oh, wait. Are you
3 finished? Do you have any others?

4 MR. NIMMO: I have one for Finance, I
5 believe. Yes.

6 CHAIRMAN KOPEL: Okay.
7 Well, anyway, I understand that
8 you're leaving us.

9 MR. NIMMO: Yes, I am; April 24th is
10 my last day.

11 CHAIRMAN KOPEL: Well. Good luck.

12 MR. NIMMO: Thank you.

13 CHAIRMAN KOPEL: We will try to
14 struggle along without you.

15 MR. NIMMO: Appreciate it. Thank you.

16 CHAIRMAN KOPEL: But good luck in the
17 future.

2 CHAIRMAN KOPEL: All right. So B3
3 Posilico, do we have someone here for
4 that?

5 MR. GEORGE: Good afternoon. Thomas
6 George, Deputy Commissioner of DPW.

7 Item B3-26 Merrick Road Rehab Phase
8 1, vendor Posilico Civil Incorporated.

9 This contract provides for
10 rehabilitation of Merrick Road Phase 1
11 from Jackson Avenue to County Line Road.
12 The work includes full depth conduit
13 replacement, miscellaneous repairs,
14 installation of concrete curbs,
15 sidewalks, ADA compliant curbs and ramps,
16 and diamond grinding.

17 CHAIRMAN KOPEL: Okay. B4, Metro
18 Paving.

19 MR. GEORGE: Item B4-26, Nassau
20 County priority resurfacing of area
21 roads. Vendor Metro paving.

22 The scope of the work for the
23 priority resurfacing contract. Phase 16
24 involves furnishing labor materials,
25 tools, equipment, and incidentals for

1
2 resurfacing asphalt and or concrete
3 surface and other related work for
4 various roads in Nassau County.

5 CHAIRMAN KOPEL: B5, H & L
6 Contracting.

7 MR. GEORGE: B5-26, priority
8 resurfacing of various roads Phase 17,
9 vendor H & L Contracting, LLC.

10 The scope of the work for the
11 priority resurfacing contract Phase 17
12 involves furnishing labor, materials,
13 tools, equipment, and incidentals for
14 resurfacing asphalt and/or concrete
15 surface and other related work for
16 various roads in Nassau County.

17 CHAIRMAN KOPEL: And finally, E46,
18 which is LIRO Engineers.

19 MR. GEORGE: E46-26. CMI service for
20 Merrick Road rehabilitation, vendor LIRO
21 Engineers, Inc.

22 This is a construction management
23 and inspection contract to manage Merrick
24 Road Rehabilitation Phase 1 project.

25 The service includes providing one

resident engineer, office engineer and
one construction inspector to manage the
construction contract.

CHAIRMAN KOPEL: Okay. Thank you.

1
2 CHAIRMAN KOPEL: And the final group
3 is with the County Attorney's Office. I
4 see we have Mr. Soleymanzadeh here. So
5 why don't you go ahead, please, and start
6 with, I guess, Joe Capobianco, E38.

7 MR. SOLEYMANZADEH: Good afternoon,
8 legislators. Richard Soleymanzadeh for
9 the County Attorney's Office.

10 E38 is with the outside law firm of
11 Joseph Capobianco, P.C.. This is an
12 amendment to effectively cover a period
13 of time when the law firm was providing
14 services to us, I believe between the
15 time that we presented the contract to
16 the Legislature and the time that the
17 county executive signed the contract.
18 Additionally we are adding funds to the
19 contract to cover additional litigation
20 that's being sent out to Mr. Capabianco's
21 firm. Happy to take any questions.

22 CHAIRMAN KOPEL: Okay. Yes. Go on.

23 LEGISLATOR DRUCKER: Thank you.
24 Hello, Mr. Soleymanzadeh, how are you
25 today?

1
2 MR. SOLEYMANZADEH: Good. Legislator
3 Drucker, how are you?

4 LEGISLATOR DRUCKER: Can you tell us
5 what the additional services are only a
6 year later?

7 MR. SOLEYMANZADEH: So this is an on
8 call contract with Mr. Capabianco's firm.
9 As litigation matters come into the
10 county involving tax liens and tax deeds,
11 we either decide to keep them in-house
12 and provide answers to those complaints,
13 or we will send them out to our outside
14 counsel to litigate on our behalf.

15 Last year when we first started this
16 contract was the first year we did it. We
17 estimated what we thought were the number
18 of contracts we'd be sending out. And
19 based on that, we came up with a number
20 of an annual basis to do it. Now that
21 we're into the contract about seven
22 months, I believe, we have a better idea
23 of how much annually is the potential to
24 be expended for this outside service. So
25 we're amending the contract to include

1
2 that so that as contracts come in we have
3 the room to be able to send out the
4 litigation to outside counsel.

5 This area of law is being litigated
6 more and more because of new case law
7 that's come out by the Supreme Court. And
8 so we anticipate the potential of --

9 LEGISLATOR DRUCKER: So there are
10 more cases they're going to be doing now.
11 Or are there additional cases now that
12 have been allocated?

13 MR. SOLEYMANZADEH: Well, there is
14 one particular case, a federal case,
15 that's coming in right now that we are
16 sending to them. Yes.

17 LEGISLATOR DRUCKER: This firm has
18 been doing this for a long time. I mean,
19 when you say that they didn't allocate it
20 enough a year ago, you would think that
21 they would be able to assess the amount
22 of hours required then and now, instead
23 of coming back seven months later.

24 MR. SOLEYMANZADEH: So in fairness,
25 on this one, this request for proposals

1
2 on this particular outside service came
3 from our bureau, Municipal Transactions
4 and specifically me. For the last 30 or
5 40 years this is litigation that was
6 handled in-house. And because of the new
7 case law that's coming out, we decided to
8 send it out. So we estimated what we
9 would be sending out, but it's turning
10 out to be a little bit more.

11 LEGISLATOR DRUCKER: I understand
12 that, but I just think you guys have been
13 doing this long enough that your
14 estimates should be more accurate. I
15 mean, that's my basic problem with all of
16 your contracts that you give out.

17 MR. SOLEYMANZADEH: Well, yeah, I
18 would think most clients have that issue
19 with their lawyers.

20 LEGISLATOR DRUCKER: I just feel
21 like, you know, these -- how often do you
22 guys meet to evaluate the particular
23 contracts to see if you need to adjust
24 them?

25 MR. SOLEYMANZADEH: Each specific

1
2 outside counsel contract?

3 LEGISLATOR DRUCKER: Yeah. Do you
4 like meet regularly and say this
5 contract, we're going to have to come
6 back to the ledge for more money because
7 we didn't allocate enough. Do you have
8 that meeting like regularly?

9 MR. SOLEYMANZADEH: I would think
10 that that's on a case by case basis. I'm
11 not privy to those specific discussions
12 if it's not involving our bureau that I'm
13 a part of. But I would think that as each
14 case is litigated, depending on, for
15 example, if there are multiple cross
16 claims being brought in, or counterclaims
17 or different court decisions on the case,
18 then those outside counsels would
19 probably reevaluate their posture and
20 their position on a case, come back to
21 the county attorney's office and then
22 say, we underestimated, or we
23 overestimated, or we didn't account for
24 something, or so on and so forth. There
25 are lots of variables that exist in

1
2 litigation that can't be accounted for
3 upfront.

4 LEGISLATOR DRUCKER: Capabianco has
5 been doing this for a while though, with
6 us, right? I mean, they're a familiar
7 player.

8 MR. SOLEYMANZADEH: I assume. I'm
9 new to government. So that's not
10 something that I'm familiar with.

11 LEGISLATOR DRUCKER: You're no
12 longer a newbie.

13 MR. SOLEYMANZADEH: I don't know
14 about that. Three years is apparently
15 new.

16 LEGISLATOR DRUCKER: Thank you.

17 MR. SOLEYMANZADEH: Thank you,
18 Legislator Drucker.

19 CHAIRMAN KOPEL: All right. 39 Jaspan
20 Schlesinger.

21 MR. SOLEYMANZADEH: So this E39 is
22 with the law firm of Jaspan Schlesinger.
23 This is an amendment.

24 We are sending to Jaspan's firm, I
25 believe Laurel is the attorney there

1
2 that's handling it, the former bureau
3 chief of litigation here, two additional
4 lawsuits that have come in related to the
5 adjusted base proportion disputes that
6 these law firms are bringing against the
7 County. I believe that they're the same
8 plaintiffs in these actions that are
9 being brought just regarding different
10 locations that they're litigating. And so
11 Jaspan Schlesinger is increasing the
12 maximum amount of their contract. They
13 believe that this additional amount will
14 cover the future expenses on this
15 litigation.

16 Another firm, perhaps, that
17 miscalculated possibly, or misjudged the
18 amount of litigation that would be
19 involved. And so now they're back. Any
20 questions on this one?

21 LEGISLATOR DRUCKER: Yeah. No, it's
22 just a miscalculation and the misjudgment
23 that I have the problem with. Because we
24 have to be the ones to you know, pull the
25 trigger on this. And I just feel like

1
2 we're not doing a service to our
3 constituents when we have to come back
4 and say, well, we miscalculated, we
5 misjudged. And I just wanted like to see
6 a much cleaner job along the way.

7 MR. SOLEYMANZADEH: I appreciate that
8 perspective, Legislator Drucker.
9 Disagree with the results for the County,
10 but appreciate the perspective.

11 CHAIRMAN KOPEL: 41 and 42 were with
12 Sheharyar Ali.

13 MR. SOLEYMANZADEH: So E41 and E42
14 are with the same outside law firm of
15 Sheharyar Ali.

16 E41 is a new case involving an
17 excessive force case as well related to
18 the plaintiff being arrested at his home
19 in North Bellmore. The plaintiff is
20 claiming he sustained injuries in the
21 case as well.

22 And on this, the maximum amount, I
23 believe, is \$175,000 on the case with an
24 initial encumbrance of \$47,500.

25 CHAIRMAN KOPEL: Okay.

1
2 MR. SOLEYMANZADEH: E42 is an
3 amendment. No, I'm sorry, E42 is also
4 with the same firm regarding a case
5 called Pascarella. And this is for an
6 initial encumbrance of, I believe,
7 \$35,000 with a maximum payment of
8 \$150,000. And I also believe this is one
9 of the cases that was litigated by the
10 County Attorney's Office. Outside counsel
11 is being brought in.

12 Now, the case, I think, may be on
13 your calendar for settlement discussions
14 today. I'm not sure. So this most likely
15 is a closeout contract.

16 CHAIRMAN KOPEL: Yes. Legislator
17 Davis.

18 LEGISLATOR DAVIS: Good afternoon.

19 MR. SOLEYMANZADEH: How are you,
20 Legislator?

21 LEGISLATOR DAVIS: Fine. How are you?

22 MR. SOLEYMANZADEH: Good.

23 LEGISLATOR DAVIS: So I do have a
24 couple of questions about this.

25 So obviously you just mentioned that

1
2 this is something that's probably going
3 to -- it's on a calendar to be settled
4 today. And if I understand it correctly,
5 there was a partial encumbrance on this
6 matter of \$35,000.

7 MR. SOLEYMANZADEH: Correct.

8 LEGISLATOR DAVIS: And this was, if
9 I understand it, this was a 2018
10 incident.

11 MR. SOLEYMANZADEH: I would -- I
12 believe so; it's a 2019 index number.

13 LEGISLATOR DAVIS: 2019 index number.
14 So this case has been in litigation for
15 quite a bit of time.

16 MR. SOLEYMANZADEH: Correct.

17 LEGISLATOR DAVIS: And in terms of
18 the Ali firm, their representation on
19 this matter is fairly recent in the time
20 span of this case; is that right?

21 MR. SOLEYMANZADEH: That sounds
22 correct.

23 LEGISLATOR DAVIS: You have
24 parameters for me. When they came on this
25 were '26. Did they come on in '25

1
2 probably.

3 MR. SOLEYMANZADEH: I'm not privy to
4 that, I don't know.

5 LEGISLATOR DAVIS: Do you have any
6 idea of when they came on this case?
7 Would it be 2026? We approved the
8 contract in 2026.

9 MR. SOLEYMANZADEH: Right. You're
10 approving it in 2026. So. They're coming
11 on now.

12 LEGISLATOR DAVIS: The services for
13 this contract commenced in 2026. That's a
14 fact. Okay. So what I'm trying to get at
15 is there is a, an encumbrance of \$35,000.
16 And there was a request here for a
17 maximum of \$150,000. What's the
18 necessity for \$150,000 maximum when it's
19 being settled? And the parameters for
20 when they've been on is only since
21 January?

22 MR. SOLEYMANZADEH: Well, I can only
23 presume a couple of things right now.
24 First off, it is most likely that we
25 brought on the outside counsel either

1
2 before settlement or during settlement
3 discussions. So when we bring in an
4 outside counsel, I would think we're
5 going to estimate a number that should
6 cover as much as possible in those
7 estimations. As far as if it's settled or
8 not, if the 35,000 covers the closeout,
9 then that's it.

10 LEGISLATOR DAVIS: So I think that
11 should be something that we should know
12 about. And then and they should be
13 getting paid or compensated obviously for
14 their services. And with there being a
15 very short period of time that they've
16 been on this case in the first place and
17 an initial encumbrance of \$35,000, it
18 would seem to me to make a request of a
19 maximum of \$150,000 is unnecessary, and
20 that the better practice might be to come
21 to us with a lower, especially in this
22 instance. Let me finish, please. In this
23 instance, when it's being settled. So we
24 sort of know the ins and outs that we
25 know to start. We know the stop and we

1
2 should be able to have parameters. You're
3 asking for a maximum of five times that
4 amount, which nearly five times that's
5 that's a lot. So it would be much better
6 for us to be informed fiduciaries, to
7 know what that work product is and have a
8 more realistic maximum. We don't know.
9 Right? You don't know. And that's just on
10 a settled case. That should be easy
11 enough to find out.

12 MR. SOLEYMANZADEH: Yeah. Again, I
13 don't know at what point the outside firm
14 was brought in and whether it was settled
15 or not, or whether they're coming in
16 after that or before that, or how much
17 work they've done in the short period of
18 time that they've been retained.

19 LEGISLATOR DAVIS: And that's what
20 I'm saying. We should know that. You're
21 making my point. We really should know
22 that. It doesn't seem to me like --

23 MR. SOLEYMANZADEH: You want to see
24 hourly bills. Is that what you're saying?
25 Do you want to see invoices monthly?

1
2 LEGISLATOR DAVIS: No, no, that's not
3 what I'm saying to you. What I'm getting
4 at is this. And we're asking, you're
5 making a request for a specific amount of
6 money. There has been an encumbrance.
7 This is a case that's settled. This is a
8 case that this firm has actually been on,
9 relatively speaking, a very short period
10 of time. And so then to come before the
11 legislature on a settled case and ask for
12 a maximum of almost five times what has
13 already been encumbered, it seems to me
14 that that's a big ask. And and if there
15 is and it could be justified, fine. But
16 we don't have any information otherwise.
17 And that's what I'm getting at. We should
18 at least have something to work with
19 here.

20 MR. SOLEYMANZADEH: Right, I
21 understand.

22 LEGISLATOR DAVIS: Thank you.

23 CHAIRMAN MCKEVITT: Actually, the
24 fact that we are going to be settling
25 this matter later on, I think the one

1
2 issue which may precipitate the cost was
3 this was on for jury selection March 2nd.
4 So it may be a point where there's a lot
5 of pre-discovery at that point, but we're
6 ready to it was ready for trial and it's
7 a very complex matter we're going to get
8 later on. But it's rather complex matter
9 with a lot of moving parts in it. So just
10 looking at it looks like we're ready for
11 a very contentious trial. And then as the
12 persuading of the courts, this thing's
13 settled at the last minute. But it looks
14 like to me at least there's an
15 anticipation for a very long trial with
16 the preparations going into it.

17 CHAIRMAN KOPEL: So in order to
18 answer all the questions, just tell us,
19 find out for executive session, please,
20 as much as you can and let us know. We're
21 going to talk about it later anyway, so
22 see if you can give us some more
23 information on that.

24 LEGISLATOR DAVIS: That would be
25 greatly appreciated. Thank you.

CHAIRMAN KOPEL: Okay.

MR. SOLEYMANZADEH: The attorney that presents it for settlement, I'll ask if that attorney can do so.

CHAIRMAN KOPEL: Okay.

Now 45 and 52 are West Group Law.

MR. SOLEYMANZADEH: E45 is with the West Group Law PLC.

CHAIRMAN KOPEL: Yeah.

MR. SOLEYMANZADEH: This is a contract for general services with the West Group as opposed to the other contract that's on regarding a particular litigation this contract is so that the West group can provide us with general counseling and advice when it comes to DPW issues, hub issues the crime lab as well as the Matrimonial Court consultation.

In addition to our contracts with DPW the power plant, I believe is part of the discussions; the Nassau Community College, I believe is part of the discussions and NUMC are part of the

1
2 consultations that take place with this
3 law firm as well.

4 LEGISLATOR DAVIS: I do have
5 questions on this one.

6 MR. SOLEYMANZADEH: Sure.

7 LEGISLATOR DAVIS: So in terms of the
8 contract here with the maximum amount of
9 \$500,000 this is not for a specific
10 litigation matter. Correct?

11 MR. SOLEYMANZADEH: Correct. It's
12 similar to the Capobianco, which is more
13 of an on call type of basis.

14 LEGISLATOR DAVIS: And is there any
15 particular reason why this firm was
16 called in to be in a sort of, of counsel
17 performance?

18 MR. SOLEYMANZADEH: Well, presumably
19 it's because any client retains an
20 attorney, their experience, their
21 knowledge, perhaps their connections,
22 perhaps their knowledge of county
23 municipal law, their knowledge of state
24 law, their knowledge of federal law.

25 LEGISLATOR DAVIS: There are a lot of

1
2 things that you can talk about, but
3 nothing specific. But I do have no --

4 MR. SOLEYMANZADEH: Respectfully,
5 legislator if I may, last time I was here
6 Legislator Drucker asked me some specific
7 questions about a particular matter, and
8 I did my best to answer the questions. I
9 thought I answered them relatively
10 clearly. I didn't venture off any topics
11 that he asked me about. And within 36
12 hours, the plaintiff's counsel took a
13 link to our interaction and sent it to
14 the judge and twisted the words and took
15 them a little bit out of context and
16 indicated that some representations were
17 made that were not accurate. That was
18 cleared up with the judge, and that was
19 cleared up with plaintiff's counsel that
20 I was presenting a contract, not a
21 settlement discussion, which apparently
22 the case settled for later. So I'm going
23 to try to be as limited in my open
24 discussions when you asked me about why
25 we pick a particular firm, because that

1
2 has to do with strategy. Why we select a
3 firm at what moment we select that firm.
4 What specific firm we pick is a strategic
5 determination that a law firm always
6 makes. Lots of attorneys make that
7 determination. They pick of counsel to
8 bring in. They refer files out to lots of
9 attorneys that are more versed in them.
10 We do that all the time. And if we're
11 going to disclose specific information
12 about a particular file of our strategy
13 that's opening -- that doesn't benefit
14 the county, that compromises --

15 LEGISLATOR DAVIS: Well, I can state
16 a fact about this that we can all agree
17 on that this firm in the last year and a
18 half has provided political contributions
19 to the Republicans to the tune of over
20 \$50,000. We can agree on that, right?

21 MR. SOLEYMANZADEH: I have no idea.
22 I'm not privy to that. But I can tell you
23 that there are lots of firms that donate
24 to lots of different parties.

25 LEGISLATOR DAVIS: I understand I'm

1
2 not talking about other firms. I'm
3 talking about this one. Okay. And these
4 are the facts. Okay. That this firm has
5 donated \$50,000, including over that
6 period of time, \$28,000 to Bruce Blakeman
7 and over \$10,000 to the Nassau County
8 Republican Committee. Are you aware of
9 that?

10 MR. SOLEYMANZADEH: No. I'm not.

11 LEGISLATOR DAVIS: All right. Thank
12 you.

13 CHAIRMAN KOPEL: Okay. 47 is Bee
14 Ready.

15 MR. SOLEYMANZADEH: E47 is with the
16 law firm of Bee Ready. This is an
17 amendment.

18 This is an amendment to increase the
19 maximum amount by \$172,550 to \$373,000.
20 The case involves an alleged county
21 employee bringing drugs into the Nassau
22 County Correctional Facility, and there
23 was a death, apparently, of that
24 plaintiff. This is the estate that's
25 litigating this matter on behalf of them.

And Joe Dell from Dell and Dell are the plaintiff's counsel on that case.

Any questions?

CHAIRMAN KOPEL: Legislator, Giuffre.

LEGISLATOR GIUFFRE: So, Mr. Soleymanzadeh, I want to resurrect something that I thought we may already be done with. But, Mr. Ali, wasn't he -- he was a deputy county attorney at one point, wasn't he?

MR. SOLEYMANZADEH: Yes, he was.

LEGISLATOR GIUFFRE: My understanding is his track record as a defendant's counsel is six defendant's verdicts and were, I think he's working on 1 or 2 more right now. Is that accurate?

MR. SOLEYMANZADEH: I believe so. I know of the files when he was with the County Attorney's Office.

LEGISLATOR GIUFFRE: We have no issues with that. Correct?

MR. SOLEYMANZADEH: Right.

LEGISLATOR GIUFFRE: He's an

1
2 excellent trial lawyer. And you, you're a
3 lawyer. The trial lawyers, there are
4 fewer and fewer of them because fewer and
5 fewer cases get tried. True?

6 MR. SOLEYMANZADEH: Yes.

7 LEGISLATOR GIUFFRE: So when you find
8 somebody that can actually try a case and
9 has the guts to take a verdict, you want
10 to hold on to them, yes?

11 MR. SOLEYMANZADEH: Yes.

12 LEGISLATOR GIUFFRE: Nothing further.
13 Thank you.

14 MR. SOLEYMANZADEH: Yes.

15 LEGISLATOR DAVIS: Just to clarify on
16 this issue, as you stand here today,
17 before this Legislature, there was
18 reference to the posture of that case
19 that it was on the eve of trial and there
20 was jury selection, et cetera. You can't
21 say with certainty that that actually
22 occurred, can you?

23 MR. SOLEYMANZADEH: I don't -- I
24 can't. No, I can't speak to the specifics
25 of the case. I can't do that. I can speak

1
2 to whether this policy or this system of,
3 of using blended in-house and outside
4 counsel is successful or not that I can
5 speak to.

6 LEGISLATOR DAVIS: Now I'm
7 referencing more to procedurally where
8 the case was.

9 MR. SOLEYMANZADEH: No, that's a
10 matter of public -- that's publicly
11 available information. Your in-house
12 counsel can go on ECF and pull up all the
13 litigation, discovery, motion practice,
14 court decisions on each one of these
15 cases and find that out.

16 LEGISLATOR DAVIS: Right. They're
17 not the one who's asking for the money.
18 You are.

19 MR. SOLEYMANZADEH: Right.

20 CHAIRMAN KOPEL: E48 is Vincent
21 McNamara.

22 MR. SOLEYMANZADEH: E48 is an
23 amendment as well, to add an additional
24 amount to increase the maximum to \$1.687
25 million dollars on this file. There's

1
2 ongoing litigation in this case. There's
3 third party actions being brought in. It
4 looks as though Travelers has brought in
5 third party defendants in the case, and
6 there are a couple of cases related here.
7 There is the personal injury action
8 against Nassau County. There is a third
9 party action that the County brought
10 against a third party entity, and there's
11 a declaratory judgment action that the
12 county brought as well on this case in
13 Federal Court, and the litigation that's
14 pending on it is the reason for the
15 increase.

16 CHAIRMAN KOPEL: Legislator Drucker.

17 LEGISLATOR DRUCKER: Thank you. So
18 this is amendment two. Can you tell us if
19 you have any notes on what were what was
20 amendment one?

21 MR. SOLEYMANZADEH: I'm going to
22 assume it's probably the same similar
23 amendment than this one that they
24 estimated their fees. And then they
25 litigated their case. And as they saw the

1
2 defendants bringing on additional motions
3 or bringing on additional parties, they
4 amended and they requested more funding.
5 And they came back and they requested
6 more funding.

7 LEGISLATOR DRUCKER: More than a half
8 a million more than the second amendment.
9 So the first -- I don't even know how
10 much the First Amendment was for. Do we
11 know how much the first amendment was
12 for?

13 MR. SOLEYMANZADEH: No, I'm not sure
14 I'm privy to that.

15 CHAIRMAN KOPEL: 49 is Wilson --

16 LEGISLATOR DRUCKER: Oh, he is just
17 answering a question.

18 MR. SOLEYMANZADEH: I'm not sure. I
19 don't know the answer to that legislator.
20 Drucker.

21 LEGISLATOR DRUCKER: You know, so I
22 just I feel like some of these firms
23 think the county and the taxpayers are
24 like a candy store. They just keep coming
25 back for more and more money. You know,

1
2 they they start a contract, they get a
3 sizable amount. And then a few months
4 later, they're coming back for another
5 \$670,000. I just, I, I find that
6 outrageous. I really do without
7 justification to us here to really
8 explain how we go back to our
9 constituents and explain where their
10 taxpayer dollars are going.

11 MR. SOLEYMANZADEH: Would you like me
12 to take a stab at explaining it?

13 LEGISLATOR DRUCKER: Yes, I would.

14 MR. SOLEYMANZADEH: Okay, so between
15 2018 to 2021, the prior administration,
16 our estimated liability for litigation --
17 this is a number that the County
18 Attorney's Office, the Treasurer's Office
19 and the County develop, and we disclose
20 it in our bond issuance. It's a number
21 that is audited by multiple different
22 entities. Bond Counsel audits it. The
23 Treasurer has outside entities that audit
24 it as well. This estimation that we put
25 into our bond issuance must be the most

1
2 conservative number possible. Because if
3 it's too low and we settle cases for an
4 amount that's higher than that, then we
5 have an issue with our bond security
6 issuance. So that number must be as
7 conservative as possible.

8 Between 2018 and 2021, our estimated
9 liability for litigation went from \$414
10 million in 2018 to \$623 million in 2021.
11 During that same period of time, we
12 averaged dollar for dollar, about 34% for
13 outside counsel and 66% for in-house
14 counsel. That's how much we spent,
15 generally speaking.

16 Between 2021 and 2024. Our outside
17 counsel went to 40% and our in-house
18 counsel is at 60%. It's a 6% increase for
19 outside counsel for that four year
20 stretch for both periods of time. That's
21 6% increase can be attributed to a lot of
22 different reasons: Cost of living,
23 additional whatever. But our estimated
24 liability during that period of time for
25 litigation went from the \$623 million

1
2 down to \$375 million, which is presumably
3 why our bond upgrades have increased
4 during that period of time. It means that
5 plaintiff's counsel and the plaintiff's
6 bar are settling their cases with us for
7 less money. It means that the plaintiff's
8 bar are choosing not to sue us as much,
9 perhaps because they know that if push
10 comes to shove, once our abled in-house
11 counsel litigates a file, if we choose,
12 we can bring in outside counsel to
13 litigate it as well.

14 LEGISLATOR DRUCKER: Or it could be
15 argued that they don't want to take cases
16 to trial and risk, you know, getting, you
17 know, defendants verdict on it.

18 MR. SOLEYMANZADEH: Correct.

19 LEGISLATOR DRUCKER: So, you know,
20 there's a gamble that they take too. And
21 I think that they settled these cases
22 early on because they realized, you know,
23 a bird in the hand is worth two in the
24 bush, so to speak. And I find that's
25 probably as much the case as they're

1
2 settling these cases for better
3 settlements for, for them, for the
4 County.

5 MR. SOLEYMANZADEH: I would disagree
6 with that. The results are speaking for
7 themselves.

8 LEGISLATOR DRUCKER: We can agree to
9 disagree.

10 CHAIRMAN KOPEL: Legislator Giuffre.

11 LEGISLATOR GIUFFRE: Yeah, sure.

12 As you know, as a plaintiff's trial
13 lawyer, that's kind of like my day job, I
14 can tell you that you don't -- defendants
15 have cultures and characteristics just
16 like people do. And as a trial lawyer,
17 I'm very cautious about who I bring a
18 case against. And when you know that you
19 have a tough customer you do think twice
20 before bringing that case. And you also
21 -- the character of the defense
22 determines the resources you're going to
23 allocate to that case. And so very true,
24 Legislator Drucker, that you as a
25 plaintiff, you don't want to roll the

1
2 dice if you're against going up against
3 somebody that has a lot more resources
4 and the ability to bring in people who
5 know what they're doing at trial. It
6 does.

7 It is a factor. It's a factor
8 certainly for the plaintiff's bar.
9 Absolutely. But the fact it's a factor
10 because of the work that's been done over
11 the last four years, the County
12 Attorney's Office in training internally,
13 getting more defendants verdicts, saying
14 no, taking the verdicts and then giving
15 the cases to outside counsel who know
16 what the heck they're doing and are not
17 afraid to try a case. I really believe
18 that that's a factor. And I think you and
19 the County Attorney and this
20 administration have done a great job with
21 that.

22 MR. SOLEYMANZADEH: Thank you.

23 CHAIRMAN KOPEL: All right. 49 which
24 is Wilson Elser.

25 MR. SOLEYMANZADEH: 49 is with the

1
2 law firm of Wilson, Elser, Moskowitz,
3 Edelman and Dicker.

4 This is an amendment. Wilson Elser
5 provides consultation to the County
6 regarding New York Child Victims Act.
7 When claims come in, the firm handles
8 both the adult survivorship claims as
9 well as the child victim claims. And so
10 this is an amendment to increase the
11 maximum amount to \$5.4 million with an
12 initial encumbrance of \$500,000.

13 CHAIRMAN KOPEL: All right. 53,
14 Rosenberg.

15 MR. SOLEYMANZADEH: We have 52 also,
16 Presiding Officer.

17 E52 is with the law firm of West
18 Group Law. It's related to a litigation
19 regarding the Family Court Matrimonial
20 center. This is ongoing litigation as
21 well. My understanding is that we're at
22 the point where third and fourth party
23 complaints and actions have been brought
24 recently in the case depositions have
25 been ordered. Document discovery of about

1
2 150,000 pages have been produced, and the
3 depositions will take place over the next
4 six months or so. I believe this is also
5 an increase, if I'm not mistaken, to
6 their minimum amount. Maximum amount to
7 4.9 million.

8 CHAIRMAN KOPEL: And finally, the
9 Rosenberg.

10 MR. SOLEYMANZADEH: E 53 Rosenberg
11 Calica Bernie Lehman and Ross is an
12 amendment as well. We're adding
13 additional cases to their caseload
14 regarding the driver responsibility fee,
15 the public safety fee, the red light
16 violation fee, among others. They're all
17 relatively related to each other. And so
18 we think it's more efficient to have the
19 same firm that's familiar with how the
20 County operates to be able to handle
21 them.

22 CHAIRMAN KOPEL: Okay. I guess
23 that's all we got there.

24 MR. SOLEYMANZADEH: Yeah.

25 CHAIRMAN KOPEL: All right.

Okay, here we go. See if I get this straight;.

A11, A12, A 18, A 22, A 23, A 24, 26, 27, 28, 30.

B 3, 4, 5

E 38, 39, 41, 42, 45, 52 --

(Whereupon, off the record discussion.)

CHAIRMAN KOPEL: I got that wrong. Okay. And the E contracts, the ones before that are fine and I'm just adding E49 with the first group that I called.

All those in favor of these contracts say aye.

(Whereupon, all members respond in favor.)

CHAIRMAN KOPEL: Opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Those are unanimous.

Now, E 38, 39, 41, 42, 45, 46, 45 and 52 -- I'm sorry, 47, 48 and 53.

All those in favor of these contracts say aye.

CHAIRMAN KOPEL: Before we go into
recess, we're going to recess this, and
Legislator Drucker wants to make a very,
very fast statement.

LEGISLATOR DRUCKER: Thank you. Thank
you, Presiding Officer.

I just wanted to say that we voted
no on a lot of those contracts, but with
particular reference to E52, the West
Group law. We would like counsel from the

County Attorney's Office to provide us with justification memos, please. And updates on the Family Court matter. That's the one where they're increasing it by almost \$1.5 million.

Mr. Soleymanzadeh, can you get us a justification memo? If you can, please? I'm just putting that on the record. Thank you.

(Whereupon, off the record discussion.)

CHAIRMAN KOPEL: Okay. So. All right four more E40, E46, E44, E51.

All those in favor say aye.

Rules now.

First we have a number of consent
items which have gone through previous
committees and concerning which the
Majority and Minority have agreed. There
is no further discussion required.

Those are numbers:
58, 62, 63, 64, 65, 66, 67, 68, 69.
And then on the Addendum for today:

(Whereupon, all members

CHAIRMAN KOPEL: Any opposed?
(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Those items
are unanimous.

2 A few Rules only. Item 60, which
3 sets forth a resolution setting forth the
4 officer's employees deemed to hold policy
5 making decision positions for the filing
6 year of 2026 relating to 2025. Required
7 to file annual Statements of Financial
8 disclosure.

10 Officer McKevitt. Seconded by Legislator
11 Drucker.

12 All those in favor of these items
13 say aye.

14 (Whereupon, all members
15 respond in favor.)

16 CHAIRMAN KOPEL: Any opposed?

17 (Whereupon, no response.)

18 CHAIRMAN KOPEL: Okay. That is
19 unanimous.

20 Item 61 is a resolution to accept
21 the gift offered by Janet Lowrey to
22 Nassau County Department of Parks,
23 recreation and Museums.

24 Motion by Deputy Presiding Officer
25 McKevitt, seconded by Legislator Drucker.

Any debate or discussion?

(Whereupon, no response.)

(Whereupon, all members respond in favor.)

Motion by Deputy Presiding Officer seconded by Legislator Drucker.

Any debate or discussion?

respond in favor.)

CHAIRMAN KOPEL: Any opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: That is unanimous.

Giuffre, seconded by Legislator Davis.
