LEGISLATOR ARNOLD DRUCKER

LEGISLATOR SCOTT DAVIS

MICHAEL PULITZER Clerk of the Legislature

1
2
3 CHAIRMAN KOPEL: Okay, before we
4 start, we have a a period during which
5 any members of the public who have
6 anything to say about anything that's on
7 our agenda for one of the committees
8 today. You could come up front right away
9 now and fill out a slip. Doesn't look
10 like we have anyone.

11 Okay, then Mr. Pulitzer, would you
12 please call roll for the Rules Committee?

13 CLERK PULITZER: Roll call for the
14 Rules Committee.

15 Chairman Howard Kopel?

16 CHAIRMAN KOPEL: Here.

17 CLERK PULITZER: Vice Chairman
18 Thomas McKevitt?

19 LEGISLATOR MCKEVITT: Here.

20 CLERK PULITZER: Legislator John
21 Giuffre?

22 LEGISLATOR GIUFFRE: Here.

23 CLERK PULITZER: James Kennedy?

24 LEGISLATOR KENNEDY: Here.

25 CLERK PULITZER: Ranking member

Delia DeRiggi-Whitton?

LEGISLATOR DERIGGI-WHITTON: Here.

CLERK PULITZER: Arnold W. Drucker?

LEGISLATOR DRUCKER: Here.

CLERK PULITZER: Scott Davis?

LEGISLATOR DAVIS: Present.

CLERK PULITZER: We have a quorum,
sir.

CHAIRMAN KOPEL: Okay. Thank you.
Okay, I'll call all the items on the
Rules Committee, on the contracts, and
we'll go through them and then vote on
them. Once we've heard about all of them.

A 29, A32, A34, A38, A39, A40, 48'.

B7, B8, B9, B10.

E72, E73, 74, 75, 76, 77, 78, 79,
80, 81, 82, 83.

Motion on those items is by Deputy
Presiding Officer McKevitt, seconded by
Minority Leader DeRiggi-Whitton.

And we'll start out today with
Information Technology; A29, which is
Cogsdale Corporation.

MS. TALOR: Good afternoon.

1
2 Legislators. Rosemary Talor, Department
3 of Information Technology, project
4 manager.

5 Regarding A29 Cogsdale Corporation.
6 This is a blanket contract for
7 maintenance support services rendered by
8 Cogsdale Corporation contractors for
9 approximately \$1.1 million over three
10 years.

11 Cogsdale Corporation is a software
12 company that develops enterprise
13 solutions specifically for government
14 agencies and for Nassau County.
15 Specifically for our famous financial
16 data on the mainframe.

17 Cogsdale is the proprietary
18 developer of this software. Among other
19 things, the software facilitates data
20 extraction from our mainframe to our data
21 warehouse and Cognos, our reporting data
22 repository.

23 Cogsdale, is currently engaged in
24 extracting data from the mainframe for
25 the Nassau Forward Project, enabling the

testing and developing of the new
financial system CGI.

I'm happy to answer any questions.

CHAIRMAN KOPEL: Yes, Minority
Leader.

MINORITY LEADER DERIGGI-WHITTON: Hi,
how are you?

MS. TALOR: Good.

MINORITY LEADER DERIGGI-WHITTON: So
is this a sole source contract?

MS. TALOR: Yes it. They developed
the software.

MINORITY LEADER DERIGGI-WHITTON: I
thought so, but I just wanted to confirm
that. Thank you.

MS. TALOR: You're welcome. I think
there's one more.

CHAIRMAN KOPEL: So you're going to
run both systems concurrently.

MS. TALOR: You're referring to the
last one I was just speaking about. Yeah.
Well, for a while. Yes. And they're
completely different. Cogsdale is
software that lays over the mainframe. So

1
2 the contract is for three years. There's
3 a possibility that we could end it
4 earlier. We can do that according to the
5 terms of the contract. But there could be
6 an expectation that even after the
7 conversion to the new platform, we might
8 require some additional time to get all
9 of the data.

10 CHAIRMAN KOPEL: Are you going to
11 load the old data onto the new platform
12 eventually?

13 MS. TALOR: No.

14 CHAIRMAN KOPEL: So then after three
15 years, if you need the old data, what
16 happens?

17 MS. TALOR: Well, it'll be sent to a
18 data storage solution or other
19 applications where you could visibly see
20 the data, but it won't be moving onto the
21 new platform.

22 CHAIRMAN KOPEL: In other words, you
23 can't really use it, manipulate it in any
24 way or.

25 MS. TALOR: Well, we'll be able to

1
2 extract it and report on it as long as we
3 have those tools in place; the old data.
4 But the, the new platform is going to
5 start January 1st with new transactions.
6 And the old data will be there for
7 viewing purposes and reporting purposes
8 in one format or another.

9 CHAIRMAN KOPEL: Okay.

10 Legislator Davis.

11 MR. DAVIS: If I'm understanding
12 this correctly, we're rolling this out
13 into the new system. Correct.

14 MS. TALOR: We're rolling the
15 mainframe financial data into -- well,
16 it'll be taken over by the new system.
17 The financial processing.

18 MR. DAVIS: And that will be online
19 in January, correct?

20 MS. TALOR: Correct. That's the goal.
21 Yeah.

22 MR. DAVIS: How's that process going
23 right now with the installation of the
24 new system?

25 MS. TALOR: I'm not on that project,

1
2 but I can tell you from the last meeting
3 I attended, everything was on schedule
4 with the project. And there is
5 expectation that January 2027 is the go
6 live date. Departments have been given
7 deadlines to close out activity before
8 the end of the year to make sure that we
9 could start with fresh transactions in
10 January.

11 MR. DAVIS: If you don't mind, I
12 understand that that's a projected date,
13 but sometimes things happen. And if that
14 is the case, would you be so kind as to
15 provide us here in the Legislature with
16 anything that would be an obstacle to
17 that rollout.

18 MS. TALOR: Absolutely. It is the
19 Comptroller's project, so they would be
20 providing the updates on the project
21 schedule.

22 MR. DAVIS: Thank you so much. I
23 appreciate it.

24 CHAIRMAN KOPEL: You're welcome.
25 Okay. Are either of the other two?

1
2 MS. TALOR: A 32 American
3 Communications. This is also a blanket
4 for services rendered by American
5 Communications. Known throughout the
6 county as ACI. ACI is an integral part of
7 the Department of Information Technology.
8 Ability to respond to service requests
9 related to our telecommunication systems,
10 including services to the Alcatel phone
11 systems, liaising with Verizon to connect
12 and test cable installations, identifying
13 demarcation points and programing our
14 phones. ACI maintains appropriate
15 certifications to service these needs.

16 They're also responsible for running
17 electrical wiring, cable, and fiber optic
18 cables in support of our telephones and
19 other security equipment on many of our
20 capital projects throughout the county in
21 numerous buildings.

22 MINORITY LEADER DERIGGI-WHITTON: Hi.

23 MS. TALOR: Hi.

MS. TALOR: Oh, yes, that's right. I forgot about that, Chris. Okay.

MINORITY LEADER DERIGGI-WHITTON: Did you want to correct the record or --

MS. TALOR: Well, we're looking for 17.5 million, and I understand that a correction was filed late. But that's the amount that we needed. So it was initially 22.5.

MINORITY LEADER DERIGGI-WHITTON: The term is a one year for 17.5.

MS. TALOR: No the 17.5 is for the five years. The one year will renew if we renew it over a five year period.

MINORITY LEADER DERIGGI-WHITTON: So so it's a one year term with option to renew. That's what you're saying.

MS. TALOR: Correct.

MINORITY LEADER DERIGGI-WHITTON: Okay. At the time that they renew, there's a possibility this number could go up. Correct.

MS. TALOR: That it would never go up.

MINORITY LEADER DERIGGI-WHITTON:

That it could go up in a year.

MS. TALOR: Well, we do our best to estimate. And we did apply, you know, an increase over what we had spent the last five years. But it's based on our past project performance. It's possible if we have a significant number of capital projects that we need to address with this type of activity. But I don't know. I mean, I couldn't answer that honestly.

MINORITY LEADER DERIGGI-WHITTON: And just real quick, what percentage or what, how much money is coming from the, its general fund and how much is coming from the capital fund?

MS. TALOR: You know, I don't have that exact number for you. I can take a look. I could have somebody get back to you on that though, because we do have a breakdown. I have a little bit of a sampling of the projects that we worked on last year in my folder that I didn't bring up here, but I have a sample of the

1
2 types of projects.

3 MINORITY LEADER DERIGGI-WHITTON:

4 That would make it easier if IT has a
5 good amount of this money in its war
6 chest, rather than us adding to it. If
7 you could let us know how much you're
8 contributing and how much we're going to
9 be bonding for with the capital plan.

10 Thank you.

11 MS. TALOR: Sure. We could do that.

12 I mean, that's going to be estimated and
13 projected as well, but we could do that.

14 MINORITY LEADER DERIGGI-WHITTON: But
15 you should know how much you have in your
16 general fund that you're going to be
17 contributing, I would imagine. But okay,
18 just give us the best answer that you
19 can.

20 MS. TALOR: Okay No problem. Any
21 other questions?

22 CHAIRMAN KOPEL: Yes. One more.

23 LEGISLATOR DRUCKER: Just by way of
24 comparison, you said last year you were
25 working on what was the, what's the

1
2 comparison between the prior contract and
3 this one?

4 MS. TALOR: The last contract, which
5 was also a five year -- well, it was an
6 \$11 million five year blanket. So this is
7 about \$6 million increase over that.

8 LEGISLATOR DRUCKER: More than 50%
9 increase. We know why it went up 50%?

10 MS. TALOR: We had a lot of projects
11 that we worked on last year, some very
12 high end, like the jail project. There
13 was a significant amount of, I don't know
14 how many, close to a thousand cameras
15 that were installed. There's wiring done
16 for all of that. We also had the build
17 out of 101 Old Country Road, that
18 building. So there was a significant
19 amount of money that was spent on those
20 projects. I can't really give you more
21 specific on some of these projects
22 because I don't really know.

23 LEGISLATOR DRUCKER: Wa the
24 corrections facility covered by this?

25 MS. TALOR: Yes.

1
2 LEGISLATOR DRUCKER: But so, I mean,
3 I still think we should be getting some
4 sort of specifics on justifying such an
5 increase. That we should get, you know,
6 some sort of justification. I think we we
7 have a right to know. And taxpayers have
8 a right to know.

9 MS. TALOR: Okay. No problem.

10 LEGISLATOR DRUCKER: Thank you.

11 MS. TALOR: Okay. We can get that to
12 you, or we can give you estimates on all
13 of that.

14 MINORITY LEADER DERIGGI-WHITTON:
15 Because especially with the correction
16 facility, we bonded for the cameras. I
17 remember that, and I'm all in favor of
18 it, but I would think a lot of that would
19 have covered this. We would just like to
20 know the difference.

21 MS. TALOR: The cameras are the
22 equipment that was installed, but the
23 wiring and the cable, the fiber optics
24 and all the stuff that goes with it,
25 that's what this company does.

1
2 MINORITY LEADER DERIGGI-WHITTON: So
3 it wasn't included in the estimate that
4 was provided. Okay. If that's your -- I
5 would just like to know that because I
6 thought that the installation was part of
7 that item. But we should clarify that.

8 MS. TALOR: No, this is just the
9 peripheral work around installing that.
10 And then, you know, the fiber optics that
11 runs everything through the servers where
12 we can visibly see the camera activity
13 that's going on as part of the security
14 that's installed.

15 CHAIRMAN KOPEL: Okay. Is 48 yours.

16 MS. TALOR: Yes.

17 CHAIRMAN KOPEL: Why don't you go
18 ahead, please? Okay.

19 MS. TALOR: Well, so a blanket
20 contracts for the annual maintenance
21 services for Civic Plus, that's the
22 company. The product is called Civic Rec.
23 It's a recreation management system. The
24 contract max, is \$1,293,000. And change.
25 The civic system manages most of the

1
2 Parks Department's administrative
3 activities associated with events
4 planning in the parks, beaches, camps,
5 marinas, and more.

6 The system issues the badges, passes
7 and permits for various activities.
8 Maintains a database of the recreational
9 facilities throughout the county, and a
10 record of the badges and permits that are
11 issued and who they're issued to.

12 Civic Rec program also has a public
13 facing component, allowing the County to
14 collect fees and process the applications
15 for these activities.

16 I'd be happy to answer any questions
17 on that.

18 MINORITY LEADER DERIGGI-WHITTON: So
19 in this, in the backup, it says that it's
20 funded from the general fund with ITs
21 contractual line. So you have the money
22 for this I'm assuming.

23 MS. TALOR: Yes. This is a general
24 maintenance and annual support. Right.

25 MINORITY LEADER DERIGGI-WHITTON: And

it is budgeted for.

MS. TALOR: Yes.

MINORITY LEADER DERIGGI-WHITTON:

Okay.

CHAIRMAN KOPEL: Okay. Thank you.

Okay.

1
2 CHAIRMAN KOPEL: We'll do public
3 works next. Start out with a 34 3-GIS.

4 MR. LINDGREN: Good afternoon, Jeff
5 Lindgren, Public Works.

6 This contract is a sole source. It's
7 a six year contract with 3-GIS to provide
8 traffic management with access to their
9 software platform, which will allow us to
10 track our on street fiber optic system
11 splicing. Right now, everything's paper
12 record. So this is going to put it into a
13 GIS based system and have a significant
14 increase in time that we can react to
15 different issues once we get this all
16 electronic.

17 CHAIRMAN KOPEL: They're the only
18 ones who make this kind of system?

19 MR. LINDGREN: No. We did look at a
20 couple of different ones. They're the
21 only ones that actually offer and that
22 check all the boxes that we need. We're
23 also going to be adding a Legacy Twisted
24 Pair Communications to this program as
25 well. It has it'll be able to transfer

1
2 information back and forth with the
3 county's existing GIS system. So
4 information sharing. And it doesn't
5 require us to get a separate license with
6 ESRI, which is the the main software
7 manufacturer.

8 CHAIRMAN KOPEL: So it's less money,
9 actually, than buying a different system
10 or bidding.

11 MR. LINDGREN: This results in a
12 savings because we don't have to get our
13 own software license in addition to it.

14 CHAIRMAN KOPEL: Okay. Okay. Thank
15 you.

16 Do you have any others?

17 MR. LINDGREN: No.

18 CHAIRMAN KOPEL: Okay. B7, B8 and
19 b9. All Safety Marking.

20 MR. WINKELMAN: Good afternoon.
21 Legislators. Daniel Winkelman, Nassau
22 County DPW Assistant Director of Traffic
23 Engineering. I can speak on behalf of
24 B7-26, B8-26 and B9-26.

25 B7-26 is for construction services

1
2 contract originally executed on June 16,
3 2025 in the amount of \$1,474,795. This is
4 an amendment to a contract for an
5 additional \$737,397.50 to perform
6 additional construction services.

7 The purpose of the contract is to
8 refurbish worn and faded pavement
9 markings on county roadways.

10 The need for the additional funding
11 stems from an update to our pavement
12 marking specifications after that project
13 was awarded, which now requires 50% wider
14 markings and more reflective pavement
15 markings to improve nighttime and wet
16 weather visibility. The final contract
17 total would increase to \$2,212,192.50. As
18 a result of that amendment.

19 If there's any questions, I'm happy
20 to answer them or I can move on.

21 CHAIRMAN KOPEL: To this. I see that
22 these might as well be sole source.
23 Nobody ever bids on them. Right?

24 MR. WINKELMAN: That's correct. Very
25 randomly do we receive a second bid on

these.

CHAIRMAN KOPEL: Nobody else can compete. Is that the only reason?

MR. WINKELMAN: Generally. Yes. Yes.

CHAIRMAN KOPEL: Okay.

MINORITY LEADER DERIGGI-WHITTON: Hi. Is it possible to get a list of some of the roads or the roads that you're going to be restriping?

MR. WINKELMAN: Yes, yes. I believe I did supply a list and I can, I can certainly send that to you. Pavement markings, Phases 13, 14, and 15 are the ones that are before us today. And I can supply you a list which includes those roads. And then we do have two other pavement marking projects that are near approval which will have additional roadways. So I can supply those as well.

MINORITY LEADER DERIGGI-WHITTON: That would be helpful. Thank you.

MR. WINKELMAN: Sure.

MR. DAVIS: What about the roads that aren't in compliance with these new

1
2 regulations? What's the plan for them?

3 MR. WINKELMAN: They go on to new
4 phases of this project, essentially.
5 We're on like a two year program right
6 now where we have federal funding and we
7 develop lists and we evaluate our
8 roadways. We look at which roadways
9 haven't been resurfaced because when they
10 get resurfaced, they get new markings
11 applied, and then we evaluate them based
12 upon how much traffic they carry as other
13 factors like our site visits and such,
14 and we determine which roadways get the
15 new pavement markings, as well as talking
16 to all of you. And we compile that and we
17 develop a list for the next program.

18 MR. DAVIS: But it is contemplated
19 that the roads that are already marked
20 and they're not in compliance will at
21 some point be brought up to speed as
22 well.

23 MR. WINKELMAN: Oh, yes. Yes.

24 MR. DAVIS: Thank you.

any others?

MR. WINKELMAN: Yes, I have two others.

CHAIRMAN KOPEL: Please. Which B10?

MR. WINKELMAN: No, I that was for B7, B8 and B9.

CHAIRMAN KOPEL: And.

MR. WINKELMAN: B10 is not mine.

CHAIRMAN KOPEL: Okay, so you're you're done.

MR. WINKELMAN: Okay.

CHAIRMAN KOPEL: Thank you. I guess. I guess.

Who's got the ten.

MR. PAGGI: Good afternoon. Excuse me. Chris Paggi, chief civil engineer, Department of Public Works. I'm here today in support of our Phase 74 concrete roadway repair project. This is a project that encompasses concrete roadway repair countywide, I think approximately 18 or 19 separate roadways. The project was bid and in February. Thomas Novelli was determined to be the most responsible

1
2 bidder. His bid was 9,462,833. Which is
3 about 12% lower than the engineer's
4 estimate of \$10,760,000.

5 CHAIRMAN KOPEL: Okay. Any questions?

6 (Whereupon, no response.)

7 CHAIRMAN KOPEL: Thank you.

8 E 72, which was N & P engineering.

9 MR. TUMAN: Good afternoon. Douglas
10 Tuman, Deputy Commissioner, Department of
11 public works.

12 Item E72 is an amendment to an on
13 call building design services contract
14 for Nelson & Pope to provide an extension
15 of time to continue design services. This
16 amendment is seeking to retroactively
17 extend the term for one year until August
18 28th, 2026, and provide for an optional
19 one year extension.

20 CHAIRMAN KOPEL: Okay.

21 MINORITY LEADER DERIGGI-WHITTON: Can
22 you just explain that? What is -- your
23 retroactive dating something?

24 MR. TUMAN: Yeah. So this is for our
25 on call design contracts for on call

1
2 design firms. We have a couple of them on
3 board. Nelson & Pope, LIRO Engineers,
4 Cashin, Specter, H2M. These are for our
5 let's say old old on calls our existing
6 ones. We're currently putting new ones in
7 place. And we had to extend these in the
8 interim so that there was no point in
9 time where we wouldn't have access to on
10 calls. While we were waiting for the new
11 ones to come on board.

12 MINORITY LEADER DERIGGI-WHITTON: So
13 it says from execution through December
14 31st. So when was it executed?

15 MR. TUMAN: These on-calls were
16 executed years ago and now we are
17 extending them. They've already been
18 extended by letter. So now we're
19 retroactively extending them by way of
20 this legislative meeting.

21 MINORITY LEADER DERIGGI-WHITTON: Do
22 you have outstanding bills or for lack of
23 better word for invoices for the time
24 that it wasn't extended.

25 MR. TUMAN: No. These are just so

1
2 that they're so we could still call upon
3 Nelson & Pope if we need to, as an on
4 call contractor in the interim, as we
5 wait for these new on calls to be
6 awarded.

7 MINORITY LEADER DERIGGI-WHITTON:
8 Okay, so this is all for future work.
9 Nothing is.

10 MR. TUMAN: Correct.

11 MINORITY LEADER DERIGGI-WHITTON:
12 Really.

13 MR. TUMAN: Right. This is in the
14 instance, if we needed to call them
15 tomorrow to have them do work.

16 MINORITY LEADER DERIGGI-WHITTON: I
17 just when you said retroactive I was.

18 MR. TUMAN: Yeah. Well that's that's
19 the, the, the extension of time is
20 retroactive. Okay. I know it's slightly
21 confusing. Sorry about that. Anything
22 else?

23 CHAIRMAN KOPEL: I guess not.

24 MR. TUMAN: All right. Thank you so

CHAIRMAN KOPEL: All right.

The next two are with the Police Department. Start at A38 Cap Rents supply. Go ahead please.

DEPUTY CHIEF PALAZZOLO: Good afternoon, Deputy Chief Janine Palazzolo, Nassau County Police Department.

Item A38, this is to authorize and award a purchase order for Light Towers for the Nassau County Police Department.

The maximum amount authorized under this purchase order is \$136,331.22 from capital funds.

CHAIRMAN KOPEL: Okay. I'm sorry. Thank you. Is the other one yours as well, 39?

DEPUTY CHIEF PALAZZOLO: Yes, a 39.

CHAIRMAN KOPEL: Go ahead please.

DEPUTY CHIEF PALAZZOLO: This is to notify the Rules Committee that funding for a blanket purchase order BPNC2000255 for Ford OEM auto parts has reached a level that requires additional oversight by the Committee. The blanket purchase

1
2 order has been in effect since November
3 15th, 2022. The maximum amount authorized
4 under this blanket purchase order is
5 \$2,650,000. This request is for an
6 increase in funding for an additional
7 \$1,000,500.

8 MINORITY LEADER DERIGGI-WHITTON: Hi.
9 Is. Do you know why there's such an
10 increase? Is it because the prices of the
11 the parts went up like everything else
12 or?

13 DEPUTY CHIEF PALAZZOLO: So there was
14 a cost increase with tariffs. And then
15 there's also just a monthly cost increase
16 on parts.

17 MINORITY LEADER DERIGGI-WHITTON:
18 Yeah. The tariffs are affecting it. Okay.
19 Thank you.

20 CHAIRMAN KOPEL: Okay. Thank you.

21 DEPUTY CHIEF PALAZZOLO: Thank you.

2 CHAIRMAN KOPEL: The next contract
3 will be with Parks. Hello, Darcy. We have
4 a 40 which is Fairway Golf Cart.

5 COMMISSIONER BELYEA: Yes. Good
6 afternoon everybody. Darcy. Parks
7 commissioner. This item is in regard to a
8 blanket purchase order with Fairway Golf
9 Cart Corp for the lease of golf carts for
10 county golf courses.

11 The maximum spending amount for this
12 five year blanket purchase order was
13 1.186 million.

14 This request is for oversight for an
15 increase in funding in the amount of
16 \$250,000, as recommended by the
17 Commissioner of Shared Services. The
18 reason for the request is to fund the
19 final lease year. Parks has had many
20 successful bookings of many large golf
21 outings, requiring us to have to rent
22 additional carts under the terms of the
23 lease, and we also, early on, before they
24 were able to deliver, had to rent carts,
25 which was at a higher cost than the

contract amount before they were able to deliver our carts that we currently use. The funding source is a general fund and your support is appreciated.

MINORITY LEADER DERIGGI-WHITTON: Hi Darcy, just to confirm, it's the general fund under the Parks contractual line. Correct?

COMMISSIONER BELYEA: Correct. D line.

And I had an item that was to be on tabled and I'm not sure if it was. I had stepped out the an E 50 item. Since I'm here. If not, I'll respectfully --

CHAIRMAN KOPEL: Give me a moment please.

COMMISSIONER BELYEA: Okay. It's E50-26 Metamorphic.

CHAIRMAN KOPEL: Darcy, can you hang out for a while? Sure. We'll check that out. Thank you. Okay.

COMMISSIONER BELYEA: Thank you.

CHAIRMAN KOPEL: Social services
E73, One World Judicial Services.

MS. OWEISS: Good afternoon. Joanne
Oweiss, Deputy County Attorney on behalf
of Social Services.

This item is an amendment extending
the social services contract with One
World Judicial, which performs process
services with respect to items in Family
Court, child abuse and neglect petitions,
child support and Article 81 petitions.
It's an amendment for one year for
\$70,000.

CHAIRMAN KOPEL: Yes.

LEGISLATOR DRUCKER: Hi. So the
original contract was nine years ago, and
you've been extending it on a yearly
basis.

MS. OWEISS: We plan to prioritize an
RFP in 2027. There's been a number that
we've had --

LEGISLATOR DRUCKER: Why wasn't it
done before then?

MS. OWEISS: -- We the due to

1
2 priorities of the department and, you
3 know, putting a committee together and
4 have people's attentions to it. We didn't
5 have the basically the bandwidth to do it
6 this year. It was on schedule to be this
7 year, but we didn't get to it because we
8 had other ones we put out.

9 LEGISLATOR DRUCKER: We have a
10 commitment from you that you're going to
11 send it out for an RFP this in '27?

12 MS. OWEISS: It's on the track to be
13 be issued in 2027.

14 LEGISLATOR DRUCKER: Okay. All right.
15 Thank you, I hope so.

16 MR. DAVIS: Good afternoon. Are you
17 aware that CSEA has an issue with the sub
18 some subcontracting on this issue?

19 MS. OWEISS: Yes, we met with the CSC
20 on this contract and they withdrew their
21 objection. They just wanted to have
22 clarification on what process the the
23 vendor would be serving. And we explained
24 to them this was an issue a couple of
25 years ago that was resolved. They only

1
2 perform services outside the county. The
3 Sheriffs perform the services inside the
4 county.

5 MR. DAVIS: Okay. Thank you.

6 MS. OWEISS: You're welcome.

7 CHAIRMAN KOPEL: Okay. Thanks. Thank
8 you.

9 The next group will be with the
10 county attorney, Darcy, by the way. Well,
11 we will come back in a few minutes. Once
12 we vote on these, we'll on table yours
13 and deal with that as well. Okay. Just a
14 couple more minutes.

2 CHAIRMAN KOPEL: Mr. Soleymanzadeh,,
3 how are you?

4 MR. SOLEYMANZADEH: Good afternoon.
5 Legislators. Richard Soleymanzadeh for
6 the County Attorney's Office.

7 CHAIRMAN KOPEL: So why don't you
8 just go through them all.

9 MR. SOLEYMANZADEH: Yeah. E 74 is
10 with the court reporting agency, Rich
11 Moffett Court reporting. This is an
12 amendment. This is to amend some of the
13 expenses that are in the exhibit.
14 Minority counsel asked me a specific
15 question a minute ago. The difference was
16 the price per page from 5.25 to 5.75. And
17 the shipping and handling costs are
18 slightly higher as well. I forget who I
19 was speaking to over there, but.

20 MINORITY LEADER DERIGGI-WHITTON: Can
21 I just ask you a question about that? The
22 charts are both identical, so I think
23 maybe we need to amend the backup the
24 charts for that just to show what you're
25 saying now.

1
2 MR. SOLEYMANZADEH: So. I'm not
3 privy to the original chart, but the new
4 chart has 5.75 per page. And I believe
5 the original chart had 5.25 per page. I'm
6 not sure if you have the original chart
7 as part of your exhibits or not. But that
8 is where the difference in price is \$5.25
9 per page to 5.75 per page, \$0.50 more.

10 MINORITY LEADER DERIGGI-WHITTON: So
11 the problem is we need both charts to
12 compare. We only have one.

13 MR. SOLEYMANZADEH: Yeah.

14 MINORITY LEADER DERIGGI-WHITTON: So
15 we need both.

16 MR. SOLEYMANZADEH: If you're going
17 through the system, the original would be
18 part of the system. I'm not sure how you
19 handle it internally. But I can have, I
20 can have someone send you that, I guess.
21 I'm also being told the other difference
22 was the shipping and handling.

23 CHAIRMAN KOPEL: Okay. 75 Bee Ready.

24 MR. SOLEYMANZADEH: Right. So Bee
25 Ready is a new contract on the case

1
2 entitled Shah versus Liston in the US
3 Court of Appeals. This is an appeal to
4 the Second Circuit. The Appellate Court
5 gave us a short window to perfect the
6 appeal. The in-house attorney DCE Mr.
7 Vander had to take a medical leave on
8 this, so we brought on outside counsel to
9 handle this.

10 CHAIRMAN KOPEL: Okay.

11 MR. SOLEYMANZADEH: E76.

12 CHAIRMAN KOPEL: One moment.

13 MR. SOLEYMANZADEH: How are you,
14 Legislator Drucker.

15 LEGISLATOR DRUCKER: Oh, good. That
16 was a hearty good morning. Good
17 afternoon. I like that. Really happy to
18 see you.

19 MR. SOLEYMANZADEH: I am sincerely
20 happy to see Legislator Drucker.

21 LEGISLATOR DRUCKER: Right back at
22 you. So who who was handling this case
23 prior to this?

24 MR. SOLEYMANZADEH: Dc a Robert
25 Vander? And he had to take an unexpected

medical leave.

LEGISLATOR DRUCKER: Medical leave?
Oh, that was the reason. Okay. And so we
are the appellant in this case.

MR. SOLEYMANZADEH: I believe so.

LEGISLATOR DRUCKER: You believe so
or you know.

MR. SOLEYMANZADEH: So you know, I'm
going to qualify every one of my answers
when I give them to you.

LEGISLATOR DRUCKER: Well I just want
to know, we're the appellant on this
because you said there's a short window.
So I just was curious.

MR. SOLEYMANZADEH: Yeah. Well it was
our window to perfect the appeal. So if
we have to perfect it then yes, we are
the appellant.

LEGISLATOR DRUCKER: Okay. All right.
Thank you. We'll go on to we'll wait for
the next one.

CHAIRMAN KOPEL: Okay. We'll get you
eventually.

MR. SOLEYMANZADEH: He gets me every

1
2 time.

3 CHAIRMAN KOPEL: 77 Vincent McNamara.

4 MR. SOLEYMANZADEH: Yeah. E 76 is
5 with the Law Firm of Vincent McNamara on
6 the P file versus Nassau County, also an
7 appellate court second department case.
8 This case is going on appeal because the
9 county received a verdict against the
10 county in the trial court, and an appeal
11 is being taken on it. It's somewhat of a
12 complex matter. And so we are using
13 outside counsel on it. Involving police
14 conduct and physical injury to the
15 plaintiff.

16 LEGISLATOR DRUCKER: Hi. Good
17 afternoon again. So it's my
18 understanding, you can correct me if I'm
19 wrong or whether you can answer that, I'm
20 understanding that post-trial motions on
21 this case were in fact denied. So I'm not
22 sure about what exactly we are appealing
23 here if a post-trial motions were denied
24 on this.

25 MR. SOLEYMANZADEH: Well, I'm pretty

1
2 confident that the contract is for an
3 appeal seeking to overturn the verdict
4 and reduce the damages.

5 LEGISLATOR DRUCKER: The verdict. But
6 I think those -- weren't they addressed
7 in the post-trial motions that have
8 already been made? I understand the
9 complexity and and the need for outside
10 counsel in the 1983 cases. I really do
11 understand that. But I'm just curious
12 here as to you know, who was handling
13 this case prior? And did, in fact, they
14 make post-trial motions that were
15 addressed and adjudicated.

16 MR. SOLEYMANZADEH: The post-trial
17 motions in the trial court?

18 LEGISLATOR DRUCKER: After trial.

19 MR. SOLEYMANZADEH: In the trial
20 court?

21 LEGISLATOR DRUCKER: I believe so,
22 yes.

23 MR. SOLEYMANZADEH: Well, that's why
24 this would be on appeal.

25 LEGISLATOR DRUCKER: I needed to just

1
2 have you put on the record. So there were
3 post-trial motions made that were denied.

4 MR. SOLEYMANZADEH: I couldn't make
5 the representation because I'm not aware
6 of whether post-trial motions were made
7 or not. I do know that an appeal is
8 pending, which must mean that any lower
9 court efforts must have been exhausted
10 before the appeal would be filed.

11 LEGISLATOR DRUCKER: So we're
12 appealing the verdict itself.

13 MR. SOLEYMANZADEH: Yes. Okay. And to
14 try and reduce the damages.

15 LEGISLATOR DRUCKER: Okay.

16 MR. SOLEYMANZADEH: And as far as the
17 in-house attorney that was handling it, I
18 believe he's no longer with us.

19 CHAIRMAN KOPEL: All right. Keep on
20 going, please.

21 LEGISLATOR DRUCKER: Thank you.

22 MR. SOLEYMANZADEH: E 77 is also with
23 the Law Firm of Vincent McNamara. This is
24 a new contract. This is involving claims
25 under the adult survivorship statute

1
2 where the plaintiff is claiming that they
3 were sexually harassed while in the
4 custody of Nassau County. The County is
5 conflicted out. And so we are referring
6 this out. This the Lopez matter?

7 LEGISLATOR DRUCKER: Why was the
8 county conflicted out? Can you tell us or
9 no?

10 MR. SOLEYMANZADEH: I believe
11 whenever there are claims made against
12 individual correction officers that a
13 determination is made to refer out
14 defense of certain individuals to be able
15 to protect the County's interest. And I
16 have a feeling, if I'm not mistaken, next
17 month there'll be another contract
18 related to this involving some other
19 co-defendants.

20 LEGISLATOR DRUCKER: I see. Thank
21 you.

22 CHAIRMAN KOPEL: E78.

23 MR. SOLEYMANZADEH: E 78, Patella
24 Chimera. This is for \$80,000. This is
25 also to perfect an appeal to the Second

1
2 Department. This is involving New York
3 City suing Nassau County to recover its
4 proportionate share of training police
5 officers.

6 LEGISLATOR DRUCKER: Question on
7 this. So this case is from what I'm
8 hearing reading in the backup from 2013.
9 Just curious as to why it's how come it's
10 taken so long on this?

11 MR. SOLEYMANZADEH: You're asking why
12 our legal system is slow.

13 LEGISLATOR DRUCKER: Yeah. Well, it's
14 12 years, 13 years. I'm just curious.
15 It's strictly about reimbursement. Right.
16 It's really more or less about
17 reimbursement by the County to New York
18 City.

19 MR. SOLEYMANZADEH: Yeah, but you
20 have two governments fighting each other.
21 I'm pretty sure they're going to litigate
22 it as long as they can.

23 LEGISLATOR DRUCKER: But you're not
24 not sure?

25 MR. SOLEYMANZADEH: I'm not sure.

LEGISLATOR DRUCKER: You don't you
only have a clear answer. I understand.

MR. SOLEYMANZADEH: I don't. I don't.

MR. DAVIS: Any sense of what we're
talking about in terms of the dollar
amount that the city is seeking from the
County?

MR. SOLEYMANZADEH: No.

MR. DAVIS: Because I'm just looking
at the cost that we're laying out visa
vis what they're requesting and just
trying to figure out whether it's even
worth it or not. And so if we had that
information, it would be helpful to us to
make a determination whether this makes
sense at all or not. So if I understand
it correctly, the gravamen of the issue
is that there are people who are trained
officers who are trained by NYPD. They
then get hired by Nassau, and NYPD is
seeking to be reimbursed for the cost of
training those officers. Is that correct?

MR. SOLEYMANZADEH: I think so. I
believe so. Legislator Davis, I'm not

1
2 100% sure, but I believe that that's the
3 crux of it. And as far as whether it's a
4 cost benefit analysis to settle a case
5 instead of paying legal fees to litigate
6 it, I have a pretty good feeling that
7 that might come down to whether or not a
8 plaintiff or defendant want to set the
9 precedent that they're going to pay on
10 something, as opposed to litigate it.

11 MR. DAVIS: Well, and I think that
12 this issue has actually been litigated.
13 And I think the law is fairly clear on
14 this issue. So again, that would be just
15 information. If we have that that helps
16 us.

17 MR. SOLEYMANZADEH: I could try and
18 find that out.

19 LEGISLATOR DAVIS: Thank you.

20 CHAIRMAN KOPEL: Okay. E 79 is
21 Berkman Henoch.

22 MR. SOLEYMANZADEH: E 79 is with the
23 law firm of Berkman Henoch. This is
24 involving the sheriff's office being
25 compelled to execute a warrant of

1
2 eviction in a bankruptcy proceeding,
3 being pending on on the property
4 submitted by a resident of that property.
5 An additional \$10,000 is being added.
6 Because apparently an unexpected order to
7 show cause was filed in the case. It's an
8 amendment.

9 CHAIRMAN KOPEL: Okay. E80.

10 MR. SOLEYMANZADEH: E80 is with the
11 Law Firm of Sheharyar Ali. This case is
12 close to completing discovery. This is
13 involving a plaintiff that was
14 incarcerated in correctional facility and
15 later passed away due to a medical
16 condition. The claim I think is not only
17 for wrongful death, but for health care
18 services. The original firm, if I'm not
19 mistaken, that was handling the case
20 could no longer handle it and couldn't
21 manage it, and so we brought in outside
22 counsel to take over the case. It's a new
23 contract.

24 LEGISLATOR DRUCKER: So question on
25 this one. So this is a case that started

1
2 in ten years ago 2016. And who was the
3 attorney who was handling it.

4 MR. SOLEYMANZADEH: The prior law
5 firm I believe was Leahy and Johnson.

6 LEGISLATOR DRUCKER: Yeah.

7 MR. SOLEYMANZADEH: And discovery is
8 close to complete. Not fully complete. We
9 are approaching a trial on the case.
10 There's some medical discovery that I
11 think remains outstanding. Some expert
12 testimony that needs to be taken on the
13 matter.

14 LEGISLATOR DRUCKER: Does this
15 involve Armor, the company that was
16 providing them health care at the jail?

17 MR. SOLEYMANZADEH: Yes.

18 LEGISLATOR DRUCKER: Okay.

19 MR. SOLEYMANZADEH: Armor apparently
20 tendered their policy.

21 LEGISLATOR DRUCKER: Now, what my
22 concern is here also is that Mr. Ali, a
23 former county attorney and a legislative
24 candidate, got this contract.

25 MR. SOLEYMANZADEH: With a record so

far of 7 to 0.

LEGISLATOR DRUCKER: That's not -- that's irrelevant. It's on a case by case basis.

MR. SOLEYMANZADEH: Not if you're an attorney that wants to defend Nassau County, it's not.

LEGISLATOR DRUCKER: Each vendor should be evaluated and vetted if there are any other conflicts or things have changed, circumstances could have changed in ten years. You know, I understand that there were only two bids.

MR. SOLEYMANZADEH: I know for sure if there are conflicts that --

CHAIRMAN KOPEL: Mr. Ali has had a wonderful record when he was here with the County Attorney.

LEGISLATOR DRUCKER: But so why --

CHAIRMAN KOPEL: He wins cases.

LEGISLATOR DRUCKER: Why couldn't this case have continued in the County Attorney's Office? Why do we need outside counsel on it, even though the attorney

1
2 who was handling it is on leave? Why
3 couldn't someone else pick up the ball?
4 Why do we have to go to outside counsel
5 each and every time?

6 MR. SOLEYMANZADEH: Well, we don't go
7 to outside counsel.

8 LEGISLATOR DRUCKER: On this
9 particular case.

10 MR. SOLEYMANZADEH: Our current
11 attorneys that are in house are averaging
12 somewhere, I believe, between 70 to 90
13 cases per year.

14 LEGISLATOR DRUCKER: Why this case?

15 MR. SOLEYMANZADEH: So why a specific
16 case? Like I've said early on during our
17 exchanges, is going to have to do with
18 the complexity of the case, the court,
19 the venue, the judge. It might have to do
20 with specifics within the case. It might
21 have --

22 LEGISLATOR DRUCKER: For ten years
23 it was in house.

24 LEGISLATOR DRUCKER: Ten years it was
25 in house. And now what's the need for it

1
2 to go outside?

3 MR. SOLEYMANZADEH: No, no, it was a
4 sign, I believe, to outside counsel Leahy
5 and Johnson.

6 LEGISLATOR DRUCKER: I don't have
7 that. When was that done? I have this was
8 it was started in '16. It was handled in
9 house. And you know, I don't understand
10 why now when --

11 MR. SOLEYMANZADEH: This was with
12 outside counsel at some point, but
13 regardless, medical malpractice, any case
14 that's going to have medical issues on it
15 most likely is going to require some sort
16 of outside expertise on it.

17 LEGISLATOR DRUCKER: But for years it
18 was handled in house, is my question.

19 MR. SOLEYMANZADEH: Yes, we saved the
20 county taxpayer money if we handled it
21 in-house for those years.

22 LEGISLATOR DRUCKER: But that could
23 be done on every single case that we go
24 outside. We can save money by doing it,
25 keeping it in-house. We have qualified,

1
2 competent attorneys like yourself in the
3 County Attorney's Office who could handle
4 these cases very well and save the County
5 millions of dollars, instead of the 20
6 some odd million we spend every single
7 year.

8 MR. SOLEYMANZADEH: I agree with the
9 sentiment that we have very well
10 experienced, knowledgeable and skilled
11 attorneys in the County Attorney's
12 Office.

13 LEGISLATOR DRUCKER: Well, you just I
14 agree. Thank you for saying that. But
15 you're just paying lip service to it.
16 I'd like to see it in reality though.

17 MR. SOLEYMANZADEH: Again, the
18 reality is that the attorneys that are
19 in-house average between 70 to 90 cases
20 per year per attorney, that's a
21 substantial caseload that they're
22 handling. And the County gets sued. So
23 sometimes we refer them out.

24 LEGISLATOR DRUCKER: But I'd like to
25 see --

1
2 MR. SOLEYMANZADEH: A hybrid blend
3 between in-house and outside counsel, you
4 cannot deny is working for the County.

5 LEGISLATOR DRUCKER: Understood. But
6 I'd like to see the data on how
7 successful we'd be if we had trained
8 county attorneys handling these cases.

9 MR. SOLEYMANZADEH: I've gone over
10 the numbers before. Our exposure and
11 liability has drastically been reduced
12 over the last five years based on the
13 fact that we're blending in-house and
14 outside counsel and specifically
15 attributable to the fact that we
16 increased outside counsel. We balanced
17 the in-house and outside counsel with
18 each other.

19 LEGISLATOR DRUCKER: So we say.

20 MR. SOLEYMANZADEH: The results speak
21 for themselves.

22 LEGISLATOR DRUCKER: So taxpayers in
23 Nassau County save \$22 million a year by.

24 MR. SOLEYMANZADEH: No taxpayers, no
25 taxpayers saved close to \$300 million

1
2 based on our exposure to outside
3 liability, because we brought in and we
4 blended the in-house and outside counsel.

5 LEGISLATOR DRUCKER: What period of
6 time?

7 MR. SOLEYMANZADEH: Over the four
8 years that I indicated last time I was
9 here. I can go over the numbers again if
10 you want.

11 LEGISLATOR DRUCKER: \$300 million
12 that's been saved by. And how much have
13 we paid out to those outside counsel
14 firms? You're saying the net --

15 MR. SOLEYMANZADEH: No.

16 LEGISLATOR DRUCKER: Is 300 million.

17 MR. SOLEYMANZADEH: It's nowhere near
18 the net amount. You want me to calculate
19 the net amount to? I could probably get
20 the net amount.

21 LEGISLATOR DRUCKER: The net amount
22 that's saved by going to outside counsel,
23 offset by what we're paying the outside
24 counsel, what their fees are. Yeah. I'd
25 like to know what those numbers are.

MR. SOLEYMANZADEH: Okay. No problem.

LEGISLATOR DRUCKER: Thank you.

CHAIRMAN KOPEL: Legislator
Giuffre.

LEGISLATOR GIUFFRE: So you're
Lawyer, I know. I try cases I have tried
cases from my firm. I've been doing this
for 38 years. I would never in a million
years -- Rich, I think you're a great
person and a great lawyer. I would never
in a million years if I had a choice
between you trying the case and Shariah.
Ali trying the case. I would never in a
million years let you try my case.

MR. SOLEYMANZADEH: Well, since I
prefer not to litigate good anymore, I'm
in full agreement with your sentiment.

LEGISLATOR GIUFFRE: And so I think
Sheharyar Ali is now up to eight
defendants verdicts, not seven. But I may
have lost count. So but it sounds like
we're spending about \$22 million on
outside counsel. And the liability of the
county has been reduced from somewhere in

1
2 the \$700 million range to somewhere in
3 the \$350 million range. Is that about
4 right?

5 MR. SOLEYMANZADEH: Yeah, it went
6 from \$623 million in 2021 to \$375 million
7 in 2024.

8 LEGISLATOR GIUFFRE: Okay, 280
9 million. And so if we take off the 22
10 million, we're still ahead by a good 250,
11 right?

12 MR. SOLEYMANZADEH: Yes.

13 LEGISLATOR GIUFFRE: All right. All
14 right. I mean, you know, that's the only
15 point I want to make. I think that the
16 whatever's taking place within and I
17 don't want to discuss litigation strategy
18 unless we go into executive session, but
19 whatever is taking place in the County
20 Attorney's office and in the
21 Administration, all right, in picking
22 which cases to send to outside counsel,
23 those decisions have been wisely made.
24 Would you agree?

25 MR. SOLEYMANZADEH: Yes.

1
2 LEGISLATOR GIUFFRE: Okay. And the
3 results that we've obtained at trial have
4 been nothing less than stellar.

5 MR. SOLEYMANZADEH: Yes.

6 LEGISLATOR GIUFFRE: Okay.

7 MR. SOLEYMANZADEH: And I'm confident
8 that Plaintiff's Bar would agree with
9 that.

10 LEGISLATOR GIUFFRE: I would agree
11 also as a plaintiff's lawyer.

12 MR. SOLEYMANZADEH: A few judges have
13 agreed with that too. On the record.

14 LEGISLATOR GIUFFRE: Yeah. So and
15 occasionally look there's always going to
16 be some outlier. You're always getting
17 when you try cases you're not going to
18 win every case, which I understand. And
19 the cases that we don't win you know we
20 can we can move to set aside the verdict.
21 But it's before the trial judge that
22 tried to settle the case. You didn't
23 settle. They may not set aside the
24 verdict. Then we appeal. Right. And we
25 have that opportunity. Okay. All right. I

1
2 appreciate your time, sir. Thank you.

3 MR. SOLEYMANZADEH: Yep.

4 CHAIRMAN KOPEL: All right, last one.
5 Hopefully. One more.

6 MINORITY LEADER DERIGGI-WHITTON:
7 Question. Just with the Armor. How many
8 cases are still pending.

9 MR. SOLEYMANZADEH: I don't know.

10 MINORITY LEADER DERIGGI-WHITTON: I
11 thought they were all handled together
12 now.

13 MR. SOLEYMANZADEH: As in as in like
14 a consolidated case?

15 MINORITY LEADER DERIGGI-WHITTON:
16 Yeah.

17 MR. SOLEYMANZADEH: I don't know. I
18 don't know the answer to that.

19 MINORITY LEADER DERIGGI-WHITTON:
20 You're a good witness. I'm glad you're
21 honest. Okay, I think we should get an
22 update on where the Armor cases are. I
23 don't know how many have been settled.
24 And, you know, that was a big thing. I
25 forget how many deaths there were, but

there were a lot.

MR. SOLEYMANZADEH: I can ask Legal Counsel and Litigation.

MINORITY LEADER DERIGGI-WHITTON:
Okay. I would like to see how much we paid out.

MR. SOLEYMANZADEH: I'm not privy to it.

MINORITY LEADER DERIGGI-WHITTON:
Thank you.

CHAIRMAN KOPEL: Okay, so the last one is E 82 Greenberg Traurig.

MR. SOLEYMANZADEH: E 82, is with the Law Firm of Greenberg Traurig. This is a close out. We obtained a jury verdict on behalf of the County to the benefit of the County against plaintiff's counsel, Mr. Brewington, on this. And this is a close out to finish up the payments on it.

CHAIRMAN KOPEL: Got it. Okay. Thank you.

MR. SOLEYMANZADEH: Thank you.

CHAIRMAN KOPEL: We have now
Management and Budget. E 83, that would
be Arthur Gallagher risk management.

MR. NOLAN: Good afternoon. Chris
Nolan from the Office of Management and
Budget.

This is E83-26 is an agreement with
Arthur J. Gallagher to act as the
County's insurance broker of record to
renew policies, place new insurance
coverage, and provide consultation on
some risk management items.

The contract was a result of the
County issuing our RFP in February of 26.
We received six proposals and Arthur J.
Gallagher was determined to be the best
value to the County.

CHAIRMAN KOPEL: Okay. Thank you.

Okay, .

We can vote on these contracts that
I've called. And those would be:

A29, 32, 48, 34.

B7, 10, 72.

A38, A40.

E73, 74, 75, 76, 78, 79, 80, 82 and
83. All those in favor of these?

(Whereupon, off the record
conversation.)

CHAIRMAN KOPEL: Okay. Let's do
those first then:

E72, E80 E82.

All those in favor?

CHAIRMAN KOPEL: Aye.

LEGISLATOR MCKEVITT: Aye.

LEGISLATOR KENNEDY: Aye.

LEGISLATOR GIUFFRE: Aye.

CHAIRMAN KOPEL: Opposed?

MINORITY LEADER DERIGGI-WHITTON:
Nay.

LEGISLATOR DRUCKER: Nay.

LEGISLATOR DAVIS: Nay.

CHAIRMAN KOPEL: Okay. Those passed
four three.

Now we'll come back to the others:

28, 29, A32, 48, A34,B7.

B7, B10, A38, A39, A40,.

E73, 74, 75, 76, 78, 79 and E83, B8
and B9.

All those in favor of these, say
aye.

(Whereupon, all members
respond in favor.)

CHAIRMAN KOPEL: Opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: All right. Those
are unanimous.

Now I have a motion to untable E50
which is a resolution authorizing a
contract between the County Department of
Parks and Metamorphic Concerts, LLC.

Motion made by Deputy Presiding
Officer McKevitt and seconded by
Legislator Kennedy.

All those in favor of untabling this
item, say aye.

(Whereupon, all members
respond in favor.)

CHAIRMAN KOPEL: Opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: The item is
untabled.

Okay, Darcy. There you go.

1
2 COMMISSIONER BELYEA: Darcy Belyea,
3 Parks Commissioner. Thank you, Presiding
4 Officer, for looking into that and
5 untabling.

6 Item E50-26 is an amendment to the
7 service agreement approved by this body
8 in December of 2023 between the County
9 and Metamorphic Concerts, LLC. They serve
10 as a booking agent for our entertainment
11 throughout the year. This amendment
12 exercises the renewal clause as agreed by
13 both parties, so that the term expiration
14 is now June 12th, 2027 and the Ads Artist
15 Hospitality Services as required to be
16 performed by this vendor and it amends
17 the maximum payment amount for the
18 renewal term year, only increasing it by
19 \$600,000. So the total consideration for
20 this term is not to exceed 1 million.
21 This increases the total amount to be
22 paid to this contract, not to exceed \$2.6
23 million. No other contract terms will be
24 amended, and this agreement is funded by
25 the Hotel/Motel tax Grant fund.

1
2 CHAIRMAN KOPEL: Okay. We did a
3 motin to untable, but we didn't have a
4 motion on the item itself. So that motion
5 is made by Deputy McKevitt and seconded
6 by Legislator Giuffre.

7 All those in favor of this item,
8 please say aye.

9 (Whereupon, all members
10 respond in favor.)

11 CHAIRMAN KOPEL: Opposed?

12 (Whereupon, no response.)

13 COMMISSIONER BELYEA: Thank you.

14 CHAIRMAN KOPEL: Okay, so that is
15 unanimous.

16 And we will now put the Rules in
17 recess. And we'll do some other
18 committees. And public works is next. And
19 we'll come back to rules once the other
20 committees are done.

21 And by the way, we'll have a little
22 reconvening on the legislative session of
23 the Full Legislature.

24 (Whereupon, recess, 2:06-3:19 p.m.)
