22 start off with with the IT Information
23 Technology, and A35 is Connect 2
24 Solutions.

25 MS. TALOR: Good afternoon.

1
2 Legislators. Rosemary Talor, Department
3 of Information Technology, project
4 manager.

5 CHAIRMAN KOPEL: Could you hold on
6 for just one second, please? I see that I
7 did not call E 86 and E 88, which is LIRO
8 Engineers.

9 Motion on that as well by Deputy
10 Presiding Officer McKevitt, seconded by
11 Minority Leader DeRiggi-Whitton.

12 I'm sorry. Go ahead, please.

13 MS. TALOR: So this is for matter
14 A35-26 Connect 2. The amount is 311,899
15 paid out of general funds for IT. Connect
16 2 is a reseller vendor. This product is
17 called the elastic product. It's a
18 security information and event management
19 products. It's a critical service that
20 acts as a brain for identifying and
21 centralizing any suspicious activity on
22 the Nassau County networks, and then it
23 allows our IT personnel to identify the
24 activity and solve or remediate any
25 problems from a single location.

CHAIRMAN KOPEL: Okay. Any questions?

(Whereupon, no response.)

MS. TALOR: There's one more. I don't know if you want me --

CHAIRMAN KOPEL: Yes. Go ahead, please.

MS. TALOR: Which one? A 53.

CHAIRMAN KOPEL: We have two more, actually, may not be you. E 81 as well, but A 53 Assetworks.

MS. TALOR: Yes.

A53-26, Assetworks. This is a software product that allows county employees in all departments to submit tickets for work orders. The tickets are tracked and assigned to appropriate technicians, usually work done by DPW. This is essentially a help desk system that is customized to be used by the DPW department in tracking their work orders.

CHAIRMAN KOPEL: Questions?

MS. TALOR: Any questions?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Thank you. We have anyone here on E 81 William W. Professional Staffing?

MS. TALOR: Okay.

CHAIRMAN KOPEL: Is that yours?

MS. TALOR: Yes.

CHAIRMAN KOPEL: Hold on one second. I understand that the Inspector General has some issues with this, so we're not going to deal with that at this point.

MS. TALOR: Then I think I'm done.

CHAIRMAN KOPEL: I guess we're done.

MS. TALOR: Okay. Thank you.

1
2 CHAIRMAN KOPEL: Okay. Let's do
3 Health Department A37.

4 MS. ZOHRABIAN: Good afternoon.
5 Alyssa Zohrabian, Nassau County
6 Department of Health.

7 Item A37-26 is a request to
8 authorize a purchase order for rabies
9 vaccine baits for our raccoon rabies
10 control program. Boehringer Ingelheim
11 Animal Health USA, Inc. is a sole source
12 vendor as they are the only licensed
13 provider of oral rabies vaccine for
14 raccoons and also coyotes approved for
15 use in the US by the USDA. The purchase
16 order will sustain the program's need for
17 baits for five years. Rabies had been
18 effectively eliminated in Nassau County
19 after 2016 after extensive efforts
20 control efforts such as the rabies
21 vaccine program. So our aim with this
22 purchase order is to return to that level
23 of success and stop the virus from
24 spreading further.

25 CHAIRMAN KOPEL: Questions?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Have you any others?

MS. ZOHRABIAN: I do, I have a 50.

CHAIRMAN KOPEL: Go ahead please.

MS. ZOHRABIAN: So A50 is a request to award and execute a purchase order for lab equipment for a public health laboratory. The machine, it's called a titrator. It tests pH alkalinity, among other things, in public drinking water. The software for the titrator that we currently have is now obsolete, so we can't use it going forward. So therefore we need the newer model. And Brinkmann instructions is a sole manufacturer of this piece of equipment.

CHAIRMAN KOPEL: Okay. Sole source. Any questions? Okay. How about a E 89? Is that yours?

MS. ZOHRABIAN: That is mine. So E 89 is a contract with the Public Health Accreditation Board, aka PHAB, to assist the Department in developing a new

1
2 departmental wide strategic plan. The
3 strategic plan will set the Department's
4 overall vision and goals and priorities,
5 and then outline how we will get that
6 work done and achieve them. So it is also
7 an important requirement of maintaining
8 our accreditation because we are an
9 accredited health department. PHAB had
10 helped guide this process when the
11 department was first accredited in 2017.
12 And as the national accrediting body for
13 governmental public health departments,
14 it has the specific expertise needed to
15 support this type of work.

16 CHAIRMAN KOPEL: Questions?

17 Yes. Go on.

18 MINORITY LEADER DERIGGI-WHITTON:

19 Just because we haven't heard about it in
20 a while, is the lab up to full
21 functioning now?

22 MS. ZOHRABIAN: So they're in the
23 process of moving, so we're hoping that
24 they'll be in and moved in in September
25 after the summer and after like beach

season is over and beach water sampling.

MINORITY LEADER DERIGGI-WHITTON:

This program at all as far as reaching the goals and everything.

MS. ZOHRABIAN: Oh, yes. So this is for, for the strategic plan. It's for the whole department, which includes our public health laboratory and all the other programs.

MINORITY LEADER DERIGGI-WHITTON: Are they like having any type of expense moving, I would assume like, are they moving into a new facility and everything or I'm just surprised we haven't heard about it.

MS. ZOHRABIAN: About the lab move?

MINORITY LEADER DERIGGI-WHITTON:

Yeah.

MS. ZOHRABIAN: Yeah. We had I had presented an item for some new equipment in the past meetings.

MINORITY LEADER DERIGGI-WHITTON:

Right. I just didn't know they were moving.

MS. ZOHRABIAN: You're welcome.

CHAIRMAN KOPEL: Okay. Thanks.

MS. ZOHRABIAN: Welcome.

1
2 CHAIRMAN KOPEL: Police Department.
3 Axon Enterprise. That's A41. We'll start
4 with that.

5 DEPUTY CHIEF PALAZZOLO: Good
6 afternoon, Deputy Chief Janine Palazzolo,
7 Nassau County Police Department.

8 Item A41. This is to authorize an
9 award of blanket purchase order for
10 tasers for the Nassau County Police
11 Department. The maximum amount authorized
12 under this purchase order shall be \$5
13 million. This is a sole source and it
14 comes from capital Project.

15 CHAIRMAN KOPEL: Okay. Questions?
16 Okay.

17 Next is A42 Magnum Electronics.

18 DEPUTY CHIEF PALAZZOLO: Yes. Item
19 A42. This is to award and execute a
20 purchase order between the Nassau County
21 Police Department and Magnum Electronics
22 for shoulder mounted flashing lights. The
23 maximum amount authorized under this
24 purchase shall be \$231,200. This is from
25 asset funds and these lights will enhance

public and officer safety.

CHAIRMAN KOPEL: What are shoulder mounted flashing lights?

DEPUTY CHIEF PALAZZOLO: They are red and white light that will go on the officer's lapel, and he'll be able to activate them when you know, it could be on an auto accident, a traffic stop in dark places so that they can alert cars or pedestrians if there's an officer there.

CHAIRMAN KOPEL: Okay. Yes.

LEGISLATOR DRUCKER: Are they in use now?

DEPUTY CHIEF PALAZZOLO: They're not in use. This would be a new purchase.

LEGISLATOR DRUCKER: So there are none in the department now?

DEPUTY CHIEF PALAZZOLO: No.

CHAIRMAN KOPEL: So they just stand around and these lights are flashing.

DEPUTY CHIEF PALAZZOLO: They're a small light that goes on top of the officer's shoulder.

activate them.

LEGISLATOR DRUCKER: Okay.

CHAIRMAN KOPEL: Okay.

MINORITY LEADER DERIGGI-WHITTON: Can
I ask one?

CHAIRMAN KOPEL: Sure.

MINORITY LEADER DERIGGI-WHITTON:
We're not going to run into an instance
like we did with the body cams of it
being another piece of equipment that
they're required to wear. As far as
contractually.

DEPUTY CHIEF PALAZZOLO: I would have
to get back to you on that.

MINORITY LEADER DERIGGI-WHITTON: I
just don't want to run into that. Okay.

DEPUTY CHIEF PALAZZOLO: Okay.

CHAIRMAN KOPEL: Okay. 47 is Paul
Cangelosi Sales.

DEPUTY CHIEF PALAZZOLO: Yes. This is

1
2 to award and authorize a purchase order
3 for horse trailers for the Nassau County
4 Police Department. This is a one time
5 purchase. The maximum amount authorized
6 under this purchase shall be \$119,600.
7 The mounted unit currently has 11 horses,
8 and this is used to transport horses
9 throughout the county.

10 CHAIRMAN KOPEL: Okay.

11 And we do have one more, I'm told
12 now which is Stryker, but we did not have
13 a motion on that one. That's a 59 motion
14 by Deputy Presiding officer seconded by
15 Minority Leader Whitton. A59, please.
16 Stryker Sales.

17 DEPUTY CHIEF PALAZZOLO: This is to
18 authorize an award, a purchase order for
19 cardiovascular instruments for the Nassau
20 County Police Department. This is a one
21 time purchase. The maximum amount
22 authorized under this purchase order
23 shall be \$2,714,451.90. This is to
24 replace all outdated units that have
25 reached their end of life questions.

CHAIRMAN KOPEL: Okay. Thank you.

DEPUTY CHIEF PALAZZOLO: I also have
A56.

CHAIRMAN KOPEL: Yes. I'm told that
we're we're not calling that one yet.

DEPUTY CHIEF PALAZZOLO: Thank you.

1
2 CHAIRMAN KOPEL: Okay. Thank you. All
3 right. Correctional Center. And that will
4 start off with A43 Intellitech
5 Corporation.

6 CAPTAIN BRIAN DOYLE: Good afternoon,
7 Captain Brian Doyle. Nassau County
8 Sheriff's Department.

9 The item before you, A43 is a
10 blanket purchase order for maintenance of
11 Intellitech, application Imax for the
12 Correctional Facility. This is a sole
13 source purchase Intellitech Corporation
14 is a sole vendor who manufactures, sells
15 and distributes exclusively the annual
16 license to use Imax and provide support
17 and maintenance to this product. This
18 product is used for booking inmates and
19 all information regarding their
20 incarceration. The maximum amount of this
21 authorized under this blanket shall be
22 570,954.75. The term of this blanket is
23 three years, subject to the county's
24 right for early termination.

25 CHAIRMAN KOPEL: Okay. Questions.

1
2 Okay. A51 H. Schrier & Company.

3 CAPTAIN BRIAN DOYLE: The item before
4 you A51 is a blanket purchase order to
5 supply grocery products for the
6 correctional facility with H. Schrier &
7 Company who was the lowest responsible
8 bidder. The maximum amount authorized
9 under this blanket would be 175,000. The
10 term of this blanket is for six months
11 from the date of issuance, and can be
12 extended by mutual agreement for an
13 additional six months.

14 CHAIRMAN KOPEL: Questions? Okay.
15 Well, thank you.

16 CAPTAIN BRIAN DOYLE: Thank you.

1
2 CHAIRMAN KOPEL: Public works. We'll
3 start off with A44 Don Brown Bus Sales.

4 MR. LINDGREN: Good afternoon, Jeff
5 Lindgren, Traffic Management.

6 The contract before you is with Don
7 Brown Bus Sales who was the low bidder at
8 the amount of \$275,515. The contract is
9 for the construction of a new piece of
10 equipment for us, it's a field operations
11 trailer that we would use for various
12 public assembly events throughout the
13 county, in addition to responding to
14 roadway emergencies.

15 CHAIRMAN KOPEL: Okay. Do you have
16 any others?

17 MR. LINDGREN: No.

18 CHAIRMAN KOPEL: No. Okay. Thanks.
19 Next is B11 Posillico Civil. Go ahead.

20 MR. SALONE: Good afternoon. Pasquale
21 Salone, Department of Public works.

22 This is a capital project for the
23 Bay Park sewage treatment plant. As part
24 of the restoration from impacts of
25 Hurricane Sandy under the FEMA for six

1
2 program, the aeration building at the
3 facility is being replaced so that the
4 new one can be constructed above the
5 potential flood level for future
6 emergencies.

7 CHAIRMAN KOPEL: This federally
8 funded?

9 MR. SALONE: Yes, it is 100%.

10 CHAIRMAN KOPEL: 100%, good.

11 Do you have any others.

12 MR. SALONE: No, sir.

13 CHAIRMAN KOPEL: Okay. Well. Thank
14 you.

15 B14 in a restoration.

16 MR. TUMAN: Good afternoon, Douglas
17 Tuman, Deputy Commissioner, Department of
18 Public Works.

19 Item B14-26 is a bid contract for
20 DPW building construction. General
21 requirements contract. This contract is
22 for on call general construction work on
23 county owned buildings and general
24 construction projects where the work
25 required is outside the capabilities of

1
2 DPW facilities management. In-house
3 crews. There are five bids received.
4 Three of those were considered
5 responsible in a was the lowest
6 responsible bidder. This is a single
7 prime contract for a two year duration
8 with an option to renew for another two
9 years with payments based on time and
10 materials expended, plus the contractor's
11 markup of 40% on labor and 11% on
12 materials. Funding for this contract is
13 from capital. The estimated expenditures
14 under this contract are \$10 million.
15 Initial encumbrance is in the amount of 1
16 million funded from capital. The
17 contractor has agreed to use best efforts
18 for mwBe and WBE participation.

19 CHAIRMAN KOPEL: That's it. Okay.

20 MINORITY LEADER DERIGGI-WHITTON:
21 Can I, is that okay?

22 CHAIRMAN KOPEL: Sure.

23 MINORITY LEADER DERIGGI-WHITTON: So
24 if you renew the contract, you said you
25 have an option to renew without coming

1
2 before us. Correct?

3 MR. TUMAN: Correct.

4 MINORITY LEADER DERIGGI-WHITTON: Is
5 the cost still going to remain at the 10
6 million or are you going to double the
7 cost?

8 MR. TUMAN: Well the bid amounts will
9 remain as what they were originally bid
10 at. Is that what you mean?

11 MINORITY LEADER DERIGGI-WHITTON: So
12 if you renew it in two years, what is the
13 total cost if you renew it without coming
14 before us?

15 MR. TUMAN: That decision hasn't been
16 made of I guess what that amount would be
17 at that time.

18 MINORITY LEADER DERIGGI-WHITTON: But
19 you wouldn't have to come before us. So
20 we have to know that the 10 million is it
21 for four years.

22 MR. TUMAN: I don't know if somebody.
23 We don't have somebody. I could get back
24 to you on that. The 10 million is for
25 this contract. It's not clear to me. I

1
2 will get clarity on that, whether the 10
3 million covers the four years or just the
4 two years.

5 MINORITY LEADER DERIGGI-WHITTON:
6 That's sort of important because you
7 can't go up to 20 million.

8 MR. TUMAN: Agreed. Yep. That's
9 important. The 10 million, my
10 understanding is for the two year
11 duration.

12 MINORITY LEADER DERIGGI-WHITTON: And
13 you have the right.

14 MR. TUMAN: The original this
15 original contract that's being approved.
16 But we have a right to extend it beyond
17 the two years.

18 MINORITY LEADER DERIGGI-WHITTON: You
19 have the right to extend it.

20 MR. TUMAN: So I guess if we're going
21 beyond that 10 million at that time, then
22 we would have to go in front of the
23 Legislature. But this is for the 10
24 million for two years. But there is an
25 option for us to extend. And I guess if

1
2 we have already gone through the 10
3 million, then we would have to come back
4 to the Legislature to increase beyond the
5 10 million. But if there's still money
6 left, we haven't blown through that 10
7 million within two years, then we can
8 extend the contract.

9 MINORITY LEADER DERIGGI-WHITTON:

10 Okay, so I just want to make it clear on
11 the record that if it's going to exceed
12 the 10 million within the next four
13 years, you have to come before.

14 MR. TUMAN: If there's an increase in
15 money. Yes.

16 MINORITY LEADER DERIGGI-WHITTON:

17 Anything extending the 10 million, you'd
18 have to come back. We're only authorizing
19 10 million.

20 MR. TUMAN: Yes.

21 MINORITY LEADER DERIGGI-WHITTON:

22 The other thing is that I was just a
23 little concerned about the wording of
24 best effort. You know, we do have that
25 standard for trying to find the minority

1
2 women owned businesses just a little bit
3 more than best effort. You know, we have
4 requirements for that.

5 MR. TUMAN: Yeah. The nature of this
6 contract, because it's a requirements
7 contract, the work isn't actually known
8 yet, right. So it's difficult or really
9 impossible for them to pledge and bring
10 on subs without yet knowing what the work
11 is.

12 MINORITY LEADER DERIGGI-WHITTON:
13 True. But you'll follow the County's
14 procurement regulations, correct?

15 MR. TUMAN: Of course.

16 MINORITY LEADER DERIGGI-WHITTON:
17 Okay. Thank you.

18 MR. TUMAN: Thank you.

19 I do have another one, if you want
20 me to.

21 CHAIRMAN KOPEL: Sure.

22 MR. TUMAN: This is E87-26.

23 CHIRMAN KOPEL: Yes. Go ahead please.

24 MR. TUMAN: This is an amendment to
25 an on call construction management

1
2 services contract for AECOM to provide
3 additional funds for construction
4 management services for the County's
5 building construction projects.

6 Amendment number one is for \$1
7 million, which will increase the maximum
8 contract amount to 2 million. Funds are
9 available under Capital Project 50701 and
10 90407.

11 CHAIRMAN KOPEL: Okay. All right.
12 Thanks.

13 MR. TUMAN: Thank you.

14 CHAIRMAN KOPEL: Thank you.

15 We have E 86 and E 88, Liro
16 Engineers.

17 MR. GEORGE: Good afternoon, Thomas
18 George, Deputy Commissioner, DPW.

19 Item 86-26. CM service for
20 resurfacing various roadways under phase
21 74 project. The vendor is LIRO
22 Engineers.

23 The purpose of this contract is to
24 perform construction management and
25 inspection service for Nassau County

1
2 Department of Public Works Construction
3 Management Unit. The selected firm will
4 manage concrete roadway repairs under
5 Phase 74 project.

6 CHAIRMAN KOPEL: All right. All
7 right. The. And the other one?

8 MR. GEORGE: I have only one,
9 actually.

10 CHAIRMAN KOPEL: 88.

11 MR. GEORGE: 86.

12 CHAIRMAN KOPEL: You have 86. Okay.
13 All right.

14 MR. GEORGE: All right. Thank you.

15 CHAIRMAN KOPEL: All right. Who has
16 the 88? That's you. Okay.

17 MR. LUTZ: Good afternoon. Harold
18 Lutz, Nassau County Department of Public
19 Works, traffic engineering.

20 E 88-26 is a contract for
21 professional services for construction,
22 management and inspection services for
23 the traffic signal Expansion phase ten
24 construction project. The construction
25 includes 39 traffic signals and 21

1
2 traffic cameras along New Hyde Park Road,
3 Hempstead Avenue, South Franklin Avenue,
4 Mineola Avenue, Glen Cove Avenue and the
5 hamlets of Garden City, New Hyde Park,
6 North Hills Valley Stream, Roslyn,
7 Glenwood Landing and Glen Cove. We have a
8 25.62 DBE utilization from the
9 contractor.

10 We received 19 RFPs in this and was
11 deemed the number one technically ranked
12 firm and the best value to the county. We
13 were as money in the funding through the
14 capital contract 62462, and there's an
15 80% reimbursement from New York State
16 DOT.

17 MINORITY LEADER DERIGGI-WHITTON: Hi,
18 Harold. How are you?

19 MR. LUTZ: Hi, how are you?

20 MINORITY LEADER DERIGGI-WHITTON:
21 Good to see you.

22 What type of cameras are they?

23 MR. LUTZ: They're just our incident
24 management system. We can observe
25 traffic flows from there. We can detect

1
2 incidents and notify the police
3 department. They're not for crime
4 prevention or anything like that. They
5 probably do have some deterrent effect,
6 but we don't record them because, you
7 know, having hundreds of cameras, we
8 don't have the data storage ability or
9 capability to keep that data. So it's
10 just something where we have operators
11 who are in the TMC 24 hours a day, seven
12 days a week. They're overseeing all of
13 our operations on our roadways. We get
14 communications from their traffic
15 signals, and we may see something as out
16 we can see through the camera. If we have
17 something in a location, we can pan,
18 tilt, zoom the cameras to see what it is.
19 Is it a malfunction? Is it a power
20 outage? And make a quicker determination.
21 We have about 200 plus cameras out in the
22 field right now. This would be another 21
23 in areas that we currently don't have
24 coverage. This project in addition to the
25 traffic signals, there's communications

that goes along with it. That
communication supports the cameras.

MINORITY LEADER DERIGGI-WHITTON: So
you don't do any type of license plate
reading with these. Correct?

MR. LUTZ: No, that's a completely
separate thing that the Police Department
runs. Those are on some of our
infrastructure, but they're not ours.

MINORITY LEADER DERIGGI-WHITTON:
Okay. So so this information again, is
not capped. It's just for live
information.

MR. LUTZ: Yes.

CHAIRMAN KOPEL: Okay. All right.
Thank you.

MR. LUTZ: Thank you.

CHAIRMAN KOPEL: Purchasing. We have
A46. Parsons Commercial.

MR. BARONE: Good afternoon.
Legislators. Rafael Barone, DPW
Facilities.

This is to award a contract to
Parsons Commercial Flooring to do
flooring in all county commercial
buildings.

CHAIRMAN KOPEL: Questions?

(Whereupon, no response.)

CHAIRMAN KOPEL: Okay. Thanks.

2 CHAIRMAN KOPEL: Talogy, E 90?

3 DEPUTY CHIEF PALAZZOLO: Good
4 afternoon, Deputy Chief Janine Palazzolo
5 and Nassau County Police Department item
6 number E 90.

7 This is an amendment to exercise the
8 renewal option in our existing contract
9 with Talogy. They provide test
10 preparation and test administration
11 services for the Police Department and
12 Civil Service. This is a two year renewal
13 with a cost not to exceed \$2,221,346.

14 CHAIRMAN KOPEL: Okay. Questions?
15 Okay.

16 MINORITY LEADER DERIGGI-WHITTON: Can
17 I just ask, do you have a general idea of
18 how many tests they're administrating for
19 \$2 million?

20 DEPUTY CHIEF PALAZZOLO: Well, I can
21 tell you what we've done in the last
22 three years. We've administered a police
23 officer test, a sergeant's test, a police
24 communication operator's test, and a
25 police service training test.

CHAIRMAN KOPEL: Okay. The next two
the last two actually are with the county
attorney. And E 84 is Sheharyar Ali.

Mr. Soleymanzadeh.

MR. SOLEYMANZADEH: Good afternoon.
Legislators.

CHAIRMAN KOPEL: E84 will start.

MR. SOLEYMANZADEH: Yeah. E 84 is
with the law firm of Ali Law Group. This
is venue in the Eastern District of New
York. The case is Ellis versus Nassau
County. This is involving a plaintiff
that's suing Nassau County for various
alleged violations of federal civil
rights claims regarding the plaintiff's
prior conviction and prosecution in
Nassau County by our district attorney.

CHAIRMAN KOPEL: Okay. Yes. Yes, go
on.

LEGISLATOR DRUCKER: Thank you. Good
afternoon, sir.

MR. SOLEYMANZADEH: How are you,
Legislator Drucker?

LEGISLATOR DRUCKER: How are you

1
2 today?

3 MR. SOLEYMANZADEH: Good.

4 LEGISLATOR DRUCKER: So I think we
5 can all agree that this case is one of
6 the most significant cases that has come
7 before the County in quite some time, in
8 terms of financial liability and risk.
9 You know, everyone knows how much I
10 detest the excessive use of of outside
11 counsel and in my opinion, the waste of
12 taxpayer dollars on this. And I've gone
13 on record for quite some time. But this
14 case, I can agree wholeheartedly that we
15 need outside counsel, not just because
16 it's a 1983 federal matter, but because
17 the financial implications facing us. So
18 there's no question we need a very good
19 attorney. Sorry, I'm not available, but
20 we need one, a good attorney to defend us
21 and mitigate the risk.

22 So it brings me to my question of my
23 concern. I want to understand the process
24 and the mechanics of how you chose this
25 particular law firm. I mean, I'm used to

1
2 seeing names like, you know, McNamara and
3 Skolnick and Peter Bee and Traurig and
4 the others, but not this particular firm
5 on a case of this magnitude. Can you take
6 me through the process.

7 MR. SOLEYMANZADEH: No.

8 LEGISLATOR DRUCKER: Okay. That was
9 good.

10 MR. SOLEYMANZADEH: I mean, I'm not
11 going to necessarily discuss what our
12 specific analysis is on why we select or
13 why we send out a particular file,
14 because that's a legal strategy that the
15 County Attorney would make.

16 As far as this particular case, or
17 how we do it in general, if that's what
18 you're asking. Right.

19 LEGISLATOR DRUCKER: So how does it
20 come down to the selection process?

21 MR. SOLEYMANZADEH: Right.

22 LEGISLATOR DRUCKER: What criteria is
23 used.

24 MR. SOLEYMANZADEH: Right. So we
25 have a committee and the committee would

1
2 meet and discuss the particular matter, a
3 particular file, and discuss the various
4 attorneys that may have responded to it
5 or go through the various attorneys that
6 are on our panel and make a determination
7 on the experience of those attorneys,
8 their track record, their pricing, their
9 knowledge of how the County operates
10 sometimes is important in a particular
11 case.

12 LEGISLATOR DRUCKER: How many
13 attorneys are on your preferred list?

14 MR. SOLEYMANZADEH: I'm not privy to
15 that. I'm not sure. But our panel is
16 somewhat extensive.

17 LEGISLATOR DRUCKER: On the federal
18 cases I'm talking about in particular.
19 Maybe that list narrows down when it
20 comes to the federal cases.

21 MR. SOLEYMANZADEH: I don't know the
22 answer to that. I don't know how many of
23 the attorneys that are on our panel are
24 also Federally admitted. I would assume
25 all the attorneys that are on our panel

1
2 have federal admission, but I don't know
3 the exact number of of that.

4 LEGISLATOR DRUCKER: Can you tell us
5 how many are on the panel at all?

6 MR. SOLEYMANZADEH: I want to say
7 there's about a dozen maybe. That I'm not
8 100% sure on it. You know, I've seen lots
9 of names on the panel, so I can't I can't
10 speak to how many exactly. I can get you
11 that number. I can tell you how many are
12 on the panel. Every time an attorney has
13 come through that we've selected, they're
14 on the panel. So over the years, through
15 different administrations, there have
16 been lots of attorneys that have been on
17 the panel.

18 LEGISLATOR DRUCKER: Because of this
19 particular case, you can't tell me why
20 and how you chose this firm.

21 MR. SOLEYMANZADEH: Well, I mean,
22 based on track record, there's no
23 dispute, Mr. Ali has had the best track
24 record among any attorneys on these types
25 of 1983 cases. This specific case, I

1
2 think, is going to involve some knowledge
3 of county processes, DA processes. I
4 believe Mr. Ali was a former district
5 attorney in Kings County. He's familiar
6 with the Nassau County process.
7 Legislator Drucker, if you have specific
8 questions, I don't know if there's
9 anything beyond that. And pricing wise,
10 I'm pretty sure he's --

11 LEGISLATOR DRUCKER: My colleague, I
12 think, is going to narrow down the
13 questioning a little bit.

14 MR. SOLEYMANZADEH: Sure.

15 CHAIRMAN KOPEL: I just want to point
16 out to Legislator Drucker that is, as Mr.
17 Soleymenzadeh said, this particular
18 attorney has had a superlative record in
19 defending cases for the County, both as a
20 member of the County Attorney's Office
21 and subsequently.

22 Also as regards to your general
23 objection to outside counsel, as you'll
24 see later in the executive session, I
25 won't get too far into it, there are

1
2 instances when using outside counsel in
3 one particular case may save us so much
4 money that they practically pay for all
5 the outside counsel for an entire year.
6 And it happens and it happens. It's
7 happened more than once. And as I said
8 I'll defer the actual specifics to the
9 executive session.

10 Legislator Davis.

11 LEGISLATOR DAVIS: Good afternoon.

12 MR. SOLEYMANZADEH: How are you,
13 Legislator Davis?

14 LEGISLATOR DAVIS: Wonderful.

15 I just want to drill down a little
16 bit on this request to have this law firm
17 represent the County on this particular
18 case. And I guess I want to start with
19 just a general proposition here. The
20 proposition is this you would agree that
21 both from the County Attorney's
22 standpoint as well as the Legislature,
23 that we are fiduciaries for the County.

24 MR. SOLEYMANZADEH: Of course, the
25 attorneys that represent Nassau County

1
2 are fiduciaries for the County. Yes.

3 LEGISLATOR DAVIS: Exactly. And so
4 as part of that fiduciary responsibility,
5 what we should do when we recognize any
6 risk to the County from a monetary
7 standpoint, we want to minimize that as
8 much as possible. Right.

9 MR. SOLEYMANZADEH: Agreed.

10 LEGISLATOR DAVIS: And when it comes
11 to a lawsuit, what we want to do is we
12 want to get the best representation
13 possible to defend the County's
14 interests, right?

15 MR. SOLEYMANZADEH: At the discretion
16 of the County Attorney.

17 LEGISLATOR DAVIS: The bottom line
18 is, you don't want to defend a lawsuit
19 with somebody who doesn't have the
20 requisite expertise and experience on a
21 particular issue. You are looking for the
22 best. Right?

23 MR. SOLEYMANZADEH: Agreed.

24 LEGISLATOR DAVIS: So one of the
25 things that the County has done is when

1
2 we're dealing with certain cases, we go
3 to outside counsel. Right.

4 MR. SOLEYMANZADEH: Correct.

5 LEGISLATOR DAVIS: And the reason
6 that we go to outside counsel, among the
7 reasons that we go, is because the staff
8 at the County Attorney's Office may not
9 have the requisite expertise, correct, on
10 a particular case.

11 MR. SOLEYMANZADEH: That is one of a
12 dozen different reasons.

13 LEGISLATOR DAVIS: That's what I
14 said.

15 MR. SOLEYMANZADEH: And all equally
16 important.

17 LEGISLATOR DAVIS: And one of the
18 other reasons is they may not have not
19 only the expertise, but they may not have
20 the requisite experience. Right.

21 MR. SOLEYMANZADEH: Sure.

22 LEGISLATOR DAVIS: And so experience
23 comes from time, right?

24 MR. SOLEYMANZADEH: Well, sure.

25 LEGISLATOR DAVIS: Okay. So and when

1
2 we're dealing with outside counsel,
3 particularly with cases that involve
4 tremendous liability to the County, we
5 want to make sure that we have the
6 highest quality representation possible
7 to advocate and represent for the County.
8 Correct?

9 MR. SOLEYMANZADEH: And that they
10 have malpractice coverage.

11 LEGISLATOR DAVIS: Absolutely. And
12 when we're looking at those
13 qualifications, we're looking at
14 experience. We're looking at expertise,
15 and we're looking at staffing is a firm
16 built to do this, right?

17 MR. SOLEYMANZADEH: That's a factor.
18 Sure.

19 LEGISLATOR DAVIS: And it would be a
20 factor, especially when there is a case
21 that potentially could cost the County
22 eight digits of liability. Right?

23 MR. SOLEYMANZADEH: Sure.

24 LEGISLATOR DAVIS: So we've had
25 experience very recently in a particular

1
2 area where we have retained outside
3 counsel, and that area would be in the
4 area of wrongful convictions, right?

5 MR. SOLEYMANZADEH: What's your
6 question?

7 LEGISLATOR DAVIS: We have retained
8 outside counsel in a particular area
9 where there has been tremendous exposure
10 to high liability, and that would be in
11 the area of wrongful convictions. Right.

12 MR. SOLEYMANZADEH: You mean prior to
13 this?

14 LEGISLATOR DAVIS: Yes.

15 MR. SOLEYMANZADEH: I'm not familiar
16 with that.

17 LEGISLATOR DAVIS: Well, you are in
18 the County Attorney's Office, right?

19 MR. SOLEYMANZADEH: Right.

20 LEGISLATOR DAVIS: And are you not
21 familiar with the Restivo and Halstead
22 case?

23 MR. SOLEYMANZADEH: Quite honestly --

24 LEGISLATOR DAVIS: Okay. So I'm going
25 to tell you about it. So then you'll know

1
2 and everyone else who's listening to this
3 knows. Okay. So Restivo was a federal
4 case in 1983 case for a wrongful
5 conviction of two people. High liability
6 case where the County was held liable
7 with a verdict of \$36 million. And that
8 was in April of 2014. And after appeals
9 and after attorneys fees, that figure
10 came to \$43 million for the County. And
11 that was a wrongful conviction, a very
12 specialized area. And in that case, we
13 had an Attorney's Office, Lewis Johs, who
14 represented the County, and they have
15 between 100 and 150 attorneys and 5 to 8
16 offices.

17 MR. SOLEYMANZADEH: I'm very familiar
18 with the firm.

19 LEGISLATOR DAVIS: Okay. We got that
20 now. All right. So and with an office
21 like that, with the experience like that,
22 the County went into the hole for \$43
23 million despite having the requisite
24 experience, staffing and the like.

25 There's been another case that we

1
2 recently settled right here. And that
3 would be -- and by the way, that person
4 did 18 years in jail, both of them 18
5 years in jail. And the metric for cases
6 where there is a wrongful conviction is,
7 generally speaking, between 1 and 2
8 million per year of incarceration for
9 that individual 18 years in Restivo case.

10 Then we just settled Jackson v
11 Nassau. And we settled that in March of
12 2026. And the price tag on that case was
13 \$10 million. That case was handled by the
14 law firm of Wilson and Elser, a law firm
15 with 1470 attorneys with 40 offices, \$10
16 million.

17 Which brings us to the Ellis case.
18 And so, in case you're not aware or
19 anyone else isn't aware, what the Ellis
20 case is, the Ellis case is a case where
21 two people were charged with murder and
22 robbery, and they served over 30 years in
23 jail. And as a result of a review of this
24 case, the conviction was vacated. After
25 that conviction was vacated, in January

1
2 of 25. Mr. Ellis went to trial on the
3 murder and the robbery, and he was
4 acquitted of all charges in about an
5 hour. His codefendant this past May went
6 to trial and he was acquitted. The County
7 has now been served with a lawsuit for at
8 this point, and there's one coming, of
9 civil rights, wrongful conviction for 30
10 years in jail, with the potential
11 liability on the one case of between 1
12 and 2 million per year. And that case,
13 the Ellis case was vacated because a
14 police officer, the lead police officer
15 on this homicide, buried exculpatory
16 information that was only revealed by the
17 Conviction Review Unit. And that's where
18 we are right now.

19 CHAIRMAN KOPEL: Legislator Davis,
20 you're going a little bit too far here.

21 LEGISLATOR DAVIS: These are this
22 information is these are public. This is
23 public information.

24 CHAIRMAN KOPEL: I'm cautioning you
25 to be careful.

1
2 LEGISLATOR DAVIS: I will be
3 extraordinarily careful. These are public
4 facts. I'm not talking about anything
5 that is confidential in any way. These
6 are public --

7 CHAIRMAN KOPEL: You don't want to
8 suggest any liability or non liability on
9 any part either.

10 LEGISLATOR DAVIS: I'm talking about.

11 CHAIRMAN KOPEL: Defending the case.

12 LEGISLATOR DAVIS: I appreciate that,
13 thank you. So it now gets to where we are
14 right now.

15 We talked in the beginning about the
16 importance of exposure from the County
17 standpoint and liability from the
18 standpoint, from the standpoint, that
19 standpoint as well. And you have
20 somebody, if it doesn't work out, we
21 could be found liable in the tens of
22 millions of dollars. So you would agree
23 with me that we should put up the most
24 vigorous defense that we can. Right.

25 MR. SOLEYMANZADEH: Yes. I will be

1
2 sure to convey the level of pressure and
3 expectation to the counsel on this.

4 LEGISLATOR DAVIS: Well, it clearly
5 should, but now let's -- and you bring me
6 to my point. You have put before us the
7 Sheharyar Ali Law Group, as the person to
8 defend this potentially high liability
9 case. Now, are you aware that -- let's
10 just go through the resume, as it were,
11 of this attorney This attorney graduated
12 from law school in 2017. I have socks
13 older than that much experience that he
14 has.

15 When he graduated in 2017, he took a
16 job with the Kings County District
17 Attorney's Office, started in the fall of
18 2017. And from what I understand, he was
19 in the Grand Jury Bureau. He wasn't
20 litigating cases. He wasn't doing trials.
21 He was presenting cases to the grand
22 jury. And after he started, Covid hit in
23 March of 2019, and obviously, you know,
24 it went for two years.

25 After serving as a prosecutor, he

1
2 came over to the County Attorney's
3 Office. And, you know, as a member of the
4 County's Attorney's Office, you're not
5 putting anyone without any civil
6 experience in any heavy duty cases. And
7 he's been in that office from '21 or '22
8 and opened his office after leaving over
9 three years. He's been in private
10 practice for a year and a half. That's
11 the experience that we're talking about
12 defending the County with liability like
13 this.

14 And we talked about the number of
15 attorneys, the number of staff that will
16 be required to defend a case like this.
17 Well, according to his letter, he is the
18 only person in his firm. One person.

19 Now, that's one part of it. The
20 second part is this. Since he went into
21 practice, he has been awarded four
22 contracts with the County:

23 In November of 2025, he was awarded
24 a contract with Paul Moscatiello against
25 the County of Nassau for an excessive

1
2 force claim. Not a wrongful conviction
3 claim, and the amount of that contract
4 was \$45,000.

5 In April of 2026, he was awarded
6 another contract, Abdul Haq. And in that
7 contract, it was for \$175,000. Violation
8 of civil rights, not a wrongful
9 conviction.

10 April 13th, 2026, he was awarded
11 another contract for \$150,000 for a motor
12 vehicle accident involving a police
13 officer, not a wrongful conviction.

14 In June 15th of 2026, he was awarded
15 another contract, and that contract was
16 in the amount of \$330,000. And that was
17 regarding the death of an inmate, not a
18 wrongful conviction.

19 This case is a very specialized
20 case, and it involves wrongful conviction
21 with tremendous liability, which requires
22 -- if he's already doing four other cases
23 for the County and he's has the burden of
24 lifting something like this, and he
25 doesn't have staff and it's only him. I

1
2 don't really think that this is a good
3 idea to have this guy representing the
4 County when we have the most tremendous
5 exposure that we've ever had. It's not a
6 good idea.

7 I took the liberty of looking at his
8 website and on his website. There is no
9 staff. There are no partners. There are
10 no associates. The only person listed on
11 his website is him. And I would assure
12 you that every single member resident
13 here, If they had to defend themselves
14 personally, they're going to go to the
15 person or the firm that has the requisite
16 experience, expertise, staffing in order
17 to adequately do that.

18 MR. SOLEYMANZADEH: I might disagree
19 with that.

20 LEGISLATOR DAVIS: Fine. It doesn't
21 make sense that we have a solo
22 practitioner representing this county on
23 a matter with so much exposure. On our
24 list of cases of firms that that can
25 potentially represent us. We have huge

1
2 firms with vast experience in federal
3 litigation, 20, 30 years of litigation
4 experience. And in this instance, that's
5 what we need here. We don't need a solo
6 practitioner.

7 MR. SOLEYMANZADEH: So you want the
8 two large firms that result in a
9 multimillion dollar judgment against the
10 County to represent the County again?

11 LEGISLATOR DAVIS: What I want is a
12 firm that knows what they're doing and
13 has done it before.

14 MR. SOLEYMANZADEH: He's seven --

15 LEGISLATOR DAVIS: There is no --

16 MR. SOLEYMANZADEH: He's 7 and 0.

17 LEGISLATOR DAVIS: Okay. And I'll
18 talk to you about your 7 and 0, okay. So
19 I looked on his website and the first
20 case he had, it was it was defending an
21 individual who made a claim of medical
22 negligence. And the claim amount.

23 MR. SOLEYMANZADEH: Legislator Davis.

24 LEGISLATOR DAVIS: 300.

25 MR. SOLEYMANZADEH: Are you sure you

1
2 want to discuss the credibility of an
3 outside counsel on the record?

4 LEGISLATOR DAVIS: I'm talking to you
5 about him. I'm talking about him. And
6 you're telling me what he did. And I'm
7 going to give you the details of what he
8 did and what the point of it, the
9 takeaway of it is not one of those
10 claims, not one of those cases involves a
11 type of case that we're talking about
12 here, a wrongful conviction. And you're
13 painting this as he's got this experience
14 and he's 7 and 0; 0 and 0 on wrongful
15 convictions because he doesn't do them,
16 he hasn't done them. And that's my point.
17 And somebody with eight years of
18 experience, three in the DA's office, two
19 years of Covid, three years in County
20 Attorney's Office, is going to defend the
21 county on a multi-million dollar lawsuit.
22 And there's very likely there's going to
23 be another one coming. This makes zero
24 sense at all that we're doing something
25 like this.

1
2 MR. SOLEYMANZADEH: So, Legislator
3 Davis, I understand that as a more senior
4 attorney, that it might be in a more
5 senior attorney's position to say that
6 you should use a more senior attorney to
7 represent the County. I understand that
8 concept, having gone out on my own early
9 after law school. But I will tell you
10 something else, it's typically the
11 younger attorneys that are out, that are
12 hungrier and are more aggressive and are
13 out to establish their reputation and to
14 put in the.

15 LEGISLATOR DAVIS: I'm not interested
16 in him trying to get his reputation on
17 the backs of the County. I understand
18 that.

19 And let me just get back to what I
20 was saying on the cases that you're
21 talking about. Another case was a false
22 arrest excessive force case. Another case
23 was a person who claimed to be a
24 sovereign citizen and that they weren't.
25 They didn't. The Constitution didn't

1
2 apply to them. He won that one.

3 Congratulations.

4 Another one was excessive force by
5 the Sheriff and Corrections department.
6 Another one was where an inmate was
7 stabbed in corrections. None of those
8 cases have anything to do with a wrongful
9 conviction, and especially with the
10 magnitude, the magnitude of something
11 like this. And I think it's absolute
12 malfeasance and malpractice for us to
13 take a sole practitioner who's already
14 been afforded four other cases in the
15 last year or so, and then you add this to
16 his roster with the depth of experience,
17 there's no indication that he's ever had
18 it, the staff that is required to do
19 something like this, that we're going to
20 put him in a position like this. So I am
21 asking all of my colleagues here in the
22 legislature to really consider, really
23 evaluate the details of what we're doing
24 here. And I insist we there is no
25 compelling reason at all that we should

do this. And the answer is no.

LEGISLATOR DRUCKER: Presiding
Officer.

CHAIRMAN KOPEL: No, no, no, no.
Legislator Giuffre is next.

LEGISLATOR DRUCKER: I want to make a
motion.

CHAIRMAN KOPEL: I'll make a motion.

LEGISLATOR DRUCKER: I'll make a
motion to table this item to give this
County, the County Attorney's Office
another opportunity to reconsider this
and to come back to us again with a
better opportunity, better choice.

MINORITY LEADER DERIGGI-WHITTON: I
second.

CHAIRMAN KOPEL: Okay. Motion has
been made and seconded. There's no debate
or discussion on a motion to table.

All those in favor of tabling the
item, say aye.

MINORITY LEADER DERIGGI-WHITTON:
Aye.

LEGISLATOR DAVIS: Aye.

CHAIRMAN KOPEL: All those who are
opposed?

CHAIRMAN KOPEL: Nay.

LEGISLATOR MCKEVITT: Nay.

LEGISLATOR KENNEDY: Nay.

LEGISLATOR GIUFFRE: Nay.

CHAIRMAN KOPEL: So the motion is
defeated; 4 to 3.

Legislator Giuffre.

LEGISLATOR GIUFFRE: Well. This was
an impassioned argument that you've made,
Legislator Davis. And while I respect
your passion, I do take exception to
your. Discussion of solo practitioners.
As somebody who started out in the
basement of my house, I can tell you that
being able to handle 3 or 4 complex cases
is not beyond the ability of a solo
practitioner. And while I do not know the
litigation history involving the cases
that Mr. Ali has handled, I do know that
he has extensive experience with section
1983 work because he oversaw a number of

1
2 those as the Bureau chief at the County
3 Attorney's Office.

4 Now, on his own, I can't I can't say
5 that I know what his experience has been,
6 but I also know that he has had 3 or 4
7 defendants verdicts, including in federal
8 court in Brooklyn where I do believe he
9 has somewhat of a reputation.

10 While I understand your concern, I
11 don't think it's fair to say. Well, he's
12 a sole practitioner, so he can't do it. I
13 think that these cases are able to be
14 handled by solo practitioners. I think
15 it's the level of experience, trial
16 skills that are involved. And I think
17 it's also the reputation that the
18 attorney has acquired with the
19 Plaintiff's Bar in these types of cases
20 that also go into it.

21 The other thing is also, I know this
22 may come as a shock to many people, but
23 every once in a while cases are actually
24 won on their merits, regardless of the
25 lawyers and the firms that you cited

1
2 earlier, Wilson Elser, Lewis Johs, very
3 reputable firms who you pointed out had
4 lost cases that they had tried for Nassau
5 County. And I don't think that that's
6 necessarily a slur on their reputation as
7 much as it might be the strength of the
8 case that was against us, perhaps.

9 So but you know this is a lawyer
10 that has extensive litigation experience
11 and knows what it's like to take a
12 verdict because he's seen them up close
13 and has won. So.

14 LEGISLATOR DAVIS: Respectfully, as
15 you know, I'm an attorney as well, and
16 I'm very familiar with what it's like to
17 practice solo. That's really not my point
18 here. I took the time to actually look
19 into this case and into the granular
20 details of this case. And this is not a
21 very simple case.

22 LEGISLATOR GIUFFRE: Maybe it's
23 something we should reserve for executive
24 session.

25 LEGISLATOR DAVIS: No, I'm not going

1
2 to get into the details of it. That's not
3 what I'm saying. But based on what I've
4 seen, it would seem to me that the county
5 would be better suited with a firm that
6 has the adequate resources. Let's just
7 take experience and throw it in the
8 garbage can for a minute, just purely
9 from a resource and staffing standpoint,
10 this the liability on this case is off
11 the charts. And it could also create a
12 very poor precedent because in my
13 estimation, there's going to be another
14 case just like this that follows.

15 And so for me, this is not personal.
16 I'm just looking at it just as a
17 fiduciary. And I believe as a fiduciary,
18 we need to do our job and make sure we're
19 putting forth the best defense. And in my
20 review of the firm and my review of this
21 case, review of the potential liability,
22 and there's some bad facts here. I think
23 this is not the right fit. And so that's
24 why I'm making and certainly not
25 besmirching a solo practitioner. I get

1
2 it. And you can do great great work. Any
3 solo protection again. But this is just
4 not the right fit.

5 CHAIRMAN KOPEL: I sense that you're
6 not going to vote for these things. I
7 think -- so why don't we just vote on
8 this one item separately at this point
9 and get that out of the way? It won't be
10 on the Consent Calendar later.

11 All those in favor of this item,
12 please say aye.

13 CHAIRMAN KOPEL: Aye.

14 LEGISLATOR MCKEVITT: Aye.

15 LEGISLATOR GIUFFRE: Aye.

16 LEGISLATOR KENNEDY: Aye.

17 CHAIRMAN KOPEL: Opposed.

18 MINORITY LEADER DERIGGI-WHITTON:
19 Nay.

20 LEGISLATOR DRUCKER: Nay.

21 LEGISLATOR DAVIS: Nay.

22 CHAIRMAN KOPEL: Okay, so that item
23 is 4 to 3, and we move on.

24 MR. SOLEYMANZADEH: Next is E 85 with
25 the law firm of Goldberg Segalla. This is

1
2 venue in the northern District of New
3 York. Federal case. It's the New York
4 State Rifle and Pistol Association versus
5 a number of different defendants, Nassau
6 County being one of them.

7 The County had initially put in an
8 answer in this case. We currently don't
9 have an attorney that's admitted in the
10 Northern District of New York. The
11 attorney that was admitted that
12 submitted, the answer is no longer with
13 us, and we've decided to send this out to
14 outside counsel.

15 CHAIRMAN KOPEL: Questions?

16 (Whereupon, no response.)

17 CHAIRMAN KOPEL: Okay. Thank you.
18 Okay.

19 MINORITY LEADER DERIGGI-WHITTON: I
20 just have a couple questions.

21 CHAIRMAN KOPEL: About what?

22 MINORITY LEADER DERIGGI-WHITTON: On
23 this last one.

24 CHAIRMAN KOPEL: Oh, yeah.

25 MINORITY LEADER DERIGGI-WHITTON:

Sorry. I was just distracted.

CHAIRMAN KOPEL: You almost made it.

MR. SOLEYMANZADEH: It's okay.

MINORITY LEADER DERIGGI-WHITTON: How
are you?

MR. SOLEYMANZADEH: Good.

MINORITY LEADER DERIGGI-WHITTON:
Okay. We just we just had And I know we
have to be careful, but I'm not 100% sure
why the County is involved with this
case. Why we are part of this.

MR. SOLEYMANZADEH: Well, we're a
part of it because the plaintiffs chose
to name us as a defendant. Whether
there's merit to us being in the case or
not is something that's left up to motion
practice. And I think there's a motion
pending right now for summary judgment in
the case. It's a case involving the
constitutionality of the Concealed Carry
Improvement Act that was passed in July
of 2022. To be quite frank, I'm not
exactly sure what the specific causes of
action are against Nassau County or our

commissioner.

MINORITY LEADER DERIGGI-WHITTON:

Yeah, neither are we. Who made the motion of summary judgment?

MR. SOLEYMANZADEH: I believe that there are the first named defendant might have made that motion and it was submitted. Our counsel, I believe, submitted in May of this past year, and further papers, I think, need to be submitted on the motion. It's not fully submitted.

MINORITY LEADER DERIGGI-WHITTON: Why don't we just wait and see what the motion says before -- I mean, I know it's only \$66,000, but that's still a lot of money to most of us taxpayers. Like, why don't we just wait and see what the results of the motion is before we give an outside counsel \$66,000 now and then possibly more?

MR. SOLEYMANZADEH: Well, you have to appear in court and you need an attorney in the Northern District that's admitted

to appear in the case. Plus --

MINORITY LEADER DERIGGI-WHITTON:

Well, there's a motion being held.

MR. SOLEYMANZADEH: Yeah, but I don't know whose motion that is. And if we and I believe our counsel has submitted in that motion.

MINORITY LEADER DERIGGI-WHITTON:

This attorney.

MR. SOLEYMANZADEH: Yes.

MINORITY LEADER DERIGGI-WHITTON: So they're doing the work prior to correct before us, as usual.

MR. SOLEYMANZADEH: Correct. Because it would be malpractice not to appear in court and handle a matter and wait for the Legislature to make a decision on a case.

MINORITY LEADER DERIGGI-WHITTON: I know, but we haven't. You know, it's been a while. I mean, again, I, I just think that it's very vague as to why we're there. And if there's a motion pending. I mean, if it's this attorney that's

1
2 already doing the work, you've already
3 made that decision. You don't need us for
4 this.

5 MR. SOLEYMANZADEH: Yes. That
6 decision was already made, correct.

7 MINORITY LEADER DERIGGI-WHITTON:
8 Yeah. Well, you're supposed to be able to
9 come before us and we're here all the
10 time. You know I'm here. We're all here,
11 right? There's no reason not to come to
12 us before you start practice, start
13 practicing on your own. I mean, unless
14 you don't want us to pay for it.

15 MR. SOLEYMANZADEH: You voted no on
16 every single outside counsel that I
17 presented so far in the last three
18 months.

19 MINORITY LEADER DERIGGI-WHITTON:
20 100%, no. There are times that I
21 absolutely believe, and I'm not going to
22 get back and forth as to whether or not
23 law firms have enough people working on
24 them to do the research. I mean, I have a
25 a minor amount of law firm background

1
2 from after college. And I know what kind
3 of research goes into things and how many
4 paralegals and how many, you know, we all
5 know how much research is needed not to
6 bring back the last case that but the
7 bottom line is there are times when we
8 need law firms. But if you go ahead and
9 hire someone and you already pay them and
10 already you know, have them representing
11 you, it's a risk because there, there
12 might be a day where we don't pay for it,
13 you know, and if you're assuming that
14 we're going to, that's a mistake. Howard.
15 We got to pull this one out too.

16 CHAIRMAN KOPEL: All right. We're
17 going to vote. Apparently this won't be
18 on the Consent Calendar Either. Okay. E
19 85 Goldberg.

20 All those in favor of this item,
21 please say aye.

22 CHAIRMAN KOPEL: Aye.

23 LEGISLATOR MCKEVITT: Aye.

24 Now on the Addendum, the first

And on the second Addendum is 196.

CHAIRMAN KOPEL: Okay. Those items
are unanimous.

Motion to adjourn by Deputy
Presiding Officer McDevitt, seconded by
Minority Leader DeRiggi-Whitton.

All in favor to adjourn, signify by
saying aye.

(Whereupon, all members
respond in favor.)

CHAIRMAN KOPEL: Opposed?

(Whereupon, no response.)

CHAIRMAN KOPEL: Rules is adjourned.
