MICHAEL PULITZER

Clerk of the Legislature

CHAIRMAN MULLANEY: At this time, I will ask Mr. Pulitzer to call the Public Safety Committee to order.

CLERK PULITZER: Legislator Rose Marie Walker.

LEGISLATOR WALKER: Here.

CLERK PULITZER: Vice Chairman Scott Strauss?

LEGISLATOR STRAUSS: Present.

CLERK PULITZER: Mazi Pilip?

LEGISLATOR PILIP: Here.

CLERK PULITZER: Legislator Michael Giangregorio.

LEGISLATOR GIANGREGORIO: Here.

CLERK PULITZER: Ranking Member Scott Davis?

LEGISLATOR DAVIS: Present.

CLERK PULITZER: Legislator Debra Mule?

LEGISLATOR MULE: Here.

CLERK PULITZER: Cynthia Nunez?

LEGISLATOR NUNEZ: Here.

CLERK PULITZER: We have a quorum.

LEGISLATOR STRAUSS: Thank you.

LEGISLATOR STRAUSS: Thank you.

First, we have a motion to suspend the Rules.

Move by Legislator Walker and seconded by Legislator Mule.

All in favor of suspending the Rules, signify by saying aye.

(Whereupon, all members respond in favor.)

LEGISLATOR STRAUSS: Any opposed?

(Whereupon, no response.)

LEGISLATOR STRAUSS: The Rules are suspended.

There are three items on the addendum, which are Clerk Items 176-26; 178-26, and 179-26.

Clerk Item 178-26 is a resolution to establish a Blue Envelope Program in Nassau County. This was introduced by Alternate Deputy Presiding Officer Michael Giangregorio and Legislator Patrick Mullaney and co-sponsored by the Majority Caucus.

May I have a motion? Moved by

Legislator Walker, seconded by Legislator Strauss.

LEGISLATOR STRAUSS: The item is before us.

Before turning it over to the Administration, Legislator Michael Giangregorio, one of the producers of this resolution, would like to make a few remarks.

LEGISLATOR GIANGREGORIO: Thank you, Legislator Strauss.

Today, I'm proud to introduce this legislation, along with Legislator Mullaney and our co-sponsors. It's a resolution to establish a Blue Envelope Program in Nassau County. This Common sense initiative will provide blue envelopes and blue seat belt sleeves to neurodivergent drivers and families or caregivers with neurodivergent passengers. With the goal of easing high stress interaction, traffic stops, and accidents, these simple visual tools will give first responders clear, immediate

cues that additional patients clear communication and understanding may be needed.

Under the proposed legislation. The Nassau County Police Department would provide blue envelopes to hold a driver's license, registration card and any other important information. It will include easy to follow instructions for both the drivers and the first responding officers to help facilitate calm, effective interactions during the stop. They will distribute blue seatbelt sleeves that will provide immediate visual indicators to first responders that a driver or passenger may be neurodivergent, and they will make all blue envelope program materials available free of charge at every Nassau County Police department or precinct or by mail.

As the father of a son who is neurodivergent, it is my hope and that of our sponsors that we can support our police and first responders and better

prepare them, and that we can help reduce misunderstandings, prevent unnecessary escalations, and hopefully avoid a tragedy.

Since this law is a legislative initiative and subject to consideration of the full legislature on July 27th, we do not have anyone here from the administration to speak. As we have in the past, I would ask if members of this committee have questions or concerns, can they please place them on the record here? To the extent we can address those questions, we will. Otherwise, we will make sure that they addressed prior to the vote on July 27th. And I ask for the support of my colleagues on this initiative. Thank you.

LEGISLATOR STRAUSS: Thank you.
Legislator.

I just want for clarification, this is Clerk Item 176-26.

Any debate or discussion?

Legislator Mule?

LEGISLATOR MULE: Yes. I mean, any legislation that can be brought forward that can reduce the possibility of a bad outcome is certainly a good thing. So I just have a couple questions about the the details of this.

The first is, is this a completely voluntary program? As an individual, you would say, I would like a blue envelope. How does that work?

LEGISLATOR GIANREGORIO: Yes.

LEGISLATOR MULE: Okay, great. And will the police be receiving some additional training so that they know they understand what a blue envelope means?

LEGISLATOR GIANREGORIO: Yes. The Commissioner is on board with this.

LEGISLATOR MULE: Great. Do we still have state troopers patrolling any of our roads here in Nassau County?

LEGISLATOR GIANREGORIO: They patrol the parkways.

LEGISLATOR MULE: Yeah, that's what I

thought. So will they also be receiving this the information?

LEGISLATOR GIANREGORIO: We have to confirm that.

LEGISLATOR MULE: Okay. I think that would be a good idea then. Then you have additional people on board and --

LEGISLATOR GIANREGORIO: The State Sheriff's Office had this initiative. I'm not sure of their rollout about this.

LEGISLATOR MULE: Okay. All right. Thank you. So same also with village and city police. Can you please make sure that they all get receive this information?

LEGISLATOR GIANREGORIO: Yes, absolutely. It would not help unless everyone shares.

LEGISLATOR MULE: Correct. Yeah. Yeah. So that's great. Thank you.

LEGISLATOR NUNEZ: Thank you. I also think that this is a great program. And any program that we can bring in that can help bring awareness and reduce potential

conflict is always something that we should look to increase. So thank you for this.

My one question is you said that the Nassau County police departments will provide this free of cost whenever requested. How are they getting the funding for this? And I want to make sure that it's not something that we're doing now, and it's not built in longevity so that they can continue to get that funding.

LEGISLATOR GIANREGORIO: It's not really an expensive program. It's a matter of purchasing the envelopes and the seat straps. So it's not a big ask as far as budgetary constraints.

LEGISLATOR NUNEZ: Do you know what the cost is?

LEGISLATOR GIANREGORIO: I think they're out for bid actually for the materials. So I'm not sure yet.

LEGISLATOR NUNEZ: Okay. If you can share that because I would love to make

sure that this continues --

LEGISLATOR GIANREGORIO: Absolutely.

LEGISLATOR NUNEZ: And it gets factored in, although it may be a nominal amount in comparison to some of the other things that we've passed here today, it is an extremely important amount. And I think it's important that we know what that number is, so that we can properly make sure we have that space going forward.

LEGISLATOR GIANREGORIO: Sure, we'll get that information.

LEGISLATOR NUNEZ: Thank you.

LEGISLATOR STRAUSS: Legislator Davis.

LEGISLATOR DAVIS: I know that there are sometimes there are tools that police officers can keep in their car, not tools, but like, as an example, when they're encountering somebody in this situation where like they'll have a headset or tools like that. Has there been any consideration of adding that as

a component of something like this?

LEGISLATOR GIANREGORIO: Well, the first part of this program is to make sure that the police are aware of what they're dealing with, and then the Commissioner will put in place what's necessary. And to speak from a father's perspective, I know if a police officer was to stop my car traveling and he bangs on the rear window, my son will not follow instructions. So by notifying that police officer immediately with his shoulder strap sash, police officer will recognize that there is something that has to happen here differently, and then they will be given the tools to deal with that. The police officers will be given the tools, and the driver will be given the tools of what's required of them to give the information to the police department. So like many people with a neurodivergent disorder they can practice, which is is key.

LEGISLATOR STRAUSS: Thank you. And

one other comment. I believe this is also going out to the fire departments just for awareness. Should they come upon an accident or some other type of motor vehicle issue that has someone of this nature in it.

Any other debate or discussion?

LEGISLATOR NUNEZ: Yes. I have one more question. Thank you.

In that same vein with with the seat belt strap, is it only for drivers or can it be for passenger as well?

LEGISLATOR GIANREGORIO: No, it's for the passenger. If the driver is neurodivergent, the driver can place it or they will be put on the passenger. It's for the person that has the neurodivergent disorder.

LEGISLATOR NUNEZ: Thank you. I think that's important.

LEGISLATOR GIANREGORIO: The most important of this thing, from my perspective, because my son won't drive, but I know many individuals with

neurodivergent disorder that do, and this will obviously help them because when they get stopped by a police officer, it's a frightening experience. It's a frightening experience to all of us. But if you have a neurodivergent disorder, It can become even more frightening. And when we talked about this piece of legislation, we wanted to make sure that we're protecting the driver and a passenger who was neurodivergent.

LEGISLATOR NUNEZ: Thank you. That was my question, is making sure that the passenger also can benefit from this awareness so that the individual law enforcement officer who is approaching the vehicle can see not just from a driver's perspective, but from passengers in the car as well. So thank you. Thank you.

LEGISLATOR STRAUSS: Great. Thank you. Any other comment?

LEGISLATOR MULE: Yeah, I do have one more question.

So we talked about firefighters. We talked about police officers. Does it include EMTs? You know, all first responders.

LEGISLATOR GIANREGORIO: All first responders.

LEGISLATOR MULE: Thank you.

LEGISLATOR STRAUSS: Legislator Walker.

LEGISLATOR WALKER: I would think and I would hope once this moves forward, that we work with with our school personnel and many other organizations to know this is available to get that word out for parents to be able to that have a child possibly in this situation or another family member to be able to get that information out. And they can be aware of all this and, and certainly get those blue envelopes and the shoulder straps if they are needed.

LEGISLATOR STRAUSS: Thank you. Legislature. Obviously, the more information we get out to those who

interact with neurodivergent people, the better. So this is a great program.

All those in favor of passing this item, please signify by saying aye.

(Whereupon, all members respond in favor.)

LEGISLATOR STRAUSS: Any opposed?

(Whereupon, no response.)

LEGISLATOR STRAUSS: The item passes unanimously.

LEGISLATOR STRAUSS: Clerk Item 178-26 is an ordinance supplemental to the annual Appropriation Ordinance in connection with the Police Department.

May I have a motion? Moved by Legislator Pilip, seconded by Legislator Davis.

This item is before us. Is there anyone from the Administration to speak about this item?

DEPUTY CHIEF PALAZZOLO: Good afternoon, Deputy Chief Janine Palazzolo, Nassau County Police Department.

Item 178. This is for two supplemental appropriations. The first is for \$100,000 and the second is for 68,000. Funds are received from the Police Department from the District Attorney's Office as a result of successful forfeiture actions. Expenditure. Expenditure of these funds will enhance law enforcement efforts and the investigation of these cases. This. This supplemental appropriation will have

no net impact on the budget.

LEGISLATOR STRAUSS: Thank you,
Chief.

Any debate or discussion? Legislator
Mule.

LEGISLATOR MULE: Yeah. In our
information it says 680,000. Is it that
or is it 68,000.

DEPUTY CHIEF PALAZZOLO: 680,000.

LEGISLATOR MULE: Thank you.

LEGISLATOR STRAUSS: Any other
comments, discussion or debate.

(Whereupon, no response.)

LEGISLATOR STRAUSS: Thank you,
Chief.

DEPUTY CHIEF PALAZZOLO: Thank you.

LEGISLATOR STRAUSS: All those in
favor of passing this item, please
signify by saying aye.

(Whereupon, no response.)

LEGISLATOR STRUASS: Any opposed?

(Whereupon, no response.)

LEGISLATOR STRAUSS: The item passes
unanimously.

LEGISLATOR STRAUSS: Clerk Item 179-26 is an ordinance supplemental to the annual Appropriation ordinance in connection with the Correctional Center.

May I have a motion? Moved by Legislator Walker, seconded by Legislator Nunez.

The item is before us. Is there anyone from the Administration to speak on this item?

CAPTAIN BRIAN DOYLE: Good afternoon, Captain Brian Doyle, Nassau County Sheriff's Department.

The item before you, Item 179-26, is a supplemental appropriation for the Corrections Center. This item appropriates \$48,987 in asset forfeiture funds received from the Federal Drug Enforcement Agency deposited with the County Treasurer. The amount and timing for receipt of these funds is dependent upon the amount of the seizure, as well as the completion of pending

investigations and subsequent convictions. The funds will be used towards law enforcement, equipment purchases and training. There'll be no impact to the budget. Any questions?

LEGISLATOR STRAUSS: Any debate or discussion?

(Whereupon, no response.)

LEGISLATOR STRAUSS: Thank you.

All those in favor of passing this item, please signify by saying aye.

(Whereupon, all members respond in favor.)

LEGISLATOR STRAUSS: Any opposed?

(Whereupon, no response.)

LEGISLATOR STRAUSS: This item passes unanimously.

There is no other business in front of this committee.

May I have a motion to adjourn?

Moved by Legislator Walker, seconded by Legislator Giangregorio.

All those in favor?

(Whereupon, all members

respond in favor.)

ACTING CHAIRMAN STRUASS: This
committee is now adjourned.

Turn it over to Public Works.

(Whereupon, meeting is
adjourned, 2:34 p.m.)
