Dear Fellow Residents:

I am pleased to provide the Annual Report of the Nassau County Clerk's Office for fiscal year 2017.

Created by the New York State Constitution, the Nassau County Clerk's Office acts as agent for the state and is part of the New York State Unified Court System serving as the Clerk of Supreme and County Courts. The office has unique duties dictated by legal statutes pertaining to processing and indexing all real property ownership records dating back to 1899, as well as filing and maintaining court records. Every record must be reviewed for statutory compliance and is required to be retained in perpetuity. In addition, the County Clerk is responsible for safeguarding vital historic records of the County including the storage and retrieval of records belonging to many county departments.

While one of the most public offices in Nassau County government the matters handled by the Clerk's Office are of a personal nature to the hundreds of residents who utilize our services daily. My dedicated staff assist residents, legal professionals, other governmental agencies, court staff and the judiciary with numerous services including: court filings, name change orders, small claims assessment review petitions (SCAR), deeds, mortgages, mortgage satisfactions, real property maps, judgments and liens, business certificates, notary public requests, passports, and veteran's discharge filings. Accordingly, the County Clerk exercises a non-delegable fiduciary duty as collection agent for the funds generated by these services on behalf of other taxing jurisdictions, including New York State and the Unified Court System.

In 2017 the County Clerk's Office processed over 676,000 transactions equating to more than 2,600 on the public's behalf each business day, totaling over \$250 million in receipts and disbursements. Included in these transactions was substantial expansion and growth of e-recording of land documents, e-filing of court records and other electronic filing interfaces, creating greater efficiencies and streamlined services.

The Clerk's Office continues to build upon recent technology upgrades adding enhanced features to our electronic document database and imaging system including expansion of documents available online. The electronic filing of court and land records saw significant gains in 2017 and new electronic interfaces were added to create paperless filings with outside agencies. There were investments made into the offices infrastructure modernizing areas to create greater efficiencies and we have instituted new financial systems. I am proud of our community outreach enabling residents to easily access County Clerk services, a top priority throughout my administration, through our mobile office initiatives.

The Clerk's Office continues to meet its objectives by providing real time recording of documents through implementation of new technologies, responsive constituent services, operational efficiency, document preservation and personal privacy protection to best serve the public.

During my tenure as County Clerk, I consistently perform my prescribed Constitutional, fiduciary and statutory obligations for the residents of Nassau County and New York State through the efficient allocation of the resources provided by the County. My office remains committed to providing the optimum level of service the residents of Nassau County deserve.

Very truly yours,

MAUREEN O'CONNELL
Nassau County Clerk

COUNTY CLERK DEPARTMENTS

ADMINISTRATION

The Administration is responsible for planning and directing all phases of the Clerk's Office operations. It processes and maintains all personnel and payroll records, prepares the budget, effectuates purchases and expenditures, provides public information, community outreach, constituent services and acts as liaison for inter-governmental affairs.

ACCOUNTING

The Accounting Department is responsible for all accounting operations, including daily reconciliation of all accounts and maintenance of general ledgers and journals. It is responsible for depositing and remitting all fees and taxes collected by the County Clerk. This department verifies that accurate mortgage tax is collected and remitted to the appropriate entity on every mortgage recorded in accordance with Tax Law, Article II, §§250-267. Court related filing fees, business and other filings fees are collected and remitted to the proper entities in accordance with applicable law. The division electronically deposits approximately 108,900 checks annually through a remote on site processor.

COURT DOCUMENT ROOM

The County Clerk is the Clerk of the Supreme and County Courts and maintains all court files for civil and criminal matters including matrimonial files, tax certioraris and Criminal Court minutes received from attorneys, parties, courts, and process servers. The public is able to view on-site most Supreme Court documents. The Clerk's Minutes, a listing of various documents filed by index number, is available on site via a public access database. Court requisitions, subpoena responses, certified copies, requests by mail, are also processed by this department.

COURT RECORDING

In accordance with the CPLR, this department indexes and maintains all court actions received from Supreme and County Courts. It also processes all subsequent pleadings and papers, including decisions, Judgments of Divorce, stipulations, orders, judgments, transfer orders, commissions to committee, and other court documents. Electronic Filing has been expanded to mandatory on most case types as allowed by statute.

LAND RECORDING DEPARTMENT

This Department's operations are in compliance with numerous sections of the Real Property Law. Its functions include recording deeds, mortgages, mortgage assignments, mortgage satisfactions, easements, covenants, powers of attorneys, etc. This department also records liens, lis pendens, notices of violation, and real estate broker affidavits of entitlement to commission to be filed against real property. Recording fees and taxes are collected as required by law.

LAND RECORDS

The County Clerk is responsible for maintaining a Land Records registry, including the archival records of mortgages, deeds and maps dating back to 1899. Over the years, this registry was maintained in various media formats, and since 1992, on the Clerk's electronic database. Public access computer terminals allow access to the electronic database for searching and printing of land records. All media document a property's genealogy and all instruments are available for public viewing. This department is also responsible for maintaining real property subdivision and highway maps, which currently total in excess of 12,000 maps. As the Clerk's Office most publicly visited department, it handles hundreds of inquiries daily assisting residents, professionals, other county agencies and municipalities in locating documents.

LICENSING & RECEIVING

This department files judgments and several types of court documents including liens, separation agreements, Family Court Orders and Notices of Violations, lis pendens, confessions of judgment, and judgments of foreclosure. All judgments and liens are verified and quality controlled to ensure the accuracy of the public record.

- **Licensing** - This division accepts for filing several federal, state and county licenses and certificates, records Certificates of Release or Discharges from Active Duty (DD-214), provides certified copies thereof, issues Veterans Peddler's Licenses, records Firefighter Exemption certificates, and maintains Naturalization records from 1899 to 1987.
- **Business Names** - This division records and maintains all filings relative to business certificates, corporations, assumed business names (DBA), and religious corporations.
- **Notary** - The Notary division handles notary renewals on behalf of New York State, maintains notary signature cards for every notary qualified in Nassau County and authenticates notary signatures. On-site notaries are also available to notarize signatures.
- **Passports** - The County Clerk acts as an agent for the United States Passport Service and processes passports.

MICROGRAPHICS & IMAGING

Microfilms and digitizes paper records that become permanent instruments and part of Nassau County's history. The records include: land instruments, judgments, Uniform Commercial Code filings, Business Name filings and other Receiving Department documents.

RECORD MANAGEMENT CENTER

The Records Management Center for Nassau County is located in Westbury, and is under the purview of the County Clerk's Office. The department maintains millions of inactive Court files and county records from 54 county agencies. The goal of this Department is to provide a secure storage facility for County Government and Court records, while ensuring the timely retrieval of those records and proper disposal of records that reach the end of their legally prescribed retention period.

INITIATIVES

TECHNOLOGY ENHANCEMENTS

The Nassau County Clerk has continued to expand on the upgraded electronic document management system. This system maintains the County Clerk index and document images, offering online access to various records. Additional document types have been added to the website providing residents and professionals greater access to County Clerk records remotely at no additional cost, which include most documents needed for a title search. This further advances one of the Clerk's main priorities allowing ease of access to the office.

INFRASTRUCTURE IMPROVEMENTS

In 2017, the Nassau County Clerk upgraded a number of infrastructure improvements creating greater efficiencies for both the Clerk's staff and the public they serve. High density shelving was installed to accommodate court records allowing for shorter retrieval times. Microfilm storage was updated improving employee productivity and reducing customer request response time. At the Clerk's archival record center, high density shelving was installed increasing storage capacity and modernizing operations while improving efficiencies.

Also in 2017, the County Clerk secured capital funds to modernize the overall infrastructure including office reconfigurations, upgraded office fixtures and up-to-date facility systems. These advances will greatly improve the work environment for the Clerk's dedicated staff who in turn serve the hundreds of residents who interact with the office on a daily basis. Work is scheduled to begin in 2018.

ELECTRONIC DOCUMENT PROCESSING

The Nassau County Clerk continues to partner with the Unified Court System and in 2017 initiated the largest expansion of the New York State Courts Electronic Filing (NYSCEF) system in Nassau County to date, which provides electronic filings of various court documents for cases in Nassau's Supreme Court. E-filing now accounts for 75% of new court cases filed resulting in efficient processing and handling of filings between the Clerk's Office, Supreme Court and civil litigants. Since court records have a permanent retention period, the NYSCEF system allows the County Clerk's Office to efficiently file, store, maintain and retrieve court files creating a paperless system.

The electronic recording of records pertaining to the ownership of real property in Nassau has also increased significantly through the County Clerk's Office. More than half of the land recordings are processed in this way. Documents presented for e-recording eliminate the need for original papers to be sent and processed through the Clerk's Office creating a streamlined and efficient interface.

Working with the Nassau County Traffic and Parking Violations Agency (TPVA), the County Clerk's Office has created an interface for the complete electronic transfer of judgments issued by TPVA. This replaces paper filings that had to be manually entered into the Clerk's database, scanned and quality controlled by staff.

DOCUMENT CONVERSION

The Nassau County Clerk's office was awarded a New York State Archives Grant in 2017 to convert paper separation agreements to the Clerk's centralized electronic database. These court records are scanned and indexed into the database making them easily accessible to staff while also preserving these records for permanent retention. The Clerk's office continually pursues grant opportunities to assist with various projects to enhance the office's operations.

Capital funds were secured to backfill real property records that predate the Clerk's electronic database system. This funding will allow the Clerk's office to convert a portion of paper records to an electronic format eliminating the need to access older original records. Converting these records will create efficient access for staff and ease of access for the public. Once converted the records will be available in-house as well as online on the Clerk's website.

FINANCIAL SYSTEMS

The Nassau County Clerk continues to utilize modern technology to improve efficiencies and provide enhanced services. In 2017, an electronic check depositing system was installed in the Accounting Division. This system processes more than 12,000 checks annually onsite and electronically deposits the funds with the Clerk's banking institution thereby eliminating the need for check deposits to be manually prepared and delivered to the banking branch.

Also in 2017, the Clerk's office Accounting Division completed an RFP for banking services. This resulted in a tripling of the interest rate earned on the Clerk's accounts. The selected banking institution provides all modern day services while also ensuring all public funds are safeguarded on behalf of the county taxpayers. These services have allowed the Accounting Division to improve efficiencies while maintaining the proper checks and balances.

COMMUNITY OUTREACH

The County Clerk is continually developing opportunities to better serve the residents of Nassau County by bringing the services of the office to the public and creating ease of access which remains a top priority for the County Clerk.

The County Clerk maintains an active schedule of mobile office operations bringing the Clerk's Office directly to residents within their community. Many of the vital transactions conducted at the Clerk's Office can be done for the public at these mobile office events which are held at various locations throughout Nassau County.

With the expansion of technology in the Clerk's Office and recent launch of the Clerk's online records access, the County Clerk implemented training classes for the public. These classes instruct residents how to navigate and utilize the website, enabling them to conduct business with the Clerk's office without leaving their home. These classes are held at various locations throughout the county.

The County Clerk has continued to offer extended office hours at our Mineola location on Tuesday evenings. This provides residents the opportunity to access Clerk's Office services outside normal business hours to accommodate the busy schedules of day to day life.

The County Clerk remains committed to enhancing the level of service provided to the public in an accessible and efficient manner.
