For any questions, please contact (516) 802-4405

As a veteran, you have valuable skills and experience. We'd like to help you translate them to the civilian workplace as well as introduce you to a wide variety of exciting careers. That's why we developed Barracks to Business: Translating Military Skills into Careers Success Workshops.

We're excited to be able to partner with the Cradle of Aviation Museum in presenting this important workshop to you. Join us and meet Lyndon Chichester, retired Air Force Staff Sergeant and Northwell Health's new Veteran Program Specialist.

Through our Barracks to Business Workshop, you'll learn how to effectively communicate the skills you developed during your service – leadership, discipline, flexibility, organization and change management – into a great civilian career. We'll work with you to craft a winning resume and interview like a pro. You'll also learn more about Northwell Health and the great careers we have throughout our extensive health system. Let's work together to make your transition from the military to the civilian workforce a rewarding one.
