Army Corps announces September 2017 public meetings for the Nassau County Back Bays, NY Coastal Storm Risk Management Feasibility Study

The U.S. Army Corps of Engineers (USACE) New York District, New York State Department of Environmental Conservation (NYSDEC), and Nassau County invite the public to a series of public meetings about the Nassau County Back Bays, NY Coastal Storm Risk Management Feasibility Study. The meetings will be held on:

Monday, September 18th, 2017
Long Beach City Hall
1 West Chester Street, Long Beach, NY 11561
Poster session: 6:00 pm - 6:30 pm
Presentation and Q&A: 6:30 pm - 7:30 pm

Tuesday, September 19th, 2017
Woodmere Middle School
1170 Peninsula Boulevard, Hewlett, NY 11557
Poster session: 6:00 pm - 6:30 pm
Presentation and Q&A: 6:30 pm - 7:30 pm

The purpose of the Nassau County Back Bays feasibility study is to investigate potential solutions to coastal storm flood damage along the back bays of Nassau County, NY. This includes municipalities in the Town of Hempstead and Town of Oyster Bay located within southern Nassau County, as well as the City of Long Beach. The USACE, NYSDEC, and Nassau County have partnered to investigate potential ways to reduce future flood risk in ways that support the long-term resilience and sustainability of communities and the environment, and that reduce the economic costs and risks associated with coastal storm events. More information about the study can be found here: <http://www.nan.usace.army.mil/Nassau-Back-Bays>.
