4. List below amounts for any compensation paid or owed to the employees and/or outside lobbyists during the prior year for the purposes of lobbying. Such amounts shall be detailed as to amount, to whom paid and for what purpose. *(Note: the individuals referred to in this report lobbied both the State and the County. As I did with the periodic reports, I am making the assumption that the amounts referred to lobbying activities conducted in Nassau County. I am making the further assumption, as I did in the periodic reports, that these individuals' lobbying activities were split evenly between the County and the State. Therefore, the amounts below for each College employee equal the portion of their salaries that can be reasonably assigned to lobbying activities, divided by 2. Finally, the*

subjects on which these individuals lobbied are already listed in question 2 of this year- end report in detail. Therefore, in combination with that response already provided to question 2, the phrase listed below "for the purpose of promoting Nassau Community College's interests as they are affected by the actions of the entities listed in response to question 3 of this report next to the name of this individual" is, I believe, responsive to that portion of question 4 that asks "for what purpose" was this lobbying.)
