1 In an action entitled Jackson, et al. v. Nassau County Board of Supervisors, et al., 818 F. Supp. 509 (E.D.N.Y. 1993), the U.S. District Court declared the Nassau County Board of Supervisors and its system of weighted voting to be unconstitutional. By Order, dated June 30, 1993, the Court established guidelines and recommendations for the adoption of an alternative form of government which would conform to the "one person, one vote" principles embodied in the U.S. Constitution. Based upon that order, Local Law 11-1994 was approved by the Board of Supervisors and place before and approved by the voters of Nassau County in a referendum on November 8, 1994. The Local Law established the form, powers, structure and districts of a new County Legislature with members elected from nineteen districts replacing the six member Board of Supervisors. The law provided that revised form of county government would maintain a separation of powers between the legislative branch and the executive branch. The Local Law did not become effective until January 1, 1996 when the Nassau County Legislature was established.

(Amended by Local Law No. 11-2002, in effect October 3, 2002)

7. make appropriations, levy taxes and incur indebtedness for the purpose of carrying out any of the powers and duties conferred or imposed on the county or any officer, board, commission or other authority thereof, by this act or otherwise by law;

b) If the County Executive or Deputy County Executive determines that the exigencies of the circumstances warrant, the County Executive or Deputy County Executive can authorize a contract for up to ten thousand dollars ($10,000) without approval of the Rules Committee. January 15, 2021
If the County Executive or Deputy County Executive determine that more than ten thousand dollars ($10,000) worth of work is necessary and must be performed on an emergency basis by a person, firm, entity or affiliated person but if the nature of the emergency does not constitute a threat to the health or safety of the residents and/or employees of Nassau County, the Rules Committee shall convene within seventy-two (72) hours of the actual notice by the County Executive or Deputy County Executive to the Presiding Officer, the Chairperson of the Rules Committee or the Clerk of the County Legislature to consider the matter for the purpose of authorizing such expenditures. § 150-a. Introduction of local laws.
1. A proposed local law may only be introduced by a county legislator. Each proposed local law shall bear the legend “Introduced by ___________________.”
2. The County Executive shall have the right to submit legislative initiatives in the January 15, 2021
I-A: Local Laws

form of proposed local laws for the coming year as the County Executive may
determine. All such legislative initiatives for any calendar year shall be submitted
by the County Executive on or prior to the submission by the County Executive to
the County Legislature of the County Executive's proposed budget as provided in
section three hundred two of this act.

3. Proposed local laws also may be submitted by qualified electors of the county as
hereinafter provided; provided, however, no elector of the county may submit
more than two proposed local laws in any calendar year. Any such proposed local
law must be submitted to the clerk of the County Legislature, accompanied by a
petition signed and acknowledged by no less than two thousand qualified voters
of the county and in the same manner required by law for submission of a
designating petition, except that in order to be valid, such petition shall contain at
least fifty signatures of qualified voters from each legislative district. The petition
may be made upon separate sheets, and the signatures to each sheet shall be
authenticated in the manner provided by section one hundred thirty-five of the
Election Law for the authentication of designating petitions. A summary
statement of the proposed local law shall be contained on each sheet of each such
petition. The several sheets so signed and authenticated, when fastened together
and offered for filing, shall be deemed to constitute one petition. If within three

summary of the proposed local law contained in the petition is an accurate
summary and that such local law is legal in form and substance. If the County
Attorney is unable to make the certification required by the preceding sentence,
the County Attorney shall state the reasons therefore in writing to the clerk of the
County Legislature. Upon receipt by the clerk of the County Legislature of the
written communication of the County Attorney stating the reasons the County

shall be deemed rejected without prejudice. Notwithstanding anything contained
in this subdivision four to the contrary, qualified electors may choose to submit to
the County Attorney a proposed local law for the review set forth in this
subdivision prior to circulating the petitions required for local laws pursuant to
subdivision three of this section. Upon obtaining the requisite number of valid
signatures, any such proposed local law which has been so pre-reviewed by the
County Attorney shall be submitted to Rules Committee of the County
Legislature.
5. All such proposed local laws shall, upon their submission, be referred to the appropriate committee of the County Legislature, as shall be determined by the presiding officer; provided, however, that local laws submitted pursuant to subdivision three of this section shall be referred to the Rules Committee of the County Legislature. The Office of Legislative Budget Review shall prepare a budget impact message with respect to each proposed local law submitted pursuant to subdivision two or three of this section (other than any proposed local law deemed rejected pursuant to subdivision four of this section). Such budget impact message shall be in accordance with the provisions of subdivision seven of this section.

A copy of the fiscal and economic impact statement shall be distributed to all members of the County Legislature and the staff members of the Majority Leader and Minority Leader.

b) The fiscal and economic impact statement shall contain, but not be limited to, the following information:

i) Total estimated financial cost or impact on the county for the first year that the local law takes effect and for the three (3) ensuing years;

iv) Total estimated financial cost upon all budget funds of the county;

v) The property tax impact;

vi) The sales tax impact;

vii) The impact on other fees and revenues; and

§ 151. Effect of local law on acts of State Legislature. In adopting a local law changing or superseding any provision of an act of the State Legislature which provision does not in terms and in effect apply alike to all counties, the County Legislature shall specify the chapter number, year of enactment, title of statute, section, subsection or subdivision, which it is intended to change or supersede, but the failure so to specify shall not affect the validity of such local law. Such a superseding local law may, in like manner, contain the text of such statute, section, subsection or subdivision and may indicate the changes to be effected in its application to such county by enclosing in brackets the matter to be eliminated therefrom and italicizing or underscoring new matter to be included therein.

Every local law, after its passage by the County Legislature, shall be certified by the Clerk thereof and presented, within five days from the date of passage, to the County Executive for approval. If he disapproves it, he shall return it to the Clerk with his objections stated in writing and the Clerk shall present the same with such objections to the County Legislature at its next regular meeting and such objections shall be entered in its journal. The County Legislature within thirty days thereafter may reconsider the same. If after such reconsideration thirteen affirmative votes of the County Legislature be cast in favor of re-passing such local law, it shall be deemed adopted, notwithstanding the disapproval of the County Executive. Only one vote shall be had upon such reconsideration. The vote shall be taken by ayes and nos which shall be entered in the journal. If the County Executive shall neither approve nor return to the clerk with his objections a local law presented to him, within thirty days of its passage by the County Legislature, it shall be deemed to be adopted in like manner as if he had signed it. At any time prior to the return of a local law by the County Executive, the County Legislature may recall the same and reconsider its action thereon. The County Legislature may, by resolution adopted by the first day of March of each year, set forth requirements for additional details, descriptions and projections that shall be included in the four year capital plan, and such requirements for additional details, descriptions and projections shall remain effective until superseded by a subsequent resolution. Along with the submission of a proposed four year capital plan, the County Executive shall submit to the County Legislature an ordinance, to be referred to as the proposed capital budget ordinance, setting forth the proposed capital budget, including a listing of the capital programs, projects and activities, other than judgments and settlements, which are proposed to be authorized in the first year of the four year capital plan and the cost estimates associated therewith. However, nothing in this section shall be construed to be inconsistent with the requirement that an ordinance authorizing capital borrowing be approved by thirteen affirmative votes of the County Legislature. Along with the submission of the proposed four year capital plan, the County Executive shall also submit a capital budget message including a summary and explaining the main features of the proposed capital budget.

As used herein, capital programs, projects and activities are those programs, projects and activities involving (i) the acquisition, construction, reconstruction, rehabilitation or other improvement of any physical public betterment or improvement, land or rights in land, machinery, apparatus, furnishings or equipment, and (ii) planning, engineering studies, design, environmental impact studies, and other preliminary costs and expenses related to such capital programs, projects and activities.

(Amended by Local Law No. 11-2003, in effect June 12, 2003)

b) Not less than three copies of the proposed four year capital plan and the budget message relating to the proposed capital budget shall be filed with the Clerk of the County Legislature and, promptly upon receipt by the Clerk of the County Legislature thereof, shall be open to public inspection and be available for purchase by any person at all times during which the office of the Clerk of the County Legislature shall be open. The County Legislature shall, within fifteen days after the filing of the proposed capital plan with the Clerk of the County Legislature in each year, publish at least twice, at intervals of one week, in the official newspapers, a copy of the budget message relating to the proposed capital budget and a notice of the time, not less than five days after the date of the second publication, at which the County Legislature will hold a public hearing on the proposed capital budget. At such hearing, any person may be heard for or against
the proposed capital budget, or any item thereof. Such hearing shall be recessed from day to day until all who desire to be heard have been heard. The County Legislature may schedule such additional hearing as may be advisable.

c) After the conclusion of such hearings, the County Legislature may delete any program, project or activity from the proposed capital budget ordinance. The County Legislature may also add capital programs, projects or activities to the capital budget ordinance, including the cost estimates associated therewith, that were not contained in the proposed capital budget ordinance. Before, however, making such additions, the County Legislature shall publish, at least twice in the official newspapers, a notice setting forth the nature of the proposed changes from the capital budget message and fixing the time, not less than two days after the second publication, at which it will hold a public hearing thereon. During such time, the County Legislature shall solicit the recommendations of the Office of Management and Budgets and the Office of Legislative Budget Review with respect to such additional capital programs, projects or activities. After such hearing, which may be recessed from day to day, the County Legislature may make all or some of such additions in capital programs, projects or activities as were referred in the public notice or to a lesser amount.

The capital budget ordinance shall be voted on by the County Legislature by December 15. If such ordinance is not adopted by said date, then, until such ordinance is adopted subsequent to that date, none of the pre-construction or construction of capital programs, projects or activities that have not otherwise or previously been approved shall be permitted during the first year of the four year capital plan. The County Legislature shall also vote by December 15 by resolution to adopt a four year capital plan, which shall be consistent with the capital budget ordinance as adopted.

Within ten days of the final approval of such ordinance by the County Legislature, the County Executive shall have the right to veto any item in such ordinance, while at the same time approving the remainder of such ordinance. In such event, the County Executive shall return such ordinance to the County Legislature with a statement of the reasons for vetoing such item. The County Legislature within seven days thereafter may reconsider any such item so vetoed. If after such reconsideration, thirteen affirmative votes of the County Legislature shall be cast in favor of repassing any such item; such item shall be deemed approved, notwithstanding the veto of the County Executive. Subsequent to the approval of the capital budget ordinance, the County Executive and County Legislature shall not propose any additional capital program, project or activity the pre-construction or construction of which would take place during the first year of the four year capital plan, except as provided by subsection (d) of this section.

(Amended by Local Law No. 11-2003, in effect June 12, 2003)

d) The County Executive or the County Legislature may propose, at any time subsequent to the passage of the capital budget ordinance, an ordinance to amend the capital budget, including the cost estimates associated with such amendments.

January 15, 2021
Prior to such amendments to the capital budget ordinance, the County Executive and the County Legislature shall solicit the recommendations of the Office of Management and Budgets and the Office of Legislative review with respect to such amendments. Such amendments that provide for additional programs, projects or activities may, however, be approved only if the County Legislature, by thirteen affirmative votes, declares a capital budget emergency, and subsequently approves the ordinance with at least ten affirmative votes. Subsequent to the approval of an ordinance to amend the capital budget, the County Executive may amend the capital plan so as to conform it to the capital budget as amended.

(Amended by Local Law No. 11-2003, in effect June 12, 2003)

e) The approval by the County Legislature of the capital budget ordinance shall be deemed to approve the pre-construction phases of the capital programs, projects or activities included in the first year of the four year capital plan and shall be deemed to approve the preparation of the bid specifications and the solicitation of bids related thereto, provided that nothing herein shall be deemed to approve the awarding of any purchase order or contract for a capital program, project or activity without an approved bond ordinance or a duly authorized appropriation of necessary funds. The approval by the County Legislature of the capital budget ordinance shall also be deemed to approve the construction phases of the capital programs, projects and activities included in the first year of the four year capital plan if the pre-construction phases have been approved by prior legislative action and shall be deemed to approve the preparation of the bid specifications and the solicitation of the bids related thereto, provided that nothing herein shall be deemed to approve the awarding of any purchase order or contract for a capital program, project or activity without an approved bond ordinance or a duly authorized appropriation of the necessary funds. The County Attorney shall submit to the County Legislature such proposed bond ordinances as shall be necessary or desirable to authorize the bonds contemplated by the capital budget as approved. Bond ordinances may authorize borrowing for (i) the full amount of contracts entered into in furtherance of capital programs, projects or activities initiated or continued in the capital budget as approved and (ii) both the pre-construction and construction phases of capital programs, projects or activities initiated or continued in the capital budget as approved. Notwithstanding the foregoing sentence, borrowing for, and expenditures made pursuant to, such capital programs, projects or activities shall in every case be limited to the amounts set forth in the capital budget for each phase of such capital programs, projects or activities. Ordinances authorizing the borrowing of funds to finance programs, projects or activities included within the capital budget ordinance and making certain environmental determinations pursuant to the State Environmental Quality Review Act with respect to such capital programs, projects or activities shall be referred only to the Finance and Rules Committee of the County Legislature and, subsequent thereto, to the County Legislature for review and approval. In the event that the County Executive identifies actual or anticipated reductions in revenues or increases in expenditures that are likely to adversely impact the county’s projected financial position in the out-years of the financial plan, the County Executive shall submit to the Legislature a modified financial plan, along with the report summarizing the re-examination, which may include new cost-cutting or revenue enhancing initiatives, that will realign the county’s projected revenues and expenditures in order to achieve a balanced budget in the out-years of the modified financial plan.

The County Executive may veto in whole or in part any legislative amendment to the modified financial plan and, in the event that he/she exercises such veto, shall resubmit the modified financial plan to the Legislature for a vote. § 603. Rules and regulations. a. It shall be the duty of the Assessor to adopt such rules and regulations as will establish an equitable and scientific system of assessing property for taxation. The rules so adopted, and all amendments thereof, shall be published on the county web site and made available to any taxpayer of the County upon application to the Assessor.

d. The tax map in existence on July first, nineteen hundred forty-six is hereby continued and shall be thereafter known as the "county land and tax map." The Assessor
shall make such changes in the county land and tax map as from time to time may be necessary to keep such map accurate to serve as the tax map of the Assessor and for the recording and indexing work of the County Clerk, delineating particularly all streets, avenues, roads, boulevards, parkways and waterfronts of the county and all blocks bounded by such streets, avenues, roads, boulevards, parkways and waterfronts and all the sections into which the county shall be divided.

§ 604. **Duty of other officers to furnish information.** All applications for building permits shall be made in duplicate and all persons authorized to issue building permits in the county or any town, city, or village therein, shall, not less frequently than once a month, deliver to the Assessor a copy of such applications. (b) Upon the completion of the assessment roll one or more hard copies of the same shall be placed on file in such public places as may be designated by the Assessor, who shall forthwith cause to be published in the official newspapers, during the first week in January, a message stating that the roll has been completed, designating the places where the several portions of the same have been placed on file and where they may be examined during business hours every business day and at least one evening each week until the third Tuesday of January on which day at the designated times and places, at least one place in each town, any person aggrieved by the assessment may appear and be heard in relation thereto.

(c) Release of copies of the roll for non-commercial purposes shall be governed by the Public Officers Law. Parties receiving copies of the roll for non-commercial purposes shall execute an affidavit that the copy of the roll will not be used for commercial purposes and may be required to execute the necessary documents for a confession of judgment for the amount of the County’s license fee for use of the roll. Transfer by a party receiving a copy of the roll to a third party shall constitute a commercial use of the roll, because of the availability of the roll directly from the County for non-commercial purposes.

(d) The Assessor, on behalf of the County, may release a copy of the roll in any format and grant a license to any party for the commercial use of the roll upon the payment of the license fee. The license fee shall be set by ordinance and may not be waived.

When the County Legislature shall have adopted the budget and levied the taxes and assessments on the properties in the towns and cities for the ensuing fiscal year, the Assessor shall extend such taxes and assessments by placing on the roll opposite the valuation of each parcel of property in the towns and cities the sum to be paid in taxes thereon on account of such levy. When the taxes and assessments have been so extended, a copy of that portion of the roll which contains the properties situated in each town or city shall be delivered to the receiver of taxes thereof and the Assessor shall file with the clerk of the County Legislature a certificate to the effect that such taxes and assessments have been so extended in accordance with the ordinance levying such taxes and assessments. Such certificate of the Assessor when so filed shall be conclusive as to the extension of such taxes and assessments in accordance with such ordinance, and thereupon a warrant for the collection of such taxes and assessments shall be delivered to the receiver of each town or city, which warrant shall be sealed with the seal of the county and signed by the County Executive or, in his absence or inability to act, by the presiding officer of the County Legislature and by the clerk of the County Legislature and shall be in such form as may be otherwise provided by law and shall be annexed by the clerk of the County Legislature to such portion of said roll delivered to each receiver at the end thereof. The receivers of taxes of the towns and cities shall attend at the office of the clerk of the County Legislature with the portion of said roll to which said warrant is to be annexed and to receive the warrant so annexed. Any surplus existing or hereafter arising from the extension of taxes in excess of the amounts raised for the adopted budget shall be credited to the county, and any deficiencies existing or hereafter arising from the extension of taxes for the adopted budgets shall be a county charge.

b. When the County Legislature shall have adopted the budget by September 15, 1995 for the period October 1, 1995 through December 31, 1996 and as of the preceding October 30 for any ensuing fiscal year, and shall have levied the taxes and assessments for county purposes on the properties in the towns and cities for the ensuing fiscal year, and shall have levied the taxes and assessments for town purposes by the third Monday in December, in each instance the Assessor shall extend such taxes and assessments by placing on the roll opposite the valuation of each parcel of property in the towns and cities the sum to be paid in taxes thereon on account of such levies.

The commissioner shall appoint such other officers and employees of the department as may be provided by ordinance. The commissioner may, by written authority, designate any officer or employee of the department to act in his place as a member of the county planning commission or of any other commission, board, body, or committee of which such commissioner is a member ex officio; such written authority shall be subject to such limitations and conditions as shall be expressed therein and shall be filed with the commission, board, body or committee which is the subject thereof. Within the appropriation therefor and when authorized by the County Executive, the Commissioner of Public Works may employ such special engineering, architectural or other technical counsel as may be necessary.

(Amended by Local Law No. 1-1949, in effect July 25, 1949.)

§ 1202. General powers and duties. Except as otherwise provided in this act, the Department of Public Works shall:

1. have exclusive charge and supervision of the design, construction, repair, maintenance, cleaning and lighting of all highways, roads, streets and bridges under the jurisdiction of the county;

2. establish grades for highways, roads, streets and bridges under the jurisdiction of the county which shall not be changed except by ordinance adopted by the Board of Supervisors by a two-thirds vote of the voting strength thereof:

3. have charge and supervision of the design, maintenance, reconditioning, cleaning, heating, ventilation and construction of county buildings and the charge and supervision of grounds, drains and drainage structures and of such sewers, sewage disposal plants, incinerators, water systems, light systems, and other structures in the nature of public works as the county may construct.

(Subd. 3 amended by Local Law No. 21-2002, in effect November 15, 2002)

4. repair and maintain such grounds and structures as may be put under its charge by resolution;

(Subd. 4 amended by Local Law No. 19-1965. § 3; Local Law No. 3-1971. § 2, in effect April 16, 1971)

5. maintain and operate such sewers, sewage disposal plants, water systems, light systems, garbage, ash and refuse collection systems, incinerators, and other structures in the nature of public works as have been, or may be, constructed or purchased by the county or otherwise brought under its authority;

6. make traffic surveys on any or all highways, roads and streets within the county and make from time to time recommendations to the appropriate authorities with regard to traffic regulations and the location and character of all signs, lights and other devices for the direction of traffic.

§ 1203. **Entry for survey purposes.** The Commissioner of Public Works and any consulting engineer, deputy, assistant or employee of the Department of Public Works designated by him may enter upon any lands, waters or waterways, public or private, within the county, without hindrance, for the purpose of making any surveys, examinations or investigations necessary or convenient in the exercise or performance of any of the other powers or duties conferred or imposed on the Department of Public Works or any officer thereof by this act or otherwise by law.

§ 1204. **Lighting of highways.** The county may, as a county charge, provide, both within and without the limits of any city or village, for lighting all county highways, county roads, and state highways, provision for lighting which has not been made by the state, but excepting all state parkways, bridges, viaducts and causeways included within the state park system. It is the intention of this section that the county may provide upon county highways, county roads or state highways within the limits of any city or village such degree of illumination as may be necessary for the safe movement of traffic thereon. Nothing herein shall be taken to prevent any city, village or lighting district from providing additional or ornamental lighting on any such road or highway. It shall be competent for the county and for any city, village or lighting district therein to enter into any contract between the county and any such city, village or lighting district and with any corporation, copartnership or person supplying light within such city, village, or lighting district, for the purpose of giving effect to this section.

(Amended by L. 1937 Ch. 618 §8, in effect January 1, 1938.)

§ 1205. **Snow removal.** It shall be the duty of the county Department of Public Works as a county charge to remove snow as rapidly as may be from all county highways and county roads within or without any city or village.

§ 1206. **Contracts with towns, villages, cities and districts.** The Department of Public Works may perform engineering and other services for any town, village, city or district within the county in relation to the public works of such town, village, city or district, and towns, villages, cities and districts are hereby expressly authorized to enter into contracts with the county for such services; provided that the charge for such services shall be in each case the actual cost of rendering the service as certified by the Commissioner of Public Works.

§ 1207. **Water supply and garbage and refuse plans.** The Board of Supervisors may prepare a comprehensive plan embracing the whole county for public water supply and a comprehensive plan for garbage and refuse collection and disposal, and shall further make such amendments to the said plans as may from time to time be necessary. No such plan or amendment thereof shall be adopted except by ordinance after public hearing thereon, notice of which shall be published at least twice at intervals of one week in the official newspapers; the hearing shall take place not less than ten days after the date of the second publication. Prior to the construction of or the letting of any contract for works or facilities contemplated by any such plan, all plans for such works or facilities
shall be approved by the state departments now vested with authority to grant such approval.
(Amended by L. 1945 Ch. 897 § 1, in effect April 20, 1945.)

§ 1208. Construction or acquisition and maintenance of certain works or facilities. Whenever any such comprehensive water or garbage and refuse plan, or any amendment thereof shall have been adopted by ordinance as above provided, no city, town, village, district, municipal, or private corporation, copartnership or person shall construct or reconstruct any works or facilities of the kinds covered by each of the several plans adopted, unless the plans for such construction or reconstruction shall be submitted to and certified by the Commissioner of Public Works as being in accordance with such plan, including the amendments thereof; provided that the above prohibition shall not apply to ordinary replacements and repairs; and provided further that any city, town, village, district, municipal or private corporation: copartnership or person may apply to the Board of Supervisors for a permit to construct works or facilities not strictly in conformity with such plan, and if such board finds after public hearing that the proposed construction is immediately necessary in the interest of public health and welfare, it shall grant a permit for the construction of such works or facilities as will as far as practicable conform to such plan. Whenever any such comprehensive plan, including amendments thereof, has been adopted by ordinance as above provided, it shall be lawful for the county to design, construct, acquire by purchase or condemnation, lease, own, operate and maintain any of the works or facilities included in said plan, where necessary, subject to the approval of the governmental agency having jurisdiction, and the term "works or facilities" as used in this article shall mean any water main, pumping station, filtration plant, pipe, conduit, lake, stream, reservoir, dam, incinerator, or any other land, interest in land, right of way, structure, plant or equipment, with all things appurtenant thereto either necessary or convenient for water supply and the collection and disposal of garbage, refuse or other waste matter; provided that the county may not acquire by condemnation any state lands or any water supply or garbage system or any of the works or facilities appurtenant thereto which are the property of a city, town, village, or special district, in existence at the date on which this act becomes effective in the county. It shall further be lawful for the county to contract with any city, village or district for the operation and maintenance by the county of any such works or facilities owned by the city, village or district, or for the operation and maintenance by any city, village or district of any such works or facilities owned by the county.
(Amended by L. 1946 Ch. 566 §, in effect April 20, 1946.)

§ 1209. Engineers and other employees. For the purpose of preparing the comprehensive plans provided for in this article and of preparing plans for constructing works and facilities contemplated thereby and of supervising such construction, the County Executive may, within the limits of the appropriation therefor, contract for engineering and other technical services and, subject to the confirmation of the Board of Supervisors, employ and at pleasure discharge such engineering, professional and other assistants as may be needed and incur such other expenses as may be found necessary; but when the construction of any works or facilities has been completed, the operation

§ 1210. Emergency power of supervisors to regulate use of water. Whenever in the opinion of the Board of Supervisors an emergency exists with respect to the sufficiency of water supply within the county, it may so declare by ordinance and in such ordinance may regulate or limit the use of water throughout the county, including the towns, cities, villages and special districts therein, and may provide for the enforcement thereof. No such ordinance shall become effective in the county until approved by the state water power and control commission.

§ 1211. Works benefit areas. The cost of the construction, acquisition, operation and maintenance of any of the works or facilities referred to in section twelve hundred and eight may be defrayed as follows:

1. The Board of Supervisors, prior to the awarding of any contract or contracts for the construction, purchase or acquisition of any such works or facilities, may by ordinance fix and determine the area to be benefited thereby. Before fixing and determining any such area, a public hearing thereon shall be held by said board at a place in such area, after notice thereof has been given by publication twice, at intervals of not less than one week, in the official newspapers and in a newspaper having general circulation in such area, such hearing to take place not less than ten days following the second publication. All lots or parcels of land within any such area, when so fixed and determined, are hereby declared to be benefited by the construction of any such works or facilities to be constructed and maintained under the provisions of this article, and shall be subject to an ad valorem tax to be levied by the Board of Supervisors to pay the whole or any part, as determined by the Board of Supervisors, of the cost of operating and maintaining such works or facilities, and to reimburse the county for the payment of the whole or any part, as determined by the Board of Supervisors, of the principal and interest on bonds, notes and certificates of indebtedness issued to pay the cost of constructing, purchasing or acquiring such works or facilities, and no lots or parcels of land in any such area shall be exempt from such taxes, except such as may be exempt from county taxes under the laws of this state. The ordinance of said board fixing and determining any such area shall describe the same.

2. No ordinance fixing and determining the area to be benefited shall take effect until forty-five days after it has been approved by or passed over the veto of the County Executive. Within thirty days of the approval by or passage over the veto of the County Executive any resident of the area described in such ordinance may file with the Board of Supervisors a petition protesting the determination of such area, signed by electors resident in such area equal in number to ten per centum of the vote cast for governor in such area at the last general election at which a governor was elected and also signed by the owners of taxable property situated in such area equal in value to ten per centum of the value of all taxable property
situated in such area as the same appeared on the last completed county
assessment roll. Any such petition shall show the city or town, election district
and place of residence, by street and number or other description sufficient to
identify the place, of each resident elector signing such petition and the place of
residence or principal place of business, and the assessed value and a description
sufficient to locate readily each parcel of property in such area owned by property
owners signing such petition. The signatures to the petition need not be appended
to one paper but on each separate sheet shall be endorsed or attached the affidavit
of the circulator thereof in manner and form as follows:

elections in such county shall verify the sufficiency of such petition with regard to the
signatures of resident electors in the area and the chairman of the Board of Assessors
shall verify the sufficiency of such petition with regard to the signatures of property
owners. The officer or board having jurisdiction of elections and the chairman of the
Board of Assessors are hereby empowered to employ such deputies as are necessary to
complete the verification of the petition within the time limited herein, and the
compensation of such deputies shall be a county charge. If such petition be found

3. In case the Board of Supervisors authorizes the construction, purchase or acquisition of such works or facilities, it shall thereupon estimate the cost thereof and make available the necessary funds required therefor by taxation or by the issuance of obligations pursuant to the local finance law. In the event that the actual cost of any work or facility shall exceed the estimated cost, the Board of Supervisors shall make such additional estimates of cost as it deems necessary and proper and shall make available the necessary funds required therefor in the same manner as in the case of the original estimates of cost. The cost of such works or facilities may include the whole or any part of the cost of forming the works benefit area including the publication of notices, preparation of maps and plans, the holding of hearings and such other expenses as the Board of Supervisors may deem property chargeable thereto, and shall include the proportionate share of the cost of any work or facility theretofore constructed, purchased or acquired for a works benefit area other than the area for which the estimate is made but to be used by such area as a part of its works or facilities, and property chargeable to said area; provided, however, that in case the Board of Supervisors authorizes the construction, purchase or acquisition of two or more works or facilities at the same time, parts of which shall be used jointly, the estimates of cost shall include the proportionate share of the cost of such part used jointly by such areas.

(Subdivision 3, § 1211, amended by L. 1943 Ch. 710 § 103, as last amended by L. 1945 Ch. 338, in effect September 2, 1945; amendment required by Local Finance Law § 10.00, 11.00, 20.00, 30.00, 50.00, 51.00, 90.00 and 100.00.)

4. The Board of Supervisors shall, at any time after a works benefit area has been established, determine the proportionate share of the cost of any works or facilities which shall be borne by each area using or benefited by such works or facilities. Before fixing any such proportionate share or shares, a public hearing thereon shall be held by said board, after notice thereof has been given by publication twice at intervals of not less than one week in the official newspapers and in a newspaper of general circulation in each works benefit area affected, such hearing to take place not less than two weeks following the second publication. In the event that any area theretofore created and for which obligations have been issued shall be entitled, as in this article provided, to have refunded to it a part or portion of the cost of any work or facility, and at the same time shall be chargeable with a part of the cost of any other work or facility, such refund shall be reduced by the proportionate share of the cost of such area for such latter work or facility. In the event that such proportionate share shall exceed such refund, funds shall be made available by the issuance of obligations pursuant to the local finance law or by taxation on account of such area to pay such excess share, any general or special law to the contrary notwithstanding. Such apportionment so made by the Board of Supervisors shall become final unless within thirty days from the date of such apportionment by said board, an application is made by any person or party aggrieved for a review by certiorari. No review shall be had unless before the order to review is issued the person interested and seeking the review shall give an undertaking approved by the Board of Supervisors.

supreme court or a justice thereof as to form, amount and sufficiency of sureties, that in the event of failure to modify such final determination or order, he, they or it will pay to the board making such final determination or order all costs and expenses incurred by it on account of such proceedings, as such costs and expenses shall be determined by the court. In the event that upon review there shall be any modification by the court of any such determination or apportionment, the court shall direct the modification thereof by order which shall be final and conclusive, and such order shall be recorded by the Board of Supervisors in the same place and manner as was the determination or apportionment appealed from.

(Subdivision 4, § 1211, amended by L. 1943 Ch. 710 § 104 as last amended by L. 1945 Ch. 338, in effect September 2, 1945; amendment required by Local Finance Law § 10.00, 11.00, 20.00 and 30.00.)

5. (a) The Board of Supervisors may by ordinance provide for paying the whole or any part of the cost of operating and maintaining any garbage disposal works or facilities by charging to each city, village and special district within any works benefit area a proportion of such cost in the ratio that the garbage originating in such city, village, or district and cared for by such works or facilities bears to the total garbage so cared for, measured by weight or by volume as the Board of Supervisors shall determine. Any charge made by the county pursuant to this section shall be a binding obligation on each such city, village or special district and shall be paid to the county at such times as the Board of Supervisors may direct in the same manner as other city, village or special district obligations are paid.

(Amended by L. 1945 Ch. 897 § 4, in effect April 20, 1945.)

(b) The Board of Supervisors may provide for reimbursing the county for the whole or any part of the cost of constructing, purchasing or acquiring, or for paying the whole or any part of the cost of operating and maintaining any works or facilities for the purpose of supplying water, by the sale of such water to any town, city, village, special district, corporation, copartnership or person for consumption or redistribution and may fix the rates to be charged by the county therefor; provided that the receipts from the sale of water in any such works benefit area shall be paid to the County Treasurer and shall be applied first to pay the cost of operating and maintaining such works and facilities and secondly to reimburse the county for the payment of principal and interest on any bonds or other indebtedness issued to pay the cost of constructing, purchasing or acquiring such works or facilities.

6. The amount of any tax to be levied by the county in any works benefit area shall be determined by adding (1) the estimated expenditure for the next ensuing fiscal year to be made by the county for or on account of the principal and interest of any bonds, notes or certificates of indebtedness issued for the benefit or on account of such works benefit area, (2) the estimated expenditure for the next
ensuing fiscal year to be made by the county for operating and maintaining the works or facilities constructed or acquired for or used by such works benefit area, including the proportionate share of the cost of operating and maintaining any work or facility used jointly with any other works benefit area, and (3) any deficit arising in the preceding fiscal year from a deficiency in anticipated revenues or from an expenditure not anticipated; and by subtracting from the sum thereof the revenue, if any, anticipated for the next ensuing fiscal year from (1) any charge against a city, village or special district, (2) the sale of any water, service or supply, (3) the proceeds of any sinking fund applicable to the payment during the year of the principal or interest of bonds, notes or certificates of indebtedness issued for the benefit or on account of such works benefit area, and (4) any surplus arising in the preceding fiscal year from revenues in excess of those anticipated or from expenditures less than those anticipated. Separate estimates for each works benefit area as above provided shall be included in the county budget. Taxes levied by the county as above provided upon works benefit areas shall be collected in the same manner as county taxes.

§ 1212. Regulation of use of works or facilities. The Board of Supervisors may by ordinance make rules and regulations for the protection, preservation and use of any works or facilities or other property in the nature of public works constructed, acquired, owned, leased, maintained or operated by the county. The Board of Supervisors shall also have power to adopt ordinances regulating the use of land, water and waterways within the county for the purpose of giving effect to the comprehensive plans provided by this article.

§ 1213. Definitions. As used in sections twelve hundred thirteen to twelve hundred thirty, inclusive, of this article, unless a different meaning clearly appears from the context:

1. The term "sewer facility" shall mean any one or more systems, plants, works, instrumentalities, properties, drains or sewers used or useful in connection with the collection, treatment and disposal of sewage, including any land, right-of-way or interest in land or equipment or appurtenances necessary or convenient for the establishment, maintenance or operation of any sewer facility.

2. The term "sewage" shall mean sewage or water-carried wastes created in and carried, or to be carried, away from buildings or structures provided or maintained for human use or occupation.

3. The term "construct" shall mean establish, acquire, construct, reconstruct, enlarge, extend, or otherwise improve.

4. The term "district" or the term "county sewer district" shall mean any sewage disposal district or sewage collection district established pursuant to such sections twelve hundred thirteen to twelve hundred thirty, inclusive.
5. The term "sewage disposal facilities" shall mean one or more sewer facilities necessary or convenient for the treatment or disposal of sewage received from the sewage collection facilities of a sewage collection district.

6. The term "sewage collection facilities" shall mean one or more sewer facilities necessary or convenient for the collection of sewage and for the delivery of such sewage into the sewage disposal facilities of a sewage disposal district.

7. The term "sewage disposal district" shall mean a county sewer district established to finance the cost of providing sewage disposal facilities.

8. The term "sewage collection district" shall mean a county sewer district established to finance the cost of providing sewage collection facilities.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1214. Public hearings. Any public hearing held pursuant to sections twelve hundred thirteen to twelve hundred thirty, inclusive, of this article, shall be held either at the regular meeting place of the Board of Supervisors or at such other place within the county as may be determined by the board. Notice of any such hearing shall be published twice in the official newspapers, and the second of such publications shall be at least ten days prior to the date of such hearing, and there shall be an interval of not less than six days between such two publications. Such notice shall state the time when and place where the hearing will be held. Any plan, estimate or report which shall be the subject of such hearing shall be filed with the clerk of the Board of Supervisors prior to the first publication of such notice and the notice shall recite the filing of such documents and shall state that they may be examined in the office of the clerk by any interested person. Any such hearing may be adjourned from time to time without the giving of further notice. Any such hearing may be conducted by the Board of Supervisors or, if duly authorized by the Board of Supervisors, by any member or members thereof.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1215. Necessity for county sewer system in Nassau County. It is hereby declared that Nassau County which is a county which has adopted this act does not have adequate facilities for the collection, treatment and disposal of sewage and that the lack of such facilities seriously threatens the health of all the inhabitants of the county because it will result in contamination of the underground water which is the only practicable source from which the county may obtain potable water and because it causes dangerous pollution of coastal waters of the county; that there are in Nassau County no rivers, streams or natural waterways which could properly be used as outlets for the treated effluent from sewage disposal or treatment plants; that all such treated effluent must be transported to and emptied into the coastal waters of the county; that sewage in the county cannot be collected, treated or disposed of in a proper, efficient and economical manner except by the establishment of one or more large collection and disposal systems, each of which would embrace territory within many towns, villages and public districts; that it is not practicable for existing towns, villages and public districts to provide such
sewer facilities not only because of the magnitude of the facilities required and the lack of necessary financial resources but also because of difficulties in obtaining cooperation among the affected towns, villages and public districts; and that, therefore, in order to preserve the health of the inhabitants of the county and to protect its potable water supply and its coastal waters from contamination and pollution the county must be authorized to provide sewer facilities adequate to serve the needs of the entire county, as provided in this article, and all such sewer facilities so provided will be of general benefit to the entire county and all its inhabitants.

(Amended by L. 1946 Ch. 530 §, in effect April 5, 1946.)

§ 1216. Powers of county. The county shall have power to design, construct, lease, own, operate and maintain any sewer facility within or without the county, and, for such purposes, to acquire either by purchase or by condemnation in the manner provided by law any lands and rights or interests in lands, structures, water and riparian rights, and any and all things and rights usually included in the term "real property", needed or convenient for the construction or maintenance or operation of any such sewer facility. The power hereby conferred shall be in addition to and not in substitution for any power conferred by any other law and the limitations and conditions imposed by this article shall not affect or limit any power conferred by any other law. Nothing herein contained, however, shall be deemed or construed to permit the exercise of any of the said rights, powers or privileges within the city of New York or the county of Suffolk.

(Amended by L. 1946 Ch. 566 §, in effect April 5, 1946.)

§ 1217. Acquisition of existing facilities. The county shall have power to acquire, either by purchase or by condemnation in the manner provided by law, any sewage collection facility owned, maintained or operated by any municipal or public or district corporation or special district, notwithstanding that such sewage collection facility has already been devoted to and is held for public use. The Board of Supervisors may, instead of making any cash payment agreed or required to be made to the municipal or public or district corporation or special district as compensation for such sewage collection facility, agree to pay the principal of and interest on outstanding bonds issued by or on behalf of such municipal or public or district corporation or special district, of a principal amount not exceeding the amount of such cash payment, as such principal and interest shall become due and, payable.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1218. Contracts for sewage disposal.

(a) The Board of Supervisors shall have power to contract with any city, town, or village or public improvement district for the operation or maintenance by the county of any sewer facility owned by the city, town, village or public improvement district, or for the operation or maintenance by any city, town, village or public improvement district of any sewer facility owned by the county. The Board of Supervisors shall have power to contract with any city, town, village or public improvement district for the disposal, of sewage delivered into the sewage disposal facilities maintained or operated by the county upon terms and conditions to be determined by the Board of Supervisors or for the disposal
by any city, town, village or public improvement district in the County of Nassau of sewage collected in a sewage collection district which is not within a sewage disposal district.
(Amended by L 1953 Ch. 554; L. 1972 Ch. 835, in effect June 2, 1972.)

(b) The Board of Supervisors may require any sewage disposal district to receive into its sewer facilities and dispose of the sewage collected in any sewage collection district not within a sewage disposal district provided the Board of Supervisors shall, after holding a public hearing in the manner prescribed by and upon notice given pursuant to section twelve hundred fourteen, determine by ordinance the terms and conditions upon which such sewage is to be received and disposed of and the compensation to be paid therefore by such sewage collection district and that it is in the public interest that the sewage collected by such sewage collection district shall be disposed of upon the terms and conditions prescribed and that such terms and conditions and such compensation are fair and reasonable. Such compensation required to be paid by the sewage collection district shall be deemed to be an expense incurred for the maintenance and operation of the sewage facilities provided by such collection district.
(Amended by L 1952 Ch. 619. in effect April 9, 1952.)

§1219. General sewerage plan.

a. The Board of Supervisors shall succeed to all the powers granted to and duties imposed upon the sanitation commission of the county if one exists at the time this act becomes effective in the county. Any general sewerage plan which shall have been adopted by such sanitation commission or by the Board of Supervisors of the county prior to the time when this act becomes effective in the county shall be valid and effective for the purposes of this act notwithstanding any error or omission or irregularity in the acts or proceedings done or taken for the adoption of such plan. If a general sewerage plan shall not have been adopted prior to the time this act takes effect in the county, or if the Board of Supervisors deems it advisable to supersede or amend a general sewerage plan previously adopted, it may, at any time cause the Department of Public Works to prepare and file a new general sewerage plan or an amendment to a previously adopted sewerage plan with the clerk of the Board of Supervisors and thereafter the Board of Supervisors may hold a public hearing thereon. If, after holding such public hearing, the Board of Supervisors shall determine it to be in the public interest, it may, by ordinance adopt such new general sewage plan or such amendment to a previously adopted general sewerage plan. The Board of Supervisors may, by an ordinance adopted pursuant to section twelve hundred twenty-two or twelve hundred twenty-four or twelve hundred twenty-five authorize the construction of sewer facilities notwithstanding that such sewer facilities are not provided for by such general sewerage plan or not In accordance with such general sewerage plan.

the contents of cesspools in areas which do not have systems for the collection of sewage by lateral mains and to avoid the contaminations and pollutions referred to in section twelve hundred fifteen, the Board of Supervisors may by ordinance authorize the construction, operation and maintenance of a plant or plants and acquire therefore necessary lands and appliances, including such vehicles as may be required, for the collection and disposal of the contents of cesspools in areas which do not have systems for the collection of sewage by lateral mains and may appropriate the necessary monies for such acquisition, construction, operation and maintenance, all of which are hereby declared to be county purposes. The Board of Supervisors may employ such employees as may be necessary for the maintenance and operation of such plant or plants or appurtenant equipment and fix their compensations. If such a plant or plants are constructed the Board of Supervisors may authorize the County Executive to enter into contracts with any corporations, partnerships or individuals for the disposal of the contents of cesspools in areas which do not have systems for the collection of sewage by lateral mains, collected by such corporations, partnerships or individuals. Such plants shall be operated by the Department of Public Works and the contract price for such disposition shall be fixed by the County Executive upon recommendation of the Commissioner of Public Works at such amounts as shall, as nearly as can be determined, equal the cost of operation and maintenance of such plants or plants. The terms of any such contract shall be for a period not longer than three years, subject to renewal from time to time upon such terms as may be determined at the time of such renewal and all such contracts or renewals thereof shall expire on December thirty-first. Any expenditure for such a plant or plants whether for acquisition or construction, or for a deficiency in the cost of maintenance and operation thereof shall be a county charge and shall be paid for by taxes levied for the fiscal year in which such expenditure is to be made or such deficiency is determined; however, the Board of Supervisors may, pursuant to the local finance law, finance in whole or in part any expenditure for such a plant or plants authorized by this subdivision of this section.

(Amended by Local Law No. 2-1949, in effect July 25, 1949.)

§ 1220. Approval by state agencies. Prior to the construction of any sewer facility or the letting of any contract therefor, the plans for such sewer facility shall be approved by the state departments now vested with authority to grant such approval, and such plans, if they involve treatment or final disposal of sewage in the Atlantic ocean or in any bay or inlet thereof, or on any uplands, meadows, marshes and beaches in the county and adjacent to such ocean, bays or inlets, shall also be submitted to each state park commission having jurisdiction over any park in the county. If any such state park commission shall file with the Board of Supervisors and the state Department of Health, within thirty days after the submission of any such plans, a report disapproving any part of the plan, the Department of Health shall not approve such plan until it has held a public hearing at which the representative of such commission shall be heard and its objections considered.

(Amended by L. 1946 Ch. 530 §, in effect April 15, 1946.)
§ 1221. Approval of sewer facilities provided by other agencies. No city, town, village, district, municipal or private corporation, copartnership or person shall construct any sewer facility within the county unless (1) a plan showing the work proposed to be done shall be submitted to and certified by the Commissioner of Public Works either as being in accordance with a general sewerage plan theretofore adopted as provided in section twelve hundred nineteen of this act or as being original replacements to or repairs of an existing sewer facility, or (2) the Board of Supervisors shall, by ordinance, consent to the doing of such work after holding a public hearing thereon and after finding, upon the evidence given thereat, that the proposed work is necessary to preserve the public health and welfare.
(Added by L 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1222. County sewer districts. The Board of Supervisors may, subject to the conditions and in the manner herein after prescribed, establish one or more sewage disposal districts and sewage collection districts. Any district may, from time to time, be extended to include additional lots or parcels of land. If the Board of Supervisors shall deem it advisable to establish any district it shall cause the Department of Public Works to prepare and file with the clerk of the Board of Supervisors a general plan of the sewer facilities proposed to be constructed therein, together with an estimate of the cost thereof, and also a report describing the area deemed benefited thereby in such manner as to identify the lots or parcels of land included in such area. If the Board of Supervisors shall deem it advisable to extend any district theretofore established it shall cause the Department of Public Works to prepare and file with the clerk of the Board of Supervisors a general plan of the sewer facilities theretofore provided for such district and also of any additional sewer facilities proposed to be provided for such district, together with an estimate of the cost thereof, and also a report describing the district as already established and the additional area deemed benefited by the sewer facilities constructed or to be constructed in such district in such manner as to identify the lots or parcels of land included in such additional area. After any such general plan, estimate and reports have been filed the Board of Supervisors may hold a public hearing thereon. If, after holding such public hearing, the Board of Supervisors shall determine that it is in the public interest to establish or extend a district as proposed in the report which is the subject of the hearing, and that all property and property owners within the district proposed to be established or extended are benefited by the sewer facilities to be constructed therein and that all the property and property owners benefited by such sewer facilities are included within the limits of the district proposed to be established or extended, the Board of Supervisors may, by ordinance, establish or extend a county sewer district in accordance with such report, and may, by such ordinance, authorize the construction of the sewer facilities described in the general plan which was filed with such report. If the district established or extended by said ordinance is a sewage collection district and if the Board of Supervisors shall determine from the evidence given at the public hearing that the benefit which will be conferred upon each lot or parcel of land in the district by the construction of sewer facilities therein will be in proportion to the valuation of such lot or parcel of land, the Board of Supervisors shall, by said ordinance, determine that the expense of constructing said sewer facilities shall be raised by the levy annually of an ad valorem tax upon all the taxable property in the

§ 1223. Petitions requiring reconsideration of ordinance establishing or extending districts. Any ordinance adopted by the Board of Supervisors pursuant to section twelve hundred twenty-two of this article shall not take effect until forty-five days after it has been approved by or passed over the veto of the County Executive; nor until it has been reconsidered by the Board of Supervisors and adopted by the affirmative vote of three-quarters of the voting strength thereof if, within thirty days after it has been approved by or passed over the veto of the County Executive, there be filed with the clerk of the Board of Supervisors a petition protesting against the establishment or extension of the sewer district described in the ordinance, signed by electors residing within such district equal in number to ten per centum of the vote cast for governor by voters residing in the district at the last general election at which a governor was elected and also signed by the owners of taxable property situated in the district equal in value to ten percentum of the value of all taxable property situated in the district as the same appears on the last completed county assessment roll. Any such petition shall be in the form and shall be signed and authenticated and its sufficiency determined in the manner prescribed by subdivision two of section twelve hundred eleven of this article.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1224. Hearing on changes in plan. If the Board of Supervisors shall deem it advisable either to construct a sewer facility in a manner different than that specified in the general plan considered at the public hearing held in accordance with section twelve hundred twenty-two of this article or to construct in any district theretofore established any sewer facility which is not provided for in such a general plan, the Board of Supervisors may cause the Department of Public Works to prepare and file with the clerk of the Board of Supervisors a general plan of such sewer facility, together with an estimate of the cost thereof. After such general plan and estimate have been filed the Board of Supervisors may hold a public hearing thereon. If, after holding such public hearing, the Board of Supervisors shall determine that it is in the public interest to construct such sewer facility and that all property and property owners within the district are benefited thereby and that all property and property owners benefited thereby are included within the limits of the district, the Board of Supervisors may, by ordinance, authorize the construction of such sewer facility. The expense of constructing any such facility shall either be raised by an annual ad valorem tax or shall be apportioned to and assessed upon and collected from the several lots or parcels of land in the district in just proportion to the amount of benefit which the construction of such sewer facilities shall confer upon the same.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1225. Construction of sewer facilities as local improvement. If in the judgment of the Board of Supervisors, any sewage collection facility proposed to be constructed in the district; otherwise the Board of Supervisors shall, by said ordinance determine that the expense of constructing said sewer facilities shall be apportioned to and assessed upon and collected from the several lots or parcels of land within the district in just proportion to the amount of benefit which the construction of such sewer facilities shall confer upon the same.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)
any sewage collection district will be of especial benefit to any lots or parcels of land in
the district, and if the Board of Supervisors in the ordinance establishing said district
determined that the expense of constructing sewer facilities in the district shall be
apportioned to and assessed upon and collected from the several lots or parcels of land
within the district in just proportion to the amount of benefit which the construction and
maintenance of such sewer facilities confer upon the same, the board may cause the
Department of Public Works to prepare and file with the clerk of the Board of
Supervisors a general plan of such proposed sewage collection facility, together with an
estimate of the cost thereof, and a report describing the tentative area deemed, especially
benefited thereby in such manner as to identify the lots or parcels of land included in such
area. After such general plan and estimate and report have been filed the Board of
Supervisors may hold a public hearing thereon. If, after holding such public hearing, the
board shall determine that any of the lots or parcels of land included in such area will be
especially benefited by the proposed sewage collection facility, it may, by ordinance,
authorize the construction of such sewer facility and direct that the total cost of such
sewer facility shall be apportioned to and assessed upon, and collected from the several
lots or parcels of land especially benefited thereby in just proportion to the amount of
benefit which the construction of such sewer facility shall confer upon the same. The
ordinance shall describe such lots or parcels of land in such manner as to identify them.
(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945.)

§ 1226. **Annual assessment rolls.** If the expense of constructing any sewer facility
or sewer facilities is required to be apportioned to and assessed upon and collected from
the several lots or parcels of land especially benefited thereby, the Department of Public
Works shall, immediately after the completion of such sewer facility or sewer facilities,
file with the Board of Assessors a statement in detail showing the actual and complete
cost thereof and the Comptroller shall, on or before October first in each year, file with
the Board of Assessors a statement showing the total amount which will be required to
reimburse the county for the principal of and interest on bonds issued by the county to
finance the construction of such sewer facility or sewer facilities, payable during the
ensuing fiscal year. The Board of Assessors shall assess the amount shown by such
statement on such lots and parcels of land in proportion as nearly as may be to the benefit
which each lot or parcel of land will derive from the construction of such sewer facility or
sewer facilities and shall prepare an assessment roll which shall describe each such lot or
parcel of land in such manner that the same may be ascertained and identified and shall
show the name or names of the reputed owner or owners thereof and the aggregate
amount of the assessment levied upon such lot or parcel of land. Such assessment roll
shall be filed with the clerk of the Board of Supervisors not later than the next succeeding
November first. The Board of Supervisors shall hold a public hearing thereon. Notice of
such public hearing shall recite that the assessment roll has been completed and filed with
the clerk of the Board of Supervisors and shall state that at the time and place fixed for
such public hearing the Board of Supervisors will meet and hear and consider any
objections which may be made to the assessment roll. After holding such public hearing
the Board of Supervisors may change or amend the assessment roll as it may deem
necessary or just and may confirm and adopt the assessment roll as originally proposed or
as amended or changed or it may annul the assessment roll and order the Board of
Assessors to proceed anew and to prepare another assessment roll. No action or proceeding shall be maintained to set aside, vacate, cancel, annul, review, reduce or otherwise test or affect the legality or validity of any assessment made by any assessment roll unless such action or proceeding shall be commenced within thirty days after the assessment roll shall have been adopted.

(Added by L. 1945 Ch. 897 § 5, in effect April 20, 1945; amended by Local Law No. 11-199, in effect January 1, 1996: L. 1995 Ch. 14, in effect March 16, 1995.)

§ 1227. Annual budgets of county sewer districts. Such expenditures shall include (a) the amount estimated to be necessary for the payment during such fiscal year of principal of or interest on any bonds issued by or assumed by the county to finance the cost of providing sewer facilities for the district, (b) the amount estimated to be required to be paid by the county during such fiscal year for the maintenance and operation of sewer facilities provided for the district and (c) any deficit arising in the preceding fiscal year from a deficiency in anticipated revenues or from an expenditure not anticipated. Such service charges may be charged to and collected from any person or corporation contracting for such connection or use or services or from the owner or occupant, or both of them, of any real property which directly or indirectly is or has been connected with such sewer facilities, or from or on which originates or has originated sewage which directly or indirectly has entered or may enter into such sewer facilities, and the owner of any such real property shall be liable for and shall pay such service charges to the county at the time when and place where such charges are due and payable. If the Board of Supervisors shall determine either or both of such questions in the negative, it shall adopt a resolution disapproving the creation or extension of such district. If the Board of Supervisors shall determine both of such questions in the affirmative, it may adopt a resolution approving accordingly. Any person aggrieved by the action of the Board of Supervisors in disapproving the creation or extension of such a district may review the same by certiorari provided that application for such order of certiorari is made within thirty days from the date of adoption of the resolution of disapproval by the Board of Supervisors. Every person, except for cemetery corporations within the County of Nassau, who as owner or agent of the owner of real property situated in the County of Nassau, subdivides such property, regardless of whether any such subdivision contains streets or is subdivided by lot, or by metes and bounds, shall obtain approval as required by this section and shall file or cause to be filed in the Office of the Clerk of Nassau County a map or maps of such real property. No map of a subdivision of land partly or wholly within the County shall be filed until it shall have been approved by each planning commission and/or planning authority having jurisdiction over that area and the approval thereof entered on the plat by the chairperson, director or such agent as may be authorized by the planning commission and/or planning authority thereof. For the purposes of this section, the County Planning Commission shall be a planning authority with jurisdiction over all portions of the County outside of cities and villages or within a city or village and within three hundred feet of the boundary of such cities and villages, and the planning authority or commission of any city or village or, if there be no planning board or commission, the board of zoning appeals of such city or village shall be the planning authority of such city or village, with jurisdiction over all portions of such city or village and over all territory outside of such city or village and within three hundred feet of the boundaries of such city or village.

3. The requirements of this subdivision are subject to the following exception pertaining to the conversion to condominium, cooperative or mixed form of ownership: where there is a conversion of an existing structure into units, which structure: (1) was in existence and legally occupied prior to August fifth, nineteen hundred eighty-seven; and (2) where title to said units is to be held in a condominium, cooperative or mixed form of ownership; and (3) the use thereof is in compliance with this section and with the zoning and planning regulations of the city, town or village, as the case may be, in which the structure is located.

c. **Minor subdivision approval.** Where a subdivider proposes a minor subdivision and such subdivision conforms, with or without approved variances, to the applicable planning and zoning regulations or ordinances of the city, town or village, as the case may be, the subdivider may apply in writing to the County Planning Commission to request approval of such subdivision pursuant to this provision. The County Planning Commission shall, by regulation, adopt streamlined procedures and application filing requirements for minor subdivision applications. Not later than sixty–two days after the County Planning Commission receives an application for subdivision approval that the Planning Department has determined proposes a minor subdivision, and deems such application complete, the County Planning Commission shall consider such minor subdivision at a public hearing. The County Planning Commission shall make a determination approving, approving with conditions or denying any minor subdivision requests within sixty–two days after the application is deemed complete, unless such a period shall have been extended by consent of the applicant or the County Planning Commission has deemed an extension of time to be in the best interest of the public. Approval by the County Planning Commission of a minor subdivision shall remain in effect for no more than one year after the date of certification of the resolution granting such approval unless upon application and for good cause shown, the County Planning Commission in its discretion extends the effectiveness of such. The Planning Commission may grant such an extension for a period of up to six months from the expiration of effectiveness of the original resolution and the total extensions granted by the Commission may not exceed one year from such expiration. In lieu of a new subdivision application, a property owner or authorized agent may apply for an extension of time for filing the survey and deeds of an approved minor subdivision if such extension request is submitted within one year from the date of certification of approval or prior to the expiration of any extension previously granted by the Commission.

3. Upon timely completion of all requirements constituting the conditions for its final approval, the final map shall be certified in writing as approved by the Chairperson, Executive Commissioner or other duly authorized agent of the County Planning Commission. A subdivider shall file the approved map, together with one duplicate tracing, with the County Clerk no later than one year following the date of certification of the resolution granting approval of such map; provided, however, that the County Planning Commission may in its sole discretion extend the time period by which an approved final map must be so filed, but such period shall not extend more than one year from the date of expiration of the deadline for filing the map pursuant to the original certified resolution granting approval, and provided further that no single such extension shall be granted for a period of more than six months. In lieu of a new subdivision map application, a property owner or authorized agent may apply for an extension of time for filing the map of an approved major subdivision if such extension request is submitted within one year from the date of certification of approval or prior to the expiration of any extension previously granted by the Commission. Duplicate tracings of the map as prescribed by regulation shall be presented at the office of the County Planning Commission.

d. **Major subdivision preliminary map approval.** Where a subdivider proposes a
major subdivision, the subdivider shall submit a preliminary map to the County Planning Commission. Such a preliminary map shall be clearly marked "preliminary map" and shall conform to the all requirements for preliminary maps as provided in this section and the regulations of the County Planning Commission. Not later than sixty-two days after the County Planning Commission receives an application for preliminary map approval that it deems complete, the County Planning Commission shall consider such preliminary map at a public hearing. Not later than sixty-two days after the date of such hearing, the Commission shall approve, conditionally approve or disapprove such preliminary map and shall state on the record the reasons for its determination. Not later than fourteen days after the Commission approves a preliminary map, it shall file certification of such approval in the office of the Commission and mail such certification to the subdivider.

The time by which the Commission must take action on a preliminary map as provided herein may be extended by mutual consent of the Commission and the subdivider or if the Commission deems such extension of time to be in the public interest.

e. Major subdivision final map approval.

1. Not later than twelve months after the County Planning Commission approves a subdivider’s preliminary map, or longer upon the Commission’s consent, such subdivider shall submit a final map with a complete application for final approval as provided by this subdivision and regulations adopted pursuant to this section. Such application shall include all municipal or governmental agency approvals as may by law or regulation be required, including but not limited to the approvals set forth in Real Property Law Section 334-a, subdivisions two through fourteen. The applicant shall also provide an estimate of the cost of public improvements and utilities; the consent of the mortgagee(s) to the filing of the map; a certificate of title of an approved title company, in a form satisfactory to the County Planning Commission, certifying record title in the name of the applicant; prints of the final map as may be required; and any required fee. Such application shall be filed with the County Planning Commission not later than twenty-one days before a regular meeting of the County Planning Commission, which time period the County Planning Commission may reduce for good cause shown, but in no event shall the public hearing on the final map be on less than seven days notice. The County Planning Commission may revoke its approval of a subdivider’s preliminary map if his or her application for final map approval is not timely submitted. Not later than sixty-two days after a subdivider submits his or her complete application for final map approval, the County Planning Commission shall consider such final map at a public hearing. The County Planning Commission shall by resolution approve, conditionally approve, or disapprove a final map not later than sixty-two days after the date of public hearing to consider such final map. The time by which the County Planning Commission must take action on a final map as provided herein may be extended by mutual consent of the County Planning Commission and the subdivider, or the County Planning Commission has deemed an extension of time to be in the best interest of the public.

2. Not later than forty-five days after a final map is approved, the applicant shall submit to the County Planning Commission, as provided herein and by regulation of the County Planning Commission, a surety company bond and/or cash security in an amount determined by the County Planning Commission and in accordance with a form supplied by the County Planning Commission to ensure timely and satisfactory completion of any
improvements upon which the County Planning Commission conditioned its final approval of a map. There shall also be included in determining the amount of such bond and/or cash security the reasonable cost of inspection of any such improvements by the County Planning Commission, the estimated cost for employing private security to guard any storm water drainage or storage basins required to be installed by the County Planning Commission, the cost of liability insurance, and the estimated cost of installation of necessary utilities. The County Planning Commission may, in its sole discretion, accept assurance in writing from each utility supplier whose facilities are proposed to be installed. When such a written assurance is acceptable, it shall be addressed to the County Planning Commission and state that such utility supplier will make the installations necessary not later than a date satisfactory to the County Planning Commission.

3. Upon timely completion of all requirements constituting the conditions for its final approval, the final map shall be certified in writing as approved by the Chairperson, Executive Commissioner or other duly authorized agent of the County Planning Commission. A subdivider shall file the approved map, together with one duplicate tracing, with the County Clerk no later than ninety days following the date of certification of the resolution granting approval of such map; provided, however, that the County Planning Commission may in its sole discretion extend the time period by which an approved final map must be so filed, but such period shall not extend more than one year from the date of initial approval. In lieu of a new subdivision map application, a property owner or authorized agent may apply for an extension of time for filing the map of an approved major subdivision if such extension request is submitted within one year from the date of initial map approval. Duplicate tracings of the map as prescribed by regulation shall be presented at the office of the County Planning Commission.

4. The filing of an approved map shall constitute an irrevocable offer of dedication by the owner of the land to the municipality having jurisdiction of public streets, public roads or public highways shown on said map; provided, however, that such filing of an approved map shall not be deemed to constitute or effect such municipality’s agreement to dedicate any street or other open space shown upon such map.

f. Subdivider duty to provide notice of public hearings. 1. A subdivider seeking approval of a proposed subdivision shall provide to all property owners of record as of the most recent county assessment roll whose property is within two hundred feet of the perimeter of the subject property notice of the time, date and location of any public hearing at which the Planning Commission will consider his or her application for such approval. Such notice (a) shall be provided no later than thirteen days before the date of such public hearing; except for public hearings on final map approvals if the County Planning Commission permits such a reduction of time, but in no event later than seven days notice, and (b) shall be sent by certified mail, return receipt requested, or by overnight mail with proof of delivery, on forms supplied by the Planning Division of the Department of Public Works. All hearings for major subdivision applications shall be advertised at least once in a newspaper of general circulation in the County at least thirteen days before the date of such hearing, or as otherwise directed by the Commission. Not later than five days before the date of such public hearing, such subdivider shall file with the Planning Division an affidavit, executed by the applicant on
a form supplied by the Planning Division, stating the name and address of each person to whom notice was sent and the date when such notice was sent. In addition to the foregoing notice requirement, the major subdivision applicant may be required to post copies of such notice in such places and in such manners as may be prescribed by the County Planning Commission and may further be required to advertise in such manner as the County Planning Commission deems most appropriate to provide for full public consideration of such proposed subdivision. Additional notice shall not be required when a hearing has been adjourned or continued, unless otherwise required by the County Planning Commission.

(Amended by Local Law No. 5-2012, signed by the County Executive on June 14, 2011)

g. Authority to adopt regulations. 1. The County Planning Commission is hereby authorized to establish and amend, by resolution, regulations for the subdivision of land consistent with the provisions of this article. Before adopting such regulations the County Planning Commission shall hold a public hearing on the proposed regulations and any amendments thereto not sooner than fourteen days after the date notice of the time and place of such hearing is given by publication in the official newspapers of the County. Such regulations shall be submitted to the Nassau County Legislature for its approval by ordinance; provided, however, that the failure of the Legislature to enact such an ordinance shall not prevent the exercise by the County Planning Commission of the powers conferred by this provision. The Planning Commission may vary, subject to appropriate conditions, such requirements of the regulations established as provided in this section as in its judgment of the special circumstances and conditions relating to a particular plat are not requisite in the interest of the public health, safety and general welfare

   a) Such regulations may provide, without limitation, for:

      A. categories of applications subject or not subject to hearings;

      B. requirements that the land shown on a map be of such a character that it can be used safely for building purposes without danger to health or peril from fire, flood or other menace;

      C. the proper arrangement and width of streets in relation to other existing or planned streets and to any master plan adopted by a city, town or village, for adequate convenience and suitable open spaces for traffic, utilities, access of fire fighting apparatus, recreation, light, and air, and for the avoidance of congestion of population, including minimum width and area of lots;

3. Such regulations may condition the approval of all subdivision applications on requirements regarding but not limited to: (i) the extent to which streets, roads, highways and other public places shown upon the map shall be graded and improved; (ii) for the installation of sidewalks and curbs upon existing highways, roads or streets which intersect or bound the map; (iii) the extent to which water, sewer and other utility mains, piping, fire alarms, or other facilities, sidewalks, curbs, gutters, street signs and lighting standards shall be installed in accordance with standards, specifications and procedure of County and town highway officials; (iv) where lots or plots are to back on highways, roads or streets existing or shown on the plat; (v) the extent and nature of planting or screening which shall be installed; (vi) that suitable monuments be placed at such block corners and other points as may be required by the County Planning Commission and (vii) the terms and conditions under which a subdivider shall submit a bond and/or cash to secure the completion of the subdivision in accordance with the conditions of approval and all applicable law.

h. Bonding Requirements; Public Improvements. No public improvements shall be commenced or utilities installed pending final approval of the plat by the County Planning Commission and/or the planning authority or authorities having jurisdiction thereof and filing in the Office of the County Clerk. Prior to the final approval of the plat the Planning Commission may accept a bond with surety and/or cash security by certified check to secure to the County, city or village, as the case may be, the actual construction and installation of such improvements or utilities and the reasonable cost of inspection on behalf of the County Planning Commission during such construction, at a time and according to specifications fixed by the County Planning Commission and in accordance with the regulations. If any public utility company whose facilities are proposed to be installed shall file with the Commission satisfactory assurance that such utility company will make the installations necessary for the furnishing of its services within the time satisfactory to the Planning Commission, the Commission in its discretion may waive the bond as to the utility to be furnished. The term of such bond may be extended by the Planning Commission with the consent of the parties thereto after a public hearing held upon notice as provided in subdivision e of section sixteen hundred ten of this article with respect to the final approval of plats for the subdivision of land. If the Planning Commission shall decide at any time during the term of the said bond and/or cash security that the extent of development which has taken place in the subdivision is not sufficient to warrant all the improvements covered by such bond, and/or cash security or that required improvements have been installed as provided in this section is in sufficient amount to warrant reduction in the face amount of said bond, the Planning Commission after public hearing upon the same notice as required for the consideration of a plat may modify its requirements for any or all such improvements and the face amount of such bond and/or such cash security and/or surety may thereupon be either reduced or increased as in its judgment of the special circumstances and conditions of the particular plat may be required in the interest of the public health, safety and general welfare by an appropriate amount so that the new face amount will cover the cost in full of the amended list of improvements required by the County Planning Commission and any security deposited with the bond may be reduced, increased or modified proportionately. Upon the completion of the improvements covered by said bond and/or cash security to the satisfaction of the County Planning Commission and, should the municipality having
jurisdiction determine that it intends to accept dedication of such improvements, upon the acceptance by the municipality thereof, the County Planning Commission may, after a public hearing held upon notice as provided in this section with respect to the reduction of the face amount of such bonds, recommend the release of said bond and/or cash security and/or surety to the Legislature. In the event that any required improvements have not been installed as provided in this section within the term of such performance bond and/or cash security, the County Executive upon recommendation of the Commission may thereupon declare that said performance bond and/or cash security to be in default. The County, city or village, as the case may be, is hereby granted the power to enforce such bond, and/or cash security by all appropriate legal and equitable remedies. Upon the receipt of any sums of money collected upon said bond and/or cash security the County shall install such improvements as were covered thereby and are commensurate with the extent of building development that has taken place in the subdivision but not exceeding in cost the amount of such monies so received. In the event that any improvements have been commenced or are being installed in violation of this section or the provisions of the resolution of the County Planning Commission approving the plat and/or not in accordance with the specifications of the County Planning Commission's regulations, the County, city or village, as the case may be, in addition to other remedies, may institute any appropriate action or proceeding to restrain, correct and/or abate such violation. Where under this section it is required that a plat shall be approved by both the County Planning Commission and the planning authority of any city or village or villages each such planning authority may require a bond and/or cash security covering the improvements as to the land within the jurisdiction of such authority under the law governing such planning authority, or the County Planning Commission and such planning authority may agree to accept one bond and/or cash security as to their respective interests therein. Except as to the requirement for joint approval of a plat, this section shall not be deemed to supersede or change any provision of law relating to the approval of plats of subdivisions in any city or village as to the land within such city or village.

§ 2206. Execution of Contracts. All contracts except for the purchase of supplies, materials, equipment and services in connection with the operation, renovation and maintenance of county facilities or equipment shall be made and executed by the County Executive. Notwithstanding the aforesaid provisions of this section, maintenance contracts applicable to the Department of Public Works shall be made and executed by the County Executive and the County Executive may delegate to any of his deputies the authority to make and execute, on behalf of the county, contracts which are the subject of this section provided he shall file with the clerk of the County Legislature a written authorization indicating therein the extent of such delegation. Any such authorization shall remain in effect during the term of the County Executive or until the County Executive files a written revocation with the clerk of the County Legislature. Whenever any such contract involves the expenditure of more than twenty thousand dollars, except contracts for personal services, the contract shall be let to the lowest responsible bidder by sealed bids or proposals made in compliance with public notice published at least once in the official newspapers at least five days prior to the day on which sealed proposals are to be opened except that such contract may be awarded to a bidder other than the lowest responsible bidder, as aforesaid, where such other bidder maintains a place of business in the County of Nassau or in an adjoining municipality and submits a bid not exceeding ten percent more than the otherwise lowest responsible bidder. The bids or proposals shall be opened publicly by the County Executive, one of his deputies or such other person, as the County Executive may designate, in the presence of the Comptroller or his designee, provided that if the Comptroller or his designee after due notice fails to attend, the County Executive or his designee may proceed as if he were present. The successful bidder must give security for faithful performance of his contract, the adequacy and sufficiency of which shall be approved by the Comptroller. No bid shall be accepted from, or a contract awarded to, any person who is in arrears to the county upon debt or contract or who has defaulted as surety or otherwise upon any obligation to the county. No contract shall be executed by the County Executive or one of his deputies in the name of the County until the same has been approved as to form by the County Attorney. A copy of each contract when executed shall be filed with the clerk of the County Legislature and the Comptroller together with a copy of any ordinance, other than the annual appropriation ordinance, upon which the right to make such contract rests. The awarding of any contract exceeding $100,000 shall be subject to the approval of the Rules Committee of the County Legislature. Notwithstanding the foregoing provisions of this section or any general, special or local law to the contrary, in the case of emergency, the County Executive, by written declaration setting forth the nature of the emergency,
may dispense with the requirements for public notice and the taking of bids notwithstanding that the contract may involve the expenditure of more than twenty thousand dollars. Any emergency purchase made pursuant to this section shall be limited to the amount and term deemed necessary in the sole discretion of the County Executive to remediate the emergency. If such contract involves an expenditure of $100,000 or more, a resolution ratifying the act of the County Executive or authorized Deputy County Executive awarding the contract shall be introduced to the County Legislature for consideration at its next available Legislative Meeting in accordance with the Rules of the County Legislature. In addition, at the time such ratifying resolution is called at all Committee Meetings and the Legislative Meeting, the County Executive must appear before such Committee(s) and the County Legislature to justify the expenditure. Without a resolution passed by the County Legislature, any contract executed by the County Executive or authorized Deputy County Executive which is exempt from the public notice requirements and the bid procedures of this section by reason of an emergency shall be limited to a term of one (1) year and to an expenditure equal to $100,000 plus any funds expended to remediate the emergency prior to the Legislative Meeting at which such ratifying resolution was voted upon. Without a Resolution passed by the County Legislature, any open services contract executed by the County Executive or authorized Deputy County Executive shall be limited to an expenditure of one hundred thousand ($100,000) dollars and to a term of one (1) year. In addition, without a resolution passed by the County Legislature, no person, firm, entity, principal or any firm or entity or affiliated person, affiliated firm, affiliated entity or affiliated principal of any firm or entity shall, in any year, be awarded open services contracts by the County Executive or authorized Deputy County Executive the aggregate amount of expenditures under which exceed three hundred thousand ($300,000) dollars.

(b) Such postings shall be secure from deterioration and/or obliteration by the elements, defacement, and acts of vandalism.

(c) Notices shall be maintained in a legible manner and shall be replaced if damaged, defaced, rendered illegible or removed for any reason.

(e) Said notice shall include the telephone number and address of the New York State Department of Labor, Bureau of Public Works.

Such written notice shall be given to the employee at or before such individual commences work at the project site.

(b) The Contractor shall obtain from each employee a written acknowledgement that the employee has received a copy of such notice and is receiving the prevailing wage rate. For the purposes of this section, an employee includes, in addition to those immediately under the hire and/or supervision of the Contractor, employees and independent contractors of subcontractors engaged in work at the project site. The Coliseum will be the site of a wide variety of activities including athletic games, contests, spectacles, entertainment events, trade shows and exhibitions. The successful use and operation of the Coliseum requires the proper management and administration in such proprietary areas as promotion, booking, contract negotiations, ticket sales, crowd management, labor relations, building and equipment maintenance and the granting of various concessions. In order to insure the necessary efficient and economical operation of the Coliseum, it is deemed essential to provide a greater amount of flexibility in dealing with the problems in the aforementioned...

3. Contracts for services to be performed at the Nassau County Veterans Memorial Coliseum. The operation of the Coliseum requires specialized services and manpower in such areas as crowd management, promotion, booking, ticket sales, security, and building and equipment maintenance, suited to the individual needs of the various events.

   The County of Nassau is therefore hereby authorized and empowered to enter into contracts for the specialized services and manpower required to prepare for and maintain the operational functions of the Coliseum during the performance of an event, trade show or exhibition and to provide for the security of persons and property in connection therewith.

   No such contracts shall be deemed to be contracts for public work or purchase within the meaning of the general municipal law.

The account established hereunder shall be subject to audit by the Comptroller of the County of Nassau, who shall keep an exact and detailed account of all monies actually received into and disbursed from said account.

5. Agreements for specialized equipment or materials at the Coliseum. Notwithstanding any general or special law to the contrary, the County of Nassau is hereby authorized and empowered to enter into agreements for the lease or use of electronic equipment designed to provide an animated scoreboard, instant replay, advertising and messages in the Nassau County Veterans Memorial Coliseum. Such agreement may provide that the county shall have an option to purchase such equipment during the terms thereof.

§ 2216. Continuity of Government.

1. Public Policy. Because of the existing possibility of an attack upon the United
States of unprecedented size and destructiveness, including the inevitable hazards
of radioactive contamination; and in order, in the event of such an attack, to
assure the continuation of effective, legally constituted leadership, authority and

Nothing in this law shall be construed as a determination of whether the officers listed herein are officers of the County for purposes other than under Section 29a of the New York State Defense Emergency Act.

2. Definitions. As used in this local law, unless the context otherwise clearly indicates, the following terms shall mean and include:

(a) "Unavailable" shall mean either that a vacancy in office exists and there is no deputy authorized to exercise all of the powers and discharge the duties of the office, or that the lawful incumbent of the office (including any deputy exercising the powers and discharging the duties of an office because of a vacancy) and his duly authorized deputy are absent or unable, for physical, mental or legal reasons, to exercise the powers and discharge the duties of the office.

(b) "Attack" shall mean any attack or series of attacks by an enemy of the United States causing, or which may cause, substantial damage or injury to civilian property or persons in the United States in any manner, by sabotage or by the use of bombs, missiles, shellfire, or atomic, radiological, chemical, bacteriological or biological means or other weapons or processes.

(c) "Duly authorized deputy" shall mean a person who is presently authorized to perform all of the functions, exercise all of the powers and discharge all of the duties of an office in the event the office is vacant or at such times as it lacks administration due to the death, absence or disability of the incumbent officer.

(d) "Emergency Interim Successor" shall mean a person designated pursuant to this ordinance for possible temporary succession to the powers and duties, but not the office, or a County officer in the event that such officer or any duly authorized deputy is unavailable to exercise the powers and discharge the duties of the office.

(a) Elective Officers. Within thirty (30) days following the effective date of this ordinance and thereafter within thirty (30) days after first entering upon the duties of his office, the County Executive, each member of the Board of Supervisors of Nassau County, and the County Treasurer are hereby designated as Emergency Interim Successors.
Supervisors, the County Clerk, the County Comptroller, the County Sheriff, the President of the Board of Assessors, the District Attorney, the Surrogate of Nassau County, the County Judges, the Judges of the Family Court, the Judges of the District Courts of Nassau County, shall, in addition to any duly authorized deputy, designate such number of emergency interim successors to his office and specify their rank in order of succession after any duly authorized deputy so that there will be not less than three (3) such duly authorized deputies or emergency interim successors or combination thereof for the office. Nothing herein, however, shall in any way modify or supersede the provisions of Section 205 of the County Government Law of the County of Nassau (County Charter), specifying the authority of the County Executive to appoint a Deputy County Executive and the authority of the Vice Chairman of the Board of Supervisors to act in the event of the latter's incapacity.

(b) Appointive Officers. Each appointive officer, including the heads of the various County Departments, within the time specified in Subsection (a) of this Section, in addition to any duly authorized deputy, designate for such appointive officers, such number of emergency interim successors to these officers and specify their rank in order of succession after any duly authorized deputy so that there will be not less than three (3) duly authorized deputies or emergency interim successors or combination thereof. Where such a body of officers consists of members having overlapping terms, such body of officers shall review and as necessary, revise the previous designations of emergency interim successors by such Board within thirty (30) days after a new member elected or appointed to such body of officers first enters upon the duties of his office as a member of such body of officers.

(c) Review of designation. The incumbent in the case of those elective officers specified in subsection (a) of this Section, and the County Executive in the case of those appointive officers specified in subsection (b) of this Section, shall review and, as necessary promptly, revise the designations of emergency interim successors to insure that at all times there are at least three such qualified emergency interim successors or duly authorized deputies or any combination for each officer specified.

(d) Qualifications. No person shall be designated or serve as an emergency interim successor unless he may, under the constitution and statutes of this State and the charter or ordinance of this County, hold the office of the person to whose powers and duties he is designated to succeed, but no provisions of any Ordinance prohibiting an officer or employee of this County from holding another office shall be applicable to an emergency interim successor.

(e) Status of Emergency Interim Successor. A person designated as an emergency interim successor holds that designation at the pleasure of the designator: provided, that he must be replaced if removed. He retains this designation as emergency interim successor until replaced by another.

4. Assumption of Powers and Duties of Officer by Emergency Interim Successor. If in the event of an attack, any officer named in subsections (a) and (b) of this Section 1 of this Ordinance and any duty authorized deputy is unavailable, his emergency interim successor highest in rank in order of succession who is not unavailable shall, except for the power and duty to appoint emergency interim successors, exercise the powers and discharge the duties of such officer. An emergency interim successor shall exercise these powers and discharge these duties only until such time as the lawful incumbent officer or any duly authorized deputy or an emergency interim successor higher in rank in order of succession exercises, or resumes the exercise of, the powers and discharge of the duties of the office, or until, where an actual vacancy exists, a successor is appointed to fill such vacancy or is elected and qualified as provided by law.

5. Recording and Publication. The name, address and rank in order of succession of each duly authorized deputy shall be filed with the County Clerk and each designation, replacement, or change in order of succession of an emergency interim successor shall become effective when the designator files with the County Clerk the successor's name, address and rank in order of succession. The County Clerk shall keep on file all such data regarding duly authorized deputies and emergency interim successors and it shall be open to public inspection.

6. Formalities of Taking Office. At the time of their designation, emergency interim successors shall take such oath and do such other things, if any, as may be required to qualify them to exercise the powers and discharge the duties of the office to which they may succeed.

7. Quorum and Vote Requirements. In the event of an attack, (1) quorum requirements for the Board of Supervisors shall be suspended, and (2) where the affirmative vote of a specified proportion of members for approval of an ordinance, resolution or other action would otherwise be required, the same proportion of those voting thereon shall be sufficient.

8. Separability Clause. If any section, subsection, sentence, clause, phrase or portion of this local law is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

(Added by Local Law No. 11-1963, in effect October 28, 1963.)

§ 2217. Annual hearing of departments. a. A County officer or employee, whether paid or unpaid, shall promptly recuse himself or herself from acting on any matter before the County in which he or she has (i) any direct or indirect financial or (ii) any other private interest that a reasonable person would perceive to compromise his or her ability to make impartial judgments or take discretionary actions in the best interests of the County.

b. Any County officer or employee who recuses himself or herself pursuant to paragraph (a) of this subdivision shall be required to disclose such recusal in writing to the Board and the nature of his or her private interest. The Board shall file and retain such disclosure as a public record. The Board may issue an opinion in response to such disclosure, request additional information related to the disclosure, give advice by letter or informal communication, or file the disclosure with no response. Neither the disclosure nor any response by the Board shall be confidential.

(Amended by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

c. Where a County officer or employee has, or acquires an interest in any existing or proposed legislation, contract, purchase agreement, lease agreement, use and occupancy agreement, or other agreement with the County, the officer or employee shall disclose the nature and extent of that interest in writing to his or her immediate supervisor and to the Board as soon as he or she has knowledge of the actual or prospective interest.

(Amended by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

6. Misuse of County resources. No officer or employee of the County shall use the

resources of the County in furtherance of his or her business, professional or political interests or activities, or in furtherance of the interests or activities of any outside entity other than pursuant to a County contract with such entity, without the approval of the head of his or her agency and the approval of the Board of Ethics upon a finding by the Board that such activity is in furtherance of the interests of the County, and the written approval of the Inspector General. (Amended by Local Law No. 11-2017, signed by the County Executive on December 26, 2017).

7. Hiring and supervision of relatives. No officer or employee of the County shall hire or induce others to hire a relative of such officer or employee nor shall any officer or employee of the County directly supervise or evaluate the work of any relative employed by the County except: a) as required by the Civil Service Law or rules promulgated thereunder; b) pursuant to a supervisory arrangement that began prior to the effective date of this subdivision; or c) with the written approval of the Board of Ethics. In determining whether to approve the request of an officer or employee to hire or supervise a relative, the Board shall consider, among other things, the nature of the relationship at issue and any steps that have been taken to ensure objectivity in any such hiring decision, salary determination, evaluations, recommendations for promotions and increases and other aspects of a supervisory relationship. Neither such request for Board approval nor the determination of the Board shall be confidential. Nothing in this subdivision, nor any approval issued by the Board pursuant to this subdivision, shall relieve an employee of the continuing requirement to exercise his job duties in the best interests of the County, without giving raises, promotions or other beneficial terms or conditions of employment based on private interests or personal relationships, and the Board may continue to enforce such requirement, as it deems appropriate, whether or not it has approved the hiring or supervision of a relative.

8. Post-employment restrictions.

a. No person who has served as a paid officer or employee of the County shall, within a period of two years after the termination of such service or employment, appear before any Board, agency, officer or employee of the County, except on behalf of the State, or a political subdivision or instrumentality thereof, or in furtherance of the interests of the County with the approval of the Board upon application of a County agency. No person who has served as an unpaid officer or employee of the County shall, within a period of two years after the termination of such service or employment, appear before his or her former agency or the officers or employees thereof, except on behalf of the State, or a political subdivision or instrumentality thereof, or in furtherance of the interests of the County with the approval of the Board upon application of a County agency.

b. No person who has served as a paid or unpaid officer or employee of the County shall receive compensation or render any services in relation to any
case, proceeding, application or particular matter which such person was
directly concerned with, personally participated in, or actively considered
during the period of his or her service or employment, except in furtherance of
the interests of the County with the approval of the Board upon application of
a County agency. A former officer or employee is also required to ensure that
adequate measures are taken to prevent his or her participating in any manner
in such particular case, proceeding, application or particular matter if a law
firm or other entity in which such person is an owner, member or employee
becomes involved with any aspect of such particular case, proceeding,
application or particular matter

c. No former paid or unpaid officer or employee of the County shall disclose
confidential information concerning the property, government or affairs of the
County or any other confidential information of an official character obtained
as a result of County employment except when disclosure is required by law
or when such information is otherwise available to the public, nor shall he or
she use such information to advance the financial or other private interest of
himself or herself or others.

9. Pecuniary interest of officers, employees or agents in execution of contracts
prohibited. No officer, employee or agent of the County, whether he or she be
such by election, appointment or contract shall directly or indirectly, either on his
or her own behalf or for another person or corporation, make or participate in
making, including the preparation of specifications or plans for, any contract or
agreement in which said officer or employee or agent is interested directly or
indirectly as principal or agent or as an officer of or owner of stock in a
corporation, nor shall an officer, employee or agent in any way influence the
action of any other officer or employee or agent in relation to the making, or fail
to recuse him or herself from the discussion and approval process of any County
contract or agreement in which he or she has such an interest. In addition to other
penalties that may be imposed by the Board as set forth in this Code, if any such
officer or employee or agent shall willfully violate the provision of this section,
such contract or agreement shall be voidable, and such officer or employee or
agent shall be guilty of a misdemeanor and upon conviction thereof shall forfeit
his office or employment or agency and shall be further punished by a fine of not
more than one thousand dollars or by both such fine and imprisonment. The
provisions of this section shall not apply to the making of a contract with the
County to serve as a foster parent or to act as a physician for any County
department or agency or to any ministerial acts taken by a County officer,
employee or agent. Further, the provisions of this section shall not preclude a
contractor or a contractor’s officers and employees from advocating for or
participating in the drafting of extensions, renewals or amendments of its own
contract with the County nor preclude a contractor from assisting the County with
the drafting of specifications upon request of a County agency.
10. Board of Ethics.

a. There shall be a Board of Ethics consisting of five members, four (4) of whom shall be appointed by the County Executive, subject to the confirmation of the County Legislature, all of whom shall reside in the County and who shall serve without compensation, not more than two (2) of whom shall be members of the same political party and the County Attorney. A majority of such members shall not be officers or employees of the County or any municipality. The members of the Board shall elect a chairperson. Except for the County Attorney, each member shall serve for a term of five (5) years. (Amended by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

i With the exception of the County Attorney, no person, while serving as a member of the Board, shall hold any public office, seek election to any public office, be a public employee in any jurisdiction, have business dealings with the County or any elected official, hold any political party office, appear as a lobbyist before the County or make a contribution to any County elected official or candidate for County office (Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

ii Any vacancy occurring on the Board other than by expiration of a term shall be filled by nomination of a successor within sixty (60) days of the creation of the vacancy. The County Legislature shall act on such nomination within sixty (60) days of the filing of the appointing resolution in the Office of the Legislature. (Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

iii Three (3) members of the Board shall constitute a quorum, and the Board shall have the power to act by a vote of three (3) members. (Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

iv the members of the Board shall not receive compensation but shall be reimbursed for reasonable expenses incurred in the performance of their official duties. (Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

b. The Board shall have the authority to investigate complaints of actions in violation of this section or may initiate an investigation by a majority vote of the Board. The results of any such investigation may be shared, in the discretion of the Board, with necessary and appropriate County officers and law enforcement officials. In furtherance of this investigatory function, the
Board may request that the Commissioner of Investigations or the Inspector General use the power and resources of his or her office to assist the Board. (Amended by Local Law No. 6-2017, signed by the County Executive on July 11, 2017; amended by Local Law No. 11-2017, signed by the County Executive on December 26, 2017.)

c. The Board shall develop written guidelines as to the procedures it shall follow in the investigation and determination of a complaint. Such guidelines shall be included in a webpage on the Official Website of Nassau County. (Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

i In the course of an investigation and complaint, all procedural protections, rights to representation or counsel and due process contained in Civil Service Law Section 75 shall be afforded to all officers or employees and Section 75 rules and procedures shall control regardless of the eligibility of the officer or employee under the Civil Service Law. (Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

d. The Board also shall render advisory opinions with respect to this section, such opinions to be rendered only to an officer or employee or former officer or employee requesting advice relative to himself or herself, or to the head of a County agency, to the County Executive or to a Legislator. All requests for opinions must be submitted to the Board in writing. Such opinion shall be rendered, if practicable, within thirty (30) days of the receipt by the Board of the written request. If more than thirty (30) days are required to issue the requested opinion, the Board shall notify the individual making the request and inform that individual of a date upon which the opinion shall be rendered. In addition, the Board shall notify any individual requesting an advisory opinion if it is unable to provide the requested opinion within (30) days. Such notification shall contain sufficient detail as to the reasons the Board is unable to render an opinion, and shall request additional information if necessary to allow it to render an opinion. The Board may decline to issue an opinion when (a) the request inquires about the propriety of conduct of a person other than the requester; (b) the subject of the request is a person other than the requester; (c) the request raises an abstract or hypothetical question. The Board shall only disclose and distribute opinions to the person duly requesting it. However, where an advisory opinion is issued and the person who is the subject of the opinion fails to adhere to the guidance of an opinion that has been disclosed to him or her, such violation may, in the discretion of the Board, be disclosed to the head of such person’s agency or the necessary and appropriate County officers or law enforcement officials, subject to the provisions in subdivision 11 herein. Notwithstanding the provisions of this paragraph, all such advisory opinions issued by the Board either prior to or subsequent to the effective date of this local law may be issued with the names and other identifying information redacted and such advisory opinions issued with appropriate redactions shall be made available to the public to the extent the Board determines that identities can be meaningfully protected. Opinions
may also be issued and disclosed without the names redacted with the permission of any person who will be identified. Whenever a request for access to an advisory opinion is received, the officer, employee or appointed official who requested the rendering of the advisory opinion shall be notified of the access request by written notice to be mailed within seventy-two (72) hours of the receipt by the Board of Ethics of the request for access.

(Amended by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

e. In lieu of a formal request for opinion, a County officer or employee may, at any time, submit to the Board an informational letter concerning his or her outside interests or activities whether or not such interests or activities appear to pose an explicit conflict of interest under this Code. Such an informational letter may also be submitted by an officer or employee concerning the outside interests or activities of someone to whom the officer or employee intends to make an offer of County employment or by a former County officer or employee. The Board shall file and retain such informational letter as a public record. The Board may issue an opinion in response to the informational letter, give advice by letter or informal communication, or file the informational letter with no response. Neither the informational letter nor any response by the Board shall be confidential.

f. The Board shall promulgate its own rules and regulations concerning its forms and procedures and shall maintain appropriate records of its opinions and proceedings.

g. The Board shall administer and enforce the provisions of Section 22-4.3(c) of the Nassau County Administrative Code relating to the filing of financial disclosure forms and financial disclosure requirements by County officials, officers and employees. h. The Board shall have the responsibility of informing County officers and employees and assisting their understanding of conflicts of interest requirements set forth by this Code and shall provide ethics training, guidance documents, seminars and education to Nassau County’s officers, employees, departments, boards and commissions. Such training may be on the request of a particular department on a particular subject or subjects or upon the Board's own initiative and recommendation. The Board may conduct in person training and/or may utilize interactive on-line, web-based technologies in furtherance of this section.

(Added by Local Law No. 6-2017, signed by the County Executive on July 11, 2017).

ARTICLE XXV DISTRICT COURT, CIVIL PROCEDURE
(Repealed by L. 1939 Ch. 274)
ARTICLE XXVI  APPLICATION OF ACT; WHEN AND HOW EFFECTIVE

Section 2601. Act alternative form of government for certain counties.
2602. Submission and adoption of alternative form of government.
2603. Manner of submission.
2604. Submission of this alternative form not exclusive of others.
2605. Effect of adoption of this alternative form.
2606. Invalidity as to part not to affect validity of remainder.
2607. When to take effect.

§ 2601. Act alternative form of government for certain counties. This act provides an alternative form of government, in accordance with the provisions of section twenty-six of article three of the constitution of this state, for counties, except counties wholly included in a city, which shall have, at the time of the adoption of such alternative form of government therein, a population of not less than three hundred thousand nor more than four hundred thousand, and not in excess of three towns; and any such county may adopt such alternative form of government as provided by the constitution and by this act.

§ 2602. Submission and adoption of alternative form of government. The foregoing alternative form of government shall not become operative in the county unless and until adopted at a general election held in such county in an even numbered year by receiving a majority of the total votes cast therein in (1) the county, (2) every city containing more than twenty-five per centum of the population of the county according to the last preceding federal census, and (3) that part of the county, if any, outside of such cities. The question on the adoption of such alternative form of government shall be as follows: "Shall the alternative form of government for the county of (insert name of county) provided by chapter (insert chapter number of this act) of the laws of nineteen hundred, thirty-six be adopted and become operative in such county." Electors residing in such county who then are qualified to vote therein for members of assembly shall be qualified to vote on such question in the election districts in which they severally reside.

§ 2603. Manner of submission.

1. Such alternative form of government shall be submitted for adoption as above provided to the electors of each such county at the general election to be held therein in the year nineteen hundred thirty-six.

2. Such alternative form of government, if not adopted at the general election in nineteen hundred thirty-six, may be submitted for adoption as above provided by resolution of the Board of Supervisors of the county to the electors thereof at any general election held therein in an even numbered year. Such a resolution, if any, shall be adopted in the year of such election and a copy, duly certified by the clerk of such board, shall be filed with the Board of Elections of the county at least sixty days prior to such election.

January 15, 2021
233
3. If a petition be filed with the Board of Elections of such county not less than sixty days prior to such a general election in an even numbered year, signed by qualified electors of the county to a number equal to five per centum of the total vote cast in such county for governor at the last preceding election for governor, verified or authenticated in the manner provided in the Election Law with respect to designating petitions, requesting that the question of the adoption of such alternative form of government be submitted at such election, it must be so submitted. All papers severally containing such request and signed and so verified or authenticated, when bound together and afforded for filing, shall constitute one petition.

4. The Board of Elections of the county shall cause a notice of the referendum on such alternative form of government to be published in one or more daily newspapers of general circulation in the county twice a week for a period of three consecutive weeks immediately preceding the election. The Board of Elections shall provide the ballots, blanks and supplies for such referendum. The question shall be submitted, the votes counted, returns made and results canvassed and certified, so far as practicable, in the manner provided by law for the submission in the county of questions decided by the voters of the state; and the Board of Elections, inspectors and clerks of elections, and other officers shall have and perform the duties imposed on them regarding the submission of such questions. The results shall be canvassed and certified by the Board of County Canvassers of a general election. The expense of submitting such question shall be a county charge.

§ 2604. Submission of this alternative form not exclusive of others. Nothing contained in this act shall hinder or prevent the submission in such a county of any other alternative form of government under any other act, providing other alternative forms of government pursuant to section twenty-six of article three of the constitution. No such act, however, by a provision thereof giving preference in the submission of an alternative form of government thereunder over other alternative forms provided therein, or otherwise provided, based on priority in the adoption of a resolution or the filing thereof or of a petition, shall be construed or held to prevent the submission also at the same election of the alternative form provided by this act. If such other alternative form of government be so submitted in such county at the same election that the alternative form herein provided be submitted, the alternative form which receives the majority vote therein provided by section twenty-six hundred and two hereof and which also receives the greater number of affirmative votes in the county at large shall be deemed to have been adopted.

§ 2605. Effect of adoption of this alternative form. If the alternative form of government provided by this act is adopted in a county, as above provided, it shall take effect immediately for the purpose of nominating and electing at the next general election the elective officers provided therein and for all other purposes shall take effect on the first day of January of the next ensuing even numbered year. Whenever such alternative
form is adopted in a county it may thenceforth be cited in all legal proceedings relating to
said county as "the county government law of (here insert the name of the county)."
Whenever such alternative form is adopted in a county, the terms thereof shall be of
effect therein, anything in any general law of this state passed prior to such adoption to
the contrary notwithstanding. All special, local, and private acts and parts of such acts
relating to a county in which such form becomes effective, or the towns, cities, villages or
districts thereof inconsistent with the terms of such adopted form are hereby repealed as
of the date when such form becomes effective to the extent that the same shall be
inconsistent therewith. All such acts or parts of acts relating to a county in which such
form becomes effective and the towns, cities, villages and districts thereof not
inconsistent with the terms of this act or of such adopted form are specifically continued
in force; provided that nothing herein contained shall be taken to limit the powers of local
legislation and administration conferred by such form on such county.
(Amended by L. 1937 Ch. 618 §8, in effect January 1, 1938.)

§ 2606. Invalidity as to part not to affect validity of remainder. The invalidity of
any provision, article, title, section, clause, phrase or word in such alternative form of
government, as proposed or as adopted, or of this act, shall not affect the validity of any
other provision, article, title, section, clause, phrase or word.

§ 2607. When to take effect. This act shall take effect immediately.
