Describe: _____

_____

Medical Diagnosis: _____

Parents have been provided with the following information at intake:

	An Initial service coordinator (ISC) will be assigned who will promptly arrange a contact with the parent in a time, place and manner reasonably convenient for the parent and consistent with applicable timeliness requirements.
	The ISC will review all options for evaluation and screening with the parent from the list of approved evaluators.
	Neither the county nor the ISC may request that a parent delay a referral or evaluation.

ISC will discuss Child Find Options when indicated:

ISC Initials:	ISC will discuss Child Find Options for developmental tracking when indicated.
