SEWER AND STORM WATER FINANCE AUTHORITY**

2018 ANNUAL REPORT

**NASSAU COUNTY
SEWER AND STORM WATER FINANCE AUTHORITY**

Dear Governor Cuomo and Distinguished Leaders,

I am pleased to present the 2018 Annual Report of the Nassau County Sewer and Storm Water Finance Authority (the "Authority") in accordance with Section 2800[2](a) of the New York State Public Authorities Law (the "PAL") (with respect to local authorities) and PAL Section 1232-q[1] (with respect to the Authority). As required by the PAL, a description of the Authority's operations and accomplishments in providing financing for sewer and storm water resources projects of Nassau County (the "County") in 2018 is set forth below. Additional information required by the PAL is included in accompanying appendices.

Operations and Accomplishments

The Authority was established in 2003 by the State of New York (the "State") under the Nassau County Sewer and Storm Water Finance Authority Act, codified as Title 10-D of Article 5 of the Public Authorities Law of the State (the "Act"), as a public benefit corporation. The State Legislature determined the creation of the Authority to be an effective mechanism to achieve substantial savings to the County for past and prospective sewer and storm water resources capital investments. The Authority has been established for the limited objectives of refinancing outstanding sewer and storm water resources debt issued by or on behalf of the County and financing future County sewer and storm water resources projects. The Authority may issue debt in an amount up to \$350,000,000 for such purposes (exclusive of debt issued to refund or otherwise repay Authority debt).

Pursuant to the Act, the Authority's governing body (the "Governing Body") consists of seven members who must be residents of the County, and be appointed by the County Executive and confirmed by the County Legislature, one upon the recommendation of the County Comptroller, two upon recommendation of the Presiding Officer of the County Legislature and two upon the recommendation of the Minority Leader of the County Legislature. The members of the Governing Body as of December 31, 2018 were Kenneth G. Arnold, Peter J. Clines, Michele M. Darcy, Francis X. Moroney, Shari R. James and Brian J. Schneider. There was one vacancy.

Bonds and notes of the Authority are special obligations of the Authority, and are payable solely from the revenues, funds and assets pledged as security for the payment thereof, including payments from the County under the Financing Agreement dated as of October 1, 2014 by and between the Authority and the County (the "Financing Agreement"). Most of the Authority's revenues are derived through the imposition by the County of assessments on properties receiving sewer and storm water resources from the County. The County has agreed in the Financing Agreement to continue to direct each city and town receiver of taxes in the County to pay all such assessments directly to the trustee for the Authority's bonds.

The Authority had another successful year in 2018 and looks forward to continuing its corporate purposes as provided in the Act.

March 27, 2019

Respectfully submitted,

Michele M. Darcy
Chairperson

The Authority approved the RSM Report in June, 2006. § 1232. Legislative intent

The state legislature hereby recognizes that the creation of a Nassau county sewer and storm water finance authority will be an effective mechanism to achieve substantial savings for past and prospective sewer and storm water capital investments. Moreover, such authority will help ensure the health and well-being of all Nassau county residents and promote local environmental protection. As such, the state legislature herein effectuates these laudable public purposes through the establishment of said authority for the specific and limited objective of refinancing outstanding sewer and storm water debt issued by or on behalf of the county and financing future sewer and storm water projects. In no manner is this legislation designed to alter the county's administration or delivery of sewer and storm water services to county residents nor is the authority intended to impose any additional pecuniary burden on its ratepayers. As a vehicle expressly created to consolidate existing sewer districts, refinance debt, provide a means for financing new debt and prepare for pending federal storm water regulatory requirements, the authority will serve as an important tool to aid the county's fiscal recovery and benefit county taxpayers. Further, the State legislature recognizes that the enactment of chapter three hundred fourteen of the laws of two thousand three, extending the oversight capacity of the Nassau county interim finance authority (NIFA) through calendar year two thousand seven, together with the chapter of the laws of two thousand three which added this title, offers an opportunity for NIFA to continue financing the county's tax certiorari settlements, thereby providing additional budgetary relief and fiscal stability.

TITLE 10-D. NASSAU COUNTY SEWER AND STORM WATER FINANCE AUTHORITY

Go to the New York Code Archive Directory

NY CLS Pub A § 1232-c (2010)

§ 1232-c. Nassau county sewer and storm water finance authority

1. A public benefit corporation, to be known as the "Nassau county sewer and storm water finance authority" is hereby created for the public purposes, charged with the duties and having the powers provided in this title. The authority shall be a "covered organization", as such term is defined pursuant to the Nassau county interim finance authority act in subdivision ten of section thirty-six hundred fifty-one of this chapter, and shall maintain itself as a publicly rated investment grade entity. The authority shall be a body corporate and politic constituting a public benefit corporation, the objects of which in the judgment of the legislature cannot be attained under general laws. The authority's governing body shall consist of seven members who shall be residents of the county, and be appointed by the county executive and confirmed by the county legislature; one upon the recommendation of the county comptroller, two upon recommendation of the presiding officer of the county legislature and two upon recommendation of the minority leader of the county legislature. No more than four members shall be members of the same political party. The first members appointed by the county executive shall be appointed for the following terms of office: two for a term ending on December thirty-first, two thousand five, three for a term ending on December thirty-first, two thousand six and two for a term ending on December thirty-first, two thousand seven. Subsequent appointments of members shall be made for a term of three years ending in each case on December thirty-first of the last year of such term. All members shall continue to hold office until their successors are appointed and qualify, provided that any member who is a county employee shall cease to hold office upon termination of his or her status as a county employee. Vacancies shall be filled in the same manner provided for original appointment. Vacancies, occurring otherwise than by expiration of term of office, shall be filled by appointment for the unexpired terms. The governing body shall appoint a chairperson, a vice chairperson and a treasurer from their own members and a secretary who need not be a member. Members may be removed from office for the same reasons and in the same manner as may be provided by law for the removal of officers of the county. In addition, a member may be removed from office for inefficiency, neglect of duty or misconduct in office, after the governing body has given such member a copy of the charges against him or her and opportunity to be heard in person or by counsel in his or her defense, upon not less than ten days notice. If a member fails to attend three consecutive regular meetings of the authority, unless such absence is for good cause and is excused by the chairperson of the authority or, in the case of the chairperson of the authority, by the chairperson of the county legislature, the office may be deemed vacant for purposes of nomination and appointment of a successor. Members shall serve without compensation, but each member shall be entitled to reimbursement of their actual and necessary expenses, including travel expenses, incurred in the discharge of their duties, provided that the aggregate of such reimbursement allowance to any one member of the authority in any one fiscal year of the authority shall not exceed the sum of five thousand dollars; provided, however, that the authority shall adopt by-laws regarding the approval of such reimbursement of their actual and necessary expenses that specifically include a procedure for prior approval of such expenses by a majority vote of the authority.

2. The powers of the authority shall be vested in and be exercised by the governing body at a meeting duly called and held where a quorum of four members is present. No action shall be taken except pursuant to the favorable vote of at least four members; provided, however, that no action shall be taken approving borrowing and contracts in an amount exceeding fifty thousand dollars, except by favorable vote of five members of the governing body. The governing body may delegate to one or more of its members or officers such powers and duties as it may deem proper.

3. The officers of the authority, consisting of the chairperson, the vice chairperson, the treasurer and the secretary shall serve in such capacities at the pleasure of the governing body without compensation, but each such officer shall be reimbursed for actual and necessary expenses incurred in the performance of such officer's official duties as officers of the authority. The governing body may also from time to time contract for expert professional services. The treasurer shall execute a bond, conditioned upon the faithful performance of the duties of his or her office, the amount and sufficiency of which shall be approved by the governing body and the premium therefore shall be paid by the authority.

4. Notwithstanding any inconsistent provision of any general, special or local law, ordinance, resolution or charter, no officer, member or employee of the state, any municipality or any public benefit corporation shall forfeit his or her office or employment by reason of his or her acceptance of appointment as a member or officer of the authority, nor shall service as such member or officer be deemed incompatible or in conflict with such office, membership or employment, provided, that such officer serves in an unpaid capacity.

5. The authority shall hire no employees.

6. (a) The county executive shall file on or before March thirty-first of the year following the year in which this title shall have become a law, in the office of the secretary of state, a certificate signed by the county executive setting forth: (1) the name of the authority; (2) the names of the members appointed by the county executive and their terms of office; and (3) the effective date of this title. If such certificate is not filed with the secretary of state on or before such date, then the corporate existence of the authority shall thereupon terminate, and it shall thereupon be deemed to be and shall be dissolved.

Upon termination of the existence of the authority, all of the rights, properties, responsibilities and liabilities of the authority then remaining shall pass to and vest in the county.

7. Nothing herein shall be construed to exempt the authority from the requirements set forth in the environmental conservation law and the regulations promulgated thereunder implementing the provisions of the state environmental quality review act.

TITLE 10-D. NASSAU COUNTY SEWER AND STORM WATER FINANCE AUTHORITY

Go to the New York Code Archive Directory

NY CLS Pub A § 1232-g (2010)

§ 1232-g. Bonds of the authority

1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts, not to exceed three hundred fifty million dollars (\$ 350,000,000), as it may determine to be necessary to pay the cost of any project or for any other of its corporate purposes, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall exclude bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purpose. The authority shall have power from time to time to refund any bond, including bonds of the county issued to pay the cost of any project, by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues, earnings or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its

behalf letters of credit, insurance, guarantees or other credit enhancements to the extent available, in each case for securing its bonds or to provide direct payment of any costs that the authority is authorized to pay.

2. Bonds shall be authorized by resolution of the authority, be in such denominations, bear such date or dates and mature at such time or times as such resolution may provide, except that bonds and any renewals thereof shall mature within forty years from the date of original issuance of any such bonds or within the applicable period of probable usefulness of the object or purpose financed as set forth in the local finance law assuming such provision was applicable, whichever is less. Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide. Bonds may be sold at public or private sale for such price or prices as the authority shall determine, provided that no bonds of the authority, other than obligations designated as notes, shall be sold by the authority at private sale unless such sale and the terms thereof have been approved in writing by the comptroller, or by the state director of the budget, where such sale is to be to the comptroller. The authority may pay all expenses, premiums and commissions which it may deem necessary or advantageous in connection with the issuance and sale of bonds.

3. The authority shall have the power and is hereby authorized to assume any bonds of the county issued and sold to the New York state environmental facilities corporation and in connection therewith to issue its bonds to the New York state environmental facilities corporation in substitution therefor.

4. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues of the authority, together with any other moneys or property of the authority to secure the payment of the bonds or any costs of the issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source, subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(c) limitations on the purpose to which the proceeds from the sale of bonds may be applied;

(d) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(e) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(f) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, including the proportion of bondholders which must consent thereto, and the manner in which such consent may be given;

(g) the creation of special funds into which any revenues or moneys may be deposited;

(h) the terms and provisions of any trust, deed, mortgage or indenture securing the bonds under which the bonds may be issued;

(i) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to section twelve hundred thirty-two-h of this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(j) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title; notwithstanding any provision to the contrary, nothing contained in this title shall be deemed to restrict the right of the state or county of Nassau to amend, modify or otherwise alter laws, ordinances, resolutions or agreements imposing or relating to taxes or fees or appropriations relating thereto. The authority shall not include in any resolution or contract or agreement with the holder

of its bonds any provision which provides that a default shall occur as a result of the state or county exercising its right to amend, modify or otherwise alter laws, ordinances, resolutions or agreements imposing or relating to taxes or fees or appropriations relating thereto;

(k) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof or other property;

(l) limitations on the amount of revenues and other moneys to be expended for administrative or other expenses of the authority;

(m) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(n) any other matters of like or different character which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers conferred by this section upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its properties and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Notwithstanding any provision of the uniform commercial code to the contrary, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

8. Neither the members of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability by reason of the issuance thereof.

9. The authority, subject to such agreements with bondholders as then may exist, shall have the power, out of any moneys available therefor, to purchase bonds of the authority, which shall thereupon be cancelled.

10. The authority shall have the power and is hereby authorized to issue negotiable notes only for the purpose of paying the cost of any project or for any other of its corporate purposes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issuance of such original note.

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.
