Summary

- Nassau County seeks consulting services for preparation of a Shared-Mobility Management Plan
- The Plan will:
 - inventory existing and emerging shared-mobility services
 - Evaluate infrastructure compatibility and necessary improvements, hosting partnerships, economic benefits and policy/legal issues
 - Provide a framework for evaluating new services for implementation

Key County Goals

- Address long-standing gaps in transportation in the County
- Increase mobility for historically underserved communities and those that must rely on public transportation
- Improve connectivity to employment, education, healthcare, recreation, and downtown areas
- Incorporate cost-effective, proven and emerging technologies used in comparable municipalities
- Implement pilot project(s) over the course of this initiative
- Engage key stakeholders and the community-at-large
- Better understand the County's existing travel patterns and evolving preferences and demands
- Explore public and/or private management models for implementing mobility services

RFP Tasks

1. Data Collection
2. Analysis
3. Identify a Pilot Project(s)
4. Prepare Draft & Final Recommendations
5. Prepare Draft & Final Report/Implementation Plan
6. Public Outreach Support
7. Economic Modeling (To be authorized at the discretion of County)

** All tasks are to be completed within the project's twelve (12) month deadline.*
