### TO THE PEOPLE OF NASSAU COUNTY

I am pleased to submit this Comprehensive Annual Financial Report ("the report") for the year ended December 31, 2008, as required by New York State County Law § 577[1] (j)-(k). During 2008 the County achieved its seventh annual surplus under the current administration. Although the County faces significant financial challenges in the years ahead, I remain committed to working with County Executive Suozzi and the Nassau County Legislature in my role as independent fiscal watchdog to help the County maintain its fiscal health.

The County is responsible for the accuracy of the report's data and the completeness and fairness of the data's presentation – including all disclosures. I believe the data, as presented, is accurate in all material aspects and presents the financial and operational condition of the County fairly as measured by the financial activity of the governmental entity, its various funds and component units, and includes necessary disclosures.

This letter of transmittal is designed to complement Management's Discussion and Analysis ("MD&A") and should be read in conjunction with it. For 2008, Governmental Accounting Standards Board Statements ("GASB") 49 and 51 have been implemented by the County and are reflected in this year's financial statements.

The accounting firm of Deloitte & Touche LLP was selected by the County to perform an independent audit of the County's financial statements as of, and for the year ended, December 31, 2008. The auditors' report on the basic financial statements and combined and individual fund statements and schedules is located on pages 13 and 14 of this report.

County programs expending federal funds also undergo an annual "single audit" in conformance with the provisions of the Federal Single Audit Act and the United States Office of Management and Budget's Circular A-133: *Audits of States, Local Governments, and Non-Profit Organizations*. The single audit is presented as a separate report. The independent auditors' report on internal controls over financial reporting and or compliance and other matters is included as an appendix.

The County is responsible for establishing and maintaining internal control structures, which should be designed to ensure that its assets are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for preparation of financial statements in conformance with accounting principles generally accepted in the United States. Internal control structures are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and, (2) the valuation of costs and benefits requires estimates and judgment by County managers. As a recipient of federal grants, the County must also establish internal control structures in compliance with applicable laws and regulations related to those programs. The County's internal control structures are subject to periodic evaluation by comptroller's office personnel, as well as by the independent auditors engaged to conduct the annual single audit as required by law.

### Profile of the Government

Nassau County funds a full range of municipal services – including public safety, health, highways, sanitation, public improvements and parks, recreational facilities and cultural events, as well as planning and general administrative services. Incorporated in 1899, the County contains three towns, two cities, 64 incorporated villages, 56 school districts and approximately 200 special taxing districts that provide services in specific areas, such as garbage collection and water supply. With a population of approximately 1.4 million people, it occupies 287 square miles located approximately 15 miles east from Manhattan.

The various funds and component units included in this report are deemed to be controlled by, or financially accountable to, the County based on criteria set forth by the Governmental Accounting Standards Board Statement No. 14 as discussed in Note 1 to the Financial Statements. The County's component units are comprised of the Nassau County Interim Finance Authority, the Nassau County Tobacco Settlement Corporation, the Nassau County Sewer and Storm Water Finance Authority, the Nassau Community College, the Nassau Health Care Corporation, the Nassau Regional Off-Track Betting Corporation, and the Nassau County Industrial Development Agency.

The County establishes budgetary controls to ensure compliance with legal provisions contained in the annual appropriated budgets approved by the County Legislature. Activities of the General Fund, Debt Service Fund, and Special Revenue Funds, with the exception of the Grant Fund, are provided for in annual appropriated budgets. Activities of the Grant Fund are appropriated for the life of each grant, as the individual grants are made available to the County. Project-length financial plans, as well as annual spending plans, are adopted for the Capital Projects Funds. The level of budgetary control at which expenditures cannot exceed the appropriated amount is exercised by object appropriation level within a department control center. The County also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Appropriations, which have not been expended or encumbered, lapse at the end of the year. Encumbrances outstanding at year-end are recorded in order to reserve that portion of the applicable appropriation and may be expended in a subsequent budgetary period.

### **Financial Condition**

Although it continues to be one of America's wealthiest suburban communities, in the 1990's Nassau County increasingly encountered severe financial difficulties, including deepening structural deficits and diminished debt ratings. In response to this perilous financial situation, in 2000 New York State established the Nassau County Interim Finance Authority ("NIFA") to reduce the cost of borrowing and oversee the County's financial management. By the end of 2005, all NIFA financial assistance and borrowing for County purposes had been completed, and NIFA's approval over the County's multi-year financial plans ended at the close of 2008. Between February 2003 and June 2008, the three principal debt-rating agencies upgraded the County's general obligation debt ratings thirteen times citing their increasing confidence in the County's ability to manage its finances successfully.

During 2008, the County's financial position was weakened by the national credit crisis and economic downturn. Sales tax, which comprises approximately 40% of the County's budgeted income, dropped 0.8% below 2007 receipts, the first year over year decline since 1991. Sales tax revenue was approximately \$37.7 million below the 2008 budgeted amount. Despite the national recession and its impact on the County, all three rating agencies affirmed the County's current ratings in April 2009.

Nassau County completed the fiscal year ended December 31, 2008, with a combined budgetary surplus in its primary funds (General Fund, Police Headquarters, Police Districts, Fire Safety and Debt Service) of \$2.1 million. This was the seventh annual surplus under the current County administration, however, it included approximately \$125 million of non-recurring revenues and expense reductions, without which the County would not have achieved a surplus.

The County continued to pay a portion of its real property tax refund expense from the operating budget, using \$40 million of budgeted funds, in addition to \$58.8 million of borrowed funds. The County's estimated liability for property tax refunds at December 31, 2008 was approximately \$139 million, as compared to an estimated liability of \$102 million as of December 31, 2007.

### Long Term Planning

As required by the NIFA Act and by local law, the County annually adopts multi-year financial plans with its budget. The multi-year plan is prepared by the administration and approved by the County Legislature with the annual operating budget. Under the NIFA Act, the NIFA Board's authority to approve the County's multi-year plan ended with the 2009-2012 Multi-Year Financial Plan. At NIFA's request the administration has continued to update this Multi-Year Plan and NIFA has approved these updates. Pursuant to local law, the administration must continue to present three year plans annually for approval by the County Legislature.

The Multi-Year plan presents the administration's strategy for maintaining fiscal stability through the plan years. This Plan establishes a baseline for expenditures and revenues, projects likely changes and the impact of new initiatives, and presents alternatives for closing potential budgetary shortfalls. The Plan also includes the County's fund balance policy.

The County also engages in long term capital planning by preparing four year Capital Improvement Plans, which present the administration's plans for its on-going capital improvement process and its funding. The Legislature must approve both the Capital Improvement Plan and the spending plan for the current year, which is the first year of each multi-year Capital Improvement Plan.

### **Debt Administration**

As of December 31, 2008, the outstanding long-term debt issued by the County, NIFA, the Nassau County Sewer and Storm Water Finance Authority ("SSWFA"), the Nassau County Tobacco Settlement Corporation ("NCTSC"), and the New York State Environmental Facilities Corporation ("EFC") on behalf of the County totaled approximately \$3.2 billion. The County general obligation debt includes debt issued for Nassau Community College ("NCC"). This outstanding debt, categorized by issuing entity, is broken down as follows:

### Outstanding Principal as of December 31, 2008 (\$'s in millions)

| Indenture                 | А  | mount   |
|---------------------------|----|---------|
| County General Obligation | \$ | 549.7   |
| County Sewer              |    | 79.1    |
| NIFA                      |    | 1,875.1 |
| SSWFA                     |    | 175.8   |
| NCTSC                     |    | 426.4   |
| EFC                       |    | 138.8   |
|                           |    |         |
| Total                     | \$ | 3,244.9 |

The amount of long-term debt outstanding at December 31, 2008 issued by the County and by NIFA to finance property tax refund payments totals approximately \$1.2 billion.

As a result of changes in the credit market, during 2008 NIFA refinanced its auction rate securities and converted to variable rate debt obligations. The County's debt service expense in 2008 was approximately \$22.2 million lower than budgeted as a result of lower interest rates and less than projected borrowings.

Between February 2003 and the end of June 2008, the County earned thirteen rating upgrades from the three principal credit rating agencies. Moody's Investors Service increased the County's rating from Baa3 to A2. Standard and Poor's upgraded its rating of the County's general obligation debt from BBB-to A. Fitch Ratings increased the credit rating it has assigned to the County's general obligation debt from BBB to A+. The three rating agencies affirmed their current ratings of Nassau County debt in April 2009. During 2008, the County issued bond anticipation notes (BANs) in the amount of \$125 million, including BANs issued for NCC, revenue anticipation notes of \$105 million, and \$132 million in tax anticipation notes.

The County is subject to a state constitutional limit on the amount of debt it may finance, excluding sewer and water project debt, of ten percent of the County's average real property valuation for the previous five years. At December 31, 2008 the County's debt was 1.428 percent of the average real

property valuation or 14.28 percent of the constitutional limit, which represents a decrease from 2007. The County's long-term debt per capita of General Obligation Bonded Debt Outstanding, including NIFA, was \$1,787.

### Cash Management

The Office of the Treasurer is responsible for investing the County's available funds on a daily basis, which range from \$500 million to \$800 million. In accordance with General Municipal Law of the State of New York (the "State"), permitted investments include: special time deposits or certificates of deposits in a bank, trust company or national banking association located and authorized to do business in the State; obligations of the United States of America; obligations of the State or of any public authority or public benefit corporation as may be provided by State law. The law further requires that all bank deposits in excess of the amount insured under the Federal Deposit Insurance Act be fully collateralized.

In 2008, the Office of the Treasurer invested the County's available funds primarily in demand and time deposits and the County earned an average rate of 2.77%.

The County's investment policy is designed to ensure the prudent management of public funds by accomplishing the following objectives: (i) comply with all applicable provisions of law; (ii) safeguard the principal of all deposits and investments; (iii) provide sufficient liquidity to ensure that monies invested are available to meet expenditures and fulfill obligations as they come due; and (iv) obtain the maximum rate of return that is consistent with these objectives.

### Risk Management

The County is exposed to various risks of loss related to torts, property loss, motor vehicle accidents, employee injuries, errors and omissions of its employees, and natural disasters. Except for police helicopter insurance, which includes hull insurance and personal injury and property damage coverage, insurance dealing with environmental issues, insurance required by some real estate transactions and a blanket fidelity bond covering all County employees, the County self-insures, with loss payments paid directly from operating or capital funds.

The County contracts with a third party administrator to manage claims under its workers compensation program. The administrator provides an automated system to record losses and expenditures associated with workers compensation. The County Attorney's office records other claims and loss activity. County contracts transfer risk to vendors by requiring that vendors' insurance policies name the County as an additional insured. In addition, the County will continue its review of risk exposures and programs to transfer and reduce those risks, including the possible procurement of additional outside insurance.

In 2007 the County established a Risk Management Unit within the Office of Management and Budget. The unit establishes policies to reduce and control overall risk exposure. It has issued policies on: Nassau County Motor Vehicle Risk Management Policy and Procedure, Workplace Violence Policy and Procedure, a revised Workers Compensation Claims Management and Incident Reporting Procedure and procedures to improve subrogation recoveries.

Risk is also limited through the Comptroller's independent audit advisory committee. In response to the private sector's Sarbanes-Oxley Act and Government Finance Officers Association recommendation that state and local governments create audit committees, the County Comptroller established an independent audit advisory committee in 2003. The committee meets with the Comptroller, the Deputy County Executive for Management and Budget and senior Comptroller staff bimonthly and advises on the County's financial and auditing operations.

### **Major Initiatives**

The County has a Capital Improvement Program to rehabilitate and expand the County's infrastructure. Over \$9.9 million in improvements were completed during 2008 within the County's Parks system. Site and facility upgrades, including installation of synthetic turf, fencing, court refurbishment, lighting, and pathway improvements to County parks, and Old Bethpage Restoration Village were continued in 2008. Over \$28.4 million of improvements were made to the road system through the county's resurfacing program and other projects, including improvements to Guy Lombardo Avenue in Freeport at a cost of \$6.6 million and \$10.2 million of improvements to Rockaway Turnpike in Cedarhurst.

Significant projects underway include a new Police and Fire Communications Center in Westbury. This \$65 million project consists of a modernized hub for the County's Police and Fire Communications, and is expected to be completed in 2009. The County continues to restore important symbols of its history with the restoration of Nunley's Carousel, which has been refurbished and placed in a new building in Museum Row in 2009. Additionally the County has a capital project to replace its legacy main frame financial and human resource computer system and is issuing contracts for this purpose in 2009.

Pending approval, capital projects planned to begin in 2009 include \$9.5 million to purchase new police cars, \$2.25 million to improve fire alarm and protection systems at various county facilities, \$1 million in new bus purchases for the MTALIB, \$1.5 million for the upgrade of storm water basins, as well as \$7 million for improvements to the Bay Park Total Residual Chlorine system.

### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada ("GFOA") has awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its Comprehensive Annual Financial Report for the year ended December 31, 2007. This is the twenty-fourth consecutive year in which the County's Comprehensive Annual Financial Report has been so honored. In order to be awarded the Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that this current report continues to conform to the program requirements, and we plan to submit it to the GFOA to determine its eligibility for another certificate.

The County has also earned GFOA's Distinguished Budget Presentation Awards for its 2008 budget submissions. In order to receive this award, a governmental unit must publish a budget document that meets criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

The preparation of this 2008 Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the invaluable assistance of the efficient and dedicated staff of the offices of the County Comptroller, the County Executive, the County Treasurer and our independent auditors, Deloitte & Touche LLP. I would like to express my appreciation to all those who assisted and contributed to its preparation.

Respectfully submitted,

Howard S. Weitzman

Nassau County Comptroller

### INDEPENDENT AUDITORS' REPORT

Honorable Thomas R. Suozzi, County Executive and Members of the County Legislature County of Nassau, New York

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Nassau, New York, (the "County"), as of and for the years ended December 31, 2008 and 2007, (with the Nassau Community College for the years ended August 31, 2008 and 2007), which collectively comprise the County's basic financial statements as listed in the table of contents. We also have audited the financial statements of the County's nonmajor governmental and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of December 31, 2008 and 2007 and for the years then ended as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of the Nassau Regional Off-Track Betting Corporation, the Nassau County Industrial Development Agency, and the Nassau Health Care Corporation, all discretely presented component units, which as combined represent 9 and 9 percent and 19 and 16 percent, respectively, of the assets and revenues of the County for each of the years ended December 31, 2008 and 2007. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for such entities is based solely on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of County's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinions. The financial statements of the Nassau Regional Off-Track Betting Corporation and Nassau Health Care Corporation were not audited in accordance with *Government Auditing Standards*.

In our opinion, based on our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Nassau, New York, as of December 31, 2008 and 2007, and the respective changes in financial position, where applicable, thereof and the respective budgetary comparison for the applicable major funds for the years then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of nonmajor governmental and fiduciary funds of the County of Nassau, New York, as of December 31, 2008 and 2007, and the respective changes in financial position, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 15a, during 2008, the County changed its method of estimating the liability for workers compensation claims.

The Management's Discussion and Analysis and the schedule of funding progress on pages 15 through 25, and page 127, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required 2008 supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying financial information listed as Other Supplementary Information, in the foregoing table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. This supplementary information is the responsibility of the County's management. The accompanying financial information listed as Other Supplementary Information, in the foregoing table of contents, has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of other auditors, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Introductory Section and Statistical Section, in the foregoing table of contents, have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with Government Auditing Standards, we have also issued our report dated June 24, 2009, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

June 24, 2009

Deloitte v Touche LLP

### MANAGEMENT DISCUSSION AND ANALYSIS

Nassau County's Comprehensive Annual Financial Report ("CAFR") complies with the requirements of Governmental Accounting Standards Board Statement No. 34 ("GASB 34"). This section of the report, required under GASB 34, presents Management's Discussion and Analysis ("MD&A") of the County's financial activities and performance for the fiscal years ended December 31, 2008 and 2007. This section should be read in conjunction with the letter of transmittal and the County's financial statements.

### FINANCIAL HIGHLIGHTS

- The County's net worth declined by \$291.8 million during 2008 to negative \$4.7 billion. The decline was
  due to increases in estimated long term liabilities for workers compensation, post employment benefits and
  property tax refunds. The total increase in Long Term Liabilities was partially offset by a slight increase in
  Capital Assets.
- The County generated a budgetary surplus of \$2.1 million in its primary operating funds (General, Police Headquarters, Police Districts and Fire Safety) in 2008. This surplus can be attributed to conservative budgeting, cost containment, and progress in the implementation of key components of the multi-year financial plan.
- In 2008, the County paid \$98.8 million in refund payments to residential and commercial property taxpayers who successfully challenged their assessments. The Administration funded the tax certiorari payments by using \$40 million from the operating budget, which continues the County's use of pay-as-you-go financing ("PAYGO"). The balance of \$58.8 million was funded by the issuance of debt.
- These financial statements are presented in accordance with Generally Accepted Accounting Principles ("GAAP"). In addition, certain statements present GAAP to budgetary basis conversion columns to present actual results on a budgetary basis. Unreserved fund balance in the County's primary operating funds total \$74.1 million on a budgetary basis (\$53.1 million on a GAAP basis, of which \$57.9 million is in the General Fund offset by a deficit in the Police District Fund). Unreserved fund balance in the Sewer and Storm Water District Fund totals \$129.5 million on a GAAP basis.
- From February of 2003 through June 2009 the County's credit rating had been increased a total of 13 times by the three major rating agencies. In June 2009, Fitch IBCA, Moody's Investors Services and Standard and Poor's, all reaffirmed the County's ratings with no change from the prior year.

### ANALYSIS OF GOVERNMENT-WIDE FINANCIAL STATEMENTS FOR 2008

GASB 34 requires the inclusion of two types of financial statements in the CAFR: government-wide financial statements and fund financial statements.

Government-wide financial statements provide information about the County as a whole using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus looks at the transactions and events that have increased or decreased the total economic resources of the government as a whole during the accounting period being reported. The accrual basis of accounting requires revenues to be recognized as soon as they are earned, regardless of the timing of related inflows of cash, and it requires expenses to be recognized as soon as liabilities are incurred, regardless of the timing of related outflows of cash. These statements present a long-term view of the County's finances

There are two government-wide financial statements: the *statement of net assets* and the *statement of activities*. The statement of net assets reports everything the County owns (its assets) and owes (its liabilities) as of the end of the year. Net assets are what remain after all liabilities have been paid off or otherwise satisfied; they signify the net worth of the government. This statement is designed to display assets and liabilities in order of their basic liquidity and maturity while presenting the basic accounting relationship applicable to public sector entities: *assets* – *liabilities* = *net assets*. This statement also presents all of the County's economic resources – that is, all of its assets and liabilities, both financial and capital. The statement of activities tracks the County's annual revenues and expenses as well as any other transactions that increase or reduce net assets. It divides the County's activities into three elements: its governmental activities, its business-type activities (currently not applicable), and the activities of its component units.

### The Statement of Net Assets

The statement of net assets for the 2008 fiscal year shows that Nassau County has a deficit balance of \$4.7 billion. Table 1 shows that the County's net worth declined by \$291.8 million during 2008 primarily due to increases in the estimated long term liability for workers compensation, post employment benefits, and property tax refunds. The accrual increase in workers compensation was primarily the result of a change in methodology. Property tax refund accruals resulted from the inclusion of the Assessment Review Commission's estimate of the additional liability associated with unilateral reductions.

Table 1
Summary of Net Assets (Deficit)
(dollars in millions)

**Total Primary Governmental Activities** 2008 2007 Change **Current and Other Assets** 1,593.0 \$ 1,592.3 0.7 Capital Assets 2,318.7 70.6 2,389.3 **Total Assets** 3,982.3 3,911.0 71.3 444.7 Long-Term Liabilities 7,671.0 7,226.3 Other Liabilities 1,030.6 1,112.2 (81.6)**Total Liabilities** 8,701.6 8,338.5 363.1 Net Assets Invested in Capital Assets, Net of Related Debt 1,356.9 1,602.2 (245.3)56.7 Restricted 56.7 Unrestricted (6,132.9)(6,029.7)(103.2)(4,427.5) \$ **Total Net Assets (Deficit)** (4,719.3) \$ (291.8)

The County's total assets increased by \$71.3 million in 2008 from \$3.9 billion to \$4.0 billion. The increase in Capital Assets of \$70.6 million was primarily due to the completion of renovations to the Old County Courthouse as part of the building consolidation project, sewer and storm water improvements, and open space purchases. As a result of the adoption of GASB 51 in 2008, which establishes standards for accounting and reporting of intangible assets for all state and local governments, the County has recorded \$8.8 million of land rights as intangible assets within Capital Assets.

Table 1 also shows that total liabilities increased in 2008 by \$363.1 million. This was primarily due to the aforementioned increases in Long Term Liabilities partially offset by a slight decrease in Other Liabilities from the conversion of short term notes to bonds.

The County has \$1.4 billion invested in its capital assets, recorded at acquisition cost, net of related debt. Capital assets are used by the County in the provision of services to the taxpayers; hence, this investment of County equity is allocated in the County's capital assets and is not immediately available to support future expenses.

Finally, the County's Statement of Net Assets shows a deficit balance of \$4.7 billion in net assets at December 31, 2008, which represents an increase in the deficit of \$291.8 million since the close of the 2007 fiscal year. Unrestricted net assets reflect all liabilities that are not related to the County's capital assets and which are not expected to be repaid from restricted resources. Accordingly, the County will have to allocate future revenues towards the payment of these liabilities.

As of December 31, 2008, Nassau County and its blended component units had a combined \$3.2 billion in outstanding long-term debt. The County's debt indicators and ratios are disproportionately high. This is because the County has historically issued long-term debt to finance judgments, settlements, and the payment of real property tax refunds resulting from successful grievances of property tax assessments.

Nassau County is responsible under State law for guaranteeing the tax levy of the three towns within the County, all but one of the 56 school districts, and approximately 200 special districts. Prior to the court ordered mass property revaluation which was completed in 2002, the County had not reassessed its residential properties since 1938, nor had it reassessed its commercial properties since 1986. Even after the revaluation, over one-hundred thousand grievances have been filed annually by residential and commercial property owners protesting the accuracy of the assessed values assigned to their properties. Starting in 2006 and continuing through 2008, the County has been transitioning to PAYGO financing for real property tax refunds.

### The Statement of Activities

The Statement of Activities for the fiscal year that ended December 31, 2008 details the decline in the County's net worth from 2007 to 2008. Table 2 summarizes the changes in the County's net assets. Several factors impacted the County's net worth. They include:

- Revenue from operating grants increased by \$15.5 million primarily due to increased State Aid in the
  Departments of Social Services and Mental Health and Chemical Dependency and Developmental
  Disabilities. The increases were primarily driven by three factors; incremental reimbursement in federal
  and state aid due to higher social services caseloads, revenue maximization efforts in Social Services and
  increases in grants to Mental Health and Chemical Dependency and Developmental Disabilities and Social
  Services.
- Sales Tax revenues decreased \$11.9 million from 2007, as the County experienced a decline in sales tax
  revenue for the first time in eighteen years. For the region, lower sales tax growth is projected, due to
  slowing economic activity from higher unemployment and a declining regional housing market.
- Capital Grants decreased by \$21.9 million, primarily because receipts from land sales fell from \$17 million in 2007 to \$1.5 million in 2008 and there was no pass through federal aid for the police department's computer aided dispatch system, which had received approximately \$5 million in federal aid in 2007.
- Revenue from Tobacco Settlements increased in 2008 by \$14.9 million. Those funds are disbursed by the

county to the Nassau Health Care Corporation.

- General Government expenses increased by a net of \$230 million. This increase primarily related to an increase in the workers compensation liability of \$124.7 million, an adjustment to OPEB of \$101.8 million and an increase in real property tax refund expense of \$37.2 million. Partially offsetting these increases were decreases to capital assets expense. This decrease was the result of a larger share of the 2008 capital assets qualifying to be amortized rather than expensed in the current year.
- Protection of Persons increased by \$46.7 million due to increases in salaries and related employee benefits
  including workers compensation expense of \$7.9 million, formerly reported as general government
  expense, and an increase in capital asset expense of \$13 million. Salaries increased because of wage
  increases in labor contracts and an increase in termination pay expense.
- Social Services expense increased by \$18 million due to higher TANF and Safety Net caseloads and increases in the cost of Medicaid. This was partially offset by the increased state aid discussed above.

<sup>\*</sup> Implemented in 2007. In subsequent years, adjustments are included in General Government.

### **ANALYSIS OF FUND FINANCIAL STATEMENTS FOR 2008**

The remaining statements in the CAFR are fund financial statements (governmental fund statements and fiduciary fund statements) that focus on individual parts of the County government, reporting on the County's operations in more detail than the government-wide statements. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending on particular programs. The fund financial statements employ the current financial resources measurement focus and are presented using the modified-accrual basis of accounting. The current financial resources measurement focus requires the fund financial statements to report near-term inflows and outflows of financial resources. To achieve this objective, the application of the accrual basis of accounting must be modified so that the fund financial statements report only those transactions and events that affect inflows and outflows of financial resources in the near future.

The County's governmental fund statements (balance sheet and statement of revenues, expenditures, and changes in fund balance) tell how the general governmental services were financed in the short term as well as what money remains for future spending. These statements present the government's current financial resources (which include its cash and assets that will become cash in the next year) and the current liabilities that these assets will be used to retire.

The County's general operations are financed through four primary operating funds: the General Fund; the Fire Prevention, Safety, Communication, and Education Fund; the Police Headquarters Fund; and the Police District Fund. In 2007, the County Parks and Recreation Fund was merged into the General Fund. With the exception of the Police District Fund, the remaining primary operating funds have identical tax bases; accordingly, the resources in these funds are fungible. The County also has a debt service fund into which resources are transferred to pay current and future debt service obligations. The County's sewer and storm water operations are funded through a sewer and storm water resources district, which through state legislation consolidated three sewage disposal district maintenance funds as well as a sewage collection district maintenance fund for the twenty-seven sewer collection districts located throughout Nassau County. The County also has a Technology Fund, an Open Space Fund, as well as a series of other non-major operating and capital project funds.

### The Governmental Fund Statements

Nassau County ended the 2008 fiscal year with a budgetary surplus of \$2.1 million aggregated across its primary operating funds. This surplus resulted from the County's ability to meet the unprecedented budgetary challenges from the national credit crisis. This aforementioned crisis led to lower sales tax revenue and lower investment income. However, to meet the challenge the Administration was able to offset the revenue shortfalls by implementing spending controls. The key measures taken to reduce expenses were: limiting hiring of personnel to key positions, the implementation of an inventory management initiative, continued progress in the implementation of initiatives in the multi-year financial plan and savings generated from successful labor negotiations resulting in no across the board increase for the Civil Service Employees Association in the current year.

Table 3
Summary of Changes in Unreserved Fund Balance
Major Operating Funds and Sewer and Storm Water District Fund
(dollars in millions)

|                                     | 2008        |    | 2007  | C  | hange  |
|-------------------------------------|-------------|----|-------|----|--------|
| Primary Operating Funds             |             |    |       |    |        |
| General Fund                        | \$<br>57.9  | \$ | 64.7  | \$ | (6.8)  |
| Fire Commission                     |             |    |       |    |        |
| Police Headquarters                 | 1.6         |    |       |    | 1.6    |
| Police District                     | (6.4)       | _  | 6.1   |    | (12.5) |
| Total Primary Operating Funds       | \$<br>53.1  | \$ | 70.8  | \$ | (17.7) |
| Sewer and Storm Water District Fund | \$<br>129.5 | \$ | 162.1 | \$ | (32.6) |

As Table 3 shows, accumulated unreserved, undesignated fund balance in the primary operating funds totaled \$53.1 million at the end of 2008 on a financial reporting basis. On a budgetary basis, the County ended 2008 with accumulated unreserved and undesignated fund balance totaling \$74.1 million. \$10 million of prior years' surplus has been appropriated into the 2009 budget to fund revenue shortfalls.

Unreserved fund balance in the Sewer and Storm Water District declined by \$32.6 million, reflecting the use of fund balance to pay down debt and to cushion the effects of the rate harmonization of the old sewer districts into the new zones of assessments.

The County's operating surplus on a budgetary basis was the result of conservative budgeting and substantial progress in the implementation of core elements of the multi-year financial plan. Specific factors that contributed to the County's fiscal performance were as follows:

- The County's workforce management program limited new hiring primarily to essential and/or emergency functional areas, and throughout the year, full-time staffing levels were below budgeted levels. For example, on December 18, 2008, full-time staffing in the primary operating funds was 365 positions below the budget allotment of 9,159. The County also achieved savings of \$14.8 million, primarily in the General Fund, from the settlement of the Sheriff's Officers Association labor contract.
- By controlling spending on contracts and restricting purchasing via better inventory management, the County achieved a \$23 million favorable variance to budget, also primarily in the General Fund.
- The County successfully implemented a series of "smart government initiatives", such as recoveries associated with workers compensation claims, the value of which totaled \$9.9 million.
- Budgeted borrowings were delayed to later in 2008 and were less than anticipated. This resulted in lower debt service costs with a budgetary surplus of \$22.7 million.
- Partially offsetting these positive results were negative factors in the General Fund including a \$9.9 million shortfall in investment income due to lower interest rates and a \$41.9 million shortfall in sales tax revenue.
   These negative variances are primarily a result of slower economic activity due to the negative effects of the credit crisis, higher unemployment, and lower consumer confidence.

### **CAPITAL INVESTMENTS**

The County completed a number of capital projects during the 2008 fiscal year, including \$9.9 million in park improvements and upgrades and \$28 million in road improvements. Major roadway improvements were undertaken on Guy Lombardo Avenue in Freeport and Rockaway Turnpike in Cedarhurst. The County completed the refurbishment of Nunley's Carousel, which was moved to a new location on Museum Row in 2009.

The building consolidation project saw the successful completion of the Old County Courthouse renovation. The building was opened and dedicated in February 2008 as the County's new Executive and Legislative building. The Police and Fire Communication Center in Westbury continues to undergo structural expansion and improvements.

The County made capital improvements during 2008 in the following areas:

### Table 4 Capital Improvements January 1, 2008 to December 31, 2008 (dollars in millions)

| Project Category                        |    | ount          |

| Miscellaneous                           |    | 2.2           |
| Total                                   | \$ | <u> 194.5</u> |

Detailed information on capital asset activity is available in the Notes to the Financial Statements Exhibit X-16, Note 7.

### **DEBT**

Nassau County and its blended component units - NIFA, NCTSC, and the SSWFA - had approximately a combined \$3.2 billion in outstanding long-term debt as of December 31, 2008, representing a net increase of \$178.7 million (\$155.5 million was used to repay commercial paper and BANs that were outstanding at the end of 2007) over the combined long-term debt outstanding as of December 31, 2007. The County also provides a direct-pay guarantee of \$262.1 million outstanding from the refunding and new money debt issued in October of 2004 by the Nassau Health Care Corporation and \$17.4 million outstanding from the refunding and new money debt issued in June of 2005 by the Nassau Regional Off-Track Betting Corporation. Since the two corporations are discretely-presented component units of the County, their debt is not itemized in Table 5 below.

| Tobacco Settlement Asset-Backed Bonds  |          | 431,034                      |          |                   | _         | 4,683                     |    | 426,351                      |
| Sewer Financing Authority  |          | 72,225                       |          | 152,240           | _         | 48,670                    |    | 175, <b>7</b> 95             |
| TOTAL LONG TERM DEBT   | \$       | 3,055,855                    | \$       | 1,173,343         | \$        | 994,610                   | \$ | 3,234,588                    |

In 2008, the County issued \$292.9 million of long-term debt to fund its capital program and to repay \$86.4 million of BANs. The County did not issue any new debt through the State Revolving Loan Fund ("SRF") during 2008. The SRF is administered by the New York State Environmental Facilities Corporation which provides interest-subsidized loans to local governments for eligible environmental projects (e.g. sewer and storm water improvement initiatives).

Offsetting new issuances was a decrease in NIFA's long-term debt of \$83.5 million during the 2008 fiscal year. This decrease reflects the maturing and run-off of the existing NIFA debt.

The amount of outstanding debt of the NCTSC was reduced due to \$4.7 million of maturities.

During fiscal year 2008, the SSWFA issued \$152.2 million in new bonds, retired \$114.5 million of Auction Rate Securities and commercial paper notes and had \$3.3 million of bonds mature.

The County issued two cash flow notes during the 2008 fiscal year. Management anticipates issuing one or more cash flow notes in 2009.

Detailed information on long-term debt activity is available in the Notes to the Financial Statements Exhibit X-16, Note 9.

### NASSAU COUNTY'S CREDIT RATING

The three major credit rating agencies have responded to the County's fiscal progress by increasing the ratings assigned to the County's long-term general obligation debt a total of 13 times from February of 2003 through June of 2008. In June 2009, Fitch IBCA, Moody's Investors Services and Standard and Poor's all reaffirmed the County's ratings, with no change from the prior year.

### CONCLUSION

The County's net worth declined by \$291.8 million during 2008 to negative \$4.7 billion. This decline was primarily driven by the increases in long term liabilities for Workers Compensation, OPEB, and Tax Certiorari refund claims. The negative balance in total net worth is principally driven by the implementation of GASB 45 in 2007 of \$3.4 billion. The remaining balance is primarily the result of outstanding borrowings for real property tax refunds.

During 2008, the County generated a slight positive budgetary surplus of \$2.1 million across its primary operating funds. This surplus resulted from the County's ability to meet the unprecedented budgetary challenges and revenue shortfalls during 2008 with sound conservative budgeting and progress in the implementation of the Multi-Year Financial Plan in addition to the limiting of hiring of personnel, implementation of spending controls, and generating savings from successful labor settlements. At the end of 2008, unreserved, undesignated fund balance in the County's primary operating funds stood at \$74.1 million on a budgetary basis.

The County's recent history of credit rating upgrades coupled with the reaffirmation by all three ratings agencies of the County's stable outlook reflects the County's improved pro-active financial management and performance. Nassau County faces difficult challenges as do other municipalities around the Country. The Multi Year Plan acknowledges these challenges by addressing the structural imbalance with a combination of recurring revenue options. The Administration has received New York State legislative approval for the use of red light cameras starting in 2009 to increase safety and generate revenue. The County continues to aggressively pursue the passage of legislation authorizing a cigarette tax, Traffic and Parking Violation Agency ticket surcharge and video lottery terminals, among other items that are included in the County's State legislative package. As part of a three year effort to reduce the real property tax refund liability, the County will use bond proceeds in order to stabilize tax certiorari payments and continue to reduce the backlog of claims which will sustain PAYGO financing. The administration is committed to pursuing cost reduction and maximizing funding before relying on taxpayers to bear any additional burden.

The reconciliation of the fund balances of governmental funds to the net assets of governmental activities in the Statement of Net Assets is presented in an accompanying statement.

#### COUNTY OF NASSAU, NEW YORK

## 

DECEMBER 31, 2008 (Dollars in Thousands)

#### Amounts reported for governmental activities in the Statement of Net Assets are different because:

| Total fund balances - governmental funds   | \$<br>434,233 |
|--|---------------|
| Revenue recorded in the statement of net assets is recorded                      |               |
| as deferred revenue in the governmental funds                                    | 20,445        |
| Premium on debt issued is recorded in the governmental funds as revenue. In      |               |
| the statement of activities, the premium is amortized over the lives of the debt | (62,943)      |
| Capital assets used in governmental activities are not financial                 |               |
| resources and therefore are not reported in the funds, net                       | 2,389,293     |
| Other long-term assets are not available to pay for current-period               |               |
| expenditures and, therefore, are deferred in the funds                           | 493,256       |
| Long-term liabilities are not due and payable in the current period              |               |
| and accordingly are not reported in the funds:                                   |               |
| Bonds payable  | (3,070,370)   |
| GASB 45 liability  | (3,456,529)   |
| Other long term liabilities  | (1,116,741)   |
| Current portion of long term liabilities and short term notes payable            | (341,161)     |
| Accrued expenses and interest payable  | <br>(8,725)   |

Net assets (deficit) of governmental activities \$ (4,719,242)

#### THIS PAGE IS INTENTIONALLY LEFT BLANK

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity - The County of Nassau (the "County"), incorporated in 1899, contains three towns, two cities and 64 incorporated villages. In conformance with the Governmental Accounting Standards Board ("GASB") Statement No. 14, The Financial Reporting Entity, these financial statements present the County (the primary government) which includes all funds, elected offices, departments and agencies of the County, as well as boards and commissions, since the County is financially accountable for these and its legally separate component units. A primary government is financially accountable for a component unit if its officials appoint a voting majority of the organization's governing body, and it is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, or the organization is fiscally dependent upon the primary government as defined by GASB No. 14. The Nassau County Interim Finance Authority ("NIFA") is included, because exclusion would be misleading. The County continuously assesses the need to include various organizations within the County whose status as a component unit may change due to financial dependence, legislative developments or level of influence the County may exercise over such entity.

**Discretely Presented Component Units** - Financial data of the County's component units that are not part of the primary government is reported in the component unit's column in the government-wide financial statements, to emphasize that these component units are legally separate from the County. They include the following:

(a) <u>The Nassau Community College</u> (the "College") provides educational services under New York State Education Law. It is reported as a component unit - governmental as the County appoints its governing body, the County approves its budget, issues debt for College purposes and provides approximately 27% of the College's revenues through a Countywide real property tax levy. The College has authority to enter into contracts under New York State Education Law and to sue and be sued. The College is presented in accordance with policies prescribed by the Governmental Accounting Standards Board ("GASB"): Statement No.35, <u>Basic Financial Statements – and Management's Discussion and Analysis for Public Colleges and Universities</u>, and in accordance with the New York State Education Law. Therefore, the College is discretely presented. This component unit is presented as of and for its fiscal years ended August 31, 2008 and 2007.

Financial Reporting Entity – GASB Statement No. 39, an amendment of GASB Statement No. 14, was issued and became effective for the year ended August 31, 2006. This statement provided additional guidance in determining whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with the primary government. As a result of this statement, the College's financial statements include two component units as of August 31, 2008 and 2007.

These financial statements present the College (the primary government) and its component units, the Nassau Community College Foundation, Inc. and the Faculty-Student Association of Nassau Community College, Inc. As defined in GASB Statement No. 39, component units are legally separate entities that are included in the College's reporting entity because of the significance of their operating or financial relationships with the College. The College has elected to include the financial statements of the component units, even though the amounts reported in the component units' financial statements are not significant to the reporting entity.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Discretely Presented Component Units (Continued)

Each component unit is reported separately to emphasize that they are legally separate from the primary government. Each of the College's discretely presented component units has a fiscal year end of August 31<sup>st</sup>, the same as that of the College.

Nassau Health Care Corporation (the "NHCC") is a public benefit corporation created in 1997 by an act of the New York State Legislature for the purpose of acquiring and operating the health facilities of Nassau County, State of New York. Effective September 29, 1999 (the "Transfer Date"), a transaction was executed which transferred ownership of the County health facilities to the NHCC which included Nassau University Medical Center, A. Holly Patterson Extended Care Facility, Faculty Practice Plan, Nassau Health Care Foundation ("NHCF"), and the Health Centers. Concurrent with the transaction, \$259.7 million of Nassau Health Care Corporation Health System Revenue Bonds, Series 1999 were issued. During 2004, \$303.4 million of Nassau Health Care Corporation Bonds, Series 2005 were issued to refund the Corporation's Revenue Bond Series 1999, fund certain capital projects and provide working capital. The bonds are insured and guaranteed by the County. NHCC is fiscally dependent on the County should certain NHCC debt service reserve funds fall below their requirements. NHCC is considered to be a component unit of the County and is presented as a proprietary type component unit on the accrual basis of accounting. The Corporation accounts for its investment in the limited liability company using the equity method. A successor agreement (the "Successor Agreement") in 2007 clarifies the services provided by the Corporation to the County and establishes the mechanism for payments to the Corporation by the County and provides the Corporation with capital funding and is in effect until 2029.

In March 2008, the Corporation received approval from the New York State Department to amend the NHCF's certificate of incorporation. The NHCF's purpose was restated to be limited to supporting, maintaining, and otherwise benefiting and being responsive to the needs and objectives of the Corporation. In 2008, the Corporation consolidated the NHCF which increased net assets by approximately \$ 3.6 million.

The Board of the NHCC consists of fifteen voting and three nonvoting Directors. Eight voting Directors are appointed by the Governor, four by the County Legislature and three by the County Executive. The nonvoting Directors are the Chief Executive Officer of NHCC, one individual appointed by the County Executive and one individual appointed by the County Legislature. The directors serve staggered five-year terms. The County Executive selects one of the voting directors as Chairman of the Board.

(c) The Nassau Regional Off-Track Betting Corporation (the "OTB") was created by the New York State Legislature as a public benefit corporation. It is reported as a component unit as the County Legislature appoints its governing body and receives 4.375% of winning wagers made at Nassau County racetracks and all net operating profits from OTB. These revenues are recorded in the County's General Fund. The OTB is shown as a proprietary type component unit, and is presented on the accrual basis of accounting for its fiscal years ended December 31, 2008 and 2007, respectively.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Discretely Presented Component Units (Continued)

In the Statement of Net Assets, OTB has reported an accumulated deficit of \$ 2,363,000 which is included in their unrestricted net deficit. Section 516 of the NYS Racing & Wagering Law dictates in subsection 2 that net revenue remaining to the Corporation after payment of all of the costs of the Corporation's functions shall be distributed to Nassau County. As such, any deficit the Corporation incurs during a given quarter becomes unrecoverable because the Law does not enable the Corporation to allocate accumulated deficits to future earnings.

(d) The Nassau County Industrial Development Agency (the "NCIDA") is a public benefit corporation established pursuant to the New York State General Municipal Law. The NCIDA's purpose is to arrange long-term low interest financing with the intent of developing commerce and industry in the County. It is reported as a component unit as the County appoints its governing body and may remove the NCIDA board at will. The County has at times provided support to the NCIDA in the form of employees and facilities. Support expenditures would be included in the County's General Fund under personal services. The NCIDA has sole authority for establishing administrative and fiscal policy in the pursuit of its objectives. The County is not liable for any obligations or deficits the NCIDA may incur, nor does it share in any surpluses. The NCIDA is shown as a proprietary type component unit and is presented on the accrual basis of accounting for its fiscal years ended December 31, 2008 and 2007, respectively.

#### **Blended Component Units**

(a) Nassau County Interim Finance Authority (the "Authority" or "NIFA") is included as a blended component unit of the County's primary government pursuant to GASB No. 14 because exclusion would be misleading. It acts as a temporary financial intermediary to the County and is authorized to act as an oversight authority to the County under certain circumstances. It reports using the governmental model and its funds are reported as part of the County's general funds, debt service funds and capital projects funds.

NIFA is a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation created by the Nassau County Interim Finance Authority Act, Chapter 84 of the Laws of 2000, as supplemented by Chapter 179 of the Laws of 2000 and as may be amended from time to time, including, but not limited to, Chapter 528 of the Laws of 2002, and Chapters 314 and 685 of the Laws of 2003 (the "Act"). The Act became effective June 23, 2000. Although legally separate and independent of Nassau County, the Authority is a component unit of the County for County financial reporting purposes and, accordingly, is included in the County's financial statements.

The Authority is governed by seven directors, each appointed by the Governor, including one each appointed upon the recommendation of the Majority Leader of the State Senate, the Speaker of the Assembly, and the State Comptroller. The Governor also designates the chairperson and vice-chairperson from among the directors. At present one Director's position is vacant.

The Authority has power under the Act to monitor and oversee the finances of Nassau County, and upon declaration of a "Control Period" as defined in the Act, additional oversight authority. Although the Act currently provides that the Authority may no longer issue new bonds or notes, other than to retire or otherwise refund Authority debt, the Authority was previously empowered to and did issue its bonds and notes for various County purposes, defined in the Act as "Financeable

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Blended Component Units (Continued)

Costs." No bond of the Authority may mature later than January 31, 2036, or more than 30 years from its date of issuance.

Revenues of the Authority ("Revenues") consist of sales tax revenues, defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed by the County on the sale and use of tangible personal property and services in the County ("Sales Tax Revenues"), and investment earnings on money and investments on deposit in various Authority accounts. Sales tax revenues collected by the State Comptroller for transfer to the

Authority are not subject to appropriation by the State or County. Revenues of the Authority that are not required to pay debt service, operating expenses, and other costs of the Authority are payable to the County.

(b) <u>The Nassau County Tobacco Settlement Corporation</u> ("NCTSC") is a special purpose local development corporation organized under the Not-for-Profit Corporation Law of the State of New York and is an instrumentality of, but separate and apart from Nassau County. Although legally separate and independent of Nassau County, NCTSC is considered an affiliated organization under Governmental Accounting Standards Board Statement No. 39 "Determining whether Certain Organizations are Component Units" and reported as a component unit of the County for County financial reporting purposes and, accordingly, is included in the County's financial statements.

The NCTSC board of directors has three members, one of whom must meet certain requirements of independence: (i) one elected by the County Legislature, (ii) one, who must be the County Treasurer, *ex officio*, designated by the County Executive and (iii) one selected by (i) and (ii). As of December 31, 2008, one position was vacant.

On November 23, 1999, NCTSC entered into a Purchase and Sale Agreement dated as of October 1, 1999 with the County pursuant to which NCTSC acquired from the County all of the County's right title and interest under the Master Settlement Agreement (the "MSA") and the Consent Decree and Final Judgment (the "Decree"). These rights include the County's share of all Tobacco Settlement Revenues received after November 23, 1999 and in perpetuity to be received under the MSA and the Decree. The consideration paid by NCTSC to the County for such acquisition consisted of \$247,500,000 cash (of which \$77,500,000 was paid into escrow for the benefit of the County) and the sole beneficial interest in NCTSC Residual Trust, a Delaware business trust to which NCTSC has conveyed a residual interest in all the Tobacco Settlement Revenues, annually received in excess of those required to pay debt service on the Series A Bonds (the "Residual"). NCTSC's right to receive Tobacco Settlement Revenues is its most significant asset and is expected to produce funding for all its obligations.

On March 31, 2006, NCTSC, issued \$431,034,246 of Nassau County Tobacco Settlement Corporation Tobacco Settlement Asset-Backed bonds, Series 2006. Proceeds were used to refund all of NCTSC's 1999 Bonds and creation of a Residual Trust Fund for the benefit of the County and Senior Liquidity Reserve to pay future debt service on the new bonds.

(c) <u>The Nassau County Sewer and Storm Water Finance Authority</u> ("NCSSWFA") is a public benefit corporation established in 2003 by the State of New York under the Nassau County Sewer and Storm Water Finance Authority Act, codified as Title-10-D of Article 5 of the Public Authorities

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Blended Component Units (Continued)

Law of the State. The NCSSWFA was established for the purpose of refinancing outstanding sewer and storm water resources debt issued by or on behalf of the County and financing future County sewer and storm water resources projects. The NCSSWFA may issue debt in an amount up to \$350,000,000 for such purposes (exclusive of debt issued to refund or otherwise repay the NCSSWFA debt).

The NCSSWFA has acquired all of the sewer and storm water resources facilities, buildings, equipment and related assets other than land of the County pursuant to a Financing and Acquisition Agreement dated as of March 1, 2004 by and between the NCSSWFA and the County.

The NCSSWFA is to pay for the assets acquired in installments by undertaking to pay debt service on outstanding bonds issued by or on behalf of the County to finance the assets acquired ("County Bonds"). In addition, as part of such purchase price, the NCSSWFA may, at the request of the County, refinance County Bonds. Most of the NCSSWFA's revenues are derived through the imposition by the County of assessments for sewer and storm water resources services. The County has directed each city and town receiver of taxes to pay all such assessments directly to the trustee for the NCSSWFA's bonds. The NCSSWFA retains sufficient funds to service all debt (including County Bonds), and pay its operating expenses. Excess funds are remitted to the Nassau County Sewer and Storm Water Resources District (the "District"). The District is responsible for the operations of the County's sewer and storm water resources services.

Complete financial statements of the individual component units can be obtained from their respective administrative offices:

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Accounting Pronouncements**

In accordance with GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, the County applies all applicable GASB pronouncements and only Financial Accounting Standards Board ("FASB") Statements and Interpretations issued on or before November 30, 1989 that do not conflict with GASB pronouncements.

The County prepares its financial statements in accordance with GASB Statement No. 34 (as amended by Statement No. 37), which represents a very significant change in the financial reporting model used by state and local governments. Statement No. 34 requires government-wide financial statements to be prepared using the accrual basis of accounting and the economic resources measurement focus. Government-wide financial statements do not provide information by fund, but distinguish between the County's governmental activities and activities of its discretely presented component units on the Statement of Net Assets and Statement of Activities. Significantly, the County's Statement of Net Assets includes both noncurrent assets and noncurrent liabilities of the County, which were previously recorded in the General Fixed Assets Account Group and the General Long-term Obligations Account Group. In addition to the capital assets previously recorded in the General Fixed Assets Account Group, the County retroactively capitalized infrastructure assets that were acquired beginning with fiscal year ended December 31, 1980. In addition, the government-wide statement of activities reflects depreciation expenses on the County's capital assets, including infrastructure.

In addition to the government-wide financial statements, fund financial statements continue to be reported using the modified accrual basis of accounting and the current financial resources measurement focus. Accordingly, the accounting and financial reporting for the County's General Fund, NIFA General Fund, Debt Service Fund, Parks and Recreation Fund, Fire Prevention, Safety, Communication and Education Fund, Police District Fund, Police Headquarters Fund, Capital Fund, and Sewer and Storm Water District Fund is similar to that previously presented in the County's financial statements, although the format of financial statements has been modified by Statement No. 34.

Statement No. 34 also requires supplementary information. Management's Discussion and Analysis includes an analytical overview of the County's financial activities. In addition, a budgetary comparison statement is presented that compares the adopted and modified General Fund's, Major Special Revenue Funds' and Nonmajor Special Revenue Funds' budgets with actual results.

The Nassau Community College prepares its financial statements in accordance with GASB No. 35, "Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities".

Statement No. 38 requires certain disclosures to be made in the notes to the financial statements concurrent with the implementation of Statement No. 34. While this Statement did not affect amounts reported in the financial statements of the County, certain note disclosures have been added and or amended including descriptions of activities of major funds, violations of legal or contractual provisions, future debt service and lease obligations in five year increments, short-term obligations, interest rates, and interfund balances and transactions.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The accounting policies of the County of Nassau conform to accounting principles generally accepted in the United States of America ("GAAP") as applicable to governments. The following is a summary of the more significant policies:

#### A. BASIS OF PRESENTATION

Government-wide Statements: The government-wide financial statements, *i.e.* the Statement of Net Assets and the Statement of Activities, display information about the primary government and its component units. These statements include the financial activities of the overall government except for fiduciary activities. Eliminations of internal activity have been made in these statements. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. All of the activities of the County as primary government are governmental activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (i) charges for services such as rental revenue from operating leases on buildings, lots, etc (ii) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes and other revenues not properly included among program revenues are reported as general revenues.

**Fund Financial Statements:** The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for the governmental and fiduciary fund categories are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non major funds.

The County uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, fiduciary, and proprietary. There are no proprietary funds at the County. Each category, in turn, is divided into separate "fund types."

The County reports the following major governmental funds:

<u>General Fund</u> - The General Fund is the general operating fund of the County through which the County provides most Countywide services. Its principal sources of revenue are sales tax, the Countywide real property tax, other local taxes and charges, departmental revenues, and Federal and State aid.

<u>NIFA General Fund</u> - The NIFA General Fund accounts for sales tax revenues received by NIFA and for general operating expenses as well as distributions to Nassau County. The NIFA Debt Service Fund accounts for the accumulation of resources for payment of principal and interest on the Authority's bonds. Only that portion of bonds payable expected to be financed from expendable available resources is reported as a liability of the NIFA Debt Service Fund. The NIFA Capital Projects Fund accounts for the financial resources to be transferred to the County for its Financeable Costs.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. <u>BASIS OF PRESENTATION</u> (Continued)

<u>Debt Service Funds</u> - The debt service fund is established to account for the payment of the principal of and interest on outstanding bonds and other long-term obligations of the County.

<u>Fire Prevention, Safety, Communication and Education Fund</u> - This fund is used to enforce the Nassau County Fire Prevention Ordinance, coordinate services to the County's Volunteer Fire Departments, investigate arson and provide education at the Fire/Police Emergency Medical Service (EMS) Academy. Revenues are raised primarily through a special property tax levied on a County-wide basis.

<u>Sewer and Storm Water District Fund</u> - This fund consists of the sewage treatment and collection districts and is responsible for the operation and repair of the County sewage collection areas and maintaining and enhancing the region's water environment.

<u>County Parks and Recreation Fund</u> - This fund has been established to maintain parks, museums, and all recreational facilities. The principal sources of revenue in this fund are user fees and a special real property tax levied on a County-wide basis. In 2007, this fund was merged within the General Fund.

<u>Police District Fund</u> - This fund is used to provide police services to those areas of the County that do not maintain their own local police forces. Revenues are raised principally through a special real property tax levied only in those areas served by the County police. This fund does not include Police Department headquarters expenses which are funded through the Police Headquarters Fund.

<u>Police Headquarters Fund</u> - This fund is used to record all the costs of police headquarters. Revenues are raised principally through a special real property tax levied on a County-wide basis. The Police Department headquarters services the entire County with all police services that the local police departments cannot provide.

<u>Capital Fund</u> - This fund is used to account for the cost of County general improvement capital construction projects. Some of the major project initiatives included in this fund are aimed at enhancements to County buildings, rehabilitation of County roadways, drainage improvements, redevelopment of park facilities and major capital equipment purchases. Funding for these projects is primarily provided by the issuance of long term debt but also may be supplemented by Federal and State aid grant awards.

Additionally, the County reports the following fund type:

<u>Fiduciary Fund</u> - The fiduciary fund is an agency fund used to account for resources received and held by the County as the agent for others. These resources include among other things, withholdings for payroll taxes and garnishments. Use of this fund facilitates the discharge of responsibilities placed upon the County by law or other authority. Individual accounts are maintained for all other escrow-type and fiduciary accounts required by law or other authority in administering such monies received by the County.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. <u>BASIS OF PRESENTATION</u> (Continued)

New Accounting Standards

In June 2004, GASB issued Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. The Statement establishes standards for the measurement, recognition, and display of Other Postemployment Benefits ("OPEB") expense and related liabilities (assets), note disclosures, and, if applicable, required supplementary information in the financial reports of state and local governmental employers. OPEB includes postemployment healthcare, as well as other forms of postemployment benefits (e.g., life insurance) when provided separately from a pension plan. The approach followed in the Statement generally is consistent with the approach adopted in Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, with modifications to reflect differences between pension benefits and OPEB. Statement No. 45 improves the relevance and usefulness of financial reporting by: (i) recognizing the cost of benefits in periods when the related services are received by the employer; (ii) providing information about the actuarial accrued liabilities for promised benefits associated with past services and whether and to what extent those benefits have been funded; and (iii) providing information useful in assessing potential demands on the employer's future cash flows. The requirement applies to any state or local government employer that provides OPEB. As a result, the County has implemented GASB statement No. 45 for the fiscal year ended December 31. 2007. Prior to the implementation of GASB Statement No. 45, the County's postretirement benefits were accounted for on a pay-as-you-go basis.

In July 2005, GASB issued statement No. 47, *Accounting for Termination Benefits*. There was no impact on the County's financial statements as a result of the implementation of Statement No. 47. For termination benefits provided through a deferred benefit OPEB plan, the provisions of this Statement have been implemented in conjunction with Statement No. 45.

In September 2005, GASB issued GASB Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues. The County has implemented this Statement for the fiscal year ended December 31, 2007.

In January 2006, GASB issued GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. The County has implemented this Statement for the fiscal year ended December 31, 2008 and determined that the adoption of this statement had no impact on the County's financial statement.

In June 2007, GASB issued Statement 51, *Accounting and Financial Reporting for Intangible Assets*. The County has implemented this Statement for the fiscal year ended December 31, 2008 and has recorded \$8.8 million of intangible assets.

In November 2007, GASB issued Statement 52, Land and Other Real Estate Held as Investments by Endowments, which should be implemented beginning with fiscal years ending December 31, 2009. The County has determined that there is no impact from Statement No. 52 on its financial position or results of operations resulting from the adoption.

In June 2008, GASB issued Statement No.53, Accounting and Financial Reporting for Derivative Instruments, which should be implemented beginning with fiscal years ending December 31, 2010.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### A. <u>BASIS OF PRESENTATION</u> (Continued)

The County has not completed the process of evaluating the impact that will result from implementing this Statement and is therefore unable to determine the impact that adopting this Statement will have on its financial position and results of operations.

In February 2009, GASB issued Statement No.54, Fund Balance Reporting and Governmental Fund Type Definitions, which should be implemented beginning with fiscal years ending December 31, 2011. The County has not completed the process of evaluating the impact that will result from implementing this Statement and is therefore unable to determine the impact that adopting this will have on its financial position and results of operations when such statement is adopted.

In March 2009, GASB issued Statement No.55, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments and Statement No. 56, Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards, which were both effective immediately. Neither of these Statements have an impact on the County's financial statements.

#### B. BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

The basis of accounting determines when transactions are reported on the financial statements. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County either gives or receives value without directly receiving or giving equal value in exchange, include, for example sales and property taxes, grants, and donations. On an accrual basis, revenue from sales taxes is recognized when the underlying 'exchange' transaction takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

All discretely presented component units-proprietary funds are accounted for on a flow of economic resources measurement focus.

Governmental funds are accounted for on the modified accrual basis of accounting. Governmental fund revenues are recognized in the accounting period in which they become susceptible to accrual (i.e., both measurable and available to finance expenditures of the fiscal period). Revenue items accrued are property taxes and sales taxes, provided the revenue is collected within 60 days of the fiscal year end; and reimbursable amounts from Federal and State supported programs, provided the revenue is collected within one year of year-end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, with the following exceptions that are in conformity with accounting principles generally accepted in the United States of America: general long-term obligation principal and interest are reported only when due, vacation and sick leave when paid, pension costs when due, and judgments and claims when settled. Discretely presented component units proprietary funds are accounted for on the accrual basis of accounting. Their revenues are recognized in the period earned and expenses are recognized in the period incurred. Proprietary funds' unbilled services receivable are recognized as revenue.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### B. BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (Continued)

The fiduciary fund is accounted for on the cash basis of accounting for the purpose of asset and liability recognition.

Transfers among funds are recognized in the accounting period in which the interfund receivable and payable arise.

Nassau Community College - The College reports as a special purpose government engaged only in business type activities as defined in GASB Statement No. 35 "Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities".

#### C. BUDGETS AND BUDGETARY ACCOUNTING

An appropriated budget is legally adopted for each fiscal year for the General Fund, Debt Service Fund and each of the Special Revenue Funds, with the exception of NIFA, NCSSWFA, NCTSC, Open Space Fund and the Grant Fund. NIFA funds consist of sales tax revenues collected by the State Comptroller and transferred to the fund and are not subject to appropriation by the State or County. NCTSC Funds consist of Tobacco Settlement Revenues received annually as a result of a Master Settlement Agreement between the Tobacco Settlement Corporation and Tobacco Manufacturing Companies. The Grant Funds are appropriated for the life of specific grants, not for annual fiscal periods. Accordingly, the Grant Funds are excluded from the Combined Statement of Revenues, Expenditures, and Changes in Fund Balance presented for budgeted special revenue funds. The budget amounts as shown include prior year encumbrances carried forward as well as current year authorizations. In the case of the Grant Fund, an appropriated budget is legally adopted for the life of each grant as it is received. The County Legislature also authorizes and rescinds spending and financing authority in a Capital Budget. Each project authorized has continuing budget authority until the project is completed or rescinded. All appropriated budgets are adopted by ordinance of the County Legislature on the same modified accrual basis of accounting used to report revenues and expenditures except that appropriations are not provided for certain interfund indirect costs and encumbrances are treated as charges to appropriations when incurred. All supplemental appropriations amending appropriated budgets as originally adopted are also provided by ordinance of the Legislature. During the fiscal years ended December 31, 2008 and 2007, supplemental appropriations for the General Fund, Debt Service Fund and for the Special Revenue Funds and appropriation budgets for the Grant Fund were adopted and are included in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budgeted Funds as follows (dollars in thousands):

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. <u>BUDGETS AND BUDGETARY ACCOUNTING</u> (Continued)

|   | 2008          | <u>2007</u>    |
|---|---------------|----------------|
| Supplemental Appropriations:  |               |                |
| General Fund  | \$ 96,485     | \$ 42,191      |
| Police District   | 7,900         | 5,300          |
| Police Headquarters   | 10,940        | 2,600          |

Appropriations which have not been expended or encumbered by the end of the fiscal period lapse at that time.

The County followed these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The proposed budget must be presented to the County Legislature and NIFA not later than September 15. (For the College, the proposed budget is submitted on or before the second Monday in July for the fiscal year commencing the following September 1.) The proposed budgets include proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. Budgets must be adopted by the County Legislature no later than October 30 of the prior year. (For the College, the budget is legally enacted on or before the third Monday in August.)
- 4. The appropriated budget can be legally amended by the County Legislature subsequent to its initial adoption. Proposed amendments can be submitted by the County Executive to the Legislature at any time during the fiscal year. These proposed amendments are then voted on by the Legislature at the next available meeting. Amendments which are legally approved by the Legislature are immediately reflected in the operating appropriated budget.
- 5. Formal budgetary integration is employed as a management control device during the year for the governmental funds. The legal level of budgetary control is exercised at the object appropriation level within a departmental control center. The County Legislature must approve all transfers and supplemental appropriations at this level.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. <u>ENCUMBRANCES</u>

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

#### E. CASH AND INVESTMENTS

Cash includes amounts in demand deposits as well as short-term investments with original maturities of three months or less from the date acquired by the County. Investments are carried at cost, which approximates market, and are fully collateralized in accordance with the New York State Local Finance Law.

#### F. CAPITAL ASSETS

All capital assets which are acquired or constructed for general governmental purposes are reported as expenditures in the fund that finances the asset acquisition and are accounted for and reported in the government-wide financial statements, as capital assets, if they meet the County's capitalization criteria. These statements also contain the County's infrastructure elements that are now required to be capitalized under GAAP. Infrastructure assets include public domain assets such as roads, bridges, streets, sidewalks, curbs and gutters, drainage systems, lighting systems, and the like. Real property acquired in 1984 and prior (except for infrastructure assets) is recorded at historical cost based on an appraisal performed in 1984. Real property acquired after 1984 as well as all infrastructure assets are recorded at historical cost. Capital leases are classified as capital assets in amounts equal to the lesser of the fair market value or the present value of net minimum lease payments at the inception of the lease. Equipment with a unit cost of \$5,000 or more is included in the financial statements as general capital assets of the County. Electronic equipment valued at a unit cost of \$500 or more and all other equipment valued at \$1,000 or more is inventoried and recorded for internal control purposes. Donated capital assets, if material, are stated at their fair market value as of the date of the donation. Intangible assets are classified as capital assets if identifiable. Intangible assets are characterized as an asset that lacks physical substance, is nonfinancial in nature, and has an initial useful life extending beyond a single reporting period. All of the County's intangible capital assets have indefinite useful lives.

#### G. <u>DEPRECIATION</u>

Depreciation is defined by the AICPA as a method of accounting which aims to distribute the cost or value of tangible capital assets, less any salvage value, over the estimated useful life of the assets in a systematic and rational manner. GASB 34 states that capital assets should be depreciated over their estimated useful lives, unless they are inexhaustible. Pursuant to GASB 34, accumulated depreciation is reported for land improvements, buildings, equipment and infrastructure. (The County's land improvements consist of exhaustible capital assets such as swimming pools, parking lots, and playgrounds.) Land, which is an inexhaustible asset, and construction in progress are not depreciated. Land improvements, buildings, equipment, and infrastructure are depreciated, using straight-line method of depreciation, over their estimated useful lives of 20 years for land improvements, 40 years for buildings, 3 to 25 years for equipment and 15 to 40 years for infrastructure. Capital lease assets are amortized over the term of the lease or the life of the asset, whichever is less.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### G. <u>DEPRECIATION</u> (Continued)

Depreciation is recorded by the proprietary type entities, as follows:

Nassau Community College - Depreciation on buildings, land improvements and infrastructure, and equipment is calculated using the straight line method over the assets' estimated useful lives, ranging from 5 to 50 years. Library books and audiovisual items are not depreciated.

Nassau Health Care Corporation - Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed using the straight—line method. Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring these assets.

Nassau Regional Off-Track Betting Corporation - For capital improvement assets, depreciation and amortization is recorded over the assets' estimated useful lives using the straight-line method (4 to 20 years) and is charged directly against the assets. No charge to operations is recorded. For all other assets, depreciation and amortization are computed on the straight-line method and charged to operations over the assets' estimated useful lives (4 to 20 years). Leasehold improvements are amortized over their estimated useful lives, or the remaining term of the leases, exclusive of renewal options.

Nassau County Industrial Development Agency - Depreciation is calculated on the straight-line basis over an estimated useful life of five years, utilizing the half-year convention.

Nassau County Sewer and Storm Water Finance Authority - Capital assets are depreciated over their economic useful life using straight-line method.

#### H. INVENTORIES AND PREPAID EXPENSES

Inventory on hand is not significant and is recorded as an expenditure in the period purchased. Prepaid expenses represent amounts paid as of year end which will benefit future operations and are accounted for using the consumption method.

#### I. RESERVES

Portions of governmental fund equity are reserved for specific purposes, and are therefore not available as spendable resources.

### J. <u>ACCUMULATED UNPAID VACATION, SICK PAY, AND OTHER EMPLOYEE</u> <u>BENEFITS</u>

County employees receive vacation time, sick leave, and other benefits pursuant to the labor contract or County ordinance covering their terms of employment. The cash value of these accumulated unpaid employee benefits and the related employer costs (e.g. Social Security) has been accrued and reported with other long-term liabilities in the government-wide financial statements of net assets. The compensated absences for the governmental funds are treated as long term as they will not be liquidated with expendable available financial resources. For those employees who have retired prior to December 31, 2008, any accumulated and unpaid benefits as of that date have been recorded in the government-wide financial statements of net assets.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### K. GRANTS AND OTHER INTERGOVERNMENT REVENUES

Federal and State grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. All other Federal and State reimbursement type grants are recorded as intergovernmental receivables and revenues when the related expenditures or expenses are incurred.

#### L. REAL PROPERTY TAX

County real property taxes are levied on or before the third Monday in December and recorded as a receivable on January 1, the first day of the fiscal year. They are collected in two semiannual installments, payable on January 1 and July 1 by the town and city receivers of taxes together with the town and city tax levies, all of which become a lien on January 1. At year-end, adjustments are made for taxes that are estimated to be uncollectible, or collectible but not available soon enough in the next year to finance current period expenditures. The town receivers of taxes likewise collect real property taxes for all towns, school districts and special districts in the County, and return to the County after June 1 any uncollected taxes receivable. Pursuant to the Nassau County Administrative Code, the County assumes the burden of such uncollected taxes, and has the responsibility for their collection from the taxpayers.

The New York State constitutional limit of real property taxation for counties is set at two percent of the average full valuation of real estate for the five years preceding the current year for general government services other than the payment of principal and interest on its long-term debt. The constitutional tax limit controlling the levy of County real property taxes for 2008 and 2007 fiscal years was \$4.1 billion and \$3.9 billion, respectively. The constitutional tax margin was \$3.2 billion or approximately 77.21% in 2008 and \$2.9 billion or approximately 76.03% in 2007.

Property tax revenue is recognized in the year for which it is levied provided that it is payable and collected before the current fiscal year-end, or within 60 days thereafter in order to be available to pay for liabilities of the current fiscal year. Property tax revenue not so available is presented as deferred revenue for the fund financial statements. Additionally, the government-wide financial statements recognize real estate tax revenue which is not available to the governmental fund type in the fiscal year for which the taxes are levied.

#### M. INTERFUND TRANSACTIONS

During the course of normal operations, the County has numerous transactions among funds, including transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as operating transfers. The General Fund provides administrative and other services to other funds. Amounts charged to the users for these services are based on the County's cost allocation plan and are treated as revenues in the General Fund and as expenditures or operating expenses in the user funds.

#### N. NOTES PAYABLE

Tax anticipation notes and revenue anticipation notes are generally recorded as fund liabilities in the fund receiving the proceeds. Bond anticipation notes are classified as fund liabilities in the funds receiving the proceeds unless all legal steps have been taken to refinance the notes and the intent is

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### N. NOTES PAYABLE (Continued)

supported by an ability to consummate refinancing the short-term note on a long-term basis at which time they are recorded in the government-wide financial statement of net assets.

#### O. LONG-TERM LIABILITIES

For long-term liabilities, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. All long-term liabilities are reported in the government-wide financial statement of net assets. Long-term liabilities expected to be financed from discretely presented component unit operations are accounted for in those component unit financial statements.

#### P. ISSUANCE COSTS

In the governmental fund types, issuance costs are recognized as expenditures in the period incurred. Issuance costs recorded in the government-wide financial statements units are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable, whereas issuance costs are recorded as deferred charges.

#### Q. CLAIMS AND CONTINGENCIES

The County is self-insured with respect to risks including, but not limited to, property damage, personal injury, and workers' compensation. In the fund financial statements, expenditures for judgments and claims and workers' compensation are recorded when paid. In the government-wide financial statements the estimated liability for all judgments and claims is recorded as a liability.

#### R. <u>USE OF ESTIMATES</u>

Significant accounting estimates reflected in the County's financial statements include estimated tax certiorari liability, the allowance for doubtful accounts, allowance for property taxes, accrued liabilities, workers' compensation claims, accrued vacation and sick leave, deferred payroll, estimated malpractice liability, liability for litigation and claims, and depreciation. Actual results could differ from these estimates.

#### 2. DEPOSITS AND INVESTMENTS

In accordance with General Municipal Law of the State of New York, the County may invest in certificates of deposits, money market and time deposit accounts, repurchase agreements, obligations of the United States Government and obligations of the State of New York and its various municipal subdivisions.

Deposits - As required by law, all cash deposits and cash equivalents are required to be fully collateralized or insured. At December 31, 2008 and 2007, the carrying amount of the County's deposits was approximately \$468.1 and \$500.3 million, respectively, and the bank balance was \$597.3 and \$609.5 million, respectively. The bank balance was covered by Federal depository insurance or by collateral consisting of obligations of the United States Government held by the County's agent in the County's name.

#### 2. DEPOSITS AND INVESTMENTS (Continued)

*Investments* – Total cash and cash equivalents amounted to \$554.8 and \$601.2 million in 2008 and 2007 respectively, which consisted of approximately \$554.7 and \$576.1 million in money market interest bearing bank accounts at rates averaging 2.77% and 5.3% annually, respectively.

The investments at December 31, 2008 and 2007 consisted of U.S. Treasury Notes and other obligations of the U.S. government which are explicitly guaranteed by the U.S. government and therefore not considered to have credit risk.

Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. Duration limits are used to control the portfolios exposure to interest rate changes. Investments are limited to less than one year in duration.

The following table summarizes the County's unrestricted cash and investment position at December 31, 2008, all investments mature in less than one year (dollars in thousands):

#### 2008

|                                       |                           | Cash and Cash              | 1                 |

| Totals  | \$ 669,755            | \$ 601,198                | <u>\$ 68,557</u> |

The County maintains a consolidated disbursement account with a financial institution on behalf of the College. At August 31, 2008 and 2007, the College had a cash balance of \$43.4 and of \$43.1 million, respectively; and the bank balance was \$42.9 and \$39.5 million, respectively. The bank balance is covered by Federal depository insurance or by collateral consisting of obligations of the United States Government held by the County's agent in the County's name.

At August 31, 2008 and 2007, the carrying amount (fair value) of the College's investments was \$0.

#### 3. DUE FROM OTHER GOVERNMENTS

The account "Due from Other Governments" at December 31, 2008 and 2007 represents aid, grants, and other amounts receivable from the State and Federal governments. The following summarizes such receivables (dollars in thousands):

#### 3. DUE FROM OTHER GOVERNMENTS (Continued)

#### **DUE FROM OTHER GOVERNMENTS**

|   | _            |                            |                | 2008                   |              |                           | 2007         |                            |                |                       |     |                           |  |  |  |

<sup>\*</sup> Includes \$ 10,070 and \$11,174 of sales taxes receivable at December 31, 2008 and 2007, respectively.

#### 4. TAX REAL ESTATE

The account "Tax Real Estate" includes real property which the County has acquired through foreclosure proceedings. The property is valued at the amount of the delinquent tax liens which could not be sold and which the County was required to retain.

Real property designated as Tax Real Estate is accounted for as an asset of the General Fund inasmuch as it is not being considered for use by the County at this time, but rather is available for sale to private buyers. Since any taxes unpaid to other funds from this property were paid to those funds by the General Fund, no portion of this asset is allocable to those other funds.

Certain real property which was acquired by the County as Tax Real Estate and subsequently designated for public use is currently not available for sale and is included as part of the capital assets in the government-wide financial statements of net assets.

#### 5. TAX SALE CERTIFICATES

The account "Tax Sale Certificates" includes the amount of delinquent real property tax liens which could not be sold and which the County was required to retain. It also includes the value of tax sale certificates bought by the public which the County subsequently reacquired upon default of the purchaser.

#### 6. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

#### A. Interfund Receivables, Payables and Transfers (dollars in thousands)

The individual fund Interfund Receivables and Interfund Payables as of December 31, 2008 and 2007 are reconciled as follows:

|                        |             | NIFA        |              |                   |                  | Police          | Sewer & Storm   |              |            |                     |

<sup>\*</sup> Interfund transactions are described in Note 1 (L)

#### 6. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (Continued)

#### A. <u>Interfund Receivables, Payables and Transfers</u> (Continued)

The outstanding balances between funds result primarily from the time lag between the date the reimbursement is received and the date the interfund goods and services are provided.

The total amounts shown as Due to Primary Government and Due from/to Component Units at December 31, 2008 and 2007 do not offset each other as they include accounts of the Nassau Community College at the end of their fiscal years on August 31, 2008 and 2007. The following reconciles the December 31, 2008 and 2007 amounts by carrying forward the Nassau Community College transactions affecting these accounts from September 1, 2008 through December 31, 2008 and from September 1, 2007 through December 31, 2007, respectively.

#### B. <u>Due from/Due to Primary Government and Component Units</u>

#### 7. CAPITAL ASSETS (Continued)

Capital assets of the Faculty-Student Association, the Component unit of Nassau Community College as of August 31, 2008 and 2007, respectively, consisted of the following (dollars in thousands):

|                                | Aug | alance<br>gust 31,<br>2008 | Balance<br>August 31,<br>2007 |       |
|--------------------------------|-----|----------------------------|-------------------------------|-------|
| Furniture and equipment        | \$  | 337                        | \$                            | 284   |
| Vans                           |     | 225                        |                               | 194   |
|                                |     | 562                        |                               | 478   |
| Less accumulated derpreciation |     | (345)                      |                               | (280) |
| Total Capital assets (net)     | \$  | 217                        | \$                            | 198   |

Total capital assets of the Nassau Community College and Faculty-Student Association, the component unit of Nassau Community College as of August 31, 2008, was \$205,225 with accumulated depreciation of \$104,214

#### 8. LEASES

The County leases some property and equipment. Leased property having elements of ownership is recorded in the government-wide financial statements. The related obligations, in amounts equal to the present value of minimum lease payments payable during the remaining term of the leases, are also recorded in the government-wide financial statements. The County leases a building valued at \$5.5 million, under a capital lease. Other leased property, not having elements of ownership, are classified as operating leases. Both capital and operating lease payments are recorded as expenditures when payable. Total expenditures on such leases for the fiscal year ended December 31, 2008 and 2007 were approximately \$7.7 and \$7.2 million, respectively.

### 8. LEASES (Continued)

The County (excluding discretely presented component units) had future minimum payments under capital and operating leases with a remaining term in excess of one year as follows (dollars in thousands):

| Governmental Activities Fiscal Year ending December 31: |           | apital<br>ease | _         | oerating<br>Leases | Capit | Total<br>al & Operating<br><u>Leases</u> |

Revenues from the Special Revenue Sewer Funds will be utilized to finance the debt service for the Sewer purpose bonds and a portion of the State Water Pollution Control Revolving Fund revenue bonds. All other debt service will be financed by the General Fund. Also, for the governmental activities, claims and judgments are generally liquidated by the general fund and compensated absences are liquidated principally by the general, police, and fire safety funds.

Bonds of the Authority are issued pursuant to an Indenture, as supplemented and amended (the "Indenture") between the Authority and the United States Trust Company of New York and its successor The Bank of New York Mellon (the "Trustee"), under which the Authority has pledged its right, title and interest in the revenues of the Authority to secure repayment of Authority debt. The Act provides that the Authority's pledge of its revenues represents a perfected first security interest on behalf of holders of its

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NIFA Long-Term Debt (Continued)

bonds. The lien of the indenture on the revenues for the security of Authority bonds is prior to all other liens thereon. The Authority does not have any significant assets or sources of funds other than sales tax revenues and amounts on deposit pursuant to the indenture. The Authority does not have independent taxing power.

As of December 31, 2008, the Authority had outstanding sales tax secured bonds in the amount of \$1,875,075,000, maturing through the year 2025 which are comprised of fixed and variable rate bonds issued at variable rates, which are discussed below. Other than a possible refunding of its debt if market conditions permit, the Authority has no plans or authority to issue additional bonds, expect to cover the costs of issuance incurred in connection with the refunding of its bonds.

**Fixed Rate Bonds** - The Authority has outstanding fixed rate bonds at rates ranging between 2% and 6%. Interest on the Authority's fixed rate bonds is payable on May 15 and November 15 of each year, and interest on the variable rate bonds is payable on the first business day of each month. Principal on all bonds is payable on November 15. A debt service account has been established under the indenture to provide for the payment of interest and principal of bonds outstanding under the indenture. The trustee makes monthly deposits to the debt service account in the amount of debt service accrued through the end of that month. For the fixed rate bonds, this is essentially one-sixth of the next interest payment and one-twelfth of the next principal payment. For the variable rate bonds, this is one-twelfth of the next principal payment and the amount needed to maintain a prudent level of funding in excess of the anticipated interest expense to be accrued that month. Because of this monthly deposit requirement, the amount accrued for debt service in the Authority's financial statements in any year will not be the same as the debt service on the bonds paid to bondholders in that year.

Variable Rate Bonds - Interest rates on the variable rate bonds are currently reset weekly by a remarketing agent at the minimum rate necessary for the bonds to have a market value equal to the principal amount. Interest rates are set separately for each series of variable rate bonds. The variable rate bonds are in most circumstances subject to tender at the option of the bondholder. Payment of the purchase price of eligible Series 2008 A-F and Series 2002 A-B bonds are subject to optional or mandatory tender for purchase and if not remarketed by the remarketing agent, payment will be made under and pursuant to, and subject to the terms, conditions and provisions of liquidity facility agreements. The liquidity facility agreements are slated to expire as follows: 2008 Series between May and June 2011, and the 2002 Series on November 15, 2022 and are subject to extension or early termination. Bonds that are purchased by financial institutions under the liquidity facility and not remarketed, if any, must be paid over a five year period. If this was to occur, annual Authority debt service expense would increase substantially.

The County has assumed responsibility for calculating and paying arbitrage rebate liability on bonds or notes issued by the Authority.

\$ 1,875,075 **\$** 621,877 **\$** 2,496,952

**Refunding Bond** - During 2008, the Authority issued \$728,240,000 of Sales Tax Secured Bonds, 2008 Series A-F with a variable interest rate to refund \$722,775,000 of Sales Tax Secured Series 2004 B-K, Series 2002 A-B, and Series 2005 B-C auction rate bonds with a variable interest rate. The Authority's refunding noted above is expected to result in a present value savings of approximately \$63.9 million.

#### **SWAP AGREEMENTS**

**Board-Adopted Guidelines** - On March 25, 2004, NIFA adopted guidelines ("Interest Rate Swap Policy") with respect to the use of swap contracts to manage the interest rate exposure of its debt. The Interest Rate Swap Policy establishes specific requirements that must be satisfied for NIFA to enter into a swap contract.

**Objectives of Swaps** - To protect against the potential of rising interest rates, to achieve a lower net cost of borrowing, to reduce exposure to changing interest rates on a related bond issue or in some cases where Federal tax law prohibits an advance refunding, and to achieve debt service savings through a synthetic fixed rate. In an effort to hedge against rising interest rates, NIFA entered into nine separate pay-fixed, receive-variable interest rate Swap Agreements during FY 2004 (the "Swaps").

**Background** - NIFA entered into the following six swap contracts with an effective date of April 8, 2004, in connection with the issuance of \$450 million in auction rate securities to provide for the refunding or restructuring of a portion of the County's outstanding bonds, refunding of certain outstanding NIFA bonds, tax certiorari judgments and settlements to which the County is a party, other legal judgments and settlements, County capital projects and to pay costs of issuance. These auction rate securities were subsequently refunded on May 16, 2008 with variable rate demand bonds and the swap agreements transferred to the 2008 Bond Series A-E.

<sup>\*</sup> Interest on the Variable Rate Bonds is calculated at 5%. During 2008, the interest rate on the Variable Rate Bonds ranged from 0.5% to 8.8%.

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NIFA Long-Term Debt (Continued)

- \$72.5 million notional amount (2004 Series B swap agreement) with Goldman Sachs Mitsui Marine Derivative Products, L.P. ("GSMMDP")
- \$72.5 million notional amount (2004 Series C swap agreement) with Goldman Sachs Mitsui Marine Derivative Products, L.P.
- \$80 million notional amount (2004 Series D swap agreement) with Goldman Sachs Mitsui Marine Derivative Products, L.P.
- \$72.5 million notional amount (2004 Series E swap agreement) with UBS AG
- \$72.5 million notional amount (2004 Series F swap agreement) with UBS AG
- \$80 million notional amount (2004 Series G swap agreement) with UBS AG

NIFA entered into the following three swap contracts with an effective date of December 9, 2004, in connection with the issuance of \$150 million in Auction Rate Securities to provide for the refunding of a portion of the County's outstanding bonds, tax certiorari judgments and settlements to which the County is a party, other legal judgments, and settlements and to pay costs of issuance. These auction rate securities were subsequently refunded on May 16, 2008 with variable rate demand bonds and the swap agreements transferred to the 2008 Bond Series A-E.

- \$50 million notional amount (2004 Series I swap agreement) with Goldman Sachs Mitsui Marine Derivative Products, L.P.
- \$50 million notional amount (2004 Series J swap agreement) with UBS AG
- \$50 million notional amount (2004 Series K swap agreement) with Morgan Stanley Capital Services ("MSCS")

Fair Value - Replacement interest rates on the swaps, as of December 31, 2008, are reflected in the chart entitled "Interest Rate Swap Valuation" (the "Chart"). As noted in the chart, replacement rates were lower than market interest rates on the effective date of the swaps. Consequently, as of December 31, 2008, the swaps had negative fair values. In the event there is a positive fair value, NIFA would be exposed to the credit risk of the counterparties in the amount of the swaps' fair value should the Swap be terminated.

The total value of each swap, including accrued interest, is provided in the chart. The total value of each swap listed represents the theoretical value/(cost) to NIFA if it terminated the swap as of the date indicated, assuming that a termination event occurred on that date. Negative fair values may be offset by reductions in total interest payments required under the related variable interest rate bonds. The market value is calculated at the mid-market for each of the swaps. Fair values were estimated using the zero coupon methodology. This methodology calculates the future net settlement payments under the swap agreement, assuming the current forward rates implied by the yield curve correctly anticipate future spot rates. These payments are then discounted using rates derived from the same yield curve. As of December 31, 2008, the total market-to-market valuation, net of accruals, of NIFA's swaps was negative \$80,328,731. In the event that both parties continue to perform their obligations under the swap, there is not a risk of termination and neither party is required to make a termination payment to the other. NIFA is not aware of any event that would lead to a termination event with respect to any of its swaps.

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NIFA Long-Term Debt (Continued)

**Risks Associated with the Swap Agreements** - From NIFA's perspective, the following risks are generally associated with swap agreements:

• Credit/Counterparty Risk - The counterparty becomes insolvent or is otherwise not able to perform its financial obligations. In the event of deterioration in the credit ratings of the counterparty or NIFA, the swap agreement may require that collateral be posted to secure the party's obligations under the swap agreement.

Under the swap agreements, neither party has to collateralize its termination exposure unless its ratings, or that of the insurer, fall below certain triggers. For the Authority, there is no requirement to collateralize until the Authority is at an A3/A-level, and then only for the amount over \$50 million (threshold amount) of exposure. The threshold amount declines if the Authority falls into the BBB ratings category.

NIFA's swap policy requires that counterparties have credit ratings from at least one nationally recognized statistical rating agency that is within the two highest investment grade categories, without distinction as to grade within the category. If after entering into an agreement the ratings of the counterparty or its guarantor or credit support party are downgraded below the described ratings by any one of the rating agencies, then the agreement is subject to termination unless the counterparty provides either a substitute guarantor or assigns the agreement, in either case, to a party meeting the rating criteria reasonably acceptable to NIFA or collateralizes its obligations in accordance with the criteria set forth in the transaction documents. The counterparties have the ratings set forth below. The table shows the diversification, by percentage of notional amount, among the various counterparties that have entered into agreements with NIFA.

| Counterparty | <br>llars in<br>illions | Notional percentage |  |  |
|--------------|-------------------------|---------------------|--|--|
| GSMMDP       | \$<br>275               | 45.8%               |  |  |
| UBS AG       | 275                     | 45.8%               |  |  |
| MSCS         | <br>50                  | 8.4%                |  |  |
|              | \$<br>600               | 100.0%              |  |  |

NIFA insured its performance in connection with the swaps associated with the Series 2004 B-G bonds with Ambac Assurance Corporation ("Ambac"), which is rated Baa1/A/NR (Moody's/S&P/Fitch), including NIFA termination payments. NIFA's payments to the counterparties on the swaps associated with the Series 2004 I-K bonds are insured with CDC IXIS Financial Guaranty North America, Inc. ("CIFG NA"), which is rated B3/B/NR (Moody's/S&P/Fitch). However, termination payments from NIFA are not guaranteed except on NIFA's swap with UBS AG, where it is guaranteed up to a maximum of \$2 million.

• Basis Risk - The variable interest rate paid by the counterparty under the swap and the variable interest rate paid by NIFA on the associated variable interest rate bonds are not the same. If the counterparty's rate under the swap is lower than the bond interest rate, then the counterparty's payment under the swap agreement does not fully reimburse NIFA for its interest payment on the

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NIFA Long-Term Debt (Continued)

associated bonds. Conversely, if the bond interest rate is lower than the counterparty's rate on the swap, there is a net benefit to NIFA.

NIFA is exposed to basis risk on the swaps. NIFA is paying a fixed rate of interest to the counterparties and the counterparties are paying a variable rate to NIFA represented by a percentage of the One-Month LIBOR ("London Inter-bank Offered Rate"), rate plus a fixed spread. The amount of the variable rate swap payments received from the counterparties does not normally equal the actual variable rate payable to the bondholders. Should the historical relationship between LIBOR and NIFA's variable rate on its bonds move to converge, the expected cost savings may not be realized. Conversely, should the relationship between LIBOR and NIFA's variable rate on its bonds move to diverge, there is a benefit to NIFA.

• *Termination Risk* - The swap agreement will be terminated and NIFA will be required to make a large termination payment to the counterparty.

The swaps use International Swaps and Derivative Association ("ISDA") documentation and use standard provisions regarding termination events with one exception: if the termination amount is over \$5 million for the Authority, the Authority can pay such excess amount over six months, financing the delay at LIBOR, plus 1%. However, adverse termination for credit deterioration is unlikely due to NIFA's current credit rating. NIFA or the counterparty may terminate any of the swaps if the other party fails to perform under the terms of the contract. In addition, NIFA may terminate the swaps at their fair market value at any time. NIFA would be exposed to variable rates if the counterparty to the swap defaults or if the swap is terminated. A termination of the swap agreement may also result in NIFA making or receiving a termination payment. NIFA is not aware of any event that would lead to a termination event with respect to any of its swaps.

• Rollover Risk - The notional amount under the swap agreement terminates prior to the final maturity of the associated bonds, and NIFA may be exposed to then market rates and cease to get the benefit of the synthetic fixed rate for the duration of the bond issue.

NIFA is not exposed to rollover risk, because the notional amounts under the swaps do not terminate prior to the final maturity of the associated variable interest auction rate bonds.

| Total                                       | \$ 605,0                       | 55 \$ 97,2                           | 15 \$ 171,125          | \$ 873,395                              |

<sup>\*</sup>Note: As a result of credit and liquidity concerns among short-term investors, the variable rate demand bond market witnessed unusual volatility between the middle of September and the end of the year. Although there can be no assurance that market volatility will not return, it appears that NIFA's variable rate problem peaked in September when the weighted average of weekly interest rates exceeded 8 percent. In addition, a portion of NIFA's variable rate demand bonds were temporarily put back to NIFA's liquidity facilities and accrued interest at the Bank Bond rates defined in the respective Standby Bond Purchase Agreement ("SBPA").

#### NCSSWFA Long-Term Debt

The Authority issued its System Revenue Bonds, 2008 Series A (the "2008A Bonds") pursuant to the Authority's General Revenue Bond Resolution dated as of March 1, 2004, as supplemented by a Third Supplemental Resolution dated as of May 13, 2008.

The 2008A Bonds were issued to refund the 2004 Series A (the "2004A Bonds") Authority Bonds, to refund all of the Authority's Tax-Exempt Commercial Paper Notes outstanding at December 31, 2008, and to pay for the related costs of issuance and refinancing.

Each 2008A Bond maturing on November 1, 2023 and November 1, 2028 is subject to redemption on or after November 1, 2018 at the option of the Authority, in whole, or in part by lot on any date, at a Redemption Price of 100% of the principal amount of such 2008A Bond or portions thereof to be redeemed, plus accrued interest to the date of redemption. The 2008A Bonds bear interest rates ranging from 3.000% to 5.375%, per annum.

#### NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2008 AND 2007

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NCSSWFA Long-Term Debt (Continued)

Berkshire Hathaway Assurance Corporation has provided a bond insurance policy for certain of the Series 2008A Bonds.

The 2004A Bonds were issued to refund a portion of the County Bonds associated with the System and to pay for the related costs of issuance and refinancing.

The 2004A Bonds bore interest at an auction rate, which rates varied from 3.60% to 9.18% per annum at December 31, 2008, and were wholly refunded by the 2008A Bonds in 2008.

The Authority issued its System Revenue Bonds, 2004 Series B (the "2004B Bonds") pursuant to the Authority's General Revenue Bond Resolution dated as of March 1, 2004, as supplemented by a Second Supplemental Resolution dated as of October 1, 2004. Proceeds of the 2004B Bonds included a \$1,787,498 original issue premium.

The 2004B Bonds were issued to refund a portion of the County Bonds associated with the System and to pay for the related costs of issuance and refinancing.

Each 2004B Bond maturing on and after October 1, 2015, is subject to redemption on or after October 1, 2014, at the option of the Authority, in whole on any date, or in part by lot on any interest payment date, at a redemption price of 100% of the principal amount of such 2004B Bond or portion thereof to be redeemed, plus accrued interest to the date of redemption. The 2004B Bonds bear interest rates ranging from 2.5% to 5.0%, per annum.

MBIA Insurance Corporation has provided a bond insurance policy for each of the Series 2004A Bonds and the Series 2004B Bonds.

The Authority issued \$7,345,000 and \$24,700,000 of Tax-Exempt Commercial Paper Notes in 2008 and 2007, respectively, at interest rates ranging between 0.5% and 4.0%. Rollovers totaled \$1,330,005 in 2008. As of December 31, 2008 there were no Tax-Exempt Commercial Paper Notes outstanding.

#### NCTSC Long-Term Debt

In 1999, the NCTSC issued \$294,500,000 of the 1999 Bonds. On April 5, 2006, NCTSC issued \$431,034,246 of Tobacco Settlement Asset-Backed Bonds, Series 2006 ("Series 2006 Bonds") pursuant to an Amended and Restated Indenture dated as of March 1, 2006 ("Indenture"). The Series 2006 Bonds consist of the "Series 2006A-1 Taxable Senior Current Interest Bonds" of \$42,645,000, the "Series 2006A-2 Senior Convertible Bonds" of \$37,905,610, the "Series 2006A-3 Senior Current Interest Bonds" of \$291,540,000, and the "Series 2006B-E Subordinate CABs" of \$58,943,636. Unless otherwise indicated, defined terms have the meanings ascribed to them in the Offering Circular for the Series 2006 Bonds dated March 31, 2006.

NCTSC used the proceeds from the Series 2006 Bonds, along with other funds, to (i) refund all of the 1999 Bonds then-currently outstanding in the aggregate principal amount of \$272,125,000; (ii) fund a Senior Liquidity Reserve for the Series 2006 Senior Bonds of \$24,009,156; (iii) pay the costs of issuance of the Series 2006 Bonds; (iv) fund certain projected requirements for the Operating Account; (v) fund interest on the Series 2006 Bonds through the December 1, 2007 payment; and (vi) pay certain amounts to the NCTSC Residual Trust as registered owner of the Residual Certificate. Pursuant to the Indenture, TSRs paid on or after April 1, 2008, are subject to the lien of the Indenture.

The payment of the Series 2006 Bonds is dependent on the receipt of TSRs. The amount of TSRs actually collected is dependent on many factors including eigarette consumption and the continued operations of the Participating Manufacturers. Such bonds are secured by and payable solely from TSRs and other collateral pledged under the Indenture.

Failure to pay when due any Swap Payment or interest on Senior Bonds or any Serial Maturity or Turbo Term Bond Maturity for Senior Bonds, among other things, will constitute an event of default.

#### NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2008 AND 2007

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NCTSC Long-Term Debt (Continued)

As described in the Offering Circular, the Series 2006 Bonds were issued with various schedules for, among other things, the payment of interest, principal, sinking fund installments and/or Turbo Redemptions. NCTSC's projected Sinking Fund Installments and interest payments are as follows (dollars in thousands):

| Year       |           |         |           |           |           |           |  |

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### Nassau Community College Long-Term Debt (Continued)

Dormitory Authority - State of New York - The College has entered into financing agreements with the Dormitory Authority - State of New York (the "Authority" or "DASNY") for the purpose of financing the State's one-half share of various capital construction costs. The Bonds are special obligations of the Authority, payable from amounts to be appropriated each year by the State pursuant to a provision of the State Education Law, and from moneys in the Debt Service Reserve Fund held by the Trustee. The amounts to be appropriated annually are assigned under the agreement from the County to the Authority. The Authority has no taxing power. Accordingly, under the Constitution of the State of New York, the availability of funds to make Annual Payments is subject to annual appropriations being made by the State Legislature. The State Education Law that allows the State to make these appropriations does not constitute a legally enforceable obligation of the State and the State is not legally required to appropriate such funds. The Bonds are not a debt of the State and the State is not liable for them.

The aggregate amount due the Authority under the agreement in each bond year (the "Annual Payments") is equal to debt service on the bonds plus certain administrative and other expenses of the Authority. No revenues or assets of the College or the County have been pledged or will be available to pay the debt service on the bonds. The County has not pledged its full faith and credit to the payments of principal and interest on the bonds. The Authority will not have title to, a lien on or a security interest in any of the projects being financed by the bonds or in other property of the County or College.

County of Nassau - The County of Nassau has issued general obligation serial bonds in the name of the County for various College construction projects. The amount of serial bonds outstanding at August 31, 2008 is \$10,425,254 and principal is scheduled to mature from 2009 to 2028. This debt is the obligation of the County. No revenues or assets of the College have been pledged or will be available to pay debt service on the bonds. The County has pledged its full faith and credit to the payment of principal and interest on the bonds. As of August 31, 2008, principal and interest payments relating to the DASNY and General Obligation bonds are as follow (dollars in thousands):

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2008 AND 2007

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### Nassau Community College Long-Term Debt (Continued)

Interest on the DASNY and General Obligation bonds range from 3.094% to 5.5% and from 3.25% to 9%, respectively. The current amortization expense for the deferred financing costs for these bonds is \$193,218.

On January 24, 2007, the County issued Bond Anticipation Notes in the amount of \$947,567 on behalf of the College to temporarily fund capital project expenditures. The Notes were paid in full on February 24, 2008. In December, 2007, the County issued \$75,000,000 General Obligation Bonds of which \$526,104 were earmarked for the various College construction projects. In January, 2008, the County issued \$125,000,000 General Obligation Bonds Series A and B, and in June, 2008 the County issued \$171,810,000 General

Obligation Bonds Series C and D, of which \$3,841,453 were earmarked for the various College construction projects and \$559,603 were issued to refund existing College related debt in the amount of \$577,751.

#### NHCC Long-Term Debt

In October 2004, the Series 2004 Bonds were issued to refund the NHCC Series 1999 Revenue Bonds, finance capital projects and pay the costs of issuance, including the required premium of the Bond Insurer. The bond issuance resulted in NHCC receiving approximately \$41 million of cash at closing of which \$26 million is available for working capital and \$15 million for financing new capital project. The net present value savings from lower debt service payment requirements was approximately \$22 million. In connection with the refunding, the NHCC incurred a loss of approximately \$38 million. The loss (the difference between the reacquisition price and the net carrying amount of the old debt) is carried as a deferred item, net in long-term debt in the accompanying consolidated balance sheet. Amortization of the deferred loss is \$2.3 million for each of the years ended December 31, 2008 and 2007.

The County guarantees to the Trustee, the Owners of Series 2004 Bonds and the Bond Insurer, the full and prompt payment of the principal and interest of Series of 2004 Bonds. The County guaranty may be amended without consent of the bond owners but only with consent of the Bond Insurer. Payments with respect to principal of and interest in the Series 2004 bonds under the County guaranty are required to be made directly by the County to the Trustee. Pursuant to the Stabilization Agreement, superseded by the Successor Agreement, the County deposits Article VI Health Center subsidies, payable to the NHCC monthly, in an escrow account reserved for payment of the Series 2004 Bonds. In addition to the County guarantee, the bond payments are insured by a municipal bond insurance policy, through a commercial insurer. In 2006, NHCC agreed to forego the historical mission service payments due to the change in NHCC's IGT entitlement. The Successor Agreement, which commenced in November 2007 and is in effect to 2029, clarifies the services provided by NHCC to the County and establishes the mechanism for payments to the Corporation. The agreement also provides NHCC with capital funding.

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NHCC Long-Term Debt (Continued)

Long-term debt at December 31, 2008 and 2007 consists of the following (dollars in thousands):

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2008 AND 2007

#### 9. NOTES PAYABLE AND LONG-TERM OBLIGATIONS (Continued)

#### NHCC Long-Term Debt (Continued)

In connection with the issuance of the Series 2004 Bonds, the NHCC entered into interest rate swap agreements with commercial banks to convert the variable interest rate Series C Bonds to a fixed interest rate based on total initial notional amount of \$220 million. The fixed interest rate paid by the NHCC under the swap agreements is 3.46% and the variable rate received is based on LIBOR. The swap agreements expire on August 1, 2029.

NHCC also entered into a cancelable swap agreement with a commercial bank to convert the variable interest rate Series A Bonds to a fixed interest rate based on an initial notional amount of \$65 million. The fixed interest rate paid by the NHCC under the swap agreement is 4.61% and the variable rate received is based on LIBOR. The swap agreement expires on August 1, 2012.

The swap agreements expose the NHCC to market risk in the event of changes in interest rates, and credit risk in the event of nonperformance by the counterparty. However, the NHCC believes that the risk of a material impact to its financial condition arising from such events is low. The County guarantees payments to the swap contract counterparties. The fair value of the derivative instruments was a liability of approximately \$39.5 million at December 31, 2008 and \$5.9 million at December 31, 2007.

In 2008, NHCC received a \$37 million grant award from the Health Care Efficiency and Affordability Law for New Yorkers Capital Grant Program ("HEAL"), as established pursuant to Section 2818 of the Public Health Law. A portion HEAL grant award will be used by NHCC to redeem approximately \$34 million of the 2004 Series A bonds. The redemption does not impact the 2008 amortization of the bonds.

#### 10. REFINANCING OF LONG-TERM OBLIGATIONS

Prior to December 31, 2008, the County defeased certain general obligation bonds and Combined Sewer District Bonds by refinancing them and placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. As of December 31, 2008 and 2007, approximately \$319.4 million and \$365.5 million of outstanding bonds (including NIFA), respectively, are considered defeased.

#### 11. PENSION PLANS

Plan Descriptions - The County participates in the New York State and Local Employees' Retirement System ("ERS"), the New York State and Local Police and Fire Retirement System ("PFRS") and the Public Employees' Group Life Insurance Plan ("Systems"). These are cost-sharing multiple-employer defined benefit retirement systems. The Systems provide retirement benefits as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law ("NYSRSSL"). As set forth in the NYSRSSL, the Comptroller of the State of New York (Comptroller) serves as sole trustee and administrative head of the Systems. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the Systems and for the custody and control of their funds. The Systems issue a publicly available financial report that includes financial statements and required supplementary information.

#### 11. PENSION PLANS (Continued)

#### Plan Descriptions (Continued)

That report may be obtained by writing to the New York State and Local Retirement Systems, 110 State Street, Albany, NY 12244.

<u>Funding Policy</u> - The Systems are noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976 who contribute 3% of their salary. The State passed legislation in 2000 that suspends the 3% contribution for employees who have 10 years or more of credited service. In addition, members who meet certain eligibility requirement will receive one month's additional service credit for each completed year of service up to a maximum of two additional years of service credit. Under the authority of the NYSRSSL, the NYS Comptroller shall certify annually the rates expressed as proportions of payroll of members, which shall be used in computing the contributions required to be made by the employers to the pension accumulation fund. The County is required to contribute an actuarially determined amount.

In addition, legislation enacted in New York State during 2004 changed the date by which municipalities are required to make yearly New York State & Local Retirement System contributions, from December 15 to February 1 of the following year. Consistent with GASB's guidance, the County recognized this liability during 2004 for financial reporting purposes. As a result of the new State legislation, which was enacted to grant counties budgetary relief, the Nassau County Legislature established a reserve to fund anticipated higher pension costs in 2006, 2007 and 2008. During 2008, the County used approximately \$24.5 million of the Retirement Contribution Reserve Fund to offset a portion the 2008 pension expense. The balance remaining in that reserve at December 31, 2008 is approximately \$0.5 million. The use of such funds is under the control of the Nassau County Legislature.

The required contributions for the current year and two preceding years were (dollars in thousands):

|      | <u>ERS</u>   | <u>PFRS</u>  |
|------|--------------|--------------|
| 2008 | \$<br>46,306 | \$<br>55,882 |
| 2007 | 50,642       | 56,575       |
| 2006 | 54.531       | 60.497       |

#### 14. OTHER POSTEMPLOYMENT BENEFITS

Plan Description - The County provides health care benefits in accordance with New York State Health Insurance Rules and Regulations administered by the New York State Department of Civil Service (the "NYSHIP" plan). The County's several union contracts and ordinances require the County to provide all eligible enrollees with either the NYSHIP plan or other equivalent health insurance. Substantially all of the County's retirees and employees are enrolled in the NYSHIP Plan. NYSHIP is a defined benefit agent multiple-employer healthcare plan. Under the provisions of the NYSHIP Plan, premiums are adjusted on a prospective basis for any losses experienced by the NYSHIP Plan. The County has the option to terminate its participation in the NYSHIP Plan at any time without liability for its respective share of any previously incurred loss.

Funding Policy - Eligibility for health benefits upon retirement are governed by Ordinance bargaining unit, age, and years of service. Non-union employees hired after August 2008 are required to have 10 years of governmental service, 5 of which must be with the County to be eligible for post retirement health insurance benefits. CSEA employees hired after August 2003 are required to have 10 years of County employment. All other employees are eligible after 5 years of service. The County contributes 100% of the health insurance costs for the Government Employees Health Insurance program for all police officers and County employees who retired after December 31, 1975, with the exception of Ordinance employees retired after January 1, 2002 who are required to contribute either 5% or 10% of the cost depending on coverage. For employees who retired prior to December 31, 1975, the County's contribution is reduced in accordance with the union agreement applicable to their respective retirement dates. Nassau County is not required by law to provide funding other than the pay-as-you-go amount necessary to provide current benefits to retirees and eligible beneficiaries/dependents. The County recognizes the expenditure of providing current and postretirement health care benefits in the year to which the insurance

#### 14. OTHER POSTEMPLOYMENT BENEFITS (Continued)

#### Funding Policy (Continued)

premiums apply. NYSHIP plan insurance premiums are billed in advance and therefore the County has recorded a prepaid asset for these amounts at December 31, 2008 and 2007. The total cost for providing health care benefits was \$225.4 and \$213.2 million in 2008 and 2007, respectively, of which approximately \$105.3 and \$98.8 million was for retirees and approximately \$120.1 and \$114.4 million was for active employees and other eligible individuals, in 2008 and 2007 respectively. In 2008 and 2007, the subsidy provided by the Medicare Reform Act of 2003 to employers who continued prescription drug coverage for its Medicare eligible retirees of \$6.5 and \$7.1 million respectively was recorded as income.

Annual OPEB Cost and Net OPEB Obligation - The County provides group health care benefits for retirees (and for eligible dependents and survivors of retirees). The following are the retiree contributions for non-union (Ordinance #543) employees:

- o Hired prior to January 1, 2002 or earning less than \$30,000 in the year of retirement: none
- o Hired on or after January 1, 2002 and earning more than \$30,000 per year in the year of retirement: 5% of premium for single coverage and 10% of the premium for family coverage (contribution rate are the same for Medicare eligible and Medicare ineligible participants)
- O Union employees (CSEA Local 830): none
- o Public safety employees: none
- o Employees who retired prior to 1976 pay contributions (varies as a percentage of the premium)

An actuarially determined valuation of these benefits was performed by an outside consultant to estimate the impact of changes in GASB accounting rules applicable to the retiree medical benefits for retired employees and their eligible dependents.

The County elected to record the entire amount of the Unfunded Actuarial Accrued Liability ("UAAL"), totaling approximately \$3.5 billion in the fiscal year ended December 31, 2007, and not to fund the UAAL. The UAAL, including accrued interest relating to postemployment benefits remains at approximately \$3.5 billion as of December 31, 2008 which included both the County and an allocation of the Nassau Health Care Corporation's cost as of December 31, 2008. The County is not required by law or contractual agreement to provide funding for postemployment retirement benefits other than the pay-as-you-go amount necessary to provide current benefits to retirees and eligible beneficiaries/dependents. During the fiscal year ended December 31, 2008, the County paid \$105.3 million on behalf of the Plan.

The County's annual OPEB cost (expense) is calculated based on the annual required contribution ("ARC") of the employer, an amount that was actuarially determined by using the Projected Unit Credit Method (one of the actuarial cost methods that meet the requirements with of the GASB Statement No. 45). The portion of this Actuarial Present Value allocated to a valuation year is called the Normal Cost. The County uses a level dollar amount and an amortization period of one year on an open basis.

Under this method, actuarial gains/losses, as they occur, reduce/increase future Normal Costs.

<sup>\*</sup> Nassau Community College data as of fiscal year ended August 31, 2008

As of December 31, 2008, the OPEB liability was approximately \$3.5 billion and the 2008 payroll cost was \$882.4 million or 391.6% of the unfunded liability amount. The County's annual OPEB cost, the actual annual OPEB amount contributed to the plan, and the net OPEB obligation for the fiscal year ended December 31, 2008 and 2007, were as follows (dollars in thousands):

| Fiscal Year | An | nual OPEB | Act | ual Annual  | OPI | EB Cost  | N  | Net OPEB   |
|-------------|----|-----------|-----|-------------|-----|----------|----|------------|
| Ended       |    | Cost      | OPE | B Cost Paid | Con | tributed |    | Obligation |
|             |    |           |     |             |     |          |    |            |
| 12/31/2008  | \$ | 207,002   | \$  | 105,347     | 5   | 0.9%     | \$ | 3,455,637  |

Actuarial Methods and Assumptions - The OPEB-specific actuarial assumptions used (which is required at least biennially) in the January 1, 2007, OPEB actuarial valuations are as follows:

Valuation date: January 1, 2007

Actuarial cost method: Projected Unit Credit Method

Discount rate: 4.50% per annum

Per-capita retiree contributions: Retiree contributions are assumed to increase

at the same rates as incurred claims.

Health insurance benefits are provided by the New York State Health Insurance Plan. This also includes a reimbursement of Medicare Part B premium. Benefits vest at five to ten years of service and are subject to continuous participation in NYSHIP.

The premium rate is used for all non-Medicare eligible retirees and dependents with basic medical coverage.

Initial monthly premium rates are shown in the following table:

#### Monthly Rate for Fiscal Year 2007

| Pre-65 Non-Medicare: |              |            |
|----------------------|--------------|------------|
| Single               | \$<br>564.84 |            |
| Family               | 1,198.07     |            |
| Post- 65 Medicare:   |              |            |
| Single               | 333.18       |            |
| Family               | 734.81       |            |
| Medicare (Part B)    | 93.50        | per person |

# Medicare Part B Premiums Calendar Year 2006 \$88.50 per person 2007 93.50 per person

Medicare Part B premiums are assumed to increase by the following trend rates;

| Calendar Year | Trend Rates |
|---------------|-------------|
| 2007          | 7.00 %      |
| 2008          | 6.67        |
| 2009          | 6.33        |
| 2010          | 6.00        |
| 2011          | 5.75        |
| 2012          | 5.50        |
| 2013          | 5.25        |
| 2014 +        | 5.00        |

#### NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2008 AND 2007

#### 14. OTHER POSTEMPLOYMENT BENEFITS (Continued)

No retiree assumed to have income in excess of the threshold, which would result in increasing Part B premium above 25% of Medicare Part B Costs.

**Health Care Cost Trend Rate ("HCCTR")** - Covered medical expenses are assumed to increase by the following percentages:

**HCCTR** Assumptions

| Year Ending    | Annual Rates of Increase |
|----------------|--------------------------|
| 2007           | 9.50 %                   |
| 2008           | 8.75                     |
| 2009           | 8.00                     |
| 2010           | 7.25                     |
| 2011           | 6.50                     |
| 2012           | 6.00                     |
| 2013           | 5.50                     |
| 2014 and later | 5.00                     |

Mortality - Mortality rates are those recommended by the actuary:

#### 14. OTHER POSTEMPLOYMENT BENEFITS (Continued)

The cost of providing health care to retirees not including the accrual for prior service costs, totaled \$105.3 million during fiscal year 2008 and \$98.8 million during fiscal year 2007.

It should be noted that actuarial valuations have inherent limitations, reflect a long-term perspective, and involve estimates of the value of the reported amounts and assumptions about the probability of events far into the future, and that actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and of the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal and contractual funding limitations on the pattern of costs sharing between the employer and plan members in the future. Actuarial methods and assumptions used also include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

#### Required Supplemental Information:

The schedule of funding progress presents the results of OPEB valuations as of January 1, 2008 and 2007 for the fiscal year ending December 31, 2008. The schedule provides trend information about whether the actuarial values of the plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. (dollars in thousands)

#### 15. CONTINGENCIES AND COMMITMENTS

#### A. Claims and Litigation

The County, its officers and employees are defendants in litigation. Such litigation includes, but is not limited to, actions commenced and claims asserted against the County arising out of alleged torts, alleged breaches of contracts (which include union and employee disputes), condemnation proceedings, medical malpractice actions and other alleged violations of law. The County selfinsures for everything except helicopter accidents and employee bonding. The County annually appropriates sums for the payment of judgments and settlements of claims and litigation, which appropriations may be financed, in whole or in part, pursuant to the Local Finance Law by the issuance of County debt. The County intends to defend itself vigorously against all claims and in all litigation. Estimated liabilities of approximately \$225 million for claims and litigation (excluding tax certiorari claims) have been recorded as a long-term liability in the governmentwide financial statement of net assets as of December 31, 2008 and 2007. The County Attorney is of the opinion that the ultimate resolution of such claims and litigation outstanding at December 31, 2008 will not result in a material adverse effect on the County's financial position. Approximately \$248.9 and \$124.2 million has been accrued as a liability at December 31, 2008 and 2007, respectively, related to workers' compensation claims where the County Attorney can reasonably estimate the ultimate outcome. In 2008 the methodology used to estimate the longterm liability for worker's compensation claims was changed from valuations discounted by 6% (compounded) to full values. The liability for certain other asserted and unasserted malpractice claims cannot be estimated as of December 31, 2008. All malpractice occurrences prior to September 29, 1999 are the responsibility of the County. Subsequent malpractice occurrences arising from events in connection with NHCC are the responsibility of NHCC.

#### B. Tax Certioraris

In fiscal 2008 and 2007, respectively, there were approximately 132,992 and 140,397 taxpayers' claims filed against the Board of Assessors, for the incorrect determination of assessed valuation (certiorari proceedings) for the 2009 (May 1, 2008) and 2008 (May 1, 2007) assessment roll, respectively. The total amount of tax certiorari bonds issued and outstanding by both the County and NIFA was approximately \$1.2 billion at December 31, 2008 and \$1.3 billion at December 31, 2007. This amount has been included with serial bonds reported in the government-wide financial statement of net assets. An amount estimated for future settlements and judgments of \$139.0 million and \$101.8 million has also been recorded as a long-term liability in the government-wide financial statements of net assets at December 31, 2008 and 2007, respectively. In prior years, tax certiorari settlements were financed by the issuance of long-term debt or through BANs which are thereafter refinanced by bond issuances. Pursuant to NIFA enabling legislation, beginning in 2006, the County began to pay a portion of property tax refunds from operating funds. For the year ended December 31, 2008, tax certiorari expenditures were \$98.8 million, \$40 million financed by operating funds in addition to \$58.8 million of borrowed funds. For the year ended December 31, 2007, tax certiorari payments were \$87.1 million. In December 2008, the County, issued \$48.2 million of debt for the anticipated payment of future tax certiorari claims.

#### NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2008 AND 2007

#### 15. CONTINGENCIES AND COMMITMENTS (Continued)

#### C. Contingencies under Grant Programs

The County participates in a number of Federal and State grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. As of December 31, 2008, the audits of certain programs have not been completed. Provisions for certain expected disallowances, where considered necessary, have been made as of December 31, 2008. In the County's opinion, any additional disallowances resulting from these audits will not be material.

#### D. Certain Third - Party Reimbursement Matters

Net patient service revenue of NHCC's health facilities included amounts estimated to be reimbursable by third-party payer programs. Such amounts are subject to revision based on changes in a variety of factors as set forth in the applicable regulations. It is the opinion of NHCC's management that adjustments, if any, would not have a material effect on the County's financial position.

#### E. Insurance

The County carries property insurance on its police helicopters and a blanket fidelity bond covering all County employees. Essentially all other risks are assumed directly by the County. The County suffered no material property losses during 2008 and 2007.

#### F. Accumulated Vacation and Sick Leave Entitlements

County employees are entitled to accumulate unused vacation leave and sick leave up to certain contractual amounts. At current salary levels, the County's liability for the payment of these accumulations is approximately \$570.9 and \$560.6 million at December 31, 2008 and 2007, respectively. At August 31, 2008 and 2007, the Nassau Community College's vacation leave and sick leave liability was \$49.3 and \$45.3 million, respectively.

#### G. Deferred Payroll

The County has entered into agreements with the Civil Service Employees' Association ("CSEA"), the Police Benevolent Association, ("PBA"), Superior Officers Association, ("SOA"), and the Detective Association, Inc. ("DAI"), and certain Ordinance employees, to defer 10 days pay which shall be paid to the employee on separation of service at the salary rate then in effect. The County has also entered into bargaining agreements with CSEA, PBA, SOA, DAI, and ShOA that include deferrals of wages and longevity that cover various periods of time during 2007 through 2011 and are scheduled to be paid to the employee during the period 2009 through 2015 depending on the bargaining unit, or at termination at the rate earned. The amount deferred at December 31, 2008 and 2007 was approximately \$ 33.1 million and \$22.6 million, respectively. This deferral is reported as a long-term liability in the government-wide financial statement of net assets, as certain contractual arrangements to provide for the payment of these commitments at specific dates in future fiscal periods. The College, a component unit of the County, entered into a similar agreement in 1992 payable to eligible employees on September 1, 2002. The amount deferred at the College close of August 31, 2008 and 2007 was approximately \$ 1.1 million and \$1.1 million, respectively, and is also reported in the government-wide financial statement

#### 15. CONTINGENCIES AND COMMITMENTS (Continued)

#### G. Deferred Payroll (Continued)

of net assets. In addition, termination pay for accumulated leave in excess of \$5,000 for CSEA and Ordinance members shall be paid by the County in three equal installments of accumulated days on the three consecutive Januarys following termination. The amount deferred at December 31, 2008 and 2007 was approximately \$ 19.4 million and \$21.6 million, respectively, and is also reported in the government-wide financial statement of net assets.

#### H. Capital Commitments

At December 31, 2008 and 2007, there were capital project contract commitments of \$223.1 and \$174.9 million, respectively.

#### I. MTA Commitment

Under the Mass Transportation Funding Agreement (the "Agreement") between the County and Metropolitan Transportation Authority (the "MTA") dated as of December 30, 1996, The County agreed to pay \$102 million over time to the MTA for MTA capital improvements in return for a cash payment or payments totaling \$51 million. As of December 31, 2008, the MTA has paid the County \$51 million under the agreement and the County has paid to the MTA approximately \$81 million for such capital improvements. There has been a long-term disagreement between the County and the MTA as to the validity of any claim by the MTA to any further payments under the Agreement. Authorization for the County to fund any potential further payments under the Agreement nevertheless remains available under approved County bond ordinances.

#### 16. NASSAU HEALTH CARE CORPORATION ("NHCC")

Effective September 29, 1999, the Nassau Health Care Corporation (the "NHCC") acquired the "Health Facilities" of the County. The purchase, pursuant to the terms of an acquisition agreement between the NHCC and the County (the "Acquisition Agreement"), resulted in the transfer of all real property owned by the County on which the Nassau University Medical Center and A. Holly Patterson Extended Care are situated, as defined. Additionally, as defined in the Acquisition Agreement, the County assumed the net accounts receivable and the majority of liability balances, as defined, of the Health Facilities which existed on September 28, 1999, as well as commitments to making annual historic mission payments, funding certain capital projects and other costs associated with NHCC.

#### 16. NASSAU HEALTH CARE CORPORATION ("NHCC") (Continued)

At December 31, 2008 and 2007, the NHCC had total net assets deficiency of \$133.3 million and \$121.2 million, respectively. The deficiency arose from operating losses and the adoption of Governmental Accounting Standards Board Statement No. 45. NHCC plans to reduce its net asset deficiency by achieving profitability, continuing to progress with collecting on patient accounts, especially those accounts eligible for Medicaid that are being processed by the Department of Social Services, and cash flow provided by government subsidies and funding of capital projects. NHCC has undertaken a number of initiatives to reduce its operating losses and sustain positive cash flows. Such actions include continued revenue cycle enhancements, changes to medical management practices, improved supply chain and inventory management and further cost reductions and a major modernization program. The modernization program includes significant investments in real estate consolidation, facility improvements, clinical equipment and information technology, the replacement (rebuilding) of the nursing home and enhancements to the community health centers. The Successor Agreement, which commenced in November 2007 and is in effect to 2029, clarifies the services provided by NHCC to the County and establishes the mechanism for payments to the Corporation. The agreement also provides NHCC with capital funding.

#### 17. FUND BALANCE SURPLUS/DEFICIT

The following non-major governmental funds reported surplus/deficits as of December 31 (in thousands):

#### STATISTICAL SECTION

This Section of the County of Nassau's Comprehensive Annual Financial Report presents additional information, schedules, and historical content as a context to assist financial users to provide a greater understanding of the information in the financial statements, note disclosures, and required supplementary information, and to assist in the assessment of the County's overall financial condition. It is intended to provide readers of this report with a broader and more complete understanding of the County and its financial affairs than is possible from the financial statements and schedules included in the Financial section. In some cases, statistical information comes from towns, cities, villages, school districts, and special districts which are not part of the County reporting entity. Many schedules cover several fiscal years for comparison purposes, and present certain data from outside the County's accounting records.

#### Contents

#### Financial Trends Information

These schedules contain trend information to help the reader understand how the County's financial performance and position has changed over time.

#### **Revenue Capacity Information**

These schedules contain information to assist readers in understanding the factors affecting the County's local revenue sources, namely property and sales taxes.

#### **Debt Capacity Information**

These schedules contain information to assist readers in assessing the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

#### **Economic and Demographic Information**

These schedules provide demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

#### **Operating Information**

These schedules provide contextual information about the County's operations and resources to assist readers in understanding how the information in the County's financial report relates to the services it provides and the activities it performs.

Note: Certain information prior to 2002 is presented when available. Implementation of GASB 34 in 2002 precludes the reporting of similar financial information in the prior year.

Sources: The information in these schedules is derived from the Comprehensive Annual Financial Report for the applicable year, unless otherwise noted.

continued

(a) Includes debt of Nassau Community College as of August 31, a discretely presented component unit.
(b) Includes debt of the Tobacco Settlement Corporation and NIFA (blended component units).
(c) In 2004 and 2005, a new Department of Assessment methodology was developed and approved by the State in deriving total taxable assessed valuation by utilizing one percent of market value applicable to each of the four property classes.
(d) For 2006, a new Department of Assessment methodology was developed and approved by the State in deriving total taxable assessed valuation.

by utilizing one half of one percent of market value applicable to Class I properties and utilizing one percent of market value for Class II, III, and IV property classes.

(e) Includes all debt of blended component units stated in footnote (b) above, as well as, the debt for the Sewer and Storm Water Finance Authority

(f) Beginning in 2007, a new Department of Assessment methodology was developed and approved by the State in deriving total taxable assessed valuation

by utilizing one quarter of one percent of market value applicable to Class I properties and utilizing one percent of market value for Class II, III, and IV property classes.

(g) Includes debt of Nassau Community College as of December 31, a discretely presented component unit.

Nassau County has elected to keep this schedule in its original format since it has been requested for both internal and external agency purposes. 2007 Fiscal Year is most recent data available.

Beginning with fixeal year 1999, County of Nassau direct de'n also includes all blended component units, the NHCC, NGC (proprietary component units) and DASINY debt.
 Sever District Funds Insted separately prior to 2004 were combined for comparison purposes.

<sup>\*</sup> Last completed assessed valuation fixed in 2007 on which the 2008 taxes are levied.

Beginning in 2007, a new Department of Assessment methodology was developed and approved by New York State in deriving total taxable assessed valuation by utilizing one quarter of one percent of market value for Class 1 properties and utilizing one percent of market value for the other property classes.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Thomas R. Suozzi, County Executive And Members of the County Legislature County of Nassau, New York

We have audited financial statements of the County of Nassau, New York, (the "County") as of and for the year ended December 31, 2008, (with the Nassau Community College for the year ended August 31, 2008) and have issued our report thereon dated June 24, 2009 which includes an explanatory paragraph regarding the change in method of estimating the liability for workers compensation claims.

We did not audit the financial statements of the Nassau Regional Off-Track Betting Corporation, the Nassau County Industrial Development Agency, and the Nassau Health Care Corporation, for the year ended December 31, 2008, all discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for such entities is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Nassau Regional Off-Track Betting Corporation and Nassau Health Care Corporation were not audited in accordance with *Government Auditing Standards*.

## INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control financial reporting that we consider to be material weaknesses, as defined above.

## COMPLIANCE AND OTHER MATTERS

Deloite + Touder LLA

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the County Legislature, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

June 24, 2009
