#### October is...

#### Hispanic Heritage Month

September 15 to October 15 is Hispanic Heritage Month. We take this time to recognize the contributions and influence of Hispanic Americans to the history, culture and achievements of the United States.

#### Long-Term Care Planning Month

Long-Term Care Planning Month was designed to encourage seniors, and those acting on behalf of their older parents, to develop a plan to help meet the high costs of long-term care. For more information and where to start call NY Connects at (516) 227-8900

#### **Breast Cancer Awareness Month**

According to the American Cancer Society, Breast Cancer is the most common cancer in women. Early detection is key! Now is a good time to schedule your annual exam.

#### **Robo Pet Distribution for Grandparents Day**

Dozens of seniors received a special gift in honor of Grandparents' Day from Nassau County Office for the Aging at the Hispanic Brotherhood of Rockville Centre on September 13th. Seniors in attendance received a Joy for All Robopet. Animatronic pets are much more than a soft, stuffed cat or dog. They react to petting, hugging and motion just as a real pet would, but do not require the feeding, bathroom breaks or grooming that real life pets need. These Animatronic pets are intended to help individuals at risk for social isolation or those with cognitive impairment. The New York State Office of the Aging provided funding for the robotic companions program. The county has already distributed more than 420 of the lifelike robotic cats and dogs to housebound seniors during the COVID-19 pandemic.

If interested in obtaining a robopet please call (516) 227-8900.
