

NASSAU COUNTY DEPARTMENT OF HEALTH

4/2/2020 Covid protocols for Cribs for Kids

For current Nassau County Cribs for Kids Partners:

Cribs for Kids procedure steps while COVID19 precautions in effect:

1. Perform prenatal or post-partum referral over phone with client with verbal acknowledgement noted on page 3 (where signature would usually go).
2. Fax to DOH as usual for approval.
3. If approved by DOH for a crib, have guardian complete the online safe sleep ambassador training available at: <https://www.safesleepacademy.org/safe-sleep-training/> . They must submit proof of training completion to you which you will forward to us.
 - a. The above link is not available in Spanish. If they are only Spanish speaking, then please use the Spanish videos available at: <https://www.nassaucountyny.gov/3533/Cribs-for-Kids> and the Safe Sleep for Babies PowerPoint available at: <https://www.nassaucountyny.gov/3765/Partners>. Please then verify with us that this has been completed before step 4 below.
 - b. Please have all clients review the set up videos available at: <https://www.nassaucountyny.gov/3765/Partners>
4. Agency can then pick up the crib from the DOH and deliver to home; Signature on the Hold Harmless paperwork must be obtained; This can be done via mail in advance of crib delivery or at the door at crib delivery. Decision will be left up to each partner agency based on case information. The rest of the education visit can be done over the phone; videos on crib set up are available at <https://www.nassaucountyny.gov/3765/Partners>.

**Please remember that this not just a crib delivery program; There is a vital education piece as well.
5. Fax all forms to DOH as usual. ALL FORMS STILL NEED TO BE COMPLETED WHEN USING THIS PROTOCOL.
6. The 3 month follow up can be done over the phone if the current situation still exists at the time it is due.
7. We cannot accept any forms with identifying case information via email unless it is encrypted.
